VICTORIA COUPLE FIFTY YEARS WED

Are 'Besieged by Hosts of Friends From Far and Near For 'Joe' and 'Jill' and His Wife Do Have Friends

The comfortable farm home of Mr. and Mrs. Joseph York was the scene of unusual gaiety on Tuesday, April 15, much so during the evening hours, when a numerous company assembled as a spontaneous tribute to the worthiness of the host and hostess, who on this date were celebrating the fiftieth anniversary of their wedding date. Time's incessant car has rushed through the intervening years, marking each milestone and bearing its burden of success, failure, care and pleasure, since that April day so many years gone when big game "Joe" York claimed as bride Annabel Kimball, the attractive daughter of a neighboring home.

The "newly weds" lived for a time in Waterville, later coming to the farm at Victoria where their family has been since. Here their family grew up, here they have fulfilled their duties as they conceived of good citizenship, here they have lived out the great fundamental "do ye unto others," and if making friends be reckoned as a means of success, then surely has their life been well worth the living.

One son, Henry K. for years a C. P. R. employee and now located in Moose Jaw, was in attendance on this golden occasion and added greatly to the parental pleasure. Another son was absent, while the only daughter, Mrs. Edgar Kilpatrick, was here for her Wicklow home for several days to assist in arrangements and to be present to ensure the pleasant result that was due chiefly to her supervision.

Mr. and Mrs. York wanted their friends to feel free to visit their home on this occasion and the response was such despite the motive conditions, that they were deeply affected by the many evidences of good will. Many gifts in gold and otherwise came from friends present and others distant were in evidence as marks of good will and mementos of the happy conditions, that they were deeply affected by the many evidences of good will. Many gifts in gold and otherwise came from friends present and others distant were in evidence as marks of good will and mementos of the happy conditions, that they were deeply affected by the many evidences of good will.

Excellent music with Mrs. Harry Birmingham at the instrument was the vehicle used for introducing other entertaining features. A sacred duet by the bride and groom of earlier days was well received and was followed by an address and the presentation of a golden purse, with golden contents a tribute of respect to the long wedded couple, from their immediate neighbors. This happy incident was supplemented with short addresses by old time friends and others and only the timely announcement of refreshments prevented every guest from saying pleasant things of the worthy couple. The delicacy and nature of the "lunch" being such as might be termed fit food for the gods, the food in the speaking exercises was quite easily passed up.

After prayer by Rev. E. W. Lester in which the happy "young-old" couple were felicitated on the good influence of their lives on the community and others were advised to take exactly the same, the company reluctantly separated, feeling somehow that their affections were more closely entwined about the hearts of the bride and groom of half a century.

EASTER SERVICES

EASTER IN THE METHODIST CHURCH

The Easter service in the Methodist church Sunday evening was a very impressive one, and a large congregation was present. The pastor, Rev. J. K. King, gave a strong argument substantiating the story of the Cross and the reality of the Risen Saviour. He stated that the story was proven down through all the centuries by civilization—that all great and good works in all ways was the direct effect of the Crucified and Risen Saviour. But the marvel was that in spite of these facts how prone individuals were to disbelieve the story shown by their coldness and lack of interest. Then followed a strong appeal for all to accept the Christ and Salvation.

The church was beautifully decorated by an abundance of flowers, central of which was a large cross about five feet high composed wholly of Easter lilies. After the prayer the lights were extinguished and this cross was illuminated by a strong spot light, while the choir sang "In the Cross of Christ I Glory," then followed the story of the cross given by scriptural quotations by a number of young girls. Following this "Jesus Keep Me Near the Cross" was sung. During the service Miss Margaret Stevens sang in her usual sweet voice "Unfold, Ye Portals" by Nolte. The choir gave the anthem "Alleluia, Christ is Risen" by Lorenz. The hymns were all appropriate and heartily sung.

After the sermon a reception ceremony was conducted, two members being received into full membership by confession of faith. At the close of the service the Sacrament of the Lord's Supper was partaken of by a very large number. Rev. Thos. Pierce assisting the pastor in this rite.

