CONCERT FOR MRS. COOPER

Chathamites will show Appreciation for her Excellent Accomplishments

NOVEMBER 30, THE DATE

It has been felt for some time that there is no musician in the city who has done more towards advancing first class music in Chatham than Mrs. John Cooper, the present leader of Holy Trinity Church Choir. It is quite generally conceded that she can never be repaid for the good she has done the Maple City in this respect. It is also the belief of a large number of her friends and admirers that in view of this, and in view of the fact that she has at all times been ready and willing to freely place herself and her exceptional talents at the disposal of any and every philanthropic society, it would be most fitting if a complimentary concert were tendered her. Mrs. Cooper has, for years, it might be said, furnished the material for every church choir in the city, and if it had not been for her splendid efforts in turning out vocalists, Chatham would not occupy the exalted position it does among the musical cities of the province. A complimentary concert would, if nothing else, serve as a testimonial of the appreciation of Chathamites for her excellent work as a Maple City soloist and vocal instructor.

The program for this concert, which is now being prepared by some of the most influential people of the city, will include the very best musical and literary artists procurable. It will be announced in a few days.

Among the singers who will appear on that occasion is Samuel I. Slade, Detroit's favorite basso. Mr. Slade is well known in Chatham, coming here, as he does, every Monday and Thursday, to instruct a large class in vocal training. He has consented to give a couple of numbers, and there is no doubt that he will be one of the favorites of the evening. By unanimous request one of these numbers will be "The Armorer's Song," from that incomparable opera, "Robin Hood." Although Mr. Slade was unable, owing to his having a severe cold, to sing this solo when the opera was presented by local talent here, those who have had the pleasure of hearing him pronounce it a decided treat. There will be other members on the program of equally high merit as this one, and the concert, from present appearances, promises to be the musical triumph of the season. The date has been definitely fixed for the 30th of this month.

A GREAT DETECTIVE

Sheridan Keen, Detective, is the play for the Bristol Theatre to-night. To-morrow afternoon "Whose Baby Are You?" will be repeated by request. To-morrow night The Mysterious Mr. Raffles; new specialties, moving pictures and illustrated songs between each act. Night prices, 10, 20 and 30 cents; matinee, children, 5 cents, adults, 20 cents.

The man who demands everything is rarely willing to give anything.

GONE TO WALLACEBURG

The woman, Mrs. Elizabeth Campbell, mixed up in that very unsavory case with Charles Revell, was sent to her father's home in Wallaceburg yesterday afternoon. Her father telegraphed Chief of Police Armstrong a ticket just a few minutes before train time, and when the police, unable to get anyone to care for the woman, turned her out. That the woman, though not bright nor intelligent, was under the influence of a drug, seems to be certain. In the afternoon she was much brighter than in the morning, and told the police a more coherent story. She says that Revell, a bottle, and some white pills, which he told her the doctor said would do her good. A bottle containing such a liquid was found in the room they occupied in the Duke House, and some pills were found in Revell's pocket.—St. Thomas Journal.

A ROARING COMEDY

During their visit here, the Morris Thurston Company are showing to the satisfaction of the people who are attending their production at the Bristol Opera House, that they are more than living up to their reputation for presenting a superior class of entertainments. A visit to the Opera House last evening would convince anyone that they got more than their money's worth in the production of "Whose Baby Are You?" It is well described as a roaring comedy, and there was many a side sobbing from laughter when the curtain fell on the last act. It is a surprise to find such excellent acting and interpretation in a company playing a week's stand in Chatham. Many a one night show has left the city leaving a first class impression behind it, and which could not be compared to the productions of the Morris Thurston Company. The company are realizing that Chathamites appreciate this, from the good houses they are receiving. To-night the production will be every bit the equal of any already given, and no one who enjoys a good clean, entertaining show, should fail to miss it. New films will be given in the moving picture specialty, and the new songs will be different to any yet rendered. The special feature of this company's work is the bright and pleasing character of their specialties.

MANY SUGAR BEETS

From Our Own Correspondent.

Wallaceburg, Nov. 15.—The steam barge Mount Clemens brought in a load of sugar beets from Chatham yesterday for the Sugar Company. Jcs. Price, who is ill with typhoid fever, was taken to St. Joseph's Hospital, Chatham, yesterday.

George Green, a young man who lived in Wallaceburg until recently, died in Chatham hospital yesterday. Mrs. Wm. Dick entertained a number of friends last evening at cards. The I. D. K. Euchre Club met at the home of Mrs. Marie Forhan last evening.

The Union Bible Society held their annual meeting in Knox church last evening. An offering was taken to help pay for the publication of Bibles in the different languages throughout the world.

COMES NEXT WEEK

"We have not heard anything further from Hon. Mr. Beck," was Ald. Austin's reply to The Planet's query regarding the power question this afternoon.

"From what I can learn," continued the chairman of the Industrial committee, "I think Mr. Beck has been busy with power matters in Toronto. You see the Power Commission has been sitting there this week, and I notice that Mr. Beck has been present each day."

"I expect we will hear from him either Monday or Tuesday of next week."

Kind words can be used in a style which produces a feeling of real un- easiness.

NEWS ABOUT OIL FIELD

Many New Wells Are Now In The Course Of Construction

FIELD IS EXPANDING

Operator Tracey, who has been at work on his lease in Tilbury East and Raleigh, has great hopes from the Raleigh field, and if a well which he expected in Monday or Tuesday, turned out good, he said on Saturday that he would have 40 rigs at work shortly.

Stevens & Spencer, who are boring on the Leasplains farm, two miles south of Tilbury, are this week also putting a rig in the extreme east of the field in Raleigh—on John Lahy's farm.

Bradley & Co. have moved an outfit on the farm of George Adams, lot 5, Con. 7, Tilbury East.

Well No. 6 on the James Stevenson farm, Roth-Barnard lease, came in Friday with such good indications that it will not be shot.

