

## RACE DEVELOPMENT IS BY EVOLUTION

Occult Lecturer Expounds  
Doctrines of Progress—  
Believes in Canada.

"A great many people are anxious to be occultists," said Mrs. Maude Lambert Taylor, the famous English theosophical lecturer, to a large audience which gathered last evening in Belmont Hall, 1217 St. Clair avenue. "But," she continued, "few of these would-be occultists are able to forego their dinners and other comforts." Mrs. Lambert Taylor pointed out that the only real path to freedom of will was that of annihilation, a path fraught with much sacrifice and a quality higher than unselfishness. She stated that the dreamy unpractical mystic was, as a matter of fact, a menace to the world.

Touching upon the problem of the coming sixth sub race of the Fifth Root Race, the lecturer stated that the United States had been considered as the ground of development, but that was now considered rather problematical in view of the fact that that country had become chained to a force which was detrimental to the growth of higher ideals, and this being the case, growth of a higher race in that country would be impeded. Hence the importance of any nucleus being formed there, although such a nucleus might be possible in Canada. The chief factor of the evolution of that race would be the intellect, as intellect had been the chief factor in the evolution of the fifth sub race, the Germanic.

During the course of her address the lecturer traced the course of evolution of the soul thru the varied phases of experience, in which desire and lower forms of action governed, to that phase in which the higher aspirations of the soul were in control, and making them subject to the greater will. This was a state attained only through a process of self-examination and self-purification—purification of the physical as well as all other bodies. After the determination to purify the physical body came the determination to purify the other selves. And the purification of these selves was brought about thru a transmutation of the lower desires into higher channels, thus creating a force of aspiration as against desires. And, as our efforts toward devotion and universal love become more pronounced, we also did life itself become more and more worth while and easier to carry to the goal of perfection. Today brotherhood was on everybody's lips, but its manifestation was in the heart of but the very few. This was the practical application of the principle of universal brotherhood and love. Having attained this conception and realization of these principles, release from the slavery of the mind to passions and desires would be quickly accomplished.

## SAYS DRURY HAS BROKEN PLEDGES

Major Tolmie, M.L.A., Criticizes Government's Failure to Abolish Patronage.

Windsor, Ont., Dec. 8.—The Drury government must answer for its broken pledges, according to Major Tolmie, M.L.A., of Windsor, especially with regard to its failure to abolish patronage as promised the electors during the 1919 U.F.O. campaign.

Not only is the government to be held to account for its broken pledges, but the local member also declares that the manner in which certain government departments have been administered will furnish heavy ammunition for both opposition parties immediately the session begins.

Score Clarke Appearances.—Major Tolmie touched particularly upon the appointment of J. B. Clarke of Chatham to the registrarship of Kent county. "Mr. Clarke's appointment," said he, "is an injustice to the returned soldiers, who were capable of undertaking such an office and who needed the work."

Major Tolmie also expects that the question of Hon. Mr. Ryan's administration of the Ontario temperance act along the border will come in for a special review.

### LEFT HUGE ESTATE.

Ottawa, Dec. 8.—An estate valued at \$118,737.73, the whole of it in Ontario, is revealed by the will of Capt. Henry Havelock Cameron, a prominent citizen, which has been filed for probate in the surrogate court. Capt. Cameron succumbed on Nov. 23 last, following a shooting accident at the Fish and Game Club on Sept. 7 last.

## LODGE GIVES DEGREES AND ELECTS OFFICERS

Peerless Encampment, No. 104, conferred the Golden Rule degree upon a class of five at their meeting last night in Colvin Hall, West Dundas street. It was also their annual election of officers, the following being chosen: Chief Patron, I. J. Maude; senior warden, J. Thompson; high priest, C. Covell; recording secretary, H. L. Shoemaker; treasurer, A. L. Slater; junior warden, M. J. Patterson. District Deputy C. Allen, Past District Deputy W. L. Lee and other district officers were present. Excelsior Encampment, No. 88, visited in a body.

## DISCUSS REMEDIES FOR UNEMPLOYMENT

Central Council of Ratepayers  
to Confer With Mayor—  
Controllers Speak.

The unemployment situation was discussed from all conceivable angles, and many suggestions were received by the central council of ratepayers at their meeting in the city hall last night. It was finally decided to select a committee to wait on the mayor and see what concerted action could be taken.

D. Moncur made a suggestion to the effect that all Toronto employers be asked to pledge themselves to give ten per cent. of their total employment to returned soldiers. Another suggestion was that each employer should give one day's work each week to a man. In addition to the labor he actually needs to carry on. Rev. John Cockburn said that it was better to give men work than charity.

It was decided to petition the Dominion government to secure the co-operation of the provinces and municipalities in a scheme to relieve the situation. Work and improvements of various kinds could be commenced, which would give employment.

Con. Maguire spoke of the Hydro deal and urged the central council to exert all its influence to get the public to vote for the taking over of these utilities.

He also said that action had been taken to relieve the unemployment situation, and was confident that something definite would be done soon.

Controller Gibbons said that these public utilities taken over would be self-sustaining. A letter from W. Chapman of the Riverdale Ratepayers' Association was received, wherein Mr. Chapman announced his intention of resigning from the central body because, he said, it was ridden and controlled by The Evening Telegram, and that it was impossible for a member to get his opinions heard unless they coincided with that paper's. This was directed at Chairman George Shields, who, at the previous meeting of the body, had refused to permit a vote on the question as to whether a resolution should be made asking the Hon. Honeyford's tax reform motion should go to the people at the municipal elections. At that time a number of the members had walked out. The meeting, however, passed a vote of confidence in the chairman.

## NET COST OF WAR WAS 24 BILLIONS

Secretary of U. S. Treasury  
Fixes Price of Hostilities  
to Country.

Washington, Dec. 8.—The net cost of the war to the United States government was fixed by Secretary of the Treasury Houston today at \$24,010,000,000. This, he said, represented the "adjusted" expenditure of the treasury, excluding all other outlay which had no relation to the actual prosecution of the war during the period from April 6, 1917, to June 30 last, which, he said, covered the expenses of the government's war-time fiscal operations.

Total expenditures by the government during the period covered, excepting only postal disbursements from postal revenues were \$38,830,812,895, treasury figures showed. Of this amount \$16,078,844,097 was obtained in taxes and revenues from sources other than borrowed money.

Mr. Houston said a deduction of \$9,523,000,000, the amount loaned to foreign governments, should be made from the grand total since these loans will be repaid and consequently cannot be charged as an actual expenditure. The secretary made other deductions aggregating approximately \$4,500,000,000, which he said, represented the excess cost of actual government operations for the three years and three months over what they would have been in normal times.

A special measure giving the complete expenses of the United States peace commission during its work abroad was transmitted to the senate today by President Wilson.

Total expenditures amounted to \$1,651,191.09 from Dec. 1, 1918, to Dec. 4, 1920. The amount actually paid out was \$1,703,712.08, but repayments and gains in exchange reduced this by \$52,520.97.

## WHOLE OF ARMENIA HAS GONE BOLSHIEV

Constantinople, Dec. 8.—Unconfirmed reports received here say that the whole of Armenia has gone Bolshiev. The reports add that Soviet Azerbaijan has been ceded to Soviet Armenia and that it is expected Georgia will follow Armenia's lead and adopt Bolshievism.

## Japan and Brazil Recognize The New Mexican Government

Mexico City, Mex., Dec. 8.—Japan has recognized the new Mexican government, according to a dispatch received from the Mexican minister in Tokyo and made public tonight by the foreign office.

The foreign office also announced officially that Brazil had recognized the government.

## ONTARIO STEER WINS BLUE RIBBON EVENT

Matchless Pete, Owned in  
Elora, Gains Classic Prize  
of Winter Fair.

Guelph, Ont., Dec. 8.—(Special.)—Ontario and Wellington County achieved a triumph over western Canada at the Winter Fair today, when "Matchless Pete," a grade Shorthorn steer, carried off the grand championship of the show, well known as the blue ribbon event of the week. He defeated the champion Hereford steer, "Greenwood Day," exhibited by the University of Alberta, in a great contest, and when the judges, after deliberating for some time over the two animals, finally placed the championship ribbon on the broad back of "Matchless Pete," there was great applause. The grand champion is the property of John Kofas & Sons, R.R. No. 3, Elora, and was bred and cared for by one of the sons, this being the first steer he ever fed for exhibition purposes.

The judges were unanimous in their decision, and no fault was found with the largest of several years past. It is certainly a handsome steer, and compares very favorably with the winner of previous years. The judges were somewhat disappointed, as they expected to carry off the honors with their steer, "Greenwood Day," but reserve champion was the best he could get here.

There was a tremendous crowd in the buildings all day today, the attendance being the largest for several years past, and while the judging was in progress every available seat and point of vantage around the arena was occupied. The handsome black Aberdeen Angus cattle and the grades and crosses occupied the attention of the judges and kept them busy all forenoon, the grand championship not being awarded until after 12 o'clock.

Alberta Type Is First.—In the Aberdeen Angus class, for years under one year, the championship went to Alberta type, exhibited by the University of Alberta. Lowe & Harkin of Elora, with Middlebrook Prize 31st, captured the championship for heifers under one year old.

Every available bit of space around the ring was filled during the afternoon, when the Clydesdale class was judged. The imported and Canadian-bred horses were pitted against each other for popular favor, and the champions were not awarded until tomorrow.

The graceful Hackneys occupied the centre of the arena, and the cheering crowd went fairly wild when the champions were awarded as follows: Hackney for stallion—Warwick Model owned by J. Murray, Toronto.

Champion mare—Models Queen, Crowe & Murray, Toronto.

## MAY REQUEST U. S. TO CURB DE VALERA

British Government Considering  
Doing So in Interests  
of Friendship.

London, Dec. 8.—The British government is considering whether it will request the United States government, in the interests of Anglo-American friendship, to take official notice of the anti-British activities in the United States of Professor Eamonn de Valera, "president of the Irish republic," according to a statement made today by Andrew Bonar Law in the house of commons, in response to questions.

Mr. Bonar Law said: "I think there is no doubt that we would, from the diplomatic point of view, have the right to take the course suggested, but it is not a question of a right but of what is expedient."

Responding to another query, Mr. Bonar Law said: "Undoubtedly a very severe campaign is being conducted in America against this country, but so far we have found the Americans can be trusted to look at the matter from a reasonable point of view."

## Piles Cured in 6 to 14 Days

Druggists refund money if OINTMENT fails to cure itching, blind, bleeding or protruding piles. Instantly relieves itching and burning. Plan for a restful sleep after first application. 60c.

## HAPSBURG INTRIGUES WILL BE INVESTIGATED

Berne, Dec. 8.—The federal authorities have instituted an inquiry into the activities of former Emperor Charles of Austria in Switzerland, following the exposure of alleged Hapsburg intrigues by the Socialist newspaper, "Tages-Anzeiger."

It is reported it has been ascertained that Charles frequently received Count Leopold von Berchtold, former Austrian foreign minister, and other monarchists at Prangins or Fribourg, where a Hungarian monarchy has been established. The inquiry is being continued.

## SIR ADAM FOR ENGLAND.

London, Ont., Dec. 8.—Sir Adam and Lady Beck will sail for England from New York Sunday or Monday next to spend Christmas with their daughter, Marion, who is studying in the old land. Sir Adam will return to Canada at the first of the new year.

