A MESSAGE OF GRATITUDE

(By Rev. F. O. Stewart, Toronto, Ont.)

It would be impossible, I am sure, for any one of us to gather up the emotions of the hour and adequately express the gratitude which is in our hearts, and which is turning our thoughts in thankfulness to God. Most of us came to the seventieth annual and seventeenth general conference with large expectations. We have attended many conferences, and all have proved to be a great source of blessing to our ministry and laity throughout our entire connexion. As we gathered in Toronto church, it was with confident hope and earnest prayer that the week of Sept. 13th to 21st would be among the most inspiring and helpful days of our lives. And I am sure that I voice the sentiment of each heart when I say that our prayer to God has indeed been answered, and that our expectations have been surpassed. It was eminently fitting that our conferences should have as their guests such noble and distinguished prelates like Bishop W. T. Ernon, A. M., D. D., and Bishop J. Albert Johnson, D. D., representing the A. M. E. Church, and Bishop G. C. Clement, A. M., D. D., with Rev. R. R. Ball, D. D., representing the A. M. E. Z. Church, all from the U. S. A. Thus to meet together and consult regarding the great interest of the Kingdom has not only strengthened, but I am sure has multiplied the ties which already bind us together in an international feeling of relationship and in an essential oneness in the great cause of Christ, and has given us a true conception of that unity which Christ had in mind when He prayed that we all might be one. We are truly grateful for the return to office for another quadrennial of Rev. S. R. Drake, to guide the destiny of our Church in Canada. For the past eighteen years his efforts in the interest of the church of his youth has been ceaseless and untiring.

We believe that every member of the connexion should co-operate in his endeavor to bring about a brighter future for our church in Canada. Let us lift our hearts in gratitude to God for His gift of such men as our general superintendent who has loved the church and gave himself for it. I am certain that the gathering together of the people from all parts of the

world will leave its imprint upon the citizens of Toronto, and all will treasure the sessions of these conferences as a vital force for good in their lives.

Let us henceforth realize that we are indeed debtors, and that we ought to give. The accumulated power of these conferences ought not to be wasted; and if it be rightly distributed, I think it should not only revolutionize all our own lives but should affect the lives of hundreds and thousands of other people.

We wish to voice as well our earnest appreciation of the generous hospitality which has been so graciously extended to us by the members and friends of the Toronto Church in which the meetings were held, and also to the pastors and members of both the A. M. E. and First Baptist Churches, for their kindness exhibited in many ways during the week of our sessions. We cannot pass over lightly the fraternal visit of Dr. W. T. Gun, and Dr. J. H. Arnup from the United Church of Canada; we feel very much honored because of their visit. His Worship Mayor Thos. Foster, and Rev. J. Atkins are due their share of commendation for their presence, and timely words of encouragement. We shall not soon forget these strong messages delivered by these men of renown. In conclusion, may I add that I am thankful for those young women who so wonderfully prepared and served the reception dainties to the visitors at the opening of the General Conference on Wednesday, Sept. 15th, and also to the Ladies of the Jonquil Art and Embroidery Club for the very beautiful way in which the anniversary banquet was served on Monday evening, Sept. 20th.

Until they were contaminated by contact with the white man's civilization, the Zulus were the most healthy people in the world, according to Sir W. Arbuthnot Lane, noted British surgeon.—From the Dearborn Independent.

The sinews and heart of man seem to be drawn out, and we are becoming tomorrow's desponding whimperers. We are afraid of truth, afraid of fortune, afraid of death and afraid of each other. We want men and women who shall renovate life and our social state, but we see that most natures are insolvent; cannot satisfy their own wants, have an ambition all out of proportion to their practical force and so do lean and beg day and night continually. The rugged battle of fate, where strength is born, we shun.—Ralph Waldo Emerson.

(From The Dearborn Independent).

REV. S. R. DRAKE, who at the 71st conference recently held in Toronto, was elected General Superintendent of the B. M. E. Church for the fifth consecutive time. He has the honor of covering 16 years of the conference's most aggressive and successful period.

COLORED FILM STAR MANAGER OF NEW RACE JOURNAL.

Oakland, Calif., Oct. 4.—(Pacific Coast News Bureau).—The latest of the Race journalistic ventures on the Coast, "The Western American" of Oakland, has as its business manager a nationally known dramatic and motion picture actor, E. Richards Abrams, a former idol of the Eastern theatre-goers.

Star in Micheaux Pictures.

Mr. Abrams, best remembered by his leading part opposite Evelyn Preer in the Micheaux film, "The Gunsaulus Mystery," is a native of San Antonio, Texas, which by the way is also the home place of another nationally known movie star, Clarence A. Brooks of the Lincoln Motion Picture Company.

