

ECZEMA

ECZEMA is not a disease of the blood, and therefore cannot be cured by internal treatment. The curative agent must be applied directly to the inflamed, itching skin. To know this is to save much time and suffering, for it is on this account that Dr. Chase's Ointment has been able to establish such an enviable record as a cure for eczema and kindred diseases of the skin.

Chafing and irritation of the skin is the usual cause of eczema. The irritation may be caused by the clothing or as the result of an injury of some kind. In some cases where the skin is extremely sensitive the frequent application of cold water or the use of impure soap is sufficient to set up an irritation of the skin which results in eczema.

But whatever may be the cause, of one thing you can be certain, that Dr. Chase's Ointment will effect a cure if used persistently. You are not experimenting when you use it, for it is known the world over as the most effective treatment for eczema.

With the Fingers! Says Corns Lift Out Without Any Pain

Remove corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you apply directly upon the corn a few drops of freestone, says a Cincinnati society.

It is claimed that at small cost one can get a quarter of an ounce of freestone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heeled footwear is putting corns on practically every woman's feet.

How British Socialists Would Settle

Would Let Every Civilized Dependency Choose Its Own Future

The British Socialist party has prepared a statement on the war for presentation at the International Socialist conference at Westminster on Tuesday and Wednesday. The statement declares that there is common responsibility for the war, and that consequently reparation must be from a common fund contributed by all the belligerents.

Other conditions laid down by the Socialists are that Mesopotamia must be transferred to Turkey; the German colonies must be returned there must be no action on the part of other countries to capture German trade in the people of Alsace-Lorraine to decide their own government, and a similar course to be applied to Poland, India, Egypt, Ireland and Algeria.

The working people are to be called upon to interpose to end the war,

OBITUARY

JOHN CASSIDY

The death of John, oldest surviving child of Robert Cassidy, occurred on Monday morning, of diphtheria, at the home of his grandparents, Mr. and Mrs. John Dutcher, with whom he lived. Deceased was a bright little fellow of five years. The remains were interred in St. Andrew's cemetery, Sunday afternoon, Rev. W. J. Bate officiating.

MISS ANNIE K. HARRIMAN

The death of Miss Annie K. Harriman, daughter of Mr. and Mrs. James Harriman, occurred Monday morning at the home of her brother William. Deceased was 36 years of age, and had been ill several months. Besides her parents she leaves four brothers: Stafford, at the front; Ples. Wm. and Phineas of the 73rd Regiment and Parker, of Chatham. The funeral was held yesterday morning, interment in St. Mary's church.

Miss Harriman will be much missed by a large circle of friends.

GEO. FRAZER

The death of Mr. George Fraser, barrister, occurred at his home in Chatham, Thursday night after only two days' illness of dysentery. The deceased was secretary of the Board of Health for a number of years and was a highly respected citizen. He was born at Cross Point, P. Q., 71 years ago, and was an honored member of St. Andrew's Presbyterian church. He was for many years an active member of the Highland Society of New Brunswick at Miramichi, and filled the office of President on several occasions. He is survived by a widow, four daughters, Misses Marlon and Edna, teachers in the town school; Miss Dorothy, nurse, at present on a visit to her home, and Mrs. Gordon Loggie, residing in the West, and two sons, —Roderick of Renfrew, Ont., and Lieut. Brydone, recalled from active service, and now at Winnipeg. Two of his sons—Lt. Archibald and Gunner MacDougall were recently killed at the front.

The funeral which was held Saturday afternoon, was largely attended. Services were conducted at the house by Rev. Dr. Wylie, assisted by Rev. D. Henderson and Rev. J. J. Pinkerton. St. Andrew's choir rendered the hymns, Peace Perfect Peace, and Asleep in Jesus, in a fitting manner. The pallbearers were M. S. Benson, Robert Murray, D. T. Johnstone, Robert Walls and R. A. Logie. Interment was at Riverside Cemetery.

which, it is asserted, was caused by the capitalists.

OVER 100 PERSONS KILLED IN AERIAL RAID TUESDAY

Bombs Dropped on Chatham, Seat of Huge Military and Naval Establishments.--- Victims Were Largely Seamen

In Monday night's air raid 107 persons were killed and 36 wounded at Chatham, it is announced officially today.

