VOL. XXXIX.—No. 13,952 TWO CENTS

RUSSIAN FACTIONS INVITED TO CONFER WITH THE ALLIES

Situation in Ireland Grows More Serious Constable Williams' Murderer Sentenced to Hang Next May Varsity Candidates to Undergo Physical Test

BOLSHEVIK TROOPS ARE NOW PREPARING A GENERAL ATTACK

Assault on Main Positions of Allies on Northern Front Repulsed.

SHELLING IS HEAVY

Difficult for Infantry to Remain in Open Under Low Temperature.

Archangel, Jan. 22.—Bolshevik troops are heavily shelling the farthest south positions of the American and Russian armies at Est Padenga, on the Waga River, 30 miles south of Shensk. They also are showing considerable activity west of Shensk, on the Tania River. It has been impossible to determine whether the attack has been a constant rain of shells on the village. The American artillery is vigorously replying.

Yesterday, flying in a temperature of 16 degrees below zero, one American airplane bombed the enemy and secured direct hits on important Bolshevik positions.

Along the Murmansk railway front the Russian and allied troops yesterday raided the Village of Rugosorka, 50 miles southeast of Soroka, where they either killed or captured all the Bolshevik garrison. They took 110 rifles and other equipment and numerous documents. The allied force did not suffer a single casualty.

Suffered Severe Defeat. London, Jan. 22.—The Bolshevik forces in northern Russia have suffered a severe defeat, according to advices received by the Exchange Telegram from Copenhagen. The despatch adds that the Bolsheviks were repulsed from many parts of the country, and that the Bolshevik commander ordered his troops to surrender the Town of Sinoveff without a fight.

ARMED HOLD-UP ON CITY LIMITS

Policeman, Homeward Bound, Arrests Alleged Bicycle Highwayman.

John Marks, aged 25 years, of 68 Raybold avenue, was arrested early this morning on a charge of attempted highway robbery. Marks was arrested on Rymnyede road, just outside of the city limits, by Constable Bowle of Cowan avenue station, while on his way home from duty.

Marks was seen riding along Rymnyede road on a bicycle. Two men, George Williams, 333 St. John's road, and Thomas West of 402 Rymnyede road were standing talking on the street corner, when Marks rode up to them on a bicycle. Dismounting a short distance from the spot Marks tied a red handkerchief around his face, and drawing a revolver from West to hold, ordered Williams and West to get into the car.

Both men answered the commands of the prisoner, who was about to search behind him. Constable Bowle sneaked up behind him after a struggle with Marks was successful in taking the gun from him. A man passing by Marks into Keele street police station.

British and foreign mail via Empire office will close at the general post office as follows: Regular ordinary mail at 5 a.m. Friday, Jan. 24, 1919; supplementary ordinary mail at 11.00 a.m. Friday, Jan. 24, 1919; regular registered mail at midnight Thursday, Jan. 23, 1919; supplementary registered mail at 10.00 a.m. Friday, Jan. 24, 1919.

The Lord mayor of London presenting an address to President Wilson at the Guildhall. Seated in the front row are the speaker of the house of commons, the Duke of Connaught, President Wilson, the lord mayor, Sir Edward Grey, the Archbishop of Canterbury and Mr. Asquith. Sir Robert Borden is seated directly behind the two ladies.

IRISH PARLIAMENT MEANS NEW ERA OF TERRORISM

Temporary Prime Minister Elected and Four Other Ministers Approved—Tipperary Mob Murders a Policeman and Steals Explosives.

Dublin, Jan. 22.—The Sinn Fein government provided only a one-day sensation. Its members held a brief meeting at the Mansion House this afternoon, but behind closed doors. Afterwards Count Plunkett told the reporters that a statement of the business transacted would be furnished to the press later, thus following the precedent of the Paris conference.

The official report of the meeting says that twenty-four deputies were present. A temporary prime minister was elected unanimously and four other ministers, nominated by the speaker, were approved by the parliament.

A group of a hundred young men gathered outside the secret session, but no excitement of any kind was shown. The public was more interested today in the murder of two policemen in Tipperary yesterday at the time the parliament was meeting. This is taken to signify the beginning of a new period of terrorism, which includes other assassinations and attempts to destroy buildings and public works.

The extremists are extremely anxious to get explosives. Two policemen were guarding a cartload of explosives which was being taken to a mine when they were surrounded by masked men. The policemen were shot dead and the explosives carried off. The immediate sequel was a proclamation placing Tipperary under the Crimes Act, which means a regime much like the occupied German cities are undergoing.

All meetings are prohibited and nobody can pass in or out of the district without permits. None of the residents may be outdoors after seven o'clock in the evening without a permit. No letters may pass in or out without censorship. Enough troops were quickly sent into the district to enforce these regulations.

FRANK McCULLOUGH DOOMED TO HANG

Is Found Guilty of Having Shot Constable Williams.

Showing hardly any signs of emotion other than a biting of his lower lip, Frank McCullough, who for the last two days has been on trial for the murder of Acting Detective Frank Williams on November 19, received his sentence at the hands of Justice Rose at 8.30 last night, whereby he will be hanged in Toronto Jail on Friday, May 2, 1919. The trial throughout had been marked by the prisoner's apparent indifference, and up to last night he remained true to his pre-established boast made on the night of his arrest, when he declared that "no tears would go to the gallows with him."

His counsel, T. C. Robinette, K.C., before the sentence, asked that he be given as much time as possible to appeal for commutation. If the evidence warranted it, an application for a rehearing would be made.

McCullough appeared quite cool and collected when they went out for the first time, and chatted unceremoniously with his guards and members of the jury. He refused to answer any questions and showed any evidence of his feelings when the jury came back to have W. D. Cross' evidence read to them.

Under cross examination by the crown prosecutor, prisoner acknowledged that after his arrest he had fired five shots, and had bought the gun from a brakeman in Parry Sound. When his answers to the police on the night of the murder were read back to him, McCullough declared they were all false.

EMPRESS OF SAHARA ACQUITTED OF MURDER

Mincola, I.L., Jan. 22.—As a result of the grand jury refusing to indict her for the murder of her husband, Marguerite A. Lebaudy, wife of the self-styled "Emperor of the Sahara," left the county jail at Nassau yesterday, free after a ten-day imprisonment. At the time of her arrest Mrs. Lebaudy claimed she had shot her husband because of his treatment of herself and daughter Jacqueline. She claimed her husband had tried to make the daughter the subject of a brutal attack on the day the shooting took place.

RUSSIAN GROUPS INVITED TO OUTSIDE CONFERENCE

Edith Cavell's Last Thought Was for Woman She Saved

Special to The Toronto World. OTTAWA, Jan. 22.—Captain "Bob" Pearson, the Alberta Methodist minister who enlisted in the combatant ranks and saw three years' active service at the front, incidentally being wounded on the Somme and elected to the Alberta Legislature as one of the soldiers' representatives, brings from Brussels an inspiring story of Edith Cavell.

On his way to England he spent a short time in Brussels, where he met close associates of the martyred nurse. They told him of one hitherto unpublished incident. Miss Cavell's last act after receiving sentence to be shot "for treason" was to write a letter to a young woman whom she was caring for in her hospital and who had become, because of the miseries of war a victim of the drug habit. With the knowledge that she was to be shot at dawn, Nurse Cavell thought not of herself, but of the woman she was seeking to save.

While waiting to be summoned for the firing squad she wrote the pathetic last appeal to this lonely war victim. "I know I am to die at dawn," wrote Miss Cavell. "I shall die happy if you will keep your promise to me and keep up the fight to redeem yourself." The letter found its way into the hands of another nurse and was delivered to the young woman. She has kept her promise to Edith Cavell.

TOBACCO IS TOO HIGH PRICE MUST COME DOWN

The Trust, Jobber and Retailer Have Used Doubling of Government Tax to Inordinately Increase Cost—What the Soldiers Say.

The World finds from its investigations of yesterday, that the tobacco trust, the jobber and the retailer, have used the doubling of the government tax on tobacco a year ago to inordinately increase the cost of the weed in every form to the user. When you show them that the increase in price is out of proportion with the tax, the answer is that tobacco is dearer because and labels higher, labor higher, rent, etc. But those who say this must show it; it doesn't do to ask a farmer who paid \$10 for 1000 cigarettes when the tax was \$2, to pay \$15 for a thousand when the tax is \$6.

According to figures given to the World by the Department of Inland Revenue, yesterday, the tax on tobacco of all grades has increased 100 per cent since 1914. The tax on chewing tobacco has increased 100 per cent, and so it runs thru tobacco (smoking and chewing) and cigars.

When the tax was \$3 a thousand, a thousand cigarettes cost \$10, or one cent apiece; now that the tax is \$6 a thousand, the price is \$15 a thousand, or 1 1/2 cents each. In other words in one case the tax on 1000 cigarettes was 48 per cent; now that it is doubled, the tax should be \$6 per cent, but as a matter of fact at \$15 a thousand, it is 114 per cent.

