STUDENTS SEND
APOLOGY TO
HAGARTY

A Delegation Representing
Those Who Participated in
Raid on Harbord Collegiate
Asked Pardon of Principal
For the Breach of Law and
Etiquet.

The university students yesterday
apologized to Principal Hagarty for
having raided a dance in Harbord
Collegiate Institute on Friday night,
Nov. 15. They tendered him a written
confession and apology on behalf
of themselves and others who partici-
pated in the escapade. And in
Mr. Hagarty's own words "they were
received kindly and the apology was
accepted."

The following was the apology:
We the undersigned members of
the undergraduate body of the Univer-
sity of Toronto have been delegat-
ed by those implicated in the regret-
table incident of Friday night, Nov. 15,
to wait upon you in deputations and to
apologize for having trespassed upon
the grounds of Harbord Collegiate
and forcing entrance to the build-
ing.

We deeply regret that we were in-
strumental in interrupting and caus-
ing the discontinuance of the dance in
progress, and that the actions of the
invading students were considered as
discourteous.

To the best of our knowledge no
discourtesy was intended. We wish
to apologize for any indignity or dis-
courtesy to which either host or guests
of the evening were subjected.

The damage done to property we
believe to have been accidental and
not deliberate. Permit us, sir, again
to beg your pardon for the breach of
law and etiquette, which we and
our companions were responsible for.

Mr. Hagarty's Statement:
The following is Mr. Hagarty's state-
ment to The World:
"At the conclusion of a lecture by
Principal Hagarty, he was waited upon
by a deputation of nine university stu-
dents, who were among those who
had been in the building on Nov. 15.
They tendered him a written apology
for their part in the occurrence, assur-
ing him that so far as they were con-
cerned no discourtesy or damage was
intended. Of course, they would not
state for the others of whom some 40
to 50 took part in the incident.

"They also emphatically declared
that so far as they knew, not a Harbord
boy had anything whatever to do with
the raid, that it originated by an ac-
cident after their departure from Vic-
toria College, and had they known of
its desire to return to the building by
building by disgruntled students, they
would have had nothing to do with it."

"Principal Hagarty received them
kindly and accepted the apology. He
assured them that he never meant to
do them an injustice, and he had never
been personally disposed to push for
punishment, thinking he had punished
them sufficiently by the letter of Nov.
18. This letter he had written in
good faith, believing it to be in the
public interest, and with no desire to
injure the university. He had simply
given a reproduction of a mental pic-
ture left in his own mind by the scene
at the assembly hall, and he has been
told by several that the picture was
not overdrawn. If he had been more
severe than they deserved, he was
sorry."

"Had he been asked were the stu-
dents drunk he should have said 'No.'
He was glad to learn that those before
him were not drunk, for he would
have been as sorry to learn that his
own boy was drunk. Principal Hag-
arty stated afterwards that he was
very favorably impressed with the
character and appearance of the
young men who presented themselves
with their confession and apology, and
was surprised that the mob contained
fellows of such a type. He was sure
so far as they were concerned that it
was a boys' escapade, for which they
were thoroughly sorry and he would urge
upon the captus mitigation of their
punishment."

Will Push Charges.
"Principal Hagarty is still, however,
determined to push the charges
against the remainder of the guilty
students, to disprove the charge that
it was a Harbord family affair, and
to insist on a withdrawal and apology
for what he terms 'the journalistic
rowdism for which the Varsity news-
paper is responsible.' He with several
members of his staff will appear be-
fore the captus tomorrow morning
to insist on a withdrawal and apology
charges and demand satisfaction."

Mr. Hagarty said also that the
statement given over the radio, that
he would not give the names of
eight men and would prosecute three,
was not given by him, but by some-
one who used his name.

Milk Highest Since
Civil War

NEW YORK, Nov. 29.—(Can-
Press).—Farmers supplying
milk to New York will after
December 1 get the highest
price ever paid by dealers for
milk in this city, since the
civil war. This was announ-
ced today by members of the
milk exchange, who stated
that after that date they
would offer farmers \$1.80 per
quart can, an advance of
ten cents a can over the
previous price.

PEACE OUTLOOK
IS GROWING
BRIGHTER

Fortnight's Armistice Is Con-
fidently Expected But a
Doubt Exists as to Whether
Whole Field of Operations
Will Be Included—Severe
Fighting Reported.

LONDON, Nov. 29.—(Can. Press).—
Constantinople tonight reports the
probability of a fortnight's armistice
being signed by Sunday by the peace
plenipotentiaries, who are negotiating
for a cessation of hostilities between
the Turks and the allies. From the
Bulgarian side there has been no news
today concerning the peace negotiations
except the vague statement that they
are making satisfactory progress.

Nothing has transpired as to whether
the proposed armistice will affect
the whole field of war operations or
only the Thracian lines.

The news received today of the sur-
render of two entire divisions of Turk-
ish reserves to the Bulgarians, in the
neighborhood of Demotica, a short
distance south of Adrianople, after sev-
eral fighting, shows there are still
isolated bodies of Turkish troops un-
accounted for and which must be con-
sidered in arranging an armistice.

Reinforcements for Allies.
The allies are said to have large
numbers of men who are proceeding
in Greek transports from the Gulf of
Saloniki either for Gallipoli Peninsula,
which separates the Dardanelles from
the Aegean Sea, or to join the allied
army at Thessalonika. No news has been
received concerning these transports
as yet, and the disposal of the men
they carry, in the event of an armis-
tice being arranged, would present
some difficulty.

Also it is not yet safe to assume
the armistice is in sight, the fact that
the negotiations continue at Baghche
and that apparently no definite time
limit has been fixed as to the duration
of the existing suspension of hostil-
ities, tends toward the belief that a
peaceful solution of the trouble is ap-
proaching.

There were no fresh developments
today concerning the proposed confer-
ence between the powers on the
Balkan situation, or concerning the
dispute between Austria and Servia
as to the occupation by the latter
country of a port on the Adriatic.

EUROPEAN WAR WOULD BE ACT
OF MADNESS, SAYS CHURCHILL

Feeling Between Russia and Austria Strong, But War
Would Be Horror Utterly Disproportionate to Any Ex-
isting Cause—History's Epitaph Would Be That Genera-
tion of Men Went Mad and Tore Themselves to Pieces.

LONDON, Nov. 29.—(Can. Press).—
In a speech at a banquet given in his
honor here tonight, Winston Spenc-
er Churchill, first lord of the admi-
nistratively, said that while a strong feel-
ing naturally existed between Russia
and Austria over the Balkan question,
a resort to war by them would be a
horror utterly disproportionate to any
cause existing or any compensation
that might be achieved.

"Christian civilization," continued
Mr. Churchill, "looks across the tangle
of diplomacy to the sovereigns of
these august empires and asks
whether kinship might not in these
modern democratic days win for
itself new lustre and proclaim to the
multitudes of enfranchised toilers in

Seasoned Gladiators Exchange
Thrusts on Naval and Recip-
rocity Questions—Fowler
Defends Sir Rodolphe For-
get, Attacked For Promises
to Richelieu Electors.

OTTAWA, Nov. 29.—(Special).—
There was a lively time in the house
today between Hon. Wm. Pugsley and
Geo. W. Fowler, the Conservative
member for Kings, N.B. They have
met on many a field in New Brun-
swick, and Mr. Fowler has more than
once entertained the house with his
version of Mr. Pugsley's somewhat
valedictory political career.

Today he followed the ex-minister
and challenged sharply many of the
statements made by Mr. Pugsley in a
long speech, which touched upon recip-
rocity, the navy and the by-elections
in Macdonald and Richelieu.

Mr. Fowler succeeded where others
failed in procuring a re-affirmation of
their belief in reciprocity from promi-
nent Liberal members, including Sir
Wilfrid Laurier, Hon. Wm. Pugsley
and Hugh Guthrie. Mr. Pugsley, fol-
lowing the lead of Mr. Carvell, also
declared for an increase in the British
preference, and for the new Liberal
platform, and declared the party's
mission to be "to alleviate the burden
now imposed on the great masses of
the people, and reduce the steadily
increasing cost of living."

