**Payment of A. G. Hamilton by Interior and Public Works  
Departments.**

AUDIT OFFICE, OTTAWA, April 20, 1893.

SIR,—I notice from your statements of expenditure on account of Government in the North-west Territories that you are paying A. G. Hamilton, of Moosomin, \$45 per month, as caretaker of the Court House. Mr. Hamilton also receives \$33.33 a month, or \$400 a year, from the Public Works Department for apparently the same service, making his monthly salary \$78.33.

Kindly inform me if there is any arrangement between your department and the Public Works Department with reference to the division of this man's salary.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

DEPT. OF INTERIOR, OTTAWA, May 16, 1893.

SIR,—In reply to your letter of the 20th ult., calling attention to the fact that Mr. A. G. Hamilton, of Moosomin, is receiving \$45 per month from this department as caretaker of the Court House at that place, and also \$33.33 a month from the Department of Public Works for apparently the same service, I have to inform you that the latter department has been requested not to make any further payment to Mr. Hamilton on this account until the matter is looked into, and an understanding arrived at. The Department of the Interior will also withhold payment of any money to Mr. Hamilton on this account till a decision is reached.

In the meantime we have asked the Department of Justice to communicate with the Judge and to ask him for a report upon the nature of Mr. Hamilton's duties.

I am, sir, your obedient servant,

JOHN A. HALL, *Act. D.M.I.*

The Auditor General.

DEPT. OF THE INTERIOR, OTTAWA, June 13, 1893.

SIR,—Referring further to your letter of the 20th April last, regarding Mr. A. G. Hamilton, of Moosomin, I have the honour, by direction, to inclose herewith a copy of a report which has been received from Judge Wetmore in reference to the duties performed by Mr. Hamilton. As the Deputy Minister views this matter he is not called upon to take any further action in the meantime, Hamilton's pay for the month of May having been stayed.

I am, sir, your obedient servant,

LYNDWODE PEREIRA, *Asst. Sec.*

The Auditor General.

MOOSOMIN, ASSA., May 25, 1893.

DEAR SIR,—As requested by your letter of the 18th inst., I have to make the following report upon the letter of the Acting Deputy Minister of the Interior you inclosed to me. I think Mr. Hamilton was acting as the caretaker of the Court House building here previous to my moving into it nearly two years ago, and I can only report upon the duties he has performed since I moved in. The Court House building was built for a court house and offices for the officers of the court and for a barracks for the members of the North-west Mounted Police force stationed here and for a jail or lock-up. The whole of the upper flat of the building is appropriated to court purposes, containing the court room, judges' chambers, jury room and witnesses' room. The offices of the sheriff and clerk are situated on the ground flat in the extreme south end of the building. The whole of the rest of the building is set apart for the use of the police force and for the

## Auditor General's Report, 1892-93.

lock-up. The police force have never occupied the building, except possibly on a very few occasions when they have confined a prisoner committed for trial and pending the trial in the cells; they have never exercised any control or care over any part of the building. Whatever care has been exercised over the part set apart for the force and for the lock-up has been exercised by Hamilton. Up to this spring the only way of getting from that part of the building set apart for the court and its officers to the cellar where the fuel was stored or to the water closets or to the yard where the ashes were placed was through the part set apart for the police. Of course this made that portion a thoroughfare and it had to be kept clean to some extent at least. Moreover, the upper part of the building where my chambers are would not have been occupied in the winter time on account of the cold, unless fires had been kept continually going in the police part of the building, and that involved keeping three large stoves going there. Hamilton had to attend to that, and did so. Of course he had also to attend to the part of the building set apart for the purposes of the court and its officers, and he did so. Assuming that \$45 a month would be a fair remuneration for taking care of the court room and appurtenant rooms and of the rooms of the officers of the court (and it would strike me as a fair remuneration provided that the caretaker had also to act as messenger of the judge) I think the caretaker would fairly be entitled to something extra for the work he has had to do in connection with the part of the building built for the police force and lock-up. Possibly \$400 might be considered too much for this. I may say, however, that Mr. Hamilton's services in connection with the barracks and lock-up part of the building will cease in a few days, as the police force are now making preparations to occupy it and will be in by the 1st of June. Hamilton has never acted as crier of the court, the police constable detailed to attend the sittings of the court has always done so. I have never used Hamilton as a messenger, as Mr. Hall's letter was the first intimation I ever had that the caretaker was to be used as such. I would be very much obliged if Hamilton was notified by the proper department that he is expected to act as my messenger, and that I might receive information that such notification has been given. The duties that Hamilton has performed since I moved into the building have been to see what repairs are required and have them done or call the attention of the department thereto, see that the fuel is laid in, attend to the fires, keep the rooms clean, attend to the wash-room in connection with my chambers, look after the furniture and generally to exercise a care over the building and furniture.

Yours very truly,

E. L. WETMORE.

The Deputy Minister of Justice.

### Certificates on Vouchers.

AUDIT OFFICE, OTTAWA, April 21, 1893.

SIR,—I beg to acknowledge receipt of the statement and vouchers for the expenditure under the special credit during the month of March.

I am glad to note a considerable improvement in the vouchers sent me as regards their being the original accounts instead of mere office copies. I notice, however, that they are still deficient as regards certificates. Section 33 of the Audit Act expressly provides that every account should bear the certificate of the officer directly in charge, that the materials have been supplied, or that the work has been performed, as the case may be, and that the price charged is according to contract, or if not under contract, is fair and just.

Kindly see that in future all the accounts are fully certified in accordance with the above.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk, Legislative Assembly, Regina.

LIEUTENANT GOVERNOR'S OFFICE, REGINA, N.W.T., April 25, 1893.

SIR,—I have the honour to acknowledge receipt of your letter of the 21st instant, in acknowledgment of the March statement and vouchers for expenditure under the special credit.

I am gratified to learn that you have observed a considerable improvement in the vouchers now being sent you.

I have taken special note of your remarks regarding certificates and will see that all accounts are certified in future in the matter mentioned.

I am, sir, your obedient servant,

The Auditor General.

R. B. GORDON, *Clerk Leg. Ass.*

### Payment of per diem allowance to C. H. Royal.

AUDIT OFFICE, OTTAWA, June 22, 1893.

SIR,—North-west Government cheque No. 172 is for a payment to Mr. C. H. Royal of \$8, balance of travelling expenses, accompanying the Lieutenant-Governor to Ottawa, as private secretary.

I notice that Mr. Royal charges a living allowance of \$3.50 per diem for the 31 days he was on the trip. Under Order in Council of February 6 last, all officers travelling on Government business are to be paid reasonable actual living expenses only for all trips begun after that date, instead of being granted a per diem allowance. As Mr. Royal started on this trip on February 15, he is only entitled to actual expenses.

Kindly obtain from Mr. Royal an amended account based on the actual expenses basis and have any difference between the amount of the amended account and the amount already paid him refunded to the credit of the Receiver General.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

DEPT. OF THE INTERIOR, OTTAWA, June 28, 1893.

SIR,—I have the honour, by direction, to acknowledge the receipt of your letter of the 22nd inst., in regard to Mr. C. H. Royal's account for travelling expenses, and to say that Mr. Burgess does not know how the account in question can be amended, as the Order in Council of February 6 last providing that actual expenses only shall be reimbursed was not communicated to this department until the 14th of February, or just one day before Mr. Royal started on his trip. It would therefore have been manifestly impossible that he should have been notified of the change before starting. A letter is being written to the Lieutenant Governor saying that you will be satisfied if Mr. Royal will certify that the account which he has rendered represents his actual expenses. This, it is understood, is in general your conclusion in regard to accounts of this nature.

I am, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, *Asst. Secy.*

AUDIT OFFICE, OTTAWA, June 30, 1893.

SIR,—I beg to acknowledge receipt of your letter of the 28th inst., in reply to mine of 22nd inst., in regard to Mr. C. H. Royal's account for travelling expenses.

In reply, I beg to say that Mr. Royal's certificate that the account which he has rendered represents his actual expenses, will under the circumstances be satisfactory, provided his certificate is supported by such evidence as it is possible to obtain.

I am, sir, your obedient servant.

The Deputy Minister of Interior.

F. HAYTER, *for A.G.*

# Auditor General's Report, 1892-93.

GOVERNMENT HOUSE, REGINA, September 12, 1893.

DEAR SIR,—With reference to your letters of June 28 and July 4 last addressed to His Honour the Lieutenant Governor of the North-west Territories, relating to my account for travelling expenses while accompanying His Honour in my capacity of private secretary, on a trip to Ottawa in February and March last, I beg to say that, not considering it necessary to keep the different vouchers for the moneys paid during the said trip, I had destroyed the same at the time my attention was called to your communications. However, I beg to state that the account rendered in March is a true and correct account of the moneys expended and actually paid during the said trip to Ottawa. Hoping that you will find this to be satisfactory,

I am, sir, your obedient servant,

C. HENRI ROYAL.

The Deputy Minister of Interior.

## Telephones at Government House and Stables.

AUDIT OFFICE, OTTAWA, June 28, 1893.

SIR,—I notice from the expenditure during the current year out of the Lieut. Governor's credit that the following payments have been made to the Bell Telephone Company for telephones at Government House:—

Telephone apparatus at Government House, 12 months to July 1, 1893.....	\$ 36 00
Telephone apparatus at stables, 12 months to June 1, 1893 .	36 00
do Government House connecting with stables, 12 months to June 1, 1893.....	36 00

Please explain the necessity of so many sets of telephones in connection with Government House.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

REGINA, July 15, 1893.

SIR,—I am directed by His Honour the Lieutenant Governor to acknowledge receipt of your letter of the 6th inst., inclosing copy of letter from the Auditor General dated the 28th ult. respecting telephones at Government House.

His Honour desires me to inform you that one telephone at Government House is connected with the general telephone system of the town through its central office.

As regards the other telephones mentioned, the only stables as yet provided for Government House are those situated at the old building and about a quarter of a mile distant from the present house.

These stables are connected with Government House by a direct wire, which requires a telephone at each end.

I am, sir, your obedient servant,

R. B. GORDON, *Sec. to Lieut. Gov.*

The Secretary, Department of the Interior.

## Removal of Insane to Brandon Asylum.

AUDIT OFFICE, OTTAWA, June 30, 1893.

SIR,—I have the honour to acknowledge receipt of your application of the 26th inst., asking for the transfer to the credit of Manitoba Penitentiary of two amounts of \$657.50 and \$287.54 for maintenance during March of insane patients from the North-west Territories and from the district of Keewatin respectively.

I notice from the accounts accompanying your application that there is a charge for fourteen days maintenance for each patient, while on May 3rd last the Brandon Insane Asylum was paid for 18 days maintenance of the same patients during March. It would thus appear that there is an overcharge of one day's maintenance on one of the other set of accounts.

I would also ask for details of the expenditure for removal expenses, which amounts to \$8.73 for each individual patient.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

DEPT. OF THE INTERIOR, OTTAWA, August 3, 1893.

SIR,—With reference to your letter of June 30, last, drawing attention to an apparent overcharge of one day for the maintenance of insane patients during the month of March last, and also asking for the details of the cost of removing the patients from the Manitoba Penitentiary to the Brandon Insane Asylum, I have the honour, by direction, to inclose herewith a copy of a letter which has been received from the Department of Justice giving the facts of the case, and to draw your attention to the concluding paragraph of that communication, according to which you are already in possession of the vouchers for the expenditure.

I am, sir, your obedient servant,

The Auditor General.

F. NELSON, *for the Asst. Secy.*

DEPT. OF JUSTICE, PENITENTIARY BRANCH, OTTAWA, July 24, 1893.

SIR,—I have the honour to acknowledge the receipt of Mr. Pereira's letter of the 12th instant, inclosing a copy of a letter addressed by the Auditor General to Mr. Burgess, asking for certain explanations, &c., with reference to expenses incurred in removing the insane patients from Manitoba Penitentiary to Brandon.

Regarding the alleged overcharge of one day's maintenance referred to by the Auditor General, I quote an extract from a letter received by the Inspector of Penitentiaries from the Warden of Manitoba Penitentiary under date the 27th May last, as follows:—

"The patients left here early on Monday, March 13th, and should have reached Brandon the same day, but the train was snow bound, and in consequence the patients did not reach Brandon till the evening of the following day, March 14th, hence the accounts against the Interior Department include the 14th of March."

You will therefore see that the overcharge referred to was made by the Brandon Asylum authorities and not by the penitentiary.

The details of expenditure for removal expenses which amounts to \$8.73 per patient is accounted for as follows:—

## Auditor General's Report, 1892-93.

---

---

The Auditor General has already been furnished with vouchers for the above expenditure.

I am, sir, your obedient servant,

A. POWER, *for D.M.J.*

The Deputy Minister of Interior.

---

AUDIT OFFICE, OTTAWA, Sept. 7, 1893.

SIR,—I beg to acknowledge receipt of your letter of the 3rd ultimo, inclosing a copy of one from the Department of Justice with reference to the maintenance of insane patients during the month of March last.

If, as would appear from the letter of the Department of Justice, the patients were a charge on the Manitoba Penitentiary for the whole of March 14, the Manitoba Government has been overpaid for one day's maintenance at the Brandon Asylum and should be called upon to refund that amount.

Among the expenses of removal I notice a payment of \$25 to Wm. Nevins for lunch for the patients at Portage la Prairie on the 14th March. This amount should be deducted from the amount to be credited to Manitoba Penitentiary, as the 96 cents per day allowed the penitentiary is supposed to cover all the cost of maintenance.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

---

DEPT. OF THE INTERIOR, OTTAWA, Dec. 2, 1893.

SIR,—Referring to your letter of the 30th of June last, in which you state that it would appear that there was an overcharge of one day's maintenance of insane patients by the Brandon Asylum authorities, I am directed to transmit to you herewith a copy of a letter, dated the 14th of September last, from Mr. Sifton, Chief Clerk Public Works Department, Winnipeg, together with a copy of the accompanying communication, dated the 13th idem, from the Superintendent of the Brandon Asylum, in explanation of the apparent overcharge.

I am, sir, your obedient servant,

LYNDWODE PEREIRA, *Asst. Sec.*

The Auditor General, Ottawa.

---

WINNIPEG, September 14, 1893.

SIR,—In reply to your communication of the 7th instant, *re* overcharge for maintenance of North-west insane patients, by Brandon Asylum, I beg to inclose you herewith a copy of a letter received this morning from Dr. Bell, the Superintendent of the above named institution, which explains itself. Dr. Bell refers, in his letter, to his having been advised by this department that the patients would be transferred from Stony Mountain on the 13th of March last. With reference to this I may say that this advice was as received from the penitentiary. Trusting that the foregoing explanation will be satisfactory.

I am, sir, your obedient servant,

JOHN W. SIFTON, C.C.

The Secretary Dept. of Interior.

---

BRANDON, September 13, 1893.

SIR,—I am in receipt of your favour of the 12th instant, in reference to overcharge of one day's maintenance of North-west insane patients at this asylum and inclosing correspondence *re* said overcharge.

In regard to this matter I beg to state that we were notified by your department that insane patients would be transferred to this asylum from Stony Mountain on March 13 last, and instructed to make all preparations for reception of same. Unfortunately the train was delayed by a snow storm and did not arrive here until the afternoon of March 14. During the interval we were unable to get any information as to the whereabouts of train or as to the probable time of its arrival and the whole staff was kept on duty during the night of March 13, not knowing what moment train might arrive.

The patients were received here at 4 p.m. March 14, and I considered it fair and proper, under the circumstances, to charge for the whole day. Inclosed herewith I return you the correspondence forwarded to me with your letter.

I am, sir, your obedient servant,

GORDON BELL, *Md. Supt., Brandon Asylum.*

The Minister of Public Works, Winnipeg.

DEPT. OF JUSTICE, CANADA, PENITENTIARY BRANCH,  
OTTAWA, January 9, 1894.

SIR,—Referring to Mr. Pereira's letter of the 2nd ultimo, inclosing a copy of a letter addressed to the Deputy Minister of the Interior by the Auditor General wherein he takes exception to the amount—\$25—paid by the Manitoba Penitentiary for lunch supplied certain lunatics while en route from the penitentiary to the Insane Asylum at Brandon, being refunded by the Interior Department, I have the honour to inform you that the charge referred to is an exceptional one, inasmuch as the lunch was necessary owing to the train which conveyed the lunatics having been snow bound for seventeen hours on the way. The charge appears to have been a proper one against your department and the refund appears to have been properly made.

I am unable to concur in the exception taken by the Auditor to the refund in question.

I am, sir, your obedient servant,

E. L. NEWCOMBE, *D.M.J.*

The Secretary, Interior Department.

### Investigation at Regina.

Immediately after the publication of my report for 1891-92, it was discovered, on comparing the expenditure made by the Public Works Department, and by the Lieutenant Governor, on account of the new Government House and Government offices at Regina, that duplicate payments for identical services had apparently been made. The amount of these duplicate payments was \$4,909.28, as shown by the statement below.

As it was hardly probable that the different tradesmen would have retained the amounts thus overpaid them, the question of the ultimate disposition of these moneys arose. I accordingly deemed it advisable to send a member of this office to Regina with full powers, under section 57 of the Audit Act, to inquire into any irregularities.

### REPORT ON ADVANCES MADE BY THE NORTH-WEST GOVERNMENT ON ACCOUNT OF PUBLIC WORKS, WHICH ADVANCES WERE SUBSEQUENTLY REFUNDED TO OFFICERS OF THE NORTH-WEST GOVERNMENT.

On November 5, 1889, a cheque for \$200 was issued by the North-west Government in favour of Thomas Cummings for digging a well at Government House; some time subsequent to this a second cheque for the same amount was issued in favour of Cummings by the Public Works Department, in payment of the same service. Both these cheques came into Cummings's possession and the proceeds of them were retained by him at first. The matter was put into the hands of Mr. D. L. Scott and the amount overpaid was ultimately recovered by him in two separate amounts of \$84.40 and \$115.60 respectively. These amounts thus recovered were deposited in the Bank of Montreal at Regina, to the credit of the Lieutenant Governor's Trust Account. These deposits were made on July 5, 1890, and January 16, 1891, respectively. The amount thus recovered has not yet been brought to the credit of the Receiver General and does not appear to have passed out of trust account as a refund. Further information as to the disposal of this amount of \$200 will be given in that part of my report which deals with the Lieutenant Governor's trust account.

During the summer and fall of 1890 the following cheques were issued by the North-west Government as advances on account of materials supplied and work performed in connection with the fence at Government House :—

Date.	Cheque No.	Name.	Amount.
			\$ cts.
July 4, 1890.....	20	D. McCarthy .....	200 00

do 4, 1890.....	867	Smith & Fergusson .....	250 00
		Total.....	772 00

On Nov. 19, 1890, a Receiver General's cheque was issued on the application of the Public Works Department in favour of J. A. MacCaul, of Regina, for the amount of \$1,971.50, the total cost of fencing at Government House. Out of the proceeds of this cheque MacCaul settled the accounts of McCarthy, Gordon and the Smith Fergusson Co., as well as his own account, and the balance, with the exception of \$772 was handed to Mr. H. J. Peters, the then clerk of works, to pay Aldous' and other accounts in connection with the fencing. The \$772 retained by MacCaul was the amount advanced as above by the Lieutenant Governor on account of the fencing works. Instead of refunding this amount immediately, MacCaul retained it for the time, with the permission of the Lieutenant Governor, as he had at that time several accounts outstanding against the Government. As other accounts were subsequently paid MacCaul, refunds were made by MacCaul on account of the fencing advances. MacCaul claims to have thus refunded the full amount of the \$772 advanced, though he cannot say definitely when and how the different refunds were made. The final refund, however, was made at the North-west Government offices by Mr. Peters handing L. O. Bourget, the accountant of the North-west Government, in the presence of MacCaul, a certain amount of cash then due MacCaul on another account. The amount of this last payment, according to MacCaul's evidence, was about \$387. The receipt, however, given by Bourget, according to the copy sent me by Mr. Peters, is for \$283.25 only. This payment was made in the latter end of August, 1892. Another refund on account of these fencing advances appears to have been made by North-west Government cheque No. 1764 of April 27, 1891, issued in favour of MacCaul for the amount of \$135.83 for lumber supplied for Government House. This cheque was endorsed by MacCaul and deposited to the credit of the Lieutenant Governor's Trust Account on May 29, 1891, forming part of a deposit of \$411.58 made on that day. This refund has not yet passed to the credit of the Receiver General. Further information as to the disposal of this amount will be given in that part of my report which deals with the trust account.

On August 18, 1890, a cheque was issued by the North-west Government in favour of J. A. MacCaul for \$229.36 for lumber supplied at the gardener's house at Government House. According to MacCaul this amount was not due him directly but was due one N. Millette, who had the charge of the execution of certain works at Government House. Millette, however, owed MacCaul this amount for lumber supplied and gave him an order on the North-west Government for the amount in question. This cheque has been credited in MacCaul's books to the account of Millette. On Aug. 10, 1891, a second cheque was issued by the North-west Government in favour of MacCaul for the same amount, viz., \$229.36. This cheque appears from the endorsement to have been cashed at Winnipeg by L. O. Bourget. As regards this cheque there is a considerable difference between the statements of MacCaul and Bourget. MacCaul states that it was in payment of the same service as the first cheque for this amount, i. e., the old Millette account, and that as payment of this had already been made, and as the money consequently was not then due him he returned the cheque to

## Auditor General's Report, 1892-93.

Bourget after endorsing it. Bourget states on the contrary that this amount was due MacCaul on account of lumber supplied and that MacCaul returned it to him as a refund on account of the fencing advances. No account, however, has ever been received in this office in support of the second cheque, nor could any trace of one be found at the North-west Government offices. The following letter found in a letter-book at the office of the Department of Public Works at Regina, would make it appear that MacCaul's statement that the second cheque was also in payment of the Millette account is the correct one :—

OFFICE OF THE DOMINION PUBLIC WORKS, NORTH-WEST TERRITORIES,  
REGINA, August 6, 1891.

To L. O. BOURGET, Accountant,  
Regina.

DEAR MR. BOURGET,—Inclosed please find copy of account Millette (\$229.36) you asked me about yesterday.

Sincerely yours,  
HENRY J. PETERS.

This account is still due J. A. MacCaul.

During the fiscal year 1891-92 sundry payments and advances were made by the Lieutenant Governor of the North-west Territories on account of work done and materials and furniture supplied in connection with the new Government House, the new Government offices and the Council Chamber. These advances were to be refunded by the Public Works Department. As well as I could ascertain the amount of the advances to be thus refunded was \$4,909.28 as shown by the accompanying statement marked "A." Refunds as follows were made by Mr. Peters to the North-west Government on account of these advances :—

1. On January 22, 1892, the amount of \$25 was sent to Mr. Bourget by Mr. Peters in cash. Bourget acknowledges receipt of this amount, but this refund has never been brought to account in any way.

2. On February 11, 1892, the amount of \$1,730.65 was deposited by Mr. Peters in the Bank of Montreal, Regina, to the credit of the North-west Government Local Fund. This amount was afterwards transferred to the credit of the Lieutenant-Governor's Trust Account, and was finally deposited to the credit of the Receiver General on August 12, 1892. One of the sums making up this amount was \$111.96 deposited by MacCaul. Bourget states that this was another refund on account of the fencing advances. MacCaul states, however, that it was a refund on account of another payment to him; and sundry memoranda and statements made out by Mr. Peters would make it obvious that this refund by MacCaul was on account of a payment made to him out of an advance of \$808.80, advanced by the Lieutenant-Governor to one W. T. Mollard, a carpenter employed on the different works.

3. A third refund on account of advances in question was made on August 11, 1892, when cheques and cash to the amount of \$3,141.02 were handed Bourget by Peters. Of this amount \$179 was due Scott & Leslie, of Winnipeg, as their account had not been paid, leaving the refund as \$2,962.02. Bourget gave Peters a receipt for the moneys received, a copy of which is shown. Of this amount \$1,691.55 was re-advanced to Peters on the authority of the Lieutenant Governor to pay the outstanding accounts of Simon Peters of Quebec for \$924.94 for inside blinds, and of Saunders & Talbot of Winnipeg, for \$762.40 for paper-hanging, &c. The amount thus remaining in the hands of Mr. Bourget was \$1,270.47. Mr. Bourget could not say what disposal was made of this amount, but it has never been brought to account in any form. Of the cheques received by Mr. Bourget the three following appear to have been cashed by him at Quebec in the fall of 1892 :—

John McGuirl for desks.....	\$ 24 40
North-west Government, freight charges.....	47 79
E. B. Read, file boxes, &c.....	110 02

All the other cheques seem to have been cashed at Regina, but no further information is to be drawn from them. With reference to the cheque for \$47.79 in favour of the North-west Territories Government, this was endorsed by L. O. Bourget, Accountant of the North-west Territories, and apparently cashed at Quebec. As far as I could learn, the only person authorized to endorse cheques drawn in favour of the Government of the North-west Territories, besides the Lieutenant Governor, is Mr. R. B. Gordon, whose endorsement is only good for deposit. Bourget seems to have had no authority to endorse the cheque in question.

The following statement is a summary of the different amounts received by Mr. Bourget which have not been accounted for by him in any way:—

N. W. Govt. cheque favour J. A. MacCaul .....	\$ 229 36
Final refund by MacCaul on account of fencing advances.	283 25
Amount refunded by Peters Jan. 20, 1892.....	25 00
do do Aug. 11, 1892.....	1,270 47
Total.....	\$1,808 08

Together with other amounts refunded by MacCaul on account of fencing advances but which cannot yet be determined.

In connection with the above I submit the following documents:—Evidence of L. O. Bourget; statement of refunds made out by Mr. Bourget; sworn statement of Mr. Peters of amounts refunded, with copies of receipts; copy of a letter from Mr. Peters to Mr. Bourget, dated January 22, 1892 and inclosing \$25 in cash.

J. WARREN REID.

AUDIT OFFICE, OTTAWA, April 5, 1893.

#### REPORT ON THE LIEUTENANT GOVERNOR'S TRUST ACCOUNT.

In the course of my inquiry into the matter of the advances by the North-west Government and the refunds consequent thereon, I learned of an account in the Bank of Montreal at Regina, styled the Lieutenant Governor's Trust Account, or more accurately "The Lieutenant Governor, Dominion Funds in Trust." This account appears to be of the nature of a suspense account, into which are passed moneys received as refunds on account of the Dominion Government, as well as amounts received on account of fines and forfeitures accruing to the Dominion Government. The depositing of the amounts received on account of the Dominion, to the credit of this account, and the ultimate remittance of the same to Ottawa, was, as far as I was able to learn, in charge of C. A. W. Lethbridge, a clerk in the North-west Government offices. As two or three of the amounts refunded on account of Public Works advances had been credited to this account, but had apparently never been withdrawn and transmitted to the credit of the Receiver General, I considered it my duty to inspect the account in question.

Statement "B" attached hereto is a copy of this account as taken from the books of the Bank of Montreal, starting from the beginning of the fiscal year 1890-91, at which time there were no moneys lying at the credit of this account.

The first deposit is one of \$84.40 made on July 5, 1890. This appears to be the first amount recovered on account of the over-payment to Cummings, referred to in a previous part of my report. On August 6, 1890, the sum of \$49 was chequed out of this account for fines collected for the June quarter. As no previous deposit had been made on account of fines collected this remittance of \$49 was actually taken out of the \$84.40 refunded by Cummings. On October 11, 1890, a deposit of \$407.62 was made, being made up of the \$49 fines collected for the June quarter, and of \$358.62, the amount of fines collected for the September quarter. This amount of \$358.62 was remitted to Ottawa on October 28, 1890, leaving the balance at the credit of the account once more at \$84.40. On January 16, 1891, the amount of \$386.10 was deposited to the credit of the account, this sum being made up of \$270.50 the amount of fines collected for the December quarter, and of \$115.60, the second refund on account of the over-payment to Cummings. On the following day the amount

## Auditor General's Report, 1892-93.

of the fines was remitted to Ottawa, less 50 cents for commission on cheques, leaving the amount of \$200, at the credit of the account, being the full refund of the over-payment to Cummings. On March 19, 1891, the sum of \$501.40 was credited to the account, on account of fines received for the March quarter. Against this credit appears a charge of \$2 for commission on cheques, leaving a balance in the account of \$699.40. On April 14 the sum of \$580.40 was remitted to Ottawa for fines for the March quarter, and \$119 was left at the credit of the account, the refund of \$200 being thus drawn upon to the extent of \$81. On May 29, 1891, a deposit of \$411.58 was made, which was made up of fines collected to that date amounting to \$275.75, which included the \$81 short deposited for the March quarter, and of \$135.83. a refund by J. A. MacCaul on account of advances for the Government House fence. Against this deposit there is a charge of 25 cents for commission on cheques. On August 21 a further deposit of \$337.25 was made for fines collected during the June quarter. As a deposit had already been made on account of fines for this quarter it would appear that too much had been deposited. Accordingly on the same date the sum of \$337 was transmitted to Ottawa, and a few days later (on September 8) \$194.50 was drawn out by Mr. Lethbridge to make good the over-deposit. These transactions left the balance at the credit of the account as \$336.08, being 25 cents in excess of the proper amount, which was \$335.83, made up of the Cummings refund of \$200 and of MacCaul's refund of \$135.83.

The next entry in the account under discussion was made on March 9, 1892, when \$1,730.65 was placed to the credit of the account. This was the amount deposited by Mr. Peters, in February, to the credit of the local fund, now transferred to the credit of the trust account. In the spring of this year (1892), the Lieutenant Governor and Mr. R. B. Gordon were, I was given to understand, called to Ottawa on official business. As no funds were available at the time out of the regular appropriation, the vote for travelling expenses being exhausted, it was decided to borrow the necessary amounts from the amount then at the credit of the trust account. Accordingly, on March 15, the amount of \$250 was drawn out by Mr. Gordon as an advance on account of travelling expenses, and on April 5, the amount of \$300 was drawn out by the Lieutenant Governor for a like purpose. These withdrawals reduced the balance in the account to \$1,516.73. On August 12, 1892, the sum of \$300 was deposited in the account, being a refund of the advance of that amount to the Lieutenant Governor. As this brought the balance up to \$1,816.73, it was now possible to remit the amount of \$1,730.65, refunded by Peters, to Ottawa. This remittance accordingly was made, and the balance dropped to \$86.08.

On September 2, 1892, a deposit of \$268.70 was made on account of fines collected during the fiscal year 1891-92, this being the first deposit of this nature since August 21, 1891, and on September 8, 1892, a second deposit was made of \$440.22 also on account of fines for the year. On the following day the amount of \$788.92 was transmitted to Ottawa, being the amount of fines collected for the year. It will be noticed that the amount transmitted was \$80 in excess of the sums deposited on account of fines, the \$80 being drawn against the balance of \$86.08 remaining in the account on account of refunds. On September 21, a cheque of \$6.08 (the balance then remaining in the account) was issued in favour of C. A. W. Lethbridge, being for an alleged over-deposit. The issue of this cheque left no funds whatever at the credit of the account. Since the last date referred to above the only entry in the account is a deposit of \$250 on February 28, 1893, by Mr. R. B. Gordon, being the amount advanced him in March, 1892. This amount of \$250 is all that was standing at the credit of the account at the time of my inspection. The amount that should have been at the credit of the account at that time was \$335.83, being made up of \$200 refunded by Cummings, and of \$135.83 refunded by MacCaul. The shortage of \$85.83 in the account would appear to have been caused by the excess of the amounts remitted to Ottawa on account of fines and forfeitures over the amounts actually deposited in the trust account for the fines collected.

It will be noticed that the collections on account of fines do not appear to have been banked as they were received, but were allowed to accumulate at the office, and

deposited, at first quarterly, but that in the case of collections for the year 1891-92 no moneys were banked until September, 1892, some time after the attention of the Department of the Interior had been drawn to the fact that no deposits had as yet come to credit for the year on account of fines collected. It will also be noticed that as yet no amounts have come to account in any way for fines and forfeitures collected during the present fiscal year. I was given to understand by Mr. Gordon, who now has charge of these collections, that he has purposely avoided depositing the collections until the trust account was adjusted.

J. WARREN REID.

Audit Office, Ottawa, April 6, 1893.

AUDIT OFFICE, OTTAWA, April 10, 1893.

SIR,—In connection with my letter of the 5th instant accompanying a report of Mr. J. W. Reid of this office on certain irregularities in the handling of Dominion money at the North-west Territories offices at Regina, I now inclose a supplementary letter from Mr. Reid.

This deals with a separate branch—the Lieutenant Governor's Trust Account.

With reference to both reports, I would draw your attention to the weaknesses of the system which permitted the defalcation of the accountant. The Lieutenant Governor and the Clerk of the Assembly, who held the credit for the amount required to meet expenditure in the North-west Territories, wrongly expended at various times considerable portions of their appropriations for improvements and furnishings of the Lieutenant Governor's residence and of the Executive and Legislative buildings, no appropriation under their control having been made for such purposes. Their excuse that the Public Works Department, who controlled the appropriations made for the services in question, could not be induced to take the necessary steps sufficiently rapidly, is one which if accepted would destroy every kind of control.

I recommend that instructions be forwarded to Regina that the appropriations be confined—temporarily as well as permanently—to the services for which they are granted; that all receipts of money in the nature of refunds of expenditure be immediately deposited to the Receiver General's account and credited to its appropriation; and that all revenue payments be in like manner deposited immediately to the Receiver General's account in the bank.

I make no reference to the adoption of any course towards the Accountant, he having been suspended, and it being no part of my duty to take any further proceedings.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary of Treasury Board.

AUDIT OFFICE, OTTAWA, April 7, 1893.

SIR,—Mr. Reid of this office has since his return from Regina, submitted to me a statement of the Lieutenant Governor's Trust Account, taken from the books of the Bank of Montreal, Regina. From this statement it would appear that the fines and forfeitures received on account of the Dominion were not deposited as they were received; but that they were allowed to accumulate in the N.W.T. Government offices and were deposited at distant intervals. Up to the end of the fiscal year 1890-91, these deposits were made quarterly; for the year 1891-92, no deposit was made until September, 1892; and no sums have been deposited as yet on account of collections for the current year. Certain amounts received as refunds were also deposited in this account, but have not yet been brought to the credit of the Receiver General.

In addition to the irregularity in retaining in the offices moneys collected on account of the Dominion, I need not point out to you the danger of loss that must arise from such system, which involves the keeping of a comparatively large sum of money

## Auditor General's Report, 1892-93.

in a cash drawer or safe. I must also say that I see no advantage to be gained by depositing any amounts collected to the credit of a trust account, which seems in the present case to be simply of the nature of a suspense account.

I have accordingly to request that you will cause to be at once deposited to the credit of the Receiver General all moneys now on hand and see that all moneys collected in the future on account of the Dominion Government, from any source whatever, be deposited to the credit of the Receiver General immediately on receipt.

I understand that the money received for fines and forfeitures during the current fiscal year and now undeposited is in the hands of Mr. R. B. Gordon, the Clerk of the Legislative Assembly. I have telegraphed Mr. Gordon to make the deposit.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

AUDIT OFFICE, OTTAWA, April 12, 1893.

SIR,—I beg to draw your attention to an apparent shortage of \$85.83 in the Lieutenant Governor's trust account at Regina, as appears from a statement of that account submitted to me by Mr. Reid, of this office, and obtained by him from the books of the Bank of Montreal, Regina, and from books of account in the North-west Government offices.

The total amount deposited in that account for fines and forfeitures during the year 1891-92 was \$708.92, made up of two deposits, one of \$268.70 on September 2, and one of \$440.22 on September 8, 1892. The total collections for the year, according to the statements sent this office, amounted to \$788.92, which amount was checked out of the trust account and remitted to Ottawa on September 9, 1892. The \$80 short deposited on account of fines and forfeitures seems to have been taken out of a balance of \$86.08 left in the account in August, 1892. On September 21, the balance of \$6.08 then remaining in the account was paid out in settlement of a cheque drawn for that amount in favour of C. A. W. Lethbridge for an over-deposit on account of fines. In reality, instead of there being an over-deposit, it would appear that there was \$80 short deposited.

If the total amount deposited on account of fines and forfeitures agreed with the amount remitted to Ottawa, there should now be in the account the sum of \$335.83, made up of two refunds, one of \$200 for an advance to Thos. Cummings, and one of \$135.83 refunded by J. A. MacCaul on account of fencing advances. Instead of this amount there was at the time of inspection only \$250 at the credit of the account, the sum of \$85.83 having disappeared. This amount of shortage agrees within 25 cents with the amount made up of the \$80 short-deposited on account of fines for the year 1891-92, and of the \$6.08 withdrawn by Mr. Lethbridge as an over-deposit.

Kindly obtain for me from Mr. R. B. Gordon a full explanation of this shortage, showing who is directly responsible for the same; and if it would appear that the short-deposit referred to was made in error, have the amount at once refunded to the credit of the Receiver General, together with the \$250 now lying at the credit of the trust account.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

LIEUTENANT GOVERNOR'S OFFICE, REGINA, N.W.T., April 24, 1893.

SIR,—I am directed to acknowledge receipt of your letter of the 15th instant, No. 327740, with inclosed copy of letter from the Auditor General in reference to a sum of \$85.83 apparently short deposited to the credit of the Lieutenant Governor's Trust Account.

This matter has been referred to Mr. C. A. Lethbridge, who had charge of the sums received on account of fines and forfeitures, and by whom they were deposited to the credit of this account. He states that the short-deposit referred to has been made in error, that he was quite unaware of the mistake until it was pointed out to him by Mr. Reid, when in Regina, and is now unable to say how it could have come about.

The amount in question of \$85.83 has been at once deposited by Mr. Lethbridge to the credit of the Receiver General, and I inclose herewith deposit receipt for same.

Deposit receipt for the \$250, also mentioned in the Auditor's letter, had already been forwarded to the department.

I am, sir, your obedient servant,

The Secretary, Department of Interior.

R. B. GORDON, *Sec. to Lt. Gov.*

LIEUTENANT GOVERNOR'S OFFICE, REGINA, N.W.T., May 1, 1893.

SIR,—I have the honour to acknowledge receipt of your letter of the 17th ultimo, No. 327720, inclosing copy of a letter from the Auditor General, dated 12th ult., with accompanying papers, and conveying the instructions that the appropriations for the government of the North-west Territories shall in future be temporarily as well as permanently confined to the services for which they are granted; also, that all moneys received in the nature of refund of expenditure shall immediately be deposited to the credit of the Receiver General and credited to the proper appropriation, and that all revenue payments shall be deposited in like manner.

I beg to say, in explanation of the deviation from this course which has occurred, that the expenditures referred to in the correspondence accompanying your letter appeared to be rendered absolutely necessary for the purpose of securing the completion of Government House and buildings, which would have otherwise remained uninhabitable for another season.

These expenditures were reported to the department from time to time in the monthly statements, and no objection having been raised to the course pursued, it was reasonably presumed that the making of such temporary advances did not meet with disapproval.

As no objection had been made to the expenditures above mentioned, it was thought equally unobjectionable to adopt a similar course in regard to the other temporary appropriations referred to.

I am, sir, your obedient servant,

The Deputy Minister of Interior.

R. B. GORDON, *Sec. to Lt. Gov.*

THE QUEEN vs. LOUIS O. BOURGET.

REGINA, N.W.T., July 6, 1893.

SIR,—I have the honour to state that in pursuance of the instructions contained in your letter of April 15 last, I obtained judgment in this case against the defendant on June 19 last for the sum of \$1,871.11, the amount being made up as follows:—

Amount due by defendant as per statement furnished me.	\$1,808 08
Taxed costs of judgment .....	63 03

Total judgment.....	<u>\$1,871 11</u>
---------------------	-------------------

I have issued executions against the goods and lands of the defendant, and placed them in the hands of the sheriff of this judicial district. The sheriff informs me that

## Auditor General's Report, 1892-93.

### Payment of Commissioners for Sundays.

FINANCE DEPT., OTTAWA, Oct. 4, 1892.

DEAR SIR,—I inclose herewith a letter from the Secretary of the Royal Commission on the Liquor Traffic, and I shall be glad if you will kindly let me know your views as to the payment of living allowance and services of the Commission on Sundays. Would you kindly let me hear from you as quickly as possible, so that I may communicate with Mr. Monaghan, and at the same time kindly return the inclosures.

Yours truly,

C. W. TREADWELL, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, October 5, 1892.

SIR,—Referring to your letter of to-day, asking for my views as to the payment of living allowance and services of the Royal Commission on the Liquor Traffic, I beg to say that, in my opinion, services can only be paid for the days of actual attendance at the sessions of Commission, or for the days occupied with travelling in connection with the Commission, while living allowance can only be paid for the days actually absent from home in connection with the Commission.

Examining Mr. Clarke's account, I find that he has charged for both services and living allowances for the 4th and 25th of September, the days of leaving Toronto and of arrival there. As he left Toronto late on the evening of the 4th and returned early on the morning of the 25th, I am of opinion that he is entitled to neither pay nor allowance for those days, and that consequently his account should be reduced by \$28.

As the Order in Council of Nov. 29, 1882, refers only to public officers and members of the service, and as the allowance in the case before us is at a special rate and granted under a special Order in Council, advantage cannot, I think, be taken of the clause that the days of leaving and arriving be counted as full days.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Finance Dept.

### Rate of Pay of Reporters.

AUDIT OFFICE, OTTAWA, February 10, 1893.

SIR,—The reporter of the evidence taken before the Royal Commission on the Liquor Traffic has, I understand, hitherto been paid only so much on account.

You are aware that reports of evidence are paid for under Order in Council at the rate of 15 cents a folio, on condition that there are four copies supplied. When more than four copies are ordered, a mistake which is frequently made is to suppose that the rate which the reporter is to get is found by multiplying 15 by the number of copies and dividing by 4. To determine that this is not in accordance with the intention of Council it is only necessary to recollect that, while there are more copies supplied, there is but one reporting.

My object in writing is not to say what should be paid for the number of copies ordered by the Commission, but that the attention of the Commission may be drawn to the fact that others have fallen into a mistake, and that the question of remuneration

for the notes of evidence when more than four copies are ordered, should be the subject of communication between the Royal Commission and your department.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Finance Department.

AUDIT OFFICE, OTTAWA, October 12, 1893.