EASTER AT HOLY TRINITY

The Good Friday services at Holy Trinity were most solemn and impressive and there was a better attendance than at any Good Friday services since the church was established here. Sunday morning, but few of the faithful attended the early Celebration but at the eleven o'clock service there was a large congregation and almost a record number of communicants at the High Celebration of the Holy Eucharist. The music was especially fine, the Easter Anthem being "Christ our Passover is Sacrificed for us." There was also a beautiful quartette from Stainer's "The Crucifixion"—"God so loved the World." The topic of the morning sermon was "The Easter Message." There was another good congregation for the evening service when the special anthem was "What are These that are Arrayed in White Robes?" The topic of the sermon was "Have ye received the Holy Ghost?"

MISSION PAGEANT IN U. B. CHURCH

Interesting Program was Carried Out—Drew Large Crowd

A missionary pageant of an exceptionally fine character was given on Thursday evening in the Hartland United Baptist church before an audience that filled the auditorium. The pageant of the Maritime Provinces was given in connection with the Jubilee celebration in commemoration of the beginning of Baptist Missions among the Telugus of India. This particular work was begun in March 1874 and today the Baptist denomination throughout Canada is holding its Jubilee in honor of that event. The pageant was presented in three acts with two scenes each. The first act opened with the presentation of the "Serving Seven" who went from the Maritime provinces in 1874 and settled in Cocanada. From that humble beginning the pageant moved on with majestic sweep, showing the development of the work throughout the fifty years of its history. The congregation witnessed the missionaries as they went from home to home teaching the women in the Zenenas. Then they saw the industrial work being carried on among the boys. The work of medical missions was interestingly presented in another scene and the teaching of the girls in the girls' schools was also presented. The closing act showed something of the quality and permanency of the work being done as one by one the members of a typical family were presented, each occupying a position of responsibility. The entire pageant closed with the assembling of all the natives on one side of the platform and the various representatives of the home church on the other and the only two survivors of the "Serving Seven" in the centre. All the persons taking part in the pageant were dressed to represent, as near as possible, the various characters they represented. The leading characters were—Mrs. L. E. McFarland, Mrs. R. L. York, Mrs. B. Seeley, Mrs. G. F. Bolster, Mrs. R. Harris, Mrs. Avim Nevers, Mrs. Edward Price, Miss Estabrooks, R. B. Hagerman, H. E. Adams, A. R. Sippell, V. W. Simms, B. Waters, F. W. Allen, G. E. Rideout, Mrs. M. McLeod, Mrs. F. W. Allan, Mrs. B. Waters, Miss A. Glaysher, R. L. York. Besides these there were number of boys and girls who took minor parts.

SPEECH OF F. W. SMITH M. L. A.

Strongly Criticizes Government—Gives Farmers Good Advice—Favors Health Act—Condemns Compensations Board—His Stand on Prohibition

Mr. Speaker—In rising to speak on the budget I wish to occur with the time-honored custom in congratulating the mover and seconder of the address. It is not my intention to make a lengthy speech, but I wish to make a few observations to let the people of my constituency know where I stand on certain questions. They are under consideration, and as the Hon. Minister of Lands and Mines so aptly stated "that the people think that if we do not make a speech sometime during the session, that we are not doing anything of any account."

There was laid before this Legislature on Tuesday last week by the Hon. Provincial Secretary, a budget which compared quite favorably with others that has marked the regime of the present government. They have all forecasted a surplus for the ensuing year, which invariably results in a large deficit, this year the largest in the history of the Province, over half a million dollars. He began by regretting the financial losses, sustained by heavy frosts last spring which was followed by some disastrous fires in the timber lands later on. Such occurrences are rightly described as calamities, and the members of this government are all trying to make it appear that the blame of this has never happened since Noah's time, and they endeavor to explain away the cause of the deficit mainly on this account. The Hon. Gentleman goes on to say there is no other calamity of outstanding importance, unless it might be the Valley Railway.

