T

THE FIFTY-FIFTH ANNUAL REPORT OF THE MONTREAL GENERAL HOSPITAL.

The Annual Meeting of the Society of the Montreal General Hospital was held on the 15th May, 1877, the President, Peter Redpath, Esquire, in the chair, when the Secretary read the following report :

GENTLEMEN OF THE CORPORATION OF THE MONTREAL GENERAL HOSPITAL.

I have the pleasure of presenting you with a report of the proceedings of the Board of Governors for the year which terminated on the 30th April, 1877.

The Ordinary Expenditure of the year has been..	\$42,861 97
The Ordinary Income.....	35,790 82

Shewing an excess of expenditure of.....	\$ 7,071 15
--	-------------

Comparing the expenses of the year with that of 1875-76.

Ordinary Expenditure of 1876-77.....	\$42,861 97
Ordinary Expenditure of 1875-76.....	38,206 24

Shewing an increased Expenditure in 1876-77 of.....	\$4,655 73
---	------------

The items under which the increased expenditure appears, are :

Provisions, Groceries, etc., an increase of..	\$1,785 17
Laboratory, " " ...	229 64
Surgical Instruments, " " ...	119 94
Servants' Wages.....	1,535 10
Insurance (paid three years in advance) and Law expenses.....	370 36
Printing, Advertising and Stationery.....	193 69
General Expenses.....	1,414 37
Fuel, Water, Gas, and Assessments.....	404 69
Funeral Expenses.....	24 50
	\$6,077 46

There has been, however, a diminished expenditure during the year under the following heads: Bedding, Clothing, etc., \$88; Ordinary Repairs, \$602; Furniture, \$459; Wines and Liquors, \$34.

The Extraordinary Income of the year consisted of:

Legacies.....	\$2,981 50	
Extraordinary Donations.....	2,990 00	
		\$5,971 50
And the Extraordinary Expenditure, included alteration of wards and basement and additional heating apparatus.....		9,222 32
Showing a deficiency under this head of...		\$3,250 82
If to this be added the excess of Ordinary Expenditure over Ordinary Income, the total excess of Expenditure over Income for the year amounts to.....		7,071 15
		\$10,321 97

It will be remembered by some present that, during the year under review, a special appeal was made to the public for increased assistance; the result is a gratifying proof of the esteem in which the Institution is held by the citizens. It shows an increase in the

Annual Subscriptions of.....	\$3,475 07
In the Ordinary Donations of.....	2,691 07
In the Subscriptions from Employees of....	470 11
A total increase of contributions of.....	\$6,636 25

Which, however gratifying to the friends of the Hospital, can not reasonably be expected to be repeated, and but for which the deficiency must have been \$16,000 instead of \$10,000.

During the year under retrospect there were nineteen hundred and seven (1,907) "in-door" patients treated in the wards, and eighteen thousand seven hundred and eighty-eight (18,788) prescriptions for "out-door" patients; a decrease of fifty-eight "in-door" patients and an increase of three thousand and sixty-two (3,062) prescriptions, respectively, as compared with last year.

Of the "in-door" patients there

Died.....	*139
Were discharged, cured.....	1,286
" improved.....	270
" unimproved.....	74
Remained in Hospital at end of year.....	1,630
	138
	1,907

* Of the above deaths 30 occurred within three days after admission.

CLASSIFICATION.

Of the patients who were either discharged or died there were:

Males.....	1,143	Emigrants.....	11
Females.....	626	Strangers.....	148
		Sailors.....	202
	1,769	Citizens.....	1,408
Roman Catholics.....	744		1,769
Protestants.....	1,024		
Other Religions.....	1		
	1,769		

Of the "out-door" patients there were

Males.....	10,310	Emigrants.....	134
Females.....	8,478	Strangers.....	145
		Sailors.....	170
	18,788	Citizens.....	18,339
Roman Catholics.....	14,987		18,788
Protestants.....	3,801		
	18,788		

Amongst the diseases admitted whose prevalence in a locality is held by many to indicate certain insanitary conditions, which are more or less preventable, and, therefore, should not exist, were typhoid fever and diphtheria. Of the former there were 97 cases, a number less by 10 than in last year, but exceeding by 40 the average annual number of the preceding 10 years. There were 20 admissions for diphtheria, an epidemic of that disease having prevailed for the last few months, whereas but 3 cases of it were recorded in the last annual report, and not one in any previous report. An epidemic of measles of mild type has also prevailed, 32 of the admissions having been for that disease; and inflammatory affections of the lungs have been rather prevalent, reaching the number of 128.