The victims were naval "ratings." Six airplanes took part in the raid. Chatham is on the east bank of the Medway, thirty miles southeast of London. It is the seat of immense military and naval establishments, including a vast dockyard, an arsenal and extensive barracks. In addition to the naval casualties one civilian was killed and six were injured.

The announcement follows:—"Lord French reports that last night's air raid was carried out by about six enemy airplanes, which proceeded up the south bank of the Thames estuary to Chatham. Bombs were dropped in the Isle of Thanet and in the Sheerness-Chatham area between 10.40 and 11.40 p. m. There are no army casualties. Civilian casualties reported at present are, killed, one; injured, six. The material damage was slight. Our machines went up and anti aircraft guns came into action, but without result.

"The secretary of the admiralty reports that in the course of the air raid last night the following casualties were caused to naval ratings:—killed 107, wounded '86."

Bowron-Davidson Wedding Tuesday

Popular Young Couple Wedded At Quarryville

At the Presbyterian church, Quarryville, on Thursday, Frank E. Bowron of Van Buren, Me. was married to Edna Mae, daughter of Mr. Allan Davidson. The bride wore a becoming dress of white satin and George crepe and veil, with orange blossoms and carried a shower bouquet of roses and lilies of the valley. Owing to the illness of the bride's father she was given away by her brother, Mr. Alexander Davidson of Derby, and was assisted by Miss Cousie of Fairville, N. B., who was

gowned in pink crepe de chene over shadow lace and wore a black and white hat and carried a bouquet of pink carnations and sweet peas. Little Miss Dorothy Ritchie of Frederickton made a charming flower girl, dressed in white silk and carrying a basket of sweet peas. The groom was supported by Mr. Allan Davidson, brother of the bride. The presents were numerous and beautiful. After the ceremony a reception was held at the home of the bride's father. The bride is a graduate of Victoria Hospital, Fredericton, and for some time she has been on the nursing staff of the Park Barracks Military Hospital, Mr. and Mrs. Bowron will reside at Van Buren, Me.

CANADA EASTERN

BUSINESS BRISK

Chatham shippers send out every month over 300 cars of freight, in spite of the shortage of cars. Inward shipments are of about the same volume. The Dominion Pulp Co. ships two or three cars of pulp every day. The Miramichi Lumber Co. have business enough for about eighteen cars a day. The W. S. Loggie Co. sends sometimes as high as seven cars of canned goods a week. Loggieville does a big business through Chatham. Add to this, the business done by the Nelson and Millerton shippers and shippers all along the line from Millerton to Boiestown, and the old Canada Eastern brings a lot of business to the C. G. R.

**Hon. A. Meighan
Promoted**

Sworn in Secretary of State to
Succeed Hon. E. L. Patenaude

Hon. Arthur Meighan was sworn
in as secretary of state and minister
of mines last week. Mr. Meighan's
promotion from the solicitor-general-
ship to a regular portfolio of the gov-
ernment has been expected for some
time. He succeeds the ex-Secretary
of State E. L. Patenaude, thus reduc-
ing the representation of Quebec
French-speaking electors in the cab-
inet to two, namely, Hon. Messrs.
Blondin and Sevigny. Mr. Meighan,
who will now have a salary of \$7,000
instead of only \$5,000 as solicitor-
general, will temporarily continue to
discharge the duties of the latter of-
fice. No by-election is necessary as
Mr. Meighan went back to his elec-
torate for re-election on accepting the
office of solicitor-general.

WHY NOT RAISE SHEEP?

There has been a big hay crop this
year and prices will range low. Why
not winter fifteen or twenty grade
ewes and a pure bred ram rather
than a mow of hay. The sheep will
prove the more profitable. The Depart-
ment of Agriculture can secure any
number of first-class high-grade ewe
lambs. Part of these will be select-
ed in New Brunswick and part will
be secured from P. E. Island sources.
Then they can fill all orders for pure
bred flock headers and pure bred
ewes. Some of these will come from
the local breeders and after this source
is exhausted an importation will be
made from the province of Quebec.
The price for grade ewes will range
from \$10 to \$15; for pure bred ram
lambs and ewes \$20 to \$25. Depart-
ment requires that with each order
the purchaser deposit a sum of money
sufficient to cover fifty per cent. of
the purchase price; the balance to be
paid when the stock lands in Freder-
icton. Those interested in this pro-
position should write the Livestock
Division of the Department of Agri-
culture, Fredericton (N. B.).

ened Tuesday with 250 students.