Crisis Non-Existent.
Mr. Pugsley favored a Canadian
navy, but did not go to the length of
saying that he would vote against an
emergency contribution. Mr. Borden
and colleagues had gone to England to
find an emergency, and from what we
can learn they were disappointed.

Perhaps the most striking portion of
Mr. Pugsley's deliverance related to
the part which Sir Rodolphe Forget
played in the Richelieu by-election. Sir
Rodolphe's presence of Mr. Lem-
ieux and another Mr. P., and also as re-
ported in La Patrie and The Montreal
Star newspapers, told the electors at
Storé that he was authorized by Hon.
Mr. Rogers to promise a subsidy for
the marine railway in case a Conserva-
tive candidate was returned at the
by-election. Now Mr. Rogers having
denied that he ever heard of the ma-
rine railway, or in any way authoris-
ed Sir Rodolphe to make this an-
nouncement, the latter, according to
Mr. Pugsley, was guilty of conduct un-
becoming a member of parliament.

Forget Assailed in Absence.
Mr. Fowler pointed out that the
member for Charlevoix (Sir Rodolphe
Forget) was not in his seat, and was
therefore being stabbed in the back.
He assured the house that a satisfac-
tory explanation would be forthcom-
ing.

Mr. Fowler, referring to the navy
question, said that Canada should be
as patriotic as the Malays and the
Hindoes.

He dealt in a trenchant manner with
the economic arguments of Messrs.
Carvell and Pugsley. These gentlemen
could not agree whether it was the
producer of the consumer who paid
the tariff tax. In this connection, he
read a telegram showing that the price
of potatoes was practically the same
in Maine and New Brunswick, altho

M'CARTHY OUT
FOR RE-ELECTION

Will Arrange His Business Af-
fairs in Order to Be Candi-
date for Board of
Control.

Controller McCarthy is reconsidering
his recent decision not to run for the
board of control at the elections next
January, and he will not deny that he
is arranging his business to facilitate
his work on the board next year.

When asked by The World whether
he had decided to enter the contest, he
said: "It has already been reported
that I would not run, but I have cer-
tainly been pressed to do so by a great
many friends in whom I place great
confidence."

"What is your latest decision then?"
he was asked. "I am not prepared to
say," he replied. "I certainly enjoyed
my period of office, and if my business
would permit me might consider my
candidacy for re-election."

Many important and vital reforms
would be wrought in council next year
should Controller McCarthy again
meet with success at the polls. He
already has a motion on the order
paper defining a policy for future
transportation problems of the city.

A discussion on this proposition may
be one of the features of the special
meeting to be held on Monday.

SIR E. VINCENT
NEW CHAIRMAN

Successes Right Hon. Arnold

Royal Commission—Not-
able Public Career.

LONDON, Nov. 30.—(C.A.P.)—Sir
Edgar Vincent has been appointed
chairman of the Dominions Royal
Commission in succession to Rt. Hon.
Arnold Morley, who, under medical ad-
vice, resigned the post.

His Career.
Sir Edgar Vincent was born in Sun-
fold, Sussex, in 1857. He was edu-
cated at Eton College. He joined
the Coldstream Guards in 1877, and
resigned as lieutenant in 1882. He
was appointed private secretary to
Lord E. Fitzmaurice, commissioner for
Eastern Roumelia, in 1880, and was
asistant to Her Majesty's commis-
sioner for occupation of territory
ceded to Greece by Turkey in 1881.
He was appointed British, Belgian and
Dutch representative on the council
of the Ottoman public debt, Constantin-
ople, in 1882, and the year following
was elected provincial secretary to
the Egyptian Government in 1883-1889,
and Governor of the Imperial Ottoman
Bank, Constantinople, 1889-1897. He
was Conservative member for Exeter
from 1880 to 1906, and was published
a number of works, including "A
Grammar of Modern Greek," in 1881,
which was adopted by the University
of Athens.

HYDE GUILTY
OF BRIBERY

Jury Speedily Gave Verdict
Against Canadian, For-
merly Chamberlain of
New York.

NEW YORK, Nov. 29.—(Can. Press).—
Charles H. Hyde, former city cham-
berlain, a native of Toronto, N. S., was
found guilty tonight of bribery in con-
nection with the performance of his
duties as a city official. The jury
which has been hearing his case in the
supreme court rendered its verdict
shortly before midnight after nearly
three and a half hours' deliberation.

The case was given to the jury at 8
o'clock tonight at the close of a two
hour charge by Supreme Court Judge
Goff. Half an hour later the jury
went to dinner, resuming their delib-
erations as soon as their meal was
finished. The jury returned its verdict
the final day of the trial in summing
up. Each side was allowed three
hours to do this. Max D. Steuer, con-
sulting attorney for Hyde, took up the
morning session and Assistant District Attorney Moss
the afternoon session, concluding
shortly before 6 o'clock.

POLICEMAN HURT
WHEN HORSE FELL

Constable Griffith. Trying to
Stop a Runaway, When One
of His Legs Was
Broken.

While trying to catch a saddle horse
which was running away in Queen's
Park Constable Griffith (317) had his
right leg broken below the knee at 3:40
yesterday. Griffith was riding thro'
the park when he noticed a lady rider
having difficulty with her horse, which
soon became unmanageable and start-
ed to run away. Griffith gave chase
immediately and followed the runaway
on the dead gallop along St. Alban's
street, but just at the moment when
he was within reach of his prize, his
own horse shied at a sand barrel on
the side of the road and broke thro'
the high light board fence around St.
Joseph's Convent. As the fence gave
way, the horse went down on his side
and Griffith's right leg snapped.

The injured policeman was taken to
St. Michael's Hospital in the police
ambulance, and is now doing well. He
lives at 109 Wilton avenue.

The lady's horse kept on going after
Griffith was hurt, and never stopped
till it reached Yonge street. The rider
never noticed the policeman in pursuit
and consequently Griffith has as yet
received no thanks for his chivalry.

POSED AS A SON
OF RODOLPHE
FORGET

George Bellefleur of Montreal
Lived in Fine Style at To-
ronto Hotels, Negotiated for
Purchase of Motor Cars,
But Was Arrested When He
Passed Bogus Cheques.

George Bellefleur, alias "F. J. For-
get," a young sporty Frenchman of
Montreal, posing as a son of Sir Rod-
olphe Forget, was arrested in the
King Edward Hotel yesterday by De-
tective Twigg on the charge of obtain-
ing money under false pretences. The
young man appeared in the police
court yesterday, but was remanded un-
til Dec. 5.

It was learned by The World last
night that for the last three weeks
Bellefleur has been in Toronto playing
the role of the rich man's son tempo-
rarily hard up. Automobile concerns,
it is alleged, were his mark. When ar-
rested, it was after he had attempted
to pass a worthless cheque for \$50,
drawn on the Dominion Bank.

On Nov. 12, the young man register-
ed at the Prince George Hotel as "Geo.
D. Bellefleur, Montreal." It was noticed
that he had many lady friends, and
as he was taken from place to place in
bright new motor cars, he was regard-
ed as wealthy. In the course of a few
days, however, the show-down came,
and he was caught passing a "no
funds" cheque, drawn on his
father, supposedly. The young man
tried to call a bluff on the assumption
that he had made a mistake in spell-
ing his name, but it did not work and
his name was soon off the register.

Liked Motor Cars.
Bellefleur, it is said, was negotiat-
ing with the Prince George Hotel, with
many motor car companies. He had
a liking for both electric and Hmo-
cycles. The salesmen of these com-
panies were "easy money" for him,
and it is alleged that several of them
loaned him money, thinking that he
would finally come around with a
purchase. L. E. Alio, salesman of the
Peck Electric Company, cornered
Bellefleur one day when the latter
confessed to him or pretended that he
had served time for desertion from
the Canadian militia.

