RECRUITING NOTICE—15TH HEAVY ARTILLERY. Get ready for the next war—don't wait for conscription. This battery is now drilling on Tuesday and Thursday nights with a mere handful of men. It should be 125, with a large waiting list. A fine chance is offered to the older boys of the numerous cadet corps to learn how to shoot a big gun. Men with actual experience will show you how to do it. A week of real shooting in the summer at Petawawa on the Ottawa River, follows the dummy training in the armory. Come down and have a look at the guns, and you can tell better whether you wish to join or not. C. F. INCHES, Major. #16829-12-14

GOOD THINGS COMING TO THEATRES OF ST. JOHN.

"DEVIL'S PASS KEY" AT IMPERIAL TONIGHT

Stupendous European Production That Puts You in Touch With the Great Inner-Paris—A Wonderful Film. The Imperial has presented some truly remarkable pictures during the past year, such as "The Miracle Man," "Male and Female," "Pollyanna," "Why Change Your Wife," etc., etc., in offering "The Devil's Pass-Key" tonight and tomorrow the concluding super-production of 1920 is to be screened. This picture is something entirely new, something startling in its departures.

"The Devil's Pass-Key" is a cynical criticism of Paris society and artistic circles. It was written and produced by Eric von Stroheim, an Austrian, and produced by an Anglo-American syndicate, the Universal Corporation. Its story is peculiarly compelling, dealing with the heart-searchings of an American author's pretty wife who became ensnared in a modiste's web through a gown debt.

For Parisian atmosphere it is wonderful. The boulevards, the bewildering shops and gowns, the Comedie Francaise and the types of people. A rather bold liberty is taken in substituting King George and Queen Mary at the racecourse, but the touch is only one of many flashes of marvelous direction, touches of real genius. Altogether "The Devil's Pass-Key" is an extraordinary picture. As one of the Censor Board stated upon reviewing it, "the only thing wrong with that picture, in my opinion, is its title."

The prices for this engagement are: Night, 35c, 25c.; Matinee, downstairs 25c.; upstairs, 15c.

\$30,000 ALIEN IN TWENTIES. Chicago, Dec. 13.—It required two details of guards to handle the alien granted to Mrs. Clara M. Neff, who was her suit for divorce from Dr. James M. Neff, noted surgeon. She demanded her \$30,000 in cash in \$20 bills. Five guards brought the money in eight boxes. A second guard took it away.

CONFIDENCE MEN STEAL FROM POLES

Incidents Reported and Letter Goes From Consul to Montreal Police Chief and Mayor. Montreal, Dec. 13.—Confidence men are reaping a rich harvest in this city of late, and their victims appear to be mainly Poles, according to a letter from the Polish consul here to the chief of police and Mayor Martin.

Of late, it is said, Poles have been robbed in this way of a total of \$3,500 by various tricks, and these sums in some cases represented the savings of several years.

As a result, two of the Poles attempted suicide, and one of these, Philip Krentzer, will sail today at the expense of the consulate for his native country.

The methods employed vary from simple robbery to stories of more or less—usually less—ingenuity and which seem to satisfy all suspicion on the part of the Poles victimized.

BODY OF HIGHLAND MARY IS REMOVED

Taken From One Cemetery to Another to Make Way for Shipyard. Greenock, Scotland, Nov. 13.—(A. P. Correspondent).—With great solemnity, the remains of Mary Campbell, Robert Burns' "Highland Mary," were transferred today from the "Old West Kirk" here to a new grave in Greenock cemetery. The removal had been necessitated by an extension of a local shipyard.

From the spot where Mary was buried 184 years ago, the coffin was borne reverently on the shoulders of representatives of Burns clubs from all over the country to its new resting place, and a large crowd of Burns enthusiasts attended an impressive service.

Mary Campbell, a beautiful Argyleshire girl, plighted her troth to the poet after a romantic courtship, but she died of fever. By her Burns was inspired some of his most famous Scottish love songs.

The monument which Burns erected on Mary's grave in 1842 now covers the new tomb.

DROWNING HER SORROW

Berlin, Germany, Dec. 13.—Apparently Germany is drinking to drown her sorrow. With champagne costing seventeen times its pre-war price, 10,000,000 bottles were consumed last year, against an average of 6,000,000 bottles before the war. All records were broken for betting also. Between drinking and betting Germany spent in one year nearly \$300,000,000.

