### ACADIA UNIVERSITY NOTES

The annual Freshman-Academy football game was played Monday on the campus. The struggle afforded great amusement. Some fine work was done by the Academy, but no score could be made and the game will be played over to determine whether the Freshmen are obliged to supply apples to the other classes.

Alvin Robertson, Baltic, N. B. was operated upon Tuesday for an acute attack of appendicitis. He is in the Westwood Hospital.  
Mr. and Mrs. E. C. McPherson have been visiting their son, Allister, who is convalescing at the Academy. Mr. McPherson returned to Cape Breton while Allister's mother will remain longer.

Heston Flanagan, Waterville, has been elected president of the Academy Theological Club which this term functions independently of the University.  
Meetings of the student council, presided over by S. S. Chipman, are being held from time to time for the purpose of student legislation and to prosecute miscreant Freshmen.

A parade by the Freshman class of the University was held on Wednesday afternoon and received considerable attention.  
Much interest is being taken in the debate this evening between representatives of Acadia and Oxford Universities on the "League of Nations." Acadia will be represented by E. L. Curry (leader), R. B. Curry and Preston Warren.

Miss Helen Morrissey, of Yarmouth, a student at Acadia Seminary was called home last Friday by the death of her father.

### ACADIA AND TECH PLAY TO DRAW

In First Intercollegiate Football Game of the Season

The Acadia football team played their first game this season last Saturday when they battled to a draw with the team from the Nova Scotia Technical College. Both teams showed lack of practice. Acadia forced their opponents to touch safety several times but neither team seemed to have the ability to score. At the beginning of the first period, Acadia was slow to get into the game and the main style of play being kicking for the side lines. Finally the Acadia team rushed the ball down to Acadia's five yard line, where several scrums were called. After a nice kick by Chipman, the ball was once more put in play of immediate danger. Play continued very unevenly throughout the remainder of the period. In the second period Acadia got their half into better working order and kept the ball within Tech's yard line for the most of the time, but without scoring, although Acadia rowly missed a field goal. Acadia has some splendid material this year, and with the assistance of the coach who arrived last week, they should be able to put up a good fight against McGill at Sackville next week.

The teams on Saturday were as follows: Acadia: Forward, Smith, Estay, Jenkins, Rhodenizer, Anderson, Brown, Noble; Halves, Chipman, Johnson, Clark, B. Elderkin; Quarters, J. Elderkin, D. Robinson; Fullback, Noble.

### OCTOBER

Of all the months of the year October is the most to be counted on for cheer and joy. The month is full of gladness and happiness. The autumnal splendor of its leaves and the softness of its light, its rich and capricious, and April and May are captured in the south, enough to detach the last red leaves, but not enough to move them from their places, so that they drift down lightly and lazily and lie below the branch on which they hung. The sun-drenched air is full of yellow butterflies, which seem sun-drenched too and fit as lightly and lazily as the leaves from red clover to red clover. The bluebirds sing with that dainty liquid warble, which now stirs memory as it then stirred hope. The hills far away are shrouded in a soft haze, not clear-cut as in the August sunshine, but misty, dreamy, shadowy, touched with uncertain glamour of the low and fading sun.  
And there is undeniable a melancholy about it all, especially to him who has reached the October of life as well as of the year. But, as with the year, so with life, the quality of the melancholy depends much upon ourselves. Well for us if we have lived so that the turbulence of spring and the vigorous activity of summer leave nothing in October to tarnish the sunny grace of memory and love.

### AUTOS INVOLVED IN MANY ACCIDENTS

OTTAWA, Oct. 17—Out of 27 level crossing accidents during September, automobiles were involved in 20, according to returns made to the Dominion Railway Board. In these 27 level crossing accidents six persons were killed and 39 injured. Only five of the crossings on which the accidents occurred were protected.  
In all 247 railway accidents were reported to the Commission for the month of September. In 180 of these accidents, 18 deaths and injuries to 264 persons. No passengers were killed, but 28 were injured. Four employees were killed and 170 injured. There were fourteen fatalities and sixty-six persons injured apart from passengers and employees, these latter including the level crossing accidents.

### DR. JAMES GLEN ALLEN

Passed Away at Lockport Last Friday

The death of Dr. James Glen Allan, who for nearly three years was a popular and useful citizen of this town, occurred on Friday last at his home at Lockport, after an illness of nearly a year's duration. Dr. Allan was 69 years of age. Dr. and Mrs. Allan moved to Lockport, the doctor always having maintained the strongest affection for his home. About the beginning of the year he suffered a stroke of paralysis from which he never recovered, and slowly approaching until on Friday last, in the house where he was born seventy-one years ago, he passed away. After an Arts course at McGill University, of which he was a Gold Medalist, and a course in Medicine at the old Hall's Medical College, Dr. Allan went to New York and there and in Europe he further pursued the studies of his profession, finally settling in Brooklyn, N. Y., where he practiced for thirty years. A few years ago he retired from active work and took up his residence at Wolfville. He was a man of sterling qualities and his family made many friends. Dr. Allan's religious affiliations were with the congregation of St. Andrew's church, and he was active in every department of the church and community life. He continued in a small way the practice of his profession, ministering chiefly to the poor and unfortunate, many of whom were grateful to him for his ministrations. Many friends in this vicinity learn with sincere sorrow of his demise. Dr. Allan is survived by his widow, two daughters and one son.

### AVONPORT

Miss Olive Parker motored from Halifax on Sunday, to spend the week-end with her parents, Mr. and Mrs. W. O. Parker.

Miss Annie Harrington, of Massachusetts, has been spending a few days at the home of Mrs. Edna Porter.

Mrs. Kershaw, accompanied by her son and daughter, have been visiting the home of Mrs. Frederick Wallace.

Mrs. Arthur Lockhart has returned from New Brunswick, where she has been spending a few days with her husband, Captain Lockhart, and son, Purdy.

Miss Edna Porter is spending a few days at the home of Mrs. Rufuse, Wolfville.

The station agent, Miss Minnie Brooks, was on the sick list.

Billy Day in the Sunday school was successfully carried out. The program consisted of music, dramatic recitations, and a play on the life of St. Christopher.

Miss Dolpha Holmes' class, reading, address by pastor. The Sunday school is increasing in membership.

Hopeful Division S. O. T. has elected officers for the ensuing quarter, as follows: W. P. S. Ethel Hughes; W. A. Bro. William Brown; F. S. S. Pearl Lockhart; Treas. Bro. Arch. Bowes; Chaplain, S. Winnie Hills.

### TO GET TOURISTS TO MAKE ROAD PAY

WIDE PUBLICITY EFFORT IS NOW BEING PROPOSED IN BRITISH COLUMBIA.

VICTORIA—Strong efforts are being put forward by the provincial government to populate the territory tributary to the Pacific Great Eastern Railway, the government-owned line. The government realizes that the surest way of making the railroad pay for itself is to increase population in the country served by it. It has arranged with the Western Canada Colonization Company, backed by C. P. R. and the Dominion government, to assist in attracting settlers to the Pacific Great Eastern country. The government is now negotiating with representatives of Swiss colonization organizations with a view to having colonies of Swiss farmers established in central British Columbia.  
The government is also determined to make a strong bid for a big share of the Western tourist business, because the cities of Vancouver and Victoria have proved during the past two or three years the phenomenal results that can be attained from judicious advertising for tourists. Certain interests, close to the provincial government, are urging the enlargement of the government's present "information bureau" so as to give representation to all portions of the province in one central tourist organization.

### GREENWICH

Mr. Dexter Forsythe has his apple evaporator open and work there running at full time, thus employing a good number of young women and men.

It was with deep regret the friends in this community of Mr. Mason Griffin, of New Minas, heard of his severe accident one day last week.

Mr. T. J. Borden, one of our most energetic residents, has been taking good notice of Fire Prevention Week and had Mr. Bush of Belcher Street, the professional chimney sweep, thoroughly clean his chimneys, also had a good bit of new mason work done in the repairing of one. Others should follow his good example.

Mrs. Charlotte Bishop, our oldest resident, has been visiting her old time friend, Mrs. Eliza Bishop—widow of the late Lovitt Bishop, a life long resident of Greenwich and wellknown as mail driver for years—who lives with her daughter, Mrs. James Robertson, North Kingston. The first mentioned is widow of the late Charles Bishop.

It was with interest we read last week's Kentville Advertiser article entitled, "A Family Age Record". The two gentlemen especially spoken of, Mr. Alfred Smith, of North Alton, aged 89 years, and Mr. Alex. Smith, of Highbury, aged 91 years, brothers, and both well and active, and bright in doing business for their farms. They are left of a healthy long lived family of this county, and are uncles of one of our residents, Mrs. Frederick Ford.

Nothing the matter with the weather in our fine old Province for the month of October, all thru last week perfect summer like weather, and we were not surprised to learn of Mayflowers being picked in full bloom up near Kentville, also near by a good quantity of ripe cultivated raspberries was picked.

Miss Betty Fenwick attended, as guest, the Wilcox-Atwell wedding last Tuesday evening Miss Atwell being a New-tonville girl.

Miss Lillian Bishop read a paper, which she had prepared by request, on "Cooperation Between Parents and Teachers" at the Ladies Institute meeting at Port Williams last Thursday afternoon. It was an interesting and profitable paper.

A good number from her attended the Brown-Chipman wedding last Thursday evening, which took place in the Baptist church, Port Williams.

Mr. and Mrs. Thomas Arbuckle, of Mass., spent a few days last week and over Sunday, guests at the home of Mr. and Mrs. T. J. Borden.

Mrs. Brenton L. Merry and little son Engene, who has been visiting at the home of her parents, Mr. and Mrs. T. A. Pearson the past two weeks, left to return to her home, Bear River, last Saturday.

