FISHERY OFFICERS CAPTURE POACHERS

Inspector H. E. Harrison and Assistant Made Haul Near Beeswood—Trial at Woodstock

Fishery Inspector H. E. Harrison, returned to Fredericton last night from a trip over a part of his district in the upper part of the Province. He left there Wednesday morning for Grand Falls, and there in company with Overseer W. L. Mersereau and Warden Russell L. Boyer came down river by canoe. It was the intention of the party to come as far as Woodstock but the lack of time prevented this and they got only as far as Stuckney, a short distance above Hartland. Indications of poaching were noticed below Grand Falls at the mouth of Salmon River, by the officers, and evidence was not lacking that some poaching had been done in that vicinity.

In Carleton County near Beeswood a short distance above Bath further signs were noticed and the party hid their canoe and concealed themselves on the shore. From their vantage point later on in the evening, two men were seen to enter a boat further up river and unaware that they were being watched proceeded to set up their crail or light and, having lighted it, began their search for the hony ones. Their luck was not good, and they drifted down, without suspecting their fate, until they were opposite their watchers. At that time Messrs. Harrison, Mersereau and Boyer left their vantage point, slipped their canoe into the water and rushed out to the boat of the poachers. These gentlemen, being intent on their own business did not notice the approaching boat until it was within about ten feet of them. The shock must have been great, but they kept their heads sufficiently to down their light and throw their spears away. The "hambone" was of course lost but the spears were recovered and added to the already large collection possessed by Inspector Harrison.

The names of the two poachers were taken by Overseer Mersereau and their trial will come on in the near future at Woodstock. The names of the unlucky pair are Holmes and Cannam. Frederickton Mail.

Wardens Boyer and Gee caught two men drifting for salmon at Bristol, the nets, fishing equipment, and several salmon were taken.

NEW CHIEF LIQUOR INSPECTOR

Chief Inspector W. D. Wilson has announced the appointment of chief officers for four of the five zones into which the province has been divided for the enforcement of the intoxicating liquor act, 1916.

The fifteen counties of the province are divided into five groups or zones. These will be under the supervision of chief officers who will have above them the chief inspector, who will exercise general supervision. The chief officers will be in charge of law enforcement leaving other duties to the chief inspector.

Allen McLaughlin, appointed chief inspector for Carleton, Victoria and Madawaska.

With regard to the theft of seven cases of alcohol at St. Leonard some time ago, the chief inspector said that there was little new except that he had seen the little boy and the C. F. R. was responsible. The chief inspector said that the owner of the alcohol acknowledged the offense and paid the fine the day the liquor was stolen. Circumstances pointed out conspiracy in the matter.

Asked concerning reports of his resignation, Mr. Wilson said that he was Chief Inspector and would remain such, any change coming in good time.

Former Waterville Man Dead in Maine

William R. Whitney, a former Waterville man, died suddenly of heart failure at his home in Norridgewock Me., a short time ago. He was a prominent potato buyer in that town and formerly carried on a similar business in Houlton, where his first wife and a son lie buried. He was married a second time a year ago.

The late Edward Whitney of Waterville and John Whitney of Avondale were brothers and Mrs. W. J. Davis of Waterville, Mrs. S. E. Bowles, Boston, Mrs. Sarah Davis and Mrs. Mary Tracey of Yarmouthville, Me., are sisters.

UNWISE GREED

Archie Fraser has been in Perth the past few days trying to secure the necessary land about the Tobique Narrows on which to build the proposed pulp mill, but it is understood that the owners have put a prohibitive price

on their property, so much so that other sites are being investigated.

The people of Tobique Narrows have been waiting for a long time for this development and now it is too bad to drive it to the miller's hand, which will inevitably happen unless they sell at a reasonable price.

The very same thing happened when the Fraser Co. went to Edmundston to locate their mill there. The owners of the first chosen site put the price beyond reason, which forced the Fraser Co. to seek grounds in another locality and now the owners of the first chosen site are grieving over their mistake. It is not long since a former property holder of Perth drove a good industry elsewhere by refusing a reasonable price for his land. Why not offer some inducement for a great development rather than push it away?—Victoria Co. News.

NEW BRIDGE PROGRESSING

It is now possible for pedestrians to cross the river by way of Hartland bridge. The N. B. Construction Co., who have the contract for rebuilding the piers and completing the bridge, have for their own convenience constructed a foot bridge from the end of the old bridge across to the western shore and the public is allowed to use it. It is a great convenience and highly appreciated.