**Higher Pensions
For Soldiers
And Families**

Pending final action in regard to
pensions to soldiers and soldiers' de-
pendents, there is to be a flat in-
crease in the rate of pensions to meet
the increased cost of living. The
whole pension question, stated the
Prime Minister, was one that should
be dealt with by the new parliament
that would shortly be summoned. It
was a fact, however, that the cost
of living had materially increased in
Canada and the government deemed
it advisable pending final considera-
tion of the question, that there should
be a further allowance to those draw-
ing pensions. The proposed increase
would date from the beginning of
the present fiscal year, April 1st.

**Keep Children Well
During Hot Weather**

Every mother knows how fatal the
hot summer months are to small
children. Cholera, infantum, diar-
rhea, dysentery and stomach trou-
ble are rife at this time, and often a
precious little life is lost after only
a few hours illness. The mother who
keeps Baby's Own Tablets in the
house feels safe. The occasional use
of the Tablets prevents stomach and
bowel troubles, or if trouble
comes suddenly—as it generally does
—the Tablets will bring the baby
safely through. They are sold by
medicine dealers or by mail at 25
cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**TYPE OF MAN WHO
NEVER IS IN TROUBLE**

The chief of the St. Louis detective
force is a keen observer. He says:
"I am frequently asked what is the
type of the man who goes wrong.
The answer is that there is no par-
ticular type. There is a clear type
of man, however, who never is in
trouble. This is the man who lives
within his means, who saves a part
of his earnings each day and week
and year. It does not matter how
much, he lives within his income and
saves."

**Col. Mersereau Writes
From France**

Wastage of Canadian Troops at
the Front Is Great

A letter has been received from
Lt.-Col. Mersereau, who writes, in
part, as follows:
Canadian Base Depot,
France, Aug. 6, 1917.

My position here is not difficult,
but is so sincere. I am only too glad,
as you know, to take my part assign-
ed me in this great conflict. Since we
came here we have sent several
thousand men to the front. Just now
we have only about 500 men, mostly
casuals, at this base, many of whom
will never be fit for the first line
trenches again. No draft has reached
us from England for nearly a
month. We hear that the 5th Division
is coming soon but we cannot
see how it is to be kept up except
conscription act is passed and put in-
to force at once.

I have lately returned to the base
after spending tea days at the front
visiting the corps headquarters, the
headquarters of the Second Division
and of the 6th and 5th and 4th Bri-
gades, as well as many of the bat-
talions forming those brigades. The
officers and men seem cheerful and
full of confidence that they can de-
feat the Huns if the home people
will be loyal to them and send them
the required reinforcements. The
wastage is something enormous even
when they are at rest, not so much
from shell fire as from diseases such
as diphtheria, rheumatism and pneu-
monia. Our medical service is com-
plete and these illnesses do not
prove fatal very often, but they put
the soldiers out of action for long
periods, sometimes altogether, mak-
ing it necessary to have new men to
fill up the ranks.

"I was under shell fire for several
days and must candidly confess that
it was hard on the nerves, especially
when one tried to sleep with the
drum beating and whistling and ex-
ploding over one's head, when the high
explosive got in its deadly work try-
ing for our batteries of heavy or siege
artillery near at hand. One soon gets
used to these things, however, and
can sleep soundly amidst the most in-
fernal din that rocks the sleeping
place to its foundations and shatters
its walls with bullets and shell splin-
ters.

I am returning officer for the Al-
berta elections this week. The sol-
diers and nurses elect two members
at large; twenty one candidates are
nominated and every soldier or nurse
that came from Alberta and had been
there six months before he or she en-
listed, has a vote. The polling lasts
ten days to give every one a chance
to vote without neglecting any duty.

