TRADE BOARD UPHOLD BY RAIL COMMISSION

ELIMINATION OF ALTERNATIVE ROUTE BARRED

Saint John, Sackville and Halifax Boards Win Case

IS UNANIMOUS

Tariff Supplements Issued by Canadian National Canceled

Special to The Times-Star OTTAWA, Nov. 17.—In a decision handed down here by Hon. H. A. McKeown, chief commissioner of the Board of Railway Commissioners for Canada, and occurred in by the other members of the board, the complaint of the Boards of Trade of Saint John, Halifax and Sackville, the Canadian Lumbermen's Association and others against the proposal of the Canadian National Railways to eliminate alternative routing via Saint John and St. Roseville Junction on west-bound traffic destined to stations on the Canadian Pacific Railway, is upheld. By the finding of the board, tariff supplements issued by the C. N. R. are disallowed so far as they propose to eliminate routing via Saint John and St. Roseville Junction, and the C. N. R. are ordered to observe and perform the directions given on the bills of lading by shippers as to the routing of traffic when such routing is open under the published rates of the tariffs in force.

JUDGMENT GIVEN

In his judgment the chief commissioner says, in part: "The trouble arises from attempt on the part of the Canadian National Railways to eliminate alternative routing of freight from the Maritime Provinces to Central Canada via Saint John and St. Roseville Junction. The Canadian National Railways have recently issued a tariff supplement which has reference to freight originating on the line of the C. N. R. within the three eastern Maritime Provinces. For many years, he pointed out, the tariff of the government railways provided for this alternative routing but in October, 1925, a supplement was issued which had the effect of eliminating the alternative routing. This supplement is common to both the C. N. R. and C. P. R. In November, 1925, the board suspended this supplement, pending a hearing of the case. Later in the same month the C. N. R. issued another supplement, applicable to lumber and other forest products, which had the same effect as regards alternative routings, and this, too, was suspended.

ALLEGED INFRACTIONS

The finding discussed the matter of alleged infractions by the C. N. R. of its suspension orders, which it decided could hardly be attended to on behalf of the railway, the decision goes on to say that "no other conclusion can be drawn, than that in the instances so completely detailed the Canadian National Railways have ignored the suspension orders of the board by not delivering the cars... Tariff C. N. C. No. 1362, and of Supplement No. 48 to C. G. R. Tariff C. N. C. No. 1364, so far as they propose to eliminate routing via Saint John and St. Roseville Junction, are hereby disallowed; and the Canadian National Railways and the Canadian Pacific Railway Company are ordered to observe and perform the directions given on bills of lading by shippers as to the routing of traffic when such routing is open under the published rates of the tariffs in force."

CONCLUSION REACHED

The finding concludes: "The motion to remove suspending orders above referred to is refused; and the provisions of supplement No. 38 to C. G. R. tariff C. N. C. No. 1362, and of Supplement No. 48 to C. G. R. Tariff C. N. C. No. 1364, so far as they propose to eliminate routing via Saint John and St. Roseville Junction, are hereby disallowed; and the Canadian National Railways and the Canadian Pacific Railway Company are ordered to observe and perform the directions given on bills of lading by shippers as to the routing of traffic when such routing is open under the published rates of the tariffs in force."

"DRY" MEET BROKEN BY ONT. CENSORS

Temperance Pictures Seized Because Not Passed—Storm of Protest

Canadian Press

KEMPTVILLE, Ont., Nov. 17.—Stalking into the midst of a temperance rally and illustrated lecture on "Government control in Quebec," being given by Rev. Dr. E. J. Hart, of Montreal, in Leslie Hall last night, Chief of Police Ault seized Dr. Hart's slides and apparatus, claiming that the slides had not been passed by the Ontario Board of Censors. Chief Ault's seizure roused a storm of protest. He explained that he had been forced to take the action on orders from Chief Inspector Buckley of the Board of Censors, J. R. Donaldson, the candidate for the prohibition union, objected strenuously to the action of chief Ault.

Expect Coal Shipments From Sydney To Upper Canada Via Portland

APPLETON IS OPTIMISTIC FOR BUSY PORT SEASON

Incognito of Maharajah Is Revealed

Canadian Press SALT LAKE CITY, Utah, Nov. 17.—Now that his incognito has been penetrated, His Royal Highness the former Maharajah of Indore has admitted he is the Indian ruler who abdicated in favor of his son, Yeshwant, because of the scandal following the flight from his palace of the Nautch dancer, Mumtaz Begum. In a written statement passed to a reporter through his English secretary, the former ruler of the richest province in India said he was proceeding to this port under the name of a merchant in the scandal following the murder of the child Mumtaz bore him. "People in high positions and with heavy responsibilities," he wrote, "cannot commit on such matters one way or another. It is their fate to submit to every kind of criticism and bow to it."

TOO EARLY FOR PREDICTIONS BUT OUTLOOK GOOD

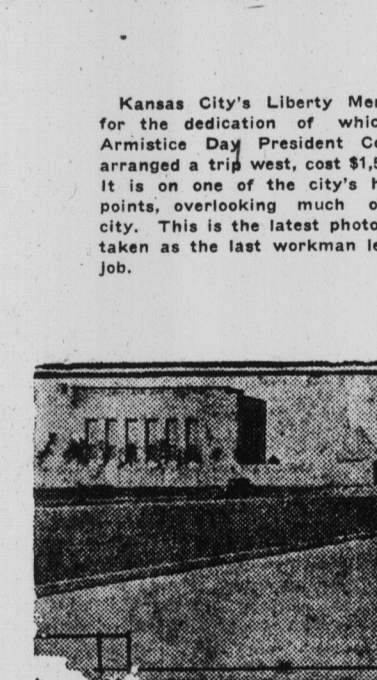

C. N. R. General Manager Returns From Halifax Trip

TWO NEW SHEDS

Indications for Heavier Freight Movement Than in 1925, He Says

Canadian Press MONCTON, N. B., Nov. 17.—"It is a little too early to make many predictions, but the prospects are bright for a busy winter port season at Saint John and Halifax," W. U. Appleton, General Manager of the Atlantic Region, Canadian National Railways, said this morning on his return from the latter city, where he inspected the preparations that have been made to handle the traffic. Mr. Appleton was accompanied by M. F. Tompkins, traffic manager. Two large sheds, each more than 1,000 feet long, have been completed, the upper section to be used for the handling of immigrants, and the lower for freight. This should speed up the transfer from vessels to the railway, he added.

Dedicated on Armistice Day

Kansas City's Liberty Memorial, for the dedication of which on Armistice Day President Coolidge arranged a trip west, cost \$1,500,000. It is on one of the city's highest points, overlooking much of the city. This is the latest photograph, taken as the last workman left the job.

MAINE PORT TO BE USED FOR TRANSFER POINT

Montreal Gazette Says 200,000 Tons to be Sent This Route

SHIP TO BRITAIN

Besco Has Made Large Contracts With English Interests, It Is Said

Canadian Press

MONTEREAL, Nov. 17.—The Montreal Gazette carries the following this morning: "With the closing of navigation on the St. Lawrence, a large proportion of the coal that has been coming up the river will be diverted to the Atlantic route to Great Britain. Large contracts have been made between the British Empire Steel Corporation and English interests, whereby coal to be shipped overseas during winter months. Three steamers, at least, were chartered recently to carry coal from either Sydney or Louisburg to the United Kingdom at 25 shillings a ton for December loading. These steamers are 3,000 tons deadweight capacity. Seven others chartered between 6,000 and 8,000 tons deadweight capacity were also chartered recently to carry coal from the Cape Breton mines to the United Kingdom at 22s. 6d. for January 1-15 loading, or at 21s. 3d. for January 16-31 loading.

EXPECTED TO BAR PRIVY COUNCIL APPEAL IN CRIMINAL MATTERS

British Government to Regularize Present Situation, It Is Reported

AMUSEMENT TAX BOOST IS GAZETTED

Increases Affect Billiard Balls, Bowling Alleys and Shooting Galleries

Special to The Times-Star

FREDERICTON, N. B., Nov. 17.—The Royal Gazette today contains notice of an increased scale of fees for billiard balls, bowling alleys and shooting galleries under the amusement act. In a place with population not more than 3,000, the fee is \$5 per table, alley or gallery. In a place with population exceeding 3,000 but less than 5,000, the fee is \$7.50; for places with population between 5,000 and 10,000, the fee is \$10. For places with population in excess of 10,000 the fee is \$12.50. Places of amusement paying such tax are exempt amusement tax, and clubs, fraternal organizations and benefit societies accommodating only members are not subject to the tax.

COAL PRODUCTION GAINING IN BRITAIN

Jumps Almost 50 Per Cent. in Mining Districts Last Week

Canadian Press

WASHINGTON, Nov. 17.—Department of Commerce reports from London, with relation to the coal situation in Great Britain, show that production there is mounting steadily as increasing numbers of miners returning to work. Detailed figures are not given, but in some of the mining districts last week production was increased nearly fifty per cent. It is expected that this will tend rapidly to curtail United States coal exports.

VESSELS COLLIDE IN ST. LAWRENCE

Hochelaga Beached With French Craft Badly Damaged

Canadian Press

QUEBEC, Nov. 17.—The Dominion Coal Company steamer Hochelaga, plying between Montreal and Sydney, S. N. S., was involved in a collision with the tugboat, the French-owned freighter, Leopold L. D., about 8 o'clock this morning. The Leopold L. D. was badly smashed, and her own hull badly smashed, was standing by. The Canadian Government steamers Druil and Lord Strathcona were rushed to the assistance of the Hochelaga this morning. The crash occurred in heavy weather, the whole Gulf being swept by a gale last night and this morning.

CONFIDENCE VOTED

Amendment to Poincare Budget Defeated, 330 to 135

Canadian Press

PARIS, Nov. 17.—Premier Poincare received another vote of confidence today, when the Chamber of Deputies, at his request, defeated an amendment to his budget, offered by the radicals, 330 to 135. Vigorously combating every attempt to increase the credits in the budget, the premier warned the deputies: "The financial peril is still near and if you do not seek out, the good you have done will speedily be lost."

PIRATES KILLED IN ATTACK ON LINER

Desperate Hand-to-Hand Battle on British Steamer, Sunning

Canadian Press

HONG KONG, Nov. 17.—Twelve pirates were killed, one was drowned and nine captured in a desperate battle on the decks of the British steamer Sunning and a subsequent pursuit of the fleeing buccaners 80 miles off Hong Kong. It was learned here today when the ship, badly gutted by fire and bearing gruesome marks of the encounter, was towed into port under guard. As the captured pirates were rushed to jail, officers of the ship told the story of the fight. When the watch was being changed last Monday afternoon, 40 pirates rushed the rails, overpowered the transfer from vessels to the railway, he added.

BOOTLEGGING CASE CITED BY CANADA

British Government to Regularize Present Situation, It Is Reported

Canadian Press

LONDON, Nov. 17.—It is expected that legislation will be introduced in the British Parliament regularizing the situation with regard to criminal appeals to the Privy Council. Until the ruling by the judicial committee of the Privy Council last March, when the judicial committee upheld the bootlegging case of Nadan vs. Alberta, which dismissing Nadan's appeal, it was always understood that no appeals lay to the Privy Council in criminal proceedings. In the Nadan case, however, leave of appeal was granted under an old English statute.

Mexico Persecution Increases, Says Rome

ROME, Nov. 17.—The Osservatore Romano, organ of the Vatican, yesterday declared that letters have been received from "unquestionable sources" in Mexico showing that the "religious persecution" there has been markedly intensified.

NEWCASTLE POWER MEETING TONIGHT

S. R. Weston, Provincial Engineer to Confer With Town Officials

Canadian Press

NEWCASTLE, Nov. 17.—S. R. Weston, chief engineer of the N. B. Electric Power Commission, who has been in New Brunswick since the beginning of the month, will discuss the question with Mr. Weston at a meeting which is to be held tonight. It is understood that Mr. Weston, on behalf of the hydro commission, will make an offer for running the local power plant and supplying electricity to the town at approximately the same rate for which it is being sold under the present arrangement. However, the town has certain objections to a change.

Capture Leader of House of David

BENTON HARBOR, Mich., Nov. 17.—King Benjamin Purnell, fugitive leader of the House of David, was captured here early yesterday. Purnell was wanted on statutory charges.

Cambridge Debaters Defeat McGill Team

MONTEREAL, Nov. 17.—The Cambridge debating team defeated the McGill University team here last night. The subject of the debate in the form of a resolution was: "That this house deprecates the growing tendency of government to invade the rights of individuals." The McGill team spoke in the affirmative.

NICKLE TO RUN AS PROHIBITIONIST

Former Attorney - General to Stand in Kingston Riding

Canadian Press

KINGSTON, Ont., Nov. 17.—W. F. Nickle, K. C., former Ontario Attorney General, announced today that he would be a candidate in Kingston on the prohibitionist ticket in the forthcoming election. Mr. Nickle resigned from the provincial cabinet upon announcement from Premier G. Howard Ferguson of adoption of government control of liquor sale policy.

KING MUST REST

BUCHAREST, Rumania, Nov. 17.—King Ferdinand has been forbidden by his physicians to receive his ministers or to do any thing work for the present. The physicians, predict satisfactory results from the treatment the King is undergoing for inflammation of the large intestine.

SHOP Talk

Every one likes to look at a pretty girl. Not only the men, but women too. That is why "Boots" has so many girlfriends in town. And of course, she has a y m e n friends too. "Boots" is at home every evening on the Times-Star comic page where "Boots and Her Buddies" is a regular feature. "Boots" is a snappy girl, full of life who is always looking for a good time and usually finds it. You will find her one of the best dressed girls in Saint John. Look for "Boots" tonight and you will always have her on your date book. And don't forget, also, "Boots" delights all her admirers in the full page run every Saturday in The Times-Star. Compare The Evening Times-Star with any paper three times its price.

Aid Given More Willingly If Maritimes Assist Themselves

Canadian Press

TORONTO, Ont., Nov. 17.—The Globe, in an editorial on Maritime Province affairs, comments as follows: "A Canadian Press despatch has called attention to the notable improvement in economic conditions in the Maritimes as compared with a year ago. This section of Canada has lagged behind in the prosperity race, and the change now observed is due, in part, to the improvement in general conditions, and in part is local. The port of Saint John has benefited from increased shipping, recording the best season in years. The Cape Breton miners are working steadily, following the settlement of the coal strike; while a bumper potato crop, in the face of a world reduction in output, is bringing substantial profits to the farmers. Wholesale and distributing centres are progressing as a result of the renewed business impetus. "These points show that, to some extent at least, the Maritimes are the authors of their own fortunes, although the inquiry held by the Maritime Rights Commission indicated that the country as a whole owes them something. It is not expected that the findings of this commission will be made public until the parliament meets. In the meantime the people have weighed the evidence themselves and are looking forward to concessions which will improve conditions still more, and possibly bring about a permanent progressive movement. They are anticipating recommendations calling for the nationalizing of the ports of Halifax and Saint John, increase in provincial subsidies, reduction in freight rates to Ontario, restoration of steel bounties, assistance for the fisheries industry through tariff negotiations, Federal assistance for coking plants and the taking over of the Valley Railway of New Brunswick by the Canadian National."

SEARCH FOR BODY

PICTOU, N. S., Nov. 17.—A party of Pictou fishermen are searching the harbor today for the body of Henry Doucette, a native of Hunter River, P. E. I., who it is thought was drowned last night after having been thrown from a dory while trying to weather a southwest storm.

SOUTHERN MARKET

"Had it not been for the heavy demand for Besco coal created during the summer by firms in this part of Canada, the South American market would have been entered by this company, and shipments forwarded in the same way as shipments were made from the West Virginia and Pennsylvania coal fields."

The Weather

SYNOPSIS.—The disturbance which was near the Middle Atlantic coast yesterday moved quickly northward and has disappeared. Another disturbance now in the lower Mississippi Valley is likely to move to the Great Lakes. The western cold wave has spread eastward to the Upper Lakes. FORECASTS: Fate and Mild. MARITIME.—Fresh to strong southwest winds; fair and mild today and Thursday. NEW ENGLAND.—Increasing cloudiness tonight followed by rain Thursday; moderate change in temperature; not much to fresh southwest and south winds, increasing Thursday. TEMPERATURES: TORONTO, Nov. 17.—Lowest Highest during s.a.m. Yesterday night Victoria ... 40 50 40 Calgary ... 24 42 36 Edmonton ... 28 38 24 Winnipeg ... 28 — — Toronto ... 40 47 38 Montreal ... 42 66 42 Saint John ... 50 55 40 Halifax ... 50 62 40 New York ... 44 62 40

Sensation In N. S. W. by Govt. Levy on All Publications

SYDNEY, Australia, Nov. 17.—Premier Lang has caused a sensation by announcing during his budget speech, that the Government intended to impose a one cent tax on all publications, including daily newspapers, thereby hoping to raise two million dollars revenue.

SHIPPING

Premier Lang who is also State Treasurer, announced a deficit of more than six million dollars, for the financial year which ended June 30 last, mainly caused by losses on Government railroads. The tax has already caused a great deal of indignation, Premier Lang made 100 years when New South Wales was Crown Colony.

MEN TRAPPED AS CREEK BROKE THROUGH BANKS

Heavy Rains Held Cause of Disaster at Hazelton, Pa.

FLOW STOPPED

Several Days Likely Before Workers Can Be Reached, Officials Say

HAZLETON, Pa., Nov. 17.—The fate of six miners entombed behind a tremendous wall of water 1,200 feet underground in the Tomichiken Colliery of the Lehigh Valley Coal Company near here, remained a mystery today. The men were trapped yesterday afternoon when a nearby creek broke through its banks as a result of heavy rains, and flooded the mine. More than 100 other miners in the shaft heard the roar of the waters and scrambled to the surface in time to escape imprisonment.

PUMP OUT WATER

The chief thing will be to pump the water out of the mine, and every pump that can be worked, will be put to use. Relatives and friends of the entombed miners were informed that everything possible was being done to reach them, but that it would be several days perhaps before the men could be reached.

ADDRESSES C. W. L.

Frederick O. Conlon Gives Talk on Insurance

At the monthly meeting of the Saint John Sub-Division of the Catholic Women's League last night, Mrs. K. J. Taylor, in the chair, presided, Rev. Roy M. McDonald S. T. D., spoke on the work of the league and the special speaker of the evening was Fred O. Conlon, C. W. L. New Brunswick manager of the Mutual Life Insurance Co., of New York, who spoke on the benefits of insurance.

Vancouver's Future Bright, Says Thornton

WINNIPEG, Man., Nov. 17.—"Good healthy growth" was the description applied to development in Western Canada by Sir Henry Thornton, president of the Canadian Manufacturers' Association, who returned here yesterday after his annual inspection tour of Western lines.

