

## FOREIGN GOVERNMENTS MAY BRING PRESSURE ON MEXICO TO COMPOSE THE SITUATION

### Three Methods of Dealing With Huerta Are Being Considered by United States, But Nothing Will Be Done for a Few Days.

WASHINGTON, Oct. 15.—(Can. Press.)—President Wilson's message of yesterday declaring that the United States was "shocked at the lawlessness" of General Huerta in assuming a dictatorship over Mexico was taken to mean here that foreign governments might bring pressure to bear in an effort to compose the situation.

General Huerta's decree taking into himself legislative as well as executive powers has swept aside all hope here that the Huerta regime would re-establish constitutional government or be able to cope with the increasingly vigorous fighting of the Constitutionalists.

Both President Wilson and Secretary Bryan are considering the possibility of a more aggressive course. Three methods of dealing with the situation are being suggested as open to the Washington Government.

### Peaceful Measures.

First there is the ever recurrent suggestion in official circles of a military and naval demonstration which would serve as a precautionary move in case a forcible policy is later required. For the present, however, the president and his advisors are concentrating on a constructive solution by the use of peaceful measures.

Second, many officials think a series of strong demands made upon the authorities at Mexico City to force the immediate elimination of General Huerta would complete the record of the United States in attempting to assist as "the nearest neighbor" in solving the difficulties of the southern republic. It has been suggested by some officials that should such demands be ignored, the American Government would be justified in throwing its support to the Constitutionalists in the north.

### Free Election.

Third, the United States could formally announce its absolute termination of relations with the Huerta officials, leaving it to the Constitutionalists in Mexico City to secure the elimination of Huerta and secure a provisional government with which the Constitutionalists would negotiate for peace and arrange a free election in compliance with Mexican law.

Secretary Bryan left here tonight for Waterloo, Iowa, and before his departure, told his callers that he did not expect the American Government to take any further steps for a few days at least.

## ANOTHER BLOWUP IS EXPECTED IN MEXICO

### Crisis Has Been Reached, and Dissensions in Army Lead to Belief That End of Huerta Regime is Near—United States Government Awaits His Answer.

(Special to The Toronto World.) WASHINGTON, Oct. 15.—Waiting on Huerta.

These three words state precisely what the American Government is doing now with regard to the Mexican situation.

This will be the attitude of the American Government until Huerta acts, until he answers in some way, by word or deed, the note President Wilson sent him yesterday, and which was delivered to him by Nelson O'Shaughnessy, the American charge at Mexico City.

What will be the next step in the national drama which is being staged in Mexico City with moving pictures like rapidity, no one here will vouchsafe a guess. President Wilson does not believe Huerta will make a reply to his note of yesterday.

All the information the administration had from Mexico City today was that the foreign representatives were in session there, having been called together by the Spanish minister, the dean of the diplomatic corps, for the purpose of considering Huerta's latest note, which resulted in the dissensions in the ranks of Huerta's army.

### Crisis Reached.

Some view the action of the foreign representatives as indicating that a crisis had been reached in Mexico, while others regarded it merely as an addition to the many serious actions which have been performed. Others regarded the reported dissension in the army as the real barometer of what the end will be. These officials see in this dissension another "blow up" like that which occurred on Feb. 9 last, and which resulted in the assassination of President Madero and Vice-President Suarez.

President Wilson and Secretary Bryan, and later, the president and Senator Bacon, chairman of the senate committee of foreign relations, conferred today with reference to the situation of the conference it was held at the White House and state department that the United States would not make any move until there were other developments in Mexico. No steps will be taken to increase the naval strength in Mexican waters or to arrest the arms traffic to the border. The president has under consideration, however, the sending of additional warships to Mexican waters. Whether this will be done entirely on developments. He will not heed the demand of Huerta that the ships now in Mexican waters be withdrawn. To the contrary, he will maintain indefinitely some battle-ships in Mexican waters. The present division of battle-ships will be relieved by another division late this month.

## Street Fighting

NOGALES, Ariz., Oct. 15.—(Can. Press.)—The Sonora state troops forced their way into Guaymas late today, according to railroad advices received here tonight. The despatches said desperate street fighting was in progress.

## BRYAN INSPIRED CURRENCY BILL

### Aldrich So Declares in Denouncing Measure as Unsound, Socialistic and Revolutionary.

NEW YORK, Oct. 15.—(Can. Press.)—Former Senator Nelson W. Aldrich of Rhode Island tonight attacked the Wilson administration's currency bill, now before congress, which he declared embodied the theories of William J. Bryan. He denounced the bill as unsound, socialistic and revolutionary, characterizing it as "an endeavor to secure by partisan legislation the triumph of the doctrine of the fiat money." He had received the repeated condemnation of the American people at the polls.

He quoted Woodrow Wilson's writing to indicate that the president in his earlier days had entertained beliefs contrary to the provisions of the bill. "If the house bill should be enacted into law," Mr. Aldrich asserted, "Mr. Bryan will have achieved the purpose for which he has been contending for a decade."

### Radical and Revolutionary.

Mr. Aldrich's speech was delivered at the closing session of the national conference on currency reform. He directed his strongest criticism at the proposals which had reference to government notes and providing for a central government board with supervisory control over the system as a whole. "The proposals will reference to note issues," said Mr. Aldrich, "are radical and revolutionary in character and in principle which all the accepted canons of economic law. I believe it will be found that there is no substantial limitation upon the amount of money that can be issued under the house bill except in requirements for reserve."

## RAILWAY WRECK NEAR LIVERPOOL

### Ten Lives Lost, But Only Six Victims Have Been Identified.

LIVERPOOL, Oct. 15.—(Can. Press.)—Ten passengers were killed and a number of others injured in a collision between a passenger train and a coal train on the Liverpool and Manchester Express. The rear coach of the express was shattered.

The following six persons are officially stated to have been killed: Mrs. Owen London, Miss Edmondson, Liverpool; Otto Goehlm, Hans Olsen, Christiania; Gary Bishop, Central Railway, Sheffield, and a woman, supposed to be Mrs. Owen's maid, Mrs. Charles Scott.

### Youth's Miraculous Escape.

Patrick Lee, a youth of 14, who had just landed from New York and was going to visit his mother, had a miraculous escape today when the coach in which he was seated was struck and after the crash found himself unharmed. When he was not out by the rescuers he was covered with grease and his clothes were in shreds but he had not sustained any injuries. Along with him were other passengers who were injured in the wreck.

## TOOK CRIPPLE'S HALF DOLLAR

### But Was After Larger Sum—Cowardly Act of Jack Doyle—Caught After Chase.

Charged with assault and attempted robbery on Edward Wilson of Hamilton, Jack Doyle, one of the notorious chasers up York street last night by Constable Greenlee.

Wilson, who is a cripple, had come to the city from the States to purchase a pair of artificial legs, and carried the money in his trouser pocket, which fact he unwittingly disclosed to his room-mate, Doyle, a 14-year-old boy. About midnight Doyle suddenly made a grab for the cripple, tore open his pocket, and endeavored to make off with the money. The rumpus aroused the proprietor, who telephoned for the police who arrived just in time to see Doyle run up York street. He was outrun however by Constable Greenlee and locked up at No. 1 station. On Doyle was found only 50 cents of Wilson's money. He had evidently got into the wrong pocket.

## GOV. SULZER TO KNOW FATE TONIGHT

### Final Vote Expected to Be Taken in Open Session of High Court of Impeachment—Rumor Says Informal Vote Has Already Been Reached.

ALBANY, N. Y., Oct. 15.—(Can. Press.)—It is likely that the fate of Gov. Sulzer will be known tomorrow night. The high court of impeachment adjourned tonight with its deliberations unfinished, but it was said that the final vote probably would be taken at an open session tomorrow afternoon.

No official confirmation of this report could be obtained, however, as all the deliberations of the court today were held behind closed doors. No record of the proceedings was kept, and a ban of silence has been placed on members of the tribunal.

When adjournment was taken shortly after 7 o'clock tonight, two hours beyond the usual time, the judges fled out unguarded and the senators hurried from the chamber to the streets, instead of remaining to discuss the case, as had been their wont.

On the streets rumor that the case had progressed so far as to have reached an informal vote on the guilt or innocence of the governor on the first article of the impeachment could not be confirmed.

This article charges the governor with falsifying his campaign statement. The names of only 23 of the 57 members of the court had been called when it was decided to adjourn. It was said, however, that an opportunity to express his opinion as to the merits of the article, and the same procedure will be followed at the open session tomorrow afternoon.

It was reported that practically all the members took the opportunity to present their views today and that one error, committed by a member, was the error of assuming that the motion of the defence to strike out these articles would be disposed of before taking the informal vote, but it was said that the procedure adopted today called for a discussion of the impeachment of the offence in connection with this vote.

Each member, it was understood, will be given the privilege of changing his informal vote at the public session tomorrow afternoon.

## MARQUIS HELD IN THEFT CASE

### Charged With Stealing Famous Painting From Italian Church and Substituting a Copy.

(Special to The Toronto World.) Copyrighted by The Toronto World and N.Y. World.

ROME, Oct. 15.—The sensational arrest at Florence of the Marquis Barnabo, charged with stealing Pinturicchio's famous picture "Madonna and Child," from the Church of Maria Maggiore at Spillo, and substituting a copy while the church was closed for repairs, has led to the further discovery of important thefts.

In the marquis' bag at time of his arrest were found a magnificent ivory Greek statue which expert Professor Volpi declares to be of inestimable value; also some rare and queer bronzes and church ornaments worth several thousand dollars. The marquis, who was in the company of a lady not known in Italian society, had a ticket for London, where the picture had preceded him. The latest arrests include the copyist of the picture and several whose names are withheld pending personal inquiries.

### Important Seat Sale.

"Oh! Oh! Delphine." Klav and Erlanger's charming musical offering, full of tuneful melodies, the most lavishly mounted light operatic comedy of the season, will be the attraction at the Princess next week opening with a special Thanksgiving matinee on Monday. The seat sale for the entire engagement commences this morning.

## FURTHER EVIDENCE IS FOUND TO SHOW THAT ANKO WAS HIT BEFORE BEING PLACED IN VAT

### Body Was Badly Bruised and Must Have Been Forced Thru Opening in Tank, as Anko Was a Very Large Man.

ALTHOUGH the city detective assigned to the case have made little progress towards solving the mystery, there is little doubt now but that Antonino Thomas Anko died in a washing vat at the dye works of Abraham White, at 125 William street, last Saturday night, as the result of being set upon and brutally beaten by an unknown assailant. The police still cling to the theory that Anko fell into the vat during an attack of meningitis, and that the fall caused his death. There is no evidence to support this contention. On the other hand, the position of the body and the other circumstances surrounding the tragedy point very strongly to foul play.

Anko should have left the premises shortly after 12 o'clock on Saturday, as he had been instructed by Mr. White to look up the factory when the plumbers left. He was seen there at 4 o'clock.

On Sunday morning the body was found in one of three vats used for cleaning by the gasoline process. The aperture thru which the clothes were put is no more than about 18 inches in width. Anko was a particularly large man. He could not have got into the vat without turning sideways. The vat has only been recently drained of gasoline. It was lined with slats. Not only was the stench from the vat very pronounced, but the tank was cold and empty, therefore Anko could not have crawled into it to sleep.

### Evidence of Violence.

Despite the police theory that Anko fell into the vat, there is more evidence forthcoming to show that he met with violence. The three tanks are drained of gasoline by a large sluice. The first hole is about 12 feet away from the place where Anko's body was found. Yet, a stream of blood had run from the body to the drain, and there was also another small stream nearby. The body was badly bruised and marked, and the flesh scraped from the hands as if the body had been forced thru the opening in the tank.

### Witnesses Found.

Friends state that witnesses were found in the tank, and that they belonged to the man who threatened Anko some time ago, when the latter repudiated him in the factory. Interested parties believe that Anko was killed by a blow from the wrench and received his other injuries while descending the vat. When the slats knocked unconscious his assailant came frightened and forced the body into the machine.

