Steel Workers on Strike Largely Increase Numbers

MAKE AN JUSTICE DAY CANADA'S NATIONAL THANKSGIVING TIME Commons May Make It Second Monday in November.

Special to The Toronto World. Ottawa, Sept. 23.—The house of commons practically decided tonight to celebrate Armistice Day as Canada's day of national thanksgiving.

All Holidays on Monday. Mr. W. F. Maclean (South York) went further and suggested a general standardization of holidays so they would all fall on a Monday, and glimpsed the common consent of the nations.

Denies He Made Attack. Mr. Murphy denied that his first speech was an attack. It was, he said, reply to an attack made by Mr. Rowell in a speech at North Bay upon members of French religious orders.

Took No Advantage. Mr. Murphy: "I wish to deny that any advantage was taken of Mr. Rowell of either thru his absence or illness. I merely wish to say that the honorable gentleman was in his seat the next day and did not rise to a question of privilege, but gave out an interview to the press."

Robbed Young Man of Seventeen Dollars, and Made Good Escape. A young man whose name the police refused to give for publication was held up at 11 o'clock last night at the corner of Church and Shuter streets by four gunmen and robbed of \$17 in money.

GUNMEN HOLD UP MAN ON CHURCH

Jack Lang of New York city was arrested in a store owned by Hyman Brooker 835 West Bloor street at midnight on a charge of burglary.

Sign of Break. One Steel Plant to Resume Operations Under Union Agreement.

HUNS TO RECONSTRUCT. Versailles, Sept. 23.—Twelve German commissioners have gone to the Douai and Arras regions with an authorized delegation to visit the mines and consider the reconstruction work that is to be carried out there.

ON TARIFF ELECTIONS OCTOBER 20 A Permanent Organization For the Unionist Party

Special to The Toronto World. Ottawa, Sept. 23.—Although the Unionist caucus this morning did not deal with the formation of a Unionist party, it is said by near friends of the government that plans for such organization have been completed and will soon be ratified by the supporters of the government in parliament.

Survivors Land in Native Skin Boat. Nome, Alaska, Sept. 23.—Six members of the wrecked schooner Casco, a San Francisco treasure-seeking vessel, arrived here today in a native skin boat from King Island, 80 miles north of Nome.

UNIONIST MEMBERS MEET IN CAUCUS Consider Bill to Extend National Wide Prohibition—Amnesty Discussed. Ottawa, Sept. 23.—The Unionist parliamentary caucus this morning was well attended, and when the members dispersed at the close of the meeting they seemed to be in excellent humor.

Amnesty Under Discussion. It is understood that the proposal was made to grant a general amnesty to all defaulters under the military service act. Some members would prefer to restrict the importation of liquor.

PRINCE OF WALES HAND-SHAKING AGAIN. Royal Visitor Continues Democratic Mixing With Vancouver Crowds.

Hit One Big Union at Trades Congress. Canadian Press Despatch. Hamilton, Sept. 23.—Scathing denunciation of the one big union, the principles of the organization, the methods adopted by those who seek to foster the movement and practically everything connected with it was made this afternoon by J. W. Hayes and Matthew Wall, members of the executive committee of the American Federation of Labor, which is in session in Hamilton.

MURDER CHARGED AGAINST LOMBARDI. Joseph Berredilla Dies in Hospital Following Revolver Shot.

DRINKING ENDS IN FATAL STABBING. William Hansen Held on Charge of Murdering Fellow Dane.

DRAYTON FOR KINGSTON. New Minister of Railways Will Run for Seat Vacated by W. F. Nickle.

ROME-TOKIO FLIGHT. Rio De Janeiro, Sept. 23.—Lieut. Locatelli, the Italian aviator, who recently has been making flights in South America, sailed today for Europe on the Tokin.

LABOR CLAIMS BIG STEEL STRIKE GAIN

By Associated Press. Organized labor gained ground in Chicago, Youngstown and other western centers on the second day of the great steel strike, which was marked by increased violence, but according to officials of the United States Steel Corporation and various independent companies, made but little headway in Pittsburgh and other eastern mills.

SOLDIERS' COMMITTEE WILL PERMIT COUNSEL. Federal Gratuity Probe Decides to Allow Secretary McNeil of G. W. V. A. to Represent the Veterans During the Investigation.

Minister Without Portfolio, to Look After Interests of Returned Men. Sir William Hearst announced last night that Brig-General Arthur E. Ross, member for Kingston, had been taken into the Ontario cabinet as minister without portfolio and would be sworn in by the lieutenant-governor this morning.

PERCY HURD, M.P., AT CANADIAN CLUB

Member of British House Says Canada Surprised Empire.

Percy Hurd, M.P. in the British House was the guest of the Canadian Club yesterday at luncheon.

Hurd said that the same conception was gradually spreading through all phases of political thought.

Hurd said that the same conception was gradually spreading through all phases of political thought.

He expressed wonder at the fact that, coming to Canada a slow boat, his mail posted at the same time he had arrived five days after him.

He had found Hamilton making things for Rumania. Out of the new conditions there were bound to be relationships.

He hoped the Canadian government would find time to send an invitation to him.

He took as his address the relations between the church and Christ, based on St. Matthew 15, 17.

Say! When Do We Eat? You'll Find the Fellows Who Have Learned to Use Stuart's Dyspepsia Tablets Right on the Job for Work, Play or Food.

"Since You've Been Using Stuart's Dyspepsia Tablets You Eat Just Like a Doughboy." and eggs. Today you may eat heartily and feel fine. Tomorrow you may eat a glass of milk and two crackers and get a stomach full of gas, sour risings, biliousness, a feeling of bloated heaviness and indigestion. Indigestion is a fault of infancy to old age no matter what you eat, so the thing to consider is how you may freely get away with it and not suffer any of those distressing of indigestion. Stuart's Dyspepsia Tablets have solved this problem for a host of people. In fact, they are so well known that many physicians prescribe them for indigestion, dyspepsia and other digestive disorders. They contain ingredients which act with an alkaline effect, just as the stomach does in perfect health. What you may eat those foods you may have denied yourself, for fear of distress. Get a 50-cent box of Stuart's Dyspepsia Tablets at any drug store, and there will be no harm of trouble after eating. Try this harmless plan of enjoying life.

WAITED ON SIR ADAM. A deputation from St. Catharines representing the Public Utilities Commission, waited on Sir Adam Beck yesterday in Toronto and endeavored to secure an increased allowance of power for St. Catharines to take care of the needs of industries.

The Election Call.

When the electors read the announcement this morning that the provincial elections are to be held on Monday, Oct. 20, the same day as the referendum, their first thought will be to ask, "Why didn't they say so before?"

Following on that must come the reflection that either the government was playing petty politics or couldn't make up its mind to take the plunge, either position one of weakness. The evidence goes to show that Premier Hearst knew perfectly well when he announced the referendum date that he would call the election for the same day, and his lack of frankness in this respect will not commend itself.

Premier Hearst has issued an unusually long statement regarding his government and his plans. Briefly summed up it declares that he hopes to continue doing business at the old stand in the same old way. There is much recapitulation of the events of past years and a good deal of credit is taken for measures, many of which were forced upon the government, and about which practically everyone was agreed. We look in vain, however, for any bold forward-stepping policy such as distinguished the platform of the Whitney party in 1914. There are some tentative or contingent suggestions for which the labor party should receive credit, and a labor minister is to be appointed, but as the labor party men are pledged not to take office under a party government, this does not promise much.

Uncontrolled Controller.

Controlled by himself Monday night, which is not a good thing for a controller to do, and shook his fist in more or less discourteous proximity to Controller Cameron's countenance. He also announced that he was not afraid of any man in the world.

