### AUDITOR GENERAL'S REPORT, 1892-93.

I have the honour to submit my Report for the fiscal year 1892-93 on appropriation and other accounts.

I regret that I could see no way of keeping the size of the volume down to even what it has been in previous years without excluding matter which should appear.

The correspondence here produced will be looked upon as large, but it is a small part of what has taken place with the various departments during the period, and has been selected either to show the reasons for adopting a particular mode of carrying on expenditure or of vouching for it ; or to draw attention to what in the view of this office was an irregular proceeding.

This part of the Auditor General's work is quite as fully done in England as it is here. There, however, the Public Accounts Committee gives the Auditor General much more assistance in establishing principles and in relieving him from responsibility than has been done here. Every item of difference between the Audit Office and the departments is examined fully and carefully and the rule to be followed when similar cases again arise is determined upon. There the views of the spending department on the one hand and of the Audit Office on the other are weighed and a dispassionate decision arrived at, neither political party taking any interest as a party in the upholding of the view of the department or that of the Audit Office.

The results of the appeals to the Treasury Board from the decisions of this office and the correspondence with the Public Works Department are looked upon as the most worthy of the attention of the Committee. This is mentioned as the Committee may not find time to deal with all the discussions.

It is probably often assumed in looking over this report that objections are raised only against irregularities which have for the first time been committed and that therefore new irregularities are creeping in to an alarming extent. There is no doubt but that, under any circumstances, lapses must occur and dishonesty too in the extensive financial business of the Dominion. Even the slips connected with entirely new business and with the performance of work by men who are new to their duties cannot but be many. The most of the correspondence, however, arises from the weaknesses of the system formerly in existence being only reached by degrees.

#### PROMOTIONS IN THIS OFFICE.

The following letter to the Privy Council regarding the recommended promotions in this office for next year is introduced because the office is a parliamentary one and because, in considering its shortcomings, it is only fair that the recommendations of the head of the office with reference to the emoluments of the staff, whether rejected or not, should be known.

AUDITOR GENERAL'S OFFICE, OTTAWA, December 7, 1893.

The Honourable the Privy Council :—

I have the honour to inclose herewith the Civil Government Salary and Contingency Estimates of this office for the year 1893-94.

The contingency estimate is the same as that of last year, \$3,500. The amount will, I think, be sufficient, but not excessive.

With reference to salaries :

There is a detailed statement of names of officers and estimated individual salaries.

Regarding the salaries I would point out that two promotions from the second to the first class are recommended without change of salary, both clerks now receiving the maximum of the second class which is the minimum of the first class. I also recommend the promotion of 2 third class clerks to second class clerkships. If provision is made for these promotions there will be 3 first class and 6 second class clerks, which the theoretical organization warrants, there being provision for 4 first class clerkships and 5 seconds, and it being a recognized principle that the appointment of a man of inferior rank is regular while there is an unfilled higher position.

With reference to these recommendations I would point out that the first class clerkships, the provision for the filling of which I now recommend, have been long vacant, although the members of the staff whom I wish to promote have during the vacancy done work which from its nature and quantity entitled them to be ranked as first class clerks.

With reference to the promotions from the third to the second class, one of those whom it is desired to promote is the chief examiner of the expenditure of Parliament and of that made by the Agriculture and Militia Departments, and the other has charge of an important part of the book-keeping of the office. They do their work intelligently and zealously. If they did not I should not make a move to better their positions.

It seems to be a very general regulation in the service that no man is to be promoted until he has reached the maximum salary of his class and that of those who have reached that position the one who has been there longest gets the promotion. Now I am glad that it is not necessary for me in the discharge of my duty as the head of this office to criticize the effect on other departments of such a system. I have no hesitation in saying that such a system applied to this office is discouraging to high-minded, ambitious, men and has not a very noticeable effect in putting energy into the man who was never known to lift a finger unless when it brought something into his pocket.

I feel the full responsibility of making a recommendation for an increase of salary to any one. If Parliament should say to me, You have asked for a certain amount of money as payment for your staff, where is your work? I should be able to say, There it is, and it is as much as the money asked calls for, even on a commercial standard.

The Audit Office staff work after hours without being requested, when the state of business calls for it. Then, there is not one dollar now paying for superannuation on account of former Audit Office employees, so that these estimates show the whole prospective cost to the country.

The country does not, I am sure, desire to get a man's work for less than the same quantity and quality would bring in the open market.

The work to be done here is all good work. Isn't it better to show the clear-headed industrious men that you appreciate their intelligence and zeal, by giving with pleasure to 3 the salaries you would be forced to give to 4 and get from them more work than from 6 of the other kind, and of immeasurably better quality? Then, the man who is brightened by his work being appreciated, respects himself and takes an interest in everything connected with his department.

The system of taking in men on a simple qualifying examination without the elimination of the weak ones which a competitive system would secure, offers sufficient obstacles to conducting this office efficiently, without loading it with a promotion practice in which merit has less effect than anything else.

I am sure that you will not be offended at a plain statement of what, as I see it, is good for this office in the public interest.

Respectfully submitted,

J. L. McDOUGALL, A.G.

### Examination of Stores Accounts.

The following correspondence with the Minister of Finance shows that this office must now deal with the important question of the examination of Stores.

AUDIT OFFICE, OTTAWA, December 14, 1893.

DEAR SIR,—I beg to point out that the question of the examination of stores accounts in connection with the supplies in the different departments is in an unsettled state.

If you look to section 54 of the Audit Act you will see that it is intended that it should rest with the Minister of Finance to direct the Auditor General to examine into stores accounts.

---

In England the examination of the stores accounts by the Auditor General is looked upon by the Public Accounts Committee and the Treasury as a very important part of his duties.

Sir Charles Tupper when Minister of Finance and in referring to proposed amendments to the Audit Act, stated that the Auditor General was to examine into the stores accounts. See *Hansard*, 1888, page 890, middle of first column.

I have been doing the work for some departments; but it is advisable now either to have the work done thoroughly or to relieve me from the whole responsibility and leave each department to do as it may wish.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

Hon. GEO. E. FOSTER, Minister of Finance.

---

FINANCE DEPARTMENT, OTTAWA, January 10, 1894.

DEAR SIR,—I beg to reply to your letter of December 14 and previous letters and interviews in reference to auditing stores accounts in connection with supplies in different departments.

It appears from what you have said that you are already auditing these accounts in several of the principal departments, and as I find from the report in *Hansard* of the discussion upon the Act that Sir Charles Tupper when Minister of Finance stated to the House that it was the understanding that the Auditor General was to examine into these stores accounts, and as section 54 of the Audit Act gives that power into the hands of the Minister of Finance, I think it would be well for you to undertake the work in the remaining departments as early and in as reasonable a way as possible, with a view to ultimately placing the departments on an equal footing in that respect, and of thereafter continuing a regular audit of all stores accounts.

I remain, yours very truly,

GEORGE E. FOSTER.

The Auditor General.

## TREASURY BOARD DECISIONS, 1892-93.

### Railways Department—Appointment of Secretary as Chief Clerk without promotion examination in department and at more than minimum of class.

AUDIT OFFICE, OTTAWA, Jan. 12, 1893.

SIR,—I have the honour to acknowledge receipt of your departmental pay-list on which appears by authority of Order in Council of Dec. 19 last, the name of John H. Balderson as Secretary of the department, at the rate of \$2,150 per annum.

In the absence of any further information than the Order in Council provides, will you be so good as to say how it is that more than the minimum of the class is authorized, when the provision made by Parliament is for a secretary, chief clerk?

I am, sir, your obedient servant,

The Dy. Minister of Railways and Canals.

J. L. McDOUGALL, A.G.

---

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Jan. —, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 12th inst., referring to the appointment of a secretary for this department, and, in reply, beg to refer you to the item in the Estimates by which \$2,400 is provided for the Secretary of the Department of Railways and Canals. The salary fixed for Mr. Balderson, who has been appointed secretary, is \$2,150, which is within the amount voted.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M. R. & C.

---

AUDIT OFFICE, OTTAWA, Jan. 18, 1893.

SIR,—I have the honour to acknowledge receipt of your letter in reply to mine of the 12th inst., *re* appointment of John H. Balderson as Secretary of your department. Let me refer you to section 24 of the Civil Service Act, which points out that the salary of a clerk on promotion shall be the minimum of the class to which he is promoted.

Be good enough to show that Mr. Balderson has passed the promotion examination.

I am, sir, your obedient servant,

The Dy. Minister of Railways and Canals.

J. L. McDOUGALL, A.G.

---

DEPT. OF RAILWAYS AND CANALS, OTTAWA, Jan. 24, 1893.

SIR,—In reply to your letter of the 18th instant, I have the honour to inform you that section 24 has no application to the appointment of Mr. Balderson to the secretaryship of the Department of Railways and Canals. Mr. Balderson has passed the promotion examination.

I am, sir, your obedient servant,

The Auditor General

COLLINGWOOD SCHREIBER, D.M. R. & C.

AUDIT OFFICE, OTTAWA, January 30, 1893.

SIR,—In reply to your letter of the 24th instant regarding the promotion of Mr. Balderson, will you be good enough to give your reason for thinking that section 24 of the Civil Service Act does not apply to Mr. Balderson's case? Then, I should be glad to know when Mr. Balderson passed the promotion examination.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Dy. Minister of Railways and Canals.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, February —, 1893.

SIR,—In reply to your letter of the 30th ultimo, I am directed by the Minister to say that section 24 of the Civil Service Act does not apply to the appointment of a Secretary to the Department of Railways and Canals; also that Mr. Balderson passed the promotion examination in 1885, as you will find on application to the Board of Civil Service Examiners.

I am directed, however, to further state that it is not necessary that Mr. Balderson should have passed the promotion examination to render him eligible for the appointment referred to.

I am, sir, your obedient servant,

JNO. H. BALDERSON.

The Auditor General.

AUDIT OFFICE, OTTAWA, February 11, 1893.

SIR,—I have the honour to acknowledge the receipt of your undated letter regarding your own salary. I am sorry that I do not agree with the views expressed in that letter.

Does the Secretary of your department come under the Civil Service Act? In my view, yes. Why? His duties are defined under the Railway Act, but it is not stated, nor is it, in my opinion, indicated, that the performance of his particular duties as Secretary of the Railway Department makes it necessary or advisable that he should be freed from the restrictions of the Civil Service Act or deprived of its advantages. Then, if there was any doubt upon the subject, the putting in the Estimates and subsequently incorporating into the Supply Bill the addition to the word Secretary—Chief Clerk—shows the intention of Parliament that the Secretary should be treated as a civil servant, and the Supply Bill, being an Act of Parliament and passed after the Railway Department Act, is an amendment to the latter if under it the Secretary is not a civil servant according to the Civil Service Act.

With reference to the promotion examination it appears to me that the examination must take place in the department in which promotion takes place. See section 39, subsection 2: "and shall be in such subjects as are determined from time to time for each department by the Governor in Council, and in such subjects, as by report of the Deputy Head of the department in which the promotion is to be made, concurred in by the head of the department, are submitted to the Board as best adapted to test the fitness of the candidates for the vacant office." You cannot receive promotion in the Railway Department except after examination on such subjects as are determined from time to time for the Railway Department by the Governor in Council and in such subjects, &c., as by report of the Deputy Head. It is true, as appears from your letter, you were promoted in the Post Office Department on an examination for promotion passed while you were in this office, and under the same Civil Service Act as is now in force. I don't recollect that your case came under my notice, but I am responsible for its having passed. According to my present light I was then wrong without any shadow of doubt.

## Auditor General's Report, 1892-93.

---

I need not tell how an appeal against my decision is to be made, nor, should an appeal be unsuccessful, what steps are to be taken to legalize the salary which you claim.

I am, sir, your obedient servant,

J. H. BALDERSON, Esq.,  
Dept. of Railways and Canals.

J. L. McDOUGALL, A.G.

TREASURY BOARD, OTTAWA, February 21, 1893.

SIR,—I have the honour to inform you that your objection to the Order in Council of the 19th December, 1892, appointing Mr. J. H. Balderson to the position of Secretary of the Department of Railways and Canals with a salary of \$2,150, has been submitted to the Treasury Board for decision.

Will you be good enough to let me have your report thereon?

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary*.

AUDIT OFFICE, OTTAWA, February 21, 1893.

SIR,—In reply to your letter of this date regarding the appeal of the Minister of Railways against my objections to the promotion and increase of salary of Mr. J. H. Balderson, I beg to say that I have nothing to add to my letter to the Department of Railways and Canals.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary of the Treasury Board.

*Treasury Minute, March 8, 1893.*—The Board had under consideration a memorandum from the Honourable the Minister of Railways and Canals, stating that by an Order in Council dated 19th December, 1892, Mr. John H. Balderson was appointed to the position of Secretary of the Department of Railways and Canals with a salary of \$2,150 per annum, and that on the departmental pay-list being presented to the Auditor General for his certificate, that officer objected to the same on the ground that Mr. Balderson had been appointed to the position at a salary higher than the minimum of the class to which he was promoted and also that Mr. Balderson had not passed the promotion examination in the Department of Railways and Canals.

The Board, after due consideration, overrule the objections made by the Auditor General and direct that Mr. Balderson be paid at the rate as set forth in the above mentioned Order in Council.

J. M. COURTNEY, *Secretary*.

AUDIT OFFICE, OTTAWA, March 18, 1893.

SIR,—With reference to the ruling of the Treasury Board regarding the salary of Mr. J. H. Balderson, I have the honour to request that you will let me have the opinion of the Minister of Justice.

My objection to payment of the salary authorized by Council was on the ground that there was no Parliamentary authority, and under sec. 32 of the Audit Act, subsec. 2, I have to prepare a statement for Parliament of legal opinions, evidently the opinions of the Attorney General (sec. 32, subsec. 1*a*), upon which my decisions have been overruled. If I am expected to report such opinions to Parliament, I am clearly not expected to act upon them until I have received them.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary of the Treasury Board.

TREASURY BOARD, OTTAWA, March 28, 1893.

*Re Balderson.*

SIR,—I have the honour to inclose herewith a copy of a letter of the 25th instant from the Deputy Minister of Justice covering an opinion of the Attorney General of Canada in the above matter.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

JUSTICE DEPT., OTTAWA, March 25, 1893.

SIR,—I have your letter of the 20th instant with reference to the overruling by the Treasury Board of the Auditor General's objection to the payment of Mr. Balderson's salary. I am of the opinion that, in the case as disclosed by the papers forwarded with your letter, it was competent to the Treasury Board, under section 32, subsection 1 (c) of the Audit Act to overrule the Auditor's objection, and order the issue of a cheque in payment of Mr. Balderson's salary.

Since the date of your letter, however, the Auditor has formulated his objection under subsection 1 (a).

I inclose the opinion of the Acting Attorney General dealing with the Auditor General's objection as now formulated.

I am, etc.,

E. L. NEWCOMBE, *D.M.J.*

The Secretary, Treasury Board.

OTTAWA, March 25, 1893.

*Memorandum for the Honourable the Treasury Board:—*

Upon the reference to the undersigned of the objection raised by the Auditor General in his letter of the 24th instant, to the appointment of Mr. J. H. Balderson as secretary to the Department of Railways and Canals, at a salary of \$2,150 :

The undersigned has the honour to report that, in his opinion, there is Parliamentary authority for the payment of such salary, the sum mentioned having been voted by Parliament for the payment of the salary of the Secretary of the Department of Railways and Canals ; and the undersigned is further of opinion that the voting of such sum to Mr. Balderson, by his style of office—the office being a statutory one—is sufficient to override the ordinary classification provided by the Civil Service Act.

J. A. OUIMET,  
*Acting Attorney General for Canada.*

### **Oxford and New Glasgow Railway : Rhodes, Curry & Co. Payment for work done under contract, but not completed according to contract.**

AUDIT OFFICE, OTTAWA, Nov. 4, 1892.

SIR,—Let me acknowledge receipt of your 65592 of October 28, concerning the balance of \$618.50 claimed by Rhodes, Curry & Co., for building stations on the Oxford and New Glasgow Railway.

Your letter continues the discussion from mine of August 26, 1891, but overlooks mine of November 5, 1891, of which I now forward to you another copy.

My reason for declining to honour the Chief Engineer's certificate for \$618.50 is that the work is not done. The Order in Council, under which the Chief Engineer is allowed in this case to accept incomplete work as complete, is, I think, *ultra vires*. The

contractors' argument—that the work, although not up to specification, is as good as they have done for the Intercolonial before—is not one which should count for them.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Railways and Canals.

NOTE.—The calculation of the \$618.50 will be found on page C—117 of the Report for 1891-92.

TREASURY BOARD, OTTAWA, Dec. 21, 1892.

SIR,—I have the honour to inform you that your objection to the payment to Messrs. Rhodes, Curry & Co. of moneys, for which a certificate of the Chief Engineer of Government Railways had issued, being in respect of certain works on the Oxford and New Glasgow Railway, namely, the erection of stations, freight-houses, engine-house, tanks, &c., has been submitted to the Treasury Board for decision.

Will you be good enough to let me have your report thereon.

I am, sir, your obedient servant,

J. M. COURTNEY, *Secretary*.

The Auditor General.

AUDIT OFFICE, OTTAWA, Dec. 29, 1892.

SIR,—Let me acknowledge receipt of your letter of December 21, asking for a report on my reasons for declining to pass a certificate for \$618.50 in favour of Rhodes, Curry & Co., in connection with their contract for station buildings on the Oxford and New Glasgow Railway.

The contractors having the specifications to work by, did not put up the buildings in accordance therewith. The engineer made deductions from the contract totals, amounting to \$618.50 for work not done.

The contractors now claim \$618.50, claiming that the buildings are as good as those previously erected by them on the Intercolonial Railway.

Had the work been paid for on a schedule of items, there could have been no claim made by the contractors that they were entitled to payment for items not done. A lump-sum tender and contract is only a difference in the mode of reckoning payment, and does not relieve the contractors from the obligation of following the specification.

My reason, therefore, for declining to pass the certificate for \$618.50 is, that the work is not done.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Treasury Board.

*Treasury Minute, April 6, 1893.*—The Board had under consideration a memorandum from the Hon. the Minister of Railways and Canals, representing that objection has been raised by the Auditor General to the payment to Messrs. Rhodes, Curry & Co. of moneys for which a certificate of the Chief Engineer of Government Railways had issued, being in respect of certain works on the Oxford and New Glasgow Railway, namely: the erection of station, freight-houses, engine-house, tanks, &c.

The Board had also under consideration a memorandum from the Auditor General in connection with the above.

The Board, after due consideration, direct that Messrs. Rhodes, Curry & Co. be paid the amount in question, viz., \$618.50.

J. M. COURTNEY, *Secretary*.

The Auditor General.

**Hard Pan Cases—Contention of the Audit Office that the payments were otherwise illegal and that the appropriation did not cure the illegality.**

*Order in Council, Sept. 11, 1893.*—That authority be given for the payment of the following amounts to the persons hereinafter named in accordance with the finding of the Judge of the Exchequer Court, provision having been made for the same in the Supplementary Estimates of 1893-94 :—

Cape Breton Railway :

Isbester & Reid .....	\$142,264 69
Daniel McGregor .....	1,170 00
Samuel C. Graham .....	970 00
McGregor, Kennedy & Graham .....	2,340 00
John McKeen & Co. ....	3,910 00
McNeill, McDougall & McNeill .....	11,012 00

Oxford and New Glasgow Railway :

Stewart & Jones .....	38,055 37
McDonald & O'Brien .....	41,356 69
Gray, McManus, Trites & Co. ....	30,962 84

JOSEPH POPE, *Asst. C.P.C.*

AUDIT OFFICE, OTTAWA, September 18, 1893.

SIR,—I have the honour to return your application No. 93 for payments against the Oxford and New Glasgow and Cape Breton Railway appropriations as follows :—

Cape Breton Railway :

Isbester & Reid .....	\$142,264 69
Daniel McGregor .....	1,170 00
Samuel C. Graham .....	970 00
McGregor, Kennedy & Graham .....	2,340 00
John McKeen & Co. ....	3,910 00

Oxford and New Glasgow :

Stewart & Jones .....	38,055 37
McDonald & O'Brien .....	41,356 69

I regret to say that I do not see my way to passing the application, and beg to refer you to the Audit Act, section 38, subsection (a.)

When work is performed under a contract the payments for the work are only such as the contract legally requires. Advances are made from time to time as the work progresses, on the prices given by the contract and on the quantities found by the Government engineer in charge of the work, and the final payment, if there is no difference of opinion between the contractor and the Government engineer, is made in the same way when the work has been completed.

If there is a difference between the contractor and the engineer the Exchequer Court settles the difference, the contract still governing.

In my view the Government cannot modify the contract after the work has been completed. The Government is a trustee for Parliament and the people, and is not justified in accepting less for its principals than it may legally obtain, or which is the same thing, is not justified in paying more for work than it is called upon under its contract to pay.

This matter, if it was to be brought before the Judge of the Exchequer Court for the purpose of securing a legal finding, should have been brought before him under the contract and not under an Order in Council which requested him to find a result, assuming

## Auditor General's Report, 1892-93.

certain obligations to exist whether they were obligations under the contract or not. In my opinion, all the obligations should have been found in the contract by the Judge.

If the result to which the Judge has arrived under the instructions of the Order in Council had been looked upon as a preliminary to laying before Parliament the fact that the Government, not being authorized without direction from Parliament to pay the money, and thinking that the claim was an equitable one, sought the sanction of Parliament by submitting an estimate for this class of payments accompanied by a statement conveying all the facts, Parliament would have had an opportunity of giving or declining to give its assent.

There is nothing in the estimate to indicate that these claims are not as legally binding as any other claims and there is nothing in the debates to that effect so far as I can see.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Railways and Canals.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, September 18, 1893.

SIR,—I have the honour, by direction, to acknowledge the receipt of your letter of this date, dealing with application No. 93 from this department, and to say, in reply, that as this matter was fully considered by the department and by the Governor General in Council, and as Parliament had every opportunity of investigating the purpose for which the votes were taken, it is proposed, under section 32, subsec. (a) of the Consolidated Revenue and Audit Act, to refer this question for the consideration of the Treasury Board.

I am, sir, your obedient servant,

JNO. H. BALDERSON, *Secretary.*

The Auditor General.

*Treasury Minute, September 19, 1893.*—The Board had under consideration a letter, under date of September 18, 1893, from the Auditor General addressed to the Department of Railways and Canals, objecting to pass an application from that department for payments against the Oxford and New Glasgow and Cape Breton Railway appropriations, as authorized by Order in Council of September 11, 1893, as follows:—

Isbester & Reid . . . . .	\$142,264 69
Daniel McGregor . . . . .	1,170 00
Samuel C. Graham . . . . .	970 00
McGregor, Kennedy & Graham . . . . .	2,340 00
John McKeen & Co . . . . .	3,910 00
Stewart & Jones . . . . .	38,055 37
McDonald & O'Brien . . . . .	41,356 69

In the above mentioned letter the Auditor General refers to section 32, subsection (a) of the Consolidated Revenue and Audit Act.

The Board had also under consideration a letter from the Honourable the Minister of Justice to the effect that, although mention is made in the Auditor's letter to the Railway Department of the subsection referred to, the Auditor's refusal does not appear to be based upon the ground mentioned in that subsection, viz., that there is no Parliamentary authority for issuing cheques; and that it would rather appear to come under subsection (c) of the same section.

The Honourable the Minister of Justice is of opinion that the Treasury Board should be the judge of the sufficiency of the Auditor's objections.

The Board, after careful consideration deem the objections of the Auditor General insufficient, and hereby authorize the issue of cheques for the above mentioned payments, as authorized by Order in Council of September 11, 1893.

And further, the Board hereby authorize the payment of \$11,012.00 to McNeill, McDougall and McNeill, and \$30,962.84 to Gray, McManus, Trites & Co., as authorized by Order in Council of September 11, 1893, whenever application shall be made therefor by the Department of Railways and Canals.

J. M. COURTNEY, *Secretary.*

The Auditor General.

### Appointment of Mrs. Hyndman—Public Works Department.

AUDIT OFFICE, OTTAWA, August 2, 1893.

SIR,—I have received a copy of the Order in Council of June 21, 1893, appointing the following supernumerary clerks to vacancies in the Civil List of the Public Works Department from July 1, 1893 :—

Mr. L. H. Colman .....	\$ 900 a year.
Mrs. I. F. Hyndman .....	730 do
Mr. J. A. Morin .....	550 do

The appointments are made under the statement of “the above named clerks having entered the service on or before the 1st July, 1882, and having been continuously employed since that time.”

Continuous employment since July 1, 1882, being a qualification for advancement, should be established by the records. Please let me have details and references for all payments made to these employees since July 1, 1882, including the nature of their services, and the votes to which they were charged.

Mr. J. A. Morin's average pay for the last two years has been \$548.25. Why should his permanent salary be more than that amount?

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, Sept. 13, 1893.

SIR,—With reference to my letter of Aug. 2, regarding the placing of Messrs. Colman and Morin and Mrs. Hyndman on the permanent staff at certain salaries, I shall be obliged to take the names of the persons mentioned from this month's pay-list unless I obtain an answer in the meantime to that letter. As soon as satisfactory information shall have been received, their names may be put on a supplementary pay-list.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, Sept. 14, 1893.

SIR,—In reply to your letter of Aug. 2, referring to the continuous employment since July, 1882, of Messrs. J. A. Morin, L. H. Colman, and Mrs. Hyndman, I have the honour to inform you that the statement of such employment was made from the records in the possession of this department.

Mrs. Hyndman, according to references in our books, has been in the employment of the Government since the year 1876, and has never left since that date the employment of the Government, having been in turn employed by the Finance, Interior and Public Works Departments.

Mr. J. A. Morin came into the service of the department in August, 1881, and has been continuously employed here ever since. Mr. Colman first entered the department in August, 1881, and was employed until October of that year, and re-entered the department in July, 1882, and has been continuously employed ever since. The department

could, if the proper time were given, name the appropriations and votes out of which the salaries of Messrs. Colman and Morin were paid for the past eleven years, but such a statement would perhaps take some time to prepare, as you are aware that up to 1892 the salaries of supernumerary clerks were charged to various appropriations for the works performed by the department, the appropriations in some cases changing every month.

As a part of Mrs. Hyndman's service since 1882 has been with the Department of Finance, I have verbally directed her to see you, ascertain what form of certificate would be required, obtain it from the proper officer of the Finance Department, and if such would not be deemed sufficient by you, then I would ask her to supply me with a sworn declaration as to the accuracy of the statement made respecting her employment.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, *D.M. P.W.*

DEPT. OF FINANCE, OTTAWA, September 14, 1893.

I hereby certify that Mrs. I. F. Hyndman was employed in the Currency Branch of the Finance Department from July 1, 1881, to August 31, 1888, viz. :—

From July 1, 1881, to April 30, 1883, alternate months; from May 1, 1883, to June 30, 1883, continuously; from July 1, 1883, to October 30, 1883, alternate months; from November 1, 1883, to August 31, 1888, continuously.

Mrs. Hyndman's period of service dates back to 1876, but I have given 1881, being the time I was appointed to take charge of this branch.

Having been in this department since 1871, I have long known that the late Auditor General, Mr. Langton, made the arrangement that Mrs. Fitzgerald and Mrs. Hyndman should in turn every alternate month take charge of those ladies engaged in the cancellation of Dominion notes, and their positions considered as permanent for this particular work.

FRED. TOLLER,

AUDIT OFFICE, OTTAWA, October 5, 1893.

SIR,—With reference to your letter of the 14th ultimo regarding the cases of Mrs. Hyndman and Messrs. J. A. Morin and L. H. Colman, I beg to state that Mrs. Hyndman, so far as the records of the Finance Department show, was not continuously employed in that department until after the end of October, 1883. It will be necessary then to show that she was employed on alternate months from July 1, 1882, up to the end of October, 1883, in some other department or departments, and that she has been continuously employed since she left the Finance Department, before she can obtain the advantages of the Act under which she claims permanent appointment.

As regards Messrs. Morin and Colman, I trust that you are sufficiently advanced with the examination of your accounts undertaken to prove that they were continuously employed in your department from July 1, 1882, to the date of their permanent appointment, to enable you to complete the statement before the pay-lists for the current month are examined in this office.

In your letter you do not refer to my point with reference to the rate of pay to Mr. Morin.

You will no doubt see that it rests with the claimant to show that he is entitled to the advantages of 55-56 Vic., chap. 14.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Public Works.

DEPT. OF PUBLIC WORKS, OTTAWA, October 17, 1893.

SIR,—With reference to that part of your letter of the 5th instant concerning the appointment of Mrs. I. F. Hyndman to a clerkship in this department, I am directed to inclose herewith copy of a report in the matter by the Deputy Minister of Justice which, I believe, disposes of your objection to that appointment.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

AUDIT OFFICE, OTTAWA, October 17, 1893.

SIR,—I have your letter of this date and the inclosure contained in it with reference to the case of Mrs I. F. Hyndman.

I would refer you to sec. 32, subsec. (a) of the Consolidated Revenue and Audit Act under which a reference to the Treasury Board is to be made by the department, in the event of the Auditor General not seeing his way to pass an application for payment. On an application from you to the Treasury Board for the consideration of the question, the papers will be forwarded to this office for my report.

I write thus early so that no time may be lost in having the matter disposed of.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDUGALL, *A.G.*

*Treasury Minute, November 15, 1893.*—The Board had under consideration a memorandum from the Hon. the Minister of Public Works stating that the Auditor General has objected to the Order in Council of the 21st of June, 1893, appointing Mrs. I. F. Hyndman, under authority of Chap. 14 of 55-56 Victoria, as a third class clerk in the Department of Public Works.

The question was raised as to whether the employment of Mrs. Hyndman had really been continuous within the meaning of the Act.

It appears that in the case of Mrs. Hyndman her employment in the Department of Public Works dated from 1888, previous to which she was employed by the Department of Finance.

A certificate, as to the continuity of her employment, was furnished by Mr. Toller, who was in charge of the currency branch of the Finance Department in which Mrs. Hyndman worked from 1881 to 1888; and that certificate states that Mrs. Hyndman was employed from the 1st July, 1881, to the 30th April, 1883, on alternate months; from the 1st May, 1883, to the 30th June of the same year continuously employed; from the 1st July, 1883, to the 31st October, 1883, on alternate months, and from the 1st November, 1883, to the 31st August, 1888, continuously. Mr. Toller further states that, having been in the department since 1871, he has long known that the late Auditor General made an arrangement that Mrs. Fitzgerald and Mrs. Hyndman should in turn, every alternate month, take charge of those ladies engaged in a certain class of work.

The Board had also under consideration an opinion from the Hon. the Minister of Justice on the subject to the effect that employment in a department for alternate months, under such an arrangement as Mr. Toller describes, would constitute a continuous engagement within the meaning of section 1 of 55-56 Victoria, chap. 14; and that, if such was the nature of Mrs. Hyndman's service during the time she worked only every other month, Mrs. Fitzgerald and herself taking charge of the work on which they were engaged one month each, their employment being so arranged from the start, and they taking their work regularly each in her turn without receiving any fresh instructions to that effect, her case comes within the purview of the Act.

The Board, after careful consideration of the subject, are of opinion that the objection of the Auditor General is not well founded, and they direct that Mrs. Hyndman be paid from the date of her appointment, out of the appropriation granted for Civil Government, as provided for by the above-mentioned Order in Council of 21st June, 1893.

W. FITZGERALD, *for Secretary*.

## Auditor General's Report, 1892-93.

AUDIT OFFICE, OTTAWA, November 29, 1893.

SIR,—I have just received a Minute of the Treasury Board over ruling my objection to the appointment of Mrs. I. F. Hyndman as a permanent clerk in the Public Works Department.

I have to point out that the provisions of the Audit Act, section 32, have not been complied with in the submission of this matter to the Treasury Board.

A statement of the case was not submitted to the Board by me. It is true that I gave some objections to the Public Works Department when declining to pass the pay-list on which Mrs. Hyndman's name appeared for the first time, but it is evidently contemplated by the section of the Audit Act which I have quoted that my objections should be specially and formally stated to the Board when an appeal from my ruling is made. Besides it would be a wasteful expenditure of the time of the Audit Office to devote to each of the hundreds of objections that are made from this office to the departments, all the care that should be given if the question is to come before the Board and its settlement is to govern action on all like questions for the future.

Then I understood from you that my objection in a similar case was considered sound.

I shall send you without delay my objections in this case.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Treasury Board.

AUDIT OFFICE, OTTAWA, December 13, 1893.

SIR,—With reference to the Order in Council making Mrs. I. F. Hyndman a permanent clerk, I beg to say that in my opinion Mrs. Hyndman cannot be considered as eligible under the first section of 55 and 56 Vic., chap. 14: "Was in the service or employment of the Government and who has since been continuously engaged therein."

It appears to me that this means was continuously occupied in the work. There are employments which from their nature occupy but a portion of the year, the remuneration for which is based upon the fact that there is a part of the year of enforced idleness: for example, that of the captains of vessels which sail on inland waters. I could understand that the captain who had been in command of vessels belonging to the same company on several successive open seasons might reasonably claim to have been in their continuous employment from the beginning of his service to the end of it.

In this case, however, the service in which Mrs. Hyndman took part was going on when she did not work as well as when she did. She, it is presumed, was desirous of obtaining constant occupation and pay, but to assist another the pay and therefore the employment went on alternate months to the latter.

Now if this is to be considered to come within the meaning of the section, has the clerk who worked a day a week, a day a month or a day a year a right to claim that his case comes under it? Where does the claim stop?

Then the general rule is that to become eligible for the Civil Service certain qualifications as to age, health and information must be possessed while this section makes an exception. It seems to me that in dealing with exceptions great care should be taken not to open the door any wider than Parliament intended it to be opened.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Treasury Board.

TREASURY BOARD, OTTAWA, December 16, 1893.

SIR,—Referring to your letter of the 13th instant with regard to the appointment of Mrs. I. F. Hyndman, I beg to inclose herewith copies of letters from the Deputy Minister of Justice of the 13th October last and 14th instant. You will notice from Mr.

Newcombe's last letter that he has perused your letter of the 13th instant and he observes that you do not call in question the facts upon which his opinion of the 13th October proceeded, and assuming now that these facts are as they were assumed in his former opinion, he does not find anything stated in your letter which would lead him to conclude that Mrs. Hyndman's engagement was other than a continuous one within the meaning of section 1 of 55-56 Vic., chap. 14.

In transmitting you the opinion of the Department of Justice, I desire to say that, at the meeting when the case came up for consideration I was present as Secretary and the Board were fully cognizant of all the facts and circumstances connected with the matter. I may also say that of my own knowledge the certificate given by Mr. Toller is correct.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *Secretary.*

DEPT. OF JUSTICE, OTTAWA, December 14, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 14th instant, inclosing a memorandum from the Auditor General, setting forth the reasons for objecting to the appointment of Mrs. Hyndman, as a permanent clerk in the Department of Public Works.

You ask me to inform you whether the objection of the Auditor General is to be regarded as covered by my letter of the 13th of October last.

In reply I have the honour to advise that I have perused the letter of the Auditor General, to which you refer, and I observe that he does not call in question the facts upon which my opinion of 13th October last proceeded, and assuming now these facts as they were assumed in my former opinion, I do not find anything stated in the letter of the Auditor General which would lead me to conclude that Mrs. Hyndman's engagement was other than a continuous one within the meaning of section 1 of 55-56 Vic., chapter 14. Papers returned.

I am, &c.,

The Secretary, Treasury Board.

E. L. NEWCOMBE, *D.M.J.*

DEPT. OF JUSTICE, OTTAWA, October 13, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 11th instant, reference 144584, in which you ask for advice as to the legality of the appointment of Mrs. I. F. Hyndman, Mr. L. H. Colman and Mr. J. A. Morin, as third class clerks in your department, and in reply I am, by direction, to state as follows:—

1. Mrs. Hyndman's appointment was made under the authority of 55-56 Vict., cap. 14, sec. 1, which provides that any person, who on the 1st day of July, 1882, was in the service or employment of the Government of Canada, or of any department thereof, and who has since been continuously engaged therein may, notwithstanding anything in the Civil Service Act, be appointed to any position in the public service without regard to age, and without being required to pass the preliminary or qualifying examination provided for by the said Act, subject to such regulations as may be made under the section.

You state that the information in your possession as recorded in the statements given to you from time to time in the department, was to the effect that Mrs. Hyndman was continuously employed from 1876 to 1888, in the Department of Finance, and from 1888 to the present date in the Department of Public Works; but that the Auditor General has found that during some portion of the time of her service, in the Department of Finance, she was only employed in alternate months, another lady, Mrs. Fitzgerald, and herself, taking charge of the work on which they were engaged one month each, their employment being so arranged from the start, and they taking their work regularly each in her turn, without receiving any fresh instructions to that effect.

## Auditor General's Report, 1892-93.

You add that you understand that Mrs. Hyndman was never discharged from the service of the Department of Finance, and you inclose a certificate furnished by Mr. Toller, who was in charge of the branch of that department in which Mrs. Hyndman from 1881 to 1888 worked, as to the nature of her employment. This certificate states that Mrs. Hyndman was employed in the currency branch of the Finance Department from 1st July, 1881, to 30th August, 1888, viz. :—from 1st July, 1881, to 30th April, 1883; alternate months, from 1st May, 1883, to 30th June, 1883, continuously; from 1st July, 1883 to 30th October, 1883, alternate months, and 1st November, 1883, to 31st August, 1888, continuously. Mr. Toller further states that, having been in the department since 1871, he has long known that the late Auditor General, Mr. Langton, made the arrangement that Mrs. Fitzgerald and Mrs. Hyndman should in turn every alternate month take charge of those ladies engaged in a certain class of work.

