CHURCH FIRED AND NEGRO IS MURDERED

More Race Trouble; This Time In Georgia

Three Other Churches and Lodge Building Used by Negroes Also Put to the Torch—Mass Meetings Held Late

Eastman, Ga., Aug. 29.—The charred body of Eli Cooper, a negro, was found yesterday in the ashes of a negro church which was burned by incendiaries early this morning. Three other negro churches and a negro lodge in this section were burned Tuesday night.

The acts of violence followed reports that the negroes planned to rise up and "wipe out the white people," and that Cooper remarked the negro had been run over for fifty years but there would be a change in thirty days. The only explanation for the burning of the churches and lodge rooms was that these were said to have been the scenes of mass meetings recently during which the uprising was discussed. Hundreds of copies of a Chicago negro newspaper were said to have been distributed at these meetings.

Cooper was taken from his home on Wednesday night according to his wife by a crowd of about twenty white men. The negro was taken several miles by the mob, and it is presumed that he was shot by the crowd and his body thrown into the burning church.

LOOTING BY THE MILLIONS OF TONS

Roumanians Say Central Empires Took Tremendous Amount of Goods During War

Paris, Aug. 29.—Roumanian authorities have discovered in Transylvania highly important statistical material from which it appears that the Central Empires, between December 1, 1916, and October 10, 1918, removed from Roumania 3,705,148 tons of merchandise, of which 2,161,900 tons were foodstuffs and the rest petroleum and raw materials, says a Havas message from Bucharest.

Hundreds of thousands of carloads were removed to Austria-Hungary alone, and it is pointed out that the figures quoted, which are said "certainly not to err on the side of exaggeration," concern only what is officially described as parcels which German and Austrian invaders sent home by the carload daily, and what the army of occupation consumed.

NOTABLE FEAT BY THREE AIRMEN

Spirit Gone Out of THE GERMAN WORKERS Cannot be Induced to Join in Strike For Political Purposes

New York, Aug. 29.—Three army airplanes, flying in triangle formation, flew under the five bridges of the East river today in one of the most spectacular aerial feats seen in this section. The planes, before going under the first bridge, reached a high altitude and then volplaned down under the first structure, a sort of roll fashion, repeating the manoeuvre as they neared each bridge.

Retail Merchants Take Up The Question in Special Meeting—Other Phases of the Matter

Reference in the morning papers to the fact that the civic resolution providing for the observation of "daylight saving" time by city hall would expire soon and that the city would revert to standard time caused considerable stir around the city today. It was feared by some that the city's lead might be followed by others, and that the state of confusion which existed at the beginning of the season might be repeated.

Montreal, Aug. 29.—Levi Hirst, of no address, according to the story of the police, has some strange ways. For the last week there has been complaint at headquarters of a mysterious individual who stayed around Fletcher's Field all night and who threw himself prostrate on the grass whenever an auto or a pedestrian appeared. The police did not like that alleged conduct so they watched carefully for the man and this morning at four o'clock they took Hirst into custody.

As it was chilly on the field at night the prisoner wore himself with three pairs of pants for his outfit.

He wasn't a pauper either, for when they searched the man at the police station \$200.42 was found in his pockets.

MONTEAL FACES STRIKE OF BUILDING TRADES

Montreal, Aug. 29.—Fifteen thousand men connected with the building trades of Montreal will strike on next Monday for the eight hour day. The men demand the same wages for the eight hours as they are now receiving for nine hours.

Master builders take the stand that if the demands are conceded they will have to complete their present contracts at a great loss.

They say that at present prices it is impossible to concede these demands without aiming a serious blow at the building industry. The men say they cannot live and secure the necessities of life if they are not given the wages they demand.

The local men who participated in the "orchard field day" yesterday and inspected various orchards along the St. John river were greatly pleased with the success of the trip and expressed the hope that it would lead to increasing interest in the fruit growing possibilities of the province. The St. John River Orchard Company, organized several years ago under Board of Trade auspices, was represented by Andrew Jack and W. E. Anderson; the St. John Board of Trade was represented by A. H. Wetmore and R. E. Armstrong. Among others present were W. E. Vroom of St. Stephen, former president of the Fruit Growers' Association, and A. S. and W. E. Bowman.

NO AGREEMENT ON VALLEY RAILWAY MATTER.

