

The Acadian

Vol. XXXIX, No. 22.

WOLFVILLE, NOVA SCOTIA, FRIDAY, FEBRUARY 20, 1920.

\$1.50, payable in advance.

A Building Boom

According to present indications there is likely to be considerable activity in the way of building operations in Wolfville during the coming summer.

The new Memorial Gymnasium begun last autumn by Acadia University, will be completed. This will entail a large amount of material and labor and the work will probably not be completed until the end of the summer at least. A number of citizens have plans prepared for the erection of residences, details of which will be made public later on.

The ACADIAN understands that Mr. G. W. Munro, Manager of the Bank of Montreal, will build on the property he recently acquired at the East end of the town. The site is most attractive and we learn that Mr. Munro has plans prepared for the construction of what will be one of the finest residences in town. The new dwelling will be of the bungalow type and built of stone. It will be fitted with all the most modern appliances and conveniences. It is also said that Mr. Charles Wright intends building a number of houses during the coming summer. In fact he has already begun operations on the foundation for one on Ernscliffe avenue. Mr. Wright's new dwelling, which he has been building for himself on Main Street West, is pretty well completed and will be an ornament to that part of the town, and thoroughly up-to-date in every particular. While it is too soon to outline just how

the building line during the coming season it is safe to predict that Wolfville is likely to see one of the busiest summers in its history.

Canada's Trade Shows Big Increase

Canada's trade in January reached a total of \$225,096,920 or twenty-six million dollars in excess of the trade of January 1919. Imports for last month were heavy compared with those of the same period of last year. In January 1920 imports for consumption were valued at \$103,579,349; those in January 1919 amounted to \$73,761,397. Exports of domestic merchandise in January 1920 were valued at \$117,948,679; those of January 1919 at \$116,358,387.

Letter of Thanks

To the Editor of THE ACADIAN:

Dear Sir:—Kindly permit me through the columns of your paper to thank the members of the Wolfville Fire Department, for the prompt and splendid services rendered in fighting the fire which destroyed my place of business on February the 4th. I also thank those who kindly helped to save the stock, etc. The hot coffee served by Mr. Arthur Young was also greatly appreciated.

E. J. DELANEY.

The Forward Movement canvass conducted in Wolfville last week was a great success, every church passing its objective. The figures, some of which are incomplete, are as follows: Baptists, \$9,500; Presbyterians, \$2,400; Anglicans, \$2,300; Methodists, \$1,500.

Horns for sleighing parties at the ACADIAN store.

The Hospital Again

Wolfville was the first in Kings County to consider the idea of the erection of a hospital as a fitting memorial of the splendid work done by our boys in the great war. A year ago THE ACADIAN put forth the suggestion which apparently met with not a little favor. That nothing definite has yet been done is due to the possibility of a county-wide movement in the same direction which apparently has failed. Recently the original idea, that of a Cottage Hospital for Wolfville and surrounding districts, has again been discussed, and the proposition is growing in favor every day. If we are to be the first—as Wolfville always aims to be—however, we must move quickly. The people of Western Kings are holding meetings and a great deal of enthusiasm is apparent over a similar work there. Dr. Murdoch Chisholm, of Halifax, in addressing a large public meeting recently at Berwick strongly favored the cottage hospital as the best for the needs of the rural community and believed the western portion of Kings County was sufficiently extensive of population to contribute the support necessary for the maintenance and upkeep of such an institution. As to expenses of upkeep, Dr. Chisholm estimated that a twelve-bed hospital such as proposed, requiring a matron, assistant nurse, cook and one or two maids would entail an expense of from \$1.30 to \$1.60 per day. This ex-

to a more or less extent, are revenue from patients.

THE ACADIAN would be very glad to hear from correspondents on the question, and will do its utmost to promote the success of the undertaking.

1920 List of Nova Scotia Hotels

There is every indication that Nova Scotia will have a heavy tourist business in the summer of 1920.

Persons who intend catering to this traffic should at once address the undersigned, giving the names and description of their homes or hotels, with number of guest who can be housed; the rates per day and per week; if on a farm or in country town; inland or located on the seashore. Include particulars of amusements, such as fishing, boating, bathing, dancing, good roads for motoring, etc.

Places equipped with log cabins will please give special details and prices.

The above information will be included in a Dominion Atlantic Publication covering Nova Scotia's Hotels, which will be distributed all over America. The information received will be included free of cost, if you send your copy now.

R. U. PARKER,
General Passenger Agent,
117 Hollis St.,
Halifax, N. S.

The meeting of the County Convenors and Press representatives of the Old Home Summer and International Exposition project, which was held at Halifax last week, was fairly well attended and much enthusiasm was shown. The outcome of the meeting promises to be of great advantage to Nova Scotia.

A Treat in Store for Wolfville Music Lovers

Of Mildred Dilling, Harpist, who is to appear in College Hall, Tuesday evening, March 2, the following very flattering notices are worthy of repetition.

Cincinnati Enquirer:
From the first free, vigorous chord to the last echoing pianissimo she proved herself a master of her instrument. In her technical facility she revealed undreamed-of possibilities in the harp.
New York Evening Mail:

The Fantaisie for harp and orchestra by Dubois, which Mildred Dilling played with the orchestral society of New York at Aeolian Hall was the piece de resistance of the programme and Miss Dilling came back six times to smile her gratitude for the prolonged applause.

Philadelphia Telegraph:
Miss Dilling proved herself a thorough mistress of her instrument in a variety of numbers which ranged from quaint sixteenth century pieces to modern compositions.

Indianapolis Star:
Although Miss Dilling has appeared several times in Indianapolis, she has not been heard enough in this city to satisfy her legion of ardent admirers. Yesterday she was given an ovation, which is proof positive of the esteem with which she is regarded. Her program was delightful from first to last. The harp is an instrument which can only be separated from the human voice in a particular manner to the interpretation of harp music.

Detroit Journal:

It is taking nothing from the triumph of Muzio to say that the winsome little American girl aroused an equal enthusiasm. Of the many charming things which Miss Dilling did upon the harp there was one which this listener would travel far to hear again—a song of Volga Boatmen, arranged from the old Russian by Cady.

