

GREAT VICTORY IN YORK; MOREHOUSE WINS BY 1204

ELECTORS OF YORK COUNTY DECLARE WITH NO UNCERTAIN VOICE FOR HONEST ADMINISTRATION OF PROVINCIAL AFFAIRS

Sweeping Majority for Dr. Morehouse--Government Party Faced Dominion Organization and Emerged Victorious With Majority in Every Parish--The Finish of Mr. Carvell.

PREMIER'S STATEMENT.

Special to The Standard.

Fredericton, N. B., March 30.—Premier Hazen tonight issued the following statement regarding the bye election in York County today and its result and effect:

"The result of the bye-election in York County, it seems unnecessary for me to say, is intensely gratifying to me. I have taken very little part in the campaign, my time being fully occupied with the work of the Legislature. But the members of the Government, and the Legislature entered into the fight so willingly and proved so well informed on public questions, and such superior debaters, that it made little difference.

"While the St. John Valley Railway was discussed very largely during the campaign it was not the main issue although the people along the river felt that the administration were the only ones that had taken any practical steps towards the building of that desirable public work.

"The result is due to the fact that the people of York County had had plainly placed before them the record for three years of the management of this Government as compared with the last three years of the previous administration, and I felt that convinced that the present Government has given clean, decent, honest and progressive government to the Province.

"The victory was a most remarkable one, the campaign was carried on from Ottawa and every influence the Minister of Public Works had been able to use was brought to bear and had been requisitioned.

"Had the fight been confined to Provincial issues and been simply between the Government and the Opposition in the Legislature of this Province, Mr. Burden would surely have lost his deposit. Mr. Pugsley had thought it wise, however to inject himself into the campaign, and sent Mr. Carvell, well fortified with the resources of civilization, to conduct the fight on behalf of those who are opposed to this Provincial Government.

"I don't envy Mr. F. B. Carvell's feelings tonight. His abusive and intolerant language disgusted the decent people of this county and his reference to myself and the members of my Government as fakirs lost very many votes to Mr. Burden today.

"The heroes of the campaign are Hon. Mr. Fleming and Hon. Dr. Landry. Mr. Carvell did his best to prevent the Hon. Mr. Fleming from meeting him in joint debate, but while putting up a bluff that he was anxious at any time to meet the Provincial Secretary, when reluctantly forced to face the Hon. Mr. Fleming, he found that his colleague in the Government was his superior in intellectuality and information, and all the qualities which go to make up a gentleman.

"I don't believe any man ever stood higher in the estimation of the people of New Brunswick than Hon. Mr. Fleming today. Hon. Dr. Landry met Mr. Copp in joint debate at Marysville, and I am not indulging in the language of exaggeration when I say that Hon. Dr. Landry proved himself more than a match for the leading orator of the Opposition in the Legislature, and no doubt the increase in the vote at Marysville was largely due that joint meeting.

"In conclusion I must not forget to extend my thanks to the editor of the St. John Telegraph for the great service he has rendered to the Government of the Province of New Brunswick. The unfair, immoderate, untruthful, and disgraceful manner in which he is, and has been, dealing with every act of this Government has disgusted decent men all over New Brunswick and they, and many men who always voted against us, will not take any stock in the journal that every day has been assuring its readers that the Government would be beaten at this bye-election in York County.

"I only hope that the Telegraph will continue to misrepresent the actions of the Government and myself. It is largely responsible for the landslide that occurred in York County today, as decent men are denouncing the unfair, unpatriotic, and untruthful course which the Telegraph has pursued since its editor was purchased by the dredging-grafters of the city of St. John."

DR. O. E. MOREHOUSE

Special to The Standard. Fredericton, March 30.—If the Hazen administration needed any vindication, York county gave it today.

Dr. O. E. Morehouse, the candidate of the government party, was elected by the grand majority of 1204 (an official) with prospects of the majority being further increased when the official vote is announced at the declaration proceedings.

On account of the unfavorable weather conditions, which made travelling almost impossible, it was unfortunately so that the full vote of the county could not be gotten out. But that fact only makes the majority of 1204 all the more remarkable; all the more potent, the expression of the feeling of the people of New Brunswick in favor of an honest administration of the public business of the province.

York county was chosen as the stamping ground for the opponents of the government to play their strongest cards. They played them today, and tonight the people of New Brunswick have the answer of the electorate of York county.

Majority in Every Parish. Dr. O. E. Morehouse will go to the legislature with a majority from every parish in the St. John Valley showing their complete confidence in the Hazen government's ability and desire to give the people of the St. John Valley their desired railway facilities. The St. John Valley parishes gave Dr. Morehouse a good majority. Stanley did its part as usual, so did Harvey and also Carleton Place, where Mr. Carvell personally stood. A dead set was made at Marysville, Gibson, Kingsclear and Nashwaaksis. In each place the government party's majority was increased.

Celebrating The Victory. Tonight there was a general celebration in the city. When Dr. O. E. Morehouse arrived he was enthusiastically conveyed in a coach pulled about the streets to the parliament buildings where speeches were made by members of the government, members of the House and others. Later there was a fine reception for Hon. H. P. McLeod and O. S. Crockett, M. P., when they returned from Canterbury and Harvey, where government victories were won. At Meductic and at Stanley there are also great celebrations tonight over the victory scored by Dr. O. E. Morehouse and the Hazen government today.

The victory of today is simply told in the figures printed on this page. Telegrams of congratulations have been pouring in to Premier Hazen, the government party executive and members of the government on the result of today's bye-election in York county. One of the messages follows: Woodstock, N. B., March 30. To Ald. P. A. Guthrie, Secretary Government Party Executive Committee, Fredericton, N. B. Heartiest congratulations. Nicely done. Better ship remains of our lamented Carvell, dead or alive, back to Woodstock. G. E. BALMAIN, Pres. Carleton Co. Con. Assn.

Campaign of Slander and Falshood Could Not Win for the Friends of Burden, Bluff and Boodle--Premier Hazen Thanks the Lying Telegraph for Contributing to the Glorious Result.

RESULTS OF THE VOTING.

Table with columns: POLL, Morehouse, Burden. Lists results for various parishes like Fredericton, City Hall, Prince William, etc.

BIG BOOM IN LAND PRICES IN THE WEST

Farm Lands Jumping in Value Almost as Quickly as Town Lots—Reasonably Priced Land is Vanishing.

Winnipeg, March 30.—Western Canada lands are certainly increasing in value, and it is quite evident that there will soon be no more \$15 an acre land in the west. Whether it is through railroad construction, or the natural law of supply and demand, reasonably priced land as measured by former standards is certainly vanishing at a wonderful rate.

It was learned today that the Hudson's Bay Company have put into effect a remarkable increase in price of their lands ranging from \$5 to \$10 per acre additional. Lands along isolated lines which three weeks ago were generally quoted at \$14 and \$15 per acre, cannot now be purchased from that company at less than \$20 and \$25 per acre.

This will no doubt be a signal for a general increase on part of all companies in the price of their lands in the west. Notwithstanding the increased prices, buying is extremely active and sales are daily reported at from \$20 to \$30 per acre. There is every indication that in the matter of farm land values, the west has entered on a new era, and that 1911 will witness the establishment of a considerably higher standard of prices.

PRETTY GIRL SHOT DOWN IN STREET

New York, March 30.—Passengers arriving early this evening by a New York Central train had a horrifying introduction to a crime when sudden application of the emergency brakes brought the train almost squarely opposite a double tragedy which was being enacted in Park Avenue. A well dressed man was seen to whip a revolver from his pocket, shoot down a strikingly pretty blonde woman, and turn the weapon upon himself.

The engineer, who was the first to see the couple, threw on his brakes and shouted to the unknown man on the street: "Hold on, don't shoot her, don't shoot!" The assassin paid no heed to the unexpected witness to his deed and took deliberate aim at the woman, as she started to run from him. One shot entered her mouth and another lodged in her breast. After a momentary contemplation of the crime he placed the weapon at his own temple, fired, and sank to the street by the woman's side.

Passengers who had looked on, powerless to interfere, were horrified, and as soon as the engineer saw that his warning was not heeded, he pulled his train into the station. The man was dead when the police arrived, and the woman has little chance of recovery. It was said, at the hospital tonight, that a card issued by the carpenters' union was found in the man's pocket bearing the name of Jacob Shontz. There was no clue tonight to the woman's identity. She is about 28 years old and was dressed in a blue suit with white waist.

FOUND GOLD IN MORTAR

Cochrane, Ont., Mar. 30.—While taking down the chimney of the Cochrane hotel in the last fire, a mason named Earle, saw a shining speck of metal in the mortar. He took it to a prospector friend, who pronounced it to be gold. Search was made as to where the sand came from, and it was discovered it originated from a pit where gravel had been dug out for grading. As the news spread there was an exodus from town headed by Mayor McManus and the whole of the gravel pits in the vicinity are staked on. On the chance the wrong pit had been found, others staked the other sand pits in the vicinity. They are now busy panning the gravel.

WOULD WIPE LEGISLATIVE COUNCIL OUT

Dr. Kendall Introduces Drastic Resolutions in Nova Scotia House--Larger Representation for Towns.

Halifax, Mar. 30.—Dr. Kendall (Liberal) often takes the House of Assembly by surprise with more or less drastic resolutions. Today he gave notice that he would move for a redistribution of representation in the House so that industrial centres may have a greater representation at the expense of the rural communities. Coupled with this was a clause calling for the abolition of the legislative council if necessary, by pension of the members, which he said would be the cheapest and only way of getting clear of that body. His resolution follows: "Whereas it is apparent that antagonism to the desires of the industrial workers of the province prevails in this House, and whereas the rural constituencies have voting power in this House out of all proportion to their population. Therefore resolved that in the opinion of this House as soon as the results of the next census are known, the government should introduce legislation that will give Nova Scotia a representation based on the population. Also resolved that the legislative council should be abolished if necessary by legislation."

IDENTIFIED BY BUTTONS ON A SHOE

Another Victim of New York Fire Horror Made Known Yesterday—List of Dead has Reached 144.

