## Judge Mabee's Funeral

While the little lakeside town of Port Rowan was draped in black, with its streets silent and stores closed, a casket containing the remains of the late James Pitt Mabee was lowered into a grave yesterday afternoon. Hundreds of Canadians—jurists, lawyers, politicians, railway officials, villagers—who knew and loved Judge Mabee stood with bowed heads as Bishop Williams of Huron conducted the service. The casket was placed in the family plot in Bayview Cemetery on a hill on the edge of the town overlooking Lake Erie.

The special train sped westward carrying the late judge and those who came to pay a last and silent tribute of respect and love, at different stations en route, flags were at half mast. At Hamilton Mayor Lees and other city officials and members of the board of trade boarded the train, and as the conveyance drew nearer Port Rowan more friends came at different stations. At the destination a large crowd on the depot platform and waiting for the casket's removal to the hearse and then the cemetery.

A large number of magnificent wreaths were in the baggage car, near where the casket lay. They came from many people and societies from as far west as Regina, and as far east as Montreal and Ottawa.

**Prominent Mourners.**  
At Port Rowan station the train arrived about 1 o'clock. The elderly man was given accommodation in vehicles for the journey to the chapel and the cemetery.

In the first conveyance were seated five judges, Their Lordships Sir William Mabee, Britton, Sutherland, Clute and Teezell. Then came Bishop Williams and Rev. J. P. Bloodworth, the rector of St. John's Church, both former intimate friends of Judge Mabee.

The pall-bearers were: Sir William Mabee, G. G. McPherson, K.C., crown attorney Perth County; Hon. Justice Teetzel, C. W. Band, Toronto Board of Trade; M. K. Cowan, K.C., ex-counsel G.T.R.; D'Arcy Scott, vice-chairman railway board.

Among those who attended the funeral were:

**Among Those Present.**  
Chief Justice Sir Charles Moss, Chief Justice Sir William Meredith, Chief Justice Sir Glenholme Falconbridge, Chief Justice Sir William Mabee, Mr. Justice Middleton, Mr. Justice Kelso, Hon. T. W. Crothers, minister of labor, and Hon. A. E. Kemp represented the Dominion Government; Hon. Dr. Pyne, minister of education, represented the Ontario Government.

D. McNeill, vice-president; J. W. Leonard, general manager; Angus MacMurchy, K.C.; E. W. Beatty, A. R. Coelman, K.C., and M. H. Brown, divisional freight agent, represented the Canadian Pacific Railway.

U. E. Gillen, superintendent of the central division; E. J. Lynch, superintendent of the northern division; Lorne McDonald, divisional freight agent; A. R. Duff, district passenger agent, and W. H. Farrell, terminal superintendent, and J. J. Beck, station superintendent, represented the Grand Trunk Railway.

The head officials of the company at Montreal were unable to attend because of the late C. M. Hays' funeral there to-day.

D. J. Hanna and F. H. Phippen, K. C., represented the Canadian Northern Railway.

The City of Toronto was officially represented by Mayor Geary, Controller T. L. Church and H. L. Drayton, corporation counsel, and the board of trade by nine members.

The Canadian Manufacturers' Association was represented by R. S. Gowley, S. R. Parsons, James E. Walsh, G.

## MAY ERECT MONUMENT

The latest names mentioned are those of G. Lynch Stanton, K.C., of Hamilton, and of Hon. F. H. Phippen, chief counsel of the C. N. R. system, but no appointment is likely for several weeks at least.

**MAY ERECT MONUMENT.**  
OTTAWA, May 8.—The suggestion has been made to the government by a number of admirers of the late Judge Mabee that a monument in his honor be erected. It is very probable that the suggestion will be acted upon. The monument would be erected in either Ottawa or Stratford.

## CHATHAM'S RIFLE RANGES

CHATHAM, May 8.—(Can. Press.)—Work on the erection of the rifle ranges for the 24th Regiment at Erie Beach will be started shortly and will be completed in time for practice early in the summer.

The Nagie farm on the lake front was purchased some time ago for the site and the money required, \$7,965, has been received by the officers. Colonel D. J. O'Connor of Ottawa, an old Stratford friend of Mr. Mabee; Clive Pringle, Ottawa; E. B. Reese, Winnipeg; J. Maloney, legislative representative of the Railway Trainmen's Union; Calvin Lawrence, legislative representative of the Brotherhood of Locomotive Engineers; R. A. Pringle, ex-M.P.; Cornwall; A. F. Charlton, M.P.; T. C. Irving, Dr. T. J. Palmer, and T. P. Phelan.

## STANTON AND PHIPPEN NAMED

OTTAWA, May 8.—Speculation is rife as to the possible successor to Hon. J. P. Mabee as chief of the railway commission.

The members of the Dominion Railway Commission present were: D'Arcy Scott, vice-chairman; Dr. Mills, A. J. McLean, and A. S. Goodhue. The members of the commission's staff were: George Mountain, chief engineer; A. J. Nixon, chief operating officer; Jas. Hardwell, traffic officer; A. V. Cartwright, secretary; E. A. Prineau, assistant secretary; R. Richardson, secretary to the late chairman, and E. C. Jalonde, James Clark, and James Ogilvie, inspectors.

Amongst many others were D. Henderson, M.P., Elton; John Ferguson and H. B. Nichols, North Bay; Thos. Marshall, secretary of the Canadian Freight Association; David Wood, legislative representative of the Allan Line; D. J. O'Connor of Ottawa, an old Stratford friend of Mr. Mabee; Clive Pringle, Ottawa; E. B. Reese, Winnipeg; J. Maloney, legislative representative of the Railway Trainmen's Union; Calvin Lawrence, legislative representative of the Brotherhood of Locomotive Engineers; R. A. Pringle, ex-M.P.; Cornwall; A. F. ## NO SURRENDER OF MISSIONS

Methodist Episcopal Conference at Minneapolis Favors Invasion of Greek and R. C. Strongholds.

