CARUSO LEFT
SIX MILLIONS

Naples Estimate of Wealth of King of Tenors.

Sad Scenes in Italian City at Funeral Service—Many Pass by Coffin—New York Compatriots Plan Memorial.

Naples, Aug. 3.—Caruso, according to estimates in the newspapers, left a fortune of about thirty million lire. At the normal value of the lire this would represent about the sum of six million dollars.

New York, Aug. 3.—Caruso's earnings, like his fame, surpassed those of other singers. His annual income ranged around a million dollars. It was said at the Metropolitan Opera House.

Plans for the establishment of a national Caruso memorial were begun several hours after the news of his death was received by the Order of the Sons of Italy, embracing about 175,000 Italian-Americans.

Sad Scenes in Naples. Naples, Aug. 3.—Sorrowing Naples and Italy today paid tribute to the memory of Enrico Caruso, the great tenor, who died here early yesterday. Thousands gathered at a solemn requiem mass celebrated in the Church of Madonna Della Grazia, or stood uncovered along the street leading to that edifice while the funeral cortege passed.

Scenes of extreme pathos were enacted all day yesterday at the Hotel Venturini, following the death of the man popularly acknowledged to be the premier tenor of his generation. Neapolitans of every class stood in line for many hours to pass the bier of Caruso, which was placed in the room where he had died.

On the political situation in Britain the visitor expressed the opinion that a general election would take place by next spring. Asked as to the possibility of the labor party coming into power in England, his reply was evasive.

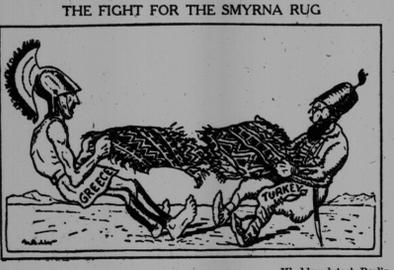

Winnipeg, Aug. 3.—Bringing an optimistic message of improved business conditions in the Old Country, Lord Northcliffe and party reached Winnipeg yesterday afternoon, and after a brief stay left for Vancouver. Lord Northcliffe is to sail from that port for Honolulu, the Antipodes and the Orient on August 6.

MOTHER AND 3 CHILDREN BURNED

Trapped by Flames in Their Home in Quebec—Condition Critical.

Quebec, Aug. 3.—(Canadian Press.)—Mrs. A. Loupratte and her three children, of 221 Arago street, near the corner of Colber street, are in the Hotel Dieu Hospital in a critical condition as the result of burns received in a fire which swept through their home before midnight.

The family, who resided on the second floor of a three-story house, were trapped by the flames and when they were rescued by firemen the older child, seven years old, was badly burned about the arms, the head and body that her death is expected.

The fire attacked the stairway, the only exit for the family. The mother and her little ones when awakened fled to the top of the stairway and as they opened the door the flames gushed in, igniting their night clothing. Their agonizing shrieks for help were heard above the noise of the fire, but the neighbors were helpless.

When the firemen arrived, a ladder was run up to the second floor where the mother and her three children were trapped, and they were rescued by firemen.

Members Called in From Cowes to Stave Off Defeat by Malcontent Peers.

London, Aug. 3.—(Canadian Press.)—Many members of the House of Lords had to forsake the recent yacht race at Cowes to assist the government in resisting a motion by a body of malcontent peers, led by the Marquis of Crewe, designed to force an autumn session of the British parliament.

The Daily Telegraph declares that a principle is raised for every citizen who is a believer in the two chamber system of legislation, and who asks himself whether the principles should continue or be openly disregarded.

The Times remarks that a measure of federal devolution might relieve the growing evil of congestion of public business, but until such measure is enacted the House of Lords will remain the bulwark of the country against the danger of hasty and ill-considered legislation.

PROMINENT MEN TO BE ARRESTED

Charges Growing Out of the Seizure of Liquor Laden Schooner.

New York, Aug. 3.—Arrest of several wealthy and prominent men on charges of conspiracy to violate the federal prohibition law was promised by federal authorities here today as a sequel to the capture of the schooner Henry L. Marshall, off the Atlantic City shore Monday night, with a cargo of liquor.

Members of the crew, it was intimated had given the authorities important "leads" concerning the financial sponsors of the Marshall and other runners which are said to have piled up the schooner's cargo.

The captain and mate of the Marshall occupied the most important positions on the schooner, which was owned by the crew.

