RE POLITICS
NEEDED, ASSERTS
HON. R. ROGERS

Science of Gov't Essential for
the Best Development of
Canada, He Says.

Canada Standing
BY OLD POLICIES

Toronto, Nov. 2.—Hon. Robert Rogers returned here today from Montreal, after spending some days there, as he had been previously in Toronto, in consultation with his political friends. Asked what his political views were on the political world today, he said: "At times something new, politically—new leaders, new parties and new policies. These, of course, in the past have been the result of the novel conditions which history tells us, and of which we are living witnesses, that reconstruction periods after great wars are always affected with anxious growth of up-lifters and manipulators, whose knowledge of political conditions are almost invariably based on moonshine theories, and this class is not confined in any one party, section or class."

The Conservative Party
Asked about the future of the Conservative party, Mr. Rogers said: "The Conservative party stands today where it always stood, in that it has never failed Canada in any national crisis, and will not fail today to fulfil its plain duty to save Canada from the danger of the position in which our country now stands trembling in the balance, at the parting of many ways. What we want in Canada today is not less politics, but more politics for, after all, politics is the science of government, and if Canada is to grow and prosper, what we must have is more of the science of government."

The Old Policy
The Canadian people can always rely upon what the fact is, that the superiority of that policy, which is based upon common sense, and with that constructive ability which contemplates, not alone our agricultural and industrial self-sufficiency, but which contemplates as well equal opportunity for labor and for all other citizens can be depended upon to establish a spirit of national confidence among all classes and in all sections such as will maintain and preserve our Canadian heritage for our Canadian people."

MONTREAL HIGH
THE BISHOP'S COLLEGE

Montreal, Nov. 2.—Bringing their visit in Montreal to a close, players representing the Quebec School of Leauvoille, played a twelve point draw with the Montreal High School senior team at the Montreal A. A. grounds yesterday afternoon. The game was one of the best exhibitions of school rugby witnessed in Montreal in several years and was also a display of courage and kameness that has seldom been surpassed on a local gridiron.

COLOMBY
COLUMN

Cocoa
Caramels

2 cups brown sugar
1/2 cup milk
1 tablespoon molasses
1/2 cup butter
1/2 teaspoon cream of tartar
9 tablespoons Cowan's
Cocoa
1 teaspoon vanilla
1/2 cup chopped nuts
1/2 cup sultana raisins

Method—Put all ingredients in a saucepan except vanilla, stir over gentle heat till sugar is dissolved. Boil until a soft ball may be formed, when tried in cold water. Cool slightly, beat until creamy, add nuts, raisins and vanilla. Pour on to greased plates and mark in squares before it hardens.

McGill's War Services

McGill Graduates
Enjoy Themselves

Dine at Manor House and
Sing the Old Songs—Ad-
dressed by Dean of Faculty

The McGill Graduates' Society of St. John, held one of its most successful dinners last night at the Manor House, Glen Falls, and had as the guest of the evening, Dr. Frank Dawson Adams, Assistant Principal and Dean of the Faculty of Applied Science. The "Old McGill" spirit was rampant and many followers of the "red and white" displayed their oratorical talent and paid homage to their "Alma Mater." It was announced also that a campaign would be inaugurated on November 15th, next, throughout the Dominion of Canada to raise the sum of \$5,000,000 for the purpose of securing the best qualified men as professors in the various faculties, the extension and erection of additional buildings which are urgently required, owing to the large number of students, such as halls or residences and convocation hall, the increased expenses entailed by the high cost of living and various other very commendable reasons which were mentioned by Dr. Adams. Already men of wealth had come forward to offer their financial assistance towards this worthy object, and the campaign to be carried on will be conducted with the determination to secure the objective at last.

The local president of the McGill Graduates' Society, H. G. Hare, acted as toastmaster, and the following is a list of the toasts and songs:

Toast—"The King"
Toast—McGill, Dr. Walter White, McGill Yell Song, "Old McGill."
Arts—Responded to by Dr. Harrison.

Medicine—Dr. Kenney
Sciences—A. R. Dufresne
Song—"Albionette"
Song—"The Crow"
Song—"Michael Bay"
Toast—Our guest, Dr. Adams, Dr. H. A. Farris.
Song—"For He's a Jolly Good Fellow"

The toast to the ladies was replied to by Miss Ewing and it might be mentioned as a matter of special interest that Dr. Walter White, who proposed the toast to McGill, is the first citizen of St. John to graduate from that University.

When the toastmaster called upon the guest of the evening, Dr. Frank Adams, assistant principal and dean of the Faculty of Applied Science, his name was greeted with voluminous applause by the ardent supporters of the red and white. Dr. Adams in his opening remarks stated that he regretted that the president of the University, General Sir Arthur Currie, was unable to attend the dinner, but Sir Arthur was in the west where he is addressing Graduate Societies of McGill from Montreal to the Pacific Coast, although he looked forward in the near future to the pleasure of coming east and speaking to the Graduate Societies both here and in Halifax. McGill University, continued the speaker, will celebrate its one hundredth anniversary next year, and will have a great reunion of graduates from all parts of the world, and elaborate preparations were already under way for this occasion. The growth of the University since its origin, nearly one hundred years ago, had been nothing short of marvellous, and the speaker, who was in the west sixty years ago McGill had only two hundred and sixty-two pupils in actual attendance, which contrasted with the present total of 3,588, showed its wonderful growth.

The first faculties were those of Arts and Medicine, followed by the Faculties of Law and Applied Science, the last mentioned of which is now the largest in the number of its students. Within the last few years the Faculty of Music, Faculty of Commerce, Faculty of Dentistry and Department of Social Service had been added. The Department of Social Service is now quite a large school. The School of Physical Training was a further addition, and the last school on the list was the Graduate School for Nurses in connection with the Medical Faculty. This school of learning is for the purpose of qualifying nurses who want to take a special course of study in order to qualify themselves for advanced positions. In addition to those already enumerated, there is McDonald College, which is part of McGill University and represents an endowment of \$1,000,000 by Sir William McDonald, and this college comprises the Faculty of Agriculture of the University, the School of Household Science and a college for the training of teachers for Protestant schools of the Province of Quebec.

Referring to the war services of McGill's graduates, Dr. Adams declared that 2,539 McGill men had enlisted, and this number included graduates and undergraduates. Three hundred and forty-one McGill men had been killed, and three hundred and eighty-two had received orders and distinctions for gallantry in the field, two of which were Victoria Crosses. Commenting on the growth of the buildings of the University, the speaker mentioned that the buildings are situated on the old campus and five or six years ago Sir William McDonald bought for the University the last block of unoccupied ground in the vicinity. This was the Molson and Law property, constituting about twenty-eight acres, and adjoins the old campus. On this recently purchased property the University plans to arrange for the accommodation of students of the University, who are now for the most part living in lodgings in close proximity to the halls of learning. In the middle of this property there has been built a magnificent stadium which seats 8,000 persons, and which is now completed. In this the Uni-

Canton Drives Out Governor
When Dr. Sims Troops De-
feat Kwangsi Forces.

(Copyright, 1920, by Public Ledger.)
Hongkong, Nov. 2.—A South China coupe has been effected by the driving out of the military governor of Canton, who is a Kwangsi man. This is the climax of a "Canton for the Cantonese" movement. There is great rejoicing in Canton.

Cost of Education
In discussing the great cost of college education, Dr. Adams stated that while the fees for a four-year complete course in Science amounted to only \$800, the actual cost to the University for this period was \$3,200. The fees for a complete Arts Course were \$240, while the cost to the University was \$2,725. Tuition in Medicine totaled \$750, but cost actually \$3,870; while the law course fees amounted to \$240, but cost in reality \$1,320 to the University. As students could not meet this enormous expenditure, they were being prepared for professions and higher service in life. The University has been enabled to carry on, due to the endowments received from benefactors, otherwise the high cost of education would be well nigh impossible to meet. The public, however, are continually demanding additional courses to qualify themselves for new lines of public service, and the endowments are no longer sufficient. More money is urgently required for many reasons, such as for payment of higher salaries in order to obtain the best qualified men, to meet the additional cost owing to the rise in the cost of living in real estate and practically all essentials, for new buildings which cannot now be adequately provided for, for halls of residence and convocation hall, and for the purchase of additional courses to the public and asking them for an additional sum of at least \$5,000,000.

Those Present
Among those present at the dinner were: Dr. Farris, Dr. McDonald, Dr. Macdonald, Dr. Peat, Dr. McCarthy, Dr. P. Nash, Dr. Adie, Dr. Kenny, Dr. Dunlop, Dr. Curran, Dr. Kelley, Dr. Pratt, Dr. Warwick, Dr. Chipman, Dr. Travis, Dr. White, Dr. Allingham, Dr. Broderick, Dr. McAulay, Dr. Westmore, Dr. Peters, Rev. Canon Morrison, Mr. Heston, Mr. Dufresne, Mr. A. A. Schodde, Mr. Hare, Mr. Cameron, Mr. Walter White, Mr. Weekes, Mr. Ronald McKay. The ladies were also represented numbering among them: Dr. Murray, Miss Ruth O'Neil, Miss Dorothy Jones, Miss Hazel Dunlop and Miss F. C. Estabrook.

Direct Indemnity
NEGOTIATIONS ON

By S. B. CONGER.
(Copyright, 1920, by Public Ledger.)
Berlin, Nov. 2.—Efforts are now in the making under Franco-American leadership to reach some working basis for establishing the amount of German reparations by direct informal negotiations with the Germans. Mr. Boyden, the American reparations commissioner, has been here several days with his French colleague conferring with German financiers and government officials, trying to reach some understanding regarding the sum which the Germans think they can pay and the manner in which payments can be made. They will remain here until Monday and then return to Paris.

The visit was arranged with great secrecy and the negotiations were conducted sub rosa for fear of arousing the ire of certain circles in France and England which look upon any direct dealings with late enemy as anathema. Thus far not a word concerning the presence of the delegates, not the object of their mission has appeared in the German press, though the papers have been following with keen interest the news surface of the Anglo-French negotiations regarding the procedure for fixing reparations.

The delegates were aided in keeping under cover by the fact that the reparations commission, as an extra-legal international body, is permitted under the peace treaty to issue and use its own passports and travel freely without submitting any papers to the usual government machinery.

