Are Anti-Bilious and a Specific for the Cure of Liver and Kidney Complaints, Dyspepsia, Costiveness, Headache, Piles and will purify the blood, regulate the Secretions, Remove all Bilious Matter, and prevent Ague.

"THROW Physic to the dogs; I'll none of it" are words which Shakespeare put into the mouth of Macbeth, but the Immortal William must have had in his mind the vile decoction brewed by the witches on Forres' blasted heath, when he penned the words referred to. Had **Parmelee's Pills** been then in use he would have had more respect for physic. Nay, it may with safety be averred that there must have been times when **Parmelee's Pills** would have been a God-send to the great play-wright, for it is not to be supposed that his liver and kidneys were always in good order any more than the same organs in the present day.

Parmelee's New Vegetable Pills are composed of a careful selection from amongst the plants belonging to the Vegetable Kingdom in this country with one important exception, that of a newly discovered plant found only in Spain and whose medicinal properties are amongst the most remarkable at present known, inasmuch as each component part performs its specific action upon the different diseased organs of the body. **Parmelee's Pills** contain Mandrake and Dandelion, therefore as already indicated, they cure liver and kidney complaint. They also prove to be a good tonic, have a healthy stimulating effect, create an increase in the flow of gastric juice, give tone to, and strengthen the digestive organs, and are a sure cure for that forerunner of melancholy—Dyspepsia. Fevers, ague, and all Bilious derangement must speedily disappear when acted upon by **Parmelee's Pills**, which purify the blood, regulate the secretions, carry off all morbid accumulations from the system and create an acti-

vity among the dormant energies of the system which cannot fail to throw off disease.

There is abundance of testimony as to the potency of **Parmelee's Pills** of which the following are samples:—

AN EXCELLENT PILL.—MESSRS. J. & R. McLEOD, Black River, N.B., write: "Send per mail two dozen **Parmelee's Pills**. We are out of them and as they are an excellent Pill, and have a good sale we want them at once."

MR. W. H. MOORE, South Farmington, N. S., writes: "Enclosed find \$1 for which send me **Parmelee's Pills**. The five boxes I got from you last were of great benefit. I showed them to an M.D. and he said they were as good as anything I could get, which gives me confidence in them."

DISORDERED LIVER.—Mr. G. Harris, Bridgewater, N.S., writes: "I am pleased to

recommend **Parmelee's Pills** above all others. For the past five years I could get no relief for pains in my side and disordered liver I tried several kinds of Pills but found no relief until I started to take **Parmelee's Pills**.

IN GOOD DEMAND.—MR. JOHN HAWES,

Carlisle, writes: "**Parmelee's Pills** give excellent satisfaction to my customers. One young man to whom I sold a box when very ill told me that they fixed him up, and made him feel like himself again."

NONE BETTER.—MR. HENRY ROONEY, Douglastown, P.Q., writes: "I have used **Dr. Parmelee's Vegetable Pills** and found them equal to the recommendation for Indigestion. My mother has used them and they cured her. We prefer them to any other kind of pill."

GIVES THEM PREFERENCE.—Mr. Orlando Colver, Druggist, Delhi, writes: "**Parmelee's Pills** have a ready sale in this section, in fact they are one of the best sellers. Having tried them personally to my satisfaction I give them the preference when recommending."

Sold by all medicine dealers. Price 25 cts. **NORTHROP & LYMAN Co., Ltd., Toronto.** Proprietors for Canada.

AMONG the numerous medical prepara-
tions which have come before the
public during the present century
none can lay a just claim to an equal popu-
larity with that of **Dr. Thomas' Eclectic
Oil**. Many so-called medical discoveries
have been introduced, and by dint of adver-
tising have come into notice for a time, but
these have speedily sunk into oblivion,
leaving a world of pain behind them, which
they were powerless to help. Not so with **Dr.
Thomas' Eclectic Oil** as this truly mar-
vellous production of medical science ap-
peared as a star of the first magnitude and
has continued to blaze with ever increas-
ing brilliancy for a quarter of a century. Its
name is now a household word in every
part of the Dominion and no home should
feel safe without it. It may truthfully be
said to be a *panacea* for most of the ills that
flesh is heir to; it has, in short, proved a
blessing to mankind.

The mass of testimony
which has come to
hand bearing on the
wonderful efficacy
and curative prop-
erties of **Dr. Thomas'
Eclectic Oil** leaves
no shadow of doubt to
rest upon it. But the
most satisfactory evi-
dence in its favor is
the large and ever in-
creasing demand there
is for it. Last year
there were sold by the
Canadian proprietors

alone close on *three hundred and fifty thou-
sand bottles*, nearly one thousand bottles
for every day in the year. Just think of
this all ye suffering ones and if you have
not already got a supply of **Dr. Thomas'
Eclectic Oil** lose no time in applying to
your nearest medicine dealer for it. "A
friend in need is a friend indeed," and what
better evidence can you have that **Dr.
Thomas' Eclectic Oil** is a true friend
than the fact that the demand for it is so
enormous.

It is very doubtful if the general consum-
er desires to know what ingredients go to
make up a famous medicine. All he should
care about is to be convinced by personal
experience and by the experience of others
that it *cures*. In all fairness to the merits of
the **Oil** this much might be stated however,
that it is a combination of six essential oils

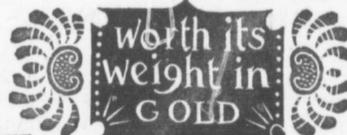

containing all the virtues of the plants from
which they are distilled; it is free from al-
cohol and will not therefore lose its strength
through evaporation. Another strong
point in its favor is its cheapness, as it takes
so little to do so much; in other words it
affords the *maximum of cure* in return for
the *minimum of cost*, a great consideration
during hard times.

There is still another and a very powerful
argument in favor of **Dr. Thomas' Eclec-
tric Oil**—it is alike good for man or beast.
It is the farmer's friend in a double sense,
for not only will it produce wonderful re-
sults in case of accident or sickness in his
family, but it will be found equally effective
if used in the stable. The **Oil** is recommend-
ed with every degree of confidence to own-
ers of horses and other stock. There is
scarcely a disease or an accident to which
animals are subject over which the **Oil**, if

judiciously adminis-
tered or applied, will
not obtain complete
mastery. It has effect-
ed permanent cures
in cases where the
veterinary surgeon
has had to acknow-
ledge himself com-
pletely baffled; in fact
it is universally
acknowledged to be
the *best horse and
cattle medicine* ever
made, and of course
it will be found equal-
ly helpful in the case

of smaller animals. On the ground of
humanity, apart from the consideration of
self-interest, every farmer in the land
should have a supply of the **Oil** always on
hand. **Dr. Thomas' Eclectic Oil** is a
magical compound, and as a medicine as
nearly approaches the fabulous "Elixir of
Life" about which we read so much of in by-
gone ages, as any thing of the kind that
has come before the public in modern times.
It is as a natural result, constantly finding
new friends, and never losing old ones, both
of which facts speak more eloquently in
its favor than anything that can be writ-
ten had we the oratorical power of a Cicero
or the eloquence of the younger Demosth-
enes. What more need be said to recom-
mend the **Oil** to that remnant of suffering
humanity who are as yet ignorant of its re-
markable virtues.

DR. THOMAS'

ECLECTRIC OIL

Lunar Cycle, or Golden Number	16	Julian Period	6609

The Year 5657 of the Jewish Era commences at sunset on September 8th. The Year 1314 of the Mohammedan era, or era of the Hegira, begins on the 12th day of June, 1896. The 60th year of Queen Victoria's reign begins June 20th, 1896. The 121st year of the Independence of the United States begins July 4th, 1896. The first day of January, 1896, is the 2,413,560 day since the commencement of the Julian Period,

: : : ECLIPSES : : :

- In the year 1896 there will be four Eclipses, two of the Sun and two of the Moon.
- I. An Annular Eclipse of the Sun, February 13th, invisible in N. America.
 - II. A Partial Eclipse of the Moon, February 28th, invisible in N. America; visible generally in Europe, Asia and Africa.
 - III. A Total Eclipse of the Sun, August 8th, invisible in N. America.
 - IV. A Partial Eclipse of the Moon, August 22nd, visible in N. America.

TIMES OF THE PHASES

	d.	h.	m.		d.	h.	m.
Moon enters penumbra	22	11	7 p.m.	Moon leaves shadow	23	3	30 a.m.
Moon enters shadow	23	0	24 a.m.	Moon leaves penumbra	23	4	48 a.m.
Middle of Eclipse	23	1	58 a.m.	(Eastern Standard Time).			

Magnitude of the Eclipse = 0.74 (Moon's diameter = 1.00).

MORNING AND EVENING STARS

VENUS is a morning star to July 9th, and an evening star to end of year. **MARS** is a morning star to December 11th, afterwards an evening star. **JUPITER** is a morning star to January 24th, an evening star to August 11th, and a morning star to end of year. **SATURN** is a morning star to May 5th, an evening star to November 13th, afterwards a morning star. **MERCURY** will be a morning star about March 5th, July 3rd and October 24th, and an evening star about January 24th, May 16th and September 13th.

The satellites of **JUPITER** are not visible from July 14th to Sept. 10th, the planet being too near the sun. **MARS** will be in opposition to the sun December 10th.

. . . THE SEASONS . . .

USED FOR ALL AILMENTS.—MR. CHAS. G. GRIMES, Walker's Point, Ont., writes: "Dr. Thomas' Eclectic Oil cures so many different diseases that every one uses it, and says it is the best medicine ever sold in this part of the country."

STREET CAR ACCIDENT.—MR. THOMAS SABIN says: "My eleven year old boy had his foot badly injured by being run over by a car on the Street Railway. We at once commenced bathing the foot with Dr. Thomas' Eclectic Oil when the discoloration and swelling were removed, and in nine days he could use his foot. We always keep a bottle in the house ready for any emergency."

WORD FROM CALIFORNIA—MR. J. F. MUNCEY, San Francisco, Cal. writes us: "Dr. Thomas' Eclectic Oil is a wonderful medicine for reducing swelling; my leg was factured, and the foot and ankle being badly swollen, I used the Oil and found it excellent for taking down the swelling."

ONE BOTTLE DID IT.—MR. W. J. KENNEDY, Estmere, C. B., writes: "Dr. Thomas' Eclectic Oil has a ready sale here. I tried it myself in a case of bronchitis, where all other remedies failed, and was cured with one bottle."

ALL SAY THE SAME.—MRS. N. BROOKMIRE, Ellendale, Dickero Co., Dakota, writes: "When leaving Canada, I brought some of Dr. Thomas' Eclectic Oil with me, and my friends here think the world of it. We cannot get along without it," etc.

