## STEER CLEAR OF ARMAMENTS

Peace Conference Are Afraid To Discuss The Question

Czar's Treachery Is The Cause Of Great Uneasiness

The Hague, June 18.—Although the "Pacific" still insist that the question of the limitation of armaments must be raised in some form before the adjournment of the peace conference, the last chance of any government coming forward to openly propose the discussion, has disappeared with the knowledge that the Government of the United States considers that the initiative belonged to Europe and not to America.

M. Nelidoff's depressing utterances at the opening of the conference, coupled with the unfortunate dissolution of the Douma at the very moment the conference had assembled, have produced many expressions of regret that President Roosevelt yielded the initiative of the second conference to Emperor Nicholas. The correspondent of the Associated Press has heard dozens of delegates speculating on the differences in effect which would have been produced had the keynote been sounded by a country inspired by democratic tendencies.

At matters now stand, neither England, nor any of her continental friends, are ready to move lest the mere suggestion of debating the question of the limitation of armaments inject a spirit of discord, which would endanger the useful work achievable and possibly break up the conference under circumstances which would postpone another conference indefinitely.

The dissolution of the Douma, with its possible consequences, continues to absorb as much attention as the prospects of the conference, and there is considerable speculation as to whether public sentiment may not force Great Britain to change her present attitude. Many stupid stories are being circulated to the effect that Great Britain or America may raise the matter in the conference.

Russians to Appeal.  
A serious report alleges that some members of the late Russian Parliament are on their way to The Hague, to appeal to the conference. Their appearance here, clamoring to be heard, which manifestly is impossible, would be regarded as extremely deplorable by those who believe the conference should avoid everything likely to precipitate a conflict, and confine itself strictly to progress along the lines of the original assembly.

### THE WEED NUISANCE

Several vacant lots on Victoria avenue are being neglected and complaints have arisen. The grass has grown until it is almost hay, and the weeds have not been idle. This should be looked after, and if the property owners do not attend to it the city should, and charge it up to the property. Another thing quite noticeable on both sides of the river is the difference between people who occupy property. One man will do everything in his power to cultivate his little piece of land and keep down weeds; while his next door neighbor allows his land to grow a splendid crop of weeds, the seed of which will in due time be gently wafted over to the hard-working man's lot, causing him constant worry and extra labor. This is not just on the part of the man who willfully neglects his place.

## CHINA STORE SNAPS

ENGLISH ROCK TEAPOTS, fancy decorated, 25c, 25c, 30c, 35c.  
FANCY MILK JUGS, 1 pint size, with gold and flower decoration, 15c; 2 quart size, a beauty, at 25c.

## THRILLING FEATURES OF CIRCUS

The Somersaulting Auto Is The Greatest Act Ever Seen

The Fire Fighting Scene Is One Of The Special Big Features

Chatham is to-day enjoying the performances of one of the largest circuses in the world, the Forepaugh-Sells Brothers' show. It is indeed a mammoth amusement entertainment and the parade to-day was perhaps the longest, the best and most interesting of any like event in the city.

The circus has some very thrilling features. The one which stands out prominently as the greatest novelty of the age is that entitled, "Beyond the Limit." It is the somersaulting automobile, and as a nerve thriller is unequalled by any act ever performed. The automobile runs up an incline until it is 45 feet in the air, with the attractive Mlle. Yvonne Lerocq, the heroine of this marvellous act, coolly seated in the auto. When released it shoots out and at a height of 45 feet above the ground dips forward, and executes a complete somersault, then lands on the platform prepared for it and rolls away. Mlle. Lerocq is a pretty, young French girl and an enthusiastic automobilist. When the auto starts on its upward climb it is said that the silence in the great tent is so extreme that a pin can be heard to drop.

Another hair-raising scene, true to life in every respect, is the great spectacle, "Fighting the Flames." Five hundred people are necessary to give the street scene in this act alone. As the life of a great city is pictured to the observer, a fire breaks out in the hotel. The four fire companies with the show respond to an alarm and the life-saving scenes by means of ladders and nets are thrilling.

At one time in this big circus 15 acts may be seen going on at the same time, but when the feature acts are put on the number is limited so that all may see them. There are three rings and two stages, and 900 people are necessary to give the performance. The Zoo with the circus is excellent and numbers among its features a three-ton hippo-otamus and a fourteen-foot giraffe.

The evening performance begins at 8 o'clock. The canvas is perfectly waterproof, and in case of rain no inconvenience or discomfort will result to patrons.

### TRIED TO SAVE COMPANION.

Drawn Into a Hole Near the Rapids and Drowned.

Ottawa, June 18.—While attempting to save a companion who had been drawn into a hole near the rapids, a young man, Joseph Laviolette, aged 21 years, of St. Charles, was drowned Sunday evening in Poves Creek, a little below Rockland.

The name of his companion was Lamoureux, a fellow employee on the Canadian Northern, who was unable to swim. He got beyond his depth, and, calling for help, Laviolette went out to him with a stick. Lamoureux caught hold of it, and in his struggles pulled Laviolette in.

The latter got into a hole near the rapids, and, not being a swimmer, soon was drowned.

### DOCTOR ACCUSED OF MURDER.

Fatally Shot His Wife After Annoying a Maid Servant.

New York, June 18.—Dr. Samuel S. Guy, a Far Rockaway dentist, was placed on trial in the supreme court at Flushing, L. I., yesterday, charged with having murdered his wife at their home last April. Mrs. Guy came into a large fortune at the death of her father, B. S. Mott, two years ago.

It is alleged Guy came home after having been drinking and began to annoy a servant. When Mrs. Guy intervened there was a quarrel and Mrs. Guy was fatally shot. The doctor is 50 years old. His wife was 53.

Eleven jurors had been secured when court adjourned till to-day.

### FARM HAND KNOCKED OUT.

Safe Broken Open and \$1,000 Cash With Jewelry Stolen.

Mincola, L. I., June 18.—The Oswald farmhouse, on the old Jericho Turnpike, between this place and Westbury, was the scene on Sunday of one of the boldest robberies in years.

The thieves drove up to the farmhouse in a red touring car, knocked down Herman Schwesler, a farm hand, forced several ounces of chloral down his throat, then broke open a safe and carried off \$1,000 in cash and several pieces of valuable jewelry.

The people who are at odds naturally try to get even.

Push is almost as good a weapon as Pull.

## ROUTINE DOINGS OF CITY COUNCIL

Tenders Will Be Asked For On The Civic Debentures

Grist Of Small Matters Considered By Aldermanic Board

The meeting of the City Council last night was rather longer than usual, but a considerable amount of routine business was considered.

The Chatham Motor Car Company wrote petitioning to have the new pavement on Adelaide street built right up to the sidewalk on the east side of the street, and that the poles on the east side be moved over to the west side, so as not to interfere with the pavement. — Board of Works.

The Chatham Motor Car Company drew attention to the fact that they had received no concessions from the city for establishing a good, paying industry here. They asked that they be given a reasonable remittance of tax for a period of ten years, also free water for ten years. — Industrial committee.

The Secretary of the Board of Trade wrote requesting that the Council set aside \$200 for the use of the Board of Trade. On motion of Ald. Westman and Ald. Austin, the request was granted.

The Standard Bank of Canada notified the Council that henceforth all city debentures would be carried at the rate of five and one-quarter per cent. instead of four and one-half and four and three-quarter per cent. as formerly. On motion of Ald. Austin, the Finance committee were empowered to ask for tenders for supplying the city with funds, from all the other banks in the city, the tenders to be in the hands of the committee not later than June 25.—Carried.

Mayor Stone drew the attention of the Board of Works to the fact that complaints have been made to the effect that some of the granolithic walks laid this year are not satisfactory to the ratepayers. He asked the Board of Works to investigate this matter before the contractors are paid in full for the work.

A communication from Clarence Barfoot stating that he gave his consent that the contract price for the electric wiring in the market building should be paid over to F. H. Briggs, was referred to the Property committee.

A letter was received from Wilson, Pike & Company stating that they had omitted to forward the Council part of their account for last year as City Solicitors. The bills amounted to \$100.96, and was referred to the Finance committee.

In view of a request from Hugh Gallagher, it was moved by Ald. Benson, seconded by Ald. Westman, that the Orangemen be granted the use of the two city parks for their celebration here on July 12, and that on this occasion they be given the freedom of the city.—Carried unanimously.

The Pere Marquette picnicers requested the services of the band free of charge on the occasion of their outing here. It was moved by Ald. Westman and Ald. Massey, that the Industrial committee be empowered to engage the band for the day for the use of the visitors.—Carried.

The executors of the Robertson of Innes estate wrote objecting to the C. W. & L. E. placing their tracks on the west side of Queen street in front of their property, and they asked that the Council rescind the motion granting the railway the privilege of running along that side of the street. This matter was left in abeyance for the present, and will be taken up at a later meeting.

Ald. Austin's report for the Finance committee, recommending that the Retail Merchant's petition for change in assessment from 35 to 30 per cent., be referred to the Court of Revision, was adopted.

Ald. Kerr, for the Parks and Cemeteries Committee, recommended that one-half of the trees on the cemetery road be cut down for the benefit of the roadway, and that the graves in the cemetery be all graded to the level of the walks. The whole report was laid over till a later meeting, and in the meantime a committee of the whole Council will visit the cemetery to investigate conditions.

Ald. Massey's report for the Railway Committee, in which he recommended that the railway company put down three 16-foot crossings in front of the Whalen estate on Queen St., was adopted.

The Mayor drew the attention of the Board of Works to the delay in completing the pavement on St. Clair street, and asked that this work be hastened as much as possible.

It was moved by Ald. Austin, seconded by Ald. Westman, that the \$53,000 debentures for the C. W. & L. E. loan be extended one year.—Laid.