It is yet too early to predict that China will be benefited because the southern government has dissolved its government and now recognizes the government of the recent fighting in Wangtung, when Mingstang forces, under General Chen Chun Ming, representative of Dr. Sun Yat Sen, defeated Kwangsi forces, Kwangtung province is still the scene of much warfare, however. The police commissioner, Ngai King, holds Canton and has the complete confidence of the Cantonese. The Mingstang forces are still trying to capture the province and re-establish a southern republic, with Sun Yat Sen as head. This is impossible, as the Cantonese will never tolerate Sun Yat Sen.

ELECTED
GREAT

At Nine O'clock A.M.
New York Paper
His Election

NEW YORK CELEBRATION
IN POURING

Harding Carries
Largest Plurality Ever
a Presidential Candidate

(Continued from page 1)
New York city showed enthusiastic cheering in the streets. All day long streets were crowded with people who made some one get hurt, and then an upsurge of enthusiasm consisting of police reserves.

At 11:15 o'clock Harding left the West and Middle West. The West was celebrating the hour the Republican plumed State of New York would elect the unprecedented figure of a millionaire. New York city Democratic was going for at least half a million. The ship deck continued close, clean managers claiming the Governor Smith.

Returned from half of Vermont a three to one lead. Hughes beat Wilson two to one in 1912. In the home district of Murphy, leader of Tammany, Harding beat Cox two to one. Reported Harding leading the largest plurality ever given a candidate. Ohio, once again, showed a growing Harding.

Harding carried two western states, Louisiana and Nevada, in the Louisiana sugar belt, Nevada territories. In the Senatorial race, Senator was leading his Democratic Lieutenant-Governor Walker. Breakdown of Connecticut of New Hampshire, opponent League of Nations, both a gain of re-election.

The late closing of polls in certain States, the difference in ballots and a greatly increased were the causes of the loss from the West.

GAVE OPTION ON
GERMAN PAYMENT

France Suggested Cash
be Sent in Place of
Debt.

Paris Nov. 1.—Reports of the Liberal press in France, mandated \$50,000,000 worth of new bonds, where babies are as dying for lack of milk. From a highly authoritative source, not French or Belgian, received the fact that the treaty provides that the financial of German bonds, amounting to 20,000,000,000 marks, are deemed by payments in kind in the summer the Reparations Commission asked the Allied Governments to inform it what sort of information in case it redeemed its bonds in kind in cash. There was nothing in the nature of a command to "see live."

The French and Belgian asked requests for cattle to 800,000 head slaughtered in the present year placed the 17,000,000 head. In other proportion of cattle to be has hardly fallen, and the demands of France and Belgium reach five per cent of it. It is also worth remembering that restrictions in Germany recently been removed.

New York funds in New York to decline slightly.

FROM KIMBERLEY TO THE ZAMBESI BY THE RAILWAY

Canadian Traveller Greatly Impressed by Trip—Wonderful Possibilities.

Victoria Falls, Rhodesia, Nov. 2.—The railway journey from Kimberley to Blantyre, thence to Bulawayo, and to the great falls of the Zambesi, was one with the immense possibilities of this country. We passed through no desert tracts, everywhere there was fine range country for cattle and in many places for sheep, though in some districts the quality of both cattle and sheep seemed poor. Only along the river banks and the tributaries of these are dry in winter, but there ever be much general farming or fruit growing, though the rainfall is in many places enough for the growing of maize and Kafir corn. But even the passerby, without particular knowledge of the country, can see that there is very great wealth awaiting production on this part of the South African veldt. When there is a general adoption among the Boers, who are not very enterprising farmers, of the Australian merino sheep, the wool industry of South Africa will more than rival that of Australia.

Met N. W. Rowell.

At Mafeking, a junction for Johannesburg and Pretoria, I was fortunate enough to meet Mr. and Mrs. N. W. and Mrs. Rowell, who were on their way to Victoria Falls, after a visit to the capital and to the gold fields. They have seen the guests of the Union Government of South Africa. Both Mr. and Mrs. Rowell are in good health, and are enthusiastic in their appreciation of the natural features of this country, of what has been achieved in the last thirty or forty years and of its limitless possibilities. We have seen the grandeur and beauty of Victoria Falls together, and Mr. Rowell now proposes a visit to Beira, thence by steamer to Aden, and hence to England, by the Red Sea. To meet Canadians in South Africa, a thousand miles from anywhere, is like drinking the cool liquid of the desert.

Can Be Seen 25 Miles Away.

The immense volumes of spray, confined within narrow limits by the opposing wall of rock, shoots high into the air, so that over the river is in flood, it can be seen twenty-five miles away. This dense vapor driving skyward, seems to confirm your first impression that the earth has been opened by the act of God and that the water now pouring down to depth of incandescence is shot up again as steam. The other geological fact, however, seems to be that a softer substance has here filled the crevices in the hard basaltic rock, and that the water has washed this out. I don't know whether this exactly tallies with Professor Coleman's view. He doubtless knows for he spent some time here and made several very interesting and beautiful sketches of the falls and river.

"The Boiling Pot."

The water emerges from the first gorge into the second through a narrow channel, called the "boiling pot," the original native name for the falls, winds along its unfathomable depth under the railway arch bridge, 400 feet in the air, makes another turn of a half-circle in front of the hotel, travels back on a parallel course for half a mile, and then turns again at right angles and disappears in the forest. The wonder of the river below is that the country maintains its usual level and does not fall, but the river passes on its way through this gorge, which is full forty miles in length. A great wonder of nature.

FINDS GIRL IS HIS DAUGHTER

Father Works Beside Young Woman in Factory for Year Before Learning Identity.

Flint, Mich., Nov. 2.—A father and a daughter who reunited after twenty years after a separation of 20 years and efforts were being made by the daughter to effect a reconciliation between her parents. Jack Benjamin, working in a factory here, admitted the pretty young woman as Mrs. S. C. Diamond. They had been working together for a year. One day when she handed him a package to mail for her he noticed it was addressed to the woman he had divorced 20 years before. "Then I recalled our 3-year-old daughter and sure enough Mrs. Diamond was my little baby," said Benjamin.

GERMAN GUNS AT HILLSBORO

Two Machine Guns and Trench Mortar Received at That Town.

Special to The Standard. Hillsboro, Nov. 2.—New machine guns and one trench mortar have been received here from the War Trophies Department at Ottawa. The machine guns were captured from the Germans by the 24th Canadian Battalion and before Canadian Day. They will be accepted in town.

PRISON GUARD AND FAIR PRISONER ELOPE RUSSIAN SENTENCED

Wilmington, Ga., Nov. 2.—Officer of the night yesterday here arrested a woman's brother and her brother-in-law, a prisoner, who had eloped on Saturday night. The woman was sentenced to 30 days in jail.

WONDERFUL NEW TEA WAREHOUSE

The magnificent building shown above, and situated at the corner of St. Lawrence Boulevard and La Rose Street, Montreal, will be occupied by the SALADA TEA COMPANY about February 1st, next. The building is at present occupied by SALADA, at the corner of St. Paul and St. Sulpice Streets, Montreal, was erected by them eleven years ago, but for some time has proved inadequate for their business. Other SALADA warehouses are situated at TORONTO and BOSTON.

GIRL SHUNS GAY LIFE TO TAKE JOB

Daughter of Wealthy Chicago Society Couple Becomes Stenographer.

Chicago, Nov. 2.—Ever since she was a little girl Miss Jane Morton was told by her wealthy parents that she would enter society when she attained her majority. She was educated in exclusive colleges and prepared for a "debutante" existence, but Miss Morton had a mind of her own and when her parents publicly announced the "coming out" she shied her foot down hard. "I'll do no such thing," she is reported to have said. "I'm going to do something useful in the world and I'm going to start by being a stenographer."

RESTAURANT PRICES CUT IN VANCOUVER

Vancouver, B. C., Nov. 2.—A twenty per cent. reduction in prices yesterday in about two weeks is announced by city local restaurant. The cut is made possible by the reduction in raw materials. Lately there has been noticed a slight decrease in the cost of certain foods.

CLOTHING PROBLEM IN FRANCE SERIOUS FOR THE FAIR SEX

Furs Worth More Than Their Weight in Gold—Garments of All Kinds Very Expensive

Special to The Standard. Paris, Nov. 2.—The clothing situation in France is as serious as the food and fuel crisis. Suits for men costing 60 francs before the war are now 500, and the most startling increases have been registered during the past six months. Good tailoring, worn by well dressed men, has risen higher still. A suit from one of the best tailors in France before the war cost 250 francs, which was considered excessive. Today the same suit, if it could be obtained, would cost in the neighborhood of 1,500 francs. The mere item of silk lining now costs more than the whole suit formerly did.

Women's clothes have increased if possible more astoundingly than men's. It was stated recently by Femina, the French fashion magazine that no woman could hope to dress decently in Paris on an income of less than 3,000,000 francs. Fifty, sixty, even a hundred thousand francs for an evening gown is an ordinary sale on the Rue de la Paix or the Place Vendome. The great dress-makers themselves have expressed amazement at the price society women are willing to pay. But by far the greater volume of trade of this sort comes to Paris from America.

Worth More Than Gold. Furs are now worth considerably more than their weight in gold. Silver fox, the fashionable fur this winter, is unobtainable for less than 20,000 francs, and that is an exceedingly moderate price. A fur coat made of mink, costing before the war, 1,000 francs, is now priced at 50,000 and there are plenty of buyers. The real situation, that there are two classes in France now those who have too little money and those who have too much—is best described by a glance at the situation in the automobile trade. The slump in America has not only been felt here but prices of all makes are increasing rapidly. Medium priced cars are not selling rapidly in fact, the medium-priced auto trade is at present at a standstill. But the de luxe models, the Rolls-Royces, the Delages, the Renaults, the Goutaut-Birois, the Panhard-Levassour and scores of similar makes are selling readily. Rents have risen to such a degree that figures and percentages but faintly indicate the extent. Rents are higher in Paris than in any other world, capital they are twice the average rent of London, and three times the average rent of New York.

NEGRO WOMEN REFUSED BALLOTS Savannah, Nov. 2.—Negro Women are refused ballots at the voting places in Savannah today. Many negro women have registered here since the suffrage amendment became effective, but the election judges ruled that they were not entitled to vote because of a state law which requires registration six months before an election.