Formal Charges Made in Truro. Truro, N. S., Aug. 3.—Formal charges in connection with a series of recent depredations in Truro and other counties, alleged to have been committed by motor bandits, John McNeill has been charged with receiving stolen goods from the store of H. THE BASEBALL SCANDAL LIKELY IS AT AN END

Chicago, Aug. 3.—While only nine of the eighteen persons indicted in the baseball scandal have been named, it is believed that the case ended, it is believed that the baseball scandal has been forever swept from the boards as far as the courts of Cook county are concerned. Bill Burns' case was dismissed in return for his evidence before the grand jury. The trial of the cases of Ben and Louis Levi, of Kokomo, Ind., were dropped. The Atwell, Harts, Freeman, McMillin, Rachel Brown of New York, J. J. Sullivan of Boston, and Ben Franklin of St. Louis, still are under indictment. It was reported at the state's attorney office today that their cases would be allowed to lapse. The attorneys for the prosecution today had little to say of the case, but the defence pointed to the fact that the grand jury was taken by the jury as an absolute vindication of the defendants. Joe Jackson, former outfielder, who was named as a defendant, was "through with organized baseball." The others said they would leave their baseball life in the hands of the official of organized baseball.

TWO EXECUTED IN TORONTO TODAY

Toronto, Aug. 3.—Roy Holman and William McAdams paid the penalty of death by hanging this morning for the murder of Joseph St. Pierre, a Montreal man, who was trying to rob. Neither spoke a word on the scaffold. It was the first execution since the hanging of the two men in 1914.

At the trial each man blamed the other for the actual shooting. The two condemned men turned into the death chamber, stepped on the trap but did not face each other. Straps were quickly fastened about their ankles and their backs about three feet apart. Black caps covered their heads.

Chaplain Bryces commenced the Lord's prayer, and he had hardly said the first few words, when Ellis sprang the trap.

PAY HIGH HONOR TO THE MEMORY OF L. NARRAWAY. Many Government Departments Represented at Funeral of Promising Young Man. (Ottawa Journal.) Many friends and relatives and officials of various government departments were present on Saturday afternoon at the funeral of Layton B. Narraway, son of J. E. Narraway of the Department of Justice, and Mrs. Narraway, who was drowned under distressing circumstances at Snowshoe Lake, Manitoba, on Saturday, July 23. Floral offerings were noted in profusion at the funeral. The funeral was held at the St. Paul's Methodist church, conducted the services, assisted by Basil Thompson, Toronto, and Rev. A. R. Ralley of Ottawa South Methodist church.

Among the large gathering present to pay their last respects to the memory of the young and promising aviator were Hon. C. J. Doherty, minister of justice; F. W. S. Edwards, acting deputy minister of justice; Robert J. G. Sted, Frank McCallum, Captain J. H. Stothers, Messrs. John Chisholm, M. F. Gallagher, R. J. Nelson, Department of Justice; J. E. Narraway, general manager; E. Dennis, A. Whiteley, W. C. Whittier, W. G. Best, G. E. Pennington, E. Mayhew, W. B. Mayhew, A. Rogers, W. Rogers, C. Danneby, W. O'Brien, P. W. D. C. B. LeSueur, J. W. Storr, Canadian Consul General, J. E. Hetherington, A. B. Foster, Tom Mix, H. House and G. Hurlbert. The funeral was held at 2 o'clock on Saturday afternoon, July 23, at the St. Paul's Methodist church, 8th Ottawa Street, Ottawa, Ontario.

The fact of the death of Mr. Narraway was brought out in the report of J. V. Pearce, who was chief of the surveying party when Mr. Narraway was drowned, just received, are that Mr. Pearce was among a party of four surveying a small uncharted lake, a mile and a half from Snowshoe Lake, on the Ontario side of the boundary.

Mr. Narraway was mapping out the eastern end of this sheet of water, and was alone in the canoe, his nearest neighbor being Allan Davidson, a quarter of a mile away.

Mr. Davidson, at two o'clock on Saturday afternoon, July 23, noticed the canoe empty, and saw young Narraway floating beside the canoe, his hat floating on his side. Suddenly the young man disappeared under water, and Mr. Pearce in his report advances the theory that Mr. Narraway was overcome by a sudden fit of fainting. The cause, when reached, was found to be in perfect order, not a thing disarranged. The most valuable assistant, Mr. Pearce had had in years, and a delightful companion.

