Have been received this month

And there are Hundreds More to be delivered as orders were accepted

FOR FALL BUY EARLY

Prices are going higher every few days, we figured they would and that's why we bought almost everything in sight a good many months ago.

WE ARE ALLRIGHT, and you are allright as long as our stock holds but when we have to repeat at today's prices, then look out.

OUR VERY LARGE CONTRACTS for almost everything in our way, is going to save hundreds of dollars to the people of Colchester during the next few months. Prices with us were fixed long ago and will not be changed not war profitters.

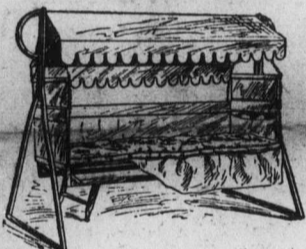

TO OUR FRIENDS OUTSIDE TRURO, we advise you to buy all your staple line from your local store, he has them cheaper than you can buy in Truro, his orders were placed long ago, at prices away back, we know we sold most of them the goods, and today they will sell you these goods less than we can.

Don't come on Wednesday Afternoon until we say when

A COLD DIP IN ALBERTA.

Edmonton, Alta. July 24. Northern Alberta has come dangerously near the freezing point in the last twenty four hours. Lowest temperatures reported 32 with a north west wind. Snow fell at Calgary.

OFFICIAL CASUALTIES ON EUFRATES.

London, July 24. The operations on the Euphrates in March and in the neighborhood of Kirkuk in April resulted in inflicting on the Turks casualties amounting to about ten thousand men, of whom 7,500 are prisoners of War. Thirty guns and much other war material were captured.

MUNITION FACTORY LOST IN GERMANY.

Amsterdam, July 24. An ammunition factory at Pleury was partly destroyed on July 19 by a fire due to an explosion according to a Berlin despatch. A great many lives were lost and considerable damage was done.

REPORT CHINA WILL TAKE A HAND IN SIBERIA.

London, July 24. According to the Daily Mail Tein Tzen correspondent telegraphing last Friday, China will participate in the intervention in Siberia. The correspondent says this decision was taken July 18 at a meeting of cabinet officials.

FOR DEFENCE OF MURMAN REGION

Text of an agreement between the Representatives of Great Britain the United States, France and the Murman Regions. Council for the defence of the Murman Region against the powers of the German Coalition. The Russian forces will be under the command appointed by the Council, but admission of Russian volunteers into the allied forces will be permitted, according to a Russian message.

The three Entente Powers are to provide the Russian command with the necessary help in equipment, supplies, transports and instruction for the Russian armed forces. They agree not to interfere with the home affairs of the region.

In view of the impossibility of importing necessary food from Russia, the three Powers promise, as far as possible, to secure food for the whole population of the region, the distribution of which will be carried out by trustworthy Russian troops.

On the Soissons-Rheims front the Allies continued to gain ground

NEW GERMAN PEACE PROPOSALS - WANTS A CONFERENCE.

Amsterdam, July 24. Germany has made suggestions to the Spanish government, for a Peace Conference says the Socialist organ Zeitung Vorwaerts, of Berlin.

The suggestions are:
First—Germany wants no an exactions or indemnities in the West.

Second.—The peace treaties with Russia and Roumania may not be mentioned.

Third.—The principle of self determination of peoples has not been discussed but may be settled at the peace conference where the fate of Belgium may be settled.

Fourth.—The Balkan question is to be settled around the conference table

Fifth.—the freedom of the seas the dismantling of Gibraltar and the Zucz Canal and the right for Germany to use coaling stations.

Sixth.—The Colonial question is to be settled on the basis of the Status Quo.

The Vorwaerts considers this is a very reasonable peace program.

ALLIES ARE STILL WINNING—GERMANS LOST 180,000 MEN IN LAST WEEK.

With the French Army in France, July 24.

Tuesday was another successful day for the Allies along the entire active battle fronts. The bag of prisoners captured by the French north-west of Mont Didier numbered more than 1,500. The victory was gained with very slight losses.