CHICAGO TREE IS 1,000 YEARS OLD Chicago, Nov. 2.—Chicago has a candidate for the Hall of Fame for trees. It is a giant white maple, 9 feet in circumference at the base, 80 feet high and estimated to be 1,000 years old. The big maple stands in the Cook county forest preserve near Glenview, Kansas Kennicott, chief forester of the preserve, who recently examined the tree and computed its age, found that while the heart was dead, the exterior was sound and the tree capable of lasting many more years. So far as known the tree is the oldest tree in Illinois, according to Mr. Kennicott. At the end of September the Canadian Minister of Finance held \$99,223,744 in gold. Total circulation of the Government at that date was \$305,066,376.

"But I Am Not Nervous, Doctor, See How Strong I Am"

"YES, you are strong, all right, and I find after a careful examination that there is no indication of organic disease." "Then what does seem to be the trouble?" "It is your nerves, the internal nerves which control the action of the vital organs such as the heart, the stomach, the liver, the kidneys, etc. This is called the sympathetic nervous system. It is not at all uncommon for strong, healthy-looking people to suffer from this form of nervous trouble." "I never thought I was nervous." "How do you act in the dentist's chair?" "Well, I generally keel over in a faint." "That is just it. Your sympathetic nervous system is affected by the thought that you are going to be hurt. Your digestive troubles are due to the run-down condition of your nerves." "I never thought of that." "No, and not many people realize the all-important part played by the nerves in the digestion of the food and the function of the vital organs. The flow of the digestive fluids in the stomach, the filtering of bile from the blood by the liver, the purifying of the blood by the kidneys—all these functions and many more are controlled by the sympathetic nervous system. Consequently when the nervous energy runs low all these processes are slowed up and you suffer accordingly. "While examination shows that there is no organic disease, the action of these organs is weak because of the exhausted condition of the nerves. You need a good nerve tonic." "What about Dr. Chase's Nerve Food?" "There is nothing better that I know of. I find evidence everywhere I go of the exceptional restorative power of this popular treatment. But do not expect to get well in a day. It takes time to bring back strength and vigor to an exhausted nervous system." "How long will I need to use the Nerve Food?" "That is hard to say. Perhaps two or three months. But you will soon feel the benefit of this treatment and then keep right on using it until you are fully restored." Dr. Chase's Nerve Food, 50 cents a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto. Look for portrait and signature of A. W. Chase, M.D., on the box you buy.

TWO ARE DROWNED Fort William, Ont., Nov. 1.—Alderman D. A. Gordon and Stanley Wine termite were drowned last night when a launch with a party of four fouled a sand bar towed by the tug Strathmore at the mouth of the Mission River. The other occupants were rescued.

\$100,000 FIRE IN BOSTON. Boston, Nov. 2.—Fire in a former brewery in the Roxbury district, now used as a storehouse, for cotton, caused damage estimated at \$100,000 today. Nearly all the 1,700 bales of cotton were destroyed or damaged.

The Annual Meeting of the Shareholders of the Prince William Apartments, Limited, will be held in the office of the undersigned, Room 16, Pugsley Building, No. 29 Princess Street, Saint John, N. B., on Monday, the 8th day of November, at 4 p. m. L. P. D. TILLEY, Managing Director.

The Quality that Wears

You and your rubbers have got to be close friends all winter. Whether or not you get foot comfort and long wear out of the rubbers, depends on the kind of rubbers you buy.

Dominion Rubber System Rubbers

WILL BE EASY AND COMFORTABLE BECAUSE YOU CAN GET THE EXACT SIZE AND SHAPE to fit perfectly every pair of shoes you wear. They will prove a real economy, too, because they have the quality of materials and workmanship that will give long and satisfactory wear.

Have all your shoes fitted with rubbers—old shoes as well as new ones—then you can use your old shoes for every-day wear in bad weather.

DOMINION RUBBER SYSTEM RUBBERS make shoes waterproof; insure dry feet on wet days; protect you against catching cold; and prevent you from slipping on wet, icy sidewalks.

Go to the shoe store where DOMINION RUBBER SYSTEM RUBBERS are sold and you will find the dealer who wants to give you your money's worth. He believes in quality and service and proves it by carrying DOMINION RUBBER SYSTEM RUBBERS—the sturdy, dependable line that includes shapes and sizes for all shoes for men, women, boys and girls.

THE STANDARD'S SPORTING SECTION

Attell Returns To New York

Will Go to Chicago Soon and Tell All He Knows in Scandal.

New York, Nov. 2.—Abe Attell, former featherweight boxing champion, under indictment in Chicago in connection with the alleged "fixing" of the 1915 world series games, returned here yesterday from Montreal and declared he would go soon to Chicago and tell what he knew of the case. He declined to say anything further.

Two Are Indicted

Chicago, Nov. 2.—Attorneys representing Abe Attell and John J. "Sport" Sullivan, indicted as members of an alleged gambling "ring" which were said to have bribed Chicago White Sox players to throw the 1915 world series games, arrived yesterday from New York to arrange for the appearance of the two. The attorneys announced that they would produce the two men as soon as bonds were arranged for and added that they would ask for an early trial.

Esperanto Takes The Cup Home

Successful Gloucester Fishermen Presented With Large Silver Trophy Yesterday.

Halifax, Nov. 2.—The schooner Esperanto, Captain Welch, winner of the international motor boat race held here on Saturday and yesterday, will sail for Gloucester tomorrow with the silver cup emblematic of the championship of the North Atlantic fishing fleets on board.

This afternoon the cup was presented to Capt. Welch by W. H. Dennis, on behalf of the donors. Among those present at the dinner were His Honor Lieut.-Governor Grant, Premier George H. Murray, Mayor Charles D. Brown, of Gloucester, and Mayor John S. Parker, of Halifax.

Speeches were made by representatives of the Gloucester delegation, by representatives of the Gorton Fish Company, owners of the Esperanto, and by journalists who attended the races.

UNITED STATES FOOTBALL

New York, Nov. 2.—New York University 31; Trinity 20. Nebraska 25; Rutgers 9.

Greedy. Some people want not only what is right, but what is left. Look at the price of coal—no, we won't look at it, it's too harrowing.

Were They Worth It? A Chicago tenant charged and got \$15.00 for the bed-bugs he flew in the landlord's house. Likely as not, now the landlord will accuse him of profane-ness.

Fights Willard Return Match

Jack Dempsey States That He Will Fight Big Jess on St. Patrick's Day Next.

Montreal, Nov. 2.—Jack Dempsey, the world's heavyweight champion, who visited a local newspaper office today, accompanied by a whole string of attendants, and left behind him the impression that the movies meant much more to him than fighting.

In speaking of them his face would light up with enthusiasm and it seemed as though he was much more interested in the picture he is shortly to act in, than his coming battle with Carpenter.

When asked about Carpenter, he said: "Sure he is a fine fellow. He and I had a game of golf at Jersey City on Monday. He does not play as well as I, because he has had but little practice. I beat him, but you know it was not a regular match. There were four or five of us, and it was really more of a friendly practice."

He seemed reluctant to talk about boxing, but when finally plied down to say something, he started his hearers by announcing that he was going to fight Jess Willard a return match for the world's championship on next St. Patrick's Day.

Jack Kearns said this would not interfere with the match with Carpenter.

International Motor Boat Race

Harnsworth Trophy Emblematic of Speed Championship of World to be Defended.

New York, Nov. 2.—Dates for the 1921 international motor boat race for the Harnsworth trophy, emblematic of the speed boat championship of the world were announced last night by the racing commission of the American Power Boat Association. The cup won last August off the Isle of Wight by the Miss America, owned by G. A. Wood of Detroit, will be defended September 3, 5 and 6, probably in the vicinity of New York. Challenges are expected from Great Britain and France.

The 60th Cup race and the one mile event for the United States speed title will be decided at Detroit August 27, 29 and 30.

The annual Canadian motor boat races at Toronto will be held September 5, 6 and 7.

Urge Respect For National Anthem

Ottawa I. O. O. E. Will Celebrate Armistice Day—Lady Pope Interested.

Armistice day will not pass this year without some celebration, if the Daughters of the Empire in Ottawa can help it. Lady Pope appealed to a meeting of the Provincial Chapter in the Chateau Laurier, to co-operate with the civic administrators to carry out some civic ceremony on that day.

Lady Pope also urged the necessity of educating the Canadian public to pay proper respect to the National Anthem, and recommended that the Board of Censors screen a request to the public to stand during the National Anthem, and defer the putting on of their wraps till the last bar is played. This met with the approval of the Daughters.

FRENCH SAID TO LIKE BARUCH BOOK

Work on Treaty Proves That Germans Should Pay War Damages.

(Copyright, 1920, by Public Ledger.) Paris, Nov. 1.—Bernard Baruch's book, "The Making of the Reparation and Economic Settlement of the Treaty," which has just been reviewed in France, has been received with favorable comment by French statesmen.

"Diplomats," writing in the Paris Midi, says all persons should read the book, which is based on confidential documents and which proves, as did the members of General Smuts, that the Germans ought to pay for the damages caused to the civilian population of the Allies. He says:

"This eminent American has on the whole justified the economic and financial clauses of the peace treaty. But he does not hide, on the contrary, that this is the result of a compromise and that his personal preference, which was that of the American delegation itself, had been from the first for the establishment of a fixed sum of indemnity."

He adds that Mr. Baruch shows, however, that the clause in its present form is not fair, even being just. The writer concludes that, on second thought it is paradoxical and even absurd when one considers the important part America played in making the treaty that it does not take the least part now in its execution.

"ESPERANTO" WINNING THE SCHOONER CONTEST

This picture shows the American schooner, the "Esperanto" as she romped home in the second race with the "Delawana" off Halifax on Monday and won the championship.

Halifax Entertains Crews of Racers

Prizes Awarded to Victorious and Defeated Crews in Schooner Race.

Halifax, Nov. 2.—The captains and crews of the Esperanto and Delawana, American and Canadian contenders in the recent international fishing schooner races were guests of the Halifax Commercial Club at a banquet here this evening. Among those present were representatives of owners of both schooners, of the town of Gloucester and visiting newspaper men. The guests of honor included Mayor Charles D. Brown, of Gloucester, Mayor John S. Parker, of Halifax, His Honor Lieut.-Governor Grant, Premier George H. Murray, of Nova Scotia, and Archbishop Worrell.