Nujol For Constipation

Constipation is the chief cause of piles. By an entirely new principle Nujol softens the food waste without forcing or irritating. This prevents straining and enables the many tiny muscles in the walls of the intestines, contracting and expanding in their normal way, to squeeze the food waste along and out of the system.

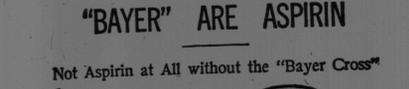

It is absolutely harmless and pleasant to take. Try it.

THE CITY HALL. In the course of an article in the Rotarian for December, Dr. Emanuel Sternheim, an eminent Jewish lecturer, makes a brief reference to municipal government and asks this question:

How long will it take Rotarians to realize that the city hall is their business not only at election time when they are feverishly excited about the election of a reactionary as opposed to a radical, but for three hundred and sixty-five days a year, because the city hall should be the physical embodiment of the social spirit of the community?

Making a local application of this query, how is the city hall in St. John regarded by the average citizen? A partial answer to this question was given at the meeting of the Commercial Club last week, when several members admitted their complete ignorance of the matter of the civic budget.

Those who do their Christmas shopping this week will have a better choice of the shareholders—the citizen. A keen and intelligent interest on their part will stimulate and encourage the directors. It would be of the greatest possible benefit to St. John if here and there throughout the city committees or groups were formed, both of men and women, to study civic affairs.

YESTERDAY IN CITY CHURCHES

Yesterday, the third Sunday in Advent, was observed in the Anglican churches by a special appeal for men for the ministry. The ordination of priests will take place during the week and in St. George's church Bishop Richardson will ordain as priest Rev. Arthur Langford now at Hillsboro.

In St. David's church Rev. J. A. MacKegan made an appeal to the men to offer themselves. He said the Presbyterian church in Canada requires one thousand men and women for its various activities.

The Baptist ministers in the city churches made their regular monthly exchange of pulpits at the morning service yesterday. L. B. Gray, of the Waterloo street church, was in the Victoria street church; Rev. G. D. Hudson, of the Victoria street church, in Germain street; Rev. A. S. Bishop, of Fairville, in Waterloo street; Rev. J. Brimley, of the Tabernacle, in Fairville; Rev. S. S. Poole, of Germain street, in Main street; Rev. Dr. D. Hutchinson, of Main street, in the Central church; Rev. F. S. Bone, of Central church, in Ludlow street and Rev. W. R. Robinson, of the Ludlow street church, in the Tabernacle church. Rev. Dr. D. Farquharson, Presbyterian port chaplain conducted the services in the Charlotte street church on Sunday, owing to the illness of Rev. J. H. Jenner, who is in Boston recovering after a severe operation.

At the service of song in St. David's church school room after the evening service, Robert Reid was in the chair and Miss Phyllis McGowan acted as accompanist. A big gathering joined heartily in the singing. Solos beautifully rendered added to the enjoyment of the evening. The soloists were Miss Larkins, Miss Jessie Jamieson and Miss Annie Aird.

In the Germain street Baptist church the special choral service of the preceding Sunday night was repeated in the evening at the request of the congregation and the pastor, Rev. S. S. Poole, gave a short address on "What is Life?"

Two Y. M. C. A. Boys' secretaries were heard in addresses on Boys' work last night in two of the city churches. A. M. Gregg, maritime Boys' Work secretary, gave an address in the Carleton Methodist church. The congregation was much interested in his presentation of the subject and his remarks were well received. He explained the C. S. E. T. programme and its aims of four-fold development. In the Carleton church, two groups of Trail Rangers and one Tuxis group have recently been organized and the work for boys is being undertaken with enthusiasm. Nelson McEwen, local boys' work secretary, also spoke of the C. S. E. T. programme when he addressed the congregation of the Waterloo street Baptist church. The congregation gave the speaker and his subject earnest attention, and was much interested.

Aladar Hartman of Cleveland (Ohio), arrived in St. John on Saturday on the Montreal train. He is here to meet his daughter, Miss Clara Hartman, who is coming from Hamburg. Miss Hartman being at that time four years old. She has been engaged in relief work with the American Red Cross for the last two years in Hungary. The arrival of the steamer Scotian today from Southampton, will bring the long-parted father and daughter together again after their separation. Mr. Hartman is the president of the Hartman Shaw Company of Cleveland.

