ROCKWOOD INCREASE

Decision to Allot \$1,000 For Milk Inspection in City—Most of the Grants Remain as Last Year

An increase of \$1,500 in the grant to the Horticultural Association was agreed upon at a meeting of the common council in committee this morning...

The commissioners also voted \$1,000 towards the cost of inspection of the city's milk supply by the board of health...

Mr. Bullock suggested an increase of \$1,000 on condition that it be spent at Rockwood.

The mayor explained that this was a separate matter from the grant for the great covered equipment and operation and development, which was left to the public works department.

Mr. Fisher explained that the increase was wanted for repairs to equipment, "new equipment and the improvement of three tractors."

Mr. Thornton thought the grant should remain as before and the amount of Mr. Bullock this was agreed to.

The application of the S. P. C. Ladies' auxiliary for an increase from \$75 to \$100 was rejected.

The mayor said that an assessment of \$5,000 for the new public library was required by law; last year the city added \$500 to this year they added \$1,000.

Mr. Bullock wanted a statement from the library commissioners before the grant was adopted.

The mayor reported that a delegation on behalf of a juvenile court would be heard on Monday and also that Judge Armstrong wanted to hear before the Horticultural Association grant was made.

Mr. Fisher presented the application of the board of health for a grant of \$1,500 towards the cost of inspecting milk and water.

Mr. Jones did not see why this did not come under the county board of health.

It was explained that it was regarded as a purely city matter.

Mr. Jones was opposed to increased expenses.

The mayor explained that the city's committee on milk matters recommended such an inspection and he regarded it as important for the protection of the public.

Mr. Bullock remarked that the milk committee of the council had practically been committed to seeing this through.

Mr. Fisher said he would amend his motion to make the grant \$1,000 for the milk inspection, eliminating the water inspection. This was agreed to and carried, Mr. Jones dissenting.

Rockwood Park. Sir Douglas Hazen and Col. J. R. Armstrong appeared on behalf of the Horticultural Association.

FATHER COUGHLAN LAID AT REST THIS MORNING

Large Attendance at Funeral of Johnville Pastor

Many Priests Come to City For The Obsequies—Touching Sermon Delivered by Rev. D. S. O'Keefe of St. Andrews

The funeral of Rev. Richard Coughlan, parish priest of Johnville, took place here this morning, following solemn requiem masses, celebrated in the Cathedral by his brother, Rev. Harold L. Coughlan, parish priest of St. Martins.

The body of Father Coughlan was placed in the sanctuary so that it was visible to all, and at the conclusion of the obsequies, the members of the congregation filed past the casket and looked for the last time on the face of one who had labored for so many years in the vineyard of the Lord and had been responsible for bringing many back to the path of duty and righteousness.

At half-past nine o'clock the members of the diocese entered the sanctuary and looked their pastor in the face.

They were followed by Rev. Charles Carleton of Silver Falls, Rev. Henry Cormier of Moncton and Rev. Harold L. Coughlan.

The last was celebrant at the solemn requiem mass, and the other priests his assistants as deacon and subdeacon.

Rev. A. P. Allen officiated as master of ceremonies. During the mass His Lordship Bishop LeBlanc was present in the sanctuary, and at the conclusion officiated at the solemn absolution.

Rev. D. S. O'Keefe of St. Andrews, N. B., delivered an eloquent and touching sermon. His opening quotation was: "I have fought a good fight, I have kept the faith, I have run my course."

Mr. Fisher said that it was hardly necessary to speak at any length upon the occasion, as the most perfect sermon that could be given was the presence of His Lordship, his brethren and the large congregation of his dear friends, who had come to offer a last tribute to the great work of a man, and to offer to his relatives and family the most sincere expressions of sympathy.

BRITISH VIEW IS PRESENTED TO THE CONGRESS

Lord Robert Cecil Reports On League of Nations

NO SNAP WAR DECLARATIONS

Delay Chief Resource in Dealing With Threatening Disputes—Great Nations Must Retain Military Power

London, Jan. 23.—Lord Robert Cecil, who reported to the peace congress a draft of the British view of the subject of the league of nations, believes the world has not yet reached a stage at which an absolutely rigid system for the preservation of international peace can be set up, according to a Reuters despatch from the French capital.

In discussing his idea of the form the league should take, Lord Robert said he thinks an international tribunal with absolutely binding powers is not practicable at present.

The creation of non-rigid international machinery by which a council by exerting influence toward conciliation may work will be the main strength of the league, he said.

Such a body must, however, possess at least sufficient international guarantee to be able to prevent surprise declarations of war and to compel disputants to accept delay during which forces of civilization may have time to work to try to avoid a calamity.

