Europe on War's Brink—Scores Were Shot in Dublin Nationalist Gun-Running Exploit Leads to Clash With Troops Austria and Serbia Virtually at War—Armies Ready for Action

SOLDIERS FIRED ON DUBLIN MOB FOUR KILLED, SCORES WOUNDED INFANTRY TRIED TO SEIZE ARMS

Clash Started Over Nationalist Gun-Running Exploit—Mob of Men, Women and Children Followed King's Own Scottish Borderers, Throwing Sticks and Stones at Them and Scattered Fusillade Was Result—Worse Encounters Feared

(Canadian Press Despatch) DUBLIN, July 26.—Three men and one woman are dead and more than sixty persons are in the hospital wounded as the result of a battalion of the King's Own Scottish Borderers firing into a mob in the streets of Dublin this afternoon. Seven of the wounded are expected to succumb to their injuries. The affray was the result of a gun-running exploit of the Nationalist Volunteers, who were being aided by a mob composed largely of women and youths.

The wounded in the hospital include three women and a boy of ten. Many Rifles Landed. A consignment of rifles, said to number ten thousand, was landed at noon today at Howth, nine miles from Dublin. The vessel on which the arms were brought was a private yacht. The Nationalist Volunteers cut the telegraph wires and stopped travel on the Dublin roads, and, according to reports, sent away most of the rifles, together with 70,000 rounds of ammunition in motor cars.

Sent to Seize Guns. A battalion of the King's Own Scottish Borderers was ordered to capture the arms this afternoon, when the authorities heard that the volunteers were bringing them into the city. The soldiers encountered a detachment of volunteers at Connell bridge, and an outbreak resulted. There was no shooting then, however. A great crowd soon collected and followed the troops, jeering them and cheering for John Redmond, the Nationalist leader, and home rule. Finally the mob began throwing bottles and stones and several of the soldiers were injured.

Scattered Volley Fired. The battalion then replied to the attack of the mob with a scattered fusillade. In an instant the street was covered with wounded, while terrified men, women and children ran in all directions. Jervis Street Hospital is situated only 200 yards from the scene of the affray, and the wounded were quickly taken there. Four of them died within two hours. The soldiers and police seized a hundred rifles from the volunteers. An excited crowd filled the streets of Dublin tonight, some of the men carrying rifles. The

WAR BETWEEN AUSTRIA AND SERBIA THREATENS CONFLAGRATION IN EUROPE HOSTILITIES ARE HOURLY EXPECTED

EYES OF EUROPE ON THEM

King Peter of Serbia, who has temporarily relinquished the throne to his son. Emperor Franz Josef of Austria, the assassination of whose heir precipitated the crisis.

HANDING OF PASSPORTS TAKEN AS VIRTUAL WAR DECLARATION

Vienna in State of Great Excitement and War Enthusiasm Intense—European Diplomats Hope to Localize Conflict—Clash on Frontier is Rumored.

(Canadian Press Despatch) VIENNA, July 26.—No declaration of war has been issued, and it is believed that none will be, since Serbia never subscribed to the Hague convention. The report that the Serbian minister, M. Jovanovich, left Vienna yesterday was incorrect. The foreign office sent him his passports today and he will leave immediately. The sending of passports is deemed equivalent to a declaration of war. The Russian ambassador will take charge of Serbian interests.

There were patriotic demonstrations throughout the day, although a heavy rain was falling. Great crowds gathered in front of the war office and cheered the officers who appeared. Processions, with flags flying, filled the streets. Italy Friendly to Austria. A general mobilization in Montenegro is reported. Italy has informed Austria that in the event of an armed conflict with Serbia, she will adopt a friendly attitude in accordance with her relations with the triple alliance.

Proclamations have been posted ordering partial mobilization. The Austro-Hungarian Bank has raised the bank rate from 4 to 5 per cent, and the committee of the bourse has decided to close the bourse on Monday, Tuesday and Wednesday. The committee explains that its decision was actuated by regard for the public interest, to prevent an unwarranted disturbance of industrial interests and to counteract disquieting reports.

May Localize Conflict. The Neue Freie Presse says that the minister of finance will raise \$65,000,000 for the government's immediate requirement and adds that negotiations between the powers for the localization of the conflict will continue. In diplomatic circles there is a feeling of optimism that these negotiations will be successful and it was said by one of the diplomats that "France has no intention of extending herself too much on Serbia's behalf."

Minister Leaves Belgrade. The Austro-Hungarian minister to Serbia, who left Belgrade last night on the breaking off of diplomatic relations, arrived here today. The imperial decree issued yesterday gives the government enormous powers to ensure the secrecy of its measures.

Servia's Almost Complete Surrender to Austrian Demands Not Accepted and State of War Virtually Exists—Russia Prepared To Back Up Servia and Germany To Side With Austria—Armies of Europe Mobilize.

(Canadian Press Despatch) LONDON, July 26.—Sunday's developments appear to furnish new proofs that Austria is fully determined to make war on Servia, and the possibilities of a general European war seem greater than ever confronted the present generation.

The Servian reply to the Austro-Hungarian ultimatum was an acceptance of almost all the imperious demands except that Austrian officials shall not participate in the investigation and fix the responsibility for the anti-Austrian propaganda. Servia proposed an appeal to the powers at the Hague for the settlement of that feature.

Notwithstanding this humiliating surrender, which was more than Europe expected of the proud little nation, the Austrian Government today gave the Servian minister his passports, which may be construed as a virtual declaration of war.

Act of War Committed. Austria committed an act of war by arresting the chief of the Servian general staff, General Putnik, near Buda Pest, but he was soon released by the emperor's direct command.

A formal declaration of war is not expected because Servia is not a party to the Hague convention which requires this. The suspension of all parliamentary and judicial institutions has been decreed in Austria and an iron clad censorship has drawn a cordon of secrecy around the country, so that the outside world is in complete ignorance of everything happening there except what the government wants the world to know.

Even now the Austrian armies may be closing in upon Servia and launching a sudden blow, as Japan did when she sent her fleet against the Russian ships without warning.

Austrian Reservists Called. While Austria announces a "partial mobilization" the Austrian ambassador at London has issued a significant notice to all Austrians liable for military service to return home. The only possibility of averting a war at the eleventh hour which Austria recognizes is that Servia shall reconsider her reply to the Austrian note and bow to all her demands. Even then Austria proposes to exact payment for all her expenses in connection with her military measures.

Russia is Ready. The question as to whether Russia will take up arms to save her Slav proteges from a crushing blow is the crucial feature of the situation on which the peace of all Europe hinges. The same degree of secrecy which Austria has imposed has been established in Russia also, and, therefore, it cannot be known what military preparations are in progress there. The Russian Government has permitted messages to go forth, quoting the St. Petersburg papers, as considering intervention inevitable, and demanded by the popular sentiment.

Germany has informed the other powers that she considers that the Austro-Servian quarrel concerns those two nations alone. If any other power takes it up, she declares, serious consequences must follow.

INTERVENTION BY BRITAIN URGED

Sir Edward Grey Called Upon to Strive for Peace of Europe.

(Canadian Press Despatch) LONDON, July 27.—The London morning newspapers urge Sir Edward Grey, the British foreign secretary, to mediate in the Austro-Servian situation with a view to averting war, if it is possible and if not to do his utmost to secure the influence of the powers to localize it. Some of the newspapers suggest the formation of an ambassadorial conference as was done during the last Balkan war, with a view to settling the controversy.

ASQUITH TAKING WEEK-END REST

Sir Edward Grey Also at Country Place, While Europe is Facing Crisis.

(Canadian Press Despatch) LONDON, July 26.—While the cabinets of the other European powers were busy today discussing the crisis, Premier Asquith and Sir Edward Grey, secretary of state for foreign affairs, according to the English custom, were at their country places. The German ambassador called at the foreign affairs office and had an interview with one of the under secretaries. Otherwise the regular Sabbath calm prevailed there. The King has canceled his former engagements for the Cowes regatta and other sporting affairs.

SERBIA MUST PAY

(Canadian Press Despatch) VIENNA, July 25.—A high official of the Austro-Hungarian foreign office made the following statement tonight: "Should Servia at this stage of affairs take military measures against Austria, every penny of the cost of Austrian mobilization will have to be paid by Servia."

ONTARIO VILLAGE SWEEP BY FIRE

Business Section of Bancroft Wiped Out—Loss is Seventy-Five Thousand.

(Canadian Press Despatch) BANCROFT, Ont., July 26.—A destructive fire, fanned by a strong wind played havoc with the business section of Bancroft tonight. Nine buildings, including the hotel and post-office were destroyed and a loss of about \$75,000 was entailed. The buildings and stores destroyed by the fire are as follows: Bancroft Hotel, Benjamin's dry goods store, old and Thompson's general store, William's bakery; Walter VanDer Vort, barber, Sair and Mullett, hardware; Thomas French, grocery; and the post-office. All the structures, with the exception of the hotel, which was built of brick, were built entirely of wood. Shortly after six o'clock the fire broke out in William's bakery. Before the volunteer fire brigade could be brought to the scene the bakery was demolished and the flames were spreading down Bridge street. Soon the whole of the inhabitants of the district were fighting the flames, but with little success. Salvage operations were commenced, and much property was saved. The guests at the hotel had a narrow escape, a number of them being at dinner when the fire broke out. The fire was under control in two hours.

