## Auditor General's Report, 1892-93.

### Ottawa: Application to transfer Salary when Vote was running short.

DEPT. OF PUBLIC WORKS, OTTAWA, May 30, 1893.

SIR,—I have to request the passing of the following transfer-entry:—

Apprn. Telegraph Service, Salaries of Staff Dr. to Apprn. : "To provide for temporary clerical and other assistance," &c. ; Salary F. X. Lavigueur, July, 1892, to April, 1893, cheques 69066, 69798, 70507, 71316, 72214, 73990, 73106, 73990 74636½, 75355 and 76166, \$456. He having been employed in connection with the Telegraph Service, as shown by the annexed letter from the Acting Superintendent.

I am, sir, your obedient servant,

The Auditor General.

O. DIONNE, *Acct.*

DEPT. OF PUBLIC WORKS, OTTAWA, May 23, 1893.

Memo. for the Accountant of Public Works.

The services of F. X. Lavigueur as messenger have been continuously at command in connection with this office for a long time past. I think his monthly pay could properly be charged to the appropriations for Telegraphs.

D. H. KEELEY, *Actg. Supt. Tel. Ser.*

AUDIT OFFICE, OTTAWA, June 30, 1893.

SIR,—Let me acknowledge receipt of your letter asking for the following transfer:—

Telegraph Service, Salaries of Staff, Dr.

To Temporary Clerical and other Assistance..... \$456 00

being the wages, from July 1 to April 30 (or 304 days at \$1.50) of F. X. Lavigueur, a temporary messenger in the Public Works Department, which has been paid from the latter vote.

The Civil Service Act fixes a maximum limit of \$500 a year for permanent messengers; and it may fairly be assumed that temporary messengers have no greater privilege. The vote for "Temporary Clerical and other Assistance, notwithstanding anything to the contrary in the Civil Service Act," is the only one in which difficulties (otherwise insurmountable) raised by the Civil Service Act, are removed. A temporary messenger can be paid at more than \$500 a year from this vote, but not from the vote for "Telegraph Service, Staff"

On another line of reasoning: Since a temporary clerk is limited to \$400 a year, and since a permanent clerk can get more than a permanent messenger, it does not appear to have been intended that a temporary messenger's pay should be more than \$400.

On still another line of reasoning: Since a permanent clerk begins at \$400, and a temporary clerk stays at \$400, a temporary messenger might reasonably be kept at \$300, since that is the point at which a permanent messenger begins.

For these reasons, therefore, and because the charge as made concurrently with the rendering of the services would more naturally be the correct one, I decline to pass the transfer-entry through our books.

Also, I must bring to your notice an inevitable consequence of your argument, which would probably have prevented the application, had it occurred to you in time. The other payments from "Telegraph Service, Staff" are:—

Supt. F. N. Gisborne, July 1 to Aug. 30, 1892 at \$3,000...	\$491 93
Asst. Supt. D. H. Keeley, at \$125 a month, say.....	1,500 00
Clerk R. Keeley, at \$2 a day, say.....	730 00

The charging of Mr. Lavigueur's wages to this vote would mean that his services are entirely devoted to the Telegraph Branch: in other words, that a messenger at \$547.50 is kept to wait on two other employees. An inference as to similar liberality throughout the whole department would be so serious that the request for the transfer-entry should be signed by the Deputy Minister himself, if you conclude to maintain it.

I am, sir, your obedient servant,

FREDERICK HAYTER, *for the A.G.*

The Accountant, Public Works Dept.

### Application to charge Clerk to another Vote than "Salaries."

DEPT. OF PUBLIC WORKS, OTTAWA, June 28, 1893.

SIR,—I beg to apply for the following transfer:—

Cr. Appropriation "Extra Clerks, &c," \$1,090.

Dr. Appropriation "Collection of Slides and Booms Dues," \$1,090.

(Account cheques in favour of A. J. H. Russell.)

Mr. Russell being a *permanent* clerk, his salary was wrongly charged to the appropriation for "Extra Clerks." The present transfer is only restoring the above expenditure to the service in connection with which he was appointed some twenty-six years ago, and which position he has held ever since.

Your obedient servant,

O. DIONNE, *Accountant.*

The Auditor General.

AUDIT OFFICE, OTTAWA, June 29, 1893.

SIR,—Let me acknowledge receipt of your letter asking for a transfer of \$1,090, the salary of A. J. H. Russell, from "Temporary Clerical and other Assistance" to "Collection of Slide and Boom Dues."

You give as a reason that Mr. Russell, being a permanent employee, should not be paid from a vote for "Temporary Assistance."

The intention of Parliament appears to have been that all the clerical services in the department (not charged to Civil Government) should be shown under one of the four heads classed with "Miscellaneous Public Works." This new classification is an important step towards simplifying the Public Accounts; and I cannot allow the intention of Parliament to be evaded on account of a minor inaccuracy of description, which is not germane to the object of the vote.

