SHOOTING AFFAIR NEAR ANNAPOLIS

Fred Nichols Of Upper Clements Accused Of Shooting Stepson.

A FAMILY QUARREL

Alleged That Nichols Aimed First At Wife But Missed, Then Shoots Stepson.

Annapolis Royal, N. S.—There was a shooting affair at Upper Clements about four miles from here on the road to Digby on Saturday evening, and Fred Nichols is under arrest and is expected to come before a Magistrate here for examination, charged in all probability with wounding his stepson with a shot gun, the son being wounded in the arm and neck. The affair, as far as details can be obtained, was the result of a family quarrel in which Mrs. Nichols and her son Kenneth Thibideau, (stepson of the man under arrest) featured. Nichols' home is a farm of about 200 acres, where he lived with his wife and stepson, the latter about twenty-four years of age. Mrs. Nichols came to town and after doing some shopping returned home, being met at the station by her husband. They engaged in an argument which was continued in the house, and it is stated that the stepson interfered and gave Nichols a black eye. Mrs. Nichols separated the two men. Her husband then seized the shot gun, the woman and her son fleeing from the house.

It is alleged that Nichols first put a ball cartridge in the gun and aimed at the woman but missed her, and that he then, putting a charge of shot in the gun, fired again, Thibideau getting three shots in the hand and arm and another in the neck. County Constable Amberman was notified and reached the Nichols home about ten o'clock Sunday night. It is reported that Nichols denied being the man who did the shooting, but he was put under arrest and placed in jail at Annapolis Royal. He is about fifty years of age. Thibideau, the injured man, is in no danger.

FOLLOWED BY A WILD CAT

George Graham, of Earlton, passed through Waugh's River, last week, en route to visit his daughter, Mrs. Cameron, at Keble. While going through the long strip of woods on the road he was followed by a wild cat of large size for over a mile. It being night he was carrying a lantern and he firmly believes that if it had not been for the lantern this beast would have attacked him, as it came quite near him several times.—Truro News.

GRANVILLE FERRY

Mr. Harry Withers returned home from the U. S. on Tuesday. Mrs. V. H. Amberman, Mrs. W. Chesley, of Middleton, spent the week-end at the home of Mr. and Mrs. C. W. and Mrs. Croscup left Monday for St. John, N.B. Mrs. Wm. Apt and son Harold, who have been spending the winter months in the U. S., arrived home Tuesday accompanied by her daughter, Mrs. McMillan and two children. Mrs. Ernest Collins, of Digby, has been a guest at the home of Capt. and Mrs. Balfour Collins the past week. Mr. and Mrs. Roy Gilliat left for Canning, King's County, Monday.

WEDDING

Downs—Marshall.
An interesting ceremony was performed on the morning of Thursday, March 29th, 1923, at Wilton, New Hampshire, at the home of Mr. and Mrs. Frank L. Downs, when their son Chester K. took for his bride Miss Eliza Ann Marshall, youngest daughter of the late Melbourne E. Marshall, and Lydia C. Marshall, of Paradise, Annapolis Co., N. S., the Rev. G. H. Chambers, resident Baptist minister, officiating, using the Methodist Episcopal ceremony, with double ring service.

After a sumptuous breakfast the happy couple left en route for 19 Clinton St., Manchester, N. H., the home of the bride and other demonstrations customary on such occasions. The bride's dress was blue crepe with silver trimmings, with hat to match, trimmed with Sable fur.

BEAR RIVER

Mrs. George Crosscup, who has been ill, is improving. Misses Robena Romans and Joyce Reop returned to Halifax on Wednesday.

Mr. Avard Marshall left on Friday for Boston. Lloyd Sanford has returned from Boston and has opened his garage for the summer.

ANNUAL MEETING BRIDGETOWN RINK COMPANY

The Annual Meeting of the Bridgetown Rink Company was held Monday night in the Board of Trade rooms. New directors were appointed as follows:—

R. J. Messenger.
E. A. Hicks.
B. N. Messenger.
A. P. McDonald.
J. P. Orlando.

The report of last year's directors was given and will probably be published in our next issue.

MEDAL CONTEST WAS APPRECIATED

Nice Programme in Baptist Church Under Direction of W. C. T. U.

A very interesting evening was spent on Monday in the Baptist Church vestry when a "Medal Contest" was put on under the auspices of the W.C.T.U. The attendance was large and seating taxed to capacity.

The programme was as follows: "Onward Christian Soldiers" Medal Contest participated in by six girls; two from each church, in a series of readings. The participants were: Olive Clarke, Phyllis Wentzell, Margaret Armstrong, Maud Hiltz, Jennie Brooks, Marion Abbott. The medal was won by Olive Clarke.

The judges were: Mr. J. T. Archibald, Mrs. W. A. Warren, and Mrs. Fred Beckwith.

A special prize was given Lydia Hopkins who, though only seven years of age, read most beautifully. All present enjoyed the evening very much.

POPULAR NEWSPAPER MAN MARRIED

Waldo B. Davidson, of the Wolfville Acadian, was married on April 10th in Montreal to Miss Ruth Boardley, of that city.

SCHOOL BOARD HOLD MEETING

There Will Be No Change In The Teaching Staff For Next Year.

SALARIES OF STAFF

Board Investigate Reports Of Congestion In School Accommodation Pictures From I. O. D. E.

Bridgetown School Board held a session of considerable length last Thursday and took up a variety of matters including those connected with staff and salaries for the coming term. A large number of applications were received for the various positions in the school but these were all made in vain for there will be no changes in the staff which is made up as follows, with salaries for year:—

J. T. Archibald, B.A., Principal	\$1900
R. J. Messenger, B.A., Vice-Prin.	960
Miss G. R. Crowell	750
Miss M. S. Ritchie	680
Miss Beyl Hayden	650
Miss Georgie Whitman	650
Miss M. J. Miller	650
H. B. Price (Manual Training)	600
and High School Classes	800

\$8990

The date of "visiting day" was left with Principal Archibald.

The large and handsome pictures presented by the Daughter of the Empire through Dr. McKay, Supt. of Education, will be shortly hung in the various rooms.

It was decided that the School Board visit the school on Monday, April 16th, to look into the matter of accommodation which is said to be becoming rather restricted.

CORRECTION

We regret that through some mistake the bill of the Victoria General Hospital re Margaret Barnes for \$39 was included in the bills ordered paid by the town. This bill has been paid by her mother, Mrs. Robert Barnes, and was not intended to be paid by the town.

BELLEISLE

Miss Minnie Woodworth, of Boston, is visiting her sister, Mrs. Alice Lytle. Miss Kathryn Fraser, teacher at Weston, and Miss Lizzie Troop, teacher at Avenport, spent part of the Easter holidays at their home here.

Glad to welcome the H. & S. W. train again after an absence of three months, owing to the extremely heavy falls of snow.

Miss Blanche Goodwin, of Granville Centre, spent the week-end with her cousin, Miss Jennie Parker.

Mr. Albert Woodworth is spending a few days in Kingston with his mother.

Mrs. Patterson and Mrs. Dillon, of the U. S. A., were recent guests of their sisters, Mrs. Henry and Mrs. Harold Bent, returning to their homes on Friday.

The play entitled "A Poor Married Man" given by the members of Belleisle Division on Tuesday night was a decided success. The hall was well filled and the sum of \$30.00 was realized for Division and hall purposes.

Mr. Thomas Easson, of Aylesford, was a Sunday guest at the home of H. G. Parké.

The sincere sympathy of this community goes out to Mr. John M. Troop and family in their recent sorrow.

TOWN MANAGER FOR WOLFVILLE

G. S. Stairs, of Halifax, has recently been appointed manager of the town of Wolfville and will take up his duties May 1st. The appointment of a town manager is an innovation but it is expected that under efficient and skilled leadership, municipal prosperity will grow apace. In this modern proposition Wolfville, the Valley towns.

DIED AT AGE OF 103

St. John, N. B.—Mrs. Lois Caswell, one of the oldest residents of the Maritime Provinces, died at Grandville Ferry, N. S., on Thursday, aged 103 years. She was born in Hopewell, N. B. The body was brought to St. John, where she resided for many years for burial.

D. D. MCKENZIE'S APPOINTMENT IS ANNOUNCED

Solicitor-General Made a Judge of the Supreme Court of Nova Scotia.

Ottawa.—Hon. D. D. McKenzie, Solicitor General, has been appointed to the Supreme Court Bench of Nova Scotia, succeeding the late Mr. Justice Longley.

It is understood that the post of Solicitor General is to remain vacant for the present. Inclusion of E. M. MacDonald, of Pictou, into the cabinet has been announced.

