FATAL ACCIDENT AT SUMMER RESORT

Montreal, May 27—The opening week at Dominion Park, Montreal's summer amusement resort, was marred by a fatal accident this afternoon, when James C. Underdown, 32 years of age, residing at 455 St. Antoine street, was killed on the scenic railway switchback. Underdown had almost completed the ride, the car being fifteen feet from the stopping place when he attempted to step out on to the platform, according to the report of the man in charge of the railway. He slipped and fell between the platform and the car and was instantly crushed to death by the heavily loaded car following that in which he had been riding. Deceased was unmarried. Although over two million people have been carried on the switchback since the park was first opened, this is the first fatal accident of this nature to occur upon it.

LORDS POWER IS FAST WANING

The Battle Between Upper and Lower House Is Almost Ended.

London, May 27—(By T. P. O'Connor)—The great battle between the Lords and the Commons now is like a play with two good acts and an unimpressive and wearisome act. Everybody already knows how the drama played by Lord Chancellor Loreburn will end, but the Lords insist on dragging it out and pretending that they still believe there can be a demagogue, but their object is complete submission.

"FRUIT-A-TIVES" WILL CURE RHEUMATISM

McMillan's Corner, Ont., Sept. 30th, 1910. "Your remedy, 'Fruit-a-tives' is a perfect panacea for Rheumatism. For years, I suffered distressing pain from Sciatic Rheumatism, being laid up several times a year, and not being able to work at anything. I went to different doctors who told me there was no use doing anything, it would pass away. Fortunately, about two years ago, I got 'Fruit-a-tives' and they cured me. Since then, I take them occasionally and keep free from pain. I am satisfied that 'Fruit-a-tives' cured me of Rheumatism and they will cure anyone who takes them." JOHN B. McDONALD.

THE IMPERIAL CONFERENCE

The Imperial conference opened Tuesday in London with the presence of the self-governing British Dominions in attendance. This is the sixth gathering of representatives of the commonwealth since the second imperial conference...

It was the death-blow of the traditional conception of the empire. The conference converted the British empire into a permanent alliance of sovereign states with all that implies. A group of ardent spirits, who were quite sure that the empire can thrive only if they, or others of the same mind, give orders to the Dominion from places of authority in London...

This amendment of the relations of the British states on the basis of the approval of all the leading public men of Great Britain. At the Colonial conference in 1907, Sir Henry Campbell-Bannerman, then prime minister of England, in officially addressing the conference said: "We found ourselves, gentlemen, upon freedom and independence..."

At Ottawa on June 28, 1894, the second colonial conference was held by the Earl of Jersey, representing the imperial government. Representatives of the various parts themselves, with complete practical independence. In the following December, Lord Curzon, one of the leading figures in the Conservative imperialist school, declared himself in accord with this view by stating that the household was dealing not with children, but with grown men...

The present conference will doubtless emphasize the theory of the independence of the British powers, occupied with their obligation to cooperate with one another in the great business of running the British empire. They are partners in a great enterprise, not in a common one. The great nations are to be met together to discuss how best to promote and consolidate the common interests. There was a time when the demand upon the British states was to have a common nationalization law...

With the opening of the conference, the leading reformers of the tariff reformers become more numerous. They are the "unhappy slaves of one idea." The conference may, on all the important matters set down on the agenda for consideration, arrive at some common conclusion; but all this, in their opinion, will avail nothing to save the Empire if they do not declare themselves in favor of the system in which the tariff reformers so faithfully believe. This, needless to say, is an issue which is not a matter of mere expediency...

Sir F. W. Borden and Hon. L. P. Brodeur. An interesting representative of the Dominion of New Zealand, the Earl of Balfour, the colonial secretary of the New Liberal government...

In 1907 the Canadian parliament passed a new tariff act which is still in force. It is divided into three parts: general tariff, navigation laws, and trade marks and patents, trade statistics, immigration, company law and naturalization were discussed...

New Zealand's Tariff. This year the Imperial conference, for the second time, met in a coronation year. A large number of subjects of the Empire are to be discussed and the proceedings cannot fail to be of great interest. Among the things to be discussed is the tariff act of 1907...

South Africa's Position. Preference to the goods of the Dominion was first granted by the South African customs union convention of 1903 and similar treatment was extended to Canada in 1905. In 1908 and 1909 the present preference of the South African Union to the goods of the Dominion was taken into close consideration by the Imperial conference...