Laurier's Platform

Voluntary Enlistment Only.—No
Conscription.—Union After
An Election

In a letter to Mr. Frank Wise, hon.
secretary of the Win the War League,
Toronto, Sir Wilfrid Laurier de-
clares:

"In the new parliament I hold that
it must be the duty of the majority
leader, whoever he may be:
(1)—To confer immediately with
Great Britain and her allies with a
view to ascertaining how and to what
extent the participation of Canada
can be utilized to the greatest ad-
vantage in the prosecution of the war
regard being had on the one hand to
the necessities of the allies for men,
and on the other hand to our popu-
lation, resources, industries, geogra-
phical and other essential considera-
tions.
(2)—To bring into being a govern-
ment composed as far as possible of
the ablest men in all classes whose
immediate task would be the efficient
and non-partisan organization of the
whole nation on the lines determined
upon.
(3)—To organize a vigorous and
compact system of voluntary enlist-
ment conceived and carried out in
strictly non-partisan and broadly na-
tional methods.
(4) To devise and apply ways and
means so that the full duty of Canada
be generously performed toward our
returned soldiers and their depend-
ents, the wealth of Canada compelled
to contribute its just and proper
share of our burdens; and the mass
of the people efficiently safeguarded
from the greed of the war profiteers."

WHAT AN AMATEUR HAS DONE

Mr. W. C. Allison has a farm at
Rothsay. Last fall he purchased
six grade ewes and a pure bred Shrop-
shire ram lamb. This spring he
sheared an average of eight pounds
of wool from his ewes and he had a
lamb crop that averaged 15-6 lambs
per ewe. Wool sold for 60c that is
each ewe gave a wool crop valued
at \$4.80. Lambs are easily worth \$10
a piece this fall, that is equivalent
to \$18.30 from each ewe for lambs,
thus he received a total of \$23.10
from each ewe for wool and lambs.
This is an exceptional case and the
high net income could not have been
secured if he had not given his
stock careful attention. He sheared
his ewes in the breeding season
before the big lamb crop.

Tenth Baptist District Meeting

(Continued from page 1)

The fact that the church must keep abreast of the times, that the church should be open every day in the week, and that it should adopt its program to suit the needs of the whole family, young and old.

Tuesday morning's session was opened by devotion led by Rev. H. E. Allaby. His subject was "Jesus Only."

Tuesday afternoon session, after devotional, a paper was read by Mrs. H. E. Allaby on "Social Service Suggestions for the Rural Church." It was well thought out, well written and well presented.

Rev. S. Gray of Newcastle followed with a paper on "The Family, Altar and the Five Year Program." His address was illustrated by many lively illustrations and pictures enjoyed by all.

Tuesday evening the last session, was addressed by Rev. S. W. Stackhouse of Doaktown and Rev. Milton Addison of Petticoke.

Mr. Stackhouse delivered a burning message on the "Need of Evangelism in our churches."

He reminded his hearers of the chief business of the church to win souls. He left the impression that this aim should be the great concern of every Christian.

Mr. Addison spoke on Isaiah 34-36. His sermon was a strong appeal to avoid the judgment of God and accept His Mercy instead.

The district meeting showed the work in good condition and gave all present an inspiration to do better. Nine additions to the churches by baptism were reported since last meeting in June.

The Italians have captured the position of Balmatia Plateau, south of Acwigo.

Call to First Class of Recruits

Proclamation Will Soon be Issued Under Act—Single Men and Widowers Under 34 to Come First

An Ottawa dispatch yesterday says: A proclamation will shortly be issued calling on the first class of recruits under the Military Service Act. This comprises all single men and widowers between the age of 20 and 34. The military service is to be in daily session, the work to be done being the preparation of lists of names and forms of military report. The latter are to be issued to men who do not apply for exemption. When the proclamation is issued all men in the class called out will be required, within a specified time, to report for service.

The names will be available at all post offices and at the Dominion

Must Report To Various Tribunals

Men Who Neglect to Report Themselves Will Be Treated as Deserters

Ottawa, Aug. 31—Eleven hundred and seventy-six tribunals have been elected to deal with exempting applications under the military service act. They are distributed as follows: Ontario 427, Quebec 300, Manitoba 83, Saskatchewan 57, Alberta 110, British Columbia 74, The Yukon 2, Nova Scotia 91, New Brunswick 47, Prince Edward Island 15.

