Organize New Drive To Bring Tourists To Maritimes

COOLIDGE CALLS ARMS CONFERENCE

JOINT ACTION OF
3 PROVINCES IS
NOW PROPOSED

A Special Advertising
Campaign Urged By
Association

RESULTS IN 1924

Increased Government Grants
Will Be Sought To Finance
Pretentious Scheme

Plans to line up the three Maritime
Provinces in a special advertising cam-
paign to attract tourists to the pro-
vinces down by the sounding sea in
1925 were discussed at a meeting of the
New Brunswick Tourist Association
here yesterday.

The proposal is now in the embryo
stage, but tentative arrangements call
for an outlay of \$5,000, the money to
be used exclusively in selling the tour-
ist advantages of the Maritime Pro-
vinces. Most of this amount will be
expended in newspapers and other
periodicals throughout the United
States and Upper Canada. This would
be additional to what the individual
provinces would spend.

It is proposed to secure this money
from the provincial governments of the
three provinces, New Brunswick, New
Nova Scotia to give \$2,000 each, while
Prince Edward Island will be asked
for \$1,000.

Sees Better Results.
"We believe greater results will ac-
cure to all the Maritime Provinces if
we advertise jointly," said C. C. Avar,
secretary of the N. B. Tourist Asso-
ciation, president of the N. B. Tourist
Association to a Times-Star
reporter, today. "Last year the New
Brunswick Tourist Association spent
\$8,000 boosting our tourist advantages,
and it is estimated that 100,000 tourists
came to the province during the sum-
mer and fall months. In Nova Scotia
the newly-organized Publicity Bureau
expended \$10,000 and secured about
70,000 tourists.

Mr. Avar said the N. B. Tourist
Association plans to increase its mem-
bership during 1925 and will probably
followed the same plan inaugurated last
year, when the membership was boosted
from 100 to 1,800. The so-called
"baby-draft plan" will again be carried
on, but the association also contem-
plates seeking increased grants from
the New Brunswick Government and
the City of St. John. Last year the
Government gave the association \$2,000,
and the City of St. John \$400.

Two Appointed.
President Avar and C. B. Allan,
secretary of the N. B. Association,
were appointed at yesterday's meeting
to appear before the Government and
the Common Council of the City of St.
John to make application for the in-
creased grants. Later, the executive
will meet in St. John to formulate the
final policy for tourist activities in this
province in 1925.

It is planned to have a monster
gathering of members of the association
at the annual meeting in June, and this
session will likely be held at the Ad-
miral Beatty Hotel.
Yesterday's meeting of the executive
was attended by President Avar, Sec-
retary Allan, E. A. Schofield, G. Bruce
Barnes, J. E. Seard and T. H. Bullock.

MUSSOLINI LAUDS
BRITISH SYSTEM

ADOPTS ELECTORAL PRIN-
CIPLE IN ITALY.

Thinks Position is Impregnable
and Minimizes Present Poli-
tical Struggle.

LONDON, Jan. 16.—Interviewed in
Rome by the correspondent of the
Daily Express, Premier Mussolini gave
him the impression that he regards his
position as impregnable and that any-
way that power could never be wrested
from the present government in Italy
without a desperate struggle.

The correspondent says Mussolini
seemed profoundly amused that the
Italian situation was considered serious.

Healthy National Life.
"Italy," the Premier is quoted as
having said, "is no more disturbed
than any other country. We have
conflicts between our political groups
but that is not war or revolution. It
is a sign of healthy national life."
Mussolini told the correspondent that
he had introduced the principle of the
British electoral system in his law be-
cause he admired British institutions
and methods of government.

Rome's 72 Dictators.
The correspondent referred to the
plurality provisions in the Italian elec-
toral bill and asked how long the Pre-
mier considered it possible to advance
without invoking the aid and support
of the country's democracy.

"Well, the Roman republic had 72
dictators," Mussolini snapped back, and
with a shrug of his shoulders.

AGAIN 9 BELOW BUT
WIND DIES DOWN

Cold Spell Continues Here—45
Below in Edmundston This
Morning.

The cold snap again is reported gen-
eral throughout the province today. At
Edmundston the mercury was at 45
degrees below zero this morning. An
official report from the St. John Me-
teorological Observatory today was that
the lowest point reached here in the
last 24 hours was nine degrees below
zero.

Yesterday, the highest point
reached was two above zero. The high
wind which prevailed yesterday died
down and this morning was only
eight miles an hour. As a result the
cold was not as penetrating, although
the mercury was as low as yesterday
morning.

At Other Places.
Reports from other points in the pro-
vince follow:
EDMUNDSTON—Clear, 45 below
early in morning.
FLORENCEVILLE—44 below at
daylight.
ANDOVER—Fine, 41 below at
daylight.
WOODSTOCK—Fine, 40 below this
morning.
FREDERICTON—Clear, 24 below
early.
MONCTON—Fine, 11 below.
ST. STEPHEN—Clear, 14 below.
HALIFAX—Fine, zero early.

