Local Death Roll

Many Prominent Residents are Passing Away

MRS. E. G. LANGLEY

The people of Bridgetown and her friends throughout the Maritime Provinces and elsewhere were shocked to learn of the death of Alice, wife of Mr. E. G. Langley, who died at her home in Bridgetown at 12.30 Wednesday morning, aged 66 years. Mrs. Langley, after spending more than thirty years in the hotel business in Bridgetown, retired less than a year ago, she and Mr. Langley residing in their private residence on Granville Street. She had a very large circle of friends and acquaintances, was highly respected and a general favorite with all who knew her. Her health had been failing for a couple of years, but it was hoped that a general rest would restore it. She is survived by three sisters, Mrs. J. W. Salter and Miss Ada Munroe, of Bridgetown, and Mrs. Adoniram Rumsey, of Clarence. She leaves a husband, but no family. The funeral, which was largely attended, took place Friday afternoon, with interment in Riverside Cemetery. The services were conducted by Rev. M. S. Richardson, pastor of the Bridgetown Baptist Church, of which the deceased was a member assisted by Rev. E. Underwood, Rector of Saint James' Parish. The pall bearers were B. N. Messenger, T. B. Chipman, A. C. Charlton and Karl Freeman. The floral tributes were many and beautiful, showing the high esteem in which the deceased was held by her friends at home and abroad. The MONITOR extends its deepest sympathy to the bereaved ones.

MRS. EDWIN RUGGLES

Mrs. Ermina S., wife of Edwin Ruggles, Esq., Barrister, passed away peacefully at her home, Granville St., at 9.30 Sunday morning, aged 66 years. Mrs. Ruggles, who was one of the most highly respected ladies of the town, had always taken a deep interest in church and social affairs until the beginning of her illness two years ago. Her death although by times daily expected, has cast a gloom over a large circle of friends.

The deceased was a daughter of the late Charles Fitz Randolph, for many years proprietor of the big Randolph farm at Carleton Corner. Besides her husband she is survived by one son, Frank, of Winnipeg, and one daughter, Bessie, at home. She also leaves two step sons, J. W., manager of the Standard Bank of Canada, at Toronto, and E. D., who is at present in Winnipeg. Her only sister is Mrs. Owen Nelly, of Toronto, who spent the summer with her. Funeral takes place from St. James church at 3 o'clock this afternoon (Wednesday) with interment in Riverside cemetery. The services will be conducted by Rev. E. Underwood, rector of the Church, of which the deceased was a prominent member.

WILLIAM A. PICKLES

The death occurred at Nictaux Falls, Annapolis County, on November 12th, of William A. Pickles, aged 73 years, one of the oldest and most prominent residents of the Valley, after a lingering illness. The deceased was highly respected in the neighborhood and the funeral on Nov 14th was largely attended. Mrs. Pickles predeceased him by nine years, and four daughters and a son survive. They are Miss Bertha Pickles, of the staff of the Victoria General Hospital, Halifax; Mrs. A. B. Balcom, of Wolfville; Mrs. L. F. Heath, of Albany, N. Y., and Miss Margaret, of Boston, and George, of Fort William, Ontario.

OIL FOR LOCOMOTIVES

PARIS, Nov 26—The first locomotive on a French railroad to use oil was sent out on an experimental trip yesterday and hauled a heavy train with complete success. It is announced that railroads in this country have planned to alter their engines so as to use oil fuel instead of coal and that 200 locomotives will be thus changed.

Recent Weddings

A Number of Interesting Happy Events

PATTERSON—HOYT

The flag was hoisted early Wednesday morning on the MONITOR building in honor of a very pretty wedding which took place at the residence of Mr. and Mrs. W. J. Hoyt, Granville Street, at 9.30 a. m., when their youngest daughter, Nan K., was united in marriage to Mr. W. Henry Patterson, sales manager of the George Phillips Co., wholesale cut glass dealers, Montreal. The ceremony was performed by Rev. E. Underwood, Rector of St. James Parish, in the presence of a number of invited guests. The bride, who was given away by her father, was prettily dressed in white satin, and carried a bouquet of white roses. She was attended by Miss Marjorie Roberts, who was attired in pink crepe de chene wearing a large black picture hat with pink plumes and carried a bouquet of pink and white carnations. The wedding march was played by Mrs. H. G. Hoyt, of Sydney.

After luncheon had been served, the happy couple left via the west bound express and after a short wedding trip will reside in Montreal. The bride wore a travelling suit of navy serge with hat to match. The groom's gift to the bride was a handsome set of furs, to the bridesmaid a signet ring, and to the organist a cameo pin. The other wedding gifts were numerous and costly, showing the high esteem in which the young people were held. The bride for the past four years had been an obliging member of the Bridgetown Post Office staff. She had a very large circle of friends in her native town, all of whom join in extending best wishes. Among the out of town guests were Mrs. A. Patterson, mother of the groom, of Stratford, Ont.; Mr. and Mrs. Harry Hoyt, Weymouth; Mr. and Mrs. H. G. Hoyt, North Sydney; Mr. and Mrs. J. H. MacDaniel and Mr. and Mrs. C. M. Hoyt, Middleton.

BENT—INGLIS

A very pretty event was witnessed by a large number of relatives on the evening of November 25th at the residence of Mr. and Mrs. Fenwick Inglis, Tupperville, N. S., when their youngest daughter Mildred Dorothy was united in Bonds of Holy Matrimony to Stanley Whitman Bent, son of Mr. and Mrs. Herbert Bent, Belleisle, N. S.

The home was artistically arranged the colouring scheme of the dining room pink with green floral trimmings. The parlour done in branches of pressed autumn leaves, the drawing room in green and white and an arch placed of hemlock and white Chrysanthemums, the back ground of white ribbons hangings. As the organist Mrs. Howard Ray, rendered the wedding march four little girls (Misses Aggie Bent, Jean Inglis, Dorothy Swetnam and Mary Ingles, Dorothy Swetnam and Mary Ingles) dressed in white carrying bouquets wending their way to the arch staffs winding white ribbon forming the aisle through which the bridal party took their places.

The double ring service was conducted by Rev. W. J. W. Swetnam. The bride was given away by her father. She was becomingly gowned in a dress of white satin, with liver and pearl trimmings wearing the conventional veil and orange blossoms, carrying shower bouquet of white Asters and Asparagus, fern, of the bride Miss Lorna Inglis was bridesmaid, attired in pink satin with silk and jewelled trimmings and carried a bouquet of Chrysanthemums and fern, little Lois daughter, of Mr. and Mrs. L. G. Woodbury, cousin of the bride performed the honour as Ring Bearer, her little youth in a white satin fluffed dress, with a dainty head dress and streamers giving her every appearance of a little fairy. The groom was attended by his brother Roy.

After receiving congratulations a very dainty luncheon was served. The groom's gift to the bride was a gold wrist watch to the bridesmaid gold and ruby pendant; little ring bearers, set ring of Turquoise and pearl, the groomsmen gold fob and to the organist a brooch.