Peppery Scandal Is Popular Bit of Japanese Paper Fare

TOKYO, Nov. 17.—Peppery scandal, with all the details set forth, is a choice bit of newspaper fare in Japan. Libel laws are unenforced, and while there are regulations to protect the editorially injured citizen, these are rarely invoked owing to fear of retaliation.

TYPE SETTING BY HAND.

Until recently very little foreign news, except of China, was published by the vernacular press, the reason being that the readers did not care for it. An effort is being made to educate the readers in the value of foreign dispatches, but publishers declare it is a difficult task. All type-setting must be done by hand, about 4,000 different characters being necessary for the printing of a single edition.

The undermentioned Gentleman Cadet, Royal Military College, is granted temporary rank as 2nd lieutenant in the C. M., in accordance with the dates stated, whilst undergoing training with the N. P. A. M.—Gentlemen Cadets J. C. Armstrong, J. P. Parker, G. F. Rainie, from the 28th June, 1926, to the 3rd July, 1926. (8th Hussars, Sussex Camp, N. B.)

Reserve of Officers.—Colonel M. Mac-

ONTARIO FOX MEN AWARDED 13 PRIZES

TORONTO, Nov. 16.—For the first time since silver foxes have been exhibited at the Royal Winter Fair here, Ontario breeders have seriously challenged the supremacy of the Prince Edward Island fox farmers. Of 13 prizes awarded to Ontario breeders, nine were won by the Ruthven-Brett farm at Alliston, Ont., two of the nine being first prizes. The Raynor International Fur Company, of Summerside, P. E. I., also had two firsts among other awards. The success of the Ontario fur farmers has created a sensation in the province, as the eastern province had always previously cleaned up all classes of the fox competition.

TIGHTWAD (after dining): Here's a brand-new dime for yourself, my dear.

Waitress (sweetly ironical): Oodles of thanks, kind sir! But you don't look a bit like your pictures, Mr. Rockefeller.

REDUCTION IN RATES VISIONED IN WOODSTOCK

Hearing Given By The Board of Public Utilities Yesterday

WOODSTOCK, Nov. 16.—That householders would receive the benefit of a reduction approximating 20 per cent. in their light bills, as a result of new domestic lighting rates filed by the Woodstock Electric Railway Light and Power Company at the hearing yesterday before the New Brunswick Utilities Commission, was the opinion of M. J. Rutledge, local town councillor, when interviewed following the completion of the hearing.

The hearing, arising from an appeal made by the Woodstock Town Council against alleged excessive electric light and power rates being charged by the Woodstock Electric Railway Light and Power Company, was held in the county court house before a fairly representative gathering of citizens. Besides J. M. Trueman, chairman of the Commission, there were present commissioners Burpee and LeBlanc, and S. H. Midram, technical advisor to the Commission. Earl Logan, secretary, was not present.

The hearing commenced at 10 o'clock this forenoon and the town of Woodstock was represented by J. C. Hartley and M. J. Rutledge, while the case of the Woodstock Electric Railway, Light and Power Company was presented by Wm. E. Vogelback, consulting engineer of the Maine and New Brunswick Power Company, and the Gould Power Company of Presque Isle, and J. D. P. Lewin, of Saint John, attorney for the local company. Frank J. McArthur, chief of the rates and schedule department of the State of Maine, was also present as an observer.

PARTY REPRESENTATIVES

The hearing commenced at 10 o'clock this forenoon and the town of Woodstock was represented by J. C. Hartley and M. J. Rutledge, while the case of the Woodstock Electric Railway, Light and Power Company was presented by Wm. E. Vogelback, consulting engineer of the Maine and New Brunswick Power Company, and the Gould Power Company of Presque Isle, and J. D. P. Lewin, of Saint John, attorney for the local company. Frank J. McArthur, chief of the rates and schedule department of the State of Maine, was also present as an observer.

The undermentioned C. O. T. C. Officers from the 4th, June, 1926, to the 31st August, 1926, whilst undergoing 2nd year Air Force Training at Camp Borden, Ont.: Thomas Leonard Hall, Orlo Edwin Keene, Olive Leonard Treacatan.

The undermentioned Gentleman Cadet, Royal Military College is appointed pro. Pilot Officer from the 28th June, 1926, to the 31st August, 1926, whilst undergoing 3rd year Air Force Training at Camp Borden, Ont.: Edwin Archibald McDowen.

WARRANT RANK

The Hon. the Minister of National Defence has been pleased to approve the following Promotion: The Royal Canadian Ordnance Corps.—To be Conductor: Acting Conductor W. O. Sullis, with effect from the 7th September, 1925.

SCHEDULE FILED

Two new alternative rate schedules were also filed, one pertaining to residential lighting and the other to town lighting. The new lighting rates are \$1.50 per month for 200 watts of lighting, or \$1.25 per month for 150 watts of lighting, as compared with the present rate of \$1.25. In a street lighting schedule the power company assumes the responsibility for all renewals of fixtures and lamps.

The hearing adjourned at 1.00 p. m. and resumed at 2.15 p. m., when Mr. Vogelback continued his discourse, prompted by questions from J. McArthur, and S. H. Midram.

RATES OTHERWISE

J. C. Hartley asked a series of questions bringing out the preferred rate enjoyed by Hamilton, Me., of 3 cents for light and 1.2 cents for power, or an average of 2.08 cents for the whole. Mr. Hartley deemed the new minimum rate of \$1.50 for domestic lighting was too high, and declared that no other town served by the same system was today paying more than \$1.00, while Hamilton, Me., received the same service at a minimum of 50 cents.

The town solicitor contended that the power rate of 2.75 cents was excessive and intimated that if this rate could not be reduced Woodstock would probably be forced to resort to an oil burning engine unit to generate power for its street lighting and pumping services.

SAYS STOCK WATERED

Charges that the capitalization of the Maine and New Brunswick Power Company and the Gould Electric Company was watered to the extent of some \$400,000 upon which the dividends had been regularly paid since their formation, were also made by J. C. Hartley. Mr. Hartley in closing expressed the hope that the matter of Woodstock rates which had already been presented several times to the utilities board would be fully considered and lower rates granted the town.

Mr. Lewin, before adjournment at 3.45 p. m., assured the town representatives that any information and explanation relative to rates and the operations of his clients would at all times be gladly rendered. The commissioners, following the completion of the hearing, left on the afternoon train for their respective homes.

DAMAGE CAUSED IN BLAZE AT ST. JOHN'S

ST. JOHN'S, Nfld., Nov. 16.—The rooms of the Church of England Institute, the offices of Peters and Company and of the wholesale firm of Shattery and Company were badly damaged by fire this afternoon. The buildings, located in a congested district, were threatened with total destruction owing to a high wind prevailing at the time of the outbreak, but the flames were kept within control.

FARMER PAYS \$1,000 IN POOL VIOLATION

CALGARY, Alta., Nov. 16.—Breaking his contract with the Alberta wheat pool by selling his grain outside the pool, cost Halvig Holmberg, a farmer at Battle Bend, near Hardisty, \$1,000 and costs, in addition to the fees of his own lawyers.

The Perfect 32

In measuring feminine loveliness, the perfect 32 has supplanted the perfect 36. It is the more desirable standard, since it represents a perfect set of teeth—thirty-two gleaming white beauty spots in a setting of coral gums.

To be the proud possessor of the perfect 32, use Colgate's Ribbon Dental Cream after every meal. Colgate's does all that a toothpaste dentifrice should do—it cleans your teeth thoroughly—it polishes them—and it protects against tooth decay.

CONFEDERATION LIFE ASSOCIATION

"When Winter Comes,"

In winter, Lifebuoy, the all-year-round soap for hands and face, bath and shampoo, is especially good because:

- It does not remove those natural oils which are necessary to skin health.
- Its mild, creamy, antiseptic lather goes deep into the pores, cleansing and purifying.
- It rids the hands and face of cold germs which, getting into the nose and mouth, would cause colds—real protection against winter's worst ills.

Lifebuoy, the ultra-refined, world's most widely used soap, is an inexpensive protective necessity.

Lifebuoy's cleanly health odour quickly vanishes—the protection remains.

News and Views From The British Capital

LONDON, November 17, 1926.—King George's life lease of White Lodge to Lord Lee of Farnham, the donor of Chequer to the nation, knocks one plump rumor on the head: So closely do rich Americans with our Court news that the moment it was known that the Duke and Duchess were taking a house in Piccadilly, rumors were spread that a famous Yankee millionaire might become the tenant.

Street Revue Now
London street entertainments grow ever more varied. But not till today have I seen a complete ballet in the street. It happened down one of the side streets off Shaftesbury Avenue in the midst of a great crowd with a street piano, round which four stiers in brightly-colored frocks pirouetted, did cartwheels and high kicks, and danced a term "the splits"—a most elaborate and acrobatic performance.

Mr. Ponsoby as Author
As soon as he was free from Ministerial responsibilities, Mr. Arthur Ponsoby, foreign undersecretary in the last Government set himself to the preparation of a new and enlarged edition of his charming book on "English Diaries." Unlike his predecessor he has included Scotland and Ireland.

Bernard Shaw
(Ottawa Journal)
CRITICS are quarrelling over Bernard Shaw's right to the Nobel Prize for literature. That is Shaw would have it. "Let them damn me as much as they want to," said Roosevelt, "so long as they don't ignore me."

Queer Quirks of Nature
By AUSTIN H. CLARK.
BACK in 1899 many people were bitten on the face and especially about the lips by a rather large dark-colored insect that became generally known as the kissing-bug.

Tribute To Advertisers
(Niagara Falls Review)
PRESIDENT COOLIDGE does not speak very much, in fact, he is known as "Silent Cal." Occasionally, however, he breaks silence, and one address to the Association of Advertising Agencies of America. On that occasion the President said: "Advertising creates and changes the foundation of all popular action, public sentiment or public opinion."

Politics Kept Boiling
(Winnipeg Tribune)
THE political melting pot is not done bubbling from the foothills to the Ottawa river, with a Maritime rights simmer in the east, beyond solid Quebec, with something more than the chill off in British Columbia.

UPON his return to New Orleans La., shortly after his famous victory over John L. Sullivan, James J. Corbett achieved somewhat of a reputation for liberality in tipping waiters in the hotel where he was stopping.

Poems I Love
By CHAS. HANSON TOWNE.
"Wynten, Blynken and Nod," by Eugene Field.

Wynken, Blynken and Nod, by Eugene Field.
THIS old Dutch lullaby which goes on being sung to children until the end of time, I imagine, is full of delicate fancy, and the three names have magic in them. Repeated often enough they would send any youngster off into pleasant sleep.

Wynken, Blynken and Nod one night Sailed off in a golden shoe— Sailed on a river of crystal light, Into a sea of dew.
"Where are you going, and what do you wish?"
"The moon asked the three."
"We have come to fish for the herring fish."
"That lives in this beautiful sea."
"Nets of silver and gold have we!"
Said Wynten,
Blynken,
And Nod.

Wynken and Blynken were two little eyes,
And Nod is a little head,
And the wooden shoe that sailed the skies
Is a woman's trundle-bed.
So shut your eyes while mother sings
Of wonderful sights to be,
And you shall see the beautiful things
As you rock in the misty sea,
Where the old shoe rocked the fishermen three:
Wynken,
Blynken,
And Nod.

These are: At the top of their source the stupendous moral and political evils that are the natural and necessary results of the Eighteenth Amendment and the Volstead act, the formulation and sound economic foundations of a constructive policy for agricultural development and relief and curbing the growing Federal bureaucracy, while greatly increasing the efficiency of those services which the Federal Government does, and should, render.

POWER BODY TO PAY ACCOUNT OF N. B. BOARD

Account of 29,418 Charged To City Will Be Settled

At a special meeting of the Civic Power Commission, held yesterday afternoon, it was decided to pay the adjustment account of the New Brunswick Electric Power Commission, amounting to \$29,418 and interest since the bill was rendered.

Mayor White reported that he consulted with the city solicitor and had been informed that under the contract the city had no claim for credit of the amount of current sold to the New Brunswick Power Co. and passing through the city sub-station. Barry Wilson, engineer submitted an opinion from C. F. Sanford which endorsed the view held by the city solicitor that under the contract there was no claim.

His Worship said that under these circumstances he felt there was nothing to do but pay the bill and he moved the account be paid. This was seconded by Commissioner Harding and carried.

ADVISES NO CHANGE.

The Mayor said there had been a suggestion some change should be sought in the contract to provide that the city get credit for all current passing through the city sub-station, no matter to whom it was sold but he did not think it would be wise to make a change in the contract at present.

Commissioner Harding asked what about the extension to East Saint John and the engineer said he did not think the work could be done since the engineer appeared before the council and explain his stand in the matter in the hope that they would approve his first estimate and the work might be gone straight with.

SEPTEMBER REPORT.

The report for September was placed before the Commission by the account secretary, R. S. Wicket. This showed a net deficit for the month of \$816.78, as compared with \$1,172.21 in September, 1925, an improvement for the month of \$862.43. The deficit for the fiscal year to date is \$6,712.88 and last year for the same period it was \$10,141.76, an improvement this year of \$3,428.88.

BOYS SENTENCED ON THEFT CHARGES

Two Lads of 15 Years Given Three Months in Restigouche Court

D'ALHOUSIE, Nov. 16.—Previous to the opening of the Restigouche County court Judge McLachly presiding, two boys aged 15, Daniel Doyne, of Oliver Crossing and Frank Gardner of Chatham, were sentenced, under the Speedy Trials Act, to serve three months in the county jail on a charge of breaking, entering and stealing two revolvers, one hunting knife and a badge from the home of Benjamin D. Hamilton at River Charlo.

At the regular court only one criminal case the King vs. J. Kelly, Saint John, charged with receiving stolen articles is to be tried. Kelly was found by the grand jury and a verdict of guilty rendered by the petit jury. Kelly was sentenced to 90 days in county jail. He is eighteen years of age.

There is only one civil case on the docket.

RAINBOW BAZAAR HELD LAST EVENING

Mayor White Officiated at Event For N. B. Protestant Orphanage

The Rainbow Bazaar, in aid of the New Brunswick Protestant Orphanage, which is to have a three night run and will be open this afternoon also, was formally opened in the Temple Hall, Main street, last evening by His Worship Mayor White, who gave a brief address. The bazaar has a great many special attractions and is most picturesque in its decoration scheme. It enjoyed a large patronage last evening.

J. W. Brittain, first vice-president of the directors of the orphanage, was chairman for the opening formalities. Mrs. H. Usher Miller is general convenor and is assisted by a large number of most efficient workers. During the evening piano selections were very pleasingly rendered by Miss B. E. Farmer, Mrs. Steadman Richards and Mrs. H. Usher Miller. Splendid assistance was given by the Boy Scouts, Lloyd Bartlett, Otis Davidson, Horace Mayes, Lewis Scott and Ernest Whitehouse.

Among those who assisted in selling the "Golden" books were the Misses Isabel Gaskin, Winnie Waters, Merton Munro and Charles Miller. Prizes last night were won as follows: Nine pins, J. W. Brittain; bagatelle, Harold Young, Seely street.

WEATHER RECORD.

MONCTON, Nov. 17.—Near-summer weather with a maximum temperature of 66 prevailed in this city yesterday and continued today. The mark touched by the mercury makes a new record for November so far as the city records, which extend back 28 years, are concerned.

ORDERED TO SEA.

Charged with deserting from the tender Harry A. McMillan, Jos. Barnes and Frank McKay, seamen, were in the Police Court this morning. They were ordered to go to sea today with Capt. S. Z. Rafuse, who had made the charge against them.

Repairs To The Gov. Carleton

FOLLOWING is the list of repairs presented to the Common Council yesterday ordered made on the ferry Governor Carleton by E. Dalton and W. G. Bennett, Federal steamboat inspectors.

1. Bow where damaged by colliding with lower end of eastern approach to be repaired and put in condition as original.
2. Cut out and renew two planks 12 feet 0 inches long starboard side forward. Cut out and renew three planks 20 feet long starboard side amidships. Cut out and renew two planks 30 feet long starboard side aft, and one plank 11 feet long. All of B. C. H.
3. 75 butts of planking starboard side to be refastened. (Two preventer bolts and two galvanised ship spikes in each butt).
4. Cut out and renew one plank 32 feet long two planks 15 feet long, port side aft. One graving piece 5 feet long in keel, port side aft. One graving piece in keel 8 feet long, port side forward.
5. 75 butts of planking, port side, to be refastened. (Two preventer bolts and two galvanised ship spikes in each butt).
6. Internal—5 frames each side to be renewed in way of bolters.
7. Hull to be caulked all fore and aft to height of gunwale.
8. Two outside wood stiffeners under engine bed to be removed for caulking and inspection of engine holding down bolts.
9. Present wood skegs to be removed and new steel skegs fitted to inspector's requirements.
10. Steel rudders to be repaired as necessary.
11. Eastern end tail shaft to be withdrawn for examination.
12. Hull to be cleaned and painted to height of gunwale. Good copper paint on bottom and oil paint above water line.
13. Supply ship with electric light and water while on slipway.
14. Supply and fit two new iron ports with necessary clamping for closing on side of vessel in way of ash shaft.
15. Fit wood floors in way of end forward framing. (Both ends of vessel.)
16. Fit transom floors at both ends of vessel.

LOCAL PLAYERS SCORE HIT AT QUEEN SQUARE

Manchester Unity Performers Present "Prince of Liars" in Good Style

A distinct hit was scored last evening by the I. O. O. F. Manchester Unity players before a capacity house in the Queen Square Theatre, in the production of Sydney Grundy's three-act comedy play "The Prince of Liars." Due to the success of the play it will be repeated in the near future for the pleasure of those unable to gain admission last evening. The standing room only sign was hung out long before the curtain was raised for the first act. During the evening songs and dances were given by assisting artists, between the acts of the play.

Mrs. H. G. Havelock gave a pleasing vocal selection, "Carmen" and "Barcelona." Dance numbers were supplied by Joseph Dwyer, Joseph Harty, Miss Mary Bryson and John Vaughan. A pleasing piano duet was rendered by Thelma and Frederick Parlee. Several bagpipe selections were also given during the evening.

All of those taking part acquitted themselves in professional manner and added much to the reputation of Saint John amateur theatricals. The work of Bobby Jones, who played the leading role, "Arthur Hummingtop the Prince of Liars," was exceptionally good and won much applause. Miss Daisy Grant as Rosa Columba also scored a hit. Her impersonation of the vamp, responsible for most of the trouble in the play, was of a high standard. During the performance flowers and chocolates were presented over the footlights to members of the company.