By the provisions of the regulations now being drafted by the advisory board under the military service act, it is proposed that when the proclamation issue all who are affected must report to the tribunals, which will sit simultaneously as registration boards and also consider applications for exemption. Those who do not secure exemption will be drafted for service, and those who fail to report at all will be treated as deserters.

THE SHEEP OUTLOOK FOR 1916

This year wool sold for 60c and 70c per pound. Next spring it will be just as high and very probably higher. Meat prices will hold strong for years to come. If you are dubious about wool prices next year just stop and think where the wool for two million American uniforms is coming from. If you still fear low prices, think of all the blankets, and socks required for American and Canadian soldiers. If you fear low meat prices consider the huge standing armies that are, and will be training in the United States. It behooves us people who stay at home to provide these armies with food and clothing. We are face to face with a responsibility and an opportunity. Let us shoulder the responsibility and take advantage of the opportunity. We owe it to our Empire and we owe it to New Brunswick.

THE TONIC THAT BRINGS HEALTH

"Fruit-a-tives" Builds Up The Whole System

Those who take "Fruit-a-tives" for the first time, are often astonished at the way it builds them up and makes them feel better all over. They may be taking "Fruit-a-tives" for some specific disease, as Constipation, Indigestion, Chronic Headaches or Neuralgia, Kidney or Bladder Trouble, Rheumatism or Pain in the Back. And they find when "Fruit-a-tives" has cured the disease, that they feel better and stronger in every way. This is due to the wonderful tonic properties of these famous tablets, made from fruit juices.

U. S. To Have Big Army

The U. S. war department is preparing plans for the training of 100,000 officers at reserve camps during the next year. The general staff estimates that one officer is required for every thirty men in the service. The war department preparation, calculated on the general staff's estimate, indicate that the government is laying the foundation for an army of 4,500,000 in addition to the 1,250,000 already called through the Regular Army, the militia and the draft.

World Conference Of Women

An international conference of women from both belligerent and neutral countries will be held in Stockholm, Sweden, September 16-18. The conference will be of a semi-private nature.

The New Brunswick Forestry Unit

Sussex, Aug. 30, 1917

Dear Sir:—I am writing a few lines in connection with the N. B. Forestry O. S. unit and the gallant soldiers that have donned the khaki and are making excellent progress in training for the great struggle between Germany and Great Britain. The soldiers are comfortable and well fed. They are as good marchers as ever marched through Sussex in connection with other Battalions. They are away at an hour's notice to proceed overseas. Pte. Charles O'Donnell, who has enlisted the third time with the gallant boys and a dandy good soldier he is. The young fellow who has a first cousin in England suffering with wounds, says he will follow him and do his bit. Pte. David Stewart, who was in the 140th has joined the gallant boys, too, and is anxious to get overseas, for which we expect to leave shortly.

CATARRH CANNOT BE CURED WITH LOCAL APPLICATIONS, AS THEY CANNOT REACH THE SEAT OF THE DISEASE.

Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Cure is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Cure is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

Govt. Horses and Cattle to be Strown

In order to give the public an opportunity of seeing some of the live stock which is kept at the Provincial Government Farm at Truro, Professor Cumming has decided to show some of the beauties of the Farm at the Provincial Exhibition.

The recently purchased Standard Bred Stallion, "Captain Aubrey", 2.074, stands over 16 hands, weighs over 1200 lbs, has not only a fast mark himself, but has 14 colts in the 2.30 list, and 3 in the 2.10 list, and is probably the most famous Standard Bred Stallion in Canada.

There will also be shown some of the prize Clydesdale and Hackney Stallions.

Among the Ayrshire cattle shown will be the famous two year old heifer "McGregor's Laurie May", which stands at the head of all producers in Canada this year with a record of 13660.2 lbs. of milk and 638.4 of butter, also "Scottie's White Floss" with a record of 12186 lbs milk and 518.6 lbs butter; "East Court Merry Maid" with 9771 lbs milk and 598.3 lbs butter, and several other younger animals.

In the Holsteins, "Artis Rosie", a half sister to "Miss La Honder" (owned by S. Dickie & Sons, Onslow) with a performance test of 16318 lbs milk and 751.25 lbs butter, and a well bred daughter of "Ortis Rosie".

Also a half sister of "Ortis Rosie" who makes 15599 lbs milk and 619 lbs butter.