Farther south ward on the northern side of the Marne, French and American troops met several strong German attacks, to which they responded with vigorous counter-attacks, as a result of which the allied line was again advanced. The Americans made their mark in heavy fighting in the vicinity of Arrahillon wood. On the eastern side of the salient the British and French advanced an average of one kilometer.

The British increased the number of prisoners taken in three days to 1,100 by capturing three hundred.

Approximately 180,000 dead, wounded and prisoners have been lost by the Germans since July 18. The enemy continues to burn stores and munitions within the salient, evidently being fearful that the future will see him driven back much farther.

GERMAN COUNTER FAILED NEAR VEIGNY.

Paris, July 24.

The Germans last night delivered a counter-attack upon the Allied lines in the vicinity of Veigny, five miles south-west of Rheims. The war office announced today that the attack had been repulsed. There was great activity by the artillery during the night along the front between the Aisne and the Marne and northwest toward Rheims.

RUSSIAN ARMY MOBILIZING.

Amsterdam, July 24. General mobilization of the Russian army began on July 7 according to Moscow advices received here.

FOCH ON INITIATIVE ON ALL BATTLE FRONTS.

Paris, July 24. The enemy according to reports, now has thirty-five divisions, in the battle scene 400,000 men of which are in the region north of the Marne. General Foch has the initiative on all the battle fronts and it is believed it will take the Germans at least two or three months to get up another full-scale offensive, meanwhile American troops continue to land.

BIG LINER GOT BY SUBMARINE.

An Atlantic Port, July 23. The giant white star liner justice has been torpedoed and sunk. It is believed no loss of life occurred. The justice was formerly the Dutch steamer Statendam which was taken over by the British Government on the stocks at Belfast when she was nearing completion. She was a vessel of 32,234 tons gross.

HOME COMFORTS FOR FIGHTERS.

Queen Alexandra One of Anglo American Board to Provide Extra Rations.

London, July 10.—A committee of English and Americans has been formed, with Queen Alexandra as patroness, to provide American soldiers at the front home comforts they cannot obtain at canteens. The committee's activities will include correspondence with the troops and "adoption" of soldiers.

Major George Haven Putnam, an American publisher, and Lady Weston, of Cambridge, suggested the plan.

Sir Charles Weston is Chairman of the Committee, and among its members are the Duchess of Bedford and Lady Lowther.

Queen Alexandra wrote the committee:

"The scheme to provide parcels for the splendid American fighting men at the front I think is first rate. As their relatives and friends are so far away let us take their places. It will give me the greatest pleasure to become patroness of such an organization, and I will do my best to help it."

Mrs. D. Nelson, Tatamagouche—Treasurer.

Mrs. D. Pugsley, Maccan—Home Mission Secretary.

Mrs. Rufus Christie, River Hebert—Literature Secretary.

Mrs. D. W. MacDonald, Amherst—Young Peoples' Secretary.

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Lemon juice takes off tan. Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quart of the best freckle sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms, hands and feet each day and see how freckles, sunburn, windburn and tan disappears and how clear, soft and whitt the skin becomes. Yes, it is harmless.

Every 10c Packet of **WILSON'S FLY PADS** WILL KILL MORE FLIES THAN \$8.00 WORTH OF ANY STICKY FLY CATCHER

Clean to handle. Sold by all Drug-gists, Grocers and General Stores.

SWINIMAR—ELDERSHAW.

The marriage of Miss Cora Eldershaw of Clam Harbor, and Raymond Swinimar, of Halifax, took place at the Manse, Musquodoboit Harbor, on Saturday, June 29th, Rev. J. Macaskill officiating. On account of the recent death of the bride's father, the wedding was very quiet. The bride, was attired in a suit of black serge and a pretty black and white hat, and looked very attractive.

The young couple have the best wishes of their friends.

THE BACK ACHE.

Possibly you do not realize that this indicates derangement of the kidneys. Neglect usually means the development of Bright's disease. You know how dreadfully painful and fatal that is.

