MANUFACTURER OF THE

Champion Rotary Harrow !

That will do three times the work of any other Harrow, on hard land or sod, will harrow the land crosswise or lengthwise at the same time, level rough or knolly land, spread manure, dig potatoes, exterminate quick grass, mustard, thistles and other noxious weeds, pulverise the surface, and free itself from stumps and stones without assistance, will not clog up, turn over sods, upset itself in turning around, nor bed in light soil. The teeth will wear sharp, as all sides are presented to the ground in working.

THE FAVORITE WASHER.

Place one of these Machines in your kitchen, and the terrors of washing day will be forgotten. The superiority of this machine over all others consists in its simplicity. Any one being able to use it that understands washing by hand, it is not liable to get out of order, and it will positively wash without tearing off buttons or injuring the finest fabric. Come and get a machine and try it; if it does not please, bring it back.

THE FAVORITE WRINGER, the best in the market. Every one warranted.

Ironing Boards, Milk Safes, and other novelties. Our terms are very liberal. Reduction made on large purchases. For particulars address

PREFACE.

In presenting the County of Lambton Gazetteer and General Directory to its numerous patrons and the public, the publishers desire to tender their thanks to the Clerks and other Officers of the different Municipalities, for the information and courtesy received from them ; to Hugh Smith, Esq., the County Clerk, for his courtesy and gentlemanly conduct on all occasions and useful assistance rendered ; and the members of the Press throughout the County generally.

Knowing that the value of a work of this kind depends chiefly upon the accuracy of its compilation, the publishers present it to the public with the satisfaction that nothing has been left undone on their part to attain that object.

And considering the various sources from whence the information has been obtained, it will be found a valuable book of reference, and as free from errors as may be expected in an edition of the kind.

With grateful acknowledgement of the very liberal patronage and support accorded the work through all parts of the County and surrounding towns, we now send it forth on its mission.

ARMSTRONG & Co., PUBLISHERS.

COUNTY OF LAMBTON.

The County of Lambton consists of ten Townships, two large Towns, and five incorporated Villages, with several others such as Alvinston, Sombra, Mooretown, Thedford, etc., increasing so rapidly in population and commerce that ere long they too will claim self government, and representation in the County Council.

While Lambton remained united to Kent and Essex its growth was slow, and its general commerce and manufactures much retarded by the union; but since the separation took place a marked change is manifest in this respect. And now, it enjoys facilities for commercial and other business purposes not excelled by any County in Ontario. It is intersected by three lines of Railway, the Grand Trunk, Great Western and Canada Southern, at an average distance of twelve miles apart—thus opening up the interior Townships and establishing markets in each locality through which they pass. The Coast-line on Lake Huron and St. Clair River is seventy miles in length and well supplied with harbors and wharfrage—while those in the south have twenty miles of navigation on the Sydenham River from Dresden to Baby Point, with regular lines of steamers and packets, which brings them into daily communication with all the American and Canadian ports. And should the Government expend a comparatively small sum in improving the navigation of the North Branch Sydenham from Wallaceburg to Wilkesport, a distance of twelve miles, the result would be beneficial to the County; and the Country at large, by promoting the immediate settlement of the unoccupied lands on its eastern bank, which would amply repay the expenditure.

The area of Lambton is about 610,000 acres—and the assessed value \$12,000,000, with better public buildings, lighter taxation and less debts than any County in the old Western District. And as the Oil Trade of Canada is confined to one township of this county, it is a fact that since the discovery of Petroleum Oil in Enniskillen, more capital has been successfully invested in producing it than any other business in the Dominion, and the work is still prosecuted with unabated vigor and profitable results. It has been said long since that the mineral wealth of Enniskillen far exceeds the assessed value of the entire County.

In conclusion, any County possessing the advantages which Lambton does, must become the emporium of trade and commerce, and a desirable field for agricultural pursuits.

TOWN OF SARNIA.