As to the motive for the crime, it may have been one of revenge or one of robbery. Coroner Dr. Wigham, 1299 West Fourth street, refused to say last night what had been done in the case, but he said that as far as he knew no startling developments had occurred.

## C.P.R. WILL OBEY BOARD'S ORDER

### Work on the Union Station Begins at Once, Said Shaughnessy Last Night—Viaduct Too.

The order of the Dominion Railway Board, that an immediate start be made on the work of the new Toronto Union Station, is to be carried out. Sir Thomas Shaughnessy, president of the Canadian Pacific Railway Company, who passed thru Toronto yesterday on his way to the west, was seen by The World in his car at the North Toronto Station last night, said that the order of the board was to be obeyed to the letter.

The formation of the terminal company which was to provide the capital and erect the new station, was now practically completed, he said.

Sir Thomas further stated that the work on Toronto's viaduct would be commenced simultaneously with that of the station. One was dependent on the other and they would both be built at the same time.

## WEDDING GIFTS REACH MILLIONS

### Henry C. Frick Gave His Son Twelve, and His Daughter-in-Law Two Millions Dollars.

(Special to The Toronto World.)

BALTIMORE, Oct. 15.—Despite the efforts of the family to keep it quiet, it leaked out today, the information coming from a reliable source, that Henry C. Frick has settled upon his son \$12,000,000 as a wedding present, while the bride, who was Miss Frances S. Dixon of this city, received a cheque for \$2,000,000 as a present from her new father-in-law.

The bridegroom received his settlement some time before the wedding. For some days prior to the ceremony at Old St. Paul's Church yesterday, it had been rumored that the elder Mr. Frick was to give the bride a handsome cash present, the figure being placed at \$1,000,000. This, it now appears, was only half the truth.

## WILL SEEK TO QUASH ELECTION

### Hon. Mr. Fisher Declares Evidence Secured Will Result in Unseating of Morris.

MONTREAL, Oct. 15.—(Can. Press.)—The election of Chateauguay will be protested, said the Hon. Sydney Fisher, after a lengthy conference of the leaders of the Liberal party and prominent Liberals of Chateauguay, held at the Windsor Hotel this afternoon.

Action for the appeal will be taken, it is said, as there is a strong feeling among the Chateauguay Liberals in favor of protest.

"We have evidence that will undoubtedly quash the election," said Mr. Fisher.

"Will there be any prosecutions?" he was asked.

"I do not see how the guilty can escape when the evidence at the hearing has been given," said Mr. Fisher. "The prosecution will follow as a matter of course."

Muster of Stairwars.

Those attending the conference were Sir Wilfrid Laurier, the Hon. Rodolphe Lemieux, Hon. Sydney Fisher, James Robb, M.P. for Huntingdon, Mr. McGarrigle of Ormstown, Mr. Conlin of Ormstown, Mr. Robert Brown of St. Chrysostome, Mr. James Cowan of Drysdale, A. F. Leggett, Chateauguay Basin and Messrs. Robinson, Elliott, Ogilvie, Alex. McCarth and Robert Ness of Howick, Mr. Collard of Ottawa, A. Youme, A. Mon, Thomas Gibside of Howick, N. Sanger of Ormstown, R. L. Calder, Montreal, M. Severin Le Tourneau, M.P., Mr. Pagnouel, M.F., Mr. Ruthenford, Hon. H. Mercer, James Bryson and William Bryson of Ormstown, and A. Marcell, St. Clothilde.

NATIONAL AGENCY IDENTICAL WITH UNION LIFE ASSURANCE

Two Names, But Same Board of Management — Books Show Many "Gifts" Passing From One to the Other — No Trace of Eighteen Thousand Dollar Item.

The entrance of the federal government into the affairs of the defunct Union Life Assurance Co. promises developments which, if not startling, will at least be educational in revealing the conduct and mismanagement of such organizations.

The most vital thing drawn from the evidence concerned the remarkable David and Jonathan relationship of the Union Life and the National Agency organization. This latter was the parent stock and between offspring and progenitor.

As illustrative of the general system employed, the counsel presented a rather bald statement, the kernel of which was fact, but couched in a severity of expression which was not conceded by the witness.

The Agency was getting in money from subscribers for stock, paying it over to the Union Life and receiving it back as 20 per cent. commission.

Presentation to Rev. M. D. Whelan

A very large gathering of the Cathedral parish assembled last evening at the palace on Church street, the occasion being the presentation to the Rev. M. D. Whelan of an illuminated address accompanied by a very handsome, hand wrought, eighteenth century gold chalice.

RAPID PROGRESS IN EXPERIMENTS

Dr. Riddle Hopes Eventually to Be Able to Control Sex.

CHICAGO, Oct. 15.—(Special.)—Dr. Oscar Riddle's experiments in sex control have reached such a stage that he now asserts he has secured such control over pigeons and doves.

The research work for sex control was begun by Prof. Whitman, of the University of Chicago, in 1908. He worked on the problem until 1910.

"I know now," he says, "the difference between the male and female producing eggs, but the facts gained show that the sex in the human being is not once for all determined, but will one day be capable of control, and the clues furnished by our chemical studies of the egg, should suggest further investigation of the sex problem, that control eventually, that I am convinced of."

ELECTRIC PROCESS FOR STEELMAKING

Has Been Perfected in Toronto by Two McGill University Men.

WORKED IN OVERALLS And Sometimes in Fifty Hour Shifts—Success Came at Last.

The electric furnace has come into practical use in Canada, and the first steel made in Toronto has been manufactured by this process in a foundry at 400 Front street east.

After years of experimenting two Toronto civil engineers have evolved an electric furnace which can not only be used in the manufacture of steel for commercial purposes, but is capable of turning out steel of a better quality than has yet been made in America.

The furnace in use at present because of value for commercial purposes only after a great deal of experimenting, much of which resulted in disappointment, but which ultimately led to success.

The Canadian Government has spent large sums of money to make electric steel in Canada, but the low grade of iron ore which is found in large quantities in Canada.

This commission, under Dr. Harnold, which was appointed in 1904, did valuable pioneer work in this regard, studying the various types of furnaces in use in Europe, and making extensive experiments at Sault Ste. Marie.

The report which was forwarded to the government was spread broadcast all over Canada.

Messrs. James W. Moffatt and T. C. Irving, while students in civil engineering at McGill University, often used the electric furnace in their experimental work, but they never realized that it could be applied to commercial use.

About seven years ago their attention was called to the experiments which have resulted in the present success.

Working in overalls and sometimes in fifty hour shifts at a stretch they have attained their object, and they believe that the steel industry has been revolutionized.

The product is being put into castings and a very completely equipped foundry is being erected at the University of Toronto, the metal has an ultimate tensile strength of 70,000 pounds.

Absolutely free from gas, it is also more homogeneous and dense in its structure than the open hearth steel.

In England the electric furnace is replacing the crucible furnace to a large extent, and the men claim that the idea which they have worked out is far superior to that which is being developed in Europe.

In Germany, Norway and Sweden as well as the electric furnace has been brought into use and also in the United States.

The electric furnace has been used almost entirely for the refining of steel, although there is one furnace being operated in Alberta which is working on the production of pig iron from iron ore.

The bigger plant needed, Messrs. Moffatt and Irving will in the near future be removed from Front street to Ashcroft street, where a much larger plant will be operated.

Appetite Ho! Ho! 'Tis a Great Joy

STUART'S DYSPEPSIA TABLETS ARE THE BEST APPETITE MAKERS, DYSPEPSICS AND STOMACH SUPPERS CAN USE.

Appetite is very largely a series of signals from the stomach. When one has a rousing appetite as the sign of a good stomach, when one is actually hungry, it is a sign that the stomach is healthy and that the food is being properly digested.

Stuart's Dyspepsia Tablets are the best appetite makers, dyspepsics and stomach suppers can use.

Appetite makes the glands of the mouth open and saliva flows very freely—hence, the term "Mouth Water." This is the first digestive juice. It has an important office to perform as all stomachy foods are digested by it.

REDUCE GALT C. I. TO A HIGH SCHOOL

Trustees Are Up in Arms Over Department's Latest Order.

GALT, Oct. 15.—(Special.)—Word has been received here from the trustees of the Galt Institute, that since the people of Galt have voted money for the maintenance of the institute, the trustees have decided to reduce the standard set for collegiate institutions, and asking that the board apply for a reduction from collegiate institute to that of a high school.

There is some uncertainty as to what is meant by asking the board to apply for a reduction. Opinion is divided among the trustees, and it is felt that under all circumstances, the action decided on at educational headquarters is unduly harsh and unreasonable.

The institute, which is a high school, is a well established and successful institution, and it is felt that the trustees are asking for a reduction from collegiate institute to that of a high school.

RITUAL MURDER CHARGE BASELESS

Protestant Episcopal Church Adopts Resolution Condemning Trial at Kiev.

CHANGE IN PRAYER BOOK Jews Will No Longer Be Classified With Turks and Heretics.

NEW YORK, Oct. 15.—(Can. Press.)—The ritual murder trial at Kiev, Russia, was condemned in a resolution adopted today by the house of deputies, the joint clerical and lay body of the Protestant Episcopal Church, at the triennial general convention.

The Episcopalians also took steps to amend their prayer book by eliminating the passage in the Good Friday collect, where Jews are classed with "infidels, Turks and heretics." In presenting the resolution regarding the Kiev trial, the Rev. Dr. Wm. T. Manning, rector of Trinity Church, said: "Jews in this city are deeply moved by this matter. Jewish brethren have asked me to bring before this convention a protest, voicing the sentiments contained in a petition signed in England by the Archbishop of Canterbury, and other bishops, clergy, and laymen of the church."

The resolution said: "We call upon the archbishops, bishops and other members of the holy orthodox eastern church of Russia to make formal pronouncement that charges of so-called 'ritual murders' are without foundation or justification in the teachings and practices of the religion of our fathers."

"We remind them that in the early days of Christianity similar charges were made by ignorant and superstitious people against our own holy religion."

To amend collect, The committee on prayer book of the house of deputies reported favorably on a proposition to amend the third collect in the Good Friday service by omitting the words, "All Jews, infidels, Turks and heretics, from the general prayer for humanity." Consideration of the committee report was postponed, however, to permit the discussion of a resolution regarding the amendment, which proposed that this prayer be offered for "the ancient Jews and all atheists."

GRAND OPERA HOUSE

LIEN IS PLACED ON THE CITY HALL

Hamilton Council Must Pay Bill or Building Will Go.

PAY OF THE POLICE

Magistrate Favors an Increase Dating From First of January.

HAMILTON, Oct. 15.—(Special.)—C. V. Jones of Neeltit, Gould and Lange, on behalf of his clients, Snyder Bros., went down the municipal hall today to place a lien on Hamilton's city hall.

It was said to get our money when the judgment is entered, we will sell the building in case the city does not pay the lien on the city hall.

A New Incline. It was said to get our money when the judgment is entered, we will sell the building in case the city does not pay the lien on the city hall.

Police Men's Pay. Magistrate Jaffe today was credited with the statement that the salary at present being paid to the members of the Hamilton police force was not sufficient to secure the class of men desired for the department.

Among the curbs raised by the dredge operating the waters at the James street wharf today, was an anchor chain and a barrel of gin.

In Police Court. That a large percentage of those who voluntarily land in the asylum for the insane pass through the police courts en route to the asylum.

DR. EDWARDS FALLS FOUL OF CHAIRMAN

Penitentiary Inquiry is Becoming a Whitewashing Affair, He Hints.

PROMOTIONS BY CREED

Maj. Hughes Says Ninety Per Cent. Choice Positions Go to Catholics.

KINGSTON, Oct. 15.—(Special.)—Starting evidence concerning conditions in the penitentiary hospital was given at the afternoon session of the prison reform commission by Frederick Ingleden, a guard.