After leaving the Prince George he
reputed up for a few days and then
registered at the King Edward as "F.
J. Forget," posing as Sir Rodolphe's
son. He was not suspected, however,
until he tried to pass the worthless
cheque on the hotel cashier. His hotel
bill at that time amounted to
\$44.50. When he was taken into cus-
tody, the police found a postcard in
his pocket addressed to Sir Rodolphe
Forget saying that he would be home
in a few days.

JONES BLOCK ON RICHMOND
SOLD FOR QUARTER MILLION

George Glendinning Disposed of Sheppard Street Corner
at Good Profit After Three Years' Ownership—Two
Corners at Agnes and Teraury Streets Change Hands

Purchased three years ago at \$110,000, the old Jones block—notorious for
many brick fires—at the southwest
corner of Richmond and Sheppard
streets, has been sold for \$250,000 by
George Glendinning. He is not aware
of the identity of the buyers, and their
names yesterday could not be ascer-
tained. At the present price the prop-
erty does not even carry itself and
so it is likely that it has been bought
preliminary to a large improvement.

The total size of the property, which
is sold in three parcels to three peo-
ple, is 165 feet on Richmond street by 241
feet on Sheppard.

From the Sheppard street front 105
feet has a depth of 165 feet. It is
covered with three storey brick build-
ings. Then the 54 feet next south on
Sheppard has a depth of 60 feet, also
with three storey brick buildings.
These properties brought \$185,000.

The next adjoining piece, 50 feet
front by 60 feet depth, brought \$32,000,
being purchased by Nicholson and
Scholtes for a client. Only the stand-
ard of a burned out building are stand-
ing on this piece.

A four storey brick building occu-
pies the south part of the "L" shaped
property, this piece being 32 feet by
102 feet in depth. It brought about
\$25,000.

There are a score of small manu-
facturers in the buildings, all but two
on monthly tenancies, and the two
have leases terminable on three
months' notice.

More Than Five Months Elapsed After J. B. McNamara Was Pointed Out Before He Took Action.

STOPPING STREET CARS

Toronto Railway Will Be Asked to Request Motormen to Stop Cars Clear of Crossings.

INDIANAPOLIS, Nov. 28.—(Can. Press).—Five months and six days was fixed by witnesses at the "dynamite conspiracy" trial today as the time it required to arrest James B. McNamara, dynamiter of the Los Angeles Times Building, in which 21 persons were killed, after the dynamiter had been pointed out to detectives.

On Nov. 6, at a railroad station in Chicago, Raymond Burns to his detectives pointed out McNamara, who was leaving for a hunting trip near Conover, Wis., and instructed the detectives to follow.

On Nov. 6, at Kenosha, Wis., Detectives Wm. J. Otto and Benj. F. Danmore found McNamara had been joined by McNamara, who under the alias of "Frank Sullivan," accompanied a hunting party to Conover, where from Nov. 3 to Dec. 4, the detectives shadowed the dynamiter by talking to them in camp and observing them through field glasses.

Ten Later Explosions. On Jan. 11, Raymond Burns met Hockin in Chicago, and asked him the whereabouts of McNamara, who in the meantime had been to Los Angeles and covered an explosion there in the Llewellyn Ironworks.

James B. McNamara and McNamara were arrested on April 12, 1911.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact.

The present generation has the advantage of the fact that it can get a ready-to-use preparation called, Weyth's Sage and Sulphur Hair Restorer.

and John J. McNamara was arrested on April 22, 1911. Ten explosions occurred between December, 1910, and the time of the arrests.

Raymond Burns said he received information from Lindsey L. Jewel, then in Pittsburg, who testified Hockin two months before the Los Angeles explosion, had given the location of hiding places for explosives. Jewel was going to Panama as an engineer, and had urged Hockin to report to Burns.

PEONAGE ON RAILWAYS?

Conditions of Virtual Slavery Alleged to Exist in Camps.

WINNIPEG, Nov. 28.—(Can. Press).—If the request made from Washington, the United States Consul Jones here, be granted by the Ottawa authorities and a rigid inquiry be instituted into alleged conditions in the construction camp of the Foley, Welch and Stewart Construction Company on the Grand Trunk Pacific through the west, sensational news is promised.

Conditions of virtual slavery are alleged to exist once the men get into these camps. It is too far in the wilderness to get out readily, and those leaving are forbidden, they say, under penalty to be given food or shelter at other camps on the long tramp out. If the men quit, a series of deductions are made from their pay cheques for all sorts of things, and it is usual for the men to get no pay until after they have worked a month or six weeks.

PITTSBURG CHILD MURDERED.

PITTSBURG, Nov. 28.—(Can. Press).—Efforts today to trace the murderer of Lillian Eschke, aged 12, whose body, cut and bruised, was found in a reservoir near Ardmore, a suburb, last night, were futile. The child left her home after school Wednesday to purchase supplies for the Thanksgiving dinner. That she was cruelly treated and thrown into the reservoir, probably unconscious, was determined by a coroner's autopsy today.

CRUSHED UNDER ELEVATOR.

KINGSTON, Nov. 28.—(Special).—Joe Lamonde, aged 70 years, employed as a sweeper at Wormwith's plant, was crushed by an elevator shaft before quitting time tonight, and received probably fatal injuries. Doctors say he has but slight chance of recovery. He was sweeping under the elevator and did not see nor hear it coming down. His right leg was located, right leg broken in two places, and head crushed.

Rugby Finals Today

ARGOS FAVORITES OVER THE ALERTS

Scullers Should Have No Trouble Winning Dominion Championship—Hamilton Compete in All Sections.

The curtain will be rung down on the 1912 Rugby season today when the championships are to be decided. The most important is the senior title for the Dominion honors when Argonauts, champions of the Big Four, tackle Alerts, champions of the O.R.U. championship, in Hamilton.

On the showing of the two teams it should be easy picking for the Scullers and they should just about decide the scores. Alerts won their union, but they have failed to show as good football as the interprovincial Union winners. Argonauts will make a big handicap against them with this big handicap against them they look easily like winners.

Humors had it yesterday that Crossen Clark would not be with the Argos this afternoon, owing to the death of an uncle, but it is more than likely that the great little Dundas boomer will be on the job.

Alerts have more than an ordinary kicker in Leach, their great center half, and the brunt of the work this afternoon will fall on the former. Leach's star Laska is counted on to be the great factor in Canada, and this, combined with a side, will make him a big factor against the Argonauts.

Les Martini, the Alert manager, is full of confidence, and just as he has seen the Alerts are going to lose, Martini claims that his team made a grand showing against Argos last year in the semi-finals, and that the Hamilton squad is 50 per cent. stronger than they were last season. Argonauts, according to Martini, are a little better.

This afternoon's game will change his opinion. Argonauts are stronger in every way than last year, when Varsity gave the Alerts a game that can hardly be improved upon. Argonauts will be Dominion champions this evening.

Slung it up all around, it looks as if the game will be won and lost on the half-back division. The Argos wing line should beat the Alerts line, but the same token the Alerts line is a real good one from middle in. On the end Argos' half-backs, Leach and Murray, are Alerts' two, and both will be there, in spite of the rumors. The effect that Murray is threatened with appendicitis, Alerts face a crisis. It is a real good kind of a game they choose to inaugurate—straight football if they want it, or the inside brand, which they choose to play. It is a real good kind of a game they choose to inaugurate—straight football if they want it, or the inside brand, which they choose to play.

Hamilton will also play in the intermediate final, when the good R.M.C. team will stack up against the poor R.M.C. team of Kingston this morning in Hamilton. Jack Maynard will referee and the game will be a very interesting one. The R.M.C. team of Kingston is a brother of the R.M.C. team of Hamilton, and they will be a very interesting one. The Queen's Rugby team of the Boys' Union Senior League request the following players to be on hand at Alexander Park at 2 o'clock for their game with the Alexandrians: Flying wing, Stanger; right half, Kane; center half, Thompson; (capt.); left half, McBurney; quarter, Mason; outside right, Currie; middle right, McNeill; inside right, Grant; outside left, Holland; middle left, Sutherland; inside left, Rook (manager); right scrum, Hubbard; centre scrum, McKinnon; left scrum, Thomson; and any others desirous of playing. Whose names are not mentioned.