Mrs. Horatio V. Smith.
Smithtown, N. B., Aug. 2.—This community has met with a distinct loss in the death of Mary E. wife of Horatio V. S.; Jennie L., wife of Dr. John Hoefler of Waddington, N. Y.; and Florence H., wife of Walter Chase of Olds, Alta. FREED FROM ABSENT WIFE.
"Spiritual Marriage" Bride Who Omitted Word "Obey" Refused to Return.
A recommendation for a divorce for Robert K. Crane of 835 Pavilion avenue, Jersey City, from Mrs. Mary Caroline Crane of Anitville, L. I., on the ground of desertion was made to the New Jersey Chancery Court recently by George R. Beach of Jersey City, a special Master in Chancery. The couple were married in 1908 and separated in 1918, when they lived at 1503 Pacific avenue, Brooklyn. According to evidence given by Crane's mother, Mrs. Mary Lepine, who lives with him, the word "obey" was omitted from the marriage ceremony and the wife's mother informed Mrs. Lepine it was "a spiritual marriage."
Crane testified he suffered a "nervous breakdown" shortly before his wife left him. That day she went shopping, and he met her and suggested a walk in a Brooklyn park. She declined the walk, but asked him to get her some chewing gum. When he gave her the gum she said she was going to call on a woman friend and boarded a car. He called on her at Anitville, he testified, and wrote to her asking her to return to him. She never accepted the invitation, and finally wrote: "The only answer I can give you is this: I cannot go back to a condition I have outgrown, and so you can act accordingly."

FIRST MEETING IN NORTH AMERICA

British Chemists to Visit the United States on Labor Day—Also Meet With Canadian Branches in Toronto and Montreal.

New York, Aug. 2.—(By Canadian Press.)—Governor Miller of New York State will go on Labor Day to Niagara Falls to welcome officially the delegates of the British Society of Chemical Industry, who will visit the United States to hold a joint meeting with the American Chemical Society. The exceptional courtesy is due to the fact that the first meeting of the British Society has ever been held in North America.

The head of the overseas delegation will be Sir William J. Pope, K. B. E., F. R. S., president of the Society of Chemical Industry, who two years ago was knighted for his valuable services in the production of mustard gas for the war against Germany.

Among other prominent members will be Dr. Louis A. Jordan, Chevalier of the Crown of Italy, who was sent to aid the Italian government in the making of explosives; Dr. Frederick William Atack, whose principal work has been the chemistry of dyes; Dr. Andrew McWilliams, one of the best known steel metallurgists in Great Britain; and Dr. Andrew Smith, an expert engineer of international reputation.

The British visitors are coming to meet with the Canadian section of their society. The principal sessions are to be held at Montreal and Toronto, after which they and the Canadian members will make a tour of chemical industries in the Dominion before crossing the international border.

Some of the eminent Canadian chemists will be: Dr. R. F. Rutman, past president of the Canadian Section of the society, chairman of the Advisory Council of Scientific Research and formerly vice-president of the parent society; Dr. Milton I. Hervey, one of the founders and past chairman of the Canadian Section; and Dr. C. R. Haas, chairman of the Montreal Section.

After having had luncheon on the Canadian side of the Falls the party will be taken in automobiles to the American side, where they will be met by Governor Miller and a reception committee.

This committee will be: S. B. Church, chairman of the American Section of the Society of Chemical Industry; Professor Edgar F. Smith, president of the American Chemical Society; Dr. David Watson, president of the American Institute of Chemical Engineers; Dr. Abner Smith, president of the Electro-Chemical Society; and Professor Charles F. Chandler, Ira Hensen and M. T. Bogert and Dr. William H. Nichols, all past presidents of the Society of Chemical Industry.

Following the reception at Niagara Falls, the party will be taken through some of the powerful industries of the United States, and then proceed to Buffalo. They will then go in special train of sleeping cars, after which they will be taken to St. Louis, where they will be entertained at a dinner and inspect the Solvay process factories there. They will start in the afternoon for New York City, where they will be met on the night boat on the Hudson River by New York City.

Their arrival here will be signalled by a series of receptions and entertainments, and by joint sessions and social functions with the American Chemical Society, which holds its fall meeting here from September 6th to 10th, inclusive.