There is quick relief for the kidneys in the use of Dr. Chase's Kidney-Liver Pills. This medicine is known in the great majority of homes as the greatest of regulators.

TRAVELLING FAKIRS.

Pictou Advocate:—In our Maritime Province news last week there was an item re the arrest of a man on a charge of obtaining money under false pretenses at Pugwash, N. S. This man operated through Pictou County as an eyesight specialist and is reported to have had many victims. What glasses he did supply were no good and in some cases, it is claimed, he failed to furnish glasses after being paid for them. It is wonderful the ease with which travelling fakirs peddling eye glasses find victims. One would think that by this time everybody would know enough to avoid these swindlers and to entrust the care of the eyesight to none who had not well established reputations.

BALL PLAYER KILLED BY LIGHTNING.

Fredericton, July 17.—Lee, the second son of Mr. and Mrs. Charles N. Goodspeed, of Penniac, aged 17 years was instantly killed at that place, last night, by lightning while playing as third baseman for the Penniac baseball team against Marysville. The fatal bolt was accompanied by a tremendous clash of thunder. No rain was falling at the time.

The electric discharge struck the young man on the right side of the head, and passing across his body entered the ground at his left foot. His clothing was torn practically off him and his boots also.

Several Marysville players were affected by the lightning. Herbert Collins had the hair on his head burned; Basil Flanagan and Robert Stafford were stunned by the same bolt.

Some 75 people of Marysville, Penniac and neighboring places were gathered to the game and all witnessed the tragedy. A number were more or less affected by the electrical discharge.

Dr. R. M. Mullin, coroner, decided that death was accidental. He deceased is survived by his parents, five brothers and four sisters.

The thunder storm was very severe but Fredericton escaped the worst of it. The Nashwaak Valley, in which Penniac is situated, usually receives the heaviest part of electrical storms in this section of the country.

J. W. BLANCHARD, WINDSOR, REGISTRAR FOR HANTS CO., RECEIVES CONGRATULATION FROM CHIEF.

The following telegram is self-explanatory:—

Annapolis, N. S. July 1st, 1918.

To John Blanchard: "Allow me to congratulate you upon being the first registrar in Nova Scotia to send in report and wind up your registration business."

GEORGE E. CORBITT, Supt. of Registration, Nova Scotia.

Send a Dominion Express Money Order. Five dollars costs three cents.

LIEUT. MAC WALLACE LOOPS THE LOOP.

Flight-Lieut. 'Mac' Wallace, who is at present spending a furlough here with his parents, Mr. and Mrs. B. W. Wallace, is a daring and skilled aviator as the following extract from a Toronto paper indicates:

Beaches residents and the thousands of people who live at Scarborough Beach and Kew Gardens were treated to an exceptional exhibition of aeronautics yesterday afternoon when the machine piloted by an aviator from Leaside camp in the 78th squadron coming at a height of about 3000 feet suddenly stopped the engine and side slipped, looped-the-loop and did all the dangerous tricks except falling into the lake. It sailed back and forth from Victoria Park to Waverly Road for nearly an hour and the curves and loops it described in the beautiful sunlight will long be remembered by the spectators.

(The above from a Yorkton, Sask., paper will be read with much interest. Lieut. Wallace, who is only 17 years of age, is a grandson of Mrs. Irene Fitch, of this town, his mother, formerly Miss Mamie Fitch, and his father, Mr. Burpee W. Wallace, are both well known in Wolfville.)—Acadian, Wolfville.

TO SALUTE ALL RETURNED WOUNDED AND CRIPPLED SOLDIERS.

Toronto, July 5.—All male pupils of the high and public schools of Toronto will be instructed to salute all returned, wounded and crippled soldiers, whether in uniform or multi, when meeting them in public places. Such was decided at the meeting last night of the Board of Education. The motion carried unanimously. The form of salute will likely be decided upon by the Cadet Instructor.

SUPREME COURT DISMISSES APPLICATION OF WRIT OF HABEAS CORPUS.