New York, March 30.—The death today of Sarah Kupla, a sixteen year old girl, who jumped from the eighth floor of the Aach building during Saturday's fire, brought the list of victims up to a total of 144. The girl's back was broken, and she had been unconscious ever since the fatal leap. The identification of another girl's body, by a strange arrangement of buttons on her shoe, brought the list of unnamed down to fourteen. There seems little chance of further identification and the charities board has made arrangements to bury them in the cemetery of the Evergreens in a plot owned by the city.

Assistant of the district attorney's office and fire marshal Boers, who are conducting investigations into the disaster, besides visiting the Aach building today, further examined survivors. Contributions to the relief fund totalled more than \$50,000 tonight. A 34 year woman who said she was the mother of Annie Colletti, one of the five victims, called at the coroner's office tonight and declared that her daughter's body had been returned to her from the morgue for burial. She had inspected the clothing and found missing \$1,000 which she says she had hidden in a pocket in her skirt. She explained that her daughter was afraid to trust banks, and had carried large sums of money on her person for some time. The coroner's office has record of only a few trinkets and pieces of jewelry of small value that were found on her body.

Announcement was made tonight by the corporation counsel's office that judgments were obtained by the city today in municipal court in 64 cases of violation of the building code and tenement house laws. The principal offenses were faulty construction, unsafe fire escapes, and inferior plumbing and drainage. In forty-four cases fines of \$250 were imposed; smaller fines were imposed in the others.

LIQUOR WAS SHIPPED AS HARDWARE

\$50,000 Worth of "Oh be Joyful" Confiscated by Police in New Ontario--All Sorts of Schemes Worked.

Toronto, Mar. 30.—A report just issued by the provincial police shows in 14 months liquor valued at \$8,000 in Toronto or Montreal, but worth at least \$50,000 in northern Ontario, after being diluted and doctoring, has been seized in transit and confiscated. Considerable beer also was seized, but analysis showed that it did not contain more than the regulation amount of alcohol for non-intoxicating liquor and it was allowed to go in. The seizure amounted to 10,268 bottles of whiskey, 145 gallons of whiskey, 126 gallons of high wines, 9 barrels of whiskey, 12 barrels of wine, 2 cases of beer, 153 cases of beer, and 47 kegs of beer. In the same time 105 prosecutions were made and 104 convictions secured. The stuff seized was shipped as hardware, but packed in apple barrels, hidden in lumber and in every other conceivable way.

SENATOR DOMVILLE'S RAILWAY DISCUSSED IN MONCTON.

Special to The Standard. Moncton, N. B., March 30.—The city council at a meeting tonight discussed the charter for a railway from Albert county to Moncton which Senator Domville is promoting in the Senate. It has been suggested that in seeking the right to cross the Pettitcodiac river bridge here Domville's charter might interfere with the franchise of the Moncton Street Ry. Co. The city solicitor has been asked to give an opinion on the matter. There have been nineteen deaths in Moncton this month, as compared with fourteen in March last year. Four of the deaths in the month this year have been from tuberculosis.

NO PEACE JUST YET IN MEXICO

President Diaz Slow to Parley with Insurgents—No Place as Long as He Remains in Power.

Mexico City, Mex., Mar. 30.—Reports emanating from points in the United States that the Mexican government intends to send a similar commission to treat with the rebels have aroused a lively interest, but no government officials have been found who could admit the existence of any arrangements of this character.

That the cabinet was reconstructed in the hope that the disaffected elements might be placated and that the government is contemplating radical reforms for the same reason, are the only facts known. The government has gone far in making concessions, but the belief is growing that President Diaz is not yet willing to recognize Madero and his followers to the extent where he shall discuss with them terms of peace.

Both foreigners and Mexicans are inclined to believe that the armed executive will be slow to parley with those who have dared to revolt against his administration. If any peace negotiations are contemplated, it is believed that the initiative must come from the rebels; and according to statements made in the United States that is not the case.

In this city there are few who do not hope the government and the rebels are about to come to terms, but there are many who believe that the war is still far off. It is pointed out that the very fact that the government has shown a disposition to concede certain things, for which the rebels are fighting, has been an encouragement to them to continue the campaign.

The revolutionists cannot see it in this light. They feel that it is because of their work in the field, and appear to think that continued rebellion will bring them all they are after, chief of which is the resignation of the president and another national election.

Francisco I. Madero senior, has stated that he hopes to induce his son to agree to terms of peace, and in this he is seconded by Gustave Madero, but reports brought from the seat of war are that Francisco Madero Jr., still insists that there can be no peace so long as President Diaz remains at the head of the nation. It is the younger Madero who is doing the fighting.

LEMIEUX TO MARINE JOB

Montreal Hears that Postmaster General Will Succeed Hon. L. P. Brodeur as Minister of Marine.

Montreal, Mar. 30.—Inside political circles had it today that the Hon. Rodolphe Lemieux, postmaster general, will be called to the portfolio of marine and fisheries to replace his present colleague, the Hon. L. P. Brodeur whose promotion to the supreme court bench is said to be only a question of time.

Those who know, say that Hon. Mr. Lemieux is quite well satisfied with his present portfolio and is by no means an applicant for the important portfolio to be so soon vacated by the member for Rouville. But Sir Wilfrid Laurier has been a pronounced success as head of the postal department and this being the case, he wants to give Mr. Lemieux an opportunity to gather new laurels at the department of marine.

In fact the statement was made today that the present postmaster general really wanted to stay with his present portfolio, but bowing to the will of the leader of the administration, he will accept the other, which is as a matter of fact, a more important department and its acceptance by the member for Gaspé is nothing more or less than a considerable promotion.

LOST IN THE NORTH LAND

Grave Fears Entertained for Safety of Danish Expedition to the North Pole—Relief Expedition to Start.

Copenhagen, Mar. 30.—Grave fears are entertained for the bodies of the members of Captain Elmer Mikkelson and Engineer Iversen, who after having been rescued on the coast of east Greenland, last year, left their party to search for traces of the lost explorer Erichsen. An expedition will be sent to Shannon Island where provisions were deposited in the hope of finding them there.

Five members of the Mikkelson expedition which was wrecked in the winter of 1909 on the coast of east Greenland, were brought back to Norway last August. This expedition left Copenhagen on the Danish Arctic ship Alabama to search for the bodies of the members of Mylius Eriksen Greenland expedition who perished in November, 1907 while trying to return from the north coast of Greenland by way of the inland ice. After the rescue of the Mikkelson party, Captain Mikkelson and his engineer decided to renew the search for the bodies of Eriksen and his companions.

Wheeling, W. Va., March 30.—It is reported here that the miners strike affecting 19,000 men in this district and throughout eastern Ohio, is collapsing, and the men are holding meetings to decide whether they will return to work under the old scale.

WILL DECIDE TRIAL OF THE CAMORRISTS

Privileges and Elections Committee Heard Arguments of Counsel in Case of Liberal M. P., Charged with Fraud.

Ottawa, March 30.—Real versus false reciprocity was the motion to go into supply.

Mr. Foster brought up the subject of the relations between Canada and the West Indies. Every legislature in the British West Indies with the exception of that of Jamaica, Mr. Foster said, has pronounced in favour of a preferential arrangement with Canada. The legislature of the Bahamas recently declared for actual union with Canada. Why did not the government take advantage of the present favourable situation?

"The difficulty in the case of Jamaica," Mr. Foster went on, lies in the anxiety of its people to retain the American market for their fruit and their fear of being deprived of it if they make a preferential arrangement with Canada.

"Why should we put it out of our power, by making a reciprocity agreement with the United States, to offer to the British West Indies what would be the second strongest inducement to them to make a preferential arrangement with us, a preference on the United States, cuts squarely across reciprocity with the West Indies."

Mr. Fielding said that a few items in the agreement interested the islands and these hardly would be important, oranges, grape fruit and limes already were free. He doubted whether all the island legislatures except Jamaica favoured reciprocity with Canada.

GERMAN CHANCELLOR DISCUSSES INTERNATIONAL ARBITRATION, BUT STILL CLINGS TO IDEA OF PREPAREDNESS FOR WAR.

German Chancellor Discusses International Arbitration, but Still Clings to Idea of Preparedness for War.

Berlin, Mar. 30.—Chancellor Von Bethmann-Hollweg in the Reichstag today discussed disarmament and international arbitration but without departing one iota from the well known standpoint of the German government often declared on former occasions.

The imperial chancellor saw the chief difficulty in a disarmament agreement in the impossibility of a perversion of individual states. "Control over these," he said, "is regarded as absolutely impracticable. The mere attempt to control would have no other result than continual mutual distrust and universal turmoil. General disarmament is an insoluble problem as long as men are men."

"It will remain true," continued the chancellor, "that the weak will be the prey of the strong. If any nation feels that it is unable longer to spend certain sums for defensive purposes it will inevitably drop to the second ranks. There will always be a strong one ready to take its place."

"The nations, including Germany," said the chancellor, "have been talking disarmament since the first Hague conference, but neither in Germany nor elsewhere has a practical plan been proposed. Great Britain wishes the limitation of armaments but simultaneously wants a superior or equal fleet. Any conference on this subject is bound to be fruitless. No standard for a limitation can be found and any conceivable proposal would be shattered by the question of control."

Van Bethmann-Hollweg instanced Napoleon's limitation of the Prussian army when Prussia adhered to the letter of her treaty, trained a four-fold army by shortening the period of training. Germany was willing, he said, to accept the English proposal for an exchange of information regarding building programmes. He accepted the idea of arbitration in principle, but universal arbitration was impossible as long as the United States and Great Britain could seal the de facto status but if new questions arose arbitration might prove inadequate.

The chancellor's speech, which was along the line of his utterances, was made in the discussion of resolutions offered by Socialists and Radicals asking for an extension of international arbitration and the limitation of armaments. These resolutions called before the house at the opening of the customary debate on foreign affairs in connection with the chancellor's budget.

THE GENERAL ELECTION RETURNS.

The following is the record of the vote in York county at the general provincial election on March 3rd, 1911:

The only exclusive optical store in the city. Hours: 8 a. m. to 6 p. m. Saturday to 9:30 p. m.