The action of the play took place in the city of London, England, and portrayed the trials of a newly married couple. The cast was as follows: Dobson, "Art" Alchem, Barbara, Evelyn White; Mrs. Gillibrand, Irene Ke. Arthur Hummingtop, "Bobby" Jones; Ralph Oymmer, "Billie" Steen; "Lulu" Gillibrand, "Billie" Steen; Rosa Columba, Daisy Grant; Daisy and her maid, Mrs. Hammingtop, Minnie Lampert.

Gyro Club Is Told About Hotel Chain

At the Gyro Club luncheon yesterday the chairman was Lorne Whittaker and the speaker, Bert Riches, who spoke on hotels, particularly about the chain, of which the Admiral Beatty forms a part. A report was made by Jim Hart regarding the organisation of a club at Fredericton. Also a report by Jim Robertson, of the entertainment committee, on the Dumbells production next Monday night. The block of 222 seats which the club are taking have all been sold. It was said following the show the party will return to the hotel for dancing.

25 RIOTERS KILLED.

BATAVIA, Java, Dutch East Indies, Nov. 17.—Communist activities, which last week culminated in revolutionary outbreaks, extended to every part of Java. Twenty-five rioters are reported to have been killed when 500 of them attacked last night the garrison at Laboon, but were repulsed. Twenty-nine prisoners were brought to Menes.

GOING TO ENGLAND.

Hugh Mackay, of the firm of W. Malcolm Mackay, Ltd., will leave this afternoon for Montreal, from which port he will sail for England on a business trip of a month's duration.

NEW HOSPITAL FOR MONCTON

Construction to Begin In New Year. To Cost \$200,000

MONCTON, Nov. 16.—The Sisters of Providence here have received from the Mother General at the headquarters of the Order in Montreal, advice to the effect that the necessary financial arrangements have been made for the building of a new hospital in this city. Work on the new building, which will cost, it is estimated, in the vicinity of at least \$200,000, will begin as near the first of March as the weather may permit.

Recently the purchase of a large property on Robinson and Victoria streets here, by the Sisters of the Sacred Heart was announced. It is the intention of this Order also to erect a large convent on the property and it is expected

TO CHANGE STATUS

Australia's U. S. Delegate to be Made Minister

TORONTO, Nov. 17.—A special Washington dispatch in the Toronto Globe this morning says: "The status of Sir Hugh Denison, Australia's high commissioner to the United States, is to be changed to that of minister within three months time, according to information gained tonight in an authoritative quarter."

"Premier Bruce of Australia may possibly proceed home from the British Imperial Conference in London via the United States, and it is probable the contemplated change in Australia's representation in this country may be made at that time."

NOTED SCHOLAR PASSES.

SHEDFIELD, Hampshire, Eng., Nov. 17.—Professor John Swinerton Phillimore, one of the world's foremost scholars of Greek and Latin, died yesterday aged 83. He published several books on Greek and Latin subjects.

The Children Will Catch Cold

Mothers should never neglect the first sign of a cold or cough where their children are concerned, for if they do some serious lung trouble is liable to follow.

Mrs. R. T. Hubby, 1022 Barrington St., Halifax, N.S., writes:—"The children are continually getting colds, but I have no trouble with them, for just as soon as they begin to cough I give them a dose of

Dr. Wood's Norway Pine Syrup

which breaks up the cold within a day or so. I got great results out of it and would not be without it for anything. I can highly recommend it to any one. Price 35c a bottle; large family size 90c; put up only by The T. Milburn Co., Limited, Toronto, Ont.

I. O. O. F. MEETING SACKVILLE TODAY

Lawrence Burpee to Lecture on Canadian History This Evening

SACKVILLE, Nov. 17.—About 25 delegates were present at the semi-annual meeting of the New Brunswick Provincial Chapter, I. O. O. F., which convened here this morning. A reception was held last evening at the home of Mrs. B. B. Black, when Dr. G. J. Trueman, president of Mount Allison University, delivered a lecture on "The History of the Community." The sessions today are being held in the Parish Hall. This evening the delegates will be given an opportunity of hearing Lawrence Burpee, of the International Joint Commission, Ottawa, deliver the Dr. Clarence Webster lecture on "Canadian History" in the Parish Hall, Mt. Allison University, and later in the evening a musical will be held at the home of Mrs. H. M. Wood.

The following delegates are here: Mrs. H. F. MacLeod, president, Mrs. Havelock Coy, secretary, Mrs. Allison Mackay, treasurer, Fredericton; Mrs. K. I. Campbell, educational secretary, Mrs. G. Heber Vroom, Mrs. C. B. Allen, Mrs. W. L. Gregg, Mrs. Arthur Buck, Mrs. R. A. Corbett, Mrs. C. E. Cowan, Mrs. J. W. Hart, Mrs. P. N. Robertson, Mrs. D. V. White, Mrs. J. R. Thomson, standard bearer; Miss F. R. Alward, Mrs. Wm. Taylor, Mrs. W. H. Anderson, Mrs. J. H. McIver, Mrs. J. P. D. Tilly, Mrs. Hugh Cannel, Saint John; Mrs. Vanwart and daughter, Mrs. H. V. Bridges, Fredericton; Mrs. Sinclair, Newcastle.

Mrs. J. O. Calkin, Sackville, extended a warm welcome to the delegates, her address being responded to by Mrs. H. F. MacLeod, of Fredericton. Minutes were read by Mrs. Havelock Coy, Fredericton, and Mrs. E. Allison Mackay, Fredericton, presented the treasurer's report, which was satisfactory. An interesting letter from the provincial representative for work in India, prepared by Mrs. John Black, was in her absence, read by Mrs. Vanwart, Fredericton.

Mrs. B. J. Delahunt left today for Montreal after spending a month with her daughter, Mrs. E. R. Wasson, 14 Victoria street.

World News In Short Metre

WASHINGTON—Forty-five bodies brought back from overseas during the year ending June 30, 1926, according to Quartermaster General Keithham. This makes a grand total of 46,944 bodies.

NEW YORK—The lives of 300 merry-makers were endangered when fire swept a dancing dance, trapping many and forcing police and firemen to carry away 75 downed. About 100,000 property damage done and \$100,000 worth of furniture was destroyed. Residents of nearby hotels and apartment houses were also forced to flee.

DUBLIN—The Dail now has only one woman member, a sister of the late General Michael Collins. At the next election it has been decided to try and increase the representation of women, and a notable new candidate will be Mrs. Noel Guinness, a member of the family of which the Earl of Iveagh is the head. She has had much experience in the work of local bodies and will stand as an independent candidate interested in social reforms.

TRENT, Italy—Twelve peasants ranging from 15 to 20 years of age including three women, were killed and two were seriously wounded yesterday by the explosion of a shell left over from the World War. One of the peasants accidentally struck the shell with a spade.

LaBarba-Clarke Bout Approved

NEW YORK, Nov. 17.—The world heavyweight championship bout between Fidel LaBarba, present champion, and Elkin Clarke, of England, to be staged here early in the year, has been approved by the New York State Athletic Commission.

DEFERRED FOR DAY.

Owing to the death of Charles O'Dell, of Lorneville, a concert which was to have been given by the Y. P. S. of Lorneville United church in Coronation Hall tonight, has been postponed till tomorrow evening.

The Kitty-Katy Letters

Confidential Communications Between Two Charming Girl Friends—One Married

DEAR KITTY:

You pretend to be so very worldly wise, dear, that sometimes I cannot help laughing.

You said that crop-shooting was a card-game. The very idea! I asked Jack and he said it was played with dice and was a very wicked gambling game and that your Tom was a "shark" at it. So there.

I went shopping again yesterday—this time for the more prosaic things such as a refrigerator, a gas stove for the kitchen and a kitchen cabinet. I also bought the furniture for the maid's room. Jack told me to get the finest photograph possible and said, "Run up to Boston. But I told him what I have so often told you, that there is no advantage whatever in going out of town to buy things as our local stores carry the finest goods in stock and I prefer to buy at home.

By the way, Jack MAY have needed a shave when you saw him, but he was not a bit rough last evening.

Yours,
KITTY.

NOTE.—What did we tell you Kitty? Your Tom plays a wicked gambling game with dice, and is a shark at it, too! Kitty is getting her slams home now. What will Kitty say tomorrow? Don't miss her letter!

Stores open 8.30 a. m. Close 6 p. m. Saturday 10 p. m.

Coat Sale Thursday

40 High Grade Coats in this lot, made from good quality Needlepoint, Velveteen and Vel-Point, Sable, Lynx, Squirrel or Mole collar and cuffs, silk crepe linings and well interlined. Dorothy Dix

Should a Business Woman of 32 Change Her Present Uncongenial Work, Even at Great Sacrifice?—Retort to the Woman Who Thinks No Mere Husband is Worth Holding—Mrs. Twenty Who Married Mr. Fifty.

DEAR MISS DIX—I am a woman 32 years old, self-supporting and earning a good salary, but I am not satisfied with my present work. In fact I am very discontented, but have another occupation in view which I would find very congenial. It would, however, require me to give up this profession, and as I belong to a poor family it would take a good deal of effort to do it.

At my age would you advise me to make this effort or to continue to do the work that I find uncongenial and irksome? KATE.

ANSWER: I would urge you to make every effort, to make any present sacrifice, however great, to get into the work for which you are privileged to follow some one who has a better interest for you than yours. It would give you a new life and a new interest, and in doing which you will find peace and happiness and success.

Long ago Stevenson said: "If a man loves the labor of any trade, apart from any question of success or fame in it, the gods have called him." And it is true. None are more blessed than those who are privileged to follow some one whose interest for them never fails, whose thrills never cease and the mere doing of which is a daily and hourly joy.

What we call work is only labor when we are doing something that is distasteful to us. It is play if it is something that we enjoy doing more than anything else.

No other laborers work such long hours or give to their work every ounce of energy that is in them as do the writers, the artists, the musicians, the actors, the nurses, the surgeons; but you rarely hear one complain of how hard his job is or see one begrudge the labor he puts into it.

And the reason is that most of those who enter the professional class have chosen their occupation because it was the one thing they wanted to do and in their work they find a stimulus and a zest that makes their lives interesting and worth while.

I do not think that we pay enough attention to trying to find out what sort of work young people prefer and to getting them started in the line of life for which they are fitted. Nothing is more important, for on it depends their entire happiness and success. Virtually every failure is the result of trying to fit a round peg into a square hole.

We do half-heartedly, without enthusiasm or interest, the sort of work to which we have to scourge ourselves. We are slackers in an uncongenial job. We have to put our hearts into our work to achieve anything worth while.

At 32 you are just right to make your final decision about your life work. Up to that time a woman is more or less justified in drifting, because the chances were that she would marry and give up whatever she was doing for a gas range and a cradle. But after 32 a woman is not so likely to marry.

At that age you may assume that you are espousing a career, and so it is important that you should be engaged in the kind of work that you will find so congenial and so profitable that it will fill your days with interest and occupy your mind with pleasant thoughts and plans.

The only forlorn and lonely old maids are those who have nothing to do but to kill time; no ambitions or aspirations. The unmarried woman who is doing the work she likes and who is busy shipping up the ladder of success is happy and contented. In her work she has found a very good substitute for the husband and children that fate denied her.

DEAR MISS DIX—What you're telling women about how to hold their husbands makes me tired. A man that you have to hold is not worth having, is the way I feel about it. BLONDIE.

ANSWER: And the way I feel about it, Blondie, is that a man who was worth marrying is worth keeping. You take precious good care to protect all your valuables so that they will not be mislaid or stolen. Why not take the same trouble to safeguard your husband?

If you have a diamond brooch worth a thousand dollars you don't leave it lying around loose, where any careless stray finger could come along and pick it up.

If you have a fine car you see that it is well-oiled in a nice, clean place and keep it well greased, so as to minimize all friction, and you don't subject it to unnecessary bumps and strains.

Certainly a husband is a woman's most precious possession, so why should she resent having to take the same precautions in taking care of him that she would in caring for her other treasures?

As for the work of making yourself attractive to your husband, don't you have to do that to every other human being with whom you come in contact?

Why do you doll yourself up in your best clothes and put on your peaches-and-cream complexion when you go abroad except that you want to look as well as possible and win a glance of admiration from every passerby?

Have you a single friend that you do not have to handle with tact? Do you know even one woman that you could criticize to her face and say mean things to because you happened to feel cross yourself and ever expect her to speak to you again?

Don't you work like a dray horse talking to bores and listening to egotists who spend their time telling you about how great and wonderful they are and what infant phenomena their children are? Because if you don't, you know very well that you will never be invited to join the bridge clubs and go to the teas and parties to which you wish to be asked.

So if it is worth while to make sacrifices to get along with casual acquaintances, why isn't it worth while to make them to get along with your husband? If you have to handle other people with gloves, why not handle him that way? If it pays to soft-soap other people, why not use a little emolument on the domestic situation?

Of course, there are a lot of other wives who feel just as you do that it is too much trouble to take care of a mere husband. That is why so many women lose their husbands.

DEAR DOROTHY DIX—I am a young woman of 20 and have been married for two years to a man who is 80. Of course, he can't dance or flirt or play cards and he won't take me out in the evening. He sits quietly in his bedroom slippers and smokes his pipe. This man is very wealthy, and I have all the money I want. But he is an old grandpa, and I simply hate him.

I won't get a divorce because I don't know how to do a thing to earn my living, and yet I can't stand this life a day longer. What shall I do? MILLIE.

ANSWER: Why, it seems to me, Millie, that the thing for you to do is to play safe. If you sold yourself for money, deliver the goods without winking on your bargain.

You still think that the wife job is easier than a job behind a counter or a typewriter, and you are right about one thing, at least: it does pay bigger wages. You wouldn't be able to live in a fine house and have Paris clothes and keep a limousine if you were supporting yourself.

So you are in honor bound to make a fair return for all your husband gives you by making him a happy, cheerful home and hiding your distaste for him. Certainly you have little to complain of in him if all the fault you can find with him is that he doesn't dance and flirt or want to run around in the evenings. Believe me, there are many women who would like to change shoes with you.

Fads of The Famous.

RICHIE MITCHELL Characterized in his prime as the most gentlemanly boxer in the game, and known throughout the country as the man whose lightning-like punch sent Bennie Leonard, retired lightweight champion to the canvas when they fought in Madison Square Garden, New York, in 1921. Richie Mitchell today has only one ambition—to develop another youngster clever enough and with punch enough to again make famous the name Milwaukee.

HANDKERCHIEFS ABOUT HIPPS The English attempt to revive the normal waist lines persists. Women are now getting out the big, brightly colored handkerchiefs that were so popular a year ago and tying them about the hips of their new autumn frocks.

On the upper Milwaukee river, where green fields are strewn along the shore, Mitchell has his own camp where he is taking likely-looking prospects under his wing, and some day hopes to find among them the world potential lightweight champion.

When he isn't doing that, Richie, as he himself states is "doing nothing," running a haberdashery shop in the city.

IS ENVIED BY HIS CLASSMATES FOR HIS EXCELLENT JUDGMENT ALONG THOSE LINES!

HEALTH SERVICE
Isolation Good Rule In Sleeping Sickness

By DR. MORRIS FISHER. The condition known as African sleeping sickness is caused by an organism known as the trypanosome, and is transmitted by the bite of the tsetse fly.

ITS SERIOUS NATURE. The complaint is severe, since more than 80 per cent. of those affected die, and 70 per cent. of those that recover from the acute attack show secondary symptoms of the most serious nature.

TRANSMISSIBLE. Scientific medicine will, no doubt, find eventually a method of exterminating the virus of epidemic encephalitis. The evidence is clear that treatment must end with the recovery from the acute attack, but must continue as long as there are any secondary symptoms, since the continuous presence of the organism means continued possibility of spread of the disease.

Dr. Walter Freeman, of St. Elizabeth's Hospital, Washington, D. C., has analyzed the present status of our knowledge of chronic epidemic encephalitis.

He points out that several bacteriologists have isolated germs which they believe have a direct relationship to the cause of the disease, and further-

more that this organism is found to persist in the tissues after recovery from the acute form of the disorder.

This persistence of the bacteria may be the cause of the numerous secondary complaints which follow.

In seven cases which Dr. Freeman studied carefully, the disease developed in persons who had been in close association with patients suffering from encephalitis.

While the condition is not extremely contagious, as with some of the acute infectious diseases, there is no doubt that it is transmissible and that a person in the latest stage, apparently on the road to recovery, may still transmit the disease to other persons.

Obviously anyone suffering with this disorder should be in comparative isolation.

See-Sawing On Broadway

SHREWD young men ever are on the alert for new ideas in the gentle art of providing opportunities for those who would violate the prohibition amendment.

Many schemes have come and gone and many fortunes have been made. The latest wrinkle is that of "leasing bars" to those who wish to "throw parties" in a "different" way.

A number of these bars have been set up in various sections of Manhattan. If a moneyed gentleman wishes to entertain a few friends the accommodating "caters" get everything in order.

One team, in particular, does not even supply the liquor. It attends strictly to providing barroom atmosphere. So that no time may be lost, a collapsible bar has been contrived and may be carried from place to place.

There are hundreds of automobile owners in New York who never take their cars out before midnight. Knowing the futility of trying to get through midday traffic and using their cars only for pleasure, they wait until the rush is over.

Many of the quite wealthy old gentlemen are not content with this mere rental arrangement. They want the bar set up in their own homes for the party.

"Properties" are on hand and within a few hours—there you have it! The vogue, I am told, has already gained wide favor and the shrewd young men who conceived the idea have more than they can attend to.

There are hundreds of automobile owners in New York who never take their cars out before midnight. Knowing the futility of trying to get through midday traffic and using their cars only for pleasure, they wait until the rush is over.

Many of the quite wealthy old gentlemen are not content with this mere rental arrangement. They want

BEHIND THE SCREEN

HOLLYWOOD, the city where all is possible! Where former ten-dollar clerks now draw thousands of dollars each week and social leaders seek extra roles.

One of the newest members of this ever changing colony is a Russian countess who plays the part of a lady's maid each day on the Metro-Goldwyn-Mayer lot. She is Valentina Zimina, once a member of the Imperial Russian War she lived in Petrograd, gaining reputation as a stage star.

When she applied for work at the Metro-Goldwyn-Mayer studios the casting director, divining her nationality from her accent, gave her the part of the Russian maid-servant in "The Mysterious Island," little knowing that not so very long ago Valentina, herself, had been served by hundreds of such vassals as the one she now portrays.

"Orchids and Ermine," the story of the trials of switchboard operator in a New York hotel, is a movie without a villain. Jack Mulhall is the hero.

Rabindranath Tagore, India's poet laureate, directs some very pertinent criticism at American movies in a protest of the Bengal Board of Censors to the Oriental for American political and social life. Many bazaars in the Orient now have motion picture theatres and the illiterate peasants, incapable of discernment formulate their ideas concerning western civilization from the tawdry films which they see.