Ald. Potter moved, seconded by Ald. Austin, that the Property Committee be empowered to ask for ten.

## DR. HOLMES TELLS OF TRIP TO EGYPT

Large Number Gather At St Andrews To Hear Address—Fine Program

Entertainment In Aid Of The Public General Hospital

One of the season's most interesting entertainments was held last evening in the school room of St. Andrews' church. The hospital society were successful in getting Dr. T. K. Holmes to give an address, and the Ladies Assisting Society provided the musical program.

The opening number was a violin selection by Everard Gordon, and was given in his usual good style. Mrs. Milton Bogart sang very sweetly, after which Miss Verna Sheldon gave a reading with piano accompaniment, played by Miss Edith Hall. Miss Sheldon is a promising elocutionist, her gestures being of the best to bring out the various expressions. Mrs. Wier also sang a solo. Mrs. Wier is a talented Scotch singer, who is the guest of Mrs. Robert Gray. Miss Flossie Bogart played the accompaniments for the evening.

Dr. T. K. Holmes was next called upon, and after thanking the ladies for their kind invitation, and also the audience for turning out so well, thus encouraging the ladies in the work they have so much at heart, he delivered a lecture on "Egypt, the land of Pyramids," which did him honor. He spoke of his early interest for the country and through constant reading he inculcated a desire to see it, and never before was able to do so until this year. His trip was a very pleasant one, and as he continued his address he spoke of the various places they touched before reaching Alexandria, which is situated at the mouth of the Nile in Egypt. He sketched briefly the geography of Egypt, giving boundaries, etc., and stating that it was 500 miles wide and about 400 miles in length. On the whole it is not of much value, a strip of land along the Nile about two miles wide, each side is of the highest agricultural value. A barren waste is on the east and the great Sahara is on the west, and there is no prospect for it ever to be anything but a great sandy desert. He said, "In speaking of Egypt I mean the fertile part or the valley of the Nile."

"On the 10th of March I landed at Alexandria and found the climate to be very mild and necessitating a light overcoat. It was not so oppressively hot as I had supposed it to be. A gentleman in going over warned me that the intensely hot winds were generally cold winds, and advised me to take sufficient clothes. I found his advice to be correct and was very glad of it."

"The lands along the mouth of the Nile are not attractive, as there are so many branches and channels forming its great mouth. We next visited the city of Cairo, which has a population of about 5,000 inhabitants. For the first fifty miles the country leading to it is a sandy waste where a few cactus and shrubs grow. Beyond that the country is the most fertile and productive I have ever seen. It seldom rains, and occasionally they have a shower at Alexandria, but further down the Nile they never have rains. The crops are produced by a system of irrigation. About every half mile we saw a great wooden wheel on which were tied earthen jugs. The wheel is driven by an ox and in revolving carries up buckets of water which are tipped into a large spout. This spout leads to the various furrows and ditches of the country, thus moistening the ground. The crops are more luxuriant than they would be if dependent on rain. The people are able to maintain the fields at any time and thus no danger of drought is feared."

The houses were the next to be mentioned. They were constructed of mud, and in appearance were like a beehive. The houses were not distributed, but may be seen in groups of 50, 100. They have no windows and the only means of ventilation is the door. There was not a comfortable farm house to be seen in the country between Alexandria and Cairo. The man who lives on the farms are laborers and belong to landlords. They are as slaves, and as the Government under Turkish rule is so wretched, they are constantly being reduced to the "last and extreme stage of poverty."

Egypt is under Turkish rule, and since 1863 the Viceroy of Egypt obtained permission from the Sultan to rule more independently. Long after and long before the Government was so bad that taxes were wrung out of the people to the very last extent. This gave no encouragement to the laboring classes to produce better crops, as better crops meant higher taxes. The accommodation at Cairo was first class. The hotels were modern and up to date, and were conducted after European and American fashions.

The Citadel was next visited. It

## WHY SOME GIRLS DO NOT MARRY.

President Stanley Hall, of Clark University, has taken commencement time to renew his charge that the women's colleges are responsible for the falling off in the number of marriages among modern girls. The charge is indignantly denied by the presidents of the women's colleges. If Dr. Hall would study conditions in a factory town for a time, the Brooklyn Eagle thinks, he might discover that the only agency which colleges have in making girls averse to marriage is by fitting them to earn their own living. Any institution which does that postpones marriage, and in that way defeats it in a certain percentage of cases. But it makes not a particle of difference whether the wage-creating agency is a shirt factory, a type-writing school or college. The Eagle gives two instances very much in point. In a shirt factory town a boot-black was talking with his chum about girls. "There's no good talking out the shirt factory girls any more," he complained. "Some of 'em earn \$12 and \$15, and unless you can blow 'em to a swell dinner or high-priced show, they won't look at you." To which the friend assented: "Ah, it's fierce. Seems as if them girls didn't care nothing about gettin' married any more."

A Roman Catholic mechanic of a high grade moved from the country into the city and sent all of his girls through the high school. Not one of them married. Instead, one taught music, one became a high-class dressmaker and a third a stenographer. The father's explanation was: "The modern girl won't look at the ordinary man. Unless he earns big wages he stands no chance with 'em at all."

In the old days getting married was the only respectable way in which a girl could be sure of a home and support. She naturally stirred herself to find a husband, and her relatives aided her in that laudable pursuit. She was not in a position to be critical as to his merits or agreeableness. As Rose Terry once put it, "She knew perfectly that it was more honorable to be anybody's wife than nobody's."

Since women began to earn wages that standard has changed. If a woman finds it pleasant to earn her own living than to marry such men as seek her, she is at liberty to do it. The rapid growth of unmarried business women shows vividly how often marriage, in the days before wage earning, was a counsel of desperation rather than of love. But only a very small percentage of wage-earning women are college graduates. The factories and business offices have done ten times as much as the college to postpone or defeat marriage. Any social condition which decreases the number of homes is deplorable, but it is unfair to put more than their limited share of the blame upon the colleges.

## ANOTHER BLACK EYE.

Hamilton Spectator.  
The Toronto World wants a name for the twin cities of Port Arthur and Fort William. If the World desires to shine it should call it "2 in 1."

## SHE WAS WILD WITH PAIN.

From Willow Creek, Ont., Miss E. Diegel writes: "A few years ago I was drenched with rain and got lung-bug; it was like a steel rod piercing my back. I had earache and was just wild with pain. I applied bating soaked with Nerville to my ear and rubbed on Nerville for the lung-bug. That rubbing relieved and in a few hours I was well. No other liniment could do this." It's the penetrating power of Nerville that makes it superior to all other liniments. Nothing beats it; 25c. at all dealers.

Don't misinform your doctor or your lawyer.

People ask "Why do you claim that Veteran's Sure Cure, one medicine, cures Rheumatism, Backache, Sciatica, Dyspepsia, Bright's Disease, etc.?" We reply, because 16 years' practical use has proved that V. S. C. contains the medicinal properties that cure the digestive organs. And when the people properly realize that good health depends upon pure blood and pure blood upon properly digested food being supplied by a healthy stomach, kidney and liver, they will want the medicine that gives the best results. And we believe they will find V. S. C. has no equal. The V. S. C. Medicine Co., Limited, Chatham, Ont., Scane Block, King Street. Druggists also sell it. Prices: 350 doses \$1.00, 150 doses 50c. Mailed anywhere, W. K. Merrifield, General Manager.

Minard's Liniment cures Dandruff

# ALD. WM. POTTER TAKES WHACK AT WATER BOARD

Says Commissioners Talk Much As Though They Owned Plant

Matter of New Electric Light Station To Be Taken Up Later

Ald. Wm. Potter presented a verbal report on the electric light situation at the regular meeting of the City Council last night, and during the discussion of the same, he took occasion to air a few of his opinions regarding the Water Board and their methods. Ald. Potter stated that the Property committee had written to various manufacturers to get their prices on gas engines suitable for the electric light station. They had received replies from some 24 of these firms, but as no report had yet been received from the Municipal and Railway Board, the matter could not very well be considered. He thought, however, that the Council should not delay the consideration of this question, in view of the fact that the Water Commissioners were continually complaining about the space which

the electric light plant is taking up in the municipal building. He thought it would be advisable for the Council to hold a special meeting to consider the matter.

Mayor Stone—I think it is a mistake on the part of the Water Commissioners to talk to the press in the way they do. One would think that the waterworks belonged to them. It doesn't. It belongs to the city, and is not the personal property of the Water Board.

Ald. Potter hastened to add that things would go along much better without any talk of this nature on the part of the Commissioners. The citizens of Chatham are all joint owners of that plant, not the Water Commissioners. While they are so keen for notoriety as to how much they have paid over to the city, Ald. Potter thought they had a right to make a statement as to how much they owe the city.

Ald. Westman thought that the Property committee and the Water Commissioners should get together and thresh the matter out.

Ald. Potter—it is no use trying it. I have tried that before, and every time they make me feel as though I am intruding. We will have to force their hand in this matter.

The matter will be taken up and dealt with later at a joint meeting of the Council and the Water Board.

# ALD. J. G. KERR FIGURES AS STRAY DOG'S FRIEND

Makes A Glowing Appeal Before Council on Behalf of Ownerless Canines

Ald. Potter Wants Action Taken With Regard To Reckless Auto-Driving

Ald. Harry Westman wants municipal legislation which will do away with the ownerless dogs, which is the cause of a great deal of complaint from citizens in general. At last night's meeting of the City Council he advocated the appointment of a dog-catcher, whose duty it would be to capture all ownerless dogs, and put them in pound until such time as the owner turned up and paid the tax for the canine. If no owner should turn up in ten days' time, the dog to be destroyed. Ald. Westman moved that the Chief of Police be notified to put the dog-catcher by-law in force. Ald. Bullis, who held similar views to those expressed by Ald. Westman, seconded the motion.