The Minister of Justice is of the opinion that employment in a department for alternate months under such an arrangement as Mr. Toller describes, would constitute a continued engagement within the meaning of section 1 of 55-56 Victoria, chapter 14, and if such was the nature of Mrs. Hyndman's service during the time she worked only every other month, her case comes within the purview of the Act.

2. As to Mr. Colman, you state that although the statements in your possession record Mr. Colman's employment as dating from July 1, 1882, his actual engagement did not begin before the 13th of that month, since which date he has been continuously employed.

His appointment also purports to have been made under the Act of 55-56 Vic., above referred to.

The Minister of Justice thinks that, under the circumstances stated by you, Mr. Colman is not within the class to which the Statute applies, he not having been in the service on July 1, 1882, or continuously since that date, and that, therefore, his appointment was not warranted by the Statute.

3. You state that in the case of Mr. Morin, whose appointment was made under the same section, there was an interruption of about fifteen days in the continuity of his employment. I assume that you refer to an interruption previous to the passing of the Statute (July 9, 1882).

Such an interruption, the Minister thinks, is fatal to the legality of this appointment so far as its validity depends on the Act 55-56 Victoria.

Papers returned.

The Secretary, Treasury Board.

AUDIT OFFICE, OTTAWA, Dec. 19, 1893.

SIR,—I am sorry to give you any further trouble about Mrs. Hyndman's case, but if you look at section 32 (a) of the Audit Act, you will see that the Treasury Board makes its decision after my report is before it. The Board is expected to decide not on the legal opinion of the Deputy Minister of Justice alone, but on that opinion and my report together.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

*Treasury Minute, Jan. 11, 1894.*—The Board, after consideration of the objections made by the Auditor General to the appointment of Mrs. I. F. Hyndman as a third class clerk in the Department of Public Works, are of opinion that the objections are not well founded, and they confirm their decision as set forth in the extract from the minutes of a meeting of the Board held on Nov. 15, 1893.

## EXECUTIVE REGULATIONS GOVERNING PUBLIC EXPENDITURE.

---

### Powers of Attorney.

RULES prescribed by the Treasury Board, under sanction of the Governor General in Council, in reference to the mode of Acquittal of Warrants for the payment of money by the Government of Canada.

1. No officer of the Civil Service shall, under any circumstances, be permitted to act as attorney for the receipt of public moneys.

2. No power of attorney will be recognized, received or acted upon by the Receiver General which is not printed, and of the form to be obtained from the office of the Receiver General, under which only payment can be made, and such power will operate as to any sum of money due only by the Government at the date of the power of attorney.

3. No powers of attorney will be received by the Government for the payments of moneys on warrants which partake of the character of an assignment of the moneys to another party, or purport to be irrevocable, or are in "*any respects qualified.*"

4. General powers of attorney, authorizing the receipt of money due, or which may become due after its date, by which any chartered bank or agent of a chartered bank, or any private individual, is constituted the attorney, will be received and acted upon if printed and of the special form to be obtained from the office of the Receiver General; and in the event of the power being to the agent of a chartered bank, the bank must declare itself, by a proper instrument in writing, responsible for the acts of such agent, in respect to the receipts of moneys thereunder.

It is, however, optional with the party executing any power of attorney to a bank or agent of a bank, or any private individual, prior to the execution, to erase the words "or may hereafter become due."

5. All powers of attorney must be signed in the presence of a witness.

6. In case of the death of the person in whose behalf payment is claimed, the probate of will or other proof that the applicant is entitled to receive the money must be furnished on application for such payments.

Blank forms of powers of attorney may be obtained from the office of the Receiver General and at all the branches of the Bank of Montreal.

By order of the Board.

TREASURY, OTTAWA, February 1, 1870.

### Duplicate Cheques.

*Treasury Minute, June 18, 1888.*—The Board had under consideration a communication from the Auditor General suggesting that uniform regulations be prescribed by the Board with reference to the requirements which are to warrant the duplication of lost cheques.

1. The Board, on the advice of the Department of Justice, direct that if a Government cheque, whether on Letter-of-Credit or Receiver General's account, does not reach the person in whose favour it is drawn, or is lost or destroyed by such person, the bank on which it is drawn be notified first by such person.

2. That a duplicate cheque be issued, on a bond of indemnity of the form annexed being furnished, securing the Government against loss ; such bond to be examined by the Department of Justice after execution.

3. That a declaration showing whether the original cheque was endorsed or not, and how it was lost or destroyed, should accompany the bond, in case it is claimed that the cheque was lost or destroyed.

4. That each duplicate cheque should have the word " Duplicate " written in red ink across the face of it.

J. M. COURTNEY, *Secretary.*

### Accounts for Advertising and Departmental Orders to the Printing Bureau.

*Order in Council, December 17, 1875.*—On a memorandum from the Hon. Mr. Mackenzie, on the subject of departmental advertising, proposing a scheme for adoption as absolutely necessary to prevent the recurrence of abuses which seem inseparable from isolated action, and an inefficient audit by those departmental officers who may not have the means of ascertaining facts necessary to an accurate correction of advertising accounts.

Mr. Mackenzie states that if this scheme is adopted, he recommends that the Secretary of State shall at once communicate to each department information of the mode of proceeding for the future.

The Committee advise that the scheme and recommendation submitted be adopted.

Certified.

W. A. HIMSWORTH, *C.P.C.*

*Memorandum referred to above.*—With a view to similarity of action by the various departments in respect of orders and accounts for advertising, it is recommended that all such orders as are issued at the Seat of Government be given through the Queen's Printer, and that the Queen's Printer certify to the accounts before payment.

The copy to be sent to the Queen's Printer, accompanied by Ministerial directions, naming the papers in which the advertisement is to be published, specifying whether in the daily or weekly issue, and the number of insertions in each paper respectively.

On receipt of these instructions the Queen's Printer to procure the printing by the contractors of a sufficient number of copies to enable him to furnish duplicates to the papers indicated. These to be forwarded by him to the publishers, accompanied by an intimation of the number of lines to which the advertisement is to be limited, himself establishing the space on a proper estimate of the solid matter of the notice, with a moderate allowance for purposes of display ; and accompanied also by an instruction to the publishers to render the accounts to him, with a copy of the order attached, and with marked copies of the papers in which advertisements are printed.

The Queen's Printer to ascertain the established tariffs for advertising of the several papers on the list ; and on receipt of the accounts certify to the same in accordance with these rates, and to transmit the accounts for payment to the departments from which the orders issued, having first satisfied himself that publication has been had as directed.

Accounts for advertising required by the outside services to be also rendered with the orders, and marked copies of the publications, to the Queen's Printer, and the advertisements to be by him measured, certified to, and transmitted for payment in accordance with the rules which obtain for advertisements issued at the Seat of Government.

The Queen's Printer to keep, with each paper, accounts of the advertisements directed to be published in it, under the different departmental headings, so as at all times to show the state of each account.

A. MACKENZIE.

## Auditor General's Report, 1892-93.

*Order in Council, March 22, 1888.*—On a report dated March 21, 1888, from the Secretary of State, submitting that the Act respecting the Department of Public Printing and Stationery prescribes that all charges for advertising in the *Canada Gazette* shall be paid in advance, and that the Queen's Printer reports that in some cases, after such payment, the parties advertising discontinue their notices before all the insertions asked for have been given, and apply for a refund of moneys paid for insertions ordered but not given.

The Minister recommends that the Queen's Printer be instructed that no such return of moneys can be made, as the Government is ready at all times to fulfil the contract entered into with the advertisers in the *Gazette*, and is in no wise responsible for their discontinuance. The Committee submit the above recommendation for your Excellency's approval.

JOHN J. MCGEE, C.P.C.

*Order in Council July 14, 1891* :—The following was adopted : 1. That a maximum limit of \$500 be set apart for each Ministerial Department within which is to be defrayed the cost of the newspapers, books and magazines for the use of such department.

2. That no books or magazines other than those which are of a technical character and necessary for the proper working of the department, be purchased by any department, except under authority of an Order in Council based upon proper requisition and report.

3. That the practice of supplying newspapers to the various outside offices of the departments be discontinued and that hereafter no newspapers be supplied to these except on the authority of the Minister of the Department and subject to the limitations in section 2 of the recommendations of this report.

4. That the yearly subscriptions now paid to the "Health Journal" and to the "Hygiène Populaire" be discontinued.

5. That with reference to advertising, the rule adopted by Order in Council of the 10th December, 1889, be adhered to, that rule being as follows :—

That the different papers, according to their importance, the extent of their circulation, and their suitability to the wants of the various Departments of the Public Service in the way of advertising throughout the country, be classified as indicated by the letters "A," "B" and "C," namely :—

"A." A paper of first class standing entitled to receive, at the discretion of Heads of Departments, all kind of advertising whether of a general character, such for instance as Tenders for extensive Public Works or for supplies in large quantities, or of a local nature concerning only the localities in which such papers are published.

"B." An influential and widely circulated paper, although not published in a very important centre, entitled at the discretion of Heads of Departments to the largest portion of advertising of provincial or local character and to a limited share of the more general advertising.

"C." Purely local newspapers, daily or weekly, monthly or weekly periodicals and journals devoted to special branches of learning or industry ; entitled only to purely local or special advertising, and that merely in a very limited proportion.

That the provisions of the Order in Council of the 17th December, 1875, requiring that all Government advertisements should go through the office of the Queen's Printer be adhered to, thus preventing the frequent irregularities and undesirable importunities arising from the publication of advertisements, without proper authority in advance as to the number of insertions at the rates thereof.

That no advertisements be inserted in any books or pamphlets, or in any periodical other than newspapers published weekly or more frequently, and that such advertisements be limited to a maximum of six insertions in daily and three insertions in weekly papers ; and that one-half of the subscription for the present year be paid to the "Health Journal" and the "Journal d'Hygiène."

JOHN J. MCGEE, C.P.C.

*Order in Council, January 11, 1893.*—That the Order in Council of July 14, 1891, respecting the cost of subscriptions for newspapers, books and magazines, and of advertising in the different departments be amended by adding thereto the following :—

“That in the case of advertising for purposes of immigration, outside of Canada, the Minister of the Interior be authorized to publish such advertisements as he may consider necessary at reasonable rates and in newspapers or by hand-bill.

“That no orders for the printing of any reports, books, pamphlets, bulletins, papers or memoranda of any kind be recognized by the Queen’s Printer unless they are signed by the head of the department for which the printing is ordered.”

JOHN J. MCGEE, *C.P.C.*

*Order in Council, February 6, 1893.*—The Committee, on the recommendation of the Minister of Finance, advise that the Order in Council of the 11th January, 1893, regarding Departmental Orders to the Printing Bureau, be amended by adding thereto the words “except in the case of departmental circulars and forms, bound or unbound, requisitions for which may be signed by the Deputy Minister only.”

JOHN J. MCGEE, *C.P.C.*

### Letter-of-Credit Cheques.

*Order in Council, June 27, 1888.*—The Treasury Board had under consideration a communication from the Auditor General with regard to the signing of letter-of-credit cheques, and submitting a list of the names of persons who sign such cheques for the different departments ; and they recommend to Council :

(1.) That, for each department, substitutes be authorized by Order in Council to sign for those in whose favour the letter-of-credit is drawn, and that a copy of the Order in Council be sent to the Bank of Montreal, or other bank on which the credit may be drawn.

(2.) That the departments be instructed not to permit any person to sign except those authorized by Order in Council.

(3.) That no cheques be signed in blank, either in the inside or outside service.

(4.) That all cheques be drawn in the form : “Pay to the order of \_\_\_\_\_ ;” and not in either of the forms : “Pay to \_\_\_\_\_ or bearer,” or “Pay to \_\_\_\_\_ or order.”

(5.) That authority be given for the signing of letter-of-credit cheques in the different departments by the following substitutes : (List not printed).

JOHN J. MCGEE, *C.P.C.*

### Stationery Office.

*Order in Council, June 26, 1889, (as amended by O. C., July 11, 1889.)*—His Excellency, in pursuance of the powers vested in him by the Revised Statutes, Chap 27, Sec 7, and by and with the advice of the Queen’s Privy Council for Canada, is pleased to direct and order :—

1. In every department the Deputy Head shall sign all requisitions in accordance with Sec. 7, Chap. 27. of the Revised Statutes, and a clerk, to be named by the Head of the department shall, under the direction of the Deputy, have charge of all stationery and printing, and shall receive from the Government Stationery and Printing Offices all printing work and articles of stationery ordered and supplied, and grant receipts for the same, superintending also their distribution to the clerks or employees for whose use they have been ordered.

2. The Secretary of State is authorized to prepared a list of all articles to be kept in stock and furnished to the departments upon ordinary requisitions, such list to be subject to the final revision and approval of the Governor in Council.

(*Note.*—This list was approved by O. C., Nov. 29, 1889.)

## Auditor General's Report, 1892-93.

3. As soon as such list has been so settled and approved, and printed and distributed to the several departments, all ordinary requisitions upon the Stationery Office shall be issued for those articles only that are therein enumerated.

4. No articles shall be added to such list thereafter except upon the report of the Secretary of State, approved by the Governor in Council.

5. No plain paper or envelopes, such as are used for ordinary correspondence, shall be asked for by any ordinary requisition or issued up in the same for private use of the employees in any department, except in the case of Deputy Heads.

6. No paper or envelopes for correspondence bearing relief stamp, cameo or embossed work or devices, either lithographed or engraved, shall be kept in stock or supplied, except for the use of Ministers or Deputy Ministers, the Governor General's Secretary, the Speakers and members of the two Houses of Parliament, and the Judges of the Supreme and Exchequer Courts, the Clerk and Law Clerk of the Senate, the Clerk and Law Clerk of the House of Commons, and the Librarians of Parliament.

7. No pocket-knives or pocket-books shall be kept in stock or supplied to any department except upon special requisitions, stating the names and employment of the persons for whose use they are to be procured.

8. No despatch-boxes or brief-bags shall be issued for the use of members of any Government Commission.

9. All requisitions issued under Rules 6 and 7, or for articles not on the general list (and therefore not procurable upon ordinary requisitions) shall be signed by the Deputy Minister and approved and initialled by the Minister of the Department, or the Clerk and Speaker of each House of Parliament.

10. A return of all articles furnished to each department upon requisition, with the total cost of the supply to such department, shall be made up by the Superintendent of Stationery each six months, as soon as possible after the 30th of June and the 31st of December in each year, in order that it may be submitted to the Governor in Council by the Secretary of State.

11. All former Orders in Council in reference hereto are cancelled.

JOHN J. MCGEE, C.P.C.

### Pamphlets and Books.

*Order in Council, April 16, 1880.*—The Committee of Council have had under consideration the subject of advertising in pamphlets, and the question of the subscription by departments to books, and they recommend:—

(1.) That no advertisement be authorized in connection with the publication of any pamphlet or book whatever, save only that, where any department of the Government causes to be published a pamphlet or book, the Head of such department may cause to be inserted therein such advertisements connected with his own department as he thinks expedient in the public service.

(2.) That as regards subscription to books, no department be allowed to subscribe for or purchase any book whatever unless such book be deemed by the Head of the department one which will be useful for reference in the administration of the department, and that not more than four copies shall be taken in any such case.

The Committee further recommend that the foregoing Minute be published in the *Canada Gazette* for the information of the public.

*Order in Council, November 1, 1881.*—Ordered that the Immigration Branch of the Department of Agriculture be excepted from the provisions of O.C., April 16, 1880, relative to the purchase of pamphlets, books or other publications, and that the same rule of exception be applied to advertisements.

*Order in Council, July 1, 1889.*—The Committee on the recommendation of the Secretary of State advise that the Order in Council of April 16, 1880, be interpreted so as not to apply to, or to limit, the number for distribution among departments of publications purchased by the Government for their use under authority of an Order in Council.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, December 22, 1888.*—The Secretary of State desires to draw the attention of Council to the practice in the past, of the granting of authority by Council for the purchase of books for Library exchanges, and for distribution among the departments, and he recommends that in the future no such authority be granted; but that all books for Library exchanges be procured under the authority of the Joint Library Committee of Parliament, and paid for out of the sums placed at its disposal, and that all purchases of books for the use of any department of the Government be made on the authority of the Minister charged with its administration, as already provided by Order in Council, through a regular Stationery Office requisition, as required by the Act respecting Public Printing and Stationery. The Committee recommend that this Minute, if approved, be communicated to the Library Committee, and to each department of the Public Service.

JOHN J. MCGEE, *C.P.C.*

### Legal Services.

*Order in Council, April 12, 1879.*—On a report dated April 2, 1879, from the Hon. Minister of Justice, stating that it has been represented by the Auditor General that it would facilitate the business of his office were an Order in Council passed making it necessary that the accounts rendered by any legal agent employed professionally by any of the departments of the Government should be submitted to the Department of Justice for examination and approval before payment.

That at present the practice of the departments appears to be to submit such accounts to the Department of Justice before paying the same, but no formal Order in Council exists on the subject.

That an Order in Council does exist providing that all accounts for printing and advertising are to be certified by the Queen's Printer before payment.

That he, the Minister, thinks that it would be proper that a formal Order should be passed with respect to legal agents. He recommends, therefore, that it be ordered that the accounts rendered by legal gentlemen employed professionally by any of the departments of the Government be submitted to the Department of Justice for examination and approval before payment, and that a copy of the Order be transmitted to each of the departments of the Government.

W. A. HIMSWORTH, *C.P.C.*

*Order in Council, Oct. 9, 1888.*—On a memorandum dated 1st October, 1888, from the Minister of Justice, recommending that authority be given for the payment of the Official Reporters of the Debates of the House of Commons, and of other Reporters who may be designated as occasion may require by the Minister of Justice, to be employed to report Exchequer Court cases, or proceedings under Commissions of Inquiry, or upon arbitrations in which the Government is interested, or upon any other matter requiring a short-hand reporter, at the rate of fifteen cents per folio of one hundred words, the Reporter for such remuneration to supply to the Government four copies of the proceedings and evidence in each case.

The Minister further recommends that the sum of \$3.50 per diem over and above the actual moving expenses be allowed to such Reporters on account of travelling expenses while so employed and when absent from their places of residence, the days

of leaving and arriving to be counted as full days. Also, that the provisions of this Order shall relate back to the time from which the services of such Reporters were first engaged in the capacity mentioned, viz., from November 1, 1887.

The Committee advise that the requisite authority be granted.

JOHN J. MCGEE, C.P.C.

*Order in Council, July 3, 1890.*—That the rate to be paid to Unofficial Reporters for reporting during the Sitting of Parliament, when the Official Staff is not available, be 25 cents per folio of 100 words, the Reporter for such remuneration to supply the Government with four copies of the proceedings in each case.

That the sum of \$3.00 per diem, in addition to actual moving expenses, be allowed to such Reporters on account of travelling expenses while so employed and when absent from their place of residence, the days of leaving and arriving to be counted as full days.

That the amount hereby fixed for remuneration shall apply to the accounts for reporting done by such Reporters during the last Session of Parliament.

That in all cases when a Reporter (not official) is duly in attendance for reporting for a day, and does not, or is not required to report to such an extent as to make the actual amount of his remuneration reach the amount of \$5 per day, he shall be entitled to receive \$5 a day for each day he has been required to attend and has been properly in attendance ready to work.

That it be declared that whenever hereafter any Reporter, whether official or otherwise, applies for and performs reporter's work during the Recess of Parliament, he shall be considered as having been employed under, and shall be paid according to the rates fixed by the Order in Council above referred to, of October 9 1888.

JOHN J. MCGEE, C.P.C.

### Gratuities.

*Order in Council, Feb. 1, 1868.*—As frequent instances occur of the death of officers in the service of the Government, leaving their families in circumstances of great and immediate want, and destitute of means to defray the expenses of illness and funeral, the Committee respectfully advise that in all cases of the decease of an officer of the Government on the permanent list, a gratuity equal to his salary be paid to his widow or orphan children, or to such members of his family or household as His Excellency may approve, for two months from the date of his decease.

*Order in Council, Dec. 26, 1887.*—The Board having had under consideration the matter of the payment of gratuities to the widows or other representatives of officials of the Government not on the permanent list, are of opinion, and recommend to Council, that the terms of the Order in Council of Feb. 1, 1868, be adhered to.

The Board are further of opinion that should Council, in special cases, deem it necessary that the provisions of the above-mentioned Order in Council be extended to include payment of gratuities to the widows or other representatives of officials not on the permanent list, the consent of Parliament should be asked for the payment thereof.

JOHN J. MCGEE, C.P.C.

### Salaries.

*Order in Council, Feb. 9, 1875.*—On a memorandum dated Feb. 9, 1875, from the Hon. the Minister of Finance, reporting that there appears to be a want of uniformity in the manner of paying the salaries of deceased officers—that in some cases the salary is paid to the day of death, and in others the salary of the month in which the officer died is paid. He, therefore, recommends that for the future the whole month's salary be paid in all cases. The Committee submit the above recommendation for Your Excellency's approval,

*Order in Council, June 29, 1889.*—That hereafter officers shall be eligible to receive their statutory increase upon the first day of the official quarter following the expiration of one year from the day on which they reported for service, regardless of the date of appointment; provided always that the time is not computed from a date prior to the Order in Council making the appointment.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, Jan. 13, 1887.*—The Committee of the Privy Council have had a memorial from the members of the Civil Service laid before them by the Right Honourable the Prime Minister, praying for relief of their financial embarrassment in reclaiming the advance of salary.

The Committee recommend, with a view to relieving the financial embarrassment, that the pay-list for each month be authorized on the 15th day of the month, provided that when the day for passing any pay-list under the provisions hereof shall be a Sunday, or a bank or departmental holiday, the pay-list be issued on the previous day. The salaries of the Ministers to be paid at the end of each month.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, March 22, 1887.*—The Committee, on the recommendation of the President of the Privy Council, advise that the Order in Council of the 13th January last, authorizing the issue of the pay-lists on the 15th day of each month, be amended so as to include the temporary clerks of the inside service who are continuously employed.

JOHN J. MCGEE, *C.P.C.*

AUDIT OFFICE, April 1, 1887.

SIR,—Please define the meaning which is to be attached to the word "continuous" in the O.C. of March 22, with reference to the time of paying certain extra clerks.

Yours truly,

The Clerk of the Council.

J. L. McDOUGALL, *A.G.*

PRIVY COUNCIL, April 2, 1887.

SIR,—In answer to yours of the 1st inst., respecting the O.C. of March 22, authorizing payment on the 15th of each month to temporary clerks who are continuously employed, I have the honour to state that it is only applicable to those employed by Order in Council.

Yours truly,

The Auditor General.

JOHN J. MCGEE, *C.P.C.*

## Auditor General's Report, 1892-93.

---

*Order in Council, Feb. 18, 1889.*—That the payment of salaries of temporary employees in the several departments who are not employed under the authority of an Order in Council, be made on the following days: Feb. 18, Mar. 21, April 24, May 27 and June 28, 1889; and thereafter on the last day of the month.

JOHN J. MCGEE, C.P.C.

---

*Order in Council, November 14, 1885.*—The attention of the Board was called by the Deputy Minister of Finance to the statements of the balances of the several Government accounts with the Bank of Montreal, on the 31st October, 1885, by which it appeared that some of the departments had issued pay-cheques in advance of the due date.

The Board recommend that the attention of the several departments be called to the irregularity of such action, and the Board are of opinion and recommend that steps should be immediately taken to stop the practice for the future.

JOHN J. MCGEE, C.P.C.

---

*Order in Council, March 5, 1888.*—The Treasury Board have had their attention called to the fact that the terms of the Order in Council of Jan. 13, 1887, governing the issue of the Civil Service monthly pay-cheques have not been strictly adhered to, and that cheques are sometimes issued in advance of the days authorized by the said Order for the issue of the pay-lists. The Board recommend to Council that the several departments be notified that in future the monthly pay-cheques must not be issued in advance of the days authorized by the said Order for the issue of the pay-lists, and that the provisions of the said Order must be strictly adhered to.

JOHN J. MCGEE, C.P.C.

---

*Order in Council, July 1, 1886.*—The Board had under consideration the matter of payments for extra services, under various headings, paid to permanent officers of the Public Departments, as shown in the statements submitted to Parliament in the Report of the Auditor General.

Taking these statements into consideration, the Board are of opinion, and recommend to Council, that, with the following exception, from and after July 1, 1886, no payment be made for any extra service of any kind whatever.

The exception referred to in the above, is the amount yearly allowed by Parliament for the computation of interest and balancing the accounts of the depositors in the several post office and Government saving banks, which has to be performed immediately after the close of the fiscal year, whereby no inconvenience should arise to depositors, and it may be added that an analogous vote for the same service is granted by the English House of Commons.

JOHN J. MCGEE, C.P.C.

---

*Order in Council, October 16, 1886.*—That the Order in Council of July 1, 1886, founded on a Minute of the Board dated on June 24, 1886, providing that no payment be made for any extra service of any kind whatever, be amended by excluding from the operation thereof "payments for services performed by persons in the Customs and Fisheries Departments in connection with the distribution of the fishing bounty, and collection of statistics," for which a vote of Parliament is taken.

JOHN J. MCGEE, C.P.C.

*Civil Service Act of 1888, 51 Vic., cap. 12, sec. 12.*—Subsections 1 and 2 of section 51 of the Civil Service Act (R.S.C., cap. 17), are hereby repealed, and the following substituted therefor :—

“ 51. No extra salary or additional remuneration of any kind whatsoever shall be paid to any Deputy Head, officer or employee in the Civil Service of Canada, or to any other person permanently employed in the public service.”

### Employment of Temporary Clerks.

*Order in Council, July 27, 1884.*—The Committee have had under consideration the annexed extract from the Minutes of a meeting of the Treasury Board, dated 24th July, 1882, having reference to Rules in connection with the Civil Service Act, 1882.

#### CIVIL SERVICE.

(6.) The Board recommend that after the 1st of October next, the authority of an Order in Council be obtained for the employment of temporary clerks for more than one month ; and to carry out the provisions of Section 45, the deputy heads of the several departments to which extra clerks are now attached do render to the heads of the departments reports on the qualifications of said extra clerks, with a view to their retention if necessary, and also with reference to the remuneration to be granted to them.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, February 6, 1893.*—That in the case of all persons who are paid out of any vote and who are employed at the seat of Government of Canada, the authority of an Order in Council be obtained for such employment beyond the first month's service, it being understood, however, that this regulation does not apply to printers, labourers, charwomen or persons engaged in work of a like character.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, June 29, 1893.*—Upon renewal of services of temporary employees, the Treasury Board to be furnished with statement of the grounds upon which a larger pay for special and technical qualifications is granted.

JOHN J. MCGEE, *C.P.C.*

### Leave of Absence to Temporary Employees.

FINANCE DEPT., OTTAWA, Oct. 9, 1891.

SIR,—I have the honour to inform you that at a meeting of the Treasury Board, held on the 2nd instant, a Minute was adopted, requiring that accounts for payments to all extra clerks and extra messengers and of all temporary employees should, from and after Sept. 1, 1891, be certified as follows :—

“ I hereby certify that the clerk (or messenger) has been in attendance at this office every day, except Sundays and statutory holidays, during the period for which payment is asked.”

It being understood that nothing herein contained shall be construed to authorize payment for Sundays and statutory holidays in cases in which payments for such days have not been made hitherto.

I am, sir, your obedient servant,

The Auditor General.

J. M. COURTNEY, *D.M.F.*

## Auditor General's Report, 1892-93.

*Order in Council, October 20, 1892.*—On a report dated 19th October, 1892, from the Acting President of the Privy Council, stating that he has had under consideration the subject of applications for leave of absence, and for sick leave made from time to time by technical officers, clerks and messengers who are not permanently appointed to the Civil Service, but who are engaged in the inside service in the departments at Ottawa, and recommending the adoption of the following rules:—

(1.) That the head of the department, and in his absence, the deputy head of the department, may grant to any professional or technical officers and supernumerary or temporary clerks who may be employed under Section 47 of the Civil Service Act, and who have been so employed during twelve months continuously, leave of absence for the purpose of recreation, for a period not exceeding three weeks in each year; such leave to be granted at such time during the year as the head or the deputy head of the department may determine.

(2.) That employees whose employment is for one month or upwards may, in the discretion of the head of the department be paid for days when they are absent in consequence of actual illness, after leave of absence obtained, on certificates furnished to the satisfaction of the head of the department: or for days during which absence has been occasioned by contagious or infectious disease in the families of the persons so engaged: such absence not exceeding one week at any one time and not exceeding two weeks during any year.

This regulation to be retroactive as to cases which have occurred since the 1st of September, 1891, and its future operation to be confined to supernumerary and temporary clerks who are employed under Section 47 of the Civil Service Act, and to persons temporarily employed as messengers and to professional or technical officers.

The Committee submit the same for Your Excellency's approval,

JOHN J. MCGEE, *C.P.C.*

### Leave of absence to Permanent Employees.

*Order in Council, June 29, 1893.*—No payment to be made to any Government employee for time on special leave until Council authorizes same.

### Medical Certificates.

*Order in Council, July 23, 1892.*—On a memorandum dated 14th July, 1892, from the Secretary of State, recommending that the Order in Council of the 25th April, 1892, appointing certain gentlemen to be Medical Practitioners under the 3rd subsection of section 51 of "The Civil Service Act" in so far as regards furnishing Medical Certificates in cases of illness of officers and servants of the Department of Marine and Fisheries, be cancelled.

The Minister further recommends that every duly qualified Medical Practitioner whose name is registered in the Medical Register of the province in which he resides, be appointed as an authorized Medical Practitioner for the purpose of issuing Medical Certificates as required by Subsection 3 of Section 51 of the Civil Service Act.

The Committee submit the foregoing recommendations for Your Excellency's approval, and order that a copy be sent to each department.

JOHN J. MCGEE, *C.P.C.*

### Superannuation.

*Order in Council, Jan. 7, 1884.*—The Board had under consideration the fact that several recommendations to place temporary officers on the permanent list have been referred to them for report.

The Board, in compliance with the law, have recommended favourably on the cases submitted to them, but at the same time the Board have to direct the notice of

Council to the fact that placing these officers on the permanent list has the effect of bringing them under the operation of the Superannuation Act, and that hitherto no provision has been made for payment of abatements on the pay of these officers while temporarily employed, although their temporary service counts on retirement.

The Board now recommend to Council that from and after the 1st inst., it shall be optional with temporary officers, on receiving permanent appointments, to place themselves, as far as regards their temporary services, under the operations of the Superannuation Act; but that in the cases where officers desire to avail themselves of this privilege, the Board are of opinion that abatements should be paid on their past temporary salaries since the Superannuation Act came into force, when the officers have served for so long back; otherwise, from the commencement of their temporary services.

The Board further recommend that, as the immediate payment of abatements on past salaries would, in many cases, involve considerable hardship, a period of six months be allowed for paying the same, the deduction to be made in six equal parts, to be taken from each monthly pay for the first six months of the permanent appointments.

Certified.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, February 9, 1893.*—That the Order in Council of the 7th January, 1884, permitting temporary officers on receiving permanent appointments to place themselves as far as regards their temporary services under the operations of the Superannuation Act, be cancelled.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, May 3, 1883.*—That the 34th paragraph of the Treasury Minute of the 11th November, 1870, which paragraph is as follows:—“(34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall only count on the salary on which he has paid abatement;”—be repealed, except in the case of those who now pay superannuation abatement on such allowance or perquisite in addition to the abatement from their salaries.

JOHN J. MCGEE, *C.P.C.*

TREASURY BOARD, OTTAWA, Dec. 7, 1883.

SIR,—I am directed by the Treasury Board to call your attention to your letter of October 9, 1882, on the subject of the reconsideration of cases of superannuations of public servants, as published in the Book of the Rules of the Civil Service, page 52, and to state that many references are now made to the Board from the several departments recommending the postponement of the dates of superannuations as established by Council on the Report of the Treasury Board, and to ask whether, under any circumstances, superannuations, once established by Council, may be reopened—always presuming that no clerical errors have been made.

Your obedient servant,

J. M. COURTNEY, *Sec., Treasury Board.*

The Deputy Minister of Justice.

DEPT. OF JUSTICE, OTTAWA, Dec. 12, 1883.

SIR,—I have the honour to acknowledge your letter of the 7th, asking whether, under any circumstances, superannuation once established by Council may be reopened—always presuming that no clerical error has been made.

## Auditor General's Report, 1892-93.

The Superannuation Act provides that under the circumstances mentioned therein, the Governor in Council may grant to a person who has served in an established capacity in the Civil Service a superannuation allowance, and that the Order in Council made in the case shall be laid before Parliament. If the grant was made by Letters Patent, the latter could not be cancelled by authority of an Order in Council, except they had been issued in the name of the wrong party, or contained a clerical error or misnomer, or wrong description of a material fact. (*See 38 Vic., cap. 13.*) As the grant in the case of a member of the Civil Service is made by an Order in Council, I am of opinion that in practice it would be well to adhere to the same rule, and not to cancel or amend the Order in Council, except in cases mentioned in the Act referred to (*38 Vic., cap. 13.*)

Your obedient servant,

GEO. W. BURBIDGE, *D.M.J.*

The Secretary, Treasury Board.

(Circular.)

OTTAWA, July 31, 1891.

SIR,—I have the honour to inform you, for your guidance in future, that the Governor General in Council, on the 21st instant, approved of the following regulation of the Treasury Board:—

“That no person be hereafter appointed to a position in the Civil Service which would entitle him to the benefit of the Superannuation Act unless at the time of his appointment he produces medical testimony, to the satisfaction of the Treasury Board, showing that he is then in good health.”

I am your obedient servant,

J. M. COURTNEY, *Sec., Treasury Board.*

The Auditor General.

### Special Qualifications.

TREASURY BOARD, OTTAWA, NOV. 13, 1883.

SIR,—I have been directed by the Hon. the Treasury Board to call your attention to the 5th subsection of section 7 of 46 Victoria, chap. 7 (C. S. Act), wherein it is stated that “In the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with on a report from the deputy head, concurred in by the head of the department, that it is not necessary;” and in connection therewith I have to call your attention to the “Hansard” of last session, page 1035, when in reply to an observation from Mr. Ross, of Middlesex, Sir Hector Langevin stated that these gentlemen are employed in the service in the practice of their professions, and therefore an examination would not be required, as they had already passed technical examinations before their admission into the rank of their professions.

I have now to ask whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required, as, for instance, a barrister in the Finance Department, the spirit of the Act would allow of the examination being waived?

Your obedient servant,

J. M. COURTNEY, *Sec., Treasury Board.*

The Deputy Minister of Justice.

DEPT. OF JUSTICE, OTTAWA, NOV. 15, 1883.

SIR,—I have the honour to acknowledge the receipt of your communication of the 13th instant, in which you call attention to subsection 5 of section 7 of 46 Victoria, chapter 7, wherein it is stated that “In the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with, on a

report from the deputy head, concurred in by the head of the department, that it is not necessary."

An opinion is requested as to whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required, as, for instance, a barrister in the Finance Department, the spirit of the Act will allow of the examination being dispensed with.

I am of opinion that the spirit of the Act does not allow of the examination being dispensed with in the case mentioned, but that the examination can be dispensed with only in cases where the duties to be performed by the officer seeking promotion are those connected with his profession as an attorney, barrister, engineer, architect, actuary or land surveyor.

Your obedient servant;

GEO. W. BURBIDGE, *D.M.J.*

The Deputy Minister of Finance.

### Travelling Expenses.

*Order in Council, Sept. 8, 1871.*—The Committee of Council have had under consideration an extract from the minutes of a meeting of the Treasury Board held Sept. 7, recommending that the following rules be adopted for the payment of removal allowances to Government employees, and they respectfully advise that the recommendations therein submitted be approved and adopted :—

"*Removal allowances.*—No removal allowances can be granted except on report of the Treasury Board. No removal allowance is to be granted if the salary is increased, except in special cases, and on a report of the head of the department. A removal allowance is not to exceed the actual cost on account rendered."

*Order in Council, Nov. 10, 1886, (as amended by Order in Council of Dec. 14, 1886).*—The Board having had their attention called by the Auditor General to the subject of the payment of expenses incurred by officers in the employ of the Government, while travelling on Government business, and also advances made to such officers on account of such expenses, after full consideration of the subject, recommend to Council as follows :—

1. The per diem allowance for maintenance shall not hereafter be paid to such officers for days spent on board steamers or steamships or other modes of conveyance, if the passage money includes meals and all other accommodation.