The board of censors of Bengal also notifies Washington that it has made special efforts to prevent these owners from displaying the objectionable posters which they receive along with the films which they buy from the U. S.

As the various film companies are concentrating on their winter production schedules it is to be observed that Florence Vidor will play along with Warren Baxter and Philip Strange in "Afraids to Love," for Paramount—Metro-Goldwyn-Mayer will star Norma Shearer in "His Last Affair." For the third time Lew Cody will be her leading man. * * * Universal hopes to cast "Show Boat" soon. This novel, by Edna Ferber, is a best seller. * * * Lon Chaney is soon to make "Mister Wu," an underworld tale.

When she applied for work at the Metro-Goldwyn-Mayer studios the casting director, divining her nationality from her accent, gave her the part of the Russian maid-servant in "The Mysterious Island," little knowing that not so very long ago Valentina, herself, had been served by hundreds of such vassals as the one she now portrays.

"Orchids and Ermine," the story of the trials of switchboard operator in a New York hotel, is a movie without a villain. Jack Mulhall is the hero.

Rabindranath Tagore, India's poet laureate, directs some very pertinent criticism at American movies in a protest of the Bengal Board of Censors to the Oriental for American political and social life. Many bazaars in the Orient now have motion picture theatres and the illiterate peasants, incapable of discernment formulate their ideas concerning western civilization from the tawdry films which they see.

The board of censors of Bengal also notifies Washington that it has made special efforts to prevent these owners from displaying the objectionable posters which they receive along with the films which they buy from the U. S.

As the various film companies are concentrating on their winter production schedules it is to be observed that Florence Vidor will play along with Warren Baxter and Philip Strange in "Afraids to Love," for Paramount—Metro-Goldwyn-Mayer will star Norma Shearer in "His Last Affair." For the third time Lew Cody will be her leading man. * * * Universal hopes to cast "Show Boat" soon. This novel, by Edna Ferber, is a best seller. * * * Lon Chaney is soon to make "Mister Wu," an underworld tale.

MENUS For the Family

MENU HINT.

Flank steak, included in the following dinner menu, is one of the cheaper cuts of meat that is made appetizing by the seasoning and thorough cooking. If your family will not take their spinach cooked give it to them raw in salads. Wash very thoroughly and cut up with cabbage, lettuce or even in Waldorf salad with celery, apples or other fruit and nuts, or use it for garnish that must be eaten.

Stuffed Flank Steak. Browned Potatoes. Stewed Tomatoes. Whole Wheat Bread and Butter. Fruit Salad. Cheese Crackers. Coffee or Substitute.

TODAY'S RECIPES. Stuffed Flank Steak—Select and wipe clean with a damp cloth. Remove the skin and fat and lay flat on table or board to spread with mixture made from bread crumbs wet with milk.

appear in daytime, and I know one man who would not think of taking his machine out on any other day than the Sabbath. And he hastens to get outside the New York city limits.

GILBERT SWAN.

AN UNUSUAL DAY FROCK IS MADE OF DULL YELLOW JERSEY BANDED WITH BROWN.

The Rhyming Optimist

By ALINE MICHAELIS. Oh, I have wandered up and down the highways of the world, where Nature in her loveliest gown her banners bright unfurled, and I have known all gracious things Earth flaunts along man's way, have heard the note the skylark sings, have watched the willows sway.

Flapper Fanny Says

The unusual touch at the neckline and the odd pocket arrangement at one side would make the frock above effective, even if its color combination were not a smart one for a doll winter's day.

SEEN IN LONDON SOCIETY Lady Osborne Beauchamp received guests at a wedding reception at tired in a lovely deep lacquered dress and velvet hat to match.

Attending a wedding: The Dowager Duchess of Abercorn wearing a black and gold coat and a black and gold velvet hat.

At another wedding: The Princess Beatrice in violet velvet and satin.

Acting as mannequins for Lady Angela Forbes: Lady Cynthia Asquith wearing house frocks. Mrs. Winston Churchill's sister, Mrs. Bertram Romilly, exhibiting dance frocks.

It takes plenty of pluck to thin eyebrows.

A Thought

Be not overcome of evil, but overcome evil with good.—Romans 12:21. TO OVERCOME evil with good is good; to resist evil with evil is evil.—Mohammed.

MADE IN CANADA They cleanse, protect and freshen the most easily soiled skin!

Mrs. CAMILLA LIVINGSTON in party frock and evening wrap. A favorite in the smart younger set, she says, "Pond's keeps me right up to the minute."

The crowding of the Social Calendar calls for clear fresh skins.

THE social calendar scribbled full of the shining hours of every day fitted together like gay mosaics in a brilliant pattern of pleasure. It takes its toll of beauty—this life—smooth round cheeks begin to droop, unless exactly the right care is given the skin.

Certain of the beautiful women of the social world have learned it—how to keep dazzlingly fresh and unwearied despite the steady round. You marvel at their clear smooth cheeks, snow-white shoulders, firm round throats. This is how they do it:—

Before dressing for the evening and again before retiring, they pat over faces, shoulders, throat, and hands, Pond's Cold Cream, letting it stay until its fine oils force from the skin's deep cells all dust and powder.

With a soft cloth they wipe off all cream and pore-deep dirt and repeat, finishing with a dash of cold water or a rub with ice. If the skin is dry, at night they apply more Pond's Cold Cream and leave it until morning.

After every cleansing with Pond's Cold Cream except the bedtime one, they smooth on a little Pond's Vanishing Cream. This gives shoulders, throat and cheeks a lovely even finish, keeps hands soft and white.

Powder and rouge blend beautifully now and Pond's Vanishing Cream also protects the complexion from city soot, winter winds and the fatigue and strain of long, late hours.

See how fresh and soft these Two Creams will keep your skin. The Pond's Extract Company, 146 Brock Avenue, Toronto, Ontario.

Among the guests at the "Friday prom" at McGill University on Friday evening were the following Saint John people: Miss Helen Allison, Miss Daphne Paterson, Miss Margaret Peters, Mr. J. V. Russell, Mr. F. B. Tilton and Mr. Fred Fuller.

Dr. J. C. Webster To Speak On Acadians The Canadian Club, of Saint John, will meet on Thursday evening at 8 o'clock in the Vocational School Auditorium, when an illustrated lecture will be given by Dr. J. Clarence Webster on "Some Striking Incidents in Acadian History."

Sure Way to Get Rid of Blackheads There is one simple, safe, and sure way that never fails to get rid of blackheads: that is to dissolve them. To do this, get two ounces of peroxide powder from any drug store—sprinkle a little on a hot, wet surface where the blackheads have disappeared. Big blackheads, it is simply dissolved and disappears. Blackheads are a mixture of dirt and secretions that form in the pores of the skin. The peroxide powder and the water dissolve the blackheads and they wash right out, leaving the pores free and clean and in their natural condition.

Members and Friends Nicely Entertained The Ladies' Society of Brunswick Lodge, No. 392, B. L. F. and E. together with their husbands and friends were entertained last evening at the home of Mrs. Walter Beattie, Lancaster avenue, West Saint John. Five tables of auction forty-fives were enjoyed and the prize winners were: Ladies, Mrs. F. Greene; second, Mrs. Helen Cawley; gentlemen's first, Murray Campbell; second, Walter Beattie. Dainty refreshments were served by the hostess, assisted by Mrs. J. Osborne, Mrs. Stella Jyles, Mrs. Frank Ring and Mrs. Clifford Atkinson.

THE EVENING TIMES-STAR, SAINT JOHN, N. B., WEDNESDAY, NOVEMBER 17, 1926

MARITIME WOMEN URGED TO UNITE FOR GREATER ACHIEVEMENT

Past President of National Council Addresses Annual Meeting of N. B. Organization

Mrs. E. Atherton Smith Again President, and Other Officers are Re-elected; Sessions Held at Vocational School and at Admiral Beatty Hotel

DECLARING herself a strong advocate of Maritime Union, Miss Carrie Carmichael of New Glasgow, past president of the National Council of Women, in her stirring address before the New Brunswick Provincial Council of Women at its dinner gathering in the Admiral Beatty hotel here last night, urged the Maritime women to rise up and do something worth while, working with the men and perhaps going past them. "We have got brains down here in the Maritimes," she declared, "and we want to show it."

She spoke of Saint John as having an exceptional honor in having two consecutive national committees, Mrs. A. D. Wilson and Dr. Mabel Hanington, and referred to the other national council officers in the Maritime Provinces, Mrs. E. Atherton Smith, Mrs. E. Murray, of Nova Scotia, with herself also. Miss Carmichael pointed out that the National Council had not the Dominion-wide representation desired at its meetings and she urged the Maritime women to send their brainiest women to the meetings, contributing to do so if necessary. In her closing exhortation she spoke of the pioneer work of the women in Nova Scotia in mental hygiene, paying that the men did not do and now that the men were helping them there should be still greater things achieved.

FEATURE OF MEETING
Miss Carmichael's visit was one of the outstanding features of the provincial council meeting and she described it as one of the most impressive she had attended. Mrs. E. Atherton Smith, president, was in the chair and with all of the other officers were re-elected to office. The national invitation for the holding of the next annual provincial council meeting in that city was accepted.

RESOLUTIONS PASSED
Interesting and most timely papers dealing with vital subjects are before the meeting and many important resolutions were passed, including the power of instituting supervision over lending libraries and the power of circulating objectionable literature, authorizing the drafting of a resolution for submission to the provincial government asking that mental deficiency be placed on a par with insanity in legal status, and the power of allowing legislation in this province and old age pensions by federal legislation, and also the power of the provincial government to consider the advisability of establishing a residence for women students in the province, and to advance a uniform ballot.

A resolution favoring a minimum wage for women was referred to the three local councils for consideration. Another resolution urged the enforcement of the law requiring all vehicles to carry lights.

THOSE ELECTED
The officers elected are as follows:

the Doctor says:
ACOUGH usually nature's effort to clear the air passages of germ-laden mucus that obstructs breathing. PERTUSSIN not only helps Nature to free you of excessive phlegm but it soothes the inflamed membrane and relieves the cough spasms.

PERTUSSIN is freely given for all types of coughs with excellent results, and has been favorably known to practicing physicians and pharmacists for more than 20 years.

PERTUSSIN does not relieve your cough in a reasonable time, it is wise to consult your physician.

PERTUSSIN is freely given for all types of coughs with excellent results, and has been favorably known to practicing physicians and pharmacists for more than 20 years.

PERTUSSIN does not relieve your cough in a reasonable time, it is wise to consult your physician.

Safe for Every Cough

COMB SAGE TEA INTO GRAY HAIR

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe with a little Combs Sage Tea and Sulphur will turn gray hair into gray hair. It is known as "Wet's Sage & Sulphur Compound" and can be obtained at all drug stores for only 75 cents a bottle.

While gray hair is not sinful, its appearance is a trifle. By darkening your hair with Natural Sage and Sulphur Compound, no one will know that you are older than you are. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Again President

MRS. E. ATHERTON SMITH of Saint John and St. Andrews, who last night was re-elected Provincial Council President of the National Council of Women.

RESIDENCE NEEDED
Mrs. J. W. V. Lawlor said that the resolution was much needed, but that even more was needed a reinstatement of the provincial government advance of the Normal school students. She cited special case where lack of funds prevented a very promising student from entering a profession for which he was specially fitted.

LEGISLATION REVIEWED
Miss Muriel Corkey, convener of the committee on laws, told of the acts passed by the local legislature in the last year which affect women and children. The act regarding illegitimate children, she said, had three phases, first the proceedings of town or parish in which the mother or the overseer of the poor must make request for action against the alleged father. The act can be taken if information is not laid within one year. The procedure of the trial was described and it was stated that the judge's decision was not subject to appeal. If the father was determined to pay the mother's care for the period of her sickness, a weekly sum to maintain the child, and if he refused to do so, the mother was ordered to contribute to the support of the child. The father might be ordered to contribute to the support of the child. The sum the father was to pay, it was stated by members, was believed to be more equitable than the present procedure in claims for payment by persons having the care of the illegitimate child and the general aspect of the law.

INTESTATE ESTATES
The second act which she spoke of was that for the distribution of the estates of intestates which comes into effect May, 1927. She pointed out in many particulars that this act was favorable to women than the one previously in force, more equitable provision being made for the widow and the mother and for younger children.

REPORTS ON COUNCILS
Excellent reports of the Local Councils were then presented. Mrs. J. C. Graves gave the Moncton Council's report, Mrs. Burnham gave the report of the Sackville Council and Miss E. L. Colwell gave the report of the Saint John Council. Moncton's achievement in having a woman appointed a member of the Municipal Board was favorably commented on.

MINIMUM WAGE
Miss Colwell read the resolution sent to the Saint John Council by the United Women's Missionary Society, urging action in obtaining a minimum wage act. This resolution was referred to the various local Councils for consideration.

MRS. ESTEY SPEAKS
Mrs. A. W. Estey, speaking on the theme "Women in Council," told of the multiplicity of regulations which govern social endeavor and declared the Women's Council was the most wonderful organization of women.

LOST THAT "UP-AND-AT-EM" FEELING?
Do you think it's too much work—or too much pills? What's the reason? Maybe it's just a slight lack of vitality. Or maybe you're just a little out of shape. Safety and quick relief by using a little...
A Raw, Sore Throat
eases quickly when you apply a little Mustrerole. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain and won't blister like the old-fashioned mustard plaster. Mustrerole is a clean, white ointment made with oil of mustard. Brings quick relief from sore throat, bronchitis, tonsillitis, group, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds on the chest.

Wreath Placed On Memorial
WHY SUFFER FROM RHEUMATISM
"FRUIT-TIVES" HAVE HELPED THOUSANDS

A BEAUTIFUL wreath was placed upon the memorial in King square last evening in the name of the New Brunswick Provincial Council of Women. The simple ceremony took place about 6:45, when Mrs. E. Atherton Smith, president of the Council, spoke briefly of the impressiveness of war memorials which, she said, are shrines through which the members of the Council, who had assembled for the ceremony, stood with a minute with bowed heads and paid silent tribute to the fallen.

de-nourished children in the schools and 90 dozen tooth brushes.

OLD AGE PENSIONS
Mrs. E. A. Young told of the Old Age Pensions Act having been passed by the Senate and brought forward a resolution petitioning the National Council to take up with the federal government the necessity of establishing a pension system for the aged before the Canadian House of Commons an Old Age Pensions Act. A resolution heartily approving the efforts of Dr. J. Clarence Webster in having his bill introduced in the Senate was passed unanimously. Heartfelt words of thanks were expressed to Dr. Webster and to Miss Carmichael and Mrs. E. Atherton Smith.

Miss Colwell read the resolution sent to the Saint John Council by the United Women's Missionary Society, urging action in obtaining a minimum wage act. This resolution was referred to the various local Councils for consideration.

MRS. ESTEY SPEAKS
Mrs. A. W. Estey, speaking on the theme "Women in Council," told of the multiplicity of regulations which govern social endeavor and declared the Women's Council was the most wonderful organization of women.

LOST THAT "UP-AND-AT-EM" FEELING?
Do you think it's too much work—or too much pills? What's the reason? Maybe it's just a slight lack of vitality. Or maybe you're just a little out of shape. Safety and quick relief by using a little...
A Raw, Sore Throat
eases quickly when you apply a little Mustrerole. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain and won't blister like the old-fashioned mustard plaster. Mustrerole is a clean, white ointment made with oil of mustard. Brings quick relief from sore throat, bronchitis, tonsillitis, group, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds on the chest.

Wreath Placed On Memorial

A BEAUTIFUL wreath was placed upon the memorial in King square last evening in the name of the New Brunswick Provincial Council of Women. The simple ceremony took place about 6:45, when Mrs. E. Atherton Smith, president of the Council, spoke briefly of the impressiveness of war memorials which, she said, are shrines through which the members of the Council, who had assembled for the ceremony, stood with a minute with bowed heads and paid silent tribute to the fallen.

OLD AGE PENSIONS
Mrs. E. A. Young told of the Old Age Pensions Act having been passed by the Senate and brought forward a resolution petitioning the National Council to take up with the federal government the necessity of establishing a pension system for the aged before the Canadian House of Commons an Old Age Pensions Act. A resolution heartily approving the efforts of Dr. J. Clarence Webster in having his bill introduced in the Senate was passed unanimously.

RESIDENCE NEEDED
Mrs. J. W. V. Lawlor said that the resolution was much needed, but that even more was needed a reinstatement of the provincial government advance of the Normal school students. She cited special case where lack of funds prevented a very promising student from entering a profession for which he was specially fitted.

LEGISLATION REVIEWED
Miss Muriel Corkey, convener of the committee on laws, told of the acts passed by the local legislature in the last year which affect women and children. The act regarding illegitimate children, she said, had three phases, first the proceedings of town or parish in which the mother or the overseer of the poor must make request for action against the alleged father. The act can be taken if information is not laid within one year. The procedure of the trial was described and it was stated that the judge's decision was not subject to appeal. If the father was determined to pay the mother's care for the period of her sickness, a weekly sum to maintain the child, and if he refused to do so, the mother was ordered to contribute to the support of the child. The father might be ordered to contribute to the support of the child. The sum the father was to pay, it was stated by members, was believed to be more equitable than the present procedure in claims for payment by persons having the care of the illegitimate child and the general aspect of the law.

INTESTATE ESTATES
The second act which she spoke of was that for the distribution of the estates of intestates which comes into effect May, 1927. She pointed out in many particulars that this act was favorable to women than the one previously in force, more equitable provision being made for the widow and the mother and for younger children.

REPORTS ON COUNCILS
Excellent reports of the Local Councils were then presented. Mrs. J. C. Graves gave the Moncton Council's report, Mrs. Burnham gave the report of the Sackville Council and Miss E. L. Colwell gave the report of the Saint John Council. Moncton's achievement in having a woman appointed a member of the Municipal Board was favorably commented on.

MINIMUM WAGE
Miss Colwell read the resolution sent to the Saint John Council by the United Women's Missionary Society, urging action in obtaining a minimum wage act. This resolution was referred to the various local Councils for consideration.

CITY LIMITS DETERMINE AREA OF DELIVERIES BY EXPRESS HERE

FINDING IN CASE OF LANCASTER RECEIVED HERE

Free Cartage Not Obligatory Beyond Boundaries of Saint John

VERDICT IN FORMER HEARING REFERRED TO

Imposition of Fee for Extra Service Matter to be Decided, Says Board

IN DISMISSING THE APPLICATION of the board of management of the Parish of Lancaster for free wagon delivery service by the Canadian Pacific Express and the Canadian National Express, Hon. H. A. McKeown, chairman of the Board of Railway Commissioners for Canada, text of whose judgment in the case has been received here, declares the necessity for a general rule to be followed in the matter of corporate limits for express delivery service.

