

JAPANESE SEEK FRIENDSHIP OF UNITED STATES

Rousing Welcome Given Vanderlip Unofficial Mission Indication of Popular Feelings.

MEETINGS WERE LARGELY ATTENDED

Believed Conferences Have Cleared the Air and Better Feeling Obtains.

By B. W. Fletcher. (Copyright, 1920, by Public Ledger Company.)

Tokio, June 9.—Never have there been so many prominent Americans in Japan as during the last two months and all leaving at almost the same time.

The mission which has attracted the most popular attention in Japan has been that headed by Mr. Frank A. Vanderlip, though the Lambert mission was far more important and accomplished all its purposes.

Never has the Japanese press been so extremely favorable in its comments and in its hopes as in connection with the Vanderlip party.

Great Crowds at Meetings. At Osaka it was announced that Mr. Vanderlip, Doctor Schurman, Mr. Pitt and others would address a meeting at one of the colleges.

Mr. Vanderlip had an interview with Prince Yamagata, the cabinet statesman, and with the premier, minister of foreign affairs, minister of war and others.

At the farwell dinner given at the Imperial Hotel, in Tokio, on the night preceding their departure, Mr. and Mrs. Vanderlip, Miss Vanderlip, Mr. and Mrs. Seymour Cronwell and Mrs. Julian Street created a sensation by attending in full Japanese costume.

Japanese Want Better Relations. It is perfectly natural to ask what such a reception signifies at this particular time.

There is a fear in Japan that the relationship between the two countries is not all that might be expected for, and there is a realization among the leaders in business and in finance of the importance of continued good relations.

There is also in this country a large and growing element of liberal-minded people who are opposed to the militaristic domination which now controls the destiny of Japan.

The unofficial conferences of Mr. Vanderlip and the members of his party were with men who, while proud as statesmen, business men and financiers, do not control the power which rules in Japan today.

Foreigners Suspicious. Many foreigners in the Far East contend that the unprecedented hospitality shown to the Vanderlip party from seeing only what the hosts wished they should see and to learn only what was wished to be imparted.

There is, however, more significance to be found in the earnest desire of the Japanese of all classes to welcome the guests and to extend to them unprecedented privileges, hospitalities and honors.

The business elements realize that the future of Japan is bound up in the development of closer relationship with America.

Over 40 per cent. of the total exports of Japan represent raw and manufactured silks.

Raw silk is by far the largest item of Japan's export trade and the United States took 67 per cent. of the total raw silk exports during the last year.

The most important work, however, was accomplished by the Lambert mission. Japan, after a year of attempting to exclude Manchuria and Mongolia from the operation of the Consular Convention, finally entered into an agreement without reservations of equal partnership with the United States, England and France.

The formation of the new Consortium is the most important event in the history of the Far East in the last decade.

SIX ARRESTS LAST EVENING. Two Drunks, a Juvenile, Woman on Warrant and Two on Suspicion of Breaking, Entering and Stealing.

Two drunks were arrested by the police early last evening. A juvenile was brought in and charged with obstructing traffic.

A woman was arrested on a warrant and is being held for the Stollerton police. William Taylor and George Wilkins are being held on suspicion of breaking and entering the store of F. J. Davidson, St. Patrick street and stealing therefrom a quantity of candy and cigarettes.

One-Man Car Matter Reviewed

Demonstration of Car Will be Held in Few Days—Favorable Comments Received from Other Cities.

As was previously announced, the members of the Street Railway Union refused to work the proposed one-man cars until the result of the same old cars were being used yesterday, and will continue to be kept in service for some time unless something transpires.

It is believed by those advocating the one-man cars that it will be a case of economy and better service. The union men in a number of instances put up arguments against such a service, and in turn were shown the results obtained in other sections of Canada as well as the United States.

It is reported that a few street cars are now being fitted out for the one-man service and in the very near future a one-man car will be operated for the purpose of demonstration, when the citizens and the men employed on the cars will be given a chance to see just how it works.

The Power Company has received a great amount of matter from other cities regarding the success of the one-man cars, and in a great many places where people were strongly against the one-man car when it was first proposed are now in favor of it.

Talking to an official of the Railway Company last night, he informed The Standard that over five thousand one-man cars were in operation in Canada and the United States, and were in all places of operation found to be an advantage over the old style.

He believes that if the one-man car is adopted in St. John it will have a tendency to improve the service and the idea will undoubtedly become popular, and further, that after a demonstration of one of these cars is given those opposed at the present time will be favorable to the adoption of the one-man car.

In a recent letter from S. A. Hamilton, Mayor of Moose Jaw, Saskatchewan, he stated that he has given the one-man car a very thorough test during the six months it has been in operation in that city and this system has his hearty endorsement.

There has been an improvement in the matter of running the one-man car was put to a vote of the citizens, who returned a good majority in its favor.

Immediately after the vote of the cars were converted and a better service has been maintained. A great amount of time is saved and the system is proving most successful.

SURPRISE PARTY LAST EVENING

Mr. and Mrs. James Marzio of Alexandra Street Celebrated the Thirtieth Anniversary of Their Wedding.

Friend of Mr. and Mrs. James Marzio of Alexandra Street gave them a delightful surprise party last evening in honor of the thirtieth anniversary of their wedding.

The guests, thirty in number, presented Mr. and Mrs. Marzio with many beautiful gifts, and good wishes were expressed for much future happiness.

A short programme was carried out. Mrs. W. C. Wood sang sweetly "On Promise Me". Rev. Robert Crisp read a clever original poem in honor of Mr. and Mrs. Marzio.

The affair was a complete surprise to the host and hostess who were greatly pleased with the remembrance of their friends. The evening proved most enjoyable to all.

Preparing For Big Convention

Members of Halls Committee Visited Germain Street Institute Yesterday to Perfect Arrangements for National Council Meetings.

Mrs. David McLellan convenor of the Halls Committee for the sessions of the National Council which begins June 15th, with several members of her committee paid a visit to the Germain Street Institute last evening and made several arrangements regarding the enlargement of the platform and the placing of the bureau of information.

POLICE OFFICER ADJUDGED GUILTY

Richard Hogg Was Fined \$200 in Police Court for Selling Liquor—A Number of Drunks Dealt With.

The case against Police Constable Richard Hogg charged with selling liquor without a license was concluded in the police court yesterday afternoon. He was adjudged guilty of the offence and fined \$200. J. A. Barry appeared for the defence.

Milk Producers And The Railway

Today is Date Set by Kings County Association to Hear from C. N. R. Management Regarding Changing of Train Time.

Today was the date set by the Kings County Milk Producers Association in their ultimatum to the C. N. R. They informed the management that unless the Sussex train was taken off daylight time and put back on her old schedule, the milk producers would cease to ship milk into the city.

On Monday last the producers submitted an alternative proposition, namely that the Hampton suburban train be taken off daylight time and put back on its previous schedule on Standard time.

Grand Lodge Sessions Finished

P. A. P. B. Convention Concluded Yesterday—Officers Elected and Installed—Delegates on Sightseeing Tour.

The business sessions of the Grand Lodge of the P. A. P. B. were concluded yesterday morning. The Grand Lodge officers were elected and installed last Tuesday night. The officers are as follows: Grand Master, Andrew Mason, Ottawa; Br. Deputy Grand Master, Miles Gilbert, Belleville; Jr. Deputy Grand Master, W. G. Wright, Parryville; Grand Secretary, C. O. Brickman, Belleville; Grand Treasurer, H. H. Roger, Toronto; Asst. Grand Secretary, C. R. Cole, Belleville; Grand Lecturer, A. L. Belyea, St. John West; Deputy Grand Lecturer, W. M. Magno, Parryville; Director of Ceremonies, Clifford Price, West St. John; Chaplain, James Calvin, Grand Bay; W. W. Donahoe, St. John, is the District Deputy Grand Master for this district.

In the afternoon the delegates left the Prentiss Boys' Hall at 2 o'clock on a sight-seeing trip around the city. Among the parties of interest visited were the new bridge and the Rev. Mr. Palla, Rockwood Park, the Public Gardens and the works at East St. John. While at Courtenay Bay the delegates were entertained at dinner by Mrs. Samuel Maxwell. After full justice had been done to the hearty meal the following toasts were drunk: L. E. Rolston acting as toast master.

The King responded to by R. H. Ketcheson, Belleville and W. Golding. The Host and Hostess, proposed by Deputy Grand Master Miles Gilbert. The Association, responded to by the Grand Master, Andrew Mason. On the return of the delegates in the evening an at home was held in the Prentiss Boys' room, Guilford street, when the Prentiss Boys of the city and their friends were given an opportunity of meeting the Grand Lodge officers. L. E. Rolston acted as the chairman and speeches were made by all the officers. At the conclusion refreshments were served by the ladies.

DIED.

FOUNTAIN.—At Portland, Maine, June 8, at the home of his daughter Mrs. Joseph M. Roche, Henry Clinton Fountain, in his sixty-ninth year. Funeral at Eastport, Maine.

OBITUARY.

ATTENTION! MOTHERS

The Right Way to Care for Baby

Plenty of sleep, regular hours for feeding, and lots of fresh air. These are the things that every baby needs. In doing all you can to help your baby build a healthful body, you will want to consider most carefully the fresh air item.

THE RIGHT BABY CARESACHE IS IMPORTANT. Some of the requirements you should demand for your baby is a roomy carriage body, an adjustable hood, light flexible springs, rubber-tired wheels that sit solidly on the axle, and durable upholstery that will not soil easily. All these are features that will be found in our large and beautiful variety of Baby Vehicles.

GERMANS TO BLOCK HELP FOR POLAND

Railroad Brotherhoods Bitterly Opposed to Colored French Soldiers.

TRANSPORT WILL BE REFUSED TROOPS

Orders Have Been Issued to Deny Railway Service to Entente.

(By S. B. Conger. Copyright, 1920, by Public Ledger Co.)

Berlin, June 9.—The German railroad brotherhoods are determined to block as far as possible Entente assistance to the Polish campaign against Russia, and are particularly opposed to the dispatch to Poland of the colored French troops just withdrawn from the occupied Rhine districts.

On account of the widespread protests against the alleged conduct of the black soldiery, the brotherhoods have ordered their members to refuse their services in any attempt to transport these or any other Entente troops en route to Poland over German railways.

The railroads are greatly embittered by the conflict between French occupational troops in the plebiscite areas of upper Silesia and East and West-Prussia and the German inhabit-

ants. Sanginary rows with fatal outcome are of daily occurrence, particularly in the mining centers of Gletwitz and Beuthen, where events are steadily shaping up toward a race between German organized labor and French soldiers, unless the French troops either are replaced by other Entente troops or are so heavily reinforced as to overawe the exasperated Germans.

There have been serious shooting affrays in Gletwitz for the last three nights. The blame is ascribed to French soldiers of duty using revolvers and bayonets when encountered by German workmen.

Several German girls associating with French soldiers. The hostility is directed only against the French. Italian troops and British officers on duty in the plebiscite areas by contrast are almost popular.

A several week strike of judges and attorneys in Upper Silesia as a protest against a ruling of the inter-Allied plebiscite commission was ended in a compromise. All the courts were closed and the administration of justice suspended.

Asked what his principal message to the congress would be, M. Godart said his reversal of cabinet. The inclination of the present government is for giving women of France the vote. We feel that though many do not want it, the country would be helped thereby.

home of his son-in-law Thomas A. Kelly, Hammondville. The deceased who was 95 years of age, was in early life a prominent lumber operator and afterward a prosperous farmer. Prior to his death he was probably the oldest member of the Royal Orange Lodge in Canada. He was the only surviving charter member of Lodge No. 102, which was organized in 1847 and was a member of the Order several years previous to that date.

The deceased is survived by two daughters, Miss L. A. Kelly, Hammond, and Mrs. George Ormond, Point de Bute and three sons Walker and Thomas, Hammondville, and William of St. John.