"Emma of Evergreen 2nd" with a record of 16737.6 lbs. of milk and 654 lbs butter, as well as some fine heifers.

This exhibit will all be stabled in one building, together with some of the products of the field, and will be one of the big attractions, not only to the agricultural and live stock visitors, but to the general public.

Frequent Headaches

People with thin blood are much more subject to headaches than full-blooded persons, and the form of anemia that afflicts growing girls is almost always accompanied by headaches, together with disturbance of the digestive organs.

Whenever you have constant or recurring headaches and pallor of the face, they show that the blood is thin and your efforts should be directed toward building up your blood. A fair treatment with Dr. Williams' Pink Pills will do this effectively, and the rich, red blood made by these pills will remove the headache.

More disturbances to the health are caused by their blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment, and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Muscles subject to strain are under-nourished and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders, try building up the blood with Dr. Williams' Pink Pills, and as the blood is restored to its normal condition every symptom of the trouble will disappear. There are more people who owe their present state of good health to Dr. Williams' Pink Pills than to any other medicine, and most of them do not hesitate to say so.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for 2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

PIG CLUBS FOR BOYS

Mr. Hetherington in charge of the N. B. Dept. of Agriculture, has arranged for Pig Clubs in the following counties: Queens, Northumberland, Kings and Charlotte. R. A. Snowball, of Chatham, is particularly interested. A club consists of ten boys in a community, carefully selected, and each boy agrees to the terms outlined by the Department regarding the feeding and care, and he also agrees to return one sow pig per year the first two years, which pigs will be used to form new clubs. Every pig must be registered. The boys of New Brunswick will be able in the future to supply a large quantity of piglets for breeding purposes. They also will learn a great deal about housing, feeding, breeding and selection. Every club will be assisted by Mr. Hetherington and the District Representatives. Meetings will be held, literature distributed and careful comparisons made. Special arrangements will be outlined whereby competitions will be open to these boys at Fall Fairs. For full particulars apply Dept. of Agriculture, Fredericton.

HOLD YOUR EWE.

LAMBS, THIS FALL. A number of farmers complain that a spring lamb will not give a lamb crop the first year. They will if properly attended to. Just as soon as the lambs are weaned turn them into a field of after-grass. Keep them growing and thrifty and just before the breeding season flush them out with a little bit of grain. This will insure a lamb crop the next spring.

Is the Small Car an Economy When You Have to Sacrifice So Much?

NEXT to buying a home, a car is perhaps the largest purchase you'll ever make. It involves real money. It ought to be correspondingly considered.

The amount involved in the purchase of an automobile is too big a sum to spend just on some friend's recommendation or some salesman's talk. Look at it as an investment. Think of next week, next month, next year.

Think whether you are going to climb out of the new car a week from now, tired and cramped because it is too small for touring—whether you are going to be able to take a few friends on a trip and have them comfortable—whether the car will stand up for years of hard service and ALWAYS be ready for use, and if you should desire to re-sell or trade in, will have the least possible depreciation from its original price.

Think of the future—think of the way you would buy your home—how you wouldn't let a few dollars stand between you and perfect satisfaction—then decide whether it is true economy to buy a car that you will soon find lacks the essentials of motoring satisfaction.

When you buy such a car you may save a little money on the original price, but you *must* make sacrifices.

In a Studebaker car you get power enough for any hill, power that will pull you through the deepest mud and sand; comfort at any speed, roominess that small cars do not have; and high quality materials and accurate workmanship combined with the accessibility and adjustability that actually make upkeep and operation charges for a period of three years *less than those of any small car.*

Think it over. Then see the car that is built to give *all* the necessary essentials at the lowest possible price, the car with a twelve months' guarantee.

Nearly every automobile manufacturer has made an increase in prices, but Studebaker prices still remain the same as they were last Spring. This further increases the value of Studebaker cars in comparison with all others, but the increased cost of materials and labor may force Studebaker to make an advance in prices at any time without notice.

ANOTHER NEWCASTLE BOY IN U. S. ARMY
Mr. Richard Donovan, son of James Donovan, of this town, but who for the past five years has been residing in the vicinity of Boston, Mass., has been drafted into the U. S. army and passed the physical examinations, according to word received by relations here.