## MONTREAL MAN INHALES GAS.

New York, Dec. 8.—The body of a man who died last night from inhaling gas at a studio at 6 East 14th street was identified tonight as that of Charles McDonnell, aged 30, writer, of 105 Classe street, Montreal.

## ESCAPE LUXURY TAX.

Brooklyn, Dec. 8.—N. F. Daley, bursar of the Ontario hospital, has been notified by the Dominion government that the Ontario provincial institutions are not subject to the sales or luxury taxes on their purchases.

## HEADS MYSTIC SHRINE.

London, Ont., Dec. 8.—At the annual meeting of the Mystic Shrine, held here today, A. J. McGinnis of London was elected grand potentate, succeeding Major John Stevenson of St. Patrick.

## MERCIER GOES TO ROME ON VISIT TO THE POPE

Paris, Dec. 8.—Cardinal Mercier, primate of Belgium, left Paris for Rome at two o'clock this afternoon. The official reason for the visit. The intrapart says he is to take part in celebrating the 15th centenary of St. Jerome, but Cardinal Mercier also will discuss with Pope Benedict the status of the parishes in Eupen and Malmédy.

The people of Eupen and Malmédy recently voted in favor of Belgian sovereignty, but the districts have not yet been permitted by the Holy See to join the diocese of Liege.

## FIUME GROWS TIRED OF D'ANNUNZIO RULE

Italian Government Wants  
Populace to Be Guaranteed  
Self-Determination.

Rome, Dec. 8.—Members of the chamber of deputies who have returned from Fiume have reported to Premier Giolitti the impressions they received from their visit there, insisting upon the necessity of a quick settlement of the problem in order to avoid unforeseen incidents like that of the destroyer Decio and the submarine-chaser P3, which have gone over to d'Annunzio, threatening to complicate matters.

Meanwhile the government has received reports from Fiume to the effect that the Socialist, Catholic and democratic parties do not recognize the authority of the government, and that the people there must be left free to choose their own form of government. The reports add that a large majority of the population of Fiume are ready to accept the treaty of Rapallo, only wishing to settle the question of the port of Barossa which they think cannot be separated from the remainder of the port of Fiume.

The people of Fiume also are anxious to emerge from the abnormal situation, which for 15 months has cut the city off from commercial activities. The government difficulty seems to be that the Italian government does not wish to recognize the regency without positive guarantees that before long the population of Fiume will be allowed freely to express their self-determination, and that the regency will not take such action that once the regency is recognized d'Annunzio shall not continue a perpetration of his military rule.

## BRITISH TRADE RETURNS SHOW A BIG INCREASE

London, Dec. 8.—(By Canadian Associated Press.)—British trade returns for November show exports to be over 119,000,000 pounds sterling, an increase of \$2,000,000, and imports to be 114 1/2 million pounds sterling, an advance of 715,000 pounds sterling over the corresponding figures for November, 1919. There is a drop of 10 million pounds sterling in raw materials value, but to counterbalance this, a rise of 12 million pounds in the value of manufactured goods for the month.

## REFUSE INCREASE OF MINERS' WAGES

Operators Will Do Nothing to  
Reopen Award of Coal  
Commission.

Philadelphia, Pa., Dec. 8.—While willing to adjust any individual cases of injustice or inequality within the present agreement, representatives of the anthracite mine operators today notified the mine workers that they were against granting any general additional wage increases, a \$6 minimum day rate and an universal eight-hour day for the hard coal workers, was made known to the miners here late today at an executive meeting of the anthracite miners and operators, which had been holding almost continuous conferences during the last three days.

Pending a meeting of the operators to make a formal answer as to their position on general wage increases, the miners' representatives will make their own reply at a special meeting of the mine workers' general scale committee, called for next Saturday at Hazleton, Pa.

To Cure a Cold in One Day  
Take Grove's LAXATIVE BROMO QUININE TABLETS. The genuine bears the signature of Dr. W. W. Grove. 50c.

## DISTRICT OF HUNGARY PROCLAIMED REPUBLIC

Vienna, Dec. 8.—The Funfkirchen district, 105 miles southwest of Budapest, which was awarded to Hungary by the peace treaty, has been declared the republic of Baranya under the protection of Serbia, which promises military aid in the event that Hungary attempts to occupy the district, according to despatches from Agram today.

## D'ANNUNZIO GAINS ANOTHER WAR VESSEL

Trieste, Dec. 8.—Another Italian naval craft passed to the d'Annunzio forces last evening—the submarine chaser No. 64-PN, stationed at Abbazia. The chaser was attached to the blockading squadron. The craft and crew were welcomed by the poet's legionaries in the same manner as the Bronzetti.

Replying to a letter from Cardinal Gasparri, the papal secretary of state, counseling peace and moderation, the d'Annunzio forces of Fiume city is loyal to Italy and desires to rejoin that country.

## HAMILTON

Hamilton, Dec. 8.—Instead of hiring 29 men in order to conform to the new legislation requiring that firemen be given the day off in winter, the fire, police and jail committee this evening recommended an additional 25 men be employed.

Christmas turkey the city makes Christmas worth-while, will cost in the neighborhood of 60 cents a pound this year. If predictions of poultry men are correct, the World interviewed the more serious department of the Methodist Church, declared that in western Canada many of the miners.

Speaking in Centenary Church this evening, Dr. Manning, secretary of the home missions department of the Methodist Church, declared that in western Canada many of the miners.

Main 79-6. Suite 33

## MUST UNDERSTAND DOMINIONS' IDEAS

Times Says They Have Not  
Been Grasped Yet by  
British Statesmen.

London, Dec. 8.—Discussing the visit of the prince of Wales to the city yesterday, the Times remarks that it is almost a year ago since he spoke at the Mansion House, after his return from Canada.

The burden of his speech at that time was the change the war had made in the mutual relations between the various states of the empire, and he insisted that the old country must understand the stress and aspirations of the dominions.

Those truths, says the Times, have made their way into the consciousness of the British people during the past year, but they are not yet understood here in their full significance even by some leading statesmen of those islands, as witness the antiquated ideas of the government on questions which have been evident in recent contributions to the Irish question.

## WISE OF PASSPORTS REFUSED BY GEDDES

Special Commission of Com-  
mittee of 100 Forbidden  
to Visit Ireland.

Washington, Dec. 8.—The British embassy today refused to vize the passports of the members of the special committee selected by the "Commission on Conditions in Ireland," now in session here to visit Ireland to study conditions there at first hand.

This means that the members of the committee will not be permitted to visit Great Britain. The decision of Sir Auckland Geddes, the British ambassador, not to vize the passports was made known in a letter sent to Wm. MacDonald, secretary of the commission, by R. L. Craigie, first secretary of the embassy.

The letter follows: "In application for vizes of passports of certain gentlemen whom your commission have designated as their representatives to proceed to the United Kingdom to investigate conditions in Ireland. I am directed by His Britannic Majesty's ambassador to inform you that the proposed visit to British territory is not agreeable to His Majesty's government. Vises will, therefore, not be affixed to the passports in question. The passport office in New York has been instructed accordingly."

Case Well Considered.—This decision has been reached after full consideration of the circumstances of the case, and in view of the fact that the ambassador's letter of Oct. 23, in which he informed you that he was unable to believe that the truth could be established unless there had been a period of quiet in Ireland and then only by persons of the greatest experience of the laws of evidence with power to compel the production of books, papers and records, and that any other form of enquiry would, in his opinion, lead only to a mass of statements unsupported by facts being made for propaganda purposes.

Sir Auckland Geddes has ventured to hope that the full meaning and significance of these observations would have been clear.

In view of the fact that the ambassador's letter to you of the 23rd October last appeared in the press, I am to inform you that this letter will be published."

## NO SETTLEMENT YET ON GERMAN CABLES

Disposition Not Solved by International  
Communications Conference.

Washington, Dec. 8.—Technical recommendations of the delegates of the five allied and associated powers, who have been in session here at the preliminary international communications conference, to be submitted to the general conference of all nations for approval, as made public here today thru the state department, show that disposition of the former German cables seized by France, Great Britain and Japan, in 1914, still remains unsolved. This was one of the principal questions for settlement with which the conference was charged.

Resolutions adopted by the delegates looking toward the improvement of communications between the principal allied and associated powers, are expected to serve as a basis for continued efforts along that line.

## QUITS GOVERNMENT POST.

Edmonton, Dec. 8.—H. R. Pearce, general superintendent of Alberta government telephones, has resigned. He will vacate the post next March to become chief engineer for the New Brunswick Telephone Company at St. John.

## HAMILTON

Hamilton, Dec. 8.—Instead of hiring 29 men in order to conform to the new legislation requiring that firemen be given the day off in winter, the fire, police and jail committee this evening recommended an additional 25 men be employed.

Christmas turkey the city makes Christmas worth-while, will cost in the neighborhood of 60 cents a pound this year. If predictions of poultry men are correct, the World interviewed the more serious department of the Methodist Church, declared that in western Canada many of the miners.

Speaking in Centenary Church this evening, Dr. Manning, secretary of the home missions department of the Methodist Church, declared that in western Canada many of the miners.

Speaking in Centenary Church this evening, Dr. Manning, secretary of the home missions department of the Methodist Church, declared that in western Canada many of the miners.

## MARITIME TOUR SUCCESS, SAYS LINDSAY CRAWFORD

Quebec, Dec. 8.—(By Canadian Press.)—The Ship Laborers' Hall was filled to capacity tonight to hear Lindsay Crawford, who arrived here today from Moncton. Mr. Crawford stated his tour of the Maritime Provinces was a success and it was only at Fredericton and Moncton that there was any disturbance. He affirmed that it was the Orangemen of Toronto who were responsible for it. He announced the Self-Determination League now counted 200,000 members in Canada.

Armand Lavergne told Mr. Crawford that if he or his family found Toronto too intolerant to continue living there, he would always find a home in the Province of Quebec and could even be elected to the legislature.

## AIM TO DEVELOP INLAND WATERWAYS

Congestion in Railroad Traffic  
in United States Must  
Be Relieved.

Washington, Dec. 8.—Importance of a studied and systematic development of the waterways of the United States as a means of relieving congestion in railroad traffic, particularly in bulk commodities, and of insuring more economic movement of export freight, was emphasized by speakers at the opening session here today of the national rivers and harbors conference. Secretary of War Baker told the congress the country faced a period when it must conserve to the utmost its transportation resources and facilities while Secretary of Commerce Alexander emphasized the importance of cheaper movement of export freight from the interior if the United States is to maintain an export trade commensurate with the carrying capacity of its new merchant marine. Both declared these necessities could be met only by a systematic development and use of inland waterways.

## FORECAST LIQUOR LAW CHANGES FOR QUEBEC

Quebec, Dec. 8.—Forecasts published today of the nature of amendments to the Quebec temperance act to be introduced at the next session of the Quebec legislature claim that under them beer and wine of full strength will be retailed thru government vendors, but that hard stuff will only be procurable on a doctor's certificate.

## Restricts Egyptian Area To Be Planted in Cotton

London, Dec. 8.—The sultan of Egypt, says a despatch to The London Times from Cairo, has signed a decree restricting by one-third the area to be planted in cotton in 1921. The decree also will prohibit the cultivation of cotton in the basin of the Upper Nile, except where there is irrigation.

## Frugal Years

FROM 1914 to date we have deferred extensions to the equipment of The Consumers' Gas Company because we did not feel justified in asking for capital to make these extensions. Canada had greater claim on citizens' investment funds.