"Marty" and "Tommy."

Captains "Marty" and "Tommy" were greeted by a spontaneously enthusiastic crowd of prominent citizens with the customary but very fervent three cheers. Lieut.-Governor Grant made the presentation of the cash prize to Captain Welch, of the Esperanto, saying he considered it an honor to link arms with "Marty," because of the great fight which he had fought and won.

The victorious Gloucester men were not able to respond very heartily to the insisted demand for a speech, because he had lost voice shouting his orders while winning the international cup. Russell Smith, representing the managing owners of the Esperanto expressed pleasure at receiving a prize which he believed had been honorably won.

Premier Murray presented Captain "Tommy" with his cash prize. "You both couldn't have won, Captain 'Tommy,'" said the Premier, his hand upon the Lunenburg skipper's shoulder, and it's not always a bad thing to get licked, particularly when you're a young man. Some very good men were licked in their early days. When you've been licked as often as I have you'll be a much older man. Use that head of yours and you may win next time." The Premier said the race had made history for Halifax and the province.

Captain Himmelman, in reply, said that everyone liked to win but that somebody had to lose, and he was very glad he had fought clean.

All Pleased.

R. C. S. Kaibach, of Lunenburg, representing the owners of the Delawana, thanked the race committee for their efforts to bring the project to a successful conclusion.

H. R. Silver, president of the Board of Trade and chairman of the race committee, stressed the importance of the fishing industry to Nova Scotia and the Dominion, emphasizing the in-exhaustibility of its supply.

Archbishop Worrell touched on the

Halifax Entertains Crews of Racers

PROHIBITION CAMPAIGN IN INDIA IS OFF

"Pussyfoot" Johnson Will Not Go There at Present—Pleased Over Outlook in Scotland.

By WILLIAM J. BUTLER. (Copyright 1920, by Cross-Atlantic.) London, Nov. 1.—The prohibition campaign in India which had been planned by Pussyfoot Johnson for the time being has been called by his American backer "Pussyfoot" Johnson, which were made for the sailing next week have been cancelled. He admitted the change was due to instructions from the United States, but said he expected to go there later. It is understood that the interest backing the dry campaign for India an diredland have decided in view of the unrest prevailing in both countries, that any prohibition agitation might further complicate the problems of the British Government and will postpone their campaigns until the present unrest has subsided. The Government, itself it is understood, suggested unofficially to persons close to "Pussyfoot" that an extension of activity in those countries might embarrass it and be unfriendly.

"I have just returned from Scotland," said "Pussyfoot." "The dry sentiment there is more wonderful and greater than I ever hoped." The action of the four Canadian provinces, Saskatchewan, Nova Scotia, Manitoba and Alberta, voting bone dry, is adding tremendous impetus to the movement in Scotland. Scottish wigs were heralding the recent wet vote, in British Columbia as a "wet victory." The action of the four other Canadian provinces has knocked this action into a cocked hat.

"The issue of Scotland is not a bone dry one, and just when the country is expected to reach a perfect erid condition, it is impossible now to forecast, although it is heading that way fast. I am not so hopeful of victory in England. The dry sentiment in Scotland, Ireland and Wales is much stronger than in England. I am planning a trip to France soon. The movement for prohibition is strong there."

International aspect of the race and the mutual advantage of Americans and Canadians coming together on such occasions.

W. H. Dennis, who presented the cup to the captain of the Esperanto this afternoon, gave the credit for the success of the race to the public of Halifax, the business men and the press of the city. He announced that the fund for promoting the race had been over-subscribed.

Mayor Brown, of Gloucester, expressed the cordial appreciation of the visitors for the great warmth of the reception they had been given.

Others who spoke were Mayor John S. Parker, of Gloucester, general manager of the Gorton Fish Company, Gloucester; Dr. Strang, of Gloucester, and James B. Connolly, of Boston.

sterling in Montreal are slightly firmer at 3.79 1/2 for demand, 3.80 for cables.

Acadia And U. N. B. Today

Visitors Arrived at Capital Last Night for Intercollegiate Rugby League Game.

Fredericton, Nov. 2.—The deadlock in the negotiations which have been going on between U. N. B. and Acadia over the selection of a referee for tomorrow's intercollegiate rugby league game here still continues. Acadia, it is said, have definitely refused to allow Sergt-Major Jack Asten to officiate, and U. N. B., although said to have the backing of Mt. A. in insisting that Asten be the referee, are now relenting somewhat. Jack McBeth, of Moncton, is mentioned as a possible choice.

Definite announcement was made today following the final practice of the U. N. B. team that Captain E. G. Saunders will not attempt to play with his team against Acadia, otherwise the U. N. B. team will be the same as that which finished the game at Sackville last Friday against Mt. A. Mackenzie will be at fullback, the halves will be Trimble, Hagerman, Stevens and Haines; the quarters Cain, Louisbury and Burgess, and the forwards will be Cass, Sargent, James Babbitt, Squires, Akerley and Jewett.

The Acadia team are expected to arrive here this evening and it is doubtful if ever a team came here for an intercollegiate league match with so little known as to their real strength.

Special to The Standard. Fredericton, N. B. Nov. 2.—The Acadia football team arrived this evening from Wolfville, N. B., for the second game of the western section of the intercollegiate Football League with U. N. B. tomorrow.

There is no change in the U. N. B. line-up as previously sent out, their final practice today consisting only of light work. The Acadia line-up was given out as follows:

Fullback—Parker.
Halves—Porter, Anthony, Clark and Langworth.
Quarters—Robinson, Fraser and Beardsley.
Forwards—Eaton, Webb, Wetmore, Wigmore, Atkinson and Fleming.
Spares—Correy and Grimmer.
Manager C. B. Lumsden is in charge of the party.

The referee question is still undecided when the Acadia team arrives but it was expected to be settled at a conference some time tonight.

McAVITY BOWLING TEAM HAVE BANQUET

Prizes Presented, Athletic Association Formed and Good Time Enjoyed by All.

A banquet was held at Bond's Restaurant last evening at which the awards were members of McAvity's Bowling League. After supper had been enjoyed the prizes won last winter were presented to the successful bowlers. P. D. McAvity presided at the banquet and the presentation of prizes was made by Clifford McAvity. The Vulcan Foundry won the McAvity Cup, individual cups being won by Harry Treat, A. Ramsay, D. Ramsey and D. Poley. The formation of an athletic association was discussed and decided upon, the following officers being elected: Harry Treat, president; C. Legge, vice-president; A. Ramsay, secretary-treasurer.

A social time followed during which choruses were sung and solos given by Jack Steinhoe and Charles Nadin.

American Not First.

Harding supporters make a good deal of the cry "America First." Few Canadians forget it was not till 1917, and after everybody had best her to it, that the U. S. went over.

It Depends.

Question of whether suicide is a sin seems to depend on whether it's a man who commits it.

Simmered Down.

That American Committee of One Hundred to look into Ireland's case seems to simmer down to one thing, namely, Mr. W. R. Hearst.

Everything set for a good trip—the car running smooth as velvet—plenty of Imperial Polarine in the trunk-case and more available wherever we stop. With Imperial Premier gasoline for fuel, we'll have a most enjoyable vacation.

Imperial Polarine Available Everywhere

WHEREVER you tour, throughout the length and breadth of Canada, you can secure the grade of Imperial Polarine you now use for lubrication—exactly the same uniform grades are sold by dealers everywhere from Halifax to Vancouver.

Imperial Polarine reduces your greatest expense—depreciation, yet costs less than storage, tires, repairs or gasoline. It reduces friction to a minimum, maintains a piston-tight seal under heaviest engine heat, helps the engine extract the last ounce of power out of gasoline.

Imperial Polarine holds its body, maintains compression—keeps the motor running smoothly and quietly. The Imperial Chart of Recommendations shows the grade recommended for your car. Ask to see it when you stop for oil.

Imperial Polarine is sold by good dealers everywhere in sealed one-gallon and four-gallon cans, half-barrels and barrels, also in 12 1/2-gallon steel kegs, the handy size for the home garage. Buy the larger sizes to save money.

IMPERIAL POLARINE (Light medium body) IMPERIAL POLARINE HEAVY (Medium heavy body) IMPERIAL POLARINE A (Extra heavy body)

ST. JOHN, N. B., WEDNESDAY, NOVEMBER 3, 1920.

THE PRESIDENTIAL ELECTION.

At the time of going to press, the indications are that Senator Harding will be the next President of the United States. Such returns are to be expected in every place. It has been generally anticipated that the Republican candidate would carry, and this seems to be in process of being borne out.

The question of America's participation in the League of Nations would be a considerable factor in the contest has usually been conceded, but one contemporary expresses a doubt that that question could ever be the decisive issue. Normally elections are party contests for political power. It is not so nearly normal as that at a league issue could throw such a contest out of plumb he proved himself again too much of an idealist. Republicans, whether sincerely convinced of their superior administrative ability or not, were not likely to sacrifice such a chance as they had of returning to power, and no doubt such men as Mr. Taft and Mr. Root and Mr. Hughes saw no reason why they should, because they must feel that a Republican Administration is at least as capable of bringing the league matter to a satisfactory conclusion as is Mr. Wilson.

The election of Senator Harding will not bring much comfort to the Irish sympathizers in the United States, and the latter will find it a difficult task to induce him to take any part in furthering their aims. The Republic has problems enough of its own to occupy the attention of its executive, without interfering with outside matters with which the country has no concern.

The control of the next Senate appears to be in doubt. In the present Senate the Republicans have a nominal majority of two. Both parties claim that the election will give them control, and it is clear that the majority will be that which will be either very slight.

Another doubtful factor of the election is the vote of the women. It had been difficult to get lines upon this. There are some 22,000,000 women in the country who were entitled to vote yesterday, and it is estimated that some 12,000,000 would avail themselves of the privilege. But the number may be much larger.

FAILED!
Mr. Mackenzie King's attempt to beguile all comers into his camp in opposition to the present Government does not seem to have been much of a success. A Winnipeg despatch states that almost without exception those who attended his meeting yesterday were old-time supporters of the Liberal party. These men could have been counted on in any event. But proselytes seem to have been conspicuous by their absence.