A STRANGER IN A GAS MASK STARTLED BRIDGETOWN

Held up Clerk Friday Night With German Revolvers And Took Till Money—Tried to Shoot Lawrence-town Merchant But Latter Chased Him Away With an Axe

A sensational affair took place in Bridgetown at 9.20 Friday night when a stranger, wearing a gas mask entered Howse's grocery and confectionery store and covered Johnson Howse with a revolver, demanding all the cash he had on his person and in the till, which consisted of about fifteen dollars. The clerk was alone at the time and unarmed and granted the burglar's request. After the burglar's departure Mr. Howse locked the shop and notified the policeman, whom he found in the dance hall in the Ruggles block. Mr. Howse describes the burglar as being a well built man, 5 feet 10 or 11, wearing a black overcoat. Wednesday night two stores were broken open in Middleton and a number of German revolvers and gas masks stolen.

Thursday night a young man about 19 or 20, about 5 feet six wearing a military button brown cap and brown overcoat, entered the general store of H. H. Whitman, Lawrence town, at 6.45 and pointing a revolver at Mr. Whitman, demanded his cash. Mr. Whitman refused the request. The

The wedding gifts consisted of numerous pieces of silver, cut glass china, fumed Oak Rocker and a very substantial cheque from the bride's father, also five other envelopes containing upward amounts. The Belleisle Division gave pieces of china and silver pyrex dish and many friends of Tupperville presented her with useful gifts at a shower given at the residence of Mr. and Mrs. L. G. Woodbury.

The bride's going away costume was a Salt's Plush coat with a set of Gray fox furs, the furs being a present from the bride's mother. Her hat was of Taupe velvet and tips to match with apricot lining.

The happy couple left with best wishes of future happiness on Wednesday express for Sackville to visit the groom's brother, enroute to Portland, Me.

PIGGOTT—MESSINGER

A pleasant event took place at the Baptist Parsonage, Bridgetown, Monday evening Dec 1st, when Rev. M. S. Richardson united in marriage one of Centrelea's most popular young ladies, Miss Blanche Messinger to Mr. Calvin Piggott, also of Centrelea. The bride who was unattended was prettily dressed in white silk. The happy couple left the following day for Boston and New York and after a bridal trip of a few weeks will reside at Centrelea. Their many friends extend congratulations and best wishes for a long, happy and prosperous wedded life.

RITCHIE—POTTER

A quiet wedding took place at St. Luke's church, Annapolis, Wednesday morning when Miss Lulu Jane, younger daughter of the late Andrew Ritchie, Moschelle, became the bride of Homer Parker Potter, son of Thomas Potter, of Upper Clements, the ceremony being performed by the Rector, T. C. Mellor. The bride is a niece of Mrs. Mary Kinney and of Mrs. M. C. McDormand of Annapolis and has been very popular among the young folks who all join in hearty congratulations and best wishes to both for their future happiness. The bride was married in her travelling dress, attended by Mrs. M. Kinney. A wedding breakfast was

revolver was clicked but failed to go off. Mr. Whitman immediately grabbed an axe and the young fellow turned and ran out the door. Mr. Whitman locked his store, got a revolver and searched the town for the stranger but failed to locate him. He then communicated with the Chief of Police at Bridgetown and all along the line.

Saturday Chief Police Gill went as far west as Clementsport on the south side of the River and as far as Granville Ferry on the north side, but could get no clue to the robbers.

A telephone message to the MONITOR from Mr. Boyd Bishop, Digby's Chief Police, announced that two strange fellows, in that town about ten days ago, who could not give a satisfactory explanation where they were going, were locked up overnight, but as there was no charge against them were allowed to leave town the following morning.

Chief Bishop describes them as follows: One aged about 35 years, height 5 ft 10 inches well built, wearing a black overcoat over fairly good clothes. The other about 19 years of age, 5 ft 6 inches, wearing a brown overcoat and brown cap. The young fellow wore a military button.

partaken of at the residence of Mrs. Henry Ritchie, of Moschelle, and the happy couple left for Halifax on the 1.07 train amid showers of confetti at the railway station.

CONWELL—LACEY

The marriage took place in Halifax on Thursday of Miss Margaret Lacey, a former resident of Annapolis to Frank Conwell, of Digby, where they will make their future home, taking with them the very best wishes of a large circle of friends. The groom is a C. P. R. clerk in their freight department on the Digby pier and is very popular and highly respected by a large circle of acquaintances. The MONITOR extends congratulations.

A TYPOGRAPHICAL ERROR

One That Made "Andy Break A World's Record"

Okotoks Review:—By one of those unfortunate but infrequent (?) mistakes which occasionally are made even in the columns of the Review, the birth of a daughter to Joe Price, was credited last week to Andy. With that laudable desire to avoid trouble for which the editor is noted, we carefully kept out of both parties' way and carefully inspected every visitor through a peephole while the devil interviewed them. Unfortunately we were on the street, one day and Andy saw us first. When he got through he comforted us with the information that what he had given us wasn't a circumstance to what we would get from Joe when he saw us. (Joe won't see us if we can help it.) Andy says we did it "a puppos." He requests us to look back over our file for the last five months and indignantly asks if we think he is trying to establish a world's record. He also says that he objects to having to stay out of town for two or three weeks until the matter blows over, and to locking his doors against his friends and neighbors who come over to inquire after the baby, and when they can't get in, make their queries through the windows.

VALUES IT MORE THAN A FORTUNE

Power Gains Eighteen Pounds. Rheumatism Disappears After Taking Tanlac

"I consider what Tanlac has done for me to be worth more than a fortune," said George Power, of Halifax, N. S., while talking to the Tanlac representative a few days ago. Mr. Power lives at 20 1/2 Rottenberg St., Halifax, has lived in Nova Scotia all his life and is a well known employe of the Nova Scotia Tram and Power Co.

"I've actually gained eighteen pounds since taking Tanlac, and I feel better in every way than I have felt in twenty-eight long years, and what's more I have spent hundreds and hundreds of dollars in medicines and never got a particle of good out of it," Mr. Power said.

"I had rheumatism in both my legs from the knees down, and in damp weather I had to stay in a home from work. My knees bothered me too, and I don't doubt anybody in the world ever suffered from rheumatism as badly as I did for it was just a sharp shooting pain that would go through my knees, down my legs and into my ankles. It was so bad I was sticking a knife through me. I would be in such agony that I would turn as white as sheet. When these attacks came on me I wouldn't be able to sleep a wink but would roll and tumble all night long, and my joints would swell and my knees would be as stiff as a board and I couldn't walk a step for two or three days at a time and would be laid up at home flat on my back with my knees so stiff I could not bend them at all.

"I noticed where Tanlac was being highly recommended by people right here in Halifax, so I decided to try it. And I wouldn't take anything in the world for the good it has done me. If anybody don't believe that I am a well man, and that the rheumatism has left me entirely and that I never feel even a trace of it, just tell them to see me. My appetite has picked up and I have gained in weight, and feel better in every way, and can sleep fine at night. Tanlac is the greatest thing I have ever seen, and I want you to publish this statement for I want everybody to know what this medicine will do."

Tanlac is sold in Bridgetown by E. N. Wear, in Middleton by Clifford A. Mumford, and in Bear River by L. T. Harris.

CANADIAN OFFICER'S INVENTION

A powerful fire extinguisher has been evolved from one of the most dreaded engines of trench warfare. The flam-thrower—used first by the German armies and afterwards by the Allies in retaliation against Boche frightfulness in throwing liquid fire, powerful gases and smoke clouds—has been reconstructed by the designer of this new fire-fighting machine, and is said to be superior to any chemical device yet discovered in combating petrol and other fires. It is understood that the British Air Ministry is investigating its usefulness in cases of airplane fires. Lieut. Percy A. Lawrence, the designer, was among the Canadians who returned to London from North Russia a few days ago. He is a native of Truro, N. S., and was formerly a train messenger on the Dominion Express.