2 in 1 Shoe Polishes
More and Better Shines to the Box

A town teacher held her class in spelling to state the difference between the words "results" and "consequences". A bright girl replied: "Results are what you expect, and consequences are what you get."

ANNUAL MEETING LAWN TENNIS CLUB

Officers Elected and Various Committees Appointed for the Year.

The Annual Meeting of the Bridgetown Lawn Tennis Club was held on Thursday evening last in the Board of Trade rooms with a very good attendance.

The reports presented showed that the Club was in very good financial shape. All bills paid and a small balance to the good.

Officers for the year were elected as follows:—
President—Owen Graves.
Vice-Pres.—G. H. Warsy.
Secy.—Treas.—Doris Weare (elected).

Chairman Entertainment Committee—Miss Elizabeth Ruggles.
Tea Committee—Miss Hattie Anderson, Miss Frances Fowler.
Managing Committee—H. B. Hicks, R. W. Donaldson, James Fay, Auditor—K. B. Ewan.

Some discussion took place with regard to adding a third court and the matter was finally referred to the Managing Committee.

TO U. S. SUBSCRIBERS

On and after May 1st the rates to Monitor subscribers in the United States will be two dollars and fifty cents per year instead of two dollars as at present. This is in keeping with usual practice followed by newspapers. It costs us just fifty-two cents more per year to deliver in the U. S. than in Canada. Newsprint has gone up a substantial amount and is probably due for another boost in July. Cheques sent in for subscriptions must be payable here at par.

LOCAL CITIZEN IS VICTIMIZED

Smooth Tongued Sharks Induce Mr. Le Brun to Part With Bonds To Value of \$2,000

THE EXCHANGE GIVEN Application For Common Stock Parker Motors At Bargain Price—Whole Thing Huge Swindle.

A couple of slick talkers alleging themselves to be representatives of the Parker Motor Car Company of Montreal, victimized to the extent of \$2,000, Thomas LeBrun, a retired citizen of this town when they called at his residence on March 8th.

After the usual pleasant line of introductory stuff, they brought to his attention an alleged remarkable investment offering common stock of the above company par value \$100 for the very reasonable price of \$50 per share. It looked good to Mr. LeBrun, as part of the five million authorized common issue and the price looked better still. He fell for it and gave the smooth strangers Maritime Electric stock to the value of \$2,000 and received application forms from them for stock in the Parker Motor Car Company. The alleged agents did not offer their autographs to the documents but left Mr. LeBrun to do all the filling in.

All cheques were to be made payable to Maxwell & Company. Mr. LeBrun rested easily but after a time sent in his application for stock, receiving the reply from the Company that they had no common stock on the market, let alone any representatives selling it. Maxwell & Company, Montreal, were entirely unknown to him. The envelopes used by the sharpers were duplicates in printing to those used by the motor company but the stock applications were differently worded and introduced names unknown in the business world of Montreal.

The whole performance is now being investigated but chances of ever seeing or detecting the smooth tongued world beaters on a game new in local circles are certainly not of the rosiest.

CENTRAL CLARENCE

The W.M.A.S. met at the home of Mrs. Hirtle on Monday afternoon.

Mr. William Marshall returned to his home on Tuesday.

Harry Starratt and wife returned to their home in Melrose Highlands on Tuesday.

Mark Conrad went to Boston on Friday. We wish our young people success, but miss them from the community.

Raymond Marshall spent the week-end at his home here.

Mr. Harry Vets spent a few days with his family this week.

Mr. Harry Fennimore has been ill this week but is better at time of writing. Mrs. M. C. Marshall is also in ill health. There has been a great deal of sickness, hardly a family escaping.

Mrs. Paul Fischer and two children, Ralph and Howard Starratt, of Lynn, returned to their homes on Friday after being here to attend the funeral of their father, the late H. D. Starratt.

Mr. George Davies has returned to his home in Stellarton. We understand Mr. Davies wants to buy a farm in this part of the Province.

Miss Rita Marshall spent the week-end at W. L. Messinger's.

Peter Kelley went to Boston on Friday last.

Mrs. H. D. Starratt and family have the sympathy of friends in the loss by death of the husband and father.

FAREWELL SERVICES OF REV. I. A. CORBETT

Canso.—A congregation comprising the Methodist and Baptist Churches filled the Baptist edifice on Sunday evening for the farewell services of Rev. I. A. Corbett, who is removing to Fredericton, N.B. Rev. L. E. G. Davies, of the Methodist Church, who courteously closed his services for the evening, assisted in the united meeting.

The S. S. Vallada arrived on Sunday morning from St. John with a full cargo of freight on her first trip of the season. Hereafter regular schedule will be maintained for the season.

PARADISE

Men are working on the river today, hoping to recover the body of Mr. Robert Sandford, who lost his life Tuesday, the 10th, when he, Mr. Boehner and Mr. Guest were crossing the river and their boat caught in the swift current, capsized. Words can in no wise express the sadness which is universally felt because of this accident. Paradise and West Paradise will co-operate to alleviate in any possible form the awful weight of this heart-breaking experience for the young wife.

With so much epidemic sickness, whooping cough, measles and grippe, along with other cases of illness this winter, few in our community have escaped. At time of writing Irving Bishop is housed with measles and Chesley Rice with grippe. Robert Longley also is on the sick list, while Mr. and Mrs. J. C. Phinney, Mr. and Mrs. Frank Balcom, and Mr. and Mrs. M. Daniels are recovering from grippe and heavy colds.

Miss Charlotte Bowly returned to Truro on the 16th, after an enforced vacation caused by a case of measles.

Miss Helen Pearson, of Portland, Me., is making a month's visit with Mr. and Mrs. H. D. Starratt.

Mr. Earl Saunders returned to Halifax recently.

Paradise Lane is again passable for teams, the small bridge having been repaired since the freshet.

Even muddy roads and wobbly wagons look good to us after almost six months of winter and steady sleighing.

Church services next Sunday will be as follows:—Paradise 11 a.m., Clarence 3 p.m., B.Y.P.U. at Clarence and Paradise at 7.30 p.m.

HAMPTON

Keep to the right.

At last it has happened. The S. S. Ruby L. II. arrived on Sunday, 15th, and landed a large amount of freight for our merchants which was badly needed by their customers. We hope the service of this line will improve as the season advances.

Mr. Harry Farnham and Mr. Elmer Mader have joined the S. S. Vallada which ply between St. John and Bridgetown.

Sorry to report Mrs. Vernon Dunn quite seriously ill at time of writing. Dr. Dechman is in attendance. Her many friends hope for a speedy recovery.

We are still shovelling snow in this section and by the looks of things this morning (April 16th) we may not be through yet.

CRESCENT LODGE RENOVATED ROOMS

General Effect Very Pleasing With Fine Blending of Colors.

Crescent Lodge, I.O.O.F., have, during the winter months, had Mr. A. R. Bishop at work beautifying their lodge room and the improvements made now render it one of the most attractive in Western Nova Scotia. From floor to ceiling there has been a complete renovation. A new floor has been added and made more attractive by having the centre painted in squares.

The ceiling is done beautifully in grey shade with brown borders.

The wall panels are stippled in water colors and above the panels the circuit of the lodge room are painted the various striking emblems of the Order of Oddfellowship. At either end of the lodge room are curtains oil painted, blue at one end of the room and scarlet at the other to correspond with officers chairs in each position.

The whole color scheme blends very nicely and the general effect is pleasing in the extreme and a fine tribute to the enterprise of the local lodge and the excellent and artistic work of Mr. Bishop.

COUNTY INSTITUTIONS ENJOY ILLUSTRATED LECTURE

Last Monday evening the County Hospital people enjoyed another of the illustrated lectures given by the United Church. This time it was in the form of a story entitled, "Jasica's First Prayer". The lantern was operated by Mr. Fred Beth and the story was read by Mr. Harold Price. All present thoroughly enjoyed the evening and expressed the hope that another story would be soon forthcoming.

WOMEN'S INSTITUTE AT LAWRENCETOWN

Ladies Have Taken In Hand Beautifying Of Cemetery—Local Red Cross Donate \$80.—Notes Of The Churches.

CLEAN UP DAY

Doctors Show Active Interest—Boy Falls Off Barn Suffering Severe Injuries.

Service in the churches as usual. Rev. Mr. Hardy, home from India, preached in the Baptist Church Sunday evening.

The Ladies' Aid Societies are busy in their social, charitable and church work.

Fine, bright days; snow rapidly going away. It is good to see bare ground once more.

The light has failed for a few nights as the river is in flood.

Signs of ladies delight and men's despair house cleaning is evident.

Landslide near the river, Lawrence-town, is being made safe. Men are working night and day.