He charged Overseer Wilson of the hospital with neglect of duty in not getting on two occasions at night to attend to the patients, and said that he considered conditions of such a disgraceful nature that he had sent in a report to Inspector Stewart of Ottawa, but had not heard a word in reply to his letter.

On one occasion convict named Fellow fell in a faint when he could not get a drink of water. This man's death occurred in the hospital while his condition was being so bad that he was allowed out of the penitentiary. The witness charged that Wilson had refused twice in one night to get out of bed to attend a sick convict named Buzany. The latter's death occurred in the penitentiary. Wilson had said he would not get up, as he did not have any food. The witness regarded the hospital as a disgrace.

Wilson is the man against whom Dr. Edwards has charges of gross neglect of duty and charges of gross neglect of duty, and charges of gross neglect of duty, and charges of gross neglect of duty.

OUR WATERPOWER WOULD HELP CHINA

With Canada's Natural Resources She Would Be Mistress of the World.

HON. GEORGE E. FOSTER

At Ward Three Smoker Tells of His Trip to the East.

The members of Ward Three Liberal-Conservative Association tendered the Hon. George E. Foster, minister of trade and commerce, a rousing reception at a smoking concert in St. George's hall last night. In introducing the speaker, President Thomas Hook referred to him as the "master mind of Canadian politics."

Mr. Foster told of his recent tour through several foreign countries, and related various incidents which he had encountered in China. He described himself as a "traveler" and declared that he would always remain so. Referring to his trip through Australia, he mentioned the fact that if that country had the water power of Canada, it would be the greatest country in the world.

He mentioned many things during his visits to other countries, and the foremost lesson was that the best part of a man's education was to be able to unlearn a great many things that he had learned and should never have learned. Mr. Foster did not delve into Canadian affairs extensively, but dealt slightly with the power question.

Referring to the constant complaint of the Liberals that they were being ousted from public positions, E. W. Owens, M.P., said that the Conservative party must govern. The Liberal party, he said, had made no improvements that the workers' compensation would go on the statute books by next session, and every man would get protection, whether in ill-health or otherwise.

Liquor legislation had been secured, and the liquor laws had been enforced. If properly enforced, the liquor question would be disposed of in a satisfactory manner. One of the most important things that had to be done was to get rid of the liquor laws that were being enforced in the provinces. The government had also made a law whereby hotelkeepers were prevented from cashing pay cheques at their hotels.

Mr. Owens referred to a cutting from the Globe of yesterday morning, where it was reported that the mayor of Ottawa would refuse to allow a Protestant inspector to inspect their schools. If this is the case, then it is up to the man who are placed in power by the people—the men at Ottawa—to do their duty and show them whether they are worthy to be in power.

Mr. Owens, amid cheers, said that if they do not, there will be a reckoning in the city of Ottawa. Sheard, Col. Ryerson and other prominent men also spoke.

WEDDING BELLS AT BRAMPTON

One Hundred Guests Present at Campbell-Fitzgerald Marriage.

W. C. T. U. MILITANT

Fifteen Dollars Subscribed to Aid Canada Temperance Campaign.

The Brampton C. T. U. held a parlor meeting at the home of Mrs. J. Adams, Elizabeth street, yesterday afternoon. The meeting was well attended and their first step was to elect a committee to help the Canada Temperance Association in their campaign.

Four hundred tickets have been issued for the November 7. A big time is expected, as laymen from all parts of the county will be present.

One of the most fashionable weddings in the history of Brampton took place at the Presbyterian church yesterday afternoon. The bride was Miss Campbell, daughter of Mrs. D. Campbell, Wellington street, was united in wedlock to Jas. Ernest Ray Fitzgerald, manager of the Dominion Bank at Baden. The ceremony was performed by Rev. N. A. McEachern, pastor of the church.

The bride and groom were accompanied by Misses Grace and Carrie Campbell, sisters of the bride, while Douglas Campbell and Aubrey Robinson, acted as ushers. One hundred and fifty guests were present for the occasion. The happy couple motored to Toronto and will spend their honeymoon at the home of Mrs. J. Adams.

Judge McGibbon of Brampton has been appointed special examiner for Peel County by the Hon. the Attorney General, Ontario.

THORNHILL

The annual thanksgiving services in connection with the Methodist Church will be held at the Sabbath school, Rev. Mr. Cochrane of Toronto will preach morning and evening.

The members of the Masonic fraternity have received an invitation to attend a social gathering at the home of Mrs. J. Adams, Elizabeth street, on Sunday evening, Oct. 20.

The monthly meeting of the Women's Institute will be held at the home of Mrs. J. Adams, Elizabeth street, on Saturday afternoon, Oct. 19.

The Recreation Club will present an evening of entertainment at the home of Mrs. J. Adams, Elizabeth street, on Saturday evening, Oct. 19.

The following officers were elected: President, J. W. Brown; Secretary, J. H. Francis; Treasurer, J. H. Francis; Vice-President, J. H. Francis; and other officers.

The town council of Aurora had a busy session last night. Mayor Baldwin presiding. The town has been developing so rapidly that the council is having to deal with a big batch of routine business.

The council considered a report from the waterworks committee regarding the proposed disposal of the new electric pumps. The council decided to purchase the pumps in accordance with the by-laws.

The council also considered a report from the fire department regarding the proposed purchase of a new fire engine. The council decided to purchase the engine.

YORK COUNTY AND SUBURBS OF TORONTO

TWENTY THOUSAND RANKED UP AT ENTRANCE TO FAIR GROUNDS.

BIG HORSE EXHIBIT

Five Hundred Sheep Entries—All Race Events Keenly Contested.

Never in the history of Woodbridge has there been such a large attendance at the actual figure is reported to be in the neighborhood of 20,000. Over 800 automobiles were ranked up at the entrance to the fair grounds.

It was widely admitted that the show of agricultural horses was the best yet seen in the county. No less than 500 entries in sheep were particularly fine.

The farmers' trot race was won by Billie, owned by Mr. McNeill of Strathroy, the 2:30 trot by Delmore, belonging to O. Kaye of Stratford, and the 2:15 trot by McDowell of Toronto, was first in the 2:15 trot.

Secretary L. A. Wallace was the busiest man on the grounds, and also tried to get out at the end of the day as well as full of the enthusiasm that has made Woodbridge Fair what it was yesterday.

One of the best and brightest in Ontario.

TWO ACCIDENTS IN WARD SEVEN

Wilfrid Grant Hurt in Gymnasium Trying to Save Another.

WEDDING AT ST. JOHN'S

Edrich Emmett Run Down by Hack While Cycling—Machine Ruined.

While exercising in the gymnasium of the Humboldt Collegiate Institute about 4:30 yesterday afternoon, Wilfrid Grant, a fifteen-year-old boy, met with a painful accident. With some companions, he was using the vaulting horse, and when his turn for the leap came he did not notice that the preceding boy had not removed himself from the mat at the other side of the apparatus. In order to save the vaulting horse, he jumped over the vaulting horse, and when he landed on the mat, he was struck by the vaulting horse, and was hurt.

Edrich Emmett, a fifteen-year-old boy, was run down by a hack while cycling on the main street. The machine was ruined.

The wedding at St. John's church yesterday afternoon was a very pretty wedding. The bride and groom were accompanied by Misses Grace and Carrie Campbell, sisters of the bride, while Douglas Campbell and Aubrey Robinson, acted as ushers.

The bride and groom were accompanied by Misses Grace and Carrie Campbell, sisters of the bride, while Douglas Campbell and Aubrey Robinson, acted as ushers.

## NOTABLE ASSEMBLAGE MARKS WEDDING OF PRINCE ARTHUR

Less Than Three Hundred Persons Present in Chapel, But Gathering Was Most Brilliant Scene Since Coronation of King George—Simpli city Was Keynote.

LONDON, Oct. 15.—(Can. Press).—Prince Arthur of Connaught, son of the Duke of Connaught, governor-general of Canada, and Princess Alexandra Victoria, Duchess of Fife, eldest daughter of the widowed Princess Royal Louise, were today made man and wife in the ancient chapel of St. James Palace, where both of them had been baptized.

There was room for less than 300 in the simply but daintily decorated chapel, but not since the coronation of King George, had there been such a gathering of royalties and notable personages as on this occasion.

Besides King George, Queen Mary, Queen Mother Alexandra, the king and queen of Norway, and other royal relatives of the couple, to the number of 50 or more, the congregation consisted of members of the diplomatic corps, of the British cabinet and of the royal household, and of a few distinguished persons who had been especially honored.

**Glitter of Diamonds.**

The chapel in fact glittered with diamonds and pearls, almost every woman present wearing a tiara and necklace, each of fabulous value.

Lord and Lady Strathcona and Mount Royal, and Lord and Lady Mount Stephen were among the very few to whom the invitations had been issued.

The bride, who entered the chapel looking charming in a dainty dress of white charmeuse embroidered with pearls and diamonds, and adorned with exquisite Brussels applique lace, of which the bridal veil also was made.

Much admiration was expressed at the appearance of the five bridesmaids, who were Princess Mary, daughter of the king and queen; Princess Maud,

only sister of the bride; Princess Victoria and Princess Helena of Teck, daughters of the Duke and Duchess of Teck; and Princess Mary, the little daughter of Prince and Princess Alexander of Teck. Their frocks were made of delicate shell-pink charmeuse and cream lace, and they carried beautiful bouquets of carnations and lilies, the same flowers as decorated the chapel royal.

The grooms were little Prince John, the king's youngest son, and Prince Olaf of Norway, whom everybody in the British Isle adores.

**Were Military Uniforms.**

Prince Arthur wore his uniform as a captain of the Royal Scots Greys, with his bright scarlet tunic and high bearskin busby, and all the other royal relatives also wore military uniforms covered with decorations. The king was dressed as a field marshal, the queen and other ladies wore in beautiful costumes, dazzling with jewels.

The ceremony was extremely simple, and was performed by the archbishop of Canterbury, the bishop of London as dean of the chapel royal, and Canon Edgar Sheppard, sub-dean of the chapel royal, before an altar embellished with gold candelabra.

Prince Arthur and his bride entered the response from their own voices.

After the ceremony, the archbishop of Canterbury delivered a short address, in which he pointed out some of the beauties of the chapel, and of the royal household, and of a few distinguished persons who had been especially honored.

The first part of the honeymoon is to be spent at Sandringham, on the southeast coast of England.

## MRS. S. A. STRONG TO SPEAK HERE

Distinguished Visitor Will Give a Lecture on Thursday Evening.

A lady visitor of rare distinction in the fields of classical scholarship and art will arrive in Toronto in a day or two for a brief stay. Mrs. S. Arthur Strong, Litt. D., LL. D., assistant director of the British School in Rome, may be said to be the outstanding authority in the English-speaking world on the art of ancient Rome, and on the invitation of the Archaeological Institute of America has consented to give a number of lectures before the branch societies in Canada and the United States. Mrs. Strong will give an illustrated lecture in the physics building, University of Toronto, this evening, Oct. 16, at 8 1/2, her subject being "The Symbolism of the After-Life in the Later Roman Sculpture."

An invitation is given to those who may wish to hear what will certainly be a most interesting and instructive lecture.

## EXCELLENT STOCK

If all the bones that are trimmed from the roast either at the market or at home are cracked and put into a kettle, they will make an excellent basis for rich gravy or a soup, says the Newark News. To every pound of bones allow a quart of cold water, a carrot, turnip, two tomatoes, an onion and a stalk or two of celery, all the vegetables cut into small pieces. Simmer slowly until the soup has been reduced about half. Then cook, skim and strain.

Fabric hats will be leaders in the millinery world, the loveliest being of velvet, moire, taffeta, crepe or velour.

Taffeta will be used to trim the new fall hats; many of the draperies and moirés are of this material.

The most distinctly oriental note in the newest frocks is the broad sash, which is swathed around the figure.