SIR,—I notice from the expenditure on account of the Royal Commission on the Liquor Traffic, that Mr. Geo. B. Bradley, official reporter, has been paid the following amounts during the fourteen months ended August 31st last :—

Travelling expenses to December 23, 1892 .....	\$ 967 28
Services as assistant secretary, 72 days to December 23, 1892, at \$4.....	288 00
Services revising, editing and preparing evidence for printer, April, 23 days; May, 27 days; June, 26 days; July, 25 days; August, 27 days. Total, 128 days at \$7 .....	896 00
Advances on account of transcript.....	3,275 00
Total.....	<u>\$5,426 28</u>

I have to ask you to give me the full agreement made with Mr. Bradley as to the amount to be paid him for his services of all kinds.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Finance.

AUDIT OFFICE, OTTAWA, June 5, 1893.

SIR,—I beg to call your attention to the following remarks on the Customs expenditure for the months of July, August and September of the present fiscal year.

*Inspection.*

Cheque No. 29356 covers a payment of \$3 to J. S. Clute, Inspector, B.C., for telephone rent, July. The account of the Telephone Company should be furnished.

*Board of Customs.*

Miss D. Parlow is paid as an extra clerk at \$35 a month. The accounts do not bear the certificate of attendance required by the Minute of the Treasury Board of Oct. 2, 1891. I have not received any Order in Council authorizing her employment during the present year. The accounts should also bear the certificate of special qualifications.

*Miscellaneous.*

The following accounts are not certified as to delivery of goods nor as to price, as required by section 33 of the Audit Act:—

Cheque 29243.—G. H. Fawcett, to pay Butterworth & Co., \$1.40 and H. Living \$1.45 for measures.

Cheque 29509.—Pritchard & Andrews, stamps and repairs, \$39.95.

Bill of exchange (voucher No. 386) in favour of R. & J. Beck for two specific gravity bottles, \$3.65.

Cheque 29574.—Cole's National Manufacturing Company, two flags, \$11.25.

The articles and repairs obtained from Pritchard & Andrews should have been ordered through the Stationery Office.

*Contingencies of Ports.*

Cheques 29260 for \$6.10, 29263 for \$7.85, 29314 for \$12.20, and 29489 for \$6.10 are in favour of the Gurney Scale Co. for scales supplied to various ports. The accounts do not carry the certificates required by section 33 of the Audit Act, that "the goods have been received," and that the prices are "fair and just."

Cheques 29269, 29467 and 29678 for \$41.66 each, are in favour of H. H. Collier, the collector at St. Catharines, to pay James McCoppen for collecting customs at Port Robinson and Welland. The certificate on each of the vouchers that the service was rendered is signed by Mr. McCoppen. The person who performed a service is, of course, not the proper one to certify the account. The same remark applies to the voucher for W. W. Bradley's services as acting collector at Orangeville for August, cheque No. 29469 in favour of the collector at Toronto.

Cheques 29468 and 29631 in favour of the collector at Stratford, cover two payments of \$46.50 and \$45 respectively, to C. J. McGregor, acting collector at St. Marys, for railway and living expenses in August and September at \$1.50 a day. Please explain why this allowance is made, and give the division of the amount between railway fares and living expenses.

In the accounts for Toronto (cheques 29322 and 29515), there are included payments for cartage, the vouchers for which merely show the total amount per week. The accounts should be made out in detail, giving date and calculation of each item. I also observe that F. Reynolds, acting messenger, was absent through sickness 10 days in July and 8 days in August. A copy of the medical certificate or a memorandum from the collector stating that such a certificate was furnished, should be attached to the account.

## Auditor General's Report, 1892-93.

The Halifax accounts for July and August, cheques 29352 and 29508, each contain an item of \$31.25 for five chaldrons of Sydney coal. Is the heating of the custom-house at Halifax not under the control of the Public Works Department?

Sub-voucher 15 in the August account for Halifax is for \$14.95 paid for scrubbing and cleaning the Appraiser's office and for truckage. Details of the amount should be given, supported by the accounts of the persons who did the work.

Cheque 29409 for \$382.76, is in favour of the collector at New Westminster to pay H. D. Chantrell as acting sub-collector at Douglas the difference between \$400, his salary as preventive officer, and \$1,000 a year from July 1, 1891, to February 20, 1892. Was this increase of salary before Mr. Chantrell's appointment to the position of sub-collector authorized by Council?

Cheque 29555 for \$15 in favour of the collector at Windsor, Ont., is not supported by a voucher. Please have it furnished.

In the account of outlay at Prescott for the September quarter, cheque 29587, there is an item of \$5 for E. Jessup's expenses to Ottawa. The expenses should be detailed under dates and the account certified as required by the Order in Council of December 17, 1889. The same remark applies to the following payments:—

Newcastle, N.B., September quarter: P. Wheeler, fares to Nelson, \$4.50; to Derby Siding, \$2.

Belleville, Ont., September quarter: A. McGinnis, expenses to Kingston and return, \$4.50.

In the Quebec accounts for August there is an item of \$63 paid to T. Auclair for cartage. No details of the amount are given.

Cheque 29630 for the September quarter's contingencies at Sarnia, includes an item of \$39 paid to John Chester, the caretaker, for postage stamps. The account of the stamp vendor should be supplied.

The following items are receipted for by the collectors. The receipts of the persons to whom the money was paid should be supplied:—

Fredericton, September quarter, cheque 29632: postage \$8, telegrams, 75c.

Guelph, September quarter, cheque 29639: telephone message 65c.; repairs to stamp 15c.; repairs to safe handle, \$1.40; oilcloth, \$2.25.

Lunenburg, September quarter, (Bridgewater) cheque 29663: amount paid for coal, \$6.75.

Dorchester, September quarter, cheque 29683:  $\frac{1}{2}$  ton of coal, \$2.25.

Cheque 29640 for contingencies at Owen Sound, September quarter, includes an item of \$6, "quarterly allowance for cleaning office," and also three payments of \$1 each to Mrs. Revel for "scrubbing floor and washing windows." What does the allowance for cleaning office cover?

Cheque 29575 for contingencies at Morrisburg covers an item of \$35 paid to the sub-collector at Iroquois for fuel for the September quarter. Please let me have an account for this item, giving the quantity and price of fuel bought.

Cheque 29655, Potton, September quarter, includes an item of "railway attendance for quarter, \$25. Is this a payment for services or for travel? If the latter, a detailed statement of outlay should be given.

I notice that the following subscriptions were paid during the quarter:—

Toronto, cheque 29515: *Oil, Paint & Drug Reporter*, 1 year to August, 1893, \$4.

Quebec, cheque 29,502: *Toronto Empire*, 12 months to March 13, 1893, \$6.

*Montreal Gazette*, 12 months to November 17, 1892, \$6.

In connection with these subscriptions I have to ask if the authority of the Minister was obtained as required by the Order in Council of July 14, 1891.

I notice charges for binding in the Montreal and Quebec accounts, and items for ink, mucilage and directories in the accounts from a large number of ports, and would call your attention to sec. 2 of the Printing and Stationery Act, which provides that all printing, binding and stationery shall be procured and executed subject to the super-

intendence of the Department of Public Printing and Stationery. Please see that the requirements of the Act are complied with in future.

In the Winnipeg account for August (cheque 29503) there is an item of \$1.65, "Bank commission on cheques." Is this a charge for cashing Government cheques?

In some cases the accounts for extra services are made out on the "Contingencies" forms which bear the certificate "materials supplied, prices fair and just." A certificate of this kind on a pay-list or voucher for services seems to indicate that the certifying officer had not distinctly in mind the facts to which he was supposed to be certifying, but put his signature on the voucher as a mere matter of form.

Collectors of Customs certify to the fairness of the prices charged for buildings rented from themselves. Such certificates should not be made by the persons who receive the money. In the cases referred to probably the Inspectors could certify to the accounts for rent.

A good many accounts appear to be made out for the creditors of the Government by the collectors or some other officer. In every case the person furnishing the supplies or rendering the service should make out the account.

I beg also to draw your attention to the fact that since August, 1891, this office has not been supplied with the Orders in Council authorizing appointments, promotions or increases of salary in the Customs, Outside Service. Will you kindly give this matter your attention and see that we are supplied with all such Orders for the current fiscal year?

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Assistant Commissioner of Customs.

CUSTOMS DEPT., OTTAWA, June 12, 1893.

SIR,—I beg to acknowledge receipt of your letter of 5th instant making certain remarks in respect of the Customs expenditure for the months of July, August and September, 1892, which will receive due consideration.

I am, sir, your obedient servant,

THOS. J. WATTERS, *Asst. Com.*

The Auditor General.

AUDIT OFFICE, OTTAWA, April 20, 1893.

SIR,—I beg to ask your attention to my letters of April 13 and 22, 1892, and yours of the 20th of that month, with reference to the payment of salaries at ports of Customs.

Please let me know if any action has been taken with a view to the general adoption of the system of payment by cheque.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Asst. Commissioner of Customs.

CUSTOMS DEPT., OTTAWA, May 25, 1893.

SIR,—I beg to acknowledge receipt of yours of 24th ultimo, inclosing copy of your letter of 22nd April, 1892, which evidently has miscarried, on the subject of the issuing by Collectors of Customs of their own cheques for each official's pay, instead of paying the officers in cash drawn by them as proceeds of the departmental cheques sent them.

I beg to say that I shall submit the matter to the Controller of Customs for his consideration.

I am, sir, your obedient servant,

THOS. J. WATTERS, *Asst. Com.*

The Auditor General.

## Auditor General's Report, 1892-93.

---

AUDIT OFFICE, OTTAWA, September 27, 1893.

SIR,—I have heard nothing from you with reference to the method of payment of Customs officers' salaries, since your letter of May 25, stating that the matter would be submitted to the Controller of Customs for his consideration. Kindly let me know what action has been taken.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Asst. Commissioner of Customs.

---

CUSTOMS DEPT., OTTAWA, October 2, 1893.

SIR,—I beg to acknowledge receipt of your letter of 27th ultimo, making inquiry as to whether the method of paying the salaries of Customs officers in the outside service has been altered, as requested by your letter of April 22, 1892.

I beg to send you herewith copy of memorandum No. 647 B, issued to Collectors on this subject, and have to state that the necessary official cheque books have been forwarded to all ports, and are doubtless being used at the present time.

I am, sir, your obedient servant,

THOS. J. WATTERS, *Acting Com.*

The Auditor General.

---

CUSTOMS DEPT. OTTAWA, 9th August, 1893.

*Re Salaries Cheques.*

To the Collector of Customs,  
Port of \_\_\_\_\_

I beg to advise you, the Auditor General requires that, for the future, at ports where there are several officers, all salaries cheques sent to collectors of Customs should, immediately on receipt by them, be deposited to the credit of the official account of the collector of Customs, in the Bank authorized to receive Customs deposits at his port, and that the salaries of the various officers must be paid by the collector through the medium of official cheques made payable to the order of each individual officer.

In order to enable you to carry out this requirement, the necessary official cheque book will be forwarded to you at an early date, in time to enable you to pay the salaries of the present month of August in the way prescribed by the Auditor General. You will be careful to see that the counterfoils of the cheque books are carefully filled in, in order that the same may give the Inspector the necessary information as to the amount of each cheque and the cause for which it was issued; and you will forward to this department, at the end of each month, the paid cheques, which will in due course be returned to you by the bank.

THOS. J. WATTERS,

*Acting Commissioner of Customs.*

Approved,

N. CLARKE WALLACE, *Controller of Customs.*

AUDIT OFFICE, OTTAWA, December 19, 1893.

SIR,—I notice the two following payments from the vote for "Board of Customs," 1892-93 :—

April 8, 1893, cheque 31321, Thos. J. Watters, advance . . .	\$100 00
June 12, 1893, do 31814, do do do . . .	75 00

As the whole amount (\$175) was refunded October 2, 1893, I have to ask for your explanation of the reason of these advances.

I would also like to have the same information regarding cheque 31562 of May 12, 1893, paid from "Customs Miscellaneous," the amount of which (\$100) was refunded August 5, 1893.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Acting Commissioner of Customs.

AUDIT OFFICE, OTTAWA, June 30, 1893.

SIR,—In examining the vouchers of your March statement of expenditure, I find that \$3.50 per day has been charged for living allowance by the following officers of your department since, and in violation of the Order in Council of the 6th February, 1893:—

R. Borradaile, District Inspector, Halifax. . . . .	Cheque No. 42174.
J. K. Barrett do Winnipeg . . . . .	do 42177.
G. Williams, Deputy Collector, Victoria. . . . .	do 42207.
T. Burke, District Inspector, New Brunswick. . . . .	do 42254.
E. A. Harvey and J. E. Miller, Vancouver. . . . .	do 42277.

I also notice that T. S. Gosnell, Winnipeg, charges \$3 per day from Feb. 25 to March 10, paid by cheque 42278.

Under the recent Orders in Council relating to travelling expenses, only actual reasonable expenses can be paid. Details will be necessary for all trips begun since Feb. 6, and refunds wherever over-payments have been made.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Commissioner of Inland Revenue.

AUDIT OFFICE, OTTAWA, February 9, 1894.

SIR,—With reference to my letter of June 30, 1893, I do not find that the accounts for travel by officers of your department, in which the living allowance was charged for trips begun after February 6, 1893, have been adjusted on the basis of actual outlay.

The date at which the provisions of the Order in Council of February 6, 1893, should go into effect was defined by the Order in Council of May 4, 1893, in these words: "That the Order in Council of February 6, 1893, limiting the amount to be paid for travelling expenses to actual outlay, be amended so as to apply only to trips commenced after the date of the Order in question"; that is to say after February 6.

Please therefore get all the accounts rectified in the foregoing sense.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Commissioner of Inland Revenue.

AUDIT OFFICE, OTTAWA, June 28, 1893.

SIR,—I beg to ask your attention to the payment of \$16, by cheque No. 42509 to A. Gorman, to cover "Damage to overcoat, \$15," and "one pair of rubbers destroyed, \$1."

Please give an explanation of the circumstances, to show that this is a proper charge against the Government, and also furnish the certificate of the officer who fixed the amount of the damages. An unusual payment of this nature should be authorized by Order in Council.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Commissioner of Inland Revenue.

## Auditor General's Report, 1892-93.

INLAND REVENUE DEPT., OTTAWA, July 5, 1893.

SIR,—Your communication of the 28th June inquiring into an item of \$16 allowed to an officer for damage to clothing is received.

The item was after due consideration allowed by myself, after mentioning the circumstances to the Controller. I have no further explanation to offer.

I cannot accept the conclusion that in passing the Audit Act Parliament intended to destroy the individuality of all other departments—or reduce their deputies to the rank of ordinary clerks—and must until this question has been fully submitted to the Government and their ruling obtained, respectfully decline to have the judgment of the department daily arraigned—when that judgment is exercised within the limits assigned to the department by the Act under which it is constituted.

I am, sir, your obedient servant,

E. MIALL, *Com. I.R.*

The Auditor General.

AUDIT OFFICE, OTTAWA, July 11, 1893.

SIR,—I beg to acknowledge the receipt of your letter of the 5th instant, in reply to mine, regarding the payment of \$16 to A. Gorman for damage to overcoat and loss of rubbers.

Let me point out that there is no evidence on the voucher that it was submitted to yourself, the Comptroller, or to any other officer of your department. It is really a piece of blank paper so far as showing any foundation for the payment.

With reference to my statement that the claim should have been submitted to the Governor in Council for authorization, I may say that according to my information the most of such claims as are submitted are rejected by the Treasury Board. This is an evidence (1) that the Treasury Board considers that questions of damages should go before that body, that the departments in whose service the claims arise have not the right to dispose of them, and (2) that generally the claims put forward do not deserve to be recognized by the Government.

Regarding the latter part of your letter about the individuality of all the departments being destroyed, the reducing of the deputies to the rank of ordinary clerks, and the submission of the question to the Government, it appears to me impossible to discuss to any advantage your objections without our clearly understanding the way in which you consider the duties and rights of the deputies are interfered with by the Audit Office. In the meantime, I would refer you to sections 31, 32 and 33 of the Audit Act. These show very clearly that it is the duty of the Auditor General to see that the authority of Council has been obtained where such authority seems requisite, and that the evidence of the person who determines the value of anything should be presented to the Auditor General before the account for it is finally passed.

If I have a right to draw the conclusion from your letter which it apparently means to convey, that the Audit Office is endeavouring to impose upon the departments self-made laws in addition to what the Audit Act either directly conveys or what inevitably follows from its general provisions, I need scarcely say that it is not only the privilege of your department to object, but it is its duty to do so. You will at the same time readily admit that, as we are both public servants, the rule which applies to you applies to me, and that if I have accepted the responsibility of performing certain duties, I must carry them out as it appears to me the law directs. I would suggest that you state definitely the particular directions in which this office seems to call for what the law does not contemplate that it should get. I shall be happy to discuss the question either verbally or by letter with you, and give you my reasons for any stand I may take, and a higher authority can then decide the points on which our differences cannot be removed by ourselves. The Audit Act, section 32, gives the method of appeal.

As the servant of Parliament, it is my duty to indicate in my annual report the expenditure which has not been properly authorized. Do you think that I could very well maintain that I had performed my duty in connection with this item of your expenditure if I produced this voucher for an exceptional kind of outlay for which the Government had apparently received no value, and without the certificate of any one as to the amount of the loss, or that even any loss for which the Government should be held responsible had occurred?

I am, sir, your obedient servant,  
The Commissioner of Inland Revenue. J. L. McDOUGALL, A.G.

DEPT. INLAND OF REVENUE, OTTAWA, July 21, 1893.

SIR,—In reply to your communication of the 11th inst., I do not think my letter, to which it is an answer, in any way questions your authority, in the absence of any credentials of the proper officers of this department, to ask that the express approval of the administrative head should be given before passed by yourself.

My objection was taken to the express terms of your communication, which was as follows:—

“Please give an explanation of the circumstances, to show that this is a proper charge and also furnish the certificate of the officer who fixed the amount of damages.”

My reply was, in effect, an avowal that the department had sanctioned the expenditure.

The sections of the Audit Act to which you refer me, in my humble opinion, give the Auditor General no more power than is absolutely required, if any audit of Government accounts is to take place, but it cannot be held that Parliament intended these three sections to neutralize all those preceding Acts which constituted the several departments and conferred authority to administer them upon their several heads.

I quite concur in your opinion that this whole subject will have to be carefully considered by Council and such changes made as will define where the responsibilities of the heads of departments end and those of the Auditor General's Department begin.

The idea of thirteen members of Her Majesty's Privy Council sitting in conclave to dispose of such trivial matters as the one which has been the subject of this correspondence is altogether too ridiculous for serious comment.

A business corporation conducted on such a basis would be wrecked in twelve months.

I am, sir, your obedient servant,  
EDW. MIALL, *Com. I. R.*

NOTE.—This correspondence is inserted for reference and to explain future correspondence.

### Accounts for Medical Attendance when accidents occur at Intercolonial Railway Stations.

AUDIT OFFICE, OTTAWA, Dec. 4, 1893.

SIR,—Let me call your attention to the inclosed Intercolonial Railway voucher No. 2320 of Nov., 1892, for \$25 paid to H. W. Blagdon, M.D., of St. Philippe de Neri, for "Medical attendance upon Mrs. Côté, who fractured her leg in attempting to get on No. 50 train at St. Roch, July 18, 1892."

The payment seems unusual, and I should like to have some additional explanation of it.

I am, sir, your obedient servant,  
J. L. McDOUGALL, A.G.

The Deputy Minister of Railways and Canals.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Dec. 13, 1893.

SIR,—I have the honour, by direction, to inform you, in reply to your letter of the 4th instant, that in cases of accident on Government railways, whether the fault rests with the railway or not, as an act of humanity, it has been customary to send for medical aid, and pay for the one attendance made—in some cases of course, a difficult operation has to be performed.

I am, sir, your obedient servant,  
JNO. H. BALDERSON, Sec.

The Auditor General.

### Certificate "Materials received" and "Work done" should be supplied.

AUDIT OFFICE, OTTAWA, July 20, 1893.

SIR,—I notice in the Cornwall Canal Pay-lists for June, 1893, that the certificates required by the Audit Act, namely, "Materials received" and "Work done," are omitted, and a general certificate of Correctness substituted.

Please ascertain what officer is responsible for this change, and direct his attention to the fact that it is illegal.

The pay-lists are returned herewith, to be certified in the usual manner.

I am, sir, your obedient servant,  
J. L. McDOUGALL, A.G.

The Secretary, Railways and Canals Dept.

**Applications for payments to Superintendent Kennedy not passed.**

AUDIT OFFICE, OTTAWA, June 20, 1893.

SIR,—Let me acknowledge receipt of applications Nos. 448 and 448½ in favour of Hugh McMillan, for May expenses of Quebec Canals as follows:—

Canals generally.....	\$11,148 17
To pay Supt. Kennedy to May 13.....	62 90

I am passing the general application: but it would be better to obtain the authority of Council for the salaries of Messrs. Marceau and John Conway, the Acting Engineer and Acting Superintendent. Please consider the May payments to them as being on account in the meantime.

As for the \$62.90 for Supt. Kennedy, I do not see my way to passing the item, in view of the evidence given before the Commission in Montreal, that Government supplies and labour were consumed on his house at Côte St. Paul.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Railways and Canals Dept.

AUDIT OFFICE, OTTAWA, June 21, 1893.

SIR,—Let me acknowledge receipt of applications Nos. 466 and 467 in favour of Hugh McMillan, for May expenses of Quebec Canals as follows:—

Canals generally.....	\$6,277 74
Supt. Kennedy, for use of his horse.....	39 00

I do not see my way clear in passing the application in favour of Supt. Kennedy. The objection is the same as was raised against paying his balance of salary, namely: that he appears, according to the evidence, to have paid himself in advance, by labour and materials for his house.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Railways and Canals Dept.

**Hydraulic rents in arrear—Part collected.**

AUDIT OFFICE, OTTAWA, Nov. 14, 1893.

SIR,—Let me acknowledge receipt of your application No. 191 for a letter-of-credit in favour of Paymaster McMillan, for October expenses of Quebec Canals.

I notice accounts from W. & G. H. Tate as follows:—

Lachine Canal: Repairs.....	\$237 78
do Dredging.....	457 77

The Tates are indebted to your department some \$5,500, for Hydraulic Rents, as shown on page F—116 of my Report for 1892-93.

Please remove \$695.55 from your application, and apply to the Treasury Board for authority to treat it, and subsequent accounts from the same firm, as offsets to their unpaid hydraulic rents.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Railways and Canals.

## Auditor General's Report, 1892-93.

### Charge for breaking stone for Mill Street, Montreal.

AUDIT OFFICE, OTTAWA, Jan. 13, 1894.

SIR,—I am passing to-day your application No. 286 for a letter-of-credit in favour of Hugh McMillan, to pay December expenses of Quebec Canals.

The summary of the Lachine Repairs Pay-list contains an item of \$81.89 for "Breaking stone for Mill Street."

Please describe the nature of the work which is done by the Government on Mill Street, and the authority therefor.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Railways and Canals.

RAILWAYS AND CANALS DEPT., OTTAWA, Jan. 15, 1894.

DEAR SIR,—I have yours of the 13th instant asking about an item in the Lachine Repairs pay-list of \$81.89 for breaking stone for Mill Street.

In reply, I desire to say that the stone is being broken for "macadam" for repairing the street.

Yours truly,

COLLINGWOOD SCHREIBER, C.E.

The Auditor General.

### Vouchers for delayed payment of Kerr Bros.' account for Timber.

AUDIT OFFICE, OTTAWA, December 4, 1893.

SIR,—I notice, by cheque 6769 for \$600 in favour of Kerr Bros. of Farran's Point, that you have paid their bill for 4,000 lineal feet of Pier Timber supplied in 1888 and 1889, to which reference was made in my letter of July 25, 1891, shown at page D—379 of my Report for 1890-91.

You will remember having offered, shortly before paying the account, some oral explanations on several of the questions asked in my letter.

Please let me have in writing, the substance of these explanations, to attach to the voucher.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Railways and Canals.

RAILWAYS AND CANALS DEPT., OTTAWA, December 6, 1893.

MY DEAR SIR,—I am in receipt of your letter of the 4th instant with reference to the payment of \$600 in favour of Messrs. Kerr Bros., of Farran's Point, for 4,000 feet of pier timber supplied in 1888 and 1889.

I now send you a copy of Mr. Rubidge's report, together with a copy of Kerr's affidavit.

Yours truly,

COLLINGWOOD SCHREIBER, C.E.

The Auditor General.

CORNWALL, March 7, 1893.

*Re Williamsburg Canals, Farran's Point.*

DEAR SIR,—In answer to your letter of the 3rd instant, *re* the Kerr Bros' long standing claim for 4,000 feet of timber delivered up to the winter of 1888-89, and for which they charge 15 cents per lineal foot, amounting to \$600, certified by me as fair and reasonable as regards price.

I beg to state that I have since made further inquiries, both personally and through Inspector Ramsay, with the result, that my information obtained in 1891 as to the disposition of the timber is fully confirmed by the Superintendent, and by Lockmaster Weaver of Farran's Point and others.

The timber consists of elm, ash and hemlock, 10 and 12 inches square, with a proportion of flatted stuff for ties for cribwork, and was made and delivered during the winters of 1887-88 and 1888-89.

It was worth 15 cents per lineal foot.

The quantity delivered was stated to be in excess of 8,000 feet.

It has been used from time to time in repairs on Farran's Point Canal, and has certainly been in the possession of the Government ever since its delivery by the Kerrs.

The quantity so used was about 3,850 feet and a further quantity consisting of 95 pieces was taken in scows to the Galops Canal by the Superintendent.

Also some timber which was boomed by him at the head of the canal, broke adrift, and is said to have been lost.

About 1,000 feet is reported as remaining unused on the work.

The Superintendent states that all timber used by him last season was sound, but that he noticed an occasional stick which showed signs of rot on the surface in contact with the ground.

The quantity of timber may be accounted for as under :—

	Feet.
Used on repairs at Farran's Point . . . . .	3,850
Taken to the Galops or Point Iroquois . . . . .	2,850
Remaining on work unused . . . . .	1,000
Total . . . . .	7,700

The difference between this quantity and that stated to have been delivered, less than 1,000 feet, might reasonably be allowed for, as having been lost from the boom or otherwise during the five years which elapsed since delivery.

Yours truly,

TOM S. RUBIDGE, *Supt. Engineer.*

The Chief Engineer of Canals.

In the matter of Kerr Bros' Timber Account.

I, George Kerr, of the village of Farran's Point, in the County of Stormont, do solemnly declare, That

1. In the fall of 1881 Kerr Bros. made agreement with the late A. G. McDonell, then Superintendent of the Williamsburg Canals, to get out a quantity of timber.

2. That Kerr Bros. did get out with their own men and also through several farmers whom they gave jobs to during the winter of 1888 and 1889 and delivered on the bank of the canal, lock 22, Farran's Point, along the road running from Queen's highway to lock and on the bank of the river adjacent, eight thousand eight hundred feet or more of different kinds and lengths of timber.

3. That the price agreed upon for said timber was 15 cents per lineal foot.

And I make this solemn declaration conscientiously believing the same to be true, by virtue of the Act respecting extra-judicial oaths.

GEO. KERR.

## Auditor General's Report, 1892-93.

### Voucher that Temporary Employees have been in attendance every official day, required.

AUDIT OFFICE, OTTAWA, April 26, 1893.

SIR,—Let me call your attention to two pay-lists of March, 1893, for services of temporary employees in the Department of Railways and Canals :

4958 to 4967 : Chief Engineer's staff.....	\$ 1,089 97
4968 to 4975 : Extra clerks and copyists.....	266 64

These vouchers do not carry the certificate prescribed by the Order in Council of October 9, 1891, that the employees have been in attendance every day ; and I return them herewith for completion.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Railways and Canals Dept.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, May 2, 1893.

SIR,—I have the honour, by direction, to acknowledge the receipt of your letter of the 28th ultimo, returning the March pay-lists for temporary employees on the Chief Engineer's staff and for the extra clerks and copyists in this department, and asking that the certificate prescribed by the Order in Council of October 9, 1891, that the employees have been in attendance every day, be attached thereto. In reply, I am to say that it was thought that the Order in Council passed in October, 1892, changed the state of affairs, and that the certificates formerly given would not be applicable. However, the pay-rolls will be certified to in the form you desire, with a slight addition, which, no doubt, will meet your views on the subject.

I am, sir, your obedient servant,

JNO. H. BALDERSON, *Sec.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Dec. 4, 1893.

SIR,—Let me call your attention to letter No. 144697 of May 2, 1893, from your Department in answer to mine of April 26.

I had returned your March pay-list for temporary employees, to be certified in accordance with the Treasury Minute of Oct. 9, 1891. The letter from your department promised that the pay-lists would be certified in the form desired.

Up to the present date, these pay-lists have not been sent back to this office. As they are needed in the preparation of my Report, I should like them to be returned as soon as practicable, with an explanation of the delay.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Railways and Canals.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Dec. 9, 1893.

SIR,—Referring to previous correspondence relative to certificate to be placed on pay-lists for non-permanent employees in accordance with the Treasury Minute of Oct. 9, 1891, I have the honour, by direction, to call your attention to an Order in Council of the 20th October, 1892, and to observe that it would appear that the Order in Council repealed the Treasury Minute in question. The form of certificate called for has been placed upon the pay-lists, returned herewith, which it is hoped will meet the case.

I am, sir, your obedient servant,

JNO. H. BALDERSON, *Sec.*

The Auditor General.

### Form of Certificate used on certain Accounts not according to Section 33, Audit Act.

AUDIT OFFICE, OTTAWA, January 30, 1893.

SIR,—I beg to call your attention to the form of certificate used by Mr. Smith, Superintendent of Printing and Stationery on the accounts rendered by Messrs. Lightfoot, Force, Pritchard & Andrews and Montgomery during the current fiscal year, and to point out that it does not meet the requirements of that portion of section 33 of the Audit Act, having reference to the price paid. The section in question requires that the officer under whose special charge any work is performed or material supplied shall certify that the price is according to contract, or that it is fair and just. In the case of the accounts to which I call your attention Mr. Smith states that the price is according to agreement, which gives no guarantee that it is fair or just. A very unreasonable price may be the result of an agreement privately arranged, whereas in the case of a contract for which tenders are publicly invited, the competition thereby created is in itself a guarantee that a reasonable price will be offered for acceptance to the department.

I beg to request that you will cause the accounts in question to be certified in proper form as directed by section 33 of the Audit Act.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

POST OFFICE DEPT., OTTAWA, January 31, 1893.

SIR,—I beg to acknowledge the receipt of your communication of the 30th inst., calling attention to the form of certificate used by Mr. Sidney Smith, Superintendent of the Printing and Supply Branch of this department, on certain accounts during the current fiscal year, and pointing out that the form of certificate in question does not meet the requirements of that portion of section 33 of the Audit Act having reference to the price paid, the section in question requiring that the officer under whose special charge any work is performed, or material supplied, shall certify that the price is "according to contract," or that it is "fair and just"; and, moreover, that in the case of the accounts to which you call attention, Mr. Smith states that the price is "according to agreement," which you say is no guarantee that it is fair and just, inasmuch as a very unreasonable price may be the result of an agreement privately arranged, whereas in the case of a contract for which tenders are publicly invited the competition thereby created is in itself a guarantee that a reasonable price will be offered for acceptance to the department; and requesting that I will cause the accounts in question to be certified in proper form as directed by section 33 of the Audit Act. In reply I desire to say that I can see no objection to this; but I may point out that when an account is certified as being "according to agreement" it covers only some article of postal stores for the supply of which offers have been invited, submitted to the Postmaster General, accepted as being the

lowest and most reasonable, and duly authorized ; so that anything in the nature of an unreasonable price being charged for any article procured for the Postal Service under this arrangement is rendered impossible,

I have the honour to be, sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dy. Postmaster General.*

**Payment to H. B. Whitford, as Assistant Postmaster at Lunenburg.**

AUDIT OFFICE, OTTAWA, Feb. 1, 1893.

SIR,—I beg to ask for explanation of the payment of \$103.98 made to H. B. Whitford by cheque 303, for services as assistant postmaster at Lunenburg. Part of this amount was paid him for assisting Mr. Cunningham, a clerk of the Halifax Post Office, who was in temporary charge of the Lunenburg office, but the greater portion—\$85.74—was paid for services as assistant to the postmaster, Mr. W. H. Solomon.

Was Mr. Solomon allowed the full salary of the office during this time—from September 26 to November 8, 1891—and if so, why did he not pay the assistant himself?

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, Feb. 20, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 1st inst., asking an explanation of a payment of \$103.98 made to H. B. Whitford for services as assistant postmaster at Lunenburg ; and in reply I beg to state that the services of Mr. Whitford were engaged by the Post Office Inspector at Halifax, as Mr. Cunningham required assistance, and the services were continued after the appointment of Mr. Solomon, he being unable to perform the duties of the office, and it being absolutely necessary that those duties should be carried on.

Mr. Solomon received salary as postmaster of Lunenburg from September 23 to November 1, 1891, when he resigned the postmastership.

I have the honour to be, sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dy. Postmaster General.*

AUDIT OFFICE, OTTAWA, Feb. 23, 1893.

SIR,—I beg to say, in reply to your letter of the 20th instant, in explanation of the payment of \$85.74 to Mr. H. B. Whitford for services as assistant postmaster at Lunenburg, from September 23 to November 1, 1891, that in my opinion the amount in question should have been paid by Mr. Solomon, who received the full salary to which the office was entitled during the period of Mr. Whitford's services.

As I understand it, the rule with regard to the payment of salaries at country post offices, is to allow the postmasters to retain so much of the revenue of their offices as, in the opinion of the department, is sufficient compensation for the efficient discharge of the duties involved. From the amount so authorized to be retained, the postmaster should pay for any assistance that may be required whether called for by the amount of work to be performed, or by inability to perform the duties of the office.

I called your attention to this matter, because the payment was an unusual one, and appeared to me irregular, and the explanation which you give in your letter makes it clear that the amount paid Mr. Whitford for the time he was assistant to Mr. Solomon should not have been charged against the appropriation, Post Office, Miscellaneous, and should now be refunded.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A.G.*

## Auditor General's Report, 1892-93.

### Removal expenses paid to P. Kiernan.

POST OFFICE DEPT., OTTAWA, February 4, 1892.

SIR,—I have the honour to acknowledge the receipt of your letter of the 1st inst., calling attention to a voucher 275 for \$14.60 paid to P. Kiernan, for travelling expenses from Ottawa to London, Ont., in August, 1892; and I beg to explain that Mr. Kiernan was at that time a clerk in the Savings Bank Branch of this department. Mr. Kiernan was not found to be very well qualified for the duties of the Savings Bank Branch, a railway mail clerk was required in the London postal district, Mr. Kiernan was sent to London with a view to ascertain whether he was qualified for a railway mail clerkship, and as the inspector reported that he was, he was transferred by Order in Council to the outside service as a railway mail clerk. The amount charged was for his expenses in going from Ottawa to London.

I have the honour to be, sir, your obedient servant,

WM. WHITE, *Dy. Postmaster General.*

The Auditor General.

### Certificate given by Queen's Printer not in the form required by law.

AUDIT OFFICE, OTTAWA, February 16, 1893.

SIR,—I beg to bring to your notice the certificate given by the Queen's Printer on vouchers 946 to 951 inclusive, for advertising in the Winnipeg "Colonist" St. Boniface "L'Agriculture," "Western Law Times," "Western World," "North-west Farmer" and "Scandinavian Review," amounting in all to \$110. These accounts are certified by Mr. Dawson "correct as per Order in Council" instead of in the usual form "correct according to contract rates." The form used on the accounts in question does not give any guarantee that the Queen's Printer considered the prices charged were fair and just, and I beg to point out that in consequence it does not meet the requirements of section 33 of the Audit Act.

I would call your attention also to the absence of the newspaper extracts containing the advertisements for which payment was made, which should in all cases be attached to the accounts.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Deputy Postmaster General.

POST OFFICE DEPT., OTTAWA, February 24, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th inst., respecting certain vouchers given for advertising in the Winnipeg "Colonist," St. Boniface "L'Agriculture," "Western Law Times," "Western World," "North-west Farmer" and "Scandinavian Review," amounting in the aggregate to \$110, and I beg to explain that these advertisements were inserted in the papers referred to under the impression that they were authorized by the official list, but it subsequently turned out that the publications are *monthly*, and not *weekly*: the advertisements should not, therefore, have been published. In order to get payment an Order in Council was applied for, and under the authority of that Order in Council the Queen's Printer certified to the accounts, which were paid; it was not possible at the time of payment to obtain copies of the advertisements, owing to the time which had elapsed since their publication.

I have the honour to be, sir, your obedient servant,

WM. WHITE, *Dy. Postmaster General.*

The Auditor General.

### Mail Services not performed under Contract.

AUDIT OFFICE, OTTAWA, February 16, 1893.

SIR,—I beg to call your attention to the inclosed list of mail services involving an annual cost in each case of more than \$200, which I find from the information sent me with your letter of June 21, 1892, are not performed under contract as required by section 54 of the Post Office Act. I have learned on inquiry at the mail contract branch of your department that several of the services in question have since been put up to tender in the regular way and are now performed under contract, but the greater number is still performed under temporary arrangements with the Postmaster General. The amounts involved are in many cases large. It is quite clear to me that section 62 of the Post Office Act does not permit of contracts being carried on indefinitely on temporary agreements.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

AUDIT OFFICE, OTTAWA, September 12, 1893.

SIR,—With reference to my letter of February 16 last, calling your attention to certain contracts for mail service involving in each case an annual cost of more than \$200, which were held under temporary agreements, I beg to point out that I have not yet been informed whether the services in question have since then been submitted to public tender as directed in section 54 of the Act respecting the Postal Service. I shall be glad to hear from you on this subject at your early convenience.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Postmaster General.

POST OFFICE DEPT., OTTAWA, Nov. 22, 1893.

SIR,—Referring to your letter of February 16 last, inclosing a list of services for which amounts exceeding \$200.00 per annum were paid, and the performance of which was not secured by contract, and asking for an explanation, I beg to say that since the date of your letter the following services included in your list have been put under contract:—

*British Columbia Division.*

Banff and Railway Station.  
Dog Creek and Empire Valley.  
Okanagan Mission and Vernon.  
Victoria and Street Letter Boxes.

*London Division.*

Windsor and Street Letter Boxes.

*British Columbia Division.*

Cochrane and Railway Station.

*Manitoba Division.*

Carman and Railway Station.  
Lethbridge and McLeod.

*New Brunswick Division.*

St. John and St. Martin's.

With regard to the remainder, I beg to say that these will be put under contract as soon as practicable.

I am, sir, your obedient servant,

The Auditor General.

## Auditor General's Report, 1892-93.

### The Certificate which should be Attached to Mail Contractors' Pay-lists.

AUDIT OFFICE, OTTAWA, February 18, 1893.

SIR,—I find on looking over the mail contractors' pay-lists for the year 1891-92 that the several inspectors have made no distinction, when certifying to the performance of the work and fairness of the prices paid, between services performed under contract and those performed under temporary agreement or special arrangements. It appears to me that such a distinction is rendered necessary by sections 54, 58 and 62 of the Post Office Act. According to these sections there are three different arrangements authorized for the carrying of the mails.

(1.) Section 54 directs that the Postmaster General, before entering into any contract for carrying the mails, involving an annual cost of more than \$200, shall give at least six weeks' previous notice, in the manner prescribed, of the contract to be made, and the day on which tenders for the same will be received. The offer of the lowest tenderer who gives sufficient security to be in all cases accepted, except the Postmaster General is satisfied that doing so in any particular case would not be in the public interest.

(2.) Section 58 permits the Postmaster General, in his discretion, to submit to public competition mail services of an annual cost of \$200 or less, or to make arrangements for their performance by private agreement.

(3.) Section 62 empowers the Postmaster General to make temporary contracts until a regular letting in the form prescribed can take place.

In view of the provisions of the sections quoted, it is, I think, necessary that the certificate given should indicate under which arrangement the service to which it relates is performed, and I would suggest that the several inspectors mark the entries on the contractor's pay-lists "a," "b," "c," giving at the end of the list the proper certificate for each class. For example, those services marked "a" would be certified as follows: "I certify that the services marked "a" have been satisfactorily performed, and that the price charged is according to contract determined in the manner and form prescribed by section 54 of the Post Office Act." Those marked "b": "I certify that the services marked "b" have been satisfactorily performed, that the price charged is according to agreement privately arranged, and is fair and just." And those marked "c": "I certify that the services marked "c" have been satisfactorily performed, that the price paid is according to agreement temporarily arranged, and is fair and just."

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

POST OFFICE DEPARTMENT, OTTAWA, February 22, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 18th instant, asking that in the preparation of the mail service pay-sheets, the services be classified according to the nature of the arrangement under which they are carried on, that is to say, whether they have been regularly contracted for after public competition in the manner prescribed by section 54 of the Post Office Act; or let under the authority of section 58, dealing with contracts under \$200; or temporarily arranged for under section 62; and that each class of service be certified to by the inspector under whose supervision they are, in a manner appropriate to the class.

In reply, I beg to say that the inspectors will be instructed to prepare their mail service pay-sheets in the way you request.

I am, sir, your obedient servant,

WM. WHITE, Deputy Postmaster General

The Auditor General.

AUDIT OFFICE, OTTAWA, March 3, 1893.

SIR,—In reply to your letter of the 28th ultimo, I beg to say that, in my opinion, the enclosed certificate will meet the requirements of the Audit and Post Office Acts with regard to the services rendered by mail contractors as detailed on their quarterly pay-lists.

I am, sir, your obedient servant,

ARTHUR LINDSAY, Esq.,  
Supt. Mail Service Branch.

J. L. McDOUGALL, A.G.

CERTIFICATE.

I certify that the various services charged for on this pay-list were satisfactorily performed during the quarter ended . . . . . ; that, for those marked "a" the prices charged are severally according to contract determined in the manner and form prescribed by section 54 of the Post Office Act, and in the case of any such contract having been renewed the price paid is now a reasonable and fair compensation for the work done, the expenses of the service having remained what they were when the contract was originally made; that for those marked "b" the prices charged are according to agreement made under directions from the Postmaster General and are fair and just; and that, for those marked "c" the prices charged are according to agreement temporarily arranged, and are fair and just.