CONCLAVE OF TUXIS BOYS

A convale of Tuxis boys was held at the Y. M. C. A. Saturday evening. Supper was served to 141 members by ladies of St. David's church. The general assembly was held in the gymnasium and swimming in the tank. The latter was the first test in the competition for an aquatic badge.

TO ASSESS DUTY AT BANK RATES OF EXCHANGE

Bill Passed in Australian House to Encourage Trade With Countries Where Money Has Depreciated.

(By Associated Press.)
New York, Dec. 12.—The Australian government has taken steps to enable countries whose currency has depreciated to trade with Australia, according to advice received by Mark Sheldon, commissioner for that dominion.
Australia has been collecting customs duties at the mint par rate of exchange based on the value of invoices in the currency of the country where the goods originate. This, the commissioner says, has made it virtually impossible for certain countries whose currency has depreciated to trade with Australia, because the duties would be too high.
At the same time it tended to prevent French and Italian exporters from using the exchange position to dump goods at prices which neither Australian nor British manufacturers could compete.
To remedy this situation the Australian House of Representatives has passed a bill proposed by the minister of customs which provides that the board of trade shall review the position whenever the exchange rate in any country falls ten per cent below the mint par rate and authorizes the board to recommend to the minister that the bank rate of exchange should be adopted in assessing duties.

HELP DOCTORS KEEP RIGHT UP WITH SCIENCE

(Toronto Globe.)
Realizing the difficulty that besets most doctors in rural centres who wish to keep fully abreast of the rapid onward march of medical science, the Ontario Medical Society at its meeting here yesterday decided to launch an elaborate educational programme.
It was agreed to inaugurate a post-graduate course for all rural doctors, and a schedule has been drawn up to meet the needs of every locality. For a long time hundreds of medical men who wished to "brush up" on one or more subjects had to come to Toronto, and perhaps leave a practice to a substitute if one could be obtained. This is, often difficult.
By the new plan, if twenty-five or thirty medical men in any section wish to "brush up" they will be able to send word and lecturers will be sent once a week, if necessary. The best men in the profession have volunteered their services as lecturers.
A weighty appeal is to be made to the Ontario government to undertake a complete survey of the unattended sick of the province. The association is willing to undertake the work if the government will pay the cost. No figures were available regarding the number in Ontario, but reports from other places show that the average is from forty to sixty per cent. The association has the machinery for such a work through the agency of 3,500 doctors.
The venereal disease situation was also given attention at the meeting. The campaign undertaken by the Ontario department of health will be actively supported. Certain kinds of treatments were discussed and educational schemes outlined.
Dr. T. C. Routley of Toronto, secretary of the association, who is taking a very active interest in matters affecting the profession and the public, announced that the Ontario Medical Association is being incorporated under the Companies' Act of Ontario.

FARMERS' PROPAGANDA
(Associated Press.)
Riverhead, N. Y., Dec. 12.—Farmers of Suffolk County expect to snuff out speculators and pull down food prices by marketing their products through cooperative storehouses. They also have mapped out a five-year programme to make rural life attractive to their sons and daughters.
Through the Suffolk County Farm Bureau they expect to build structures to store the potato crops and other products and see that they are distributed evenly on the market. Then they believe they will be absolved of blame for the operations of speculators.
At a recent meeting where the programme was drafted the bureau directors recommended the appointment of practical farmers only to the directing board of applied agriculture.

WOMEN WANT PLACE IN THE TOWN COUNCIL
Whitby, Dec. 12.—Whitby women are indignant at what they term a public scheme of the town council to keep them out of town politics. At a meeting the council reserved the gallery at the Music Hall on nomination night for the women thus leaving the front seats open for men only.
Despite the action of the council some of the women say that they are going to make themselves heard, even though they have to speak from the back of the hall, where the gallery is situated. Never in the history of the town has a woman sat on the town council, and there has been much talk this year of getting at least one woman on that body. No names have been mentioned, but it is reported that several of the women are preparing to run.
A FLOATING CREMATORY.
Tokyo, Nov. 12.—(A. P. Correspondence.)—Tokyo will soon have a "floating crematory" the first of its kind in Japan. Two specially constructed vessels of 150 tons each, with facilities for cremating 80 bodies at a time will be used. The vessels will be anchored at a wharf at Shibura and, after funeral services have been held on board, they will leave for a point about seven miles off the bay for the cremation.

