British Headquarters in France, April 2 .-- Via London, 3 p.m .- (From a staff correspondent of the Associated Press.) -The British forces today widened the wedge they had inserted in the German line in the region of St. Quentin, and captured the villages of Atilly and Villecholes, respectively, southeast and northeast of the village of Vermand.

Paris, April 2, 2:05 p.m.-French patrols advanced last night to the German positions before St Quentin, which they found to be held in force. South of the Aillette the French drove the Germans beyond Vauxaillon. The war office today gave out the following account of the operations.

LINES STRONGLY HELD. "In the region of St. Quentin our patrols pushed forward northeast of Dallo and north of Castres (these towns are about 3 miles from St. Quentin), as far to the enemy lines, which they found to be held strongly. His Work as a Builder.

In the minds of Londoners his memory will always be kept green so long as the magnificent building on Dundas street east—the largest biscuit and confections factory of its kind on the continent—remains standing. In this structure is represented the quite vision and the unparaged ideals of a man who believed in service to the community. When it was realized that the old factory of the company must be abandoned, Mr. McCormick did not dedeids simply to build "a factory." He wanted a manufacturing establishment embodying the latest ideas of convenience, sanitation, production; more than that he wanted a place that would be upilifting in its surroundings to all concerned. TEACHINGS OF THE BIBLE HAVE LED TO GREATEST OF WORLD ACCOMPLISHMENTS

Rev. Dr. Slicox Preaches Strong Ser.

"The supremacy of the Bible," said r. Silcox, at the First Congregational Church, Sunday, "is a theme so large that one can only outline its reach and range. To show the place of the Bible in literature alone would require a volume. We are indebted to the Roman for law; to the Greek for art, but to the Hebrew we are great debtors, for he gave us religion—by giving us the Bible. "The Bible has been woven into the texture of our best and noblest literature from the days of Caedmon and Bide, on to Shakespeare, Tennyson, Carlyle and Kipling. That the Bible is a unique book, and has exercised a unique power over the thought and civilization of the world must be admitted by all, who have studied the Book and its history. In the whole compass of human literature this book stands separate, apart and supreme.

"Put its teachings alongside other books of religion and how is the Bible supreme? In its revelation of the character of God; in its ethical ideals of acter of God; in its ethical ideals of acter of God; in its literary expression of great moral principles; in its som of great moral principles; in its power to evoke the highest effort of man in the highest ranges of human service, and in its power to impress its great and in its p n literature alone would require a

on, the veteran naturally fell into careless ways.

Playing with New York, Gibson sees a chance to be with another pennant winner. He was a great player just a few years back. Naturally he would not relish being merely a coach of pitchers on a club that looms up as one of the greatest machines the game has known. Hence his rejuvenation.

The old adage that they never come back in the world of sport holds good over most of the trail. Now and then there crops up an exception of the rule. Such an exception is George Gibson, old George, catcher of the Giants.

In his last fight here against Edule Dia surprisingly well, and should lead Kelly a merry dance.

Both lads have their followings, and that there will be a capacity house at Hyman Hall Wednesday night is an assured fact.

The Liberal Club management is arranging for several good preliminaries.

The Liberal Club wishes it distinctly understood that the alleged mill between Eddle Brennan and Young McGovern, put on at Hyman Hall two weeks ago, was not held under its auspices. The hall was merely rented to Mr. Chamberlain, who promoted the bout under the auspices of the S. P. A. The Liberal Club had no connection The Liberal Club had no connection whatever with the affair, which was a good deal more oblong than it was square.

At the Empress Avenue Methodist Church, the pastor, Rev. J. D. He said that as Christ comes to each one today, the various elements displayed by the populace on the occasion of His former coming, are exhibited by people at the present time. The natural instinct of man to be religious goes out to welcome Christ, but in some people the scorn of the Pharisee, or the hate of the Publican, or the unspirituality of the Roman, becomes dominant, and causes that person to

Rousing Recruiting Rally at Majestic Theatre.

Duty of Every Man Physically Fit to Help Win

Rev. Arthur Carlisle of Windsor, former chaplain of the 18th Battalion, was the speaker at a recruiting meeting in the Majestic Theatre Sunday evening, in the interests of the 62rd Battery. The meeting was held under the auspices of the Princess Patricia Chapter, I.O.D.E.
Capt. Carlisle stated that his object was not to tell of his own achievements, as they were few.
"I have seen a lot, but done little. I was merely a parson in uniform, but from what I did see of the men at the front I think the least that people at home can do is to be prepared to extend a hearty welcome to the heroes who return and not be figuring on how to curtail rum rations and cirarettes," said the speaker. "I count it an honor to be a member of the "Fighting 18th," famous for their many deeds of glory on the battle-fields of France.
"I saw when we left Canada what was meant by that phrase, 'Britain is mistress of the seas.'
"What I beheld on our voyage across the Atlantic was to me a revelation.

in motors and accessories marked the operations of the early afternoon. These were counterbalanced, however, by firmer tendencies in leading industrials and metals. LONDON STOCK EXCHANGE. London, April 2.—Money was wanted today for repaying money loans due the Bank of England, and the payment of a £50,000,000 treasury bill issue. Discount rates were harder. count rates were harder.

The stock market was steady. Only a moderate amount of orders had accumulated over the week-end, and they were principally for the war loan and Brazilian and French bonds at unchanged prices. Industrials were good, especially Courtauids and Argentine shares, while shipping issues were firmly maintained. Mining and rubber stocks were irregular. Americans eased off in sympathy with Wall Street.
