RUSSIANS WIN BIG VICTORY NEAR UZSOK PASS

AN ELECTION PREFERABLE TO FACTION

"Yes, I've read Prof. Wrong's letter in the World protesting against a federal election at this stage of the war," said a prominent Conservative yesterday, "and in a way holding the Conservatives as a party responsible if the election is brought on. But he forgets—and this is the point—the Liberals are the real instigators, because they are carrying on a system of parliamentary attack on the Conservative government all along the line. They have been doing this in their press and in parliament, including the senate, almost since the war began, and their attack is growing in violence and in unfairness daily.

"The Conservatives cannot carry on the government, carry on the war, and hold their position as a party unless they accept the gage of battle thrown before them. We've got to fight for our lives in order to discharge the still greater task imposed on us of seeing that Canada supports the mother country with all her resources, including men. We have been balking in every way; to do our best we want a clear expression of the people's voice on what we've done and what we propose to do. We have no fear on what the result of the election will be; but we want to get rid of the unjust attacks and the unfair criticisms. We will be able to put our whole energy into the war once we have our hands free.

"The Toronto Globe is fighting Germany at times, but fighting the Conservatives all the time, and making mistakes for us at every point. We would not survive, nor could any party survive, an attack like that in the public accounts committee, and what will still more unfair, in the party press.

"As a party we know of mistakes, regrettable mistakes, made in the purchase of horses, in instances of boots, in the purchase of various other supplies; but, on the whole, we are not ashamed of our record in most of our affairs, in view of the rush conditions and our inexperience in the conduct of war measures, and we invite the judgment of the people—it is for this very reason that we are likely to bring out the election—and have the air cleared.

"We do not excuse the mistakes that have been made, like the horse deals in Nova Scotia, any inferior boots that were bought; we intend to ferret all this out and apply punishment, and enforce restitution. We intend to improve the system of buying, of doing away with patronage lists, of asking anyone, be the member or official, who has done wrong, to step down and resign. We're not going to justify what isn't justified, but we're going to improve. The stricter we are the better will it be for the life of our party in office.

"As for Sir Robert Borden and his colleagues they are moving on those lines and so are their friends. The party will carry no loads. And we welcome any help the Liberals may give us that will stop frauds, that will secure honest contracting and honest army stores of all kinds.

"An honest party can always purge itself, and that is what we are doing. We do not ask the people to stand for wrongdoing. We propose to stamp it out wherever it appears.

"Now, as to Prof. Wrong's saying that an election is uncalled for, that is where we take issue with him. It is the only way to clear the situation and to bring about sweeping reforms in the way of war betterments. We are not for graft.

"As to the conduct of his royal highness in the matter of a dissolution of parliament we are willing to leave that to him and to his responsible advisers. He will settle the question on its merits absolutely and according to precedent.

"I believe that the only way in which the Conservatives can carry out the task imposed on them—the greatest duty ever laid on a party—by the people of Canada is by our having our hands strengthened by a general election. There is no other way of answering the veiled and direct attacks made on us by the Liberal minority thru their accidental majority in the senate but by a clear-out declaration of the electorate that unnecessary and partisan interference by the senate with the popular majority must cease! We cannot successfully carry on the war with an irresponsible senate arrayed against us. They have changed all that in England and we must do the same here! The strength of Asquith, Lloyd George and Sir Edward Grey is the free hand they now have.

"The people of Canada have little idea of the burden on the government of carrying on the public business in the past nine months. The strain at times—especially on the premier and the departments especially affected—is so severe that they would gladly turn it over to others; only a sense of duty and a knowledge that the majority of the people are with them keeps them at the task. An election will do more than anything else to improve the situation and improve Canada's position. We must deal with the facts of the situation and not with theories. Without an election things will go steadily worse; with an election they will get better immediately and improve thereafter."

PARIS, April 13.—Count Zeppelin's secretary has made the following statement to a representative of the Constance Nachrichten: "Our air fleet now comprises 1,966 units, of which 28 are dirigibles. We have had far heavier losses than anticipated. Nine dirigibles have been put out of action since the beginning of the war, but the destroyed units have been replaced by new types, armed with long-range cannons and nitrate engines. By July 15 we are to deliver 15 dirigibles of great perfection type each being armed and capable of carrying two tons of explosive. With these we shall be able to undertake aerial London expeditions in the thickest fogs and on the blackest nights.

"We have just completed trials of a system for increasing the elevating speed of our dirigibles which will enable them to attain an altitude twenty-five times that of the best hitherto possible. We contemplate an excursion to London, not simply a reconnaissance like our recent Paris success, but a veritable war edition. We shall attack London with two squadrons of five dirigibles, regardless of possible losses. But we don't expect to undertake this great aerial attack until the new units are ready. That will be about August when the great offensive ordered by the Kaiser takes place. We shall employ a new process causing atmospheric perturbations which will make it impossible for the enemy machines to cross German lines without dropping like flies.

OTTAWA, April 13.—The following memo was issued by the naval service department today:

Volunteers are required for the royal naval air service. Selected candidates after receiving training in Canada will be despatched at once to England.

Men desirous of being considered for selection must be generally between 21 and 23 years of age and in no case over 30.

They should apply to one of the following officers either by letter or personally: Secretary Department of the Naval Service, Ottawa; captain in charge H. M. C. dockyard, Halifax; Esquimaux, from whom further details will be supplied.

Selected candidates will be required to obtain their Aero Club certificate at their own expense, but after arrival in England and proving to the satisfaction of the admiralty their competence to be a member of the third grade, and sent to England. Selection for commission will be made in England.

OTTAWA, Ont., April 13.—The remaining reports of Commissioner T. R. Ferguson were tabled today and they contain a mass of very damaging evidence concerning the alienation of the natural resources of western Canada under the late administration. One report deals with the trafficking in Indian lands by three government officials, Frank Pedley, James A. Smart and W. J. White, in which they made \$84,000 profit out of Moose Mountain Indian Reserve lands.

The commissioner states that hundreds of blank tenders were sent from Ottawa to Toronto to be filled in, and then returned to the department, where nearly all were accepted. It is stated that Pedley, then deputy superintendent-general of Indian affairs, White, immigration inspector, and Smart, deputy minister of the interior, had formed a partnership for acquiring and reselling Indian lands, which were offered for sale by the government.

PETROGRAD, April 14.—Extremely desperate fighting in the direction of Uzsok Pass resulted in an important victory for Russian arms, the war office announced tonight. The fighting developed with great intensity from the direction of Bardfield, in the direction of Stry and Russian corps advanced along both banks of the On-dawa River, south of Stropko. North-west of Teleshch, several heights were captured by a brilliant attack and nearer Uzsok, the success won brought with it the possession of the heights in the region of the Villages of Bukovitsa, Benef and Vysokonoy. Twenty-seven hundred prisoners were captured by the Russians in this section, including 53 officers. The Russians also captured one piece of artillery and 50 machine guns.

Battleship London Which Followed Drew Heavy Fire From Asiatic Side—Batteries on European Shore Silent.

LONDON, April 14, 2:12 a.m.—Reuter's Tenedos correspondent, telegraphing Tuesday, says:

The British torpedo boat destroyer Renard entered the Dardanelles yesterday on a scouting mission, and ran up the straits at high speed for ten miles, penetrating the waterway probably farther than any of the British ships have yet done. A heavy fire was directed at her, but the destroyer was not hit.

Battleship Under Fire.

The British battleship London, which followed the Renard into the straits, drew most of the enemy's fire. The batteries on the Asiatic side, especially the howitzers behind Erenkeui, were active, but those on the European side were quiet. Possibly the Turks have withdrawn part of their artillery on the European side in order to be able to mass it quickly in any spot the allied armies may choose for a landing.

The battery bombarded by the Triumph Saturday apparently is permanently out of action.

The weather is rainy and murky, hindering aerial reconnaissances.

Get the 'Clean-up' Habit

Who sets the pace, you or your neighbor? It certainly is wonderful how that "clean-up" spirit grows. Once it gets started on your street everywhere it goes. Saturday afternoon find Dad in his shirt sleeves, a rake in the front yard, a bonfire in the back and a wheelbarrow running between.

