TWELVE PAGES—ONE CENT

Short \$12,700 of Sum Needed To Get Big Hotel Here

COKE PLANT FOR ST. JOHN ASSURED

CITY COMBED AND BEATY PROJECT STILL IN DOUBT

Citizens' Committee in Serious Mood as Meeting is Held Today.

KEEP HUSTLING In Last Ditch Effort Campaign is Extended Until Monday.

At noon today the Citizens' Committee whose members have been working with every energy to secure the Admiralty Hotel for St. John, reported a shortage of \$12,700 of the sum requisite to ensure the building and operation of this large hotel in this city.

It was in very serious mood that the men who have been giving so much thought and effort to this matter met at the headquarters in the Macaulay building and heard reports from the eleven captains who have led the drive in the various sections of the city allotted to them.

At Critical Point. They fully sensed the seriousness of the situation in the possibility of the loss of this great asset to the city, for they know that if the \$12,700 is not raised there will be no hotel contract signed and know as well that if the \$12,700 objective is reached just so surely will the contract be entered into and the building proceeded with.

In a final last ditch effort which determined to extend the closing hour of the campaign until next Monday at noon.

It was announced after the meeting today that \$12,000 was the definite objective which must be reached and that, with all reports of stock subscription in the drive reaching \$10,000, the committee \$12,700 short. It was said that it had been a hard drive, that it had been a thorough canvassing job marked by aggressiveness of all in securing stock subscriptions, and with \$12,700 yet remaining to be secured, it was felt that the project should fail now.

Interest Outside. The eyes of the province are turned towards St. John, and there are many outside the city who are keenly interested in the result of this week's drive.

MANY ALIENS ARE SMUGGLED INTO U. S.

Three Montreal Men Under Arrest in Vermont—Jail Full. Newport, Vt., July 25—To a jail full to overflowing with aliens caught trying to slip across the border, immigration inspectors have added two more Armenians and arrested also three Montreal men on charges of trying to run them in.

The business of running aliens from Canada has grown to sizeable proportions since the application of the quotas under the immigration restriction law. "The jail here is full, and we are starting to fill up the St. Johnsbury jail," Chief Immigration Inspector J. C. Ford said.

There are 22 miles of border country in the Newport immigration district, and it is charged that Weston, Thompson and Sasarian brought the two Armenians across the border over back roads to Orleans, the first station south of the border where their tickets to Providence and had put them on the train when the immigration authorities caught the aliens.

REBELS' REQUEST FOR ARMISTICE AGAIN REFUSED

Federal Bombardment of Sao Paulo Resumed; Much Damage.

BANKS SUFFER

Raiding Parties Effect Entrance to City, But are Driven Out.

(By BRYANT POWERS) (United Press Staff Correspondent.) Buenos Aires, July 25—Bombardment of Sao Paulo was resumed by Brazilian Federal forces late yesterday with great damage to the city, according to radio messages here today.

There was severe fighting at the rebel outposts outside Sao Paulo City during the night. Federal cavalry carried out a number of raids, penetrating Sao Paulo at scattered points, but were forced to retire.

The luxurious Hotel Esplanade, one of the finest hotels in South America, has been damaged by the Federal bombardment. It was being used as a hospital by the revolutionaries.

Other buildings damaged, according to a radio received by the Buenos Aires newspaper La Razon include the branch of the National City Bank of New York, the British Bank of South America, the London and Brazilian Bank, London and Riverplate Bank and other Brazilian and French owned banks along the Rua Quinze de Novembro, one of the principal business streets of Sao Paulo city.

The rebels sent out a new request for an armistice so that the remainder of the civilian population could be evacuated, the dispatch to La Razon said, "but it was refused."

The newspapers estimate that more than 200,000 civilians are still in the city and in grave danger from the bombardment, despite efforts by both sides to protect them.

A majority of the American colony has left Sao Paulo city. Buenos Aires, July 25—(By Canadian Press)—The impression is growing stronger here that the Brazilian federal forces besieging the Sao Paulo are meeting such formidable resistance that the capture of the city is far from being an event of the immediate future.

It is becoming clear from scraps of information reaching here from one source and another that the fighting between the Federal troops and the rebels has resolved itself into trench warfare similar to that on the western front during the European conflict. The advances made by the Federal troops are reported in official communications to have been relatively small in regard to distance. This is small in itself, but it is significant to signify at most the capture of first line trenches.

Rebels' Defences. The rebels' main defences are reported to have been constructed under the direction of former Italian and German officers who served in the European war and who have been residing at Sao Paulo.

Indications are that the Federal troops, east and north, are at a considerable distance from Sao Paulo, but in the south have taken some of the suburbs and are well within bombardment distance of the city. Artillery appears to have been used freely in the past several days and it is feared that the city must have suffered heavily.

HIGHER BREAD IS FEAR IN ENGLAND

"Eat Less" Campaign is Begun in London—Bakers Warned.

(British United Press.) London, July 25—Supporting an "Eat Less Bread Campaign," the Daily News this morning quotes a world authority on the distribution of wheat to the effect that the "world is faced with critical situations in the memory of man."

Thought Traffic Cop Flirted With Her

Keene, N. H., July 25—That all traffic officers are not flirts when they wave their hands at a pretty house maid was discovered today when Frederick Pelonsky paid \$17.50 in court on a charge of speeding. Officer Guy C. Robinson said he was going 48 miles an hour. It developed that Pelonsky kept on going after Robinson had motioned to the maid in the back seat to have the driver of the car slow down. She told Pelonsky that the handsome officer was trying to flirt with her, and of course he kept on going.

JUDGE RESIGNS AFTER CONVICTION

Had Been Found Guilty of Operating Car While Intoxicated.

Boston, July 25—Following his conviction in a Boston court of having operated an automobile while under the influence of liquor, Associate Justice Morton Collingswood, of the Plymouth District Court, has resigned and Governor Cox has appointed Elmer L. Briggs, of Plymouth, to succeed him.

The facts have just been made public. Collingswood was found guilty in the Boston Municipal Court, April 14, and resigned in June. He is the second associate justice of a district court convicted of such an offence who has resigned.

LIBERALS LOSE B. C. SEAT BY RECOUNT

McKay Concedes Election of Opponent, But Counsel May Appeal.

Vancouver, B. C., July 25—Election of Michael Manson, Conservative for McKenna riding in the provincial election, was held yesterday. D. G. McKay, Liberal candidate, after recount had progressed a short time before Judge Cayley in the County Court here.

On the first count by the returning officer the Conservative was declared elected by 135 majority but on a recount the result was reversed and McKay headed the polls, seven votes above Mr. Manson.

BODIES OF 6 LOST KIDDIES LOCATED

Only One of 7 Children, Drowned From Canoe, Now Missing.

Bridgport, Conn., July 25—The bodies of six of the seven children who went out in a canoe last Thursday have been recovered. Three of them were found in different parts of the Sound and a renewed search is being made for the body of Ethel Bergquist, the only one missing.

The body of Clinton Nordquist, 12, son of Mr. and Mrs. Albert Nordquist, was found floating in Ash Creek, about two miles from the place where the children entered the canoe.

The body of a girl found floating in the Sound off Westbrook was later identified as that of Alva Nordquist, 12, daughter of J. A. Nordquist.

The body of Alva Anderson, 14, daughter of Charles A. Anderson, was found floating off Clark's Island, near Branford. The body was identified by the girl's father.

PERSIA'S REPLY ON MURDER OF IMBRIE UNSATISFACTORY

Disclaims Responsibility for Crime and Makes Excuses for Police.

300 ARRESTED

Premier Warns Populace Against Spread of Anti-British Rumors.

London, July 25—The Persian Government's reply to the collective note of the representatives of all the powers with regard to the killing of Robert W. Imbrie, U. S. vice-consul at Teheran, is considered to be most unsatisfactory, according to a Teheran dispatch to the Daily Mail.

The Persian Government, the dispatch says, will disclaim all responsibility for the outrage and make various excuses for the inaction of the police.

Among the 300 arrested since the crime is an anti-British agitator, Mulah Khal Isfahani, who has been deported. Owing to imputations that British intrigues were responsible for the death of Consul Imbrie, the Persian Premier has issued a warning that anyone spreading rumors likely to cause trouble will be severely punished.

Quebec Prepares To Greet Warships

Quebec, July 25—A meeting of the committee formed for the purpose of making arrangements for the entertainment of the officers and men of the special British service squadron, drew here on August 19, was held yesterday.

Among the events included in the programme is a dinner at Spencerwood, the official residence of the Lieutenant Governor, railway excursions to Grand Mere, Ste. Anne, etc. Band concerts will be held every night on the terrace, also boat racing on the river. The Quebec Railway Company announced that all naval men in uniform will be carried free on street cars.

BARRISTERS VISIT Sulgrave Manor

Northampton, Eng., July 25—(United States)—Members of the American Bar Association and distinguished British barristers, who are their hosts, made a pilgrimage here today to Sulgrave Manor, ancestral home of George Washington.

The occasion was one of sentimental appeal and historic interest with many speeches bringing in "hands across the sea" and no politics. Sir Charles Wakefield presented the original Washington pew to the old Sulgrave church, from which it was long since removed and owned privately.

ITALIAN FLIER STARTS ON NORTH POLE TRIP

Pisa, Italy, July 25—Lieutenant Locatelli, the Italian aviator, hopped off today for a flight to the vicinity of Spitzbergen in preparation for the proposed North Pole air expedition next year. He will fly to Marseilles, Lausanne, Rotterdam and London, and then will follow the route of the U. S. round-the-world fliers when they start for Greenland.