In this Controller McBride made a mistake. There is one man he should be very much afraid of, the only man, in fact, whom he need fear. That man is Controller McBride. Fear of himself is the beginning of wisdom for any man. These outbreaks do nothing but mar the usefulness of any qualities that Controller McBride has to place at the service of the city. The city has no right to have the ability of any of its representatives weakened by conduct which Controller McBride himself would resent on the part of any of his colleagues or of the permanent officials.

Mrs. Kathleen Hammond Dies; Survivor of Lusitania Tragedy

Kington, Sept. 23.—Mrs. Kathleen Hammond, survivor of the Lusitania and widow of Frederick S. Hammond, a well-known Toronto broker, who died of a heart attack on the night she passed away at Sarnia, Ont., N.S., following the sinking of the Lusitania in the water for nearly six hours, died at her home in Kington, Ont., of a heart attack, following a long illness, at the age of 64. She was a daughter of Mr. and Mrs. James McFarland of this city.

Rev. J. C. Wilson of Acton Decides to Adhere to Resignation

Special to The Toronto World.
Guelph, Sept. 23.—The commission of Guelph Presbytery appointed to deal with the resignation of Rev. J. C. Wilson, met at Acton this morning in the presence of the congregation assembled of Knox Presbyterian Church, Acton. The congregation were unanimous in their resolution expressing their high appreciation of the services of Mr. Wilson, and desiring that he should withdraw his resignation and remain with the church, and pledging themselves to raise the stipend to at least the minimum of \$1,500 and a manse. The minister decided to adhere to his resignation, and it was accepted by the commission.

GERMANS GO HOME

Atlanta, Ga., Sept. 23.—More than thirteen hundred interned German sailors are on their way today from the detention camp at Fort McPherson to Hoboken, N.J., on the first leg of their journey home. Guarded by 200 American soldiers, the Germans went down to their initiative, which may have been only a minor factor. If there could be an advisory bureau to tell people in general what they were best fitted for, and what kind of environment they were best adapted to, much as the soldiers' civil re-education is doing at present, we should probably have fewer round pegs in square holes.

CATCH BANDIT SUSPECTS

Chicago, Sept. 23.—Three men, one of them a John Wejda, clerk in the Chicago post-office, who is said to have confessed the robbery, were arrested here early today charged with stealing \$240,000 of a shipment of \$415,000 last Thursday, from the Federal Reserve Bank here to the Standard Oil Company of Indiana, at Whiting, Ind. Of the stolen funds, \$92,820 was recovered. The remainder, according to an alleged confession of two of the men, was abandoned on the outskirts of Chicago, when the automobile in which they were returning from Whiting, broke down.

at all the crossroads of the world. Toronto is such a centre and a hundred years from now in normal circumstances Toronto will be a Chicago, a Paris, a Petrograd, as the case may be. There are too few of the city fathers and of the people considering such a development, but the plans and preparations that would be good for the third generation hence would be equally good and advantageous for the people of today. It pays to consider posterity.

Russia in German Grip.

Reports from Russia continue to confirm the conviction that the German militarist party are extending their influence to the point of dominating the unfortunate Muscovite realm. This has been done by the leadership taken by German officers of the Bolshevik movement. What has been said of the brutality of Bolshevik methods easily becomes credible when it is understood that the Prussian military party, are behind the policies and methods of the Russian Bolsheviks. It had seemed impossible that Russians could, naturally be guilty of the horrors that have been described, but under Prussian incitement any savagery might be anticipated.

The Prussian plan, according to General Vassilkovskiy is to subjugate Russia thru the Bolshevik forces, organize the country in the usual expert German fashion, transfer Krupp's to Eastern Russia and then, having Germanized and militarized Russia, turn round and over-run Europe. This plan may be put aside today as a mere speculation, as Lord Roberts' warnings were seven years ago. But those who understand the depths of Prussian guile are aware that not only is this the kind of thing that Prussia normally excogitates, but it is exactly the kind of plan that appeals to Prussian sentiment, and into which she most willingly pours her energies. Prussia cannot visualize anything constructive that does not involve the destruction of something else.

This is why Prussia is dangerous and must be watched.

The Uncontrolled Controller.

Controlled by himself Monday night, which is not a good thing for a controller to do, and shook his fist in more or less discourteous proximity to Controller Cameron's countenance. He also announced that he was not afraid of any man in the world.

In this Controller McBride made a mistake. There is one man he should be very much afraid of, the only man, in fact, whom he need fear. That man is Controller McBride. Fear of himself is the beginning of wisdom for any man. These outbreaks do nothing but mar the usefulness of any qualities that Controller McBride has to place at the service of the city. The city has no right to have the ability of any of its representatives weakened by conduct which Controller McBride himself would resent on the part of any of his colleagues or of the permanent officials.

CODY ANNOUNCES MINISTRY OF LABOR

Tells Ward Two Conservatives Not to Fear Election Result.

A minister of labor will probably be chosen and sworn in as shortly after the election as possible.

This was the additional election announcement made by Hon. Dr. Cody, minister of education, at the ward two Conservative meeting in Orange Hall last night. The meeting was called for the election of delegates to the Southwest Toronto convention for the nomination of candidates and Dr. Cody was on hand to put the "pep" in the proceedings. He did it in high lambs to which ward meetings are not much accustomed. He foretold a new generation of thoroughly trained and scientifically educated youth in Ontario, as a result of the present efficient and progressive administration of the department of education.

IDA ATTENDS MILK INQUIRY.

BY IDA L. WEBSTER.

The favorite indoor sport of the two governments of this country seems to be in appointing commissions and then sitting back and watching them perform.

Ottawa started a sea of talk after Mr. O'Connor had been on the job of reconstruction of prices for a few days, and at the time we, like many others, thought that the members of parliament should give the gentleman a chance and if there was a possibility of lowering the prices he should be petted, and coaxed to deliver deeper.

BRANTFORD TORONTO CALGARY
JAMES J. WARREN PRESIDENT E. H. STOCKDALE GENERAL MANAGER

THE DAY AT OTTAWA
By TOM KING

Ottawa, Sept. 23.—Parliament painfully marked time today in an evident effort not to exhaust the order paper too soon. The government brought forward its bill to empower the governor-in-council to appoint all necessary officials and make all necessary regulations to implement the peace treaty, and thus reopened the door to a debate upon that much-talked-of and voluminous document. Judge D. D. McKenzie was among the only members to avail himself of the invitation, but there were some inquiries as to when the proclamation of peace might be expected.

Next Donald Sutherland of South Oxford wished to voice the protest of the embattled farmers of Ontario against W. F. O'Connor's recent order forbidding any rise in the price of milk. Would the government be asked to reimburse the farmers if this order turned out to be without justification? The government made no reply and Mr. Sutherland was justified by the rules of the house from saying what he thought about the vice chairman of the board of commerce. But he is going to say it on the first opportunity.

The fact is that the members were more interested today in the government caucus and in the Ontario elections than they were in the business of the house. It is felt that some definite announcement will be made respecting the organization of the Unionist party and that the result of the coming provincial elections may have a marked effect upon the issue. There is much speculation as to the future course of Hon. N. W. Rowell. Will he actively assist in organizing the new party and will he throw himself into the provincial contest in favor of his old antagonist, S. William Hearst?

Bath Towels

We have received a large shipment of Christie's Cotton and Linen Bath Towels and Sheets in all sizes and makes. As this is a long delay shipment, the values are exceptional.

JOHN CATTO & SON

SIR WILLIAM FIXES DATE FOR ELECTION

(Continued From Page 1.)

to submit the question of the continuation of this law to the judgment of the whole people. This we are now doing. The government undertakes to carry out the will of the people as expressed in the ballot box, and to do this faithfully, impartially and fearlessly.

