ANCIENT CLASSICS for English Readers, Edited by the REV. W. LUCAS COLLINS, M.A. and assisted by eminent classical scholars, complete in 20 vols, also 6 vols of the Supplementary Series, together 26 volumes, crown 8vo, cloth, 8,50, published at three pounds five shillings, 1871-76. 991

Comprising Homer: The Iliad, and also The Odyssey, Herodotus, Cæsar, Virgil, Horace, Æschylus, Xenophon, Cicero, Sophocles, Pliny, Euripides, Juvenal, Aristophanes, Hesiod and Theognis, Plautus and Terence, Tacitus, by William Bodham Donne, Lucian, by the Editor, Plato, The Greek Anthology, Livy, Ovid, Demosthenes, Aristotle, Thucydides and Lucretius.

"It is difficult to estimate too highly the value of such a series as this in giving 'English readers' an insight, exact as far as it goes, into those olden times which are so remote and yet to many of us so close."—*Saturday Review*.

"It is impossible to praise too highly the conception and execution of this series of the Classics. They are a kind of 'Bibliotheca Classicorum' for unlearned readers, but executed by men of the most accomplished scholarship, and therefore conveying the very colour and tone of the authors. They will be as pleasant to scholars as they are valuable to those who know only their mother tongue."—*British Quarterly Review*.