Hon. W. P. Jones returned yesterday from Toronto where he had gone to take part in the negotiations for running rights for the Valley railway over the C. P. R. between St. John and Westfield. When Mr. Jones left no agreement had been reached and it will be impossible for the C. N. R. to commence operation of the road on Labor Day. If an agreement is reached by negotiation the service may begin a week later; if it is found necessary to appeal to the Dominion Railway Commission, a month may elapse. The difficulty in the way of agreement is the amount the C. P. R. asks for the running rights.

MORE ACTION WANTED.

The announcement of a drop of ten per cent in the price of hogs in Chicago, which appears in the market reports today, is but another indication of the turn of the tide, evidence of which has been found in the quotations on other commodities during the last few days.

The fact that some prices are dropping to lower figures will arouse a natural curiosity regarding the justification for other prices which still remain at the high level.

Apparently the high cost of living can be reduced if serious effort is made by those in authority.

When the Board of Commerce Act and the Combines and Fair Prices Act were so hurriedly passed by parliament much was expected of them as a means of relief from the high cost of living.

If this legislation was designed for other than ornamental purposes, it is time for the government to furnish evidence of its more serious purpose.

THE TIME PROBLEM.

In an effort to escape from the confusion which existed at the first of the season owing to the fact that some citizens were observing standard time while others were forced to regulate their days according to "daylight" time, the common council adopted a resolution making the latter time official for all civic departments.

OUR ORCHARDS.

Members of the party who observed "field orchard day" yesterday by inspecting the orchards along the banks of the St. John river were deeply impressed by the possibilities which the province offers for fruit growing.

Experts have pronounced apples grown in New Brunswick on a par with the best and superior in some respects to the product of more famous apple regions.

The introduction of more modern methods of growing and cultivation and improvements in packing and shipping have enabled New Brunswick apples to secure a foothold and a growing reputation in outside markets.

The opening of the Valley Railway will furnish access to a country well suited for orchard development and should result in increased attention being paid to this source of wealth.

The American Bar Association has had a committee on military law studying the matter of courts martial with the idea of suggesting reforms in military law.

After all these summer fairs are coming things on some of these days we are having.

Women's hats are going to be expensive this fall.

PRICE OF WOMEN'S HATS WILL BE HIGH?

According to Ora Cne a New York designer, who is giving a series of addresses at the conference of the Retail Milliners' Association yesterday and today in Jordan Hall, New England Conservatory of Music, women's hats will be "out of sight" in price.

Soft brims will be popular this fall, he said. Heavy appearing materials, such as broadsides, will be used in such manner that they will seem light and airy.

Among the hats shown last night was a black creation with the new "beef-eater" crown. This crown is copied from the hats of the Tower of London guards.

William H. Sullivan, director-manager of the show, arranged for a special exhibition of clothes styles. Ten frocks which won prizes at the recent fashion show in New York were shown by living models.

Other frocks and suits were shown by Boston houses and included some fascinating dresses. The new neckline is high and straight in front and low in back.

LIGHTER VEIN

Dr. Torrey, evangelist, in speaking of missionary work remarked: "Teaching the heathen must be most difficult of all. Just think—first you must teach them the language before you can even lay the foundation for a knowledge of God."

Several persons were making purchases in the grocer's shop on a very stormy day, when an old man with a stick in one hand and a bundle in the other entered and asked:

"Did any of you drive up here in a cart?" "Yes, I did," replied one man. "Was it an old white horse?" "Yes."

The retired colonel was fishing in a quiet stream when there approached a yokel, who remarked with a yawn: "Time ain't ver' valuable to yous it? Here I've bin a watchin' you three hours an' you ain't had even a bite!"

The American tourist had been boasting again at the village inn. "Talking of scarecrows," he said, "why, my father once put one up and it frightened the crows so much that they never entered the ground for a year."

"That's nothing," retorted one farmer. "A neighbor of mine once put a scarecrow into his potato patch and it terrified the birds so much that one scrawl of a row was so terrified that he came next day and brought back some potatoes he had stolen the day before."

REFUSES \$48,000 ALIMONY

Too Much For Mrs. Brulatour to Enjoy, Says Justice Luce

New York, Aug. 29.—In refusing to grant \$48,000 a year alimony, asked by Mrs. Dorothy G. Brulatour pending her suit for a divorce from Jules E. Brulatour, a film dealer, and granting only \$10,000 alimony, which the defendant said he was willing to pay, Supreme Court Justice Luce said: "In these days when thrift and economy are urged upon all citizens, the court should not sanction expenditures far beyond the reasonable capacity of enjoyment."

