

When Style Means Comfort Its Apt to Be A Winner

The Motor Coat, or the style with Prussian collar, has come to stay for a few years, as far as we can see by present sales and the hold it has upon those who know what comfort means in a winter coat. We have many styles in this very popular coat, including a four-in-one. That means getting four styles in one garment. We want you to come and see a practical demonstration of this coat.

The price range on our Overcoats is a very large one, starting at \$15.00 and up to \$35.00.

PRIEST CENSURES BLAKE

Distribution of Recent Pamphlet Evokes a Protest.

WINNIPEG, Man., Sept. 27.—During the commemorative services in St. Mary's Catholic Cemetery on the afternoon of the 18th, someone entered the vacant church and scattered broadcast copies of Hon. S. H. Blake's pamphlet on the "Book of Uncommon Discard."

The pastor, Rev. Father Dalton, wrote Mr. Blake protesting against the action of Mr. Blake's disciple, and receiving no acknowledgement of his letter, at last night's services said Mr. Blake was one of the last of those who endeavored to force a yoke of their own doctrines on others, a yoke which had resulted in the Pusyette movement early in the last century. He declared the pamphlet contained no scholarship, but was simply a denunciation in execrable taste of Catholic doctrines in language painful to Catholics.

Piles And Purgatory

Begin With the Same Letter and There Are Other Resemblances.

Suffer? Oh, no! Suffer! Don't express it, but there is the PYRAMID PILE CURE. It's a cure that comes to stay and gives one a fresh grip on things.

IT PROMISES TO CURE and keeps its word. Even to the last letter. It is made that way. This is why. And it is not expensive—within the easy reach of everyone. Only 50 cents a box at your druggist, and a box goes a long way.

NOTES IS THE WORST kind, and of long standing? Already tried everything you ever heard of? Discouraged? No more! But the PYRAMID PILE CURE was made for just such cases. Yours is not a bit worse than hundreds of other cases that the Pyramid Pile Cure has cured.

SKEPTICAL? NO FAITH? No wonder! But listen. We are so sure that our remedy will cure you that we will send you a Free Treatment. This will begin to show you what enough of it will do, and then you can go to your drug store and get as much as you need. It won't be more than a box or so.

DON'T PUT OFF sending for the free trial package. We send this to show how great our faith is in this cure. If we did not believe in it, we would not make this offer. To-day is the best day you will ever have to send for it. Do your writing plainly, so there will be no mistake. Fill out coupon; it won't take a minute's time, and mail it to us.

Free Package Coupon

Fill out the blank lines below with your name and address, cut out coupon and mail to the PYRAMID DRUG COMPANY, 216 Pyramid Building, Montreal, Mich. A trial package of the great Pyramid Pile Cure will then be sent you at once by mail. FREE, in plain wrapper.

NEW POLICE STATION IF COMMISSIONERS SAY

Markets Committee So Decides—Chief Justice Meredith Criticizes Jail Overcrowding.

HAMILTON, Sept. 27.—(Special.)—The markets committee this afternoon appointed a sub-committee to wait upon the police commissioners to find out what that body desired in the way of improvements to No. 3 police station. Architect Stewart submitted plans for new cells with accommodations for thirty prisoners, which with a new heating system for the present building would cost \$17,000. Either new cells or a new police station on the corner of Mary and King William-streets will be built, it was left to the commissioners to say. There was a proposition to increase the license fee for moving picture shows, which are now taxed about \$20 a year, and a sub-committee was asked to report. The opinion was expressed that the city would save money by having the new station built by the city.

Water Rates Reduction

It looks as if the revision of the water rates would end simply in the reduction in the rates for baths and closets. The committee had a session this afternoon, and it was feared that any further reductions would cut off too much revenue.

Further reports as to the operation of the thieves who have a partiality for robbing dental parlors were received by the police to-night. In all six offices were visited Sunday night. In addition to the list given out this morning following had their offices ransacked: Drs. Everett, McDonald and Burnett.

The Sunday school and congregation of the James-street Baptist Church tendered a farewell entertainment to-night to Rev. J. S. Sycamore. Addresses were given by J. R. Watson, C. G. Rooker, Revs. H. Edgar Allen, Jas. Bracken, Hugh McDermid, Walter Quarrington, D. R. Drummond, James Grant, Dr. Lyle and Dr. Towell.

Too Many in Jail.

Chief Justice Meredith, who opened the fall assizes this afternoon, in his

remarks to the grand jury asked them to investigate the persons who should be in the city jail. That was an abnormal number for this time of year, and he understood half of them were vagrants. There were also three men there who had been committed on Sept. 7. It was not fair to either the prisoner or the municipality that they should be kept in jail. They should be sent to a provincial institution, where there would be a chance for reform work. The thing he most regretted, however, was the fact that two persons there were, whose only offense, if it were an offence, was that they were insane. It was a discredit to the province that they should be berded with criminals, and it was contrary to law.

George Hanson, whose spine was injured in a collision in the street railway, sued for \$20,000 damages and got a verdict of \$500.

The grand jury brought in a true bill against Joe Lorenzo, charged with shooting at Thomas White. The chief justice, when he left the bench this evening, had disposed of all the jury cases with the exception of two.

Lunatics in the Jail.

Dr. McMillan and Lamin found fault at police court yesterday with cases persons waiting trial on the charge of insanity were kept in the jail. Lorenzo Taimie, who gave William Brock a brutal beating at Lynden, was sent down for three months, the magistrate remarking that it was Taimie's intention to commit murder. He said the prisoner would have to spend three more months in jail if he did not pay the costs.

The graves which have been operating amongst the dental parlors last night broke into the offices of the following, getting big hauls of gold and other valuables: Thomas and Thompson, West King-street; Dr. Lester, Federal Life, and Dr. H. A. Robertson, King and John-streets.

Such Death.

Mrs. Tilly Young, 485 North James-street, 68 years of age, dropped dead from heart disease in the yard in rear of her home this morning.

Rev. Hugh McDermid was elected president of the Hamilton Ministerial Association this morning to succeed Rev. J. C. Brown.

The price of coal was advanced this morning by the local dealers by 20 cents a ton. The price is now \$7, with 25 cents a ton off for cash. There was so much bad feeling among the dealers that the new list had to be arranged over the telephone.

James H. Linford has been summoned on the charge of ill-treating a horse.

Thanksgiving Sham Fight.

