R. DUNCAN SMITH DIES SUDDENLY

IS STRICKEN AS HE TALKS WITH OFFICE CLERK

Heart Failure Is Pronounced Cause of Death

57 YEARS OF AGE

His Brother, J. Willard Smith, Is at the Present Time Seriously Ill

Death came with appalling suddenness to R. Duncan Smith, aged 57, member of the firm of J. Willard Smith, shipowners, tugboatmen and dealers in builder's supplies, as Mr. Smith sat in his office, South Wharf, about 10:30 this morning.

Complained of Indigestion. First to arrive at the office, Mr. Smith had evidently been in distress. When Miss McLaughlin, his secretary, arrived, she inquired if his suffering was caused by a lame back, from which he had complained of late. Mr. Smith thought it was an attack of indigestion. Soon after he toppled from a chair near a stove, and in few moments expired in the arms of A. R. Milton, a painter, who had arrived on the scene to do some work, and his office clerk.

Died of Heart Failure. Assistance was called from the wharf outside and Capt. Lewis, of the schooner "Disco," also Capt. Harry McNally, were immediately at hand, but nothing could be done to save the dying man. By this time relatives and friends began to arrive, also Dr. Frank Stephenson, North End. He pronounced death due to heart failure brought on by indigestion.

Upon leaving home at 163 King St. East this morning, Mr. Smith complained somewhat of indigestion. His wife—who is of professional nursing experience—debated the advisability of his going to the office. Later in the morning she telephoned friends to his effect. Mr. Smith being a man of strict business routine, insisted on attending to his duties and suggested his indisposition would soon clear up.

Friends Rushed to Scene. When word of the heart attack of Mr. Smith in his office reached the care of business neighbors and people in the Prince William street district, the South Wharf section was crowded with friends hoping to be of some service, but Mr. Smith had passed away.

The tragic task of communicating the news at the bereaved home on King street East fell to close personal friends, relatives and the Rev. J. McLaughlin, pastor of the Queen square Methodist Church. Telegrams were sent to a daughter at Mount Allison University, and to another daughter from the high school at the lunch hour.

Came Here a Lad of 13. Mr. Smith was 57 years of age and came to St. John when a lad of 13 to work with his brother and with whom he had been associated successfully to the present time. It is another phase of the sadness of Mr. Smith's sudden death that J. Willard Smith, elder brother, and senior of the firm, should have been a sufferer for a long period indeed in such delicate state of health that for a time today it was doubted whether the crushing news of his brother's death should be imparted to him.

Each day the late R. Duncan Smith visited his brother's bedside to count the business and happenings and discuss matters of common interest, for both had been prominently identified with the business, religious, political and community welfare of the city throughout their useful lives. LDWIN MINISTRY DEFEATS ATTACK

Victorious Over Ramsay MacDonald Resolution of Censure, 335 to 146.

LONDON, Feb. 17.—The Government was victorious in the House of Commons last night against the first opposition attack on its general policy, when by a vote of 335 to 146, it defeated Ramsay MacDonald's resolution declaring that the method that the government proposed for reviving the flagging of industries duties must lead to a system of general tariffs.

France and Siam Sign New Treaty

PARIS, Feb. 17.—A settlement of disputes between France and Siam on a board of arbitrators appointed by the International Court of Justice provided for in a new treaty signed by Premier Herriot and Prince Chulalongkorn, the Siamese minister, replacing the 1896 treaty. The treaty also recognizes Siam's customs autonomy, effective as soon as the other nations agree, and in various other ways relieves Siam of the old features of international trade.

Ontario Farmers Ask Aid To Recover \$300,000, Sunk in Oil

LONDON, Ont., Feb. 17.—Believing that they are the victims of one of the biggest swindles ever put over in Ontario, a score of North Middlesex farmers are asking the government to assist them in recovering \$300,000, invested by them in Texas oil stocks. Already legal machinery has been put in motion at Toronto to have a criminal investigation officer sent to Texas. The actual amount of money sunk by the farmers, is \$298,000. One man alone is said to have paid over \$17,000 in Canadian Victory bonds for shares in the company. Also this same man mortgaged his home, for \$4,000 to invest in oil wells that were represented to be producing 250 barrels a day.

BOARD OF TRADE THERE TO HEAR MISSION TODAY

Halifax And St. John Delegation on Trade Increase

MONTREAL PLANS

Deputation Will Be Received At Regular Meeting Of Board of Trade

By Canadian Press.

QUEBEC, Que., Feb. 17.—(Canadian Press).—The aims and objects of the promoters of the Canadian port development scheme will be outlined to the Quebec Board of Trade by Mayor John Murphy, of Halifax, and W. S. Fisher, former president of the Canadian Manufacturers Association, and J. D. McKenna, both of St. John, this afternoon. The Maritime mission arrived here this morning and within a few minutes a hearing by the officials of the local board was arranged. Messrs. Murphy, Fisher and McKenna will go on to Montreal tonight in connection with the movement originating in the Maritime Provinces to organize a delegation from the boards of trade of the dominion, which later will wait on the Federal Government and urge the necessity of immediate adopting measures to confer the benefits of the British preferential duties to goods routed through Canadian ports and other measures which would aid the Maritime Provinces.

For All Canada. Mayor Murphy and his colleagues expressed optimism in speaking of their mission. The project had been thought of for some time, it was stated. The delegates stressed the point that it was not their intention to try to get anything for the Maritime ports at the expense of other Canadian ports. Their idea was to point out to the government the need of importing British preferential goods through any of the National ports rather than through American channels.

COLLINS' DEAD BODY REACHED, STILL IN CAVE

Cave Prisoner Died 24 Hours Before Being Found

AMPUTATE FEET

Task of Removing Boulder To Free Body, Considered Too Hazardous

CAVE CITY, Feb. 17.—Revealed, but not recovered, the body of Floyd Collins today still was lying in the natural tomb which has been his for more than 17 days, while jaded miners, spurred on by the realization that at last they had found the cave explorer, pecked away at the limestone rock of Sand Cave, Kentucky, warning the roof caved in yesterday, and it was officially announced that Collins had been found—"apparently dead."

Deed 24 Hours. A short time later, after Ed Brenner, of Cincinnati, had gone, head first into the hazardous pit, and under "physicians' directions," made a superficial examination of the trapped man, Dr. Wm. Hazlett, of Chicago, and Capt. C. E. Francis, medical officer of the Kentucky National Guard, expressed the opinion that he had been dead 24 hours.

Theappers continued to toll far into the night, but early this morning everyone, with the exception of two guards and four laborers, was ordered from the vicinity of the shaft opening and there was a general suspension of work.

To Amputate Feet. Collins' feet will remain forever in the spot they were pinioned by a falling boulder 18 days ago.

H. T. Carmichael, in charge of the rescue work, was unwilling to risk the lives of the miners in removing the boulder. Surgeons went into the pit early today, to attempt to amputate Collins' feet, but were unable to reach him. The body was almost covered with dirt and rock, which must be removed before a medical examination can be made.

Autopsy Ordered. Governor W. J. Fields has ordered that an autopsy be held on the body by three physicians "to determine the cause of death, to locate any possible injuries, and to find if there was any trace of poison."

Meantime, tentative arrangements for the body to lie in state, in the Cave City high school, for two days, were announced by T. L. Corby, a friend of the family. Four ministers, pastors of churches in this region, will conduct the funeral services, and the body taken to Mammoth Cave burial ground and laid to rest, beside those of his mother and sister.

MONEY LOANED TO E. G. LEWIS ON PERSONAL NOTES

Bonus As High As 100 Per Cent. Was Promised

B. C. PEOPLE LOSE

Investors Affected Include Several in England, India And Australia

Santa Barbara, Cal., Feb. 17.—More details of an alleged \$20,000,000 financial bubble, affecting a large number of Canadian investors, were revealed today in an 800 page schedule of liabilities and assets filed by attorney for E. G. Lewis, promoter of Atascadero, Los Angeles, University City, Missouri, and other places, in involuntary bankruptcy proceedings.

Lewis' creditors, consisting mainly of persons who loaned him money on personal notes, number approximately 25,000, it is alleged.

The notes total more than \$10,000,000, and the total liabilities as set forth will reach the \$20,000,000 figure.

Californians Heavy Losers. California heads the list of states in number of creditors, but 75 per cent. of the total is scattered over British Columbia, the Canal Zone, England, India, Australia, Hawaii and the Philippines.

Commissioner Butcher said in Federal court that the schedule will not be closed until December 15, and that if other creditors present claims appearing to be reasonable, he will include them.

It is alleged that in borrowing money Lewis promised to refund the original loan, and to pay in addition a bonus which ran in some instances as high as 100 per cent.

As the robbers entered one of them said: "We killed a guy in this shop a year ago, and if you make one sound, you will get what he got."

TELLS HOW HALF MILLION WILL BE EXPENDED

Engineer Gray Explains Appropriation for St. John Harbor.

COVERS WORK THAT HAS BEEN BEGUN

Courtenay Bay, East and West Sides of Main Harbor.

In the main estimates submitted in the House of Commons in Ottawa last evening was an item of \$500,000 for St. John harbor improvements.

Where It Will Be Seent.

This will go towards completing the dredging work in Courtenay Bay, removing the rock at the Pottingill wharf, completion of the grain elevator system at West St. John, and general maintenance of West St. John wharves and sheds, according to Alex. Gray, federal engineer in charge of St. John harbor, this morning.

Mr. Gray said that new work if any would be included in the supplementaries. This is the usual practice, he added.

Courtenay Bay Work.

Respecting plans for the construction of piers and terminals at Courtenay Bay, Mr. Gray announced that the Canadian National Railways had proposed to prepare a report as to demand for traffic concerning Courtenay Bay and the progress of the work in this direction would depend largely on the nature of that report.

He said that more than a year ago plans for this construction were submitted by himself in conjunction with A. F. Stewart, chief engineer for the C. N. R. at Moncton.

Following that the Canadian National engineering officials and Mr. Gray went to Ottawa and had a conference with Hon. Dr. King. The only action taken was to refer the matter to the foreign traffic department of the C. N. R.

Technical Experts Agree.

Mr. Stewart was in the city recently discussing the technical aspects of the development at Courtenay Bay with Mr. Gray. Mr. Gray's original report on the development was referred to R. B. Teakle, general manager of the Canadian Government Merchant Marine, for consideration, and in his reply, Mr. Teakle agreed substantially with the local engineering recommendations.

In brief, the technical experts are practically agreed on the scheme of development, and it was said the entire matter now awaits action on the part of the foreign traffic department of the C. N. R.

Beaconsfield Matter Goes To Special County Council Session

Warden and Councillors Arrange It—Discuss Delegation to Ottawa.

The protest of the residents of Beaconsfield against the proposed consolidation of the two fire districts in Lancaster into one district will come before a special meeting of the municipal council, called for next Monday afternoon at 8 o'clock. This was the decision reached at a conference this morning between Councillors Golding and Campbell, of Lancaster and Hon. R. W. Wigmore, warden of the county. It has been agreed by the councillors that in the meantime the assessment for fire purposes shall not be made and should the boundaries of the second district be restored the people of Beaconsfield will not be assessed on the entire outlay for fire fighting in the parish.

Suggest Plebiscite.

It was suggested this morning by the Lancaster councillors that a plebiscite be held.

The special meeting also will take up the matter of the council's accepting the delegation to Ottawa to press Maritime rights.

RACES HERE WHAT LOCAL BOYS NEED

Fred Logan Gives Views on Return to City After Big Meets.

Several skating meets in St. John before the local stars leave for the big championships, is the pressing need, as their competitors have all been through a strenuous racing campaign before the title meets commence, was the statement made this afternoon by Freddie Logan on his return after looking after the New Brunswick skaters around the circuit. He was accompanied by his two sons, Willie and Frankie Logan, both of whom are Canadian and International champions in the 15 and 12 year old classes respectively. Tommy Tebo, George Fowler, Edgar Snodgrass, Glenn O'Connor and Bernard O'Connor also accompanied him. Charlie Gorman and Mike Logan stopped off at Montreal and they will be home on Friday, Smyth, of Moncton, returned via the C. N. R.

Fred Logan Tells of Races.

Referring to the races, Fred Logan said that the juniors were the tale of the circuit, and in many cases greater interest was taken in their races than in the seniors. Charlie Gorman was getting better as the meets went on, and in the final three mile race the contestants were so closely bunched that Fred said he was so sure that Charlie would win that he telegraphed the news when he saw the numbers come up only giving the local star second place.

ROTHE SAY AN KILLED BY FALL IN MOTHERLAND

Col. Herbert W. Clinch Meets Death While Hunting.

MISS M. THOMSON RECEIVES CABLE

Was in Imperial Army and Married Miss Mona Thomson.