Dr. James Seth, Aged 64, Dies at His Home in Edinburgh.

Edinburgh, July 25—James Seth, L. L. D., professor of moral philosophy in the University of Edinburgh since 1898, died at his home here today, aged 64 years.

MURDERED CONSUL AND WIFE

Here are Major Robert Imbrie, murdered American vice consul at Teheran, Persia, and his wife. The consul was slain by natives as he attempted to take pictures of a religious ceremony. Mrs. Imbrie, according to dispatches, witnessed her husband's death. The Imbries were married a year and a half ago. Mrs. Imbrie formerly was Katherine Gillespie, New Rochelle, N. Y.

MOTHER, SEARCHING FOR BOY, LOST 12 YEARS AGO, HEARS HE IS MURDERED

Boston, July 25—Mrs. Harry Boice of Stoneham, who has been searching Europe and the U. S. for 12 years for news of her runaway son, Paul Henry, has got word at last of her long lost boy.

A terse telegram from the Kansas City Police informed her that Paul Henry Boice, once of Stoneham, was beaten to death last night on a Kansas City highway.

Young Boice's death is the fourth tragedy in his mother's life during recent years. Her mother and father were both killed in accidents, one five years after the other. Then her brother also died unexpectedly from a minor operation.

Paul Henry Boice left home when he was 14 years old. His parents made frantic efforts to trace him, but though they had clues to his presence in Maine, they got no definite word from him until the outbreak of the World War when he sent them a photograph of himself in the uniform of a Canadian infantryman.

After the war, Mrs. Boice got bits of news of the boy, but she never was able to learn his exact occupation and whereabouts.

SUSPECT RELEASED IN BOY MURDER CASE

New York, July 25—Milton Ware, a waiter, who was alleged to have confessed to strangling eight-year-old Francis McDonnell on Staten Island, was sent back to Newark, N. J., after the Staten Island police had been convinced that he was not the man they sought.

Ware, who previously had made and retracted a confession, was brought before the boy's mother with the ball, similar to Francis', which was found in his possession when he was arrested in Newark. Mrs. McDonnell said that the ball was not her son's, and the police decided that there was no basis for Ware's second "confession."

7 TIMES A WIDOW, WILL MARRY AGAIN

Bride, 74; Bridegroom, 96; Best Man 104—All Home Inmates.

Beauvoir, Miss., July 25—Mrs. Mary Sanders, 74 years old, seven times a widow, will be married to her eighth husband here Sunday afternoon. The bridegroom-to-be is A. J. Fuller, 96 years old. Mrs. Sanders and Mr. Fuller are inmates of a home here.

Uncle Pat McLoughlin, a bachelor, 104 years old, also an inmate of the home, will act as best man.

NEW INDUSTRY TO BE ONE OF FOUR IN THE DOMINION

Stanley E. Elkin Brings Cheerful News on Return to City Today.

TO BUILD DOCKS

This Will be First Part of Building Programme—North End Plant.

The new coke plant is now assured for St. John, was the announcement made this afternoon by Stanley E. Elkin, on his return from a trip to New York and Montreal. This large plant will involve an investment of considerably more than a million dollars and it will be one of four plants in Canada.

The new industry will start, Mr. Elkin said, this fall, and the head office will be opened at Montreal next week.

A great impetus has been given to the coke industry, Mr. Elkin pointed out, by the new discovery of the use of carbon dioxide in refrigerating plants. He declared that the entire refrigerating system throughout the world will be revolutionized by this scientific discovery.

Plans Ready Soon. The carbon dioxide is a by-product of the coke industry and it is used, he said, in this manner by burning coke and then by some system of generating the gas under pressure and releasing it under certain conditions.

The new coke plant, which will be one of the four plants, will be under the By-Products Company of Canada, Ltd. The plans for the new plant will be announced a little later, Mr. Elkin said, but the main fact of interest at present to the citizens, he said, was that everything was decided and the work of building the docks would be the first part of the programme.

Installation of the oven will come later. Returning to the new discovery in the refrigerating industry Mr. Elkin said that the first commercial plant was opened in Montreal yesterday and ice was made for the first time there before he left Montreal.

The new plant, which will be in the former Maritime Nail Company's building, will be situated at the foot of Portland street. New docks will be built to handle the export trade which will arise from this new industry.

Many valuable by-products, in addition to coke and gas, will be available and this new discovery of another use for carbon dioxide will further enhance the value of the industry to the city.

5 U. S. SHIPS AWAIT AIRMEN

On Board The U. S. S. Barry at Sea, July 25—Headed for northern seas to patrol and safeguard, so far as possible, the lane over which the U. S. round-the-world fliers will cross the Atlantic ocean from Europe to the American continent, a special division of torpedo boat destroyers passed out of Martha's Vineyard sound yesterday. The division, consisting of the Lawrence, as flagship, the MacFarland, Barry and Coghlan, will proceed to Halifax to join the cruiser Milwaukee which is already there, carrying fuel supplies for the fliers.

STABLE AT CAPITAL DAMAGED BY FIRE

Fredericton, July 25.—(Special)—Fire did considerable damage to the stable of R. T. Baird, Needham street, last night. The stable was located in the fuel yard of the owner and the cause of the fire is a mystery. The electric wiring had been inspected two days before and had been found all right. Vagrants sleeping in the building may have caused it.

The fire had good headway when observed and the first arrivals had some trouble in getting the four horses out. They were removed safely. The harness also was removed but much hay and other articles were destroyed.

WEATHER REPORT

WILL BE WELCOME TO MANY PEOPLE ON BOARD CRUISER IN CIVIL SERVICE

Visitors Allowed Saturday and Sunday Afternoons—Luncheon at Club.

Captain J. D. Campbell O. B. E., M. V. O., R. N., commander of the H. M. S. Constance now in port, announced this morning that the cruiser would be open for public inspection on Saturday afternoon and Sunday afternoon from 2 o'clock to 6 o'clock. It is expected a large number of citizens will take advantage of this opportunity to inspect one of the ships of the British Navy that played a part in the naval engagement of Jutland.

At 11 o'clock this morning Capt. Campbell returned the call of Mayor Potts and was introduced to the other members of the city council by His Worship. Luncheon at Club.

At a civic luncheon at the Union Club at 1 o'clock in honor of the officers of the ship, His Worship Mayor Potts occupied the chair and acted as toastmaster. Only two toasts were proposed, "The King" and "The Ship". The first was honored in the usual manner. The second was proposed by Mayor Potts, who referred fittingly to the visit of H. M. S. Constance and to the part which the navy had played in the development and extension of the Empire. This was responded to by Capt. Campbell, who expressed the pleasure of himself and officers at having the opportunity to visit his port and thanked His Worship for the very graceful welcome extended. Those at the luncheon were: Capt. J. D. Campbell, M. V. O., O. B. E.; Commander M. Goulden, N. S. C.; Lieutenant-Commander E. D. Lees, Lieut. A. B. Woodhall; Lieut. W. H. Portal, Mayor Potts, Commissioners Frink, Bullock, Wigmore and Harding, Common Clerk H. E. Wardrop, Sheriff A. A. Wilson, Harbor Master F. D. Alward, Chief Justice McKewen, Mr. Justice Grimmer, Judge J. A. Barry, J. C. C. Kirby, R. E. Armstrong, E. A. Schofield, Capt. A. J. Mulcahy, Lt.-Col. T. E. Powers, Col. E. T. Sturdee, Hon. E. H. Carter, Police Magistrate G. A. Henderson, H. C. Schofield, Sub-Lieut. Ellison and A. M. Belding.

Cricket Monday. While in port the men will indulge in various kinds of recreation. On Monday afternoon, the St. John Cricket Club will play the cricket team of the warship on the Barrack Green at 1 o'clock while arrangements are also proceeding for a soccer game between one of the city clubs and the ship's eleven. The Constance in addition to her football and cricket teams, hosts a fine polo team recruited from her officers.

Events Yesterday. R. E. Armstrong, president of the New Brunswick branch of the Navy League, and Capt. E. J. Sturdee, past president, paid a visit to Captain Campbell who expressed his appreciation to the Navy League for what had been done in providing entertainment for the officers and men of H.M.S. Constance while the ship is in port. Lieut.-Colonel T. E. Powers, senior officer of this district, accompanied by Captain H. A. Campbell paid an official visit to the commander of the Constance on behalf of Lieut.-Colonel H. C. Sparling, officer commanding Military District No. 7, who is absent from the city.

During a conversation with His Worship the Mayor and other city officials, Captain Campbell announced that H.M.S. Calcutta, with the admiral of the Atlantic squadron, would be a visit to St. John on August 11 and would spend a few days in this port. During the stay in St. John officers and men of H. M. S. Constance will be admitted free to the Imperial and Unique theatres and will be carried free on the street cars and ferry steamer. They have received invitation to make themselves at home at the officers' and sergeants' mess at the Armory.

R. N. M. Robertson visited the warship yesterday afternoon and extended an invitation to the officers to visit the Riverside Golf and Country Club, the Seaman's Institute, Prince William street, and the quarters of the R. C. N. V. R. Charlotte street, will also be wide open to members of the Constance crew.

Captain Campbell and officers also received an invitation to attend the recital of Mrs. F. M. Ross in the Robesey Collegiate School Memorial Hall, last evening, but were unable to accept it.

ONE STUDENT FROM NEW BRUNSWICK

Teachers Taking Summer Course in Study of Sub-Normal Child.