It is estimated that there will be between three and four thousand participating in this notable gathering of Anglo-Saxon chemists. The total membership of the American Chemical Society is 14,000, of which 2,600 are in the New York Section alone. The local section of the Society of Chemical Industry has several hundred members, and the visiting delegation from Great Britain and Canada will number three or four hundred.

According to the preliminary programme of the American Chemical Society, made public today, registration begins at the Chemists' Club, 92 East 41st street, on Tuesday, September 6th. The dinner of the Council will also be at the club. The general meeting opens at ten o'clock on the following day (Wednesday, September 7th) at Columbia University, and at half-past twelve o'clock the Society of Chemical Industry's luncheon to British and Canadian visitors will take place. There will be a reception and lawn party for the members of all societies concerned, to be held on the campus of Columbia University, and in the evening county will be drawn the closer at a smoker in the Waldorf-Astoria. A joint meeting of the American Chemical Society and of the Society of Chemical Industry of Great Britain has been arranged for four o'clock on Thursday afternoon (Sept. 8th), and in the evening will be held a banquet at the Waldorf-Astoria. The various divisional and sectional meetings are scheduled at Columbia University.

The seasons will conclude with a

MORE STRINGENT REGULATIONS TO PREVENT FIRES

Fredericton, Aug. 2.—The advisory board of the department of lands and mines concluded its session here late this afternoon considering a number of items of very important business. Fire protection was the chief item of interest and it was discussed in all its phases. The value of the lookout towers which have been constructed at various points was recognized by the members of the board.

RIOT OVER 17-CENT BEER.

1,000 Germans Fight Their Way Out of Profiteering Cafe.

Berlin, Aug. 3.—In the fashionable Baltic seashore resort of Swinemunde, a thousand guests of Seiwitz's resorted to novel defensive tactics against profiteering. A waiter attempted to collect 10 marks for ten glasses of 13 cent beer at one table. The whole thousand guests, at a signal, rose from the tables and walked out without paying their bills, though not without a free-for-all fight between the patrons and waiters. The assistant profiteering price against which the Germans protested amounted to 17 cents a glass at current exchange.

TO DEVELOP LIGNITE

Edmonton, Aug. 3.—The development of Alberta's coal resources will be taken up soon by a powerful syndicate of British financiers, the Edmonton board of trade has been advised by J. Handley Yates, who has just returned from England, where he lectured before the Royal Colonial Institute on "Canadian Natural Resources," and pleaded for their development. At the head of this group of influential capitalists, recently formed with this purpose in view, is Lord Morrison, formerly prime minister of Newfoundland. It is proposed to acquire a coal mine in this province, and to install a system for subjecting the lignite to a low temperature process, whereby the by-products will be secured and the residue transformed into briquettes. By this means the syndicate aims to demonstrate in a practical way how profitable is the process advocated by Herbert Alexander, claimed to be one of the greatest living experts on briquette making.

LOOK FOR HIGHER STREET RAILWAY FARES ON THE TORONTO CARS

Toronto, Aug. 3.—Mayor Church, at a board of control meeting yesterday, suggested that the people of the city of Toronto should vote on a proposal to increase street railway fares before the increases were put into effect when the city takes over the railway as a civic ownership proposition in September. It is generally understood that the transportation commission will then advance fares from four to seven cents.

IMPORTS SCOTCH TO TEST OTTAWA'S TAXING POWER

British Columbia's Attorney General Prepares for Big Legal Battle.

Vancouver, B. C., Aug. 3.—A legal battle to test the right of the Dominion government to tax liquor coming into this province is expected to result from a statement by Attorney-General J. W. DeB. Farris. He said he would contend that under the British North America Act liquor importations by the provincial government are exempt from federal taxation, as the act stipulates that "property of the province is not liable to taxation."

ACCUSES RED CROSS OFFICIAL

Maryland Senator's Charge Against Dr. E. W. Ryan.

Says He Instigated Kronstadt Revolt Last Winter—Commissioner Declares it Ridiculous and Criticizes Accuser.

Riga, Aug. 3.—Prior to his departure for Berlin, Senator Jos. I. France of Maryland, personally accused Dr. E. W. Ryan, U. S. Red Cross commissioner in the Baltic states, of having instigated the revolt at Kronstadt last winter. Theruppon Dr. Ryan expressed his opinion of the senator's evidence in what Dr. Ryan termed Bolshevik reports and the senator's dealings with the Bolsheviks in general.