Colonel Herbert W. Clinch, of Northamptonshire, England, formerly of the superintendency of the Sunday Wales that someone would break his neck riding to hounds. The person making the prediction said it would be the Prince, but as it happened it was instantaneous death.

Colonel Clinch was a retired officer of the Imperial Army, and had served with distinction in both the South African and Great Wars. He was a son of the late Robert T. Clinch, of Rothsay, at one time superintendent of the Western Union here. Early in life he decided to take up a military career, and, after graduating from the Kings-ton Military College, joined the Imperial Army. He was Broken.

Soon after the close of the Great War he retired from active service with the rank of colonel, and since that time had been living on his estates. He was very fond of hunting, and his deal time following his favorite sport with the Grafton Hounds. During the chase he was thrown from his horse, and his neck was broken, causing instantaneous death.

Colonel Clinch is survived by his wife, formerly Miss Mona Thomson, daughter of the late Robert Thomson, of the late Mrs. H. Harris Clinch, with the Western Union, New York; and four cousins, Dr. Carleton Clinch and Peter Clinch, and Miss Roberta Robinson, of this city, and Percy Robinson, of Toronto. Percy W. Thomson is a brother-in-law.

He had not been in St. John for about two years, but Mrs. Clinch had been paying a visit here this winter, and left for her home on the last trip of the Montclair, the latter part of January.

S. S. WORKERS MEET

Ludlow Street Teachers and Officers Have Session and Social.

The officers and teachers of Ludlow street Baptist Sunday school held their monthly meeting at the home of Mr. and Mrs. J. J. Merryfield, Gulfport street, West End, this evening. Supt. H. Parsons presided. Various activities of school were discussed and plans made for greater efficiency in the work of the school. Mr. Parsons addressed the gathering and an interesting paper on "What does the church expect from the Sunday School?" was read. Following the meeting an enjoyable social time was spent in music and games, and dainty refreshments were served. Mr. Parsons extended hearty thanks on behalf of the gathering to Mr. and Mrs. Merryfield for their hospitality.

KINDLY ACTS TO ANIMALS HERE ARE RECOUNTED

Touching Tales Are Feature of Animal Rescue League Report

330 ANIMALS ARE CARED FOR IN YEAR

Mrs. H. B. Peck Is Elected President of Humane Organization.

Several striking cases of kindness to animals marked the annual report of Miss Lillian Hazen, secretary of the Animal Rescue League, held yesterday afternoon.

Mrs. H. B. Peck, president of the Animal Rescue League at its annual meeting held yesterday afternoon at the Sign O' the Lantern rooms when the following were present: Mrs. Peck, Mrs. C. J. Coster, Miss Gray, Miss Rowling, Mrs. G. Wilford Campbell, Mrs. Newcombe, Mrs. Murdoch, Mrs. W. Edmond Raymond, Mrs. Frances Stetson, Miss Gilbert, Mrs. Griggle, Miss Furlong, Mrs. A. Fleming and Miss Lillian Hazen.

A Year's Work

In presenting the twelfth annual report of the Animal Rescue League, Miss Lillian Hazen reported a year of very successful humane work, but also time of many troubles.

In November a new venture was started by Arthur Cunningham, son of a carmaker, and "Paddy" his terrier, in securing funds for the work of the league, and he has been very successful. The kindness of the newspaper to Arthur and his dog led the league to undertake the task of knitting mittens for the "Newists" but ideas had to be finally abandoned.

Acknowledgement was made of a gift of \$100 from the civic funds and the work of Dr. Donovan in freely giving advice.

Financial Help. Miss Hazen told of a serious accident to Mr. Daley, of the home, in hospital for months, and of his wife trying to get the work done well.

Assemblyman Asks Ban On Klan Masks. ATLANTIC CITY, N. J., Feb. 17.—Motions conducted by the Ku Klux Klan, Halloween celebrations and other observances where masks or other disguise are used would be prohibited under the terms of a bill introduced in the Legislature by Assemblyman Louis A. Culliver, Democrat, New York.

Helping Animals. The secretary, outlining some cases of kindness, reported that the work was warm-hearted friends in many instances; for instance, humane people in Rockland road, who from time to time, bring in pitiable waifs to be put to sleep at the expense.

DOG SAVES CAT. BOWDOINGHAM, Me., Feb. 17.—Rover, the pet dog of Walter Pratt, and Tabby, his cat, are great friends. Tabby sleeps beside Rover at night. Pratt was aroused at night by a barking at his door. When he opened it he staggered Tabby, with one paw caught in a trap, and Rover dragging it along with the chain. The cat was wet, indicating that Rover had rescued her from a stream when her foot was caught in the trap.

HEART TROUBLE SHORTNESS OF BREATH. Mrs. Geo. E. Bowman, Morrisburg, Ont., writes: "I am writing you a few lines to let you know my experience with Milburn's Heart and Nerve Pills. Two years ago I became very poorly with my heart and nerves and whenever I took the least little bit of exercise my heart would start to jump and flutter. I could not walk up stairs without having to sit down and rest before I was half-way up, on account of my breath becoming so short.

CONCERT AT HOSPITAL. The patients at the County Hospital were treated to a very enjoyable concert last evening. All the numbers were well appreciated and different singers were very generous with their encores. The program follows: Piano solo, Miss K. x quartette selection, Moore Bros., "The World is Waiting for the Sunrise," Miss Estelle Fox, solo, "Out the Dusk," Miss Estelle Fox, quartette selection, Moore Bros.; baritone (a) "Calm as the Night," baritone (b) "The Mighty Deep," Cyril Moore, baritone (c) "The Roseary," (d) "The Merry Pipers," Miss Estelle Fox. Miss Myrtle Fox was the accompanist of the evening.

C. H. Jackson's Brother Joins St. John's Fire Chief In Death

New York Telegram Brings News of Passing of S. J. Jackson.

SWAYED 15,000

MORRIS SPECTOR, 14, was the most forceful and dynamic of the speakers at the memorial services held at Madison Square Garden, New York, in memory of Lenin, the dead apostle of Bolshevism.

The singularities attending the death of Charles H. Jackson, acting chief of the fire department—the second demise of a fire chief in a fortnight and the almost parallel records of Mr. Jackson and the late Chief George Blake—took another fateful turn last night when a telegram from New York announced the death of Mr. Jackson's elder brother, Samuel J. Jackson, who has been ailing for several weeks.

Mrs. James E. Dinsmore, corner of Pitt and Duke streets, is doubly bereaved today, two of her beloved brothers living in their coffins at the same time. Mrs. George Kaynes, of Needham, Mass., is the only other remaining member of the original Jackson family.

Upon the death of C. H. Jackson on Sunday midnight telegrams were sent out to relatives including the home of S. J. Jackson in New York. No reply was received acknowledging the sad news, undoubtedly due to the stress of affairs in that home, but last night word came that the head of that house had joined his brother in the Great Beyond.

SAYS HER HUSBAND MISSING SINCE 1919

Mrs. Parker's Lawyer Tells of Message That Professor Had Been Spirited Away.

NEW YORK, Feb. 17.—Mrs. Evelyn Naegele Parker appeared as a witness before Supreme Court Justice Dike in Brooklyn in an Enoch Arden action against Dr. Herschel C. Parker, former professor of physics at Columbia University, inventor and mountain climber. She said that her husband had been missing since 1919, that she had written to his clubs and colleagues and made every effort to trace him, but without success.

Tale of Hypnotism. Her lawyer told the court that he had received telephone calls from an unidentified woman, who informed him, with considerable circumlocution, that Dr. Parker had been hypnotized by a Hindu named Swami Radadandan, who had taken him to India and there employed the intellectual powers of the hypnotized professor to further anti-British propaganda.

In an action for separation in 1919, Mrs. Parker said that her husband while climbing Mount McKinley and other mountains had contracted the habit of drinking whiskey and continued to do so during his return. At that time the court ordered payments of \$100 a month by Parker to his wife. The scientist was represented in that action by a lawyer, but did not himself appear. He has not been seen since. No payment of the separation allowances have been made, it was said.

BATS IN ORGAN. PARIS, Feb. 17.—One of the finest pipe organs in the world, the great organ of Notre Dame in this city, is being gradually destroyed by mildew, dead bats and swallows. The organ, with more than a dozen keyboards, has not been cleaned since 1894, and the dead birds and dirt are clogging up some of the pipes. The parish has become an extremely poor one and does not have money to repair the instrument.

RULING CAUSES STIR. BUENOS AIRES, Feb. 17.—The recent ruling of the allied council of ambassadors in Paris, that lifting by the Krupp for the furnishing of new boilers to Argentine torpedo boats is a violation of the Versailles treaty, is causing considerable comment in the Argentine newspapers.

WAR ON THE MOTH. Housewives Will be Glad if English Discovery Proves Claims Made. LONDON, Feb. 17.—(Itavages of the clothes moth, which have been estimated to cost \$200,000,000 a year in England alone will be curtailed considerably as a result of the latest discovery of scientists.

A preparation for dressing furs and fabrics has been evolved after years of experimenting, and has emerged with success. So little was known about the clothes moth that an entomologist was engaged to investigate his habits, and his work occupied two and a half years.

A film has now been produced showing various articles that have been destroyed by the moth grubs, and others, slipped in the preparation that have remained untouched.

Cloudy teeth—dull teeth

How to make them whiter—quickly

The new way world's dental authorities advise. What to do

THOSE whiter teeth that you envy. Don't think they are beyond you. You can now lighten dull and dingy teeth—make them gleam and glisten.

Modern science has discovered a new way. A method different in formula, action and effect from any you have ever used. This offers you a test. Simply use the coupon; it brings free a 10-day tube.

Look for film on your teeth—that's the cause. How to combat it. Look at your teeth. If dull, cloudy, run your tongue across them. You will feel a film. That's the cause of the trouble. You must fight it.

Film is that viscous coat which you feel. It clings to teeth, gets into crevices and stays. It hides the natural luster of your teeth. It also holds food substance which ferments and causes acid. In contact with teeth, this acid invites decay. Millions of germs breed in it. And they, with tartar, are the chief cause of pyorrhea.

So dingy teeth mean more than loss of good appearance. They may indicate danger, grave danger to your teeth. New methods now mean greater tooth beauty plus better protection from tooth troubles.

Ordinary tooth pastes were unable to cope adequately with that film. Not one could effectively combat it. Harsh grit tended to injure the enamel. Soap and chalk were inadequate.

Now modern dental science has found new combatants. Their action is to curdle film and then harmlessly remove it. They are embodied in a new-type tooth paste called Pepsodent—a scientific method that is changing the tooth cleaning habits of some 50 different nations.

Don't you think it worth while to try it for 10 days; then to note results yourself? Send coupon for free 10-day test.

Make the test today. Clip the coupon for a free 10-day tube. Or get a full-size tube of your druggist. Why follow old methods when world's dental authorities urge a better way? MADE IN CANADA

### AN EXAMPLE.

It is estimated that the 1,000,000 barrels of Canadian flour just bought by Russia will make up 165 trainloads, and will require twenty-two steamers to carry it to the Black Sea. It is to be noted that this Canadian freight is to go through the port of New York, for a Toronto despatch says: "Deliveries to start as soon as ships are available in New York and continue on until April."

If that freight were hauled over Canadian rails to Canadian seaports, it should not be beyond the genius of Canadian statesmanship or of Canadian transportation experts to provide the tonnage to handle it.

At all events, whatever may be the case as to this particular flour movement, which is so large as to command attention at the moment, it affords a striking illustration of the benefits of an all-Canadian transportation policy in the long run, and of the folly of enriching alien railroads and ports by sending our products, raw or manufactured, through other than Canadian channels.

The extent to which Canada has permitted its resources to be thus used to build up foreign facilities and enterprises has only recently been brought clearly before the public mind from coast to coast. In past years as the industries of this country and the development of its natural resources were expanding, the first thought was to secure markets, and too little attention, as we now realize, was paid to the necessity of providing traffic and therefore revenue for our own ports and railroads. Tonnage goes where freight, particularly diversified freight, is available. As more and more Canadian traffic is moved to Canadian railroads and Canadian harbors, and as the country's imports are routed direct through its own ports, the tonnage question will gradually settle itself, and the money which we so lavishly expend in other countries on services which we could better supply ourselves will exercise a direct and far-reaching effect in building up Canada.

### SELLING PARLIAMENT TO THE PEOPLE.

The circulation of Hansard—the daily official report of the speeches delivered in Parliament—is to be increased through a scheme adopted last session whereby copies of the publication can be had from the King's Printer at five cents a copy, or three dollars for the parliamentary term. The idea is to sell Parliament to the people.

