While you are sleeping or eating, your advertisement is being read in this Medium by thousands who otherwise might never have seen or heard of you.

## PREFACE.

THE REAL ESTATE REGISTER is issued from 134 Hollis street, Halifax, N. S., once a month, and such a system of distribution has been adopted that the book will reach a large number of the class of readers that is desired both by the publisher and by advertisers.

Of course the main object of its publication is to advertise properties that are in the market, either for sale or lease, but the method of distribution employed insures its perusal by hundreds of strangers visiting Halifax and intending to make a longer or shorter stay. Dealers—especially retailers—in goods used by a family will therefore find their money in advertising in the REGISTER.

The numbers of each issue will be gratuitously distributed about Halifax, will be placed in the various steamers, packets, and railway lines bound for Halifax, and a portion will be sent to agencies in the United States, Canada and England, where they will do the most good.

A Real Estate Agency is not a new thing in Halifax, but the business has never before been systematised as by the publisher of the REGISTER. This fact, and his superior facilities for selling and letting properties is becoming understood and appreciated, both by owners of property and desiring purchasers and lessees, as is proved by the rapid growth of the business. Both parties are aware that a property is represented to be just what it is, and that no party dealing through the Agency gains an undue advantage over another.

N. B. The attention of householders and others is called to the various trade advertisements in this REGISTER. The parties are all known to the publisher and persons dealing with them may be assured that they are dealing with parties who are believed to be responsible.

A place that Advertiser is known to the world. That which does not is only known to a few who may pass it. This Medium will be found in the Hotels, on the desks of the Wholesale Merchants—the Country Dealers, the Manufacturer and others, and referred to by thousands who patronize them.

An advertisement in this Medium will stare every body in the face for years to come. Do not expect to dispose of your goods unless you make known what you have? An advertisement in this Medium will stare every body in the face for years to come.

Let no enterprise do not take down their signs in dull times nor stop advertising. This Medium is resorted to every hour of the day by all classes.

NOTICE.

All kinds of Real Estate in Halifax to let advertised in this Register free, and no charge whatever made unless a property is let. It must, however, be distinctly understood that as soon as properties are entered on my office register, for sale or to let, I am the sole agent, and the regular commission will be charged whether sold or let by me *personally* or not. Of course if I have, by advertising the property or by advertising my business, made my office a place of call for those in want of properties for sale or to let, I am entitled to the commission; or if by stating the fact of such property being for sale or to let and directing attention to it, such property is looked after and sold or let by the proprietor, the effect is the same. For obvious reasons it must also be understood that if a property is sold or let within one month after my agency is terminated by the principal in writing I am entitled to the commission. Commissions are due and payable immediately on the property being sold or let.

The regular commission is 2½ per cent. for letting unfurnished, 5 per cent. furnished houses, and 1 per cent. for selling properties in Halifax or in towns elsewhere, and 5 per cent. for farms, on the full amount of the contract made, unless otherwise agreed. For obtaining loans on property, and for placing money on mortgages of Real Estate, a commission of 1 per cent. will be charged besides all incidental and legal expenses. A commission of 5 per cent. will be charged on collecting accounts, rents, etc. No business of any kind will be done for a less aggregate commission than \$5, except in collecting rents and leasing tenements, for the latter of which a minimum charge of \$2.50 will be made. All commissions are payable by owners of properties unless otherwise specially agreed.

TO BUYERS AND TENANTS.

The terms affixed to the various Properties are, in most cases, the lowest; but as circumstances may arise, tending to induce the owners in some degree to modify their instructions, any reasonable offer will be submitted for consideration.

No expenses are at any time payable by parties renting or purchasing Houses, &c., through this agency, excepting a DEPOSIT OF ONE DOLLAR as a guarantee of good faith, which will be returned if a transaction is consummated through this office.

Full information and particulars of all Properties contained in this REGISTER can be obtained at the office, and also information of the various changes that may occur between the issues.

I should be obliged if all owners of Farms for sale throughout the Dominion will send me full particulars for my next issue, which will be largely circulated in Great Britain. Advices must be received on or before the 15th of next month.

A charge of \$3 is made for registering and for advertising in this REGISTER properties in the country. Special terms for commission will be made with owners of Real Estate outside of Halifax. A charge of \$2 is made for registering and for advertising in this Register property for sale in Halifax.

## THE OUTLOOK FOR REAL ESTATE.

We note, since the issue of our last number, increased inquiry for real estate, a firmer tone among property holders, and more confidence in the future of land and houses on the part of the public generally. Although but few transfers have actually been effected, still a considerable number are, or have been, under negotiation and the opening spring will doubtless witness much activity in this line.

An important element in fixing the values of real estate is the stability of the government. An unsettled administration that is liable or likely to make way for another with a different policy unsettles the prices of all kinds of property, so far at least as to check any buoyant tendency. A confidence in the stability of the present governments, both Local and General, and in the good intentions, especially of the latter, in the way of pushing public works and other improvements in this Province and County is restoring a tone of security in the value of property that has been wanting for a long time.

Property in this city has for several years labored under the depression that has so disastrously affected commodities of all kinds but, sensitive to the first indications of returning prosperity, it already displays symptoms of an advance that promises to be marked and permanent.

The efforts of our parliamentary, mercantile, and civic representatives to make Halifax the great port whence shall be shipped the products of the prolific West to Europe, and where will be received the manufactured goods of the Oriental hemisphere for distribution throughout this Dominion, promise to be shortly crowned with the fullest and most gratifying success. These anticipations, when they become accomplished facts, must cause a very large influx of population to handle and to manage the increased business of the city. This will cause a healthily increased demand for accommodation that will maintain any reasonable advance in the prices of houses and building lots that may be made.

Already, holders of property are unwilling to force sales or even to part with it on terms that they would have thought themselves fortunate to have obtained six months ago.

The causes that are operating to advance the value of property are also stiffening rentals, and there are now less empty houses and shops in Halifax than there have been for some time at this season of the year. Rents asked are, and will be higher than they were last year.

We can only, in view of these facts, advise our friends and readers, as we did in our December and January issues, that the present is a good time to secure property in Halifax, whether for a home or on speculation. "There's money in it."
