## PREFACE.

---

The Publishers of this work have used every effort this year to place before the public as reliable information as could possibly be obtained in the short period of time available, and it is hardly possible to take more pains to make the work more reliable. There are quite a number of persons who evade giving their names, for fear of being taxed, and in place give the agents fictitious names. Some of those fictitious names will appear in every Directory published, the publishers not being able to detect them however carefully they may try to do so.

In the Business Directory will be found the names of those only who advertise or subscribe to this work.

It has been impossible to get the new numbers for those streets that have been numbered lately because the Publishers had the city very near done when the numbers were first heard of.

To the supporters of this work the Publishers return their sincere thanks.

It is especially requested that these boxes be used for letters only, and not be choked with newspapers or parcels.

#### **Merchants' Boxes.**

Rent of small box \$4, and of large box \$6 a year.

Though every effort will be made in sorting letters to place them in the boxes, when the party addressed is known to have a box, the Postmaster does not hold himself responsible for this always being done; the primary rule being that all letters bearing the number of the house and name of street go there by letter carrier.

An order to place in a box letters belonging to another person than the owner of the box cannot be recognized, unless such letters are addressed to the care of the box or its owner.

Letters for the members of a firm should be addressed to the care of the firm or the number of the box.

Box holders would facilitate the work of assortment by requesting correspondents to add the box number to the address of their letters.

### Letter Carriers' Delivery.

Letters and papers for this delivery should be addressed to street and number.

Change of residence should be promptly notified the Postmaster in writing.

Two deliveries daily, commencing at 8 a. m. and 3.45 p. m.

All letters mailed at the St. John Post Office within fifteen minutes of the hour fixed for morning and evening deliveries will be despatched by such deliveries.

Letters not bearing the name and number of street, addressed to parties whose address may be known to the carriers, will be delivered by them. It is always best, however, to have the name of street and number of house supplied.

Goods sent in execution of an order, however small the quantity may be, or articles sent by one private individual to another, not being actually trade patterns or samples, are not admissible as such.

Patterns and samples for the United States, 1 cent per 2 ounces, the initial prepayment being 2 cents. Limit of weight 8 ounces, size 2 feet in length by 1 foot in width and depth.