Increase of Revenue

Notwithstanding the war, the premier claimed that the government had been watchful and active for the maintenance of the moral and material welfare of the province. The revenues of the province had been increased from \$12,121,000 in 1914 to \$19,270,000 in 1918, and this had been accomplished without placing any additional burden on the people except the war tax, which had been repealed. This increased revenue had enabled the government to improve and extend the public service.

Hydro-Electric Policy

"Under the able and energetic direction of Sir Adam Beck," Sir William Hearst said, "the Hydro-Electric power policy had made substantial advances. Additional plants have been acquired and important works and extensions undertaken so that Ontario has today the greatest public enterprise of the kind in any country. The government intends that the advantages of cheap electricity shall be made available to all classes and all sections of the province, especially to the rural districts. With this end in view the commission will be asked to work out an equitable scheme whereby power will be made cheaper and more easily obtainable by the farmers. The government will devote a portion of the water rentals from Niagara Falls to assist this undertaking."

The construction of Hydro-Electric radial railways by the power commission has been delayed by the time the time has not been lost. Investigations and surveys have been actively pushed forward. Enabling legislation has been enacted and the council have been passed and all steps recommended by the commission have been taken to permit active prosecution of this important work. We believe that as soon as the Dominion government has acquired the Grand Trunk Railway, certain of its lines should be transferred to the Hydro-Electric Commission to be electrified, thereby avoiding duplication and bringing to the farmer and urban dweller the advantage of cheap transportation."

Sir William went on to refer to appropriations in that direction having increased from \$475,000 in 1904 to \$1,675,235 in 1918; spoke of the comprehensive road program which had been early completed for labor with the early prospect of a labor minister being appointed; pointed to the development of new Ontario industries and the establishment of a nickel refinery and remarked upon the beginning of a better era in education, the inspiring work of the present minister imparting a new zeal to teachers and children alike.

For Uniform Labor Laws

"We have followed with deep interest the proceedings of the recent national industrial conference, representing as it did all classes and sections of the country," said the premier. "In the judgment of that conference labor laws, especially those affecting the cost of production, in order to be equitable and effective, should be uniform throughout Canada and, as far as possible, throughout the world. Having regard to this fact we will co-operate with the effort to secure the uniformity of labor laws to the end that just and equitable conditions may prevail throughout the Dominion for the welfare and protection of those engaged in industrial work. An investigation is being made into the question of a minimum wage for women and children, and we will promote such legislation as may be necessary to remove any abuses that exist. We propose to take whatever action may be justified by the facts disclosed before the commission recommended by the national industrial conference with reference to a minimum wage for unskilled workers."

Realizing the importance of reducing the cost of living, we propose to encourage greater production in all the essentials of life, and to co-operate in every effort to keep profits within reasonable limits."

Policy of the Future

The future policy of the government was set forth by Sir William Hearst as follows: The greatest possible assistance to agriculture in every shape and form.

THE WEATHER

Observatory, Toronto, Sept. 23.—(3 p.m.)—Showers have occurred in the Lake Superior district and in the Maritime provinces. Elsewhere the weather has been fair.

Minimum and maximum temperatures: Dawson, 34-44; Vancouver, 48-53; Kamloops, 48-78; Calgary, 38-75; Edmonton, 42-70; Medicine Hat, 42-74; Battleford, 42-70; Moose Jaw, 42-70; Winnipeg, 46-72; Ferry House, 42-53; London, 40-72; Toronto, 47-62; Kingston, 46-58; Ottawa, 42-53; Montreal, 44-50; Quebec, 42-52; St. John, 54-60; Halifax, 55-61.

Lower Lakes—Fresh southwest to west winds; mostly fair; not much change in temperature.

Ontario Bay—Fresh southwest to west winds, with local showers.

Georgian and Upper St. Lawrence—Moderate to fresh southwest winds; mostly cloudy, with light showers.

Lower St. Lawrence—Moderate to fresh southwest winds; fair at first, followed by showers.

Gulf and North Shore—Moderate west to southwest winds; fair and cool; showers in some places at night.

Maritime—Moderate northwest to west winds; local showers at first, but mostly fair and cool.

Uncle Wiggily and the Corn Cobs

BY HOWARD R. GARIS. Copyright, 1919, by McClure Newspaper Syndicate.

"Where are you going, Uncle Wiggily?" asked Nurse Jane Punny Wuzzy of the rabbit gentleman one day, as he saw him hop down of the steps of his red-white-and-blue-striped rheumatism bungalow.

"What's that? I've made a mistake? Oh so I have. I beg your pardon! I mean his hollow stump bungalow. But, anyhow, Nurse Jane asked Uncle Wiggily where he was going, and the rabbit gentleman, leaning on his red-white-and-blue-striped rheumatism crutch, said:

"I am going over and help Grandfather Goosey Gander gather his corn crop. He planted a fine field of corn. The sun warmed it, the rain wet it, and many yellow ears grew. Now it is time to husk the corn, shell the yellow kernels off the cob, and put them away for winter."

"Put what away for the winter?" asked Nurse Jane. "The corn of the cobs?"

"The corn, of course!" answered Uncle Wiggily. "The cobs are for the rabbit. So I'm going over to help Grandpa Goosey shell his yellow corn off the cobs."

"Why hopped the bunny rabbit gentleman over the hills, thru the woods and across the fields until he came to Grandfather Goosey Gander's pen house."

"You are just in time, Uncle Wiggily!" quacked Grandpa Goosey. "I'm going to begin shelling my corn now, and you may help me."

"So the bunny rabbit gentleman and the goose gentleman went to the field where the corn had grown, and sitting down on piles of cornstalks, they began husking the ears and also shelling off the kernels.

To husk corn, you know, you pull off the long, thin leaves on the outside of the cob. These leaves, or husks, which dry out in the fall and winter until they are almost white, keep the corn kernels clean. After the corn was husked, Uncle Wiggily and Grandpa Goosey began shelling it off the cobs.

"Oh, I'll have a fine lot of corn for this winter!" quacked Grandpa Goosey as he, too, shelled the corn. The empty cobs were tossed to one side, making quite a pile in the field, and when Sammie and Susie, little tail, the two rabbit children, came scampering along and saw the pile of clean cobs, Sammie cried:

"Oh, Uncle Wiggily, may Susie and I play with them?"

"Yes," answered the bunny rabbit gentleman, "you may." And Grandpa Goosey said to the children:

"So, while the rabbit gentleman and the goose gentleman were shelling off the yellow kernels of corn, Sammie and Susie began playing with the cobs. Susie made a doll of one, by tying some of the corn husks around the bottom of a corn cob, and making two eyes, a nose and a mouth.

How did Susie make eyes and nose and mouth on her corn cob doll, did you ask? Well, she just found a soft, black stone in the corn field and it marked just like a lead pencil. With that soft, black stone Susie made a pair of black eyes for her doll. With a red stone she made a mouth with red lips and a red tongue and with a yellow stone she made ears for her doll.

"Oh, look what I made from the corn cobs!" cried Sammie, after Susie had put her doll to sleep.

"What a fine doll!" said Uncle Wiggily. "I wish I could see it." Sammie hadn't made a little house out of corn cobs," said Uncle Wiggily, with a laugh, as he tossed another empty corn cob behind himself and Grandpa Goosey.

"Sammie is a smart boy!" quacked the goose gentleman, as he saw the rabbit boy's doll. For he had taken a lot of the empty corn cobs and piled them one on the other until he had made a little house, with the Hill-prim bathers, in Indian days, made log cabins by piling logs one on the other.

All of a sudden, as Susie and Uncle Wiggily and Grandpa Goosey were looking at the corn cob house Sammie had made, all at once a great voice cried out:

"What's that?" asked Uncle Wiggily in surprise.