The summer course for teachers of auxiliary classes, which is being conducted under the Ontario Department of Education at Jesse Ketchum School with Dr. S. B. Sinclair as principal, has doubled its enrollment over last year, says the Toronto Mail and Empire. Sixty-two teachers, all from Ontario with the exception of one engaged in research study in order to promote the welfare of the subnormal child. Experts on different phases of mental and medical hygiene have been secured to lecture to the students with Dr. Helen MacMurchy of Ottawa, Dr. J. T. Phair, chief school medical officer in Ontario; Major J. Cowles, provincial school attendance officer; Dr. G. Boyer, lecturer on disturbances of the nervous system of children, and Judge Mott of the juvenile court are among the number. On the staff are Dr. Sinclair, Miss L. H. Desaport, who is in charge of the intelligence tests for children; Miss Legge of the auxiliary observation class of Jesse Ketchum school; Dr. Eric Clarke, lecturer on the diagnosis and treatment of the psychopathic child; Professor P. Sandford of the University of Toronto; Miss J. Loudon of the hospital for sick children, while Mr. J. W. Chester, Mr. Paton, Miss Little, Miss Gorrie and Mr. Summerfelt are on the manual training staff.

The teachers visit different institutions where methods for carrying on auxiliary classes may be observed, among others the Forest School for physically subnormal children; sight-saving and lip-reading classes, the ambulance and open air classes. Children come to the Forest School for manual training and for class demonstrations. The psychology of the child and the study of psychiatry are among the principal subjects of the course. The hearing of truancy, juvenile court cases and child psychology on the problem of subnormal mentality forms an important phase of the course. Manual training is found to be a great factor in the development of backward children. With such a widespread movement as there is at the present time to ascertain and remove if possible any barriers preventing the normal development of the child, great interest is being taken in the work of the auxiliary classes. Each year the course is more largely attended. The teachers who enter are required, except in a few very special cases, to have three years of teaching experience before qualifying as specialists for auxiliary classes. Ontario is the banner province in providing a summer school for this type of training. It is of five weeks' duration, concluding the first week of August.

BANDITS ABDUCT MONTREAL GIRL. Montreal, July 24—Early this morning police and detectives are scouring the city and district in connection with one of the most audacious abductions that has ever occurred here. ROAD WORK. Good progress is being made on road construction work on the St. Stephen's John highway, according to B. M. Hill, provincial road engineer, in the city today. This is the biggest job this year for the Department of Public Works and when completed will give the province one of the best roads in Canada. Mr. Hill also reports that he has entered the province this year than last year.

ON THE RIVER. The river steamers Hampton and Majestic were due to reach Indiantown this afternoon from up river, the former coming from Hatfield's Point on the Belleisle, and the latter from Cole's Island on the Washdemook. Both were expected to bring supplies of new potatoes, carrots, turnips, cabbage and blueberries. The strawberry season is rapidly drawing to a close although a few crates are still coming down river. They are being retailed at two boxes for a quarter. A few crates of raspberries have also arrived down river and are being retailed at eighteen cents a box.

BENEFITED BY TRIP. Hon. W. S. Fielding, Canada's Finance Minister, now here, is reported to be considerably improved in health today and in company with other members of the party plans to visit relatives at Acamad this afternoon. The trip east, according to members of the party, has done considerable good for the distinguished Canadian statesman and it is the earnest hope of friends and relatives that he will continue to improve. On Saturday, the party will leave for Joggins Bridge, Digby county, N. S., where the stay will be indefinite. The present trip to the Maritime Provinces is entirely for the benefit of the health of the Minister and Mrs. Fielding.

BASEBALL. An interesting game of baseball was played on St. Peter's Park last evening between St. Peter's Ramblers and the Imperials of the South End and resulted in a win for the former by a score of 4 to 3. The teams lined up as follows: Ramblers—Rolson, short stop; O'Connor, third base; Morris, catcher; McCann, second base; Cronin, first base; Dever, left field; T. McCann, centre field; Mullaly, right field; Richardson, pitcher. Imperials—Spellman, second base; LeBlanc, short stop; Payne, first base; McCluskey, pitcher; DeMille, third base; Scott, centre field; Bettie, catcher; Maxwell, right field; Coy, left field. A return match will be played between these teams next Wednesday evening. St. Peter's players continued their winning streak this morning when they defeated the Invincibles, 12 to 11. So far this season the St. Peter's nine have not been defeated. The batteries for the game were: Corrigan and Richards for the losers, and Butler and Cronin for the winners.

PERMANENT FUND FOR PICNICS FOR CITY ORPHANS. In order that the children of future generations shall go on enjoying picnics as he has been giving those of today in St. John, J. D. O'Connell said at City Hall today that he planned at handing over to the city \$5,000 which is to be invested and the interest used to give a picnic to the orphans in the various institutions in and near the city.

Victory in View So Dig Deeper. The tense hour of the Admiral Beatty drive has come. Today tells the tale. The goal is in sight—BUT NOT WON. Yet it will be won if citizens rise to the final occasion. And they need to, badly. Today's subscribers have twice the reason to boost the Admiral Beatty. They can save the situation. Let there be no fatal optimism like shifting the burden to others. This thing can get along without a one. A great credit or discredit is the choice of eleventh hour thinkers. What will it be?—within critical view of Victory? (This series of appeals to patriotism that pays in many ways have been contributed out of civic duty by J. M. Robinson & Sons, whose consultative services are open to all.)

PRINCESS WORKS IN CHICAGO; \$18 WEEK

Grand-daughter of Sweden's King is Studying Factory Conditions.

Chicago, July 25—The Countess Elsa, grand-daughter of King Gustav V, reigning ruler of Sweden, and daughter of Prince Oscar Bernadotte, is working in Chicago for \$18 a week at a power machine, cutting tanned hides for shoes and automobile cushions, it became known today. The Countess Bernadotte, later she registered at a hotel as Miss Elsa Bernadotte, told the Y. W. C. A. of her interest in the life of the factory girl and started out to find a job. She walked Chicago streets for several days, answering advertisements without success, then when she had about decided to give up her quest, she found a job. In the evening she goes home to a little room not far from her factory. She has not called upon any of the Chicago society women who watch her experiment, and will not until July 28. That is the day the hotel clerk says "Miss Bernadotte may be expected back."

She came to the United States to attend a Y. W. C. A. convention in Washington. Her father is president of the Swedish Y. W. C. A. Her drive into industrial life was made when the countess was told of an experiment the National Board of the Y. W. C. A. is making here this summer. Forty college girls from all over the country have been invited here to make a study of industrial conditions. They went out about a month ago and got factory jobs for themselves many of them trudging the streets for days before landing positions. They expect to use the experience thus gained to fit them for social service work.

PARROT HAS AN ESCAPE IN WATER STREET. A parrot, owned by E. Kelly, caused excitement in Water street this morning when it got out of its cage, got up a telegraph pole and perched on the wires. When attempts were made to catch the parrot it walked farther up the wires. Finally, the wires were shaken and the parrot flew into the old brass foundry next to the Dearborn building where it was captured after a strenuous search.

SIMMS CONVENTION IS TO CLOSE TODAY. This morning's session of the sales convention of T. S. Simms & Co., Ltd. was taken up by a review of the plans for a new advertising campaign decided on for the coming year. It was announced that a more extensive campaign would be conducted this year and the details were taken up this morning. The salesmen also offered suggestions regarding the most effective means of making this advertising sum the most benefit. The outline of the new campaign was given by Lionel Bennison of the McConnell Advertising Co., Montreal. J. L. Brown also completed his address this morning on "Brooms." The convention will be concluded this afternoon. All the members of the executive, the foremen, the salesmen, and the members of the works council of the factory drove to Loch Lomond last evening where dinner was enjoyed at Johnstone's Hotel. A baseball game was played between the factory representatives and the combined office and sales staff. The former won.

THE DOLLAR TODAY. At the July meeting of the municipal council Warden Wignorn said he had been informed by Miss Travers that the sum of \$750 voted her at the May meeting of the council, in settlement of her claim against the municipality for damage done her property in Sydney street by the blasting operations carried on back of the court house, had not been paid and asked why the account had not been settled. It was explained that the council had not made any provision for the money and there was no fund from which it could be taken without an order from the council. An order was passed that the money be paid from the contingent fund and assessed for in 1926.

FAIRVILLE PICNIC IS GREAT SUCCESS

Children of Good Shepherd Church Enjoy Outing at Grand Bay.

The picnic of the Sunday school of the Church of the Good Shepherd, Fairville, was held yesterday at Grand Bay. The attendance was large. Rev. W. P. Dunham, rector, and Thomas Pile, superintendent of the Sunday school, greatly added to the pleasure of the company by their assistance in the games. Mrs. H. T. Blagden was general convener and was assisted by Mrs. Alexander McCaughan, Mrs. Colin Gilchrist, and with the following committees: Salads, Mrs. Dunham, Mrs. Richard Dole and Mrs. Blagden; tea and coffee, Grey Townshend; primary department, Mrs. Gerhard Deger, Mrs. Chittick and Miss G. Pearson; serving, Miss Edith Warren, Mrs. Charles Hill, Mrs. Thomas Pile, Mrs. George Dunham, Miss Thelma Cheeseman and Mrs. A. O. Phillips; replenishers, Mrs. Robert Merryweather, Miss N. Duncan, Mrs. Thomas Gilker, Mrs. A. McCaughan and Mrs. J. Campbell; candy and fruit, Miss Bebe Reed and Miss Elsie Byers; soft drinks, Charles Hill, and ice cream, Mrs. Byers and Miss Evelyn Stears; bean toss, William Gorey, and rifle range, William Byers. The prize winners were Joseph Maxwell for the men's bean toss and Mrs. Thomas Totten for the ladies'. Fred Fritz won at the rifle range. Many other prizes were given to the children. The small children were all given their supper at a special table and had a special diet. The dinner and supper were served free for the Sunday school scholars and were very much praised for their tempting appearance. The tables were nicely decorated.