## GOOPS

ELIZABETH WILLOWS  
She jumps upon her mother's bed,  
And rumples up the linen spread;  
Her head has left the pillow mussed,  
Her shoes have left a smooch of dust!  
Don't be a Goop, like Bessie Willows,  
Be careful of the beds and pillows!  
Don't Be A Goop!

## Ladies Your Fall Suit Made Up for \$7

Skirts \$1.50  
Separate Coats \$5

You furnish the material and we guarantee a faultless fit, combined with high-class workmanship in the latest fashion decrees, and adapted to your own particular taste.

If not satisfactory, money for material will be refunded.

Suits made from our material, \$12.00 and \$15.00; separate long coats, \$10.00 and \$12.00; separate skirts, \$3.00 up.

We furnish everything complete. Perfect fit and workmanship guaranteed.

A Trial Order Will Be Appreciated

**M. FISCHER, LADIES' TAILOR**  
29 Queen St. E., Toronto

**THE GARDE RACHEL R. TODD M.D.**

Cold, Their Cause

Odds and Ends

October is one of our most important months in the garden. It is the month of the year when a successful gardener keeps his eyes open every minute of the time, to attend to an infinite number of odd jobs. He is on the alert constantly. A few long trailers have developed here and there since the last clipping of the shrubs, leaves now falling every day must be hauled away for mulching and protective purposes; lawns must be kept trim and neat; borders must absolutely be looked after as carefully as in the middle of summer, or there will be a terrific onslaught on the plants in the "spring."

All litter and rubbish must be put out of sight; also keep the beds well watered.

November is such an erratic month that one cannot depend upon the weather she may give us. Therefore do all that can be done, while yet there is time. And the time is now. Every gardener knows his own needs best, and wastes no precious minutes. There are many odds and ends that may be left until just before the last minute before being attended to. By the last minute, we mean the minute when the hard frosts have set in; when it is no longer possible to work comfortably outdoors; when one cannot in wisdom, kneel upon the damp ground to heel up a whole row of plants; when the frost has set in. All these should be attended to by the end of this month. The things to be done are legion.

While it is still a ideal weather lasts, take your weeding fork, get down upon your knees and loosen the earth all around such plants as sweet williams, dianths, irises; all the fly bulbs that bloom in mid-summer; clematis bulbs, columbines; and, in short, every perennial or biennial that you are desirous of wintering successfully. After the earth is well loosened, just as you have been doing every week all summer long, heel the earth firmly and close up around these roots, piling the moist soil well up against the tender main stalks. Nothing is more disastrous to plants than to have their upper roots half exposed to the weather. This happens invariably to all plants that are not carefully looked after in this very respect. The rains wash away the soil around them, the sun dries it into powder, and it is blown away the next day, leaving the roots exposed to the weather, and in short, every perennial or biennial that you are desirous of wintering successfully. This being done, the beds are ready for their mulching later on.

## WHISKY HOLDS ITS VICTIMS

Until Released by Wonderful Samaria Prescription.

Liquor sets up inflammation and irritation of the stomach and weakens the nerves; the steady and regular use of Samaria is often found to drink even against his will by his unnatural physical condition.

Samaria Prescription stops the craving for the drink, builds up the general health and makes drink actually distasteful and nauseous. It is tasteless and odorless and can be given with or without the knowledge of the patient.

Thousands of Canadian homes have been saved from misery and disgrace by Samaria. It has been the mother's daughter through this wonderful Canadian remedy. The money formerly wasted in drink has restored happiness, home comforts, education and respect to the families formerly in want and despair.

Read the following one of the numerous unsolicited testimonials received:

"I can never repay you for your remedy. It is worth more than life to me. My husband has been suffering liquor several times, but would not touch it. He said it had no charm for him now. May God's choice blessings rest on you and yours for the drink habit help him to release himself from its awful clutches. Samaria Prescription is used by physicians and hospital."

**FREE TRIAL PACKAGE** of Samaria Prescription with booklet, giving full particulars, testimonials, prices, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence sacredly confidential. Write today. The Samaria Remedy Co., Dept. 82, 142 Mutual street, Toronto. Also for sale in Toronto by G. Tamblin, Limited, stores.

## BARGAINS IN PLAYER-PIANO

A Quick Clearing of Popular Music at Big Discount.

Ye Olde Firme of Heintzman & Co., Ltd., 142-148-150 Yonge street, Toronto, are closing out a large assortment of player-piano music at a big reduction from regular prices. Many of the most popular pieces of the day are in the selection—priced to 65 or 85 per cent of the original. Call and see and hear the music, or, if out of town, write for more information.

## EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

**Our Irish Friend**

A NEW industry has been formed in our midst to make lead pencils from potatoes. This might make us fear that the supply of our favorite vegetable would be short were it not that progressive farmers are now raising two potatoes on stems that formerly grew but one.

Appearance and taste are the points by which we judge a cooked potato, but to select a good variety of potato on the market is not easy. Smooth skin and shallow eyes are desirable, tho the appearance has little to do with the merits of the tuber.

Divide the potato in four parts with a knife and examine the exposed surfaces. If it is so moist that slight pressure will form drops of water, it may be sure, no matter what the dealer may say, that it will not be dry after it is boiled.

The qualities you must look for in the uncooked potato are a pearl white color (yellowish potatoes are not wholesome), firm, close-grained flesh and a solid center. Rub the pieces together, and if a froth appears around the edges and over the surfaces the potato is rich in starch; the more starch present, the more nutritious when cooked. Tho these tests are by no means infallible they are amply by experts, and potatoes answering to them should cook well, be dry and mealy and sweet flavored.

The most economical way to cook potatoes is in their skins, as the valuable part of the tuber lies near the peel and this is lost when they are pared; heat affects the different constituents of the potato in various ways. The protein hardens much as does the white of an egg when heated; the starch cells swell and burst, part is changed to dextrin, and a hundred to them should cook well, be dry and mealy and sweet flavored.

The mineral salts which are most important are not affected by heat.

A great deal is said in regard to the splendid work done on a potato diet by the Irish, but we know that too much starch in any form causes rheumatism and other ills; a potato diet needs to be balanced. The pig and the cow and the horse and the other animals that grow somewhere near the potato patch give the other articles necessary to the Irish as well as the American.

These same things apply to the famed rice diet of the Japanese. We are told they live and work upon a handful of this cereal a day; in reality the soy bean, rich as meat, and other legumes are cooked with the rice and a great variety of fish has a prominent place in their fare.

Another fallacy I want to expose is that hashed browned potatoes are not so dangerous as certain "experts" would have you believe; if cooked quickly in very hot drippings, instead of lard, they are quite as safe as "bath-mitts—breakfast food." To prepare them, cut cold boiled potatoes in small dice, have the fat smoking hot, turn in the potatoes and stir until they are heated thru. Salt and pepper them; cook until browned on the bottom. They will stick to the pan and may be inverted on a hot platter like an omelette. They may be further seasoned with a few drops of onion juice or with dry mustard.

Baked potatoes stuffed with meat, curried potatoes, shoe-string or macaroni potatoes and croquettes, balls and cakes are self-explanatory, but potatoes, "like you have in hotels, au gratin," are often asked for and are not forthcoming at home. Here is how to prepare them: Dice the cold boiled potatoes evenly and arrange in the baking dish in alternate layers with this simple white sauce: Two tablespoons of flour, one tablespoon of butter, a cup of stock or milk. Mix the flour and butter and heat; add the milk; stir until smooth and free of lumps. Add four heaping tablespoons of cheese, yolks of two eggs well beaten and seasoning of salt, pepper and paprika. Bake in a moderate oven until the contents of the dish are a slightly browned color, and mix the potatoes with the sauce.

Other potatoes are made as above, but strips of red sweet peppers and a little minced onion are added.

## SPANISH DANCER WILL TOUR STATES

La Argentina, "Queen of Castanets," Will Appear in New York.

MADRID, Oct.—La Argentina, "Queen of Castanets," as she is called, one of the most famous Spanish dancers of the day, if not the most celebrated, will soon electrify New York as she recently electrified St. Petersburg and Moscow.

Altho not strictly beautiful, she embodies in her person all the grace and abandon which characterize Spanish dancing, and she dances with a grace and a beauty of Spain.

She has adopted La Argentina as her stage name, but she is a Spanish girl, and she is the home of dancers of fame and where is centered the grace and beauty of Spain.

## THANKSGIVING DAY EXCURSIONS

On the Canadian Northern Railway—Queen's Own Rifles Visit Valbydon.

Thanksgiving Day is one of the most popular public holidays when the scattered members of every Canadian family make an effort to revisit the old home. There are so many out-door attractions suitable to the autumn season and these facts combine to make travel happy.

This year the Queen's Own Rifles and the Army Service Corps, numbering in all some 700 or 800 men, are holding manoeuvres in the vicinity of Valbydon on the north line of the Canadian Northern Ontario Railway, and a special train has been commissioned for their transport.

Apart from this, to provide for the requirements of the general public in Toronto, there will be a special train service on the Canadian Northern from Toronto to Trenton, Picton, Nanapanee and all intermediate points on Saturday, October 18. A train will leave the Union Station at 2 p.m. on the above date, arriving in Trenton at 5:35 p.m., and Nanapanee at 6:55 p.m. A connecting train will leave Trenton at 6:15 p.m., arriving in Picton at 7:25 p.m.

Rates for the holiday, between all stations in Canada east of Port Arthur, will be fare and one-third for the above trip, good going Oct. 17 to 20, inclusive, return limit until Oct. 22. Also single fare, good going Oct. 17 only.

For reservations and all information apply to city ticket agent, 52 King street east, Main 5178, or to Union Station, Act. 2488.

## TEACH BIBLE IN PUBLIC SCHOOLS

Synod Passed Resolution Appealing to Government for Religious Instruction.

SOCIAL VICE THE TOPIC

At Yesterday's Session—Toleration System Charged by W. E. Raney.

"Toronto streets are unafraid," declared Rev. D. C. McGregor of the social service department at the Presbyterian synod in St. James' square Church yesterday afternoon. The synod had been appalled by Miss Ratten's description of conditions in British Columbia and other western provinces. Rev. Mr. McGregor said that while in the aggregate moral conditions were better in Toronto, some of the cases of juvenile immorality in the west were duplicated here. He had a demonstration of this in the case of two girls of 14 years of age, who were dealt with by Commissioner Starr, the particulars of which it was not desirable to relate.

More Sunday Motoring.

Rev. T. A. Rogers presented the report on secret services. It stated that the Lord's Day Act was better enforced than ever before, but the reverse of the day appeared to be decreasing, and motor car riding and other forms of pleasure were increasingly prevalent. In Owen Sound the enforcement of the local option law would have been very unsatisfactory if left to the local officials, and a hundred citizens organized a citizens' league, which had proved effective.

Toleration Here?

W. E. Raney addressed the synod. He quoted from the annual reports of the chief of police to prove that the social evil is tolerated in Toronto. Both the chief of police and the senior magistrate, he said, as well as one of the coroners, appeared to assume that other women were in less danger if vice was tolerated. Public sentiment in Toronto was apathetic. The only potent remedy was an aroused and fearless public opinion.

The Midway Score.

Even the Canadian National Exhibition pandered to vice for revenue. "The midway was a carnival of vulgarity, indecency and criminality. Only the force of public opinion will move the directors, and it is the duty of the churches to arouse this public opinion."

Miss Ratten, secretary, declared that the toleration of the social evil in British Columbia was of so glaring a character that the attorney-general of that province should be prosecuted like a "common criminal" for his inactivity.

Passed Resolution.

A series of resolutions were adopted calling upon the congregations to support the work of the moral and social reform department for the suppression of vice.

Rev. J. Beattie, Cobourg, made an appeal for more evangelistic work, both for the general good, and the credit of the Presbyterian church. The fact that the Dominion census gave less than a million more nominal Presbyterians than the membership rolls show demanded serious attention. He advocated either special evangelistic meetings, or an organized canvass by the church members. Both methods had proved very successful.