"It's somebody sneeze!" Grandpa Goosey wanted to know.

"No, I coughed!" answered the great voice and there stood the bad old fox fox.

"Oh dear!" said Uncle Wiggily and Grandpa Goosey and Sammie and Susie—all together, as they saw the fox was singing a sad song. "Oh dear! I've come to get some!" barked the fox, and he looked startled at Uncle Wiggily's "Hide in my cornob house!"

COUNCIL OF WOMEN THANK GOVERNMENT

Board of Commerce Probe on H. C. of L. Meets. With Approval.

A large turnout of members marked the opening meeting for the season of the Local Council of Women, which took place in the Sherbourne House Club yesterday afternoon, Lady Falconer, president, in the chair.

After the reading of correspondence, resolutions which had been taken up at the annual meeting in Regina were read for the ratification or otherwise of the local council. A series of these dealt with the question of the high cost of living, the gist being that the women of the council were urged to approach the government with the purpose of asking for speedy investment in order to bring high prices, and the punishment of profiteers, and for the strengthening of their request that a monster petition be procured for presentation to Ottawa.

In view of the fact that the government has taken action since the resolutions were moved at the annual meeting, Mrs. Jacobs, seconded by Miss Hunter, moved that there was no need to deal with the resolution. An amendment by Miss Hunter asked that the government be thanked for what has been done in connection with the investigation by Mr. O'Connor which is now in progress. The resolution and amendment carried.

Report on the proposed reception hospital for Toronto was read by Miss Jean Gunn of the General Hospital, who brought in a motion asking that the idea of the building be changed so that the new building may be a psychiatric hospital rather than an institution for the feeble-minded. The resolution was endorsed by the council. A good deal of discussion arose in reference to a questionnaire that had gone out from the education committee of the council regarding the reading of the Scriptures and the study of the four gospels in the schools. Dr. Master, who thought that the introduction of the subject was out of order. It was finally moved by Dr. Margaret Johnston, seconded by Mrs. MacIvor, that the council could not approve of the suggestion, as it would bring in matter controversial.

A resolution from the home and school council asked that the affiliated societies be asked to discuss the referendum at their meetings and to send in their findings to the council before the day of voting. The resolution was carried. The question of the affiliated societies to consider the conditions which go to make child welfare was endorsed, and will be acted upon. An important resolution was moved by Mrs. MacIvor, asking that future resolutions, instead of being mailed to the government, should be presented to the government by a delegation, and that bills be returned to the council to give the members an opportunity to ask for changes if such are considered necessary, before being passed.

ROYAL TEMPLARS IN SESSION. The Grand Council of Ontario, Royal Templars of Temperance, are meeting in annual session in the Royal Templar Building, Queen and Dovercourt, the session opened at nine o'clock Tuesday morning, and will likely last until tomorrow. The day was spent in committee work, Grand Councilor John Buchanan presiding.

During the evening a diamond medal contest was held, at which four gold medals and four silver medals were awarded. The contest was presided over by Helen Murney won the coveted object.

Hon. Thomas Crawford, M.L.A., presided.

AN APPEAL TO THE WOMEN OF TORONTO

A meeting of women will be held in the Central Y.M.C.A., College street, on Thursday evening at 8:15 o'clock to make final arrangements for the Grand Army of Canada's tag day.

All women of Toronto who can in any way assist are urged to attend this meeting.

The Grand Army of Canada is doing everything in its power to help the amputation cases of the A.I.C. and the dependents of those who lost their lives in the great war. The funds raised from this tag day will be used exclusively for the purpose of the A.I.C.

The motto of the Grand Army of Canada is: "We will not break faith." Help us to keep this.

The amount of relief work already accomplished has been enormous, but a large sum of money is required to enable the organization to continue its work during the winter months.

A particular appeal is made to those ladies in the city who have had experience with previous tag days.

Please help our crippled comrades. Many of them are unable to help themselves.

"MASTER OF BALLANTRAE"

A slip of the tongue or, rather, the pencil in the strenuous task of editing Tuesday's theatre notices, led to the crediting of the Robins Players with that remarkable dramatic achievement, "The Master of Ballantrea," at the Royal Alexandra.

The mistake in question occurred in a back-head and not in the body of the story, in which the critic gave full appreciation of Walker Whiteside's talented interpretation of the name part. The Robins players delighted many a critic and audience while here, but Mr. Whiteside's company, in their short stay, did fair to eclipse all records for good drama as staged in Toronto.

WILLS AND BEQUESTS

Mrs. M. Robinson, a widow, who died in Toronto on July 11 last, directed in her will made last November that her estate, amounting to \$43,759, be equally divided among her children.

Three thousand dollars insurance and \$277 back pay compose the estate of Corporal Edward W. Hicks, who was killed in action on March 24 last while serving in the C. E. F. The heirs are the deceased's mother, four sisters and five brothers, all living in England.

SAM MANSON WILL PLAY WITH TIGERS

In Opening League Game With Argonauts Next Week—Rugby Gossip.

Sam Manson will be in uniform when the Tigers open the season with the Argonauts at Toronto next week. In a letter to Bobby Kerr, the great half-back announces that he is in the best of condition and will be ready to jump into harness when he arrives home.

With Manson, McKelvey, Webster, McFarlane, Leadley and Evans as candidates he will not worry over the Bengals' back line.

Ben Simpson will be one of the officials in Saturday's game at Hamilton between the Tigers and T.R. & A.A.

The Ottawa Rough Riders out to practice include: Bill Taylor, McKelvie, Dugie, Walker, Billy Craig, Wren Birkett, Baker, Carl Thompson, Roger Smith, Cecil Dewar, Reid, Timmins, Abelson, McFall, Jess Ketchum, D. Gill, Powell, Bunny Watson, Eddie Emerson, Jack Smith, Wally Whitmore, Jack McEwen, Dave Kirby, Hammond, Dewhurst and Martin Kilt.

Each practice makes the Hamilton Tigers look stronger. Dan Webster showed up well at outside wing and George Ireland was tried out at rover. Ireland is in good condition and his tackling last evening was just as good as ever.

The wedding process has not started yet with the Varsity squad, but Coaches Foulds and Campbell have decided to use the knife this week. When the slashing takes place, a better idea of the material on hand will be available.

The O.R.F.U. secretary is the authority for the statement that senior schedule has not yet been revised.

A Montreal despatch says: With R. C. dropping out of the senior series of the Intercollegiate Union, McGill is left with their two home dates on Nov. 3 and 15. This is far from satisfactory.

The Queen's Athletic Club senior city team had a good practice last evening on Trinity campus. New men out were: Pratt, Gravelly and Hughes, former and another practice on Thursday at 6:15.

The Argonauts had their usual good workout yesterday. It has been settled that the exhibition game Saturday with the Capitals will take place at the stadium.

R. B. RICE CONVALESCING AFTER SERIOUS OPERATION

The many friends of R. B. Rice, one of Toronto's best and most popular bowlers and curlers, will be pleased to know that he is now rapidly convalescing after a serious operation. His stout heart and strong will proved of wonderful help to the surgeons, and after two weeks in hospital, he was able to return to his home on Sunday.

How Jones Saved Gasoline and Made More Miles

"Just a gallon of gas left," said Jones as he leaned over to read his tank indicator. "Great Scott!" exclaimed Smith, his friend, "and it's 25 miles to Windsor. We'll never make it!" "Why not?" questioned Jones, with his quiet smile. Smith looked at him wonderingly. "How long since this car of yours could go 25 miles on a gallon?" he answered somewhat disdainfully. "Oh, since I put in Derr Spark Plugs," rejoined Jones. "You see they make a triangular shaped spark around an entire circle of points, much hotter than ordinary sparks. That enables me to thin down my mixture, so that I get the same power and one-third more mileage on a gallon of gas. It saves me 25 per cent. gasoline, and that's mighty well worth saving these days. Great plugs, I'll say."