Wednesday Juniors and Seniors will play an exhibition game on the Don Flats this afternoon.

Intermediate Final at Rosedale Today

Great interest is being taken in today's soccer game for the intermediate championship of the R. & D. Association, between Don Valley, winners of section A, and Old Country, winners of section B. The first named club has played under the R. & D. banner for a number of years and have won the championship one before, whilst Old Country, who have as their leader the sporting paragon (Rev. Mr. Geggie), have only played under the R. & D. banner under conditions of the latter club appear to be the favorites for championship honors, but the opinion is expressed that the Don's will give them a hard tussle. The game will be played at 3 p.m. N. J. Howard will referee and E. Spencer and W. Borsani will be the line-men. Following is the line-up: Don Valley: Coombs, Harrison, Wallace, J. McLean, Powell, Baldwin, Richardson, Coombs, Kent, Tupper and A. McLean.

Ottawa Hockey Club Bluff

OTTAWA, Nov. 29.—(Special).—There is a chance that there will be an Ottawa hockey team in the N. H. A. this season, according to an officer of the locals. It is believed that the Ottawa management are not satisfied with their percentage of last season, and that they demand a considerably increased revenue this winter, which the Ottawas are not prepared to give.

Servia Mobilizes to Fight Austria

VIENNA, Nov. 29.—The assertion that Servia is mobilizing against Austria-Hungary is made today by The Reichspost. The entrenched positions near the Town of Semendria, the Danube, have been occupied already by Servian troops of the Danube Division. Servian recruits belonging to conscripts due to be called up in 1913 and 1914 have been called out by the Servian war office, and Christian prisoners among the Turkish troops captured are being induced to serve in the Servian army.

Bill Hanna Wins From Joe Bounce

Big Crod and a Good Entertainment of Boxing Bouts at Riverdale's Show in Riverdale Rink.

Riverdale Rink was comfortably filled last night on the occasion of the Riverdale Athletic Club's boxing bouts. There were nine bouts, put on promptly, the wind-up being between Burke and Hanna over at 11:30. The heavyweights went the limit, boxing evenly. Hanna was elusive, making Burke very wild, it was a defensive battle for the three rounds, Hanna landing the often and clinching the decision. Burke was complaining on his clean performance.

At 10 lbs. Scott (West End) was aggressive, had the better of the fight and was awarded the verdict over his larger and rangier opponent, Price of the Riverdale. Goodwin (Riverdale) has pretty nearly everything in the repertoire and the he won on points. Face of the Don made it interesting for three rounds. It was a clever job.

In the same class, D. Freeman (Oldmans) and Gallagher (Don R.C.) in the flyweight division, put up a battle royal over again that was pretty nearly a tie at the wire. Gallagher had the early lead, but the judges finished like the title-holder. Gallagher was given the decision.

HICKEY TELLS OF MURDERING BOYS

Accidental Killing of Drunkard Unhinged Mind and Drove Him to Commission of Crimes.

BUFFALO, Nov. 29.—(Can. Press.)—The accidental killing of a man in Lowell, Mass., twenty years ago, was given tonight by John F. Hickey, in a signed confession as the starting point of a career of debauchery and crime, during which he murdered two boys and assaulted many others. Hickey's victims, according to his confession, were Ed. Moroy of Lowell, Mass., poisoned with laudanum over twenty years ago; Michael Kruck, twelve years old, a New York newspaper, strangled in Central Park in 1902; and Joseph Joseph, seven years old, the son of George Joseph, a merchant of Lackawanna, killed in a similar manner, October 12, 1911.

SATURDAY MORNING, NOV. 30, 1912

IMPROVING CITY GOVERNMENT.

Early next month the electors of the City of San Jose, California, will vote upon a new charter framed by a board of freeholders selected on account of the personality, capacity and civic loyalty of its members. In the course of fulfilling the duty entrusted to them, they obtained and studied the most recent charters adopted in the United States, and particularly devoted their attention to the merits and defects of civic government by elected commissions. After four months' work, the board has unanimously recommended a new charter for San Jose which they claim embodies the good features of the present charter and the result of the experience of other cities.

The board recognized that the defective administration, which led to the reform movement, lay in the diffusion of power and the dispersal of responsibility. This, as The World has long been urging, is alone sufficient to explain the general public dissatisfaction with civic government of the older type. San Jose is now being asked to sanction the appointment of a mayor as its business manager. He will sit for four years at a good salary, and must devote his whole time to the city's affairs. For the subordinate officials he appoints, he will be held strictly accountable, and if he fails to discharge his trust, the electors can remove him by exercising their power of recall. Other elective officials are an auditor, five councillors and a police judge. These officials, as well as the mayor, will be chosen under the dual system of elections which ensures that the successful candidates are the selection of a majority of the voters. Along with his sample ballot, every voter will receive a copy of the proposed charter, and thus be placed in the best position to approve or disapprove its provisions.

TO HELP OR HINDER.

One of the unfortunate characteristics about reformers is that they are never satisfied to see reforms carried out in any but their own way. The true reformer should rejoice at every effort to help and benefit the world, whether his particular plan has been adopted or not. There is room enough in The World for all the plans, but if one plan has been followed there is neither reason nor justice in abusing it because it isn't something else. This dog-in-the-manger policy has been illustrated by the attitude of opponents of the National Sanitarium Association, who seem to be peevish because the association has been going ahead and doing a lot of good work, and seems likely to have the opportunity and fortune to do a great deal more. A letter from Dr. Kenneth Douglas gives expression to the peevish sentiment in a recent issue of The World, and we are glad to have such a detailed account of the objections raised. That the treatment of tuberculosis is a local, not a national issue, is the first objection. Apart from the fact that the nation is made up of localities, which should be sufficiently obvious, Toronto has no grounds for complaint, since the Weston sanitarium is placed as near the city limits as the authorities will permit. It cannot be any more local than it is. With this comes the objection that Toronto has already paid for the patients treated, and for others from outside points. Toronto has paid for maintenance, but the accommodation is admittedly insufficient when there is a waiting list of Toronto patients who cannot get treatment in the sanitarium. And Toronto is big enough to be a little generous. We should never grudge a healed lung.

ST. ANDREW'S DAY.

This is the last day of November, and it will be remembered as one of the pleasantest that Toronto has experienced whatever the weather. Craftsmen may have to say, "Only one fall of snow came late in the month, a considerable couple of inches, after a spell of the most exquisite Indian summer weather that could be imagined. The grass had taken a new growth. The bulbs planted in expectation of the usual freeze-up were almost cheated into the belief that the resurrection was four or five months ahead of schedule. Down in the city dwellings placed under the snow they will rest content for a dream-time yet. But Easter is not so far off as usual. In fact it will be early as Easter goes, and there will be more talk about reforming the calendar and having an April Easter. It will fall on March 23 next year, and unless the tradition holds and March resembles November, it will not be a good time for light fancy costumes and new millinery. A fur-coated Easter does not seem natural, but it may be more comfortable next year. Meanwhile there will be fine exercise shovelling, for there abideth these three—coal, ashes and snow. And the greatest of these is snow.

NO WONDER THIS IS PERFECT BEER.

Dr. Douglas may not be aware of the years of stress and strain that lie behind the present situation of the Sanitarium Association, or the conditions that existed before the present amiable relations were established between the association and the board of health under Dr. Hastings. We believe Dr. Hastings to be a man of judgment and discretion, and much as he may desire better organization and machinery for preventive purposes, he is not going to make the mistake, which some appear anxious to inflict his name in support of, of wrecking or trying to wreck the most effective means of grappling with consumption that exists in the country at the present time.