The local regiments will hold tactical exercises in the Dundas Valley on Thanksgiving Day. They will be joined by the regiments of the 19th, 20th, 21st, and it is hoped that the 19th, St. Catharines, will also take part.

William Nash, Stony Creek, was fined \$10 for neglecting his horse.

Principal Thompson of the Collegiate Institute has asked the board of education for another teacher.

Henry Todd, a judge elected to be tried by a jury, without a jury, on the charge of perjury.

The Cataract directors have empowered the general manager to order some new street cars.

W. L. Ross, K.C., has been appointed crown prosecutor for the fall assizes.

Snow at Jordan.

A couple of inches of snow fell at Jordan Station yesterday.

John Sayers, of Jackson, a colored man, who follows the races, was arrested to-day on the charge of stealing some clothing from Frank McCabe.

Henry A. Eager, ex-assistant postmaster, died this morning at his residence, 182 West Jackson-street, at the age of 71 years.

Harry, manager of the Toronto branch of the Wood-Valley Company, is a son.

Corner Barton and Catherine-streets, Hamilton, modern and strictly first class. Rates \$1.50 to \$2 per day. Phone 1465.

Triumph of True Love.

NEW ORLEANS, La., Sept. 27.—Hundreds are homeless along the coast as a result of last week's storms. A story of romance that could not be stopped by the floods nor hurricanes, came to the attention of the city. An extensive tressouar which she had prepared for her wedding yesterday, a young woman of Leesville, was the charmer of the women of Houma. The groom was barefooted, all his worldly possessions on his back. But the wedding took place at the time planned.

Life Saving Station.

A life-saving station will be established by the government at the new western channel. The project is being called for the erection of a building, and it is the intention of the department to install an up-to-date equipment. A permanent crew will be maintained and the large lifeboat will be sufficiently staunch to weather any lake gale. At present there are no life-saving stations on the north shore of Lake Ontario.

Kills Father to Protect Mother.

COSSHOTTEN, Ohio, Sept. 27.—Wm. Davis, 29 years old, killed his father during a quarrel between the boy's parents. The son says his father threatened to strike his mother and he struck him down with a hatchet. Ed Davis is said to have quarreled with his wife because she did not cook breakfast to suit him.

Methodist Mission Board.

OTTAWA, Sept. 27.—The Methodist churches of the city are preparing a big welcome for the 60 delegates of the Methodist Missions Board of Canada, which meets here Oct. 7, and will be in session for 10 days. It represents all the conferences of Canada and will deal with home and foreign missions matters.

Dear Goes For Trial.

Samuel Dear was committed for trial in police court yesterday morning upon a charge of robbing his erstwhile employer, Hilton Coxwell of Howard-street. It was shown in evidence that Dear had offered to repay the amount, which is nearly \$1000, at the rate of \$25 per month.

Note and Comment

The fall meeting of the Brooklyn Jockey Club, which has been remarkably successful, came to an end at Gravesend Bay yesterday, and to-day scene will be changed to the broad stretches at Belmont Park, where the season opened on Monday.

Since that time, according to eastern advice, there has been a decided change for the better, and the experiment of conducting racing without organized bookmaking was not made in vain.

It is announced that Manager Ganzel has had a conference with the Toronto team with a view to defeating New York in the two games that decided the pennant.

The annual fall polo tournament of the Toronto Hunt Club opens to-day on the splendidly prepared field at Woodbine Park, with Buffalo V. Montreal as the attraction.

The Detroiters are having a holiday to-day in New York, going to-morrow over to Boston for a red-hot series with Bill Carrigan and the Red Sox.

The Toronto Hunt polo tournament opens to-day at Woodbine Park. The names of the teams to meet in the first game are as follows:

Hamilton Golfers Lose at Rosedale. Hamilton golfers visited Rosedale on Saturday and were beaten by 13 to 6, as follows:

PHILADELPHIA, Sept. 27.—The Gentlemen of Philadelphia in the second cricket game between the two teams to-day at Manheim.

No Better Than Fourth for Leafs Split Even With Baltimore

Had First Game on Ice When Pfeffer Blew and Baltimore Scored Six Runs in Ninth—Rain at Providence.

BALTIMORE, Sept. 27.—(Special)—Toronto lost their chance for third place to-day when they divided a double-header with the Orioles, the Canucks tooting away the first game, which was won by Baltimore by a score of 10 to 9, the local scoring six runs in the last innings of the game.

In the first game Baltimore scored one in the first, but Toronto came back with three in the third and four in the fourth and it looked all over but the cheering.

At Pittsburgh—Pittsburgh lost an opportunity to clinch the National League pennant to-day when Leifield weakened in the ninth innings of the second game.

At Chicago—Chicago defeated Philadelphia in the opening game of a four-game series, 4 to 1. Overall's pitching was too good for the Phillies.

At New York—On account of a slight rainfall, only one game was played with Detroit. The locals won, 4 to 1, although Willetts allowed them three singles.

At Philadelphia—Cleveland defeated Philadelphia, 5 to 4. The last six innings were played in a drizzling rain.

At Washington—Forman was wild and ineffective and Chicago won, 5 to 1. At Philadelphia—Cleveland defeated Philadelphia, 5 to 4.

CORYELL IS ARGOS' CAPTAIN

Elected After Practice Last Night—Rugby Gossip.

After the Argonauts practice last night Coryell, the ex-Varsity quarterback, was elected captain of the team for the coming season.

The Argos had two teams working out last night for a good hour's practice and the way the men go in it, it is seen with the eye that they will be a team to watch.

Harness Horsemen Play Baseball Game

Torontos Win 16-15

The much-talked-of baseball match between the executive committee of the Toronto and Dufferin Driving Clubs took place yesterday afternoon at Diamond Park.

The game was a good one, and the play by both teams showed that the drivers and owners of the trotters and pacers had also some class about them on the ball field.

The game was hotly contested all the way. The teams agreed to play seven innings, but the first half of the season with the Toronto five runs to the good, when the Dufferins went in to make six to win. They secured four.

With two men out and the bases full, O'Halloran came out to bring in the winning runs, but he failed to connect, being struck out, leaving the score 16 to 15 in favor of the Toronto Driving Club.

MURPHY DRIVES TWO WINNERS AT COLUMBUS

COLUMBUS, O., Sept. 27.—With weather unfit for fast time, Inner Guard and Alice Roosevelt won on the Grand Circuit in the new record time for her.