Justice Luce said the former status of Mrs. Brulatour did not warrant an allowance of \$48,000. He remarked that a counter-charge brought against her by her husband required him to supply her with means to conduct her litigation. For this reason he allowed \$15,000 counsel fee to her attorney, Max D. Steiner. Justice Luce said:

"The papers contain the story of the infidelity of both parties, an utter disregard of marital obligations, and resort by both parties to the court to be relieved of matrimonial vows as if they were nothing more than a mere contract."

GIRLS WANTED

TO LEARN TELEPHONE OPERATING

REQUIREMENTS:

Courtesy, Intelligence, Grade 8 Education

TELEPHONE OPERATING requires special knowledge and training, which is given in the School for Operators. Not only is this instruction given without charge, but the company pays you a salary while you are learning. In many lines of work a girl has to give her time for several weeks, or even months, learning a trade, and often in addition has to pay for the instruction. When the trade is learned and she is fitted for a position, she frequently has to wait more weeks or months before she can secure one.

Upon successful completion of the Telephone School Course, you are assured a position at once. Rapid promotion to responsible positions is possible for girls with ambition and intelligence, who are alive to requirements of a present day business woman at salaries in excess of most other lines of business.

THROUGH ARMY
OF BOLSHEVIKI;
13,000 TAKEN

Kamentov's Cossacks Score Victory Over Reds

One Regiment Deserts to His Forces—Denekine Advancing Rapidly and May Get Enemy Into Pocket—Some Bolsheviki Succumb

London, Aug. 28.—The Cossacks under General Kamentov, who succeeded in breaking through the Red army, captured 13,000 Bolsheviki and dispersed 20,000 mobilized but untrained men. A despatch has been received to this effect from General Kamentov, which refutes the Bolsheviki contention that his communications have been cut. (According to a Bolsheviki communication received by wireless in London on Aug. 27, the Cossacks broke through the Red army, whose heavy masses closed in behind them, cutting off their communication with the anti-Bolsheviki forces.) A regiment with forty officers deserted to Kamentov, who is forming a division made up of former Bolsheviki. He has evacuated Tambov and is proceeding northwest towards Kozer, headquarters of the Bolsheviki southern front. General Denekine's advance is continuing rapidly. He is now within ten miles of Kiev and twelve miles from Peltura's forces. If a junction occurs the entire old Bolsheviki forces remaining in the pocket 250 miles deep on a fifty mile width to the south of Kiev will be cut off. To the northeast General Denekine has

THE PRINCE'S RECEPTION AT CHARLOTTE TOWN, P. E. I.

THE PRINCE'S RECEPTION AT CHARLOTTE TOWN, P. E. I.

captured the important railway junction of Bekhames, twenty miles west of Koptop. Denekine's cavalry and armored trains are leading the advance and are not meeting with any opposition along the whole western front. The Bolsheviki, however, massing on his centre and right, having captured Volchansk, Vasulka and Buturlinova. The plan of General Denekine is to clear the left flank, preparatory to a general advance. The Bolsheviki claim of the capture of Pakov, southwest of Petrograd, is probably correct. Farther to the south the Poles are advancing on Dvinsk and to the eastward have forced the Bolsheviki back to the Drina near Polotsk, imperiling their line. South of the Pripiet marshes, the Poles have been checked on the line of the Stuzh river. Heavy fighting is going on at Novgorod-Volinsk. Farther eastward the Bolsheviki have retaken Alimair. This area has been counter-balanced by the capture of Fastov by the Ukrainians.

SUSSEX SOCIETY NOW FOR SERBIAN RELIEF

The Soldiers Comforts Society of Sussex met on last Monday at the home of Mrs. Robinson. It was decided that all money and supplies on hand be sent to the Serbian Relief, and that the society disband as the Soldiers Comforts and be organized as Serbian Relief. It was decided to hold a public meeting of the women of the town on Monday evening, Sept. 8.

WEST END COMPLAINT.

To the Editor of the Times.—Sir—We of the West Side have been taxed as citizens of St. John and yet Lancaster and Water streets, also Courtney Hill are only a pasture. Why is it? The laws on the statute books applies as much to the West Side as to German street and King Square in the city proper. Courtney Hill is in reality King Square, as old inhabitants will tell you. Whose fault is it that the law is not enforced on the West Side? This is the first year things have been so lax in my remembrance; in the past law-breakers were made to respect the law. The most excellent law is not any good on the statute books if it is not rigidly enforced by those whose duty it is to do it. Will those in authority kindly see it is done, as the time for paying taxes is drawing to a close, and we want to know what we are getting for our money. A TAXPAYER. West St. John, Aug. 28.