Is that the way to do it? If the end is desirable, is there not a much better way of giving Hansard a real circulation among at least a considerable proportion of the people of Canada? It is, of course, easy to make suggestions. There are many speeches in Parliament which are worth hearing, and which, consequently, are worth reading; but there is not a sufficient number of such speeches, and that is what is the matter with Hansard as a publication for popular consumption. Let us put it this way. If the members of Parliament desire that Canadians shall cry out for Hansard, shall yearn for it, and shall not be satisfied until they get it, how would it do for those members to shorten their speeches somewhat, or a great deal in many cases, and make sure that when they speak they say something, which, because of its boldness, originality, and soundness from the national viewpoint, is bound to make the average citizen sit up, take notice, and yell for more of the same.

The main trouble with Hansard—and it is no reflection upon the present Parliament as compared with many others—is that its pages reflect speeches, by too many men who had nothing to say and who said it voluminously, or of men who evidently desired, for partisan reasons, to make the worse appear the better reason, and who in the effort to do so verbally explored a great deal of unprofitable territory, and introduced too many subjects, distantly if at all related to the question before the House.

There is a short cut to the people's ears, which would render a wider circulation for Hansard unnecessary. There is too much in Hansard for the general consumer—too many words. But if members of Parliament, or those of the Senate, will deliver throughout the session, or even on one day a week, speeches of high national import, deliverances of marked light and leading, luminous because they contain indisputable evidence of leadership and of statesmanship, of national courage and of high national ideals, yet defining in clear terms avenues of advance and of betterment for the people of this great country, speeches that are greater than party—then it might be safely taken for granted that the live newspapers of the day would give such speeches, or vital extracts from them, a circulation which indeed would be general in every district, a circulation to the character of which the friends of Hansard might never reasonably hope to aspire.

It is a simple matter. All the people have to do is to send to Parliament a considerable group of men who can make such speeches, and the whole problem raised by the efforts to stimulate the circulation of Hansard would be solved. Furthermore, Hansard aside, the effect upon the Dominion—well, who can measure it?

### A GOOD MOVEMENT.

The vision and the constructive generosity of Cecil Rhodes, which has already done so much for the British Empire, and for Anglo-American understanding as well, has led to action by United States educational authorities, supplementing the great work of the Rhodes Scholarship plan.

It is announced to-day that the directors of an immense educational fund in the United States are establishing twenty annual fellowships for British graduate students at American universities. The Rhodes fund, provides for American scholarships in England, and the American action is a return in kind.

H. R. H. the Prince of Wales has consented to become Honorary Chairman of the British committee of award, and Sir Walter Robert Buchanan-Riddell of Oxford will be chairman. These fellowships will give the British graduates access to twenty-six American universities. The conditions provide that the awards shall go to either men or women, unmarried, and not more than thirty years old. Each fellowship is for two years, and amounts to \$3,000. Each winner of a fellowship is to have at least three months' travel in the United States.

This interchange, the Americans at the English universities, and the British students at the American institutions, both enjoying facilities for wide travel and acquaintance in addition to advanced study, will exercise a most valuable influence upon international acquaintance and understanding.

The American action is a suitable and constructive recognition of the Rhodes endowment, and it will be applauded everywhere by true friends of education and by all who understand the worth of Anglo-American cooperation.

The money earmarked for St. John harbor in the estimates brought down at Ottawa yesterday is to carry on unfinished work, and for maintenance. The practice now is to deal with new work in the supplementary estimates.

Another outrage! A tax on bobbed heads is proposed by a city councillor in Bath, England. The gentleman says it might be considered a sort of "poll" tax.

Twenty Ontario farmers are making a very simple request to the Ontario government. All they want is that the government shall help them to recover some \$300,000 which "they invested" in some Texas oil stocks.

One man sold \$17,000 worth of Victory bonds to exchange for the Texas certificates, and another mortgaged his home for \$4,000 in order to grab a fortune from the poor Texas people who did not know a good thing when they saw it.

That a man may be rich and yet in hard luck is no news; but there are some uncommon complications about a case of that kind recorded editorially by the Toronto Star:

"On an ocean liner not long ago a Toronto man fell in with an American millionaire who was going to England in connection with plans for devoting a great fortune to the furthering of human enlightenment—he meant to strip himself of wealth and see his philanthropy at work while he lived. The Toronto man asked him if he had no heirs to provide for. The plutocrat was stricken by the question. He had a son, but that son would never get a cent of his money. It thus came out that his great scheme for human enlightenment, into which he was going to pour every dollar of his millions, was inspired, not by philanthropy, but by spite—he would get rid of his millions so that at his death his son could not inherit a dollar. As the Toronto man looked at the other he knew himself to be infinitely the richer of the two."

From London comes a report that the British government has received from Canada an official statement of its views regarding the Geneva peace protocol, showing that Canada cannot accept the famous agreement, objecting particularly to the Japanese amendments, which it is feared would permit foreign interference in the domestic affairs of the Dominion, especially in the matter of immigration restriction upon colored races. This is in line with the objection of Australia, New Zealand and South Africa. It is expected now that discussion of the protocol will be postponed until September, and that then Great Britain will propose amendments which will meet the objections of the overseas Dominions.

An alleged secret agreement contained in the recent Russo-Japanese

Treaty is made public in Berlin, and is promptly denied by Japan. The Berlin version says that Russia and Japan have agreed that should Great Britain, the United States or France take any military measures against China within the next thirty years, Russia is to place at China's disposal 200,000 men, who are to be armed by Japan. China is to purchase war materials only from Japanese or Russian sources, and if unprovided, the report recalls considerable recent speculation as to a working agreement between Russia and Japan for offensive or defensive purposes, with the idea of controlling China and using it as a source of supply for both men and food. It has been frequently said that Germany hopes to make an alliance with this Eastern group. The story has been told in many forms before, and it will be told again. It suggests no end of sinister possibilities.

### Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

### A Forest for Each Town.

Like money in the bank at interest is the plan whereby every town or city has its own growing forest. The movement is old—and profitable—in Europe. It is growing in the United States. See, now, what they are doing next door to us. The Christian Science Monitor tells it.

It is both pleasing and profitable to note the spread among the people of the United States of enthusiasm and practical efforts toward reforestation. Remarkable progress has been made through the Government Bureau at Washington and the American Tree Association in accelerating the movement broadly throughout the country so that the work has been taken up in an organized manner in thirty-one of the states. Recent evidence that reforestation is being encouraged by the realization of the need of forest preservation and development, and of the financial value of work in that direction, is taking root in the consciousness of a population that is increasingly noticeable in the increasing establishment of town forests. From a source of authority it is learned that 500,000 acres devoted to forestry are now owned by towns in the United States. Six states, New York, Massachusetts, Pennsylvania, New Hampshire, North Carolina, and Connecticut, are the most active in these local enterprises, and this form of the work is growing.

Not only are the towns political entities moving in this way, but citizens of vision and influence have begun to aid in the cause by individual initiative and sacrifice. In several states well-to-do men and women have either given land for town forests or the money with which they can be started. A significant development on this score is just taking form in western Massachusetts, where the Berkshire Forestry Association has been organized and has begun its work by furnishing new and special incentive to the towns to start local forests. It does this by offering financial assistance to any town with certain conditions. Three public-spirited members of the association have offered to give jointly \$150 to each town or city in the county that will provide for 100 acres of land to be set aside as a town forest.

The land to be devoted to this purpose may be in one or several separate tracts, and a condition of the gift is that the money supplied must be spent either for purchasing the land or in developing it. It is also insisted that, in establishing and maintaining the town forest, the town must be guided by the advice of the state forester. This provision is a most salutary one. It is expected that several towns in the country will vote on this proposition at their annual town meetings next month. One Berkshire town, Great Barrington, has begun the work already, and it is highly significant for the future that in this case the land was given and the trees were planted by the Boy and Girl Scouts under the direction of the local Chamber of Commerce. Committees to arrange for starting similar forests have been appointed in ten other towns in the county. In the ten years since the first town forest in America was established by Pithburgh, Mass., 40 per cent of the State's municipalities have taken action toward creation of such woods.

When a movement of this kind takes hold on the imagination and the enthusiasm of the general public, as the town forest plan evidently is doing, and arouses the practical interest and work of the young folk and the same time of the men of business its future is assured. All that is needed for complete and lasting success is steady pressure by all who appreciate the many blessings that forests will assure to the country and its people.

### Save Your Hair

While you have hair to save!

Baldness may be prevented, but seldom cured.

At the very first symptom of trouble, usually dandruff or itching of the scalp, it is time to begin the use of Newbro's Herculicide, a hair preparation of the very finest quality.

The tasks  
That once were mine.  
Dear friends! how kind—  
There are none more so  
In the world, I think.  
How patiently they minister  
To the needs of this dull clay:  
Murmuring as tho' 'twere a rite,  
"Come now, you'll soon be well."

I could not bear it,  
Lying bound—  
As Prometheus upon his world  
But, from my window I can see

The white he cleans his bill.  
A common sparrow, did you say?  
That may be so,  
But when one has lain  
Gazing at a painted ceiling  
Until the three eyes sink in  
Upon themselves,  
And the soul is sick with longing  
For the warm brown earth;  
The splendor of starry heights—  
Wind blown rain,  
The perfume of grass trodden under  
By foot—  
That common sparrow  
With its fairy sprite, who laughs  
For glee,  
And wears a snow star for a crown.

### From Amateur To Star In 6 Months

BOSTON, Feb. 17.—Mrs. Madeleine Massey of Cambridge, who won distinction in amateur theatricals at Harvard and Radcliffe, has jumped into the limelight in New York, where she is starring in the popular musical comedy "Rose Marie."

In the short space of six months she has risen to the top of her profession. She is happily married and living with her author husband, E. George Massey, at 988 Memorial Drive, Cambridge.

From heavy parts in amateur performances where she played the grief-stricken widow, she has blossomed out into a sparkling and gay comedienne who is captivating the hearts of New Yorkers. Although she could impersonate tragedy with unusual force, comedy was her own selection and she has at last found herself there. It has afforded an outlet to her fierce effervescence natural to her French temperament with all its delicate grace and spirit.

### DEBATE IS ENDED

Reply of House to Throne Speech Adopted Without Vote Recorded.

OTTAWA, Feb. 15.—Debate on the address in reply to the Speech from the Throne finally ended in the House of Commons tonight. The address was adopted on division, but without the actual recording of a vote and without the submission of amendment.

### AFTER NIGHT CLUBS

London Police Seek Greater Powers to Curb Late Hour Business.

LONDON, Feb. 17.—The police are now asking for new powers by which they can search night clubs to see if liquor is served during prohibited hours without going through the present routine which enables the clubs to give warning by bells to the members of the club who have to be constructed in such a way that police inspection will be easy, and the penalties for breaking the law will be made heavier.

Already one woman is in prison for selling liquor at a night club after hours, but her two daughters carry on the business, and the police get no further.

The good people of London are shocked by the night clubs, which they regard as a pestilence, and the church is up in arms against them. The gov-

### BANDITS GET \$10,000

Two Hold up Payroll Carrier in Ohio During Dense Fog.

URICHSVILLE, Ohio, Feb. 17.—Two armed bandits held up and robbed J. A. Waxner, superintendent of the Maple Leaf Coal Company, of a \$10,000 payroll and escaped in an automobile. The robbery took place on a bridge, in a dense fog. Fifty deputy sheriffs and police from four near by towns were later reported to have the robbers surrounded in a wood near here after finding their automobile abandoned.

### COSTS FOUR TIMES THE PRICE OF A GAS RANGE

In discussing the respective merits of cooking on Electric and Gas Ranges, it is well to bear in mind what the first costs are.

Some people may be under the impression that all they have to do with an Electric Range is to attach it to their light socket—and away she goes.

Such, of course, is not the case. An Electric Range, apart from its own high cost, also calls for special wiring etc.—a very expensive operation.

A brief statement, on this score, will be of interest to the public. It is based on the cheapest advertised Electric Range (\$72), and the cheapest Gas Range (\$18) and, in both cases, allows for a typical run of 30 ft. of special electric wiring or gas pipe.

HOW IT WORKS OUT

ELECTRIC RANGE	GAS RANGE
Cost of Range.....\$72.00	Cost of Range.....\$18.00
Cost of Installation.....46.00	Cost of Installation.....10.20
Total.....\$118.00	Total.....\$28.20

That is one reason, among many, why Electric Ranges can never supplant Gas Ranges as The Peoples' Way.

We shall be pleased to demonstrate these figures to anyone interested.

### AND GAS WILL BE EVEN CHEAPER

In the press, last year, our plans for the rebuilding of our Gas Plant were set forth as the beginning of a series of extensions aiming to bring Gas service to all sections of the city not now served.

We said, at the time, that as soon as these improvements were completed, and because of the growing volume of Gas Cooking and Water Heating in St. John, a reduction in the Gas Rates would follow.

These improvements, we expect, will be completed by May 1st. We then expect to fulfill our promise and reduce the price of Gas.

ELECTRICITY NOT A SERIOUS COMPETITOR

Gas for Cooking and Heating. Electricity for Light and Power. That's the law of nature. Toronto has 110,000 Gas Ranges in use. Ottawa has 17,000.