Five things you should know about your tooth brush

- 1 Is it made of the best bristles the world produces?
2 Are the bristles serrated (saw-toothed), and set in a curve to fit against all your teeth, and to reach the crevices between?
3 Does it have a large end tuft, and a properly curved handle so that the end tuft can reach and clean back teeth?
4 Will it keep germs, tartar, food debris, and other unclean substances off your teeth?
5 Is it fully guaranteed?

When your tooth brush is a Pro-phy-lac-tic, you can answer all of those five questions correctly. The Pro-phy-lac-tic Tooth Brush has for more than forty years been the standard, correctly designed tooth brush for keeping teeth clean, white and beautiful.

Sold everywhere in Canada and all over the world. Prices are—Pro-phy-lac-tic De Luxe, 75c; Pro-phy-lac-tic Adult, 65c; Small Size, 50c; Pro-phy-lac-tic Baby, 35c. Each is made in three different textures of bristles—hard, medium and soft. The Dental Plate brush is 65c. Send for "Tooth Trouble," our interesting booklet about tooth trouble and how to prevent it. FACES ABDUCTION CHARGE AT MINTO

Woodie Knox Said to Have Married Twelve-Year-Old Girl.

The following is from the Fredericton Gleners: Because he married a 12-year-old girl, Woodie Knox of Brigs Corner, Sunbury county, faces a criminal charge of abduction. E. Allison MacKay of Fredericton, clerk of the peace of Sunbury county, has been summoned to prosecute the case, and will go to Minto, where the case will be heard before Police Magistrate W. C. Lawson.

The complainant is the father of Freda Myer, who is said to have been 12 years old on her last birthday in April and to whom Knox is said to have been recently married by Rev. Mr. Crandall, a minister residing at Chipman.

It is said that Freda Myer is the second daughter in the family to be married at such a youthful age, and the irate father is determined to take criminal action. He lodged a complaint and, upon advice of Clerk of the Peace MacKay, a warrant was issued upon the charge of abduction. It is also understood that the Provincial Secretary-Treasurer's Department will be asked to suspend the license of the minister who married the couple, pending an investigation. Rev. Mr. Crandall maintains that the girl gave her age as over the legal limit for marriage and that he had no reason to disbelieve her statement.

Guard Your Mouth

Let WRIGLEY'S be the guardian of your mouth and throat. It will combat trouble of various kinds. It helps to keep the teeth free from food particles that ferment and cause decay. It has an antiseptic effect. It relieves acid mouth and thus not only prevents harm to the teeth, but serves to sweeten the stomach. It stimulates digestion and helps to prevent the forming of gas that causes dyspepsia. Read from a widely known medical work: "Chewing gum aids tooth nutrition and the cleansing action is a definite benefit—it prevents dyspepsia. Good chewing gum is excellent for bad digestion." R19

The Children's Declaration of Rights. Whereas, all children are born supposedly free and equal, having the right to choose their own futures, since they cannot choose their parents, and— Whereas, having the right to a healthy life, to be robust and strong, to be given as far as possible a good equipment for the battle of life, with good legs to walk with, good arms to fight with and a strong "machine" inside and out, and— Whereas, very little attention has been given to our views, despite the fact that we are constantly raising our voices to be heard, and— Whereas, many parents appearing ignorant of our needs and desires, themselves having forgotten the language and signs of childhood, We, the assembled delegates of the Young and Honourable Amalgamated Children's Association, do hereby solemnly and seriously declare and place ourselves on record that the thing we demand and which our parents can secure at any grocer's and thereby give us the finest start in life that it is possible for any children to have is nothing less than NESTLÉ'S MILK. And that a copy of this resolution be sent to the daily papers of Canada and printed in large type, and that all good grocers co-operate by displaying Nestlé's Milk prominently in their stores. The resolution was unanimously carried. Made in Canada by the makers of Nestlé's Baby Food. NESTLÉ'S FOOD CO. OF CANADA, LIMITED, MONTREAL.

GOVERNMENT PURCHASING.

According to a recent statement made by Governor Pinchot of Pennsylvania, \$40,000 of the money of the people has been saved every working day through abolition of "political snags," wiping out of "political favoritism," buying supplies honestly, intelligently, and economically, and by placing state government on a sound business basis.

THE MEMORIES OF BEAUSEJOUR

Old Fort Beauséjour is coming into its own, says Bystander in the Toronto Globe. Despatches tell of the dedication of a cairn and tablet on this precipitous bit of Acadia ground, where the French and British fought for mastery in the war in which Quebec and Canada fell and French occupation of the marshes of Tantramar, famed of poets, on the hillside three miles to the north of Amherst, overlooking the point of view quite different from ours, as ours differs from that of the people of 1867.

BOARD OF HEALTH HAS NICE OUTING

Enjoy Motor Trip to St. Martins and Dinner at Loch Lomond.

The members of the Sub-district Board of Health combined pleasure and duty in a very agreeable fashion yesterday when they were the guests of John Kelly, chairman of the board, and had their annual outing at St. Martins. The party drove out to St. Martins by automobile and had dinner at the Avon House, carried out an inspection of slaughter houses and other premises, and interviewed certain individuals and afterwards made an inspection of the lighthouse at Quaco.

Mr. Kelly is inspector of lighthouses and was able to conduct the party through that very interesting establishment and explain the details of its management. The party motored back to the city, stopping to have supper at Johnston's Hotel, Loch Lomond. On the return journey some inspections of different locations were made and the board gave special attention to the surroundings of Loch Lomond. After supper a short business session of the board was held and certain routine matters disposed of.

Those who went on the trip were Mrs. Richard Hooper and Miss J. Lawlor; two guests, Miss K. Lawlor and Miss Kelly, Dr. William Warwick, Dr. E. Stanley Bridges, Dr. T. Fred Johnston, S. S. McConnell, Mr. McDonald, who kindly loaned his automobile; Commissioner R. W. Wigmore and T. M. Burns, secretary.

WEDDINGS

Green-Golding.

A quiet wedding took place yesterday afternoon, at 222 Main street, when Rev. Dr. David Hutchinson officiated at the marriage of Miss Marjorie Roberts Golding and George Albert Green, both of Hampstead, Queens county. The bride and groom were unattended and after the ceremony they left for Montreal to take boat for a two month's trip to Europe. On their return they will reside at Hampstead.

DEATHS

Peter Jeffrey.

Peter Jeffrey, son of Robert E. and Nancy Jeffrey, of Bagdad, Queens county, N. B., died in the St. Eugene Hospital in Cranbrook, B. C., on July 18 after a short illness of paralysis. He was born in Bagdad and was 48 years of age. He went to the west 18 years ago and had been engaged in the lumber business there since. He is survived by six brothers and one sister. The sister is Mrs. J. B. Cromer, Port Sledge, B. C., and the brothers William, Wallace, Robert, Isaac and Bismarck, of Young's Cove Road, N. B., and Frederick, of Fredericton.

Mrs. Dominique LeBlanc.

On Tuesday morning at her son's home in Moncton, Mrs. Dominique LeBlanc died, aged 85 years. She is survived by two sons and one daughter, John LeBlanc, and Dominique LeBlanc, with whom she was living, and Mrs. Frank Alard of Quebec. Two brothers, Willie Landry of Amherst and Mr. Mac Landry of Shediac river, also

ADVENTURES OF THE TWINS

By Olive Roberts Barton

THE STORY OF A BRASS RING

He ate his lunch in a hurry.

The merry-go-round in Happy Go Lucky Park was a jolly one. Nick made the music go, and a whistle went "toot-toot," and Mister Zip, the fairy man, turned a handle that started the merry-go-round. Nancy looked at the tables so they couldn't fall off and get hurt.

"I'm gonna stay till I get the brass ring," said Cutie, as he drew near and heard the ting-a-ling-a-ling, dum-de-dum-de-dum of the music. "And when I get it I'm gonna keep it to show to my friends. Hello, Nick!" "Hello, Cutie," called Nick. "Hop on. You're just in time."

The little rabbit boy got on the merry-go-round and climbed up on a fierce-looking dragon with a curly tail. "Hokey!" he shouted as the whistle went "toot-toot," and Mister Zip, the fairy man, turned the thingamajigger that started the merry-go-round on its circular journey.

What's that? What did you say? Who was it that went "hokey," Cutie or the dragon? My goodness, it was Cutie, of course, for the fierce dragon was only made of wood, and even if he hadn't been, he'd have been lashing his tail and gnashing his teeth and breathing fire through his nose, and wondering how a nice tender rabbit would taste for his dinner.

"Oh, I see! You think that's why he was saying 'hokey'! Just because Cutie climbed on his back!" "Well, maybe he would, but as I said before, how could he when he wasn't alive?"