A strong well came in Friday on the John Stevenson farm for the Canada-United States Co., with J. person & McKay as contractors.

An outfit has been moved on the farm of Charles Resume, former Counts estate, lot 10, Con. 5, Tilbury East.

The well on the Ross farm, Tilbury East, was down 1,420 feet on Tuesday night, without indications of either gas or oil, and reports have been circulated as to its being a dud. A depth of 1,470 feet was reached last night, and Mr. Kayle, the owner, was "too busy" this morning to talk of such a discouraging proposition, and could not state his intentions. Palmer & Wilby are the contractors.

The well on the Williams farm—former Norrey farm—is down about 1,000 feet, but Contractor Shafter is in hard luck. Black water got in the casing, which had to be drawn, when it was found that their machinery was not strong enough to draw it, and operators are suspended awaiting its arrival.

C. W. Miller is down 1,000 feet on the F. C. Denison farm, lot 9, Con. 11, Tilbury East, and expects to reach gas Saturday.

C. W. Miller has a second derrick on the J. Irwin farm, M. R. S., Tilbury East.

E. Bowley & Co.'s well on the J. E. Longmore farm, in Raleigh, has turned out to be a dry hole after drilling to a good depth. This is on a lot 14, Con. 7, Raleigh.

There are 82 wells completed in Tilbury East field, 42 being drilled and six new rigs going up.

A well came in on Friday on the Joseph Crosby farm, lot 2, Con. 10, Tilbury East, Contractor Lowry, which made a strong showing, and was shot on Monday.

Contractor Tracey drilled in a good well, Monday, for the Anderson Oil Co., on the Tom Egan farm, Tilbury East.

Six weeks ago this company brought in a well on the Mancell farm, Tilbury, which has since flowed 1,900 bbls.

Across the road, in Raleigh, Spencer and Stevens brought in a well Tuesday, on the John Lahy farm, which made an excellent showing.—Tilbury Times.

CHATHAMITE TO WED

Invitations are out for the marriage of Mr. George J. Ryan, District Traffic Master of the Northern Railway at Minneapolis, to Miss Jennie Calhoun Miles, daughter of Mr. and Mrs. Thomas Miles, which will take place at the Gethsemane Church, Minneapolis, on Wednesday evening, Nov. 28.

The groom-to-be is a son of Mr. J. Ryan, of Lydian avenue, this city, and is a well known and popular Chathamite old boy, who has met with much success as a railway man since leaving this city seven years ago. He was formerly connected with the local offices of the G. T. R.

AN ARTISTIC TREAT

The following from the Leamington Post refers to two former well-known Chathamites:

"The vocal recital given by Mr. H. Thorlow Bull, assisted by Henry McCaw, violinist, and Miss Sarah McCaw, organist at Knox Church, Windsor, on Friday last, was an artistic success."

"The playing of Mr. Hy. McCaw was also a delightful feature of the evening. Mr. McCaw has been heard in Leamington before, but never to better advantage than on Friday evening. His playing seemed to get better at every number and was brought to a fitting climax by the playing of "Annie Laurie," which alone was worth the price of admission."

"Miss Sarah McCaw contributed two organ solos and also acted as accompanist. Her share in the program added greatly to the evening's enjoyment. As an accompanist Miss McCaw is particularly good."

The man who agrees with nobody thinks everybody else is wrong.

COMING ALDERMEN

Much Speculation As To Who Will Run For Municipal Honors This Year

Who will be Chatham's next Mayor? The question seems slightly off-color, coming as it does while things political still hold the centre of the stage, and public interest is centred in that direction.

Nevertheless the municipal elections is a matter which soon must command the attention of the citizens. It is now little more than seven weeks till civic election day, and as yet not a single candidate for either mayorality, aldermanic or Board of Education honors has announced himself. Much the same in former years, everyone seems to be waiting to see what the others will do, and no one seems to want to be first to announce himself.

It is now conceded that Ald. Thos. Scullard and Ald. Wm. Stone have secured a corner on the mayorality contest, but other than their statements to the reporters who have asked them for information, they have made no public announcement that they will be candidates.

It has also been understood for some time that Alds. Austin, Benson and Edmondson intend to drop out of the contest for seats on the Council Board, but contrary to their personal statements, their friends assert that they may be among the candidates when the time rolls around, and that they are only sparring for time, while they think matters out.

The balance of the present Council, with the exception of Mayor Marshall, it is thought, will stand for re-election. No new men have yet made any public statement. The new Board of Education is yet without a candidate, but there is a rumor to the effect that the majority of the members of the present School Board will stand for election to this very important body which will govern all public school matters in Chatham during the year 1907. Mr. John McCorvie is one of those prominently mentioned as a candidate for honors on this board. Friends of ex-Mayor W. E. McKeough also talk of that gentleman coming out.

There is a strong likelihood that most definite information on the matter of municipal candidates will be forthcoming in a week or so.

ALL OVER HORSES

A man named George Prout came up in the Police Court yesterday morning charged with obtaining a horse under false pretenses from another man named Wm. Lutz. He was remanded.

There is another horse case on hand. P. C. Barry, who left yesterday morning for Wallaceburg to get a man named Phillips, who is said to be mixed up in a crooked horse deal.

MY SPECIALTY IS CHILDREN'S FEET

I have given the fitting of children's feet my personal attention ever since I have been in business. The result is I have got the children's trade in the city, and it is growing every day. There isn't a careful mother hereabout who does not come here as soon as she knows that I make a specialty of fitting children. It is true economy, too, for my shoes wear longer, keep their shape better and look nicer than cheap shoes carelessly fitted.

THE BANNER RUBBISH.

Premier Whitney absolute and unqualified denial to the report which appeared in the Globe, that the Government is considering a redistribution in Kent was no surprise to those who knew where this impudent fabrication originated. The same item appeared in the Banner on Wednesday. A deal to their article was, of course, not considered necessary, for people reading it in that organ would not doubt recognize it as a "remarkable lapse of memory," or, possibly, "an innocent slip."