When questioned yesterday concerning the incident, Dr. Ryan said: "The charge is ridiculous. The senator must have been having a very bad day and abruptly made his accusation and added that these Bolshevik foreign office had promised to furnish him proof of the charge."

EMBEZZLEMENT FROM RUSSIAN SOVIET CHARGED

(Canadian Press Despatch.)

New York, Aug. 2.—Jacques Roberto Cibrario, aged thirty-two years, founder of twelve corporations and maintaining an expensive apartment, with at least two \$10,000 automobiles and \$200,000 in bank accounts, was arraigned last night before Judge Tully in the criminal courts on a charge of grand larceny of approximately \$136,000 of the funds of the Russian Soviet government.

He was arrested on complaint of Miss Rose Weiss, counsel for the Russian Soviet Government, who swore out a short affidavit charging him with the larceny of \$136,000 of Soviet funds, on deposit at the National City Bank.

He is charged with having made a contract with Soviet Government to purchase motion picture apparatus for use in Russia, which permitted him to draw upon a \$1,000,000 Soviet deposit at the National City Bank.

Miss Weiss declared the company had made a contract with Soviet Government to purchase motion picture apparatus for use in Russia, which permitted him to draw upon a \$1,000,000 Soviet deposit at the National City Bank.

BIG MATTERS FOR SUPREME COUNCIL

Questions on Which Allies Are Not United.

Albania Complains of Encroachment by Greece and Jugo Slavia—Help for Russia Another Problem.

Paris, Aug. 3.—The future of Albania, successor for Russia, and troubles in the Near East probably will be added to the agenda of the Supreme Council when it meets here on next Monday to consider the Upper Silesian problem and other questions concerning Germany.

The Greek complaint of encroachment on her territory by Greece and Jugo-Slavia, Jugo-Slavia and Greece are both expected to ask the supreme council for restoration of the Albanian frontier in their favor. The Jugo-Slavs aspire to possession of Scutari, which was once the residence of the Serbian monarchs, and also for annexation of the territory extending to the western shore of Lake Ochrida, the territory north of Dibra and east of the Black Drina, a small strip of territory on the right bank of the Boyana, and a frontier zone, which comprises the tribes of Kastrioti and Kliment.

The Belgrade government bases its claims partly on the necessity of securing its frontiers and partly on historical and economic grounds.

The Russian Soviet has thus far appeared only in a general way to all countries. The question of relief for Russia is not officially before the council, but will be brought up, as the situation is regarded as a menace to the eventual restoration of stable government, and there probably will be little difference of opinion regarding the necessity of saving the country from starvation.

The Albanian and Near Eastern questions, however, are regarded as difficult. Italy and France stand together against Great Britain with respect to Greece, and Great Britain and Italy are together against France with respect to Albania.

RICHIBUCTO LOSS HALF A MILLION

It is thought that the loss to the town of Richibucto will be in the vicinity of \$500,000. It is understood that R. O'Leary and A. E. Loggie will begin at once to rebuild their stores and big cold storage plants. The opinion has been expressed that one of the fires was the work of an incendiary. A list of losses and insurance carried is as follows:

Richard O'Leary, freezer, barn, store, office and warehouse, loss \$200,000, partially covered by insurance.
A. and R. Loggie Companies, freezer, store, barn and lobster factory, loss between \$100,000 and \$150,000, partially covered by insurance.
Bernard Doucet, house, store and barn, loss \$20,000, insurance \$8,500.
Mrs. Z. Legere, Union Hotel, two barns and residence, loss \$6,000, insurance \$3,000.
Arthur Maillet, residence, garage and barn, loss \$10,000, insurance \$2,000.
A. J. Woods, hotel and barn, loss \$7,000, fully covered.
Nicholas Muszeral, hardware store, loss \$5,000, insurance \$1,000.
E. D. O'Leary, house, and barn, loss \$4,000, no insurance.
Mrs. John Long, residence and carpenter shop, loss \$2,500, no insurance.
Mrs. Edward Bernard, loss \$500, insurance not known.
Fred Hanahan, flour and feed store, loss \$2,000, insurance not known.
J. B. Richard, blacksmith shop, loss \$2,000, insurance not known.
George O'Leary, residence and barn, loss \$2,000, insurance \$1,000.
Peter Bernard, house and barn, loss \$2,000.
Michael Long, residence, loss \$800, covered by insurance.

In addition other barns and outbuildings were consumed by fire.