SMASH POTATO
SHIPMENT MARK
AT WINTER PORT

About 950,000 Bushels
Exported Since Sea-
son Opened

MORE CHARTERS

30 Steamers Have Carried
Potato Cargoes From Here
To Foreign Ports

All records for the shipment of po-
tatoes through the port of St. John
have been broken to date this season
and the prospects are bright for a con-
tinuation of fairly heavy shipments for
the balance of the season a local ship-
ping man said this morning.

Thirty steamers have been here since
the opening of the potato season late
in September and more vessels have
been chartered for loading later this
month. The activity in the potato mar-
ket has been a great help to the port
as export cargoes have been extremely
light thus far in the winter port season.

Shipment Unusual.
Approximately 950,000 bushels of
potatoes, including the cargo the
steamer Gorthon now loading is taking
to Havana, have passed through the
city and this far exceeds last year's
total and there is every prospect that
this year's export of potatoes will ex-
ceed by more than half a million
bushels that of last year.

The extreme cold weather in north-
ern New Brunswick has handicapped
the shippers in transferring the pota-
toes from the warehouses to the
freight cars and it has also tended to
slow up the loading of vessels here. The
risk of injuring the potatoes by frost
is too great for loading steamers when
the temperature is hovering around the
zero mark.

30 Potato Steamers.
Of the thirty steamers here to date
Furness-Withy and Co. have been
agents for fifteen of them, twelve be-
ing for Havana and three, the Uiv,
Falkenstein and Hithewood, for the
United Kingdom. E. E. Kane and Co.
have been agents for the other fifteen
steamers, all of which were for Havana.
These two companies have entirely
controlled the shipping of potatoes
through St. John.

In addition to the three special
steamers small consignments of pota-
toes have been shipped to the United
Kingdom on the regular freighters al-
though they have not been very heavy
as yet. The potato shippers are watch-
ing the efforts being made by certain
interests to have the embargo in Great
Britain against United States potatoes
placed on Canadian ones as well.

Lady M. P.

Canadian Press Despatch.
LONDON, Jan. 16.—"Non-sense!" was
the terse comment of Miss Ellen Wil-
kinson, Labor M. P. for East Middle-
borough, in alluding to the recent criti-
cism of Ramsay MacDonald by Mrs.
Phillips Snowden in a speech at Mon-
tréal.

Should Be Slapped.
"There's a film running in London
entitled: 'He who gets slapped,' said
Miss Wilkinson, "and I would christen
Ethel Snowden the woman who gets
slapped. I would slap her if I were
Canada whom Mrs. Snowden is ad-
dressing that Ethel does not represent
any body of organized labor in this
country."

View Is Unchanged.
WINNIPEG, Man., Jan. 16.—De-
spite the criticism of the London press
concerning the views of the Labour party
in a Montreal speech on the leadership
of former Premier Ramsay MacDonald,
Mrs. Phillips Snowden, wife of the
former British Chancellor of the Ex-
chequer, has not changed her opinion.
"Why should I alter my opinion,"
she said, "I would slap her if I were
Canada whom Mrs. Snowden is ad-
dressing that Ethel does not represent
any body of organized labor in this
country."

OTTAWA, Jan. 16.—Both govern-

Ottawa last night. That attitude had
helped the executive to overcome many
difficult problems.

The sectionalism that pervaded dis-
tricts in Canada has proved a greater
trouble-maker than had politics. With-
in the railway the serpent of politics
was much less feared than the scorpion
of sectionalism.

In the Circuit Court before Chief
Justice Barry this morning, the case
of C. Tufts and L. Adams vs. W. F.
Fitzgerald was commenced. This is
an action for alleged malicious pro-
secution arising out of an incident which
took place one evening during the last
summer. On that occasion, it was al-
leged, the plaintiffs and E. Howard
took the defendant's car without the
latter's consent, and he had them ar-
rested on theft charge. The matter
was later adjusted, and now the action
for malicious prosecution is being
brought.

BRITAIN APPROVES

Russia Not To Be Invited, But
Germany Likely To Send

By LUDWIG DENNY,

WASHINGTON, Jan. 16.—Presi-
dent Coolidge has decided to call an-
other Washington Arms conference
early in the new administration.
The worldwide tendency to lapse
into competitive arming, non-rati-
fication of some of the first Washing-
ton conference treaties and America's
low rank as a third rate power in
naval cruiser strength, caused his
decision.

Britain Opposes
The President is even less dis-
posed than the retiring Secretary of
State, Mr. Hughes, to participate in
the League of Nations arms confer-
ence next spring.

