

TANMANY IS CRUSHED IN NEW YORK ELECTION

Fusionist Candidate, Mitchel, Elected Mayor of New York—Sulzer Gets His Revenge—Murphy's Rule is Brought to An End.

(Canadian Press Despatch)
 NEW YORK, Nov. 5.—Each successive recapitulation early to-day affirmed the crushing defeat of Tammany forces in yesterday's elections in this state. The organization was not only engulfed in a plurality of over 110,000 votes with which the fusionists elected John Purroy Mitchel mayor of New York City, but in many up-state districts a severe rebuke was administered to the Tammany Democracy that had been in control of the state since the days of Governor Hughes.

William Sulzer, deposed by Tammany's exposure of his unlisted campaign contributions, was re-elected to public office, less than three weeks having intervened since he was removed from the governor's chair. He will return to office in January as a member of the Assembly. Many of the legislators who voted to impeach him met defeat, with the result that he will sit in an anti-Tammany house. On the basis of incomplete returns it was estimated that the next assembly will be composed of 85 Republicans, 77 Progressives and 48 Democrats. Many of the latter were said to be men of progressive ideas.

The fusionists won the mayoralty contest in New York with a plurality almost as large as that which the Tammany chieftain, Charles F. Murphy, had said yesterday would elect Edward E. McCall. Returns were still lacking from a few districts early to-day, a Mitchell plurality of 110,000 to 115,000 was conceded. The vote of the borough of Brooklyn complete showed a contribution of 58,000 towards this plurality, or more than half of the advantage which spelled the Tammany rout, while Manhattan gave Mitchell a plurality of about 20,000. With much reduced pluralities, but by safe margins, the fusionists elected William A. Prendergast comptroller of the city, and George McAneny president of the board of aldermen. They kept out of Tammany's hands the presidency of the three principal boroughs, Manhattan, Brooklyn, and the Bronx, and thus increased the anti-Tammany majority on the board of estimate, which controls the city's expenditures. The fusion vote on the board will be 14 to Tammany's 2, a fusion majority in the board of aldermen was also elected.

Two Democratic congressmen were elected in the city—from the thirteenth and twentieth districts. From the former, George W. Loft was chosen to succeed the late Timothy D. Sullivan. Jacob H. Cantor was elected in the twentieth to succeed Francis Burton Harrison, resigned.

BIG FUND GIVEN TO MAKE BRITISH BOY PATRIOTS

NEW YORK, Nov. 5.—A cable from London to The Tribune says: A scheme of great national importance; the main object of which is to make the British boy a patriot, has been initiated by Sir Robert Lucas-Tooth, a prominent philanthropist. He has presented to Prince Alexander of Teck \$250,000 with which to found a fund to be called the Lucas-Tooth boys training fund, to assist and extend the existing organization for the physical and moral training of boys, to inspire them with a spirit of patriotism and loyalty and to encourage them to fit themselves for the service of their country.

In the main, the idea is to imitate as far as possible under the voluntary system in England the work of the Australian cadet scheme. The donor has seen this scheme working, for he has lived much of his seventy years of life in Australia, where he went to make a fortune soon after leaving Eton.

Cabinet Changes Are Prophesied

Montreal Paper Says Several Are Likely to be Made—Higher Positions For Mr. Borden's Confreres.

MONTREAL, Nov. 5.—The Daily Mail to-day announces a number of cabinet changes which, it says, "may not be announced in the immediate future, but will be accomplished before many months are over."

The changes include the translation of Hon. C. J. Doherty, Minister of Justice, to the Chief Justiceship of Canada, because Chief Justice Sir Charles Fitzpatrick "is not entirely satisfied with the tameness of a judicial position." Sir Charles will become, according to The Mail, either Canadian High Commissioner in London or a member of the judicial committee of the Privy Council.

Mr. Doherty's successor as Minister of Justice, it is expected will be the Hon. Arthur Meighan.

Hon. Frank Cochrane, Minister of Railways and Canals, is weary of the political game and would like to have been appointed before now Lieutenant-Governor of Ontario.

Dr. Roche, Minister of the Interior, though somewhat improved in health by his trip abroad, is far from being a well man and would be glad to relinquish the cares of office. Among those mentioned as probable successors are W. B. Northrup and Major John Currie.

Hon. Bruno Nantel, says The Mail, will go to the Railway Commission and on Louis Coderre to the bench. Their successors would be Hon. T. C. Casgrain, K. C., and L. T. Marchal, K. C.

Sir Rodolphe Forget is slated for a ministry without portfolio.

THE GRAND JURY IS STILL OUT—BEEMER CASE AT WOODSTOCK

Dense Crowd Packs Courtroom—Petit Jury Excused Until 2 O'clock This Afternoon—Seems as if the Grand Jury Was Trying the Case.

WOODSTOCK, Ont., Nov. 5.—Eagerly waiting for the return of the grand jury, a dense crowd to-day packed the court house here, all interested in knowing as early as possible whether a true bill would be returned against Mrs. Grace Beemer, charged with the murder of her husband. From 9.30 until noon they waited without any satisfaction. It would seem as if the grand jury were trying the case, so long a time is being taken. There are twenty witnesses for the crown, and they have not yet been all heard. In the meantime Judge Kelly sat comfortably in his chambers, reading the morning papers, and at noon he bade Sheriff McGhee announce that the petit jurors would be excused until 2 o'clock. It is considered sure that a true bill will be returned in the end, and all are at a loss to understand what delays the grand jury. Absolutely nothing has transpired this morning, and anxiety among friends of the accused is great. It is expected the selecting of petit jurors will be found difficult, as many summoned for the purpose are subscribers to Mrs. Beemer's defence fund, and will probably be objected to by counsel for the crown.

FOUR VIOLENT DEATHS IN ONE DAY

A Chapter of Tragedies Reported in City of Ft. William.

(Canadian Press Despatch)
 FORT WILLIAM, Ont., Nov. 5.—Four violent deaths have occurred in the last twenty-four hours in this city and Port Arthur and district. Mr. Riley was instantly killed when he fell from the top of the new C. P. R. jack knife bridge over Kamistiquia River on Monday evening. He dropped a distance of 180 feet.

Steve Polinsky was instantly killed when he fell from the top of one of the grain tanks of the C. P. R. elevators in this city on Monday night. His frozen body was found at the bottom of the tank on Tuesday morning.

George Ayeznea, an Austrian, received a fractured skull when he fell on a wooden sidewalk in Nipigon Monday night which resulted in his death a short time afterwards.

The fourth death was that of Herman Malone, who was drowned late yesterday afternoon when he fell into the icy waters of Thunder Bay while boarding a mud scow at Bare Point.

During the first four days of this month there were five violent deaths and during the month of October there was one almost every day. Since the first of the year this has kept up steadily, and all summer the number of violent deaths average well over two a week. Many were killed on the street railway, others met their end on the steam railways entering cities, while construction work has also taken a heavy toll.

LICENSE MUST BE PAID—CITY HALL NEWS TO-DAY

Mayor Hartman Backed Up in His Contention—What's Doing in Municipal Circles—Mayorality Gossip.

Mayor Hartman in his contention that Nicholas Bimonte, a foreigner in West Brantford should pay a \$30 license fee for delivering fruit, vegetables and other produce from house to house was sustained at a meeting of the license committee this morning. City Solicitor Henderson was present and upheld the Mayor's contention. The question whether Bimonte should pay a \$100 fee for a transient dealers license, was left over. Not being on the assessment roll and having opened up a store in West Brantford, it was suggested that the fee be paid. But Bimonte said his place in West Brantford was simply for storage purposes. Accordingly he only paid \$20. The committee found that the license by-law plainly stipulated that farmers, being producers, could not be assessed.

Favors Commissioner of Three.
 Mayor Hartman expressed himself this morning as favoring a Commission of three to handle Hydro Electric business in Brantford. His Worship pointed to the success achieved by the Waterworks Commission in municipal circles it is regarded as likely that Ald. McFarland and Mayor Hartman will be candidates for the Commission. Whoever is Mayor next year will sit ex-officio on the Commission.

Mayorality Talk.
 Ex-Ald. Richard Waddington, regarded as one of the old standbys around the council board is said to have an inclination to become a Mayorality candidate this year. There is a dearth of news in municipal circles as to the Mayorality situation. Ald. Suddaby has not yet definitely announced himself, although he has informed his friends that he is anxious to come out. Ald. Minshall has also confessed to aspirations. It would not be surprising if it were the month of December before anything definite is known.

The Water Commissioner.
 Mr. A. G. Montgomery, improved in health, has announced that he intends to stick his term out on the Water Commission. He has another year to serve. Mr. Montgomery regrets that he has been unable to devote himself heart and soul to the work, owing to his ill-health, and in this connection pays a tribute to his colleagues, Mr. John Fair and Mayor Hartman. Mr. Fair will have to seek re-election again this year and there is every prospect of his securing an acclamation. The important work on the Waterworks now in progress needs continuity of office and Commissioner Fair has shown all the attributes necessary to make a success of the big construction job.

Mary Street Bridge.
 Among other things which has not been mentioned in municipal circles recently, is the Mary Street foot bridge. This short cut for the working men would have been completed long ago were it not for certain barriers presented by the gas and electric companies.

Appointed Stock Keeper.
 Mr. Calloun of this city has been appointed stock-keeper for the Hydro Electric.