It is idle for Mr. King to expect co-operation from the farmer element of the electorate, because their aims are not in any sense identical. Any alliance between them could not be more than temporary. The farmers are out in their own interests and nothing else. To accomplish their aims they are prepared to wreck everything else. Even Mr. King in his anxiety to attain power would have to drag the time at some of the proposals the farmers want carried out. They want free imports in effect. Mr. King knows what sort of an effect such a policy if put into force would have on the country, and, reckless as he is, he would hesitate before considering it. The growth and development of Canada, the signal prosperity her people have enjoyed, are attributable to the fiscal policy that invites capital investment, protects and encourages industry. To reverse that policy, as the Farmers propose, to dilute it as the Liberals desire, would be to remove the foundation stone upon which the financial, commercial and industrial edifice has been erected, and to precipitate a collapse.

Concerning an alliance between Mr. Mackenzie King's party and the United Farmers, the Farmers' Sun has this to say:
"The Globe need not flatter itself that its leader, the Hon. Mackenzie King, appeals to the United Farmers any more than does Premier Meighen. As a matter of fact the Premier, by his outspokenness in regard to tariff matters, is far more to be recommended than the pussy-footing which Mackenzie King has indulged in. The latter will not make clear cut pronouncements on the tariff, but hedges and sidesteps, makes vague utterances, and in the end leaves the impression that he is neither hot nor cold, wet nor dry, high tariff nor low tariff, but is willing to be all things to all men in order that he may gain a few votes."
This paper holds no brief for either party. It is neither with nor Tory, but

A Battling Premier.

(Business Post.)
If you have a bit of sympathy to spare, spend it on Mr. Lloyd George, who must feel that he has been fighting the whirlwind for a thousand years. Life to him has become just one damned crisis after another.

Franchises of Women.
(St. Thomas Times-Journal.)
Women have at last been admitted to full membership in Oxford University, the oldest seat of learning in the British Isles and one of the oldest universities of Europe. About 150 women undergraduates have matriculated, and in all about 500 women students are in attendance during the session.

A BIT OF VERSE

WHEN THE FROST IS ON THE PUNKIN.
When the frost is on the punkin and the fodder's in the shock,
And you hear the kyouck and gobble of the struttin' turkey c-o-k,
And the clackin' of the guinoy, and the cluckin' of the hens,
And the rooster's hallelujah as he tips toes on the fence,
Oh, it's then the time a feller is a feller at his best,
With the risin' sun to greet him from a night of gracious rest,
As he heaves the house barncocked and goes out to feed the stock,
When the frost is on the punkin and the fodder's in the shock.

There's somepin kind of hearty-like about the atmosphere
When the heat of summer's over and coolin' fall is here,
Or course we miss the flowers and the blossoms on the trees,
And the mumble of the hummin'-birds and the buzzin' of the bees;
But the air's so appetizin', and the landscape through the haze,
Of a crisp and sunny morning of the early autumn days
Is a picture that no painter has the colorin' to mock.
When the frost is on the punkin and the fodder's in the shock,
The busy, rusty rustle of the tassels of the corn,
And the raspin' of the tangled leaves as golden as the morn',
The stubble in the furrows—kind of lonesome like, but still
A preachin' sermons to us of the bars they growed to fill;
The straw-stalk in the meadow, and the reaper in the shed,
The hosses in their stalls below, the clover overhead—
Oh, it sets my heart a clinkin' like the tickin' of a clock,
When the frost is on the punkin and the fodder's in the shock.
—James Whitcomb Riley.

THE LAUGH LINE

Success.
Success, go tell
It to the air!
It is just the pinnacle
Of work.

Her State of Mind.
"Do you think that was a surprise when I proposed to her?" inquired the happy youth.
"About as surprised," answered Miss Cavewits, the candidate who has received formal notification that she has been nominated.—Washington Star.

No Objections Now.
By Her Rents (the real estate dealer):
"Ha! ha! Here's a picture of that old haunted house which took us years to unload."
His partner—I wish we had a hundred of 'em today.

Right.
"My father," said the little boy, "is a numismatician."
"Why, Johnny, explained the teacher, "a numismatician is a coin collector."
"Yes'm, That's what my father is. He's conductor on a street car."—Washington Star.

Avantant
Friend—Well how do you think the election will go?
Actor—It is on the knees of the gods.
Friend (gallant to suffragists)—Say, rather, it is on the laps of our zoddesses.—Boston Transcript.

Willing to Oblige.
"So you were in the service," ejaculated the prospective father-in-law of the bashful girl.
"No, sir," replied the would-be bridegroom, "but I've got a deck of cigarettes if you'd like to try one."

Not Renewable.
Robson found Smith engaged in vigorously polishing his shoes. "What are you doing it for?" he asked. "I always thought you wore patent leather."
"These used to be patent leather."

Benny's Note Book

By Lee Page
Me and Puds was wawking a long just wawking along I was throwing a seat up in the air and catching it agen, and all of a sudden I dident catch it agen and it rolled and got lost, and me and Puds kepp on looking for it without findin it till Puds sed he was ony going to look 5 more minits so matter wat happened, and jest then some man stopped and started to look too, saying, Wat did you lose, boys?
Budin a old man with pointy whiskers, and I sed, A seat, and he sed, A seat, well, well, 100 cents make a dollar and 100 dollars make 100 dollars and so on like that, all from a seat. And he kepp on helping us look, saying, How did you happen to drop it and I sed, I dident drop it, I jest dident catch it.
And we all kepp on looking, and Puds whispered, Maybe he'll give you one if we dont find it. And pritty soon he whispered, If he gives you 2 will you give me one?
Wich I whispered back I would, and we all kepp on looking without the man saying anything about giving me a seat, and I sed, O well, was a seat?
Saying it for a hint, and Puds sed, This so, a seat aint much.
O boys, boys, its sniffl to talk like that, youll never be rich if you soon pennies, sed the man.
I ment it wouldnt be much for you, sed Puds and I sed, Thats wat I ment, too. Wich the man jest kepp on looking as if he dident know a hint wen he herd one, and after a while he sed, Well, I gess its no use, boys. And he wawked away, Puds saying, Aw heck, I bet he wasted so much time looking for that seat I bet he lost about 100 dollars werth of bizznis.
Gosh, I hope so, I sed.
Proving if people expect something different you dont get much gratitude.

APPEAL IS DISMISSED

Ottawa, Nov. 2.—In the Supreme Court today judgment was given in the Maritime Provinces case of The Sisters of Charity vs the King. The appeal was dismissed, but the judgment was increased by the sum of \$253, an admitted mistake having been made in the amount of judgment allowed by the lower court. Under the peculiar circumstances of the case, the court did not grant any costs of the appeal.

Manslaughter Case On At Hampton

Six Young Men of St. John in Court to Answer to a Serious Charge.

The last of the long series of proceedings in which justice has taken its course since the pathetic tragedy at Renforth last April, when little seven-year-old Virginia Garrett was killed by being struck by a motor car occupied by six young St. John men, was enacted in Hampton yesterday when the case came up before Chief Justice McKeown at the adjourned sitting of the Kings County Circuit Court.

Six young men, Harold Beverley, Jack Wilkinson, Charles Hoop, John Kennedy, John Dean and Allen Currie, were charged with manslaughter, and with wanton and furious driving of a motor vehicle or other motor vehicle causing bodily harm to Virginia Garrett.

A true bill on both counts was brought in by the grand jury at the September sitting of the court, but a postponement of the case was necessitated by the illness of one of the principal witnesses, the prosecutor, Mr. Notwithstanding his inability to present, the case was taken up yesterday and three witnesses gave evidence.

Jury Visit Scene

Adjournment was then ordered on the representation of Dr. J. B. M. Baxter, K.C., who appeared for Beverley and Kennedy, that the jury would be able to understand the case if they had viewed the ground where the accident occurred. Dr. Baxter was supported in his view by Senator George Fowler, K.C., who appeared for the other four defendants, and by Dr. W. B. Wallace, K.C., crown prosecutor. The Chief Justice accepted the idea and ordered the sheriff to provide the necessary transportation.

This was done and the jury and counsel were taken to Renforth in motor cars.

When the case opened yesterday it was not without its pathos. The court room was crowded and many sympathetic glances were cast in the direction of the six accused, who, ever since their unfortunate escape of last April, have been subject to the relentless power of the law. The returned soldier's button gleamed on the coats of several of them, and their clean cut appearance, as well as the sight of anxious mothers and relatives aroused a decided feeling in their favor.

The Story

The chain of events of which yesterday's may be considered the final link is as follows:

The six young men left St. John on the night of April 29th in a car owned by W. E. Gunter, and headed Renforth at about nine o'clock. According to Beverley's story he was the driver of the car, and he was standing by the store when struck by the car, which careened from the store and ran as far as a culvert some ten feet away, where it piled up in the ditch.

Little Virginia was thrown into the ditch and breathed her last when picked up shortly afterwards. Her sister and Miss Finley were only slightly injured.

Of the occupants of the car, Dean suffered a broken collar bone and was seriously injured. His condition was considered critical for several months; Currie had an arm broken; Beverley was cut in the face, and suffered from bruises and shock.

The Proceedings

The court opened yesterday at 2.30 in the afternoon. After a jury had been empanelled, Dr. Wallace opened the case for the crown. He spoke of the seriousness of the crime upon which the jury would be asked to pass judgment. The accused had taken a motor car on the night of April 29th and had struck two young girls, one killed, the other slightly injured. One of the accused was seriously injured, another had his arm broken, while all were bruised and shaken up.

It would be shown in evidence where the car had struck the store, and what occurred on that occasion. The matter was a serious one for the young men and for all concerned. Two charges had been preferred, it was for the jury to decide under what charge the prisoners should be held.

Dr. John R. Nugent, of St. John, the first witness called, stated that Frederick H. Triffitt, a witness in the case, was in the St. John infirmary recovering from a serious operation performed on September 11th. In his opinion the patient was utterly unable to travel at present.

Benjamin Dennison was then sworn. He stated that he was residing at Renforth in April last. On the night and at the time of the accident was in Colby's store. Mr. Colby was also there and some others whom he did not remember. He heard a loud crash against the store and the goods were knocked off the shelves. He tried to get out of the door, but had some difficulty as it was stuck.