2. All advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip, and the officer shall render to the Department of Finance a detailed statement of such travelling expenses.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, Dec. 17, 1889.*—The Board, having had their attention called by the Auditor General to the subject of the payment of expenses incurred by officers in the employ of the Government while travelling on Government business, recommend to Council that a certificate be attached to accounts for travelling expenses as follows :—“The whole of the expenditure was incurred on Government business ;” said certificate to be signed by the officer who has incurred the expense.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, February 6, 1893.*—That all the previous Orders in Council relating to expenses and allowances for travelling and living expenses to officers and employees when travelling on the public service be repealed, and that it be ordered that from the date of the passing of the Order in Council founded hereon, there be paid to all officers (with the exception of the Lieutenant Governor of the North-west Territories

and the Major General Commanding the Militia, and the Judges who are otherwise provided for) travelling on public service for the Government of Canada, their actual reasonable travelling and living expenses; that all advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip; that the officers shall render to the Department of Finance a detailed statement of such expenses, and that a certificate be attached to all accounts for travelling as follows, signed in each case by the officer who has incurred the expenses:—

“The whole of the expenditure was incurred on Government business.”

JOHN J. MCGEE, *C.P.C.*

NOTE.—The Lieutenant Governor of the North-west Territories is allowed \$5 a day by Order in Council, January 12, 1888.

*Order in Council, May 4, 1893.*—That the Order in Council of February 6, 1893, limiting the amount to be paid for travelling expenses to actual outlay, be amended so as to apply only to trips commenced after the date of the Order in question.

JOHN J. MCGEE, *C.P.C.*

### Insurance.

*Order in Council, July 5, 1881.*—The Committee of the Privy Council have had under consideration, upon the suggestion of the Acting Minister of the Interior, the general question of insurance against fire of Government property; and they are of opinion and humbly advise Your Excellency, that in view of the large amount, varied character and widely separated position of the property in the Dominion belonging to the Crown, it is a wise economy for the Government to underwrite its own risks, as well on movable as on immovable property, and they recommend that all existing policies (if any such exist) be suffered to lapse and no new ones effected, and that a copy of this Order, should Your Excellency approve of it, be sent to every department of the Government.

### “ Copying.”

*Order in Council, April 1, 1886.*—That the rate to be paid for all copying done for the several departments of the Government and in the preparation of returns for the Senate and House of Commons, be fixed at five cents (5c.) per folio of 100 words, to commence on the 1st April instant.

### Appropriation Balances.

*Order in Council, June 27, 1888.*—The Treasury Board had under consideration a communication from the Auditor General respecting the interpretation of section 37 of the Audit Act, which provides for the extension of time for closing the Appropriation Accounts.

The Auditor General states that he understands the section to mean: “That an Appropriation Account can be kept open for any time fixed by the Council, up to three months, for the purpose of charging against a vote all services or supplies for which the vote was taken, that is, those rendered before June 30.”

As the present practice of bringing down the balances of appropriations for three months, and thereby lengthening the financial year to fifteen months, has been productive of delay in the preparation of the accounts for Parliament, and with the view of definitely deciding what course should be followed, the matter was referred to the Department of Justice for opinion.

The Deputy Minister of Justice reports : " The question is, whether, upon an Order in Council having been passed as specified in the section, a Department may make additional expenditure and incur increased liabilities upon the strength of the original estimate ; or whether the extension referred to in the section is only for the purpose of enabling a Department to pay after June 30 liabilities that have been incurred previously to that date. It would appear that the latter interpretation is the correct one. The section, without the proviso, categorically provides that any balance unexpended on June 30 shall lapse and be written off. The proviso does not either expressly or by implication give a Department power to make a new expenditure, and if that power is not contained in the proviso it is nowhere : it does not exist. The only meaning to be drawn from the proviso is that the extension is made for the purpose of paying after June 30, out of the original appropriations, such accounts as had at that date been incurred."

The Board, after careful consideration of the matter, recommend to Council that for the current fiscal year the present practice be retained, so that no inconvenience may be experienced by the Departments, the Auditor General having intimated that he is willing that for the present year such course be adopted ; but as the law is clearly in accordance with the contention of the Auditor General, the Board are of opinion that under existing circumstances the practice now followed cannot be continued.

### Contracts.

*Order in Council, May 23, 1880.*—On a joint memorandum dated March 20, 1880, from the Honourable the Minister of Public Works and the Minister of Railways and Canals, recommending that hereafter all public works involving an expenditure of over \$5,000 shall be let by public tender and contract, unless owing to urgency or other cause it be deemed advisable to take different action, and that in all such cases authority be obtained by an Order in Council. That with all tenders submitted, a money guarantee, or approved accepted cheque shall be given, to be open to forfeiture in the event of the tenderer failing to make the necessary five per cent deposit, hereinafter referred to, within eight days after receiving notice of the acceptance of the tender, or of his declining to enter into contract when requested, the amount of such guarantee to be fixed at a sum not less than \$1,000, nor more than \$5,000. That upon acceptance of a tender, and notification by the Department concerned, the intending contractor shall, within eight days, deposit with the government a sum of money equal to five per cent of the amount of his contract. That in all cases where tenders have been called for, the lowest received shall be accepted, unless good and sufficient reasons appear for passing over such tender. The Committee submit the above recommendations for Your Excellency's approval.

Certified,

*Order in Council, May 2, 1893.*—On a memorandum dated May 1, 1893, from the Minister of Finance submitting a report from his deputy respecting contractors' securities.

The Minister recommends, in accordance with the suggestion therein contained, that notice be immediately given to the Department of Finance by the department having control of the work in case of the failure of contractors having a contract for the performance of work for the Government, and having security deposited with the Department of Finance.

The Committee submit the same for Your Excellency's approval, and advise that a copy of this Minute be forwarded to the minister of each department for his information.

JOHN J. MCGEE, *C.P.C.*

## Auditor General's Report, 1892-93.

*Memorandum respecting Contractors' securities.*—The undersigned has to report that by Order in Council of June 16, 1888, all cheques and all deposits on account of contractors' securities are turned by this department into cash, and deposited in the Government savings bank, and in some instances, where the security given is large, the interest accruing on the deposits is paid to the contractors yearly at their request.

The attention of the undersigned has lately been directed to the fact that a firm of contractors having a deposit now in the hands of the Government has recently failed, and it is just possible that cases may arise in which moneys may be paid over by this department unwittingly, for interest, to contractors who have suspended payment. To obviate such a contingency, the undersigned would suggest that the matter be brought before the Treasury Board, with a view of having a Minute adopted to the effect that whenever a firm of contractors having a contract for the performance of work for the Government and having security deposited with this department, fails, notice thereof be immediately given to this department.

J. M. COURTNEY, *D.M.F.*

(Circular.)

FINANCE DEPT., OTTAWA, July 4, 1888.

SIR,—I have the honour to inclose herewith a copy of an Order in Council, passed on June 16, 1888, respecting the mode of treatment of securities deposited by public contractors, from which you will observe that hereafter the proceeds of all cheques and all deposits on account of contractors' securities are to be deposited in the Government Savings Bank.

I have the honour therefore, to request that you will be good enough, immediately a contract is entered into, to send me all the securities for the performance thereof, in order that I may deposit the proceeds of the said securities in the manner prescribed by the Order in Council above referred to.

J. M. COURTNEY, *D.M.F.*

*Order in Council, June 16, 1888.*—The Board submit for the favourable consideration of Council the annexed memorandum from the Deputy Minister of Finance respecting the mode of treatment of securities deposited by public contractors, to the effect that the proceeds of all cheques and all deposits on account of contractors' securities be deposited in the Government Savings Bank.

### Small Balances Due to Estates.

AUDIT OFFICE, OTTAWA, June 12, 1888.

SIR,—It frequently happens that there is a small sum due to the estate of a deceased person who has left no will, generally for superannuation or salary, when the whole assets of the estate are so small that the cost of obtaining letters of administration would be a large part of them.

I suppose that in strictness the amounts due by the Government cannot be paid legally to any one but the administrator of the estate. However, the amounts are frequently paid, either on receiving a renunciation from all the other known heirs in favour of one, or on a bond approved by the Department of Justice, indemnifying against loss, should a person who has obtained the legal right to claim the payment make a demand for it.

I would suggest that payment, under the circumstances above set forth, should be made to a person who is not legally empowered to demand it, only when the assets of the estate are under one hundred dollars, and after the execution of a bond as above described, approved by the Department of Justice, with any additional safeguards which, in the opinion of the Department of Justice, the special circumstances of the case call for.

Yours truly,

J. L. McDOUGALL, *A.G.*

The Secretary, Treasury Board.

TREASURY BOARD, June 19, 1888.

SIR,—With reference to your letter of the 12th instant, respecting the payment of small sums to the estate of persons who have died intestate, and the whole assets of whose estate are so small that the cost of obtaining letters of administration would swallow up the greater portion of them, I have the honour to state that the Treasury Board have considered the matter, and they direct that each case be referred to them for decision as to the action to be taken.

Yours truly,

J. M. COURTNEY, *Sec., T.B.*

The Auditor General.

### Franking Privilege at Ottawa.

*Order in Council, February 25, 1892.*—By an Order in Council, dated February 25, 1892, the following regulations governing the franking privilege were approved:—

#### *Regulations.*

1. In each department there may be used one franking stamp, such stamp being a facsimile of the usual signature of the deputy head, and to be kept in the custody of some officer or confidential clerk specially intrusted by the deputy head with that duty, and to be affixed by him upon official correspondence only.

2. When envelopes with a printed official address thereon are used, the name of the deputy head may be printed on such envelopes.

3. In addition to the printed stamp or printed signature as above provided, the head of the department and the Private Secretary of the head of the department in the name of his Minister, and the deputy head, may frank by a written signature or initials; but no other method of franking except as above enumerated will be permitted.

4. No blank or unaddressed envelope shall in any case be franked.

5. The deputy head of each department shall furnish the Postmaster General with an impression of the facsimile stamp which it is proposed to use in his department.

6. The General Officer commanding the Militia of Canada, the Adjutant General of Militia, the Auditor General and the Superintendent of Insurance shall, for the purposes of these rules, be respectively considered as deputy heads of departments.

7. All the official correspondence of the several departments, except that of the heads of departments, the deputy heads and the private secretaries of the Ministers, shall be transmitted in envelopes having printed or written thereon the words "On Her Majesty's Service"; and no envelope bearing the superscription shall be used for any private correspondence.

8. From and after the 15th day of March, 1892, no private correspondence whatsoever shall be transmitted from any department of the Government at Ottawa or elsewhere, or any branch thereof under frank, nor shall the postage due thereon be charged against the Government.

9. All private correspondence addressed to any member of the Civil Service at Ottawa, or to the care of any civil servant, shall be liable to the same rates of postage as apply to the public generally.

10. Should any letter addressed to any civil servant at Ottawa upon which postage has been paid on delivery prove when open to be on public business, the amount so paid may be refunded on the certificate of the deputy head of the department to which the addressee belongs.

11. Any employee offending against any of these regulations shall be liable to suspension or such other punishment as the Governor General in Council may determine.

## Auditor General's Report, 1892-93.

### Certificates on Vouchers.

*Revised Statutes of Canada, Cap. 29, Sec. 33.*—No payment shall be authorized by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer, under whose special charge such part of the public service is, certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just.

*Note.*—The proper officers to make these certificates are those who have personal knowledge of the facts in each case.—J. L. McD.

### Overdrafts of Appropriations.

*Memorandum for the Minister of Finance.*—You have frequently had occasion to allude in conversation to the overdrafts of appropriations made by departments under their letters of credit, and to inquire whether a remedy could not be found for the evil.

The irregularity occurs :—

(1.) Sometimes by overdrawing the credit to the Bank,—but

(2.) More often while there is a part of the credit unused, the over-expenditure of one appropriation being possible owing to an equal or greater aggregate under-expenditure of other appropriations.

It may be supposed that the remedy for (1) would be to give instructions to the Bank not to cash cheques against an exhausted credit.

When, however, I have been applied to by a bank for instructions with reference to cheques presented for payment against an overdrawn credit, although I could not, as is plain, request the bank to continue cashing the cheques, I have hesitated to ask that the cheques should be dishonoured, as it might be hurtful to the credit of a department to have it generally understood that it was doubtful whether its cheques would be accepted.

Besides with (1) as with (2) the responsibility should be laid upon the department. If the Accountant of a department attends to his duties, he charges each cheque as it is issued against its appropriation and against the letter of credit of the department, and may be expected to be fully informed from time to time as to the balance of the credit and of each of the appropriations.

I therefore beg to recommend that an Order in Council based upon a report of the Treasury Board be passed, making it the duty of the accountant of each department to inform the deputy minister of the department whenever a cheque which is about to be issued will overdraw an appropriation or letter of credit, so that such cheque may not issue until parliamentary, or other authority as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

(Sgd.) J. L. McDOUGALL, A.G.

Auditor General's Office,  
OTTAWA, May 28, 1892.

*Order in Council, July 7, 1892.*—On a report dated July 4, 1892, from the Minister of Finance, submitting the annexed memorandum from the Auditor General with regard to the overdrafts of appropriations made by departments under their letters of credit.

The Minister in accordance therewith recommends that it be the duty of the accountant of each department to inform the deputy minister of the department whenever a cheque, which is about to be issued, will overdraw an appropriation or letter of credit, so that such cheque may not issue until parliamentary, or other authority as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

The Committee recommend that a copy of this Minute be sent to the several departments for their guidance in future.

### Tariff of fees on Commissions.

*Order in Council, Sept. 7, 1893.*—The Committee of the Privy Council have the honour to recommend to Your Excellency the adoption of the annexed report of the Secretary of State with reference to the tariff of fees upon commissions to public officers:—

That the following tariff of fees chargeable upon commissions to public officers be confirmed.

1. Upon commissions to lieutenant-governors, ministers of the Crown, judges of all courts, junior judges, deputy ministers and Queen's counsel, a fee of \$20.00.

2. Upon commissions issued to officers or others receiving salaries of \$1,000, or over, a fee of \$15.00.

3. Upon commissions issued to officers or others receiving salaries from \$400 to \$1,000, a fee of \$8.00.

4. Upon commissions issued to officers or others receiving salaries from \$100 to \$400, a fee of \$5.00.

5. Upon commissions issued to officers or others receiving salaries of \$100, or to officers or persons appointed to office, who are paid by fees of office, a fee of \$4.00.

He would also submit that in the case of the Solicitor General of Canada, the Controller of Inland Revenue and the Controller of Customs, and of all officers in the service of the Crown who may receive a salary of three thousand dollars or upwards, the fee chargeable on commissions issued to them be fixed at twenty dollars.

The above to apply to commissions issued under the great or privy seal.

He would further recommend that no commission or document be delivered out of the Department of the Secretary of State until the fee, if any, has been paid thereinto.

### Maximum number of Reports to be ordered by each Department for Free Distribution.

*Order in Council, Jan. 19, 1893.*—On a report dated 16th January, 1893, from the Minister of Finance, stating that by Order in Council, dated the 26th May, 1886, authority was given for placing on sale by the Queen's Printer, copies of public documents other than those distributed officially to the Houses of Parliament and the departments, that in accordance with this Order a circular was sent to the various departments requesting them to order only such copies as they absolutely needed for official purposes, and due arrangements were made by the Queen's Printer for advertising and supplying copies to the public.

The Minister finds that the number required for parliamentary inside and outside distribution is as to most of the departmental reports 1,800 copies of each, and as to five of the most important 2,050 each. The numbers ordered by the different departments for their own distribution vary from 315 to 10,000, as will be seen from the annexed list.

The Minister is of opinion that it is desirable to secure greater uniformity and economy in the orders from the various departments, and that the number ordered by each should be based on the call for necessary distribution.

The Minister therefore recommends that each department be authorized to order within its discretion for its own distribution copies of its reports not to exceed a maximum of 500 copies of each report, and that the Queen's Printer be authorized to reserve for purposes of sale such number of the departmental reports and to arrange for their sale in such manner as may be deemed advisable by the Secretary of State.

### **Triplicate deposit receipts for balances of travelling-expense advances to go to Accountant of Contingencies.**

*Order in Council, June 10, 1893.*—That the following regulation in connection with accounts to be rendered to the Accountant of Contingencies for sums advanced from Civil Government Contingencies be approved of by Council :—

That the triplicate receipts for all refunds of balances of amounts advanced from Civil Government Contingencies for travelling expenses and for petty cash, and for all other refunds made on account of Civil Government Contingencies be forwarded by the department or officer making such refund to the Accountant of Contingencies for the purpose of closing the personal accounts and replacing to the credit of the different departments the amounts so refunded, to enable him to keep a proper check upon the various appropriations.

**Civil Service Promotions.**

*Order in Council, April 12, 1893.*—His Excellency, in virtue of the provisions of Section 39 of “The Civil Service Act,” as amended, and by and with the advice of the Queen’s Privy Council for Canada, is pleased to make the following regulation :—

Hereafter no clerk on the staff of any department of the Public Service, who was in the service or employment of the Government on the first day of July, 1882, and has since been continuously engaged therein, shall as a condition of promotion be required to pass an examination in any other subject than the duties of the office to which he seeks promotion, unless in any special case the Deputy Minister by a report concurred in by the head of the department submits to the Board of Examiners other subjects of examination as a test of fitness for such office.

\* TO THE AUDITOR GENERAL:—I enclose herewith a statement of my cab-hire expenses for the current financial year. All the larger items, amounting to \$22.50, were incurred on account of immigration delegations, chiefly in sending them to the Experimental Farm. In some instances I accompanied the parties myself, but in most cases I did not. I think this should be made to appear in your report.—A. M. BURGESS, June 15, 1893.

## Auditor General's Report, 1892-93.

*To the Auditor General.*—You will observe that as usual there is no reply from Mr. McGee, the Clerk of the Privy Council, to the observations concerning his petty cash expenditure. With reference to his payments of newspaper subscriptions from petty cash, I had some time ago protested to him about the custom.—W. H. Hayes, October 13, 1893.

### Justice Department Contingencies.

*To the Accountant of Contingencies.*—Cheque 3066, George L. Foster: travelling expenses, Winnipeg to Ottawa, \$302.05. The trip from Winnipeg to Ottawa dates from Dec. 6 to Dec. 17, 1892, while the living allowance charged is from Oct. 14 to Dec. 17 (65 days), 55 days at \$3.50 and 10 days at \$5. The days at \$3.50 and at \$5 should be distinguished, and an explanation given of the charge for living allowance from Oct. 14 to Dec. 6.—J. L. McDougall, June 27, 1893.

*To the Deputy Minister of Justice.*—In reply to Mr. Hayes's letter of the 25th ultimo respecting my travelling expense account from Winnipeg to Ottawa in December last, I beg to state that by Order in Council of October 14 last, I was reappointed Accountant of Penitentiaries, and as such I remained in the performance of the duties of my office until I left for Ottawa. In November I received instructions to return to Ottawa *via* Detroit in order to identify an escaped convict, G. A. Gillette, who had been recaptured there. I was detained there several days attending his examination before the extradition commissioner. This will account for the charge of 10 days at \$5.—Geo. L. Foster, Kingston, August 12, 1893.

*To the Accountant of Contingencies.*—J. G. Moylan's travel account:

Disbursements visiting St. Vincent de Paul Penitentiary from 12th to 22nd June, for livery, tolls, meals, &c., for teamster.....	\$38 60
--	---------

Please ask for a detailed statement.

J. G. MOYLAN, cab-hire—

20 days at Ottawa from Nov. 22, 1892, to April 29, 1893,  
when ill. . . . . \$10 00

This outlay is of a personal nature and should be refunded.

May 28, 1893: Cab to and from church, Montreal (rain). \$1 00

Cab-hire to church is not a charge against public funds. Please ask Mr. Moylan to refund these items.—J. L. McDougall, Oct. 18, 1893.

### Militia Department Contingencies.

*To the Accountant of Contingencies.*—Cheque 2914: St. Johns "News," subscription from January 1, 1886, to February 28, 1893, at \$2, \$14.34. Please ascertain the cause of delay in rendering this account.—J. L. McDougall, May 18, 1893.

*To the Accountant of Contingencies.*—In reply to your letter of the 20th inst. I have the honour to inform you that the account for subscription to the St. Johns "News," from January 1, 1886, to February 28 last, did not reach this office before date of payment, hence the delay.—C. Eug. Panet, July 28, 1893.

### Interior Department Contingencies.

*To the Accountant of Contingencies.*—P. Buckley, driving Hon. T. M. Daly, \$58.75. I do not find that the vouchers are initialled either by the Minister or his private secretary. They are returned herewith.—J. L. McDougall, May 18, 1893.

*To the Accountant of Contingencies.*—Referring to your letter of the 25th ultimo containing an extract from a communication from the Auditor General, respecting expenditure in connection with Civil Government contingencies, which extract referred more particularly to certain vouchers for cab-hire obtained from Mr. P. M. Buckley, I am directed to furnish you with the following explanations in regard to these vouchers: Although the vouchers were not initialled as stated by the Auditor General, the tickets on which the payments were made were initialled, as required. Such tickets are always retained in the customary manner in the Accountant's office, only the vouchers signed by the cabmen being forwarded to the Finance Department.—Lyndwode Pereira, Asst. Secretary, June 2, 1893.

*To the Accountant of Contingencies.*—Cab-hire vouchers: Please ask the Interior Department to furnish in future the tickets initialled by the Deputy Minister, as well as the vouchers signed by the cabmen.—J. L. McDougall, October 18, 1893.

### Department of Indian Affairs Contingencies.

*To the Accountant of Contingencies.*—Cheque 2452: F. Giasson, making cupboards for files, and step-ladders for same, according to contract (Order in Council, Sept. 12, 1892), \$345.00. I beg to point out that this is an improper charge against Civil Government contingencies, notwithstanding the authority of an Order in Council, as the Contingencies Act makes no provision for covering expenditures of this nature. The appropriation for "Repairs, furniture, &c., public buildings" is that under which this expenditure, if made at all, should have been made. Then all expenditure of this kind should be made under the Public Works Dept. (See Public Works Act.)—J. L. McDougall, June 27, 1893.

*To the Accountant of Contingencies.*—As regards the point raised in connection with the issue of cheque No. 2452, I beg to state that in accordance with the Order in Council of the 12th September, 1892, the payment for file cupboards was made from contingencies.—L. Vankoughnet, July 24, 1893.

## Auditor General's Report, 1892-93.

*To the Accountant of Contingencies.*—With further reference to the payment of \$345 to F. Giasson for making cupboards for files, Dept. of Indian Affairs, I beg to point out that in the Department's letter regarding my objection, which you handed to me, the main contention of my letter is overlooked, viz., that notwithstanding the authority of an Order in Council the charge against contingencies is an improper one, inasmuch as an Order in Council cannot over-ride an Act of Parliament. Besides there being no provision in the Contingencies Act for such an expenditure, the Public Works Act, Sec. 7, Sub-sec. 2, states that the Minister of Public Works shall have the management, charge and direction of the supplying of furniture and fittings of the Government buildings at the seat of Government. The only authority that can supersede an Act of Parliament is another Act repealing it.—J. L. McDougall, November 20, 1893.

### Customs Department Contingencies.

*To the Accountant of Contingencies.*—Miss Jessie B. Christie's travel accounts: The accounts (for \$70.70 and \$359.25) are herewith returned for insertion of the date of each item. These accounts cover the expenses of three persons. Please furnish the names of the other two and show how the total of each account should be divided among them. A certificate is required from each of them that "the whole of the expenditure was incurred on Government business."—J. L. McDougall, Oct. 18, 1893.

### Inland Revenue Department Contingencies.

*To the Accountant of Contingencies.*—March 3, 1893: H. Beaupré, cab-hire, driving Secretary (departmental) during illness, \$9.50. Please furnish an account.—J. L. McDougall, June 27, 1893.

*To the Accountant of Contingencies.*—

April 19, H. Beaupré, cab-hire for Secretary's branch.....	\$0 75
May 23, Daniel Nickel, for hack.....	0 50

These vouchers are returned for the names of the officers driven, and the initials of the Deputy.—J. L. McDougall, Oct. 18, 1893.

*To the Accountant of Contingencies.*—In returning you the accompanying vouchers, forwarded to this Department in your letter of the 11th inst., I beg to say that it is impossible to remember the precise cases in which the cab-hire was incurred, nevertheless the expenditure was on Government account, or it would not have been passed here.—E. Miall, Nov. 27, 1893.

### Post Office Department Contingencies.

*To the Accountant of Contingencies.*—Cheque 2564: St. Johns, Que., "News." Subscription from Jan. 1, 1886, to Jan. 1, 1893, at \$2—\$14. Please ascertain the cause of delay in rendering this account for payment.—J. L. McDougall, June 27, 1893.

*To the Accountant of Contingencies.*—Referring to your letter of the 20th inst., calling attention to an extract from a letter received by you from the Auditor General, in which he requests an explanation of the delay in rendering an account for subscrip-

tion to the St. Johns, Que., "News," the account as rendered being for seven years' subscription, I am directed to say that it appears to have been due to an oversight on the part of the "News" that their account was not rendered sooner.—W. D. LeSueur, July 21, 1893.

### Agriculture Department Contingencies.

*To the Accountant of Contingencies.*—Cheque 2890: Sydney "Advocate." Subscription from Oct. 14, 1879, to Sept. 1, 1892, at \$1.50—\$19. This paper was received thirteen years in the department without having been paid for, which seems to point to a want of system in looking after newspaper accounts. I observe that the "Advocate" rendered an account on February 10, 1890, which was not paid, although it appears to have been correct. Please ask the department for an explanation of the delay.—J. L. McDougall, June 27, 1893.

*To the Accountant of Contingencies.*—The account of the Sydney "Advocate," to which you referred in your letter of the 20th inst., was due for the number of years stated and had not been paid, no account having been rendered to the department.—J. Lowe, July 27, 1893.

I beg to draw your attention to my letter of April 7 last, which reads as follows:—  
 “ I beg to point out that the provision in the Supplementary Estimates, 1892-93, and the further Supplementary Estimates, 1892-93, for the payment of the salaries for the month of January last of certain extra clerks in the Privy Council office and the Agriculture Department respectively, whose pay for that month was withheld on account of their not having passed the necessary Civil Service examination, shows that the services of these clerks have been continuous since the last examination, which is in contravention of the Civil Service Act, section 47, subsection 1, which reads as follows: ‘ But such other person shall not be continued in such temporary employment after the period in which a preliminary or qualifying examination is held unless he presents himself for examination and obtains a certificate of having passed the necessary examination.’ ”

## Auditor General's Report, 1892-93.

Will you be good enough to give the reasons for these payments. The only payment which was legalized by the item in the Supply Bill was that for January. There was no reference in that item to any subsequent employment, nor does the item supply any evidence that such subsequent employment was contemplated.

Miss F. M. Farrell, an extra clerk in the Post Office Department, has passed the preliminary examination only, which qualifies her for her employment as a copyist and entitles her to the minimum salary of a third-class clerk, viz. : \$400. I find that she is being paid at the rate of \$1.50 a day, or \$547.50 a year. Please let me know your reasons for allowing this remuneration in view of the restrictions of the Civil Service Act.—J. L. McDougall, October 18, 1893.

*To the Auditor General.*—As to furnishing "receipted accounts in support of the hotel expenses," I may say that while I am glad to receive and forward these to you with the statements of travelling expenses, and have, whenever my advice has been asked in the matter, expressed myself in favour of such being furnished whenever possible, yet from my reading of the Order in Council of February 6, 1893, governing the expenditure for travelling, and the accounting for the same, I have not been able to come to the conclusion that I had the power to demand such vouchers. The Order in Council says that "the officer shall render a detailed statement of such expenses," not that these details shall in any particular be supported by receipted accounts, and provides moreover that the officer shall certify that "the whole of the expenditure was incurred on Government business."

You quote your letter of 7th April last, and in connection with such quotation cite the payments to several extra clerks in the Departments of Privy Council and Agriculture for the months from February onward, and ask my reasons for making these payments. Briefly, my reasons were that between the date of receipt of your letter and the date for the next payment to be made a Treasury Board Minute was placed in my hands, which decided, taking into consideration your letter and an opinion of the Department of Justice upon the same, that the payment to these clerks for February and subsequent months, under the circumstances, was not contrary to Sec. 47, Sub-sec., of the Civil Service Act.

I do not find in the Civil Service Act any restriction to the payment to Miss F. M. Farrell as a copyist, of more than the minimum salary of a third-class clerk. On the contrary the certificate was given as required by sec. 47, that the work performed by her was technical, requiring special qualifications, and passed by the Treasury Board.

Please show me where, in the Civil Service Act, employment as a copyist, the qualification for which is the preliminary examination, is linked with the minimum salary of a third-class clerk.—W. H. Hayes, November 7, 1893.

*To the Accountant of Contingencies.*—I beg to acknowledge receipt of your letter of the 7th instant. With reference to receipted accounts for hotel bills as vouchers for travelling accounts, and your doubts as to your right to ask for them, my view is that the Order in Council does not contemplate that the bill in detail and the certificate are to be looked upon as sufficient in all cases, but that they are in all cases necessary, it being understood that all other evidence which is important and reasonable for the particular bill should be obtained.

With reference to the cases of the extra clerks in the Departments of the Privy Council and Agriculture who have not passed the Civil Service examination and whose employment is, in my opinion, illegal, their employment having begun before the last examination, I would draw your attention to the Audit Act, section 32, in which the method of conducting in the Treasury Board an appeal from my decision on any point is described. You will observe that the matter was not referred to me for any comments which might appear to me proper to make. I therefore have to request you not to continue making payments to the extra clerks named until the Treasury Board has regularly passed upon the point.

I think what you say about restricting clerks who have passed the preliminary examination only to the minimum salary of a third class clerk. You refer to the provision under which the higher salary can be allowed for special qualifications. Civil Service

Act, sec. 47, sub section 2, reads: "The rate of remuneration to be paid for temporary service shall not exceed the minimum salary of a third-class clerk, unless the service to be performed is technical and requires special qualifications."

Although it is the custom to allow copyists who have passed only the preliminary examination pay at the rate of \$400 a year, this custom does not seem to have been contemplated by this section. The expectation seems to have been that, as the preliminary examination is nothing more than a part, and a small part, of the qualifying examination, and as the maximum allowance to a person who had passed the qualifying and much higher examination was to be \$400, the allowance to the copyist was to be less than \$400. I have never been able to say how much less because the Act did not fix a separate limit.

Now we have to deal with persons who are to receive greater remuneration than the maximum allowance to those who have passed the higher examination. These persons must pass an examination—which is it? If it is optional with the candidate he will of course go to the simple examination. What did Parliament intend?

1st. Small pay to the copyist who passed the preliminary examination.

2nd. Higher pay to the higher grade clerk who passed the higher examination; and

3rd. The highest pay to the clerk who passed only the preliminary examination.

The first and second are explicitly laid down, surely the third is not a reasonable consequence.—J. L. McDougall, November 9, 1893.

*To the Auditor General.*—I have the honour to acknowledge the receipt of your letter of 9th inst., and in reply thereto would say, first, regarding the asking of vouchers for certain parts of expenditure for travelling, that I am not in doubt as to my right to ask for them, as your letter implies, but am of opinion that I have no such power under the Order in Council of February 6 last, and I am sorry if my letter was not clear on this point. At the same time I wish it to be understood that I hold myself in duty bound to take exception to any apparent irregularity in an account for travelling expenses, as well as for any other service, and am not confined in that particular to the living expenses, any more than any other item of the account.

Second, as to the payments to which you have taken exception, to the clerks in the Departments of Privy Council and Agriculture, in connection with which you have drawn my attention to the Audit Act, section 32, and say that I will observe that the matter was not referred to you for any comments which might appear proper for you to make, I beg leave to say that this is a matter of which I have no knowledge, but that, as I have told you, a Minute of the Treasury Board was placed in my hands, overruling your objection and authorizing the continued payment to these extra clerks. If this decision was not obtained in a regular manner, it is a matter between you and the Treasury Board.

Third, the Civil Service Act prescribes two examinations, preliminary for temporary copyists, and qualifying for clerkships, and section 47, subsection 2, which you quote is as far applicable to the one as well as to the other. The point seems to me to be just this: is it or it is not possible for a copyist in performance of duties as a copyist to be engaged in technical work requiring special qualifications? Is it not possible that a person might not be able to pass the qualifying examination, and still be possessed of special knowledge or attainments which would be of value above the ordinary?

This argument of ours is all in connection with the qualification and payment for temporary services. It is in connection with appointments to permanent positions that the advantage of the one examination over the other becomes manifest.

If I were interpreting the intention of Parliament I would take exception to your 1st and 2nd, as I do not think that what you state is explicitly laid down, but rather that as far as payment for temporary service is concerned they are on the same basis. Further back in your letter you do not seem to think that the terms of the Act are as explicit, as you say "the expectation seems to have been, &c."

You say the 3rd is not a reasonable consequence. I have not said at any time that the clerk passing only the preliminary examination should receive the highest pay.

## Auditor General's Report, 1892-93.

---

In conclusion, the facts of the case concerning Miss M. Farrell's employment and payment at the rate of \$1.50 per day, were before the Treasury Board when such employment was authorized and it is therefore reasonable to believe that I have their concurrence in applying the Civil Service Act as I do.—W. H. Hayes, Nov. 18, 1893.

*To the Accountant of Contingencies.*—I have your letter of the 18th instant with reference to :

1. Vouchers for travelling expenses.
2. The payments to extra clerks who have not passed the Civil Service examination on the ground that their January pay was specially voted by Parliament.
3. Whether an extra clerk can be legally paid more than \$400 without having passed the qualifying examination.

It appears to me that we cannot come much nearer to an agreement on any of the points by continuing the discussion, and that therefore you should now refer each of the questions to the Treasury Board.

You will be good enough to consider in the meantime your credit as not covering payments in which the points now in difference affect the amount.—J. L. McDougall, Nov. 22, 1893.

*To the Auditor General.*—I have the honour to inclose herewith the replies as far as received concerning the points raised in your letter of October 18. In reference to the vouchers for hotel expenses you have expressed yourself in favour of doing just what any business man would do under the circumstances. Please note in the Queen's Printer's letter his concluding paragraph, which touches on this point, and coming from a gentleman so recently removed from active commercial life, seems to me to be of great value.—W. H. Hayes, Nov. 24, 1893.

*To the Accountant of Contingencies.*—I am in receipt of your letter of the 10th inst., regarding \$22 for my hotel expenses. It is the only time I have had occasion to charge the Government for hotel expenses, and I was not aware that any special voucher would be required ; so I took no receipt for them any more than for railway fares. I had not been in the habit of asking for such vouchers from my commercial travellers when I was in business, and therefore I did not take the precaution to get bills.—S. E. Dawson, Nov. 11, 1893.

*To the Accountant of Contingencies.*—In regard to my travel account, I beg to say that it is usual for me to obtain vouchers of hotel expenses, but I left the Murray Hill Hotel in New York on the 5th of May last in a very great hurry and had not time to get one. However, I think this should be of little consequence, as \$5 per diem is well known to be the minimum charge at that hotel.—A. M. Burgess, 14 Nov., 1893.

*To the Accountant of Contingencies.*—Referring to yours of the 11th, in which you state that the Auditor General requires vouchers for certain items of expenditure by this Department, viz : the amounts paid to Mr. Payne for hotel expenses in April and May last. This service was of course in connection with the Tariff Commission, and was partly payable by the Finance Dept. I know nothing of the vouchers in question, nor can I possibly have any knowledge until Mr. Payne returns from Australia. Whether he has any is doubtful.—W. G. Parmelee, Nov. 13, 1893.

*To the Accountant of Contingencies.*—J. B. Lynch : Voucher requested for hotel expenses, five days at Washington. Mr. Lynch did not obtain a voucher for the payment in question, and I think it is the custom at American hotels simply to pay accounts for board and living without obtaining receipts, but Mr. Lynch's declaration attached to his account was held to be sufficient voucher for this specified payment for hotel board.

H. J. Gibbs, Patent Solicitor, Toronto : The amount of \$18 was a specific allowance authorized and directed by the Minister to pay Mr. Gibbs for coming to Ottawa in a matter pertaining to departmental business, within the dates named, and no details were requested. The amount covered both expenses and services.—J. Lowe, Nov. 16, 1893.

---

*To the Accountant of Contingencies.*—In a communication, addressed to the Commissioner and bearing date the 11th inst., you state that “the Auditor General asks for receipted accounts in support of the hotel expenses” received by me in the months of May and June last.

I reply thereto, I beg to say that I was under the impression that the Order in Council of the 6th February, 1863, did not call for vouchers for expenses incurred for travelling and living expenses when on the public service, and in consequence, have not requested vouchers for my living expenses.

In future I will obtain vouchers for my hotel bills and if, under the terms of the Order in Council quoted, it is decided that vouchers are required, I will be in a position to furnish them.

I may add, however, that my interpretation of this Order in Council is, that the certificate that “the whole of the expenditure was incurred on Government business,” must be attached to each account, but that vouchers are not asked for or required.—W. J. Gerald, November 24, 1893.

#### Printed Cab Tickets.

*To the Accountant of Contingencies.*—Please suggest to the Public Works Department and Railways and Canals the use of printed cab tickets, as is the custom in most of the departments at present.—J. L. McDougall, May 18, 1893.

# Auditor General's Report, 1892-93.

## Newspapers.

DEPARTMENT OF JUSTICE, OTTAWA, March 10, 1893.

SIR,—Referring to your letter of the 9th inst. bringing to my notice a payment of \$6 made by the Warden of Kingston penitentiary, for one year's subscription to the "Montreal Gazette," and stating that the voucher for the payment of this amount "bears no evidence of having been submitted for the Minister's authority," I have the honour to inform you that no newspapers are taken at any of the penitentiaries, at the expense of the Government, without the sanction of the Minister of Justice.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, *D.M.J.*

## Reward for Capture of an Escaped Convict.

AUDIT OFFICE, OTTAWA, March 21, 1893.