Mr. and Mrs. A. Banks, of Kingston, spent the week-end guests of Mr. and Mrs. Durfee L. Bishop.

Mr. and Mrs. Durfee L. Bishop, accompanied here last Sunday afternoon and was enjoyed by those present. Rev. Mr. Hemmeon was absent on a short vacation.

Mr. Chesley Forsythe, of Bridgetown, spent the week-end here with his mother Mrs. Lilla Forsythe, making the return trip in his automobile.

Mr. and Mrs. Arthur Lockwood and little daughter, Thelma, motored to Middleton on Sunday, where they spent the day with relatives.

Miss Marion Sutherland, of Amherst, who has made many friends in this place by visits made at the home of her uncle and aunt, Mr. and Mrs. Edward Manning, is now progressing finely in her training for a nurse at a hospital in Rhode Island and very much interested in her work. Her friends here are all glad to hear this, and lots of good wishes are extended to her. She entered training the latter part of the summer.

### DR. W. S. WOODWORTH HONORED

Kentville Physician Presented With \$1,000 in Gold on His Golden Jubilee Anniversary as a Medical Doctor

Dr. William S. Woodworth, well known physician of Kings County for the past fifty years, was on Saturday evening, at his home in Kentville, made the recipient of a pleasant surprise, when sixty prominent people from all parts of the County visited and presented him with an appreciated and a purse of \$1,000 in gold, to celebrate his seventy-sixth birthday and his golden jubilee anniversary as a medical doctor. The purse was contributed by his friends from all parts of Kings County who had received his untiring services during his fifty years of practice. Dr. W. S. Woodworth, who read the address, expressed his own personal appreciation of Dr. Woodworth's friendship and untiring services in the interests of others during their long career together, as brother physicians.

Rev. R. B. Layton, representing the clergy, also spoke for a few minutes. The address was read and presented by Dr. Moore follows:

To William Somerville Woodworth, M. D., on the Golden Jubilee of his medical career:  
Few men spend fifty years in any profession that required years of preparation, this privilege having been given to you, we a few of your friends, avail ourselves of this occasion to express our appreciation of your services during the past half century.

A doctor may well say "I am the first to welcome the soul that arrives from God and I the last to say farewell to those whom he takes back". There are many who are living today who look to you not only as the prolonger of their lives but as the encourager of their faith. This has been the effect of your ministry among us. It is well said that the doctor is the flower of our Christian civilization.

As a doctor you have given the best of your life to others, failing none, in calm or in storm, in summer or in winter, in poverty or in affluence, not for love of gain, but for love of man, following him who came not to be ministered unto, but to minister and to give his life a ransom for many. Now in the evening time we wish you to remember that we are still indebted to you and that we are still in debt to you and nothing material can ever discharge that debt, but only friendship and affection. These we assure you.

This being the golden jubilee of your professional life, we ask you to accept this purse of gold in addition to our affection and we also wish for you and your wife, who through all your life together, has done so much in aiding you to serve this community, many years of happy and useful service.

Rockwell presented the purse of gold. In replying to the address Dr. Woodworth thanked the local friends for their wonderful gift and how very deeply he appreciated their wonderful friendship. Refreshments were served by Mrs. H. G. Harris, Mrs. Dr. Rockwell, Mrs. Wylie Rockwell and others. Dr. Woodworth was at the annual meeting of the Canadian Medical Society last summer, and made an honorary life member of the association in honor of his fifty years of service.

### THANKSGIVING

Monday, Nov. 12, Armistice Day, is proclaimed in the Canada Gazette, "as a general Thanksgiving to Almighty God for the bountiful harvest and other blessings with which Canada has been favored this year."

## ACADIA TEA ROOM

Will open for public inspection and patronage SATURDAY, OCTOBER 20

You are cordially invited to visit our quarters in the Eaton Building. Our aim is to provide satisfaction and attentive service. JAMES BALCH, Proprietor.

## NOTICE

Prospective Electric Range Users

The following figures give the power consumption in kilowatt-hours for six electric ranges in Wolfville during the three months ending September 30th, 1923:

Model	Power Consumption (kw-hrs)	Cost (\$)
Model 1	375	305
Model 2	443	361
Model 3	306	245

Average consumption for three months: 431 Kw-hrs.  
Average consumption per month: 144 Kw-hrs.  
Average cost per month, at 3.6 cents per kw-hr., \$5.18

Apart from the convenience and cleanliness of electric ranges, it will be seen that these costs compare most favorably with the cost of coal.

### Sweet After Six Years

A young couple got married on Oct. 6th, 1917. As part of the festivities Mrs. C. E. Calkins was served and a piece saved as a souvenir. Today it is as delicious as ever, though a little drier. And the almond paste was still intact!  
As a matter of fact cake often improves with ageing. That's why many are already ordering their

Our pulpits are our work clothes. Each of us live some kind of a sermon every day.

MARKETING THE FRUIT CROP

Trying to sell our fruit crop on sentiment is just like trying to sell Palmolive soap on sentiment or Ford cars on jokes.

The marketing problem of the fruit growers in Nova Scotia is serious; in fact, every producer of farm products is in the same position. That being the case, it is always best to get down to facts, and in the case of fruit, the fact is that city people will not buy fruit on sentiment any more than farmers will buy Canadian implements on sentiment.

The farmer has got to fight for everything he gets; he has always done so and always will, and the only possible way he can recapture that fruit business is to go after it in a business way.

The only remedy is to advertise N. S. fruit until the consumer will think, talk, and eat nothing but N. S. fruit; until, for his selfish interest, the consumer will be afraid to buy anything except N. S. fruit.

If there were any other way to successfully market fruit or other commodities, it would have been adopted by successful institutions long ago.

IS IT HOURS OR MORE MONEY WANTED?

Public opinion generally will uphold Judge Gary, head of the United States Steel Corporation, in the decision to make the eight hours day a straight eight hour day and not a basic eight hour day.

No one begrudges labor its right to a front line on the pay roll. It has been found, however, that after employers in some industries conceded the eight hour day the workers have continued to work just the same hours they worked before, their battle for the shorter day obviously being to get extra pay under the questionably justifiable overtime schedule.

This is unfortunate, because the reaction will be clearly injurious to those who toil. Perhaps the greatest trouble is not caused by those who toil, but those who, like the lilies of the field, toil not, neither do they spin.

ARMISTICE DAY CELEBRATION

It is none too early to begin to make arrangements for a proper observance of Armistice Day. The date falls on Sunday, Nov. 11th, which is only a matter of three weeks off. Last year a very effective service was held and there is no reason why this should not be repeated and improved upon.

CO-OPERATION, SERVICE, ADVERTISING—These are three great weapons with which the small town merchant can fight AND WIN his battle against the competition of the big department stores and catalog houses.

UNITING COLONIES FOR THE WINTER

One of the essential factors for successful wintering of bees is to have the colonies well filled with young bees that have done little or no field work in the hive to cover at least six or seven full sized frames at the end of September or early in October.

When uniting colonies two things must be borne in mind, first, that flying bees have located themselves and if their hive is moved they will return to the old location, especially if it is good flying weather when the moving is done.

An easy method to unite two colonies together without the bees fighting is to first smoke the colonies well and then to remove the cover and quilt from one of them and placing over it a single sheet of newspaper.

The inventor, J. M. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it.

Another plan of uniting and one in which all the queens are saved, is as follows—During dull weather in the late fall when the bees have been confined to their hives for several days remove from each of the

weak colonies five of the lightest comb shaking the bees from them down in front of the hive and pushing the other five over to one side of the hive. Two or three days later place a tight fitting division board in the centre of half of the hives with the bees on one side and then bring the cover and bees from the other hives and place on the opposite side of the division boards thus bringing together two weak colonies into one hive.

He worked by day and toiled by night He gave up play and all delight Dry books he read, new things to learn, And forged ahead, success to earn.

G. W. V. A. TO RAISE "CARRY-ON" FUND

OTTAWA, Oct. 11—Urgent demands from all parts of Canada that the legislative and adjustment work of the Dominion command, G.W.V.A., should be continued have resulted in a decision to inaugurate a "carry-on" fund for this purpose.

Each provincial command and local branch will be asked to co-operate with a view to establishing an endowment in order to guarantee an independent bureau to serve all veterans and the dependents for many years to come.

The money subscribed or offered by commands of the Association since the predicament of the Dominion command was made known will be utilized towards continuing the work for at least another month, until the results of the voluntary subscriptions campaign is known.

A. N. GRIFFIN WAS BADLY INJURED

New Minas Man Fell From Ladder While Picking Apples

KENTVILLE, Oct. 11—A. N. Griffin, of New Minas, one of King's County's most prominent farmers, sustained a badly broken ankle and a compound fracture of the leg this morning while picking apples in his orchard, two miles east of Kentville.

Mr. Griffin was treated by Dr. B. S. Bishop, of Kentville, who found his injuries so severe that he was taken to Halifax to be treated at the Victoria General Hospital.

Mr. Griffin is well known throughout the Province by reason of his connection with County and Provincial Exhibitions. During the last Three Counties Fair he was Superintendent of the Cattle and Poultry Department, and did much to make the Exhibition a success.

CANNING BUNGALOW DESTROYED BY FIRE

CANNING, Oct. 14—A bungalow, the property of Lorne Jordan and occupied by William Jodrie and family, situated about a mile and a half from Canning was badly damaged by fire which broke out shortly after 5 p. m. today.

Mrs. Jodrie was preparing the evening meal in the kitchen of the house when she noticed smoke in the room and several minutes afterward a neighbor saw flames issuing from the roof, raised the alarm. The Canning fire department responded, and despite the fact that their efforts were handicapped by lack of hydrants they managed with barrels of water to extinguish the flames. The bedding and furniture were all removed. It is understood that there was no insurance on the bungalow.