MINNEAPOLIS, May 8.—(Can. Press.)—Without debate but in a slightly modified form, the general conference of the Methodist Episcopal Church, in session here, to-day adopted the resolution presented Monday by W. F. Rice of Chili, which protests against the action of the ecumenical missionary conference in Edinburgh recently, which set aside all Protestant mission work in Greek and Roman Catholic countries, and which caused strenuous discussion at that time. The resolution, in part, is as follows:

"Whereas, in all those lands which form a large part of the missionary field of the Methodist Episcopal Church, the teaching and practices of Rome deprive of the Bible, pervert many of the loftiest doctrines of Christianity and foster superstitions, which alienate sympathies and bind heavy burdens upon the poor; therefore, be it resolved, that the Methodist Episcopal Church recognizes its duty to prosecute its missionary enterprises in Greek and Roman Catholic countries with increasing zeal.

"Resolved, that we feel the deepest sympathy and love toward the priests and people within the Greek and Roman Catholic churches, who are working toward a more spiritual interpretation of the Christian faith."

The conference, in a din of cheering which lasted for several minutes, also adopted a resolution presented by Rev. Robert Stephens of Danville, Ill., which prohibits the election of any officer of the general conference, which includes

## NEW TRANSMISSION LINE

A voltage of 86,000 and a capacity of about 70,000 horsepower will be obtained by the new transmission line of the Toronto Power Co. The voltage of the old line is at present 60,000, but this will be increased to 86,000 also, giving a total capacity for the Toronto Power Co. of 140,000 horsepower. The new line will be completed in four or five months.

"We have more demand for power than we can supply now," said Sir William Mackenzie yesterday. "We will use the additional current required for the street railway and our other services in general."

## French Liner Makes Good Time

## Ill-Health and Success

Is ill-health in the way of your success? Do you lack the energy and vitality, the red blood which is necessary to good health and success in life? What have you done to overcome this condition? For it can be overcome by a little patient treatment.

There are combined in Dr. Chase's Nerve Food the elements which go to form new, rich blood. By using this food cure regularly you increase the quality and quantity of blood in the body. The weakest nervous system, the rich blood and become revitalized. Mind and body regain snap, vim, energy and all that accompany health and strength.

Nervous headache and indigestion, nervous prostration and exhaustion drive away when this great restorative treatment is used to put new health and vigor into the blood.

## Lumbago Cured Every Ache Gone

Thousands Still Suffering That Can Be Quickly Cured by "Nerviline."

The Case of Harold P. Bushy

"Three years ago I discovered that I was subject to lumbago might just as well be dead as alive." These words open the sincere, straightforward letter of H. P. Bushy, a well-known man in the plumbing and tin-smithing business.

"One attack came after another and lumbago got to be a chronic thing with me. I could scarcely get in a day's work before that trifling, cruel pain would attack my back. I used a gallon of liniments; not one of them seemed penetrating enough to get at the core of the pain. I read in The Montreal Witness about Nerviline, and got five bottles. It is a wonderful medicine—I could feel its soothing, pain-relieving action every time it was applied. When I got the disease under control with Nerviline, I built up my strength and fortified my blood by taking Ferrigno at meals. This treatment cured me permanently, and I urge everyone to give up the thick white, oily liniments they are using and try an up-to-date, penetrating pain-destroyer like Nerviline.

"Please publish my letter the world over, I want all to hear of Nerviline. Don't be fooled into receiving something from your dealer but 'Nerviline.' Large family size bottles 50c. Trial size 25c. All dealers of Catarrh's Co., Buffalo, N. Y., and Kingston, Canada.

However, Some Gladiators May Quit Before Day of Battle on May 15—Conservatives Making Determined Effort to Rout Cabinet Members—Liberals Pin Faith to Gouin's Record.

MONTREAL, May 8.—(Can. Press).—The nomination of candidates for the provincial election, which will be held on May 15, took place to-day.

The Liberals are making their appeal on the strength of Sir Lomer Gouin's careful progressiveness in finance and the good roads, education and temperance policies.

The Conservatives have all spoken in favor of autonomy for Montreal, holding that the rest of the province merely imitates this city.

Confidence prevails on both sides, and the fight, as a rule, has been conducted with a complete absence of the spectacular.

The list of candidates as now reported is as follows:

Union Jack at 8 to 1 Lands Sixth — Surprises in the Mud at Pimlico — Lexington Results.

BALTIMORE, May 8.—With mud feet deep, the fields as a rule were small at Pimlico to-day, but there was a big turnout to witness the running, which proved interesting and provided good sport. At the very outset Stockton and Latent were handicapped, but Honey Bee, with Ambrose up, won handily. In the Owners' Handicap, Rai Parr's St. Abe went to the post a favorite and was expected to lead, but following behind Algie, who, with Garter, ran out at the second jump. It was in the seventh hurdle that the starting upset came. Profile, at 30 to 1, did for his owner, Evans, what his father's prototype, Idgrim, did for his. By winning in the face of hostile odds, and also greatly surprising her friends by setting the place, Union Jack, too, in the first race, was a small favorite, although the real knowing ones had picked him as a winner early.

## FIELD DAY AT THE WOODBINE

Heresy Negotiates Plate Distance Impressively in 2:13 1/5 — Amberite Also Goes Fast.

Yesterday was field day for the sisters at the Woodbine. Nearly all the prominent candidates for the stakes were given good workouts, and the time they made was the best up to date. The track was in almost ideal condition, and the circumstances could hardly have been better. For the first time the sun shone bright and warm, and also for the first time there was a fairly representative gathering of the gentlemen known as racegoers.

## BICYCLES ARE HELPING THIS

Great increase in use of bicycles is largely due to bad car service.