Ever since the Conservative convention, the local Liberal organ has been making its vocabulary and patching up yellow and untruthful stories, in a pitiless attempt to stir up trouble and attract attention from the local candidates nominated, Mr. Clements and Mr. Sulman are everywhere recognized as a winning team. They are strong candidates, and the banner evidently realizes it as well as anyone in West Kent—and this realization is by no means confined to the paper which has the task of talking up a man who is losing ground every day through a since which he finds himself unable to break. There were stories of a split in the party, etc., and their brilliant example of unlimited imagination, was the story of a redistribution, dropping Dover, Chatham, Tp., Dresden and Wallaceburg from the constituency of West Kent. This was done as a direct attempt to prejudice the people of Wallaceburg, and the other places mentioned, against Mr. Sulman—but it didn't work. In their enthusiasm they sent a like despatch to the Globe, where it caught the sharp eye of Premier Whitney, and what was his answer to all this imaginary talk about what was going on "in the inner Conservative circles?" Here are his words given to an interviewer:

"IT IS ALL RUBBISH, WITHOUT THE SLIGHTEST FOUNDATION."

This is the Banner's answer, and once more the unfortunate organ is discredited in the eyes of the reading public.

It is a disgrace to journalism, for it is now quite clear, to use the Banner's own words, "that this story of a redistribution was concocted with malice aforethought by a certain clique"—and this "clique" does not extend outside the Banner office!

A portion of the Banner yarn reads as follows: "It was also hinted that the Government were angered at West Kent having elected so strong a candidate as Mr. McCoig."

This will, no doubt, be no news for Mr. Whitney. Wherein has Mr. McCoig proven his strength as the representative for this constituency in the Legislature? What has he done for his riding since his election? When did he ever rise in his place in the House and make a speech advocating anybody's rights? What has he done—outside of smiling? If the Banner's reference to Mr. McCoig's "strength" are correct in any respect, Mr. McCoig must certainly be an ardent devotee to Physical Training.

And Mr. McCoig is still silent. It is said that he hasn't been able to even "smile" since the nominations at the recent Conservative convention.

The Banner calls its writings "Remarkable Lapse of Memory," and "An Innocent Slip," and Premier Whitney caps the climax by calling its despatches to the Globe "Rubbish."

The explanation of the Railway Company in reference to the Third street bridge question is generally accepted as an acquittal of the company from much of the blame in this matter. It is hoped that they will see to it that the strengthening of the bridge is not delayed any longer than is entirely necessary.

Hon. B. F. McFarlane, chairman of the Board of Commissioners of the Federal District of Washington, addressed the Canadian Club of Ottawa outlining the system under which the capital of the United States is governed. There is a local feeling in Ottawa to place that city on the same basis as Washington, by inaugurating a Government by Commission.

For some time past the Banner has been crawling before the public by explaining its errors in reports with such expressions as "A Remarkable Lapse of Memory," and "An Innocent Slip." Last night, it added another to the stock of phrases it keeps ever on hand, and within easy access. After this Banner subscribers will read "Innocent Mistakes."

AGONISING PILES

Only those who suffer from piles can imagine the agony which this ailment causes, and only those who have tested Zam-Buk know the relief it brings. Piles are caused by congestion of the hemorrhoid veins. Zam-Buk cools the burning surfaces, stops the bleeding, softens the walls of the congested veins, and gives prompt relief. Even in chronic cases Zam-Buk will not be found to fail. It cures when all else fails. The following case was of 12 years standing, yet Zam-Buk proved equal! Read the details!

THE PLANET, CHATHAM, NOV. 16, 1906.

The Woodstock Conservatives had a rally Saturday night, and showed that the local association is gaining strength. North Oxford was once a forlorn hope, as far as the Conservatives were concerned, but there is now a fighting chance in that riding.—St. Thomas Times.

Premier Whitney says that the despatch in the Globe dated from Chatham relative to a redistribution in Kent is "Rubbish, without the slightest foundation." It is too bad the Banner editor was not satisfied with publishing that little fairy tale in his own paper without discrediting the Globe, too.

The Conservatives of Kent are early in the field with their candidates for both the Dominion and Provincial houses, and they appear to have got two good men. Mr. Sulman has yet to win his spurs, but Mr. Clements has had some experience, and has shown himself to be a first-class representative, having a firm grip of public questions and the ability to debate them.—St. Thomas Times.

The Stratford Hockey Club has been reorganized, and arrangements are now being made for a successful season under the new officers elected. It is time that something along this line were being done in Chatham. We have in the Maple City every facility for the promotion and encouragement of hockey—thanks to the enterprise of the curling club—and there is plenty of material for a fast team. Hockey, curling and skating are practically the only winter games that count, and none of them should be neglected.

JUST A LITTLE BIT OFF THE TOP

We have a suspicion that there will be something hotter than rental bills to pay when the next Liberal convention is called.

The Banner has been worrying so long about imagined "splits" in the Conservative party that some of the organ's effusions are taking on the appearance of being half-cracked themselves.

The Mayor of Hamilton has refused to call out the militia to stop the street car strike. While the strike was on, the Mayor probably thought he would get in-line too, and make a hit.

In Russia they disfranchise the voters who they think won't vote

DIED.

HEA—At Mount Brydges on Friday, Nov. 16, 1906, Mrs. James Hea, aged 83 years, six months and five days.
The funeral will take place from the C. P. R. station on Saturday at 1.13 to Maple Leaf cemetery.