These delayed extensions are now pressingly necessary.

We shall shortly ask customers to invest in our shares to provide capital for these extensions.

We have not paid more than 5.40% for capital issued in the past thirty years. We do not expect to get it for 5.40% to-day.

But we do expect to get it at a rate of interest that will not be much higher than that paid by the Dominion Government on its securities, because for seventy-two years we have never failed to earn or to pay our dividends.

THE CONSUMERS' GAS COMPANY  
OF TORONTO

## VIEWS BY BANKER REGARDING BUSINESS

Manager of Bank of Hamilton  
Expects Relatively Quick  
Recovery in Trade.

Hamilton, Dec. 8.—Some interesting opinions on present industrial conditions were offered by J. P. Bell, general manager of the Bank of Hamilton, in his address to the Hamilton Chamber of Commerce, to an audience of accountants, to whom he lectured here this evening.

It was pointed out by the speaker that while a depression had followed the American civil war, an analogous state of affairs was likely to follow the great war, that the recovery in the present instance would not take as it did then, a period of fourteen years. The transfer of goods was more rapid, hence a more speedy recovery to normal conditions.

We have left behind, for good and all, the high prices incident to the war. Mr. Bell said, and while he looked for many commercial disasters between now and next spring, he did not think they would be as serious as those of the past because the large concerns had made tremendous profits and laid by great reserves.

## SAYS MILLIONS STARVE IN CHINESE PROVINCES

Vancouver, B. C., Dec. 8.—In the five provinces of China where famine conditions prevail, natives are starving to death in thousands, according to W. H. Bird, Toronto, secretary of the Canadian Press Photographers' Association, who arrived here on the Empress of Asia. He believes millions will die from lack of food. Mr. Bird told of trees being stripped of bark and leaves for food, of parents throwing their children into the river rather than see them starve, and of families mixing poison with the last of their food and dying together.

## FULL MEMBERSHIP REFUSED TO WOMEN

Cambridge Declines to Follow  
Example Set by Other  
Universities.

London, Dec. 8.—Cambridge University today by a vote, of 804 to 712, refused women full membership in the university on equal terms with men. Most of the other universities, including Oxford, have already granted full membership to women, and the decision today means that women attending Cambridge University, who are present at the same lectures and take the same honors and examinations as the men, are still prevented from taking degrees.

Among the arguments employed by the opponents of the women are that the university would become overcrowded and that Oxford already regards having granted women full membership. Cambridge wants women to have their own university, with a charter enabling the granting of degrees.

## ROWELL STARTLES LEAGUE ASSEMBLY

Objects to Handing Over Vital Problems to European Statements.

Geneva, Dec. 8.—Fifty thousand Canadian soldiers under the sod in Europe is the price Canada has paid for the European statesmanship, which drenched the continent in blood.

Mr. N. W. Rowell, one of Canada's delegates to the League of Nations assembly, made this striking statement at this morning's session when he sharply attacked plans proposed for the formation of the technical organizations of the League of Nations, dealing with finance, health and transportation. These plans, the Canadian representative argued, tended to take such organizations out of the hands of the assembly, which should control them, and throw them under the influence of Europe thru the impossibility of the non-European nations sending their best men to three or four conferences annually.

Threat Startled Assembly. Mr. Rowell's energetic intervention in the debate took the assembly by surprise. Most of the European delegates gave no signs of recovery from their astonishment as the Canadian delegate concluded, but he was warmly applauded from all the other benches.

Debate on the subject had been opened by Dr. Nansen of Norway. It was based on the report of the committee on technical organizations. Dr. Nansen insisted upon the necessity of co-operation in these organizations by countries not members of the league. He called attention to the participation of non-members in previous financial conferences and other consultations, and pointed to the substantial aid they had given in the work of repatriation of prisoners of war.

Supported Rowell. After Mr. Rowell had voiced his views Gabriel Hanotaux, of France, took the floor and replied to Mr. Rowell's criticisms. These, the French representative argued, should have been made in committee.

Delegate Miller, of Australia, supported Mr. Rowell. He warned the assembly that it could not oblige the governments to take part in the working of these organizations, and that it had no means under the covenant to meet the expense of them.

Gustav Ador, of Switzerland, explained that it was proposed to set up these organizations with consultative powers only, the assembly losing none of its powers in so doing.

Lord Robert Cecil said he thought Mr. Rowell was mistaken in thinking the organizations would fall under the control of Europe. All the world must co-operate in all the league's work, he declared.

Not Meant as Attack. Replying to M. Hanotaux's interpretation of his remarks as an attack upon European statesmen, Mr. Rowell said he did not so intend them and that if any delegate so construed

his remarks he had no hesitation in withdrawing his words.

## DEPLORES CUTTING MILLIONS OF TREES

(Continued From Page 1.) busy with reforestation since practically all the best forests might be exhausted within 40 years, and considering that Canada's forests were one of her richest and finest natural resources, upon which her national wealth was largely depending, it was time to get busy and do something since the question of reforestation was of vital national importance.

In Sweden, the speaker continued, they had to do the same thing but it was not until 40 or 50 years ago that they began to realize that the question of the regrowth of the forests had to be tackled and since that time they had been experimenting and had now reached the point where they know exactly what they cut and grow year by year.

Modern legislation, Mr. Grauelin continued, had taken into consideration how different conditions were in different parts of the country and tried to apply laws according to these conditions. In Lapland, the northern districts of Sweden, it was ordained in 1873, that farm owners should not enjoy other rights to the woods on their farms than those of taking without previous official survey such timber as they might require for household needs and for fuel, and of appropriating, subsequent to official surveying and marking for the purpose of selling such timber in addition as could be annually felled without danger to the future preservation of the forests. In that way the farm forests which formed a very considerable section of the forests of the north, had been subject to regulations ensuring system to the lumbering there. The immense importance of that would be seen more clearly when it was remembered that those forests were situated in the immediate neighborhood of the Scandinavian Alps which rendered their preservation invaluable as protection against over-severity of climate.

Cut For Christmas. In the discussion that followed, Mr. Carruthers stated that he had seen many carloads of trees on the sidings at Hamilton, trees which were, no doubt, cut for Christmas, and he deplored the cutting of millions of young trees yearly for no other purpose than the Christmas celebration, adding that the time had now come when children might be educated on the knowledge of tree life and instructed that their firm would willingly give prizes to the value of \$200 to pupils who turned out the best essays on the subject. Mr. Carruthers then advised those students present to co-operate with the old hands in the industry, remarking that they could only get along with their new ideas by taking the best out

## "IT'S WONDERFUL," SAYS LONDON MAN

Parsons States Every Sign of Rheumatism Left Him After Taking Tanlac.

"I have only been taking Tanlac for about a month, but it has already made a wonderful change in my condition," said Thomas Parsons, of 1025 Maple St., London, Ont.

"About a year ago I got into a weak and rundown condition, and then began to suffer from rheumatism. The muscles of my legs, from the knees down, became so swollen and painful I could hardly stand up, and after a hard day's work my legs hurt me like a thousand needles were pricking me. There were times when I was unable to work at all.

"But Tanlac has built me up till I feel like a different man. Every sign of my rheumatism has left me. I enjoy restful sleep at night and feel more like working than I have for a long time. Tanlac has certainly done the work for me and from now on it's going to be my standby."

Tanlac is sold in Toronto by Tamblin drug stores and by an established agency in every town.

of the old methods and working them in with the new.

Dr. C. D. Howe, of the University of Toronto, in his paper on "Performance of a few culled acres," stated that the natural re-growth of trees could be aided and stimulated by proper methods with better results than whole-sale replanting. He gave no indication that wood would be cheaper in Canada, owing to the fact that it was necessary to go farther away for supplies; and stated that the tendency was for increased costs as time went on. Consequently, forest pulpwood would become more expensive naturally.

Dr. Howe declared that there was ample authority for stating that Canada's commercial available pulpwood supply was not sufficient to last more than 50 years under present circumstances. However, in British Columbia and in the more remote parts of Ontario and Quebec there were still unlimited supplies, inaccessible for many years to come.

When the question of using hardwoods for pulp was brought up, it was stated that Laurentide Company was already experimenting along this line. If this proved to be satisfactory it would be possible to sweep the forests

Gen. Foster and Col. Ward Leaving Headquarters Staff

Ottawa, Dec. 8.—Two important officers of the Canadian militia headquarters staff are shortly to retire from the service, it is reported. They are Surgeon-General Foster of the medical service, and Col. W. R. Ward, accountant-general. Surgeon-General Foster, while overseas, had charge of all Canadian medical services, and in that position did excellent work. Col. Ward also was on overseas service and has a fine record.

## ITALY AND JUGO-SLAVIA HAVE FORMED ALLIANCE

Rome, Dec. 8.—Italy and Jugo-Slavia reached a secret understanding at Rapallo, where the treaty, settling the Adriatic problem, was negotiated, by which the former would loan 1,500,000,000 lire to the latter thru an Italian bank, according to the Giornale d'Italia.

## NO U. S. DELEGATES ON DISARMAMENT BOARD

Washington, Dec. 8.—President Wilson today declined the invitation of the League of Nations to send delegates to take part in the discussions of the disarmament commission.

## COMMUNISM SPREADING AMONG THE ARMENIANS

Constantinople, Dec. 8.—Reports reaching this city declare the war minister of Armenia has proclaimed a military dictatorship over that country. He is said to have joined Bolshevik troops at Baku and to be advancing toward Erivan, where a Soviet government was proclaimed on December 3.

## LATEST HOWITZER GUNS FOR OTTAWA BATTERY

Ottawa, Dec. 8.—The new guns for the Second Howitzer Battery, First Brigade, C. F. A., arrived in Ottawa today from Halifax and are being taken over by the battery. They are the very latest type of 4.5 guns and embody all the new features that have been developed as a result of actual war experience.

## CHILD IS BADLY BURNED

Kingston, Ont., Dec. 8.—(Special.)—Vera, the infant daughter of A. E. Hubbs, of Burr, was left alone for a short time and put her hands into a hot oven and had them terribly burned. Her screams brought her grandmother, Mrs. Moon, who rescued the child.

## BROTHERS IN ARMS, COMRADES IN PEACE

British-American Friendship Emphasized at Banquet in London.

London, Dec. 8.—(By Canadian Associated Press).—The Canadian Club here tonight entertained Sir Campbell Stuart, managing editor of the Times.

Sir George Parkin presided and proposed Sir Campbell's health, and the toast was supported by Sir George Perley, Canadian high commissioner.

"We are thus comrades in peace as we have been brothers in arms. May we never be strangers at each other's feasts."

Responding to the toast in his honor, Sir Campbell Stuart said in reference to Anglo-American friendship: "Anglo-American friendship is built on deep and firm foundations; on a community of race and a community of ideals. If there have been, if there are any differences between the two countries, they are essentially family differences, the outcome of a close similarity, rather than of any natural divergence. But we Canadians cannot regard those relations as being reciprocal between Great Britain and the United States alone. We of the British race are also of the western continent. We possess an individuality of our own. In this matter we agree with Ambassador Davis that we are conscious that we have our own part to play in cementing a true union of ideals between the Anglo-Saxon race of the old world and the Anglo-Saxon race of the new world."

Sir Campbell was grateful to Premier Meighen and ex-premier Sir Robert Borden for the messages they had sent. Canadians, he said, who lived away from their native land, were able to appreciate the services Sir Robert Borden rendered.