IN ITS FINDING the board reports the application, made last January, and notes the reply of the Express Traffic Association of Canada, which stated that both express companies were opposed to establishing a freight cartage service in the parish of Lancaster.

PREVIOUS FINDING It is pointed out that from the year 1913 to 1919 extra tolls were charged by the express companies for delivery in West Saint John and the surrounding areas. In 1918 the companies asked permission of the Railway Board to increase these charges, but the existing differential was abolished, and the advantage of free delivery to West Saint John was secured.

By this judgment free cartage was not required hereafter, and the Railway Board sees in the application of the Parish of Lancaster a request to vary that principle which was adopted after exhaustive examination and inquiry.

SUMMARY OF FINDING Declaring the necessity for a general rule on the matter of corporate limits for express delivery service, the board says as follows: "Because of the location of the city boundaries, when delivery is made in West Saint John by way of the bridge over the river, instead of by the ferry, a portion of the parish of Lancaster has to be traversed by the express company in order to reach West Saint John, and it therefore seems not unreasonable to those living within that district that free delivery should be made to them, considering that the express teams have to pass by or very close to their homes as they reach West Saint John, when that delivery route is chosen. But it is clear that only in exceptional cases delivery of the kind is effected. If it were the only way by which the residents of West Saint John could be reached, a much stronger case would be established. The fact is, that only a small fraction of the deliveries are made in the street in the boundary line, the drivers have been ordered to make delivery on both sides of the street.

MANY DIFFICULTIES "For ten years or more prior to the judgment of the board in 1919, the whole question of express delivery was dealt with on local applications. As a result, many contradictions existed, and the result of 1919 was the outcome of a thorough examination into all conditions, with a view of laying down some general principles applicable throughout.

It may be that applications to further extend delivery upon payment of fees calculated to meet such expense, should be considered generally by the board. In the present case, counsel for the applicant has expressed a willingness to pay an extra charge for the service. Such application would have to be general in nature, in order that complete consideration be given to the situation at large. In this application the board is not in a position to treat the matter from that standpoint. The question is too large to be determined upon the application of an individual locality. Such treatment would immediately duplicate the anomalies and contradictions which existed within the city limits prior to the judgment of 1919, and this application must, therefore, be dismissed."

Fairville Resident Accused of Theft

Special to The Times-Star

FREDERICTON, Nov. 17.—P. K. Nason, a resident of Fairville, appeared in the Police Court here this morning in a charge of theft on the information of Provincial Superintendent Sutherland, of the Singer Sewing Machine company. He was remanded until Thursday.

The accused formerly resided at Fredericton Junction. The charge against him is theft of nine sewing machines, the property of the company, and falling to account for \$1,000, also the property of the company.

Sir Arthur Currie Accepts As Honorary Colonel of No. 7 M. C. Battalion

Local News

ONE LOOKED AFTER One man taken in the Police Court for protection last night.

THEIR CHILD DEAD The friends of Mr. and Mrs. Samuel Giberson will sympathize with them in the death of their little daughter, Joan Evelyn, which occurred yesterday at the General Public Hospital.

HERE FOR MEETING. Senator Irving R. Todd of Milltown, and Richard O'Leary of Richibucto, are at the Admiral Beatty. They are here in connection with a meeting of the New Brunswick Telephone Company to be held here tomorrow.

HERE FROM DAWSON Wm. Elliott, who was reported missing last April in Dawson City, Yukon, is in Saint John, the guest of his sister, Mrs. Peter Chisholm, 172 Waterloo street. Mr. Elliott intends to return to the north in the early spring.

DID NOT SAIL The steamers Empress and Grand Manan, for Digby and Grand Manan respectively, both scheduled to sail this morning, did not leave port on account of the roughness of the bay after the early blow. The Grand Manan will sail at the first available chance and the Empress probably not until tomorrow.

WON CONGRATULATION. The City Cornet Band returned home this morning from Moncton where they gave a delightful radio program from CNRA last evening. Vocal numbers were given by the Moore quartette and Bandman D. J. Higgins. Wm. A. Bridges, secretary of the band, said they had a good time and received many telegrams of congratulation from Saint John, Coctech and other parts of Canada.

JACK TAR A PRISONER. A sergeant of marines and two privates arrived on the West Indian steamer Chaleur this morning from Bermuda, having in custody a stoker of H. M. S. Wistaria, who was committed to the custody of the detachment barracks on Melville Island, Halifax Harbor. The Marines exercised their right under British regulations in withholding any information as to the misdemeanor of the good-looking Jack.

UNION CLUB. The first of what is expected to be a series of "every member's night" was held last evening at the Union Club. Fred S. Crosby, the president, was in the chair and speeches were made by several of the past presidents. An interesting talk was given by G. Wetmore Merritt, the only living original member of the club and who was president 28 years ago. He told of the activities of the first club which was at that time situated in Prince William street. Bridge and a radio concert were enjoyed. There were about 125 members present.

DEATH AFTER FALL The death of Mrs. Elizabeth Jones, widow of George Jones, occurred early this morning from the effects of a fall sustained Monday evening at her home, Erin street. Coroner A. L. Kenney found that the fall was purely accidental, and an inquest was not necessary. She is survived by two daughters, Mrs. Beatrice McAuley, of this city, and one in the United States. The funeral will be held Friday afternoon from Mrs. Jones' funeral parlors, Princess street.

BIRTHS. JONES—To Mr. and Mrs. J. Allan Jones, 66 Dorchester street, on the morning of Nov. 16, a son, Douglas MacCrindle.

MARRIAGES. ROBINSON-MCPHER—At St. Rose church, Fairville, Wednesday, Nov. 17, at 8 a. m., by Rev. M. T. Murphy, Alex. Robinson to Mary Helen McPhee, both of this city.

DEATHS. GIBERSON—At the General Public Hospital, on Nov. 16, 1926, Samuel Giberson, beloved daughter of Samuel and Edith Giberson, aged one year and six months.

Funeral on Thursday from her parents' residence, 771 City road. Service at 2:30 p. m., Thursday, at St. Princess. Interment at Methodist cemetery.

BARTON—At the General Public Hospital, Nov. 17, 1926, Sarah Barton, wife of Ernest Barton, 26 King street, West, in the 42nd year of her age, leaving her husband, three sons and one daughter, all residing at home, leaving George Jones, leaving two daughters to mourn.

Funeral at 2:30 Friday from the residence of Charles Campbell, 145 Guilford street, W. S. J.

Funeral at 2:30 p. m., Thursday, at St. Princess. Interment at Methodist cemetery.

Funeral at 2:30 p. m., Thursday, at St. Princess. Interment at Methodist cemetery.

Funeral at 2:30 p. m., Thursday, at St. Princess. Interment at Methodist cemetery.

Funeral at 2:30 p. m., Thursday, at St. Princess. Interment at Methodist cemetery.

Police Name 3 Drinking Milk Supply

AT 5:45 this morning Policemen Corvee and Melanis report having heard the sound of bottles in Charlotte street and having made for the spot. They state they saw three men, whose names were given as Harry Stone, James O'Dell and Gerald Johnson, slaking their thirst with three bottles of milk belonging to the Atkinson House, between Union street and King Square, and which had been left by the milk delivery. The proprietor was satisfied with replacement of the supply.

ONE IS FINED \$28; HIS COMPANION \$14

Two Men in Court in Early Morning on Assault and Drink Charges

Robert McAlush Jr. and Benjamin Williams were before the police court this morning charged with being drunk and assaulting Alexander Demerson, of Paradise Ltd., at 136 a. m. McAlush pleaded guilty to both charges. Williams said he did not strike Demerson, but had been drinking. In evidence Demerson said he was entering his home on Coburg street, when McAlush, who was waiting there, accused him of insulting his little girl and struck him. Williams also hit him, Demerson claims, before he ran for the police. This was corroborated by John Valls. Magistrate Hinderden took place tomorrow afternoon. A large number of invitations have been sent out and those invited will be welcomed at the institute between 8 and 10 in the afternoon or between 8 and 10 in the evening. An informal program will be carried out by the members of the Ladies' Auxiliary. Both parties and refreshments will be served by the Ladies' Auxiliary.

WINTER SEASON TO START TOMORROW

Formal Opening of Seaman's Institute Has Been Arranged Thursday

The formal opening of the Seaman's Institute, for the winter season, will take place tomorrow afternoon. A large number of invitations have been sent out and those invited will be welcomed at the institute between 8 and 10 in the afternoon or between 8 and 10 in the evening. An informal program will be carried out by the members of the Ladies' Auxiliary. Both parties and refreshments will be served by the Ladies' Auxiliary.

MORNING MUSICAL PROGRAM GIVEN

Scandinavian Music Marks Today's Event in Admiral Beatty Hotel

A Scandinavian morning musical club at the Admiral Beatty Hotel this morning. Miss Homer gave an interesting paper on "Scandinavian Compositions." Following this, several compositions by Greg were rendered. The first of these was a piano solo, "Concerto" (1st movement) by Mrs. A. H. Campbell. The orchestra score (2nd piano) was taken by Mrs. F. J. Hodgson. Two vocal selections by the same composer, "Drifting" and "Wood Campfires" were sung by Miss Agnes Steeves. Miss Louise Knight acted as accompanist. "Butterfly" and "Wedding Day at Troldhaugen," solo songs, were then played by Miss Helen Morgan.

MAY PLAY AUCTION

Innovation to be Introduced at Y. M. C. I. Card Parties

An innovation will be made in the card parties so popular now when, at next Tuesday evening's weekly event at the Y. M. C. I., auction forty-fives will be played by those so desiring, while those preferring to play the plain game will also be accommodated. The latter will play 20 games, as now, while the auction players will have 10 to play, as that game requires more time. This was announced at last evening's event. The prize winners last night were: Ladies, first, Mrs. E. J. Fitzpatrick; second, Miss Beatrice Heenan; third, Mrs. James McCormick; gentlemen, first, T. J. Tebo; second, Charles O'Keefe; third, James Daley. The door prize was won by Mrs. M. Horgan.

Million Bushels Of Grain Now Here

There has now arrived at West Saint John over the lines of the Canadian Pacific Railway more than 1,000,000 bushels of grain in readiness for shipment when the winter port season opens. Of this amount about 600,000 bushels are in the elevators.

BOOKS FOR HOSPITAL

The Hospital Aid will hold their annual "Book Day" tomorrow at the regular meeting in the Church of England. Those who are bringing in their books should do so by 10 o'clock. Large numbers of books are being presented to the hospital by the Aid, and are becoming emptied, and it is hoped that the donations tomorrow will be sufficient to fill them again, as the patients greatly appreciate the books which help to take away many a weary and painful hour.

AUTO TRAVEL HERE GAINS BY OVER 4,000 CARS

N. B. Association Issues Figures of Entries into New Brunswick

FIGURES ARE GIVEN UP TO NOVEMBER 10

Total for 1926 Season 18,300—Details From Various Places

According to figures compiled by the Brunswick Automobile Association, more than 4,000 United States automobiles entered the province up to November 10, 1926, the date corresponding period of 1925. The total for this year was 18,320 compared with 14,640 for 1925.

Figures also are given for the number of Canadian cars that left the province to tour in the United States. United States cars that have entered New Brunswick ports up to Nov. 10, 1926:

Table with 2 columns: Port of Entry, Number of Cars. Includes St. Stephen (1925: 1926), St. John's, Edmundston, etc.

Total 14,640 18,320 Difference 3,680

The weekly card party in the Community Club rooms at Quispamsis last evening was very well attended. The prizes continue to be popular. The prize winners were: Ladies, first, Mrs. Harold Erem; second, Mrs. Howard Clark; third, Miss Elsie Carvell; gentlemen, first, Howard Clark; second, Clarence Smith; third, Thomas Saunders. At the close of the play delicious refreshments were served by Mrs. Andrew McIntosh assisted by Miss Elsie Carvell.

The weekly card party conducted under the auspices of the Men's Society of St. John the Baptist parish was held Tuesday evening. Games were played at 15 tables and prizes were won by Bradley O'Brien and Michael Lenihan. Refreshments were served by the committee in charge.

There was a good attendance at the card party last evening at the Pythons. The Knights of Pythias, Bridge and forty-five were very well represented. The prizes were: Bridge, P. L. Greason; forty-five, H. B. Coleman.

Practically All Lorneville at Funeral of Chas. O'Dell, Victim of Bay Tragedy

The funeral of Charles O'Dell, fisherman, of Lorneville, victim of Monday's tragedy off the Bay of Fundy shore, took place this afternoon at 2 o'clock from the residence of his parents, Mr. and Mrs. Charles O'Dell, Lorneville. Interment was made in the Presbyterian cemetery. Relatives and friends who assembled to pay a tribute of respect to one they held in high esteem and to extend sympathy to the bereaved. Rev. Peter Jackson conducted the burial service at the house and grave. There was a large funeral procession, with practically the entire community attending. The floral tributes were very numerous and beautiful.

GIFT IS PRESENTED

Mr. and Mrs. H. R. Coleman's 28th Wedding Anniversary

Members of the Mothers' Association of St. John's Church, and other friends met at the home of Mr. and Mrs. H. R. Coleman, 44 Winter street, last evening, on the occasion of their 28th wedding anniversary and presented to them a dozen beautiful cut glass sherbet dishes, as well as other appropriate gifts. Rev. R. Taylor, M. K. M., rector of the church, made the presentation and Mrs. Coleman fittingly expressed her thanks. The evening was very pleasantly spent in games and music and at the close, delicious refreshments were served by Mrs. H. H. McCurdy and Mrs. Nugent, assisted by Miss Kathleen Thomas, Miss Florence Nugent and Miss Margaret Walsh.

MONEY RECOVERED. The sum of money amounting to \$47 and by Beverly Steeves on Union street some time ago was claimed by Mrs. Alfred Short, of Central Greenway, at police headquarters this morning and it was handed to her. Mr. Steeves had written Mr. Short in the States, who forwarded the letter to his mother.

Summer Time In November In Saint John

SAINT JOHN enjoyed summer weather today, following a bit of a blow in the early morning. The temperature was above during the morning and higher as the hours progressed. "Nothing phenomenal, but unseasonably mild," was the comment of D. L. Hutchinson, director at the observatory in Douglas avenue, who asked about it. Between 2 and 3 o'clock this morning there was quite a wind from the south, reaching its highest at 29 miles. It dropped to 18 during the morning.

RADIO BETTER WITH CLEARING UP WORK DONE

Officials From Ottawa Conclude Investigation of Interferences Here

MOSTLY CONCERNED WITH POWER LINES

Corrective Work Will Be Continued in Maritime Provinces

Several sources of radio interference in this city have been located, and are being eliminated. H. H. Brannan, radio inspector informed a Times-Star reporter today the trouble was found with the aid of the interference locating equipment brought to this city from Ottawa by C. T. Gomm, chief of the Nowlan, radio electricians. With their work complete they have left the city. Mr. Gomm returning to Ottawa and Mr. Nowlan going to Halifax. He will be stationed at Halifax to post interference in the Maritime Provinces.

While in this city most of their work was done on the New Brunswick Power Company and Hydro lines. They were assisted in this work by Hal A. Brown, chief electrician for the Power Company. Mr. Brannan said that every assistance was given them by officials.

STILL SOME TROUBLE Although several sources of interference have been located, there are still some certain interferences in this city, such as telegraph, X-ray and radio. The interferences have been eliminated although research squads at Ottawa are trying to find a solution.

Mr. Nowlan will be in the city again, Mr. Brannan said, and will probe further. Meanwhile he will investigate matters through the Maritimes making his headquarters at Halifax. The automobile containing the trouble locating equipment will be kept by him while he is here. The visit of Gomm and Nowlan has been a success and it is hoped to improve reception in this city.

HAVE MOCK TRIAL

Young Men Enjoy Event in West End

The Young Men's Bible Class of St. George's Church, W. E., at a meeting last evening in the choir room, with Everett Brown in the chair decided to hold a mock trial on the trial class on the third Tuesday of each month. Games were enjoyed and the chief attraction was a "mock trial" which caused much entertainment. One of the boys was accused of stealing a gold ring. The prosecuting attorney was Frank Lord who had a large number of witnesses to prove the defendant guilty. The lawyer for the defence was Malcolm Harrison who had an equal number to prove innocence. Rev. John Unsworth was the judge and Peter Bray foreman of the jury, who brought in the verdict that the case was out of order as none of the witnesses had been sworn in. Refreshments were served by the boys of the class.

WARNING OF JAIL

Magistrate Comments on Over-strength Beer Case

Michael Vassileff was found guilty and fined \$200 in the Police Court this morning for having overstrength beer in his shop in Main street. Magistrate warned him that on his next appearance he would be sent to jail instead of being allowed to pay a fine. J. Starr Tait, prosecutor, said that a number of cases of persistent violation would be investigated in the near future, said his Honor, and persistent offenders would be sent to jail instead of being allowed to pay a fine. J. Starr Tait, prosecutor, said that a number of cases of persistent violation would be investigated in the near future, said his Honor, and persistent offenders would be sent to jail instead of being allowed to pay a fine.

WAREHOUSE NOT YET USED THIS SEASON

The potato warehouse on the east side of the harbor, under lease to the Canadian National Railway, has not been used as yet this season, and it was said this morning by the local freight agent, H. H. James, that as yet no potatoes had been loaded on cars on this side of the harbor. There were in the C. N. R. yards 23 cars loads of potatoes, but these were to be sent to the West Side for shipment. Under the agreement with the city the C. N. R. must pay side and top wharfage on a minimum of 15 steamers in a season.

FIND DOORS OPEN

Five doors of business places were reported found open last night by the local police officers. They were secured.

RETIREES

LETTER COMES TO LIEUT. - COL. BERTRAM SMITH

General Writes Only Too Happy to Assist Corps

GREATLY ENJOYED SAINT JOHN VISIT

Officers Leave for Moncton for Inspection of Company There

DURING his visit for the Armistice anniversary observation last week, General Sir Arthur Currie signified his willingness to become the Honorary Colonel of the No. 7 Machine Gun Battalion of this province, and today Lieut. Colonel Bertram Smith exhibited the General's letter of acceptance, which has been publicly printed so that the machine gunners under his command in the three cities may learn what the Canadian soldier-educationalist had to say. It follows:

Office of the Principal and Vice-Chancellor, McGill University, Montreal, November 18, 1926.

Lieut. Col. B. Smith, O. C. 7th B. N. Canadian Machine Gun Corps.

Dear Colonel Smith— I am glad to be before this answer your wire of November 11 you must not consider that I am indebted to the great honor you offer me of becoming the Honorary Colonel of the 7th B. N. Canadian Machine Gun Corps. I met one of your officers during the day who made the suggestion to me and to him I expressed my warm thanks for the proffered distinction. I do not know what use I can be of you, but if there is any way in which I can be of service to you, I shall be only too happy to do so.