The funeral will be held on Friday afternoon at 2:30 o'clock. Rev. Mr. McLaren will officiate and interment at Hammond.

Millerand for Suffrage. "The Premier Millerand in favor of woman suffrage for France?" I asked. "It is widely known that M. Clemenceau was not."

"Yes," replied M. Godart. The inclination of the present government is for giving women of France the vote. We feel that though many do not want it, the country would be helped thereby.

NEED HELP OF WOMEN TO PREVENT WAR

French Representative at Woman's Suffrage Congress is M. Godart.

FRENCH PREMIER FAVORS SUFFRAGE

Government Believes the Nation Will be Benefited if the Vote is Given to French Women.

By CONSTANCE DREXEL.

Copyright, 1920, by Public Ledger Co. Paris, June 6.—I crossed the "Place de la Concorde" several times en route to the Chamber of Deputies to meet Justin Godart, who has been appointed by the French Government as representative to the Congress of the International Woman Suffrage Alliance in Geneva, beginning on June 6. You go into the entrance-chamber of the palatial old home of Francois Faguet. It is filled with anxious constables, who have sent in their names by the black and red liveried footmen, and are waiting for their representatives to come out.

Mr. Godart was not long in answering the call. He is short and stocky, with gray hair brushed pompadour and wears tortoise-shell glasses, which he must have obtained in America.

It is not strange the French Government should have selected a man rather than a woman to be its representative to a woman's congress? "I asked him.

"But no," he replied. "We have no woman whatever in politics in France and the selection of a member of the chamber proves the importance of the congress in Premier Millerand's mind, for he is certain this is an appointment by the Premier.

Millerand for Suffrage. "The Premier Millerand in favor of woman suffrage for France?" I asked. "It is widely known that M. Clemenceau was not."

"Yes," replied M. Godart. The inclination of the present government is for giving women of France the vote. We feel that though many do not want it, the country would be helped thereby.

Royal Cord

The finest Cord Tire in the world.

"Royal Cord" means more mileage than you can get from any other tire—more miles per gallon of gasoline—and a buoyancy that gives an added luxury to motoring.

There are six Dominion Tires, also Dominion Inner Tubes and a complete line of Dominion Tire Accessories.

It will pay every Motorist to get acquainted with them and with the prompt, efficient, courteous service of the "Dominion" Tire Dealers who carry them.

The best dealers sell Dominion Tires.

TWO CLASSES OF CITIZENS

Warm Weather Hard on the Drunks—Police Also Busy Picking up Lost Children Who Stray from Home.

A spell of warm and fine weather always means more work for the police department. The work is done by two different classes of citizens, one the old soaks who like to sober up in the city's squares and parks, and who are always named of a reputation at the police station; the other, the little kiddies, who in their play gradually stray away from familiar surroundings and get lost.

Then it is that the police step in, and many an anxious parent's heart is set at ease by seeing the wandering hopeful perched up on the policeman's register, admiringly glancing at the cops, while the worried parent has come to the station as the last resort, after a vain search all over the city.

Yesterday three lost children were found. The first two were from Brunel street and Elliott Row. They were located on Thorne Avenue. The third was from Prince William street and was located in West St. John.

A few days previous, a little chap from Carleton, aged five was held by the police awaiting a call from his parents. The little fellow knew his name and class he lived in Western St. John but didn't know the name of the street or that of his parents. He did know the name of the cops on the beat, however, and when his parents arrived was chattering away with a couple of them even calling them by their first names.

One of them was called away from his parents' home at 6:45 yesterday afternoon and became lost. He was finally located by the police in West St. John last evening when a kindly resident of that locality informed them that he found the youngster after the Negro Peter Williams, aged five, only four years old, had in a sure case, yesterday.

Alkali in Shampoos Bad For The Hair

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary coconut oil. It is pure and greaseless, and is better than anything else you can use.

One or two teaspoons will cleanse or hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get maltilled coconut oil at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.

NEED HELP OF WOMEN TO PREVENT WAR

French Representative at Woman's Suffrage Congress is M. Godart.

FRENCH PREMIER FAVORS SUFFRAGE

Government Believes the Nation Will be Benefited if the Vote is Given to French Women.

By CONSTANCE DREXEL.

Copyright, 1920, by Public Ledger Co. Paris, June 6.—I crossed the Place de la Concorde and went over the Seine to the Chamber of Deputies to meet Justin Godart, who has been appointed by the French Government official representative of the Congress of the International Woman Suffrage Alliance in Geneva, beginning on June 6. You go into the ante-chamber of the palace old home of France's Parliament. It is filled with anxious constituents, who have sent in their names by the black and red diverted footmen, and are waiting for their representatives to come out.

Mr. Godart was not long in answering the call. He is short and stocky, with gray hair brushed pompadour and wears tortoise-rimmed glasses, which he must have obtained in America. "Is it not strange the French Government should have asked a man rather than a woman to be its representative to a woman's congress?" I asked him.

"But no," he replied. "We have no woman whatever in politics in France and the selection of a member of the chamber proves the importance of the congress in Premier Millerand's mind, for he certifies this is an appointment by the Premier."

Millerand for Suffrage.

"Is Premier Millerand in favor of woman suffrage for France?" I asked. "It is widely known that M. Clemenceau was not."

"Yes," replied M. Godart. The inclination of the present government is for giving women of France the vote. We feel that though many do not want it, the country would be helped thereby."

Asked what his principal message at the congress would be, M. Godart said he would present the best wishes of the French Government, that the main message would be the need of woman's help to form a powerful organization of the society of nations to prevent wars.

"Women know only too well," he said, "the abominable catastrophe of war. They suffer more even than the men. I am certain we can count on them to help us build a society of nations, but they have a little help unless they have the right to vote. I do not think that women will follow political factions very closely or take part in reversals of cabinets. I believe, however, that their influence will always be for peace and against war. Had we had their participation in European politics heretofore, it is almost safe to say the abominable catastrophe of this war would have been averted."

Leaving the Chamber of Deputies I taxied up the Champs Elysees to find the inconspicuous home of the League of Nations in Paris. The great avenue was alive with motorcars, but one missed the American doughboys who used to sparkle up and down by the thousands. The great Elysees Palace Hotel, which was the headquarters of the American army in Paris, is still closed to patrons as the authorities are having a hard time clearing up the Americans. The municipal barons of the League of Nations is still in London, but Jean Monnet, under secretary, established here.

American Women Chosen.

Asked concerning the report that the league would send a representative to the woman's congress, M. Monnet replied in the affirmative and added that Miss Florence Wilson was the person. She is an American in London offices of the league, acting as librarian, in which capacity she also served for the American mission at the Hotel Crillon in the peace conference. M. Monnet tried to telephone to London for further details of Miss Wilson's appointment, but was unable to obtain information in time for this dispatch. Mr. Godart said the French woman suffrage bill, which passed the Chamber of Deputies a year ago, would soon come up in the Senate and it was hoped the influence of the Geneva congress would help it.

Mrs. Catt and Mrs. De Witt Schulerberger have left for Geneva. About a dozen other American delegates have left for a motor trip of several days to Geneva, talking in Rheims, Verdun and other battlefields en route.

MONCTON HEARS OF VOCATIONAL TRAINING WORK

Special to The Standard. Moncton, June 9.—Prof. Fletcher Peacock, Provincial Director of Manual and Vocational Training, addressed a representative audience in the City Council Chamber here tonight, under the auspices of the Moncton Central Amalgamated Labor Union. E. R. Steeves, was chairman. Prof. Peacock strongly presented the importance of vocational education through night schools for those who have left school, and greater attention to technical education in all the grades of day schools. After adjournment of the meeting Prof. Peacock held a conference with a Committee of the City Council, School Board and Women's Council in reference to making a start in vocational training in Moncton.

Supporting the Hates Her. Some women are born beautiful and others have beauty thrust upon them by the society reporter assigned to cover the wedding.—Philadelphia Public Ledger.

CHEAP THREATS INJURE CAUSE

Winnipeg Defense Committee Getting in Badly With Gov't.

Ottawa, June 9.—"Whatever clemency might otherwise have been shown to the Winnipeg strike leaders now in prison, it has, at least, been delayed by reason of the threats and demands, continually spoken and published by Alderman A. Hoops and others who have been touring the country on behalf of the defence committee. This was the statement of Senator G. D. Robertson, Minister of Labor, today, when discussing a despatch from Winnipeg which quoted Thomas Dunn as saying that a movement for the release of the Winnipeg strike leaders was on foot among the members of parliament here.

PLEBISCITE DATE SATURDAY, JULY 10

Two Questions on Ballot, Retention of Prohibitory Law, the Other to Permit Sale of Beer and Light Wines.

Fredericton, N. B., June 9.—(Canadian Press)—Saturday, July 10, was announced by Premier Foster this morning as the date of the plebiscite on the Provincial Prohibition Act.

The Provincial Government opened their cabinet meeting here last evening and a little before noon today the Premier gave out the date which had been decided on for holding the plebiscite and said that later on he would issue a formal statement indicating the action taken by the Government and stating the conditions under which the plebiscite will be held.

There will be two questions referred to the people in the plebiscite, Premier Foster declared, one of which will be as to the retention of the present prohibitory law and the other as to the sale of beer and light wines. In other words there will be a simple ballot such as was used in the plebiscite in Quebec rather than a complicated lot of questions such as were submitted to the people of Ontario.

The Prohibition Act was enacted in 1916 by the late Provincial Government and was declared at the time to be the most drastic prohibitory act placed on the statute books of any province in Canada up to that time. It became law as a "war measure" with a provision that after the declaration of peace the Lieutenant-Governor-in-Council should have authority to name a date for the holding of a plebiscite on the question of the retention or not of the Act. It is under that authority that the Government is now proceeding in calling on the people.

The plebiscite will be the first election in New Brunswick under provincial laws at which women will have equal suffrage.

JACK DEMPSEY'S CASE BEFORE THE COURT

Champion's Former Wife Barred from Testifying in Famous Trial.

San Francisco, June 9.—Testimony of Mrs. Maxine Dempsey, former wife of Jack Dempsey, world's heavyweight champion pugilist, in regard to confidential communications between the couple while they were married, was ruled out at his trial here today on charges of evading the draft.

Defense counsel declared the court ruling practically barred the champion's former wife from testifying. Prosecution attorneys said they would endeavor to call her to testify during the trial.

Mrs. Maxine Dempsey occupied the witness stand today while attorneys argued admissibility of her testimony. The prosecution claimed she was not Dempsey's wife when his questionnaire was made out, although it said he was supporting her. Dempsey's attorneys contended she was his wife, and, as such, could not testify against him.

The court ruled out prosecution evidence intended to show she had not obtained a final decree of divorce from George Grashoff, Salt Lake City, when she was married to Dempsey.

THOSE RUBBER PLANTS

Military have been called out to protect a rubber plant in Rhode Island. The Toronto Telegram says this recalls the awful fate of a man we know who once broke some leaves off the one his wife keeps.

"DANDERINE" Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

BROADER GERMANY WILL FOLLOW FROM RECENT ELECTIONS

Moderately Conservative Peoples' Party Will be in the Government's Bloc.

By A. B. CONGER. Special Cable Dispatch. Copyright, 1920, by Public Ledger Co. Berlin, June 7.—The result of the elections which were a smashing defeat for the present coalition parties, is to direct attention to the possibility of the reconstruction of the coalition on a broader basis by inclusion of the moderately conservative German Peoples' party in the government bloc.

The absolute result of the elections will not be known before tomorrow night, and the hopes of the present coalition parties to secure a slender, but very slender majority, of the new Reichstag may possibly be realized. It is equally certain that they may descend into a minority, but in any case their numbers will not be enough to make them a working majority safe from the danger of being turned out on any snap vote or by the defection of a handful of deputies of any of the government parties.