Great Britain and Japan are said
to have agreed informally to call the
call in the spring, but may get in-
cluded as a late guest as the Lausanne
Conference last year. There is no
apparent intention to exclude Ger-
many.

Proposed Agenda.
The arms conference agenda will
not be fixed until after the call but
are expected to include the follow-
ing:
Extension of capital ship limita-
tion, including gun elevation and
battleship, as airplane-carriers, in
which America is outclassed and
Washington conference treaties on
China and the far east.

SPORTSMEN ARE LOOKING EARLY AT N.B. STREAMS

Noted Fishermen Write To Plan Salmon Trip

Harry Allen, noted guide, fisherman and hunter, of Fenwick, York county, writes that he anticipates a busy season this spring, summer and fall.

Already dates and parties are being arranged for the first run of salmon on the Caline river, a preserve owned and controlled by Mr. Allen, Frederick W. Peet of Chicago, laundry magnate and States, also his companion W. E. Kildner, lumber and woodworking man of their intention of being on the sporty stream before the ice is all run out.

Other Big Parties. Last season it was intended that a group of prominent officials of the First National Fishery Corporation, including President Leitch, Secretary Schwab, Mr. Bache, chief of the Canadian branch, Nathan Gordon of the Gordon chain of New England hotels and a local theatrical manager should take the Caline River trip but the absence of two of the party who were coming to California, prevented it from coming off this year, however.

Lancaster Highway Work Is Praised at Engineers' Meeting

Spoken of by G. G. Murdoch—Association Elects F. O. Condon President.

Reports presented at the annual meeting of the Association of Professional Engineers of the Province of New Brunswick held in the Board of Trade room here, yesterday afternoon, showed the organization to be in a flourishing condition. F. O. Condon, of Moncton, was elected president and much other business was transacted.

G. G. Murdoch, the retiring president, occupied the chair. In addressing the members he paid tribute to the first president of the society, C. C. Kirby, and mentioned some of the great work he had accomplished in the organization.

He spoke of the need for the building of highways and pointed to this as a field for the engineer. He made special reference to the roadwork done in the Parish of Lancaster. In that district there had been great improvements made to the roads. Retaining walls had been constructed and new sidewalks of modern design put down. The programme, when completed, calls for the expenditure of \$270,000, of which the Provincial Government will contribute approximately \$90,000, leaving \$180,000 to be borne by the municipality.

Mr. Murdoch also referred to the large industrial plants being established and operated in Canada. He spoke particularly of the pulp and paper trade where there was a demand for civil, mechanical, electrical and chemical engineers.

There were other opportunities for the engineer and he made reference to the demand for the services of consulting engineers. Through the services of these men companies found out in advance what their income and expenses would be. This tends towards the elimination of haphazard investments.

In closing his address Mr. Murdoch spoke of the efficient work of the secretary-treasurer and registrar J. A. W. Waring.

Addresses were also given by Messrs. A. Gray and S. R. Weston.

Officers Elected.

J. A. W. Waring was selected as

Two Wildcats Caught In Loch Lomond Trap

Two wildcats were caught in a trap by Harry Smith at Loch Lomond on Monday and two more were seen in the vicinity of the traps on Tuesday.

The first wildcat was caught in the morning and the trap reset. In the afternoon another one was discovered in the same trap. It was killed by Frank Johnson with a club after he had fired a bullet at the animal and missed.

The election of officers resulted as follows: President, F. O. Condon, Moncton; vice-president, A. Gray, St. John; Councilors, St. John district, S. R. Weston and H. Phillips; Moncton, J. D. McBeath; H. W. McKel, Sackville; Fredericton, E. O. Turner; Chatham, W. R. Campbell. Auditors, A. R. Crookshank and A. A. Turnbull. Secretary, J. A. W. Waring.

The nominating committee was selected as follows: St. John, F. P. Vaughan and W. R. Fenner; Moncton, A. S. Gunn and H. J. Crudge; Fredericton, B. M. Hill and L. L. Theriault. The members of the Chatham district are to be named by the council of the Association, as there was no member present from this district.

Representatives were present from St. John, Fredericton, St. Stephen, Moncton and other places in the province.

FOUR KINDRED ILLS

Lowered Vitality - Stomach Troubles Constipation - Skin Disorders

One simple food to banish them

THESE remarkable reports are typical of thousands of similar tributes to Fleischmann's Yeast.

There is nothing mysterious about its action. It is not a "cure-all," not a medicine in any sense. But when the body is choked with the poisons of constipation—or when its vitality is low so that skin, stomach and general health are affected—this simple, natural food achieves literally amazing results.

Concentrated in every cake of Fleischmann's Yeast are millions of tiny yeast-plants, alive and active. At once they go to work—invigorating the whole system, clearing the skin, aiding digestion, strengthening the intestinal muscles and making them healthy and active.