The application for a transfer is returned herewith, and a similar objection will be raised to any other charges of Departmental services to Outside Votes.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Accountant, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, July 6, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 29th ult. in reference to the transfer of Mr. A. J. H. Russell's salary from "Temporary clerical and other assistance" to "Collection of Slide and Boom Dues."

I quite agree with you as to the advisability of simplifying the Public Accounts, and have no desire to interfere with your efforts to attain that most desirable end; but I must differ with you when you say that "the intention of Parliament appears to have been that all the clerical services (not charged to Civil Government) should be shown under one of the four heads classed with Miscellaneous Works."

## Auditor General's Report, 1892-93.

What is the intention of Parliament? Surely nothing more than the intention of the Minister on whose recommendation Parliament granted the vote. Now, by referring to the three Orders in Council of December 19, 1892, giving the list of the officers of the department to be paid out of the votes referred to, you will find that Mr. Russell's name was left out, showing clearly that it was not intended that his salary should be charged to these votes, but that it was the intention of the Minister, endorsed by Parliament, that it should be paid out of the vote it was charged to for the last 26 years.

So confident was I of the correctness of my position that I used the amount asked to be transferred to pay the officers entitled to same, and made the transfer in my books accordingly.

Under the circumstances I return herewith my application, confident that you will sustain my contention.

I am, sir, your obedient servant,

The Auditor General.

O. DIONNE, *Accountant.*

(NOTE.—The transfer was not made.—J. L. McD.)

### Travel: Order in Council not Followed.

AUDIT OFFICE, OTTAWA, March 29, 1893.

SIR,—Let me call your attention to a February voucher, No. 74508, the pay-list of a survey on the River Lièvre. The following amounts are charged for sustenance between Jan. 23 and Feb. 23, or 32 days, the duration of the trip:—

Engineer F. W. Cowie, 32 days at \$3.50 .....	\$112
Rodman E. F. Gingras, 32 days at \$2.50 .....	80
Draughtsman L. A. Desrosiers, 32 days at \$1.50 .....	48

The Order in Council of Feb. 6, 1893, abolishes the arbitrary "living allowances," and provides that from that date there be paid to all officers "their actual reasonable "travelling and living expenses." The employees above mentioned should therefore give items and vouchers for their actual outlay since Feb. 6.

The same remark applies to voucher 74412, from Mr. F. M. Hamel, covering 5 days at \$3.50, between Feb. 7 and 11; and to voucher 74416 from Mr. Paymaster Côté, covering 5 days at \$3.50, between Feb. 9 and 13.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, May 8, 1893.

SIR,—In reply to your letter dated the 29th of March last, calling attention to the charges made by F. W. Cowie, E. F. Gingras and L. A. Desrosiers for sustenance between January 23 and February 23, *re* survey on Rivière du Lièvre, and stating that the Order in Council of the 6th February last abolishes the arbitrary "living allowances," and that the above employees should therefore give items and vouchers for their actual outlay since February 6, and also that the same remark applies to vouchers 74412 from F. M. Hamel, covering 5 days between February 7 and 11, and to voucher 74416, from I. Côté, covering 5 days between February 9 and 13: I am directed to state that the Order in Council, although passed on February 6, only reached this department on the 16th, that the officers above mentioned could only be notified after that date, and that they have rendered their accounts under the new order since such notification.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, June 7, 1893.

SIR,—I notice that several of your officers, when travelling on Government business, have charged a uniform living-allowance instead of actual expenses, for trips begun since February 6, 1893.

Under the recent Orders in Council relating to this subject, only actual reasonable expenses can be paid. Details will be necessary for all trips begun since February 6, and refunds wherever over-payments have been made.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, January 26, 1894.

SIR,—Let me call your attention to your letter No. 139923 of May 8, 1893, wherein you hold that the living allowance of \$3.50 should be granted to travellers up to the day when they received formal instructions from the department that only actual expenses would be repaid them.

This general subject was taken up by the Order in Council of May 4, 1893, and disposed of in the following words: "That the O. C. of February 6, 1893, limiting the amount to be paid for travelling expenses to actual outlay, be amended so as to apply only to trips commenced after the date of the Order in question;" that is to say, after February 6.

Please therefore get all accounts for that period rectified in the foregoing sense. Examples are two of those mentioned in my letter of March 29, namely: that of Mr. F. M. Hamel between February 7 and 11, and that of Mr. I. Côté between February 9 and 13.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

### Langevin Block: No Final Estimate Yet.

AUDIT OFFICE, OTTAWA, July 8, 1890.

SIR,—Let me acknowledge receipt to-day of your application in favour of Mr. A. Charlebois for \$25,000, in further payment on the Langevin Block, as by the Chief Architect's certificate.