Mr. and Mrs. C. B. Tupper were the guests of Mrs. Tupper's parents, Mr. and Mrs. W. L. Hines, of Cottage Cove, on Monday and Tuesday of last week.

Mrs. Day will soon return to her home in Liverpool. This popular lady has been a guest at the home of Mrs. K. Whitman, South Lawrence-town.

Mrs. Norman Layte has been suffering from a severe cold.

Mr. L. Durling is finishing a dream of a cottage on Main Street. Fine large windows let in floods of light and sunshine so much needed in our North land. The rooms are very convenient, good size and beautifully finished in Douglas fir. Such a love of a pantry, linen press, and a pipeless furnace, that gives an even heat all through the house. Mr. Banks, of Bridgetown, is doing the plumbing work.

Mrs. Pearl Pidgeon is in Middleton. Miss Prince got to her office in Middleton Monday morning, though in some places the water was over the road.

Miss G. Whitman got to Bridgetown on Tuesday after going by way of Clarence.

Friends of Rev. and Mrs. L. Wallace are glad to hear that they have taken apartments with Mr. and Mrs. C. B. Tupper, Main Street.

Mrs. (Rev.) A. D. Whitman arrived home from Sackville on Friday.

A young son of Mr. Frank Foster, Upper Lawrence-town, fell from a barn some time ago and is now suffering from the accident. We think he is to be taken to the hospital in Halifax for treatment.

Several families are suffering the prevailing cold that seems almost epidemic.

The body of Mr. R. Sanford has, up to time of writing, not been found.

The Lawrence-town Women's Institute held its April meeting at the home of Mrs. Wm. Bent, with the president, Mrs. J. B. Hall, in the chair. This proved to be a very profitable meeting as much important business was transacted and three instructive papers read.

The Institute has undertaken the work of beautifying the cemetery and has already raised over fifty dollars for that purpose. The local Red Cross Society donated eighty dollars toward this fund which will be used as a memorial in the cemetery. Any help from friends living outside the town would be much appreciated in making "God's acre" more beautiful. The Institute is also carrying on a great deal of charity work among needy families.

May 1st was appointed as a "Clean Up Day" in Lawrence-town so we expect very clean yards and surroundings after that date.

Our three doctors were present at this meeting, thus showing their desire to co-operate with the people in the prevention of disease.

Dr. L. R. Morse gave a talk on "The necessity of medical inspection in the school" and urged that public interest be stimulated regarding a school nurse.

Dr. S. Pearson gave a paper on "The proper sanitation of a school building", and it was recommended that this paper be passed to the committee in charge of new school house.

Dr. Wm. Archibald read a paper on the "Health of the school child" and (Continued on Page Eight.)

SEVEN YEARS OF TORTURE

Headaches and Indigestion Ended By "Fruit-a-tives"

The Marvellous Fruit Medicine

Like thousands and thousands of other sufferers, Mr. Albert Varner of Buckingham, P.Q., tried many remedies and went to doctors and specialists; but nothing did him any good.

Finally a friend advised him to try "Fruit-a-tives"—now he is well. As he says in a letter:

"For seven years, I suffered terribly from Headaches and Indigestion. I had belching gas, bitter stuff would come up in my mouth, often vomiting, and was terribly constipated. I took Fruit-a-tives and this grand fruit medicine made me well!"

MT. HANLEY

Mr. Clarence Fritz, Douglasville, spent one day quite recently, the guest of his friend, Archie A. Pierce.

Miss Elma MacKenzie, Port George, spent the Easter holidays with her aunt, Mrs. Benjamin Barreux, of this place.

On account of bad weather and roads, our teacher, Miss Edith Porter, could not get to her home at Hall's Harbor for Easter. Either Miss Veva Barreux, Pero, or Miss Dora Tooker, Harlem, could not get to their homes in this place for Easter.

Miss Adelaide I. Fritz, teacher at Douglasville, spent the Easter holidays with her parents in this place.

Miss Bessie Greenlan and Miss Hazel Barreux, who are attending the MacDonald School, at Middleton, spent the Easter holidays with their parents in this place.

Mr. V. A. Card, Wolfville, N. S., spent the Easter holidays, the guest at the home of Mr. and Mrs. I. J. Fritz.

Mr. Murray Mosher entertained a few of his friends on Tuesday night. They report a splendid time and good music.

Miss Clara Armstrong spent the Easter holidays with her parents in this place.

Mr. Richard Banks, of Brickton, spent Easter, the guest of his daughter, Mrs. James Banks.

Mr. and Mrs. Gerald Hines and little daughter, Mary Elizabeth, spent Easter with Mrs. Hines' parents, Mr. and Mrs. James Slocumb, Outram.

Mr. and Mrs. Charles Tupper, Lawrencetown, spent one day quite recently, the guest of the latter's brother, Mr. Gerald Hines, of this place.

MELVERN SQUARE

Mrs. Charles Wallace, who has been spending the Winter with her parents, Mr. and Mrs. Harry McNeil, has gone to Boston for an indefinite time.

Miss Margaret Lantz, of Welton's Corner, spent the week-end with her parents, Mr. and Mrs. Lantz.

Mrs. George O'Neal has returned home after spending the past two weeks in Clarence at the home of S. E. Elliott.

The Melvern, Kingston Baptist Church has sold the manse property here to Mrs. Ella Goucher and has bought a new house from Mr. Frank Warner for the future use of the Baptist ministers.

Mrs. E. E. Phinney is visiting her daughter, Mrs. Harry Burbridge, of Brickton.

Mr. John G. Marsters is visiting his brothers in Roxbury, Mass.

Owing to the absence of the pastor, Mr. McCloud, the pulpit of the Baptist Church was very acceptably filled by Mr. Darby, a promising student of Acadia College.

Mr. Covey, returned Missionary, gave an interesting address of the work in India in the Baptist Church on Easter Sunday. Mr. Hbert Pearson sang two solos which were much enjoyed by those present.

WILL KEEP RIVER ST. LAWRENCE OPEN DURING WINTER!

Montreal—Demetri Jankiel, the Rumanian engineer who claims to have invented means for keeping the St. Lawrence River open in Winter, has arrived here from Buffalo and will lay his invention before Premier Taschereau and Canadian engineers, whom he hopes to meet at the Quebec government offices here either Saturday or Monday next. He refused to disclose his methods. He proposes to keep open a channel sufficient to allow vessels to pass up the river area to keep all harbors, wharves, basins and waterways free of ice. This will be done by keeping the water disturbed electrically.

Adoption of his scheme would mean the construction of four power-houses of large capacity at Montreal, Sorel, Three Rivers and Quebec. The cost would be under \$50,000 and maintenance cost would be negligible, he asserts.

ANNUAL FEES FROM MOTOR VEHICLES

Nova Scotia "Motor Vehicles, Annual Fees" received in 1922 amounted to \$327,553.50. It is estimated this year's receipts will amount to \$390,000.00, an increase of \$62,446.50.

This Province has the highest automobile annual fee in Canada.

THE PUBLIC HEALTH NURSE

There is the closest co-operation between the Institutes and the Public Health Nurses, and the Institutes are able to do a great deal toward making the work of the nurse easier and more effective.

The Institute of King's County have been intimately associated with this work. The County nurse has addressed meetings of nearly all the branches and has everywhere met with a sympathetic reception. Grande Pre, by securing the co-operation of the other Institutes in presenting a petition to the County Council, was instrumental in having the services of the nurse retained. This branch also held a Mother's Conference, at which the nurse weighed and measured eighteen children and gave advice to the mothers as to the proper care. The nurse was also present at the Canning Baby Clinic, where 28 babies were examined.

The Rear River Institute, which has always been deeply concerned in health matters, is asking the help of the County Warden in securing someone to fill this position.

At East Kempville, Yarmouth Co., the matter of helping pay for a portable scale for the use of the school nurse is being considered. A meeting of the Carleton branch was addressed by the nurse who pointed out many ways in which the Institute could help in bringing about better health conditions among the children. Good work is being done in Hants County. The Public Health Committee at Hantsport has been very active in assisting the nurse and the Home and School Committee have asked the School Board to bring before the Municipal Board the necessity of equipping the County nurse with everything needed for the work.

West Cove has supplied the school with a cabinet filled with a first aid kit, and have placed on the wall a tape measure to be used in measuring the children.

Two meetings of the Martock-Windsor Forks branch were addressed by the County nurse. A written invitation was sent to each mother in the district, asking her to be present at the second meeting, in order that she might become better acquainted with the work of the nurse and that the co-operation between home and nurse might be strengthened.

The Colchester Institutes lent substantial aid to a dental clinic which was carried on at the instigation of the County nurse.