## Peterboro Trotter Is Reinstated by Board of Review

NEW YORK, May 8.—A woman pleading before the board of review of the National Trotting Association to-day was a feature of the proceedings, which are usually confined to men. Mrs. W. J. Whitton of Peterboro, Canada, appeared after her husband had twice failed to turn the board in his favor, and won the case of the Lady of the Lake, the trotting mare which Whitton bought in alleged good faith as Susie Hal, to discover later that the horse was disposed as a "ringer" in 1910. Susie Hal was reinstated, after Mr. Whitton paid \$305 to get the mare back into good standing. Other decisions announced by the board were: Application of W. H. Hickman of M. J. Morris, Pa., for removal of exclusion against him and the chestnut mare Plathead, granted. Fred Mildred, formerly Melba Chimes, with a mark of 2:24, was ordered suspended pending the return of her unimpaired winnings. Emmet J. Mangan of Birmingham, N.Y., and the black mare Miss Arcata, formerly Bessie Lightfoot, were expelled, and charges against J. H. Kilmer, also of Birmingham, were dismissed. The St. Barnabas Cricket Club would be glad to arrange games with any club on following dates: May 28, away; July 1 Sept. 2, holidays, all day games, away; Sept. 7, at home. Secretaries are asked to address H. Wright, 20 Wood, Burlington. City buyers included

## AMATEUR BASEBALL

Don Valley League games Saturday: 2 o'clock, Riverdales v. Strollers; 4 o'clock, Rock v. L.C.B.U.; 6 o'clock, Jabot v. Strollers.  
All players of the Bellefair baseball team of the East Toronto Senior League are requested to be out for practice Thursday evening in New Gardens not later than 8:30 p.m., as the team will be picked to play Crusaders in the opening game Saturday next.  
The Bartenders' Union ball team will play a return game with Thompson's Strollers this afternoon at 2:30 at Vermont Park.  
The Royal Canadian game arranged for to-day in Hamilton has been called off. The Royals practice Friday night on the Don Plaza.  
Owing to the Judean A.C. running their smoker to-night in the Labor Temple, the baseball team will practice Friday night at the Technical grounds. All players are requested to be on hand as early as possible.  
The C.P.R. district passenger agents' office team defeated the N.P.R. depot ticket office in a fast game of baseball at Vermont Park last night by the score of 2 to 1. The pitching of Trenton for the winners and Holden for the losers, the fielding of McCallum and the stick work of Roberts for the depot team were the features.

## AMATEUR BASEBALL

On the opening of the Northern Senior Baseball League last Saturday afternoon at Varsity Stadium the fans were struck with the excellent condition of the diamond. In fact, many asserted that the diamond was equal to that at the Island Stadium, with the four lines and batting box neatly marked out and the pitcher's box raised. The diamond is laid out close to the main grand stand, giving an excellent view of the game. The right field is a trifle short, but at that a mighty feat is required to put the ball in the right field bleachers. The grand stand is completely shaded in this afternoon, and the patrons of this league are assured of every comfort, and also baseball of the highest caliber. Many of the best senior amateur players in the city have thrown in their lot with the teams of this league and no doubt a whole lot more of them will be there before the season is far advanced, as the convenience of having properly equipped dressing rooms, a closed diamond, and a well-conducted league are strong inducements for any ball player.

MONSTERS OF THE DEEP.

Some idea of what has become of the Titanic's accessories, which now lie at or near the bottom of the Atlantic, is gained from the fact that the ocean water at depths of a mile or more is so dense, and its pressure so great, that glass bottles forced down into it are crushed to powder and tubes of metal are twisted and flattened out of shape.

Yet living creatures inhabit these dense and heavy depths. From the under-world of the sea, where the pressure is two and one-half tons to the square inch, the explorers dredge bring up curious fishes, with bodies constructed with special reference to this environment of weight.

Their bony and muscular systems are not fully developed; the bones are permeated with pores and fissures. The tubular matter is at a minimum, and the bones of the vertebrae are joined together so loosely that the larger fishes often fall apart while being taken out of the water. The muscles are all thin, and the connective tissues seem almost wanting. Yet these fishes are able to dart about and capture their prey.

It is another interesting fact that no light penetrates these ocean abysses all below two hundred feet beneath total darkness.

Another adaptation of the deep-sea inhabitants. They carry lanterns. Many of these deep-sea fish have special organs upon their sides and heads that are known to possess a luminous quality.

One of the largest of these deep-sea torch-bearers is a fish six feet long, with a tall dorsal fin extending nearly the entire length of the body. Along the sides of the body is a double row of luminous scales. One of the most famous of these deep-sea forms is a more forbidding monster. The fins are all tipped with flaming spots. While along the dorsal surface extends a row of spots that appear like so many windows thru which light is shining.

The little fishes called "Bombay" are luminous over their entire surface, and when numbers are collected together they present an astonishing spectacle. Another species has a jaw so arranged that it can swallow fish twice its size and easily swallow them.

The stomach has the elasticity of india-rubber. It stretches to enormous proportions, and swallows like a great transparent balloon hanging under the fish, and containing its prey.

The last expedition sent out by the Prince of Monaco brought to light some remarkable forms. The dredge of Monaco brought up from a depth of one and one-half miles a fish that appeared to be all head or mouth. It was of small size, and the length of the mouth was about four-fifths of the entire body; so that if the body had been severed behind the head, it would have been three like it could have been stored away in its capacious pouch. It probably moves very slowly.

His Profession. Just now a lot of stories are being told in legal circles about Mr. Justice Lawrence, who retired the other day after serving as a judge of the King's Bench Division for twenty-two years.

Most of them relate either to his suave manner or to his awful handwriting.

He was once passing sentence on a man, and in the course of his preliminary remarks he referred to him as "a professional burglar."

The prisoner raised loud protest from the dock.

"Here," he exclaimed, "I dunno wot you meaf by callin' me a professional burglar. I've only done it once before, an' I've bin nabbed both times."