SIR,—I beg to ask for the authority under which the warden of the Manitoba Penitentiary paid H. G. Blanchard, United States Marshal at Detroit, the sum of \$200 as a reward for the recapture of escaped convict, George A. Gillett.

The only information sent me in connection with this payment is Mr. Blanchard's receipt for the amount. The nature of the services rendered and the time occupied in the performance of such services are not given.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

## Supplies Purchased, not under Contract.

AUDIT OFFICE, OTTAWA, March 20, 1893.

SIR,—With reference to the coal purchased from the Alberta Railway and Coal Co. during the current fiscal year for the Manitoba penitentiary, I beg to point out that the contract entered into with A. M. Nanton provides only for the price of hard coal. Of this kind 56 $\frac{7}{10}$  tons at the contract price, \$9.40 per ton, were purchased to December 31, 1892, whereas there were obtained within the same period 617 $\frac{1}{10}$  tons of soft coal at \$7 per ton though there is no provision for such price in the contract. The accounts rendered for the soft coal—vouchers 48 and 72—are certified "prices according to contract."

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 14, 1893.

SIR,—I beg to call your attention to the following list of supplies furnished to the Kingston penitentiary during the current fiscal year by John Halligan & Co., the prices of which were not fixed by contract :—

Compressed yeast, 55 lbs. at 30c.....	\$ 16 50
Beans, 32 $\frac{1}{2}$ bushels at \$1. 25.....	40 44
Potatoes, 158 $\frac{1}{2}$ bushels at 56 $\frac{2}{3}$ c.....	89 80
do 70 $\frac{1}{2}$ do 53 $\frac{1}{3}$ c.....	37 47
do 18 $\frac{3}{4}$ do 66 $\frac{2}{3}$ c.....	12 50
Whitefish, haddock, &c., 1,152 $\frac{1}{2}$ lbs. at 10c.....	115 25

The quantities given were supplied from July 1 to December 31, 1892.

With reference to the supplies furnished by Halligan & Co. under contract, I notice that the price charged for salt codfish is 4 cents per 100 lbs. This amount is so absurdly below the regular market price that some explanation in regard to its acceptance should be given. You will observe that only 150 lbs. of codfish at the contract

rate was purchased during the six months to December 31, 1892, whereas it was found necessary to obtain 1,152½ lbs. of whitefish at 10 cents—an article which I have pointed out is not under contract.

The Deputy Minister of Justice.

I am, sir, your obedient servant,  
J. L. McDOUGALL, A.G.

DEPARTMENT OF JUSTICE, OTTAWA, March 20, 1893.

SIR,—Referring to your letter of the 14th inst., calling attention to certain supplies furnished to the Kingston penitentiary during the current fiscal year, by Messrs. John Halligan & Co., the prices of which were not fixed by contract, I have the honour to inform you as follows, viz.:—1st. Compressed yeast was not in the tender calling for groceries owing to an oversight. The warden of the penitentiary, however, is satisfied that he is getting yeast at as reasonable a figure as if it had been tendered for. 2nd. It has never been customary to call for tenders for potatoes, beans, or fresh fish, the impression being that these commodities could be bought to better advantage in the open market, as, at the season when tenders for penitentiary supplies are called for—early in June—it would be impossible to form an intelligent estimate of what the value of these articles would be for the next twelve months, more particularly in the case of fresh fish and potatoes. 3rd. The 1,152½ lbs. of fresh fish were used in the officers' mess. It is only during Lent that any considerable quantity of fish is used in the convicts' dining hall, and then it is always salt; no doubt the quantity tendered for by the warden will be used by the end of the present fiscal year. So far as the price of the salt codfish is concerned, all that I am able to say is, that 4c. per cwt. is Messrs. Halligan & Co.'s tender price.

The Auditor General.

I have the honour to be, sir, your obedient servant,  
E. L. NEWCOMBE, D.M.J.

AUDIT OFFICE, OTTAWA, March 17, 1893.

SIR,—I beg to bring to your notice the following accounts for supplies furnished the Kingston penitentiary during the current fiscal year, the prices of which are not covered by the contracts awarded to John McKay and Macnee & Minnes for articles of a similar nature:—

Voucher	9,	John McKay, leather, &c.	\$ 167 22

do	161	do do	45 79

The Deputy Minister of Justice.

I am, sir, your obedient servant,  
J. L. McDOUGALL, A.G.

DEPARTMENT OF JUSTICE, OTTAWA, March 23, 1893.

SIR,—Replying to your letter of the 17th inst., bringing to my notice accounts for certain supplies furnished to the Kingston penitentiary during the current fiscal year, the prices of which are not covered by contract, I have the honour to inform you that the articles enumerated in the accounts referred to, are such as are required to be purchased but seldom, consequently, when forms of tender are being supplied to intending contractors, such articles are very apt to be overlooked.

The Auditor General.

I am, sir, your obedient servant,  
E. L. NEWCOMBE, D.M.J.

## Auditor General's Report, 1892-93.

AUDIT OFFICE, OTTAWA, April 5, 1893.

SIR,—I beg to call your attention to the contract prices at which dry goods are supplied to the Kingston penitentiary by Macnee & Minnes.

You will notice that in many cases there are two prices given for the same article without any corresponding distinction being shown as to the article itself. For example :

Wool yarn is given at	35c. and 42½c. per lb.
Ticking	do 6½c. to 15c. per yd.
Tweed	do 35c. to 60c. per yd.
Buttons	do 40c. to 60c. per gross.
Wool socks	do \$1.75 to \$2.50 per doz.
Braces	do \$1.20 to \$1.50 per doz.
Neckties	do \$1.25 to \$1.40 per doz.

and so on in many other instances.

It is plain that the information thus conveyed is not sufficiently definite for the purpose of a contract price. The distinguishing quality of the article upon which the difference in price is based should be stated in the contract where possible.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

DEPARTMENT OF JUSTICE, OTTAWA, April 13, 1893.

SIR,—With reference to your letter of the 5th instant, calling my attention to the contract prices of certain articles of dry goods supplied to the Kingston penitentiary by Messrs. McNee & Minnes, I have the honour to inform you, that the tender of McNee & Minnes was the only one received for supplying dry goods to that institution during the current fiscal year, and as their tender gave the prices, as stated in your letter, it was thought advisable to execute the contract accordingly, leaving the warden to purchase whatever quality of wool yarn, ticking, &c., &c., would be most suitable for the purpose for which such article might be required.

I am, sir, your obedient servant,

E. L. NEWCOMBE, D.M.J.

The Auditor General.

AUDIT OFFICE, OTTAWA, September 27, 1893.

SIR,—I beg to bring to your notice the accounts rendered against the Penitentiaries at Kingston, St. Vincent de Paul and Dorchester by Dalton & Strange, McNee & Minnes, Cyrille Bisson and W. H. Thorne & Co., during last year.

At Kingston, Dalton & Strange and McNee & Minnes were awarded the contracts for hardware and dry goods respectively. Of the former commodity \$1,302 worth was obtained outside of the regular contract prices, and of the latter, \$761.97.

At St. Vincent de Paul hardware to the amount of \$1,722.60 was purchased from C. Bisson, of which amount only \$473.35 was covered by contract.

At Dorchester, the supply of hardware was obtained from W. H. Thorne & Co. to the amount of \$1,914.99, not covered in any item by contract.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

### Payment of Freight Contrary to Contract.

DEPARTMENT OF JUSTICE, OTTAWA, April 18, 1893.

SIR —In reply to your letter of the 30th ultimo, asking explanation for the payments of freight upon certain goods purchased under contract from the Oxford Manufacturing Company, for the several Penitentiaries, during the first six months of the

current fiscal year, I have the honour to inform you, that in awarding the contract to this company, there was no question of the freight being paid by the contractors.

The Inspector of Penitentiaries informs me that he did not understand that it would be so paid, and the Manager of the Oxford Manufacturing Company distinctly states that he had no such understanding. It was, therefore, clearly an oversight, both on the part of the contractors and of this department, that the form of contract was not so amended as to make it express the real intention of the parties in this particular, namely, that the goods should be delivered f.o.b. at Oxford.

I am, sir, your obedient servant,

E. L. NEWCOMBE, *D.M.J.*

The Auditor General.

AUDIT OFFICE, OTTAWA, April 21, 1893.

SIR,—I beg to acknowledge the receipt of your letter of the 18th instant, stating, with reference to the payments made at the different Penitentiaries for freight on goods purchased from the Oxford Manufacturing Company, that though the contract under which such goods were purchased provides for their delivery at the penitentiaries, the freight had always been paid by the Government, and that it was clearly an oversight on the part of the contractors and of your department that any stipulation to the contrary was allowed to remain in the contract for the current fiscal year.

As regards this explanation of the payments in question, I would point out that, so far as I am concerned, it is clearly my duty to see that the provisions of the contract are adhered to, and to call your attention to any payment in excess thereof as illegal. Though I do not desire to offer objection in this matter on merely technical grounds, still it seems to me the amount so far paid for freight should be refunded and no similar payments made in future.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Justice.

### The Payment of Schoolmaster at Kingston.

AUDIT OFFICE, OTTAWA, June 9, 1893.

SIR,—With reference to the division that has heretofore been made of the salary voted for a schoolmaster at the Kingston Penitentiary, I beg to suggest, in the event of the existing arrangement as to the duties of schoolmaster being allowed to continue, that for the coming fiscal year the amount apportioned under the authority of Council to each guard be paid him in monthly instalments in the same manner as his regular salary. In this way each one could give the necessary receipt for payment on the pay-list instead of, as is the case at present, having one guard sign for the full monthly pay and then taking receipts at the end of the year from the others who shared the total amount with him.

Though making this suggestion, I should like it to be understood that I do not agree with the interpretation of the Penitentiary Act which would establish the legality of any two of the positions provided therein being filled by one person, unless explicit provision is made in that respect. For example, in the schedule of salaries for Dorchester Penitentiary distinct provision is made for the positions of storekeeper and steward when filled by different persons and when both are entrusted to the same person, and in like manner with regard to other positions at Manitoba and British Columbia. There is no such exception, as far as I know, respecting the position of schoolmaster at Kingston, and I would thank you to let me know, in view of the appointing power conferred on the Minister of Justice by section 23 of the Penitentiary Act, why you consider it was within the competency of the Governor in Council to make the division in question.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Justice.

## Auditor General's Report, 1892-93.

### Signatures of R. C. Chaplains to Pay-lists at Kingston and British Columbia.

AUDIT OFFICE, OTTAWA, July 6th, 1893.

SIR,—I beg to call your attention to the signatures given in the receipt columns of the Kingston and British Columbia penitentiaries for the monthly salaries of the Roman Catholic chaplains at these institutions. At Kingston the chaplain's name is signed by the accountant, and at British Columbia by the Rev. W. M. J. Morgan, who appears to be acting for the regular chaplain, Rev. F. Guertin. I find on reference to the Penitentiary Report for 1892 that Rev. Mr. Morgan also signed the Roman Catholic chaplain's report of the British Columbia penitentiary and that the report of Kingston penitentiary was signed by Rev. James Vincent Neville. In connection with this matter, I beg to point out that so far as I am concerned I can recognize as chaplains entitled to pay for their services at the various penitentiaries only such persons as have been duly appointed by the Governor in Council under Section 22 of the Penitentiary Act and who perform the duties appertaining to their position.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

### Officers' Uniforms.

AUDIT OFFICE, OTTAWA, August 10, 1893.

SIR,—I beg to bring to your notice an account rendered by J. Wippel & Co., against the Manitoba penitentiary for 69½ yards of superior officers' cloth, amounting to \$214.86. It is necessary that some explanation should be given in regard to this purchase as it is an unusual one, and as the material has not been obtained from the regular contractors who supply the penitentiary with dry goods.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

---

DEPARTMENT OF JUSTICE, OTTAWA, Oct. 10, 1893.

SIR,—In reply to your letter of the 10th ultimo, in which you refer to an account rendered by Messrs. J. Wippel & Co. against the Manitoba penitentiary for 69½ yards of superior officers' cloth amounting to \$214.86, and state that explanation is necessary with regard to this purchase as it is an unusual one, and as the material was not obtained from the regular contractors, I have the honour to inform you that the material in question was purchased and used for the full dress uniforms required by the officers of the penitentiary. The purchase was not made from the regular contractor for the supply of dry goods because it was found that this material being somewhat exceptional could be more advantageously purchased elsewhere.

I am, sir, your obedient servant,

E. L. NEWCOMBE, D.M.J.

The Auditor General.

---

### Purchase of a Sewing Machine.

AUDIT OFFICE, OTTAWA, August 21, 1893.

SIR,—I beg to bring to your notice a payment of \$75 made by the Warden of Manitoba penitentiary in April last for a sewing machine that had been in use since November, 1888. The price paid seems to be so unreasonably high as to call for some explanation.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

DEPARTMENT OF JUSTICE, OTTAWA, August 23, 1893.

SIR,—I have the honour to acknowledge your letter of 21st instant, calling attention to a payment of \$75 made by the Warden of the Manitoba penitentiary in April last for a sewing machine which had been in use since November, 1888. You state that the price paid seems to be so unreasonably high as to call for some explanation. In reply, I have the honour to state that the sewing machine in question appears to have been purchased by the Warden with the approval of the Minister of Justice, and the price paid, \$75, was considered reasonable.

I am, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, *D.M.J.*

### Certificate to Accounts.

AUDIT OFFICE, OTTAWA, August 23, 1893.

SIR,—I have the honour to acknowledge receipt of your letter of the 10th inst., inclosing a letter from the Warden of Dorchester penitentiary, in which that officer asks to be informed as to the meaning of the words "duly authorized" on the certificate sent him to be attached to all accounts sent to the department for payment. The object of inserting these words in the certificate referred to was to have evidence in this office that all articles for which payment was made from the appropriation were authorized by the chief executive officer of the institution concerned, and were deemed by him necessary to the proper maintenance of the penitentiary.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

### Medical Attendance by Outside Physicians.

AUDIT OFFICE, OTTAWA, August 24, 1893.

SIR,—I beg to bring to your notice a payment of \$15 made by the Warden of Manitoba penitentiary, during last year, to Dr. Mactavish for medical attendance on Rev. Mr. Goulding, the Protestant Chaplain at that institution. In connection with this matter, I should like to call your attention to a previous correspondence about similar payments made for medical attendance on the late Warden Bedson, printed in my report of 1892, at page B—60. You will find, on reference to it, that I objected to the payments then made on the ground that beyond the privilege granted by the Governor in Council of free medical attendance on the part of the resident surgeon, a penitentiary officer had no more claim on the Government for the payment of his doctor's bills than any member of the Civil Service.

The outlay in the present instance is of the same character. The proper course, in my opinion, in regard to it is to require that the amount be refunded.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

DEPARTMENT OF JUSTICE, OTTAWA, October 16, 1893.

SIR,—Referring again to your letter of the 24th August last, respecting the payment of Dr. McTavish's account for attendance upon the Rev. Mr. Goulding in October, 1891, I have the honour to state the Warden having sent me the surgeon's report in connection therewith, it appears that Dr. McTavish's services were required in the performance of a serious operation which became necessary owing to a severe injury which the chaplain sustained; the operation requiring not only the services of the penitentiary surgeon, but also those of an assistant physician.

## Auditor General's Report, 1892-93.

---

Under these circumstances the Minister of Justice authorized the payment to which you call attention as one which might fairly be made on account of the Chaplain within the spirit of the Penitentiary Act and Regulations; and I am to state, therefore, that this is not a case in which the Chaplain should be called upon to refund the amount paid.

I have the honour to be, sir, your obedient servant,  
The Auditor General. E. L. NEWCOMBE, *D.M.J.*

---

AUDIT OFFICE, OTTAWA, October 17, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 16th inst. with reference to the payment made to Dr. McTavish for medical attendance on the Rev. Mr. Goulding, the Protestant Chaplain at Manitoba penitentiary. I regret I am unable to agree with you that the payment in question was within the spirit of the regulation sanctioned by the Governor in Council which requires the regular surgeon at a penitentiary to attend free of charge the officers and employees thereof. I do not see in this definition of the Surgeon's duties wherein an employee at a penitentiary has a claim on the Government for the payment of a physician whom it may be necessary to employ in his case whether as assistant to the regular penitentiary surgeon or not.

If the injuries from which Rev. Mr. Goulding suffered resulted from some act of official duty there might be more ground for the payment being made by the Government, but as far so I am informed such was not the case.

I am, sir, your obedient servant,  
The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

### Removal Expenses of Two Guards.

AUDIT OFFICE, OTTAWA, September 2, 1893.

SIR,—I beg to bring to your notice two payments made last year by the Warden of British Columbia Penitentiary for the removal expenses of two guards—one, R. Atkins from Kingston, \$200, and one D. McMaster from Dorchester in January, 1891, \$75. With reference to this expenditure, I beg to call your attention to an Order in Council of September 8, 1871, which directs that no removal allowance shall be granted except on report of the Treasury Board; and further, that the amount of an allowance so granted shall not in any case exceed the actual expenses, as shown by account rendered. I have not received the authority of the Treasury Board for either of the payments in question, nor has any detailed account been sent me.

I am, sir, your obedient servant,  
The Deputy Minister of Justice. J. L. McDOUGALL, *A.G.*

---

DEPARTMENT OF JUSTICE, OTTAWA, October 13, 1893.

SIR,—Referring to your letter of the 2nd ultimo, calling my attention to two payments made last year by the Warden of British Columbia penitentiary for removal expenses of Guard Atkins from Kingston and of Guard McMaster from Dorchester, such expenses having been paid without the authority of His Excellency the Governor in Council, I have the honour to inform you that the necessary authority for the payment of the expenses referred to will be obtained at as early a date as possible.

I am, sir, your obedient servant,  
The Auditor General. E. L. NEWCOMBE, *D.M.J.*

**Map Not Purchased through the Stationery Office.**

AUDIT OFFICE, OTTAWA, September 2, 1893.

SIR,—The Warden of British Columbia penitentiary paid from his contingencies, in October, 1892, \$13.50 for a map of British Columbia. I beg to point out, in connection with this payment, that the map should have been obtained through the Government Stationery Office, as directed by section 6 of the Act of Parliament respecting Public Printing and Stationery.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

**Furniture, Carpets, &c., for Penitentiaries.**

DEPARTMENT OF JUSTICE, OTTAWA, April 17, 1893.

SIR,—Having reference to your letter of the 17th ultimo, asking explanation for the purchase of 87 yards of carpet at \$1.10, and 18 yards at \$1.25 per yard, for the Kingston penitentiary, I have the honour to inform you that the 87 yards is for the Warden's office and the 18 yards for the Warden's house.

Carpets and curtains are considered fixtures and public property, and are regarded as part and parcel of the Warden's quarters. For this reason they are allowed.

I am, sir, your obedient servant,

E. L. NEWCOMBE, D.M.J.

The Auditor General.

---

DEPARTMENT OF JUSTICE, OTTAWA, April 22, 1893.

SIR,—In reply to your letter of the 18th inst., asking "what disposition was made of the carpets which were replaced by those to the purchase of which I have called your attention," I have the honour to inform you that the Warden of Kingston penitentiary reports as follows:—

"The carpets purchased for the Warden's and Deputy-Warden's offices were to replace old ones. The old one in the Warden's office was repaired and placed in the back office. The old patched carpet in the Deputy's office was utterly useless, and thrown away. The carpet for the Warden's residence was to replace an old carpet, any of which fit for use was repaired and placed on floors where it was utilized, instead of getting more new carpet. The discarded portion was so worn as to be useless. All useless and condemned woollen goods are used about the prison for mops and similar purposes in cleaning."

I am, &c.,

E. L. NEWCOMBE, D.M.J.

The Auditor General.

AUDIT OFFICE, OTTAWA, July 26, 1893.

SIR,—In connection with an account rendered by the Warden of Dorchester penitentiary for travelling expenses to St. John, in May last, to purchase blinds and curtains for the Warden's house, I beg to say that, in my opinion, the payment of the amount in question (\$11.36) was irregular. I called your attention on March 17, 1893, to a payment made for carpets for the Warden's house at Kingston as being contrary to section 8, 50 and 51 Vic., cap. 52, and you replied that carpets and curtains were considered fixtures, and consequently were part and parcel of the Warden's quarters. The Governor in Council must not have interpreted the section in this sense, because on June 30, 1887, seven days after the Act in question was assented to, an Order in Council was passed, providing among other things that "the Government will not in future, in whole or in part, furnish any house or quarters for occupation by any officer." It will

## Auditor General's Report, 1892-93.

not be questioned that carpets and curtains form part of the furnishing of a house, and consequently it is contrary to the express directions of Council to supply them at the public expense.

The Deputy Minister of Justice.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, August 29, 1893.

SIR,—I beg to bring to your notice two vouchers rendered by Mr. Merrill (168 and 185), for tapestry carpet and wall-paper to the amount of \$203.63, supplied the St. Vincent de Paul penitentiary during last year. It seems to me that some explanation should be given with regard to this purchase, as the materials for which payment was made are not usually required for the use of the penitentiary.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, September 6, 1893.

SIR,—I beg to bring to your notice an account rendered by Ogle Campbell & Freeman, against the British Columbia penitentiary, for linoleum stair carpet, rugs, and other articles of house furniture, amounting in all to \$205.62, which was paid in July, 1892. In connection with this purchase, I beg to call your attention to my letter of the 29th ult., respecting the purchase of similar articles at the St. Vincent de Paul penitentiary, and asking for explanation in regard to them.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, September 7, 1893.

SIR,—In connection with my letter of the 6th instant with reference to articles of furniture purchased at the British Columbia penitentiary, I beg to bring to your notice two accounts rendered by Wintemute Bros. for similar articles, amounting to \$270.60, which were paid for by cheques 12 and 129. It seems that some explanation of these payments is necessary.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPARTMENT OF JUSTICE, OTTAWA, October 20, 1893.

SIR,—Referring to your letters of the 29th August, and the 2nd and 6th of September, in which you ask explanation in regard to the purchase of carpet, wall-paper and certain household furniture for the wardens of the St. Vincent de Paul and British Columbia penitentiaries respectively, and also your letter of the 26th July last, respecting the payment of an account rendered by the warden of Dorchester penitentiary for travelling expenses to St. John in connection with the purchase of blinds and curtains for his house, I have the honour to inform you that it is the intention of the Minister of Justice to obtain the authority of His Excellency the Governor General in Council for payment of these several accounts,

I have the honour to be, sir, your obedient servant,

The Auditor General.

E. L. NEWCOMBE, D.M.J.

AUDIT OFFICE, OTTAWA, October 24, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 20th inst., with further reference to the purchase of carpets and other articles of furniture by the wardens of St. Vincent de Paul and British Columbia penitentiaries, stating that it is the intention of the Minister of Justice to obtain the sanction of the Governor in Council for the payments in question.

As regards the competency of the Governor in Council to grant the necessary authority in this matter, I beg to call your attention to 50-51 Vic., chap. 52, sec. 8. Under this section Parliament has defined the perquisites that may be granted to penitentiary officials, and in my opinion, none of the subsections of this definition will bear an interpretation that would empower the Governor in Council to authorize the payments to which I have called your attention. If carpets and similar articles of household furniture are not included under the section of the Act of Parliament which I have quoted among the perquisites that may be granted to the officials concerned, then it appears to me Parliament alone is competent to authorize the payments that have been made in this respect.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

### Penitentiary Revenue.

AUDIT OFFICE, OTTAWA, July 28, 1893.

SIR,—I beg to inform you that Mr. Kearns, of this office, who has lately visited the Kingston and St. Vincent de Paul penitentiaries, reports to me that . . . of the gate money collected from visitors and deposited to the sole credit of the Wardens to be disbursed under the direction of the Minister of Justice, \$2,354.50 was in the Bank of Montreal to the credit of Warden Lavell, of Kingston, and \$428.34 to the credit of Warden Ouimet, of St. Vincent de Paul, on June 30 last. The moneys, even if they are to be used in the future for purposes similar to those for which they have been used in the past, should be deposited to the joint credit of the Warden and Accountant in each case, and not, as heretofore, to the credit of the Warden alone. Then, especially in Kingston, there should be a better method of determining that the deposits cover the full collections, and that all authorized collections have been made. The transactions in connection with the moneys so deposited are not submitted to this office for audit.

I should like, with reference to this matter, to call your attention to section 25 of the Audit Act, which requires that all public money, from whatever source derived, shall be paid to the credit of the Receiver General.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

AUDIT OFFICE, OTTAWA, September 8, 1893.

SIR,—Will you please let me know the names of the officers at the various penitentiaries who occupy houses or quarters in connection with the penitentiary buildings, and who would, in consequence of such occupation, share in the benefits mentioned in the following paragraphs of the rules and regulations respecting salaries and allowances, sanctioned by the Governor General in Council on June 30, 1887:—

“(8.) Any officer occupying any house or quarters lighted by gas from a supply common to the penitentiary, shall pay for the gas consumed by him at a fair price to be fixed by the Minister, and a meter shall be used to indicate the quantity of gas so consumed by such officer.

“(9.) Any officer occupying any house or quarters heated by a system common to the penitentiary, shall pay for such heating a fair price to be fixed by the Minister.”

I need this information to enable me to check the revenue derivable from this source.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

## Auditor General's Report, 1892-93.

### Salary not in accordance with Estimate.

AUDIT OFFICE, OTTAWA, February 1, 1893.

SIR,—I find that in the Senate Estimates for the year 1892-93 provision was made for six permanent messengers, at \$600 each.

Will you please explain on what authority Mr. W. L. Lambkin, one of these six permanent messengers, has been paid at the rate of \$650 per year since July 1, 1892?

I am, sir, your obedient servant,

The Clerk of the Senate.

J. L. McDOUGALL, A.G.

---

THE SENATE, February 2, 1893.

SIR,—I have the honour to acknowledge receipt of your letter of yesterday's date, asking for an explanation of the payment to Mr. W. L. Lambkin, permanent messenger, of salary at the rate of \$650 a year, since July 1, 1892. Mr. Lambkin's salary was increased \$50 by order of the Senate, upon the recommendation of the Committee on Contingent Accounts, very nearly at the close of last session. Please refer to the Senate Journals, 1892, page 210 (Second Report of the Committee, paragraph 5). I may add that, in my estimate for the year 1893-94, I have included the above-mentioned increase.

I am, sir, your obedient servant,

The Auditor General.

EDOUARD J. LANGEVIN, C.S.

### Pay for Reporting higher than that fixed by Order in Council.

AUDIT OFFICE, OTTAWA, April 18, 1893.

SIR,—Will you kindly state on the inclosed account of Holland Bros. for reporting, the dates of the days on which the evidence was taken in these several divorce cases.

With reference to the rate of 30 cents per folio, and the additional rate of 5 cents per folio for a copy, let me call your attention to the Order in Council of July 3, 1890, which provides that the rate to be paid unofficial reporters for reporting during the sitting of Parliament, be 25 cents per folio of 100 words, the reporter for such remuneration to supply the Government with four copies of the proceedings and evidence in each case. I would think that the rate of pay should be that fixed by this Order in Council.

I am, sir, your obedient servant,

The Clerk of the Senate.

J. L. McDOUGALL, A.G.

---

THE SENATE, April 21, 1893.

SIR—I have the honour to acknowledge the receipt of your letter of the 18th inst.

The dates on which evidence was heard in the several divorce cases has been stated in the account of Messrs. Holland Bros., and will be found to correspond with the dates on which they have charged for attendance on the Divorce Committee.

With reference to the rates paid them, I may say, as I have already done in my letter to you of the 5th August, 1889, that they are the same as those paid by the Senate and House of Commons since 1874.

I am, sir, your obedient servant,

The Auditor General.

EDOUARD J. LANGEVIN, C.S.

**Amount paid for copies of "Citizen" higher than Advertised Rate.**

AUDIT OFFICE, OTTAWA, May 18, 1893.

SIR,—Let me call your attention to the inclosed account of the Ottawa "Citizen" for "36 extra copies daily during session of 1893, \$72."

As the "Citizen" advertised that it would be sent to any address during the session for one dollar, which advertisement I inclose, will you please see that the extra payment of \$36 is refunded by them.

I would also call your attention to the fact that \$12 was paid by the Senate for two copies of the "Citizen" for the year ending Dec. 31, 1893, although the ordinary subscription to that paper is only \$5.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk of the Senate.

---

THE SENATE, October 7, 1893.

SIR,—Referring to your letter of the 18th May last, I may say that I have the written authority of the proprietor to retain the amount of \$36 and to deduct the same from the amount which will be due the Ottawa "Citizen" for extra copies to be supplied during the session of 1894.

I am, sir, your obedient servant,

EDOUARD J. LANGEVIN, C.S.

---

AUDIT OFFICE, OTTAWA, October 9, 1893.

SIR,—In answer to your letter of the 7th inst., let me say that if the refund is to be made by a deduction from the next account of the "Citizen" it will be necessary that the correspondence appear in my report, but if the amount is refunded now the correspondence with regard to the overpayment will not appear.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk of the Senate.

**Asking for the Declarations of the Senators.**

AUDIT OFFICE, OTTAWA, May 23, 1893.

SIR,—In answer to your letter of Oct. 31, 1892, in which you state that the declarations of the Senators cannot be sent to this office, since it would be contrary to the wording of the clause under which the said declarations are made, let me call your attention to sec. 44 of the Audit Act as amended by 51 Vic., chap. 7, which requires the Auditor General to see whether all expenditures under the different appropriations are supported by the vouchers required by this Act and by proofs of payment. The declaration of the Senator is the voucher under which he is paid his indemnity and mileage.

The fact that the declarations of the members of the House of Commons are sent to the Audit Office shows that they do not interpret the clause that the declarations are to be kept by the Clerk of the Senate and by the Accountant of the House of Commons to mean that this office shall not even see these declarations. For the convenience of the Accountant of the House of Commons the declarations have always been examined by this office and returned to him with the least possible delay.

Senators have in respect to public money which they receive for their own benefit no privilege that any other person has not. It is in the interest of each that all proofs of his being entitled to receive public money which has been paid to him should be shown to any one who may desire to see them.

## Auditor General's Report, 1892-93.

---

I must therefore ask that the declarations of the Senators for the session of 1893 be forwarded to this office, in order that a proper examination may be made of them, as being vouchers in support of your expenditure under the parliamentary appropriation for the indemnity and mileage of the members of the Senate.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk of the Senate.

---

THE SENATE, May 27, 1893.

SIR,—Your letter of the 23rd inst., in answer to mine of Oct. 31, 1892, was duly received.

I may say that when I wrote you that letter I was then aware of the existence of chap. 7, 51st Victoria amending sec. 44 of the Audit Act, now quoted by you in support of your renewed application that the Senators' declarations should be sent you.

Although sharing your desire that every item of the expenditure should be thoroughly examined and audited, I take it to be my imperative duty to follow the wording of the law regardless of any other consideration. I am, therefore, again compelled to decline to comply with your request "as it is contrary to the wording of the clause under which such declarations are made."

No doubt, as you say, Senators have in respect to public money which they receive for their own benefit, no privilege that any other person has not, and I am sure I never wrote a word to the contrary.

I shall, however, at the next session of Parliament, submit the subject-matter of this correspondence to His Honour the Speaker, with the view of getting his instructions respecting the same.

I am, sir, your obedient servant,

EDOUARD J. LANGEVIN, C.S.

The Auditor General.

---

AUDIT OFFICE, OTTAWA, June 2, 1893.

SIR,—In answer to your letter of the 27th instant, in which you state that you will refer to the Speaker of the Senate my request that the declarations of the Senators be sent for examination to this office, I would call your attention to page 97 of the Senate Journal for 1880, where there is the following resolution:—"That the accounts of expenditure for salaries and contingencies of the Senate and for their members' indemnity should be audited by the Auditor General in the same manner as those of the House of Commons may hereafter be."

As the declarations of the members of the House of Commons are sent for audit to this office, it would seem from the above resolution that the Senators have already expressed their wish that their declarations should be similarly treated.

This part of the Senate Journals was not remembered by me when you and I discussed the matter orally.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk of the Senate.

---

THE SENATE, June 12, 1893.

SIR,—In reply to your letter of the 2nd instant, I may say I am satisfied that, according to the resolution adopted by the Senate on the 15th March, 1880, which had also escaped my attention, it is unnecessary for me to refer to His Honour the Speaker your request that the Senators' declarations be sent to your office for examination, since you inform me that such is the practice of the House of Commons. Feeling warranted, by the wording of the said resolution, in yielding to your request, I send you herewith

the Senators' declarations for the session of 1893, with the request that they be returned to me with the least possible delay. I am glad that the question at issue between us is now settled.

I am, sir, your obedient servant,

EDOUARD L. LANGEVIN, C.S.

The Auditor General.

### Extra Employees paid at Middle of Month.

AUDIT OFFICE, OTTAWA, March 8, 1893.

SIR,—I notice that E. Gratton and J. Rivet, two temporary messengers paid from your Vote for Printing of Parliament, at the rate of \$2 and \$1.50 per day respectively, are paid at the middle of the month for the full month's service.

As these persons are temporary employees they should not receive their full pay for the month's service till the end of the month.

I would ask also that you forward a certificate as to the correctness of the time charged between July 1, 1892, and February 28, 1893, as the pay-lists contain no certificate of correctness.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk of the Commons.

The certificate was forwarded and the date of payment changed.—J. L. McD.

### Rate of Pay for Reporting higher than that fixed by Order in Council.

AUDIT OFFICE, OTTAWA, April 15, 1893.

SIR,—Will you kindly state on the inclosed accounts of F. Cook and T. C. L. Ketchum for reporting and transcribing evidence given before the Committee on Agriculture and Colonization, the dates of the days of attendance for which the fee of \$5 is paid.

With reference to your letter of April 25 last, in which you call my attention to the Journals of Commons, 1874, pages 201 and 205, where the rate for reporting and transcribing is fixed at 30 cents per folio, I would say that as the Order in Council of July 3, 1890, deals with the matter under discussion, reporting done during the session of Parliament by unofficial reporters, the rate of pay should be that fixed by the Order in Council, viz.: 25 cents per folio.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk of the Commons.

HOUSE OF COMMONS, May 8, 1893.

SIR,—In reply to your letter of the 15th ultimo, desiring the dates of the days of attendance of Messrs. F. Cook and T. C. L. Ketchum on the Committee on Agriculture and Colonization, I have only to direct your attention to the accounts themselves for the information you require.

With reference to the second paragraph of your letter, as to the rate for reporting and transcribing proceedings and evidence before Committees of the House of Commons, I have to call your attention to the fact that Orders in Council cannot override orders made by the House of Commons. The House is only governed by statutes applicable to itself and by its own rules and orders.

I am, sir, your obedient servant,

J. G. BOURINOT.

The Auditor General.

## Auditor General's Report, 1892-93.

AUDIT OFFICE, OTTAWA, September 1, 1893.

SIR,—In further reference to the accounts of Mr. Fred Cook and of Mr. T. C. L. Ketchum for reporting and transcribing evidence taken before the Parliamentary Committee on Agriculture and Colonization, let me point out the amounts that would have been paid these persons had they been paid under the tariff laid down by Order in Council and not under that specified in Commons Journals, 1874, pages 201 and 205.

As Mr. Cook for each day of his attendance performed work which entitled him to more than \$5 a day he would receive pay for his whole work at the rate of 25 cents per folio of 100 words. As he did 944 folios he would thus receive \$236, being \$87.20 less than what he did receive when paid at the rate of 30 cts. per folio of 100 words and an attendance fee of \$5 each day.

As Mr. Ketchum for his day of attendance did not do work that would entitle him to \$5, he would be paid \$5, being \$2.70 less than what he did receive when paid at the rate of 30 cts. per folio for 9 folios, and \$5 for his day's attendance fee.

It seems to me that, as the Government now gets work of this description done at a much lower rate than that laid down in the Commons Journals of 1874, the attention of the House of Commons should be called to this matter in order that the rate might be revised.

I am, sir, your obedient servant,

The Clerk of the Commons.

J. L. McDOUGALL, A.G.

### Pay to Sessional French Translator not present in Ottawa.

AUDIT OFFICE, OTTAWA, June 20, 1893.

SIR,—I wish to call your attention to the six cheques dated February 9, February 23, March 9, March 23, April 1 and April 1, in payment of Mr. E. Gélinas for his services, 81 days at \$4 per day, as French translator during the last session of Parliament.

As these cheques were cashed in Montreal on February 11, February 24, March 10, March 24, April 6 and April 6 respectively, a day or so in each case after the date of their issue from the Accountant's office, it would seem that Mr. Gélinas was not in Ottawa but in Montreal during the session. Will you please inform me if this is the case, and give your reasons for considering that he should receive his full pay for the 66 days of the session, and also for the extra 15 days allowed by the Internal Economy Committee.

I am, sir, your obedient servant,

The Clerk of the Commons.

J. L. McDOUGALL, A.G.

### Pay to Mr. P. Chapleau, Sessional French Translator.

AUDIT OFFICE, OTTAWA, June 20, 1893.

