

"What Is Palm Beach Cloth?"

WE were asked the above question yesterday by a gentleman who was seeking information on the nature and fabric of the Palm Beach Suits.

Palm Beach is a cloth specially designed and constructed to imitate a light weight worsted for use in tropical and warm countries. It is so constructed that a close observer cannot tell but that it is light weight worsted of the mohair or cross-bred variety. It is made to be cleaned and will stand washing if done according to directions. It's an economical fabric and the color scheme is rich and varied. Some of the most delicate shades that have heretofore been impossible among the woolen fabrics are found in the Palm Beach.

Best of all are the moderate prices of these splendid Summer Suits: \$12, \$15, \$18, \$20, \$22 and \$25.

We carry a splendid range of sizes both for regular and stout men; also Silk Suits if your taste runs that way.

As you know, Palm Beach is an imported cloth, and, as time goes on, will be harder to get and much higher in price. Here is an extract from a letter we received today from our own head office which speaks volumes:

"Prices in every direction and for almost every article are constantly and unintermittently tending upward."

It's a wise man who protects himself and his clothing needs today as far and as much as his purse strings will let him go.

Our Furnishing Man Says

This is the best time to buy the following lines:

- Bathing Suits \$.75 to 9.00
- Silk Shirts 3.00 to 7.50
- Fancy Shirts, Collars to match, 2.50 to 4.50

JURY FINDS GREAT R.A.F. NEGLIGENCE

Manner of Storing Powder at Willowdale Camp is Criticized.

Revelations regarding the methods employed by the Royal Air Force and the manner in which explosives were kept at the camps were forthcoming at the inquest last night at the morgue into the death of Harry Chapman of Willowdale, who received fatal injuries on Sunday, June 16, when he was blown up in a powder explosion at the R.A.F. camp at Willowdale. The jury were out but a little time when they brought in a verdict of accidental death. On the recommendation of Coroner Dr. J. H. Tandy, a rider was added to the following effect: According to the evidence, the jury finds there was great negligence on the part of the Royal Air Force in the storing of the powder, and allowing troops and the public generally to smoke where same was stored.

James Wilson, a wireless operator of the R.A.F., stated how he was in charge of the hut at the Willowdale camp. The "puffs," he explained, were little bags containing a charge of about two ounces of powder, which were lit off by electricity, as signals to the planes overhead. These puffs were sent to the hut, he explained, already charged, and there were about 300 of them in stock at the time.

"What provision is made for storing the puffs?" asked F. H. Snyder, representing the crown. "They were placed in a box about two feet high and one foot square," answered the witness, but added that the box was not locked.

"Is it not a fact that no one guards this powder," asked Mr. Snyder, "and that little boys have carried it away in pairs?"

"I do not know," answered witness, in answer to a question put by a juror, witness said there never had been any instructions issued by the authorities regarding smoking.

F. Oliver, another wireless operator of the R.A.F., told how he was with Wilson at the hut, and how on Sunday, June 16, Chapman came over. "We went to charge the puffs," he said. "When I heard an explosion, I was about 25 feet from the hut, and I saw Chapman rolling on the grass with his clothes in flames."

"Chapman said he laid his cigar on the ledge where there was a little gunpowder."

"Did the powder get there?" witness said there was an electrical storm the week previously, and the powder had been spoiled.

Dr. J. D. McLeod, of the Toronto General Hospital, said he saw Chapman at the hospital on June 16, and he was terribly burned. He died on the following day, and death was due to shock.

WOMAN BADLY BURNED LIGHTING WOOD FIRE

So badly was she burned about the body when she attempted to light a wood fire with the use of coal oil, Mrs. Elizabeth Foster, 75 Meaford avenue, lies in a critical condition at St. Michael's Hospital. Owing to the severity of her burns the hospital authorities are holding out very little hope for her recovery.

As far as could be ascertained, Mrs. Foster was preparing dinner, and to encourage the fire she is thought to have poured kerosene oil on the embers. Her clothing immediately caught fire when the flames leaped to the ceiling of the room. She was rushed to the hospital, where the doctors could do little but relieve the woman's sufferings. She is the mother of three children, the oldest of which is five years old.

MILITARY FUNERAL

Remains of Joseph Harvey Will Be Buried on Saturday.

The remains of Cadet Joseph Harvey of the R. A. F., who was killed at Camp Borden on Wednesday, will be buried with full military honors on Saturday at 2 p.m. from 183 Niagara street. The body was brought from Camp Borden yesterday and taken to the rooms of the Matthews Burial Co., 52 Carlton street.

NEARLY FOUR TO ONE

Four hundred positions were advertised on work at Ottawa on the registration cards. When the time for receiving applications closed on Wednesday night 1500 had been received.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

With the return of almost normal conditions on the Italian front, and with no indications apparent that it is the intention of the Austrians in the immediate future to launch another stroke against General Diaz's armies, the eyes of the world are being centred once more in expectancy on the battle area in France and Flanders as the possible theatre of early encounters on a large scale. This expectancy is heightened rather by the utterances of David Lloyd George, the British prime minister, in the house of commons Monday, when he said another enemy attack might be looked for, possibly within a few hours, and certainly within the next few days—a blow on which the issue of the campaign might depend—than by any outward signs of great preparations by the Germans to loose their armies for another attempt at the capture of Paris or the channel ports.

Also the infantry operations, except by the Americans in the Belleau Wood, have risen in importance scarcely above patrol encounters, nevertheless the Germans are trying out with their artillery the stability of the British and French positions on various sectors from Flanders to the region of the Marne. Southwest of Arras, on the River Lys sector, and between Givenchy and Robecq, the British lines have been heavily shelled with guns of all calibres and with considerable numbers of gas projectiles. The French have been receiving similar visitations between the Oise and Aisne Rivers, especially in the region north of Villers-Cotterets, where the recent German offensive reached its greatest depth in the attempted dash to Paris.

MEDICAL COUNCIL NAMES THE LIMIT

Recommends Not More Than Eight Ounces of Liquor at One Time.

Dr. Edmund E. King and Dr. Stewart at the Ontario Medical Council, yesterday made a motion that the amount of alcoholic liquor prescribed at any one time for internal use be limited to eight ounces. The motion was adopted.

Dr. Edmund E. King of Toronto presented figures obtained from the government liquor vendors referring to approximately 4000 liquor prescriptions issued in Toronto, by 525 practitioners from June 1 to 11. One doctor had given 215 prescriptions for liquor.

Dr. King said that the reputation of the medical profession was at stake and something should be done to prevent such infringements. "When a practitioner has 75 patients who require a bottle of whiskey a day, he is carrying on a practice entirely different from the rest of us. It was exceedingly good when we found that one man had given only 99 prescriptions in 10 days."

The large accounts sent by some medical men to the Ontario compensation board for the treatment of injured workmen, were referred to by Dr. Craine of Ottawa. "From investigation," he said, "it is shown that the schedule of fees of the compensation board is one of the most liberal, either in the United States or Canada."

A motion was made by Dr. A. T. Emerson and seconded by Dr. W. L. Addison, that the attention of the Canadian Food Board be drawn to its regulation whereby the wrapping of bread is prohibited and the regulation requiring bakers to place a label on each loaf.

ARRESTED AT 300

Two Men Are Held on Charges of Non-support.

At the request of the Toronto detective department, Buckley T. O'Brien was arrested in Sault Ste. Marie by the authorities there yesterday, on a charge of non-support. Detective Elliott left last night to bring him back to Toronto.

Samuel Kalifer, 307 East Queen street, was arrested by Detective Archibald last night on the same charge.

SECOND STOREY MEN AT WORK

Houses Being Entered on Manning and Albany Avenues.

Several small burglaries in the vicinity of Manning avenue and Albany avenue have been reported to the police. Many of the residences in the district are reported as having been entered by thieves while the occupants slept. In one or two occasions the intruders have been seen, but on no occasion have they been recognized.

According to the police the operations of the burglars indicate skill and experience, but so far the hauls have been small. At one house the thieves took a quantity of cigars and cigarettes that were done up for shipment to France.

SMALL FIRE IN FACTORY

Fire, said to have originated thru a spark from the engine furnace igniting some shavings last night, did damage to the extent of \$500 to the factory of Clarke and Clarke, leather goods factory, 321 Christie street. Owing to the highly inflammable nature of the contents the fire looked at the outbreak as tho it might spread to dangerous proportions. The speedy arrival of the fire department under Chief Dunn and their good work, however, checked the flames before they reached a serious stage. The damage was placed at \$500 to the building and \$200 to the contents.

SCORE'S VACATION AND OUTING TOGGERY

Our stocks are so magnificently assorted and splendidly displayed that a man may make choice of a glance of just the dozen and one things he'd like to slow away in his "grip" for the over-the-week-end trip or a longer vacation. In shirts, collars, neckwear, underwear, half-hose suspenders, pyjamas, raincoats, umbrellas, Quality the staple of the whole stock and value indisputable. R. Score & Son, Limited, Tailors and Haberdashers, 77 King street west.

SHAREHOLDERS SATISFIED

On the personal invitation of Thomas Roden, president of the Toronto Housing Company, a number of the directors and shareholders of the company visited Riverdale Courts yesterday afternoon and declared themselves as well satisfied with the conditions of the company's property. The directors and shareholders make periodical visits to some portion of the buildings of the company.

PRAYERS FOR ALLIES

A solemn service of intercession and prayer for the success of the British arms and the cause of the allies will be held tomorrow at Holy Blossom Synagogue. During the course of the service Rabbi Jacobs will officiate.

OLD FRONTIER ROAD TO BE TAKEN OVER

Provincial Government Listens to Views of Large Deputation.

The road between Hamilton and Queenston, known sometimes as the frontier stone road, will be taken over by the provincial government as part of its provincial highways within the next month, according to a promise made by Hon. F. G. Macdormid to a delegation of fifty Reeves, wardens and mayors of the counties of Lincoln and Wentworth, who appeared before the premier and the minister of public works yesterday afternoon and pleaded strongly that the government either take over the road entirely or at least relieve the two counties of the heavy burden of maintenance.

"I will at once submit the matter to the deputy minister and the engineer of the department," said Mr. Macdormid, "and I have little doubt but the road will be taken over by the government within the next month."

Tom Marshall, M.L.A. for Lincoln introduced the delegation and called upon Senator E. D. Smith, Winona, to outline the claims of the two counties of Lincoln and Wentworth.

The road, said the senator, was most peculiarly situated. All the traffic from both the United States into Ontario and outward had to pass over it. It was like the stem of a fan, every branch of which converged upon it and supplied its quota of heavy traffic. The government in the past had taken upon itself 20 per cent. of the cost of the maintenance of the road, and the counties had to bear the other 80 per cent. This might have been fair enough when the greater part of the traffic was by horse vehicles, but since the introduction of motor traffic this was no longer sufficient.