Fleischmann's Yeast for Health comes only in the tinfoil package—it cannot be purchased in tablet form. All grocers have it. Start eating it today! You can order several cakes at a time, for Yeast will keep fresh in a cool, dry place for two or three days.

Dissolve one cake in a glass of water (just hot enough to drink)

before breakfast and at bedtime. Fleischmann's Yeast when taken this way, is especially effective in overcoming or preventing constipation. Or eat 2 or 3 cakes a day—spread on bread or crackers—dissolved in fruit juices or milk—or eat it plain.

Write us for further information, or let us send you a free copy of our latest booklet on Yeast for Health. Address: Health Research Dept. 421, The Fleischmann Company, 208 Simcoe Street, Toronto, Ontario, Canada

Fleischmann's Yeast is made in Canada

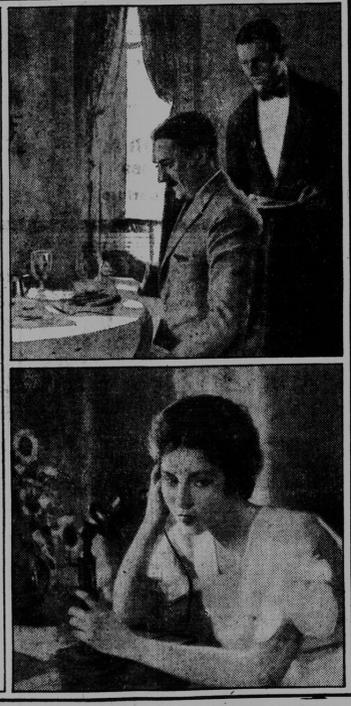

"A physical wreck—I was irritable, nervous, debilitated. I tried the rest cure, the milk diet, and every curative treatment known to science, but to no avail. I was simply depleted of nervous energy. When I heard of Fleischmann's Yeast I was skeptical of the wonderful results attributed to it. In a week's time, after using the yeast, my digestion became better, my complexion brighter, and I slowly regained lost vitality." (Mr. Clair C. Cook, of Los Angeles, California)

"We restaurant eaters must force greasy, quickly fried food into our stomachs in a hurry. No wonder they get sluggish and refuse to perform their duties. And our next move is 'take one of these pills each night!' Even the best stomach cannot stand such treatment. On the advice of a friend I ate my first yeast cake. Now I feel like the man who puts coal on a fire. He gets heat units, while today I'm enjoying health and vigor units, and am glad to be out of the 'glass of water and pill' class." (Mr. Thomas Loden, of Elizabeth, N. J.)

"I knew my headaches and unwholesome complexion were caused by constipation. To take frequent cathartics was my regular program and even by doing this I was tired and doxy. 'I like what yeast does for me' said one of my customers and asked if I had ever tried it. I began to drink yeast in milk regularly. Soon people began to comment on how well I was looking—my husband said I grew younger—the mirror told me my complexion and eyes were clear and bright. Cathartics are now a thing of the past." (Mrs. Madeline Conomiles, of Marathon, N. Y.)

"And my Fleischmann's Yeast cakes as usual. For almost three years I have given this order to my grocer several times each week and will continue indefinitely. Three years ago as a young mother in a run-down condition, with boils rendering me almost helpless, I felt that the end of my endurance had been reached. In desperation I sent for Fleischmann's Yeast cakes. The boils began to dry up. I slept better—had a keener appetite, felt better and by spring had regained my strength and vivacity." (Mrs. Helen M. Raup, of Linthicum Heights, Maryland)

PARIS, Jan. 15.—An official renewal of the proposal for settling the inter-allied debts contained in the Balfour note of 1922, is made by the British cabinet in the reply Winston Churchill, Chancellor of the Exchequer, has given to the recent letter of Finance Minister Clementel on that subject.

Spirit of Comradeship.

The British cabinet thus proposes only to demand from the Allies the amount by which Great Britain's payments to the United States for her debt exceeds the amount she receives from Germany.

Rally.**

St. Andrew's C. G. I. T. group, of which Miss Alice Murdoch is leader, was the winner of the doll dressing contest held last night in connection with the C. G. I. T. rally in the Exmouth street Methodist church and was awarded the handsome silver cup which had been kindly donated by Mrs. R. W. Wigmore. About 150 girls were present and Miss Hazel Fisher, president of the Girls' Council, was in the chair.

15 Dolls Judged.

The groups from each church had been permitted to enter just one doll in all 15 dolls for the judges to pass upon. The judges were Miss Ida Northrup, Miss Currie and Miss Daisy Harrison and they found their task a difficult one. The winning doll was dressed to represent Edith Cavell. Some of the dolls were dressed as C. G. I. T. members and others represented Little Bo-Peep, Miss St. John, Red Riding Hood, a fairy, a baby doll.

A meeting of the Girls' Work Board was held immediately after the rally with Miss Ethel Brindle, president, in the chair and at the meeting plans were made for the demonstration week to be held throughout the Maritime Provinces from Feb. 18 to 24.