PRESENTATION TO MR. STUART.

Chatham World—H. H. Stuart's former pupils presented a fountain pen and a rocking chair to him on the eve of his departure for Sunny Beach. It was kind of the pupils, by the way, to give the good of a rocker to him? He never stops work long enough to use one. He is one of the few men who really love work for his own sake. No set of resolutions or programme of business of a convention or public gathering of any kind is too long or too stupid for him to copy in full just for the fun of the thing. Mr. Stuart will be missed from the Miramichi.

In Bride's Honor.

Several brides-to-be were honored with showers last evening, each receiving numerous valuable and pretty remembrances. One was held for Miss Annie Day, assistant superintendent nurse at the General Hospital, at the home of Mrs. Fenwick McKelvie, Elliott row; another for Miss Mary Kellher at the home of Miss Katherine Morrice, 147 St. James street; one for Miss R. M. Welch at the home of Mrs. I. J. Warden, 488 Main street, and one for Miss Bessie Kelly at the residence of John Hamilton, Spring street.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and chest, and replacing ugly hollows and angles by the soft curves of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by Ross Drug Co. in St. John and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance; the increase in weight frequently being astonishing. Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy which nearly always accompany excessive thinness should soon disappear, dull eyes ought to brighten, and pale cheeks bloom with the bloom of perfect health. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-Phosphate has brought about a magic transformation with me. I gained 15 pounds and never before felt so well."

CAUTION:—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to increase weight, be used by anyone who does not desire to put on flesh.

DO YOUR FEET BURN?

Then use Zam-Buk. There is nothing so soothing for tender, aching or blistered feet. It will end the burning, draw out the soreness, prevent blistering and give you perfect foot comfort. Also there is nothing so good as Zam-Buk for sunburn, heat rashes, blistered hands, aching muscles, mosquito and insect bites, cuts, bruises, burns and all skin injuries and ailments. 50c. all druggists and stores.

MONITOR GLOW WORM IS SUNK; LIVES ARE LOST

Twenty Killed and 40 Missing—Vessel Was Probably One of British Fleet

Archangel, Aug. 28.—The monitor Glow Worm has been sunk at Beresnik. The cause of the disaster was the explosion of an ammunition barge. The loss is estimated at twenty men killed and forty missing.

The naval registers do not contain the name of the monitor Glow Worm, which is probably a British vessel. During the latter part of the war and after the names of newly constructed craft for war purposes have not been listed.

CHATHAM PAPER ON A LABOR MATTER

Chatham World—Mr. Tighe, vice president of the International Longshoremen's Association, got \$701 from Chatham, Nelson and Douglastown working men besides his receipts from Loggieville and other Miramichi points (probably \$1,000 in all), for his visit to the Miramichi, and will get, when he completes his programme by organizing other workers, \$1,000 more, and will get the promoter and the profiteer will have to take a back seat, in respect to money making, within the Labor Union organization (scraps of paper) in return for their money. Organize! organize! organize! the organizer needs money!

SURE DEATH FOR RUSSIAN CAPTIVES TAKEN IN WAR

May Starve in Germany or Be Slain By Bolsheviki

Populace Restless—Angry Because Prisoners Well Fed by Allied Mission But Allies Have Left

Coblenz, Aug. 29.—Grave doubts as to the future of 300,000 Russian prisoners in Germany have been expressed by American officers who have been in charge of the Russian Prison camps in Eastern Prussia, and who are reaching Coblenz following their recall. The lot of these prisoners is precarious either way. It is doubtful if they will be properly cared for, or if sent homeward they probably will fall into the hands of the Bolsheviki, who, up to the present have shown special delight in murdering those who refuse to join their ranks.

DEATH OF BOTHA TOUCHES CANADA

Hon. MacKenzie King Speaks of Relations of the Two Parts of Empire

Ottawa, Aug. 28.—Commenting on the death of General Louis Botha, premier of South Africa, Hon. W. L. Mackenzie King tonight follows so closely upon the death of Botha that it is recognized everywhere, it touches in a very intimate way, the history of the Canadian people. General Botha found his country a nation in arms against Britain; he left it a nation fighting at Britain's side for the principle of freedom of the world.