When the board of health has its plans in shape, they will secure the sympathy and support of every citizen of Toronto who feels the pressure of the conditions and the supreme need of a remedy. The present duty is to get the sanitarium into such an established position that there will be no embarrassment in the future in dealing with cases brought for treatment. It is clear from Dr. Hastings' letter that there is every disposition on the part of the association to co-operate with the board of health, and we are assured that Dr. Hastings is only anxious to do the best for all who are sick and needy, and to secure, help and comfort all that are in danger, necessity and tribulation.

TUNES SUPPLIED TO ORDER.

There is not yet any information to be had about the details of the land damages reckoned at \$427,000 on account of adding an extra four feet to the height of the C.P.R. subway on Yonge street. If there are embarrassing reasons why the information should not be given well and good. The assessment commissioner should say so. Perhaps he is not anxious to furnish such a good argument to Mr. Home Smith in support of his utilities commission. There is, we repeat, a general impression that all the land around the subway could be acquired for the amount of the estimated damages. But it is one of the ancient principles of city hall government that land holders should be highly benefited by modern improvements, and then highly paid afterwards for the damages done them.

And this is one of the reasons that the land owners do not want to give the tenants a vote. For you see, it is the land owners who get the benefit of the improvements, and it is the tenants who pay for the damages. The land owner gets it coming and going and the tenant gets it in the neck. And when you figure it out a little you will see that while the voting remains as it is the assessment commissioner is the servant of the land owners, and he is not expected to make a report to please the tenants. We do not impugn Mr. Forman's good faith for an instant, but if the tenants were asking for the report and voting on it, instead of the land owners, we believe the commissioner's report might have been a little more definitely progressive. The tenants pay the piper, but the land owners have the right to call the tune.

ALBERTA ELECTIONS CARRIED BY FRAUD?

EDMONTON, Alta., Nov. 29.—Particulars of charges of corruption upon which the petition protesting the election of Hon. C. W. Cross is based, have been filed in the Supreme Court, by C. F. How Nature Cures Constipation

And Why Drugs Are Being Used Less and Less for That Purpose.

The custom of internal bathing for keeping the intestines pure, clean and free from poisonous matter—curing constipation, biliousness and the more serious diseases which they bring on—has become so universally popular and so scientifically correct in its application as to merit the most serious consideration. Nature is the best physician, and it is infinitely more powerful than any drug, no matter what its nature. The J.B.L. Cascade, which is now being used and praised by thousands and prescribed by many eminent physicians, is now being shown in Toronto. Its action is so simple and natural, as to immediately appeal to all common sense. That is the reason for its great and deserved popularity. Send now for booklet, "Why Man of Today is Only 50 per Cent. Efficient," to Chas. A. Tyrrell, M.D., Room 444, 289 College street, Toronto.

For Christmas Giving

Christmas is now less than one month away, thousands of people are yustling their brains to think of some suitable gift to present to friends and relatives. The gift that is always suitable, always timely and always appreciated, is a copy of the book of books, but then you secure one that is different, that has been prepared with a view to interest and please, you can present it with a great deal more assurance than you can the ordinary stereotyped kind. The handsome illustrated hand Bible now being distributed by The World will make a suitable Christmas present; the opportunity to secure one will disappear after today. The World during the past few months will be withdrawing the Bibles to secure one or more, as you have many friends who will appreciate a gift of this nature.

Question
No. 60

Messrs. Ryrie Bros., Limited
Toronto.

Gentlemen,—I am as usual undecided as to what to give my wife for Christmas. I have thought of diamonds, either a pendant or a ring. What can you do for me at about a "couple of hundred"?

My wife has a very nice Solitaire Ring and pendant, also, although the latter is not a particularly fine one.

Have you some designs with prices you could forward me, giving me a general idea of what I may expect for my money?

Yours truly,

Answer

Dear Sir: Your judgment upon the giving of Diamonds is sound. Even though your wife may already have one Diamond Ring and one Pendant, another one or two will prove none the less acceptable.

You know how it is yourself—wear the same suit of clothes constantly for weeks at a time and you lose all notion for it, but make a change, setting it aside in your wardrobe, even for a few days, and the next time you take it out you will feel as though you had met a long-lost friend.

Instead of giving another "Solitaire" ring, this time change the style, give a "Twist" or a "Three-stone," a "Five-stone," a "Cluster," or a fancy "Dianer" ring, with either all Diamonds or set in combination with Pearl, Emerald, Ruby, Sapphire or other gem.

The same remark applies to Pendants. Here, too, your wife will find that occasional "absence makes the heart grow fonder."

As your reliability is so well known to us we are taking the liberty of sending you upon approval a choice little assortment of these, as well as the rings. You will find the prices attached in plain figures, ranging from \$150.00 to \$300.00 each.

These will speak for themselves more effectively than we can.

Yours very truly,

Austria in Deadly Earnest

VIENNA, Nov. 29.—(Can. Press).—Three bills which will be introduced in a few days by Premier Count Stuegh, dealing with matters connected with mobilization, will be very drastic. Under them every man under 50 years of age may be called upon to perform any kind of manual or other labor military commanders may choose to impose, and any beast of burden, vehicle, including automobiles, aeroplanes and even a carrier pigeon, may be commandeered on a moment's notice when the army is on a war footing.

It is officially announced that the government tomorrow will publish a decree prohibiting the exportation of horses.

ARE YOU A GOOD FELLOW?

For several weeks The Sunday World has been asking this question: Are You a Good Fellow? Several hundred people have said that they are. In this instance the ladies can be Good Fellows, too.

What you have to do. Send your name to The World Good Fellow and he will send you the name of a little boy or girl who needs someone to make them happy at Christmas time.

It is then up to you to go and see the little ones and find out just what they need in the world.

This is real, definite, brass-tacks philanthropy. It brings the giver and the receiver together and dispenses with what we have altogether too much of—the long-distance kind.

It is a good chance for you to make yourself happier in the finest kind of a way—by giving—not necessarily of much money, but of yourself and your sympathy.

There has been a splendid response to the Good Fellow's appeal for the little ones. There is yet a chance for you. This should particularly appeal to the young men and women who are away from home, and who will have no real heart interest this Christmas.

Send The World Good Fellow a letter today and he will, a week or two before Christmas, send you the name of one or more little ones, of whatever age you specify. No one will know about it but you and The World Good Fellow.

MOTOR BOAT SANK TWO WERE DROWNED

Daniel Sweeney and Wife of Point Ann Perished Together in Bay of Quinte.

BELLEVILLE, Nov. 29.—(Special).—Two residents of Point Ann, about five miles east of the city, Daniel Sweeney and wife, were drowned in the Bay of Quinte yesterday. The double fatality became known today.

The couple started off for Belleville in a motor boat. The boat had not proceeded far when the sides were cut by the jagged ice, to such an extent as to allow the water to rush in and swamp it. The couple were, owing to the icy cold water, unable to reach land and there were no rescuers at hand.

Mrs. Sweeney's body was recovered today, but Sweeney's body has not yet been located.

The victims, a middle aged couple, years ago. Sweeney was employed at the cement works.

A family of one son and three daughters survive.

SCENTED PLOT TO KILL CHANCELLOR

Suffragette's Box of Firecrackers at Lloyd George Meeting in Aberdeen Caused Wild Alarm.

A STONE WAS HURLED

And Arrest of Woman Followed—Reform of "Iniquitous Land Laws" Promised.

ABERDEEN, Scotland, Nov. 29.—(Can. Press).—Some excitement was caused here this evening when what at first was believed to be an infernal machine intended for David Lloyd George, chancellor of the exchequer, was found in the hands of a suffragette who was discovered hiding in the hall where Mr. Lloyd George was to deliver an address. It turned out, however, to be a box containing firecrackers. The woman who had it and two of her suffragette companions were arrested. They were hiding behind the organ in the music hall and were discovered before the door were opened to admit the public.

After the meeting another militant suffragette hurled a stone at one of the automobiles occupied by Mr. Lloyd George's party, with the intention it is believed of injuring the chancellor. She picked out the wrong car, however, and the missile went thru the window of one not occupied by Mr. Lloyd George. This woman also was arrested.