In both cities the rate for Electricity is Lower than in St. John.

In St. John there are now 1,600 Gas Ranges in use. Last year, alone, we added 150. This year we will easily double the number. Gas Cooking is The Peoples' Way. Cheaper—Better—Quicker.

If It's Done With Heat You Can Always Do It Better With Gas—and Cheaper, Too.

Fables On Health

REMEDY FOR HIVES MRS. MANN of Anytown learned an old-fashioned remedy for hives. The neighbor, who told her about the remedy, said it nearly always was a sure cure. Here is the remedy: Solution of common baking soda and water. One-half cup of soda should be dissolved in a basin of water. With this the spots should be bathed twice a day. There are other remedies, Mrs. Mann learned. Cleanse the skin with soap and water, then apply a lotion made of dissolving two table-spoonfuls of boric acid in a quart of water, and adding a teaspoonful of starch. This is boiled all together, and applied when cold. When these remedies do not cure use chloral hydrate, one dram, powdered camphor, one dram. Mix these together and then add to two ounces of vaseline or cold cream, and apply to the body once or twice daily, rubbing it in well.

Belt Is Rare These Days

The costume that has a belt these days is rather rare. This one uses squares of white crepe de chine pieced in blue with embroidered slits through which a blue ribbon passes. The rest of the costume is inconsequential; blue crepe de chine bound with white.

SPRING COATS.

The spring coat frequently has a wide band of fur at the neckline and possibly a wide fancy braid above that. The upper portions of coats are decidedly plain.

CHIFFON USED.

Chiffon and georgette crepe are employed this season to make a very tailored type of frock with long sleeves and plain or fancy pockets.

Adventures of the Twins

By OLIVE ROBERTS BARTON.

WHY RINGTAIL COON'S EYES ARE WHITE.

Off to Scrub Up Land went the Twins with Mister Peg Leg, the peddler. Scrub Up Land is the place all the animals and birds go to get spring cleaned. They don't like being spring cleaned any more than you like to take sulphur molasses, or sassafras tea. But they just have to be, they get so dirty in the winter. Tap, tap, tap, went Mister Peg Leg and the Twins on the big gate. "Come in," called Mister Rubadub. So in they walked. Mister Rubadub was the man who ran Scrub Up Land and did all the cleaning. "I was just giving Grubby Groundhog a dusting," said he. "Such dirt you never saw. I think I'll have to stick him in the wash-tub and do him up right. He stays in the ground all winter and when he comes out he's simply a sight!" "I've all kinds of soap," said Peg Leg, jaying his pack on the ground and starting to open it. "Soap and shampoo and everything you can think of." "You are just in time," said Mister Rubadub. "I'll take some of each, please."

Food for Thought

Starting with the fair supposition that a remedy costing 25 or 50 cents a bottle frequently saves a \$3.00 fee, imagine if you can the total savings effected by the many millions of bottles of Johnson's Anodyne Liniment sold since 1810. There is nothing so positively good as this doctor's prescription for Grippy Colds, Bronchial Colds, Sore Throat, Cramps, Chills, etc. More than 100 years of splendid success has attended the internal and external use of this famous old family remedy. It is not unreasonable to assume that many a 25 or 50 cent bottle of Johnson's Anodyne Liniment has saved a 25 or 50 dollar total of expense.

250 LADIES GATHER IN HALL OF CHURCH

Mrs. C. F. Sanford Gives Address of Interest on the Work.

The Centenary auxiliary of the Women's Missionary Society of the N. B. and P. E. branch held a double birthday anniversary last evening at Centenary Hall, celebrating jointly the establishment of the branch and the local society 40 years ago.

The programme was varied with music, in which Mrs. George A. Lockhart and Miss Annie L. Tait sang solos; Miss Katharine Shepherd gave a reading, and Mrs. W. H. Barker a word picture of what life in St. John would be, if as in China, there was no doctor for a similar number in population.

A birthday cake centered the prettily set table. The cake was in four tiers, with candles on each tier marking the number of auxiliaries, 110; claret, 88; mission bands, 84; and Little Light Bearers, representing 326 ladies in the two provinces.

Tells of Work. Mrs. Sanford gave one of her instructive talks, with charts. She recalled the first days of the work in 1885, when the treasurer's book told of the difficulties in financing the small sums raised the first year.

WRONG CHILD WAS GIVEN TO MOTHER

Taken to Hospital, Another is Returned When Convalescence Comes.

LONDON, Feb. 17.—An extraordinary identity mistake in a hospital is revealed. Four months ago three children of Mrs. Tatchell were taken to the City of Westminster Infirmary of Fulham, on suspicion that they were suffering from diphtheria.

When she reached the home received the child, but she did not think he was her own. She remonstrated, but was assured that this was her own child, and that diphtheria altered the appearance of children.

Still unconvinced, Mrs. Tatchell questioned her other two children, and another boy in the Seagrave-road infirmary belonging to a family named Jelley. Mrs. Tatchell obtained the address of this family, went there at once with her husband, and knocked at the door.

Found at Last. The mother reluctantly took the boy away. When she arrived home neighbors assured her that she had brought away the wrong child.

Reputed Leader Claims That 44 Chinese Gunmen Are Ready For Fray.

CHICAGO, Feb. 17.—The tong war is about to break forth again and the opening hostilities are to be staged in the streets of Chicago.

John V. Clark, self-styled leader of the tong gunmen, has told the police that 44 Chinese gunmen imported from Pittsburgh are hidden somewhere in Chinatown here, awaiting the signal which will cause another deadly fray.

Clark, who is only 23 years old, was arrested last week. After questioning him police conducted a raid on the headquarters of the Hip Sing Tong, in which six Chinese were arrested.

They were identified by Clark, who peered at them from a hole in the screen at the detective bureau, as part of the squad of gunmen employed by the tong. According to Clark, these men receive \$1,000 for a murder and \$250 for a shooting and \$50 for dimming a rival's place of business.

**AMOMENTOUS  
DATE**

One of the interesting places in Lowell, Mass., is the old apothecary shop on Merrimack Street, established in 1827. This location is still a drug store. The old prescription books have been preserved and form an interesting record covering nearly a century.

Perhaps one of the most interesting books is that of the year 1855. On one of the pages of this book, dated June 9th, 1855, is written the original prescription for Father John's Medicine. This prescription was compounded for the Reverend Father John O'Brien at the old drug store on that date, and was so successful in treating Father John's ailment, which was a severe cold and cough, that he recommended the medicine to his friends and parishioners.

In going to the drug store and calling for the medicine they always asked for "Father John's Medicine," and in this way the medicine got its name and was advertised.

Father John's Medicine is a safe family medicine for colds, coughs, and as a tonic and body-builder, because it does not contain opium, morphine, calomel, or any other poisonous drugs, or alcohol, but is all pure, wholesome nourishment.

The Mother of Six Children, Gives Splendid Advice to Those Who Are Weak

"I feel that I must recommend Wincarnis to every woman who needs to strengthen herself for the daily tasks of life," declared Madame P. Landry, of 334 Marquette street, Montreal. Madame Landry has had a wonderful and happy experience that women here and everywhere will understand. "Being at the head of a family of six children, and although still young, it seemed that the care required by my household tasks had exhausted me," she explained. "I had become weakened to the point where I could not obtain restful sleep and I was constantly ill. I realized that I must do something to regain my health and strength, and a friend in whom I had great confidence advised me to try Wincarnis. She knew from her own experience the great benefits that this splendid restorative can bring. I gladly accepted her advice and how much stronger and better I felt even as soon as I had finished taking the first bottle. I slept better. The circulation of my blood became more active. My digestion improved, and, of course, with this new nourishment my strength gained quickly."

"Wincarnis is such a splendid tonic, such a fine creator of red blood and new vitality, that I feel I certainly should recommend it everywhere."

Wincarnis, the red blood builder and nerve restorative, brings back strength and health by creating red blood cells. Red blood is the supreme force of life. Body tissues are created only by red blood.

Victoria Adds Support To Appeal For Canadian Ports

BUDGET TABLED IN HOUSE OF COMMONS \$6,933,279 LOWER

CALL FOR EXPENDITURE OF \$342,036,597 DURING YEAR

Requirements of Canadian National Railways, Presented Separately First Time, Total \$60,000,000, Increase of \$3,473,000

\$500,000 FOR ST. JOHN PORT WORK

Provision Made for \$228,000 Outlay on Immigration Buildings Here and for \$228,300 Expenditures on Wharves, Rivers and Harbors in New Brunswick Outside St. John

OTTAWA, Feb. 16—Canada's expenditure for the fiscal year ended March 31, 1926, will be \$342,036,597.16, according to the main estimates tabled in the House of Commons this evening by Hon. James A. Robb, Acting Minister of Finance. They show a decrease of \$6,933,279.38 from those of the main estimates for the fiscal year ending March 31, next, and the cumulative decrease in the main estimates for the three fiscal years, beginning with 1923-24, is \$104,967,151.13.

Provision is made for allotting \$500,000 for harbor improvements in St. John as against \$580,000 last year.

For public buildings in this province \$124,000 will be expended. The total to be allotted to harbors and rivers in New Brunswick, exclusive of St. John, this year is \$228,300 as compared with \$161,950 in the previous year.

An official summary of the estimates says: "As there are additional supplementary estimates for 1924-25 still to be presented, the reduction of the total estimates for 1925-26 will be considerable greater than \$6,933,279.

A feature of this year's main estimates is the fact that the reduction is almost equally divided between uncontrolled and controllable expenditures. The net decrease in the former being \$8,889,672 and the decrease in the latter being \$8,095,607.

Uncontrollable Increases.

As to the uncontrollable outlays, there is an increase of \$1,910,000 on account of European war pensions as a result of the adoption by the Government of the report by the Ralston Commission, and there is an increase of \$266,000 on account of superannuation following the rush last fall on the part of the Civil Service to take advantage of the Calder Act provisions, and there is, too, an increase of \$185,500 on account of subsidies to provinces because of a larger payment to Saskatchewan, whose population has grown.

Estimated Decreases.

Decreases have also, it is estimated, been made in uncontrollable expenses. There is a saving of \$2,376,196 in interest on the public debt, resulting from advantageous refunding loans during the last six or eight months. Then there are decreases in the following other items of uncontrollable outlays: Soldiers' Land Settlement, \$1,500,000; Soldiers' Civil Re-establishment, \$1,210,000; Adjustment of War Claims, \$135,000; Imperial War Graves Commission, \$88,780; Contribution to the League of Nations, \$4,696.

Departmental Decreases.

Under the heading of controllable expenditures there are decreases in practically all the departments of the Government, the largest cut being in miscellaneous services, \$8,429,525, and the next, capital outlays for the Department of Public Works, a cut of \$3,108,946.

Trade and Commerce shows a reduction of \$806,855. Public Works (income) shows a cut of \$949,216, and Immigration and Colonization shows a decrease of \$708,000. With the exception of the Department of Agriculture, where the decrease is \$108,500, the cuts in the other departments are all below the \$100,000 mark.

Separate Railway Estimates.

Another notable feature of this year's main estimates is the tabling separately of the provisions for the Canadian National Railways for the first time since the present Government assumed power. The total estimated amount for the Government system for the fiscal year ended March 31, 1926, is \$60,000,000, an increase over the previous year of \$3,473,000.

In an explanatory note it is stated that this separate tabling of the railway estimates should help to avoid the confusion which has arisen with respect to expenditures on the Government services constituting the general estimates, as distinct from the outlays on account of the Canadian National Railways, and should also serve to give to the country a clearer conception of the position with respect to the Government systems.

Source of Confusion.

"Confusion has arisen," says the note, "since 1918 on account of current requirements of the railways, which are included in the Canadian National Railway system, having been met since 1918 by amounts included in the general estimates, to be paid either by way of loans in cash or by way of guarantees, rather than by special acts of Parliament. Of the total of \$60,000,000 to be required by the Government for the railway services \$60,000,000 is for the Canadian National Railways, as against \$5,527,000 in the previous year, and

This is a total of \$124,000.

BAXTER WANTS POLICY FOR USE OF HOME PORTS

Urges Freight Rates That Will Not Penalize Dominion Outlet Users

ASKS SQUARE DEAL FOR THE MARITIMES

St. John M. P. Says Government Programme Not All-Canadian.