Ottawa, July 19.—The supreme court at 2.15 p.m. today dismissed the application for a writ of Habeas Corpus made on behalf of Private Gray.

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn root and all, lifts out with the fingers.

It is a sticky compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue of skin. It is claimed that a quarter of an ounce of freezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.

You are further warned that cutting at a corn is a suicidal habit.

THE ECHO.

You always know what an echo will do; Whatever you say, it sends back to you.

If you speak gently, with voice low and sweet, The echo our words and tone will repeat.

If your words are cross and your voice is shrill, The answering voice sounds crosser still; Send a pleasant call with might and main, You will hear a happy shout again.

When we are happy and cheery and bright, The world around is sure to go right.

We must be careful of voice and of word, For they come back—as life's echo is heard.

Exchange

Certain morbid conditions must exist in the stomach and intestines to encourage worms, and they will exist as long as these morbid conditions permit them to. To be rid of them and spare the child suffering use Miller's Worm Powders. They will correct the digestive irregularities by destroying the worms, conditions favorable to worms will disappear, and the child will have no more suffering from that cause.

DEATH NOTICE AND CARD OF THANKS.

There passed away at Stewiacke heart failure after an illness of but four hours, Verna Emley Margaret, infant child of Mr. and Mrs. J. G. Colver aged six months.

Once more our home has been saddened by death cold and chill. God loves his little children He doeth all things well.

MOTHERS VALUE THIS OIL

Mothers who know how suddenly a group may seize their children and how necessary prompt action is in applying relief, always keep at hand a supply of Dr. Thomas' Electric Oil, because experience has taught them that there is no better preparation to be had for the treatment of this ailment. And they are wise, for its various uses render it a valuable medicine.

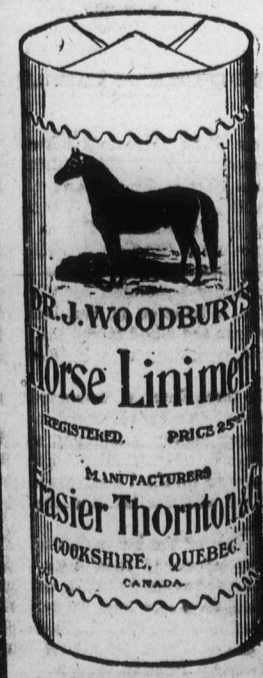

"ORANGE LILY SAVED MY LIFE"

These words or expressions having the same meaning are contained in hundreds of the letters I have received during the past year. Many were from women who had suffered agonies from falling of womb; others from women who had escaped dangerous surgical operations, as the tumors and ulcers had been removed by the action of Orange Lily; and others who had suffered from suppressed menstruation, leucorrhoea, painful periods, etc. For all these and the other troubles known in general as Women's Disorders, Orange Lily furnishes a positive scientific, never-failing cure. It is applied direct to the suffering organs, and its operation is certain and beneficial. As a trial actually proves its merit, I hereby offer to send, absolutely free, a box worth 50c, sufficient for ten days' treatment to every suffering woman who will write for it. Enclose 5 stamps.

HAS FINE STOCK.

Central Onslow, N. S., Editor Maritime Farmer.

Dear Sir: We find the Maritime Farmer a good medium in which to advertise live stock. It always brings results. Some of our recent sales are as follows:—A bull to Black River Agri. Society, Black River, C. B. Three cows to Le Moine Bros., North Sydney, C. B. A fine two year old heifer to C. E. Hamilton, Lower Truro, N. S.—this is the third heifer that Mr. Hamilton has purchased from us this winter. The last one is a granddaughter of Miss La Handa, a cow that is quite well known to Maritime Province stock men.

Mr. A. D. Parker, Walton, Hants Co., N. S., got a fine pair of sisters, a yearling and a calf that will make him a fine foundation for a pure bred herd. Mr. Parker has been using pure bred bulls for some time, but decided to go a step further and get some females. We predict success to Mr. Parker with these heifers.