In his speech the chancellor said that a great change "in the present iniquitous land laws" was imperatively necessary. In the highlands thousands of acres which could be used to produce the finest soldiers in the world, had been transformed into deer preserves. He added that statistics showed that many people were leaving the country yearly, as though they were plague stricken, and declared that much of this emigration would be stopped by a free land system.

Polish Revolt Threatened

LONDON, Nov. 29.—(Can. Press).—Pamphlets have been distributed in the streets of Warsaw, calling upon the people to celebrate the anniversary of the Polish revolution of 1830, by declaring that the Polish nation must take active measures against Russia, says a special despatch received here from Warsaw.

Troops patrol the city, the despatch continues, and there have been numerous arrests of students and workmen. The managers of the Polish schools have been informed that the institutions will be closed if the students attend church services commemorating the revolution.

TURKS PREPARING TO RESUME WAR

LONDON, Nov. 29.—(Can. Press).—The government is actively preparing for a possible rupture of the peace negotiations and a resumption of hostilities, says The Daily Telegraph's Constantinople correspondent. "The streets again are swarming with soldiers. The Lule Burgas veterans are preparing to return to the front, and Redifs are marching to barracks to be provided with uniforms and equipment. The great square in front of the ministry of war is a veritable camp, where thousands of recruits are awaiting orders to march.

"If hopes of peace are entertained, there certainly never have been more ardent preparations. Since Thursday, the government has been observing such complete silence regarding the peace negotiations that even the ambassadors are absolutely lacking in knowledge of their precise position.

"In any case, there is no indication that the Bulgarians have abandoned their provision for the surrender of Adrianople.

"The government journal, Sabah, declares that Adrianople must not be an Ottoman Alsace-Lorraine. The article indicates a great change in Turkish hopes by advising the Bulgarians to content themselves with the acceptance of frontiers."

She picked out the wrong car, however, and the missile went thru the window of one not occupied by Mr. Lloyd George. This woman also was arrested.

In his speech the chancellor said that a great change "in the present iniquitous land laws" was imperatively necessary. In the highlands thousands of acres which could be used to produce the finest soldiers in the world, had been transformed into deer preserves. He added that statistics showed that many people were leaving the country yearly, as though they were plague stricken, and declared that much of this emigration would be stopped by a free land system.

Polish Revolt Threatened

LONDON, Nov. 29.—(Can. Press).—Pamphlets have been distributed in the streets of Warsaw, calling upon the people to celebrate the anniversary of the Polish revolution of 1830, by declaring that the Polish nation must take active measures against Russia, says a special despatch received here from Warsaw.

Troops patrol the city, the despatch continues, and there have been numerous arrests of students and workmen. The managers of the Polish schools have been informed that the institutions will be closed if the students attend church services commemorating the revolution.

TURKS PREPARING TO RESUME WAR

LONDON, Nov. 29.—(Can. Press).—The government is actively preparing for a possible rupture of the peace negotiations and a resumption of hostilities, says The Daily Telegraph's Constantinople correspondent. "The streets again are swarming with soldiers. The Lule Burgas veterans are preparing to return to the front, and Redifs are marching to barracks to be provided with uniforms and equipment. The great square in front of the ministry of war is a veritable camp, where thousands of recruits are awaiting orders to march.

"If hopes of peace are entertained, there certainly never have been more ardent preparations. Since Thursday, the government has been observing such complete silence regarding the peace negotiations that even the ambassadors are absolutely lacking in knowledge of their precise position.

"In any case, there is no indication that the Bulgarians have abandoned their provision for the surrender of Adrianople.

"The government journal, Sabah, declares that Adrianople must not be an Ottoman Alsace-Lorraine. The article indicates a great change in Turkish hopes by advising the Bulgarians to content themselves with the acceptance of frontiers."

The Bohemian Girl Spectacle.

A distinguishing feature of the Aborn Opera Co.'s production of Balfe's masterpiece, "The Bohemian Girl," which will be offered at the Alexandra Theatre next week, is its colossal proportions. The American stage has never before seen a production of this opera carried upon such a tremendous scale. Realism is lent to the series of great stage pictures that have been prepared by the introduction of a cavalcade of horsemen in a thrilling dash up mountain side as the finale of the first act, a band of genuine gypsies are shown making and breaking camp in a truly realistic manner, and a wonderful troupe of whirlwind acrobats whose performance in the fair scene is little short of marvellous. Other special features including "The Dance of the Hours," from Ponchielli's "La Gioconda," etc. so naturally where they are introduced, that they serve to enhance the beauty of Balfe's score with its "Than You'll Remember Me," "The Heart Bowed Down," "I Dreamt I Dwelt in Marble Halls," "Bliss Forever Past," and other perennial melodies.

Margaret Illington.
Margaret Illington has come to the slum for an emotional role that is magnificently suited to her. She plays the wife of a miser in Charles Kenyon's drama, "Kindling," who sees motherhood ahead of her and her husband may get away from the rotten tenement before the baby comes. It is in the scenes of the exposure and the husband's misunderstanding that the acting values of the play are splendidly brought out. Miss Illington will be the attraction at the Alexandra Theatre week of December 9.

Remarkable Play at Princess

By far the most important dramatic production of the season will be offered at the Princess Theatre next week when Kluge & Erlanger and Joseph Brooks present "Milestones," a sensational success of two continents, with a company of English players, specially selected for the interpretation of some of the most difficult roles ever attempted on the stage.

"Milestones" is a remarkable play interpreted by a remarkable company. It is by Arnold Bennett, the author of "Clayhanger," "Love to Live on Twen," "Four Hours a Day," "The Matador of the Five Towns," and other famous novels and essays; and Edward Knoblauch, the dramatist of "Kismet."

It is a wonderful picture of the flight of time—a picture that brings alternate tears and laughter. In the company are Gwendolen Floyd, Sybil Walsh, Cathleen Doyle, Marie Hassell, Una Venner, Reginald Walter, William Armstrong, Malcolm Cherry, Clayton Green, Cronin Wilson, Charles Vaughan, Geoffrey Douglas, Douglas Jefferies, Charles Combe and Blanche Ripley. There will be matinees Wednesday and Saturday.

Christie MacDonald in "The Spring Maid." There was no pretence of opinion concerning the superior merit of Christie MacDonald in the bright and joyous operetta, "The Spring Maid."

MUSIC

Orchestral Novelty of Season Promised

The place that the New York Symphony Orchestra occupies in the estimation of the patrons of music in New York is evidenced by the fact that it was chosen to open Aeolian Hall this month, and The Evening Post says that the first concert amply proved the wisdom of the choice. The Post writes that the concert was profoundly enjoyable and that the orchestra was in fine shape, and that the program gave proof of the conductor's habitual skill in program making. The novelty of the occasion was a series of "five infantine pieces," arranged by Mr. Damrosch, from Maurice Strakosky's "Mother Goose." It was originally composed as a piano duet, but the novelty of the occasion was that it is in plastic form. Its cleverness, its ingenuity and fitness of work-magically lovely tone painting, betokening in their piquant charm, crowd the pages of the score. Mr. Damrosch's men played this music with exquisite regard for its manifold subtleties, and

Eleanor Montell at the Grand.

The success that Eleanor Montell scored in "At the Mercy of Tiberius" furnished ground for the prediction that following her appearance in that play, she would be given one with a role that would show to better advantage the undeniable talent which she possesses. The prediction has come true. She has been given a play worthy of her talent and she has been promoted to stardom. She will appear at the Grand next week in a gripping stage story of modern American life, "A Woman's Name." The play deals with stirring events in the life of the political underworld of a great city. Its humor and pathos are exquisitely blended and it has a sweet love story. It is a play that interests both sexes. The company supporting the brilliant young star is one of uniform excellence.

"The Yellow Peril" at Shea's.

An all-star vaudeville bill has been selected by Manager Shea for Shea's Theatre next week.

Heading the bill next week is Nina Morris and her company in "The Yellow Peril," a one-act drama by Albert Cowley. This act is one of the strongest dramatic sketches on the vaudeville stage.