A NEWCASTLE GIRL WAS SENT HOME
The two girls who were arrested by Marshal Saunders at Fredericton appeared before Magistrate Clayton at Marysville, Saturday morning, and pleaded guilty to a charge of vagrancy. In the case of one a fine was imposed and it was paid. In the other case a suspended sentence was given, provided she leave town and return to her home outside of Marysville for one year. This was agreed to and the town marshal placed her on the C. G. R. express with a ticket for her home in Newcastle—Tuesday's Gleamer.

FOR GAME WARDENS
Game wardens this season will wear neat metal bridges supplied them by the Department of Lands and Mines. The department is providing sportsmen and woodsmen generally with a neat little pocket whetstone. One has a celluloid covering containing the words "Prevent Forest Fires when in the Woods, Put Your Camp Fires Out, Do Not Drop Lighted Matches or Tobacco." The whetstone will be found very useful and will make a nice souvenir. The idea was worked out by Col. Loggie, the deputy head of the department.

A NEW ADVERTISER
In another part of today's paper will be found the advertisement of the Charles Fawcett Limited, Sackville, N. B., manufacturers of high grade stoves, ranges, and furnaces. For more than half a century this firm has been turning out thoroughly reliable and dependable goods which have become increasingly popular with the passing years. This company manufactures many lines and styles of foundry goods including the New Champion which is advertised in today's issue. The Fawcett Company have recently produced a thoroughly modern range called Fawcett's Imperial Double High Oven, which comes as near perfection as a range can possibly be. More information will be given concerning this range as time passes.

HUSBAND OBJECTS TO OPERATION

Wife Cured by Lydia E. Pinkham's Vegetable Compound

Des Moines, Iowa.—"Four years ago I was very sick and my life was nearly spent. The doctors stated that I would never get well without an operation and that without it I would not live one year. My husband objected to any operation and got me some of Lydia E. Pinkham's Vegetable Compound. I took it and commenced to get better and am now well, am stout and able to do my housework. I can recommend the Vegetable Compound to any woman who is sick and run down as a wonderful strength and health restorer. My husband says I would have been in my grave ere this if it had not been for your Vegetable Compound."—Mrs. BLANCHETTE JEFFERSON, 708 Lyon St., Des Moines, Iowa.

Before submitting to a surgical operation it is wise to try to build up the female system and cure its derangements with Lydia E. Pinkham's Vegetable Compound; it has saved many women from surgical operations.

A MEMORY OF EARL GREY

The famous pass in the Purcell Mountain Range. Earl Grey inset.

An interesting point has never yet been decided as to the permanent name to be given to the pass which leads over the Purcell Range between Lake Windermere and Argenta on the Upper Kootenay Lake. The late Earl Grey, who had a hunting cabin half way up the pass on Toby Creek crossed the pass on one occasion, with the result that the geographers named it after him. The original discoverer of the pass, however, was a prospector named Wells, and Earl Grey, who was always a thorough sportsman, wrote saying that he thought it a hardship to deprive Wells of the right to the old name of Wells Pass. To-day, however, the name of Earl Grey's Pass is still current, and remains in most of the maps. The British Columbia Government commenced to build a road over it, which, however, was badly damaged in the great washouts of 1915. This summer two venturesome tourists made the crossing though at considerable hardship, owing to the condition of the trail at Hammill Creek, on the western side. The following account of the trip appeared in the "Kootenian," of Kaslo, B.C.:

After a trip that they will not forget in a hurry, Dr. R. M. Carter of Rosland, and Henry Cody of this city arrived in town on Wednesday last week, after a somewhat dangerous jaunt across Earl Grey's Pass, and through Hammill Creek canyon. They had left Wilmer, in East Kootenay, about ten days before and made their way up the Toby Creek wagon road to the summit, and put in about one day exploring the huge Toby Creek ice field. Mr. Cody was well acquainted with the country up there, having mineral claims on the East Kootenay side, upon which he has been doing assessment work for years. The ground was not new to him, but it was virgin territory to the doctor. The latter stated that he had never before seen such magnificent mountain scenery. Having traversed a good deal over the surface of