Mr. C. J. Cock, Central New Annan, N. S., purchased a very fine bull calf that should do a lot of good in his district. Mr. R. H. Putnam, Lower Onslow, got a nice young bull. This is the fourth bull that Mr. Putnam has purchased here. We also sold a promising bull calf to Wilson Loggie, Loggieville, N. B. Mr. W. B. Jackson, Scotch Lake, N. B., gets a fine heifer calf, (shipping its dam, which is a heifer), its eight nearest dams average 100 lbs. milk in one day and 29.98 lbs. butter in 7 days in official test.

Mr. Hugh Armstrong, Granville Ferry, N. S., gets a nice heifer calf. Mr. L. L. Archibald, Middle Musquodoboit, N. S., gets a bull calf and a yearling heifer sired by Colony Canary Ragapple, the bull owned by the N. S. Agricultural College. Mr. Archibald lives in a valley that has been lately opened up by railroad and has decided to go into dairying.

We have still quite a few bulls and heifers of different ages to sell. We will sell nothing that we would not be willing to keep ourselves for breeding stock. They are all in real good breeding condition, not one off in condition in our stable.

McLEAN and McKAYS BUILDING a FINE 400TON VESSEL at CENTRAL ECONOMY.

Messrs. McLean and McKay, the well known Truro lumbermen, operating on their large timber property at Economy, Col. Co. have commenced shipbuilding operations. They have a fine three masted 400 ton schooner on the stocks and nearing completion in their ship yard at Central Economy. This vessel is in size, keel 136 feet, beam 33 ft, depth of hold 12 feet. This enterprising firm have installed up-to-date machinery and other modern methods used in connection with shipbuilding. They include compressed air appliances also special hand sawing and edging machinery. Forty men are employed on this vessel working hard to have her ready for launching the last of September. The Master builder in this ship yard is Mr. J. Faulkner, of Lower Selma, N. S., an expert and very capable shipbuilder of large experience. Immediately this three masted is launched and made ready for sea, she will be chartered by one of the largest concerns in Canada. Messrs. McLean and McKay intend to start building another large vessel as soon as possible after the launching of their present ship is out of the way. Messrs. McLean and McKay are very fortunately situated having in their possession a first class milling plant, and an unlimited supply of shipbuilding materials.

"BLEAT"

THE THINGS WORTH WHILE

It's the kindly hearts of earth that make
This good old world worth while,
It's the lips with their words that wake
The care-erasing smile.
And I ask my soul this question when
My goodly gifts I see—
Am I a friend to as many men
As have been good friends to me?
When my brothers speak a word of praise,
My wavering will to aid,
I ask if ever their long, long ways
My words have brighter made.
And to my heart I bring again
This eager, earnest plea—
Make me a friend to as many men
As are good, staunch friends to me.
—Nixon Waterman.

Mr. M. C. Webster, station master, at Pictou since February, 1885, retires from the position the coming week to take superannuation. Mr. Webster will not, however, allow himself to rust, for on retiring from the railroad he will assume the management of the Pictou branch of the Dominion Express and C.P.R. telegraph office. Mr. Webster is one of the oldest railroad men in the government service, having started his railroad career at Stellarton in 1873. Recognized as a most capable official by the railroad management, he handled smoothly and efficiently the big business which passed through Pictou when, for years, it was the funnel through which flowed the bulk of the Island traffic. His unflinching courtesy and willingness to oblige made him most popular with the many business men with whom he came in contact. His new employers are to be congratulated on securing his services. The foregoing is from the Pictou Advocate and speaks the minds of all who know Station Master Webster of Pictou.

ENGLISH WAR GIRL DECORATED BY FRENCH PREMIER.

Paris, July 22.—Upon recommendation from General Foch, Premier Clemenceau has decorated Miss Fraser an English ambulance driver with the Cross of the Legion of Honor and the war cross. The citation reads: "Charged with the transport of wounded men on Thursday night under heavy bombardment, she recovered two seriously wounded men from a torpedo which destroyed her ambulance. She had the superb courage to reach the hospital two hundred feet away afoot to inform the doctor of the plight of the wounded men. She then fell unconscious. When transported to the hospital for an operation she insisted that her wounds should not be treated before the doctors attended the injured men for whom she was responsible."