ASIATIC NATIONS ARE BITTER

Session of Nations Shows Undercurrent of Resentment Towards Racial Prejudice.

(By GEO. PERRY).

Tokio, Japan, Oct. 4.—(Pacific Coast News Bureau).—Bitter resentment over the enactment of English and American immigration laws against the Japanese, Chinese, Hindus and other Asiatic nations of the "opposed nationalities" represented resulted as was predicted by one Japanese newspaper, "The Miyako," in a complete failure of the recent Asiatic Congress held in Tokio, Japan.

An Attempt to Foment Discord.

Another paper, "The Osaka Asahi," declares editorially that the guiding principles of the Pan-Asiatic Congress were but a rehash of those underlying the League of Nations and asks whether these principles truthfully represent the spirit prompting the promoters or whether they really are not a blind behind which an attempt is being made to foment discord and foster revolt.

Immigration Laws "Unchristian."

Calling the American and Canadian immigration laws as "unchristian" the Japan Methodist Episcopal Mission, one of the most influential mission organizations in Japan, at their annual conference held at the mountain resort of Karuizawa, moved and adopted a resolution which raps the alien ban and seeks to pacify the Orientals "because of the Christian missionary's deep sympathy with the Japanese in their offended pride and disillusionment as to America's sense of interracial fairness, we have been somewhat able to assuage the indignation with the assurance that whatever unfairness has entered into American legislation, will surely be rectified in time when the situation and the implications of the law are more thoroughly understood."

Equality Cannot be Tolerated.

The Mission's assurance that the English-American feeling will be rectified is hardly the consensus of opinion in these countries as stated by another paper which sees behind the Pan-Asiatic Congress a reiteration of the cry raised at Versailles for racial equality and thinks that the "oppressed nationalities" are becoming afraid that the world is fast becoming a more thoroughly understood."

A TRIBUTE TO FORMER C. N. R. WAITERS.

They deserved, they merited better treatment than they received from the officials as a final reward for faithful service. They and their fathers served the road for more than forty years—served it faithfully through all of its vicissitudes; served when the road could neither pay dividends nor pay its employees a fair wage. Through personal sacrifice on their part, together with the sacrifice of other workers, they assisted in placing the road on a paying basis. But when this time came the services of the colored waiters were no longer required. Not only that, but the manner in which they were discharged was most abrupt and even brutal. As they reported for duty, without a word of forewarning or regret, they were told that white crews would replace them. This was a fitting reward for forty years of faithful service.

The better element of the traveling public is bitterly opposed to the policy now being pursued by the railway management with respect to the colored waiter. For they know (the public) that these boys were efficient, courteous, obliging and intelligent. They know how far these boys would go to make their guests comfortable and make them feel at home. They know that boys from our very best families, with more than average intelligence took to table waiting as one of a limited few avenues of earning a living and that on the other hand, white waiters are invariably from the lower strata. They know that colored boys made table waiting not merely a job by which to "get by," but that they made it an art. I we feel that they were discharged because of inefficiency, as is claimed by the officials, we would bow our heads in shame for them. But we know better and the possession of such knowledge makes us proud of the colored waiters.

And now that the harm has been done and is over, at least for the present, we have this advice to offer. As Clarence Darrow said, get out of positions in which men give tips and get into positions in which men give tips! And here is another ray of hope. We visited a district recently in which there were living side by

side colored and white farmers. In every single instance the colored farmer was more prosperous than his white brother. And lastly, remember that David BeBlasco said the future stage must and will recognize the dark children of Africa.

CHINA AND THE LEAGUE OF NATIONS.

Through her representative, Chu Choa-Hsin, China has spoken some very plain words to the League at Geneva. She has told the powers assembled there that unless a new treaty is made with China, based on reciprocity and equality, anti-foreign feeling there will increase and it will be dangerous to trade there peacefully. In an interview Chu said he had no apologies to offer for bringing the recent British bombardment of Nanshien before the assembly.

Referring to negotiations being carried on between China and Great Britain to settle the bombardment incident, Chu claims that China's price will not be indemnity, but a new treaty with Great Britain, whose object would be the abolishment of both "extra territoriality" and the strangle hold on China's tariff schedule. He also charged that the bombardment was carried out without preliminary warning to the population. He says: "If this had been done in any other part of the world it would cause war. We do not want to start war. If others want war with us let them start it. In the end we will win, for China is weary of being treated as an inferior nation."