A GRAND REMEDY.—MR. E. G. HOWARD, Toronto, writes: "I had been troubled with a very severe pain in my left side, and had become quite unfit to follow my daily employment, and having heard that Dr. Thomas' Eclectic Oil was a sure remedy for the ailments of mankind, I got a bottle and proved it so in my case. I have found it a grand remedy for soreness of the muscles or joints. I have recommended it to others for the earache and for severe cold in the head, and it has never failed to give satisfaction. My friends have found it a valuable family medicine, and we all unite

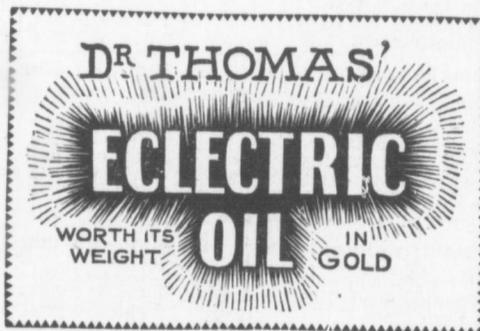

in thanking you for the benefits we have received from it."

STILL ANOTHER TRIUMPH.—MR. THOS. S. BULLEN, Sunderland, writes: "For fourteen years I was afflicted with piles; and frequently I was unable to walk or sit, but four years ago I was cured by using Dr. Thomas' Eclectic Oil. I have also been subject to quinsy for over forty years, but Eclectic Oil cured it, and it was a permanent cure in both cases, as neither the piles nor quinsy have troubled me since."

MR. J. A. PINARD, Grand St. Esprit, P.Q., writes: "Six bottles of Dr. Thomas' Eclectic Oil cured my boy of Inflammatory Rheumatism from which he suffered for several years. Previous to using the Oil we tried every means within our power without getting any benefit. It is a wonderful medicine."

INFLAMMATORY RHEUMATISM.—

MR. S. ACKERMAN Commercial Traveller, Belleville, writes:—"Some years ago I used Dr. Thomas' Eclectic Oil for Inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to

move without crutches, every movement causing excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with Rheumatism since. I, however, keep a bottle of Dr. Thomas' Eclectic Oil on hand, and I always recommend it to others, as it did so much for me."

MR. JOHN GRAHAM, Stevensburg, Mich., writes:—"Dr. Thomas' Eclectic Oil is the best family medicine you can have in the house. I have been using it for fifteen years."

THE BEST FOR HORSES.—MR. JAMES BROWN, Superintendent of Fishing Grounds, Hammond, N. B., says:—"I have used Dr. Thomas' Eclectic Oil for some years and find it the best horse remedy, particularly for scratches, that is in the market. I have never known it to fail me."

How to keep mutton fresh for any length of time. Don't kill the sheep.

ONE half of the world doesn't know how the other half lives. It is just as well. It saves a great deal of gossip.

THE man who is always wishing he were dead is sure to be the first to rush for the door of a theatre at the cry of fire.

A COUNTRY girl coming from the field was told by her cousin that she looked as fresh as a daisy kissed by the dew. "No, indeed," was the simple reply, "that wasn't his name."

SCIENCE says that it took two millions of years to evolve a man from the oyster. Observation, Josh Billings says, shows that it takes less than a minute to transfer the oyster to a man.

LIFE is short, only four letters in it. Three-quarters of it is a "lie" and half of it an "if."

SLOTH makes all things difficult; industry makes things easy. He that riseth late must trot all day, and shall scarce overtake his business at night.

JONES—"I hear that the handsome young tenor of your choir is to marry the charming soprano. Sing-ular, is it not?"

SMITH—"Yes; each struck a chord in the other's heart, it did not take long to register their vows, and it will be a note-able wedding. They will spend their honeymoon on the high Cs."

"Very romantic affair, no doubt."
"Well, no, except that they met by chants."

ASTHMA is a disease characterized by the occurrence of paroxysms in which the breathing, previously natural, becomes difficult and is accompanied by wheezing and a distressing sense of tightness in the chest.

The paroxysms are often preceded by premonitory symptoms, in some by great drowsiness, and in others by extreme wakefulness and unusual mental activity and buoyancy of spirits.

The spasms may occur at any hour, but generally between two and four in the morning.

Asthma is generally caused by living in cold or moist atmosphere, or being subject to sudden changes of temperature, irritation of the air cells and lungs by atmospheric impurities, and it also frequently appears after some inflammatory affections of the respiratory mucous membrane. In other cases it is clearly hereditary.

It is one of the most distressing diseases that a person can have, and it is impossible to realize the suffering endured by asthmatics without having a severe attack of it.

To relieve the sufferings of a particular friend, induced the inventor of **Dr. J. D. Kellogg's Asthma Remedy**, to commence the study of Asthma, and then the research for the best antidotes for the relief and cure of that disease. It was a laborious task and caused many sleepless nights and an endless amount of experiments, but at last his labor was rewarded by the successful discovery of one of the most wonderful medicines ever invented.

Dr. J. D. Kellogg's Asthma Remedy has given relief to thousands in Canada and the United States, who suffered for years with that dreadful disease without being able to get any relief, but space will not allow us to say more or to give but a few of the immense number of letters we have received bearing testimony to its efficacy, and thanking us for the benefit it has been to the writers.

REMOVED THE TROUBLE.—MR. WM. PITT, JR., Shanly, says :—"I thank you for what **Dr. J. D. Kellogg's Asthma Remedy** has done for me. I was a terrible sufferer from Asthma, but your medicine has removed the trouble."

A LIFE SAVED.—MR. JAMES CLENDENEN, Markham writes :—"I have suffered twelve years with Asthma; often been so effected that my life was despaired of. I used nearly every Asthma remedy that I could buy, with no permanent relief until I tried **Kellogg's Asthma Remedy**, which has now nearly cured me. I have now no bad attacks, and believe would not be alive to-day if I had not used **Dr. Kellogg's Asthma Remedy.**"

FIVE DOLLARS IN STEAD OF ONE.—

MR. THOS. STEVENSON, Burlington, says:—"If **Kellogg's Asthma Remedy** cost \$5 a box, I would pay it rather than do without it, I have had Asthma for eleven years and this is the only remedy that helps me. It is a safe remedy and leaves no bad effect after using it."

DELIGHTED WITH IT.—MR. F. M. AKINS, Rayle, Ga., writes:—"I and all my Asthmatic friends are just delighted with **Dr. Kellogg's Asthma Remedy**. We would not be without it for ten times what it cost, etc., etc."

AN OLD MAN'S TESTIMONY.—MR. WILLIAM BEATY, Centre Ky., writes:—"For about eight years I suffered with Asthma so that I could not get a good nights sleep, but now I can sleep all night. **Kellogg's Asthma Remedy** did the work for me, it is beyond the shadow of a doubt the best remedy for Asthma in the world. My age is 72 years and this is absolutely remarkable to cure a man as old as I am of such a dreadful disease as I had."

Price 25 cents and \$1.00. If you cannot get it from your medicine dealer, it will be sent on receipt of price by mail.

If you don't want to see a backward spring, keep the poker away from the cat's nose.

A TOMBSTONE is about the only place where the average man doesn't really care to have his name in print.

THERE is no disgrace in being poor. The thing is to keep quiet and not let the neighbors know anything about it.

VISITOR—"Well, Tommy, what are you going to be when you grow up?"

TOMMY—"Ma says I am going to be just such another lazy loafer as pa is."

LITTLE BROTHER (whose sister is playing cards with a gentleman)—"Mr. Smiler, does Minnie play cards well?"

MR. SMILER—"Yes, very well indeed."

LITTLE BROTHER—"Then you had better look out. Mamma said if she played her cards well she would catch you."

"VICTOR," asked the teacher, "what animal shows the greatest attachment for man?" Victor thinks a moment and then replies, "The leech, sir."

THE following typographical error shows the great importance of a comma. At a banquet this toast was given: "Woman—without her man, is a brute."

At a recent school examination the son of a coal dealer was asked how many pounds there were in a ton. He was sharp enough to reply—"Maybe you think I'm going to give it away, and get licked when I get home!"

NODD—"My father-in-law and I have bought a horse and carriage together."

TODD—"How do you manage about dividing up the expenses?"

NODD—"Easy enough. He keeps the horse and I keep the carriage."

IT effectually and thoroughly purifies and enriches the blood, gives life, strength and vigor to the whole Organism of Digestion restores to healthy action the functions of the Liver, regulates the Bowels, acts upon the Nervous System and Secretive organs, restores the functions of the Kidneys and skin, and renovates and invigorates the entire body, and in this way frees the entire system of disease. Its effects are surprising to all, in so effectually and thoroughly cleansing the entire system, and permanently curing all

Diseases arising from Impurities of the Blood such as Scrofula and every kind of Unhealthy Humor, Female Weakness and those complaints known by the names of Erysipelas, Canker, Salt Rheum, Pimples or Blotches on the Face, Neck or Ears, Ulcers, Fever Sores, Boils, Scald Head, Sore Eyes, Neuralgia, Rheumatism, Dyspepsia, Bilioussness, Pains in the Side, Shoulder, Back or Loins, Diseases of the Liver and Kidneys, Costiveness, Piles, Headache, Dizziness, Nervousness, Faintness at the Stomach, and General Weakness and Debility.

Use it in the Spring and Summer Months.

By taking **Northrop & Lyman's Vegetable Discovery** in the Spring and Summer, you will derive more benefit from it than at any other time of the year. The **Blood** is then more **Impure**, and the system run down by the severity of our climate, and requires some good tonic and laxative medicine to give it tone and remove the impurities, which if not attended to, find their way out in Pimples, Blotches, Boils, Scrofula, and other eruptions of the skin. One bottle of this excellent medicine will generally be found sufficient to remove the impurities, and save you much sickness and expense. It will invigorate the whole system, improve the appetite, stimulate and tone the digestive organs, and eradicate all malaria from the system.

SICK HEADACHE

Is generally caused by a disordered Stomach, imperfect Digestion, or inactivity of the Liver. If you are troubled with this distressing complaint, take **Northrop & Lyman's Vegetable Discovery** to purify the stomach and give healthy action to the liver, and we will guarantee that the Headache will be speedily and permanently removed.

INDIGESTION CURED.—MR. ROBERT KINCADE, Merchant, Lebanon, Ont., writes: "During the summer of 1893 I had a very severe attack of Indigestion which caused me great pain in the pit of the Stomach, especially after eating. My appetite was poor and I could not get much sleep on account of the depression and pain.

I had a quantity of **Northrop & Lyman's Vegetable Discovery** on hand and tried a bottle, little thinking it would do more than relieve me, but after taking one bottle I was decidedly better and a second bottle cured me. The best part is that although two years have elapsed none of the old symptoms have ever returned."

TERRIBLE SUFFERING.—MR. C. ST. ONGE, St. Onge,

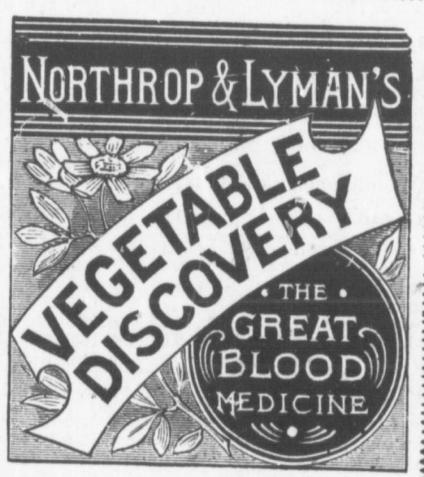

Ont., writes:—"I was troubled with Dyspepsia, for a long time and could get no relief from any medicine I took. I suffered terribly after eating, but I am now restored, having used four bottles of **Northrop & Lyman's Discovery**. I have sold it to several troubled the same as I was and in every case it has given the best of satisfaction. **N. & L.'s Vegetable Discovery** cannot be beaten."