'MEDICOS' WANT SHOW-DOWN WITH CHIROPRACTORS, ETC.

Will Put All Cards on Table—Ask Others to do Same and Let Legislature Decide.
(Toronto Globe.)
The cards of the medical men of Ontario went down on the table yesterday afternoon. From now on they intend to place the responsibility for passing legislation governing those who undertake to treat the ills of humanity squarely upon the law-makers of the province. They will not indulge in criticisms of chiropractors, osteopaths, or any other class, nor will they attempt by any other means to fortify their professional interests.
Through their various sectional bodies throughout the province they are going to get in touch with all public organizations, state their viewpoint, and in return learn the viewpoint of those approached. All this information is to be gathered and sent into a central body, which will put it in such shape that it can easily be understood by the members of the legislature. The medical men want the osteopaths, chiropractors and others to do the same, and much good is expected to result. All the medical men ask is that all who undertake to treat human illness should have the qualifications that modern science can give them.
This decision on the relation of the medical profession to the public was reached at a meeting of the Ontario Medical Association, over which Dr. J. Heurmer Mullins of Hamilton presided. The association has until now met only annually, but there are such weighty questions of interest to the profession awaiting settlement that they have decided to meet twice a year.

POLICE COURT

Further Evidence in Case in Which Robbery of Mail is Alleged.

Joseph Quinn and his wife gave evidence in the police court this morning in the case against Richard Kane and James Conroy, on suspicion of theft from the mail. Mr. Quinn, examined by Sergeant Detective John T. Power, said that he was the postmaster of the sub-post office at 413 Main street, and that the two defendants had seen him put up packages of money. In particular he remembered Kane having seen him put up money on Dec. 4, that this was not the night on which the alleged robbery took place. He explained that the assistant postmistress, his wife, sorted money out on the table and put it in an envelope, which was later sealed. This was the regular formula when money parcels were to be sent. Kane was present on Dec. 4 waiting for the mail. Cross-examined by J. B. Conroy, counsel for Kane, he said he could not say just how much money was in the package on that night, but he thought about \$500.

MAKES ATTACK ON WESTERN LEADERS

Montreal Gazette on Visit of Premiers to Ottawa on Resources Matter.

Montreal, Dec. 12.—The Gazette's Ottawa correspondent says:—This week from Alberta came Premier Stewart, from Saskatchewan, Premier Martin, and from Manitoba Premier Norris, to formulate demands on the federal government for the restoration to the prairie provinces of their natural resources. For fifteen years this has been an issue in the west and it has never imperilled the tenure of office of a government nor assisted its advocates in opposition. But it has been remarkable in illustrating the sudden reversal in principle of western Liberal leaders, who, relying upon the apathy or ignorance of their electorates, have changed their views on this issue overnight without endangering their tenure of office. Liberal leaders who fought for federal control are now demanding that the provinces own and administer. Men of the same school who ridiculed and refused an appeal to the privy council on the legality of federal control are now threatening the federal government with such action.

TRADE RE-ACTION SHOWS EFFECTS ON STOCKS IN N. Y.

New York, Dec. 12.—(10.30)—Extension of the world-wide reaction in trade and industry, as again indicated by advices over the week end, gave impetus to the further depression of prices at the opening of today's stock market. Additional losses of 1 to 3 points soon were established throughout the list especially in steels, oils and shippings, also among numerous specialties. Recent pressure against rails became more marked, New York Central, Atchafalpa, Northern Pacific, St. Paul and Rock Island offering little resistance to renewed selling. U. S. Steel was the only leader to display comparative steadiness yielding only a small fraction. Non Report. Selling increased in volume during the morning, transactions to noon approximating 700,000 shares. Equipments, coppers and tobaccos were added to the other weak features. American Woolen extended its loss to almost three points.

Help The Starving Orphans Of Eastern Europe

In one section of Eastern Europe alone there are 140,000 homeless, destitute, starving kiddies. They range in age from 3 to 13 years. Children of the age of 8 and 9 years are unable to walk from malnutrition.

Many of them are roaming in the woods like wild animals fearing human beings; because they have seen their fathers and mothers and older brothers and sisters ruthlessly maltreated and killed in towns and villages.

Think of these unfortunate waifs! The civilized world is duty bound to come to their aid.

It is the duty of those who live in comfort and security and amid plenty to succor those unfortunates.