Ald. Kerr—I hope the day will not come when the stray dog has no friends, and I cannot sit by and see such a motion as this passed. I do not like this motion, and I cannot support it. Many times dogs who have been provided with tags have their collars stolen or lost. Think of all the poor, innocent dogs who might be cruelly put to death under such legislation as Ald. Westman proposes. I think if the present by-law is properly enforced it is ample enough.

Ald. Benson—I would like to know what Ald. Westman proposes to do with the dogs when he gets them in pound.

The Mayor—Maybe Ald. Westman

is thinking of starting a sausage factory.

Ald. Austin—The dogs would have to be fed at the city's expense.

Ald. Potter moved that the matter be referred to the Industrial Committee, to report at a later meeting.

The matter was finally left over to be dealt with at a later meeting. ALD. POTTER AFTER THE AUTOS. Ald. Potter referred to the numerous complaints made by citizens regarding fast auto driving around city streets. He said that it was daily becoming a greater nuisance, and motorists appeared to be making a race track out of Queen street in particular. He said that it was a continual menace to the life and limb of pedestrians and especially children.

Ald. Austin remarked that this matter was governed by by-law, and he saw no reason why the police should not enforce the regulations. He asked the Mayor if it should not be taken up by the Police Commissioners.

Mayor Stone said that the unfortunate part of it was that though frequent complaints were laid with the police, no one ever seemed willing to swear out a summons.

Ald. Kerr—if any accident should happen through this fast driving, the city would be liable for the damages.

The Mayor promised that he would bring the matter before the attention of the Police Commissioners.

WANTS MORE DISCIPLINE. Just before the close of last night's meeting, Mayor Stone took occasion to hand out a little curtain lecture to the aldermen in general. He said that on the occasion of last night's session many of the aldermen did not have their work prepared in such good form as it might have been, and this fact was the cause of considerable delay. He hoped that the members would try to do better in this regard in future.

## HAVE YOU CATARRH?

Breathe Hyomei And Relief And Cure Will Be Guaranteed.

If you have catarrh, with offensive breath, burning pains in the throat, difficulty in breathing, raising of mucus, discharge from the nose, tickling or dropping from the back of the throat, coughing spasms, etc., begin the use of Hyomei at once.

Hyomei is made from nature's soothing oils and balsams and contains the germ-killing properties of the pine woods. Its medication is taken in with the air you breathe, so that it reaches the most remote part of the respiratory organs, killing all catarrhal germs and soothing any irritation there may be in the mucous membrane.

The complete Hyomei outfit costs but \$1.00; and C. H. Gunn & Company give their personal guarantee with each package that money will be refunded unless the treatment does all that is claimed for it.

## A FINE PREACHER

Rev. E. G. Dymond, of Glenora, preached two very excellent sermons in Holy Trinity church Sunday. His evening sermon was based upon the text "Bless the Lord, O my soul, and forget not the benefits." Mr. Dymond is a very powerful speaker and his services here were very much appreciated. A duet in the morning, "In the shadow of His wings," was well sung by Mrs. Cooper and Miss Schwenker, and in the evening a solo by Miss Ruby Maggs was ably rendered.

It always is easy to trump up an excuse for fault-finding.

Many a supposed case of love has been cured by indigestion tablets.

Many things are on record that never come out in the photograph.

Men too often are influenced by the fear of being called powards.

A little knowledge is dangerous. It makes some people feel so big.

## Indian Oil Stones

Something New. Something Genuine

Pleasing to the User.

These stones are of entirely different nature than emery stones, and are adapted to sharpening all kinds of tools and for use on all kinds of work for which the Arkansas, Washita, and other natural stones of like nature are used. They are superior to natural stones as they cut faster, last longer, and keep a better surface, also because of the entire absence of all faults common in the natural stone formation, that is, sand seams, hard and soft spots, pebbles and fractures. On account of the above and because of their uniformity satisfactory stones can be duplicated exactly. They can be supplied in either fine, medium or coarse grit. Every stone is sold subject to the following guarantee.

"If this article should prove in any respect unsatisfactory we agree to exchange or refund the full price paid for same."

Call and see our stock. Buy and be convinced.

## MURDER WIFE AT DOOR.

Then Telephoned For the Police—A Buffalo Tragedy.

Buffalo, N. Y., June 17.—Frank E. Jackson walked up to the door of his house yesterday and rapped. His wife opened the door and Jackson stepped inside. Then he shot the woman three times and she fell dead at his feet.

Locking the door to the room in which the murder occurred, so his little children could not come upon their mother's body, Jackson went to a neighbor's house and telephoned to the police that there was trouble at his house. Then he walked out to meet the officers who were hurried over, and gave himself up.

As Jackson was walking to the telephone from which he reported the killing to the police, he passed his wife's father. He bowed and continued on his way as if nothing had happened.

## Another Great Year for

OF CANADA

Gains—gains—gains in every department—is the splendid record made by this Company during the past year.

Here are the facts for 1906:—

Gains in Income . . . \$ 115,904.22

Gains in Assets . . . 1,089,447.69

Gains in Surplus . . . 251,377.46

Gains in Insurance . . . 2,712,453.00

Such increases clearly demonstrate the esteem in which this Company is held by Canadians.

They know that when they take a policy in The Mutual Life, they become an owner of the Company, and share in all the profits.

## GEO. H. REDPATH,

GENERAL AGENT, CHATHAM.

More Important.

"Did I understand you to say," asked Mrs. Chatters, "that your husband had no vacation?"

"Worse than that," replied the mother's wife. "I said he'd had no vacation."

The Locality. "Are you in pain, my little man?" the kind old gentleman asked.

"No," answered the boy. "The pain's in me."

Know how to give without hesitation, how to lose without regret, how to acquire without meanness.—George Sand.

Never, positively never poison your lungs. If you cough—even from a simple cold—you should always use, soothe, and ease the irritated bronchial tubes. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now a little late though—remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop's Cough Cure with others and note the difference. No poison marks there! You can always be on the safe side by demanding

Dr. Shoop's Cough Cure

"ALL DEALERS"

Giving Themselves Away.

Mr. Younghusband (reading from paper)—"Married—Blanche de Smythe to Walter Wellington Beere." What old memories that name awakens! Mrs. Y. (blushing)—I never imagined you knew of my engagement to Walter.

Mr. Y. (chillingly)—I was alluding to Blanche.

No guinness in WINDSOR TABLE SALT. The perfect crystals melt quickly, imparting a delicately piquant savour.

The Goose. The goose, which for some unknown reason has become an emblem of idleness, but which is really a wise bird of good habits and one of the most profitable for the fancier, was probably the first fowl to be domesticated by man. Homer, 1,200 years before the Christian era, speaks of his geese, in which he was greatly interested, and the hieroglyphics of Egypt prove that at his time they had been tamed for centuries. Circle.

DR. MARY E. HANKS.

Made President of Illinois Homeopathic Medical Association.

Dr. Mary E. Hanks has achieved the unusual honor for a woman physician of being elected president of a large medical organization. Officials of the Illinois Homeopathic Medical Association recently announced the action of the executive committee in selecting Dr. Hanks, who has been first vice president, to succeed Dr. James N. Downes as president.

In 1890 Dr. Hanks went to Chicago to practice. She is a graduate of the

DR. MARY E. HANKS.

Boston University School of Medicine and was graduated from the Edinburgh State Normal School at Edinburgh, Pa. Before entering the medical school she was a country school teacher for a time. Since going to Chicago she has affiliated herself with Hahnemann Medical College as professor of medical gynecology. Dr. Hanks also is on the staff of the Hahnemann hospital. The State Homeopathic Association, of which she has become president, has about 1,000 members.

Giving Medicine to the Children.

Drugs are obnoxious enough even in the most palatable form, and the wise mother will take care to present the bitter dose in as attractive a way as possible. It is easy for some children to take medicine, but to others there is an inherent dislike for even the name. It is cruel to force the disagreeable down the child's throat; it is equally foolish to bribe the little patient into "taking it like a man." Most mothers know the trick of disguising powders and pills in a spoonful of preserves and of mixing medicine with regular nourishment, such as milk, for instance, but these methods are not advisable. The child takes a dislike to the motion and later refuses to take not only his medicine, but also his nourishment. I know of one little lady who to this day can hardly refrain from leaving the table when preserved cherries are a part of the menu simply because her mother always concealed her childish dopes in the heart of a nice ripe red cherry.

Holding the nose while the medicine is in the mouth overcomes the extreme bad taste of the drug, or if a bit of ice is held on the tongue before the medicine is taken the sense of taste is blunted for the time being. Medicine droppers are invaluable in giving medicine to babies. Sedlitz powders are somewhat improved by being mixed with crushed ice and a few drops of lemon juice. Castor oil may be made palatable by moistening the sides and edges of the glass with lemon juice, pouring in two or three teaspoonfuls of the juice, adding the required amount of oil and putting in another dram of the lemon juice. Prepare one or two half inch cubes of dry bread, and on the top of each cube sprinkle a generous pinch of salt. Give the oil sandwich first, then follow it immediately with a piece of bread, which removes the oil from the teeth.

The Ideal Woman.

"Tell me," said the girl who always asks so many questions, "what is the ideal woman? Is she the pretty one, the witty one or the little insignificant one who does as she is told?"

"I suppose it is a case of individual feeling," said the man. "I fancy that every man idealizes woman. He puts her upon a pedestal and worships her."

"Of course he does. I know that. And every woman likes to be an ideal to a good man, even though she knows she falls far short of excellence, and to remain upon that pedestal she must exert herself to live up to his ideal."