On the Right Track. Editor World: You are certainly following up the right game in attacking the great tobacco trust. I think most of the dealers are also in the profiteering enterprise. You said yesterday that the duty on imported tobacco was increased 90c a pound. Now, I pay 40 cents for a two-ounce tin, for which I formerly paid 20 cents. This makes a difference of \$1.60 a pound and I presume the retailer is corraling the additional 70 cents over and above the former profit. Goodness knows, the working man is being soaked enough in every other direction and I think his one consolation, an occasional smoke, should not be put entirely out of his reach. If things keep on he might be inclined to join the Bolsheviks and thereby take what trusts and other profiteers prevent him from buying.

Yours for Lower Prices. P.S.: Perhaps if all smokers took a few weeks off the weed this might have the desired effect of getting prices down to some reasonable level. Editor World: I read with surprise your front page article on the profits of tobaccoists. I can scarcely believe you looked into this very carefully. You say cigarettes cost \$12.50 per thousand. One thousand cigarettes make 100 packages. You say we should sell them two for 25c. If we did we would have to make 50 sales for a profit of 20c. Do you know of any business that can run on such a (Continued on Page 9, Col. 3.)

Supreme Council Definitely Settles Policy—Representatives of All Parties to Meet on Island in Sea of Marmora—Cessation of Fighting a Condition

Paris, Jan. 22.—Led by President Wilson, the supreme council of the great powers today moved to unite the factions of distracted Russia and bring them into the peace congress. They unanimously adopted a proposition brought forward by President Wilson, asking all the Russian factions, including the Bolsheviks, to meet the allied and associated governments at Prince's Islands, in the Sea of Marmora, on Feb. 15, the contending factions meantime declaring a truce and suspending all military operations.

The joint commission of the associated governments will be announced as soon as the Russian factions accept the proposal which was communicated to them by wireless tonight. The Russian commission will proceed to the meeting place, probably on a warship, by way of the Black Sea and the Bosphorus.

The final result came after three days of continuous discussion of Russia, which did not crystallize until the final hours, when President Wilson presided in writing the plan he had elaborated.

Four Indispensable Conditions. Besides the definite proposal as given in the communique, the joint commission of the associated powers will lay down four conditions indispensable to bringing about an adjustment: First, peace at all points; second, removal of all economic barriers which restrict the free circulation of exchange of food and commodities between the national zones and the outside world; third, general elections on a representative basis; and, fourth, some adequate arrangement for the payment of debts.

Even if eventually the proposal is not accepted, members of the council expressed the view that their proposition was before the world, and that it would pave the way for such other measures as their own actions had brought about.

The Prince's Islands were chosen for the eventful meeting because they are outside the zone of any of the contending factions. They are also allied headquarters, and are not so obnoxious to any of the factions, as would be other points having better material facilities for the meeting.

Mission to Poland. February 15 was designated as the time of the meeting, so as to give time for representations to come from the remotest sections of Siberia and other distant localities.

Besides the decisive action taken with regard to Russia, the council today also provided a joint commission of each from the United States, Great Britain, France and Italy, to meet in Paris for the purpose of considering the military, economic and political situation of Poland.

A plenary meeting of the full conference was announced for next Saturday, when the plans of President Wilson and David Lloyd George, the British prime minister, facing with a league of nations, will be the first order of business.

Today's action on Russia and Poland, however, goes into effect without presentation to the full conference, and is taken as the action of the great powers.

Afternoon Statement. The full text of the official communication issued by the supreme council this afternoon reads: States, the prime ministers and the foreign ministers of the allied and associated powers and the Japanese representatives met at the Grand Hotel between (Continued on Page 9, Column 6.)

FOR HONOR'S SAKE TORONTO MUST GIVE NOW--IT'S UP TO YOU

SOLDIERS MARCH TO MASSEY HALL

Form Most Spectacular Feature of Salvation Army Campaign.

The procession of soldiers to Massey Hall last night was one of the spectacular features of the Salvation Army campaign. The men started in five divisions and the time between the different arrivals was enlivened by bright airs by the military band under Bandmaster Slater. Brigadier-General Gunn presided and received an ovation when he appeared on the platform. Applause broke out afresh when he told the men that this was one of the nights that the boys went over the top. It was the Great War Veterans' triumph. As Harry Lauder would say, said the general, "It's a great night th' night."

Continuing, the popular soldier told the audience he was proud as he watched their march discipline. "I never saw a man drinking out of a water bottle," he said, while the laughter went up thru the hall. "I heard your eyeballs cick as your heads came round," brought out another saley.

Sir William Livingston, one of the city's greatest physicians, when asked what was his best advice for health, wealth and happiness, said, "keep your head cool and your feet warm."

Rev. George Adam won the good will of the soldiers when he sang several of Harry Lauder's songs in the absence of the Scotch comedian who could not come himself but who sent some talented members of his company.

Calls for Mayor

Chairs for Mayor Chivers were at length answered when Brigadier Gunn fairly dragged the mayor to the front of the platform. The mayor commended the campaign and asked the co-operation of the soldiers. Calls for Controller McBride brought him also forward. He told the men that Toronto had spent \$1,000,000 for the ready and would spend as much more if necessary to put them where they ought to be. He did not think that any but naturalized British subjects should be in Toronto. The Toronto council intended to ask the government to raise the miserable \$600 of a pension to \$1,000. Both speakers urged co-operation of the men in service to the Salvation Army which had served them.

The controller also let out the secret of Brigadier Gunn's intention that every soldier should be a guest at a banquet in the armories.

Controller Robbins told of the pride of the city in the men who had enlisted. J. C. O'Connor and H. J. Winsor Barker were stage managers and splendid vaudeville features were put on by the Kitamura troupe, Miss Ella Curtis, the Highland Pipe Band, and the 2nd Garrison Regiment under Bandmaster F. L. Culley, and an entraining Chinese troupe, of those present were Col. Dinlick, Col. Smeeten, S. A. Dr. Abbott, Major Southall, Sergt. Thurlay and J. J. Gibbons.

SCORE'S SPECIALS IN PIM'S IRISH POPLIN NECKWEAR.

The demand for Pim's Irish Poplin Neckwear is all the proof a discriminating man needs for the quality and the service of it. We are sole selling agents for the city, and we make Friday and Saturday special introduction days for Pim's Irish Poplin Neckwear from 40 to 50 dozen of them at a special price. This week the price is \$1.50. R. Score & Son, Limited, 77 King west.

PRICES HOLD STEADY ON CATTLE MARKET

That there never was any foundation for the sensational reports supposedly emanating from Ottawa, and published in an evening paper regarding the threatened closing down of the Canadian packing plants is fully established. Having started a fire, the paper yesterday proceeded to put it out. A period of readjustment is and that there will be some disarrangement of existing conditions in the hucro trade as in other lines, goes without saying.

Yesterday at the Union Stock Yards trade held steady, with Monday's decline. H. P. Kennedy, of the H. P. Kennedy, Ltd. who has this week bought between 800 and 900 head of cattle, shipping out between 30 and 40 cars to United States points, said to The World last night: "Let the Canadian farmers and feeders finish off their cattle in good shape, and there will be a good paying market all right."

The market for hogs was yesterday still irregular, but it is confidently expected that a basis of trading at a good paying price will soon be established. There were over 1600 on sale, and the price ran around from 16 to 18 1/2, and up to 17 cents, feed and watered, according to quality.

MESSAGE FROM KING ON DEATH OF SON

Ottawa, Jan. 22.—The following has been received in reply to the condolences sent by the members of the majesties upon the death of Prince John.

"The Queen and I are deeply touched by the kind sympathy expressed by you on behalf of the government and people of Canada on the loss we have sustained by the death of our youngest son, and we thank you all sincerely."

(Signed) George R. I.

AT THE ALLEN.

Versatile Douglas Fairbanks is scoring a tremendous success in his latest Artcraft production, "Arizona," which is the attraction at the Allen all this week. This is a stirring tale of the west, and Fairbanks is seen in it at his best. Augustus Thomas considers this the best of his stage plays.

Harold Jarvis, Toronto's favorite tenor, is dividing honors equally with Fairbanks on the bill, and is receiving a tremendous ovation at every performance. Some interesting views of the widely-heralded visit of the Canadian editors to the front just before was declared are also shown.

HYDRO COMMITTEE FOR BURLINGTON

Appoint Strong Body of Citizens to Direct the Campaigning.

Hamilton, Jan. 22.—Latest developments in the Hydro situation today were the completing of arrangements to have Sir Adam Beck come here and address the city council in informal session and the forming of a Hydro committee by Burlington to back up the scheme of the electric knight, and to see that an all-Beck slate is elected at the coming elections in that town.

That Burlington is determined to out the corporation for its streets for ever is evident from the following resolution, which the citizens unanimously endorsed.

Ask Speedy Action.

"Moved by Rev. A. Andrews, seconded by E. J. Corwin, that we declare ourselves in favor of no further time being wasted in negotiations with the Radial Railway Company, and that the most prompt possible action be taken to secure Hydro Radial service between the Town of Burlington and the City of Hamilton, and with this end in view do recommend the appointment of a strong citizens' campaign committee."