LOCAL

Mrs. Archie McCordy, of Mull, is a visitor to the city today.
J. H. Snell, Lorne Ave., is confined to his home through illness.
N. H. Stevens has returned from a few days' hunting at St. Luke's Club. The game was not very plentiful, only a few ducks being bagged.
Chatham Encampment, No. 10, I. O. O. F., will tender P. C. P. Wm. H. Barker at Smith's restaurant this evening previous to his departure to St. Thomas.
James Kealey, Head street, has received a box of blooming cotton from B. Piper, of Tennessee. This box cotton will be placed on exhibit on the windows of a King street store in the course of a few days.
S. J. Doyle and C. A. Doyle left on a shooting expedition to Newbury yesterday, bagging nine black quail, two grey squirrels, four green quail and two partridges. They report the game to be very plentiful.
Chatham Lodge No. 101, L. O. L., held an open meeting and entertainment to the members, their families and friends, in the lodge rooms over the Gordon store last evening. A very enjoyable time was spent in music and games.
Relative to General Manager Kizer's statement in The Planet last evening, in which that gentleman said that the delay in strengthening the Aberdeen bridge had been caused on account of the scarcity of steel, Park Bros., the local manufacturers of engines, etc., told a Planet reporter this morning that they have been tied up with their orders in much the same way. They ordered a shipment of steel on March 29, and were unable to have it filled until the 8th of this month.

"Why men do not go to Church" will be the subject of an address by Ald. Thomas Shillard at the Macaulay Club next Saturday evening. The address will be followed by a discussion by the members of the Club. This is a subject of interest to all, and there is no doubt that the meeting will be attended by every member of the Club and many visitors.

WERE LOST AT SEA

The Roosevelt Was Due At Sydney Last Week.

Halifax, N.S., Nov. 16.—Fears are expressed that Lieut. Peary has been lost at sea.

The Theodore Roosevelt, the vessel bringing Peary home, was due at Sydney last week. She was last reported at Battle Harbor, on the Labrador coast, by the steamer Virginia Lake. The Roosevelt was badly battered by storms and the officers of the Virginia Lake said all her beams had been cut for firewood. With two blades of her propeller gone, the Roosevelt was able to make only four miles an hour.
For more than a week severe storms have swept the Newfoundland coast, and in her damaged condition the Roosevelt may have been unable to weather the gales.

COAL-STEEL WAR ENDS.

Former Gets Its Price With No Rights Waived.

Montreal, Nov. 16.—The Coal & Steel Co. has got its price and what "the street" calls a truce has been patched up. No rights are waived by either the Coal and the Steel Co.

It should be said, however, that those on the steps of the throne believe that the matter will never see the courts; as a matter of fact, there are too many interests in common to permit of litigation.

Halifax Gets Mails.

Montreal, Nov. 16.—Halifax has got the C. P. R. Empress steamship mails. It was announced here last evening that the Empress steamers will leave St. John, N. B., on Friday afternoon, tomorrow, for the arrival of the C.P.R. express leaving Montreal on Thursday evening. They will then proceed to Halifax for the mails, leaving that port Saturday evening, on the arrival of the C.P.R. Friday train from Montreal. On the steamers' arrival at Halifax, they will land mail and then bring passengers on to St. John, N. B.

Bawdens All Died Suddenly.

Kingston, Nov. 16.—It is noted that all one generation of the Bawdens suffered sudden deaths. The late Joseph Bawdens' father was killed in the navy shipyards here. George Bawdens, the second son, died suddenly, of apoplexy, in California, as did also Henry of Kingston, and Isaac Bawdens was killed in St. Louis.

Board Herring Schooner.

St. John's, Nfld., Nov. 16.—Colonial officials boarded the American herring schooner Ralph Hall at Bay Islands Wednesday and made note of the names of Newfoundlanders at work on board the schooner, and notified them that they would be prosecuted.

"CHRISTMAS IN NEW YORK."

The Lackawanna Railroad will run another of their popular fifteen (15) day excursions to New York on December 14th. Round trip from Buffalo \$9.00.

The stores are at their best just before the "Christmas Holidays"; Christmas gifts are there in lavishly display; theatres have put on their newest plays; it is the climax of the Winter Season in the most wonderful city in the world.

For full particulars, time of trains, reservations, etc., apply to A. Leadley, C. & P. A., 75 Yonge street, Toronto (telephone main 3547) or F. P. Fox, 239 Main street, Buffalo.

HAMILTON CAR STRIKE

Cataract Company Submits Proposition To Settle Trouble

A PROSPECT OF PEACE

Hamilton, Nov. 16.—There is a slight chance of the strike on the street railway being settled this morning. Through the efforts of Mayor Biggar the Ontario railway and municipal board is bending all its energies towards the settlement.

The board and the mayor met the executive of the union yesterday afternoon and asked the men to draw up a proposition.

The men did this and submitted the proposition to the mayor and the board last evening at 8 o'clock. It was discussed for some time, and the men withdrew, while Col. Gibson and J. C. Hawkins and the board conferred on the men's proposition.

The company's proposition will be laid before the men at 11 o'clock this morning.

The peace negotiations are being carried on behind closed doors, and nothing will be made public until the negotiations are completed.

Cars Did Not Run.

At the request of the Ontario railway and municipal board and Mayor Biggar the street railway did not try to operate its cars yesterday in a hope that a settlement would be reached.

Chief Smith announced that his constables will not be used any more to ride on the cars as guards.

Col. Gibson assured the board that the company was ready to operate the system, but would defer to the wishes of the board and municipal authorities. He was not opposed to unions, but he did not think any one should be brought from Detroit to interfere between the men and the company.

He said the company would take back some of the men now on strike, but would draw the line at the eleven men he accuses of walking out to prevent the company from getting enough men to put the new schedule into effect.

READY FOR ARBITRATION.

Railways Will Accept Inter-State Commission As Board.

Chicago, Nov. 16.—Fearing that the present agitation for increased wages has reached a point where it threatens the successful operation of railroads, the executive officials of all lines west of Chicago have decided to ask the Inter-State Commerce Commission to become a board of arbitration for the settlement of all disputes between the employees and the railway.

The subject has been discussed for several weeks by the presidents and vice-presidents in Chicago, and prominent eastern railroad men have been consulted on the subject.
The deliberations have not yet reached the point of naming a committee to make such a request of the commission, but the plan has received general approval.

