The amusing comedy, "Lady Huntworth's Experiment," which is to be given on the evening of Friday, May 7, Senate upon the question of naval trainate upon the question of naval trainate upon the question of naval trainate auspices of the Victorian Order of auspices of the Victorian Order of Nurses, was originally produced at the might do worse than adopt his suggestion | Criterion Theatre, London, nine years ago, by Arthur Bouchier, when it had a most successful run. It has since been revived by Charles Hawtrey at the Haymarket Theatre, and has invariably been a strong drawing card.

The action of the piece takes place in a quiet English village, at the vicarage of Stillford. Lady Huntworth, who has been forced by force of circumstances, to assume, incognito, the posi-tion of cook for the vicar, captivates the hearts of all the male members of the household. Her divorced husband, who has treated her very badly, and who has during the period when they lived together spent all of his money and her own in riotous living, has sought her out, having learned the fact, of which she is ignorant, that a considerable fortune has recently been left

a happy one. Tickets may be obtained from Nordheimer's, Mallagh's, and at Gillean's jewelry store, and it is hoped that the play will be greeted by a bumper louse, as apart from the worthy object for which it is given, it is deserving of the widest patronage.

Redding stopped to have a rub down, but as he was nearly two miles behind have quit, like Sellen and Cummings. Hatton passed in his checks for good, the race now being confined to a few of the live ones, with a few dead wood in. Time, 17 miles, Marsh, 1:39:95.

Marsh was still two laps ahead of Wood his nearest competitor, at the 18th mile.

That Cobb-Criger argument was given another innings on Saturday, when Ty stole a base on Criger, the only time he got of the paths. Mortally stole home again, this being his second offense this season. With Schaeffer, Cobb, Moriarty, McIntyre and Bush on the paths, Detroit has a candy line of base purloiners. It Criger did say that Cobb was a bone-headed base runner, he is now probably wishing he had never said it.

Indiana has a team of insane base-ball players, and they claim that the rooting is no worse than at a real ball game. The "bugs" are the same inside or outside of an institution.

A. R. Cratty, the well-known Pittsburg baseball writer, has the following to say of Mooney Gibson in the Sporting Life:

Within two minutes of the time made by Cibot, the Frenchman, which stands you chert and the frenchman, which is take the record. The Winningeger ran with judgment, and at all times had the pace. it is entertaining to look over the initial frays and note the active figures. Usually one or two men will cut a bigger dash than others. For instance in the Pittsburg's starting series Gibson and Wagner shone far above the rest in brilliancy, while Abby was the slumper. Gibson began to bat grandly as soon as the championship bell rang. He also cut a splash in active fielding, so much so splash in active fielding in the same token it will take Regina a champion athlete or a champion take wood, who are living in hope, but that is all.

Weod was not able to make very much head wood, who are living in hope, but that is all.

Wood was not able to make very much head wood, on Marsh at 23 miles. Time, Marsh, 2:17:53, with positions unchanged. Redding threw up the sponge faunt across the mountains, and will be royally entertained, if they are not dangerous, but they will not get the mug nor the advertising. Think again.

Crawford's home run in the first inning, with Bush at first base, broke up the game, and Moriarty made it safe by stealing home in the seventh after following Rossman's double with a triple. When, last year, the Browns appeared to have a fighting chance for the pennant, McAleer emerged from the bench, and donning a uniform, placed himself on the coaching line and injected ginger into the game in a manner to do Hughey Jennings credit. The change was for the better, and the Browns profited. This year the Youngstown haberdasher is again out on the lines, whooping things up and tham, the Giants' funmaker.

The association considered that the best interests of that body would be served by the different playgrounds that may be established being placed under local supervision and support. It was thought that this would tend to increase the pride and interest in the undertaking, and thus be a decided aid to the members of the association living in South London, that they might become responsible for its support.

A Motion.

A motion to that effect was passed, as follows: Moved by Mr. J. A. Hunt, seconder "That in view of the fact that the

KIDNEY DISEASE

COMES ON QUIETLY.

Perhaps no other organs work harder than she kidneys to preserve the general health of the body and most people are troubled with some kind of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as brick dust deposit in the urine, highly colored scanty or cloudy urine, bladder pains, frequent or supressed urination, burning sensation when urinating, etc. Do not neglect any of these symptoms, for, if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes.

On the first sign of anything wrong Doan's Kidney Pills should be taken. They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush off all the impurities which cause kidney trouble.

Miss Albertha B. Clarke, Stony Creek, Ont., writes: "I was troubled with kidney trouble for several years; my back was weak, I had such terrible headaches, and was so restless I could not sleep at night and tried everything without any benefit. Meantime a friend advised me to try Doan's Kidney Pills, so I got four boxes and they completely cured me. I now feel as well as I ever did and would advise everyone suffering from Kidney Disease to try them."