the globe, he is in a pretty good position to judge as to what constitutes the real thing in the line of mountain scenery. "He found the Toby Creek glacier a particular inspiring and wonderful spectacle. They spent a day on top of this huge lake of ice, and only had a look over one corner of it. They started out in the early morning to promenade upon it, and walked for four hours steady, the going being rather good except for working around some of the crevasses and in the four hours' stroll arrived at the conclusion that they had not gone half way across it. So they returned down on this side of the pass and began to come down Hammill Creek. The trip from the pass, down was made in a driving rain, with the bushes soaked with water, so that they were soaking wet in a few minutes after leaving the timber line. The trail in places was so overgrown that it could scarcely be followed. A number of new slides had come down lately and piled the bottom of the valley with various debris, so that progress was at times necessarily slow. They managed to get through to the Argenta Mines compressor building and, camped at that point

over night. The following day was one of hardship, and extreme peril at times. Between the point on the Hammill Creek road where the trail to the St. Patrick group branches off, and the Argenta Mines compressor, all semblance of a road was wiped out entirely in places through the depths of the ferociously savage Hammill Creek canyon. Several times they had to improvise bridges to cross the roaring stream, said bridges being nothing but a convenient tree, which was felled with an axe. As Hammill Creek varies all the way from forty to eighty feet wide, and as the fallen trees sometimes sagged down into the towering torrent, the peril of such crossings can be better imagined than described, more particularly in view of the fact that both men had heavy packs, on their backs, that of Cody's weighing some sixty-five pounds.

At last, however, they gained the point on the canyon road where the trail branches off to the St. Patrick group, and from there on, comparatively speaking, the going was due unto that of a paved street. In due time they reached Argenta, and from that point were roped over to Lardo, where they connected with the barge "Empress" and came to town.

and it is said the government will yield with a view to peace negotiations before Christmas.

MARRIED YESTERDAY

AFTERNOON
A quiet wedding took place yesterday afternoon at the home of Mr. and Mrs. L. B. Stephenson, Kings street, Fredericton, when their eldest daughter, Elizabeth May, was united in marriage to Mr. Melvin Ross of Blackville. The ceremony was performed by the Rev. Mr. Sutherland in the presence of the immediate relatives. The bride wore a dress of navy blue silk with yellow georgette crepe trimmings and carried a bouquet of white roses and sweet peas. The bride and groom were unattended. Upon their return from their honeymoon through Upper Canada the young couple will reside in Edmeston.

RIGA IN THE HANDS OF THE GERMAN TROOPS

Russians in Their Retreat From the City, Leaving the Country in Waste, Burning Villages and Farms

Riga is in the hands of the Germans and its garrison and civilian population are in retreat eastward. Following up rapidly the advantage they gained in driving the Russians across the Drina River, on both sides of Kull, last Saturday, the Germans threw bridges across this stream and soon were on the heels of the former defenders, some of whom offered resistance, but others of whom showed the white feather, giving the invaders no trouble in marching up the eastern bank of the Drina toward Riga—fifteen miles distant. The disaffection and inability to fight so plainly, the sad farms, whether the city itself ordered an evacuation.

With the falling back of the Russians from the city proper and the advance of the Germans northward along both sides of the stream, the Russians still defending the western bank around Hablen seemingly are in danger of being caught between two fast moving bodies of the enemy and being made prisoner. Behind them the Russians in their retreat from Riga are leaving the country in waste, burning villages and farms. Whether the city itself remains intact has not yet been made known but doubtless the guns in the fortress and the ammunition stores either were removed or destroyed to prevent them falling into the hands of the Gleaner.

Ephraim Hayes Dead at Nelson

The Miramichi lost one of its best known citizens last week in the person of Mr. Ephraim Hayes, the well known merchant of Nelson, who was found dead in his bed by friends on Saturday evening. Few, if any, knew of his illness and his death came as a shock to his many friends. The late Mr. Hayes was a prominent Conservative and always worked hard at election time for the success of that party. Deceased was 49 years of age and unmarried. He leaves two brothers, John, with whom he was associated in business and Dr. Joseph Hayes of Nelson, also one sister, Miss Joanna Hayes, also of Nelson. The funeral took place on Monday afternoon and was largely attended. Interment was made in St. Nicholas cemetery. The pallbearers were John Sullivan, Harvey Thompson, John McCombs, Frank Carroll, Joseph Foley and James McEchren.