J. D. Chapin, M.P. for Lincoln, was then asked to put the counties' case before the premier. He, contrary to the senator's views, did not see why the government could not rebuild the road and make it a permanent highway at the present time.

"You would wish the government to reconstruct the whole road at present war or no war, whereas I understand the senator only asks that the repair be taken over by the government," remarked Premier Hearst.

"It would be up to your engineer to decide whether repairs or reconstruction of the road would be the more appropriate at the present time. I do not want to go against the views of the members of this delegation, but simply to state my own personal views on the matter," replied Mr. Chapin.

J. T. H. Regan, M.L.A. for South Wentworth, then explained that the road was one of the most important of the Province of Ontario and must be maintained at all costs. He was also in favor of the government taking over the cost of repairs for the present time, and later, after the war, it might be possible for the government to make it part of its system of permanent highways by rebuilding it in a most modest manner.

Dr. Jessop of St. Catharines remarked that the traffic over the road had nearly doubled since the introduction of reciprocity of motor licenses between the Province of Ontario and the State of New York.

"If I thought you were asking for repairs to the road or nothing," said the premier, "I would have to answer you, nothing. I would favor the construction of the road to make it a permanent highway if conditions would allow such a course," continued Mr. William, "and if the department of highways can see its way to take the road over I'm sure I'll fall in line with that idea. Perhaps Hon. Mr. Macdormid here can save us some time and tell us right away what he believes can be done, and thus give you some kind of a definite answer."

It was then that the minister of public works made the promise that the road would be taken over within the next month or so, and this announcement was greeted with loud applause. The road extends 35 miles thru Lincoln County and 17 miles in Wentworth.

EATON'S DAILY STORE NEWS

OH FELLOWS! TOG UP FOR THE HOLIDAYS!

Men's and Young Men's Suits, Reg. \$25.00, \$27.50 and \$30.00, Today at \$19.75

WITH the holiday season in sight, you will not doubt be looking for a "natty" Summer Suit. That's what these are, and what is more, they are greatly reduced—a feature well worth considering in these days.

Three-piece Single-breasted Sac Suits, of cassimere and cheviot finished materials, and worsteds in blue and blue grey, with light thread stripes. Greys are in checks and overplaids, also rich browns in self shades and fancy stripes. Sizes 35 to 44. Reg. \$25.00, \$27.50 and \$30.00. Friday, \$19.75.

Two-piece Outing Suits, the coats are quarter or half lined, in single-breasted style, made of soft chevots, flannel effects and homespun tweeds, in greys, with stripes, mixture and self shades, rich fawns and black and white shepherds' plaids. Trousers in outing style, with cuffs. Sizes 35 to 46. Reg. \$16.50, \$18.00 and \$20.00. Friday, \$13.75.

Men's Trousers, in neat patterns, in various widths, of worsted finished materials. Sizes 32 to 42. Today, \$2.65.

—Main Floor, Queen St.

Cool Summer Hats for Men Should Also Be Interesting

Especially a Neat Lightweight Panama at \$3.50

They are in fedora style, with flaring or roll brim; also half telescope style, with a roll edge. Sizes 6 3/4 to 7 3/4. Price, \$3.50.

Kiddies' Straw Hats, of canton braids, in sailor, dome crowns, diamond crowns and square crowns, with flexible brims. In green, black and brown, with white edge, and all white. Sizes in the lot, 6 3/4 to 6 7/8. Today, \$2.55.

Men's and Youths' Caps, of fibre silk and tweed, with band at back, grey pin checks, shepherd's plaid and diagonal stripes, with four or eight-piece crowns. Sizes 6 1/2 to 7 3/4. Today, each, 63c.

Men's Bangbok and Ballybuntal Hats in half telescope shape, with slightly rolling brim. Sizes in the lot, 6 3/4 to 7 3/4. Today, \$6.50.

—Main Floor, James Street

Boys, Imagine This! Suits, Reg. \$6.00, \$7.50, \$8.50, \$9.00 and \$10.50, for \$4.95

Offering boys' suits such as these for \$4.95 is not an everyday occurrence—it's remarkable and timely, and today should be an occasion for a crowd of hundreds of parents and boys.

They are broken lines from stock, only a few suits of any one pattern; many shades of mixed grey or brown, including stripes, diagonal, herringbone, pin checks, mottled effects, and many other fancy woven tweeds, in smooth or soft finish. Pleated Norfolk styles, some showing with pleats at front and back, others with pleats at back only. The latter style has three-piece belt, sewn at back only; others in trench style with loose belt to waist, fastening with buckle. Patch or slash pockets; bloomer pants. Sizes 25 to 28. Regular \$6.00, \$7.50, \$8.50, \$9.00 and \$10.50. Today, \$4.95.

Boys' Wash Suits, in tan and white checks or blue and white stripes, also in various color combination effects. Short Russian style, button up to neck; belt at waist, white trimmings, knee pants. Sizes 3 to 8 years. Today, suit, 45c.

—Main Floor, Queen St.

Men's Neglige Shirts Including "Manhattan" and "Emory" Brands, Reg. \$2.50 and \$3.50, Today, \$1.98

HERE is an offering which ought to cheer the hearts of all those who are particular about their shirts. For these are the better grade shirts, including the famous "Manhattan" and "Emory" brands. You know what such shirts generally cost. Compare our pricing and you will realize what this offer means.

They are made of beautifully designed woven shirtings, in neat stripes of helio, blue, black or white, on light grounds. All are in coat style, with laundered or soft double cuffs. Sizes 14 to 17 1/2. Reg. \$2.50 and \$3.50. Today, \$1.98.

Men's Neckwear, Specially Reduced to 50c.

Bright, breezy weather is the weather for bright, "breezy" Ties. These lines are from our regular stock of up-to-date ties, in seasonable patterns. They are in the popular four-in-hand style, with wide flowing ends and "slip-quick" neckbands. They are made of silk or silk and cotton mixtures, in fancy all-over designs. Also there is a line of Wash Neckwear, with embroidered patterns, in the popular Derby shape. Reg. 75c, \$1.00 and \$1.25. Today, 50c.

Men's Two-Piece Underwear.

Made of natural shade balbriggan. The shirts have long sleeves, drawers are ankle length, with ribbed cuffs and closed crotch. Sizes 34 to 40. Reg. 50c. Today, 37c.

Outing Shirts, Regular \$1.25 to \$1.50, Special, 98c.

They are made of white duck or soisette, in coat style, with attached collar, breast pocket and single band cuffs. Reg. \$1.25, \$1.29 and \$1.50. Today, 98c.

Men's Night Robes.

A cool flowing garment for hot-weather wear. They are made of plain white cotton, trimmed with neat blue or red braid; have collar attached and breast pocket. Sizes 15 to 19. Reg. 75c. Today, 59c.

Boys' American Made Waists.

They are made with separate or attached lay-down collars. The patterns are pretty stripe effects, in blue, black, green or helio on light grounds; also a few in plain white. The materials are percale, Madras and fancy woven cloths. They have breast pocket, soft double cuffs and loop tab at waistband. Sizes 7 to 14 years in the lot. Reg. \$1.25 and \$1.50. Today, 98c.

—Main Floor, Centre.

USE LESS SUGAR IN THE HOUSEHOLD

Canada Food Board Issues Statement Calling for Further Voluntary Restrictions.

NEEDED FOR PRESERVING

Statement Says That Regulations Already in Force Have Been Effective.

Ottawa, June 27.—The Canada Food Board, in a statement tonight, called for further voluntary restrictions on the consumption of sugar in private households. The statement emphasized the necessity for curtailing consumption in order to build an adequate reserve for the preserving season. Submarine activities, increased demands from Europe, and other developments, emphasize the necessity for handling the sugar supply with the utmost care, and curtailing unnecessary uses. It is apparent that conservation upon a greater scale than was expected will be necessary, in order to meet the sugar situation and build up a sufficient reserve.

The statement points out that manufacturers and other dealers in food that are under license from the Canada Food Board already have had their consumption of sugar sharply curtailed. During May, June, July and August, candy makers have had their monthly allowance reduced to fifty per cent of the average monthly amount of cane sugar used during 1917. To enforce this regulation effectively the Canada Food Board has

ISSUED SUGAR CERTIFICATES TO ALL MANUFACTURERS OF CANDY, AND WHOLESALE GROCERS HAVE BEEN INSTRUCTED NOT TO SELL SUGAR TO CANDY MANUFACTURERS, EXCEPT ON PRESENTATION OF SUCH CERTIFICATE. ALL PURCHASES OF SUGAR ARE LISTED ON THE CERTIFICATES, AND THE LATTER BECOME VOID AFTER THE ALLOWANCE OF SUGAR PURCHASES BY THE FOOD BOARD HAS BEEN EXHAUSTED.

Restrictions on Sugar. The use of cane sugar for making candy for private consumption has been prohibited. The use of sugar in public eating places has been regulated, and public eating place patrons have been on sugar rations.

Manufacturers of biscuits and cakes have been limited in the amount of sugar which they may use to a barrel of flour. Sugar being on bakery products has been prohibited, while it is now illegal for any person to make for private consumption iced cakes or biscuits or cakes with icing of cane sugar between the layers or add to the exterior. The amount of sugar used in the manufacture of ice cream has been restricted, and now no more than six pounds of cane sugar may be legally used to eight gallons of ice cream.

Limitations on private holdings of sugar have prevented hoarding and speculation and has resulted in the return of large quantities of sugar which were being held by private individuals. The food board adds that these regulations have been fully as effective as was expected. Further restrictions of the use of sugar in those industries which are of lesser importance are being considered, but the board is appealing to private citizens to do their utmost to reduce the consumption of sugar in the home.

LEG CAUGHT IN ENGINE.

St. Mary's, June 27.—Morley White, a farmer near here, was killed last night through his leg being caught in the wheel of a gasoline engine while sawing wood.

PUBLIC CAN BUY ALL SUBSTITUTES

Canadian Mills Are Now Equipped to Supply Enough to Meet All Requirements.

ADVANCE NOT ALLOWED

If Dealers Put Up the Prices They Will Find Their Licenses Cancelled.

Ottawa, June 27.—Henry B. Thomson, chairman of the Canada Food Board, in an interview today said that supplies of substitutes for wheat flour are obtainable by dealers in all parts of Canada at reasonable prices. He stated that the public should not accept any excuses from retailers, because it is the duty of dealers to obtain and carry sufficient supplies of such substitutes to meet all requirements. The problem of substitutes for wheat flour has been a most difficult one in Canada, because Canadian mills were not equipped to mill such substitutes. Through the efforts of the Canada Food Board, this difficulty has now been overcome and the mills are producing a sufficient supply of substitutes to meet the requirements.