Miss Dilling will be assisted by Members of the Staff of the Acadia Conservatory of Music.

Tickets are placed at popular prices.

South Gallery, 75c.
Reserved Seats, Floor, 50c.
Rush, 35c

Reserve this date, March 2, 1920.

Dr. J. G. Schurman Has Resigned

Ithaca, N. Y., Feb. 14—Dr. Jacob Gould Schurman, President of Cornell University, for nearly 28 years and formerly identified with several colleges in Eastern Canada, tendered his resignation today.

In a letter to the Board of Trustees of Cornell, Dr. Schurman said he always held that the chief executive of a great institution should not retain the post more than 25 or 30 years.

Dr. Schurman is a native of Freetown, Prince Edward Island.

In 1875, when 21 years of age, he won the Canadian Gilchrist Scholarship in connection with the University of London, and during the next five years he studied in Europe. Returning to Canada, in 1880, he joined the faculty of Acadia College, and later went to the Dalhousie College staff. He went to Cornell in 1886, and has been President of that college since 1892.

New Hydro-Electric Power

EXPECTED TO BE PUT IN OPERATION NEXT WEEK

It is expected that Wolfville will soon be getting its electric power from the Gaspereau river plant. The water wheel was started on Wednesday and Mr. Wright reports the trial a complete success. There is still a little more wiring to be done in town before the current is turned on, but it is hoped that every thing will be in readiness to receive the new power next week.

Enjoyable Recital

The recital given by Rev. D. E. Hatt, of Digby, in College Hall last Friday evening, under the auspices of the Social and Benevolent Society of the Baptist church, was most enjoyable. On account of the disagreeable state of the weather the audience was not large, but those who braved the storm were well repaid. Mr. Hatt gave a short talk on Drummond, and then gave five readings from Drummond in a most pleasing manner, showing a thorough acquaintance with the Habitués. For the second part of the program Mr. Hatt read a number of his own poems, which were cleverly written and ably presented.

Mrs. Hanna Russell Gregory sang "The Little Damsel" most delightfully and was forced to respond to an encore. The Acadia Orchestra, under the direction of Miss Pauline Nelson, also took part.

Hymeneal

DONALDSON—CHASE

An event of much interest to many friends in Kings county, where both parties are well and favorably known, was the marriage of Miss Lila E. Chase, daughter of Mr. and Mrs. Bedford Chase, of Port Williams, to ex-Capt. Ralph W. Donaldson, son of Mr. and Mrs. John Donaldson, of Port Williams. The marriage, a very quiet one, was solemnized in the beautiful chapel of the Union Theological College, New York City, at 12.15 o'clock, Feb. 10th, the Rev. Prof. Ross officiating, assisted by Rev. Ross Collins. The bride, dressed in a travelling suit, was married from the residence of her aunt, with whom she has lived since early childhood and where she has been engaged in teaching miniature painting.

The happy couple returned on the 19th inst. to Bridgetown, N. S., their future home, followed by the best of wishes of a host of friends for a long and happy life.

A new lot of high class stationery (parchment) just arrived at the ACADIAN store.

Obituary

CHARLES SHEFFIELD

The death took place suddenly last week, at Upper Dyke Village, of Charles Sheffield, about seventy years of age. He had been in usual health until Monday when he was taken suddenly ill and died Saturday morning at five o'clock. Mr. Sheffield was a native of Cornwallis and has always resided on the farm, being a large orchardist. He was a man well-known and esteemed. His wife predeceased him some years ago. The following children survive: Mrs. A. S. Clark, of Church Street; Harry and Mrs. George Blanchard, Upper Dyke Village; Mrs. A. Robinson, Winnipeg; and Fred, also in the West.

MRS. EUNICE MARGESON

Mrs. Eunice Margeson, formerly of Waterville, Kings County, died on February 4th, after an illness of three days from influenza, aged eighty-two years. Since the death of her husband, Thomas A. Margeson, who passed away thirteen years ago, she had made her home in Massachusetts with her children, and was staying in Melrose with her son, Emerson, when she was taken ill. Besides her children in the States, she leaves a daughter, Mrs. Tobin S. Lockwood, of Port Williams.

Social at the Rectory

There was a very large gathering of the members of the Social and Benevolent Society of the Baptist church at the rectory on Friday evening.

to the exertions of Mr. N. Evans, who sang a number of songs and delivered several recitations with great force and acceptance; as also Mr. Maneeley, the church organist, who favored the company with some Scotch songs, and Mr. Henry Watson, of Horton Landing, who also sang. Miss Purdy gave a brilliantly executed instrumental selection. Refreshments were served about 10 o'clock and after singing a number of chorus songs led by Mr. Evans and a few words from the rector, the company dispersed. The thanks of all the congregation are due to the ladies who supplied the refreshments.

During Lent services will be held in the church at 4.30 with Bible reading. The amount raised by the congregation for the Forward Movement was nearly \$2,300 with several yet to hear from, which is about \$800 in excess of its objective. Mrs. H. Troyte-Bullock was chairman of the following committee of canvassers: Mrs. John Collins, Mrs. H. Troyte-Bullock, Mrs. L. H. Moore, Messrs. H. Brown and A. G. Cowie.

Notes and Comments

Over 216,000 women in the British Isles were widowed by the war.

England's average winter temperature is eight degrees above freezing point.

Over six million acres of land are under tobacco cultivation throughout the world.

In the United States there are more than fifty women who earn their livelihood as blacksmiths.

Pacific steamship lines are able to handle only about 50 per cent. of the business offered to them.

The women of Spain are generally credited with being the best dancers of any women in the world.

Of the 10,242 Army Nurses who saw service overseas, 266 died while on duty and 3 were injured in action.

In Oregon recently a cow died of a broken heart. The animal possibly discovered the price man is getting for milk.

Three of the most important banks of Europe were founded by Scotsmen, the Bank of England, the Bank of France and the Bank of Vienna.