LEMEN JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

DIVER ALMOST LOST BREATH

Could Hardly Digest Anything—Gained Fifteen Pounds—"Tanlac Was a Godsend to Me," He Declares.

"Well, sir, this Tanlac has overcome my troubles completely and I have gained exactly fifteen pounds in weight since I commenced taking it a short time ago," said John Gregoire, who lives at 4 McDonald street, Halifax, while talking to a Tanlac representative the other day.

Mr. Gregoire is well known in and around Halifax, and for the last thirty-eight years has been employed by the Dominion government as expert Marine diver.

In speaking further about his experience with Tanlac, he said, "For the past three or four years I have suffered something awful with stomach trouble and indigestion. During the entire time my appetite was very poor, and what little I did manage to eat just seemed to form into a lump in my stomach, and would cause me all sorts of pain and suffering for hours afterwards. I would have the worst sort of cramping spells and very often I would be so nauseated I could hardly retain what I ate. Then there were times when gas would form so bad that I would almost lose my breath from it, and often at night I would have to get up and walk the floor in order to get a good breath. I was badly constipated all the time and had to take a laxative nearly every day. All my strength and energy just seemed to leave me completely, and I finally got so weak and run-down I was hardly able to do any work."

"Then I decided to give Tanlac a trial as I had heard so much about the good it was doing other people and it is the only medicine I have ever had any good at all. I have taken six bottles of this wonderful medicine so far, and now I can eat three square meals every day and never have any sign of indigestion or sour stomach afterwards. I sleep like a log every night now, and do not feel any more tired at the end of the day as I have done in the past. I have gained back all the weight I lost, and I feel fine all the time. I never lose an opportunity to say a good word for Tanlac, as it has certainly been a godsend to me."

Tanlac is sold in St. John by Ross Drug Company and F. W. W. Tanlac representative.—(Adv't.)

CONVICTS LEAP FROM TRAIN FOR FREEDOM

On the Way From Sing Sing to Dannemora—Three Get Away, Two Re-captured

Oswining, N. Y., Aug. 28.—Warden Edward V. Brophy of Sing Sing prison was notified early Tuesday morning that three convicts who were being transferred from Sing Sing to Clinton Prison at Dannemora had escaped by jumping from the window of the train in which they were being conveyed. Two convicts escaped while the train was going twenty miles an hour, and the other got away while a search was being made for the first two. Two of the convicts were recaptured later. Each convict was handcuffed to another, but the handcuffs were unlocked with a key. Warden Brophy is conducting an investigation to find out how the key was obtained.

MRS. DOOLEY'S ADVICE TO WORKING GIRLS

Milwaukee, Wis.—"I wish all girl who work and suffer from functions after this time, and I wish all girls who profit by my advice and take Lydia E. Pinkham's Vegetable Compound. Before I was married, when I came home from work at night, I would just work out with pains which dragged me down. I took Lydia E. Pinkham's Vegetable Compound, and it made me feel like a new woman. I can work from morning until night and it does not bother me, and I wish all girls who suffer as I did would try Lydia E. Pinkham's Vegetable Compound."—Mrs. H. Dooley, 1125 25th Street Milwaukee, Wis.

Working girls everywhere should profit by Mrs. Dooley's experience, and instead of dragging along from day to day with life a burden, give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound a trial. It has overcome just such conditions for thousands of others, and why not for you? For special advice, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.

THE BOSTON POLICE

(Boston Globe.) Eight members of the Boston Police Union, affiliated with the American Federation of Labor, most of them officials of the union, were tried before Police Commissioner Edward U. Curtis at police headquarters yesterday charged with a violation of an amendment to rule 35 of the police rules by joining the new union.

After a hearing lasting about two and a half hours, Commissioner Curtis took the case under advisement, saying it would be some time before he rendered his decision, as he is very busy, and desires to read every word of the stenographic report of the proceedings, to study the law and legal references made in the arguments by counsel and to ponder seriously over the case.

It has been reported that he intended to suspend the accused policemen immediately after the hearing, but he did not do so and it is not anticipated that he will now interfere with them at least until his final decision in the case.

It is also reported that he does not now intend to give a hearing immediately to the eleven other patrolmen, members of the union, who have already been examined by Sup't. Michael H. Crowley and against whom line charges are said to be pending.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain. How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach, and not as some believe to a lack of digestive juices. The acid, when in excess, is irritating, digestion is delayed and food spoils, causing the disagreeable symptoms which every stomach sufferer knows so well.