Canadian mills are now manufacturing flour and five thousand barrels of corn flour per day and about 600 barrels of barley flour per day. Other mills with a capacity of 150 barrels per day are ready to operate. Fourteen cars of corn flour are on the road to points in western Canada. Three more cars for western Canada

WINNIPEG DESIRES FOOD BOARD CHANGED

Winnipeg, June 27.—At a mass meeting last night a strongly worded resolution calling for a reconstruction of the Canada Food Board was passed unanimously. The chief changes desired are that consumers should have equal representation on the board with manufacturers and retailers and also that the board have fuller powers than at present. The meeting was called under the joint auspices of the Consumers' Protective Association, the Next of Kin, Great War Veterans and Army and Navy Veterans' Auxiliaries, P.E.L., the Non-Partisan League, the Provincial W.C.T.U., and the Women's Civil League.

SUMMER SERVICE TO MUSKOKA LAKES NOW IN EFFECT VIA CANADIAN NORTHERN RAILWAY.

The popular Lake Shore Express, leaving Toronto Union Station at 9.00 a.m. daily, except Sunday, makes direct connection at Lake Joseph Wharf for all points on Muskoka Lakes. Summer time table and 1918 hotel list obtainable at City Office, 52 King St. East.

FOREST FIRES RAGING.

Extremely Dry Weather in British Columbia and Alberta Caused Them. Calgary, June 27.—The exceedingly dry weather which has prevailed in the forests of British Columbia and Alberta during the past several weeks, accompanied by hot strong winds, has resulted in dozens of forest fires. Several have been raging along the eastern slope of the watershed, while the British Columbia side reports a large number. Fifteen fires are raging on Rest Creek. At Vernon eight fires are under way, with eight extra patrols in service. A larger fire is burning at Chemain. Close to the main range of the Rockies a number of small fires are burning.

SHOULD NOT AFFECT THE PRICE OF BREAD

Ottawa, Ont., June 27.—The cost of living branch of the department of labor reports to the Hon. T. W. Crothers concerning the report that higher bread prices must result from the recent order of the Canada Food Board requiring substitutes for wheat flour to be used in the baking of bread, that this report is not based upon facts. There are sufficient supplies of these substitutes on hand in Canada to meet this new demand, and the prices at which the millers are offering the same for sale make no necessity for the advancing price of bread, the cost of living branch states. The percentage of substitute flour required by the order in Canada, it is pointed out, is not so high as that required in the United States and the number of substitutes allowed in Canada is greater. There can, consequently, be no grounds for patriotic Canadians to complain at the new orders of the food board, the cost of living branch says.

DIVORCE IN CANADA.

Alberta Court Holds That Province Has Power to Grant It. Calgary, June 27.—An important decision regarding the granting of divorce in this province was handed down this morning from the appellate division of the supreme court of Alberta. Four judges being of the opinion that the courts here have the power to grant divorce, with Chief Justice Harvis dissenting. The judges who concurred in this ruling were Justices Stuart, Hall, Hyndman and Simmons.

CHILD WAS SMOTHERED.

St. Mary's, June 27.—Mr. and Mrs. Francis Squire left their one-year-old child in bed while milking yesterday morning. It became tangled in the bedclothes and smothered to death.

AVIATOR HAS TO PAY.

London, June 27.—Flight Lieutenant Donald Hammond, a Canadian residing in New York, has been ordered to pay \$75 damages in a breach of promise case to Teddie O'Neil, a Revere actress. It was stated that defendant's income was \$200 monthly, with considerable expectations.

CONDENSED GRAPEJUICE AND ALSO CIGARETS

Wentworth and Halton W.C.T.U. Advise Shunning of All Appearance of Evil.

SMOKES FOR SOLDIERS

Women Advised to Discourage Children From Saving Up Pennies for Purpose.

Hamilton, June 27.—If William Jennings Bryan had been present at this afternoon's session of the annual convention of the Wentworth and Halton County W.C.T.U., he would certainly have got wrathful for Mrs. F. L. Thurston, president, condemned grapejuice, warned her hearers how they served it and then switched off to an attack upon root beer, cigars and patent medicine. Discussing the rumors that owing to the large sale of cigars to women some of the members of the supposed weaker sex were indulging.

Mrs. Thurston said: "That is not the question for us to deal with. We simply have to do with the cigars which are the root of all evil." John Barlevorn, both pure and diluted, was also roughly handled, while it was pointed out that the percentage of proof spirits allowed in beer was only 2.1-3 per cent., but that patent medicines now on the market contained as high as forty-five per cent. alcohol.

"I regret the fact that at the recent big medical convention in New York no action was taken in this matter. We are intemperate in medical matters," she said.

Shun Appearance of Evil. "While grape juice is not intoxicating we ought to shun it anyway and do away with the appearance of evil," was the advice given by one of the delegates during the discussion which followed on the president's address. Another stated that she had closed her doors to grape juice and root beer because the children "got into the habit of asking for a glass of beer."

That tobacco should be kept from the soldiers and that children should be discouraged from saving up their pennies for Tommy overseas was the substance of the "anti-narcotic" report presented by Mrs. J. Walters. Part of the report read: "Your superintendent would suggest that whenever workers discover the distribution of circulars sent out by the tobacco trust urging the children to save their coppers for tobacco and cigars for Tommy overseas, it should be discouraged. Also all women's organizations in packing boxes for overseas should be urged not to include tobacco and cigars."

Teachers and members of school boards who are slaves to the smoking weed were also dragged over the coals and one delegate advised that action be taken in the matter as smoking made a bad impression upon the pupils.

Referring to the foreign immigration after the war, Mrs. T. Wilkes urged that foreigners be treated in the same manner that "we treat those of our nation. We must use the facilities that God gave us for good purposes and help these people. But as soon as they come into the country they are met with that devil 'drink' and the result is that they become poor citizens instead of the more useful type. One way to help them is to effectively combat liquor."

Miss Louise McKinley, a member of the legislative assembly of Alberta, was the principal speaker at the evening session.

The idea of a woman entering politics is not new now and before many years it will be an every day occurrence. We look at things differently than "what we once did," she said.

Miss McKinley emphasized that the new thought that must strike people was that the franchise of the women was not something with which they could do as they liked.

"One of the evils of politics was that the public utilities of the Dominion were peddled out to political favorites, which means that the government gets in power it is powerless because it has already promised its gifts."

The financial statement presented by Mrs. Emma Boyle showed total receipts of \$1,648.25, of which \$1,435.22, and \$261.52 on hand. The Wentworth and Halton Counties donated \$14,742.30 to the silver thimble and trinket fund.

Mrs. Allan Lanceland delivered the address of welcome and Mrs. Dr. Hopper of Watkinson responded. Miss T. Nichols submitted the report of the corresponding secretary, Miss Doris Thurston the report of the "Y" secretary, while the work of the L. T. L. was reported by Mrs. Allan Lanceland. Greetings from the board of education were presented by Lynn Lee and Mrs. J. M. Denyes replied. Rev. J. A. Williams spoke on behalf of St. Andrew's Presbyterian Church. The following officers were elected: President, Mrs. F. L. Thurston; vice-president for Wentworth, Mrs. W. J. Hendrie; vice-president for Halton, Mrs. Denyes; vice-president for Hamilton, Mrs. W. H. Nichols; corresponding secretary, Miss F. Nichols; recording secretary, Mrs. W. Wickert; treasurer, Mrs. Arthur Boyle; Y secretary, Miss Doris Thurston; L. C. L. secretary, Mrs. Allan Lanceland.

WOMAN DIES OF BURNS FROM USING COAL OIL. So badly was she burned about the body when she attempted to light a wood fire with the use of coal oil, Mrs. Elizabeth Foster, 75 Meaford avenue, died early this morning at St. Michael's Hospital. Owing to the severity of her burns the hospital authorities held out little hope for her recovery.

THINGS ARE GLOOMY IN HUNGARIAN CITIES

Amsterdam, June 27.—Budapest advices received here say that in the lower house of parliament Wednesday Dr. Alexander Wekerle, the Hungarian premier, drew a gloomy picture of conditions in Budapest. The premier said most of the factories had ceased work and that the non-appearance of the newspapers had resulted in a regrettable spreading of false rumors which had fanned the agitation among the working people.

Dr. Wekerle strongly opposed the demand for the substitution of the military for the penitentiaries in the factories, and declared that those persons having the people's interests at heart desired the military police supervision rather than the severe rules of the military in the factories.

GERMANY ABANDONS POLICY OF MIGHT

Serbian Minister Says Kuehlmann's Address Shows Reversal of Idea.

Washington, June 27.—M. L. Mischelovitch, the Serbian minister, in a statement tonight, declared that the address in the German reichstag this week by Dr. von Kuehlmann, minister of foreign affairs, betrays for the first time the fact that Germany no longer believes in victory by force of arms, and consequently that it will obtain it by other means. For this reason, he said, the nations fighting the central powers should have greater faith than ever in their final victory by force.

"Dr. von Kuehlmann," said the minister, "no longer believes in a military victory, but considers that to put an end to the war one must take refuge in diplomatic pourparlers. And, thus, when everybody knows that the allies demand the reconstruction of and indemnity of Belgium, the return to France of Alsace-Lorraine, the liberty and independence of the Jugoslavia, in union with a reconstructed Serbia, the Czechoslovaks and the Poles and the self-determination of all the peoples, great and small, the German minister thinks that peace ought to be assured by means of secret diplomatic pourparlers."

"This last German peace offensive, for the first time, betrays the fact that Germany no longer believes in victory by force of arms and that, on that account, she tries to obtain it by other means. This is the reason why we should have greater faith than ever in our final victory by force of arms and justice."

PROPERTY DEAL MAY NOT GO THROUGH

Rumors That Purchase of Hamilton City Clerk's Land May Be Rescinded.

Hamilton, June 27.—Despite the fact that the council has ratified the \$14,000 Kent-City of Hamilton property deal, there is just a possibility that the sale will be rescinded, owing to the fact that Mayor Booth has not yet placed his signature to the agreement, and that rumors of an injunction are in the air.

Criticism in connection with the purchase, which resulted in the land to pay \$14,000 for a piece of land assessed at \$2200, are not confined to the city council alone.

Civic employees paid by the hour are to receive an increase in their salaries, especially those who are now working for 27 cents an hour. The World was informed today that the question of raising the wages of the hour men is under consideration by the board of control and that a definite announcement could be expected.

MILK PRODUCTION NOT FALLEN OFF

Dairy and Cold Storage Commissioner Denies That There Has Been Shortage.

Ottawa, June 27.—That the milk production is fully up to last year is the statement made by Mr. J. A. Ruddick, dairy and cold storage commissioner. He takes exception to the impression that there is a shortage, as given out by a despatch dated Cobourg, Ont., with reference to cheese, in which it is stated that the boardings of cheese on the different cheese boards throughout Ontario to date are nearly 50,000 cheese less than last year.