The special attraction for the week will be Daphne and Willie Burr, who appear here for the first time in their novel act, "A Lady, a Lover and a Lamp."

The six Kirksmith Sisters have a novel European musical act that is seen here for the first time and is one of the best of its kind in vaudeville. Fay, Two Coleys and Fay have a combination of harmony, fun and clever dancing, and are favorites of the audience.

Hastings Big Show--Gayety.

"The Girl of Many Husbands" is a title full of promise, and as the fun-vehicle of Sam Sidman and the Harry Hastings Big Show, coming to the Monday matinee, it is sure to fulfill every promise as a creator of laughs. Sidman has a happy and natural vein of German comedy which is allowed a free rein in this piece, and there is also a good lively part for Tom Coyne, who has long been identified with the success of the Hastings Show. The piece is original, having been written and composed by Charles Horwitz and Joseph Nathan for the Harry Hastings Amusement Company, and so deeply were the producers impressed by the tryout of the piece that an all-star cast has been assembled for the presentation of the piece.

Dandy Girls at Star

What promises to be the most enjoyable offering of the season is booked as the next attraction at the Star Theatre next week. The organization, known as "The Dandy Girls," is a most burlesque troupe on the Empire circuit. When it is considered that the management has expended thousands of dollars, and that the production is the best of the Victoria Four, vaudeville's best quartet, recoures of the show may be gleaned. Their repertoire includes the names of other artists of reputation, including "The Dandy Girls," a team of resourceful and skilled dancers, Myrtle, Miriam, Harriette, prima Yule, character comedienne, and Mary, character comedienne, and Virginia, character comedienne. In addition to an all-outletting of the services of Lester and Moore, scenic comedians; Ronie, in a European novelty, "Visions of a Mexican Athlete," and "It Happened in Paris" are also presented.

Carmen Melis' Great Success.

Carmen Melis, the beautiful prima donna who is a native of Chile, has scored an immense success with the Montreal Opera Company. Her debut was a test for her choice to enact "La Tosca," in which Esther Ferrabini has already endeared herself to the Canadian public. The critics speak of "the wonderfully colored tones of a glorious voice" and describe her as "a Tosca vocally superb, a vision of regal, opulent beauty, of rare charm and wondrous fascination, of glorious eyes that now glow with the fires of passionate love or waken slumbering depths of morbid jealousy." In "Aida," she has again scored a triumph and her versatility is shown by her performance in "Hierodiade," as Leonora in "Trovatore," as Madame Butterfly and as Thais.

Wladowsky's Choir at Massey Hall Thursday

Mr. Bernhard Wladowsky, the noted musical director, soloist and composer, who conducts his large choir with orchestral assistance in Massey Hall Wednesday evening, is a distinguished graduate of the Imperial Conservatory at St. Petersburg, Russia, and an artist of international reputation. The lieutenant-governor and Lady Gibson have extended their patronage to the concert which seeks to aid the cause of the Hebrew Free School, Toronto. Mr. Zuzman Kaplan of the Hamburg Conservatory will conduct the orchestra. Mr. Fred Cohen, a remarkable boy pianist, is but one of many excellent artists who will take part in a generous program of operatic, religious and instrumental numbers. The sale of seats indicates a heavy attendance.

FOR CHRISTMAS

Parents, Sunday school teachers, everybody, at some time or other, gives a Bible as a Christmas box. The opportunity to secure one that will combine all the features of the usual presentation Bible, and, in addition, something decidedly new and attractive, will be lost after Nov. 30, as The World's distribution of the New Illuminated Bible closes after that date. The World's Bible is different only in the embellishments—which attract the indifferent and casual reader. The six hundred text pictures are of never-ending interest to the child, as well as an aid to the mature reader. The colored reproduction of the famous Tissot's paintings are an inspiration to the Bible student, and vividly bring to mind the grandeur and magnificence of Biblical times. You have a choice of either a Protestant (St. James' version) or Catholic (Douay version), both bound in limp leather, gold lettered, with overlapping edges. Thru the efforts of The World Newspaper, it is possible to secure a copy of this Bible, but as the distribution closes to-night, you will have to hurry. One coupon from The Daily World and a small charge secures it.

How He Escaped An Operation

And Was Completely Cured of Piles of 14 Years' Standing by Dr. Chase's Ointment.

Mr. Charles Beauvais, a well-known citizen of St. Jean, Quebec, writes: "For 14 years I suffered from chronic piles, and considered my case very serious. I was treated by a celebrated doctor who could not help me and ordered a surgical operation as the only means of relief. 'However, I decided to try Dr. Chase's Ointment, and obtained great relief from the first box. By the use of three boxes I was entirely cured. This is why it gives me great pleasure to recommend Dr. Chase's Ointment to all who suffer from piles as a treatment of the greatest value.' Mischa Elman With Symphony Orchestra

Mischa Elman, the great Russian violinist, who will return to Massey Hall with the Symphony Orchestra, after an absence of nearly two years, has during the past season completed one of the most successful tours of his career. He has been continually playing for the last eight months, and on one occasion visited seven different countries in the course of six weeks. Among the more important cities he visited were Berlin, where he gave six concerts; Paris, Rome, Brussels, St. Petersburg, Odessa and Moscow, crowded houses being the rule everywhere. He visited his native country, Russia, for the first time since leaving, and played before the Empress Marie, who showed her appreciation by presenting him with a handsome diamond scarf pin.

For his appearance with the orchestra on Thursday next, Elman has chosen a program that will appeal to both the music student and the ordinary admirer of art. Mendelssohn's Concerto will be given with orchestra accompaniment, and later in the evening he will give an interesting group of solos with Mr. Percy Kahn at the piano. They are the Wilhem arrangement of Schubert's "Ave Marie" and a Paganini variation. The even eclipse in variety the previous year's season. There will be no symphony. But instead Mr. Wladowsky is giving a miscellaneous list of works, of which the Dvorak Variations, Saint-Saens' "Danse Macabre," the Liszt "Hungarian Rhapsody" and the Beethoven Overture, "Leonora," will be the principal ones. The plan for seats opens at Massey Hall on Monday morning.

OUTLYING ROADS TO BE REPAIRED

Commissioner Harris to Be Given a Free Hand to Spend Money in Suburban Districts.

PAVING BLOCK SAMPLES

Some of Those Intended For Use by the City Were Not Up to the Standard.

A question of encroachment arising with difficulties, came before the board of works at the city hall yesterday for decision, and should the city eventually decide to force the property back, it will be compelled to follow up the precedent by forcing back all street encroachments now existing in the city.

The difficulty arose out of the choice of two stakings being made on the property by W. G. McKendrick on Roxboro street east when in course of construction.

Now that the city has decided to widen the street from 40 to 66 feet, it is hard to decide whether the city should force Mr. McKendrick to put his staking back or to take the extra land required from Arthur Bellard. It was decided to have a report from Works Commissioner Harris and Assessment Commissioner Forman.

The city contemplates employing an official to take care of encroachments and advise the city where they exist.

He will also look after building surveys. Ald. Sam. McBride made a fight for his motion to spend \$25,000 for a sufficient sum to improve the many bad roads leading from the city, especially in the northwesterly districts.

The board of control was requested to report on the matter. The controllers asked Commissioner Harris to report as to what roads wanted re-paving. This roused the alderman's ire. He said the winter would get to work. He claimed that Commissioner Harris should have an absolutely free hand as ordered by council, but the board was going to restrict him to making a report and this waste time.

"You have asked for a large expenditure and we should have some information as to how he is going to be spent," declared Controller Foster. "The council passed upon giving the commissioner a free hand, and you have got no right to hold him back," put in the alderman. "The board should pass on the fund right away. What right has the board to say what street shall be improved when they all want attending to?"

The board decided to report funds forthwith and give the commissioner a free hand.

Aldermen Hilton, Sanderson and Roblin have made an explanation of their actions last Tuesday when the adjourned council meeting was brought to a close thru lack of a proper quorum with the result that an important bylaw affecting assessment reform was thrown out.