DISAGREED.

Oh, yes; the jury that tried Bill had disagreed.
I thought they convicted him?
Yes; but they disagreed awfully with Bill and his lawyer.

Do Not Dose The Stomach

Cure Catarrh by Breathing Hyomei.
Sold Under Guarantee.

The only scientific and common sense way to treat catarrh of the nose and throat is by a local application that will kill the catarrhal germs.

Ordinary stomach dosing is worse than useless. Taking medicine into the stomach to cure catarrh of the head can have no good effect, and often leads to serious derangement of the digestive organs.

By breathing Hyomei three or four times daily through the nasal pocket inhaler that comes with every outfit, its medicated, healing air penetrates to the most remote parts of the nose, throat, and lungs, searches out and kills all catarrhal germs, and soothes and heals any irritation in the mucous membrane.

Our faith in the wonderful merit of Hyomei as a cure for catarrh is shown by the guarantee given with every Hyomei outfit that the money will be refunded unless the treatment gives satisfaction.

The complete Hyomei outfit costs but \$1.00, extra bottles, if needed, 50 cents. We do not want anyone's money unless Hyomei gives relief and cure, and we absolutely agree that money will be refunded unless the remedy gives satisfaction.

All druggists should be able to supply you with Hyomei or we will send it by mail on receipt of price, and every package is sold with the distinct understanding that it costs nothing unless it cures. Write us to-day for a symptom blank, which we will send you free, together with treatise on Catarrh and how to cure it. When you fill in and return to us the symptom blank, our consulting physician will give your case the best care and attention, and write you a letter of advice without charge.

SPOT LIGHT ON GUNDRY

Another Perjury Case Ap-
pear On Bribery
Horizon

PROBE FOR WEST HURON

Toronto, Nov. 15.—The investigation into corrupt election methods, begun with an enquiry into the London bribery charges, and afterwards branching out so as to cover a much wider field, is to be concluded on Wednesday next. On the adjournment yesterday till the 21st inst., the crown gave Magistrate Denison the assurance that the proceedings would on that date be brought to a close.

The searchlight was turned for a long time yesterday upon the memorable McLean-Holmes election of 1899, in West Huron, and evidence obtained corroborative of the tale told by J. G. Pritchett. It was to be remarked, however, that only a few of the witnesses who told of the proposition for the switching of ballots or the substitution of bogus ones, were able to recognize Pritchett in court as the master manipulator.

A Perjury Charge.
One result of the day will probably be the sweating out of a perjury charge against William H. Gundry, deputy-sheriff of Huron County, who acted as a deputy-returning officer,

and whose testimony clashed strongly with that of several other witnesses. The court advised that the charge be laid, and Mr. DuVernet said last night that he was laying the matter before the Attorney-General's department, and that he believed the department would probably be guided by what the magistrate had said.

Drove With Pritchett.

Gundry was called upon by his friend, a Mr. Torrance, to act in the latter's stead as deputy returning officer. Torrance was taken suddenly ill, and was forced to impress Gundry into the service at the last minute.

Gundry drove out to the polling booth, distant about seven miles from Goderich, in company with Pritchett, who seems to have been a suspicious character in the eyes of most of the other election workers.

On the way the two stopped at Torrance's home to secure the ballot box and the necessary papers. Torrance swore that he had objected to Pritchett acting as clerk, because he had already appointed another man, but Gundry said, under oath, that no conversation was held on this point.

Switched Three Ballots.

Pritchett swore that Gundry had switched at least three ballots, but the latter stated that this was a deliberate lie.

Messrs. Dr. Glidden and Peter W. Curry swore that they took exception to the ballot box being on the floor. Gundry said that no ballots were placed in the box while it was on the floor; that so soon as the poll opened the box was placed on the table and remained there.

In several minor particulars the evidence of the other witnesses disagreed with that of Gundry, though the others were not so tenacious as at first of their recollections under cross-examination.

Swayed Over Railing.

John H. Edwards, an aged man, who had also served as a deputy, created a somewhat dramatic incident by tottering on the stand while being closely examined by Mr. DuVernet, and swaying over the railing. He was led from the court, and his evidence, thus abruptly ended, was not afterwards continued.

Several witnesses told stories that pointed towards marked irregularities in the handling of ballots by Deputy-Returning Officer Farr.

CASTRO'S DEATH CONCEALED?

Report That Venezuelan Government Thus Keeps Itself In Power.

Fort de France, Martinique, Nov. 15.—The Dutch cruiser Kortenaar arrived here Tuesday from Willemstad, Curacao, and reported yesterday that at the time of her departure from Curacao it was rumored there persistently and generally believed that President Castro of Venezuela was dead, but that his death was being concealed by the Venezuelan Government in order to maintain itself in power.

The Kortenaar has received orders to hasten her preparations to put to sea again, and to leave Fort de France for La Guayra, Venezuela, if the death of President Castro is confirmed. The French cruisers Jurian de la Graviere and Duguay Trouin are off this port.

CREATED DISCONTENT.

British Ministry Accepted a Successful Opposition Amendment.

London, Nov. 15.—During the discussion of the land tenure bill in the House of Commons yesterday, the Government accepted an opposition amendment, which created much discontent among a large section of the Government supporters, who openly expressed their disapproval.

OVERTAKEN BY NAUSEA.

You don't know if it's going to stay down or come up. You feel like thirty cents and look even worse. If one thing is quicker than another, it's "Nervine." Ten drops in sweetened water gives relief instantly. Almost like magic is the change you experience. The cause of the nausea is removed, every symptom of vomiting and indigestion is cured within ten minutes. When Polson's Nervine is so trustworthy and economical, a bottle at home wouldn't be amiss. Large ones for a quarter at all dealers.

Blame Bridge Tender.