HIGHLY SPOKEN OF.—MR. J. L. FLETCHER, Nashwaak, N.B., writes: "**Northrop & Lyman's Vegetable Discovery** is highly spoken of by my friends who have derived great benefit from its use."

Sold by all medicine dealers at \$1 per bottle.

WHY is the letter S like snuff?—Because it starts sneezing.

YOUNG ladies who play lawn tennis are known as "maidens all for lawn."

WHAT class of people is that whom it is never necessary to urge to take more interest in their business?—Pawnbrokers.

"WE'RE in a pickle now," said a man in a crowd. "A regular jam," said another. "Heaven preserve us!" moaned an old lady.

The man who boasts that he works with his head instead of his hands is respectfully reminded that the woodpecker does the same, and it the biggest kind of a bore.

ANYBODY can see through people who make spectacles of themselves.

It's absurd to tell a beggar to go about his business—begging is his business.

ANY young man is made better by a sister's love. It is not necessary to be his own sister.

"I WOULD die for you," passionately exclaimed the rich old suitor, and the practical girl calmly asked him: "How soon?"

"THAT was a sympathetic audience I had," said the lecturer. "Yes, I thought they all seemed sorry for one another," said his bosom friend.

THE usual symptoms of Worms in children are Indigestion, irregular appetite, moaning and restlessness during sleep, grinding of the teeth, swelling and hardness of the abdomen, with frequent slimy stools, countenance pale, picking at the nose, offensive breath, low spirits, irritable and feverish, frightful dreams, headache, pain in the stomach, urine turbid, convulsive fits, and a gradual wasting away of the flesh, etc. When any of these symptoms are noticed, do not delay in getting relief for the sufferer.

Worms attack all ages, from the youngest up to the adult, but more frequently between the ages of three and ten years, and are no respectors of persons; the rich and the poor, the proud and the humble, alike have to seek relief from their ravages. They are not only a cause of disease, but by their irritation aggravate all other diseases. Their presence deranges the whole system, causing the strong to grow feeble, and the glow of health to fade from the cheek.

In administering medicine to children, one important thing is to get something that will be pleasant to the taste, and at the same time effectual in accomplishing the end desired. In

MOTHER GRAVES' WORM EXTERMINATOR these two desirable qualifications are to be found. It is put up in the form of a syrup, and is so agreeable that children will not refuse it; in fact so pleasant that it will have to be placed beyond their reach or they will empty the bottle.

This medicine does not require the help of any purgative medicine to complete the cure. It effectually destroys the worms, and removes the nests in which their young are deposited, thus relieving the sufferer of their injurious effects.

A HEALTHY CHILD NOW.—MADAM HELDEGE MARIEN, St. Roch I' Achigan, P.Q., writes: "I had a child troubled with Worms. My neighbors thought she would die; tried two doctors and all known remedies without getting relief. Mrs. Joseph Laurier recommended me to try **Mother Graves' Worm**

Exterminator. I got a bottle, and after the first dose noticed an improvement, and before one bottle was used my child was well, and is now strong and healthy."

MARVELLOUS RESULTS.—MR. BENJAMIN MCKENZIE, Kimberley, writes as follows: "About three months ago, our child, 18 months old, was taken ill, followed by a fit. Suspecting that Worms were the cause, we got a bottle of **Mother Graves' Worm Exterminator**, and we had only given a few doses when the result was marvellous, an extraordinary number of large Worms having been expelled."

HE CRIED FOR IT.—MRS. M. LALONDE, Camerontown, writes: "My little boy, two and a half years old, was troubled with Worms. I gave him **Mother Graves' Worm Exterminator**, and it expelled 36 Worms. He is now in excellent health.

We had to keep the medicine where he could not get it, as it is so pleasant that he always cried for more."

WOULD NOT USE ANY OTHER.—MR.

HENRY BENOIT, Port Lambton, writes: "In the year 1888 my eldest boy was very ill and we could not tell what was the matter with him. Our doctor attended him, but was unable to do anything for

him. We had no hope of saving him. A friend thought it might be Worms that ailed him, and advised me to get a bottle of **Mother Graves' Worm Exterminator.** I followed his advice, and one bottle restored him to health, and in 1892 my second boy was taken sick, and was for a long time ailing until I tried this same medicine; before one bottle was used we saw a decided improvement. It expelled eleven worms from six to eight inches long. Thanking you for the benefit my family has received from the use of **Mother Graves' Worm Exterminator** and hoping that others may derive as much good from its use."

THE first vehicle ever made—the whirling of Time.

WHEN does a caterpillar improve in morals?—When it turns over a new leaf.

A BOSTON girl never speaks of the "naked truth." She refers to it as "truth divested of apparel."

"Now your talk has the true ring?" as the girl said when her lover began to talk of a "diamond circlet."

AN unsophisticated New England commercial traveller, on reading the sign "General Merchandise," on a store, walked in and asked to see the General.

PHOTOGRAPHER—"Now, sir, if you'll look a little less as though you had a bill to meet, and a little more as though you had just been left a legacy, you'll be a picture."

MOTHER (to runaway Tommy)—"Is there any place I can put you and be sure of finding you there five minutes after?"

TOMMY (meekly)—"You might try the cupboard."

BINGO—"My wife is putting up some brandied peaches this year."

CASTLETON—"Are you fond of them?"

BINGO—"I don't care so much for the peaches, but I appreciate the spirit in which she works."

TRUE humanity consists not in a squeamish ear; it consists not in starting or shrinking at tales of misery, but in a disposition of heart to relieve it. True humanity appertains rather to the mind than to the nerves, and prompts men to use real and active endeavors to execute the actions which it suggests.

IS undoubtedly the most effective medicine now in use for **Coughs, Colds, Influenza, Asthma, Croup, Hoarseness, Pleurisy, Bronchitis, Consumption, Spitting of Blood, Whooping Cough, Diseases of the Chest and Lungs, Shortness of Breath, etc.**

It never fails to afford prompt and permanent relief. It removes all soreness, and heals the diseased parts. It immediately soothes the most troublesome cough, and, by promoting expectoration, removes the mucus that stops up the air tubes—which causes difficulty in breathing—thereby giving relief to that depressing tightness in the chest. If you have a cough or cold do not neglect it; many, without a trace of that hereditary disease, have drifted into a consumptive's grave by neglecting what was only a slight cold. Had they used

Bickle's Anti-Consumptive Syrup before it was too late, their lives would have been spared.

There are cases of consumption so far advanced that **Bickle's Anti-Consumptive Syrup** will not cure, but none so bad that it will not give relief.

In recent cases it may be said never to fail.

This medicine operates by promoting a **Free and Easy Expectoration**, which immediately relieves and frees the Throat and Lungs from viscid phlegm by changing the secretions from a diseased to a healthy state; by uniting with a tonic power the property of calming irritation and diminishing excitability; by modifying the circulation, and enabling the lungs to throw off the matter resulting from inflammatory action, thus giving the surface a chance to heal; by strengthening the Lungs and giving that tone to the system which counteracts the debilitating influence of disease.

COUGHS, COLDS, SHORTNESS OF BREATH, and affections of the chest, attended with weakness of the digestive organs, or with general debility seems to vanish under its use.

IT IS SO PALATABLE that a child

will not refuse it, and is put up at a price that will not exclude the poor from its benefits.

FOR CHILDREN—When children are affected with **Colds, Coughs**, Inflammation of the Lungs, Croup, Quinsy and Sore Throat this Syrup is of vast importance. The number of deaths among children from these diseases is truly alarming.

NONE HALF AS GOOD.—MR. WM. McCLAY, Knowlton, P.Q., writes as follows: "I have great pleasure in testifying to the merits of **Bickle's Syrup**. I was so hoarse that I could not speak above a whisper, and one dose gave me relief and it only took a few doses to restore my voice. It will cure the most obstinate cough or cold. I never tried a cough medicine that was one half as good as Bickle's."

BRONCHITIS CURED.—MR. GEO. S.

RICHARDSON, Roblin, writes: "I have been using **Bickle's Syrup** for fully six years and can cheerfully recommend it to any one (after testing it thoroughly) as having no equal, and I have tried many remedies too. I have two boys and when young they were great sufferers with Bronchitis. The **Bickle's Syrup** effected a complete cure with one, and always

stops the disease on the other. I found it more effectual than the doctor's medicine and can truly say that it saved me many a dollar. I have used it myself and in our family, and we found it superior to any Cough medicine we ever used.

COULD ONLY WHISPER.—MR. THOS. DONOVAN, Escott, writes: "I was so hoarse for weeks last spring that I could only whisper, but one bottle of **Bickle's Syrup** completely cured me. Thanking you for the benefit I received from its use, etc."

THE BEST.—MR. L. W. SENISAC, Stanbridge Station, P.Q., writes:—"We have used **Bickle's Syrup** for coughs and colds, and do not hesitate to pronounce it a first-class article, the best we have ever used."

WIFE—"Nothing for me? Then you have forgotten that this is my birthday?"
 HUSBAND—"Not at all. Only I didn't wish to remind you that you've grown older."
 THERE are two ways of getting through this world. One way is to make the best of it, and the other is to make the worst of it. Those who take the latter course work hard for poor pay.
 YOUNG WIFE—"I took great pains with that cucumber salad, John, and I hope you enjoyed it."
 HUSBAND (*anxiously*)—"I'm afraid my dear that I took great pains with it too."

LITTLE GIRL—"Does your mother talk much about woman's rights?"
 LITTLE BOY—"No, she jus' has 'em without any talkin'."
 A MINISTER in a country church in Scotland stopped in the course of his sermon to ask a member, who was deaf, "Are you hearing, John?" "Oh, ay," was the response, "I am hearing, but to very little purpose."
 AN old couple were walking down street the other day, reading signs, when they ran across one which the old man read thus: Johnson's Shirt Store. "Well I declare!" exclaimed the old lady; "I wonder how he tore it."

FOR THE REMOVAL OF ALL KINDS OF CORNS, WARTS, ETC.

ONE of the most annoying troubles that a person can have is corns. It is one that deprives us of what pleasure there is in walking, or even wearing a neat boot. Only when resting, and with slippers on, can we obtain ease and comfort.

Corns are caused generally by wearing ill-fitting boots and shoes. If our boots are too large or too small, they will, by their uneven pressure, induce the growth of an excrescence or thickened scarf skin, which gradually sinks into the mucous network, and then into the true skin, which is the organ of touch.

There are several kinds of corns, and some are very difficult to remove, but none of them can withstand **Holloway's Corn Cure**.

This never-failing medicine removes them without any inconvenience to the sufferer as can be testified by those who have used it. The following testimonials are evidence of what it has done, and will do again if used according to directions.

A HAPPY MAN.