ANOTHER NAME FOR DAIRY INDUSTRY'S HALL OF FAME.

For many years the world's dairy interests have paid homage to two men who did more than all others towards the development of dairying on the farm—Dr. Carl Gustaf Patrik De Laval, inventor of the centrifugal cream separator, and Dr. S. M. Babcock, who discovered the Babcock test. Now a third illustrious name has been added—that of Dr. E. V. McCollum, Professor of biological Chemistry in the John Hopkins University, School of Hygiene and Public Health, who has proved beyond dispute that there is some unknown substance contained in butter-fat which is absolutely necessary in the human diet if the race is to survive and progress.
Dr. De Laval's invention revolutionized farm dairying, in that it enabled the cow owner to do away with the slow, wasteful inconvenient methods of milk separation, and to recover quickly, easily and economically ALL the butter-fat from milk.
Dr. Babcock's discovery was of equal importance, inasmuch as it not only established a new standard for appraising the market value of milk but supplied the means of gauging the worth of the individual breed and the individual cow as producer.
Dr. McCollum's discovery, coming at a time when the dairy industry was facing a crisis, has dealt butter substitutes a crushing blow and at the same time laid bare the folly of a decreased consumption of milk.
His writings and lectures have won for him the appellation of "the saviour of industry."
It has well been said that in every time of stress a man to save the day has been raised up.

AREAS UNDER PRINCIPAL GRAIN CROPS AND HAY.

For all crops, except peas, the estimate of areas in Canada sown to spring grains is less than it was a month ago. The decrease being caused by unfavorable weather conditions in the West. For wheat, the total acreage is now estimated at 15,838,000, or 7 p. c. more than last year, spring wheat occupying 15,497,300 acres, or 10 p. c. more than last year and fall wheat 340,700 acres or 53 p. c. less than last year. For oats the area sown is now placed at 18,784,000 acres, or 4 p. c. more than last year, for barley the area is 2,403,751 acres, and for rye 228,900 acres. Peas occupy 205,730 acres, mixed grains 1,400 acres, hay and clover 3,016,258 acres and alfalfa 102,900 acres. In the three prairie provinces the area shown to wheat is 14,964,000 acres comprising 2,618,000 acres in Manitoba, 9,101,000 acres in Saskatchewan and 3,245,000 acres in Alberta.

Later Sown Cereals and Hoed Crops.

The estimated acreages of later sown cereals and hoed crops, as compared with 1917 are for all Canada as follows: Buckwheat 407,800 as against 395,977; flax 927,800 as against 919,500, corn for husking 213,400 as against 234,339 beans 105,560 as against 92,457, potatoes 686,300 as against 656,958, turnips, etc., 216,970 as against 218,233 sugar beets 13,200 as against 14,000 and corn for fodder 344,700 as against 366,518. The area under beans shows an increase of 14 p. c. and that under potatoes an increase of 4 p. c. The areas sown to both of these crops is the largest on record; the increase of beans is chiefly in Quebec and of potatoes in Quebec and in Alberta.

MORE STUFF FROM THE LYING HUN.

Under the heading "A Shameless English Lie" the Rheinische Westfalische Zeitung of Essen contends that the vessel probably struck a mine, but "even if she was torpedoed it was most probably rightly done as most overseas hospital ships are and."

This is to certify that fourteen years ago I got the cords of my left foot nearly severed, and was for about three months that I had no use of my left foot and tried other Liniments, also ointments, and was receiving no benefit. By a persuasion from a friend I got MINARD'S LINIMENT and used the bottle which completely cured me, and have been using MINARD'S LINIMENT in my family ever since and find it the same as when I first used it, and would never be without it.

FOR THE BABY.