TRAGIC DEATH OF AN TIGONISH MAN

Antigonish, N. S., March 29.—The death occurred under tragic circumstances early yesterday morning of James Kenna, coal merchant.

land arrived at Halifax at 3:20 yesterday afternoon and left for St. John at 4:45. She is due to dock here this morning. The Empress has a total of 1489 passengers of which 858 are third class. Practically all are settlers for the Canadian West.

Halifax, Mar. 30.—Acadia's orators were victorious over the U. N. B. in the intercollegiate debate. The U. N. B. had slightly the better of the argument, but Acadia won out with a substantial lead for presentation.

ELECTION RESULTS GAVE SATISFACTION

Many Enquirers at Standard Office. Last Night, were Dejected with York County Victory—Some Comments.

Great interest was manifested last evening by the citizens of St. John in the result of the election in York county. From 6 o'clock to midnight the telephones in The Standard office were kept ringing constantly, and as the returns were announced to eager enquirers, fervent expressions of satisfaction came back over the wires. Many who had repeatedly heard the refrain from central, "Line's Busy," came down to the office, and these when they learned the results were jubilant. Many calls were received from Fairville, where Rev. LeBaron W. McKiel, the father-in-law of Dr. Moorehouse, the successful candidate, and Mr. McKiel himself, when the final results were phoned him, expressed himself as highly delighted at the success of his son-in-law.

All over the city the same interest was shown, and the result seemed to give general satisfaction. There can be little doubt that here as elsewhere the Hazen government is more popular than ever it was.

"One man, when the returns were announced to him over the phone, ejaculated: "Get out!" Assured that the government's candidate had over a 1200 majority, he cried enthusiastically: "Hurray! Now get after the lying organs of the doggers and more power to your elbow." "That's great," said another, "That'll show Carvell where he fits in." "Ho, ho!" exclaimed another, "that makes Pugley's lieutenant look small."

Have a Cool Kitchen in Summer

WITH \$1.00 Gas

The Modern, Cleanly Fuel that Costs Less, Does More and Better Work in Less Time than Coke, Coal, Wood, Kerosine or Gasoline

All the drudgery and inconvenience of "The Time when Grandma 'Cooked'" are done away—coal carrying becomes a thing of the past, ashes and dust are unknown, cleanliness prevails, and effort and expense are reduced to the minimum.

THERE IS ABSOLUTELY NO WASTE WITH \$1.00 GAS. Just shut out the flame when your cooking is done—you can light it again at any moment of the day or night.

YOUR BIGGEST STICK OF KINDLING IS A MATCH.

THE FLAME IS UNDER PERFECT CONTROL and can be instantly regulated, and any desired temperature uniformly maintained. This means AN EVEN OVEN for roasting and baking. Custards and other dishes can always be prepared without fear of burning, scorching or boiling over.

REMEMBER you have entire control of the amount of fuel you burn—therefore waste is unnecessary.

YOU ARE cordially INVITED TO ATTEND THE DAILY FREE COOKING DEMONSTRATIONS from 3 to 5 p. m., at our showrooms where we PROVE BY ACTUAL PRACTICE EVERY STATEMENT WE MAKE FOR \$1.00 GAS.

See Our Combination Steel Range

Which can be changed from Coal or Wood to Gas Fuel in a Few Seconds.

We offer a Complete Line of GAS STOVES and RANGES for Cash or on the Monthly Payment Plan, the cost of installation being reduced to the minimum—10 cents a running foot. All Fittings included.

This bewitching maid is all ready for Easter Sunday with her natty tri-color hat and dainty over-blouse, both of which are French creations of the moment. The hat is a shape of white straw braided with a broad band of blue. The only trimming, which is quite sufficient, is the long fibred ostrich tips.

ST. JOHN HARBOR BRIDGE BILL AGREED TO IN HOUSE

Legislature, Yesterday, Passed the Bill Authorizing a Plebiscite on Question of Contributing \$300,000 to Harbor Bridge-- Other Business Done in Brief Session.

Fredericton, N. B., March 30.—The House met at three o'clock.
 A bill respecting the town of Madawaska, was referred back to the committee of the whole to amend the bill with Mr. Fleming in the chair.
 Hon. Mr. Morrisey, in reply to Mr. Burchill's inquiry, said that the attention of the department of public works had been called to the condition of the bridge across the Miramichi between Nelson and Derby, and that it was the intention of the department to have repairs made at an early date.
 Hon. Mr. Morrisey, in reply to Mr. Labllois' inquiry, read a statement of all sums paid for lumber for bridges since November 1, 1910. The person from whom purchased, the names and location of the bridges, grouped by counties in the order of their construction, were as follows:
 Mr. Dickson introduced a bill to incorporate the executive board of the Church of Seventh Day Adventists.
 Hon. Mr. Morrisey introduced a bill relating to the town of Newcastle.
 Mr. Jones introduced a bill to enable the St. John Railway Company to extend its light and power lines into the county of Kings.
 Dr. Sormany introduced a bill to authorize the municipality of Gloucester to issue debentures.
 Hon. Mr. Fleming introduced a bill to amend the incorporation act of the village of Hartland for water and fire purposes.
 Mr. Tweedie introduced a bill to incorporate the Christian Union Church Association of the parish of Lorne.
 The House went into committee of the whole with Mr. Legros of Gloucester in the chair.
 The bill to authorize the parish of Lancaster to increase its bond issue from \$20,000 to \$50,000 for sewerage purposes was agreed to with an amendment that such debentures should not be exempt from taxation.
 Bills to authorize the city of St. John to take a plebiscite on the question of contributing \$300,000 towards the construction of a bridge across the harbor and to amend the act incorporating the village of Andover and Perth for electric light, power and heat were agreed to.
 The House adjourned at 4.45 o'clock.

CHILDREN TO PRESENT A PRETTY CANTATA TONIGHT

The Pied Piper of Hamelin to be Given by Natural History Society Juniors This Evening.

In the Natural History society this evening at 8 o'clock the members of the junior association of the society will give their first public entertainment.

A delightful programme has been prepared for the evening. The ever popular cantata, The Pied Piper of Hamelin, will be sung. Under the capable direction of Miss Maud Sutcliffe and Miss Edith Kee rehearsals have been in progress for some time and an enjoyable evening is assured.

Apart from the cantata, an attractive programme has been prepared. The role of the Pied Piper will be sung by Master Douglas Foster, and the recitative part of the piece will be entrusted to George Morrisey.

Among those taking part in the cantata are, Miss Maud Sutcliffe, Violet Freeze, Kathleen Walker, Ruth Coster, Maud Willis, Florence Helen, Mary Murdoch, Grace Kuhlring, Gretchen Treutowsky, Helen Grant, Fredia Carlos, Janet Graham, Alice Smith, Leslie Green, Gertrude Holman. Among the boys are, Christopher Armstrong, Edwin Willis, D. Holmes, James White, Gordon Lingley and Robert Knowles.

The following is the programme in detail:
 Cantata—Morning Break.
 Duet—Greetings: Douglas and Norman Bourne.
 Reading—Mrs. Matthews.
 Solo—Helen Holman.
 Chorus—Singing Song.
 Cantata—The Pied Piper.
 The candy table will be in charge of Miss Edith Murdoch and Miss Jennie Robinson.

SCOTT HOLDINGS WILL BE BOUGHT

Twitchell Lumber Company of New Hampshire After Them—Fredericton Light Service—Well Known Hunter Dead.

Fredericton, March 30.—C. F. Davis, of Newport, and E. E. Field, of Pittsfield, N. H., representing the Twitchell Lumber Company, of New Hampshire, were in the Barker Station, this week. They are here crisscrossing the Scott Lumber Company's lands, which embrace over 50,000 acres and they are also crisscrossing the lands owned by James M. Scott, which include about 6,000 acres. The Twitchell company plan to purchase the entire property of the Scott Lumber Company, and it is understood that the deal will go through. The amount involved is between \$100,000 and \$200,000. The new company will also operate the Victoria mill below the city.

A wedding was celebrated at the home of Mr. H. J. H. Brown on Wednesday afternoon, when Harvey Brewer, his nephew, and Miss Myrtle Jones, both of Hurr's Corner, were united in marriage. The ceremony was performed by Rev. I. E. Wilson, of George street Baptist church.

Letters of administration have been granted in the estate of Mr. Gullford Wright, of Canterbury Station. The estate is sworn to at \$1,000. Of this \$500 is real estate and \$450 is personal. Mrs. Mary Wright, mother of the deceased is administratrix. Mr. Louis Young, of Woodstock, is proctor.

Joe Mitchell, an aged Indian hunter and trapper, died in a hospital one along the river, died at St. Mary's Reserve last evening in the vicinity of 80 years of age.

The Fredericton Gas Light Company will put it up to the business men, manufacturers and merchants to decide whether the twenty-four hour electric service in force this winter will be continued or whether the company will return to the old state of affairs and have only a night service.

SELLING LIQUOR WITHOUT LICENSE.
 St. Martins, March 29.—Bruce Davison was brought before Stipendiary Magistrate Moran this morning charged with selling liquor without a license thereof by law required. He was convicted and fined \$50 and costs, \$2.60, which was paid, and discharge from the court granted. This conviction has given general satisfaction to the residents of this parish, who have been annoyed for several months past by the sale of liquor in this parish.

LAW SUIT OVER SUSSEX ESTATE

Sussex, Mar. 30.—A big lawsuit is promised here within a short time when Chief of Police McLeod will demand that his interests in the Bole estate be determined. Mr. McLeod purchased the interest of Allan Bole and some time ago, when the property was to be sold for taxes, paid to the town of Sussex, the amount due. There are many heirs to the estate, and a number who hold deeds and action will be taken to determine the ownership of the entire estate. The heirs are scattered over Canada and the United States, and will be made parties to the suit. Involved in the action are some valuable lots in the town of Sussex, the amount due, the heart of the business section of the town and several residential sites.

Sussex is to have a live board of trade if present plans are carried out. Nearly 100 citizens have expressed a desire that the old board be revived and Mayor Eveleigh has been asked to call a public meeting to arrange for the board. The board of trade, if formed, will be made up of representatives of the various trades and industries of the town, and will be empowered to take such action as may be necessary to improve the town and to regulate the various trades and industries.