A nation-wide campaign is now in progress to raise \$1,000,000 for immediate relief of the most desperate cases; to provide food and shelter to keep body and soul together of these unfortunates. **Won't You Please Help?**

GREATEST TAX COLLECTION IN U. S. HISTORY

Amounted to Five Billions in Last Fiscal Year—Report of Internal Revenue Commissioner.

Washington, Dec. 12.—Collection of \$5,407,850,231 in taxes, and efforts to control the liquor traffic in the United States under the prohibition act formed the principal work of the Internal Revenue Bureau during the last fiscal year, according to the annual report of Commissioner Williams, just made public.

The tax collection was the greatest in the history of the country, he added, while in prohibition enforcement the bureau was faced with the creation of an organization which embraced all states and Hawaii, Porto Rico and Alaska.

Total income and profits taxes made up the bulk of the revenue obtained by the government, with \$2,855,536,000, but the report shows that an additional \$255,809,833 came from tobacco taxes. The levy on distilled and fermented liquors produced \$139,401,149, and miscellaneous and war excise taxes brought in \$283,838,871. The remainder of the revenue was from capital stock, stamp and special taxation.

Total expenditure of the bureau was \$29,847,439, including \$2,039,774 for enforcement of prohibition.

Mr. Williams shows that 44,868,745 gallons of distilled liquors were held in bonded warehouses in the United States June 30, a reduction of 16,494,403 gallons during the year. The reports show also that 99,015,722 taxable gallons of distilled liquor were produced during the twelve months, and withdrawals from bonded warehouses were reported at 26,266,909 gallons. The highest marks shown for production and withdrawals were in 1919, when production reached 149,123,921 gallons and withdrawals were 160,740,210 gallons. The largest amount of liquor ever held in storage was in 1914, with a total of 282,948,460 gallons.

Mr. Williams said the United States government had employed the permit system as one of its chief methods of controlling the liquor traffic at its sources. He added that 62,760 of the various classes of permits were issued between January 16, when constitutional prohibition became effective, and the end of the fiscal year, June 30. They were for the use of alcoholic liquors for other than beverage purposes and included 11,501 permits to prescribe. The bureau revoked 294 permits of various kinds between the dates mentioned, and 893 applications for permits were not allowed.

WILL ERADICATE MARITIME PROS.

A. W. Covey to Endeavor to Make Players in These Provinces Eligible For Allan Cup.

(Canadian Press Despatch) Winnipeg, Dec. 12.—The Canadian Hockey Association will in fact become dominion-wide in scope and jurisdiction, if plans mooted at an informal meeting held here Saturday materialize. The Ottawa district, which had been admitted as a branch of the A. A. U. of C. and which had applied for affiliation with the C. A. H. A. under the cognomen, Central Canada Amateur Hockey Association, will be admitted to membership, but not under the name cited in the application. This will bring back into Allan cup competition a group of teams which was connected with the earlier history of the trophy, but which had gradually broken away since the cup came under the jurisdiction of the C. A. H. A. A strong endeavor will be made in the maritime provinces to get the Blues to adopt amateurism in hockey and renounce the present "mixed" species played there. A. W. Covey, of St. John, when told that the provinces would be admitted to membership of the C. A. H. A. and allowed to participate in Allan cup playdowns, if they adopted the amateur laws as laid down in the handbook, assured the meeting that, armed with this promise, he would go back and work toward the desired end. Mr. Covey was urged by the officials to make a strong stand for amateurism to eradicate the pros who were keeping the maritime provinces out of the Canadian championship series to organize on amateur basis, and then seek affiliation with the C. A. H. A.

"This IS a Gift, indeed!"

IT'S the tendency nowadays (and a wise tendency it is), to give presents that serve some useful purpose. Gifts that are "pretty" have been supplanted by those that are "useful". Christmas gifts that are only "handsome" are not so popular as gifts that are "serviceable" as well. And isn't it wiser, after all? There are thousands and thousands of Canadian women—wives, mothers, sisters—who should they receive a "Colonial Maid" BlueBird Electric Clothes Washer this Christmas, would consider it the finest present they ever received. If they should find this Christmas morning that through your thoughtfulness, the drudgery of wash day was over forever, they would say fervently "This IS a gift!"

Rubbing clothes up and down on a washboard is destructive to health, to happiness and to the clothes themselves. But the BlueBird washes clothes clean without effort.