The following is the committee, with powers to add to their number: R. Hodson, R. Faraway, Jas. Troughton, Wm. Redding, F. Burns, T. H. Bamford, T. F. Easterbrook, A. Tansley, T. Drever, A. C. Ferguson, Russell Wilson, Wm. Bell, J. C. Church, secretary.

WILL COAL PRICES TAKE A TUMBLE?

Hamilton Dealers Sell It \$2 a Ton Less Than Toronto.

Anthracite coal of all sizes is being sold in Hamilton at two dollars a ton less than in Toronto. Local dealers profess to know nothing about the drop when spoken to by The World yesterday and one even went so far as to doubt the truth of it in the face of the advertisements appearing in the Hamilton papers. However, the fact remains that the Hamilton household has the advantage of his Toronto neighbor to the extent of \$2 a ton. Perhaps the dealers here will follow suit and in view of the mild weather and the large stock on hand decide to meet the Hamilton price.

The most reasonable explanation for the difference of \$2 a ton, on anthracite, is that advanced by R. Glover of the Standard Fuel Co. in Toronto: "I presume you know," said Mr. Glover, "that during the past week the government has unloaded large consignments of coal in that city at much reduced prices, the coal being from munition plants. It is just possible that an individual dealer took advantage of these much reduced prices and resold it at a profit at \$2 a ton less than other dealers in the province. The legitimate price on coal between Hamilton and Toronto should differ by only 25 or 30 cents."

An official from the Conger Coal Co. opined that the information was perhaps incorrectly misinterpreted. It was true that the Conger Coal Co. had buckwheat anthracite selling at \$8.75, but this was not the coal usually classed as ordinary hard coal. Nothing, he said, had entered into the cost of coming and transportation during the past three months to in any way lessen the costs to coal companies and give them margins on reduced prices.

The management of the Milne Coal Co. could give no reason for any difference in coal prices as between Hamilton except on the difference in freightage. Freightage to Hamilton from the Suspension Bridge was 30c a ton cheaper than to Toronto.

"Oh, a Hamilton paper tells the tale, does it?" rapped out the manager of the Burns Coal Co. when informed of the happy situation in Hamilton. "Well, it doesn't know what it's talking about. In any case we in Toronto have quite enough to do attending to Toronto's end of the situation."

"Our prices have not changed since November," said the manager of the McGillivray Co., "and the cost of production is as high today as ever it was. Perhaps the difference in the cost of freightage partly accounts for the difference favoring Hamilton. Freightage from Black Rock to Toronto before the war used to be easily 75c a ton and Hamilton nearly 35c a ton cheaper. It has naturally increased during the war all along the line."

Only One "BROMO QUININE" To get the genuine, call for full name, LAXATIVE BROMO QUININE Tablets, look for signature of W. GROVE. Cures a Cold in One Day. 30c.

Bond Street Congregationalists Hold Their Annual Meeting

Bond Street Congregational Church held their annual meeting last night. F. H. Littlefield presided. W. J. Mason presented the financial statement, showing \$88,543 received from Sunday offerings, missionary, patriotic and other collections. The Friendly Club Sunday school and other organizations raised \$468. The report indicated a growing membership.

Officers elected were as follows: Deacons, C. Fry, E. D. Earle, R. Stark, W. R. Edmunds; managers, E. W. Workman, T. P. H. Littlefield, F. A. Workman, W. G. Blackwell, F. Hoakin, H. Wright, T. Adams and Norman Wheeler; secretary, C. Fry.

CHINAMAN ASSAULT CASE.

Albert Nicholl, 211 Symington avenue, was arrested early this morning by Acting Detective Dawn on a charge of assaulting a Chinaman named Chon Bein in his laundry at 140 Dufferin street Tuesday night. During the assault Bein was struck in the eye with a brick, which blinded him. The injured man is in the General Hospital.

GENERAL MOORE PASSES.

London, Jan. 22.—General Sir Alexander Montgomery Moore, formerly general officer commanding in Canada, died today.

BOY FINDS SAFE CLOSE TO LAKE

Y.W.C.A. Robbers Use Automobile to Cover Their Tracks.

Thieves entered the Alexandra Park House of the Young Women's Christian Association at 875 West Dundas street, by way of an unlocked window, and carried a small safe away. A number of women were sleeping in the building at the time the premises were entered, but the robbery was not discovered until yesterday morning, when the superintendent entered the office and found the safe missing.

The front window of the office had been left unlocked, and the thieves hoisted the window and carried the safe, weighing about 150 pounds, to a motor car on the street.

The police were informed of the occurrence, and last night they received information that the safe was lying in a creek at Stop 35, Lake Shore road. Acting Detective Nicholls was sent out and found the safe, badly battered, lying in the creek covered with switches.

The safe was first found by a twelve-year-old boy named Edward Wickens, of Stop 35, who was playing near the creek. It is the belief of the police that the thieves, after removing the safe from the office, placed it in a waiting automobile and after rifling it drove out to the lake shore to get rid of the safe and at the same time avoid detection.

The safe contained \$25 in money and a number of papers. The desks of the office were not disturbed by the intruders.

HAMILTON NEWS

Hamilton, Jan. 22.—Miss Emily Wickens was killed by a street car at the "Delta" tonight.

Forty thousand dollars has already been subscribed by Hamilton people to the S. A. Red Shield Fund.

F. A. Baxter, a traveling representative of the Dominion Pensions Board, addressed a mass meeting of G. W. V. A. members in the S. O. E. Hall tonight.

A motor truck carrying 20 people from Hamilton to the Beach was struck tonight by a G. W. freight train. Two of the passengers on the truck were thrown off, but nobody killed.

A man in the matter of whether the soldiers' aid commission or the provincial employment bureau should deal with the returned soldiers seeking work is reported. Both organizations here are waiting for authorization before giving

HAMILTON APPEALS AT THE CAPITAL

Probable Legislation Empowering Commission to Compel Joint Terminals.

Ottawa, Ont., Jan. 22.—Hamilton's appeal to the cabinet council against the judgment of the railway commission granting the Toronto, Hamilton and Buffalo Railway Company the right to proceed along the original plans agreed upon and expropriate property in a residential section of the city for extension of the Kinross yards and also to lay four tracks across Leiby avenue, was heard today by Hon. Messrs. Rowell, Carvey, Slewburn, Robertson and Field. After some three hours of argument on behalf of the city and the railway company, Mr. Rowell said that the cabinet would carefully consider the whole situation and announce a decision later on. Meanwhile it is probable that the railway board will be asked for a further report on the Hamilton situation with a view to guiding the cabinet in deciding whether or not to interfere with present plans. It is also probable that legislation will be introduced at the coming session of parliament enlarging the jurisdiction of the railway commission so as to empower it to compel the use of joint terminals in

GEORGE DODDS 193 DANFORTH AVE Telephone Garrard 3551

KING MANUEL WAITING FOR DEVELOPMENTS

Paris, Jan. 22.—Former King Manuel of Portugal is at present on board a steamship off Lisbon, according to a despatch from Madrid. The King says that Manuel has left London for an unknown destination.

The monarchist movement in Portugal, according to advices received here, appears to be making progress. A monarchist proclamation was read at Valenca-do-Minho in the presence of the garrison. The republican flag was then torn down and burned and the monarchist flag hoisted in its place.

Viscount Assosa, lord-in-waiting to King Manuel, said that the recent assassination of the President of Portugal had put a new complexion on the situation, which now promised chaos for the country. He added:

"In the circumstances a new situation was opened up, the possibility of the congress to be suppressed by the king's position was this, that he placed himself entirely at the disposal of Portugal. If his country wished him to return he would at once do so without any reference to difficulties or dangers that the course would involve."

LEGISLATURE OPENS ON FEBRUARY 25TH

Date Was Fixed After Consultation With Dominion Authorities.

The provincial legislature will open for the coming session on Tuesday, February 25, according to an official announcement made yesterday by Sir William Hearst. The premier and his cabinet have deliberated on this matter for the past few days and it is understood, favored February 25 as the opening day, but recent advice has been received from Ottawa, asking the provincial government to delay the opening until such time as the local legislature could work concurrently with the Dominion house in the matter of legislation affecting returned soldiers, which both governments contemplate putting thru. It has been the policy of the provincial government to complete all seasonal business prior to the Easter holiday and it is understood that this plan will be followed this year. The session usually extends over a period of six or seven weeks and with Easter coming on April 30 this year all work should be completed by that time.

With the return of peace it is understood that the pre-war activities, which made the meeting of the legislature a distinctive event in society, will be revived this year.

LEASIDE FREE MUNITION CASES. Under the supervision of W. D. Davis, chief of police, Leaside, about 28,000 empty munition cases were distributed free of charge to the employees of the

Gibson; treasurer, W. Rider; executive committee, Messrs. Clarke, Briggs, Brown, Dawes, Forsey, Herbert, Norman, Noble and Taylor. The balance of the work connected with the annual meeting was put over until Feb. 3. There was a large attendance of members and outside points.