They state that they had called a meeting at the east end, thinking the meeting would not continue later than 8 o'clock.

At 8 o'clock the aldermen were informed by telephone that the electors were waiting for them in the hall rented for the occasion, and they had left earlier in the evening. The three aldermen emphatically state that they would not have left council had they known the bylaw was going to be re-introduced. It had been previously defeated on a vote of 8 to 3, and Controller Church's move for the council

to go back into committee of the whole and reconsider the question was unknown to them.

Paving Blocks. No. 1 committee room at the city hall looked like a veritable museum for paving blocks as a result of Ald. Teoman bringing to the board of works a sample of the block paving being laid on Sherbourne street, which had the appearance of being just dipped in preservative instead of receiving proper treatment.

Commissioner of Works Harris immediately sent to his office for three sacks of chips and portions of blocks being used on the same street, which he explained were fair samples of what were being used.

"Sharp practice," was the accusation of the commissioner, who stated that the firms who had offered to supply cheap blocks, had endeavored to sell the city blocks not up to the standard measurements.

The city will probably purchase the blocks and install its own preserving plant.

Commissioner Harris is not prepared to construct stables, etc., at the exhibition, as he states such work is foreign to the department. He is quite willing to handle the roadway and sewage systems. "If council insists that we do this stable work," he declares, "it simply means that the legitimate work of the department will suffer."

The commissioner wants \$28,000 to cover the civic snow cleaning business. He says that the rise of \$2.10 per quartum with the result that an amount of \$13,000 for the period between May and December 31. There is also an existing deficit of \$10,000 over a previous appropriation. This reduces the sum actually required to \$5,000.

YORK PIONEERS. The regular monthly meeting of this society for the transaction of business will be held in their room, 124 College street, on Tuesday, Dec. 3, at 8 o'clock sharp. An interesting paper will be read by Dr. William Harrison of Richmond Hill.

SERIOUS CHARGES MADE BY TRUSTEE

Allegation That Contractors Made Up For Low Tenders By Doing Unsatisfactory Work.

Trustee Ellis made the charge at the property committee of the board of education yesterday that some of the contracts made up for putting in low tenders by unsatisfactory work. He agreed to furnish the chairman of the committee with information.

Chairman Hodgson said that they had to depend on the certificates of their building inspectors.

Tenders for the new Keele street school, aggregating \$5,831, were accepted by the property committee yesterday afternoon, also for the Pauline avonius school, amounting to \$13,343, addition to the Malvern High School, \$7064, and improvements to Western avenue school, \$815.

A Dear Park deputation was given assurance that sewer connections required would be constructed early in the new year.

A Superb Christmas Box

A copy of the New Illuminated Bible, bound in limp leather, with overlapping edges and gold lettered, would make a suitable Christmas gift. Clip the certificate today, as the World's distribution of these Bibles will be discontinued after today.

Hired Man's Pay MUST BE RAISED

Immigration Agents Talk Candidly to Waterloo Farmers on Reasons For Labor Dearth.

GALT, Nov. 29.—(Special.)—In vigorous addresses before the Waterloo County Board of Agriculture, Mayor McMillan, representing the Salvation Army immigration work, and J. M. Clark, superintendent of the Dominion immigration department, united in plainly telling a large gathering of farmers of one of the notable agricultural sections in Canada, the causes of the shortage of farm help.

The keynote of the speeches was "The laborer is worthy of his hire." "The laborer in this province would never be solved until better wages were paid and conditions made responsible for the newcomers."

As a man improved, so should his wages increase. Everlasting work from daybreak to sunset was the cause for a good deal of the difficulty, in many farming communities there was lack of house accommodation for help. The demand for labor was greater today than ever before, and while justice was due to the farmer, justice was also due to the men.

From experience the success of the farm laborer is due to his first employer.

Wages in Toronto. Three thousand odd country laborers had been placed in Ontario this year, or 3000 short of the demand. A large help existed in the old land, and other countries besides Canada were seeking such labor. Said Mr. Clark: "Here is a question I would like you farmers to solve in your farmer's clubs. If seven years ago unskilled labor received \$1.50 a day in Toronto, four years ago in the same labor \$1.75, and today \$2.25, how are you going to compete with this?"

The ambition of the farmers should be to try to keep the men on the farm and not let them get into town to work. One thing is necessary, said the farmer to make these men valuable to them and that is kind treatment."

The Galt Board of Trade has decided to assist the farmers in the proposition to assist families in the old country to join husbands who have become residents of Galt. Several men who have been here six months to two years, and are satisfied with the country, are not able to get necessary funds to bring out their families of six or eight persons. A special committee has been appointed to look into the question and take action as a direct result of the meeting of the board of trade, when an address on the subject was delivered by Mr. Tennant, immigration agent of the Canadian Northern Railway.

LIBERAL SENATOR FOR PROTECTION

Wisdom Has Come With Age to Senator McMullen of Mount Forest—Address Is Adopted.

OTTAWA, Nov. 29.—(Can. Press.)—The debate on the address was closed today in the senate, which is now ready to receive the naval bill or any business which may be brought before it. The address was adopted.

A resolution was adopted declaring vacant the seat of Senator Sullivan (Conservative) of Kingston, who has failed to give his attendance in the senate during two consecutive sessions.

Senator McMullen (Liberal) Mount Forest, Ont., resuming the debate upon the address, said he would not have spoken out for a senator's intimation that Canada would do well to join her fortunes with those of the United States.

Senator McMullen said he thought that there was not now a single man in Canada who held such views. In the past this view was held by an organization known as the Fenians. However, that organization had disappeared to the great comfort of everybody.

Discussing the trade reference in the speech, Senator McMullen said: "It was at one time opposed to a protective tariff, but as we grow older we grow wiser. I have come to the conclusion that there is no tariff under which our country may grow and flourish and all classes of people benefit as much as under a well considered and prudently managed protective tariff."

Senator McMullen objected to increasing the membership of the senate, and passing to redistribution.

"What really should be done was to reduce the membership of each chamber. Canada was greatly over-represented in the two chambers of Canada. Congress cast each American only five cents per year, which he compared with the four to Canadians. He favored highway improvements, and thought the senate's amendments to the government highway bill last session had been wise and proper."

The debate was closed by the adoption of the address.

DR. REID, WINNIPEG, ACCUSED OF FRAUD

Medico Is Said to Have Cleaned Up About Five Thousand Which He Collected For Hospitals.

WINNIPEG, Nov. 29.—(Can. Press.) Acting on a warrant sworn out this morning by J. Howard T. Falk, secretary of the Associated Charities, detectives arrested Dr. J. T. Reid on a charge of obtaining money under false pretences. It is said that the amount involved will be in the neighborhood of \$5,000 and the swindle extends over a period of six or seven years.

Reid is said to have represented himself to be an accredited agent for collecting money for cottage hospitals, which are branches of the Lady Minto Cottage Association, itself a branch of the Royal Victorian Order of Nurses.

The sooner you begin to smoke

Marlborough

the more satisfaction and pleasure you'll have

You can't know the real pleasure of cigar smoking till you've had a heart-to-heart session with a MARLBOROUGH because nothing but pure Cuban grown Havana leaf goes into this cigar, and this is seasoned by our old-fashioned method of slow, natural seasoning. In this way all its fine flavor is retained, with no trace of over-strength. We do not permit hasty artificial sweating or flavoring. Our method of aging and maturing the leaf is rare in these days. You get a mellowness in MARLBOROUGH that can be had only by this slow seasoning method. All harshness has left the leaf, and the flavor stands out smooth and sweet. If you have never smoked a MARLBOROUGH, a real pleasure is waiting you. Don't let any dealer give you the "just as good," the kind that produces mental fog and dizzy feelings, and is tasteless and flavorless. MARLBOROUGH has put a new slant on value given to cigar smokers. Smoke one a day, or as many as you like. You won't experience the slightest irritation. And for taste, flavor and even burning qualities MARLBOROUGH certainly has all those ten-cent populars whipped to a custard.