That's the outward sign of the inward feeling to clean things and keep them clean. Its everywhere at this time of year, and the object is to let the sun and moisture in at the roots, let the grass get a good start, giving the front and back lawn a neat, clean, healthy appearance.

Get out! Get the habit working on your street. A day's work now is as good as a week's two months from now. Make your own home the ideal spot in so far as clean surroundings are concerned.

WAR SHOULD STOP NOW

Public at Large Would Be Satisfied to Make Terms.

Special Cable to The Toronto World.

LONDON, April 13.—Mail publishes an interview with W. C. Davidson, New York Rhodes scholar, who has just reached England from Serbia and southwestern Germany. Davidson, who assisted in establishing a hospital at Krushevan, said:

"Whatever the German general staff wants the common people of Germany are undoubtedly ready for peace. Military authorities have not admitted to the public at large that the great objectives of the campaign have not been attained and are unattainable, but the people seem to come to realize all the same that Germany has shot her bolt, and they will be satisfied if they can hold what they have. They think they can do that—that those portions of Belgium, France and Russia in the hands of the enemies until the peace settlement. It would be going too far to say that Germany is disconsolate and hopeless about the war. That she is not; but one now-a-days gets the distinct impression that she would be satisfied with something like a draw. You will hear people say, 'we cannot be defeated, but we know now we cannot overthrow our enemies. It would be best for us if the war were to stop now.' Men are still going to the front, but with unmistakably less of the spirit which they did at the beginning. Troops march away to the fighting area now as a matter of inevitable duty. Enthusiasm is manifestly cooled off."

DENIES OFFICERS FEASTED ROYALLY

Neither Was Peremysl Over-garrisoned, Says German Correspondent.

BERLIN, via London, April 13, 6:35 a.m.—Leonard Adelt, correspondent of The Tagesblatt at the Austrian general headquarters, sends to his newspaper a denial of the charge that the fortress at Peremysl at the time of its capitulation was trebly over-garrisoned and that the officers had plenty to eat while the men hungered.

Herr Adelt, who professes to write on the basis of official information concerning the interval between the first and second sieges, says the garrison during the first siege numbered 85,000 men, as had been contemplated by the ante-bellum arrangements. The experience of the first siege, he adds, showed not only that the fortress could not have held less men, but also demonstrated the advisability of enlarging the works and increasing correspondingly the number of the defenders and workmen in it. This was done during the interval.

The soldiers and officers shared the same rations, Adelt says. "Neither bread nor cereals were supplied to anyone, even the commander," Gen. Von Kumanek.

"Feb. 3, 1915.

"The king has read the kind letter which you have sent him. He is deeply moved by your generous contribution of money for the relief of the Belgian people, and he wishes to express his sympathy to all those associated with your institution.

WILL BUY CARGO OF WILHELMINA

British Government's Decision Makes End of Knotty Problem.

LONDON, April 13.—The British Government has agreed to purchase the cargo of the American steamer Wilhelmina, and to compensate the owners for loss. An agreement to this effect was reached today between the W. L. Green Commission Company and the government.

The Wilhelmina, an American steamer, sailed from New York for Hamburg Jan. 22 with a general cargo of food products. She was taken into custody by the British marine authorities, since she was carrying contraband. Under the agreement of today Great Britain agrees to pay the price the owners would have realized on the cargo had it gone to Hamburg and also to compensate the owners for the loss sustained in consequence of the ship being stopped. The government will also pay for delay to the ship so far as this has been caused by the British authorities.

ARMY BRIGADE GOES TO SCARBORO THIS MORNING FOR FIELD DAY

Artillery Brigade Goes to Scarborough This Morning for Field Day. MUST KEEP OUT OF U.S. No Soldier in Uniform Can Cross Border Under Any Circumstances.

About 45 of the officers and non-commissioned officers of the second contingent, artillery brigade, will go to Scarborough this morning to hold a field day. The place selected is the high plateau just west of the town, and extending on each side of the Kingston road. The operations are to last practically all day and will include the firing of artillery, the use of gas, the throwing of "powder-puffs" which burst into a ball of smoke and represent the exploding of gas, and the interesting features of the day's work.

A tour of the suburbs was made yesterday by Col. W. A. Logie and Major C. Bickford, for the purpose of selecting a new place for the next field day to be held by the infantry. It will likely be held on Monday.

Camp Called Off. The arrangements for the 12-day camp of the Canadian Officers' Training Corps, to have been held at Scarborough from May 3 to 15, have been canceled, was a report at Exhibition Park yesterday.

Lieut. W. Ford Howland, divisional intelligence officer of the headquarters staff, has been promoted to the rank of captain. Official notice of his new rank has just been received from Ottawa.

Not in Uniform. A special order, issued yesterday afternoon, says that it is to be distinctly understood that no officer, N.C.O. or man is permitted to enter the United States in uniform, under any circumstances whatever, and that this particularly applies to officers, N.C.O.s and other frontier towns. The order is being read out on two parades.

An inspection of the Fourth Canadian Mounted Rifles was made at camp yesterday by Lt.-Col. C. A. Smart, commander of the second brigade, the Fourth C.M.R. form one-third of the brigade.

Major E. N. Harris, Army Service Corps, second contingent, who was dangerously ill with pneumonia, is doing very well at Welland Hospital and likely to be well enough to go to work to leave for his home at London, Ontario.

As ordered by Lt.-Col. J. T. Fotheringham, all the blankets at the camp are being sterilized with live steam, the process starting yesterday.

One hundred and thirty signallers for the wireless examination under Capt. S. D. Dunn.

The promotion is posted of Lieut. W. H. Robinson of the Railway Supply Battalion, to be captain (provisionally) of the West End Y.M.C.A. He has invited all contingent soldiers who are members and ex-members of the association to a dinner at the Y.M.C.A. on Friday, April 16, at 6.45 p.m.

Selection Made Yet. About one hundred doctors who wish to join the Royal Army Medical Corps have sent in applications to Lieut.-Col. J. T. Fotheringham, A.D.C., but no word has been received from him as to the number of men required from this military division or when required.

Color-Sergeant J. E. Oliver, Princess Patricia's of 107 Denison avenue, invalided home from the front, arrived in Toronto yesterday. He has 11 bullet and shrapnel wounds in his arms, legs and back. On March 15, with other "Fats," he charged a German trench and received wounds from which he was unconscious for a week. He was taken to a hospital in Belgium, and a medal and a star from France, and a medal and a star from England. His wife and a 2-month-old baby boy welcomed him home yesterday.

Doctor's Experiences. A fine description of the work of the medical men with the regiments at the front is given by Capt. G. G. G. in a letter to his parents in Union. He says that his dressing station is only half a mile from the trenches. Here he attends the wounded. The stretcher-bearers are a fine bunch. With the aid of his first aid kit, he looks after the water supply. He also looks after the water supply. He also looks after the water supply.

Another Canadian doctor, Major C. R. Preston, writing home to Napoleon, tells of being at the advance dressing station while a great battle was on. "You can't imagine what a hell of a sight it is to see hundreds of guns continuing to fire and your head from a hundred yards burst in the enemy's shells in return bursting all around," he writes.

Nobody Loves Huerta. NEW YORK, April 13.—Gen. Victoriano Huerta, who arrived here from the United States, was attacked tonight in a state general in New York for the time being, and was taken to the hospital. He was taken to the hospital.

MORDEN. The Tomodromos Company will be held tonight at 10 p.m. at the Pape avenue. It is a plan of campaign.

INDIAN LANDS RICH "PICKING" NO SCRUTINEERS GOING TO FRONT

Government Decided to Drop Proposal Owing to Objections Raised. DISCUSSION DRAGGING Amended Measure Likely to Reach Third Reading Today.

By a Staff Reporter. OTTAWA, April 13.—The house in committee today while the entire day and evening on the proposed bill, which was still under consideration at an early hour this morning. The measure is to be brought before the committee stages on April 15 for third reading tomorrow. Judge Doherty, the minister of justice, has been slowly plugging the bill through committee stages, but he is believed to be in the minority of the day, in which Sir Wilfrid Laurier, Hon. Wm. Pugsley, Hon. Frank Oliver and other leading Liberals participated.