STUFFVILLE The members of the Stoffville Library Board held their first meeting of the year in the boardroom last night. Dr. Gates was again elected chairman, having filled that office for four years. James Hand, who has been secretary for the past twenty-five years, asked the board to accept his resignation...

EARLSCOURT The annual meeting of the Oakwood Poultry Association was held last evening in the Oakwood Hall, Oakwood avenue. Tom Grimshaw occupied the chair. Plans for the future work of the association were fully discussed and monthly shows will be continued, as heretofore. The request of the Danforth Poultry Club, who sent a delegation (Messrs. R. Fox and T. J. Hearn) requesting that the Oakwood Association co-operate with the proposed united poultry show, including the different district poultry associations of Toronto, was laid over for further consideration. The following officers were elected for 1919: Hon. president, W. P. Maclean, M.P.; vice-presidents, Alex. MacGregor, A. E. Dickenson, J. Edwards and W. E. Graham; president, Thomas G. Grimshaw; first vice-president, R. B. Harris; second vice-president, J. Bennett; secretary, R.

RICHMOND HILL The citizens of Richmond Hill gave a public reception to twelve local soldiers who have lately returned from active service. Mr. W. H. Fugatey acted as chairman and the Hon. G. S. Henry and Capt. McEgan of Toronto gave appropriate addresses. Gold medals were presented to the veterans on behalf of the townspeople, twelve little girls pinning the medals on the soldiers' breasts. A splendid musical program was staged during the evening by Misses Switzer, Miss Grace Pratt, Miss Marquerite Soyle, Messrs. W. J. Lawrence, H. Thomas and A. C. Haynes. W. Keith, Newmarket; Warden T. Griffith, Weston, and all the local ministers, spoke briefly. The hall was crowded to capacity and the enthusiasm of the audience added to the pleasure of the gathering.

BIRCHCLIFF St. Nicholas' Church was crowded to the doors on Tuesday evening for the special service at which the Christmas carols "Hymns of Joy" by Charles Barnum, was rendered by the choir of St. Aidan's Church, Balm Beach, supported by the Beaches Orchestra. The service was conducted by the Rev. Dr. T. H. Cotton, and the Rev. C. E. Luze, who welcomed the visiting choir and orchestra. Cyril Rudge, choirmaster, conducted, the soloists stood at \$125.

MOST SALIENT FEATURE OF FINAL WORLD WAR

That the most salient feature of the final world war (that of the masses in Russia) was its finality, that Karl Marx made the science of economic historic, and that the Russian situation vindicated Marxism, but that the soviet in Russia was nothing less than a dictatorship of a proletariat which there was really no capitalism in Russia there was really no capitalism in ussia in the sense understood through the rest of the civilized world, were statements made last night by Charles Charnie, a Social-Democrat, in an address delivered before the reconstruction group of the Theosophical Society at "Canadian Progress" 111 St. Nicholas street. "The proletariat," said Mr. Charnie, "is none beneath it to struggle against it, and with proletarianism in the ascendancy all class struggles must necessarily vanish." The soviet, he said, was a reflex of revolution, not the revolution itself. Leon Trotsky, as a master of tact, made street-Letovsk an international soap box, and the soviet which resulted had given a great impetus to the internationalism of Russia.

Wm. Banks, jr., of the soldiers aid commission, was witnessed more affidavits for returned men than any other justice of the peace in Ontario. His record up to yesterday afternoon stood at \$125.

GEN. GUNN MAKES GOOD AUCTIONEER

Lauder's Dollar Fetches Hundred and Twenty-Five for Red Shield Drive.

"HE'S A DAISY"

Famous Comedian Impresses Necessity for Complete Soldier Settlement.

Cosmopolitan in the core was the gathering of campaigners in the Salvation Army drive that took place at noon yesterday at the King Edward. Rotarians, members of the Kiwanis Club, Knights of Columbus, soldier and civilian, cleric and layman, Salvationists and city councillors—all were present. Men of the various teams filled the Pompeian room and to overflowing merged into hundreds of seats in the big room opposite. Enthusiasm ran high, the combination of crowd, spirited speakers, distinguished guests and the inspiration of the workers tending to have a telling effect on the campaign.

Among those at the head table were the guest of honor, Harry Lauder, Mayor Church, Archbishop McNeill, Controller Robb, Brigadier-General Brdo, Brigadier-General Gunn, Dr. James L. Hughes, Rev. J. E. Burke, Rev. George Adam, Rev. C. A. Williams. Proceedings were introduced by an auctioneer of one dollar bill, bearing the signature of Harry Lauder. The auctioneer was Brigadier-General Gunn, and the dollar had been given in payment of a fine which was the penalty imposed on "We Harry" for smoking his pipe before the toast of the King had been honored. Harry had not been warned, so it was scarcely fair, but he obeyed the law and submitted to the fine. The chairman, W. H. Alderson, president of the Rotary Club, shared in the indictment because he gave Harry a match to light his pipe, and he also was fined to the extent of a dollar. The bill was knocked down to E. R. Wood for \$125.

Rev. George Adam gave a stirring address out of his experiences in social welfare work in the old land. During his activities with the administration of the poor law and kindred work he had met old soldiers wearing shabby clothing, but this will not take place after this war, said the speaker. If any section of the British Government wants a revolution they'll get it if they don't give the men a fair deal, declared Mr. Adam. The state cannot deal with social disability; this must be left to the Christian community, and that the Salvation Army can do this better than any other organization was the opinion of the speaker. Giving Toronto credit for what it had done, Mr. Adam told his listeners that they could not let up until the last broken man is taken care of and settled for life.

Major C. A. Williams, introducing Harry Lauder, told of a meeting for the Victory Loan which had taken place in his church in Montreal and at which Harry Lauder was present. No man had given such a speech as Harry had done on that occasion, and the collection was taken up by a Jew and the biggest contributor was a Roman Catholic.

Thunderous Cheers
When Harry Lauder rose to speak thunderous clapping of hands greeted him and "He's a Daisy" was chanted in stentorian tones while three cheers and a tiger led by Brig.-General Gunn were given. The hope expressed by Lauder that General Haig would come to Canada was received with cheers. The complete settlement of every soldier who had gone overseas was the thing to work for, the audience was told. It is easier to stay at home than go to war. Be willing to work for the men who were ready to die for others. Let Canada play the game at home as it played it under the gas-tanks of Ypres and Vimy Ridge. Get the soldier to understand that you are his friend at all times. The sole purpose should be to secure work. As long as a man in khaki is seen out of work the war is not done, were some of the aphorisms of the speaker, who paid a great tribute to the 17,000 men of the mercantile marine who had gone to the bottom of the sea in the service of the war.

Cheer after cheer rang out at the conclusion of the address and Mr. Alderson asked for a showing of hands as to those who were willing to enlist in the army to do real work. A lot had been said about repairs, said Mr. Alderson, but it was all wind. A forest of raised hands showed the unanimity of desire to serve.

The concluding feature of the meeting was the presentation of a handsome watch-fob to Harry Lauder, the presentation being made by the chairman. The breaking up of the gathering was marked by the skirl of pipes

and beat of drum from a kilted band who in compliment to Harry Lauder accompanied him and the guests generally as they made their way out thru the corridors of the King Edward ward.

Total receipts reported at noon were \$74,812.35. Dr. Cody, minister of education, addressed the teachers in the interest of the campaign in the schools on Monday. The Hon. W. D. McPherson also organized for a collection among the civil servants at the parliament buildings. The city hall will be canvassed in the same way. Today a band of pipers will take possession of the sidewalks of the city and play their enlivening airs to remind the public of the work in hand.

ONTARIO SHOULD GRADE POTATOES

Ontario Vegetable Growers Decide to Seek Required Legislation.

Profitable meetings were held yesterday by the Ontario Vegetable Growers' Association at its fourteenth annual convention held in the new Masonic Temple on Yonge street. J. J. Davis of London, the retiring president, in his address reviewed the work of the association. During the period of the war the membership of the association had remained almost stationary, but it was hoped that it would increase. He urged that assistance be given to the returned men. The fact that everybody from the minister of state down to the school children had been urged to produce vegetables had naturally an adverse influence on the trade of the association. Notwithstanding the keen competition the vegetable growers had not protested, but had looked upon it as the patriotic duty of every citizen to do his best in producing foodstuffs. The president was of the opinion that this competition would gradually die out and it may not have been a bad thing as people learned to appreciate the value of vegetables.

J. Lockie Wilson, the secretary-treasurer, in presenting his report advocated the opening of new branches of the organization and was pleased to state that the marketing of products had been taken up in a business-like manner and had produced profitable results. Upwards of 60,000 returned soldiers, many of them with British brides, will mean an increased consumption of foodstuffs which the association grows and from their ranks would come the much-needed aid for development of the industry.