Sarnia is the County Town of Lambton and seat of Judiciary. It is favorably situated for becoming a great commercial emporium—being in direct communication with all ports from the head of Lake Superior to the Atlantic Ocean by regular lines of steamboats and sailing packets; and also the terminus of Grand Trunk and Great Western Railways in Canada, and is expected ere long to have a direct Railway line to Lake Erie at Rond Eau Harbor.

Few towns in Ontario have made more steady and rapid progress within the last decade—during that period its population and trade have increased over fifty per cent. The large number of costly public buildings and private mansions erected in the town is another mark of its prosperity and the enterprise of its citizens. Last year they expended the sum of \$60,000 in waterworks, by which all parts of the town are supplied with a full supply of that convenience. The county buildings are of the first-class order. The Court House, Registry Office and County Clerk's Office are built of grey lime stone, with cut stone quoins and dressings. The Jail is built of free stone and is not excelled by any prison in Ontario for safety and comfort. To all this may be added the new Town Hall and Market House in course of erection, which will compare favorably with the like buildings in any city or town in Canada.

Next to its public and private edifices may be noticed its manufacturing establishments:

THE WOOLEN MILLS of O. S. Clark, where 20 hands are employed in the manufacture of Tweeds, Full-cloths, Blankets, plain and fancy Flannels, Shirtings, &c., and custom carding, spinning, weaving, cloth-dressing, &c.

THE STEAM SAW, PLANING MILLS AND CABINET FACTORY of R. & H. Mackenzie give employment to 40 or 50 hands. This firm carries on an extensive business.

THE BREWERY AND MALT HOUSE of John Russell are furnished in every department with all the modern improvements introduced into such establishments, and is the most extensive place of the kind west of London. The appliances of the bottling department are not excelled in Ontario. Business established in 1860.

THE FLOURING MILLS of King and of McClaggan.

CARRIAGES.—Jos. Lowrie's Agricultural Implements & Carriage Works on Christina Street, (nearly opposite the Presbyterian Church), are extensive premises. He employs 15 hands.

Wm. Farr is extensively engaged in the manufacture of Carriages, Waggon, &c. He also employs 15 hands.

Maxwell Gray carries on the same business and general blacksmithing. 6 to 8 hands are employed.

FOUNDRY AND ENGINE WORKS of Francis Blaikie are carried on in large brick buildings. He manufactures steam engine boilers, mill gearing, oil well machinery, (pumps and blowers), castings of every description, and employs 15 to 15 hands.

N. C. Paterson's extensive Foundry, Machine and Agricultural Implement Works are carried on in large brick and frame buildings, where 12 to 15 hands are employed. He manufactures every thing in his line with utmost dispatch.

BUILDERS, &c.—In this line Wm. Ireland, John M. Hoskins, F. McGibbon, J. C. Hughson & Co., Chapman, Cameron & Co., Geo. T. Worsley and others are extensively engaged, each giving employment to a large number of mechanics in their different lines.

GROCERS, &c.—T. & R. Keany, Wm. H. Hill & Co., Robert Wanless, Daniel Clark, T. Gleeson and others are in the trade.

DRY GOODS, &c.—Wm. B. Clark, A. C. Clark, Wm. Stewart, Alex. Leys, G. Leys, D. Mackenzie, J. Watson, R. Duncan, J. & T. Symington, D. & J. Kenny and others are in the business.

HOTELS.—The Belchamber House is conducted in its usual good style, Joseph Huggard, proprietor. The Alexander House, near the Railway Station, so long and favorably known to the public, is still conducted by Andrew Alexander, the proprietor. The McLellan House, opposite the market, affords first-class accommodation to guests and the travelling public. W. W. McLellan, proprietor.

CHURCHES.

Presbyterian Church on Christina Street, is a substantial brick building with dressed stone basement, 90 feet long by 45 feet wide, with tower and spire 200 feet high. The largest bell in the County hangs in the belfry, and the spire is ornamented with the best Town Clock in the western district. These appendages reflect great credit on the congregation for their munificent liberality. The Church is seated for 500, and the basement is fitted up for Sabbath School, Lecture Room, etc. The building cost \$20,000. Sabbath services, 11 a. m., 7 p. m. Sabbath School, 2.30 p. m.