The finish was close between the Geers' mare and Inner Guard. Judges, however, set Inner Guard to last position as a penalty for the offence of changing from the pole to middle track in the stretch.

Alice Roosevelt, like Inner Guard, was favorite for the 2 1/2 trot. Duley Jay beat them all in the first two heats, and though to have the race won. In the third heat, while scoring, he broke just after the start, he had to hurry to escape being distanced, and did no good in either the fourth or the fifth heat.

DOMINION AMMUNITION

BADGERED INTO LEAVING DECLARES E. H. FITZGHUGH

Vice-President Alleges Persecution By City, But Mayor Oliver Repudiates Charge.

A letter from E. H. Fitzgugh, third vice-president of the Grand Trunk, reiterating the assertion that the railway packed its grip and left East Toronto because of the alleged unrelenting pursuit by property Commissioner Harris, was read at the meeting of the city council yesterday.

The document was produced by the mayor, when Ald. McMullin asked if the city would help the movement in East Toronto for a suburban service by the Grand Trunk, which would enable the men transferred to Belleville and Mimico to retain their homes in East Toronto.

The mayor explained that he had written the company asking for an interview with Mr. Fitzgugh, and declared that the latter's contention was "made out of whole cloth," as no complaint as to the smoke nuisance had ever been made in East Toronto.

GILDING BROTHERS BURIED The bodies of the two Gilding Brothers, Joseph and Hunter, who so tragically met death in the bay a week ago, were interred in Mount Pleasant Cemetery yesterday afternoon, the funeral taking place from the home of their parents, 57 Cecil-street. At the time of the departure of the cortege from the house the street was blocked with sympathetic friends, and a company of the Queen's Own with the aid of a couple of police officers were lined up to maintain a passage between the house and the curb. A brief service was held in the house, led by Rev. J. H. Van Horn, pastor of Christ's Church, "Nearer My God to Thee" was sung and Miss Flossie McNeice sang a solo. The two coffins were nearly covered with flowers, and across that of Hunter, whose company saw red on the night of the Canadian outburst, were draped. There were many beautiful floral offerings. A "Gates Ajar" from the Toronto Fire Department and a wreath from the Portland-street fire station, of which Joseph was a member, were remarkably pretty. The workmen at the G.T.R. car shops, where John Gilding, father of the boys, is employed, also sent a beautiful wreath. About seventy-five members of the fire department, headed by Deputy Chief Able, accompanied the two hearses to the graveside, and F. O'Connell, of the Queen's Own also afforded an escort. Quite a few carriages bearing friends of the young men also joined in the procession. The chief mourners were the aged father and mother of the young men, bowed down with grief in the loss of their last two children.

The Toronto World

A Morning Newspaper Published Every Day in the Year.

UNITED AGAINST A COMMON ENEMY.

The Mail and Empire of yesterday makes a defence of the speech of Lieutenant-Governor Gibson at Guelph on the occasion of the public ownership celebration in that city the other day. The World saw fit to criticise the speech. The Mail thinks it was a good speech and commends the governor for his attitude toward public ownership. Apparently the Mail is not much of a believer in public ownership, and never was. It has made two or three weak passes of its hands for the special edification of Sir James Whitney, and that is all; but the sum and substance of the article is that the Mail may be numbered among those who profess that public ownership may be ideal, but as a matter of fact isn't such.

The Mail is another instance of a newspaper more against public ownership than it is in favor of its political associations and its political professions. For instance, The Mail would sooner travel with the governor, who is the greatest enemy public ownership ever had in this country, and who was attorney-general of this province in a professed Liberal government, than to travel with Sir James Whitney and his friends, who believe in public ownership and who are trying to carry it out, the these latter happen to be Conservatives.

In other words The Mail is more anti-public ownership than it is Conservative, and everybody knows that The Hamilton Spectator is the same kind of newspaper, and that it secretly and openly supported Mr. Gibson when he was the candidate in Hamilton, because The Spectator preferred the electric interests to political interests at that time, and at the present time. Sir James Whitney is gradually finding out how many Conservatives there are, who profess to be such, but who antagonize public ownership whenever the opportunity presents itself.

But when you turn your eyes toward the Liberal party you are even more surprised at the conduct of these so-called friends of the people, who also call themselves Liberals toward public ownership. Mr. Mackay, the Liberal leader, has never said a word in favor of public ownership, or a public power policy. The Globe newspaper has never been in favor of it, although it tries to straddle by writing two articles against the power policy and then the next day publishing one weak one in favor of it. The Hamilton Times (Liberal) is an electric power organ; so is The London Advertiser (Liberal), and the article in The Advertiser of two or three days ago, dealing with the power situation in London, was a veritable attempt to try and black the eye of that proposition.

Our own opinion is, and always has been, that Sir James Whitney was kept out of office for over eight years by a secret understanding between the Ross Liberal Government and certain Conservatives who were more the friends of the electric ring than they were the friends of the then Conservative opposition; and the combination is still working, though weakened conditions.

We don't say that the great bulk of the Liberals of Ontario are against public ownership, but unfortunately the Liberal leaders and the Liberal newspapers are in that class. But so far the Liberals have not been able to find a voice in this province in favor of public ownership and of twentieth century legislation, as against the old state of affairs with parties in alliance with private corporations. What the Liberals in this province want is to get rid of these "old men of the sea," who are willing to remain for a long while in opposition in order to oblige their friends who have everything to gain from sewing up the public to private corporations controlling public utilities.

The World trusts it will not be long, however, before the Liberals will find some one to lead them and to speak for them in favor of public rights, and The World also trusts that Sir James Whitney will strengthen himself in every direction by surrounding himself by men who really believe in his policy, and who really believe in public rights and their conservation.

QUEBEC AND NATIONAL POLICY The World commends Sir Lomer Gouin, the premier of Quebec, in his determination to uphold the policy of that province in the direction of preventing the export of pulp wood to the United States, and endeavoring to retain in Quebec the manufacture of it at least into pulp, and if possible into paper. Why should enough wood to make a ton of pulp be sold to the United States' pulp mills for six or eight dollars, when it can be converted into pulp worth \$30 to \$40

per ton, and most of the wages and most of the profit kept for the people of that province? The recent tariff adopted in the United States may bring retaliatory measures upon Quebec, and perhaps upon all Canada, because Quebec and Ontario are against the export of saw-logs and pulp wood in the raw state, and in the direction of having them worked up into a more finished product within our own bounds. The United States needs these things more than we need their market for our raw products, and we have only to adopt a patriotic policy and they will soon get tired of retaliation, just as Germany to-day is tired of her surtax upon Canadian products.