Lieut. Lawrence is a nephew of Mrs. Zachaeus Phinney, of Paradise, and has many other relatives in this vicinity.

PURCHASED HALIFAX STORE

Henry Birks and Son, of Montreal, it is announced, have purchased the jewelry business of M. S. Brown and Company, Halifax and will add it to their chain of stores. The announcement follows that the same company has purchased the Davidson building on Barrington street for \$100,000. The Brown business is conducted on Granville Street.

Miss Josie O'Brien, of Clementsport, spent a few days recently at Mrs. A. Fraser's.

TWO IMPORTANT SUGGESTIONS

The Kansas legislature passed a law providing: "When two trains approach a crossing both shall stop and neither shall go ahead until the other has passed over."

This is like the Irishman who attended a public meeting called to discuss the building of a new jail. After listening to the arguments for and against the jail he broke out: Mr. President, I'm in a notion to make a motion. I would suggest we do build a jail. I would further suggest we take the bricks out of the old jail, put them in a new jail and let the old jail stand until the new jail is completed."

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freeze costs but a few cents at any drug store. Apply a few drops on the corn, calluses and "hard skin" on bottom of feet, then lift them off.

When Freeze removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

The Annapolis Royal, schr. A. W. Lamirre and the Digby schr. Dorothy M. Smart were in Yarmouth last Thursday. They haul for 25,000 and 30,000 lbs. of fish respectively.

One result of the recent visit to N. S. by the party of magazine and newspaper writers from the United States is the announcement that important contracts for fish supplies are likely to be given to firms in Digby next year by some of the large United States consumers.

The remarkable feat of running a ship nearly up to Quebec without a pilot was performed by the shipper of the Joazeiro, a vessel which has come for the Brazilian Government. It is said that the captain had never been in the St. Lawrence before and that he was unaware of the regulations and ran right past the pilot's ground.

Windsor Tribune:—The highest tide in the Bay of Fundy for twenty five years, or more, say reliable authorities, early last Sunday afternoon flooded the Water Street section of Windsor; broke through dikes along the Avon, St. Croix, Kenneteook and Cogmagun Rivers, inundated many square miles of dykelands, and resulted in damage to dykes and stacked hay which will run into thousands of dollars.

The schooner Flora M., Capt. Merriam, arrived at Digby on Sunday Nov. 16th, from New York with 260 ton of hard coal. She made a remarkable quick passage as she sailed Friday evening and arrived Sunday morning. On Saturday about 11 o'clock, while passing Half Way Rock some distance off, she sighted a derelict no doubt the unfortunate Digby schooner Annie Conley which has since been towed to Portland, from Digby the Flora M. goes to Parrashora to no into winter quarters.

A New York publication of recent date contained the news that the steamer Yarmouth, so familiarly known several years ago on the St. John Digby service, has again changed hands and her name changed to Frederick Douglas. Her crew consists of negroes and she will be operated by what is known as "The Black Star Line" and will run between New York and Cuba. The publication also contained an excellent picture of the ship with her black funnel and white band and the article was headed "The old Yarmouth is now the Frederick Douglas."

The Lunenburg Progress Enterprise says: A notable addition to the Lunenburg shipping fleet was made on Tuesday last, by the launching of a fine schooner at Church Point. At high tide—1 p. m.—the "Canadian Maid" slid gracefully from her ways into the waters of St. Mary's Bay, accompanied by the cheers of an immense crowd of spectators. The christening was done in a novel way by the use of a shower bouquet of choice flowers; the ceremony performed by the bride of the respective captain, who looked very much a statesman in her blue service uniform. The "Canadian Maid" of whom Dwyer Bros., Riverport, are the managing owners is of the following dimensions: 110 ft. keel, 28 ft. 8 in. beam, 11 ft. 6 in. depth; and is one of the finest ships ever built on these shores. She will be commanded by Capt. Milward Winters, a young man of much promise in the coasting trade; and will load shortly for a foreign port.

NEW SERVICE PROVES GREAT HOON

The new through train service inaugurated in October last by the D. A. B. is proving a great boon, and a most popular acquisition to this section, the minute line of travel. The magnificent Pullman car on this train is well patronized. It is a pleasant surprise to find so many leaving Halifax and waking up at Yarmouth ready for the day's activities. Travel over the line is remarkably smooth and does not disturb the slumber of the lightest sleeper. The inauguration of this service was certainly a clever move in the right direction.

EMERGENCY SEED SUPPLY

The consolidated balance sheet, covering the operations of the Canadian Government Seed Purchasing Commission for the past three years, has been audited and found correct. The total sums advanced by the Department of Finance for the purchase of seed supplies, on requisition from the Dominion Seed Commissioner, amounted to \$11,896,540.96, and the total of returns to the Receiver-General from the proceeds of sales was \$11,903,437.76. Net assets including seed grain in storage are valued at \$37,888.85. The salaries and expenses of the experienced Seed Branch officers comprising the staff of the Commission were not charged against the cost of the seed. The order-in-council which established the Seed Purchasing Commission directed that the seed supplies should be purchased, stored, cleaned, sacked, where necessary, and sold at the net cost as nearly as might be determined.

The business of the Commission covers the period beginning October 1916 and ending September 1919. It includes the purchase and sale of seed wheat, oats, barley, rye, corn, peas and beans, subject always to inspection as to the established grades for seed grain which were provided under the Seed Control Act. Inspection was administered by the Seed Inspection Division of the Seed Branch. Every car lot of seed purchased or sold was examined by seed inspectors, and samples were submitted for tests as to purity and germination by the Dominion Seed Laboratories at Ottawa, Winnipeg or Calgary. Delivery consisted of bill of lading, licensed weighman's certificate, seed certificate and sight draft.

This system of meeting emergency seed situations was adopted on the recommendation of the Seed Commissioner. It is based on the establishment of official seed grades for grain, and on the principle that municipal governing bodies supported by their Provincial Government are in the best position to deal with the extension of credits to needy farmers.

"MORE BEES, MORE FRUIT"

Without an exception experts on orchard fruits are recommending the keeping of bees in or near an orchard to assist in pollination. This course is recommended in addition to the planting of a certain number of trees of other varieties that are known to be pollinators in large orchard blocks of one particular variety. It has come to be recognized that bees are one of the most valuable assets that the orchardist can have and that the beekeeping industry should be stimulated and protected in orchard districts in every way possible. In fact, it will pay the orchardist to make a study of the beekeeping industry and to place as many hives as he believes will secure the necessary food in or near his orchard, regardless of the income he may secure from the honey.

This course has been advised by many prominent fruit growers in the Northwest. In Washington a campaign is being conducted to raise more bees and to protect them. In California the same action is being urged, while the matter is also receiving the endorsement and approval of a large number of growers in Oregon.

A good slogan is waging this campaign for increasing the number of these valuable insects would be "More Bees, More Fruit", and every orchardist should bear this in mind.

Corresponding secretary—Mrs. Max Newcombe.

Directors: Mrs. W. Warren, Mrs. M. E. Armstrong, Miss Mary Jost, Mrs. H. B. Hicks, Mrs. Samuel Wear.