"If that is the fact," says Mr. Ruddick, "it only shows that the boards do not represent the actual production. As a matter of fact, the receipts of cheese at Montreal are only 14,000 boxes less than last year to this date, and that shortage is more than made up by an increase in the receipts of butter, showing that milk production is fully up to last year."

"I have just returned from a long motor trip thru the dairying districts of Ontario, and the general consensus of opinion among the cheese factories and farmers was that the milk production was about the same as last year. It is a curious thing that every year numerous people try to prove that the dairy industry is declining, and yet the facts are that there is an increase in production every year. It matters not whether there is more or less cheese, or more or less butter, so long as the total milk production increases."

KERENSKY'S PLEA FOR AID TO RUSSIA

Declares That the Interests of the Allied Nations Are Inextricably Intertwined.

STILL OPPOSES ENEMY

Also Says Russia Will Never Recognize the Treaty of Brest-Litovsk.

London, June 27.—In opening his speech at the labor conference today Kerensky said:

"Yesterday one of the members of the conference asked what right had Kerensky to present. I shall answer the question. I am not here as a matter of right, but as a matter of duty. It is my duty as a man who knows all that is truth, which for a long time did not reach the ears of western Europe and America. In this terrible world war the interests of the allied nations are inextricably intertwined, and the fate of the country which bore the burden of a front greater in length than the combined front of all the other allies cannot be a matter of indifference to all the allies."

"I have not come here to beg or complain. The Russian people has in the past gone thru trials like the present and has always emerged strengthened and renewed. Now sending under the merciless onset of Germany, bleeding at every pore, she still opposes the enemy. I bear witness that the Russian people will never recognize the treaty of Brest-Litovsk, which is hurrying Russia into the abyss of annihilation."

"For three years Russia's soldiers had to fight an enemy perfectly equipped and cruelly merciless under conditions which no one outside of Russia can imagine. It is not to be wondered that, having repeatedly suffered the hands of the enemy, they again hit him hard, thereby saving the western front, the Russian soldiers were the first among the belligerents to faint in the struggle."

Warning Voices Not Heeded. The great revolution instilled new courage into the tired spirit, but could not immediately revive the massacred bodies of the soldiers. It is a thousand pities that the warning voices coming from Russia were not heeded by the western allies.

The treacherous invitations to peace by Germany were not unmasked, and the masses of the Russian soldiers, incited by fanatics and German agents, were deceived. Now they know what is a German peace. The "Krajan" peace is the peace of how the Germans secure the independence of small nationalities, when German bayonets and chemical vapors are employed to rob him and restate all the atrocities of the old regime."

Protest Against Tyranny. "All classes of Russians strongly protest now against the tyranny that again reigns in Russia. To my astonishment, some very prominent political men consider Bolshevism as democratic, also it has abolished freedom of speech, made human life as easy as the life of a dog, and has made an end of all institutions of self-government."

"If this is democratic, then I ask what can be reaction. The Bolsheviki claim that the present state of Russia is a dictatorship of the proletariat, also the Russian people is allied against the democratic and Socialist parties and the tolling masses."

"Every Russian who refuses to recognize this method of government is declared a counter revolutionary. Bolshevism, the strength of which mainly lies in the disorganization of the worn-out masses of soldiers, was merely the vanguard of triumphing German imperialism. To reach its aim Germany must paralyze Russia. It will never submit."

"That is the sure inwardness of connection between the interior affairs of Russia and the world war. The fate of Russia has special significance and value for the whole world. The Russian people alone may not be able to overcome the German. Perhaps, abandoned by all, Russia will perish from want of blood; but she will never of her own will submit to the humiliating treason of Brest-Litovsk."

It is for you, the oldest and most numerous of the democracies of the world, to settle the question whether it is possible to remain a calm spectator of this tragedy. I have crossed the thousands of miles that separate the Ocean to tell you and America this, which I profoundly know to be the absolute truth."

A REMINDER BY THE FOOD BOARD.

Ottawa, June 27.—The Canada Food Board announced today that a considerable number of public eating places, boarding houses, etc., which are required to secure licenses by July 1st, have not yet sent in their applications. These licenses become operative on July 1st, and on and after that date it will be illegal for any person to operate without a license a public eating place or boarding house where meats or refreshments to the number of fifteen or more per day are sold or served to persons other than members of the family or household of the proprietor. It will also be illegal for grocers, butchers, or any other dealers in food products to supply goods to public eating places which have failed to comply with the licensing regulations of the Food Board.

It is the intention of the Food Board to enforce these licensing regulations strictly.

WEDDED AT AYLMER.

St. Thomas, June 27.—At the home of the bride's parents, Mr. and Mrs. Alexander Conner, in Aylmer today, Miss Estelle Conner, B.A., was married to Geo. McAllister, B.A., chief statistician to Food Controller Henderson at Ottawa. The bridegroom is the son of Rev. W. G. H. McAllister, M.A., of Ridgeway. Mr. and Mrs. McAllister left on a trip to eastern points, and in the autumn they will take up their residence in Ottawa.

LABOR MINISTERS WILL NOT RESIGN

London, June 27.—The labor members of the government met today to consider their position in view of yesterday's resolution of the labor conference terminating the party truce. In view of Arthur Henderson's emphatic declaration that the labor executive did not desire the labor members to leave the government, Reuter's understands that the labor ministers have decided not to resign from the government, in any event at the present time.

HELP FOR RUSSIA IS BIG PROBLEM

Difference of Opinion at Washington Regarding Most Effective Means.

Washington, June 27.—Various plans for extending American aid to Russia in the effort to bring her back into the war are still in the stage of consideration, and before being put into operation will require a great deal of consultation between the American Government and the allies.

The revival of the plan of sending material aid to the distressed country, such as seeds, agricultural implements and other means of rehabilitating her people, and accompanying them with sufficient forces to safeguard these resources from falling into the hands of the Germans, depends for its execution, if it ever gets that far, on the approval of the allies and also on the consent and approval of the Russian people themselves in the districts which would be affected.

It has been suggested that the government might take a visit from former Premier Kerensky to the United States as a means of informing itself of existing details. So far as could be learned today, a visit from the former premier was still an unsettled question. There are some differences of opinion among the friends of Russia in Washington as to whether the conferences between American officials and Kerensky would be advisable.

MIGHT HAVE AVERTED MANY DISASTERS

If Allies Had Accepted Assistance of His Government, Says Greek Minister.

New York, June 27.—George Rounous, minister plenipotentiary of Greece to the United States, was the chief speaker tonight at a celebration of Greece's entrance into the war and year ago. Asserting that if the allies had understood the situation in the Orient in 1914 and had accepted the assistance offered by the Greek Government before the battle of the Marne they might have averted many disasters, he said that the Greek nation, entering the war Greece had sacrificed thousands of her sons "for the triumph of the common ideal" and is determined "to see the struggle thru to the bitter end."

After saying that "four peoples who had formed a coalition to take from their neighbors all that they could get," were now taking precautions against one another while dividing the spoils, he said that when an act is accomplished and unlawful gains are obtained, disunion necessarily results, for "honor among thieves" is after all a very rare thing.

Turning to the Russian situation, he said that if that "prostrate" nation is not organized with Prussian efficiency, and more terrible than Prussia, and that if "victory is incomplete, the curtain will rise upon a more terrible tragedy."

Before addressing the meeting, the Greek minister was the guest of honor at a dinner attended by prominent representatives of nearly all the allies, at which toasts were drunk to President Wilson, the rulers of the allied nations, and Premier Venizelos.

MERIT WILL PREVAIL.

Mr. Lemon's successor Will Be Selected From the Post Office Service.

Ottawa, June 27.—The principle of promotion for merit will obtain in the choice of a successor to Mr. Lemon as deputy postmaster at Toronto, and the appointment will go to some one in the service, it was stated at the postoffice today.

CANADIAN ENGINEER KILLED.

Cornwall, June 27.—J. G. Adams of Wales, ex-warden of the United Counties, has received a cablegram informing him that his son, Lieut. Loring Brooks Adams of the Canadian Engineers, was officially reported dead by a casualty clearing station June 22. Lieut. Adams had many friends in Cornwall. He was familiarly known as Brooks Adams during his course at the Cornwall high school and was one of the most popular students of that institution.

Baseball Bingos 6-5 Leaflets 0-4

SORROW IN HOWLEY CAMP DROP LAST TWO TO BINGOS

Leafs Play Wretched Ball—Blanked in First Game, Six to Nothing—Second Went Into Overtime, Bingos Winning in the Eleventh.

This is a tale of sorrow. After winning three straight from the leading Bingos, almost anything was expected of the Leafs. The Howleyites upset all the dope by trailing in both ends of the double offering yesterday, and it was a sad ending to the work so brilliantly started earlier in the week. Hartman's leaders dipped in in the whitewash pal, 6 to 0 in the opening clash. Beckvermit was too much for our boys, and five scattered hits was the total of our work.

Binghamton won the second game, 5 to 4, after eleven interesting innings. The lead alternated several times and a home run drive by McLarry decided the issue.

The Leafs lost the first game, 6 to 0, and made a mess of the heat at every turn. They supplied miserable ball, and seven errors helped the visitors to many of their scores. The Leafs simply could not do anything right, and even the usually steady Lear hopped in with the bad work.

Another cause for our defeat was the fact that the Leafs found Beckvermit a huge puzzle. He allowed us five scattered hits. Our chances were few to win the heat, but the old base knock could not be found at the right time. In the first three innings just nine Leafs faced the Binghamton pitcher.

Peterson was not steady, but his teammates helped along the disaster by booting the ball all over the lot, and there was no cheer for the poor fans.

Our run-getting was nil, and there is nothing to tell. Peterson got away for two innings, and then the fun was on. He started it himself by walking Buckley. Beckvermit forced him at second, but Peterson got liberal again and walked Zimmerman after having two strikes and one ball on him. Hartman dropped a hit in right, and then Riley sent two home with a single. Nobody observed second, and Hartman and Riley pulled the double-still. Key fouled out, but Fischer got a hit, and two runs scored when a ball dropped back of Lear. Herche and Whitehouse were tearing in like mad, but were not able to get anywhere near it. The ball dropped ten feet back of Lear. Fischer went out stealing. This put the game into the eleventh.

The Bingos had three on in the next round, but we squirmed out without a run. A run without a hit in the fifth; Peterson hit one, and two errors left Beckvermit to make the third but was thrown out and the game was over.

There was more to the second half of the bill, but again we took the short end of the stick. It went 11 innings and the Bingos won 5 to 4. The Leafs had a lead, lost it, tied it again and then a home run smash by McLarry in the 11th won it for the visitors.