Mrs. J. D. Hunter led in a sing song and Miss Marjorie Trotter, girls' work secretary told the story of the three weavers. Miss Catherine Gray was a companion for the evening.

HOSPITAL AID PLANS TAG DAY EARLY IN APRIL

Local Society Prepares For Annual Meeting In February REPORTS GOOD

Legislation Wanted to Compel Children To Support Aged Parents

Preparations for the annual meeting to take place next month were made at the meeting of the Women's Hospital Aid yesterday afternoon in the Board of Trade rooms when Mrs. E. Atherton Smith, president, was in the chair. Very gratifying reports of the aid work for the General Public and St. John County Hospitals were received and it was suggested that April 4 be asked for as the date of the annual tag day.

Treasurer's Report. The report of Mrs. Lester Mowry, treasurer, showed: Receipts, \$1249.41; expenditures, \$163.15, and balance \$1,086.26. The emergency fund total was \$809.10.

The visiting convener for the ensuing month for the General Public Hospital was Mrs. T. H. Carter. A letter expressing the gratitude and appreciation of the Board of Commissioners of the General Public Hospital was received.

Provincial Meeting. Mrs. Smith said the provincial meeting of the Women's Councils would be held on the 22nd inst. It is hoped that there should be legislation compelling children to support aged parents when able to do so.

Reports of the Christmas cheer provided by the aid were given. Mrs. Louis Owens reported on the treat for the 22 children. Thanks were extended to the nurses who filled 192 stockings, 60 of which went to the St. John County Hospital. Thanks were extended to Mrs. George Cuthbertson and her committee for making the stockings and to Gerard Owens for carrying many parcels to the hospital on his sled. Mrs. T. H. Carter reported on buying fruit and candy.

Decorating Committee. Mrs. George Ewing reported for the committee on decorating the women's ward in the St. John County Hospital. Donations of \$6.50 were received and many other gifts. The total cost to the aid was \$7.06.

Mrs. J. H. Dooey reported for green-planting in the General Public Hospital. Denominational vice-presidents gave reports as follows: Mrs. Dooey, for the Catholics; Mrs. Robert Watson, for the Presbyterians; Mrs. Garfield Stevens, for the Anglicans; Mrs. Williams, for the Methodists.

A warm tribute was paid the Salvation Army and the Newfoundland Society.

The Story of 1924

The results achieved by The Imperial Life Assurance Company of Canada in 1924 as indicated by the figures given below will be very gratifying to policyholders and others interested in the Company's progress:

Table with 3 columns: 1914, 1919, 1924. Rows include Assurance in force, Assurance issued, Total Assets, Premium & Interest Income, Policy & Annuity Reserves, Payments to Policyholders.

The millions of dollars of Reserves held by The Imperial Life are calculated on so strong a basis that interest earnings of only 3 per cent. are sufficient to maintain them. The difference between this 3 per cent. rate and the 6.23 per cent. actually earned gives an exceptionally wide margin for policyholders' profits and security.

Lawrence Flour Sags To
New Low On Montreal
Market

NEW YORK, N. Y., Jan. 16.—Stock prices moved irregularly higher at the opening of today's market. U. S. East iron pipe advanced 2 1/4 points on the Hill sale and Nash Motors 2, while United States Steel common, New York Central, General Electric, American Can and several other popular issues and Industrials improved fractionally.

Montreal Market.

MONTREAL, Jan. 16.—Weakness in Lawrence Flour was the only feature of the early trading on today's stock market. This issue, which was the most active, sold down 17-8 points to 50, establishing a new low and taking a net decline of about 16 points in a week. The liquidation is attributable to the recent cut in the dividend. Higher changes were Brazilian, up 1/2 to 1/2; Brompton, up 1/2 to 1/2; Montreal Tramways, up 1/2 to 2 1/2; MacKay, down 1-8 to 117-8.

**Leak in Water Main;

One city water main will be shut off at 5 o'clock this afternoon on account of a leak in No. 2 Main at the Hickey Road. Only the high levels will be affected by this and residents on the heights are advised to draw a supply.

**DRUGS EXCITE
THE KIDNEYS,
DRINK WATER**

Take Salts at First Sign of
Bladder Irritation or
Backache.

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter, but they weaken on overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with thick headache, or dizziness, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then set to work.

This famous salt is made from the seed of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.

The Great Breathable Remedy

Peps

**FOR
COUGHS, SORE THROAT,
COLDS & BRONCHITIS.**

As you dissolve a Peps tablet on your tongue, certain healing fumes are released which immediately taken with the breath down into the furthest recess of the lungs where liquid medicines cannot penetrate. These Peps fumes on their way bathe the whole of the breathing passages with their healing potency, soothing the throat, allaying inflammation in the bronchi, and relieving the chest. Liquid medicines are simply swallowed into the stomach and cannot act in this direct Peps way.