Building Permit.
 Mr. Ernest Sims has been granted a permit this morning for the erection of a story and a half brick dwelling on Morrill St. to cost \$1,000.

Bill Rendere.
 For the maintenance of one patient from Brantford at the Queen Alexandra Sanatorium, London, the city has just been billed \$127.

Like Old Times.
 Mr. Benjamin Hunn, for many years a civic servant, was a visitor at the city hall this morning. Despite his years, Mr. Hunn appeared hale and hearty.

Board of Health.
 Annual reports of Dr. Pearson, Sanitary Inspector Glover and Dr. Cutcliffe will be submitted at a Board of Health meeting next week. It is reported that there are some scarlet fever cases in the city of a mild type. Diphtheria cases at the isolation hospital are in the convalescent stage.

Guelph Man Will Act As Crown Prosecutor In The Murder Case

It was announced officially this morning that J. J. Drew, K.C., of Guelph, has been chosen to appear for the Crown in the murder trial which will open on Tuesday at the Court House. This is the customary procedure.

Crown Attorney Wilkes does not believe that the trial will last more than a few hours, and he thinks it might happen that the case would last less than one hour. It might happen that Taylor would plead guilty when faced with the facts, and then it would only be the matter of pronouncing sentence.

Should the case go before the jury, a verdict of manslaughter could be returned.

He explained there is a vast difference between murder and manslaughter. Murder is committed with malice and sometimes pursuant to another crime. There is always something which leads up to a murder. This is not so with manslaughter. What is known as manslaughter is committed without previous malice or intent, or connection with any other crime.

THE WATERMELON MAN.
 CHICAGO, Nov. 5.—Anthony ("Tony") Liczki, for more than 20 years a well known figure on western and southern race tracks, died yesterday at his home in this city. Before becoming an owner of race horses he had the fruit stand privileges at the principal tracks in the west and south. Liczki was known as the "watermelon man" to many of his associates.

CANADA BEHIND TIMES WITH PRISONS

Dr. Bruce Smith Says the Country is in Spain's Class.

(Canadian Press Despatch)
 KINGSTON, Ont., Nov. 5.—Dr. W. Bruce Smith, inspector of prisons and charities for the province of Ontario, gave some interesting evidence before the commission appointed to investigate conditions at the Kingston penitentiary. The commissioners G. M. MacDonnell, Dr. Etherington and J. P. Downey in addition to securing all the evidence possible touching the particular institution under investigation are seeking information on prison conditions generally.

According to Dr. Bruce Smith, Canada is classed with Spain in the matter of prison reform owing to the indifference displayed in the matter of classification of prisoners. All other countries recognize the necessity of keeping first offenders separate and distinct from the more hardened criminals.

One of the great troubles in Canada, and one of the great hindrances to prison reform is that altogether too much consideration has been given to the offence and too little to the offender.

The case should be a psycho-analysis made of every man. His family record and his clinical history should be charted in much the same manner as that introduced in recent years in Ontario hospitals for the insane.

Not only the first offender sent to our penitentiaries denied the modern methods likely to prove reformatory, but the chronic offender is done a great injustice by indiscriminately releasing him and permitting him to again become a menace to society. The man who in many cases probably floated every warping and shown no desire or ability to reform should not be released, but kept indefinitely in custody both as a protection to the public and to the chronic criminal.

The plan which has been adopted in New South Wales and is working with such advantage might well be followed in Canada. There when three times convicted the criminal is placed on the "habitual list," and is kept in custody until the authorities have every reason to believe that he is really desirous of living honestly. Then he is allowed out on probation when proper employment has been secured for him.

Exciting Times In Strike In City Of Indianapolis

(Canadian Press Despatch)
 INDIANAPOLIS, Ind., Nov. 5.—A plan to restore street car service will be sought at a conference to-day between state, county and city officials and representatives of the labor unions. The officials of the Street Car Company stated definitely that they will make no further effort to run cars which have been tied up since last Friday night, until given an armed guard to ride with the strike-breakers.

Governor Ralston and Brigadier-General W. J. McKee of the state militia will represent the state at the conference. Sheriff Porteous, the county, and Mayor Shank and Superintendent of Police Hyland of the city. President Beatty of the Central Labor Union, has assured the authorities that the unions are in favor of any action by the officials that will suppress lawlessness in the streets.

Four other strike-breakers and a number of patrolmen were less seriously hurt by the down pour of missiles that came from roofs and windows of buildings and the crowd in the streets from the time the car left the barns until it was abandoned at Illinois and North streets, about three-fourths of a mile from the start.

At this point the trolley came off and it became so dangerous for the strike-breakers that they laid down on the floor of the car and after a few minutes a sign of surrender threw out the controller and all their arms in the street. They were then taken in charge by strikers and policemen and later taken to jail.

The car was almost entirely wrecked and the platform was covered with stones, bricks, pieces of coal and other missiles. When the car left the barns, no police were on it, but it was surrounded by patrolmen on foot and horseback.

The conference which began early in the day between the authorities was still in session when the rioting took place.

DOESN'T BLAME ALL THE HUSBANDS

Some Women Deserve to be Deserted, Says Milwaukee Woman.

(Canadian Press Despatch)
 LACROSSE, Wis., Nov. 5.—"Some of the homes I have seen almost justify the husband in running away from them," declared Mrs. Catherine L. VanWyck of Milwaukee, president of the state conference on charities and corrections, in concluding to-day her annual report before the convention.

"The wife who does not know her job," she said, "must take her share of the blame for the many cases of wife desertion."

To teach women her work, she advocated compulsory domestic courses in the public schools.

Mrs. VanWyck argued strongly for a federal fugitive husband law, similar in operation to the Mann white slave law. She would have the national government pursue the runaway husband and send him to the federal penitentiary. As an accompanying remedy she urged legislation to wipe out, if possible, the practice of tramps riding on trains and she said in practically every tramp was to be found a runaway husband.

THE INSANE KING OTTO DEPOSED FROM THRONE

(Canadian Press Despatch)
 MUNICH, Bavaria, Nov. 5.—The insane King Otto of Bavaria, was deposed to-day from the throne of the kingdom of Bavaria which he has occupied for 27 years without being aware of his position, and Prince Regent Ludwig proclaimed himself king in his place in pursuance of the provisions of a law just enacted by the two houses of the Bavarian diet. The new king is to be known as Ludwig III. He will take the constitutional oath probably on November 8. A royal proclamation which was posted throughout the kingdom to-day declares incurable the insanity which has incapacitated Otto from ruling and states that in consequence of this Prince Regent Ludwig has brought his regency to an end, has ascended the throne and nominated himself king.

The deposed King Otto was born on April 27, 1848, and succeeded his brother Ludwig II, who drowned himself in Starnberg Lake on June 13, 1886.

WORK PROCEEDS AT THE TERRACE

When enquiry was made this afternoon as to the progress being made at Jubilee Terrace, it was learned that the concrete foundation for the Southern half of the retaining wall had been put in. The reinforcing steel is in place and to-night concrete will be poured into the forms for the wall.

Sixty men are excavating for the northern half of the wall. It is expected that on Friday night concreting will be started.

There is about 100 yards of restle to be built and filling in to be done before Jubilee Terrace will be reached. Much progress is being made south of Lorne Bridge, where Secord and Sons have a shovel and many teams working.

Wet and Dry

DULUTH, Minn., Nov. 5.—Returns received here this morning show that Crookston by a majority of 252 elected Thomas Morris Mayor in yesterday's election, ending the Socialist regime. Every ward voted wet, the majority being 358. Oloquet voted dry and saloons will go out of business. At Thief River Falls high license carried. The entire Socialist ticket was defeated.

Must Stop Them

KINGSTON, Ont., Nov. 5.—The senate of Queens has told the students that if the faculty counts do not discipline men for misconduct on the streets, their authority will be taken away and the senate will act.

The Hay Market.
 There were five or six loads of hay on the Market this morning and prices ranged from \$12 to \$13. These were all disposed of before noon.

Rushing Troops To The Front

CHICAGO, Nov. 5.—Orders for the transfer of the 15th Cavalry to El Paso, Texas, were modified to-day so that the squadrons may arrive at their destination on the same day. To this end the troops at Fort Meyer will entrain next Monday; those at Fort Sheridan on Tuesday, and those at Fort Leavenworth on Wednesday, November 12. Thus it is expected that the regiment will be reunited on the banks of the Rio Grande on the 14th.

FRANCE IS NEUTRAL

PARIS, Nov. 5.—The French Foreign Office was asked informally to-day by the Mexican Foreign Office, if it was disposed to mediate between the United States and Mexico. The French Government has taken the attitude that it will do nothing until further advised as to the policy of the United States towards Mexico and then do nothing which might be unwelcome.

Body Was Found.
 ST. CATHARINES, Ont., Nov. 5.—The body of Mrs. William Euc was taken from the hydraulic raceway this morning. It is believed that she fell in yesterday afternoon while on her way home after shopping. Parcels found on the bank led to a search. She was 45 years of age and is survived by a husband and daughter, both of whom are well known in local musical circles.

SIXTEEN BODIES ARE RECOVERED

Terrible Railway Wreck is Reported in France Last Night.