AUDIT OFFICE, OTTAWA, September 22, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 21st inst., inclosing a communication from the assistant post office inspector at Sherbrooke, having reference to the certificate required to be attached to mail contractors' quarterly pay-lists. As regards Mr. Thompson's objection to certify in the case of renewed contracts, that the expenses have remained the same as when the contract was originally made, I beg to point out that the insertion of this clause was considered necessary to show that the expenses incidental to the performance of the contracts so renewed had not undergone any material decrease within the time specified. For example, a contract for carrying the mails in certain remote or isolated districts ten or fifteen years ago might then be reasonably let at \$100, whereas now in consequence of the increased facilities which may have been afforded to those places for obtaining material and labour and the greater competition created by the increase of population or other causes, such a service could be profitably performed for half that sum.

This is the sense in which the clause in question was inserted, and, in my opinion, it is plainly open to that interpretation.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

POST OFFICE DEPARTMENT, OTTAWA, October 9, 1893.

SIR,—I have the honour, with further reference to the form of certificate suggested by you to be signed by the post office inspectors in transmitting the mail contractors' pay-lists, to state that the inspectors object to signing the certificate you require. In the first place when contracts are renewed they are renewed under section 61, subsection 2 of the Post Office Act, in which it is distinctly stated that the Postmaster General is the judge of the propriety of renewal, not the inspector. The inspectors therefore demur to signing the certificates with reference to renewals, inasmuch as they have nothing to do with the renewals of contracts. As all contracts are let under the provisions of the Post Office Act, I would suggest that in the case where there is a regular contract the inspector should simply be required to certify that the price paid is in accordance

## Auditor General's Report, 1892-93.

with the contract. In case of temporary agreements, the inspectors usually make these agreements and they are therefore in a position in those cases to certify that the rate is fair and just.

I should like to know whether you acquiesce in this view.

I have the honour to be, sir, your obedient servant,

WM. WHITE, *Dy. Postmaster General.*

The Auditor General.

AUDIT OFFICE, OTTAWA, October 13, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 9th instant in further reference to the certificate required to be given by the various post office inspectors on the mail contractors' pay-lists of their respective divisions, in which you state that the inspectors demur to signing that portion of the certificate having reference to renewed contracts, inasmuch as they have nothing to do with such renewals.

In connection with this matter, I would call your attention to the conditions laid down in the subsection to which you refer, under which expiring contracts may be renewed by the Postmaster General. Subsection 2 of section 61, chap. 35, R.S.C., provides as follows:—"No contract shall be entered into for a longer term than four years; but the Postmaster General may, in special cases, when in his opinion *the service has been satisfactorily performed under an expiring contract, and on conditions advantageous to the public interest*, renew the same with the same contractors for a further term, not exceeding four years."

Herein you will notice the Postmaster General, before renewing any contract, is expected to inform himself as to the manner in which the contractor performed the service under the contract about to expire; and, further, as to the conditions under which it would be advantageous in the public interest to grant such renewal. It would be unreasonable to expect that the Postmaster General, considering the nature and variety of his duties, would have personal knowledge of all the facts necessary to enable him to arrive at a correct judgment on these points, and so Parliament has provided an official channel through which he may obtain reliable information on this and other matters.

Under section 13 of the Post Office Act the Governor in Council is empowered to appoint fit and proper persons to be post office inspectors, part of whose duty it shall be, as defined under section 14, to superintend the performance of the mail service, taking care that the stipulations of all contracts are strictly complied with. In view of this provision of the law, it seemed to me that the various inspectors are the proper officers to assume the responsibility attaching to the certificates in question. Surely an inspector is scarcely justified in declining to carry out the request of the Postmaster General that he make an investigation of anything connected with the postal business of his district, and to make his certificate of the results, on the ground that the Postmaster General has the ultimate responsibility in the matter.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

### Newspapers supplied to P. O. Inspectors.

AUDIT OFFICE, OTTAWA, February 20, 1893.

SIR,—I beg to bring to your notice payments amounting to \$25 made during the current fiscal year for newspapers supplied to the post office inspector of British Columbia.

In connection with these payments, I would call your attention to an Order in Council of August 20, 1892, governing the practice of supplying newspapers to outside offices and directing that such practice be discontinued except on the authority of the

Minister of the department. I called your attention to similar payments made last year in a letter dated October 20 which is published in my report at page E—126.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 19, 1893.

SIR,—I beg to bring to your notice three payments amounting to \$26, made during the quarter ended March 31, 1893, for newspapers supplied the post office inspectors at Halifax, Montreal and Ottawa. In connection with these payments I would call your attention to my letters of February 20 and 21 last respecting similar expenditure, and to the Order in Council of August 20, 1891, which prescribes the conditions under which such subscriptions may be paid by the Government.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

**Calling attention to Certificate given by the P. O. Inspector at Ottawa,  
on Accounts of C. A. Railway.**

AUDIT OFFICE, OTTAWA, April 22, 1893.

SIR,—I beg to call your attention to the accounts rendered by the Canada Atlantic Railway Co. for five months from July to November, 1892, inclusive, for the carriage of the mails over their line. It appears from a memorandum attached to the account for November that from July 17 to October 31 the train known as the "Boston" running between Ottawa and Rouse's Point was in part discontinued, though during all the time mentioned the company sent in accounts for a service such as had been performed before the discontinuance in question took place; and the accounts so rendered were certified by Inspector Hawken in the usual form. The overpayment involved by this oversight on the part of the company and the certifying officer amounted to \$575.12, which I notice was deducted from the November account. Mr. Hawken should explain how he came to certify on the accounts from July to October that the "work has been performed," when as it is now known such was not the case.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

**Payment of F. H. O'Brien as Assistant Inspector on the Labrador Coast.**

AUDIT OFFICE, OTTAWA, May 19, 1893.

SIR,—I beg to call your attention to vouchers 1359 and 1492 for \$200, paid F. H. O'Brien, for visiting and reporting on the different post offices of the Labrador coast during the years 1891 and 1892.

It appears to me that under the Post Office Act, sections 7, 13 and 14, this payment is irregular. Section 7 provides that every servant, officer or clerk employed by the Post Office Department, shall be remunerated by a stated salary, fixed subject to the provisions of the Civil Service Act; and sections 13 and 14 further provide for the appointment of post office inspectors and define the duties attaching to such appointments. These officers are subject to the Civil Service Act, except as regards examination.

I cannot find that the appointment of Mr. O'Brien is in accordance with these requirements of the Post Office Act, and I shall be glad if you will let me know on what authority the payment in question was made.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

## Auditor General's Report, 1892-93.

### Supplementing a Specific Vote for Steam Communication on Bay of Fundy.

AUDIT OFFICE, OTTAWA, May 23, 1893.

SIR,—I beg to call your attention to a payment of \$250 by cheque 15542 to the Bay of Fundy Steam Navigation Company for mail service between St. John, Digby and Annapolis, and to point out that, as Parliament has specially provided for this service by granting a subsidy of \$11,500 for the year 1892-93, it is not proper to supplement the amount so provided from another appropriation. In further connection with this matter, I would refer you to the correspondence on the subject in my report of 1892 on pages E-123 and 124.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Sept. 7, 1893.

SIR,—In connection with your application of May 22 last for the transfer of \$250 from the vote for steamship communication between St. John, Digby and Annapolis to that for mail service, I beg to inform you that I have made the transfer asked for.

I have taken this course though I am still of opinion, as stated in my letter of May 26, that the amount was properly chargeable to the vote to which it was debited in the first instance, but as I find from the vouchers sent me for mail service that three payments of like amounts have been made under your letter of credit for steam communication between the ports in question, I thought it better to show the total amount thus paid under one heading.

I should like it to be understood that in making this transfer, I do so without prejudice to the objections I have urged in reference to this and similar payments in my letters on the subject published in my report for 1891 at page E-129.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

### Payment for Hauling and Storing Mail Plant.—Explanation asked.

AUDIT OFFICE, OTTAWA, May 19, 1893.

SIR,—I beg to ask for further information respecting a payment of \$9.20 to John Livingstone by cheque 1282 for hauling and storing mail plant of railway mail clerks from December 12, 1892, to January 7, 1893. A payment of this kind is unusual, and the circumstances under which it was rendered necessary should be stated on the voucher.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

### Payment for room, fuel and light on Steamers to P. E. I. Mail Clerks.

AUDIT OFFICE, OTTAWA, May 20, 1893.

SIR,—With reference to the payment of \$254.04 made to the Charlottetown Steam Navigation Company for the use of a room, fuel and light from April 11 to December 21, 1892, I beg to call your attention to my letter in regard to similar expenditure in previous years published in my report for 1892 at page E-123. As there pointed out, I am of opinion that such payments are illegal without express provision having been made therefor by Parliament.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

### Travelling Expenses of P. O. Inspectors.

AUDIT OFFICE, OTTAWA, May 19, 1893.

SIR,—With reference to the vouchers sent me for the travelling expenses of the various post office inspectors and other officials of the Post Office, Outside Service, for the quarter ended March 31, 1893, I beg to call your attention to the date to which they have claimed payment of the per diem allowance of \$3.50. In nearly all cases charges at this rate having been allowed to February 15, 1893, although the Order in Council directing that only actual expenses should be allowed is dated February 6. All these accounts should now be amended in accordance with the Order in Council of the 4th inst., fixing the date from which the previous Order is to take effect.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

## Auditor General's Report, 1892-93.

### Daily Allowance Paid Mr. Sweetnam while on Board Steamers, Contrary to O. C.

AUDIT OFFICE, OTTAWA, September 12, 1893.

SIR,—I beg to bring to your notice the vouchers rendered by Mr. Sweetnam, Chief Post Office Inspector, accounting for \$500 advanced him by cheque, 1035 for travelling expenses on his recent visit to England.

You will notice that Mr. Sweetnam has been allowed \$5 per diem from January 7 to March 31, the full time he was absent from Canada, including the periods of the ocean voyage both going and returning. In connection with this matter I would direct your attention to an Order in Council of November 10, 1886, prohibiting the payment of the daily allowance for days spent on board steamers or other modes of conveyance, if the passage money includes meals and all other accommodation.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

### Expenses Paid to Railway Mail Clerks during Unusual Delays.

AUDIT OFFICE, OTTAWA, September 15, 1893.

SIR,—I have the honour to bring to your notice the accounts rendered by Messrs. Gleeson, Heney, Porter, Prudhomme and Scott, Railway Mail Clerks of the Manitoba Postal Division, for extra expenses incurred by them during the stoppage by a snow blockade, of the trains on which they were travelling. With reference to these payments, I beg to point out that, in my opinion, the amount authorized by statute to cover the incidental expenses to which a railway mail clerk is subjected owing to the nature of his duties should be accepted as full recompense except under exceptional and unusual circumstances and when the extra delay caused is at least one day. I should prefer that the Governor in Council would fix the time beyond which actual expenses might be paid in addition to the mileage allowance earned.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

### The Date from which Increases of Salary are Payable.

AUDIT OFFICE, OTTAWA, September 20, 1893.

SIR,—I have the honour to bring to your notice the dates from which the increases of salary to railway mail clerks were paid during last year. It appears from the pay-lists sent me that the increases were frequently paid from the first of the month succeeding the date on which, according to the statute, the clerks in question were eligible for such increases. I am aware that this mode of payment was authorized by the Order in Council having reference to the payments in question, as, for example, the Order in Council of July 26, 1892, authorized among other increases the following :—

J. T. Loane, Toronto, from May 1, 1892.

W. H. Arland, Toronto, from June 1, 1892.

J. P. Casgrain, London, from June 1, 1892.

C. Plumb, Ottawa, from June 1, 1892.

J. T. Keith, Nova Scotia, from June 1, 1892.

In connection with this matter, I beg to bring to your notice the provisions of the statute in reference thereto. Section 27 of the Civil Service Act directs that the

increase of salary shall be payable from the first day of the official quarter next succeeding the date on which according to length of service any clerk or employee became eligible for such increase.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

### The Date from which a Promotion Takes Place.

AUDIT OFFICE, OTTAWA, October 6, 1893.

SIR,—I beg to bring to your notice the dates from which increases of salary consequent upon promotions were paid in the outside service of the Post Office Department during last year. In nearly all cases the promotion was made from the date of the Order in Council under which it was authorized. See for example the promotions of the following :—

H. F. Wilmot, Kingston,	date of O. C.	July 26, 1892.
M. Maloney, Barrie	do	do
H. G. Goodfellow, Montreal	do	do
W. W. Page, Halifax	do	September 19, 1892.
J. A. Gorman, Toronto	do	March 13, 1893.

In connection with these and similar cases, I would call your attention to an Order in Council of July 29, 1871, published in my report for 1892, at page A—7, directing that as a general rule, and unless some other date is specially mentioned in the Order in Council, all promotions, &c., shall be held to count from the first day of the month succeeding the date on which such promotion was authorized.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

POST OFFICE DEPARTMENT, OTTAWA, October 10, 1893.

SIR,—Referring to your letter of the 6th instant, in which you remark upon the inconvenience caused by making promotions date from the days on which they were respectively authorized by Order in Council, and call attention to an Order in Council dated the 29th August, 1871, requiring that all promotions shall count from the first day of the month following the passing of the Order, I beg leave to observe that the practice followed in this department is based upon subsection 2 of section 27 of the Civil Service Act of 1882, which being subsequent in date to the Order you quote, is held to override it in so far as there may be any conflict between the two.

I have the honour to be, sir, your obedient servant,

WM. WHITE, *Dy. Postmaster General.*

The Auditor General.

AUDIT OFFICE, OTTAWA, October 11, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 10th inst., stating with reference to certain promotions to which I called your attention on the 6th inst., that the practice of dating such promotions from the date of the Order in Council under which they were authorized was based on subsection 2 of section 27 of the Civil Service Act, which prevailed in so far as there was any conflict between it and the Order in Council of July 29, 1871.

As I understand the subsection to which you refer, there is no conflict between it and the Order in Council. The Act of Parliament directs that an increase of salary

## Auditor General's Report, 1892-93.

---

consequent upon promotion shall be payable from the day on which such promotion takes place; but a promotion does not necessarily take place on the day on which the Order in Council authorizing it was passed. It takes place from such date as the Governor in Council directs, and as pointed out in my letter of the 6th inst., the necessary directions in this respect are contained in the Order in Council of July 29, 1871.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

### Changes of Distances on C. P. R.

AUDIT OFFICE, OTTAWA, October 6, 1893.

SIR,—I notice on examination of the vouchers rendered by the Canadian Pacific Railway Co., that the distances between many of the stations have been changed during the year. This is notably the case on the main line between Montreal and Vancouver where there has been a decrease of two miles.

Will you please let me have your explanation of these changes, and if you propose adjusting previous payments on the mileage as now established, provided of course, the old distances were erroneous.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

### Special Trains on Grand Trunk Line.

POST OFFICE DEPARTMENT, OTTAWA, October 7, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 6th inst., calling attention to the vouchers for the payments to the Grand Trunk Railway Company for mail service between Lévis and Montreal, and stating that there is nothing on the vouchers to indicate whether the service was performed or whether there was any necessity for it.

In reply, I am to say, that the trips in question are necessary to secure the prompt delivery of the British mails in Montreal, and their despatch westward.

I am, sir, your obedient servant,

WM. WHITE, *Dy. Postmaster General.*

The Auditor General.

---

AUDIT OFFICE, OTTAWA, October 10, 1893.

SIR,—With reference to your letter of the 7th instant, stating that the special mail trains between Lévis and Montreal, for which payment was made to the Grand Trunk Railway Company during last year, were necessary to secure the prompt delivery of the British mails at Montreal and their despatch westward, I beg to point out that the accounts rendered should have been certified to this effect by the officer of your department having personal knowledge of the performance of the service in question. Of course a certificate of this nature would be in addition to the regular certificate required by section 33 of the Audit Act.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

### Change in mode of payment to Grand Trunk Railway Company.

AUDIT OFFICE, OTTAWA, October 14, 1893.

SIR,—With reference to the change made during last year under the authority of Council in the mode of payment for mail service to the Grand Trunk Railway Company, I beg to inform you that the copy of the Order in Council which has been sent to this office does not state whether or not the Grand Trunk Company are required to maintain a certain frequency of service over those portions of their road on which payment was heretofore made according to the actual mileage performed. For example, there may be now certain places having a daily train service and consequently a daily mail, which through some cause to their own advantage, the company would limit to a tri-weekly service. Under the existing arrangements the company might thus decrease the frequency of the mail service without fear of any proportionate decrease in their mileage earnings. Is there any provision in the agreement with the railway authorities to meet such a contingency apart from the general provisions in the Railway Act relative to the power conferred on the Governor in Council with regard to the carriage of the mails?

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

### Post Office Pay-lists—Outside Service.

AUDIT OFFICE, OTTAWA, November 3, 1893.

SIR,—I have the honour to request that you will cause to be sent to me the paid salary cheques drawn by the various post office inspectors and city postmasters in favour of the clerks in their respective offices during the fiscal year 1892-93.

I understand from the monthly statements of cheques issued by the department which are sent to this office, that a cheque for the total amount of the pay-list in each case is made out in favour of the inspector or postmaster, as the case may be. It seems to me if this mode of payment is to continue, that it would be advisable to adopt the dual responsibility which attaches to the issue of cheques in connection with expenditure under the letters-of-credit granted to the different departments.

The cheque for the office pay-list might be made payable to the inspector or postmaster, and the clerk in his office who has charge of the pay-list and accounts. This cheque should invariably be deposited in the bank upon which it is drawn to their joint credit, and cheques in favour of the clerks whose names are on the pay-list sent to the department, issued against it in usual form.

Of course if it were found practicable to issue separate cheques at the department in favour of the clerks at each office, all inconvenience or difficulty arising from these sub-credits would be avoided.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

---

POST OFFICE DEPARTMENT, OTTAWA, Nov. 3, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of this morning, asking that the paid salary cheques drawn by the various post office inspectors and city postmasters in favour of the clerks in their respective offices during the fiscal year 1892-93 may be sent to you for examination. Instructions will be given to the offices concerned in the matter with the least possible delay, and so soon as received the cheques will be forwarded to you.

## Auditor General's Report, 1892-93.

---

With reference to the further contents of your letter, in which you state that the cheques in every case are, as you understand, made out in favour of the inspector or postmaster, I beg to explain that this is not invariably the case. The cheques in favour of the railway mail clerks are made out to the order of the individual clerk, and in one or two cases, notably in the case of the inspectors at St. John and Toronto, the cheques are made out in favour of the individual clerks in the office.

I have the honour to be, sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dy. Postmaster General.*

### Repairing Post Office at St. Sauveur.

AUDIT OFFICE, OTTAWA, November 3, 1893.

SIR,—I beg to bring to your notice a payment of \$105 made to Dr. M. Fiset during last year for repairs to the Post Office at St. Sauveur, in the province of Quebec. As the Post Office building at St. Sauveur is not Government property the repairs in question should not, so far as I can see, have been paid for by the Government. Please let me have your explanation.

I am, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A.G.*

---

POST OFFICE DEPARTMENT, OTTAWA, November 3, 1893.

SIR,—I have the honour, with reference to your letter this morning calling attention to a payment of \$105 made to Dr. M. Fiset, to inform you that there are certain branch offices in Hamilton, Toronto, Montreal and Quebec which are established for convenience in carrying on the work of this department. These offices are not upon the same footing as the ordinary country post offices, nor are they of precisely the same character as the city post office, but inasmuch as they render a service to the department of a character different to that afforded by country post offices the expense of fittings, furniture and other items has always been borne by this department.

I have the honour to be, sir,  
Your obedient servant,

The Auditor General.

### Letter Scales at Reduced Price.

POST OFFICE DEPT., OTTAWA, November 10, 1893.

SIR,—Relative to your communication of the 6th inst., with reference to "payments amounting to \$346.50 for 100 sets of letter scales made to Pritchard & Andrews, during the fiscal year 1892-93," in which you state that "the price of these scales under agreement with the department is \$3.75, but it appears from an account dated January 31, 1893, that fifty sets of scales charged thereon were rejected, but afterwards accepted at 10 per cent reduction on the regular price," and that "a like number was accepted at a similar rate later on and paid for by cheque No. 1659," and requesting an "explanation with regard to this transaction so that it may be given with the item in your report," I have the honour to say, in reply, that the scales in question having on inspection after delivery at this department, been found to be inaccurately poised, and the brass pans attached to the same to be somewhat smaller than the standard size called for by the requirements of the department, the scales were rejected

---

and returned to the makers, and afterwards accepted only upon being correctly readjusted to the test demanded by the order, *i.e.*, "as per original specimen (duly tested by the Inspector of Weights and Measures), all bearing points to be properly hardened to resist friction, and the different parts to be interchangeable."

In order to compensate the department for any loss of value that might arise from the slightly reduced size of the brass pans referred to—though this did not materially, if at all, affect the practical utility of the scales—it was deemed advisable that a reduction of 10 per cent on each set should be imposed and enforced, and this was done accordingly.

I may add that the price for these scales under agreement, as is indicated by the amount paid for 100 sets (\$346.50) under the 10 per cent reduction, is not as stated in your letter \$3.75\*, but \$3.85\*, for each set, the latter sum having many years ago been fixed by the Postmaster General owing to additional workmanship in connection with the scales being found necessary by the department.

I have the honour to be, sir, your obedient servant,

WM. WHITE, *Dy. Postmaster General.*

The Auditor General.

### Old Survey Accounts, Still Unsettled.

AUDIT OFFICE, OTTAWA, October 12, 1893.

SIR,—I notice that no further settlement appears to have been made of the following survey accounts:—

A. McNab, contract No. 1, 1880.....	\$ 1,000 00
A. L. Poudrier, timber limits, 1881.....	1,110 00
L. J. E. Garon, contract 7, 1882.....	1,188 02
H. Lawe do 12 do.....	1,512 00
C. H. Davis do 24 do.....	1,133 34
John Hill do 28 do.....	1,500 00
Francis Jones & Co. do 36 do.....	2,000 00
do do 37 do.....	2,000 00
do do 38 do.....	2,000 00
E. C. Dawson do 59, 1883.....	5,853 12

If it should appear that it is absolutely impossible to get any payment on account of these claims Parliament should be asked, at the approaching session, for authority to write off the accounts.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

INTERIOR DEPT., OTTAWA, October 27, 1893.

SIR,—I am duly in receipt of your letter of the 12th instant, with reference to a number of survey accounts which have not been closed. I am informed and believe that of the Surveyors mentioned in your list McNab, Lawe, Davis and Jones are dead; and that every possible effort has been made to collect from Garon and his securities without success. The case of Dawson is not yet absolutely closed, but I am afraid the same result will have to be reported in that case also. I am making further inquiry in regard to Poudrier, who I know is still alive, and will ascertain whether there is any hope of our being able to collect the amount due by him.

Yours very truly,

A. M. BURGESS, D.M.I.

The Auditor General.

### F. Vincent, Advances of 1889 and 1890.

AUDIT OFFICE, OTTAWA, October 12, 1893.

SIR,—The following amounts were advanced on the dates indicated, to F. Vincent, D.L.S., on account of Dominion Lands Survey:—

July 19, 1889.	On acct. contract survey No. 7 of 1889...	\$ 200 00
do	do do	800 00
Dec. 22, 1890.	do No. 6 of 1890...	450 00

\$1,450 00

As yet I have received no accounts showing the expenditure under these advances. Kindly inform me whether any accounts have been received from Mr. Vincent, and if not, what the difficulty in settlement is.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

AUDIT OFFICE, OTTAWA, October 18, 1893.

SIR,—I wrote you on the 12th instant with reference to the advances made to Mr. F. Vincent on account of Dominion Lands Survey, and have since received Mr. Vincent's account from your department. On an examination of this account I find that the advance of July 19, 1889, amounting to \$1,000 on account of contract No. 7 of 1889, has apparently been transferred to contract No. 6 of 1890. As this latter survey was in all probability not begun before the summer of 1890 and the survey of 1889 seems not to have been entered upon, I have to ask why Mr. Vincent was allowed to retain the amount of \$1,000 for about a year before beginning his survey work.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

INTERIOR DEPT., OTTAWA, November 7, 1893.

SIR,—In answer to your letter of the 18th ultimo respecting the case of Mr. F. Vincent, I beg to explain that the advance of \$1,000, on account of contract No. 7, was made to Mr. Vincent in 1889, to enable him to proceed to the North-west for the purpose of fulfilling his contract. He did proceed to the North-west; fell ill at Calgary, and was unable to go on with his work that season. He did not return the advance that season because he was given an extension of time within which to do the work, and it is quite correct, as you say, that this was not done until the following season.

I am, sir, your obedient servant,

A. M. BURGESS, D.M.I.

The Auditor General.

### Delay in Closing Accounts of O. J. Klotz.

AUDIT OFFICE, OTTAWA, October 12, 1893.

SIR,—The following payments have been made on account of surveys under the charge of Mr. O. J. Klotz, either directly to Mr. Klotz himself, or to the Canadian Pacific Railway Company for transportation:—

Block outlines, 1890.....	\$5,253 65
B. C. Railway belt, 1891.....	2,200 00
Trans-Atlantic longitude, 1892.....	618 00

## Auditor General's Report, 1892-93.

In addition to these Mr. Klotz has received advances during the current year on account of the Alaska Boundary Survey.

As yet I have received no accounts of the expenditure on the above mentioned surveys, and have to ask you to send them without delay.

Is there any reason why it should not be a rule in your department to require the accounts of one survey to be closed before making advances to the same surveyor on account of another survey?

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

INTERIOR DEPT., OTTAWA, November 10, 1893.

SIR,—I am directed to acknowledge the receipt of your letter of the 12th ultimo, with reference to the account of Mr. Otto J. Klotz, D.T.S., and to transmit herewith Mr. Klotz's accounts of outlines survey made in 1890. Steps are being taken to have the other accounts procured from Mr. Klotz as soon as possible.

I am further to state in reply to your inquiry that the rule of requiring one survey to be closed before making advances to the same surveyor on account of another survey, has been observed as far as possible, and that an effort will be made to observe it always in the future. I am to point out, however, that cases may arise, as they have in the past, when it would not be possible in the interest of the public to enforce it. In order to accomplish a profitable season's work, it sometimes is necessary for a surveyor to start out at an early period in the spring, irrespective of whether or not his accounts for the previous year have been closed. In such a case it would not be expedient to enforce the rule you mention.

I am, sir, your obedient servant,

LYNDWODE PEREIRA, *Asst. Secy.*

The Auditor General.

### Officers' Salaries, paid in part to a second person.

AUDIT OFFICE, OTTAWA, September 29, 1893.

SIR,—I notice from the pay cheques for the Dominion Lands, Outside Service, that during the past fiscal year, in the following cases the whole salary accrued was not paid to the officer himself, but that a portion was paid to a second person:—

John May, \$40 per month, paid to Mrs. May.

T. S. Higginson, \$50 per month, paid Mrs. Higginson.

In the cases which follow, a portion of the salary was stopped from the officers and deposited to the credit of the Receiver General:

W. C. de Balinhard, \$13.50 of October salary.

J. A. Royal, \$20 of November salary.

C. E. Phipps, \$10 per month from July to April inclusive, and \$10.95 of May salary.

I would ask for an explanation of these stoppages.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

INTERIOR DEPT., OTTAWA, November 3, 1893.

SIR,—I am directed to acknowledge the receipt of your letter of the 29th September last, regarding certain cases in the outside service of this department where the whole of the salary accrued during the past fiscal year was not paid to the officer himself, and in reply to report as follows:—

1. Mrs. May is the wife of Reverend John May, and this payment is made monthly to her upon his authority, and has been for many years.

2. The observations above in the case of Mrs. May apply to the case of Mrs. Higginson.

4. W. C. de Balinhard, \$13.50 of October salary:—This amount was deducted from Mr. de Balinhard's salary because it was found that he owed that sum to the Crown Timber Office on a transaction arising previous to his appointment to the service of the department.

5. As to the deduction of \$20.00 from the salary of Mr. J. A. Royal for November last, I am to inform you that this case will form the subject of a further letter, as there is a question between the agent and Mr. Royal as to whether the latter ever made good the shortage in this case.

6. As to Mr. C. E. Phipps' salary, I am to explain that he was a homesteader before he entered the service of this department, and in that capacity he received a seed grain advance from the department in 1887. As this seed grain had been advanced to him in the same manner as other settlers in the North-west, the amount which he owes the Government is to be deducted, with his consent and authority, at the rate of \$10.00 per month until the advance has been repaid.

I am, sir, your obedient servant,

LYNDWODE PEREIRA, *Asst. Sec.*

The Auditor General.

### Irregular Payment of Salary of J. A. Royal.

AUDIT OFFICE, OTTAWA, July 21, 1893.

SIR,—I beg to ask for an explanation of the irregular manner of paying the salary of Mr. Jules A. Royal, an officer of the Edmonton Land Office, during the past fiscal year.

The following statement shows the particulars of the cheques issued on account of salary.

Cheque No.	Date.	In whose favour.	Period.	Amount.
				\$ cts.
2745 ..	Aug. 25 .....	J. A. Royal .....	July 1 to 17 .....	44 79
3003 .....	Oct. 25 .....	do .....	October .....	81 67
3145 .....	Nov. 23 .....	Receiver General .....	On account November .....	20 00
3155 .....	do 23 .....	J. A. Royal .....	Balance do .....	61 67
3219 .....	Dec. 6 .....	do .....	July 18 to September 30 .....	200 22
3312 .....	Dec. 15 .....	do .....	December .....	81 67
3467 .....	Jan. 23 .....	do .....	January .....	81 67
3930 .....	April 21 .....	do .....	April 20 to 30 .....	25 57
4223 .....	June 23 .....	Receiver General .....	On account June salary .....	17 11
4229 .....	do 23 .....	J. A. Royal .....	Balance June .....	62 86

The points on which I most particularly ask explanations are the following:—

1. The holding back Mr. Royal's salary for the period from July 18th to September 30th until December 6th, while in the meanwhile he had received his salary for the intervening months of October and November.

2. The non-payment of the salary from February 1st to April 19th; then the payment on April 21st of his salary for the period April 20th to 30th, followed again by the withholding of salary for the month of May.

3. The payment of \$20 to the credit of the Receiver General out of the November salary, and again of \$17.11 out of the June salary.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Interior.

## Auditor General's Report, 1892-93.

### Deduction of Superannuation Abatement from Salaries of Certain Officers.

AUDIT OFFICE, OTTAWA, July 29, 1893.

SIR,—I have your applications of the 20th and 21st inst., asking in the one case for the transfer of \$905.19 from the vote for Dominion lands income, salaries outside service, and in the other of \$144.28 from the vote for immigration, to the credit of superannuation revenue, being the amount of superannuation abatements for the year 1892-93.

In looking over the list of officers from whose salaries the abatement has been made, I find the following names added during the year:—Dominion Lands, A. R. Wade, from July 26, 1892; Immigration, J. Hoolahan, from February 6, 1893.

Kindly inform me if these officers were placed on the list of those contributing to the fund, in accordance with the provisions of the Superannuation Act (Chap. 18, Revised Statutes).

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

### Remarks on Accounts of Wm. Pearce and J. M. Gordon.

AUDIT OFFICE, OTTAWA, October 18, 1893.

SIR,—I notice from the contingent accounts of W. Pearce, Superintendent of Mines, that on January 30 last he purchased a ticket from Winnipeg to Ottawa *via* Chicago for \$42.75, and that on February 3 he purchased a ticket from Chicago to Ottawa for \$20.30. I would like to learn the necessity of the purchase of this second ticket when his first ticket entitled him to transportation to Ottawa.

I also observe that I have no account of Mr. Pearce's expenditure later than April last, and that consequently I have a balance against him of \$256.05 in connection with last year's expenditure. Kindly explain the delay in Mr. Pearce's May and June accounts.

I would at the same time remark that the last account I have from Mr. J. M. Gordon, Inspector of Agencies, is that for December last. The balance of Mr. Gordon's accounts for the past fiscal year should be sent me at once in order that I may not be delayed in the preparation of my annual report.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

INTERIOR DEPT., OTTAWA, November 18, 1893.

SIR,—In reply to your letter of the 18th ultimo asking why Mr. Pearce, the superintendent of mines, purchased a ticket from Chicago to Ottawa on the 3rd of February last, having already procured a ticket from Winnipeg to Ottawa, I have to inform you that while in Chicago his pocket book containing his railway ticket and all his money was stolen from him, and it was, therefore, necessary to advance him additional funds to pay his fare from Chicago to Ottawa.

You ask for an explanation of the delay in forwarding to you Mr. Pearce's accounts for the months of May and June. Mr. Pearce furnished the department with those accounts early in July, but he claimed to be entitled, under the terms of his appointment, to continue to charge a living allowance of \$3.50 per diem when absent from his home on official business instead of his actual expenses as required by the Order in Council of the 6th of February last, and I held the matter over pending the return of the Minister and the Deputy Minister from the North-west. Those accounts have recently been furnished to your department in accordance with the requirements of that Order in Council.

As to the accounts of Mr. J. M. Gordon, Inspector of Agencies, which were furnished you up to the end of the year 1892, the same question raised by Mr. Peace as to the rate for living allowance was also raised by Mr. Gordon, who contended that he was entitled, under authority of the Orders in Council of 3rd of September, 1885, and the 1st of July, 1886, to charge a living allowance of \$4 per diem when travelling on official business, and his accounts for the months of April, May and June (no expenditure having been incurred by him during the months of January, February and March), were also held over for consideration.

I now inclose Mr. Gordon's accounts for the months of April, May and June last, in each of which you will see that his charge of \$4 a day has been struck off, and the balance of the items approved. This will leave the question of the amount due by the department to Mr. Gordon for his actual disbursements while absent from Ottawa during those three months in suspense until his return here, when a statement of those disbursements will be promptly obtained from him and forwarded to you.

I am, sir, your obedient servant,

JOHN R. HALL, *Secy.*

The Auditor General.

### Payment of Living Allowance to C. E. Phipps.

AUDIT OFFICE, OTTAWA, October 17, 1893.

SIR,—In May, 1892, Mr. C. E. Phipps, Dominion Lands Agent for the Coteau District, removed from Cannington to Oxbow, and in October of the same year from Oxbow to Estevan. From May, 1892, he has drawn the following amounts out of his contingent account on account of living expenses:—

June, 1892, voucher 65—Meals and horse feed and two days' allowance, May 24.....	\$ 9 00
Oct. 31, 1892, voucher 22—Living allowance at two days at \$3.50	7 00
do do 23—Hotel expenses, \$6; allowance, three days, \$10.50.....	16 50
Nov. 30, 1892, voucher 29—Board of self and family at Estevan	40 00
At sundry times, living allowance from May 25, 1892, to Jan. 31, 1893—252 days at \$2.....	504 00
	\$576 50

Kindly explain (first) why Mr. Phipps was granted a living allowance of \$2<sup>00</sup> for a period of 252 days to Jan. 31, 1893; and (second) when he was in receipt of the living allowance, why he was also allowed a further living allowance and hotel expenses for part of the time covered by the above allowance.

I have also to ask if the removal expenses of Mr. Phipps with his family were authorized by a Treasury Minute, and for an explanation of the charge of \$40 for board of himself and family after their arrival at Estevan.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Interior.

### Payment of Living Allowance to Homestead Inspectors.

AUDIT OFFICE, OTTAWA, June 30, 1893.

SIR,—I notice from the Homestead Inspectors' accounts for the current year that the different Inspectors are still paid a living allowance of \$2 per diem when travelling, and an allowance of 50 cents per diem for horse feed for the days spent at home.

## Auditor General's Report, 1892-93.

The Order in Council of February 6 last provides that after that date all accounts for travelling expenses be rendered on the basis of actual expenses. Kindly explain why this rule has not been observed in the present case, and give instructions that in future it be complied with. The Inspectors should also be asked to amend all accounts rendered since February 6, in accordance with the terms of the Order in Council.

I am, sir, your obedient servant,

F. HAYTER, *for A.G.*

The Deputy Minister of Interior.

---

INTERIOR DEPT., OTTAWA, August 4, 1893.

SIR,—In reply to your letter of June 30 last, referring to the travelling expenses of Homestead Inspectors, I have the honour by direction to state that the department has taken the necessary steps to carry out your views in the matter as far as it is possible to do so.

I am, sir, your obedient servant,

LYNDWODE PEREIRA, *Asst. Secy.*

The Auditor General.

### Payment of Living Allowance to B. Magrath.

AUDIT OFFICE, OTTAWA, October 13, 1893.

SIR,—I notice that in February last Mr. Bolton Magrath was paid \$77.50 for services and expenses as a member of the Board of Examiners for Dominion Land Surveyors, as follows :—

Services, 10 days from February 13 to 23, at \$5.....	\$50 00
Living expenses, 11 days do at \$2.50.....	27 50
	<hr/>
	\$77 50

Kindly inform me whether the \$2.50 per day for expenses was of the nature of an allowance or was Mr. Magrath's actual expenses. If it is an allowance it is in contravention of the Order in Council of February 6, which provides that after that date actual expenses only are to be allowed; if it is the amount of his actual expenses a detailed statement of the expenses supported by vouchers should be given.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Interior.

### Payment of Salaries before the end of the Month.

AUDIT OFFICE, OTTAWA, June 28, 1893.

SIR,—I notice from your monthly statements of cheques that the cheques for the payment of the salary of Mr. H. N. Topley, a temporary employee of your department, are issued on the 15th of each month. I also notice that on the 15th of each month you issue a cheque for \$40 in favour of Mrs. M. May, being part of the salary of her husband, John May, a temporary employee in the outside service of your department.

The date of paying all temporary employees is fixed by Order in Council, dated February 18, 1889, at the end of the month. Kindly see that the Order in Council is in future complied with in making the payments referred to above.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Interior.

**Payments to Dr. Bergin and to Teamsters of Convoy No. 8.**

AUDIT OFFICE, OTTAWA, May 8, 1893.

SIR,—Will you please forward the Orders in Council authorizing the payment of \$1,515.42 to Surgeon General Dr. Bergin, and \$2,001.49 to the teamsters of Convoy No. 8, for services in the North-west Rebellion in 1885.

I see by pages 129 and 160 of the Report of the Commission on the North-west Rebellion Claims that the report of this Commission rejecting the claim of these teamsters for further payment, on the ground of carelessness and that they had already been paid what was promised them for their services, was approved by Sir A. P. Caron, Minister of Militia at that time.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Deputy Minister of Militia.

---

**Payments to A. G. McDonald for Team-hire.**

AUDIT OFFICE, OTTAWA, October 27, 1893.

SIR,—Let me call your attention to cheque No. 1053, for a payment of \$284, to Mr. A. G. McDonald, under a voucher dated July 31, 1885, for hire of team for use of 65th Battalion detachment at Red Deer.

On page 99 of the Report of the Commission on the North-west Rebellion Claims, I find that this claim was rejected on the ground that payment should have been made by the officers themselves, since the horses were for their own private use. There is also a note to the effect that Mr. McDonald would accept \$201.50 in payment. I would like some explanations of why payment of the larger amount is now made.

I have not as yet received an answer to my letter of May 8, 1893, with reference to the payment of \$2,001.49 to the teamsters of Convoy No. 8.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Deputy Minister of Militia and Defence.

INTERIOR DEPT., OTTAWA, July 6, 1893.

SIR,—In reply to your letter to Mr. Burgess of the 28th ultimo, asking why the salary of Mr. H. N. Topley is paid on the 15th of each month, and also why a cheque for \$40 is issued at the same time to Mrs. May, as part of the salary of her husband, Mr. John May, a temporary employee in our outside service, I beg to inform you that this department not having been favoured with a copy of the Order in Council of 7th September, 1891, to which you verbally called my attention, we assumed that the Order in Council of 18th February, 1889, defining the dates upon which the salaries of temporary employees in the several departments "who are not employed under the authority of an Order in Council," should be paid, did not include temporary clerks who are employed under the authority of an Order in Council, and that, therefore, as both the officials mentioned are employed under authority of Orders in Council, the question of whether they should be paid on the 15th or the end of the month, was optional.

However, in view of the provisions of the Order in Council of 7th September, 1891, the salaries of those officials will not in future be paid before the last day of each month.

I am, sir, your obedient servant,

The Auditor General.

JOHN R. HALL, *Secy.*

AUDITOR GENERAL'S REPORT

1892-93

REVENUE AUDIT

# AUDITOR GENERAL'S REPORT

FOR 1892-93.

---

## EXAMINATION AND AUDIT OF THE REVENUE.

Treasury Minute, June 21, 1886.—The Board had under consideration a communication from the Auditor General to the address of the secretary of the Board, requesting to be informed whether the revenue accounts generally are to be submitted to him for examination and audit, and if so, under what regulations.

The Board direct that these accounts be submitted to the Auditor General for examination and audit.

The Auditor General.

J. M. COURTNEY, *Secy.*

---

FINANCE DEPT., OTTAWA, Dec. 30, 1889.

SIR,—With reference to our recent conversation respecting the submission to the Treasury Board of the rules and regulations drawn up in your office, I have now to state that I have found on inquiry that your letter of the 31st December, 1886, was submitted to the Treasury Board in due course, but as it did not ask for confirmation of the rules inclosed, but only stated what your intentions were in auditing revenue accounts and requesting any directions that the Treasury Board might deem fit to give,—as the Treasury Board had no directions to give, the letter was unanswered; but in order that the law may be complied with, I have now to state that the rules are approved of.

It will be better to have a formal approval of the other rules to which I drew your attention; and in future we had better adhere strictly to the law, *i.e.*, for you to send all rules to the Treasury Board for approval before their issue, and for the Treasury Board to give a decision in due course.

Yours very truly,

The Auditor General.

J. M. COURTNEY, *Sec'y.*

### RULES AND REGULATIONS *in reference to the Receipt, Entry and Accounting for Public Moneys.*

- (1.) Receipt books with printed consecutive numbers should be used.
- (2.) A receipt should be given for each payment.
- (3.) All receipts should be entered in a Cash Book, and each entry should bear the same number as the receipt.
- (4.) The counterfoil of the receipt should bear its number, the name of the payer, the amount and a short memo. of the object for which payment was made; and it should be signed by the collector, and when payment is made in person, by the payer.
- (5.) A deposit should be made to the credit of the Receiver General daily, if the receipts amount to \$25. If the daily receipts do not amount to \$25, a deposit should be made whenever that sum or more is on hand.
- (6.) As soon as possible after the close of each month, and not later than the 10th of the succeeding month, a copy of the Cash Book should be transmitted to the Audit Office, with the corresponding counterfoils of receipts granted, and also the blank when a receipt has been spoiled or cancelled.