BRITISH FLEET IN READINESS

Admiralty Gives Orders for Concentration of Warships in the Home Waters.

(Canadian Press Despatch) LONDON, July 26.—The admiralty tonight issued the following statement: "Orders have been given to the first fleet concentrated at Portland not to disperse for manoeuvre leave. For the present all the vessels of the second fleet are remaining at their home ports, in proximity to their base of supplies."

SERBIAN ARMY UNDER ORDERS

Crown Prince Alexander Has Given Command for a General Mobilization of Forces.

(Canadian Press Despatch) LONDON, July 26.—The Serbian minister here today received a despatch from Kragujevatz, stating that Crown Prince Alexander, acting as regent, had ordered a general mobilization of the Serbian army and summoned the shupshina to meet tomorrow in the old fortified capital City of Nish, 130 miles southeast of Belgrade.

BELGIUM IS PREPARING FOR NATIONAL DEFENCE

(Canadian Press Despatch) BRUSSELS, July 26.—The public of Belgium is greatly alarmed over the news from eastern Europe. The bridges at Liege have been mined and a ministerial decree is expected calling 30,000 men to the colors to maintain the neutrality of Belgium in the event of hostilities.

ARMED ORANGE VOLUNTEERS HELD A PARADE IN BELFAST

Several Thousand Men Carried Rifles, and Equipment Included Closely-Guarded Machine Guns—Bold Display of Strength Evoked Great Enthusiasm—Secretary Acland Still Hopeful.

(Canadian Press Despatch) BELFAST, July 25.—A parade of two full regiments of Ulster volunteers, numbering several thousand men, was held here tonight. All the men carried rifles and their equipment included several machine guns, which were strongly guarded. The marchers traversed the principal streets of the city, and their demonstration, the boldest exhibition of Orange strength attempted to date in the home rule struggle, aroused great enthusiasm.

Referring to Ireland, and the failure of the recent conference of party leaders held at Buckingham Palace, in a speech at Stirling tonight, Francis Dyke Acland, under secretary for foreign affairs, said: "There is much cause for regret but much for hope. The conference has broken up, but something has been gained in their being heard as the representatives of the great parties. At the table the members of the conference learned to respect each other's point of view. We Liberals will not betray the

trust which the Irish people have placed in us. Our motto must be 'trust the Liberal leaders.'"

The Well-Groomed Man. The particular and noticeable part of the well-groomed man is his hat. It is always different from the others, principally because it has a swagger out about it and the name of a reliable firm on the inside. The cost is no more than other kinds. The Dineen Co. show particularly good quality and style cannot be surpassed. Just received for today an advance shipment of new silk hats for every fall, from Henry Heath of London, Eng. hats to His Majesty the King. Heath hats are the highest standard of excellence. Price, \$3.00. Christy & Co. English silk hats, \$7.00. Other silk hats—Knox and Dunlap's styles—\$5.00, \$6.00 and \$7.00. Also moccasins, leather hat boxes, raincoats and club bags. YORK COUNTY AND SUBURBS OF TORONTO

IDEAL CONDITIONS AT RIFLE RANGES

Scores Maintained High Average in Saturday's Shooting.

R. G. SERGEANTS' MATCH

Ladies Enjoyed Al Fresco Tea —C. Wilkinson Won the Cake.

Saturday provided ideal conditions for the marksmen at the Long Branch Rifle Ranges, and the scoring of all the corps attained a very high average. The wind, which blew through the afternoon and till the close of the shooting, preserved a steady 1 o'clock direction and varied but slightly in strength, and while in the early afternoon a fairly strong mirage prevailed from the rear, it gave little trouble, and practically none to those who had provided themselves with good field glasses.

Some exceptional scores in the 800 yards range were made by the Highlanders, Private J. Buick recording the possible of 60 in ten shots and Privates Lennox and Aitken and Lance-Corporal T. Young each 48. In fifteen shots Private Lennox attained the exceptional score of 72.

Ladies' Club Picnic. The Ladies' Club of the 48th Highlanders held a very successful picnic on the beach which the weather proved entirely favorable. Tea was set in the open air in front of the pavilion and during the afternoon and evening an excellent program of games was enjoyed to the full. Charles Wilkinson after trying with three others, carried off the prize in the competition, was awarded a silver cup and a gold watch.

At the close of the regimental shooting the O.R.A., 10th R.G. and 48th regiments took part in skirmishing practice, in preparation for the Gowanus matches of the O.R.A. and D.R.A. meetings. Pointed ammunition was used, and no time limit was made, as the object of the practice was the judgment of elevation at the varying distances.

The riflemen are looking forward with keen anticipation to the opening of the O.R.A. meeting in the third week in August, and it is asked that those intending to take part should get their names at once to the secretary of the regimental rifle committee.

Cyclist Injured. When his bicycle skidded at the corner of Morley avenue and Queen street, James Tommie of 29 Ashdale avenue struck a street car and got his head badly bruised and cut. He was taken to the General Hospital in a passing automobile.

SCENIC PARK SITE IN THE NORTH END

Lands Damaged by Grading Bathurst Hill Might Be Bought.

Discussing park sites and the grading operations in the Bathurst hill district with The World yesterday, President J. M. Warren of the Bathurst Hill Association said: "Our city fathers are at last dealing thoroughly with the question of parks, and it is to their credit that we can boast of a park in the east, west and south, but not in the north as yet, within the limits of the city. Recent developments along this line have taught some of us at least that we cannot accomplish any of these things without personal sacrifice and encountering a good deal of individual opposition. A park is needed."

"There is no doubt that a park is needed in the north end, and as our association is interested in the district from Spadina avenue to Christie street, and from Dupont street north, we have been very active during the whole of this year along civic improvement lines, our aim being not to criticize but to assist the city government in their enterprises."

"It was proposed that the property at the corner of Bathurst street and St. Clair avenue, about six acres, be set aside for park purposes, but on investigation it was ascertained that the same had been subdivided and opened for sale, and some of the property disposed of, but we were able to secure a public library site at the corner of Melgund road and Bathurst street."

"We then requested the council to appropriate the same property at the corner of Davenport road and Bathurst street, but we were informed that Mr. Gage had other uses for the property, and that there would be no use negotiating."

Scenic Park. "The Bathurst hill grading has been a sore spot for all those directly added with payment for same, and we find that the city, besides levying a direct tax in certain sections adjacent, has to face enormous damages for frontage on the Convalescent Home, and Winters and Hiscock properties, and it has been thought advisable to ask the city to purchase these properties and return the acreage now owned by J. C. Eaton, thus securing a beautiful scenic park and playground overlooking the whole City of Toronto."

"The property comprises about 12 acres, and as the council is setting aside one million on the dollar per acre for park purposes, it seems as if it might be possible to arrange for the purchase."

BIRCH CLIFF RESIDENTS WANT BETTER SERVICE

Three Hundred Sign Petition for More Cars on Kingston Road Line.

At a well attended meeting of the Birchcliffe residents over 300 signed a petition urging better service on the Kingston road cars, by a 15-minute schedule between the hours of five and nine. A motion was passed that the petition be forwarded to the York Radial Railway at once.

A representative of the hydro commission was present and urged upon the property holders the possibility of having power supplied from Danforth avenue thru Birchcliffe avenue, south to the Kingston road. It was stated that the new lamps with spreading lights could be supplied at \$12 per light per annum.

A resolution was passed that the residents become organized either by affiliation with some existing association or by forming one of their own.

BATHING SUITS SCARCE AT BEACH STATIONS

Great Crowd Disappointed on Saturday as Supply Was Short.

Bathing facilities at Kew Beach were utilized to the fullest extent by the many hundreds of bathers who sought refuge from the heat along the lake front, from Woodbine avenue to the eastern end of Balm Beach. In spite of the extensive arrangements for bathers at the public bathing station at Kew Gardens, there were several times both in the morning and afternoon that no bathing suits were available for the use of would-be bathers. It is estimated that over 1200 people were swimming in the lake on Saturday and very nearly that number were swimming on Sunday. In spite of the exceptionally large number of bathers there were no accidents of any description along the lake front on Sunday.

CLUB'S NEW QUARTERS WILL BE LUXURIOUS

Magnificent Ball Room on Upper Floor With Alcoves and Inglenook.

Tenders have been received for the building of a magnificent new clubhouse for the Parkdale Canoe Club, of which Controller McCarthy is president, and it is anticipated that work upon the superstructure will be begun in a very short time. The work is being carried on in conjunction with the harbor commissioners' scheme for the protected waterway around the lake front, and the sub-structure has been arranged by them. The site is at the end of Triller avenue and Sunnyside, and the ground will eventually be filled in as far as the water front of the club house. The palatial clubhouse has been designed by George N. Milesworth, architect, of Toronto, to replace that burned down in the spring of 1912. The total cost will be approximately \$55,000.