Delay which will not only be the main resource of the league in dealing with disputes in which the vital interests of great nations are involved. As in the peace congress, the ultimate decision must rest with such powers, since at a last resort, the league can enforce its decisions only by the military power which will always be possessed by the great nations.

Lord Robert said he favored the establishment of a permanent international tribunal which would sit at a place agreed upon. Above this, he said, there should be a league of nations, which would be a league of nations, which would be a league of nations, which would be a league of nations.

He then said that the British view of the subject of the league of nations, which would be a league of nations, which would be a league of nations, which would be a league of nations.

Basel, Jan. 23.—(Havas Agency)—Reports from 400 districts out of 421 show that in the German election the Majority Socialists win a majority in the national assembly. The parties, as shown by reports, will hold seats as follows:

German Nationalist party, 33; German People's Party, 22; Centrists, 60; Democrats, 74; Majority Socialists, 160; Minority Socialists, 23.

Another Strike. Berlin, Jan. 23.—In consequence of a strike of electrical workers the greater number of hotels, restaurants, cafes and places of amusement in Berlin have been closed, and the general public is suffering great inconvenience. The tramway men are also on strike and service has been partially suspended.

It will be impossible to estimate the water rate for the current year, until other matters have been disposed of. One of the chief factors is the amount of work which will be required to put the water and sewer mains in order under the streets which are to be paved and this cannot be determined until the paving programme is settled. The water rate is made up independently of the general tax rate.

OCEAN FREIGHT RATES GO DOWN
We're Coming to Time When Ships Will be Seeking Cargoes
Montreal, Jan. 23.—Freight rates on regular steamers plying between Canada and the British Isles have dropped to \$1.60 a cubic foot for the first time in many months. The association owned land which it would require \$200,000 to replace, with \$7,500,000 to be paid in installments against it. He felt that the city should take over the whole property and administer it, although Colonel Armstrong's suggestion was worthy of consideration. The association could not maintain the park and gardens properly on \$4,000 a year. Mr. Fisher thought the park should be maintained but restored. He had gone into the matter carefully with Mr. Gould and could not see that it would be a disadvantage for the city to take over either the park or the gardens. He suggested an increased grant, with the provision that the association should provide the seedlings the city requires. In reply to Mr. Bullock, Mr. Fisher said the sum of \$2,500 was spent last year on the city squares, and this had not proved adequate. The mayor asked how much would be required to keep up the association. Mr. Fisher thought that \$1,500 additional would be the minimum; Sir Douglas thought this was not enough. The matter was adjourned to the next meeting of the council, which will be on the city squares, and this had not proved adequate. Draughts on Harvest Leave Must Fulfill Military Requirement
It will be remembered that the military authorities in Ottawa, after the signing of the armistice, notified those draftees who were on harvest leave that if they had no other employment they were to be discharged. Those who were to be discharged were to be given a paper to be forwarded to military authorities in Ottawa. It was learned this morning that many of those men who were on leave at the time have done neither one thing nor the other, and as a result Ottawa intends to take steps to force them to abide by the requirements. Those men who have not reported within twenty-one days of the notice are to be classified as deserters and are to be rounded up by the military police.

TWO COUNTIES OVER OBJECTIVES
Cheering Reports Received At Headquarters of the Salvation Army Drive
The drive for funds for the Salvation Army's fund for work among the soldiers and their families, which is in progress today, is reported getting along famously. The chairman of two county executive committees, who have already been reported to the provincial headquarters here that they have passed their respective resolutions in favour of the drive, are reported to have received from sixteen other chairmen of districts throughout the province, representing counties and parts of counties, and each has expressed assurance that they will at least reach the amount aimed at.

WOMEN BEING TAKEN TO KINGSTON PENITENTIARY
(Moncton Transcript, Wednesday.)
Chief Keeper Ellison of the Dorchester penitentiary staff, accompanied by a matron and a guard, arrived in Moncton this morning from St. John with three female prisoners. The women were taken to the local police station to await the arrival of the Ocean Liner from Montreal this afternoon, when they will be taken to the Kingston penitentiary. Two of the women were only about twenty and twenty-two years of age. The prosecution was conducted by the military authorities here. One was sentenced to serve two and a half years and the other two years. The other woman, who was married, was somewhat older, being about thirty-five years of age, and was convicted and sentenced to two years for being with a Moncton man, sentenced at the same time, who, the police received from Berlin, will be to select a provisional government. The assembly will consider a draft of the constitution, which is expected to occupy the remainder of February.

MAY BE DROP IN THE PRICES OF BACON AND MEATS

Ottawa, Jan. 20.—Canadian packers were in conference with Sir Thomas White today over the situation created by the manipulation of orders for Canadian meat products. The packers have some stock of bacon and other meats on hand. A fall in prices is regarded as probable.