SIR,—I wish to call your attention to the annexed certificate of Mr. J. A. Génand: "I hereby certify that Mr. Pierre Chapleau, by the work of translation he has handed me, is entitled to the full amount of his pay for last session," on which certificate Mr. Chapleau received his pay as French translator for 81 days at \$4 per day, by a cheque for \$324 sent him by registered letter.

As it appears from this that Mr. Chapleau was not in Ottawa during the session, but did his translation work elsewhere, I would like your explanations of the circumstances of the case.

If Mr. Chapleau handed in all his work at the end of the session to Mr. Génand, please inform me of the details of it; but if Mr. Chapleau handed in his work at regular intervals during the session, I would ask why he was not paid like the other French translators at intervals of two weeks, but in this case also I would like some details of the work done by him.

I am, sir, your obedient servant,

The Clerk of the Commons.

J. L. McDOUGALL, A.G.

---

---

HOUSE OF COMMONS, June 28, 1893.

SIR,—Owing to the fact that the room occupied by the sessional French translators was appropriated for the use of members, the sessional translators are permitted to do their work at their homes, and in order that the Government may receive full value for the amount expended, each translator is required to produce at least four (4) pages of translation for each day's work.

Mr. Chapleau was in Ottawa during the whole of the session, and handed in his work at various times to Mr. Génand, but desired to be allowed to leave his allowance with the accountant until he could draw the whole of it, hence his receiving his pay in one cheque.

In the case of Mr. Gélinas, the probability is that as his residence is in Montreal he sent his cheques to his family or others as the most convenient form of transmission.

The Commission directed that all the sessional clerks and translators should receive 15 days additional pay on account of the unusual shortness of the session, therefore the accountant was not authorized to make any exceptions.

I am, sir, your obedient servant,

JNO. GEO. BOURINOT.

The Auditor General.

---

AUDIT OFFICE, OTTAWA, June 29, 1893.

SIR,—Will you please state whether I am to infer from your letter of yesterday's date that Mr. Gélinas was in Ottawa during the session, since in it you do not say definitely whether he was or not.

Since he signed none of the pay-lists himself, but each of them is signed for him by J. A. Génand, a clerk in the House of Commons, "E. Gélinas, per J. A. G.," and since all the cheques were cashed in Montreal the evidence from both voucher and cheques indicates that he was not in Ottawa.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk of the Commons.

**Extra payments to Mr. Hartney, Mr. Mailloux and Mr. Fournier.**

AUDIT OFFICE, OTTAWA, June 20, 1893.

SIR,—Will you please explain why you considered as a proper charge against "Unforeseen Expenses" the payment of \$200 to Mr. E. P. Hartney, a permanent clerk in the House of Commons, for his extra services in connection with the investigation into the accounts of the late accountant and assistant accountant, and payments of \$50 each to Mr. P. C. Fournier and Mr. J. D. Mailloux, sessional clerks, for special type-writing during the last session of Parliament.

Under sections 13 and 14 of chap. 13 of the Revised Statutes, which state that all sums of money voted by Parliament for the House of Commons shall be paid out according to the directions of the Commissioners of Internal Economy from time to time, and from the wording in the Estimates for 1892-93 of this vote, "Unforeseen Expenses by order of Board of Commissioners." I would think it necessary that authority for these payments should be obtained from the Board of Internal Economy, if such authority has not already been obtained.

I would also like some details about the type-writing by two sessional clerks for which they received the payments of \$50 each.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk of the Commons.

## Auditor General's Report, 1892-93.

HOUSE OF COMMONS, June 28, 1893.

SIR,—In reply to your inquiry as to whether the payment of \$200 to Mr. E. P. Hartney out of "Unforeseen Expenses" is a proper charge against that vote, I have to say I consider it a proper charge, from the fact that it was "unforeseen," and on that account was ordered to be paid by the Hon. the Speaker as Chairman of the Board of Internal Economy.

Mr. P. C. Fournier and Mr. D. J. Mailloux, sessional clerks, supplied their own type-writing machines, and worked each day type-writing from 10 a.m. to 10 p.m., and often later at night when required. The \$50 allowed each of these gentlemen was more than earned by the large amount of work they performed, and was paid in accordance with the practice of several years past.

I am, sir, your obedient servant,

JNO. GEO. BOURINOT.

The Auditor General.

AUDIT OFFICE, OTTAWA, June 29, 1893.

SIR,—In reply to your letter of yesterday's date, in which you state that the extra payment of \$200 to Mr. E. P. Hartney was a proper charge against the vote for "Unforeseen Expenses" because it was "unforeseen," let me say that I cannot quite agree with your way of looking at this matter.

The House of Commons pays Mr. Hartney a yearly salary for his whole services and can make use of those services in whatever way it pleases. In this case he was simply taken away from his own particular work for about six weeks and put at the work of investigating the accounts of the Accountant's Office, along with a clerk from this office who did not receive any extra pay for his work. There seems no reason for considering his work "unforeseen," since the House of Commons had every right to use his services for whatever work it required him to do.

As the Act states that all payments shall be made under the authority of the Board of Internal Economy, I do not think that the Speaker himself, as Chairman of this Board, has power to make these payments of \$200 to Mr. Hartney and of \$50 each to Mr. Mailloux and Mr. Fournier.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk of the Commons.

HOUSE OF COMMONS, July 8, 1893.

SIR,—I am in receipt of your letters of June 29. In regard to the payment to Mr. Hartney for extra services, I cannot, of course, go beyond the facts already stated, which are that it was made on the order of the Honourable the Speaker on his own responsibility as the Chairman of the Board of Internal Economy, and in accordance with the practice of years in such cases, and was made out of the grant for unforeseen expenses, which is under his control. I can simply add the expression of my own opinion in the matter so far as to say that I do not think Mr. Hartney was sufficiently remunerated for the important services he rendered at a period when he had enough to do in the ordinary performance of his stated duties, and risked his health at a time when it was not by any means strong.

With reference to the cases of Mr. Mailloux and Mr. Fournier, I can only repeat that the extra payments were made as in other years in similar cases. By an error of the new Accountant, the amount was charged to "Unforeseen Expenses"—a fact which I only recently learned—instead of, as in other years, to the allowance for sessional clerks. By reference to page 30 of the Estimates (Details), you will see that the extra sessional clerks are graded at \$3 and \$4—the latter amount being paid for especial services, like type-writing, post office, &c., and, as a matter of fact, these two gentlemen might have fairly claimed an additional dollar for the whole of the session. At present

the number of type-writers in this department is insufficient to meet the demand made on them every session, and Mr. Tabor, Mr. Mailloux and Mr. Fournier have their time taken up, I understand, beyond what could fairly be expected of them. I hope in the course of time to decrease the number of ordinary writers and replace them by type-writers.

With respect to your question in relation to Mr. Gélinas, I may mention for your information, although it is a matter of internal administration, that changes are in course of being effected having regard to the efficiency and economy of the extra French translation branch, with which part of the service he is connected, which explains the apparent anomaly in the disposition of his cheque. For very many years the translation has been performed by a very painstaking and industrious set of permanent officers, paid monthly. In addition, there have been five or more sessional translators, paid at the rate of \$4 a day, without reference to the amount of work performed. Further, during the recess of Parliament, a large amount of translation that could not be performed by the permanent staff, is given out by piece-work, at \$1 or more a page, according to its character. The expense of translation has been steadily increasing, and I have been anxious to decrease the cost in this branch, as I have succeeded in doing in the sessional writing staff. I have found it advisable, on consulting with the chief translator, to do away as far as possible with the system of paying extra sessional translators by the day, and to have one system all the year round, and pay for piece-work so much a page, as during the recess, leaving the permanent translators, with the assistance of one additional sessional man probably, to do the ordinary work that may arise from day to day, and requires personal attendance. It is for this reason that on page 30 of the Estimates of the current year (last item in details), the amount for translation is put down in one sum, without reference to session or day's pay. I began to put the system into practice last session, chiefly because there was no adequate accommodation for doing the work, as stated in my first letter. As the extra translators had a right to adequate notice before making the new arrangement, I agreed that they should perform piece-work equivalent to \$4 a day, and that they should not lose anything by the end of the session. All I desire is to have, as in the recess, a certain amount of work done and paid for on the certificate of the permanent officer in charge of such work. As in the recess, the work may be done anywhere. All I require is so much work for so much money. Nevertheless, all the extra translators, employed under the old system, including Mr. Gélinas, were free to do their work wherever they pleased, so long as it was done to the satisfaction of the permanent translator in charge, and the quantity was such as assured that the money claimed was duly earned.

I am, sir, your obedient servant,

The Auditor General.

JNO. GEO. BOURINOT.

AUDIT OFFICE, OTTAWA, September 1, 1893.

SIR,—In answer to your letter of July 8, in which you state that the extra payments of \$200 to Mr. Hartney and of \$50 each to Mr. Mailloux and Mr. Fournier were made on the authority of the Speaker of the House of Commons in his capacity as Chairman of the Board of Internal Economy, and in accordance with the practice of years past, let me say that as the Act of Parliament states that payments shall be made on the authority of the Board of Internal Economy, I again beg to request that application be made for such authority.

I am, sir, your obedient servant,

The Clerk of the Commons.

J. L. McDOUGALL, A.G.

### Asking for reasons why Pay-list was not signed.

HOUSE OF COMMONS, June 26, 1893.

SIR,—In reply to your inquiry relative to Mr. A. E. Pelletier, a clerk, and Mr. M. Lafamme, a messenger, employees of the House of Commons, I have to inform you that the former had a stroke of paralysis in November last, and the latter a similar stroke in February last, and their medical advisers hold out strong hopes of their ultimate recovery. They have, of course, been on sick leave.

I am, sir, your obedient servant,

The Auditor General.

JNO. GEO. BOURINOT.

### Pay of Hansard Reporters at first of month.

AUDIT OFFICE, OTTAWA, September 30, 1890.

SIR,—As the reporters of the Debates are paid monthly, like the other public employees, why do they receive their pay before the 15th of the month, the date of payment of other public servants?

I am, sir, your obedient servant,

The Clerk of the Commons.

J. L. McDOUGALL, A.G.

---

HOUSE OF COMMONS, October 2, 1890.

SIR,—I have the honour to acknowledge the receipt of your letter of the 30th instant in reference to the monthly payment to the official reporters of the Debates, and to say that no instructions have been issued by the Internal Economy Commission to change the date at which they are paid.

I am, sir, your obedient servant,

The Auditor General.

JNO. GEO. BOURINOT.

---

AUDIT OFFICE, OTTAWA, June 28, 1893.

SIR,—In answer to your letter of October 2, 1890, in which you state that no instructions have been issued by the Internal Economy Committee to change the date at which the official Hansard reporters are paid, viz., the first day of each month, let me ask if there is an order of the Committee authorizing the payment of the reporters for each month on the first of the month, or if not, then on what authority they were so paid in the first instance.

I am, sir, your obedient servant,

The Clerk of the Commons.

J. L. McDOUGALL, A.G.

---

HOUSE OF COMMONS, September 6, 1893.

SIR,—In reply to your communication respecting the mode of payment of the salaries of the official reporters of the House; I have the honour to state that this mode of payment is in accordance with the order of the Debates Committee of 10th

April, 1884, viz. : "That the salaries of the members of the official reporting staff be paid in equal monthly payments commencing on the 1st day of January, 1885."

If you so desire, your correspondence on this subject will be laid before the Debates Committee during the next session of Parliament.

I am, sir, your obedient servant,

J. G. BOURINOT.

The Auditor General.

AUDIT OFFICE, OTTAWA, September 27, 1893.

SIR,—In answer to your letter of the 6th instant, let me say that the correspondence of this office with reference to the Hansard reporters being paid their salaries on the first day of the month will appear in my report, and that for the present, owing to your intention to submit the matter to Parliament at the next session, I shall await its action.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk of the Commons.

### Necessity of the authority of Parliament being obtained for extra allowance of 15 days' pay to Sessional Clerks and others.

AUDIT OFFICE, OTTAWA, September 2, 1893.

SIR,—With reference to the resolution of the Board of Internal Economy, "That in view of the shortness of the session an addition of 15 days' pay shall be allowed to each of the sessional clerks, messengers, servants and pages," let me state the following reasons for thinking that the authority of Parliament itself should have been obtained for this expenditure :—

1. As these payments are for days' services that have not been actually performed, they are, therefore, of the nature of gratuities. In this connection I would call your attention to the following extract from Volume 15 of the Report of the United States Court of Claims, *Collins vs. the United States* :—"It is clear that the Executive—the President alone—or the President with the advice and consent of the Senate, by antedating the commission or appointment of a public officer, without legislative authority cannot create a liability on the part of the United States to pay him a salary for the time he was not in service, but Congress, the legislative branch of the Government, may by law create such liability and may allow pay to any public officer in consideration of past services or for any other cause which they deem sufficient." This clearly enunciates the principle that underlies English, American and Canadian constitutional law, viz. : that Parliament alone can authorize payment for services that have not been actually rendered. In an exactly similar case to that under consideration, the United States Congress in the Sundry Civil Appropriation Act for 1883 awarded one month's extra pay to the officers of the Senate and House of Representatives.

2. Then no payments should be made except from an appropriation made by law for the purpose. With reference to this case there is an appropriation which includes the payment of sessional clerks, messengers, &c., at fixed rates per day for each day of their actual service, but there is no appropriation which covers payment for days' services which were not performed.

3. In the English, United States and Canadian Appropriation Acts, each year there are frequent instances in which money is voted to certain persons or corporations in the nature of grants or gratuities and of general appropriations for such purposes. This shows, therefore, that Parliament itself has recognized the principle that it alone can give authority for these classes of payments.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk of the Commons.

## Auditor General's Report, 1892-93.

---

HOUSE OF COMMONS, September 5, 1893.

SIR,—I have received your communication of September 2nd with reference to the payment of gratuities of 15 days' pay to certain clerks, messengers, &c., of the House of Commons in view of the shortness of last session, and as it opens up an interesting point—the payment under such circumstances for services not actually rendered—I shall give it full consideration, and at a later time consult with you on the subject.

I am, sir, your obedient servant,

The Auditor General.

J. GEO. BOURINOT.

### Payment of Library Charwomen by direct cheques.

AUDIT OFFICE, OTTAWA, June 15, 1893.

SIR,—I should be glad if you would introduce into the Library the system of paying the charwomen by cheque directly to themselves, in the same way as is now done in the Senate, the House of Commons, and generally throughout the departments of the Government.

I am, sir, your obedient servant,

The Parliamentary Librarian.

J. L. McDOUGALL, A.G.

NOTE.—The suggestion was adopted by the Library.—J. L. McD.

## Transportation Account, Seed Barley.

DEPT. OF AGRICULTURE, OTTAWA, August 20, 1892.

SIR,—Mr. Schreiber, the Superintendent of Government Railways, is pressing this department for the payment of a transportation account for seed barley. Mr. Saunders, the Director of Experimental Farms, gives the following reasons why this account was not earlier paid:—

"The account which Mr. Schreiber has sent me for the transportation of seed barley amounts to \$209.07 in all. I find the account quite correct; but as it was contracted in 1891 and provision made for it in that year, and provision was also made for the payment of such accounts in 1892 by special vote, but as this money has lapsed, we have no fund at present from which we could pay this account. This is not an account which could be charged to the Experimental Farms, as it was provided for by special vote and had the account been rendered in time it could have been paid out of the amount so provided."

It occurs to me to ask you whether you see any objection to paying this account from unforeseen expenses at present, and getting a revote next session, to cover the amount.

I am, sir, your obedient servant,

J. LOWE, D.M.A.

The Auditor General.

## Auditor General's Report, 1892-93.

---

AUDIT OFFICE, OTTAWA, September 1, 1892.

SIR,—I am in receipt of your letter of the 20th inst. suggesting that an account presented by the Chief Engineer of Government Railways, for the transport of seed barley might be paid from the vote for unforeseen expenses, as there is no appropriation this year for seed barley.

In reply I beg to say that there seems to be no objection to paying the account as you suggest, an Order in Council having first been obtained.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Agriculture.

### Retiring allowance, H. J. Osgood, Grosse Isle.

DEPT. OF AGRICULTURE, OTTAWA, Sept. 23, 1892.

SIR,—I inclose to you herewith for your perusal the departmental copy of an Order in Council dated July 26 last, in relation to a retiring allowance for Mr. Henry Joseph Osgood, late hospital steward at the Grosse Isle Station.

It is desired that the amount payable to Mr. Osgood should be paid as soon as possible. I should feel obliged if you would send the cheque to this department to inclose to him.

You will see by the terms of the Order that Mr. Osgood's pay was \$562.50 per season for each year of St. Lawrence navigation, that is to say eight months at \$70.31 per month. He went to the Island in April, 1883, and left it in November, 1891. The intention of the Order, therefore, is that the allowance to him should be calculated at a rate of pay of \$70.31 per month, from the 4th June, 1883, until the close of St. Lawrence navigation in 1891.

This form of settlement was specially agreed and stated in the report of the department to the Treasury Board, and I understand that the form of the Order inclosed covers this interpretation.

If you have not been furnished by the Clerk of the Privy Council with a copy of this Order I will make an official application to Mr. McGee to send you one, if you will kindly let me know.

I am, sir, your obedient servant,

J. LOWE, D.M.A.

The Auditor General.

---

AUDIT OFFICE, OTTAWA, September 27, 1892.

SIR,—Let me acknowledge the receipt of your application for a gratuity in favour of Mr. Henry Joseph Osgood, late hospital steward at the Grosse Isle Quarantine station.

As the application does not state the amount asked for, will you kindly make the calculation showing the basis upon which you find the amount you consider he should receive.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Agriculture.

DEPT. OF AGRICULTURE, OTTAWA, October 1, 1892.

SIR,—I have to inform you, in reply to your letter of the 27th ult., that the amount required to pay Mr. Henry Joseph Osgood, late hospital steward at the Grosse Isle Quarantine Station, for a retiring allowance in virtue of an Order in Council dated July 26 last, is \$562.48, Mr. Osgood having been continuously in the service for eight years at a rate of pay of \$70.31 per month.

Mr. Osgood retired for physical disability incapacitating him for the Grosse Isle service, and the payment requested is authorized by the terms of the Order in Council and provisions of Sec. 10 of the "Superannuation Act."

His year of service consisted of the eight months of St. Lawrence navigation, namely, from April to November inclusive, and the rate of pay for such year of service was \$70.31 per month as stated.

The four months during which he was not employed did not constitute an interruption of service within the meaning of subsection *b* of section 3 of the Act referred to. There was no interruption of service under the terms of his engagement. He was only engaged for a year of eight months, at a rate of pay of \$562.50 for that year of service. If a calculation of a year of twelve months is made in the computation of his allowance it would be necessary to add an amount of \$281.24 to the service year, his pay being \$70.31 per month.

It was the understanding when he was retired that an application would be made to pay him an allowance of \$562.48 under the provisions of section 10 of the "Superannuation Act," and with that object the word, "for each year of St. Lawrence navigation" were inserted in the Order in Council.

It is desired that the cheque may be sent as early as possible for the reason of representations that Mr. Osgood has need of it.

I am, sir, your obedient servant,

J. LOWE, *D.M.A.*

The Auditor General.

AUDIT OFFICE, OTTAWA, October 10, 1892.

SIR,—Let me acknowledge receipt of your letter of the 1st instant with your calculations showing the amount of retiring allowance, \$562.48, which you consider should be paid Henry J. Osgood, late hospital steward at the Grosse Isle Quarantine station.

The Order in Council employing Mr. Osgood fixes his salary at \$562.50 per season for each year of St. Lawrence navigation. In your calculation of the allowance you consider him to have been in the service of Quarantine for the whole year, with a monthly salary equal to the salary which he drew, not for the whole year but only during the season of navigation. This method of reasoning would lead you to calculate the allowance of a person who was actually employed under similar circumstances only one month in the year, as entitled to an amount at the end of his service equal to the total amount he had received during his whole time of service, as in that case a month's salary for each year of service would be the total amount received since he had been employed only one month in the year.

As the period of service of Mr. Osgood was limited by the Order in Council employing him, to the season of St. Lawrence navigation, which season has been considered in your accounts as lasting from April 15 to Nov. 30, 7½ months, during which time you paid him \$75 per month, it seems self-evident that for the remainder of the year he was not in the employ of your department. In fact, another Order in Council or departmental order would have been required had you wished to employ him in any capacity for the remainder of the year, as during that part of the year he was complete master of his own time. His service therefore comes directly under Sec. 3, Sub-section *b* of the Superannuation Act, which reads that "If the service has not been

## Auditor General's Report, 1892-93.

---

continuous the period or periods during which such service has been interrupted shall not be counted." I append a calculation on this basis of the retiring allowance due Mr. Osgood.

He was employed from June 4, 1883, to Nov. 30, 1891, or  $8\frac{5}{5}$  seasons of  $7\frac{1}{2}$  months each which is equal to  $5\frac{5}{12}$  years of service. As the monthly salary during such time of service was \$75 his retiring allowance under sec. 10 of the Superannuation Act will be \$411.88.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Agriculture.

---

DEPT. OF AGRICULTURE, OTTAWA, Nov. 8, 1893.

SIR,—In further reference to the subject of the retiring of Mr. Henry J. Osgood, late hospital steward at Grosse Isle, for cause of physical disability, and in reply to your letter of the 10th ult., I have again to state that the eight months of service of the Grosse Isle employes is in practice understood to be their quarantine year; and in the terms of the Order in Council of August 11, 1883, Mr. Osgood was appointed for the recurring annual service referred to, at a fixed salary "for the season of St. Lawrence navigation."

You say to me in reply that:

"This method of reasoning would lead to the calculating of the allowance of a person who is actually employed under similar circumstances only one month in the year as entitled to an amount at the end of his service equal to the total amount he had received during his whole time of service."

I find that you might with as much reason have made the comparison with one day or one hour. But this argument of analogy does not meet the substantial fact of the case. The question is: can the "season of St. Lawrence navigation," as above stated, be held to be the quarantine year. If this is not admitted, it, of course, only remains to fall back on the calculation stated in your letter.

I am, sir, your obedient servant,

JOHN LOWE, D.M.A.

The Auditor General.

---

AUDIT OFFICE, OTTAWA, November 9, 1892.

SIR,—Let me acknowledge receipt of your letter of yesterday's date in reference to the retiring allowance of Mr. Osgood.

With respect to the interpretation of the Order in Council fixing Mr. Osgood's terms of employment, I cannot arrive at any other conclusion than that stated in my letter of the 10th ult.

I might add that the basis of calculation adopted in that letter leads to the same result as if you considered Mr. Osgood employed for the whole year, but his monthly salary to be not what he received for the  $7\frac{1}{2}$  months during which time he received his full salary, but what he would have received had he been paid his yearly salary in 12 equal montly instalments.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Agriculture.

DEPT. OF AGRICULTURE, OTTAWA, Dec. 2, 1892.

SIR,—In reference to the calculation of pay for retiring allowance for Mr. H. J. Osgood, late hospital steward on the quarantine staff at Grosse Isle, I have to state to you that the Order in Council which was passed in 1883 appointed Mr. Osgood for the *season of navigation*. The season of navigation begins in April, and Mr. Osgood's pay commenced in April and lasted for the whole of the season. He paid superannuation from the 16th April, 1883. Therefore, both by the terms of the Order in Council appointing him, and superannuation deductions, he is entitled to receive his retiring pay from the 16th April, 1883, to the close of navigation at the end of November of last year.

I should feel obliged, therefore, if you would have the kindness to send a cheque as soon as convenient for Mr. Osgood, in accordance with the above definitions.

I am, sir, your obedient servant,

JOHN LOWE, *D.M.A.*

The Auditor General.

AUDIT OFFICE, OTTAWA, December 3, 1894.

SIR,—Let me acknowledge receipt of your letter of yesterday's date with reference to the retiring allowance of Mr. Osgood.

It will be necessary that any superannuation abatement paid by him between April 16, 1883, when his services commenced, and June 4, 1883, when his employment was authorized by Order in Council, be refunded to him. He cannot receive a superannuation allowance on that period.

Please send over an application for the amount of his retiring allowance, so that a cheque may be drawn out for its payment.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Agriculture.

(NOTE.—Mr. Osgood was paid \$411.88.—J. L. McD.)

### Inventory of World's Fair Supplies.

AUDIT OFFICE, OTTAWA, December 13, 1893.

SIR,—Will you please inform me if your department has kept an inventory of all exhibits, furniture, tableware, housefittings and other permanent supplies purchased for the Canadian exhibit at the World's Fair, and if so, what action is being taken by you to have them returned to your department or otherwise disposed of.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Agriculture.

---

DEPT. OF AGRICULTURE, OTTAWA, December 13, 1893.

SIR,—I have to acknowledge your letter of this day's date on the subject of an inventory of exhibits, furniture, tableware, house fittings and other permanent supplies purchased for the Canadian representation at the World's Fair. In reply I have to inform you that a careful record has been kept of all such permanent supplies.

It has been ordered by the Minister that all such as can be publicly sold with advantage should be and the proceeds deposited.

The remainder will be returned to the department or used for the purpose of the Antwerp Exhibition.

I am, sir, your obedient servant,

### Disposition of Cheese given away by Dairy Commissioner.

AUDIT OFFICE, OTTAWA, November 6, 1893.

SIR,—Will you kindly indicate the disposition of the following boxes of cheese that were given away by you :—1 box at the Experimental Farm, Ottawa, 1 box of the shipment of 526 boxes to Hodgson Bros., and 3 boxes of the shipment of 838 boxes to A. J. Rowson ?

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Dairy Commissioner.

---

OFFICE OF DAIRY COMMISSIONER, OTTAWA, November 21, 1893.

SIR,—I am in receipt of your favour of the 6th instant. Absence from home has prevented me from sending a reply earlier.

The one box of cheese, was disposed of at the Central Experimental Farm by being cut up and distributed on the occasions when large excursions of farmers and others visited the farm.

The one box from the shipment to Messrs. Hodgson Bros., at Liverpool, was presented to the President of the Liverpool Produce Exchange. He had shown me, officially and personally, a great deal of courtesy in arranging for the public meeting which I addressed in Liverpool on "The Food Producing Resources of Canada."

The three boxes from the shipment to A. J. Rowson, Esq., at London, were delivered, by my instructions, to gentlemen who had taken an interest in bringing the excellent quality of Canadian products before the public through several of the leading newspapers of London.

I am yours very truly,

J. W. ROBERTSON, D.C.

The Auditor General.

### Advances on account of Dairying.

To Mr. J. D. Leclair, St. Hyacinthe Dairy Station, Quebec, cheque 7692, Dec. 29, \$600.

To Mr. C. A. Matheson, for cheese Dairy Station, Perth, Ont., cheque 6785, Aug. 17, \$700 ; cheque 7029, Sept. 14, \$1,500 ; cheque 7114, Sept. 30, \$2,000 ; cheque 7281, Nov. 2, \$3,000. Total, \$7,200.

To J. S. Pearce & Co., London, for Dairy apparatus, cheque 7438, Nov. 19, \$1,500.

To J. W. Robertson, Dairy Commissioner, cheques 6582, \$813.48 and 6583, \$548.47, July 30, for balances due patrons ; cheque 6670, July 30, \$200 ; cheque 6765, Aug. 15, \$200 ; cheque 6859, Aug. 23, \$200 ; cheque 7245, Oct. 15, \$200. Total, \$2,161.95.

To John Robertson, Dairy Officer in New Brunswick, cheque 6734, Aug. 8, 1892, \$200.

It would be well if in all cases where possible, accounts of expenditure of advances were sent in each month.

I am, sir, your obedient servant,  
J. L. McDOUGALL, A.G.

The Deputy Minister of Agriculture.

(NOTE.—All these advances have been accounted for—J. L. McD.)

DEPT. OF AGRICULTURE, OTTAWA, April 23, 1893.

SIR,—I inclose to you herewith a copy of a letter of Mr. J. W. Robertson, Dairy Commissioner, containing particulars of information requested in your letter of the 21st February last.

I also inclose copies of two further letters from him containing particulars of information requested in your letters of the 22nd February last.

I am, sir, your obedient servant,

The Auditor General.

J. LOWE, D.M.A.

OFFICE OF DAIRY COMMISSIONER, OTTAWA, March 1, 1893.

SIR,—I beg to acknowledge receipt of your letter of the 23rd Feb., inclosing communication No. 86259 from the Auditor General's Office. In reply, I desire to state :—

1. That the advances to Mr. T. J. Dillon at the New Perth Dairy Station were made to advance money on the milk which the patrons furnished to the New Perth Dairy Station during the season. The cheese from that Station have been sent to Great Britain. Account sales were received from the agent to whom they were consigned only last month.

The sums which have been deposited to the credit of the Receiver General during January and February are refunds in part of the amounts which have been advanced to Mr. T. J. Dillon, Mr. J. W. Hart, Mr. C. A. Matheson, and Mr. J. W. Robertson.

## Auditor General's Report, 1892-93.

---

A full statement of these will be sent to the department with such vouchers as we have as soon as all the account sales and the proceeds from the same are received.

2. The advances to Mr. J. W. Hart were for the purposes of making advances to the farmers at the New Brunswick Dairy Station at Kingsclear on the cream which they supplied to that station. The butter has been sent to Great Britain, but only part of it has yet been sold. As soon as the remainder is sold and the proceeds are received, they will be deposited to the credit of the Receiver General, and a full statement with vouchers attached will be furnished to the department.

3. The advance of \$600 to Mr. J. D. Leclair was to pay for milk furnished to the St. Hyacinthe Dairy School and Experimental Station. The cheese and butter at this station are being sold, and a quantity is still on hand. A full statement of the advances, showing the refunds after sales of product have been made, will be furnished to the department before the end of the financial year.

4. The advances, amounting to \$7,200, to Mr. C. A. Matheson, were for cheese purchased from him at the Experimental Dairy Station at Perth, Ont. Mr. Matheson's accounts, fully receipted, have been furnished to the department. The cheese from that station have been sent to Great Britain. Most of it has been sold, but all the proceeds have not yet been received.

5. The advance of \$1,500 to Messrs. J. S. Pearce & Co. was on account of dairy apparatus supplied to the Experimental Dairy Stations, mainly at London, Wellman's Corners and Woodstock, Ont. The detailed account from Messrs. J. S. Pearce & Co., showing a balance of \$200 odd in their favour, and which is still due to them, will be sent to the department this week.

6. The advances to Mr. J. W. Robertson, Dairy Commissioner, by cheques Nos. 6582 and 6583 were for balances due patrons for milk or cream supplied to the Mount Elgin and Woodstock Dairy Stations during the winter of 1891-92. The returned cheques or the vouchers from those to whom these amounts were paid, can be furnished as vouchers, and the books of these two dairy stations are open for inspection. Do you desire a full statement of the season's business at both stations, or will I furnish the books for examination to the department? The sums on cheques Nos. 6670, 6765, 6859 and 7245 were advances on account of travelling expenses, and to advance small sums to the Dairy Commissioner's assistants and to provide for petty cash payments. The vouchers for these amounts will be sent to the department in due course.

My own prolonged absence in Great Britain and absences from home at provincial conventions since my return, have prevented me from furnishing these accounts as promptly as they should have been sent in.

7. Cheque No. 6734 should have been charged to Mr. J. W. Robertson. It was an advance on account for work which was done in New Brunswick jointly by the Dairy Commissioner and the Department of Agriculture for New Brunswick. The expenses were to be borne wholly by the Department of Agriculture for New Brunswick, and as soon as the accounts between the Dairy Commissioner and the Department of Agriculture in New Brunswick can be settled, the advance will be refunded.

I have, &c.,

JAS. W. ROBERTSON, D.C.

The Secretary, Department of Agriculture.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Agriculture.

(NOTE.—Vouchers where possible have been received.—J.L.McD.)

OFFICE OF DAIRY COMMISSIONER, OTTAWA, March 1, 1893.

SIR,—I have your favour of the 24th February, inclosing communication No. 86320 from the Auditor General's Office. I have written to the persons concerned in that communication, asking for vouchers in support of the items of expenditure which have appeared in their accounts. However, I am not hopeful of being able to obtain all of these. Since I received instructions to that effect from the department, I have been careful to ask my assistants everywhere to obtain receipts for expenditure incurred in travelling. As soon as I receive such vouchers as can be obtained, I will forward them to you. In the meantime, I desire to state:—

1. *Re Robert Cornett.*—The expenditures referred to for board, lodging and liveries were incurred while Mr. Cornett was travelling in Manitoba and Ontario, visiting cheese factories and butter factories, and addressing meetings in the interests of dairying. The sum of \$11.00 for board while at the Experimental Farm was incurred while Mr. Cornett was there at my request, receiving instructions for the work which he was expected to do in Manitoba and Ontario.

2. *Re J. W. Hart.*—Mr. J. W. Hart was in charge of the New Brunswick Dairying Station at Kingsclear, which is some 8 miles or more distant from Fredericton. The business at the dairy station required that Mr. Hart should frequently go to Fredericton. Mr. Hart required a horse and conveyance also to visit patrons of the creamery and to attend to other necessary business. I agreed to pay the expenses of feeding the horse, which Mr. Hart himself purchased. By that arrangement the department was saved the expense of hiring a horse, which would have come to a much larger sum and given our work much less satisfactory service than was obtained by the arrangement which was adopted. The butter tubs purchased July 2, June 23 and June 29 were purchased from Indian makers of them in the neighbourhood before the supply of tubs which were sent from Ontario arrived. I fear Mr. Hart will not be able to obtain the signatures of the Indians to any receipt which he might prepare.

3. *Re J. E. Hopkins.*—By my instructions Mr. J. E. Hopkins took charge of our Experimental Dairy Station at Sussex, N. B., before Mr. Hart was able to reach there.

## Auditor General's Report, 1892-93.

from the Experimental Dairy Station at Kingsclear. The sum of \$10.28 is a very reasonable amount for board for 2 weeks and four days. I did not ask Mr. Hopkins to furnish a receipt from his boarding house mistress for the same. The sums charged for board, 6 days at Mabou and 15 days at Antigonish, N.S., were incurred when Mr. Hopkins was visiting cheese factories in the immediate vicinity of these places, and while he was superintending some work in cheese-making at the Antigonish cheese factory. The sum of \$10.72 for 15 days' board was a very reasonable and low charge.

4. *Re C. C. Macdonald.*—The sums charged by Mr. Macdonald for hotel, Grigg House, London, Ont., where authorized by me while Mr. Macdonald was in London, making the necessary and preparatory arrangements for the starting of our Experimental Dairy Station at Geary's factory, near London. The expense at L'Islet were incurred while Mr. Macdonald was giving instructions to butter-makers and cheese-makers in that vicinity. The expenses at Sherbrooke, amounting to \$12.00, were incurred by Mr. Macdonald when at Sherbrooke assisting at the working dairy which was under our management during the holding of the fall exhibition at that place. I have no further particulars concerning the hotel bill at Louiseville, but will furnish any further information which I may be able to obtain.

5. *Re J. A. Ruddick.*—The charge for 6½ days' board at the Magog House, Sherbrooke, was for expenses incurred while Mr. Ruddick was assisting at the working dairy and conducting the tests of dairy cows at the Sherbrooke exhibition. The charge for 12 days' board at Woodbridge, (amounting to \$6.00) was for expenses incurred while Mr. Ruddick was at Woodbridge new creamery, giving assistance in fitting it up and starting it. The one month's board at the Hick's House, Perth, \$20.00, was for part of the time that Mr. Ruddick was in charge of the Experimental Dairy Station at Perth, Ont.

6. *Re J. W. Wheaton.*—The charge of \$18.00 for board for three weeks and three days at the Hick's House, Perth, was incurred while Mr. Wheaton was there by my instructions, giving assistance in experimental work which was being conducted there at our dairy station.

7. *Re C. F. Whitley.*—For the share of \$16.00 for 3 weeks and one day's board at Perth, Ont., the explanation is the same as that furnished by me concerning Mr. Wheaton.

In reference to all these expenditures connected with travelling expenses, I desire to point out that in no case do the charges exceed \$2.00 per day for hotel, in most cases the charge was \$1.00 per day or under. Under these circumstances, I was not aware that it was required that the men employed by my department should furnish receipts from the hotel-keepers or those with whom they obtained board.

8. *New Brunswick Dairying Company.*—The account for \$118.50 was incurred for labour in cutting, hauling and storing ice for the New Brunswick Dairy Station at Kingsclear. A detailed account of this expenditure was sent to the department duly certified to by the President of the New Brunswick Dairying Co. and myself. The charge was noted at the time as being high, but it is high in consequence of the work being done when the roads were in a very bad state for driving.

I have, &c.,

### Certificates on pay-lists of Workmen at Chicago.

AUDIT OFFICE, OTTAWA, March 2, 1893.

SIR,—Inclosed please find the 4 pay-lists for work done at the Canadian buildings, Chicago, between the dates Dec. 3 and Feb. 3.

Please ask Mr. Ewart to amend his certificates, "I certify that each man has been paid the sum opposite his name and that the rate paid is fair and just," so as to include correctness of time.

Since Mr. Ewart spends only a part of his time in Chicago, it would be well to ask the foreman to certify that the time is correct.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Agriculture.

### Wages of Labourers at Experimental Farms.

AUDIT OFFICE, OTTAWA, March 3, 1893.

SIR,—Will you please let me know if the directors of the several Experimental Farm Stations appoint and fix the remuneration of the labourers necessary for the working of these farms?

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Agriculture.

DEPARTMENT OF AGRICULTURE, OTTAWA, April 19, 1893.