"Indeed, she must," replied the man, "and what is more, a good woman can make a man—well, halfway good too. In fact, she can make or mar him. A man likes to be encouraged, made to feel that he is a little bit above the common herd, and if his ideal woman makes him think so—"

"He gets so conceited that he thinks he can catch every girl he wants. Here is one girl who will never make any man think he is a paragon of goodness, because, and let me emphasize it, you can't hold a man like that more than twenty-four hours."

And then there was a verbal warfare.

The Medicine Chest.

Every housekeeper ought to have a complete medicine chest in the bathroom closet. Besides his hot water bags, big and little ammonia, witch

HAD TO DRAW REVOLVER.

Criminal Defended Himself With Club But Was Captured.

Bowmanville, June 17.—Chief of Police Richard Jarvis had a lively time Saturday when he went out to arrest William Thompson, a Dane in Darlington.

The charge against Thompson was that he stole an overcoat, pair of pants and a bicycle from John McCullach, Kilmarnock town line, between Durham and Ontario.

Thompson engaged at Walter Crideman's farm, but the chief arrived there shortly after. The former saw the officer come to the farm and hid in some straw, protecting himself with a club.

Jarvis, however, was armed and it was fortunate for him, for he had to draw his revolver on Thompson before he would surrender.

Thompson has already served a term in Central prison.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliancy vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form of the woman witness to the fact in renewed countenance. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native American medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of women's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mother, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating and strengthening remedy nicely adapted to woman's delicate system by a physician of large experience in the treatment of women's peculiar ailments.

Dr. Pierce may be consulted by letter free of charge. Address Dr. B. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Lady Godiva to Ride.

The idea of clothing Lady Godiva in the forthcoming Coventry pageant has been abandoned. The advocates of the traditional Lady Godiva have won, and apart from some slight concessions to the proprieties, her ladyship will ride the streets in the altogether.

The concessions will take the form of flesh tights and some apparently incidental draperies. The role is likely to be filled by La Mille, a stately person—who has expressed her willingness to undertake it on assurance that her appearance will be purely for a charitable object.

The Mayor of Coventry, who opposed the decision, is now described as the saddest man in the city. He is exulting in the turn events have taken. He has long been vexed by the daily arrival of applications from lovely ladies, who have sent their photographs and measurements, recommending themselves, and he now has a fine collection of beauties.

To burn a letter may show a lack of sentiment, but it is in very many cases a mark of good judgment.

## DISARMAMENT A DREAM.

Russian Delegate Strikes a Blow at the Peace Conference.

The Hague, June 17.—The keynote by M. Nelidoff, on behalf of Russia, at the opening on Saturday of the second international peace conference, was a crushing blow to the pacifists. There was no mincing of words when he deprecated the idea of ultimate disarmament and the inauguration of a regime of universal peace was relegated to the limbo of dreams.

M. Nelidoff described this idea as a "star floating far above this mundane sphere, to be always striven for but never attained. Nations, like individuals, he said, quite frankly, "are human, and not the most perfect judicial system ever invented could put an end to strife and violence."

"When honor and vital interests are at stake," the speaker declared, "regardless of consequences, neither the former nor the latter will recognize any authority except personal judgment and personal feelings."

Stripped of its fine phrases, the speech of M. Nelidoff is considered a deliberate warning to the conference to keep down to the plane of the earth, to continue the work of the first conference in the direction of alleviating the horrors of war and narrowing the chances of conflict by opening wider the door of arbitration and to aim toward "conciliation and justice," but not to go further.

The view that the powers should study the question of lightening military establishments with which the first conference concluded its labors was not even mentioned.

A friendly message was despatched to the Otar at the commencement of the proceedings.

RUSSIAN DOUMA DISSOLVED.

Czar's Ukase Sets Forth Reasons For This Coup d'etat.

St. Petersburg, June 17.—Emperor Nicholas yesterday morning affixed his signature to an imperial ukase abolishing the Douma and ordering that the election of members to its successor, which was to meet Oct. 14, was to be held under the new election law, which provides against the "submergence of the educated classes by the uneducated masses."

This act constitutes a virtual coup d'etat and overrules the specific provisions of fundamental laws of the realm, solemnly proclaimed by His Majesty on the eve of the convocation of the first Douma, without the consent of Parliament itself.

This breach of the constitution is justified by the great law of necessity, the Emperor's advisers holding it impossible under present conditions to co-operate harmoniously with the Emperor's advisers holding it impossible to remove Russia from anarchy and revolution.

The Reasons Why.

The ukase is accompanied by a manifesto setting forth the motives which led the Emperor to dissolve the Douma.

His Majesty adverts to the Douma's rejection of temporary laws, its refusal to ratify the budget, the open revolutionary spirit of a large portion of its members, the abuse of the right of interpellation, and, finally, the failure of the Douma to comply immediately with the demand for exclusion of the 55 Social Democrat members charged with conspiring against the present regime.

RUSSIAN PRESS GAGGED.

Criticism Means Jail—Must Not Comment on Dissolution.

St. Petersburg, June 17.—Active preparations for the dissolution of the Russian Douma included an order from Gen. Dracheffski, prefect of St. Petersburg, addressed to the municipal press, announcing that the publication of any article inimical to the Government will be considered a misdemeanor punishable by a fine of \$1,500 and three months in jail.

This is the most drastic measure proclaimed against the press since the days of the Black Reaction, and if it is enforced it will entail the suspension of every Liberal newspaper in St. Petersburg. The Socialist Tovarishch has already thrown up the sponge, and did not attempt to appear Sunday morning, feeling that suppression was inevitable.

Over 700 arrests were made in St. Petersburg Saturday.

SUCCEEDS DR. PRIMROSE.

Prof. J. P. McMurrich Appointed to Chair of Anatomy.

Toronto, June 17.—The resignation of the chair of anatomy at Toronto University by Dr. Primrose has been pending for a year, when the university authorities requested him to retain the position until his successor could be appointed.

Prof. J. Playfair McMurrich, who succeeds him, could not have left Ann Arbor for another year had the appointment not been made at once.

Dr. Primrose, of course, retains his associate professorship of clinical surgery, as well as the secretaryship of the medical faculty.

Sentenced Reduced.

London, Ont., June 17.—Owing to an oversight on the part of the authorities, Thomas Harlekin, who was on Friday sentenced to four years in the Kingston penitentiary, was brought before Judge Elliott and his sentence changed to two years, on two counts, one year on the charge of common assault, to which he pleaded guilty last August, and was released on suspended sentence, and the other year on the charge on which he was convicted on the present sessions.

In presenting the case to his worship, the crown gave the impression that the prisoner had pleaded guilty to having committed assault, with occasion to do serious bodily harm.

Game Protection.

Toronto, June 17.—The hunting, taking and killing of English or Mongolian pheasants in Ontario has been prohibited for a period of three years from Sept. 15, 1907, and the purchase or sale of partridge, quail, snipe and woodcock for a period of three years from the same date.

Cracker Charm

There is all the difference in the world between eating biscuits and biscuit eating. One

may eat a biscuit and not taste it, but when you think of biscuit eating you think instantly of

Mooney's Perfection Cream Sodas

Crisp, delicious and tasty.

Absolutely and distinctly superior to any other make.

Say "Mooney's" to your grocer.

Forks in England.

The enormous ruffs so much in vogue in later Tudor times are responsible for the introduction of forks in England. The difficulty of reaching one's mouth when so adorned must have impressed itself very forcibly on every one, and so the invention of some means of prolonging the reach became an imperative necessity, and thus, as demand usually creates supply, forks came into existence.—Captain G. A. Hope in Grand Magazine.

KIDNEY DISEASE COMES ON QUIETLY

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some form of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as, brick dust deposits in the urine, highly colored scanty or cloudy urine, bladder pains, frequent or suppressed urination, burning sensation when urinating, etc.

Do not neglect any of these symptoms, for, if neglected they will eventually lead to Bright's Disease, Emphysema and Diabetes.

On the first sign of anything wrong Doan's Kidney Pills SHOULD BE TAKEN.

They go to the source of trouble, strengthen the kidneys and help them to filter the blood properly and flush off all the impurities which cause kidney trouble. Mr. Thomas Petty, Massey, Ont., writes: "After I arrived in Canada from New Zealand, a couple of years ago, I suffered very much from kidney trouble. I tried several remedies, but they did me no good. Finally my back became so lame I could scarcely walk. I was advised to try Doan's Kidney Pills and after taking them I felt like a new man."

Price 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

ENTIRE TRAIN BURNED.

Fireman Killed and Scores Reported Injured.

Minot, N.D., June 17.—The Oriental Limited, on the Great Northern Railroad, was derailed at Palermo, forty miles west of Minot, on Saturday. Every car fell into a ditch and immediately caught fire. The fireman was killed, and scores of persons were reported injured. The train was running at the rate of fifty miles an hour at the time of the accident. The accident was caused by spreading rails.

The entire train was burned. Medical aid was speedily sent to the scene aboard a wrecking train.

HAD THIRTY-TWO BOILS AT ONE TIME

Two Bottles of Burdock Blood Bitters Cured Him.

Imperfect organic action makes bad blood, so, too, bad blood, in turn, makes imperfect action of every bodily organ. If the blood becomes impure, poisoned or contaminated in any way from constipation, biliousness or any other cause, some especially weak organ must soon become diseased thereby, or the whole system may suffer in consequence.

Pimples, boils, blotches, ulcers, festering sores, abscesses, tumors, rashes or some serious and perhaps incurable blood disease may result. There is no medicine on the market to-day to equal the old and well-known remedy,

BURDOCK BLOOD BITTERS

for all cases of bad blood.