CHICAGO AND ST. LOUIS DIVIDE DOUBLE-HEADER

At St. Louis (National)—Chicago and St. Louis divided their double-header, the Cubs winning the first game 5 to 3 by bunching hits off Jacoby in four innings.

At Philadelphia—Philadelphia-Brooklyn game postponed on account of rain. Two games Wednesday.

At New York (American)—Boston-New York postponed, rain. Two games Wednesday.

PIRATES DOWN TIGERS.

Detroit, Sept. 23.—The Pittsburgh Nationals today defeated the Detroit Americans in an exhibition game, 3 to 2.

New Records Likely At Championships

Ottawa, Sept. 23.—Pat Ryan, a Celt, who holds the world's hammer throw championship, will be seen in action at the amateur championships at Lansdowne Park Saturday.

By Frederick G. Lieb.

Despite the presence of Eddie Roush, star fly-chaser and leading batsman of the National League, in center field, the outfield of the Cincinnati Reds is regarded by most critics as the weakest department of the new National League champions.

QUELPH BEAT ELMIRA.

Queph, Ont., Sept. 23.—Elmira larks bowlers made an attempt this afternoon to lift the Cooke Trophy, for two larks in Scotch doubles, but were defeated by 16 shots. Scores: Queph, 11; Elmira, 27.

THREE CLUBS IN THE LOCAL JUNIOR GROUP

Start Season Week From Saturday—McGill Wants Dates Switched.

The city junior O.R.F.U. clubs met yesterday and drafted the following schedule: Oct. 4—Parkdale at Central Y. Oct. 11—Central Y. at Excelsiors.

Intermediate Beaches Elect Their Officers

The Beaches will be represented with one team, this season in the O.R.F.U. intermediate series. The club met last night at Gill's Hall and elected the following officers for the coming season: Hon. President, Wm. Ferguson; president, Geo. Cruise; first vice-president, W. Gill; manager, Doc. Giotter; secretary, Frank Allen; executive committee, Stan Reid, D. Ellis, A. Couttie, G. Ford, E. Smith, S. Reid, J. Smith, Harnett.

WOODSTOCK GAMES.

Woodstock, Sept. 23.—The city today acquired three different pieces of land in the east and west ends of the city, which will be turned into a playground for the children.

Two rinks of local bowlers returned from Norwich this morning, with them the Penman trophy, which was won by Norwich at the Paris Club of Bowls on Monday.

TRAINING FOR ROAD RACE.

St. Catharines, Sept. 23.—Stuart Allan of this city, who made the present Canadian ten-mile road race record of 52 minutes and a half.

Outfield is the Weakest Part of Cincinnati Red Outfit

COMPILED BY AL MUNRO ELIAS, Cincinnati Record.

Commander Ross Would Limit Profits of Race Track Owners

The Canadian Owner Would Give Surplus to Go to Building of Good Roads and Bonus for Breeding Horses for the Farmers.

"I am totally in accord with the suggestion that if racing is resumed in Canada track-owners shall only be permitted to retain such percentage of their profits as shall be a reasonable return on their investments," said Commander J. K. L. Ross when interviewed at the Aqueduct race track. "I have given the matter a great deal of thought and I believe that the government of Canada should take the initiative in the matter of race-track owners. The suggestion that the government should take the initiative in the matter of race-track owners is one that I believe the Dominion is one that would benefit the farmers. But it would also benefit everybody else. I would go as far as to say that I believe that the surplus be devoted toward the breeding of horses for the farmers. It is the government's duty to see that the provision of stallions so that the farmer would have the opportunity to breed finer animals. Of course, the details of the plan would require careful working out, but I am convinced that money could not be put to better use.

ALLEGED BANDIT OWED MUCH MONEY

Man Under Arrest Was Agent for New York Auto Concern. Montreal, Sept. 23.—What is regarded as an important information with a bearing on the Quebec train robbery of the provincial detectives, by the manager of a New York automobile concern, to which J. Bernardin T. Proteau, one of those arrested, was indebted to the amount of nearly \$2,000. A number of telegrams from Proteau to the New York concern, with which he held a contract for an automobile agency, have been handed over to Chief Lorrain. In these telegrams it is claimed by the police authorities that Proteau promises the payment of the money due. One of the telegrams is said to have been received by the New York concern on the Saturday preceding the robbery, in which Proteau, according to the police, declared: "Quebec deal O.K."

FAMINE IN MILK HIGHLY PROBABLE

Unless Cost of Feed Reduced by Board—Situation Serious.

"Unless something is done between now and Oct. 1, we are going to have a milk famine in the cities of this province," declared D'Arcy Scott of the National Dairy Council, in making an application to the fair price committee of the board of commerce yesterday that a recommendation be made to Mr. O'Connor for a fixed price of \$2.10 for an eight-gallon can of milk delivered at the dairy, this to cover the period from Oct. 1 to Dec. 1.

Major T. L. Duncan, the chairman, did not think it wise for Mr. Scott to talk about a famine, because when an official such as you in the dairy world says such a thing, it bears a different complexion than when somebody else says it.

Mr. Scott: "Unless this board understands the situation and makes a recommendation to Mr. O'Connor, which he can act upon, I am afraid it will happen."

The committee will meet today at 10 o'clock to see if it can come to some agreement as to what is a fair price of milk at present.

Mr. Scott, who made his application late in the afternoon, said the contracts, which run out on Oct. 1, are for \$2.55 a can of eight gallons. Last winter the price was \$2.80 per can. The producers had been asking for \$3.85. The board of commerce had issued an order that the present price was not to be exceeded for a period of 40 days. That would carry considerably beyond Oct. 1.

Major Duncan said it would not necessarily continue for that period. Must Bring Down Feed.

Mr. Scott said he knew from an interview with Mr. O'Connor that it was the desire of the board of commerce to bring about a substantial reduction in the price of feed, and he understood there was going to be an investigation of the millers' profits. Mr. O'Connor succeeded in reducing the price of feed, perhaps it would not be necessary for the price of milk to be permanently increased at all. If farmers would prefer if the board of commerce could bring down the cost of feed, so as to sell milk at the present price, a reduced price. Unless the board of commerce could do this, it was futile to hope that the milk supply was going to continue.

The farmer will say after Oct. 1: "I am going to buy no more of this feed," and the cows would at once go down in milk. Unless something were done between now and Oct. 1 they were going to have a milk famine in the cities of the province.

On behalf of the producers, Mr. Scott asked the board to recommend to Mr. O'Connor to make a temporary order from Oct. 1 to Dec. 1, the price of milk to be \$2.10 for an eight-gallon can delivered at the dairy. This, he stated, was considerably less than the winter price they were asking.

Professor's Evidence. Professor Leach of the O.A.C. Guelph, giving evidence yesterday, said the proportion of milk shipped in was 45 pounds in the winter to 55 pounds in the summer. For the summer 55 pounds the farmer received \$2.75 per 100 pounds, and he would have to receive for the winter 45 pounds sufficient to bring the price up to \$3.25 to get a fair profit. The 55 pounds actually brought \$1.51, and for the winter months he would have to get \$3.20 per 100 pounds, or \$3.19 at the railway station, in order to get \$500 on his labor, a profit of seven per cent. on his whole farm investment of \$3,200. This would bring, with the cost of delivery, the price of the eight-gallon can at the dairy up to \$3.35.