Round and round and round went the merry-go-round, and every time Cutie passed the big wooden thing

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain—How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

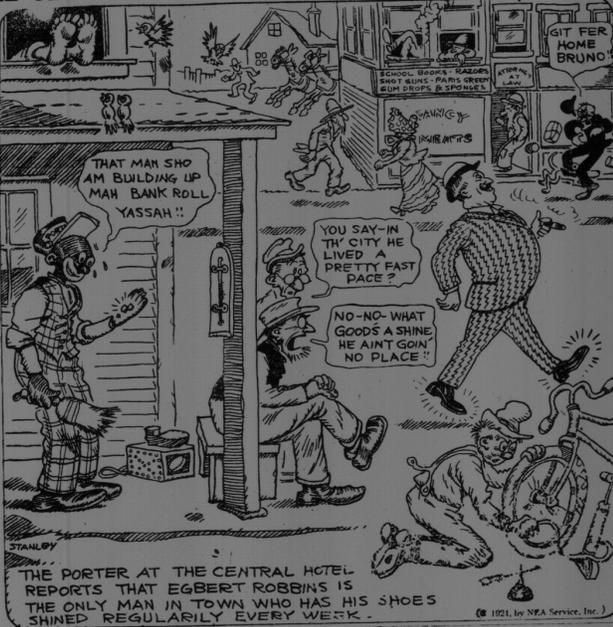

with a ring in the end, he held out his hand and got one. He got so many iron rings that both his ears were full. For every time he got a ring he slid it over an ear.

And then didn't he get the brass one? "Hokey!" he shouted, louder than ever. "I'll slip this one in my pocket and take it home." Cutie was going to get into a peck of trouble.

UNDERTAKER SUES CITY OF TORONTO

Claims Health Board Responsible for His Taking Smallpox.

Toronto, July 24.—An undertaker is suing the Toronto Board of Health because his complexion has been ruined. This is the curious result of a claim made by Reginald Roy Moore, undertaker, who claims that the Board of Health is responsible for his attack of smallpox last February because he was not warned.

Mr. Moore, who is badly disfigured, said yesterday that his illness, in his opinion, was due to gross carelessness on the part of the Board of Health. Since his disfigurement, he says that he is unable to obtain lucrative orders in his profession.

Mr. Moore has issued a writ at Osgood Hall claiming unstated damages against the Board of Health.

Mr. Moore added that two weeks ago the husband of the woman he had embalmed and whom he claims to have

COMES THIRD IN MATRICULATION

Miss Lucille Hodgson, 16-year-old daughter of F. J. Hodgson, came third in the matriculation examinations qualifying her to enter McGill University this year as an arts student.

Miss Hodgson made 827 out of a possible 1000. The winner, a boy, made 895 and the second, a girl, made 832. There were 581 who wrote the examinations and 385 passed. Miss Hodgson will go to Mount Allison University where she will also take a musical course. She was mentioned a few days ago in the hall, as having won distinction in every department of her matriculation studies at McGill Conservatory of Music.

Following are the results of the McGill matriculation examinations written a few weeks ago by students of the Netherwood School for Girls, Roxbury.

Passed full McGill matriculations: Ethel Lugsdin, Daphne Paterson, Marjorie Harding, Katherine Dickson, Alida Dickie, Dorothy Hinton.

Passed eight subjects, E. Richardson; seven subjects, Edith Wren; and six subjects, Margaret Tilley. The following third collegiate girls passed all of the first half of their matriculation subjects: Ruth Harrison, Muriel Tapley, Helen Cannon, Margaret Peters, Constance Watson.

High marks were made by several pupils: Ethel Lugsdin 100 per cent, in geometry and 90 per cent, in physics and first class in both French papers; Daphne Paterson first class in French, geometry, and physics; Margaret Peters first class in chemistry and geometry; Ruth Harrison first class in English literature and in composition; Helen Cannon and Marjorie Shaw first class in history.

MIDDLE SACKVILLE BOY IS DROWNED

Moncton, July 24.—While bathing in Silver Lake at Middle Sackville this afternoon with three other boys about his own age, Norman Brooks, age 12 years, son of Roy Brooks, Middle Sackville, got beyond his depth and despite the efforts of his companions to save him, was drowned. None of the boys could swim much. One of the boys got the drowning boy by the hand but was unable to get him to shore. The body was recovered about 11 o'clock tonight.

Baby's First Tooth

The first tooth! It's a tradition in every family possessing a baby. And it was thus in the Mann family. Mr. Mann staged a veritable celebration at the office. Teeth buds begin to form in the third month of life before birth. Thus, the diet of the mother has a great deal to do with the later development of the teeth. The mother should have liberal amounts of milk, green-leafed vegetables and fruit containing mineral salts, as well as vitamin-bearing foods.

NORTHUMBERLAND LIBERALS MEET

Newcastle, July 24.—The annual meeting of Northumberland County Liberal Association was held in the Town Hall here yesterday afternoon. Dr. F. C. McGrath, the president was in the chair and there was a large attendance of delegates from all parts of the county. Dr. W. T. Ryan, of Boiestown, reported regarding the meeting held recently in St. John. Officers for 1924 were elected as follows: President, Warden Richard J. Gill, Barnaby River; secretary, R. A. N. Jarvis, Newcastle; treasurer, Edward Gallivan, Chatham.

Social Notes of Interest

Mrs. and Mr. Allan Rankine and Mr. and Mrs. H. Fielding Rankine were joint hosts and hostesses at dinner last evening at the pretty summer residence of the former at Westfield, the guests of honor being Hon. W. S. Fielding, Mrs. Fielding and their party. Many members of the Rankine family in the city were present and the function was delightful in its informality and as a get-together of the relatives of Mrs. Fielding. Mrs. L. W. F. Healds, Miss Florence and Miss Zillah Fielding, daughters of Mr. and Mrs. Fielding, and Mrs. Headley, were the special guests. They were guests at luncheon of Mrs. Frank Rankine, 210 Germain street, after which they went to Westfield for the afternoon. Today Hon. Mr. Fielding and his party were informal guests at luncheon of Mr. and Mrs. Henry C. Rankine, McArthur Apartments, Germain street. They expect to leave on Saturday for Joggins' Bridge, N. S., near Smith's Cove, Digby. They hope later to spend a short time at the Fielding summer home at Chester, before returning to Ottawa. Mr. Fielding is seeking rest, owing to ill health.

Mrs. Hugh Mackay entertained Wednesday afternoon at a bridge of four tables at her residence at Rothsey, the guests from the city being Mrs. George K. McLeod, Mrs. J. Busby and her sister, Mrs. Hazen Hansard, of Montreal; Mrs. Stewart Skinner, Mrs. Arthur Adams, Miss Sidney Smith and Mrs. Percy Turcot. From Rothsey were Mrs. Gilmore Brown, Mrs. Bartlett, of Charlottetown; Mrs. J. Bright Cudlip, and her guest, Mrs. Davy, of Montreal; Mrs. Andrew Jack, Mrs. Fred Caverhill Jones, Mrs. Phin, of Hamilton, Ont.; Mrs. Gordon Sinton and Mrs. F. M. Ross, who came in for the tea hour, and a few others. Mrs. Gilmore Brown won the bridge prize.

Mrs. Andrew Jack, who is at Rothsey Park for the summer, entertained at three tables of bridge at the Riverside Golf and Country Club Monday afternoon.

Mrs. William Pugsley was hostess yesterday at a luncheon bridge at her residence at Rothsey, for 16 guests in honor of Mrs. Malcolm Scovell, of Cleveland, Ohio.

Miss Vicars McLaughlin is visiting in Moncton, the guest of her aunt, Mrs. J. M. O'Connell.

The Misses Gladys and Violet McLaughlin entertained several friends Wednesday evening in honor of their guest, Fred Reinhart, Jr., of Newark.

SUMMER HINTS FOR HOME DRESSMAKER

(By HEDDA HOYT, Fashion Editor of United Press). New York, July 25—

Needs and pins, Needs and pins, When summer comes A girl's trouble begins!

The sudden warm spell has caught many of us unawares, for we were beginning to think that a couple of silk frocks would carry us through what threatened to be a cool summer.

Miss Grace Burgess, of Campbellton, is visiting Mrs. Arthur Wilson, Manawagonish Road.

Mrs. H. Brodie, of Montreal, who was the guest of her son, Mr. H. R. Brodie, and Mrs. Brodie, Manawagonish Road, left for home yesterday after a pleasant visit of three weeks.

Mrs. Milford McAllister, of Lornville, who expects to leave with her family for Vancouver, in a few days to join Mr. McAllister there, was the occasion of a pleasant farewell party Wednesday evening at her home.

Mrs. Gifford Lawrence with Miss Hazel Williams, Miss Marion Carvell, Miss Edith Carvell and Mr. Gordon Carvell, motored to Calais, Me., Wednesday, returning in the evening.

THE SINGER'S COSTUME

Miss Anna Case, who sang daily at the Democratic convention, wears a frock of this type, which is bound to be becoming to the matronly figure. This is a white, summery georgette, with straight, long-waisted bodice and finely pleated skirt. There are no sleeves to this frock, but a cape of pleated white georgette extends just over the shoulder, being attached at the shoulder seams. Miss Case wears the popular short wristlet gloves, leaving the remainder of the arms bare.

Of course, the tunic-skirt deceives considerable attention, since so many models are using it. Sometimes the tunic is a dark shade. Several such gowns used huge white polka dots on a blue background with an overdress of navy blue chiffon. Rose-figured crepe with a brown chiffon overdress is very lovely as one has the pretty vivid rose tints modified by the sheer overdress.

A Lovely Silk Frock. Among the lovely silk frocks one sees the colorful printed material shaded by a complete overdress of chiffon of a dark shade. Several such gowns used huge white polka dots on a blue background with an overdress of navy blue chiffon.