Mr. Ernest B. Tupper, Round Hill, N.S., says: "I think Burdock Blood Bitters a great medicine for boils. I had them so bad I could not work. I had thirty-two on my back at one time. I used only two bottles of B.B.B. and they completely cured me. I cannot recommend it too highly." Price \$1.00 per bottle or 6 bottles for \$5.00.

Hope is a waking dream.

## JUST FIFTY YEARS AGO

PRESENT UNREST IN INDIA RECALLS TRAGEDY OF 1857.

Terrible Lucknow Tragedy Can Never Be Forgotten—Flames of Burning Bungalows Gave First Signal—Legacy of Grief and Hate—Cawnpore's Fateful Well—Memory of Heroic Defenders Can Never Fade.

The present unrest in India recalls the fact that it is just fifty years, since the momentous evening in May, 1857, when the famous mutiny broke out.

The number of those who can recall the anguish and uncertainty of that terrible year at home is all too quickly growing smaller; still fewer are the survivors of the gallant troops who took part in the toils and trials of the Mutiny campaign in India. To all such, says Blackwood's Magazine, this fiftieth anniversary cannot but be full of memories—memories many of them of anxiety, of horror, and of terror, but others, too, of pride in deeds of heroism and endurance, of elation at success hardly won, of the fact of identity and danger. Nor will the anniversary be overlooked even by the younger generations whose recollections cannot carry them back to events of half a century ago; least of all will it be forgotten in India.

Legacy of Hate.

"As the sun sets in a haze of blood and dust on May 10, and the long, darkened rooms are thrown open to catch, if they may, some breath of cooler air, we may be sure that the thoughts of many will go back to that sultry Sunday evening at Meerut, when the flames of the burning bungalows in the cavalry lines gave the first signal for the general conflagration, which was to wreck so many homes and leave behind it such a legacy of grief and hate.

As for the heroes—and the heroines too—of those days of 1857, the memory of them has never faded. At Delhi the lofty spire of the monument on the historic Ridge looks across the intervening space, over the boulder-strewn hillocks and the white-walled bungalows almost hidden amidst the green-growing shrubs, to the red sandstone walls of the imperial city, and the delicate minarets and milk-white domes of its Jamma Masjid; whilst below, amidst the trees, the new bronze statue of John Nicholson keeps watch over the cannon-reeled breach by the Kashmir Gate.

The Fateful Well.

"At Cawnpore the fierce sunlight streaming through the painted windows of the Memorial Church stains the white radiance of the chancel floor, whose walls record the names of the gallant fighting men, the women, of Wheeler's intrenchments and . . . away a peaceful garden, where the shadows are ever restful and calm even when all the land seems to be gasping for breath, surrounded by fresh and fragrant verdure—the fateful well."

great company of Christian people, mostly women and children, who near this spot came out of much tribulation, sleep on together undisturbed.

"At Lucknow the trim lawns and well

**DR. HOLMES' LECTURE**

Continued from Page One.

was a large fortress, but now consists of almost a city within a citadel. A strong wall surrounds it, and fine palaces and mosques are encircled. The palaces, etc., are the homes of the soldiers, and the mosques are the places of worship. It was built by Sulla in the 13th century. Visitors are allowed inside, but before entering they are met at the door and presented with a pair of overboots. No person is allowed in on his ordinary boots, and the gentlemen are also requested to wear their hats. The floors are carpeted with rich eastern rugs; the walls are not so highly ornamented as ours, but the structure is very massive and beautiful.

In worshipping, the Mohammedans prostrate themselves on the floor and turn their faces to the east, as that is the direction of the country, in which was the birthplace of Mohammed. The hour of prayer is announced by minarets, and all devout Christians immediately kneel and face eastward, kiss the earth and offer prayers.

The streets of Cairo are small, the main street being one mile long, only 20 feet wide, and the sidewalks only two feet wide. The street is thronged with all classes of people, donkeys, camels and occasional automobiles.

The Museum of Antiquities is very interesting. The building is of modern stone construction and has the greatest collection of antiquities in the world. The faces of rulers of a thousand years ago are there; collections of jewels of two thousand years ago, comprising bracelets, buckles, rings, etc., of gold, silver and bronze, and made in styles which would baffle modern jewelers. On the mummies are inscriptions bearing name, date of birth and death, and also circumstances in which they lived and were buried.

Next we visited Memphis, the city which the ancient prophet said, "Shall be destroyed and uninhabited." This prophecy was truly fulfilled, for now stands only two colossal statues of granite and limestone to mark its recognition. The colossal were made to represent Ramessy II., the oppressor of the children of Israel. One is in the open air and the other is in a shed. They are 40

feet long, 10 feet across the shoulders, and very high. They show considerable skill in workmanship, and are the most interesting of their kind in the world. At a distance of four miles we next visited the Step Pyramid, which is the oldest ornament in the world.

He next spoke of the Government of the country, stating that it is at the present time. The foreigners assured him of their great prosperity and their satisfaction as to the Government. His closing remarks were the reciting of a poem addressed to a mummy, by Horace Smity.

A vote of thanks was tendered the doctor, after which the National Anthem brought the evening to a close.

**IMPRISONMENT FOR LIFE.**

Murderer Says Judge Acted As Thirteenth Juror.

Rochester, N.Y., June 18.—Big Ed. Kelly, of Boston, who on Saturday was convicted of second degree murder for the killing of Edward Pullman, of Boston, was yesterday sentenced to Auburn Prison for the rest of his life by Mr. Justice Sutherland in the Supreme Court. When asked if he had anything to say why sentence should not be pronounced upon him, Kelly replied that there was. He said he had been convicted by perjured testimony and that the judge had acted as a thirteenth juror.

**POTATO GIN WAS FATAL.**

Given to Prevent Seizure Causes Children's Death.

New York, June 18.—"Potato gin," administered as an antidote for seasickness, caused the death of three children who were passengers on the White Star line steamship Oredie, which arrived here from Liverpool and the Azores.

The poison was given by the children's mothers, one of whom, when the little bodies were buried at sea the following day, tried to throw herself from the deck in a frenzy of grief.

**SENTRY USED BAYONET.**

Guard Stabbed Two Men Who Were Breaking Out of Camp.

Niagara Camp, June 18.—Privates A. Piggett and J. W. H. Irwin of the 12th York Rangers were both stabbed with a bayonet last night, but their injuries are not serious. It is said the men tried to get through the guard lines and were challenged by Sgt. Scott Kyndock. An altercation ensued, and the guard used the bayonet. Piggett was stabbed in the hand and Irwin in the face. The guard decamped, but was captured. He will appear before a magistrate.

**WOMAN SHOT.**

Husband Says His Wife Agreed to Kill Herself.

New York, June 18.—Laura, the 19-year-old wife of James Worsdale, was shot through the head and killed at their home in West 25th street to-night.

The husband, who is six years the senior of his wife, notified the police, explaining that his wife had taken her life in accordance with an agreement to kill themselves into which the two had entered.

He was placed under arrest.

**AT THE EXPANSION SALE****THIS WEEK**

Already the brick walls at the end are down and temporary wooden ones have taken their places. Everything is crowded, up from the basement to the top floor, and more goods coming. On account of the steady advance in all lines of cottons and woollens, We bought our fall stock some months ago and agreed to accept delivery in June. The goods are coming now and the room must be made someway. The only way we know of is to sell double the usual quantity and with your help we will do it. Here are a few of the inducements we offer you this week. Hundreds of others here which we cannot tell about to-day.

## A Man's Home is His Castle

and there is no place like home. The important thing is to own the home.

We have several exceedingly desirable little castles on our books for sale just now, which those ambitious to own a castle would do well to look into.

They are not so pretentious as the castles of old, but for home comfort the old castles were not in it. Nicely situated, as they are, with all modern conveniences, if you are looking for a home come in and see us.

Good home on Stanley Ave., close to park, \$2,200.  
House, with all modern conveniences, situated on Lacroix St. Will sell this at a bargain. Will also rent.

A GOLD MINE—We have for sale one of the best equipped barber shops in the city, which we will sell at a bargain. See us before someone else takes the opportunity.

**THE DAY'S  
FIRE RECORD**

Cornwall, June 18.—Two small bridges on the O. & N. Y. at Black River, just north of Cornwall, and at Santa Clara, N. Y., were destroyed by fire yesterday afternoon.

Bush fires fanned by a strong breeze were the cause in each case. Repairs are being rushed. Trains met at Black River last evening and transferred mails, passengers, etc.

Flax Mill Destroyed.

Listowel, Ont., June 18.—This evening the flax mill owned by the J. & J. Livingstone estate, was completely destroyed by fire, which is supposed to be of an incendiary origin.

The building is estimated to be worth about \$2,000, and is a total loss.

Forty Autos Burned.

Boston, June 18.—A fire, which for a time threatened Boston's automobile district, consumed about forty automobiles and caused a loss estimated at \$100,000 yesterday. The blaze is believed to have started from spontaneous combustion, and was in the garage of the Back Bay Automobile Co. The firemen were handicapped by frequent explosions, but managed to confine the blaze to the building in which it started.

High School Burned.

Lockport, N. Y., June 18.—The High street public school was totally destroyed by fire yesterday. The pupils marched out in perfect order.

CHILDREN SAW GHASTLY SIGHT.

Awake to Find Parents on Floor With Throats Cut.

Detroit, Mich., June 18.—William Roule, a carpenter, aged 35 years, cut his wife's throat Sunday night in their home at 427 Beard avenue, and then slashed his own throat with the same razor. Both died where they fell, in a bedroom where there were two children sleeping.

When the two children, aged seven and five years, awakened, yesterday morning, they found the bodies on the floor and called the neighbors.