Main Entrance. The main entrance will give direct access to the club house, 64 feet by 120 feet, and by two stair cases to the club rooms above. In direct connection with the boat room are the landing boats on the lake front, and the ground floor will also give accommodation for showers, boiler room and a kitchen for the provision of light teas and luncheons.

A magnificent ballroom about 66 feet by 55 feet, running up two floors, and with alcoves and inglenook will be provided on the upper floor, as well as a billiard room giving accommodation for five English tables and also provided with an inglenook. These inglenooks will be fitted with seats and will contain large open brick fireplaces. On this floor also will be a ladies' toilet, a committee room and a separate passage to the water front, a committee room and men's lavatory.

Overlooking the ballroom and the lake will be an enclosed balcony, with service from kitchen, and the ballroom will also be provided with a musicians' gallery. Caretakers' quarters will be provided on the attic floor.

A large and wide verandah on the south and west, on the upper floor, will give an unobstructed view over the lake.

FINE PROGRAM ARRANGED FOR RUNNYMEDE PICNIC

Automobile Parade, Athletic Sports and Interesting Addresses.

The annual picnic of the Runnymede Conservative Association will be held on Aug. 3 in the park at the corner of Keele and Annetts streets. An automobile parade, headed by the Runnymede brass band, will start from the corner of Dundas and Keele streets at 1.30. A splendid athletic program has been arranged for the afternoon, the feature of which will be tug-of-war contest for a silver cup, donated by G. H. Gooderham, M.L.A.

A baby show will be held, and President L. C. Woolner offers a special prize for the best pair of twins entered.

Many Speakers. A length program of speeches has been arranged and the following have promised to attend: Sir Adam Beck, K.C.B.; W. F. Maclean, M.P.; Dr. Forbes, M.L.A.; Captain T. Wallace, M.P.; G. H. Gooderham, M.L.A.; Mayor Hooken, T. H. Lennox, M.L.A.; G. S. Henry, M.L.A.; J. Russell, M.L.A.; Controller Church, H. H. Ball, W. H. Price, M.L.A.; J. Wright, Deputy Reeves, Griffith, Miller and Barker of York Township.

SWIMMER DROWNED IN SHALLOW WATER

Arthur Clayton Sank Suddenly Just a Few Feet From Shore.

Arthur Clayton, a young Englishman, aged 21 years, lost his life in the lake at 2.30 on Saturday afternoon. He went down suddenly when quite close to shore, and although rescued almost immediately it was impossible to resuscitate him. Death is believed to have been due to heart failure or other organic trouble, as the victim of the accident went into the water shortly after eating a hearty meal.

Sank in Five Feet. Clayton sank under the water when swimming only a few yards from the shore and sank in five feet of water. Two other swimmers, H. Newson of 201 Waverley road and F. Stanley of 1912, were in the water with him at the time and pulled him out of the water almost immediately.

Medical aid was rendered by Dr. Friel of Stouffville, and Dr. F. P. Coates of 1888 Queen street east. A pulmonary was used, it was of no avail as life was already extinct. The body was claimed by friends, and was identified as Arthur Clayton of 2 Macklin avenue. No inquest will be held as it is considered the accident was a pure case of heart failure.

WESTONS NOW CHAMPIONS BY ORIOLES' DEFAULT

Letter Did Not Put in Appearance to Play Match on Saturday.

Weston now holds the championship of the district in the intermediate O.A.L.A. series, the third game going to the team on Saturday by default, as the Orioles failed to appear. Weston team is thus credited with three games out of the four in the series, and will be required to play in the second round at once against the Orioles, as will be arranged in another series, as will be arranged by the central committee.

In the Junior O.A.L.A. series Weston was beaten by St. Simon's on Saturday at Riverdale Park by the score of 6 to 3.

To Preach Next Sunday. In the absence, owing to illness, of the Rev. Mr. Symington of Beaver-ton, who had accepted the invitation of the Westminster Presbyterian Church congregation to officiate at the services yesterday, the pulpit was occupied by Dr. Talling of Toronto. Next Sunday the services will be conducted by Rev. Mr. Symington.

DAVISVILLE METHODISTS ENJOY GARDEN PARTY

Three Hundred Present at Entertainment in Parsonage Grounds.

Under the auspices of the Ladies' Aid Society, the members of the Davisville Methodist Church held a very successful garden party on Saturday last in the parsonage grounds, Joseph avenue. About 300 were present and spent the afternoon in games and other amusements, while the evening was given over to a musical entertainment by the following artists: Miss Compton, cloutonians; Misses Hicks, Murphy, Pickering, Kay and Thompson, soloists; Miss Wright, pianist; and Messrs. Thompson and Boynton, soloists. A feature of the entertainment was the splendid rendering of popular melodies by the church orchestra.

FOUR LITTLE GIRLS ALL UNCONSCIOUS

Scampering Rats Turned on Gas Range Taps in Kitchen.

NEWS OF WARD SEVEN

Sidewalk Heaved Suddenly, Forced Up by Air From Tunnel.

Sewer rats were the cause of the near asphyxiation of four little girls, daughters of William Slack of 383 Woodville avenue, on Saturday morning last. When the family of nine had retired the previous night, everything was as it should be. When five of them awoke on Saturday morning they found the kitchen filled with the fumes of coal gas, and Mr. Slack after opening doors and windows, found one of the cocks of the gas range in the kitchen turned full on.

All Unconscious. Rushing upstairs to the room where his little girls were sleeping he found all four lying unconscious in bed and the room reeking with the deadly fumes.

Dr. J. J. Thompson, of Dundas street, was hurriedly summoned, and rendered first aid, and after working for several minutes succeeded in bringing all the little victims back to consciousness. The windows in their room were the only ones in the house completely closed, and the gas had crept thru the floor and partitions until the air in the room was saturated with it.

Infested by Rats. The reason assigned for the mysterious turning on of the stove cock was that rats, which have infested the neighborhood from the ravine near Conduit street and which have entered almost every house on the street, while scampering over the range had brought against the tap and allowed the

TURNED FIRST SOD FOR NEW BUILDING

St. David's Congregation Celebrated Event With Garden Party.

A fresh step in the progress of St. David's Presbyterian Church, Harris avenue, was taken Saturday night when Rev. Dr. Ramsey turned the first sod for the new church. In a very able and interesting address Dr. Ramsey pointed out the place of the church in the life of the individual, of the family, and of the state. He made his hearers feel that without the Christian churches in the community things would be vastly worse than they are. Then he went on to point out that what was forced upon us, and what they had not begun to exercise the power they might and should exercise. In order to accomplish this many things were needed and not the least an adequate equipment. To this task St. David's must now direct its energy and there was no doubt that with the united strength of a rapidly growing congregation and with the healthy optimism of a young people the task would speedily be accomplished. After a brief religious exercise the work on the new church was declared to be started.

Garden Party. After the ceremony the Y. P. Union held a garden party in the church grounds, which were tastefully decorated. Several stalls containing fancy articles, confectionery and ice cream, in charge of the ladies, did a brisk business. The Weston Prize Band gave a splendid program of music and a large number of the congregation and friends were present. Work will now continue on the new church until completion.

Got Leg Broken. While playing with his team on the Swansea athletic grounds Saturday afternoon, John Drew, a member of the Swansea Football Club, had his right leg broken. He was attended by Mr. Williams and taken in Spicers' motor ambulance to the Weston Hospital.

St. Mark's Garden Party. The St. Mark's garden party, which had to be postponed on account of severe rains of Thursday, will be held on the Sunderland athletic grounds, corner of St. Clair avenue and Weston road, on Tuesday, July 28. A splendid polo, prize, a leg of mutton; a tug-of-war, prize ten dollars, and a guessing contest, prize a ton of coal.

ROCHESTER, Minn., July 25.—Hon. Dr. Roche, minister of interior of Canada, has submitted a serious operation at St. Mary's hospital in this city, which involved the removal of the left kidney. Dr. Roche is resting nicely, and the surgeons declare the operation successful, although it will be a number of days before the patient is out of danger. Miss Mrs. Roche, his daughter, is at his bedside.

ROYAL PARTY STOP FOR KENORA REGATTA

KENORA, Ont., July 25.—The Duke and Duchess of Connaught, Princess Patricia and suite, arrived in Kenora early this morning and were tendered a hearty reception by the mayor and citizens. They are guests of the day of Hon. Robert and Mrs. Rogers at their lake residence. The feature of the reception to the governor-general will be a motor boat parade this afternoon, in which, it is expected, five hundred boats will participate.

CLIMAX OIL COMPANY LIMITED

Authorized Capital, \$500,000
Shares, \$1.00 Each

MONEY MAKES MONEY

Oil is better than gold to the speculator—the returns are immediate when you strike oil. Gushers will doubtless be struck during the next few weeks, and the man who has invested will see his stock soar. Those who bought Monarch Oil Stock have reaped their harvest. Why not you? Mind you, it is speculative, but mighty good speculation.

CLIMAX OIL COMPANY, LIMITED

holds leases for 1920 acres of valuable oil lands within three miles from the proven Monarch well. This is on the same anticline as the Monarch, and should, according to expert advice of famous geologists, yield the real crude oil.