Keeping friends

One of the most important things in life is keeping your friends. You have to win friends first, and having won them you have to keep them.

Friendships demand attention, and there is nothing more binding than the little acts of remembrance that take so little time and mean so much.

In a dozen and one ways you may use Greeting Cards to keep friends as a present reality, rather than a past possibility. Even if someone lives across the continent or over great waters, a "Hello" written on a Greeting Card will strengthen the bond of interest.

The idea of using Greeting Cards lays claim to meeting the need and the interest of men of affairs and charming women enmeshed in the obligations of social life.

## EDITORIAL NOTES

In order to supply the need which Hantsport has for some time experienced of having a newspaper which might properly reflect its civic and social life, The Hantsport ACADIAN has been brought to light. The publishers bespeak for it the patriotic support of citizens and promise on their part to do the utmost in their power to advance the interest of the community in all that affects its material and moral advantage. While primarily the Hantsport ACADIAN will be made a newspaper it will be our aim to include within its columns such articles and comments as will give information to its readers and proper publicity to Hantsport and surrounding country. Contributions have been promised by a number of our best informed residents which we anticipate will be found of special interest. We invite the hearty co-operation of citizens in the promotion of this journalistic enterprise which has already received the unanimous approval of the Mayor and Council.

So far as we are able we are sending The Hantsport ACADIAN this week into every home in this vicinity, in order that its contents may be duly inspected and pronounced upon. If any homes are inadvertently omitted we shall be very glad to supply sample copies on request. Look over the paper and let us know what you think of it. If you have suggestions to make that will add to its efficiency we will be pleased to receive and give them due consideration. Let us have news items that are real news and they will receive a place. Tell your friends about the paper and ask them to become regular patrons and readers. You can serve your community by assisting The Hantsport ACADIAN.

The business men of Hantsport have shown their interest in The Hantsport ACADIAN by freely patronizing its advertising columns. They feel the need of a town paper and are apparently ready and willing to stand behind the undertaking. Their announcements in this issue are worthy of public attention and we commend them to our readers. Hantsport has well equipped business houses that are noted for square dealing and deserving of public patronage. Through the columns of The Hantsport ACADIAN they will have opportunity for a closer relationship with their customers, most of whom, we anticipate, will soon become constant readers of this paper.

The Hantsport Women's Institute has undertaken a purely community work, in order to secure the publication of a newspaper that will furnish proper publicity for this section, to conduct a canvass for subscribers to The Hantsport ACADIAN. In accordance with their program residents will be called upon during the next few days and they are asked to give canvassers a cordial reception and all assistance possible. When they secure one hundred paid yearly subscriptions the publishers will pay into the treasury of the Institute a handsome cash bonus which will be devoted to the carrying on of the various activities in which the women are engaged. We understand that the Institute has in view several ambitious undertakings, and certainly the work which they have done during the past summer at River Bank Cemetery is well deserving of public approval. By aiding them in their present endeavor citizens will secure for themselves all the news of the community. Hantsport will get the advantage of the services of a newspaper, and the friends of the Women's Institute will be replenished and the organization placed in a position to continue their beneficial operations.

## BE A BOOSTER

Do you know there's lots of people  
Settin' round in every town,  
Growlin' like a broody chicken  
Knockin' every good thing down?  
Don't you be that kind of cattle,  
'Cause they ain't no use on earth,  
You just be a booster, rooster,  
Crow and boost for all you're worth.  
If things just don't seem to suit you,  
And the world seems kinder wrong,  
What's the matter with a-boostin'  
Just to help the thing along?  
'Cause if things should stop a-goin'  
We'd be in a sorry plight,  
You just keep that horn a-blowin'  
Boost 'r up with all your might.  
If you know some feller's fallin',  
Just forget 'em 'cause you know,  
That same fellow's got some good  
points.  
Them's the ones you want to show.  
'Cast your leaves out on the waters,  
They'll come back' 's a sayin' true  
Maybe too, they'll come back buttered  
When some fellow boosts for you.

When touring by automobile, it is essential that all available space should be utilized to the greatest possible advantage. With this in view, a bed has been constructed which, when folded, takes the place of the springs in the rear seat, while the mattress and bedding can be used as a cushion.

## CANADA'S GREAT BUFFALO HERD

Rapid Growth in Herd at Wainwright, Alberta, Necessitates Disposal of Two Thousand Animals

So successful have been Canada's efforts to save the buffalo from extinction that it has been found necessary, in order not to overcrowd the ranges in the great park at Wainwright, Alberta, to dispose of about 2,000 animals. Sixteen years ago it was the general opinion of naturalists and others that the buffalo was doomed to follow the passenger pigeon and the great auk into oblivion. However, the Dominion Government, through the Department of the Interior, grasped the opportunity to secure a herd of 716 animals, and had them placed in Buffalo park at Wainwright. To-day the greatest tribute to the Government's foresight is the immense herd of 8,300 animals in the reserve; and the increase of these animals when protected and allowed to roam freely over a part of their old habitat has set at rest the fears as to their possible extinction and indicates a possible line of industrial development.

Notwithstanding the number taken from the herd from year to year to supply specimens to other parks in Canada, the United States, Great Britain and other parts of the Empire, it was found that some other disposition must be made of a large number in order that the park might not become overcrowded. Hence the decision, indicated above, to kill two thousand animals, surplus to the requirements of the herd.

All arrangements have been completed for the killing which will be conducted by experienced men under the supervision of Government officials and carried out with expedition and the employment of humane methods which will also ensure the best economic results. Experiments have been made in every phase of the modern methods in connection therewith. In Buffalo park certain ranges are retained as winter quarters, where grazing is not permitted in the summer months, in order that ample forage may be provided for the cold season. When the time comes for the migration to the winter quarters this fall the animals which are to be killed will be kept in the main enclosure and not allowed to enter the reserved areas with the main body of the herd. Riders will herd the selected animals and drive them near the buildings where the dressing is to be done. The buffalo will then be quickly dispatched by expert marksmen using powerful rifles, this being the most humane method of dealing with animals of such size and strength.

The autumn has been selected for the killing since atmospheric conditions at this season are more favourable for the handling and preservation of the meat, and also because at this time the buffalo is in prime condition, that is in good flesh and with an excellent coat ready to resist the severities of the winter. These points are important since the meat obtained will be offered on the world's markets. Preliminary inquiries indicate that there will be a good demand for all available products. The flesh of the buffalo affords excellent eating with, in the opinion of experts, nutritive qualities superior to those of domestic beef and pork. Old-timers in particular emphasize the wonderful sustaining qualities of buffalo meat.

The contract for the slaughter calls for the preservation of the hides and heads, which will be prepared for market as they can best be utilized. Robes, garments, and novelties can be manufactured from the hides while the mounted heads provide an ornament much in demand. The sun-dried meat will be used to help to meet the cost of maintaining the herd and it is hoped that it is but the beginning of a renaissance of considerable proportions from this source.

## A SEASONABLE RURAL RHYME

When in my barefoot boyhood state I used no sense in what I ate. Some unripe fruit I'd often take, which later on was sure to make my little what you call it ache. Perhaps I'd go to bed all right, all free from care and happy quite, but pains would seize me in the night. Then I would open up my jaws, emitting most unearthly howls. Poor ma would sigh and pat my tummy bare and rub it gently here and there. Though long and patiently they knelt, the more they rubbed the worse I felt. I'm older now and wiser grown with broader girth of stomach zone. I must be careful how I grub it, for if it aches no one will rub it. I feed myself with greater care, my apples must be ripe and fair, and very little pie or ham is stowed beneath my diaphragm.

## CANADA AS THE STATES SEE HER

(By Bert E. Collier in His Newspaper, The Referee)

While we realize that the people of Canada would not regard exaggerated flattery in the light of a compliment, we believe we remain within the confines of simple truth when we remark that no nation in history has met the financial demands of war with greater good spirit and carried the financial burden with greater intelligence than the vast Dominion that tops the North American continent. Ten years ago Canada's debt was less than \$350,000,000. On January 1, 1923, it was \$2,516,929,000—over two billion dollars added by the war. Were it not for the fact that the bulk of this colossal debt is owned within the Dominion—Canadians themselves owning bonds to the extent of \$1,969,995,000—the interest payments would doubtless drain the country dry, reduce the exchange value of the Canadian dollar to a ruinous figure and plunge Canadian finance and business into a chaotic condition. As it is, the semi-annual interest payments go into hundreds of thousands of Canadian homes, and provide money for the payment of the Federal taxes from which the interest payments are drawn. At the time, Canada might have met the enormous demands of the war by borrowing from New York, but the wisdom, as well as the patriotism, in resisting the temptation and instead placing the burden immediately upon the shoulders of her own people is now apparent. Within a few weeks \$172,000,000 of Dominion Government bonds will fall due. With the same spirit and intelligence, the Government is again co-operating with bankers and brokers to keep the debt in Canada. The prospect that practically the entire amount will be replaced by money advanced by Canadian investors is pleasing to the friends of plucky Canada the world over.