The town of Oxford has a motor fire engine which cost \$4700; it is not chemical, but pumps from the hydrants and has a capacity of 400 gals. a minute.

Canada's total net debt at the end of January was \$1,900,146,168. There was a heavy increase in January on account of increase in upkeep of soldiers overseas.

The farmers of the Province of Quebec—the Quebec people are the most conservative in all Canada—have decided that they will form no party.

I know nothing about the tariff, but this I know, when we buy goods made abroad we get the goods and the foreigner gets the money; and when we buy goods made at home we get both the goods and the money.—Abraham Lincoln.

A new mechanical painter, invented by one of the workmen, is being used for painting omnibuses in the omnibus factory in Caledonian Road, London, G. B. It does it two and a half minutes work that ordinarily takes two and a half hours.

There is greater activity in lumbering throughout the province this winter than for some years. The weather has been ideal in that the heavy frost made the going so safe through swamps and soft places. The lumber cut by April should measure up to the largest on record.

Work more and spend less, the one governing remedy for individual necessity, will be found equally potent when applied to municipal, provincial and national financial problems. It is the only specific that can be counted on to aid in relieving the exchange situation, increase Canadian production and reduce Canadian buying of foreign-made goods. There is a world-demand for the goods we have to export, and a golden opportunity is being lost in not meeting that demand.

Cause of Early Old Age. The celebrated Dr. Michenoff, an authority on early old age, says that it is "caused by poisons generated in the intestine. When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 18 to 20 drops of 'Stomach's Strength' after meals makes your digestion sound.

Much Suffering Due to Thin Blood

RICH, RED BLOOD NECESSARY TO HEALTH AND STRENGTH

If more people knew how many ills and pains are caused by thin, watery blood a great deal of suffering would be avoided. Men and women often suffer for long periods from stomach trouble, headache, palpitation of the heart and nervous complaints such as neuralgia, without suspecting that anaemia or bloodlessness is the cause.

The blood goes to practically every part of the body, carrying oxygen and nourishment. The efficient action of every organ is directly dependent upon the quality of the nourishment it gets from the blood. If the blood is thin it becomes weak. The best way to keep blood rich and red and thus enjoy good health is through the use of Dr. Williams' Pink Pills.

At the first sign of weakness these pills should be taken and good robust health will soon follow. The statement of Mrs. J. J. Murray, Corbetton, Ont., shows the value of Dr. Williams' Pink Pills in cases of this kind. She says:—"A few years ago my daughter, Lillie, was in a very badly run down condition. She was pale, thin, and scarcely able to go about. The least exertion made her heart palpitate so violently that we were actually afraid one of these spells might carry her off. She slept so badly that often she would lie awake until morning. Treatment did not seem to help her and we were almost in despair when a friend advised the use of Dr. Williams' Pink Pills. A few weeks' use of this medicine showed a decided improvement, and a further use of health, and she has since been a strong, healthy girl. Some time later I was taken ill myself, being badly run-down from household care. A doctor was called in but his medicine did not seem to bring back my strength, and remembering what Dr. Williams' Pink Pills had done for my daughter, I decided to drop the doctor's medicine and try them. The results that followed were like those in my daughter's case, and through the use of the pills I was soon a well woman. I am glad to give my experience in the hope that some other sufferer may find the way to health."

You can procure Dr. Williams' Pink Pills through any dealer in medicine, or they will be sent you by mail at 50 cents a box or six boxes for \$2.50 by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont.

An interesting development of the movement toward the practical in education is the Columbia University, New York, announcement of three year courses in the preparation of management engineering in the operation of factories with the degree of Management Engineer. The idea is a sound scientific and technical course for the man aspiring to occupy an administrative or executive position in relation to production. Columbia University has shown greater interest than perhaps any other of the great educational institutions of the country in meeting the demand for special training. The establishment of this new course is at once a recognition of the demand for such a course and an intimation that the broadening educational opportunity along industrial lines, based on a sound foundation of scholarship, is proving sufficiently satisfactory to justify its extension.

Advertising Pays at All Seasons

"If some merchant has the goods, he must advertise if he wants to get business," said Morgan Eastman, in his address to the merchants of Vancouver. The newspaper goes to every home and is read by all classes of consumers. If you have the goods and do not advertise you may ultimately be successful but it will take you fifteen years longer to do it. Advertisers as a whole are honest and conservative in their statements because the leading publications refuse to accept questionable advertisements at any rate. Proof of the satisfactory results of moderate statements in connection with the advertising of goods is found in the faith of the public which does a tremendous amount of business with the mail order houses.

"Advertising without a definite, careful plan to guide it is like a ship without a rudder," said Mr. Eastman, "and the man who adopts it will pile up on the rocks of business failure. The kind of advertising that pays is consistent and perpetual, and it will work for you day and night. Your advertising becomes news and the consumer looks for it as a guide for his buying."

In support of his statement that a merchant must keep his goods before the public eye continually, Mr. Eastman mentioned a well-known firm which manufactured magnetos. He said that this company at one time supplied 90 per cent. of all magnetos that were placed in American cars. They then decided to drop their advertising campaigns and to-day they do not furnish more than 8 per cent. of the magnetos.

A Woman Councillor

(From the Digby Courier)

The election of Mrs. Laura Haliburton Moore for membership on the new Town Council of Wolfville, is a news item that will interest many men and women. It is too, further evidence of the fact that worth and ability are the assets that bring to their possessor, sooner or later, the recognition that is justly theirs. Mrs. Moore, who for many years has been the chatelaine at Kent Lodge in Wolfville, comes of a well known Nova Scotia family, as her name indicates. She is a woman of great executive ability and of a sane judgment. In its social and literary life and in its business enterprises Wolfville owes not a little of its success to the interest taken in its development by Mrs. Moore. This is the first time in the history of the province that a woman has been elected as a Councillor. Digby people are particularly interested as Mrs. Moore is a sister of Mrs. Aubrey Brown, of this town.