OTTAWA, Feb. 16—"The Speech from the Throne reveals nothing more than an effort at patchwork," said Hon. Dr. J. B. M. Baxter, of St. John, in the opening debate on the Speech from the Throne today. "What the Points Du Chene, is a real comprehensive policy that will help Canada from one end to the other. It seems to have been composed for the purpose of distracting, rather than focusing public attention. It contains, too, many mistakes. "In the Maritime Provinces economic conditions have most decidedly not improved since the last session. The cost of living in those provinces has increased and has not decreased. The industries of the Maritime Provinces are in a visibly worse condition today than a year ago. But I will not blame the present Government for all this, but this Government has failed to lay down a comprehensive, all-Canada policy." Freight Rates. Dealing with the question of freight rates, Mr. Baxter chided the Government for its "unintegrated policy" on this question. He declared it was the duty of this Government to see that the Crow's Nest question was settled by Parliament and not by the courts. "Give us a rate policy," he said, "that will be protective for the whole of Canada, that will ensure that the merchant who takes grain to the coast will get just as low, if not lower, rates if he chooses to ship his product by an all-Canadian route and through Canadian ports, as if he shipped it partly through the United States. Maritime Provinces. "We ask for a square deal for the Maritime Provinces, and do not want to be shut out from the benefits of Confederation. We want conditions that will be fair to the Maritime provinces, and we want to see that the automobile people have never been asked to route their freight to Canadian ports." Mr. Baxter concluded with a plea for better co-operation between the two railways to save expense and avoid costly duplications. Stigma on Baby Girl Is Removed By Doctor. NEW YORK, Feb. 17.—A Bronx County Grand Jury proceeding removed the stigma of "mongoloid imbecility" from Marilyn Alice Friedman, infant daughter of Mr. and Mrs. Walter Friedman who was reported a week ago as having been made "normal" by an operation which opened the child's head to permit brain expansion. Dr. O. A. Spier, approached by reporters after he had testified, declared emphatically that he had never ascertained that the child was a mongoloid type. Japan is electrifying considerable of its railway mileage.

REFUSED DIVORCE, DECLINES TO EAT

Wife of Oil Company Vice-President Locks Herself in Husband's Room.

NEW YORK, Feb. 17.—Mrs. Jessie Margaret Budlong, whose suit for divorce against Milton J. Budlong, vice-president of the North Central Texas Oil Company, was decided against her in the Superior Court at Newport, R. I., Feb. 10, went on a hunger strike in her husband's 12-room apartment here. She locked herself in a bedroom and neither asked nor received food during the day. Visitors were barred, but a man who said he was "Mr. Budlong's representative" was declared through the closed doors that "if Mrs. Budlong is a prisoner, her imprisonment is self-imposed. Lost Children. When Judge Capotosto in Newark refused to grant Mrs. Budlong a divorce last week he also took from her the custody of their two children, Milton, 12 years old, and John, nine, and since the separation in 1923 has continued to live in New York, while his wife has maintained her residence in Newport. There also is a daughter, Frances, 22.

Will Take Over Red Cross Relief

Miss Alice Murdoch has been appointed by the St. John branch of the Red Cross Society to take charge of the office duties in connection with the relief work which the society has undertaken for former service men and their dependents. This work has been carried on by Miss Ethel Hazen Jarvis, provincial secretary, for some time, but the duties became too heavy for Miss Jarvis. Miss Murdoch entered on her new duties yesterday and will have regular office hours from 2 to 5 o'clock each week-day afternoon except Saturday. Shortly after she arrived at the office yesterday there were three applicants for assistance waiting to put their cases before her.

Famous Clock Is Seeking a Home

NEW YORK, Feb. 17.—One of the most noted clocks in the world is seeking a home. It is the famous tower clock which won the special bronze medal at the Centennial exhibition in 1876. After the exhibition, as there was no place available for using it, the clock was stored away by its builder, Charles Fessold of Albany, one of the greatest clock-makers of his day, and now his nephew, who has come into possession of the clock, has offered to give it away to any municipality that will provide a suitable setting for it. The mechanism will operate four dials of any size up to 100 feet in diameter.

Yesterday In Parliament

THE SENATE did not sit. IN THE COMMONS—The debate on the address was considered. The following Conservative members spoke: D. Sutherland, South Oxford; J. L. Stansell, East Elgin; H. G. Hocken, West Toronto, and J. B. M. Baxter, St. John-Albert. Estimates for the fiscal year, ending March 31, 1926, totalling over \$342,000,000 were tabled.

MAN HAD GLASS IN HAND FOR 25 YEARS

Was Injured by Broken Window Pane While Youth and Forgotten it.

BERWICK, Me., Feb. 17.—Dr. W. J. Elliot of this place recently performed an operation upon the hand of Moses Low, Jr., during which he removed two squares of glass that have been deeply imbedded in the patient's hand for more than 25 years. Low had completely forgotten about the incident of a broken window when he was in his teens. He went to Dr. Elliot's office to have his hand examined because he thought he had got a splinter of steel in the hand while at work last week. The doctor feeling for steel found the glass. He operated and when he produced the glass, the patient remembered that he was badly cut by glass from a broken window 25 years ago. The glass pieces were about one-half inch square. The glass in his hand never gave him any bother before this week.

VENIOT TO URGE BUILDING OF KINGS CLEAR-VANCEBORO LINE

New Brunswick Premier Will Present Plea to Federal Government and Thornton Later in the Month

FREDERICTON, Feb. 16.—When Premier Veniot goes to Ottawa the latter part of this month to take up St. John Valley Railway matters with Sir Henry Thornton, president of the C. N. R., and with the Federal Minister, he will urge the early construction of the proposed branch line from Kingsclear on the St. John Valley Railway to Vanceboro, Me., for an independent connection with the New England States from the Maritime Provinces for the Canadian National Railways.

It is understood that a brief which has been prepared upon behalf of the Provincial Government, urging the taking over the St. John Valley Railway by the Federal Government, includes the correspondence which was carried on with F. P. Guelius, then general manager of the Canadian Government Railway, which set forth the plan to make the St. John Valley Railway, when constructed, part of the Federal Government system and to provide an independent connection with the New England States by means of a branch line from the St. John Valley Railway to the Maine boundary. Gleaner's View. The Daily Gleaner today editorially, under the caption "Liverpool to New York via Halifax," features the following: "Premier Veniot's interests in the Kingsclear branch of C. N. R. to connect with the Maine Central at Vanceboro will be much appreciated by the people of central, northern and eastern New Brunswick. This branch will supply the missing link in the shortest possible route from Liverpool to New York via Halifax, Moncton and Fredericton, a service which, it is estimated, will capture nearly 80 per cent of the immense traffic of the big British and United States ports, and it will also provide for the fishermen and the lumbermen of the North Shore of the Miramichi and Kent, as well as for the important enterprises of central New Brunswick and the upper St. John the quickest and most economical despatch to the markets of the United States and to the markets of Europe. The fact that the proposition will serve also to make Halifax one of the greatest of the Canadian ports should not in view of the general service it will accomplish in the development of the Maritimes—act as bar or as a ban. "The proposition, as at first outlined, was that of Mr. Guelius, one of Canada's most practical transportation au-

RECALL CAVE DEATH OF 30 YEARS AGO

West Virginians Tell of Suits Who Died Seeking Cavern Silver.

CHARLESTON, W. Va., Feb. 17.—The plight of Floyd Collins, whose fate in his underground tomb at Cave City, Ky., is being followed by millions, has been recalled to the minds here of a cave death of thirty years ago. The victim was John Goshorn. Unable to marry a girl because of his poverty, Goshorn left his job in a country store and went to Tennessee where he heard of a mountain cave supposed to contain vast silver deposits. With ten days' rations, he started into the cave.

Body Is Found. Several hundred feet underground they came to a steep cliff, which they descended by means of a rope. At its foot the posse found Goshorn's body. He evidently had died after a fall. The only silver the posse found in the cave was in the frame of a picture of his sweetheart that Goshorn clutched in his hand.

More Serious Problems. B. C. Nicholas, editor of the Victoria Times, who recently published a strong editorial supporting the Maritime Provinces, said to me that my tour had more than justified itself in the immediate result of enlightening the people of the province and giving them a clear knowledge of our situations and problems. The Maritimes, he said, had got the worst of the Confederation agreement, and their problems were really more serious and pressing than those of other provinces. He made this assertion in a recent address to the Gyro Club. Mr. Nicholas further said that the Maritimes need more publicity and should keep up a constant campaign.

SAVE HOUSE WHERE DICKENS WORKED

Fellowship to Preserve Birthplace of Pickwick, Weller, Sikes and Nickleby.

LONDON, Feb. 17.—The birthplace of Bill Sikes, Mr. Pickwick, Sam Weller, Oliver Twist, Fagin and other characters familiar to lovers of Dickens has been spared the fate of demolition by the Dickens Fellowship. This organization started a movement on the 13th anniversary of Dickens' birth last week to preserve the building at 48 Doughty street for all time. There the organization expects to make a rendezvous for Dickens lovers.

ROB STATION BUT LOSE THEIR NERVE

Thieves Surrender and Confess Holding up and Beating Subway Agent.

NEW YORK, Feb. 17.—Two young men had the temerity to hold up the change agent of a subway station in the financial district, but they proved to be novices, when captured a few minutes later by four policemen. When arraigned in the Tombs court they had lost their bravado to such an extent that they pleaded Sir John A. Macdonald in \$1,000 bail each for the grand jury.

TREND IS DOWNWARD  
IN MONTREAL MARKET

Canada Cement, With One  
Point Advance, is Only  
Exception.

NEW YORK, Feb. 17.—Stock prices displayed considerable irregularity at the opening of today's market. Inability to meet margin calls, resulted in further selling in some quarters. Goodrich Rubber, General Electric, and Great Northern preferred, each lost about 1/2 points. The first sale of United States Steel common, was five thousand shares at 122 1/2 off 1/2 United States Steel Iron Pipe opened at a point higher, and Texas and Pacific moved up 1/4.

Montreal Market.  
MONTREAL, Feb. 17.—The general trend was downward on the local stock market, during the early trading this morning several leaders registering losses.

Canada Cement preferred was the one exception. It advanced a point, to 11 1/2 in light trading. The most active issues were Consolidated Smelters and Industrial Alcohol, though neither were in much demand. The former was off half at 57, and the latter an eighth, at 18 1/2. Ashland and Dominion Bridge suffered the greatest losses, being down 1/4 at 63 1/2 and a point at 80 respectively. Other declines were Shawinigan 3/4 at 139 1/2, Car preferred quarter at 89 1/2; Steel of Canada half at 84 1/2.

RELIEVED BY "FRUIT-A-TIVES"

Mr. James Dobson  
"Be good enough to publish the information of Rheumatism sufferers how 'Fruit-a-tives' relieved my Rheumatism which had at least five years' standing. The trouble was in my right hip and shoulder; the pain almost unbearable. This kept up until I started to take 'Fruit-a-tives'. After a continuous treatment for about six months, I am now in first-class condition. This, I attribute to my persistent use of 'Fruit-a-tives'."

The above is the letter which Mr. James Dobson of Brantford, Ont., wrote after trying the wonderful Fruit Treatment — "Fruit-a-tives" — which consists of intensified fruit juices combined with tonics. Editor Plays Cross-Word Fiend  
Who Stole Dictionary and Bible

Tells Him Off in Language  
Used in Solution of  
Brain Teasers.

EMPORIA, Kans., Feb. 17.—William Allen White, Emporia editor, who incurred the censure of cross-word puzzle fans by refusing to print the puzzles in his newspaper, The Emporia Gazette, and declaring his printers unprintable until after his funeral, has been vindicated. He has proved to his own satisfaction, at least, that the cross words have a bad influence on their addressees.

"Last week the Gazette owned a good dictionary, a Cruden's concordance and a Holy Bible," Mr. White said. First the dictionary went, then the Bible disappeared, and now the Concordance is gone.

"A man who will steal a dictionary is enterprising and it is hope for him. A man who will steal a concordance is a half-hung and breeze-hanker sinner who is dancing on said. First the dictionary went, then the Bible disappeared, and now the Concordance is gone."

TELEPHONE STAFF  
MAKES HIT IN PLAY

Large Crowd Sees Opening Performance of Delightful Comedy.

"Making Daddy Believe" is the title of the three act farce which the Service Club members of the New Brunswick Telephone Company staged in the company's auditorium last night. Four laughable situations and irresistible good fun the play would be hard to beat, and the Telephone Company staff made another grand success in its presentation.

All the members of the cast carried the honors of the parts assigned to them with ease and capability, and it provided for the capacity audience a sure of another capacity evening of splendid entertainment, and almost continuous laughter.

The farce will be repeated tonight, and is sure of another capacity audience. An orchestra furnished excellent music during the evening, and fudge was sold.

The cast of characters was as follows: Burgess Lukens, A. W. Watson, Becky, Marion, his daughters, Marlon, Myles and Winifred Gorham; Elizabeth Tilden, his mother-in-law, Daisy Belyea; Byron Cleveland, his secretary, J. L. Holman; John St. Clair, his lawyer, J. E. Tilt; David Standing, the stranger, W. Farris; Albert, the Butler, H. Darkey; Wyndham, the chauffeur, M. Leggett; Ardita, Eileen Akery; Mrs. MacLaren, Pearl Wayne; Mrs. Alberts, Mary Lewis.