This news item is interesting; but no need to wait for the slow downward movement (not drop) of the prices of Bacons, etc., as the following will show:

Hams, Bacons and Shoulders Have Already Dropped 9 to 15c a pound in St. John!

Think what that means to you, Mr. Householder, to save from \$1.50 to \$3.00 on a choice, sweet, fresh Ham or Shoulder, or a piece of Bacon!

While they last—and they're going fast—we are making it possible to secure these bargains in this choice food line.

Don't wait for the prices to drop a few cents—buy here now and save many times a few cents.

AN UNUSUAL GATHERING

The Salvation Army cited in Charlotte street entertained unusual guests last evening. There were business men, professional men, overseas men, men representing different creeds, all of them gathered there as an evidence of their confidence in the Salvation Army, their admiration for its work and their desire to aid in securing funds to continue and extend that branch of the work.

HEALTH ADMINISTRATION

Dr. Hastings, medical health officer of Toronto, says: "Complete physical examination of children on entering our public schools reveals the fact that approximately 50 per cent are suffering from physical defects of sufficient importance to require them to be referred to their family physician or some clinic in the city, and this does not include dental defects. Medical examinations of soldiers indicate a regrettable neglect of the activities essential to produce and maintain physical fitness, and the war has demonstrated as never before that man-power is our most valuable national asset."

This condition of affairs calls for two things. The first is care of the health of children and the second is a system of physical culture that will develop physical strength and mental alertness, continuing after the child has left school, especially in the case of those who do not take up occupations involving hard physical work. With regard to the first, the care of the health of children, Dr. Hastings lays down in a single sentence a programme which shows how far we fall short. In New Brunswick we have a new health law. To any who think it is drastic in its provisions we commend the words of Dr. Hastings, who says: "Modern public health administrations should embrace all activities essential for the development and maintenance of a fitter race, which are pre-natal care; care and supervision of the infant, care and supervision of the child during the pre-school age; medical and dental and nursing service in our public schools, with a complete physical examination of every child on entering school and before leaving school, followed by a well-organized division of industrial hygiene, in order to insure proper sanitary conditions for all those who require to enter the industrial world."

All this is a matter of education as well as of legislative enactment. It calls for social service as well as law enforcement. It places responsibility upon everybody, and where that is recognized and acted on the community reaps an incalculable benefit.

THE GARDEN PATCH.

The Toronto Globe is a strong advocate of the home with a garden patch, as a preventative not only of overcrowding but of the moral ills which result from congestion. The Globe points out that in Great Britain great stress is being put upon this feature of housing, and quotes the Rev. Gerald Davies, Master of the Charterhouse, who deals with the problem in The Nineteenth Century and After, and answers the objection that additional ground means higher rent or interest payments. Rev. Mr. Davies says: "I have always held, and I believe that I shall here carry many with me, that somewhat high rent is not the greatest of evils to the workingman, always provided that it goes with a good bit of garden ground. The garden ground often pays all the high rent. The father chaper house without the ground does nothing to pay the rent. And in the one case there is the inducement to the tenant to stay at home—in the other case there is every inducement to the tenant to spend his leisure and his wages at The Green Man. There are plenty of families where the father spends on his weekly beer alone more than would pay a far higher rent and get him a good cottage and garden."

This leads the Toronto Globe to observe: "Here in Canada 'The Green Man' is no longer an attraction for the average householder, but he will be less likely to look back longingly toward the days of the open bar if he can have a little patch of garden land in which to potter about when the day's work is done. In our housing plans let us not in Canada forget the possibilities of moral as well as physical well-being contained in a modest garden patch."

There are many people living in St. John who can testify that the garden patch has interested and benefited them. In the last two years, when the greater production campaign directed their attention to its possibilities, that activity should not cease with the war. It pays in health as well as in garden products.

SECOND SESSION OF SINN FEINERS WAS IN SECRET

Dublin, Jan. 22.—(By the Associated Press)—The Sinn Fein parliament provided only a one day session. Its members held a brief meeting at the Mansion House this afternoon, but behind closed doors. Afterwards Count Plunkett told the reporters that a statement of the business transacted would be furnished to the press later, thus following the precedent of the Paris conference. A group of a hundred young men, gathered outside during the secret session, but no excitement of any kind was shown. The public was far more interested today in the murder of two policemen in Tipperary yesterday, at the time the parliament was meeting. This is taken to signify the beginning of a new period of terrorism, which veteran Irish politicians expect will include other assassinations and attempts to destroy government buildings and public works. The extremists are exceedingly anxious to get explosives. Two policemen were guarding a cartload of gelignite, which was being taken to a mine, when they were surrounded by masked men. The policemen were shot dead and the explosives carried off. The immediate sequel was a proclamation placing Tipperary under the Crimes Act, which means a regime much like the occupied German cities are undergoing. All meetings are prohibited and nobody can pass in or out of the districts without permits. None of the residents may be out doors after 7 o'clock in the evening without a permit. No letters may pass in or out without censorship. Enough troops were quickly sent into the district to enforce these regulations. The Clare district was recently proclaimed under the Crimes Act, and the measure was enforced with apparent success. Paris, Jan. 22.—Although no official

