Lloyd George Gives Promise Of Reprisals For Air-Raids

Murderers of Women and Children to Find Country "Bombed With Compound Interest" — Germans Now Expecting It

London, Oct. 3.—A crowd of poor people in the southwest district of London yesterday appealed to Premier Lloyd George, says the Daily Mail, for reprisals against Germany for the air raids on London.

"WE WILL GIVE IT ALL BACK TO THEM SOON. WE SHALL BOMB GERMANY WITH COMPOUND INTEREST."

The crowd cheered the promise of the premier wildly. The premier had just completed a tour of the area damaged in the raids with Viscount French, commander of the home forces.

Significant Statement

London, Oct. 3.—That the British government contemplates some new and effective steps to counteract German air raids on England is borne out in speeches by Major-General Sir Francis Lloyd, director of the defenses of London, and Dr. Addison, former minister of munitions, at a meeting in the London district yesterday called to discuss the recent raids.

Guilty Germans Expect It

Geneva, Oct. 3.—A Swiss painter, who has been copying Dutch masters in the Cologne museum, and has just returned here, says that the Germans are now expecting aerial reprisals and are placing suitable paintings in places of security.

Our Airmen's Success

London, Oct. 3.—Despatches from Holland say that the allied airmen are playing havoc with the German railway communications and military establishments in Belgium.

Amsterdam, Oct. 3.—A despatch from Stuttgart to the Frankfurter Zeitung says that on Sunday night Stuttgart twice was attacked by enemy airplanes.

Baden Bombed

Paris, Oct. 3.—Continuing their reprisals for attacks of German airmen on French cities, French aviators last night dropped bombs on the German town of Baden, in the Grand Duchy of the same name.

The statement says also that "on the night of October 1-2 and during the day of October 3, our aviators bombarded the railway station at Fribourg, factories at Volkshagen and Hoffenbach and railway stations at Bielefeld, Longvion, Metz-Woippy, Arnaville, Metziers-Les-Metz, Thionville and Sarrebourg.

SERGEANT GEO. SMITH IS A DISTRICT SUPERINTENDENT

Fredericton, N. B., Oct. 3.—The report that Sergt. George Smith had been appointed provincial dairy superintendent in succession to the late C. W. MacDougall, is not correct.

AMERICAN OFFICER KILLED IN ACTION; WAS WITH BRITISH

Washington, Oct. 3.—Lieut. E. C. Howe of the Boston medical officers reserve corps, was killed in action on September 28, while on duty with British forces in France, the adjutant-general announced today.

MATTER OF MINERS' WAGES

Washington, Oct. 3.—Representatives of coal operators and miners in the Illinois, Indiana, Ohio and Pennsylvania districts today were endeavoring to reach a compromise on the duration of the contract granting the workers advances in wages.

MAKE TEST OF SINCERITY ON BORDEN'S PART

Appoint Liberals as Well as Conservative Enumerators

Fifteen Thousand to be Named—Hon. Mr. Sifton and the Union Government Talk — Cabinet Session in Ottawa But Nothing Given Out

Vancouver, B.C., Oct. 3.—The Vancouver Central Liberal Association last night sent the following message to Sir Robert Borden:

Resolved, that as a test of the sincerity of Sir Robert Borden's professions, we are of the opinion that he should appoint the 15,000 enumerators for the preparation of the voters' lists without regard to party interests, and that such enumerators should be representative of other political parties as well as Conservatives.

Calgary, Oct. 3.—Premier Sifton's statement, given to the press at St. John, that he favored a union government with a conscription plank in the platform, is thought here to assure the belief that Premier Sifton will enter the cabinet of a union government.

Ottawa, Oct. 3.—There were no important developments in connection with the political situation up to late last night. The cabinet council was again in session in the evening, but apart from some appointments Sir Robert Borden had no announcement to make.

CONSERVATIVES IN MINORITY FOR FIRST TIME IN MANY YEARS

Fredericton, Oct. 3.—Returns from the municipal election in Sunday show that there will be a Liberal majority of two in the council the first time in many years that the Conservative councillors have not been in the majority.

PROCEDURE UNDER THE MILITARY SERVICE ACT

The procedure to be followed in the administration of the military service act was outlined in an official letter received at the office of the New Brunswick command this morning.

When the time allowed by the proclamation for reporting or claiming exemption has elapsed, men of the class called out, except those who are exempted, will be ordered to report at specified centres for examination.

Subsequently they will be ordered to report direct to the depot battalion to which they have been allotted.

Every man, however, on being medically examined, will be found to be in category "A" will be given the option of reporting immediately to the depot battalion.

MR. HANNA'S REQUEST AGAIN INEFFECTIVE

Montreal, Oct. 3.—Most of the milk dealers in the city raised the price of milk two cents to thirteen cents a quart and one cent to seven cents a pint this morning.

IT'S ROUGH ENOUGH HERE NOW

Toronto, Oct. 3.—Eastern Canada must make way for the interests of western Canada in the matter of hard coal, according to some local dealers. This, they say, is the cause of the embargo on coal exports by water route to Canada.

British New Embargo Is Sweeping One Most Important Move in Reducing The Military Power of Germany

Washington, Oct. 3.—Great Britain's new embargo on shipments of practically everything to Sweden, Norway, Denmark and the Netherlands is regarded as the most important move in reducing the military power of Germany.

DRIVE AGAINST BAGDAD OR EGYPT

Turks Believed To Be Planning Offensive

All's Not Well at Home; People Hungry and Exhausted — Soldiers Dissatisfied as Germans Are Given Better Treatment

London, Oct. 3.—(Montreal Gazette cable)—The Times says: We have received a communication on the position of Turkey from a gentleman who left Jerusalem in May and traveled for twenty-five days to Constantinople, where he spent six weeks.

The railway from Jerusalem to Aleppo is finished, also the tunnels through the Taurus mountains. Enver Pasha was at Aleppo on June 1, establishing headquarters for Falkenhayn, who is in full command of the Turkish troops. He certainly is preparing an offensive against Bagdad or Egypt.

Turkey has only sixty per cent. of the average average of wheat under cultivation, on account of the scarcity of man. Fruits and figs are available, but they need bread and oil. The people are hungry and exhausted.