MR. J. P. LATTIMORE, Cape La Ronde, N.S., writes: "I thank you for **Holloway's Corn Cure**. It is a sure cure for corns. I was troubled for a long time with corns, and I assure you it is a blessing to get rid of them."

AFTER THIRTY YEARS.—**MR. EDWARD ROBERTS**, of the Oakville House, Oakville, writes: "Two bottles of **Holloway's Corn Cure** has removed seven corns from my feet after thirty years of sufferings. All other corn preparations failed to give relief. I can confidently recommend it as a sure cure."

NO PAIN.—**MRS. GEORGE SIMPSON**, Toronto, says: "I have suffered severely with corns, and was unable to get relief from treatment of any kind, until I was recommended to try **Holloway's Corn Cure**. After applying it for a few days I was enabled to remove the corn, root and branch—no pain whatever, and no inconvenience in using it. I can heartily recommend it to all suffering from corns."

ENTIRELY CURED.—**MR. J. W. BROWN**, Chicago, Ill., writes: "Where can I get

some of **Holloway's Corn Cure**? I was entirely cured of my corns by this remedy, and I want to get some more to give relief to some of my friends."

HE HAD 16 OF THEM.—**MR. JAMES BULLOCK**, Campbellcroft, writes: "I removed thirteen corns from one foot and three from the other with two bottles of **Holloway's Corn Cure**, and although two years have elapsed since I have not had any further trouble. The operation was painless and a perfect cure."

MR. WILLIAM FRANK, Peterboro', writes: "I was troubled with a corn for thirty years. I had it operated upon by four different corn doctors, but it was only by the use of **Holloway's Corn Cure** that a cure was effected."

MR. JOSEPH WALLACE, Louisville, writes: "I suffered with corns for forty years; for the last two or three years I could scarcely walk except by the help of a cane. I tried different kinds of corn cures, but got no relief until I got a bottle of **Holloway's**

Corn Cure. After applying it for a few days only, I removed the corns, root and branch."

MR. THOMAS SABIN, of Eglington, says: "I have used **Holloway's Corn Cure**

with the best results, having removed ten corns from my feet. It is not a half-way cure or reliever, but a complete extinguisher, leaving the skin smooth and clear from the least appearance of the corns."

WARTS REMOVED.—**MR. JOHN ATKINSON**, Cheapside, writes: "**Holloway's Corn Cure** removed half a dozen warts from my hands."

MR. L. NELSON, Acadia, N.S., writes: "My hands were completely covered with warts. I tried many remedies to remove them but could not until I used **Holloway's Corn Cure**, and in a short time I got rid of them. Some of my friends have also tried it with the same good results."

NORTHROP & LYMAN CO., Limited, Toronto, Proprietors.

Price 25 cents per bottle.

THEY NEVER FAIL.—**MRS. S. M. BOUGHNER**, Langton, writes:—"For about two years I was troubled with Inward Piles, but by using **Parmelee's Pills** I was completely cured, and although four years has elapsed since then, they have not returned."

ONE of the finest after-dinner speakers is the fellow who says, "That's all right, my boy, I'll pay."

WHAT well-known piece of poetry does the betrothal of a young girl to a man much her senior suggest?—The Ancient Marry-mer.

WATER that flows from a spring does not freeze in the coldest winter. And those sentiments of true friendship which flow from the heart cannot be frozen by adversity.

FUSSY—"My dear, I don't see why you wear such ridiculously big sleeves."

MRS. FUSSY—"Oh, they're the style; and besides, I can make the twins a couple of dresses out of them when they get a little worn."

THE man who is going down hill meets lots of people with their noses turned up.

OLD GENTLEMAN—"And how old are you my little man?"

LITTLE FREDDIE—"I'm not old at all, sir; I'm nearly new."

LITTLE GIRL—"Mamma says I must study grammar this term."

LITTLE BOY—"Wot's that for?"

LITTLE GIRL—"That's so I can laugh w'en folks make mistakes."

OLD age has its privileges. It is a blessed thing to grow old and be respected and honored and humored. The very old and the very young are the hope of the world. The dignity and wisdom of the age and the innocence of childhood are the best features of life.

FOR BEAUTIFYING AND PRESERVING

THE COMPLEXION.

Removing Tan, Sunburn, Freckles and all Roughness of the Skin.

How to be beautiful, and consequently powerful is a question that has engrossed the female mind in all ages. Beautiful women have controlled the fate of dynasties and the lives of men from the earliest days to the present time.

It has been said that beauty is only skin deep. If that is a fact, we can easily make our skin beautiful. Ladies who leave the city for the summer need not carry immense sunshades with them to protect their complexion. Let them take and use a bottle of **Persian Beautifier**.

Ladies who remain much indoors during the winter months find that the skin becomes rough by the slightest exposure to the air. This can be avoided by the use of the **Persian Beautifier**.

This preparation not only removes roughness, but imparts a beautiful tint to a sallow complexion, and gives a pearly appearance to a fair skin. It cools the skin, and gives that healthy appearance so attractive in our well-known beauties.

A LADY WRITES:—"I think every one likes boating, and nearly every one suffers when they indulge in that enjoyment, especially if the sun is pouring forth its strongest rays. Our pretty faces are spoiled with tan and sunburn, and coming home our admirers are not quite so attentive as they were. But, many thanks to Northrop & Lyman Co., we can soon be ourselves again. The **Persian Beautifier** will remove all the tan, sunburn and freckles we received at our last boating party. It excels every other beautifier, and has a sweet cooling sensation when applied. It leaves a pretty pearly pink, and is not injurious to the skin."

NORTHROP & LYMAN CO., Limited.
Price 50c. Proprietors, Toronto.

15

WHEN grey hairs are first found among the locks that adorn our heads a feeling of regret and gloom comes to us. If young we feel that we will soon be classed with the middle-aged, or if we have reached the middle age, that old age is approaching. Very few wish to be thought older than they are. Apart from the annoyance, this change is frequently an obstacle in the way of those who seek employment. One of our large daily papers stated a few months ago, "that in England the practice of dyeing the hair is not the result merely of vanity or even oversensitiveness, but is resorted to by working men and women who find their grey hairs a hindrance to their obtaining employment."

The **Canadian Hair Dye** is unequalled for changing both red and grey hair to a beautiful black or brown, as may be preferred, without in the least injuring the hair. Gentlemen will find it unsurpassed for obliterating white hair among their whiskers, and for touching up the beard and moustache to any shade or color.

The standard Hair Dye in Canada is the **Canadian Hair Dye** which has been the leading Dye in Canada since 1865, and at the present time it has a larger sale than all other Hair Dyes combined. This we think is conclusive evidence that it has given entire satisfaction.

Unlike many other preparations, it will neither rub nor wash off, and as it is complete in itself, it is much more convenient than those requiring two separate bottles.

Prepared only by **NORTHROP & LYMAN CO., Limited, Toronto.** Price 50 cents per bottle.

THE latest style of hand-organ has only one stop—it begins in the morning and stops at night.

A MAN who stakes his happiness on a maiden, as a matter of course, makes a miss-take.

It is never too late to mend. But a man need not expect to have a button sewed on much after midnight.

THE Prince of Wales is colonel to sixteen different regiments. This is not a circumstance to Florida; there they have sixteen colonels to every regiment.

POPE says that "beauty draws with a single hair." It doesn't nowadays. When beauty gets so bald-headed that she has but one hair left she doesn't draw much.

A SHAM-ROCK—the blarney-stone.

TWIN brothers may be eccentric but they are never odd.

SPEECH is not always silver. It is sometimes sounding brass.

It is the girl with the creamy complexion that is soonest taken for butter or worse.

PUT not your trust in money, but put your money in trust.

WHY should people never write secrets with a quill pen? Because it might split.

MISTRESS—"Mary, go into the sitting-room and tell me how the thermometer stands."

MARY (after investigating)—"It stands on the mantlepiece, just ag'in the wall ma'am!"

ASURE and certain remedy for the healing of every variety of Sore, from a simple Scratch or Bruise to the most aggravated Fever Sore or Scrofulous Ulcer, including the Healthy Ulcer, the Weak Ulcer, the Indolent Ulcer, and Ulcers of all kinds, Wounds, Bruises, Burns, Scalds, Corns, Chilblains, Cuts, Sore Nipples, Broken Breasts, Boils, Bed Sores, Fistulas, etc., and all affections of the skin known by the names of Eczema, Salt Rheum, Erysipelas, Tetter, Scald Head, and every variety of Chronic Disease of the Skin.

THIS OINTMENT is a compound of remarkable healing ingredients, and its composition has been arrived at by the most thorough investigation. It stands pre-eminently at the head of all the external medicines for healing, as it never drives the disease inward, to take effect on the internal organs.

PILES. — This Ointment has given excellent satisfaction in curing Piles. Some very bad cases have been cured by applying **Kellogg's Healing Ointment** only, but while we believe it will cure this troublesome and painful complaint without the

assistance of any other medicine, yet we think the only rational means of cure is to use Northrop & Lyman's Vegetable Discovery to remove the cause of the affliction, and the **Healing Ointment** to remove the disease. You thus effect a complete and permanent cure.

Its properties when applied to Sores, go directly to the diseased part, attract the virus to the surface, and heal the sore from the bottom. It is simply asked that the afflicted will try one box, the use of which will convince the most sceptical, and do more to introduce it into favorable notice than volumes written in its praise. In curing

SCROFULA AND ITS SORES

with the assistance of the Vegetable Discovery it is without a parallel. We say with the assistance of the Vegetable Discovery, for to attempt to heal a Scrofulous

or any other Sore which owes its origin directly to Impure Blood, and while that impurity is in the system, is folly, as you cannot accomplish this successfully unless you drive the virus from the system. To remove Scrofulous Humor from the Blood and System it is safe to say there is no known medicine that will do it so effectually as Northrop & Lyman's Vegetable Discovery.

FOR THE TOILET.—As this Ointment is exceedingly pleasant, and never becomes rancid, it is admirably adapted for Sore Lips, Pimples, Eruptions or Sores that disfigure the face, Sunburn, Irritation of the Skin after being exposed to the wind, Chapped or Sore Hands, and in fact, for all sores that require a cooling and healing ointment.

For Dandruff, Irritation or Eruption of the Scalp, and all diseases that have a tendency to cause Baldness, it will be found a sovereign

remedy.
MISS LEVINA WETZEL, Listowel, says:—"I used **Kellogg's Healing Ointment** for Salt Rheum, and I never had anything to cure my hand so quickly. It is the best ointment I ever saw."

BAD CASES OF

ERYSIPELAS CURED.—MR. GEO. SMITH, Sombra, writes:—"About three years ago my wife had Erysipelas in her feet and legs, and she was confined to her bed in consequence. Her limbs were so badly swollen that she could not walk. I got two boxes of **Dr. Kellogg's Healing Ointment**, but only used one of them, when she was cured, and she has never had an attack of it since. The other box I gave to my father, as he had an attack of Erysipelas in the face, and it cured him. I always keep a box of **Kellogg's Healing Ointment** in my house, and would not be without it. It is also an excellent **Ointment** for Eczema."