(Canadian Press Despatch)
 MELUN, France, Nov. 5.—Sixteen bodies were taken during the night from the burned and splintered passenger coaches of the Marselles-Paris express that wrecked late last evening in a collision near here with a local train. It is believed several more bodies are still among the wreckage. All the corpses were badly burned and almost unrecognizable. Nine of the dead were governmental postal clerks, who were engaged in sorting letters in the mail cars. Two of the others were a French infantry captain and his wife, while another was a prominent merchant of Lyons. Thirteen passengers were seriously hurt and others badly shaken.

Will Use Hydro

LONDON, Nov. 5.—The London Street Railway, after two years negotiations, has decided to use hydro electric power. One thousand horsepower, direct current at \$36 a horsepower will be purchased. The peak load has been practically eliminated in the transaction.

The topic at the meeting of the Alexandra Young People last night was "Our Heavenly Helper." Mr. Conway dealt with the subject and also presided.

A Happy Event

By a clever device Mrs. (Dr.) Barber was detained for a few minutes after service at the Park Baptist church on Tuesday evening. When she reached home, to her surprise, she found that her Philathea girls had preceded her and the house was full of them, all giving their teacher a happy birthday greeting. The glass presented her with a beautiful gift and a nicely worded address. After an hour's sociability, Dr. Troy gave a talk, helpful to young women, and the merry group separated after the singing of "God Be With You Till We Meet Again."

Social Evening At Wesley Church

A very enjoyable time was spent at Wesley Church School room last evening when a social was held under the auspices of the Ladies Aid Society. Over 400 were present to enjoy a splendid program and dainty refreshments served by the ladies. In his usual happy manner, Mr. George Wedlake presided as chairman. Several of the artists of the evening were heartily endorsed. The program was as follows: Piano duet, Misses Carter and Ward; solo, Albert Martin; piano solo, Miss Wedlake; reading, Mrs. H. B. Beckett; piano solo, Miss May Porter; solo, L. Merrill; report of Ladies Aid Society, Mrs. M. Clark; piano solo, Miss D. Brown; reading, Mrs. H. B. Beckett; solo, Miss Hasted; piano solo, Mr. Porter; address, Rev. J. J. Liddy; quartette, Misses Liddy, Cook and Messrs. Passmore and Martin.

Nuptial Notes

MEARS-FREEBORN.
The home of Mr. and Mrs. W. H. Freeborn, 128 Elgin street, was the scene of a quiet but pretty wedding which took place at 3 p.m. on Wednesday afternoon, when their only daughter, Margaret Ellen, was united in marriage to Mr. Frank Mears of this city, Rev. T. E. Holling officiating. The bride entered the drawing room leaning on the arm of her father, to the strains of the Bridal Chorus from Lohengrin, rendered by the brother of the bride, Mr. Albert Freeborn. The bride looked charming in her beautiful embroidered marquisette gown over taffeta, and wore the customary wedding veil, held in place by a bunch of wedding blossoms. She carried a sheaf of white chrysanthemums and her only attendant was Master Howard Corrigan of Hamilton, who acted as ring bearer.

The home was tastefully decorated with ferns and flowers, the color scheme being pink and white throughout. After the ceremony the guests to the number of fifty, repaired to the dining room where a buffet luncheon was served.

The customary toasts followed. The gifts which were many and costly indicated how highly the young couple are esteemed by their many friends, mention might be made of a beautiful mantle clock, a gift of the Ham and Nott employees.

The happy couple left by the evening train for points east amid showers of confection and good-wishes. On their return they will take up their residence at 137 Elgin street, city.

Young People Hold Meetings

At Grace Church.
The Anglican Young People's Association of Grace church held a Hallows' evening on Monday evening, when about sixty young people heartily enjoyed Hallows' evening. During a short business talk before the games were started, it was unanimously agreed that the A. Y. P. A. would contribute \$500 to the new Parish House which is to be erected in the near future. Dr. Mackenzie gave a short talk on the work the young people had done in the past, thanking them for their loyal support which they had always given himself and the church. At the close of the evening, light refreshments were served. Many thanks are due to the witch who so ably told fortunes in "The Witch's Cavern." It is not known exactly how the red and blue contest stands, but it is thought that the reds have a small majority.

Zion Church Guild.

At Zion Church Y. P. G. on Monday evening, Mr. B. A. Caspel, vice-president, took charge. The topic, "The Great Commission," was very ably handled by Rev. Llewellyn Brown, of the First Baptist Church, the key note of his address being, "the whole business of the whole church, is to give the whole gospel to the whole world." During the evening Miss L. Anguish and Mr. Carpenter rendered delightful solos, which were much appreciated. Before closing Mr. Caspel outlined the work of the Missionary Department for the season, which promises many interesting things in store for the young people.

St. John's A.Y.P.A.
Although the weather was inclement a large and enthusiastic meeting of the A. Y. P. A. of St. John's church was held in the school room on Monday evening. Rev. C. W. Saunders being present and Mr. Todd in the chair. Eleven ladies and fourteen gentlemen were in attendance. The principal feature of the evening was the election of officers as follows:

Rev. C. W. Saunders, honorary president; Mr. Symes, president; Miss Suddaby, vice-president; Miss Lenster, secretary-treasurer; Miss Tillie Merritt, reporter; Miss Van-Volkenburgh, Messrs. Viney and Nash, convensors of committees. The convensors deferred selection of committees until the next meeting. November 20th, which will take the form of a musical and literary evening. Misses Suddaby and Walton and Messrs. Clarkson, Ellens and Virey to take charge of the latter. It was suggested by Miss Suddaby that a junior branch of the A. Y. P. A. be organized. The matter was left over

Sick Watches

LITTLE DARLING LITTLE DAISY

HOSIERY For Infants and Children

The Daintiest and Most Durable

"Little Darling" and "Little Daisy" Stockings are the daintiest hosiery ever made for infants and children.

And not only are they the prettiest, they are absolutely the most durable—they withstand the severe test of rough-and-tumble play.

Both daintiness and durability are due to the use of Australian Lamb's Wool—the material that resists hard wear, and yet is so soft that it will not irritate baby's tender skin, as does ordinary wool.

"Little Darling" and "Little Daisy" Stockings are dyed with fast, sanitary dyes in the colors best suited for children.—Pink, Sky Blue, Cardinal, Black, Tan and Cream.

Every pair is stamped with the Sunshine trade mark—insist on seeing it.

"Little Darling" Stockings have a silken heel and toe and are made in all sizes for children up to seven years old.

"Little Daisy" Hosiery has the heel and toe reinforced with an extra thread, in all sizes to fit children under twelve. Your dealer carries them.

Tammany is Crushed

(Continued from Page 1)
Boston's Landslide
BOSTON, Nov. 5.—The extent of the Democratic landslide in yesterday's state election was not fully realized until after a recapitulation of the figures to-day. Then it was found that Lieutenant-Governor David I. Walsh had been elevated to the governorship in a four-cornered contest by a plurality of 53,607. This is the largest plurality ever accorded a Democratic candidate for the office. Complete returns give the vote for Governor as follows:
David I. Walsh (Democrat), 180,368; Charles S. Bird (Progressive), 126,677; Augustus P. Gardner (Republican), 116,314; Eugene N. Ross (Independent), 20,810.
The new Governor carried with him into office every Democratic candidate on the State ticket, with the possible exception of Attorney-General. This is another result unique in Massachusetts political history.
Edward P. Barry is the new Lieutenant-Governor; Frank J. Defahue is re-elected Secretary of State; Frederick W. Mansfield, treasurer; Frank H. Pope, auditor. The contest for Attorney-General between Attorney-General James M. Swift (Republican) and Thomas J. Boynton (Democrat), was so close that a recount may be necessary.
The Republican grip on the Legislature was weakened. That party, after a control of years, lacks a majority in each branch. The Progressives, who scored heavy gains, hold the balance of power. The Senate stands: Republicans 20, Democrats 18, Progressives 2.
The House stands: Republicans 117, Democrats 103, Progressives 17, Independents 2, Socialist 1. The Democrats also made slight gains in the Executive Council.
The outstanding feature of the election, in addition to the magnitude of the Democratic victory, was the strength shown by the Progressives. For the first time since Republicans came into power as a party in this state their nominee for Governor was forced into third position. Mr. Bird leading Congressman Gardner by 10,363 votes. The Progressive gains in membership in the Legislature also give them a strategic position in both House and Senate.
Another point of interest was the small vote given Governor Foss. Mr. Foss, once a Republican and three times elected chief executive as a Democrat, entered the contest very late in the campaign as an independent.
Results in West.
NEW YORK, Nov. 5.—Returns to-day from the elections held yesterday in cities of Ohio, Indiana and Illinois show the following results:
Ohio—In Cincinnati Frederick S. Spiegel (Republican) was elected over Henry T. Hunt (Democrat), incumbent, by about 3000 plurality. Cleveland re-elected Newton D. Baker (Democrat), mayor by a reduced plurality. In Toledo Carl Keller (Republican) was chosen mayor by a plurality of 7000. Columbus re-elected George J. Karb (Democrat) mayor.
Indiana—In Indianapolis Joseph E. Bell (Democrat), for Mayor, was successful by a plurality of approximately 5000. The Republican and Progressive candidates for mayor ran about an even race.
Of the large cities in Indiana, Evansville, Terre Haute, Fort Wayne, Muncie, Logansport and Anderson will have Democratic administrations, while in South Bend and Lafayette the Citizens' tickets were successful.
For the first time in the history of Vincennes, the oldest town in Indiana, the Republicans were successful, electing mayor and other city officials. In 24 municipalities of southern Illinois women, who exercised the right of franchise for the first time in the State, voted in the ratio of 4 to 1 in opposition to saloons.
Of 24 cities and towns voting under the township unit law the "drys" won or retained 18, the "wets" held five, and there was a tie in one.