Committee in charge of Clothes Bureau. Mrs. B. N. Messenger, chairman; Mrs. Magee, Mrs. F. Bath, Mrs. Stephens.

The Institute has established what they call a "Clothes Bureau" where partly worn or discarded clothing is handed in and used or made over suitable to provide several small neglected children with clothing so they can attend school. Also new material has been given and made into garments for this purpose and several donations of boots, etc., have been used in this way.

The following is a list of clothing, etc., which has been given away during the year:

11 prs. boots, 4 prs. boys' pants, material for 1 pr. pants, 6 small p. trousers, 2 petticoats, 2 dresses, 3 small girls' dresses, 2 house dresses, 1 skirt, 1 blouse, 1 night gown, 1 kimono, 1 dressing jacket, 4 prs. hose, 3 undervests, 6 girls' flannel-drawers, 5 girls' coats, 2 boys' smirts, 2 suits boys' underwear.

Meetings will be held every Thursday afternoon in the Council Room for sewing on this work and any members who can come and help are asked to do so.

Through the Institute during the year sufficient funds have been raised to entirely equip the Supervised playgrounds with games, swings, sand boxes, etc., and to pay for all the work connected with it.

Also arranged that the playground was supervised every afternoon during the vacation months from 2 o'clock until 5. A large part of this fund was raised by voluntary subscription. A list of subscribers has already been published. The following is a statement for the year just closed:

Voluntary Subscription to playground fund, 1919	\$147.65
July 19 Receipts from "Peace day" celebration per Mr. Gill	\$137.95
July 3 From sale of candy	\$ 2.30
May Paid to Mr. Gill for work done on playground	\$ 9.90
June M. H. Todd for candy for June 3rd.	2.60
June B. N. Messenger for candy for June 3rd.	2.65
July 5 W. Maxwell for candy for June 3rd.	9.20
July 22 Magee and Charlton for games for playground	95.00
Sept. 27 J. H. Hicks & Sons, material for permanent work on playground	88.68
Nov. 6 Cash in bank of N. S. \$77.47 and on hand \$1.00	78.47
	\$288.10

It is hoped to very shortly have a Sanitary drinking fountain placed in the School. This has already been ordered and there is sufficient funds on hand to cover the expense.

S. B. LESSEL, Secretary-treasurer

HALIFAX BOOMING

The City of Halifax is a scene of activity at present. The Tramway Company is spending a million dollars on new track, which when finished will be a decided and much needed improvement. Another million is being expended on two new schools.

A trip through the North-end is a revelation of industry. The Halifax Relief Commission are expending three million dollars on new buildings. The buildings are of hydrostone and present a very fine appearance.

WIRELESS FOR R. R. SIGNALING

PARIS, Nov 27—Successful tests of a new system of railway signaling, based on the principle of wireless telegraphy, were carried out yesterday in the presence of Albert Chevaille, Minister of Public Works.

What are Peps

Peps provide a new treatment for coughs, colds and lung troubles. They are little tablets made up from Pine extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down direct to the lungs, throat and bronchial tubes. The Peps treatment is direct. Swallowing cough mixtures into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps are revolutionizing the treatment of colds and their price is within the reach of all. All dealers, 50c. box. Send 1c. stamp for FREE TRIAL PACKAGE.

THE JOY OF MOTHERHOOD

Came to this Woman after Taking Lydia E. Pinkham's Vegetable Compound to Restore Her Health

Ellensburg, Wash.—“After I was married I was not well for a long time and a good deal of the time was not able to go about. Our greatest desire was to have a child in our home and one day my husband came back from town with a bottle of Lydia E. Pinkham's Vegetable Compound and wanted me to try it. It brought relief from my troubles. I improved in health so I could do my housework; we now have a little one, all of which I owe to Lydia E. Pinkham's Vegetable Compound.”—Mrs. O. S. JOINSON, R. No. 3, Ellensburg, Wash.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound. Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years experience is at your service.

40 YEAR ROOFING

No Rags or Tar in this roofing. Pure Asbestos and Asphalt. Cannot rot or dry out. Costs but little more than the ordinary kind. It is far more durable, as well as fire resisting, and just as easy to put on. Any other roofing would be totally destroyed by fire. Not so with Asbestone. It is not what is on a roofing, but what is in it, that counts.

AN INTERESTING WAR RECORD

(1) C. P. O. S. Empress of France. (2) The First Class Lounge. (3) The First Class Dining Saloon.

The latest addition to the great fleet of C.P.O.S. Steamships which ply between Canada and practically all the important ports of call in the world is the "Empress of France," before the war popularly known as the SS. "Alsatian" and one of the ocean grey hounds between Canada and Liverpool. The vessel has been reconditioned since the war ceased and recently completed her maiden trip to Quebec under her new name. The photographs here reproduced give an adequate description of her interior arrangements and fittings, and will compare favorably with the great Leviathans in this respect. The "Empress of France" has a length of 600 ft., beam 72 ft., depth (to D deck) 54 ft., 6 in., and a tonnage of 18,000 gross. A striking peculiarity is the cruiser's stern, which imparts a warlike appearance to the vessel. Her war record is one to be proud of.

The "Empress of France" as the SS. "Alsatian" was requisitioned for war purposes under Royal Proclamation immediately on her arrival at the port of Liverpool, midnight on the 6th August, 1914. After completion of discharge, the entire removal of all passenger accommodation and other woodwork, she was armed with 8-9 in. guns, commissioned and manned by a naval crew under the command of Captain V. Phillimore, D.S.O., and was attached to the 10th Cruiser Squadron on northern patrol duty, sailing from Liverpool on August 15th, at which port she has been based during the entire period of her commission.

From August to December, 1914, she remained as above stated, but in December she was made Flag Ship of the Squadron to which she was attached, and Vice-Admiral Sir Dudley R. S. De Chair, K.C.B., M.V.O., hoisted his flag, which flew up to March, 1916, when he was succeeded by Admiral Sir Reginald G. Tupper, K.C.B., C.V.O., who was succeeded in November, 1915, by Rear-Admiral C. W. Keightley Feuch, under whose flag she terminated her commission as an Armed Cruiser.

The Squadron to which she was attached, and later became Flagship of, consisted of 24 vessels, the majority of which were Armed, Mercantile Cruisers. The duties of the Squadron consisted of the stopping of vessels, boarding them and examining their papers, and should on examination they prove to be at all of a suspicious nature, a Naval Officer was placed in charge and they were taken into a United Kingdom port for closer examination. This simple application to any members of the passengers or crew, as each and everyone had to give a satisfactory explanation as to their nationality and business. Available records show that in all the Squadron intercepted some 16,000 vessels, but it is impossible to state how many of these proved to be engaged in work hostile to the Allies' interests.

In the early part of 1918, circumstances permitted of the 10th Cruiser Squadron being considerably reduced in numbers, and vessels so engaged being allocated to Convoy Protection Duty, the "Alsatian" signified amongst the number and being stationed on the North Atlantic route in such capacity. While so engaged she escorted nine convoys of about 20 vessels each, carrying an estimated number of troops per convoy of 30,000, principally Americans.