PEPS

Before Gin Pills were available, gin seemed to be the popular remedy for backache, pains in the groins, swelling of the joints and ankles, lumbago, neuritis and other troubles arising from deranged kidney action; but when Gin Pills were placed on the market containing the curative agent of gin—without the alcohol, people realized that the benefits of the old remedy were purely temporary and that permanent relief would be found only by using the new. The success of Gin Pills is the best testimonial to the value of this medicine, but for those who prefer more direct testimony we have hundreds of letters on file from people who owe their return to health entirely to taking Gin Pills.

The function of the kidneys is to remove the impurities and poisons gathered by the blood. When the kidneys fail to act, these poisons remain in the blood stream, and are circulated through the system until they settle in muscles and joints and there set up infection. You can readily understand, then, the danger of allowing the kidneys to become deranged, and how important it is to keep them in good shape always. Do not let your kidneys go from bad to worse. At the first sign of trouble, get your nearest dealer and buy Gin Pills—50c a box. Or if you prefer, a free sample of Gin Pills will be mailed upon request to the National Drug & Chemical Co. of Canada, Limited, Toronto, U. S. Residents should write to Dr. Co., Inc., 202 Main St., Buffalo, N. Y.

Doctor's Formula

OVER 100 YEARS OF SUCCESS JOHNSON'S Anodyne LINIMENT (Internal as well as External use) A soothing, healing Anodyne that speedily stops suffering. REAL VALUE

is based, not on the price paid for a commodity, but on the benefit derived. That is why Zam-Buk is the cheapest skin healer on the market because the benefit derived is 95% greater than can be got from ordinary ointments. This is due to the fact that Zam-Buk is oil medicine—100%. Ordinary ointments are 5% medicine and the balance animal fat. The superiority of Zam-Buk is proved by the many cases of chronic skin trouble and old sores which yield to the power of Zam-Buk after all other treatments have failed. The unusual power of penetrator which Zam-Buk possesses enables it to reach the underlying tissues, where the troubles have their "root." Then the germicidal properties in Zam-Buk destroy all germs. Until this is done healing can never be thorough. The reason why sores that have been treated with ordinary ointments break out again is because the remedy has never got to the seat of the trouble, but has only healed over the outer skin. Zam-Buk, on the contrary, uproots skin disease, and the cure is complete and permanent. Zam-Buk should always be used for eczema, ringworm, scap sores, pimples, abscesses, ulcers, blood poisoning, bad leg, piles, cuts, burns and scalds. RODNEY WHARF MATTER OFF FOR A MONTH

The application of the New Brunswick Power Company for permission to discontinue the service on Rodney wharf, connecting with the ferry, came before the monthly meeting of the New Brunswick Public Utilities Commission at the provincial government rooms yesterday afternoon, but no decision will be reached before Feb. 26, the date of the next meeting. There was some question of the commission having jurisdiction in the case, and this point will be decided before any decision is announced. The company says that the wharf is not safe for street

minister of militia the question of rate of pay to be allowed staff officers in connection with the gratuity allowance on discharge. It is contended that many of these staff officers who had comparatively safe and easy jobs should receive only the six months' post discharge pay on the basis of their regimental rank before they took the staff positions. The staff pay includes extra allowances for rank, mess bills, etc. The veterans are no reason why these extra allowances should be continued for six months after discharge to the favored few while the other officers who did the hard work and the fighting receive only the regular regimental pay.

"Thank God for Tea" —Sydney Smith

In Sydney Smith's delightful volume, "Lady Holland's Memoirs," there appears this passage:

"Thank God for Tea! What would the world do without Tea? How did it exist? I am glad I was not born before Tea."

A more concise testimonial to the joys of Tea drinking could hardly be written.

Most people feel this way about Lipton's, but cannot express the sentiment so well.

We positively guarantee the quality of Lipton's Tea because we grow it, blend it, pack it, and sell it ourselves.

Lipton's Tea aids digestion, soothes the body, and enlivens the spirits.

Food Board Flashes

In the course of his survey of food conditions in Europe Mr. Hoover makes the statement that, thanks to the efforts of the Allied countries which had a surplus of food, there has been no actual loss of life by starvation among the ten million people of Belgium and Northern France, Poland and Serbia, on the other hand, have lost one-fourth of their population through starvation.