SHILOH SINCE 1870 30 DROPS STOPS COUGHS

The Parrsboro Leader of Parrsboro, Nova Scotia, which ceased publication in 1916 when its editor and proprietor the late T. C. Choisset went overseas with the 193rd Battalion, will resume publication this month. Mr. J. M. Lewis, who has been with the Campbellton Graphic since last July, and David Pettis, of Parrsboro, both returned men, will be the proprietors under the firm name of Lewis & Pettis.

Does Prohibition Prohibit?

A police sergeant recently remarked when he found not a single prisoner had been brought in from 10 o'clock Saturday night until Monday morning: "Most unusual thing I ever heard of! Astounding!" This was in the large city of Philadelphia, and the police say it is the first time in the history of the city that any such thing has occurred. They can only account for it by the fact of wartime prohibition, especially as Saturday night is a period prolific of raids, fights and brawls. Usually anywhere from fifty to a hundred prisoners are brought in during Saturday night and Sunday. On the particular Saturday night in question there were but six prisoners in the cells, and all through the Sunday turnkeys were quite impatient as the hours passed with nothing to do to break the monotony through fresh arrivals. They finally began to feel surprise at so unusual an occurrence, and one of them said: "Every day will be Sunday by-and-by." To the same effect is the striking fact that a Rescue Mission for reclaimed drunkards, consisting of a farm colony, has just been compelled to close after years of earnest and busy work. There are no further cases to rescue and train. Surely these things are very significant.

Here's a record for a choir-singer. Cyrus Sidney Morris, aged 87, has sung in the choir in Malboro, N. H., uninterruptedly for 73 years, and has been 60 years a chorister, and at 87 is still leading the choir, singing the old familiar hymns and anthems, and attending to his livery business every day. Truly a record to be proud of—a shining example of what faith, energy and living a clean life can accomplish. And he still sings!

 No. VII.

THE OPERA

The Opera is a dramatic entertainment of which music forms an essential, and not merely an accessory part. Music and acting have been associated from the very early savage days when the music was only the beating of the Tom-Tom, and the acting was the wild movement of the war dance. We now regard opera as a great display of action, beautiful scenic effect, a big orchestra and fine singing. The aim of the opera is to interpret the drama, yet there is little speaking and much singing. There are various forms of opera and I will mention just the most important: opera ballad—sentimental; opera buffa—comic or low comedy; opera dramatic—romantic; grand opera—all singing, full orchestra, high musical character.

Away back in the 16th century in a beautiful city of Italy called Florence, a few gentlemen gathered together to discuss how to discover or recover the music of the ancient Greek drama, which had been lost for many centuries. The names of these gentlemen were Galileo, father of the astronomer, Caccini, Peri, Strezzi, Renuccini and some others. They met at the palace of Giovanni Bardi, and they called themselves "La Camerata." They talked of the ancient Greeks and of the Romans who sang their tragedies throughout on the stage, accompanied by an orchestra of lyres and flutes. This group of men thought it would be a great thing, and worth the effort to revive that same kind of stately entertainment.

RENUCCINI

One man of this company named Renuccini, wrote a story for a drama and named it "Dafne" and produced it at the house of Count Corsi, but the score has been lost. Three years later the same man, Renuccini, wrote another poem, the story of a musician named Orpheus and the opera was named "Eurydice". Two musicians of the company, Peri and Caccini, wrote music to it, but the music of Peri was considered most appropriate. This opera "Eurydice" is considered the first opera ever written, and was presented at the festivities to celebrate the marriage of Henry IV. of France to Marie di Medici. Of this opera we know very little concerning the costumes they wore or the stage setting, but we do know that the composer sang the hero's role, and back of the stage Signor Corsi presided at the harpsi-chord. This little gathering of men who worked out this opera intended it to be a revival of Greek musical work, but in place of that they unknowingly became the originators of opera as we have it to-day. Eurydice contains the great principle of the modern opera. Renuccini, seven years later wrote the libretto's for the operas "Arianna" and "Orfeo". The music was written by Monteverde.

MONTEVERDE

The father of instrumentation is Monteverde. He was the first to put character to the orchestra. To the opera "Orfeo" he collected an orchestra of more than 30 instruments. Monteverde is the man that invented the tremolo and pizzicato in violin playing. His orchestra consisted of such instruments as flutes, lutes, viols, harpsichords or spinet, and the orchestra was always placed behind the scenes. So far all operas had been performed in large houses or castles and not until opera was in vogue thirty-seven years, was an opera house built. The first opera house was built in Venice and from this time on the growth of opera spread into other large cities particularly Vienna and Paris.

LULLI

A boy named Lulli was brought from Italy when a child and worked in Paris in the kitchen of the niece of Louis XIV., later being dismissed, his musical ability earned for him a position as violinist in the King's band. He afterwards became the greatest musician of that time. Lulli wrote 20 operas in less than that number of years, and he is regarded as the originator of the overture. He is also called the father of Grand Opera and is important as having put the French school on a firm basis.

HANDEL

Handel was born about one month earlier than the great J. S. Bach in the year 1685 and lived 74 years, his father was a barber, and was strong against Handel being a musician. It was his desire that young George should be a lawyer. He was not allowed to attend school because he would be taught the scale but somehow a small piano called a spinet was smuggled up into the garret and George learned to play while his father was at work. Handel was recognized as a great composer, and when I tell you that he wrote 321 musical works, it seems hardly believable and included in this was the priceless heritage "The Messiah." I trust that every music student will hear this work, it is the "King of oratorios." The former part of Handel's life was taken up in the writing of operas of which he wrote 41. Then in deep disgust at his own bankruptcy brought about by an opposing element, who pushed to the front an important musician named Bononcini, Handel gave up operas and took to writing oratorio for which we know his fame as a genius rests. Later, Bononcini had to leave London, having been discovered in a dishonorable effort of claiming another's composition as his own and Handel was left master of the field.