Bible Study in Schools.

A resolution was unanimously adopted in favor of an appeal to the Ontario Government to have Bible study as part of the public school course.

The evening meeting was devoted to home missions. The remaining committees will report this morning. The annual meeting will conclude to a medium short length at this afternoon.

## BAKED POTATOES

Let potatoes boil about 15 minutes, while your oven is heating, then put them in to bake. This is a saving of gas, as they will bake in a very short time and be light and fluffy.

The newest fall jackets are cut away quite sharply at the front and slope to a medium short length at the back.

will pay for The Daily World for one year, delivered in the City of Toronto, or by mail to any address in Canada, Great Britain or the United States.

will pay for The Sunday World for one year by mail to any address in Canada or Great Britain. Delivered in Toronto or for sale by all newsdealers and newstands at five cents per copy.

THURSDAY MORNING, OCT. 16. A VOLTE FACE.

The Telegram seems to have foreseen the hopeless nature of the campaign it has been making against Mayor Hocken, and it therefore did all it could to make the mayor appear a weak and vacillating politician.

Monday saw The Telegram's feeble structure of misrepresentation and falsehoods dashed to the ground. The agreement, so far as anyone can say yet about an agreement which has still to be drawn by the lawyers, is evidently going to be a very good agreement.

Monday saw The Telegram's feeble structure of misrepresentation and falsehoods dashed to the ground. The agreement, so far as anyone can say yet about an agreement which has still to be drawn by the lawyers, is evidently going to be a very good agreement.

The World supported the tube scheme before and is prepared to support it again, but one at a time to good fishing. Part of the argument against the best of it, three years ago for building tubes was to bring the street railway to terms, so that this end of the argument is cancelled.

Two Weak Points. Sir Alfred Mond made two points in his speech to the Canadian Club that are locally applicable, one appropriately urban, the other equally appropriately rural.

He recognized the tying up of the land in private hands as the cause of most of the troubles that arise from land congestion and resultant evils. Of the civic land housing scheme he said the promoters should be able to buy land cheaply and easily and long before they want it.

His other point was for the farmers. He pointed them to the example of the Scotch farmers, who, he said, the best farmers. A party of them came down into England and took up some poor farms at cheap rates and long leases.

But \$100 will buy one of our Bonds, giving the holder of it precisely the same security as those of the largest denominations. They are a security in which Executors and Trustees are by law authorized to invest.

than its own return out of its effort. Ask any contractor in a successful way in Toronto if he pays minimum wages. He would laugh at the idea.

TERMS LOOK GOOD. Considering the extraordinarily conservative nature of the report of the traction experts, the city will have no risk whatever in undertaking the purchase of the street railway.

When the people understand what they are to get, and the city lawyers get the agreement drawn, Mayor Hocken will be appreciated.

DONT SCARE WORTH A CENT. The Philadelphia Record, a conservative and well-edited Democratic newspaper, is saying only what everyone admits even in Pennsylvania when it thus sums up the effect upon the country of the new tariff.

Special Cable to The World. Copyrighted by The World, N.Y. World. LONDON, Oct. 15.—Lord Lugard, the only son and heir of the Earl of Shrewsbury, obtained today a declaration from the courts that he is the legitimate and lawful son of the earl.

EXPERT REPORT ON INTANGIBLES RESULT OF CLOSE ESTIMATING

Physical Assets Were Easy to Get At—Earning Power to Company Under Present Conditions Greater Than When City Gives Service in Light Haul Sections.

In arriving at the value of the Toronto Railway Company property the experts had only mechanical work in getting the total for physical assets. It was in getting at the intangible value that a plan had to be adopted which differs from any yet reported in connection with the purchase of a rapid transit system.

Information for Hunters.
Above is the caption of a compact little booklet recently issued by the Canadian Pacific Railway, containing valuable information for the sportsman, including list of points most likely for a successful hunting trip, names of guides and outfitters, open seasons, etc.

Some remarkable GASTRONOMIC ACTS
Twenty-Two Fried Eggs at Meal—Fifty-Four Ears of Corn.

A man living at Housatonic, Mass., before entering on a recent egg-eating contest, was known as the champion fried egg-eater of the Berkshires. He had a record of 22 eggs, according to The New York Sun, and the wager was on the contention that he could easily make away with 25. When he had eaten 17, however, he was seized with an attack of acute indigestion, and he had to stop.

Cuban Salad.
Cut a small fruit in half and remove the seed. In the cavity place three stuffed olives, and the desired quantity of dressing, made of a teaspoonful of oil, dissolved in the juice of a lime or half a lemon. Serve on a lettuce leaf with a spoon, one half fruit to each person.

Persons with blue eyes are rarely affected by color blindness. In France last year the births of color-blind persons were 35,000. As a rule, tears do not accompany a baby's cries until it is three months old.

There are fewer suicides among miners than among any other class of workmen. British postoffice handles 15,000,000 letters and 250,000 telegrams a day.

The oldest national flag in the world is that of Denmark, which dates from 1214.

Sealed Lead Packets Only

AN IDEAL BREAKFAST BEVERAGE.
"SALADA" Tea is the most enjoyable breakfast beverage and the most healthful. It gently stimulates without reaction. Its delicate fragrance and delicious flavor make it preferred above all other teas.

"SALADA" Tea gives its acknowledged superiority to the care exercised in selecting only the most delicate leaves, rejecting all coarse growths which are bitter to the taste, or sale by all grocers, in sealed lead packets only.

is preserved by the use of sealed lead packets.

The meeting of the Heliconian Club will take place tonight at Mrs. Fair-weather's, Blue Dragon Inn, at Clark-street. The train leaves town at 5.30 p.m.

The Church of St. Paul, East Bloor street, was beautifully decorated yesterday afternoon with arches of yellow chrysanthemum and southern smilax, all the pews having bouquets in white and gold baskets on the ends, palms and flowers filling the chancel, and for the marriage of Mr. and Mrs. M. J. Gordon, at 8 o'clock of Muriel, eldest daughter of Mr. James Bicknell, K.C., to Mr. Gordon Keschele, son of Mr. and Mrs. J. D. Keschele, Esplanade avenue. The service was taken by the rector, the Ven. Archdeacon Cody, and while the register was being signed Mrs. Keschele sang "O Perfect Love."

The bride, who was given away by her father, looked very pretty in a lovely English gown of white muscadine, draped with magnificent bouquets of silver brocade with horsehoe of myrtle and orange blossoms on the end. Her veil, which was of Brussels applique, was held in place with a wreath of orange blossoms and white heather, and she carried a shield of madonna lilies and mauve and white and wore the groom's gift, a platinum and diamond necklace. Miss Nan Gooch attended as maid of honor, and the bridesmaids were Miss Kathleen Bicknell and Miss Kate Kappeler, wearing minaret gowns of pink, alternating with blue with coats and petticoats of lace and white veils with transparent tulle crowns, edged with forget-me-nots. They carried crocuses of Killarney roses, forget-me-nots, and wore the groom's gift, a gold bracelet.

Miss Marjorie Galbraith was a little flower girl in a white lawn and lace frock, and carried a basket of roses and forget-me-nots, and the train bearers were Miss Marie and Miss Anna Bicknell in empire gowns of pink and blue, and pink hats and bouquets of forget-me-nots and roses.

Mr. Leslie Keschele was best man and the ushers were Mr. J. W. Bicknell, Mr. Herbert Lost, Mr. Graham McIntosh, and Mr. Harry Cooke. After the ceremony a reception was held at the residence of the bride's father in Cluny avenue, when Mrs. Bicknell was wearing a very beautiful gown of midnight blue and gold, and carried a bouquet of mauve and pale yellow orchids, and a diamond necklace.

Mrs. Keschele wore a gown of pale blue and white with a beautiful sash, picture hat with plumes, and carried beauty roses. The groom's grandmother, Mrs. Moore, wore black crepe de chine and a hat trimmed with jet and honiton lace, and a corsage bouquet of orchids. Mr. and Mrs. Keschele left later on a motor trip to New York, the bride traveling in a French tailormade of blue and blue velvet hat with black trim, and on their return they will reside at 23 Edgar avenue. The gift of the bride's father, who also gave his daughter an entire service of Crown Derby china, Mrs. Galbraith, the bride's aunt, looked very pretty in a white gown with a lace collar, and plumed hat to match; Mrs. D. B. Hanna wore grey satin and silver lace with hat to match, and Mrs. Bicknell wore a gown of mauve satin, and plumed hat; Mrs. Cleud Fox was in a lovely gown of white broadcloth chiffon velvet, small black velvet hat, and a corsage bouquet of white and blue flowers, and a magnificent diamond necklace. The whole lawn of the house was decorated with yellow chrysanthemum and gold baskets of white ribbons, the wedding cake in the center. In the house the flowers were exquisite, all the doorways were filled with the most lovely presents. In the evening the wedding party went to boxes at the Princess, afterwards returning to supper with Mrs. Bicknell.

Mrs. Frank Anglin, Ottawa, gave a luncheon yesterday, in honor of her guest, Mrs. McCuaig, Montreal.

Dr. and Mrs. Thistle are giving a small dinner at the Rosedale Golf Club on Saturday, for Mr. and Mrs. Walter Willson.

Sir Montagu and Lady Allan and Mrs. M. A. Allan are expected at Ottawa at the end of the week, for the races at the Hunt Club on Saturday and Sunday.

Mr. and Mrs. Neville Morine are chaperoning a party to Jackson's Point for the week-end, including Louisa Murray, Miss Clare Corson, Mr. Eric Osborne and Mr. Bert James.

Sir John Willson will address a meeting of the Women's Canadian Club in the Y.W.C.A. board room next Friday afternoon at 8 o'clock, in Hamilton. He will talk on "Journalism."

The marriage of Miss Mabel Alexander to Mr. Glenholm F. Moss will take place quietly on Saturday, at the Church of St. George the Martyr, at 3.30 o'clock.

Mrs. Anderson, Mrs. Tom Miller and Miss Bernard came over from Niagara-on-the-Lake yesterday.

Mr. D. B. Haana is in New York.

Mrs. Acland and Miss Acland, who have been staying with Mrs. Goodwin Gibson, have returned to Ottawa.

Miss Mary Robertson sailed yesterday for England and the Prince of Wales, in the North German Lloyd Steamship Line.

Mr. and Mrs. Walter Willson have returned from their wedding trip and are settled in their flat in Summerhill Gardens.

Lady Schultz entertained at tea in Winnipeg, in honor of the Misses MacPherson, Ottawa.

Mr. Dick Webber and Mr. S. Smith have left for the north on a hunting trip.

Mrs. Frank Malloch left Hamilton last evening for a tour of the community, he will be the guest of her daughter, Mrs. Murray.

The marriage of Miss Edith Mar-

The meeting of the Heliconian Club will take place tonight at Mrs. Fair-weather's, Blue Dragon Inn, at Clark-street. The train leaves town at 5.30 p.m.

The Church of St. Paul, East Bloor street, was beautifully decorated yesterday afternoon with arches of yellow chrysanthemum and southern smilax, all the pews having bouquets in white and gold baskets on the ends, palms and flowers filling the chancel, and for the marriage of Mr. and Mrs. M. J. Gordon, at 8 o'clock of Muriel, eldest daughter of Mr. James Bicknell, K.C., to Mr. Gordon Keschele, son of Mr. and Mrs. J. D. Keschele, Esplanade avenue. The service was taken by the rector, the Ven. Archdeacon Cody, and while the register was being signed Mrs. Keschele sang "O Perfect Love."

