## Candidates Are Heckled In Election Campaign In Ireland

### FOR ST. JOHN AGAINST PORTLAND

#### ANGLO-IRISH AGREEMENT IS BOOSTED

Election Campaign in South Ireland Reported Proceeding Quietly.

NO DISORDERS.

Boundary and Other Matters Being Discussed by the Candidates.

(Canadian Press.)

Dublin, Aug. 16.—The election campaign in Southern Ireland is proceeding quietly. There is a prodigious amount of speech making. President Cosgrave and all the ministers are dashing about on speech-making tours. Everywhere they are being subjected to heckling, but no disorders have been reported.

Mr. Cosgrave insisted that the Anglo-Irish treaty must be maintained inviolate.

"If there are another people who think we intend to allow any clause in the treaty to become operative, they are making a grave mistake," he declared in all his speeches.

The boundary and other clauses, he contends, all are vital, and must be complied with in spirit and letter.

The arrest of De Valera has increased intensity in the electioneering in County Clare, where De Valera is contesting his talents in abusive language.

In the Ennis district the posters are vigorous in tone. One carries the statement "Birkenhead laughs at the gullible Irish who destroy their country's independence."

Among the new women candidates for seats in the Dail is Mrs. Powell, sister of the late Michael Collins. She is seeking election for Cork City.

A Government statement issued last night through the publicity department seeks as far as possible to discredit De Valera by describing his methods in getting interviews published while he was a fugitive. This statement asserts that De Valera himself wrote out suitable questions and answers and sometimes provided "unsuspecting" journalists with a preface as to the nature of the interview.

It was fictitious, describing the circumstances of the meeting.

Sinn Fein, the Republican official organ, stoutly denies that the first shot was fired from the platform at Ennis Wednesday when De Valera, arrested and so accused the Free State Government of arresting Republican election agents and seizing Republican election literature.

#### CAR OVER CLIFF; BANK MAN HURT

William Lawlor of Fredericton in Critical Condition After N. S. Accident.

Amherst, N. S., Aug. 17.—William Lawlor of Fredericton, accountant of the Royal Bank of Canada at Parrsboro was seriously injured last evening when a car in which he was an occupant went over a cliff, near the roadside. The motor was driven by F. W. Wetmore of Port Greville. Owing to the heavy fog that prevailed along the road, trend of the highway could only be observed at a distance of a few feet. Without warning the car shot over the cliff, rolling and tumbling to a depth of 60 feet. While other occupants of the car were bruised and hurt, their injuries were not serious. Mr. Lawlor was the only one severely hurt.

Medical aid was summoned as soon as possible, and the injured man was rushed to Highland View Hospital, Amherst, where on examination it was discovered that he had incurred a fractured and dislocated spine. His condition is grave.

Parents to Amherst.  
Fredericton, Aug. 17.—(Special)—Mr. and Mrs. J. A. Lawlor, of this city, left this morning for Amherst, after receiving word that their son William, was in Highland View Hospital, with a fractured spine, and other injuries, the result of a motor car accident.

Reports received here, are to the effect that the car in a heavy fog, went over a sixty foot cliff. The others escaped serious injury.

#### French Airman Equals U. S. Altitude Record

Paris, Aug. 17.—Sadi Lecoq, the French aviator, equalled the U. S. altitude record for airplanes, when on Aug. 8 he reached an altitude of 10,318 metres, it was officially stated by the Aero Club of France today.

Lecoq's altitude of 10,318 metres works out to 34,009.47 feet, or virtually the same as the U. S. record made by Lieut. J. A. MacCreedy, on Sept. 28, 1921.

#### Village President Offers Position to Pest Exterminator

Larchmont On The Sound, N. Y., Aug. 17.—President George McGeachin of the Village of Larchmont on the Sound has issued an invitation to any resident of that place that if he will eliminate the example of Edward Penfield, the mosquito exterminator of Pelham Manor, he will have an office created for him. Penfield is a well-known illustrator and a resident of Pelham Manor and Commissioner of Streets in that village. For some time he has been draining the salt marshes, filling up swamps and otherwise doing away with stagnant ponds.

Minneapolis, Aug. 17.—Wm. Stauffer, sought as the slayer of Patrolman Wm. Engstrom of the local force, surrendered to the police last night without a struggle. His capture ended one of the most spectacular searches in the history of the local police department.

#### SENDS HIS GUN TO POLICE STATION

Alleged Slayer of Policeman Then Asks Authorities to Come For Him.

Afraid to venture near the loop district or to appear personally at police headquarters because of the order to shoot to kill, Stauffer sent his gun to the police station with a friend with a message for the authorities to come and get him.

Stauffer later yesterday went to the home of a friend in the residential district and there agreed to give himself up.

#### NAVAL TREATIES IN EFFECT TODAY

Formal Ratification Exchanged by Big World Powers At Washington.

Washington, Aug. 17.—The five power naval treaty negotiated at the Washington armament conference and the four power Pacific treaty concluded during December, 1921, will become effective on today with the formal exchange of ratifications at the U. S. department.

Arrangements for a simple ceremony that will mark the official ratification were completed last night.

Secretary Hughes will act in behalf of the U. S., H. G. Chilton, charge d'affaires, of the British Embassy, for Great Britain; Andre De La Boulaye, charge d'affaires, of the French Embassy, for France; Senor Rosco, charge d'affaires, of the Italian Embassy, for Italy; and Ambassador Manhiha for Japan.

Each of the foreign government representatives will deposit ratified treaties and will receive from the state department a formal acknowledgment during the day time, so an additional ceremony will be held in the diplomatic room of the State Department at noon.

Italy is a party to the treaty providing for the scrapping of warships, but not to the Pacific agreement, which automatically terminates the Anglo-Japanese alliance.

The four power Pacific treaty was concluded here Dec. 18, 1921, the naval pact Feb. 6, 1922. Deposits of ratifications was necessary before either could go into effect.

#### TO NATIONS LEAGUE

Saskatchewan Deputy Health Minister Will Leave Soon For Geneva.

Saskatoon, Aug. 17.—Dr. M. M. Seymour, of Regina, Sask., Deputy Minister of Public Health, has been appointed Canadian representative to the Department of Public Health of the League of Nations. It was learned last night and will proceed to Geneva for the fall meeting of the League of Nations. He expects to remain overseas for two months.

#### Caledonia Colliery to Go On Double Shift

Sydney, N. S., Aug. 17.—For the first time in fifteen years, Caledonia colliery is to be double shifted and will produce coal day and night while the present shift demand for fuel continues. On recent days the output has been so heavy that it could not be hoisted out of the mine, in a very exposed position and it is doubtful if she can be reloaded.