## WHY THEY ADVERTISE

No limousine ever had stopped at her place.  
So she just put an ad in the paper.  
She didn't want work, so 'twas quite a disgrace.  
To cut such an imbecile caper.  
She made the assertion that she was a cook.  
Well knowing how such a statement would look.  
To dames who had worn out the telephone book—  
So she just put an ad in the paper.  
She put on her very best lingerie dress.  
When her ad had appeared in the paper.  
She powdered her face to the point of distress.  
While her garb would have startled a draper.  
Then grand ladies came with their footmen and such;  
Came dames who had little and dames who had much  
(And some with the skins that one hankers to touch!)  
On the day of her ad in the paper.  
She questioned each one in the very same way.  
This mix with the ad in the paper.  
"How many in family?" "What do you pay?"  
And they answered, though longing to scrape'er.  
She promised each one "I will work for you, sure,  
Though knowing 'twas fiction both simple and pure.  
Yet for social starvation she found it a cure  
To have put her small ad in the paper!"  
Hantsport has a comfortable and well conducted picture house in the Empire Theatre conducted by Messrs. Beazley and Pulsifer. Good pictures are shown at a reasonable price and furnishes a combination of amusement and instruction which ought to be encouraged. BELGIAN PLAN ACCEPTED BY THE ALLIES

New Proposals Made For Settlement of the Reparations Problem

PARIS, Oct. 14—The British Government's acceptance of the suggestion of the Belgian Foreign Office for a reference of the Belgian reparations plan to the Inter-Allied Reparation Commission as the basis of a concrete plan in the impending negotiations for a settlement of the question of German reparations was received at the Foreign Office today.

This completes the general accord by all the Allies—Italy having given her assent to the proposal Saturday—and the Reparation Commission will proceed officially to study the Belgian plan with a view to ascertaining whether it can be used as the basis for a solution of the problem of reparations when the negotiations concerning them are resumed.

The Belgian document, which was an outgrowth of many months of investigation by Belgian technical and financial experts in Germany, has been officially before the Reparations Commission for some weeks. The French, British and Italian members of the Commission have been conversant with its contents but up to the present there has been no official discussion or an exchange of views of it.

The broad outline of the plan provides for a minimum of 50,000,000,000 gold marks as Germany's indemnity to which is added 82,000,000,000 marks in bonds. The plan notes that the first is recognized as being moderate; that it has been adopted by all the Allies and even admitted as fair by the last international Socialist Congress held in Hamburg.

The plan gives 3,000,000 gold marks as the amount in yearly payments Germany can make, it gives the figures as arrived at, together with all technical documents. By reorganization of the German railways along the lines elaborated according to the plan they could be made to yield one billion gold marks alone while other monopolies, such as tobacco, wines, beer, mineral waters, sugar, salt, matches and coal, if managed as the experts advise would provide an additional 1,500,000,000 gold marks.

To these figures, the plan asserts, may be added 500,000,000 gold marks as the fruits of eventual participation by the Allies in German industrial enterprises.

The Belgian Government further suggests that as soon as the Reparation Commission has taken full official recognition of its plan, a meeting of the heads of the Allied Governments be called.

French official circles deprecate the suggestion made in some circles that Belgium's latest reparations move is not meeting with favor at the French Foreign Office and that it is an attempt by the Brussels Government to inaugurate a policy of its own. It was stated here today that the Belgian proposal meets with the full and complete assent of the French Government, which was the first of the Allies to send an affirmative reply to Brussels.

It was added that while the French Government is unwilling to negotiate with Germany until Germany has proved her good faith, it is always ready and anxious to discuss with its Allies all questions at issue.

SAFTY RULES FOR STOVES AND FURNACES

- 1. Place stoves, furnaces and pipes far enough from walls and woodwork to avoid overheating.
2. Cover the nearest wooden surfaces with sheet asbestos, sheet iron or tin; if iron or tin is used, leave an air space behind it.
3. Where stovepipes or heating pipes pass through walls, enclose the pipes in galvanized iron, doublewalled, ventilated thimbles at least twelve inches wider than the diameter of the pipes.

AGRICULTURAL EDITOR'S POEM

(Sam Walter Foss.)
I would flee from the city's rule and law,
From its fashion and form cut loose,
And go where the strawberry grows on its straw,
And the gooseberry grows on the goose;
Where the catnip tree is climbed by the cat,
As she crouches for her prey—
The guileless and unsuspecting rat,
On the rattan bush at play.
I will watch with ease the saffron cow,
And the cowlets in their greed,
As they leap from bough to bough
On the top of the cowslip tree;
Where the musical partridge drums on drum,
And the woodchuck chucks his wood,
And the dog devours the dogwood plum
In the primitive solitude.
Oh, let me drink from the mossgrown pump,
That was heven from the pumpkin tree.
Eat mush and milk from a rural stump
(From form and fashion free)
New-gathered mush from the mushroom vine.
And milk from the milkweed sweet,
While luscious pineapple from the pine—
Such food as the gods might eat.
And then to the whitewashed dairy I'll turn,
When the dairymaid hastening hies,
Her paddy and golden red butter churn
From the milk of her butterflies;
And I'll rise at morn with the early bird,
To the fragrant farmyard pass,
Where the farmer turns his beautiful herd
Of grasshoppers out to grass.

HANTSPORT WOMEN'S INSTITUTE

The October business meeting of the Hantsport Women's Institute was held on Friday afternoon at the home of Mrs. Asaph Newcombe with an unusually large attendance. The president Mrs. W. K. Sterling presided. The regular Secretary being absent, Mrs. A. B. Dickie was appointed Secretary pro tem. Excellent reports were tendered by the various committees, showing that a great deal has been accomplished particularly in regard to the renovation of River Bank Cemetery, which is very much improved in appearance. Under the direction of the Women's Institute the cemetery has been transformed from a place of weeds and bushes to one of beauty. Mrs. James Lyon, convener of this committee, has been most faithful in discharging her duties in this respect, having written over twenty five letters in connection with this work. After the usual routine of business Mrs. B. Davison gave a reading entitled, "The Glory of the Garden", by Rudyard Kipling. A paper, "The Power of Song", was also read by Mrs. W. A. Bradshaw. The subject of the November meeting will be "Thanksgiving".

CLEAN GASOLINE STRAINER MONTHLY

Make it your practice at least once a month to remove the strainer in the gasoline line and clean out all foreign matter that has lodged there. In spite of the best care some dirt is constantly getting into the gasoline tank and it always stops at the strainer. This will eventually clog it, shutting off the gasoline and stopping the engine. As this is a troublesome occurrence it is best to avoid it by cleaning the strainers occasionally. There is one where the feed pipe enters the vacuum tank and sometimes another one where the gasoline enters the carburetor. When going up a steep hill do not crowd the engine to see if you can possibly get to the top without shifting gears. When running very slowly (laboring) the sudden blows of the explosion, acting against the resistance of the slow-moving crankshaft tend to flatten out the bearing, shortening their life, wearing them out and making the engine knock long before it should under proper use. As it is an expensive matter to fit new bearings this is an important detail to attend to. A relief cock with a handle that is up when the valve is closed is apt to work open if the plug loosens through wear or the spring breaks. The best remedy for such a trouble is to buy a new one with the hole set in the proper direction, so that it is closed when the handle is pointing downward. Another method is to fill the hole in the plug with a piece of brass carefully fitted and to drill a new hole in such a position that the handle will be pointing downward when the hole is closed.

BAPTIST CHURCH NOTES

A Young Peoples' Rally will be held in the vestry, Friday, Oct. 19th, 7.45 p.m., for the purpose of organizing a campaign on the lines of Religious Education. Mayor Murray will give a talk on "The Relation of our young People to the Town", and the Rev. J. W. Prestwood will speak on "The Relation of Young People to the Church". Refreshments will be served. The young people of the congregation, and all interested in them are invited. In agreement with the suggestion of the Maritime Baptist Convention "Thanksgiving week" will be observed Nov. 11-18. The services will include a "Roll Call" on Nov. 14th. Products of the field and garden will be exhibited in the church during the week, and subsequently sent to the Infants' Home, Halifax. A grateful people will gather at the various services in recognition of the word of God in the blessings of the year. Full program later.

ABOUT BOOKS

(By THE ACADIAN'S REVIEWER)
Not a few of the older, worth-while Canadian books hitherto not readily available because rare or out-of-print, are being reprinted in an attractive form by McClelland and Stewart, Toronto. One of the best of these is "Stories of the Land of Evangeline", by Grace McLeod Rogers. The author has a very keen sense of the dramatic value of heroic action in extremely difficult situations, and knows how to construct a skillfully-articulated plot to lend up to such situations. The setting is the Nova Scotia of the struggle between the French and the English, with the Indians as participating characters. The skilful plotting and the use of historical events and actual places make these stories read like transcripts from life.

Another good book reprinted is "Roughing it in the Bush", by Mrs. Susanna Moodie, one of the talented and cultured Strickland family of Reydon Hall, Sussex, England. With keen power of observation, which had been manifested in successful fiction while she was still living in England, she readily notes and charmingly records the contrasts between the scenes and characters of her native and her adopted home. Her representation of pioneer scenes, events, and characters is not only of great historic value but also of permanent literary interest. Witness her descriptions of the journey from Grosse Isle to Quebec and of various journeys through unsettled tracts of Ontario; her accounts of the charivari, the logging bee, the fire, the whirlwind; her character sketches of Tom Wilson, Uncle Joe and his family, John Monaghan, and Brian. One of the charming features of the book is the manner in which it shows how thoroughly Mrs. Moodie, the cultured English woman, became a patriotic Canadian.

This last is equally true of her gifted sister, Mrs. Catharine Parr Traill, whose very readable book for children, "Canadian Crusoes", is another reprint. What Mrs. Traill does in this story is to make it plausible that a girl and two boys, twelve and fourteen years of age when the story opens, could get lost in the woods and, by means of ingenious use of the natural resources of Canada and a few lucky finds—including a young Indian girl, could live comfortably for more than two years, and that without either the parents or the children discovering the fact that the lost ones were not very far from their own home. Mrs. Traill has not the narrative skill of her sister, but

this weakness is offset by her enthusiasm for the natural beauties and resources of her new homeland. Another worthy reprint is Richardson's "Wacousta", one of the greatest and most thrilling of Canadian romances. It is an historical romance the action of which centers around Pontiac's attempt to capture Fort Detroit in 1763. The author builds up dramatic—and melodramatic—situations with a master hand. As in romance general, the emphasis is on plot rather than on characterization, but no one who reads the book will ever forget such dramatic personae as Wacousta, the DeHaldimars, and Oucanasta. All of these reprints are attractively bound and illustrated, so that in content and format they are highly desirable possessions for the private libraries of all who have a healthy interest in the best Canadian books, past and present.