Increased Grants. A grazing ranch lease in Alberta involved by J. Adamson, ex-Liberal M.P. A notification of 32,000 acres of land was made to the Dominion land commissioner, who is J. D. McGregor of Brandon, and the beneficiary is Adamson, who is a brother-in-law of Mr. Pugsley. The land commissioner, Mr. Pugsley, said that this land was held for a "proposed" purpose, who turned out to be Mr. Brown.

The discussion was desultory throughout. The one strong point insisted upon by the opposition was the necessity of votes in the field being taken under the direct supervision of the minister of justice. Mr. Pugsley's suggestion of a commission of three, one to be selected by the prime minister, another by the leader of the opposition and the third by the minister of justice, was not adopted.

Scrutineers Going. Judge Doherty on behalf of the government, turned down the commission idea, but declared his willingness to incorporate almost any amendment that might be suggested, provided it did not destroy the principle of the proposed legislation. It was of no use, however, he said, to propose a smaller commission, as the government would give up their contention that a commission must be appointed. In this connection the minister stated that the section of the bill which would permit railway men to provide for the sending of cruisers abroad would be withdrawn.

Mr. Pugsley (Montreal) pressed for an amendment to the bill which would permit railway men to provide for the sending of cruisers abroad would be withdrawn. Mr. Pugsley (Montreal) pressed for an amendment to the bill which would permit railway men to provide for the sending of cruisers abroad would be withdrawn.

After some discussion the amendment was declared out of order. Sir Wilfrid Laurier made the point that the bill should be amended so that the minister of justice should have no legal effect. If it were so, he could not be prosecuted for perjury, and he would be in a position to administer the oath without the conscience of the volunteer.

Mr. Turgeon (Gloucester, N.B.) thought the bill should go over until the spring session, and he was pushed thru at this time it was given notice to the country that we were on the eve of a general election.

Many minor amendments were suggested and accepted by the government. Judge Doherty amended section 1 of the bill, which relates to the vote in the field in several respects. Indeed so many changes were made, although nearly all of them were of little importance, that Mr. Pugsley described the bill as a "jumble."

Mr. Pugsley offered an amendment providing that the bill should not become operative so far as voting at the front was concerned until it was approved by the British secretary of state for war. This the government refused to accept after a prolonged discussion. A decision was given that the same amendment would be moved on third reading.

J. G. Turill said the bill would be still on paper unless it did meet with the approval of the British secretary of state for war, even the amendment to the B.N.A. Act required.

Section two containing nine clauses and dealing with the voting outside of Canada was then adopted.

Russian Triumph at Uzsok

Other general attack from East Prussia. FIGHT FOR UZSOK PASS. LONDON, April 13.—The gateways into Hungary are still barred, despite the tremendous hammering by the Russian forces, and as the Boskiss Pass is the less important of the two, strategically, a further advance into Hungary hangs upon the possession of the Uzsok Pass, where the invaders are meeting with a stubborn resistance.

Several days ago the Russians captured a position which gave them command of a road leading to the rear of the Carpathian operations is indicated by the half-hearted actions reported from the other sectors on the long eastern front, where the counter-offensive in East Galicia, which evidently was planned to divert the Russian efforts from the passes, seems to have been prosecuted with little energy.

The people of the dual monarchy are said to be greatly cheered by the number of German reinforcements passing through Budapest on the way to the Carpathian front to take part in the operations, which are now believed to be in progress. The German general staff, however, has been reluctant to admit that the whole campaign in the east pivots on Uzsok Pass, where the Austro-German forces are in such great strength that the efforts of the Russians to reach the Hungarian plains are likely to be pronounced.

Germany Defend Hungary. LONDON, April 13, via London, 7.30 p.m.—Messengers from Vienna say that the passage of a large number of German troops thru Budapest, on the way to the Carpathians, has somewhat reassured the Hungarian population, which had become alarmed by reports that a Russian invasion threatened.

The personal impotence of the Kaiser, however, has not stopped the Russian southern army which is invading Hungary. There has been terrific fighting since the end of last week for the possession of the mountain pass of the Strymunka road, which the Russians have taken. The Russian horde, backed by Kozlomoza and the immediate slopes near the road, but the Germans recaptured 922 Metre Hill. A close fight with great losses continues here, which is the only section of the eastern Carpathians remaining in the enemy's hands. SPOTTER TELLS OF FIREMEN DRINKING

Had Flask of Whiskey With Him and Made Regular Visits.

NOBLE WAS ON STAND

Denies Charges Read to Him Regarding Loose Discipline in Department.

Judge Denton, who is sitting on the fire department investigation, being held at the city hall, adjourned the session yesterday afternoon until Tuesday at 2 p.m. All the evidence has been submitted. Detective Murray had told his honor, except that of Frank W. Budway, whom the police have tried to locate for some days. Murray stated he had some very serious information to impart. Judge Denton had asked if all the charges brought by the public had been submitted. I. S. Fairly of the city legal department, who is conducting the examinations, had replied that every bit of information, whether under an anonymous name or real signature, had been gone into, and the courtroom had been cleared.

Five minutes after Budway dashed into the courtroom and Murray hastened to get Judge Denton. The judge then reopened the inquiry, but the stenographer was missing, and a messenger was sent after him.

Had Been Away. Budway stated that he had been out of town, and that his wife told him when he came into the house yesterday that a subpoena was left for him, and that he was to go to the city hall, but had difficulty in locating the room where the investigation was being held. He was then questioned by Mr. Fairly.

Q: In whose employ are you?
A: I am a special investigator for detective agencies of Toronto.

Q: Have you ever seen firemen drinking at Adelaide hall?
A: Yes, I drank with firemen at Adelaide hall.

Q: What would you drink there?
A: I would take about three bottles of beer with me.

Q: Did you drink in the hall?
A: No, we would drink in the back of the hall.

Q: Do you know the names of the firemen who drank with you?
A: Yes, I know one; he said his name was McMillan.

There is no such man as McMillan at Adelaide on the list, Mr. Fairly told him.

Q: How did you get to drink with the firemen at the fire hall?
A: I was there.

Q: Then the police, your honor, nearly every time I went to a fire hall I heard a flask of whiskey with me.

Q: Did you ever drink with firemen at other halls?
A: I decline to answer that question.

Judge Denton said that he expected him to tell all he knew on the matter, and told him to answer.

A: I drank with Ah Tutty at Yonge street fire hall, and at other fire halls in the city with firemen.

Q: Did you buy the liquor?
A: Sometimes the firemen would give me the money to buy it.

Q: Who else did you drink with at Yonge street?
A: With Purchase, in the stable at the rear of the hall, and with another man, but I don't know his name.

Q: Could you identify him?
A: Yes.

Q: Did you drink at Lombard with any of the firemen?
A: Yes, with Albert Cross and another man, but I don't know his name.

Q: At any others?
A: At Berkeley too.

A: Yes, with Leslie at Berkeley, two years ago, in the stable, and Leslie told me to be careful that Capt. Sinclair did not see me.

Q: Did you see anyone else who was worse of liquor when you were doing this?
A: No; I never saw a fireman the worse of liquor at any time.

Q: In what other hall did you drink?
A: In Wilson I drank whiskey with a fireman, but I don't know his name.

Judge Denton then asked him how he got these men to drink. He told the judge that of course he had to work his time, knock about a little, and then ask them. He said he was doing some spotting in a liquor store at 22 Bloor street, and that he had never sold any liquor to firemen in uniform. He also told that firemen had gathered at 22 Bloor street, and drank there, and that in 1913 firemen had bought liquor at the Exhibition grounds during fair time and had drunk it on the grounds.

Q: What do you know about hand-books being kept?
A: Well, Lieut. Waldron, at Yonge street, was mixed up in one.

Q: Do you know that Waldron said he did not have anything to do with hand-book making?
A: I don't care what he says; I know it is true. During 1913 he carried it on with a man named Deiby, or Deary, or O'Brien, who is now in Cobalt, and Charlie Marsh can tell you.

Q: Where is Marsh?
A: He is in Toronto, on Broadview avenue.

Q: Are there any other fire halls where you drank with firemen?
A: Yes, at Keele street, with Bhd in the stable.

Q: Do you know of any loose women being around the fire halls?
A: Yes, I know that a girl named Saunders and one named Bonner used to hang around the Richmond station.