MARKET REPORTS

CHICAGO, Nov. 4.—Lower cables to-day formed the chief cause of a decline in wheat, ranging from 3-8 to 3-4c net. Sympathetically other grains were carried downward, corn to a net loss of 1-8 to 3/4c, and oats to a drop of a shade to 1-4c. Provisions also suffered from the general weakness, losing from 1-2 to 2/4c compared with the previous close.
Liverpool wheat closed 1/4 to 1/2 lower; corn, 1/4 to 1/2 lower.

BOOTH'S WELCOME.

General Bramwell Booth, on his visit to Canada, is receiving the same remarkable demonstrations as used to be accorded his father, wherever he went the wide world over.

All this is as it should be. From contumely, derision and even assault, the Salvation Army has become today one of the greatest religious and moral factors in the history of our times and in all civilized and some uncivilized lands.

It is not only the personal uplift which it tenets and practices develop but also the physical well being of myriads of others whom it is only the truth to say that the churches were not meeting, or only in part, at any rate, before its advent.

A true Salvation Army man or woman, never know when they are beaten in a good cause. If a backslider is rescued and then once more lapses, they go after the erring one again and yet again if needs be. In the most depraved quarters of the world cities a lassie can go, and does go without the slightest fear of insult or molestation, for even the most abandoned realize and appreciate what that quiet dress, simple bonnet and badge represent.

And in what's more, not alone is the army as such, a mighty engine on behalf of individual work and work, but in addition there are everywhere many institutions of large size and wide scope run on behalf of the unfortunate and every barracks is a haven of rest and refuge and care when needs be.

In later years when the few carping critics who remained, could find nothing else to criticize with reference to the late General William Booth, and his inspired movement, they fell back upon the allegation that he had all the properties in his own name for his own purposes. His lamented death served to reveal how absolutely untrue that was for he passed away a poor man and everything was found to be intact and was handed on as an unimpaired legacy to this tremendous organization, for which the people of the world have abundant reason to reverently thank God.

THE MILK QUESTION IN HAMILTON.

The milk vendors in Hamilton, after previous raises, now propose to levy an additional four cents per gallon from their customers.

The Mayor has proposed a boycott for a week, but The Herald does not think this would result in anything.

Instead it suggests a municipal system and in this regard points out that a few years ago a consolidation of milk-vending interests was effected in that place. It was then explained in behalf of the combination that it would be enabled to effect certain economies in the delivery of milk and that customers would get the benefit of those economies. This explanation is invariably made in behalf of new commercial combinations. Usually the promises made to consumers are not kept. In this case they have not been kept. Three times since the local milk combine was formed has the retail price of milk been increased. In each case the excuse given was that the wholesalers had raised the price and it was necessary for the retailers to follow suit. But in each case the increase made by the retailers was just double that which was made by the farmers.

While the farmers are getting six cents a gallon more for their milk, the retailers are exacting twelve cents more from their customers.

If the delivery of milk in Hamilton were made a municipal monopoly, it is probable that the service would cost somewhat more to operate than it does now. But not so much as might be supposed, for a great deal could be saved by preventing the overlapping of routes. It would be possible to give a better delivery service than the present one with the use of fewer wagons and men, because there would not be two or more services on the one route, as there are now. This saving would offset the greater cost of operation due to better pay for the men employed. But in addition to this sav-

ing the large and growing profits of the retail vendors would be saved for the consumers, for the municipal government could deliver milk at but a very slight advance over cost.

It would not be necessary for the city to own dairy farms and go into the business of milk production. It could arrange with the dairy farmers as most of the retail vendors now do.

A SET BACK FOR TAMMANY
Tammany Hall received a black eye in the New York State elections. The Tiger has had a similar experience in other years, but though singed, has always managed to bob up again.

It is somewhat interesting to recall the origin of the title of this institution.

Shortly after the War of Revolution, several societies were organized in different centres of the States for charitable purposes. The name chosen was Tammany, in honor of the cognomen of an aged Delaware chief renowned for his many natural virtues and square dealing. In their original form, said societies were based upon the model of an Indian tribe, and had their sachems, sagamores, war paint, tomahawks, and calumets.

All perished with the exception of the New York institution, which in addition to charities—by the way still 'reely practised by that institution—turned the association into a political weapon, nominally on the Democratic side, and levied huge tolls from corporations and individuals. To stand in with Tammany has been a guarantee for any man to get a position with civic and private institutions, and so on. The whole combination has been a curious blending of actual good deeds and very much vice even on more than one occasion to the taking of life. In fact, one of the Tammany chiefs before succeeding to that office, once narrowly escaped sentence for murder, and his acquittal was attributed to the influence of that machine.

If it should now be permanently down and out, so much the better, but this is very doubtful.

Another marked feature of the contest has been the return of Sulzer to the State Assembly. This man, entirely unfitted for the post, became governor of the state by the help of Tammany, and then refused to obey the behests of that organization. His old allies promptly had him impeached, and it was then shown that he had taken thousands of dollars of campaign funds in order to go into stock speculations in his behalf. Finally his wife was induced to confess that she was responsible, which further goes to show the sort of individual Sulzer happens to be. His election cannot be based on his own merits but on the circumstance that his deposition as Governor was laid to spite on the part of the "Tiger."

NOTES AND COMMENTS

Young man, to hold a membership in the Borden Club, is almost better than great riches.

It is now stated that the note sent to Huerta by Uncle Sam was not an ultimatum. Well, it ought to have been.

It appears that the President of the alleged Republic of China, as a mere pastime, incites the secret murder of those whom he does not like. The old monarchy, although effete, was a good deal better than that.

An English paper propounds the query: "What is a moustache worth?" To which some sweet young thing is likely to make answer, "It all depends upon the worth of the man who's back of it."

How do those Grit sheets which figure that a tariff has everything to do with the increased cost of living, explain the circumstance that in Free Trade England the cost has also risen proportionately, while the wages of the workers are less?

The Toronto Globe says that the Alberta Legislature is "bound to be strengthened" by the addition of Hon. A. G. Mackay to its ranks. Why then was he knifed as Ontario Liberal leader in favor of a far less able man?

The Toronto Star has just celebrated its twenty-first birthday. Under the presidency of Mr. Atkinson, the paper has certainly made vast strides deservedly jumping from a circulation of only a few hundreds to one of over eighty thousand.

The Ottawa Free Press (Liberal) in a leading editorial, expresses the hope that "the Liberal party are making serious preparations to lay down during the coming session of the Dominion Parliament a definite and pro-

gressive platform." Getting tired of drifting, eh?

It appears that the Expositor did report Mr. Cooper of Toronto as saying what he says he said, when he addressed the local Liberal club on the navy question. A cursory reading of his address led the Courier to think otherwise, and for that herewith an apology. Meanwhile, this paper does not regard Mr. Cooper, excellent man though he is, as a heaven-sent messenger to teach Johnny Canuck what to do with reference to navy aid for John Bull.

The London Advertiser (Grit) editorially features the following:—"In a letter to a London friend, a prominent Liberal in South Bruce makes this comment on the by-election:—"The election was fought out on the issues. The towns and villages, with the exception of the Liberal candidate's home town and the village of Paisley, gave increased Conservative majorities, but the farmers went right over into the Liberal camp. The point is that the farmers will not stand for militarism or naval contributions. It looks well for the next general election."

If they won't stand for a naval contribution of \$35,000,000, how much more will they stand for the Laurier plan, which involves many times that sum? The advertised "prominent Liberal" must indeed be a very wise gent.

There's something in the English states of Addison or James. The boys who don't know grammar from seven sacks of beans, will hear the public clamor, and write for magazines. The miracle stupendous, the marvel of the age, it is how they can lend us their thoughts on printed paper! There's something in the pitcher in summer he's a gent who makes the language richer with "I have seen and went." In wintertime he gives us a polished kind of dope, and oftentimes reminds us of Laurence Sterne or Pope. When Springtime's pious flutter, the diamond he will seek, and we shall hear him mutter: "I think them words is Greek."

After the Season

The baseball season's ended, the pennant has been won; the work of pitchers splendid, and catchers, too, done; the grandstand is deserted, the yelling crowds are fled; the umpire, sorely hurtled, has gone to boil his head. And now these sturdy fighters who played "the only game," will cut as with writers and put a cinch on fame. The boys who stambele greatly when asked to spell their names, will write the English states of Addison or James. The boys who don't know grammar from seven sacks of beans, will hear the public clamor, and write for magazines. The miracle stupendous, the marvel of the age, it is how they can lend us their thoughts on printed paper! There's something in the pitcher in summer he's a gent who makes the language richer with "I have seen and went." In wintertime he gives us a polished kind of dope, and oftentimes reminds us of Laurence Sterne or Pope. When Springtime's pious flutter, the diamond he will seek, and we shall hear him mutter: "I think them words is Greek."

Canada Behind In Prison Ideas

(Continued on Page 4)

Punishment is what has been aimed at instead of reformation. The mistake is recognized, but for some reason or other some one has for years been clogging the wheels of progress in prison reform work. The parole system in Canada is farcical, and should be remodelled to comply with the probation systems which have in other countries been so helpful in reformatory work.