SIR,—In reply to the request contained in your letter of the 3rd ult., relative to the fixing of the remuneration of labourers at the Experimental Farm Stations, I send to you herewith a letter containing the explanation of the director.

I am, sir, your obedient servant,

J. LOWE, *D.M.A.*

The Auditor General.

CENTRAL EXPERIMENTAL FARM, OTTAWA, March 8, 1893.

DEAR MR. LOWE,—Your letter of the 4th is received in which you say that the Auditor General sent an official letter to this department, to inquire "If the directors of the several Experimental Farm Stations appoint and fix the remuneration of the labourers necessary for the working of these farms?"

In reply I would say that the superintendents of the branch Experimental Farms have been instructed from the beginning of the work to engage their own labourers for carrying on the operations, and to pay only such prices for this labour as are current in the districts where the farms are located. I have watched this matter very closely and frequently written to the superintendents regarding the rate of wages, and I am quite satisfied that they have followed their instructions very closely in this particular.

Yours, very truly,

WM. SAUNDERS, *Director E.F.*

The Deputy Minister of Agriculture.

### Orders in Council authorizing increases of salary.

AUDIT OFFICE, OTTAWA, March 11, 1893.

SIR,—Will you please send me the Orders in Council providing for increases of salary to the following officers of the Experimental Farms:—

Central Experimental Farm, Ottawa:—Frank T. Shutt, \$1,200 to \$1,400 from July 1, 1891; John Craig, \$1,200 to \$1,400, and A. Lehmann, \$600 to \$700 from July

DEPARTMENT OF AGRICULTURE, OTTAWA, April 12, 1893.

SIR,—As requested in your letter of the 11th ult. an official application has been made to the clerk of the Privy Council to furnish you with copies of the Orders in Council providing for increases of salaries to the following named officers of the Experimental Farms, namely : Messrs. Shutt, Blair, McKay, Bedford, Craig and Sharpe.

There were no Orders in Council referring to Messrs. A. Lehmann, John Fixter, W. T. Macoun, W. T. Carter and A. McMurray, these employés being temporary.

I am, sir, your obedient servant,

The Auditor General.

### Necessity of employment under Order in Council.

AUDIT OFFICE, OTTAWA, April 13, 1893.

SIR,—With reference to your letter of yesterday's date in which you state that there were no Orders in Council referring to Messrs. A. Lehmann, John Fixter, W. T. Macoun, W. T. Carter and A. McMurray, these employees being temporary, I would call your attention to Secs. 5 and 6 of Chap. 57 of the Revised Statutes, in which it is stated that the Governor in Council may appoint a director and such officers and employees as are necessary for each farm station and may fix the rate of their remuneration.

From this it seems necessary that all appointments—whether of a permanent or temporary nature—should be made under the authority of the Governor in Council.

I have not as yet received from the Clerk of the Privy Council the Orders in Council you mentioned which provide for the increases of salaries of certain officers of the Experimental Farms.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

---

DEPARTMENT OF AGRICULTURE, OTTAWA, May 11, 1893.

SIR,—I communicated to the Director of Experimental Farms your letter of the 13th ult., in which you state it to be your opinion that Sections 5 and 6 of Chap. 57 of the Revised statutes make it "Necessary that all appointments whether of a permanent or a temporary nature should be under the authority of the Governor in Council"

I desired to obtain the view of the Director as to the effect of such a proposed change in the economical working of the farms ; and I inclose to you a copy of his reply.

Sec. 5 of the Act referred to provides that the Minister of Agriculture shall have the "control and direction" of the several stations, subject to such regulations as shall be made by the Governor in Council.

The words of the Section to which you refer are as follows :

"The Governor in Council may appoint a Director and such officers and employees as are necessary for each farm station".

This provision is understood to be permissive and to refer to those officers and employees whose appointments are of a permanent nature, as distinct from those whose employment is purely temporary and who are liable at any moment to be removed.

The employment necessary for the operations of the Experimental Farms, is understood to be distinct from, and in practice it has been so kept, from the Civil Service, either inside or outside.

It is believed that altering the nature of the engagements of purely temporary employees, in such way as to convey the impression of permanency implied by the fact of appointment by Order in Council, would be to introduce an element not conducive either to efficiency or economy, and one that would be accompanied with difficulty in carrying out.

The "control and direction" by the Minister of purely temporary employments at the farms might be exercised under the authority of a general Order in Council, but even this seems to be unnecessary as it is so clearly defined and authorized by law in the terms of the Section to which you have referred.

I am, sir, your obedient servant,

J. LOWE, *D. M.A.*

The Auditor General.

CENTRAL EXPERIMENTAL FARM, OTTAWA, April 22, 1893.

SIR,—I beg to acknowledge receipt of yours of the 17th accompanied by a letter from the Auditor General, in which he expresses the opinion that all appointments of employees on the experimental farms, whether of a permanent or temporary nature, should be made under authority of the Governor in Council.

Hitherto the heads of departments and the superintendents of the branch farms are the only persons who have been appointed by Order in Council. These are the director, agriculturist, horticulturist, entomologist and botanist, and chemist at the Central Experimental Farm, and at each of the branch farms the superintendent only. All the office employees and assistants have been engaged under instruction of the Minister of Agriculture with the understanding that they are not permanent employees but serve during the pleasure of the Minister. The farm foreman and horticulturist at the Central Farm, and the superintendents of the branch farms have been authorized by the Director under instruction of the Minister to engage such labourers as may be necessary to carry on the work at the several farms, with full power to discharge at any time such men as may be found unsuitable and to engage others if required in their place, so that the work in progress might be carried on in the most economical way by those who are held responsible for its performance,

The success which has attended the experimental farms thus far has depended largely on their economical administration, and on the selection of the best men for carrying on the work. Judicious economy would be impracticable if a system of permanent employment of all employees by Order in Council were introduced. The stimulus which is now so beneficial for each man to do his best in order that he may retain his place would then be wanting, and where men feel that their positions are secured on any other basis than that of faithful service, general apathy and indifference are likely to result. To carry out the suggestions of the Auditor General to their full extent would be impracticable. No superintendent or foreman could carry on the work efficiently at any of the farms with the money at present available, unless he was at liberty to employ only such labour as is needed, and for such time only as it is required.

The work of the experimental farms has been carried on satisfactorily in the manner indicated for the past six years, and should it now be found that the Minister has not been given the necessary authority to continue the work in this way such authority might be given by the Governor in Council.

I am, sir, yours very sincerely,

WM. SAUNDERS, *Director E.F.*

The Deputy Minister of Agriculture.

*Cattle Quarantine, Quebec*—Wm. Walsh.

*Cattle Quarantine, Fort Macleod*—R. Evans and Thos. Wroughton.

*Cattle Quarantine, Point Edward*—E. P. Westell, V.S., and J. McDougall.

*Cattle Quarantine, Western Ontario*—Wm. Cowan, V.S.

*Medical Inspection of Ships*—Dr. P. P. Pelletier and Dr. A. Bouillon at Port Matane, P.Q.; Dr. L. A. Larue at Sandy Bay, P.Q.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Agriculture.

### Medical Assistants at Grosse Isle Quarantine Station.

AUDIT OFFICE, OTTAWA, February 23, 1893.

SIR,—Please forward a receipt from Dr. Arthur DeBlois for his salary \$150, and living allowance, \$30, for the month of September, while acting as a medical assistant at the Grosse Isle Quarantine Station.

There is a note on the pay-list for September that he was on sick leave, but as he was only a temporary employee, and September was his first month of service, he would not be entitled to his full pay for the month unless he was performing his duties for each day of the month. Please give the necessary explanation.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

DEPARTMENT OF AGRICULTURE, OTTAWA, March 3, 1893.

SIR,—I have to inform you in reply to your letter of the 23rd ult. in relation to the pay of Dr. Arthur DeBlois as medical assistant at the Grosse Isle Quarantine Station, that he went down from Quebec on the 1st of September, his salary for temporary service being \$150 per month, together with a living allowance of \$30 per month.

Dr. DeBlois left on sick leave on September 28th and it was considered by the Minister, in view of the facts and circumstances of his appointment, that he was entitled to one month's pay, and this was accordingly afforded to him. His temporary appointment was not by the day.

The Auditor General.

I am, sir, your obedient servant,

J. LOWE, *D.M.A.*

AUDIT OFFICE, OTTAWA, February 23, 1893.

SIR—Cheque 7269 is for a payment of \$181 to Dr. E. Playter, for salary \$150, and living allowance, \$31, for the month of October while on duty as a medical assistant at the Grosse Isle Quarantine Station.

As, according to the bill for his transport from the Canadian Pacific Railway and a note from yourself attached to the bill, Dr. Playter did not leave Ottawa for Quebec till October 7th, it would appear that there has been an overpayment of \$35.03 for salary and allowance from October 1-6. Please see that this amount is refunded.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, *A.G.*

DEPARTMENT OF AGRICULTURE, OTTAWA, March 3, 1893.

SIR,—I have to inform you in reply to your letter of the 23rd ult., in relation to a payment of \$181 to Dr. E. Playter, for salary and living allowance for the month of October, as medical assistant at the Grosse Isle Quarantine, that Dr. Playter was engaged by the Minister of Agriculture from the 1st of the month.

You remark that Dr. Playter did not go to Quebec until the 7th of the month. The answer is that he was detained by the Minister for service of the department until that time, his appointment being for the month from the date I have stated.

I am, sir, your obedient servant,

J. LOWE, *D.M.A.*

The Auditor General.

AUDIT OFFICE, OTTAWA, March 9, 1893.

SIR,—In your letters of the 3rd inst., with reference to the pay and allowances of Dr. Playter and Dr. DeBlois while acting as medical assistants at Grosse Isle, you state that their employment was authorized by the Minister of Agriculture.

Will you please send me the Order in Council under which the Minister makes these appointments, as sec. 2 of the Quarantine Act, chap. 68 of the Revised Statutes, vests all such appointments in the Governor in Council.

Your explanations with regard to Dr. Playter and Dr. DeBlois affect only the amount of pay they received, and do not supply any reason for their receiving a living allowance at the rate of \$1 a day for a whole month. Please see therefore that Dr. Playter refunds \$6, his living allowance for the first six days of October, and that Dr. DeBlois refunds \$2, his living allowance for the last two days of September.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Agriculture.

## Auditor General's Report, 1892-93.

---

DEPARTMENT OF AGRICULTURE, OTTAWA, April 11, 1893.

SIR,—I have to inform you in reply to an inquiry in your letter of 9th ult., that in nominating Dr. Playter and Dr. DeBlois as temporary medical assistants at the Grosse Isle Quarantine, during a time of unusual pressure, the Minister of Agriculture followed a practice which has prevailed at Grosse Isle for many years, based on an Order in Council passed in 1865, as follows :—

“That there being no necessity to renew the regulations passed in April last, such regulations not being limited to time, and consequently remaining in force until formally revoked, it only remains to appoint the different officers necessary for the service of the station, and suggesting the appointment of Dr. Von Iffland, at a salary of twelve hundred dollars (\$1,200), to serve as medical superintendent of the Grosse Isle Quarantine Station, the nomination of the other officers and employés at the ordinary rates of salary, remaining as usual, a purely departmental transaction.”

A further order which was passed in 1867 is in the following words :—

“The Committee advise that an Order in Council be passed enacting regulations similar to those adopted by an Order in Council of the 29th April, 1864, and that the Minister of Agriculture be authorized to make such changes therein from time to time as he may deem necessary.”

These two orders conferred on the Minister general powers of administration at Grosse Isle ; and these have since been acted on.

I may add that while there exists no doubt as respects the authority of the action in the particular referred to in your letter, it is the intention, in view of the probably serious proceedings which may be necessary during the coming season, to make the appointments of assistants to the medical superintendent by Order in Council.

I am, sir, your obedient servant

J. LOWE, *D.M.A.*

The Auditor General.

## Gratuity to T. E. Clay.

AUDIT OFFICE, OTTAWA, January 31, 1893.

SIR,—I notice that Mr. T. E. Clay, until lately a temporary employee in the Immigration Office at Halifax was paid \$150 on Dec. 29 last by Immigration cheque No. 5678, being a gratuity equal to three months of his salary,

As Mr. Clay's employment was only of a temporary nature, and as therefore he did not contribute to the superannuation fund, I see no adequate authority for the payment of such gratuity. Any payment out of the public funds must either be for services rendered or for material supplied, unless it be authorized by a special Act of Parliament, as in the case of retiring allowances and gratuities paid under the authority of the Superannuation Act. I am of the opinion that no such gratuity can be paid unless it has been specially authorized by a specific vote in Parliament.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

Deputy Minister of Interior.

## Auditor General's Report, 1892-93.

---

INTERIOR DEPT., OTTAWA, February 8, 1893.

SIR,—I beg to acknowledge the receipt of your letter of the 31st ultimo in the matter of the gratuity granted to Mr. T. E. Clay, lately employed in the Immigration Office at Halifax, under authority of the Order in Council of the 19th December last.

I am, sir, your obedient servant,

JOHN R. HALL, *Secy.*

The Auditor General.

### Arrears of Salary of T. Bennett.

AUDIT OFFICE, OTTAWA, June 6, 1893.

SIR,—I notice that on August 29 last, an Immigration cheque (No. 5207) for the amount of \$72.41 was issued in favour of Thos. Bennett, being for 19 days short pay to June 30, 1892.

As Mr. Bennett appears from the accounts to have received his pay in full for each year, I have to ask the reason of the payment referred to above.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Interior.

---

INTERIOR DEPT., OTTAWA, June 8, 1893.

SIR,—In reply to your letter of the 6th instant, asking why Immigration cheque No. 5207 (\$72.41) was issued in favour of Thomas Bennett for 19 days short pay to June 30, 1892, I have to inform you that the explanation of this matter given by the Accountant of the Department of Agriculture is that Mr. Bennett's appointment dated from the 12th April, 1882, and that he was paid monthly to the 12th of the following November, but the cheque issued to him in that month read as if for the whole of that month, and his subsequent monthly pay was computed from the 1st of each succeeding month, thus leaving 19 days in the month of November, 1882, for which Mr. Bennett received no salary.

I am, sir, your obedient servant,

JOHN R. HALL, *Secy.*

The Auditor General.

### Increase of Salary of W. Anderson.

AUDIT OFFICE, OTTAWA, August 23, 1893.

SIR,—I notice that from January 11 last the salary of Mr. W. Anderson, Interpreter in the Immigration Office at Quebec, was increased from \$660 to \$730 per annum.

A reference to the Supply Bill for the fiscal year 1892-93 will show that there was only \$660 definitely voted for the salary of the interpreter for the year. Any payment over and above that amount during the year is accordingly illegal and should be refunded. Kindly have this adjusted at your earliest convenience.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Interior.

INTERIOR DEPT., OTTAWA, October 3, 1893.

SIR,—In reply to your letter of 23rd of August last stating that you think any payment to Mr. W. Anderson, Interpreter in the Immigration Office at Quebec, over and above \$660 per annum is illegal, I beg to inform you that Mr. Anderson is an active, intelligent and industrious official, conversant with all the languages of northern Europe; has been employed by the Government for over 25 years, and in recommending to Council that his salary be increased to \$730 per annum, it was pointed out that recent changes in the immigration staff at Quebec had rendered it possible to recognize Mr. Anderson's long and valuable services in this manner without increasing the cost of the immigration services at that place. Seeing, therefore, that the total vote for the immigration staff at Quebec will not be exceeded, I have now to ask whether you are still of the same opinion about this matter, and if so, whether you are willing to let the question of the overpayment remain in abeyance until the department has had an opportunity of getting the increase sanctioned by the Order in Council of 11th January last covered by a supplementary appropriation at the next session of Parliament.

I am, sir, your obedient servant,

JOHN R. HALL, *Acting D.M.I.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Oct. 27, 1893.

SIR,—I am in receipt of your letter of the 3rd instant with reference to the salary of Mr. W. Anderson, Interpreter in the Immigration Office at Quebec.

In reply I beg to say that I am still of the opinion that the increase of Mr. Anderson's salary from \$660 to \$730 was illegal. I regret to have to say that the only way I can now see of making the matter regular is by Mr. Anderson refunding the amount received over and above the parliamentary vote of \$660 for his salary. If a supplementary appropriation is obtained at the next session of Parliament the amount thus refunded may then be repaid to him.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Interior.

### Transport of family of J. Edwards to Wales. <sup>1</sup>

AUDIT OFFICE, OTTAWA, November 25, 1893.

SIR,—Among the payments during the past fiscal year on account of immigration by Commissioner H. H. Smith, I notice one in October, 1892 (cheque No. 382) of \$102.30 to the Canadian Pacific Railway for 5½ fares from Winnipeg to Montreal for John Edwards' family.

I also notice that in November, 1892, the High Commissioner paid John Edwards the sum of £15 8s. 3d. as a proportion of expenses of transport of himself and family from Canada to Wales.

Kindly inform me who John Edwards is, and why the expenses of himself and family were paid from Winnipeg to Wales.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Interior.

## Auditor General's Report, 1892-93.

INTERIOR DEPT., OTTAWA, November 28, 1893.

SIR,—I am directed to acknowledge the receipt of your letter of the 25th instant, asking for an explanation of the payment during the past fiscal year on account of immigration by Commissioner Smith and the High Commissioner in connection with one John Edwards, and in reply I am to state that Mr. Edwards was a Welsh immigrant, who came out to this country with his family in the summer of 1892, but whose children, unfortunately, contracted scarlet fever, from which four of them died after their arrival in Winnipeg. This great misfortune completely discouraged Mr. Edwards and his wife, and as his case was a peculiarly hard one, it was decided to arrange with the Canadian Pacific Railway and the Allan Steamship Companies for free transportation for the family to England, the department agreeing to pay half of the cost. The arrangement with the railway was carried out satisfactorily, but owing to a misunderstanding caused by a delay in sending the necessary instructions to the agent of the department at Montreal, Mr. Edwards was compelled on his arrival there to pay the portion of the steamship fare of himself and family which the department had agreed to allow him. On the 8th of November, 1892, the Deputy Minister wrote to the High Commissioner's office reciting these facts, and requesting that in order to keep faith with Mr. Edwards a cheque should be issued to him by the High Commissioner for the proportion of his ocean fare which the department had agreed to defray, and the cheque for £15 8s. 3d. which is referred to in your letter was issued by the High Commissioner in pursuance of this request.

I am, sir, your obedient servant,

LYNDWODE PEREIRA, *Asst. Secy.*

The Auditor General.

### No Answer to Letters.

AUDIT OFFICE, OTTAWA, November 26, 1893.

SIR,—I beg to remind you that I have heard nothing further from you with reference to the following payments out of your vote for "Immigration":

1st. Payment of a gratuity to T. E. Clay.

2nd. Increase of salary of W. Anderson, interpreter at Quebec.

The remarks made by me in Mr. Clay's case apply equally to the gratuities paid other temporary employees in the Immigration service on their retirement.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Interior.

INTERIOR DEPT., OTTAWA, January 5, 1894.

SIR,—I am directed to acknowledge the receipt of your letter of the 26th ultimo, asking for a reply to your communication of the 27th October last, regarding the increase of the salary of Mr. W. Anderson, Interpreter in the Immigration Office at Quebec, from \$660 to \$730 per annum, and to say that the matter has again been submitted to the Minister, who directs me to say that he will cause the irregularity complained of to be rectified by a supplementary appropriation at the next Session of Parliament.

I am, sir, your obedient servant,

LYNDWODE PEREIRA, *Asst. Secy.*

The Auditor General.

## Necessity of amending the Act governing the Royal Military College.

AUDIT OFFICE, OTTAWA, March 3, 1892.

SIR,—I wish to call your attention to the following sections of the Act respecting the Royal Military College, in Chapter 42 of the Revised Statutes of Canada :—

*Section 2.*—The College shall be conducted under the superintendence of a military officer, whose title or designation shall be that of Commandant, and who has special qualifications with regard to discipline and to the instructions to be given, and there shall also be two other professors or instructors and such other assistants as are found necessary and as are authorised by Parliament; all the staff of the College shall be appointed by the Governor in Council and shall hold office during pleasure.

*Section 3.*—The salary of the Commandant shall be not more than three thousand dollars, and the salaries of the other professors shall not be more than two thousand dollars each.

As the present staff of the College, as fixed by the Governor in Council, consists of a Commandant drawing a salary of \$3,163.32, of 8 military officers drawing salaries varying from \$1,000 to \$2,500, and of 6 professors drawing salaries varying from \$1,000 to \$2,700, you will see the necessity that these sections should be amended so that the practical working of the Act may agree with its express provisions which vest in Parliament alone the authority to determine the establishment of the College and which fix the maximum rate of pay for the officers of the College at a less amount than that which in some instances is paid.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

(NOTE.—The Act was amended.—J. L. McD.)

## Pay-lists for piece-work at the Quebec Cartridge Factory.

AUDIT OFFICE, OTTAWA, March 27, 1893.

SIR,—Will you please inform me what action has been taken by your department with reference to the request that the pay-lists for piece-work at the Quebec Cartridge Factory should be sent to this office?

In the fiscal year 1891-92, there was paid for piece work \$9,076.23 and in the 4 months ended October 31 of the present fiscal year there was paid \$3,736.59.

Please see that the pay-lists asked for are forwarded as soon as possible in order that a satisfactory audit may be made of the expenditure of this money.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Deputy Minister of Militia.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, July 20, 1893.

SIR,—In reply to your letter of the 27th March last, I have the honour to inclose to you herewith, piece-work pay-lists for the months of April, May, June, July, August, September, October, November and December in the year 1892, and for January, February, March, April, May and June in 1893, at the Government Cartridge Factory, Quebec.

I am, sir, your obedient servant,

C. EUG. PANET, D.M. M. & D.

The Auditor General.

From this statement you will see that in nearly every case payment for services has been made some days before the end of the month. As this is contrary to the regulations please see that in future no payment for services is made before the end of the month. I would also ask that the cheques drawn by paymasters be forwarded to this office along with the vouchers that are now sent in support of their monthly accounts of expenditure.

## Feasibility of Doing Away with the District Paymasters.

AUDIT OFFICE, OTTAWA, March 29, 1893.

SIR,—I inclose a memorandum on the feasibility of doing away with the present system of paying through the medium of district paymasters.

In this connection I would call your attention to the evidence of General Herbert before the Civil Service Commission. He says: "I confess I do not see the object of having district paymasters in these days, when the transmission of money can be

made so easily by means of a cheque. I see no reason why a cheque should not be sent directly from the Deputy Minister to the person who requires it, without the intermediary of a third person."

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

*Memorandum.*

Could not the following classes of payments at present made through the medium of district paymasters stationed at Halifax, St. John, Quebec, Montreal, Kingston, Toronto, London, Winnipeg and Victoria, be made as efficiently without their aid:—

1. *Royal Military College, Quebec Cartridge Factory, the permanent Artillery, Cavalry and Infantry Schools:*

Under the present practice the paymaster sends in each month to the department a detailed estimate of the amount required for that month. He then receives a credit against which he makes his payments, accounts of which are rendered monthly to the department.

As the commandants of the schools and the superintendent of the cartridge factory necessarily supply to the paymaster all information with regard to expenditure and estimated requirements, they would seem to be the most suitable and direct persons to receive the credit and make the expenditure.

There might also be introduced with great advantage the system of paying by cheque, not only accounts for supplies, but also those for services of both officers and men. The pay-sheet signed by the men as to correctness of amount due, and certified to by the officer in command, would form the basis for the issue of cheques for services. This would do away with the present illusory system of men acknowledging, on the pay-sheet, receipt of money before the money has been paid to them.

2. *Construction and repairs of military properties at Quebec and Kingston:*

Under the present system the paymasters at these places receive the credit, make the payments, and render their monthly accounts of the expenditure.

All payments might be made directly by cheque from the department under vouchers properly certified to by the superintendent of works at each place, countersigned by the commandant of the school where the work was performed, and approved by the militia architect.

3. *Construction and repairs of other military properties:*

The majority of payments for these works are at present made by cheque directly from the department, under vouchers properly certified. All payments could very satisfactorily be so made.

4. *Annual drill pay of active militia:*

At present the district paymasters act as the paymasters of the brigade camp, receive the credits, make the payments and render their accounts. All the payments necessary to be made at camp could be made under a credit to the paymaster of the brigade camp or to the paymaster and commandant combined. All other payments could be made directly by the department under properly certified vouchers.

The drill pay of those city battalions which perform their drill at local headquarters, could be made by cheques sent to the commanding officers by the department, instead of by the paymaster. I should be glad if drill pay could be settled by cheque directly to each individual, as such method of payment gives the best proof that the person who is entitled to the money has received it. However, your department must be the judge of the extent to which this method would be inconvenient. In any event, some plan should be adopted whereby the signing of the pay-list should mean that at the time of signing, the person has actually received the money, the receipt of which he is acknowledging by his signature

## Auditor General's Report, 1892-93.

### 5. Allowances for drill instructions, care of arms and postage :

At present the Deputy Adjutant General after inspection certifies to the amount payable, on a form printed for the purpose, and sends the accounts to the paymaster who forwards them to the department. The department, after examination, sends a credit cheque to the paymaster for the total amount of the accounts; the paymaster then draws his own cheque against this credit. A saving of time and of duplication of work would be effected if the accounts were sent directly by the Deputy Adjutant-General to the department and were paid directly by the department. The payments could be so arranged that where possible the one cheque would cover the three allowances to the same person.

### 6. Pensions :

At present all pensioners, except the veterans of 1812-15, who are paid by cheque directly from the department, send their affidavits to the district paymasters who send them to the department, which after examination sends the paymaster a credit for the total amount of them. The paymaster then draws his own cheques against this credit. All pensioners could with no additional trouble to themselves, and with a saving of time, send in their affidavits to, and be paid directly by, the department.

### 7. Salaries, travelling expenses and allowances of Deputy Adjutants General, and Brigade Majors, salaries of armourers, caretakers and labourers, and sundry supplies for drill sheds, ranges, armouries and militia stores :

Under the present system the district paymasters send in each month to the department, a statement of account, supported by vouchers for the various expenditures coming under these heads. The department, after examination, sends the paymaster a credit for the total approved amount of his accounts; the paymaster then draws his own cheques against this credit for the payment of the several items of the account.

The salaries of the 4 Deputy Adjutants General, the 8 Brigade Majors, and the 97 employees could be paid by cheque directly from the department under properly certified accounts and pay-sheets.

The accounts for supplies certified to by the foreman or caretaker or armourer, and approved by the Deputy Adjutant General, could also be paid by cheque directly from the department with but very little additional work, since under the present system all these accounts undergo examination by the department before being paid by the paymaster.

If such a change as that above indicated were adopted some additional work would accrue to the commandants of the schools, some to the Deputy Adjutants General, and some, chiefly in the issuing of cheques and in a more rigorous examination of accounts, to the department, which, however, would gain a great advantage in having a more direct and uniform control over all expenditure.

In the extension of the method of payment by cheque to all classes of accounts, greater security would be given that the persons entitled to the money have in all cases received it.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, May 4, 1893.

SIR,—In reply to your letter of the 28th ultimo, I have the honour to say that no doubt a large number of payments could be made from headquarters, as suggested in your letter.

This would have the effect to lighten by so much the work of our local paymasters. After having given this subject most careful consideration, I am of opinion that the local officers in the districts, who combine the dual offices of paymasters and superintendents of stores, cannot be dispensed with.

I attach hereto, a report on this subject dated 27th April, 1893, from the accountant of this department, in which report I fully concur.

I am, sir, your obedient servant,

EUG. PANET, D.M.M. & D.

The Auditor General.

## DEPT. OF MILITIA AND DEFENCE, OTTAWA, April 27, 1893.

SIR,—With reference to the letter of the Auditor General of the 29th ultimo, suggesting the abolition of the Militia District Paymasters and the payment by direct cheque from the Deputy Minister to the person who requires it without the intermediary of a third person, I have the honour to report as follows:—

The district paymasters of militia are also superintendents of stores for their districts.

Staff paymasters and superintendents of stores are necessary adjuncts to the administrative staff of the military force, and these officers form part of an organization found necessary and established by the Government of Canada.

Without such staff officers the duties of the pay department or army service could not be performed, and as the militia force of Canada is scattered over a continent stretching from the Atlantic to the Pacific, it is impossible that those duties can be carried out from Ottawa as a central point without such assistance. Services required, payments due on a certain day could not be effected at the proper time without the presence of such officers at their respective stations, and should an emergency rise requiring any active action of the militia, chaos would reign supreme without such staff officers at the necessary posts. To abolish the staff paymasters one day would mean their re-establishment another day, when possibly the services of the discharged would not be available, and trained officers to take their places not to be found.

Moreover, the services of staff or district paymasters are necessary for the following reasons:—

1. *Permanent forces.* Officers require to be paid at the end of each month.

N. C. officers and men require to be paid weekly. This could not be effected except through the aid of a staff paymaster on the spot.

The officers of the permanent corps now receive their month's pay at the end of the month by cheque from the district paymaster, and the captains of companies are supplied in like manner each week, with the necessary funds to pay their men.

To convert the commandant of a military force into a staff paymaster as suggested, would of necessity interfere with his military duties and might lead to embarrassment; in addition, the necessary security required from a paymaster is not given by such officers.

The practicability of officers commanding companies paying their N. C. officers and men by cheque as suggested is a point I do not discuss, but I doubt if such a system has been introduced into any army. I may remark, for information, that the N. C. officers and men of the Canadian army are paid weekly, their accounts with their commanding officers are running accounts shown in their ledger accounts, which may show a balance, Dr. or Cr., for regimental stoppages or other causes, when signed as they are at the end of each month by the men.

This is the voucher of settlement for both officer and man.

The certificates of the officers, and the signatures of the N. C. officers and men on the monthly pay-list sent to the Auditor General should be sufficient evidence that the amounts are correct and chargeable against the public. The new form of pay-list for the permanent corps will show, in addition to the amounts advanced by the paymaster's cheques to the officer for pay of his men, a transcript of the men's ledger accounts supported by the men's signatures, and commanding officers' certificates. A more complete voucher than this in support of public expenditure, I do not think could be devised.

If any officer commanding a company would prefer to pay his men by four cheques to each individual each month, instead of paying by cash, it would be worth while asking the question.

Payments to the Royal Military College, Kingston, and Cartridge Factory, Quebec, could be made through the officers commanding these establishments if those officers were willing to do the work, and, I presume, give bonds of security. This work is now done through the district paymasters, and I do not recognize any advantage to be gained by the proposed change.

## Auditor General's Report, 1892-93.

### 2 and 3. *Construction and repairs, military properties :*

A great portion of the work at Kingston and Quebec is done by daily labour under the superintendence of clerks of works.

Payments have to be made to labourers daily and weekly on certified pay-lists.

I do not think the payments could be made through any other agency than through the responsible officer at the station, the district paymaster.

### 4. *Annual drill pay, active militia :*

The pay of the militia, annual drills in camp of instruction has to be issued in camp to the proper officer upon production of corrected pay-lists. It is absolutely necessary that the captains of companies receive the amounts of their pay-lists before the breaking up of the camp to enable them to settle up with their men on arrival at their respective company headquarters, before the men break off and scatter to their homes.

These payments to the captains and other regimental or staff officers are at present made by cheque from the district paymasters acquainted with the rules and regulations of the service, and may amount in the aggregate to \$10,000 or \$20,000 for one camp alone.

To entrust the custody and payment of such large sums to an irresponsible paymaster at the brigade camp who would not have furnished bonds of security, and who in all probability would be ignorant of regulations and orders governing the pay of the militia, which should guide him in dispensing the public money, seems to me not desirable.

With reference to paying annual drill by direct cheque to each individual, I am certain that if the proposition were made to officers commanding companies, not an officer would accept it when settlement with the men can be effected in the more expeditious and satisfactory manner to all concerned by a cash payment.

The amounts on the annual drill pay-lists represent the debt of the Government to the militia for the drill performed, and the acquittance of that debt is given by the commanding officers receipt for the total amount of that pay-list.

The amounts for the N. C. officers and men shown on the pay-list do not always represent the indebtedness of the captain to his men, as in the majority of cases the men are in his debt for regimental necessaries, regimental dues, damages or losses of Government stores, &c., for which the commanding officer is responsible.

That honest settlement is made between officers and men must be conceded, as complaints of non-settlement are not preferred, and an officer knows well that dishonest dealing with a soldier would soon lead to disruption of his command, and his retirement in disgrace from the service.

An officer's cheque for drill pay held by a soldier, in the rural districts especially, would be regarded with suspicion, and the man holding it might likely, after refusal at the village stores, find some one to cash it at an enormous discount, or even perhaps he could not find such an accommodating person. The inconvenience and injury to the soldier would be great, and the system does not seem desirable.

The new form of annual drill pay-lists I think will meet all the requirements.

With reference to the other portions of the Auditor General's letter suggesting the payments of all other militia services by direct cheques, I may say claims are all now paid by cheques, some by direct cheques from here, others where the convenience of the service requires it through the district paymasters who receive a specified credit for payment of specified sums to the individuals named. The persons are paid by cheque, their receipts of payment filed with the vouchers sent to the Auditor General. What other proof of payment or voucher required, I do not know.

So far as rigorous examination of accounts go, the system proposed would deprive the department of the rigorous examination which claims now receive from the district paymasters before they are certified by them as correct, entered in their registers, and forwarded to Ottawa for audit and payment.

All claims receive the most rigorous scrutiny here before being passed for payment, and the numerous certificates on them will show the precautions taken to ensure correctness before payment is effected.

Payments by direct cheques would in many instances embarrass the service, for reasons already given, and would entail the issue of innumerable cheques from Ottawa,

and the assumption of large correspondence, occupying time, and interfering with the suitable attention to the many other duties of the department. The necessary portion of this work for effectual administration is now performed by the district paymasters, to the satisfaction and convenience of all concerned.

C. HERBERT O'MEARA, *Acct.*

The Deputy Minister of Militia and Defence,  
Ottawa.

AUDIT OFFICE, OTTAWA, June 30, 1893.

SIR,—In reply to your letter of the 4th ultimo in which you state that no doubt a large number of payments could be made from headquarters as suggested in my letter, but for the reason that the district paymasters are also superintendents of stores, and for other reasons contained in a memorandum from the accountant of your department, you do not consider that their services could be dispensed with: I would say that my reasons for advocating such a change were not so much that a saving would be effected,—although I think such would be the case—but from the fact that if, as appears from your own letter and from the evidence of Major-General Herbert before the Civil Service Commission, the department could as readily in most instances make these payments without the intermediary of the district paymasters, then it would be better that they should do so, since there is as a general rule a loss of efficiency where work that could as satisfactorily be done on the responsibility of one person is done by more than that number.

The principal objections to the proposed changes seem to be:—

1. "That these paymasters perform also the duties of superintendents of stores." From the fact that in some cases these paymasters as superintendents of stores certify to accounts which as paymasters they pay, contrary to the well established rule that these functions should always be performed by different persons, there would seem some reason why these two offices should not be combined in the one person; and besides this if the recommendation of the Major-General be adopted, to the effect that in the case of city corps the issue for their clothing and equipment should be replaced by an allowance in money and that the commanding officers should be entrusted with responsibility for the clothing of their corps, these superintendents of stores will be relieved of a considerable portion of their duties. The appointment of a quartermaster-general at Ottawa, for which provision was made in the estimates for 1893-94, would also seem to have a tendency in the same direction, so that in some instances the foreman of the stores at these local headquarters would be able to perform the duties of superintendent of stores.

2. "Difficulty of making prompt payments without these paymasters." Thus you say the officers of the permanent corps require to be paid at the end of each month and the non-commissioned officers and men at the end of each week, and that this could not be done except through the medium of these paymasters. With respect to the payments of the officers there might in the case of the officers at Victoria, B.C., be a delay of a few days, in the first month, but after that the payments could be made at equal monthly intervals. The pay-list signed by the officers as to correctness, and certified to by the proper official, could be sent to headquarters at the end of the month, and the endorsements on the cheques sent to them would be the best proof of payment to the persons intended. If it were necessary that the non-commissioned officers and men should be paid at the end of each week, then there would be an objection to the payment by cheque, but none to the captain of the company receiving his cheque each week directly from headquarters and not from the paymaster. In this connection I would ask why it is necessary that payment should be made each week to these non-commissioned officers and men and not—as in the case of the officers—at the end of the month, since many of their incidental expenses such as hair-cutting, sundry supplies, &c., are met by stoppages from their pay, and their board, lodging and clothing cost them nothing.

## Auditor General's Report, 1892-93.

With respect to this I would call your attention to the fact that the non-commissioned officers and men of the North-west Mounted Police are paid monthly, and that men with as small salaries in the railways and other departments in all the provinces are paid but once a month with no complaint from them. The new form of pay-list properly made out, signed and certified, could be sent each month to the department, and payment of the net amount due each man could be made directly by cheque to him from the department, or by a credit cheque for the total amount of the pay-list in favour of the commanding officer and the major or captain of the school, who could issue their own cheques in payment. Your objection to the commanding officers of the different schools acting as paymasters, owing to the heavy security bonds given by the present paymasters, is not valid when it is considered that all these payments of the paymasters are not direct money payments, but payments by cheque against a credit cheque deposited in the bank in their favour, and I am not aware of a single defalcation under the credit system. Where men do not handle actual money and where two persons are associated in drawing against a credit there is no reason for security bonds being given. Just as in the departments of the Government, two persons are named for the signing of all cheques, the Deputy Minister and the accountant, or their authorized substitutes, so with these payments the major or captain of the company could be associated with the commanding officer and the signatures of these two responsible officers would reduce to a minimum the danger of any wrong payments.