While Peps are an expensive remedy to produce, the demand has become so great that it has now been found possible to have the Peps reduced to 25c. box.

Now obtainable at medicine dealers everywhere, or direct from Peps Co., Dupont St., Toronto.

**Collins Building
Afire Last Night**

The Collins building at the corner of North Market and Charlotte streets was damaged by fire last evening to the extent of about \$1,000, while fixtures of tenants also suffered damage. Insurance covers the loss.

The blaze started in the rooms occupied by the Consolidated Optical Co. Ltd. about 8 o'clock. Prompt work by the firemen prevented any spread although smoke caused considerable inconvenience to Dr. J. D. Baker, proprietor of the Boston Dental Parlors, just across the hall. Water, destroyed a section of the ceiling on the ground floor occupied by the Provincial Bank of Canada, but it was not so great as to prevent the bank from carrying on. The fruit store operated by Walter Gilbert on the corner escaped damage.

World's Lightweight Boxing Champion Has Retired From Ring

Along the Sport Trail

By RAY HANSEN

A FEW DAYS AGO we received a despatch from Sydney, saying that Jack McKenna had been awarded a decision over Joe Irvine of this city in a 10 round bout staged there; that McKenna had administered a severe drubbing to the St. John boxer; that on three different occasions he had him on the verge of a knockout; and that he had won by a wide margin.

"It was conceded on all sides that the bout between Joe Irvine and Jack McKenna last week was one of the very best that has been put on here in a long time. The St. John veteran—who by the way has passed the 43-year mark—(Frankie Burns says he is 31)—made his younger opponent step to the limit to take the decision from him. Irvine is a glutton for punishment, and his recuperative powers are little short of amazing, when his age is considered. In the fourth round McKenna got to Joe's jaw with a right cross, and it looked as if the veteran was away to the woods. Far be it from such, however. He kept inside and hung on until his brain cleared, stayed, and he was back on his feet in a matter of minutes.

It is evident that two men saw the fight on Sunday. Perhaps the one sending the former wore glasses and forgot to clean them before he left home, or else in the excitement he allowed them to slip down on his nose and the lenses did not focus properly. It is hard to understand two such widely different accounts.

BOTH THE hockey officials and the St. John Skating Association have made a good move in uniting their forces and combining speed racing with the hockey matches. It should result in a much larger attendance at the games as well as proving beneficial from other standpoints.

Track Measured Today. The track was officially measured today by an engineer and the distances are distinctly marked. It is planned to start the first race at 2:30 and the others shortly afterwards, time being allowed for the skaters to rest up. The attempt on the part of the champion to hang up new world marks is every likelihood of a large crowd of fans being in attendance. The time for all three events is very fast, but Gorman being such a strong skater and so fast on a getaway, is conceded a good chance to equal if not surpass them.

BENNY LEONARD, world's lightweight champion, has announced he retired from the prize ring. From this it would seem that Benny either cannot make the required weight for the division or else realizes that he will have to fight if he enters the welterweight class.

At first he willingly met all the other champions put together, more second and third rates than all the other champions put together, more second and third rates than all the other champions put together, more second and third rates than all the other champions put together.

BENNY LEONARD STARTED CAREER AS SUBSTITUTE

NEW YORK, Jan. 16.—Benny Leonard, world's lightweight champion, announced his retirement from the prize ring here last night. A dozen years ago a lad named Benjamin Leiner volunteered to take the place of a defaulting boxer at the old Fairmount Athletic Club in the Bronx. Later he won the title under the name of Benny Leonard.

His Mother's Wish. In a statement announcing his retirement Leonard declared that he was actuated solely by the wishes of his mother, Leonard, who has not been active in the ring since 1923, has held his present title for nearly seven years.

After winning the title, Leonard met all comers and defeated them. Nine times he encountered the recently retired champion of the featherweights, Johnny Dundee, and several close bat-

ties resulted. After he became champion he knocked out Johnny Nelson, Johnny Kilbane, Young Hector, Leo Johnson, Young Ernie, Gene Delmont, Chick Brown, Willie Ritchie, Joe Malone, Jimmie Duffy, Mel Coogan, Charlie White, Frankie Britt, Eddie Kelley, Joe Welling, Ritchey Mitchell, Rocky Kansas and Pinky Mitchell. His victims before 1917 included Joe Mandot, Shamus O'Brien and Ever Hammer. He lost to Jack Brittan in the twelfth round of a New York bout in 1922, on a foul, the referee ruling that Brittan had been struck while off his feet. Way back in the days when he was starting his climb, Leonard was knocked out by Joe Shugrue and Frankie Fleming.