## Kid Hand-Bags

ALL STEEL DOME

**SUNSHINE FURNACE**

The Sunshine is differently and better constructed than common furnaces. It's stronger, safer, more healthful.

The dome, the two sections of the fire-pot and the frame of the ash-pit are all securely fastened together by our famous "cup joint." Three "cup joints" in all, you see.

All sections, you will notice, fit together perfectly, and are lined with a layer of asbestos cement, which unites them so firmly together that they become, in every purpose, one solid piece of metal. Can never spring or fall apart.

And that's not all! The top of the dome is fastened to the sides with cement and boiler rivets, making the Sunshine just as smoke, gas, heat and dust tight as a steam boiler. From a hygienic standpoint it takes precedence in the furnace world.

Notice, too, the Sunshine is equipped with an automatic gas damper. This damper automatically opens when the gas in the furnace reaches a certain pressure and allows it to escape up the chimney. Eliminates all danger of an explosion or gas escaping through the registers.

Safest as well as most healthful, easiest managed, cleanest, greatest labor-saving and fuel-economizing furnace you can buy.

If your local dealer does not handle the Sunshine write direct to us for free booklet.

## HAYWOOD SENT MONEY

Steve Adams When Stranded  
Wired Him Asking For Funds.

Orchard's Testimony Corroborated In Many Points—Assistance Also Given to Simpkins Who Helped Murder Steunenberg — Union Miners Flogged and Driven From Home—Peabody Bomb Dug Out of Ice.

Boise, Idaho, June 17.—In support of its case against Haywood Saturday, the state submitted to the jury the testimony of a dozen witnesses, tending to confirm several details of the story of Harry Orchard, and at adjournment announced that it would close its case this week. The announcement as to the conclusion of the prosecution's case was a surprise to the defense, and clearly placed the prisoner and his counsel.

In response to a request from the defense for notice from the state as to the time it should assemble its witnesses, Senator Borah fixed next Wednesday as the time. He explained later, however, that he had given an early day, in order to avoid delay. As the trial now stands adjourned until Tuesday morning, the prosecution would not be able to conclude before the end of the week.

Among the day's witnesses were ex-Governor Peabody of Colorado and his daughter, Miss Cora Peabody, but neither was on the stand long. It was anticipated that the defense would lengthily cross-examine Peabody and open the entire contention involved in the Colorado labor war, but a noon recess conference of the united counsel for the defense decided that it would be better tactics to refrain from such questioning.

Against a sustained fire of objection and motions to strike out, the prosecution got the admission of much evidence bearing on points of Orchard's testimony.

Sent to Haywood For Money.

First, it was shown that Steve Adams while stranded in Oregon in 1906, on the way hence from California, where it is alleged he went to kill Fred Bradley, sent a telegram to Haywood at Denver, for money. It showed by the originals of six drafts on New York banks, five of which were purchased at the First National Bank of Denver by Haywood himself, that during 1904, 1905 and 1906 money was frequently remitted by Haywood to L. J. Simpkins, formerly a member of the executive board of the Western Federation of Miners, who, as "Simmons," went to Caldwell with Orchard and assisted in the first attempt to kill Steunenberg. The last draft, sent in January, 1906, after the murder of Steunenberg, was cashed by Mrs. Simpkins, presumably after Simpkins fled.

Then came the shattered and twisted fragments of the device by which the Vandenberg mine bomb was set off. This led to an extensive inquiry by the defense into conditions and events centering about Cripple Creek during the strike and martial law days. The defense tried to show that there was unwarranted deportation of union miners; that the use of the militia was unwarranted; that union stores were looted; that agents of the mine owners committed acts of violence and incited others to violence; that union miners were flogged and driven from their homes, and the peace officers controlled by the mine owners, employed deputies who were "gun-fighters," thugs and criminals.

History of Bomb.

Next, the state completed the legal history of the Peabody bomb by showing that it was dug out of the ice in the Coeur d'Alene River, brought to Boise, and taken to Denver, and by having its casing identified by the plumber who made it. Ex-Governor Peabody and his family watched the bomb cover every moment that it was displayed before the witness stand.

Then the state once more took up the general thread of Orchard's story and successively offered the testimony of Miss Peabody, as to the testimony of Orchard, that he and Steve Adams followed the Peabody carriage home; the testimony of ex-Governor Peabody that he saw Orchard in Canon City, and that he repaired his house, as Orchard testified; testimony showing that at various times in 1905 Haywood, Pettibone and Orchard were seen together, and confirmation by William Vaughan of the trip that Orchard and Vaughan made to Canon City. Lastly, proof was adduced that Steve Adams was at Pocatello in September, presumably to meet and throw "Pettibone dope" at a carload of non-union miners, as related by Orchard.

Judge Wood goes to Caldwell to-day to continue the case of Harry Orchard, charged with the murder of Frank Steunenberg and there will be no session of the court. Orchard will be taken to Caldwell for formal appearance when the case is called.

**WOULD NOT GET DOCTOR.**

Parents Believed In Faith Healing and Daughter Dies.

Esther, Sask., June 17.—Coroner Platt of Tantalus was summoned to Dubuc to investigate the death of a girl, aged 16 years. The parents believed in faith healing, and it is alleged no doctor had been in attendance. Dr. Platt considered that an inquest was not necessary, but warned the father.

**Barns Burned.**

Welland, June 17.—Saturday R. Moore & Son's barn and storehouse were burned, at a loss of \$2,000, the roof of the Methodist Church also being damaged. Yesterday E. H. Clark's barn and outbuildings at Crowland were burned.

**Strike At An End.**

Port Arthur, June 17.—The longshoremen's strike here is at an end. The men went back to work at the old scale.

# RED ROSE TEA

"IS GOOD TEA"

The Expert Tea Taster is the one who knows the real value of Red Rose Tea and uses it as a standard to judge other teas by.

Wouldn't you like to judge it for yourself? It is the tea that has that rich, fruity flavor—just what pleases the expert tea taster.

Ask your grocer to send you a package to-day.

## DEAKIN A NOVEL READER.

Famous Australian Statesman Delights In Fiction.

Many of the ablest statesmen of the present day are inveterate novel-readers, but none of them are likely to carry their taste for fiction-devoicing as far as Mr. Deakin, the Australian Premier, who, it is said, has more than once been seen on the Treasury Bench in the Australian Chamber deep in the pages of the latest novel, while the members of the House are engaged in debate. Indeed, it is to be doubted whether many professional critics could equal Mr. Deakin's varied and extensive knowledge of contemporary fiction. He has been at all times an omnivorous reader, and does not disdain the epithet of "book-lover."

In appearance Mr. Deakin is by no means the typical Australian. There is about him none of the bluff broadness which was so characteristic of the late Mr. Seddon, of New Zealand. A tall, thin figure, with the look and bearing of the scholar rather than the platform orator, Mr. Deakin is, notwithstanding, a speaker of unusual charm and eloquence.

Spiritualist and Journalist.

In his early days Mr. Deakin was keenly interested in spiritualism, and it was whilst pursuing his studies in the occult that he first met his wife, who is the daughter of Mr. Hugh Browne, for many years one of the leading figures in the spiritualistic circles of Melbourne. As may be supposed, spiritualistic carniivals of the day were not slow to take advantage of the young statesman's hobby, and the whole city laughed to see him depicted in a white sheet.

It was at this time that Mr. Deakin did a great deal of journalistic work for The Melbourne Age, and it was to which an amusing story is told. Conversing one day with Mr. David Syme, proprietor of The Age, the Hon. John Gavan Duffy, one of Melbourne's sharpest wits, remarked, with a twinkle in his eye: "My dear Syme, you really ought to have something more than a Deakin on your staff. You ought to have a Bishop in the office."

"A Bishop! Why?" "Because, you know, your statements are so sadly in need of confirmation."

## LACERATING THE RICH.

British Cabinet Minister's Plan to Reform the "Smart Set."

Mr. Augustine Birrell ventured recently to assume the mantle of the saint, whose name he bears, and lectured the "smart set" on their iniquities.

He was discoursing affably on politics at a banquet of the Bradford Liberal Association, and brought out the apothem: "Those who are wise always have their mind on the great body of the people."

"The 'top' may be disregarded," he said. "Their conversation, I suppose, is banal, their taste is low, and their wit is great. We can afford to dispense with them."

"I have no particular sympathy with the Rev. Father Vaughan and that class of divine who is always attacking—and perhaps gaining notoriety from so doing—the habits of the idle and worthless rich."

"I agree that they need a missionary, but I am afraid that the publicity given to their sins is a thing they enjoy rather than otherwise."

"I would prefer a divine who would shut them up in real reformatories where they would lacerate themselves with very stiff kind of wire rope, and take it out of themselves in that way."

Then Mr. Birrell contrasted the rich with the great body of the people. The tastes of the latter are slowly and steadily improving, he said. They are looking for refinement in their entertainments, and they are becoming more temperate.

## SEVEN MEN DROWN.

Canoe Swept Over Saguenay Falls and All Inmates Perish.

Quebec, June 17.—A few canoes filled with men working for C. P. Easton & Co. started to cross above the Saguenay Falls, when one of the canoes, containing seven men, got caught in the current and was swept over the falls. The men were all drowned.

Four of the men, named Alfred Gagnon, George Quinn, Xavier Guerin and Joseph Quinn, were married and leave large families.

The three others were Philippe Chappard, of Paephele, Zenon Oic of Little Metis and George Campion of Matane.

## Upheld Premier Bond.

St. John's, Nfld., June 17.—The Colonial Cabinet on Saturday voted to uphold Premier Bond in protesting against a sacrifice of Newfoundland's interests by the Imperial Government in the fisheries negotiations. The situation is regarded here as rather serious.