Gloucester, N. S., Aug. 17.—Michael J. MacNeil, aged 44, a cutter, shooter and loader, in No. 2 colliery, was instantly killed today by a fall of loose coal which he was removing. He is survived by six young children.

Halifax, Aug. 17.—Evidence for the crown in preliminary hearing of Daniel Livingston and J. B. McLachlan, former U. M. W. chiefs, charged with publishing a seditious libel, was announced today as complete, and the case was continued until Monday, August 20.

Genoa, Aug. 17.—Thirty persons were wounded, three of them gravely, in fighting today at Campioguatta between Fascist and anti-Fascist elements. The trouble started during a funeral of a local hero, Paolo Santenaria, whose body had been transported from the former Italian battle front for burial in his native city.

#### 2 PRIESTS KIDNAPPED BY BANDITS

Eighty Captives Taken and Chinese Town is Looted.

#### CONSULS PROTEST

Mission Hospital and Catholic Church Burned, Says Despatch

(Canadian Press Cable.)  
Hankow, China, Aug. 17.—Two Italian Catholic priests were kidnaped yesterday, according to a report received here.

The town of Taoshih was looted and the Catholic hospital burned. Eighty Chinese captives were taken.

The Italian and British consuls at Hankow have protested.

A message from St. Xavier College indicates that the two priests kidnaped by bandits are given as Michael McHugh and Daniel Ward, both belonging to the Irish Catholic Mission, Buildings Fined.

London, Aug. 17.—Chinese bandits attacked the town of Walingham, burning the London Mission Hospital, the Catholic church and the foreign quarters, says a despatch from Hankow. The bandits later looted the town. Two Irish Catholic priests are reported missing.

#### MIRAMICHI BRIDGE NOW UNDER REPAIR

Steamer Which Caused Damage is Labeled for \$20,000 By Province.

(Special To The Times)  
Fredericton, Aug. 17.—The Provincial Department of Public Works, is in expectation that traffic across the Miramichi Bridge at Newcastle, will be restored within a fortnight. Repairs to the bridge, which was damaged by the British steamer Walingham, lumber laden enroute from Nelson to Douglstown, to finish loading, will be closed next week.

It was reported that the bridge was open under repairs because of being rammed by the steamer Canadian Permit, of the British steamer company, which was in the process of repairs.

Later reports when the same bridge was under repairs because of being rammed by the steamer Canadian Permit, of the British steamer company, which was in the process of repairs.

The steamer Walingham now at Douglstown, has been libeled by Hon. J. J. Venoit, Minister of Public Works, for \$20,000. High Sheriff Skidd of Northumberland County, made the seizure.

The inquiry now being held by Capt. Demers of the admiralty court, will have a bearing upon the matter.

#### Wire Briefs

Connaught Range, Ont., Aug. 17.—Sergt. J. Freeborn, Hamilton, was the winner of the Governor's prize at the D. R. A. meet here today, with a total score of 215.

St. John's, Nfld., Aug. 17.—The steamer Sable 1 is still on the rocks near Lamaline, in a very exposed position and it is doubtful if she can be reloaded.

Halifax, Aug. 17.—Evidence for the crown in preliminary hearing of Daniel Livingston and J. B. McLachlan, former U. M. W. chiefs, charged with publishing a seditious libel, was announced today as complete, and the case was continued until Monday, August 20.

Genoa, Aug. 17.—Thirty persons were wounded, three of them gravely, in fighting today at Campioguatta between Fascist and anti-Fascist elements. The trouble started during a funeral of a local hero, Paolo Santenaria, whose body had been transported from the former Italian battle front for burial in his native city.

#### Cigarette Ignites Toy Balloons and Vendor Is Burned

Atlantic City, N. J., Aug. 17.—Nicholas Rifkin, 12, vendor of toy balloons here, was seriously burned when the cigarette of a passerby ignited the inflammable gas with which his wares were filled. The boy, enveloped in flames, was burned about the face, losing most of his hair. He was taken to the Atlantic City Hospital, where it was said his condition was critical.

The accident caused a commotion among promenaders.

The authorities are investigating to see if hydrogen or other dangerous gas was used in the balloons.

#### METHODISTS ARE MORE IN NUMBERS

Money Raised, However, is Less Than Total For Last Year.

Toronto, Aug. 17.—Statistics for the year ended April 30, 1923, given out at the headquarters of the Methodist church, yesterday show a membership of 407,264 for the Dominion and Newfoundland, an increase of 381 over the preceding year.

The report says—Many reasons may be assigned for the apparent stability of numbers in membership. The multiplication of union churches, of which there are now an alleged shortage of \$5,000 in civic funds, reported that he was in agreement with Mr. Carter as to the state of the cash book and suggested that the losses probably occurred through handling of payroll advances, contra accounts and methods of keeping vouchers. His opinion was that the missing sum could not now be traced.

The council decided to accept the offer of the city clerk, Mr. Curry also reported that he was tracing a further shortage of \$14,000 in sinking fund accounts, alleged in the Carter report, and said he had accounted for about \$5,000 of this apparent shortage.

#### CARIN UNVEILED

Memorial to Those Who Fell in War of 1812-14 at Niagara.

Niagara-on-the-Lake, Ont., Aug. 17.—The war of 1812-14 was vividly recalled yesterday afternoon when a car in the memory of those who fell in the battle of Fort George, was unveiled here yesterday. Built of rough boulders drawn from beneath the waters of Lake Ontario and having embedded in its body two round shot fired from American cannon in the very engagement, the car stands on a Missauga Common, a stone's throw from the lake front, over the bank of which came the invading force on May 27, 1813.

Some three hundred representing every municipality in the eastern section of the Niagara district attended the ceremonies. The unveiling was performed by Miss Janet Carnochan, for 26 years president of the Niagara Historical Society.

#### Figure In Famous Dreyfus Case Dead

London, Aug. 17.—Major Count Esterhazy, who figured in the celebrated Dreyfus treason case in France in 1894, died three months ago in Harpenden, Eng., where he lived under the assumed name of Count De Volkenstein.

#### Rule Against Germany In Kiel Canal Case

The Hague, Aug. 17.—The permanent Court of International Justice today handed down a decision against Germany in the case involving the use of the Kiel Canal by foreign vessels. The Court decided the German authorities were not justified in preventing the British steamer Wimbledon from entering the canal in 1921, during the hostilities between Poland and Russia, and that Germany should make compensation.