When he did get out he found a young man lying on the platform, whom he thought was Dean. A crowd had gathered and were trying to bring him to Mr. Colby brought a little girl up out of the ditch and witness helped him.

There was a wrecked car in the ditch about ten feet from the store, and on the Hampton side of it. Several men were by the side of the road, among them that of Frederick Triffitt. The witness stated that in company with Wilson Dalton he examined the tracks of a car which started some two pole lengths from the store. They left the macadamized road at that point and could be traced to where the car struck the store. At that point the macadam was about eight feet away.

He did not remember if there was a bright light in front of the store on the night of the accident, but there generally was a light there.

On cross-examination by Senator Fowler, Mr. Dennison stated that the store was a small building about twelve feet square, built up against the embankment of the road. He might

Can Find No Fault With City Water

Examinations Made by Dr. Abramson for Board of Health Reported on.

The monthly meeting of the Board of Public Health was held yesterday afternoon at 2.30 o'clock. Those present were: Dr. W. Warwick, District Medical Health Officer John Kelly; Chairman, Mrs. R. J. Hooper, and Secretary T. Burns. The secretary reported sixty-seven deaths in the city for October.

Reports Received

The monthly report of the Victorian Order of Nurses was read, which included, amongst other statements, deaths, 53; visits, 221; new babies, 50.

The report from the association for the Prevention of Tuberculosis was read and included: Number of patients on the register up to October 30th, adults, 129; children, 56. Number of clinics held, adults, 8; children, 6; new cases, adults, 5; children, 1; new patients, adults, 0; children, 2.

The board granted Dr. Hanington leave of absence due to illness. Mrs. Edmund Pleswelling made her weekly report.

The matter of the removal of dead animals came up for discussion, and the chairman was asked to have the site of the building to be erected for the destruction of such bodies submitted to the board before any work is started.

Mrs. R. J. Hooper read a comprehensive report of the Canadian Council of Child Welfare held recently in Ottawa, which she attended as the board's representative.

City Water Good

Four examinations of the city water were made by Dr. H. L. Abramson. In his report to the board he stated that there is no fault to be found with the water. Communications were read from the Storage Company asking permission to kill and store fowls in the city. This has been granted, as the board do not approve of the place in which the fowls would be killed.

The board asked the City Council to extend public sewerage on Ritchie street. The board intend to ask that the residents on Bellevue Ave. be supplied with water. A well on this such as that of over 150 persons was recently condemned, and the board hopes that the city may see that the people living on this street have a proper water supply.

have said at the preliminary hearing that there was a bright light in front of the store. He did not now remember if there was or not. His memory would have been better then than now. He could not state what part of the car hit the store.

In answer to Dr. Baxter, witness said that the culvert where the accident had occurred, that of the previous summer. The old one was a wooden and more guarded one. The store was in a hollow, about ten feet lower than the crest of the hill in the direction of St. John, and but little lower than the level of the road at the culvert. The old road was wider than the present macadamized part.

In tracing the car tracks he had not noticed any crossing the roadway leading to the station. He had built the store by the side of the road himself and with the authority of Councilor Harry Gilbert.

Dr. Baxter then addressed the judge. He said he had heard the evidence of the witness at the coroner's inquest, and that he personally had viewed the scene of the accident both before it had occurred and afterwards. He thought that it would be in the interests of justice if the jury were given an opportunity to see the locality of the accident. Dr. Wallace consented to such a step, and the judge ordered the sheriff to make the necessary arrangements.

Before the court adjourned, P. W. F. Brewster of Hampton, the magistrate before whom the preliminary hearing was conducted, testified that the de-

position presented in court was that made before him by Frederick W. Triffitt.

The magistrate was questioned by Dr. Baxter as to the topography of the road at Renforth, and his evidence differed considerably from that of Mr. Dennison.

The jury empanelled to hear the case are: I. Bliss Marr, W. H. Holman, Charles H. Reardon, W. H. Ganong, Rainforth Keith, Abner Cripps, Addington Cosman, Wilfred S. Thorne, R. Z. Flemming, Albert R. Smith, R. J. Huggins, Simeon Crawford.

COUNTY COURT.

The county court opened yesterday morning at eleven o'clock with Judge Armstrong presiding, and after selecting a grand jury adjourned until today. There are two criminal cases to come before the court, besides civil matters.

OBITUARY

George T. G. Blewett

The death of G. T. G. Blewett, which occurred yesterday morning at the General Public Hospital, will be learned with regret by a large circle of friends. Mr. Blewett, who was sixty-six years of age, was one of the best known and most highly respected citizens of the North End. For many years he followed his profession as a marine engineer, but for the last two or three years has been employed as engineer with T. McAvity & Sons.

He was active in church and temperance work, and one of the outstanding figures in the Temple of Honor world. For many years he had charge of the section connected with Alexandra Temple and "his boys" are scattered all over the world, all of them better men for the having come under his influence. He was a staunch Presbyterian, one of the founders and best workers in St. Matthew's church, where he will be much missed. About four months ago he was seized with what proved to be his last illness and bore his suffering, which at times was intense, with the Christian fortitude characteristic of the man.

He is survived by his wife and two sons, William of Montreal and Edward of Vancouver. The funeral will be held from his late residence, 10 High street. The time will be announced later.

Miss Sarah J. Davis

Mrs. S. J. Allan, of Pleasant Point, received word yesterday that her cousin, Miss Sarah J. Davis, died at her home in Dorchester, Mass., on Oct. 18. Miss Davis was a native of this city and was in the eighty-fourth year of her age. Besides Mrs. Allan, she is survived by another cousin, M. B. E. Allan, of Pleasant Point.

WEDDINGS.

Young-Hurley.

Yesterday morning at 7.45 in St. Rose's church, Fairville, Rev. Dean Charles Collins, united in marriage Mrs. Annie Hurley of Pleasant Point to Albert Young of Lorneville. After a ceremony a dainty wedding breakfast was served at the bride's home, and Mr. and Mrs. Young left on a short wedding tour, and on their return will reside at Pleasant Point. Mrs. Howard Gould attended the bride while Albert Wells supported the groom.

FUNERALS.

The funeral of Mrs. Mary A. Higgins was held yesterday afternoon from her late residence, 39 Carleton street, to the Cathedral, where service was conducted by Rev. Raymond McCarthy. Interment was in the new Catholic cemetery.

The funeral of Gladys Stewart, infant daughter of Mr. and Mrs. J. C. McLeod, was held yesterday afternoon from her parent's residence, 44 Garden street.

MILBURN'S Heart and Nerve Pills

Are you rushing on to disaster?

TRAIN, marine, street car—in fact, all disasters are on the decrease, largely due to educational propaganda preventing carelessness. The toll of human life through ill health and disease is also on the decrease. People of the 20th century are realising more and more the necessity of keeping themselves fit and well, for without health they can never attain their ambitions.

There are still some, however, who ignore a vital factor in preserving their health and strength. They ignore the medical scientists who tell us the necessity of repairing the ravishes on the heart and nerve centres. These are the people who fail to wake up one morning; the people who drop dead in the street, in the car or train, and just at a critical time when they are specially needed by friends and dependents.

ARE YOU IN THESE RANKS, inviting disaster? Do you ever feel that your work is proving a slight strain upon you? Would you be able to fill a bigger position to-morrow, make the rapid, clever decisions which bring success? Would your employer choose YOU? You can rest assured he won't if you're not in robust health. He can't take chances with ailing people. But you can obtain the health that will MAKE him choose you by restoring the heart and nerve centres, the vital organs of the entire system. Thousands of people have accomplished this by the use of Milburn's Heart & Nerve Pills.

One simple step. Go to your nearest druggist. He sells and recommends Milburn's Heart & Nerve Pills, and will be pleased to hand you a box; or send \$5c. and they will be mailed direct by The T. Milburn Co., Limited, Toronto, Ontario.

THE STANDARD'S FINANCIAL SECTION

FLOUR TRADE IN AMERICA IS DULL

New Ruling on Ocean Freight Rates May Make An Improvement.

Minneapolis, Minn., Nov. 2.—The Northwestern Miller's Weekly Review of the flour trade says business remains as dull as ever with very little buying reported, and the spring and hard winter wheat mills running at about sixty per cent of capacity, while the soft winter wheat mills report about forty per cent. Wheat prices have been nearly steady for over a week, and flour prices have likewise shown little fluctuation. At the lowest levels of the year few sales of Canadian flour are now reported, as the decline in the domestic product has overcome the former price differential. Millers are hopeful for a revival in exports following the new ocean freight rate ruling of the Shipping Board, as flour exports in September and October were below those of any previous month in three years.

BRITISH COLUMBIA TO FLOAT LOAN OF FIVE MILLION DOLLARS

Victoria, B. C., Nov. 2.—According to an announcement made by Hon. John Hart, Provincial Minister of Finance, British Columbia will raise a \$5,000,000 loan to fund the first ever raised in this province. Details will be announced later. Proceeds will go for use of good roads and buildings and the extension of the University of British Columbia.

SUGAR DOWN HALF CENT.

New York, Nov. 2.—Arbuckle Brothers, yesterday, announced a further reduction of half a cent a pound in the price of fine granulated sugar to the basis of 10.59 cents, making a new low record for the season. The decline was brought about by a further reduction in raw sugar.

IN THE PUBLIC EYE

EDWARD ROGERS WOOD

Mr. Wood is president of the Central Canada Loan and Savings Co., President Dominion Securities Corporation, Ltd.; Vice-President, National Trust Co., Ltd.; Vice-President, Brazilian Traction Light and Power Co.; Vice-President, Canada Life Assurance Co.; Director, Dominion Steel Corp.; Director, Massey-Harris Co., Ltd.; Director, Toronto Power Co.; Toronto Ry. Co.; Director, Mexican Light and Power Co.; Director, Mexico Tramways Co. He was born at Peterboro, Ont., May 11, 1866, son of John Wood. He was originally a telegraph operator but has been with Central Canada Loan and Savings Co. since 1894; was Vice President and Managing Director; elected President, 1914. Chairman Board of Governors, Grace Hospital, Toronto; Honorary, Victoria University; Director, Royal Bank which gained a fraction each. Weaker issues included the Bank of Montreal which continued to lower levels, losing two points to 127 and Atlantic Sugar which lost a fraction at 75.34. Total sales, listed \$224,326,500.