Leonard leaves the ring without the exterior blemishes which ordinarily mark the pugilist. He is retiring from the ring in good financial circumstances and with a foundation for a stage career laid by months of preparation. Thus he is following in the footsteps of another noted pugilist, James J. Corbett.

DEMAND ACTION

Governments Will Be Asked To Make Decisions On Resolutions Presented

SUSSEX, N. B., Jan. 16. — R. R. Patchell, well-known St. John man, who has always taken a keen interest in agriculture, was elected vice-president of the New Brunswick Farmers and Dairy-men's Association, representing St. John county, at the final session yesterday in Sussex.

Charles Gray, Woodstock, was elected president for the ensuing year. An invitation to hold the convention next year in Woodstock was considered, but it was finally decided to leave this matter in the hands of the new executive.

To Meet Government. H. Magee, Norton, made a strong appeal to the convention to follow up

the resolutions passed at the annual gatherings and secure action from the government. As a result of this appeal, a parliamentary committee was appointed, composed of the president and the two vice-presidents, whose duty it will be to see the Government placed before it the resolutions of the annual session and follow them up until there is action one way or another.

Ask for Abattoir.

One of the important resolutions adopted was that calling on the Maritime Province governments and the

Dominion government to establish an abattoir and cold storage plant at some central point in the Maritime Provinces.

The first speaker at yesterday morning's session was Dr. H. S. Pugsley, veterinary of the Provincial Department of Agriculture, whose theme was common diseases among horses. Following him, D. J. McLeod, plant pathologist, spoke on common potato diseases.

J. W. Eastwood, Grand Lake, Queens county, advocated erection of a marketing organization.

When Dorothy (Dorothy Devore) tried to hold down her brother's job on the newspaper she discovered that as a reporter she was a good belfoy. But she had the family to support, so she stuck.

She turned maid, secretary, acrobat and a few other things—she brought out the police, the fire department, the mayor and the whole town—she almost broke her neck—but she made good.

Then she decided that one reporter in the family was enough and fell into the waiting arms of her fat and distracted fiance (Walter Hiers).

You'll hold your breath with excitement and hold your sides with laughter at this rollicking comedy-drama with one of the greatest comedy casts ever assembled.

What price would you pay to become a Movie Star?

IF you were young and beautiful but unknown and poor—what sacrifices would you be prepared to make to gain fame? Would you be willing to pay the price that Minnie Flynn paid?

She had lived eighteen wistful years in a tenement—she clerked in a Ninth Avenue department store—she thought Shakespeare wrote scenarios for the movies. That was Minnie, young, lovely, only wanting her chance.

And, the very next year—Hollywood—a \$1,000

a week contract—that was "June Day," moving-picture star.

How did she do it—who saw in the shabby girl a type that would be adored by a million theatre-goers? Could she refuse the hand that had really lifted her out of the slums?

Would you say "NO" in her place?

Read Minnie's introduction to, and life in, the movies in the sensational new novel starting in the February Pictorial Review.

New Portwarden In Towing Business at St. John For Years

Capt. John A. Mowry Assumes Place on Board of Three.

Captain John A. Mowry, who was appointed a portwarden at the council meeting yesterday, to fill the vacancy caused by the death of James McKinley, has assumed office. He is one of the best known men on the harbor front. He has been engaged in the towing business for many years and is well known and thought of by the shipping men.

He is prominent in the Masonic fraternity and the Knights of Pythias, at the present time holding the position of grand vice-chancellor of the Maritime Domain in the latter order.

Three on Board. The other members of the Board of Portwardens are Captain A. J. Macaulay and S. S. Elliott. They hold office at the will and pleasure of the Common Council, appointments being made in May of each year.

WRITES OLD HOME OF LIFE IN VANCOUVER

H. S. Cosman Now in Business There—Season Has Been Very Cold.

H. S. Cosman, a former hardware merchant and tinsmith of this city, who removed with his family to Vancouver in 1918, has just returned to St. John and writes interestingly to friends here of people and things there. He states that Vancouver has this year experienced the coldest spell in eight years, but the mercury did not reach zero.

Still Follows St. John Routine. While the former St. John citizen is enjoying his new home in the west, especially the reunion with brother and other relatives with whom he is engaged in business, he follows with keenest interest and loyalty the daily routine of St. John, 3,000 miles eastward, receiving The Telegraph regularly and leaving no item unread. Then the paper is passed around among friends in the neighborhood.

Vancouver Thinks Us Sister Port. Looking at St. John from the all-Canada viewpoint, Mr. Cosman says westerners feel the same about us as we do about them. He says that Vancouver is a very definite place in the whole Canadian economy and is accepted on the Pacific coast as the western counterpart of what Vancouver is claiming for itself on the western coast—the chief ocean terminal.

MRS. E. CORRIGAN IS DEAD AT AGE OF 99

Resident of North End For 65 Years and Revered For Good Works.