## INSTAL NEW ARCHBISHOP

Edmonton, Alta., Dec. 8.—Rev. Dr. Henry J. O'Leary, late of Prince Edward Island, this morning was formally installed as archbishop of the Roman Catholic diocese of Edmonton in St. Joachim's Church. More than 100 clergy of the diocese with a number also from other parts of the province were present, and a large concourse of citizens filled the church.

## FAVOR GRANT BY CITY TO THE SANITARIUM

Deputation's Appeal Given Favorable Consideration by the Board of Control—Request That City Pay Two Hundred Thousand Dollars to Patriotic Fund Organization Given Sympathetic Hearing.

The board of control yesterday decided to recommend to council that a grant of \$150,000 be made to the National Sanitarium Association to help rebuild the hospital at Muskoka which was partly burned recently. Sir William Gage headed a large deputation.

Something having been said about building an institution for consumptives near the city, Sir William remarked that there seemed to be a misunderstanding. There were 32 buildings in the group and only three had been burned. They had the plant and staff and were operating at a low cost. They also had a large endowment fund. It was expected, said Sir William, that the provincial government would make a grant of \$150,000. The board decided to recommend a grant of \$150,000.

**Asked for \$200,000.** Sir William Mulock and a large deputation waited on the board and asked that the balance of Toronto's subscription to the Toronto and York Patriotic Fund, which had been made in 1918 for the support of the hospital, be paid. Toronto had subscribed \$1,000,000, and only half of it had been paid. The trustees had decided to release the city of \$200,000 in consideration of the help Toronto had given direct to war dependents and the Red Cross, but they wanted the \$200,000 balance paid.

**Some Needy Cases.** Stewart Lyon mentioned cases for which the government made no provision, but which the trustees of the fund regarded as worthy of attention. There were 207 deserted wives, many of them with children. Over \$40,000 had been paid out on account of these. There were also 60 ex-imperial soldiers pensioned, and 37 cases of inadequate imperial leave support. There were also the cases of needy soldiers who were discharged without pensionable disability.

**Those Crawford had the fund had been carefully distributed and only about 10 per cent. of it had been used for administration purposes.**

**Controlled Sympathetic.** Mayor Church said that, as the city had committed itself, and the subscription could be collected by legal process, he was anxious to deal with the application at once.

**No objection was raised by the controllers, and the deputation was told that the board would make a recommendation, which would go before council a week from next Monday.**

**Day Off for Firemen.** When Chief Russell of the fire department appeared to ask what was being done about giving members of his department the day off each week as prescribed by act of the legislature, he had a little cross-fire with Mayor Church. The mayor finally agreed to the suggestion.

## MOTORISTS TO FACE CRIMINAL CHARGE

Woman Is Pinned to Fence When Motor Is Thrown on Sidewalk.

Emmeline Deeth, 44 Grove avenue, and A. J. Hanna, 59 Fernmanagh avenue, were arrested yesterday afternoon on a charge of criminal negligence arising out of a collision between their autos at Gerrard and Church streets yesterday afternoon, in which Mrs. C. Graham, 1605 Danforth avenue, was seriously injured and her three-year-old niece, Rose Brewer, received slight cuts on the leg and cheek.

Mrs. Graham was taken to the General Hospital, where it was reported last night that she was suffering from internal fractures. The full extent of Mrs. Graham's injuries was not known, but she was resting quietly. Her niece was able to proceed home.

According to the police, the auto was proceeding west on Gerrard street when it was struck by Hanna's car, going south on Church. Deeth's auto was thrown up onto the sidewalk against Mrs. Graham and her niece, pinning Mrs. Graham against the iron fence of the Normal School. The little girl was pinned to the ground, the fence by falling being pinned to the fence by falling from under the auto after the accident. Both autos were badly smashed.

Deeth was taken to West Dundas street police station by C. White, while Hanna proceeded to the station himself. The arrests were made as a result of an investigation conducted by Detective Johns.

**QUEBEC WOULD REMAIN AN ARTILLERY STATION**

Quebec, Dec. 8.—Objection to the removal of the Royal Canadian Artillery and band from this city is being organized here. It is understood the militia department contemplates eliminating Quebec as an artillery station.

A number of leading citizens met last evening and decided to enter a strong protest.

**Discuss Prohibition Date With Meighen Wednesday**

Winnipeg, Dec. 8.—Provincial heads will discuss the date when inter-provincial trading in liquor will be prohibited in Manitoba, Saskatchewan and Alberta at Ottawa, December 15, it was announced at the parliament buildings today. Premier T. C. Norris, Hon. Thomas H. Johnson, attorney-general, will represent Manitoba at the gathering and Premier W. M. Martin of Saskatchewan and Premier Charles Stewart of Alberta, along with their cabinet ministers, will meet the matter up with the premier, Right Hon. Arthur Meighen.

**What about the future? Are you preparing for it? Are you saving and thus laying the foundation for an independent old age free from financial worries?**

**A savings account is your best friend; if the unforeseen happens you are prepared and when your earning power is gone it protects you. Start to save now.**

## NEVER IN KHAKI, BUT LED PARADE

Aurora Man Held for Alleged Threat to Attack a Restaurant.

Percy Catliff, aged 21, of Aurora, Ont., was arrested yesterday by Inspector Bond, of West Dundas street police station, on charge of disorderly conduct. Catliff, who, the police claim, was never in khaki, was leading 150 returned soldiers and others down Yonge street in the unemployed parade when arrested.

Inspector Bond alleges that he was standing on Yonge street watching the parade. As Catliff and his followers went by he claims that he heard Catliff remark "Let's go in and smash it," meaning a restaurant they were passing.

When he was taken to the police station Catliff stated he had come into town from Aurora to take part in the parade. He admitted, according to the police, that he had never been on duty. He stated to Sergeant Tucker, who was on duty, that he had not eaten for three days and Sergeant Tucker, who had brought a lunch with him, gave Catliff three ham sandwiches. Some time later when Sergeant Tucker went to the cell where the Catliff, the former claims that he found the sandwiches in the toilet where they had been thrown by Catliff.

## POWER CLEAN-UP PASSES COUNCIL

(Continued From Page 1).

It is to what lies on the highway, at the price of \$65,000.

In referring to the deal of the York Radial Railway Company (which the Metropolitan Division (except that the Scarborough Division within the city), Division, also the properties of the company, at the price of \$2,875,000.

(b) The city's transferring to the Hydro-Electric Power Commission of Ontario the right of way and the physical assets acquired by the city from the Toronto and York Radial Railway Company on that part of the line between the city and the Woodbine, and on the Lake Shore road, from Sunnyside to the Harbour.

(c) Paying for the property in clauses 1 and 2 by assuming 6 per cent. bonds, charged on the property, and the amount of about \$240,000 (of which \$30,000 becomes due every three months until 1922, when the interest is \$1,000, and issuing city 6 per cent. twenty-year bonds, to be dated Dec. 1, 1920, for the balance, under which the interest is \$1,000, and the principal will be postponed for twenty years.

(d) Paying for the property in clause 3 above by city 6 per cent. twenty-year bonds for \$2,375,000, to be issued and deposited with the Hydro-Electric Power Commission of Ontario.

(e) Entering into the necessary agreement with the Hydro-Electric Power Commission of Ontario to carry out the foregoing, which will provide that the Hydro-Electric Power Commission will be given the opportunity to vote under the Hydro-Electric railway act to acquire the property referred to in clause 3.

(f) Applying for legislation at the next session of the legislature validating and confirming the agreement and authorizing the council of the city to pass a bylaw or bylaws for the issuing of all necessary debentures to carry out the foregoing, without the further assent of the electors.

A protest was voiced by Ald. Singer against the short notice given council to deal with the bylaw. They would all be obliged to vote for it, because they all approved of the principle, but it was, nevertheless, impossible to give the bylaw any intelligent discussion in so short a time.

**Thinks Price Is Low.** Ald. Plewman said he had reason to believe that the price was a very low one. The Metropolitan was being purchased at a figure \$200,000 less than was demanded some time ago, and the T. E. L. half a million under the old figure.

"By taking over these properties we will make it possible for workmen to move out into the suburbs, where they will have plenty of room and cheap and fast transportation," said Ald. Plewman.

The purchase would also wipe out the franchises, and another advantage would be that the secession agitation in North Toronto would be killed.

Ald. Whether thought the city should also get the steam plant of the T. E. L. in Toronto, but Sir Adam Beck replied that this would be a liability for the city. The alderman did not press the point.

Ald. Burgess wondered whether the proportion of the cost of the Metropolitan Railway to be charged to the city was not a little high, but Sir Adam Beck explained that the division of the cost was fixed by the earning capacity of each section.

**Kingston Road Franchise.** Cont. Cameron and Ald. Baker spoke in favor of an amendment to give the city control of the Kingston road line within the city.

"The city owns this section of the road now," said Cont. Cameron. "It should hold it." He would have no objection to giving the Hydro radials running rights over it.

Sir Adam Beck replied that he felt sure the municipalities touched by these radials would not mind the Hydro deal and they had been given some assurance that they would be given connection with Yonge street. The Hydro would be willing to let the city operate on their track on Kingston road. The proposal was that the radial ticket would have a transfer ticket attached, giving passage over the city lines.

"You own your own line on Kingston road if you like, but we must have the right of way on this Kingston road section and must own the line we use," said Sir Adam.

Ald. Blackburn said he had full confidence in the city, but this was a serious matter and should be carefully considered.

Chairman Ellis of the transportation commission explained that Kingston road was to be used as the right-of-way for both the Hydro radial and the city line.

Cont. Gibbons thought the solution was a double track on Kingston road with both the city and Hydro having running rights. The only drawback was that the city would require to have a gauge there which would be different from the rest of the city gauges.

"The principle," said Ald. Singer, "is this: 'Is the city going to control the streets or is the Hydro going to have control?' He believed the traffic commission would be willing to give the Hydro radial fair running rights but he felt that the city should continue to control the streets.

Ald. Baker concluded that the Hydro should agree to give a transfer to city customers to any part of the city.

Cont. Gibbons pointed out that this would be bad business, because the city would then have to split the fare with

the radial, also they would have much the longer haul.

Ald. M. Johnston asked Sir Adam what objection he had to accepting running rights on Kingston road from the traffic commission.

Sir Adam replied that Scarborough would be asked to assume, perhaps, three-quarters of the cost of the Scarborough radial and the Hydro had to act in their interest as well as in the interests of the city.

**Amendment Voted Down.** Ald. Singer then moved his amendment providing that running rights on Kingston road be given to the Hydro radials instead of a right-of-way and the city's assets there.

Chairman Sykes at first tried to rule on the amendment, but Ald. Singer protested against any steam roller methods. Cont. Ramsden's motion that the vote on the report be taken was about to be put, when half a dozen aldermen began talking at once.

Mayor Church said the amendment was unnecessary; it was a matter of detail. Ald. Singer did not think a question of granting a franchise on a city street was a matter of detail.

Ald. Singer finally got his amendment to a vote and it was carried. Ald. Burgess, Ald. Maxwell and Ald. Baker supported him. There were 19 votes against it.

The report on the question as amended was then put to a vote and carried without any opposition.

## NO SKINNING OF ELECTRICAL RING

(Continued From Page 1).

birth under the Whitney government to the gross position now occupies as a public utility. Ten years ago the total amount invested in Hydro was 4½ millions of dollars, while today it had grown to 160 millions. When the Hydro was incorporated, there would be three million horsepower available for public consumption. In his opinion, this much would not be enough in the present, but in about 30 years it would be all used and considered a necessity to carry on industry.