FIVE YEARS OF SUFFERING.—MR. W. S. LEWIS, Brierwood, Man., writes: "For over five years I suffered with Scabs on my head; tried several doctors in England and Manitoba, but got no relief. One box of **Dr. Kellogg's Healing Ointment** completely and permanently healed them.

WHAT IS IT?

It is a compound extracted from the richest medicinal barks, roots and herbs. It is the production of many years' study, research and investigation. It possesses properties, purely vegetable, chemically and scientifically combined. It is **Nature's Remedy**. It is perfectly harmless and free from any bad effect upon the system. It is nourishing and strengthening; it acts directly upon the Blood, and every part throughout the entire body. It quiets the nervous system; it gives you good, sweet sleep at night. It is a great panacea for our aged fathers and mothers; for it gives them strength, quiets their nerves, and gives them Nature's sweet sleep, as has been proved by many an aged person. It is the **Great Blood Purifier**. It is a soothing remedy for our children. It relieves and cures all Diseases of the Blood. Give it a fair trial for your complaint, and then you will say to your friends, neighbors and acquaintances: "Try it; it has cured me."

A PUPIL OF ST. MARIE, Montreal, writes: "My health has been restored owing to the changes wrought in my system by Northrop & Lyman's **Vegetable Discovery**.

I certify that it is an excellent remedy, and I believe it is unequalled as a cure for Dyspepsia. I feel thankful that I was induced to use the first bottle."

A PUBLIC BENEFACITOR.—MR. F. X. LEMIRE, L'Assomption, P.Q., writes: "The effect of Northrop & Lyman's **Vegetable Discovery** is really marvellous. To do justice to the discoverer of this medicine his name should be placed among those of the benefactors of mankind."

MR. W. LINTON, Billingsbridge, Ont., writes: "I was troubled with biliousness accompanied by vomiting for years. Could get no relief and often had to send in haste for my physician. I now enjoy good health having been cured by using five bottles of Northrop & Lyman's **Vegetable Discovery**."

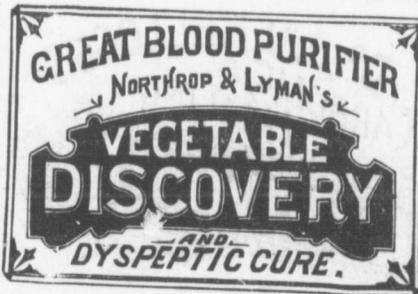

18

AT DEATH'S DOOR.

DYSPEPSIA CONQUERED. A GREAT MEDICAL TRIUMPH.

GENTLEMEN,—My medical adviser and others told me that I could not possibly live when I commenced to use Northrop & Lyman's **Vegetable Discovery** for Dyspepsia. My case was one of the worst of its kind. For three years I could not eat meat and my weight decreased from 219 to 119 lbs. All the food I took for thirteen months previous to taking the **Vegetable Discovery** consisted of milk. I am now entirely cured and have regained my usual weight, can eat anything with a keen relish and feel like a new man. I have sold over thirty dozen of **Vegetable Discovery** since it cured me, as I am well known, and people in this section know how low I was, and thought I could not possibly be cured. They are eager to try this grand medicine. It certainly saved my life, as I never expected to recover when I first com-

menced using it. I am not exaggerating anything, but I feel glad to be able to contribute this testimonial, and trust it may be the means of convincing others of its merit as a certain cure for Dyspepsia. (Signed) JEAN VALCOURT, General Merchant, Wolton, P.Q.

A MAN MADE HAPPY.—MR. MELVILLE B. MARSH, General Merchant, Abercorn, P.Q., writes:—"For five years I had been a great sufferer with Dyspepsia, the pain in the pit of my stomach was almost unbearable, and life only seemed a drag to me. When I would go to sleep I would have horrible dreams, and my life became very miserable, as there was no rest neither day nor night. But with the use of only two bottles of Northrop & Lyman's **Vegetable Discovery** this unhappy state has all been changed, and I am a well man. I can assure you my case was a bad one, and I send you this that it may be the means of convincing others of the wonderful curative qualities possessed by this medicine that are specially adapted for the cure of Dyspepsia. A lady customer of mine had the Dyspepsia very bad, she could scarcely eat anything, and was troubled with pains similar to those I suffered with, and she cured herself with two bottles of Northrop & Lyman's **Vegetable Discovery**. I wish you success with your medicine, as I am fully convinced it will do all you claim for it."

IN changeable climates there is no complaint so prevalent as Catarrh, or cold in the Head, as it is commonly called.

The cause is, generally, exposure to draughts, or damp atmosphere. Common Catarrh is an inflammatory state of the mucous membrane of the head or chest; Chronic Catarrh is usually the result of a neglected Cold or Common Catarrh, and is exceedingly troublesome, as the unpleasant discharges usually find their way into the stomach and cause derangement of the whole system. The smell is impaired, and sometimes destroyed; appetite bad; and general emaciation frequently occurs. Remedies without number have been recommended for Catarrh, but none have been found more efficacious than **Dr. Kellogg's Catarrh Snuff**, the old and well-known specific for Catarrh. It gives immediate relief to the dull, heavy pains caused by cold in the head. It opens and purges out all obstructions, strengthens the glands, and gives healthy action to the parts affected.

AN EXCELLENT MEDICINE.—MRS. J. LAKE, Bay City, Mich., writes: "Having used **Kellogg's Snuff** for a great many years, I find it an excellent medicine for Headache and Catarrh. I had a pain over my left eye for about six years, and could get no relief from doctors or anything else until I used **Kellogg's Snuff**. We are never without this Snuff now, although we have to send to Canada for it. Many of our friends have also been benefited by using it."

MR. PAUL THIBODEAU, Cavendish Road, P.E.I., writes: "I have had Catarrh for twelve years, and fifty cents' worth of **Kellogg's Snuff** did me more good than \$50 worth of medicine which I had from the most eminent medical men of Montreal, Quebec, St. John and Charlottetown."

NORTHROP & LYMAN CO., Limited,
Toronto. Sole Agents for Canada.
Price, 25 cents.

ENDORSED BY OVER 600 DOCTORS IN CANADA.

WE have recollections that are hard to erase from our memory of a time when the good old-fashioned but disagreeable Castor Oil was the favorite medicine with our mothers. We then feared to tell that we were sick for we knew what would follow that acknowledgment. We preferred suffering in silence rather than take that nauseous and sickening medicine. But with the advancement of science this feeling has disappeared; one discovery has followed another, and one of the most important in the history of medicine is the discovery of a way whereby Castor Oil can be sweetened and rendered palatable.

TO THE INVENTOR of Copland's Sweet Castor Oil is the world indebted for this valuable improvement on a staple household medicine. After careful and long research he made this discovery and called his preparation **Copland's Sweet Castor Oil**. It is of the same strength and medical qualities as the ordinary Castor Oil, and while equally safe and harmless, yet acts with more certainty, and produces neither nausea nor griping. Some children say it is honey; others call it syrup; they all say they like it. One parent says: "My children drink it like water;" another: "We had to hide the bottle or they would have finished it right off;" another: "My little girl has taken it twice without any trouble, and does not know what it is, though she hates the ordinary Castor Oil, and we could never get her to take it without a fight." Yet another: "I wish you success of your **Sweet Castor Oil**; it is a splendid thing, sure to take the place of all the common oil."

NORTHROP & LYMAN CO., Limited,
Toronto, Proprietors,
Sold by all medicine dealers. Price 25 cts.

THE man who is constantly thinking evil finds a thousand ways to speak it.

THE first cyclone happened in Eden. It was a perfect hurry-Cain.

WHEN the knight of old wanted to protect his girl he put his armour round her.

IN dry weather a farmer sits in the barn door and wuits for something to turnip.

"SARAH Bernhardt drinks stout; but she doesn't look it," says a theatrical contemporary.

A POSTAGE-STAMP is like a youngster—it will always stick to business better after it has been thoroughly licked.

"BOY how did you manage to get such a big string of fish." "I hooked them sir."

THE very latest description.—A spinster declares that old bachelors are frozen-out old gardeners in the flower-bed of love.

MRS. YOUNGWIFE—"Now, tell me, Alfonso, what papa said to you when you asked him for my hand."

ALFONSE—"He said 'Thank goodness! At last!' and went on writing."

"Court the fresh air," was the doctor's advice

To a widow quite feeble, yet fair;
So she set her cap for a rich man's son,
And she easily caught the fresh heir.

DR. THOMAS' ECLECTRIC OIL

IS undoubtedly the best external and internal remedy known. If applied externally to relieve pain or inflammation, it speedily finds its way to the seat of the trouble through the pores, and it accomplishes its beneficent purpose with amazing rapidity. Many a sigh of relief has followed the first application of this wonderful elixir. In cases of rheumatism it has proved a sovereign remedy; it relaxes and soothes the stiffened, swollen and irritated parts, and promptly checks the pain. Ease by day and repose by night are enjoyed by those who wisely apply **Dr. Thomas' Electric Oil** to their aching muscles and joints. A quantity such as may be held in the palm of the hand, is in many cases sufficient to give instant relief where the pain has been most excruciating.

INFLAMMATORY RHEUMATISM al-

though not easily eradicated from the system, has to flee before **Dr. Thomas' Electric Oil**. Of course persistent use is required in some cases, but unless the disorder is malignant and of long standing, three bottles should be sufficient to effect a cure. In the very worst cases a little patience and repeated applications over a somewhat longer period should ultimately produce a complete cure. But if not, a cure will certainly be effected if the patient will also take Northrop & Lyman's Vegetable Discovery, so as to drive out the humor or seeds of the disease from the blood and system.

In the case of disorders of the Respiratory Organs, the **Oil** will be found wonderfully efficacious when taken internally. The most insidious and the most fatal of all diseases is Consumption. Think of the many happy homes which have been devastated by this deadly scourge, and beware how you trifle with it. It is a well known fact that Consumption is often the result of a neglected cold. In its early stages the dread malady can be checked by using **Dr. Thomas' Electric Oil**; but if through a foolhardy disregard of the

symptoms, the patient allows the disease to get full mastery over the organic system, woe betide him. Do not, therefore, delay if attacked by a cough or a cold but instantly procure a supply of **Dr. Thomas' Electric Oil**, and the Grim King of Terrors will speedily take flight before its benign influence.

It is a noteworthy fact too, that **Dr. Thomas' Electric Oil** is equally efficacious in cases of Bronchitis, Asthma, Catarrh, Piles and Kidney troubles; it is most soothing and healing in its effects as every one who has used it will freely testify.

CROUP.—MR. THOS. H. PORTER, Lower Ireland, P.Q., writes: "My son, eighteen months old, had Croup so bad that nothing gave him relief until a neighbor brought me some of **Dr. Thomas' Electric Oil**, which I gave him, and in six hours he was cured. It is the best medicine I ever

used, and I would not be without a bottle of it in my house."