MAKE COBALT SANITARY. Cobalt has been given unusual assistance by the province in connection with its sins of omission in sanitation. When the municipality was inaugurated, the board of health indicated to the local board the procedure that would be necessary to secure the health of the town. These appear to have been ignored. Now that the town has been cleaned up, or in the way of being so, it is to be hoped that the municipality will take the lesson to heart, and adopt whatever regulations are adjudged necessary for the preservation of the health of the citizens.

But the mines also have been offenders in this respect and it appears that as many, if not more typhoid patients have come from the mining population living on the mine reserves, as from the town itself. Some of the mines have no sanitary conveniences. Some have no supplies of drinking water, and the men drink what trickles thru the rocks. Under these conditions health is impossible.

The provincial board of health has a difficult task, as the law stands, to keep faith with the public, while compelled by unsympathetic municipalities to refrain from anything but pointing out what the act requires to be done. The board has no means of compelling action, and so many local bodies, when they have to choose between parsimony and death, are willing to take the long chance.

Cobalt should set an example, now that a fresh start has been made, in observing the spirit and letter of the law. Every part of the province is liable to suffer from the dissemination of typhoid germs borne from such a frequented centre as Cobalt. Not to speak of the heavy mortality, the eventual cost of an epidemic far exceeds what is necessary to maintain a satisfactory sanitary system.

RETAILERS WANT BOARD TO REGULATE PROFITS

Suggest Appointment of Government Body to Arbitrate Disputes With Manufacturers.

MONTREAL, Sept. 27.—The Dominion Retail Merchants' Association of Canada meets here to-morrow and Wednesday, and will discuss the establishment of a board of commerce along the lines of the railway commission.

Secretary Townsen says the idea involves the formation of a permanent board of four or five chosen by the government, to be representatives of retailers, wholesalers and manufacturers. In addition, experts in the lines involved in any case could be appointed by the parties interested. The object of the establishment of the board is to provide a tribunal to which retailers may appeal in cases where they claim profits allowed by manufacturers are insufficient. The proceedings of the proposed board would be public.

Canadians Good Swimmers LONDON, Sept. 27.—William Henry is very pleased at the result of his tour in Canada. He says life-saving is bound to make great headway in Canada. He found everybody extremely quick. Whereas the course of training in England lasts for six weeks, at Timagami the candidates went thru the regime in two days.

Veterans' Land Claims. OTTAWA, Sept. 27.—During the last fiscal year the interior department issued 527 certificates for a total of 1,639,280 acres, but at the close of the fiscal year only 345 veterans had located upon 110,400 acres. Of these 166 located in Saskatchewan and 179 in Alberta.

J. W. Wilkinson, secretary-treasurer Ohio Brass Co., is in the city in connection with supplying the insulators for the hydro electric power line.

Grayson Smith, for defendant, Webb, A. J. Keeler, for plaintiff, contra. Order made postponing trial to January sittings, and for the issue of commission asked. Costs in case.

Hamilton Bridge Co. v. General Construction Co.—H. Elmer, K.C., for defendants, moved to stay action on the ground of other proceedings pending in which same relief is claimed. H. M. Mowat, K.C., for plaintiff, contra. Reserved.

Chicetto v. City of Guelph—R. R. Waddell, for plaintiff, moved for leave to serve jury notice. F. Aylesworth, for defendants, contra. On notice of being withdrawn leave given to defendant to move for judgment. Costs to defendants in any event. Gladman v. Cobalt Development Co.—C. J. Holman, K.C., for plaintiff, moved for judgment. Grayson Smith, for defendant, contra. Motion dismissed. Costs in the case.

Whaley v. Monk—T. A. Gibson, for plaintiff, moved for order for a writ in a foreclosure action. Order made. Whaley v. Worthington—T. A. Gibson, for plaintiff, moved for order for a writ in a foreclosure action. Order made. Lane v. McMillan—J. A. Milne, for plaintiff, moved for a final order of foreclosure. Order made.

Clemens v. Faulkner—F. McCarthy, for defendant, on motion to change venue from Guelph to Owen Sound. F. E. Brown, for plaintiff, contra. Judgment. It is not denied that the representation of the defendant and the age action, were made at Owen Sound, and defendant says he will require 8 or 10 witnesses, all resident at or near Owen Sound. The plaintiff says he will require 3 or 4, of whom 2 reside at Galt. The present seems eminently a case for trial at Owen Sound, and the venue is changed accordingly. Costs in the case.

Doherty v. MacDonald—J. R. Coda, for defendant, on motion to change venue from Welland to Ottawa. E. Knox, for plaintiff, contra. Order made changing venue from Welland to Ottawa. Costs in the case.

defendant, Hugh Halsted, contra. Reserved.

Douglas v. Greenberg—R. E. Waddell, for plaintiff, on motion to continue injunction. H. C. Macdonald, for defendant. At request of counsel motion enlarged until Oct. 4 prox. Injunction continued meantime.

Steindler v. MacLaren—I. F. Hellmuth, K.C., and J. Montgomery, for plaintiff, moved for an injunction to restrain the defendant from acting or assuming to act as president of Peterson Lake Silver Cobalt Mining Co., until the next annual meeting of shareholders of the company, on Oct. 6 next. W. Nesbitt, K.C., and R. S. Robertson (Stratford), for defendant, contra. Reserved.

Figgott v. Martin—J. H. Ridd (Windsor), for plaintiff, moved for judgment on F. D. G. Campbell, for defendant, contra. Judgment for plaintiff for \$332.48 and interest from Aug. 7, 1908, with costs of action on high court scale. The moneys paid into court by defendants, with their defence, to be paid out to plaintiff.

Before Riddell, J. Armstrong v. Ross—B. H. Ardagh, for plaintiff, on appeal from report of local master. H. Cassels, K.C., for defendant, contra. Stays suit to come on before the judge in his room some morning soon, at 10 a.m.