"My survey of the rest of Europe—the Baltic States and Poland—is not complete," says Mr. Hoover, "but sufficient evidence is at hand to show that before next harvest relief of an unprecedented character must be extended if the remaining population is to be maintained in any semblance of health, and it is almost inevitable that our people will be called upon to contribute liberally."

To The Editor The Times:
Sir—As I see by this evening's Times, New Brunswick, in your estimation, will be the last province to get the names of women on the voters' list, and I also judge you are in full sympathy with the suffrage movement.
You have only to look at the papers to see how the women are gaining, and will gain the upper hand, in governing the countries of the world if the men don't wake up. Only a short while ago I noticed in a magazine on woman's suffrage the author, who is a "man," by the way, states that women, before long will turn the tables on men; and he has to be pleased with the idea. Any man who would give in to the weaker sex like that should be made to put on a dress. Women are all right in their

RECENT WEDDINGS

Charter-Or. Moncton, Jan. 22—The marriage of W. D. Charter, well known merchant of this city, and Miss Margaret Orr took place in Boston Tuesday at noon. Mr. and Mrs. Charter, after a honeymoon trip, will take up their residence in Moncton.

Malin-Mabic. A quiet but pretty wedding was solemnized in St. Luke's church yesterday afternoon at a quarter after five when Rev. R. P. McKim assisted by Rev. W. H. Sampson, united in marriage Sydney F. Malin of the C. P. R. by service, and Miss Blanche Myrbie. The bride was charmingly gowned in navy blue, with black picture hat and taupe furs, and wore a corsage bouquet of roses. She was given away by her father, William Myrbie. "O Perfect Love" was sweetly sung by Mrs. Leslie Watters during the service. The young people received numerous gifts which showed the esteem in which they were held. SICK HEADACHE and CONSTIPATION CURED BY MILBURN'S LAXA-LIVER PILLS

When your liver becomes sluggish and inactive, the bowels become constipated, the tongue becomes coated, the breath bad, and the stomach all out of order. Then comes those terrible sick headaches. They take out every bit of life and ambition, bring on depression, and often end in complete mental and physical prostration. To keep the liver active, and your bowels moving regularly is the only way to get rid of the constipation and the distressing sick headaches. Milburn's Laxa-Liver Pills will do this for you by stimulating the sluggish liver into manufacturing sufficient bile to act properly on the bowels, thus making them active and regular. Mrs. Winlow McKay, Jordan Branch, N. S., writes: "I have been sick for a number of years with sick headaches and constipation. I tried all kinds of doctors' medicines, but none did me any good. I tried Milburn's Laxa-Liver Pills and after using four vials I am completely cured. I would heartily recommend them to all sufferers."

Milburn's Laxa-Liver Pills are small and easy to take; and do not grip, weaken or sicken as so many pills do. Price 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

"SUNDAY BEST"

The days are returning when "everybody kept his best for Sunday." It's a good thing. The idea is to make things last. Good clothes will cost more before they cost less, and the old-fashioned way of having something in reserve, helps. No use buying cheap stuff; doesn't wear. One good suit outfits two cheap ones every time! How about a dark mixture, or a blue or a grey for your "Sunday best?"

The shoes at the time of fire were in boxes, enclosed in wooden cases ready for shipment. The cases and boxes were damaged, mostly by water, leaving the shoes practically unharmed and in perfect condition.

Dr. Curren And John Kelly Are Added To Board

Hon. Dr. Roberts Pays Tribute to Retiring and Newly Elected Members of Board of Health

Hon. Dr. Roberts last night announced the appointments of John Kelly and Dr. L. M. Curren as the additional members of the new board of health. The municipal council on Tuesday elected Mrs. Richard Hooper, George Blake and W. H. Golding as the three members they were entitled to select. The sixth member of the board will be Dr. Brown, district health officer for the

southern district, who will hold an ex-officio position.
Dr. Roberts in a statement said: "By Hon. Dr. Daniel withdrawing, the St. John Board of Health has lost one of its most staunch supporters. I have been an observer of the board of health matters as a citizen and physician for twenty odd years, and I have appreciated very fully what Dr. Daniel has been able to accomplish during all these years in connection with the local board of health. During epidemic seasons in the last twenty-five years I have noticed in Dr. Daniel that he has always been at his post both by night or by day, and he seemed to be the one which guided the affairs of the St. John Board of Health to a successful issue, and because of all these services and these years I feel satisfied that I voice the sentiments of the citizenship of St. John when I say that too much cannot be said in support of what the senator has been able to do during his period of service at the local board. It was my wish that he accept a government appointment as a member of the new