Insurance is held by St. John agents on several of the burned buildings but in small amounts. Douglas Rogers Company of Amherst, it is reported, carried the risk on Richard O'Leary's property and also the A. & R. Loggie buildings, where the biggest loss occurred. C. E. L. Jarvis & Co. carried \$2,000 on the Union Hotel. The Acadia Assurance Company and the Sun Assurance Company each carried \$1,000 on the LeBlanc Hotel. The Sun carried \$200 on the hotel furniture. The R. W. Frank agency held \$1,800 on the LeBlanc Hotel, \$2,500 on the Doucet's store and residence and \$400 on the buildings of Mrs. Z. Legere.

The Douglas Rogers Company carried the loss on the Clarke Bros. Ltd. factory at Bear River.

Fire at Searsville.

A disastrous fire occurred yesterday at Searsville, five miles from Aphonagan, when the residence and farm buildings of John E. Bell were destroyed. The blaze originated in the hog-house, where there had been a fire in the forenoon. Owing to the outbuildings burning first, the men were able to save practically everything in the house. The fire, which was fanned by a terrific gale, made a clean sweep, burning the house, barn, granary, hog-house, wood-house and hen-house. Stores of hay,

1,000,000 FEET OF LUMBER BURNED

Fire which started in a lumber storage yard near the disused Cushing sawmill at Milford yesterday afternoon soon after a clock consumed approximately 1,000,000 feet of lumber and burned the sawmill to the ground. Both mill and lumber are total losses. As the mill was abandoned several years ago the loss there is negligible. The lumber was stored there first by the French government during the war for shipment overseas, but lack of tonnage prevented this and when peace came it was sold to the Goady Company, Quebec (Que.), and Stetson, Cutler & Co., Ltd. The latter company owned about 160,000 feet and its loss is fully covered by insurance. The total loss is estimated at \$400,000 to \$450,000. It is understood that the Goady Company is also fully covered by insurance. There was no insurance carried by George S. Cushing on the mill which was burned.

THE K. OF C. OPEN BIG CONVENTION

Later a series of receptions were held and the first business session of the convention began. James A. CELEBRATES HIS 90TH BIRTHDAY

William H. Bowman, a former contractor in the building trade, celebrated his ninetieth birthday at the home of his daughter Mrs. Fisher, Lakeside, on the C. N. R., yesterday amid a group of family friends and his immediate relatives, some of whom journeyed from the city to do him honor. Although but a decade removed from the century mark Mr. Bowman, late of the oldtime firm of Bowman & LeLachur, is hearty and reasonably active. It is but a few years since he retired from active engagement in his trade and when in the mid-eighties of his life he superintended radical alterations and building in connection with the exhibition buildings. Of the fire department he is a veteran and as a St. John citizen he represents the old guard who made the city a hive of industry in the days of shipbuilding and later.

Winnipeg, Aug. 2.—That the time will come when the prairies will be hedged and dotted with gardens of blooming flowers, of ripening fruits and of delicious vegetables was the prediction made here recently by W. Mr. Macoun is a son of Professor John Macoun, of Ottawa, the famous naturalist and explorer, who died last year in his ninetieth year.

And since it always has been the policy of the Purity Ice Cream Co. to produce the finest, purest ice cream possible we have secured the sole right to this amazing method and device for New Brunswick. Our factories are the only ones in New Brunswick equipped to make carbonated ice cream. This is another reason why all people should insist upon our ice cream.

"A DEAD CERTAINTY"
Gregory Scott a New Mainee Hero for You Girls!

THE CHANGED ATTITUDE OF THE PUBLIC TOWARDS THE SCREEN is being made more apparent as each day passes. Not only do the best educated people go regularly to Motion Picture Theatres, but they are taking an active interest in production. The latest convert to the movies is the Hon. Poppy Wyndham, the accomplished daughter of Lord Incheague, who is starring in this latest English film.

LIKE A TRIP TO THE DERBY
Very fine racecourse scenes are a feature of "A Dead Certainty." One catches glimpses of the book-makers at work, the horses being led around for inspection before the race, the "tick-tack" men, in fact everything that means anything to the racegoer. All the excitement of a big race is there and the race in which the villain's horse is finally beaten, is one of the biggest moments in the film. Nat Gould is the author of the novel from which this film was produced and all the sporting instinct for which this great writer was known has been incorporated into the story.