Making Less Profit. According to a table of cost, operating cost and profit submitted by Mr. Hughes, manager of the Farmers' Dairy, his company are making less profit per quart today than in 1913, although the selling price has increased during that period from 7.15 cents to 11.85 cents a quart. The operating cost is now 3.71 as against 2.30 in 1913, and the profit, according to this statement, is four-tenths of a cent less per quart than formerly. The highest profit made in the past seven years as shown, was in 1914, when with milk selling at 7.27 the profit was 31 cents per quart. The cost in that year was 4.41 and the operating cost 2.33 3-4.

Careless Customers. An item of \$1,375 for bottles elicited some discussion, and in reply to Dr. Margaret Patterson, Mr. Hughes said 75 per cent. of this sum was wastage due to carelessness of customers.

"Would it not be a good thing if dairies combined and sold bottle tickets?" asked Dr. Patterson.

Mr. Hughes: "No doubt the bottle question is a very serious one for Toronto."

Mr. McNaught said this question had been a very prominent one in the minds of distributors, particularly in view of the enormous increase in the cost of bottles.

R. H. Pill, secretary of the retailers' association, said this had been a most vital question since it was compulsory to sell milk in bottles. "This is the main factor that takes our profits and puts the small man out of business."

Mr. Hughes stated that in eight months the Farmers' Dairy Company lost \$10,000 worth of milk bottles.

To Prevent Theft. Waste by stolen bottles could be eliminated, suggested Dr. Patterson, by refusing to deliver milk where there were no bottles put out by the customer. This could be checked up by "bottle tickets."

That would be more than offset by the slowing up of the delivery," stated Mr. McNaught. "The whole secret of the present margin on which distributors operate is intensive delivery."

Dr. Patterson: "Milk delivery could be cheapened by not sending so many different wagons, owned by different companies on the same streets."

"It makes no difference at all," replied Mr. McNaught, "provided they are all loaded to capacity."

Mr. R. H. Pill, secretary of the Retail Milk Dealers' Association, said thousands of milk bottles went to the dumping grounds thru citizens' indifference.

Mr. Bingham of the Ottawa City Dairy Company stated that he thought the cost of milk delivery in Toronto could be reduced. His suggestion was to divide Toronto into sections, with one company to each section to deliver milk.

TRIANGLE CLUBS TO CONTINUE WORK

Secretaries in Various Hospitals Will Keep on Indefinitely Also.

After giving careful consideration to the representations made in behalf of the returned soldiers, it has been definitely decided by the military services committee of the national council, to continue the Red Triangle Clubs in operation until April 1 next. At the present time there are sixteen such clubs in different parts of the Dominion, and they have proved themselves indispensable to the returned men in getting back to civil life, and in providing a downtown club for soldiers.

Another important decision reached was to continue the secretaries in the various hospitals indefinitely. It was felt that they are as much needed in those institutions now as ever they were.

There is only one branch of the military work of the 'Y' on this side of the water that is lessening appreciably and that is on the transports and troop trains.

The secretary of the war council of the British war office wrote to the national council expressing appreciation of the services rendered by the Canadian 'Y' at the imperial repatriation camp at Winchester. Notwithstanding that this is a British camp it was the Canadian 'Y' that was asked to look after the work there.

INSPECTOR GIVES ADVERSE REPORTS

Calls for Reorganization of Present Occasional School Staff.

Nothing daunted by the recent sensitiveness of the trustees over plain speaking, Chief Inspector R. H. Cowley officially criticizes various revolutionary proposals in his reports to the management committee.

In reporting upon a series of proposals for the reorganization of the staff the chief inspector of public schools has forwarded the following adverse report:

The motion calls for the abolition of the occasional staff in so far as it consists of teachers on trial and the immediate filling of vacancies on the regular staff as they arise, by direct appointment of teachers, inexperienced and others, from among the applicants for such positions, and the appointment of an occasional staff of ten or twelve teachers who shall serve permanently in that capacity and who shall be paid attractive salaries for the strenuous work.

Such a scheme would not meet the actual conditions with which the board of education has to deal in any given year. The number of teachers temporarily absent varies according to the season from about twenty to one hundred and twenty per cent. Also it is necessary to appoint about a hundred and fifty female teachers to fill the vacancies arising during the year. Last year 64 female teachers were appointed from September to December, 42 from January to April, and 40 from April to June.

The board could not have filled these vacancies with only such a staff as the motion proposes, as eligible teachers would not remain in the city idle for months awaiting appointment.

Under such conditions the only alternative would be to appoint and place on the pay roll large numbers of teachers at times when they are available, as in June, in December and at Easter, in advance of the need, taking chances as to their suitability, mainly on the evidence of written credentials.

The board of inspectors considers that the main strain of occasional work is of a financial character and would therefore recommend that per diem remuneration be materially increased, even beyond the standard of the initial salary allowed for regular staff.

INCREASE TECHNICAL FEES.

At a meeting yesterday of the Advisory Industrial Committee of the board of education, it was moved by Trustee Rawkinson, and carried, that the fees for non-resident pupils attending technical schools in the city be increased 25 per cent. The fees for the four-year term have been \$105.

The attendance of day students including nurses and returned soldiers at Central Technical School during 1920. It is proposed to build on sites already owned by the board. Dr. McKay said that sooner or later a branch will have to be built. The attendance of day students including nurses and returned soldiers at Central Technical School during 1920. ADVANCE STYLE FOR EARLY FALL. This stunning afternoon wrap is fashioned in green velour with a trimming of extra fringe in green. The cape collar has a braided ornament at the centre of the back finished with deep fringe.

SOCIETY NEWS

CONDUCTED BY MRS. EDMUND PHILLIPS.

Lady Violet Henderson and her children, who have spent the summer at Murray Bay, and lately have been in Massachusetts with friends, have returned to Ottawa.

The employment management course at the social service department of the University of Toronto, which was held yesterday afternoon, when the committee and Miss Agnes McGregor, director of the field work, gave a tea for the instructors and students in this three weeks' course.

At the home of the bride's mother, Gladstone avenue. Later Mr. and Mrs. Gander left for Detroit, the bride traveling in a navy blue tailor-made with hat to match and white fox fur. On their return they will live at their new home, 61 Gothic avenue.

A wedding was solemnized at St. John's Church, Norway, on Wednesday, September 17, by Major W. Le Baynes-Reid (late of the groom's battalion), when Delaney, eldest daughter of Mr. and Mrs. Thos. Adams, was married to Capt. Daltry, M.C., late 15th battalion.

The bride, who entered the church on the arm of her father, wore white crepe de chine, trimmed with georgette crepe and orange blossoms, and carried a shower bouquet of Ophelia roses. Her bridesmaids were her sisters, Miss Nora Adams, malze crepe meteeur, trimmed with Brussels net, and a black and white tulle hat and carried sunset roses and Miss Thos. Adams, in black and pink tulle Brussels net, with black and pink tulle hat and carrying sweetheart roses. Capt. O. Olsen supported the groom.

Arthur Bennett, L.L.C.M., presided at the register. Miss Chris Johnson sang the organ. The ushers were the bride's brothers, the Messrs. Will and Tom Adams, lately returned from France.

Mrs. Adams, who was in navy blue tulle with Killarney roses, held a reception after the ceremony. When departing on a trip thru the States, the bride wore a brown cord cloth tailor-made, with small brown French hat and cross for tulle, and a hat of the groom, Capt. and Mrs. Strype will live at 22 Waverley road.

G.A.C. TAG DAY

Women Workers Organize Preparations to Assist Wounded Soldiers.

To arrange for the tag day for which permission has been given to the Grand Army of Canada, a meeting was held at the Y. M. C. A. building yesterday at which S. J. Brown, president of the organization, was the moving spirit. On account of the number of meetings which kept women workers elsewhere, the meeting was not as largely representative as had been expected. The fact that 75 persons had telephoned their regrets showed that interest was not lacking in the undertaking.