The subject under discussion at a meeting at Upper North Sydney was "Duties of a Public Health Nurse."

THE CONSTRUCTION OF THE HOT-BED

(Experimental Farms Note.)

Many of our most popular vegetables such as tomatoes, egg-plants, peppers, celery, and of our best flowers, are of southern origin and require a longer growing season than this climate permits. By starting such plants in the hotbed from six to eight weeks earlier than it is safe to plant out-doors, and later transplanting to the open, the required growing season may be obtained. Furthermore, by the use of the hotbed such vegetables as radish, lettuce, cabbage and cauliflower may be started early and thus reach development much sooner than if the seed were sown in the open.

The only really satisfactory location for a hotbed is one with a southern exposure, protected from north and west winds and unshaded to admit a maximum amount of sunlight. It may be made either above or below ground as desired. The former requires more manure, the latter more labour to construct. If above ground, the bed should be situated where there is no danger of water standing at any time; if below, the situation should be naturally well drained, or drainage would have to be provided. With this latter type, the soil should be removed to a depth of about eighteen inches and the cavity should be at least two feet wider and longer than the frame to be used. This operation is best done during the previous Autumn, as it is often quite practical to start a hotbed before the frost is out of the ground to a depth of 18 inches. With the above-ground type the site merely requires levelling, which may be done in the Spring as well as at any time.

The frame may be made of inch and a half or two inch lumber. The most convenient size is six feet wide and of the required length to use one or more sash three feet wide. It should be from ten to twelve inches high at the front and, if six feet wide, sixteen to eighteen at the back. This slope allows rain water to run off easily and, as the hotbed should face south, a greater degree of sunlight is obtained than if the top were level. The sash must fit snugly and the frames be so constructed that they can be raised or lowered as ventilation is needed.

Fresh horse manure, as free from straw as possible, is the only satisfactory kind for a hotbed, and that from grain fed animals is preferable. For a bed six feet square, one and half to two tons is required. It should be secured and piled near the site a week or more before it is to be used, and turned as soon as it begins to heat, thus ensuring even heating and uniform texture. Four or five days after turning, the manure should be evenly heated and ready for the hotbed.

The bed of manure should be at least one foot wider every way than the frame to be placed upon it. It is laid down evenly in layers about six inches deep and each layer thoroughly tramped. The depth of manure required depends upon when the hotbed is made. If made early, two to two and a half feet are necessary, but if made during the latter part of March, one foot will be found sufficient. After manure has been placed to the proper depth the frame should be put on and more manure banked around the outside of it to the top and at least one foot wide. The lights should now be placed on the frame and carefully closed so that the heat will be retained and the bed thus brought to a high temperature as soon as possible. After about two days the manure should be removed and the manure tramped thoroughly and watered, if necessary. The hotbed is now ready for the soil. This should be of good fertility and of such a texture that it will not bake. If seed is to be sown directly in the hotbed, five or six inches of soil will be required, but if seed flats are to be used, two inches will be sufficient. No seed should be sown until the temperature in the hotbed has fallen to between eighty and ninety degrees Fahrenheit. After sowing, the temperature must be carefully observed, and if it gets too high the lights should be raised to provide ventilation. When the plants appear the frame should be kept aired sufficiently to prevent weak spindly growth, although the plants must not get chilled or be frozen. Water should be applied carefully, as too much will make for damping-off conditions. The soil, however, should be kept damp and this, together with sufficient air, light, and proper heat will promote satisfactory growth.

DATE CHANGED

Moncton—W. H. Price, Secretary of the Moncton Board of Trade, received a wire from Sir Henry Thornton asking that the conference of the Maritime delegation in reference to the Western boundary of the Atlantic Region be postponed until April 23rd, 24th or 25th. The date of meeting at Moncton has consequently been fixed for April 23rd, the Maritime delegates to leave for Moncton on Sunday, April 22nd. All delegates, including Provincial Premiers, are being advised of the change by date.

HARD SEATS IN SCHOOLS CONDENSED

At the convention of the International Osteopathic Research Society in Montreal last week, Dr. F. P. Millard, of Toronto, President of the National League for the Prevention of Spinal Diseases, declared that cushioned chairs and padded seats should be provided for school children. Hard boards, he affirmed, were harmful. Dr. Millard said that fully 72 per cent. of all school children have some degree of spinal curvature. He attributes this to faulty posture and hard school seats.

INGLISVILLE

Mrs. Helen Gates, from Albany, is spending a few weeks with her sister, Mrs. Bayers.

Miss Ethel Naugler, from Paradise, spent a week with her parents, Mr. and Mrs. Fred Naugler.

Mr. and Mrs. Robert Beals have returned to this place, after spending the winter with their son, George and wife, at Somerset, Kings Co.

Mrs. Eugene Naugler recently visited her relatives at Kingston.

Mr. Earl Ferguson has returned to his home in Kingston after spending several weeks with Mr. and Mrs. Avard Leonard.

A sleighing party from Williamson and South Lawrence were pleasantly entertained at the home of Mr. and Mrs. Avard Leonard one evening recently.

The W.M.A.S. will hold their April meeting at the home of Mrs. L. M. Beals.

Two flocks of wild geese were seen passing over this place on April 6th.

Miss Elva Gail and Mr. J. Lowe spent several days with his parents at Cheryfield recently.

On Easter Sunday in place of the regular Sunday School from 2 to 3 p.m., an Easter program was given, consisting of music, exercises, readings and recitations.

Three Easter sermons by Irma Leonard, Marie McGill and Gladys Connell, also a solo by Irma Leonard, deserve special mention.

During the service which followed Rev. W. H. Rackham preached an excellent Easter sermon.

We were favored with two beautiful solos, one by Mrs. Avard Leonard, the other by Rev. W. H. Rackham, with Mrs. Rackham as accompanist, which were highly appreciated.

FUNERAL OF THE MEN KILLED AT KRUPP WORKS WAS FIVE MILES LONG

Seven. Workmen of the Ruhr—2000 of them—formed a line of honor nearly five miles long for the funeral procession of the German employees of the Krupp Works who were killed on March 21st in a clash with French troops.

The entire roadway leading from the Krupp plant, where the first services were held, to the cemetery, was lined on both sides by Krupp employees, miners and factory workers of Bochum, Recklinghausen, Dortmund and other industrial centres, who came to participate in the funeral ceremonies.

From early in the morning thousands of the curious took their stand

RUPERT SANDFORD ACCIDENTALLY DROWNED

Swept to Death in Annapolis River Despite Heroic Attempts at Rescue by Aubrey Boehner.

Rupert Sandford, a respected resident of West Paradise, was drowned on Tuesday while crossing the Annapolis river in company with his brother-in-law, Henry Guest, and Aubrey Boehner.

The three men entered the boat returning to West Paradise. When some distance out in the swollen current the craft capsized and according to information received, Sandford, who could not swim, grasped his brother-in-law and both went down together.

Aubrey Boehner, who is a good swimmer, located and separated them. Guest, on arising to the surface, got on to a floating log, while Boehner got Sandford to the boat.

The latter appeared very much excited and scarcely realized conditions soon slipping from the craft.

This happened a second time but Boehner, though getting chilled in cold waters, managed a third time to get Sandford to the boat which was floating upriver.

He got up on it but went over the other side and disappeared. Boehner was so exhausted that he could no longer continue the fruitless task.

The boat drifted down catching on a point of land exposed and Boehner was able to get ashore from here. The victim of the accident was about thirty years of age, married, but without children. He leaves also to mourn the loss, a mother, Mrs. Marshall, of Inglisville, and a brother, Truman Sandford, formerly clerk at the old St. James Hotel, Bridgetown, but now proprietor of the Royal Hotel, Wolfville.

Efforts have been made to locate and secure the body by grappling but at time of writing without success.

BANGER FOR BONAR LAW CABINET

Newspapers Issue Warnings and Denunciations.

London.—The more important part of the present parliamentary session begins today, when the House of Commons reassembles after a short vacation.

It is universally admitted that there are critical times ahead of the government. Scarcely has there been an administration that has drawn more criticism from the press because of its alleged shortcomings.

The Times in no wise generally hostile to the government, emphasizes the strength of the parliamentary forces arrayed against the cabinet.

whose position, it says, "without being actually dangerous, demands constant vigilance."

The newspaper, however, believes that if "the ministers have courage they will lack neither the inspiration nor the reward of achievement."

The Post, the government's strongest supporter, asserts that despite "the malediction of foes open and veiled," the government has the great majority of the country behind it.

Most of the other newspapers sound warnings and denunciations.