HOW VALUES INCREASED

The following figures, taken from the Calgary Oil Exchange of June 22nd, show how rapidly dollars increase in number in Oil:—

100 Shares in Dingman	Brought \$8,700.00
100 Shares in Monarch	4,000.00
100 Shares in United Oils	1,750.00
100 Shares in Southern Alberta	800.00
100 Shares in Western Canada	500.00
100 Shares in Black Diamond No. 1	475.00
100 Shares in Western Pacific	220.00
100 Shares in Ottawa Petroleum	400.00
100 Shares in Prudential	160.00

Most of these stocks sold originally for not more than \$1 per share.

REASONS FOR BUYING CLIMAX SHARES:

1. Because a firm offer of \$150,000 cash was made for the Company's holdings, the night of the "Monarch" strike.
2. Because if they are worth that much to others, they are worth many times more to our shareholders for development purposes.
3. Because results prove that the Company's holdings are right on the exact spot in the best proven districts in Alberta—NOT NEAR.

The Company are employing the highest skill to superintend the development of their properties and drilling will commence immediately. Shares will rise in value before many days. The time to buy is right now. Do not wait. This is your golden opportunity.

DEAN GALBRAITH FINDS LAST REST

Large Assemblage of University Men Attended Funeral.

Attended by personal friends and representatives of scientific bodies in all parts of the United States and Canada, the funeral of the late Dr. Galbraith, dean of the faculty of Applied Science at Toronto University, which was held from the Church of the Redeemer to Mount Pleasant Cemetery on Saturday afternoon, was in all probability one of the most impressive as well as one of the largest seen in Toronto in recent years.

ROYAL COMMISSION MAY DIVIDE WORK

Suggestion Made That Two Sections Carry on Investigations Simultaneously.

By a Staff Reporter. OTTAWA, July 26.—A suggestion which may be adopted in order to prevent the upsetting of the whole prearranged program for the Dominion Royal Commission, owing to their being delayed several days on the steamer Albatross, which was fog-bound, is that the commission would divide into two sections for the first few days of the week in this way they could cover all the important appointments for the first part of the trip and then they could unite again and carry out the remainder of the program as arranged. Otherwise a great deal of work would be involved in changing the dates for meetings and for special trains and boats, and the men whose evidence on trade and other matters is desired would all have to be advised of the change.

He was at one time in the employ of the Hudson Bay Company in the early days of the Soo, and later was keeper of the Caribou high house.

ARMY WORM IN WELLAND

WELLAND, July 26.—The first outbreak of the army worm in Welland county has been found in Hudson Bay stone Township on the farms of Abner Mathews, Nicholas Young, Edwin Pethering, and James Neff, where they have done great damage to oats, corn and pasturage.

HUERTA COMING TO PLAN REVOLT

Mexican General Will Meet Sympathizers and Start New Rebellion.

from the country in order to get behind the constitutional forces under Villa and Carranza. Gen. Huerta, it was said, refused passage offered by British and German commanders to Europe and went to Jamaica, where he was met by other supporters. When Gen. Huerta left Jamaica yesterday, it was said, he declared he was going to Europe. He was accompanied by Gen. Blasquez, former minister of war, and Quintana, his ex-minister of foreign relations. The dictator's family and that of the former war minister are said to be accompanying the party and will maintain their homes in Canada while the new revolt is being carried out.

General Huerta never had an intention of leaving Mexico or relinquishing his power, there, said the World's informant. General Diaz has been in constant communication with him for some time past, and the plans for the movement have been so well laid that a possible hitch can occur. We are supported by all of the wealthy landowners in Northern Mexico, and besides have considerable ready money, including the \$4,000,000 which General Huerta took from the country with him, and the personal fortunes of General Diaz and Orozco.

At present we have an army of nearly 30,000 available. This force will be increased daily as soon as we begin operations. We shall co-operate with the forces of President Carranza, which will resist the entry of Carranza and Villa to the last, while we close in on them from the west and north. The fact that there is dissension between Carranza and Villa will be of the greatest importance to our cause, as we shall be fighting a divided force. From the present outlook there is little possibility of our encountering any organized resistance.

Landowners' Position. "The big landowners in Chihuahua, Nuevo Leon, Coahuila and Sinaloa support us because they realize that the only means of saving their lands lies in a Centefico victory. Most of these have been confiscated by Villa and Carranza. These men constitute the brains of the country. They realize that the only government that can succeed in Mexico must be one headed by a strong man.

Asked if General Huerta again would aspire to the presidency, The World's informant declared that he would not. "General Huerta has no personal ambition," he said, "other than to serve his country to the best advantage. It is very probable that General Diaz will assume the provisional presidency if the movement is a success. He is generally supported by the landowners and financial men of the republic. Aside from this he represents a Conservative reform element which has been working in the country for several years."

Replying to a question whether the new movement expected the moral support of the United States, the speaker said: "General Diaz appeared before the United States Senate Committee on Foreign Relations some time ago and outlined his plans for a provisional government in Mexico. These were favorably received, but no mention of General Huerta was made. We shall hold an election, which we shall invite American and foreign representatives to supervise, and if the outcome is satisfactory to them there is little doubt that we shall be granted recognition."

KEEP CENTENARY OF FAMOUS FIGHT

Canadians and Americans Observe Anniversary of Battle of Lundy's Lane.

BIG PROCESSION IS HELD Monument and Graves Decorated and Addresses Delivered by Noted Men.

Special to The Toronto World. NIAGARA FALLS, Ont., July 25.—On the same ground where one hundred years ago today was fought one of the most bloody and hotly contested battles of the war of 1812-13-14, was celebrated the centenary of the Battle of Lundy's Lane Saturday.

The scene of the battlefield when the ceremonies were at their height was inspiring one. Canadian militia in gay scarlet tunics and khaki service uniforms, military bands, boy scouts, veterans of the Fenian Raid and of the American Civil War and the Fenian-American War, school children from the United States and prominent men of both nations stood with bare heads or with attention while the "Maple Leaf" and "Star Spangled Banner" were played. It was a scene that will live long in the memory of twelve thousand odd persons who participated in it.

Exercises Begun. The exercises began at 1.45 o'clock with a military and civic procession. The procession formed at the armory of the 44th Regiment, in Victoria avenue, under the command of Lieut.-Col. Fred W. Hill. It consisted of military contingents representing various branches of the Canadian service and headed by the 19th Regiment Band; representatives of the various associations of Ontario; chiefs of the Six Nations and other Indians; Niagara Falls Collegiate Institute Cadets, the Citizens Band; the Ontario Historical Society; Mayor O. E. Dores and city officials; United Empire Loyalists of Canada; Mayor William Langhlin and the city officials of Niagara Falls, N.Y.; the Niagara Frontier Historical Society, Niagara Falls, N.Y.; historical and patriotic societies of both nations; city and county school boards; the Centenary Peace Celebration Committees of Niagara Falls, Ont., and Niagara Falls, N.Y.; civic and fraternal societies and Lundy's Lane Historical Society.

At the Battlefield. The procession moved to the old battlefield and the civic exercises began. After the invocation by the Rev. Andrew D. Robb, an address of welcome was delivered by Mayor Oliver E. Dores.

Sir John M. Gibson, lieutenant-governor of Ontario, dealt at length on the significance of the occasion and paid tribute to the memory of the men who fell in the war. Monument Decorated. "The Maple Leaf Forever" was then sung by a chorus of school children, then followed the historical decoration of the monument and graves of those who fell in the battle, by a committee of twelve Canadian and American young women, during which a military band played "Abide With Me." The young women, representing Niagara Falls, Ont., were the Misses Grace Geary, Verena Zybach, Gertrude Lundy, Catharine Butters, Marguerite and Winifred Olmsted. Those representing the United States were the Misses Helen Kammerer, Leah Turney, Margaret and Marion De Veaux.

Medals Presented. The ceremonies then closed with the presentation of commemorative medals to the distinguished guests by R. W. Geary, president of the Lundy's Lane Historical Society, and a series of brief patriotic and historical addresses by Dr. Alexander Fraser, F. R. S. C., provincial archivist of Ontario; the Hon. Peter A. Porter, Ontario minister of education; Clarence C. Warner, president of the Ontario Historical Society; George D. Emerson, Buffalo; Dr. Jas. H. Logan, St. Thomas; and a committee of the Ontario Historical Society; Chief Hill of the Six Nations; Rev. Dr. William Wallis, Niagara Falls, Ont.

A STRIKE THAT FAILED. Special to The Toronto World. KINGSTON, July 26.—Believing that they would be in luck which is being struck, the men of the city of Kingston, who are employed by the Kingston, Ottawa, and Cornwall Railway, went on strike, asking for an increase of 20c to 25c per hour. The request was refused, and in ten minutes a new gang was on the job.

FAVORS SMALLER COUNCIL. KINGSTON, July 26.—Mayor Shaw is advocating a smaller membership for the city council. There are at present seven wards with three representatives each. He says if the city was divided into four wards with two members each, much more and better work could be done for the city.