Criminal Fools and Canadian Forests

A beautiful stand in the Nipigon district, near which a Canadian Pacific Bungalow Camp has been erected. Imagine the result if this camp fire should be neglected.

LOOK at the boards at your feet, the walls which surround you, the roof over your head, the chair in which you sit, and your furniture. All are products of the Canadian forests, and practically everything you come into contact with in the day depends on the forest for one or more of its component parts. Then take the foods you eat, the paper you read by the wood fire at night; the food is produced by Canadian farmers who depend on the forest for a regular supply of moisture, the paper is composed largely of wood pulp. It is almost beyond comprehension—the amount of lumber used by Canadian industries each day, and the amount used in construction and in the development of the country each year. Canada's prosperity, her whole future, is one with that of her forests.

Ontario alone gives employment to 17,000 men in the bush; pulp and paper mills in the same province employ 8,000 men, and the amount of capital invested in the two industries amounts to over \$150,000,000. Yet, for every tree that is felled, for every log that helps to keep the wheels of industry moving, for every board that is used in construction, twelve are destroyed in the forest by fire. This means that forest fires consume twelve times the amount of the lumber which is the life of Canadian industries, and that each year fire is depopulating the forests which should hold back the rain fall so as to ensure throughout the year the moisture which is the life of the farm. Five hundred thousand acres of forest are burned over in Ontario each year, and the government of this province is burdened with a forest fire protection organization which costs \$3,000 a day.

Why is the country put to such a loss? Because there are no means of segregating the criminal fools and careleses! Take the fire which in October last took forty-four lives, rendered thousands homeless, and destroyed property valued at eight million dollars in the vicinity of Hailybury, the ter-

rible fires in 1916 around Matheson, and in 1911 around Cochrane. These, like the majority of other fires, were the result of criminal carelessness. Settlers allow their slash fires to grow beyond control, the sportsman builds his camp fire in a mossy place and forgets to extinguish it, a lighted cigarette or match is thrown away carelessly and originates a small blaze which may soon develop into a holocaust beyond control of man.

Years ago the railways were, perhaps, responsible for many conflagrations, but not so today. Although one half of the Canadian Pacific Railway right-of-way lies in forest areas in the east and is flanked by forests for hundreds of miles in both Ontario and British Columbia, this railway has long since ceased to be a factor in the destruction of the forests. In order to eliminate the possibility of fires being started by passing trains, all Canadian Pacific locomotives are examined at the end of each trip and great care is taken to see that ash pans and front ends are in perfect condition. Engineers and firemen are given explicit instructions not to dump live coals or to throw waste upon the right of way, and should an engine crew notice a blaze, by a series of whistles the section men and fire patrol are notified, and the nearest dispatcher takes steps to secure whatever additional men are required.

The Canadian Pacific maintains a regular and efficient force which patrols the right of way in forest areas after the passing of trains and which cooperates with the Dominion, Provincial and other fire prevention organizations to the fullest extent. Also at various points along the line are kept a number of fire tank units, each unit consisting of two tank cars, each of 7,000-gallon capacity, equipped with powerful pumps, and approximately one mile of hose. This equipment has proved valuable not only in fighting forest fires but in fighting fires which have occurred in forest and rail side towns.

CANADIAN MILLIONAIRES

(By Arthur Hunt Chute in the Halifax Herald.)

Someone wrote recently on "The Danger of Great Wealth."

What I fear most is the "Danger of Great Poverty."

There is no ground for worry in Canada over the superabundance of riches.

Having a wholesome fear of poverty, I would not complain if it were raining millions in this Dominion.

Most of the ineffable humbug uttered against riches is merely mediocrity and laziness expressing itself in the face of industry and genius.

Tom, Dick, and Harry, loafers at the pool-room, are not in love with success.

John D. Rockefeller on one occasion was seated on a lawn at an English country estate.

Where was the money of John D.? Not carried around in his trousers, not hoarded in an old stocking.

His money was busy pumping oil from Oklahoma to Baton Rouge.

Only to-day I heard someone ranting against Rockefeller's hoards.

We need not indulge in any slavish worship of the Almighty Dollar.

It is a notable fact that much of the cant on the danger of great wealth emanates from those who are conspicuous for their remoteness from that danger.

A delivery wagon goes rattling down the street, a host of urchins rush after it.

When those same urchins have attained to manhood, we hear their envy once again in their yells on the "Danger of Great Wealth."

Not long ago was traveling across to Battle Creek to visit Clarence V. Barron, publisher of the Wall Street Journal.

He is both a prevaricator and a hypocrite who claims that he prefers a tin lizzie to a limousine.

MAKING ADVERTISING EFFECTIVE

Advertising is now recognized as holding an established place in the machinery of economic marketing.

Manufacturers, wholesalers and retailers, and all who are concerned with the manufacture and distribution of goods will, therefore, be interested in the series of prizes for advertising to be awarded through Harvard University by Edward Bok.

The chief prize will be for the advertising campaign for the year "deemed most conspicuous for the excellence of its planning and execution, seeking publicity in a single locality or relatively limited territory either for products or for industry."

According to Mr. Bok the advertising industry in the United States entails more than a billion and a quarter dollars a year.

What two dollars will buy In each of its many departments catering to all classes and all ages, the Family Herald and Weekly Star, of Montreal, has continued to improve each year over the last until now it would seem perfection were reached.

Selection limited It is worthy of notice, as marking their peculiarities, that most women in choosing husbands show a marked preference for bachelors and widowers.

When negotiating a grade or curve do not jam the throttle too soon. Bad skids occur this way.

A REAL STORY

Here is a little story from real life. It came to us the other day, and we think it one of the finest stories ever told.

They had grown old together, he and she—man and wife. They had battled together for years in a little business all their own.

One day she—the "old woman", as he would often speak of her—his comrade, was taken ill. Then she was taken home, and later they hurried her off to the hospital.

There was a faint flush of a younger color in the old woman's face—for wives only live for the finer sentiment of life, and years only quicken their interest.

That night, when he arrived at their little home, she, in her usual cheerful manner, said: "How was business today, William?"

That night they sat where they had grown old together, and each harbored a secret from the other—the brand of secret that spells sacrifice and deeper sentiment.

Old age, like sorrow and solitude, has its revelations. As we grow older, life grows darker, till only one pure light is left shining for us.

Grandpa had lost his glasses, and was very much upset because he could not read his "Acadian".

Little Jennie thought she could soon put that right, so she trotted out of the room with the paper under her arm, and soon appeared outside the window.

WEDDING ANNIVERSARY

Tuesday of this week was the thirty-fourth anniversary of the marriage of Mr. and Mrs. B. O. Davidson, of this town. They were married on Wednesday, Oct. 16, 1889, at the church at Billtown. The late Rev. S. B. Kempton, then the minister at Canard, was the officiating clergyman and the late R. D. Ross, of Wolfville, assisted.

In honor of the anniversary a company of lady friends of Mrs. Davidson called upon her in the form of a surprise party to offer congratulations. A very pleasant evening was spent and at the close dainty refreshments were served, during which Mrs. Davidson received a handsome gift of china, which was presented by Mrs. D. Graham Whidden with fitting remarks, and suitably acknowledged by the recipient. The singing of "Auld Lang Syne" brought a very pleasant evening to a close.

SATURDAY NIGHT

We hate to butt in  
Where we have no right,  
But we would like to tell you  
What we saw tonight!

We tried to drive down  
From Porters' to Sleeps,  
But cars were parked  
All over the streets.

Left and right side,  
The middle full too,  
There was hardly room  
For us to get through.

That there are street laws  
We oft have been told—  
Why have we none here?  
(If we may be so bold).

Now isn't there someone  
Somewhere in town  
To enforce these laws  
And put law breakers down?

The Wolfville Baptist Church held its annual business meeting on Wednesday evening of last week. Dr. W. L. Archibald occupied the chair and reports were read by C. S. Fitch, Clerk of the Church, R. W. Ford, Treasurer, and other officers and chairmen of committees. The various reports from the Sunday School, Social and Benevolent Society and other organizations gave evidence of a very successful year. The total amount received by the church was \$5,711.76. Dr. W. N. Hutchins was elected Deacon in place of Mr. John A. Coldwell, whose term had expired.

Bootleggers are apparently finding the new town of Berwick a rather unprofitable field for their operations. A. M. Thomas, of that place, who was recently appointed chief of police and inspector under the N. S. Temperance Act, discovered a plot to make Berwick a rendezvous of a gang of booze artists and promptly nipped it in the bud. Two of the operators were arrested and brought into court, the result being that the town's treasury was replenished to the tune of \$150, and a lesson taught that should be beneficial. Berwick is a new town with new officials. A new broom sweeps clean.

The pulpit of St. Andrew's church will be occupied next Sunday by Rev. Dr. Kent, of Pine Hill College, Halifax.

There will be dancing at the Arena, Kentville, Friday and Saturday evenings Oct. 19th and 20th. First Class Orchestra.

The announcement of the opening of the new Acadia Tea Room is made in the columns of THE ACADIAN this week. For several weeks back active operations have been in progress preparatory to the event and the results are most pleasing. No expense has been spared to provide an institution which is a credit to the town and provides a need long experienced. THE ACADIAN welcomes Mr. Balch's enterprise and bespeaks for it that support which will ensure its success. A visit to the Acadia Tea Room on Saturday will encourage an institution which certainly deserves well.