A proper probation system is only possible through the indeterminate sentence. Indeterminate sentence is now authorized, as far as offences against the laws of the province are concerned. If some such legislation was passed at Ottawa it would be helpful to prison reform in Canada. Increased respect for law and order has been the experience where the purposeful policy is pursued towards the criminal by reformatory methods for all first offenders and the permanent removal from society with well-regulated custodial care for the habitual offender.

To The Editor

THE VEXED QUESTION.

Editor of The Courier:

Sir—With your kind permission I would like to say a few things regarding that time honored topic, the New City Hall. Unfortunately, or fortunately, would be more expressive, I do not remember when the present collection of building materials was first called the New City Hall, but it seems the topic has always been with us, first as a matter of pride, for the present building, which gradually changed to the present shame that most of us feel, when referring to the present structure as our City Hall. And I doubt if there is any one in Brantford to-day that feels proud to point it out as such, visitors within our gates.

Therefore it must be practically unanimous that we should have a new City Hall.

So we will try and look at it from a workman's point of view, viz., a new home is needed for the civic officials during business hours. We have the property on Darling St. where we can build the new home, and we have some \$75,000 cash in our savings bank account (from the sale of other property) which will go a long way towards building this new home—the City Hall. Now, having the property and being financially well enough off to put up a good portion of a good home, why not get into a good locality and have

congenial neighbors, and I'm sure no one is going to be absurd enough to claim that either the N.M.C.A. or the Dominion Government or their buildings, are neighbors that are not to be desired.

In fact it appears to me that such insinuations would justly be considered libelous should they be made. Therefore Mr. Workman, you will readily see that if it comes to a vote, you will only be acting naturally to do for the city what you would do for yourself and favor the Darling St. site.

As to some remarks I notice in this evening's paper, your correspondent states, that the City Hall should be surrounded by some farmers, especially on market days. That is not his exact words, but nevertheless it is what they imply. Personally I cannot see where the connection between a farmer and a City Hall exists, if it was a County building I think it would be more appropriate, but just to show you our friends' inconsistency, I think he would be the first to object to the farmers disposing of their vegetables in front of the County Hall, or as it is better known—the Court House.

Now it is my belief that the workmen of Brantford have enough civic pride to want their City Hall as independent of the market as farmers have the County Hall or Court House.

The big cities have their independent and so may we if the workmen will say politely to their neighbor, now Farmer John, you don't clutter up your own

front door step with vegetables and farm produce, so I know you won't feel resentment at me for deciding to build a new residence in a better locality. I know some of your difficulties Farmer John, so I'm not going to exact any change in your delivery of the produce, you can continue to deliver them here, but I'm going to move my front door up to Darling St., out of your way, that's all.

That won't offend brother Jno., not a bit.

We'll have some good neighbors, and I don't think I'm amiss when I say those same neighbors, as referred to above, are influential ones, too, at that.

Mr. Workman what more would you ask, if it was for yourself. It is for yourselves individually and collectively. So we'll just be plain natural and favor the Darling St. site same as we would do for ourselves. Cordially thanking you, I remain, Sincerely yours, N. R. THOMPSON.

The Bishop of Chichester on Tuesday dedicated a new lych gate, which has been erected at the entrance to the churchyard at Ardingly, Sussex. The bishop conducted the service from under an umbrella, held to protect him from the heavy rain which "christened" the new gate and made things unpleasant for the choir and congregation.

RYERSON SCHOOL IS OVERCROWDED

Entrance Pupils Will Have to Go to Central School in Future.

At a meeting of the school management committee of the Public School Board last evening, steps were taken to relieve the congestion at Ryerson school. At present there are 12 pupils more at the school than can be properly accommodated. It is proposed to remove the entrance pupils to the Central school and this will afford more room temporarily at Ryerson school.

The plans for the new East ward school are said to have been completed by the architects, Messrs Taylor and Bodley. They will be submitted to the school board and the expected plans will be called for next week. The new school will be similar to the handsome structure on Grand View.

Rev. Dr. Troy in Middle of His Mission in City. Dr. Troy is now in the middle of his mission here of three weeks. The church has been greatly blessed by his ministry thus far. Dr. Troy is an exceptional evangelist. There is moral health in every movement. He is a preacher with a vital message and his method of presenting truth is such as to make it easy to recall. His manner is always winsome and manly. There is an absence of invective and the marked presence of good will toward men in all his words. The children of God are coming to prize highly their possessions in Christ, and those who had never known the unspeakable joy of sins forgiven are now rejoicing in that knowledge. His subject last night was love. Text, 1 John 4:10, "Here in is love, not that we love God but that He loved us and sent His Son to be the propitiation for our sins."

The Junior O. H. A. will hold a meeting Thursday evening in the Y. M. C. A.

The annual clash in the Queen City between the Argonauts and Tigers, the big Rugby event, will take place on Saturday.

A meeting of the Alexandra hockey team will be held in the Conservative rooms Thursday evening at 8 o'clock. Matters of much importance will be dealt with.

The city hockey league meeting held last night in the Y. M. C. A. proved a success. Much important preliminary work was accomplished. From the outlook a season of real good sport is in store.

The West End hockey team will meet this evening in R. Welsh's store. The Brooklynites are a great bunch. They had three representatives at the city league meeting last night—the most representatives from one club.

Boxing promises to become a society stunt in Milwaukee, Wis. Social "boxing parties" were in evidence at the Dillon-Christie bout Monday night, and several women strolled with men through the lobby of the auditorium between the bouts. Oh, how perfectly delightful!

Free Lance was requested last evening to state that the Y. M. C. A. football club appreciated the splendid manner in which the Courier has reported the football matches this season. The representative stated that it would have been fine to have had the Courier Cup awarded the Y. M. C. A. The "Y" and All Scots played in the finals for the trophy.

Although nothing has been done towards the formation of a shop hockey league, it is being advocated. It has been learned that a team representing Ham and Notts would be entered if such a league was formed. This sort of a league would certainly be a very fine adjunct to the hockey activities in this city. Many not eligible to play in other groupings would be eligible to play in the shop league.

STRIKING EXAMPLE OF OTTAWA "NERVE"

Suggest That Argos Default if Tigers Win—Caps Would Play Senior.

OTTAWA, Nov. 5.—"Pud" Kent and J. B. McArthur of Toronto will be the officials in the Ottawa-Montreal game Saturday. President Ben. Simpson notified Ottawa to this effect yesterday. Both are satisfactory to Ottawa. Father Stanton will take no chances against the Winged Wheelers but intends to start out with his strongest string. If they get a lead in the first quarter he will put the majority of the regulars out and send in a large number of substitutes with a view to saving the big fellows for the saw off against the Argonauts.

In view of the lateness of the schedule and the certainty of the necessity of extra games to decide the Interprovincial championship, it has been suggested that in the event of the Tigers winning from the Argonauts on Saturday next, the Oarsmen should default their tie game to Ottawa and pave the way for a saw-off between Ottawa and Hamilton.

If the Argos refuse to do this, they will be asked to come to Ottawa and replay the match on the 15th as McGill and University of Toronto are scheduled to play at Toronto that day. If it is delayed until November 22, the Dominion finals will be out of the question. A meeting of the Interprovincial Union will be held at Toronto on Saturday night for the purpose of coming to a decision regarding the Ottawa-Argo draw. The Ottawa officers think that the Argos might consent to have the game replayed in Ottawa, though they hardly expect the champion oarsmen to default.

London Express Sporting Stories: When Queen Victoria visited Ascot races in 1830 Mr. Forth's filly, by Merchant out of Turquoise, won the Ascot Stakes by half a length. The excellent riding of little Bell, a mere child of only 4 stone weight, who was on the winner, excited general wonder and admiration.

Her Majesty became interested in the boy and was pleased to have him brought before her after the race, presenting him with a ten pound note. Upon being asked by the Queen how much he weighed he answered, to the great amusement of the Royal circle, "Please, ma'am, master says as how I must never tell my weight to any one."

The mannikin was accidentally picked up by Mr. Forth while riding a restive horse in Oxford street. Mr. Forth apprenticed him, but he soon afterwards bolted. He was covered upon a reward of ten pounds being offered by his employer, much after the method practised on the loss of a favorite lap-dog.

Mr. Wm. College of Chicago, delivered a very able and spirited address at Victoria Hall last night on the subject of "Second Fiddles." Mr. E. C. Kilmer acted in the capacity of chairman and introduced the speaker, paying him a tribute in closing. Mr. College used his subject in an allegorical sense, applying it to different types of men. The fiddle, the most beautiful sounding of instruments when feeding and soul are put behind the bow, becomes rasping and objectionable in the hands of a careless and unskilled man. So in life, it is the one who exerts energy and will power, concentration and care who reap success. Mr. College emphasized will as the predominant feature of success. Chance environment are factors in success, and like one stumbling on the combination of a safe occurs once only in a thousand times, while energy and ambition always rule. The greatest of the world's men have attained their place by concentration, attention to the details of life. Waste is a great mistake and fatal to success, but on the other hand to be avaricious, to fail. Originality, so necessary to-day, is the result of concentration of will power. Only one must wake up to a sense of his endowments first in order to employ them with effect. Mr. College makes a feature of the necessity for struggle, particularly for the youth in order to obtain the power of mind essential to success. Many, too many, in life have not put their soul into their work and produce the harsh rasping sound on the fiddle. Being a Scotchman, the speaker was full of numerous amusing anecdotes and commanded the closest interest in his words. Mr. College may be assured of a warm welcome should he choose to return at any future date.