To Banish Wrinkles and Freshen Up Quickly

After a strenuous day outdoors, when winds, heat and exhaustion have combined to take away one's freshness and caused the skin to wrinkle and sag—after a tedious day of work and a long one has urgent need for some quick restorer. Maybe there's a tango on the station, or a social event, how in the world can she make herself presentable, looking as she does? It's quite easy. Just get an ounce of powdered saxolite and a half pint of water in the nearest drug store. Mix the two and rub the face in the solution for two or three minutes. Then look into your mirror and behold the wonderful transformation! Wrinkles have vanished, loose, tired muscles have been rested and firm, eyes look so much brighter and younger you can hardly believe your eyes. No one need hesitate to try this. ADELE BLOOD AT SHEAS

MISS BLOOD AS TRILBY

George Du Maurier's story of life in Paris' Latin quarter, "Trilby," is the attraction which Adele Blood will present at Shea's this week. The story is based upon the escapades of a young Englishman, who because of domestic trouble left England to follow the life of an artist in Paris. "Trilby" is a young Irish girl who earns her living as a model and who meets and falls in love with the artist. Discovering that she is the possessor of an excellent voice she studies for the opera and eventually becomes a great prima donna. Then comes Svengali. He secures some sinister influence over her and she marries her. Returning to Paris some years later she again meets her artist lover. How he wins her back only to lose her by death is worked out in an exceptionally gripping climax. Adele Blood will appear in the character of "Trilby," and will be afforded every opportunity for the display of her wonderful emotional power.

THE HIPPODROME

The Girl From Milwaukee," heralded as the sweetest singer in vaudeville, will be the headline attraction at the Hippodrome this week. "The Girl" will introduce a number of songs especially written for her and will also sing a number of this year's songs. The Six Musical Spillers have an act which they call a musical hodge-podge. Instrumental music, singing and dancing will be featured. About ten o'clock the Three O'Connor Sisters have appeared in Toronto before. They will offer a singing and dancing melange. Meekhan's Leaping Dogs is said to be an unusually good animal act, while Leclair and Sampson are two strong men who juggle heavy weights. Horton and Latrijska have a novelty offering in which they introduce "The Human Doll."

HANLAN'S POINT

The famous Red Hussar Band, under the direction of Prof. Lampham, opened an engagement at Hanlan's yesterday afternoon and were enthusiastically received. The band is a splendid organization and plays the popular and classic music with a dash very much to the liking of Torontonians. The grand firework display, postponed on account of rain from Friday evening of last week, will be given Tuesday night. Prof. Lampham and his Hussars will furnish the musical end of the fireworks program.

"THE GIRL IN WAITING"

"The Girl in Waiting," Laurette Taylor's former starring vehicle, written by her husband, J. Hartley Manners, author of "Peg O' My Heart," is presented here at the Princess Theatre this evening. In this piece, which has been secured by special arrangement with Mr. Manners for one week, Miss Turner will be seen as Lillian Husner, a fun-loving young woman, who as a joke causes the arrest of a young man who is in love with her. After his release, he is so humiliated that he seeks out a quiet place in the country, and to be near him, Lillian

LOEW'S WINTER GARDEN

Kitty Francis, the well-known Irish comedienne, and twenty stunning show girls, which she calls her "Widow's League" will be the chief feature of the new vaudeville bill to be presented at Loew's Winter Garden Roof this evening. Miss Francis enacts a new play which her son invites a troop of Salvation Army lassies disguised as society leaders. The way Miss Francis greets her guests and comments on them is a source of uproarious fun. Morin, a ventriloquist of extraordinary skill, will display his cleverest vocal feats in an act called "The Clubman." Baby Violet, a remarkable child phenomenon, is a comedienne of talent and she will be assisted by a company of five girls. The Clark Trio, sensational gymnasts and Van Cello, foot juggler, round out an entertainment in which the interest is well sustained through.

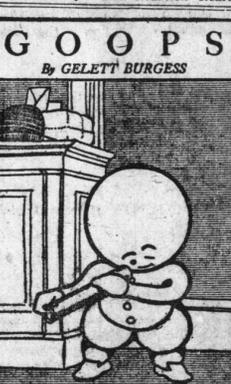

Noted Acrobats Coming

Paul Levan and Dobba, the noted comedy acrobats, will open a week's engagement at Scarborough Beach Park this afternoon. These artists are supposed to stand at the top of their profession, and a very fine act is expected. The music will be provided by D'Urban's Band, and there will be new moving pictures in the open air.

50 CENTS A WEEK

Persons who would like to own a piano and cannot afford the price of a new instrument should call at the warehouses of Ye Olde Firm of Heintzman & Co., 193-195-197 Yonge street, and see the big list of used instruments now on sale at bargain prices. These are pianos taken in exchange or called in from rental and are all in first-class condition, having been thoroughly overhauled by the firm's own workmen. Terms are very easy, in some cases 50 cents per week being all the payments necessary to own one.

THE NEW HOUSEKEEPING

BY MRS. CHRISTINE FREDERICK

HAVE YOU A LITTLE SCHEDULE IN YOUR HOME? IT IS THE BEST CURE FOR THAT TIRED FEELING

THE first thing a woman in business learns is that she cannot do things in a hit-and-miss way. Even the smallest offices have definite plans of work in which she, as a subordinate of the firm, has to conform. There are definite hours, definite times for doing certain kinds of work, and the more high-class and efficient the office the more definite are the time schedules for its employees. It is possible to approximate in a home the schedule idea. An expert who watches a number of women at work in their homes found that 80 per cent. of them never did two days' work alike. One day the beds were made at such and such a time; another day the beds were allowed to go until 11 o'clock, while dinner was prepared for dinner. Women started a certain piece of work, then remembered they had forgotten to do something else—went back to the first job, and then, after a very long interruption, came back to the piece of work on which they had originally begun. Even the most casual observer would be convinced that such methods are time wasting, energy losing and steep falling. Given a certain number of duties which must be repeated every day, why not repeat them in the same order to the end that they should be done with less confusion and less time? The discovery one morning that the bread box is overflowing with crusts and stale pieces may cause a housekeeper to devote an entire morning to cleaning the pantry. This was an unexpected piece of work, and the housekeeper finds herself with a lunch prepared, and the other morning tasks undone. The sight of some particular rent or tear convinces another woman suddenly that she had better spend the entire morning mending. This again throws the regular work off the track, and the usual routine is slighted, the woman finds herself "behind," and has to hurry twice as fast in the end. Why not in the first place make a definite schedule of the daily tasks, allowing time for these special pieces of work which are bound to occur? Write down on the schedule that Thursday is pantry day and that Wednesday morning may be taken for darning or whatever time is predetermined. Make out a schedule of work depending on the size of your rooms, the number in your family, the hours of your meals, whether you have a helper or not, and once you have the schedule made, stick to it. By repeating tasks in order and with some sort of system they will become easier to you, and you will waste far less time and effort than if you do work unsystematically and allow every whim to interrupt your progress. It is not that many of us are not the best workers in the world. The point is that we don't know how we should work, and when we should work, and make definite plans and schedules for ourselves. Then we will find that we are "all tired out," and that we are "behind," and that we do not accomplish as much as some other women of whom we wonder "how does she get so much done?" Copyrighted 1914, by Mrs. Christine Frederick.

The Garden

(Continued) In "The Garden" on Saturday, it was stated that an error, that the larva of a butterfly is a moth. What was intended was that the larva of a butterfly and a moth is a caterpillar. As we learned in our last lesson, this army worm is the small caterpillar from an inch to an inch and three-quarters, that emerges from the egg deposited at some previous season, or the night flying moth, the "Leucania unpunctata." It has been reported to me by those who have seen the worms, that they are not caterpillars. But a closer inspection will reveal the fact that, each dark-gray body, three-yellow-striped as to its back, and one of the same yellow stripes, but fainter, on either side, is really covered with thin short hairs, faintly noticed, in some cases, on the bodies, but quite distinct on the heads. Thus the true description brings them strictly into the caterpillar class. Now, a word, just here, about the hatching of the various eggs from which caterpillars emerge. There is a common superstition prevalent that the army worm scourge will only occur every seven years, and perhaps only every fourteen years. This may seem true, but it is not so. The report that the eggs are capable of being hatched out, only at the end of seven years, or at the end of a number of years, and that number being some multiple of seven. The truth, generally speaking, is thus: The eggs of most moths, do hatch out, but it is not so with the following season; or, in some cases, the same season. But it is a scientific fact that some insects require at least three years of cure, and certainly is complete, from egg to flying insect. Then again, there is another point to remember. If the land upon which the eggs have been laid, is plowed under in the fall, and left undisturbed for some season, the eggs do not hatch out. But when they are ultimately exposed to the effects of rain and heat by a later plowing up, they hatch out. In some cases where the plowed land has been allowed to lie idle for some seasons, the worm has no opportunity of showing up. And once again, those who have studied the army worm and its habits explain that it appears in greatest numbers in certain years, the spring and early summer of which have been marked by extreme coldness and dampness, following a year, or years of great heat and drought. Now, recall how late, and cold and wet was this last spring of ours; and certainly following a year or two of early springs, dry springs and summers, and intense heat. Such climatic conditions seem to be extremely favorable to the development of the worm in swarms of millions and more.