The bride, who was given away by her father, looked very pretty in a lovely English gown of white muscadine, draped with magnificent bouquets of silver brocade with horsehoe of myrtle and orange blossoms on the end. Her veil, which was of Brussels applique, was held in place with a wreath of orange blossoms and white heather, and she carried a shield of madonna lilies and mauve and white and wore the groom's gift, a platinum and diamond necklace. Miss Nan Gooch attended as maid of honor, and the bridesmaids were Miss Kathleen Bicknell and Miss Kate Kappeler, wearing minaret gowns of pink, alternating with blue with coats and petticoats of lace and white veils with transparent tulle crowns, edged with forget-me-nots. They carried crocuses of Killarney roses, forget-me-nots, and wore the groom's gift, a gold bracelet.

Miss Marjorie Galbraith was a little flower girl in a white lawn and lace frock, and carried a basket of roses and forget-me-nots, and the train bearers were Miss Marie and Miss Anna Bicknell in empire gowns of pink and blue, and pink hats and bouquets of forget-me-nots and roses.

Mr. Leslie Keschele was best man and the ushers were Mr. J. W. Bicknell, Mr. Herbert Lost, Mr. Graham McIntosh, and Mr. Harry Cooke. After the ceremony a reception was held at the residence of the bride's father in Cluny avenue, when Mrs. Bicknell was wearing a very beautiful gown of midnight blue and gold, and carried a bouquet of mauve and pale yellow orchids, and a diamond necklace.

Mrs. Keschele wore a gown of pale blue and white with a beautiful sash, picture hat with plumes, and carried beauty roses. The groom's grandmother, Mrs. Moore, wore black crepe de chine and a hat trimmed with jet and honiton lace, and a corsage bouquet of orchids. Mr. and Mrs. Keschele left later on a motor trip to New York, the bride traveling in a French tailormade of blue and blue velvet hat with black trim, and on their return they will reside at 23 Edgar avenue. The gift of the bride's father, who also gave his daughter an entire service of Crown Derby china, Mrs. Galbraith, the bride's aunt, looked very pretty in a white gown with a lace collar, and plumed hat to match; Mrs. D. B. Hanna wore grey satin and silver lace with hat to match, and Mrs. Bicknell wore a gown of mauve satin, and plumed hat; Mrs. Cleud Fox was in a lovely gown of white broadcloth chiffon velvet, small black velvet hat, and a corsage bouquet of white and blue flowers, and a magnificent diamond necklace. The whole lawn of the house was decorated with yellow chrysanthemum and gold baskets of white ribbons, the wedding cake in the center. In the house the flowers were exquisite, all the doorways were filled with the most lovely presents. In the evening the wedding party went to boxes at the Princess, afterwards returning to supper with Mrs. Bicknell.

Mrs. Frank Anglin, Ottawa, gave a luncheon yesterday, in honor of her guest, Mrs. McCuaig, Montreal.

Dr. and Mrs. Thistle are giving a small dinner at the Rosedale Golf Club on Saturday, for Mr. and Mrs. Walter Willson.

Sir Montagu and Lady Allan and Mrs. M. A. Allan are expected at Ottawa at the end of the week, for the races at the Hunt Club on Saturday and Sunday.

Mr. and Mrs. Neville Morine are chaperoning a party to Jackson's Point for the week-end, including Louisa Murray, Miss Clare Corson, Mr. Eric Osborne and Mr. Bert James.

Sir John Willson will address a meeting of the Women's Canadian Club in the Y.W.C.A. board room next Friday afternoon at 8 o'clock, in Hamilton. He will talk on "Journalism."

The marriage of Miss Mabel Alexander to Mr. Glenholm F. Moss will take place quietly on Saturday, at the Church of St. George the Martyr, at 3.30 o'clock.

Mrs. Anderson, Mrs. Tom Miller and Miss Bernard came over from Niagara-on-the-Lake yesterday.

Mr. D. B. Haana is in New York.

Mrs. Acland and Miss Acland, who have been staying with Mrs. Goodwin Gibson, have returned to Ottawa.

Miss Mary Robertson sailed yesterday for England and the Prince of Wales, in the North German Lloyd Steamship Line.

Mr. and Mrs. Walter Willson have returned from their wedding trip and are settled in their flat in Summerhill Gardens.

Lady Schultz entertained at tea in Winnipeg, in honor of the Misses MacPherson, Ottawa.

Mr. Dick Webber and Mr. S. Smith have left for the north on a hunting trip.

Mrs. Frank Malloch left Hamilton last evening for a tour of the community, he will be the guest of her daughter, Mrs. Murray.

The marriage of Miss Edith Mar-

DOMINION W. C. T. U. ELECTS OFFICERS

Mrs. Gordon Wright of London Again at Head of Affairs.

TRIBUTE TO PRESS
Treasurer's Report Shows That Fifty Thousand Dollars Was Collected.

LONDON, Ont., Oct. 15.—(Can. Press.)—Mrs. Gordon Wright of this city was today re-elected to the position of president of the Dominion Women's Christian Temperance Union. The honorary president, Mrs. Annie C. Rutherford of Toronto, will likely again be elected.

The vice-president remains the same, Mrs. L. C. McKinney of Alberta, and the recording secretary, Mrs. W. W. Macdonald of Montreal. The corresponding secretary for the year will be Mrs. A. C. Johnson of Toronto. The treasurer, Mrs. Jeannette Butler of St. John's, Que., was re-elected.

The secretary for the coming year will be Mrs. Grace Roy of Toronto, while Mrs. Ada McLachlan of Hamilton was re-elected secretary of the Local Correspondence League. The vice-presidents ex-officio: Mrs. Mary Sanderson of Quebec, Mrs. Hattie A. Stevens of Ontario, Mrs. A. Mowbray of New Brunswick, Mrs. A. L. Powers of Nova Scotia, Mrs. Duff Smith of Manitoba, Mrs. L. C. McKinney of Alberta, Mrs. W. W. Macdonald of Saskatchewan, and Mrs. W. W. Macdonald of British Columbia, are all again filling that office.

Mrs. Margaret Cole of Ottawa will fill the position of editor of the White Ribbon Bulletin, the official publication of the Dominion Union for the coming year.

The sub-executive will be composed of the officers elected today, and the vice-president, ex-officio. The superintendents of the different departments will be elected tomorrow and will, with those on the sub-executive, form the executive committee.

Reports were presented during the elections, which lasted all afternoon, on the "Work Among the Colored People," the corresponding secretary's report, the press, the treasurer's report and the report of the literature depository for the Dominion Union.

In her report on the press, Mrs. N. B. Johnston, of Ontario, paid a tribute to the newspapers. They were of inestimable value, she said, and she urged her hearers to write articles on the question for publication in the different cities.

The treasurer's report showed the sum of almost \$50,000 to have been collected by the different unions in the Dominion, during the year. While a good deal remained on hand, most of the money has been expended in one or the other different branches of the union's work.

BABBLED OF LOVE THEN TOOK POISON
Richard Wood Revived When the Stomach Pump Was Applied.

Lying face downward in the grass, Richard Wood of 133 Spadina street, was picked up in a very sick condition on a side street just east of Church at 3.30 last night and conveyed to St. Michael's Hospital in a private motor car.

From an almost undecipherable note found in his pocket, addressed to a young lady, it is thought that he may have attempted suicide by taking poison. The note, amongst foolish love talk, set forth his dependency over his condition.

An application of the stomach pump brought Woods around all right.

GEO. NIXON'S BODY BURIED YESTERDAY
The funeral of the late civic inspector, George Nixon, took place yesterday afternoon from his late apartments, Sherbourne street, to Mount Pleasant Cemetery. The Rev. Mr. Southam, rector of All Saints, officiating at the house and grave. A large number of friends and relatives were present.

Many floral tokens from bodies with which Mr. Nixon was identified were noticed on the bier. Representatives and men from the hydro service, union department and bricklayers' union were present among others.

MARKED TRAITS OF FRENCH PRESIDENT
Love of Home and Books—Exemplar of Strenuous Life.

It is said that the most marked characteristic of Raymond Poincare, the President of France, are concentration and simplicity of life and manners. He loves his own fireside and his pets, and today his favorite companions are said to be Scott, his collie; his faithful watchdog Brave, who guards his country house at Compiègne, and his Siamese cat, Grig-grig. There is nothing which M. Poincare delights in more than to spend a quiet evening with the books and four-footed companions.

The French president has always been noted for his industry. In that he has the secret of his success. From his mother he acquired the habit of early rising, and even today, as chief of the French Republic, he continues to leave his bed at 5 o'clock in the morning.

His success in politics has been phenomenal. He has attained cabinet rank, and at 34 was minister of finance. For several years he withdrew himself to lead work, which brought him from \$60,000 to \$100,000 a year. He showed conspicuous in big commercial cases, and judges would shrink from questioning Poincare's law, which was always sure to be sound.

Cuban Salad.
Cut a small fruit in half and remove the seed. In the cavity place three stuffed olives, and the desired quantity of dressing, made of a teaspoonful of oil, dissolved in the juice of a lime or half a lemon. Serve on a lettuce leaf with a spoon, one half fruit to each person.

Persons with blue eyes are rarely affected by color blindness. In France last year the births of color-blind persons were 35,000. As a rule, tears do not accompany a baby's cries until it is three months old.

There are fewer suicides among miners than among any other class of workmen. British postoffice handles 15,000,000 letters and 250,000 telegrams a day.

The oldest national flag in the world is that of Denmark, which dates from 1214.

SUGGESTS FENDER LIKE SNOW PLOW
George Nugent, at Inquest, Criticizes T. S. R. Style—Open Verdict Rendered.

An open verdict was returned last night by Coroner Graham's jury, expanding on the coroner's verdict of the title Thorpe, who was almost instantly killed by being struck by a street car near the corner of Queen and Clarence streets, on Oct. 1.

George Nugent, who is seen at most of the inquests of this nature, says his opinion that the fender in use on the Toronto street cars at the present time is not adequate for the protection of the public. He suggested that an additional snow-fender-shaped fender, which would raise the body of the car, and the fender of the cars be placed behind the fender now in use.

In rendering their verdict the jury added a recommendation that some extra safety appliance be added to the cars.

THOS. CHRISTIE DEAD
After lingering between life and death for a week, Thomas Christie, who fell from a moving radial car at Richmond Hill on Oct. 8 last, died at 11 o'clock last night in the General Hospital. Death was due to a fractured skull.

Sealed Lead Packets Only

AN IDEAL BREAKFAST BEVERAGE.
"SALADA" Tea is the most enjoyable breakfast beverage and the most healthful. It gently stimulates without reaction. Its delicate fragrance and delicious flavor make it preferred above all other teas.

"SALADA" Tea gives its acknowledged superiority to the care exercised in selecting only the most delicate leaves, rejecting all coarse growths which are bitter to the taste, or sale by all grocers, in sealed lead packets only.

is preserved by the use of sealed lead packets.

The meeting of the Heliconian Club will take place tonight at Mrs. Fair-weather's, Blue Dragon Inn, at Clark-street. The train leaves town at 5.30 p.m.

The Church of St. Paul, East Bloor street, was beautifully decorated yesterday afternoon with arches of yellow chrysanthemum and southern smilax, all the pews having bouquets in white and gold baskets on the ends, palms and flowers filling the chancel, and for the marriage of Mr. and Mrs. M. J. Gordon, at 8 o'clock of Muriel, eldest daughter of Mr. James Bicknell, K.C., to Mr. Gordon Keschele, son of Mr. and Mrs. J. D. Keschele, Esplanade avenue. The service was taken by the rector, the Ven. Archdeacon Cody, and while the register was being signed Mrs. Keschele sang "O Perfect Love."

The bride, who was given away by her father, looked very pretty in a lovely English gown of white muscadine, draped with magnificent bouquets of silver brocade with horsehoe of myrtle and orange blossoms on the end. Her veil, which was of Brussels applique, was held in place with a wreath of orange blossoms and white heather, and she carried a shield of madonna lilies and mauve and white and wore the groom's gift, a platinum and diamond necklace. Miss Nan Gooch attended as maid of honor, and the bridesmaids were Miss Kathleen Bicknell and Miss Kate Kappeler, wearing minaret gowns of pink, alternating with blue with coats and petticoats of lace and white veils with transparent tulle crowns, edged with forget-me-nots. They carried crocuses of Killarney roses, forget-me-nots, and wore the groom's gift, a gold bracelet.