Without the least shadow of doubt China has made her intentions clear to all the world. Whether her grievances are real or imaginary, China believes them to be real, and she has pronounced her definite intentions of throwing of the yoke which hinders her from becoming a free and independent sovereignty.

Whether England or any other strong nation has the right, the moral right, to claim "extra territoriality" in the lands of their weaker neighbors has always been a question in our minds. In fact it has always seemed to us to savor of the spirit of the bully. But China has settled this question in a perhaps crude and blunt but definite way, by declaring there will be no more "extra territoriality."

If the bombardment of Wanshien was begun without preliminary warning to the population, as is claimed by Chu, it was a most grievous wrong, and as he claims, if this had happened in any other part of the world, it would cause war. Most certainly England's great strength should render her too strong to commit such an act of injustice upon her weaker neighbor. We can, with information we have before us, only hope that there was a mistake in orders or that there has been a misrepresentation of facts.

"We do not want to start war. If others want war with us let them start it. In the end we will win, for China is weary of being treated as an inferior nation." Evidently China has accepted just enough of the principles of Christianity to have faith in the ultimate triumph of right over might. Or perhaps her own Confusionism teaches such. At any rate, China has awakened, as have Japan, India and Egypt. They are tired of being treated as inferior peoples although

their skin is dark. It only remains now or Africa, the giant of them all, to cast off her slumber. Whether Africa was lulled to sleep by some supernatural monster sleep spirit which inhabits the fertile Nile and was commanded by it to sleep till its return, we know not, and if so, the great sleep spirit is preparing to return for Africa is beginning to sleep uneasily. She is moving and groaning. Perhaps, before the end of time, Africa will be importuning the goddess of justice, asking as other darker races are, or her place in the sun.

NORTH BUXTON.

Rev. and Mrs. Perry, who have been attending the B. M. E. Conference in Toronto, returned last Thursday. Rev. Perry was appointed to Buxton for another year.

The report from the Buxton church was acclaimed as one of the best in many years, there having been an increase in membership and finance over the preceding year.

The conference was undoubtedly the most unique in the history of the B. M. E. Church and will be handed down to generations as the most momentous by virtue of the unanimous decision in taking definite action to affiliate with one of the larger Methodist churches. The importance of the conference was also based on the fact that more recognition was given it than in any previous year, and the presence of some of the most outstanding Negro preachers and race representatives. The following bishops were in attendance: Bishop W. T. Vernon and Bishop Albert Johnson of the A. M. E. Church, and Bishop G. C. Clement representing the A. M. E. Zion. Very notable addresses were delivered by these men which will long linger on the minds of those who heard them.

Rev. Claude A. Stewart and Mrs. Stewart, of Hamilton, are visiting Rev. and Mrs. Perry at the parsonage. Rev. a very large congregation on Sunday Stewart preached most acceptably to evening.

The Harvest Home services of the Baptist Church are to be held next Sunday, when the Rev. Mr. McNeil, of Windsor, will be the preacher at the afternoon service.

Quarterly meeting in the B. M. E. Church will be held on Oct. 10th.

The beginning of the ensuing year of the church opens with two joining the church.

ST. CATHARINES.

Miss Gertrude Bell spent two days at the Toronto Exhibition, the guest of her sister-in-law, Mrs. Louis Bell.

Mr. Paige, of Montclair, N.J., who was visiting at the home of Rev. and Mrs. H. F. Logan, made up a motor party Friday evening, taking in Queenston Heights and the illumination of the Falls. The party included Rev. and Mrs. H. F. Logan, Miss Gertrude Bell, Mr. and Mrs. B. Brewster and niece Verita Smith.

Master William Bell spent a week's vacation in Toronto, the guest of his sister-in-law, Mrs. Louis Bell, and while there attended the Exhibition.

Mrs. T. Sykes, of Buffalo, spent the holiday in the city, visiting at the home of Mr. and Mrs. Chas. Bell, Geneva St.

Miss Edna Bell returned to Buffalo with Mrs. Sykes for a visit.

Miss Gertrude Bell and Messrs. Charles and Richard Bell attended a party at Niagara Falls, Ont., given by Miss Stella Young in honor of her guest, Miss Hubbard of Toronto.

Mr. and Mrs. J. Crewe, of Cleveland, O., motored to the Toronto

Exhibition and were accompanied by Mrs. J. Cornish and son Harold, also Mr. Livingston of Niagara-on-the-Lake.

Mr. B. Brewster made a flying business trip to Windsor.

The B. M. E. Tag Day held on Aug. 28 was made a grand success through the kind assistance of friends from Brantford, Lockport, N. Y., Toronto and the St. Catharines workers, the total receipts being \$354.31.