Divisional Court. Before Meredith, C.J.; MacMahon, J.; Testard, J. Pigeon River Lumber Co. v. Moorling—H. Cassels, K.C., for the defendants, on appeal from judgment of British Columbia, J., of Jan. 6, 1909. I. F. Hellmuth, K.C., for plaintiff, respondent. Judgment. The right of the respondent company to recover is to be determined on the assumption that its works, for use of which part of its claim is made, were constructed without lawful authority, for the appellants' counsel preferred to have the case dealt with on that assumption rather than have the province to confer the right to construct them dealt with by the court, his argument being that even if that assumption be made there having been, as he contended an express agreement by the appellant to pay for the use of the works, and he having been permitted to use them on that basis, the respondent company is entitled to recover. There was ample evidence to establish an agreement on the part of the appellant to pay for the use of the works, and the respondent company. He had used them for the two previous years without any objection being made to the company's right to compensation for the use of them, and arrangements were made for the use of them for the year 1908. The appeal on this branch falls and the appeal as to the counter-claim must be dismissed. The appellant must pay the costs of the appeal.

Before Mulock, C.J.; MacLaren, J.A.; Clute, J. McGregor v. Van Allen—W. E. Middleton, K.C., and G. Kerr, for defendant, appealed from the judgment of Latchford, J., of March 8, 1909. G. Lynch-Staunton, K.C., for plaintiff, contra. Plaintiff, manager of Regal Shirt Co., formerly a salesman in defendant's employment, working on an agent's commission, was ordered to recover \$125.81. Defendants denied liability and averred payment of all that was due plaintiff. At the trial judgment was given for plaintiff in amount of commissions payable to plaintiff. Further directions and costs of trial and reference were reserved until after report. Defendant's appeal therefrom argued and judgment reserved.

Before Mulock, C.J.; Clute, J.; Riddell, J. Rathbone v. Michael—J. Bicknell, K.C., for plaintiff, moved to set aside the appeal of the defendant and the Methodist Church, from judgment of an official referee, a mechanic's lien action, argued on April 8 last, and on which judgment was reserved. G. Lynch-Staunton, K.C., for defendant, and Methodist Church, contra. Reserved.

Coughlin v. Farrell—M. Wilkins (Arthur), for plaintiff, appealed from judgment of the County Court of Wellington, dated 6th April, 1909. J. M. Kearns (Arthur), for defendant, contra. Appeal allowed with costs. Cooper v. James—J. D. Montgomery for defendant James, appealed from judgment of Latchford, J., dated May 4, 1909. E. M. Young (Pictou), for plaintiff, contra. Appeal dismissed as to the question of apples and motion enlarged till Wednesday next to permit evidence as to barrels being given. G. Lynch-Staunton, K.C., for Light and Power Co.—H. D. Gamble, K.C., and F. L. Smiley (New Liskeard), for plaintiff, appealed from the order of Meredith, C.J., dated 1st April, 1909. R. McKay, for plaintiff, contra. The order now appealed from was made on an appeal from the report of F. Manion, Judge Valin of March 25th, 1909, and allowed the appeal from the report with costs and varied the report by substituting in the report the prices in question are in the highway and the wires strung there unlawfully, and granted an injunction against their removal, and the injunction not to issue for a year to permit legislation to be applied for if defendants are so advised. The appeal therefrom not concluded.

Court of Appeal. Before Moss, C.J.O., Osler, J.A., Garrow, J.A., MacLaren, J.A., Meredith, J.A. Dewey v. Dewey—G. Lynch-Staunton, K.C., for plaintiff, appellants. A. M. Lewis (Hamilton), for defendant, respondent, contra. Plaintiffs, a company incorporated to carry on the ice and coal business in the City of Hamilton, bought from defendant the coal business formerly carried on by Daniel Dewey for the sum of \$10,000. One condition of said sale was a covenant by defendant that he would not be interested in or carry on any business of dealing in ice, fuel or any other commodity for ten years within a radius of thirty-five miles from the City of Hamilton. Plaintiffs alleged that defendant in violation of this covenant had entered into an agreement with another party of firm or company in the City of Hamilton, known as the Dewey Company, and has canvassed plaintiff's customers, and they claim \$10,000 damages. At the trial judgment was given for the plaintiffs, and referring to the local master at Hamilton to ascertain and assess the damages plaintiff had sustained. The said master assessed the damages at \$5000. Defendant appealed therefrom and his appeal was dismissed by Mr. Justice and on his appeal to a divisional court therefrom the damages were reduced from \$5000 to \$32. Plaintiffs now

Before Moss, C.J.O., Osler, J.A.; Garrow, J.A.; Meredith, J.A.; Riddell, J. Auerbach v. Hamilton—J. Bain, K.C., and F. B. Mackenzie, for defendant, appellant. R. U. Macpherson, for plaintiff, respondent. Appeal by defendant from order of Mr. Justice Clute of 29th January, 1909, upon the application to him for judgment in an action for the consolidated rules in an action for \$2400, interest on \$40,000, or 400 shares in stock of Canadian Oil Co., acquired by plaintiff from defendant, by appeal defendant to defend the action \$2446.55 before a certain day and that on condition that he pay into court in default his appeal be dismissed. Appeal argued and judgment reserved. Robinson v. Morris—J. B. Mackenzie, K.C., for plaintiff, appellant from a judgment of a divisional court affirming the judgment of Magee, J. C. J. Holman, for defendant, T. A. Gibson for the Town of North Toronto. The action of the plaintiff was to recover damages from defendant, a constable who in the discharge of his duty and pursuant to a warrant duly issued by Peter Ellis, being the above named plaintiff, appellant, and delivered him in the custody of the common gaol of the County of York, on 28th March, 1907. Defendant admits in his evidence that he was guilty of the offence charged, and that he was convicted, and that the defendant Morris had to do with the matter was pursuant to the warrant. Defendant was convicted in January and was not immediately committed to the gaol, but was given time to make an appeal which he expressed his intention of doing, but was arrested and committed in March, and is the trespass complained of. Appeal not concluded.

If you are a reader of The World, you have noted the extent of our operations. We know our business, and can take the measure of a real estate proposition, its merits, its values and possibilities thoroughly. That is our business. Let us say right here that there is more genuine value and greater speculative opportunity, amounting to practical certainty, that these lots will double, treble and quadruple in value, than in any proposition we have handled during 1908. Look at the price—

Lots \$100 Each

One-third cash, One-third in 1 Year, One-third in 2 Years

We do not think it necessary to-day to point out in detail the rapid growth of the Twin Cities. Their position is national, and only national collapse can remove the iron-bound security of your investment. We can to-day assure you that some of the purchasers already include shrewd Toronto merchants and manufacturers. We have had applications from as far west as Winnipeg.