Canada's Naval Service. Canada has long possessed an efficient naval service. The Dominion is now entirely entrusted. The last units of imperial troops were sent to Canada at the invitation of the Canadian government, made an inspection of the Dominion and reported that the Dominion is now entirely entrusted...

Navigation Laws. The premier laid particular stress on the necessity for a discussion of the question of navigation laws. At the present time people from other countries naturalized in Canada were British subjects only while they were in this country. Owing to the large immigration and changing conditions, the present laws are not adequate...

Canada's Customs Tariff. The average duty levied by Canada on all merchandise is about 24 per cent. ad valorem, the duties ranging from 5 to 37 1/2 per cent. About 40 per cent of Canada's imports come in free of duty. By the Canadian tariff act of 1907 a rebate of 2 1/2 per cent was increased to 2 1/2 per cent in the case of goods imported from the West Indies...

Spokane, May 25—Derailed at
a sharp curve, 25 miles east of Lind,
Wisconsin, the "Columbian" east-
bound passenger train of the Chic-

Railway, was wrecked early today.
The engineer and fireman were in-
stantly killed and at least one pas-
senger seriously injured. Reports
from the wreck are meagre. The in-
jured are being taken to Lind.
The "Columbian" is the second
through passenger train to leave
their respective states, and from this
viewpoint they regard every proposal
submitted to them as a threat.
The Daily Chronicle, agent of the
proposal laid before the conference
for the establishment of a standing
committee, says that the opinion of
the premiers taking part in the con-
ference is somewhat reserved. The
fact is asserted that the chronic
governing motive in the minds of the
premiers is the maintenance or even
the extension of the autonomy of
their respective states, and from this
viewpoint they regard every proposal
submitted to them as a threat.
The Daily Mail, discussing the
forthcoming session, says the future
of Canada, Australia, and New Zea-
land depends on the capacity of the
British race to fill their vacant spaces.
The United Kingdom is the only re-
servoir from which they draw people

GOES TO LONDON**

Toronto, May 25—Eric W. Hamber,
manager of the Vancouver branch of
the Dominion bank, has been appoint-
ed to the position of manager of the
London branch, which will be opened at
7 Cornhill on Dominion day. Mr.
Hamber applied for leave of absence
to visit England as an officer in the
Canadian coronation contingent and
not long afterwards received the in-
formation that he would remain in
the Old Country as the chief repre-
sentative of the bank there. He went
to England once before as the stroke
in an Argonaut crew. The new Lon-
don manager is a graduate of St.
John's college, Winnipeg. He enter-
ed the service in 1888. For several
years he was in the Toronto office of
the bank, latterly being connected
with the inspection department. In
1908 he was appointed manager at
Calgary, and after two years there,
was transferred to Vancouver.

**VAST MAJORITY WERE

Great Britain Provided the
Largest Number of
New-Comers.

Sixty-five per cent. of United States
immigrants and thirty per cent.
of British were Farmers and
Farm Laborers—Half Million of
New-comers Came to Alberta and
Saskatchewan.

Ottawa, May 25—During the past
ten years Canada has received nearly
2,000,000 immigrants, of whom 750,
000 were from Great Britain and
700,000 from the United States.

An immigration bulletin, just is-
sued, gives the actual figures up to
the end of the fiscal year, March 31,
1911, as 1,714,328 for the decade.
Since then nearly 200,000 more have
arrived, divided about equally be-
tween British and American.

According to occupation, about 65
per cent. of the immigrants arriving
from the United States have been
farmers or farm laborers, who for the
most part have settled in the prairie
provinces. Thirty-eight per cent.
of the total number from across the
line made entry for "homesteads" in
the West.

About 30 per cent. of the British
and continental arrivals were farm-
ers or farm laborers, while 25 per
cent. were classed as general laborers,
and nearly the same percentage were
classed as mechanics.

The influx of negroes has totalled
only one fourth of 400, while 5,200
Hindus have come. Of the British
immigrants, approximately 560,000
have been English and Welsh, 150,
000 have been Scotch and about 45,
000 Irish.

Figures for other nationalities in-
clude the following: Austria-Hun-
gary 121,000, Belgium 62,224, Hebrews
48,875, Russians 38,950, Sweden 19,
349, Germans 21,145, French 16,236,
Norwegian 12,778, Syrians 5,222.

The distribution of immigrants by
provinces gives a good idea of the
later's respective population and
growth. Saskatchewan and Alberta
got a little over half a million during
the decade, Ontario came next with
400,898, Manitoba 309,828, Que-
bec 288,828, British Columbia and
the Yukon 188,599, the Maritime
provinces 99,222.