Binghamton used three pitchers and the Leafs two. Our boys did more clubbing than their opponents, but the Bingos used theirs to better advantage. Four double plays killed chances for the Leafs just that number of times and there was the element of luck in the Hartmanites' win.

Beckvermit tried to do the iron man stunt by going to the mound for this game, too. He was relieved in the fifth with the bases full and two out. Barnes was tied up for the ninth when the game was tied up for the seventh time and the fourth. The Leafs showed in front again in their half. Anderson's double drove in the run. With two down and the Leafs a run to the good in the fifth and all bases occupied, Beckvermit was tricked. Barnes took a home run. McLarry made a great one-handed stab on Onslow and ended the fun.

The Leafs tied it again in the ninth. Warhop walked and Reilly sacrificed. Herche singled for the run and Hartman chased Barnes to the bran and substituted Frock. No more runs resulted. McLarry made a great one-handed stab on Onslow and ended the fun.

The Leafs tied it again in the ninth. Warhop walked and Reilly sacrificed. Herche singled for the run and Hartman chased Barnes to the bran and substituted Frock. No more runs resulted. McLarry made a great one-handed stab on Onslow and ended the fun.

RIVERDALE BEAT NORWAY.
St. John's of Norway visited Riverdale last evening and had the friendly game by one shot as follows:
Riverdale—16 S. Kirk.
R. Izett—16 E. Booth.
W. Glendinning—16 E. Burridge.
Total—41 Total—40
LADIES AND GENTLEMEN BOWL.
Four rinks of mixed bowlers from the Brampton Bowling Club visited the Rusholme Road Club and were beaten by nine shots. The Brampton bowlers were entertained at dinner at the West End Y.M.C.A. and enjoyed a very pleasant outing.
SPEED FIENDS AT EX. TRACK.
With the arrival of Gaston Chevrolet, the famous French driver, the field for the Sportsmen's bill at the Exhibition Grounds tomorrow afternoon is complete. Chevrolet is the driver who is racing against Miss Ruth Law in her airplane in the heading of the meet. They go five miles. Chevrolet also rides against Woodbury and Disbrow in the three-cornered match race, and will compete in all the open events. Miss Law is the favorite for the spectacular contest, airplane against motor car, but the experts cannot make a favorite in the three-cornered race. Disbrow is the champion, but Woodbury is the world's half-mile record-holder, and a dangerous factor on a small track, while Chevrolet has beaten both of them various times. Disbrow, Waldo all worked out at the track yesterday. They say that while it will not be possible for them to break any world's records there that they are confident

Raincoats for Soldier and Civilian

We are showing today a magnificent stock of the finest of imported Raincoats for the soldier or the civilian—the doctor, the lawyer, the professional man, the men of all "callings," the soldier in all branches of the service—the flyer, the infantry man, the cavalry man.

TENNIS TOURNAMENT

Gustav Touchard, the American national doubles champion and metropolitan singles champion, has been heard from at Camp Borden, where he is with the Imperial Air Force. His "phoned the committee yesterday each club taking a weird game. Rochester scored ten runs in the seventh inning of the first game, winning, 10 to 7. Hagen was wild in the second game and Jersey City had little trouble winning, 12 to 4.

First game—R.H.E. Rochester 0 0 0 0 0 10 0—10 14 1
Jersey City 5 0 0 0 1 0 0 0—7 3 2
Batteries—O'Keefe, Brogan and Smith; Maude, Verwers and Carroll. R.H.E. Rochester 0 1 0 0 0 0 1 2 0—4 11 5
Jersey City 1 0 3 1 0 0 2 3 2—12 13 5
Batteries—Hagen, Grant and Smith; Labate and Carroll.

At Buffalo (International)—With Baltimore leading by 5 to 3 in the eighth inning, Strait, the outfielder from Atlanta, drove out a triple, cleaned the bases, and won the game for Buffalo yesterday, 7 to 5. Scores: R.H.E. Buffalo 1 1 0 0 0 0 1 4—7 11 4
Baltimore 0 2 2 1 0 0 0 0—5 10 1
Batteries—Devaney, Steffen and Meyers; Herbert, Mason and Egan.

At Syracuse—Syracuse battled Ladestro and Jensen hard last evening in the first of two baseball games ever played here, and won, 12 to 5. The attendance was fair, considering the counter-attraction of a circus in the city. Scores: R.H.E. Syracuse 2 0 2 0 0 1 2 5—12 18 3
Batteries—Ladestro, Jansen and Madden; Goley and Cobb, Hopper.

At Detroit—Detroit defeated Chicago, 1 to 0, in the last game of the series yesterday, the visitors being unable to hit Roland with men on the bases. Veach's double, Hellmann's sacrifice and an error by Blosser gave Detroit its run in the fourth inning. Manager Jennings was suspended indefinitely yesterday because of his dispute Wednesday with Umpire Natlin. Scores: R.H.E. Chicago 0 0 0 0 0 0 0 0—0 4 1
Detroit 0 0 1 0 0 0 0 0—1 6 13
Batteries—Danforth and Schalk; Boland and Yelle.

At Washington—In taking both games of a double-header yesterday, 8 to 0 and 3 to 2, Washington made it five straight over Philadelphia. The shut-out scored by Johnson was his sixth this season. Perry's defeat in the closing game was his second in the series and his ninth in a row. Scores: R.H.E. Philadelphia 0 0 0 0 0 0 0 0—0 4 1
Washington 0 0 0 0 2 4—7 3 2
Batteries—Perry and Perkins; Shaw, Ayers and Pincich.

Ladies' Night

By Gene Knott

THESE RED ONES ARE TWO CENTS AREN'T THEY? DEAR ME, I THINK THESE CHIPS ARE SO CONFUSING. I CAN'T REMEMBER THE VALUE OF THE CHIPS EITHER! NOW IF THEY WERE REAL MONEY I COULD TELL RIGHT AWAY. I JUST KNOW I'VE BEEN BUYING THOSE BLUE ONES FOR PENNIES. NO! NO! NO! NOW LISTEN, AND I WILL EXPLAIN FOR THE 28TH TIME THE WHITE CHIPS ARE 1¢ AND THE BLUE ARE 2¢ AND THE RED ONES ARE 5¢ CAN'T YOU REMEMBER A SIMPLE THING LIKE THAT?

HOW CLUBS STAND IN THREE LEAGUES

INTERNATIONAL LEAGUE. Clubs: Binghamton, Rochester, Toronto, Buffalo, Newark, Syracuse, Jersey City. Won, Lost, Pct. Binghamton: 24, 13, .722; Rochester: 20, 18, .625; Toronto: 29, 23, .558; Buffalo: 25, 25, .500; Newark: 25, 24, .510; Syracuse: 15, 23, .395; Jersey City: 11, 24, .344.

NATIONAL LEAGUE. Clubs: Chicago, Boston, Philadelphia, Pittsburgh, Cincinnati, St. Louis, New York, Brooklyn, Detroit, Philadelphia. Won, Lost, Pct. Chicago: 28, 15, .652; Boston: 27, 18, .600; Philadelphia: 29, 21, .578; Pittsburgh: 25, 21, .549; Cincinnati: 23, 24, .491; St. Louis: 21, 25, .457; New York: 10, 20, .333; Brooklyn: 5, 14, .263; Detroit: 2, 10, .167; Philadelphia: 1, 10, .091.

AMERICAN LEAGUE. Clubs: New York, Boston, Cleveland, Chicago, St. Louis, Philadelphia, Washington, Detroit, St. Louis, New York, Boston. Won, Lost, Pct. New York: 27, 15, .643; Boston: 27, 27, .500; Cleveland: 27, 29, .483; Chicago: 28, 30, .483; St. Louis: 29, 33, .469; Philadelphia: 21, 29, .420; Washington: 1, 10, .091; Detroit: 1, 10, .091; St. Louis: 1, 10, .091; New York: 1, 10, .091; Boston: 1, 10, .091.

YANKEES NOW LEAD AMERICAN LEAGUE

Oust Red Sox by Winning on Thursday—Two More for Senators.

At New York (American)—New York took the lead in the American League race yesterday by defeating the Boston Red Sox in the fourth game of the series, three of 7 to 5. The Yankees won the series, three out of four games. McGride and Egan were the opposing pitchers at the opening of the game, were both knocked out. Bode put New York ahead in the first inning with a home run after Pipp had singled. Scores: R.H.E. New York 2 1 0 1 0 0 1 0—7 9 1
Boston 2 1 0 1 0 0 1 0—7 9 1
Batteries—Caldwell and Hannah; Agnew; McGride and Egan.

At Detroit—Detroit defeated Chicago, 1 to 0, in the last game of the series yesterday, the visitors being unable to hit Roland with men on the bases. Veach's double, Hellmann's sacrifice and an error by Blosser gave Detroit its run in the fourth inning. Manager Jennings was suspended indefinitely yesterday because of his dispute Wednesday with Umpire Natlin. Scores: R.H.E. Chicago 0 0 0 0 0 0 0 0—0 4 1
Detroit 0 0 1 0 0 0 0 0—1 6 13
Batteries—Danforth and Schalk; Boland and Yelle.

At Washington—In taking both games of a double-header yesterday, 8 to 0 and 3 to 2, Washington made it five straight over Philadelphia. The shut-out scored by Johnson was his sixth this season. Perry's defeat in the closing game was his second in the series and his ninth in a row. Scores: R.H.E. Philadelphia 0 0 0 0 0 0 0 0—0 4 1
Washington 0 0 0 0 2 4—7 3 2
Batteries—Perry and Perkins; Shaw, Ayers and Pincich.

EXHIBITION TRACK SATURDAY, JUNE 29th

SEVEN CHAMPIONSHIP EVENTS MISS RUTH LAW (World's Champion Aviator) will race her \$10,000 aeroplane against auto champion.

THE SAMMIES TODAY. When the United States regiment is dismissed today after dinner at the armories they will parade along Queen street and down Bay street to the ferry dock, where a special boat will be ready to take them to the Island Stadium. The march will start shortly after 1 o'clock. From then on they will be the guests of the Toronto Baseball Club. Upon arrival at the island they will take the seats reserved for them in the stadium. There will then be a baseball game between the Sammies and the local Veterans. This game will be stopped at 4.45 at which time the entire regiment will fall in and parade around the grounds. During the playing of "God Save the King" and "The Star Spangled Banner," and also the raising of the Union Jack and Stars and Stripes the Sammies and baseball players will stand at attention. Then will follow the regular Toronto v. Baltimore game. The invited guests today include Lieut.-Gov. Sir John Hendrie, Col. Hickford and staff, Premier Hearst and Mayor Church. Two games are on the card tomorrow with Baltimore.

WILSON'S "The National Smoke" BACHELOR

The "Bachelor" is a good cigar, of generous proportions, perfectly made and finished by hand from the finest imported tobacco.