Ayrshires at Maple Grove Farm, M. H. Parlee, proprietor, yesterday. Many came from distant points to purchase from this herd, which won the silver trophy at Halifax last year for the best dairy herd at the exhibition. Splendid prices were realized \$35 animals, many of which were calves, sold for over \$2,800. The highest price realized was for Spruce Grove Seniors, a four year old cow, which was knocked down for \$265. Other animals followed close to this price. Maple Grove, Kathol, 11 months old, brought \$70.

There was a great sale of pure bred animals, many of which were calves, sold for over \$2,800. The highest price realized was for Spruce Grove Seniors, a four year old cow, which was knocked down for \$265. Other animals followed close to this price. Maple Grove, Kathol, 11 months old, brought \$70.

PROBING NEW YORK POLICE

Investigation Commenced Yesterday into Charges that Vice and Crime are Rampant—Police Commissioner on Stand.

New York, March 30.—The grand jury began an investigation today in the charges brought by Magistrate Hamelin, will be sung. Under the capable direction of Miss Maud Sutcliffe and Miss Edith Kee rehearsals have been in progress for some time and an enjoyable evening is assured.

Apart from the cantata, an attractive programme has been prepared. The role of the Pied Piper will be sung by Master Douglas Foster, and the recitative part of the piece will be entrusted to George Morrisey.

Among those taking part in the cantata are, Miss Maud Sutcliffe, Violet Freeze, Kathleen Walker, Ruth Coster, Maud Willis, Florence Helen, Mary Murdoch, Grace Kuhlring, Gretchen Treutowsky, Helen Grant, Fredia Carlos, Janet Graham, Alice Smith, Leslie Green, Gertrude Holman.  Chorus—Singing Song.
 Cantata—The Pied Piper.
 The candy table will be in charge of Miss Edith Murdoch and Miss Jennie Robinson.

Do your baking with flour made exclusively of the HIGH-GRADE constituents of the HARD-WHEAT berry

Have you ever baked with flour made exclusively of the high-grade constituents of the hard wheat berry? If you haven't, now is the time to try PURITY Flour.

Only the cream of the Manitoba hard wheat—the best wheat in the world—is used for PURITY Flour. More than that, only a portion of the flour milled from this wheat goes into the sacks and barrels branded PURITY. PURITY Flour consists exclusively of the high-grade constituents or portions of the Manitoba hard wheat berry. Every wheat berry has both low-grade and high-grade constituents which are separated during our process of milling. So exact is our process that it entirely eliminates all the low-grade portions from the flour which is finally branded PURITY. The greater strength of PURITY Flour makes it go farther in the baking. With it you can make

more loaves to the sack or barrel than you have ever succeeded in doing before. The loaves will be more nutritious, too, because they contain the high-quality gluten, starch, phosphates and other muscle-building and blood-enriching elements of the hard wheat berry. Naturally flour that consists exclusively of the high-grade constituents of the best hard wheat has greater strength and nutriment, superior color, more delicate flavor.

If you'll just try to realize fully what it means to your cooking-reputation you'll soon be using PURITY Flour. Of course, PURITY Flour will cost you a few cents more than lower-grade hard wheat flour or soft wheat flour.

But PURITY is very economical because it makes "More bread and better bread." The cost per loaf is no more than when using weaker flour, and the food value is much greater. Tell your grocer you are in a hurry to try PURITY Flour. He will supply you promptly. When you see the batch of beautiful snow-white loaves, with their soft, evenly-textured crust and dainty golden-brown crust, you'll be proud of your success with PURITY Flour. When you taste and enjoy the superb flavor of such high-class bread you'll be prouder still. If you don't want to buy a large sack or barrel, you can get a small bag. PURITY is packed in 7, 14, 24, 49 and 98 pound sacks. Also in barrels and half-barrels. Make certain the PURITY trademark is on the sack or barrel you buy, for that is your guide to the strong, reliable, high-quality flour that makes

"More bread & better bread"

SAINT JOHN, FRIDAY MORNING, MARCH 31, 1911.

THE VICTORY IN YORK.

Three things happened in York yesterday. The candidate favoring the Hazen Government was returned by a larger majority than was cast in the general election, when the total number of votes is taken into consideration. This was the first thing that happened. The next was the decisive defeat of Mr. Carvell who entered the contest because the Federal Government hoped by defeating Dr. Morehouse to destroy the influence of Mr. Hazen in the Province. The people of York have answered the Federal bosses that they will not be dragged into following their lead, but will vote purely Provincial issues as they think best without reference to other questions. The third, was the unqualified endorsement of the Hazen Administration on its merits after a three years' trial.

Yesterday's election in York is a threefold victory. It is a victory for freedom of thought in Provincial politics, and an overwhelming defeat for those who favor boss rule. It is a victory for honest clean government and a notice to the local Opposition that the people take no stock in their misrepresentations of the Hazen Administration. It leaves Mr. Hazen free to deal with all measures from the standpoint of their effect on the Province as a whole.

It also is a victory of the Conservative party over those Liberals who for party reasons would intermingle Federal and Provincial issues to secure only party advantages; no matter what the effect on the Province might be. This is demonstrated very clearly by the result in Fredericton city which is lost to the Liberals because of the ill-advised action of a few men whose desire for personal gain is greater than their patriotism, and but for whose manipulations there would have been no contest.

The defeat of Mr. Burden was as certain on the day he was nominated as on the day the votes were polled. This was admitted by everybody who knew the feelings of the people of York, but so great was the faith of those who would be popular leaders in York in their own prowess that they risked an election which could result only in defeat. They did not, however, calculate on annihilation.

Wiser counsels would have prevented such a display of weakness as was exhibited yesterday. But wise counsel cannot prevail in a locality where the leaders think that the money power is the only thing to consider, and that all others pale before it. Had this been true the opponents of the Hazen Government might have secured a victory. They had plenty of money to use for all purposes, legitimate and illegitimate, but the war was for no avail. The people had taken the matter in their own hands and the boodle brigade were compelled to retire in disorder.

The most gratifying result of yesterday's election is the complete endorsement of the Hazen Government. While Mr. Carvell confined himself to a discussion of the Valley Railway, the other speakers in the campaign dealt chiefly with the Provincial issues. The policy and performance of the Hazen Administration were thoroughly thrashed out. The splendid results which have followed an honest and fearless administration of the Public Domain, which has given the Government a much larger sum of money to spend for the great public services of the country, were in such strong contrast to the beggary policy of their opponents when in power that the people were convinced of the honesty of Mr. Hazen's pledge to give them honest government and decided to renew their confidence in his leadership.

For the first time since he came in power, Mr. Hazen was able to contrast the results of his policy with that of his predecessors, and the people after a three years' trial have endorsed that policy by a majority that must convince even the most unscrupulous opponent that the people believe in Mr. Hazen and desire a continuance of that policy. Mr. Hazen and his Government are to be congratulated on the strong endorsement of the people of York. They have given the Province good government for three years; many undesirable methods which prevailed in the past have disappeared, and the Province has benefited thereby.

MR. CARVELL'S POSITION.

Mr. F. B. Carvell, M. P. for Carleton County, finds himself in a very awkward position as the result of his interference in the York bye-election. A little over a week ago, although he has no direct interests in York County, he left his legislative duties at Ottawa and entered the campaign against Dr. Morehouse as the expositor of the policy of Hon. William Pugsley on the Valley Railway. Since then, Mr. Carvell has been parading through the county with the object of convincing the electors that the policy of the Hazen Administration is to prevent the construction of the road. A more deliberate falsehood never fell from the lips of man. From the very beginning of the controversy the Hazen Government have evinced a desire to meet the wishes of the people in the construction of this great railway, but it never was proposed to rush headlong into a contract that might never be carried out.

This is, perhaps, the most important question for the people that has been before the Legislature of this Province since Confederation, if viewed solely from a financial standpoint the most important. The responsibility of pledging the credit of the Province rests on the shoulders of the Government and not on those of Mr. Pugsley or Mr. Carvell, a fact to which gentleman failed to give prominence when he was dealing with the question at the numberless meetings he held this and last week.

The wholesale misrepresentation of the Hazen Government by Mr. Carvell has been answered by the people of York in a manner that would convince any person, possessed of even a small degree of intelligence, that they had measured Mr. Carvell up for what he really is, a mere political schemer of remarkably small calibre.

Some days ago The Standard said that the policy of the opponents of the Hazen Government regarding the Valley Railway was based on the theory that the people were fools, but that the advocates of that policy would discover that they were the fools. For two years Mr. Carvell has been deceiving the people as to the real attitude of the Government at Ottawa towards the Valley Railway. Had Sir Wilfrid Laurier and Mr. Pugsley really desired to secure the construction of this railway, they would not have waited until there was an election in York before introducing legislation at

Ottawa to assist the enterprise; nor would they have proposed a standard of construction for the railway that will necessitate a larger guarantee than \$25,000 a mile to secure its construction.

Without offering larger Federal assistance than provided under the Subsidy Act, the course pursued by the Ottawa Government was merely an attempt to deceive the people and secure a delay that would make the railway a useful factor in the next general election. By interjecting himself into the York campaign Mr. Carvell has ruined any chance of deriving political benefit in the future from the attitude of the Government at Ottawa towards the Valley Railway. The people have divined the hollowness of his and his party's pretensions. They can be no longer misled by words—there must be performances much different from those of the past, to even restore in part the prestige of Mr. Carvell.

In York Mr. Carvell was guilty of a gigantic political blunder. Why he went no one knows. If he was sent by Mr. Pugsley it was to give a death blow to Mr. Carvell's political ambitions, which have lately been the cause of some talk in political circles at St. John and Ottawa. If Mr. Carvell was induced to go to York for the purpose of destroying his influence the plan has certainly succeeded. If his own bumpishness is responsible, and Mr. Carvell's bump of self esteem is well developed, then it would be well for the M. P. for Carleton to reduce his estimate of his own influence. In any event he will have ample time for reflection. He has been cast aside by the people as an unworthy of belief, left desperately wounded and bleeding by the roadside, while Mr. Pugsley is comfortably housed at Ottawa without any marks of battle on his sturdy frame.