PLAYER'S BROKEN NECK RESULTED IN DEATH PHOENIXVILLE, Pa., Nov. 5.—George H. Gay of Blackinton, Mass., former star player of the Ursinus College team and all-round athlete, died in a hospital here yesterday from a broken neck received in a football game on Saturday. He was 27 years old.

SCOTTISH REFEREES THREATEN TO STRIKE

Ultimatum for S.F.A., Which Has English Strike-breakers Ready.

LONDON, Nov. 5.—A general strike of referees is threatened and expected in Scotland. The knights of the whistle are in deadly earnest, according to the Scottish Referee. A meeting of their association is called for Nov. 5, and the probability is that a resolution will be passed authorizing the despatch of an ultimatum to the Scottish Football Association.

The S. F. A. however, are prepared for all eventualities. If the expected strike comes off English referees will be imported wholesale into Scotland to act as emergency officials. The disgruntled referees include all the best men of their craft in Scotland. Their association has a membership of about 250, of whom nearly 100 reside in Glasgow.

It is said that the sympathy of the football-going public is entirely with the referees. The lot of the average Scottish referee would appear, from all accounts, to be a particularly unenviable one. According to the Scottish Referee he is liable to be struck off the S. F. A. list on the most trivial pretext. "No English referee," the journal says, "would stand half the abuse his Scottish confrere does either from players or officials."

"Some players' language on the field is the reverse of the drawing-room type. Still, the referee is afraid to act, because he knows that if he cautions and admonishes a player for abusing him then off the list he goes, and the player gets bolder and bolder until he is unbearable."

The whole business of refereeing in Scotland seems, indeed, to be a glorious muddle. In another part of the same journal we read that "it is alleged that certain referees neglect to report players guilty of rough play, the officials unduly shielding themselves from the discharge of this important duty by the fact that they are not on the association's list."

AMERICAN ATHLETES GO TO AUSTRALIA

SAN FRANCISCO, Nov. 5.—An all-American track team will leave here November 12 for an Australian tour. The team will be composed of Jas. P. Power of the Boston Athletic association, the one mile champion of the United States and Canada distance man; Alvah Meyer, New York Irish American, sprinter; Ruric Templeton, Olympic Club, San Francisco, hurdler, and Reginald Ganey, of Ukiah, Cal., weight man. Power will attempt to break the Pacific coast mile record of 4.20 on Saturday at Stanford Oval.

JUDGE ORDERS BOXER TO EARN \$6 PER WEEK

CHICAGO, Nov. 5.—Spike Kelly, the Chicago fighter, started out to look for bouts yesterday, spurred on by the order of Judge Uplif, to "fight or go to jail." Kelly complained that the "pickin'" was so poor in the fight game he couldn't support his wife. The court suggested that he exchange enough wallops to pay his wife \$6 per week.

TO RECONSTRUCT TECUMSEH TEAM

Manager Murphy Says He Will Have Good Outfit in the N.H.A.

MONTREAL, Nov. 5.—James Murphy, who is to manage the Tecumsehs of Toronto, this Winter in the National Hockey Association, is in Montreal. In speaking of the chances of the Indians this season, Mr. Murphy stated that he would start and reconstruct the team. "I have some good men to start off with and will gradually add to their number until I have a first class team," he continued. Mr. Murphy also stated that he had asked several well-known amateurs to throw in their lot with him this Winter. He has secured an option on a well known forward man who has played for two or three years in the N. H. A.

When asked if the St. Michael's team would turn professional this Winter and join the Tecumsehs, Murphy stated that he did not think so. The majority of the members of the St. Michael's have good positions, and could not afford the time to play two games a week during the Winter. Then again, how many of the team would make good in professional hockey is a question.

A NEW O.H.A. SENIOR TEAM IN HAMILTON

HAMILTON, Nov. 5.—The Centennial Club will have a senior O. H. A. team, and they claim to have recruited all of the senior men in the city. Dug Palmer, last year with Preston; Mawk McKenzie of the champion B. and A. A. Montreal; Code, Morden, Cory and Wade and a number of former intermediates have agreed to play with the Centennials, and their application for admission into the O. H. A. is now in the hands of Secretary Hewitt.

This announcement will come as a surprise for it was thought that if a senior team was to represent Hamilton it would be entered by the Hamilton Hockey Club. However, the Centennials seem to have approached the local stars first, and they are going ahead counting on them all to be in line.

What is described as a gross case of malingering under the British insurance act is stated by the Chairman of the Manchester Insurance committee to have occurred at Burnley, where a young woman factory operative in that town recently won the first prize in a race at some local sports, although at the time she was receiving sickness benefit.

Many Teams For The City League This Year

Hockey League Will Run Things in a Businesslike Manner This Season—Resolutions Passed Other Interesting Notes.

The City Hockey League will be conducted this season in a very business like manner. At the meeting in the Y. M. C. A. last evening much progress towards this goal was made. Several important resolutions which will form a part of the by-laws were carried. Five clubs purpose entering the senior grouping, and one club which purposes entering the junior grouping were represented. The clubs and representatives are here given:

Senior. Alexandras: Fred Johnson. Bankers' League: C. Thorburn. Maple Leaf Club: C. Beckett, Harry Watson. Echo Place: W. Acret, R. Gillen. West Ends: E. Marlatt, F. Roan-tree, M. O'Connor.

Juniors. Apprentices, Waterous Engine Works: H. Bunston. The Stars although a representative was not present at the meeting, will place a team.

Resolutions. Resolutions were carried, regarding the last date for entering and the requirements, the number of certificates granted to each team, the rules governing play, the release of players and the age of players.

Last Date for Entry. That the first Wednesday in December of this and every succeeding year be the date set to close the admission of teams in the City Hockey League. Every team entering must present \$5 or a cheque for the amount as a guarantee to finish the playing season—to be used as funds for the league and at the close of the season the balance to be refunded, teams dropping out forfeiting the guarantee.

Certificates. That 12 certificates be granted each team.

Playing Rules. That the playing rules of the O. H. A. be adhered to.

Release of Players. Players can be released by their managers and signed with other teams at the expiration of seven days.

Before January 1. Certificates must be signed previous to January 1.

Age of Players. That the players age must be established as to be admissible to the O. H. A., and any team playing a player over age will forfeit the game to the opposing team.

Rink Accommodation. The question of rink accommodation was discussed and two officers

were appointed to interview the rink managers and report at the next meeting which will be held on Dec. 3. Other Items. The certificates will be ready in a week and managers can have the same by applying to Secretary Edmondson who resides at 406 Colborne street.

O. H. A. players will be allowed to play in this league. Junior representatives were sadly in the minority at the meeting. There may be a team from Ham and Notts, also a team from the Maple Leaf club enter the junior grouping.

A BIG RESERVE LIST

The reserve list of the N. H. A. which has just been given out, does not show many changes. Both the Toronto clubs have turned in a number of contracts. In the Toronto's list appears the names of Rahn, of Preston, and Walker, who finished the season in the Maritime League. Thirteen players are on the roster, but of the lot Gaul, Liffiton and Nicholson are not likely to come. Here is the list.

Quebec—Moran, Hall, Mumery, Crawford, Marks, Joe. Malone, Jeff Malone, Tommy Smith, Creighton, Savard and Progers.

Canadians—Vesina, Lavolette, Du-beau, Pitre, Payan, Dome, Jett, Gauthier, Donald Smith, E. Powers, Delaire, Marchand, Berlinguette, Bertrand, Guivremont, Povey, Fournier, Frchette.

Torontos—Holmes, Cameron, Davidson, Foyston, Wellington, Jopp, Irvin, Marshall, McLean, Wilson, McGiffin, Rahn and Walker.

Ontarios—Nicholson, H. McNamara, H. N. McNamara, Corbeau, Gaul, Liffiton, Vair, Longfellow.

Ottawa—Lesteur, Benedict, Lake, Shore, Ronan, Daragh, Broadbent, Demission, Lowry, Merrill, Westwick.

Wanderers—Glass, Cadotte, Boyes, S. Cleghorn, O. Cleghorn, A. Ross, E. Russell, G. A. Roberts, Hyland, Miller, Curry, Atkinson.

MRS. BEEMER STANDS ON TRIAL
--SYMPATHY FOR THE ACCUSED

Grand Jury is Calling a Score of Witnesses—Townspople Gave Liberally to Defence Find—New and Startling Testimony.

WOODSTOCK, Nov. 3.—Seldom if ever, has this place been thrown into such intense excitement as is displayed in connection with the charge of murder pending against Mrs. Grace Beemer of Drumbo, who is alleged to have poisoned her husband and is under indictment for trial at the Fall Assizes, which opened here yesterday with Mr. Justice Kelly presiding.

It was expected that the Grand Jury would have brought in a bill yesterday, but the Grand Jurors made it known that they would examine a score or more of witnesses before rendering their decision. It is not expected now that the finding will be presented before noon to-morrow.

The sympathy of the townspeople for Mrs. Beemer is very strong. In fact they backed up their position by subscribing liberally to a fund to be used in defraying the expense of the defence of Mrs. Beemer.