Mr. Justice Lawrence beamed upon him.

"Oh, I did not mean to say," he remarked in his most suave manner, "that you had been very successful in your profession."

STAINS OF HUMAN BLOOD ON GIBSON'S CLOTHES

Continued From Page 1.

ness, pointing directly at Gibson, who looked down, cast a furtive glance at his accuser and then again cast his eyes to the floor.

He saw him first on Wednesday. He came to my house and said he wanted to see Rosenthal. He said he had some goods for him. He said he did not want to deal with anyone else. Rosenthal asked me to come into the deal. Smith said he would not sell to the two of us.

"I told this to Rosenthal, but afterwards he said it would be all right. Rosenthal said he knew the boy all right and would meet him opposite the city hall. This was on Thursday. Smith left me to see Rosenthal at my house Wednesday.

Would Be Partners. Rosenthal said he would be a partner with him if I would come along with him. We went to the hydro-electric Thursday night. We saw this man, Smith, there that night on the bridge.

He had a check, but Rosenthal told him, while Smith was there, that Smith would not accept a check. They talked half an hour and went away.

No One Else There. He saw Smith again Friday night about seven o'clock on the bridge. He had 800 from the cheque which he cashed. He gave Rosenthal 50 that night. There was no one else there.

Rosenthal told the witness that he was going with Smith to make the deal, and he waited on the bridge, as they told him, by the hydro-electric, or Strachan avenue. Just Rosenthal and me and this man were there.

Did Talking. Rosenthal and Smith did the talking. Rosenthal told the witness that they could do nothing that night, but must wait till the next night. Rosenthal told him that they were to buy copper that night. Rosenthal said they would need about 800. He had no money with him the first night.

Waited Some Time. Dunkelman said he waited half an hour or a little longer. He saw when they went to the building at the rear of it.

Rosenthal asked him when they were on the bridge, and he gave it to him.

"Then Gibson came out and said that Rosenthal," said Dunkelman, "had better go down with him to the yard, and he could see the stuff."

"Then I asked him where was Rosenthal," continued Dunkelman, "and he said that Rosenthal would come out at the back door. Then he said to me: 'Do you see it lighting?'"

"What happened then?" asked Mr. Greer.

"I asked him then, 'Where is Rosenthal?' and he said he would be out soon and told me to look at the lightning, and I looked up. I received a smash on the head and dropped from one of the wires and he struck me on the head. It was dark. We could see ten feet about us, and could see someone approaching for that distance."

Saw a Hammer. "It was daylight when I came to myself. I saw a hammer lying on the ground near him. I got up and began to walk both ways."

He said he knew where he was. It was the Hydro-Electric yard. He did not know whether I had any money or not. He got on a street car, but the conductor put him off because he was covered with blood.

To Mr. Bond, Dungenham said that he has sometimes paid for the money and cannot remember as well as before.

"Why did you tell your child that three men had hurt you?" asked Mr. Bond.

"I don't remember saying that," replied Mr. Bond.

"Why did you tell your child that you had fallen from a wagon?"

"I don't know," replied Mr. Bond.

"Did you ever buy any wire from the hydro-electric?"

"I bought once at William street."

He bought from the man in charge at William street. He bought aluminium there also. His driver removed the stuff.

Did Not Know. He did not know that the goods which they were to buy that night were supposed to be stolen.

"Who were the two men that you saw there with Gibson?"

"I did not see any three men. I saw only one. People passed, but they went on and had nothing to do with us," he replied.

"What were Rosenthal's last words to you when he left you?"

"He said he was going to make the deal."

"Could you have seen two other men there had there been two other men there?" persisted the counsel.

"I could have seen them, but they were not there."

Human Blood Stains.

Chief Coroner Johnson told of the analysis of stains found upon clothing which was left by Gibson in a rooming house in Church street, where it was recovered by Detective Mitchell. He said that he had first ascertained that the stains were blood. Then that they were human blood and lastly that they were undoubtedly blood.

The stains were about the middle of the front part of the clothing and that one spot in particular looked as if it had spurted out upon the clothing. He said that there were other stains numerous stains upon the lower parts of the clothing, which looked exactly like those which had been analyzed, but he thought it necessary to analyze.

Rudder Post of Largest Ship

"As big as a barn door" can no longer serve as a comparison. The rudder of a great ocean liner. The stern post, or hinge, on which the rudder in a world will turn, is shown in the accompanying photograph. The casting is a detail of the largest ship in the world, the S. S. Imperator, of the Hamburg-American Line.

The figure standing at the lower left of the casting is not a Lilliputian, as might be supposed, but a workman of average size. The huge casting, which is fifty-three feet four inches in height, or rather higher than an ordinary house, serves as the stern post of the great liner. The casting is in two parts and weighs 100 tons. The lower section is the stay in which two of the four screw or propeller shafts turn. The rest of the ship is, of course, proportionately large. The Imperator measures 900 feet in length, 96 feet in width, and has a tonnage of 50,000. She towers nine decks above the water-line, a veritable skyscraper, accommodating 4,250 passengers, and a crew of 1,000. The Imperator will be launched at Stettin, Germany, in May, entering the transatlantic service the following spring.

FATAL RIOTS IN PENNSYLVANIA COAL FIELDS

PHILADELPHIA, May 8.—(Can. Press)—The situation in the anthracite coal regions is believed to be growing more serious hourly.

To-day's shooting of three foreign speaking miners at Minersville, in the Schuylkill region, by state troopers, has had the effect of embittering the foreigners. It is said to-night that two of the men have absolutely no chance of recovery.

The shooting was the result of an attempt of a mine superintendent to take a pumpman and repairman to a colliery.

At a meeting held to-night at Minersville, at which all Americans were barred, threats were made against the troopers, and the miners assembled say that they are determined to prevent work being done at any of the collieries in the Minersville section to-morrow.