The formation of such a broadened coalition including the Peoples' party, the Democrats, the Centralists and the present majority socialists or the moderate element of that party, seems in the opinion of most observers to be the only alternative to absolute political chaos. It is already evident that the Socialist parties will not be strong enough to form the labor government which Vorwaerts today advocated except in the highly improbable contingency of the labor representatives from the Catholic Center party joining the Socialists. It is equally certain that a coalition of non-socialist parties even should these possess a clear majority, could not rule the country against labor opposition.

The chief and apparently insuperable objection to the formation of a broadened coalition on the present lines is the fatigued pre-election declaration of the Socialists through the mouth of Chancellor Mueller that the party could under no circumstances admit the Peoples' party to the coalition.

Chancellor Mueller's return to Berlin, however, is uncertain as the results in his home district are close, and he is not among the Socialist candidates at large. The pre-election declaration may possibly yield to post-election conditions in the formulation of the party policy, should such concessions prove absolutely necessary to retain for the Socialists their influence upon the conduct of the government.

Doctor Gustav Stresemann, undisputed leader of the Peoples' party, and one of the cleverest agents of "big business" in German political life, will, either in or out of the government, be one big figure in the coming Parliament. He has repeatedly declared that he and his party are ready to work in coalition with the present coalition parties, including the Socialists, providing the Socialists are willing to drop or postpone some of their platform demands for socialization of industry and certain other radical proposals.

One feature of the elections over which parties from the extreme right to the Independent Socialists are highly delighted is the poor showing of the Communists. It looked for a time as if they would secure a single seat in the Reichstag.

But they have now obtained one seat von Chemnitz and one representative at large will, however, be the fire-brand of the house—the noted Clara Zetkin, who was a rival of "Red Rosa" Luxemburg in the vehemence of her extreme radicalism and in comparison with whom Luise Zietz, the flaming woman orator of the independent socialists in the present assembly, is but a flickering candle. Frau Zietz is also returned to the new parliament in which most of the old war horses of the two socialist parties will find seats.

Many of the Democrats have fallen by the wayside, including Count Bernstorff, former ambassador to the United States—unless he gets enough votes in adjoining districts to bring his home ballots up to the necessary 60,000.

RY. EXTENSION IN FREDERICTON

C. N. R. Takes Steps to Expropriate Property at Capital City for Improvements.

Special to The Standard. Fredericton, June 9.—Nine parcels of land, in the east end of the residential part of the city, are being expropriated for the purposes of Canadian National Railways in carrying out their development plans in connection with the construction of a new railway bridge across the St. John river here. Plans of these nine parcels of property have already been filed at the York County Record Office, and they are desirable as taken by His Majesty the King from the several herein named proprietors thereof, and leases thereof, for the use of the Intercolonial Railway, a portion of the Canadian National Railways under the provisions of Chapter 143 of the Revised Statutes of Canada 1916. The nine parcels of land are taken for the railway as:

No. 1. From Christ Church Cathedral 1,160 square feet, being the lower end of the Cathedral Square property, which is necessary in providing entrances to subway for carrying street traffic under the railway.

No. 2. From William Wilson, 1,888 square feet, being practically all of this property below the railway upon which the exception of that portion upon which the double tenement house stands.

No. 3. From John Boyd 9,017 square feet, being all of that property on University Avenue, including the house located almost immediately across the tracks from the present C. N. R. station.

No. 4. From C. W. Hatfield White, 5,198 square feet, being all of this property fronting on George Street and including the house and store.

No. 5. From James Rogers, 2,515 square feet, being the rear portion of this property which fronts on University Avenue.

No. 6. From Luke Morrison, 872 square feet, being a portion of the rear of this property at the corner of University Avenue and George St.

No. 7. From R. W. McLellan, 8,164 square feet, being the property on George Street below the C. N. R. tracks including the dwelling.

No. 8. From Harvey Ryan, 1,955 square feet, being the rear of this property fronting on Charlottetown Street.

No. 9. Form the estate of the late George N. Babbitt, 18,244 square feet, being a strip 68 foot wide for the extension of Union street on a line just east of the residence of Mrs. George N. Babbitt, 18,244 square feet, of which is under lease to A. F. Randolph and Sons for warehouse purposes.

Under the provisions of the Expropriation Act, the Canadian National Railway can enter into possession of these properties immediately upon the filing of plans, but it is said that it is not the intention of the Railway Management to dispossess the occupants of these two houses included in the property to be taken over until next year.

OFFICERS ELECTED LAST EVENING

New Brunswick Lodge No. 1 Knights of Pythias Held Meeting—Installation July 7.

A meeting of New Brunswick Lodge No. 1 Knights of Pythias was held last evening in the Masonic Hall, Germain street when the following officers were elected:

Robert Scott—Chancellor Commander. John Kelly—Vice Chancellor. M. Colwell—Prelate. W. E. Demings—Master of Work. Oscar Dick—Master of Ceremonies. F. Grosman—Inner Guard. R. C. Thomas—Outer Guard. These officers will be installed at a meeting to take place July 7th.

CARRY KEY OF THE SOUL.

The real religion of the world comes from women much more than from men—from mothers most of all, who carry the key of our souls in their bosoms. —Oliver Wendell Holmes.

Cuticura Talcum is Fragrant and Very Healthful

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All; without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all. Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacturers of Monoacetylsalicylic acid of which Aspirin is a derivative. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

The Family Smoke. Illustration of a man and a woman smoking.

"OLD CHUM" is a family friend. Grandfathers, Fathers and Sons have been smoking it for years and years. During this half century, "OLD CHUM" has grown steadily in popularity and favour. Every pipe smoker appreciates "OLD CHUM" quality—the choice Virginia Flake Cut tobacco—chosen by experts—stored away until the perfect tobacco taste and mellow flavour are fully developed. It is this dependable, constant quality, maintained for years, which has made "OLD CHUM" the chum of all pipe smokers in Canada.

LEAGUE OF NATIONS IS CRUMBLING

Was Designed for Purpose of Getting American Aid in Settling Europe.

WAS ADOPTED TO MEET WILSON'S IDEAS

Believed Some Other Method of Handling Situation Will Have to be Found.

By FRANK H. SIMONDS.
The rejection by the United States Senate of the President's proposal that America accept an American mandate very closely approximates an observation of the first anniversary of the delivery of the terms of the Treaty of Versailles to the Germans and thus of the date when that document, with its League of Nations conditions saw the light of day. Now after a year, what is to be said of the prospects of the league?

To begin at the beginning, it must be quite patent that the course of European nations in consenting to the formation of a League of Nations was dictated purely and simply by a desire to find some way of insuring American participation in the world affairs and more especially in the maintenance of the terms of the treaty which was to be made with Germany, terms which in the very nature of things would be fulfilled only during long years.

The League of Nations, as President Wilson advocated it, seemed the best promise of continued American participation in world affairs. It was, in fact, little more than an ultimatum which the President served up on the world at Paris, to the maintenance of a declaration that unless this condition were met, America would retire.

The condition was met. To be sure there were an infinite number of "reservations" (to use the American term). Every European nation had personal and personal interests which it did not wish to submit to the decision of an international body. Even the President, himself, sought certain "reservations" for his own country, of which the exclusion of the Monroe Doctrine from the field of international interference was the most conspicuous. Still the League of Nations was created by the treaty and it might have been expected, as it was hoped by Europe, that this condition would not merely meet the President's desires, but also attract the favor of his country.

League President's Idea.
It must be clear, now, however, that despite the fact the President accepted and continued to accept the Treaty of Versailles, because of its League of Nations circumstances, the treaty has continued to increase its unpopularity in the United States and with this unpopularity has developed an ever-growing hostility to all international treaty in European affairs. Today this sentiment may be regarded as having reached its maximum.

Meanwhile, in Europe something of the same phenomenon is discoverable. We are almost a year from the date of the signing of the Treaty of Versailles, but despite that fact the League of Nations is not now permitted to function in any but the most minor affairs. It may take over the administration of Danzig and the Saar Basin, but it is powerless when Poland decides to meet Bolshevik Russia on the battlefield, or France counters a German invasion of the Ruhr by an occupation of Frankfurt.

One after another of the familiar international conferences have taken place, notably at San Remo and at Hythe, and another will be held at Spa soon, but these international conferences are not held under the auspices of the League of Nations; they are merely meetings between the heads of the respective Allied governments. It is not the League of Nations which is directing international relations, but the old association of nations in the present case, the spokesman of an Anglo-French-Italian alliance.

League Not Functioning.
Lord Robert Cecil has pointed out this salient fact in a recent protest against ignoring the league. But his protest has fallen upon deaf ears all over the world. We are now to have the first direct conference between the Germans and their recent enemies, but this conference will not have the remotest relation to the League of Nations. Instead, it will be quite like the Conference of London in 1912, following the First Balkan War, or the Conference Sir Edward Grey sought vainly to arrange between the Great Powers to prevent the World War.

Europe was willing to accept a League of Nations provided such acceptance insured American participation in world affairs and specific American guarantees of the world order created at Versailles. But every separate action of the United States Senate has indicated the determination on the part of America to avoid specific guarantees and to refuse ontangling commitments. As a consequence, the League of Nations has been ignored by Europe, as it has so far been rejected by America.

Little Moore St. Woman Now Happy

Mrs. Jas. Landry Entirely Relieved of Four Years of Suffering by Taking Tanlac.

"Tanlac has certainly proved to be a friend in need to me, for I had almost given up hope of ever getting well, was the statement made recently by Mrs. James Landry of 68 Moore St., St. John, N. B.

"During the past four years I have had my share of suffering, for I've been troubled with indigestion and nervousness so much I was at my wit's end to know what to do to get relief. It seemed that everything I ate lay heavy on my stomach, soured and caused me no end of misery. Gas would form and press up into my chest, cutting my breath off until I just had to gasp and struggle for air and my heart would palpitate so bad it frightened me. I often felt bilious and wasn't able to retain a thing I ate. I was subject to terrible nervous spells and whenever they came on me I was completely upset, just couldn't find anything that would do me any good.

"Finally, I began taking Tanlac and I just can't tell how happy I am that I tried it. I started improving right from the first and each day I got better and grew stronger until now I am perfectly well in every respect. My stomach never gives me any trouble at all, my appetite is splendid, and everything I eat tastes good and agrees with me. My nerves have quieted down until they are just as steady as I could want them and I am free from those awful headaches. I sleep soundly and feel better in every way than I have for many years. Tanlac has been a blessing to me, indeed, and I can't say enough in praise of it.

Tanlac is sold in St. John by Ross Drug Company and the leading druggists in every town, under the personal direction of a special Tanlac representative.—Advt.

Breaking it Gently.
At an amateur performance an artist gave imitations of several popular actors, one of whom happened to be present. Afterward the ambitious amateur sought an introduction to the "star" and asked hopefully: "Did you see my imitation of you?" "I did," replied the great man, promptly. "Then, sir," persisted the aspiring youth, "may I ask you to give me your opinion of my art as shown in that impersonation?" "Well, my boy," the great man said, "one of us is rotten!"—London Talk-Bits.

Old.
A British firm bears the name of "English and Irish." The funny thing about it is, however, that Mr. Irish is English and Mr. English is Irish.

Any More Wallops Coming?
Shortage of coal is reported to be now hitting Canadian industry. There must be very few things left that haven't lately taken a wallop at it.

Mr. Business Man
ENJOY the same easy foot comfort in your office and at home that you get when you slip on your Fleet Foot Shoes for golf or tennis. Wear Fleet Foot all summer—not only with white ducks or flannels in the evening—but also every day and all day.

Fleet Foot
are the shoes for business as well as for sport and holiday time. You can have any style that suits your feet best—oxfords, or stylish laced shoes—styles with heels and without—round toes and pointed ones—in fact, Fleet Foot offers the business man the most complete and satisfactory line of summer footwear ever made in Canada.

Styles for men, women and children. The name is stamped on every genuine Fleet Foot shoe.