I greatly enjoyed my visit to Saint John and was sorry not to have met you there. With all kind wishes, I am, Yours faithfully, (Signed) A. W. Currie.

ON WAY TO MONCTON

Lieutenant-Colonel Smith, of Fredericton, formerly of Saint John, arrived in the city at noon and passed through to Moncton, where he will command the 7th B. N. Canadian Machine Gun Battalion—a new unit hereabouts—he will inspect the company under his command. Major Tingley, in this city, Lieutenant-Colonel Smith was joined by Colonel Anderson, officer commanding this military district, who will also be present at the inspection.

NEW MILITARY UNIT

Lieut. Col. Smith explained to the Times-Star that the new battalion of machine gunners consists of No. 1 Company in Saint John, No. 2 in Moncton and No. 3 in Fredericton. Since the war this type of arm has been organized in battalions throughout Canada, of which there are eleven.

REPAIRS TO SEVERAL ON HARBOR FRONT—EMPRESS BERTH WORK DONE

Work on the new drop at the steamer Empress berth has been completed and all that remains to be done is the installation of the motor for operating the drop. It will be placed in position as soon as it arrives in the city but will not be hooked up to the machinery until the Empress moves back to the dock next spring. Extensive repairs have been made to the new pier, Pettigill and McLeod wharves and they are in better condition than for some years. New fenders have been placed along the face of these wharves as well.

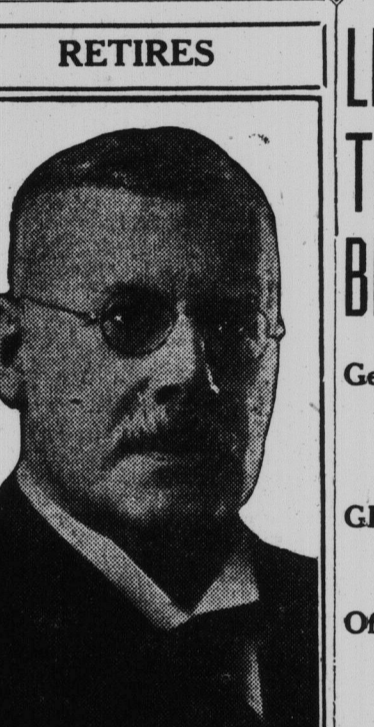

SCOTT IS SUBJECT

Papers on Writer's Life at Kirk Men's Meeting

At a meeting of the Young Men's Club of St. Andrew's Kirk last night in the lecture room with S. J. Parkhill in the chair, interesting papers were read on the life of Sir Walter Scott, by LeRoy Harding, Bert Corbett, H. B. Rossiter and R. B. Buchanan. The attendance competition continued with several teams tying for first place with 100 per cent. About 50 were present last evening and at the close of the meeting volley ball was enjoyed. The subject for next Tuesday's meeting will be "Successful Salesmanship," when the Rev. J. S. Bonnell will give an address.

TWO HUNDRED ARE AT SUPPER TABLES

The annual sale and tea in Stella Maria hall at East Saint John was successfully begun last evening. About 200 suppers were served. A novelty at the candy booth, which caused a great deal of interest, was a box, representing the East Saint John street car, which was filled with candy. This was won by T. A. Barrett.

COL. MURRAY MACLAREN, C. M. G., V. D.

When retirement from the active militia is announced, he will retain his rank of Colonel. Reference to his and other military changes will be found on page 3.

CHALEUR ARRIVES; DELAYED BY STORM

Forced to Anchor For Day Off Bermuda; Brings 16 Passengers

The Royal Mail Steam Packet "Chaleur" arrived in Saint John this morning from Bermuda with 16 passengers and a mixed cargo of sugar, molasses, coconuts, arrowroot, lime juice and sundries. The ship sailed from Bermuda on Friday, November 12, but owing to heavy storms was forced to anchor off Bermuda for a day. With the exception of 1,100 tons of sugar for Halifax, most of the cargo will be discharged here.

Three hundred bags of coconuts are consigned to this port for distribution as well as a large lot of molasses and lime juice. The arrowroot shipment is consigned to Toronto. A large quantity of the molasses is for Campbellton, Bathurst and Moncton. Sundries comprise the remainder of the cargo.

The passenger list includes nine first class, six second class and one third class. The first class list is composed of Miss M. H. Ewing Chow, a native of Demerara, who will make her home in Shanghai, China; L. P. Richardson, from Demerara to Liverpool, N. S. P. D. Gill, from Demerara to Montreal; Miss M. Wilson and Miss D. Eichel, from Trinidad to Salmon Arm, B. C.; Miss M. Cropper and Mrs. L. Cropper, from Saint Vincent to Montreal; Mrs. W. Skelton, from Saint Lucia to Windsor, N. S.; Mrs. T. A. Moriarty, from Bermuda to Halifax; and Miss C. Cadogan, from Barbados to Sydney; Miss A. M. Emmanuel, from London to Ottawa; and four naval men, Sergeant A. W. E. Willingale, Marine P. E. Williams, Marine W. Coleman and Stoker A. R. P. Heath, all from Bermuda to Halifax. Miss R. Baptiste, from Trinidad to London, Ontario, is the only third class passenger listed.

CAR TAMPERED WITH

Gordon Carvell Gives Harry Wendt in Charge

Gordon Carvell, who conducts a milk business and farms in Manawagonish road, was greatly startled about 9 o'clock last night, when, in going to his garage to drain the water from a truck, he found the rear of the car jacked up, one tire off and another one nearby. He found a man underneath the car who gave his name as Harry Wendt. Mr. Carvell called Policeman Sitason from Fairville who locked Wendt up in the Fairville jail.

ALL ARE AWAY NOW

More of City Work Survey Work is Completed

Joseph Howes, director of the Citizens' Research Institute of Canada, and Storey Matthews, accountant, of Montreal, who have been working on the civic survey being conducted by the Institute, have completed their work and returned to their homes. Mr. Howes to Toronto and Mr. Matthews to Montreal. It is expected that Dr. Horace L. Brittain will be here in connection with the survey in the next few days. None of the survey men are now in the city.

TWO HUNDRED ARE AT SUPPER TABLES

The annual sale and tea in Stella Maria hall at East Saint John was successfully begun last evening. About 200 suppers were served. A novelty at the candy booth, which caused a great deal of interest, was a box, representing the East Saint John street car, which was filled with candy. This was won by T. A. Barrett.

THREE SHOT IN BROADWAY IN THEFT ATTEMPT

New York Sees Thrilling Street Battle With Young Robber

NEW YORK, Nov. 17.—A twenty-two-year-old thug was wounded, probably mortally, a patrolman and a civilian were slightly wounded and a clerk had his coat ripped by a bullet, when the thug attempted unsuccessfully to plunder the jewelry show of Henry Silberfeld at 1285 Broadway at 8:30 a.m.

GREAT CROWDS OF CURIOUS.

Mr. Silberfeld's shop drew greater crowds of sightseers than it ever attracted during its twenty-four years of existence. A detail of police were needed to keep the curious moving along, but at brief intervals some one would enter the shop to congratulate David Jacoby, for 16 years a salesman there, upon his bravery and his narrow escape from the criminal's bullet.

Jacoby was assisting Henry H. Hoffman, manager of the shop, to arrange a window display. The door of the shop was locked in accordance with police recommendations, but at intervals Gilbert Miller, a negro porter, had to go outside and then the front door would be unlocked for a few seconds.

Once, as Miller emerged, a well-dressed young man pushed past him into the shop. Miller thought he was a customer and went on unconcerned-

MARYLAND TWISTER TAKES 13 YOUNG LIVES

Death came upon eleven children at their desks in this La Plata, Md., school house as it was crushed like cardboard in the vortex of a whirlwind which cut a swath of destruction across the countryside. More than 20 other pupils were injured and a negro couple living nearby also lost their lives.

ly, while Jacoby, also thinking the man to be a purchaser, came forward and locked the door after Miller. "I want a cigarette case," said the man. Hoffman went to a showcase and, taking out several cigarette cases, displayed them for inspection. The supposed customer glanced at them carelessly and then suddenly drew an automatic pistol. Jacoby, who had returned from the door, was at Hoffman's side. Pointing the weapon at

the two men, the thug ordered: "You get into the rear room." Jacoby crossed from the west side of the street to the east and tried to run faster, but his shouting had robbed him of a good deal of his breath and he felt that he was scarcely moving.

DEBATE POSTPONED

MONCTON, Nov. 16.—On account of illness of one of the members taking part, the debate to have taken place this evening between Knights of Pythias New Brunswick Lodge, Saint John, and Westmorland Lodge, Moncton, has been indefinitely postponed.

NO INQUEST HELD

CHIPMAN, Nov. 16.—The funeral of Ritchie Clark, who died Sunday evening from injuries received in Sayre and Holly's mill on Saturday, took place yesterday.

NO INQUEST HELD

No inquest was held in the case as the coroner decided that one was unnecessary.

Swine Club Competition Won by Manitoba Competitors

Saskatchewan, represented by James English and Stanley Gange, Prince Albert, came second, and close behind followed New Brunswick, represented by Clinton Payne and William Lindsay, of the South Tetagouche club, Beauséjour.

City Not Notified As Street Disrupted

Commissioner Frink said yesterday afternoon that the Canadian National Railways had disrupted Mill street and had gone ahead with extensions there without notifying the City Council.

"Canada Approved" is on labels of Clark's Meat Soups guaranteeing purity.

Ask your dealer for Clark's Soups. Made in Canada by the packers of CLARK'S Celebrated Pork & Beans.

Eternal Triangle Question Upsets Crocodile Peace

LONDON, Nov. 16.—George, otherwise known as Methuselah, the 100-year-old crocodile at the Zoo, has just remarried Mary, who was granted a divorce from him three years ago. John, Mary's second husband, whom she has recently deserted for her first love, has moved to a new home.

George first took Mary as his bride five years ago when they shared the same pool. George was then still growing, and after his marriage continued to grow both long-ways and cross-ways, and finally threatened to push Mary out of the pool altogether. Mary, who is of smaller and neater build, naturally objected to this, and engaged quite emphatically about it, amusing herself in her odd moments from domestic duties by nibbling George's long tail, and taking some quite nasty bites out of it.

At last things became insupportable, and Mary was granted a divorce. She was then married to John, who was a crocodile of the Zoo authorities and placed in another pool. Here she made the acquaintance of John, another crocodile,

and more or less adopted him as a second husband.

In the meantime, George expanded to such vast length that he has outgrown his own pool, and lately he was transferred to the large pool used by Mary, John and three other crocodiles. It was supposed that George would have forgotten all about his former wife and would settle down comfortably with the others.

But not so! George and Mary remained each other at once, and Mary, apparently reinfatuated with his imposing size, became friendly to him instantly and introduced George to John—a tactical error. George did not like the look of John, and the keeper came down one morning to find George—a triumphant gleam in his watery eye—with his head on Mary's shoulder, while John lay a defeated sulk, with one paw almost bitten through where George had attacked him.

He and the three others have now been removed to a separate part of the pond, and George and his re-united wife remain in peace.

Her Birthday Is Honored By 5 Generations

MARYSVILLE, Nov. 16.—Mrs. Jane Gilmore celebrated her 90th birthday yesterday in the enjoyment of good health. In the evening, at a party held in her honor, five generations of Mrs. Gilmore's family were present besides a large number of friends.

Stomach Troubles Are Due to Acidity

Tells of Pleasant Home Treatment to Bring Swift Relief

So-called Stomach Troubles—indigestion, dyspepsia, gas, sourness, etc., are, in probably nine cases out of ten, evidence of "too much acid in the stomach" souring the food, causing the formation of gas and starting acid indigestion.

Gas distends the stomach and causes full, oppressive burning feeling known as heartburn, while the acid irritates and inflames the delicate stomach lining. Get rid of Gas and Acidity, and you get rid of indigestion.

To stop or prevent the sourness and gas, to neutralize the stomach acids and keep the stomach sweet and free from fermentation, the stomach should be taken in a little water after eating or whenever gas, sourness, pain or acidity is felt. This quickly sweetens the stomach, neutralizes the acidity, stops the pain and is harmless and inexpensive to use.

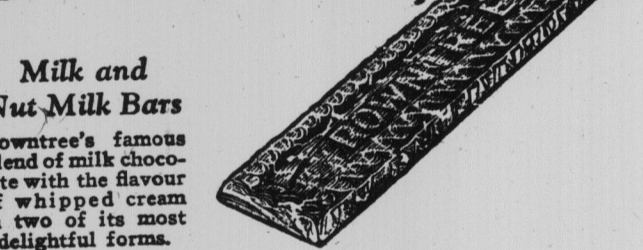

Bismarck Magnesia powder or tablets only, can be obtained from any drug store and its daily use keeps the stomach in this condition, enabling it to do its work without the aid of artificial digestants.

The Amazing Success of DEFOREST & CROSLY RADIO

An Engineering Triumph

Only a short time ago you expected to pay several hundred dollars for really worth while radio performance. To-day De Forest & Crosley engineering accomplishments have made the best that radio offers available at a fraction of former prices.

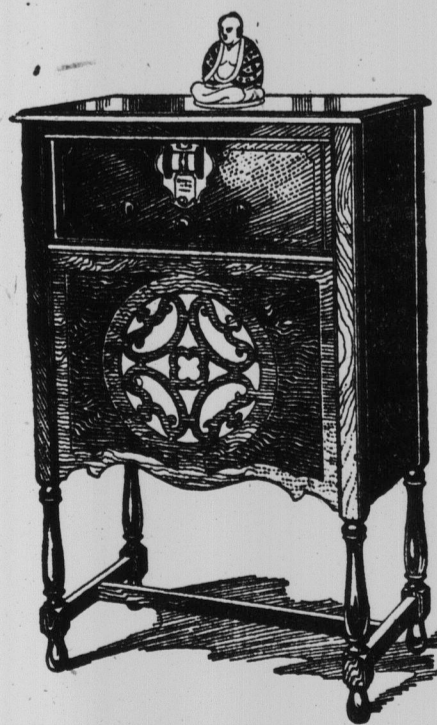

Added Attractions in Radio

By expressly building every component unit to suit Canadian conditions, De Forest & Crosley bring added attractions to radio—unexpected range, exactness of tone, uncanny selectivity, surprising ease of operation. Progressive D-C design has evolved radio that meets reception conditions in this country, admittedly different from anywhere else.

Standardization Revolutionizes Values

Through the D-C plan of standardized quality, every set no matter what price, is an exact duplicate of a master set, and no variation is allowed from these precision instruments. Such accurate methods, coupled with large buying power and low cost distribution have made outstanding radio performance available at surprisingly low prices.

Built in Canada to meet Canadian Conditions

Model C-5 Console Canada's Greatest Radio Value at \$115.00

New Brunswick Distributors: Jas. S. Neill & Sons, Ltd., Fredericton. Sold in Saint John by Manchester, Robertson and Allison, Ltd.

Only D-C Radio Offers All These Features ---

- 1 Exclusive Wheatstone Bridge principle of balance completely eliminates squealing or howling.
- 2 Adapted for use with power tubes, supplying extra reserve power.
- 3 New all-metal shielded chassis shuts out local interference and unwanted stations.
- 4 Drum control with graphic dial greatly simplifies operation and selects programs with unerring accuracy.
- 5 Special D-C tone chamber with cone and baffle system re-creates high notes, low notes and overtones with life-like fidelity.
- 6 Grand Master Cabinets by McLagan add new beauty and distinction to radio.
- 7 All features of design expressly engineered to meet Canadian conditions.

Before Buying Radio--- Investigate

You owe it to yourself to hear, see and examine the new standards of performance and value that D-C engineering has made possible. See the Authorized D-C Dealer and arrange for a demonstration.

CAESAR'S ORDER
2,000 YEARS AGO
IS UNEARTHED

Excavations in Italian North Africa Prove Interesting

ROME, Nov. 16.—An official report is being made by the Italian Director of Excavations with full details of the Table of Laws of Augustus, excavated near the Temple of Apollo at Cyrene, Italian North Africa.

This most important discovery, which was made five years ago, has been kept shrouded in mystery. Even today only the barest details are known.

Members of an Italian archaeological mission in 1921 began work close to the Temple of Apollo. Just below the surface they came across fragments of a marble slab. According to the system of the explanation these were placed in a certain area to be examined later. Only when docketing and registering began was an effort made to piece together the fragments.

AUGUSTUS MESSAGE
Then small but clear letters stood out. There were 140 lines, containing a message from the Emperor Augustus to the prefect of Cyrene, first century, B. C. Augustus Caesar's message was written in a clear, imperative style. He indicated the manner in which a colony should be governed, and also the measures to be taken to enforce different laws in future. This message was notified to all the colonies of the Empire.

Following a custom of ages, it had been engraved on stone and placed in a public place, so that all should learn the imperial will. Contents of Augustus Caesar's imperial edict are generally known. Cyrene's prefect, on receipt of the letter from Augustus, had its contents chiseled in stone and put in a prominent public meeting place. The Temple of Apollo, near which the tablet was found, was probably in the middle of the city.

BURIED BY 'QUAKE'
People have wondered how the inscription was so marvelously preserved during 2,000 years. The reason is that the tablet was buried in stone when an earthquake shook this part of North Africa some scores of years later.

Reception of these laws by the people of Cyrene must have been wonderful to behold, for this was the period when the worship of Rome and Augustus had begun to spread from Asia Minor to Africa. The legionaries who formed the colony joined in this worship of a living Emperor, and all his laws were blindly accepted.

IF ANANIAS were living today he would make a fortune writing real estate advertisements.

Best Way to Loosen Stubborn Cough
This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified honey, instead of sugar syrup. Either way, you get 16 ounces of family supply—much better cough syrup than you could buy ready-made for \$2.00. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine New-way pine extract and palatable guaricol, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

Wow! frozen again! No more taking chances with fancy anti-freeze mixtures for me. I'm going right around to an Atlas Station and have her filled with the ONLY dependable anti-freeze solution—

SWARM OF BUMBLE BEES HITS LINER

Insect "Borders" Put Steamer's Aerial Out of Commission

NEW YORK, Nov. 17.—A "hurricane" of bumble bees threatened the comfort, if not the safety, of the crew of the Dollar liner President Adams on her recent trip through the Mediterranean.

Capt. W. A. Ross, a veracious mariner, has the proper entries in his log to substantiate every detail, to say nothing of the ship's hospital record noting three days convalescence for Seaman Mike McGraw, one of the volunteers summoned to "repel boarders."