Addresses were delivered by members of the Ontario Horticultural and American Vegetable Growers' Association, who were present. In Michigan, C. W. Wald of East Lansing, Mich., gave some profitable pointers on vegetable forcing and also suggestions on potato production and marketing. On the latter subject he told of the experiences of the vegetable growers in the State of Michigan. The government had passed a law requiring all potatoes to be graded. While there had

been some opposition at first, as some feared it would have a retarding effect on the sale, everyone now acknowledged the usefulness of the law. A committee was appointed to enquire into the matter of having legislation passed in Ontario regarding all potatoes to be graded. In the evening a banquet was held and speeches were delivered by several of the members. Afterward the discussions were continued.

CODY DEFINES IDEAL TEACHER.
The characteristics of an ideal teacher were outlined yesterday afternoon before a large audience of city teachers at the Central Technical School by the Hon. Dr. H. J. Cody, minister of education. Dr. Cody spoke of the increased value ascribed to education by the warring nations in that in their plans for reconstruction depended there; the element of the youth of the nation the welfare and happiness of future generations depended. There were five characteristics of an ideal teacher pointed out, namely, the power to command the respect of pupils; the power to impart knowledge clearly; the judicious use of praise or blame; the element of authority or the power to stimulate the mind of the pupils; and lastly the influence of personality.

Dr. Cody was introduced to the gathering by E. A. Hardy of the Jarvis Street Collegiate, who presided. With him on the platform were Inspector Cowley, Dr. James L. Hughes, Dr. Caroline Brown, and Dr. John Hunter.

MEN OF ALL ARMS FROM S.S. OLYMPIC
Last Train Brings Sole Unwounded Survivor of 26th Battalion.

Trained after trainload of soldiers from the Olympic has been arriving in Toronto during the past two days and yesterday morning the last one for Toronto arrived at 8 o'clock, bearing over three hundred men. Despite the very early hour a goodly number of Toronto's citizens had gathered at the station and impatiently awaited the arrival of the soldiers. The C.P.R. and its officials all along the line are certainly to be congratulated on the way they run the troop trains on schedule time, there is never a hitch, it is as systematic as clockwork. Men from many different units were on this train. Fourth battalion men, some from the 19th battalion, artillerymen and kidies, and they were nearly all awaited by some one who had spent many long hours wishing for their return.

General Gunn, Mayor Church, Controller McBride, Ald. Ramsden, Major Goodwin Gibson, Capt. Bruce Richardson and Capt. Gordon Hunter were noticed on the station platform with many others who wore the little red badges signifying that they had expected someone and had been allowed thru the corolon of police. Decorated. Sergt. J. D. Rutherford of 818 College street, wearing prize French decoration, and who was in France for two years and seven months, was one of the returned men. In recounting his experiences he said, "We fought

right alongside the French at Amiens in the attacks of August 8; they gave us eight Croix de Guerre and I was one of the lucky ones."

Germans Got Nothing From Captain McKay
Capt. Evans A. McKay, M.C., D.F.C., is not likely to be back at his work at the city hall for another year, according to a letter received by his father, Rev. Dr. W. J. McKay.

In his letter he gives his parents the first account of his capture last August, when on a bombing flight, "I was shot down," he relates, "by a stray shot from some Hun's we were fighting my belt undone to let me out, we were surrounded by about forty peasants carrying pitchforks, scythes, etc. I was able to set fire to the machine and was able to put our flying kit in the dunnage arrived and we were taken a nothing from us at all. Soon German dunnage arrived and we were taken a three-hour journey in a motor to Zabarna." Capt. McKay is enjoying two months' leave in England, but has another ten months to serve to fully complete his term in the imperial service.

Osgoode Hall News
Single Court. Before Mr. Justice Lennox. List of cases for Thursday, January 23, at 11 a.m. Wade v. Bernstein. Little v. Walker. Re Rowan & Sherritt v. Dowan. Huff v. Swan. There will be no sittings of the appellate court today.

WILLS AND BEQUESTS.
An estate valued at \$70,434 was left by the late George R. Worthington, consisting of mortgages, stocks, bonds and real estate. To his brother Amos he bequeathed his share in the Cook Medicine Co., subject to the payment of \$100 to each of his deceased brother Charles' children. The residue of his estate was left to his widow, Mrs. Edith Worthington, who is named the sole executrix.

Property valued at \$6,500 and \$2,912 in mortgages composed the estate of the late Frederick Love. The entire estate is left to the widow. Mrs. Maggie Gee, the widow of Walter Beckett Gee, who died on November 13, becomes the sole beneficiary in an estate valued at \$8,190, composed principally of real estate and cash in the bank. TWO YEARS FOR THEFT. Andrew Arslie, a Russian, appeared in the sessions yesterday charged with stealing \$369 from a comrade. He pleaded guilty and Judge Winchester sentenced him to Burwash Reformatory for two years less one day.

Every Man or Woman Who Thinks About It, and Who is Able to Spare a Donation, Should Contribute Generously To The Salvation Army

WHAT PROMINENT PEOPLE SAY ABOUT THE SALVATION ARMY

King George

Have for many years watched with deep interest your work for the people, especially the less fortunate citizens of the Empire. Think the work is carried on with great ability and unselfish zeal.

President Wilson

No one who has watched even superficially the work and progress of the Salvation Army can fail to feel the deepest and most sincere interest in its success.

Sir Robert Borden

The efforts of the Salvation Army are worthy of the highest appreciation.

What the Soldiers Say

There is no denying the fact that the Salvation Army is the most practical, gratifying, sensible and "close-up" service given to the men in France. We are all for it, and we shall be glad to help our fellows in France by helping the Salvation Army to get its war fund.

Sir Alexander Ogston

Addressing Gathering Red Cross Workers

All are delighted to see how the Salvation Army has blossomed out into a magnificent, broad-minded, unselfish agency, who strive only to do good to every man that comes within its reach, without any attempt at proselytism or anything petty whatever.

Great War Veterans' Association

W. F. Turley, Secretary Ontario Provincial Branch

Our comrades over there have earned all the happiness we can give them in peace and war. We who have been fortunate enough to return from the battlefield will help the Salvation Army attain its objective.

IF you have thought at all about the work of the Salvation Army.

IF you have caught but the most casual glimpse of its work in Toronto.

IF you have heard any soldier speak of his experience with the Salvation Army at the front, or in Great Britain, or on his way home to Canada; you cannot help but have a conviction that the Salvation Army is a marvellous organization, doing a work no one else is doing or can do.

In the last few days it is astonishing how many people one has heard exclaim: "What are you doing for the Salvation Army? It's some organization, and I haven't felt so happy and so satisfied about giving to anything in connection with the war, as I have about giving to them. I feel I am getting money's worth for my donation."

* * * * *

What is it that gives the Salvation Army this hold upon the people? Its complete organization and the humanitarian work it does.

The people know that the Salvation Army is a fighting institution—militant in its Christianity. And the people love fighters, particularly when they are fighting in a noble purpose.

The Salvation Army inspires every convert with a burning enthusiasm to become a Christian soldier.

* * * * *

Such service in a community like Toronto cannot be measured in terms of money. It means nothing less than "lives o' men." But money is necessary to carry on the work. The magnitude of it has increased greatly since the outbreak of war and still more since the Armistice was signed.

* * * * *

Primarily, the Salvation Army's work will be with and for the returned soldiers and their families. The money raised in this campaign will be kept in a separate account and an annual statement published giving an account of the administration as long as the work continues.

That, of all organizations, they are closest to the soldier is evidenced by the fact that, in this campaign, the Great War Veterans' Association have hundreds of members soliciting subscriptions from house to house.

There can be no greater endorsement of the Salvation Army than this. The soldiers know.

We therefore ask any persons who have not yet given to go into session with their conscience, not to decide whether they should give—because we cannot conceive of anybody refusing—but to decide whether they cannot practise some self-denial, if need be, in order to raise their gift to a big, generous amount, according to their individual circumstances, and the outstanding merit of the cause.

Remember Your Gift Will Be Laid on the Altar of Service to Humanity

WHAT PROMINENT PEOPLE SAY ABOUT THE SALVATION ARMY

Field Marshal

Sir Douglas Haig

Shall be glad if you will convey thanks of all ranks of British Expeditionary Force to the Salvation Army for its continued good work.

Admiral Sir Rossly Wemyss

First Sea Lord

Nobody realizes better than I do the excellent work the Salvation Army has done for the Navy. I should like to take this opportunity of thanking them and wishing them all success and prosperity in their magnificent labours.

Gen. Sir Francis Lloyd

London District, England

You have billeted over quarter million soldiers who have passed through London in the past year. No man is turned away from your Hostels because he cannot pay for his bed; he is taken in at all costs, or any cost; to keep him from danger and to give him a cheery home when he comes over from the other side.

Hon. A. Stanley, C.B.

British Red Cross Secretary

Wherever Salvation Army men are helping we hear nothing but good reports of their work. Sir Ernest Clarke tells me your ambulance sections in France are quite the best of any in our service.

N. F. Fallon

Bishop of London, Ontario

Heard and saw much of the good work done by the Salvation Army for the social welfare of the Canadian troops fighting in France and Flanders.

Late

Ex-President Roosevelt

The Salvation Army are an invaluable social asset, a force for good, who work effectively in those dark regions where, save for these forces, only evil is powerful.