Miss Marjorie Galbraith was a little flower girl in a white lawn and lace frock, and carried a basket of roses and forget-me-nots, and the train bearers were Miss Marie and Miss Anna Bicknell in empire gowns of pink and blue, and pink hats and bouquets of forget-me-nots and roses.

Mr. Leslie Keschele was best man and the ushers were Mr. J. W. Bicknell, Mr. Herbert Lost, Mr. Graham McIntosh, and Mr. Harry Cooke. After the ceremony a reception was held at the residence of the bride's father in Cluny avenue, when Mrs. Bicknell was wearing a very beautiful gown of midnight blue and gold, and carried a bouquet of mauve and pale yellow orchids, and a diamond necklace.

Mrs. Keschele wore a gown of pale blue and white with a beautiful sash, picture hat with plumes, and carried beauty roses. The groom's grandmother, Mrs. Moore, wore black crepe de chine and a hat trimmed with jet and honiton lace, and a corsage bouquet of orchids. Mr. and Mrs. Keschele left later on a motor trip to New York, the bride traveling in a French tailormade of blue and blue velvet hat with black trim, and on their return they will reside at 23 Edgar avenue. The gift of the bride's father, who also gave his daughter an entire service of Crown Derby china, Mrs. Galbraith, the bride's aunt, looked very pretty in a white gown with a lace collar, and plumed hat to match; Mrs. D. B. Hanna wore grey satin and silver lace with hat to match, and Mrs. Bicknell wore a gown of mauve satin, and plumed hat; Mrs. Cleud Fox was in a lovely gown of white broadcloth chiffon velvet, small black velvet hat, and a corsage bouquet of white and blue flowers, and a magnificent diamond necklace. The whole lawn of the house was decorated with yellow chrysanthemum and gold baskets of white ribbons, the wedding cake in the center. In the house the flowers were exquisite, all the doorways were filled with the most lovely presents. # Rugby Getting Ready For Saturday

## HARRY GRIFFITH COACHING VARSITY

### Maynard's Team to Make Supreme Effort to Beat McGill—Argos Have Work Out

That Varsity are leaving no stones unturned in their efforts to trim McGill Saturday is plainly noticeable at the practice these fine evenings. No less than three coaches had charge of the team last night, and foremost among them was Harry Griffith. What is noticeable is the team jump when he takes hold of them? That they go at it like several tons of ginger is plainly noticeable, and it was ding, ding, ding, from the drop of the hat. Dr. Wright and Capt. Jack Maynard assisted in keeping the line going. Instead of lining the seniors up against the intermediates, as was the case last night, the seniors were scattered throughout two teams and sent at each other, and the advantage of this style is that it is more noticeable. Instead of having the seniors breaking through all the time there was a real struggle. The seniors were well on the half line, but the feature of the workout was the great line plunging of Little. He is a recruit from the second team, but he hits the line with his 170 lbs. like a veteran, and talk about going yards. Well, he's there.

The Parkdale-Hamilton Rowing Club game scheduled for Saturday in the O.R. P.T. is off, as Parkdale were unable to secure grounds for that date. Parkdale have secured permission to use Varsity Stadium on Thanksgiving Saturday, and looks as if Hamilton would have to come here on that date.

Parkdale are working hard these days, and expect to spring a surprise the next time they trot their team out on the field. Simpson and Boddy at outside will strengthen the team. A new half, Simpson is rapidly recovering from his case of charley horse, and will be there when the game gets going. A new half-back has been secured by the name of Bryan, who is an ex-Varsity player. He has shown up well in practice.

Montreal is starting its yearly attack on Charlie Gage, and is stirring up a lot of ungenerous criticism and strife. Meanwhile Gage is practicing serenely, though with the blue and white.

Argonauts held a workout with St. Michaels again yesterday afternoon, and all the boys displayed lots of enthusiasm in the practice. Since Ottawa has been assigned to waver, the scullers have doubled their efforts to make everything perfect for Saturday. The way it goes, there will be some tall hunting around Rosedale Saturday afternoon. The Argos have this chance to stay in the running, and they have a knack of accepting the chances. There may be a couple of changes in the lineup, but not many. The selection of officials will take some picking, as Ottawa are scrapping with several already this season.

Ottawa will be given a chance to see just how the American Rugby game is played on Thursday. The St. Lawrence University of Canada, N.Y., will play the University-Ottawa team in Ottawa on that day. The first half will be played under Canadian rules, and the second under American.

Point Leckie will have a great time with his old clubmates, Elmer and Beckler, in the Ottawa-Argo game Saturday. Varsity will run an excursion to Montreal for their game with McGill.

Jack Maynard will likely play against McGill on Saturday.

Parkdale Collegiate seconds defeated East Toronto High School yesterday, by the score of 21 to 0, on the Don Flats.

"I do not expect that we will win in Toronto against the Argos on Saturday," says Coach Father Stanton. "Our team will be strong and in good condition, but it must be remembered that the Argos will be at home, with the crowd behind them. With good luck, we might possibly beat them, but at all events we will give them a great run for the game."

Argo seconds will play an exhibition game in London on Monday.

Kew Beach Junior O. R. F. U. team is up against a combined "squeeze play" of the other three teams in their section. The schedule, as arranged at the start of the season, called for Balmly to play Broadview and Kew Beach to play Don on Saturday, with Don meeting Broadview and Kew and Balmly playing Monday morning. Balmly and Broadview have now arranged to postpone their game of Saturday to November 1, and thus refuse to postpone their game with Kew. It leaves the already badly crippled Kew up against two games in three days, the game on Monday being a hard proposition in any case, especially as Balmly will have a week's rest from their

### INTER-FACULTY SPORTS.

This afternoon at Varsity Stadium, the inter-faculty track meet will be held, with a big list of events, including the sprints, the quarter-mile, half, the mile and three-mile runs, with the jumps, pole vault, weights and hurdles. The first event is scheduled to start at 2.30.

## SENIOR MEDS BEAT OLD RIVALS, ARTS

### Victoria Downed St. Mikes in Hard Tussle—Lots of Scoring in Last Half.

Senior Meds doubled the score on their opponents, Senior Arts, yesterday afternoon on the front campus in an inter-faculty rugby game. The final score was 8 to 4, with Meds coming like a house afire at the finish. The feature of the game was the all round work of the Meds' half line, while the bucking of Arts gained yards materially. At half-time Meds led by the score of 7 to 1, but Arts stuck to their knitting and gained a lot of ground in the last half, while Meds only notched one rouge. The teams lined up as follows:

Senior Meds (8)—Flying wing, Shoultice; halves, McKenzie, Robinson, Cameron; quarter, Brown; scrum, Ross, Hopkins, McLean; wings, Gurot, Reeda, Binkley, Hill, Martin, Cosbit.

Senior Arts (8)—Flying wing, Fould; halves, Park, McCounham, Poupore, quarter, Galloway; scrum, Hodgins, Brooks, Hill; wings, McDowell, Brown, Willoughby, McBride, McMillan, Firth.

Victoria College secured a two-point victory over their old rivals, St. Michaels, yesterday afternoon in a Mulock Cup game, when they defeated them by the score of 7 to 5. It was a ding-dong battle from start to finish, but the score at half-time was 1 to 0 in favor of Vics, and from then on it was anybody's game until the final whistle.

The teams lined up as follows:

Victoria (7)—Flying wing, Brown; halves, Hyde, Watson, Chas. quarter, Bowles; scrum, Brett, Blatz, Horn; wings, Hornig, Griffiths, Sanderson, Harris, Beatty, Pearson.

St. Michaels (5)—Flying wing, Colgan; halves, Corkery, Fookes, Doyle; quarter, Beck; scrum, Healey, Harmer, Miller, wings, Brick, Kraus, Moran, Collins, Reaney, Fitzpatrick, Referee—Candfield.

**RAY AND VARDON AT ST. LOUIS.**

ST. LOUIS, Oct. 15.—Edward Ray and Harry Vardon, the British professional golf champions, today defeated Ennis Miller and Jess Carleton on the Normandy links. Ray negotiated the course in 72, which was 78 for bogey, and Vardon went round in 76.

**OLD COUNTRY CRICKET CLUB.**

The Old Country Cricket Club will hold its annual meeting tonight at the club-house, 100 St. George Street, at 8 o'clock. Anyone interested in cricket will receive a hearty welcome.

last game and will be playing on their home field. It is now up to Kaw Beach to show up "the combine" by winning both these games.

The Ottawa expect to see both Lawson and Binkley stacked up against them on Saturday. Jim Vaughan will be disappointed in the fact that Russell, Pud Kent and Solder Bill Grant are not also opposing him.

What promises to prove a real interesting class will be pulled off at Britannia Park on Saturday, when the Tiger intermediates clash with the Alert intermediates in an interprovincial game.

The T. R. and A. A., failing to get the Varsity Stadium, will play an exhibition game with the Tigers at the cricket field in Hamilton on Monday.

The Montreal students get the following advice in the home town: Be sure it would be well for McGill to lay down now its policy with regard to Dominion finals. Should it win the intercollegiate championship and speak then, possibly its motives might be misconstrued, and nasty things said. Of course, it might be a bit previous and blimpious to announce that they would not play for the Dominion title matches before winning that of their own series; but if they do not intend playing for the Dominion if they have a chance to do so, the students could make their declaration of policy in this way: By announcing that they would cease to play football this season when the college series is finished, because intercollegiate matches will take all the time they can devote to play a statement that would be well within the limits of what no reasonable person could make exception.

## NO CANADIAN LADY GOLFERS IN TOURNEY

### Miss Harvey and Miss Pooley Lost Yesterday—Three English Players Survive.

WILMINGTON, Del., Oct. 15.—Canada and the west were eliminated from the women's national golf championship over the Wilmington Country Club links today when the second match round for the title was run off.

This leaves Great Britain and the eastern section of the United States to fight it out, the foreigners being three in number and the natives five.

Miss Marion Hollins, Westbrook, the only remaining representative of the metropolitan districts, led to the hole to defeat Miss Florence Harvey of Canada, while the last of the foreigners were brushed aside when Miss Muriel Dodd, the British title holder, took the measure of Miss Violet Pooley of British Columbia. The margin was 4 and 2.

Miss Gladys Ravenscroft, best British champion, trounced Miss Edith Rosenthal of Ravenna, and when Miss Myra Halmer of Michigan fell, Miss Fannie C. Osgood of Brookline, the western representative was no longer evident.

Mrs. E. H. Fittler, Philadelphia, beat Mrs. Albert Sahn, New York, 5 up and 4 to 60.

Miss Harriet Curtis, Boston, beat Mrs. H. R. Stockton, New York, 3 up and 1 to 40.

Miss Mabel Harrison, Ireland, beat Miss Caroline Painter, Chicago, 2 up and 1 to 60.

Mrs. Clarence Vanderbeck, Philadelphia, beat Mrs. S. Colburn, Chicago, 4 up and 3 to 60.

Miss Fannie Osgood, Boston, beat Miss Myra Halmer, Chicago, 3 up and 1 to 60.

Miss Gladys Ravenscroft, England, beat Miss Edith Rosenthal, Chicago, 6 up and 1 to 60.

There was practically nothing to choose between Miss Marion Hollins and Miss Florence Harvey, who just once were separated by as much as two holes. At the turn their match was square.

**TORONTO SWIMMING CLUB.**

The Toronto Swimming Club commences its winter program in the first events in a series of ten races will be held. The members will be divided into two sections, viz. one for seniors and one for juniors. A junior is one who is under 16 years of age on Oct. 1. One prize will be given for each race, and a member is only allowed to win one in each series. Points will be counted as well, and three prizes will be given in each series to the three members obtaining the best number of points. The entrance fee will be the same as last year: Seniors \$1, Juniors 50c. The following is the first series:

Seniors—Oct. 15, one length scratch; Oct. 22, one length scratch; Oct. 29, one length scratch; Nov. 5, one length scratch; Nov. 12, one length scratch; Nov. 19, one length scratch; Nov. 26, one length scratch; Dec. 3, one length scratch; Dec. 10, one length scratch; Dec. 17, one length scratch; Dec. 24, one length scratch; Dec. 31, one length scratch.