"It was a calm afternoon," reports Capt. Ross, "when a point or so off the beam I saw a black spot. The spot spread and a buzz like several aeroplane motors was perceptible. Through my glasses, I could see the air teeming with bees."

Condensing the details somewhat, his story relates the impact of the beestorm, the reefing of the good ship, the transfer of the Queen Bee to the liner's aerial with some few million of her loyal retainers and the prompt collapse of that equipment, preventing an S. O. S. had one been necessary.

Mike, before winning his A. B., had had some dealings with bees and he was sent along with an oil amudge to clear the wires. And Mike was under the doctor's care three days. It's all in the record.

DECISION RESERVED IN LABRADOR CASE

LONDON, Nov. 16.—Argument by counsel before the judicial committee of the Privy Council in the appeal in the Labrador boundary case in which Canada and Newfoundland is each seeking to prove ownership of a certain portion of the region of Labrador known under the name "Coast" which began five weeks ago closed today and judgment was reserved.

Rt. Hon. H. P. MacMillan, counsel for Canada, concluding his argument today, endorsed an allusion made by Sir John Simon, counsel for Newfoundland, as to the friendliness and neighborliness between Canada and Newfoundland.

CHAMPION AYRSHIRE COW NETS BIG SUR

TORONTO, Nov. 16.—The world's champion Ayrshire cow in production of butter fat, Betsy Wylie, has been sold by Samuel Crockett, of Middle Musquodoboit, N. S., to the Glen Campbell Stock Farm at Dundas, Ont. It is announced at the Royal Winter Fair.

A sum well into four figures was paid for the cow and her bull calf 15 months old. Betsy Wylie's average test for butter fat was 8.06 per cent. The cow recently made an official test of 1103 pounds butter fat from 21,808 pounds of milk.

Artificial Islands In Ocean Would Develop Empire Bonds

LONDON, Nov. 16.—A remarkable scheme for the provision of man-made islands, floating in mid-ocean, which would serve as ports of call for British airplanes flying from port to port in the British Empire, has been laid before the Imperial Conference now sitting in London. The scheme has been prepared by L. B. in Desbieds, an expert living in Paris, and the delegates at the conference have been supplied by him with full details and plans of the project.

Mr. Desbieds' plan would enable British aircraft to keep in touch with the time with British territory, instead of having to depend on foreign coun-

The depth of the harbor would be 20 feet. "As a large mass of material would be needed for the construction of an island of such dimensions, with its attendant structures, and as it would be difficult, if not impossible, satisfactorily to anchor such a mass to sea bottoms 5,000 feet or more below the surface of the sea, the island would be a floating one, drawing about 50 feet of water."

"The island would be built of reinforced concrete, electric cement being used, which resists any action of sea water. It would carry in its lower portion and in its sides a system of caissons and water-balloons to ensure equilibrium and flotation at the desired level. The island, shaped like a boat, would offer relatively small resistance to winds and currents. Three light-houses, placed at water level and projecting vertical beams of light, would enable the locating of the island at night."

These created island air ports would possess true harbors, which alone could produce the reliability and safety needed to make long-distance trans-oceanic air lines of real value to the Empire's communications. Each island would be a harbor 985 feet long, with an entrance to it 295 feet wide.

PROBE TO START IN N. S. COMPENSATION

SYDNEY, N. S., Nov. 16.—Dr. W. J. Egan, of Sydney, has been appointed a commissioner by the provincial government, under the Inquiries Act, to investigate complaints made by the miners to the Minister of Mines regarding the administration of the Workmen's Compensation Act. On Aug. 20 last, President John W. McLeod, of the United Mine Workers, District 26, wrote to Premier Rhodes and Hon. G. S. Harrington, minister of mines, setting forth certain alleged unsatisfactory conditions in the matter of claims for injuries received by the miners from time to time.

THE other day we read about a craved waiter who put Paris Green into a customer's soup. Some color scheme, eh?

Quality Creates Confidence

THE Ford car is the most simply designed automobile in the world.

It is entirely without superfluous parts, yet has everything needed for efficient operation.

It is easily handled by the inexperienced, and it has won the confidence of veteran or experienced motorists.

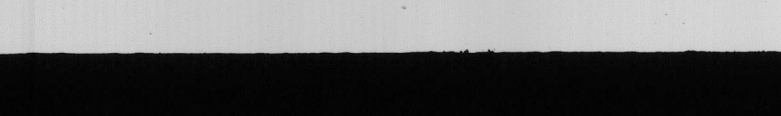

Because of its proven quality, over twelve million owners have chosen the Ford car as their ideal for practical transportation.

HACKETT WILL AIDS ACTORS' ASSOCIATIONS

Wife and Daughter Have Large Share of Fortune Above Million

NEW YORK, Nov. 17.—Several theatrical societies will ultimately inherit a large part of the estate, estimated to be about \$1,000,000, of James K. Hackett, the actor, who died in Paris on Nov. 8. His will has been filed for probate here, leaving his widow, Mrs. Beatrice Beagley Hackett, a life interest in most of the property after providing for a daughter by a former marriage.

Mr. Hackett had inherited the greater part of his fortune, which afterward sustained some losses, through a stroke of fate from a niece from whom he had been estranged all his life. She was Mrs. Minnie Hackett Trowbridge, who had made a will leaving her estate to her husband, Francis E. Trowbridge. He died in 1910, and a year later, before she could make another

Aviation In Canada Limited To Commercial, Says Barker

MONTREAL, Nov. 16.—"I see no reason why we should not do the same thing in Canada. The matter is naturally one which will need careful investigation as to climatic conditions, and the close measurement of distance, but taken broadly, I think that it is the brightest spot in the future of Canadian commercial flying; in fact it is, in my opinion, the only setting for successful air transportation here."

The above was the opinion expressed here today by Col. W. G. Barker, V.C., D.S.O., M.C. and Canadian war ace, when questioned as to the possibilities on Dominion lines of the project to be demonstrated within the next few days by Sir Alan Cobham, when he flies the last ten hours from the steamer *Homeric* to Battery Point, N.Y.

will, Mrs. Trowbridge was legally declared incompetent. The legacy to the husband thus lapsed, and, although lucid in mind many times thereafter, she was unable to prevent her residuary estate of \$1,179,183 from passing by law to the uncle she disliked. The money was turned over to the actor in 1914, nine months after Mrs. Trowbridge's death.

Mr. Hackett's will provides that on the death of his wife, one-half of the life interest she inherits in his real estate shall be distributed as she may direct in her will. Two-fifths of the other half is given to the Actor's Fund of America, to create the Hackett Endowment Fund, the income of which is to be divided equally "among the guests of the Actor's Home in Staten Island and be given them at such time as they desire and to be used as they see fit."

A one-fifteenth share is bequeathed to the Players Club, 16 Gramercy Park, to be used for the club library. The club is asked to provide a simple tablet "placed unobtrusively—perhaps in the library itself—to commemorate my memory; this tablet to bear the inscription: James K. Hackett, Chevalier, Legion d'Honneur, born Sept. 6, 1867, and giving the date of his death."

The Lams and the Actor's Equity Association are to each inherit one-fifteenth shares with the direction that the income be used for their respective libraries and the request that similar tablets be placed in the rooms.

Mrs. Hackett also inherits two-thirds of the principal of a trust fund created by her husband for his own benefit on March 2, 1915, which is to be held in trust for her and the income to be paid to her during her lifetime. On her death one-half of her share is to be divided as she directs in her will and the other half is to be distributed in equal shares to funds already created for the Actor's Fund, the Board of Education, the Players Club, the Lams Club and the Actor's Equity Association.

Another two-fifths share is to go to the Board of Education, the income to be used to strike bronze medals as prizes in public schools "for the encouragement and promotion of efficiency in English speech and oratory, or prose."

The other one-third share is given to Miss Elsie Manning Ketchum Hackett, a daughter by his first marriage, who also inherits among other effects, a watch given to the testator by her mother, Mrs. Mary Manning Wadsworth.

Another trust fund was created by Mr. Hackett for the benefit of his wife, the principal to revert to his estate on her death. One-half of this is to be disposed of by Mrs. Hackett in her will, and the other half is to be held in trust for the benefit of Mrs. E. M. Beckley, his mother-in-law, who lives in London.

On her death the principal is to be turned over to the National Memorial Theatre at Stratford-on-Avon.

Archbishop Nathan Soderstrom of Stockholm says if women insist upon shortening their skirts he is in favor of them wearing trousers instead.

WOOD CAN NOW BE IDENTIFIED BY MICROSCOPE

Remarkable Invention Recently Inspected By Prince of Wales

LONDON, Nov. 17.—Wood from an old gallion, an ancient building, or a priceless piece of furniture can now be identified—and its source probably discovered—by the Imperial Forestry Institute of Oxford University.

Today, one may see a remarkable branch of the forest through which hundreds of hitherto unclassified trees of the Empire's 1,887,000 square miles of forests—of which only 685,000 are at present accessible—have been identified as a result of taking the "finger prints" of 2,200 different types of trees.

The Prince of Wales recently inspected this work with great interest. It has been found that if wood is cut to the thickness of one-hundredth of a millimetre—an infinitesimal thickness—and placed beneath the microscope, beautiful curtain-like patterns are seen which indicate the species of trees as surely as a finger-print identifies a criminal. Many are of beautiful coloring.

As timber is one of the most important resources of the Empire, the value of such a system of identification is great. It has already been found, for instance, that 170 different "mahoganies" tested are not real mahogany and that many of them are not even of the mahogany family.

By the same test a leading railway company has been able to buy railway carriage panels of a kind they used many years ago and which gave them remarkable service. The institute took the "finger-print" of a specimen panel and placed it beneath the microscope, and the wood could be obtained. One important value of the test will be to indicate woods that cannot be trusted for various jobs.

Two trade conferences held recently, one in Portland, Me., by the eastern section of the Fleischman Yeast Co., and the other the Eastern Canadian Laundry Owners' Association, embracing Ontario, Quebec and the Maritime Provinces, were attended by Saint John representatives. At the former was William Cunningham, local manager of the yeast corporation, and at the latter, Russell C. Holt, manager of the New Systems Laundry.

The activities of laundrymen's organizations have been chiefly devoted to scientific research as affecting the manufacture of fabrics and the possibilities of laundering them. For instance the international association maintains in a Pittsburgh technical institution a high-salaried chemist and technician who puts all new fabrics to a test bearing upon cleaning processes. The Canadian association, as well as the international pay large salaries to experts on enzymes, textile research, etc. Upon the findings of these men fabric manufacturers place a great deal of dependence and practically nothing is turned out of the looms that does not undergo tests that will warrant its being laundered.

The get-together managers and salesmen of the Fleischman Yeast Co. took place in Portland, Me., late last week and included a large number of representatives from New Hampshire, Maine and the three lower provinces of Canada. William Cunningham, Saint John manager, accompanied by

MAILS FOR BRITAIN

Service For Week Ending Nov. 27 Announced

The chief superintendent of railway mail service, Post Office Department, Ottawa, advises that the despatch of mails to the United Kingdom during the week ending Nov. 27 will be as follows:

Business correspondence for London and correspondence specially addressed for the New York route to connect with the S.S. *Berengaria* sailing from New York on Wednesday, Nov. 24, at 10 a. m. Close 5 p. m. Nov. 22.

Full mail for Great Britain and countries via Great Britain to connect with the S.S. *Newfoundland* sailing from Halifax on Wednesday, Nov. 24, at 10 a. m. Close 5 p. m. Nov. 22.

Full mail for Ireland and Scotland to connect with the *Canard* liner *Athena* sailing from Montreal to Belfast, Liverpool and Glasgow on Thursday, Nov. 25, at 10 a. m. This steamer will also be used for direct parcel post for Belfast. Close 5 p. m. Nov. 23.

Full mail for Great Britain and countries via Great Britain to connect with the *White Star* liner *Regina*, sailing from Montreal to Glasgow, Belfast and Liverpool on Saturday, Nov. 27, at daylight. This steamer will also be used for direct parcel post for Belfast. Close 5 p. m. Nov. 25.

WANTS \$1,000 TO ENSURE MARRIAGE

Poor Roumanian Teacher Writes to New York, Asking For Aid

NEW YORK, Nov. 17.—A Roumanian school teacher wants a "rich and beautiful New York bride" to provide her with \$1,000 so she can marry one of Queen Marie's army officers, who is nearly as short of funds as the teacher is.

The marriage license bureau here has received a letter from Greta Fabich of Sateburg, Roumania, which says: "I am a poor Hungarian school teacher in a town of Roumania. I get such poor pay I can hardly live on it. I love with my whole heart a young officer who loves me. As I am

poor we are not allowed to enjoy life together. An officer is not allowed to marry a poor girl when he himself is poor. Let me have a blissful Christmas with Paul. I beg you with my whole heart to send me \$1,000. Your dear husband will doubtless help you to help me. Your girl companions, perhaps, would like to help dry my tears by making a collection. Dear God will pay you all. He it was who gave me this idea to write to you."

FAIRVILLE MAN TRAIN VICTIM ON SHORE LINE

Rufus Goss Meets Death When Speeder Hit by Special

The train, which was in charge of Conductor Michael M. Sullivan, with Engineer John Woodland, was brought to a stop.

Dr. H. I. Taylor, coroner of St. George, was notified and immediately proceeded to the scene in his automobile.

The roadmaster and section man, it is reported, were aware that the special train was proceeding east, and having arrived in St. George in the morning with a train of empty cars, and was returning to Saint John with a train of pulp.

LIVED IN FAIRVILLE

The late Rufus Goss was a man about 33 years of age and a popular employee on the railway.

Letters To The Editor

No Political Reasons Says H. R. McLellan

Saint John, N.B. Nov. 17, 1926.

Sir—During a Common Council meeting on the 16th inst, the question of port nationalisation was discussed and Commissioner Wigmore is quoted as follows:

"To the first part of his statement, I take no exception and am quite willing that he shall have any credit attached to his efforts, as applied to the production of such a document, as the bill for placing the harbor under commission."

It is a fact, because he says so, that I have the comfortable assurance, that it is a certain fact that it is not a selfish manner towards the defeat of the bill.

A HEALING FELLOWSHIP

The following letter has been received by the secretary of the Unity School of Practical Christianity of this city:

Dear Miss Heales: Your letter to Mr. Hickson has been sent to me addressed to the Healer Press, Mr. Hickson is not expected back in England until July next year.

COMMERCE IN GRAIN

FROM Canada's earliest days, grain growing has occupied her people.

Today the world depends in large measure upon Canadian wheat.

The tremendous growth in this branch of Canadian commerce—the position of Canada as the third largest wheat-producing country in the world—could never have been attained without the facilities afforded by Canadian banks.

The Canadian Bank of Commerce was the first of the Canadian banks now existent to establish an extensive chain of branches in the prairie provinces.

Twenty years ago this Bank had 43 branches in the central west; at present over 200 branches, with executive offices in each district, headed by men of lengthy experience and with wide powers, serve the production and marketing of the grain crops.

CANADIANS FARE BADLY IN NATIONAL LEAGUE OPENING GAMES

MARoons AND CARLETONS ARE DEFEATED

First Fight Marks New York Game—Two Players Receive Injuries

MONTREAL, Que., Nov. 17.—Canadian teams fared not well in the opening games of the National Hockey League last night. The world champion Montreal Maroons lost to the New York Rangers by a lone goal scored in the second period; Canadians went under to a rugged Boston effort 4 to 1; while the all-United States game at Pittsburgh the Pirates lost to the New York Americans 4 to 1.

The hockey form generally was decidedly early season, and play was rough. Numerous penalties were handed out, and in New York Bill Phillips of the Rangers, drew major penalties and fines of fifteen dollars each for fouls.

Sumner scored three for Boston, and Percy Galbraith, the other, substitute, clinched the game for his team against Pittsburgh, scoring in the first period. Linup at New York game:

Montreal Goal Winkler Benedict. Defense: Winkler Munro. Defense: Johnson Stewart. Defense: Boucher Siebert. Defense: Bill Cook Broadbent. Defense: Bun Cook.

ST. PATS. TONIGHT. The Toronto St. Patricks will play their season's debut at Chicago tonight when they will tackle the Chicago Blackbirds in another inter-sectional game.

LACK OLD TIME FORM. The Maroons showed none of the form that carried them to the championship last season. The speedy Rangers were skating rings around them. The scoring would have been much heavier, but for the excellent work of Benedict and Winkler in the nets.

BOSTON GAME. In a contest marred somewhat by playing conditions which included unavoidably soft ice and a sticky atmosphere, the Bruins swept through their opponents for two goals each in the second and third periods, while the Canadians were able only to get over a lone tally in the second.

Paul Berlenbach To Start Campaign Leading To Fight With Tunney

IS EAGER FOR CONTEST WITH JACK SHARKEY

Said Not Anxious to Scale Down to 175 Pound Division Again

NEW YORK, Nov. 17.—Paul Berlenbach, former light-heavyweight champion who has been taking a lay-off on the Pacific Coast ever since the close of the outdoor season, will return to New York within a few weeks. He is eager to close a match soon after the first of the new year against any man selected for him, preferably Jack Sharkey, Boston heavyweight and conqueror of Harry Williams.

Whether Berlenbach planned to return to the light-heavyweight division for another crack at the title he lost to Jack Delaney, Stern said, was a matter that would have to await the fact, however, that Berlenbach is seeking a Sharkey battle was taken to mean that the Astoria battler is not any too keen to scale down to the 175-pound division again.

Stern said that negotiations would be started at once for a Sharkey bout in January. "Tex Rickard, it is understood, would be more than pleased to stage the bout in Madison Square Garden after the new year, but whether he will be able to hold it in January depends upon a number of things.

Dispute Arises Over Friday's Referee. FREDERICTON, Nov. 16.—The University of New Brunswick Rugby squad will leave for Sackville, Thursday, to meet Nova Scotia Technical college, which will play on the same line-up as in the past two games.

Phone your Want Ads. The matter has been referred to Doyle of St. Francis Xavier, secretary of the intercollegiate conference.

JOHNNY NEMIS GETS DECISION OVER HARTNETT

NEW WATERFORD WELTER DEFEATS HAIFX SCRAPPY BY NARROW MARGIN. SYDNEY, N.S., Nov. 16.—Johnny Nemis, of New Waterford, defeated Joe Hartnett, of Halifax, in a ten round bout here tonight, taking a close decision. Clyde McInnis, of Halifax, and Mickey Young, Strickley, Sydney, fought a ten round draw in the semi-final.

Nemis' margin of victory was close, but it was well-earned. The Waterford welter won three of the ten rounds, two went to Hartnett, and the rest were even, and all ten rounds were crum-fall of action. Nemis did all the leading throughout and it was only on rare occasions that Hartnett would assume the offensive, coming only after he was hard-pressed by Nemis. The fact that Johnny carried the battle was a strong point in his favor tonight and one which probably won for him the decision of the judges.