MORE GAINS THAN LOSSES ON MONTREAL STOCK EXCHANGE

Ontario Steel Makes a Three-Point Gain to 66 After Calm Period.

Montreal, Nov. 2.—There was again no definite trend to the market on the local stock exchange today, the close showing a few more gains than losses while a similar number of issues finished the day unchanged. The least inactive in a listless market were Brazilian, Brompton, Spanish, Wagonack and Abitibi, dealings in each amounting to between 250 and 286 shares.

The paper stocks held up well. Wagonack's fractional decline being with Rioiron's point loss, the only ones recorded in the preferred being Lauriat and Spanish preferred held at yesterday's closing levels and Spanish common advanced a fraction to 88 1/2 and Brompton a fraction to 70.

STOCK DIVIDEND OF 150 PER CENT. BY COTTON FACTORY

Company Has Paid Already This Year Forty Per Cent. on Quarterly Dividends.

Fall River, Mass., Nov. 2.—A stock dividend of 150 per cent has been recommended to the stockholders of the Barnard Manufacturing Company by the Board of Directors. An increase of capital stock from \$500,000 to \$1,250,000 is to be made by converting \$750,000 of undivided profits and other assets into permanent capitalization.

Fort William, Northern Wheat, new crop, No. 1 northern, \$2.28; No. 2, \$2.28 7/8; No. 3, \$2.24 3/8; No. 4, \$2.17 1/4, all in store. Fort William, American Corn, No. 2 yellow, \$1.25, nominal. Track Toronto, prompt shipment, Canadian Corn, feed, nominal. Manitoba Barley, in store. Fort William, No. 3 c.w., \$1.18; No. 4 c.w., \$1.10; reject, 86; feed, 85 1/2. Barley, Ontario, malting, \$1.10 to \$1.15. Ontario Wheat, No. 2, \$2.05 to \$2.10 f.o.b. shipping points, according to freight. No. 1 spring, \$2.00 to \$2.05. Ontario Oats, No. 2 white, nominal, 62 to 64, according to freight outside. Buckwheat, nominal. Rye, No. 3, \$1.75 nominal. Ontario flour, in late base, government standard, prompt shipment, delivered at Montreal, nominal; not quoted. Manitoba flour, track Toronto, cash prices, first patents, \$12.40; second patents, \$11.90; third patents, \$11.20. Millfeed carloads, delivered Montreal, freights, bags included. Bran, per ton \$38 to \$40.25; shorts, per ton, \$42 to \$45.25; feed flour, \$2.25. Hay, loose No. 1, per ton, \$28 to \$29; baled, track Toronto, \$30 to \$32.

PULP MAKERS WILL TALK NEW PRICES

Montreal, Nov. 2.—It is understood that some of the Canadian pulp and paper export interests will meet in New York shortly with a view to talking over a basis of contracts for the first quarter of 1921. In well-informed circles, the paper adds, it is asserted that the basis for such contracts is likely to be \$130 per ton, or 6 1/2 cents per pound, which is the maximum contract rate at present in force for the current year in the United States.

ALBERTA BONDS HAVE BEEN SOLD

Special to The Standard
Edmonton, Nov. 2.—The issue of \$1,000,000 Province of Alberta 10-year 6 per cent bonds has been awarded to Harris Forbes and Company and the National City Company, on the basis of a bid under 7 per cent United States funds, according to the present rate of exchange. The tender accepted was 100.523 which means that in Canadian funds the borrowing is done on the basis of about 5.90 per cent on this side.

BLACK LAKE ASBESTOS MEETING IS BLOCKED

Toronto, Nov. 2.—Justice Logie, at Ongode Hall, has given an injunction to the Black Lake Asbestos and Chrome Co., Ltd., restraining J. L. Perron, W. G. Ross, Wm. McMaster, J. A. Jacobs and the Bankers' Trust Co., from calling a meeting until the trial of the issue between the parties. It is said that the special meeting was to be called for the purpose of electing a new board of directors for the balance of the year 1920, and to protest against action in cancelling a deed to secure the issuing of bonds for \$250,000. Perron, Ross, McMaster, Jacobs and the Bankers' Trust Co. say that they own 74 per cent of the stock and made an investment of \$500,000.

ELECTRIC POWER GRAND FALLS, WHO DESIRES CURRENT?

The owners of Grand Falls on the St. John River are desirous of developing the same and producing electric current for sale to the public, if reliable and definite demands can be obtained from responsible companies or individuals in the Province.

Many titles had to be acquired at large cost and the dam and hydro-electric equipment will require an investment of several million dollars.

Unless there is a large demand for current, the development cannot be made to pay, and would not be justified.

All who will be in need of current by 1923, and who would be prepared to make definite contracts at reasonable rates are requested to at once advise the undersigned, stating the point at which the current is required, the use to which it is to be applied, and the amount desired. A speedy reply is urged.

DARING THUG ROB MESSENGER AFTER BATTLE

Held up Motor Car Away With \$550 Currency

MESSENGER MAY DIE AS RESULT OF WOUNDS

Nail File in Vest Pocket Life of Guard—Fifteen Bent Double.

Chicago, Nov. 2.—Following a daring street battle that attracted young hoodlums, a bank guard was held up and a motor car was driven away with \$550 in currency. The guard, who was seriously injured, is believed to be in a critical condition. The police are searching for the assailants. The robbery occurred in the West Loop district in a motor car. The guard, who was wearing a vest, was struck in the chest and back. The assailants fled in a motor car. The guard's life is believed to be in danger. The police are searching for the assailants. The robbery occurred in the West Loop district in a motor car. The guard, who was wearing a vest, was struck in the chest and back. The assailants fled in a motor car. CANADIAN GRAPES FOUND A MARKET IN UNITED STATES

Four Cars Shipped Across the Border—Good Prices Were Realized.

Special to The Standard.
St. Catharines, Nov. 2.—That while the demand for Canadian-grown grapes is practically unlimited in the United States market, the 290 square miles of grape producing land has only 4,500 acres of vineyards, is among the information a recent grape-growing which has been compiled by Niagara District Grape-growers, Limited, a new organization, with headquarters in St. Catharines, which this year handled the bulk of the grape yield from the Niagara grape belt. That belt comprises 290 square miles, bounded by the Niagara River, along Lake Ontario to Hamilton and extending to the Mountains.

Big prices have been obtained this year through the Grape-growers' Association, running all the way from \$35 a ton to \$125, and Niagara grapes have been distributed through the United States all the way from Chicago to the Atlantic Coast. The association, formed August 7th last, has sold nearly 400 cars of grapes in the United States, and about 100 cars in Canada.

This year's crop was only about 80 per cent. of last year's, when the Niagara grape belt produced about 10,000 tons. That was a record, and in previous years there was difficulty in satisfactorily handling the output, and prices were lower than would have been the case under better organization.

Old grape-growers contend that grapes are the only fruit which yield better than dollar for dollar for the cost of production, and it is expected the acreage will increase considerably in years to come.

Previously not much attention was paid to the American market by the Niagara growers, but this year nearly 400 cars have gone over the line.

SCARCELY ABLE TO WALK ACROSS ROOM

Mrs. Bergeron's Health Was Dreadfully Run Down—Tanlac Restores Her.

"It seems almost too good to be true, that I am at last free of my awful suffering," said Mrs. Hector Bergeron, 306 Grant St., Quebec, while relating her experience with Tanlac recently.

"For two years I had indigestion, and just before I started taking Tanlac I was so badly run down and weak I could hardly walk across the room. My stomach was so out of order that I had to live on liquid foods for several months, and even with these my stomach pained me so much it seemed that I would go distracted, and nothing tasted good.

"My nerves were so shattered that I would lie for hours at night without closing my eyes, never getting to sleep before early in the morning, almost come to get up, and always felt tired and worn out mornings.

BIG FIGHT OVER THE GLENDENNING MILLIONS LIKELY

Widow Starts Suit to Oust Former Chauffeur as Trustee of Estate.

Chicago, Nov. 2.—A prolonged and bitter fight for the control of millions looms as a result of the suit begun by Mrs. Augusta J. Glendenning to oust her former chauffeur, Thomas Davis, as trustee of the \$2,440,000 estate of Robert Glendenning, her husband.

Glendenning was head of a patent roofing company. He died in a sanitarium here last February.

Mrs. Glendenning and her children are enroute to Florida, where they will spend the winter.

Forecast.
Maritime—Strong winds and moderate rains, south and southwest, with rain.
Northern New England—Rain followed by clearing Wednesday; colder at night; Thursday fair, strong south shifting to westerly winds.

AROUND THE CITY

CANADIAN CLUB.

Dr. Frank D. Adams, Dean of the Faculty of Applied Science at McGill, now visiting in St. John, will address members of the Canadian Club during his stay in the city.

A NEW SERGEANT.

Stephen B. Spinney, who has been acting police sergeant on the North End, has been appointed sergeant. He joined the force in December, 1914, and is a young officer who is popular with a wide circle of friends.

ROTARIANS' BANQUET

Rotarians will hold a banquet this evening at Bond's restaurant, afterwards attending the performance of the "Dumbell Concert Troupe" at the imperial. Over one hundred Rotarians and their wives will be present.

BADLY CUT.

Charles Phillips was admitted to the General Public Hospital yesterday, suffering from bad cuts about the head and leg as the result of a fall from a lorry near Hoy's Station yesterday morning. He came in on the Boston train.

THE INDIANTOWN FERRY.

It is expected that final arrangements for getting the ferry steamer E. Ross into commission again will be made at a meeting of the Indiantown and Lancaster Ferry Commission which will take place this evening in the county treasurer's office at eight o'clock.

SPECIAL MEETING

A special meeting of the Ladies' Auxiliary of the Y. M. C. A. was held yesterday afternoon to make plans for the banquet to be given this week in honor of H. J. Fraser, of India, who will address business men on the subject of the Y. M. C. A. work in Palestine. Arrangements for the banquet for a rummage sale to be held shortly. Mrs. Eustace Barnes presided.

MAKE GOOD PROGRESS

Contractors are making excellent progress on the Knights of Pythias building, Union street, which has been purchased by the New Brunswick Lodge. The transformation of the old church to a convenient hall is being accomplished rapidly. Pews and pulpit have been removed from upstairs and the floor of the basement lowered.