**WEST END ATHLETES HAVE BUSY NIGHT**

Handicap Men Win Harrier Race, Sprint and High Jump—The Swimmers.

West End athletes had a two and a half mile handicap run last night. A. R. Alloway, a two-minute man, was the winner. P. Briggs, with a two-minute handicap, was second. Hector Phillips, the scratch man, could not overcome the liberal handicaps handed out to the new men. The actual time of the first three to finish was:

1. A. R. Alloway ..... 13.09  
2. D. Briggs ..... 13.23  
3. O. Johnston ..... 13.35

The last soccer games of the Toronto Boys' Union League resulted as follows: Junior soccer—White Co. at Moss Park. Won 2-0. Intermediate soccer—McCormick at Settlement. Settlement won. Intermediate soccer—Moss Park at Carleton Place. Moss Park won 1-0. East Toronto at Riverdale. East Toronto won 3-0. The Varsity intermediate soccer schedule is as follows:

Group A—  
Oct. 24—McMaster v. Knox.  
Oct. 27—Knox v. Forestry.  
Oct. 31—Forestry v. McMaster II.  
Group B—  
Oct. 21—Meds v. Pharmacy.  
Oct. 24—Pharmacy v. Education.  
Oct. 27—Education v. Meds (re-ar).  
Group C—  
Oct. 17—Wycliffe v. Dent.  
Oct. 22—Vets v. Wycliffe.  
Oct. 28—Dents v. Vets.  
Group D—  
Oct. 23—Vic v. Teachers.  
Winners of A and B play off Nov. 4. Winners of C and D play off Nov. 11. Finals to be played Nov. 7.

All games are called for 4 p.m., and are to be played on the front campus, except where indicated here.

**THE HAMILTON THISTLES.**

HAMILTON, Oct. 15.—The annual meeting of the Hamilton Thistle Curling Club was held on Monday evening with a large attendance of members. The following officers were elected: President, James A. Thomson; vice-president, G. H. Douglas; secretary-treasurer, C. W. Walker; representative members to O. C. A. W. H. Davis and J. A. Thomson; committee, W. B. Champ, S. M. Glasgow, S. S. Thomson, M. S. Glasgow and W. A. Stewart; chaplains, Rev. Dr. Drummond and Rev. W. Sedgewick.

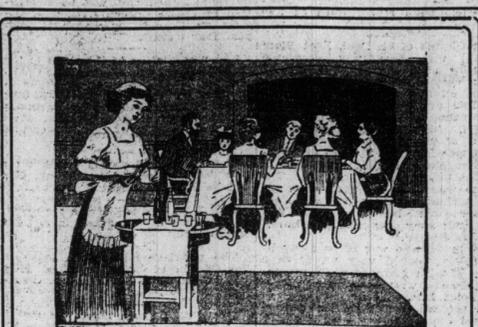

**SUSPECTED PAIR CONFIDENCE MEN**

BROCKVILLE, Oct. 15.—(Special.)—The Attorney-General's department has written the local police to inquire if the pair alleged to have left any trace of their operations in Ontario. One is under arrest in Philadelphia.

The scheme consisted of one man posing as an Arizona miner, and inducing the unwary to take a trip to another city to purchase a gold mine from a confederate, who passed as a San Francisco mine-owner. There were no dupes here as far as the police can learn.

**North Toronto Tax Bills.**

The tax bills for property in North Toronto have now all been delivered to the addresses as shown in the assessment roll. Ratepayers who have not received their bills can have duplicates furnished by making application at the tax office in the city hall.

West End athletes had a two and a half mile handicap run last night. A. R. Alloway, a two-minute man, was the winner. P. Briggs, with a two-minute handicap, was second. Hector Phillips, the scratch man, could not overcome the liberal handicaps handed out to the new men. The actual time of the first three to finish was:

1. A. R. Alloway ..... 13.09  
2. D. Briggs ..... 13.23  
3. O. Johnston ..... 13.35

The last soccer games of the Toronto Boys' Union League resulted as follows: Junior soccer—White Co. at Moss Park. Won 2-0. Intermediate soccer—McCormick at Settlement. Settlement won. Intermediate soccer—Moss Park at Carleton Place. Moss Park won 1-0. East Toronto at Riverdale. East Toronto won 3-0. The Varsity intermediate soccer schedule is as follows:

Group A—  
Oct. 24—McMaster v. Knox.  
Oct. 27—Knox v. Forestry.  
Oct. 31—Forestry v. McMaster II.  
Group B—  
Oct. 21—Meds v. Pharmacy.  
Oct. 24—Pharmacy v. Education.  
Oct. 27—Education v. Meds (re-ar).  
Group C—  
Oct. 17—Wycliffe v. Dent.  
Oct. 22—Vets v. Wycliffe.  
Oct. 28—Dents v. Vets.  
Group D—  
Oct. 23—Vic v. Teachers.  
Winners of A and B play off Nov. 4. Winners of C and D play off Nov. 11. Finals to be played Nov. 7.

All games are called for 4 p.m., and are to be played on the front campus, except where indicated here.

**THE HAMILTON THISTLES.**

HAMILTON, Oct. 15.—The annual meeting of the Hamilton Thistle Curling Club was held on Monday evening with a large attendance of members. The following officers were elected: President, James A. Thomson; vice-president, G. H. Douglas; secretary-treasurer, C. W. Walker; representative members to O. C. A. W. H. Davis and J. A. Thomson; committee, W. B. Champ, S. M. Glasgow, S. S. Thomson, M. S. Glasgow and W. A. Stewart; chaplains, Rev. Dr. Drummond and Rev. W. Sedgewick.

**SUSPECTED PAIR CONFIDENCE MEN**

BROCKVILLE, Oct. 15.—(Special.)—The Attorney-General's department has written the local police to inquire if the pair alleged to have left any trace of their operations in Ontario. One is under arrest in Philadelphia.

**North Toronto Tax Bills.**

The tax bills for property in North Toronto have now all been delivered to the addresses as shown in the assessment roll. Ratepayers who have not received their bills can have duplicates furnished by making application at the tax office in the city hall.

## Kuntz's

### OLD GERMAN LAGER

Here It Is:

The lager with the "Old German" flavor—the brisk, bracing brew that beer-connoisseurs speak so highly of. If you're not an "Old German" enthusiast it's time you were.

Just let your next beer order be a Peacock Green bottle of Kuntz's Old German Lager.

All dealers have or can get Kuntz's Old German Lager. If your dealer cannot supply you, phone J. D. Todd, Toronto agent. Phone College 3475.

### GAGE IN GOOD STANDING.

Dr. Barton, physical director at Varsity, states that no one in authority is offering any objection to the playing of Charlie Gage on the university team. This view was corroborated yesterday by President Thos. Brownlee of the Ontario A.A.U., and Chairman Francis Nelson of the registration committee. Gage will play at Montreal this week without any protest from McGill, the same as he did last Saturday at Queens.

# CAPTAIN, BLIND AND REELING FOUGHT DESPERATELY TO END

### Officer of Volturmo Gives Thrilling Details of Struggle With Fire, Due, He Says, to Explosion of Chemicals—Capt. Inch, Believing Crisis Over, Refused Offer of Assistance.

NEW YORK, Oct. 15.—(Can. Press).—Between 80 and 90 passengers on the steamship Volturmo were trapped in compartment No. 1 by the first explosion on the vessel Thursday morning last, and either perished or were burned alive. This news was brought to port today with the docking of the steamship Grosz Kurfuers, bearing 105 survivors as he was rescued.

The Grosz Kurfuers docked in Hoboken shortly before 4 o'clock this afternoon. Committees of the Red Cross, Jewish organizations and friends awaited her coming. Ten automobiles and an ambulance were on hand to bring the unfortunates to places of temporary refuge in Manhattan.

Chemicals Exploded. In broken English, Dieselman, a quiet mannered man of about 35, told his experience during the 18 hours he was aboard the fire-swept vessel. The cause of the fire he established as an explosion of a drum containing chemicals in the forward part of the vessel.

"I was just going to the bridge," he said, "when the first explosion occurred. The Volturmo trembled as if she had been struck by a heavy shell. Almost immediately other drums began to explode. There was a rapid fire of explosions that sounded like cannonading."

Captain Inch was on the bridge. I heard him shout out to man the lifeboats. The passengers came running to the decks. The sailors sprang to the davits. A gale was howling and the sea was sweeping in great rollers around us.

Flames swept up from No. 1 compartment forward, and leaped to the forecastle. Within a few minutes it was blazing. The gale fanned the fire.

Quitted the Panic. After describing the futile efforts to lurch the boats, he continued: The captain then gave the order to fight the fire. I went on the bridge. We had been working the wireless for nearly an hour. Finally we got word that the Carmania was coming at full speed to help us.

"The Carmania sent us a message to steer southward by west to meet her, but we could not do this as the flames would have gone aft. We had to steer before the wind to keep them forward."

# TENEMENT LABOR AND ITS EVILS

### Women and Children Work Long Hours for Little Pay.

### CANADIANS WARNED By Report Prepared in New York After Three Years Work.

Compulsory education, juvenile courts and partial protective measures for women and children would seem to be sufficient guarantees against the introduction of child labor into Canada. In the United States, however, all these things maintain and to even a greater extent than with us, a number of children who are employed in various ways during long hours of the day, and sometimes well into the night is appalling.

The tenement houses are the scenes where this sacrifice of child vitality goes on from year to year, and it is in their vitiated atmosphere that large numbers of little ones are offered annually on the altar of commercial greed.

The United States report on child labor, which was three years in preparation, is regarded as one of the most authentic records yet produced. As a warning and on the principle that "prevention is better than cure," the messages it sends out are well worthy of a little consideration.

As we have up to the present no tenements to menace us with their presence it may be thought that we are immune from their accompanying evils. Tenement labor, however, carries with it a certain dread which the tenement in some form may come upon us.

Tenement labor does away with the expense of rent, gas, heating, supervision on the part of the manufacturer and leaves him in a safe position to escape the rigors of the factory laws.

All this has led to the extensive production in the tenement of willow plumes, finishing on ready-made garments, shelling and picking nuts, making artificial flowers and various other industries. In many of which children of the most tender years are made to take part.

It is quite evident that the laws for compulsory education and for the employment of places in which the industries mentioned, together with many others are carried on, have proved altogether inadequate to control the situation. A late ordinance in the State of New York prohibiting the employment of children under fourteen in tenements may have some effect when it comes into force, but it will, however, take considerable time and much vigilance to apply it to people and districts where children have been employed for a decade or more years.

# LAND INCREMENT WILL BE TAXED

### Alberta's Premier to Introduce Motion Favoring Legislation of Pioneer Order.

### EDMONTON, Oct. 15.—(Can. Press).—Alberta is to take up the taxation of the unearned increment in respect to increased land values. Premier resolution to that effect. This is the first move of its kind by any province in Canada. It was stated.

The tax will be on the basis of the increase in value from the time of the last sale and will be charged when the sale is registered. This proposal aims to keep the annual fee in respect to land increases, and is the case in the land taxation proposals of the British chancellor of the exchequer.

While the amount to be derived from this source at the start is small, it promises to become an important revenue in the future. The all-important thing to do at the present time, in the opinion of the government, is to establish the principle.

### GORED TO DEATH BY BULL.

OTTAWA, Oct. 15.—(Can. Press).—William Allen, a prominent farmer on the Aymmer, Que., road, was gored to death by a bull on his farm this afternoon, while attempting to remove the animal into a barn.

### MAIL CONTRACT