Treasury Minute, May 23, 1890.—The Board had under consideration a communication from the Auditor General, submitting certain regulations embodying general principles for the audit of the revenue accounts; also a copy of the regulations and forms of returns drawn up in accordance with the general regulations applicable to certain classes of revenue coming under the control of the Department of Marine, which regulations and forms were submitted to exemplify the carrying out of the general regulations.

After careful consideration the Board approve of the general regulations for the Outside Service for the audit of the revenue accounts, as follows:—

*Revenue Audit—General Regulations for the Outside Service.*

1st. Where possible, every officer or agent employed in the collection of public moneys shall make a daily deposit, if the receipts amount to \$25; otherwise, whenever that sum is on hand; and he shall furnish regularly to the proper department a return of his collections.

2nd. This return shall be made monthly, or at less frequent intervals, to be fixed by the department, when desirable.

3rd. It shall be a copy in detail of the collector's cash book showing the different deposits made in acquittance; and shall be certified by him and mailed to the proper department within five days after the close of the period which it covers, and be accompanied by the corresponding vouchers or papers.

4th. It shall be fully examined and audited in the department and certified by the Accountant and examining officer.

5th. When examined and certified, all returns for each period shall be forwarded to the Audit Office, accompanied by a summary certified by the Deputy Minister and the accountant.

And they direct that the particular regulations and forms applicable to each Department be submitted to the Board for approval.

J. M. COURTNEY, *Secy.*

The Auditor General.

RE REVENUE AUDIT.

AUDIT OFFICE, OTTAWA, April 18, 1893.

SIR,—I have to call your attention to the correspondence in reference to Revenue Audit, and I will be favoured by your informing me of the action of the Treasury Board thereon.

On January 15, 1892, I wrote detailing the then condition of the work being done. On October 26, 1892, I wrote again, pointing out what progress had been made towards procuring the necessary returns from the several departments. Since that date, arrangements have been made with the Department of Railways and Canals for daily or weekly returns, as the volume of receipts warrants, from the collectors of canal tolls.

On February 11 last, I wrote asking the Treasury Board to determine the department that should be responsible for the collection and audit of Steamboat Inspection revenue.

On February 21, I wrote calling attention to my letter of March 15, 1890, in reference to the accounting for fines payable to the Government of Canada.

The Post Office Department are now furnishing returns of the postmasters, but the returns of receipts from letter boxes and drawers are not yet furnished. Revenue does come to account for the rents in the city post offices, but nothing from any of the other post offices in which letter boxes and drawers have been placed at the expense of the Government.

The Department of Militia does not furnish the requisitions for stores asked for.

## Auditor General's Report, 1892-93.

No change has been made in the returns furnished by the Departments of Customs and Inland Revenue.

I have the honour to be, sir, your obedient servant,  
The Secretary, Treasury Board. J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, May 12, 1893.

SIR,—I am sending herewith copies of the forms used by the several departments and their agents in accounting for the revenue.

The bank receipts, with an accompanying statement showing the accounts to be credited, are furnished daily to the Receiver General by the Customs, Inland Revenue and Post Office Departments, and by the Savings Bank Branch of the Finance Department; weekly by the Department of the Interior; and monthly by the other departments.

The agents and collectors of the Department of Railways and Canals furnish summaries instead of detailed copies of their Cash Books giving subsidiary statements in detail of all miscellaneous receipts. As the Customs and Inland Revenue Departments have raised objections to having their collectors furnish copies of their Cash Books, on the ground of the extra amount of work involved, the practice of giving daily summaries might be adopted by them as regards Customs Revenue and Excise Revenue, they giving details of all other classes of revenue. And I beg to suggest that the following may be added to paragraph 3 of the Treasury Minute of May 23, 1890: "The Collectors of the Customs Department as respects Customs Revenue, of the Department of Inland Revenue as respects Excise Revenue, and of the Department of Railways and Canals as respects Freight and Passenger Traffic and Canal Tolls, shall furnish daily summaries instead of detailed copies of their Cash Book."

I have attached to the forms of each department a memorandum showing the nature and extent of the audit applied.

No audit or examination is made of Money Order or Savings Bank business.

I have the honour to be, sir, your obedient servant,  
The Secretary, Treasury Board. J. L. McDOUGALL, A. G.

### CUSTOMS DEPARTMENT.

*Customs Revenue.*—Collectors' returns of receipts are monthly and give only a summary. The deposits made are entered in detail, and are checked with the bank receipts that come to account. If collectors were to render daily summaries, and detailed statements of all miscellaneous receipts a closer supervision could be effected. The returns are signed but not specifically certified. Vouchers are furnished for refunds made.

*Sick Mariners' Fund.*—Detailed statements are furnished but the counterfoils of receipts issued are not. The statements are not fully certified.

*Steamboat Inspection.*—Returns are made by the Inspectors to the Marine Department, and by the Collectors of Customs to the Customs Department. Neither department gets both returns. This matter has already been presented to the Treasury Board.

*Fines and Seizures.*—Returns are furnished in detail of all receipts for Fines and Seizures, but they are not specifically certified. Vouchers are furnished for all refunds made and for distribution to seizing officers and informers.

### DEPARTMENT OF INLAND REVENUE.

*Excise.*—Collectors' returns of receipts are monthly and only give a summary. The deposits made are entered in detail, and are checked with the Bank receipts that come to account. If collectors were to render daily summaries, and detailed statements of all miscellaneous receipts, a more complete audit could be effected. The collector's return is signed but not certified. The departmental summary is not fully certified.

*Crown Seizures Excise.*—No returns of receipts furnished. The vouchers are furnished for any charges against this amount for refunds, expenses, or distribution to seizing officers or informers.

<p><i>Hydraulic and other rents, Minor Public Works, Cullers' Fees, Weights and Measures, Gas Inspection, Law Stamps, Methylated Spirits, Fertilizers, Adulteration of Food.</i></p>	}	No returns furnished.
--	---	-----------------------

NOTE.—Returns covering Cullers' Fees for 1892-93, and Weights and Measures and Gas for part of the year, have since been received.

#### POST OFFICE DEPARTMENT.

*Post Office Revenue.*—The revenue included under this head arises (1) from sale of stamps ; (2) from postage paid in cash ; (3) from rents of letter boxes and drawers ; (4) miscellaneous receipts ; and (5) balances that may be due from foreign countries.

The Stamp Branch renders quarterly returns showing balance on hand at beginning of the quarter ; the stamps received from the manufacturers, which is checked with the accounts furnished by the manufacturers ; the issues to postmasters, which is checked with the returns of the postmasters ; and the balance in stock. The accounting postmasters render quarterly returns showing balance on hand at beginning of the quarter, the stamps received from the Stamp Branch, and the stamps on hand. The balance indicates the revenue to be accounted for. No returns are received from the non-accounting postmasters. The postage paid in cash is entered on return of postmaster, but there is no means of checking it. About rents of letter boxes and drawers I have already written the Treasury Board. The principal item under miscellaneous receipts is cash found in dead letters, owners unknown, of which no returns are furnished. The balances arising from transit postage, parcel postage, &c., is sometimes in favour of Canada, sometimes against.

The salaries and allowances to country postmasters, amounting last year to \$772,567.46, is made a charge against revenue, instead of being included in the expenditure.

#### RAILWAYS AND CANALS DEPARTMENT.

*Railway Revenue.*—Returns are now received from the principal stations daily, and from smaller stations every ten days, showing a summary of the receipts and acquittances made. Daily returns are received from the cashier at Moncton which are checked with the returns from the stations ; and with the Bank receipts that come to account. Detailed statements are furnished monthly from the stations of all receipts on account of Storage, Wharfage, Demurrage, &c. The following monthly summaries are furnished by the head Office at Moncton :—Statement of Freight earnings by Stations ; Statement of Passenger earnings by Stations ; Statement of Stations visited by Travelling Auditors ; Summary of Collections by Conductors ; Statement of earnings of Parlour and Sleeping Cars ; Statements of Arrears at Stations, showing the details that make up the balance standing against a station at the close of each month ; and an Abstract of Stations Balance Sheets.

Summaries only of the earnings of the Windsor Branch Railway and the express business done, are furnished.

*Canals Revenue.*—Collectors furnish a monthly return showing a summary of the receipts, and giving the acquittances in detail. These acquittances are checked with the bank receipts that come to account. Arrangements have lately been made for collectors to furnish in some cases daily, and in other cases weekly summaries. No departmental summary is furnished. NOTE.—These returns have not yet been furnished.

# Auditor General's Report, 1892-93.

## FINANCE DEPARTMENT.

*Superannuation.*—This revenue arises from deductions from the pay-lists of the several departments, inside and outside service, and the details are furnished for the expenditure audit.

*Interest on Investments.*

*Premiums, Discount and Exchange.*

These revenues arise principally through the interest on the Sinking Fund and differences in exchange, and are examined at the same time and by the same officer as the English expenditure.

*Insurance Superintendence.*—Lists are furnished of the companies assessed.

*Profits on Coinage.*—Statements and vouchers are furnished of each Coinage.

## DEPARTMENT OF PUBLIC WORKS.

*Slides and Booms.*—Departmental returns are furnished in detail, signed by the Collector of Slides and Boom Dues, but they are not specifically certified.

*Telegraph Revenue.*—Returns are furnished by each operator, and summaries of the District Superintendents, and a monthly summary by the department.

*Graving Dock Revenue.*—Certified returns are furnished monthly by the dockmasters.

All these returns are checked with the bank receipts that come to account.

## MARINE AND FISHERIES DEPARTMENT.

*Steamboat Inspection.*—Already referred to under Customs Department.

*Sick Mariners' Fund.*—Already referred to under Customs Department.

*Harbour Police.*—Now abolished.

*Dominion Steamers.*—Returns are furnished by the officers of the steamer, certified by the resident agent of the department, and a certified summary is furnished by the department.

*Wharfs and Piers.*—Certified returns are furnished by the wharfingers, but it is found difficult to get returns from all wharfingers.

*Examination of Masters and Mates.*—Returns are furnished by the examiner, and lists are furnished of the certificates issued by the department, which are compared.

*Miscellaneous Receipts.*—These principally arise from the sales of sundry material, &c., for which the auctioneer's statement is furnished, with vouchers for any disbursements.

*Fisheries Revenue.*—The inspectors furnish monthly returns which are checked with the list of licenses issued that are furnished by the department, and a certified summary is furnished by the department.

## DEPARTMENT OF AGRICULTURE.

*Patent Fees.*—Monthly returns signed by the Commissioner of Patents and the Cashier, are furnished, together with the counterfoils of the receipts issued, which bear printed consecutive numbers. A statement is furnished showing the deposits made in acquittance, which is compared with the bank receipts that come to account.

*Experimental Farm Sales.*—The same system of audit as patent fees.

## DEPARTMENT OF THE INTERIOR.

*Dominion Lands.*—Monthly certified statements are furnished by the agents, which are compared with the counterfoils of the receipts issued. These are certified by the examining officer of the department and a summary, certified by the Deputy Minister and the Accountant, is furnished.

*Ordinance Lands.*—All payments are made to the department. Monthly statements are furnished, but they are not specifically certified and no counterfoils are furnished.

*Registration Fees, N.W.T.*—Monthly statements, signed by the registrars, are furnished, on which are entered, in consecutive order, the documents registered. These returns come directly to the Audit Office.

The deposits made in acquittance of these several classes of revenue are compared with the bank receipts that come to account.

There are also receipts from fines and from repayments of seed grain, of which the only audit is that the amounts have come to account.

#### DEPARTMENT OF MILITIA AND DEFENCE.

*Militia Revenue.*—This revenue arises from the sales of stores and from rents of military properties. All payments are made by deposits in the bank. Monthly returns are made by the department, which are signed by the Director of Stores. The requisitions are not furnished.

*Royal Military College Receipts.*—These receipts are for the fees of cadets and for supplies furnished them. Monthly statements are furnished, signed by the Commandant and the Staff Adjutant. No counterfoils are furnished.

#### DEPARTMENT OF JUSTICE.

*Penitentiary Revenue.*—Monthly statements, certified by the Warden and Accountant, are furnished, which are compared with the counterfoils of the receipts issued. The departmental summary that accompanies these statements is certified by the Deputy Minister and the Accountant.

*Supreme and Exchequer Courts Reports.*—Monthly statements are furnished by the registrars, but they are not specifically certified, and no counterfoils are furnished.

The deposits made in acquittance of these classes of revenue are compared with the bank receipts that come to account.

#### DEPARTMENT OF SECRETARY OF STATE.

*Fees on Commissions, Passports, &c.*—Monthly statement is furnished by the department, which is compared with the counterfoils of the receipts issued.

*Civil Service Examination Fees.*—A statement is furnished after each examination, certified by the sub-examiners, and the rolls also are furnished.

The deposits made in acquittance of these classes of revenue are compared with bank receipts that come to account.

#### DEPARTMENT OF PUBLIC PRINTING AND STATIONERY.

*Canada Gazette.*—Monthly statements are furnished which are compared with the counterfoils of the receipts issued.

*Sales of Publications.*—The same audit as *Canada Gazette*.

*Profits of Stationery.*—Stationery is charged to the departments at a small advance on cost, and the profit shown at stock-taking is credited to revenue.

The deposits made in acquittance are compared with the bank receipts that come to account.

#### DEPARTMENT OF INDIAN AFFAIRS.

*Indian Trust Fund.*—Monthly certified statements are furnished by the agents, which are compared with the counterfoils of the receipts issued. The departmental summary is certified by the Deputy Superintendent General and the Accountant. The deposits made in acquittance are compared with the bank receipts that come to account.

AUDIT OFFICE, OTTAWA, June 28, 1893.

SIR,—I am returning herewith the letters and documents in reference to the Revenue Audit which you handed me a few days ago.

As requested, I have drawn up and inclose herewith general regulations which I beg to submit for the approval of the Treasury Board.

If these are adopted, as they deal with the whole question, the Minute of December 30, 1889, and that of May 23, 1890, should be repealed.

I have the honour to be sir, your obedient servant,  
The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

# Auditor General's Report, 1892-93.

## GENERAL REGULATIONS

1. When practicable, every officer or agent employed in the collection of public moneys shall make a daily deposit, if the receipts amount to \$25; otherwise, whenever that sum is on hand.

2. A certified return shall be rendered, quarterly by postmasters, monthly by all other officers or agents employed in the collection of public moneys. This return shall be certified by the collector as to the following points:—(a) That it includes all receipts during the month; (b) that the revenue has been collected in every case in which it should have been collected; (c) that the amounts that were collected were the amounts which should have been collected; (d) that deposits or remittances were made as promptly as called for by the Treasury Regulations.

3. Customs and Inland Revenue collectors, railway agents and collectors of canal tolls shall continue the form of return now in use, subject to the foregoing regulation as to certificate. And they shall render direct to the Auditor General's Office, daily or weekly, according to the amount of the receipts, a statement giving a summary of all receipts, details of minor and miscellaneous receipts, and particulars of deposits or remittances made in acquittance.

4. Collectors of Weights and Measures and Gas, of Telegraph revenue and of Dominion steamers earnings, shall continue their returns on the forms now in use, subject to the regulations as to certificate in paragraph 2.

5. All other collectors shall render a detailed statement of receipts, giving the following particulars of each item: the date, the No. of receipt if one issued, the name of the payer, the object or service and the amount.

6. All collectors shall prepare and forward their returns to the respective departments within five days after the close of each month. The returns shall be fully examined and audited in the department, and forwarded before the close of the succeeding month to the Auditor General's Office with a departmental summary, certified by the Deputy Minister and the Accountant. A monthly return of all collections made in a department shall be certified and rendered in like manner.

7. Officers collecting the following classes of revenue shall issue a receipt for each payment, and use therefor receipt forms bearing printed consecutive numbers and counterfoils, the latter and any spoiled or cancelled receipt forms to be furnished with their returns:—

- Chinese Immigration fees.
- Steamboat Inspection.
- Mariners' Fund.
- Cullers' fees.
- Miscellaneous Railway receipts.
- Miscellaneous Canal receipts.
- Slides and Booms revenue.
- Graving Dock revenue.
- Modus Vivendi.*
- Patent Fees and Trade Marks.
- Cattle Inspection.
- Seed grain mortgages.
- Sales at Experimental Farms.
- Dominion Lands revenue.
- Ordnance Lands.
- Penitentiaries.
- Supreme and Exchequer Court Reports.
- Secretary of State fees, &c.
- Canada Gazette.*
- Sales of publications.
- Indian Fund.
- House of Commons fees.
- Senate fees.

And by each department to which remittances are made direct.

Receipts issued by Collectors of Customs for Steamboat Inspection fees, shall bear an extra counterfoil, which shall be detached by the Steamboat Inspector and forwarded with his return to the Department of Marine and Fisheries.

8. Statements of all stamps received and issued shall be furnished to the Auditor General's Office, quarterly by the Post Office Department, and monthly by the Inland Revenue Department. Statements of all certificates and licenses issued shall be furnished monthly by the Department of Marine and Fisheries.

9. Statements shall be furnished monthly of all refunds or charges of any kind against revenue, supported by vouchers and certificates. Stamps redeemed shall be subject to a test audit by an officer of the Auditor General's Office and destroyed in his presence.

10. The Militia Department, the Department of Public Printing and Stationery, the Registrar of the Supreme Court and the Registrar of the Exchequer Court shall furnish to the Auditor General's Office an inventory of the stock or stores on hand on June 30th in each year. The Department of Militia shall furnish with each monthly return all requisitions for stores whether issued free or for payment.

11. Copies of the reports received by any department from inspectors who personally examine the several agencies or outside offices shall be forwarded to the Audit Office regularly as received.

J. L. McDOUGALL, A.G.

Audit Office, June 28, 1893.

AUDIT OFFICE, OTTAWA, November 7th, 1893.

SIR,—I wrote you June 28th last, inclosing general recommended regulations for the consideration of the Treasury Board. I have to ask if any action has been taken in reference thereto. If not, I shall be glad if you bring the subject before the Board at an early date.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Treasury Board.

### *R<sup>e</sup>* Steamboat Inspection.

AUDIT OFFICE, OTTAWA, February 8, 1893.

SIR,—I wrote you on August 16 last requesting the Treasury Board to determine which department, the Customs or Marine, should be responsible for the proper audit and accounting for the receipts from Steamboat Inspection. Please let me know the decision of the Board in reference thereto.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Treasury Board.

TREASURY BOARD, OTTAWA, February 9, 1893.

SIR,—In reply to your letter of the 8th instant calling attention to your letter of the 16th August last, requesting the Treasury Board to determine which department, the Customs or Marine, should be responsible for the proper audit and accounting for the receipts from Steamboat Inspection, and asking to be informed of the decision of the Board in reference thereto, I have the honour to state that by direction of the Board, the matter was on the 24th October last referred to the Ministers of Customs and Marine and Fisheries who were asked to confer and come to some agreement in regard thereto.

I have the honour to be, sir, your obedient servant,

J. M. COURTNEY,

*Secretary, Treasury Board.*

The Auditor General.

## Auditor General's Report, 1892-93.

---

AUDIT OFFICE, OTTAWA, February 11, 1893.

SIR,—If the question of responsibility for the proper audit and accounting for the receipts from Steamboat Inspection revenue, which you state was submitted to the Ministers of Customs and Marine and Fisheries, was not settled previous to the departure of the latter for England, I would suggest that steps should be taken to have the matter disposed of by the acting Minister. The question has been under discussion for years, and it is desirable that a decision should be reached as soon as possible. The correspondence on the subject between this office and the departments is published in the Audit Reports of the last five years. The Deputy Minister of Marine in his letter dated July 12, 1889 [Audit Report, 1889, page G-72] stated that arrangements had been made to check the returns of the collectors with the returns of inspectors in the Accountant's branch of his office, and requested that arrangements should be made to have collectors' returns forwarded to his department. In his letter of February 21, 1890 [Audit Report, 1890, page E-79] he stated the Customs Department was averse to furnishing duplicates of the collectors' returns to the Department of Marine, and in consequence he was unable to audit the inspectors' returns. Your attention is requested

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Treasury Board.

### *Re Fines and Forfeitures.*

AUDIT OFFICE, OTTAWA, March 21, 1893.

SIR,—I wrote you on March 15, 1890, inclosing copy of correspondence with the Department of Justice in connection with collection and accounting for Fines payable to the Government of Canada under Chap. 188, C. C. Law.

I desire to know what was the decision of the Treasury Board on this subject.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Treasury Board.

---

AUDIT OFFICE, OTTAWA, October 12, 1893.

SIR,—I have to state that I have not yet been informed of the decision of the Treasury Board in reference to the collection and accounting for Fines payable to the Government of Canada.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Treasury Board.

### Re Customs, Fort Macleod

AUDIT OFFICE, OTTAWA, March 29, 1893.

SIR,—I have to call your attention to the manner in which the collector at Fort Macleod accounts for his receipts. His return indicates that he deposits weekly with Messrs. Cowdry Brothers, Fort Macleod. Does that mean that he purchases drafts from that firm? The return for July last is covered by a single deposit receipt issued by the Bank of Montreal here dated August 6th, and the return for August by two receipts dated September 7th and September 8th. Why is there so much delay?

I have the honour to be, sir, your obedient servant,

The Asst. Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPT., OTTAWA, May 3, 1893.

SIR,—I beg to acknowledge receipt of your letter of 29th March, referring to delay on the part of the collector of Customs at Fort Macleod in making deposits, and have to say that I have called the attention of the officer named to this matter, and trust that no further cause of complaint will arise.

I have the honour to be, sir, your obedient servant,

The Auditor General.

THOS. J. WATTERS, *Asst. Commissioner.*

*Re Refund of Customs Revenue.*

AUDIT OFFICE, OTTAWA, April 26, 1893.

SIR,—I am returning herewith your application No. 82 for a bill of exchange for a sum in sterling equal to \$126.25, in favour of Sir Chas. Tupper, to enable him to refund to Messrs. T. & J. Smith of Stockport, England, duty paid by them on goods re-exported; also your file 4512-91 which accompanied the application.

How does the difference arise between the amount claimed by the Messrs. Smith, £32-12-8 and the amount you now propose to refund, \$126.25 (£25-18-10½)?

The collector at Toronto reported November 17, 1891, referring to the entry No. 543 exwarehousing these goods for export to England, that there did not appear to be any ground for a claim for refund upon any of the entries made. I do not see on the file any report of the collector, recommending the refund.

If there is no special reason why this bill of exchange should not be made directly in favour of the parties entitled to payment, I would suggest that it should be done. The bill can of course be sent to Sir Charles Tupper for transmission to the claimants.

I have the honour to be, sir, your obedient servant,

The Asst. Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPT., OTTAWA, May 3, 1893.

SIR,—I beg to acknowledge the receipt of your letter of the 26th inst., returning an application for a bill of exchange for a sum in sterling equal to \$126.25, wherewith to refund to Messrs T. & J. Smith of Stockport, England, duty paid by them on goods re-exported.

With reference to your query as to the difference between the amount claimed by the Messrs. Smith and the amount which the department proposes to refund, I beg to advise you that we can only refund the duty paid upon the goods which are shown to have been re-exported, and the amount of the duty paid upon the same was \$126.25.

The recommendation of a collector of Customs is not necessary in connection with a refund of duty paid on goods re-exported, as refund in all such cases is authorized by the head of the department as required by the regulations.

There is no special reason why the bill of exchange should be drawn in favour of Sir Charles Tupper, and it may be issued in favour of the claimants, Messrs T. & J. Smith.

I have the honour to be, sir, your obedient servant,

THOS. J. WATTERS, *Asst. Commissioner.*

The Auditor General.

AUDIT OFFICE, OTTAWA, May 26, 1893.

Sir,—Among the charges against Customs Revenue for the present fiscal year I find a refund to the Windsor and Annapolis Railway of \$8,731.76. The voucher No. 166, August 6, 1892, explains that this payment is to refund the duties paid on articles imported for the use of the Company during the June quarter of 1892.

I have to ask for an explanation of this refund, and the authority under which it was made.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Asst. Commissioner of Customs.

CUSTOMS DEPT., OTTAWA, May 30, 1893.

SIR,—I beg to acknowledge receipt of your letter of 26th inst., asking for an explanation of a refund of \$8,731.76, made during the present fiscal year to the Windsor and Annapolis Railway Co., of Windsor, N.S., such refund being on articles imported for the use of the Company during the June quarter of 1892.

## Auditor General's Report, 1892-93.

I beg to advise you that, under date 19th September, 1884, the Railway Company named presented a petition of right for trial in the Exchequer Court of Canada, for the refunding to them of duties paid by the said Company previous to the date of such petition, and not refunded up to that time by this department, but which the Company contended were properly repayable to them under the terms of "an agreement in writing, dated 22nd November, 1866, made and entered into between and by the Chief Commissioner of Railways for Nova Scotia (acting on behalf of Her Majesty under the direction and authority of the Governor and Council of that province, and in particular by virtue of an Act of the Legislature of Nova Scotia therein referred to and passed in the 28th year of the reign of Her Majesty (Chap. 13), entitled 'An Act to provide for the construction of two other sections of the Provincial Railways') of the one part, and William Henry Punchard, Frederick Barry and Edwin Clark (therein respectively described) of the other part."

The contentions of the parties were duly considered, at the request of the then Minister of Customs, by the Minister of Justice of that day, who decided that this department should properly pay the refunds claimed by the Company. The views of the Minister of Justice upon this subject are embodied in two letters, dated respectively 27th January, 1886, and 19th May, 1888, addressed to the Commissioner and Assistant Commissioner of Customs respectively, copies of which I inclose herewith for your information.

Under such ruling, this department has regularly paid these claims for refund, quarterly, up to the present time.

You will observe that in the letter of 19th May, 1888, the date of the letter of Mr. Burbidge is erroneously given as 28th June, 1886, instead of 28th January, 1886.

I have the honour to be, sir, your obedient servant,

THOS. J. WATTERS, *Asst. Commissioner.*

The Auditor General.

### *Re Crown Seizures, Customs.*

AUDIT OFFICE, OTTAWA, March 28, 1893.

SIR,—Referring to previous correspondence on this subject,—see Audit Report, 1892, page F—29, you will observe that I asked for the vouchers covering the expenses of the seizures as entered on return K6. Returns for the September quarter have been received. Please forward the corresponding vouchers.

I will be glad to have all returns for December quarter at your earliest convenience.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Asst. Commissioner of Customs.

### *Re Steamboat Inspection.*

AUDIT OFFICE, OTTAWA, April 18, 1893.

SIR,—Inspector Johnston, on his return for August last, has entered the Str. "W. A. Rooth" fees \$9.16, paid April 23 at Sault Ste. Marie. I do not find the amount accounted for on the returns of the collector of that port.

On May 14, 1892, I sent you a list of 12 vessels the fees on which were not accounted for, giving the names of the ports at which paid and the date. I have not since heard from you in reference thereto. Please let me know what action was taken and the result. It is certainly desirable to verify the correctness or otherwise of the statements made by the inspectors. If the payments were made to the collectors, they should be accounted for, and if not made the inspectors should be called on for explanations. If the suggestion I made, to have the receipt issued by collectors of Customs contain a counterfoil for this office, which the inspector should detach and for-

ward with his returns, were adopted, there would be no trouble in fixing the responsibility, and protecting the revenue from loss.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Asst. Commissioner of Customs.

NOTE.—See further correspondence on the subject of Steamboat Inspection under heading of Department of Marine and Fisheries.

### *Re* Examining Warehouse Fees.

AUDIT OFFICE, OTTAWA, April 10, 1893.

SIR,—According to the revenue returns for the six months of the present fiscal year, Examining Warehouse Fees were collected as follows:—Ottawa, \$159; Toronto, \$2,487.77; Montreal, \$1,473.24; and Quebec, \$294.91. Are there any other ports at which Examining Warehouses are established and fees collected? Please let me have a copy of the regulations governing the collection of these fees, and also the tariff imposed. I observe that \$154 came to account from the Port of Ottawa for July, nothing for August, September, October and November, and only \$5 for December.

I wrote you October 12, 1892, asking that the collectors' returns in detail of these fees, and also of the fees from coasting licenses, entrance and clearance, bonding warehouses and sundry receipts should be furnished. I have not received them, and have to again ask that you have them forwarded.

I have the honour to be, sir, your obedient servant,

The Asst. Commissioner of Customs.

J. L. McDOUGALL, A.G.

### General Regulations.

AUDIT OFFICE, OTTAWA, June 27, 1893.

SIR,—In order to meet the objections made by your department to asking collectors of Customs to furnish detailed statements of their receipts, as directed by the Treasury Minute of May 23, 1890, it is now proposed to recommend the cancellation of that minute and the substitution of another providing the following regulations affecting your department, differing from or not contained in the former minute.

(1.) That collectors of Customs shall certify their returns as to the following points:—(a) that it includes all receipts during the month; (b) that the revenue has been collected in every case in which it should have been collected; (c) that the amounts that were collected were the amounts which should have been collected; (d) that deposits or remittances were made as promptly as called for by the Treasury Regulations.

(2.) That collectors of Customs shall continue the form of returns now in use, subject to the foregoing regulation as to certificate. And they shall render direct to the Auditor General's office, daily or weekly according to the amount of the receipts, a statement giving a summary of all receipts, details of minor and miscellaneous receipts, and particulars of deposits or remittances made in acquittance.

(3.) All collectors shall prepare and forward their returns to the department within five days after the close of each month. The returns shall be fully examined and audited in the department and forwarded before the close of the succeeding month to this office with a departmental summary certified by the Commissioner and the Accountant.

(4.) Officers collecting the following classes of revenue shall issue a receipt for each payment, and use therefor receipt-forms bearing printed consecutive numbers and counterfoils, the latter and any spoiled or cancelled receipt forms to be furnished with their returns:—Chinese immigration fees, steamboat inspection and mariners' fund. Receipts issued for steamboat inspection fees shall have an extra counterfoil, which shall be detached by the steamboat inspector and forwarded with his return.

# Auditor General's Report, 1892-93.

(5.) Statements shall be furnished monthly of all refunds or charges of any kind against revenue, supported by vouchers and certificates.

(6.) Copies of the reports of inspectors who personally examine the outside offices, shall be forwarded to this office regularly as received.

I trust these regulations may meet with your approval.

I have the honour to be, sir, your obedient servant,

The Asst. Commissioner of Customs.

J. L. McDOUGALL, A.G.

CUSTOMS DEPT., OTTAWA, June 29, 1893.

SIR,—I beg to acknowledge receipt of your letter of 27th inst., conveying to me the details of a proposed Minute of Treasury Board on the subject of the audit of the revenue accounts of this department, and have to say that I shall confer with the Controller of Customs, and shall write you later as to the views of this department on the subject.

I have the honour to be, sir, your obedient servant,

THOS. J. WATTERS, *Asst. Commissioner.*

The Auditor General.

## Re Revenue Audit.

AUDIT OFFICE, OTTAWA, November 7, 1893.

SIR,—I have not yet received any Collectors' returns for the present fiscal year.

It detracts very much from the usefulness of an audit when a considerable time elapses between the date of the transactions and the audit. When returns are not forwarded regularly it interferes with the work of this office and delays the preparation of the report for Parliament.

I wrote you June 27, giving regulations affecting your department, which the Treasury Board had been asked to adopt. You stated in reply that the views of the department in reference thereto would be stated later. So far I have not received them. These regulations provided that the returns of each month should reach this office before the close of the succeeding month. I have to request that you will be good enough to have this recommendation carried out.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Acting Commissioner of Customs.

CUSTOMS DEPT., OTTAWA, November 11, 1893.

SIR,—I beg to acknowledge receipt of your letter of 7th inst., in which you urge that the revenue returns of Collectors of Customs, for each month, should be forwarded to you, if possible, before the close of the succeeding month, and in reply regret to say that the staff in the Accountant's Branch of this Department is so small that it has been impossible up to the present time to make such prompt returns of our statements as you require. I shall, however, do all that is possible to expedite the forwarding of the returns in question, as I fully appreciate the importance, if your audit is to be satisfactory to you, of having returns supplied promptly.

With reference to your letter of 27th June last, in which you make certain suggestions on the general subject of revenue audit, I regret that press of other matters has prevented my giving it the attention for which it calls. I trust shortly to be able to take the matter up, and to prepare such remarks upon your suggestions as the circumstances concerning the service of this Department call for.

I may say, however, that I understood such representations as I might think it necessary to make upon this subject were to be submitted directly to the Treasury Board, through the head of this Department, when the consideration of your suggestions on the subject of revenue audit was before the Board.

I have the honour to be, sir, your obedient servant,

THOS. J. WATTERS, *Acting Commissioner.*

The Auditor General.

*Re Revenue Returns.*

AUDIT OFFICE, OTTAWA, February 8, 1893.

SIR,—The only revenue returns furnished to this office by your department are the monthly statements of excise agents and the departmental summary of them. I have now to ask that you will forward regularly each month the returns of all other agents, inspectors and collectors coming under the control of your department. If for any reason you are unable to send at once returns of all the classes of revenue, please send what you can.

I have the honour to be, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 19, 1893.

SIR,—The returns of collectors for only four months of the current fiscal year have yet reached this office. Please have those in arrears forwarded as soon as possible. Is there any reason why the returns of one month should not come to hand before the close of the next?

I have again to point out that no returns are furnished of the other revenues controlled by your department.

I have the honour to be, sir, your obedient servant,

The Controller Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 26, 1893.

SIR,—As you have made objection to asking collectors to furnish details of collections as required by the Treasury Minute of May 23, 1890, in order to meet your views as much as possible, I purpose asking the Treasury Board to cancel the minute now in force and substitute in effect the following:—

That Collectors shall certify their returns as to the following points:—(a) That it includes all receipts during the month; (b) that the revenue has been collected in every case in which it should have been collected; (c) that the amounts that were collected were the amounts which should have been collected.

## Auditor General's Report, 1892-93.

That collectors of Inland Revenue, Weights and Measures and Gas, shall continue the form of return now in use subject to the foregoing regulation as to certificate. That collectors of Inland Revenue shall render direct to the Auditor General's Office, daily or weekly according to the amount of the receipts, a statement giving a summary of all collections, details of minor and miscellaneous receipts and particulars of deposits or remittances made in acquittance.

That all other collectors or officers in receipt of public moneys shall render a detailed statement of receipts, giving the following particulars of each item:—The date, the No. of the receipt issued, the name of the payer, the object or service and the amount.

That statements of all stamps received and issued shall be furnished to the Auditor General's Office monthly.

That statements shall be furnished monthly of all refunds or charges of any kind against revenue, supported by vouchers and certificates.

That copies of all reports made by inspectors shall be forwarded monthly to the Auditor General's Office.

I have the honour to be, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

OTTAWA, June 10, 1893.

MY DEAR McDOUGALL,—I herewith return you the minute of Treasury Board, and accompanying documents relating to the audit of revenue accounts you left with me yesterday.

I have carefully considered the matter, and am of opinion that however necessary it may be in the case of other departments, it is unnecessary and impracticable so far as concerns the Department of Inland Revenue. As an audit it would be a total failure in so far as verifying the correctness of returns made by the Inland Revenue officers, for the reason that to make any such audit would require careful inspection of the work done anterior to the time the moneys were received by the officers or the accrual of the duties. In this connection I would again draw your attention to that clause in the Commissioner's Report on this subject, which reads:—

“It will be necessary for the Auditor to extend his supervision to the several books of account kept by the licensed manufacturers, and to confirm their accuracy by taking stock periodically at each of the four hundred factories now under excise supervision, a task which the department has found sufficiently onerous with over two hundred officers constantly on the alert.”

The scope of the Order in Council seems to embrace the question only of compelling collectors to make a daily deposit of sums amounting to \$25, instead of sums of \$100 as at present. I send you herewith a copy of the Inland Revenue general regulations governing this department. Under clause on first page, section one, it is declared that all moneys received by collectors of Inland Revenue, or others acting under this department, except inspectors of Weights and Measures and inspectors of Gas and to whom special instructions are issued, are to be transmitted daily or so soon as the sum collected reaches \$100, by draft in favour of the Receiver General. It is, however, questionable whether the reduction of the amount from \$100 to \$25 would justify the additional expense connected with the carrying into effect of the 2nd and 3rd clauses of the order in question. These clauses read as follows:—

“This return shall be made monthly, or at less frequent intervals to be fixed by the department when desired. It shall be a copy in detail of the collector's cash book, showing the different deposits made in acquittance, and shall be certified to by him and mailed to the proper Department within five days of the close of the period which it covers, and be accompanied by all vouchers and papers.”

This would involve among other things the making of every entry passed by the public in quadruplicate, because an additional copy would be required for your office. I am anxious that the departmental expenditure should not be increased and fear that such would be the result if the order was put in force in this department. I think you

will admit that whatever force there may be in the reason for the proposed change regarding other departments where small collections are made, it does not apply to this department. When it is considered that only three excise divisions collect less than \$10,000 a year, and the lowest of these \$6,412.51, the weight of my contention will be apparent. In the Weights and Measures and Gas Inspection branches, the deposits have to be made weekly, or as often as the amount collected reaches \$50. It is provided also with regard to collections in these divisions that when no bank is available but a Money Order Post Office is convenient, the remittances may be made by money order in favour of the Commissioner of Inland Revenue. You will see that in the case of these officers who are making inspections throughout the country and in places far from banks, and often even from Money Order Post Offices, it would be very hard indeed, if not absolutely impossible, to make this Order in Council workable. On the whole, therefore, both on account of its impracticability in certain respects and the additional expense, I fear, that it would involve, I do not think the order in question should be enforced so far as the Department of Inland Revenue is concerned.

Yours faithfully,

JOHN F. WOOD, *Controller.*

### Re Excise Revenue.

AUDIT OFFICE, OTTAWA, June 26, 1893.

SIR,—Referring to the returns of collectors and the departmental summary that is furnished with them, I have to call your attention to the following remarks:—

The collectors' returns show the transactions of the month, a summary being given of the receipts, and a detailed statement of the deposits made in acquittance with the balance carried forward, if any. The departmental summary takes account only of such deposits as reach the department during the month, and, consequently, each summary covers part of the deposits appertaining to the previous month, and not all of those appertaining to the month in question. After the necessary adjustment, the balances shown on the summary are greater than as shown by the collectors' returns to the following extent:—Windsor, Ont., \$92.66; Three Rivers, \$304.29; St. John, N.B., \$10.33.

The collectors at Vancouver and Three Rivers do not deposit in accordance with the regulations. The return for the month of February of the collector at Vancouver, showed the collections to have been \$5,733.62, which was deposited as follows: February 7th, \$961.77; 14th, \$1,002.55; 21st, \$2,127.06, and March 2nd, \$1,642.24. The return for the same month of the collector at Three Rivers, showed the collections to have been \$3,194.90, which was deposited as follows: February 10th, \$758.67; 17th, \$1,454.76, and March 1st, \$981.47.

I have the honour to be, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, *A.G.*

DEPT. OF INLAND REVENUE, OTTAWA, July 6, 1893.

SIR,—Referring to your communication of the 26th ult., the balances at Windsor, Three Rivers and St. John, to which you allude, are old balances which are uncollectible, and which the department has asked authority of Council to write off more than once. Another report in the same direction was placed before the Treasury Board a few days ago.

As to the remarks as to manner of depositing at Vancouver and Three Rivers, the collector at the former place is a recent appointment and has had to organize a rapidly developing district, while quite shorthanded as to office assistance. The latter has already been asked to explain his non-compliance with our own regulations.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commr.*

# Auditor General's Report, 1892-93.

AUDIT OFFICE, OTTAWA, June 21, 1893.

SIR,—I have not had any reply to my letter of April 1, 1891, in reference to the returns from Quebec. A memo. attached to the return for December, 1889, states that a balance carried forward of \$849.12 was standing since July, 1885, on account of increase of duties and if not intended to be collected might as well be written off; also, that 2,584.57 gallons of the quantity entered as in warehouse did not exist, having been used up in Bonded Factory while under seizure in April and May, 1887.

I have to inquire what action has since been taken on these two points, and to request you to send the papers in connection therewith.

I have the honour to be, sir, your obedient servant,  
The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, August 30, 1893.

SIR,—I have the honour, by direction, to acknowledge receipt of your communication of June 21 ultimo, relative to some outstanding balances in the Division of Quebec, and, in reply, to inform you that, in the matter of uncollected and uncollectible balances, they were some time ago referred to the Honourable the Treasury Board with a view to obtaining some authority to write them off the books of the department.

No action was taken thereon by that Board, it being the opinion of the Premier that it should be dealt with by the Public Accounts Committee of the House of Commons.

The whole matter will, therefore, be submitted by the Controller of Inland Revenue to that Committee during the next session of Parliament.

I have the honour to be sir, your obedient servant,  
The Auditor General.

WM. HIMSWORTH, *Secretary*.

AUDIT OFFICE, OTTAWA, October 2, 1893.

SIR,—The following revenue returns appertaining to accounts of 1892-93 have not yet reached this office:—

Excise for May and June, 1893.

Culling timber for May and June, 1893.

Weights and Measures for the whole year excepting July and August, 1892.

All the returns of the other classes of revenue.

If you could arrange so that the returns of each month should be furnished during the next month, they could be examined as received, and at the close of the year the preparation of the Annual Report for Parliament would not be delayed as it now is. In the meantime please furnish all returns of 1892-93 as soon as possible.

I have the honour to be, sir, your obedient servant,  
The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

## *Re Refunds of Excise Revenue.*

AUDIT OFFICE, OTTAWA, August 3, 1893.

SIR,—The voucher furnished in support of payments for refunds of tobacco duties, includes the application of the manufacturer, which sets forth the claim in detail, is certified by the proper officers and bears evidence of having been examined in your department. The voucher furnished in support of payments for refunds of spirits and malt duties does not include the application. I have to request that in future it may be furnished in all cases. In the meantime please send the applications in connection with the following payments: Nos. 42396, 42397, 42398, 42399, 42448, 42644, 42771.