Atlantic City, N. J., Nov. 9.—After a stormy session, the coroner's jury late Wednesday night agreed to place the blame for the Thoroughfare wreck of Sunday, Oct. 28, upon Daniel Stewart, the aged bridge-tender.

Foreign Office Denies.

London, Nov. 9.—The Foreign Office says there is absolutely no truth in the rumors that Lord Curzon, the ex-vice-roy of India, is to succeed Sir Mortimer Durand as ambassador of Great Britain at Washington.

ALMOST DEAD OF BRONCHITIS.

Few people have suffered more than John P. Taylor, of Dymont, P. O., Ont. Today he is well and writes, "I must tell you how much Catarrh-rhine has been to me. I was so bad with bronchitis sometimes that I thought it would soon be over with me. A spell of choking would come on that left me prostrated and weak. Since using Catarrh-rhine I have had no trouble at all. It strengthened my throat, stopped the cough, gave me free breathing and entirely cured me." Just the usual experience of Catarrh-rhine invariably cures whether Bronchitis, Asthma or Catarrh. Two sizes, 25c. and \$1.00 at all dealers.

Bond Memorial Fund.

Montreal, Nov. 15.—As a memorial to the late Archbishop Boire, it has been decided to endow a chair of New Testament history in the Montreal Diocesan College, and for this purpose a fund of \$40,000, to be known as the Archbishop Boire Memorial Fund, will be raised.

A SUGGESTION OF RARE VALUE.

A diseased condition of the surfaces of the air passages causes bad breath, but more commonly emanates from indigestion or an impure condition of the blood. Thousands of cases prove that Dr. Hamilton's Pills, through their specific action on the secretory and eliminative organs, not only cure bad breath, but also thoroughly purify the system that anything suggestive of blood or digestive troubles is impossible. Through Dr. Hamilton's Pills the skin grows rosy and clear, activity of the body and mind increases, and bounding health is established. Sold everywhere.

Countess Castellane Gets Divorce.

Paris, Nov. 15.—The tribunal of first instance of the Seine, Judge Ditté presiding, at noon yesterday granted a divorce to the Countess de Castellane (formerly Anna Gould of New York), and gave her the custody of her children, who, however, will not be allowed to be taken from France without the consent of their father, Count Boni de Castellane. The judgment was given with costs against the count.

FORCEFUL FACTS.

One-sixth of the deaths from disease are due to consumption. Nine-tenths of all cases of Golden Medical Discovery for "weak lungs," have been perfectly and permanently cured. Cornelius McCawley, of Leeburg, Armstrong Co., Pa., had in all eighty-one hemorrhages. He says: "My doctor did all he could for me but could not stop the hemorrhages, and all gave me up to die with consumption." What doctors could not do "Golden Medical Discovery" did. It stopped the hemorrhages and cured their cause. This is one case out of thousands. Investigate the facts. Feel Dr. Pierce's great work. The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay cost of mailing and customs. Send one-cent stamps for paper-covered book, or 50 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

MRS. TERRY KILLED.

Fell Down Elevator Shaft in the T Eaton Co.'s Store While Purchasing Christmas Presents.

Toronto, Nov. 15.—Yesterday afternoon Mrs. Mary A. Terry, wife of Herbert E. Terry, 52 Bellevue avenue, was killed by falling down an elevator shaft in the T. Eaton Co.'s store. Opinions differ as to how the accident happened. Some say she fainted, others say while standing on the elevator on the third floor her skirt got caught under the door and closed. This pulled her back against the wire guards, which yielded to her weight, allowing her to drop to the bottom. The injuries which caused death were to the head.

The deceased was 40 years old, the mother of two girls and two boys. Mr. Terry is chief engineer for the Toronto Electric Light Co. at the Terauley street station.

Mrs. Terry was purchasing Christmas presents for friends in South Africa.

An inquest will be held to-night.

Syrian Cut to Pieces.

St. Stephen, N. B., Nov. 5.—John Dade, a Syrian, was frightfully mangled in the new paper mill here Tuesday night. The body was found in the chip screen yesterday morning cut to pieces. The mill into the 14-inch conveyor, which carries chips from the chipping machine to the screen where his life was beaten out.

Two Toronto Firemen Hurt.

Toronto, Nov. 15.—Responding to an alarm from Box 31 at 3 o'clock yesterday afternoon, Hose 16, from Richmond street Station, and Aerial 1, from Lombard street, came into collision at Church and Lombard streets. As a result, Lieut. Arthur Everist and Fireman Charles Elliott of the hose section are in St. Michael's Hospital with painful injuries to the head and shoulders.

Everist had five stitches in a scalp wound, and Elliott complains of his head paining him.

The horse which pulled the hose wagon had to be shot.

The Lyceum Arcade, where the fire was, was damaged about \$50.

CHARIVARI SHOOTING.

Four Young Men Wounded by Newly-Made Irate Benedict.

Brookville, Nov. 15.—At least four young men will have occasion to remember a charivari in which they took part near Bishop's Mills, about 17 miles from Brookville.

Mr. and Mrs. Davis, an elderly couple, were being charivariated on the night of their marriage. The boys were particularly noisy in their demonstration, and though offered money to go away, refused, saying they would return the following evening to continue the performance.

Davis, it is said, warned them to be prepared for the consequences. The gang turned up about 10 o'clock. William Hutchinson knocked on the door, which quickly swung open. As it did, Davis gave him the contents of a charge of shot from his gun. He was struck below the knee, the shot shattering the bone so badly that it is thought he will eventually lose his leg. With the remaining barrel Davis fired a crack marksmanship, let drive at the fleeing companions of J. Hutchinson, three of whom he struck. One man was shot through the hand and the others on different parts of the body, but not seriously.

No prosecution has as yet been instituted.

CARS RUN IN HAMILTON.

But They Are Stopped and Rotten Eggs—Large Number Wounded.