One hundred Turkish airplanes, paper, are now worth only thirty.

FRENCH BARK LOST

Rio Janeiro, Oct. 3.—A Brazilian tug boat yesterday picked up off the coast a whale boat with fourteen members of the crew of the French bark Biarribe, of 2,618 tons, which was burned at sea on Sept. 30, following an explosion due to spontaneous combustion in her cargo of coal.

MATE OF AMERICAN VESSEL STABBED IN FRANCE BY SEAMAN

Paris, Oct. 3.—A despatch from a French port to the Petit Parisien says that Samuel Sutherland, mate of the American three-master Kremlin, has been stabbed to death by a member of the crew. Sutherland ejected the seaman from a cafe, the despatch says, and the mate retaliated by stabbing him three times.

WEATHER REPORT

Synopsis—A shallow depression has formed in the Missouri Valley while another depression comes from Alberta and Saskatchewan.

Laurier to Retire as THE OPPOSITION LEADER?

Prominent Liberals Named as Possible Successor—Secretary Makes Denial of Intention to Give up Leadership

Ottawa, Oct. 3.—It is learned that Sir Wilfrid Laurier has asked the Liberal leaders who are assembled here to consider the question of his retirement from leadership of the opposition.

The proposal comes voluntarily from Sir Wilfrid who finds that advancing years and declining health make it impossible for him to face the midwinter election campaign which is coming.

They and other Liberal leaders were called to Ottawa by Sir Wilfrid. When they met Sir Wilfrid he said that he proposed to offer his resignation to the party and desired that it be accepted.

The request of Sir Wilfrid refers to his determination to retire. The outstanding gathering of Liberals will be called to choose a successor.

When seen by a representative of the Canadian Press Mr. Carvell emphatically denied that he had made any such statement.

Denial of the report that Sir Wilfrid had retired was also made by Sir Wilfrid's private secretary who said that there was no truth in the story.

The impression is growing, however, that Sir Wilfrid's retirement owing to his health will not be long delayed.

In the event of Sir Wilfrid's retirement, the question of a successor will be left, it is said, to the party. Sir Wilfrid, it is understood, prefers not to desire to name who shall follow him as leader.

The cabinet council did not meet this morning, but there will be a meeting this afternoon.

HE HAS WON THE MILITARY MEDAL

Sergeant James F. Gilbert of St. John Gains Distinction in War

Mr. and Mrs. Edward Gilbert of 174 Adelaide street were pleasantly surprised yesterday upon receipt of a letter from their son, Sergeant James F. Gilbert, to learn that he had been awarded a military medal for conspicuous gallantry on the battle fields of France.

From time to time he has sent home trophies which he picked up in German trenches and recently he sent an iron cross which he found pinned on the breast of a dead German soldier.

ELEVEN RETURNED MEN HERE WANT TO BE INSTRUCTORS

That the N. C. O.'s who are to be employed in the training of the men drafted are all to be efficient men is evinced by the fact that all the returned soldiers who have applied for positions on the staff as instructors, are being sent to Halifax, where they will take a course in infantry drill.

The returned soldiers from this city who applied are Sergeant H. A. Adams, Corporal T. Casey, Corporal F. N. Calder, Sydney Hudson, James King, Malcolm McLeod, J. A. McQueen, Sergeant M. Shaw, J. P. Quirk, G. K. Shields and K. Watling.

MILITARY BOARD HERE IS BEING KEPT BUSY

The medical board in connection with the applying of the military service act, which is sitting in the discharge depot in the mornings and afternoons is being kept very busy. Yesterday the board examined about sixty-five men.

ON THE I. C. R. The Halifax train was two hours and a half late in arriving in the city this morning.

U. S. Soldiers Were Quietly Dropped

They Were Men Whose Sympathies Were Known to Be With Germans—Navy Already Cleaned Out

New York, Oct. 3.—About twenty-five soldiers of the regular army, who at the beginning of the war with Germany were on duty at posts in and near New York city, have been quietly dropped as a result of investigations as to their loyalty. They were not dropped as "spies," but simply because they were of German origin and of known German sympathies in the present war. This information comes from a source of unquestioned authority, and the number of German soldiers refers only to this particular section of the country. Many other soldiers, it is understood, have been quietly discharged from the army in other parts of the country. Some of the soldiers who are now no longer in the service held non-commissioned positions, and in a few came forward of their own accord and frankly stated that their sympathies were with Germany and that they would resent having to go to Europe to fight against men of their fatherland. In every instance, it was said, these men were discharged from the army and all are now pursuing, unhampered, so far as is known, other vocations in civil life.

As to the situation in the navy, it can be stated that the number dropped is not nearly so large as is the case in the army. This is due to the splendid efficiency of the navy's own intelligence service which weeks before war was declared began a round-up of the men whose services in time of war the navy did not desire. When war was declared practically every man whom the navy had reason to distrust had already been dropped from the service.

are promptly relieved by applying Absorbine, Jr., the antiseptic liniment. It is soothing, healing, and invigorating—puts vim and energy into jaded muscles. One of the many enthusiastic users writes: "I received the trial bottle of Absorbine, Jr., all right and at that time was unable to walk without a cane, just around the house. I used it freely and inside of two days could walk without limping, something I had not done in two months. I went to the drug store and procured a \$1.00 bottle and today can walk as good as ever. I'll never be without it. I am recommending it to everyone I can, for I am a living witness."

## SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known hair expert, because it darkens the hair so naturally and evenly that no one can tell it has been applied. Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet regent and is not intended for the cure, mitigation or prevention of disease.

THE GOLDEN AGE  
How sweet our youthful days,  
How bright youth's golden hour,  
How innocent and pure,  
How free from care, the youthful gaze  
Sees sunshine through each shower.  
How bright the world would be,  
How beautiful and fair,  
No sin to taint the air:  
From manhood's curse if it were free  
And only children there.  
How sweet would then be love,  
How innocent and pure,  
No evil thoughts to lure:  
The only clouds, the clouds above,  
From passion's storms secure.  
Methinks if there's a heaven,  
'Twill never be for men,  
We'll all grow young again:  
And happy be at six, or seven,  
And never reach the age of nine.