If the accounts for salaries and for the various fixed monthly supplies, such as bread, meat, groceries, forage, &c., used at these schools, were paid by cheque directly from the department, the remaining incidental expenses would not require an extensive credit to meet them.

### 3. *Re* payments for repairs at Kingston and Quebec :

As all accounts for these repairs which are almost always by contract, after being certified to by the proper officers at these places, are sent to the department for examination before being paid, there would be a saving of time with no loss of efficiency if the department paid them directly instead of returning them to the paymaster for payment. Your objection that the labourers at these places require to be paid daily or weekly and therefore a paymaster is necessary, does not seem valid when only \$73.31 has been paid at Kingston for this general labour during the 10 months ended April 30th, and only \$439.61 at Quebec, and the four payments making up this latter amount were paid by advances to Mr. J. B. Z. Genest, a clerk in the militia stores at Quebec. The payments of these small amounts could if necessary be made by advances to the proper officers at Quebec and Kingston. There are a few regularly employed labourers at the Royal Military College, but as these men are paid on a pay-list by a cheque for the total amount of the pay-list from the paymaster to the superintendent of works there, they might be similarly paid directly from the department, or else by direct cheques to themselves.

### 4. *Re* Annual drill pay, active militia :

You consider that there would be great objection to entrusting the large sums necessary to be paid for annual drill at the different camps to brigade paymasters who would not have the accurate knowledge with respect to pay which is possessed by the regular district paymasters. If the commandant of the camp were joined with the paymaster in the signing of all cheques for payment, I cannot see that there would be any more danger than at present of wrong payments being made, particularly as the regulations with regard to annual drill pay are so specific, and this year have been published in pamphlet form for the convenience of those concerned. The new form of pay-list with its additional certificates and the vouchers for supplies properly certified, would give the best evidence that payment should be properly made.

In my letter I stated that your department must be the judge of the extent to which the payment by cheque to each person performing his annual drill would be inconvenient. As payment by cheque affords in all instances the best possible proof of payment to the person intended, it would be well that such payment should be introduced wherever it can conveniently be done.

With reference to the other portions of my letter, in which I asked that payment of all other militia services be made by direct cheque, you state that all payments are now made by direct cheque, some directly from Ottawa, others from the district paymasters, who receive specified credits for payment of specified sums to the individuals named. As thus the function of the district paymaster becomes one simply of paying, there would seem every reason for and no objection against the department paying these amounts directly.

To your objection that the doing away with the offices of district paymasters would deprive the department of the rigorous examination of these accounts made by the district paymasters, let me say that the correspondence of this office with your department shows that duplicate payments in some cases and payments in excess of regulations to officers and men in many cases have been made through the paymasters. From these facts I draw the conclusion that, while the intervention of the paymasters is generally not needed for expedition, it has the effect of making it more difficult for this office to satisfy itself that public money has been accounted for, and it gives a less efficient departmental control.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

### Rebate for Water rates at Militia Stores, Ottawa.

AUDIT OFFICE, OTTAWA, May 2, 1893.

SIR,—Will you please explain why the account of the City of Ottawa, amounting to \$45.50 for water at the Militia stores building for the 6 months ended Oct. 31, 1892, was not paid in advance so as to obtain the rebate of 10 per cent ?

I see that the account for the next quarter was paid in advance and the rebate was allowed.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, May 17, 1893.

SIR,—In reply to your inquiry of the 2nd instant, I have the honour to inform you that the accounts for water rates for Militia stores, Ottawa, are usually paid as soon as rendered by the corporation, but when it was discovered that early payment allowed of a discount, the department applied for the accounts direct to the water rates office, and in future we expect to obtain the claims in ample time to secure the rebate.

I am, sir, your obedient servant,

C. EUG. PANET, D.M.M. & D.

The Auditor General.

### Transport of Militia Officers under Requisitions.

AUDIT OFFICE, OTTAWA, May 5, 1893.

SIR,—Let me call your attention to the present system governing the travel of the Major-General, the Architect, the Deputy Adjutant's General and the other regular officers of your department, under which their vouchers for travelling expenses contain only charges for cab-hire, livery and hotels. The fares are provided for by requisition, and appear in the general accounts sent in to your department by the railway or steamboat company.

Besides the inconvenience arising from charges for the one service appearing in different accounts, it is frequently impossible, from the lack of information on the requisition, to determine the particular officer who has been travelling.

## Auditor General's Report, 1892-93.

Would it not be more convenient if the practice existing in all the other departments of the service were adopted in your department, that the officer performing the travel should make all the expenditure connected with it and render his account thereof, duly certified. The one account would then show all the expenditure, the work of issuing requisitions in these cases would be done away with, and the account keeping would be simplified, with no corresponding loss of efficient check on the expenditure.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

### Extra Payment to Major W. King, Superintendent of Stores, Kingston.

AUDIT OFFICE, OTTAWA, May 5, 1893.

SIR,—Let me call your attention to voucher No. 535, dated December 3, 1892, in support of a payment of \$100 to Major W. King, Superintendent of Stores, Military District No. 4, for his services as acting caretaker of Brigade Office, Kingston, from November 16, 1891, to April 19, 1892.

As Major King was appointed Superintendent of Stores by Order in Council, and during the time above mentioned was drawing pay in that capacity at the rate of \$600 per year, he should not receive pay for other services except by the authority of the Governor in Council.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

### Old Account for Repairs at Quebec not Certified.

AUDIT OFFICE, OTTAWA, May 5, 1893.

SIR,—Will you please add a certificate that the work has been performed and that the price charged is fair and just, on the enclosed account of B. Leonard for papering, painting and zinking at Col. Forrest's quarters.

I would also ask the reasons for the delay in presenting and paying this account. The repairs were done on May 20, 1885—the account is dated December 10, 1891, and was paid December 5, 1892.

Is this Lt.-Col. Forrest paymaster of Military District No. 7? If so, why is the repairing of his quarters considered a Government liability? Did he reside in barracks at Quebec?

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 2, 1893.

SIR,—Adverting to your letter of the 5th ultimo, I have the honour to return to you, herewith, the account of B. Leonard, for painting, &c., done at Lt. Col. Forrest's quarters, Quebec, the account having been duly certified by Lt.-Col. Forrest.

With reference to the further information required by your letter, I have the honour to state as follows:—

Lt.-Col. Forrest whose quarters were repaired is District Paymaster and Superintendent of Stores, and resides in barracks at Quebec. The repairs were carried out in May, 1885, and the account was paid in December, 1892, by order of the Minister of Militia. The delay was caused by the difficulty in producing the authority for the expenditure owing to the fact that the officer who could give the information had left the country.

I am, sir, your obedient servant,

C. EUG. PANET, D.M.M. & D.

The Auditor General.

### Old Account of J. E. Gelley & Co. for Repairs at Winnipeg.

AUDIT OFFICE, OTTAWA, May 5, 1893.

SIR,—Please add a certificate that the work has been performed and that the prices charged are fair and just, on the inclosed account of J. E. Gelley & Co. for \$569.34 for sundry works done to hospital at Fort Osborne, Winnipeg, between August 14 and September 3, 1886.

There is a note on the voucher that \$100 was paid on account in December, 1886. I would like some explanations of the delay till August 24, 1892, in the payment of the balance, \$469.34.

According to my report for 1886-87, I see that J. E. Gelley & Co. were paid \$323.35 for altering and moving hospital, similar work to that in the inclosed account. As the vouchers for that year have been returned to your department, will you please inform me of the particular items included in the payment of \$323.35?

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, May 8, 1893.

SIR,—In returning to you herewith the account of Messrs. J. E. Gelley & Co., of Winnipeg, which was referred to me with your letter of the 5th instant, I have the honour to state that Lt.-Col. John B. Taylor, the only officer who could certify to the points mentioned by you, is now dead. A copy of a letter from that officer, respecting the work performed by the firm in question at Fort Osborne barracks, is herewith inclosed for your information.

I am, sir, your obedient servant,

EUG. PANET, D.M.M. & D.

The Auditor General.

FORT OSBORNE BARRACKS,

WINNIPEG, December 8, 1886.

I certify that J. E. Gelley & Co. have performed the following works and alterations at Fort Osborne barracks in a satisfactory and complete manner, viz:—

Whitewashing the whole of the buildings and huts and officers' quarters, which was necessary for the health of men in barracks; also moving and repairing the old hospital, plastering it, making cellar and verandah and rendering it fit for the use of sick men.

These works were done in the months of August and and September, 1886.

JOHN B. TAYLOR, Lt.-Col.,

Commandant M. I. School.

AUDIT OFFICE, OTTAWA, May 19, 1893.

SIR,—In your letter of the 8th instant, returning the account of J. E. Gelley & Co., you state that Lt.-Col. John B. Taylor, the only officer who could give the certificate asked for in my letter, is dead, and you inclose a report from him to the effect that certain works were performed by the above firm in August and September, 1886; but containing nothing as to the correctness of the amounts charged. Will you please therefore send the certificate on which you paid the account.

My request for information as to the delay in the payment of this account which was for work done in August and September, 1886, and for the items which make up the payment of \$323.35 to that firm according to my report for 1886-87, remains unanswered by you.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

## Auditor General's Report, 1892-93.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 8, 1893.

SIR,—In reply to your letter of the 19th ultimo, making further inquiries *re* claim of J. E. Gelley & Co., of Winnipeg, I have the honour to state that payment of the balance of \$469.34, was delayed for the reason that the work was not duly authorized by the Minister, and the claim was ultimately paid only upon advice from the Minister of Justice, under date of 19th July, 1892, that the Crown was legally liable for the amount.

There was no other "certificate" than the report of the Deputy Minister of Justice, who had the whole correspondence in this matter before him.

In reply to your last inquiry, I have the honour to state that the items which make up the payment of \$323.35, to the same firm in December, 1886, (*vide* the Militia cheque No. 33) are as follows, viz. :—

Whitewashing barracks at Fort Osborne :—

50 bushels white lime, 35 cents per bushel.....	\$17 50
10 brushes, 50 cents each.....	5 00
3 loads, \$1.25; 2 loads, \$1.25.....	2 50
4 brls. salt at \$3.25.....	13 00
485 hours time of men at 20 cents.....	\$97 00
132 do foreman at 40 cents.....	52 80
	149 80
Add 20 per cent builder's commission.....	35 55
	\$223 35
On account of work—altering old hospital.....	100 00
	\$323 35

I am, sir, your obedient servant,  
EUG. PANET.

### Asking for receipt of Local Officers on Accounts for Supplies.

AUDIT OFFICE, OTTAWA, May 26, 1893.

SIR,—In returning the within accounts for supplies issued from Her Majesty's stores, let me call your attention to the certificates attached thereto. The accounts for \$1,929.84 and for \$314.71 are certified to by Lt.-Col. Macpherson for articles received at Quebec, and the account for \$92.87 is certified to by him for articles received at Victoria.

If this certificate does not mean that Lt.-Col. Macpherson actually inspected the receipt of these supplies, will you please obtain the certificates from the officers at those places who personally superintended their receipt?

I am, sir, your obedient servant,  
J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

AUDIT OFFICE, OTTAWA, June 10, 1893.

SIR,—In returning the within accounts in payment of which you ask a bill of exchange for \$1,824.30 in favour of Her Majesty's Accountant General, I would again call your attention to the certificate of Lt.-Col. Macpherson, Director of Stores, for supplies received at Royal Military College, Kingston, and at Quebec. If Lt.-Col. Macpherson did not superintend the receipt of these supplies, please forward the certificate of the officers at these places who had personal knowledge of the facts of the case.

I would also ask that the certificate of the Commandant of the Royal Military College to the effect that the goods have been received in good order be amended so as to include that the prices are according to contract, or, if not according to contract, are fair and just.

I am, sir, your obedient servant,  
J. L. McDOUGALL, *A.G.*

The Deputy Minister of Militia.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 16, 1893.

SIR,—On the 23rd ultimo, a requisition was sent to you for a bill of exchange for £300 14s. 5d. sterling, to pay Her Majesty's Government, in England, for military stores issued to the Dominion Government, for militia.

The issue of the bill of exchange was refused on the ground that the certificate of the director of stores was not satisfactory as to the receipt of the articles.

The stores were issued in England, to the Canadian Government, and payment has been demanded by the High Commissioner for Canada.

I have the honour to request, therefore, that you will be so good as to forward a bill of exchange, for the amount in question, as payment is due quite independently of any certificate the director of stores may give at Ottawa.

I am, sir, your obedient servant,

The Auditor General.

B. SULTE, *Acting D.M. M. & D.*

AUDIT OFFICE, OTTAWA, June 17, 1893.

SIR,—Let me acknowledge receipt of your letter of yesterday's date with reference to my request for a certificate from the local officers at Quebec and Victoria, if the certificate of Lt.-Col. Macpherson, Director of Stores at Ottawa, for the receipt of goods at the above places, did not mean that he personally supervised the receipt of these supplies.

In it you state that the stores were issued in England to the Canadian Government, and that the bill of exchange asked for by the High Commissioner is due independently of any certificate given by the Director of Stores at Ottawa.

In answer to this, I would call your attention to Section 33 of the Audit Act, which states that no payment shall be authorized by the Auditor General except under the required certificate from the officer under whose special charge such part of the service is.

I will be pleased to issue the bill of exchange when the accounts are returned certified to in the manner prescribed by the above section of the Audit Act.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, *A.G.*

STORE BRANCH, MILITIA DEPT., OTTAWA, June 28, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 26th ultimo, returning my requisition for a bill of exchange to pay Her Majesty's Government for military stores issued to the Dominion Government for militia service, on the ground that you do not consider the certificates of the Director of Stores on the vouchers quite sufficient.

I may state in reply that the Director of Stores holds the certificates of the Superintendents of Stores at Quebec and Victoria, B.C., for delivery of the articles into the military stores of these stations, which are filed in the store branch of the department as vouchers.

These vouchers are herewith submitted for your inspection; when done with, please cause them to be returned to me.

## Auditor General's Report, 1892-93.

It is hoped this explanation will be considered as satisfactory and that the bills of exchange to pay Her Majesty's Government may now be issued.

The Imperial claims with vouchers are herewith returned to you.

I am, sir, your obedient servant,

C. EUG. PANET, *D.M.M. & D.*

The Auditor General.

STORE BRANCH, MILITIA DEPT., OTTAWA, June 29, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 10th instant, returning certain Imperial claims for stores supplied to the Dominion Government for militia service, on the ground that the certificates attached to the claims in question are not considered as satisfactory.

The certificate of the Director of Stores is attached to the claims only after he has received the certificate of the Superintendents of Stores or other responsible officer at the several stations where the delivery of stores takes place. This rule is strictly observed in every instance by the department in the case of all stores received from the Imperial Government,

I inclose herewith the receipts of the Superintendents of Stores at Quebec and Victoria, B.C., which are filed in the Store Branch as vouchers.

With regard to claims for Militia Stores received for use of the Royal Military College, the Commandant certifies as to the correct receipt of the stores in good order at the College.

The Department having made the requisition for the various stores on the Imperial Government, the additional certificates required, as to the prices charged being according to contract, or if not according to contract are fair and just, are duly signed by the Director of Stores, who is enabled to vouch for the prices charged, by comparison with the Imperial Priced Vocabulary of Her Majesty's Services.

In some instances the Imperial authorities may have to order from contractors in England, the manufacture or purchase of certain articles asked for by the Dominion Government, not available for issue from Imperial stores; in such cases the department has to pay the amount charged in the voucher with 5 per cent for departmental expenses.

I trust these explanations may be found satisfactory.

I am, sir, your obedient servant,

C. EUG. PANET, *D.M.M. & D.*

The Auditor General.

### Overpayments at Annual Drill, 1892.

AUDIT OFFICE, OTTAWA, June 3rd, 1893.

SIR,—Let me call your attention to the following overpayments in your Annual Drill vouchers for the year 1892:—

#### MILITARY DISTRICT No. 1.

*Brigade Staff.*—John Conroy and Henry Pratt, besides their pay as caretakers of the London armoury, drew pay as staff sergeants for the fifteen days of camp at 90 cts. per day. Overpayments to each \$13.50. Pay was issued to seven non-commissioned officers; five only are allowed by general order No. 13, May 14, 1892.

*29th Batt., Co. 4.*—Second Lieut. W. A. Hampden was paid as lieutenant; overpayment \$3.60.

#### MILITARY DISTRICTS Nos. 3 AND 4.

*Brigade Staff.*—General order May 14, 1892, allows the Belleville camp two officers and two non-commissioned officers; pay was issued to six officers and six non-commissioned officers; W. L. Heron and J. L. Biggar, each holding only the honorary rank of Major,

were paid as Majors ; over-payment to each \$16.20. I notice that Lieut.-Col. J. P. Macpherson and Major W. L. Heron were paid, the former for seven days before camp supervising the fitting up of the ranges at Belleville and for the twelve days of camp at the rate of \$4.87 per day besides his allowance, and the latter for the fifteen days of camp at the rate of \$3.90 per day and allowances ; in this connection will you please inform me if the Department of Justice has as yet given its opinion with respect to the legality of permanent civil servants drawing extra pay in this way ?

T. F. Newnham, besides his pay as caretaker, Kingston Armoury, drew pay as staff-sergeant for twelve days of camp at 90 cts. per day ; overpayment \$10.80.

15th *Batt., Co. 1.*—Second Lieut. H. D. Hulme was paid as lieutenant ; overpayment \$3.60.

#### MILITARY DISTRICT No. 5.

*Brigade Staff.*—J. J. Phillips, P. F. R. Copeman, Geo. Hanson and Jas. Roberts, besides their pay as non-commissioned officers of the St. Johns Infantry School, drew pay as staff-sergeants for the twelve days of camp ; overpayment to the first named person \$12, and to the three others \$10.80 each ; T. C. Elliott, besides his pay as clerk in the Montreal armoury, was paid as a staff-sergeant for fifteen days of camp ; overpayment \$13.50 ; pay was issued to six non-commissioned officers ; five only are allowed by regulations.

1st *Batt., Prince of Wales Rifles.*—Second Lieut. T. F. Dobbin was paid as captain ; over-payment \$18.48.

53rd *Batt., Co. 1.*—Second Lieut. R. J. Spearing was paid as lieutenant ; overpayment \$3.60.

60th *Batt., Co. 6.*—Lieut. A. F. Beattie of this battalion and Captain J. E. Pelletier of the 65th Battalion both drew pay as lieutenants in this company.

#### MILITARY DISTRICT No. 7.

*Brigade Staff.*—Pay was issued to nine non-commissioned officers ; five allowed by regulations.

23rd *Batt. Co. 3.*—Second Lieut. B. Bernier was paid as lieutenant ; overpayment \$3.60.

61st *Batt. Staff.*—Assistant Surgeon, J. G. Paradis was paid as surgeon ; overpayment \$14.64.

61st *Batt., Co. 4.*—Lieut. L. P. Marsan was paid as captain ; overpayment \$14.88.

89th *Batt. Staff.*—Assistant Surgeon, P. Lord was paid as surgeon ; over-payment \$14.64.

#### MILITARY DISTRICT No. 8.

*Brigade Staff.*—Pay was issued to six non-commissioned officers ; five allowed by regulations.

62nd *Battalion.*—Second Lieut. Wm. Parks of No. 1 Co. and 2nd Lieut. J. L. McAvity of No. 5 Co. were both paid as lieutenants ; overpayment to each \$3.60.

#### MILITARY DISTRICT No. 9.

63rd *Battalion.*—Lieut. Louis Dixon and Lieut. H. S. Jacques were both paid as lieutenants of No. 3 company ; 2nd Lieut. Wm. Taylor of No. 1 company was paid as lieutenant ; overpayment \$3.60.

The Militia General Orders of May 14, 1892, allow the supply officer and the quartermaster one day before camp and one day after camp, during which time pay and allowances are to be drawn. I see that the whole brigade staffs of Military Districts Nos. 1, 5 and 7 drew their allowance for from 15 to 17 days, although the time of camp was only 12 days.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

## Auditor General's Report, 1892-93.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 7, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 3rd instant, drawing attention to over-payments in the annual drill vouchers of this department for 1892, and to inform you that I have referred the same to the officer commanding the militia, with instructions to require refunds in all cases of improper payments.

In reply to your question as to a decision whether civil servants may draw pay for militia service, I have the honour to inform you that the Department of Justice has not yet given a decision in the case of Major Heron, which was referred for that purpose on the 7th November last; but I have again drawn the attention of the Deputy Minister of Justice to the matter, and asked for a reply.

I am, sir, your obedient servant,

The Auditor General.

C. EUG. PANET, *D.M.M. & D.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, October 14, 1893.

SIR,—In reply to your letter of the 3rd June last respecting over-payments in annual drill vouchers for 1892-93, I have the honour to inclose reports from the Deputy Adjutants-General of Military Districts Nos. 1, 3 and 4, 5, 7, 8 and 9, therein concerned and to request that the same be returned to this department after you shall have taken the required action.

I am, sir, your obedient servant,

The Auditor General.

B. SULTE, *Acting D. M. M. & D.*

NOTE.—The reports of the D.A.G.'s are inconvenient to print; they, however, contain explanations of the various overpayments and state that refunds are being made except in the cases mentioned in my further letter of the 18th instant.

J. L. McD.

AUDIT OFFICE, OTTAWA, October 18, 1893.

SIR,—In answer to your letter of the 14th instant containing explanations with regard to overpayments on account of annual drill, let me say:—

### MILITARY DISTRICTS NOS. 3 AND 4.

Militia General Orders of May 14th, 1892, which govern the drill of 1892-93, state that "officers whose employment on the staff is authorized, will receive the regimental pay of their rank." As the regimental rank of Major W. L. Heron and of Major J. L. Biggar is that of captain, they should have been paid as such. You will please, therefore, see that a refund of \$16.20 is made by each of them.

### MILITARY DISTRICT No. 5.

The Deputy Adjutant General of this district states that it has been the practice to pay non-commissioned officers of the permanent corps when employed on the brigade staff. As this is the only district where such payment was made at the drill of 1892, and, as in the drill of 1891, refunds were made by other non-commissioned officers who had been so paid, it would seem that the present practice was different. Let me again ask, therefore, that J. J. Phillips refund \$12, and that P. F. R. Copeman, Geo. Hanson and Jas. Roberts refund \$10.80 each.

### MILITARY DISTRICT No. 7.

Article 874 of the R. & O., 1887, states that a regimental officer of a certain rank, who is temporarily performing the duties pertaining to a higher rank, will receive only the pay of his own rank. No promises, therefore, made to officers by their commanding officers would be sufficient authority for their payment for a higher rank than that which

they held. Please see, therefore, that 2nd Lieut. B. Bernier, who was paid as lieutenant, refunds \$3.60; that Asst. Surgeon J. D. Paradis, who was paid as surgeon, refunds \$14.64; that Lieut. L. P. Marsan, who was paid as captain, refunds \$14.88, and that Asst. Surgeon P. Lord, who was paid as surgeon, refunds \$14.64.

MILITARY DISTRICT NO. 8.

The Deputy Adjutant General of this district states that 2nd Lieuts. Wm. Parks and J. L. McAvity acted as lieutenants, and were paid as such. As the regulations quoted above state distinctly that only pay of rank shall be given, let me again ask that these officers be each asked to refund \$3.60.

It would seem from your letter that precedent was the only authority on which the members of the brigade staff, with the exception of the camp quartermasters and supply officers, who are specially provided for, were allowed to draw pay at camp for more than twelve days.

I would like to see the Report of the Department of Justice with reference to the pay of civil servants for their time of drill.

Let me ask that the other officers mentioned in my letter of June 3, 1893, who have been called upon by you to make refunds and who have not as yet done so, be required to do so at once.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

Provisionally Appointed Officers at Drill of 1892-93.

## Overpayments at Annual Drill of 1893.

AUDIT OFFICE, OTTAWA, September 30, 1893.

SIR,—Let me call your attention to the following over payments on account of annual drill, 1893:—

### MILITARY DISTRICT NO. 1.

*Brigade Staff.*—John Conroy and Henry Pratt, employees in the London Armoury, each drew sergeant's pay of 90 cents per day for 15 days.

*1st Regiment of Hussars.*—Asst. Surgeon J. M. Piper of the 7th Battalion drew pay as surgeon of this regiment: overpayment \$14.64.

*London Field Battery.*—2nd Lieut. J. A. Hesketh paid as lieutenant: overpayment \$3.60.

*26th Battalion.*—I do not see among the list of gazetted officers the names of Lieut. A. S. Bowman of No. 1 Co. and Lieut. E. N. Storey of No. 4 Co. As all provisional appointments are to rank of 2nd Lieutenant, the overpayment to each is \$3.60.

*28th Battalion.*—2nd Lieut. Geo. Currie, No. 5 Co., paid as lieutenant: overpayment \$3.60.

### MILITARY DISTRICT NO. 2.

*2nd Regiment of Dragoons.*—2nd Lieut. J. H. Sandham was paid as lieutenant of "D" Troop. Overpayment \$3.60.

### MILITARY DISTRICTS NOS. 3 AND 4.

*Brigade Staff.*—Honorary Major W. L. Heron was paid as major when his substantive rank is captain. Overpayment for 29 days, \$31.32. I do not see that Major Heron has refunded \$14.04, a similar overpayment for 13 days' pay in 1891. In your letter of October 29, 1892, you stated that a refund of the amount would be asked from him.

C. F. Newnham, an employee in the Brigade Office, Kingston, drew sergeant's pay of 90 cents per day for 27 days.

*16th Battalion.*—2nd Lieut. A. S. McCornock drew pay as lieutenant: overpayment \$3.60. Lieut. A. W. Weere drew pay as captain, No. 5 Co.: overpayment \$14.88.

*41st Battalion.*—Asst. Surgeon R. H. Preston drew pay as surgeon: overpayment \$14.64.

*42nd Battalion.*—Asst. Surgeon R. N. Horton was paid as surgeon: overpayment \$14.64.

*45th Battalion.*—2nd Lieut. J. N. Smale, No. 2 Co., and 2nd Lieut. Alex. Ross, No. 4 Co., were paid as lieutenants: overpayment to each \$3.60.

*47th Battalion.*—I do not see among the list of gazetted officers the names of Lt. Geo. F. F. Osborne, No. 2 Co., and Lt. R. B. Magee, No. 3 Co. As all provisional appointments are to rank of 2nd Lieutenant, the overpayment to each is \$3.60.

The allowance to staff of \$7.98 for baggage and transport has been paid twice. Please ask for a refund.

### MILITARY DISTRICT NO. 5.

*Brigade Staff.*—T. C. Elliott, an employee in the Brigade Office, Montreal, drew sergeant's pay of 90 cents per day for 15 days. Sergeants J. J. Phillips, E. F. R. Copeman and Geo. Hanson of the St. Johns Infantry School drew as pay \$12, \$10.80, and \$10.80 respectively, which amounts should be refunded.

*5th Battalion.*—2nd Lieut. Meighen drew pay as lieutenant of "C" Company: overpayment \$3.60.

*65th Battalion.*—Capt. E. Desnoyer of No. 4 Co., and Capt. J. E. Peltier of No. 6 Co. were each paid for 12 days' pay at \$2.82 per day, \$36.84, and not \$33.84. The overpayment to each is \$3.

## MILITARY DISTRICT No. 6.

*5th Regiment of Cavalry.*—2nd Lieut. A. R. Pennoyer was paid as lieutenant of No. 1 Troop: over-payment \$3.60.

*53rd Battalion.*—2nd Lieut. R. J. Spearing was paid as lieutenant: overpayment \$3.60.

*55th Battalion.*—2nd Lieut. C. N. Lyster of No. 3 Co., and 2nd Lieut. Geo. N. Samson of No. 5 Co were paid as lieutenants: overpayment to each \$3.60.

*84th Battalion.*—The staff of this battalion drew the allowance of \$6 for camp tins. The regulations allow only \$6 for each company. This \$6 should therefore be refunded.

## MILITARY DISTRICT No. 7.

*17th Battalion.*—2nd Lieut. C. N. Maxwell paid as lieutenant: overpayment \$3.60.

*81st Battalion.*—2nd Lieut. N. Frenet, No. 5 Co., and 2nd Lieut. Chas. Lemay, No. 6 Co., were paid as lieutenants: overpayment to each, \$3.60.

*87th Battalion.*—2nd Lieut, F. Roy, No. 2 Co., and 2nd Lieut. O. Ferland, of No. 6 Co., were paid as lieutenants: overpayment to each \$3.60. The names of Capt. F. G. Bernier and Lieut. J. deBoucherville of No. 4 Co. and of Lt. F. Fontaine of No. 5 Co. I do not see among the list of gazetted officers. As all provisional appointments are to rank of 2nd Lieutenant, the overpayments are \$18.48, \$3.60 and \$3.60 respectively.

## MILITARY DISTRICT No. 8.

*8th Regiment of Hussars.*—There were two officers, Captain J. H. McRobbie and Capt. Geo. K. McLeod, paid as captains of "G" Troop. As the vacancy in this troop was lieutenant, Capt. McLeod who was attached from New Brunswick Brigade of Garrison Artillery should be paid as such. The overpayment to him is, therefore, \$14.88.

Will you please inform me if the refunds on account of annual drill, 1892, asked for in my letter of June 3rd, 1893, have been made? As the accounts for the year 1892-93 will soon be closed, it is necessary that immediate attention be called to the matter. I would also ask that the following additional refunds on account of annual drill, 1892, be asked for:—

Pay-sheet No. 4 Co. 32nd Battalion, \$313.11 has been considered by Paymaster Dawson as \$315.11. Please ask him to refund \$2.

2nd Lieut. Jas. Ross, No. 1 Co. 77th Battalion, was paid as surgeon. The difference in pay of the two ranks is \$28.44.

The regimental staff of the 43rd Battalion has drawn the allowance of \$6 for camp tins. As the regulations allow only \$6 for each company, please ask them to refund \$6. There are also 5 horses on the staff of this regiment. As the regulations allow only 4 horses, the allowance of \$12 for the extra horse should be refunded.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

### Payments of Civil Servants at Brigade Camps, Kingston, June 23-24 and June 27—July 8, 1893.

AUDIT OFFICE, OTTAWA, October 12, 1893.

SIR,—Let me call your attention to the following permanent officials of the Civil Service at Ottawa who drew pay on the Brigade Staff for the two military camps at Kingston extending from June 13-24 and from June 27 to July 8:—

Lt.-Col. J. P. Macpherson, a 1st class clerk of the Public Works Department, who acted as Instructor of Musketry and for the 27 days of camp drew pay at \$4.87, ration allowance at \$2.50 and allowance for horse at \$1 per day.

## Auditor General's Report, 1892-93.

Lt.-Col. D. A. Macdonald, a 1st class clerk of the Militia Department, who acted as Camp Quartermaster and drew pay for 29 days at \$4.87, ration allowance for 29 days at \$2.50 and allowance for horse 14 days at \$1 per day.

Major W. L. Heron, a 1st class clerk of the Inland Revenue Department, who acted as Camp Supply officer and drew pay for 29 days at \$3.90, ration allowance for 29 days at \$2.50 and allowance for horse for 29 days at \$1.

Alfred Pegg, a messenger in the Interior Department, who acted as servant to Lt. Col. Macpherson and drew pay for 25 days at 50 cents and ration allowance for 25 days at 50 cents. I would like to know on what authority Mr. Pegg was paid in this capacity, as the strength allowed by Militia Orders was complete without him.

As these officers of the Civil Service were each absent at Brigade Camp in Kingston for a period of about 4 weeks during which time they necessarily could not be performing their duties at Ottawa for which they are paid their respective salaries, I take it that for the period they were absent they were not entitled to those salaries and hence should be asked to refund them.

Sec. 51 of the Civil Service Act states that no additional remuneration of any kind whatsoever shall be paid to any permanent employee of the Civil Service of Canada. This applies even to those cases in which the employees perform not only their own stated duties, but also at the same time perform extra work (not as in the present instance where they did none of their regular work), and is based on the fact that the Government controls all the time of its public servants and can thus use that time in whatever way it pleases. Your department applies this rule to its officers in the outside service and gives them while at camp only an allowance for sustenance, thus considering that they have been already paid for their services. If this rule is applied to them, then why was it not applied to an officer in the inside service of your department? There is also no reason why officials of other departments should be treated better in this respect than officials of your own.

If your department thinks that these officers are entitled to the extra pay they received, then an appeal to the Treasury Board would be the proper method to settle the question.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

### Difference in price of coal purchased at Kingston.

AUDIT OFFICE, OTTAWA, June 24, 1893.

SIR,—Will you please add to the inclosed account of Jas. Swift & Co. for 67 tons egg and stove coal, received in January, 1893, at \$6.50 per ton, the certificate that the prices are according to contract, or if not according to contract, are fair and just.

I notice that Messrs. Bullis, Grimshaw & Mallen were paid \$5.35 per ton for 32 tons of stove coal purchased in December, 1892.

I would like some explanation of the difference in price,—\$1.15 per ton—of these two quantities of coal, purchased in the successive months of December and January for the Royal Military College.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 28, 1893.

SIR,—In reply to your letter of the 24th inst., I have the honour to inform you that the price (\$6.50) charged in account herewith returned by Messrs. James Swift & Co., for stove and egg coal supplied to the Royal Military College in January last, is in accordance with their contract commencing 1st January, 1893, and terminating 30th instant.

The price paid in 1892, for the same service (\$5.35) to Messrs. Bullis, Grimshaw & Mallen, was also at the rate of their contract which expired on the 31st December last.

Contracts for fuel are now made for one year commencing on the 1st July and ending on the 30th June.

I am, sir, your obedient servant,

The Auditor General.

### Asking if purchases from Chinic & Co., Quebec, were made under Public Tender.

AUDIT OFFICE, OTTAWA, June 24, 1893.

SIR,—I wish to call your attention to the following supplies purchased in July last from the Chinic Hardware Co. of Quebec for the Quebec Cartridge Factory :—

Brass strips for case body and inner cup, 20,482 lbs. at 17 $\frac{3}{4}$ cts. ....	\$3,635.56
Brass strips for outer cup, 9,703 lbs. at 16 $\frac{3}{4}$ cts. ....	1,625.25
Pig lead (enthroven double refined), 152,359 lbs. at \$79.50 per long ton. ....	5,407.38
Hard Bessemer steel, 8,982 lbs. at 3 $\frac{9}{10}$ cts. ....	350.30
Ingot copper, 8,652 lbs. at 14 $\frac{3}{4}$ cts. ....	1,276.17

And to ask whether in purchases of this magnitude tenders are called for by public advertisement.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 29, 1893.

SIR,—In reply to your letter of the 24th instant, respecting brass strips, &c., for the Government Cartridge Factory, I have the honour to inform you that the material for the factory was ordered through the Chinic Hardware Co., by direction of the Minister of Militia and Defence. I must add that instructions have been given for the future to purchase these articles from the manufactures, in England, through the agency of the High Commissioner for Canada

### Payment to Captain W. G. Mutton during leave of Lieut.-Col. Alger and of Lieut.-Col. Graveley.

AUDIT OFFICE, OTTAWA, June 26, 1893.

SIR,—I wish to call your attention to voucher No. 611 for a payment of \$273.88 to Capt. W. G. Mutton for services as acting district paymaster and superintendent of stores, militia district No. 2, during illness of Lieut.-Col. Alger, from July 20th to November 30th, 1892—134 days at \$2.82 per day, less pay of \$1 per day drawn from July 20th to October 31st, as attached officer at the Royal Infantry School, Toronto.

As Lieut.-Col. Alger was retired on October 31st and Lieut.-Col. J. V. Graveley was appointed to his position from November 1st, 1892, it would seem that Capt. Mutton should not have been paid for the month of November. Let me ask, therefore, that the pay for that month—\$84.60—be refunded by him.

I would also like some explanation of the departmental reasons for keeping Capt. Mutton as an attached officer at the Toronto Infantry School for a period of at least four years before his leaving it on October 31st, 1892, when Article 1051, Regulations and

## Auditor General's Report, 1892-93.

Orders, 1887, states that the limit of time for paying attached officers is six months. My letter of April 15th, 1891, referring to his case, and my further letter of May 5th, 1891, stating that no explanation had been given, remain unanswered by you.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

---

DEPT. OF MILITIA AND DEFENCE, OTTAWA, July 4, 1893.

SIR,—In reply to your letter of the 26th ultimo, respecting payments made to Captain W. G. Mutton, at Toronto, I have the honour to state that Lt.-Col. Alger was retired on the 31st October, 1892, by Order in Council of the 12th idem, and that Lt.-Col. Graveley was appointed District Paymaster, vice Alger, from the 1st November, 1892, by Order in Council of the 12th October last. Lt.-Col. Graveley was granted one month's leave of absence from the 1st November, 1892, by order of the Minister of Militia.

Captain Mutton, acting previously for Paymaster Alger, invalided, was authorized by the Minister of Militia to continue the duties for the month of November and to close the accounts of Paymaster Alger. Pay was accordingly issued to Captain Mutton for November, 1892.