GLUCK

Another man I wish to speak of is Gluck, a great original thinker. He made some changes in opera. He was born in 1714 in Bohemia but studied opera in Italy, but the latter part of his life was spent in Paris. Gluck broadened out opera, also making the overture convey the character of the play to the spectator. Against Gluck was placed another musician named Piccini. In 1776 this man and his party sought to oppose Gluck by introducing the old form of Italian opera. He aroused great sensation and considerable party feeling. The musical world was split into two powerful parties, Gluckists and Piccinists, and there was a great fight, although no record of actual spilling of blood.

This is the way it was settled: Each composer to write the musical part to the opera called "Iphigenia in Tauris" and the music considered the most appropriate would be pronounced the "winner of the day." Gluck produced his opera in 1779, and proved his masterpiece. Piccini's appeared sometime later and suffered sadly by comparison.

WAGNER

Opera cannot be spoken without the name of Wagner. Wagner is spoken of as the reformer of Opera. He made it more real. He arranged that music be set to words and not words to music. Wagner is the most important figure in all the three hundred years of opera. He brought music to its true purpose to support the poem to strengthen the expression and feeling. The world is willing to say that the art for which the nineteenth century will doubtless be remembered is the musical and dramatic art of Richard Wagner.

In closing, it will be seen that Italy is first responsible for opera and Italy is justly proud of the honor, also that Verdi, the grand old man in opera of the 19th century, is an Italian. Verdi was born in 1814 and died in 1901. He wrote many operas and his opera Fallstaff is supposed to be his masterpiece and was written when 80 years of age.

Rod and Gun

"Laws of the Herd and Flock" is the title of an engrossing nature article in Rod and Gun in Canada for February. George R. Belton, the well known western writer, is the author of this article, which is only one of the ten stories and articles in this issue of Canada's leading sportsmen's monthly. A few of the other stories are a "North West Mounted Police Dog," by Don Kello; "Silver Tip," by H. Montimer Batten; "Luck Don't Count," by Richard K. Wood, and "Old Squaws," by F. V. Williams. The introduction of reindeer into Canada is discussed in an able manner by Harry Bragg. The usual interesting departments dealing with the activities of rod, gun and trap are contained in this issue which is now on sale at the news stands, W. J. Taylor, Ltd., Publishers, Woodstock, Ont.

DR. A. W. CHASE'S 25c CATARRH POWDER
 is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. See a box; blower free. Accept no substitutes. All dealers or Edmanston, Bates & Co., Limited, Toronto.

Most people go to bed the same day they get up, others again, get up the same day they go to bed.

There are five simple ways to tell good tea.

- First, by the bright copper color of the tea when steeped.
- Second, by the exquisite aroma.
- Third, by the delightful, refreshing flavor.
- Fourth, by the satisfying richness.
- Fifth, by the economical strength.

Make a brewing and you will find all these qualities combined in Red Rose.

Red Rose Coffee is as generously good as Red Rose Tea.

An EDDY Pail of Indurated Fibreware
 will outlast by far the old-fashioned wooden or metal kind.
 Eddy's are made of wood pulp, moulded to shape in one single piece under tremendous hydraulic pressure—then baked to flint-hardness under terrific heat.
 They have a glazed surface and are strong as steel, light as wood, easy to lift and carry, cannot leak, cannot become dented or battered.

Not just woodenware—but moulded, pressed, baked Fibreware

Editorial Jottings

Nova Scotia's Provincial Legislature has been called to meet March 4th.

Fifty thousand Canadians, the majority of them tourists, are at present in Los Angeles, California.

The citizens of Annapolis have subscribed over \$4,000 toward the maintenance and expansion of the town band.

Premier E. C. Drury, of Ontario, won his by-election on Monday by a majority of 2,259 over E. J. Stephenson, a returned soldier who opposed him.

On account of the severe storm of Sunday and Monday the steamer Empress was unable to make the trip from St. John to Digby on Monday. This is the first trip she has missed this season.

Fire insurance rates in Windsor have been advanced 30 per cent. by the board of underwriters. This action comes as the result of the town not putting its water system in the shape asked for by the underwriters.

Fourteen hundred moose, and 2,380 deer were shot in this province by hunters during the season 1919. Of these, non-resident hunters bagged 1,200 moose and 1,950 deer. Non-resident hunters' licenses totalled 475.

Parliament will open in Ottawa in the new Building Feb. 26 in the House of Commons Chamber. After the Opening, the Commons will keep their room, while the Senate will occupy the big railway room, as the Senate chamber is not yet finished.

Halifax Teachers' Salaries

The Halifax school board has recently passed a resolution raising the salaries of all lady teachers 15 per cent., the increase to take effect May 1st. The new schedule will be:

Class "C", \$1035.
Class "B", \$1092.
Class "A", \$1150, with \$60 added to college graduates.

Under the new scale no gentleman teacher in the Halifax academy will receive less than \$2400, the principal will receive, all told, \$3,000. The salary of the headmaster of Bloomfield school will be increased to \$2700; that of the Sister in command of the Catholic school to \$2,000. All ladies in the academy have received corresponding increases.

We congratulate the Halifax board on being one of the first to rise to the occasion.

G.W.V.A. Special Meeting

A special meeting of the G. W. V. A. will be held to-night (Friday) in the Club Rooms at eight o'clock sharp, for the purpose of electing a delegate to attend the conference at Truro on Feb. 24th. All members are requested to be present. By Order

SECRETARY.

Help the Tuxis Boys

To the Editor of THE ACADIAN

Sir:—In carrying out the slogan of the Tuxis Boys "clean speech, clean sport, clean habits," we have organized a hockey team among the Tuxis Boys. They have played a number of games this season showing throughout whether winning or losing, gentlemanly and sportsman like conduct.

In order to encourage these boys I wish to take them on a trip to Halifax, and Windsor, where games have been arranged with other Tuxis groups. This will cost about \$35.00 and contrary to our usual method in Wolfville boys, work I will ask if 12 men will subscribe \$3 each to make up the amount.

Anyone willing to contribute to this fund will confer a favor by notifying the Scoutmaster and County Secretary.