While engaged on Convoy Escort duties the "Alsatian" also carried troops and cargo, the number of former per voyage being about 800, and the weight of cargo per voyage between 2,000 and 3,000 tons. She made her last voyage on Government Service in November, 1918, sailing from Liverpool on the 14th, and re-docked at that port on December 11th, 1918, having steamed a total distance on Government Service of 266,741 miles and consumed 170,571 tons of coal.

On January 17th, 1919, she left for Glasgow, having been placed in the hands of her Builders—Messrs. Beardmore & Co.—by the Admiralty for reconditioning, being redelivered to the C.P.O.S. at the Port of Liverpool on Thursday, September 25th, and sailed for Quebec on Friday, September 27th.

Captain Outram, her captain when war broke out, was given the rank of Commander R.N.R., and acted in that capacity, which was of an advisory nature, under both Vice-Admiral Sir Dudley R. S. De Chair, K.C.B., M.V.O., and Admiral Sir Reginald G. Tupper, K.C.B., C.V.O., and was granted the D.S.O. for services rendered, being succeeded by Captain Cook at the same time as Admiral Tupper was succeeded by Rear-Admiral C. W. Keightley Feuch, Captain Cook was appointed Flag Captain, and granted a commission as Captain R.N.R., and new commands the vessel.

NEXT WEDNESDAY NIGHT'S SHOW

We are pleased to announce that Bishop & Bishop have succeeded in making a date with the Tom Marks Stock Co. which will present the "Golden Rule" in the Primrose Theatre, Bridgetown, next Wednesday evening, Dec 10th. This is one of the best companies on the road and has given excellent satisfaction in all the towns in which they have appeared. The Digby Courier says: "We write up we gave the Tom Marks Stock Company last week that company justice. We are sure that the company and its management will give us great pleasure to say that for general excellence it would be hard to beat the Tom Marks company. The audience was at first disappointed in having the play changed at the last moment owing to the sickness of one of the leading men, but the splendid work of the company and the really good vaudeville made them forget their disappointment in a few minutes. Seldom has Digby seen a better company and we can assure the Marks company that they will have full houses when next they visit us—and we hope it will be soon."

C. O. E. BANQUET AT DIGBY

Court Sea View, No. 773, C. O. E. held their regular meeting the evening of Nov. 25th. A number of candidates were initiated. After the business was transacted the meeting was closed and refreshments were served. Among the after-dinner speakers were Chief Ranger, R. C. Smallie; Vice Chief Ranger; George Trohon; Rec Sec., Sidney Dakin; Chap Guy Dunn; Fin Sec., J. A. Taylor and a number of others. McLeod Mills, organizer for Nova Scotia, was present and gave a history of the order which was appreciated by all. George Trohon favoured the meeting with a new impersonation entitled "Shopping at Kachak's" which was very funny in itself. The impersonation could be easily recognized by the members present. The impersonation was a great success and won great applause. The meeting adjourned with the National Anthem.

THRIFT STAMP ORGANIZER

Capt. F. W. Meelewright, Field Organizer for Nova Scotia in the Thrift Stamp and War Savings Stamp Campaign and for twelve months manager of the MONITOR (several years ago) has been addressing the different schools in the county on saving, and in all the schools so addressed, war savings societies have been formed. Today Nova Scotia stands on the position of being the first per capita of the province of Canada. Capt. Meelewright was in Bridgetown Wednesday and judging by the hearty handshakes, he has a host of friends especially among the most prominent business men of the town.

THE TIXIS SQUARE

The Tri Mu's Taxis Square held a banquet in the Methodist vestry on the evening of Nov 28, at six o'clock. All members were present and Rev. Mr. Swetnam was the boys' guest of honor. After a good feed they sang Taxis songs and had speeches from Mr. Swetnam and Mr. Archibald. The program for next week's meeting was then set.

The boys are very grateful to Mrs. Fay, Mrs. Price and Mrs. Henry Hicks, who set their table and served them. They also wish to thank the kind mothers who gave food and time for them.

Local Happenings

Don't forget the meeting of the Women's Institute next Thursday afternoon, Dec 4th. See adv. in another column.

Regular meeting of the town council was held Monday evening at which the regular routine business was transacted.

The W. M. A. S. of the Baptist Church will meet at the home of Mrs. Steele Crowe Tuesday evening, Dec 9th, at 7.30.

The officers and members of Autumn Leaf Rebekah Lodge enjoyed a special programme at their regular meeting Monday evening.

Two more communications received this week, without the name of the writers. They found their regular place, the waste basket.

The Bridgetown branch of the G. W. V. A. will hold a meeting in the Board of Trade Reading Room next Tuesday evening, Dec 9th, at 7.30 at which a full attendance of returned men is requested.

The annual December meeting of the Rural Deanery which opened in Bridgetown Monday afternoon finished its session last night, further particulars of which will appear in our next issue.

Rev. Wm. Driffield, rector of Digby and Rural Dean, of Annapolis, gave a very interesting lecture in St. James Church schoolroom Monday evening on "Nature's Little Workers" illustrated by drawings.

Don't forget that Mr. H. J. Logan, Esq., K. C., Ex-M. P. will lecture in the Demonstration Building, Lawrencetown, next Tuesday evening, Dec 9th, subject "A Closer Union of the Maritime Provinces."

A convention opens in Halifax this morning, closing tomorrow afternoon in the interest of the Old Home Summer and International Exposition. A list of good seapers has been provided, including, Mr. Thomas F. Anderson, of Boston.

The lieutenant governor in council has named December 9 as nomination day for the deferred municipal council election in Freeport, and December 23 as polling day, should there be a poll demanded. This is the district in Digby Co., in which they forgot there was to be a Municipal election.

We regret to have to be obliged to refer to our delinquent subscribers so often. But there is no excuse for so many being in arrears, and we regret to have to leave these small amounts for collection. If you are not paid to 1920 we expect to hear from you this week. Why put off another day when you should respond at once.

Owing to the Mass meeting to be held in the Methodist church next Friday evening in the interest of the Inter Church "Forward Movement" there will be no session of the St. James' Church Organized Bible Class, and the social gathering which was to have been held last evening under its auspices, has been postponed until Wednesday of next week.

A GOOD COUNTRY FOR FARMERS

(Annapolis Spectator)

Mr. C. Corbitt intends landing some people here in the future, not poor people but people with money. When a farmer can bring 1,000, of lumber and get \$32 for it, a ton of hay \$25, potatoes \$1.25, eggs 70 cents butter 60 cents, poultry from 40 to 50 cents a pound, it would almost make you think that our country is not as poor as some say it is.

People who talk about Nova Scotia being a poor country haven't much argument against the fact that S. B. Chute, in Berwick got 22,360 barrels of apples off his orchard this year, which at an average of \$2.50 per barrel earns \$55,750 in a single year, besides raising enough potatoes and other crops to more than cover the cost of running the place. And Mr. Chute does not own one tenth of one per cent of the orchard land of the province.

IT'S HARD TO BELIEVE.

We wonder if it could possibly happen in Bridgetown.

Here's one eligible for membership in the "Things That Seldom Happen" club.

An out of town gentleman called on the editor of the News, Sault, Ste. Marie, and asked to have his name put down on the mailing list. He tendered a \$10 bill in payment.

"Have you anything smaller?" asked the editor.

"Oh, don't bother about the change. Give me credit for a few years."

At \$1.50 a year the new subscriber is paid in advance for more than six years.