**An Equitable Deal.** In referring to the deal of Sir William Mackenzie, whereby his public utilities were acquired, he declared him self as disinterested. He said that the deal of the T. E. R., when the latter stated that the company were getting "skinny" over the deal, was a fair one.

"This company got all that their hold- ings were worth," said Sir Adam, "and say 'more,' as I believe, I ought not to be so concerned about it. At least to both parties concerned, at least to us, at any rate, the transaction was justifiable, and what more could be said?"

He said that many of the utilities have been spoken of as a liability, and he added: "but I call it an investment of money, not a liability. It is a dollar spent on it with interest, and we consider this, we must take into account the fact that Toronto is not standing alone or called upon to shoulder the whole burden. There are 144 municipalities within the province and Toronto is one of them. It is only by co-operation that we can carry it thru successfully. While there are some who think that it is still to be remembered that Toronto is a pivotal part of the whole arrangement and Toronto must keep the lead."

**The Clean-Up.** Sir Adam then spoke of the way the Mackenzie deal had been negotiated. The final arrangements might have been rushed thru in short order, he admitted, but it was not a hasty transaction, it was the culmination of years of negotiation and study. Also the matter was really a matter of public interest, and the question had to be considered and finally decided.

**St. Lawrence.** There was yet ample time for any flaws to be picked out. "St. Lawrence," he said, "is the people, and I think that is the right sentiment to express in this instance."

Hon. I. B. Lucas, former attorney-general, referred to what had been termed "Baker's steam-roller" methods. He said that while Sir Adam might have ridden rough-shod over certain petty legal technicalities at times, it was all in the interests of the people. "It was his one dominating consideration," he said, "and every action he has taken has proven itself to be justifiable."

**Beck United Parties.** Hon. Col. Crumley said that the Hydro knight had done something that no other man had ever done successfully, and that was obtaining the co-operation of all political parties, and uniting them all on one great aim.

Stewart Lyon, P. W. Ellis and George Wright also spoke. In addition to the members of the city council, the following were present: Dr. Hastings, M.O.H.; Captain Jack Ramsden, M.L.A.; Clarence Settle, Chief of Police; Dickson, Fire Chief; R. E. Gaby, Judge; Spott, Judge Cohen and W. F. Maclean, M.P.

**CURFEW LAW WORKS FINE IN LONDON, ONT.**

London, Ont., Dec. 8.—Juvenile delinquency in the city has slunk unobtrusively since the curfew law came into effect more than two weeks ago. It is shown by police court records.

Since that date two youths have appeared before Magistrate Graydon and the charges against them were of a minor nature.

**CITY COUNCIL DROPS BYLAW TO CONTROL**

(Continued From Page 1).

did not think the assurance was adequate. They did not want the motor bus proposal side-tracked.

Controlling Gibbons said legislation would have to be obtained in any case before motor buses could be put into operation. After getting this legislation, the commission would merely have to go to council for the money.

The recommendation of the board was accepted.

**Stadiums Plans Upset.** The bylaw to authorize the expenditure of \$200,000 for the building of stadiums in various parts of the city was struck out on the recommendation of the board.

No opposition was offered to submitting to the people the question of partial exemption from taxation of small dwellings.

The words in which the board of control desired to present the water mains question to the ratepayers were not acceptable to council, and the following amendment, proposed by Ald. Plewman, was accepted.

"The board recommends that a question be submitted to the municipal electors on January 1 next as follows: 'Are you in favor of a bylaw being passed to provide for the laying of domestic water mains may be undertaken as local improvement?'"

If an affirmative answer is received from the ratepayers, next year's council will apply for the necessary amendment to the act.

As the board's recommendation stood, it called for the laying of all water mains as local improvements, and not otherwise. It was pointed out that it would not be practicable to lay pumping mains on the local improvement system.

## NEGLIGENCE CHARGE BY CORONER'S JURY

Bernard Craney to Be Tried for Manslaughter as Result of Motor Fatality.

Bernard Craney, 80 Beverley street, who was alleged to have run down Walter Spencer on College street on Nov. 22, causing injuries which resulted in his death, was accused of criminal negligence last night at the city morgue by the coroner's jury under Dr. R. H. Hopkins. The jury added in its verdict that the driver did not stop the auto to give aid to the injured man and tried to evade detection.

Spencer, according to the evidence, was walking along College street about 10.10 p.m. on the day of the fatality with Mr. Duvall and Mr. Johnson, and, while crossing the street, was struck and pushed about 25 feet by the front wheel of the car, which, however, did not run over him. The driver backed up to release the man and then drove off, without getting out of the car.

Mrs. Lena Scott, 677 Manning avenue, said that Craney had called at 8 p.m. on November 22, and had remained an hour, in answer to questions regarding liquor by Mr. Harris, who acted for the crown, she replied that in an attempt to save the life of her dog she had given it all she had, and that there was no liquor in the house when Craney called.

**A Reticent Witness.** Wm. Getty, 80 Beverley street, proved to be a very reticent witness, and thought nothing of the fact that on the 23rd he had returned the car to Bailey without notifying Craney. The car was standing outside in the rain and he got another man to drive it home. He did not discuss the accident with Craney, Bailey or the driver, Swan.

About 11 p.m. on November 22, Craney called at 28 Soranore avenue and told Mr. Rosebush that some friends were waiting for them on Dupont street. They were out about 12 p.m. He did not let him out at 80 Beverley street, as Craney said.

Craney told Detective Crow that he had been on the Hamilton highway on the night in question and had not been on College street. Later he admitted having had a few drinks and he didn't know what he had said.

Coroner Hopkins: "You have heard the evidence. It is for you to say whether you want to be called as a witness."

Craney: "I have nothing to say." Craney will appear in court today on a charge of manslaughter.

**RETAIL CAKE BAKERS DECIDE ON NEW PLAN**

At the annual meeting of the Retail Cake Bakers' Association of Toronto, held on Tuesday night, the following officers were elected: president, Jas. Barry (re-elected); vice-president, J. C. Woolley; recording secretary, G. H. Reid; corresponding secretary, R. E. Grant and treasurer, C. D. Fellows.

It was decided to follow the example of the trade in Pittsburgh and for one week in each month specialists in the output of some of the products that can be made from apples, consequently, will for one week in January be put before the public. At the corresponding monthly meeting each artist will produce a sample of his best work.

**NATURAL DEATH.** "Death from natural causes" was the verdict of Dr. J. D. McLeod's jury at the inquest held last night at the city morgue on James McKay, an employee of the National Showcase Co., who was putting wood in the furnace at the company plant on Nov. 27 when he fell over. He died in a few minutes.

Dr. Hamilton had examined him some days previously, when the deceased had complained of chest pains in his chest and judged him to be suffering from an original condition.

**EXPLANATION COSTLY.** Council yesterday voted \$3,000 to defray the cost of advertising and holding meetings for the purchase of the Mackenzie power and radial interests.

## Free Recitals

BY Johnson C. Bane

Guitar Soloist

AND Composer

Mr. Bane has been in recital work for 18 years, and has played in that time all over the North American Continent.

He is recognized as a master in the art of Guitar playing.

Mr. Bane will play on

Thursday, Dec. 9th

Between the hours of 12.30 to 2 p.m. AND 4 to 5.30 p.m.

You are cordially invited to attend these recitals.

Fifth Floor.

THE WILLIAMS & SONS CO. R.S. (MUSICAL INSTRUMENTS OF QUALITY) LIMITED. 145 Yonge St. Established 1849.

**SUGGEST LEGISLATION FOR TOWN PLANNING**

General legislation in the province with regard to town planning, rather than private legislation, has been suggested, and Ottawa and London have submitted a legislation giving them more freedom in this respect.

Mr. T. Adams, of Ottawa, when interviewed by The World, said: "I have seen Mr. Raney and Mr. Nixon, and the matter has been left in the hands of the officials and myself to discuss any suggestions put before us."

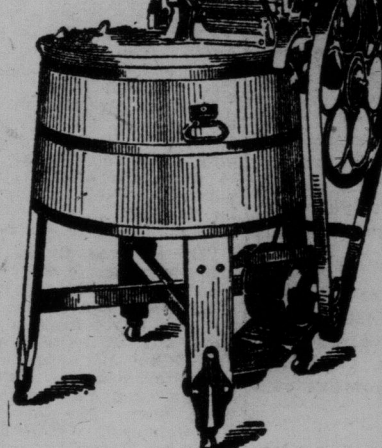

**NATURAL DEATH.** "Death from natural causes" was the verdict of Dr. J. D. McLeod's jury at the inquest held last night at the city morgue on James McKay, an employee of the National Showcase Co., who was putting wood in the furnace at the company plant on Nov. 27 when he fell over. He died in a few minutes.

Dr. Hamilton had examined him some days previously, when the deceased had complained of chest pains in his chest and judged him to be suffering from an original condition.

**EXPLANATION COSTLY.** Council yesterday voted \$3,000 to defray the cost of advertising and holding meetings for the purchase of the Mackenzie power and radial interests.

You will please HER ---with a gift like this

—for your Christmas good wishes will then outlast the year. Time and time again Mother will thank the family for a Hydro Electric Washing Machine. It will be a practical expression of the oft made request "Take it easy, Mother."

**Families! Club together—give Mother a gift that she'll appreciate and one that will remove the hardest task of her life. Large variety at Hydro Shop—easy terms to Hydro users. Price \$105.00 and up.**

There are many other electrical gifts that will be a real saving of time and labor in the home. See them at the Hydro Shop.

This year say "Merry Christmas" Electrically.

# HOCKEY RECORD OF WORKOUTS

## Varsity Have Too Many Candidates

Have Enough Players for Five Senior Teams—Hard at Work.

Times have changed and instead of combining the town with fine-tooth combs, the local hockey managers now have to engage guards to keep the passage way to the ice clear to allow the candidates for places on the team to get on the ice. Three senior teams held practice yesterday and it was early demonstrated that there is plenty of material for all and some to spare.

Varsity, Granites and Aura Lee were the clubs to work and each were swamped with boys wanting to catch a place. Varsity worked at noon and had over forty candidates. No less than twenty-eight of these have had senior experience and the college authorities will be at their wit's end trying to find places for all the willing boys. Of course, Varsity will at least have to select from the material and O.H.A. senior teams, but what they are going to do with about thirty other senior men is the problem.

Frank Sullivan, Frank Carson, Joe Olson, Roger Goulet, Wright, McIntyre, Ramsey, and McDonald are the seniors of the team. The first practice yesterday, Joe Sullivan, the clever little goalier with U.T.S. in the past few seasons, was in one of the nets. Thompson, who was Junior Varsity goalier, was in the other. Laundry regular, senior goalie, will not be out for some few days. He broke a bone in his hand at the week-end.

What will Varsity do with the surplus players? There is talk of entering a second senior O.H.A. team and some say there is a chance of trotting out an intermediate team also. Louis Hudson, Rod Smith, Stan Brown and D'Alton Meekins, stars with the Dents last year, are U.T. students. These boys can catch a place on any senior team. Where will they play? Varsity has far too many players and it would probably be better for all hands if several of these boys were issued permits to let them play outside the college.