The Tom Thumb wedding held on August 30 was also a success.

Rev. and Mrs. H. F. Logan went to Toronto, attending the Exhibition.

STRATFORD.

Mr. and Mrs. Jess Brown and son, accompanied by Mr. and Mrs. Tolbert, of Hamilton, were the guests of Mrs. George Wesley.

Mr. W. Cornwell and family, Jean, Oliver and Wilby, of Detroit, were week-end visitors in the city.

Madam Harrison and family spent the holiday in White Hall, O., visiting friends.

Misses Hazel and Hilda Wesley spent the holidays in Stratford where they had a delightful time.

Miss Gladys Armstrong is spending a few weeks at her home in Listowel.

R. and M. Jackson have returned to Detroit after spending a few days holidaying.

Mrs. A. Smith and daughter, of Toronto, have been guests of her mother, Mrs. G. A. Harrison.

WINDSOR.

The Canadian League for the Advancement of Colored People in this city has been caught by a new burst of enthusiasm. At a recent election some of Windsor's most prominent citizens were put into office. Many plans for future success were decided on at a meeting held in the A. M. E. Church last Thursday evening. All three colored ministers are deeply interested in the success of the league and are urging their congregation to join and stand behind this great movement. J. F. Jenkins, general secretary, was present at the last meeting. His general review of the work and his other timely remarks have added a new impetus and have inspired the League with new zeal and increased devotion. Notice to other branches—Watch us grow!

The twin boys of B. D. Bengie are in St. Joseph's hospital to undergo an operation which we trust will be successful.

Mr. Gordon Curry is in the city after being away all summer.

Miss Beulah Harding is in London attending the Normal School. Miss Ann Smith, of Windsor, is her classmate and room mate.

NEGRO EXHIBIT A FEATURE OF THE SESQUI.

Philadelphia, Pa., Oct. 5.—The heavy downpour of rain for the last thirty days has not daunted the many thousands that visit the Sesqui-Centennial International Exposition daily. Many race men and women have registered in the composite section of Negro Activities. There is a spending a week or more in seeing this great modern spectacle. The beautiful electrical display at night

gives one the impression of being in Fairyland.

The Fisk quartette which pleased thousands of visitors at the Negro section terminated their stay, but there is a universal request for the return of the singers. Miss Albertha White with her peerless quintette rendered a very creditable program on Sept. 3rd, assisted by Miss Leila Row who read selections from Paul Lawrence Dunbar's works.

Hamilton is glad to have our pastor, Rev. Claude Stewart, back with us again. During three months Rev. Stewart did a wonderful work in Hamilton. Messrs. Richards and Williams, assisted by Mr. Gairye, are reopening on a grand scale, "The Duncan Cafe," and are deserving of all our patronage. By patronage we mean to go there to eat and drink whatever we want and then leave, so someone else can do the same; not to eat, then lean over the counter or table and go to sleep or carry on a loud conversation with someone else three or four tables away, to the disgust of other customers eating in the dining room. Mr. Gairye had signs on the restaurant encouraging you to make yourself at home, but some customers took advantage and made themselves too much at home and by so doing made other people stay away. Now, if you can't help the business to grow larger, don't stand in the way of others who would like to help it; you don't have to eat and run, exactly, but eat and get out of the way so someone else can eat in comfort, as well as you.

Well, did you attend the concert and dance at Orange Hall last Thursday evening? If you did not, you certainly missed a treat. The costumes, etc., were gorgeous and all members participating acted their parts to perfection. You talk about jokes—there were all kinds to be seen and heard. Now that kind of entertainment is worthy of your patronage.

The B. M. E. Church Conference furnished to the Toronto public some of the finest sermons ever heard in this city at any time. Bishop Vernon of Detroit led with a sermon which was a masterpiece and held an appreciative audience spellbound for the entire discourse. Then Bishop McClellan, who preached of feeding multitudes with two fishes and five loaves, brought out points on that sermon that were so plain that the smallest child could make a literal translation of it and understand it, and last but not least, Bishop Johnson, preaching on what hell really is, entertained his audience for fully an hour and thirty minutes without hearing a sigh or a snore. It was one wonderful week of praising God in the Highest. Would that we could get more of them here to help tide over the rough spots. Don't think I mean we don't have any good sermons at our three churches; not that, but new blood instilled into any affair helps to bring it out more and more. There, there, was Rev. Atkins, of Philadelphia who preached at the Baptist church last Sunday night week and his sermon was wonderful and his delivery was even more wonderful. So, you see, we have much to be thankful for.

Our boys began their work at the University this week and we wish them all the success in the world to help them finish their respective courses.