Hiddy-Diddy! Hiddy-diddy!
Five small chicks, and one old biddy!
"Cluck!" says Biddy, "cluck, cluck, cluck!"
Scratch as I go!—try your luck!"
How the chickens, one and all,
Crowd around her at her call!
One chick, missing, peeps to say,
"Chirp! chirp! chirp!—I've lost my way!"
Shriller and shriller comes the sound!
"Chirp! chirp! chirp! I shall be drowned!"
Biddy clucks and bustles quick:
"Where, oh, where's my little chick?"
Mister Rooster hustles too,
Screaming "Cock-a-doodle-doo!"
Biddy, I just chanced to look,
And saw your bantling in the brook!
"Gob!" shrieks Turkey, "gob, gob, gobble!"
Mrs. Hen, you're in a hobble!
Why don't some one stir about,
And help your little chickens out?"
"Moo!" roars Sukey, "Moo, moo, moo!"
What is there that I can do?"
"Uff!" grunts piggy, "uff, uff, uff—
Say you're sorry, that's enough."
"Quack!" says Ducky, "quack, quack, quack!"
I have brought your chickens back!
"Oh!" says Biddy, "cluck, cluck, cluck!"
Thank you! thank you! Mrs. Duck!

NOVA SCOTIA FULFILLS HER DUTY TO THE RED CROSS.

Hants Co. Over-Subscribes Amount Asked.

The Red Cross 1918 Campaign for Nova Scotia closed on Monday night, and we are pleased to learn that over and above the amount (\$250,000) has been subscribed.

For the County of Hants, the following amounts are approximate: Town of Windsor, between \$3,500 and \$3,600.

Hantsport	\$900.00
Mt. Denson	82.30
Lower Falmouth	281.75
Upper Falmouth	61.40
Avondale	650.00
Shubenacadie, Milford	880.00
Elmsdale, Enfield and Nine Mile River	394.00
S. Maitland and Maitland	500.00
Scotch Village	180.00

Other returns are not complete, but it is confidently expected that the amounts will aggregate \$9,500, which is \$500 over the allotment for Hants. Windsor's Share was \$3,000. Windsor Tribune.

THE MAGICAL KEY.

Dear boys, have you heard of the wonderful key Which unlocks the ears of the people you see, So they quickly will hear what it is you would say, And always reply in a courteous way? It's a very small key, and quite easy to use, And yours without money or cost, if you choose, Yet unless it is used people often won't hear Your requests, or to misunderstand will appear, Though you shout them out loud; and will sometimes reply Rather harshly, though you can't imagine just why. But just first use the key and attentive they'll be. It will unlock their ears in a jiffy, you'll see, So they'll hear what you're asking, and hear it with ease— And the keys, little boys, is the little word "please," Yes, the little word "please" is his wonderful key— Now take it and use it and watch what you see. —Lee Shippey, in the *Kansas City Star*

BURDENS AND RELIEF.

We were speaking about burdens. Do you know the sweet little poem about the camel? His burden heavy his way is through the desert; and this is what you are thinking about yourself. Read the little poem, and find a suggestion of comfort in it.

"The camel at the close of day
 Kneels down upon the sand plain,
 To have his burden lifted off,
 And rest again.

"My soul, thou, too, shouldst to thy knees
 When daylight draweth to a close,
 And let the Master lift the load,
 And grant repose.

"Else, how couldst thou tomorrow meet
 With all to-morrow's work to do,
 If thou the burden all the night
 Dost carry through?

"The camel kneels at break of day
 To have his guide replace the load,
 Then rises up anew to take
 The desert road.

"So shouldst thou kneel at morning dawn,
 That God may give thee day care,
 Assured that he no load too great
 Will make thee bear."

BIG STEAMER SUNK

New York, July 19.—The British transport Carpathia, 13,603 tons gross, has been sunk by a German submarine off the Irish coast, while outward bound from a British port, it was learned here today. So far known here, no lives were lost. The Carpathia was owned by the Cun Lines. Prior to the war, she was engaged in trans-Atlantic service.

IT IS WISE TO PREVENT INDIGESTION.