E. PERCY BROWN.

Official Visit

Wm. Clarke, Deputy Grand Master, and C. L. Wood, Grand Warden, will visit Orpheus Lodge officially on Monday evening, Feb. 23rd. There will be special Degree work and all members are requested to be present.

You will not find the right corset by casual shopping

Items of Local Interest

WANTED TO RENT.—May 1st, a seven or eight roomed house. Apply to Box 298, Wolfville.

A box of nice stationary makes an acceptable Bridge prize. See what we have at the ACADIAN store.

The U. N. B. hockey team defeated the Mount Allison team at Fredericton, on Thursday evening of last week, the score being 7 to 1.

Quite a number of Wolfville people attended the Masquerade Dance at Kentville on Tuesday evening, and all report a most pleasant time.

At a public meeting held at Berwick last week it was decided unanimously to establish a Cottage Hospital in the western portion of Kings county.

The Windsor School Board has made provision for an anticipated increase in the salaries of the teachers by raising the estimates from \$1,700 to \$2,400.

Dr. MacDonald will lead the Ladies' Bible Class at the Baptist church next Sunday afternoon at 3 o'clock. A cordial invitation is extended to all the ladies of the town to be present.

WANTED—A Maid who can do general house work and plain cooking. Family small in numbers, house every convenience. Good wages paid to a suitable person.

Mrs. J. Edward Hales, Acadia Street, Wolfville.

Word has reached Wolfville of the birth of a son, on Feb. 14th, to Mr. and Mrs. Leon Archibald, of Minneapolis, Minn. Mr. Archibald is on the staff of engineering at the University of Minnesota. There are 20,000 students enrolled at the university this year.

Mrs. A. B. Balcom entertained a number of the ladies of the town including the wives of the members of the faculty of Acadia University at afternoon tea on Thursday of last week. Mrs. Cutten and Mrs. Tufts poured tea, and Miss Helen Archibald and Miss Elderkin assisted in serving.

The ACADIAN store has some dandy Playing Cards suitable for Bridge prizes.

The Valentine Dance, at the home of Mrs. Gue, on Friday evening last, was a great success. About forty couples were present and a most enjoyable evening spent. The costumes worn were varied and very pretty. The prizes for the prettiest costumes were won by Miss Elizabeth Freeman and Mr. J. Boyer.

When preparing for your next Bridge Party get your Tally Cards at the ACADIAN store.

A number of the ladies of the town got together a few weeks ago and formed a Bridge Club, with Mrs. J. E. Hales, president, and Mrs. H. D. Johnson, secretary. The club meets every Tuesday evening, and the hostesses so far have been, Mrs. E. H. Johnson, Mrs. Hales, Mrs. Wheaton, Mrs. Percy Benjamin and Mrs. A. V. Rand.

Get your Playing Cards at the ACADIAN store. We have a splendid assortment to choose from.

Rev. Dr. H. R. Grant, representing the Social Service Council of Nova Scotia, will preach in the Baptist church, Wolfville, next Sunday morning and in St. Andrew's Presbyterian church in the evening. It is expected that he will address a joint meeting of the Red Cross, I. O. D. E. and W. C. T. U. organizations in the vestry of the Baptist church Monday afternoon, the 23rd inst., at 4 o'clock.

Personal Paragraphs.

Mrs. W. B. Freeman is visiting in Halifax for a few weeks.

Mr. W. H. Chase, Jr. was home from Dalhousie for the week end.

Mr. A. J. Mason arrived home from Boston Wednesday to stay a few weeks.

Master Waldo Craig, of Hantsport, spent the week end at the home of Mr. C. A. Patriquin.

Mrs. W. S. Purdy was recently called to her home in Guysboro county by the death of her mother.

Miss Marjorie Chute left last week for a two months visit with friends in Toronto and Kingston, Ont.

Mrs. D. M. Smith, of Truro, has been spending the past week with her parents, Mr. and Mrs. J. D. Chambers.

Mrs. Susie Hughes and little son Jack, of Avonport, recently spent a week at the home of Mr. and Mrs. Harry Fraser.

Mrs. H. T. DeWolfe arrived home last week from Toronto, where she was the guest of her brother, Mr. Horace Eaton.

Mr. Ephraim Hennigar, of Greenwich Ridge, arrived home last week from Chester, where he has been visiting relatives.

Mrs. M. L. Dimock, of North Grand Pre, who has been spending several weeks in Halifax, returned home on Friday last.

Mrs. C. A. Patriquin returned home this week from Brooklyn Street, where she has been visiting her sister, Mrs. W. W. B. Rockwell.

We are pleased to note that Miss Ruth Eye, of the Telephone Staff, who has been ill for the past few weeks, is able to return to duty again.

A man can't be as wise all the time as a woman is some of the time.

Yes Alfred, a wife is called the better half because she usually gets the better of the other half.

You Must Do More

It is not enough that you stop the cough, you must go back of the effect and remove the cause. Thousands subject to colds and coughs find that

SCOTT'S EMULSION

three or four times daily works wonders in building up resistance. Scott's derives its power to strengthen by its power to nourish the body. Better let Scott's Emulsion help remove the cause.

Scott & Bowne, Toronto, Ont. 19-27

Wanted: A Slugging Parson

"Wanted, a minister of the gospel for Athapuskow camp. Must be good poker player. No namby-pamby dude preachers need apply."

The above advertisement appeared recently in an eastern paper and a preacher answered it and asked for further details. The miners of the northern Manitoba copper camp replied to the effect that they wanted a "he-man, who wears a mackinaw jacket and stuffs his pants in his boots, can paddle a canoe, play a good game of poker, and give a good account of himself in a knock down and drag out row."

That preacher was Rev. R. Arthur Basham of Columbus, Ohio. Mr. Basham believes himself possessed of most of the required accomplishments and says he stands ready to perfect himself where he is not yet adept. He also states that he would rather be "a Santa Claus to the bunch of miners in that Canadian copper camp than a minister to all the elders in Christendom," and he is going to Athapuskow. Rev. Mr. Basham was a circuit rider in northern Manitoba before he went to France as a Y. M. C. A. worker and knows exactly what he is going up against when he goes back there. Apparently he is made of the right kind of stuff and it goes without saying that he will give a good account of himself before

his mission has been completed. Here's wishing him strength in his right arm and power in his preaching.