Try Making Your Own Cough Remedy

You can save about \$2. and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you would hardly have the curative power that lies in this simple, "ready-made" cough syrup which takes only a few minutes to prepare.

Get from any druggist 2 1/2 ounces of Pinex (50 cents a bottle), pour it into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 65 cents and gives you 16 ounces of really better cough syrup than you could buy ready-made for \$2.50. Tastes pleasant and never spoils.

This Pinex and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes that line the throat, chest, and bronchial tubes, so gently and easily that it is really astonishing. A day's use will usually overcome the ordinary cough and bronchitis, croup, whooping cough and influenza. It is splendid.

Pinex is a most valuable concentrated gland of genuine Norway pine extract and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept any cheap imitations. Absolute satisfaction or money promptly refunded, with this preparation, The Pinex Co., Toronto, Ont.

## NEWS NOTES ABOUT PROMINENT BAPTISTS

(Maritime Baptist)  
Rev. H. D. Worden reports some encouraging conditions in the work on the Titusville field. A few weeks ago one candidate was baptized at Smithtown. On all parts of the field the interest is being maintained and the outlook is hopeful.

The faithful and efficient work of Pastor H. E. Allaire is bearing fruit on the Boiestown field. Under his leadership the work is advancing along all lines. A wise adjustment of fields will soon be made by the transfer of one field from the Doaktown to the Boiestown group. Pastors Allaire and Stuchouse are cordially co-operating toward this desired end.

Rev. E. J. Barras, pastor of the Olivet church, Marysville, is evidently not afraid of the "Rock" Medicine added to his field the little church at Penniac. This was formerly grouped with the Main street church, but when the work of that church demanded all the pastor's strength, Penniac was left without services. The new arrangement promises to prove mutually satisfactory.

Rev. A. J. Corey, who recently resigned at Rusagorah, has been induced by his people to reconsider his decision. A very convincing proof of their earnest desire to retain his services was afforded by the substantial increase of salary voted. The field is to be congratulated upon the success of their efforts to induce the pastor to recall his resignation.

Rev. Ralph S. Gregg has been called to the Oromocto field and, we understand, has accepted the call. We have been able to report of late several instances where young men of good education equipped have been willing to take up work in our smaller country fields. This is a spirit which is to be greatly commended, and which promises much for our work in the future. We still need many more such men.

We have heard with regret of a serious accident to Pastor L. E. VanWart of Coldstream, N.B. While assisting to shingle the parsonage, by the breaking of a staving he was precipitated to the ground, breaking his arm and receiving a severe shaking up. All will hope, and especially the people to whom he so faithfully ministers, that he will not be laid aside from his duties for any length of time.

## Seeks Men For Forestry Corps

Lewiston, Me., Oct. 3.—Major J. R. Belford, of the Canadian forestry division, has been here, having just returned from the war front for the purpose of securing recruits for the Canadian forestry work in England, Scotland and France. He is after men in unlimited numbers to work the portable sawmills abroad. He is willing to enlist men up to the age of 48 years, not necessarily expert woodsmen, who are either British subjects or Americans exempt from the draft. The work the men are wanted for is the cutting chiefly of beech, fir, elm, etc., for tees, plankroads, props, etc. Men enlisted for this work will receive the Canadian army allowance of \$1.10 a day plus clothing, food, and separation allowance of \$20 a month for dependents, plus regular workmen's pay ranging from \$2.50 to \$6 per day, plus bonuses to be determined later. He is seeking recruits from all over Maine.

REPRISALS ARE NECESSARY

Premier Lloyd George, replying to an appeal for reprisals on Germany for air raids, said yesterday: "We will give it all back to them and we will give it to them soon. We shall bomb Germany with compound interest."

The labor situation this year in many rural sections has been serious, owing to the call of agricultural workers to the army; but the fact that to meet the labor shortage in some communities high schools have been closed for brief periods is indicative of the close relation that must obtain between the cultivation of the soil and the cultivation of the intellect.

THE GERMAN FIGHT HARD

What is to be the result of all this terrific pounding by British guns in Flanders? We are told that the German guns are no match for them, and also that the determined and repeated attacks made by the Germans are thrown back. We are also told that the morale of the German troops is breaking down, while the spirits of the British are steadily mounting higher.

SCHOOLS AND FARMING

Some of the matters dealt with by Hon. J. F. Tweeddale in his address in this city on Monday evening are touched upon in an interesting article in the American Lumberman, on the subject of agricultural improvement. That journal refers specially to the value of school work and the co-operation of other agencies with the schools. At the outset the Lumberman says: "For many years prior to the European war the subjects of increased agricultural production and improvement in the methods of living on the farms of the United States had received much consideration, and many movements had been started with the avowed objects of promoting agricultural prosperity and bettering the social and educational conditions that are not to be secured by the farmer until he is provided with a safe margin of profit on his agricultural operations."

Circumstantial Evidence. A religious worker was visiting a southern penitentiary, when one prisoner in some way took his fancy. This prisoner was a negro, who evinced a religious fervor as deep as it was gratifying to the caller. "Of what were you accused?" the prisoner was asked. "I say, I took a watch," answered the negro. "I made a good fight. I had a dandy lawyer, and he done poned an alibi wif ten witnesses. Den my lawyer he shore made a long speech to de jury. But it wa'n't no use, sar; I gets ten years."

The strike order affects 8,000 general ware and china potters in the United States and Canada.

Canadian Air Hero Is Honored in New York

Major Bishop, V.C., Victor in 47 Encounters With German Airplanes New York, Oct. 3.—Major W. A. Bishop of Owen Sound, Ontario, hero of victorious encounters with forty-seven enemy airplanes and two observation balloons, was the guest of honor at a dinner given last night by the Canadian Club of New York. Major Bishop, recipient of the Victoria Cross and other orders and medals, was accorded an enthusiastic reception. He modestly told of some of his thrilling experiences, among them the photographing of German military works while flying at an altitude of 22,000 feet. After prolonged cheering the guests sang "God Save the King," and the American national anthem.