It is feared that if the troopers attempt to carry out their avowed intention to search the foreigners' homes for fire arms to-morrow it will mean a day of bloodshed for Minersville.

A riot proclamation has been issued by Sheriff Murphy warning all citizens not to assemble in crowds on the streets or commit overt acts.

The leaders of the United Mine Workers are doing all in their power to prevent bloodshed, and are cautioning the foreigners against making any demonstration against the troopers.

Dispersed Crowd of Thousands.

At Shenandoah the state troopers were called out to-night to disperse a crowd of several thousand, which had assembled on the main street because of trivial incident, but there was no violence.

Tracks of the Natick branch of the Reading Railroad, near Shamokin, were dynamited late to-day, several rails being torn from the ties. The road leads to the Natick colliery, which, however, has been idle since the suspension of work on April 1.

There is an increasing feeling of uneasiness in the Scranton district. Eighteen state police of Troop A, from Gettysburg, arrived to-day for patrol duty in the region north of Scranton, where violence broke out yesterday and was continued to-day. Women are the chief disturbers.

Two arrests for assault were made in Scranton to-night, the victim being a crippled German returning from work.

Tried to Dynamite Train.

Dynamite was found fastened to the Erie tracks near Scranton to-day in time to prevent the blowing up of a freight train.

George Owen, who was shot at a colliery last night during an altercation with a mine worker, because he persisted in working during the suspension, died in a hospital at Portsville to-day.

75c a Week Gives You a Piano.

On arranging with the old firm of Heintzman & Co., Ltd., 193-197 Yonge-street, Toronto, one may purchase a good square piano of such well-known makers as Chickering, Miller & Son, Steinway and others, at prices ranging from \$85 to \$150; and a payment of 75c a week is all that is necessary to have one of these instruments placed in your home. If out of town write the firm for list of these instruments.

NONOGENARIAN WILL CHRISTEN BOAT.

KINGSTON, May 8.—(Special.)—Mrs. Elizabeth Grimason, one of the city's oldest residents, will celebrate her 90th birthday on Saturday, and on that day will christen the new government steamer Belle Chase, which will be launched at the drydock. It will be a unique event, as Mrs. Grimason was present in 1821 at the formal opening of the government drydock.

Mrs. Grimason was an intimate friend of Sir John A. Macdonald and worked for him in every election.

W. K. McNaught, M.L.A., and Mrs. McNaught returned to Toronto yesterday morning after an absence of several weeks at Atlantic City.

Mrs. Bob Davidson, Crescent-road, gave a bridge party of nine tables this week.

Mr. Robert Baird is leaving for Scotland this month.

Mr. and Mrs. Charles Michie are in Atlantic City.

Mr. and Mrs. Arthur Russell have returned from their wedding trip and are boarding on Bloor-street for the present.

Mr. and Mrs. Henri Soydam are in London, England.

Earnccliffe was the scene of a dinner party on Friday evening when Mrs. Charles Harties entertained in honor of Miss Pelly and of Mrs. Jack Carling.

**DIZZY HEADACHES CURED IN ONE NIGHT**

If Troubled With Head-Fullness, Ringing Noises, Speaks Before the Eyes, the Stomach is at Fault.

The idea of a closing straight down the front is used on this costume. A skirt of black satin is worn and over this a coat dress of black and white striped wool material.

The cuts and grille are of black satin and a full of black net finishes the neck. The front is made of plain white and is trimmed with small strips of black velvet ribbon, and closes with hooks.

London, Ont. Covers were laid for twenty, and the guests included Miss Pelly, Captain and Mrs. Walter Long, Sir Joseph and Lady Pope, Mrs. Carling, Mr. and Mrs. Robert Gill, Mr. and Mrs. Arthur Sinden, Mr. and Mrs. S. H. Fleming, Mrs. William Macdougall, Mr. and Mrs. A. B. Brodick, Captain Rivers Bulkeley, Mr. J. A. Ritchie, Mr. W. A. Allan and Mr. Benson.

Mr. and Mrs. John Carling, who has been visiting her sister, Lady Pope, in Ottawa, has returned to London, Ont.

Mr. and Mrs. Sheburne are in Vancouver.

Mrs. Edward Pope has left town for Montreal.

**Q. T. R. Firemen Make Demands.**

MONTREAL, May 8.—Grand Trunk firemen from all over the system are making a deputation to Montreal next week to demand a twenty per cent. increase in wages. Their demand has been inspired by the ten per cent. increase recently granted to the company's engineers.

**Kincardine Hotelman Dead.**

FOOD AND MORALS.

A Toronto teacher once said to me that she had a class of potatoes and corn. Her children had eyes and they saw not, had ears and they would not hear. If this be true of children, and I am inclined to think it is, the fault lies with the mothers. As soon as a baby can fix his eye on any point in space, as soon as he can grasp any object in his hand, he begins to receive impressions of the material world. His senses: feeling, seeing, tasting, hearing and smelling, are exercised first; and upon the clearness of the impressions he receives depends his intellectual power. We adults are content to let the child be happy and to press for nothing but the mother of the world because we do not rightly see and hear. The kindergarten has recognized the importance of training these much-neglected senses and has games to exercise and strengthen them. The children shut their eyes and name objects of size, color, or smell, or hearing. A more advanced game is to name and contrast two sounds, two flavors or two odors. Great thinkers claim that a perception of love is beautiful in nature, that comes to a child by means of the senses, leads directly into a discernment of the beautiful in the moral world.

Mrs. J. T. Warrington, who is now in Paris en route to London, from Rome had an audience with the Pope last night.

Mrs. Arthur Pringle has returned to Preston, Ontario, having accompanied her for a visit.

Mrs. Rockcliffe Fellowes, who has been visiting friends in Toronto, is spending a fortnight in Deseronto before returning to her home in Ottawa.