The Daily Mail, extremely hostile, says the ministers meet parliament "secretly conscious that they have completely lost the confidence of the country, and almost bankrupt in reputations."

"Every one versed in politics," the newspaper continues, "knows that as constituted at present the government cannot last much longer and that there must be sweeping changes within a very few weeks. What is wanted is a change of policy to the restoration of common sense and a dismissal of blunderers."

The Westminster Gazette, voicing the views of moderate Liberalism, asserts that the critical circumstances of the moment may easily bring the ministry to shipwreck.

"Bonar Law might be able to govern if he had colleagues of ability, but even a prime minister of genius could not win through with the existing material," the newspaper says.

GRANVILLE CENTRE

The many friends of Miss Mary McCormick will be glad to know that she is recovering from her recent operation.

Mrs. Joseph Pickford (nee Laura Willett) who accompanied her father's remains from Boston, was the guest of Mr. and Mrs. Simcoe Willett during her short stay here.

Miss Annie Roney, principal of the Berwick school, was the guest of her mother, Mrs. Mary Roney, during Easter holidays.

The many friends of Mrs. W. F. Gilliat regret to know she is still ill with but slight improvement.

Miss Edith Goodwin, student at Acadia University, spent Easter with her parents, Mr. and Mrs. Harry Goodwin. She was accompanied by her friend and cousin, Miss Helen Crockett, of Hopewell, Pictou Co.

Mrs. Gavel, our teacher, spent Easter at her home in Yarmouth.

Mr. Slocumb, of Mt. Hanley, is visiting his daughter, Mrs. Hallett Daniels.

Mrs. Wm. McAfee, of St. John, who came to attend the funeral of her mother, Mrs. John Troop, returned on Thursday.

Mrs. Eccles and children, of Falmouth, are spending a few weeks with her mother, Mrs. R. R. Longmire.

Capt. R. R. Longmire and son, Clarence, left last week for Yarmouth, to take charge of his vessel, the "Ononesta."

Mr. E. S. Palmer left Friday for Massachusetts, where he will spend the Summer months on a dairy farm with his brother.

Mr. G. M. Harris is spending a week with friends in Boston.

The first train of the H. & S. W. railway since January went through here last week as far as the Shaffner bridge with a number of men to repair damage caused by the ice.

Mr. Fred Parker, forman in Chase and Jodrey's warehouse here, has finished packing apples and is shipping this week by steamer "Granville".

Mrs. John Amberman, of Granville Ferry, spent a few days last week with Mrs. LeBaron Troop.

CALLS GIRLS WHO CANT COOK HOME WRECKERS

Westfield, Mass.—Mrs. Albert E. Fowler, newly elected President of the Westfield Women's Club, told the members that girls are divided into two classes, "home makers" and "home wreckers".

The girl who cannot cook, sew and perform other household duties is in the latter classification, she said.

Mrs. Fowler stated that it would be one of the aims of the Women's Club to have instruction in cooking resumed in the schools.

GLAD SHE TOOK FRIEND'S ADVICE

Mrs. Hartley States Tanlac, Taken On Mrs. Brathwaite's Recommendation, Restored Her Fully.

"It certainly is remarkable how quickly Tanlac restores a person's health. When I had taken my second bottle, my indigestion was gone and I gained eleven pounds. No home should be without Tanlac." This statement was made the other day by Mrs. Alma Hartley, 13 Bright St., Toronto, Ont.

"Stomach trouble, sleeplessness and a badly run-down condition kept me in misery two years and I was just a nervous wreck. When I took back new I wonder how I lived on the little I ate, my appetite was so poor. My food soured, gas bloated me and caused terrible pains, and I was dreadfully nauseated. I almost forgot what a good night's sleep was, and became alarmingly thin and weak."

"It was Mrs. Brathwaite, my neighbor, who advised me to try the Tanlac treatment, and I am surely thankful. My appetite is so ravenous now I can't wait for meal time. My nerves are calm, I sleep like a child and always feel strong and refreshed. Tanlac is simply grand."

Tanlac is for sale by all good druggists. Accept no substitute. Over 25-million bottles sold.

BLAMES "DRUM TALK" FOR AFRICAN UNREST

Agitation Goes On In Many Quarters.

London.—"Broadcasting," a system of communication without wires which preceded radio transmission by many years on the dark continent, is held largely responsible for the ever-increasing agitation among the negroes in Africa.

Broadcasting, or long-distance transmission, is accomplished by means of drums, the messages being relayed over tremendous distances with great rapidity.

My "drum talk" news of the approaching visit of American notables to Marshal Lyantey in Morocco was learned on the Upper Volta about three hours after it was published in Paris.

News of the death of great chiefs and warnings of approaching danger are sent in this way, and also the native propaganda which is said to be promoting unrest in eastern, western and southern Africa.

Agitation in a form resembling bolshevism has appeared in East Africa and sentiment favorable to the Nationalist movement started by Marcus Garvey, is rampant in Liberia, while the troubles in French West Africa recently required military suppression. Much of this agitation is said to be due to inflammatory reports spread among the tribes by drum talk.

HOW WOULD IT DO To push things. To live up. To boom your town. To advertise your business. To renew your subscription. To help your fallen brother rise. To speak kindly of all; evil of none. To wear a smile instead of a frown. To trade at home the coming year. To take advice as freely as you give it.

To get good yourself and do good to others. To stand by your town and all its interests. To give every loyal enterprise your help and encouragement. To speak your appreciative words while your friends can hear them. To whoop your business to the fore and help your competitors to keep up. To send this paper to your friends that you wish to kindly remember. To show your interest for your town by speaking well of it, standing by it, and living for it?

INVESTIGATION NEEDED IN LABOR SITUATION

Labor in Cape Breton at the present appears to be marking time till circumstances become more favorable for other ways and means. About conditions generally in the island there is, of course, a great deal of misconception. In the popular mind throughout Canada the opinion appears to prevail that Cape Breton is the scene of almost constant strikes. Nothing could be farther from the truth, for in reality there have been only three strikes in the past twenty-five years or more and one of these among the plant railway men never really tied up operations. The other two were real strikes whose cost to company, the workmen themselves and the general public, ran up into hundreds of thousands of dollars. The sporadic strikes lasting half a day or so, and brought on by irresponsible boys employed as drivers in the pits are not to be counted as upheavals, and these have been most generally frowned down on by the workmen as a whole.

However, with these deductions, a state of unrest undoubtedly exists and one whose causes should be most carefully looked into. In the common opinion outside this is almost wholly laid to the account of labor leaders of the most radical type, and the wish has been often expressed that these trouble-making gentry be deported. Others again express the opinion that there are too many men connected with company positions whose interest and sympathies are with the stock tickers; it is more intimate than their knowledge of practical affairs around the steel plant and at the mines.

Be these things as they may, we believe that there should be a more thorough investigation than has yet been, into the causes of discontent. The hands of scheming agitators are all too apparent, but these by no means fully explain the situation as it exists today. While no strike may perhaps occur within the near future (still one never knows). A strike will come in the course of time, and for a period clear the air after a fashion. Prevention, however, is better than cure, and careful analysis of the situation may mean the lessening of future troubles with their attendant miseries.

Tonight in the school room of the United Church a set of slides illustrating that fine old story, "Jessica's First Prayer" will be shown for the children, commencing at 6.15. And on Friday night at 7.30, in connection with the Young People's Society, although all are cordially invited, the "Life of Livingstone" will be told, illustrated by slides. In both cases the pastor will tell the story.

Mr. R. V. Arnold, manager of the Bank of Nova Scotia branch, returned on Saturday from St. John, where he had sought special medical advice. Mr. Arnold's many friends are pleased to learn that his health is much improved and he will shortly resume his duties.

THE LABRADOR GOLD RUSH

The so-called Labrador gold rush, while not beginning to excite the interest aroused by past discoveries in California and later in the Yukon, is nevertheless, attracting considerable attention.

The public will do well to become more fully informed before risking much hard earned money in this latest lure. The writer was living in North Sydney when the present promoters of the gold mining scheme arrived with a schooner fitted out for Labrador to investigate timber propositions. Immense areas were reported and millions of cords of pulp wood were to be secured and shipped. In a few months the promoters arrived back with dismal reports. Nothing was heard of gold for a good deal over a year afterwards.

In conversation with trappers, missionaries and travellers generally, numbers of whom pass through North Sydney every year (for it is one of the gateways to the North) a good deal of information was gleaned by the writer. Those interviewed expressed the opinion that gold might exist in paying quantities but all were rather doubtful if such were the case. In their opinion if gold existed in quantity only the Esquimaux knew of it and their experience with the advance guard of white men had not been such as to increase confidence in them. That, however, has been the case the world over when first comes the contact of the white man with the uncivilized races.