Hamilton, Nov. 13.—There was a great mob on the scene yesterday afternoon near the corner of King and James street during the two hours from 3 to 5, that the street cars were operated. The police appeared to be utterly unable to cope with the situation, for although the cars were stopped and rotten eggs, about all the police did was to take the names of two boys, Jack O'Brien, Bay and Cannon streets, and Archie Ralston, No. 255 North East avenue.

It is probable that the militia will be required. Though not serious, the egg cases are very long. Chief Smith and Sergeant-Major Prentice were both hit by eggs, and there was hardly a policeman on duty who did not get a cut or a bruise. Windows in several cars were broken, with rotten eggs flying about.

The York street car fared the worst. Every window in it was broken, and the motorman was dragged out. One of the strikebreakers, who acted as a motorman, had his eye cut.

The Ontario Railway and Municipal Board has been asked by Mayor Biggar to intervene, and the board promised to take up the question at the conclusion of its sessions here.

HOLDS BANK RESPONSIBLE.

Government Sues to Recover Money Lost Through Forgeries.

Ottawa, Nov. 13.—In the Supreme Court yesterday the argument was begun in the case of the King vs. the Bank of Montreal.

The action was brought by the Government of Canada to recover from the Bank of Montreal the sum of \$75,707, the aggregate of the sums paid by the bank upon cheques forged by Martin, a clerk in the Militia Department, who was convicted of the forgeries of these cheques and sent to the penitentiary. All these cheques were paid by the several third party banks, in each of which Martin kept an account. In the Quebec Bank in the name of Charles Cote; in the Sovereign Bank, Charles D. Cote; and in the Royal Bank in his own name.

The defence of the Bank of Montreal was that the loss system in the accountant's branch of the Militia Department gave the facilities to Martin for the perpetration of the forgeries, and that the crown was therefore estopped by its own negligence. They also claimed relief over the third party banks in case they were liable to the crown. The trial judge and the Court of Appeal for Ontario held against the Bank of Montreal on both claims.

Indigestion

Stomach troubles is but a symptom of, and not itself a true disease. We think of Dyspepsia, Heartburn, and indigestion as real diseases, yet they are symptoms only of a certain specific Nervous sickness—nothing else.

It was this fact that first correctly led Dr. Shoop to the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. With out that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, flatulence and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid. We sell and cheer fully recommend.

COMPLAINTS AGAINST C. P. R.

Alleged to Be Giving Coal Preference—Telephone Tariff.

Ottawa, Nov. 15.—The Railway Commission has issued orders for the investigation of complaints against the C. P. R., emanating from the west. The allegation is that the preference is given to coal traffic as against the wheat traffic. The telephone companies have been given three months' extension of time in which to file their tariffs.

When the tip of a dog's nose is cold and moist, that dog is not sick. A feverish, dry nose means sickness with a dog. And so with the human lips. Dry, cracked and colorless lips mean feverishness, and are as well ill appearing. To have beautiful, pink, velvet-like lips, apply at bed time a coating of Dr. Shoop's Green Salve. It will soften and heal any skin ailment. Get a free trial box at our store, and be convinced. Large, nickel-capped, glass jars, 25 cents. Sold by C. H. Gunn & Co.

"LIFE" CONVICT ESCAPED.

Cronstadt, Russia, Nov. 15.—Twenty-five sailors, who were sentenced to hard labor in the mines for life, after having been convicted of participation in the August mutiny, escaped Tuesday night, while awaiting deportation.

They were allowed to visit the baths, under an escort of 16 soldiers, and overpowered and disarmed the guard, killing one man. Only one has been recaptured.

The readers of this paper will be pleased to learn that there is at least one disease that has been cured in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have such faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O.

W. C. T. U. raises fees.

London, Nov. 15.—The whole morning session yesterday of the provincial W. C. T. U. was taken up by the discussion of a motion by Mrs. Thornley of London to raise the membership fee from sixty cents to one dollar. The motion was finally carried almost unanimously.

At the afternoon session a number of addresses were delivered.

Preventives, as the name implies, prevent all Colds and Grippe when taken at the sneeze stage.

Preventives are toothsome candy tablets. Preventives dissipate all colds quickly, and taken early, when you first feel that a cold is coming, they check and prevent them. Preventives are thoroughly safe for children, and as effectual for adults. Sold and recommended in 5 cent and 25 cent boxes by C. H. Gunn & Co.

Painting the town is not one of the cardinal virtues.

A druggist can obtain an imitation of MINARD'S LINIMENT from a Toronto house at a very low price, and have it labeled his own product. This grossly imitative is the poorest one we have yet seen of the money that every Tom, Dick and Harry has tried to introduce.

Ask for MINARD'S and you will get it.

FACTS ABOUT BATS.

Naturalist Experiments With Animals Which Dispense With Sight.

Bats are remarkably independent of the sense of sight. A naturalist describes some experiments demonstrating this fact:—Covering the eyes of a bat with wax, he released the creature in a room. It first of all made its way to the ceiling, but instead of striking this hovered a few inches off, slowly making its way along the top edge and down the side, apparently guided by the incoming draft of air. Next a thorough exploration of the room was made, and throughout the examination it never once struck either chairs or table and swerved aside when a stick was placed in its path. As a result of this experiment naturalists believe that bats have an acute perception of atmospheric currents and vibrations resident in the nerves of the wing membranes.

This matter was thoroughly investigated so long ago as 1793, when, by the cruel experiment of blinding the animal, it was shown that they could cross a room across which silken threads were stretched in such a way as to leave just sufficient space for them to pass between with outstretched wings. They not only passed the threads without touching them but they avoided with equal ease the walls and ceiling. Even when the threads were placed still nearer together they managed by contracting the wings, to pass between them. Branches of trees were similarly avoided, and when tired they suspended themselves on the walls of the room as easily as if they enjoyed the use of sight.