BE GENEROUS, THEREFORE, AND GIVE HEARTILY

Taylor, 251 Church street; Desi Edini Podgornik, Bank of Nova Scotia, Toronto; John A. Uralaky, care of G.P.O., Toronto; Albert Loudon, 128 Salem avenue; Melville William Nixon, 197 First ave.; Louis Joseph Reeves, 29 Grand st. St. Catharines.

WORK OF SOLDIERS' AID. The total amount of money spent by the Ontario Soldiers' Aid Commission in connection with cases of special hardship during 1918 was \$3,922.38.

REACH S. A. OBJECTIVE. Galt, Ont. Jan. 22.—It was announced tonight at campaign headquarters that Galt's objective of \$5,000 for Salvation million dollar fund has been attained.

PLAYS, PICTURES AND MUSIC.

Princess Next Week. The great sale opens this morning for Klaw and Erlanger's musical comedy, "The Princess Next Week, with matinees Wednesday and Saturday. Kenneth Wolf wrote the book and lyrics, basing his story on Jerome K. Jerome's comedy, "Fanny and the Servant."

"Flu-Flu" is Coming. The Princess will have for its attraction week of Feb. 3 John Cort's musical comedy success, "Flu-Flu," which was credited with being one of the most sparkling of the lyrical comedies produced in New York last season.

"Every Man's Castle." The advance sale will open this morning at the box office of the Royal Alexandra for the engagement next week of "Every Man's Castle." This would prove one of, if not the most important dramatic attractions of the season.

"A Little Mother." One of the most human and absorbing stories of the day is "A Little Mother," in play form, which will be presented at the Grand Opera House next week. It is based on one of the most difficult domestic problems of the day and time, that of the war baby.

Robert Mantell Coming. With a new production of "Richard III" as the feature of his repertoire, Robert B. Mantell comes to the Royal Alexandra for several evenings commencing Monday evening, Feb. 3. His other productions will consist of King Lear, Macbeth, The Merchant of Venice, Hamlet, Louis XI, and the Texas Caesar. Seats will be placed on sale next Thursday. Matinees will be on Wednesday and Saturday.

Her name was Miranda, and she was a scrub lady. When love for a church organist came into her heart she spruced up and became a different looking girl. All this is the story of "Smiles," starring Vivian Martin next week at Loew's Theatre and Winter Garden. The Dominion Government film, presenting the 15th Battalion, 48th Highlanders, commanders at St. Julien, will be shown all week. The Ypres Comedy Four, Toronto battle-scarred veterans, will be one of the features of the vaudeville, which will also present Catherine Crawford and her fashion girls; Wilkins and Wilkins, presenting "The Tango Lesson"; Tom and Babe Payne, presenting the dance of all nations and the Texas whirl; Jimmy Reynolds, the jovial comic, and Smith and Troy, in their humorous skit, "Somewhere in the Philippines."

Coming to Gayety. The Big Burlesque Wonder Show, the king pin of all musical extravaganzas, with funny George P. Murphy and the whistling sobber, Bertmore Stinson, will make their first appearance in this city next week at the Gayety Theatre.

"The Pennant Winners" Coming. The special features incorporated in the production of "The Pennant Winners," who will be seen at the Star Theatre next week, have made that show one of the most talked of in all burlesque. "The Pennant Winners" offers all that burlesque usually offers its devotees, but in addition it gives much that is out of the ordinary in the way of interpolated features, specialties and other innovations.

Wallace Reid at Strand. For today, Friday and Saturday the attraction at the Strand will be Wallace Reid in a brilliant comedy, "Too Many Millions." In this play Mr. Reid, who is a tremendous favorite in Toronto, has a role of a hard up young chap who has inherited \$40,000,000. He falls in love with a charming girl (a role delightfully played by Ora Carewe), and then he loses his whole fortune. Does he want it back? Well, rather! And then when he does recover it he and the girl don't know whether he ought to accept it or not. "Too Many Millions" is a real comedy of the dearest modern sort, and Wallace Reid is simply immense in it.

Alice Brady at Madison. Sweet Alice Brady has a part that suits her and to the ground in "The Death Dance," which will form the feature at the Madison Theatre today and for the balance of this week. It is a role which affords the ampest scope

Article No. 7 Cut out for Reference.

Bringing Our Soldiers' Dependents to Canada

IN England, there is a colony of Canadian women who went overseas in order to be near their husbands. There are also in England and France many women who married Canadian soldiers and have never seen Canada.

It is one of the duties that Canada has incurred through the war to bring back these dependents of our soldiers with all speed, and to help establish their home life.

Up till the time the Armistice was signed, some 22,000 women and children were returned. There still remain about 50,000 to be brought back.

These 50,000 soldiers' dependents will be returned to Canada at the public expense. Those who have already arrived in Canada since November 11th, 1918, will have their ocean and railway fare refunded by the Government.

The facilities for transporting soldiers and their dependents are limited to about 30,000 monthly. Therefore, women and children will be returned to Canada at the rate of about 5,000 to 7,000 each month. Many of the women will be accompanied by their husbands. On every boat carrying 200 or more unaccompanied women there is a Y.W.C.A. secretary.

At the Ports. These 50,000 returning women and children every care is being given. Until they reach the shores of Canada they are in charge of the Overseas Militia Department.

At HALIFAX they are welcomed by the Women's Reception Committee, composed of women who have been engaged in war activities. This committee has been organized for nearly two years and has been doing splendid work.

At ST. JOHN there is also a committee representing all the organizations interested. This committee, although more recently formed, is giving excellent service. The National Y.W.C.A. has assigned two secretaries for work at this port.

On each of these Committees there is a trained nurse to give necessary attendance. At the ports the organizations meet every boat. Locate the women's luggage. Take charge of the babies. Bring the women to a cosy rest room. Here cots and baths are provided for the children. Hot lunch can be secured. Overnight accommodation is arranged.

Women who are too sick to proceed on their journey are taken to the local hospitals. Women who are without money receive assistance from the Patriotic Fund; are provided with lunch baskets and money to buy meals on the train.

These organizations also secure the railroad tickets for the women, get their money changed, give them such information as they need. The workers accompany the women to the train. The Repatriation Committee have a nurse, trained in social work, lent by the Victorian Order of Nurses to act as the committee's representative at each port.

On the Train. On each train carrying unaccompanied women and children there is a Red Cross nurse, experienced in social service who has been enrolled by the Canadian Association of Graduate Nurses. This nurse carries with her first aid supplies and an emergency fund of money furnished by the Red Cross Society.

Telegrams are sent ahead to the local branch of the Patriotic Fund and to the local Reception Committees giving the number who will arrive. The Rotary Clubs of Canada have undertaken to provide motor cars to take the women and children from the station to their homes.

The Patriotic Fund have undertaken to provide temporary accommodation and other necessary assistance at cities and towns en route and at points of destination. The main function of this nation-wide organization is to care for soldiers' dependents. It is therefore fitting that they should be responsible for arrangements for all the returning women and children.

Many other well-known organizations have been doing admirable work—meeting trains, providing rest-rooms, canteens and hostels and generally caring for the women and children. It is important that these organizations continue this work and co-operate as closely as possible with the Patriotic Fund.

Director of Repatriation. OTTAWA

The Repatriation Committee

Passenger Traffic. WE BUY AND SELL AMERICAN CURRENCY (at a premium) Also Travelers' Cheques, Drafts and Money Orders. A. F. WEBSTER & SON 53 Yonge Street.

THE AGE ELECTRICAL

SEWING MACHINE MOTORS
Perform more labor-saving functions about the average home than any other electrical device on the market.

All there is to it—just an even handful

Attachments for polishing silver, sharpening knives, whipping cream, and fan device further its general "all-around" satisfaction.

THESE are the days of electricity. Electric power turns the wheels in the great industries of the Dominion. Electrical appliances make for cleanliness and convenience in the home. Some of the handy and labor-saving C.G.E. devices available are illustrated on this page. Hundreds of other useful and economical appliances are made in our factories.

Make Electricity Your Servant

SOVEREIGN FLATIRONS

"Smooth the way on ironing day."

All metal parts highly nicked, black handle, durable and dependable, pointed nose for light goods. The most pleasing appearing and substantially made iron on the market.

TROJAN WASHER.

Will wash and wring the weekly wash of a family of six to eight persons in one hour's time. The clothes are not rubbed, but are washed in a revolving cylinder, the action of the hot soap being forced through the clothes, making billowing masses through which the clothes are being continually pressed. A substantially-made and entirely satisfactory laundry machine.

THE CADILLAC CLEANER

"Save your back with a Cadillac." Simple to operate. The most efficient and most reasonably-priced vacuum cleaner manufactured. Does the work and does it well. Made in four sizes.

ELECTRIC RANGES.

BELL RINGING TRANSFORMERS.

Your doorbell never lacks current when once you have installed one of these little accessories.

PULL CHAIN SOCKETS.

The pull chain places all lights within easy reach of every member of your family. Where there are children in the house the advantage of this feature will be readily appreciated.