Mr. and Mrs. Joseph Murphy, 28 Macdonell-avenue, announce the engagement of their daughter, Annie, to Dr. J. A. Gallagher. The marriage will take place in June.

Receptions to-day: Mrs. J. S. Whyte, 104 Bismarck-avenue, Balmly Beach, first and last time. Mrs. Thomas Ratcliff (nee Storey), with her sister, Mrs. W. R. Proctor, 113 Cottingham-street, and last night.

Mrs. J. Elliott Langstaff, president of the I.O.G.E. of the U.S.A., Toronto, member of the National Chapter of Canada, has accepted the invitation of the national executive to be present at the annual meeting of the order on May 30 and 31. Mrs. Langstaff was recently re-elected president by a large majority.

Mrs. Nordheimer was appointed a delegate by the Canadian Red Cross Society to attend the National Convention now being held in Washington. Mrs. Nordheimer is the organizer and president of the women's branch of the Red Cross Society when the excellent and very necessary work was accomplished for the Canadian troops during the South African war.

Mrs. W. Hamilton Burns, was the winner of Mrs. J. W. Beatty's golf prize at the Hunt Club.

The first ladies' match of the season will be played on the Rosedale links on Friday, when numbers will be drawn and "odds" paid "even."

The members of the Batouch Column of the Northwest Field Force 1882 Association will celebrate the twenty-seventh anniversary with a supper in the messrooms of the Royal Grenadiers at 77 Queen-street, at 8 o'clock to-night.

S. Helens Dramatic Club is giving its first entertainment in St. Mary's Hall, Bathurst-street, this evening.

The annual crusade of the Deer Park W.C.T.U. was held yesterday afternoon and was a success, both in point of numbers and the interest displayed. An educational address was given by Mrs. A. G. Butterford on "Missions of the Royal Grenadiers All Round the World," and appropriate solos were rendered by Mrs. Johnson and Mrs. Winters, after which refreshment brought a bright entertainment to a close.

**"GRACE HAZARD" COMING TO SHEA'S NEXT WEEK.**

Manager Shea has a great show booked for Shea's Theatre next week. It is filled with good comedy, tuneful music and a number of novelty acts that have not been seen in Toronto before.

Heading the bill is dainty Grace Hazard, with her original offering "Five Feet of Comic Opera." Miss Hazard has met with wonderful success with her costume and singing novelty wherever she has appeared. She has a musical singing voice, is charmingly comely and her costume changes are all made on the stage.

The special extra attractions for the week are: Will H. Murphy and Blanche Nichols in "From Zaza to Uncle Tom"; W. C. Fields, the Jesting Juggler, and the Great Howard, greatest of all vaudevilleans.

Other acts to be seen are: Madden and Fitzpatrick; Mullen and Coogan Marzelles and the Kinetograph.

**A New Face Without Surgical Skin Peeling**

"I do not approve of the surgical operation of face peeling," says Julius Calve, a well-known oculist. "It is too radical, too often dangerous. There is a better way of removing offensive complexion and one that is entirely safe and rational. Ordinary macerated wax causes the skin to gradually and gently. Unlike the surgical process, the skin is not forcibly separated from the face, but is gradually transformed. There is no pain, no discomfort.

"Nature renews complexion the same way, shedding its cutaneous scales by the process of desquamation, or of other abnormal condition, more or less with the shedding—a bad complexion results. Heretofore, the assistance nature by hastening the removal of the aged, faded or discolored skin, has been accomplished by a glycerine health-hair skin is in evidence, as is the best known man in Bruce County, having been born in Kincardine Town 52 years ago.

**Calve's Favorite Song.**

One of the numbers that Miss Calve will sing at her recital in Massey Hall on the 15th inst., that has become famous in the "labanera" world, is "Calve's Favorite Song." It is not only her favorite song, but it is the song that musical critics throughout the world have declared to be her most finished effort. The "labanera" will be given during the presentation of the condensed version of Carmen, and the fact that it will have a supporting orchestra, and all the scenic effects of an opera stage, will lend an added interest to the performance.

Calve will be assisted by a very fine tenor, Sr. Gillo Caspari, who has had wide experience in opera, and will be accompanied by a very capable piano solo, besides conducting the orchestra. The sale of seats is now open at the Massey Hall box office.

**ONE OF MISS BILLIE BURKE'S PRETTY DRESSES.**

Women know that the theatre is the place to go to see the very newest and the most fetching things in the way of frocks. Not only are the clothes worn by the actresses who visit the city from week to week the latest creations of Mme. La Mode, but they are worn by people to whom the art of dressing is almost as great an essential as their dramatic art. Not only are the beautiful toilets seen on the stage exceptionally charming and artistic; they are chosen, too, with an eye toward effect, the present modes being adapted to the expression of the personality of the actress as well as to suit the role she plays.

Miss Billie Burke, who comes to the Princess Theatre all next week, has a number of opinions on the subject of dress. "A woman's most beautiful place to go to see the very newest and the most fetching things in the way of frocks. Not only are the clothes worn by the actresses who visit the city from week to week the latest creations of Mme. La Mode, but they are worn by people to whom the art of dressing is almost as great an essential as their dramatic art. **Called It "The Better Half"**

At a local club room the other evening a group of well-known sportsmen were discussing the merits of the coming season. As an introduction and to start things off right one of the group ordered "one complete bottle of Canada's best whiskey." One of the experienced waiters, who had been only a few days in the club's employ, produced the whiskey, and the waiter, who was expected to have a certain amount of common sense—why, speaking Radnor Water is the better half and is the only thing that makes whiskey worth drinking.