Judge Denton then asked if he had seen them in the hall. He replied that he had seen them with firemen in uniform on the street. Judge Denton then asked him would draw the line at this point, and only take evidence in respect to where the men had the women in the hall.

Has Three Convictions. Judge Denton asked Budway if he had ever been convicted. He replied that he had, three times. Once for carrying concealed weapons, once for assaulting a girl and once for being drunk.

Noble Denies It. During the early part of the afternoon session Ex-Deputy Chief Noble was called to the stand. The evidence of Greg, citing an instance where Noble was in conversation with a woman of loose character, was read to him by Judge Denton, and Noble flatly denied the charges. He said he had warned the woman away from the premises, and told her she would be the cause of the men being dismissed if she continued. He also denied that

Flaming had worked for him while he should have been on duty. He admitted having the slides on his buggy to cover up the letters T. F. D. With reference to the pension amendment, he said he had urged the passing of it.

Q: What was your pay when you were 55?
A: Two thousand four hundred dollars.

Q: Three thousand three hundred dollars. I have always been of the opinion that a pension should be based upon the 30 years' service basis and not the age limit of 55.

Judge Denton then asked him if he thought it would be a good thing if a fire commission was appointed, and he replied that, in his opinion, it would. He said the men would become familiar with the workings and not be a movable body like the council. After being interrogated upon several things by Judge Denton, he said that he thought that the enquiry had not been properly conducted at certain stages.

Used Every Means. With reference to the method of fighting the fire at the car barns, Dec. 25, 1912, Chief Thompson said that every means known to him had been used to put down the conflagration, and that he had gone into the McCall warehouses as soon as it was permissible.

R. J. McGowan, the secretary of the fire department, and in charge of the purchasing department, was ordered to give his books to the judge for examination. Judge Denton asked David Reddick, the

storekeeper, if he had made a regular trip twice a month around the fire halls to see if everything was in proper condition, as called for by the rules, and he replied he had not.

PRESENTATION TO PASTOR. Dovercourt Road Presbyterian Church Celebrated Tenth Anniversary Last Night.

Dovercourt Road Presbyterian Church celebrated its tenth anniversary last night with a social evening. In the schoolhouse, and the presentation of an illuminated address to the pastor, Rev. James Wilson. Mrs. Wilson was the recipient of a cabinet of silver, and Miss Ruth Wilson was presented with a beautiful basket of American beauty roses. The address and other gifts were presented by G. Rogers, who referred in glowing terms to the excellent work of Mr. Wilson and the able manner in which he has extended the work of the church.

Dr. Stenhouse, the first pastor of the church, reviewed its history, and the schoolhouse was crowded with members and adherents of the church, who thoroughly enjoyed the musical program prepared by the choir.

A large deputation, armed with a big petition, waited on the park committee yesterday protesting against the noise and rowdiness that goes on at Carlton Park, in ward six, in the

evenings. Some of the residents in the neighborhood want the park, which is also a supervised playground, closed on account of the number of foreigners that gather there and use bad language every night.

A deputation, headed by Mrs. Donald Brown, also appeared before the committee, stating that they wished to have the playground retained, as it has been a blessing to the neighborhood, and especially to those people having small children.

Park's Commissioner Chambers did not agree with the objectors to the park, and said that any rowdiness that gathered there after the playground supervisors had left at night.

Fly at Sand Bar. The request of J. A. D. McCurdy for permission to erect an aeroplane shed on the island came before the park committee yesterday, and a site on the western sand bar will be given. Mr. McCurdy's company has an order from the British admiralty for fifty aeroplanes for use in the war, and under the contract a training school has to be maintained in connection with the building of the machines.

The harbor board is now ready to go ahead with the reclaiming of certain park lands on the island and on the western water front. The work will cost \$407,522.

B. S. JACKES SUES PAPER. Claims Statement Made Reflected Upon His Character.

B. S. Jackes is suing The Mail and Empire for \$5000 damages, because of a circular issued by him during the provincial elections. The circular bears the signatures of Canon Green and Rev. Ben. The controllers yesterday refused to reinstate \$5000 in the estimates to cover park band concerts for the summer.

Says They Are Liable. Dominion Government civil servants residing in the city are not sure whether they have to pay the new income tax or not. Some have not been put in on others.

A deputation waited on the board of control yesterday asking that the matter be decided, but as no decision has yet been given in the case of Judge Merson, who is being sued by the city for his income tax, the board decided to hold the matter over until they had the court's ruling. City Solicitor Johnston says that according to the highest legal authority the civil servants are liable.

Scandal or Business, Which?

It is better that there should be an election than a reign of scandal over the war and other things, and that is what our politics are drifting into.

Parliament is not a necessary part to war measures; but it can be made an efficient instrument for providing legislation that will enable the country to meet the changed conditions caused by the war and the mistakes of the previous government.

An election if it goes with the Conservatives will enable that party to have a working majority in both houses. It was the senate that stalled a great part of the Borden policy.

The Liberals had fifteen years of office, and they must not feel unfairly treated if they have to sustain a second defeat. It will be the best thing that can happen to them.

An election instead of being a source of faction will be a great public disinfectant.

The Conservatives are forced by the situation to hold one, and the sooner it is over the better for the country.

The country will in the process compel the strengthening of the government, the reorganization of the ways of doing public business, will cut out the patronage system and compel the disappearance of any form of war graft.

An election will give us straight, broad issues that are pressing for settlement; the present situation delays everything and holds the country back.

An election will allow public business to take the place of party faction.

Facing the Tax Situation

All the evil influences that have survived in the city council are getting ready to prepare another over-draft by reducing the tax rate from the figure at which the board of control has placed it.

The ridiculous "economist" who is responsible for this state of affairs appeals to the less well-informed citizen by pretending that this is relieving him of a burden of taxation.

Major Church has also complained about the one mill imposed upon the city by the provincial government.

upon the people, there might have been less voted for war funds and charities. It has been styled a war tax, but there is no ear-marking of the amount to be raised by the new law.

It might be as well to face the facts in this case as in some others. The provincial revenue for years past has been dwindling, and in some respects in precarious. Both parties in the legislature have accused each other of juggling with the accounts to create surpluses or conceal deficits.

The feature of the annual report of Hon. Dr. Pyne, minister of education, which has come from the press, is that the European war has not appreciably affected the carrying on of Ontario schools.

Neither party dared to talk of direct taxation, but it has been looming up in Ontario for a generation. Mayor Church may make up his mind that as a first instalment of direct taxation the one mill levy of the provincial government will have to be paid, and probably on more occasions than the present.

One advantage of the plan lies in the greater interest it stimulates in the average citizen about provincial affairs. It is the same kind of interest that is stirred up by honest city tax rates.

Mr. Jeremiah A. O'Leary, president of the Chicago Truth Society, who objects to the neutrality of the United States as it affects the export of munitions of war, ought to correspond with his namesake, formerly of the Northwest Mounted Police, whose little exploit in France against the Germans is an historic record.

The O'Learys have a pleasing diversity of views.

Justice Middleton Makes Direction on Will of Late B. Homer-Dixon.

At Osgoode Hall yesterday Mr. Justice Middleton handed down his finding, in reply to an application for an interpretation of a number of clauses in the will of the late B. Homer-Dixon of Toronto, who died on Jan. 25, 1899.

And whose will was dated July 6, 1894. The court was asked whether, according to the true construction of the will, the bequest of \$10,000 in favor of Emilie Homer-Dixon, a daughter, should be paid by the executors and trustees to the beneficiary, she having attained the age of 21, or whether the bequest should be settled in trust for her.

She will declare, apart from the legacy that the estate is to be divided among the surviving children upon terms of trust, these trusts giving to the children the right to receive the income during life without power of anticipation, and the question is required to be settled in accordance with the provisions of the will.

Mr. Justice Middleton finds that the legacy shall be settled in trust for her. The first appellate court list for today is: Posner v. Toronto Street Railway Co.; Cino v. Canadian Cotton; Walsley Dool Co. v. Jackson, Porter, Stanton v. Body; Richardson v. Mann; Sabloff v. Reeder; Topp v. Howie.

AVIATION SCHOOL NEARS COMPLETION

Large Acreage of Level Ground Chosen for Training Purposes.