Mrs. Elizabeth Corrigan, aged 99 years, died at 1:45 o'clock this morning at her home, 60 Chapel street, after a life of activity. Though kept to her house for several years she was able to be about her household until yesterday. She was born in Donegal, Ireland, and came to St. John in the bark Dr. Kane at the age of 35, since when she had resided here, a span of 65 years. Her husband, John Corrigan died 27 years ago. There were eight children, five of whom are living. Two sons and her only daughter died some time ago.

17 Great Grandchildren. Mrs. Corrigan also leaves 18 grand-children and 17 great grand-children. Her surviving sons, who are all residents in St. John, are John, Alexander, George, James and William. She was a lifelong member of Portland Methodist Church, which she had attended faithfully. She was noted in the city for her charitable deeds, done quietly, but known through those upon whom she bestowed her kindnesses. The funeral will be held on Sunday afternoon at 3:30 o'clock, interment in Cedar Hill.

McHenry would speak on behalf of Roy Seale, who had been refused a taxi driver's license; at 11:30 a delegation from the Trades and Labor Council would be heard on the unemployment question and at noon, the electrical workers would be heard on the matter of the Civic Commission going into the business of selling appliances.

BOSTON PLANS DELEGATION TO HOTEL OPENING

Former Canadians Discuss Coming to Beatty Inaugural

IDEA POPULAR

Canadian Club Members And Wives Would Form Delegation

Secretary J. F. Masters of the Boston Canadian Club is suggesting to members of that vigorous organization that a delegation of members with their wives and escorts make a pilgrimage to St. John early in next June to attend the grand opening of the Admiral Beatty Hotel. The idea is catching on.

All Watching New Hotel.

A St. John citizen just returned from the Hub makes this report. The idea grew out of a flurry of questions put to the St. John visitor as he was at the club headquarters in the Bellevue Hotel, Beacon street. A group of former Canadians being introduced to the St. John man, the first enquiry made was about the new hotel and how it was progressing. Then somebody made the pilgrimage suggestion.

Discuss Transportation.

Immediately the suggestion was taken up and discussed. One thought the trip might be made in automobile, but that might entail special risk of discomfort from weather. The idea of proceeding by boat via Yarmouth was mooted; then to accommodate busy men an overnight train journey was considered. In any case all present thought it was an excellent suggestion that the club, the membership of which is largely eastern Canadian, should recognize St. John's entry into the realm of international hotels by an official visitation on the christening occasion.

Feel Hotel Great Asset.

In the conversation that ensued the importance of modern hotels was discussed from all the well known points of argument and some original ones. All agreed it was going to be a new source of activity for St. John and would make the city better known all over the continent. The club secretary, Mr. Masters, said he would be glad of the opportunity of discussing the matter of a delegation to the opening with someone in authority in St. John.

GIVES EMPIRE TALK

Dr. Murray MacLaren, M. P., Addresses Men's Club of Stone Church.

"Africa and Beyond" was the subject of a very interesting lecture delivered last evening by Dr. Murray MacLaren, M. P., before the members of the Men's Club of Stone Church. The speaker took his audience with him on his trip to the outlying points of Empire and brought to them a new viewpoint on Empire matters. The lecture was profusely illustrated with beautiful slides which enabled his hearers to visualize the scenes which the speaker described. A vote of thanks was extended to Dr. MacLaren for his instructive talk.

The Canadian Pacific steamship Montrose is expected to arrive here direct from Liverpool on Saturday at midnight. She is bringing a large general cargo, a very heavy freight and 239 passengers, comprising 97 cabin and 142 third class. Included in the freight are 168 tons for local merchants. The mail consists of 97 bags of letters and 44 packages of parcel post for Maritime Province points, 1,634 bags of letters and 683 packages of parcel post for other points throughout Canada. 27 bags of mail for the far east and three for the Fiji Islands.

As Hiram Sees It

"What is this I hear about you going west?" asked The Times reporter of Mr. Hiram Hornbeam.

"I'm just going on a little trip," said Hiram. "I haven't never been out there, an' I ain't cuttin' no logs, this winter—so I made up my mind to make a sort of 'spin' trip an' meet some of the settlement folks that moved out there years ago. I bet they'll be surprised to see me." "You are going alone?" asked the reporter. "Yes, sir—I be. You couldn't drag Hiram out on a trip like that this time of year—an' she wouldn't leave the place unless one of us was there to see things was done right. She says I'm an old fool fer got to take along a fadron to press my pants—an' if I let her her way I'd need a freight car. She says I'm such a good-natured old fool I'll give away all my money in tips afore I get half way to Winnipeg—but I guess Hiram hasn't been to grand lodge a few times fer nothin'—no, sir."

"I trust," said the reporter, "you will drop me a line how it goes." "I'll do that," said Hiram. "Yes, sir—I'll let you know how I'm gettin' on—an' who I see out there, too—Bye!"