Fleet Foot Shoes are Dominion Rubber System Products. The Best Shoe Stores Sell Fleet Foot

AMERICAN SHARE IS \$500,000,000

Reparation Apportionment for Twenty Months' Occupation of Rhine.

Paris, June 9.—The share of the United States in the first twenty billion marks gold reparation funds which Germany is required to issue under the Versailles treaty will be \$500,000,000, it was stated here. This sum, it was explained, will be for the first twenty months' occupation of the Rhine by United States troops.

The daily expenses of the United States troops of occupation has been reduced so that at present it is less than \$6 a man a day, while the cost of maintenance of the British, French and Belgian forces averages five francs a day for each man, and six francs a day for each horse.

The enormous difference in cost, due largely to the higher pay of the United States soldiers and the great expense incurred in transportation of supplies brought from the United States, has made it impossible to reach an average rate to apply to all the armies of occupation, which it had been sought to do.

HOW IT HAPPENED.
Poughkeepsie, N. Y., June 9.—Mrs. Margaret N. Brown, of Kingston, in a suit for divorce brought against her sixty-year-old husband, alleges that while in this city on a visit a fortune teller informed her that her husband was untrue. She engaged a detective to follow her husband, and the sleuth made a report as a result of which Mrs. Brown names the clairvoyant as co-respondent. Neither the wife nor the fortune teller knew the identity of the other. Brown has entered no defenses.

VICTIMS RESCUED
Kidney, liver, bladder and uric acid troubles are most dangerous because of their insidious attacks. Head first warning they give that they need attention by taking GOLD MEDAL HAZLENUSS OIL CAPSULES.

The world's standard remedy for these disorders, will ward off these diseases and strengthen the body against further attacks. All druggists, 50c a box. Look for the name Gold Medal on every box and accept no imitation.

OPERATION WAS NOT NECESSARY
"Fruit-a-tives" Restored Her To Perfect Health.
163 Papineau Ave., Montreal.
"For three years, I suffered great pain in the lower part of my body, with swelling and bloating. I saw a specialist who said I must undergo an operation. I refused. I heard about 'Fruit-a-tives' so decided to try it. The first box gave great relief, and continued the treatment. Now my health is excellent—I am free of pain—and I give 'Fruit-a-tives' my warmest thanks."
Mme. F. GAREAU.
50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

SOME "SIDELIGHTS" ON FIRST CONVENTION
Interesting Items About Gathering at Which Lincoln Was Nominated.
Chicago, June 9.—At the first republican national convention held in Chicago sixty years ago: An Iowa delegate walked 150 miles to get to a railroad to come to the convention. Special railroad rates were made and Chicago's population probably doubled in convention week. Hotel rooms were \$1.50 to \$2.50 a day. Crowds were so great that billiard tables in the hotels were pressed into service as beds. The "Wigwag" in which the convention was held was probably about the size of the annex to the Coliseum in which this year's convention takes place. The Wigwag's profuse decoration was lavishly furnished by the Republican women of Chicago. They were invited to come "armed and equipped with those formidable weapons, needles, thimbles, scissors, etc., etc." When a special train pulled in with the Massachusetts and other New England delegates, rockets were sent up and a cannon boomed to announce their arrival to waiting friends. The gallery in the convention hall was reserved for women and their escorts. Because of the great number of men unable to get in, one man was reported trying to get into the gallery with an Indian squaw selling moosehorns as his credentials, but was ejected on the ground that she was no lady. The two chief nominating speeches were made in less than thirty words. Abraham Lincoln was placed in nomination in 26 words.

The making of the presidential nomination was announced to the city by the firing of a cannon placed on the roof of the convention hall. That night cannon and rockets were fired, bonfires lighted, and multitudinous parades formed, their participants carrying anything that would serve—even to rakes and fishing poles. The foregoing data was obtained from the library of the Chicago Historical Society, which has various reports of the convention and the campaign that followed.

THE AMATEUR AND THE PROFESSIONAL

Demand for Services of Fredrickton Man Who is Under Ban—Considerable Juggling—Hinted That Real Investigation Would Cause Surprise.

Expatriation, June 9.—The services of Fred McLean, the local baseball head hockey player, are evidently in great demand in Cape Breton, and it is giving him a busy time to stay in St. John.

About every day he gets telegraphic offers of jobs with the teams in Cape Breton, and one or two of them have been having a busy time juggling for his services. So far he has not accepted any of the offers and glass remaining here if his amateur standing is confirmed as a result of President Covey's recommendations.

Recently it is reported that quite a number of athletes have been reinstated from the professional ranks back to amateur. A paper a few days ago stated that once a professional always a professional. This statement seems sound from nearly every point in view. An amateur who jumps the ranks for pay knows perfectly well what he is doing, and there is little doubt that today there are many playing on amateur ball teams and in other sports that have at some time or other, or are now resolving some cases for their services. When an athlete becomes a valuable part of a team, and the club seems to think that it can't get along without his services, that kind of athlete in many cases will accept money for his services, or he will shift to some other team where such inducements seem sound from nearly every way that an amateur can receive cash without being placed on a salary list. When a man jumps into any kind of professional sphere, it is clear of the amateur ranks for ever. There is no such thing as an athlete being a professional today and an amateur tomorrow. Perhaps if real affidavits were secured from every man in so-called amateur teams or clubs, to find out if he at any time received pay for his services, some great surprises would not only be sprung, but many amateur teams or clubs would undoubtedly lose some of their best players.

This statement seems sound from nearly every point in view. An amateur who jumps the ranks for pay knows perfectly well what he is doing, and there is little doubt that today there are many playing on amateur ball teams and in other sports that have at some time or other, or are now resolving some cases for their services. When an athlete becomes a valuable part of a team, and the club seems to think that it can't get along without his services, that kind of athlete in many cases will accept money for his services, or he will shift to some other team where such inducements seem sound from nearly every way that an amateur can receive cash without being placed on a salary list. When a man jumps into any kind of professional sphere, it is clear of the amateur ranks for ever. There is no such thing as an athlete being a professional today and an amateur tomorrow. Perhaps if real affidavits were secured from every man in so-called amateur teams or clubs, to find out if he at any time received pay for his services, some great surprises would not only be sprung, but many amateur teams or clubs would undoubtedly lose some of their best players.

THE AMATEUR AND THE PROFESSIONAL

Demand for Services of Fredrickton Man Who is Under Ban—Considerable Juggling—Hinted That Real Investigation Would Cause Surprise.

Expatriation, June 9.—The services of Fred McLean, the local baseball head hockey player, are evidently in great demand in Cape Breton, and it is giving him a busy time to stay in St. John.

About every day he gets telegraphic offers of jobs with the teams in Cape Breton, and one or two of them have been having a busy time juggling for his services. So far he has not accepted any of the offers and glass remaining here if his amateur standing is confirmed as a result of President Covey's recommendations.

Recently it is reported that quite a number of athletes have been reinstated from the professional ranks back to amateur. A paper a few days ago stated that once a professional always a professional. This statement seems sound from nearly every point in view. An amateur who jumps the ranks for pay knows perfectly well what he is doing, and there is little doubt that today there are many playing on amateur ball teams and in other sports that have at some time or other, or are now resolving some cases for their services. Arrangements For Coming Sports

City Will Put Trucks and Men to Work Filling in East End League Running Track — Grounds Being Put in Shape.

That the city will have at least one running track with grounds adjoining, on which field sports may be held, was assured yesterday when A. W. Covey, president of the M. P. A. A. U. made arrangements with the civic authorities whereby the latter have promised to put their trucks and men to work filling in for the East End League running tracks. George N. Hatfield, the city's engineer has promised to erect the grade stakes for the track, and it is hoped to have it all ready for the work-out early next week. The jumping pits and standards, and the shot will be there awaiting the athletes, and every opportunity for training afforded those entering the Olympic trial 15 mile road race, or the field sports which are to be held the same day.

Entry blanks were sent out yesterday for these events to forty-seven amateur athletic clubs in the Maritime Provinces. Of these clubs it might be remarked that the Nova Scotia clubs outnumber this province in proportion of ten to one. Mr. Covey is very enthusiastic as to the sports and claims that it will be the biggest athletic event in which the city of St. John has ever participated. He expects that the field of athletes who will turn out for this event will make history. Certain it is that it will be the biggest event amateur athletics in the province have ever seen since long before the war.

Some handsome prizes have been donated for each event, a gold medal going to the winner of the 15 mile road race, and four silver medals to the next four men. A gold medal will be awarded the winner of each of the other events, and a silver medal to the runner-up.

Montreal Trainer Coming To Circuit

Polvin Stables, One of Biggest and Most Formidable, Will be Campaigned on Maritime and Maine Circuit

Special to The Standard. Fredericton, June 9.—One of the biggest and probably one of the most formidable stables which will be campaigned on the Maritime and Maine circuit this season will be that of R. Polvin the well known Montreal trainer, who handles the horses owned by several well known Montreal and Quebec horsemen.

The Polvin stable will make their first start at the opening morning at Moncton and will join the M. and M. circuit at Woodstock, continuing from there to St. Stephen, then to Fredericton, Chatham and elsewhere, remaining on this circuit until well along in the season.

Another stable which is coming to that of L. W. Pottle, the well known Portland, Me. horseman. He plans to join the circuit at St. Stephen next week there will be racing on July 20th, 21st and 22nd and to come on to Fredericton the next week, remaining on the circuit until the week of the Bangor, Me. fair, where he has stake engagements.

Shamrock IV. Had Tuning Up Spin

Challenger for the America's Cup Was Out in "Heavy Weather" Canvas on Long Island Sound Yesterday.

City Island, N. Y., June 9.—Sir Thomas Lipton's Shamrock IV, challenger for the America's Cup in the international yacht races of Sandy Hook next month, was given a tuning up spin under "heavy weather" canvas on Long Island Sound today. Weather conditions were not ideal for such a test, however, as there was only a light breeze and the waters of the sound were as placid as a millpond.

The weather was so light that the workout showed absolutely nothing new in the green racer. Even without her club topsail, she ghosted along in a surprising manner. There were several large yachts on the Sound which had just been put into commission for the summer. The breeze was so light that the craft found considerable difficulty in going from one to the other.

On the Gilbert's Lane diamond, last evening, the Pirates defeated the All Stars by a score of 9 to 4 in a six-inning game. The score was 2 to 1 in the third inning, when the Pirates had a batting streak, and the Stars blew up with six errors. Kerr and Cox were the batter for the winners while Bridges, King and Doherty were between the posts for the Stars. Attila and Lacey proved efficient umpires.

Something About American Yachts

Built in 1914 at Herreshoff's Bristol Yards, Dimensions 106 Feet 3 Inches Over All, 75 Feet on Water Line, 21 Feet 2 Inches Breadth, 12 Feet 2 Inches Draft.

Like Vanitie, the other candidate for the honor of defending the America's cup was built in 1914. She was designed by Nat Herreshoff and built by the Herreshoffs at their Bristol yards in 1914. Her general dimensions are 106 feet, 3 inches over all; 75 feet on the waterline; 21 feet 2 inches extreme breadth and about 12 feet draft. Although the same length on the waterline, Resolute is smaller than Vanitie and so during the trial races of 1914, received considerable time.

Resolute was built by a syndicate of members of the New York Yacht Club. The syndicate was headed by Henry Walters, erstwhile commodore of the club; with Arthur Curtiss James, Frederick G. Bourne, Cornelius Vanderbilt, Geo. F. Baker, Jr., and J. P. Morgan as the other members. All have flown the senior flag of the club with the exception of Frederick G. Bourne, the members of the syndicate are all alive and deeply interested in the defense of the trophy.

The "interlocked directorate" as the syndicate of the organization, which also is in control of Vanitie. Again, Rear Commodore Nichols in 1914 was a member of the syndicate that built Resolute and probably would be there today, had not Vanitie been turned over to the club.