There are a great many people who differ entirely with him on this question. We would like to know what the people of Carleton Place, Sturbury, Queens and Kings would say who are served by this road from Carletonville to St. John. Do you think they would call it a calamity? Placing the deficit at 70 cents per capita, would any taxpayer say that it is not worth this to our Province? I do not think so. We have a great deal of difficulty to keep our people on the farms where there are railroads, while in back districts they are leaving as fast as they can dispossess of their properties. The only calamity about the matter is that the present government do not seem to have any influence with the government of Ottawa, or it would have been able to make some arrangements to have the Dominion government take it over, and relieve the Province of the heavy liability which it now suffers in connection with this road. I am sometimes led to believe that the determined effort to have us relieved of this burden, is on account of the political effect, and they will hold the province to pay the deficit for the sake of having it to show up the business-like methods of the late government.

The St. John Valley from West-Stockton down needed this road in the worst possible way and such prominent men as Hon. Wm. Pugsley passed legislation designed to induce construction of the road. Making brief reference to Dept. of Health, I must say that the Hon. Minister is a man of high ideals, and one for whom I personally have a great deal of respect. I believe him to be sincere, which cannot be said of all the Honorable Members opposite, and I believe he is doing a good work, as the health of our people is one of the first considerations, and we are pleased to note that the death-rate is being reduced, and if our health department is bringing this about, who would dare to say that we shall discontinue this work? However, owing to the limited resources of the province, I think he will need to be held in check as all these improvements appear to be so expensive. If I would the Province was in a financial condition to give him a free hand, but you are all aware that it is not, and that we must practice economy in every department.

Sir, I regret that farming is not compensated in proportion to capital invested and energy expended. But our farmers are more or less to blame for their condition. A man who is in debt should learn to sell his produce when he can make a profit. For instance, a man starts to plant a field of potatoes who may have done in the county which I have the honor of representing. If he can buy his fertilizer, pay his hired help and store his crop and pay all other bills during the season's transaction, then I claim he has a right, if he so wishes, to gamble with his crop by holding. If the price goes to the vanishing point, which sometimes happens, neither the public nor his family has to suffer. If the price advances, he wins the game. Now, if on the other hand he has to go in debt for his fertilizer and equipment, and run a bill at the store, then I claim a man in this condition should not take any chance with his crop, but should market it whenever he can make a profit, and had our farmers followed this practice in the past, there would not have been so many of them driven from their homes, and a great many who did hang on would have been in much better condition. This indirectly has had its effect on the whole county, for when the farmer cannot pay his bills, the merchant, the mechanic and all other classes are financially embarrassed. Now I have shown you where I think the farmers have failed to use good judgment, but they are not all to blame. To begin (Continued on next page)

A RECORD CUT
Moir's logging operations for 1923-1924 are completed, more logs being cut this year than ever before. You can estimate the size of the cut by multiplying by seven those logs you see piled at the head of the Arm.

Around 2,000,000 feet in all were cut, enough to make a quarter of a million wooden boxes for Moir's Chocolates and Biscuits. Placed end to end these boxes would stretch a distance of over 200 miles.

**FREE—10 Much Finer Shaves!
Cleaner Shaves—Quicker
with no skin irritation!**

If you were paid for putting into words the perfect shave, you would probably define it as... "the cleanest, quickest, easiest on skin."
Because that's what 1000 men told us a really good shave should be.

Now we ask you to judge how well we've put those three requisites into a shaving cream. At our expense, we've put it up to millions of men. And, having tried it, they refuse to use any other cream or soap.

There are 5 distinct superiorities, shaving advantages, in Palmolive Shaving Cream. It cost us 18 months' work, 130 laboratory experiments, to perfect them. Now judge our work.

You'll find cream multiplying itself 250 times in luxurious lather.

You'll find that lather softens the most unruly beard in one minute—without any irritating "rubbing in."

You'll find the lather remains rich and creamy for 10 minutes on your face, if necessary.

You'll find cutting easier, cleaner, because bubbles of extra strength hold each hair erect. This is important. Finally, you'll marvel at the cool, soothed "after feel"—a result of the carefully blended palm and olive oils.

We ask your judgment on these points as a favor. Failing, the loss would be all ours. Send along the coupon for your ten free shaves.