Frank Carroll, who handled U.T.S. and the Varsity teams last year, will coach the St. Patrick's professionals this winter. Steve Vair has about twenty good youngsters lined up for his Moose A.C. juniors. They will likely get the third game of the S.P.A. junior series. Aura Lee and Varsity will play the first game of the junior series next Wednesday. Parkdale will take on the winner and then Moose will have their chance.

Aura Lee seniors had a good workout last night and showed some new candidates. Stan Muston, the back-checking king with Parkdale last year, was a new comer, as was Jack Cain, the former St. Patrick's defence man. Mollenhauer, who played with O.C. for a year ago and Jimmy Clegg from the Toronto Hockey League were also taking their first practice with the team.

Stewart and Bosch, last season's regular net guardians for Aura Lee juniors, were in the nets. Connacher, Burch, Hoar, Stephenson and Myers, the Toronto rugby players, were the others out. Granites again had a large squad out. They were much the same crew that worked on Tuesday and Jerry Laflamme, who had a bad cold, was out. Dons last night, a good boy and was a hard worker. Collett, Mitchell and Stone are fighting for the net-minding job and in good shape. Romeril and Munro worked last night. The long run campaign and can go the route right going well. McKinnes with Dons last night, is a good boy and was a hard worker. Collett, Mitchell and Stone are fighting for the net-minding job and in good shape. Romeril and Munro worked last night. The long run campaign and can go the route right going well. McKinnes with Dons last night, is a good boy and was a hard worker.

Scott, a goalier from Pickton, has been assigned to Argonauts. The Essex-Vernon Hockey Club will meet Thursday night at 8 o'clock, wishing to join fast bantam and midget teams will be welcome at the club rooms, 663 Dupont street. Phone Hillcrest 8777.

The Calgary Big Four Hockey League definitely announces that it will not hold an inquiry into the charges made by Alberta branch and referred to by the Union of Canada. Allen McGraw, president of the Big Four, intimates that the demand that statutory declarations accompany the evidence. He claims that the Big Four has no authority to compel its players to testify and therefore it is not proceeding.

The Calgary Herald, in a prominently displayed two-column article, which was submitted to the A. A. U. of C. meeting by an Alberta delegate, calls on the Big Four to clear itself of the stigma that has been placed upon it and openly alleges that the hockey league is trying to throw dust in the eyes of the public.

## MAKES HOLE IN ONE AT PINEHURST COURSE

Pinehurst, N.C., Dec. 8.—(Special.)—It has fallen to the lot of an Englishwoman, now on a short visit to this country, to achieve the first hole ever made in one at Pinehurst by a woman player, Mrs. Frederick P. S. Harris of London, and the Stanmore Country Club, playing in a four-ball match on the No. 1 course here this afternoon, stepped into her appointed niche in the hall of fame at the end of her drive for the eleventh hole. The hole is a relatively short one, the distance is only 183 yards—but Mrs. Harris had to play in the face of a strong wind, and used a driver for the shot. The ball carried to about twenty yards short of the green, in a direct line with the flag, and finally rolled into the cup. A search of golf statistics available at the Pinehurst Country Club not only shows that no other hole in one has been made here by a woman player, but also fails to reveal any record of a similar feat by a man. Mrs. Harris's achievement on any other course on this side of the Atlantic.

to throw dust in the eyes of the public. The Morning Alberta, editorially, takes a similar stand, and insists that the Big Four clean up the situation. Hockey training commenced at Kingston last night when all Queens players turned out to the gym for physical work. Godie Rodgers will likely coach the Hamilton O.H.A. senior team.

## OVER EIGHTY TEAMS IN TORONTO LEAGUE

The meeting of the Toronto Hockey League, which was to be held on Friday last, has been postponed until Wednesday evening next in the Labor Temple at 8 o'clock, when all clubs are requested to send two delegates. Certificates will be distributed at this meeting and all delegates are requested to have their dues with them.

There are over eighty teams now entered, and many more are coming in during the week, and by the time the grouping takes place the premier outdoor organization will have reached the hundred mark.

Many new teams are entered in the mercantile section, including the Best Printing Co., while the Victoria Presbyterian Church will have a junior team, thus making three teams from the church. Referees will require to make application to the executive for enrollment, and this should be done at once. Entries can be sent to any of the under- signed: F. C. Waghorne, 213 Dovercourt road, Phone Main 4088. Frank Peasey, 134 Kenilworth avenue. Phone Beach 3054. H. M. Alexander, 65 Soranua avenue. Phone Parkdale 3130.

## QUEEN CITY, AS USUAL, FIRST WITH CURLING

Queen City Club are the first to have ice for curling. The north-end club had a first night last night and a good number of club members had the honor of opening the curling season with a friendly game. The first night just closed out Bill Phillips's four, 14 to 13.

The rink: A. T. Cringan, P. Marks, J. W. Cringan, M. Morton, Chas. Kelk, sk., 14 W. P. Phillips, sk., 15.

## COLLEGE HOCKEY UNION ANNUAL SATURDAY

The annual meeting of the Canadian Intercollegiate Hockey Union will be held in Montreal next Saturday. The delegates from the University of Toronto will be Manager Blatz of this year's team, and Prof. J. A. MacKenzie of the University. The official attendance figures at last Saturday's Dominion final between Varsity and the Argonauts were announced last night by Secretary T. A. Reed of the Intercollegiate Athletic Directorate. The paid attendance was 10,088, and the gross receipts were \$10,083. The share of the Canadian Hockey Union will amount to approximately \$100.

NEWS ITEM: There will be few new faces found among the old players of the various clubs.

## EXPECT ARGONAUTS TO CHOOSE CLUBHOUSE SITE ON CITY SIDE

As time passes, opinion grows that the wisest move for the Argonauts to make is to settle on the city side at Parkdale. As one Argonaut said last night: "Wouldn't it be nice if we could all gather these nights and talk over rugby affairs and the big wins the team has made this season? If we go to the island we can bid good-bye to any chance of winter quarters for ever more."

Rumor has it that the harbor board would settle any claims the Argonauts have against it in a week, provided the city side is selected for the new site. The Argonauts claim transportation damages, and this involves a large sum, which the harbor board are not willing to concede. It has been pointed out that it costs the R.C.Y.C. \$10,000 a year to maintain its launch service, and some- thing commensurate to these figures is claimed by the rowing club.

Veteran Joe Wright is strongly in favor of having the Argonauts go to Parkdale. He says any move to the island would be fatal, and to back up his opinion he quotes the experience of the old Toronto Rowing Club, which went to pieces the minute it moved to the island, and it was largely due to some member of a crew misreading the ferry, and the crew not rowing.

At the last annual meeting of the Argonauts nearly everyone present was in favor of the island site, but opinion has greatly changed since then, and it is held by a good many now that at the next annual meeting, in March, the city side will be chosen as the permanent location.

Orilla—Joseph Platt, John Stodgie, Gordon McArthur, Charles Went, Vincent Nolan, James Thompson, Harris Miller, Thos. James Dunlop, George Jackson, Preston—R. Ware, Carl Roth, Albert Piles, Sylvester M. Clark, Claus, Krafka, Thomas Fink, Leonard McDonald, Thomas Pearce.

Pickton—James O'Rourke, Ennis Graves, Gerald Clapp, Charles McWilliams, Roy Wright, Donald Crawford, R. J. Currie, Peterbury, E. Lawson, Harris Miller, Duns, Clarence Silk, Donald Graham.

Seaforth—Gordon M. Hays, Stratford—Hugh Baehner, Howard Mores, Frank Carson, John Mitchell, Charles Seebay, Harry Euston, J. A. Kelly.

St. Thomas—John Langley, Leo Doan, Fred Binna, Ernest C. Symonds, Nolan, James Thompson, Harris Miller, Nolan, James Thompson, Harris Miller, Nolan, James Thompson, Harris Miller.

Aura Lee—Charles Dinsmore, W. J. Young, Edwin Heaton, Frederick Hitchcock, Logan Skelton, Bruce Mulqueen, Leland Trotter, Denis Slaght.

Trantown—Louis Allen, Charles Allure, Woodstock—Gordon Dunlop, Arthur Stacey, Edmund Rodden, Edward Lynch, Foster Cohen, Mirvin Clarke, Norman McCarty, Arthur Gepp, Redvers Bottoms, Joseph Saline, W. H. Jones, Harry Rieborough.

SIX SENATORS NOW SIGNED FOR SEASON

Ottawa, Dec. 8.—Harry Broadbent, regular right wing man of the Ottawa Hockey Club, came to terms today and signed his contract with the Senators for the coming season. Jack McKell, who broke in from amateur camps last week, also attached his name to a National League contract. This makes six of the Ottawa under contract—Denny, Boucher, Bruce, McKell and Sprague Cleghorn. It was announced that Eddie Gerard, Jack Darragh and Clint Benedict would probably also be signed by the Senators.

PRESENTS AND EATS FOR THE CHAMPIONS

The Argonaut Rowing Club will banquet their champion football team at the York Club a week from Friday night. Each player will be presented with a group picture of the team and gold watches. The banquet will be held at the York Club, and the Argonauts will be the guests of honor.

PATRICK WILL NOT ATTEND AT WINNIPEG

Despite his threat to carry the war against "veiled professionalism" in hockey in Saskatchewan and Manitoba, and continuing his avowed intention of attending the annual meeting of the Canadian Amateur Hockey Association, Frank Patrick has decided not to attend the meeting in Winnipeg during the coming week-end, when the representatives of all provinces gather at the annual meeting of the A.A.U. of C. Word to this effect was received by wire from Vancouver yesterday, the suggestion being that Patrick had left sufficient incriminating evidence behind him in Calgary to direct the attention of amateur hockey men to the necessity for immediate action.

THE BIKE GRIND.

New York, Dec. 8.—The relative positions of the contestants in the six-day race at Madison Square Gardens remained unchanged at 1 o'clock tonight. The 71st hour, Brocco and Coburn were leading the race, with 1,178 miles and 6 laps to their credit. The record for the first hour is 1,449 miles, 6 laps made in 1914.

BODEN ARE VICTORS.

Boden were winners over Earl Gray in a senior playground basketball game last evening, 8 to 2. Boden line—Guards, Green and Cain; forwards, Metcalfe and Harrison; centre, Kirk.

## JUNIOR PLAYERS WHO ARE ELIGIBLE

Official O.H.A. List of Boys Under Age Limit.

The following players, registered in the junior series of the O.H.A. for the season of 1919-1920, are eligible to play in the same series during the coming season: Alliston—J. Sanford Ellis, John Newman Doyle, Alexander Rose, James Harper, Edmond McCuskey.

Bowmanville—Wm. H. Pearce, Alex. F. Denham, Milton F. Avery, Irwin H. Piper, Wm. E. Kelly, Cecil Dudley, John Ira Bird, William McMurtry.

Bradford—James Gardner, Max Mitchell, Charles J. Evans, George Webb, Joseph Evans, Norman McLeod, James S. Taylor, Victor Coombs, Louis Walker, Wm. Earle Bredon, Arthur Stevenson.

Barrie—Ross Fisher, M. Rosenfeld, Jack Armstrong, Jeffrey Bertram, Roy Reid, H. Bulger, G. E. Clidbur, Jack Rooney, Stuart Jacobs, Gerald Fox.

Collingwood—Angus McLean, F. C. Day, William Kelly, John H. Connell, E. F. Connelly, Garland Gilmour, Lyle Fryer, Angus Bell, F. Kennedy, Arthur Clark, Dunlop, J. Kenneth, Hoaslip, Eric Knight, Fred Lambert, John Robbie, John Walthie, Gordon Camelford, E. Dorrer Kelly.