As before remarked Mr. Carvell will return to Ottawa a sadder and a wiser man. The meeting between Pugsley and Carvell will be worth witnessing. The latter can console with the minister on the present situation in St. John as the result of the last primaries, and the former can congratulate Mr. Carvell that he escaped from York with a whole skin. The political situation in New Brunswick does not seem to be working out quite as Mr. Pugsley and Mr. Carvell expected. They will have to revise their plans.

THE PILGRIMAGE TO FREDERICTON.

When the Common Council passed a resolution asking for the appointment of a Royal Commission, to draw up a charter to govern the city by a Commission in the event of the plan carrying, it was done with the clear and obvious intention of leaving the matter in the hands of an impartial tribunal composed of the citizens themselves. It was a logical course to adopt in view of the self evident fact that the advocates of Commission were making a very sorry showing at drawing up a charter for themselves. Information as to the details of their scheme there was none. There is none to this day.

The Council had previously by a vote of nearly three to one expressed their opposition to the Commission Plan, and their interest in the scheme was purely negative. On one point the representatives of the people were emphatic—if the Commission idea carried at the plebiscite neither they nor their successors in the next council should have anything to do with it; the one of drawing up the complicated details must rest on other shoulders—a Royal Commission, in default of any other independent body, to safeguard the interests of all sections of the community.

The idea of a Royal Commission was not pleasing to the Executive of the Citizens' Committee. They had no desire to have an impartial tribunal, its members chosen from the citizens, to draw up their charter. Having failed themselves to accomplish anything in this direction they showed a vehement desire to lay the burden on the Common Council—a body elected under a system they were carrying on an active campaign to abolish. In other words, it was a most fitting thing in the eyes of these gentlemen that the Common Council should spend much time and thought in signing their own death warrant. An agitation was therefore started, an indignation meeting organized and held and a resolution to coerce the Common Council into doing the bidding of the citizens' executive was almost unanimously adopted. A motion was passed that if "a new charter is required it will be the right and duty of the aldermen then elected to prepare such a charter and submit it to the Legislature for final approval."

To give weight to this resolution, a delegation went to Fredericton, speeches were made, and several conferences were held. The upshot was somewhat different to that anticipated. The delegation returned with the burden of the Commission charter placed on the shoulders of the Executive of the Citizens' Committee. The Common Council were upheld in their determination to have nothing to do with the project. As far as the recommendation for the appointment of a Royal Commission is concerned it was a possible solution based on broad and independent lines. In suggesting that the Commission charter, if necessary arose, should be dealt with in this way the Common Council clearly did their duty. It is safe to say that when the Executive of the Citizens' Committee started out to compel the Council to tackle a problem beset with tremendous difficulties and which they themselves had failed to solve, they had little idea of being left in the end with the full responsibility.

Meanwhile recent events have again forcibly presented to the citizens the important question:—How will Commission be applied to the civic government of St. John? Will the commissioners devote all or part of their time to the work? What salaries will they be paid? How will the duties of the commissioners be divided up? How will the Municipal Council be controlled? These and many other complex questions suggest themselves and there is no answer. If any body of shareholders in a large and successful business corporation were to vote to abolish their directors, reduce their skilled heads of departments to mere machines and vest supreme control of their business in five men of whose names, capabilities, salaries and duties they were ignorant, simply on the assurance that they would get "business methods," they might with some justice be accused of taking a leap in the dark. That is exactly what the advocates of Commission are asking the citizens of St. John to do today.

THE PEOPLE WANT TO KNOW.

Under the somewhat pointed headline "They couldn't answer," the Globe gives the following brief, but illuminating, account of a Commission meeting in Dufferin ward:—"The public meeting held Tuesday evening in Socialists' Hall, Dufferin ward, in the interest of Commission, was a rather cold affair. Messrs. W. A. Steiper, George Chamberlain, David Magee, and W. H. Harrison were to be the speakers. They were not, however, well read up in their subject, and came to grief when a few questions were asked.

"George Kierstead wanted to know about Galveston, and whether it was true that the United States Federal government advanced six million dollars to Galveston and also appointed the commission to take charge of the city government after the flood disaster. None of the speakers knew anything about it. Neither Mr. Chamberlain nor the chairman could explain commission. When it was asked that those who favored Commission remain, only five out of about forty remained to organize the ward."

As the President of the Board of Trade remarked in Victoria ward the same evening, "It is hard to arouse interest in this movement!"

TWO WONDERFUL CURES

Zam-Buk Heals Terrible Injuries

Just think of a little fellow two years burned so badly that the flesh peeled off. That was the case of the two-year-old son of Mrs. A. Peters, of Wilton, Ont. The little one's arm, from his hand to his shoulder, was terribly burned, and the tendons and muscles of the arm badly injured. He received medical treatment, but the shocking burn did not get better—the flesh would not heal under ordinary treatment. For long it was hoped the arm would get better, but hope seemed in vain. The family then turned to Zam-Buk and note the effect. Mrs. Peters says: "A few applications gave him ease, and the sores then began to heal. In a few weeks they were completely healed. Not only so, but Zam-Buk had such a beneficial effect on the injured tendons and muscles, that these too, recovered their usual functions, although they had previously become shrivelled and almost useless.

This is not the only proof of Zam-Buk's wonderful value we have had in our family. My father, who is 76 years old, has found Zam-Buk highly beneficial for eczema. He has been troubled with this disease for twenty years, being unable to get more than temporary relief from doctors' prescriptions, but after persevering with Zam-Buk the sores are entirely healed."

Zam-Buk cures eczema, ulcers, blood-poison, abscesses, skin eruptions, scalp sores, chapped faces, ear sores, piles, cuts, burns, bruises and all skin injuries and diseases. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, for price. Refuse harmful imitations and substitutes. Try Zam-Buk Soap too, only 25c. tablet at all druggists.

THE TREASURY BOARD IN MONTHLY SESSION

Several Important Matters Discussed Last Evening—Award Filed in Hatheway Arbitration—City Printing.

At the meeting of the treasury board last evening a committee was appointed to report on the advisability of complying with a request of the trades and labor council to require the union label on all city printing.

An offer from the Bank of New Brunswick to advance the city money at 4% per cent. and pay 3 1/2 per cent. on deposits, was recommended for acceptance. An award of \$275 to W. F. Hatheway on account of improvements to leasehold property on the West Side was ordered paid.

Ald. Hayes presided and were present Ald. Potts, Likely, Sprout, Willet, McGoldrick and Vanwart with the common clerk, the chamberlain, the recorder and the city engineer. A communication was received from the trades and labor council asking that a resolution be adopted requiring the union label on all city printing. The letter pointed out that the union label was a guarantee that the work was done by competent workmen receiving fair wages.

Ald. Potts moved that the board recommend the council to comply with the requests of the labor body. He said the recorder had frequently complained that the city printing was so badly done as to be unreadable, by requiring the union label on the city printing they would be assured of good printing.

The chairman and other members of the board expressed the fear that the adoption of the union label would restrict the number of possible tenderers for the city printing, and thought they should have more information before taking action. Ald. Willet moved that the matter be referred to a small committee. This was adopted and Ald. Willet, Ald. Potts and the chamberlain were appointed the committee.

A letter was received from the Bank of New Brunswick offering to advance the city \$300,000 in anticipation of receipt of taxes, at the rate of 4 1/2 per cent. per annum, and allow 1 1/2 per cent. on deposits. The offer, which was accepted, caused expressions of satisfaction from the board. Wm. B. Wallace, W. D. Baskin and S. K. Wilson submitted their award on the question at issue between the city and W. F. Hatheway in regard to leaseholds on the West Side.

They awarded Mr. Hatheway \$275 for improvements on the properties when he surrendered the leases. A letter was read from Mr. Hatheway saying he was willing to accept the award. A motion to pay the award was adopted.

A communication from the Standard of Empire, asking for a city advertisement was filed.

A letter was read from W. D. Lightfoot, calling attention to the convention of civic authorities in England this summer and advising the sending of delegates. This was filed.

A communication was received from the recorder in reference to A. E. Hamilton's request for exemption from taxation in 1911, stating that the present council could not grant such an exemption, as its action would not be binding on the incoming council. In order to grant exemptions in the future it would be necessary to secure special statutory powers.

The chairman remarked that they had granted Mr. Hamilton exemption for 1910 and it would be time enough to deal with his request when his taxes for 1911 fell due. The board then adjourned.

NOTE—The latest monthly Returns received from Dawson, Yukon, and Fort George, B.C., are those of the 26th November, 1910, and the figures of those Returns are introduced into this Account. The balance of the transactions for December with those branches has been carried to a suspense Account, pending the receipt of the December accounts.

We have examined the above Balance Sheet with the Books in London, and the Certified Returns from the Branches, and find it to present a true statement of the Bank's affairs as shown by the books and returns.

G. SNEATH, Price Waterhouse & Co., Auditors. N. E. WATERHOUSE, Chartered Accountants.

The Bank of British North America ESTABLISHED IN 1836 Incorporated by Royal Charter in 1840

SEVENTY-FIFTH ANNUAL REPORT AND BALANCE SHEET Report of the Directors of the Bank of British North America, Presented to the Proprietors at their Seventy-Fifth Yearly General Meeting, on Tuesday, March 7th, 1911.

The Court of Directors submits the accompanying Balance Sheet to the Proprietors. It will be seen that the profits for the year, including \$99,986.73 brought forward from last account, amount to \$654,928.35, which the directors propose to distribute as follows:

In the payment of a dividend of 20s per share \$146,000.00 In the payment of a Bonus of 10s per share 48,666.66 Both payable, free of Income Tax, on the 17th April next.

The above Dividend and Bonus will make a distribution of 7 per cent. for the year. The Dividend Warrants will be remitted to the Proprietors on the 6th April next.

Since the last Report, dated 30th June, 1910, Branches have been opened at Ceylon and Lampan, in Siam; and Sub-Branches at Royce avenue, West Toronto; Haymarket Square, St. John; and Upper Lansdale avenue, North Vancouver.

The following appropriations from the Profit and Loss Account have been made for the benefit of the Staff, viz.: To the Officers' Widows' and Orphans' Fund \$6,353.56 To the Officers' Pension Fund 20,769.23 To the Officers' Life Insurance Fund 3,823.24

London, 24th February, 1911. The Secretary (Mr. A. G. Wallis), having read the notice convening the meeting.