C.N.R. NET EARNINGS  
\$17,244,251 IN YEAR

Total Revenue \$16,547,305  
Less But Operating Costs  
Cut \$14,361,907.

MONTREAL, Feb. 17.—The net earnings of the Canadian National Railways, after payment of operating expenses, amounted to \$17,244,251 in 1924. Final figures giving the operating results of the system during the year were announced today by President W. Thornton, chairman and general manager.

The figures show that while prevailing business conditions and a smaller crop reduced the gross receipts of the company by \$10,547,305, as compared with the preceding year, the operating results were made to the extent of \$14,361,907.

The final figures for the year are: Operating revenue, \$16,547,305; operating expenses, \$6,922,628.59; deficit, \$1,124,361.907.

\$800,000 VOTED FOR  
LAKE OF THE WOODS

Provision Made in Budget For  
Enlargement of Outlet—Ship  
Canal Survey.

OTTAWA, Ont., Feb. 17.—A vote of \$800,000 for the enlargement of the western outlet of the Lake of the Woods, and the provision of suitable control works, is contained in the main estimates tabled in the House of Commons last night. This sum includes \$200,000 voted last year.

To provide for the payment of salaries and expenses in connection with the St. Lawrence ship canal surveys and investigations, the sum of \$158,000 is provided. The latter vote is the same as last year.

PENSIONS INCREASE

Sum Provided in Estimates is  
About Million More Than  
Last Year.

OTTAWA, Ont., Feb. 17.—The sum of \$34,154,073 for pensions, is provided in the main estimates tabled in the House of Commons. This is an increase of approximately \$1,000,000 over last year. Of the total, \$34,000,000 will go to the payment of pensions resulting from the war, and for services in the active militia, an increase of \$1,000,000.

Dominion Life Co.  
Holds 36th Annual

Thomas Hilliard, President, Reads Report of Financial Standing For Year.

The annual meeting of the Dominion Life Assurance Company was held at its head office, Waterloo, on Feb. 13, when Thomas Hilliard, president, presented the thirty-sixth annual report.

The profits paid out during the year to policyholders and their representatives amounted to \$589,182 and exceeded those of the previous year by \$129,122. The mortality experience was favorable, being 34.5 per cent of the expected. The total insurance now in force stood at \$72,578,683 and the new assurance issued during the year were nearly \$16,000,000.

Health and good looks  
—the reward of internal cleanliness.

If you do not keep clean internally your looks and health are undermined together. A clogged intestine breeds poisons that reach every part of the body. These poisons ruin the complexion and undermine health. Constipation brings on such ailments as headaches, bilious attacks and insomnia, each of which saps your health and vitality.

Avoid Laxatives—say Doctors. Laxatives and cathartics do not overcome constipation, says a noted authority, but by their continued use tend only to aggravate the condition.

Medical science has found at last in lubrication a means of overcoming constipation. The gentle lubricant, Nujol, penetrates and softens the hard food waste and thus hastens its passage through and out of the body. Nujol is not a medicine or laxative and cannot gripe. Like pure water, it is harmless.

When You Catch Cold  
Rub on Musterole

Musterole is easy to apply and it gets in its good work right away. Often it prevents a cold from turning into "flu" or pneumonia. Just apply Musterole with the fingers. It does all the good work of grandmother's mustard plaster without the blister.

Musterole is a clean white salicylate made of oil of mustard and other home simples. It is recommended by many doctors and nurses. Try Musterole for sore throat, cold on the chest, rheumatism, lumbago, pleurisy, stiff neck, bronchitis, asthma, neuralgia, congestion, pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frost-bite—colic of all sorts. Seidon fails to deliver results. 40c. and 75c. at all druggists.

VERDICT IN DEATH OF WM. P. McNULTY

Inquest Into Fatality in City Hydro Work Completed Last Night.

At the inquest last night, the coroner's jury inquiring into the cause of the death of William P. McNulty found in their verdict that he came to his death by falling from a pole of the Electric Power Commission of the City of St. John and died in the General Public Hospital from the effects of the fall which was occasioned by an electric current passing through his body.

The morning of Feb. 11, according to the evidence was foggy and wet. McNulty, accompanied by Arthur Martin, went to Pond street to turn off the street lights. He ascended the pole and presumably placed his right hand on the switch. An electric current of 2,300 volts passed through his body and he fell to the ground. He had on a pair of leather gloves but not the rubber ones which he should have been wearing.

ASK \$200,000 GRANT FOR HEALTH WORK

Members of Deputation Solicit Continuation of Government Aid. OTTAWA, Feb. 16.—Urging Federal Government leadership in Canadian public health matters, a deputation from the Social Hygiene Council of Canada waited on Premier King and other members of the cabinet this afternoon. The large delegation included Sir Arthur Currie, Hon. L. A. David, Hon. Dr. Forbes Godfrey, Mr. Justice Riddell, Sir George Foster and Dr. Gordon Bates.

It was requested that the annual grant of \$200,000 to the provinces for health purposes be continued in full on the original conditions, that the provinces contribute an equal amount to the general scheme.

WHERE NOBODY DIES.

ROME, Feb. 17.—Salecchio, a mountain village in Piedmont, has become famous and crowds of people are flocking there. It has been proclaimed a place where nobody dies. No deaths have occurred there during the last three years.

WORSE THAN IN U. S.

MELBOURNE, Australia, Feb. 17.—Income taxes here are much higher than in the United States. The state legislature has passed a bill imposing a surtax of from 10 to 26 per cent on incomes above 800 pounds a year.

SOON TO OPERATE RADIO BEAM PLAN

Station at Drummondville, Que., Will Communicate With Australia.

MONTREAL, Feb. 16.—Within the next few months Montreal will be directly connected with Australia by means of Marconi's new system of beam radio telegraphic transmission. At Drummondville, Que., where the Marconi Wireless Telegraph Company of Canada, Limited, is at present putting the finishing touches on its radio station for communication with England, three additional towers will shortly be erected for the Canada-Australia circuit. The two stations will be directly connected with Montreal, Drummondville will thus become one of the greatest centres of radio communication on the continent.

CELEBRATE THEIR 55TH. ANNIVERSARY

Captain and Mrs. W. H. Moran Observe Day at St. Martins.

ST. MARTINS, Feb. 16.—Capt. W. H. Moran and wife, surrounded by the members of their family, celebrated the fifty-fifth anniversary of their marriage on Friday.

Birthdays Party.

On Monday evening last Miss Jean Clark was pleasantly surprised by a number of her friends calling on her at the home of Mr. and Mrs. S. E. Vaughan to wish her many happy returns of her birthday. Those present included Mr. and Mrs. R. A. Love, Mr. and Mrs. W. B. Bentley, Mr. and Mrs. P. W. McLean, Mrs. George Marr, Misses Marion Vaughan, Susie and Helen Moran, Annie Stallen, Muriel Love, Capt. A. Vaughan, R. E. March, Rev. D. L. Giddings, Ronald McLean and Eugene Love. Contests were greatly enjoyed and several dainty prizes captured. After midnight the friends surrounded S. E. Vaughan, congratulating him on the arrival of his birthday. Delicious refreshments were served. A musical programme was carried out.

On Thursday evening a valentine tea was served in the vestry of the Baptist church under the auspices of the social committee. The room was beautifully decorated. A large number partook of the splendid supper. A goodly sum was realized which will be devoted to church purposes.

Capt. David Smith, one of the master mariners in the palmy days of wooden ships, celebrated his seventy-sixth birthday on Thursday.

The body of Richmond Long, who died in West St. John and who had spent nearly 60 years of his long life in this village, arrived here on Thursday and was interred in the Charlton cemetery at Greer Settlement on Friday.

Clyde McDonough was in the city last week.

Charles Metz, of St. John, is visiting at the home of her parents, Capt. W. H. Moran and wife. Frank Kierstead, principal of the Hamilton school, and wife are visiting at the home of Mrs. Kierstead's parents, Capt. W. H. and Mrs. Moran.

MAY ASK RIGHT TO TRANSFER PULP

Understood Fraser Companies Will Request Use of International Bridge. MONTREAL, Feb. 16.—Fraser Companies, Ltd., Edmundston, N. B., will, it is understood, ask the Maine Legislature at its present session for authority to use the international bridge across the St. John River from Edmundston, Madawaska, Me., in connection with their proposed conveyor to carry pulp from their pulp mill at Edmundston to their proposed new mill on the Maine side of the river. At the State House it has been reported recently that a bill providing such authority will be presented.

THORNTON EXPLAINS STAND ON POLITICS

Wants it Kept Out of Railway and Thinks All Parties do, Too. MONTREAL, Feb. 16.—"There is a good deal of talk about politics in the railway, or the absence of them. Much depends upon who is doing the talking. I am convinced that the leaders of the three parties in Canada want politics kept out of the railway, and they are quite sincere in this desire."

"Insofar as the Government is concerned the Prime Minister and the Minister of Railways, have in no sense endeavored to hamper me with political interference. In the political battle there is always a tendency to draw in the railway. That is a mere detail. The point is that it is not done with studied intent by any of these leaders. It is an accident, and keep everybody where they belong. There are a certain number of people, I think a small minority, who will accuse this or any other administration of doing something it should not do. That minority, I think we may safely ignore."

Wife Stops Car When Man Dies At Wheel

NEW YORK, Feb. 17.—While driving his automobile north on Grand Concourse near 201st street, Fred Krebs, an architect, collapsed and died. The car swerved, but his wife, who was sitting beside him, managed to turn it into a snow bank and stop it. A physician from Fordham Hospital said heart disease was the cause of death.

HARPER AND HONCASTER STAGE THRILLING FIVE ROUND BOUT

FANS ENJOYED TRIAL EVENTS IN TITLE MEET

Program Brought Out Some Clever Boxers; Finals Tonight

The preliminaries in the Maritime amateur boxing championships were held in St. Vincent's auditorium last evening under the auspices of the Y. M. C. I., and with two exceptions were bitterly contested. The programme brought together some fast and clever boxers and a treat is promised to fans tonight when survivors of the fittest meet in the semi-final and final bouts to decide the various championships.

**A Boxing Gem.**  
The boxing gem of the evening was an encounter between Regie Harper of this city and George Honcaster of Gloucester. The boys were competing in the 135-pound class, and their exhibition was on a par with many, and superior to some, professional bouts. For three rounds they went at it hammer and tongs, and the judges disagreed, one calling for an extra round and the other awarding the bout to the local boy. At the end of the fourth round another was ordered, and then Harper was given the unanimous decision. Honcaster put up a great fight, and his style and all-around ability won the admiration of the many fans present. In Harper he was meeting one of the fastest and best lightweights in the Maritime Provinces, and he lost nothing by his showing. With a little more experience he should make a mark in amateur circles.

**Other Good Bouts.**  
Another good bout was that between James McKillop of the Y. M. C. I. and Alec Fitzgerald of St. Mary's Club, Halifax. This was in the 112-pound class, and the midge showed a great willingness to fight as well as gameness. The Halifax boy received the decision.  
In the 147-pound class a fast and aggressive bout was staged between William Mitchell of Amherst and George Ernst of St. Mary's Club, Halifax, the former winning on points.  
In the 126-pound class, Bruce Winchester of the Trojans, this city, met Reginald Body of St. John's, Halifax, and so badly outclassed him that the referee stopped the bout to have the latter further punishment.

**In Poor Condition.**  
There was only one bout in the 160-pound class, between Watson Powers of this city and John Donovan of Gloucester. The former was in poor condition and in addition had to concede considerable poundage to his opponent. At the end of the first round he was "all in" and about half way through the second he asked the referee to call it off.  
In the first bout of the 135-pound class, Nixey Kennedy, lightweight champion, met Percy Duffy of Moncton. The latter, realizing that he was outclassed, did gracefully to the floor and remained there until the referee awarded the bout to his opponent. It was an easy win for Nixey.  
In the 126-pound class, Robert Lee duplicated Duffy's feat by dropping to the canvas when Charles Digi of Gloucester was pressing him too hard.  
Other bouts were: In the 112-pound class, Herbert Lee was awarded a decision over Murray Young, both of this city. In the 135-pound class, Buddy Lewis of Gloucester defeated Jas. Pean of this city.

**Special Attraction.**  
At the conclusion of the championship trials, a three-round exhibition bout was staged between Joe Conley of Boston and George Chavot of Montreal. The latter scored heavily during the first stages and was awarded the decision.  
**PAL MORAN LOSES**  
Is Defeated in Six Round Bout by Bobby Tracy of Buffalo.

BUFFALO, N. Y., Feb. 17.—Pal Moran, of New Orleans, lost the decision in a six round bout here last night to Bobby Tracy of Buffalo. Rocky Kansas, of Buffalo, won the decision in a six round bout with Red Cap Wilson of New Orleans.