Try This When Using Dripping in Cakes

Housewives frequently complain that cakes made with dripping usually taste of it. An exchange publishes a recipe to cure this, in a way which should be valuable in these days of high butter prices. Beat the dripping to a cream, and gradually add a teaspoon of vinegar, a drop at a time. This quite destroys the fatty flavor.

Healthy Children Are Happy Children

The well child is always a happy child—it is a baby's nature to be happy and contented. Mothers, if your little ones are cross and peevish and cry a great deal they are not well—they are in need of medicine—something that will set their bowels and stomach in order, for nine-tenths of all childhood ailments arise from a disordered state of the bowels and stomach. Such a medicine is Baby's Own Tablets. They are a mild but thorough laxative which regulate the bowels, sweeten the stomach, and thus drive out constipation, colic, indigestion; break up colds and simple fevers and make the baby healthy and happy. Concerning them, Mrs. Albert Hamel, Pierreville, Que., writes:—"Baby's Own Tablets are the best medicine I know of for little ones. They relieved my little girl from constipation when nothing else would and I can strongly recommend them to other mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"Has this car got a speedometer?" asked an old gentleman of the auctioneer at one of the disposal board sales. The auctioneer was equal to the occasion and replied:

"At 30 miles an hour it exhibits a white flag, at 40 miles a red flag, and at 50 miles a gramophone begins to play 'I'm going to be an angel and with the angels dwell.'"

Why Some Towns Grow

The reason why some towns grow is because there are men of push and energy in them who are not afraid to spend their time and money to boom their town. They erect good buildings, organize stock companies and establish factories, work for public improvements and use every means in their power to induce people to locate in their city. Wherever they go they tell of the advantages of their town, they write about them in every letter, they send circulars and newspapers to all whom they can get to visit the town, and when anyone visits them treats him so kindly that he falls in love with them and their town at once. It is enterprise and everyone pulling together that makes a progressive town and don't let the fact escape your memory.

To hear every person saying something pleasant about its people and interests is the surest, quickest and easiest way to make a town attractive to a stranger. One of the best ways in which to make it attractive with that sort of attraction that will draw other people to it is for every man and woman to have a pleasant word for the people and the town generally. Talk up your town if you would have others come to you. Talk up your town if you would feel an interest in it, and have its people feel an interest in you. There is no better way to do it. And many a time one little word of unpleasant reference to something that does not exactly suit you and not particularly concern you as to that matter, will turn a good man's influence away from your town and may even drive him away. At your own fireside, talk up your town. Among your neighbors talk up your town. When you come in contact with strangers, talk up the most potent agency ever set in motion for helping your town.

Canada probably has in use a greater proportion of aluminium transmission lines than any other country. A recent survey by the Commission of Conservation shows that on all lines in the Dominion, operating at 10,000 volts and over, there are 13,000 wire-miles of aluminium and 8,000 wire-miles of copper.

Weather bulletins say December 1919 was the coldest December in 40 years.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

Tired Nervous Mothers

Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my housework."—Mrs. B. B. ZIELINSKA, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. JOSEPHINE KIMBLE, 935 West Race Street, Portland, Ind.

Every Sick Woman Should Try

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

"Fruit-a-tives" is the only medicine made from *Fruit*—containing the medicinal principles of apples, oranges, figs and prunes, combined with valuable tonics and antiseptics. 50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

Churches Should Be Live Advertisers

This is the advertising age, and advertising is spreading in directions undreamed of a decade ago. One of the most notable examples is that of church advertising. Up until a few years ago many churches did no advertising, and those that did usually confined their appeals to a half dozen lines. Nowadays in the cities the church page is a regular feature of the Saturday edition and the display advertisements of the churches are prepared as carefully as the merchandising advertisements. In the city of Brantford, for instance, the church announcements have grown from a few inches to a whole page, and all the churches in that city use from two to six inches each week in the local paper. And why not? There are hundreds of people in every town and city who belong to no particular church, and who seldom enter the sanctuary. If the church has a message for these people it should invite them to come to hear it. In this day of countless distractions the church has got to make the invitation general and hearty, and its services attractive, if it is going to fill the pews.

Children Cry FOR FLETCHER'S CASTORIA

Hawker—Any old rags to-day, sir?
Henpecked—No, no, my wife's away in the country.
Hawker—(rubbing his hands)—Ah! Any empty bottles?
Sugar Bowl—Well, Coffee Cup, old fellow, dollar coffee and no sugar kinda puts us on the bum.

COMPLETELY GRIPPLED

Terrible Experiences of Mr. J. Harrop
It is seldom that anyone who has been continually exposed to every weather condition does not contract some form of Kidney or Rheumatic trouble. In many cases, cold, settling in the kidneys, so weakens those important organs that they are unable to filter the waste and poison out of the blood. The latter is carried throughout the body, causing uric acid to accumulate in the joints, with consequent rheumatism, stiff joints, swollen ankles, lumbago, sciatica, neuralgia, constipation, torturing pains in back and side and head. These ills can all be made right. GIN PILLS give quick, certain and sure relief. Read what Mr. J. Harrop writes to us:

"I have been crippled up so completely that I could not stand. Work was out of the question. A few doses of GIN PILLS put me right. I cannot praise GIN PILLS too much, and every home should have a box."

GIN PILLS can help you. If you suffer from backache, or have that dreadful feeling of lassitude, with floating specks before the eyes, highly-colored urine, stone in the bladder and general debility, get GIN PILLS at once. At all druggists or dealers, 50c. Money refunded if you are not relieved. A sample large enough to demonstrate its value, free on request.

The National Drug & Chemical Co. of Canada, Limited, Toronto, United States Address, 24-Dru-Che, Inc., 202 Main St., Buffalo, N.Y.

Minard's Liniment Cures Stiffness.