Convenience Outlets

Your electrical installation is not complete or adequate unless you have provided convenient means for connecting portables, such as lamps, heating devices, fans and small motor-driven appliances. Baseboard and wall receptacles are essential for convenience and prove an economy in the end.

DEFENDER AUTO LOCKS.

The simplest and most substantial lock made; positively pick proof. It locks the coil box and protects the coil units from theft.

AUTO HEATER

Solves the winter motor problem and keeps the radiator and engine warm while the car is in the garage. Attaches to any lamp socket and costs very little to operate.

Don't Crank Your Car.

"No, thanks—My Ford starts on the Genemotor."
Genemotor Starting and Lighting Outfit for Ford Cars.

A gentle touch of the button does the trick with the Genemotor, and a turn of the switch lights the lamps. Starts your engine with a smooth positive engagement.

HOLOPHANE HEAD-LIGHT LENS

The Fin that put the Finish to Glare

"THE LENS WITH THE FIN."
A scientifically designed lens that also adds refinement and dignity to your car. Very low in price.

MAZDA TUNGSTEN LAMPS—STANDARD OF THE WORLD

In war times, Sept. 2, 1918, Mazda Prices were Reduced 15 p.c.

In times of peace and preparedness, we make today (Nov. 26th, 1918) a further reduction of 15 p.c.

AUTO ACCESSORIES

Tested for Service

Recognizing the importance of the Auto Accessory field, large and comprehensive stocks of these goods are carried in our warehouses from coast to coast. Only appliances and materials of tested worth are handled.

THE FAMOUS SHARP "GOLIATH" AND "KOPPER KING" SPARK PLUGS.

For all makes of cars, trucks, gas engines, tractors, etc. Sharp Plugs are known everywhere as a high-grade product.

BUMPERS.

Channel, Diamond, or Spring types for All Makes of Cars. Made with adjustable fittings. Harmonize with the general lines of each make of car. Well made and highly finished but moderate in price.

READING LAMPS

Because they are standardized and made in large quantities, these lamps are remarkably low in price. The best of materials enter into their manufacture. The finish and general workmanship are excellent.

NICKEL-PLATED TOASTER.

This attractive little device does not take up much more room on the table than a sugar bowl, and will toast two slices of bread at once, right beside your plate.

FOUR HEAT GRILL.

Broils, fries, toasts, and stews. Will cook an entire meal for two or three persons right at the dining table. Has four different degrees of heat which permit of instant regulation for any cooking requirement.

HEATING PAD.

For the relief of pain, stimulating poor circulation, etc. Quite generally used on outdoor sleeping porches. The three heat cord switch permits the user to change the temperature even in the dark, by a simple pressure of the finger.

AIR HEATERS

Japanned or Full Nickel Finish.

Made very substantially. Will give years of service. Indispensable for bathroom, sick room or nursery.

CHAMPION PLUG CLEANER

THE NEW WAY

A quick and easy means of cleaning spark plugs—pour a little gasoline in the tube, screw in the plug and give it a few vigorous shakes. The "Minute" Cleaner does all the rest.

FAN BELTS FOR FORDS

Re-inforced belts, continuous and dependable. The most durable belt that can be bought.

MAZDA AUTOMOBILE LAMPS

The INVENTION that SIMPLIFIED BATTERY CHARGING.

Tungar

Made for every make of car. The same high quality of lamps as sold under this Trade Name for general lighting purposes.

THE TUNGAR RECTIFIER

A simple, small battery charging outfit which is designed to change the alternating current found in most residential garages into direct current which is required to charge storage batteries. Will give a starting battery sufficient charge over night to be assured of starting capacity the next morning even though the battery be entirely exhausted. Small size, Light weight, no moving parts, inexpensive to operate.

SHARP BREAK IN PRICES OF CORN

Prospect of Heavy Importations From Argentina Makes Market Nervous. Chicago, Jan. 22.—Announcement that vessel charters had been taken for 1,000,000 bushels of Argentine corn to come to the United States brought about a sharp break here today in prices of corn.

LIVE STOCK MARKET

With receipts of 956 cattle on the Union Stock Yards Exchange yesterday, trading in practically all classes was inclined to be steady. No appreciable change in prices was noted, and, taken all round, and in view of the strength in some lines, notably the good to choice steers and heifers, there appears no disposition on the part of the buyers to carry the decline any further at the present. It looks like a fair run today.

BOARD OF TRADE

Manitoba Wheat (In Store, Fort William, No. 1 northern, \$2.24; No. 2 northern, \$2.21; No. 3 northern, \$2.17; No. 4 wheat, \$2.12; Manitoba Oats (In Store, Fort William), No. 2 C.W., 65c; No. 3 C.W., 62c; Extra No. 1 feed, 65c; No. 1 feed, 62c; American Corn (Track, Toronto, January Shipment), No. 4 yellow, \$1.65; No. 4 yellow, \$1.65; Ontario Oats (According to Freight Outside), No. 2 white, 62c to 71c; No. 3 white, 67c to 70c; Ontario Wheat (f.o.b. Shipping Points, According to Freight), No. 1 winter, per car lot, \$2.14 to \$2.22; No. 2 winter, per car lot, \$2.07 to \$2.15; No. 3 spring, per car lot, \$2.03 to \$2.17; No. 4 spring, per car lot, \$2.06 to \$2.14; Peas (According to Freight Outside), Barley (According to Freight Outside), Malt, 75c to 83c; Buckwheat (According to Freight Outside), No. 2 \$1.15, nominal; No. 3 \$1.10, nominal; No. 4 \$1.05, nominal; Ontario Flour (Prompt Shipment), War quality, \$10, in bags, Montreal; \$12.50; (Track, Toronto), \$11.50; (Car Lots, Delivered, Montreal Freight, Bags Included), Bran, per ton, \$42.50; Shorts, per ton, \$42.50; Hay (Track, Toronto), No. 1 per ton, \$21 to \$22; Mixed, per ton, \$21 to \$22; Car lots, per ton, \$19 to \$21; Fall wheat, \$2.25; Pig steady, best Spring wheat—No. 2, \$2.11 per bushel; Goose wheat—No. 3, \$2.08 per bushel; Barley—Mating, \$2.04; Pig steady, best Oats—74c to 76c per bushel; Buckwheat—Nominal; Eye—According to sample, nominal; Hay—Timothy, \$23 to \$25 per ton; mixed and clover, \$27 to \$28 per ton.

Help Wanted—Female.

LEARN TO BE A NURSE—A full training course in one of New York City's popular hospitals is being conducted for young women desiring to follow the nursing profession. The requirement for entry is at least one year of high school attendance or its equivalent. A modern and well equipped training school as the nurses' home; laundry and maintenance as well as a monthly allowance paid while learning. Apply at once for the spring class. Supp. Leaban Hospital, Bronx, New York City.

Farms for Sale.

275 ACRES, Ontario County—Good soil, splendid location; church, school; several markets; rural mail; telephone; two houses; three barns and other buildings; running water; will divide into two lots to above. Apply Box 27, World.

THE SOLDIERS' AID COMMISSION

has been incorporated by the Province of Ontario for the purpose of assisting to the depression here today in prices of corn. The market closed unsettled, 1 1/2c to 3 1/2c net lower, with February 1 1/2c to 1 3/4c; and May 1 1/2c to 1 3/4c; Oats, 1 1/2c to 1 3/4c. Provisions finished unchanged to 5/8c lower.

MARKET NOTES.

A feature of the market this week has been the buying of choice heavy cattle for the United States market by the H. C. Kennedy & Co., the firm having bought about 1100 cattle or about 40 cars so far this week.

FRENCH WOMEN DEMAND JUSTICE FOR OUTRAGES

Paris, Jan. 21.—French women have addressed a petition to the members of the peace conference asking justice in the names of thousands of women, young girls and children, who, it is set forth, were systematically torn from their families and subjected to various forms of ill-treatment at the hands of the Germans during the war. The petition adds: "I no longer forever to prevent the recurrence of such atrocities, we ask that those who executed them and those who ordered them be condemned as criminals of the common law."

Combined Brantford Conference Urges Return of Aliens to Camp

Brantford, Ont. Jan. 22.—At a conference of manufacturers, G.W.A., labor men and citizens, called to discuss repatriation work, the following resolution was approved: "In view of the fact that during the years of the war, and the consequent shortage of labor, many alien enemies were permitted to be sent to this city in order to assist production; and that there no longer exists any shortage of labor, but rather that a number of men are upon the government's list of those who returned to the desirability of returning to their alien enemies to the internment camps or the point from which they came. In our opinion prompt action in the above connection will greatly assist in the problem before us at the present time."

Medical.

DR. REEVE, diseases of skin, stomach, liver, nerves and all run-down condition, 18 Carlton Street.

Government Makes February 16 National Day of Intercession

Ottawa, Jan. 22.—Sunday, Feb. 16, has been fixed by the government as a national day of intercession that the deliberations of the peace conference may result in the establishment of a world-wide peace on a just and permanent foundation.