Question to be Determined
The question which confronts the Crown officers is to determine whether the poison was administered to Beemer by Mrs. Beemer. Recognizing the importance of the question Mr. Justice Kelly in his address to the Grand Jury strongly emphasized the conditions upon which they should decide whether or not Mrs. Beemer should face trial. The defence, it is understood, will produce witnesses to show that Mrs. Beemer had never harbored a spirit of animosity towards her husband or any other member of the household. There are, of course, other details to be filled in, according to the Crown officials, who say they are in possession of certain facts leading up to the occasion, and from the time Beemer drank the contents of a cup of tea in which Mrs. Beemer is alleged to have dropped strychnine and another ingredient supposedly a powder.

Mason Repeats His Testimony
John Mason, a farmhand employed on a neighboring farm, who is the chief witness for the Crown, was among the first batch of witnesses called before the Grand Jury. Mr. Mason, who declared at the preliminary trial that he saw Mrs. Beemer empty the contents of a bottle bearing a label "strychnine" into a cup of tea which she handed her husband, again repeated his evidence and added a few points which he omitted to disclose at the police court proceedings.

Chief Parker to be Called
With the appearance in the witness box of Mason, an interesting cross-examination is predicted by the defence counsel. The latter will endeavor to question the veracity of Mason's utterances by a witness in the person of Chief of Police Parker of Yarmouth, England, who reached town yesterday. According to the defence counsel, the father of young Mason is a subordinate police officer attached to the Yarmouth police force, of which Chief Parker is the head.

Whether or not Chief Parker will be permitted to give his evidence is a point upon which it is said the prosecuting attorney will take objection. Chief Parker is not greatly enamored with Canada, and he says he will abandon his shores as soon as he is at liberty to sail.

In the prosecuting of Mrs. Beemer the Crown officials state they will not confound strangeness with mystery, but they will show that while the most commonplace crime is often the most mysterious, this case presents special features from which deductions may be drawn. In this connection they will endeavor to show that the case is surrounded by substantial accompaniments which have rendered it remarkable.

According to the jail officials Mrs. Beemer has greatly improved in health since her appearance at the police court investigation. They say the mists in her own mind relative to the main facts upon which the Crown will prosecute her are gradually clearing away, and she feels that she will be pronounced innocent. During her incarceration another child was born. This tragic feature, it is said, was responsible for the sympathy exhibited by the townspeople, who came to her aid with funds that would be helpful in her time of trouble.

ULSTER BUSINESS MEN AGAINST HOME RULE
\$600,000,000 Worth of Them Attended a Meeting in Belfast.

BELFAST, Nov. 5.—Combined wealth, estimated at \$600,000,000, was represented yesterday at a gigantic business men's anti-home rule mass meeting in historic Ulster Hall, attended by 6,000. George Ewart, President of the Chamber of Commerce, occupied the rostrum. He said that the meeting was called to disprove the statements made in England that the commercial interests of Ulster were not in sympathy with the movement against home rule.

The meeting unanimously and enthusiastically adopted a resolution declaring that Ulster business men will refuse to pay taxes to a Dublin Parliament and approving of the suggestion of the Ulster volunteers under the "provisional Government" and other warlike measures adopted by the Ulsterists.

Sir Edward Carson, leader of the Ulster Unionists, attended the meeting and warmly congratulated the business men on their willingness to make every sacrifice for interests bigger than their pocket-books.

KIND-HEARTED EXECUTIONER

Death of Berry, Who Hanged Over Two Hundred People.

By the death of Bradford (announced on Thursday) of James Berry, ex-husband a curious personality is removed. Berry was originally a policeman and a boot salesman, but through kind hearted man and a devoted husband and father, the post of executioner had a grim fascination for him.

He deliberately set himself to qualify for the position, and when it became vacant he was one of over 1,000 applicants who wished to succeed Marwood. Two poachers, who had murdered two gamekeepers on Lord Roseberry's estate at Dalmeny, were awaiting execution, and Harry sent the following letter to the Edinburgh magistrates:

I was very intimate with the late Mr. Marwood, and he made me thoroughly acquainted with his system of carrying out his work, and also the information which he learnt from the doctors of different prisons which he had to visit to carry out the last sentence of the law.

I have now one rope of his which I bought from him at Horncastle, and have had two made from it. I have also two pinning straps made from his, also two leg straps.

I have seen Mr. Calcraft execute three convicts at Manchester thirteen years ago, and should you think fit to give me the appointment I would endeavor to merit your approval.

One of the most startling events in his career was his failure to execute John Lee, the Babington murderer, whose sentence was afterwards commuted to penal servitude. Three attempts were made, but the trap refused to fall, although when no one was standing on it it worked easily enough.

At Carlisle, while engaged to hang Rudge Martin, and Baker, the notorious Netherby Hall burglars, Berry created a sensation by bringing into the jail as his assistant a well-known English baronet. Among the criminals with whom he dealt was James Bury, a London cats-meat dealer, whose wife's body was discovered in a box ready for despatch to the Colonies.

Berry always maintained that the man was the author of the Whitechapel crimes, and gave as evidence that two Scotland Yard detectives present at the execution assured him that there would not be any more outrages in the East End after Bury's death.

At one time he used to sell relics of executions, a rope fetching as much as £20 from private collectors. Protesters were made against this, and eventually the practice was stopped by the Government.

On his retirement Berry undertook a lecturing tour, and was afterwards a lay preacher, but subsequently settled down on a poultry farm in Bradford, his native town.

Convalescence after pneumonia, typhoid fever and the grip, is sometimes merely apparent, not real. To make it real and rapid there is no other tonic so highly to be recommended as Hood's Sarsaparilla. Thousands testify, Take Hood's.

GENERAL LESSARD TO INSPECT DUFFS
Regiment in All Departments Never Looked Better Than at Present.

The Annual Fall inspection of the 25th Dufferin Rifles is to be held next Monday night at the local Armories and every man is to be in parade, which will mean a turnout of 513 men of all ranks. The inspecting officer is Gen. Lessard of Toronto, who will inspect the Regiment for his first time and the Dufferins are confident of making the best showing yet before him and his accompanying staff. The Regiment with all its branches, from an efficiency standpoint, was never better. The brass band, under Bandmaster Johnson is in first class condition and also the Eagle band, under Sergt. Mellor. The stretcher bearers section under Sergt. Menning is great over-strength and are doing their drill in approved style and the signalling corps under Capt. Dunlop is if anything more than ever the pride of the Regiment. Much petty rivalry exists between companies A. and E. as to who shall turn out most men on inspection.

night. However, Capt. Colquhoun and his men say that after holding first place for five years, they will not yield to Capt. Newman in 1913, so probably the matter is settled. The O. C. requests the Captains to have their pay sheets signed and target practice returns handed in to the Orderly room by Saturday of this week, also all books and stores belonging to the regiment must be in for inspection by one o'clock Monday next. Col. Howard especially requests the men to have their equipments in very best of condition at fall-in, which will sound at eight o'clock sharp. The galleries will be thrown open to ladies and their escorts.

Recruit Class.
The final recruit class for this season will be held on Tuesday and Thursday night of this week. Those who have not yet passed should make a special effort in order to be sworn in for inspection.

HOSPITAL BOARD HOLDS MEETING

Report Submitted by Superintendent—Other Business Transacted.

The regular meeting of the Governors of the Hospital took place yesterday afternoon. Present: C. H. Waterous, president; A. K. Bunnell, Mayor Hartman, F. D. Reville, George Watt, T. H. Preston, Warden Kendrick, J. Sanderson, J. Symons, Dr. Bell.

Superintendent's Report.
Miss Carson for the first month of the hospital year reported 63 patients in the institution on Oct. 1st, number admitted during the month 74, deaths 7, number discharged 4, number now in residence 43.

Two nurses had graduated and two probats were secured.

The services of Miss Nesbitt, a graduate of Macdonald Institute, Guelph had been secured to fill the position of house keeper and dietitian. The nurses were very comfortably housed in their new home and she suggested a phone for that building.

The nurses are very grateful to the Women's Hospital Aid, who furnished them with a bountiful Thanksgiving dinner.

Mayor Hartman had phoned that arrangements had been made to remove Thomas Turner to the Toronto Home for Incurables.

The need for another horse was again urged.

It was decided to look into this and other matters to which Miss Carson made reference.

Request of Doctors.
A letter was read from the Medical association calling attention to the need for a second operating room and naming a committee of the medical men to discuss plans regarding the same.

Dr. Bell stated that with the increase in the number of patients, one operating room was altogether insufficient.

It was decided to look into the subject.

Ladies' Aid.
Mr. A. K. Bunnell, representative of the Women's Hospital Aid Association pointed out that at the time of the handing over of the Nurses' Home, the ladies had expressed a desire to be still identified with that institution.

Mr. Reville said that he understood the matter the ladies simply wished to look after the upkeep of the home with regard to linen and so on. He considered that their wishes should be fully met for their association had proved a tower of strength to the hospital.

On motion a committee composed of Mr. Waterous, Dr. Bell, Mr. Bunnell and F. D. Reville, was appointed to confer with them.

In General.
With regard to the request for a phone it was decided to look into the entire telephone equipment.

Mr. Bunnell said that with the new buildings and much larger number of patients, the expenses were naturally increasing.

Dr. Bell—Even so, the present rate of cost of patients, \$1.30 per day, is the lowest recorded for a very long time although the institution is much better run and prices of supplies are higher.