Real Live Testimonials

Given to Professor Hamilton of Hampton, N. S. Outram, N. S. Nov. 14th, 1919 Professor B. S. Hamilton: Dear Sir. It is with a grateful heart that I send in my testimony and hope that it may be the means of bringing some poor sufferers to health by encouraging them to take the same steps towards recovery. Nearly one year ago while assisting with farm work I was stricken with Rheumatic Gout in my feet. Later, when attending high school, the attack came so severe, that I had to walk with the aid of one crutch, then with two crutches and finally I was obliged to leave school and abandon all work. During this time I consulted four doctors receiving little benefit from either. For two months, under great difficulty, and with the help of two canes, I could take a few steps. Hearing of Professor Hamilton and the remarkable cures he had made, I went to see him. I consider him a Godsend to me, for, after taking the first treatment I began to improve, shortly I could walk with one cane soon I gave that up, and now having taken one month's treatment, I am cured and can walk anywhere. HOW THE T. EATON CO. OBSERVED ARMISTICE DAY

The big plant of the T. Eaton Co. Toronto, ceased work for two minutes Armistice Day when the 13,000 employees observed the interval in memory of the glorious dead who sleep on the battlefield of France and Flanders. The store, factories and warehouse were closed, and every door was locked on the stroke of 11 o'clock. In the centre of the main store the Eaton Choral Society sang the National Anthem and Praise Flow From Whom All Blessings Flow. Meanwhile the employees stood behind the counters; thousands of shoppers stood still, the men with bared heads while the women bent reverently. Another choir sang in the large furniture building. It was a deeply affecting scene, and many an eye was dimmed with tears. Schr. Flora M. is bringing a cargo of soft coal from Parrsboro for W. E. Van Blarcom, Digby. Schr. After you've rubbed and scrubbed and cleaned... O-Cedar Polish... The next question is how to keep the house looking all winter as fine and bright as it does the day you finish your Fall housecleaning. The answer is simple—you'll find it in the continual use of O-Cedar Polish. Not only is this great household help necessary to the housecleaning job itself—but necessary every day in the year for keeping the furniture and floors gleaming like new. We always carry a full line of O-Cedar Polish in all sizes from the 25c bottle to the \$3.00 can—also the O-Cedar Polish Mop—in two styles, each at \$1.50. We can furnish every housecleaning requirement—the broom, the brushes, the pails, the paint and varnish. Magee & Charlton Bridgetown, N. S.

Mac of the C. P. R.

To the thousands who pass through the gates at Place Viger Station, Montreal, year in and year out it is hardly necessary to introduce the genial official whose photograph appears above. To those who are not fortunate enough to be acquainted with him, we beg to introduce "Mac," the ever popular and courteous station master at Place Viger C.P.R. depot, the one dependable friend of the travelling public.

In a formal way, this official is registered as T. W. Maguire but to the travellers, he is "Mac." That's his name. The hundreds who spend their holidays up in the Laurentian mountains; the hundreds who have their summer cottages up the line, all know Mac and he knows them, and intimately. There are lots of little things that Mac does for his travelling friends that earn their everlasting gratitude. You see, Mac is not merely a station-master, but a man and official in attitude, but he is an advisor—a friend—to whom the patrons of the C.P.R. turn when they are in travelling difficulties. And they always get satisfaction. Mac is known to go out of his way to help the travelling public and it is doubtful whether any C.P.R. station official has more friends than has Mac. His temper never seems to suffer, despite the trying times he sometimes has and even the most humble traveller is assured of a courteous and kindly reception at Mr. Maguire's hands.

A Popular Man. When the trains bringing back the heroes of the war pulled in, many hands were shoved through the car windows to shake hands with Mac, who, being a veteran of 1885 himself, has always had a special spot in his heart for the "sold" laddies. Mr. Maguire was under fire in the rebellion of 1885 and has the medal and the Saskatchewan bar. He also possesses the good conduct medal and has been thirty years in the employ of the Canadian Pacific Railway. As a station-master, Mac is ideal. His courtesy, his friendliness and kind-heartedness have won for him the

esteem, not alone of the travelling public, but of his superior officers. He can enforce discipline but still retain his friends—surely an excellent quality.

Here's to Mac! Long may he preside over the destinies of the travellers who go and come in the Place Viger Station—From The Montreal Standard.

Political Railroading

Government operation of the United States railways is becoming more of a farce under peace conditions than it was in the most strenuous days of the war. It will be recalled that Mr. McAdoo recommended to Congress before he retired from the directorship of the railways that government operation should be continued over a period of five years, in order that the country might judge and pass judgment on the respective merits of government and private operation.

For the month of April the railways showed an increase in the volume of business of 4.9 per cent; but there was a decrease of 63.7 in net income. This loss in net was registered despite the fact that freight and passenger rates have been increased about 50 per cent, since the government took over the railways and began to operate them. The promising increase in net earnings during peace conditions proved to be false prophecy; there has been a steadily-increasing deficit.

During the first four months of the present year there has been a net loss for railway operation of \$185,000,000, notwithstanding the increased rates. The financial expert of the New York Times gives the following figures relating to government operation this year, taken from the records of the Federal Department of Railways:

In comparison with the three-year average upon which the government rents the railways there was an increase of \$130,000,000 in gross earnings and a loss of \$41,182,000 in net income. (This is for April only.) Over the four months of this year

there was an increase of \$447,950,000 in gross earnings and a decrease of \$174,412,000 in net income. The loss of 72 per cent in net earnings LEFT FOR THE GOVERNMENT \$65,804,000 WITH WHICH TO PAY \$240,216,000.

What more convincing object lesson of the failure of government ownership could be asked than those two totals, an increase of \$447,950,000 in gross earnings and a decrease of \$174,412,000 in net earnings? That means a difference of more than \$600,000,000 between government and private operation in the short period of four months, or of \$1,800,000,000 in a single year.

Part of that loss is due to mismanagement and part of it to padding the railroad pay rolls. Senator Cummings, formerly an advocate of government ownership, read statistics in the Senate recently to back his assertion that there were 200,000 useless men in the employ of the Railway Administration. He said the whole of them could be cut off without injuring the service in the least. In other words, there are more than 200,000 purely political positions under the railway management.

Little wonder that the Democrats have cut government ownership from their party platform and that even the radical supporters of Senator Johnson failed to make any mention of it in their "Progressive" platform. In 1912 and again in 1916 the Progressives made government ownership a headliner in their policies. Now the idol has fallen so low that none will do it reverence.—From the Los Angeles Times.

LAWRENCETOWN LIBRARY ASSOCIATION

Report of Annual Meeting Held Tuesday Evening, Nov 25th

The annual meeting of the Lawrencetown Library Association was held in the Demonstration Building on the evening of Nov 25th. About 200 representatives of the reading public were present. Dr. J. B. Hall, president, the music, conducted by Mrs. R. J. Shaffner and participated in by Mrs. Elvin Shaffner, Miss Ethel Shaffner, Mrs. Jameson and Mr. Malcolm Shaffner, was a pleasing feature.

In a characteristic address Dr. Hall showed the uplifting influence of the Association upon the people and pictured a rosy future for the community, when the matter of education should have sufficient emphasis. Mrs. S. E. Brancroft, the painstaking Librarian, gave an encouraging report. Six hundred and sixty books were in the Library. The first week 70 books were issued. Every week since over 100 had been taken out, and last week the number was 160.