In reply to the last paragraph of your letter, I beg to say that Captain Mutton was retained as an attached officer at the Infantry School, beyond the usual period, by order of the Minister of Militia and Defence, his services being required; and that, had he not been thus retained, it would have been necessary to regularly appoint an officer, which would have entailed much greater expense.

I am, sir, your obedient servant,

C. EUG. PANET, D.M.M. & D.

The Auditor General.

---

AUDIT OFFICE, OTTAWA, July 5, 1893.

SIR,—In reply to your letter of yesterday's date in which you state that Lt.-Col. Graveley was granted one month's leave of absence from the date of his appointment, 1st November, 1892, and that Captain Mutton was kept on for that month performing the duties of paymaster, I would call your attention to the latter part of section 47 of the Rules and Regulations which states "before leave of absence is granted to a staff officer, proper provision is to be made for the temporary performance of his duties without extra charge to the public."

From this section it is evident that the money should be refunded as not being a proper charge against your department.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

---

DEPT. OF MILITIA AND DEFENCE, OTTAWA, July 7, 1893.

SIR,—In reply to your further letter dated the 5th instant, respecting the pay granted by this department to Captain Mutton, during the absence of Lt.-Col. Graveley on leave, I have the honour to inform you that the leave in question was sick leave, during which it was a matter of necessity that the public service should go on; and that therefore Captain Mutton was rightly employed and paid on this occasion.

I am, sir, you obedient servant,

C. EUG. PANET, D.M.M. & D.

The Auditor General.

AUDIT OFFICE, OTTAWA, July 10, 1893.

SIR,—In reply to your letter of the 7th instant in which you state that the leave of absence granted Lt.-Col. Graveley was sick leave, let me ask if this sickness was certified to by a duly qualified medical practitioner. It seems to me contrary to the spirit of leave given on account of sickness that it should be granted for sickness previous to a time when the officer has entered on the actual performance of his duties.

I would also ask under what militia regulation sick leave is granted, as the regulation quoted in my letter of the 5th instant makes no distinction as to the reasons for which leave is granted, whether for recreation or on account of illness; but states generally that before leave of absence is granted to a staff officer, proper provision is to be made for the temporary performance of his duties without extra charge to the public.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, July 18, 1893.

SIR,—In reply to your letter of the 10th instant, respecting the sickness of Lt. Col. Graveley, while on leave in November last, I have the honour to inclose a medical certificate from Surgeon O'Gorman, of the 40th Battalion.

In reply to your inquiry under what militia regulation sick leave was granted, I have the honour to state that while the orders for the militia do not make specific provision for sick leave, as is the case in the regulations for the Civil Service, it is and always has been the usage of the military service to grant pay when officers are on sick leave.

Paragraph 34th of the Regulations for the Permanent Corps defines the steps to be taken in the case of a medical officer, in order simply to guard against the possibility of a corps on service being left without a surgeon, not to provide for the pay, which is taken as a matter of course. It may further be observed that the Queen's Regulations for the Army, which apply to the Militia of Canada in cases not otherwise provided for (see section 82 of the Militia Act) do not, in any instance where sick leave is referred to, require a sick officer or man to provide for the performance of his duty during such absence.

I am, sir, your obedient servant,

C. EUG. PANET, D.M.M. & D.

The Auditor General.

This is to certify that Lieut.-Colonel Graveley, formerly of the 40th Battalion, now District Paymaster and Superintendent of Stores, Military District No. 2, was in ill-health and unfit for duty during the month of November, 1892.

### Authority for extra rations at Winnipeg Mounted Infantry School.

AUDIT OFFICE, OTTAWA, June 30, 1893.

SIR,—I should like to know the authority on which rations of 1½ lbs. of bread and 1½ lbs. of meat are issued to each officer, non-commissioned officer and man of the Mounted Infantry School, Winnipeg, as I cannot find any exception to section 57 of the Regulations for the Permanent Corps, 1889, which states that 1 lb. of each of these articles is the authorized daily ration.

## Auditor General's Report, 1892-93.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, July 14, 1893.

SIR,—As requested in your letter of the 30th ultimo, I have the honour to transmit to you herewith, a copy of the authority given by the Honourable the Minister of Militia and Defence, for an increase in the ration of bread and meat issued to the Permanent Corps of Militia at Winnipeg, upon the recommendation of the General Officer Commanding, and the report of the officer commanding the corps as to its actual necessity.

I am, sir, your obedient servant,

SCHOOL OF MOUNTED INFANTRY, WINNIPEG, November 7, 1885.

SIR,—I have the honour to report that the daily ration of 1 pound of bread and 1 pound of meat, now issued to the corps under my command, is not sufficient for the men; I have constant complaints that the men are underfed, and it is painful to see the number of men that crowd round the baker's cart, buying bread to satisfy their hunger. I may state that when the last corps of regular militia were on permanent duty here, they were allowed an additional half ration of bread and meat, and the same is given to the Mounted Police. I respectfully beg that this subject may receive favourable consideration, and that the additional half-ration of bread and meat may be granted.

### Compensation for Uniforms to Officers of Winnipeg Mounted Infantry School.

AUDIT OFFICE, OTTAWA, June 30, 1893.

SIR,—I notice that in December, 1892, Capt. Heward of the Mounted Infantry School, Winnipeg, was paid \$150, Capt. Evans \$250, Lt. Williams \$200 and Capt. Gardiner \$200 as compensation for uniforms.

As Sec. 51, Chap. 41, of the Revised Statutes states that officers shall provide their own uniforms, arms and accoutrements, I would like your reasons for making the above payments, which seem contrary to Act of Parliament.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Militia.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, July 5, 1893.

SIR,—In reply to your letter of the 30th ultimo, I have the honour to state that the payments to the officers therein named were made as compensation for a change in their uniforms, consequent upon transfers from one branch of the service to another, and the reorganization of the permanent militia force, which had been approved and with which these officers were compelled to comply. A copy is inclosed, of a very clear explanation and strong recommendation made by the Major-General Commanding, upon which the Hon. the Minister of Militia and Defence issued the following memorandum: "Upon further consideration, it is deemed advisable to carry out the General's recommendation. Have the payments made."

I am, sir, your obedient servant,

C. EUG. PANET, *D.M.M. & D.*

The Auditor General.

*Memorandum.*

From the Major-General Commanding the Militia to Deputy Minister of Militia and Defence,

OTTAWA, April 21, 1893.

I venture to hope that this decision may be reconsidered, on the following grounds :

The expenses, for which compensation is asked, were incurred in pursuance of a general scheme of reorganization, submitted by me, and accepted by the late Minister of Militia.

That scheme involved the selection of specially qualified officers (Capt. Heward and Lt. Evans) from other corps and their transfer to the Canadian M. Rifles, for the purpose of carrying out the desired reorganization.

It further provided for an annual saving of about \$1,500 a year, to cover the expense to the department, which might be involved by certain necessary changes. I am not aware that any extra expenditure, beyond that now submitted, has fallen on the department in consequence of the reorganization, and at the same time a vote was taken in Parliament, on account of the establishment at Winnipeg, to the same amount as previous to that reorganization.

I submit, therefore, that no principle would be violated and no dangerous precedent created, by granting the compensation asked for.

On the other hand I submit, that inasmuch as Canadian officers are neither rich nor highly paid, a most undesirable precedent would be created, were it recognized that their special qualifications, by rendering them liable to selection for special duties, would likewise render them liable to considerable and unexpected expenditure.

*Major-General Commanding C. Militia.*

### Asking for Authority of a Payment of \$2 per day to an Extra Clerk.

AUDIT OFFICE, OTTAWA, July 13, 1893.

SIR,—Will you please inform me if Charles L. Panet, who receives \$2 per day, is employed under the authority of an Order in Council which states that he is possessed of special qualifications and is thus entitled to a higher rate of pay than \$400 per annum ?

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

### Allowance of \$3.50 per day given Major Gordon from April 14, 1891 to March 31, 1893. -

AUDIT OFFICE, OTTAWA, June 27, 1893.

SIR,—Let me again call your attention to the case of Major W. D. Gordon who, from April 14, 1891, to March 31, 1893, the latest date to which his vouchers have been received, has been drawing his pay of \$3.50 per day as Major of the Fredericton Infantry School and a sustenance allowance of \$3.50 per day as being absent on duty from Fredericton and residing at Halifax performing the duties of Deputy Adjutant-General of Military District No. 9.

As it is reasonable to suppose that Major Gordon's actual and necessary living expenses in Halifax for this period of 2 years were much less than \$3.50 per day and were in all probability not more than \$50 a month, the sustenance allowance of \$3.50 per day becomes virtually an increase of salary of some \$50 per month, contrary to the regulations which state that the pay of a Major shall be \$3.50 per day.

Militia General Order of February 24, 1893, states that, after February 6, the date of the Order in Council regulating travelling expenses, all officers of the Militia will be paid their actual reasonable expenses for subsistence; but notwithstanding this, Major

## Auditor General's Report, 1892-93.

Gordon has still been allowed to draw his subsistence allowance of \$3.50 per day for the whole of February and March.

As it was never intended that this subsistence allowance of \$3.50 per day should be drawn for an absence in one place extending over a period of 2 years, in which time an officer is supposed to make some permanent arrangements for living, but that it should only be drawn for a limited absence during which time no permanent arrangements could be made, I must ask that Major Gordon be asked to refund the difference between his actual expenses as allowed by the Government and his allowance of \$3.50 per day, as I cannot consider that this difference is a proper charge against any vote of Parliament for the Militia service.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

### Payment to Lt.-Col. Worsley and Lt.-Col. Murray, from April, 1891, to April 7, 1893.

AUDIT OFFICE, OTTAWA, October 18, 1893.

SIR,—I see that Lt.-Col. Worsley, Deputy Adjutant-General, and Lt.-Col. Murray, Paymaster and Superintendent of Stores, of Military District No. 9, who was suspended in April, 1891, but who continued to draw pay till September 1, 1891, have now been paid \$2,725.44 and \$1,442.87 respectively, the amount of their salaries at \$1,700 and \$900 per year from September 1, 1891, till April 7, 1893.

As during this time from April, 1891, to April, 1893, no service appears to have been performed by these officers, will you be good enough to give me the reasons for paying them and the authority on which it was done.

I would like to have an answer to my letter of June 27, 1893, with reference to the sustenance allowance of \$3.50 per day, drawn by Major W. D. Gordon, of the Fredericton Infantry School, for the period from April 14, 1891, to March 31, 1893, while he was acting Deputy Adjutant-General of Military District No. 9.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

### Statement of Payment of Supplies Purchased through English War Office.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, October 18, 1893.

SIR,—In inclosing to you letter No. 383, of the 30th ultimo, from the Secretary of the High Commissioner, in London, respecting payment of contractors for stores supplied to Canadian Government, I have the honour to request that you will state whether it would be advisable to strike off clause 5 of the contracts in which it is provided that payment shall be made direct to the contractor within seven days from the rendering of the account.

If this arrangement is suitable, I believe the department will feel inclined to adopt it.

Any other suggestions that you may have to make on this subject will also be duly considered.

I am, sir, your obedient servant,

C. EUG. PANET, D.M.M. & D.

The Auditor General.

AUDIT OFFICE, OTTAWA, October 20, 1893.

SIR,—In answer to your letter of the 18th inst., let me say that if, in the case of supplies taken into store at Woolwich for your department, the certificate of the War Office officials there is the real certificate on which payment is made and the sending of

the account to your department for certificate is a matter of form, then it would seem to me advisable that payment should be made for them under a credit to the High Commissioner in England, since, as he says, better terms might be obtained from the contractors when payment is made within the seven days' limit prescribed in the tenders of the English War Office, as our contracts would then be placed on the same footing as those of that office.

In the case of supplies sent directly to your department, since the certificate of the officer here is the real certificate on which payment is made, I think that payment should be delayed till the goods have been received by your department.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 19, 1893.

SIR,—Let me call your attention to the following letters of this office to which answers have not been received from your department :—

October 12, 1892 : Repayment of \$1,523.77 to L. Cousineau for Cousineau & Valiquette for works done by that firm in the fall of 1885.

October 12, 1892 : Asking reasons for delay in payment of an old account for \$255.67 of Wm. Howe, Ottawa, for paints, &c.

March 9, 1893 : *Re* payment for services by Militia paymasters before the end of the month, and asking that paymasters' cheques be forwarded to this office.

### Payments for Annual Drill to Officers holding Provisional Appointments.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, November 16, 1893.

SIR,—Adverting to your letter of June 2 last, respecting payments made for the annual drill of 1892, to officers holding provisional appointments, who have not obtained qualifying certificates within 12 months, as required by Militia Regulations, I have the honour to inclose to you the report made by the Major General Commanding the Militia, upon this subject, dated the 13th instant, by which it will be seen that the regulations concerning provisional appointment will have to be altered.

I am, sir, your obedient servant.

C. EUG. PANET, D.M.M. & D.

The Auditor General.

November 13, 1893.

SIR,—With reference to the letter of the Auditor General, herewith returned dated June 2, 1893, and referred to the Adjutant General under your minute of June 6, 1893, I have the honour to inform you that the only explanation I can offer for the condition of things which he represents, is that in this, as in many other particulars, the Regulations framed under the Militia Act as well as many parts of that Act itself have not been carried into effect.

I have drawn attention to this fact on page 10 of my report of 1891, and have endeavoured to amend this most unsatisfactory state of things by the amended regulation 81, published in General Orders 1, of January 20, 1893.

Of the list given by the Auditor General, there are but eleven officers who have joined since the date of my assuming command, and to the majority of these officers, I would not hesitate to give an extended period in which to qualify.

## Auditor General's Report, 1892-93.

I have to express my regret that your communication should have remained unanswered. The Adjutant General to whom it was referred in my absence, retained it pending my return from England, and through inadvertence it was only submitted to me to-day together with your minute of November 9.

I have the honour to be, sir, your obedient servant,

IVOR HERBERT, *M. G., Commanding Canadian Militia.*

The Deputy Minister of Militia.

### Removal Allowance.—Lt.-Col. Irving.

AUDIT OFFICE, OTTAWA, November 13, 1893.

SIR,—Let me call your attention to the removal allowance of 2 months' pay, \$283.32, given to Lt.-Col. J. D. Irving, Deputy Adjutant General, District No. 9, on his being transferred from Charlottetown where he had been performing the duties of Brigade Major at a salary of \$1,200, to Halifax where he was to perform the duties of Deputy Adjutant General at a salary of \$1,700 per year.

The Order in Council, September 8, 1871, with regard to removal allowances states:—

1. No removal allowances can be granted except on report of the Treasury Board.
2. No removal allowance is to be granted if the salary is increased, except in special cases and on a report of the head of the department.
3. A removal allowance is not to exceed the actual cost on account rendered.

You will see from these regulations the necessity of obtaining the assent of the Treasury Board to this removal allowance, which allowance is not to exceed the actual cost on account rendered.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Militia.

DEPT. MILITIA AND DEFENCE, OTTAWA, November 16, 1893.

SIR,—In reply to your letter of the 12th instant, I have the honour to state that the removal allowance of Lt.-Colonel J. D. Irving, Deputy Adjutant General of Military District No. 9—a Staff Officer of the Militia—was paid on authority of Par. 112 of the Regulations and Orders for the Militia, 1887, governing the Militia, and which, so far as this department is aware, are not affected by the Order in Council of September 8, 1871, quoted by you, these regulations having, moreover, been approved by an Order in Council of sixteen years' later date than the one which you mention.

I am, sir, your obedient servant,

C. EUG. PANET, *D.M.M. & D.*

The Auditor General.

### Annapolis and Digby Railway—Two Final Estimates.

AUDIT OFFICE, OTTAWA, June 2, 1893.

SIR,—I have in hand your application No. 383 for \$1,925.61 in favour of O'Neil & Campbell, being the balance of their revised final estimate for the Annapolis and Digby Railway, dated Oct. 24, 1892.

The next preceding document in this case is a "Final Estimate," dated May 11, 1892, and signed by Mr. Caddy, the resident engineer. The Revised Final Estimate, for \$1,925.61 additional, is not signed by Mr. Caddy. Please get this omission rectified, and let me have an explanation of the reasons for considering the Final Estimate as no longer conclusive.

It would be well to put further information on the Estimate, concerning the following three items:—

Spruce plank and cedar posts at Digby.....	\$200 42
Extra plank on skew crossings.....	84 00
Returned in former Estimates erroneously as cribwork.....	215 34

Mr. O'Neil is anxious for immediate payment of part of the \$1,925.61; and I can pass say \$1,000 in the meantime, on an amended application.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Railways and Canals Dept.

## Auditor General's Report, 1892-93.

AUDIT OFFICE, OTTAWA, June 7, 1893.

SIR,—Let me call your attention to that part of my letter of June 2 which asked for an explanation of your reasons for considering the original final estimate for O'Neil & Campbell as no longer conclusive.

The main responsibility for both estimates is with Mr. Caddy, the resident engineer, who has signed them both as final.

Until reasons are given against his first certificate, I am compelled to regard them as equally conclusive.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Railways and Canals Dept.

RAILWAYS AND CANALS DEPT., OTTAWA, June 19, 1893.

SIR,—Referring to your letters of the 2nd and 7th inst., in which you ask for an explanation as to why a revised final estimate in favour of Messrs. O'Neil & Campbell was issued, I have the honour, by direction, to inform you that the contractors claimed that certain items had been omitted from the final estimate, and that the engineer in charge of the work (Mr. Caddy), was instructed by the Chief Engineer to go over the road with the contractors, when he found the additional items mentioned in the revised final estimate had inadvertently been omitted, and, as a consequence, the revised final estimate was issued.

I am, sir, your obedient servant,

JNO. H. BALDERSON, Secy.

The Auditor General.

### Intercolonial Railway—Dartmouth Debt.

AUDIT OFFICE, OTTAWA, June 6, 1893.

SIR,—Please let me have a copy of the agreement between the town of Dartmouth and the Intercolonial Railway, with reference to the construction of the Dartmouth Branch.

I should like to be informed of whatever steps are taking towards the collection of the town's debt to the Government, which now amounts to \$28,000.

This account was mentioned before in my letter of July 20, 1892, shown at page F-125 of the report for 1891-92.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Railways and Canals.

RAILWAYS AND CANALS DEPT., OTTAWA, June 9, 1893.

SIR,—In compliance with the request contained in your letter of the 6th instant, I have the honour, by direction, to inclose, for your information, a copy of the agreement, dated the 12th of June, 1893, with the corporation of the town of Dartmouth, under which the Dartmouth Branch Railway was constructed by the Government, the corporation agreeing to pay \$4,000 for twenty years.

I am to inform you that instructions for the collection of moneys accrued under this agreement have been given to the general manager of the Intercolonial Railway, but he has not, so far, been successful in obtaining payment.

It should be observed that in April, 1892, the corporation petitioned the Government to be relieved of this obligation. Under date the 10th of May, 1892, however, an Order in Council was passed declining to accede to this request.

I am, sir, your obedient servant,

JNO. H. BALDERSON, Secy.

The Auditor General.

**Intercolonial Railway—Halifax Extension.**

AUDIT OFFICE, OTTAWA, Oct. 23, 1893.

SIR,—Let me call your attention to an advance of \$51,500 made to Borden, Ritchie & Co., of Halifax, May 1, 1893, to pay for land expropriated.

The payment was made on the letter of May 1, of the Minister of Railways to the Minister of Finance, reading: "As the bonds on the properties which we are about to purchase from Mr. John White, of Halifax, expire to-day, it is necessary that the amount of purchase money—\$51,500—should be telegraphed to the credit of Messrs. Borden, Ritchie & Co., the agents of the Minister of Justice at Halifax, to-day."

No part of this \$51,500 was paid out in May, and only \$16,200 in June. Apparently, the remaining \$35,300 is still in the hands of the agents.

Further, the Moncton I.C.R. authorities advanced \$40,000 to Borden, Ritchie & Co., May 20, 1893, for purchase of land—of which \$21,000 was paid out May 23, and \$19,000 June 9.

Please obtain an explanation of the reasons why the agents asked for \$40,000 more when they had \$51,500 in hand, and why they have held the \$35,300 for so long.

The \$35,300 should be refunded at once to the credit of 1892-93, together with the interest, if any, which may have accrued on it while included in the bank-balance of Borden, Ritchie & Co.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister, Railways and Canals Dept.

AUDIT OFFICE, OTTAWA, Dec. 5, 1893.

SIR,—Let me call your attention to my letter of Oct. 23, 1893, concerning the sum of \$35,300, which was in the hands of Borden, Ritchie & Co., from May up to the end of October.

The \$35,000 has been returned to the Receiver General. Please describe the steps which have been taken about the interest, if any accrued.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Railways and Canals.

RAILWAYS and CANALS DEPT., OTTAWA, Dec. 8, 1893.

SIR,—In reply to your letter of the 5th inst., *in re* interest on the amount placed to the credit of Messrs. Borden, Ritchie & Company, in order to settle certain claims for land expropriation for the proposed extension of the Intercolonial Railway at Halifax, I have the honour, by direction, to state that when this money was sent it was expected that it would be immediately withdrawn and utilized for the purpose indicated. Delay occurred, however, in settling for the land in question, and when Messrs. Borden, Ritchie & Co. applied to the bank for interest, they declined to allow it.

I am, sir, your obedient servant,

JNO. H. BALDERSON, *Secy.*

## Cornwall Canal—Jocks, Broder & DeLorimier.

AUDIT OFFICE, OTTAWA, June 20, 1893.

SIR,—I am passing, as a payment on account, your application No. 445 in favour of Jocks, Broder & DeLorimier, for their estimate No. 89 on section 10 of the Cornwall Canal, although the following bill of extras appears for the first time :—

1888 : Use of tug to tow past dam while constructing and building tow-path thereon, requiring the tug to have steam up and be in readiness to move at any hour, night or day :	
May, tug "Fearless," 22 days at \$20.....	\$ 440 00
June 1 to Oct. 16, "Daley," 138 days at \$25.....	3,450 00
Add 15 per cent.....	583 00

There should be an explanation to show why this claim is not shut out by sections 26 and 27 of the contract, which require that claims should be made at the time the services are performed, and repeated every month until recognized. There should also be the engineer's order in writing, fixing the price before the work was performed ; and a statement of the reasons for withholding the claim till this late date.

However, there are two clauses in the specification which appear to me to throw on the contractor the duty of providing at his own expense a substitute for a tow-path :

On page 2, "The contractor's operations will not be permitted to interrupt or in any way interfere with the passage of vessels through the canal."

And on page 29, "The contractor must use every precaution against interrupting the passage of vessels, as he will be held strictly and legally liable for any damage, loss or detention that any vessel, when passing through the canal, may sustain from any of his acts."

I should like to have further information concerning the reasons for adding 15 per cent on to the price for hire of the tugs.

Please deduct the bill of \$4,473 from succeeding estimates, until the discussion has terminated.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Railways and Canals Dept.

RAILWAYS AND CANALS DEPT., OTTAWA, July 3, 1893.

SIR,—I have the honour, by direction, to acknowledge the receipt of your letter of the 20th instant, asking for further information respecting a bill of extras rendered by Messrs. Jocks, deLorimier & Broder, contractors for section 10 of the Cornwall Canal, for towing and requesting that the amount of the same be deducted from succeeding estimates until the information you desire to obtain has been sent to you. In reply I am to state that the Chief Engineer of Canals is not prepared to disturb his estimate, which he believes to be correct.

I have the honour to be, sir, your obedient servant,

JNO. H. BALDERSON, *Secy.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Nov. 11, 1893.

SIR,—I am passing your application No. 187 for \$2,690 in favour of Jocks, DeLorimier & Broder, being their October estimate for Section 10 of the Cornwall Canal.

The bill of \$4,473 for towing was passed last summer, on the promise of Mr. Broder's agent to forward original bills from the owners of the tugs ; otherwise the sum was to be deducted again. Mr. L. K. Jones was a witness to this arrangement.

The original bills have not yet come to hand. Please ascertain the cause of the delay.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Railways and Canals.

### Railway Bridges Over Canals.

AUDIT OFFICE, OTTAWA, May 9, 1893.

SIR,—Let me acknowledge receipt of your application No. 385 for \$21,600 in favour of the Dominion Bridge Co., being their first estimate for work done on the Grand Trunk Railway swing-bridge over the Lachine Canal near Wellington Street, Montreal.

I would like to be supplied with a detailed description of the general policy of the department concerning the Government's liability for the construction, maintenance, repairs and renewals of railway bridges over canals.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secy., Railways and Canals Dept.

RAILWAYS AND CANALS DEPT., OTTAWA, May 13, 1893.

SIR,—I have the honour, by direction, to acknowledge the receipt of your letter of the 9th instant asking "to be supplied with a detailed description of the general policy of the department concerning the Government's liability for the construction, maintenance, repairs and renewals of railway bridges over canals," and to say, in reply, that your communication will be submitted for consideration immediately on the return of the Minister, who is, at present, absent from the city.

I am, sir, your obedient servant,

JNO. H. BALDERSON, Secy.

The Auditor General.

### Lake St. Louis Dredging.

AUDIT OFFICE, OTTAWA, NOV. 7, 1893.

SIR,—In your expenditure of November, 1892, for "dredging in Lake St. Louis," I notice \$160.60 paid to the Ottawa Transportation Co., for the following service, on a bill dated Oct. 3, 1892:—

"One propellor wheel, 6½ in. diameter, from H. G. Trout, Buffalo, delivered at Tate's Dry Dock, Montreal; to replace propellor wheel of tug 'McMahon,' broken while in Lake St. Louis."

The vouchers from Is. Clement, the owner of the "Agnes McMahon," show that the tug was hired at \$10 a day from July 1 to Nov. 30, 1892.

Please let me know why the cost of repairing a breakage was not considered to be an expense for which the owner of the tug was liable.

I should also like to be informed of the period, if any, during which the "McMahon" was lying idle under full pay, while waiting for the new propellor wheel.

The voucher from the Ottawa Transportation Co. should contain details of the calculation of \$160.60, and should be supported by a bill from H. G. Trout, of Buffalo, apparently the maker of the wheel.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister, Railways and Canals.

## Auditor General's Report, 1892-93.

### Rideau Canal: Merrickville Bridge.

AUDIT, OFFICE, OTTAWA. July 27, 1893.

SIR,—I am passing your application No. 511 for \$1,305.51 in favour of John O'Toole, being the balance of his final estimate of \$6,737.51 for piers and approaches for the Merrickville bridge over the Rideau Canal.

Let me, however, call your attention to two of the items in the bill of extras :

Cut stone delivered on bank, 10 c. yds. at \$8. . . . . \$ 80 00

Cement delivered in storehouse, 14 brls. at \$2.75 . . . . . 38 50

These appear to be quantities purchased by the contractor in excess of his requirements, and now taken off his hands by the department after the completion of the work.

As they will probably be consumed, when needed, in some part of the canal other than the Merrickville bridge, they should be charged against Rideau Canal repairs. Please apply for the necessary transfer.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister, Railways and Canals Dept.

### Soulanges Canal: Denis O'Brien & Sons.

AUDIT OFFICE, OTTAWA, June 9, 1893.

SIR,—I have your application of the 26th ultimo to pay Hugh McMillan for Denis O'Brien & Sons \$2,536.50, balance of drawback under the contract with Denis O'Brien & Co. Should the contractors make default in carrying out the contract, as I read the contract, the Government is authorized in devoting the amount remaining in the hands of the Government to the payment of wages, but not to any other purpose. I return, therefore, your application and request that the words "and accounts" be struck out of it.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secy., Railways and Canals Dept.

FINANCE DEPT., OTTAWA, July 3, 1893.

SIR,—Having reference to your letter of the 3rd June last, with regard to the application of the Secretary of the Department of Railways and Canals for a cheque for \$336.46 to be charged against the forfeited security of Denis O'Brien & Son in Section 12 of the Soulanges Canal, and to be employed in settling unpaid wages due by the O'Briens, I have the honour to send you herewith copy of a letter under date of the 22nd ult., from the Deputy Minister of Justice, stating that the Acting Minister of Justice is of opinion that the forfeited securities cannot be used to pay the workmen the wages they earned during the time they were employed by Messrs. O'Brien & Son on the works under the contract.

I am, sir, your obedient servant,

C. W. TREADWELL, Secy.

The Auditor General.

JUSTICE DEPT., OTTAWA, June 23, 1893.

SIR,—I have the honour to acknowledge your letter of the 17th instant, inclosing the agreement between the Crown and D. O'Brien & Son, and with reference to your letter of the 10th instant, I have the honour, by direction, to state that in view of the fact that the contract for the construction of Section 12 of the Soulanges Canal has

been abandoned by the contractor and cancelled by Order in Council, and as the agreement with respect to the security provides that in case Messrs. D. O'Brien & Son should make default under the said contract or the Crown should take the work out of their hands, that Her Majesty might then use the securities to pay herself for any damages she may have sustained or to pay for the completion of the work, but does not make any provision for the employment of the money realized from the security in any other way, the Acting Minister of Justice is of the opinion that the forfeited securities cannot be used to pay the workmen the wages they earned during the time they were employed by Messrs. D. O'Brien & Son on the works under the contract. Papers returned.

I am, sir, your obedient servant,

E. L. NEWCOMBE, *D.M.J.*

The Deputy Minister of Finance.

### Williamsburg Canals: Poupore & Fraser.

AUDIT OFFICE, OTTAWA, June 26, 1893.

SIR,—I am passing the application No. 472 for \$10,670 in favour of Poupore & Fraser, being their May estimate for work on Section 1 of the Rapide Plat Canal. There is, however, a new bill of extras amounting to \$427.80, to which your attention is directed.

The bill is dated March 30, 1893, and is headed "Cost of cutting away counterforts, removing timber and stone from protection cribwork, section No. 1 Williamsburg Canal, by order of Mr. Rubidge." The details are as follows:—

Foreman, 15½ days at \$3.....	\$ 46 50
Labourers, 165 days, at \$1.50.....	247 50
Diver, 12 days at \$5.....	60 00
Team, 6 days at \$3.....	18 00
Add 15 per cent for superintendence, use of plant and tools, &c.....	55 80

At first sight, and with our limited knowledge of the circumstances, it would appear that this service might have been classed under Section 33 of the contract schedule: "Removing protection cribwork,—all timber directed at upper end of old lock and raceway, six cents per cubic foot." Please let me have further explanations in support of the payment by days' work.

If the service itself does not come under the contract as "Removing protection-cribwork," the \$247.50 for labourers at least is covered by Section 101: "Labourers for executing work not measured or embraced in any item not paid for otherwise, including the use of all necessary tools,—\$1.50 per day." On this item of \$247.50, then, the 15 per cent for plant and tools does not accrue.

For the other items—foreman, diver and team—Messrs. Poupore & Fraser should give details of names and time, and receipts for the sums charged.

Five dollars a day for a diver appears high, as compared with the \$1.75 a day paid to Curtis Fincham, the regular diver on the same canal.

Please let me have a copy of the engineer's written order, fixing the rates before the work was begun.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secy., Railways and Canals.

RAILWAYS AND CANALS DEPT., OTTAWA, July 6, 1893.

SIR,—I have the honour, by direction, to acknowledge the receipt of your letter of the 26th ultimo, in which you ask an explanation respecting a bill of extras, amounting to \$427.80, included in the May estimate in favour of Messrs. Poupore & Fraser for work on section 1 of the Rapide Plat Canal. In reply I have to inform you that the

## Auditor General's Report, 1892-93.

Chief Engineer of Canals has reported upon the subject of the days' labour account, amounting to \$247.50, forming part of the May estimate in favour of this firm.

In his report the Chief Engineer states that this charge of \$247.50 has no relation to the works covered by section 33 of the contract schedule, it being an entirely distinct work. With respect to the view that you take concerning the charge of \$247.50 for labour account being covered by section 101 of the contract schedule, you are correct: it is based upon it. The Chief Engineer further states that the 15 per cent charged upon that amount is to cover superintendence, plant, &c., and the superintending engineer (Mr. Rubidge) mentions that, by the authority of Chief Engineers Page and Trudeau, it has been the practice to allow it from the commencement of the work of canal enlargement.

The Chief Engineer further reports that the charge of \$5 *per diem* for diver, dress and diving apparatus, in his opinion, appears to be reasonable, and is, so far as he is aware, as low a rate as has been paid for a like service since 1874.

I am, sir, your obedient servant,

JNO. H. BALDERSON, *Secy.*

The Auditor General.

### Gratuities to Temporary Employees Retiring.

AUDIT OFFICE, OTTAWA, Jan. 14, 1893.

SIR,—I notice by the December cheque-list just received, that the Department of Railways and Canals has paid gratuities of two months' salary on retirement, to each of twenty-two temporary employees. The votes charged are those for services of temporary employees.

The only employees entitled to retiring gratuities are those who have contributed to the Superannuation Fund.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secy., Railways and Canals.

RAILWAYS AND CANALS DEPT., OTTAWA, January 16, 1893.

SIR,—I am directed to acknowledge the receipt of your letter of this date in which you call attention to the payment of two months' gratuity on retirement, to each of twenty-two temporary employees of this department and state that "the only employees entitled to retiring gratuities are those who have contributed to the Superannuation Fund."

In reply I am, by direction, to state that there is the same authority for the payment of gratuities to the temporary employees referred to as there is to those on the permanent list, viz., "an Order in Council."

I am, sir, your obedient servant,

JNO. H. BALDERSON, *Secy.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Jan. 28, 1893.

SIR,—On the 14th inst. I wrote to your department with reference to the payment of gratuities of 2 months' salary to 22 temporary employees in your department whose services had been dispensed with. I said: "The only employees entitled to retiring gratuities are those who have contributed to the Superannuation Fund."

The Secretary of your department signed the letter in reply of the 16th instant. After my letter was quoted, this followed: "In reply I am, by direction, to state that there is the same authority for the payment of gratuities to the temporary employees referred to as there is to those on the permanent list, viz., an Order in Council."

That is, I draw attention to the fact that a permanent employee obtains a retiring gratuity under a specific Act of Parliament which directly authorizes it, under which he pays a tax on his income and under which he becomes entitled to the gratuity only when he is constrained from an infirmity of mind or body to quit the service. There is

no such Act of Parliament in the case of temporary employees. Yet, and presumably by your direction, I am informed that there is the same authority for the payment of gratuities to the temporary employees as for those on the permanent list.

The Government of the day asked for the authority of Parliament to pay gratuities to permanent clerks and the authority was obtained, but surrounded with the restrictions which I have named. Plainly the Government saw that such authority was required or it would not have sought it. If necessary for a permanent clerk who has become ill in the public service and who has paid a tax on his salary, how much more necessary for a temporary clerk who is not ill and who has paid no tax on his income.

If you have time to give your personal consideration to questions of this kind, I feel confident from my experience of your manner of looking at all public questions, that there will be little difficulty in our coming to an agreement about any subject which seems to require discussion. Your time is probably fully taken up with other business of the department. If so, I would be glad if you could see your way to put correspondence with this office in the hands of some one who may appear to be more suited to it than a gentleman who ignores the Superannuation Act when his attention is called to the Superannuation Fund.

I am, sir, your obedient servant,

The Deputy Minister, Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS AND CANALS DEPT., OTTAWA, Feb. 16, 1893.

SIR,—Referring to your communication of the 28th ultimo in relation to the two months gratuity to the clerks in this department whose services have been dispensed with, I am directed by the Honourable Minister to explain, that the expression made use of in the secretary's letter addressed to you on the 16th ultimo, viz., "that there is the same authority for the payment of gratuities to the temporary employees referred to as there is to those on the permanent list, viz., an Order in Council," are the express words of the Honourable Minister of Justice.

With respect to your expressed desire that "if I could see my way to put correspondence with your office in the hands of some one who may appear to be more suited to it than a gentleman who ignores the Superannuation Act when his attention is called to the Superannuation Fund, you would be glad if I would do so," please state in whose hands you would suggest it be put.

I am, sir, your obedient servant,

The Auditor General.

COLLINGWOOD SCHREIBER, D.M.R. & C.

### Travel of Departmental Officials.

AUDIT OFFICE, OTTAWA, July 18, 1893.

SIR,—Let me acknowledge receipt of an application for a transfer of \$188.66 from "Welland Canal—Staff" to "Surveys and Inspections—Canals," being travelling expenses of the following officers:—

C. Schreiber .....	\$20 00
R. C. Douglas .....	43 01
G. A. Mothersill .....	125 65

The travelling expenses of Mr. Schreiber should be charged to Civil Government Contingencies; as should also those of all officers whose salaries are paid from Civil Government.

Please ask the department to rectify in this sense all of its accounts for 1892-93.

I am, sir, your obedient servant,

The Secretary, Railways and Canals.

## DEDUCTIONS FOR INCOMPLETE WORK.

June 7, 1893.

SIR,—I passed your application No. 416 for \$28,820 in favour of the Parry Sound Colonization Railway, on an understanding with Mr. Secretary Fleck similar to that mentioned at the head of page C—127 of my Report for 1891-92, namely, that no claim would be made in future for the work at present unfinished on the second section.

On further reflection, I have been unable to maintain the conviction that I am justified in accepting anything short of "completion." Please withhold future applications for payments on sections until the sections can be certified without deductions.

I have the honour to be, sir,  
Your obedient servant,

J. L. McDOUGALL, A. G.

The Secretary, Railway and Canals Dept.

# Auditor General's Report, 1892-93.