#### Appointment of New Quebec Governor Soon

Quebec, Aug. 17.—Though the successor to Lieutenant-Governor Sir Charles Fitzpatrick, whose term expires on the 26th of October, may not be divulged before the beginning of October, it is stated authoritatively here that the appointment will be made in the course of the present month and possibly even this week.

#### Falls From Canoe And Is Drowned

Toronto, Aug. 17.—Overbalancing and falling out of a canoe after he had missed a stroke, C. McLeod, aged 30 of Toronto, was drowned last night in the bay.

#### WM. LATIMER OF ST. JOHN MURDERED?

Later Word is Received from Texas by His Father

#### BULLET IN BODY.

Skull Also Fractured, is the Statement in Reply to Anxious Inquiry.

Was William Latimer of St. John murdered in Texas? Further shocking news has come to his father, William Latimer, a well known St. John C. N. R. brakeman, who resides at 101 Gilbert's Lane, from Hoxie, Texas, in reply to a request for information as to the probable cause of his son's death.

It will be recalled that a few weeks ago Mr. Latimer received a telegram stating that the body of a young man, badly decomposed, had been found and identified had been made by means of a C. N. R. service card found in his pocket. Mr. Latimer wired for details and the reply is that there was a bullet wound in the body and the skull had been fractured.

The authorities there promised to send a letter giving full particulars, but to date Mr. Latimer has not received the letter.

The young man left here about a year ago and had been working in Los Angeles, California. At the age of seventeen years he enlisted with the First Division Ammunition Column and served in the Mexican campaign at North Side Battery. He was in active service during the war and received several decorations.

He was in his twenty-seventh year and besides his father, is survived by two sisters, Miss Hazel Latimer R. N. and Mrs. Guy Nichols, both of this city.

#### Fail to Identify Bandit Suspects

Toronto, Aug. 17.—Efforts to identify the three suspects held at Montreal in connection with the daylight hold-up of bank messengers in the heart of the financial district here July 24 failed today, when several witnesses and bank messengers who saw the bandits viewed pictures of the trio, forwarded yesterday by the Montreal police.

None of those who saw the pictures was ready to say that any of the three fitted the description of the men whom they saw holding up the bank messengers and shooting three of them.

#### French Will Reply to British Note Tonight

Paris, Aug. 17.—The French reply to the British ultimatum note will be sent this evening to Brussels for the information of the Belgian Government and will probably be delivered in London at the beginning of next week.

As soon as it is in the hands of the public here and a new yellow book will be published including both the British and French notes.

#### Rule Against Germany In Kiel Canal Case

The Hague, Aug. 17.—The permanent Court of International Justice today handed down a decision against Germany in the case involving the use of the Kiel Canal by foreign vessels. The Court decided the German authorities were not justified in preventing the British steamer Wimbledon from entering the canal in 1921, during the hostilities between Poland and Russia, and that Germany should make compensation.

#### She Married a Prince

Mrs. John D. Spradley Jr., cabaret singer, divorcee and widow, has just become the bride of Prince Soud Chikri, member of one of Constantinople's richest families. Her career has been checked with adventures of romance and dotted with several love affairs which came to grief. She was formerly Miss Sidi Wirt of Garden City, Kas.

The communication from British Columbia, which was signed by V. S. McLaughlin, pointed out that both east and west had their problems and should aid each other in seeing that Canada was indeed a land for Canadians. Their problem was the overflow of Orientals and ours was the competition of a foreign port. They asked that full information in connection with the claims of the port of St. John be forwarded to them and these would be used to the best advantage.

#### Two New York Women Leap From Sixth Story Window To Death

(Canadian Press.)  
New York, Aug. 17.—Mrs. A. M. Stern, 60 years of age, widow, and her daughter, 35, today jumped from a window of their sixth floor apartment in West 78th street to the pavement. They were instantly killed. Tucked in the elder woman's dress was a note directing that Harry M. Hirsch, of Yonkers, be notified.

Police learned that Hirsch was an officer of D. H. Stern Company, the president of which is Dewitt H. Stern, son of Mrs. Stern. It was said Mr. Stern was vacationing at Long Point Camp, Lake Champlain, and was not expected to return before the end of the month.

It was also learned that Mrs. Stern and her daughter, Florence, had been inseparable companions. The mother, who was reported acting strangely for some time, was said to have been in good financial circumstances.

#### WADES TO BRINK OF NIAGARA FALLS

Sailor and Pal Arrested After Escape—Spectators Wildly Excited.

Niagara Falls, Ont., Aug. 17.—As the result of an argument as to the possibility of a man wading to the brink of the falls in low water, William Sullivan, a sailor yesterday waded out ten feet and then down stream until he could overlook the brink of the American falls. His escapade caused the wildest excitement. Women screamed and men ran in all directions shouting for help.

Officer Wm. Rhodes coaxed Sullivan to return to land, then, with the assistance of another officer, seized him by the neck and shoulders. Sullivan and a sailor pal objected and a tussel followed, which resulted in the two sailors being arrested. Sullivan was charged with being drunk and his companion with disorderly conduct.

#### Will Appeal

Ontario Attorney General to Carry Anti-Betting Case to Higher Court.

Toronto, Aug. 17.—The decision of the County Court yesterday holding that the Ontario betting information act was ultra vires of the Legislature, will be appealed, Attorney-General Nickle announced in Kingston last evening after being informed of County Court Judge Denton's finding. When handing down his judgment yesterday, Judge Denton at the same time dismissed charges against Samuel Lichtman and Minnie Lichtman, of unlawfully publishing betting information.

#### MARITIME MEETING ON FREIGHT RATES

R. K. Fleet, of the Maritime Freight Bureau, who is spending a few days in the city, said this morning that the people of the Sydney and Glace Bay were hopeful that in a short time as a part of the problem under which they were laboring, in the way of freight rates, would be removed. Last week a conference on this matter was held with Hon. F. B. Carvell and he had seemed most sympathetic. He promised some measure of immediate relief, and said a judgment would probably be handed down in a few days.

#### Drowning Upsets Convention Plans

Atlanta, Ga., Aug. 17.—Hundreds of dead and dumb delegates attending the 14th triennial convention of the National Association of the Deaf carry heavy hearts today after the drowning last night of Miss Elsie Maurer, 19, daughter of a prominent Atlanta family, during a water pageant which was being held for the entertainment of the visitors.

All remaining social activities of the convention has been cancelled and the delegates will elect officers, transact only important business and adjourn as speedily as possible.

#### WEST ASKS ASSISTANCE FROM EAST

Premier Veniot Receives a Telegram from Women's Institute in B. C.