If You Want Evidence That hemorrhoids, or Piles, Can be Completely Cured Read These Letters—Both Are Sworn Statements. Toronto, Ont., Oct. 2.—Next to personal experience is the strongest evidence obtainable. If you have any doubt that Dr. Chase's Ointment will positively and completely cure piles, these letters should convince you. Mr. Samuel Parker, fruit grower, Grimsby, Ont., has made the following declaration before Mr. W. W. Kidd, Notary Public of the same place: "I do solemnly declare that I was troubled with bleeding piles and was advised to go to the hospital to have an operation performed. My wife said 'No, get a box of Dr. Chase's Ointment.' I did so and have used it according to directions while living in Manitoba and obtained a complete cure, for I have never been troubled with piles since. I am now seventy years of age and want to recommend Dr. Chase's Ointment to all sufferers from piles. My wife has used it for itching skin and obtained complete cure. Mr. Donald M. Campbell, Campbell's Mountain, N. S., writes: 'I have used Dr. Chase's Ointment with great success for hemorrhoids or piles of fifteen years' standing. After trying all kinds of so-called pile cures, three boxes of Dr. Chase's Ointment gave me a complete cure. I have also used Dr. Chase's Kidney-Liver Pills, and there are no other so good. You may use this letter, if you wish, for the benefit of others who may suffer as I did.' Sworn before me, Murdoch Gordon Campbell, J.P., in the County and for Inverness County. If you would like to try Dr. Chase's Ointment at our expense, send a two-cent stamp to pay postage and we shall mail you a sample box free. **LISTOWEL WOMEN WILL NOT CIRCULATE CARDS**

Listowel, Ont., Oct. 3.—The food service pledges sent out by Food Controller Hanna are not being circulated in Listowel. There is a pile of them in the basement of the Library building, and it looks as if they would go to waste. The matter of distributing these cards was discussed at a meeting of the Women's Patriotic League, and a motion was unanimously passed expressing the decision not to circulate them.

The press correspondent, Mrs. J. A. Campbell, in a statement given out says: "When it was taken into consideration that last year more than 880,000 pounds of grain was used for the manufacture of liquor the members of the league unanimously decided that it was not their duty to distribute and ask for the signing of the pledge cards. The general feeling is that our women have been economizing and making sacrifices in every way possible to help win the war. This stand was taken with the object of bringing into the limelight the amount of valuable food

product that is wasted in this country, and until this waste is stopped by our government the women of the Patriotic League of Listowel will abide by their resolution."

The recipes for Salmon Loaf and the method of cooking Pot Roast follow:—

**Salmon Loaf.**  
One and a half cups salmon. One cup white sauce. One and a half cups boiled rice. Line a greased baker with boiled rice to a depth of one-half inch. Put the salmon in the centre of the dish. Cover with the rice and heat thoroughly in the oven. Turn out onto a platter, and serve with white sauce around it.

**Pot Roast.**  
Select a lean piece of meat as rump. Put into the bottom of the pot a granite saucer or rack to keep the meat from touching the bottom of the pot. Set the meat on the saucer. Put in a very small quantity of water, and keep just enough to prevent burning. Cover very closely and cook over the fire until cooked throughout. For this an iron pot is best, and it should have a very close cover.

**FIRELESS DAY NOW INCLUDED IN PLAN OF ECONOMY IN U.S.**

Gigantic Campaign to Sift For Two Meatless Days and Two Wheatless Days

New York, Oct. 2.—The slogan "food will win the war" announced by Food Administrator Herbert Hoover, for the campaign that is to be carried on from October 12 to 27 to enlist every housewife in the country, is to be used by Arthur Williams, who is leading the campaign in the New York districts. Mr. Williams has opened offices at 124 East Fifth street. He has already under way plans for organizing the 10,000 women who are to make a house to house canvass to obtain pledges from the 1,150,000 housewives in the city.

Two meatless days, two wheatless days, and one fireless day are the practical features of economy and conservation expected to result from the activities. Each housewife will be asked also to sign conservation pledge cards agreeing to obey the rule of the food administration. To carry out the house to house canvass, however, volunteers are needed, and Mr. Williams sent out an appeal for women to volunteer for service and send their names and addresses to his office.

H. J. Hill, national campaign director, has sent the following message from Washington to administration headquarters:

"Herbert Hoover's announcement of the food pledge enrollment campaign is the first note sounded in the drive to enroll every American man and woman in a definite organization to win the war by food saving and wise use of 'Food will win the war,' is the battle cry, nearly 200,000 women have already taken the pledge to furnish the food our Allies and overseas army will require, and already they are visibly increasing the available supplies. The small amounts which each individual is asked to save through substitution and avoid any waste, when multiplied by millions becomes an effective total. The whole problem will be solved if the American people will eat less of the food which because of their concentrated nutritive values, must be sent abroad, and more of the food which there is abundance. The foods that must be saved are wheat, beef, pork, dairy products and sugar. Those that should be used are poultry, poultry, vegetables and all cereals except wheat."

**Women's Work In Great Britain**

According to official figures of the Industrial Branch of the British Board of Trade, the total number of women employed in Great Britain in July, 1914, just prior to the outbreak of the European war, was 2,298,000. Since that time there has been an increase of 1,240,000, or 53.6 per cent. These figures do not include domestic servants, casual agricultural workers, women employed in small establishments such as dress making shops, nor those at work in military, naval and Red Cross hospitals. In the industries, exclusive of agriculture, 2,184,000 women were employed at the outbreak of the war, which number has since been increased by 453,000, or 20.7 per cent. Women engaged in "commerce" (presumably in clerical and similar positions as distinguished from actual labor in factories, etc.) have increased from 668,000 to 808,000, a gain of 19.9 per cent.

In the lumber and wood-working trades 44,000 women were employed before the war. Up to April, 1917, this number had been increased by 24,000. These women are employed in all manner of work connected with the handling of lumber and its manufacture into the many products of the wood-working industry. They unload pitwood, staves and other light stuff, in box and packing case factories they run the nailing machines and handle the materials. Many are employed in the making of ammunition boxes. In forest work they fell the smaller trees, do cross-cutting, load pit props and handle all material that is not beyond their strength. Clad in overalls, they revel in the freedom of the out of door life. In the box factories overalls are worn as a rule, though in some factories a costume consisting of a woollen tunic, knickerbockers and garters is supplied.