The Chairman (Mr. J. H. Mayo Campbell, of Toronto) said: The report and the balance-sheet as at December 31, 1910, being in your hands some days ago, I think we need not read them through at length, and that it will save repetition if we take up the matters dealt with in the report, as we meet them in going through the balance-sheet.

Turning then to it, and comparing it with that of the previous year, the \$12,666.66 that we propose in the report to transfer to reserve fund brings that account up to \$2,852,333.33, 14 1/2 per cent, upon the capital in the last fourteen years we have added \$1,214,000.00 to reserve, entirely out of the bank's profits, and we think it very important to continue strengthening it.

As regards the current accounts we have increased \$1,610,159.93, and our notes in circulation \$276,422.06. Bills payable and other liabilities, etc., are \$24,256.13 less than a year ago; rebate account is somewhat larger. The next item, liability on endorsements, was an increase of \$54,941.62.

As to the staff, these transfers are for the purpose of keeping the premises account within smaller figures. Then we propose, subject to your sanction, to make the usual contributions out of profits to the officers' funds. And we have great pleasure, too, in recommending for your approval the proposed 5 per cent. transfer to the staff.

As to the staff, these transfers are for the purpose of keeping the premises account within smaller figures. Then we propose, subject to your sanction, to make the usual contributions out of profits to the officers' funds. And we have great pleasure, too, in recommending for your approval the proposed 5 per cent. transfer to the staff.

upon, and reduced during the twelve months by \$220,226.44. Then there has been an increase of \$3,094,218.93 in the Bills Receivable, based on Security and other accounts. The increase in bank premises account, \$182,947.72, have already touched upon; and the same system of dealing with the government against the general bank note circulation is consequent upon our increase of notes in circulation.

When I have drawn your attention, I think you will consider the year's results satisfactory, in comparison with the past. In only two years, 1906 and 1907, have we had better profits; for, although we had a larger sum to deal with last year, \$97,333.33 of it, you may remember, were not profits, but an amount due to an accidental windfall. So far as profits measure our progress, it is interesting to compare the recent growth of average profits over five-yearly periods. The figures are as follows:

Average Annual Profit. 1905-1909 \$292,788.66 1900-1904 417,102.52 1905-1909 518,088.00 Profits for 1910 554,941.62

The profits of 1910, \$554,941.62, are \$58,653.22 better than the latest average of those five-yearly periods. (Applause.) Money was plentiful and cheap throughout the year, and our business in the bank's work only averaged 5.29 per cent, and in London 2.27 per cent.

The Chairman went on to review the various industries of the country, which I have drawn your attention to, and that while 1910 had not been such a good year for the farmer as 1909, it had turned out, on the whole, better than had been expected of it in the summer, and that the disappointing results had been practically confined to the Prairie Provinces. The amendments to other parts of the country having as a rule done well.

Other lines of business, manufacturers, merchants and carriers, had prospered and upon the whole had a prosperous year with largely increased turnovers and fair profits; Ontario, British Columbia and the Prairie Provinces, showed most largely in the prosperity.

Referring to the impending revision of the Bank Act the chairman said: A bill for the revision of the Canadian Bank Act, and for the extension for a period of ten years of the existing banking institutions, is now engaging the attention of the House at Ottawa. The amendments to the expiring Act proposed by the Finance Minister appear well conceived to give greater stability to the banking system of the country and better protection to the creditors and shareholders.

Reference was also made to the extended tour of Canada made last summer by Mr. E. A. Hoare, one of the directors of the bank, who had gained much useful and recent information of the existing conditions and prospects of the country, for which valuable services the Court of Directors felt greatly indebted to him.

Speaking of the staff, whose loyalty and faithful service had been recognized by a bonus of 5 per cent, on salaries, the chairman said: I would like to say a word of personal appreciation with regard to the staff. They are efficient, they are loyal, and they are hard-working. A great part of their work—and their most effective work—is done out of office hours; and I think, gentlemen, that we on this side of the table, and I have no doubt the vast majority of the proprietors, welcome those good returns that we are able by their work to make, as giving us some untold opportunity of acknowledging in a suitable and substantial manner the good work that they have done for us. (Hear, hear.)

The three directors who retired by rotation, viz. Mr. E. A. Hoare, Mr. W. Tompkinson and Mr. J. H. Mayo Campbell, were unanimously re-elected, and Messrs. Geo. Sneath and N. E. Waterhouse of Messrs. Price Waterhouse and Co., were re-elected as auditors. The proceedings then terminated.

ASSETS. By Cash and Specie at Bankers and in Hand \$5,812,957.87 By Cash at Call and Short Notice 9,084,841.60 \$14,897,799.47

By Investments—Exchequer Bonds \$115,000, 1912 at par \$559,666.67 4 1/2 per cent, 1915 at cost 944,794.10 1,044,460.77

Dominion of Canada 3 1/2 p. c. Bonds £173,000 at par \$41,933.33 Other Investments 2,506,527.00

By Bills Receivable, Loans on Security and other accounts 24,973,213.59 By Bank Premises, etc. in London, and at the Branches 1,100,184.60

By Deposit with Dominion Government required by Act of Parliament for Security of General Bank Note Circulation 187,657.27

NOTE—The latest monthly Returns received from Dawson, Yukon, and Fort George, B.C., are those of the 26th November, 1910, and the figures of those Returns are introduced into this Account. The balance of the transactions for December with those branches has been carried to a suspense Account, pending the receipt of the December accounts.

We have examined the above Balance Sheet with the Books in London, and the Certified Returns from the Branches, and find it to present a true statement of the Bank's affairs as shown by the books and returns.

G. SNEATH, Price Waterhouse & Co., Auditors. N. E. WATERHOUSE, Chartered Accountants.

Requiem Mass. In the cathedral yesterday morning at ten o'clock, Pontiff's High Mass of Requiem was sung for the late Bishop Sweeney, who died in his parish, St. John's, on the 26th of last month. His Lordship Bishop Casey pontificated, and Rev. Wm. Duke was high priest; Rev. A. W. Meahan, deacon; Rev. D. S. O'Keefe, sub-deacon; and Rev. M. O'Brien, master of ceremonies.

Gurney Division Elects Officers. At the regular meeting of Gurney Division No. 7, S. of E., held last evening, the following officers were elected: S. Y. P. W. This division meets every Thursday evening in Jack building on Union street.

Funerals. Mrs. Margaret Ward. The funeral of Mrs. Margaret Ward, widow of Charles J. Ward, took place Thursday afternoon, from her late residence, 341 Marsh road. The funeral services were performed by Rev. Gordon Dickie, and the remains were interred in Fernhill.

THE STANDARD'S PAGE OF SPORTS

SOME DOPE ON THE BIG SCRAPPERS

(By Bill Curtis.)

As a rock tossed into a placid pond sends ever increasing circles, telling of the splash, to the uttermost shores, so the announcement that Al Kaufman has signed a two years' contract with Barney Goary was dashed into the quick waters of heavyweight pugilism and the word went spreading to the outmost circles of fight fandom. Only it wasn't such a great splash after all.

There has been so much of this signing contracts calling for enormous sums of money by pugilists with the athletic men that they fall to arouse the interest they once felt in the sport. Kaufman has leased for 24 months next ensuing for the sum of \$50,000.

Money is a loud talker, especially when it is of the stage variety. We do not wish to indicate any doubt concerning the sum that Kaufman is to receive, but we merely wish to make it emphatic that if he is to receive a two years' contract we are greatly surprised. That's all.

How can Al be supposed to earn this money? The way is clear enough. Not by fighting but by being transported about the country in company with a truckload of theatrical trunks and a burlesque show, being widely advertised as the greatest "white hopes" and the man who will fight Jack Johnson and wrest from the colored race the title.

The time has passed apparently, when a heavyweight fighter gets into the ring and fights his way to the top. Nowadays he proceeds in his attempt to get a match with the champion much as a corporation goes to work to put a bill through the state legislature—only he has to do more lobbying.

Kaufman is the best white heavyweight right now. It is true, but in a year from now this may not necessarily be the case. There are several bunches of rough heavyweights who are working their way towards recognition, who give promise of developing into something worth while if they stick the fighting game and don't go money mad and want to start upon a theatrical career.

If Kaufman were to fight Johnson at once we should be ready to cheer him, but when his plans seem to contemplate a complete retirement from the ring in favor of the show business we fail to see where any applause is due. He might much better go after these minor heavyweights and clean them up as preliminary steps to a match with Johnson. It is difficult to see how the stage is going to help him any.

There is just one thing that will drive Johnson back into the ring in a hurry, in my opinion—that is the loss of his money. This seems unlikely to happen for Johnson is a capable hand at business, and should be separated in some way from the big chunk of kale which he has salted away. He would be ready to take on any kind of a match with anybody under any kind of conditions that were anywhere near reasonable, I believe.

WILL LEAD AMERICAN LEAGUE BATTERS, SAYS JOE JACKSON

JOE JACKSON

Should Edward Payson Weston accept the bet which William Gentleman has issued, there will be seen the extraordinary event of a walking match between two septuagenarians. Weston recently celebrated his seventy-third birthday, while Gentleman admitted seventy-one years on the twenty-seventh day of last December. William Gentleman, whose present home is in Montreal, where he has been, and yet is a notable figure, during a career of years, has performed some remarkable feats both at heel-and-toe and go-as-you-please styles of walking, winning the championship of England by covering 526 miles in six days at the Agricultural Hall, Islington, between October 28 and November 2, 1878.

In that event Weston, a competitor in a field of twenty-six, finished nowhere. The second man, "Blower" Brown, was twenty-two miles behind Gentleman, and the third man, "Charley" Howe, was sixty miles behind the winner.

On one other occasion did Gentleman and Weston meet and that was some months after the former had won his championship medal and belt. It was again in a six days go-as-you-please event, which took place in the same hall, but this time Brown won the event, although to this day Gentleman solemnly asserts that he was "huddled" out of the race. George Hazel was second, Gentleman came third, while Weston was a poor fourth.

In the first race when Weston was out of it after covering 300 miles, he turned to and helped Gentleman and the latter today gratefully remembers the American walker for that kind deed.