I have the honour to be, sir, your obedient servant,  
The Commissioner Inland Revenue.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, April 21, 1893.

SIR,—On your revenue return, No. 240, of yesterday's date, there is entered an item of \$120 for credit of Crown seizures of Excise revenue. No bank receipt for this amount accompanied this return, but a copy of a letter from the secretary of the Finance Department, dated December 14, 1892, is furnished, stating that an item of \$120.50 paid by the clerk of the peace, Montreal, on April 21, 1892, about which you had inquired, was received and credited to fines and forfeitures in accounts of 1891-92.

It has been necessary to strike this item off yesterday's return, as Crown Seizures Excise cannot be credited without cash or some other account being debited, and cash was debited when the entry was passed last April. This item was credited in the first place to fines and forfeitures, and afterwards transferred by a general entry warrant covering all revenue to consolidated fund. If it is essential that this item should appear in this year's accounts, it will be necessary to make application for an entry warrant debiting consolidated fund.

Please direct that in future nothing shall be entered on the revenue return without an accompanying bank receipt or receipts.

I have the honour to be, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

DEPT. OF INLAND REVENUE, OTTAWA, April 25, 1893.

SIR,—I have the honour, by direction, to acknowledge receipt of your communication of the 21st instant, relative to an item of \$120.50 having been struck out of the revenue return No. 240 of the 20th instant, and, in reference thereto, to inclose copy of an explanation of this matter from Mr. P. M. Robins, chief accountant of this department.

I have the honour to be, sir, your obedient servant,

The Auditor General.

WM. HIMSWORTH, *Secretary*.

MEMO. :—The difficulty in this case arises from the fact that moneys paid into the hands of clerks of the peace are not paid over by them to the interested department, but deposited by them to the interest of the Receiver General, to whom the bank receipts are then forwarded.

Although the Receiver General's Department received the bank receipts in April, 1892, this department was not informed until December, 1892, and consequently we have to bring the amount to account in the current year, instead of the same year in which it appears in the Receiver General's books. I treated the letter from the Finance Department of December 14, 1892, as a bank receipt, which I consider justifiable, as it was the first and only evidence I had of the payment.

If the Auditor General thinks he has reason to complain of my action, I submit that the fault lies further back, with the Finance Department in not notifying us at the proper time.

PAUL M. ROBINS.

### *Re Claim vs. Ecrement & Co.*

AUDIT OFFICE, OTTAWA, June 16, 1893.

SIR,—Referring to your letter of November 3, 1892, in respect to a claim against Ecrement & Co., of Montreal, for which a judgment was obtained, I have to inquire if the amount has been paid, and if so, when it came to account.

I have the honour to be, sir, your obedient servant,

The Commissioner of Inland Revenue.

# Auditor General's Report, 1892-93.

## *Re Culling Timber.*

AUDIT OFFICE, OTTAWA, June 20, 1893.

SIR,—The first returns in connection with Culling Timber reached this office last week. Returns for ten months of the current fiscal year have now come to hand. These returns state the number of pieces measured, the quantity, the rate and the amount. The amount collected is also stated, but no details furnished. I have to request that details of the amount collected be furnished, giving the date of each payment, the number of the receipt issued, the name of the payer and the amount. Counterfoils of the receipts issued should accompany the return.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Commissioner of Inland Revenue.

AUDIT OFFICE, OTTAWA, June 20, 1893.

SIR,—In August, 1892, \$98.51 was paid to two cullers for allowance for expenses in connection with timber measured between June 22 and July 12, 1892. Please let me know the number of pieces measured in June and the number in July. In future it would be more satisfactory if the statements on which the allowances are based were made up for the work done from the first to the last day in each month.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Commissioner of Inland Revenue.

AUDIT OFFICE, OTTAWA, June 21, 1893.

SIR,—I did not get any reply to my letter of December 11, 1891, in reference to the subject of cullers' fees.

Chap. 103, R.S., sec. 34, provides that the fees shall be paid on the delivery of the specification, or on the presentation of an account thereof. These regulations do not seem to have been observed, judging from the large amount of arrears due on June 30, 1892, and unpaid Sept. 30, which were at Quebec \$29,720.59, at Montreal \$6,799.60, and at Three Rivers \$330.57.

The returns for ten months of the current fiscal year show that the fees accrued at Quebec were \$8,741.52, of which only \$7,037.16 was paid, and the fees accrued at Montreal were \$649.78, of which only \$275.99 was paid. If the regulations have been observed the differences must be represented by fees on specifications that have not yet been issued. Please let me know if this is so.

I have also to inquire what steps have been taken towards collecting such of the arrears as are yet collectible. The item of \$289.77 standing in the name of M. A. Plamondon seems to call for some explanation.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Commissioner of Inland Revenue.

## *Re Arrears of Cullers' Fees.*

AUDIT OFFICE, OTTAWA, July 3, 1893.

SIR,—I received a few days ago, copies of your files Nos. 59746, 60571 and 62295 in reference to arrears of cullers' fees. No letter was received with them. File No. 59746 refers to collections made many years ago by M. A. Plamondon, amounting to \$393.71, and by Casault, Langlois & Angers, amounting to \$1,073.73, which were not paid over to the department. No explanation is given, nor any statement of what action was taken by your department in the matter. File No. 60571 is in reference to the account of Henry Atkinson, who is credited with certain sums paid to Mr. Plamondon

and who has been allowed 20 p.c. discount on the balance due by him, though there is a memo. on the file signed by yourself indicating the Minister's decision that no discount could be allowed, the arrears not having been paid previous to March 1, 1892, the time allowed by the Order in Council authorizing the discount. File No. 62295 is a detailed statement of the arrears due June 30, 1891, of which you had already furnished a copy.

Before making up the statement of arrears due from June 30, 1893, would it not be advisable to have the list carefully examined and classified, showing what are uncollectible, any that are doubtful, and those capable of collection?

I have the honor to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Commissioner of Inland Revenue.

DEPT. OF INLAND REVENUE, OTTAWA, July 4, 1893.

SIR,—I beg to acknowledge receipt of your communication of yesterday's date.

I will instruct the Chief Accountant to classify the list of parties in arrears for cullers' fees as you suggest.

I am, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commr.*

DEPT. OF INLAND REVENUE, OTTAWA, July 8, 1893.

SIR,—Referring to your communication of the 20th ult., I beg to state that, as square timber is measured by the raft, it would be very inconvenient to render accounts to your department, based exactly on the monthly transactions, as the figures could only be got from cullers' memoranda.

I quite see the advisability of making a special effort at the close of the fiscal year, and have had it done as respects the items you have specified, a memo. of which I now inclose.

I have the honour to be, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commr.*

AUDIT OFFICE, OTTAWA, July 11, 1893.

SIR,—I am in receipt of your letter of the 8th instant. You state that, as square timber is measured by the raft, it would be very inconvenient for the cullers to render their accounts for allowances monthly. The returns of the supervisor are made out monthly and, I assume, cover all the finished measurements that reach his office during the month. Could the cullers' account not be made out in like manner monthly for the finished work?

Comparing the vouchers for allowances with the returns of the supervisor at Quebec, for the six months to December 31, it would appear that the cullers were allowed for 950 pieces more than appear in the supervisor's returns. I inclose a memo. showing this difference, and have to ask for an explanation.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Commissioner of Inland Revenue.

### *Re* Deficiencies at Distilleries.

AUDIT OFFICE, OTTAWA, May 9, 1893.

SIR,—Would you be good enough to inform me what steps have been taken towards collecting the amount due by Messrs. Gooderham & Worts for the deficiencies on production account of 1890, 1891 and 1892? As there is no question of their indebtedness for these amounts, should not payment be insisted on without further delay? The fact of there being an unsettled question regarding the accounts of 1887 is no rea-

son why the accounts of succeeding years, about which there is no dispute, should be allowed to remain open. I have to ask your early attention to this matter.

Are there any balances for deficiencies due by any other distilleries?

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Commissioner of Inland Revenue.

---

DEPT. OF INLAND REVENUE, OTTAWA, June 8, 1893.

SIR,—Replying to your inquiry as to the collection of deficiencies at the various distilleries, I beg to state that, inasmuch as the intended amendment to the Inland Revenue Act was not introduced during last session, the department will collect all pending deficiencies before the close of the current fiscal year.

I have the honour to be, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner*.

---

AUDIT OFFICE, OTTAWA, July 13, 1893.

SIR,—In your letter of June 8, you stated that all deficiencies at distilleries would be collected before the close of the fiscal year. The receipts that have since come to account do not seem to contain any payment of those arrears. I shall be glad to know what action you are taking in the matter.

I have the honour to be, sir, your obedient servant,

The Commissioner of Inland Revenue.

J. L. McDOUGALL, A.G.

---

DEPT. OF INLAND REVENUE, OTTAWA, July 13, 1893.

SIR,—In reply to your communication of this day's date I have the honour to state that the Controller is in receipt of a letter from the Acting Premier, the Minister of Trade and Commerce, directing the postponement of the collection of the deficiencies referred to until the whole matter can be considered by a full Council.

I have the honour to be, sir, your obedient servant,

The Auditor General.

E. MIALL, *Commissioner*.

AUDIT OFFICE, OTTAWA, October 19, 1893.

SIR,—I am in receipt of your letter, dated yesterday, stating that statements are forwarded therewith of all arrears due your department on June 30, 1893.

I do not find any statement among those furnished, of arrears due by distillers. Please let me know if all these arrears have been paid. If not, I have to ask for a statement of them, showing the name of the distiller, and the amount due for each year.

I have the honour to be, sir, your obedient servant,

The Commissioner of Inland Revenue.

DEPT. OF INLAND REVENUE, OTTAWA, November 27, 1893.

SIR,—Referring to your communication of the 19th ult., I have the honour to state that the question involved is still before the Hon. the Treasury Board for adjudication. As soon as I have their decision, I will communicate with you.

I am, sir, your obedient servant,

The Auditor General.

### Contractors' Security.

AUDIT OFFICE, OTTAWA, April 20, 1893.

SIR,—I inclose a statement of items yet standing to the credit of Contractors' Security, old account, amounting to \$8,925.98. It will be noticed that these transactions range from six to twelve years past. I find from the books of this office that many of these works were finished by other contractors, and I assume the securities became forfeited to the Crown. If so, why have they not been withdrawn from the security account and placed to the credit of casual revenue? As all deposits made in late years are treated as savings bank investments and interest allowed, and as these are all that remain of the old account, should not steps be at once taken to dispose of them and wipe the account off the books?

With reference to securities held under the new system, I find that in some cases interest is paid the contractors on deposits before the completion of the contract. Your memorandum in reference thereto, approved by Order in Council of June 16, 1888, does not seem to cover the payment of any interest till the contract is completed. What arrangements have been made for declaring that the security has been forfeited?

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Finance.

DEPARTMENT OF FINANCE, OTTAWA, April 20, 1893.

MY DEAR SIR,—I have your letter of this date with reference to contractors' securities, and in reply thereto I have to state that as far as this department is concerned I am not in a position to answer your questions. All the deposits in the list are in connection with contracts made by the Public Works Department, and I have more than once called the attention of that department to the matter. I am again writing to Mr. Gobeil on the subject.

I regret to say I do not understand what you mean at the end of the second paragraph of your letter. What arrangements have been made for declaring that the securities have been forfeited? What security?

Yours very truly,

J. M. COURTNEY, D.M.F.

The Auditor General.

AUDIT OFFICE, OTTAWA, April 24, 1893.

SIR,—In reply to your letter of 20th instant, I have to say that I desired to know what arrangements had been made, in order that you would be promptly notified when a security became forfeited. Otherwise it might occur, under your present system of

paying interest on securities before the completion of the contract, that you might continue paying the interest after the security was forfeited. As I stated in my former letter, the Order in Council does not seem to cover the payment of any interest till the contract is completed. But in any case the department should promptly notify you when a security became forfeited, in order that the amount might be transferred to casual revenue.

I am, sir, your obedient servant,  
J. L. McDOUGALL, *A.G.*

The Deputy Minister of Finance.

DEPARTMENT OF FINANCE, OTTAWA, April 25, 1893.

SIR,—I am in receipt of your letter of yesterday respecting contractors' security. I am now taking steps to have this department notified, in the event of the failure of any of the contractors.

I am, sir, your obedient servant,  
J. M. COURTNEY, *D.M.F.*

The Auditor General.

DEPARTMENT OF FINANCE, OTTAWA, May 10, 1893.

DEAR SIR,—I inclose for your information copy of O. C. of the 2nd inst., *re* notice being given to this department in case of the failure of contractors having security deposited with this department.

Yours truly,  
C. W. TREADWELL, *Secretary.*

The Auditor General.

*CERTIFIED COPY of a Report of a Committee of the Honourable the Privy Council, approved by His Excellency the Governor General in Council, on the 2nd May, 1893.*

On a memorandum dated May 1, 1893, from the Minister of Finance, submitting a report from his deputy respecting contractors' securities.

The Minister recommends, in accordance with the suggestion therein contained, that notice be immediately given to the Department of Finance by the department having control of the work, in case of the failure of contractors having a contract for the performance of work for the Government, and having security deposited with the Department of Finance.

The Committee submit the same for Your Excellency's approval, and advise that a copy of this Minute be forwarded to the Minister of each department for his information.

JOHN J. MCGEE, *C.P.C.*

The Hon. the Minister of Finance.

*Memorandum respecting Contractors' Securities.*

The undersigned has to report that by Order in Council of June 16, 1888, all cheques and all deposits on account of contractors' securities are turned by this department into cash, and deposited in the Government Savings Bank, and in some instances where the security given is large, the interest accruing on the deposits is paid to the contractors yearly at their request.

The attention of the undersigned has lately been directed to the fact that a firm of contractors having a deposit now in the hands of the Government has recently failed, and it is just possible that cases may arise in which moneys may be paid over by this department unwittingly for interest, to contractors who have suspended payment. To obviate such a contingency the undersigned would suggest that the matter be brought before the Treasury Board with the view of having a Minute adopted to the effect that

## Auditor General's Report, 1892-93.

whenever a firm of contractors having a contract for the performance of work for the Government and having security deposited with this department, fails, notice thereof be immediately given to this department.

J. M. COURTNEY, *D.M.F.*

### Transactions with Banks.

FINANCE DEPARTMENT, OTTAWA, March 30, 1893.

DEAR SIR,—I received yesterday a letter from one of the banks complaining of the small amount of the balance kept with them in proportion to the business done as contrasted with another bank. As a consequence, my attention was directed to a statement in your report entitled "Transactions with Banks, 1891-2" (p. A. xvii). Without entering at all into the question of the utility of the table, I would suggest to you whether it correctly represents what it purports to state. For instance, the repayments of letters-of-credit cheques paid by the Bank of Montreal is made in a great measure by cheques drawn on other banks. Yesterday I drew in this way \$30,000, the day before over \$100,000, and taking the minimum of \$30,000 a day, this class of transaction alone with the Bank of Montreal alone would amount to over \$9,000,000 a year. Now this class of transaction, representing a very large amount of business done, is not represented in your report at all. Again, whilst the transactions of the Union Bank of Canada are only represented by hundreds of dollars, that institution does a certain amount of work in connection with the payments of salaries of public officers which is recouped to them by cheques on the Bank of Montreal or other banks. I have taken these two instances of the greater and the lesser differences, and if it is necessary that the transactions with the banks should be published in your reports, I think care should be taken that the statement should represent the actual facts more accurately than at present it appears to do.

Let me call your attention to one other feature of the statement: the balances shown are those of the 30th June; now on that date we have to build up exceptional balances at special points to meet the payments for subsidies that fall due the following day, so that to some extent they are abnormal.

Yours truly,

J. M. COURTNEY, *D.M.F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, April 1, 1893.

SIR,—I am in receipt of your letter of March 30, in reference to the statement under the above heading published yearly in the Audit Report.

The misunderstanding you mention will probably be prevented in the future by changing the heading "Transactions with Banks" to "Bank Deposits and Withdrawals."

I am, sir, your obedient servant,

J. L. McDUGALL, *A.G.*

The Deputy Minister of Finance.

DEPARTMENT OF FINANCE, OTTAWA, April 4, 1893.

MY DEAR SIR,—I have your letter respecting the statement in your report as to the transactions with banks and the alteration you propose to make.

I have considered the matter very carefully in the light of this letter and of the conversation I have had with you, and while I have great diffidence in making any suggestion regarding reports presented to Parliament by other branches of the public service, yet in this case as this department is greatly concerned, I would be glad if you would consider carefully whether the public good is served by the publication of the statement in question. As far as this department is concerned it is rather embarrassing.

Yours very truly,

J. M. COURTNEY, *D.M.F.*

The Auditor General.

**Re Arrears Due.**

AUDIT OFFICE, OTTAWA, May 20, 1893.

SIR,—Referring to my letter of October 21, 1892, I have now to inquire what action has since been taken to secure payment of the arrears due July 1, 1892, for interest on the following investments:—

The Albert Railway Company.....	\$ 3,963 14
Fredericton and St. Mary's Bridge Company.....	36,000 00
Quebec Harbour Commission.....	405,808 09
Three Rivers Harbour Commission.....	23,386 67

The interest for the current year is to be added to these accounts.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Finance.

DEPARTMENT OF FINANCE, OTTAWA, July 19, 1893.

SIR,—Referring to your letter of the 20th May last respecting the overdue interest on the several debts therein mentioned, viz. : from the Albert Railway Company, Fredericton and St. Mary's Bridge Company, Quebec Harbour Commission, and Three Rivers Harbour Commission, I beg to say all these corporations have been written to, but no remittance has yet been received from any of them.

I am, sir, your obedient servant,

C. W. TREADWELL, *Secretary.*

The Auditor General.

**Re Exchange Bank Liquidation Account.**

AUDIT OFFICE, OTTAWA, July 19, 1893.

SIR,—The balance at the debit of this account on June 30, 1892, was \$78,243.82. On the 7th February last \$906.79 was credited, being the final dividend arising out of the estate, leaving a balance of \$77,337.03. I understand the Government holds security for the payment of this indebtedness and interest, and as nothing more can be expected out of the estate, I have to ask if any steps have been taken to realize on the security.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Finance.

AUDIT OFFICE, OTTAWA, November 16, 1893.

SIR,—I have not yet received any reply to my letter of 19th July last inquiring if any steps had been taken toward realizing on the security held in the matter of the Exchange Bank.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Finance.

### Re Registration Fees, N.W.T.

AUDIT OFFICE, OTTAWA, May 26, 1893.

SIR,—The return of the registrar of South Alberta for the month of April is just at hand, showing the receipts to have been \$282.80, and the deposits in acquittance as follows:—

April 14, \$27.50; April 19, \$26.50; April 25, \$31.10; April 29, \$50; May 6, \$30.15; May 15, \$45.46; and May 17, \$72.09.

The return indicates that very much more was on hand at the date of each deposit than was deposited, and you will observe the balance of the month's receipts were not accounted for till May 17.

You will remember that I have before pointed out delays of a similar character by this officer.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

AUDIT OFFICE, OTTAWA, October 18, 1893.

SIR,—The return of the registrar of the South Alberta District for the month of August last has just come to hand. It amounts to \$401.43, of which \$244.28 is entered as deposited on October 7. The return for September is yet unfurnished, and no deposits on account seem to have been made.

Please let me know what action is being taken to have this registrar make his returns and deposits in accordance with the regulations of the Treasury Board.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

DEPT. OF THE INTERIOR, OTTAWA, October 20, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 18th instant, calling attention to the delay on the part of Mr. McLean, registrar of the South Alberta Land Registration District, in depositing his fees for the months of August and September last, and in furnishing the usual statements thereof; and to inform you that this matter has been receiving my personal attention, and that Mr. McLean has been given to understand that his deposits and returns must be made in accordance with the regulations governing the same.

I advised him, by telegraph, on the 17th instant, that his fees to date must be deposited at once, and that the necessary deposit receipts and statements must be forwarded forthwith.

The bank receipt for the deposit of \$244.28 which he made to balance his fees for August last, and his statement for that month, have since been received here, but as yet his statement for September has not been received, nor have any deposits on account thereof been reported to the department.

Mr. McLean has therefore been again instructed this day to close his account for last month immediately. He has also been informed that he must in future make his deposits and furnish his returns strictly in accordance with the regulations before referred to, and a copy of your letter of the 18th instant has also been forwarded to him.

It is only fair to him to state that prior to the receipt of your letter several communications were received from him by which it appeared that he has been very ill lately, and that during the past month his son-in-law, Mr. Ferguson, was killed by accident, and his daughter, Mrs. Ferguson, was, and is yet in a very critical condition on account of the sad death of her husband.

Mr. McLean was at once advised that although these troubles called for the deepest sympathy, they did not excuse him for the delay which has taken place in connection with his fees.

I have the honour to be, sir, your obedient servant,

A. M. BURGESS, *Deputy Minister of Interior.*

The Auditor General.

AUDIT OFFICE, OTTAWA, October 20, 1893.

SIR,—I am in receipt of your application dated the 18th inst., asking for a transfer from 1893-94 to 1892-93, of \$229, charged former account in error, being a refund to G. A. Montgomery. The transfer will be made in due course. In the meantime please let me know why this refund was made, and give sufficient particulars to determine that the amount came to account. The usual Order in Council called for by chapter 29, section 78, R. S., has not reached this office.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A. G.*

The Deputy Minister of Interior.

### *Re Hudson Bay Survey Account.*

AUDIT OFFICE, OTTAWA, February 8, 1893.

SIR,—I have to ask for a detailed statement of this account from its initiation, giving such details as to the debits as are shown by your journals, and the date and amount of each credit.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A. G.*

The Deputy Minister of Interior.

## Auditor General's Report, 1892-93.

---

DEPT. OF THE INTERIOR, OTTAWA, February 23, 1893.

SIR,—In response to yours of the 8th, I have the honour to inclose herewith (1) a statement of account between the Dominion Government and the Hudson's Bay Company giving the details shown by the journals of this department as to debits and the date and amount of each credit; (2) a printed copy of the Order in Council of the 19th April, 1871, the last paragraph of which relates to the payment of interest; (3) a copy of the Order in Council of the 23rd January, 1882, referred to in the credit side of the account; and (4) a copy of the Dominion Lands Act under the provisions of sub-clause 5 of section 22 of which one-twentieth of the revenue received by the Department of the Interior, from timber cut on unsurveyed territory within the Fertile Belt in Manitoba and the North-west Territories, is credited to the Hudson's Bay Company.

I have the honour to be, sir, your obedient servant,

A. M. BURGESS, *Deputy Minister of Interior.*

The Auditor General.

### *Re Scrip.*

AUDIT OFFICE, OTTAWA, Feb. 7, 1893.

SIR,—I have had no reply to my letter of Nov. 29 last in reference to scrip transactions. The statement of scrip issued during January is just to hand, amounting to \$1,614.54. Please let me have the applications, certificates or other papers in reference thereto; also a copy of the regulations governing the issue of scrip.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Interior.

### *Re Fines and Forfeitures, N.W.T.*

AUDIT OFFICE, OTTAWA, May 1, 1893.

SIR,—No reply ever reached me to my letter of April 17, 1888, calling attention to a payment of \$4,811.85 to the General Revenue Fund, N.W.T. This amount was paid out of Fines and Forfeitures, N.W.T., under authority of an Order in Council, dated Oct. 5, 1887, which provided that in future liquor fines should be paid over to the General Revenue Fund, N.W.T. The whole of this amount less \$571.54 was collected previous to the date of the Order in Council, and only such part of the \$571.54 as was composed of liquor fines was payable to the fund. I have again to ask your attention to the subject.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Interior.

### *Re Wood Permits.*

AUDIT OFFICE, OTTAWA, Feb. 7, 1893.

SIR,—I observe that it is the practice to issue wood permits, accepting part payment of the fees at time of issue, the balance payable the following spring.

I have to ask for a statement of the permits issued during 1891-92 on which the fees were not all paid, specifying agency, date of issue, balance unpaid at the time of issue, date when payable, and date when paid; also for a copy of the regulations in reference thereto.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Interior.

DEPT. OF THE INTERIOR, OTTAWA, April 19, 1893.

SIR,—Referring to your letter of the 7th of February last, *re* wood permits, I am directed to say that the timber regulations provide that issuers of permits will be instructed by the Minister of the Interior as to what proportion of dues shall be deposited on the issue of permit as a guarantee on the part of those obtaining the same. The Minister of the Interior decided some years ago that the proportion of dues to be asked as a guarantee should be 20 per cent. The money, therefore, received from a permittee when a permit is issued is credited to him when he comes to pay the dues on the wood cut, at the date when the permit expires, and is not accepted as a part payment of the dues when the permit is issued.

The department, however, decided some time ago in those cases where the quantity of timber to be cut was small to ask the permittee to pay the whole of the dues in advance, as it was found that the amount received for these dues did not warrant the expense and trouble attached to collecting the dues at the end of the year.

It is thought that if you received a statement showing the permits outstanding after the date of expiry, upon which an amount is due, it would answer your purpose. Please say whether this will do.

I have the honour to be, sir, your obedient servant,

LYNDWODE PEREIRA, *Asst. Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, May 5, 1893.

SIR,—I have your letter of April 19 in reply to my request for a statement of arrears due account of wood permits. The statement you propose sending will, I think, be satisfactory. It will, I assume, show the balances due on or before May 1, 1892, yet unpaid. Please have it classified by agencies. When the annual report of this office is in preparation I will ask you for a statement of all balances due on or before 1st May, 1893, remaining unpaid.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Interior.

### Arrears due by J. A. Hays.

AUDIT OFFICE, OTTAWA, May 1, 1893.

SIR,—I have to ask if the indebtedness of J. A. Hays, formerly agent at Turtle Mountain, referred to in your letter of September 17, 1887, has been paid? If not paid, please let me know what action is being taken to have the claim liquidated.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Interior.

DEPT. OF THE INTERIOR, OTTAWA, June 5, 1893.

SIR,—I am directed to acknowledge the receipt of your letter of the 1st ultimo, asking whether the indebtedness of the late J. A. Hays, formerly Agent of Dominion Lands at Turtle Mountain, has been paid, and if not, what steps have been taken to have the claim liquidated.

In reply I am to say that at the time the defalcation was found out steps were taken, as you were advised by the Deputy Minister's letter of the 17th September, 1887, to obtain from Hays an assignment in the Government's favour of all the property it

## Auditor General's Report, 1892-93.

could be ascertained he was in possession of, and after it had been extensively advertised the property was disposed of for the sum of \$1,200.

I am further to state that the sum of \$200 has already been received on account of the purchase money, together with \$5 for interest.

I have the honour to be, sir, your obedient servant,

The Auditor General.

LYNDWODE PEREIRA, *Asst. Secy.*

### *Re Ordnance Lands Arrears—Amount due by W. H. Arnton.*

AUDIT OFFICE, OTTAWA, June 1, 1893.

SIR,—On the statement of arrears due on account of Ordnance Lands, forwarded to this office, November 25, 1892, there appears the following memo. :—

“ Due by W. H. Arnton, auctioneer, on account of sale of Ordnance Lots at Logan's Farm, Montreal, June 27, 1889, \$8,532.59. Proceedings taken for recovery of the amount. Judgment obtained in favour of the Crown, not yet satisfied.”

Please let me know the circumstances of the indebtedness; against whom this judgment was obtained; if anything has been recovered on it, and what action is being taken to secure payment.

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

DEPT. OF THE INTERIOR, OTTAWA, October 3, 1893.

SIR,—In reply to your letter asking information about this matter, I beg to say that on the 27th of June, 1889, 97 lots forming part of the Logan's Farm property, in the City of Montreal, were sold by Mr. W. H. Arnton, auctioneer, at his rooms, 1747 Notre Dame street, for the aggregate sum of \$55,240.55, the terms of payment being one-fifth of the purchase money to be paid at time of sale and the balance in four equal annual instalments, with interest at the rate of 6 per cent per annum on amount of principal remaining at any time unpaid.

Of the amount above mentioned, \$10,555.92 was received by Mr. Arnton, who failed to deposit the moneys in the Bank of Montreal immediately after the sale, or at all events not later than the 30th of June, as he was instructed to do.

Soon after the sale Mr. Arnton went to England, and it was not until the month of November following that any payment was made by him to this department on account of the said sales, when the sum of \$2,555.92 was received. Subsequently proceedings were taken against him for the recovery of the balance, \$8,000, and interest. Judgment for the amount with interest was obtained, whereupon Mr. Arnton made two notes, one for \$4,245.91, the other for \$4,286.68, amounting together to \$8,532.59 in favour of Arnton Bros. by whom these notes were made payable to the Minister of the Interior. Both these notes on presentation for payment were dishonoured and have been protested.

In the month of August, 1890, Mr. Arnton became insolvent and made an assignment of his property. On the 11th of April, 1891, the agent of the Minister of Justice reported with reference to this matter as follows :—“ You will understand that execution may issue at any time to try and satisfy these judgments. There is nothing in the estate of W. H. Arnton, and I cannot find any property belonging to him or to the other Arntons, his brothers. Should any be found of course execution will issue.” No further action has been taken.

I may add, for your information, that although a duly qualified auctioneer in good standing is usually assumed to be responsible for any moneys handed to him at a sale, this

department has since the Arnton affair, taken the precaution to have one of its officers present at auction sales of land for the purpose of receiving all moneys that may be paid in on the day of sale.

I have the honour to be, sir, your obedient servant,

JOHN R. HALL, *Acting D.M.I.*

The Auditor General.

### *Re Ordnance Lands Revenue.*

AUDIT OFFICE, OTTAWA, June 1, 1893.

SIR,—The return of Ordnance receipts furnished to this office gives details of each item, but it is not specifically certified, and the counterfoils of the receipts issued are not furnished nor the statements of new sales and accounts closed, asked for in my letter of May 12, 1890.

The only audit that can be made of this revenue from the vouchers furnished, is to determine that deposits have come to account in acquittance of the items entered on the return.

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

DEPT. OF THE INTERIOR, OTTAWA, NOV. 7, 1893.

SIR,—I have before me your letter of June 1 last, in the above matter, in which you state that the monthly returns of receipts furnished to your office, as asked for in your letter of May 12, 1890, give details of each item, but are not specifically certified. I find that these statements are signed by an official of the Ordnance Lands Office, and also by the accountant of the department; but if you require them to be signed by either the Deputy Minister, the secretary, or other officer of the department, and any more specific certificate of correctness given than is now afforded, your wishes will be complied with.

You state that the counterfoils of the receipts issued are not furnished. As to this Mr. Mills, the clerk in charge of the Ordnance lands, explains that no moneys are received at his office here on account of Ordnance lands. Parties tendering payment on account of rents or purchases, are furnished with a printed form containing the particulars of the property or properties on which payment is desired to be made, and authorizing the Bank of Montreal to receive the amount mentioned therein, to be placed to the credit of the Receiver General on account of Ordnance lands, and to deliver the original receipt therefor to the depositor. The duplicates of such receipts are retained in the department, and the triplicates sent to the Finance Department. Mr. Mills adds that counterfoils of receipts have been kept only in cases where moneys have been received directly by an officer of the department at places where the department had no agent; his practice being to make periodical visits to such localities, and to deposit the moneys collected as soon as possible in the nearest agency of the Bank of Montreal to the credit of the Receiver General, the counterfoils being retained in books of record in the Ordnance Lands Branch of the department here, and can be produced whenever required.

It appears to me that what Mr. Mills calls the counterfoil should be described as a stub, which, of course, must remain attached to the receipt book. To comply with your requirement, the Ordnance receipts should consist of three parts, namely: (1) The receipt for the depositor; (2) the counterfoil for the Audit Office; and (3) the stub remaining in the book for the department. This is the form which has been adopted for the Dominion lands receipts, and will be put in force in the Ordnance Lands Office as soon as the proper books can be prepared.

## Auditor General's Report, 1892-93.

---

In your letter of June 1 last you also call attention to the fact that you have not been furnished with the statements of new sales and accounts closed, asked for in your letter of May 12, 1890. The explanation given to me about the statements of new sales is that the monthly returns of receipts which show the dates of new sales or leases, names of purchasers or tenants, the lot, the locality, and whether under special or general authority, were presumed to afford all the information as to sales required by you. However, it would probably be better to keep these monthly statements separate, and to furnish you with a monthly statement of new sales, giving all the information asked for in your letter of May 12, 1890, which I gather to be :

1. The date of the sale.
2. The locality where the land is situated.
3. A description of the lot.
4. The name of the purchaser.
5. The price.
6. The amount of first instalment received.
7. The terms for the balance.

I now inclose four statements giving the above information for the fiscal years ending June 30, 1890, 1891, 1892 and 1893, respectively.

A statement of sales covering the three months ending September 30, ultimo, will be prepared and sent to you as soon as possible, and hereafter these statements will be furnished monthly.

I now come to the third paragraph of your letter of May 12, 1890, in which you ask for a statement of all accounts closed, showing all the transactions, debit and credit.

You do not say whether such statement was to be confined to the transactions of the then existing financial year 1889-90, or to include all the debit and credit transactions of the Ordnance and Admiralty Lands Branch of this department since its creation, which would amount to a transcript of the books of that office extending back many years. I presume you could not have intended anything of the sort last mentioned.

I have the honour to be, sir, your obedient servant,

A. M. BURGESS, *D.M.I.*

The Auditor General.

---

### *Re Trust Account.*

AUDIT OFFICE, OTTAWA, October 12, 1893.

SIR,—According to the agent's returns, there do not seem to have been any collections on Trust account since January last. Would you be good enough to explain.

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, *A.G.*

---

DEPT. OF THE INTERIOR, OTTAWA, October 16, 1893.

SIR,—Referring to your letter of the 12th instant, in which you requested an explanation why no collections on trust account have been made since January last, I am directed to state for your information, that on the 23rd idem a circular letter was sent by the Commissioner of Dominion Lands to all the departmental agents informing them that "it has been decided to simplify, as far as possible, the system of keeping accounts, by discontinuing to receive any sum of money which cannot immediately and finally be placed to the credit of Revenue."

I have the honour to be, sir, your obedient servant,

LYNDWODE PEREIRA, *Ast. Secy.*

The Auditor General.

---

AUDIT OFFICE, OTTAWA, October 16, 1893.

SIR,—In the statement of the withdrawals in March last there appears the following entry :—“Lethbridge—109 drafts of \$5 each, as per schedule attached, improperly cashed by agent of Dominion Lands, Lethbridge.” These drafts were not endorsed by the parties in whose favour they were drawn. I have to ask for an explanation why, under the circumstances, these drafts were paid to the Union Bank by the commissioner at Winnipeg. (See cheque 882.)

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Interior.

---

DEPT. OF THE INTERIOR, OTTAWA, October 30, 1893.

SIR,—Referring to your letter of the 16th instant asking why certain Trust account drafts of \$5.00 each cashed by the late agent of Dominion Lands at Lethbridge, were paid to the bank by the commissioner at Winnipeg, I am directed to say that a copy of your communication has been forwarded to that officer, with a view to your being furnished with the necessary explanation.

I have the honour to be, sir, your obedient servant,

LYNDWODE PEREIRA, *Asst. Secy.*

*Re Rivière du Lièvre Lock.*

AUDIT OFFICE, OTTAWA, March 11, 1893.

SIR,—I am returning herewith the entry papers Nos. 1 to 174 covering fees collected at this lock, the first of which is dated September 26, 1892, and the last November 28, 1892; a deposit receipt for the amount \$102.17 having come to account with your return No. 51 on 22nd February last.

Instead of forwarding these entries to this office, I have to request that the lockmaster be instructed to furnish each month a statement after the form inclosed, which should be examined in your department in connection with the entries and certified by the accountant and examining clerk. I may also state that the regulations as to prompt deposit of funds collected should be observed.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, March 20, 1893.

SIR,—In accordance with your request of the 11th instant, I have the honour to inform you that the lockmaster of the Rivière du Lièvre lock has been instructed to furnish a statement each month after the form you inclosed, of the fees collected, which will be examined in this department in connection with the entries and certified by the accountant.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, July 18, 1893.

SIR,—A deposit of \$102.17 came to account in February last for fees collected to November 28, 1892 at the Rivière du Lièvre lock. I do not find that anything has since come to account. I have now to inquire as to the fees collected during the present season. In your letter of March 20 last you stated that the lockmasters had been instructed to make monthly returns.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

*Re Yamaska River Lock.*

AUDIT OFFICE, OTTAWA, March 11, 1893.

SIR,—Referring to your letter of September 22, 1892, I find that returns have since come to account which indicate that fees were collected from vessels passing through the River du Lièvre lock, commencing 26th last.

I have now to ask whether any fees were collected from vessels passing through the Yamaska River lock.

The same form of return and regulations as to certificates, etc., suggested in my letter of this date for the revenue collected at the former lock are equally applicable to the latter.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

## Auditor General's Report, 1892-93.

DEPT. OF PUBLIC WORKS, OTTAWA, March 17, 1893.

SIR,—Having reference to your letter of the 11th instant, respecting fees collected at the Rivière du Lièvre lock, and asking to be informed whether any fees were collected from vessels passing through the Yamaska River Lock, I have the honour to state that no fees have been collected.

I am, sir, your obedient servant,  
E. F. E. ROY, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, July 18, 1893.

SIR,—You stated in your letter of September 22, 1892, that it was the intention to collect tolls at this lock on the opening of navigation in the spring. I do not find that anything has yet come to account, and no returns have reached this office.

I am, sir, your obedient servant,  
J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, August 4, 1893.

SIR,—Having reference to your letter of the 18th ultimo, respecting the collection of tolls at the Yamaska River lock on the opening of navigation this year, I have the honour to inform you that the Order in Council authorizing the collection of tolls was only passed on the 12th of April last and the printing of rules and regulations took some weeks. The warden is, however, fully supplied with all official documents, and, collection of tolls is now taking place.

I am, sir, your obedient servant,  
E. F. E. ROY, *Secretary.*

The Auditor General.

### *Re Slide and Boom Dues.*

AUDIT OFFICE, OTTAWA, May 23, 1893.

SIR,—Referring to previous correspondence in respect to the arrears due by Messrs. Price Bros. & Co. for slide and boom dues on the Saguenay, I have to inquire what progress has since been made towards securing payment of the balance yet due.

I am, sir, your obedient servant,  
J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, November 20, 1893.

SIR,—I am without any reply to my letter of May 23 last, inquiring what progress had been made towards securing payment of the balance due by Messrs. Price Bros. & Co. for slide and boom dues on the Saguenay.

I am, sir, your obedient servant,  
J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, May 23, 1893.

SIR,—In your letter of July 21, 1892, you stated that W. Ritchie & Co. were expected to pay the next month \$357.15, on account of their indebtedness for slide and boom dues on the St. Maurice River. I do not find that anything has come to account, and will be glad to have an explanation.

I am, sir, your obedient servant,  
J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, June 9, 1893.

SIR,—Having reference to your letter of the 23rd ultimo, calling attention to the account which Messrs. W. Ritchie & Co., were to pay of \$357.15 for slide and boom dues on the St. Maurice River, I have the honour to state that Mr. W. Ritchie assigned on the 29th March last, and there are no assets available.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary.*

### Re Sale of Sundries.

AUDIT OFFICE, OTTAWA, June 15, 1893.

SIR,—I am returning for the certificate of the proper officer the vouchers furnished for sales of coal screening, and of an old scow, the proceeds of which appear on your revenue return No. 57. When it is deemed advisable to sell any Government property, without being advertised and sold by public auction, the voucher should be certified by the chief officer in charge as to the following points:—(a) that authority has been given for the sale; (b) that the articles or stores sold are not required for the public service; (c) that the prices at which sold are a fair and reasonable valuation; and the delivery officer should certify as to quantities.

No voucher has been furnished for \$35 proceeds of sale of a horse at St. Vincent de Paul.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

JOHN GORMAN, *for Auditor General.*

DEPT. OF PUBLIC WORKS, OTTAWA, Aug. 19, 1893.

SIR,—Having reference to your letter dated the 15th June last, I am directed to return to you, herewith inclosed, duly certified by the proper officers, vouchers for sales of an old scow and coal screenings.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary.*

AUDIT OFFICE, OTTAWA, June 24, 1893.

SIR,—The following items have come to account through your department, and have been credited to Casual Revenue, for which no vouchers have been furnished. In the case of sales I have already written you the class of vouchers that should be furnished. For refunds of previous years' expenditure a memo should be furnished showing the amount and date of the advance, the account to which charged, the amount of the expenditure and the balance refunded. An explanation should also be given of the delay in depositing the refund.

Sept. 14, Return No. 36, refund part of letter of credit cheque No. 52756, July 3, 1890, \$27.05; Nov. 15, Return No. 43, rebate of gas account Toronto, \$29.49, and sale of plan of proposed work at Prince Albert, \$5; December 21, return No. 45, sale of old stores at Edmonton, \$2; and the refund account letter of credit cheque 67209, May 27, 1892, \$4.32; April 15, Return No. 54, refund on hay at Edmonton, \$14; June 13, Return No. 57, sale of wire, Lieut. Governor, Regina, \$33. Please have the proper vouchers furnished.

I am, sir, your obedient servant,

The Secretary, Public Works Department.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, Feb. 22, 1893.

SIR,—Referring to the returns which it was arranged should be furnished to this office, I find that Nos. 1, 2, 3, 4 and 7 come regularly to hand. No. 11 has been received for July, and No. 6 for July and August. Nos. 5, 9 and 10 have not been furnished. Please have them all forwarded regularly.

Are not the receipts at the following stations sufficiently large to call for a daily return: Bathurst, Chatham Junction, Dartmouth, Little Métis, Sackville, Shediac, Stellarton and Shubenacadie? Is it now the rule that a daily remittance from all stations shall be made?

I am, sir, your obedient servant,

The General Manager Govt. Rys.

J. L. McDOUGALL, A.G.

MONCTON, N.B., April 21, 1893.

SIR,—In answer to your letter dated February 22, I send you herewith letter from Mr. Williams, dated March 23, stating that the returns, which were at one time missing, have since been sent. The agents at the stations you mention have been instructed to remit cash daily, and to send you daily returns. In regard to the stations generally, the smaller stations have instructions to remit twice a week, as it has been found difficult for the cashier to overtake the work when all the small stations remit daily.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *General Manager.*

AUDIT OFFICE, OTTAWA, March 13, 1893.