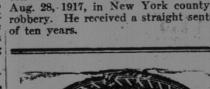

Artificial digestants are not needed in each case, and may do real harm. Try lying aside all digestive aids and instead get from any druggist a few ounces of Blaud's Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid, and there is no sourness, gas or pain. Blaud's Magnesia is a vegetable compound, never liquid or milk, is harmless to the stomach, inexpensive to take, and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

PYTHIANS HONOR DEAD BROTHERS

The memory of their brother knights who have passed away was fittingly honored last evening by the local lodges of the Knights of Pythias. Beautiful wreaths and flowers were placed upon their graves in accordance with the annual Decoration Day. And in honor to their brothers whose graves are scattered over the hard-fought fields of Flanders the local Pythians decorated the graves of soldiers who rest in the St. John cemeteries, thus conferring honor upon both the absent ones and those who shall always be near.

The Knights of Union, New Brunswick and St. John lodges turned out in strength on the grand parade which moved off from the Castle Hill just after 5 p. m. and accompanied by the Temple and G. W. V. A. bands marched up King street, along the South Side of King Square, down Sydney and Waterloo streets and thence via Thorne avenue to the rear entrance of Fernhill. At Fernhill the beautifully impressive Pythian service was held, opening with the hymn, "Safe in the Arms of Jesus," with accompaniment by the Temple Band. Scriptural reading by Sir Knight

Rev. Alfred Jenner; the address of the occasion by Sir Knight James Moulson, past supreme prelate, the hymn "Abide With Me," accompaniment by the G. W. V. A. band; prayer by Sir Knight Rev. D. Hutchison, D. D. The doxology and God Save the King completed the service. The parade re-formed and marched back to Castle Hill, Germain street, where it broke up about 9 p. m.

Among the other competitors who showed class in this competition were Misses Geraldine Ready, Helen McDonald, and for the boys, Cecil Compton, Roy Harding and Boots Sullivan. Pitcher Hansen Injured.
Ray Hansen, principal twirler for St. Peter's baseball nine, had a rib fractured the first inning of last evening's game (the Y. M. C. I. in the City League) on Queen square diamond. A foul all had gone outside the grounds. Another shot high into the air and was caught by Joe Dever, a runner was on third and Hansen ran in to cover home late. As he did the ball was thrown from outside the grounds and, coming through the glare of the sun struck him. After a bit of rest he went in to pitch again but had to desist. At the home of St. Peter's, he was attended by Dr. F. L. Kenney and soon was able to come home, but he will be out of the game for the rest of the season. Last night's game went three and a half innings and does not count in the schedule. The teams were four each in even innings and St. Peter's had scored three in the fourth when the game was called to two men out. The box scores:

Three Great Drivers.
Murphy, Geers and Cox won thirteen of the eighteen races contested at Poughkeepsie last week. They represent the strongest "money getting combination" that has ever appeared on the trotting turf, and no one can pull the Sherman act better than the rivalry between the "big three" is very keen.

Murphy's stable is like the A. E. F. It has starters in every sector, while new material is being added or brought up from the base as soon as the first selections fall by the wayside. Brunioloff was given a stall at Cleveland in July. Wood was picked at Toledo. Clifford Patch at North Randall, while Doctor Nick made his first start last week at Poughkeepsie and won in 2:10.

Geers, like Napoleon, makes his own army. Week after week he keeps bumping his rivals with horses that have been racing in the dust. Molly Knight, Kerrigan and Mamie Locke being the latest to show in front. Her Resper has been 1 and while Collette Todd is the best pace that has been in Geer's stable since he brought out Direct Hal. Her victory in

Hundreds of boxes have been developed as a result of the encouragement given the sport by officers of the Allied armies, and out of this array of fighting men some really classy performers are sure to come to the top.

International matches between the best scrappers of the United States, England and France are likely to feature the coming fall and winter season. Just at the present time efforts are being made in England to select the champions in the various ring classifications and it will not be completed for several weeks.

France has progressed further in this respect than has her fighting opponent for it has been possible to determine the best boxers in the various divisions, as a result of their showings in battles before and since the war.