On two occasions, in the third and ninth round, Hartnett claimed a foul, but was disregarded by the referee. The fans booed Hartnett with an "I-told-you-so" intonation and the pain he disappeared from his face. He resumed scrapping with as great vigor as before as the crowd roared with disapproval.

Nemis piled up a lead in the first five rounds which Hartnett started to overcome in the last five, but he only succeeded in taking the sixth and seventh, in which he put up his best fight. He came dangerous near being knocked out by Nemis when he complained in the ninth, dropping his hands to his sides, but Nemis, surprised by the other's action, failed to jump in quickly enough. For the remainder of the round Hartnett staged a furious but somewhat wild attack. He came out for the tenth round with a split lip, and the two battled it out evenly to the end.

J. Cruikshanks, of Sydney, refereed. The decision was given by two judges. LARRY McLEAN TO INSTRUCT LOCALS. PHILADELPHIA, Pa., Nov. 17.—William Wambsgans, veteran infielder, has been given his unconditional release by Connie Mack, manager of the Philadelphia Athletics. Wamb came to the Athletics after the close of the 1925 season from the Boston Americans. He has the unique distinction of being the only player to make an unassisted triple play in a world's series, accomplishing the feat as a member of the Cleveland team last season in the Brooklyn Nationals in 1920.

HOLDS ANNUAL. BATHURST, Nov. 16.—The annual meeting of the Bathurst Curling Club was held at the curling rink last evening and was largely attended. The following officers were elected for the coming year: president, B. C. Mullins; vice-president, secretary, George E. Wightman; chaplain, Rev. Neil McLaughlin; management committee, Fred McLaughlin, Albert E. Loosen and D. P. Connolly.

JOHNNY NEMIS WINS. SYDNEY, N.S., Nov. 16.—Johnny Nemis, of New Waterford, defeated Joe Hartnett, of Halifax, in a 10-round bout here tonight, taking a close decision. The fight was one of the best seen here in years, and over 1,200 fans were present.

On Tunney's Trail

Jack Sharkey, Boston heavyweight, who is at present in New York with his manager, Johnny Buckley. They are seeking matches leading to a fight with Gene Tunney, heavyweight champion. Among likely opponents mentioned for Sharkey are Harry Sherman and Monte Munn. Sharkey came into the limelight when he defeated Harry Willis a short time ago.

CONNIE MACK GIVES GATE TO WAMBSGANS. PHILADELPHIA, Pa., Nov. 17.—William Wambsgans, veteran infielder, has been given his unconditional release by Connie Mack, manager of the Philadelphia Athletics. Wamb came to the Athletics after the close of the 1925 season from the Boston Americans. He has the unique distinction of being the only player to make an unassisted triple play in a world's series, accomplishing the feat as a member of the Cleveland team last season in the Brooklyn Nationals in 1920.

LATZO TO DEFEND TITLE NEXT MONTH. NEW YORK, Nov. 17.—Pete Latzo, world's welterweight champion, has signed a contract to engage in his first battle in defense of his title, after an absence from the ring of five months. Latzo closed terms with a group of Newark promoters to engage in a ten-round bout against Joe Simonich of Butte, Mont., in a charity show in the Newark Armory on Dec. 8. The proceeds of the show will go to the St. James Hospital Clinic. Three other Newark bouts also were closed for the same night. Phil McGraw will oppose Dick Alford, Benny Bass meets Benny Cross of Newark and Monte Munn faces Al Road.

FIGHTERS READY FOR MATCH ON FRIDAY. NEW YORK, Nov. 17.—With both fighters below weight, Carl Duane, the champion, and Carl Duane, the challenger, have eased up in their training for their 18-round junior light-weight championship fight, which will be staged in the Garden on Friday night. Duane reported at Stillman's gymnasium, scaling 129 pounds, one pound under the required mark, and in order to avoid any chance of going stale he elected to indulge in only the lightest sort of work.

COACH SCOURED BY HOCKEY CLUB TO WHIP TEAM INTO SHAPE. Although the actual opening of the hockey season is not until the 22nd, the Saint John team will be in the city for the coming season. NEW N. Y. THEATRE COSTS \$3,000,000

Paramount Company Plans Formal Opening For Friday Night

The new Paramount Theatre in Times Square, New York, will be opened next Friday evening, and the film attraction for the auspicious occasion in the place of amusement that has cost \$3,000,000 (the whole structure, including the office floors, is valued at \$17,000,000) will have the modest title, "God Gave Me Twenty Cents," says the New York Times.

This new theatre and building was conceived by Adolph Zukor, president of Famous Players-Lasky Corporation. Harold B. Franklin, vice-president of Public Theatres Corporation, has supervised the work from the time it was commenced a year ago, and the other day, when he escorted a representative of The New York Times over the theatre section of the edifice, he lost no opportunity in pointing out the efforts of the carpenters, plasterers and electricians and others.

At the entrance to the theatre there is a semi-circular colonnade of strikingly veined marble columns, supported on a black and gold base, which itself is approximately one story high. Above this is a dome of gold, the top of which is fifty feet above the floor. The opposite side of this hall is formed by a tremendous glass window opening on the street. A bronze and crystal chandelier hangs from the center of the dome. In the day this lobby will be flooded with daylight, while at night it will sparkle with hundreds of electric lights.

Mr. Franklin called attention to the Hall of Nations, which is entered from the lobby. On one side of the wall of this hall is a collection of stones from various parts of the world, thirty-seven in all. They were obtained by the foreign offices of Famous Players. Each of these stones has a special significance, and in some cases they were officially presented by foreign governments. The story of each stone is told on bronze tablets. Another feature of his Hall of Nations is a bronze bas-relief of Thomas A. Edison, the great inventor, who, incidentally, is expected to attend the first performance in the Paramount Theatre.

Movie Sidelights

By Associated Press. Desire for authenticity in photoplay settings provides movie companies with world-wide travel. Only recently, London and the ancient village of Denham Bucks in England were exterior "sets" for the screening of Hutchinson's "One Increasing Purpose."

Among the screen folk, Monte Blue hopes to become a movie director, Syd Chaplin desires to travel, Louise Fazenda wishes to be a great emotional actress and Jane Winton and Myrna Loy want to become great motion picture actresses.

When Clara Bow appeared with a Chow dog the hair of which matched her flaming red locks in color, the combination was so appealing to other stars that a fad was started. Dogs, kittens and birds of colors matching the hair of their mistresses now are sought as pets.

The age of a photoplay makes little difference to fans in the Bahamas Islands, reports Charles Stallings, production manager of a picture being made in the islands. He said he recently saw Kathleen Williams in "The Man, the Girl and the Lion," which was made "when Hollywood was a potato patch, Tom Mix was an extra,

LADY MOOSE VISITS APOHAQUI STATION

Folks who have been visiting Apohaqui recently report that a day or two ago, in the early morning, a large cow moose made its appearance near the C. N. R. station and wandered about for quite a while. The moose seemed in no hurry to depart and was observed by a number of the residents. When it finally decided to depart for the closer country the animal easily jumped over a high fence onto the railway and followed the rails out of sight into the distance.

Alberta Beets Net 20 Pct. More Sugar

LITHBRIDGE, Alta., Nov. 16.—Southern Alberta's sugar beet harvest was completed today and the Raymond Factory closed its doors tonight after a fairly satisfactory run. Beet tonnage was somewhat less than 40,000 tons, and was disappointing, but the sugar content was well over 16 per cent, or two per cent. higher than last year. About 20 per cent. more sugar was extracted than a year ago.

\$6,000 GRANTED FOR REPAIRS TO FERRY SEAMER

Authority Given Hydro Commission for \$10,000 Extensions

At the regular weekly meeting of the Common Council, held yesterday afternoon in City Hall with Mayor White in the chair, and all commissioners present, permission was granted the Ferry Department to increase the proposed expenditure for repairs to the Governor Carleton from \$2,000 to the sum of \$6,000.

The report of the committee of the whole was adopted. It recommended that the application of H. F. Black, 169 Main street, to erect an electric sign be referred to the Commission of Public Works, the city engineer and city electrician with power to act, that the guarantee bond furnished by H. O. Clark for pavement in Britain street be cancelled, that the Dominion Government, C. N. R., C. P. R., Board of Trade, City of Saint John and Trades and Labor Council be asked to appoint a representative to a committee to be formed for the consideration of the nationalization of this port.

INVITATION ACCEPTED. An invitation from the Canadian Club to the council to attend a meeting on Thursday evening in the Vocational School, when the city will accept Dr. J. C. Webster various markers of historic sites, was read and accepted.

It was moved by Commissioner Frink and carried that the sums of \$600, \$250, \$200 and \$150 authorized for expenditure on retaining walls, be consolidated and made a bond issue. It was moved by Commissioner Wigmore that the award made by the Arbitrator in regard to the assessment on the property of Edward F. White be accepted. It was carried with Commissioner Frink voting "nay."

REPAIRS TO FERRY.

Commissioner Bullock reported on the matter of repairs to the ferry Governor Carleton which was damaged in an accident recently. The sum of \$2,000 had been authorized to be expended in repairs. The vessel had been dismantled out on the runway at the Saint John Drydock and Shipbuilding Company's plant and inspected by federal inspectors. They made surveys and specified certain repairs that would cost \$6,000. It was said that it would cost the city about \$40 for every day she was on the runway.

Mr. Bullock said that the same would apply to the Ludlow which would have to go on the runway next spring. The vessel had been dismantled out on the runway at the Saint John Drydock and Shipbuilding Company's plant and inspected by federal inspectors. They made surveys and specified certain repairs that would cost \$6,000.

SUCH IS CASE.

"Do I understand that we have two old worn-out boats," asked Mayor White, "and after we have spent \$6,000 we will still have to make repairs annually?" Mr. Bullock replied that such was the case. He then moved that the report and survey be received and the amount be increased from \$2,000 to \$6,000 and charged to next year's revenue, if necessary.

Mr. Wigmore said that he would second the motion as it seemed the only possible way out as the boat must be repaired to keep up the service. The only alternative was a bridge and that could not be built in a day or two. Commissioner Frink said that first \$1,000 was asked and on further examination it was increased to \$2,000 and now \$4,000 more was requested. There seemed to be a lack of finality in the matter. "Let us do it," he asked, "The inspectors may find more damage. Is this a final report?"

George Waring, superintendent of ferries, who was present, said it depended on how the vessel opened up. It looked to him personally as though this estimate would be final.

Commissioner Frink said that there seemed to be something arbitrary about the boat having to be taken to the drydock, and it was harsh to bar city workmen off the boat. The mayor asked what had been done in such matters before this company, which does not pay any taxes in the city, was established. Mr. Waring replied that the boats had been hauled out on blocks.

"In other words we are in the hands of monopolists regarding repairs," said His Worship. Mr. Waring said that the city's own employees were working on the boat. Commissioner Frink asked if the matter would end in a bond issue. Commissioner Bullock replied in the negative. No repairs have been done out of revenue. That was what kept the assessment up, he said. He said that the repairs might as well be made now as to wait until next spring.

GETTING ON WELL

Laymen's Campaign in West End Progresses

Good progress is being made in the men's campaign being conducted by the laymen association of St. Jude's, St. George's and the church of the Good Shepherd, Rev. F. J. LeRoy of the latter church said this morning. The report given to the campaign is to recruit men in the work of the church. Next Wednesday evening Bishop Richardson of Fredericton will bring the campaign to a close with a mass meeting in St. George's hall. Special services for men will be held in all three churches on the three Sundays following the meeting.

Special Match Game On Y. M. C. I. Alleys Tomorrow

Plans should fall in lively manner on the Y. M. C. I. alleys tomorrow (Thursday) night when four high scoring local men will meet in a match. The teams are Archie Copey will form a team to contest for supremacy with Noel Jenkins and Archie McDonald. Each of these men stands high in the bowling game in Saint John. Play will start at 7:30 o'clock.

Saint John Hunters See 33 Moose On Trip

B. J. Hawker, G. Phinney and C. K. Beveridge of Saint John, who have been on a four days' moose hunting expedition back of Clarendon, have returned to the city. The party had the services of the well known guides Carl and Roy Perrin, and were successful in bagging two moose. During their stay in the woods the party saw 33 moose and four deer within a radius of ten miles, and in one barren section counted no less than ten moose and two deer. The moose brought down weighed about 600 pounds apiece, and had an antler spread of 42 and 51 inches respectively. The party report gathered a plentiful supply of rabbits, they reported, as being very scarce.

Roxborough Lodge Card Party Success

Roxborough Lodge L. O. B. A., held a successful card party in the Prentice Boys Hall last evening, when 15 tables of auction forty-fives were enjoyed. The prizes were won as follows: Ladies, first, Mrs. W. H. Myles; second, Mrs. Thomas Meahan; third, Mrs. S. H. McAllister; gentlemen's, first, L. A. Belyea; second, James Pollock; third, Samuel Nicholls. The door prize was won by Mrs. C. G. Price. At the conclusion of the card game dancing was enjoyed for which music was furnished by Mrs. W. H. Myles, Samuel McAllister and William Davis. Refreshments were served by a committee of ladies composed of Mrs. Clifford Price, Mrs. Clarence Peer, Mrs. Charles Copey, Mrs. George Harryweather, Mrs. Frank Elzard and Mrs. Albert Evans.

HYDRO EXTENSION.

Commissioner Harding then moved the application of the City of Saint John Hydro Commission to spend \$10,000 for necessary extension be granted. After a short discussion the motion carried, a bond issue to be made for the amount. Commissioner Harding moved that the committee, consisting of himself and Commissioners Bullock and Wigmore, be granted power to close up the matter of the new city hall, West Side, and take the building off the hands of the contractors, Slackhouse Brothers. This was carried.

SORRY TO LOSE SERVICES OF TWO OFFICERS

Y. W. C. A. Receives Resignation of Mrs. Weyman and Miss McGivern

With much regret the directors of the Y. W. C. A., at yesterday's monthly meeting, received the resignations of the president, Mrs. E. C. Weyman, and the treasurer, Miss C. O. McGivern, both of whom have given excellent service in their respective offices. Mrs. T. H. Sommerville was appointed convener of a committee to nominate successors for these two officers. It being the week of prayer, the devotional exercises were led by Rev. H. C. Rice. Graduation was expressed at the returns of the recent Halloween fetes, the proceeds of which had enabled the association to pay 1 1/2 per cent. of the bills of all creditors.

It was reported that the week of prayer was being observed by all classes and clubs, with special speakers, and that the Y. M. C. A. had invited all young men and women to a sacred sing-song to be held on Sunday evening.

As very few had enrolled for the swimming classes up to the present time, it was decided to discontinue the classes after Dec. 1 if there were not sufficient pupils. The physical department reported many new members and all classes going ahead with much zest. Parties had been held by all of the classes, and the senior classes were entertained by the Y. M. C. A. Badges were presented to Beatrice James, of the Junior gymnasium, and Muriel Scanders, of the Junior dancing classes, who had brought three new members each. The basketball league was reported to be well under way and arrangements made for the first game to be played at the Y. M. C. A. on Nov. 23 between the Beavers and the Senior School Girls' team of the Y. W.

The Girls' Work committee reported progress made by the various girls' clubs, which are all in full swing. An urgent request was made for leaders for the clubs from among the girls in the different churches and for the support of the women of the churches. Stress was laid upon the importance of this work and its great growth.

TRAVELERS' AID.

The Travelers' Aid report showed that the work of the month had been chiefly in assisting people detained by the United States custom officers. There were 95 major and 106 minor cases, 243 trains were met and 291 persons were taken to the Canada Hotel, traveling alone, and two foreigners. Three persons were met by request, and were taken to the Canada Hotel Women's Hostel, 98 to the immigration office, and four to the employment agency. One charity case and two follow-up cases were given attention. Among the cases given special mention was that of a young woman who was loaned \$2.50 to enable her to return home and who returned the money within a few days, with an expression of gratitude. A man who, with his wife and five children, was stranded because their automobile had broken down, was assisted in procuring food, as the case was found to be one of general distress. Two blind traveling alone were assisted in finding their friends. One woman was assisted in finding employment.

PLANS MADE FOR ST. ANDREW'S DAY

Church Service on 28th; Scottish Night in Pythian Castle on The 30th

The annual church service of St. Andrew's Society will be held in Saint David's church on Sunday morning, Nov. 28. The sermon of the day will be preached by the chaplain, Rev. Hugh Miller. The annual celebration will be held on Nov. 30 and will take the form of a Scottish night at the Pythian Castle, beginning at 8 p.m. The speaker of the evening will be Rev. Colin Mackay Kerr, D.D., who will speak to the toast of the day. At 7:45 p.m. the installation of officers will take place to be followed by a program of music and dancing. The DeMott's Chapter, I. O. O. F., will serve supper. The year's coronation will mark the 12th anniversary of Burns' Day.

As Hiram Sees It

"Seems to me I see that feller there on that craft afore," says I to the town feller—pintin' to the patron of moonlight on Long Reach. "That," says he, "is the ghost of that there Alexander le Borgue de Bellisle we was talkin' about when war broke out between England and France in 1744. I forgot the oath of allegiance he took at Annapolis 'Royal' an' tool sides with the French. He stirred up the Injuns some an' his son—his name was Alexander, too—he was one of the leaders of the Injuns that tried to take the war of 1812. That there Alexander le Borgue de Bellisle lived there as late as 1784—an' the Nova Scotia authorities said he was a very good man. His wife was a Penobscot Injun chief's granddaughter. That was his ghost we just seen in the moonlight on the river."

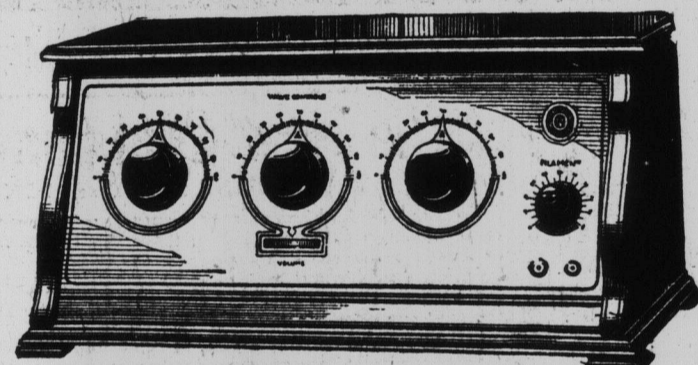

The Rule of 8 In Silverware

You don't sit six to a table, or twelve. Always you invite enough guests to make up fours for the Bridge that follows. Therefore why not buy silverware so as to accommodate eight—the fill of a dining table.

The Anniversary Pattern of 1847 Rogers Bros. or any other brand can be bought here like that. See the Argo Chest as pictured.