A NICE OUTING.
 The office staff and department heads of the Corona Candy Company held their annual picnic yesterday afternoon and evening at Gondola Point. They were conveyed to the scene of festivities by automobiles. A ball game took up the greater part of the afternoon and, after an elaborate supper served by the ladies, a dance was held in the pavilion. Fred Kee looked after the games in the afternoon and Mr. Campbell was floor manager at the dance in the evening. The pleasure-seekers returned to the city a little before midnight.

LAST CAR CLUB.
 The weekly meeting of the Last Car Club was held last evening at "River-view," Pokok, the home of Mr. and Mrs. Caddell. The evening was the host of the evening. A good number of members were present, also some guests. A whist drive was held and the game brought out keen and exciting plays and the prizes were well worth an extra effort. The fortunate winners were: Gentlemen's first prize, Mr. McLean; ladies' first, Mrs. Sibley; consolation prizes, Mrs. Post and G. Caddell. After the games refreshments were served by Mrs. Caddell and a musical programme was enjoyed. A hearty vote of thanks was tendered to L. Caddell, also to Mr. and Mrs. Caddell for the enjoyable evening spent and the members departed to catch the last car or jitney which ever was first available.

WHAT THEY SAY ABOUT BELVEA
 Upper Canadian Newspaper Comments on Victory at St. Catherine's.

Of Belyea's victory at St. Catherine's the Ottawa Journal's correspondent writes—
 "Belyea rowed in a boat made by his brother and was conspicuous in a jockey cap with a visor that stood out nearly a foot in front. He was backed heavily to win by New Brunswickers and it is said the entire crowd will carry about \$10,000 of Toronto, Montreal and Ottawa money. Belyea's time was not fast, as he did not appear to be extending himself."
 "The correspondent of the Toronto Mail and Empire says—
 "Perhaps the greatest upset of the day was the defeat of Bob Dibble, of St. John, in the singles, when he was forced to follow Hilton Belyea, the St. John, N. B., champion, and W. H. G. Gilmore, of the Philadelphia Yacht Club, across the line. Belyea of St. John, the winner of the Eastern States regatta on July 4, was extremely confident that he would be able to dispose of all the other competitors, while nearly everyone outside supporters pinned their hopes on Dibble. At the start Steacy of Brockville, last year's junior winner, went into the lead followed by Belyea. Dibble and Gilmore, with the two Durans in the rear, and the Argo pair never figured in the race after the start. Belyea apparently took things easy the first part of the race and sized his opponents up. Shortly after the half-mile post he commenced to sprint and passed both Dibble and Steacy in easy fashion. Gilmore, who had been lying fourth, followed the winner up and went into second place, while Dibble passed Steacy. Belyea, despite the heavy home-made shell he was using, kept sculling away and with the reception of Gilmore, soon drew away from his rivals. Half a mile from home Dibble cracked badly and commenced to wobble over the course and it was seen that he was not the Dibble of old. Despite the attempt of Steacy to pull ahead of the defeated champion the places remained the same at the finish line. Belyea did not seem to be in the least fatigued as he crossed the line with a length of clear water between him and the second man. Dibble was three or four lengths back."

DIED ADDRESSING PYTHIAN KNIGHTS
 Leonard T. Rankin, Formerly of St. John, Passed Away in Winnipeg.

Many old friends will learn with regret of the death, in Winnipeg, of Leonard T. Rankin, son of the late Deputy Sheriff John Rankin of St. John. He was about sixty-five years of age and had been away from St. John some thirty years. Before coming here he was in the employ of L. C. Bowman, North Wharf. He was for some time in the immigration department of Winnipeg, but for the last ten years had been collector of customs in that city.

He is survived by his wife, an Ontario lady, and two sons and four daughters. The eldest daughter is married to a son of William Wheeler, formerly of St. John. Mr. Rankin leaves one brother, G. Fred Rankin of Boston, and two sisters, Misses Annie and Hattie Rankin of St. John, to whom sincere sympathy is extended by their fellow citizens.

A Winnipeg Canadian Press despatch says that Mr. Rankin dropped dead last night while addressing a meeting of the Knights of Pythias.

OUR SCENERY HAS INSPIRED THEM
 Furniture Makers, Touring Maritime Provinces, are in St. John Today.