Many causes lead to disorders of the stomach and few are free from them. At the first manifestation the stomach and liver are not performing their functions, a course of Parmentier's Vegetable Pills should be tried, and it will be found that the digestive organs speedily resume healthy action. Laxatives and sedatives are so piled in these pills that no other purgation could be so effective as they.

LOCAL AND GENERAL

The Misses Norma and Amelia Cox of Upper Stewiacke and Miss Kathryn Goodwin, Stewiacke and Miss Lizzie Withrow, Elmsdale, spent two weeks camping at "Kamp Jolly" Stewiacke. The young ladies spent a very enjoyable outing at that place.

Mr. Martin Smith, of Glenholme, accompanied by his two sisters, Miss Clara and Mrs. Moffatt, of Lacombe Alberta, were in town on the 22nd.

Mr. Wm. Delaney of North River, Col. Co., who recently sprained one of his ankles, is able to be about his work again.

Miss Florence Taylor who has been visiting her sister, Miss Sadie Taylor, Elm Street, has returned to her home in Middleton, N. S.

Mrs. John D. Lockhart, Elm Street, Truro, and Mrs. Darius Dickenson of Brookfield, Col. Co., with her grand son Master Dick Richardson, have returned home from Londonderry, Col. Co., where they visited Mrs. John A. Lockhart of that place.

Mrs. Robert Cameron and her little daughter Marian left for their home in Vancouver B. C., Wed. night owing to Mr. Cameron having met with a serious accident.

Mrs. G. A. Brison, wishes to express her heartfelt gratitude for the many acts of kindness shown during the illness and death of her husband; also for the beautiful floral tributes.

Mr. M. A. Condon, one of Digby's hustling business men, with his family was in town on Saturday with their car. They were en route for Margaree C. B., where they will spend a few weeks. Mr. Condon informed us that Digby has an average number of tourists this season. The Manhattan, a large hotel as yet has not been opened for guests.

Mr. and Mrs. Wm. Cream arrived home last Saturday from Charlottetown to spend a few weeks at his home, Mr. Cream is managing E. E. Parsons 5 to 25c Branch store of that city.

Charged with grossly seditious utterances, Mr. and Mrs. Pedersen, of Neptune, Sask., are committed to stand trial next October, bail being granted for the man in the sum of \$2,000 and for his wife in the sum of \$4,000. Canvassers for the Red Cross having called on this pair, it is alleged that Mrs. Pedersen said that any woman who raised sons was no better than a brood sow and that if a rebellion started in Canada she would put on overalls and help it along. The man is stated to have said that the German Government was better than any other and that he would not help King George out of a mudhole.

BRANDRAM-HENDERSON LIMITED PURCHASES PLANT AT MEDICINE HAT.

Will Produce Their Own Linseed oil in the West. Bring it East in Their Own Tank Cars.

An important evolution of the large paint industry controlled by Brandram-Henderson Limited has just been announced. This concern has acquired the plant of the Alberta Linseed Oil Mills at Medicine Hat, Alberta.

It is announced that Brandram-Henderson Limited will control and operate the big Medicine Hat plant for the production of linseed oil—which is one of the most important raw materials entering into the manufacture of white lead, paints and varnishes.

Medicine Hat is an ideal location for our Linseed Oil enterprise. It is in the centre of a most important flax producing territory, and is in the very enviable position of having apparently inexhaustible supplies of natural gas for power and light. This has attracted many large manufacturing plants of Medicine, and has made it the leading industrial centre of the West.

The property consists of several large buildings. There is the Mill building proper, modern and complete. A gang of coopers is employed in a separate Cooperage building. The elevator, a building erected only two years ago, has a capacity for storage of 60,000 bushels of flax, most of which will be purchased in carloads and wagonloads in the immediate vicinity of Medicine Hat Separated by ample yard space from the other departments is a fine office building.

The plant has a storage capacity of 42 cars of Linseed Oil and 30 cars of Linseed Oil Cake, in addition to its elevator storage facilities for flax.