Poor jazz music, it certainly dies many times. Every time you pick up the paper you see where some artist or imaginary artist or great musical organization has dealt it a death blow. It must have died at least one million times in the last three years, yet you can't walk on the street without hearing it. You can go to a show, party picnic, boat ride, and you can some-

times hear it in the church. I wonder how long it will take to kill it really and truly, the way they are going now. The latest organization to kill it was the Coldstream Guards who say it is dead in Canada. I wonder what part of Canada they visited to miss Mr. Jazz; don't you?

The Home Service Association is getting ready to assist in the fall drive for funds to help tide over those unfortunates who have failed to provide for the coming winter. Now, when these people come to you, asking you to give something to help in this drive, don't feel that you are immune from those conditions which some others are in; help until it hurts. Some day you may need help yourself and it will give you comfort to know that even though you are receiving help, at some other time in your days you have helped someone else.

Several members of the Jonquil Club were present to meet Mrs. and Miss Cain and they succeeded in making the evening a most enjoyable one.

"The Mikado of Japan" was presented by the Jonquil Art Club last Friday evening at Orange Hall. It proved to be one of the most successful plays ever staged in Toronto, both from a standpoint of talent and finance. One who knows summed up the situation in the following way: "David Belasco was right when he said that the future stage must look to the negro race for its talent." The net proceeds were \$150.00.

Asiatic Nations Are Bitter

coming a white man's property. "This cannot be tolerated," says this paper; "the demand for racial equality should be kept up. Japan happens to be the strongest nation in Asia, a fact which puts upon her the responsibility of claiming racial equality with especial vigor. Racial equality as a theory will be granted readily enough, but this will not conduce to the wellbeing and happiness of the colored races. The only way is for everyone to improve his or her own condition and Asiatic peoples, while demanding racial equality, should also at the same time make indefatigable efforts to increase their own strength."

Complexion Of Othello Questioned

Must be a Light Skinned Moor to Win Public Favor, Declares Producers.

Hollywood, Calif., Oct. 4.—(Pacific Coast News Bureau).—The success of John Barrymore in the costume picture of "Don Juan" has inspired Rod LaRocque in using his power of persuasion to prevail upon Cecil DeMille to let him make "Othello," the Shakesperian drama, as a screen production.

Moor's Color a Question.
The most delicate question involved in producing Othello is "What color shall the Moor character take?" A few years ago a preview of the German "Othello" was shown to the New York exhibitors. Emil Jannings, the German director, played the Moor character using a dark make-up of the minstrel type. The public and exhibitors refused to accept the picture regardless of its artistic merit, resulting in a total loss to the producers.

Noble Johnson In "King of Kings"

Famous Character Actors in "The Thief of Bagdad" to Again Appear in New DeMille Production

Culver City, Calif., Oct. 4.—(Pacific Coast News Bureau).—Two princes of the flying carpet in Fairbanks' "A Thief of Bagdad," Noble Johnson and Kamiyama Sojin, will again appear together in the new Biblical production, "King of Kings," now being produced by Cecil DeMille.

Sojin whose real name is Mita, is a Japanese amous for his wonderful portrayals of convincing Oriental characters seen in the "Sea Beast," "East of Suez" and other super-productions. In "King of Kings" he is cast as a Persian prince, one of the many admirers of Mary Magdalene.

Johnson will play a double role, one of which will be the driver of the Mary Magdalene chariot drawn by a team of wild fractious zebras. Five zebras were especially imported for this scene from a circus in the Northwest.

African Prime Minister Resigns

Native Ruler Ends 35 Years of Christian Leadership.

Mombasa, British East Africa, Oct. 4.—(Pacific Coast News Bureau).—After 35 years of active leadership as head of the native cabinet of one of Great Britain's most thriving provinces in British East Africa, Sir Apolo Kagwa, prime minister of Uganda, has resigned.

Coming into prominence in 1888 when King Mwanga of Uganda decided to destroy the Christian faith there and to begin a massacre of Christians, Kagwa, then an obscure African chief, with a companion denounced the king. Kagwa's companion was killed but Kagwa escaped.

Maintains Christian Faith.
As a native statesman, administrator and general, leading an army in many of the religious struggles which troubled the land, Kagwa was a great power in the maintenance of the Christian faith, and later took a leading part in the building of the present day Uganda.

First Native Given Knighthood.
Sir Apolo Kagwa, now 80 years old, went to England in 1902 at the coronation of King Edward as the official representative of Uganda. Sir Kagwa was also the first African native to be given the K. C. M. G. (Knight Commander of St. Michael and St. George).