**O'NEILL RETIRES**  
Halifax Single Scull Champion in 1909, Quits The Rowing Game.

HALIFAX, Feb. 17.—Jack O'Neill, who won the single scull championship of America, in 1909, and who last summer as a member of St. Mary's four, of Halifax, completed his twenty-fifth year as an artisan, has announced his retirement from aquatic.

**Tiger Flowers Loses**  
To Bogosh On Foul

BOSTON, Feb. 17.—Lou Bogosh, of Bridgeport, Conn., defeated Tiger Flowers, negro middleweight, of Atlanta, Ga., last night, winning in the third round of their scheduled ten round bout on a foul.

**WESTERN HOCKEY RESULTS.**  
REGINA, Feb. 17.—Edmonton Eskimos moved up into a tie with the Saskatoon Shields and qualified to stay in the fight for a play off berth when they downed Regina Capitals, last night, 8 to 6.  
VANCOUVER, Feb. 17.—The Vancouver Maroons, last night, turned in a 30 to 1 victory over the Calgary Tigers.

World's Billiard Champions Are Playing For Three Cushion Title

Along the Sport Trail

**By RAY HANSEN**  
THE MARITIME amateur boxing championships got away to a good start in St. Vincent's auditorium last evening and from all indications the finals tonight will be teeming with thrills. The committee in charge of the big meet are to be congratulated for the manner in which they staged the various bouts. There were no delays and the lengthy programme was run off without a hitch. Some of the bouts were bitterly contested and others of short duration. Two in particular came to an abrupt ending, but might have been still going had the men who constructed the ring seen to it that there were proper exits for feet footed boxers to make a hasty get away when the tide of battle swung against them. One striking example of the necessity of a new type of ring was demonstrated in the first bout of the 135 pound class. A boxer from Moncton looked his opponent over and then went after him with a rush, took a couple of mighty wallops at his "dodge" which started some static on its way to interfere with radio fans, and then stopped suddenly to find the floor was shaking and the building threatening to collapse. He shook himself together and made another frantic lunge—wif, a straight right just skimmed his jaw. Sometime in his life he had read the old adage "who fights and runs away, lives to fight another day," and his befuddled brain registered the necessity to escape. He glanced hastily around and seeing ropes on all sides and a living panther in the form of Nixey Kennedy, coming after him, he did the only thing possible under the circumstances, flung himself prostrate on the floor and tried to look unconscious. Gene Brosseau, the referee, with a look of disgust on his face picked him up and informed him that he had not been hit. To the delight of the fallen hero the bout had been declared off and he was allowed to proceed to his dressing room unmolested.  
Another case of a contestant being nearly scared to death occurred in the second bout of the 126 pound class when Charles Digi of Gloucester chased a local boy around the ring and suddenly saw him slide gracefully to the canvas before he had been given an opportunity to hand him a sleep producing wallop. It might be a good idea for the two aspirants for boxing honors to read more about Paavo Nurmi and then try their luck in the running game.

**WHY HAS professional boxing in England dropped to its present low standard?** is a natural question after the splendid showing made by the British amateurs in the recent International tournament held in Boston. The professional exponents of the manly art in England have failed to impress for some years and the majority of them have turned out disappointments instead of champions. This is hard to understand when it is taken into consideration that the four amateurs who participated against the best boys that Canada and the United States could produce proved themselves to be cool, crafty ringmen and skilled boxers. Critics, who witnessed the bouts, said their style was more on the defensive than aggression, but that can be considered in their favor as defense is one of the most important phases of boxing.  
Ted Moore and Augie Ratner, two professional English boxers, who have been performing creditably in the States, are due to return home in the near future and this is expected to stir up action among the middleweights. Moore is after the scalp of Roland Todd, while Ratner is after Kid Lewis. On the face of it a bout between Todd and Ratner would be about the best card and should draw well.  
In connection with boxing in England J. H. Douglas, a clever boxer, recently caused a stir when he introduced a bill in parliament to legalize the sport. Many fans were apparently unaware that boxing was against the law. It will be recalled that King George's shield for competition at the recent Imperial Services tournament and from accounts reaching here it is not unusual for princes and cabinet ministers to occupy ringside seats when important bouts are staged. It can readily be understood that the presentation of such a bill would cause a stir. However, it can be taken for granted that the bill will be passed and the sport will thus be put on a perfectly legal basis.

**STOCK HOLDERS** of the Baltimore baseball club were jubilant a few days ago when at their annual meeting it was announced that a ten per cent. dividend was coming their way. It was brought out that this was made possible through the sale of pitcher "Lefty" Groves to Connie Mack for the magnificent sum of \$100,000 and not as a result of the gate receipts. If the club can furnish a few more men like Groves they should soon fill their coffers and make it possible to declare further dividends. Fans will be interested in Groves' showing this year in view of the large amount of money Connie paid out for him. He must have the goods or else it is hard to conceive the astute Connie dipping that deep into his "old sock."

OUTLOOK IS BRIGHT FOR HOCKEY MATCH

**Ice Holding and Arrangements Are Completed For Game With Maritime Champions.**  
With the ice holding the outlook is bright for the big hockey match scheduled to be played in the Arena tomorrow night between the St. John's and Sussex, champions of the Maritime Provinces. It will be the last chance for local fans to see the champions perform before they will be called upon to defend their title against winners of other sections and it is expected that many fans will avail themselves of this opportunity.  
The St. John team has only been defeated once on home ice this season and indications point to their being stronger in their game with Sussex than they have been elsewhere. It should be a good fast game from start to finish and with the whistle in the hands of a thoroughly capable referee like Bill Hay, the game should be absolutely clean.

**GENARO GETS AWARD**  
Flyweight Champion Wins Decision in Bout With Henry "Kid" Wolfe.

PHILADELPHIA, Pa., Feb. 17.—Frankie Genaro, United States flyweight champion, was awarded the judges' decision last night, at the end of a slow ten round bout, with Henry (Kid) Wolfe, of this city. Genaro's title was not at stake, both men being over weight.

**Bantam Champion Wins From Spencer**

PORTLAND, Maine, Feb. 17.—Eddie Martin, bantam weight champion, outpointed Wee Willie Spencer, of Brooklyn, in a twin six bout here last night. Martin was not extended at any time.  
Bouts are limited to six rounds in Maine, the principals meeting in two successive clashes.

**Burt Kenney To Sleep**

CANTON, Ohio, Feb. 17.—John Risko, Cleveland, scored a knockout victory over Wild Burt Kenney, New York, in the seventh round here last night, when a sword thrown from Kenney's corner, ended the match.  
HARMON DEFEATS FAGAN  
SCRANTON, Pa., Feb. 17.—Willie Harmon, welter weight of New York, knocked out Irish Fagan, of Newark, in the first round of a scheduled 10 round bout here last night.

CANNEFAX WINS FIRST BLOCK OF SPECIAL MATCH

Leads Willie Hoppe By 19 Points After Brilliant Playing

Robert L. Cannefax of St. Louis, world's three-cushion billiard champion, gained a 19-point lead on Willie Hoppe, the world's balkline titleholder, in the first block of their special 400-point match now being played in New York. Playing masterful billiards almost from start to finish, the three-cushion champion upheld his pre-eminence as the greatest player in the world at his game and his famous opponent was faced with the task of fighting an uphill battle. Cannefax got off to a long lead and made the first block by a score of 60 to 41 in 38 innings.  
**Hoppe Strong Opponent.**  
Hoppe has yet to prove he is master of all the green cloth he surveys, but the end is a long way off and before the end of the opening block the balkline king had demonstrated that he will be a powerful opponent, even at the other fellow's game. Even when faced with the fact that Cannefax, playing with precision and clicking off three and four points at a clip, led by 26 points, Hoppe was not dismayed, and from then until the end he proceeded to cut down the advantage until at one time he was within 13 points of the champion.  
That was the closest he ever came to equaling the count, however, for Cannefax was in brilliant form and played with a confidence in his shots that was deserved. Cannefax was sure of his game; Hoppe was disposed to feel his way forward and carefully studying the table, the roll of the balls, the resiliency of the cushions and the power of his opponent. Cannefax, playing his own game, was not bothered by the new table and other unfamiliar conditions, but was satisfied to step forward and run up the score after eight innings of testing.

**Cannefax Sets Pace.**  
Cannefax set the pace all the way and made only three safety shots, all of them coming during the opening innings, while Hoppe resorted to defensive tactics on seven occasions. There was no doubt that he faced a master at the game and although the great player who has been known as the "boy wonder" for 16 years despite the one-sided score for the better part of the chapter, for Hoppe's ability with the cue is too well known and the spectators were constantly aware of the possibility of his making a sudden spurt and coming up on even terms with the three-cushion champion. Even when Hoppe trailed by 26 points and Cannefax needed only 20 to complete the block, there was hope on the part of Hoppe's supporters that he would get off on a long string and fear on the part of the backers of Cannefax that he might do just that.

**Hoppe Gets Started.**  
After studying the game of his opponent through almost 35 innings, Hoppe suddenly started his bid. At that time Cannefax was leading by a score of 40 to 14. He had been scoring steadily, sometimes one, sometimes two and often three points an inning. But Hoppe had been waiting his chance and for the next ten frames Cannefax found himself confronted with anything but easy situations each time that he stepped to the table. The balls were frozen to the rail or so placed that a score was almost impossible, and for ten innings Cannefax went scoreless. During that time Hoppe clicked off 12 points and greatly reduced the lead of his opponent. But once Cannefax got started against the best that Hoppe could do was hold him even.

Washington showed the premier defensive team in the American League last season. In 166 games opponents ran up a total of 613 runs, or less than four per cent.

**EVERS JOINS GIANTS**  
Former Manager of Chicago Cubs Will Replace Cozy Dolan as Coach.

NEW YORK, Feb. 17.—The New York Giants yesterday announced they had signed Johnny Evers, former manager of the Chicago Cubs and White Sox as coach to fill the post vacated by the blacklisting of Cozy Dolan. Evers served in a similar capacity in 1920, prior to signing to pilot the Cubs.

**Amherst Wins From Port Elgin in Series**

AMHERST, N. S., Feb. 16.—Amherst won the first game of the elimination series from Port Elgin in Sackville, this evening by a score of 5 to 0. The second game will be played in Amherst Tuesday evening, Feb. 17. The winners of the home and home series will meet Summerside on Friday, Feb. 20.

Champion Home Today

The cut shows Willie Logan as he appeared at Saranac Lake just after winning the international skating championship for boys 18 years and under. In addition he won the Canadian National title at Toronto and made a good showing in the Lake Placid meet. Experts who saw Logan skate predict that he will be a champion some day.

**French Boxing Star Postpones His Trips**  
PARIS, Feb. 17.—Edouard Mascart, European featherweight champion, has postponed his departure for the United States until April upon receiving advice from Dr. Rickard that the bout in New York between the Frenchman and Kid Kaplan for the world's featherweight title would not take place until June. Mascart had intended sailing shortly in the expectation that his meeting with Kaplan would occur in March.

BROADWAY PLAY IS BANNED BY BANTON

**District Attorney Says "Good Bad Woman" so Offensive Changes Will Not Help.**  
NEW YORK, Feb. 17.—Nothing short of a complete withdrawal from the stage of "A Good Bad Woman," produced by Wm. A. Brady and Al H. Woods, will satisfy District Attorney Banton. After going over the manuscript, Mr. Banton announced that the play was so thoroughly offensive that deletions would not help it.  
Helen Mackellar, star of the play, has served notice that she wishes to be relieved of her part.  
**Some Others Worse.**  
Bad as he believes the Brady-Woods play, Mr. Banton said that he has the manuscripts of four other plays one of which he believes is worse. Criminal action against the producers, Mr. Banton explained, would not be sought until after they had refused to make alterations or withdrawals.

Bob Martin Plans Return To The Ring

CLARKSBURG, W. Va., Feb. 17.—Bob Martin, heavyweight champion of the American Expeditionary Forces, plans to return to the prize ring in an effort to win Jack Dempsey's crown, he said upon his arrival in Clarksburg from Baltimore, where he was operated upon for an injury suffered in a bout a year ago.  
Martin will go into training at once. He weighs 210 pounds and says he is in "fairly good condition."  
After his forced retirement from the ring a year ago, Martin enlisted with the West Virginia State police. He resigned his commission as a trooper a month ago.

OXFORD'S NEW SHELL

Will Soon be Ready For Big Race Against Cambridge on Thames March 28.

Oxford's new shell for the race with Cambridge on the Thames on March 28 is nearing completion at Putney, according to news just received from abroad. It is being built on a somewhat modified stream-line principle as laid down by Dr. R. C. Bourne. As was the case in 1923, the length is slightly shorter than the usual run of boats in an intervarsity race. The new craft is 59 feet 6 inches long, as against a length of about 63 feet normal. It is proposed to give the new boat a trial before leaving home waters for Henley next month. So far Cambridge has not placed an order for a new boat. One similar to that being built for Oxford is under construction at Putney for Harvard University.