QUALIFY FOR DUTY Graduates Will Be Ready for Military Use if They Are Required.

Far from crowds and out of the reach of all those inclined only to be inquisitive, Toronto's first school of aviation is now nearing completion.

Capt. E. Lloyd Janney, who is the promoter of this aviation institute, has now taken up his quarters on the grounds. Several men are now busy building three large wooden structures which will hold the first aeroplanes to be used at the school.

The grounds, which are situated on the Lawrence Park estate, consist of 290 acres of beautifully level land. There are but very few trees in the vicinity, and it appears to be most suitable for the uses to which it is to be put.

Hundreds of applications have already been received for admission into the school, but at present it will be impossible to make arrangements to accommodate more than 30 at a time.

Mr. Justice Middleton finds that the legacy shall be settled in trust for her. The first appellate court list for today is: Posner v. Toronto Street Railway Co.; Cino v. Canadian Cotton; Walsley Dool Co. v. Jackson, Porter, Stanton v. Body; Richardson v. Mann; Sabloff v. Reeder; Topp v. Howie.

NO NEW EXTENSION ON MINING CLAIMS

Hon. G. H. Ferguson Announces Cancellation of Last Year's Policy.

RELIEVES DISTRESS Many Miners Unable to Meet Payments at Close of Work.

The Ontario Government is not contemplating the allowance of any further extension of time for the performance of work on unpatented mining claims.

Hon. G. H. Ferguson, minister of lands, forests and mines, in explaining the situation last evening, stated that the special permission granted in this regard last year was for that year only, and that in view of the serious conditions of unemployment prevailing in the north, and the fact that many claimholders are unable to spend the necessary amount, it is deemed in the interests of mining development, unwise to further extend the time.

He explained that the order in council of last year provided that the period between Aug. 15, 1914, and April 15, 1915, should be excluded in computing the time in which the work should be done.

UNIT OF CANADIANS UNEASY AT FUTURE

Thirty-Second Battalion at Shorncliffe Wants to Go to the Front.

Crack Military Organization Opposed to Being Split Up for Reinforcements.

Canadian Associated Press LONDON, March 30.—Officers and men of the 32nd Canadian Battalion, which since its arrival in England has been stationed at Shorncliffe, are considerably uneasy concerning their future.

Briefly the fear is that the battalion is in danger of being virtually disbanded in order that its present personnel shall be used as reinforcing drafts for battalions already on active service on the continent.

This prospect arouses little less than dismay among both officers and men. The 32nd battalion was raised in Saskatchewan and Manitoba from the cavalry regiments. No man was accepted under 5ft. 10 in. in height and 34 1/2 chest measurement.

From the time of the formation in November until the present the record of military crime has been less than one per cent. The senior officers are Lieut. Col. Cowan, Lieut. Col. Macpherson, Major Williams, Major Garner, Company officers are Major Ayles, Major Ashton, Major Bates, Major Keefer.

Men Friends of Officers. The great proportion of the men enlisted at the personal invitation of individual officers, or at any rate were attracted to service in the battalion by the prospect of serving under officers whose leadership they valued for special reasons.

Before leaving Winnipeg Major-General Steele complimented the battalion on its appearance and since arrival at Shorncliffe, General Babin, commandant of the military district, has told the battalion it is one of the finest corps he has ever seen.

The prospect, therefore, of virtual disbandment fills both officers and men with feelings akin to dismay, for it is felt if members are used merely for filling gaps in other battalions the feeling of esprit de corps created within the last five months will be destroyed at a stroke.

While the future is uncertain, the rather cheerless prospect of men serving under strange officers and officers commanding a strange set of men.

Wanted to be sent to the front. The 32nd battalion was raised in Saskatchewan and Manitoba from the cavalry regiments. No man was accepted under 5ft. 10 in. in height and 34 1/2 chest measurement.

Big Leagues Play Today

OPENING GAMES IN TWO LEAGUES TODAY

National and American Get Under Way—Jeff Tesreau to Pitch for the Giants.

NEW YORK, April 13.—The call of "play ball" will sound tomorrow for the two major leagues of organized baseball. Despite the war among nations abroad and the continuation of the strife between divergent baseball interests at home, big league managers tonight expressed belief that the coming season would be a successful one for the game.

In the opening games in the National League, Brooklyn will play in New York, Philadelphia in Boston, Pittsburgh in Cincinnati and St. Louis in Chicago. In the American League the openings will be New York in Washington, Boston in Philadelphia, Chicago in St. Louis and Cleveland in Detroit.

In the game in this city Manager McGraw is expected to present Jeff Tesreau as his boxman, while either Pfeffer or Atfield will occupy the mound for Brooklyn. George Burns, the Giants' crack outfielder and batsman, laid up for some time by an accident, will be at his old station in left field for the opening game. It was said tonight, Brooklyn, however, will still be without the services of First Baseman Jake Daubert, who has not sufficiently recovered from his recent injury to be able to take part in the game.

PRESIDENT WILSON AT OPENER.

WASHINGTON, April 13.—President Wilson plans to attend the baseball season here tomorrow, attending the first game between the Washington and New York American League teams and tossing out the first ball. He has accepted an annual pass for the season here.

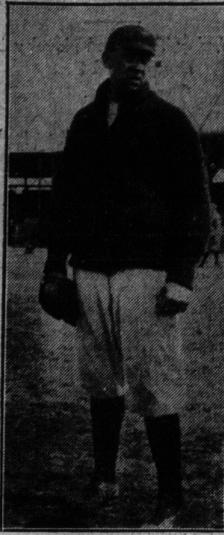

ED. WALSH WILL BE READY.

LOS ANGELES, Cal., April 13.—Ed. Walsh, the Chicago American League pitcher, was told today by the medical expert who has been treating his arm that he would be in shape to return to Chicago within three weeks and take his regular turn in the box.

The Oddfellows of the Sterling Park League have reorganized for the coming season and will hold practice Saturday afternoon at Sterling Park. All last year's players and any new ones are requested to turn out.

The Arlingtons, last year's champions of the Bayville League, request the following players and any others wishing to join a fast senior team to attend practice at Elizabeth Playground (Thursday with Cowans of the Sterling Park League on Saturday at 2:30; Halden, Potts, Adams, Fergin, Wineberg, Sheppard, Mac Samuels, H. Samuels, Latorra, Sillman, Bob Willinson, Trusloy.

SURE TO STAY

Pitcher Clarence Blanche, from Duluth, who is sure of a job with the Leafs.

OSLER RECREATION CENTRE.

The indoor season at the centre is fast drawing to a close; last night saw another large turnout of boys. In the junior class Willie V. Smith provided a fast, clever basketball game. Smith's team proved to be the best finishers, his team coming from behind in the last half and winning out by the close score of 24 to 22.

There was also a marked improvement in the senior attendance last night, the older boys turning out in full strength. The medicine balls were in constant use, the boys finding this an excellent way to work the kinks out. If condition counts the Osler teams will certainly have to be reckoned with in the several Playground Baseball Leagues. The senior management request the following players to be on hand at the centre Wednesday night for a workout: T. Burt, W. Smith, L. Michie, H. Vazley, E. Reidpath, G. Chilli, W. Kirby, V. Mackie, H. Burbridge, R. Mackie, P. McFarland, H. Holland, H. Michie, H. W. Douglas, J. Crawford, L. Harris, E. Montgomery, H. Doyle, V. Miller, L. McCammon.

Bell Telephone P.C. players are asked to meet on Wednesday night at 8 o'clock at corner of Westmoreland and St. Clair avenues, first street west of Cavendish north. Will, Duncan, Gibson, Magill, Harrison, Strange, Gray, Ponton, Davies, Hampton, James, Hamilton, Patterson, Davidson, Taylor, Townsend please attend.

A very interesting game took place between West Toronto Juniors and Linfield on the grounds of the latter on Saturday. Linfield kicked off with the wind in their favor, but West Toronto were accurate pressing and bring put his side ahead with a lovely shot in the second half. The play remained even until the team changed over, when West Toronto scored their mottled and scored in the latter half. Final result: West Toronto 3, Linfield 2.