FACULTY RECITAL

A Recital by Members of the Faculty of the Acadia Conservatory of Music will be given in the Baptist Church, Wolfville, Friday evening, November 2, 1923. The programme will include Piano-forte, Vocal, Violin numbers, and also Readings. Watch for fuller announcements. Reserve the Evening.

NEW \$2 DOMINION NOTE

A new two dollar Dominion note has just been placed in circulation by the Department of Finance. On the face or front of the bill is a new steel engraved portrait of his Royal Highness, the Prince of Wales, and the date issue is June 23rd, 1923, the last birthday of the Prince. The new note is of striking design and is altogether one of the most artistic that has been issued by the department in recent years. The back carries the new coat of arms of the Dominion. The color printing on front and back is in a pleasing shade of olive green.

The new Prince of Wales issue will be gradually placed in circulation and will in time supplant the old Connaught \$2 note which has been in circulation since 1914.

Mr. Fielding has submitted to His Royal Highness for his acceptance the first issue—No.1—of the new issue.

DEVOTED TO THE INTERESTS OF CANNING AND VICINITY

**NEWS OF CANNING**

The Canadian Girls in Training, and the Tuxis Boys, held a delightful farewell reception in honor of Rev. H. T. Wright, and Mrs. Wright, in the vestry of the United Baptist Church, on Tuesday evening, Oct. 9th, J. Dunlop, principal of the High School, presiding. The C. G. T. and Tuxis Boys were organized by these their leaders, whom on this occasion they desired to honor, and who since their sojourn amongst us have taken a very active part in the young life of the community. The program consisting of readings by Miss Constance Adams, Miss Nellie Eaton, Miss Ada Reynolds; Vocal Solo, Miss Ona Ward; Vocal Duets Miss Eaton, Miss Ruth Bigelow, Miss Leila Blenkhorn, Miss Begelew; was much enjoyed. Supper was followed by music and games. Mr. J. Dunlop, on behalf of the young people, tendered an expression of appreciation to the Pastor and his wife, to which Rev. H. T. Wright responded expressing deep regret over their departure, and thanking the C. G. I. T. and Tuxis Boys for an evening of pleasure, which afforded an opportunity of saying Good Bye to these young people. The meeting was followed by prayer and the National Anthem.

Rev. H. T. Wright and Mrs. Wright, left on Thursday of last week for Halifax, to the regret of the community. Previous to their departure, they were guests of Mrs. Newton Eaton.

The Debt Destroying League of United Baptist church held its regular meeting on Tuesday.

Mrs. Starr Eaton was the hostess at the weekly meeting of the Ladies Aid Society of Christ Church, held on Tuesday.

The Dramatic Club, at their annual meeting held on Tuesday evening, Oct. 9th, decided to ask for a renewal of their lease of the Armories and will begin work on a play at once. This means much to the town which has no community hall as it makes it possible to have available at any time a suitable place of meeting. This should be appreciated by our citizens.

Owing to a new chimney being built in Christ Church there was no Sabbath Service this week.

Mr. Donald Messenger, of Acadia University, spent the weekend in town, guest of Mrs. Starr Eaton.

Miss Vivienne Porter, of the teaching staff of Billtown, spent the week end with her parents Mr. and Mrs. Wallace Porter.

Mr. Cyrus Steele, who was employed this week as highway work, is the guest of Mr. and Mrs. Avery Wood.

Mr. Robertson, who was visiting his sister Mrs. L. M. Ward has returned.

The friends of Major Frederick Borden Eaton, son of Mrs. Starr Eaton of this town, are congratulating him on his promotion to Colonel. Colonel Eaton is stationed at Esquimaux, B. C.

Miss Mabel Archibald, returned missionary from Chicaco, India, addressed a union meeting of the Baptist and Methodist church on Saturday afternoon which was of much interest, and greatly enjoyed. Miss Archibald, who was in native princess costume, showed many beautiful curios. The members of the Baptist Mission Band, leader, Miss Marion Eaton, held an interesting pageant, contrasting native and medical work, which deeply impressed those present. An expression of thanks was extended to Miss Archibald and to the Baptist Band for an afternoon of pleasure and instruction. While in town Miss Archibald was the guest of Mrs. Newton Eaton.

Dr. Hutchins, of Wolfville, a former beloved Pastor, occupied the pulpit of United Baptist church on Sabbath evening his forceful and helpful discourse being listened to by a large congregation. Mr. Bert Irving rendered two beautiful solos.

Mrs. Bertha O'Brien held the second of her classes in the instruction of basketry in the Vestry of the Methodist church on Friday evening. The Boy Scouts are showing much interest in the work.

Mr. Lawrence Eaton, of Wolfville, was the guest for the week end of Mrs. Newton Eaton.

Miss Geraldene Blackburne, of Mass. who has been visiting in town, left for Halifax to visit her sister, Mrs. Brown. Miss Blackburne and Mrs. Brown leave in a few days for St. John, where they will spend two weeks, after which Miss Blackburne will spend the winter in Halifax.

Mrs. Bell, of Halifax, spent the week end in town.

Thieves are robbing our poultry yards, one farmer losing a large number of thorough bred leghorns.

Dr. Cecil Brady, who has been visiting Mr. and Mrs. Isadore Brady, returned to Mass. on Saturday.

Miss Lou Lovett, Messrs. Seldon Smith, Burnell Eaton, of Acadia, spent the week end at their homes.

Mrs. Ezra Reid, North Kingston, is the guest of Mr. and Mrs. Fred Jodrie.

The young son of Mr. and Mrs. Bernard Burbridge, who is under going treatment at the Childrens Hospital, Halifax, we are glad to learn is improving.

Mr. and Mrs. Wallace Steele are being congratulated on the birth of a daughter.

Messrs. E. McLellan and William Shaw, Kentville, are guests at the Waverley, while engaged in work for Samuel L. Chipman, contractor.

The Habitant members of the Debt Destroying League, of United Baptist church, were the hostesses at a delightful Succotash Supper held at the home of Mr. and Mrs. Warren Parker, on Friday. The tables were attractively decorated, and the evening was one of much pleasure. The proceeds amounted to \$21.00.

A number of our young people held a picnic at Bishop's Point on Thursday.

Miss Esterbrook, St. John, who has been the guest of Miss Alice Rand, returned this week. Miss Alice Rand who has been visiting Rev. A. J. Prosser, and Mrs. Prosser, Bridgetown, returned on Thursday.

Messrs. Herbert Lyons and Horace Grant, who went west with the harvesters, returned on Saturday.

Mrs. Thomas Watson, who has been visiting Mr. and Mrs. W. B. Burbridge, returned on Thursday.

Mr. Thomas Wood, formerly of Annapolis, has leased the store of Mr. Fred Jodrie, and on Friday opened a restaurant, and tea room. Mrs. Wood left on Saturday for Lynn, Mass., to spend a few weeks with her daughter, Mrs. Odell.

Mrs. Alfred Bennett who has been ill has improved in health.

On Thursday evening, Canning Citizens' Band, held an open air concert, which although the evening was cool, attracted large numbers. The program was well rendered and enjoyed.

Miss Harrison, Macan, is visiting Mr. and Mrs. Reid Pelton.

Mr. Theodore Ellis, son of Mrs. Alfred Ellis, who has been on a business trip to Niagara, has returned to Montreal.

Mrs. Gaetz, of St. Thomas, Ont., who has been visiting her daughter, Mrs. Lester Melvin, left for Halifax on Monday.

**KINGSPOINT**

Mr. Woodworth, Yarmouth Station Agent, is relieving during the vacation of Mr. Glover, who with Mrs. Glover, is spending a few days in Halifax.

Mr. and Mrs. E. C. Dickie, have returned from Steviacke, where they were guests of Mr. and Mrs. Lee Dickie, and from visiting at the home of Mrs. Dickie in Halifax.

Miss Hope Smith, St. John, who has spent ten days in Kingsport left for Halifax on Thursday, where she will visit her sister, Mrs. Howe.

Mrs. Sarah Ellis is the guest of Mr. and Mrs. Arthur Ellis, Kentville.

The services in the Congregational church on Sunday were conducted by the Pastor, Rev. Mr. Crosby, Rev. Gordon C. Brown conducting the service in the Episcopal church.

Mrs. Arthur Taylor entertained delightfully on Wednesday evening, Oct. 10th, the Women's Institute of Medford, Pres. Mrs. Robert Palmer, presiding. The Institute decided to place sign posts along the road from Medford to Kingsport to aid motorists. Mrs. Delbert Munro and Mrs. George Fluck rendered a duet, which was much appreciated.

**SHEFFIELD MILLS**

Mrs. Alfred Ellis entertained delightfully the Women's Missionary Society, of Upper Canard Presbyterian church, on Thursday, Pres. Mrs. G. A. Logan, in the chair. Mrs. Arthur Dickie, delegate to the annual meeting held at Halifax, gave an interesting report. A social hour was spent at the close of the meeting.

Miss Bertha Black returned to Fredrickton on Saturday after an enjoyable month spent in Sheffield Mills and Canning.

ning.

The store of the United Fruit Co., was again broken into, and tobacco and other articles stolen.

Mr. and Mrs. Frank Irving were the guests of honor at a delightful surprise party held under the auspices of the Women's Institute, on the occasion of the 25th anniversary of their marriage. The Pres. Mrs. David Ellis, on behalf of the members, presented Mr. and Mrs. Irving, with a suitable address which was accompanied by a beautiful silver mounted dish, to which they feelingly replied, thanking the Institute for their expression of appreciation and gift.