A noticeable feature of all reports received from the other side, as well as from concerns employing women workers in this country, is the unanimity of

**WOMEN'S MEETINGS REPORT MUCH WORK**

At a meeting of the W.C.T.U. held yesterday afternoon a report of the Maritime Home for Girls at Truro was given by Mrs. Seymour. The data given showed matters to be highly satisfactory. In answer to appeals sent out by the King's College Hospital and the Queen Alexandra Fund of London, \$20 was voted to each.

At the weekly meeting of the Red Cross Circle of Stone church held yesterday afternoon arrangements were made for gathering in seventy Christmas stockings, which the circle will send to the local Red Cross for shipment.

At a meeting of the Rotherham Red Cross held yesterday afternoon it was announced that special donations amounting to \$467 had been received. Sixty-three Christmas stockings were filled with eighty comfort bags.

At a meeting of the Young Ladies' Missionary Society of Main street Baptist church held last evening reports were presented by the secretary and treasurer. These showed last year to have been the best financially in the history of the society, \$208 being contributed for missionary work.

At the regular monthly meeting of the Diocesan Board of the Women's Auxiliary, held in Trinity church school room yesterday afternoon, reports were heard from various committees. The Dorcas Society reported having shipped a large number of bales during the summer. The following sums were voted: \$80 for a portable communion set for the parish of Springfield; \$20 towards painting a church in the parish of Upham, and \$84 to a mission in the northwest. An account of a week's tour among the girls' branches was given by Miss Gladys Prink.

The Centenary Red Cross Circle met yesterday afternoon and discussed plans for a pantry sale to be held at the Soldiers' Club.

A fine address was delivered by Mrs. Baxter, formerly of Liverpool, England, at the monthly meeting of the V. A. D. of the St. John Central Nursing Division, No. 27, held in the Soldiers' Club on Sydney street last night. A great deal of business was gone through. The annual re-examination of members will be commenced by Doctor Curran during the first part of November. Thirty-seven active workers in this unit. Thirty-five of these are qualified members.

French Government Pays Honor to Gallant Boatswain and Crew

Paris, Oct. 3.—The minister of marine has commended in navy orders the French sailing vessel Kleber, of 277 tons, which, on September 7, stood up to a big German submarine off a single south of Brittany and placed a single sou of will that her opponent retreated discomfited after three hours of stirring battle.

Pierre Monet, the boatswain, who fought the ship after the captain of the Kleber was killed, has been decorated with the Legion of Honor, while the twelve men of the crew, several of whom were wounded, have been given war crosses. Several members of the crew who particularly distinguished themselves received the military medal in addition to the war cross.

Warden's Injunction Holds Up \$3,000 Grant For Soldiers' Gifts

(s Both Plaintiff and Defendant in Suits To Bar Action on Recommendation of Finance Committee; Returned Soldiers Also Protest

The quarterly meeting of the municipal council yesterday afternoon brought sensational developments. The finance committee had prepared a recommendation that \$3,000 be granted to the Soldiers' Comforts Christmas committee, at the request of Mrs. J. V. Anglin, to be expended in providing Christmas boxes for the 1,500 St. John city and county soldiers at the front, the same to be charged to the patriotic assessment for 1916. As soon as the recommendation was presented, however, John F. H. Teed served papers on the warden, H. R. McLellan, and the county secretary, J. King Kelley.

There was an injunction issued by Justice Grimmes, in which H. R. McLellan, as a ratepayer and on behalf of the ratepayers of the municipality, was plaintiff. It restrained the council from receiving the report of the finance committee or any resolution of the committee dealing with the sum until Oct. 13. A writ issued by Chief Justice McLeod called upon the municipality to put in an appearance when the matter will be heard in chancery, Oct. 13.

On the strength of the supreme court injunction, Warden McLellan refused to accept the recommendation of the finance committee and some warden's orders were exchanged, during which the warden challenged the councilors to adopt a vote of want of confidence.

Finally a resolution was passed to secure the opinion of the council's solicitor in the matter. In doing so, Mr. Kelley presented an anomalous situation. Because the warden was the plaintiff, he doubted that he should henceforward attend future meetings of the council when the matter is taken up. The warden was the plaintiff, and again, on behalf of the municipality, he was the defendant. The solicitor said he never knew of a parallel case before.

Soldiers Heard. A delegation was present from the Great War Veterans' Association, including Major Johnston, Joseph Dryden, James J. Barbary, Sergeant Pink, Wm. J. Moore, and Lieut. H. Fatchell. They all agreed that a great deal of comfort being sent to soldiers in the trenches was unnecessary, and one man stated that women at home would be doing a much more commendable thing to save up their dollars and help out the men on their return. Another characterized a large part of this work as wasteful and said the men at the front fared well in food and in clothing without private contributions. Several of them urged that the amount should be turned over to the building fund of the veterans' association which, they asserted, would be much more appreciated by the returned men in years to come.

Finally, the finance committee was empowered by the council to engage counsel to act with the solicitor in defending the action to be heard before Chief Justice McLeod on Oct. 13.

Other Business. The finance committee recommended the payment of bills aggregating \$81.85, which was approved. On recommendation of the committee it was ordered that the sum of \$768.06, the balance due

"Really does" put bad stomachs in order—really does overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapesin the largest selling stomach regulator in the world. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty cent case of Pape's Diapesin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the kindest, surest and most harmless stomach regulator in the world.

New Wing For County Hospital

Municipal Council Approves Agreement With Military Hospitals Commission—For Returned Soldiers

The municipal council, in quarterly session yesterday afternoon, approved of the agreement entered into by the committee especially appointed for the purpose of securing the construction of a wing to the St. John County Hospital and readjusting and making necessary renovations to the existing building, all expenses to be borne by the provincial authorities and the Hospitals Commission.

The agreement entered into with the Military Hospitals Commission grants the commission authority to build an addition to the present hospital for the treatment of soldiers, plans of which were presented to the council.