A. D. MacTier, vice-president of the C. P. R., and J. M. Woodman, general superintendent of the Atlantic division, left the city on Saturday by special train. Mr. MacTier was returning to Montreal. Mr. Woodman returned to the city yesterday.

Mrs. Good, the aged lady at 51 Richmond street, who was injured in front of the Imperial Theatre a week ago by falling to the pavement, is confined to her bed. An X-ray photograph disclosed the breakage of a small bone in the region of the hip. Fortunately the larger hip bone was not broken as at first thought.

A very successful sale of home cooking, aprons, fancy work and candy was held at 189 Princess street on Saturday in aid of the funds of the Carmarthen street church. The attractive articles found ready purchasers. The conveners were Mrs. George Calhoun, Mrs. Andrew Martin and Mrs. Leslie Heffer.

The prospects of securing a workshop for disabled veterans before long look bright. Mayor Schofield announced yesterday that he had received an offer from the New Brunswick Commercial Travelers' Patriotic Association of the unexpended balance of its patriotic fund amounting to at least \$500. He has also been assured of co-operation by others.

The meeting at the Seaman's Institute last night was addressed by Rev. G. D. Hudson, of Victoria street Baptist church. He gave a straightforward talk to his audience on the advisability of leading upright lives. During the evening solos were rendered by David Lattimer and Miss G. Tweedie, of St. David's church choir. Miss G. Dykeman acted as pianist.

Dr. H. L. Spangler delivered a scholarly address yesterday afternoon before the St. Peter's Y. M. C. A. on the subject of music and poetry. The address was listened to with the closest attention and the warm applause with which it was greeted at the close was evidence of the great pleasure afforded the audience. Frank Burke, president of the Y. M. C. A., presided, and extended to the speaker a hearty vote of thanks which was moved and seconded from the floor.

The examination of the local police teams competing for the Shaughnessy trophy, was held on Saturday afternoon by Col. C. A. Hodges. He was much pleased with the creditable showing made by the teams. From here he will go to Montreal to examine teams there. He has completed the examination of teams in western Canada and is now confining his attention to the east. The result will not be known for some time yet.

During the demonstration of the new aerial truck, recently acquired by the fire department, which was held on Saturday afternoon, a small part in one of the motors broke. The new part has been sent for and will arrive in a few days, when another demonstration will be staged. The heavy ten-ton truck was driven about the city and negotiated the heaviest hills without difficulty. A demonstration of the ladder was made in King street east.

James Curran of Millidge avenue and Fred McLeod of Metcalfe street received painful injuries yesterday morning when the automobile in which they were driving skidded on the ice at the corner of Pond and Sewell streets and crashed into a telephone pole. They were taken to the General Public Hospital by Dr. J. S. Bentley, where it was found that Mr. McLeod was suffering from a broken thigh and internal injuries, while Mr. Curran received only cuts in the head. The condition of the former is serious. The car was badly damaged.

The derailment of the leading engine of a double-header east-bound freight train, while pulling into McAdam yard on Saturday morning, held up the Boston and Montreal trains three hours. The accident was said to have been caused by a broken rail which threw the leading engine off the track. It turned over on its side and blocked the road. The fireman was said to have received injury to one leg.

Bruce Holder, of Riverdale, charmed last evening's congregation in St. David's church with a masterly rendition of "The Meditation" from Massenet's "Thais." Bayard Currie accompanied on the new pipe organ. Master Holder has for some time been playing a first violin in a leading theatre.

Commenting on the Schumann concert held recently, a Bangor paper has the following: "Three of the songs composed by Alice M. Daniel, now a resident of Calais were on the programme. They received the hearty reception this writer's songs assuredly deserve." Mrs. Daniel, the writer of the songs, is the wife of a former St. John man, George W. Daniel, of the Bank of Nova Scotia. Roy L. Daniel, now manager of the Charlotte street branch of the Bank of Nova Scotia in this city, is a son of Mr. and Mrs. Daniel.

In its first attempt to raise money by means of a rummage sale the Animal Rescue League was most successful. The proceeds of the rummage sale which it held on Saturday afternoon in Clayton's Hall, Brussels street, will be a most acceptable contribution to its funds. Miss Lillian Hasen and Mrs. W. F. B. Patterson were the conveners in charge of the sale and they were assisted by the members of the society. The sale commenced at 2.30 p.m. and was all over by 4 o'clock.