REV. JOHN THOMPSON, Minister.

Church of England, on London Road, is an old brick and frame building of crucifix form and quite inadequate to meet the requirements of the congregation, so that ere long it must give place to a more spacious building. There is a good brick parsonage on this rectory. Sabbath services, 11 a. m. and 7 p. m. Sabbath School, 2.30 p. m.

REV. THOS. S. ELLERBY, Rector.

St. Mary's, Roman Catholic Church, corner of London Road and Christina Streets, is a large frame building with spire and dome, erected in 1856, having capacity to seat 400. Sabbath services, 8 to 10½ a. m.; vespers at 7 p. m. Sabbath School at 2 p. m. The Lady of Lake Huron Academy, conducted by the sisters of the Holy Name of Jesus and Mary. Also a separate school with male and female departments, and an attendance of 150 pupils, under the tuition of three teachers, are in connection with this church. T. H. Finn, Principal Teacher.

REV. B. BEAUBAT, P. P.

Methodist Church, is a good brick building with basement story and galleries. This church has capacity to seat 450. Sabbath services, 11 a. m. and 7 p. m. Sabbath School, 2.30 p. m.

REV. G. N. A. F. T. DICKSON, Minister.

TOWN OF PETROLIA.

Petrolia had its origin with the discovery and development of oil about 20 years ago, and no other place in Canada can compare with it for rapidity of growth, expenditure of capital and profitable results. The mineral wealth of Petrolia and the amount of steam motive power used in its production exceed those of the whole Western District besides, and render it one of the best business towns in the Dominion. Petrolia was incorporated as a village in 1866, and as a Town in 1873. It has now a population of 4,000 and an assessed value of \$550,000. It is 15 miles from Sarnia and 50 from London.

TOWN GOVERNMENT.—Edward D. Kerby, Mayor ; Wm. H. McGarvey, Reeve ; Geo. E. Murphy, Town Clerk ; P. Barclay, Treasurer.

HOTELS.—"Corey House," Anderson House, G. W. Railway Hotel, and the Bolton House, are the principal places, and all kept in first-class style.

MECHANICAL.

Among its manufacturing establishments we notice the large Iron and Brass Foundry of Fraser & Son, which is the most extensive of the kind in the County. They employ 10 to 15 hands in their moulding, manufacturing and repair shops.

H. Mackenzie's machine works and Stevenson's boiler making shops, each employ a large number of artisans.

In carriages and blacksmith works, Wm. Esson, Wm. Richmond, R. Johnson, and E. C. Perry are engaged.

CHURCHES.

Church of England is a handsome rough-cast building, seated for 300. Sabbath services, 11 a. m. and 7 p. m. Sabbath School 2.30 p. m. Rev. Geo. Turnbull, Incumbent.

WYOMING,

ONTARIO.

WYOMING.

An incorporated village and station on the Sarnia branch of the G. W. R., in the Township of Plmpton. Distance from Sarnia 16 miles, and 44 miles from London. This village owes its rapid progress mainly to the oil trade of Enniskillen, combined with the enterprise of its early settlers. Mr. Brock erected the first permanent building in the village in 1852, the few shanties that preceded it having long since disappeared. In 1856 Robinson and McKay laid out the village and Alex. Duncan and W. H. Brown opened the first store. From that time it increased rapidly, and was incorporated in 1874, W. W. Hunt being elected first Reeve, which office he still retains. There are four churches in the village, viz. :

Church of England—Sabbath services, 11 a. m. Rev. G. Turnbull, Minister.

Roman Catholic Church—Services alternate Sabbaths, at 10 a. m. Rev. J. Ansboro, P. P., who supplies Oil Springs and Forest churches also.

Methodist Church—Sabbath Services, 10.30 a. m. and 6.30 p. m. Sabbath School, 2.30 p. m. Rev. John Neelands, Minister.