#### NEED FOR ACTION

Mayor Fisher Takes Matter Up With the St. John Board of Trade.

An offer from British Columbia to help the Maritime Provinces in their efforts to have Canadian goods routed through Canadian ports rather than via Portland, Me., was contained in a communication received by Hon. P. J. Veniot from the Women's Institute of British Columbia and forwarded by him to Mayor Fisher with a request for information about the claims of St. John as against Portland for this business.

The communication from British Columbia, which was signed by V. S. McLaughlin, pointed out that both east and west had their problems and should aid each other in seeing that Canada was indeed a land for Canadians. Their problem was the overflow of Orientals and ours was the competition of a foreign port. They asked that full information in connection with the claims of the port of St. John be forwarded to them and these would be used to the best advantage.

#### SAVES EXTENSION SHOULD BE NATIONAL

Commissioner Bullock said this looked to him like a case of "you help me and I will help you," which did not seem to be just the right attitude. The claims of St. John could stand on their own merits, but it was time some drastic action was taken, such as was the case in 1866, if we would not lose our business.

Portland was extending its facilities and business was being brought to these facilities would be utilized. There was urgent need for action looking toward the extension of the facilities here and this extension should be a national one.

The Mayor said he had already taken the matter up with the Board of Trade in this respect. His request was approved and he and Commissioner Bullock were named as a committee to see to it that the extension of the facilities here and this extension should be a national one.

Request for Premier.  
(Special To The Evening Times.)  
Bathurst, Aug. 17.—Premier Veniot has received the following request from the Secretary of the British Columbia Women's Institute:—

"I am taking the liberty to ask for information regarding the problems of the Maritime Provinces in connection with the national port at Portland. You explained this so clearly in your address to the Pressmen and to the Women's Institutes at Fredericton. You asked the co-operation and support of the west in this cause. Would it be too much trouble for you to send a short, concise statement, one which I could submit to the members of our Institutes throughout British Columbia and ask their support?"

It will thus be seen that Premier Veniot's appeal is bearing good fruit. In the reply which he will send St. John's case as a national port, winter and summer, will be clearly presented, and the Premier has communicated with the authorities there in regard to the matter.

The Premier has this week dispatched telegrams to the Minister of Public Works and to Hon. A. B. Copp and Hon. Ernest Lapointe, in support of St. John's appeal for increased accommodation for handling grain at St. John next winter, in order that it may be the better able to compete with Portland.

PORTLAND MEETING ON FREIGHT RATES.  
R. K. Fleet, of the Maritime Freight Bureau, who is spending a few days in the city, said this morning that the people of the Sydney and Glace Bay were hopeful that in a short time as a part of the problem under which they were laboring, in the way of freight rates, would be removed. Last week a conference on this matter was held with Hon. F. B. Carvell and he had seemed most sympathetic. He promised some measure of immediate relief, and said a judgment would probably be handed down in a few days.

The Maritime Freight Bureau is investigating the claims of the Maritime Provinces for better treatment in the way of freights and gathering valuable data to back up these claims. Mr. Fleet said they had been notified that all three Maritime Governments had practically come to an agreement and a meeting would probably be held soon to formulate a policy to be followed in this matter.

**SPOILED CHILDREN AIDED AT CLINIC**

**Small Families Blamed for Unruly Youngsters of the Present Day.**

A clinic for unruly children, second of its kind in the world, is to be established at Rush Medical College, in Chicago, according to Dr. C. G. Grullie, head of the children's department of the school, says an Associated Press dispatch from Chicago.

"There is too much mother in the modern family," declared Dr. Grullie. "That is the reason unruly children in American homes are more numerous than ever before. In former days families were large. Nowadays when we have one and two children in a family the youngsters get too much attention. They become self-centered, and consequently unruly. They are spoiled. He is the product of modern civilization, and he is a social and medical problem."

The new clinic at Rush will specialize in neurotic children between the ages of three and fourteen.

Nurses and physicians of the new dispensary will investigate home conditions first. In a majority of cases, they say, the trouble is not with the child, but with the home. Nine times out of ten he has developed an exaggerated ego. He has been petted too much.

"If you get at a child's environment you change his whole life," said Dr. Grullie. "Small families are bad for children. If they spend a short time in the company of other children they

get their minds off themselves and are cured completely.

"The cause of undernourishment usually is this same exaggerated ego. When a child stops eating or eats sparingly, he soon learns the whole family is upset. He enjoys being the center of interest.

"The behavioristic clinic has as its object the correction of obstinacy, sulking and other faults. Likely as not the child is bored. We try to give him something to think about. We get him interested in something."

The only other clinic in the world specializing in the behavioristic problems of children is in Boston.

**RECENT DEATHS**

**Mrs. Mary Callaghan.**

Many friends will learn with regret of the death of Mrs. Mary Callaghan, widow of Cornelius Callaghan, which occurred yesterday. Mrs. Callaghan had resided in St. John for the greater part of her life and was widely known and much esteemed. Her husband died several years ago and had been a leading meat dealer. She is survived by two sons, Cornelius and John, and one daughter, Mrs. William F. Murphy, of 35 Sewell street, with whom she made her home. The funeral will take place on Saturday morning from the residence of her son-in-law to the Cathedral.

**TO BUILD SCHOOL**

F. Neil Brodie, architect, has returned from Newcastle, where he has awarded a contract to D. R. Morrison & Sons, contractors, for a new brick and concrete school building for St. Mary's Academy, the contract is to be completed on March 1, 1924.

The building is to be 65 feet front, 85 feet deep, two stories and high basement. The basement will have girls' and boys' play rooms and toilets, boiler and fuel rooms, quarters for janitor, dining room, kitchen, both and bedrooms with storage closets, etc. The building will be heated by low pressure steam and all plumbing will be first class with individual closets.

The ground floor will contain entrance corridor, two class rooms and assembly hall, with stage and music room, while the second floor will have four class rooms and boys' and girls' toilets.

The building is to be constructed so that an additional story can be built in the future which will give four more class rooms. All class rooms will have left hand lighting only, birch floors and slate blackboards.

MAN DIES IN \$300,000 BLAZE ON EAST RIVER; LAID TO STILL

Fire Believed to Have Been Caused by an Explosion.

New York, Aug. 17.—A man was burned to death and property worth \$300,000 was destroyed in a fire, caused by an explosion, in a one-story storage warehouse in Long Island City on Tuesday. So dense was the smoke from the fire, which was the most spectacular blaze the East River waterfront has seen in years, that traffic over the Queensboro Bridge was halted for more than half an hour.