board, but as the general public is quite well aware on two former occasions, first, when elected as alderman of the city, and another when elected to the house of commons, he wished to resign, but his resignation was not accepted and he felt that this was an opportune time to withdraw, much to the regret of the minister and those in charge of local health matters.
"I waited on several councillors of the municipality and gave them to understand that the reappointment of the three remaining members of the old board would be quite in keeping with the sentiment of the department as we

recognized that they had intimate ideas as to the workings of the board and that the welfare of the future health of the community would be safeguarded in their hands. After the election, finding that Mr. Kelly had not received the number of votes necessary to retain his seat, and he being the oldest member of the board, having given years of faithful and efficient service, I felt it would only be showing a just appreciation of his service, and in addition on serving a valuable fund of information for the new board in making him a government appointee.
"I had arranged to have a representative of the Trades and Labor organization and consulted with their president this evening, showing him the need of such a gentleman as Mr. Kelly with his special knowledge of affairs of the local board at this particular time, and I might say to the credit of the president, Mr. Campbell, and those whom he represents, that their willingness in this instance to forego their interests is a fact which I feel should be warmly commended. The new board has further acquisition to their membership in the person of George Blake, who has been an untiring member of the former board, giving of his services freely at all times. He will be one upon whom they can always depend.
"Concerning the new board I might say that I feel satisfied Dr. Curren will be a worthy addition to the personnel of the new board, considering the additions to the public health service, namely child welfare and medical inspection of schools. "I think it very timely to elect a lady among the members of the local board and no better choice could have been made than was made by the municipal council in electing Mrs. Richard Hooper. "I feel that in the appointment of Mr. Golding we have a practical and energetic business man and one who will add very much to the strength and ability of the board to cope with its many problems. At this time I would like to say that during the recent epidemic Mr. Golding rendered services that were appreciated very much by myself. He made it possible for me to accomplish work throughout the province that it would almost have been impossible to have done had he not so willingly and cheerfully co-operated.
"As stated above, I was perfectly in sympathy with having the three remaining members of the old board elected by the municipality. I felt that in Dr. Pratt we had a physician of standing and one who had laid down his practice

and gone overseas and had acquired special knowledge regarding matters of sanitation that would be a practical service to such a board.
"While the municipality as a whole felt that a change was to be brought about, I might say not only as a citizen, but as administrator of the health act, for organization.

that I feel quite happy in the personal

Careless Shampooing Spoils The Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it.
The best thing for steady use is just ordinary unsifted coconut oil (which is pure and greaseless), and is better than anything else you can use.
One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rises out readily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.
You can get unsifted coconut oil at any pharmacy. It's very cheap, and a few pennies will supply every member of the family for months.

A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.
By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.
You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

Quick, Safe Way To Remove Hairs

(Toilet Talks.)
Keep a little delatone powder on your dressing table and when ugly, hairy growths appear, make a paste with a little of the powder and some water, apply and let remain on the hairy surface for 2 or 3 minutes, then rub off, wash the skin and the hairs have vanished. This treatment is quite harmless, and rarely more than one application is required, but to avoid disappointment care should be used to buy the real delatone.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharges, drips or headaches; no struggling for breath at night.

It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

CHAIRMAN ON TRANSFER OF MUNICIPAL HOME

That if the municipality turns over the foreshore rights along Courtney Bay opposite the Municipal Home to the St. John Drydock & Steamship Company, there should be a guarantee that the public will not sustain loss through the possible removal of the institutions in East St. John is a strong opinion expressed by G. A. Knodell, chairman of the Municipal Home commissioners.

Name, Street, City, State.

Visible for the county secretary to look into the status of the entire property. Part of the East St. John property had been acquired many years ago for a poor house and workhouse, now the Municipal Home, and part for a penitentiary, which was built by the provincial government, the municipality giving the land in return for the province providing to keep short term city prisoners. The city sent prisoners there but later, at the time of Confederation the Dominion government took over the penitentiaries and the prison at East St. John was abandoned by the province. The buildings, which were dismantled now constitute the reformatory. Mr. Knodell thinks it is a question whether the municipal council can transfer any part of the land without legislative action.

A Frightful Death, Suffocated by Asthma

The Dread of Such an Unhappy End Oppresses Every Sufferer.

Every sufferer from Asthma knows the terror, the abject fear that overcomes them when struggling for breath. The old-fashioned remedies may relieve, but never cure. Best results come from Catarrhose, which cures Asthma after hope is abandoned. It's because Catarrhose kills the asthma germ that it cures. Choking spells and labored breathing are relieved, suffocating sensations and loss of breath are cured. Every trace of asthma is driven from the system, and even old chronic experience immediate relief and lasting cure. Equally good for Bronchitis, throat trouble and Catarrh. The large one dollar outfit includes the inhaler and lasts two months, sold by all dealers or from the Catarrhose Co., Kingston, Canada.