Considerable preparation is being made for the Labrador trip and the call to gold fields never yet went out in vain. However, caution is needed else there may be more gold lost than won.

BECOMING FRENCH

The census figures reveal some interesting sidelights on Canadian development. There was much surprise recently when New Brunswick for the first time in its history appointed a French-Canadian premier. An examination of the statistics explains the growing influence of the French-Canadians in that Province. There is a continual overflow from Quebec into Northern New Brunswick, while French-Canadians have not left the Province for the States like the English-speaking young people.

In 1881 the French-Canadian population of New Brunswick was only 56,635, out of a total population of 321,233; in 1901 the population was 331,120 and the French-Canadians totalled 79,979; in 1911 the population was 351,889 and the French-Canadians numbered 98,611. By the last census the population was 387,876 and the French-Canadians were 121,111. In 1881 the French-Canadians formed only slightly over 14 per cent. of the population of the Province, and today 35 per cent. It is only a matter of time at the present rate of progress when New Brunswick will be a French-Canadian Province.—London Free Press.

Obituaries

Loring B. Beardsley.

Loring B. Beardsley, of 106 Forest St., died at the Elliott Community Hospital, March 19th, after an illness of three days. His age was 52 years, five months and 25 days. Mr. Beardsley had been a resident of Keene for the past three years, where he had made many friends. Mr. Beardsley was employed as skipper for the Keene Glue Company. He is survived by a widow, Florence D. Beardsley, one daughter, Evelyn, and three sons, Aubrey and Joseph, of Nova Scotia, and Burpee, of Keene; two brothers, Samuel and Silas, of Nova Scotia, and aged father, Capt. Samuel Beardsley, of Nova Scotia, and two sisters, Mrs. Alice Neaves, of Port Lorne, N. S.; Mrs. Ella Charlton, of Halifax, N. S., besides several nephews and nieces.

The funeral was held at his late home, 106 Forest St., March 21st, and was largely attended. The Rev. W. Douglas Swaffield, of the Baptist Church, officiated. The flowers were many and beautiful. The body was taken to Port Lorne, N. S., for burial. Samuel Beardsley, a brother, accompanied the body home. He has gone from his dear ones, His children, and his wife, Whom he willingly tolled for And loved as his life. Oh, God, how mysterious And how strange are thy ways, To take from us this loved one In the best of his days. —WIFE.

Clifford Sabean

The many friends and relatives of Clifford Sabean were shocked to learn of his death at the Victoria General Hospital, on Friday morning, at the age of 32. Mr. Sabean was highly respected in this town and for several years was foreman of the vineyard plant, owned by M. W. Graves & Co. The body was brought to his home on Saturday, accompanied by his father. Funeral services were held on Sunday afternoon at one o'clock, conducted by Rev. A. J. Prosser.

He leaves to mourn their loss his parents; Mr. and Mrs. Robert Sabean of this town; four brothers, George and Jesse, at home; Grovener, in New York, and Jack, in Kings Co.; four sisters, Mrs. Arthur Burke and Mrs. Henry Milbury, at home; Mrs. Wilfred Wagner, of Hampton, and Mrs. Warren Sabean, of St. John. Among the floral tributes were cut flowers from his sister, Mrs. Wilfred Wagner; his niece, Mrs. Samuel Robar, and his cousin, Mrs. Howard Carey.

The pall bearers were Percy Vidito, Joseph McLaughlin, Herman Vidito and Harry Carter. Interment took place in the Riverside cemetery.

Minnie L. Ricketson.

The death of Minnie L. Ricketson, widow of Edwin J. Ricketson, took place at her home on South Street, Bridgetown, Thursday morning, April 12th, after a short illness, of pneumonia. The deceased, who was a daughter of the late William H. and Martha J. Bishop, of Paradise, N. S., had been an invalid for many years, during which time she bore her afflictions with much patience and Christian fortitude. She leaves to mourn their loss, one son, William Walter, of West Somerville, Mass.; five sisters: Mrs. Emma A. Ricker, West Somerville, Mass.; Mrs. Albert S. Jones, Pasadena, Cal.; Mrs. Florence A. Fitz, Winthrop Highlands, Mass.; Mrs. Harold H. Plummer, Berkeley, Cal.; Mrs. Cornelius J. Linehan, West Somerville, Mass. Also two brothers, Horace G. of Kentville, and Fred W. Bishop, of Paradise, N. S.

Services were held at the home, Saturday, April 14th, at 2 p.m., conducted by the Rev. A. J. Prosser, pastor of the Baptist Church, Bridgetown, of which deceased was a member for over thirty years. The floral offerings were very beautiful. Interment at the Ricketson burying ground at Carleton Corner.

UNITED CHURCH NOTES

On Sunday evening in the United Church the Rev. H. A. Goodwin preached a very able sermon to a large audience. At this service the United Church orchestra played the Offering Voluntary. This is the first appearance of this new aggregation of musical ability and it is expected that in the near future they will be rendering music every Sunday evening.

The Young People's Society of the United Church got a new impetus at its second meeting last Friday in the hands of the Literary Committee. Van Dyke's beautiful story, "The Other Wise Man" was well reviewed by five of the young people.

The preacher in the United Church, morning and evening, this coming Sunday, is the Rev. Mr. McIntosh, the Presbyterian minister in charge of the Union Congregation at Annapolis.

CORRESPONDENCE

To the Editor of The MONITOR:
Dear Sir:—I note by the last issue of The MONITOR that representatives of the Bridgetown Curling Club appeared before the Town Council asking that a portion of the athletic grounds, 175x65, be granted on which to erect a Curling Rink, and that, on motion, it was decided to grant the request provided satisfactory arrangements could be made with the Bridgetown Amateur Athletic Association. Then a lapse of ten years subject to renewal will be given.

I wish every success to the "roar-in" game in Bridgetown, but it would be interesting to know what would have been the answer if such a request had been submitted to either a Council of Landscape Architects, or a Council of Modern Town Planning Experts???

Our athletic grounds could be made a beauty spot, but I doubt if any such structure as that proposed will help to this end, rather, it seems to me, it will add neither to the symmetry or the aesthetic possibilities of the present enclosure.

Is it too late for a reconsideration of this matter by all parties interested?

Truly yours,
A. B. C.

Henry D. Starratt

The death of Mr. Henry Starratt, of Central Clarence, on Saturday morning, April 7th, was a great shock to the entire community. Everyone realized that he was critically ill from pneumonia, but hopes were entertained for his recovery. The Lord had willed otherwise and after much suffering he passed to the Great Beyond.

The deceased was 64 years of age and had been a resident of this place for thirty-one years. He was genial and jovial, honest in his dealings with his fellow men and a kind neighbor. He had many friends who feel deeply his sudden demise. Through his sickness he said to those who were helping care for him "If we lose but we have put up a big fight anyway."

Mr. Starratt is survived by a widow and six children. Harry M., of Melrose High ads, Mass.; Mrs. Paul Fischer, Ralph and Howard, of Lynn, Mass.; William E. and Susie, at home, also an aged mother, Mrs. Carrie Starratt, and sister, Mrs. Ellen Dore, of Lynn; one brother, Wm., of Goffs Falls, New Hampshire, and four grandchildren.

Funeral services were held on Sunday afternoon and after a short service at the home, the remains were taken to the church, of which the deceased was a member, where a very forceful sermon was preached by his pastor, Rev. W. S. Smith, from 2 Sam. 14, 14. The choir rendered favorite selections of the departed "Jesus Lover of My Soul", "There is a Green Hill Far Away", "Beautiful Isle of Somewhere". The last two at his own request. The floral tributes were beautiful. Wreaths of carnations and roses, from the wife; Pileow, Carnations, Rose and Hyacinths, from family Spray, Carnations, Mr. and Mrs. M. C. Marshall; Crescent, Roses and Carnations, Mr. and Mrs. S. B. Marshall and family; Spray, Roses, M. and Mrs. Eldon Marshall and family; Wreath and Spray, friends in the community.

Several members of the I. O. O. F. were present and they conducted the service at the grave at Paradise where interment took place. The pall bearers were the four sons, and S. P. Marshall and Eldon Marshall.

Much sympathy is extended to the members of the family bereaved.

A speculative despair is unparadiseable, where it is our duty to act.

APPLE DELECTO COOKIES

1 cup sugar
2 eggs
1/2 cup milk
1/2 cup shortening

4 cups flour
4 teaspoons baking powder
2 cups chopped DELECTO

Sift sugar, milk and eggs until sugar is dissolved. Then rub shortening into the mixed flour and powder. Add half this to the mixture and the two cups DELECTO that has been put through the food chopper then the balance of the flour. If too soft for rolling out add a little more flour. Roll out to one-eighth of an inch thick, cut in rounds or in squares with a knife. Bake about ten or twelve minutes in a hot oven.