CATARRH. — A prominent minister of the city of Toronto had Catarrh for a long time and went through a thorough course of medicine by skilful city physicians, but the disease was so

deeply rooted that they were unable to cure it. A druggist advised him to try **Dr. Thomas' Electric Oil**, which he did, by putting a few drops on cotton batting and placing it in the nostril. He faithfully preserved with this treatment, when, to his own and physician's astonishment, he was cured. We don't think there is any medicine that is so efficacious for this disease as **Dr. Thomas' Electric Oil**.

ALL PARENTS SHOULD READ THIS.—

MR. JOHN M. GILBANK, London, writes: "It affords me great pleasure to let you know that **Dr. Thomas' Electric Oil** saved the life of my little daughter after everything else failed. She had a bad attack of Croup, and we thought she could not live, but a few doses of the **Oil** saved her. No mother should be without it, as it is worth its weight in gold for Croup."

TRAVELLER — "Now, what ought little boys to say when a gentleman gives them a nickel for carrying his bag?"
 SMALL BOY — "Taint enough."
 HICKS — "Look at Sniggs flirting with the girls over there. I thought you said he was a woman-hater."
 WICKS — "So he is, but the woman he hates is not here."
 A WITTY young lady having two suitors, one of whom was an army officer and the other a physician, she said it was very difficult to decide between them, as they were both such killing fellows.
 YOUNG MAN — "I want an engagement ring."
 JEWELLER — "Yes, sir. About what size?"
 "I don't know exactly, but she can twist me around her finger, if that's any guide."

FALSE friendship, like the ivy, decays and ruins the walls it embraces; true friendship gives new life and animation to the object it supports.
 FATHER — "What is your favorite hymn, Clara, my darling?"
 CLARA — "The one you chased away over the fence last night, dear pa!"
 An old Highland woman, one after the straitest sect, used to say, "Nane o' your modern improvements for me; I want auld Dawvid's Psalms, and Dawvid's tunes, too, in our kirk."
 "YOUR hair ain't wet," said little Tommy to Mr. Flyer, who had called at the mansion. "No, of course; what makes you think my hair is wet?" he asked, very much surprised. "I heard pa tell ma that you couldn't keep your head above water."

THERE never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in **Northrop & Lyman's Quinine Wine**, a remedy for many and grievous ills. By its gradual and judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquilising the nerves, disposes to sound and refreshing sleep—imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite.

SLEEPLESSNESS, TWITCHING OF THE MUSCLES, TREMBLING OF THE LIMBS,

and other manifestations of nervous weakness are speedily remedied by it. It is also specially beneficial to children and delicate females, and to **BUSINESS MEN, STUDENTS**, and those who have much brain work, we would say "Never be without it." It will strengthen you, keep your system in regular order, and enable you to successfully grapple with the work you have to do. As an Anti-periodic, it possesses great excellence. Chills and Fever, Bilious Remittant Fever, and the minor malarial complaints, Dumb Ague, and Ague-cake, are eradicated by it, and the system fortified against their return. The remedies frequently prescribed for Fever and Ague have reference only to preventing the paroxysms

and breaking the chill, without regard to the conditions in which the system may be left after the chills have been removed; whereas, the mere suppression of the paroxysms in reality is but a small part of what is required to effect a radical cure.

GOLDEN OPINIONS are everywhere expressed in favor of **Northrop & Lyman's Quinine Wine**. Read the following:—

A PERFECT BUILDER.—**MR. W. McCLAY**, Knowlton, P.Q., writes:—"Having been ill for a long time and my system completely run down, so that I scarcely felt able to work, I was induced to try **Northrop & Lyman's Quinine Wine** for a tonic and builder up of the system, and I found it to work like magic. It gave me an appetite, and in a remarkably short time restored me to health and strength. I think it the best tonic in the market and wouldn't use any other."

A WELL KNOWN MERCHANTS' EXPERIENCE.

MR. E. ROBINSON, Windham Centre, writes: "For about ten years I have been troubled with Headache or Brow Ague as some people call it, a pain across my forehead accompanied by Biliousness. Have tried nearly all the medicines sold in

this country, but received no relief or benefit from them. Finally I commenced using **Northrop & Lyman's Quinine Wine**, and before I had used six bottles I was completely cured, and I have not had an attack of it since, now nearly one year."

GOOD ADVICE.—**MR. E. T. MULLIGAN**, Toronto, writes: "In gratitude to you for what your most valuable medicine '**Quinine Wine**,' has done for my wife, I wish to express my best wish and hope that all sufferers from disease to which your medicine is adapted will not hesitate in resorting to its use. My wife having been troubled with general debility, and having no appetite or relish for her food, I procured a bottle of your **Quinine Wine**, and after submitting it to our family doctor, he told me he could prescribe nothing better. Thanking you for what it has accomplished."

"Do you take this man for better or for worse?" asked the minister. "I can't tell until I have had him a little while," returned the bride.

NURSE—"Sure, ma'am, the twins have been making a fuss all day, ma'am"

MRS. OLIVE BRANCH—"What about."

NURSE—"It's because they can't have a birthday apiece, like the Smith children next door. They think they have been cheated."

PAT—"This is a great country, Mary Ann."

MARY ANN—"And how's that?"

PAT—"Shure, the paper says yez can buy a \$5 money order at the postoffice for only 3 cints. Oi'm off after one now, wid the 3 cints yez gave me for the soap."

PATIENT—"Doctor, what do you do when you have a cold in the head?"

DOCTOR—"Well, madam, I sneeze most of the time."

"CAN you tell me," asked a man of his tailor, "how you came to get this coat so tight?" "O, yes, sir. The fact is you were tight when I measured you."

MISS PAINTER—"Colonel, I suppose the smell of powder makes you uneasy?"

COLONEL—"Not at all. Pray don't move on my account. I don't mind it a bit."

"HE tried to kiss me and I just told him to behave," said an irate young lady down the road the other day. "Well did he kiss you?" asked her friend. "No, the idiot; he behaved."

A
Wonderful Restorer
CARBOLINE
& Beautifier of the
HAIR

EVERYONE who has handled petroleum knows what a penetrating, active agent it is. It can not be retained in wooden casks at all, unless they are coated with some impervious material, and it is not surprising that it goes right home to the roots of a person's hair, when it can find its way through the best oak staves ever made. Its great penetrating powers and its freedom from rancidity are advantages which no other oil possesses in so high a degree, and these same characteristics adapt it to the purposes of a hair restorer and dressing, the only objectionable feature being the offensive odor. But the skill of one of our chemists has overcome the difficulty, and by a process known only to himself he has, after very elaborate and costly experiments, succeeded in perfecting Carboline, which renders it as susceptible of being handled as daintily as the famous Eau de Cologne. The experiments with the deodorized liquid on the human hair and skin were attended with the most astonishing results, and it is now rapidly and surely taking precedence over all other oil as the best preparation the world ever produced for restoring hair on bald heads, and making a delightful and effectual hair dresser. It does not contain a particle of lead, silver, sulphur, or other deleterious drugs. It is a natural product of the earth, containing the elements required by hair to feed upon. A few applications will show its restorative qualities.

Mrs. F. H. HARRIS, Port Hawksbury, N.S., writes:—"I can with confidence recommend Carboline as the best **Hair Restorer** I ever used. After recovering from a fever, my hair fell out and became very thin, I was advised by a doctor to use Carboline, I did so with grand results and can truly testify to its great merits. It is cooling, cleanly, and too much praise cannot be bestowed upon it." Price \$1.00 Per Bottle.

**DR. A. TRASK'S
MAGNETIC OINTMENT.**

THE GREAT HEALER OF ALL INFLAMMATION.

THE proprietors of this sovereign remedy challenge the world to furnish anything, from the days of Esculapius down to the present time, in the Arcana of Medicine, which can vie with or excel the intrinsic properties of this Ointment.

The worst *Sores, Bruises, Cuts, Burns, Skin Disorders, Sprains, Sore Throat, Croup, Rheumatism, Lameness*, and all external and internal affections characterized by **INFLAMMATION**, yield to its influence as if by magic. wherever there is inflammation try this Ointment, and you will never be without it.

It never fails to restore the natural functions of skin and equalize the circulation of the blood. It penetrates to every portion of the human frame; every bone, muscle, vein, nerve and ligament is searched out and made sensible of its soothing and healing influence. Hence it copes readily with internal as well as external disease. Its success has been marvellous in the most obstinate cases of Inflammation of the Eye, Brain, Throat, Lungs, Bowels, and other delicate organs of the human frame, where the skill of the most eminent physicians has been baffled, while for Sores and Injuries attended with inflammation, Eruptions of the Skin, as Salt Rheum, Pimples, etc., and Lameness, it is without a rival. Its operation is **SPEEDY**, and containing no minerals, its application is safe, producing immediate relief.

Sold by all dealers in Medicine.

An old lady is collecting all the political newspapers she can to make soap of. She says "They are a desprite site better than ashes! they are almost clear lie."

His recommendations.—"You want a job in my shop, hey? Have you any recommendations from your last employer, my boy?" "N'athin' in writin'. But he said he was very glad to part with me."

SOMETHING happened to me yesterday that will never happen to me again, if I live to be a thousand years old," remarked Gilhooly to Gus de Smith. "What's that?" "I was forty years old."

ONE great reason why the work of reformation goes on so slowly, is because all of us begin on our neighbors and never reach ourselves.

"No girl gets along well without a mother," says a moral contemporary. This may be true; but hereabouts girls work harder to get mothers-in-law than they do to get mothers.

"AND what do you expect to make of your son when he comes of age, Mr. Smith?"

"O, I don't know," replied Mr. Smith, despondently, "I think he'd make a good husband for a rich girl."

HAVE YOU A HEADACHE ?

Is your appetite gone? Have you a furred tongue? Do you feel out-of-sorts generally? If you have these symptoms be sure you will be in for a spell of sickness, more or less severe, according to the length of time which shall elapse before you apply the proper remedy. Beware of delays! As "procrastination is the thief of time," so is it, in even a stronger sense, an encourager of all manner of disease. Remember too, that "an ounce of prevention is worth a pound of cure." When the poison has found its way into the blood, lose not a day—nay, lose not an hour—in having the antidote administered. By taking from two to three of **Parmelee's New Vegetable Pills** when going to bed, and by repeating the dose in lesser quantity say one or two pills—for two or three nights in succession, very serious physical derangement will be avoided. By a prompt use of **Parmelee's Pills** months — it may be years — of sickness will be saved, and in all likelihood hundreds of dollars in doctors bills as well. The cleansing and purifying qualities of these **Pills** cannot be over-estimated, as their effect upon the secretory vessels is peculiarly beneficial to the system, causing copious effusions from the blood into the bowels, which are in turn thrown out through the natural passages of the body. The action of **Parmelee's Pills** has the advantage of being exceedingly mild, their purgative action being accompanied by neither pain nor weakness. Especially is this a recommendation in the case of delicate and debilitated constitutions, where mild remedies alone can be used with safety to the patient. On weak constitutions **Parmelee's Pills** act like a charm; they tone up the system, stimulate the threatened organs, and give the sufferer a new interest in life. Testimonials bearing on the wonderful curative properties of these **Pills**, have come to hand from all quarters. In bilious troubles especially, the **Pills** have proved an invaluable blessing to mankind. In cases of Inflammation of the Eyes,

Eruptions of the Skin, Rough and Pimpley Face, their action has been such as to call forth universal commendation. By taking one or two pills regularly for a longer or shorter period, the Inflammation will be reduced, the Roughness and the Pimples will disappear and the skin will speedily assume a smooth and healthy appearance.