"I would like to walk Weston any time from an hour to twenty-four," said Gentleman today, "but I don't want to walk on a road. I want to walk on a track, where people can see what you are doing."

Gentleman is today a well known figure as he swings along Montreal's streets. Street cars have no attraction for the diminutive Englishman. He wants to use his limbs and he does. He is employed at McGill University as a rubber and an athletic attendant and none of the younger men can give a better massage than this sturdy man who has passed the three score and ten of the Psalmist. He jogs about seventy miles each week just to keep himself in trim and he thinks he can reel off seven and a half miles an hour as a test.

"Gentleman is about five foot nothing in height, but his spindly legs will beat off many a younger and bigger man."

IS ANXIOUS FOR A RACE WITH WESTON

The Blacks Alleys team, with the small majority of one pin, defeated the St. Croix team of Calais, Me., last night in the Balke Callender championship and once more the big silver pin remains in John's hands.

Never in bowling history was there such an exciting finish of a tournament.

When the regular number of games had finished at eleven o'clock last night, Blacks and the St. Croix were tie, having each won five and lost one. The St. Croix men were to play when these teams played off for the championship. There was a large crowd of spectators present and good plays were cheered to the echo. At the finish of the first string, Blacks had a lead of 46 pins. When the second string was finished the St. Croix teams had 51 pins of a lead on the string, and five pins lead on the two strings. The excitement was intense as the pins were bowled down. At one o'clock the Blacks were ahead and then St. Croix would lead. Searing the finish McKean for St. John, and Moore for Calais, each made a spare.

The Calais man made 18 on his spare while McKean made 19 and the one extra pin was a winner. When the last ball had been rolled it was thought the teams were again tie, but an error in the totaling of the last string showed that Blacks should have an extra score and the game finished Blacks 1313; St. Croix 1312.

The St. Croix men are excellent bowlers and worked game to capture the championship.

The deciding game for the championship shows the following individual scores:

Blacks.	
Olive	77 78 81 236-78 2-3
Lunney	88 85 92 266-88 2-3
Black	77 86 109 272-80 2-3
Wilson	87 83 86 266-88 2-3
McKean	98 79 96 273-91
437 411 465 1313	
St. Croix.	
Murchie	89 88 95 272-90 2-3
Trimble	81 97 103 281-83 2-3
Bates	70 81 90 241-80 1-3
Rutherford	73 81 74 228-76
Moore	78 115 97 290-96 2-3
391 462 459 1312	
Chatham.	
E. Bernard	102 74 100 276-92
MacEachern	97 97 97 291-97
Snowball	86 95 93 274-91 1-3
Mann	86 95 84 265-88 1-3
G. Bernard	69 88 87 244-81 1-3
440 449 461 1350	

VERY EXCITING FINISH TO THE BOWLING TOURNAMENT; BLACK'S WON OUT BY 1 PIN

The following is the standing of the teams in the tournament:

Won Lost	
Blacks	5 2
St. Croix	5 2
Y. M. C. A.	3 3
Marathons	3 3
Chatham	3 3
Woodstock	1 5
Browns	0 6

H. C. Olive, of the Blacks team, won the prize for having the highest average in the tournament, and Carson, of the Browns, won the prize for having the highest single string, making 121.

The Trophy History.

It was on Jan. 21st and 22nd, 1908 that the Blacks' game was played. They were contested on Black's alleys, and St. Croix won the silver pin.

The second tournament was at Calais Mar. 24th and 25th, 1908, when Blacks team won.

On Nov. 12th and 13th, 1909, Blacks alleys, Blacks were again victorious.

April 28th, 1909, Blacks again won. On Nov. 17th and 19th, 1910, on the Victoria alleys, the Victorias won.

Oct. 18th, 1910, on Victoria alleys, Blacks won.

Mar. 28th, 29th and 30th, 1911, Blacks again captured the championship.

CHANGES IN WOODSTOCK RACE TRACK

A syndicate is being formed at Woodstock to take over and conduct the race track at that place and put on race meetings this season in conjunction with the Maritime circuit.

James W. Gallagher and some others are interested in the scheme and at Woodstock this week some of those interested said that they expected their plans would work out successfully.

On the other hand it is said that C. W. Dugan is interested in getting a lease of the track and conducting it this summer as a private enterprise.

The lease which Gallagher Bros. had of the track expired last year and it is definitely stated that that enterprising firm who conducted so successful racing at Woodstock for so many years will not get back in the game at the present time at least.

BIG HOCKEY SCHEME FOR THE PACIFIC

Montreal, Mar. 29.—Mr. Lester Patrick, the great hockey player, who has hosts of friends in Montreal, is here on a visit which is part of his honeymoon trip.

He just returned from Boston on his way back to British Columbia and what time he can spare. From showing Mrs. Patrick to him familiar sights of Montreal is given to discussing hockey with his friends.

Creates Hockey League.

He unveiled to them the scheme of his new project for the Pacific Coast Hockey League, which he is creating. There are to be rinks in Victoria, Calgary, Vancouver and Edmonton, and these are to cost a hundred and ninety thousand dollars each, and two will be provided with artificial plants which will cost thirty thousand each.

The Managers.

The two Patricks, Frank and Lester will manage and play with two teams and they are looking for Perry LeSueur and Newey Lalonde to fill similar positions in the other rinks.

In discussing the matter with the Star, Mr. Patrick said: "The thing is not a certainty, but we have the capital, and the land, and the people especially in Vancouver are crazy about it."

To Investigate First.

"We decided, however, that it would be better to spend a few hundred dollars investigating details of costs from which we can figure out the probable chances of profit before committing ourselves too deeply. At I am now expecting letters from British Columbia in response to the result of the enquiries which I have made during my extensive trip."

JOHNNY KLING TALKS

Although John Kling, the Cub's famous catcher, did not play up to his best form in the world's series last fall, he still receives credit for knowing all of the fine points behind the bat. Kling was asked the other day to give a talk on the scientific methods employed in baseball, and this is what he said:

"When I was pitcher in semi-professional teams around Kansas City I lost many games by trying to do too much, by throwing too often and by wearing myself out by wasted efforts. I was a failure as a ball player in several towns before experience taught me that one play at the right instant is worth 10 at any other time. It was the old stitch-in-time-to-save-nine idea, but it did more for me than anything else to win games and to bring me up in the profession.

"When I began catching one of the first things I learned was that the catcher can break up a team quicker than anyone else can. He need not even make an error to do it. One of the easiest ways to lose a game is for the catcher to throw too much. He may throw perfectly, and yet be keeping the infield moving in and out of position, expecting his throws and standing him instead of watching the batter, he may cause the game to be lost.

"My idea has been to make plays when they count and not to use too many signals. The infielders have a lot to watch, and if the catcher keeps them watching him all the time he takes their minds off their other duties and causes them to make blunders.

"First and foremost in importance in winning is that the catcher never shall make or attempt to make any play, especially a throw, unless absolutely certain that the other men in the play have caught the signal, understand what is to be attempted and are prepared to make the play with him.

"There comes a time in almost every ball game when the opposing team has a good chance to win by scoring a lot of runs in a bunch. The inning in which that happens is the one in which the catcher ought to pull off his play. In such a situation when a team is having a batting rally it is twice as easy for a catcher to catch men off bases by fast throws as it is at any other stage of the contest.

"The team that is rallying and sees victory almost in hand always is excited, and the base runners take more liberties, longer leads and lose their heads quicker than at any other time. Excitement robs them of their natural caution and the catcher who keeps cool and keeps thinking can catch runners off their bases frequently, and perhaps break up a winning rally and save the game.

"The Cubs have done that many times, and it helped them win pin games. I am not claiming I won those games. Confidence in each other is one of the big elements in winning."

JOHN KLING

RED CROSS GIN

MADE IN CANADA

Will sustain your strength and help you to enjoy a ripe old age free from infirmities.

It is a delicious liquor, Made in Canada, from the best Canadian Grain.

The thorough and scientific manner in which the juniper berries are incorporated in this gin adds greatly to its standard medicinal value.

Manufactured and fully matured under Government Control.

Not a Bottle sold without Government Stamp.

THE WEATHER.

MARITIME: — Southwesterly and westerly winds; fair.

Toronto, Ont., March 30.—Snow has fallen in Ontario and Quebec and rain in the Maritime Provinces owing to the northward movement of a disturbance from the middle Atlantic states.

Table with columns: Location, Min., Max. Includes Dawson, Atlin, Victoria, Vancouver, Kamloops, Prince Albert, Calgary, Moosejaw, Qu'Appelle, Winnipeg, Fort Arthur, Parry Sound, London, Toronto, Ottawa, Montreal, Quebec, St. John, Halifax, Lower St. Lawrence and Gulf.

AROUND THE CITY

Civic Meetings Today. The market committee meets at 2 o'clock this afternoon; the ferry committee at 3, and the board of works at 3.30.

The Teamsters' Union. The St. John Teamsters' Union will probably affiliate with the International organization, which has a membership of about 150,000 men in Canada and the United States.

Domestics For The West. A party of domestics who are being brought out by the Salvation Army will arrive on the Empress today. They will be sent to Montreal and western points.

En Route To Scotland. Lieut. Boase, of the Admiralty, arrived in the city yesterday and left on the Halifax express last night for St. John's, Newfoundland. He will then proceed to Scotland.

Police Reports. The police report yesterday as finding a string of prayer beads on Sydney street, a shawl on Charlotte street, and a lady's belt on King street. These articles await the owners at the central station.

Will Be No Inquest. Coroner Berryman has decided that an inquest is unnecessary in the case of Russell Rutherford, the C. P. R. brakeman, who was injured at Fredericton Junction about a week ago, and died at the General Public Hospital on Wednesday.

Rev. W. W. Brewer's Lecture. There was a large attendance in the school room of Esmond street church last night when the pastor, Rev. W. W. Brewer, delivered a lecture. The subject was "The Sunny Side of Life," and was a most enjoyable one.

Adjusted Fire Loss. Edgar H. Fairweather arrived in the city on the Boston express last night from Peel where he had been adjusting the loss on Bedford Row's dwelling which was destroyed by fire on Saturday night last. There was \$1,000 insurance and the loss was adjusted as total.