Mrs. F. H. Beals reported for the Book Committee. This was the birthday party of Lawrencetown's youngest baby institution, Miss Library. She came into being about a year ago, and has proved a most vigorous and lively infant. The need had been feeling her or dollar and dime, and it was hoped that there was some degree of satisfaction in her development. The committee had endeavored to place before the patrons some of the best literature obtainable. With the generous gifts of books from some of our citizens, and other interested, including James L. W. Gardner and the T. Eaton Co., together with those purchased during the year, they were able to offer in their 660 volumes quite a wide range of subjects. The list included 20 volumes of the Encyclopaedia Britannica, 2 complete sets of English History, 20 volumes of Famous Events in History, Dickens' complete works, most of the works of Robert Louis Stephenson, Thackeray, Hawthorne, George Eliot, Poe, Ruskin, and other standard authors. There were also 20 volumes of poetry, a number of books relating to the world war, some books of travel, biography, science, nature study, education, religion and 200 volumes of recent fiction.

The treasurer, Mrs. Walter Palfrey, presented an encouraging statement of the receipts and expenditures from Dec 18th 1918, to Nov 25th, 1919, as follows:

PAYMENTS	
By membership fees	\$164.00
Proceeds from lectures	51.65
Contributed by members for books since Nov 1st	63.50
Donations and money from books returned	20.69
Fines for books overdue	14.75
	\$214.59

EXPENDITURES	
To Books and magazines	\$182.55
Lecturer's and hall	15.05
Stationery, stamps, postage, expressage and book case	27.82
	\$225.42
Balance on hand	\$89.17

The officers and committee for the ensuing year were elected: President, Dr. J. B. Hall, 1st Vice President, Dr. Vernon Morse, 2nd Vice President, Mr. Joseph Elliott.

A very pleasing feature was the address of the Rev. K. Grant, of Middleton who spoke on the companionship of books. Rev. I. A. Corbett of Paradise also spoke in complimentary terms of the success of the Association, and urged the importance of choosing good books.

Dr. Hall, for the Lecture Committee reported the engagement of H. Logan, K. C., ex-M. P. of Amherst, to deliver a lecture on the evening of December 9th, on Maritime Union. Then followed what proved to be a delightful hour, during which refreshments were served and the old favorite songs were sung. Mrs. Harry Bishop and Mrs. Vernon Shaffner acted as hostesses; Mrs. Freeman Bishop and Mrs. E. H. Freeman decorated the room; Mrs. Walter Palfrey, Mrs. I. C. Archibald, Mrs. Arthur Duncan, Mrs. H. FREE OF TERRIBLE KIDNEY TROUBLE

After Three Years of Suffering, "FRUIT-A-TIVES" Brought Relief

MADAME HORMIDAS FOISY
 621 Champlain St., Montreal.
 "For three years, I was ill and exhausted and I suffered constantly from *Kidney Trouble and Liver Disease*. My health was miserable and nothing in the way of medicine did me any good. Then I started to use 'Fruit-a-tives' and the effect was remarkable. I began to improve immediately and this wonderful fruit medicine entirely restored me to health. All the old pains, headaches, indigestion and constipation were relieved and once more I was well.
 To all who suffer from indigestion, Constipation, Rheumatic Pains or great Fatigue, I advise the use of 'Fruit-a-tives'!"
 Madame HORMIDAS FOISY.

ARMED CRUISER RECONDITIONED

(1) C. P. O. S. Empress of France. (2) A Corner of the First-Class Card Room. (3) A Part of a First-Class Bedroom Suite.

The latest addition to the great fleet of C.P.O.S. Steamships which ply between Canada and practically all the important ports of call in the world is the "Empress of France," before the war popularly known as the SS. "Alsatian" and one of the ocean grey hounds between Canada and Liverpool. The vessel has been reconitioned since the war ceased and recently completed her maiden trip to Quebec under her new name. The photographs here reproduced give an adequate description of her interior arrangements and fittings, and will compare favorably with the great Leviathans in this respect. The "Empress of France" has a length of 600 ft.; beam 72 ft.; depth (to D deck) 54 ft. 6 in.; and a tonnage of 18,000 gross. A striking peculiarity is the cruiser's stern, which imparts a warlike appearance to the vessel. Her war record is one to be proud of. The "Empress of France" as the SS. "Alsatian" was requisitioned for war purposes under Royal Proclamation immediately on her arrival at the port of Liverpool, midnight on the 8th August, 1914. After completion of discharge, the entire removal of all passenger accommodation and other woodwork, she was armed with 8-5 in. guns, commissioned and manned by a naval crew under the command of Captain V. Phillimore, D.S.O., and was attached to the 10th Cruiser Squadron on northern patrol duty, sailing from Liverpool on August 15th, at which port she has been based during the entire period of her commission.

From August to December, 1914, she remained as above stated, but in December she was made Flag Ship of the Squadron to which she was attached, and Vice-Admiral Sir Dudley R. S. De Chair, K.C.B., M.V.O., hoisted his flag, which flew up to March, 1916, when he was succeeded by Admiral Sir Reginald G. Tupper, K.C.B., C.V.O., who was succeeded in November, 1918, by Rear-Admiral C. W. Keighley Peaseh, under whose flag she terminated her commission as an Armed Cruiser. The Squadron to which she was attached, and later became Flagship of, consisted of 24 vessels, the majority of which were Armed Mercantile Cruisers. The duties of the Squadron consisted of the stopping of vessels, boarding them and examining their papers, and should on examination they prove to be at all of a suspicious nature, a Naval Officer was placed in charge and they were taken into a United Kingdom port for closer examination. This similarity applied to any members of the passengers or crew, as each and everyone had to give a satisfactory explanation as to their nationality and business. Available records show that in all the Squadron intercepted some 16,000 vessels, but it is impossible to state how many of these proved to be engaged in work hostile to the Allies' interests. In the early part of 1918, circumstances permitted of the 10th Cruiser Squadron being considerably reduced in numbers, and vessels so engaged being allocated to Convoy Protection duty, the "Alsatian" figuring amongst the number and being stationed on the North Atlantic route in such capacity. While so engaged she escorted nine convoys of about 20 vessels each, carrying an estimated number of troops per convoy of 30,000, principally Americans. While engaged on Convoy Escort duties the "Alsatian" also carried troops and cargo, the number of former per voyage being about 600, and the weight of cargo per voyage between 2,000 and 3,000 tons. She made her last voyage on Government Service in November, 1918, sailing from Liverpool on the 14th, and redocked at that port on December 11th, 1918, having steamed a total distance on Government Service of 266,741 miles and consumed 170,571 tons of coal. On January 17th, 1919, she left for Glasgow, having been placed in the hands of her Builders—Messrs. Beardmore & Co.—by the Admiralty for reconitioning, being redelivered, to the C.P.O.S. at the Port of Liverpool on Thursday, September 25th, and sailed for Quebec on Friday, September 26th. Captain Outram, her captain when war broke out, was given the rank of Commander R.N.R., and acted in that capacity, which was of an advisory nature, under both Vice-Admiral Sir Dudley R. S. De Chair, K.C.B., M.V.O., and Admiral Sir Reginald G. Tupper, K.C.B., C.V.O., and was granted the D.S.O. for services rendered, being succeeded by Captain Cook at the same time as Admiral Tupper was succeeded by Rear-Admiral C. W. Keighley Peaseh. Captain Cook was appointed Flag Captain, and granted a commission as Captain R.N.R., and now commands the vessel.