SIR—Referring to the returns from those stations that are made daily, I observe in some cases the deposit or remittance credited each day is more than the balance carried forward; in some cases it is sometimes more and sometimes less, and in other cases it is always less. If the remittance be made early in the day, it may not be practicable to remit the whole balance on hand at the close of the previous day, as it is necessary to retain some cash for change. Is there any other reason why such a desirable practice cannot be followed?

On some returns the balance on hand at the end of a period is incorrectly carried forward, and there are differences between the amount credited by the agents and the amount accounted for by the cashier, and no corresponding corrections appear subsequently.

Auditor General's Report, 1892-93.

Some of the agents who make tri-monthly returns substitute the transactions of the whole month for the transactions of the period on the last return of each month.

I understand the agents now notify the auditor of each remittance forwarded to the cashier. If this notification was made out in the same form as that supplied to this office, it would prove of advantage for auditing purposes at headquarters, and would not entail much additional work on the agents.

I am, sir, your obedient servant,

J. L. McDOUCALL, A.G.

The General Manager Govt. Rys.

MONCTON, N.B., March 27, 1893.

SIR,—In answer to your letter dated March 13, I send you herewith a letter from Mr. Williams, dated March 25, inclosing a copy of the cash transmit note, Form No. 15, also giving the information asked in your letter, and making a suggestion with regard to a form of discrepancy slip which might be sent out from your office.

I am, sir, your obedient servant,

D. POTTINGER, General Manager.

The Auditor General.

MONCTON, N.B., March 25, 1893.

DEAR SIR,—Your B. 86356, 18th instant, re the Auditor General's letter of March 13, 1893 :—

(1.) The agents have authority to retain \$20 for making change, and if they have silver in excess of that, they are expected to work it off in making change instead of remitting it to the cashier. As the train safes start from terminal points for Moncton early in the morning, the remittance from these points would be the receipts of the day before ; but from points nearer Moncton the remittances would take in part of the current day's receipts according to the time of day the train carrying the safe was due at each station.

(2.) Differences between daily advices to the cashier and the statement of receipts and disbursements sent to the Auditor General would usually arise from an error in remitting, or incomplete endorsement on a cheque which would have to be returned to the sending agent, and the agent's advice to cashier reduced to agree with exact amount credited by latter.

If the agent had good ideas of his duty he would show the transaction on the statement sent to the Auditor General (the day on which the adjustment took place) by a special entry on the return ; but I am afraid the average agent would not think of this. I would suggest a discrepancy slip be sent to the agent from the Auditor General's office something like this :—

AUDITOR GENERAL'S OFFICE, OTTAWA, . . . . . 189 .

..... Agent.

Your statement of cash receipts and disbursements for ..... shows remitted \$..... while cashier, I.C.R. credits you with \$..... Please explain discrepancy by first mail.

J. L. McDOUGALL, Auditor General.

Explanation :—.....

(3.) I inclose a copy of the advice form prepared by the agent, the left and middle sections of which go to the cashier with the cash, and the right-hand portion to the traffic auditor wherewith to check the cash book daily.

This is the most convenient shape in which this can be prepared.

The discrepancy slip shown above would rectify the difficulty in the case of differences between the returns sent to the Auditor General and the cash credited.

Yours truly,

The General Manager.

T. WILLIAMS, *Chief Acct. & Treas.*

AUDIT OFFICE, OTTAWA, March 17, 1893.

SIR,—The agent's returns of receipts for storage, shunting, wharfage, &c., for September and October have come to hand, but none for July and August.

At what stations are the receipts from parlour and sleeping cars paid in? Could the returns from these stations that are forwarded directly here not show the receipts from this source distinct from the other receipts? I notice that the amount shown on the detailed statements furnished do not agree with the amount entered on the statement of passenger earnings; sometimes it is more, and sometimes less.

The last return of the travelling auditors' inspections is that for October. The statements of arrears at stations show the work of the auditor up to December 31. The following stations have not been inspected for some time: Marshy Hope, April 10, 1890; West Merigomish, December 13, 1890; Chatham, March 28, 1891; Pomquet, February 10, 1891; Piedmont, Barney's River and Afton, February 12, 1891.

Two copies of the statements of arrears at stations are furnished; one is all that is wanted in this office.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The General Manager Govt Rys.

MONCTON, N.B., April 21, 1893.

SIR,—In answer to your letter of March 17, I send you herewith a letter from Mr. Williams, our treasurer, dated April 21.

He states that all the returns for storage, shunting and wharfage, up to 31st December, have been forwarded to your office, and that the others for January and February will be sent shortly.

The names of the stations at which parlour and sleeping cars earnings are paid in are: Halifax City, Halifax Station, Mulgrave, Sydney, St. John City, St. John Station and Quebec, Upper Town. I have told Mr. Williams to give instructions that the returns sent you from these stations shall show the receipts from this source distinct from the other receipts.

Mr. Williams' letter explains also with reference to the other points mentioned in your letter.

I am, sir, your obedient servant,

D. POTTINGER, *General Manager.*

The Auditor General.

AUDIT OFFICE, OTTAWA, August 2, 1893.

SIR,—Referring to previous correspondence on this subject, I beg to point out that with the exception of the agents at Toronto and Montreal, none of the outside agents make any return to this office. I have to ask that instructions be given them to do so. Do they make their returns and remittances to Moncton promptly?

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The General Manager Gov't. Railways.

## Auditor General's Report, 1892-93.

MONCTON, N. B., August 5, 1893.

SIR,—I have received your letter dated 2nd August, with reference to returns from outside agents.

Mr. Williams, our treasurer, informs me he took this matter up with these agents and several of them replied that they would rather give up the agency than have the trouble of making so many returns.

Another effort will be made to get as many of the outside agents as possible to make the returns.

Mr. Williams assures me they make the returns and remittances to Moncton promptly.

I am, sir, your obedient servant,

D. POTTINGER, *General Manager.*

The Auditor General.

AUDIT OFFICE, OTTAWA, May 5, 1893.

SIR,—The ticket agent at Halifax Station takes credit on his return for January 24 last, for a remittance to cashier of \$274, and, on his return for the following day he again takes credit for a remittance to the cashier of \$274. I only find one amount credited by the cashier, and only one deposit for that amount has come to account. Agents who make a deposit of their receipts instead of remitting should enter the No. of the bank receipts on their returns.

The returns of this agent generally show his deposit less than the balance carried forward from the previous day. Is there any reason why the whole of the balance carried forward and a part of the current day's receipts should not be deposited each day? Perhaps he might be instructed to remit each day all the cash on hand, less a specific sum to be retained for change.

No return has been received from him since that for April 8 last.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The General Manager Govt. Rys.

HALIFAX STATION, May 19, 1893.

DEAR SIR,—I inclose statements for periods ending April 15, 22 and 30, which were not furnished you, owing to the fact that I was occupied night and day in April, ticketing the large number of immigrants landed at Halifax in addition to my regular duties, and consequently the work at North Street station got behind and I deemed it better not to forward statements until I could arrive at a correct balance.

Your obedient servant,

GEO. M. CONNOR.

The Auditor General.

MONCTON, N. B., July 20, 1893.

SIR,—I duly received your letter dated May 5, with reference to the remittances and returns of the ticket agent at Halifax.

This was put into the hands of the treasurer for inquiry, and he sent the travelling auditor to Halifax, and I inclose you his report, dated May 15, also a letter from Mr. Williams dated May 26, explaining the matter.

I am, sir, your obedient servant,

D. POTTINGER, *General Manager.*

The Auditor General.

MONCTON, May 26, 1893.

SIR,—Referring to the Auditor General's letter of the 5th inst. *re* balances carried over by ticket agent at Halifax station, I attach report of Travelling Auditor McNaughton on the matter. It appears that for convenience Mr. Connor treated steamship orders for tickets as cash, but as these are redeemed by the steamship agents periodically his balance was swelled by these until redeemed. His statement in future will show the cash transactions clearly.

His excuse for failing to send in daily returns to Auditor General, was that during the immigration rush he was working night and day and had not time to prepare them. I instructed him to prepare the back ones and to keep them up in future.

T. WILLIAMS.

The General Manager, Govt. Rys.

### *Re* Windsor Branch Railway.

AUDIT OFFICE, OTTAWA, March 10, 1893.

SIR,—In October last Mr. Schreiber, the then General Manager of Government Railways, wrote that negotiations were in progress for a renewal of the lease of the Windsor Branch Railway, which expired on January 1, 1893. If a new lease has been made, I have to ask for a copy of it. I have also to ask that all the returns furnished by the Windsor and Annapolis Railway for the month of January may be forwarded to this office. They will be returned.

I am sir, your obedient servant,

J. L. McDOUGALL, A.G.

The General Manager, Govt. Rys.

AUDIT OFFICE, OTTAWA, March 21, 1893.

SIR,—The returns of the Windsor Branch Railway for the month of January, asked for in my letter of March 10, have been received. As the copy of the new lease with the company was not furnished, I got a copy from the department here. Paragraph 10 of this lease provides that the company (Windsor and Annapolis Railway) shall pay to the authorities (Intercolonial Railway), monthly, one-third of the gross earnings from all traffic carried by them over the Windsor Branch and Trunk Line. The January returns have not been made up in accordance with these terms. Tickets reading to and from points outside the line of the Windsor and Annapolis Railway are entered, not at the actual rates, but at a fixed rate of 2 cents for 1st class and 3 cents for return tickets. I am now mailing to Moncton these January returns. They should be returned to the Windsor and Annapolis Railway for correction in accordance with the lease. There is also the question of the arrears due the Government for the shortage in previous returns. This point should receive the consideration of the authorities, and steps should be taken to arrive at some settlement with the company.

I do not find any through freight entered on the return of Freight Traffic for the month. Please explain how it is covered. What is the nature of the privilege tickets issued at Kentville? Why is the Intercolonial Railway not entitled to one-third of them?

Under the heading of "summary of returns from Windsor Branch Ry. certified" called for by paragraph 9 of the memorandum of returns to be furnished, I have to ask that the following returns may be furnished monthly:

- (1.) General summary.
- (2.) Summary of passenger traffic by stations.
- (3.) do freight do do
- (4.) do parcel do do
- (5.) Statement mails.

## Auditor General's Report, 1892-93.

These returns should be certified for the future by the officers of the Windsor and Annapolis Railway, and by the examining officer at Moncton. They should be furnished commencing with July last.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The General Manager, Govt. Rys.

MONCTON, N.B., April 21, 1893.

SIR,—In answer to your letter dated March 21, with reference to the Windsor Branch Railway, you say that the copy of the new lease with the company was not furnished. I sent you a copy of the lease, made from the copy that I have here. That copy was sent you on the 17th, and should have reached you by the 21st March. However, if it went astray, you have received the copy from the department.

In regard to the other matters, I send you a letter from Mr. Williams, dated April 15, in which he states that the Windsor and Annapolis Railway in regard to through tickets divide with the Government the actual rate they receive from their connections for through tickets, viz., 2 cents for 1st class and 3 cents for return tickets per mile. In regard to through freight, he explains that any freight exchanged between the Intercolonial and the Windsor and Annapolis Railway is rebilled at Windsor Junction, so that it does not appear as through freight. The privilege tickets, he explains, are issued by the Windsor and Annapolis Railway to employees at  $\frac{1}{2}$  cent per mile instead of free passes, and in the case of such tickets being used over the Windsor Branch, the Government receives its proportion.

The returns, No. 1 to 5, required from the Windsor and Annapolis Railway, commencing with July last, are being procured and will be sent you in future.

I am, sir, your obedient servant,

D. POTTINGER, *General Manager.*

The Auditor General.

MONCTON, N.B., April 15, 1893.

DEAR SIR,—Your favour of 24th ultimo *re* letter of Auditor General dated 21st March *re* Windsor Branch Railway accounts.

The Windsor and Annapolis Railway has accounted for the proportions of through tickets at the rate received by them from their connections, viz., 2 cents for 1st class and 3 cents for return tickets, per mile.

There is no "Through Freight" on the Windsor and Annapolis Railway in the sense of "Through billed" traffic. Freight handed to them at Windsor Junction by the Intercolonial Railway, and at Annapolis by their other connections, is billed locally from those points to destination, the charges accrued on the freight up to time of being handed to Windsor and Annapolis Railway appear on their waybills as "Expenses" or "Paid out."

The privilege tickets are issued to employees of the Windsor and Annapolis Railway at a rate of about  $\frac{1}{2}$  cent per mile, and are in lieu of the free passes granted by the Intercolonial and most other railways to employees. The revenue received from that source in the case of tickets used over Windsor Branch is accounted for on the passenger statement in detail. The month's returns sent to the Auditor General showed that clearly and must have been overlooked by him.

The Windsor and Annapolis Railway has been asked to furnish copies from 1st July last of the summary of passenger, freight and parcel traffic by stations and statement of mails.

These shall be sent as soon as received, and regularly for the future.

The general summary has been sent regularly each month.

Yours truly,

T. WILLIAMS, *Chief Acct. and Treas.*

The General Manager, Govt. Rys.

AUDIT OFFICE, OTTAWA, April 25, 1893.

SIR,—I am in receipt of your letter of April 21, in reply to my letter *re* Windsor Branch Railway receipts.

Mr. Williams states in his letter which you enclose, that the Windsor and Annapolis Railway has accounted for the proportions of through tickets, at the rate received by them from their connections, viz., 2 cents for 1st class and 3 cents for return tickets per mile.

They certainly have accounted for through tickets at the rates quoted, but my contention is that these are not the rates obtained, especially on tickets reading to and from points in Nova Scotia. The notes taken by Mr. Gorman when at Kentville state that those are not the rates collected, and according to his recollection both the resident manager and the general passenger agent admitted the fact. I would also refer you to the correspondence published in the Audit report for 1892, page F-126, paragraph 5, and pages 127 and 128. You will observe that Mr. Schreiber, after inquiry, does not dispute the correctness of the point raised, but instead explains what might possibly have given rise to it. I have to ask for your further consideration of the subject.

I am, sir, your obedient servant,

The General Manager, Govt. Rys.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, August 2, 1893.

SIR,—I am without any reply to my letter of April 25 last, in reference to the division of through ticket sales of the Windsor Branch Railway. Please let me know what action has been taken. The returns asked for in my letter of March 21st, which you stated in your reply of April 21st, would be furnished, have not been.

I am, sir, your obedient servant,

The General Manager, Govt. Rys.

J. L. McDOUGALL, A. G.

MONCTON, N.B., August 5, 1893.

SIR,—I have your letter dated August 2, with reference to the returns of the Windsor Branch and in regard to the difference on through tickets sales.

I duly received your letter dated April 25, and gave a copy of it to our Treasurer, and I send you herewith a letter from the Treasurer dated June 10, in reply to your letter. The Treasurer communicated with the Manager of the Windsor and Annapolis Railway and there is a letter attached from the Manager of the Windsor and Annapolis Railway dated May 8, inclosing a copy of a letter he addressed to me on the 14th September, 1892. In that letter Mr. Campbell enters into a long explanation of the reasons which probably decided the railway officials of the Government and of the Company some years ago in making the arrangement of 2 cents a mile on through tickets.

I have now written to Mr. Campbell that whatever may have been the arrangement for some years past, that now commencing from July 1, 1892, the returns for through tickets are to be worked up in accordance with your decision.

Mr. Williams, our Treasurer, has promised to see that the returns Nos. 1 to 5 and mentioned in your letter of the 21st March, are procured from the 1st July, 1892, and continued for the future.

I am, sir, your obedient servant,

The Auditor General.

D. POTTINGER, *General Manager*.

MONCTON, N.B., June 10, 1893.

DEAR SIR,—Your B 86333, 28th April, *re* letter from the Auditor General regarding proportion allowed Windsor Branch Railway on tickets from connecting railways.

I communicated with Mr. Campbell, the general manager of the Windsor and Annapolis Railway as to their warrant for basing the proportion of above tickets at 2 cents per mile, and received reply as per copy inclosed.

## Auditor General's Report, 1892-93.

So far as I can trace back the 90 cent rate has been the one on which the proportions have been adjusted, and from Mr. Campbell's quotations was evidently in force for the steamer connections when the agreement first went into force. We have received it all along, even since the competition of the Yarmouth steamers with the Halifax steamers for the United States passenger business at very low rates has been in force, and had the Windsor Branch earnings from this business been based on proportion of mileage the amount returned by the Windsor and Annapolis Railway would have been considerably reduced.

The only other point of importance is the proportion on Nova Scotia Central Railway tickets, as this is a new connection, and should be unaffected by the practice of the past, except in so far as the adoption of the 2 cent per mile rate is applicable to all connections as a general principle.

Yours truly,

T. WILLIAMS, *Chief Acct. and Treas.*

The General Manager, Govt. Rys.

KENTVILLE, N.S., May 8, 1893.

DEAR SIR,—In reply to your letter of 28th April (delay in answering which has been caused by absence from home), I have to inform you that on 14th September last a communication on the matter to which you refer was addressed by me to Mr. Pottinger. As Mr. Pottinger did not favour me with a reply to that letter, I presume that the explanations submitted to him were sufficient in his judgment to justify the method of division followed.

I take this opportunity of mentioning that this company has arranged to take over shortly the Western Counties Railway, and the Windsor Branch accounts will therefore to that extent become simplified, I mean by making one less, the railways having through tickets,—indeed after the amalgamation referred to there will be but one other road, namely, the Nova Scotia Central Railway, besides our own in the western part of Nova Scotia.

Yours faithfully,

W. R. CAMPBELL.

The Treasurer, I.C. Ry.

MONCTON, N.B., September 4, 1893.

SIR,—The Windsor and Annapolis Railway have sent in the accounts for the month of July made out in accordance with your requirements, and a detailed statement for the past year is being prepared by Mr. Williams in order that a claim may be made on the Windsor and Annapolis Railway.

I am, sir, your obedient servant,

D. POTTINGER, *General Manager.*

The Auditor General.

### Re Canal Tolls.

AUDIT OFFICE, OTTAWA, March 18, 1893.

SIR,—Collectors' returns commencing with those for July last are now forwarded by your department to this office. No departmental summary is furnished. Please direct that it may be furnished with the returns each month. I inclose a form.

The collectors' returns do not give any details of the tolls collected. On this point I would refer you to the correspondence published in the Audit Report of 1891, page F-59. As objections have been raised to giving the details asked for, summaries might

be furnished direct to this office by the collectors, as is now done by station-masters on the Intercolonial. These summaries might be daily from the large offices, and weekly from the smaller ones. If you approve of this suggestion I will furnish a form.

The collector's certificate on his return, as now furnished to the department, should cover the following points: (1) that revenue has been collected in every case in which it should have been collected; (2) that the amounts collected were according to tariff; (3) that the receipts were deposited in accordance with the regulations authorized by the Treasury Board (see Audit Report, 1892, page F-4).

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister, Railways and Canals.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, April 7, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 18th ultimo, suggesting that a departmental summary of the returns of the collectors of canal tolls should be furnished to your office with the monthly returns now sent in, and inclosing a form of summary and certificate which might be used.

In reply, I am, by direction, to state that your suggestion is approved, and that the form submitted by you for this purpose will be adopted. I am also to inform you that the collectors of revenue will be instructed to send you summaries of tolls collected, daily, from Port Colborne, Port Dalhousie, Cornwall, Montreal, Kingston, St. Johns, Ottawa and Grenville, and weekly from the other offices.

I am, sir, your obedient servant,

JNO. H. BALDERSON, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, June 3, 1893.

SIR,—Referring to your letter of 7th April last, in which you stated that collectors of canal tolls had been instructed to send to this office summaries of their cash books, some daily and others weekly, I have to inform you that no summaries have yet been received.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister Railways and Canals.

### *Re* Hydraulic Rents—Lachine Canal.

AUDIT OFFICE, OTTAWA, June 1, 1893.

SIR,—Referring to pages 168-170 of your last report on which is given a list of the lessees of the Lachine Canal, I have to request you to furnish a memorandum showing when each of these leases expires, and any notices lately sent the lessees in reference to the continuance of the leases.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister Railways and Canals.

## Auditor General's Report, 1892-93.

---

DEPT. OF RAILWAYS AND CANALS, OTTAWA, July 8, 1893.

SIR,—I have the honour, in compliance with the request of your letter dated the 1st ultimo, to forward herewith a list of leases on the Lachine Canal, showing the dates at which, severally, they expire, and also the dates when notices were sent to the lessees to quit, or to renew.

I am, sir, your obedient servant,

JNO. H. BALDERSON, *Secretary.*

The Auditor General.

---

AUDIT OFFICE, OTTAWA, August 21, 1893.

SIR,—I inclose herewith a statement in connection with the hydraulic rents on the Lachine Canal, and I have to ask for explanations in reference thereto. In some cases only part of the rental has been paid, in others none at all. In a few cases more than the rental has been paid, and in others payments have been made by parties whose names do not appear on the list of lessees furnished me. In some cases more has been paid than last year, in others less.

I have also to ask what action has been taken in reference to the arrears due, and which, if any of those in arrears are still in possession.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister, Railways and Canals.

---

DEPT. OF RAILWAYS AND CANALS, OTTAWA, September 6, 1893.

SIR,—I have the honour, by direction, to acknowledge the receipt of your letter of the 21st ultimo, in which you ask for certain information with respect to hydraulic rents on the Lachine Canal, and, in reply, to inform you that the yearly statement which is in course of preparation will be furnished you immediately on completion and will probably afford all the information you desire.

I am, sir, your obedient servant,

JNO. H. BALDERSON, *Secretary.*

The Auditor General.

### Re Redemption and Destruction of Stamps.

AUDIT OFFICE, OTTAWA, April 22, 1893.

SIR,—I notice by the returns of last year's revenue that deductions were made for stamps returned by postmasters, \$1,781.07 and by others, \$2,819.12. I understand that these stamps are destroyed by yourself with the exception of a small proportion, that are accounted for by the Stamp Branch and reissued. No certificate that such has been done is furnished.

The practice followed in connection with Dominion notes, bonds, coupons, &c., is to have them checked and classified by a clerk in the Finance Department, subject to a test-audit by a clerk from this office, after which they are burnt in the presence of both, and a certificate to that effect made by both.

Would it not be preferable to have the same practice followed in reference to the destruction of these stamps?

I have the honour to be, sir, your obedient servant,

J. L. McDougall, A.G.

The Deputy Postmaster General.

POST OFFICE DEPARTMENT, OTTAWA, April 26, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 22nd inst., respecting the redemption and destruction of postage stamps. You state that the practice that is followed in connection with Dominion notes, bonds, coupons, &c., is to

have them checked and classified by a clerk in the Finance Department, subject to a test-audit by a clerk from your office, after which they are burnt in the presence of both, and a certificate to that effect made by both, and you add would it not be preferable to have the same practice followed in reference to the destruction of these stamps. I quite agree with you that it would. If you will be good enough to designate the clerk in the Finance Department to whom these stamps should be sent, I shall be very happy to give instructions to have your wishes complied with.

I have the honour to be, sir, your very obedient servant,

WM. WHITE, *Dep. P.M.G.*

The Auditor General.

AUDIT OFFICE, OTTAWA, April 27, 1893.

SIR,—I am in receipt of your letter of yesterday, approving of the practice in regard to checking and destroying redeemed postage stamps suggested in my letter of the 22nd instant.

You misapprehend, however, the reference to the practice followed in regard to cancelling and destroying Dominion notes, &c.

I understand that at present a clerk in the Stamp Branch checks over the stamps as received, labels the packages and enters them in a register. This should be continued, and when a quantity, say the collections of a month or a quarter, are ready for inspection and destruction, I should be notified. I will then depute a clerk to make a test-audit, attend with a clerk of your department while the stamps are being burnt, and jointly with him sign a certificate.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

POST OFFICE DEPARTMENT, OTTAWA, May 2, 1893.

SIR,—With reference to your letter of the 22nd ultimo, respecting the redemption and destruction of postage stamps, I have the honour to inform you that I have submitted your letter to the Postmaster General, who sees no objection whatever to the plan which you propose; and so soon as any stamps are ready for destruction you will be notified and requested to depute a clerk to make a test-audit. I may mention that it is not possible to fix any definite period for the ordinary destruction of these stamps because claims are made by persons for redemption from time to time, and it would not always be convenient for the department to keep an applicant waiting for a month, but so soon as any stamps are received for redemption you will be duly notified, and the plan which you suggest will be followed in the future.

I have the honour to be, sir, your obedient servant,

WM. WHITE, *Dep. P.M.G.*

The Auditor General.

POST OFFICE DEPARTMENT, OTTAWA, May 15, 1893.

SIR,—With reference to previous correspondence, I have now the honour to inform you that I have instructed the superintendent of the Stamp Branch in future to have the postage stamps, &c., that this department may redeem for the public, or that may be returned by postmasters, for various reasons, checked by one of your officers, and by him subsequently destroyed in the presence of an officer of this department, and your certificate therefor placed on file.

## Auditor General's Report, 1892-93.

As there are now some stamps awaiting redemption, I will be glad to have one of your officers attend to check the amount with the least possible delay.

I have the honour to be, sir, your obedient servant,

WM. WHITE, *Dep. P.M.G.*

The Auditor General.

AUDIT OFFICE, OTTAWA, May 17, 1893.

SIR,—I have your letter of the 15th instant, in reference to the destruction of redeemed stamps. You state that there are now some stamps awaiting redemption, and you ask that I send an officer to check them with the least possible delay.

It was not contemplated that stamps should be tested by this office before redemption by your department. That would entail a rechecking by a clerk from this office of all redemptions before destruction. The only change from your past practice which is desired by this office is that all redeemed stamps should be periodically destroyed, and that they should be destroyed in the presence of a clerk of this office who should have previously tested the accuracy of the statements of them.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

### *Re Postage Stamps Burnt or Stolen.*

AUDIT OFFICE, OTTAWA, May 12, 1893.

SIR,—The only voucher furnished is the receipt of the postmaster for the amount recouped him. I have to ask that the certificate of the Post Office Inspector be furnished, with the additional evidence available in each case.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

POST OFFICE DEPARTMENT, OTTAWA, May 13, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 12th instant, respecting postage stamps burnt or stolen, in which you ask that, in addition to the receipt of the postmaster for the amount recouped, you may have furnished to you the certificate of the Post Office Inspector, and the evidence available in each case. In reply, I beg to state that no postmaster is allowed credit for the value of any postage stamps burnt or stolen until an Order in Council authorizing such credit has been received; the certificate of the inspector, and the additional evidence available is transmitted to Council.

I have the honour to be, sir, your very obedient servant,

WM. WHITE, *Dep. P.M.G.*

The Auditor General.

### *Re Refund of Post Office Revenue.*

AUDIT OFFICE, OTTAWA, April 22, 1893.

SIR,—I have to ask for an explanation of the refunds made out of revenue to certain banks and others. [See Audit Report, 1891-92, page F—108]. I observe that one bank got a quarterly sum of \$30.42, the voucher for which reads as being for postage

expended on Post Office account during the quarter, as per memo. annexed. The memo. has not been furnished. Chap. 29, Rev. Statutes, sec. 78 provides that refunds of revenue must be recommended by the Treasury Board and sanctioned by the Governor in Council. Are these refunds so authorized? If so, please send me a copy of the Order in Council.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

POST OFFICE DEPARTMENT, OTTAWA, April 27, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of 22nd instant, asking for an explanation of the refunds made out of revenue to certain banks and others. In reply I beg to state that many years ago, when the banks commenced to act for us in the way they now do, with regard to certificates of deposit it was found that occasionally postage was charged to them on Government correspondence, and the Postmaster General, acting within the authority which he possesses, directed that in these cases a refund of the amount charged should be made. I do not know very well how any other arrangement can be made: it happens occasionally with private individuals that postage is charged in error, and in all such cases the Postmaster General authorizes the necessary refund.

I have the honour to be, sir, your obedient servant,

WM. WHITE, *Dep. P.M.G.*

The Deputy Postmaster General.

AUDIT OFFICE, OTTAWA, May 5, 1893.

SIR,—I am in receipt of your letter of April 27 in reply to mine inquiring as to certain refunds made to some of the banks.

But your explanation does not seem to cover the payments made in recent years and yet continued. You state that many years ago when the banks commenced acting in the way they do now, it was found occasionally that postage was charged on Government correspondence. That would be sufficient reason why a refund should have been made at the time, though it is necessary, to comply with the Act, that there should be the authority of an Order in Council. A general order covering this class of cases would suffice. But no explanation is given why these payments for refunds have been continued, nor why, if the refunds were for occasional overcharges, one bank gets a regular quarterly allowance. I shall be glad to hear from you further on this subject.

I have the honour to be, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, A.G.

### *Re* Miscellaneous Receipts—Dead Letter Office.

AUDIT OFFICE, OTTAWA, May 26, 1893.

SIR,—In your letter of November 23, 1892, you stated that letters containing money are recorded in your books, and the money deposited to the credit of the Receiver General. I have to request that each time a deposit is made the following certificate, signed by the superintendent and the clerk or clerks who have the duty of opening the letters, may be furnished to this office:—"I certify that the sum of \$ \_\_\_\_\_ was this day deposited to the credit of the Receiver General; and that this amount covers all the money found in the dead letters that were received at this department between \_\_\_\_\_ and \_\_\_\_\_."

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

## Auditor General's Report, 1892-93.

POST OFFICE DEPARTMENT, OTTAWA, August 16, 1893.

SIR,—I understand you asked for certificates somewhat in the terms of those I now inclose, some time since with reference to deposits in connection with dead-letter work. Will you kindly let me know if the inclosed are what you want?

Yours faithfully,

WM. WHITE, *Dep. P.M.G.*

The Auditor General.

POST OFFICE DEPARTMENT, DEAD LETTER BRANCH, OTTAWA, May 30, 1893.

I certify that the sum of two hundred and ninety dollars and forty-seven cents (\$290 $\frac{47}{100}$ ) was this day handed to the accountant of this department for deposit to the credit of the Receiver General, that this sum was removed from letters held "in safe" in the Dead Letter Branch during the period from July 1, 1892, to December 31, 1892, and that it comprises the whole of the money so received and undisposed of, as recorded in the "Safe Book" of this branch for the foregoing months.

JOHN WALSH, *Superintendent.*

G. J. BINKS, Clerk in charge of Safe Book.

I certify that the above mentioned sum of two hundred and ninety dollars and forty-seven cents (\$290 $\frac{47}{100}$ ) was received by me, and duly deposited on the 20th day of May, 1893, in the Bank of Montreal.

W. J. BARRETT, *for Accountant P.O.D.*

POST OFFICE DEPARTMENT, DEAD LETTER BRANCH, OTTAWA, May 30, 1893.

I certify that the sum of two hundred and forty-two dollars and one cent (\$242 $\frac{01}{100}$ ) was this day handed to the accountant of this department for deposit to the credit of the Receiver General, that this sum was removed from letters held "in safe" in the Dead Letter Branch during the period from February 1, 1892, to June 30, 1892, and that it comprises the whole of the money so received and undisposed of, as recorded in the "Safe Book" of this branch for the foregoing months.

JOHN WALSH, *Superintendent.*

G. J. BINKS, Clerk in charge of Safe Book.

I certify that the above mentioned sum of two hundred and forty-two dollars and one cent (\$242 $\frac{01}{100}$ ) was received by me and duly deposited on the 20th day of May, 1893, in the Bank of Montreal.

W. J. BARRETT, *for Accountant P.O.D.*

AUDIT OFFICE, OTTAWA, August 18, 1893.

SIR,—I have received your letter of the 16th inclosing 2 certificates, one covering deposit of money found in returned dead letters between February 1 and June 30, 1892, \$242.01; and the other between July 1 and December 30, 1892, \$290.47. Both these sums were deposited May 20, 1893. Is there any reason why this money should be retained undeposited so long?

I have to suggest the following change in the wording of the certificate:—instead of the words "so received and undisposed of" substitute "found in dead letters and not returned to the owner."

I have the honour to be, sir, your obedient servant,

JOHN GORMAN, *for A. G.*

The Deputy Postmaster General.

### Rents of Letter Boxes and Drawers.

AUDIT OFFICE, OTTAWA, February 6, 1893.

SIR,—I am without reply to my letters of April 1 and November 4, 1892, in reference to rents of letter boxes and drawers. Before referring the subject to the Treasury Board, I deem it proper to again call your attention to it.

I have the honour to be, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, February 9, 1893.

SIR,—With reference to your letter of November 4 last, which I regret to find has been overlooked, I beg to point out to you that Brantford is not as you suppose, a city post office, and therefore the rent of boxes and drawers from that office would not be sent in to you in the statement to which you refer. No post offices except such as are on the establishment, where all the employees are civil servants, render accounts for the rent of boxes or drawers. Counterfoils have not heretofore been supplied to the city postmasters with the receipts which are given for box and drawer rents, but an arrangement has been made by which this will be done in the future; in the meanwhile the accounts can readily be examined at any time you desire.

I have the honour to be, sir, your obedient servant,

The Auditor General.

WM. WHITE, *Dep. P.M.G.*

AUDIT OFFICE, OTTAWA, February 11, 1893.

SIR,—I have your letter of yesterday, stating that no post offices except such as are on the establishment, where all the employees are civil servants, render accounts for the rent of boxes or drawers. As the result of this arrangement is that the salaries of postmasters in towns in which the Government has erected buildings and furnished letter boxes, is increased by these rents, I have to ask to be informed on the following points:—

(1). When the public building erected by the Government began to be used by a postmaster, were the percentages previously paid to the postmaster decreased in view of his being allowed to retain the rents of the letter boxes and drawers?

(2). Does the Government keep these boxes and drawers in repair?

(3). I have to ask for a list of postmasters who are allowed to retain these rents.

(4). Was the arrangement then made under authority of an Order in Council? If so, I shall be glad to have a copy.

(5). As these rents are clearly an addition to their salaries, should not postmasters who are allowed to retain them, be directed to furnish regular returns of the amounts collected?

I have the honour to be, sir, your obedient servant,

The Deputy Postmaster General.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 20, 1893.

SIR,—I wrote you February 11 last, asking for a list of post offices in which letter boxes and drawers have been erected at the expense of the Government. You acknowledged the letter on February 17, but I have not yet received the information. Please give this matter your attention.

I have the honour to be, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

## Auditor General's Report, 1892-93.

DEPARTMENT OF PUBLIC WORKS, OTTAWA, July 3, 1893.

SIR,—Having reference to your letter dated February 11 last, asking for a list of the post office buildings in which letter boxes and drawers have been erected at the expense of the Government, I am directed to inform you that our chief architect reports that he believes that in all the new public buildings erected since Confederation for post office purposes, letter boxes and drawers have been put in at the expense of the Government.

I have the honour to be, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, November 22, 1893.

SIR,—The Department of Public Works informs me that letter boxes and drawers were put in at the expense of the Government in all the new post office buildings erected since Confederation.

I am without any reply to my letter to you of February 11 last on this subject.

Without further explanation than has yet been furnished it seems quite evident that all postmasters should account for the fees collected for the use of letter boxes and drawers provided at Government expense. I have to ask for your earliest attention to this subject. If the existing state of affairs continues it will be necessary to submit the matter to the Treasury Board.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

### *Re* Miscellaneous Receipts.

AUDIT OFFICE, OTTAWA, November 28, 1893.

SIR,—I have to make the following observations in connection with the statement of "Other Miscellaneous Receipts, 1892-93" lately furnished by your department.

If there are no objections of a departmental nature, would it not be better if all miscellaneous receipts, such as those included in the statement now under remark, were credited directly to Casual Revenue, as is the practice of the other departments?

Proceeds of sales of waste paper appear from Toronto and Quebec, and from the Inspector's office at Toronto. Please let me know the departmental regulations in reference to such sales. Why is there not some return, large or small, from each of the large offices?

Return is made of \$20 from the postmaster at St. Zotique for stamps furnished from the Montreal office in excess, November 12, 1890. Please explain how the Montreal postmaster's stamp account was made good.

No explanations are furnished of a refund of \$300 by J. R. Greenfield. What are the regulations as to the sale of condemned clothing? Would it not be advisable that all clothing, &c., condemned should be sold by public auction?

The refund of \$66 to R. D. Boal, postmaster of Sussex Vale, N.B., would seem to call for an Order in Council in accordance with section 78, Chap. 26, Revised Statutes, especially as the payment by him was made in 1884-85. In all cases when money is refunded, sufficient particulars should be furnished to identify the payment.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Postmaster General.

POST OFFICE DEPT., OTTAWA, December, 11, 1893.

SIR,—Referring to your letter of the 28th of November last, respecting the treatment of "miscellaneous receipts" by this department, I beg to reply.

There are no objections of a departmental nature to having all miscellaneous receipts credited directly to casual revenue, and this course will be adopted in future.

The department does not know of any regulations with regard to the sale of waste paper in the city post offices, that is to say, there are no formal regulations. It is presumed that as this paper accumulates it is sold and the proceeds placed to the credit of the Receiver General; but a formal return will be asked in the future to avoid any difficulty with regard to whether there is or is not any disposable waste paper.

With reference to the amount of \$20 received from the postmaster of St. Zotique for stamps furnished from the Montreal Post Office in excess on November 12, 1890, the postmaster of Montreal furnished these stamps—or rather made the payment from the surplus postage which accrued in the Montreal Post Office, but when he retired from his office this item, in common with others, was called to his attention, and the amount was refunded to the department—hence the payment to the postmaster of St. Zotique, which appeared to be the best way of bringing the matter to account in the regular way.

With reference to the sale of old clothing, I am not aware that any of the clothing received at this office, up to the present time, has been in such a state as to make it possible to sell it; but if you prefer it there will be no difficulty whatever in going through the form of a sale, although I imagine that the amount realized would not pay the expenses of the sale.

With reference to the refund of \$60 to Mr. Boal, postmaster at Sussex Vale, this amount was an amount collected in error—or rather paid in error by the postmaster, being the rents of boxes in his office to which he was entitled; when the attention of the department was called to the matter the sum was refunded to him; but if you consider it necessary, application could be made to the Treasury Board for an Order in Council.

With reference to the refund by Mr. J. R. Greenfield, I may explain that Mr. Greenfield was the patentee of certain fastenings used by the department in connection with mail bags, and it was claimed by the superintendent of the Printing and Supply Branch that an over-payment had been made to Mr. Greenfield on this account. I may observe that these payments were not made to Mr. Greenfield directly, but the payments were made by the department to the person who supplied the article and used Mr. Greenfield's patent, which to avoid any further difficulty he disposed of.

I have the honour to be, sir, your obedient servant,

WM. WHITE, *D.P.G.*

The Auditor General.

### Re Steamboat Inspection.

AUDIT OFFICE, OTTAWA, April 14, 1893.

SIR,—Referring to the amendment to the Steamboat Inspection Act, 55-56 Vict., Chap. 19, providing for the inspection by hull inspectors of barges and scows, &c., used for the transport of passengers, I have to ask for copies of the regulations or instructions issued for the purpose of carrying out its provisions. The only returns that have yet reached this office are those from Thos. Donnelly to August 31, 1892, and from R. Collister for June and July, 1892. Whenever an inspector makes any inspections he should forward a return the beginning of the following month. If no inspections are made during the whole season, a nil return should be furnished at its close. The Act was assented to May 10, 1892, and fixes the fee for each inspection at

\$10. Inspector Donnelly's returns show that the fees were calculated at a tonnage rate of 8 cents per ton and run from \$1.28 to \$9.76. Inspector Collister's returns show the fees at \$10 each and that they were paid at the Ports of Victoria and Vancouver, B.C., but I do not find the items accounted for by the collectors at these ports. As the Act provides that these fees are to be paid to the Inspectors, the inspectors should deposit the receipts and send the bank deposits to your department with their returns.

I have the honour to be, sir, your obedient servant,

The Deputy Minister Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, April 17, 1893.

SIR,—On the return of Inspector Johnston for August there is entered the inspection of the Str. "W. A. Rooth" fees \$9.16, paid at Sault Ste. Marie, April 23. I do not find this amount accounted for on the returns of the collector of that port.

The following list shows the vessels that appear on the inspector's returns for the 6 months to December 31 last, as having been inspected, but for which no certificates have been issued, and no cash has come to account:—

Inspector.	Vessel.	Place and date of inspection.
John Dodds	W. M. German	Chatham, Oct. 10.
do	Isabella	Barrie, Sept. 17.
Geo. F. Clift	Archie Stewart	Montreal, Sept. 13.
do	Coban	do Nov. 27.
do	John	do Nov. 28.
Jos. Samson	Macitasini	Lake St. John, July 30.
do	Peribonka	do July 31.
do	Undine	do do
do	Lenie	Nicolet, July 12.
do	Pacific	Three Rivers, July 12.
do	Robert Stocker	Montreal, July 19.
do	Randolph	Quebec, July 23.
do	Honki Dore	do July 27.
do	Vulcan	Dalhousie, Aug. 30.
do	C. S. Parnell	Quebec, Aug. 10.

I wrote you May 14, 1892, giving similar lists, and in your reply of May 20 following you referred me to the Customs Department, as to vessels that were reported with fees paid, but which had not come to account; and with reference to those vessels for which no certificates had been issued, and no fees paid, you replied that an inspector is forbidden by the Act to issue a certificate of inspection until the collector's receipt is shown him. You did not say whose duty it is to look after the owners of vessels on which the fees have not been paid and urge payment thereof. Of the vessels so reported last year I can only trace one on which the fees have since been paid. Should not steps be taken to ensure that the fees on all vessels inspected shall be paid?

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, May 13, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 17th ultimo, informing me that Inspector Johnston reported in his August statement that the steamer "W. A. Rooth" paid \$9.16 in fees to the collector at Sault Ste. Marie on 23rd April, 1892, but the collector has not accounted for the amount. In reply, I have to state that you should inform the Customs Department of the matter.

## Auditor General's Report, 1892-93.

With reference to your inquiry as to whose duty it is to look after owners of vessels on which the fees have not been paid, I have to state that an Inspector's duty is to inspect steamboats, but it is not his duty to collect steamboat fees. That duty is imposed on collectors of customs by the Act, and it is for the Customs Department to say how far their officers should go in looking after owners of steamboats, on which fees have not been paid. I may add for your information that it often happens that after a vessel is inspected she is laid up, and in that case, she would not require to pay the fees. If collectors of customs do their duty, no steamboat can run without a certificate of inspection, and no certificate of inspection will be issued until the fees are paid.