The committee appointed some time ago for the purpose of readjusting all hospital legislation in force in the province, reported on their duties subject to the treatment of returned tubercular soldiers by the St. John County Hospital, reported through Councillor Hayes, the chairman.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

"California Syrup of Figs" Can't Harm Tender Stomach or Bowels

A laxative today saves a sick child tomorrow. Children simply will take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour, and fermenting poison, sour bile, look at the tongue, mother! If constipated, don't worry, because it is perfectly harmless, and in a few hours all this constipation will gently move out of the bowels, and you have a well, playful child again. A thorough "in-side cleaning" should be the first treatment given in any sickness.

MUTUAL SUSPICION AND LASSITUDE ARE PARALYSING RUSSIA

Bright Hopes of the Revolution Being Darkened Every Day—People Chase Pleasures

Petersburg, Oct. 2.—There are moments when one would prefer to be silent about what is happening in Russia. The bright hopes of the revolution are now a profound reaction. I lived through the reaction that followed the last revolution in 1905, and again I see the familiar signs—the change after pleasure, reckless gambling, a steady decline of interest in politics, and a sudden demand for penny dreadfuls. The other evening in a workman's quarters I saw a ball going on next to a house where a Bolshevik meeting was being held. Generally speaking, in workmen's quarters and established a general attitude of profound disillusionment.

SOME STILL ARE VOLUNTEERING

Three recruits were secured by No. 9 Siege Battery yesterday. They were James H. Clarke, West St. John; W. J. Chisholm, St. John, and J. L. M. Driscoll, also of St. John.

Five others were transferred from the 8rd C. G. A. yesterday into No. 9 as they were previously under age. Now they have attained the required age and they have finally been accepted into the battery. They were J. Leahy, J. W. Dawson, H. T. Gilmore, C. B. Fleming, and J. Downey. Another recruit, R. J. McDonald, joined the composite battery on the island yesterday.

Major W. Wetmore, O. G. of No. 9 Siege Battery, has secured a location and will open a recruiting office in King street today. The quarters are the office under the M.S.A. are comparatively few. Among those is Lieut. J. H. Murray of Westmorland county.

NATURAL HISTORY SOCIETY.

At the first monthly meeting of the senior branch of the Natural History Society held last night, about fifty members were present and the president, James A. Eddy, was in the chair. The following members were elected: Hon. R. J. Ritchie, Misses Hilda Beatsey, Marion Gregory, Ellen Gregory, Joseph Tomah, Jean Knudsen, Angela Magee, Carolyn Page and Edna Shaw. During the meeting reports of various activities conducted by the society during the summer months were read. Many of the members who had been at the outings were present at the meeting and discussed observations while out on these trips. The lectures were made very interesting by means of lantern slides. Dr. Hutchinson, William Murdoch, A. Gordon Leavitt and William McIntosh took part in the discussion. Miss Lucy Smith, president of the junior branch, read a report of the outings held by the juniors around the city, and also of the camping trip to Grand Lake and of the canoe trip through the central waters of New Brunswick. This report was made extremely interesting by means of lantern slides of the trip.

CLARENCE JAMESON, M.P., CHAIRMAN OF THE CIVIL SERVICE COMMISSION

Ottawa, Oct. 2.—The Evening Journal says: "The Journal understands unofficially that Dr. Adam Shortt is to be appointed chairman of the publications branch of the archives department. His place as chairman of the civil service commission is to be taken by Clarence Jameson, M.P., for Digby. It is understood these appointments will be made immediately."

Late tonight, this was officially confirmed.

"What can you say for this applicant?" "He is honest, he is very strong." "Ah, but the days are very short now."

Tomorrow Morning, Drink a Glassful of "RIGGA" PURGATIVE WATER. And you will feel well and fit all day long. It's an ideal laxative and purgative which acts mildly but surely. WHY SUBMARINE PERIL IS WANING

Accumulation of Safeguards The Answer

Problem Not Simple Difficulty in Getting Properly Equipped Crews May Contribute—Many go Insane as Result of Horror of Work

(Toronto, Mail and Empire) It would appear that the menace of the U-boats is being slowly but surely abated, but we do not hold the view that the result has been attained by any single invention. When the United States entered the war there was a belief on the part of the American public that Mr. Edison would retire to his laboratory for a few hours and presently emerge with an invention that would abolish submarines. The problem was not so simple, and while there are undoubtedly many mechanical devices employed against the submarines rather than by some specific invention that the U-boats are being baffled. Another reason why, despite ideal weather for their operations, they show increasing helplessness is suggested by Judson C. Welliver, London representative of the New York Sun. The greatest difficulty the German naval authorities now have is to provide crews for the undersea boats. Men shun the service because of the tremendously high percentage of the crews that go insane.

Crews Go Mad Mr. Welliver thinks it certain that the Germans are turning out new submarines faster than the Allies can sink them, and the new submarines are bigger, faster and in every way more destructive than their predecessors. Nevertheless, there are fewer of them out in the fighting areas than there were three months ago. The explanation is the difficulty of getting crews.

The Campaign Has Failed. It is also probable that the submarine campaign is hampered now by the difficulty of securing certain materials which are vital to the submarine. Capacity to turn out new submarines, although the German Admiralty is concentrating upon them to the disregard of the fleet in the Kiel Canal, is not unlimited. Nevertheless, the submarine continue to sink merchant vessels faster than new ones are turned out, although at the present rate it would be able to justify the Kaiser's boast about starving England. While there seems to be no prospect that the strain on submarine crews will decrease, that relaxation of strain from the moment the cruise begins. Mr. Welliver continues: "A considerable number of submarine crews have been captured and sent to prison camps in England. I am not permitted to tell the proportion of these men who have presently gone stark mad; but it is such as to testify eloquently to the horrors of their work."