The Company is getting well down to work on their job, and have brought five sections of construction paraphernalia here. Workmen are in demand and earn from 40 to 50 cents an hour, according to ability and skill. They work about 12 hours a day.

The N. B. Construction Co. has absorbed the well known contracting firm of Powers & Brewer, and the Messrs. Powers, Grand Falls men, are in charge here. The Company has also several other important jobs on hand. They have rented a portion of H. N. Boyer's building near the bridge for an office.

RIDEOUT-SHAW

A quiet wedding took place at the officiating minister, Rev. M. B. Canon of Woodstock on Aug. 12 at 2 p.m., when Gerald Miles Rideout, son of Mr. and Mrs. Miles H. Rideout of Somerville, and Miss Grace Mabel, eldest daughter of Allison H. Shaw of Middle Simonds were united in marriage.

The bride looked charming in a travelling suit of navy tricot and tailored hat to match. After the ceremony the bridal party, accompanied by Mr. and Mrs. Arnold Rideout, the former a brother of the groom, motored to Fredericton and St. John and other points. They returned home on Saturday.

Motored Here From Boston

Harrie E. Currie and Mrs. Currie motored here from Boston last week and as the guests of his mother, Mrs. Jackson Currie, his sisters, Miss Sadie Currie and Mrs. F. H. Boyer, and his brother, Arthur Currie. They left Boston at 8 a.m. on Friday and arrived at Hartland at 5 p.m. the following day. Mr. Currie is doing a splendid business as a public accountant.

UNITED FARMERS IN ROUSING MEETING

Gather at Woodstock Where They Hear Inspiring Speeches and Decide to Branch Out

The first of a series of meetings to be held throughout the province by the United Farmers was successfully carried out on Island Park, Woodstock, on Monday afternoon.

A circular was sent out all over New Brunswick by the central organization asking if the farmers were willing to organize branches. There were more than seven hundred replies in favor, and as a result meetings will be held during the month throughout the province and every county will be organized. John M. Pratt of Winnipeg, O. Gordon Sharpe, Provincial Secretary, Pembroke, and T. W. Caldwell, M. P., Provincial President will be the principal speakers.

Mr. Caldwell has just returned from Winnipeg where the Canadian Council of Agriculture held a convention at which it was decided that every county in Canada should be organized.

The county meeting was held in the grand stand at Island Park in the afternoon. There were 400 men and women present. W. B. Reed of Knoxford, was chairman; C. Gordon Sharpe, central secretary, opened the meeting with an able address dealing with development of the association in New Brunswick and pointing out the need for organized effort. This was well received and followed by an address by Thomas W. Caldwell, M. P.

Mr. Caldwell dealt very definitely with certain phases of the legislation as the last session of parliament, laying special stress upon the Order-in-Council granting credits to Greece and Roumania amounting to \$50,000,000, with which manufactured goods were purchased from government members. Mr. Caldwell said the chances of payment of this amount is very remote, and the chances are that the taxpayers of the Dominion will eventually have to pay for the goods.

These persons sold at wartime prices. Mr. Caldwell also dealt with the ship building programme and showed how credits extended for this purpose amounting to \$20,000,000 probably would eventually have to be paid for by Canadian tax payers.

A FINE PIECE OF SIDEWALK

Hartland town possesses at least one very excellent piece of sidewalk and it has not cost the corporation one cent, and, besides, in its building the street along which it lies was made two feet wider. The walk was built by H. H. Hatfield in front of his fine property on Main street and, five feet wide, extends from the corner of Queen street north a distance of about 150 feet. It is made of heavy concrete on a thick bed of gravel and should well withstand the frost. Mr. Hatfield intends building a stone wall along the front of the lot between his house and The Observer Office, and turning the lot into a decorative flower garden. When completed it will add very materially to the pleasing appearance of the town.

MERCHANT IS OUT WITH THE FACTS

Feels it His Duty to Tell Others How Well Tanlac Made Him Feel

"I feel that I am only doing my duty when I recommend Tanlac for it is the direct cause of my being in better health to-day than I have been for years," said Elijah N. Thomas, Lower Sackville, Halifax, N. S., who is well known in that locality, having been in the general merchandise business for the past eighteen years.