A Novelty Shower. Monday evening Miss Etta Mabee was given a novelty shower at her home, Leinster street. Household articles, numerous and various, were presented to Miss Mabee who afterwards entertained her friends with music and games. A very pleasant evening was spent, supper being served at midnight.

Taken Back to Montreal. A police officer arrived in the city at noon yesterday from Montreal and returned on the Pacific express last night, having in custody Charles Mortimer, who was arrested here Wednesday afternoon on the charge of stealing a gramophone in Montreal. It is said that other charges of theft may be made against the prisoner.

Annual Conversation. The Natural History Society held the annual conversation in the society's rooms last evening. There was a large gathering of members and their friends, and an enjoyable social evening was spent; many of those present availing themselves of the opportunity to visit the various apartments and examine the varied collection of curios.

Building Trades Council. At the meeting of the Building Trades Council in the Opera House this evening the question of getting the Sheet Metal Workers' and Painters' unions to affiliate with their respective Internationals will be debated, and it is expected the discussion will prove interesting. All the delegates should be present. A general officer of the International carpenters' union is expected here next week to look over the situation in regard to the \$3 a day campaign.

Hod Carriers Meet. An open meeting of the Hod Carriers' and Building Laborers' union was held last evening. President J. Donovan occupied the chair and there was a large attendance. A Dever, organizer of the Trades and Labor Council, was present and delivered a short address. The union already embraces a majority of the men eligible, and looks forward to a prosperous summer. It has secured a charter from the International organization, and in event of moving for higher wages will have plenty of support.

A Presentation. As a token of the esteem in which they regard him, and to express their regret for his departure from their midst the business associates, in the employ of John O'Bryan, presented Harry B. Tippett yesterday with a handsome travelling bag and address. Mr. Tippett has been with the firm for a long time and was a general favorite. He has accepted a position as travelling salesman with James Ready, and his host of friends wish him success in his new field of labor. The presentation was made by J. J. Bradley. Mr. Tippett in a neat reply assured the donors of his appreciation and regret in leaving them.

BUSINESS MEN TO TAKE TO FARMING

P. W. Thomson, J. H. Doody and F. P. Clements to Establish 120 Acre Potato Farm Near Marysville.

An interesting experiment will be inaugurated this summer by three well known business men of St. John, and it is not improbable that the good people living near Marysville, will be able before long to view the spectacle of Percy Thomson, J. H. Doody, and F. P. Clements following the example of the noble Roman who was called from the plough to guide the destinies of Rome. They have bought about 120 acres of land near Marysville and intend to try their hand at farming. They will adopt the most approved methods, employ machinery wherever possible, and hope to make a success of their venture, and do this by business men resident in a city as a commercial enterprise.

None of the gentlemen interested would say much about their programme or the reasons that induced them to undertake such an enterprise, but it is understood to be the result of a discussion with some of their friends as to the farming possibilities of the province. All have great faith in the future of the province, and they are determined to tackle the farming proposition and find out for themselves whether by creating a model farm and employing up to date business methods in the disposal of the products, farming could not be made a very profitable business. If they made a success of the enterprise, they will buy more land and increase the extent of their operations.

It is understood that for the first year or so they will devote their main attention to the possibilities of raising potatoes. Undoubtedly their experiment will be watched with interest and if it succeeds as well as the promoters believe it will, it should start a movement back to the land which would redound greatly to the advantage of the province.

It can hardly be said that Dr. Landry has failed to stir up interest in matters agricultural when a group of successful business men start an experiment of this character—one which may check the tendency of our L. bins to flee to the unhealthy activities of the city and make our own villages resemble the village in Haydn's canon.

WILLIAM F. HIGGINS DINED BY HIS FRIENDS

Farewell Banquet in White's, Last Evening, to Popular Young Man who will Leave for St. Stephen Today.

About 70 friends of William F. Higgins assembled in White's restaurant last night and tendered him a farewell banquet. A sumptuous repast was served and after the delicacies had been disposed of, the remainder of the evening was devoted to speeches, solos and readings. An elaborate programme of toasts was carried out and elicited some eloquent remarks.

John A. Barry acted as chairman and toastmaster during the evening. The first toast given was to the King. The toast to the City of St. John, was responded to by M. E. Agar and James Connolly. A. E. Gilmour and A. Chaisson answered to the toast to the Profession of Tailoring. The Press was represented by L. A. Conlon and J. B. Dever, while M. T. Colahan spoke for the Ladies.

The musical and literary portion of the programme consisted of solos by M. Morris, D. Higgins, F. Hazel and readings by L. Conlon, J. R. McCloskey, J. B. Dever and Steve Hurley. During the evening the chairman, J. A. Barry on behalf of the gathering, presented Mr. Higgins with a travelling bag and address. Mr. Higgins in a fitting reply thanked them for their token of esteem and referred to the many pleasant years he had spent with them.

Mr. Higgins will leave for St. Stephen tomorrow, where he will take up his residence. His departure from St. John will be regretted. He has been very popular among his business associates and has always taken an active interest in the Catholic societies of this city. For many years he has been prominently connected with the Y. M. A. of St. Joseph and the F. M. A. and by his departure both societies will lose a valuable member.

OBITUARY

William G. Slocum. William G. Slocum, a prominent resident of Waterborough, Queens Co., passed away at that place early yesterday morning. The deceased had lived all his life in Waterborough, and was highly esteemed in the neighborhood. He was in his seventy-sixth year and though he had been confined to his bed for over a year, death came unexpectedly. Besides his widow he is survived by two brothers, Daniel at home and Charles of Hainesville. The sisters are Hannah of Waterborough and Mrs. Chas. Fanjoy. G. W. Slocum of the firm of Slocum & Ferris of this city is a nephew of the deceased.

Rebecca's Triumph. The success of Tuesday evening was repeated last night when the pupils of Miss Heffer again presented the three-act drama, Rebecca's Triumph, in the Carleton City Hall. As before, the minor details were carefully attended to, and the artistic arrangement spoke well for the executive abilities of Miss Heffer. The performance opened with an exhibition of Indian club swinging by Alexa Rogers, Miss Clara Leach, who had one of the quaintest parts in the play, made a decided hit. Miss Gladys Smith as the Vagrant handled a difficult role in a capable manner. Miss Laura Spence as Gyp the colored maid, provoked much laughter. Mahel Earle as Mrs. DeLain, Dora Corbett as Kate Connor and Moffet Burr as John Caxon were seen to advantage. The performance as a whole reflected great credit upon the teacher, Miss Heffer.

COUNTY SECRETARY HAS REMOVED 'PHONE

Refused Same Rate for Telephones as City Officials Enjoy, County Secretary Kelley Removes 'Phones.

Since his return from Fredericton, County Secretary Kelley has been living a quiet life, uninterrupted by the jangle of telephone bells. Mr. Kelley made a demand on the Telephone Company for the same rate for the city and city officials, but this the company refused to grant, and as he refused to pay the commercial rate on the phone for county use, it was taken out of his office.

"I'm not inconvenienced at all," said the county secretary yesterday, "though the contractors and people in the county are put to some trouble. I can transact all my business by telephone. So far as I am concerned I am ready to hold down the fort till the company gives the county the same rates it does to the city. If they had given me the \$20 rate, I would have paid extra for a private phone number for my own use. But I think I am entitled to the same rate for a private phone that the city officials get."

"We ought to have telephones in the county assessors' and county treasurer's office, and in other county offices, but probably they would be put in if we could get the city rate. As it is I have let them take the phones out of my office and residence and am living a quiet life."

WILL INCREASE RATES IN THE CITY MARKET

Rentals for Butcher Stalls will be Advanced 20 per cent—Will not Sell Toll Collections next Year.

A meeting of the Market Committee was held in the mayor's office yesterday afternoon when the members discussed with the recorder the nature of the changes to be made in the by-laws in order to enable the committee to carry out the policy it has determined on in connection with the future management of the market. The committee have decided to take charge of the collection of the tolls next year instead of leasing them to a private party, and the recorder will draft changes in the by-laws giving the committee the necessary power to arrange for the collection of the tolls. After discussing various matters, the committee paid a visit to the market and took up with the clerk the question of fixing an upset price for the stalls which will be sold at public auction.

It is understood the upset prices will be graduated in accordance with the location and desirability of the stalls. The butcher stalls will be leased in the usual way, though the rentals will be advanced 20 per cent on the rentals last year. The committee will hold a meeting this afternoon to consider the plans submitted by architects for alterations in the market building with a view to enabling the city to derive larger revenues from it.

CALVIN CHURCH SALE AND TEA

The Easter sale and tea held yesterday in the school room of Calvin church was a pronounced success. The school room was tastefully decorated for the occasion and the tables and booths presented an attractive appearance.

The sale began at 3 p. m., and tea was served from 6 o'clock till 8. The following committees had charge: Tea in the usual way, though the rentals will be advanced 20 per cent on the rentals last year. The committee will hold a meeting this afternoon to consider the plans submitted by architects for alterations in the market building with a view to enabling the city to derive larger revenues from it.

Many Applicants at S. A. Shelter. Adjutant Carter, who is in charge of the Salvation Army shelter, reports that more men have been given accommodation this winter than ever before. At the beginning of the winter there were not very many men seeking shelter, but since the New Year work has been slack, and a large number of unfortunates have patronized the wood yard.

Drill Season Starts Tonight. Tonight in the drill shed, the 62nd Regiment will commence this season's drill. It is expected that the men will turn out strong and will be in excellent shape for the trip to Boston in June next.

WATERBURY & RISING, King Street, Mill Street, Union Street. Three Stores.

Does It Pay?

Is it worth while to suffer from eyecache, headache, or poor vision when you can obtain relief so easily and at such small cost? Even if you paid the highest price for glasses which overcame these troubles, would get the saving in time, the improvement in the quality of your work, and the comfort and pleasure with which you would do it, soon pay the cost? It does not pay to do without glasses when Nature warns you so persistently of the need. It costs in nervous energy, and in actual money loss through unsatisfactory work, much more than the saving you think you make. And even then it is not saving, but only putting off for a little while the inevitable, with the probability that the longer the delay the harder it will be to get satisfactory glasses. Think about it.