MISTER M'LARRY THE HOME RUN KID

Walloped the Bingos to a Double Victory—Joe Wagner Still Missing.

By Ida L. Webster. Speaking of ball players, did you see that guy M'Larry, who plays first base for Binghamton? If not, then you missed a sight for sore eyes, because he is about the classiest young artist in the business, and each day that he has been here he has been getting better and better, until it is only human to be glad that he has moved out of town, because he has improved upon his work, or yesterday it would have been all over with this crowd of young, enthusiastic Lefflers.

NO MORE TROTTING AT PORT HURON

Lack of Patronage Has Caused Officials to Call Off Further Events.

Port Huron, Mich., June 27.—When Abdul Taleb, the black gelding from Minneapolis, passed under the wire as winner of the 2:14 trot a length ahead of Doris Watts in the fourth heat, Port Huron's harness events, it was announced, had closed for the season. Lack of patronage prompted track officials to call off Friday's event, and the event provided no upset for the talent, as Doris Watts had won the first two heats and looked to have the race well in hand.

MENS CLOTHES TAKE ELEVATOR HERN SAVE \$10.

No Matter What Your Income You Have the Same Opportunity to Save

No matter whether you work in the mills or have a lucrative office position—you can save the difference between our low rents and selling expenses and those of the high-rent, ground floor stores on your next suit of clothes.

New Summer Suits At Our Upstairs Prices 15 to 30

You save money here because we don't have to add extra for ground floor rents and expenses. They are selling expenses—and you know as well as we do that they add nothing to the value or style of your clothes.

PASCOE & HERN Second Floor Kent Building, Corner Richmond and Yonge Streets.

DOROTHY DIX'S TALKS

FAIR OR CLOUDY WEATHER

By DOROTHY DIX
The World's Highest Paid Woman Writer.

Did you ever stop to think about the effect that your personality has upon other people?

As you go thru the world do you diffuse an atmosphere of gloom or sunshine?

Are you a human wet blanket or an incandescent cheer?

Do you leave people with whom you come in contact bowed up with optimism, or do you turn their thoughts towards rough on rats and good stout ropes, and other alluring means of suicide?

Believe me, it is a subject worth considering.

Each one of us goes about surrounded by an aura that is made up of our thoughts, tempers and temperaments—the things that are the emanation of our souls—and this aura casts its reflection, bright or gray, on all with whom we associate. Quite apart from anything that we do or fail to do, we make happiness or misery for others just by our own mental complexion.

There are people good, worthy, kindly people, who would seem to fly intentionally, who go thru life murdering joy and pleasure.

You know the people I mean. They have solemn long faces, their mouths droop at the corners. They never laugh, their nearest approach to mirth being a cynical sort of smile. They wear dull dark clothes, and if they are women they put on black when some member of their family dies and never take it off, because they take a pride in "never getting over" a bereavement.

When they come to see you they tell you the sad, sad story of their lives, drunken and unfaithful husbands, and ungrateful children. If they are men they have been robbed by their best friends, or put upon by their employers. They always have some incurable disease and tell you their symptoms in detail.

They are sure that the country is going to the dogs; that all public men are grafters and thieves; that philanthropists give hospitals and libraries just to get their names in the papers; that newspapers are venal; and that every human being in the world except themselves, is selfish, mean and grasping.

When these people go to see a sick man or woman, they relate stories of their Aunt Mary and Cousin Thomas, who perished of some similar disease. When they meet a mother whose son is in the army or whose daughter has gone to the city to work they dwell on reminiscences of bloody first-line trenches and the dangers of a great city. When you tell them of any little success you have they say they are so glad for you, but you mustn't forget that one swallow doesn't make a summer and that brilliant best-selling get together a dismal ending.

Now these people don't mean to make you miserable, or to rob you of hope and self-confidence, or to inspire anxiety and fear in you, but they do it all the same. They blot out your happiness just as completely as a black cloud

blots out the sunshine of a summer's day.

You have been at a pleasure resort. They leave you feeling that this is a rotten old world with everything in it gone to decay. You feel that nothing is worth while, and every effort is bound to end in failure. Somehow your faith is shaken in everything that is good and sweet. If you are sick you feel like turning your face to the wall and giving up the ghost. If you are a man it drives you to drink, and if you are a woman it reduces you to tears.

There are some people who are constitutional carriers of discontent and dissatisfaction as some unfortunate individuals are specially carriers of typhoid, and one is as contagious as the other. Also about as deadly.

They have been at a pleasure resort. haven't you? where you were having a perfectly blissful time. You thought the scenery was so beautiful, the hotel, the people agreeable, the rickety old boat and the one-lunged inn a barrel of fun. All the guests in the hotel were chattering like a basket of kittens, and everybody was happy and contented.

Along comes the infectious case of criticism. He or she—and it is generally a woman—comes along and begins the fatal work of inoculating everybody with a serum of discontent.

Newly rich, probably, or else from small towns. Of course they seem to be very respectable and educated people, but you never can tell. They show they are not what they are at the St. Robem and the service is atrocious. You actually have to ring twice sometimes for a maid.

As for the guests—why most of them are people you never heard of before, but it's dangerous and shows you lack discrimination. Who knows whether that handsome man really is that pretty married woman's brother or not? And do girls and boys wear out in REALLY broke down, as they said it did, the night they didn't get in until twelve o'clock.

You know how this leaven of discontent and criticism works. Haven't you seen a whole batch of human dough begin to ferment as soon as it was injected into it? Haven't you seen people who had been perfectly satisfied before someone had begun to knock the scenery, kick at the hotel and pick at each other? Haven't you seen two or three little ruin the holiday of two or three hundred people?

Now these people don't mean to make you miserable, or to rob you of hope and self-confidence, or to inspire anxiety and fear in you, but they do it all the same. They blot out your happiness just as completely as a black cloud

you feel as if the winds of God had blown and it, and left the breath of hope in it.

When such people come to see us there is laughter on their lips and sunshine in their eyes, and their very garments are gay and joyful.

They may have had trouble and disappointment, but they never tell us about them, for they have the courage to bear their own burdens without laying them on other people's shoulders. They do not recount the wrongs that have been done to them; they tell of fine pieces of friendship and kindness they have met with. They recount splendid deeds of heroism; they tell of successes that have been won by gallant effort; they are full of droll stories that tinkle pleasantly in your memory.

And when they go they leave you feeling that God is in His heaven and all is well with the world. Sick people feel the wine of healing run thru their veins, and the departing bird up their lungs for the fight that takes them to victory.

A beloved woman once said to me, "I have had little money to give, but I have made it the rule of my life to give cheer and happiness to all with whom I come in contact. I never let anybody go from my presence without giving a word of appreciation, and I make it my business to make them feel happier than they were."

In which of these classes are you? Do you radiate cheer or despair?

GARDEN FETE AIDS TUBERCULAR POOR

Successful Outdoor Program at Home of Sir William Mackenzie.

Many of Toronto's tubercular poor will profit by the proceeds of the charming and successful garden party held yesterday afternoon at the home of Sir William Mackenzie for the work of the Samaritan Club, under the patronage of the governor-general and the Duchess of Devonshire and under the auspices of the Rotary Hall Association. The beautiful grounds in which are the noted Italian gardens with their gorgeous beds of crimson, pink and white peonies, were delightful under the sunlight and like fairyland in the evening when Chinese lanterns in many colors played under the trees and corridors.

Many attractions were provided. The Misses' Horse Band played early in the afternoon, and a large contingent of the Boy's Naval Brigade gave a splendid exhibition of drill. Exhibitions of dancing were given by a number of little girls, and maidens in fascinating Italian costumes played the hand organ, Baby Roth taking up the silver coin in his tambourine, and Miss Gable being attracted by an audience by her sweet singing. Pony races were a feature of the afternoon. In the first contest for ponies, 14 hands high, the winners were: 1. Betty B., ridden by Esme Magann; 2. Dolly Grey, Margaret Parker; 3. Juliette, Edwin Willis. Under 14 hands, 12 hands high, the winners were: 1. Starlight, Master Noel Eaton; 2. Teddy, Dorothy Casse; 3. Juliette, Edwin Willis. Under 12 hands, harness class, 3. Rosie; 2. Dolly; 1. Dolly. Best girl rider, Dorothy Casse; best boy rider, Noel Eaton. The tea tent was under the direction of Mrs. Van Dine, who was assisted by a large number of the attractive "blue caps" of the Rotary Hall Guild. Mrs. A. J. Gough had charge of the soft drinks and ice cream. The text of the fortune telling organization who are co-operating with the Women's Patriotic League, I.O.D.E., Local Council, Conservative and Liberal Clubs, Secours National, Friends of France, Franco-British Aid, Belgian Relief, Sailors' Guild, Girl Guides, Rotary Hall Guild and Queen Mary's Needlework Guild.

"BLUE DEVILS" LUNCHEON.
Women's Organizations Are Co-operating in Matter.

The luncheon to be tendered the "Blue Devils" next Tuesday will be under the direction of Miss Church and Miss Marie Macdonell. The French Consul and Mme. Rocheau de la Sabliere will be present. Girls who can speak French will, as far as is obtainable, be selected from the various organizations who are co-operating with the Women's Patriotic League, I.O.D.E., Local Council, Conservative and Liberal Clubs, Secours National, Friends of France, Franco-British Aid, Belgian Relief, Sailors' Guild, Girl Guides, Rotary Hall Guild and Queen Mary's Needlework Guild.

POINT AU BARIL SLEEPING CAR SERVICE VIA CANADIAN PACIFIC.
The Canadian Pacific will, commencing June 25th, operate standard rail, Toronto to Point au Baril, at 10.00 p.m. each Monday and Friday. Further particulars from Canadian Pacific Ticket Agents or B. Howard, District Passenger Agent.

RED CROSS WORK.
The women of St. Anne's congregation, Gladstone avenue, report the following Red Cross work for which money was all supplied by special contributions of the congregation: Hand-knitted socks, 1822 pairs; pyjamas, 867; day shirts, 408; gauze shirts, 119; wash cloths, 152; wash cloths, 1108; K's Gags, 442; towels, 96; pads, 18; miscellaneous (knee caps, bed socks, etc.), 22; cushions, 18; stroller caps, 808, making a total of 5337. Besides the above 420 Christmas parcels were sent to St. Anne's boys on active service.

CHILD BADLY BURNED.
Beryl Stevens, aged four, 232 Stading ring to be removed to the Hospital for Sick Children yesterday suffering from severe burns about the chest, shoulders and left arm. According to the hospital authorities, the little girl, with her clothes aflame, was found under a bridge by a passerby, who heard her screams. Her condition was regarded as critical. No particulars of how the child's clothing became ignited were ascertainable.