"For the past six years I had suffered from a bad form of stomach trouble, and although I had tried many different treatments and medicines I never found anything to help me until I started taking Tanlac. My appetite was so poor that many times I would get up from the table without touching a bite and when I did eat a little something I would have a terrible distressing feeling in my stomach, gas would begin to form and press against my heart causing it to palpitate dreadfully and I had great difficulty in breathing. I was constantly belching up sour undigested food, suffering with heartburn nearly all the time, and there was always a bad taste in my mouth. Then, too, I would have terrible cramping pains which at times were so bad I could not straighten up when walking and would have to go around all humped over. I got up almost every morning with a dull, mean headache which would stay with me all day. I felt tired and worn out all the time and often was in such misery and felt so badly that I just had to leave the store and go home and lie down. I was losing weight all the time, gradually getting weaker, could get but little sleep, and when I started taking Tanlac was in such a miserable, run down condition it is impossible for me to describe it.

"I saw so many statements from persons who had been benefited by Tanlac I decided to try it. I will have to say, however, I was rather disappointed with the results of the first bottle, and was on the verge of giving it up, but my wife persuaded me to try another bottle, reminding me of the fact that my case was of long standing. I am now certainly glad that I did, for while I have only taken five bottles, my stomach is in good condition and I can eat just anything I want without having the slightest discomfort afterwards. I am never troubled with the distressed feeling in my stomach, gas or heartburn and am entirely rid of those cramping pains. I sleep fine, never have a headache and that tired, worn out feeling is gone. Yes, sir, I think Tanlac is a grand medicine and I would advise anyone to give it a trial."

Tanlac is sold in Hartland by Estey & Curtis Co., Ltd., in Grand Falls by Wiley Drug Co., in Bloomfield by E. L. Field and by the leading druggists in every town.

HARTLAND, N. B., AUGUST 19, 1920

THE ROAD TO PEEL

Early in the summer the Department of Public Works started in to rebuild the main river road to Peel and a most ambitious plan was outlined. That master road-builder, W. C. Craig, was placed over the job with Frank Hayward of Jacksonville as foreman. In the preliminary work much skirting was done, the road-b-d widened to full width and the whole thing ploughed up. It was a real pleasure to endure the bumps in passing over the road so long as the big crew was there at work. And even the critics of the government warmed at the prospect. Then came orders to quit work. The crew broke camp and went home. And the road, when fall rains come, will be a sorry thing—worse than it was last spring, and to say that is a whole mouthful.

The Observer does not know whose blundering incompetence is responsible for the cessation of work. It does know that the people were immensely pleased with the work while it was going on, and properly disgusted when it ended.

CAR WENT OVER BANK

What might have proved a fatal accident occurred at East Florenceville last Wednesday when the large McLaughlin car owned and driven by Harry Smith went over the bank directly opposite the Bank of Nova Scotia, which is about as steep a place as there is along this part of the river. Instead of stepping on the brake he stepped on the accelerator and the car shot forward just as he was turning and went over the bank. How he escaped death or why the car didn't go over is a miracle. One wheel was damaged and the top.

Killed by Gasoline Engine

Herbert Rogers of Carleton Place, Victoria county, met a terrible fate recently by being caught in a belt he was attempting to put on a gasoline engine. The belt wound itself around Rogers' neck. Rogers was fifty-two years of age. He leaves a wife and five children. He was very industrious and was greatly respected.

Yankees Want to Settle Near Hartland

On Sunday Hartland was visited by two men from Aroostook county who were enquiring for a farm which they could buy near Hartland. They were of the expressed opinion that Hartland was the best town on the St. John river, and were convinced that a good farm near the town would yield them a fortune in a short time. Of course in this they were right. One local man invited them to come on a week day and he would show them a property that would interest them, but that it was not a custom of "the province people" to dicker on the Sabbath.

HARTLAND TEAM WINS MORE THAN IT LOSES

Game With Grand Falls Last Evening Was Real Base Ball Science and Ended 2 to 2

Last evening the most interesting game of the season was played on the local diamond when Grand Falls tied in a score of 2 to 2. The errors were remarkably few and there would have been a moment of great excitement if the oncoming darkness had not put an end to the sport. Following is the score:

Grand Falls—0 0 0 0 0 0 2—2

Hartland—1 1 0 0 0 0 2—2

Last week Plaster Rock came to Hartland and made one bare run against Hartland's 14. But they were good sports and what they lacked in skill they made up for in pluck, which, however, will not alone make scores very high.

Hartland went to Perth on Monday and got neatly trimmed in a score of 8 to 3.