Mr. Clarke Ross, we are pleased to learn, is steadily improving from his recent fall.

Mr. Harold Fellows, Sheffield Mills, underwent a successful operation at the V. C. Hospital, Halifax, on Thursday and is improving. Mr. Fellows has returned from Halifax.

**HABITANT**

Noticable improvements, have been carried on in Habitant Cemetery. The poison ivy is being treated with malagash salt which is proving effective. The collector Mrs. E. F. Avery, is much encouraged, over the contributions that are coming in, some of which are coming from friends from afar, whose dear ones are laid to rest in this their former home.

Mrs. Maude Broad, Denver, Colorado, and Mrs. Clara Gardner of Brantford, Mass., are visiting Mr. and Mrs. Fletcher McBride.

Mrs. W. F. Newcombe, Brooklyn Corner, who has been visiting her daughter, Mrs. Wiley West, Medford, is the guest of her daughter, Mrs. John Ross.

**"SHOWER" AT HABITANT**

One of the prettiest showers of the season was held at the home of Mrs. Edward Eaton on Monday afternoon, at Habitant, in honor of Miss Vera Cox, daughter of Mr. and Mrs. E. B. Cox, whose marriage to Mr. Arthur North, son of Mr. and Mrs. R. W. North of Canning, takes place the end of October. Mrs. Eaton was assisted in receiving by her daughters, Miss Alice Eaton and Miss Laura Eaton. The rooms were lovely with a profusion of white flowers. As the "bride to be" entered the room the wedding march was played by Mrs. John Ross.

The guests, numbering more than fifty, then assembled in the dining room where from the centre of the ceiling festooned with yellow and white streamers hung a beautiful shower bouquet. Falling thro a circle of yellow and white flowers, the ribbons fell to the floor with tiny bouquets, artistically arranged along the border. The table with its cloth of white was strewn with flowers, in the center of which was a bridal bouquet. The gifts which were distributed by Mrs. A. B. Harris, and Mrs. W. L. Newcombe were accompanied with good wishes, cleverly arranged in verse.

Mrs. R. A. ... Mr. William Newcombe, Mrs. Ira Cox, ...

Mrs. Owen Davidson, were assisted at the tea hour by Misses Isabel Meek, Mable Hickey, Winnifred Ellis, Laura Eaton, Alice Eaton, and Ada Reynolds. The gifts were very beautiful testifying to the esteem in which the young couple are held.

**UPPER CANARD**

Mr. Howe Clarke, Ottawa, who has spent a vacation with his parents, Mr. and Mrs. Levi Clarke, returned on Friday.

Mrs. C. G. Reynolds, and Miss Reynolds, guests of Mrs. Arthur Dickie, have returned to Canning.

A large number from Canard attended the reception given in honor of Dr. W. B. Woodworth and Mrs. Woodworth, of Kentville, the occasion being the 50th Anniversary of our beloved Doctor's entrance into the medical profession. Canard has a special claim on Dr. Woodworth and Mrs. Woodworth, as they former home was here.

Rev. G. A. Logan, who was appointed to declare the pulpit of the Presbyterian church, Wolfville, vacant, held Union Services in the Methodist church, Wolfville on Sabbath evening, and addressed the united congregations in the Presbyterian church in the morning, both services being largely attended. Rev. A. D. Sterling of Brookfield, occupied the pulpit of Upper Canard Presbyterian church, at the Sunday services, a large congregation listening to convincing sermons.

Miss Crowell, Halls Harbor, is visiting Miss Belle Sheffield.

Mrs. C. W. McFadden left on Tuesday for Regina, where she will visit her daughters, Mrs. W. F. Wyndean, and Mrs. S. R. Curtain.

Miss Ruth Sheffield spent the week end with her parents, returned to Somerset, where she is a member of the teaching staff.

**CANNING DRAMATIC CLUB**

To the Editor of THE ACADIAN

Dear Sir,—Will you permit me space in your paper to say a few words about the Canning Dramatic Club. This Club has been working now for several years in the hope of getting some money for a community hall in Canning. During this time the club has leased the Armouries, this being the best available hall. Many people who use this hall think that the club is trying to make money for itself out of the hall rents and have objected to the fees. Let me remind them that it would be hard to rent a hall in any other town in Nova Scotia at the same figure. If the people of Canning want a community hall they had better get together and help the Dramatic Club all they can.

## An Interesting Bit of Railway History.

Above, "The Dorchester." Left, the "Sampson," another early train, used at Alban Mines, claimed to be the first locomotive used in America. Right, one of the most modern of locomotives, as used by the Canadian Pacific Railway in passenger service.

THERE has been considerable speculation as to what the first railway train to be run in Canada really looked like. People have exercised their imagination considerably in drawing what they thought it looked like but the most authentic and reliable picture that has been preserved is the one reproduced above. The original is the property of Mrs. A. J. Wright, of St. Johns, Que., who has kindly permitted it to be photographed and reproduced. It was drawn from careful sketches of the original engine and cars, and can be depended upon as giving an exact outline of Canada's first train.

Interest centres in the engine which was named "The Dorchester." It is described as follows in Wishaw's "Railways of Great Britain and Ireland": "Cylinders, 9 in. in diameter, 14 in. stroke. Drive wheels, two pair coupled, 48 in. diameter. Length of boiler, 78 in., and 37 in. in diameter. Length of fire-box 18 1/2 in., width 43 in., depth 28 in. Total weight of machine in working order, 12,544 lbs. The cost of the engine was \$1,500.

The Dorchester was built in Stephenson's works, Newcastle-on-Tyne, and came to her destination via New York City, the Hudson River, Lake Champlain and the Richelieu River, being transported on a barge. In after years she was rebuilt, fitted out with a funnel, a cab, a bogey truck and a cow-catcher. She finished her days in the service of the Lanorale and Industy R.R., running between Lanorale and Joliette, Que., and when this railroad was absorbed by another the Dorchester was ruthlessly broken up for scrap.

With this engine the first railway in Canada, the Champlain and St. Lawrence Railway, running between St. Johns and Laprairie, Que., a distance of 14 1/2 miles, began operations on July 21st, 1836, when it was formally opened by His Excellency the Earl of Gosford. Owing to an accident to the engine a few days prior to the opening, it was thought safest to attach only two cars to it for the opening run. In these the more distinguished guests rode while

THE BUSY TEN DOLLAR BILL

Mr. Brown keeps a boarding house. Around his table sat his wife, Mrs. Brown; the village milliner, Mrs. Andrews; Mr. Black, the banker; Mr. Jordan, a carpenter and Mr. Hadley, a flour, feed and lumber merchant.

Mr. Brown took ten dollars out of his pocket and handed it to Mrs. Brown with the remark that there was ten dollars toward the twenty dollars he had promised her.

Mrs. Brown handed the bill to Mrs. Andrews, the milliner, saying, "That pays for my new bonnet."

Mrs. Andrews in turn passed it to Mr. Jordan, remarking that would pay for the carpenter work he had done for her.

Mr. Jordan handed it to Mr. Hadley, requesting his receipted bill for lumber.

Mr. Hadley gave the bill back to Mr. Brown, saying, "That pays ten dollars on my board bill."

Mr. Brown again passed it to Mrs. Brown remarking that he had now paid her the twenty dollars he promised her. She in turn paid Mr. Black to settle her bread and pastry account. Mr. Black handed it to Mr. Hadley, asking credit for account on his flour bill.

Mr. Hadley again returned it to Mr. Brown with the remark that it now settled the balance for that month's board.

Mr. Brown put the bill back in his pocket, observing that he had not supposed a greenback would go so far.

But, suppose Mrs. Brown had sent to the mail order house for her new bonnet, then the \$10 would have gone out of town and never come back.

The dollar that goes out of town never comes back, and the money spent at home is used to develop the community and help make improvements. If home trading were discontinued entirely there would be no towns in the country, and even the occasional dollar taken outside hampers the growth of the community.

HUSKY PUPS BORN AT CHATEAU FRONTENAC

1 and 2—"Over the Top." 3—"Makwahie." 4—"Nagik" was born in April and is considered the most promising of the litter. It will be seen that wolf blood runs strong in his veins.

THE Hudson Bay dog team which has been such a popular feature in connection with the winter sports activities inaugurated by the Chateau Frontenac at Quebec three years ago, shows promise of future teams of exceptional merit. Two very fine litters have been produced. On the morning of April 15th, the Indian who is taking care of them was delighted to find that Wobaska, a beautiful white female husky, had presented as her contribution to Quebec winter sports, three pups which very much resemble wolf whelps. One very fine pup developed rapidly and was named Negik. Wobaska was jealous of the attention showed the family of her team mate and, not to be outdone, presented the Indian with a litter of eight. Great hopes are entertained for the future of this litter as wolf blood runs strongly in the veins of Makwahie, the sire, a splendid beast of some 100 lbs. with shaggy grey coat, long vulpine muzzle, pointed ears and pale amber eyes glinting through narrow slits. Makwahie was born in the wilderness north of Lake Superior.

The Indian is already making plans for the training of this last litter and expects to have them partly broken in before the first snow. This is usually done by taking a trained leader and placing her in harness with the pups. At first, traces are attached to a light birch log and the initial try out usually results in a wild scramble, the pups going in various directions with the leader turning around with a puzzled look as much as to say "what's it all about." The tangle is straightened out to the accompaniment of a chorus of yelps but gradually the young ones come to understand what is expected of them, and as the team becomes more proficient the weight of the log is increased. By the time a sleigh can be used they are able to draw heavy loads. In the North Country they can draw with ease on a broken trail a hundred pounds per dog.