The "Mystery" Ships. "Lately an element has been added to the battle between the ship and the

submarine that increases the nervous strain on the U-boat crews. This element is the "mystery" ship. No one has been permitted to give more than a very general description of these ships, but it is known that they have been turned out in great numbers. They look like merchantmen, and the captain of a submarine when he peers through his periscope cannot be sure whether the vessel is a merchantman or a U-boat. The men become unmanageable under which the U-boat commanders in port it requires endless attention, and the officers have to be taken out of the service after a strictly limited period. This means that new crews constantly new commanders being trained. Another difficulty is that the submarine, whose mechanism is most delicate, needs frequent repairs. In port it requires endless attention, and the order it gets the more repairs it requires, and this means a shorter cruising radius, and a growing apprehension on the part of the crew that it will not survive to make a home port, and consequently an increasing hesitation and timidity on the part of the commander.

New Crews Constantly Demanded. A high naval officer spoke the other day of the strain upon the commanders of the "mystery" ships. "I think," he said, "that there are still two or three of them in continuous service after five months of it, the rest of them break down and have to take long leaves." Much more trying must be the strain under which the U-boat commanders labor. The men become unmanageable and the officers have to be taken out of the service after a strictly limited period. This means that new crews constantly new commanders being trained. Another difficulty is that the submarine, whose mechanism is most delicate, needs frequent repairs. In port it requires endless attention, and the order it gets the more repairs it requires, and this means a shorter cruising radius, and a growing apprehension on the part of the crew that it will not survive to make a home port, and consequently an increasing hesitation and timidity on the part of the commander.

It is also probable that the submarine campaign is hampered now by the difficulty of securing certain materials which are vital to the submarine. Capacity to turn out new submarines, although the German Admiralty is concentrating upon them to the disregard of the fleet in the Kiel Canal, is not unlimited. Nevertheless, the submarine continue to sink merchant vessels faster than new ones are turned out, although at the present rate it would be able to justify the Kaiser's boast about starving England. While there seems to be no prospect that the strain on submarine crews will decrease, that relaxation of strain from the moment the cruise begins. Mr. Welliver continues: "A considerable number of submarine crews have been captured and sent to prison camps in England. I am not permitted to tell the proportion of these men who have presently gone stark mad; but it is such as to testify eloquently to the horrors of their work."

Lately an element has been added to the battle between the ship and the

submarine that increases the nervous strain on the U-boat crews. This element is the "mystery" ship. No one has been permitted to give more than a very general description of these ships, but it is known that they have been turned out in great numbers. They look like merchantmen, and the captain of a submarine when he peers through his periscope cannot be sure whether the vessel is a merchantman or a U-boat. ### The Man In The Street

October can give June some pointers on the production of summer weather.

It seems to be a neck and neck race between Christmas and the general elections.

If those Chinese soldiers ever reach the western front, may we expect another washout on the Hindenburg line?

The local sportsman who went out after moose and came back with an owl is wondering whether his trophy is worth the \$4 license fee.

Recent seizures add emphasis to the theory that there is many a slip 'twixt the cup and the lip.

Citizens whose stocks of wet goods have been captured at the express offices explain that they did not order the goods. Santa Claus must be starting work early this year.

Talking of Santa Claus, will he be summoned as a witness in the injunction proceedings over the county council's Christmas gifts for the soldiers?

Perhaps H. R. McLellan, the plaintiff, and Warden McLellan, the defendant, might get together and settle the case out of court. They might even call in Commissioner McLellan as referee.

Will the chief inspector contribute a bottle for the launching of the first vessel from the local ways? He has some to spare.

The strenuous efforts of Sir Robert Borden to secure F. B. Carvell as a member of his cabinet is a sincere tribute to his ability. The Tory government would rather have him within the camp than leading the attacking party on the outside.

Germany has refused to announce her war aims; probably ashamed to tell them.

Why criticise the Ottawa government for the advertisement, "Stenographers wanted; knowledge of a stenography not essential?" Members of that government know how easy it is to hold office without the necessary qualifications.

Did you save the ten per cent. on your water taxes?

Allowing a discount on water after prohibition has arrived seems to clash with the ordinary rules relating to supply and demand.

A clerk in an uptown bank tells this one. He had occasion to purchase a pocket mirror when he did so, he was gratified to note that it bore the inscription: "Made in Canada." A few days later the leather casing got wet and the top layer peeled off, revealing another inscription. What the latter stands for he cannot tell; he cannot read German.

**A Working Man**

The arrest of W. D. Hayward, the L. W. leader, recalls his visit to St. John several years ago. He came at the invitation of a small group of citizens who approved of his ideas and who had invited him to address a meeting here.

The committee who were paying the bills met their distinguished visitor at the station and, after greetings, had been exchanged, he asked: "Well, what hotel do I stay at?"

There was a pause, then one of the delegation replied: "We've got a nice boarding house picked out for you."

"Nothing doing," was Big Bill's prompt response. Then he turned to a by-stander, "Sonny, what's the best hotel in this burg?"

The man in the Street cannot tell the answer, or the advertising department would be sending him a bill for boosting the hostelry, but a prominent hotel was named.

Rolling his one good eye over the group, Bill, who has been noted for his strict adherence to the motto, "I Won't Work," remarked gravely: "The best is none too good for the working man; lead me to that hotel!"

**Case for Thanks**

Thanksgiving day approaches and, as the right-minded citizens of this Dominion wind their way to their respective churches to give thanks for the blessings which have been bestowed upon them, there will be at least one great cause for gratitude upon which their minds will dwell. The present parliament will have died a natural death.

Residents of New Brunswick will give thanks also that the Fleming-Murray-Baxter government has been retired to oblivion, and they will have to foot no more bills for little gifts of a hundred thousand dollars every once in a while.

### MORE LOCAL MEN HOME FROM WAR

#### Three St. John Soldiers Among Number

Several in Party of 16 Here Today Have Lost Limbs—Some Others Return After Being Before Medical Board in Halifax

Sixteen battle-scarred heroes, all natives of New Brunswick, arrived in the city this morning en route to their homes from the fields of France and Belgium. Some of them were minus limbs, others were suffering from shell shock, some from the effects of being gassed while some are on sick leave. Included in the party were three St. John men, Corporal G. L. McHarg of 81 Brittain street, William Harry of 107 Water street, and Private Joyce of West St. John.

Corporal McHarg went overseas as an original member of the 29th Battalion and with that unit went through all the heavy engagements. In last May at the battle of Vimy Ridge, he was wounded in the arm with a shell. His arm was broken and his wrist was smashed in four places. He is twenty-one years old and prior to going overseas was employed with the Maritime Dredging Company as a fireman.