Western Canada got 10,000 more
new settlers than Eastern Canada.

**NEW INDUSTRIES
AT MEDICINE HAT**

Medicine Hat, May 25—The vote
today for encouraging certain
industries and expenditure on civic
improvements was not large, but it
was overwhelming in favor of pro-
gress, totalling 675 for and only 43
against. The bylaws thus passed
granted a site and 250,000 cubic feet
of asphalt to the glass works back-
ed by D. C. Cameron, of Winnipeg,
which will employ 150 hands. The
same concessions to the Alberta
Foundry and Machine company, em-
ploying 100 hands, \$23,500 was vot-
ed for cement walks, \$15,000 for
curbs, gutters and boulevards, \$40,000
for plank walks, and \$80,000 for
grading.

Next month a vote will be taken on
granting a site to the Preston Plan-
ing mills, the Gordon Nail works and
the Medicine Hat Milling company,
making in all twelve new industries
which are seeking locations in Medi-
cine Hat this year.

The Union bank today purchased a
site on Toronto street at \$600 per acre
and will immediately proceed to erect
a three-story building.

W. Roper Hull today began opera-
tions on the erection of a four-story
building on Toronto street, which will
contain a modern theatre, cafe and
office accommodation.

Tomorrow ground will be broken

New Winnipeg Hospital.
Winnipeg, May 25—The provincial
government has approved the plans
of the city for the establishment of a
suburban and contagious disease hos-
pital in Riverview, despite the protest
of the residents, who have organized
to oppose the project on the ground
that it will ruin property values and
that it is also contrary to the build-
ing restrictions placed upon the prop-
erty when first subdivided and plac-
ed on the market.

Bullion in the Bank.
London, May 25—Bullion amount-
ing to 30,000 pounds was taken into
the Bank of England on balance to-
day.

Eczema was Spreading
This is a translation of a letter
written by Mr. P. F. P. on April 18,
1910, by Mr. Dan Baldwin, C. M. L.,
N.B.

I had been suffering with eczema
for about six months, and had consult-
ed several doctors who did not do me
any good. The disease was spreading,
and I was most uncomfortable. I
thought I would go crazy. All my
friends were telling me I would lose
my hands unless I found the right
treatment.

One day I read in the Messenger
about your D. D. D. treatment and had
asked for a sample. I immediately order-
ed about four bottles. It took eight bot-
tles altogether to cure me of this ter-
rible disease. I shall never be without
a bottle of D. D. D. in my home. I
write today for free trial bottles. I
am, Colborne St., Toronto. It will give
you instant relief.

**VANCOUVER UNIONISTS
VOTE STRIKE JUNE 5**

Vancouver, B.C., May 25—With
forty delegates voting yea and only
five against, the Trades and Labor
Council tonight declared in favor of
calling out the eight thousand union
workers of Vancouver on a general
strike on June 5th in sympathy with
the striking carpenters, bakers and
machinists, and as a test of the com-
parative strength in the city of
unionism among the forces of the
employers. Five other delegates
gave conditional affirmation to the
resolution approving the strike as a
commendation from the joint com-
mittee, while two refused to cast
their ballots one way or the other.

Practically all of those returning a
negative answer, as well as the dele-
gates declining to vote at all, and
those making their ballots conditional,
explained that their failure to
come out plently with the majority
lay not in the fact that that might be
opposed to a general strike, but
rather that they lacked instructions
from their several unions and they
did not care to pronounce an opinion
which might prejudice those they re-
presented.

The discussion was almost entirely
in favor of opening a campaign
against the employers of Vancouver,
to demonstrate the strength of the
unions in making their demands for
closed shop conditions. Messrs.
McIntyre, McVey and Wilkinson
fired the heavy guns of argument in
favor of the proposed cessation of
work, shop conditions. Messrs.
Harris, net value \$7,419, also win-
ner of the winner's Forty-four, Point
Lace, Automatic, Dottie B., he is a
Seal brown in color, stands 16-1-2
hands, and weighs 225 lbs. and as
sound as a gold dollar.

The judges will make the season of 1911 at Mr. Spier's Farm
on the St. Albert trail, 3 miles north
of Jasper Avenue, Edmonton.
To be approved marks, terms, re-
turned \$50 cash, with usual return
privileges. Cold-blooded mares, \$20.
For further particulars apply to
Walter Spier, P. O. Box 476, Edmon-
ton, Alberta.