I have to add that the fees for the "Coban," amounting to \$93.04, were paid to the Collector at Montreal on the 20th July, 1892. You should notify the Customs Department that no return has been made. The vessel received her certificate of inspection from Inspector Samson.

With reference to the "W. M. German," a certificate was refused her as she had not paid the dues. The vessel has since been burned.

The "Isabella" has been burned.

The dues of the "Archie Stewart" were paid at Ottawa on April 26, 1892. You should notify the Customs of this.

The dues of the "John" were paid at Montreal on the 21st June last. You should also notify the Customs of this.

As there is some doubt about the "Macitasini," "Peribonka," and "Undine" being British vessels, I have written the collector on the subject.

I would suggest that you ask the Customs Department why dues were not paid on the "Randolph," "Honki Dore," "C. S. Parnell," "J. R. Souter," "Lenie" and "Pacific." This department is not aware of any reasons why these fees should not be paid.

The "Vulcan's" dues were paid to the collector at Port Dalhousie on the 8th June, 1892. The Customs Department should be informed of this.

I have the honour to be, sir, your obedient servant,

WM. SMITH, *D.M.M. & F.*

The Auditor General.

### MARINE AND FISHERIES DEPARTMENT, OTTAWA, May 23, 1893.

SIR,—I have to acknowledge the receipt of your letter of the 14th ultimo relative to the Act 55-56 Victoria, providing that a fee of \$10 be charged for inspecting passenger boats.

With reference to your statement that you do not find the fees for the barges inspected by Mr. Collister in 1892, accounted for by the collectors at Vancouver and Victoria, I have to inform you that the provisions of the Act require the fee to be paid to the inspector and not the collector. In the returns sent you from this department on 24th August, 1892, you will find two deposit receipts for \$50 and \$10 respectively for inspecting passenger barges, deposited by Mr. Collister.

With reference to your statement that the fees are \$10 each but that in Thomas Donnelly's returns the fees are calculated on a tonnage rate of 8 cents per ton, I have to inform you that when Mr. Donnelly made the inspections in 1892, the law was not in force and he made no collections. Mr. Donnelly has not inspected any barges since July, 1892. The collections reported by Mr. Donnelly on the basis of 8 cents per ton were illegally made by Collectors of Customs.

With respect to your request to be supplied with a copy of the regulations issued for the purpose of carrying out the law in regard to the inspection of passenger barges, I have to inform you that the regulations are in the Act. The Act was sent to the inspectors and they were told to carry out the law. I inclose herewith a copy of the Act.

I have the honour to be, sir, your obedient servant,

WM. SMITH, *D.M.M. & F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, June 14, 1893.

SIR,—In connection with the question of departmental responsibility for the proper audit and accounting for the receipts from steamboat inspection, I have been asked to submit to the Treasury Board my views as to the department by which the duties should be performed. I now desire to inform you that, in my opinion, this duty should be performed by your department, and I purpose so reporting to the Treasury Board. Each inspector should be responsible that all fees arising out of his work payable to the Government, are paid. It would be of advantage if the suggestion of the chairman of the board of inspectors were adopted, that is, of having the receipt issued by collectors of customs have a coupon which should be detached by the inspector and forwarded to the department with his return; and I am recommending that suggestion for the approval of the Treasury Board.

If there are any suggestions or regulations you wish to make regarding the subject I shall be glad to hear from you, or if you think better, discuss them with you.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, June 19, 1893.

SIR,—I have to acknowledge the receipt of your letter of the 14th instant, relative to auditing the revenue arising from the inspection of steamboats, in which you inform me that in your opinion this department should audit a revenue collected by the Customs Department, and that you intend so reporting to the Treasury Board, and that in your opinion steamboat inspectors should be responsible for the payment of all the revenue to the Government arising out of steamboat inspection. In reply I have to inform you that I will submit your communication to the Minister of Marine and Fisheries on his return to Canada. The Treasury Board will, I presume, desire to ascertain the Minister's views on the subject.

I have the honour to be, sir, your obedient servant.

The Auditor General.

WM. SMITH, D. M. M. & F.

P. S.—I inclose you a copy of a letter on this subject addressed by this department to the Treasury Board, dated 25th Sept., 1892, pointing out that collectors of customs are required to collect the revenue by law, and that they are not under the control of this department, and that Parliament declined to change the law in that respect. The Minister approved of the letter to the Treasury Board.—W. S.

MARINE AND FISHERIES DEPT., OTTAWA, September 27, 1892.

SIR,—I have to acknowledge receipt of your letter of the 15th instant, inclosing a copy of a letter addressed to you by the Auditor General in which he asks the Treasury Board to determine the department which is to audit the fees and dues collected by collectors of customs under the Act relating to steamboat inspection. In answer to your request that I would furnish you with my views on the above mentioned subject, permit me to state that as the Act is mandatory as to collectors of customs receiving the revenue from the inspection of steamboats and accounting therefor, and as collectors of customs are not controlled by this department, it does not appear to me that the auditing of the revenue should rest with this department.

In connection with this subject, I may mention that a clause was inserted in the Steamboat Inspection Act of last Session, taking away the duty of collecting the revenue from collectors of customs, and placing it upon the inspectors of steamboats; but Parliament did not consider it advisable to make the change, and the clause was struck out in Committee.

## Auditor General's Report, 1892-93.

Statements from the inspectors of the vessels inspected are regularly forwarded to the Auditor General, to enable him to audit this particular revenue, along with any information he may from time to time require, and I will be most happy to continue so to do.

I have the honour to be, sir, your obedient servant,

WM. SMITH, *D.M.M.&F.*

The Secretary of the Treasury Board.

AUDIT OFFICE, OTTAWA, June 26, 1893.

SIR,—I have your letter of the 19th instant in which you seem to intimate your dissent from the proposal of making your department responsible for the auditing of steamboat inspection revenue, and state that you will submit my letter to the Minister of Marine and Fisheries on his return to Canada. I beg to suggest that the whole correspondence, or a precis of it, be submitted to the Minister. In your letter of July 12, 1889, you state that arrangements had been made to check the returns from the collectors by the returns from the inspectors, in the accountant's branch of your office, from the 1st instant. In order to carry out this arrangement you had a report drafted to Council recommending that collectors of customs shall be required to furnish the Department of Marine with a duplicate statement of the sums collected, &c. (See your letter of Feb. 21, 1890.) It seems the Customs Department was averse to this recommendation, but had it been carried out as you desired, your department would have accepted the responsibility of examining and auditing the returns. If the recommendations referred to in my letter of the 14th instant, be adopted, you will have even better data on which to work than if you had the returns of the Customs collectors. The objections made by Parliament to changing the law were, if I remember rightly, based on the convenience of the public, and the action of Parliament cannot be considered as affecting the present question. It is the duty of inspectors to inspect all vessels and to grant certificates, when the receipt of the customs collector is presented to them. Why should they not be required to see that the owners or masters of vessels inspected do present a collector's receipt and get his certificate?

In your letter to the Secretary of the Treasury Board, and in previous correspondence, reference is made to the fact that your inspectors' returns are furnished to this office to enable an audit to be made. As a result of the examination made in this office, under considerable difficulties, of those returns, your department and the Customs Department have been notified of cases of vessels inspected on which fees were not paid, and vessels the fees of which were claimed to have been paid on the Inspectors' returns, but which did not appear on the collectors' returns. I contend it should be the duty of some department to examine and compare these returns, and see that all fees are paid and accounted for, before the returns are sent to this office.

It may be contended that the customs collectors are required to collect the revenue by law. No doubt at the seaports and at large inland ports, it might be possible for the collectors to prevent any vessel running without a certificate, but it is not so practicable for them to exercise the same control over vessels plying on inland waters where there is no occasion to procure clearances.

I have endeavoured for some years to have some satisfactory arrangement made by which this revenue should be examined and audited, and that some department should be responsible that the fees payable to the Government were collected. Failing to accomplish that, it seemed to me clearly my duty to report the position of the matter to the Treasury Board to have the matter determined. And having been requested to give my views as to the department that should be responsible, I purpose, as I informed you in my letter of the 14th instant, to report that the duty should be assigned to your department.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, June 28, 1893.

SIR,—I have the honour to acknowledge receipt of your letter of the 26th instant, in further reference to the auditing of Steamboat Inspection Revenue. In reply, I have to request you to be good enough to inform me whether the Customs Department object to auditing this revenue, collected by collectors of customs.

I am, sir, your obedient servant,

The Auditor General.

WM SMITH, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, July 3, 1893.

SIR,—I am in receipt of your letter of June 28, inquiring whether the Customs Department object to auditing Steamboat Inspection Revenue.

I am not aware that the Customs Department have formally objected to audit this revenue. They have objected to instruct their collectors to furnish your department with a copy of the return furnished to the Customs Department. They have also, so far, failed to carry out the suggestion of the chairman of the board of inspectors as to issuing a receipt with a counterfoil for the inspector. They have expressed verbally the desire of relieving their collectors of the duty now imposed on them. To enable the Customs Department to audit this revenue, they would need to be furnished with copies of the returns of your inspectors, and also copies of all Orders in Council and regulations bearing on the subject, issued by your department.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, July 6, 1893.

SIR,—I have to acknowledge the receipt of your letter of the 3rd instant, informing me that so far as you are aware the Customs Department has not formally objected to audit the revenue collected in connection with the inspection of steamboats, but it has expressed a desire to relieve its collectors of the duty of collecting the revenue imposed upon them by the Statute; and in reply I have to state—as before mentioned—that Parliament has declined to relieve collectors of customs of the duty of collecting this revenue; and have to suggest that if you formally requested the Customs Department to audit this revenue the difficulty may be obviated. The steamboat inspector's returns, which are now sent to your department, could be sent from here to the Customs Department.

With reference to your statement—which appears to take the form of an objection—that to enable the Customs to audit the revenue referred to it would have to be furnished with copies of all Orders in Council and regulations bearing on the subject; I have to state that there would be no objection to doing so. As the matter stands at present this department supplies collectors of customs with copies of all Orders in Council and regulations bearing upon the subject, and it would be no trouble to furnish the Department of Customs with the same information.

I have the honour to be, sir, your obedient servant,

The Auditor General.

WM. SMITH, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, July 10, 1893.

SIR,—Referring to previous correspondence on this subject, I have now to inform you that the Deputy Minister of Marine and Fisheries has expressed his willingness to send to your department the returns made by steamboat inspectors, and copies of all Orders in Council and regulations in reference thereto, to enable you to have this revenue audited in your department and ensure that all the fees are collected.

## Auditor General's Report, 1892-93.

---

If this arrangement meets with your concurrence, please let me know, so that it may be carried into effect as soon as possible.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Commissioner of Customs.

CUSTOMS DEPT., OTTAWA, July 13, 1893.

SIR,—I beg to acknowledge receipt of your letter of 10th inst., in which you advise me that the Deputy Minister of Marine and Fisheries has expressed his willingness to send to this department the returns made by steamboat inspectors, and copies of all Orders in Council and regulations in reference thereto, to enable this department to audit this revenue and to ensure that all the fees are collected.

I beg to state that I shall confer with the Deputy Minister of Marine and Fisheries upon the subject, and ascertain if the necessary data can be supplied to us.

I have the honour to be, sir, your obedient servant,

THOS. J. WATTERS, *Acting Commissioner.*

The Auditor General.

AUDIT OFFICE, OTTAWA, November 9, 1893.

SIR,—Referring to your letter of July 13 last, I have to ask if any arrangements have yet been made as to the audit of this revenue ?

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Commissioner of Customs.

CUSTOMS DEPT., OTTAWA, November 22, 1893.

SIR,—Referring to your letter of the 9th inst., asking as to whether arrangements have yet been made as to the auditing of the returns made by steamboat inspectors, I beg to advise you that I shall take an early opportunity of going into this matter with the Deputy Minister of Marine and Fisheries, with a view to having your wish carried out if at all possible.

I have the honour to be, sir, your obedient servant,

### *Re Goderich Wharf.*

AUDIT OFFICE, OTTAWA, February 22, 1893.

SIR,—In your letter of September 14 last you stated you were negotiating for the lease of the Goderich Wharf for a term of years. Please let me know if the lease was effected, and if so, the name of the lessee and the terms. Who was in charge of this wharf during the last season ? Did vessels make use of the wharf, and if so, were fees collected ? I do not find that anything has come to account.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, March 9, 1893.

SIR,—In reply to your letter of the 22nd ultimo inquiring whether the Goderich Wharf has been leased for a term of years, I have to inform you that the lease was not effected. No account of dues has been received by this department, and no wharfinger has been appointed for the purpose of collecting dues. The harbour master is the only officer connected with this department yet appointed to look after the interests of the Government, and he has not reported that any vessels made use of the wharf.

I am, sir, your obedient servant,

The Auditor General.

WM. SMITH, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, March 14, 1893.

SIR,—In your letter of the 9th instant you state that no dues have been collected, no wharfinger appointed, and that the harbour master who is in charge has not reported that any vessels made use of the wharf.

I am not quite sure whether you mean that the harbour master has reported that no vessels used the wharf. If so, please let me have his report.

In view of the fact that the wharf has been leased for a number of years at a rental of \$1,115, and that nothing has come to account from it for the last season, it does seem to call for some explanation more than has yet been given.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES DEPARTMENT, OTTAWA, April 13, 1893.

SIR,—In reply to your letter of the 14th ultimo, stating that you are not quite sure whether this department means that the harbour master at Goderich has reported that no vessels used the wharf and if so to let you have his report, I have to inform you that the harbour master made a report in September last a copy of which is herewith inclosed.

With regard to that part of your letter which states that in view of the fact that the wharf has been leased for a number of years at a rental of \$1,115, and that nothing has come to account from it for the last season, I have to inform you that the leases referred to by you were for \$1,445, and expired in February and March of 1892. No leases have since been effected, although efforts have been made by this department to obtain offers for the use of the wharf for a term of years.

\* \* \* \* \*

It would be more advantageous for the Government if these wharf lots were leased for a term of years, but no one seems to require them as a whole, and offers have been received only for the best of the sections at very low prices for a term of years.

I am, sir, your obedient servant,

The Auditor General.

WM. SMITH, *D. M. M. & F.*

GODERICH, Sept. 16, 1892.

SIR,—I beg to acknowledge the receipt of your letter of the 14th instant, referring to lots A., B. and C. of the Goderich wharf.

In answer I have to inform you that Mr. N. Dyment has been occupying the lots mentioned since about the 1st of July last.

Vessels have used the docks very little, with the exception of those that were carrying lumber for Mr. Dyment.

I am, sir, your obedient servant,

T. N. DANCEY, *Harbour Master.*

The Deputy Minister of Marine and Fisheries.

## Auditor General's Report, 1892-93.

AUDIT OFFICE, OTTAWA, April 21, 1893.

SIR,—I am in receipt of your letter of the 13th inst. You state that the leases were for \$1,445, and expired in February and March, 1892. In that case there are apparently some arrears due on account of this wharf, as the revenue that has come to account for the last three years is as follows :—For 1889, \$915 ; for 1890, \$1,115 ; and for 1891, \$1,115. You did not make any reference to arrears being due on this wharf in your letter of Nov. 15 last, in reference to the arrears due your department.

The harbour master states in his letter, copy of which you inclosed, that N. Dymont has been occupying the lots mentioned since about the 1st of July last, and he implies that other vessels used the docks, though very little. You stated in your letter of March 9, that the harbour master is the only officer connected with your department appointed to look after the interests of the Government. If he is in charge of the wharf, how did he allow it to be used by Mr. Dymont and others without collecting fees ? Are any steps now being taken to recover what is just from the parties who used the wharf ? As another season is about commencing would it not be advisable, pending the appointment of a wharfinger, to take steps to have fees collected from vessels that may use the wharfs ?

I have the honour to be, sir, your obedient servant.

J. L. McDOUGALL, *A. G.*

The Deputy Minister of Marine and Fisheries.

AUDIT OFFICE, OTTAWA, June 7, 1893.

SIR,—I have not received any reply to my letter of April 21 last, in reference to the revenue from the Goderich wharf. Please let me know if anything was collected on account of the fees or rents for 1892, and what arrangements have been made to collect the fees during the present season.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A. G.*

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, June 8, 1893.

SIR,—In reply to your letters of the 21st of April last and 7th instant, referring to the amount of the leases for the Goderich wharf in 1889-90 and 1891, and inquiring whether there were any arrears due on the wharf, as the revenue which came to account for 1889 was \$915 ; for 1890, \$1,115, and for 1891, \$1,115 ; I have to inform you that the lessees in 1889 were Bearman & McVicar, \$800 ; T. McBride, \$315, and T. N. Dymont, \$330, making a total of \$1,445. The amount for 1889 was reduced owing to the fact that Mr. Williams for whom T. McBride was acting agent, showed that he did not get possession of the lot in the proper time because lumber had been placed upon it and not removed. In the case of the Dymont lease, Mr. N. Dymont, against whom legal proceedings have been taken, claims that he did not sign the lease, but that it was made out in his son's name, who died about the time the lease was forwarded for signature. By reference to my letter of the 18th May, 1892, you will observe that I informed you that steps had been taken to recover from Mr. Dymont the amount considered due by this department.

The Justice Department has had the matter in hand for some length of time and steps have been taken to arrive at some satisfactory settlement with Mr. Dymont. The Justice Department has not yet reported the result of the steps taken. This should be a satisfactory explanation, so far as this department is concerned, respecting the difference of the figures, viz., \$1,115 and \$1,445, or the amount that was received and the amount that should have been received per annum.

With reference to your statement that no revenue was received in 1892, I have to refer you to my letter of the 13th of April last, which explains the reason.

The harbour master at Goderich is the only officer which this department has at that port, and he has been requested to inform the department as to whether the lots had been occupied. He has reported, as I have already informed you, that Mr. Dyment placed lumber on some of the lots in 1892, and that he continues to pile his lumber on these lots. Mr. Dyment was requested last year to pay the department for the use of the lots, but he has not done so and it appears that the very unsatisfactory course of taking legal proceedings will have to be adopted again, unless Mr. Dyment complies with the department's demand.

I am, sir, your obedient servant,

The Auditor General.

WM. SMITH, *D.M.M. & F.*

AUDIT OFFICE, OTTAWA, June 12, 1893.

SIR,—I have received your letter of the 8th instant in reference to the Goderich wharf. You overlook that part of my letter of the 7th inquiring what arrangements had been made to collect fees during the present season.

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

### *Re Wharfs and Piers Revenue.*

AUDIT OFFICE, OTTAWA, February 22, 1893.

SIR,—I have to call your attention to the number of wharfingers yet in arrears for returns and remittances covering receipts to 31st December last. Of these, some have made returns and remittances for the half-year to 30th June. To comply with the regulations, many of these wharfingers should have remitted several times. The return from Cow Bay for August, and that from Digby for September, are short. I have to ask for particulars of deposit by Department of Justice for Tignish wharf, \$14.75, and by O'Connor, Hogg & Balderson for Chicoutimi, \$71.50. Deposits have come to account from several wharfingers whose returns have not yet been furnished.

I have the honour to be, sir, your obedient servant.

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, February 22, 1893.

SIR,—The sum of \$830.14 came to account during 1891-92 for the receipts of the wharf at Sault Ste. Marie, but no return was furnished. As nothing has come to account during the present fiscal year, I have to ask for an explanation.

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, *A.G.*

NOTE.—\$491.69 came to account subsequently, but no returns were furnished.

# Auditor General's Report, 1892-93.

AUDIT OFFICE, OTTAWA, June 15, 1893.

SIR,—Referring to your letter of 4th June, 1891, I have to inquire if the arrears of fees therein referred to as due the wharfingers at Cockburn Island, Maitland, Yarmouth County, and West Pubnico, have since been paid, or if not, what action has been taken to secure payment?

I have the honour to be, sir, your obedient servant.

AUDIT OFFICE, OTTAWA, August 10, 1893.

SIR,—The only revenue that has come to account for 1892-93 from the Tadousac Wharf was \$42.75 remitted by the Richelieu and Ontario Navigation Company in payment of 57 calls and landing of steamers "Saguenay," "Canada" and "Corinthian" in 1891 at 75 cts. I have to ask concerning the use of this wharf previous to 1891 and why the charges for 1892 have not come to account. Does the charge of 75 cents for each landing of a steamer cover the wharfage on the freight landed as well as the side wharfage?

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, August 11, 1893.

SIR,—The sum of \$52.77 has come to account from Port George, N.S., for receipts during April, May and June, 1892, and nothing since.

In addition to those stated in my letter of the 7th inst., there are the following wharfs from which neither return nor deposit has been received :—

Ontario.—Inverhuron.

Quebec.—Agnes, Anse St. Jean, Baie St. Paul, Berthier, Beauport, Cascades, Ile aux Grues, Les Eboulements, L'Islet, Murray Bay, Rivière Ouelle, St. Alphonse de Bagotville, Ste. Cécile du Bic, St. Jean d'Orléans, St. Laurent d'Orléans, St. Thomas de Montmagny, Trois Pistoles.

Nova Scotia.—Arisaig, Avonport, Bayfield, Broad Cove Marsh, Brooklyn, Canada Creek, Cranberry Head, Eagle Head, East Bay, Halls Harbour, Militia Point, Parrsboro', Pictou Island, Pointe Brûlée, Port Greville, Port Hood Island, Salmon River, Tancook Island, Tracadie, Tusket Wedge, West Pubnico, White Point.

New Brunswick.—St. Louis.

P. E. Island.—Campbell's Cove, Higgins Shore, McGee's Wharf, Mink River, Nine Mile Creek, West Point, Wood Island.

I have to inquire what action has been taken to secure returns and deposits from these wharfingers? Please let me have the reports made by your local agents in reference thereto.

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

### *Re Dominion Steamers.*

AUDIT OFFICE, OTTAWA, April 13, 1893.

SIR,—No returns of the earnings of the steamer "Stanley" for the present season have yet reached this office. Please have them forwarded.

The sum of \$180.46, earnings of the steamer "La Canadienne" for Quarantine service has been credited on your revenue return of March 4, as a refund of Fishery Protection Service. The earnings of the steamer "Druid" for similar service have been credited on your revenue return No. 4 as Dominion Steamers Revenue. Should not the former be credited to the same account?

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 25, 1893.

SIR,—The returns of the earnings of the steamer "Stanley" to the end of April have recently come to hand. These returns are signed by the purser and by your agent at Charlottetown. They should be specifically certified instead. I inclose a form. The items for passages, meals and berths are checked, but not the items for freight. Presumably this checking is done by your agent at Charlottetown. He should have the necessary papers and check the freight items also.

The deposits, though made more frequently than formerly, are seemingly not yet made as frequently as they might. In the five months 70 trips were made, the total earnings being \$10,905.50. Thirteen deposits were made by the purser at Pictou, amounting to \$5,365.95; and four deposits by your agent at Charlottetown, amounting to \$5,313.64. The balance was deposited at Ottawa. It is very desirable that some arrangement should be made, before the commencement of another season, by which a deposit may be made every time the steamer lands at Pictou.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

Agent of Department.

MARINE AND FISHERIES DEPT., OTTAWA, May 31, 1893.

SIR,—I have the honour to acknowledge receipt of your letter of the 25th instant, relative to the returns of the earnings of the steamer "Stanley," suggesting more frequent deposits, and adopting the form accompanying your communication. In reply, I have to inform you that the form has been sent the agent of this department at Charlottetown, with instructions to carry out your directions, as far as possible. I would, however, point out to you that it might be very awkward to deposit the money every trip, and that all that can be done is for the purser to do so as often as he can.

I am, sir, your obedient servant,

Re Sable Island sales.

AUDIT OFFICE, OTTAWA, June 6, 1893.

SIR,—A quantity of old stores and materials was sold by auction at Halifax, Nov. 17, 1892, realizing \$565.57. Of this amount, \$52.54 was the proceeds of the sale of hides, rope, &c., from Sable Island. Usually ponies and cranberries are sold at these sales. The proceeds of a sale of ponies in June, 1892, has come to account. The cran-

berries sold in 1890 realized \$769.84, and in 1891, \$447.30. If none were sold last fall, an explanation should be furnished of the omission.

The statement of these sales is signed by the auctioneer, but it should also be certified by the agent of your department at Halifax.

### *Re Sale of Marine Hospital, Quebec.*

AUDIT OFFICE, OTTAWA, May 23, 1893.

SIR,—I do not find that any payment has come to account during the current fiscal year in the matter of the sale of the Marine Hospital, Quebec. According to the Order in Council of May 28, 1892, a payment of \$5,200 and interest on the unpaid balance was due May 1, 1892, and a similar payment and interest May 1, 1893. I will be glad to learn what steps you have taken in the matter. I have also to ask if the provision of the agreement as to the insurance of the building has been carried out?

MARINE AND FISHERIES DEPT., OTTAWA, May 27, 1893.

SIR,—I have the honour to acknowledge receipt of your letter of the 23rd instant, inquiring in regard to the payments due in the matter of the sale of the Marine Hospital at Quebec, and in reply I am to inform you that no further payments have come to account during the current fiscal year, owing to the sale not having been formally completed, and the deed delivered. The matter is at present engaging the attention of the Department of Justice.

**Re Live Stock Inspection.**

AUDIT OFFICE, OTTAWA, May 19, 1893.

SIR,—I have, to-day, received the returns of live stock shipped from the port of Montreal to Europe during the season of 1892. Cattle, sheep, horses and swine are included in these returns, but fees have only been paid on cattle. 54-55 Vic., chap. 36 provides that the Governor in Council may establish a fee to be paid on each head of live stock shipped, &c. Does this section not indicate that fees should be paid on all live stock? I shall be glad to have your explanation of the matter.

I have also to inquire as to live stock shipped from other ports in Canada. No returns have been furnished, and nothing has come to account.

I have the honour to be, sir, your obedient servant.

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, May 25, 1893.

SIR,—I have the honour to acknowledge receipt of your letter of the 19th instant, informing me that the returns of live stock shipped from the port of Montreal during the season of 1892, for Europe, included sheep, horses and swine, but fees were only collected on the cattle: and asking whether, in view of 54-55 Victoria, chapter 36, which provides that the Governor in Council may establish a fee to be paid on each head of live stock shipped, the section does not indicate that fees should be paid on all live stock; and stating that you will be glad to have my explanation of the matter.

In reply I have to inform you that the question asked in your letter is a legal one; but for your information, I may state that the department is not of the opinion that the section referred to indicates that fees should be paid on all live stock shipped from Canada. I may add that up to the close of 1892, the only fee established by the Governor in Council in connection with the shipping of live stock from Canada to a port or place out of Canada, not being a port or place in the United States of America, or in Newfoundland, or in St. Pierre or Miquelon, or in Bermuda, or in any of the West India Islands, or in Mexico, or in South America, was a fee of two cents per head on cattle.

In regard to your statement that no returns have been furnished you for live stock shipped from other ports in Canada, I have to inform you that the department is not aware of any shipments of live stock, during last season, under the Act referred to, outside of the port of Montreal.

I have the honour to be, sir, your obedient servant,

WM. SMITH, D.M.M. &amp; F.

The Auditor General.

**Re Collectors giving Security.**

MARINE AND FISHERIES DEPT., OTTAWA, Oct. 21, 1893.

SIR,—With reference to your letter of the 13th of May, 1891, relating to the Order in Council passed in August, 1869, which provides in general terms that "every person collecting or receiving revenue in cash to be by him paid over to the Receiver General

must give security," and stating that you wrote to the Treasury Board on this subject on the 21st of May, 1890, I have to request you to inform me whether all persons receiving money whether as fees or in any other way, part or whole of which must be paid to the Receiver General, should give bonds.

I am, sir, your obedient servant,

WM. SMITH, *D.M.M. & F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, October 31, 1893.

SIR,—I am in receipt of your letter of the 21st inst., asking for information in reference to collectors' security. I have to state in reply that I have no further information on the subject since my letter to you of May 13, 1891. Might I suggest that you should apply direct to the Treasury Board?

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

### Queen vs. Vessel "Davy Crockett."

AUDIT OFFICE, OTTAWA, February 14, 1893.

SIR,—The Department of Marine and Fisheries has deposited in the Bank of Montreal here \$1,496.25, the amount of two drafts of the Merchants' Bank of Halifax. In your letter of Oct. 19, 1892, transmitting these drafts to the department, a copy of which has been furnished this office, it is stated that they are the amount of \$1,500 which has been furnished in settlement of suit. There is no explanation paid by the owners of the above vessel in settlement of suit. Instead of the shortage of \$3.75, and no doubt it is the Bank's charge for commission. Instead of buying a draft payable at Ottawa at a cost of \$3.75, your agent should have deposited the amount to the credit of the Receiver General in the Merchants' Bank of Halifax, and forwarded the receipts.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Justice.

---

DEPARTMENT OF JUSTICE, OTTAWA, February 27, 1893.

SIR,—Referring to your letter of the 14th instant, I have the honour to send you herewith copy of a letter received from the agent of the Minister of Justice at Charlottetown, P.E.I., to whom I wrote on the subject after receiving your letter.

Your obedient servant,

A. POWER, *Actg. D.M.J.*

The Auditor General.

CHARLOTTETOWN, February 22, 1893.

SIR,—Your letter of the 17th instant is just to hand in this matter. The shortage in the money forwarded in this was the bank commission. We had no intimation up till now as to the best mode of forwarding money paid us. I will in future deposit all moneys paid us on account of the Dominion Government in the bank to the credit of the Receiver General. I presume this will apply to fines or any money received by us in any proceeding on behalf of the Government.

Yours truly,

NEIL McLEOD.

The Deputy Minister of Justice.

### *Re Lighthouse and Coast Service.*

AUDIT OFFICE, OTTAWA, February 9, 1893.

SIR,—I have to ask that the returns covering the signal dues collected by the Collector of Customs at Halifax may be furnished regularly to this office commencing from July 1 last ; also a copy of the regulations governing these dues.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Commissioner of Customs.

### *Re Examination of Masters and Mates.*

AUDIT OFFICE, OTTAWA, February 13, 1893.

SIR,—I have to ask for a list of certificates issued to masters and mates of sea-going vessels subsequent to August 1, 1892, and a list of certificates issued to masters and mates of coasting and inland vessels for the month of July.

Please let me know when the fees for the following certificates came to account :—

Sept. 23, No. 1037 : Geo. Martin.....	\$4 00
W. C. Seaton, examiner.	
Sept. 15, No. 2991 : H. Paxton.....	4 00
James Gaudin, examiner.	
Oct. 22, No. 3000 : J. F. Calbick.....	4 00
M. P. McElhinney, examiner.	

Is there any reason why the examiners cannot enter the No. of the certificate issued on their returns?

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

AUDIT OFFICE, OTTAWA, March 10, 1893.

SIR,—I am returning herewith the papers in connection with return of W. H. Smith for February, 1892, and the returns of Wm. McIlwain for June, 1890, and May, 1891.

You will, of course, forward to the Receiver General with your next return of bank receipts, the deposit receipt and draft attached to Mr. Smith's letter. It will also be necessary to add the names covered by the deposit to a return of Mr. Smith's for the current year.

## Auditor General's Report, 1892-93.

I also inclose Mr. McIlwain's return for May, 1891. His return for June, 1890, was sent back to your department on February 2 last.

The facts now disclosed are evidence, if any was needed, of the necessity of having the returns of all collecting officers compared with the lists of certificates issued, and the certificate of the examining officer in your department, that such has been done, should be affixed to each return. And all lists of certificates issued should be forwarded regularly with the returns of the collecting officers to this office. When they are delayed, as it has happened, till months after the close of the financial year, it is impracticable to have them properly examined, owing to the pressure of work in preparing the annual Report for Parliament.

I have the honour to be, sir, your obedient servant,

J. L. McDUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, March 14, 1893.

SIR,—In reply to your letter of the 10th instant, relative to Captain Smith's return for February, 1892, I have to inform you that a supplementary statement will be sent in.

I have also to state that for convenience in auditing, directions have been given to furnish you with monthly statements of the certificates issued to masters and mates and engineers of steamboats, to be accompanied with statements from the examiners, of the fees paid in by them to the credit of the Receiver General. I have also to add that the returns of all collecting officers, controlled by this department, are compared with the list of certificates issued by the department.

I am, sir, your most obedient servant,

WM. SMITH, D.M.M. & F.

The Auditor General.

MARINE AND FISHERIES DEPT., OTTAWA, December 14, 1893.

SIR,—I have to acknowledge your letter of the 12th instant referring to yours of October 6 last asking for a statement of all arrears due this department on June 30 last. In reply, I have to inform you that steps were taken to ascertain what would be a fair charge for rent of the Government wharf at Goderich for 1892-93. The information was obtained by a careful inquiry, from disinterested parties, by the Collector of Customs at Goderich, and has only recently reached this department.

The sum considered due by Mr. Dymont for the year 1892, rent of section A and B, is \$350, and Mr. Dymont has been requested to pay the sum. Inquiries have been made respecting the case in the court against Mr. Dymont under an old lease, but the matter has not yet been brought to trial, so far as the department has learned.

The department has made certain claims, amounting in all to \$1,753.05, from steamboat companies in Quebec for the use of certain wharfs. Upon the claims having been disputed, the matter was placed in the hands of the Justice Department for collection, and that department gave instructions to sue. The result is not yet known.

I am, sir, your obedient servant,

WM. SMITH, D.M.M. & F.

The Auditor General.

In regard to the sale of the marine hospital at Quebec, I have to say that the case was referred to the Justice Department, and am informed will soon be settled.

WM. SMITH.

### Refunds of Fishery Revenue.

AUDIT OFFICE, OTTAWA, February 8, 1893.

SIR,—In the accounts for the year 1891-92 I find that refunds of revenue were made to the amount of \$2,287.16. Of this amount cheques were issued in favour of Agent T. H. Elliott for \$300, and John Jeacle for \$26, and no vouchers furnished showing to whom these amount were repaid by them. All cheques should be made payable to the persons entitled to payment. The following cheques have not yet been furnished :—

3745 Wm. Lynd.....	\$1 62
3762 Joseph Cyr.....	4 20
3764 Joseph Landry.....	2 85
3765 Juvenal Allain.....	3 09
3768 Jean Côté.....	2 88
3771 H. Thibodeau.....	2 88
3779 Jas. O. Paulin.....	2 88
3781 John McKay.....	2 25
3811 H. Chamberlain.....	4 50

Please let me know under what authority these refunds are made. If made under authority of Orders in Council in accordance with chap. 29, sec. 78, Revised Statutes, the orders should be furnished to this office. In order to audit these refunds it is necessary that the department should furnish a monthly statement, showing the date of payment, No. of cheque, name of person entitled to the refund, the amount, name of agent to whom the payment was made and the date of his return on which it appears.

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

MARINE AND FISHERIES DEPT., OTTAWA, February 28, 1893.

SIR,—In answer to your letter of 8th instant, *re* refunds of Fisheries Revenue, I am to inform you that cheque No. 3741 in favour of T. H. Elliott for \$300, was for return of money to—

Jas. Glanville.....	\$100, paid	5th May, 1892.
Wm. Purvis, jr.....	50 “	20th July “

N. Graham.....	2	T. H. Scovill.....	2
Ford Austin.....	2	R. Morris.....	2
Geo. Bolton.....	2	J. Perkins.....	2
Patk. Donohoe.....	2		

of which amounts \$2 for J. F. Graham was paid on 4th November, 1892, and \$24 on the 11th November, 1892.

With reference to the cheques which you state have not been furnished, I am to inform you that cheques Nos. 3762, 3764, 3765, 3771, 3779 and 3781 have been paid by the bank and sent to your department, while cheques Nos. 3745, 3768 and 3811 have not yet been received from bank.

The cheques charged against Fisheries Revenue are for the repayment of money sent with applications for licenses. In the event of the department refusing to grant such license, the money which has been deposited to the credit of the Receiver General has to be returned. In these cases a cheque is drawn.

# Auditor General's Report, 1892-93.

A statement of cheques charged against Fisheries Revenue will be sent you every month as desired.

I am, sir, your obedient servant,

The Auditor General.

WM. SMITH. *D.M.M. & F.*

## *Re Fisheries Revenue.*

AUDIT OFFICE, OTTAWA, February 14, 1893.

SIR,—The agents' returns for November last reached this office a few days ago. So far, no lists of licenses issued have been furnished for the present fiscal year. They are needed to audit the agents' returns. Is there any reason why these lists cannot be forwarded with the agents' returns?

I have to ask that the lists in arrears may be furnished as soon as possible, and directions given to have them sent forward promptly each month in the future.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

AUDIT OFFICE, OTTAWA, February 21, 1893.

SIR,—Please let me know when the following amounts came to account: \$2.64, part of J. A. Belyea's return for June transmitted by D. Marrow, and \$65, part of A. McQueen's return for June.

The following amounts have come to account, for which no returns have been furnished:—

Jas. Hickson—July.....	\$308 72
D. E. Basted—October.....	5 00
Geo. S. Miller do .....	10 00
J. D. McQueen do .....	3 00

Many of the returns furnished do not enter the date of receipt, and several—especially those who report to inspectors—do not observe the regulations as to prompt remittance. The practice seems to be to remit only after the close of each month.

In C. Wilmot's return for June, \$3.25 is deducted for discount on cheques. Licensees remitting to inspectors should do so by bank draft, or if by cheque, add the discount.

I wrote you previously asking for the lists of licenses issued.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

AUDIT OFFICE, OTTAWA, April 18, 1893.

SIR,—Lists have been received of the licenses issued for the provinces of Ontario, Quebec, New Brunswick, Nova Scotia and Prince Edward Island, but none for the provinces of Manitoba, North-west Territories and British Columbia.

These lists should be signed by yourself and the officer in charge of the issue.

Any licenses returned by inspectors should be furnished, with corresponding list.

Lists should be made up in consecutive order. If a form has been spoiled, or for any other reason has not been issued, a memo. to that effect should be made opposite to its number on the list, and the spoiled form furnished. The following numbers have been omitted from the list for Ontario: Seine and pound-nets Nos. 370 and 375; gill-nets Nos. 845, 846, 933, 996 and 997. Please explain the omissions.

Would it not be advisable to have printed consecutive numbers for each class of license?

Agents should put a memo. of all licenses on hand on the monthly return.

The receipts of the agent at Gaspé were: in July, \$124.50; in August, \$31.40, and in September, \$28.40. The deposits in acquittance were: November 12, \$146.60, and December 7, \$37.70. Why so great delay?

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, June 22, 1893.

SIR,—I have the honour to request that you will be pleased to transfer the sum of \$1,300 deposited by William Parker, of Sandwich, Ont., which is included in the March statement, deposit receipt No 31, from Fisheries Revenue and placed as a refund to Fish-Breeding Expenditure for the current fiscal year.

I have the honour to be, sir, your obedient servant,

WM. SMITH, *D.M.M. & F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, June 30, 1893.

SIR,—I have your letter of the 22nd instant, asking for a transfer of \$1,300 deposited by William Parker, of Sandwich, Ont., from Fisheries Revenue to the credit of Fish-Breeding Expenditure. As no explanations were furnished, I held the application pending the receipt of the March returns. These have since come to hand, but no particulars are furnished of this deposit. On examining the expenditure against Fish-Breeding, I do not find that any such amount was advanced to Mr. Parker. Please send me the papers showing the purpose for which this deposit was made, and I shall be glad to know the grounds upon which you ask to have it transferred.

I have the honour to be, sir, your obedient servant,

JOHN GORMAN, *for A.G.*

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES DEPT., OTTAWA, July 4, 1893.

SIR,—In reply to your letter of 30th ultimo, I have the honour to inform you that the sum of \$1,300 which it is proposed to transfer from Fisheries Revenue to the credit of Fish-Breeding Expenditure, represents the proceeds derived from the sale of fish captured by the department's nets, when procuring ova for the Sandwich Hatchery, and as the cost of taking these fish was charged to the appropriation for fish breeding, it is considered that any amount arising from the sale of the fish should be properly credited to this vote.

I have the honour to be, sir, your obedient servant,

WM. SMITH, *D.M.M. & F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, July 7, 1893.

SIR,—I am in receipt of your letter of July 4, in reference to your application for a transfer of \$1,300 from Fisheries Revenue to the credit of Fish-Breeding Expenditure. This amount you state is the proceeds of the sale of fish captured by the department's nets when procuring ova for the Sandwich hatchery.

## Auditor General's Report, 1892-93.

---

Though there is no specific provision fixing what receipts shall be treated as refunds of expenditure, yet sec. 48, chap. 29, R.S., seems to provide that a grant of Parliament shall not be supplemented from any other source. Hence the general practice has been to treat as refunds of expenditure only the following classes of receipts : (a) unexpended balances of advances made during the year ; (b) refunds of overpayments charged during the year ; and (c) proceeds of the sale of articles or materials paid for out of the vote for the year. The earnings of certain steamers have been treated as refunds, as it was urged that the work was done for another department, was not contemplated when the vote was granted, and that the expenditure was increased on account of having to do the work.

As to the item now under consideration it does seem to me that it should be treated like sales of trout fry, &c., and remain as it is at the credit of Fisheries Revenue.

You omitted sending the papers and vouchers in reference to the sale.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

---

MARINE AND FISHERIES, DEPT., OTTAWA, July 21, 1893.

SIR,—In reply to your letter of the 17th instant, explaining at further length your objection to making a transfer entry for \$1,300, from Fisheries Revenue to Fish-Breeding Expenditure, I have the honour to state that although I am of opinion that my request for the transfer in question is a reasonable one, I shall not press the matter in view of the objections you have raised. The amount may therefore remain at the credit of Fisheries Revenue.

I have the honour to be, sir, your obedient servant,

WM. SMITH, D.M. M. & F.

The Auditor General.

---

AUDIT OFFICE, OTTAWA, August 3, 1893.

SIR,—The last revenue return with bank receipts that has come to account for credit of Fisheries Revenue reached this office on May 22, and included the receipts for April. The agents' returns corresponding have not been furnished. I have to request you to give instructions that all bank receipts appertaining to the revenue of 1892-93 may be sent forward at once ; and the agents' returns corresponding as soon as possible. When the bank receipts are not promptly forwarded each month, extra trouble arises in adjusting the bank accounts ; and when the agents' returns are not forwarded the auditing is delayed.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

AUDIT OFFICE, OTTAWA, June 16, 1893.