A Pretty Frock. Among the noticeably pretty frocks which have appeared during the last week we find the simple, almost dress-like frocks with straight and unpleated lines which have their skirts trimmed with three rows of wide insertion, each row of insertion being finished at the bottom with a pleated ruffle of the

frock material. Sometimes a narrow string sash ties at a low waistline. This type of frock is very popular and is made of various materials, among which are printed silk and cotton crepes, plain crepes, all-over laces and voiles. When such a frock is made of wash material the founce which finishes the banding is shirred rather than pleated for laundering purposes. While the youthful, slender figure wears this sleeveless frock without a neckpiece or any sort of arm covering, the matronly figure is apt to wear a fluffy feather boa or a short pleated cape, which combines bands of insertion with pleated material.

MRS. ROSS AGAIN CHARMS HEARERS

Large Audience Attends Recital in Aid of R. C. S. Memorial.

The Rothsey Collegiate School Memorial Hall was completely filled last evening when Mrs. F. M. Ross, of St. John and Rothsey entertained with another of her charming educational recitals, a two-hour contribution to the joys of a representative audience as well as a very considerable monetary contribution to the memorial fund of the institution. Rev. Dr. W. R. Hibbard, headmaster of the school, aptly expressed the sentiments of the people in publicly thanking Mrs. Ross for her artistic and practical generosity. A veritable procession of flowers punctuated the programme, heaping up the stage, the tables, and finally the piano top. Mrs. Thomas Guy, who furnished piano incidentals, was similarly complimented with flowers.

Those who had been fortunate enough to hear Mrs. Ross were certain of the pleasure in store; others who received their audience introduction to her at Rothsey last night were unanimously added to a fast growing host of enthusiasts. Local people are getting to know through each succeeding recital why the discriminating press of the United Kingdom has referred so flatteringly to the performances of the talented lady. Her art is quite irresistible and it will be withholding a very rich treat if a more general public hearing of Mrs. Ross' selections is not eventually arranged.

Student of Human Nature

It would appear capacious to offer any comparisons considering the well-mixed list of selections in last evening's programme. Mrs. Ross is possessed of a fine sense of humor that imparts a rare jollity to her humorous numbers. She is evidently a close student of human nature as her portrayals of childish parts would suggest. Her serious numbers are delivered with the dramatic touch of the finished actress. Our own Stephen Leacock's whimsical fun does not escape her, nor the grandeur of Kipling.

Mrs. Ross is also a writer of ability. The numbers appended are being credited to her, some of them at least, for the lady's modesty is quite as marked as her art. These original numbers are delectable little fictions—though typical of real life as her keen senses find it—and when reproduced by her get their full human

value. The possessor of a rich voice, unaffected manner and pleasing presence, Mrs. Ross is especially gifted.

THREE INITIATED.

Marlborough Lodge Sons of England held their regular meeting last night in Orange Hall, Germain street, with P. L. Griffin, the president, in the chair. About 30 members were present and three new members were initiated. After the

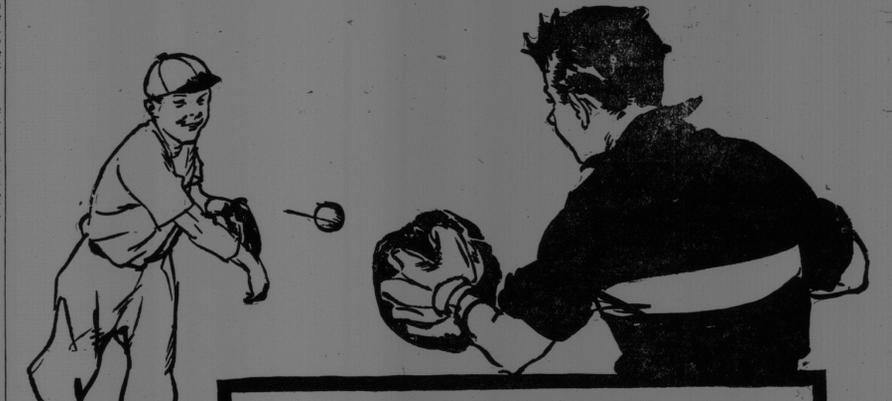

lodge business refreshments were served and smokes were passed round. Speeches on the good of the order were given by F. W. Punter, past president, W. P. Griffin and R. I. Carlous, worthy treasurer. Songs by G. W. Parker, E. C. Tremain, A. Clayton and C. Green, and a comic sketch by Messrs Bawn, Blandon and Bevins, closed an enjoyable programme.

While Sunlight Works

YOU have more leisure hours on wash day if you use Sunlight Soap. Away downstairs in the wash tub this wonderful soap will do the labour. You rub the things with Sunlight—you put them to soak—and then its penetrating, cleansing ingredients search through and through the fibres, loosening even the hardest dirt or the oldest grease stains completely. No wash board rubbing, no boiling, no hard work. Then, with rinsing, the dirt runs away and your clothes are ready for the line, purified and snowy clean.

Wash day should not take your labour—only Sunlight's gentle strength.

APPEAL FROM THE CLERKS.

To the Editor of The Times-Star: Sir—We, the undersigned, clerks of the various retail grocery, butcher and provision stores...

As the public know, many retail stores are open during the evening until 10 o'clock...

As clerks are now appealing first to those who are so fortunate as to have the pleasure of their evenings off...

Secondly we appeal to the housewife, who in the most of cases does the purchasing for the home...

We are not asking for anything unreasonable, but just what is fair, and in what we are asking we feel sure we have the consent and support of our employers...

Trusting, therefore, that we have the support of the public in our effort to obtain the early closing of the smaller retail store...

O'BRIEN GETS 14 YEARS IN PRISON

Drug Store Burglar is Tried in Charlotte—St. John Witnesses.

St. Andrews, N. B., July 24—Daniel O'Brien, who was committed under the name of John David Davis, and who had elected to be tried under the Speedy Trials Act, appeared before Judge Carleton in the Charlotte County Court at St. Andrews today and pleaded guilty to two charges in the account against him: first to having brought a stolen automobile into Canada, knowing it to be stolen, and second, to having entered Watson's drug store in St. Stephen and taken therefrom goods to the value of \$200.

Reginald Claude Whitman, who claimed Paradise, Annapolis county, N. S., as his home, pleaded guilty to having forged a check on the Royal Bank at Fredericton and was given two years at Dorchester.

Detective Bidlicombe and Police Sergeant, who motored to St. Andrews yesterday morning and gave evidence in the O'Brien case, returned to the city last night.

OUTSIDE VIEW ON BIG HOTEL PROJECT

Beatty Value, and Seriousness of Failure.

The following from the Chatham World gives an outside view on the importance of the Admiral Beatty Hotel to St. John and the seriousness of the situation involved in possible failure of the enterprise to materialize.

"We sincerely hope that the people of St. John will be able successfully to float the new hotel project. It would be most unfortunate for the prestige of the city if the project should fail.

"The World has been in much talk that the long-felt want was to be supplied through the courage and confidence of the citizens of the city by the sea. St. John people will have to bestir themselves or it will be in serious danger of being side-tracked in many respects.

"The World has it on the authority of a gentleman arriving from Ottawa that it was seriously proposed that the Federal Government redistribution Bill should cut Albert Co. off from St. John in the representation for Parliament and that it should be attached to the City of Moncton making a new constituency in that direction.

"The idea was to attach St. John county to the county of Chatham. Fortunately the proposed changes did not carry or the City of St. John would be left in an isolated position with only one member of parliament and its influence very much lessened.

"Dear Parents—Just a line to let you know all is well and dandy. Don't worry any more as we are nearly empty and shall soon be home. All we have left is about 2,000 cases which we will discharge in two days if all well.

"Well parents, this is a very exciting life out here. There are two boat loads of Chinese, Italians, Greeks and so forth, all waiting to be smuggled into the United States.

"The steamer A. E. McKinstry arrived late last night and docked this morning at the refinery wharf.

"The Mancheser Merchant Ltd. has tax last night for this port. She is due here some time tonight.

EXECUTIVE RULES MATCH REPLAYED

Hampton-Drury Cove Tourney Will be Played Over on August 2.

At a meeting of the executive of the Suburban Tennis League yesterday afternoon at 4.30 o'clock, called by the president, Roy Willet, to deal with the protest from the Drury Cove club respecting the Hampton-Drury Cove match on July 5 last, it was the unanimous opinion that the most sportsmanlike way of settling the dispute was to play the entire match over again.

Mr. Willet presided at yesterday's meeting and the following members and representatives were present: Ronfords—L. P. McInerney and S. E. Clarke; Westfield—Alfred Stephenson; Grand Bay—A. H. Wetmore; Pampunac—Roy Willet; Drury Cove—A. C. Clarke and C. H. Scott; Hampton—Ren Smith and H. Demings.

FORM TENNIS CLUB IN EAST ST. JOHN About 20 Members Now in Organization—Officers are Elected.

The East St. John Tennis Club was organized at a meeting last evening at the home of Mrs. C. W. Foley and O. J. Lawson was elected president. About 20 members belong to the club now. The ladies of the club are thinking of putting on a social tea in the near future. A vote of thanks was extended to Mrs. C. W. Foley for giving the use of her tennis court and she was also admitted as honorary member of the club.

Election of officers resulted as follows:—O. J. Lawson was elected as president of the club; Alek Taylor, Jr., secretary and W. G. Woodroffe, Jr., treasurer. Committees were also appointed: Ground committee, Alek Taylor and W. G. Woodroffe, Jr.; by-laws committee, F. Foley, W. G. Woodroffe, Jr. and Miss Ada Foley.

BASEBALL IS AN UNCERTAIN GAME

Take Nothing for Granted in National Pastime, is Advice.

Take nothing for granted in baseball, says Billy Evans. That is the only theory that can be successfully followed in the national pastime. A ball game is never over until the last man is out, although it may often seem that way.