A DINNER PILL.—Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment, it becomes a poison to the system. **Dr. Parmelee's Vegetable Pills** are wonderful correctives of such troubles. They correct acidity, open the secretions and convert the food partaken of into healthy nutriment. They are just the medicine to take if troubled with Indigestion or Dyspepsia.

GOOD SATISFACTION. MR. W. R. HAYS, Arden, writes:—"**Parmelee's Pills** give the best satisfaction of any pill

we sell, and we have a great many kinds. I have used them myself and I know they are good."

MR. D. CARSWELL, Carswell, P.O., Ont., writes:— "I have tried **Parmelee's Pills** and find them an excellent medicine, and one that will sell well."

MR. E. A. CAIRN-CROSS, Shakespeare, writes:— "I consider **Parmelee's Pills** an excellent remedy for Biliousness and Derangement of the Liver, having used them myself for some time."

THEY SELL WELL.—MR. ARTHUR ANDERSON, Wabash, writes:— "We are sold out of **Parmelee's Pills**. Send two dozen at once. They sell faster than any other pill."

MR. W. E. SMITH, Elizabethville, writes:— "**Parmelee's Pills** gives good satisfaction. My customers prefer them to any other pill."

INDIGESTION CONQUERORS.— "MR. G. SOWERBY, Petite Cote, Montreal, writes:— "**Parmelee's Vegetable Pills** are the finest Pills I have ever used for Indigestion."

NOT OVER-RATED.—MRS. PATRICK A. FITZPATRICK, Cumnock, P.O., Ont., writes: "I have tried **Parmelee's Pills** and found them to be fully as good as recommended."

"JACK, please don't. You muss my hair." But Jack kept right on, on the ground that if he mussed he must.

"ENGLAND is a very wet country," said the tourist who had just returned. "True enough," replied the man who had never been out of his native country. "I understand the present reign began in 1837."

MRS. O'HARE—"Faith it's an iligant job me husban' has now, Mrs. McClune. 'Tis a night watchman he is."

MRS. MCCLUNE—"And how in the worrold do you call that an iligant job, Mrs. O'Hare?"

MRS. O'HARE—"Why, sure, he sleeps all day, and that saves his board; and he works all night, and that saves his lodging."

THERE is one kind of vice that never sticks to young people long enough to hurt them, and that is advice.

MRS. JONES—"Don't trouble to see me to the door, Mrs. Smith."

MRS. SMITH—"Notrouble. Quite a pleasure, I assure you!"

A WAG who thought to have a joke at the expense of an Irish provision dealer said: "Can you supply me with a yard of pork?" "Pat," said the dealer to his assistant, "give this gentleman three pig's feet."

CUSTOMER—"Isn't it a trifle large, Levi?" LEVI—"Larch, my fren? S'help me! if you keeps dot'summer coat on, an' your wife sees it, your bosom vill schwell mit pride so dot she'll hef to set dem buttons forwards."

IF YOUR appetite is poor, and you are weak and languid use this **Beef, Iron and Wine** to improve the appetite and restore to the system its exhausted power, and thus, by the general vigor which it imparts, create an appetite and restore the weak and broken down to health and strength, dispel gloomy spirits, enrich the blood, and tone up the whole system.

It is a preparation combining in a pleasant and agreeable form all the stimulating and nutritious tonic properties of the above-named ingredients, chemically combining the elements that make up the human system and are well calculated to supply and re-create the wasted body. Its agreeableness to the taste, restoring and invigorating properties, combined with its powers to vitalize and enrich the blood, render it peculiarly adapted for delicate ladies and children, many of whom object to bitter or nauseous tonics.

It is a most effective strengthener and restorative, and admirably adapted for impaired digestion. As a nutritious tonic it will be found invaluable in the treatment of impaired Nutrition of the Blood, and in all the various forms of General Debility.

Mr. CHARLES WHALEN, Kearney P.O., writes: "In the spring of 1887 my six year old child was very delicate, with poor appetite, having had the diphtheria some four or five months previous. I feared I was going to lose her, as I had lost three children six months previous. On the recommendation of Mrs. McDonald, of Emsdale, we got a bottle of Northrop & Lyman's **Beef, Iron and Wine**, and in a very short time we noticed a decided improvement in her appetite, and by the time one bottle was used my child was quite smart and enjoying good health, for which I feel thankful."

CAUTION.—When buying **Beef, Iron and Wine** don't take a poor article because it is cheap. The market is full of inferior goods—don't be imposed upon. If you want the best ask for Northrop & Lyman's **Beef, Iron and Wine**. Price, \$1 a bottle.

HOW A MAN SAVED HIS ARM.

A Window Comes down on a Boy's Hand—A Girl Badly Scalded—Crushed between the Cars.

MR. C. H. W. BALDWIN, Lindsay, writes: It is a pleasure for me to tell you what **Dr. Thomas' Electric Oil** has done for me and my family. There was a lump that came on my wrist, about three inches long and one and a half wide and half an inch thick, and it pained me very bad, and I suffered greatly for three or four weeks. It was then moving towards my elbow. The doctors blistered it and exhausted their skill on it, and at last decided that I would require to have my arm amputated. I told my wife that I would try **Dr. Thomas' Electric Oil** first, and see what effect it would have on it. I got a bottle and applied the Oil as warm as I could bear it, and before I had bathed it more than two or three times I was relieved, and in a very short time **Dr. Thomas' Electric Oil** removed the lump entirely, and I have not been troubled with it since. The doctor did not know what to say when I showed the arm to him, and could not believe that **Dr. Thomas' Electric Oil** removed the lump. I told him I preferred using the Oil to having my arm cut off. Then, again, my little boy was sitting at an open window, with his hand on the sill, when the window came down on his fingers. We at once thought of **Dr. Thomas' Electric Oil**, and having saturated some cotton batting with the Oil, we wrapped it around the fingers, and then put them between pasteboard to keep them straight. We dressed them afresh daily, and in about a week the black disappeared, and in two weeks the hand was healed.

My little girl upset a dish of hot gruel from a shelf down her neck, and scalded herself badly, but **Dr. Thomas' Electric Oil** cured her with only four or five applications.

Mr. Burk got his hand crushed on the railroad, and after he got over the accident and the hand healed up, the fingers were all doubled up and he could not open them. I got a bottle of **Dr. Thomas' Electric Oil**, and told him to bathe the fingers two or three times a day with the Oil, as warm as he could bear it; and in a very short time he could straighten the fingers and use the hand as well as ever.

For the cure of all diseases of the Eye, such as Inflammation, Films, Opacities, Specks, Abnormal Growths on the Mucous Surface and Gangrene.

TO describe the diseases to which the eye is subject would require more space than we have at our disposal. They are numerous and sometimes very difficult to treat and should only be treated by those who have a thorough knowledge of medicine. You should never use eye water, wash, or salve, that has not been prepared by an experienced chemist. Using home-made eye medicines is poor economy, as you run the risk of destroying that sensitive, complex and beautiful structure, the "Window of the Soul."

Dr. J. D. Kellogg's Eye Water promptly stops Inflammation, cools and soothes the diseased parts, strengthens the sight and restores the organ to a natural healthy action.

THIS MOST EXCELLENT medicine stands at the head of the list of remedies for the cure of sore eyes. It has been on the market for a number of years, and we have never had one complaint against it, nor has it come to our knowledge one instance in which it has failed to effect a complete cure where the directions were followed.

NO CURE, NO PAY.—MR. J. H. BARKER, of the Dominion Lime Co., Lime Ridge, P.Q., writes:—"One of our customers came to our store with very inflamed eyes some time ago. I asked him why he did not cure them, he said he could not. For fifty cents I promised to cure or no pay, and gave him a bottle of **Kellogg's Eye Water**. Three days after he came in and threw fifty cents on the counter saying, **Kellogg's Eye Water** cured his eyes. I have sold several dozen and have never heard of it failing in one case to cure."

Notice the name, "**Dr. J. D. Kellogg's Eye Water**," prepared only by Northrop & Lyman Co., Limited, Toronto. Sold by all medicine dealers, 25 cents per bottle.

30

FOR THE CURE OF Colds, Coughs, Heaves, Thick and Broken Wind, Inflammation of the Lungs, and all diseases which affect the Horse.

THIS is the only reliable internal remedy for all complaints incident to Horses and Cattle; Bots, Yellow Water, Purging, Surfeit, Mange, Colic, Colds, Coughs, Hide-bound, Loss of Appetite, and all derangements of the Kidneys and Digestive Organs. Also for Heaves and Broken Wind. It has restored to perfect soundness thousands of horses supposed to be broken down and almost worthless, all traces of disease having been completely removed, and afterwards having been sold from \$50 to \$100 more than they would have previously brought. It cleanses the breathing apparatus, equalizes the circulation of the blood, improves the appetite, corrects all derangements of the digestive organs, softens and loosens the skin, and gives to the coat a sleek and shining appearance.

It first acts gently upon the bowels, and then on the liver and lungs, and removes all obstructions therefrom, purifying the blood, and enabling the organs to do their work without overtaking any.

For Hide-bound it is a complete success.

For Heaves, Coughs, Colds, and all diseases which affect the wind of horses, it has no equal.

As a **CONDITION MEDICINE** for Horses, Cattle, Sheep, Pigs, Poultry, etc., it is a decided success.

A WELL-KNOWN HORSEMAN SPEAKS—MR. RICHARD ST. PIERRE, Somerset, P. Q., writes:—"I use **Darley's Condition Powders** continually in my stable. I find them the best, and would not give my horses any other kind."

HANDY PACKAGE DYES.

HAVE never been equalled for brilliancy of colors, reliability of shades, and are warranted to color more goods, and to give better satisfaction than any Dye in the market. Compare them, try them, and you will be satisfied of this fact.

Do not be persuaded to try Dyes that are advertised to color large quantities of goods, the colors made from such soon change, and the goods become worthless. This is especially so with colors on cotton. Our special colors for cotton will be found far superior to all others, not only in the large amounts they will color, but in the fastness and brilliancy of the colors, making them indispensable to all wishing to dye cotton goods for carpets or other permanent use.

These Dyes are manufactured from the best and purest materials, so that you are certain to get good colors every time, if your goods are free from grease and the directions followed.

Old silks, faded ribbons, etc., can be made to look like new by using the **Handy Package Dyes**.

They are just what you want for coloring carpet rags, old dresses, stockings, etc.

Beautiful ornaments can be made out of grass, wheat, oats and other grain, after coloring them with the **Handy Package Dyes**.

PARMELEE'S NEW VEGETABLE PILLS

SLEEPLESSNESS IS DUE TO NERVOUS EXCITEMENT.—The delicately constituted, the financier, the business man, and those whose occupation necessitates great mental strain or worry, all suffer more or less from it. Sleep is the great restorer of a worried brain, and to get sleep, cleanse the stomach from all impurities with a few doses of **Parmelee's Vegetable Pills**, gelatine coated, containing no mercury, and are guaranteed to give satisfaction or the money will be refunded.