The Ten Commandments of a Prominent Athlete

First—Thou shalt keep thy backbone straight.
Second—Thou shalt use all thy lungs all the time.
Third—Thou shalt drink half a gallon of water daily.
Fourth—Thou shalt take sufficient nourishment.
Fifth—Thou shalt masticate thy food properly.
Sixth—Thou shalt sleep eight hours daily.
Seventh—Thou shalt cleanse the body daily.
Eighth—Thou shalt walk three miles daily.
Ninth—Thou shalt think pleasant thoughts and banish unpleasant ones.
Thou shalt praise the Creator for the result these laws bring and tell thy neighbor.

A Whole Town Moves

Once it was considered quite a feat to move a good-sized building from one part of a city to another. However, the little town of Ochiltree, down in Texas, has beaten the record on moving.

Ochiltree had built itself into a community of three hundred inhabitants. Located in the "Panhandle" and on the prairie, its location was selected in the expectation that fortunes would be made in real estate when a projected railroad was built. The railroad went around, not through, Ochiltree. Real estate booms went glimmering.

Yet Ochiltree, like the gentleman from Texas who made that section famous in the halls of Congress, did not halt or even hesitate in working out its career. Gathering all the tractors within reach, the people of Ochiltree hitched their town to them—barns, stores, residences, grist mill, corner groceries and everything movable—and laying a course due south soon arrived at the railroad and the rival town favored by the railroad.

Thus does the Texas mountain go to Mohammed.

Fairville, Sept. 30, 1902.

Minard's Liniment Co., Limited.
Dear Sirs,—We wish to inform you that we consider your MINARD'S LINIMENT a very superior article, and we use it as a sure relief for sore throat and chest. When I tell you I would not be without it if the price was one dollar, I mean it.
Yours truly,
CHAS. F. TILTON.

His Temperature

One of the many good stories told by Sir Archibald Geikie concerns a country doctor who was attending a Scotch laird. As they had been unable to get a nurse, the doctor had instructed the butler in the art of taking and recording his master's temperature with a thermometer. On the doctor's arrival at the house one day he was met by the butler, "Well John," said the doctor, "I hope the laird's temperature is not any higher today." The butler looked very thoughtful for a moment, and then replied, "Weel, sir, I was just wondering that myself. Ye see, sir, he deed at twa' o'clock."

Children Cry FOR FLETCHER'S CASTORIA

Nineteen hundred and twenty so far has made good on the old "Rhyme of the Months," which began: "January brings the snow, makes our feet and fingers glow; February brings the rain, freezes, thaws, then rains again."

Applied After Shaving

Keeps the Skin Soft and Smooth

MANY men suffer from irritation of the skin as a result of shaving. With some it assumes a form of eczema and becomes most annoying and unsightly.

By applying a little of Dr. Chase's Ointment after shaving the irritation is overcome and such ailments as Barber's Itch and Eczema are cured.

50 cents a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

Dr. Chase's Ointment

A good many things make it pleasant to shop here; they're all included in our general principle of real service.

Its part of our service to only sell shoes of the finest quality—that's why we feature Hartt Footwear for Ladies and Gentlemen.

It's part of our service also to think more of pleasing you than of "selling" you; to see that you are properly and carefully fitted and get intelligent attention.

We always consider that any money you pay us for shoes is still your money until you've satisfied yourself that you like the shoes you've bought.

The use of army flame throwers to melt the snow in New York's streets is the latest variation of the transformation of swords into plowshares.

Avonport News

Miss Rachel Carey has been visiting her sister, Mrs. Loner, of Dartmouth.

Miss Julia Eisan, of Dartmouth, is spending a few weeks with Mr. and Mrs. W. O. Parker.

Mr. Walter Anderson met with a painful accident recently, while driving down the mountain with a load of wood. It in some way turned over, falling on his leg, crushing and bruising it badly. His many friends hope for a speedy recovery.

Mr. Percy Reid returned last week from the Payzant Memorial Hospital, Windsor, where he has been taking treatment.

Canning Notes

Mr. and Mrs. Henry Blanchard are spending a few weeks in Canning, the guests of Mrs. John Kinsman.

Much sympathy is felt for Mr. George Joudey in the loss of his mother, Mrs. Pettee. She had reached the advanced age of ninety-six and was beloved by all who knew her.

Efforts are being made to clear the ice from the "Effie Maude," which has been frozen in the Canning River for several months. Captain Woods has come over from Parrsboro for that purpose, and with his wife and son are guests at the Waverley.

Mrs. A. D. Payzant was the hostess at a small delightful tea, on Tuesday afternoon of last week. Mrs. Payzant was assisted by Mrs. Miller and Miss Reynolds. The tables were prettily decorated with pink and white carnations, and a pleasant hour was spent over the tea cups.

Kentville News

Rev. Bradford Porter, of New Glasgow, has accepted an unanimous call to the pastorate of St. Stephens Methodist church, to take effect July next. He is an eloquent and earnest preacher and his pastorates have been most successful. Rev. Robt. Williams, who has been supplying for some months, is meeting with much success in his work.

The Church Forward Movement at Kentville resulted as follows; Baptist, \$2,101; Methodist, \$1,500; Presbyterian, \$3,255; Anglican, \$2,200.

Hiawatha Lodge, I.O.O.F., had a gala time last Friday night, when they had as visitors 150 of the members of Kingston and Middleton Lodges. Hiawatha's degree team conferred the first degree upon ten candidates divided between the Kingston and Kentville Lodges.

Church Street Items

Mr. Roland Sutton, a student at Dalhousie University, spent a few days last week with his parents, Mr. and Mrs. David Sutton, Church Street.

Miss Margaret Chase, second year, Dalhousie Medical College, spent the week end at her home at Church Street. She was accompanied by her classmate, Miss Creighton.

TENDERS

Tenders will be received up to noon on Monday, March 8th, for the purchase of the Temperance Hall building and lot in Wolfville. The building is situated in the business centre of the town, the lot being 50 x 100 ft. Further description and particulars on application. The highest or any tender not necessarily accepted.