All players of the British Imperial will turn out for training at Earls Court Methodist Church tonight at 8 o'clock. Also all followers of the club please to remember the box social to be held in Little's Hall, corner of Earls Court and York avenues, on Friday April 16, commencing at 8 o'clock. Admission free. Roll up and support a good club.

Eaton's meet Wyehwood on Saturday, April 17. Game will take place at Bathurst Street Hill, Eaton field, and is limited to members of the club. All players will represent Eaton's: Cracken, Muir, Giehrst, McAdam, Baldwin, Kings, W. Dunham, Patterson, Worrall and McNeilly.

Mount Dennis players please note: A special meeting is called for tonight at the secretary's house, 16 Dennis avenue, Mount Dennis, at eight o'clock. All players, members and committees are requested to attend for special business.

The Maple Leaf F.C. will hold a meeting in Fred Victor Mission tonight at 8 o'clock. All members are asked to be present, also players as training will be indulged in afterwards. A good turnout is asked for, and any good player invited to join will be welcomed.

CRICKET AROUND NEW YORK.

NEW YORK, April 13.—Fred F. Kelly, secretary of the New York and New Jersey Cricket Association, has issued the championship schedule of that organization. Six teams will compete in the series, the Bensonhurst Club and the New York Veterans each entering two teams, and matches will be played from May 15 to Sept. 25.

Members of the association will also be included in the team to represent New York in the Halifax Cup games to be played at New York on June 12, New York on July 10 and July 24, and at Philadelphia, June 28, June 27, July 15 and July 17. The opening games are:

May 15—Bensonhurst v. Richmond Co. at Ulmer Park, Staten Island v. Manor Field, at Livingston.

SPICY BITS OF SOCCER GOSSIP

Looking Over the Performance of the Players in Saturday's Games.

Hopper of Devonians was in sparkling form against Thistles on Saturday, his shooting and dribbling the play being the main factors in the "Jags" defeat. That international badge seems a cinch if he sustains his form.

The two A's, Armstrong and Aitken, Overeas' left wings are fast dropping to each other's style of play. With the two or two more games together they will be a difficult pair to stop.

Gov and Glancy had several interesting tussles on Saturday with honors about even. The two jollied each other throughout the game.

McCookery gave a masterly display of goalkeeping against Queen's Park, his saving and fending the ball being all that could be desired.

Leslie turned out for Overeas on Saturday and gave a fine display. This is sufficient answer to the many rumors that there was a disagreement between club and player. By the way, Leslie has aspirations, besides being a successful football player, to win the position of man, and will be seen in several races on Toronto bay this summer.

Tommy Cowan, Thistles left half, is a snappy little player, his tackling, placing and worrying tactics being a continual source of worry to his opponents.

Billy Burns is the versatile man on the Devonians' team. Originally a right winger, he played all last season as right half, and on Saturday he assumed the right back position with success. He's little, but he's wise. He's a terror for his sides. These lines of Kilping's can be justly applied to the plucky little Devonian.

Departure rumors to the contrary Bobby Quarters, both club and player being on the best of terms.

There is no truth in the report that Ulster United and Poisons Iron Works are contemplating entering teams in the Toronto Cricket League.

Wyehwood's win over the Overeas' was no fluke. In the match they proved another former American League player, more loing the third straight game, New York, 2 to 1. Laporte's home run over the rightfield fence was a feature.

At Brooklyn—Buffalo won the last game of the opening series with Brooklyn, 4 to 3. Schultz led the locals to three hits, and was irreplaceable after the inning, when Myers, pinch-hitting for Cooper, doubled with the bases full. The visitors played a strong up-hill game, scoring the winning run in the seventh.

At Chicago—Pittsburg, the first of the eastern clubs to make a Chicago appearance this season, was defeated by Wyehwood. The winning run was a gift. Flack drove in the winning run, and went to second on a wild pitch. On an interference he took third and scored on a passed ball. McConnell, who trained with the Chicago Nationals, and who returned to report to the team this year, was Federal Leaguer when he replaced John B. Fisher.

At Kansas City—Henning, pitching for Kansas City, was unsteady and St. Louis won the first game of the series from the locals, 4 to 1. The home team ran in the first inning without a hit.

The St. Joseph's club will again be away on the Don Valley League. L. J. Leigh has been named manager, and would like to hear from players who wish to play on the team this year. Phone Gerrard 2981.

RIVERDALE LAWN BOWLING CLUB.

The Riverdale Lawn Bowling Club held their spring meeting in the Royal Canadian Bicycle Club, on Monday night and elected the following officers for the coming season: J. Pollock, J. C. Grind, D. J. Macdougall, G. J. Vanston, R. F. Holmes, F. I. Gentile, A. Duncan, W. Glendenning, W. Goulter, A. J. Albon, A. E. Heya, G. S. Alardice, W. W. Smith, W. Mitchell, J. J. Drew, W. Hogarth, R. Bethune, R. Armstrong, A. K. Lauder, E. A. Callikhen.

Representative for O.B.A. and D.B.A.—W. Coulter.

The details of club competitions were arranged, and there will be a great many more competitions this year than ever before. The new members will receive greater consideration this year, and there will be special competitions for their benefit. The club will gladly welcome new members, for there is plenty of green for a number more. Applicants will be glad to apply to the secretary, L. L. Grabbill, 28 Fairview boulevard, G. 1077 or M. 4869.

The games secretary still has a number of open dates for interclub friendly matches, and games secretaries of other clubs should address W. W. Smith, 25 Sparkhall avenue, G. 1560 or A. 2110.

IS MAKING GOOD

Dawson Graham, who was secured as a first baseman, but who is rounding into a classy outfielder at Durham, N. C.

At Baltimore—Chief Bender made his debut as a Federal Leaguer here yesterday afternoon and finished second best in a pitching duel with George Mullin, another former American League player, more loing the third straight game, New York, 2 to 1. Laporte's home run over the rightfield fence was a feature.

At Brooklyn—Buffalo won the last game of the opening series with Brooklyn, 4 to 3. Many Players Transferred

Many Transfers Are Issued at the Weekly Council Meeting—The Parks.

At the T. and D. Council meeting on Monday, the following transfers were made: W. G. Hawkins and F. G. McLean, Dunlops to Devonians; W. McMullen, Fred Victor to Fraserburgh; J. W. Wildash, West Toronto to Davenport; G. Kruston, West Toronto to City Daily; J. Mann, Street Railway to Manchester Unity; D. Johnston, Lancaster to Overeas.

For signing two forms, H. G. Lever, Mount Dennis, was suspended until April 30 and declared a member of Mount Dennis Club.

Wyehwood and Ulster United applied to have the suspension of Wilson and McCully raised. The council decided to take no action in the matter.

R. Campbell, having settled his differences with the Ulster Club, was declared to be in good standing and eligible to play immediately.

Clubs are reminded that guarantee fees must be paid not later than May 2. Important decision: No official or member of a club can approach a player of another club with a view to obtaining his transfer without first obtaining the written permission of the secretary of the club which the player is a member of.

The park grounds for Saturday, April 17, were allotted, as follows: Don Valley v. Orchard, Willowdale No. 1. Rivendale v. Overeas, Rivendale No. 1. Bank of Commerce v. Ulster United, Rivendale No. 2. Lancashire v. Hearts, Willowdale No. 2. Maple Leaf v. Sons of Scotland, Rivendale No. 2. Gerrards v. Corinthians, Rivendale No. 1. Con. Gas v. Gunns, Harbor square. Poisons v. British Imperial, Rivendale No. 1. Fred Victor v. Berkeley Street, Kaw Park. St. Davids v. St. Georges, Bracondale Park.

BRITISH RUGBY.

The Toronto Welsh Rugby Football Club will hold a general meeting at the Park Hotel, on Monday night next, the 19th inst., at 8 o'clock. It is hoped that all Welsh members and those desirous of joining the club will be present to the utmost to present, so that arrangements may be made at once to go into the question of spring games and several other important matters. Will all the club playing members and those wishing to participate, be in attendance at Rivendale Park on Saturday at 7 o'clock, when the first practice will be held. The club extends to all a hearty welcome to these practices, and also to co-operate with the Irish, West, Scotch, North and Overeas clubs. All these teams are requested to have as many players on hand at Rivendale Park Saturday at 7 o'clock, for a combined practice of all the unions' club playing members.