Mrs. Harris McPhedran was appointed provisional chairman. Mr. Brown explained that the object of the "tag" was to raise a fund that would be distributed in the interest of sick and wounded soldiers. This would be done mainly by establishing them in different small grocer and other shops in different parts of the city. Some would also go to the support of the Journal of the order in the getting out of which it was hoped to employ a number of returned men. The women present included a number who have been prominent in patriotic work from the beginning of the war until the present. They individually pledged themselves to captain teams for the tag which will take place on September 29. The funds will be handled by a committee of women who have been pointed for the work. Among the patronesses are Lady Hendrie, Lady Hearst, Miss Church, Mrs. Miller, Mrs. T. S. G. Pepler and Mrs. Van Koughnet.

A meeting will be held in the Y. M. C. A. building on Thursday at 8.15 p.m.

VATICAN CHOIR SINGING TONIGHT

Maestro Casimiri Gives History of World-Famed Papal Singers.

Musical Toronto is on the tip-top of expectation with regard to the Vatican Choirs which tonight at Massey Hall will present a program truly unique inasmuch as it was never before given on this side of the border line.

Representatives of the press who last night had the privilege of a brief interview with the illustrious leader of the wonderful aggregation, were confident that no advance conception of the feast in store will in any way measure up to the reality. The very reverend monsignor who is musically announced as Maestro Casimiri, is an ecclesiastic of rank, as is noticed by the touch of purple under his collar, and that he has the magnetism that will lead his organization into the very heights of the divine art none could doubt, who heard him speak, even though his language thru the greater part of the interview was in a tongue in which progress on the part of the listeners was of a very halting character. The leader of the choir speaks Italian and French fluently, and a little English.

Archbishop McNight, graciously served as interpreter, and it was learned that the Vatican Choirs, the origin of which has been matter of discussion, were gathered thru the greater part of the choir in the choir in different churches in Rome. The proposition to form a choir for the purpose of touring America came from New York, which city was rewarded by being the first to hear the best that the world can produce in sacred music. Mr. Casimiri was previously leader of the choir in the Church of St. John Lateran. The music tonight will include works from Palestrina, the prince of sacred song, who is reputed to be the first to combine science and art in a vehicle of worship. Ecclesiastics and children form the membership.

Something of the furor that the choir caused in New York may be judged from the fact that it is engaged to return and give two concerts in the Hippodrome before leaving America. Last Sunday the choir were in Quebec, where, in the historic Basilica they sang one of the glorious masses of Palestrina. On leaving Toronto the organization goes to Rochester, and in turn to Syracuse, Chicago, St. Paul and other centres.

METHODIST MISSIONS

Woman's Society Hold Thirty-eighth Annual Meeting—Help Needed for China.

The thirty-eighth annual meeting of the board of managers of the Woman's Missionary Society of the Methodist Church was held in the Metropolitan Church, with Mrs. W. E. Rose presiding officer. On leaving Toronto the organization goes to Rochester, and in turn to Syracuse, Chicago, St. Paul and other centres.

The thirty-eighth annual meeting of the board of managers of the Woman's Missionary Society of the Methodist Church was held in the Metropolitan Church, with Mrs. W. E. Rose presiding officer. On leaving Toronto the organization goes to Rochester, and in turn to Syracuse, Chicago, St. Paul and other centres.

ANNOUNCEMENTS

Notice of future events, not intended to raise money, 25 per word, minimum 500; if held to raise money solely for patriotic, church or charitable purposes, to raise one minimum only. Held to raise money for any other than these purposes, 50 per word, minimum \$2.50.

TORONTO DISTRICT Woman's Christian Temperance Union. The first regular meeting of the ladies of the Metropolitan Church closed the afternoon.

The evening was opened with an organ recital given by H. A. Fricke, M.A., Mus. Bac. The speakers were Mrs. Arthur Hockin, B.A., who dealt with the urgency of the hour as it applies to China; Mrs. A. O. Strothard spoke for Japan in the same relationship, and Mrs. E. C. Chace for Canada. The conferences continue until the close of the sessions on Friday afternoon.

JOHN DOGGET INVITED.

John Doggett, secretary of the joint industrial council, has been invited to attend this afternoon's session of the Great War Veterans' Club-house Board at the city hall, at which Mr. Doggett sits as labor delegate.

No Trouble to Remove Superfluous Hair

(Toilet Tip) It is an easy matter to rid the skin of objectionable hair or fuzz, if you proceed as follows: Mix a paste with some water and a little powdered deodorant, apply to hairy surface and in 2 or 3 minutes rub off, wash the skin and the hairs are gone. This method of banishing hairy growths is painless and does not mar the skin, but to avoid disappointment, be certain to get real deodorant.

FOR THE ERECTION OF A MONUMENT TO SOLDIERS AT RIMOUSKI, P.Q.

TENDERS for the erection of a monument to commemorate the deeds of our gallant soldiers who died during the Great War will be received hence to 30th October, 1919, at the address of Mr. Charles Auguste Couillard, Secretary of the Committee of the Monument, Rimouski, P.Q.

The proposed monument will consist of a Canadian Soldier, 6 1/2 feet high, upon a pedestal of granite of a good proportion, the whole on a 5-foot deep concrete foundation.

Inscriptions on the pedestal of the Soldier of the District of Rimouski, who died during the Great War, 1914-1917, in the number of (thirty about), age, decoration, regiment, etc., etc., date of death, etc.

The Committee for the erection of this monument can dispose of the erection of some of the sum of \$200.00.

Any plan submitted with cost will be considered. This monument shall be completed for June 30, 1920, next session. The Committee will not be bound for plan expenses submitted.

NOTICE. Notice is hereby given that RICHARD ERNEST ANDERSON of the City of Toronto, in the Province of Ontario, and JOHN W. GIBSON of the City of Toronto, in the Province of Ontario, Merchants, will apply to the Court for a Bill of Divorce from his wife BEVELYN ANDERSON of the City of Toronto, in the Province of Ontario, and is the only Kingman man on the vessel. The steamer was loaded with coal at Fairhaven. She is owned by the James Swift Coal Company here. The Waffle has been engaged in the coal-carrying trade for several years. The owners are making inquiries to ascertain if the crew have been picked up. There was a woman on board as cook. She shipped at this port with her husband just a few days ago.

BRITISH RAILWAY OUTLOOK SERIOUS

Secretary of Union Declares Situation Worse Than Ever Before.

London, Sept. 23.—A sudden crisis in the British railroad situation, owing to the dissatisfaction of the men over their wages, caused a conference to be held this afternoon between Sir Eric Geddes, minister without portfolio, who has been active recently in connection with labor matters, and Premier Lloyd George. The minister complained that in some instances their wages had been reduced under the new method of fixing them. In another instance, he declared, the difficulty was likely to be overcome before conditions became serious.

Earlier in the day J. H. Thomas, general secretary of the National Union of railwaymen, speaking in the house of commons, expressed the fear that a rupture was inevitable. The situation, he declared, was more serious than ever before.

LABOR TO LEAD

Election of a Labor Government in Britain Soon is Propheesied by Ben Tillett, M.P.

Monrad, Sept. 23.—The election of a Labor government in Great Britain in a few years' time was prophesied this morning by Ben Tillett, M.P., British fraternal delegate to the Canadian Trades and Labor Congress now in session at Hamilton, upon his arrival from Liverpool on the Corsican. He said that the British Labor was now settling down and had decided to pursue its interests thru a peaceful parliamentary pressure rather than by direct action.

BOLSHEVIK DEFEAT

Troops Facing Demikne Get Severe Setback After Five Days Fighting.