You Can't Make a Mistake

We repeat that we believe within two years, when the final payment falls due, that these lots will have increased in value from \$300 to \$1000 each. Send for booklet and information. As established real estate brokers we will advise you.

'VAN STRAUZENIE' SUNK CAPT., MATE, COOK, BROWN

Neglect To Display Signal Lights
Alleged Cause for Collision
With Steamer.

BUFFALO, Sept. 27.—Out of the darkness which overlay Lake Erie off Dunkirk early to-day dented the schooner T. Van Strauzenie straight into the course of the steamer City of Erie.

There was a crash and shrieks from three persons who will never call out again. Capt. John Corson of Hamilton, Ont., of the sunken schooner; Mate James McCallum of Toronto, and an unknown woman who cooked for the crew of four. Thomas Hollis and Thomas Garner, two seamen, pulled from the wreckage by the hands of the City of Erie, were saved to tell their half of the tragedy.

The Van Strauzenie, owned by the Erie Coal Co., was sailing light from Port Colborne to Cleveland for a load of sand. Capt. McAlpine of the passenger boat had turned overboard, clinging to a bit of drifting wreckage. But suddenly, dead ahead, the pilot perceived a dark shape take form out of the night.

Momentum Caused Collision. The two vessels must have been at least a half mile apart at that time, but also the pilot signaled to reverse the engines, such was the momentum of the City of Erie that she crashed prow to prow into the coming schooner.

The Erie's boats were lowered immediately and one seaman was picked up within the first few seconds of the search. It was nearly half an hour after that that the second sailor was discovered, clinging to a bit of drifting wreckage.

The steamer lay to in the vicinity of the wreck until dawn showed that it was useless to continue the search, and then proceeded on its course to Buffalo.

I am confident the collision was due to the negligence of the schooner in not properly displaying her lights, declared General Freight Agent H. R. Rogers of the Cleveland and Buffalo line, after a grilling examination of the captain, the pilot and other members of the crew of the City of Erie, as well as the two survivors of the wrecked vessel.

Bereaved Wife Had a Premonition of Disaster. The Van Strauzenie was a well-known craft in Toronto harbor, and cleared this port for Erie on Saturday last. It was a three-masted schooner, about 30 years old and could carry 750 tons of coal or 2400 bushels of wheat.

Capt. Corson lived at 242 North Wellington-street, Hamilton. He was born in Grimsby in 1843. He

Increased Public Buying Boosts Prices For Cobalts

Some Half Dozen Issues Participate in Movement Toward Higher Levels--Investment Stocks Firm.

World Office, Monday Evening, Sept. 27. A better undertone was apparent in the lower priced cobalt stocks in direct contrast to last week. The investment stocks were practically neglected in the trading, those were also buoyant.

There was no one stock specially selected for attention by traders. Transactions were pretty evenly distributed throughout the whole list, and were on a larger scale than during the recent past.

Of the lower priced issues Beaver, Silver Leaf, Little Nipissing and Chambers-Perland were largely dealt in, and made advances during the day. The buying of Chambers-Perland is understood to be mainly due to the rumor that London interests have been accumulating the stock. The shares to-day sold up to 50 cents during the morning session, but the demand was easier in the afternoon and the price sagged.

Little Nipissing advanced to 21 1/2, and was followed by Silver Leaf, which advanced to 15 1/2. The higher priced Cobalts, Kerr Lake exhibited considerable buoyancy, and sold up to \$2.20, making a new record at this figure. The price remained steady, despite some profit-taking, and closed at \$2.15.

Nipissing was higher than on Saturday at \$2.50, but eased off at the close. The Rose was quiet and inclined to sag around the \$3 mark. Crown Reserve opened at \$4.25 and advanced to \$4.50 during the session, but weakened later with offerings at \$4.25.

The market at the close was inclined to dullness, but buoyancy was held to be directly due to the participation of outsiders in transactions, and this imparted a strengthening tendency to many of the issues concerned. Prices at the present time are easily bought, and should the better demand continue a more satisfactory tone is probable during the remainder of the week.

Properties Sold. Mr. George Taylor, president of the Timiskaming and Hudson Bay Mining Co. has announced that that company has sold its Coleman Township properties to the Hudson Bay Mines, Limited, a three and a half million dollar corporation.

The new company pays for its claims in stock and the T. and H. B. Mining Co. the holders of the stock, place it on the market in the near future.

Another Find on Nip. Chas. Head & Co. of Toronto, the following wire from New York: The Nipissing Co. has been advised of another important discovery on its property, made last week. The new vein is 125 feet long and has been uncovered for 150 feet and ranges in width from two to seven inches. While no assay of the ore has yet been made, it is said to run rich in silver value.

Silver Market Steady.

VEINS ARE NUMEROUS IN HAND COVER WIDE AREA

R. H. GAMEY, M.L.A., BACK FROM CAMP GOWGANDA

Has Formed High Opinion of Its Future and Was Surprised at Extent of Development.

The aggressive campaign of development on the Bartlett Mines at Gowganda, which has centered principally on the block of four properties at the southwest end of the lake, has proved that there exists a veritable network of mineralized veins, many of which carry high silver values and add greatly to the known value of the mines.

It came more into the centre of the work what the company has designated as No. 2 vein. Around this several surface veins have been traced, and it is believed that the vein is going to be a shaft, and values gradually increased and rich ore is now being bagged, as sinking proceeds, at depth of 30 feet. This vein apparently is going to be a shaft, and values gradually increased and rich ore is now being bagged, as sinking proceeds, at depth of 30 feet.

Right under the bank house a vein has been discovered, and it is believed that the vein is going to be a shaft, and values gradually increased and rich ore is now being bagged, as sinking proceeds, at depth of 30 feet.

LITTLE NIP'S GOOD STRIKE.

View-Inspector S. D. Madden of the Little Nipissing Mining Company, interviewed at the King Edward last night re the reported strike on the property. Peterston Lake lease, said he was confident that the vein struck was rich in silver.

CASTOR BEANS RAISED AT COMFORTABLE PROFIT

German Rancher Has Been Reaping Goodly Crops in Southern California.

A novel industry, yet one which is said by its owner to be very remunerative on small capital, has been quietly carried on in Southern California for some years by a German rancher, who brought the secret, if secret it can be called, from Southern Europe years ago.