Canadian Bisley Team Selected

Party Will Sail from Montreal Next Saturday for England — Four Maritime Members on the Team.

Ottawa, June 9.—(By Canadian Press)—The Canadian Bisley Team to represent Canada for 1920 has been selected after competition in the various provinces. The party will sail from Montreal on June 12, on the Coricuan under command of Lieutenant Colonel R. H. Beckett, of Quebec, Adjutant Major, F. Ellmott, D. S. O., Ottawa.

The Maritime members of the team are: Lieut. John Chandler, 5th Regiment, Woodstock, N. B.; Captain W. J. Sangster, 14th K. O. H. H., 2nd month, Hants Co., N. S.; Sergeant A. McCabe, Prince Edward Island Heavy Artillery, Charlottetown.

AQUATIC SPORTS

The St. John Power Boat Club will cruise to Crystal Beach on Dominion Day where a fine programme of aquatic events will be held. In addition to the motor boat races there will be some high class rowing races.

ROCKWOODS WON.

On the Gilbert's Lane diamond, last evening, the Rockwoods defeated the Beavers by a score of 2 to 1.

Line of flotation in the hopes that a shorter waterline will draw more time from opponents. It is said that about 900 pounds have been removed from the top hamper of the craft. The changes have made Resolute ride a little higher out of the water than in 1914. In her trials to date, she seems to have gained by the alterations in running before the wind.

In addition to Captain Emmons, there will be on board the Bristol yacht, Charles Francis Adams, 2nd, of Boston, who will hold the wheel, Geo. A. Cornack, secretary of the New York Yacht Club, and John Parkinson. All served as members of the after-guard in 1914. No one has as yet been selected to take the place of Rear Commodore Nichols. Captain Christensen also served on the craft in 1914.

Hepworth Director Visits New York

Company Has Produced Nine Pictures Since Armistice Signing—Cecil Hepworth Produced and Photographed First Film.

Captain Paul Kimberley, director and manager of Hepworth Picture Plays, London, has been visiting New York recently says Moving Picture News, stopping at the Hotel Manhattan. It is several years since the captain was in the United States. At that time he was with Imperial Film Company, then distributing Thalhous production. To Imperial now is distributing Hepworth Films and Simplex productions.

Captain Kimberley said that out of forty-one eligible Hepworth employees forty joined the colors. During the course of the war the company did fully a half of the government's film work. This volume of business was made possible by reason of the machine designed by Cecil M. Hepworth, an apparatus for developing, printing and drying film and the operation of which by girls was utterly feasible. In the mass of propaganda work the company was called on to do, it was necessary in some cases to make many prints from one negative. The record made possible by the process referred to, was 346 prints.

Verdict Favors Chicago Club

Cincinnati, O., June 9.—The jury in the trial of Lee Magee, Cincinnati baseball player, in his suit against the Chicago National League Baseball Club, for \$4,500, returned a verdict for the defendant in the United States District Court here late today. The jury deliberated about an hour before it reached a decision. Robert Alcorn, attorney for Magee, announced after the verdict had been rendered that the case would be appealed.

CRUEL JUDGE.

Chicago, June 9.—Judge Jesse Holt handed down the local declaration that nightmare is not sufficient ground for divorce in refusing the application of Mrs. Ellen Harris, of 337 Drexel Square, for a court decree annulling her marriage. She had alleged that, while having a nightmare, her husband had grabbed her by the throat and almost killed her. He did not wake up until he had choked her for ten minutes.

WHAT NEXT?

Paris, June 9.—The tormented dog has made his appearance on the fashionable Place Vendôme. The owner was a smartly dressed woman living at the Hotel du Rhin. The corset resembles those worn by women even to the whalebones and lacing.

The British Polo People Preparing

London, June 6.—British polo people are making preparations to defend the polo cup against America in 1921. A fund has been started in connection with the Hurlingham Club to raise £30,000 for the purchase of ponies, and a sub-committee has been formed with Lord Haig as chairman to select the team.

NOVA SCOTIA STANDING

Halifax, N. S. June 9.—(By Canadian Press)—The following are the results of the league baseball games in Nova Scotia:

At Halifax: Crescent 11, War Veterans 6.

At Springhill: Springhill 16; Amherst 6.

At Yarmouth: Yarmouth 8; Clark's Harbor 1.

At Kentville: Kentville 13; Bridge town 0.

At Middleton: Middleton 22; Berwick 0.

She had alleged that, while having a nightmare, her husband had grabbed her by the throat and almost killed her. He did not wake up until he had choked her for ten minutes.

MAKING THEM PAY.

Lethbridge, Alta., June 9.—The poll-tax of ten dollars to be levied covers every individual, male and female, whose name does not appear on the assessment roll. School teachers, stenographers, miners, clerks, and all engaged in business, trade, and labor, not paying taxes will come under the imposition, and all householders who rent and do not own property.

SMELT FISHING

No less than twenty men and boys were all engaged fishing smelt from Leonard's wharf last evening and a very large number of fish were caught.

The British Polo People Preparing

London, June 6.—British polo people are making preparations to defend the polo cup against America in 1921. A fund has been started in connection with the Hurlingham Club to raise £30,000 for the purchase of ponies, and a sub-committee has been formed with Lord Haig as chairman to select the team.

NOVA SCOTIA STANDING

Halifax, N. S. June 9.—(By Canadian Press)—The following are the results of the league baseball games in Nova Scotia:

At Halifax: Crescent 11, War Veterans 6.

At Springhill: Springhill 16; Amherst 6.

At Yarmouth: Yarmouth 8; Clark's Harbor 1.

At Kentville: Kentville 13; Bridge town 0.

At Middleton: Middleton 22; Berwick 0.

Verdict Favors Chicago Club

Cincinnati, O., June 9.—The jury in the trial of Lee Magee, Cincinnati baseball player, in his suit against the Chicago National League Baseball Club, for \$4,500, returned a verdict for the defendant in the United States District Court here late today. The jury deliberated about an hour before it reached a decision. Robert Alcorn, attorney for Magee, announced after the verdict had been rendered that the case would be appealed.

CRUEL JUDGE.

Chicago, June 9.—Judge Jesse Holt handed down the local declaration that nightmare is not sufficient ground for divorce in refusing the application of Mrs. Ellen Harris, of 337 Drexel Square, for a court decree annulling her marriage. She had alleged that, while having a nightmare, her husband had grabbed her by the throat and almost killed her. He did not wake up until he had choked her for ten minutes.

ST. JOHN, N. B., THURSDAY, JUNE 10, 1920.

THE PROHIBITION REFERENDUM.

As will be seen from the statement given out by President Hoover, which will be found elsewhere in this issue, the referendum regarding Prohibition is to be held on Saturday, the 10th July. This particular day of the week may not strike everyone as the most convenient of the six upon which to hold a poll, but the reasons for selecting that day are given in the statement, and nothing more can be said. The Jewish fraternity may not like it, for the reason that their Sabbath falls on Saturday, and this fact will probably deprive most of them from voting.

ANOTHER MERGER?

Rumors, which appear to be pretty well authenticated, are afoot to the effect that another gigantic merger of Canadian industries is planned with the aid of British capital. Having successfully corralled the steel industry of the country, an effort is now to be made, it is said, to round up the various pulp and paper companies in one big amalgamation controlled by British financiers.

PROHIBITION IN THE U. S.

The prohibition amendment to the Federal constitution and the Volstead enforcement have been upheld by the United States Supreme Court. The decision sweeps aside almost the last hope of the wets. The court's action means that the bone dry law is established firmly as the rule of the nation.

IRELAND'S TYRANTS.

Sinn Fein has nearly shot its bolt. It is clearly shown in the reports from Dublin that power now resides not in Sinn Fein, which will rapidly be numbered with the Nationalism displayed by it, but in the purely Bolshevik wing of Irish Labor. Liberty Hall again dominates Ireland as it did in the rebellion of Easter, 1916, until shells from a gunboat in the Liffey brought Liberty Hall to ruins.

HOOVER AND THE PRESIDENCY.

Probably the only likely Presidential candidate in the United States whom the people of Canada take a real interest in is Herbert Hoover. This is because he was a figure of world importance all through the war, and might well be called the first American who entered the struggle. His

TAKING CHILDREN.

At the Minister of Finance will consider small things as well as great, we cannot but call attention to the slight of the small boy, or it may be, the small girl, who goes to the corner grocery for a one-cent stick of candy. Most children do that. The difficulty is that one cent's worth of candy can no longer be had for one cent. There is a ten per cent "luxury" tax which the little tot must pay.

MISPLACED GNEERS.

At the same time that the United States stands aloof from the League of Nations it has launched upon a novel programme of a most elaborate character. A super-dreadnought, the Tennessee, went into commission last week. It is advertised that no ship which fought in the battle of Jutland is so formidable. In addition, no less than seven other capital ships of similar or greater size and power are being built or planned.

WHAT OTHERS SAY

Natural Compliments. (Detroit Free Press.) Too proud to fight, too obstinate to make peace. After all these two states of mind are natural compliments to one another.

Soldiers' Best Friend.

It is extremely doubtful if we shall see in Canada any Government or Parliament that will be as ready as those who have tried to succeed as far as possible the demands made by the returned soldiers.

The News-Print Question.

It would be intolerable if paper makers in Canada were permitted to contract for the sale of their whole output to American and British newspapers, and so compel Canadian newspapers to cease publication.

FOR WOMEN

Your Hard Working Heart

By Lee H. Smith, M. D.

The heart is a wonderful double pump, through the action of which the blood stream is kept sweeping round and round through the body, at the rate of seven miles an hour.

A healthy stomach turns the food we eat into nourishment for the blood stream and the nerves. No one suffers from colds or catarrh who has plenty of red blood corpuscles and a good digestion. Catarrh in all its forms is a stagnation of the blood. Introduce pure red blood into the system, and health is assured. Dr. Pierce, over fifty years ago, gave to the public an alternative and blood tonic which he named his "Golden Medical Discovery." It is sold by all druggists the world over in tablets or liquid, and is just the thing to put the body in the best of condition. It is a tonic, alternative and nerve, which contains no alcohol, and has the ingredients printed on the label. "Golden Medical Discovery" assists the digestive functions, assimilating the food and taking from it what is necessary for feeding the blood. Thus the blood takes on a new vigor and vitality. This corrective remedy nature put in the forest for keeping us healthy. One feels strong, vigorous and full of "pep," instead of weak, nervous and "played out." Send 10c for trial pkg. of tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., or send for a free medical booklet on any disease or free medical advice.

Was She A Flower Or A Vegetable?

Question Asked Regarding Only Woman in the United States Congress—Striking Speech at International Social Women Suffrage Congress at Geneva.

Geneva, Switzerland, June 7.—Helen Ring Robinson, formerly state senator of Colorado, was one of the speakers today at the mass meeting held by the Congress of the International Woman Suffrage Alliance and addressed exclusively by women members or former members of parliaments or other governing bodies.

"It is a great pity that there have been relatively so few women legislators in any country," she said. "In our various state legislatures some sixty different women have served. But they have been spread over a good deal of territory and thus, which makes the spreading much too thin."

"So far but one woman has been elected to our National Congress and during the entire term of office of Congresswoman Banker, the press never ceased debating whether she was a flower or a vegetable. For myself I vote for the vegetable. What the world needs today is a big crop

of vegetables and nature always looks out for the flowers anyway.