Tomorrow afternoon, McAdam comes here for a battle royal. It will be recalled that Hartland was whitewashed by McAdam two weeks ago, and also a number of years ago—the only times the two teams ever came together. Fun tomorrow is surely in store and the whole country-side is likely to be here to witness it. The game will start at sharp 5.30.

DARING THIEF SWIPES CASH

On Saturday, between the hours of 2 and 4 p.m. some sneak thief entered the residence of H. H. Hatfield and abstracted a lady's hand-bag, the property of Miss Helen Raymond, which contained a large amount of money.

Miss Hatfield and Miss Raymond were busy about the house at the time and the front door was open and the bag had been left in the hall. Miss Raymond has a very good idea where the money went and authorizes The Observer to say that if the money is returned by Saturday at 2 p.m. there will be no arrest. The offer is a fair one and will likely be accepted for the thief must realize by this time that he went to the wrong house to cut up any funny capers.

This is the second occasion within two weeks where places have been entered and large sums of money stolen. The robberies are barefaced and open, and the microscans not very well concealed. Sayre's store was also broken into a short time ago.

Fall That Might Have Been Worse

Last evening Mrs. Frank Day, wife of the manager of Hotel Carleton, fell from the balcony at the rear of the hotel to the ground, a distance of about 15 feet. She was helped up and Dr. Macintosh and nurses were quickly on hand and the injured woman was promptly attended to. No bones were broken, but she suffered severe cuts and abrasions, and a very severe nervous shock. It is remarkable that she could take such a nasty fall and escape more serious injury.

The Nurse told
Her to Give

OLIVEINE EMULSION

THE GREAT HEALTH RESTORER

South Brookfield, Queens Co., N.S., Oct. 1913.
"Our little girl was very sick with Stomach Trouble and
different foods were recommended, but everything failed
until a nurse told me to give her OLIVEINE EMULSION.
She is now a big, healthy baby and I would not be without it
in the house. For coughs and colds and a health builder,
it is the best to be had. We recommended OLIVEINE
EMULSION to quite a few who were suffering from the
effects of influenza and they used it with good results."
(Name on request)

OLIVEINE EMULSION is more than an ideal
cough remedy, to pave the way for a quick recovery
from heavy colds and deep-seated coughs. It is a body
builder—gives strength to the weak—tones up and
invigorates the whole system. It is pleasant to take
and is agreeable to the most sensitive stomach.

Sold everywhere.

Healthy, Happy Boys and Girls

Is your child healthy? Is he or she up to standard weight, of good color, with plenty of rich, red blood to nourish the growing tissues?

For children who are thin, pale, anaemic, under weight, nervous, restless, sleepless, Dr. Chase's Nerve Food is of the greatest benefit imaginable.

Being mild and gentle in action, and yet wonderfully potent as a restorative, it soon makes the blood rich and builds up the feeble nerves.

PAINS SO BAD STAYED IN BED

Young Mrs. Beecroft Had Miserable Time Until She Took Lydia E. Pinkham's Vegetable Compound.

Hamilton, Ont.—"I have suffered for three years from a female trouble and consequent weakness, pain and irregularity which kept me in bed four or five days each month. I nearly went crazy with pains in my back, and for about a week at a time I could not do my work. I saw Lydia E. Pinkham's Vegetable Compound advertised in the Hamilton Spectator and I took it. Now I have no pain and am quite regular unless I overwork or stay on my feet from early morning until late at night. I keep house and do all my own work without any trouble. I have recommended the Compound to several friends."—Mrs. EMILY BEECROFT, 269 Victoria Ave. N., Hamilton, Ontario.

For forty years women have been telling how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It is made from native roots and herbs and contains no narcotics or harmful drugs. For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

Sale - THURSDAY, FRIDAY and SATURDAY - Sale

This ONE CENT SALE Plan was originated by the United Drug Company for the Rexall Drug Stores. The United Drug Company are the largest manufacturers and buyers of Toilet Articles, Remedies, Chocolates, Perfumes, Rubber Goods, Stationery and Drug Sundries in the world, and this is an advertising plan pure and simple, of which they bear most of the expense. Instead of spending money in the regular way, such as Free Samples, etc., it is their desire that we place full size packages, or articles, in your hands, giving you an opportunity to judge the real value of these goods, the cost of which they charge to advertising. We will only be permitted to run this sale occasionally. Beware of imitations in other stores, and take advantage of this exceptional opportunity. We can not afford to charge or deliver goods during this sale. So please don't ask us to do it. These prices do not include the War Tax.