SUGARED DELECTO COOKIES

1 cup brown or yellow sugar
1 cup molasses
1/2 cup shortening
2 cups flour

1 teaspoon baking soda
1 teaspoon ginger
1/2 teaspoon cinnamon
2 cups chopped DELECTO

Put sugar, molasses and shortening into a bowl and mix smooth. Have flour sifted ready. Dissolve soda in 1/2 cup boiling hot water, pour into the mixture and add the flour quickly, stir well and add the DELECTO. Turn out on pastry board, pin out to 1/4 inch then cut with round cutter. Wash over the tops with water then turn wet side on to granulated sugar. Bake on greased pans in hot oven for about 10 minutes.

What every complexion needs

Once every day your skin should be gently but thoroughly cleansed of all accumulations of dirt, perspiration, cold cream, rouge and powder.

Every tiny pore must be freed from clogging accumulations, so that the network of minute glands can do their necessary work. If you fail to cleanse the skin daily it will get sluggish and inactive, lifeless and sallow. Blackheads will develop, the filled up pores will enlarge into unattractive coarseness and dirt infections, irritation and pimples will result.

For this cleansing you must use a mild soap. Palmolive is made from Palm and Olive oils. For thousands of years these rare oils have been used by famous beauties. They were highly prized by Cleopatra.

Today these oils are blended to produce the most famous of all modern soaps—Palmolive. It produces a profuse creamy lather which is as smooth as a lotion. It penetrates every tiny pore and removes every trace of dirt, oil and cosmetics, leaving the skin wonderfully smooth, fresh and rosy.

You can buy Palmolive Soap at all first-class Dealers.

Palm and olive oils—nothing else—give nature's green color to Palmolive Soap.

THE FOREST AND RESEARCH

Canada spends about \$800,000 a year on agricultural research and not more than \$25,000 is devoted to forest research. The forest of Canada occupy about 80% of the inhabitable area and practically the only population in that 80% of our country are attracted by forest industries.

PREPARING FOR BIG GOLD RUSH North Sydney Board of Trade Reported To Be Making Elaborate Plans.

North Sydney.—Active preparations to meet the demands of the coming gold rush to Labrador, and to make North Sydney the Canadian base for the traffic, have been commenced here at the instance of the Board of Trade. Two important factors have already entered into this intention, first, the statement of H. C. Billew, who heads one of the largest development companies to operate in the Labrador; and second, the decision of the Farquhar Trading Co. to provide such steamers as are necessary to meet the traffic demands.

The merchandising of equipment and supplies will probably be done by a co-operative syndicate, composed of all the commercial interests of the community. The details of the project, but it is understood that the company will be so constituted as to prevent excessive losses and thus guarantee merchandising at a fair profit. These things, coupled with an extensive advertising campaign in the Canadian and United States press, pointing out the advantages of North Sydney as a jumping off point, comprise the main items in the initial preparations.

Two skilled Labrador coast skippers were before the Board of Trade executive discussing questions of transport and navigation from North Sydney to St. John's Harbour, and information of a very valuable nature was submitted. These mariners recommended the use of sailing craft as the best means of transportation, adding that the trip from North Sydney to St. John's Harbour could be made under average conditions in a week, and the use of steamers would be more economical and more adapted to Labrador coast conditions than steamers.

LITCHFIELD

Mrs. Mary Ann Hamilton passed away at her home here on Wednesday, March 28th, after a few days' illness, at the advanced age of eighty-nine years. Mrs. Hamilton had been a life long resident of this place, living in the one house for over fifty years. In her early days she became a member of the church and as long as health permitted she was a faithful attendant. She leaves seven sons, only three of which were able to attend the funeral: Elber, Wilbur and Ira, all of this place; Norman, of Philmy Cove; James, Albert and Edwin, in the Canadian West, and John, in U. S. The funeral was conducted at the house on Friday afternoon by Rev. Heisler, of Lower Granville. The hymns sung were: "Safe in the Arms of Jesus" and "Rock of Ages". The body was then conveyed to its last resting place.

Mr. Cecil Hamilton spent the Easter holiday at Lequille.

Glid to report Mr. Harry Barrie recovering from his attack of influenza.

The winter weather has still continued until at time of writing when a heavy rain has dispersed of the snow.

Mr. John Reop has so far recovered from his broken leg as to be able to walk out in the yard with the assistance of two canes.

Mrs. Wilbur Hamilton has been spending a week at Hillsburn with her mother, Mrs. Halliday.

MY ANNAPOLIS VALLEY HOME And now they're calling for a poem, on "My Annapolis Valley Home": a luring theme, of vast extent, and brimming o'er with sentiment. The lofty mountains, grand and wild, have oft the fickle muse beguiled: their snow-capped peaks, their massive strength, have called forth odes of every length. But while the mountains have their charm, and shelter many a valley farm, in rich aesthetic lure they pale beside green, sequestered vale. A bungalow among the trees, which catch and soften every breeze; a garden fair, a verdant lawn; the birds that warble at the dawn; the dusty roadway winding by, the chattering brook that never runs dry; the orchard—apple, plum and pear, abundant small fruits, all are there—the Valley stretching East and West, the cheerful homes with plenty blest; while North and South, a background grand, the sentinel mountains guarding stand. This is the Valley home for me, pictured in prose or poetry. In Summer's heat and Autumn's haze, I follow their contentment's ways. And when the Winter blizzards blow, and piles in drifts the falling snow; when trains are stalled, and mails are few, and 'neath the sun there's nothing new; with crackling fire of seasoned beech, and luscious fruit within my reach, a block—some yarn that's not too dry—I can the elements defy. No city home or mansion fair—the palace of a millionaire—affects me with such subtle charm, as does the cottage on my farm, and though across the world I roam, I'll come back to my Valley home. A Good Medicine For The Springtime

Do Not Use Harsh Purgatives—A Tonic is All You Need.

Not sick—but not feeling quite well. That is the way most people feel in the Spring. Easily tired, appetite flabby, sometimes headaches and feeling of depression. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order—that the indoor life of Winter has left its mark upon you and may easily develop into more serious trouble. Do not dose yourself with purgatives, as many people do, in the hope that you can put your blood right. Purgatives pull through the system and weaken. Instead of giving strength. Any doctor will tell you this is true. What you need in the Spring is a tonic that will enrich the blood and build up the nerves. Dr. Williams' Pink Pills do this speedily and surely. Every dose of this medicine helps to enrich the blood which clears the skin, strengthens the appetite and makes tired, depressed men, women and children, active and strong. Miss S. L. McEbrun, Natick, N. B., says:—"I have been in the habit of taking Dr. Williams' Pink Pills in the Spring and they keep me in the best of health. I think it is entirely due to the use of these pills that I always have such good health."

Sold by all medicine dealers or by mail at 50c. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

COLD FRIDAY

In reply to the question as to the date of the famous cold Friday, whether on February 8th, as stated by the Halifax Herald, or February 25th, as stated by the Lewiston (Me.) Journal, the following memo has been received from Lequille, and it may be added that the Lewiston paper was evidently in error as Friday could not be on February 8th, and February 25th in the same year.

In a little diary belonging to Gen. S. Hoyt, we found the following: "Thursday, February 12th, 1914, will probably be known as Cold Thursday; the glass registered 22 below zero. As Friday, February 8th, 1861, has been known for half a century as Cold Friday."

In regard to late snow, it is remembered by Harry Harnish that he went to church in a sleigh on Sunday, May 12th, 1907, being then with a party of men driving logs back in Springfield and there having been four inches of snow on the ground when they woke that morning. It did not, however, last more than a day.

In the way of reminiscences it is recalled by Capt. Geo. E. Corbit that on March 15th, 1872, the winter of the famous snows referred to in last week's "Spectator", he was very nearly being wrecked on Gannet Rock ledges in the steamer Sead. He had left a brig in St. Thomas and was coming home in the Sead which was to ply between St. John and Annapolis Royal, but the steamer's fuel gave out and they were drifting that night for a very anxious few hours until 2 a. m., when they calculated that they had cleared the ledges. The following day they were down off Cape Sable and rigged sail on the steamer and managed to work into Cape Negro where there was good sleighing. They got enough fuel to steam up to Yarmouth and managed to scrape up enough coal there to reach St. John, but some weeks later in April, when going to Halifax by train from Annapolis Royal, the tracks lay between great banks of snow as they do today.

WHAT IS THE EXPLANATION?