THE SULPHATED BATTERY

When a battery becomes sulphated because of neglect to charge it properly or because of low water in the cells it should be charged at a slow rate and discharged, the cycle being repeated until the battery is in good condition. Slow charging can be effected by operating the car with the

side lights or the headlights, during the day as well as at night. The set to use should be determined by the ammeter reading. When the ammeter hands begin to swing considerably past zero, the headlights should turn out. This will bring down the charging rate. If the machine is operated at a very high speed, it may be necessary to turn on the headlights to reduce the charging.

## PORT WILLIAMS AND VICINITY

Mr. and Mrs. M. K. Ellis, of "Hope Farm", spent Monday and Tuesday of this week in Halifax.

Miss Agnes MacKittick, of Canard, was the guest of her sister Mrs. L. N. Cogswell, of Belcher street.

Mrs. Ivan Lantz returned on Saturday from Margreville, where she has been the guest of her brother, Mr. Leon Cleveland.

Mrs. Annie Freeman returned from Halifax where she spent two weeks and is again the guest of Mrs. A. B. Rand.

Mrs. Susie Miner, of Scotts Bay, spent the week end with her friend, Mrs. G. C. Ellis.

Miss Hilda Thomson has returned home after her visit in St. John, visiting her two brothers.

Mrs. Shaffner, of Lawrencetown, who has been the guest of her daughter, Mrs. Chipman, at the Parsonage, left on Tuesday to visit friends in Berwick on her way home.

The Brown-Chipman wedding was the chief event of last week. Long before the hour the Baptist church was filled to overflow with friends and interested spectators. The artistic decorations, music and the handsome gowns of the wedding party and attendants made it one of the prettiest weddings ever solemnized in Port Williams. A large number of valuable gifts was received by the bride. Mr. and Mrs. Brown left on Friday by auto for their home in Palmerston, Pa.

Mr. Wilfred Howard, of Acadia University, was the guest of Mr. and Mrs. O. G. Cogswell on Sunday.

At the regular meeting of the Women's Institute Thursday last Miss Lilian Bishop, of Greenwich, gave an original paper on "Co-operation between parents and teachers". It was brim full of practical suggestions, common sense, and wit and should be an education to every parent who listened to it, especially the Psalm with its reputed endings "Don't criticize the teacher before your children".

Mr. Gower Reade motored from Middle Musquodoevit with a friend on Sunday calling on friends here.

Mrs. Beckman, of Halifax, is spending a few weeks with her sister, Mrs. John Donaldson.

Mrs. Margaret Newcombe, of Church Street, is visiting her brother, Mr. N. H. Newcombe.

Mr. Donald Ellis returned to Truro on Tuesday, where he entered the Senior class at the Agricultural College.

Mr. W. J. Lawson, of Cooks, Brook Halifax Co., is the guest of his sister, Mrs. Robert Murphy.

On Monday evening the regular class meeting of the "Kings Daughters" was held at Mrs. A. B. Rand's. When the Treasurer's report was read it was found that since February this class had raised \$132.00 on the pledge toward reseating the auditorium. An interesting program of music and readings was enjoyed and a presentation of a large handsomely ornamented birthday cake, a warm shawl scarf and leather hand bag with an accompanying address, was tendered Mrs. Margaret Beanson, the oldest member of the class, it being her 78th birthday. It came as a very great surprise to the recipient who responded in a few words. The hostess served cake and ice cream at the close of the meeting.

Mr. and Mrs. Weston Weaver of Rhode Island, are guests of their brother Mr. Fred Weaver. They made the trip in their auto.

Mrs. Joseph Edgar, of Toronto, and daughter Miss Annie, Anglican missionary to India, are visiting at the home of the former's sister, Mrs. Oscar Chase, Church Street. They are on their way to Halifax to attend the coming Anglican Missionary Convention.

Mr. Woodall, of Ottawa, has been the guest of his sister, Mrs. Mahon, at the home of Dr. Zwicker.

Miss Ellen Rand is visiting friends at Somerset.

Miss Christina Dewar has returned from visiting at West Gore and leaves soon for her home in Ontario.

## KINGS COLLEGIATE DEFEATS ACADIA

In an interscholastic Junior Rugby League game, played on the local grounds last Saturday afternoon, the fast team from King's defeated the speedy locals, 4 to 3, after a great contest. The two teams were about evenly matched and the result was in doubt until the final whistle blew. The visitors were favored to win as they scored an 11 to nothing victory over the locals the week before in Windsor, but the Acadia squad put up a great battle and it was anybody's game until the finish. Dr. Judd handled the game in his usual capable and satisfactory manner.

## BROWN-CHIPMAN

A wedding of unusual interest took place on Thursday evening, October 11th, in the United Baptist Church, Port Williams, when Miss Evelyn Marjorie, daughter of Rev. and Mrs. O. N. Chipman (resident pastor) was united in marriage to Mr. Harvey Edward Brown, M. S., B. S., of Marlboro, Mass. The bride who looked most charming in a gown of white satin, with conventional veil and orange blossoms, and carrying a bouquet of roses, was led to the altar by her young brother, Harold, a student at Acadia University. She was attended by her friend, Miss Lyda Miller, of Brookline, Mass. who wore a handsome gown of Orchid Georgette, while little Miss Geraldine Clark daintily performed the duty of flower girl.

To the strains of the Wedding March the bridal party was preceded by twelve young ladies, who were dressed in "rainbow" colors, each carrying a bouquet of flowers, forming a guard of honor, through which the bridal party passed. The groom was attended by his friend, Mr. Edwin S. Gernant, of Slatington, Pa. The impressive double ring ceremony was performed by the bride's father. The ushers were Messrs. Sydney Chipman and Ernest Shaffner, cousins of the bride. The church, which was tastefully decorated by the "Loyal Workers" S. S. Class (of which the bride was a member) with autumn leaves, ferns and a profusion of flowers, was filled to its utmost capacity. Miss Irene Gates presided at the organ, while Mrs. Howard Burbidge, of Canard, sang twice during the ceremony.

The bride is a graduate of Acadia Ladies' Seminary; the groom is a graduate of the Boston Institute of Technology, and now holds a lucrative position as plant engineer with the New Jersey Zinc Company, at Palmerton, Pa. The out of town guests were Mrs. J. E. Shaffner and family, Lawrencetown; Mrs. L.B. Shaffner and Mr. L. S. Shaffner and family, of Middleton.

The newly wedded pair received congratulations in the church vestry, which was also decorated for the occasion. The bride's travelling gown was of gray cloth with hat to match, and the happy couple left amid showers of confetti and good wishes for their future home, motoring via St. John, Moose Head Lake, Me., White Mountains, N. H., Mohawk Trail, Mass. through New York State, to Pennsylvania.

There will be Radio concerts at the Arena, Kentville, Friday and Saturday evenings, Oct. 19th and 20th. Here is your chance to hear a real radio concert. The instrument is supplied by Rockwell Ltd.

A splendid assortment of birthday Cards, including some very pretty booklets, just received at THE ACADIAN store.

**AN INTERESTING BOOK**

Miss Mabel E. Archibald, of Chicacole, India, who is spending a year in Wolfville and other Canadian points on furlough, has recently published in Toronto a very interesting book entitled "Glimpses and Gleams of India and Bolivia". This book was written primarily for the children of Canada, but its fascinating stories of the Telegu land are equally diverting for the adult reader. The illustrations taken from real life are numerous. Miss Archibald, who has spent twenty-five years in India, writes from the viewpoint of a rich and varied experience and presents her matter in an entertaining and original way. Mrs. Mitchell collaborates with the author to the extent of three chapters on the Bolivia Mission pioneers, of whom she is one.

## CANADA CARRIED OFF HONORS AT AMERICAN DAIRY SHOW

SYRACUSE, N. Y., Oct. 13—Canada proved her merit as a great dairy country yesterday. The Province of Quebec won first honors at the National Dairy Exposition yesterday with its Ayrshire Provincial herd in a stirring competition, in which New York was placed second, Wisconsin was third and Vermont fourth. Every State herd contest was won by Canada. The real achievement of Canada is proven by three blue ribbons. The Province of Ontario won in both Holstein and Jersey state herds, and Quebec first in Ayrshire state herds, winning against the finest cattle the United States possesses.

The triumph of Canada brought the competition in the dairying to a rousing finish in the coliseum.

## GREAT DROUGHT IN SOUTH AFRICA

Unless Rain Falls This Month No Cattle Will Be Left Alive

LONDON, Oct. 16—The Daily Telegraph's Vryheid (Natal) correspondent says South Africa is in the grip of a most disastrous drought. From all parts of the country come stories of hardship and loss. The northern part of the Orange Free State has been swept by a series of intensely hot and scorching winds causing fountains to dry up, while the hatching of locusts is on an unprecedented scale. At Bloemfontein, despite its unlimited water supply, it is hard to keep flowers and trees alive. Unless rain falls this month, no cattle will be left alive. Lambs are now being slain in order to save their mothers.

## ROOFINGS

Roofing for every kind of Building—Steep or Flat Roofs

### Barrett Everlastic Giant Shingles

For Handsome, Durable, Fire-Resistant Roofs

No better time of year than this to put a new roof on your camp, home or garage. Re-roof now—with Barrett Everlastic Giant Shingles.

They're mineral-surfaced in three shades—red, green or blue-black. Thanks to this mineral surface they are highly fire-resisting—need no painting or staining.

Barrett Everlastic Giant Shingles stand staunch and tight against storm and blizzard throughout the years. Their base is a heavy waterproofed roofing-felt.

You can lay these massive fire-resistant shingles right over the old roof. (Use 1 1/2" galvanized roofing nails.) They are made and laid 3 to a strip. Think of the savings in money, labor and trouble.

Come in and see these handsome, economical, fire-resisting shingles. Let us give you an estimate on a complete new roof. The cost is moderate.