As might have been expected from the appointment of a special surgeon to take the care of diseases of the eye, the number of admissions for affections of that organ, 81, has considerably increased, and the new eye department of the Hospital is proving useful to the poor—amongst whom diseases of the eye are very common—and to the large number of students who attend the Hospital to study disease.

The very much needed alterations, additions and repairs begun in the "Richardson Wing" last year have been completed, and similar improvements in other parts of the building have been effected during the year which has just terminated. In the "Reid Wing" two windows upon each floor have been opened upon the front of the building; wards 23 and 24 have been made one; additional coils for heating purposes have been put upon both flats; "ward kitchens," new bath rooms, and new water-closets of superior construction have been provided upon each floor. The basement of the main building and of the "Richardson" and "Reid Wings," which was in a lamentable condition, has been entirely altered and improved, as will be obvious when it is stated that, throughout its entire length, a new concrete floor has been laid and brick partitions have been substituted for the old lath and plaster ones, rendering it proof against damp, foul emanations and vermin. A new private kitchen, store room, servants' dining-room, drying room for clothes, and room for cases of *delirium tremens* have been made in the basement. The laundry has been entirely re-constructed and a room for ironing has been added. Finally, the public kitchen has been renovated throughout, and a flagstone floor laid in it. These various improvements, alterations and repairs have been in progress for the last two years, and have consumed a large sum of money that might otherwise have formed part of the "Endowment Fund" of the Hospital. They are now completed, and no large outlay for "Extraordinary Repairs" is likely to occur again for a long time. Thanks to these alterations, the Hospital, as a whole, is now in a very satisfactory condition, as much so perhaps as is possible in a building which was constructed many years ago, long before so much scientific attention had been given to the subject of hospital architecture as it now receives.

In this connection it may be well to mention that a very considerable addition to the number of patients annually admitted to the Hospital occurred in 1872-73, and that since then the number has continued to increase, year by year (with the exception of this year) so that the Institution has now but little spare room, and, ere long, additional accommodation will be needed. It is fortunate that, in the straightened condition of our finances, no such need has yet been felt.

The list of Life Governors has had a large extension during the year, the following gentlemen have become enrolled thereon: Sir Hugh Allan, Hon. Edward Goff Penny, Robert Anderson, R. B. Angus, James C. Cameron, M.D., Alexander Cross, Q.C., John T. Dawson, Thomas Davidson, James Dakers, E. H. Goff, Geo. A. Greene, David J. Greenshields, Richard R. Grindley, James Jack, Wm. Kinlock, Jas. C. King, Fred. B. Matthews, David R. McCord, Hugh McLennan, H. Leigh MacDougall, John S. McLachlan, Neil G. McGillivray, F. B. McNamee, George W. Moss, Wm. G. Murray, H. E. Murray, Hy. S. Mussen, J. J. Redpath, Philip J. Scott, Robert A. Smith, Robert Wood, O. S. Wood, Esquires,—thirty-two in all.

The Institution lost during the year a true friend in the person of the late Archibald Ferguson, Esq., who was one of the founders of the Hospital, one of the oldest members of its Corporation, for some years its Treasurer, and for many years a diligent member of its Committee of Management.

Some changes in the resident Medical Officers of the Hospital have occurred. Dr. James C. Cameron resigned the post of House Surgeon, and, at his entrance upon private practice, takes with him the confidence and best wishes of the Governors. Dr. Cline has been promoted to the vacated House-surgeoney, and Dr. Burland to the office of Assistant House Surgeon. Dr. Jas. Bell has been appointed Apothecary.

In July last four additional trained nurses arrived from England, and at once entered upon duty, and the order, neatness, cleanliness and general efficiency secured in this important department of the Institution since the introduction of trained nurses is a subject for congratulation.