During a recent series between New York and Washington, with the two clubs battling for first place, I saw the Washington club lose one of the toughest games of my career. When Roger Peckinpaugh, shortstop of the Washington club, touched outfielder Hendricks of New York for what appeared to be the 27th out of the game, Washington looked to be the winner, 4 to 3.

The Washington club hurriedly started for its dressing room with the signal of out from the umpire, in order to avoid the crowd. The Washington fans had already started to celebrate. Then to the consternation of the Washington club and fans, the umpire shifted his sign to safe, the palms of the hands being extended downward. Peckinpaugh had dropped the ball. A runner had scored from second on the error, the game was tied up. After the field had been cleared of the crowd the game was resumed. On the very next play, a drive to right, Hendricks, who was safe because the force of his slide had knocked the ball out of Peck's hands, started for the plate, hoping to score the run that would put New York out in front. The throw beat him to the plate six feet, Catcher Ruel waiting with the ball had Hendricks

PARANORMAL HOCKEY LEAGUE IN CANADA

Has No Connection With Any Other Existing Professional Bodies.

New York, July 25.—Although the opening of the season is still a long way off, things are moving fast in professional hockey circles in Canada, where, with much talk in the air of international competition with the United States, next year, hockey authorities apparently are anxious to get their plans made early. Greatest interest is now being shown in the report that a new international Hockey League is being planned by a Montreal man, said to have strong financial support.

This league, so it is understood, is to be composed of teams in New York, Boston, Philadelphia and Montreal, but is in no way connected with any of the existing professional clubs, teams or arenas, nor is it connected with the "Ex Rickard of the Madison Square Garden syndicate or any other United States organizations at present interested in hockey plans or next season in connection with the National Hockey League of Canada. Among those sponsoring the project in Canada are said to be a number of prominent financiers.

An important meeting of the National Hockey League was held recently by Montreal, where arrangements were tentatively outlined for next season. Probably the most significant action taken at the meeting was the renewal of the effective and tentative agreement which has existed for some time among the four clubs in the circuit, the Canadiens of Montreal, the Montreal Maroons, Hamilton and the Toronto. Despite the fact that the present agreement still has a number of years to run, the contract was renewed for a period of twenty years after the expiration of the present term. There still are a few details, however, which will have to be effected before the renewed contract is complete.

In addition to this meeting, another important meeting was held by prominent rink owners. The session was attended by representatives of the Ottawa Auditorium, the Hamilton rink, and the new West End arena which, it is reported, has just received a loan of \$500,000 from the city of Ottawa. The Ottawa rink, which is reported to have just received a loan of \$500,000 from the city of Ottawa, has also distributed \$400,000 stock, most of which has been paid for. Although no official announcement was passed out, it was understood that the Ottawa rink was to form an offensive and defensive combination and that another meeting would be held in the near future to which the representatives of the Ottawa rink, the Hamilton rink, and the new West End arena were invited. No representative of the Mount Royal Arena was present at the first session.

ANNOUNCEMENT OF THE DATES FOR THE running of three International Specials and of the entries of the American horses which have been nominated to meet Epinaud over the different distances has created renewed interest in these competitions, which surely will stand out as the great events of the year on the American turf, says the New York Times. Twenty of the fastest sprinters were named for the six-furlong dash, which will be run at Belmont Park on Labor Day, Sept. 1, and among these are two nobilities which have come back into training after a season in the stud—Grey Lag and Snob II. Four fall weeks will elapse before the running of the mile race, but the time will allow the American horses, as well as Epinaud, plenty of time to prepare for the second special. The problem of keeping Epinaud fit for his three races will be no more difficult than that which will face many of the American trainers, for a dozen horses have been named to defend the title in the mile race, and it is not improbable that several will start in all. Between the second and third specials only two weeks will elapse, as the mile and a quarter test instead of the previous three weeks. The Kentucky Jockey Club has been fixed for Saturday, Oct. 11. That will allow plenty of time, however, for shipping the horses to the track. The Kentucky Derby has been fixed for Saturday, Oct. 11. That will allow plenty of time, however, for shipping the horses to the track. The Kentucky Derby has been fixed for Saturday, Oct. 11. That will allow plenty of time, however, for shipping the horses to the track.

GHOST-LIKE HORSE

Here is a story that Eugene Leigh, the trainer of Epinaud, tells: "There was an Irish farmer looking for a bargain at a county fair. Along came a very poor specimen of a horse, a ghost-like specimen. Nothing but skin and bones. The owner, seeing a buyer and asked \$100 for it. 'Have you a license?' asked the farmer. 'License for what?' queried the owner. 'For the sale of spirits,' replied the farmer as he strode discreetly away.

Olympic Heroes

III—JACKSON VS. SCHOLZ By FRANK GETTY (United Press Staff Correspondent)

New York, July 25.—(United Press).—A victory without which the Olympic games of 1924 would not have been complete, at least that of Jackson V. Scholz, former Missouri University student, now of the New York Athletic Club, in the 200-metre dash. Jack Scholz was the famous "come-back" of the Olympiad.

After Antwerp, in which he represented the United States in the dashes but failed to distinguish himself, Scholz was thought to have hung up his spiked shoes for good. Jack thought so himself, as a couple of springs drifted by and the call of the cinders came so faintly each year.

Last winter, however, running in the colors of the New York A. C., Scholz trained for and entered the 200-metre dash at the Metropolitan 70-yard championship, but otherwise was consistently beaten by Loren Marchison and Murchison. On his showing on the boards, none of the critics picked Jack for Olympic glory.

With the approach of the outdoor season, however, Scholz, who had little to occupy his time except his work as a short-story writer, got down to hard training. One day we got a tip that the veteran had torn off a practice race in 103.5 seconds.

When the sectional Olympic trials were held here, Scholz surprised many by winning the 100 metres, beating Murchison and Frank Hussey in record time.

Then came the final tryouts at Cambridge, which brought together, with Scholz, at 27, the "old man," the "veteran who is trying to come back." Anyway, Jack did, and he came back so fast that nobody could keep up with him. He equalled the Olympic record in the 200 metres, then broke it; equalled the world's record, and then smashed that. He was second to Chet Bowman in a 100 he might have won, and was easily the best at 200 metres.

Scholz's performance, overshadowing that of other at Cambridge, made him, perhaps, the outstanding figure of our team at Paris, and he was picked by the American coaches as a likely winner at the 200 metres.

In the 100 metres at Colombes Stadium came the upset in which the hazy English Jew, Abrahams, proved himself Scholz's master at the shorter distance and ran away with first place, the N. Y. A. C. flyer taking second.

It was then decidedly up to Jack to make good in the 200 metres, the distance at which he is best, and at which no faster man ever essayed.

The triumph of the "come-back" was complete. It was not a hollow victory that he won that boiling summer day, for it was only by a characteristic twist of the shoulder and the head that he kept himself at the line that it was Scholz who broke the tape. But he won, making a total of 15 points he had contributed to America's column, and he had the satisfaction of showing up Abrahams, who finished a poor last.

Abrahams still is the better man at 100 metres or 100 yards. He is the perfect running machine. But it takes "guts" for fuel when a running-machine must cover the furlong, and Scholz had them.

BASSLER MAKES UP FOR ERROR

Wins Game Which Puts Detroit Again on the Top Rung.

New York, July 25.—The Detroit Tigers' victory over the Yankees yesterday elevated them to the head of the list again, half a game in the van of the world champions and the Senators, who are tied for second place.

Detroit put over the deciding tally just in time to annex a 5 to 4 win before hostilities were stopped at the end of the eighth to enable the Yankees to catch a train for the west. Bassler, whose fatal error in the final game of Wednesday's hectic contest permitted Schang to score the tying run, registered the winning marker on his triple and pinch hitter Wingo's single in the last round.

In spite of Walter Johnson's blow-up in the fifth inning, Washington finally emerged victorious over Chicago for the fourth time in the five game series, by a score of 7 to 5. St. Louis dropped the last game of the series, 5 to 0, to Philadelphia.

Boston staged a 10 to 9 triumph in ten innings over Cleveland. Play in the National League was confined to Pittsburgh, where Brooklyn lost the last game of its western trip to the Pirates by 9 to 1.

LOSE BALL GROUNDS. Disaster has overtaken the Acadia Baseball League, for the time being at least. The owner of the diamond which the boys have been using has forbidden them to use it any more. He contends they are breaking too many windows in the neighborhood of the ball park, which is in the rear of the cold storage plant in Main street. Members of the league stated last evening that the owner had been misinformed regarding the number of windows broken as they had broken only one.

CONNAUGHT CUP. Winnipeg, July 25.—Scoring a goal in the last minute of play, United Weston, Western representatives gained a one goal lead in the first of a two game series for the Connaught Cup, emblematic of the Dominion Football Championship by defeating the Canadian Explosive team of Montreal, eastern champions, 3 to 2 here last night. The second game will be played on Saturday afternoon.

JOE CONNOLLY SENT TO SAN ANTONIO BY SOX

Joe Connolly, the outfielder procured from Cleveland by the Red Sox last winter, has been sent to the San Antonio Club of the Texas league under option.

Since the Red Sox were forced to recall Geygan to play short while Lee is recuperating, the team has numbered 26 men, one more than is allowed. One had to be cut, and Connolly fell under the axe. He had no chance to play with the locals, with Boone, Flagstead, Veach and Collins all available, but is sure to be back in the big show before long.