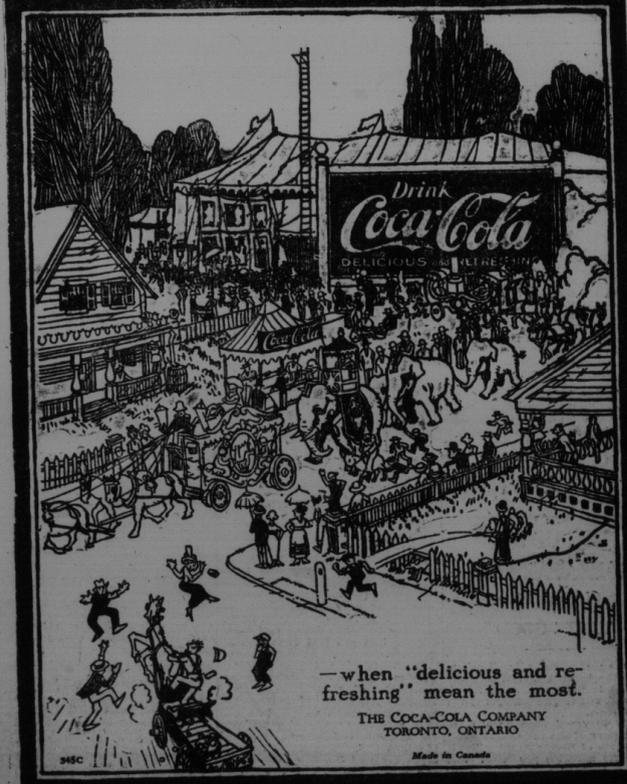

"There are four callings for which women are plainly better fitted than men—acting, caring for children, nursing and legislating. I do not say women have surpassed men as legislators, but I do say they are likely to be better fitted for legislating, which should deal primarily with improvements in social relations.

"Count Sulten is credited with saying that the Great War was caused by a quarrel between Hungary and Serbia over the shipment of hogs. All the great wars of history have been caused by quarrels over the shipment of hogs—in some guise or other. All the legislation back of those wars has been built on hogs and the belief that the measure of a nation's greatness is the production of wealth-hogs.

"Now another estimate of value is shaping itself out of a world's agony. The ideal that women have always held, that the measure of a nation's greatness is the production of health and happiness. Here is the special task of the woman legislator. Here is the solemn duty of the women assembled in Geneva at what may justly be called an international of good-will—to put this new vision across the world, to interest it into every future every possible expedient, to embody it into law, to weld it into constitutions, to interest it into every future national movement."

She Fed the Brute.

Henry VIII of England once gave a woman the whole revenue of a county as a reward for making a pudding which happened to gratify his taste.

—when "delicious and refreshing" mean the most.

President of National Council

Mrs. W. E. Sanford, a Distinguished Woman of Hamilton, Ont., Will be One of the Delegates to the Convention Here.

Among the delegates to the National Council of Women meeting here this month are some of Canada's most distinguished women who have given a great part of their lives in the interests of societal justice on the good of the people of the Dominion.

The President of the National Council of Women, Mrs. W. E. Sanford of Hamilton, Ont., who was in St. John last year and will preside over the sessions this June, arriving in the City on Saturday, was born in Montreal and educated at Quebec. She married in 1866, W. E. Sanford, a distinguished Canadian manufacturer who was called to the Senate of Canada by the late Earl of Derby. He died in 1899.

Mrs. Sanford has held the position of President of various national and international councils. She has taken a most active interest in the affairs of the National Council of Women for a great many years and was instrumental in forming a similar council in Italy, frequently attending the meetings of the International Council.

Among the various offices held by Mrs. Sanford in the past and at present are director of the Hamilton Y. M. C. A.; Vice-president National Council of Women; Treasurer, International Council of Women; President of the Hamilton Local Council of Women; President of the National Council of Women.

She visits local Council whenever possible and her inspiring addresses give help and encouragement to all workers. Mrs. Sanford was recently present at a meeting of the Local Council at Ottawa where she delivered a splendid address on women's wonderful opportunities. She also spoke at the April meeting of the Woodstock, Ontario, Local Council on the influence of women in the world of today.

Mrs. Sanford has spent much time in England, having been first present at Court in May 1894. She subsequently attended other Drawing rooms, namely, the Court held by King Edward and Queen Alexandra in June, 1902, later witnessing the coronation of their Majesties in August. Mrs. Sanford was presented to King George and Queen Mary, June 1911, and in the same month was present by invitation at their coronation in Westminster Abbey.

A well known Canadian statesman once described Mrs. Sanford as "One woman in ten thousand" and those who have been associated with her in the work of the National Council will echo the praise.

Insurance for Spinsters.

An insurance company for spinsters is popular in Denmark. The premium is equal to nearly sixpence a week from the age of twenty to forty, and after that all the members who are unmarried draw about ten shillings a week for life.

Pilot Laces is appearing on smart new usual frocks in London.

"But," she added, "everything went off very well. I met in London, Mrs. Schlemmer at a board meeting, and they greeted me as if nothing had happened. There was no reference to the past and we proceeded with the regular business before the board."

It is known that resolutions favoring the present League of Nations or offering objections to it will be the principal business of the congress. In all conversation one hour before the "League" or "Society of Nations," as the French prefer to call it.

No Reference to War.

"They could not have come, because of the low value of the mark," she told me she had visited America twice; once in 1886, with her husband, Albert Stritt, now dead, who was engaged to sing Wagnerian roles with the Metropolitan Opera Co. in 1899 she attended the congress of the International Council of Women in Toronto, as she was president of the German National Council of Women at that time, and she was president of the German National Woman Suffrage Association from 1911 until last year, when the organization was disbanded. Asked why that was done, she said the German women had obtained the vote largely through the aid of the suffrage association, and most members were already members of the German national council of women, a very important organization in Germany. She said, however, they had voted not to take part in the international congress, which will convene in Christiania in September.

"They refuse to take part until Germany is a member of the League of Nations," said Frau Stritt, "but I do not sympathize with that point of view. Although I believe we should be asked to join the league I do not believe in staying out of everything because we are not a member. I believe we should embrace every opportunity offered to come into contact with other nations."

This is the first time Frau Stritt has been out of Germany since before the war. She said that of course her heart trembled at the thought of meeting women of other countries, especially those of France.

Frau Stritt said in an interview that

Half a Pineapple For One Dessert

In Jiffy-Jell desserts the fruit flavors are abundant. For instance, half a pineapple is crushed to make the flavor for one pint dessert. This is done in Hawaii from fruit too ripe to ship.

WOMEN GOVERNMENT OFFICIALS PRESENT

Spanish Delegates Disappointed That Madrid Was Not Chosen as Scene of Conference.

By Constance Drexel.

(Special Cable Dispatch Copyright, 1920, by Public Ledger Co.)

Geneva, June 6.—All roads seem to lead to Geneva, as delegates to the suffrage congress continue to arrive from the far corners of the earth. One delegate, who comes from South America, spent sixty-four days on the way. Mme. Plankova, a member of the Czech-Slovakian, is one of the delegates from Prague. Also among the arrivals is Dr. Pauline Laist, delegate from Uruguay, who is one of the delegates from South America. She says suffrage bills now are before the legislators of Brazil, Argentina, Paraguay and Uruguay. The official delegates from Greece, Mme. Nagropoulos, of Athens, and also Frau Paltschek, of Vienna, arrived last night.

In all, there are at least 200 delegates and alternates in attendance, representing twenty-five countries. More than a dozen governments have sent official representatives, and the importance of the meeting has grown from hour to hour.

A most interesting group is composed of Spanish women who express deep disappointment that the Alliance did not hold to the plan of calling the congress in Madrid as originally intended. Among the Spanish delegates is the Marquesa del Ter, who as president of the Spanish national council of women took the initiative in asking the alliance to convene in Madrid. Americans assembling around her in the lobby of the Hotel de la Paix all said "we are so disappointed at not coming to Spain."

"But why don't you come?" she replied in perfect English. She speaks six languages almost equally well and will be called upon to act as translator at the convention.

"You should have had a little patience and all would have been arranged satisfactorily," she said, and an instant later denied that remark, saying that the public Church had placed insurmountable obstacles in the way of the convention sitting in Madrid.

"You must remember," she said, "things move much more slowly in Spain and that the idea of woman suffrage there is new."

Interview With German Delegate.

I had a few minutes' chat with Frau Marie Stritt, official delegate of the German Government, following the luncheon given at the Hotel de la Paix, by Mrs. Carrie Chapman Catt for members of the executive board. Frau Stritt is a well known German here, is about fifty years old, of a rather petite figure, and the possessor of soft, wavy brown hair and particularly fine eyes and teeth. She was dressed in a dark gray silk, a relic of before the war, she said. The German foreign office appointed her upon the request of Miss Chrysetta McMillan, secretary of the Alliance, who is prominently mentioned for the presidency of the organization, as Mrs. Catt will not be a candidate for re-election.

Frau Stritt told me the German Government is paying her expenses, otherwise she could not have come, because of the low value of the mark. Also she told me she had visited America twice; once in 1886, with her husband, Albert Stritt, now dead, who was engaged to sing Wagnerian roles with the Metropolitan Opera Co. in 1899 she attended the congress of the International Council of Women in Toronto, as she was president of the German National Council of Women at that time, and she was president of the German National Woman Suffrage Association from 1911 until last year, when the organization was disbanded. Asked why that was done, she said the German women had obtained the vote largely through the aid of the suffrage association, and most members were already members of the German national council of women, a very important organization in Germany. She said, however, they had voted not to take part in the international congress, which will convene in Christiania in September.

"They refuse to take part until Germany is a member of the League of Nations," said Frau Stritt, "but I do not sympathize with that point of view. Although I believe we should be asked to join the league I do not believe in staying out of everything because we are not a member. I believe we should embrace every opportunity offered to come into contact with other nations."

This is the first time Frau Stritt has been out of Germany since before the war. She said that of course her heart trembled at the thought of meeting women of other countries, especially those of France.

Frau Stritt said in an interview that

Twenty-Five Countries Are Represented

At International Suffrage Congress at Geneva.

NEW MANAGER HAS ARRIVED

H. Nelson Hooper Has Taken up His Duties in the Fox Film Corporation Local Office.

Half a Pineapple For One Dessert

In Jiffy-Jell desserts the fruit flavors are abundant. For instance, half a pineapple is crushed to make the flavor for one pint dessert. This is done in Hawaii from fruit too ripe to ship.

WOMEN GOVERNMENT OFFICIALS PRESENT

Spanish Delegates Disappointed That Madrid Was Not Chosen as Scene of Conference.

By Constance Drexel.

(Special Cable Dispatch Copyright, 1920, by Public Ledger Co.)

Geneva, June 6.—All roads seem to lead to Geneva, as delegates to the suffrage congress continue to arrive from the far corners of the earth. One delegate, who comes from South America, spent sixty-four days on the way. Mme. Plankova, a member of the Czech-Slovakian, is one of the delegates from Prague. Also among the arrivals is Dr. Pauline Laist, delegate from Uruguay, who is one of the delegates from South America. She says suffrage bills now are before the legislators of Brazil, Argentina, Paraguay and Uruguay. The official delegates from Greece, Mme. Nagropoulos, of Athens, and also Frau Paltschek, of Vienna, arrived last night.

In all, there are at least 200 delegates and alternates in attendance, representing twenty-five countries. More than a dozen governments have sent official representatives, and the importance of the meeting has grown from hour to hour.

A most interesting group is composed of Spanish women who express deep disappointment that the Alliance did not hold to the plan of calling the congress in Madrid as originally intended. Among the Spanish delegates is the Marquesa del Ter, who as president of the Spanish national council of women took the initiative in asking the alliance to convene in Madrid. Americans assembling around her in the lobby of the Hotel de la Paix all said "we are so disappointed at not coming to Spain."

"But why don't you come?" she replied in perfect English. She speaks six languages almost equally well and will be called upon to act as translator at the convention.

"You should have had a little patience and all would have been arranged satisfactorily," she said, and an instant later denied that remark, saying that the public Church had placed insurmountable obstacles in the way of the convention sitting in Madrid.

"You must remember," she said, "things move much more slowly in Spain and that the idea of woman suffrage there is new."