**Wm. Harry**

William Harry went overseas with the 16th Field Ambulance. In England he was taken ill and as a result he has been returned home. Prior to going overseas he was a longshoreman.

**Out of Town Men**

John James Haley of Chatham was wounded on the Somme, in the right leg. He went overseas as a member of the 28th battalion. His leg is in a very bad condition and it will be some time before he will have the use of it.

J. MacFarlane of Uplham, a member of the 6th Battery, was among the party. He was wounded in the heavy engagement at Vimy Ridge. Private MacFarlane went overseas as a member of the 140th battalion and soon after his arrival in England he was transferred to the 8th Battery with which unit he crossed to France.

Private Fred Buck of Woodstock went overseas with the 2nd battalion. He was wounded at Vimy Ridge, in the chest, by gunshot. The bullet entered his right lung and it was only through the great care he received in the hospitals that his life was saved. He was in France for two years.

F. W. Campbell of Chatham went overseas with the 8th Battery. At the battle of Vimy Ridge he was shell shocked. His condition is such that he will be unable to return to the front.

H. McLaughlin of St. Stephen went overseas as a member of the 20th battalion from the west. After his arrival in England he was transferred to the 2nd battalion. At the battle of Vimy Ridge he was wounded in the arm.

L. Savage of Newcastle went overseas with the 122nd battalion. After his arrival in England he was transferred to the 42nd battalion. While with that unit in France he was wounded in the leg.

A. L. Hersey of Loggieville went overseas as a member of the R.C.R. On the Somme he was gassed. His condition is such that he cannot return to the front.

Those in the party were: Leslie D. Dewar, Campbellton; John L. Gibson, Moncton; Lewis, Guitor, Jacquet River; William R. Harry, St. John; John J. Haley, Chatham; Harry W. Heans, Sussex; E. M. Anderson, Campbellton; Charles H. Bartlett, St. Stephen; Fred M. Buck, Woodstock; N. S. Crawford, Hamlet; Frank Currie, Newcastle; H. L. Hersey, Loggieville; William Kennedy, Woodstock; Edward Little, Moncton; G. S. McHarg, Uplham Station; L. McKenah, River Phillip; C. J. McLaughlin, St. Stephen; G. S. Robinson, Woodstock, and L. P. Savage, Newcastle.

On the same train with the veterans from the front were the following men who have been to their homes and were sent to Halifax to pass a medical board. After treatment, be given their discharges and be pensioned off. They are: Gunner W. A. Hayden, 7th Siege Battery; Gunner D. L. Irvin, C.F.A.; Gunner J. P. Kein, 68th Battery; Corporal A. B. Keith, C.F.A.; Private R. King, 12th Battalion; Lance Corporal E. Mason, C.F.A.; Sergeant J. W. Nickerson, C.F.A.; Gunner F. P. Sears, 8th Siege Battery; Private E. M. Williams, 64th Battalion; Acting Quartermaster Sergeant F. E. Williams, 115th Battalion.

### LOCAL NEWS

#### POLICE COURT

There was no session of the police court this morning as the court sheet read nil. In the juvenile court yesterday a youth charged with escaping from the Boys' Industrial Home was sent up for trial before Judge Armstrong in the county court in November.

#### TOO GREAT SPEEDING CHARGED

On Monday evening in the Fairville court Robert Carson of St. John was arraigned before Magistrate W. H. Allingham on complaint of Glendon Allan for exceeding the automobile speed laws on Manawagonish road on last Sunday morning. Mr. Carson entered defence. Proceedings were adjourned until next Thursday evening when further witnesses will be called by the prosecution.

#### THE SMALL WAGE-EARNER

Rev. F. P. Dennison, pastor of the Tabernacle Baptist church, Haymarket square, has given the food controller a list of ninety-eight families connected with his congregation whose heads earn less than \$12 a week. On last Sunday night he asked how many men present at the meeting earned less than \$10 a week, and more than sixty hands went up. Mr. Dennison tells of one family of ten, the oldest child under sixteen years, which has to get along with \$10 a week. To such families the approach of winter and the increased cost of food, fuel and clothing present a very serious problem.

#### Missing Crew Safe.

Oakland, Cal., Oct. 3.—Captain Hadson Smith and the crew of the long overdue four-masted schooner R. Slade, are safe at Suva, Fiji Island, according to a cablegram received today by Mrs. Smith.

### IS WOUNDED IN ARM AND SHOULDER

Signaler Thomas E. Mantle, Youthful St. John Soldier

That Signaler Thomas Edward Mantle, son of Mr. and Mrs. John Mantle, 117 King street east, has been wounded in the right arm and shoulder by gunshot and admitted to No. 42 Clearing Casualty Station, was the information that Mr. Mantle received this morning.

Signaler Mantle went overseas as a member of the 140th battalion and after his arrival in England was transferred to a signalling corps. Signaler Mantle is eighteen years of age and prior to going overseas was in the employ of the Standard Publishing Company as elevator man.

#### SERVICE RESUMED

Repairs have been completed to the main line of the street car service at the end of King street and the interrupted service was resumed today. The new work is of a permanent nature and the result of a heavy concrete foundation which has been laid in that section where the heaviest traffic in the city passes. Owing to the amount of concrete work necessary on the turn from King street into Charlotte it will not be possible to have this piece of work completed before Friday.

#### NEED ATTENTION

Complaints of the nightly rowdiness of a group of boys in Murray street come to The Times. Among other things they have broken windows and torn down a fence on the property of a woman whose only son is a soldier overseas fighting the battles of those at home. A visit by the police is suggested.

### Our Leather Chairs will give you Solid Comfort.

Dear Mary:— You ought to have seen how surprised and happy my husband was when he came home last night. Yesterday was his birthday. At breakfast he forgot all about it.

When he came home in the evening I was all toggled out in my loveliest. I met him in the hall, blindfolded him and led him into the living room where I sat him in a big, soft, "cumfy" new easy chair which I'd bought for his birthday present.

Try this on your husband.

Love—HELEN