Galt—R. F. Skelly, Walter George, James Bell, Kitchener—Leo P. Farrell, Leonard Trushinski, Werner Schnarr, Stephen Olway, Robert Schnarr, Francis Hearn, Louis H. Verlich.

Kingston—Eric Lehman, James Taughner, Albert Lano, Queens—James Douglas Wilson, Clarence Gibson, James Roy Smith, Lindsay—Walter Chambers, Tom Hall, George Bell, R. J. Mills, John R. McClary, Cecil Bisette, E. Reeves, J. Hogan, Richard Sutton, Joseph Hutton, Thos. J. Hudson, Clyde Workman.

London—Orilla—Earl Arscott, A. D. Quenneville, Frank Fring, Charles Cooney, A. McKay.

10 to 1, 10 to 1.  
3. Mitercorda, 108 (Rameau), 110 to 1,  
10 to 1, 10 to 1.SIXTH RACE—Purse \$700, 3-year-olds  
and up, 1 mile and 70 yards.  
1. Weather clear, track slow.  
2. Apprentice allowance claimed.ENGLISH AND U. S.  
BOXERS NEXT MONTHNew York, Dec. 8.—An international  
boxing carnival between the leading  
amateur middle weights and heavy  
weights of Britain and the United States,  
to be held here next month, will be the  
initial international contest in a sport  
series which promises to make 1921  
famous, it was learned today.Plans for the bouts, which will be  
held at a place and date to be announced  
later, were completed yesterday by the  
club matchmaker, Tex O'Rourke,  
after a series of conferences in London.  
Unless there is an eleventh-hour  
change in the plans, the bouts will bring  
together the best amateur middle weight  
and heavy weight boxers of the English  
and United States armies and navies.  
The leading champions in these two  
weight classes of the London police and  
fire departments will also face opponents  
from the New York departments. All  
bouts will be under the regulations of  
the International Boxing Federation, and  
will have the sanction of the Amateur  
Athletic Union of the United States. The  
British boxers are to sail in a few days.ST. AIDAN'S ATHLETIC CLUB.  
The executive committee of St.  
Aidan's A. C. held their first meeting  
Tuesday night at 127 Waverley road.  
C. Collins was in the chair and brought  
up a few new items of business for  
discussion. The activities of the club  
have been divided and the following mem-  
bers put in charge: Chess, Collins and  
Miller; athletics, Ronald Smith and Sur-  
pura; entertainments, Martin and McIlroy;  
dances, Tarkton and Verner. The com-  
mittee also expects two or three mem-  
bers to help out with each activity. There  
will be a banquet in the near fu-  
ture for all persons connected with the  
club. The club are always looking for new  
members and would like any person  
wishing to join to phone Beach 1776.FASTEST RUN OF  
TORONTO HOUNDSOver Good Going From Maj-  
or Kilgour's to Thorn-  
cliffe.What was probably the fastest and  
one of the best short runs of the season  
took place with the Toronto hounds on  
Tuesday afternoon.The winds and frost of Sunday and  
Monday had considerably dried up the  
ground, in fact, the roads were suffi-  
ciently hard to cause several people  
who otherwise would have turned out  
to decide not to do so.Quite contrary to expectations, the  
"going" over the fields was splendid,  
fast, and providing good footing for the  
hounds without being in any way too  
hard, and as there was very little road  
work done during the hunt, the fact  
that those were rather frozen did not in  
any way spoil the afternoon's hunting.Starting with some foreboding on ac-  
count of the frost, the hounds ran al-  
most due north to the old Milne property, and  
by the time the first check took place,  
those who followed were feeling very  
pleased with themselves that they had  
not turned back.Major Kilgour had caused, with his  
usual forethought, all the jumps thru  
his estate to be set up, with the result  
that a capital and well fenced run to  
the first check was thoroughly enjoyed by  
all.From the Milne farm Huntman J. McE  
threw his pack in on a line which led  
southeasterly thru the Maclean prop-  
erty, to Donlands, where the hounds  
again overran the scent and, picking  
up the fresh one, ran "full cry" to where  
they were finally drawn off at the  
Davies Farm, Thorncliffe.The whole afternoon's run was "one  
of the best" hounds running time and  
last—horses fresh and keen—a chilly  
snap in the air (which taking into con-  
sideration the fact that the hounds were  
being remembered by all those who  
were there as an unexpectedly good one.  
(The master was very much pleased.)Miss Casella on Peter Gordon,  
Boesche, W. Keeler on Rando, D. Ness  
on High Standard, Huntman on Fox Glove,  
"Sweeting Whip, Phillips on Beverley,  
Levit on Sunshine, and Mr. D. L. Mc-  
Carthy on Grey Cloud.OFFICERS WILL PLAY  
INDOOR BALL AGAINA meeting of the officers of the militia  
regiments of Toronto was held last even-  
ing at the headquarters of the 101st  
Regiment to reorganize the officers of  
the 101st Regiment. The meeting was  
very successful and the officers of the  
regiment were very much pleased with  
the results of the meeting.SPORT COMMISSION  
FOR THE WINDY CITYChicago, Dec. 8.—An ordinance creating  
what would be called the "Chicago  
Sport Commission" to regulate the game  
of draft was drafted today by a city council  
committee.A ten per cent. tax on the gate receipts  
of major league baseball was also pro-  
posed by the committee. The committee  
also proposed that the city should have  
present fair rate amusement tax levied by  
the city.The proposed commission would have  
two members and three appointees named  
by the city. The commission would be  
created by the city for a term of one  
year, and would be responsible for the  
city's action.Willie Hoppe Retains  
The Balk Line TitleNew York, Dec. 8.—Willie Hoppe, pro-  
fessional billiard player, retained the  
title of world champion by defeating Jake  
Schafer of San Francisco, 400 to 40, in  
the fifth game of the championship tour-  
nament here today. Hoppe ran 235 in his  
fifth inning and ended the game in the  
fifth inning.Hoppe was scheduled to play  
Welker Cochran of San Francisco to-  
night. The game of the series, a  
defeat could not affect his title as he  
had three victories and had lost no  
games while Cochran had lost two and  
Schafer three.The champion gave the best exhibition  
of the series. His run of 235  
was marked by perfect open table play  
and delicate nursing shots along the rails.  
The run ended when the champion mis-  
sed a difficult double cushion reverse  
bank. Schafer had few chances, and was  
left with open table shots which he  
was little opportunity to gather the balls  
and get started.RIVERSIDE BOXERS TO PITTSBURG.  
BATTLE IN PITTSBURG.  
Carl Ramsey, the hustling Riverside  
A. C. secretary, and Eddie Williams,  
Willie Hiltchins' right hand in instruc-  
tional work, are taking they looking  
team of the club boxers to Pittsburg  
for an inter-city tournament with Smoky  
City smiters Saturday night. They leave  
Friday. Here is the Ramsey-Williams  
string:  
Frank Veitch, 105 pounds.  
Willie Tarmul, 105 pounds.  
Walter Newton, 125 pounds.  
Fredd Bowerbank, 135 pounds.  
Pete Murray, 145 pounds.  
Alex Crawford, 155 pounds.  
Charlie McDoultou, heavyweight.

CATTLE MARKET IS  
HOLDING STEADYBig Run of Show Stock Now  
at the Yards.With a run of 2754 cattle, a number  
of which were designed for show purposes,  
and were not offered for sale, the market  
yesterday showed a fair demand for the  
good and choice butchers. Prices held  
about the same, no better and no worse,  
and none too good in any case.There was undoubtedly a better market  
for the canners, selling up a quarter of  
cent to 35¢ in most cases.  
The good fat cows were a shade better.  
Breedy steers for feeding purposes were  
in fair demand.  
The bull trade was only just steady and  
the better class of milkers and springers  
sold at satisfactory prices, but the common  
ones were pretty slow of sale.Taken all in all the market finished  
about steady all round and the cattle  
left unsold.The calf market was very slow in all  
classes with choice veal selling from \$15  
to \$16, medium veal \$11.50 to \$12.50,  
choice lambs selling from \$12 to \$13,  
choice hogs from \$12.50 to \$13.50, choice  
light sheep from \$5.50 to \$6, heavy fat  
sheep and hogs from \$4 to \$4.50. The  
market was well cleared up on the choice  
lamb, but with a few medium and culis  
left unsold.The hog market was very slow in all  
classes with choice veal selling from \$15  
to \$16, medium veal \$11.50 to \$12.50,  
choice lambs selling from \$12 to \$13,  
choice hogs from \$12.50 to \$13.50, choice  
light sheep from \$5.50 to \$6, heavy fat  
sheep and hogs from \$4 to \$4.50. The  
market was well cleared up on the choice  
lamb, but with a few medium and culis  
left unsold.GENERAL SALES.  
On 15 loads Corbett & Hall yesterday  
quoted these prices: Choice butchers

## TRANSFERS WITHIN TORONTO LIMITS

Passengers to Be Given Privileges for Radial and City Cars.

## WIDEN KINGSTON ROAD

Rates on Toronto Electric Light System Prevail to Year End.

Chairman Ellis of the transportation commission explained that his commission had had a conference with the Hydro commission and it had been arranged that passengers would be given transfer privileges within the city limits from radial to city cars and vice versa. There will be a city line on Kingston road as well as the radial, and passengers from West Hill and intermediate points will be able to transfer to a city car at the limit if they so desire or continue on the radial to Queen street before transferring. Mr. Ellis said it was proposed to urge the widening of Kingston road to 30 feet. He believed most of the property owners would donate the necessary land.

**Have Same Gauge.**  
Both the Scarborough and the Port Credit radials have the same gauge as the city lines, and city cars could operate over either of them from Yonge street to West Hill or Port Credit without change, if such an arrangement should be deemed advisable. The situation is, however, different on Yonge street. The Metropolitan is standard gauge and its passengers will have to transfer at the limits to city cars.

The purchase of the Toronto and Niagara Power Company gives the Hydro commission an 80-foot right-of-way from Toronto to Niagara falls. This fact opens up the possibility of radial connections from north, east and west of North Toronto. The only missing link is the piece between North Toronto and Davenport road, just north of the C.P.R. tracks.

Chief Engineer Gaby of the commission says this north town connection has been considered.

**End of Hydro Year.**  
Sir Adam Beck stated yesterday that the rates now in effect on the Toronto Electric Light system will prevail until the end of December, 1921. There will be an adjustment, except in the case of contracts.

"December is the end of the Hydro year and the rates will then be equalized," said Sir Adam. "All prices and contracts remain the same until that time. In the case of contracts the contract price will continue until the expiration of the franchise. This applies to power. I do not think there are any lighting contracts. The Toronto Railway power contract, of course, will be adjusted in September, when the city takes over the railway."

The same would apply to the power used in municipalities outside the city. Toronto uses 55,000 horsepower from the Electrical Development Company and the outside municipalities in the Niagara district 76,000. The old rates will continue in the outside municipalities until the end of the Hydro year, except as in Toronto, in the case of contracts, which continue.

**Export of Power.**  
Sir Adam also made an important announcement regarding the export of power. "In connection with the United States contract, that is revocable in case of sale," he said.