I.A.A.A. MEETING TONIGHT.

The annual meeting of the Island Aquatic Association will be held tonight in the Strothers' clubrooms, 64 Yonge street, starting at eight o'clock.

West End Y Athletic And Swimming Meets

The high school clubs of the West End Y. have outlined three very interesting programs to precede the three remaining meetings of their club for this season.

On Friday afternoon of this week, commencing at 4.15, a swimming meet will be held.

Following are the swimming events: High dive, one length on back; long dive, two lengths, any stroke; neat dive, two lengths, breast stroke; fancy dive, relay race.

The relay teams will consist of four swimmers from each school, each to swim one length.

On Friday, April 23, an indoor meet, with the following events, will be run off: 60-yard potato race, running broad jump, standing broad jump, running high jump, shot, fence vault, snap (for distance) relay race.

Relay teams shall consist of four men from each school, each to run two laps. A pennant will be awarded to the school scoring the largest number of points. In all except the relay race. There are no entry fees for either meet.

Friday, April 30, the date of the final meeting of the club for the season, will witness the final game of the High School Basketball League. Commerce and Parkdale are to try conclusions in the series, and if the league games are any criterion, this will be a hot game as has been played on the West End gym floor this season.

Jack Johnson Lost Two Teeth, Swallowed Them

The saddest thing I ever saw in my life, said Jack Curley as soon as he was hopped off the train in New York on returning from the fight with Jim Braddock.

Johnson started to wave good-by to us at the wharf in Havana and then turned back and walked alone and in tears down the pier.

Brooks and a fugitive from his own country, he was walking alone and in tears down the pier.

I found Johnson a man before during the fight, but he was a different man after the fight.

WAR TAX STAMPS FIND READY SALE

The new stamps have already arrived in Toronto, and so great was the demand for them at the inland revenue office that the entire quota of 50,000 were sold in short order.

Collector Franklin had to wire to Ottawa for 200,000 more, and said that, according to the large demand which had been experienced, at least half a million should have been sent to fill Toronto's needs.

The banks are investing heavily in the war tax stamps. There are three types of stamps—the ordinary, the inland revenue, and the postage stamps.

The post-office has not yet started to handle the new stamps, but Postmaster Rogers issued a reminder that it is now necessary to have two-cent stamps on city letters and three on outside letters.

The public need not buy the war tax stamps. All that is necessary is to place in extra stamp on all letters. All those which have not the necessary extra stamp will be returned to the vendor if he addresses it on the outside of the envelope, and if not, it will be opened at the dead-letter office.

The post-office officials said that they did not anticipate any difficulty, although they expected a few that are not properly stamped. The same stamps may be used on telegrams, etc., and it is expected that the sale will be very heavy when they arrive.

Jess Willard Will Not Go the Way Of So Many World's Champions

LOS ANGELES, April 13.—Mrs. Jess Willard made her husband champion of the world in a letter she received from him on Sunday.

She gives me too much credit for my success, but I am glad to share the honor with her, for she has been a great help to me in every way.

"I am glad that I have been able to help her, but I am sure that she is naturally a good, clean-living man, and it hasn't taken any effort on my part to keep him in the right path."

"There is never any danger of Jess going the way so many champions have gone. He will not be led into fast company just because he has to associate with a lot of sporting men. Jess has a good, sturdy stock in him, has lived a simple, honest life, but, best of all, he loves his wife and children, and will keep his home clean on their account."

"Jess has never cared for the fast life that has shortened the careers of so many fighters. He and I have talked that phase of the fighting life over many, many times, and he has agreed with me that we must just remain plain, simple folk, as we have been ever since we left the farm in Kansas after he took up pugilism."

"Do not object to his being a fighter. He has always been confident that he would one day win the championship, and he says it was my confidence in him that kept him out. I know what a howl would go up if they saw them in the sun, and the next best thing—I swallowed them."

Worsted Suits for Men Oliver Twists for the Boy

GRAYS, BROWNS, BLUES with neat stripes and small check patterns are included in tomorrow morning's offering of spring and summer models of men's suits. These garments have just been received from the leading Canadian firms—made by Canadian workmen in factories built by Canadian enterprise. It is a satisfaction to be able to say that in our large experience of importing we have seen few shipments as good, considering the low price at which the suits are marked, as this. War threw Canadian manufacturers of all kinds back on their mettle. Merit alone was able to meet the stress of last fall, and that merit, among the clothing manufacturers, was not found wanting. Material, workmanship and design will satisfy you. The shipment includes two and three-button sacque suits and a number of close-fitting models. Sizes range from 34 to 44. Tomorrow's price, \$12 per suit.

The "Oliver Twist" is a brand of clothing designed originally by a man who had a large family and knew how boys wear their clothes. Our Boys' Clothing Department is offering tomorrow a line of Oliver Twist Wash Suits and Fine Linen Suits that Toronto mothers and fathers would do well to examine. The wash suits cost 65 cents; they are for little chaps from 2 1-2 to 6 years old. They have roomy Chambray blouses with turn-over collars and straight natural linen trousers. The same brand of suit at \$1 has large pearl buttons and other features that account for the difference in price.

Tape in a young boy's shirt-waist is a nuisance and the 50-cent line, in dark and light colors, which we are selling tomorrow, is without that disagreeable feature. Sizes 6 to 14 years. You will also find—if you come on time—45 Norfolk Suits, sizes 32 to 35, at \$8.50. Also Boys' Over-size Suits, suitable for lads of from 12 to 18 years, with bloomers, latest style—\$8.

Have You a Friendly Arm Chair?

IN addition to the regular full line of handsome furniture the Furniture Department is offering Arm Chairs and Rockers tomorrow at special prices. They are large and cozy pieces with deep arms and woven cane seat, with a slat back. They range from \$1.35 to \$2.35. They are worth examining, and if you do not feel that that is quite the kind you need then ask to be shown the other sorts of arm chairs and rockers. These two kinds of chair are particularly important in any comfortable house. They are "resting" chairs. Houses that have only stiff "parlor" furniture and no proper sitting and lounging room pieces are indeed lacking. We heard a man say the other day that too many people never relaxed until they went to bed. He held the novel idea that one should have chairs that one gets acquainted with like an old friend—chairs that sneak up behind you when you sit down in them, and make you feel as though, no matter what else may be wrong, here at least is a friend. But, to return, these bargains will interest you.

It Is Roller Skating Time

The pavements will soon be excellent and the exercise is good for the children. These are prices:

Self-contained roller, ball-bearing wheels, low or high ankle supports, boys' and girls' styles, easy adjustable sizes, \$1.75.

Or strong, well-made, with strengthened steel wheels, plain bearings, high back and straps, roller skates for boys and girls, adjustable to fit any size shoes, 98c.

Travelling Goods

Will you need anything like this for the next trip out of town?

Club Bag—Sewed-in frame, double handles, leather lined, with pockets. Thursday, 16-inch \$7.50; 18-inch, \$8.00; 20-inch, \$8.50.

Suit Case—Extra deep with two heavy leather straps outside, brass lock and catches, strong swiss handle, linen lined, with pocket and inside straps, 24-inch only. Thursday \$3.75

Good Novels, 50c

These Novels are talked about, 50c: "Judgment House," Sir Gilbert Parker; "T. Tembarom," F. Hodgson Burnett; "Capporal Cameron," Ralph Connor; "All for a Scrap of Paper," Joseph Hocking; "Knave of Diamonds," Ethel M. Dell; "Million Dollar Mystery," Harold McGrath; "The Rosary," Florence Barclay; "Peg O' My Heart," J. H. Manners; "Dop Doctor," Richard Dehan; "Heather Moon," C. N. Williamson; "Trey O' Hearts," Louis J. Vance; "Key to Yesterday," C. Neville Buck; "Goose Girl," Harold McGrath. (All Cloth Bound.)

Others? Or How Would it Be To Get a Few Things for the House Itself?

There will be many people spend their holidays in town this year instead of going away. Of course the youngsters will likely be up to Grandfather's place and ride on the cows' backs, but many of their elders will simplify their holidaying. Even if you are not going to be home all summer, think what a few inexpensive articles for the house would do toward making it more comfortable in the warm days to come.