War Garden Bulletin

Practical Daily Guide for Vacant Lot and Backyard Gardeners Enlisted in Greater Production Campaign.

Issued by the Canada Food Board in Collaboration With Experts on the Staff of the Dominion Experimental Farm.

GET THEM RIGHT.
Every vegetable used for canning, dehydrating or storing should be in perfect condition. For satisfactory results it is necessary not only to have products which are absolutely free from insect but to catch them at the right stage of development.

Even if perfectly sound, over-ripe vegetables are not satisfactory for canning because most vegetables undergo a decided change in texture as they reach maturity and become fibrous or pithy. This not only detracts from their quality but greatly increases the work of preparing them for canning or for drying and, later, for cooking.

The factor which makes for success in saving for winter is to have all the products as freshly gathered as possible. Vegetables which have once been allowed to wilt are not nearly as good in the final product as those which are canned, dried or stored, when absolutely fresh from the garden.

MANUAL TRAINING IS BIG PROBLEM

Women Trustees Appointed Committee to Confer With Minister of Education.

Three women trustees, Dr. Caroline Brown, chairman of the board of education property committee; Mrs. A. C. Courtice, chairman of the special committee on manual training and household science; and Miss Constance Boulton, were appointed by the property committee yesterday afternoon to have a conference with Hon. Dr. Cody, minister of education. The committee and superintendent of buildings find the manual training problem in Toronto too difficult to solve.

Owing to the dearth of opinions, the sixteen instructors of the sixteen centres now in Toronto. When they met under a supervisor he could make prompt progress with plans, as he sent all the local manual trainers to the supervisor for their projects.

Supt. Bishop said that is what we want again, and what we are going to get if it is possible.

After a long session of opinions, the committee decided against Trustee McClelland's motion that a system of artificial lighting be installed in the third floor of Brown school.

TAG DAY FOR FLIERS.
A special "tag" in aid of the flying men will be launched in Toronto on July 4, when the Canadian Aviation Aid Club will make an appeal for their contributions. The money will be devoted to providing for hospitals, to comforts for the men wherever British machines are flying, to the R. A. F. Prisoners' Fund and to the purchase of material for supplies to be made by members of the club. The management is in the hands of the following committee: Mrs. Stuart Strath, president of the club; Mrs. G. W. Beatty, Mrs. W. B. Maclean and Mrs. Miller Leah.

RED CROSS WORK.

SAFETY

CONDUCTED BY MRS. EDMUND PHILLIPS

The Marquis of Lansdowne, K.G., on behalf of the British Red Cross Association, gave a luncheon in London on Wednesday in honor of Col. Noel Marshall and Mr. Kenneth Dunstan and Dr. Robinson of the Canadian Red Cross Association. Among those present were Sir Robert Borden and Sir George Perley.

Under the auspices of the Rotary Hall Association for the work of the Samaritan Club, a most successful garden party was given yesterday afternoon at Benvenuto by the courtesy of Sir William Mackenzie. The beautiful grounds were at their best, the trees making a very effective background for the scarlet and white marquees and tents scattered over the west lawn. The attractions were many and varied. On the circular verandah to the south of the house Mrs. Gough was in charge of the masses of exquisite flowers, peonies, garden heliotropes, roses, daisies in profusion; opposite, there was a large tent draped with eastern embroidery in charge of Mrs. Babayan, who looked handsome in a Turkish head-dress and silk scarf draped over a sailor's skirt and had six fortune tellers under her roof, who did a wonderful business. Mrs. Mitchell, Mrs. Mesinger, Mr. Scott, Mr. Shaw being among them. The tea was under the direction of Miss Clarke and the band of the 9th Missisquoi Cavalry, under the direction of Mrs. Magann, were in charge of the music during the afternoon. A pony show was popular, under the direction of Mrs. Magann. The service was conducted by the Rev. Stanley Boyd, only son of Mr. and Mrs. Joseph Boyd, 578 Clinton street. The service was conducted by the Rev. Stanley Boyd, only son of Mr. and Mrs. Joseph Boyd, 578 Clinton street. The service was conducted by the Rev. The Safest Matches in the World

Also the Cheapest ARE

EDDY'S

"SILENT 500'S"

SAFEST because they are impregnated with a chemical solution which renders the stick "dead" immediately the match is extinguished.

CHEAPEST because there are more perfect matches to the single box than in any other box on the market.

War time economy and your own good sense will urge the necessity of buying none but EDDY'S MATCHES.

THE E. B. EDDY COMPANY LIMITED HULL, CANADA

ANNOUNCEMENTS

Notice of future events, not intended to raise money, so per word, minimum 50¢; if held for sale, minimum \$1.00; if held to raise money for any other than these purposes 50¢ per word, minimum \$2.50.

MUNICIPAL CHAPTER, I.O.D.E.—Special meeting, Friday, June 28th, at 8 p.m., Sherbourne House Club.

PRIMA DONNA GAINS IN POPULARITY
Carolina Lazari, the noted contralto, was greeted at the Grand Opera House last night by a splendid audience when the singer charmed her hearers even to a greater extent than when she sang at Massey Hall in the earlier part of the season in an all-star program. The rich, mellow voice of the prima donna was warm and luscious and was heard to advantage in her open aria "Il Capraio" from Dinorah, and particularly in the aria "Deep River" by H. B. Burleigh, one of a group following the aria. She contributed in all four groups and ended with the aria "Pastorale," by Bellotti, won him immediate favor, which increased through the earlier part of the evening. Her singing was a most satisfactory piano soloist and accompanist. Marjory Martin of the Academy of Music, whose name was not on the program, was introduced by Mr. Ross and played a group of piano numbers in which she displayed admirable technique and exceptional virtuosity.

The child welfare work in which Mrs. Ambrose Small is interested, will benefit by the proceeds of the evening.

TAKES BLANK PASSES.
Pte. Harry Tell, of No. 2 Special Service Co., Exton camp, was tried yesterday by court-martial on the charge of having stolen 24 blank passes from the Base Hospital on Saturday, June 14. He pleaded that he had not meant to use the forms and had taken them on the spur of the moment. Judgment reserved.

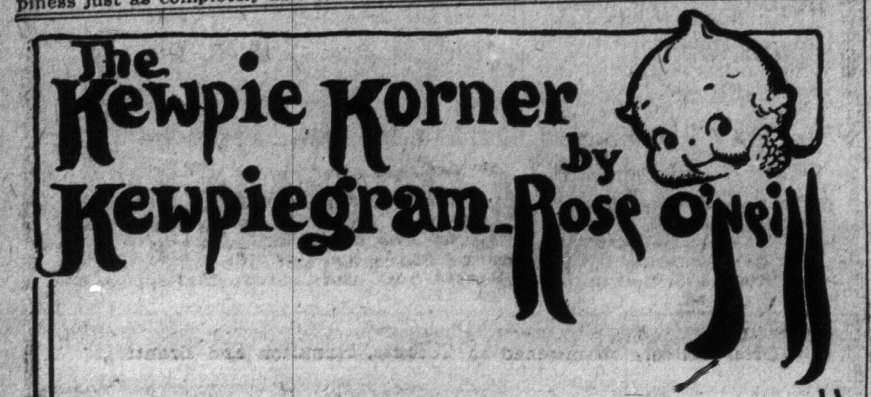

Funds Secured for Five Years For Notre Dame Hospital
Montreal, June 27.—The relief fund campaign for Notre Dame Hospital in this city closed today with a total of \$267,183.50, announced at a luncheon given by the president of the board of management, Dr. E. E. Lachapelle, at the Montreal Club. Messrs. Brien, Venu and Oscar Dufresne announced they would increase the amount secured by a personal subscription of \$10,000. The objective was \$275,000, and by obtaining more the fund secures an additional subscription of \$100,000 from Sir Rodolphe Forget, who has hitherto been patients of the Toronto Base and other institutions, will now be sent directly to the camp hospital. It was stated yesterday that this action on the part of the A.D.M.S. would relieve the Toronto Base Hospital of at least a third of the number of patients there before the order came out.

TO RELIEVE BASE HOSPITAL.
It is understood that Captain E. L. Guyatt has been appointed temporary commandant of the new special hospital at Camp Borden. However, a number of patients who come under the heading of this special need, and who have hitherto been patients of the Toronto Base and other institutions, will now be sent directly to the camp hospital. It was stated yesterday that this action on the part of the A.D.M.S. would relieve the Toronto Base Hospital of at least a third of the number of patients there before the order came out.

Don't Look Old!
But restore your gray and faded hair to its natural color with LOCKYER'S SULPHUR Hair Restorer.

This world-famed Hair Restorer is prepared by the great hair restorer, Dr. J. C. Lockyer, of London, and can be obtained of all druggists.

Its quality of deepening grayness to the former color in a few days, thus securing a preserved appearance, has enabled thousands to retain their position. LOCKYER'S SULPHUR Hair Restorer gives health to the hair and restores the natural color. It cleanses the scalp and makes the most perfect Hair Dressing.

"Young folks," says Bookman, "you've no call, To act as if you knew it all! I know a lot myself, and so There's not much left for you to know! But notice that, tho' deep and wise, My head remains of normal size!"

WAR RECORDS OFFICE HAS DONE GOOD WORK

Tabloid History of Everything in the Canadian Force is Being Prepared.

PAY FOR THEMSELVES

Special Features Which Have Made Canada's Effort Known Are Self-Supporting.

Ottawa, June 27.—That the Canadian war records office in England is doing highly valuable work, the importance of which is hardly realized in Canada, is indicated in the following article, issued by the military department today:

Under Lord Beaverbrook the Canadian war records office has been doing splendid work. Its official photographs, its moving picture films, its contemporary histories have been special exclusive features. These features have resulted in Canada's war effort becoming known in all parts of the world. The books have been translated into many languages and the pictures sent to many lands.

A tabloid history of every unit in the Canadian expeditionary force is being prepared from the time of its mobilization. This will save the future historian from searching through tens of thousands of contemporary history files. He will have before him the dates of every outstanding action, accompanied by reference to the particular diary in the detailed history describing it fully. Thus, thru the forethought and systematising genius of the Canadian war records, the official Canadian historians will take up their great task with a great advantage over previous historians, and the people of Canada will benefit by the time saved in the compilation of the work.

Custody Parcels Taken Over. Custody parcels have recently been taken over from the records office. These are parcels of documents from the regiments in France, which include many papers of historical importance and value. There are thousands of these custody parcels, and it has been necessary that the war records office move to a warehouse building in that part of London known as "the city," in order to secure the space required.

The Canadian war records office has been distinguished by an ability to supply the public with the sort of information that has an appeal. The result has been that public interest has risen to the extent that these features which have done so much to place Canada in the limelight, have cost the Canadian public nothing, having paid for themselves.