SIR,—To comply with the regulations adopted by the Treasury Board in reference to the audit of revenue accounts, a certified departmental summary should accompany the returns of your agents or officers when sending them to this office. I inclose a form for returns of sales at Experimental Farms, and a form for returns of cattle inspection, also a form of certificate to be entered on the return of seed grain mortgages furnished by Dominion Lands Commissioner.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Agriculture.

DEPARTMENT OF AGRICULTURE, OTTAWA, June 21, 1893.

SIR,—I have to acknowledge your letter of the 16th inst., inclosing draft copies of forms showing the mode in which you desire certificates to be attached to revenue accounts. These will be followed as closely as possible.

I have the honour to be, sir, your obedient servant,

JOHN LOWE, Dep. M.A.

The Auditor General.

DEPARTMENT OF AGRICULTURE.

SALES AT EXPERIMENTAL FARMS.

SUMMARY of Returns forwarded to Audit Office, \_\_\_\_\_ 189—.

Name of Farm.	Period covered.	Amount.

I certify that Returns have been received for each month of the present fiscal year up to and inclusive of the month of \_\_\_\_\_ from all the Experimental Farms, with the exception of those noted above; that these Returns have been examined and certified by the Director of Experimental Farms, and are correct.

## DEPARTMENT OF AGRICULTURE.

### SEED GRAIN MORTGAGES.

Form of certificate by the Deputy Minister of Agriculture and the Accountant, to be made on the Return of the Commissioner of Dominion Lands, Winnipeg:—

I certify that this Return has been examined in this Department, compared with the counterfoils of receipts issued and with the ledger of seed grain mortgages kept in this Department, and entered up therein; and that the amounts collected were the amounts which should have been collected.

Accountant.

Deputy Minister Agriculture.

### Re Arrears Due.

AUDIT OFFICE, OTTAWA, October 6, 1893.

SIR,—I have to ask for a detailed statement of all arrears due to your department on the 30th June last, which have not yet been satisfied: (1) by collecting officers; (2) by disbursing officers; (3) by persons not Government officers.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Agriculture.

AUDIT OFFICE, OTTAWA, December 12, 1893.

SIR,—I have had no reply to my letter of October 6 last, asking for a statement of all arrears due to your department.

I have to request your earliest attention to this matter. This statement is needed for my report which cannot be delayed, and if the statement is not to hand when I am sending the accounts and correspondence of your department to the Queen's Printer, I shall be obliged to publish this and my letter of October 6.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Agriculture.

## Re Sale of Vernon Drill Shed.

AUDIT OFFICE, OTTAWA, March 28, 1893.

SIR,—I am returning herewith the account of Mr. I. B. Tackaberry, auctioneer, received with your letter of the 22nd inst. Please have it certified by the proper departmental officer as to the following points: that the sale was duly advertised and held in a public place; that the auctioneer's charges are fair and just; that the above statement is correct in every particular. The auctioneer's charge of \$25 for conducting the sale would seem to call for some explanation.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia and Defence.

## Auditor General's Report, 1892-93.

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, May 22, 1893.

SIR,—In reply to your communication of the 28th March last, concerning the sale of the Vernon Drill Shed, I have the honour to inclose to you, herewith, a statement signed by I. B. Tackaberry the 9th June, 1892; a report from Lieut.-Colonel B. Van Straubenzie, D.A.G., dated 18th April, 1893, and a letter from I. B. Tackaberry, of 19th of the same month.

I understand that the 25 large posters which were sent from this office to the Deputy Adjutant-General to advertise the same have been regularly put up some two weeks before the date of the sale.

I have the honour to be, sir, your obedient servant,

B. SULTE, *Acty. D.M.M. & D.*

The Auditor General.

BRIGADE OFFICE, KINGSTON, April 18, 1893.

Full instructions for Mr. Tackaberry's information and guidance in *re* sale of drill shed, Vernon, were forwarded to him on the 16th May last with orders to adhere to them in every particular. Posters were also forwarded. On the 9th August last statement of sale with cheque for \$66 was transmitted to headquarters. Letter from Mr. Tackaberry in regard to charge of \$25 is herewith attached.

B. VAN STRAUBENZIE, *D.A.G., Lt.-Col.*

The Adjutant General.

OTTAWA, April 19, 1893.

DEAR SIR,—Yours of the 18th *re* sale of Vernon drill shed received. Immediately after the above sale I rendered a statement with inclosed receipts and advertising and other expenses to the Militia Department, which was accepted by them as satisfactory. About six weeks ago they communicated with me with reference to the above statement which had been mislaid or lost, asking for another statement, and inclosing a declaration with reference to the sale and expenses. The declaration I signed and inclosed with another statement, which Capt. Benoit said was perfectly satisfactory. With reference to my charges of \$25, I may say that my charges in going out of the city is \$50, but taking into consideration the small amount realized in this case, I made a concession of one-half.

Believe me respectfully yours,

I. B. TACKABERRY.

Lt.-Col. VAN STRAUBENZIE, D.A.G.

### *Re* Miscellaneous Revenue.

AUDIT OFFICE, OTTAWA, April 24, 1893.

SIR,—I am returning herewith, for the certificate of the proper departmental officer, the auctioneer's statement of the sale of a horse belonging to the Cavalry School, Quebec.

In future please forward all revenue vouchers and returns direct to this office with accompanying statement. Only the bank receipts and drafts and a statement of them should be sent to the Receiver General.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, May 3, 1893.

SIR, I have the honour to return to you, herewith, papers and certificate concerning the horse " Antelope " which was sold by auction in March last.

I have the honour to be, sir, your obedient servant,

B. SULTE, *Acting D.M.M. & D.*

The Auditor General.

### *Re Militia Revenue.*

AUDIT OFFICE, OTTAWA, May 29, 1893.

SIR,—I have again to point out that you have not yet commenced to furnish the vouchers and certificates asked for in my letter of March 7, 1889.

The return of the Director of Stores as now furnished is incomplete, and not specifically certified; and the requisitions are not furnished. The return of rents is not specifically certified, the counterfoils of receipts issued are not furnished, nor any departmental summary of miscellaneous receipts. The returns of the Royal Military College are not specifically certified and the counterfoils are not furnished.

If any difficulty is found in complying with the requirements of my letter, I shall be glad to discuss the matter with you. I have deemed it advisable to write you again before submitting the correspondence to the Treasury Board.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Militia and Defence.

### *Re Sale of Condemned Stores.*

AUDIT OFFICE, OTTAWA, June 7, 1893.

SIR,—On the returns of the Director of Stores for the current year there appear the following items, the proceeds of sales of condemned stores:—

D.R. 1505, Aug. 23—	I. B. Tackaberry, Ottawa.....	\$ 95 40
do 652, Nov. 21—	Lt.-Col. M. D. Dawson, London ...	115 85
do do 19—	Lt.-Col. Peebles, Winnipeg.....	189 59
do 8263 do 24—	C. M. Henderson, Toronto .....	58 00
do 8264 do 24—	do do .....	74 80
do 179, Dec. 13—	A. J. Armstrong, St. John, N.B....	19 56

No deposit receipts have been forwarded to the Receiver General covering these amounts, nor have the detailed statements and vouchers been furnished to this office. According to the returns these deposit receipts seem to have been received by your department shortly after their date. If so, they should have been forwarded to the Receiver General on the next revenue return succeeding their receipt. Your attention is requested.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Militia and Defence.

AUDIT OFFICE, OTTAWA, July 3, 1893.

SIR,—I wrote you on June 7, calling your attention to the fact that no deposit receipts nor vouchers had come to account for proceeds of sales of condemned stores made in August, November and December last. As I have had no reply to my letter,

## Auditor General's Report, 1892-93.

and neither the deposits nor the vouchers have yet been received, I have to inquire if my letter reached you. The bank returns indicate that the deposits in question were made, and an explanation should be given why they have not been forwarded. As the fiscal year to which they belong is now closed, there is additional reason why these receipts should come to account, and I have to request your early attention to the matter.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia and Defence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, July 7, 1893.

SIR,—With reference to your letters of the 7th ult. and 4th inst., I have the honour to inclose herewith account sales of condemned stores from the following auctioneers, viz. :—

I. B. Tackaberry, Ottawa	\$ 95 40
Neil Cooper, London	115 85
C. F. Hill, Winnipeg	189 50
C. M. Henderson, Toronto	58 00
do do	74 80
St. John, N.B.	19 58

Some of the account sales had to be returned to the Superintendents of Stores for explanations, which caused delay. The deposit receipts for the proceeds of the account sales as above detailed, have been forwarded to the Department of Finance.

I have the honour to be, sir, your obedient servant,

C. EUG. PANET, D.M.M. & D.

The Auditor General.

OTTAWA, July 6, 1893.

*Memorandum.*—A large proportion of the condemned stores sold by public auction, were returned from the Permanent Corps, having been reported upon by the several Boards of Survey as unserviceable and useless from wear and tear in the service. This will account in many instances, for the small amounts received from their sale by auction.

J. MACPHERSON, Lt.-Col., D. of S.

AUDIT OFFICE, OTTAWA, July 10, 1893.

SIR,—I am in receipt of your letter of the 7th instant, inclosing statements and vouchers *re* sales of condemned stores. I am now returning all the bills for advertising, as they have not been certified by the Queen's Printer. The bills at Ottawa and Winnipeg invite criticism, being so much larger than the others. Were definite instructions given the auctioneers as to number of insertions, &c. ?

I have again to call your attention to the different rates of commission charged. On the sale at Ottawa consisting of 30 lots of tents and realizing \$128.50, 10 per cent was charged. On the sale at London consisting of 104 lots and realizing \$138.85, 10 per cent was charged and \$3.12 additional for extra time. On the other sales three of which realized less and one more, only 5 per cent was charged.

It would be in compliance with the Statute and much more satisfactory were auctioneers to deposit the gross amount of these sales. When the bills for advertising and commission were received and approved in the department, they could be paid through the ordinary letter of credit, and made a charge against revenue.

The departmental stamp on all but one of the bank receipts shows that they were received shortly after the date of the respective sales. Their retention in your department has occasioned considerable correspondence, and extra trouble both in this office and the Finance Department in connection with the adjustment of the bank accounts. I understand that part of the delay arose from your requiring information from the officials through whom the sales were caused to be made. Even when you require explanations under similar circumstances in the future, be good enough not to delay the forwarding of the bank receipts.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, August 3, 1893.

SIR,—Adverting to your letter of the 10th July, 1893, I have the honour to return to you, herewith, vouchers concerning the sale of condemned stores now duly certified by the Queen's Printer.

I have the honour to be, sir, your obedient servant,

C. EUG. PANET, D.M.M. & D.

The Auditor General.

### Re Sale of Old Drill Shed Sites.

AUDIT OFFICE, OTTAWA, June 9, 1893.

SIR,—Lt.-Col. D'Orsonnens states in his letter of Dec. 9, 1892, a copy of which has been furnished to this office, that he transmits a report of Mr. Wilbrod Thibault, B.Sc., on the sale of the sites of the old drill sheds at Abercorn and Sutton. The former was sold to H. H. Barnes for \$75, which was paid; the latter to E. A. Dyer, M.P., for \$100, which was not paid, and the matter was left in abeyance by order. The bailiff retained \$14 for commission, and the balance of the \$75 was deposited to the credit of the Receiver General. There is a memo. on the copy of the letter to the effect that the sale was authorized by Order in Council of May 28, 1892; but I have not received a copy of the Order. Please let me have Mr. Thibault's report and the receipted account of the bailiff. I have also to inquire if this sale was advertised, and if the Sutton site has since been paid for?

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, July 7, 1893.

SIR,—In reply to your letter of the 9th ultimo, respecting the sales of the sites and debris of the old drill sheds at Abercorn and Sutton, I have the honour to furnish, as requested, the following particulars relating to the Sutton property:—

1. Mr. E. A. Dyer has not yet paid the \$100 purchase money. Steps are being taken to enforce payment.

2. This payment was for the debris of the building only. After the Order in Council of the 28th May, 1892, was passed, for the disposal of these old drill sheds and their sites, it was found that, in the case of the Sutton drill shed, the land had been given by the municipality for use as a drill shed (in addition to a money contribution, the Municipal Council having gone to an expense of some \$1,100 in connection with the two buildings, at Abercorn and Sutton); and, upon the application of the Municipal Council, an Order in Council was passed on the 31st October, 1892, granting the site of the Sutton shed to the municipality again.

## Auditor General's Report, 1892-93.

3. The auction sales were advertised by printed posters (supplied in blank by this department, with spaces for filling in places and dates) posted up in the locality and neighbourhood. This department does not incur the expense of newspaper advertising in such cases; the expense would often exceed the amount realized from the sale.

4. A copy of the Order in Council of 28th May, 1892, is inclosed, as requested. The second Order in Council, of 31st October, 1892, amends it only in transferring the site of the Sutton shed to the municipality, as above mentioned.

5. Mr. Thibault's report and certificates are herewith forwarded to you, as requested.

I have the honour to be, sir, your obedient servant,

C. EUG. PANET, *D.M.M. & D.*

The Auditor General.

---

DEPT. OF MILITIA AND DEFENCE, OTTAWA, December 22, 1893.

SIR,—In reply to your inquiry I have the honour to state that the site upon which the drill shed at Sutton had stood some time ago, was sold by public auction to Eugene A. Dyer, Esq., M.P., but before Mr. Dyer had paid the purchase money, it was found that the property belonged to the Sutton municipality, and therefore the department handed it over to the latter party, when Mr. Dyer agreed to that arrangement.

I have the honour to be, sir, your obedient servant,

C. EUG. PANET, *D.M.M. & D.*

The Auditor General.

### *Re Arrears Due.*

---

AUDIT OFFICE, OTTAWA, February 9, 1893.

SIR,—I am without any reply to my letter of September 20 last in reference to the arrears due by the late paymaster DeBellefeuille and the estate of Beaudet & Chinic.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Militia.

---

AUDIT OFFICE, OTTAWA, May 27, 1893.

SIR,—I wrote you September 20, 1892, asking if anything had been recovered on account of the balance against the late paymaster DeBellefeuille; also in reference to balance due by the estate of Beaudet & Chinic which was guaranteed by Major Prévost.

I have had no reply, and I have again to request your attention to the matter.

I observe by an item in this year's revenue that a final dividend has been paid by the estate of Beaudet & Chinic. As nothing more can be expected from that source I should be glad to know what action you are taking to secure payment of the balance from Major Prévost.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Militia.

---

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 16, 1893.

SIR,—Adverting to your letter of the 5th January, 1891, and to the first part of your letter of the 27th ultimo, respecting the balance against the late paymaster

DeBellefeuille, I have the honour to inform you that, as previously stated, the matter is in the hands of the Department of Justice. The attention of that department has been drawn to the subject, and to your request for information how the legal action therein progresses.

I have the honour to be, sir, your obedient servant,

B. SULTE, *Acting D.M.M. & D.*

The Auditor General.

P.S.—The latter part of your letter of the 27th ultimo, respecting the Beaudet & Chinic estate, forms in this department a separate correspondence (docket A 8307). You will be communicated with shortly in reply.

AUDIT OFFICE, OTTAWA, July 10, 1893.

SIR,—Referring to your letter of Nov. 8, 1892, inclosing a statement of arrears due for military rents, I have to inquire what action has since been taken towards collecting these arrears. You stated that the following claims had been transferred to the Department of Justice for collection in December, 1890:—J. B. Mills, Annapolis, \$854.68; Rev. D. Anderson, Quebec, \$135; Widow M. Simpson, Lévis, \$72; Widow Paquet, Lévis, \$25; M. Vachon, Lévis, \$24. Please let me know the result. Are these tenants still in possession of the properties?

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, October 6, 1893.

SIR,—I have to ask for a detailed statement of all arrears due to your department on the 30th June last, which have not yet been satisfied: (1) by collecting officers; (2) by disbursing officers; (3) by persons not Government officers.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Militia and Defence.

AUDIT OFFICE, OTTAWA, December 12, 1893.

SIR,—I have had no reply to my letter of October 6 last asking for a statement of all arrears due to your department.

I have to request your earliest attention to this matter. This statement is needed for my report which cannot be delayed, and if the statement is not to hand when I am sending the accounts and correspondence of your department to the Queen's Printer, I shall be obliged to publish this and my letter of October 6.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Militia and Defence.

**Re Non-payment for Bill Stamps.**

AUDIT OFFICE, OTTAWA, May 19, 1893.

SIR,—Referring to the previous correspondence in respect to a claim of the Department of Inland Revenue of \$160 against Judge Macleod, N.W.T., for bill stamps forwarded to him in 1881, I have now to inquire what, if any, disposition has since been made of the matter,

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Justice.

DEPT. OF JUSTICE, OTTAWA, May 29, 1893.

SIR,—In reply to your letter of 19th inst., I have the honour to inform you that I have written to Mr. Justice Macleod, advising him that unless the account is paid, legal proceedings will have to be taken.

Your obedient, &c.,

E. L. NEWCOMBE, *D.M.J.*

The Auditor General.

**Re Arrears due.**

AUDIT OFFICE, OTTAWA, Oct 6, 1893.

SIR,—I have to ask for a detailed statement of all arrears due to your department on June 30 last, which have not yet been satisfied: (1) by collecting officers; (2) by disbursing officers; (3) by persons not Government officers.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Justice.

AUDIT OFFICE, OTTAWA, December 12, 1893.

SIR,—I have had no reply to my letter of October 6 last, asking for a statement of all arrears due to your department; and I have to request your earliest attention to this matter. This statement is needed for my report, which cannot be delayed, and if the statement is not to hand when I am sending the accounts and correspondence of your department to the Queen's Printer, I shall be obliged to publish this and my letter of October 6.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Justice.

AUDIT OFFICE, OTTAWA, December 14, 1892.

SIR,—I have the statements of arrears for speeches and publications and for voters' lists.

I would suggest that each of the debtors be at once notified that immediate payment of the claim against him is required. I am not aware that there is an authority for giving credit for the price of Government property. It appears to me that you should receive payment before the delivery of the goods. If there is an express office where the purchaser lives, the parcel may be sent C.O.D. If there is not, there seems to be no way to meet the case except by giving notice when the order is received that it will be filed as soon as payment is made.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.C.

The Queen's Printer.

DEPT. OF PUBLIC PRINTING AND STATIONERY,

OTTAWA, December 15, 1892.

SIR,—I have the honour to acknowledge the receipt of your letter dated December 14 and would remark that so manifest a duty as that of sending bills and requesting payment more than once has naturally suggested itself to me already, and that I shall most certainly continue to press for payment until these accounts are settled.

The question you raise as to my authority to deliver publications before payment is answered by the Order in Council of May 19, 1886, where it is contemplated that I shall send out publications on credit to certain persons. The object is that the public documents shall be readily accessible at a low rate—just the cost of paper and press-work. To carry out this idea the publications go free by mail. When a letter is received from a person quite unknown, and no pressing reason appears, I have been in the habit of writing and asking for a remittance, and very many applications are so treated; but when an official person or a member of Parliament, or a bookseller of good standing applies by letter or by telegraph it has been the custom to supply the publications by post free and send the bill with request for payment.

You will readily see that to do otherwise would entail a great public inconvenience. These documents are not printed primarily for sale, but for the information of Parliament; and another chief object is that the information should be easily accessible to the public at the lowest rate. If, then, a document—say the Trade and Navigation Report, costing 45 cents, be telegraphed or written for and I send it by express C.O.D. as you suggest, it will cost at least 25 cents for the freight plus 25 cents more for collection and the time taken in transmission would perhaps defeat the object for which the publication was required. Apply the rule to places so far away as Nova Scotia or the far West and the one main object of these publications would be defeated.

A glance at the list I had the honour to furnish at your request will show that the amounts outstanding are very few if members of Parliament be omitted. The only item of any amount is that of Mr. Periard, a bookseller, who happened to die the day before the draft fell due; this will no doubt be paid by his estate. Since I have been Queen's Printer I have been drawing the lines as close as, in my humble opinion, they can be drawn in the public interest; and I have even adopted the plan so universal in business of depositing in the bank drafts for collection on all business firms who do not pay promptly for publications sent, and in this way I have collected many items which would have fallen into arrear. The Treasury Board, if you submit this letter, will no doubt take order upon it if it be deemed desirable, but I would most earnestly deprecate any hard and fast rule which would place the Government in antagonism with every intelligent person who may require to use these documents. The knowledge that outstanding accounts are liable to appear in your annual report would seem to be a check sufficient in the public interest. The loss of a few blue books more or less which in any case have to be printed and distributed would not, in my humble opinion, justify such extreme measures as you suggest.

## Auditor General's Report, 1892-93.

The matter of distribution is a difficult one to settle by a universal rule, and, in any case, I shall continue to endeavour to prevent any abuses until the freedom of judgment which I now undoubtedly possess under the Order in Council of May 19, 1886—of which I beg to inclose a copy—is revoked.

I have the honour to be, sir, your obedient servant,

S. E. DAWSON, *Queen's Printer, &c.*

The Auditor General.

On a memorandum dated 19th May, 1886, from the Secretary of State, representing that certain printed public documents are about to be transferred to the Queen's Printer for sale and that others will probably be transferred for a like purpose, from time to time and it is therefore expedient that a basis should be settled for fixing the prices at which such Government publications may be sold.

The Minister observes that following the rule generally acted on in England, it is recommended that the actual cost of production of the ordinary annual reports, etc., be charged, less the composition or type-setting (which is of necessity done for Government or Parliamentary use). For special reports or those of unusual value the full cost, including composition, might properly be charged, and this rule should also be followed in any case in which the demand is so great as to call for a second edition.

That in all cases  $33\frac{1}{3}$  per cent should be added to the prices thus ascertained, so that a trade discount of 25 per cent may be allowed to those purchasing to sell again.

The Minister, in order to enable the public to procure these publications more easily, recommends that he be authorized to appoint one or more booksellers, in each of the provincial capitals and great cities, who will be from time to time supplied with newly issued publications and price lists, to enable them to advertise and dispose of the same.

The Committee submit the same for Your Excellency's approval.

JOHN J. MCGEE, *C.P.C.*

To the Honourable  
The Secretary of State.

AUDIT OFFICE, OTTAWA, December 17, 1892.

SIR,—Before answering your letter of the 15th instant in reply to mine of the previous day, regarding the terms on which, in my opinion, publications and voters' lists should be disposed of, I should be glad to know whether you have any objection to my suggestion as far as the voters' lists are concerned, your remarks having been confined to the question of the sale of publications.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Queen's Printer, &c.

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, December 17, 1892.

SIR,—The sale of voters' lists brings up one of the most difficult questions I have to deal with, viz., the fact that they are mainly sent out on orders from members of Parliament and at times when a contest is going on requiring the greatest despatch. Most of them are by telegraph. If I delay the delivery until the price is paid I should have some very strong order of the Treasury Board to fall back upon.

As I write it occurs to me to suggest that the best way to settle this matter is to throw the sale upon the revising officers. The revising barristers are independent

officers—they already act as agents for the sale of voters' lists and account to you and you have always money in hand to make deductions from. If the Treasury Board see fit an order might be passed something in this strain :

“ That, in order to place the voters' lists within the easiest possible reach of those concerned, it is expedient that the sale be entrusted chiefly to the revising officers and that the Queen's Printer send to them a larger number than at present so that there may always be a sufficient supply available in each locality. The sales made by revising officers to be accounted for to the Auditor General as heretofore.

“ That, excepting the copies thus sent to the revising officers for sale, the Queen's Printer shall not deliver voters' lists to any person whoever save upon payment of the authorized price.”

This change should, I think, be prospective and be made widely known.

I have the honour to be, sir, your obedient servant,

S. E. DAWSON, *Queen's Printer, &c.*

The Auditor General.

### *Re Waste Paper.*

AUDIT OFFICE, OTTAWA, May 29, 1893.

SIR,—In your letter of Oct. 24, 1892, you stated that you had not been able to obtain control of the waste paper of the Senate without the consent of the Committee of Internal Economy. I have now to inquire if that consent was obtained during last Session, and if the waste paper of the Senate is now sold and accounted for.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Queen's Printer, &c.

DEPT. OF PUBLIC PRINTING AND STATIONERY, OTTAWA, May 30, 1893.

SIR,—In reply to your letter of the 29th I beg to inform you that I have received a letter from the Clerk of the Senate stating that my application for the waste paper of the Senate has been placed before the Committee for Internal Economy, since which time I have heard nothing of the matter ; and it therefore remains in the same state as before.

I have the honour to be, sir, your obedient servant,

S. E. DAWSON, *Queen's Printer, &c.*

The Auditor General.

## Re Depositing Fees.

DEPT. OF SECRETARY OF STATE, OTTAWA, Sept. 21, 1893.

SIR,—In transmitting you herewith the customary statement of the receipt and deposit of fees of this department for the month ended August 31 ultimo, I beg to say that the regulations of the Treasury Board, to which you recently called my attention, with respect to the deposit of amounts received, and which as you will observe have not been quite precisely complied with during the month above mentioned owing to great pressure of work in this office, will in future be carried out as strictly as possible.

I have the honour to be, sir, your obedient servant,

The Auditor General.

## Re Fees on Commissions.

AUDIT OFFICE, OTTAWA, April 13, 1893.

SIR,—Referring to the list of public officers to whom commissions have issued during the year 1892, published in your report for 1892, page 46, I find some from whom no fees have come to account.

Please let me know why these fees have not been collected. Have the commissions been delivered; and have the officials been notified of the amount of fees due, and payment requested?

I have also to ask what steps have been taken to collect the arrears due for fees on commissions issued previous to 1892.

I have the honour to be, sir, your obedient servant,

The Under Secretary of State.

J. L. McDOUGALL, A.G.

# Auditor General's Report, 1892-93.

## *Re Arrears Due.*

DEPT. OF SECRETARY OF STATE, OTTAWA, December 13, 1893.

SIR,—Referring to your communication of the 6th October last, requesting to be furnished with a statement of arrears due this department on the 30th June last, I have the honour to state that these arrears are almost entirely composed of fees upon commissions to public officers, the liability for payment of which is disputed, on the grounds that no statutory authority exists for the imposition of the same, and that as the objection appears to be well taken, the Secretary of State is of opinion that the publication of the names of those gentlemen against whom these unsatisfied demands have been made, would not only be unfair but would serve no public end.

The remaining arrears, if such they can be called, consist of fees upon commissions which, with but a few exceptions, aggregating as to the charges an insignificant amount, have not been accepted and still remain in the department. In this case, also, as it would be difficult to establish an obligation to accept the commissions and a consequent liability for the payment of fees thereon, the publication of names would be to no purpose.

I may add that the recurrence of this disputed liability is now prevented by the "Amendment to the Act respecting commissions to public officers," passed last session, by which the imposition of fees for commissions to all officers and dignitaries of the public service is provided for, and that under the authority of the said Act and Amendment a tariff of the fees chargeable has been established by Order of His Excellency the Governor General in Council, with the proviso that no document upon which a fee is payable shall be delivered out of the department until the fee is paid.

I have the honour to be, sir, your obedient servant,

L. A. CATELLIER, *U.S.S.*

The Auditor General.

AUDIT OFFICE, OTTAWA, December 14, 1893.

SIR,—I have received your letter of yesterday and think as you do as to the cases of those officials who refuse to pay for their commissions. They were not compelled to pay by the Statute as it stood at the time.

Respecting those to whom the documents have not been furnished and who refuse to pay therefor, would it not be advisable to obtain the opinion of the Department of Justice?

The other cases of arrears which it is assumed are not disputed and which you say are few, have not been furnished and no explanation given.

In this connection I would also call your attention to my letters of 13th February and 13th April last to which I have not had any reply.

I have the honour to be, sir, your obedient servant,

J. L. McDUGALL, *A.G.*

The Under Secretary of State.

DEPT. SECRETARY OF STATE, OTTAWA, December 16, 1893.

SIR,—In continuation of prior correspondence respecting arrears due this department on the 30th June last, I have now the honour to acknowledge the receipt of your letter of the 14th instant upon the subject.

With regard to your suggestion that the opinion of the Department of Justice should be obtained respecting those to whom commissions have not been delivered and who refuse to pay therefor, I scarcely see what benefit would be derived from such reference. The acceptance of these commissions was not obligatory; they have not been delivered; and, consequently, no liability can exist for the payment of fees thereon.

As to the few other cases in which, while the liability is not disputed, the fees have not yet been paid, a further effort shall be made to collect the amounts, the result of which shall be communicated to you.

Turning to your previous letters, to which you draw my attention, I submit that the explanations furnished in the monthly statements from this department are sufficient. In all the cases, with two exceptions in which you will find that the fees have

been paid and duly accounted for, either as already set forth in these statements, there was no statutory authority for the imposition of fees, or the offices held were not included in the then existing tariff, or else the appointees were specially exempted by Order in Council, from the payment of a fee upon their commissions.

The publication in any form of the names of these gentlemen, some of whom are now deceased, on account of their refusal or failure to pay fees for which as you admit they were not legally liable, appears to me to be wholly uncalled for, and I do not think that a further demand for the amounts, under penalty of such publication if the demand be not complied with, would be justifiable.

As I observed in my letter of the 13th inst., the "Amendment to the Act respecting Commissions to Public Officers," passed last session, and the new tariff established thereunder by Order in Council which is strictly adhered to, does away with the possibility of any recurrence of this question of disputed liability.

I have the honour to be, sir, your obedient servant,  
The Auditor General. L. A. CATELLIER, *Under Secretary of State.*

AUDIT OFFICE, OTTAWA, December 18, 1893.

SIR,—I am in receipt of your letter of the 16th inst. in further reference to the commissions issued by your department, the fees on which have not been paid.

I beg to say in reply that I have no desire nor intention to publish the names of any persons to whom commissions were issued, the fees for which the statute then in force did not demand payment. Further, I have every desire to avoid publishing the names of those indebted to you and other departments.

I am endeavouring to obtain payment of the indebtedness after the statements have been furnished to this office. When payments are made the names are of course struck out.

In your letter of the 13th you referred to three classes of officials who had not paid for commission: (1) those who were not liable for the fee; (2) those who refused to pay the fee and whose commissions you still withhold; and (3) other cases about which it would seem there was no doubt, there being a clear liability. As I stated in my letter of the 14th, I agree with you as to the first class, and suggested a reference to the Department of Justice of the question whether or not those of the second class were obliged to pay the fees on the commissions issued in their names. You now state that "the acceptance of these commissions was not obligatory, they have not been delivered, and consequently no liability can exist for the payment of fees thereon." If you have not obtained the decision of the Department of Justice on this point I still am of opinion you should. As to the third class you state that "a further effort shall be made to collect the amounts, the result of which shall be communicated to you."

Without further explanations than I have received there does not seem to be any reason why the names coming under this class should not be published.

I have the honour to be, sir, your obedient servant,  
The Under Secretary of State. J. L. McDOUGALL, *A.G.*

DEPT. OF SECRETARY OF STATE, OTTAWA, January 3, 1894.

SIR,—Adverting to the subject of your letter of the 6th October last, I have now the honour to inform you that there are no arrears due this Department.

I have the honour to be, sir, your obedient servant,  
The Auditor General, L. A. CATELLIER, *U.S.S.*

### Re Indian Fund Revenue.

AUDIT OFFICE, OTTAWA, January 27, 1893.

SIR,—Referring to the returns of agents for the first three months of the present fiscal year, all that have reached this office, I have to ask your attention to the following observations:—

Though I wrote previously that the agents at Strathroy, Tyendinaga, Wiarton and Cockburn Island were not observing the regulations as to the prompt deposit or remittance of their receipts, I do not find that any improvement has been effected. I have now to add the agent at Maniwaki for the month of August.

The following counterfoils are missing:—

Agent at Maniwaki.....	C. 2400 and C. 6217
do Victoria, B.C.....	C. 1075
do Thessalon.....	B. 1433

If a receipt is cancelled or spoiled it should be furnished with the return.

A statement is furnished by Agent Muckle of wood sold off the St. Peter's Band reserve, amounting to \$994.90, for which it is stated the Indians received goods, per attached accounts. The accounts were not forwarded to this office. If this sale of wood is to continue would it not be better that the proceeds should be deposited to the credit of the Band and disbursements made through your ordinary letter of credit accounts.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General of Indian Affairs.

AUDIT OFFICE, OTTAWA, May 1, 1893.

SIR,—I have to ask if the indebtedness of Mr. P. McLaren, of Perth, for balance due on a purchase of a mill in the North-west Territories, referred to in your letter of March 21, 1888, has been paid. If not please let me know the present position of the claim, and what action has been taken in the matter.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General of Indian Affairs.

DEPT. OF INDIAN AFFAIRS, OTTAWA, May 6, 1893.

SIR,—Referring to the letter from your department of the 1st instant, inquiring if the indebtedness of Mr. P. McLaren, of Perth, for balance due on the purchase of a mill in the North-west Territories, referred to in my letter of the 21st March, 1888, has been paid, and, if not, to let you know the present position of the claim and what action has been taken in the matter, I beg to inform you that the balance has not been paid; and the following amounts on account thereof are due :—

Principal.....	\$4,000
Interest, 10½ years to 21st April, 1893, 6 per cent.....	2,520
Total due on the 21st ultimo.....	\$6,520

Mr. McLaren, Mr. Haggart, who was acting for Mr. McLaren in the matter of the above mill property, and Mr. A. Ferguson, Mr. McLaren's solicitor at Ottawa, have been repeatedly applied to for payment of the balance of principal and interest.

It is contended, on behalf of Mr. McLaren, that a deduction of \$2,500 should be made from the price of the mill, which amount Mr. McLaren considered was the value of the timber limit he was to receive with the mill.

It was claimed also that an additional amount should be deducted from the amount claimed on account of the alleged incompleteness of the mill. Both of these claims were rejected by the department; and Mr. McLaren, through his solicitor, was informed of the same, and that he must pay the net amount of principal and interest still due on account of his purchase of the mill property at Old Man's River.

Your obedient servant,

L. VANKOUGHNET, D.S.G.I.A.

The Auditor General.

## Auditor General's Report, 1892-93.

AUDIT OFFICE, OTTAWA, May 9, 1893.

SIR,—I have received your letter of May 6, in reference to the claim against Mr. P. McLaren, of Perth. You state there is a balance due of principal and interest on April 21 last, of \$6,520. As this claim is now so long past due, it would seem that steps should be taken without any further delay to secure payment. Would you be good enough to advise me of your action in the matter.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General of Indian Affairs.

DEPT. OF INDIAN AFFAIRS, OTTAWA, May 15, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 9th inst., with reference to the claim against Mr. P. McLaren, of Perth, on account of the unpaid balance of the mill property on the Old Man's River, in the North-west Territories, purchased by him from this department in 1881-82, amounting, on the 21st ultimo, to the sum of \$6,520 for principal and interest; and in reply, I beg to inform you that the Hon. Senator McLaren has been notified to pay without further delay.

Your obedient servant,

L. VANKOUGHNET, D.S.G.I.A.

The Auditor General.

AUDIT OFFICE, OTTAWA, May 5, 1893.

SIR,—I wrote you some time ago for an explanation of the non-payment of the instalments due by Lt. Col. de Winton for cattle sold him. You replied that the cattle had not all been delivered to him; that Captain Stewart failed to deliver 312 two-year-old heifers as agreed. You also stated that the Department of Justice had been requested to collect from Capt. Stewart the value of these heifers. I have now to ask if anything has been realized, and in what condition the transaction now stands.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General of Indian Affairs.

DEPT. OF INDIAN AFFAIRS, OTTAWA, May 8, 1893.

SIR,—Referring to your letter of the 5th instant, relative to the claim of this department against Capt. Stewart on account of 312 two-year-old heifers not delivered by him; in respect of which you inquire whether anything has been realized and in what condition the transaction now stands, I beg to inform you that, on inquiry recently made of the Department of Justice, this department was advised that action was brought to recover \$8,255, a defence was put in and the defendant was examined for discovery in the winter of 1886, and that shortly afterwards the late Premier, Sir John Macdonald, directed Messrs. O'Connor, Hogg & Balderson, the agents of the Department of Justice, not to proceed any further with the suit until they were further instructed. The Deputy Minister of Justice further stated that the action was in such a position that it could be set down for trial at any time it will be convenient for the officers having charge of the matter, and the trial proceeded with.

Upon submitting the question to the Supt. General of Indian Affairs, it was decided that a further stay of proceedings should be made, as it was not certain that Mr.

Stewart was now worth the amount claimed, even if judgment were recovered against him. On the question of Mr. Stewart's solvency, the Indian Commissioner for the North-west is being written to for information.

Your obedient servant,

L. VANKOUGHNET, *D.S.G.I.A.*

The Auditor General.

### Re Indian Fund Revenue.

DEPT. OF INDIAN AFFAIRS, OTTAWA, June 8, 1893.

SIR,—I inclose a statement of deposits that have come to account, amounting to \$6,649.35, for which the agents' returns have not been furnished, or which do not appear on the returns that have been furnished. Collections by agents who have no books of receipt forms should be covered by a departmental receipt and be entered on the departmental return. Please have the missing returns procured and forwarded as soon as possible, and direct that in future care be taken to furnish returns covering all deposits.

The agents at Strathroy, Thessalon and Cockburn Island have not been depositing their receipts as promptly as they should to comply with the Treasury regulations.

On the revenue return for the Receiver General for February, there was entered a receipt of the Merchants Bank, No. 40, for \$75, but the receipt was not furnished. I do not find that it has since come to account.

Books of receipt forms should be sent out in consecutive order. The following counterfoils are missing; if a receipt is spoiled or cancelled it and the counterfoil should be forwarded with the monthly return.

Brantford.....	D. 0122
Thessalon, B. 1433, 1438, 1455, D. 0918, 0919, D. 6924, 0929, 0930	
St. Régis.....	D. 2802, 2803, 2804
Maniwaki.....	C. 2400, 6217, 6245
Manitowaning.....	D. 2717, 2718, 2719
Warton.....	B. 4172, 4173
Victoria.....	C. 1075

The agent at Alnwick accounts for receipt C. 3703 on January return, and the next item is February 16 and is entered as C. 1572. Please explain what became of the receipts from 3703 to 3800 and from 1501 to 1572. An agent should not be furnished with a new book of receipt forms unless his returns indicate that those on hand are nearly exhausted.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Supt. General of Indian Affairs.

### Re Casual Revenue.

AUDIT OFFICE, OTTAWA, June 26, 1893.

SIR,—On August 26, 1891, a deposit was made by the Indian Commissioner in the Bank of Montreal, Regina, of \$43.34, bearing the following endorsement: "First payment by Mr. A. W. Ponton, D.L.S., on transit purchased by department." Please let me know if the balance due on this transit was paid, and if so, when it came to account.

In respect to items of this nature, and in fact all items that are credited as Casual Revenue, it is desirable that fuller particulars should be given. In the present case a memo. should be furnished showing the authority for selling the transit, the amount it

was sold for, the terms of the sale and the amount paid. The memo. should be certified by the officer who made the sale. For refunds of previous years' expenditure, the date and amount of the advance should be stated, and the reason of the delay in making a deposit of the unexpended balance.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General of Indian Affairs.

DEPT. OF INDIAN AFFAIRS, OTTAWA, July 4, 1893.

SIR,—In reply to the inquiries made in your letter of the 26th ultimo, respecting a deposit made by the Indian Commissioner in the Bank of Montreal, Regina, on account of a transit purchased by the department for Mr. A. W. Ponton, I have the honour to inform you that Mr. Ponton has allowed his payments to fall into arrear.

Four instalments remain unpaid, two of which are now due, and Mr. Ponton has been asked to forward the amount of these two instalments at once, when it will be accounted for.

I may add that your instructions with regard to Casual Revenue will be observed.

Your obedient servant,

L. VANKOUGHNET, D.S.G.I.A.

The Auditor General.

### Re Sales of Publications.

AUDIT OFFICE, OTTAWA, July 4, 1893.

SIR,—I wrote you June 7, in reference to the delay in rendering statements of the sale of publications and depositing the proceeds. A deposit receipt for \$55.45, dated March 16 last came to account a few days ago. The endorsement shows that this deposit is for sales, to Dec. 31. No statement of the sales has yet come to hand. I have previously called your attention to the Treasury regulations, and I have again request that they may be closely observed. A deposit should at once be made for the sales from January 1 to June 30, and a detailed statement rendered of the sales since Sept. 30, 1892.

All deposit receipts should be forwarded to the Receiver General at the beginning of each month, if not more frequently.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Director, Geological Survey.

GEOLOGICAL SURVEY, OTTAWA, July 17, 1893.

SIR,—Referring to yours of the 4th inst. relative to the sales of survey publications, I beg to state that a deposit of \$104.74 was placed to the credit of the Receiver General on the 13th inst., and Bank of Montreal receipt No. 972 therefor sent to the department on the same date.

A detailed statement of the sales is sent you under another cover to-day.

In future a statement of all receipts on account of sales will be forwarded to you monthly.

I have the honour to be, sir, your obedient servant,

J. F. WHITEAVES, Acting D. H. & D.

The Auditor General.

### Re Arrears Due.

AUDIT OFFICE, OTTAWA, October 6, 1893.

SIR,—I have to ask you for a detailed statement of all arrears due to your department on the 30th June last, which have not yet been satisfied: (1) by collecting officers; (2) by disbursing officers; (3) by persons not Government officers.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Director, Geological Survey.

AUDIT OFFICE, OTTAWA, Dec. 12, 1893.

SIR,—I have had no reply to my letter of October 6 last, asking for a statement of all arrears due to your department.

I have to request your earliest attention to this matter. This statement is needed for my report, which cannot be delayed, and if the statement is not to hand when I am sending the accounts and correspondence of your department to the Queen's Printer, I shall be obliged to publish this and my letter of October 6.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Director, Geological Survey.

OTTAWA, December 26, 1893.

SIR,—I have to acknowledge receipt of copy of your letter of October 6, asking for a detailed statement of all arrears due on June 30 last, which have not yet been satisfied: (1) by collectors; (2) by disbursing officers; (3) by persons not Government officers.

In reply I beg to say: (1) that there are no collecting officers in connection with the mounted police service; (2) disbursing officers have accounted for all amounts advanced to them prior to June 30 last; (3) no amounts are due by persons not Government officers.

I have the honour to be, sir, your obedient servant,

FRED. WHITE, Comptroller.

The Auditor General.