A fireman seeking the blaze after it was under control, discovered a fifty-gallon still, a quantity of five and ten gallon cans containing denatured alcohol and one large cask also containing denatured alcohol. The fire is believed to have been caused by the explosion of a still similar to the one found.

Near the spot where the fire began was found the body of a man who is believed to be Daniel Tagliarello, a chauffeur. The body was charred beyond recognition. Underneath it was found a wallet which contained the half-burned chauffeur's card of Tagliarello and a bankbook.

Mrs. McCormick's Chauffeur Sane

Swiss Official Declares She Tried to 'Railroad' Amman Out of Country.

Chicago, Aug. 17.—That Mrs. Edith Rockefeller McCormick was trying to "railroad" her former Swiss chauffeur, Emil Amman, out of the country because of damaging statements that he may publish against her, was the accusation made by Dr. Schwendemann, executive secretary of the Swiss consulate here.

Dr. Schwendemann made his accusations during a hearing regarding Amman's sanity before Judge Jarecki's court. "It is an attempt to railroad this man," said Dr. Schwendemann. "Mrs. McCormick knows that he has, and may publish, a document that would be damaging to her."

Amman created a sensation with charges that Mrs. McCormick had exerted a "psychological control" over him since the days of 1919, when he had been a member of her psycho-analytic cult in Switzerland. He came to America in March of the present year.

Today he was pronounced sane by the jury sitting before Judge Jarecki. He was ordered released from the hospital where he has been held for over four weeks.

Amman declared through interpreters that Mrs. McCormick did not exert a hypnotic influence over him at all times, but in her presence he felt a psychic impulse difficult to explain.

Amman has written a lengthy manuscript, entitled, "My experiences as chauffeur for Mrs. Edith Rockefeller McCormick," which Dr. Gerdy described as a rambling talk.

CHICK EVANS CHECK CASE TAKEN UNDER ADVISEMENT

Chicago, Aug. 17.—Whether Charles "Chick" Evans, Jr., noted golfer, who recently retained his title as Western amateur champion, must face a charge of passing a worthless check for \$7,500 will be decided within a week.

Evans insisted the check was not given for immediate payment, but was to be held pending completion of a loan arrangement, and that this understanding was not carried out by Charles J. Moore, a broker.

Municipal Judge McKinley said he would take Moore's complaint under advisement.

Japanese Pheasant Sounds Warning Of Coming Earthquake

Bird Very Sensitive to Earth Tremors, Says Seismologist.

Washington, Aug. 17.—(By A. P.)—Have you a little earthquake-predictor in your home? If not you should get a pheasant, says Prof. F. Omori, a Japanese seismologist writing in a recent bulletin of the Imperial Earthquake Investigation Committee, for this bird is exceedingly sensitive to earth tremors even when so slight as to be unobservable by humans.

Observation of a pheasant in Japan during a period of about three years, in which 26 earthquakes were recorded on delicate instruments, showed that it crowed either before, or during, every slight shock. In 84 per cent. of the cases the bird crowed before the scientist's machine recorded the quavers, beating the instrument by as much as eight seconds. In 20 per cent. of the occurrences the bird crowed simultaneously with sensible earthquake motion; and in another 20 per cent. of cases the bird crowed when the motion was too slight to be sensible to the observer. In only five cases did the pheasant crow after the motion was recorded, and only once did he fail to crow at all.

The keen perception of earthquake occurrence by the bird is no doubt due to its acute sense, by which it is enabled mechanically to feel the small vibrations in the preliminary stage of the seismic motion, Prof. Omori says.

It is known that earth shocks are preceded by preliminary tremors that are so slight as to be hardly recordable. That the pheasant should be very sensitive and take alarm at the slightest disturbance, either natural or artificial, is probably a condition necessary to its existence, the scientist declares, as it is essential to his long pointed tail and comparatively small wings, has no high flying capacity and nestles on the ground among the thick undergrowth.

It was observed, however, that the pheasant did not take alarm and crow when the ground was shaken by the passing of a car, heavily loaded trucks or wagons, or other artificial means.

In Japan, Prof. Omori writes, there is a general belief that pheasants perceive earthquakes much earlier than humans. Certain other animals show symptoms of terror at the time of, or previous to, an earthquake, he adds, and cites several occasions when the musical croakings of frogs in a pond ceased just before or at the moment of a sensible tremor. If the shock is strong there is caused a general noise, cocks crowing and dogs barking.

A certain abhor was riding a horse near a town that was visited by a strong quake, when suddenly the animal dropped flat on the ground. The rider, who had not yet perceived the shock, attempted to urge the horse to feet, but at all his whipping was in vain until the shaking was over.

Captain Benjamin Kingston, who is at present employed as watchman on the schooner Marion Mosher, at South wharf, is 78 years of age and still remarkably active. These vessels sailed between St. John and ports in the United States, carrying lumber, lime and cordwood.

Nerves Caused Him To Shoot Woman As Burglar, He Says

Policeman Asserts Firing of Revolver Was Result of Theft Scare.

New York, Aug. 17.—Mrs. Bella Shelton, of Brooklyn, who was accidentally shot by Patrolman Francis J. Regan, of the Parkville police station, in her own home on Monday evening, is recovering at the United Israel Zion Hospital. Dr. William Linder made an X-ray examination and located the bullet between her right shoulder and breast.

Patrolman Regan, who showed he was greatly affected by his mistake, gave his version of the shooting to Deputy Police Inspector August Kuhne, of the Parkville Station. He said he was told by a citizen that Patrolman Petrosini had discovered a window open at 4721 Twelfth Avenue and went to assist him. He described his entry to the house with Petrosini and his search of the first floor.

"At the top of the stairs," he explained to the inspector, "I saw a light shining through the glass in the door. The glass was the kind that is sort of smoky, so that it can't be seen through very well, but you can sometimes make out things through it. I could dimly see two objects inside. I had my re-

volver in my right hand and my flashlight in my left. "The door was partly open, and as I started to go in one of the objects moved toward me. I don't exactly know what happened, but I think that the reaction as the person moved toward me caused my hand to contract and the revolver went off. I ran into the room and found the woman lying on the floor."

He said he was in a tense condition, as there had been an average of four burglar scares a week in his district. Patrolman Regan's testimony will be forwarded to the Police Commissioner.

FRANK AT ELEVATOR SHAFT COSTS LIFE; MAYBE TWO

Providence, Aug. 17.—One youth died at the Rhode Island Hospital and another is expected momentarily to succumb to injuries received when the two were pushed into an elevator shaft from the third floor of the Grey-stone mills by a third youth, who thought to play a prank on his fellow-workers.