ALL NEXT WEEK—"Alley of The Giants"

DAY OF EASY SELLING OVER FOR MERCHANTS

Owner of Great London Store Foresees Big Change in Market Conditions.

DOES NOT LOOK FOR ANY PANIC

Mr. Selfridge Thinks However That Decline in World Prices Will Alter Things.

By Carl W. Ackerman.
(Copyright, 1920, by Public Ledger Company.)

London, June 9.—H. Gordon Selfridge, American merchant, who retired from business in Chicago and founded one of the largest department stores in London, foresees a great change in world markets due to decline in prices both here and abroad.

Replying to a questionnaire submitted by the Public Ledger foreign service, Mr. Selfridge said while he is not apprehensive of either a panic or collapse in commerce, he does believe "the very easy times makers and sellers of merchandise have had all over the world in the last four or five years approach an end."

"We shall before long," Mr. Selfridge wrote, "reach that more normal period when the seller courts the buyer and finds himself obliged to work energetically to dispose of his goods instead of sitting in his office to receive buyers who hang to the wheel at least at a part of requirements. We have had a sellers' market and we are before long going to have a buyers' market."

Followed U. S. Price Cutting.

Inasmuch as Mr. Selfridge has followed the example of leading American merchants and has marked down all articles in his stores, from 6 per cent in groceries to 10 per cent on everything else, he may be regarded as one of the leaders in this country in lowering prices. Replying to a question as to the chief causes of the fall in prices in England, he wrote:

"Prices have not yet reached a serious break in England except in certain directions. Lines of merchandise have been bought in a more or less speculative way, and as the demand somewhat declines, the prices of those lines have been obliged to reduce on them.

"Sometimes that has been because of pressure being put on the retailer to reduce overstocks or loans; sometimes they have concluded prices would not continue high and had sold to get under or for various other reasons. Those speculative lines have been offered at reduced prices."

High Price Return Unreasonable.

"I look for a general decline in most classes of merchandise and see no reason why those lower prices should be afforded. It must be recognized, however, that wages and salaries of workers in mills, factories and workrooms have been so greatly increased that anything like a return to prices of four or five years ago will be entirely out of the question as long as wages remain as they are now. The fact is often neglected in thinking of costs of merchandise, that a very large part of costs is money paid for labor."

Answering a question as to whether there is any reason for being apprehensive of a panic, Mr. Selfridge said he saw none whatever.

"Great Britain," he said, "is not inclined toward panic, and her people do not rush very wildly in either direction. Her financial actions are not unlike the weather, which here never gets very cold and never gets very hot."

People Unstirred by League.

To a question as to how much faith in the United States to ratify the peace treaty, with or without reservations, has influenced present conditions, Mr. Selfridge said:

"Absence of such action by the United States produces more of a mental or perhaps a political feeling of regret rather than in any way influencing the rise or fall of prices. The great mass of the people of this country are, as I believe they are in America, as interested to a degree in the question of the League of Nations. The politicians and newspaper men have a good deal to say about it, but the usual man in the street has not shown a great interest one way or the other."

Mr. Selfridge said, in answer to a question as to whether the crisis in the present market period has been passed, that he had not discovered any "moment of crisis." Great Britain, he added, "is going ahead in that steady, independent way."

MY TRED FEET ACHED FOR "TIZ"

Let Your Feet Swollen, Aching Feet Spread out in a Bath of "Tiz."

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your feet will wriggle with joy; they'll soak up at you and almost talk and then they'll make another dive in that "Tiz" bath.

When you feel feet like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

Get a box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

FRANCE SAYS NO DEALINGS WITH SOVIETS

Is Unyielding in Her Attitude Toward Russian Troops.

LOYD GEORGE IS PLAYING POLITICS

French Newspapers Say No Action Will Follow Conference.

By WYTHE WILLIAMS.
Copyright, 1920, by Public Ledger Co.
Paris, June 9.—The French foreign office has changed its position in the slightest degree toward the Bolsheviks, now in progress in London between Premier Lloyd George and Gregory Zinoviev, secretary of the Comintern. The French newspaper, the Quai d'Orsay has not forgotten to send a written statement on the subject which, while it indicates the possibility of another Entente crisis at Spa, expressed no surprise at the methods followed by Mr. Lloyd George to achieve the present programme. That the Quai d'Orsay has not forgotten that two months ago Premier Lloyd George's "no" did not permit him to "entertain even the thought" of receiving M. Clemenceau in England. Such a statement Mr. Lloyd George made over and over again to press correspondents at San Remo. Today's statement reads: "France is resolutely opposed to any political arrangement with the soviets at any price."

"Between the various Entente points of view there is great divergence which, in view, we believe likely to cause great inconvenience, but we are not alarmed. First, we are certain that the British Government will keep either their political or economic aims; second, we hope British public opinion will soon be asking itself concerning the recrudescence of the Communist tendencies of their Independent Labor party, and, finally, that British public opinion will again demand the role it played before and after San Remo. Premier Lloyd George and his councilors once more in the straight path. "Half, too, would now talk politics with Mr. Krasin in London. Premier Lloyd George is the apostle of recognizing the soviets because he hopes by thus rendering homage to the great revolutionary power either to disarm or to diminish the Soviet opposition at home. Second, internationally Signor Nitti would like to discuss the chess game, and the Russian power would lend itself to a thousand combinations for the ingenious imagination of this Italian. "Premier Nitti finds that in the Entente Italy has sufficient liberty of maneuver. Such political reasons have also inspired Premier Lloyd George. The exchange he proposes with the soviets is not merchandise. It is renunciation of Asiatic enterprises in exchange for recognition, more or less shadowy, for Mr. Lloyd George it is a question of sheltering India and the Orient and saving Persia without drawing the sword. "It is a question of retaining political prestige for Russia as a mask to their economic programme and propaganda throughout Europe."

The Temps, in an article on the attitude of Premier Lloyd George toward Russia, says none of the Allied governments must adopt a policy toward the Bolsheviks which would constitute a menace to the other Allies and prejudice their interests. Consequently, the newspaper adds, peace must be made simultaneously on all the Russian fronts. The creditors of Russia must first receive guarantees, the Temps says.

Minding Other People's Business.

Some weeks ago sixty-one Democratic members of the House of Representatives signed an appeal to the British Government protesting against "high-handedness in Ireland" against "who-else arrests without arraignment or trial," and declaring that every man ought to have the right of trial without delay. In view of the fact that under a Democratic President a large number of people have been arrested as "reds" in the United States, held in jails without trial for lengthy periods, or deported from the country, some Americans are objecting that these Democratic members might better have directed their protests to their own Government.

HEART SO BAD WAS NOT SAFE TO LEAVE HER ALONE

Miss Eva P. Yestman, Krugerdorf, Ont., writes:—"I feel that I must write and tell you of the great benefit I have received from Milburn's Heart and Nerve Pills. About four years ago I was taken terribly bad with my heart, nerves and fainting spells, and was down in bed for about six months. I doctored with two different doctors and seemed to get better, although the fainting spells would not leave me. I would take such terrible falls, wherever I was, that it was not safe to leave me alone at any time. At last I decided to resort to proprietary medicine and took several different kinds, but seemed to receive little benefit from them. One day noticing the advertisement of Milburn's Heart and Nerve Pills I decided to try them, and before I had taken more than a few boxes, I could see that my heart was being cured. I have taken about ten boxes, and am almost cured of those terrible spells. I sincerely feel that your medicine has proved a blessing to me, and I advise any one troubled with their heart to try them, as I am confident they will find relief." Milburn's Heart and Nerve Pills are sold in a box at all dealers or mailed direct on receipt of price by The Yestman Co., Limited, Toronto, Ont.

N. E. Playground Question Delayed

Council Yesterday Declined to Take Action Until Community Meeting is Held in North End — Com. Jones Will Withdraw Opposition if Meeting Enthusiastic.

At a meeting of the city fathers yesterday afternoon the following resolution was presented: "That the Common Council accept the offer of Messrs. Armstrong and Bruce of the 1st day of June instant to sell to the City of St. John for the sum of \$10,000, a portion of Portland Place (as called) in the said city to be used for recreation grounds, the said parcel of land offered comprising a plot of ground 650 ft. north and south and 200 ft. east and west." This recommendation from the committee of the whole was laid over pending result of a community meeting to be held in the North End Monday evening.

The following delegation from the N. E. Improvement League appeared: Chas. Stephens, R. C. Thomas, R. P. Haman, Dr. David Hutchinson, W. H. White, Thos. Armour, Roy Roberts, K. McLaughlin, A. A. McIntyre and Fred Halina.

Chas. Stephens said the North End was the largest community in the city and establishing a playground was not a precedent. The Shamrock ground would have to be drained; it was now a cess-pool. Street extensions would interfere with the use of the Shamrock grounds, which was inadequate for their requirements. The only ground for these purposes was the Armstrong and Bruce property. If not taken up now, later it might not be available. The North End didn't need a single breathing place owned by the public. The Improvement League had been voted \$500 to develop property they did not possess.

Mayor—Mr. Usher Miller said this morning there was a strong feeling in favor of the Shamrock Grounds. Mr. Stephens said he had just left Mr. Miller who had declared he was ready to back the project of the N. E. Improvement League.

Com. Jones—We ought to have an explanation of that. Mr. Haman said St. Luke's Church wanted to build a gymnasium and the Shamrock grounds, but there was no sewerage. Probably Mr. Miller felt that if the city took over the Shamrock grounds sewer would be put in, and then St. Luke's Church could build its gymnasium.

Mr. Hutchinson said he had only heard one statement against the Armstrong and Bruce property—that of Mr. Usher Miller.

Com. Thornton said he had just called up Mr. Miller, who said he was in favor of the Shamrock grounds if it would hasten the installation of sewerage and permit the construction of the St. Luke's Memorial Gymnasium. Otherwise he favored the purchase of the Armstrong and Bruce property. In any case he favored a playground as soon as possible.

Mr. Haman said that the city should draw the sword. Mr. Jones said he would withdraw his opposition if the League could hold a meeting in the North End, and the meeting should be held in the Shamrock grounds sufficiently to attend a meeting or come here.

Dr. Hutchinson, after consulting delegation said they would call a community meeting on Monday evening. Com. Bullock said he was in favor of buying the Armstrong and Bruce property.

OBJECTIVES FOR RED-BLOODED CANADIANS.

What are the objectives of the Navy League? Briefly, they are these: To keep alive the memory of the valor and sacrifices of our seamen during the great war, and to impress upon present and future generations, as well as upon foreigners who make their homes among us, what the Union Jack stands for, the respect that is due it, and the necessity for supporting it to the fullest extent of our country's ability.

To constantly remind Canadians that the liberty and peace they enjoy they owe to the Navy.

To render relief to the dependents of sailors who lost their lives during the war, and to help disabled seamen, through aid to hospitals and otherwise.

To assist in the training of men and boys for the Navy and Mercantile Marine.

To impress upon the Government the importance of maintaining an adequate naval fleet to co-operate with the Imperial Navy.

To do everything possible to strengthen Canada's position as a seafaring power and as a member of the great family of British Nations.

To educate Canadians as to the meaning of "Sea-power" in its fullest, broadest sense.

To look after the welfare of sailors at our ports through the medium of the thirteen institutes extending from Sydney, N. S., and Charlotte, N. B., to Victoria, B. C.

To educate Canadians as to the meaning of "Sea-power" in its fullest, broadest sense.

VARIOUS RUMORS RE BRAZILIAN

Supposed to be in Most Excellent Financial Situation.

Montreal, June 9.—Brazilian stock well in yesterday's market, the best lot of McIntyre's being at the close, the stock then selling at \$44 1/2 a share and today's closed around 45.