31

The person with an ingenious mind and decorative taste can find hundreds of ways to beautify their homes by using **Handy Package Dyes**.

REMARKS ON COLORS.—Pure and bright colors can be had only on white goods. Colored goods, especially silk and cotton, can often be made nearly white by boiling in strong soap-suds and rinsing, repeating the process as long as the color comes into the water.

If the Dyes are used on goods already colored, the color obtained will be a combination of the old and new colors.

A Red color, dyed on Green, Slate or Drab, will make a Brown; on Yellow an Orange; on Blue a Purple; on Violet a Wine.

Green will cover nicely over Gray, Drab, Slate, Bismarck and Blue, making Dark Greens or Olive.

Blue over Green will make a Peacock color; over Red a Violet or Purple; over Yellow a Green; over Browns, Dark Bluish Shades.

Browns will cover over all colors except Black, making on Green a Bronze, on Red a Garnet, on Purple and Violet a Wine or Maroon.

Purple and Violet will color over Red, Blue and Brown, making Wine, Plum, etc.

All the dark colors will color over lighter colors, making various shades of the darker colors used.

MRS. TODD, North Ridge, writes:—"Be sure and send the **Handy Package Dyes**, as they are the best Dye and we don't want any other."

NORTHROP & LYMAN CO., Limited,
Toronto, Agents for Canada.

HOW TO CURE HEADACHE.—MR. FINLAY WARK, Lysander, P.Q., writes: "I find **Parmelee's Pills** a first-class article for Sick Headache.

MR. CHAS. A. SMYTH, Lindsay, writes:—"Parmelee's Pills are an excellent medicine. My sister has been troubled with severe headache, but these pills have cured her."

THE BEST PILLS.—MR. WM. VANDERVOORT, Sydney Crossing, Ont., writes:—"We have been using **Parmelee's Pills**, and find them by far the best pills we have ever used."

MR. M. McBEAN, Glen Bean, writes:—"Parmelee's Pills have done me more good than any medicine I have ever taken."

VERY many persons die annually from cholera and other kindred summer complaints who might have been saved if proper remedies had been used. Some persons have periodical attacks of Cholera and Dysentery, and have always to use discretion in their diet or the dreadful attacks will come on.

Thousands of children are carried off annually by summer complaints, which are so quick in their action, that the cold hand of death is upon the victims before we are aware that danger is near. The strongest man has to reel under its iron grasp, and the young and delicate soon fall a prey to its havoc.

IF ATTACKED do not delay in getting the proper medicine. Try a dose of **Dr. J. D. Kellogg's Dysentery Cordial** and you will get immediate relief. It acts with

wonderful rapidity and never fails to effect a cure. Those who have used it pronounce in the strongest terms in its favor. They say it acts promptly and thoroughly subdues the pain and disease. No one need fear Cholera if they have a bottle of **Dr. J. D. Kellogg's Dysentery Cordial** and use it on the first appearance of that dreadful scourge.

W. H. LUCAS, Caldwell, writes: **Dr. J. D. Kellogg's Dysentery Cordial** sells well and gives every satisfaction."

IT HAS NO EQUAL.—MRS. A. C. GODFREY, Gravesend, writes: "I can recommend very highly **Dr. J. D. Kellogg's Dysentery Cordial**, having tested it in our family, and I know of four particularly bad cases of Cholera Morbus that were cured by this medicine."

NONE BETTER.—MR. THOS. LANGTON, Merchant, Lowville, writes: "**Dr. J. D. Kellogg's Dysentery Cordial** is without doubt the best Dysentery remedy I have ever known. In one particular case where all other remedies failed and the patient was very bad, I gave him **Kellogg's Cordial** and it cured him in a very short time.

It is also a splendid preparation for children when teething."

SAVED HER LIFE.—MRS. DELIA HANNAH, Easton's Corners, writes: **Dr. J. D. Kellogg's Dysentery Cordial** was the means of saving my life. I suffered for about a year with Dysentery, meantime employing doctors without avail. After taking the second dose of this Cordial, I felt relieved. It is a wonderful medicine and I would like the afflicted to know how it cured me."

A SPEEDY CURE.—MR. JOHN HAWES, Merchant, Carlisle, writes: "I can recommend **Dr. J. D. Kellogg's Dysentery Cordial** as a genuine good article. I had occasion to use it myself twice and on both occasions it worked a speedy cure."

CURED IN 12 HOURS.—MR. M. KNIGHT, Proprietor, and MR. GEO. VILLEUX, Clerk of the Coaticook House, Coaticook, P.Q., write: "We

were both cured of a bad attack of Diarrhœa in twelve hours by the use of **Dr. J. D. Kellogg's Dysentery Cordial.**"

A CHILD SAVED.

—MR. R. H. PYE, Tidnish, N.S., writes: "One of my customers had a child suffering with a severe case of Dysentery, and after a thorough

treatment by medical men the child was given up to die. Having used **Kellogg's Dysentery Cordial** myself with good results and knowing its superlative value I advised them to try it, and to their great satisfaction a few doses entirely cured the child. I consider it the best article of the kind on the market to-day, in fact I can sell no other."

UNEQUALLED.—MR. JOHN C. HALL, Bolton Centre, P.Q., writes: "I am subject to summer complaint, and in the past have suffered very much with it. In my hunt for a remedy I got a bottle of **Dr. Kellogg's Dysentery Cordial**, and I can confidently say it has no equal for summer complaints, Diarrhœa, etc. My family have used it and can also recommend it as being the best, we having used all kinds of remedies sold for the cure of such complaints."

Sold by all medicine dealers. Price 25cts.

A Sure Cure for Dysentery, Gripping Pains in the Bowels, Diarrhœa, Cholera, Summer Complaints, etc.

CURES Rheumatism, Lumbago, Lame Back, Neuralgia, Diphtheria, Croup, Coughs and Colds, Sore Throat, Piles, Frost Bites, Burns, Asthma, Catarrh, Chilblains, Corns, Tooth, Ear and Headache, Bruises, Wounds and Sprains of Every Description on Man or Beast. Actually the best External and Internal Remedy Known.

CAUTION.—This cut represents our new Wrapper; take no other, and avoid all similar named articles as they are worthless.

Exception has been taken to the long list of diseases which it is claimed **Dr. Thomas' Electric Oil** will cure, but this is done through sheer ignorance, and is not the result of actual experience. The mere fact that the **Oil** has held its own for a quarter of a century and has outlived all competitors which have been introduced in the meantime, should convince the most skeptical that the **Oil** will accomplish every thing that is claimed for it. **Dr. Thomas' Electric Oil** is not a compound of chance, on the contrary it is the result of profound and painstaking research. The ingredients have been selected with great care and with a due regard to true chemical affinities, and thus it is that a perfectly homogeneous compound has been formed possessing, through its wonderful efficacy and manifold healing influences an adaptability to a great variety of diseases.

To crown all other evidences in favor of **Dr. Thomas' Electric Oil** there is the indisputable testimony of thousands who bless the day they first heard of it. Testimonials sufficient to fill a good sized volume could be published from amongst those received from time to time but a few samples will suffice. Witness the following:—

WORTH MORE THAN GOLD.—**MR. THOS. MOWAT**, Lower Fort Garry, Man., writes:—"My eight year old boy came from school a few days ago so bad with croup

that we could not hear him talk, and in his efforts to get breath he caused bleeding of the nose. As an experiment I put fifteen drops of **Dr. Thomas' Electric Oil** on sugar and told him to try and swallow it. He did so with a great struggle, and to the surprise of my wife and myself he could talk all right in less than fifteen minutes after. Now, gentlemen, you say **Dr. Thomas' Electric Oil** is worth its weight in gold, but I say that it is worth double its weight in gold for any throat disease."

A BAD ACCIDENT.—**MR. P. P. CLARK**, Merchant, St. Ola, Ont., writes:—"By the

upsetting of a heavily loaded wagon of green timber I was caught between the timber and barn and jammed so badly that the doctor said I could not possibly live. I was unable to eat any solids for two weeks, the lower part of my body was badly bruised and all black; to try and ease the pain I was suffering I tried several liniments I had in my store, and at last tried **Dr. Thomas' Electric Oil**, and to my surprise and delight that fixed me up completely. It soothed and eased my pains and removed the discoloration from my flesh. I cannot recommend it too highly, for it saved my life and made a well man of me."

HAD LA GRIPPE.—**MR. A. NICKERSON**, Farmer, Dutton, writes:—"Last winter I had La Grippe and it left me with a severe pain in the small of my back and hip that used to catch me whenever I tried to climb a fence. This lasted for about two months when I bought a bottle of **Dr. Thomas' Electric Oil**, and used it both internally and externally, morning and evening, for three days, at the expiration of which time I was completely cured."

A HAPPY RELIEF.—**MR. J. SAVAGE**, Boscurvis, N.W.T., writes:—"I can highly recommend **Dr. Thomas' Electric Oil**, for curing Corns. I had a very bad one on the top of one of my toes for over twenty years and **Electric Oil** cured it. Thanks for the happy relief."

Will cure Liver and Kidney Complaints, Dyspepsia, Costiveness, Headache, Purify the Blood and Regulate the Secretions, Remove all Bilious Matter and Prevent Ague.

"**Parmelee's Pills** possess the power of acting specifically upon the diseased organs, stimulating to action the dormant energies of the system, thereby removing disease. In fact, so great is the power of this medicine to cleanse and purify that diseases of almost every name and nature are driven from the body."

MR. JOHN A. BEAM, Waterloo, Ont., says: "I never used any medicine that can equal **Parmelee's Pills**, for

Dyspepsia or Liver and Kidney Complaints. The relief experienced was wonderful."

COLIC AND KIDNEY COMPLAINT.—

MR. J.W. WILDER, J.P., Lafargeville, N.Y., writes: "I was subject to severe attacks of Colic and Kidney Difficulty, and find your Pills afford me great relief, while all other remedies have failed. They are the best medicine I have ever used."

MR. D. ROLF, Alfont, Madison Co. Ind., writes: "I purchased some of **Parmelee's**

New Vegetable Pills of your agent at Mantua Station, Portage Co., Ohio, and have not found their equal for cleansing the Liver."

NERVOUS DEBILITY AND DISEASES OF THE LIVER AND KIDNEYS CURED.

MISS EMMA L. BEACH, Syracuse, writes: "Physicians called my complaint General Nervous Debility and disease of the Liver and Kidneys. I tried various kinds of

medicine for more than a year, without getting any relief. Most of the time I was not able to leave my room. My friends thought I had Consumption. I was advised to try **Parmelee's New Vegetable Pills**. I commenced by taking

half a pill every night regularly for a week. My appetite began to improve, and I was stronger. I continued to take half a pill every, or every other night, for six weeks. They restored me to perfect health."

Price 25c. or 5 boxes for \$1.

If you cannot get them from your medicine dealer, they will be sent on receipt of price by mail.