FINE CHINA TABLE-WARE 1-2 PRICE TOMORROW

Suppose we were to write down here the story of the average household's best dinner set. Probably you, Madam or Sir, could tell the story much better than we could.

FIRST A MAID WHO DROPPED A CUP and then cried when you scolded her. Then the plate that little Bill accidentally pulled off the table. Then the cup whose handle "just came off in my hand" when you were washing it yourself. There is no one to blame for these things. Dishes are like men; they break. But unlike men you can replace them easily.

The China Department in the basement of this store has been going through its stores recently and as a result it is able to offer you a number of sets from broken lines, and sample sets, at exactly one-half the regular price.

Here for example is a Wedgwood China tea-set regularly sold for \$25—marked down to \$12.50. There are 40 pieces in it and it is charming in every way. Here again is an \$81 Theodore Haviland Dinner Set of 100 pieces, exquisite in design and execution—for \$40.50. Consider these other really startling items:

A "Bernardaud" Finest Quality Limoges China Dinner Set; gold band border with black Greek key design; coin gold handles; 102 pieces. Regular \$175.00, Thursday \$87.50.

An "Aynesley" Dinner Set, old style "Indian Tree" decoration; 93 pieces. Regular \$75.00. Half-price, \$37.50.

"Grindley" Set, English Semi-Porcelain Dinner Set; floral and conventional border decoration; 97 pieces. Regular \$19.50. \$9.25.

A charming "Copenhagen" Blue Dinner Set, or clear white English porcelain; 97 pieces. Regular \$8.95. \$4.48.

Forty Tea Sets. Various rose-spray and violet cluster decorations. Regular \$5.00. \$2.50.

English Porcelain Dinner Set, pink rose spray design with gold traced edges; 97 pieces. Regular \$14.75. \$7.38.

Real translucent China Dinner Set; rose-spray or violet decoration; kermis shape cups; 97 pieces. Regular \$15.00. \$7.50.

Excellent quality English Porcelain Dinner Set; choice of plain cobalt blue or a maroon quarter-inch band decoration; 97 pieces. Regular \$14.75. \$7.38.

Complete 97-piece Dinner Set; choice of a green or blue floral border decoration. Regular \$7.95. \$3.98.

A 21-piece "Baronial" Tea Set; rich maroon and gold border decoration; thin clear china; 21 pieces. Regular \$5.90. \$2.95.

Coats for Misses at \$15.00. Silk Dresses at \$5.95. Smart Tailored Skirts for Misses, \$2.95 to \$4.50.

Little Hats, \$2.25 to \$2.50. Men's Soft Hats, \$1.45 to \$3.50. Crystalline Scarves, regular \$1.00, for 45 cents. Men's Guaranteed Waterproof Coats, \$10.00.

VERANDAH CHAIR, at 85 cents, with spindle back and woven cane seat would fit into a cool corner nicely; or a Verandah Rocker, reduced to \$3, having a large deep seat and high back.

Cool Floor Coverings

A Heavy Twisted-Grass Summer Rug, one of our new shipment in Blues and Greens, selling for anything from 65 cents for 2x4 feet, up to \$7.50 for 9x12 feet, would make a cool under-footing; or a Chinese or Japanese Matting 36 inches wide, selling at 10, 15 and 25 cents a yard.

House-Cleaning Aids

Lest the very practical end of summer house-keeping be overlooked we mention our new refrigerator, built on the best approved principles, of golden-finished hardwood with galvanized interior, for \$8. Also in the practical lines are curtain stretchers at \$2; or the 9 cent carpet beater in the basement; or Wizard mops for hardwood floors selling tomorrow at \$1.19 and 75 cents, for the \$1.50 and \$1 sizes respectively; or the \$1.50 O-Cedar mop selling tomorrow at \$1.29.

\$20 Misses' Suits for \$15

In addition to the regular lines of new suits and dresses for women, this department of the store was particularly fortunate recently in securing a number of Norfolk suits of the latest design, and in the popular materials and shades, at a special price. The same suit has been selling in the store for \$20, but is \$15 for tomorrow's shoppers. It has the usual yoke, with inverted pleats back and front, military pocket and full belt, finished with small buttons.

Out-of-Doors Wear for the Baby

IN THE INFANTS' WEAR SECTION of the third floor there is to be found the widest possible choice in everything "His Majesty" or "Her Majesty" could possibly require. Prices are more than reasonable and will be found to fit every purse. Just now in order to show how useful this department can be to mothers, special lines of goods at special prices have been grouped for tomorrow. All sizes. You may send in your order by telephone if you wish. This is the list: Pram Covers, \$1.00 to \$3.25; Boots, white kid, 50c; brown kid, 50c; corded silk, pink, white and blue, 65c; Long Robes, lawns and nainsooks, \$1.00 to \$3.00; Skirts, 45c to \$1.00; Short Skirts, 35c, 85c, and \$1.00; Silk Bonnets, 65c to \$3.50; Hose, cashmere, silk lisle and silk, black, white, tan, blue, etc., 20c to 35c; White Honeycombed Shawls, \$1.00 to \$2.50; White Cashmere Coats, \$1.25 to \$3.25; Toilet Sets, \$1.25 to \$3.50; Short Dresses, 45c to \$3.50; Long Cloaks, \$2.50 to \$4.00; Rattles, quaint and pretty designs, 5c to \$1.35; Veils, 25c to 50c; Coats of White Pique, regularly \$1.75, Thursday \$1.25; Dresses, of finest nainsook, exquisite embroidery, \$1.50.

Sunny Saturdays Are Coming

AND YOU WILL BE DOING something like the young man in the illustration. Thames punting is not possible in Toronto, but we have our canoeing, rowing and sailing. One thing a man needs is a few of our new soft shirts with double soft cuffs. They are made of various colored cambrics and in woven stripes. Sizes 14 to 17. Each 89c, or 3 for \$2.50.

If you contemplate a canoe trip in the North or anything requiring a rough service shirt there are Black Duck and Black Sateen Work Shirts, sizes 14 1/2 to 17. Prices 50c to 75c.

For business wear in the meantime this department is showing tomorrow a Heavy Plain Blue Chambray Shirt, with laundered cuff. All sizes. \$1.00.

The Sweater Waistcoat

One should be a little careful in leaving off the overcoat. Cuddling oneself is of course bad, but it is not cuddling to wear a knitted wool "Sweater Waistcoat." They are light, neat, snug and useful in a great many ways that you would never think of until you had worn one. We have received a shipment that will interest you—V necks, close-fitting sleeves, assorted colors and weights, two and four-pocket styles. Price \$4.50.

Men's New Hats

If it were not for the enormous buying power of the Simpson Store it would be impossible to offer stiff hats in popular shapes, made of fine English fur-felt in full, high and taper crowns, at a mere \$1. Sizes 6 1/2 to 7 1/2. By the way, caps are useful for holiday tramps into the country, or golfing, or for any outdoor sport, for that matter. We have some new golf shapes in a wide variety, and in a wide variety of tweeds, serges and fancy worsteds. Unusually well finished, 45c, 75c, \$1.00.

Here is a New Brand of Boot

There is personality and distinction about the latest new-comer in the Victor Boot Section—"The Business." It is a \$5.00 boot, Sizes 5 to 10 1/2. Made on very smart English lines; soft, imported, nut-brown Russian calf, with a tawn cloth top trimmed with leather. It is a boot for the fashionable man. The "Active Service" brand is perhaps less fashionable, but not less suitable for wear on all occasions. Tomorrow there is a special sale of these boots. They are ordinarily \$3.95. Tomorrow, \$2.99. There are only 350 pairs, all sizes; Blucher and button cuts, Goodyear welt, dull calf stock.

Pumps should be mentioned. Messrs. Laird Schober have supplied us with a very smart Colonial style, in an exclusive pattern, turned out in a French patent calf. Widths A to D. Sizes 7 1/2 to 7. Price \$7.00.

In addition to the items of footwear thus mentioned, there are of course the standard Simpson lines. Our experience with a large clientele leads us to feel justified in claiming leadership in the retail boot world in Canada. Boot styles and boot materials are subjects for careful study, and success in filling the requirements of customers comes from long and wide experience.

If you had the proper tools, couldn't you save your money and gain health by enlarging your back garden?