London, Sept. 23.—A further setback for the Bolsheviki facing General Denikine is admitted in a soviet wireless message received here today. It reports the abandonment of the town of Liverno on the Corsican, which the Denikine forces recently captured. Fighting of the severest character is reported to be continuing.

The Bolsheviki also concede the loss of ground along the line south-east into the Tauris region. They abandoned the towns of Ostrogorsk and Korotkik, to the south of Voronez, and also are retiring in the region of Tauris, where they were compelled to evacuate the Volga to the north of Tcherassy-Yaz.

WIOFATAL CLASHES IN BIG STEEL STRIKE

(Continued From Page 1.) more in the Youngstown district, and 3,000 more in the Wheeling field.

While not giving any figures, correspondents expressed a lively opinion of the figures, and asserted if they were true many of the districts included in Foster's list would be completely shut down which is not the case.

The United States Steel Corporation, according to reports, has not met with much success in operating some of its subsidiaries in other parts of Pennsylvania as it has the plants of the Carnegie Company in this immediate vicinity. In several instances of its smaller works were closed down when it was found insufficient men had reported to keep the plants in successful operation.

Representatives of the United States Steel Corporation here declared that this was due to lack of adequate police protection for men willing to work.

More Steel Plants Close. Chicago, Sept. 23.—Closing of additional steel plants in South Chicago and Indiana Harbor at a distance of appreciably increased activity in mills which were attempting to operate with reduced forces in Gary, marked the second day of the steel strike in the Chicago district.

Union leaders claimed gains of approximately 10,000 in the number of strikers. Officials of the United States Steel Corporation plants maintained the reticence which they have exhibited since the first strike movements were heard and operators of independent plants settled down to a policy of watchful waiting.

Among the rank and file of the strikers the holiday aspects of the walk-out were accentuated. The moving picture houses and other recreations were booming and highly organized dances were advertised by social clubs. No signs of disorder were in evidence at any of the strike centers.

Today only the Gary mills of the United States Steel Corporation, some smaller establishments in East Chicago and five independent plants in Hammond tried to operate. At South Chicago a few men patrolled the silent mills as fire guards and at Indiana Harbor the banks fired amouled the strikers. Officials of the steel plants stated that Canada, thru Sir Robert Borden, asked an opinion on her eligibility to the council. He then read the following letter to Sir Robert, making the point clear:

"The question having been raised as to the meaning of article iv. of the league of nations covenant, I have been requested by Sir Robert Borden to state whether we concur in his view that upon the true construction of the first and second paragraphs of that article, representatives of the self-governing dominions of the British empire may be selected or named as members of the council. We have no hesitation in expressing our entire concurrence in this view. If there were any doubt it would be entirely removed by the fact that the articles are not subject to a narrow or technical construction."

"Woodrow Wilson, 'D. Lloyd George."

The argument should cease. The greater good that this meant that Great Britain could have two votes on the council. He added: "In view of this letter, which solemnly declares that the British empire man that the dominions were so fully recognized as members that their representatives were eligible to seats on the council, the British empire man was already made a permanent member of that body, it would seem that argument ought to cease, and that any contention that the self-governing dominions and colonies are not received as separate and independent entities with the full right of membership in the council states of course ought to be no longer heard."

On the first roll call on the peace treaty, the senate adopted 43 to 40 a motion by Senator Lodge to postpone until next Tuesday consideration of the 40 odd amendments proposed by Senator Fall, which would eliminate the United States from different commissions created under the treaty.

TO TALK WITH MARS

American Balloon Instructor Will Attempt to Communicate With Planet.

Omaha, Neb., Sept. 23.—Leo Stevens, balloon instructor at Fort Omaha, announced today that Prof. David Todd will attempt to communicate with the planet Mars this fall in a balloon to be constructed and piloted by Stevens.

The balloon to be the largest ever made, will ascend 50,000 feet, Stevens said. Its capacity will be 140,000 feet. The balloon will be enabled to rise to the expected height Stevens said, by use of an invention which divides the balloon in two compartments, the upper containing hydrogen gas and the lower fresh air.

Prof. Todd just returned to Amherst College from Brazil, has perfected a signaling apparatus for the experiment, Mr. Stevens said.

Three Quebec Men Drown While Fishing in the Attic River

Quebec, Sept. 23.—Rosaire Papillon of St. Mark, Gerard Anotik of Montserrat, and Rosaire Marcotte of St. Mark, were drowned yesterday in the Attic River, seven miles east of Doucet Station, on the Transcontinental Railway. The men, who were employed as rock-blasting gang, had left to go fishing and their fall to return led to a search by their companions who found their canoe overturned in the river. The bodies have not yet been recovered.

Hydro Engineers Inspecting Radial Railway in Guelph

Special to The Toronto World. Guelph, Ont., Sept. 23.—W. H. Stevens and W. H. Roberts, two hydro engineers, are in the city today and are going over the property of the Guelph Radial Railway. This is a result of the request made by the city council some weeks ago to the hydro electric commission to investigate the railway and report on the amount necessary to put it in first-class condition.

Raid on the Mail Train Planned in a Quebec Bar

Quebec, Sept. 23.—According to information given out by a source in the quarters the sensational robbing of the Ocean Limited last week, for which four men have been arrested, was planned in the restaurant in the lower town. It is learned that the police secured valuable information on the men suspected of carrying out the robbery from a woman who, however, insisted before she told her story that her name should not figure in the case.

Ontario Agricultural College To Cut Wide Swath in Sports

Special to The Toronto World. Guelph, Sept. 23.—Sports at the O.A.C. this fall and winter will be on a high basis. It is the intention this fall to have two rugby teams, one in the intermediate intercollegiate series and also a junior team in the Mulock cup competition. A soccer team will be entered in the inter-faculty series.

SEMI-FOR SUPPORTS CANADA'S POSITION IN NATION'S LEAGUE

American Argument Should Cease, Declares Missouri Member in Debate.

Washington, Sept. 23.—How to put an end to demonstrations in the galleries during discussion of the peace treaty is troubling senators almost as much as the league of nations. Although applause by the galleries—a direct violation of senate rules—has been more or less of a problem since the treaty was brought before the senate, the open executive session, the matter of enforcing the senate rule was brought to a successive stage late yesterday, when after Senator Reed, Democrat, Missouri, had concluded a four-hour attack on the league, the galleries applauded vigorously.

When Senator Ashurst, Democrat, Arizona, a league supporter, arose to condemn the action of the galleries, he was met with a wave of hissing. Attempts of President Pro-tempore Cummins to stop the demonstration were in vain.

Suggestions came from several senators today that the galleries be closed during treaty debate, but these met objection from the opponents of the plan to conduct the treaty fight in open session.

Canada Asked Opinion. In his argument on the subject of the possibility of America being outvoted in the council, Senator Reed stated that Canada, thru Sir Robert Borden, asked an opinion on her eligibility to the council. He then read the following letter to Sir Robert, making the point clear:

"The question having been raised as to the meaning of article iv. of the league of nations covenant, I have been requested by Sir Robert Borden to state whether we concur in his view that upon the true construction of the first and second paragraphs of that article, representatives of the self-governing dominions of the British empire may be selected or named as members of the council. We have no hesitation in expressing our entire concurrence in this view. If there were any doubt it would be entirely removed by the fact that the articles are not subject to a narrow or technical construction."

"Woodrow Wilson, 'D. Lloyd George."

The argument should cease. The greater good that this meant that Great Britain could have two votes on the council. He added: "In view of this letter, which solemnly declares that the British empire man that the dominions were so fully recognized as members that their representatives were eligible to seats on the council, the British empire man was already made a permanent member of that body, it would seem that argument ought to cease, and that any contention that the self-governing dominions and colonies are not received as separate and independent entities with the full right of membership in the council states of course ought to be no longer heard."