There have been more rumors about Brazil in the past two months than about any other stock on the list, in all probability. The prediction has been made that there will be no dividend until the exchange situation is better than it is at present. On the other hand is the prediction that the dividend of at least 4 per cent, possibly 5 per cent, and even possibly 6 per cent, may be declared. Another rumor is that the Company intends to do some new financing. This latter rumor from England, where it was not believed a dividend would be declared. The statement also has been made that no new financing was required, more especially as the company's absence from dividend payments for many years had placed it in an excellent financial condition.

SLIGHT DROP IN MINE QUOTATIONS

Montreal, June 9.—The drop in the price of silver is possibly having a somewhat depressing effect upon the mining exchange, quotations showing a slight decline in some instances. These are: Atlas, 10; Dome, 1.00; Kirk Lake, 4 1/2; McIntyre, 3 1/2; West Tree, 5; West Dome, 5 3/4; Adanac, 2 1/2; Lake Rose, 5; Ophir, 2 1/2; Dome Ext., 20; Hollinger, 50; Lake Shore, 102; Por Crown, 26; Ariat, 5 3/4; West, 5; Beaver, 37; McKinlay, 55; Pot Lake, 12; Dome Lake, 5 1/2; Keora, 20; Moneta, 5; Schumacher, 18; V. N. T., 15; Vac. Gas, 27; Crown Res., 22; Min. Corporation, 150; Trethewey, 17 3/4.

ONTARIO MINES IN BIG OUTPUT

Toronto, June 9.—According to a report issued by the Bureau of Mines, Mine Smelters and Refining Works of the Province of Ontario, for the first quarter of the current year, show an increase in output of almost 1,000,000 in value as compared with the output in the first quarter of 1919. The production of gold for Canada shows an increase of nearly 46 per cent the greater part of it from Ontario. Total value of gold was \$2,953,036. Output of silver for the quarter was 2,387,000 ounces.

Renamed Pango, and now a fruit carrying boat, the German raider Mowve has arrived at Jarrow for repairs.

Barbados, June 7.—The cargo in No. 1 hatch of steamer Betsy Bell is afloat. The vessel arrived here on May 9 from Norfolk, with boiler and engine trouble. She is bound for Buenos Aires.

Mr. Hutchinson—We have already held two meetings which were unproductive. He is interested in the Shamrock grounds sufficiently to attend a meeting or come here.

Dr. Hutchinson, after consulting delegation said they would call a community meeting on Monday evening. Com. Bullock said he was in favor of buying the Armstrong and Bruce property.

Mr. Haman said that the city should draw the sword. Mr. Jones said he would withdraw his opposition if the League could hold a meeting in the North End, and the meeting should be held in the Shamrock grounds sufficiently to attend a meeting or come here.

Agent, Marine Department.

CITY OF SAINT JOHN

SEALED TENDERS will be received by H. E. Wardrop, Esq., Common Clerk, on forms furnished by the City, endorsed "Tender for painting the interior of the City Market," until MONDAY, THE FOURTEENTH DAY OF JUNE, INST., at 11 of the clock, a. m., for painting the interior of the Market Building, St. John, N. B., according to specifications to be seen in the office of the Commissioner of Public Safety. The City does not bind itself to accept the lowest or any tender. No offer will be considered unless on the form supplied by the Commissioner of Public Safety and to be had in the Commissioner's office. Cash or a certified cheque for five per cent of the amount of the tender must accompany each bid. This will be returned to all rejected bidders, but the City will hold the deposit accompanying the successful bid until the satisfactory completion of the work.
Dated at St. John, N. B., June 7th, 1920.
JOHN THORNTON,
Commissioner of Public Safety.
ADAM P. MACINTYRE,
Comptroller.

AROUND THE CITY

WRONGLY ADDRESSED.
In checking over the shipments in an express car yesterday morning Inspector Kerr advised a case of liquor incorrectly addressed.

AN OFFICIAL VISIT
Hon. David O. Robinson, Supreme Templar of the Temple of Honor of Temperance, will arrive today on the Boston train to pay an official visit to the Templars of the city.

HAND SATCHEL FOUND
A lady's hand satchel containing a small sum of money was found in King Square yesterday. The owner may have the same by applying at the Central Police Station.

WHEN SPIRITS TALK
W. G. Hatfield has made a complaint to the city authorities that frequent occurrences of the dark places in the Old Beryne Ground make a noise at night, and a suggestion that the place be better lighted, so the police cannot enforce quiet over the graves of the ancients. Com. Thornton is looking into the matter.

AUTOMOBILE TOURISTS
The secretary of the Board of Trade received a letter yesterday from the Automobile Club of America, asking for information as to the routes of travel by steamer and motor car into the province. The New York secretary who makes the enquiry says he anticipates a lot of enquiries about New Brunswick from motor people who wish to take a summer tour.

THE HARBOR QUESTION
As soon as convenient the Mayor will call a special meeting of the commissioners to discuss the harbor question. Com. Thornton wanted an evening meeting, as he has a lot of departmental work to look after in the city. Com. Bullock thinks the city fathers should spend the evening in their gardens or doing something else that will make them live longer.

SUGGESTION FROM RUSSIA
A firm in Riga, Russia has addressed the Board of Trade on the subject of a scheme of selected immigrants to Canada from that part of the world, coupled with a suggestion of organizing the export of horses and cattle to Russia in exchange for local commodities. The plan, the writer says, is open to all part of Canada, and he would like to see it taken up in New Brunswick.

OPPORTUNITY FOR DINNER
The Mayor has received word that the party of American press delegates which it was said at first would number about 250 has been reduced to about 145. The party will arrive here on Monday, and in the evening will be given a dinner in the K. of C. Hall on Coburg street. Owing to the reduction in the size of the party there will be a much larger number of tickets to the dinner available for citizens than was expected.

ORDER GRANTED.
In chambers yesterday morning an order was issued committing William H. Sharpe to remain in custody until such time as he returns his three children from Fulton, N. Y., where he said he had been arrested. W. B. Wallace, D. C. L. K. C., appeared for the defence and C. F. Inches acted on behalf of the mother's interests asking for an order which was granted. Mrs. Sharpe had previously applied for the children's custody and the case was being argued previous to their removal by the father.

ST. QUENTIN FUND.
The fund for the relief of the fire sufferers at St. Quentin, which is being raised in the Mayor's office now totals \$120. It includes \$50 from the Rothery Chapter, I. O. O. F., \$50 from the Rothery Red Cross Society, and \$20 from R. H. Dockrill.

The Red Cross depot on Chipman Hill continues open to receive donations to be forwarded to the fire sufferers of St. Quentin. A good number of contributions were received yesterday, and it is planned to make a shipment on Friday.

THE COUNTY COURT
A case against William Crosby charged with wrong conduct was heard before His Honor Judge Armstrong yesterday morning. Evidence was given by a little girl and a woman. A daughter of the defendant gave evidence in disproof of the charges, he denied it himself and both told of having chased the two children from the premises on more than one occasion. N. C. Scott testified to the good reputation of the accused who, it was said had resided in North End for some thirty-five years with nothing against his name as a citizen.

A verdict of not guilty was returned and the man was discharged. W. M. Ryan appeared for the prosecution and J. A. Barry for the defence.

Made A Bold Break For Freedom

Albert Connell Was Caught Tuesday Night Sawing the Bars in His Cell—He Goes to Dorchester This Morning.

Following the example of his brother Thomas, recently sentenced to twelve years in the penitentiary, Albert Connell endeavored to make a bold break for freedom by cutting the bars of his cell last Tuesday evening. He was quartered in a cell on the second floor of the old wing facing the jail yard.

At about eleven o'clock turkey Clifford suspecting trouble, made an extra round. He stole up to Connell's cell and surprised the latter who was sawing through one of the iron bars of the cell door. It was found on examination that one bar had already been sawn through.

Connell was taken out of the cell which, because of limited accommodation, he occupied with two drunks, and placed in the dark hole where he was confined till this morning, when he, his brother Thomas, and Charles Ritchie are to be taken to Dorchester to serve their time.

The three men were sentenced in the county court Tuesday for breaking and entering the house of L. R. Ross at Sandy Point and stealing therefrom. They were given five years each for breaking and entering, and ten years for stealing, the sentences to run concurrently. Thomas Connell was given two years additional for attempting to break jail. He made his attempt early in May through the cell door and had some bars cut in a window in the corridor. A school policeman warned the officials in charge, and the break did not come off.

The Connell brothers have the reputation of being desperate men and put up a strenuous resistance to arrest after their last break. Thomas was wanted by the police at the time for a break in the North End, and for assault. His brother has done time in Dorchester.

They are reported to have said they would never be taken to Dorchester. That task has been assigned to Detective Donahue and turkey Bowes who will set out with their charges today.

Deadlock In The Common Council

Over Question of Purchasing New Equipment for Street and Fire Departments—Com. Frink Disclaims Responsibility for Condition of Streets, and Com. Thornton Expresses Annoyance.

The City Council yesterday voted down the recommendations to purchase new equipment for the Department of Public Works and an aerial truck for the Fire Department.

Commissioner Frink moved that he be authorized to purchase: Estimated Cost.
One combined motor sprinkler, \$10,000
One "High" pickup sweeper, 9,000
One 2-ton steam tandem roller, 3,500
Two 2 1/2-ton motor trucks, 10,000
One steam scarifier, 1,500
One combined motor lawn mower and roller, 600

and that the Council approve the said estimate of \$34,600, to be paid for by bond issue.

Commissioner Bullock was against bonding for equipment. His motor trucks, the city's experience was that such apparatus was sold in two or three years. Whether or not there was proper care he did not know.

Commissioner Thornton moved in amendment that the matter go back to the committee. Though not opposed to the purchase of the equipment, he thought they should not bond for motor trucks.

Commissioner Frink said if they did not get the equipment they would not accept the responsibility for the uproar which would arise among the citizens.

Mayor—The idea is that this equipment will cause considerable saving and efficiency in the department.

Commissioner Bullock—What is the depreciation on motor equipment?
Mayor—About 25 per cent.

Commissioner Thornton said they would not get good value for a bond issue on that basis.

Commissioner Frink said he had asked for \$24,000, and had been cut down in committee to \$24,000. If his motor trucks were more perishable than fire engines, it was because the motor trucks were at work every day. If he did not get the equipment they would eat up the money without result.

The Tax Rate For The City This Year

Board of Assessors Have Completed Compiling of the Valuations—It is \$2.98 Per Hundred Dollars, an Increase of 36 Cents Per Hundred Over Last Year.

The tax rate for the city this year as arrived at by the Board of Assessors, who have just completed the compiling of the valuation, is \$2.98 per hundred dollars, an increase of thirty-six cents per one hundred dollars over that of last year. The valuations show an increase of over five million dollars, and special tax amount, to a little over one hundred thousand dollars.

The increase in the total levy is nearly three hundred and fifty thousand dollars. The amount which the residents of the city will have to contribute to the county this year is greater than last, but the rate is less, due to the special taxes collectable in the county.

Following is a comparative statement for the two years:

Table with columns for 1919 and 1920, listing various taxes and their amounts.

While many of the citizens, no doubt, will feel the rate is too high, they may take consolation in the fact that others are not any better off than is St. John, as the following comparisons of tax rates will show:

Table comparing tax rates for London, Ontario, Toronto, Ontario, Montreal, Quebec, and Halifax.

Thousands of women who did not register in previous elections will be delighted to learn that they still have an opportunity of getting on the list and voting for prohibition. To be eligible one must be twenty-one years of age and a resident of the Province for six months, and make an affidavit to this effect before any Justice of the Peace, which includes the Mayor and Commissioners. A copy of this affidavit must be forwarded to the Board of Reviewers in the Parish in which they live two weeks prior to the date of election.

Common Clerk—I have no special system of putting in the recommendations. I put these two recommendations at the end and because I thought there would be some discussion.

The matter was then dropped.

A Whole Summer's Fun for That Boy of Yours. HYSLOP WHEEL. With vacation time almost here, the problem of how best your boy would enjoy the summer holidays finds its happiest solution in a HYSLOP WHEEL.
