For the past 20 years this HOTEL, familiarly known as the "ST. LAWRENCE" has been a household word to all Travellers on the Continent of North America, and has been patronized by all the ROYAL and NOBLE Personages who have visited the City of Montreal.

This Hotel, including the entire block, which is admirably situated, being in the very heart of the City, and contiguous to the General Post Office, Public Buildings and other places of interest and of Business, has recently been acquired by Mr. Henry Hogan, the former Proprietor, who has hand-

some and appropriately decorated and renovated the interior, and completely refitted the whole of the apartments with new furniture, comprising 100 new rooms, making the present number of apartments 220. A new and elegant Passenger Elevator has also been added, and the Halls and Public Rooms are lighted by the Electric and Luesandescence lights, making it the most attractively lighted Hotel in the Dominion. The Hotel is managed by Mr. Samuel Montgomery, under the immediate personal supervision of Mr. Hogan, than whom no one is better qualified to conduct an hostelry of such magnitude as the ST. LAWRENCE HALL, and than whom no one has gained a better reputation as an obliging, generous and considerate host. *Hotel Coaches are in attendance on arrival of all Trains and Steamers. All Baggage Checks should be given to the Porter in Attendance.*

# THE GROWTH OF MANITOBA AND NORTH-WEST TERRITORY

is not more astonishing than the growth of the twin cities St. Paul and Minneapolis. One prominent factor in this growth is the Railroads, and among the numerous railroads gone have done more or are more popular, or more deserving of popularity than the "Omaha and Northwestern," which operated as one, from what is best known to the travelling public as The Royal Route. With three distinct lines spreading out from St. Paul and Minneapolis, The Royal Route connects the cities of St. Paul, Minneapolis and Chicago; St. Paul, Minneapolis and Des Moines; and St. Paul, Minneapolis, Omaha and Kansas City. THE CHICAGO AND ST. PAUL LINE OF THE ROYAL ROUTE deserves special mention because of the Fast Through Trains with their Elegant Equipment, in which Speed, Safety and every Comfort are combined, making it a pleasure to travel on such a well-managed and Splendidly Equipped Route. Another thing to make a note of is that The Royal Route is the only route connecting in same Depots at St. Paul and Minneapolis with all trains to and from the North. If you are about to travel, our advice is to secure tickets over The Royal Route, and if you buy through from your starting point you will save money.

The following Agents will take pleasure at any time in

## PREFACE.

The Publishers have much pleasure in submitting herewith the seventh annual edition of their Winnipeg Directory. Great care has been taken in compiling and revising the Directory, which, we trust, will meet with the approbation of our subscribers.

Among the several improvements which this work will be found to contain may be mentioned a complete list of the schools in Manitoba with the name of Sec. Treasurer and his address.

A careful estimate of the population of the city was made while taking the information for this edition. While we can not bring the population up as high as the City Assessor's returns we are satisfied that, when the Dominion census is taken this year, our estimate of 18,500 will be found to be very near the mark.

The Classified Business Directory will be found more than usually complete, and shows the various professions, manufactures and trades at a glance.

The Miscellaneous Directory has been carefully revised up to date.

Thanking our patrons for their encouragement, courtesy and liberal support in the past, our endeavors will be to merit a continuation of their favor.

Yours very truly,

JAS. HENDERSON,

*Compiler.*

PROTESTANT SCHOOLS OF MANITOBA.

The present system was established in 1871. Since that date its progress and development have kept pace with the advancement of the Province in population, as is shown by the following table :

Year.	No. of Schools.	Total attendance.
1871	16	816
1872	17	1,095
1873	17	1,108
1874	22	1,248
1875	26	1,595
1876	30	1,600
1877	38	2,027
1878	50	2,670
1879	99	3,614
1880	101	3,735
1881	128	4,919
1882	182	6,972
1883	271	10,831
1884	359	13,641

The system provides for the free education of children from the ages of five to sixteen years. These provisions embrace schools for primary education, established in every part of the Province where a settlement with ten or more children of school age within a radius of three miles are found; also Collegiate departments connected with the Primary, at Winnipeg and Brandon, which afford students the preparation necessary for entrance into the University and for teachers' certificates. No settler, therefore, is compelled to send his children out of the Province in order to complete their preparation for professional life or to secure them any educational advantage to be obtained in the eastern provinces.