MONCTON WINS. Moncton, July 24.—Moncton took the third game in the series with Halifax this evening by the score of 7-3. King, who pitched for Halifax, was touched for 13 hits, while Doucette and Leader for Moncton, held Halifax to mour safeties.

CHAUTAUQUA IS BROUGHT TO CLOSE

Russian Sextette is Heartily Received—Leaders Say Farewell.

The Russian Cathedral Sextet was very heartily received and enthusiastically applauded throughout their very fine musical entertainment last evening at the Chautauqua tent. The excellence of the concert made a fitting close for the successful week of varied entertainments and lectures. The Russians sang with melodious voices. They wore Russian costume, picturesque and very handsome.

The pianist was a Mexican, and played the piano with consummate skill, his technique for the delicate passages and difficult runs being marked for their perfection. Their singing in English was good, but they were at their best in the folk songs in their own Russian language. The church selections were unselfish and devotional, sung without accompaniment, except for "In Church," by Tachlakowsky, when the piano simulated bells.

Elmer Willis Serl, Chautauqua superintendent, said farewell to the large audience, which almost filled the large tent. He told them of the purpose of Chautauqua, which was religious and educational. It is also a non-profit making organization, which statement, he said, could be officially proven by sending to headquarters at Philadelphia. It was with hearty applause that Mr. Serl left the stage.

The afternoon programme was interesting. Local juniors had been trained in five days to do stunts and sing songs. The girls and boys carrying out Mother Goose rhymes in pantomime gave a presentation which reflected credit on their teachers and upon their own powers of taking instruction. Miss Martha Dougherty was junior leader, assisted by Miss Dorothy Denlinger. The physical instructor for the boys was Joseph Hannah. He was successful in teaching many difficult stunts in the short time allotted. Miss Geneva Jenner, a young St. John girl, was pianist. There was much interest in the work of Frederick Trappe, who followed the junior programme with some excellent ventriloquism. He received an ovation.

Regular trails for walking parties have been made throughout the White Mountain Forest of New Hampshire.

SAILOR ON CRUISER CONSTANCE JUMPS INTO THE HARBOR; SAVES BOYS' LIFE

Seaman Kyte Rescues Clarence Blois, Newsboy, and Wins Commendation.

The cool-headed action of a British tar of H. M. S. Constance early this morning prevented a drowning tragedy and earned for him the prompt commendation of his superior officers.

It happened about 6.30 o'clock this morning at McLeod's wharf where the Constance now is docked on her six-day visit to St. John. Blois had just arrived with his bundle of morning newspapers and was doing a brisk trade on the wharf.

The lad had barely struck the water before Kyte was over the rail, clothes and all, after the youngster. He clutched him as they went down and when they came up, Kyte grasped the rope that had promptly been thrown over the side and willing hands pulled him and his young charge on board.

Both repaired to the galley where their clothes were dried. Kyte supplying the newsie with some clothes. The youngster then went home and Kyte went back on duty.

Stepped down to bare facts, the British tar's deed looks easy but it required prompt action to avert a fatality and when it came to the pinch, Kyte was there.

OBJECTS TO GOING TO MUNICIPAL HOME

When Nellie Gogan was informed by Magistrate Henderson in the police court this morning that he would make enquiries to see if she was not a fit subject for the Municipal Home she replied: "You won't put me there, I'd sooner lie in jail for a year."

She was informed that she had nothing to say about the matter and that she would go where she was sent. She was taken into custody at 1 o'clock this morning on a charge of wandering about Main street and being unable to give a satisfactory account of herself.

ESTATE OF LATE M. G. TEED \$88,055

Bequests for Church Purposes are Included in Disposal Clauses.

Letters testamentary have been granted in the St. John Probate Court in the estate of the late Mariner G. Teed, K. C. The total probate value of the estate is \$88,055 of which \$19,700 consisted of real estate, and \$68,355 personalty.

The disposal of the property included a bequest of \$10,000 to the Diocesan Synod of Fredericton upon trust to keep invested and pay the income to the testator's wife for life and after her death to appropriate the income therefrom for Missions of the Church of England in New Brunswick, such fund to be known as the "Hugh and Lionel Teed Memorial Fund" in memory of the testator's sons, Lieut. Hugh Mariner Teed, C. E. and Capt. Daniel Teed, M. C. who were killed in action in the Great War.

Among the bequests was one of \$5,000 to the Diocesan Synod of Fredericton in trust to invest upon certain contingencies, the income derived from the investment to go to certain relatives for their life, and afterwards the principal sum or income to be appropriated to certain purposes set out by the testator.

Other bequests, as follows, income from \$500 to Trinity Church in Fredericton; income from \$500 to St. Ann's church, Sackville; income from \$500 to St. Mark's church, Westmorland; \$500 to the incapacitated Clergy Fund of the Diocese of Fredericton; \$500 to the Orphan and Orphans' Fund of the Diocese of Fredericton; \$500 to the Old Ladies' Home; \$500 to the Old Men's Home; \$500 to the Wiggins Male Orphanage.

Other Estates. Letters testamentary have been granted in the estate of William S. White of this city, total probate value being \$25,645.88 consisting entirely of personalty.

Letters of administration were granted in connection with the estate of Bessie McLeod, which consisted of \$5,276.39, all personalty. G. H. I. Cockburn was proctor.

Letters of administration were granted in connection with the estate of Harriet Harris Williams, who left real estate to the value of \$1,400 and personally valued at \$100. Elizabeth McLeod and Oscar Ring are the executors. Oscar Ring was proctor.

CAR INTO DITCH. A large touring car ran into a ditch which is being dug on the Manawagonish road between Fairville and Manchester Corner, between 2 and 3 o'clock this morning. The front wheels were smashed. One occupant of the car was slightly injured and the others were shaken up.

CASE CONTINUED. The case of C. Ernest Hill Inc. vs. William McHenry, was continued in the Circuit Court this morning before Mr. Justice Barry. The morning's proceedings were occupied by the evidence of the defendant's witnesses.

BOY IS FOUND. Douglas Costello, six year old son of Mr. and Mrs. Costello, 117 Elliott row, who was missing from his home yesterday was located by his father last evening about 7 o'clock, playing in a yard of Pond street. The police were notified that he disappeared about 1 o'clock and a search was instigated for him.

SUFFERS LOSS BY FIRE. There has come to St. John news that a new building erected by O. L. Reinecke of Clarendon, Alberta, formerly of this city was destroyed by fire, July 11th. It contained his drug store, classed as one of the finest in western Canada.

BROUGHT QUICK RESPONSE. Yesterday afternoon The Times-Star carried a note to the effect that a man had called at City Hall to make enquiries about the whereabouts of Lillie or Lillian Clark. This morning the mayor's clerk was called up by a lady who said she felt sure she could furnish the required information. It will be forwarded to the gentleman who made the enquiry.

WILL RUSHWORK. Work on the renewal of the main sewer in Main street, from Sheriff street to Rockland Road, was begun today. It was the intention, Commissioner Wignane said, to work night and day on this job until it was completed. The sewer at this point is 16 feet below the surface of the street and is being replaced by a 24-inch terra cotta sewer.

AT BOARD OF TRADE. The Board of Trade has received a letter from a New York firm requesting information and inspection of the Port of St. John. Another firm has written again urging the need of a fortnightly direct service in the summer from Liverpool. This matter has been taken up by the secretary but prospects are not reported very good at present, for the starting of such a service.

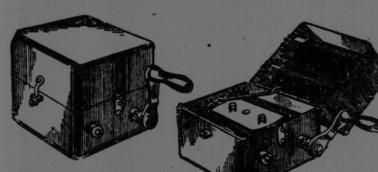

IS FINED \$50. Richard Walsh was fined \$50 in the police court yesterday afternoon for sale for beverage purposes in his store at the foot of Harrison street. He denied the charge and Inspectors Fred Killen and Frank Garnett testified that they found eight ounce bottles hidden in a section of the store. Magistrate Henderson adjudged him guilty and struck the fine.

NOT SERIOUSLY HURT. The six-year-old son of Mr. and Mrs. Robert Lannigan was struck on the chin with a baseball bat at the picnic held by the Church of the Good Shepherd at Grand Bay yesterday. He was struck on the chin as he was watching a ball game, and as the batter swung around the bat, hit the child on the chin, knocking him down. First aid was administered by Mrs. Gerhardt Deger, assisted by Rev. W. P. Dunham. The lad was taken home by Mrs. Deger. He suffered a great deal of pain but his chin was very sore of pain and he was much better today and was playing around with other children.

AFTER 20 YEARS. After many years absence, Grand Bay has a visit from a former resident. Mrs. Walter Bowen, of Sanford, Me., Mrs. Bowen was Miss Lottie Morrow before her marriage. She spent her girlhood at Grand Bay, but for more than 20 years has made her home in the United States.

As Hiram Sees It. "When I was comin' through the Old Buryin' Ground to-day," said Mr. Hiram Hornbeam to The Times reporter, "I seen three little gals dancin' on one of them big flat tombstones. I don't s'pose the Loyalists that's buried there minds it at all. I des' say they'd jist as lief hev little folks playin' there as anywhere else—but it don't seem the right thing to me to hev 'em dancin' on the tombstones—no, sir. Of course it's still wais to see fellers half-shot settin' round on the benches—the way I see 'em sometimes. I remember when they was a high fence round that Buryin' Ground—an' the gates was locked at night. The town undertook to look after it—and down come the fence—an' down come the tombstones one after another. Now if I was gont to make a playground fer the little folks out of it I'd take away all the stones an' hev 'em all grass all over it. Either that or I'd fix up the stones an' see they wassn't dancin' on 'em, sir."