NO OBJECTORS RELEASED.

Washington, Jan. 22.—Secretary of War Baker today ordered the release of 118 conscientious objectors held at Fort Leavenworth, the remission of the unexecuted portions of their sentences, their "honorable restoration to duty" and immediate discharge from the army.

FIRE IN CONVENT.

Quebec, Jan. 22.—Following close in the wake of the fire which razed the Chocoutimi Cathedral last week, the Town of Roberval, in the Lake St. John district, was visited by fire today, which caused heavy damage to the Ursuline convent, but was finally controlled before the flames reached the main building.

WOULD FIX WAGES.

Quebec, Jan. 22.—An interesting question will be raised shortly before the Quebec House by Arthur Saave, who will ask whether it is the intention of the Quebec Government to fix a minimum scale of wages for labor men.

RECORD LATE SAILING.

Quebec, Jan. 22.—Never in the history of navigation on the St. Lawrence has a steamer left Quebec for the open sea so late as did the Canadian Voyager, which left here yesterday for Halifax and then overseas.

LAKE SHORE HAS STRIKING RECORD

The fourth annual report of the Lake Shore Mines, dealt with in The World on Tuesday, is a very interesting document. It covers the year ended Nov. 30 last.

Down at Ranger, Texas, there is a little Baptist Church with a total membership of 38, and this little unknown church is without doubt the richest congregation in all the world.

THE MERGER AND ENLARGED BANKING HOUSES.

The Bank of Nova Scotia will soon extend their front on King street, Toronto, both ways so that they will reach from the Bank of Commerce (also to be enlarged) to the Union Bank.

THE CASTLE OIL COMPANY.

The Castle Oil Company paid its first dividend to stockholders on November 10th, and the next quarterly payment is due February 10th; therefore, by purchasing stock on or before January 31st you are in ample time to have your name registered on the books of the company for the payment due February 10th.

THE CASTLE OIL COMPANY.

Surely a company that has already reached the dividend state with less than five per cent. of its total holdings developed in a much stronger position than any new company, for the very good reason that this company has already accomplished what the new company hopes to do—i.e., earn and pay dividends.

THE CASTLE OIL COMPANY.

The Castle Oil Company is now developing leases in no less than four different oil districts, one of which promises results that I hesitate to mention, because I am sure you would not believe me, but at the same time it gives the stock enormous possibilities.

THE CASTLE OIL COMPANY.

Take my advice and buy some of this stock today—at one dollar a share it should net 18% yearly without any sensations, but if sensations come there is no telling what it would be worth.

MAPLE LEAF HAS FOUR-POINT BREAK

Mackay is Also Conspicuously Weak—War Loans Active and Steady.

Further irregularity was shown in the Toronto market yesterday, with the most pronounced weakness displayed by Maple Leaf Milling, although a subsequent rally wiped out a part of the decline in this issue. The pessimism in New York is being reflected locally to a moderate degree only, but buyers are showing timidity, and offerings even when in limited volume, usually prove recessions. The bright spot continues to be the war loans in which activity is maintained, and prices are holding steady.

IMPROVED TONE IN NEW YORK MARKET

Railway Stocks Advance One to Two Points—Trade Outlook Less Dark.

New York, Jan. 22.—Traders committed to the short side of the stock market renewed their efforts to depress quoted values today, but met with indifferent success, standard securities evincing an unexpected degree of support from substantial sources.

Wills received the following wire at the close of the New York curb market yesterday: Buying of a very good character continues in Metropolitan Petroleum, and the belief is becoming more pronounced among the curb traders, who specialize in this issue, that Met. Pet. will eventually sell considerably higher than Island Oil. These men state that the Island Oil crowd is purchasing Met. Petroleum, and that a settlement of the dispute between these companies appears near on a basis that will give Metropolitan at least two shares

MONARCH KNITTING DIVIDENDS

Monarch Knitting Company has declared the regular quarterly dividend of 1.3-4 per cent., payable Feb. 1 to stock of record Jan. 24. LIVERPOOL COTTON, Liverpool, Jan. 22.—Cotton futures closed steady, Jan. 17, 22; Feb. 16, 47; March, 16, 21; April, 13, 91.

DIVIDEND ON NICKEL MAY BE CUT IN TWO

New York, Jan. 22.—The Wall Street Journal says: Weakness in International Nickel common reflects the opinion that the quarterly dividend will be reduced at the next directors' meeting, the first Monday in February. While directors refuse to comment on what action will be taken, there is every indication that the present quarterly rate of \$1 a share will be reduced. As yet it has not been decided whether the next payment will be 75c or 50c a share.

WOULD REGULATE WHEAT ALOE

New York, Jan. 22.—The produce exchange went on record today favoring retention of the prices and regulations controlling the wheat trade, but a discontinuance of the policy of government price fixing as applied to hogs, cattle, and other foodstuffs. The exchange directed its board of managers to appeal directly to the president, to lift the war-time restrictions upon hogs and cattle grain.

BANK OF NOVA SCOTIA TO INCREASE DIVIDEND

Capital of Institution to Be Raised From Ten to Fifteen Millions.

Halifax, Jan. 22.—Assurances that the dividend of fourteen per cent. now payable on the capital stock of the Bank of Nova Scotia would be increased in the near future were given at the eighty-seventh annual meeting of the shareholders of the institution held at the head office here today. The amount of the proposed increase was not specified. Application, it was decided, will be made to increase the authorized capital of the bank from \$10,000,000 to \$15,000,000. The Bank of Nova Scotia now has a paid-up capital of \$5,000,000 but the proposed amalgamation with the Bank of Ottawa will absorb the remaining authorization and the present application will provide for any further issues that may be deemed necessary.

The Story of the World's Greatest Gold Mine

The fifth annual report of the Hollinger Gold Mines at page 18 refers to discoveries of "great importance" in veins numbered 14 and 15. At page 27 of this report the positions of these veins are shown. They are east of the central shaft, and well within the coarse-grained, non-pillow lava.

On the 425-foot level, vein No. 14 was drifted on for a distance of 150 feet. Its width is 13 feet. Work had to be suspended owing to the war, but nevertheless the 7th report of the Hollinger Con. (page 11) shows in this vein 135,200 tons of ore worth \$1,193,870, an average of \$8.83 per ton.

Vein No. 15 has been developed for a length of 90 feet on the same level, and gives \$13 per ton, the average width being 9 feet. These results were so satisfactory that shaft No. 14 was started in order to develop the zone of coarse amygdaloidal lava. (See map with report recommending consolidation as to the position of this shaft.) It is 2500 feet within the lava. The intention was to sink to the 425-foot level and then drive a cross cut nearly half a mile to the central shaft. But the labor situation, induced by the war, prevented the fulfilment of this programme. (See 6th Annual Report, page 9, 17.)

The 5th report affords the only instance in which the Hollinger people have described any development as of "great importance." The report shows that these rich ore bodies were met with in "virgin territory" while driving east from the central shaft.

The "great importance" of these developments lies in the fact that this ground is entirely new, and geologically different from that heretofore exploited along the porphyry contact. This "virgin territory" is well within the confines of the coarser and more favored volcanic flow, and it will in all probability add a second great mine to that already opened out on this wonderful property.

Indeed, it is certain, had the war not caused a miscarriage of the plan of development, that the greatest ore bodies on the property would now be disclosed in shaft No. 14, and in a long cross cut through this coarser lava to the central shaft.

The Hollinger Con. has 135 acres of this volcanic flow, or at least half of their total productive area. The Canadian Mining and Finance Co. has a nice little bit immediately north of the Sovereign Porcupine Gold Mines. In its southeastern strike the coarse-grained lava cuts across the "Sovereign." In fact it is very strongly developed on the northeastern half of this property, and very materially adds to its prospective value.

Your order has not yet been received by us for a block of Sovereign Porcupine Gold Mines Stock. The Sovereign property adjoins the Hollinger. It has a proven surface vein system, which was partially developed when the fire and a legal tangle stopped the work. The property will now be thoroughly proved up, and you can share in one of the greatest opportunities yet offered in Porcupine. We are selling treasury stock for the Sovereign Co. for 25c a share, par value one dollar, and we recommend its purchase without the slightest hesitation. This endorsement carries with it our knowledge of the Porcupine Camp since the first discovery was made.

1898-Twenty First Anniversary, Coming of Age Year-1919

Simpson's February Furniture and Homefurnishing Sales

These Extraordinary Events Start Today, 8.30 a.m. Come Early

By extraordinary diligence in searching the factories we have gathered a great collection for this sale at prices so reasonable in view of the high price of material and labor that our buyers were surprised and gratified, as you too will be. Come today, the opening day. Watch the store news from day to day. Remember, the very highest class furniture-makers contribute to this sale. You get the product of the best craftsmen and cabinet-makers at medium prices in this sale. We plan to keep them at work steadily (when otherwise they would be slack), and so secure wonderful values without skimping the work. Don't lose sight of this when comparing Simpson prices. You can't properly compare without seeing the furniture. You are welcome to inspect without being urged to buy.