While temporarily idle, Pasquale Pezzulo, 17, and Ralph Conca, 15, were seated in a large wicker basket on rollers, used to convey yarn from floor to floor of the mill in the elevator. Henry Guesado, 16, thought it would be a good joke to frighten the pair by giving the basket a shove toward the elevator shaft, however, failed to hold, and the two young men plunged to the bottom of the pit, three floors below.

Pezzulo died at the hospital a few hours after the accident, and little hope is held for Conca's recovery.

SAYS EX-KAISER IS CRAZY

New York Mind Reader Tells of Visit With Former Emperor.

New York, Aug. 17.—Professor W. Bert Reese, who asserts that he has demonstrated his mind reading ability to prominent men in Europe and America and has "mystified many scientists," told at his apartment, of a visit to the ex-Kaiser at Doorn last May. Professor Reese returned to America on the Veendam Sunday, after a five months' trip through Europe.

"There is no doubt in my mind but that the former Kaiser's mind is unbalanced," said Reese. "During my entire visit, he spoke of nothing but religion and spiritualism, and his mind wandered from one subject to the other."

"He believes in spiritualism and even declares he has had messages from the dead. He says he knows he is going to heaven when he dies. "There doesn't appear to be any hatred in his heart for any one or any

WHAT'S DOING IN THE MONEY AND STOCK MARKETS TODAY

STOCK ISSUE OF N. B. TELEPHONE

Directors So Decide at the Quarterly Session Here.

The regular quarterly meeting of the board of directors of the New Brunswick Telephone Co. Ltd., was held at the company's offices here yesterday afternoon.

There was a large representation of out of town members as well as a full attendance of city members of the board. Senator F. B. Black, of Sackville; R. O'Leary, of Richibucto; Senator I. R. Todd, of St. Stephen; Angus McLean, Bathurst; W. B. Snowball, Chatham; J. R. Sumner, Moncton; H. B. Hanson, M. P., Fredericton; E. W. Mair, Woodstock, as well as Dr. A. P. Barnhill, J. M. Robinson, Walter C. Allison, J. L. McVilly and H. P. Robinson, all of St. John, were present at the meeting.

The quarterly statement showed a satisfactory growth in both tolls and demands for installation of new phones, the former being accepted as a fairly good barometer of business conditions throughout the province.

It was decided to make an issue of about \$250,000 of stock of the company some time in September, to pay for new work and increase to the company's plant, built, and in progress during the past seasons. This stock will be offered to the shareholders first.

NEWS NOTES OF STOCK INTEREST

(McDougall & Cowan's Private Wire) New York, Aug. 17.—Crucible Steel declared regular dividend of 1 3/4 per cent on preferred, payable Sept. 29, record Sept. 15.

Statement of Pennsylvania Railroad for year ended Dec. 31, 1922 shows net income of \$1,173,177 after taxes and charges against deficit of \$1,916,791 for previous year.

Stockholders of Mohawk Mining, Wolverine Copper and Michigan Copper approve merger of three companies.

Government pays \$7,283,000 to Norfolk and Western in final settlement of account estimated loss of \$75,000,000 to southern cotton planters.

State Board of Agriculture will seek to pay mandamus to compel the public service of New Jersey to resume toll-free service.

Oil production in Mexico in week ended August 11 was 3,171,000 barrels, decline 53,000 barrels from previous week.

OPINIONS ON THE STOCK MARKET

(McDougall & Cowan's Private Wire) New York, Aug. 17.—"Sceptical." "The main factor in this market that has attracted discriminating buying is that the companies showing large earnings are in demands of big four bro.

Houseman—"Probably the most striking feature of the present market is its ability to hold steady in the face of depressing influence of oils. Prevailing levels of most domestic oils indicate plainly a general belief that they will be unable to continue dividends at present rates."

Hutton—"The fact that good stocks are able to make headway in spite of this news seems decidedly important."

Fitch—"The accumulating evidence of cotton crop deterioration emphasizes the inherent danger of a short position."

Clark Childs—"Markets are interested beyond all else in just two questions. President Coolidge's attitude on foreign relations and the cabinet attitude on railroads."

MORNING STOCK LETTER

(McDougall & Cowan's Private Wire) New York, Aug. 17.—There is little new to affect prices. The coal conference is not proceeding smoothly but it is generally thought that the president will take even more drastic steps to stop a strike. Sec. Cary Hughes' note to ambassadors abroad that this country will adhere to his proposals in the New Haven speech but that this Government will not commit itself to action until concrete plans have been submitted and examined at Washington, offers one channel to further negotiations about the Ruhr. The favorable trade balance reported for July, the first since February last, has excited some hopeful comment. Tips are going the rounds of the Street again and one hears of further moves being planned in General Electric, for instance, and Foundation Co. This whole move, however, has been the result of covering in the speculative leaders and can, Studebaker, Baldwin and Steel and should be mainly watched for indications of the speculative attitude.

FINANCIAL NOTES

London, Aug. 17.—Cables \$487 1/2. London, Aug. 17.—Bar silver 80 15 1/4 an ounce.

FINANCIAL COAL HITCH HAS MARKET EFFECT

Makes Wall Street Opening Unsettled—Montreal Trading Smaller.

New York, Aug. 17.—(Opening)—Speculative sentiment was slightly unsettled at the opening of today's stock market as a result of the overnight hitch in the coal negotiations.

The main tendency, however, still appeared to be upward with Studebaker, Baldwin and a number of the other standard issues opening fractionally higher. Middle States Oil dropped to another new low level for the year.

noon Report. New York, Aug. 17.—(Wall Street)—Outside speculators, apparently convinced that the course of the market had definitely turned upward, bid for stocks in competition with the short interest during the morning. A brisk advance in prices was the result with motors and oils giving the best demonstrations of group strength.

Net gains of 2 to 2 1/2 points were established before noon by Dupont, Associated Oil, Phillips Petroleum, Corn Products, Alliant, Wisconsin Central and International Shoe.

SAUNDERS OUT OF PIGGY WIGGLY

Financier Turns Over Assets Which He Values at \$9,000,000.

Memphis, Tenn., Aug. 17.—Clarence Saunders has reached another stage in his spectacular career in finance, when he handed in his resignation of the Piggly Wiggly Stores Company.

These assets were transferred in settlement of debts aggregating \$2,000,000. They consisted of blocks of stock in the Piggly Wiggly Stores Company, which Saunders estimates is now worth \$8,500,000, his country estate, valued at \$212,000 and other numerous automobiles and other personal property.