Board then adjourned.

Gray Hair Becomes Dark, Thick, Glossy

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy, and you look years younger. The Cash Intrigue

By George Randolph Chester

(Copyright, 1909, by the Bobba-Merrill Co.)

"The situation clears up more the further I go into it," said he. "Out of this room instead of a padded morris chair. My heady eyes glittered above his hawklike nose; his pointed chin was tilted.

"Is it enough?" he asked. "I want absolute control of every mile of railroad in the United States."

"I think you have enough," replied Kelvin.

Breed looked at him questioning, then he turned sharply to his granddaughter. "Lillian, you had better run along and get ready if you are going out upon the links with us."

"I want to stay!" she declared. "Grandfather, do you know what you are doing to me? I have all the nervous energy you failed to bequeath to my father. You coop me up here. I don't have an interest in anything, something big, or I shall go mad! I tell you I shall die if I have no battle to fight except myself and the social inanities which Mrs. Rensselaer is presumed to teach me before I may show myself in Madison avenue!" she declared. "As an ambition that does not seem to promise much scope, I want larger things. They cannot be too large. I, too, would build an empire or destroy one."

Kelvin looked quietly up at her. She was a picture of striking beauty, but there was about her a certain savagery, such as a Lucrezia Borgia might have had, Kelvin thought, or such as animated the woman vultures of the French revolution.

Henry Breed was possessed of no such dramatic comparisons. "Leave the room," he said, "and get dressed upon her heel and stride out the door, slamming it behind her."

Dr. Zephani followed her with his eyes, but a half smile was still lurking under his beard. The other two heavy-lidded eyes were gone. Breed dismissed the episode immediately.

"Now you may explain," he told Kelvin.

"Well," said Kelvin, "the entire railroad map is changed since the panic. All the names familiar to the railroad world have passed into history. The names which have been forgotten are not one of them can rise again from the wreck."

Breed nodded his head in comprehension, and his thin, flexible lips bent into a cruel smile. "I know," said he, "and that is the mark upon each of their photographs."

Kelvin nodded briefly. "But those men have shown us the way. Let me give you an illustration of the control of one man. For five years he denied that he had any interest in a certain large road. But there came a time when a holding company in which he was interested had secured 15 per cent of the stock of that road, and this 15 per cent was the largest single minority holding. The man in question held in his own name less than 1 per cent of the stock of the holding company, but it was to the interest of every member that he nominate his own directors and control the destiny of the company. Through this control, therefore, he actually possessed personally that 15 per cent of the stock of the big railroad. With that 15 per cent he sent in his own name an appeal to the scattered stockholders for proxies, and through his personal prestige he came into a stockholders' meeting of the big road voting 60 per cent of the stock and put through his own slate of directors and officers. Then, through similar means and through this one road, he controlled all its branches, all its dependencies, aggregating many thousands of miles, and all despite the fact that he himself actually held not 1 per cent of the value of all this stock!"

Breed nodded his head. "I have a check mark upon that man's photograph too. This deal was a part of the pyramid which crushed him."

"But it can't crush you," returned Philip. He poised his pencil over different points in his diagram, where opposite the name of each road was set its total number of outstanding stocks and bonds.

"You are the only man in the world today who is able to bring practically endless resources to the support of any project," he continued. "For instance, with an actual holding of less than 1 per cent of the total stock of all the railroad corporations in the United States, you are able to dominate every mile of iron highway, to dispose or elevate any man in the railroad business, from broken-down president to the man who after you have taken the reins. You have only one rival."

Breed raised his head quickly. "Rollins?" he said.

"Summer Rollins," repeated Kelvin. "What made you think so? You spoke of me yesterday as the man who 'ran' him during the days of the panic. Railroads are a hobby with him. He thinks that, with proper management, they can be made practically safe to the public and still yield better dividends. He is a conservative man, who has never speculated upon anything in fact, he is one of the few men whom your campaign against the Stock Exchange and Stock Exchange methods could not affect. During the closing days of the panic, when

such stocks as Northern Pacific were reduced to the absurd figure of twenty-nine, Rollins was in the market to buy actual stock for spot cash, and in several of these roads he is today the second minority stockholder to yourself. I kept close record of his transactions, and, in fact, I sold him some Northern Pacific and some New Haven myself."

"You did?" exclaimed Breed, surprised and not altogether pleased.

CHAPTER IX.

KELVIN laid down his pencil and leaned back in his chair. His face was a trifle pale. He was about to reveal himself, perhaps more definitely than Breed would like. "I did not exceed my instructions," he explained, "for in pursuance of my plan you merely told me to secure of the six lending stocks all that I could. I did so, but found that I had much more difficulty in securing some of these stocks and not enough of others so I traded. As it stands now, I have

"THE PEOPLE ARE FOOLS!" DECLARED sufficient to entitle you to a personal representation in every railroad, major or minor, in the United States."

Breed studied young Kelvin for a long time in thoughtful silence.

"How strong a rival do you consider Rollins to be?" he asked.

"Formidable," replied Kelvin. "All the more so because he has a personal dislike for me."

"How does he know I had him let out?" asked Breed.

"Kelvin smiled. "He charges openly that he was deceived because he stood in the way of the scheme by which the Parsons group was deliberately wrecked and laid open to capture by the Maclure interests. Don't underestimate this man, Mr. Breed. I don't know where he got the money, but"

"The independent steel corporations," interrupted Breed.

Kelvin stopped a moment and considered this new thought. "That's so," he exclaimed and made a pencil note on the margin of his diagram. "It is to be doubly formidable. He is going to make a strong campaign for proxies, and he is to be feared because, while not so well known to the public as yourself, he is more favorably known, and when they come to investigate him they will find him to be a man of stern probity."

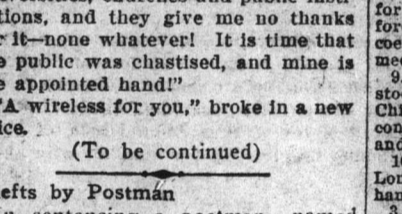

"The people are fools!" declared Breed in some heat. "I know what they think of me, but they have no right to do so. I have given away colossal fortunes in the endowment of universities, churches and public institutions, and they give me no thanks for it—none whatever! It is time that the public was chastised, and mine is the appointed hand!"

"A wireless for you," broke in a new voice.

Thefts by Postman
In sentencing a postman named William Burns to six months' imprisonment in the second division for stealing a postal packet, Mr. Justice Bankes, at Chester Assizes on Monday, remarked that in the old days punishment for these offences used to be more severe. It had been relaxed in recent years, and he was not at all sure that the relaxation had done good. He was not, however, going to revive the old practice. Charles Frankland, eighteen, an auxiliary postman, was bound over for a similar offence at Daresbury. It was stated that it was an isolated case, and was not pressed.

THE NEWS OF THE WEEK BY CABLE FROM LONDON AND BERLIN

SEEKING HOME FOR U. S. AMBASSADOR

Hotel Esplanade Annex or a Prussian Palace in Berlin May Be Selected.

FEUD STORY BELIEVED

Grave Breach Between German Emperor and His Son-in-Law Over Brunswick Succession.

(Special Dispatch.) BERLIN, November 1. MRS. JAMES W. GERARD, who, travelling by the Emperor, joined the American Ambassador at the Hotel Esplanade early this week, has left again for Paris, where she will meet her sister, Countess Anton Skary.

Emersonian sport has received a great impetus of late because of the brilliant autumn weather. Every one is anxious to be seen in the Hippodrome of the Tiergarten presents a scene of the greatest animation. The Crown Prince, who, with the Crown Princess, is residing at his Berlin palace temporarily, was among the riders this week, giving demonstrations of splendid horsemanship by the reins with which he handles the horses.

Her absence for the first time from a family gathering lends color to the opinion generally entertained here that the question of the Brunswick succession is not only a matter of political agitation on the part of the Guelph party, but has led to a grave breach between the Kaiser and his son-in-law.

Despite the stormy interview which is reported to have taken place on the same subject between the Kaiser and the Crown Prince the latter was among those to congratulate the Empress.

ART SEASON IN LONDON BEGINS

Spanish Old Masters at West End Gallery Include Works of Many Famous Artists.

OIL PAINTERS EXHIBIT

Promising Young British Artists at Prince's Show Very Attractive Figure Pictures.

(Special Dispatch.) LONDON, November 1. EXHIBITIONS of pictures are opening again in the West End, just to remind one that the picture buying and picture loving public is returning to London and that the autumn season is beginning.

The exhibition of pictures by Spanish old masters which has just been opened at the Grafton Galleries is one of the most curiously mixed shows that have been seen in London in a long time. Historically, it is, of course, of the greatest possible interest, but artistically it excites very mixed sensations.

One of the most attractive of the figure pictures is Mr. W. H. Margesson's "St. Valentine's Day," a charmingly managed study in delicate tones of gray, admirably drawn and ably painted, but there are excellent qualities too in his "Fairy Tales," and "Cupid's Arrow," both of which have very real technical merits.

Other works like the Honorable John Collier's "The King," Mr. E. M. Skipworth's "An Autumn Afternoon," and the graceful etching subject by Mr. Talbot Hughes, "I Burnt the Happy Pipes of Pan," help to give interest to the exhibition; and there is by Sir James Linton a small picture, "The Tryst," which is a typical illustration of his methods, and a notable example of precise and deliberate accomplishment.