**MISS BILLIE BURKE.**

she says, "is that which runs the shoulder over the bust to the waist." For that reason Miss Burke has foreworn an "fussy" neck arrangement and in all the plays in which she has appeared she has leaned toward simplicity in her costumes. In the last act of "The Runaway" she wears a simple but exquisite little frock of white satin that is the same in style as the one she wore in "The Runaway." The foundation of this gown is of wide, fine, white, not showing on the frills of val lace and the long panel from the bust to the foot of the skirt is edged with the same. There is a rib arrangement in front, and above this place a perfectly plain yoke, which is cut all in one, with the sleeves in the same style of shadow lace. About the bottom of the skirt there are two rows of white pleated bows on each side of the front panel. A folded girde of pink satin and a little corsage bouquet of pink satin ribbon rosebuds form the garniture.

**Health and Beauty Hints**

BY MRS. MAE MARTIN

Rose. To rid your skin of that shiny, greasy, yellow look and make it appear charming and youthful, you can use nothing better than a lotion made by dissolving a ounce of salicylic acid in half pint water (or hot water), then adding two teaspoonfuls glycerine. This lotion will clear the skin, make it soft, make it smooth and velvety, and give you a beautiful complexion. It costs very little, will not show on the skin like powder does, and, when you use it, you will not rub off so easily. This is really a wonderful complexion beautifier, and one which every woman should use.

**Phoebe.** If a strong light hurts your eyes and makes you squint, you should at once take steps to correct this weakness. Get an ounce of crystals and dissolve it in a pint of water. Your hair will shine naturally, dry quickly without streaking or brittleness, and will have an added lustre and softness that will last. No shampoo is so effective in promoting dandruff, scalp irritation and itching as this excellent tonic for correcting weak, inflamed eyes. It makes them healthy and strong and is used by many actresses to make their eyes sparkle.

**M. W.** To permanently remove those hairs, mix a little powdered salicylic acid with water, then spread on hairy surface. Let it dry, and with a fine brush, wash the skin and the hair will fall out. This is a painless method, and after using the delicate skin is left soft and without a blemish.

**N. B. K.** For your chronic condition of ill-health take a tablespoonful of the following tonic before each meal: Dissolve in half pint alcohol, half cup of sugar and one ounce barberry, then add water to make a full quart. This excellent stimulant and blood-purifying tonic will not only rid you of the body, restoring your appetite and vigor to the complexion, removing pimples, liver blotches and sallowness. After taking a few doses you will note the improvement in the condition of your health. It is a great energizer and health restorer.

**WOMEN TO WAGE WAR AGAINST HOUSEFLY**

Girl Guides and Boy Scouts Will Be Asked to Assist — Delegates Chosen to Attend National Council of Women in London — Suggestions Re Employment Bureaus.

The regular monthly meeting of the executive of the local Council of Women was held at 52 St. Alban-street yesterday with Mrs. A. E. Huestis in the chair. Considerable routine business was transacted, and it was decided to send the following delegates to the annual meeting of the National Council of Women to be held in London on May 24: Mrs. A. Huestis, Mrs. J. B. Leathes, Mrs. Runciman, Mrs. Campbell, Mrs. C. E. Stone and Miss Hill. Other members of the local council who will attend the meeting are Dr. Margaret Gordon, Dr. Margaret Johnston, Mrs. L. H. Gurnett, Mrs. Maglier, Mrs. Godfrey Parker.

As a result of their investigation the committee on laws affecting women and children submitted the following resolution, which was adopted by the meeting: "That in view of facts relating to employment bureaus that council be respectfully suggested that the employment bureau be made a branch of the civic administration."

The committee of the public health council suggested that the services of the girl guides and boy scouts be enlisted in a campaign for the elimination of the housefly, and that suitable literature be supplied them.

It was also recommended that women dentists be placed on the staffs of the new dental clinics, which the city is to establish.

Mr. William Alexander Coote of London, England, secretary of the National Vigilance Association, will lecture under the auspices of the Council of Women, in Toronto, some time in May. Mr. Coote is a very distinguished gentleman, having been honored by the crowned heads of Europe. He is in Canada as the guest of the National Council of Women.

### LANDING PLACE FOR SMALL BOATS

City and Harbor Board Will Build Small Dock Near Argonaut Clubhouse—Land at the Island Needed for Park Purposes—New Police Station on Yonge Street.

In order to provide accommodation for the numerous small craft on Toronto Bay, Parks Commissioner Chambers yesterday afternoon provided for a suitable landing place which would meet all the needs of small boats. This, he suggested, should be constructed at the foot of York-street, immediately east of the Argonaut Rowing Club. The landing place would be 250 feet in length.

Mr. Chambers proposes that concrete steps be constructed from the water front upward. He also recommends that a boulevard and small park be located immediately back of the landing. Shade trees could be planted and seats placed there, and in a general way, the place could be made to look very attractive. At the present time there is practically no place where small boats can land on the city's side of the bay, and Mr. Chambers strongly urges that some such accommodation be provided.

so that the adjoining parks might be united together. At present there are two dwellings and a boathouse on the property.

**Premier's Borden's Visit.**  
Ald. Maguire will suggest that the city tender Premier Borden an illuminated address in the council chamber and also a luncheon upon the occasion of his visit to Toronto on May 12, 13, 14 and 15, to lay the corner-stone of the new Y. M. C. A. Building on College-street.

**New Police Station.**  
At the meeting of the property committee yesterday afternoon Commissioner Harris recommended that the proposed new No. 5 police station should be located on the west side of Yonge-street, just north of Belmont-street, instead of the site which was formerly recommended on Balmoral-avenue. The latter site could not be obtained without a large expenditure, while the city already owns the Yonge-street site. Ald. Maguire, however, argued that if Commissioner Harris' recommendation was carried out it would interfere with a number of contemplated improvements to Ramsden Park. The committee finally decided to have Mr. Harris suggest other sites which might be used for this purpose before dealing definitely with the matter.

**Jail is Criticized.**  
A letter was read from the grand jury criticizing the Toronto jail in various particulars, and more especially regarding the overcrowded conditions there. In reply to this, Property Commissioner Harris stated that a number of prisoners would be removed to the new jail farm this week. He also claimed that practically all the prisoners whose proper place was the Central Prison had been removed to that institution.