From this it was inferred that these creatures possess a marvelously delicate sense of touch in the wing membranes. But it is also regarded as probable that this is increased by the expansion of the skin of the external ear and by the development of folds of skin on the nose and muzzle. In some bats indeed, a perfect rosette of such skin is developed in the latter region, as in the "leaf nose" bats, and it is supposed that the additional lobe of the ear, known as the "tragus," performs a similar function.

A Perfect Figure.

In an anonymous book published lately in Paris the following proportions are given for the perfect body: The head should be a seventh part of the body—that is to say, that the height should equal seven heads. The forehead should not be too high nor too large. It should harmonize with the oval of the face. The skin should be white and free of wrinkles. The eyebrows should be well marked and should end in a point. The lashes, to be beautiful, should be long and silky. The eyes shaped like diamonds are, according to this authority, the most beautiful.

The nose should be equal in length to the forehead. Its thickness should be in proportion to the other features of the face.

The chin should be delicately rounded and free from indentation. The neck should be twice as long as the nose and twice as big as the wrist.

The shoulders should be plump, of the same height, and slightly rounded. The chest should be narrower at the top than at the bottom.

The arms should be rather large above and should diminish toward the wrist. The mouth should be shaped like a bow.

The legs should be twice as large around as the arms. The height of the calf should equal the lengths of the foot. The ankle should be tapering, the foot small and plump.

Baited the Wrong Fish. It happens sometimes that the cure is worse than the disease. It was in the case of the mother who tried to break her little Theodore of the habit of taking a charge off the sideboard. "What a fellow has bonbons when there are guests to luncheon," she said, "and although Theodore promises not to touch them he always does."

"You might do as I did in the same case," suggested the neighbor, smiling reminiscently. "What did you do?"

"I carefully removed the inside filling from a chocolate drop and stuffed the shell with red pepper."

"It might have worked," replied the neighbor, "if Johnny had happened to eat it. As it was, I forgot all about it in the press of other matters, and at dinner time the guest of the evening got it."

Bismarck and His Wig.

Bismarck occasionally wore a wig. He wore it for warmth and was proud when it successfully served its purpose. But at a blessing of the Neva, at which his sovereign and the Czar were present, his wig played him false. An officer remarked upon its appearance as they galloped along together. "Is it visible?" asked Bismarck. "Yes; distinctly. It's slipping down on one side," was the answer. Bismarck looked at the end of the day. "What an utterly diabolical manoeuvre you executed with that wig of yours!"—St. James' Gazette.

She Opened the Door.

A doctor who had saved the life of a woman, a personal friend, was asked his charge. He said he generally allowed his patient friends to remunerate him as they thought fitting. "But don't you often get disappointed on these terms?" she inquired.

"I may say, never," he answered, and she playfully gave him her empty hand, while in the other was concealed a check for a handsome sum. "How easily I could have taken you in!" she said, producing the check.

"But you have only succeeded in drawing me out," he said, declining to relinquish her hand. "Don't insult me with a check. I am most generously rewarded."

Perhaps she understood the doctor's difficulty and wished to help him out of it. At any rate, the giving of her hand led him to offer his heart.

Cockburn Transfer Made On the Advice of Mortimer Clark.

Toronto, Nov. 15.—Discussion of the suit of the Ontario Bank against G. E. R. Cockburn, to set aside the transfer of the Bay street property, Frank Arnold, K. C., solicitor for Mr. Cockburn, expressed the opinion yesterday that it would not go on.

"The writ was issued on a mistake," he said. "The transfer was made under the advice of Mr. Mortimer Clark, without reference to the Ontario Bank proceedings. It was merely a matter of convenience in management."

TO PREVENT BRONCHITIS or CONSUMPTION

Do not neglect a cold or cough no matter how slight as the irritation spreading throughout the delicate lining of the sensitive air passages sooner or later will lead to fatal results.

If on the first appearance of a cough or cold you would take a few doses of Dr. Wood's Norway Pine Syrup

you would save yourself a great deal of unnecessary suffering.

Dr. Wood's Norway Pine Syrup contains all the lung healing virtues of the pine tree combined with Wild Cherry Bark and other pectoral remedies.

It stimulates the weakened bronchial organs, allays irritation and subdues inflammation, soothes and heals the irritated parts, loosens the phlegm and mucous, and aids nature to easily dislodge the morbid accumulations.

Miss Belle Campbell, Long River, P. E. I., writes: "For some time I was troubled with bronchitis. A friend advised me to try Dr. Wood's Norway Pine Syrup. So I procured three bottles but it only took two to cure me."

Be careful when purchasing to see that you get the genuine Dr. Wood's Norway Pine Syrup.

It is put up in a yellow wrapper, three pine trees the trade mark and the price 25 cents at all dealers.

READY TO BURY VICTIM.

Three Men Believed to Have Murdered a Homesteader.

Regin, Sask., Nov. 15.—Passengers arriving by Tuesday night's train from the north give an account of what is believed to be a terrible murder near Davidson.

The alleged victim is a homesteader named McGregor. A neighbor who, on calling at his shack Tuesday, found three men preparing to bury him. A look at the dead body satisfied him that it had been subjected to great violence. He at once alarmed his neighbors and the three men were captured and are in custody.

It is said that they were all interested with McGregor in a threshing outfit and quarrelled when the time of settlement came.

Piles quickly and positively cured with Dr. Shoop's Magic Ointment. It's made for Piles alone—and it does the work surely and with satisfaction. Itching, painful, protruding or blind piles disappear like magic by its use. Large, Nickel Capped glass jars, 50 cents. Sold and recommended by C. H. Gunn & Co., Chatham.

Glass Candlesticks.

Glass candlesticks are much in demand. The pressed glass can be had at remarkably low prices, while the cut glass is not prohibitive in price. Many persons object to touching any brass object and also dislike the labor of cleaning brass. Glass is more desirable on this account and looks very pretty upon the dining table, either with or without shades. It is growing to be more and more a glass age. Glass shelves are used in cabinets and china closets, and in up to date bathrooms even the tub is of heavy glass.