## DISTRICT RICHMOND.

Mr. Martin, of Chatham, preached a very eloquent sermon on Sunday evening.

Miss Hardie, of Chatham, visited her parents on Sunday.

Commissioner Fox sold a large amount of ditching last week.

Joe Steen is improving the appearance of his residence on Biddoon street.

General Manager Kizer of the C. W. & L. E., has consented to carry passengers to the garden party, corner 6th concession and Biddoon street, for half fare on the 19th inst.

Owing to the cold weather crops are very backward in this section. The cut grub has done considerable damage to the corn.

The fellow with a beard in his bonnet should be careful that it doesn't sting him.

Children have more need of models than of critics.

Many good-looking people are not as good as they look.

Never find your delight in another's misfortune.

### STEAMER HITS ROCK.

Irish Express Has Narrow Escape From Wreck.

Holyhead, Wales, June 17.—The Irish express steamer Anglia, with more than 600 passengers on board, struck a submerged rock in a thick fog Saturday morning.

The bows of the Anglia were stove in above and below the water-line, her water-tight compartments saved her.

### FITS YOUR CASE EXACTLY.

You know how you feel, — blue, sickly and heavy. Each morning you waken in a dull, "dopy" condition and wish it were night again. Your liver is wrong and needs fixing with Dr. Hamilton's Pills; they cure all liver ills. At once the system is relieved of poisons, blood is enriched and purified, appetite increases and digestion picks up. Health and vigor return because Dr. Hamilton's Pills makes the body proof against weakness and disease. For your liver, your kidneys, your stomach, for the sake of your looks and feelings, try Dr. Hamilton's Pills, 25c. per box at any dealer's.

**Prince William Dead.**  
Stockholm, June 17.—The death is announced of Prince William, Duke of Sudermanie, second son of Crown Prince Gustave, and Grand Duchess Marie Pavlovna, daughter of Grand Duke Paul Alexandrovitch of Russia.

**Dies in a Police Cell.**  
Winnipeg, June 17.—C. R. Morrison was found dead in a cell at the police station Saturday morning. Deceased was between 50 and 60 years of age, and is a native of Shawville, Quebec.

**Two Years Aged.**—For eight years I suffered as no one ever did with rheumatism; for two years I lay in bed; could not so much as feed myself. A friend recommended South American Rheumatic Cure. After three doses I could sit up. To-day I am as strong as ever. I was—Mrs. John Cook, 287 Clinton street, Toronto.

**Why He Hit Him.**  
"You shouldn't have hit that man who called you a liar."  
"Shouldn't he?"  
"No; you should have demanded the proof, and if he could not produce it he would have been branded as the falsifier."  
"That's all right ethically, but I knew he had the proof."

**A VALUABLE AGENT**  
The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery," in subduing chronic or lingering coughs, bronchial inflammation and lung affections, for all of which these agents are recommended by standard medical authorities.

In loss of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no valuable nutritive and aid to the body as Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and bringing about a healthy condition of the whole system. Of course, it is not so expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

**Forgotten Hotel Keys.**  
"I suppose," said a guest, "a good many forgotten people go off with your hotel keys?"  
"This will show you," said the clerk. And he took from a drawer the following printed slip:  
"The manager of the Blank hotel acknowledges with thanks the return of key No. —, which M— by oversight carried away on departure."  
So many keys, the young man explained, were mailed back by forgetful guests that it had been deemed advisable, as a time saving device, to have a key acknowledgment printed.

**Qual on Toast is the best 5 cent Cigar in the market — made by O'Brien Bros.**

### NAMES FOR BIG GUNS.

Two Significant Ones That Were Selected and Rejected.

At the Fort Pitt foundry, Fort Pitt, Pa., were cast in 1897 for the monitor Puritan two twenty-inch guns, which Captain W. C. Wise, then chief of the naval bureau of ordnance, proposed to call Satan and Lucifer. This proposition called forth a protest from the pastor of a Presbyterian church at Pittsburgh, who characterized it as "most unseemly, if not impious." His letter was referred by the member of congress to whom it was addressed to the department and finally came into the hands of Captain Wise for reply.

In answer he called attention to the foreign custom of giving to vessels such names as Jupiter, Juno, Vulcan, Venus, Juggernaut, Inferno and Lucifer, and said to convey an idea of the power of the destructive agent used in battle. These guns, argued the learned captain, were not intended for peace and the utterance of good will toward men, but to inflict as much mischief and destruction on human beings in time of war as their namesake, the devil, tries to do at all times. He further reminded his clerical critic that a number of clergymen had witnessed without protest his act of "christening" in presence of a large assembly of ladies and gentlemen the first twenty inch gun cast for the navy at Bethlehem. However, the argument did not prevail, for religious sentiment was effective in preventing this use of Biblical nomenclature.—Army and Navy Journal.

### TOUGHS OF PARIS.

They Are Known as "Apaches" and Work in Gangs.

Los Angeles.—They work in gangs. In the underworld their associations are complete and distinct. Fame has come to them—to the gang of Bebert of Montparnasse, of Gégene of the Courtille, the Green Cravats, the Costards of the Vilette, the Mont-en-l'air of the Batignolles. Against these bands the police war is vain. They wage their battles in open day—for some "momme" that Bebert has stolen from Gégene. A band comes down from the heights of Belleville or of Charonne and raids a peaceful quarter—a home going cab is surrounded, the passenger stabbed through the window and robbed. They prey on the public. Band wars upon band. There are nightly duels on the fortifications or under the bridges—when the Beau Totor meets Poigne d'Acier, knife to knife, in a savage and not unbloody way. Young all, from sixteen to twenty-two, rarely older. Where do they come from? Everywhere. They grow on the pavements of Paris, along the gutters—foundlings or deserted children, sons perhaps of that laboring class which is on the edge of crime and beggary. The life of the Apache is short, but for every one sent to the jail or the guillotine two stand ready at the door of the slums. They used to haunt the den of the Pere Lachaise.—From "The Slums of Paris," by Vance Thompson, in Outlook Magazine.

**Health Depends on Good Blood.**  
Everyone who uses Ferrozone has good color and great vitality. Reason for this is Ferrozone's power to create nourishing blood. "I was broken down, had no strength, and couldn't eat," writes Mrs. Chas. Bennett, of Cloyne, Ont. "My nerves were irritable, I was thin-blooded and continually unhappy. I tried Ferrozone. It gave me new energy, force, and health. I brought me strength—made me well." Greatest tonic and blood-builder ever known is Ferrozone. Sold everywhere in 50c. boxes.

**Editor Save's Man's Life.**  
Winnipeg, June 17.—John Cameron had a narrow escape from death here yesterday while canoeing. Had it not been for the timely assistance given by O. A. Young, sporting editor of The Telegram, Cameron would have no doubt drowned.

"Loving is a painful thrill. Not to love means the worst of pain. To love and not be loved again." (When you feel that way, better take Hollister's Rocky Mountain Tea.)

**Intoxicated Midge Files.**  
Concerning the life history of the particular little midge that patronizes the arm in England very little is known, yet it is certain that when armies are blooming these midges give little time to anything besides drunken orgies within their shelter. You have only to cut open a bloom at the narrow neck portion and look down to the lower part to see the helpless insects lying in heaps, all more or less intoxicated—intoxicated from overindulgence in arm pollen.—Strand Magazine.

**Two Views.**  
"What a pity you are engaged so young, my dear!" said the maid who was beginning to carry weight for age. "You will never know what fun it is to refuse a man."

"No, I suppose not," rejoined the fair debutante, "but you can't imagine how much fun there is in accepting one."

**The One Thing Left.**  
"But what will there be left for you to do after your toiling and scheming and self denial have brought you the millions you covet?"  
"What'll there be left? Gosh, I can go to New York and spend 'em, can't I?"

**It Hurt Him.**  
Tommy—Did the fowl hurt you, Mr. Squires?  
Mr. Squires—What d'you mean, my dear? What fowl? Tommy—Well, I wanted to know if it hurt, 'cause mummy said you had been beheaded for twenty years.—Strand Magazine.

To you it brings  
Health and good cheer  
Year after year.

**Sanitaris**  
The Monarch of Mineral Waters

F. A. ROBERT, Agent, Chatham.

### TO LIMIT POWER OF LORDS.

Resolution to Be Brought Forward in British Commons.

London, June 17.—The following is the text of the resolution on the subject of the House of Lords which Premier Campbell-Bannerman will move in the House of Commons June 24:

That in order to give effect to the will of the people, as expressed by the elected representatives, it is necessary that the power of the House to alter or reject bills passed by this House should be so restricted by law as to secure that within the limits of a single Parliament, the final decision of the House of Commons shall prevail.

It is understood that this resolution has been approved by a full meeting of the Cabinet.

It is announced that the debate on the question of the House of Lords will take three or four days and prove one of the most interesting of the session.

### BARELY LIVED THROUGH IT.

A terrible experience had Edw. J. O'Connor, of Sault Ste. Marie. "From boyhood," he writes, "I have been a constant sufferer from asthma and also catarrh. My nose and throat were always stopping up and I had droppings in the throat. When at last I came to the point where I could not live through the night, I would sit up and gasp for breath and endure great distress. Catarrh was made me entirely well." No stronger proof is required. Use "Catarrhzone" and your recovery is guaranteed. Two sizes, 25c. and \$1.00, at all dealers.

**The Printing Press.**  
The most useful all round invention to humanity is the printing press. Generations ago some philosopher said, "In the world there is nothing great but man, and in man there is nothing great but mind. That is to say, what there are many great things, the greatest is mind. It is by and through the intellect that man has risen to the mastery of the planet, and whatever advances the world's civilization. This the printing press has done as nothing else has done, and therefore to the printing press belongs the honor of being the most useful all round invention known to man."