Methodist Episcopal Church—Rev. G. C. Squires, Minister.

SCHOOLS—The Public Schools consists of three departments and number about 250 pupils. Mr. G. W. Marriott, Principal teacher.

SOCIETIES.—*Masonic*—Burn's Lodge, 153, holds its regular communications on Thursday on or before full moon.

L. O. L. No. 294—Meets Wednesday on or before full moon.

I. O. O. F.—Model Lodge 147, meets on Mondays.

MANUFACTURES.—Amongst the manufacturing establishments we notice the Woollen Mills of A. J. Syer where 10 hands are employed in the manufacture of tweeds, full-cloths, blankets, and fancy flannels, shirting, stocking yarn, etc., and all kinds of custom work. This is one of the best mills in the County and 10,000 yards of cloth are manufactured annually. The Flour Mills of Mustard Bros ; the Oil Refineries of McGarvey and Brown, and the extensive Ontario Carriage Factory of Bennett Bros., where 8 to 10 hands are employed and every article in their line manufactured.

DRESDEN.

This is one of the largest and most important villages in Ontario. It is situated at the head of ship navigation on the Sydenham River, 20 miles from its mouth, and 16 miles from Chatham, the County town of Kent. The commercial and manufacturing interests are well represented; among the latter we notice

THE PHOENIX FOUNDRY and agricultural works of Wees & Hanford, on the north side of the river, are in full blast, and farmers, mill owners, mariners, and builders can be furnished with all kinds of castings and repairs.

DRESDEN WOOLLEN MILLS were established by James Smith & Sons, in 1871, ten hands are employed and a "one sett mill," in the manufacture of woollen goods, wholesale and retail, and custom work of all kinds.

ANDES FLOUR MILLS, A. McVean & Son proprietors, is a large three story frame building, with a thirty horse-power engine and three run of stones. Merchant and custom work done in best style.

MCVEAN & CURRIE have the most extensive hub and spoke factory in Ontario. This firm deserves much credit for its enterprise.

JOSEPH DALE's foundry and agricultural implement manufactory was established in 1876; his buildings are frame 80 x 26 feet, 2 story's high, where he manufactures agricultural implements, mill gearing, engines and machinery of all kinds.

POWELL's grist mill and Webster's tannery are also desideratums.

CARRIAGES.—W. Rudd & Co. manufacture every article in their line. Faxon Kimmerly is extensively engaged in the same business.

TRERICE & WRIGHT and Henry Allen are engaged in cabinet making and undertaking.

THE Churches, Schools and Town Hall are all superior buildings.

SOCIETIES.—*Masonic*.—Sydenham Lodge 255, holds its communication on Wednesday on or after full moon.

L. O. L..—Meets on first Monday of each month.

I. O. O. F..—Dresden Lodge, No. 124, meet on Friday evenings.

This village was incorporated in 1871, and is favorably located in the midst of an excellent agricultural district; in daily communication with Sarnia, Detroit, and the river ports by regular lines of steamers, and has a population of 1,500.

WALLACEBURG.

An incorporated village in the County of Kent, bordering on Lambton, with a population of 1,200. It is situated at the confluence of the North and East branches of the Sydenham River, nine miles from Baby Point, and is the most important Port in the County being in daily communication with all American and Canadian ports by regular lines of steamers and sailing packets, and is now largely engaged in manufacturing and mechanical pursuits. The latter, however, is much retarded by our defective marine laws which fail to give the builder a lien on vessels fitted out or repaired, as it

BABY POINT—This village is situated at the confluence of the Sydenham and St. Clair Rivers, at the south-westerly limits of the County, and is favorably located for the navigation trade, of which, however, it does not appear to enjoy a large share, owing chiefly to its close proximity to Port Lambton, on the St. Clair and on the Sydenham. Distant from the former place, 1 mile; 9 from the latter, and 70 miles from Grand Bend, at the extreme north of the county. Edward Kelly, P. M.