Detroit, Aug. 28—Jack Dempsey, heavy-weight champion, today declared he favors holding the next championship bout in Detroit. Dempsey will make his home here. He is appearing in a local theatre this week, and says he believes the new Michigan boxing law, permitting ten round bouts will make it possible to hold championships here, and that he will meet the next challenger in Michigan, if possible.

News of the Boxers.
Jack (Twin) Sullivan earned the decision over Soldier James of Toronto in ten rounds in Toronto the other night. Jones had youth and superior strength, yet his greenness was ever apparent and Sullivan won through superior ring craft.

Willie Jackson and Johnny Dundee are to box again at Jersey City on Labor Day. Jeff Smith and Mike Gibbons are booked for a bout in Minneapolis Sept. 25.

A Murphy Day at Readville.
Readville, Mass., Aug. 28—McGregor The Great met defeat for the second time today when the grand circuit meeting here today, when Marion-Dale brushed by him in the second and third heats of the Massachusetts 2:12 class trotting under Tommy Murphy and won. McGregor The Great was almost a prohibitive favorite, having won the first heat the race yesterday before the event was held over because of weather conditions. Marion-Dale was outclassed yesterday but came back strong today in 2:06 1/4 and 2:08 1/4.

It was a Murphy day, as the New York reinman drove Direct C. Burnett and Sarnard in victory in steeple chases in the Neponset and the Pilgrim. The fastest heat in the Neponset was paced in 2:03 1/4 and in the Pilgrim in 2:05. Cox with Frank Dewey tried every art in driving to win the Neponset but the Murphy start had the whiz in the brushes.

Edgers drove a winner in the American Horse Breeders' Futurity for three-year-olds trotters, Molly Knight going over eight heats, the best time being 2:05 1/4.

Wilkes Brewer won the best race of her extended turf career in capturing the Blue Hill 2:12 class trotting in three heats and Little Lee had just enough to win the Boston Globe event for two-year-old trotters.

Authorities stopped speculation on the races.
Fourteen Heats at Sydney.
Sydney, Aug. 28—Over 2,500 people witnessed the most sensational racing ever staged in Cape Breton at the Sydney Trotting Park this afternoon when fourteen heats were necessary before winners were declared in the three classes on the holiday hill. Races which were held as part of the Peace Day celebration in Sydney were featured in two unexpected victories. Yanna, a rank amateur, won the first heat in capturing the free-for-all, while Lily Shaner, another short end horse won a six-heat race in the 2:30 class.

Would Banish Toe Calks.
Saratoga, Aug. 28—P. R. Hitchcock, a secretary of the Saratoga Association and one of the stewards of the current meeting of the Saratoga Association, has announced that at the annual meeting of the Saratoga Club next January he will propose a rule doing away with toe calks on all racing plates.

Two horses have been destroyed and three or four badly cut down through the use of these toe calks at the present meeting," said Mr. Hitchcock, "and I think it is time that we call for a ban on toe calks are forbidden on English and French courses, and there is an exhibit on all French tracks of what are termed fair and unsafe calks. The penalty is exceedingly severe for using the latter type. I would make the penalty for the use of such plates come into force immediately and I would like to see which would include the electric battery and other devices of that sort. I have talked with many good horsemen and they all agree that horses can run in the mud with smooth plates. I would not rule against heel calks as no damage could be inflicted with them."

At Houdon Fair.
Three good events were seen at the Houdon Fair races yesterday. Although all the races went in straight heats there was some hot scrapping for places. Bravas (Red), Fort Frances and the 2:12 mixed, 2:17 1/4, and the 2:30 trot was won by Bill Sharon (Boyle), Frederickson 2:21 1/4.

Ebbets Wins New Role.
Charley Ebbets, president of the Dodgers, has requested John A. Heydler, president of the National League, to issue an order which will prevent ball players from indulging in the habit of throwing the ball in the air for the fans to scramble for after the last put out has been made. Last season Ebbets, of the Field Zech Wheel did this and Ebbets states that several dist encounters resulted, "which, happening on a Sunday, marred what otherwise was a pleasant and orderly Sunday entertainment. While the damage on this occasion," continued Ebbets in his statement, "was not serious, there is always an opportunity in a rush of this character that one or more persons may be seriously injured."

Won By 100 to 7 Shot.
London, Aug. 28—The Ebor handicap race results today were as follows: Rock, 100 to 7, first; Wildswan, 10 to 1, second, and John Jackett, 6 to 1, third.