J. C. Bradford, president of the Piggly Wiggly Stores Company, is 30 years old. Mr. Bradford will immediately move to Memphis to take charge of the Piggly Wiggly concern.

R. L. Jourdan of Memphis will be the new vice president, directors and stock representatives of the company. The Piggly Wiggly Stores Company, which Saunders estimates is now worth \$8,500,000, his country estate, valued at \$212,000 and other numerous automobiles and other personal property.

Headquarters Stay in Memphis. Asked if he had any intention of moving the headquarters of Piggly Wiggly from Memphis, Mr. Bradford replied in the negative.

Messrs. Bradford and Maury were the new directors of the company. They will represent the Memphis pool interest.

The pools, through today's meeting, took over 487 stores, of which 51 are in Memphis.

Saunders, who had climbed from an \$8 a week salary as a grocery clerk to a financial pinnacle, said that he would not have turned over everything I own, my automobile, my home, my money, my life, if I had not been convinced that I was going to start building again."

Saunders admitted that he had plans for a project similar to Piggly Wiggly, but he would not divulge his intentions in detail.

He is expected, however, that the Ukraine will give a good yield. In spite of the probable falling off in the harvest, estimates are that the crop will be about 100 million bushels.

C. L. Snodgrass of Fairville Dead. Many in Fairville and the city will be sorry to learn of the death of Clarence LeRoy Snodgrass, aged 27, which occurred this morning.

He was the proprietor of the Fairville Express and enjoyed a wide acquaintance. Surviving are his wife and three children—Helen, Doris and Thomas.

He was a member of the Fairville Fire Department and was a very popular man in the community.

MAKE NEWSPRINT ON NORTH SHORE

New Paper Mill at Bathurst to Start Producing Today.

The new paper mill at Bathurst, owned by the Bathurst Company, Limited, which has just been completed, will start producing paper today, so Angus McLean, president and general manager of the company, informed the Telegraph-Journal.

He expected the mill would be producing at full capacity about the middle of next week and that the first cargo of completed newsprint would be shipped to the Telegraph-Journal.

This marks a new era in New Brunswick industry for this is the first newsprint mill in the province. The Bathurst Company, Ltd., has been operating for several years in the lumbering and pulp business. It has gradually expanded its operations until now it has a mill at Bathurst, which will produce newsprint.

When asked about the proposed pulp embargo, Mr. McLean said he had expressed his views in a letter which appeared in the Telegraph-Journal and he still held them. He was convinced that the embargo would work ultimate harm to Canada although his own firm would benefit, temporarily at least.

COOLIDGE'S OLD COBBLER WILLING TO GO TO THE "COURT O' JAMES"

Northampton, Mass., Aug. 17.—James Lucey, who made shoes for Calvin Coolidge long before "Cal" ever had the slightest idea he would be President of the United States, and who still makes them, answered the President's recent communication in which the Chief Executive wrote: "If it were not for you I should not be here."

Lucey remarked after telling of this paragraph, "Cal will laugh at that. He likes to joke a bit. Doesn't talk much, but he tells some pretty good jokes himself. And he likes to have me like him. Makes him laugh. He can laugh up hearty, too; hearty as any one I know."

LUMBER DEMAND REPORTED BETTER

With Cooler Weather Construction Work in States is Speeded Up.

After the dullness of the hot weather season, which interferes with construction work to some extent in the United States, the lumber trade is showing some signs of increased activity, and the outlook for fall business is more favorable.

Thomas Bell made this statement this morning in reply to an enquiry by The Times. He said the market was firmer and there was a better demand. The demand for buildings in the United States is so great that construction work must go on, and with the approach of cooler weather buyers are wanting more lumber. A moderate improvement in the trade may therefore be anticipated.

The English lumber market is steady, and there has been during the past month a swing back in that direction for lumber that is expected would be marketed in the States. With more activity in the lumber market the whole situation will be better than from the shipper's standpoint.

A leading shipler said a few weeks ago that if the market held its own until the beginning of winter there would be a generally active winter in the woods, as stocks of spruce are now comparatively low in all markets and in the provinces as well.

Radio Used to Trace Progress of Airplanes. Sudbury, Ont., Aug. 16.—Progress has been made in the use of radio in forestry work by the Laurentide Air Service aviators stationed at Colkes Bay, and members of the Empire Forestry Conference now touring the north will have an opportunity of viewing the practical application of radio at Temagami today. An exhibition of forestry aviation patrol work will be given for the benefit of members of the conference. It has been possible to listen to aviators talking from machines as far as 25 miles away while in flight. An interesting feature of the work at present being done has been the tracing of an airplane's progress by means of the carrier waves, which serve to indicate the exact location when received by radio at the base. Airplanes have been located at Bisco and Gogama by this method.

### PAVING, BRIDGE AND BONDS IN CITY HALL TALK

Estimate When Bids Called for a Guide to Contractor.

The City Council at its committee meeting this morning decided to proceed with the paving of the track section from the three lamps, Prince William street to the Britannia street paving. It was also decided to call for tenders for the construction of a permanent bridge leading from Bridge street to Pokok.

Mayor Fisher brought up the matter of the extension of the paving in the track section from the three lamps to Britannia street, and said he had asked the city solicitor for an opinion as to the legality of the motion passed authorizing the work. Commissioner Frink said he was just following advice given on previous occasions by the city solicitor and pointed out that a sum of \$12,000 left from the bonds for the paving of Prince William street to Princess street had been used to pave the block from Princess to King.

His Worship called up the office of the city solicitor and was informed that a letter had been written to himself by Dr. Baxter confirming what Commissioner Frink had said.

So far as the money for the work was concerned, Commissioner Frink said the estimate approved by the council was \$41,747 and it was thought there would be enough left to pay for this extension, which would cost about \$800.

Commissioner Thornton said he was surprised to hear that there had been a difference of \$12,000 between the bonds issued for Prince William street and the cost of the work; there must have been figuring somewhere. He recalled that at one time the water and sewerage department had about \$82,000 of unexpended bond balances but that was impossible now under the order that the bond should be only for the cost of the work under construction.

On motion of Commissioner Frink it was decided to proceed with the work.

**The Street Lights.**  
Commissioner Thornton reported that he had notified the New Brunswick Power Co. that after August 15 the Company were to disconnect the lights in the ornamental lighting district and had received a reply from the Company that they were discontinuing these lights under protest and without prejudice to their claims.