THE EMPLOYER

(WALT MASON)
 The man who owns the posthole works gets sympathy from none; we sympathize with all his clerks, who say they need more money; and with the artisans we sigh, when they tell the story, of how their children wait for pie and oysters on the shell. But for the owner of the place no pity can we spare though furrowed is his weary face, and graying is his hair. His grievances inspire no one, his troubles are a bore, though he's the man who bears the load, the man who walks the floor. He is the man who stands the gaff, who wrestles with despair, and while his merry workmen laugh, he tears his scanty hair. The toilers work eight hours a day and leave the factory door, and close around and sing and play, but he works twenty four. Oh, with the taxer we ween when he his woes has traced, whose limousine is poor and cheap, his diamonds mostly paste. And to the man who keeps the books, we all in pity draw and hear his tale, and says, "Gadzoos! There ought to be a law!" But pity seldom is bestowed on him who needs it more, upon the man who bears the load, the man who walks the floor.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?
 Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

DIED IN LYNN

Harding D. Porter, Veteran Grocer, Has Passed Away

(From a Lynn Paper)

Harding D. Porter, for more than 46 years engaged in the grocery and provision business at 9 Broad street, Lynn, and who retired from active business about a year ago, died early this morning at his late residence, 155 Queen street.
The deceased had been in poor health for the past few months, but had not been confined to his bed until about three days ago. His sudden death this morning was due to heart trouble.
The deceased was highly esteemed throughout the city and won for himself hosts of friends in business and in fraternal organizations.
He entered the grocery business in the firm of Porter & Taylor on Summer street. After four years there he spent another four years associated with Young & Porter, operating two stores, one on Broad street, where the E. S. Young store is located, and another on Market street, where Patterson's clothing store now stands. From there he became affiliated with Porter, Hanson & Co., at City Hall square, whence he entered the H. D. Porter & Co. on Broad street 22 years ago.
The deceased was a member of Golden Fleece lodge, A. F. and A. M., and of Sutton Royal Arch chapter; was past thrice illustrious marshal of Zebulun council, a member of Olivet commandery, and also served as past senior deacon of the Golden Fleece lodge. He was one of the most highly esteemed masons in the city.
He was born in Paradise, N. S., 69 years ago, and had lived in Lynn nearly all his life.
He is survived by a daughter, Mrs. Alfred T. Hawes, of this city, and two brothers, Thomas F. and Samuel F. Porter, both of this city.

THE FUNERAL

Simple and impressive were the funeral services of the late Harding D. Porter, who for more than 46 years, had been engaged in the grocery and provision business at 9 Broad street, held at his late residence, 155 Ocean street, Saturday afternoon at 2 o'clock.
The casket was hidden beneath a profusion of fragrant blossoms, suggesting the esteem in which the deceased had been held by his business associates and brothers in the several fraternal organizations with which the deceased had been affiliated.
Rev. Frederic W. Perkins of the First Universalist church officiated. The Harvard quartet, rendered "Nearer My God to Thee," "Able With Me," "Some Day We'll Understand."
The burial was in the family lot in Pine Grove Cemetery.
Conspicuous among the floral tributes were those from Golden Fleece lodge, A. F. and A. M., Olivet Commandery, Sutton Royal Arch Chapter, Zebulun council, Bay State lodge, I. O. O. F., from the employees at the E. J. Cummings' market, on Broad street, and many others from relatives and friends.
[The late Mr. Porter, above referred to, was a nephew of Mr. David C. Freeman, of Paradise.]

AT REST

Brother, your work is done;
The strife and struggle cease.
The victory is won;
You rest in quiet peace.

We close the weary eyes,
The pale, tired hands we fold,
But memory never dies.
When lives true goodness hold.
Your voice we hear no more,
In accents firm, yet low,
For you death open'd the door
Through which we all must go.
Inactive seems the will,
Alike the brain and heart,
But, they are conscious still,
Because of God a part.
Loved one, a short farwell,
For we shall meet again,
Where souls immortal dwell,
Forever more to reign.

Brother, we lay you down
Within the walls of earth,
Above awaits a crown
For merit, kindness, worth.
We lay you close to those
You know and dearly love;
Your bodies here repose,
Your souls have met above.
Good night, good night, good night,
We take one last embrace,
May God's eternal light
Shine on your calm, dear face.

REALLY A PLEASANT TASK

Bancroft Times:—Every once in a while some cheerful individual remarks to us: "Well, now that the paper is out, I suppose you can take it easy for three or four days." Yes, how delightful it is that a country editor has nothing to do between press days. Business runs along automatically. When paper bills come one money drops off the trees with which to pay them. Subscribers vie with each other to see who can pay the farthest in advance. Advertisers beg for additional space. And the way the news hunts up the edition is also pleasant to contemplate. There is something strange about the way the news items act. When the paper is out the editor simply goes back to his easy chair and looks wise and waits for next week's press day. The day before press day the people line up in front of the office door and they file past the desk and tell him all the news of the week. He writes it up in fifteen or twenty minutes, takes it back and hangs on a hook. The compositors take the copy and shake it over the type cases, say a few mystic words, the type flies into place, and after a few passes by the foreman the forms are ready for the press again. And the editor goes down and deposits some more money in the bank. It is the greatest snap in the catalogue. Now if the editor could only do away with the press day his job would be complete.

HOW THE WORLD LOOKS TO THE PESSIMIST

When the pessimist arises in the morning he feels sure in advancing he is going to nick his face a shaving or stick some tooth paste in his eye or something like that.
He feels convinced that at breakfast his coffee will be cold and the eggs not cooked to suit him.
Because he feels this way he does just exactly what he had expected to do, he cuts out a nice meaty ham from his chin, he declares the coffee is cold—though it is warm enough for all the others in the house—and he calls down the cook for the condition of the eggs although they have been cooked just as usual.
With this bad start the pessimist feels, as customary, that it is going to be an unlucky day for him.
He declares gloomily to himself that before the day is over he will lose a couple of customers and fall down stairs and break his neck or something.
Consequently he is in just the right mood to get the boss in a condition where a call down is inevitable.

He loses a couple of customers because he has told himself it is inevitable that he will lose them.
And he does fall down and nearly breaks his neck—but—just at the critical moment—a smiling optimist steps up and saves him.
Which leads us to a consideration of the way the world looks to the optimist.
The optimist arises in the morning with a tune on his lips and a gladsome smile upon his countenance.
He knows he is going to enjoy his breakfast, and because he feels that he is going to like it—seems one of the best breakfasts he ever ate.
He knows he is going to be paid by the boss and make new sales records during the day, and all that and—because he has this attitude toward his business—he gets what he expects.
And he feels that before the day is over he will help some poor sufferer who, as stated above, turns out to be the pessimist.
Pessimism and optimism are almost percent states of mind. How does the world look to you? Which are you?—Winnipeg "Tribune."

WHERE PRESS AND PULPIT MET

The Methodists of the Annapolis District were in council at Berwick on Friday and Saturday. Last Saturday morning's session was held in the sanctuary of the district meeting, the spiritual and financial objectives for the Methodist churches of the district were adopted, and details were left to the district executive to arrange, at a meeting to be held in Digby.