A party of furniture manufacturers from Stratford, Ontario, arrived in the city last evening on a combined business and pleasure trip. The party includes Mr. and Mrs. J. J. Satter of the McLaughlin Furniture Company; Mr. and Mrs. Frank Trebble of the Kurdel Red Company; H. W. Strudley of the Inlay Rattan Company; and W. J. Anderson of the Stratford Chair Company; Charles Farquharson, of the Farquharson, Gifford Company; and W. Brown, of New Glasgow, eastern representative of the companies. Their object in visiting the east is to call on their dealers with a view to becoming acquainted and to look into the general situation, also to see this section of Canada which has such magnificent natural scenery. They journeyed from Quebec to Halifax where they spent three days with their business associates and looking over the points of interest. They then moved along the South Shore to Yarmouth and thence through Annapolis Valley to Truro. Later they went to Charlottetown, P. E. I. They motored all over the island after which they traveled through the Maritime Provinces and last night arrived here. They say that the scenery in the provinces is magnificent and is so varied that it would attract tourists from all parts of America. They plan on seeing the beauties of the St. John river on Friday, when they will leave here for Fredericton by boat. They will remain one day in Fredericton and will then proceed to Montreal.

LOCAL BASEBALL
 St. Peter's vs. Commercial for the Belyea Fund— Other Games.

Arrangements have been completed for the big baseball game tomorrow evening between St. Peter's and the Commercial on the east end diamond for the fund for Hilton Belyea, rowing champion. Both teams will have the strongest line-up and the game will be a regular league fixture. Those in charge feel that citizens should turn in large numbers to witness the contest as the receipts are to go towards such a worthy sport object. They point out that St. Peter's has already replaced St. John on the rowing map and his great achievements are the pride of our authorities and enthusiasts all over America. The game will start at 7:15 sharp and will continue till 9:45.

Last evening the Fair Vale baseball nine defeated the Chapel Grove Stars on the Belyea diamond by a score of 16 to 0. Edward Higgins and James McManus formed the battery for the winners and Edward Hansen and Gerald Fishery for the losers.

Tomorrow evening Fair Vale and Robesay will play a special match game on Robesay diamond and a collection will be taken up for the Belyea fund. The boys are in hopes that suburbanites will turn out in large numbers to witness the contest and do their part in helping Hilton bring new laurels to St. John.

The Imperials challenge the Fairvale Nationals to a game on the Crown street diamond at 7 o'clock this evening.

Archdeacon Crowfoot paid a glowing tribute to the seal and devotion of the late Canon Kuhnring, who is soon to leave this city, and moved a resolution of regret at his departure and a wish for his fatherly happiness and success. This was unanimously adopted and Canon Kuhnring feelingly replied. Rev. C. W. Follet read a paper on the Orange Order and the Church, setting forth the principles and purposes of the order. GOING ON WELL AT PLAYGROUNDS
 The playgrounds throughout the city are carrying on very favorably, according to Miss E. Heffer, superintendent of playgrounds. The children are being taught habits of crocheting, knitting and sewing and at the Aberdeen playground the boys, under the direction of the instructor, Harold Holder, are engaged in toy-making and jig-saw work. An experiment is being made on the Centennial playground with a portable awning which is to be used by the children as a shade when doing their basketry and other work. If the use of the awning proves a success, one will be placed on the Alexander grounds, which like the Centennial grounds, have favoring shade spots. The Centennial playground has been handicapped by the illness of the instructor, Harold Williams, but the children have been well taken care of by a substitute from the Boys' Club.

The instructors at the playgrounds have been organizing ball teams of boys about eleven years of age. The boys of the Allison playground have issued a challenge to the youths from the Carleton grounds and the game is to be played on the South End diamond, Friday afternoon.

Travelling Men Are Great Boosters for

Scovill's Clothes

This doesn't "just happen." There's a reason for it. A road job is about the toughest test you can give a suit of clothes, but the boys who live on trains and in hotels find that Scovill's Clothes "stand up."

Since Scovill's Clothes so completely satisfy the unusual requirements of travelling men, they ought to be pretty good clothes for any man to wear, whether on the road or in the office—and they are.

We're Not Admonishing

But we are advising you to have us examine, suggest and furnish an estimate for needed repairs or remodeling on your furs NOW, because during the summer months this work never costs as much as in the autumn, because we keep our workrooms employed throughout the year, and when you require to use your furs or fur garments they will be ready for you in the autumn.

Many of your friends believe in the logic of these two reasons.