Some Summer Food

Gruel made from barley flour is much more easily made than that made with the barley grain. The grain requires several hours' cooking, while the flour is made as follows: A round-ed teaspoonful of barley flour should be blended with a little cold water; add this to a pint of boiling water and a pinch of salt and boil for 15 minutes at the end of this time measure the gruel and add enough boiling water to make up the pint. Some of the best barley is the small variety, which is ready to eat, after straining if being given in place of milk, it is ready for use.

A One-Day Trip to Niagara Falls

An exceedingly attractive outing is afforded in the one-day trip to Niagara Falls via the fast steamers and well equipped electric cars of the Niagara-St. Catharines Line from Toronto. The opportunity of seeing the new fifty million dollar Welland Ship Canal en route constitutes an added inducement. The rates for the one-day trips are as follows: Port Dalhousie \$1.00 St. Catharines 1.10 and Victoria Park 1.50 Family book tickets between Toronto and Niagara Falls, good for the season of navigation, are also on sale at the city ticket office, 53 King street east, Main 5175, or city wharf, Main 2553.

KINGSTON'S CELEBRATION

KINGSTON, July 26.—A band concert and fireworks will bring the celebration to a close Monday night. Tomorrow is civic holiday here and citizens will join the old boys in their celebration.

present invasion from the western peninsula of Ontario bids fair to be a particularly vicious one. Some of the army of worms devastated portions of the maritime provinces. And newspapers now report an alarming appearance of the pest in the counties just to the east of us, and many miles from where the pest first appeared. (To Be Continued.)

MONDAY MORNING, JULY 27.

OFFENCES AGAINST THE COMMUNITY.

A most undesirable principle has been advocated during the last few days by a local authority. It is the view that private individuals should take upon themselves to see the law executed. To a large degree this would be going back to the old and outgrown system where everybody took the law in their own hands.

Unfortunately society does not seem always to have reached the stage of moral responsibility or efficiency, where thru its recognized officials it assumes the duty it has taken from the individual, and much of our legislation is defective on this point of relieving the individual of responsibility and neglecting definitely to place the responsibility on some delegated authority or official.

No doubt an offence of this kind in Ontario would set the provincial secretary's department to work at once. But there are many examples of violations of the law where not only does the public prosecutor not interfere, but it is not even provided that he should interfere, and in some cases it is expressly left to private individuals to have the law administered, and they are sometimes incited or bribed to such duties by the offer of the division of fines.

In the case of the Assessment Act as a whole, it is required that property should be assessed at its full value, and the officials swear to do so, but they are in the habit of boasting that they do not carry out the law. In Toronto apparently an effort is being made to raise the assessment to the legal standard, and the result is to extract protests from such admirers of law as The Globe and The Telegram.

The law against trusts and combines shows the same defective feature, lacking any provision for the compulsory action of the public prosecutor as an effective agent in its execution. The public conscience needs a material vehicle.

HOPEFUL MEXICAN OUTLOOK. With the United States Government heading all its efforts to induce the

Mexican leaders to unite in the restoration of peace, hope prevails that this will be attained. It rests largely on the disinterestedness of President Carranza whose distinguished public career and freedom from factional affluities have placed him in an unusually favorable position to fill the role of pacifist.

The constitutionalist leaders, it is now confidently expected, will enter into an agreement accepting these conditions, but excepting from the amnesty all persons directly implicated in the murder of President Madero. This exception will not be omitted.

Transportation Monopolies and Government Ownership. Most thoughtful and unprejudiced observers in the United States agree that the long series of exposures in connection with the control of important railway systems by financial magnates, has brought the movement for their nationalization appreciably nearer to success.

York and King streets and was slightly hurt. She was taken home by her sister.

Not until late yesterday afternoon were the bodies of the boy and the aged woman identified at the city morgue.

Samuel Book, the boy killed opposite 292 Jarvis street, was employed by Nathan Falk, clothing contractor, 147 Huron street, and lived at that address with his father, Daniel Book, 115 in Hamilton.

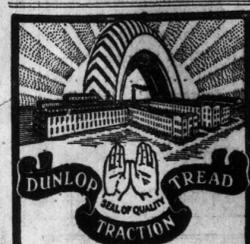

Witnesses say he started to cross the street just in front of the open motor car. He was struck and killed. Abo Orpen, Jr., the driver, was at once arrested and charged with manslaughter. He was released at 2 a.m. yesterday on \$5000 bail. He said he was going north on Jarvis street to his home to get some oil for the heavy roadster he was driving.

Yesterday evening the body of the woman killed by a street car on East Queen street was identified as that of Mrs. Charles Burnin, 35 Ontario street. Witnesses say she attempted to cross between Ontario and Berkeley streets and then stood on the car tracks, uncertainly which way to flee. The car was moving at usual speed. Mortimer J. Johnston (2000) and William Carmichael, conductor (1439) were in charge of the car. The police have made no arrests. Harvey Burton, who lives at the Dominion Bank apartment, Queen and Sherbourne streets, saw the incident. He says the woman was carried on the tender. Inquests are to be held.

ORDERLY DRANK TERRIBLE DOSE

Jack Stewart, an orderly at the private hospital of James H. Drinkwater, 257 Rusholme road, secured the key of the medicine cupboard yesterday, and withdrawing a pint bottle of whiskey and a tube of morphine, locked himself in the bathroom and proceeded to forget his troubles.

Stewart, it seems, had been given notice to leave, and in a fit of melancholy had taken the dose. About 10 o'clock the door was broken in and he was found unconscious. On discovering the loss of the morphine, which was not at first noticed, he was rushed to the General Hospital in Ellis' ambulance, where he lies in a precarious condition.

The Master Tire fills the bill by reducing the bill. You see "Tractions" on every style and make of car--on rear wheels, front wheels.

VETERAN IS DEAD. The funeral of the late George Frederick Sheppard, who died last Saturday, will take place from his late residence, 50 Stirling road, today. The body will be taken to Newmarket for interment, on the train leaving at 12 o'clock. Mr. Sheppard, who was a Queen's Own Veteran, and served in the Fenian Raid, where he won the double bar medal, leaves three sons and three daughters, all residing in Toronto.

THE SOCIETY CONDUCTED BY MRS EDMUND PHILLIPS

On their way west their Royal Highnesses the Governor-General, the Duchess of Connaught and their suite will pass thru Niagara on July 28. During their short visit here they will be guests of the Hon. Senator and Mrs. Loughheed, who will give a dinner in their honor.

Lundy's Lane was gaily decorated with flags on Saturday in honor of the centenary of the battle, and the whole population had turned out in gala attire. All the way up the hill to the cemetery, motors were backed up on either side of the road and chairs filled with every available spot between the flower beds on the boulevard. The troops marched from the armories, Niagara Falls, a detachment of the C. D. from Niagara-on-the-Lake, O.C. R. 48th Highlanders and Royal Grenadiers, Toronto, making a "brave showing." At the cemetery a platform draped with flags, had been built, and chairs for the distinguished visitors were set in the sun. The United Empire Loyalist Association was well represented, and the president, Col. Sterling Ryerson, spoke in his usual concise manner, after his honor, the lieutenant-governor, who was attended by Major Clyde Caldwell. The association placed a wreath of tiger lilies on the grave of the late Sir James B. Macpherson, the first loyalist, John Burch, who was buried there in 1797. Mr. Forster, who is painting a picture of Lundy's Lane, was among those present.

Col. and Mrs. Gooderham and a party spent the week-end at the Cleopatra at Niagara-on-the-Lake. Miss Margaret Scott, Miss Frances Scott, Miss Helen Banker, Mr. Stuart Banker, Mr. John Banker, Hamilton, and Mr. Hope Gibson, are on a camping trip to Timagami.

Col. Douglas Young and Mrs. Young went up to the Clifton House, Niagara Falls, on Saturday, from Niagara-on-the-Lake. Major Walter Denison spent the week-end at the Clifton, Niagara Falls.

Mr. Innes-Taylor and Mr. Robert Baird spent the week-end at the Queen's, Niagara-on-the-Lake. Mr. Baptist Johnston, who took the detachment of the Queen's Own Regiment to the Lundy's Lane celebration on Saturday, spent the week-end at the Queen's Royal, Niagara-on-the-Lake, returning to town today.

Mrs. A. H. Ireland and Miss Harriet Ireland are at the Clifton, Niagara Falls, and gave a party there at the week-end. Mrs. William Johnston returned home last week and goes over to the Queen's, Niagara, early this week. Dr. Margaret Donald Gordon is spending the week-end in Muskoka and will later spend several weeks at Erie, Pa. Mr. and Mrs. Frederick Kifer are staying at the Clifton, Niagara Falls. Mrs. George Bell and Miss Amy Bell are in Muskoka.