In discussing the question of apples The Montreal Herald says:—"The only apples from Nova Scotia that we get in Montreal as a rule are a few shipments of delicious early soft fruit, not in sufficient quantity to be considered, and retailed at higher prices than fruit which came thousands of miles. The hard, keeping apples from the Atlantic Provinces, which are known and esteemed in London so highly and which the West Indies Trade Commissioner says stand the climate so well, are never seen or heard of in Montreal." The high freight rates furnish one reason, but, on the other hand, apples are transported all the way across the continent and sold under the noses of our own growers. What is their explanation?

"As Good as Gold"

THAT LABRADOR GOLD
The Sydney Record sent a reporter to interview a man who was selling stock in the Labrador gold proposition, but this was all the satisfaction he could get:
"Oh, I never was in Labrador," said the skipper, "but I have talked with the first men who came back."
The reporter, with his mind on the 5 ounces to 25 pounds business, was doing a rapid mental arithmetic, stung with a view to sub-letting Billy Manson's steam shovel from Angus Macdonald, who won't need it now to dig up the lawn of a worthy George Street citizen.
Then the captain spoke again.
"Our company is not a stock selling concern. We grant rights to individuals to work sections of our claims, on a profit sharing basis. We charge \$1,000 for each lease—\$200 down and \$60 for each lease—\$200 down and \$60 for transportation; then \$800 of the first \$1,500 of your winnings. Thereafter a royalty of \$10 on every \$100 you take out. \$10 on every \$100 you take out."
"It costs only \$250 to get in," said the captain hopefully.

PORT WADE

Well, here we are again, with roads half bare, and only the balance of the drift in sight—neither wagoning or sledging, and no steam coming our way pretty well shut in. But we are optimistic to a fault. June will favor us again with all her beauty, and none have more of it than we.
We still have to record some sickness. Mr. D. Hayden, Mr. Ed. Mussels and Lizzie Cummings are still keeping inside. Mrs. Kendall has also been laid by with a severe cold. Mrs. H. Burke is just over his severe cold. James Slocum spent the week-end with friends in Digby. He is preparing to move to Westfield, N. B., where he will run a large restaurant and store.
Yes, 'Migration' is the word, but what we need here is immigration, as we have at present about twenty untenanted houses, so there will be no excuse in that line. A first class saw mill will soon be underway here, and there are not at present sufficient men for all its appointments. We have also the hope of having a pulp industry here. Let it come!

Miss M. P. Dickie, of Acadiaville, spent the week-end here at home of R. R. Hayden.

MOUNT ROSE

Recent guests at Mrs. Harry Hines' have been: Mr. and Mrs. A. T. Moore, Mr. and Mrs. Wilbur Nelly, Brooklyn, and Mrs. John Graves, of Port Lorne. Mrs. Hattie Witham spent the week-end with friends in Clarence.

Our teacher, Mr. Deas, spent the Easter holidays at his home in Lawrence town.

Mrs. Stark has returned from a week spent at the home of Mr. and Mrs. Frank Marshall, Middleton.

The community was shocked and saddened to hear of the passing on of Henry Brown, of Port Lorne, on Friday. The most heart-felt sympathy is extended to Mrs. Brown and other members of the bereaved family.

THOUSANDS HAVE LEFT NOVA SCOTIA

Editor of "Canadian Fisherman" Tells of Tremendous Exodus From The Province.

Montreal.—"The tremendous exodus of people from the Maritime Provinces, especially from Nova Scotia, is fanning the spirit of unrest which seems to be general throughout the eastern part of Canada," said James H. Conlon, Secretary of the Canadian Fisheries Association, and Editor of the "Canadian Fisherman," in his return from a business trip through the Maritime Provinces.

Mr. Conlon, who is an old time resident of the Maritime Provinces, said that during his recent trip he had found an increasing conviction that the Atlantic Province had not profited as they should from Confederation, while there was everywhere a constant agitation for relief from the general depression. During the past sixteen months, Mr. Conlon stated, he had been informed that no fewer than 14,000 people had left the Halifax district, while it was estimated by competent authorities that at least 40,000 people had migrated from Nova Scotia since the latter day exodus had begun.

So far as the fisheries were concerned, to investigate which Mr. Conlon made his eastern tour, he said the Nova Scotia fishermen had little to encourage them. The ice blockade had been a serious hindrance, to such an extent that Nova Scotia fishermen had been compelled to go elsewhere to make a living, the general trend of migration being to Boston and its vicinity.

"Down in the East," said Mr. Conlon, "I found a general idea that the East is being sacrificed to other interests, and neglected so far as its own interests are concerned. Any immigration policy regarded there as a joke, while the cream of their humanity is being allowed to filter across the border, to be lost to Canada."

Lumbering in Nova Scotia and New Brunswick during the winter had been a partial failure, said Mr. Conlon, owing to the prolonged severe weather and heavy snowfall. Fisheries had slumped for the same weather conditions, and when these natural industries failed it was inevitable that depression should follow.

APPLE EXPORT WILL ABOUT LAST SEASON'S TOTAL

Up To The End of March 1,105,250 Barrels Had Been Shipped Through Halifax.

The apple export via the port of Halifax for the season of 1922-23 is expected to equal or come within a few thousand of the total for the 1921-22 season. Up to the end of March a total of 1,105,250 barrels had been shipped, whereas for the same period the previous season a total of 1,117,998 barrels were shipped. There will be but a few more apple sailings and it is likely that the Furness liner Digby, which leaves on April 21st for Liverpool, will carry the last shipment of the season.

During the month of March there were thirteen sailings from Halifax and a total of 88,909 barrels exported, whereas for the same month a year ago there were nine sailings and 59,337 barrels were shipped. The sail-

Washington.—A special committee speaking for the bituminous coal operators informed the coal commission in a brief filed that in their opinion, the policies followed by the United Mine Workers of America constituted the chief deterrent to satisfactory conditions in the coal industry.

Recent periods of coal shortage and high prices, the brief declared, could be "directly traced" to the miners' union and the railway unions associated with it. It was charged that acts of intimidation and violence on the part of the United Mine Workers "are not sporadic, but systematic," and that the resort to such methods is calculated to perpetuate a "monopoly on mine labor."

when it's cooked by live steam in an SMP Savoy Cooker is better for you and tastes better, too! The inner boiler is pierced with little holes around the top, through which the steam penetrates. The live steam does the cooking. No need for stirring. No scorching. No trouble to clean, as there is no burnt or dried meal to scrape off. The Savoy Cooker is one of the most useful utensils made. Local Happenings

Over a ton a day of butter was the output of the Scotsburn Creamery, Pictou County, for the month of March.

A full attendance of the members of Crescent Lodge, I.O.O.F., is requested on Thursday night. Important business to be taken up.

Everybody in Bridgetown requested to go to the Princess Theatre to see the Hoken Polkem Afterpiece "Gimme Them Pennants", produced for the first time in Nova Scotia by the Upstreamers Tuxis Minstrel Troupe.

The forty-sixth session of the Synod of the Diocese of Nova Scotia will be held in Halifax next week, commencing with a celebration of Holy Communion in All Saints' Cathedral on Tuesday morning at 7.30. The preacher at the evening service will be the Lord Bishop of Newfoundland.

The first business session of the Synod will take place in St. Paul's Hall, Argyle St., on Tuesday, at 10 a.m. At 3 p.m. the Archbishop will deliver his "charge". The chief speaker at the Missionary meeting on Wednesday evening will be the Rev. Canon S. Gould, Gen. Secretary of the M.S.C.C. This meeting will be held in St. Paul's Church. All the Clergy of the Diocese are members of the Synod, the Laity being represented by two Laymen elected for each parish.

An error occurred in stating the number of new members received into the Baptist Church two weeks ago. It should have been twenty-seven, not seventy-seven, as stated.

Commencing May 1st, the town stores will close on Wednesday afternoons, but will be open on Tuesday and Saturday evenings.

In reference to the enquiry re the old stage coaches that carried passengers and mails before the advent of the railway, the Yarmouth Light says it "takes pleasure in informing inquirer that Wm. VanNorden, of Tusket, Yarmouth Co., has in his possession one of the old closed-top stage coaches, which is over fifty years old, and was driven by his father, Roland VanNorden, between Yarmouth and Tusket, a distance of ten miles. Two and four horses were used to haul the coach, according to the load conveyed."

At the Baptist Church on Sunday next there will be an Induction Service for the two new deacons elect, Messrs. W. I. Stronach and S. K. Mack. The pastor will preach a sermon appropriate to the occasion.

Little Miss Margaret Armstrong entertained a number of her young friends, the occasion being her twelfth birthday. The young folk enjoyed the event thoroughly with music and games, followed by a dainty supper.