WINDSOR CHAPTER MET

At a meeting of the Windsor Chapter O. D. E. B., held at the residence of Mrs. Frank Scott, Dufferin St., last evening, one new member was elected and plans for a tea and sale to be held this month was discussed. An appeal from the Y. W. C. A. was laid over until the next meeting for consideration.

SUCCESSFUL SUPPER.

A very successful supper was held last night, under the auspices of the Young Ladies' Club. There was a good attendance, and a substantial sum was realized which will be for church purposes. Tea was donated and served by Geo. E. Barbour & Co. Hallows' decorations were in evidence on the supper tables. Young ladies of the club acted as waitresses.

THE POLICE COURT.

In the police court yesterday morning Samuel Lavigne was charged with being drunk and having liquor in his possession other than in his private dwelling. He pleaded guilty to being drunk but not guilty to the other charge. After Detective Saunders was heard the magistrate imposed the minimum penalty, which was paid. One man charged with drunkenness pleaded guilty and was remanded to jail.

PRESENTED WITH RASPBERRIES.

E. J. Rine, of 88 Germain street, West St. John, presented to the Standard three trays of raspberries, having a number of ripe berries on them which he picked from his garden yesterday. There are other berries which have ripened as yet. The trays would be a credit to any garden in the early season to any showing of being able to show such fruit on the 2nd day of November.

PLEASANT AFFAIR.

A pleasant concert was given at the Old Ladies' Home by members of the Doreopoulos Circle of the King's Daughters last evening. Mrs. A. E. Logic is president of this circle. The following programme was greatly enjoyed: Solo, Mrs. A. E. Logic, Mrs. A. Pierce Crockett, Mrs. George Moore, Miss Gladys Dylomon, Norman Magnusson; piano solo, Miss Gladys Dylomon; reading, Miss Elizabeth Good; Norman Magnusson choruses, members of the Circle. Refreshments were served and the ladies at the home expressed themselves as delighted with the evening's entertainment.

Visitor of Note

Guest of Honor

Dr. Frank Dawson Adams

Dined at Union Club—A Distinguished Gentleman.

A most distinguished visitor arrived in the city yesterday at noon in the person of Dr. Frank Dawson Adams, Assistant Principal of McGill University and Dean of the Faculty of Applied Science, who came for the purpose of attending the local McGill Graduates' Society dinner in the evening at the Clinton House. Dr. Adams is a McGill man in the best and fullest sense, having been born in Montreal, educated in the Montreal High School and in both the Arts and Science Faculties of McGill, and since 1888 a member of the teaching staff.

Advanced Study.

After Dr. Adams completed his studies in pure and applied science at McGill, he went to the United States for a year of advanced work at Yale and then joined the technical staff of the Canadian Geological Survey at Ottawa, but after a brief period there he obtained leave of absence and gave nearly two years to advanced study at Heidelberg, Germany, at that time the most notable school of geology and mineralogy in the world. From Germany Dr. Adams returned to the Survey, and in 1893 to McGill, where he had already been a lecturer for some years, and on the retirement of Sir William Dawson in 1893 he was appointed Logan Professor in Geology and head of the Geological Department. In 1908 Dr. Adams was appointed first chairman of the newly created committee on Graduate Studies, which was McGill's first systematic move toward establishing a Graduate school, and in 1908 he succeeded Dr. Bovey as Dean of the Faculty of Applied Science; and as a result of his investigation of the flow of rocks under pressure and heat, the coveted honor of Fellowship in the Royal Society of London was conferred upon him. Incidentally Dr. Adams was prominently connected with the Khaki University, in which organization he was Deputy Director from June, 1918, to June, 1919.

Appointments and Honors.

The appointments and honors conferred upon McGill's Assistant Principal are many, and as they will no doubt be of interest to many of the old students and followers of the red and white, perhaps it would not be amiss to enumerate them:

B. Sc., McGill (first class honors), 1878.
M. A. Sc., McGill, 1889.
Lecturer in Geology, McGill, 1889.
Ph.D., Heidelberg, 1892.
Logan Professor of Geology, McGill, 1893.
F. R. S., Canada, 1896.
D. Sc., McGill, 1902.
Chairman McGill Committee on Graduate Studies, 1906.
F. R. S., London, 1907.
President International Geological Congress, 1910.
President Canadian Mining Institute, 1910.
President Canadian Club, Montreal, 1914.
President Royal Society, Canada, 1914.
D. Sc., Hon., Tufts College, 1914.

Will Enlarge Swimming Scow

Common Council Decide to Build Another Unit—Will Attend Utilities Com.

The city council yesterday gave permission to Commissioner Bullock to go ahead with an addition to the free swimming equipment at the foot of Kennedy street, and the patrons of that place will have few more dreary days next season. It was decided to have the Comptroller and the Mayor present at the hearing by the Public Utilities Commission of the application of the New Brunswick Power Co. for permission to issue stock.

Mayor Schofield presided, and Commissioners Bullock, Frink, and Jones were present.

The report of the committee of the whole as published was adopted. The recommendation of the commissioner for the purchase of a scow to provide additional dressing rooms. The city collector advised that the city have a representative present when the application of the New Brunswick Power Co. was presented to issue stock was taken up by the Public Utilities Commission, and it was decided to have the city comptroller and mayor attend.

Commissioner Frink gave notice that on account of the absence of Commissioner Thornton he would not move the bond issue of which he had given notice thirty days previously, but would move them at the first meeting of the council at which all the members were present.

Commissioner Bullock moved that he be given authority to erect another unit at the free swimming scow to provide additional dressing rooms. This would cost between four and five hundred dollars, and would be paid for out of this year's grant, as he had an unexpended balance of \$114.40. He read the report of the instructor at the baths, Mark Burns, which showed clearly the need for the increased facilities. During the season there had been an average daily attendance of five hundred, ranging in age from seven to seventy, and over two hundred and fifty had learned to swim. Despite the large attendance and the overcrowded facilities, there had not been a single accident during the season. Commissioner Jones thought this might be held over until the next year, and was inclined to be critical of the usefulness of the swimming scow.

The motion carried, Commissioner Jones voting nay.

Many Towns and Cities Will Celebrate—Nothing Done Yet Regarding St. John.

Making Plans For Armistice Day

With the approach of Armistice Day many cities and towns in New Brunswick are planning some special recognition of the day, the most of the towns arranging some special honor for the Canadian veterans who were instrumental in bringing the day about. St. John has made no move as yet for any special service on that day. Mayor Schofield who approached on the subject yesterday, and nothing had been done by the authorities to make any special recognition of the day and the question had not been discussed. The authorities at Ottawa considered the matter from a national view, but were of the opinion it would be preferable to leave the question of a fitting observance of Armistice Day to the various municipalities, leaving it to local authorities to plan and carry out a programme best suited to that particular locality.

Several citizens have expressed the opinion that something should be done in St. John and believe it is up to the city authorities to make the move. The opinion is freely expressed that the citizens are with them and will do their best to make a success of any programme agreed upon.

FERRY TRAFFIC

A fairly generous increase is noted in the ferry superintendent's report for traffic during October. The figures are as follows:

Passengers car'd	152,098	1920
Revenue	\$2,372.97	\$2,396.44
Teams car'd	7,630	9,392
Revenue	\$ 676.48	\$83.34

Increase in revenue, 627; in teams, 1,762; in revenue, \$320.23.

THIS SOUNDS GOOD

October's mild weather had us all fooled, even old Mother Nature being amongst those taken in. The Natural History Society has recently received a number of large ripe strawberries picked by John Howe, of Nepesic. The Standard has been in receipt of May flowers and raspberries.

'DUMBELLS' CURTAIN 8:15 SHARP TONIGHT.

The Dumbells Concert Party arrive at noon today and the curtain will go up on their jolly opening chorus at 8:15 sharp. The programme will be over in plenty of time for ferry and Lancaster cars, also Halifax train. Patrons are urgently requested to be in their seats on time and to remain for the National Anthem. In case of rain plenty checking facilities in front lobby waiting rooms for coats, umbrellas, etc. Special attendants, Pavement patrol for cars.

DANCE PARTY

Among the courtesies being extended to the Dumbells Concert Party while in St. John is an invitation to attend the dance to be held by the Y. W. P. A. and G. W. V. A. at the G. W. V. Rooms, Wellington Row, Thursday evening.

Unanimous Verdict

For The Defendant

Alienation of Affections Case

Finished—Jury Find Bert Fleming Not Guilty.

The jury hearing the case for alienation of wife's affections brought by one J. McDonald, a travelling salesman against Bert Fleming, a prominent business man of the city, brought in an unanimous verdict, yesterday, for the defendant. The defendant may be well pleased that a jury of his peers, seven of his own countrymen, without a dissenting vote, pronounced him not guilty of the wrong he was alleged to have committed against a man's home.

The trial has been in progress eight days and because of the prominence of the parties to the suit has been one of unusual interest.

Idle and morbid seekers after social scandal daily thronged the court room, seeking some morsel of news for the newspapers' columns of wagging tongues. As the case progressed in its conduct public sentiment swung in favor of the defendant and the jury's verdict met with popular approval.

Daniel Mullin, K. C., argued the case for the plaintiff and Hon. J. H. M. Barré argued for the defence. Hon. Justice Crockett presided over the court.

Public Official

Kindly Remembered

Robert J. Freese, Formerly in Post Office Service, Honored by Associates of Years.

Robert J. Freese, who was superannuated from Post Office Department on Sept. 1st, last, after thirty-eight years' service thirty-five of which were in connection with the Post Office in large branch, was presented yesterday afternoon with a short dress and gold signet ring bearing his monogram as a token of appreciation and friendship from his former associates. The presentation was made by Inspector H. W. Woods, and on the inside of the ring the words: "From Post Office Inspector and Staff," were engraved.

Feeling Tributes

Assistant Inspectors Thompson and Bismarck, and Mr. W. Hatch referred in pleasing terms to the long and pleasant service of Mr. Freese in the Government's service. Mr. Freese, in a very nice speech, thanked the inspector and each and every one of the staff for their kindness. Mrs. Freese, who was also present, was not overlooked by the Post Office staff. It is understood Mr. and Mrs. Freese will leave in a few days to visit members of their family, and contemplate spending the winter in Montreal.