THE RING.
Carpentier to States?
Georges Carpentier, heavy-weight champion of Europe, will probably visit the United States late next December or early in January. The authority for this statement rests in a letter from Lieut. Ben F. Steinel, who was in charge of the boxing programme of the A. E. F. and who was manager of bouts promoted by the Y. M. C. A. for the entertainment of the Yanks in France.

Carpentier, it is said, will be accompanied by his manager, Deschamps, and by Charley Ledoux, a veteran French bantamweight. It is not Carpentier's intention to meet Dempsey immediately. The French man probably will box with America's second raters, and then, providing he makes good against these fighters, negotiations will be opened for a championship affair between this war veteran and Dempsey.

Hundreds of boxes have been developed as a result of the encouragement given the sport by officers of the Allied armies, and out of this array of fighting men some really classy performers are sure to come to the top.

Germans Swarming
To Holland Now

Stretching Out Tentacles Over Holland
Lake Great Octopus to Control Commerce

The Hague, August 29—Holland literally is swarming with Germans, and the German language is also as common in the streets, in trains, on tram cars, and in restaurants and hotels as the Dutch language. Many of these people come for a vacation and food, but the majority are here for business and financial reasons, or to evade taxes. Germany, by losing the war, failed to annex the Netherlands, but now intends to control the country economically, and is stretching out its tentacles over the whole of Holland like a large octopus.

In spite of the constant efforts of the German government to control export capital, it continues to flow into Holland and other neutral countries, and many new companies and agencies are being started here.

The Dutch government in principle opposes this inundation of German subjects, especially owing to the fear of Bolshevism, and the aliens' office here exercises vigorous control over passports. No foreigner can arrive or depart from Holland without the visa of the aliens' office, and every request for a visa with its reasons is thoroughly investigated. Seventy-five per cent of German husbands may obtain the visa for business reasons, while pleasure seekers obtain permission by showing their contract with a Dutch hotel. Various means are resorted to in order to come to Holland for business. In some cases American passports have been used by Germans pretending they intended to sail for America from Holland. American passports can be sold here at a premium. There are thousands of Germans making time, merely waiting the day when it will be possible for them to go to America. Your correspondent often is asked when American wives of German husbands may revisit America and relatives.

REV. J. I. RYAN TO MILLTOWN

Appointment Announced Today By His Lordship Bishop LeBlanc

Announcement was made today by His Lordship Bishop LeBlanc that Rev. J. J. Ryan had been appointed to succeed Rev. Dr. A. W. Meahan as pastor at Milltown, N. B. Rev. Father Ryan will be warmly greeted by the people of that place as his name is popular here, especially with those of the parishioners who will remember him as curate to the late Rev. Monsignor Doyle, the first appointment which he held in the Church. A native of Cork, Ireland, Rev. Father Ryan came out to this country as a child, pursued his studies at St. Joseph's University and later at the Grand Seminary, Quebec.

REV. S. A. BAYLEY DIED HERE YESTERDAY IN ST. JOHN INFIRMARY

There passed away in the St. John Infirmary yesterday one whose death will be mourned by many—Rev. Sedgewick Alexander Bayley, B.A. Previous to 1902 Rev. Mr. Bayley had been ministering within the bounds of the N. B. and P. E. I. Methodist conference, and in the year he went to Western Canada. He was for a time in Saskatchewan and then moved to Manitoba. He was one of those whom influenza attacked some months ago and it was deemed best that he should return for a time to his native province. Complications developed, however, and he became greatly ill. He was brought to the infirmary and there he passed away yesterday. Rev. Mr. Bayley leaves his wife, who was Miss Mary Shanklin, daughter of Mr. and Mrs. S. V. Shanklin of St. Martins; one brother, Robert Bayley, deputy provincial secretary-treasurer, Fredericton, and one sister, Mrs. Robert Church of Petitcodiac. Many friends will regret to learn of his death.

FAIRVILLE PLAYGROUNDS

This afternoon the Fairville Playgrounds are to close for the season, and many a childish heart will remember the good summer of play under the excellent supervision of Miss Turner, assisted by Miss Hennessey. Since the grounds were opened this year the attendance has been excellent, the supervisor reporting an average of 100 children a day. Sufficient funds were raised by tag day and subscriptions to meet all expenses and the committee finish the season with a clear sheet.

Much credit is due the citizens who took such an active part in directing the purchase of equipment for general operations of the playground. It is expected next year the public will further support the movement which has received a decided impetus owing to the year's excellent showing.