Exhibition of Pictures. A great exhibition of British war pictures, which has been attracting very large crowds in London was

arranged by the Canadian war records office. The department is now preparing a series of stories covering the activities of each Canadian brigade from the time of its organization to its most recent operations. They will be in "light narrative" style.

The more important actions will be more fully described, but due space will be given to the astonishing raids which have been a feature of Canadian warfare. The history of each brigade will be contained in a separate booklet.

On Canadian V. C.'s. A book of terse, short stories with a strong personal appeal, describing the actual occurrences in France, is also being prepared. It will contain twenty-five to thirty stories, which will do much to bring the personal side of the war close to the people at home.

An illustrated handbook on Canadian V. C.'s containing a description of their deeds, is also to be issued. There will be also a book on other honors and awards with descriptions of the more spectacular deeds.

These are some of the activities in hand at the moment and suffice to give an idea of the important work which is now being done in making Canada's part in the war known, and in preparing the material for the enlightenment of Canadians in the future.

PICNICS IGNORING FOOD REGULATIONS

Ottawa, June 27.—The attention of the Canada Food Board has been called to the fact that the new regulations applicable to picnics are not being observed as strictly as they should. Churches and other organizations are reminded that the regulations applicable to public eating places now apply also to public entertainments.

Copies of the new order applicable to picnics, etc., have been distributed to the police authorities in all parts of Canada, and organizations before arranging for picnics would be well advised to communicate with the local police in order to secure detailed information as to the food board's regulations.

Henry B. Thomson, chairman of the Canada Food Board, said today that it was realized that the restrictions on the use of wheat products and meat would entail certain difficulties so far as arrangements for picnics were concerned, but that it was imperative that the people should conform to war necessities.

NEW SHERIFF IS POPULAR

St. Thomas, June 27.—William Henry Elliott, of New Sarum, the newly appointed sheriff of Elgin County, is one of the best-liked and popular men in East Elgin. Mr. Elliott was born and raised in Yarmouth Township, and is about 67 years of age. His early life was spent on the farm, but for the past twenty years he has conducted a general store at New Sarum. Dr. H. Elliott of Niagara Falls and Justice Elliott of New Sarum are sons, and Mrs. J. H. Jones of St. Thomas is a daughter.

AMERICAN SENATOR SPEAKS ABOUT WAR

Says German Defeat Will Be Accomplished Only After Heavy Losses.

MUST STOP DREAMING

United States Must Put Forth a Greater Effort Than Ever.

Washington, June 27.—Speaking on the \$12,000,000,000 army appropriation bill, Senator Reed declared in the senate today that although Germany eventually will be defeated, it will be accomplished only after the allies have suffered tremendous losses. He said the central powers hold the advantage in heavy guns on every front.

Senator Reed asserted that America has no heavy guns except those that have been taken from the supply of the navy department, and that it will require nearly two years to get a sufficient supply.

The United States will have to extend the draft age limit, declared Senator Reed. The central powers, he said, have a greater population than the entente countries, and were better prepared for war. Italy, he said, was "totally unprepared in arms and material when she entered the war," and added that the break in its lines last fall cannot be disregarded, for both French and British divisions are still kept on the Italian front.

"Ireland has failed to do its duty in this war," he asserted, in support of his claim that the complete man power of the allies could not be mustered against the Germans.

Senator Reed said he was opposed to preparing for the prosecution of this war in "a piecemeal fashion," and warned against over-confidence.

"Let us not deceive ourselves," he declared, "for Germany up to this day has been triumphant in this war. It is time to quit day-dreaming. Germany has today, even with the million Americans on the front, an advantage in men, according to information I get. I am very sure she has an advantage in metal. I am also very sure if the war is won it must be by the United States putting forth so great an effort that we have not begun to dream of it."

Will Not Appoint Gen. Gough To Post With Canadian Forces

London, June 27.—Replying to Hon. Joseph Martin, East St. Pancras, in the house of commons today, James Ian Macpherson, under-secretary for war, said it is not the government's intention to appoint General Gough to some important position in connection with the Canadian forces.

ALPINE CHASSEURS GREETED AT OTTAWA

Ottawa, June 27.—Thronged with cheering citizens greeted the famous "Blue Devils" of France on their arrival in Ottawa at noon today from Montreal. Directly the train pulled in at the central station the local band of the Great War Veterans played "The Marseillaise," and immediately afterwards a choir of 400 members of St. Jean Baptiste Society sang the National Anthem in the French tongue.

The Alpine Chasseurs were met at the station by Mayor Fisher, the controllers and a number of other city officials and were immediately taken to the Chateau Laurier, where a formal reception was followed by luncheon.

SCARED THE VILLAGE WITH LOADED RIFLE

Kingston, June 27.—With a loaded rifle Maurice and Jack Johnson, aged 12 and 14, the two boys of the Village of Cataract, started in yesterday afternoon to shoot up the place, landed in the police cells, and today County Magistrate Hunter sent them to the industrial school at Mimico for an indefinite period.

The fired off several rounds of ammunition and for two hours held the people in terror until rounded up by a county constable.

Meeting two young sons of Robt. Harpell, one of the boys pointed the gun at them, crying: "Look out or I will blow your heads off." The trigger was pulled, but luckily the cartridge got plugged, and it did not go off.

In addition to shooting up the village the young desperadoes were charged with setting fire to a house, trying a couple of boys to a fence with ropes and stealing various things from farmers.

Witnesses swear that the boys were the terror of the neighborhood, and that almost every person who knew of them. Their father and mother asked to have them punished, stating that they would do anything with them. The older boy served a term in the industrial school. He was let out on parole a year ago.

NEARLY ONE MILLION MORE U. S. SOLDIERS

Eight Hundred Thousand Men of 21 Have Order in Draft Classes Fixed.

Washington, June 27.—Nearly 800,000 young men of 21 who registered for military service on June 5 had their order in the draft classes fixed today by a second national draft lottery, held with formal ceremony at the senate office building.

Just 1200 numbered tickets rolled into capsules—enough to cover the list of new registrants in the largest local district in the country—were drawn from a big glass bowl and the numbers recorded in serial order. Under the new system registrants go to the bottom of the capsules to which they may be assigned, and the order in which the number appearing on a man's registration card came from the bowl determines his place in the list of additions.

MAY SEEK REDRESS

Jesusuits May Apply to Court for Restriction of the Order in Canada.

Montreal, June 27.—Civil proceedings against a number of Protestant clergymen who have figured in connection with the troubles over the Guelph novitiate may be taken, Father William Power, visitor of the order, announced today.

DOCTORS FOR DOMINION

Names of Those Who Have Passed the Spring Examinations for L.M.C.C.

Ottawa, June 27.—Dr. R. W. Powell, registrar of the medical council of Canada, announces that the following candidates have successfully passed the spring examinations which have been in progress in Toronto from June 18 to June 25.

TWIN CITY EARNINGS SHOW IMPROVEMENT

Decrease for May Less Than in Earlier Months.

While the earnings of the Twin City Rapid Transit Company for May show a decrease from those of May, 1917, the showing is much more favorable than that for earlier months of the year.

Table with columns: BANK OF ENGLAND, BANK OF FRANCE, BANK OF GERMANY. Lists financial data for each bank.

MARK WORKMAN TO SYDNEY. Montreal, June 27.—President Workman of the Dominion Steel Corporation will leave at the end of the present week for Sydney and intends spending practically the entire summer at the works of the company.

The Law will distribute your property according to certain definite, fixed rules—unless you make a will. About executorship, consult National Trust Company Limited.

FIND RICH VALUES IN THOMPSON-KRIST VEIN

Latest Advices Emphasize Importance of the Discovery Made.

Further advices from the north emphasize the importance of the discovery on the Thompson-Krist. J. M. Spence, one of the directors, yesterday received a wire from Manager N. J. Everett of the vein, which has been conducting exploration work for the Thompson-Krist.

JIM BUTLER DIVIDEND. Philadelphia, June 27.—The board of directors of the Jim Butler Mining Company today declared a dividend of 7 per cent, payable August 1 to stockholders of record July 15.

BUY TOUGH-OAKS MILL. Cobalt, June 27.—The Aladdin-Cobalt Mining Company has purchased the original Tough-Oaks mill. In this small stamp mill it is proposed to treat some of the high-grade ore taken from the Burside property, which is under option to and being operated by the Aladdin.

LAKE SHORE IN MAY. Kirkland Lake, June 27.—In his report covering operations for the month of May, the general manager of the Lake Shore points out that the mill ran 96 per cent of its possible running time and that the production of the mill was 475.5 tons.

MINES ON CURB

Closing prices yesterday in the Cobalt and Porcupine stocks on the New York Curb, as supplied by Hamilton B. Wills, in the Royal Bank Building, are as follows:

Table with columns: MONTREAL STOCK EXCHANGE, NEW YORK CURB. Lists stock prices for Montreal and New York.

DEFER SUSQUEHANNA DIVIDEND. New York, June 27.—Directors of the Buffalo & Susquehanna Railroad today decided to postpone action on the usual quarterly dividend on the common stock due at this time.

NEW YORK COTTON. J. P. Bickell & Co., 802-7 Standard Bank Building, report New York Cotton Exchange fluctuations as follows:

BANK CLEARINGS

Toronto bank clearings for the week ended yesterday amounted to \$75,876,723, compared with \$65,644,143 for the corresponding week of last year, and \$66,320,184 in 1916.

BONUS DECLARED WITH MAPLE LEAF DIVIDEND. "Street" interested in What Farthing-grocery Annual Report Will Show.

THE DECLARATION by the Maple Leaf Milling directors of a 1 per cent bonus on the common stock in addition to the regular quarterly dividend of 2-1/2 per cent has caused a good deal of speculation on the local street as to what the annual report will show in the shape of earnings.

IN ADDITION to the 2-1/2 per cent disbursement to common shareholders, the directors have also declared the regular quarterly dividend of 15-1/4 per cent to preferred stockholders. Both dividends are payable on the 15th July to shareholders of record July 3rd.

A NEED of rain over considerable sections of the province is growing. Areas in Manitoba, Saskatchewan and Alberta, is indicated in the weekly crop report of the Canadian Northern agents to the general offices of the company here.

STRENGTH AT MONTREAL LAURENTIDE ISSUES

Montreal, June 27.—There was some slight expansion in business on the Canadian stock exchange today. More prominent features were the Laurentide stocks, with the parent paper issue firm at 165 1/2 to 166, and the subsidiary power stock at a point higher at 63 1/2.

TOTAL BUSINESS for the day, compared with the corresponding day a year ago: Shares today, 1655; corresponding day of 1917, 2388. Unlisted shares today, 640; last year, 10. Bond today, \$4000; corresponding day a year ago, \$11,800. Unlisted bonds today, none; last year, \$92,000.