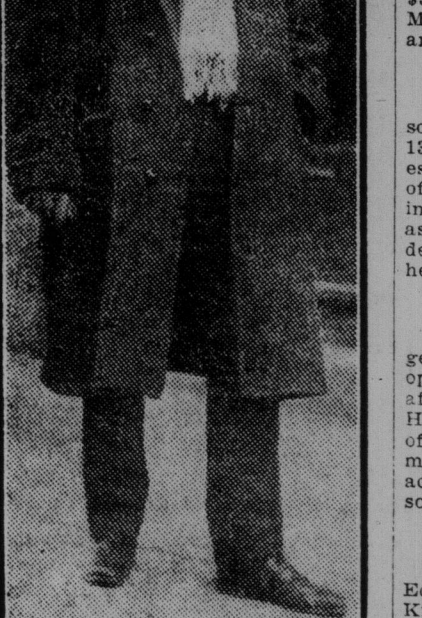

"Will it be revoked?"  
"If we acquire it, I expect so," he said. "We can do that."

The export contract for 20,000 horsepower at \$18 per horsepower.

"We will connect it up with the Bowmanville line," said Sir Adam. "There will be a junction point near West Hill, where the Toronto-Bowmanville line crosses the G.T.R. That is a matter that will have to be further considered. The Electrical Development Company and Toronto & Niagara Power Company purchase will be financed in the same way as the Ontario Power Company purchase was financed. Sir Adam stated that municipalities will not be called upon to do anything else but pay the power they take. The Hydro is financed."

**MEN YOU HEAR OF**  
Seen as Their Friends  
Know Them

NO. 53.

MR. L. B. BATTEN, president of the Canadian Storage Battery Company, Limited, 115-119 Simcoe street, distributor of the Willard storage battery. He was born in England and educated in the public schools there, and has been in business for the past seven years. His favorite sport is fishing.

ing the purchase and the municipalities do not put up any funds or guarantees. They will not be called upon to vote on any proportion of the purchase price.

## CITY OF TORONTO IS REMANDED FOR SENTENCE

In the police court yesterday afternoon the city of Toronto was remanded for sentence because one of its drivers went south on the one-way portion of Victoria street.

George Mathewson said that he had driven motors for ten years and never been in court on a charge of speeding here.

"A dollar a year," said Magistrate Cohen, imposing a \$10 fine.

Maud Uden, Harbord street, paid \$6, the amount of two doctors' bills, to a neighbor, because of an injury that her dog had inflicted upon her neighbor's son. The dog is dead.

## URGES DECREASING HOURS OF WORKERS

G. W. V. A. Official Offers Solution of Problem of Unemployment.

Robert Scully, assistant secretary of Toronto District G.W.V.A., stated yesterday afternoon that one possible solution of the problem of unemployment was a policy on the part of employers who employed large numbers, to decrease the hours and give work for all at half or part time pay. Doing this they could help all instead of letting out one part of the staffs and permitting the other parts to remain in. The situation today, he said, was serious. Another suggestion which was being considered was legislation compelling all firms and all employers to employ at least ten to twenty per cent. of available ex-service men on their staffs. He should, if carried out, absorb a large proportion of unemployed men.

Samuel Stafford is the nominee of both the G.W.V.A. and the Amputations' Association for the office of deputy provincial minister of education if that position becomes vacant.

He stated to the World yesterday afternoon that he would not hesitate to accept altho he had at first not intended to consider himself as a candidate for the position. He will also be favored as deputy minister of labor by many ex-service men of other organizations.

Mr. Stafford is a soldier who saw service in France and who was disabled. He is also a strong labor man, having been strongly identified with the movement for many years, and especially before the war. For years he was in charge of bridge construction work in both York County and the township, and is a structural ironworker by trade. He is vice-president of the G.W.V.A. in Canada, and has done considerable work in organizing fund campaigns on behalf of ex-service men and their dependents.

George Murrell, secretary of Central G.W.V.A., stated yesterday afternoon that the ex-servicemen were real distress unemployment instances. He cited the case of three men who had come to the city from the north, all of them having found no work. The trouble had been able to do little to relieve their difficulties since employment was not to be found. The only means of dealing with the situation was thru individual effort, and this was a task which had its difficulties altho it also had its note of appeal to the best friends of the ex-service men.

It is understood that Mayor Church will be a guest at the cribbage tournament which is being held on Wednesday, Dec. 22, at 41 Isabella street, under the auspices of Central G.W.V.A. The proceeds of this tournament are to be devoted to relief work for unemployed and distress cases.

## MILLIONS FOR RELIEF AMONG THE ARMENIANS

New York, Dec. 8.—The executive committee of the Near East Relief today appropriated \$2,241,269.96 for relief work and made it immediately available to meet the emergency caused by the Turkish invasion of the Armenian republic and the distress incident to the approach of winter.

The committee announced it assumed responsibility for \$1,600,000 of this amount until the money could be raised, as that amount is in excess of the present assets of the organization.

"This appropriation provides only for the essential food and shelter requirements of the orphans and others already under the care of the Near East Relief personnel," Chas. W. Vickrey, general secretary, declared.

The appropriations in detail were allotted as follows, per month, to and including April 1921: Constantinople area, \$225,000; Transcaucasia, \$125,000; Syria, \$115,000. For northwestern \$55,000 the first month and \$50,000 per month thereafter; for Mesopotamia, \$30,000 the first month and \$10,000 per month thereafter.

**SCHOOL PRINCIPAL'S WILL.**  
Joseph Edwin Armstrong, retired school principal of Toronto, left \$23,132, of which \$7,100 is realty. The estate is to be divided at the death of his widow, who is to receive the income from the entire estate as well as the use of properties. On the demise of his widow, 16 legatees inherit in varying proportions.

**NEW U.F.O. MANAGER.**  
H. B. Clemes has been appointed general manager of the U.F.O. Co-operative Company, commencing after next week's annual meeting. He has for some years been manager of the Front street produce department of Gunn's Limited, and has been active in the Canadian Produce Association.

**FOR SOLDIERS' CHRISTMAS.**  
At a luncheon held at the King Edward yesterday by members of the Kiwanis Club subscribed \$1,600 for the Davisville Soldiers' Hospital Christmas fund.

**RETURNS TO LAW PRACTICE.**  
Sir William Hearst, former prime minister of Ontario, with his son, will hold a law office in Toronto. Sir William holds a position from the Dominion government on the International Waterways Commission.

## UNEMPLOYED VETERAN S AT THE CITY HALL.

After visiting the parliament buildings yesterday, two thousand or more ex-soldiers proceeded to the city hall to urge upon the federal and provincial governments. The picture gives an impression of the slightly-wedged mass of humanity on the steps of the city hall.

Major Church promised to take up the request at once with the federal and provincial governments. The picture gives an impression of the slightly-wedged mass of humanity on the steps of the city hall.

## COMPLAINS ADJUNCTS OF SCHOOL NOT READY

"Simply Disgraceful," Says Dr. Noble, Because Auditorium and Gymnasium in North Toronto Building Are Unfinished—Woman Trustee Wants High School Exclusively for Girls—Chairman Sarcastic Over Editors.

"Simply disgraceful," was the description given by Dr. John Noble, chairman of the board of education, of the unfinished condition of North Toronto High School. This was with respect to the need of a gymnasium and auditorium. A request was sent to the property committee for the gymnasium and auditorium to be provided.

Dr. Noble said that the appointments could not be made this year, but the adoption of the proposal would cause provision to be made for the medical appointments in next year's estimates.

## SERVICE COMMISSION TO PROBE COMPLAINTS

The Public Service Commission issued a statement notifying "all whom it might concern," that complaints regarding the detention in outlying police stations of persons arrested and not allowed to communicate with friends, would be taken up at a sitting at Osgoode Hall today.

"Further complaints that persons taken to these outlying stations have not been given an opportunity to communicate with their friends, or with counsel, have been received," said W. D. Gregory. "In order that these complaints may be gone into thoroughly, all persons having information of such cases, if such there are, will be heard."

**WILLIAM GUINANE DIED.**  
William J. Guinane died yesterday after a lingering illness in his 63rd year, at his late residence, 148 Howland avenue. He is survived by a widow and two brothers.

The late Mr. Guinane was a native of Toronto and had been living in California for some time, returning to Toronto about three months ago.

The funeral will take place tomorrow to St. Basil's Church, where requiem masses will be celebrated at 3.30 a.m. Interment will take place at St. Michael's cemetery.

**THEFT ALLEGED.**  
Frances Davis, a colored woman, living at 116 Grange avenue, was arrested last night by P. C. Dalgleish on West Adelaide street on a charge of theft of \$215. The woman is alleged to have approached a man and suddenly threw her arms about him. He disengaged himself, and while she was walking away, he became suspicious and, placing his hands in his trousers pockets, found that he had lost his money. He took up the chase of the woman and had her arrested by P. C. Dalgleish. The money was found on her when she was searched at the station.

**FIRE CAUSES DAMAGE.**  
One thousand dollars' damage was caused when fire broke out yesterday morning at 301 Sherbourne street in a two-story brick dwelling, occupied by Mrs. H. Bitten. Damage to the extent of \$700 was caused. The fire was started by sparks from a grate.

**JAILED FOR TRUCK THEFT.**  
Ottawa, Dec. 8.—The maximum sentence of two years in Kingston penitentiary was given to Joseph Groux, 327 1/2 King Edward avenue, in the police court today, when he was found guilty of the theft of a motor truck from F. A. Scott and Sons, grocers, 366 Bank street.

**MITCHELL IS AWAY.**  
Detective-Sergeant Austin Mitchell, in charge of the Ambrose Small case, is absent from the city, but all inquiries at headquarters as to his whereabouts lead to nothing. It is understood that Mitchell is merely verifying details regarding the charge against the connection with the bonds which were pertaining to the charge of theft.

## BOY SCOUTS ENJOY A SOCIAL EVENING

Boys of 51st Troop Entertain Parents in St. Aidan's Parish Hall.

St. Aidan's Parish Hall, headquarters of the 51st Toronto Troop of Boy Scouts, was comfortably filled Tuesday night with the parents of the scouts, who gathered at the invitation of Scoutmaster G. Wade, and were entertained by demonstrations of work done by the scouts during the past month. The troop was up for inspection by Commissioner Laurence, and the 72 boys of the 51st made a smart showing. A number of scout badges were presented to the troop, amongst them being four king's scout badges to Scouts H. Hill, Phil Morgan, Harold Robb and Fred Jarvis. These lads also received all round cords of merit and a gold cord to Scout Kanute Krumm.

O. Callaghan, scoutmaster of the 27th and 35th Toronto troops, made the presentation, and complimented the scouts on their good work. Frank Irvin, assistant commissioner for Ontario, gave the boys a short account of his trip around the world, and extended greetings from scouts from twelve different countries he had visited in his travels. Music by the 35th troop orchestra and refreshments by the ladies of the parish added to the enjoyment of the evening by the 51st.

**LAST CHRISTMAS MAIL.**  
A British and foreign mail (via England) will be made up at general postoffice for despatch by steamer Megantic, sailing from Halifax on Thursday, December 16. Mails will be closed as follows:

Parcel post and newspaper mail will be closed at 4 p.m., Monday, December 13. Registered mail will be closed at 5 p.m., Monday, December 13. Regular letter mail will be closed at 6 p.m., Monday, December 13. Supplementary letter mail will close at 6 a.m., Tuesday, December 14. To insure delivery before or on Christmas Day, letters, parcels, etc., should be mailed in time for despatch by this mail.