Legacies to the amount of \$2,981.50 have been received during

the year; and one from an old citizen, who, although returned to his native land, did not forget his former home, is deserving of special mention, as suggesting a new direction in which the means of the charitable may do good, and as being the first of its kind in the history of the Hospital. The income derivable from the "Edward Moss Fund" is to be expended amongst needy and deserving patients during the winter months.

The following gentlemen have kindly acted as collectors during the year, and merit the thanks of the corporation for their troublesome work:—Messrs. W. B. Cumming, John Stirling, Nathan Mercer, George S. Brush, A. Ewan, Lewis S. Black, George Graham, William Whinfield, N. B. Corse, C. D. Proctor, William Dodd, James Linton, James Johnston, James Moore, James Lillie, E. Rennick.

All of which is respectfully submitted.

R. P. HOWARD,
Secretary.

Montreal, 15th May, 1877.

The following gentlemen were then elected Governors for one year: Daniel Butters, James Court and Robert Moat, Esquires; and for two years: Hon. M. Laframboise, N. S. Whitney, John McLennan, Robert French, Daniel and David Robertson, Esquires.

The Annual Meeting of the Governors was held on the 17th May, 1877, Peter Redpath, Esq., President, in the chair.

The Meeting proceeded to ballot for officers, Messrs. John Taylor and James Crathern acting as Scrutineers. The result was announced as follows:

PETER REDPATH, Esq., President.

CHAS. ALEXANDER, Esq., Vice-President.

R. P. HOWARD, Esq., M.D., Secretary.

ANDREW ROBERTSON, Esq., Treasurer.

The following Governors were elected the Committee of Management:

Messrs. Wm. Lunn, Wm. Clendinneng, T. M. Bryson, John Stirling, John Rankin, C. J. Brydges, John Plimsoll, A. F. Gault, James Rose, O. S. Wood, The President, Vice-President and Treasurer, *ex officio*.

A letter was then read from Dr. MacCallum communicating his wish to retire from the list of Attending Physicians, on the grounds of the increasing demands of his private practice. Where-

upon Dr. Campbell moved, Mr. Routh seconded, and it was resolved:

That Dr. MacCallum's retirement from active duty be approved, and that he be made a Consulting Physician to the Hospital, an honor that he has won by his long and faithful services as an Attending Physician of the Institution.

The following gentlemen were then duly elected Attending Physicians and Surgeons:

Drs. Wright, Reddy, Fenwick, Drake, Ross, Godfrey, Roddick and Wilkins.

As Out-door Physicians and Surgeons:

Drs. Girdwood, Simpson, Major and Molson.

As Oculist and Aurist:

Frank Buller, Esq., M.D., M.R.C.S.E.

The following resolutions were then severally passed:

On the motion of R. G. Reekie, Esq., seconded by George Macrae, Esq., Q.C.:

That the Committee of Management be hereby tendered the thanks of the Governors for the administration of the affairs of the Hospital during the past year.

On the motion of F. W. Thomas, Esq., seconded by John Murray, Esq.:

That this Meeting of Governors desires to thank the Medical Board of the Hospital for their valuable services during the past year.

On the motion of C. J. Brydges, Esq., seconded by W. E. Scott, Esq., M.D.:

That the Governors desire by this resolution to record their sense of the valuable labors of the gentlemen who have kindly acted as Collectors for the Hospital during the year, and without whose efforts the income must have seriously suffered.

On the motion of R. W. Shepherd, Esq., seconded by F. B. McNamee, Esq.:

That the Governors of the Montreal General Hospital desire by this resolution to tender their thanks to the clergymen and congregations of the several churches in which collections have been made for this charity during the past year.

On the motion of A. T. Paterson, Esq., seconded by F. B. Mathews, Esq.:

That the thanks of the Governors be given to the employés of the several manufacturing and business establishments of the City for their contributions to the Hospital during the year.

It was then moved by Chas. Alexander, Esq., seconded by Thos. Workman, Esq., M.P. and resolved:

That the Committee of Management be requested to investigate the serious increase of the ordinary expenditure of the Hospital, and to ascertain whether, without curtailing the usefulness of the Institution, retrenchment may not be made, and to report to the Governors at as early a date as possible.

MONTREAL GENERAL HOSPITAL.