### CALLS IT POLITICAL SUICIDE TO GIVE LIBERALS CONTRACTS

**KINGSTON, May 8.**—(Special).—Declaring that "there are several ways of playing the game of politics," but one way is not to keep "kicking your own dawg round," The Daily Standard, independent Conservative, to-day editorially in answer to criticisms directed against it by Liberal newspapers, repeats its protest that Liberals in Kingston are being deceived as the expense of Conservatives, and at no gain to the country, by the Borden administration.

The Standard intimates that Liberal underlings at Ottawa, still in charge

of the routine of the departments, may be responsible for this, and it asks, if this is so, why they are not removed. If, on the other hand, says The Standard, it is the government itself that is responsible, it is in effect a species of political suicide and one that persevered in, will tear the party into "shreds and patches." Standard frankly declares itself in favor of practical politics, which it defines as a policy favoring one's friends rather than one's enemies so long as the interests of the country do not suffer.

### MINE ACCIDENTS

During the first three months of 1912, according to a report issued by the department of lands, forests and mines, there were eight fatal accidents in the mines of Ontario, and none in metallurgical works or quarries. This is a much better record than the corresponding period of 1911, when there were seventeen fatal accidents, thirteen of which were in mines, two in metallurgical works and two in quarries. Of the eight fatalities in January, February and March, 1912, six were below and two above ground. During the same period 48 non-fatal accidents were reported, involving 49 men. Thirty-three of these were in mines, 28 being below and 7 above ground. The remaining 15 were in metallurgical works, all above ground. Of the non-fatal accidents only two were serious enough to cause permanent disability.

### Unsightly Skin Diseases

Disfiguring skin diseases always seem to appear at the chief moments of our lives, so that they cause a feeling of shame, as well as pain and suffering. Internal treatments have never proven very satisfactory in the treatment of eczema and similar skin troubles, but when Dr. Chase's Ointment is applied you can see for yourself and feel for yourself the benefits which are being obtained. It soothes the inflamed, irritated skin so that itching ceases, and by its extraordinary healing power causes a new, smooth skin to form where the sores have been.

### MORE ARRESTS IN FRAUD CASE

Toronto Man and Woman Held in Connection With Charges Against Couple From Brantford.

Harry Mishkin and Mrs. Mishkin, his sister-in-law, who were arrested Tuesday afternoon, on a charge of conspiracy to defraud, preferred by the N. L. Martin Co., assignees, appeared before Magistrate Denison yesterday morning. J. W. Curry, K.C., appeared for the accused and reserved plea and election. When bail was asked for Curran, Attorney Corley refused. After a little argument he consented to take two sureties of \$2500 each for the woman, but the man will remain in custody.

Levy Mishkin of 14 Maude-street and Annie Black of 22 Maude-street, the other two wanted on the same charge, were arrested by Detectives Tipson and Archibald yesterday afternoon. They will appear this morning and will likely be remanded until the arrival of Mrs. Dora Weisberg, who is being held in Brantford on the same charge, and who will be brought here.

**MOSLEMS CALLED TO HOLY WAR**  
**PARIS, May 8.**—The call for all Moslems to participate in a holy war, which was launched at the start of the Turco-Italian war, is according to the correspondent of The Temps in Tunis, secretly enveloping all Islam, and moving steadily from tribe to tribe in every Mohammedan country.

### MONTREAL LIVE STOCK

Prices Well Maintained at Firm Level—Hogs Steady and Unchanged.

**MONTREAL, May 8.**—At the Canadian Pacific live stock market the receipts of live stock for the week ending May 4 were 1100 cattle, 300 sheep and lambs, 1670 hogs and 2800 calves. Boom Times in Traction Issues--Rio Reaches 130--N.Y. Dull

RIO GOES UP IN REBOUND Price Climbs to 130; a New Record--Sao Paulo Higher--Some Industrials Show Advances.

World Office. Wednesday Evening, May 8. Rio reached 130 for the first time in its history in the Toronto stock market on Wednesday, and thereby rebuffed the predictions of the flagrant bulls, who tipped the stock for that price a couple of months ago.

There is a well-founded idea on the street that London has been apprised of something regarding Rio of which Toronto and Montreal are still ignorant.

MAY BE LAST SEASON FOR AMAL. COPPER Messrs. A. E. Ames & Co. announce that the offering of \$750,000 of Montreal Knitting Co. preference stock at par, with 15 per cent. bonus in common stock, was largely over-subscribed.

NEW YORK, May 8.—Amalgamated Copper Co.'s fiscal year closed April 30. From present developments it is not at all unlikely that 1912 will be the last one for this famous corporation.

DR. PEARSON MOVING SPIRIT IN RIO RISE London buying was the main factor in the advance in Rio on Wednesday, and Toronto brokers were again mystified thereby.

Dr. F. S. Pearson, the eminent financier, he is reported to be the moving spirit in the Rio rise. There is a well-founded idea on the street that London has been apprised of something regarding Rio of which Toronto and Montreal are still ignorant.

NEW YORK MARKET Dull and Negligible Affair -- Prices Inclined to Sag at Times, But Changed Little.

NEW YORK, May 8.—From start to finish to-day's stock market was a dull affair. Trading was light and plainly manifested no definite trend. When it occurred, it was for a few minutes, and prices were inclined to sag, but aside from some of the leaders, particularly Reading, whose course was somewhat erratic, the movement was more than ordinarily unimportant.

HE PREACHES DOCTRINE OF CAN. PACIFIC C.P.R. bulls--and their name is legion--are especially prone at the present time to make comparisons, which in Wall-street are accepted as more or less valid.

Wall Street Comment Erickson Perkins & Co. (J. G. Beatty) wired: Stocks were much quieter to-day, and during most of the session were steady.