Castor beans are the sole crop grown by this German, and for their growing he uses nothing but the best of the soil, which owing to lack of water, nothing else will grow to good advantage, says the Toronto Magazine.

The work done on the beans had been all his own, with the aid of one or two men. During the summer months of the year he has been busy in the field from caring for a large barley field which he owned. The beans were much more profitable than the barley, and he has never received less than three cents a pound for his beans, and during one or two years the price went as high as six cents.

STRIKE ON RED JACKET TALK OF COBALT CAMP

Mineralized Area Extended by New Find--Active Development Inspired on Adjoining Claims.

COBALT, Sept. 24--(Special).--The talk of the camp now is the strike of rich ore on the Red Jacket property. Don't buy any stocks on sharp spurts such as that which occurred in Little Nipissing yesterday morning.

The World man had a talk with B. E. Cartwright, president of the Red Jacket, on Friday and also looked over the property. Mr. Cartwright was well pleased with the light outlook and seemed confident that the property would be a slipper in the very near future.

The find on the Red Jacket is another convincing evidence to the fact of the observation that faith and work are factors in a mining venture. Development work on the claim in it is being done with the utmost care.

GET DOWN TO BED ROCK

Shafting Will Be Resumed as Well as Thoro Trenching.

COBALT, Sept. 24--(Special).--Shafting will be resumed on the Silver Bar property at an early date. Since underground operations ceased a few weeks ago a large amount of technical work has been done.

A Judicious Move.

A young man was riding in a tram. He took the corner seat, and held in his hand an umbrella, which had been given him as a birthday present.

DIVIDEND NOTICES.

NOTICE is hereby given that a dividend of 6 per cent. for the three months ending September 30, 1909, and a bonus in addition of 9 per cent. for the same term, making a total payment of 15 per cent., will be payable on the 15th October, 1909, to shareholders of record on September 15, 1909.

METHODS OF FIGHTING PERENNIAL SOW THISTLE

An Oshawa Farmer Tells How He Killed the Pest—Weed Law Amendment Desirable.

The farmers must co-operate to destroy the sow thistle. But the government must penalize carelessness and look of appreciation of this weed's harmfulness.

Road allowances are fruitful sources of trouble. Why not have our roadsides all graded so that each farmer can run a mower over his side of the road twice a year?

What are our Ontario legislatures doing about farm progress? What value is a routine or a stereotyped pamphlet? Is the department of agriculture a conservator of the lands for the college alone or is the department strengthened the hands and the farmer?

There is one institution working away in the heart of the City of Toronto, that is doing a big work in developing boys along the right lines in a broad liberal education.

For a bad boy to develop from such education and interested working among the real things of life is next to impossible.

Accidents in connection with the operation of farm machinery are not frequent, but they occur often enough to warrant a little warning.

Ensilage cutting is an occupation now common, and protection against bursting flywheels can not be too great.

James MacBrien, inspector of public schools for Northern Ontario, died on Sunday at his residence, Prince Albert, Ontario, at the ripe age of 77 years.

THE SIMPSON COMPANY, LIMITED

Our \$23.50 Suit for Gentlewomen

LAST season we won very favorable distinction indeed for our Suits at twenty-five dollars. We aimed to produce a line of Suits at this price, which would stand pre-eminent as our ideal of what good tailoring and distinct simplicity should be. As many of our readers will remember, Simpson's twenty-five dollar Suits became a feature of the store's attraction, and few ladies who saw them but either bought one, or used them as a standard of value, in choosing suits at other prices.

This fall we have endeavored to duplicate this success of last season. We have followed our former methods with what success we ask you to judge. One thing we may vouch for—if the value was there last time at twenty-five dollars, it is here this fall, because in the struggle for terms the price has been brought to \$23.50!

Our \$23.50 Line for Autumn, 1909.

Materials—all wool chiffon Panama, lined with a union silk serge. The coat is long and strictly tailored. It has a cutaway front, the new panel effect on the sides, and tucked cuffs. Trimmed with jet buttons. The skirt is made semi-pleated. Colors black, wisteria and navy. A quiet, yet distinguished looking suit, such as a woman of refinement will thoroughly appreciate, yet at a very moderate price. In black this suit is very appropriate as a mourning costume, with self-covered buttons instead of jet. A very exceptional suit at \$23.50. All sizes, 32 to 42 bust measure.

Strictly Tailored Winter Coats at \$18.75

High-grade winter coats, of rich kersey cloth, in navy, green or black, semi-fitting back, shoulders and sleeves lined, high turn-down collar, and cuffs finished with velvet, finished with jet buttons. Wednesday, \$18.75.

Very Smart, Crisp Separate Skirts at \$10.00

Ladies' handsome skirt, of good crisp quality all wool black volle, made in 13-gore full flare style, trimmed around bottom with rows of black satin, finished with satin covered buttons. Wednesday, \$10.00.

Beautiful Selection in the Net Waists at \$5.00

Dainty and stylish waists of fine net, heavy Japanese silk lining throughout; trimmed with lovely guinea pure lace motifs, with raised crochet balls and bands of insertion, tucked yoke, collar and sleeves, finished with lace edging; white or ecru. Very special value. \$5.00

The Simpson Taffeta Skirt at \$5.00

Ladies' Taffeta Silk Petticoats, in new tailored effect; cut full; made with deep flounce; trimmed with self strapping and pin tucking; deep taffeta under-piece; colors black, navy, brown, green \$5.00 and grey; sizes 38, 40, 42. Also new styles at \$6.50, \$7.50, \$8.50 and \$10.00.

A Very Good Chance to Buy Fur-lined Coat Occurs Wednesday

By a good chance we mean splendid coats will be selling at three-quarters of their former price. We received that much discount on them, and you may have the saving. The coats are right, you may be sure of that, or we wouldn't offer them at all.

\$85.00 Coats for \$62.50.
\$65.00 Coats for \$45.00.
\$50.00 Coats for \$37.00.

10 only Fur-lined Coats, this season's very latest models, full 50 inches long, with sacque back; sleeves with cuffs. The shell on outside is made from very fine French broadcloth, and handsomely tailored with self strappings. The linings are the very finest procurable, the imperial lock squirrel being exceptionally dark, and finished with small tails; colors dark green, navy, brown and black; mostly mink and sable collars; three only lined with imperial lock squirrel; fine, dark, natural Canada mink collar and revers. Regular price \$85.00. Wednesday \$62.50.