Ringworm--Scalp Sores

If you want speedy help try the D. D. D. Prescription. So easy to apply, not greasy or messy. It washes into the scalp and the relief is instant. Try it today on your guarantee.

Can You Solve the Lucky Horse Shoe Puzzle?

IT CAN BE DONE
The scarcity of Piano salesmen and the enormous salaries demanded by those obtainable, have compelled us to find another method of marketing our Pianos, Player Pianos, Talking Machines and Sewing Machines. This is purely and simply an advertising proposition. Our object is to get in touch with families who do not own Pianos, Talking Machines and Sewing Machines. We want the names of every family in the Maritime Provinces who may be in the market now or in the future for Pianos, Player Pianos, Sewing Machines, and Phonographs. We intend to send every person who enters this contest advertising matter and illustrations of the goods offered for sale.

WHY WE DO THIS
The one surest, safest and most economical way to buy a Piano is to pay the spot cash at the time of the purchase. If you intend to own a Piano at any future time try your luck at this puzzle. Use your head and take your time. It makes no difference to us who wins this Piano. One man's answer is as welcome and as apt to win as the next. But whether you win or not—remember—the best way to buy anything is to lay down the cash. When you buy from us you buy direct from the factories; no middle man, no agents—from the factory to consumer direct—with additional discounts for all cash.

IT PAYS TO PAY CASH FOR PIANOS, TALKING MACHINES, AND SEWING MACHINES

EMPLOYEES OF THIS STORE ARE NOT ALLOWED TO GIVE INFORMATION REGARDING THIS CONTEST
Please do not ask our salespeople for information. Do not call on the phone and inquire about the contest. We have instructed our employees not to answer questions of any character regarding this contest. The directions are plain. Use your own judgment and may the best man win.

AWARDS
The First Prize is a Brand New Piano. The Second Prize is a Brand New \$110 Phonograph. The Third Prize is a Brand New \$80 Sewing Machine. The Fourth Prize is a valuable purchasing voucher on a Piano. The Fifth Prize is a valuable Phonograph Discount. The Sixth Prize is a Sewing Machine Discount. Take your time in making out the solution to this puzzle. Gather the whole family round, let them all have a try, let them have an equal interest in the Piano, Talking Machine or Sewing Machine. Should you win one of them. Some one will win a Piano, some one will win a Talking Machine, some one will win a Sewing Machine. It should be you. Try hard. There is luck in the lucky Horseshoe Puzzle for some one.

Toronto, Jan. 22—Harry Lauder was presented with a gold fob by his fellow Rotarians at a luncheon given in his honor by the Rotarian Club of this city today. Promptly he put his signature on the dollar bill and it was then auctioned on behalf of the Lauder fund for maimed Scotsmen. It was knocked down to E. A. Hood at \$125.

DEATH OF BOY PRINCE SUDDEN
No Time to Summon King and Queen Before Son Expired

The death of Prince John, youngest son of King George, came so quickly and unexpectedly on Saturday night that there was no time for the king and queen to be summoned to the bedside of the young prince. He died at 11:30 p.m. at Sandringham Palace, Norfolk, England. The London newspapers point out sympathetically how the king and queen have sought to ease the burden of the war-time to bury the tragedy of their youngest son's delicate health in the silence of their hearts, never hinting to the nation the nature of the personal anxieties weighing upon them.

FATHER COUGHLIN LAID TO REST THIS MORNING
(Continued from page one.)
he had sworn to overcome at his ordination. Others would remember him, said Father O'Keefe, as the chaplain of the Father Matthew Association. He loved to be with the boys, with many of whom he had grown up, and if they were not following the path of virtue he chided, then because he loved them. He many of these were good citizens today who owed it to Father who had labored so indefatigably in their midst. He was also chaplain of the Good Shepherd Monastery, his consultations with the Sisters always made his visit to the institution a festive occasion, for they loved and respected him.

The Bishop saw his ability and sent him to Holyville. During his stay at that parish the same characteristics which distinguished him here were in evidence, and he immediately started to organize against evil. He used all the ability God gave him to this end, and never did he receive a call from the sick or dying that he did not immediately respond to bring consolation and strength to the dying so that when they departed this life they did so with hope and love for Christ. He was kind to the poor and welcome was ever written over his door.

Father O'Keefe told of the early life of Father Coughlin, how he loved to serve at the holy sacrifice of the mass, of his studies for the priesthood and his success at St. Joseph's College. He had never a doubt as to his vocation, and the height of his ambition was to become a priest of God. He then spoke of his illness which manifested itself a few months ago, his consultations with learned physicians and the courageous manner in which he went about his duties, even after learning that he had but a few months to live; how he returned to the Cathedral and celebrated his last mass and gave his soul into the hands of God. "He died as he lived, a true soldier of Christ."