### BAIL REFUSED MAN WHOSE AUTO HIT G. M. ROSS

#### Harry Stone Held Pending Result of Injuries of Carleton Grocer

FINE IMPOSED IN DRUNKENNESS

#### Arrest Is Made as Result of Occurrence in West End.

Application for bail on behalf of Harry Stone, driver of an automobile that struck and severely injured Geo. M. Ross, aged 63, at the corner of Watson and Charlotte streets, West St. John, last evening, was refused by Magistrate Henderson when Stone appeared before him in the Police Court this morning. J. Starr Tait, appearing for the accused, made the application following evidence given by Detective Sgt. Power on a charge of operating an automobile in Main street while under the influence of liquor. His Honor said that Stone would be held until a definite report on Mr. Ross' condition was available. "If Mr. Ross dies, a charge of manslaughter would lie against the accused," Magistrate Henderson said.

"Guilty" as Drunk.

On a charge of being drunk, Stone pleaded guilty and was fined \$8. On the advice of his lawyer, he pleaded not guilty to the other charge. In his testimony, Sergeant Detective Power said he went over to Main street last evening in company with Detectives Bidsonne and Kilpatrick, looking for Stone. They found him leaving a grocery store to go to his auto. As the accused turned around, he staggered and fell up against the auto. He was then placed under arrest.

The witness was about to give details of a conversation he had with Stone after he had been arrested, but Mr. Tait objected.

In reply to the Magistrate, the witness said Stone had told him "I was sorry he hit the old man." Mr. Tait objected that this did not have anything to do with the charge of operating an automobile while under the influence of liquor.

Sgt. Power said he would have witnesses ready tomorrow morning to continue the case respecting the accident in West St. John. The Magistrate then remanded Stone to jail, refusing bail.

Was Going to Store.

The accident happened about 6.35 o'clock last evening as Mr. Ross, who is said to be hard of hearing, was crossing from his home at 205 Charlotte street, West End, towards his store, which is on the opposite corner. The automobile turned the corner and struck him. The driver stopped and offered assistance. The ambulance was summoned and had the injured man at the General Public Hospital 40 minutes after the accident. When he reached the hospital, Mr. Ross was conscious and made a statement in which he said the car was traveling at a fast rate.

### WELL RECEIVED ON MARITIME MISSION

#### D. W. Ledingham Wires From Bathurst—Montreal Board of Trade Sends Message.

R. E. Armstrong, secretary of the Board of Trade, received a wire from David W. Ledingham this morning, saying that he had been received most enthusiastically in Bathurst last evening, where everyone was ready to do his bit in furthering the delegation to Montreal on Wednesday. Mr. Ledingham said that he would speak in Campbellton tonight.

The Montreal Board of Trade has wired Mr. Armstrong asking that the delegation meet with that body tomorrow, on their arrival in Montreal. Mr. Armstrong said that there was enthusiasm all along the line.

### TALE OF A FLOWER

#### Dandelion Found by Boy of Household Where They're All Pals.

William Stanton, aged 12 years, and attending St. John the Baptist school, brought into this office yesterday afternoon a bright little dandelion, with fresh green leaves that had been snuggled under the snow in his yard at 103 Queen street, until the thaw gave it a chance to show how strong it could be in spite of snow and frost. The finding of the flower in a good state of preservation had to be told to "Dad first," so William said. "Dad" works at the sugar refinery and was much pleased to see the good luck of his boy. "He is a regular pal with us," said William, "us" meaning three boys and four girls, and then, as if omitting something important, William said quickly, "and Mother is too."

Another very interesting thing about William is that he is a St. Valentine boy, being born on that day, which may account for many things that made him even more interesting than his discovery, which gave a reporter the good luck to meet a boy whose father and mother are both "pals" to their boys and girls. William is the eldest of the seven.

TWO ARE FINED.

Two men appeared before Magistrate Henderson in the police court this morning and were fined \$8 or two months in jail for drunkenness.

#### Club Leaders' Study Circle Being Organized—First Aid Work Goes on.

The fourth session of the First Aid Training Course which is being given to the Scout Leaders by the St. John Ambulance Association was held last evening in the Health Centre, with 10 Scouters present. Dr. O. B. Evans gave a lecture on the treatment of hemorrhages. Miss I. E. Barber, provincial secretary of the St. John Ambulance Association, gave practical instruction in stretcher drill.

On Wednesday evening the Cub Leaders will meet in the Health Centre for the first session of the Study Circle, when they will have a general discussion of the first six questions of the Aekta Correspondence Course, which is sent out by Dominion Scout Headquarters from Ottawa.

St. John has the honor of having the first Cub Leaders' Study Circle in Canada, as the Aekla Course has only recently been completed and distributed to the Cub Leaders. L. L. Johnson, Assistant District Cub Commissioner, is the leader for the study circle. Mrs. G. W. Campbell is vice-president for the Wolf Cubs in St. John Council.

### Local News

#### FLLOUR UP AGAIN.

The price of flour advanced 20 cents a barrel yesterday, bringing the wholesale price up to \$12 for Ontario flour and \$12.20 for Manitoba flour.

#### HERE FROM SO AMERICA.

Rev. Geo. Smith of South America is in the city, visiting his son, J. Stewart Smith. Mr. Smith is well known in Canada as a lecturer on Missionary work in South America.

#### SENT TO HOME.

Elsie Fraser and Annie Lenigan, both aged 19, were taken in charge by Detective Bidsonne yesterday and will be sent to the Good Shepherd Home. They were charged as vagrants without visible means of support. Magistrate Henderson fined them each \$50 and three months at the Home. In case the fine is not paid, they will each spend six months at the Home.

#### EXPECTED TOMORROW.

R. H. MacDonald, of Ross MacDonald, architect for the Admiral Beatty Hotel, is expected in the city tomorrow at noon from Montreal to complete the details respecting the awarding of contracts for the interior furnishings of the hotel. Mr. MacDonald will likely return to Montreal Thursday afternoon.

#### CONTRACT IS SIGNED.

The contract for the new city stables has been signed, G. N. Hatfield said this morning, and just as soon as the contractor, G. W. Lawson, could get the piling on the ground a start would be made on the work. There will have to be about 100 piles driven for the foundation. The contractor is busy at present building a shelter house for tools and materials.

#### LIKE LAKE FREIGHTERS.

Two steamers of the lake type of freighter with their engines and funnel aft, are in the harbor. They are not common sights along the local waterfront. Each is carrying potatoes and general cargo to Havana. They are the Munmor and the Muncove. The former was to sail this afternoon or evening while the other vessel just arrived this morning to load. Both steamers are owned by the Munson Line.

#### FAIRMOUNT CIRCLE MEETS.

The sewing circle of Fairmount L. O. B. A., No. 398, met at the home of Mrs. J. Chard, and after a busy time spent in playing the needle, a social hour was enjoyed and dainty refreshments were served by the hostess, assisted by Mrs. Woodroffe. Those present were: Mrs. Philip McIntyre, Mrs. Gibb and her cousin, Mrs. Woodroffe; Mrs. Pittman, Mrs. McKenzie, Mrs. Reid Lewis, Mrs. J. Lawson, Mrs. Willy McIntyre, Mrs. Robt. Magee and Mrs. Downs.

#### SUMMER HOME BURNED.

Thomas Kerrigan, of Fairville, met with quite a loss last week when his summer home at Pandanec was totally destroyed by fire. The loss will be about \$1,000, partly insured. Members of the family had gone up a week ago yesterday to remove some snow from the roof and Mr. Kerrigan's son built a fire. Mrs. Kerrigan had been in the basement to chop some more wood and when he came up again found the house full of smoke. When he reached the house, he saw the headway that it was impossible to put it out.

#### MET FOR SEWING.

The Fairville Baptist Sewing Circle met at the home of Mrs. J. W. Stevens, Prospect street on Monday afternoon. Fancy work was done, as well as plain sewing. Mrs. Robt. McMillan assisted the hostess at the tea hour. Those present were Mrs. A. E. Kierstead, Mrs. C. T. Clark, Mrs. Carey B. Black, Mrs. Carl Cunningham, Mrs. Thomas Alcorn, Mrs. Allan Thorne, Mrs. Benjamin Godsoe, Mrs. William Fox, Mrs. J. Rushton, Mrs. Walter Ross, Mrs. Robert McMillan, Mrs. Leonard Crawford, Mrs. Harry Ricker and Mrs. George Fowler.

#### BAXTER LODGE CIRCLE.

The sewing circle of Baxter Lodge I. O. B. A. was held at the home of Mrs. H. L. Blagden, Manawagonish road on Monday. Mrs. Edolph Phillips assisted Mrs. Blagden in serving refreshments. Those present were Mrs. Edward Duff, worthy mistress of the lodge, Mrs. James Spence, Mrs. Alonzo Craig, Mrs. J. Chesseman, Miss Blanche Strullin, Mrs. Oliver Stinson, Mrs. William Murray, Mrs. R. Irvine, Mrs. Edw. Moore, Mrs. Willard Brownell, Mrs. Harry Brownell, Mrs. R. Phillips, and Mrs. Andrew Wallace of Black's Harbor, who was a special guest. It was decided to hold the next meeting in the Fairville Orange Hall, when a quilt to be donated to the Protestant Orphanage, will be completed.

### CAN DEPOSIT ONE CENT IN THIS BANK

#### East St. John Schoolmaster Adopts Plan to Help Lads Get Outfits.

The Boy Scouts of East St. John held a court of honor last night at the home of Mrs. Albert Lewis. The scoutmaster, O. J. Lawson, was in the chair. Business was transacted and plans for this year's camping were also dealt with. Refreshments were served by Mrs. Albert Lewis, assisted by Mrs. Robt. Kirkpatrick. The scoutmaster then gave a vote of thanks to the lady of the house.

Following this, the troop committee met. Those present were F. Polcy, chairman; E. Logan, sec.-treas.; Mrs. Robt. Kirkpatrick, cubmistress; Miss A. Cheley, assistant cubmistress; O. J. Lawson, scoutmaster; C. Rennie, assistant scoutmaster, and Witfield Davidson, acting assistant scoutmaster. Two good plans were adopted. One was a bank account kept by the chairman, in which a scout may bank from ten cents up until he has sufficient money to buy himself a scout uniform. The other was a game of baseball played indoors by questions instead of using a ball. A question is thrown at the batter and if he fails to answer, he is out, but if he answers the question correctly he takes a base. Questions must be from the scout handbook.

### BIBLICAL DRAMA IS WELL PRESENTED

#### "Ruth" is Played by Entertainers Club of Main Street Baptist Church.

The Biblical drama "Ruth," as presented last evening by the Merry Entertainers' Club of the Main Street Baptist church, was much appreciated by an audience which filled the room of the church. The manner in which this story of the wooing of the Moabite woman by Boaz, the wealthy Israelite, was presented added to the reputation gained by this company of clever young amateurs last year when they presented another Biblical drama, "Queen Esther."

Among the leading characters, Miss Alice Vanwart, as Ruth, and Ralph Cowan, as Boaz, was highly commended by the audience, and the supporting players each added to the success of the entertainment.

Miss Ella McAlary is the director of the club, and the performance last evening spoke for the thoroughness with which she had performed her task. Gordon Erb, as stage manager, was highly complimented on the excellence of the stage settings.

Miss Hazel Flewelling presided at the piano and played the music incidental to the performance. Between the acts songs were sung by Miss Jessie Jamieson and Murray Thomson.

Taking Part.

Following is the cast of characters: Naomi, Jessie Scott; Mahlon, R. Murray Cowan; Chilion, Robert Morrell; Elimelech, Allen Shields; Boaz, Ralph E. Cowan; Moabite women, Ruth Watters, Lola Chapman, Margaret Mitchell, Helen Thomson and Almeda Mullin; Ruth, Alice Vanwart; Orpha, Margaret Cowan; Benjamin, Scammell Case; Gordon Erb, Don Orchard, Scammell Case, Murray Cowan, Robert Morrell, Norman Black and Murray Thomson; Edna Brennan and Margaret Cowan; priest, Allen Shields.

### Hiram on Tour

CALGERRY, Feb. 8. I am in Calgerry. The town is in a valley—and it was good to see the hills again. Elvert Morrow—that used to be in St. John—he took me in his car all over town and up on a hill where I got my first look at the foothills of the Rocky Mountains. Well, sir, the sun was never seen 'em—like it afore. Some of the peaks was sharp as a white an' shinin' as an angel's wing—and other parts was in the shadow—'at along further you'd think you was lookin' at one of them old castles we read about. I'm goin' through 'em tomorrow—and I calculate I'll see some of 'em. The town is a bigger'n St. John—and they say the hundreds of folks here from the Maritime Province. I guess they're everywhere—yes, sir.