Three only lined with imperial lock squirrel, with natural Alaska sable collar and revers. Regular price \$65.00. Wednesday \$45.00.
Four only, lined with best May hamster, fine western sable collar and revers. Regular \$60.00. Wednesday \$37.00.
EXTRA SPECIAL MINK MUFF SALE.
25 only Good Natural Canada Mink Muffs, large empire shape; some have six stripes, best elderdown beds and satin lined, with silk safety cord. Regular \$22.50 and \$25.00. Wednesday \$17.50.

Pretty Dress Silks at Popular Prices

WE always did manage to procure the prettiest of silks in all lines, even the least expensive. Wish we could show you our dress silks for this season's evenings waist and party gowns. Some of them are costly, but thousands and thousands of yards have been bought at rock bottom prices because of the size of our orders. Wish you could see them—but why can't you see them? Come in and we'll show them to you. Never mind about being ready. Come and make your mind up about colors.

Palette de Soie, a beautiful plain, soft, smooth weave, with bright finish, in a full range of colors, for both street and evening wear, at 75c yard.
Rich Satin Messaline, superb quality, sheer and lustrous, complete color line, in light and dark shades, as well as ivory and black, at 75c yard.
40-inch Black Paillette Dress Silk, a rich, heavy weave, excellent wearing quality, glove finish, deep jet black. Special Wednesday at \$1.25.
French Liberty Duchesse, a regal draping quality, high lustre, in full range of all the new fall street and evening shades, at 75c yard.

The Fashionable Dress Goods and Suitings for Fall Wear

EVERY new and handsome weave and color is ready for your inspection. Cultured taste has been displayed in the selection of qualities in the various fabrics. We present an exceptional choice of those lovely innovations in color as foretold in the Fashion centres almost a year ago. It takes months to weave, dye and finish some of the fabrics exclusively shown by this store. Come and choose.
Queensly Broadcloths, in soft pastel shades. Per yard, \$1.25 and \$1.50.
Satin Prunella Cloths and Satin Velours Henriettes. Per yard, \$1.00, \$1.25 and \$1.50.
Smart Diagonal and Wide Wale Weaves. Per yard, \$1.00, \$1.25 and \$1.50.
Wide Wale Coating Chevrets, for fashionable long coats. Per yard, \$1.25 and \$1.50.
Evening Wear Fabrics, in uncrushable silk and wool. Per yard, 85c, \$1.00, \$1.25 and \$1.50.
Silk Meteor and Ripple Crepes. Per yard, \$1.25 and \$1.50.

Heard on the Elevators

"When I go back to St. Louis and tell them about this Simpson Dress Goods Department up in Canada, they will want to start a free trade agitation right straight."

The lady laughed. "If I wasn't so stout already I might pass the customs officer with a few yards of that broadcloth about me somewhere, but I guess my principles are too strong to permit of anything like that now."

She sighed and laughed at the same time in the way those humorous, stout, good-natured American women will.

Our Dress Goods Department is a wonder; it has been our special pride for well nigh 30 years. Visitors notice it more than Toronto people, perhaps; it strikes them by comparison with other cities. Toronto people are used to it, but they enjoy the advantage of one of the finest Dress Goods Departments in the world, all the same.

Living Rooms the Feature of the Modern Home and Living Room Furnishings Are the Feature of This Stock.

SOMEBODY has said that The Heart of a House is the Hearth. We go further and say the Heart of a House is the Living Room, Hearth and all.

The place where the family gathers to read, play, talk, rest, lounge, where "company manners" are unnecessary, where thought and feeling have full frank expression, and where a man may relax of an evening amid surroundings that make him realize what he is living and fighting for—that's the kind of a room we call the Heart of a Home, and we feel that we haven't given it one bit too much attention.

For every conceivable development of the Living Room idea would seem to be here. New ones, however, are being suggested by our staff every day. If you have an inspiration of your own, it will help you to have it materialized here in the department, where the grouping of fabrics and colors can be done to best advantage. If you like we will make a sketch of any scheme you have in mind and show you how it looks on paper.

The materials needed for living rooms are here in utmost profusion. (Did you see our Living Room out at the Fair?) Come to the department and we'll show you. Realize that here in the central location of Toronto is a practically new store with an immense floor given up to modern house-furnishings, and also consider this fact—good taste often saves expense.

FORTIERE CURTAIN MATERIAL.
A new rep, 50 inches wide, in various colors, all good, but the buff shade particularly so; the yarn very tightly spun, overcoming the only objectionable feature in using reps (the tendency to "drop"); looks well used plain, trimmed with galoon or decorated with stencil.

LEATHER FOR CHAIR COVERS.
New Leathers, hand finished, in antique Spanish effects, tanned by a new process, which leaves the leather particularly soft and pliable. Per skin, \$1.50 to \$2.00.

FOR THE LIVING ROOM FLOOR.
Oriental Rugs, or good reproductions of them, in various sizes, from hearth to full room size; the real thing, from \$18.00 to as many dollars as you care to pay; the reproductions are so good that we will be glad to take them into the Oriental section and show them side by side. Of course, they cost much less than the real.

CASEMENT CLOTHS FOR WINDOW CURTAINS.
The best assortment of Printed Casement Cloths and serims in Canada, the world's biggest and best mill is represented in our stock. You will be

amazed at the variety of high-class designs in these very artistic fabrics. Many of the patterns look like splendidly executed stencil work, which would cost ten times the price we ask. Per yard, 25c and 30c.

CURTAINS AND CUSHION COVERINGS.
Dutch cretonne, block printed, in Amsterdam, quaint designs, rich in color harmony, and decidedly different from English, American, French or German goods by the yard, 35c and 50c; Curtains, per pair, \$6.00; large Table Covers, \$1.25; medium size, \$1.50; small size, \$1.00; Cushion Covers, 25c and 35c.

MUSLINS FOR SASH CURTAINS.
Madras Muslin, made in Scotland, of course, in creams or multi-colored; many stained glass effects. The quality we are showing at 65c per yard, both as to texture, design and coloring, is remarkably good value.

THE LIVING ROOM FLOOR ITSELF—HARDWOOD.
We are always busy laying hardwood floors, and are proud to know the reason for this is that our work is beyond criticism. We are more than particular regarding the materials used in the workmanship. Let us quote you prices for this class of work.