Mr. and Mrs. Vivian L. Cunningham of Jamaica went to the guests of honor at a small supper given recently by Mr. Lewis W. Clemens in the charming English garden at the Canadian Travel Club. Mr. and Mrs. William H. Christie, 676 Crawford street, have issued invitations to the marriage of their daughter, Isabel Maude, to Mr. John Turnbull Ruthven in the West Presbyterian Church on Thursday, July 30, at 8:30 p.m. Miss Cartwright, St. Hilda's College, visited to the west-end in September and will stay with Mr. and Mrs. J. H. Berryman.

Mrs. Wm. Roberts, Marguerette street, is visiting her son at "Seven Oaks," Ridout street, London, Ont. Mr. and Mrs. G. R. Sweeney spent the week-end at Niagara Falls. I. R. Smith, 124 St. George street, who has been in the London Hospital for the last two years, has now taken the degree of M.R.C.S. and L.R.C.P. Mr. and Mrs. E. Newton-Cooper, who have been the guest of Mrs. H. B. A. bride prepared to meet her husband. He drew an analogy between the visionary church of the apostles, and the new structure, which he said was no less the house of God, because it was the outcome of human hands. "This is your day of rejoicing," he said, "the day that God has made for you. Therefore lift up your hearts and rejoice, and thank the Almighty and your patroness, the good Saint Anne, who has helped you to accomplish this great undertaking to the glory and honor of our God and Father who is in heaven." The new St. Anne's Church is a gray stone structure of Byzantine architecture. The interior, which is decorated in white and gold, is beautifully proportioned, and the altar of white marble and onyx is worthy of a cathedral. Adjacent to the church is the pastor's house, also of gray stone, the two buildings having been completed at a cost of \$150,000.

The engagement is announced of Miss Frances Nelson, only daughter of Mr. and Mrs. Francis Nelson, to Mr. Noyes Bentley Cornell, only son of Mr. and Mrs. C. H. Cornell, New York. The marriage will take place quietly early in August. Mrs. J. C. Lester is on a visit to her old home in Quebec. Mrs. Lester will return about August 4th.

ST. ANNE'S CHURCH WAS DEDICATED

New East End Edifice Blessed by Archbishop McNeil.

OPENING CEREMONIES

Father Roche in Dedicatory Sermon Congratulates Parishioners.

In the shadow of the beautiful statue of their patroness, Saint Anne, which surmounts a marble shaft more than thirty feet high in the nave of the new church, high mass was conducted by the Rev. Father Flannigan at eleven o'clock yesterday morning. For the congregation of St. Anne's Roman Catholic Church, Gerrard and De Grassi streets, the occasion being the dedication of the new edifice. The magnificent new building, of which the cornerstone was laid on June 29, 1913, was filled to overflowing. Many of the worshippers were forced to stand on the church steps and follow the service thru the open doors. A number of dignitaries of the Catholic Church and visiting priests were present, and occupied seats in the chancel. His Grace Archbishop McNeil, assisted by the Rev. Father Thomas O'Donnell performed the ceremony of dedication and pronounced blessing on the new place of worship.

At the conclusion of the mass, the Very Rev. Father N. Roche delivered the dedicatory sermon. Taking for his text, the passage in the Apocalypse referring to St. John's vision of the new Jerusalem, descending from heaven "as a bride prepared to meet her husband" he drew an analogy between the visionary church of the apostles, and the new structure, which he said was no less the house of God, because it was the outcome of human hands. "This is your day of rejoicing," he said, "the day that God has made for you. Therefore lift up your hearts and rejoice, and thank the Almighty and your patroness, the good Saint Anne, who has helped you to accomplish this great undertaking to the glory and honor of our God and Father who is in heaven." The new St. Anne's Church is a gray stone structure of Byzantine architecture. The interior, which is decorated in white and gold, is beautifully proportioned, and the altar of white marble and onyx is worthy of a cathedral. Adjacent to the church is the pastor's house, also of gray stone, the two buildings having been completed at a cost of \$150,000.

WEATHER IS IDEAL FOR WHEAT CROP

C.P.R. Reports Area in West Suffering From Dryness Restricted.

MONTREAL, July 25.—The heads of large financial concerns on the other side have been anxious for the most reliable reports of crop conditions in the Canadian west, and have put themselves in communication with the president of the C. P. R. in consequence. The latter has been able to give the most reassuring reports. He made no arrests, yet they believe they know the assassin's identity.

These have been carefully sifted by Mr. George Bury, vice-president, in Winnipeg, before they are sent down to Montreal. The reports are thus a transcription of actual conditions. There have been certain spots in the west which have suffered from dryness, but the area is limited, while generally the weather has been ideal for the wheat, which is shooting up like a healthy yeast. Already the farmers are becoming anxious about help. Not that there is a lack of men in the surrounding towns and cities, but that there is difficulty in getting such work upon the land even for the harvest time.

Private Company Has Little Chance of Obtaining Contract to Do So.

HAMILTON, July 26.—According to city officials it is improbable that the city council will let a contract to a private company to collect and dispose of garbage. The concern has offered to do so for five cents per week per house. Archibald Kappelle, secretary of the works department, said that it was at present costing the city \$20,000 a year to handle its garbage. At five cents a house a week with 25,000 houses in the city it would cost about \$30,000 a year, and yield the company a good profit.

oil district in Alberta, making it more than probable that every long oil well will be struck, as every cent of money derived from the sale of stock will immediately be put into boring operations and general development of the property. One hundred thousand dollars cash was offered for "Monarch" holdings the night of the Climax strike, and it is therefore felt by those interested that to part with property valued so highly by the Climax cash was throwing away a golden opportunity. Therefore it has been decided by the Climax directors to develop the property for the benefit of the shareholders. The rapid advance in oil projects indicates that these shares are likely to rise in value before many days, and it is therefore advisable that intending investors lose no time in subscribing for shares.

ROSEDALE ADDED ANOTHER VICTORY

Montreal Fell Down Before Blue Shirts in Last Half — Locals in Form.

Rosedale again came thru a winner on Saturday when they entertained Montreal and finally beat them by the score of 9 to 3. The locals were too strong for the easterners, and after half-time it was nothing but a procession. The blue shirts were given a battle in the first two quarters, and at times Montreal forced the game into a tussle, but the peacop youngsters soon fell down before the veterans and the Rosedale came thru easily.

By the narrow margin of eight runs, Rosedale succeeded in defeating Grace Church cricket team in the City League match on the Varsity lawn Saturday.

NEW YORK STOCKS MADE SHARP RALLY

Report That Serbia Would Yield to Austria Was Responsible.

C. P. R. WAS UNLOADED

Panicky Conditions in European Markets Reflected in Abrupt Decline.

NEW YORK, July 25.—War clouds overshadowed the leading markets of the world today. The crisis in the Serbian situation again precipitated panicky conditions in London and on the continent. Rumer went to the extent of declaring that the French Government had deemed it expedient to stop trading in routes on the Paris Bourse. This proved to be untrue, but it was, nevertheless, a fact that absolute demoralization prevailed at the French capital, with similar if not worse conditions in Berlin and Vienna. London's depressed level at the close there was reflected in the extreme heaviness of our opening. Canadian Pacific losing 2 1/2, with a loss quite as great for Northern Pacific, while many of the other internationals fell one to two points. The decline was accompanied by a greater degree of activity than on any previous day of the week.

A Vigorous Rally. Midway in the session vigorous support was extended and the market rallied all around, some of the important shares closing at substantial gains. The recovery synchronized with cables from London and Vienna, indicating that Serbia would probably yield to Austria's demands. These advices came too late for use on foreign bourses, but ought to prove effective at the beginning of next week's operations. Little of interest was noted in domestic affairs, aside from the announcement of further gold engagements for export to Paris next week. These were not unexpected, in view of the further rise in the gold and substantial additions to the gold reserve in the last few days are altogether probable.

MONTREAL MARKET STRONGER AT CLOSE

C. P. R. and Brazilian Partly Recovered Losses After Heavy Recessions.

MONTREAL, July 25.—Outside liquidation as well as local selling carried prices in the stock exchange off sharply on Saturday, but after a bad slump at the opening, the majority of issues rallied and closed at the highest prices of the day which, however, were substantially below the range of the previous day. The industrials, C.P.R. and Brazilian, were particularly noticeable in this respect. Investors were obliged to liquidate their holdings with the result that the opening rate of C.P.R. at 17 1/2 showed an eight point loss of 4 1/2 above the place until it reached 12 1/2, where it closed with a net loss for the day of 1 1/2 points. Brazilian movement was much of the same character. The opening sale at 6 1/2 was four points lower, but it rallied and closed at the highest price of the day, 6 1/2, with a loss of two points. Local issues generally lower, but held their ground after the above stocks. Trading for the half day was larger than on any day during the week and totaled 7677 shares, 2000 mines and 8766 bonds.

WHAT THE TAPE SAYS

Russia has come to support of Serbia against Austria and nations of the German European war in the balance. Germany is certain to back Austria. Washington certain that Carajal and Carranza will settle everything disturbing Mexico internally. T. W. Gregory, government prosecutor, in instituting New Haven suits, says door to settlement is not closed to road. Administration supporters fear Warburg will ask to be dropped. International and Great Northern note holders want more collateral and interest for extension of \$11,000,000 notes, due Aug. 1. Delegation of business men, representing over one thousand wholesale houses, to call on President Wilson next Wednesday and discuss business conditions. Average price of twelve industrial stocks off .80, twenty rails off .30.