**Health Depends on Good Blood.**

"I have married a professor instead."—Meggendorfer Blätter.

### CARS OVER NIAGARA GORGE.

Sensational Accident—Train "Buckled" When Engine Came to Stop.

Niagara Falls, Ont., June 17.—A G. T. R. engine had an exciting time up on the big steel arch bridge early on Saturday. The men left the Lehigh Valley yards, on the American side of the river, with 41 empty box cars for the Canadian side. The Lehigh has no night yard inspector, and the accident that followed is attributed to that.

A brake-beam on a car about the centre of the train was dragging. It ran some cars off the rails, and there was a general bump, bump, bump on the ties. This was noticed by an Erie engineer, who "whistled them down." Brakes were applied by the G. T. R. engineer, and the sudden stopping of the front of the train with the momentum of the cars in the rear caused the centre cars, which were off the track, to buckle out and go over the edge of the bridge. Two of them shot out clear of the lower story and plunged headforemost into the Niagara, 250 feet below, which at this point has a very strong current.

A third car stopped on the edge, the front over, striking the railing of the lower story. When the railing was struck the car turned a complete somersault.

Yesterday morning not a trace could be seen of the missing cars, two of which belong to the Wabash railway, and the other to the D. M. and R. R.

**BOATS UPSET; THREE DROWN.**  
Two Fatalities in Prince Edward Island—Little Girl Saves Sister.

Charlottetown, P. E. I., June 17.—A drowning accident occurred at St. George, King's County, Saturday, near the house of Michael D. McDonald of that place.

Three daughters of Mr. McDonald went out with their hired boy in a flat-bottomed punt for a row on the river, on which the farm is situated. After the boat had been pushed out in about nine feet of water.

The youngest child, 12 years old, managed to climb upon the bottom of the overturned punt and grasp her eldest sister, aged 22, and at the same time had presence of mind enough to signal for help.

Before help came, Justina, aged 20, and the hired boy, were drowned.

At Fifteen Point, Prince County, Jos. McCurdy and a companion named Arsenault were returning from the lobster-fishing ground when their boat was struck by a squall and capsized. McCurdy went down.

**THE MARKETS.**  
Liverpool Wheat Futures Close Lower, Chicago Higher—Live Stock Markets—Latest Quotations.

**Press Despatch:** Four sons at once, St. Paul, Oct. 5th, 1906. A speech from Mondovi says, "Mrs. John Silverman gave birth to four boys." She's evidently a great friend of Hollister's Rocky Mountain Tea, 35 cents, Tea or Tablets.

**A. I. McCall & Co.**

**Secretary Taft Ill.**  
St. Paul, June 15.—Secretary of War Taft became suddenly ill at Fort Snelling yesterday noon, while witnessing the review of troops and fell over. Medical aid was at once summoned and the Secretary was immediately brought to this city to the home of S. H. Hill, on Virginia avenue. Ptomaine poisoning is suspected, as he was very sick at his stomach.

**Press Despatch:** Four sons at once, St. Paul, Oct. 5th, 1906. A speech from Mondovi says, "Mrs. John Silverman gave birth to four boys." She's evidently a great friend of Hollister's Rocky Mountain Tea, 35 cents, Tea or Tablets.

Take one when you feel the cold coming on—take one when that cough troubles you—they give throat comfort and they cure. Ask for the three-cornered kind in the red and yellow box.

**THEY WILL CURE**

### AMERICAN SCHOONER SEIZED.

Caught Fishing Illegally Near Schutlin Island by the "Canada."

Halifax, N. S., June 17.—The first seizure this season by the Canadian fishery protection cruisers was made on Saturday, when the "Canada" captured the schooner Lewis E. Prescott of Boston for taking mackerel within territorial waters.

The "Canada" was cruising near the three-mile line off Schutlin Island, ten miles east of Halifax. Her commander saw two vessels, one, if not inside the line, was very close to it. With Rheumatism, Sciatica, Lumbago, Neuralgia, Bu-Ju, The Gentle Kidney Pill, cures Rheumatism because it acts directly on the kidneys and stops the poisonous deposit of uric acid in the blood, which causes Rheumatism.

It is our guarantee that your money will be promptly refunded should it fail, for a large box, At all drug stores, or direct from the Chatham Chemical Co. Limited, Windsor, Ont.

The cruiser bore down on the Prescott, which did not attempt to escape. Captain Knowlton boarded her and took the vessel as a prize and towed her into Halifax and notified Ottawa. She has about 100 barrels of mackerel on board.

**OF COURSE YOU CAN CURE YOUR RHEUMATISM**  
No matter how long you have suffered or what remedies you have tried without relief, Bu-Ju will cure you.

We know what Bu-Ju has done for people, bedridden and helpless. We know what Bu-Ju is doing every day for people tortured with Rheumatism, Sciatica, Lumbago, Neuralgia, Bu-Ju, The Gentle Kidney Pill, cures Rheumatism because it acts directly on the kidneys and stops the poisonous deposit of uric acid in the blood, which causes Rheumatism.

It is our guarantee that your money will be promptly refunded should it fail, for a large box, At all drug stores, or direct from the Chatham Chemical Co. Limited, Windsor, Ont.

Take honor from me and my life in doing so.

Fun is the best physic I know of; it is both cheap and durable.

### DRESDEN

Dresden, June 17. — The Mission Band of the Presbyterian Church held a very successful concert on Friday night, the proceeds of which amounted to \$5.30. The children gave a number of readings and songs, and several of the older girls helped with the entertainment. Miss Jessie McDonald, of Chatham, spent Sunday with Dresden friends.

Mr. Chas. Locklin, of Detroit, was a Dresden visitor over Sunday. Miss Fraser, of Wallaceburg, spent Sunday with Miss Nora Smith. Miss Eva Aikin returned on Friday from Detroit.

Mr. Alf. Kimmerly has purchased the house on the new property owned by Osgood McVean, and will have it moved to another lot. Mr. McVean begins building very soon, and will erect a spacious residence. The house which has been used by Mrs. Galbraith and Williams for an office, on St. George street, is to be moved to Hughes St., beside the house occupied by Mr. Sherrin, and converted into a handsome dwelling.

The I. O. F. attended divine service in the Methodist Church on

Sunday morning, and listened to a very able discourse by the Rev. A. J. Langford. The choir rendered special music, and a quartette, composed of Messrs. Brandon, Sherrin, Holmes and Miller, gave an excellent selection. Mr. Miller took the solo part.

On Sunday evening the Lady Macabees, accompanied by the Sir Knights, attended the service in the Methodist Church; the building being so well filled that a number of the congregation were turned away, unable to find even standing room.

Mr. J. Wright visited with friends in Owendale and Sarnia last week. Contentment gives a crown where fortune has denied it.

## ROUTINE DOINGS OF CITY COUNCIL

Continued from Page One.

ders for the placing of eavetroughs on the west side of the market building.—Carried.

Before the close of the meeting Ald. Austin asked all the chairmen of the various committees to get in their estimates as soon as possible, so that the civic rate may be struck. A large part of the evening was spent in the reading and passing of by-laws. The Wolverine Brass Works by-law was given its final reading. A by-law fixing the agreement between E. J. MacIntyre and the Howard Clock Company on the one part and the City of Chatham, was also passed.

A by-law appointing the caretaker at "The Pines" a constable was read and passed. A list of local improvement by-laws were also passed.

### A RESPECTED WOMAN

The remains of the late Mrs. James Suitor, of Raleigh, who died June 10, were laid to rest in Maple Leaf cemetery Thursday, June 13. A large number of friends and relatives attended to pay their last respects to the departed, who was beloved by all who had the privilege of knowing her. In her home she was a loving and kind wife and mother; outside her home she was known for her many acts of kindness, generosity and sympathy, which she was ever ready to bestow upon all. The sudden death of Mrs. Suitor was a shock to the community as well as her immediate family, and although she had suffered for a number of years from heart disease her condition was not considered dangerous. She had felt unusually well till morning, doing the many little things about the home up to the moment she expired.

Mrs. Suitor was born in the County of Kent, Howard Township, in 1847. She leaves a husband, two daughters and three sons to mourn her loss: Mrs. Samuel Suitor, of Cass Lake, Minn.; Mrs. A. W. Foss, of Fosston, Minn.; Frank, of Cass Lake; Carl, of Toledo, Ohio; Bruce, who resides at home. The family were all here to attend the funeral, besides Mrs. Robert Suitor, of Cayuga; Mrs. Thos. Dickson, of Birdalee, N. Y.; Mrs. Ed. Rouse, of Toledo, Ohio; Mr. and Mrs. Henry Bennett, of Windsor. There were many beautiful floral remembrances, which were much appreciated by the family.

### HOMESEEKERS' EXCURSIONS.

If you think of making a trip to Manitoba or the great Northwest Provinces this summer, you should make a point of securing, from the nearest C. P. R. agent, a free copy of that railroad's booklet giving information about the popular Home-seekers' Excursions. These excursions are well known money savers, and this year are more attractive than ever. Increased traffic has meant a larger number, nine of them this season, of which, at the time of writing, seven have still to run, leaving Toronto July 2, 16, 30; August 13, 27; September 10 and 24. Special trains are used, carrying colonist and tourist sleepers, berths in the latter at small additional charge. Tickets are issued from all Ontario stations at remarkably low rates, ranging from \$32.00 round-trip to Winnipeg to \$42.50 round-trip to Edmonton, and embracing all important points in the Northwest. They are good to return within sixty days, stop-overs permitted. Ask nearest C. P. R. agent for particulars, or apply direct to C. B. Foster, District Passenger Agent, Toronto.