C., appeared for the company promoting the bill, and P. J. Hughes, K. C., for Murray & Gregory, Limited, who are interested in keeping the St. John River at St. Anne, Madawaska, clear of obstruction. **BEFORE MY
BABY CAME**

I Was Greatly Benefited by Taking Lydia E. Pinkham's Vegetable Compound

Sydenham, Ont.—"I took your medicine before my baby was born, and it was a great help to me as I was very poorly until I had started to take it. I just felt as though I was tired out all the time and would have weak, faint spells. My nerves would bother me until I could get little rest, night or day. I was told by a friend to take Lydia E. Pinkham's Vegetable Compound, and I only took a few bottles and it helped me wonderfully. I would recommend it to any woman. I am doing what I can to recommend this good medicine. I will lend that little book you sent me to any one of pleasure use my name in regard to the Vegetable Compound if it will help others take it."—Mrs. HARVEY MILLIGAN, Sydenham, Ont.

It is remarkable how many cases have been reported similar to this one. Many women are poorly at such times and get into a weakened, run-down condition, when it is essential to the mother, as well as the child, that her strength be kept up.

Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother at this time. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs; it may be taken in safety by the nursing mother.

**Crimean Veteran
Praises "Fruit-a-tives"**

MAJOR GEO. WALKER

Major George Walker, now a familiar figure in Chatham, Ontario, is one of the men who went through the terrible veteran of the Crimean War and the Indian Mutiny, serving under Lord Roberts. Fierce hand-to-hand fighting and continual exposure left me a great sufferer from Rheumatism, so much so that my legs swelled up, making it impossible for me to walk. My bowels were so constipated that I was in terrible shape until I began to use "Fruit-a-tives." They relieved me both of the Rheumatism and the Constipation. Today, I enjoy perfect health—no more Rheumatism or Constipation.

And in another letter, written December 1st, 1923 (eleven years after), Major Walker says: "Fruit-a-tives are keeping me in the best of health and I shall never be without them."

"Fruit-a-tives" are the famous Fruit Treatment—intensified fruit juice combined with tonics—that make you well and keep you well. 25c and 50c— at all dealers or from Fruit-a-tives, Limited, Ottawa, Ont.

Miss Joyce Rideout, Burpee St., entertained about twenty little boys and girls at her parent's home on Saturday last, the occasion being her eighth birthday. The rooms were decorated in yellow and green and a very pretty picture was formed by the animation of little guests. The hostess welcomed each one, and received the good wishes of her guests in a manner which would have done credit to a much older little lady. All the children had a good time and are looking forward to the next birthday party.

The Hillside Bridge Club met on Tuesday for the last time at the home of Mrs. A. A. Pickard. There has been a lot of competition during the past few months, to see who would win the prize given to the one making the highest score through the year. The lucky person was Mrs. R. S. White, and she was presented by the hostess with the prize, which was a

set of six handsome dessert forks. Mrs. Pickard in a few well chosen words said how much pleasure it gave the members to make this presentation, and in replying Mrs. White said how much pleasure the club had given her during the winter, and expressed her thanks for the gift. The Hillside Bridge Club has had a very successful year, and its continuity seems to be assured.

Judge Carleton has been in town for a few days.

Rev. Mr. Beauchamp of Richmond, Que., was in town this week.

There are still a few Easter Lilies and other flowers for sale at the R. W. Hammond store. These flowers will be on sale until two o'clock Saturday, when they will be withdrawn, as someone has contracted to take all that remain at that time. If you want flowers and have not yet obtained them you must make haste while the sun shines.

There will be a special service at the congregation of St. Paul's church both morning and evening on Sunday. At the morning service the young people will gather, and Easter will be the motif of the service. Following the morning service the Sacrament of the Lord's Supper will be administered. The evening service will likewise be an Easter one. There will be special musical programmes at both the morning and evening services. The musical programme is in charge of Mr. A. Reith and Mr. Reith has kindly consented to sing.

In connection with the report of the fire last week we regret that it was incorrectly reported. The following is given us by the fire department as being the correct account of same: "The fire at Frank Poitras last week on St. Francis Road, the alarm was given at 7:45 p.m. The Fire Wagon was at the scene of the fire at 7:49 p.m., the distance being a mile, on the outskirts of the town. The alarm was responded to by 17 firemen. The damage was about \$1000, and the house was only damaged and not burned down." The Observer is glad to make this correction.

She said that he drank it without cream and that he found it the most invigorating as well as the most delicious of any beverage he could get for use in the woods.