DIVIDENDS

Quebec Bank has declared the regular quarterly dividend for the season up to July 18 totaled 438,256 boxes, compared with 511,547 last year and 422,765 boxes in 1912, or a decrease in the two years of nearly 200,000 boxes. The shrinkage is attributed partly to increased home consumption and a decline in the manufacture of cheese for the latter.

LESS CHEESE EXPORTED THAN IN FORMER YEARS

MONTREAL, July 25.—Exports of cheese from Montreal for the season up to July 18 totaled 438,256 boxes, compared with 511,547 last year and 422,765 boxes in 1912, or a decrease in the two years of nearly 200,000 boxes. The shrinkage is attributed partly to increased home consumption and a decline in the manufacture of cheese for the latter.

UNANIMOUS IN SCHEME TO ORGANIZE.

MONTREAL, July 25.—Another step toward the reorganization of the Canada Iron Corporation, which is now in liquidation, took place yesterday when the unsecured creditors met at the court house and approved a plan for reorganizing the concern. About 80 per cent. of the creditors were represented at the meeting, and were unanimous in adopting the scheme.

INCREASE IN DULUTH SUPERIOR EARNINGS

Fussinger earnings of the Duluth Superior Traction Company for the third week in July are \$27,251.31, as compared to \$26,483.90 in 1913. This is an increase of \$767.41, or 2.9 per cent. For the month to date they are \$82,251.31, which is an increase of \$1,028.77, or 1.3 per cent. For the year to date they are \$708,242.96, compared with \$667,578.65.

FARMING, LIVE STOCK, HORTICULTURE AND EVERYTHING OF FARM INTEREST

BIG INCREASE IN ACREAGE UNDER CULTIVATION IN SASKATCHEWAN

Department of Agriculture Issues Interesting Report Showing the Various Increases—Not So Much Barley Sown as Expected, and Flax Shows Slight Falling Off—Decrease in Farm Values.

The preliminary estimate of the Saskatchewan department of agriculture of the acreage under cultivation and sown with the four principal grain crops shows an increase of 2.5 per cent over last year. Wheat, with 6,083,522 acres under cultivation shows an increase of 2.5 per cent over last year. Oats have increased by 154,949 acres, or 5.34 per cent. There has not been much barley sown as expected, the report showing only 6,360 acres, or 2.07 per cent, while there is a decrease of over 20 per cent in the acreage this year is placed at 313,720, which is 152,417 less than last year. The total for the other grains for the entire province are: Oats, 2,782,611; barley, 313,487; and flax, 814,720 acres.

The report goes on to state that the operations for 1914 began about April 15th and were completed by May 15th. The crops, although patchy and uneven, some districts of the western section of the province are now looking healthy and making good progress. Less grain was sown on stubble this year and more land is being summer-fallowed each year. The soil in most parts of the province, according to the report, was tilled much better this year than ever before, the farmers seeming to realize that well-tilled soil would more than repay the work put on it.

Stock Raising Increases.—A special paragraph refers to the gradual tendency of the farmers to turn toward stock raising and mixed farming. "The process of change towards mixed farming," says the report of the statistics branch, "is gradually taking place and will undoubtedly result in a permanent and stable form of farming. All of Saskatchewan is not suited to the same type of mixed farming, but the areas are found to be advantageously affected either by the increased raising of stock in some parts of the province or the increasing feeding of them in others. Abandoned farms are being taken up and a greater feeling of security prevails amongst the agricultural community."

The report goes on to show that there has been an increase of 25 per cent in the number of sheep, hogs, and milch cows bred or imported during the year. There have been less horses imported, but the breeding has continued to improve and the tendency seems to be toward stock raising.

Land Prices Decrease.—The price of land per acre shows a decided decrease as compared with last year, while the price of stock is even more marked in comparison with the values in 1913. The average price per acre for the province in 1913 was \$15.30, but for 1914 it was \$12.40 for improved and \$16.75 for unimproved. For this year the prices for improved and unimproved lands were \$14.25 to \$19.85 for improved lands.

With regard to wages for farm hands the preliminary report shows a decrease of 10 per cent, and states that there is little demand for the services of farm hands. The average wage paid in the province is \$25 per month with board, and \$31 to \$40 per month without board. There continues to be a good demand for farm hands, and consequently there is a slight increase in the scale of wages offered.

BETTER FARMING IS PROMOTED BY TRAIN

Government Experiment in Saskatchewan Has Proved a Decided Success.

REGINA, July 26.—The government "better farming" train has been a complete success, the sections at the various towns along the railway lines having been very largely attended. The cost of this work to the government has been in the neighborhood of \$8,000. This expense represents only a portion of the cost as the Canadian Pacific Railway has borne the entire cost of operation of the train, the government only paying for the up-keep of the exhibits and the salaries of the lecturers in charge.

WINNIPEG GRAIN MARKET.

WINNIPEG, July 26.—Rumors of war, which may involve Russia, caused a sweeping advance on the Winnipeg market this morning. Opening prices were 1/2 to 1/4 higher for wheat, December. Oats were higher for both months, and flax 2 to 5c higher. Following the opening trading was active and prices around the high points. Crop conditions locally were barely taken into consideration, the European situation overshadowing all else. Closing figures were 1/4 to 1/2 higher for wheat, flax being 1/4 to 1/2 higher. The cash and export department was demoralized owing to the advance. Flax offerings were absorbed eagerly. Cash grains closed: Wheat, 1/4c higher; oats unquoted; barley unquoted, and flax 4 1/2c higher.

TO INVESTIGATE ANIMAL DISEASES

Million Dollar Endowment to the Rockefeller Institute for Medical Research.

The Rockefeller Institute for Medical Research, an institution founded by John D. Rockefeller, has recently made the important announcement that the sum of one million dollars has been added to the general endowment fund of this institution for the investigation of animal diseases.

In our investigation heretofore conducted by the institute, the study of human diseases, and this new departure will be of the greatest value to the general endowment fund and with animals. For instance the enormous loss from hog cholera alone last year runs well up into the millions. In this connection it is interesting to note that Mr. James J. Hill has given, as an additional endowment to the same institution, \$50,000 for the special investigation of hog cholera.

The Rockefeller institute has a world wide reputation for the carefalsness and thoroughness of its investigations, and as a result of its work, great progress has been made in the combating of dangerous diseases. The new fund of one million dollars has now been added to the institute, and the progress of the investigations will be watched with great interest.

REGINA BECOMING LIVE STOCK CENTRE

Pressing Need for Stock Yards and Abattoir is Now Felt.

REGINA, July 26.—A stock yards and abattoir is badly needed at Regina to take care of the large numbers of cattle, sheep and swine raised in the province. Representatives of five producers' associations of Saskatchewan waited on the Saskatchewan Government at Regina, recently, to present resolutions urging immediate action to secure an adequate market for the live stock raised in the province. This action on the part of these associations shows the urgent necessity of the establishment of stock yards and abattoir without delay.

TAKE CARE OF FALLEN FRUIT

To Leave It on Ground Allows Diseases to Spread the Following Year.

When fruit falls from the tree before it is ripe it is usually an indication that it has been attacked either by insects or fungus diseases, and to permit it to lie in situ to allow the insects and diseases to spread more easily the following year. In cases where there is a very heavy crop of fruit on the trees a large proportion will not be able to ripen and will gradually fall off. Whatever the cause for the dropping of the fruit it should not be allowed to remain on the ground. It will sometimes be a very tedious job to gather all the small fruits up and destroy them, but the time will be well spent and too much importance cannot be placed on the practice.

When fruit has been attacked by insects the tendency is for it to ripen early before it is mature, which will cause the fruit to drop. If this fruit is examined the larva of the insect will very often be found in the fruit. In the case of the codling moth and other insects of a like nature the larva or worm comes out of the fruit and enters the soil on the ground and goes into the earth to pupate. If the drops are collected and burned these worms will be destroyed. One of the most important factors in the keeping in control of the insects is the systematic gathering of the fallen fruit at frequent intervals.

BIG WOOL SHIPMENT MADE FROM REGINA

Seventy Thousand Pounds Sent to Boston Thru Government Agency.

REGINA, July 26.—The final shipment of wool sold by the farmers of Saskatchewan to a firm in Boston, Mass., thru the medium of the Saskatchewan department of agriculture, has been shipped from Regina. Four cases in all, containing 70,000 pounds of wool, have been shipped from the government agency since shipping first began. The wool has been sold at 17 3/4¢ per pound, which is a better price than the farmers could have obtained individually. After paying charges the farmers will net 17.54¢ per pound.

SHIPPING CATTLE AGAIN.

LIVERPOOL, England, July 25.—After a week's stoppage, shipments of cattle have now been resumed from all Irish ports, with the exception of Dublin and Waterford, for slaughter at port of landing. So far the supplies have not been of good quality, and the demand just falls short. The price for steers, 10c to 15c per pound for steers and heifers,