In closing Father O'Keefe said that if the cold lips could speak they would tell his friends "pray for me!"
When the ceremony was over, the body was conveyed to its last resting place on earth, the priests' lot in the new Catholic cemetery, where burial services were conducted by Father Harold Coughlin. As the body was borne from the church, the Dead March in Saul was played by Arthur S. Goudoe on the Cathedral chimes.

The following priests were present at the obsequies: His Lordship Bishop LeBlanc, Revs. D. S. O'Keefe, St. Andrews; J. W. Holland, St. George; Geo. Pettit, Calais; Miles P. Howland, Kingsclear; E. J. Conway, Chipman; J. J. Ryan, Woodstock; M. T. Murphy, St. Mary's; C. Hannigan, Petrusville; H. O. Cormier, Moncton; A. Robichaud, Fox Creek; A. Walker, Wm. M. Duke, W. L. Moore, R. D. Fraser and A. J. O'Neill, city.

During Tuesday, as the body of the priest lay in his mother's home in Es-month street, there was a constant stream of friends calling to express their sympathy with the family in their great loss.

HAVE BEEN WHERE THE WORK WAS HOT

More St. John Men Home After Doing Well Their Share in Winning Victory

Twenty of St. John's gallant sons arrived home this morning on the Halifax train, which pulled into the Union depot at 6:05 o'clock. The party reached Halifax yesterday on the Empress of Britain, which brought back to Canada 3,186 of her fighting men. The men were met at the station this morning by members of their families and by Chas. Robinson, secretary of the Returned Soldiers' Aid Commission. The men for military district No. 7, constituting the province of New Brunswick were allowed to go direct to their homes to report at Fredericton for discharge in four or five days. In the case of the men coming back on a hospital ship the procedure is quite different. The men must go to Fredericton, there get their medical board and then be granted a furlough.

The St. John men in the party were unanimous in the expression "I'd be home, but would not have missed it for a great deal." Very few in the party were badly wounded, but some are suffering from internal troubles. Sergeant G. Gunner went overseas as a member of the original 26th Battalion. He wears upon his coat the service ribbons of 1918.

Quartermaster-Sergeant A. Evans of the C. F. A., son of Walter Evans, 83 Seely street, was in the party. He went overseas as a member of the 80th battalion from Victoria, B. C., in the summer of 1915. After arriving in England he was transferred to the 16th battalion in France and later to the Canadian Field Artillery. On Oct. 8, 1918, he was wounded and invalided to England.

Gunner R. M. Cowan, son of A. E. Cowan, Kennedy street, arrived home. Gunner Cowan was among the first of the St. John boys to enlist and went overseas as a member of the artillery unit from St. John in the first contingent. In March, 1916, he was wounded after recuperating he returned to France and at the fighting at Cambrai he was shell shocked.

Sergeant S. K. Kee, son of John Kee, Pitt street, a member of the 26th Battalion, arrived in the party. He went overseas in the 11th Battalion. In January, 1918, he was taken ill with diphtheria and was invalided to England.

Gunner Joseph K. Kennedy, son of John Kennedy, 164 Sydney street, went overseas with a draft from the 9th Siege Battery. He was in France but was taken ill and invalided to England.

Sergeant Gordon Pinney of East St. John was among the returned soldiers to arrive home this morning. He went overseas as a member of the original 26th. He was wounded three times, first in the latter fight, and his last wound in the summer of 1917. This finished his fighting career in France, but after recuperating he was made a sergeant-instructor at Witley Camp, Frank Pinney, a teacher, was in the battle in the town of Courcellette. Sergeant Pinney is well known in local sporting circles as a glove maker. His many friends will be pleased to learn that he has arrived safely home.

Bombardier S. L. Mellday of Sydney street, was in the party. He went overseas as a member of a draft from the 9th Siege Battery. In the battle of Amiens in August '18, he was wounded and invalided to England. Bombardier Mellday spoke very highly of the work done by the Salvation Army in France, and of the treatment he received in both Canadian and English hospitals.

The St. John men in the party were: A. Evans, 83 Seely street; W. D. Deane, 208 Pitt street; C. M. Campbell, 42 St. John street; R. M. Cowan, 77 Kennedy street; A. H. Crowley, 64 Carleton street; J. FAIRVILLE METHODIST AUXILIARY OF W. M. S.

The annual meeting of the Fairville Methodist Auxiliary of the W. M. S. was held in the church vestry last evening with a good attendance. The report showed the local society to be prosperous.

The secretary, Mrs. H. M. Stout, read a report covering the activities of the year. The program was followed by the reading of the financial report showing total receipts of \$99.25, which was regarded as the most interesting feature of the evening were addresses by Rev. L. M.