Considerable anxiety is felt in the shipping circles for the safety of the steamer Gabilon, now out twenty-eight days from Welsh ports, with coal for Halifax. No advice as to her location has been received by her local agents, Nagle and Wigmore up to this afternoon. The Gabilon, having discharged her cargo of coal was to load refined sugar. It is thought that her engines have become disabled and that having no wireless equipment, she is drifting about.

**BURIED TODAY.**  
The funeral of J. Lee Flewelling took place from his late residence, Rothney Village, this afternoon, following funeral services at the home at which the Rev. Canon Daniels officiated. Interment was in the Baptist cemetery at Grand Point. The pallbearers were A. B. Wilson, Joseph Kennedy, J. W. Kierstead and Ralph Harrison. A large number of beautiful floral offerings were received. The funeral was attended by many friends, many going from the city to pay their last respects to the late Mr. Flewelling.

**PATIENTS WERE ENTERTAINED**  
Henry McEachern, bass singer of the popular McEachern quartette, was visited last evening at the County Hospital by the choir of Douglas avenue Christian church, accompanied by their pastor, Rev. Wm. Phillips, and friends. The visitors gave a well-varied programme, in charge of Wm. McEachern, all of the numbers finding great favor with the patients. Those who entertained were: William James, Charles and John McEachern, Wm. Clark, harmonica, and "Uncle Arch," treat-in-accommodation; M. Kinsella, piano selections; John McEachern, humorous monologue; Mrs. V. B. Henderson and Wm. McEachern, vocal solos. Miss A. Farmer and M. Kinsella were the accompanists of the evening.

**GIVEN FAREWELL.**  
A very pleasant time was spent last evening when Mrs. Joseph P. Connor, 197 Charlotte street, entertained for her daughter, Miss Kathleen Connor, who is leaving for Boston, and Miss Carmel Lydon. Miss Murray and Miss Lydon will leave by tomorrow evening's boat for Boston enroute to New York where they will take up the study of nursing at the Flushing (Long Island) Hospital. The gathering last evening was in the nature of a farewell. About forty friends were present and dancing was the order of the evening. The guests of honor were made the recipient of many handsome gifts, among which were several pieces of French ivory. General regret was expressed at their leaving the city. A dainty lunch was served in which Mrs. Connor was assisted by Mrs. Dorothy Sweeney. The party dispersed with best wishes for the nurses-to-be.

**DISCIPLES OF CHRIST.**  
The report of J. S. Flagg, treasurer, submitted at the annual convention of the Disciples of Christ, New Brunswick and Nova Scotia, showed receipts for the year, including balance on hand, to have been \$1,742.55. After all expenses were paid there was a surplus on hand of \$788.91, compared with \$372.16 a year before. The permanent fund, which was \$3,116.62 a year ago, is now \$3,892.95. It is growing each year. The expenditure of the Nova Scotia was \$1,200 a year before, compared with \$800 a year before. There is a slight falling off in total membership, however, the figures being 2,148, compared with 2,206 a year before. Expenses of the churches increased from \$14,539 to \$16,337. There are five ministers and seven preaching stations in New Brunswick, and four ministers and nine stations in Nova Scotia; besides one congregation without a minister in this province and three in Nova Scotia.

### LOCAL NEWS

**GOOD CONCERT.**  
The St. Mary's Band, under direction of Bandmaster Harold Williams, played an excellent programme in King Square last night, and it was greatly enjoyed by the large number attending.

**PAY DAY.**  
The fortnightly pay day at City Hall today called for a disbursement of \$17,209.28, as follows: Ferry, \$437.40; harbors, \$4,756.76; water and sewerage, \$8,486.86; public works, \$8,548.26.

**McKEL-LASKEY.**  
A quiet wedding was solemnized at the parsonage of the Douglas avenue Christian church on Wednesday, when Rev. William Phillips united in marriage Mrs. Lois M. Laskey and Arthur P. McKel, both of this city. They will make their home here.

**HEAR PROTEST TOMORROW.**  
The protest of the summer residents of the Parish of Lancaster will come before the assessment committee of the Municipal Council tomorrow morning at 10 o'clock in the office of the county clerk. The committee of the county protest at the indignation meeting, held on Monday evening last, are to present their cases.

**GETTING OUT TOURIST GUIDE.**  
The March of Trade has received notification from the Department of Trade and Commerce that they were planning the issue of a tourist guide for Canada covering not only the tourist attractions but some of the industrial advantages of the country. Several booklets giving information along these lines about New Brunswick have been sent forward by the board.

**EXHIBITION LIGHTS.**  
The wiring of the Exhibition Building for the electric Power Company has been completed and the lights were turned on last night for the first time this season. The current is supplied by three main feed wires, one at the entrance of the main building, one at the rear of this building and one at the Wentworth street entrance. The connected load is about 150 kilowatts, or 160,000 candle power.

**NO PRIVATE SETTLEMENT.**  
Harold C. Robertson, when asked this morning if an amicable agreement had been reached between himself and provincial constable Robert Crawford and Magistrate Allingway, in respect to the fine of \$50 struck against him for speeding, following a hearing of the appeal case before County Court Chambers yesterday, said that so far as he was concerned no private settlement would be made.

### PLANS FOR EXPORT OF MORE POTATOES THROUGH ST. JOHN

T. W. Caldwell, M. P., Here About Extension of Warehouse.

That he is hopeful that the entire export of New Brunswick potatoes will go through the port of St. John this fall and winter, was the statement of T. W. Caldwell, M. P., of Carleton-Victoria, who was in the city yesterday taking up with the agents of the Marine and Fisheries Department and Commissioner Bullock the matter of an extension of the frost-proof warehouse on the West Side.

There had been some scepticism last year, Mr. Caldwell said, when the project of a frost-proof warehouse here was mooted and he had been hard put to it to convince the powers that be of the possibilities. The facilities had been provided and the trade done had exceeded even his expectations and he was more than ready to be believed possible.

This year he was after more accommodation and if this could be obtained he felt sure the whole crop would be shipped through this port, instead of part of it going through Boston. He found Mr. Chesley keenly interested and very favorable to the extension asked for.

The proposition is to add about 100 feet to the existing warehouse but the same heating plant will be sufficient for the needs of both buildings.

As the extension will be over land owned by the city, Mr. Caldwell took up the matter with Commissioner Bullock to ascertain his attitude on the matter. He was informed by the commissioner that he would be prepared to recommend to the council the granting of the right to use this strip of land for the warehouse as anything which would bring more business to the port was a good thing for the city.

Having received splendid encouragement, Mr. Caldwell is leaving the first of the week for Ottawa to take up with the government the matter of building the warehouse and hopes to have work started on it at once.