In view of the fact that the building has been occupied for some time, I would like to know how soon we may expect the Final Estimate to be completed.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister, Public Works Dept.

AUDIT OFFICE, OTTAWA, December 5, 1893.

SIR,—Please let me know what progress is making in the preparation of Mr. Charlebois' Final Estimate for the Langevin Block.

It would be well to have it completed while all the circumstances are clear in the memory of the officers in charge.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

## Auditor General's Report, 1892-93.

AUDIT OFFICE, OTTAWA, January 24, 1894.

SIR,—Please let me have an answer to my letters of July 8, 1890, and December 5, 1893, asking when the Final Estimate on Mr. Charlebois' contract for the Langevin Block may be expected.

Has the delay for its object the testing of the durability of Mr. Charlebois' work?

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

DÉPARTEMENT DES TRAVAUX PUBLICS, OTTAWA, le 30 janvier, 1894.

MONSIEUR,—J'ai l'honneur d'accuser réception de votre lettre du 24 janvier, demandant à ce département quand l'estimation finale en faveur de M. A. Charlebois pour la construction du block Langevin vous sera transmise.

Je n'ai nul doute que cette demande vous est suggérée par le constant intérêt que vous portez à notre département, mais je regrette que sous les circonstances il ne me soit pas possible de gratifier la curiosité bien louable dont vous faites preuve.

Je ne crois pas non plus qu'il soit nécessaire de répondre à la question plaisante par laquelle se termine votre lettre, car je doute que cette demande ait été faite dans l'espoir d'obtenir une réponse.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur,

A l'auditeur général.

A. GOBEIL, *Député Ministre.*

AUDIT OFFICE, OTTAWA, Feb. 12, 1894.

SIR,—I beg to acknowledge receipt of your letter of Jan. 30, 1894, stating that, under the circumstances, it is not possible to let me know when the Final Estimate for the Langevin Block will be forwarded.

Suppose that, for a transaction like building the Langevin Block, there are involved—say—four officers whose personal knowledge and examination are necessary for the perfection of the Final Estimate; and suppose further, for the sake of an approximate calculation, that these officers are now aged respectively 70, 60, 50 and 40 years. From the Life-Table of the Institute of Actuaries, the chances that these four officers would not all four be alive now, were:

One year ago . . . . .	One to eight.
Two years ago . . . . .	One to four.
Three years ago . . . . .	One to three.
Four years ago . . . . .	One to two.

That is to say, if it had been proposed four years ago to postpone the Final Estimate until the present time, you could have relied then on only two chances out of three that these four officers would be here now: not to mention the possibility of superannuation, and the lapsing of memory referred to in a previous letter. If this calculation appears to involve too many assumed figures, I shall be pleased to revise it to accord with the actual ages, if you let me have them.

In view of the disadvantage shown above, as resulting from such a long postponement of the Final Estimate, I have been unable to imagine any adequate reason for the delay, if it be not something like the Testing of Durability.

Progress Estimate No. 34, paid Dec. 21, 1888, was the last received at this office. Since that date, on Interim Certificates from the Chief Architect that work was done, but that detailed estimates were not ready, \$97,000 was paid as follows:—

1889: Jan. 29 . . . . .	\$10,000
“ March 8 . . . . .	15,000
“ July 2 . . . . .	20,000
“ July 12 . . . . .	15,000
“ Oct. 31 . . . . .	12,000
1890: July 10 . . . . .	25,000

These six sums are equivalent to the whole \$97,000 dated Sept. 19, 1889—that is to say, over four years ago: and I am still asking you to account for them: and you characterize my request as “curiosité,” and a “question plaisante.” Do you expect me to continue the system of making payments on Interim Certificates, without detailed estimates?

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister, Public Works.

### Cape Tormentine: Objection by Chief Engineer to any Criticism of his Certificate.

AUDIT OFFICE, OTTAWA, April 18, 1893.

SIR,—Let me acknowledge receipt of your application No. 546 for \$12,831.01 in favour of Edward Murphy, being the balance of his Final Estimate for work at Cape Tormentine.

I should like to have a copy of the contract with Mr. Murphy, to enable me to make a more satisfactory examination of his account.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 9, 1893.

SIR,—Let me acknowledge receipt of your 140333 of May 4, containing a copy of the contract with Edward Murphy for the Cape Tormentine Wharf.

I notice by section 3 that the work was to have been finished by October 28, 1890; and by section 22 that the Contractor is liable for all salaries of persons superintending the work since that date. The final estimate is marked “Jan. 21, 1893.” Please separate any part of the delay which may have been due to the action of the Government; and prepare a statement of charges against the contractor for the rest of the delay, if any, to deduct from his Final Estimate.

There should be an explicit statement that no expenditure has been made by the Government under section 34 of the specification, for the maintenance of lights on the wharf: but that the service was performed by the Contractor.

Generally, there should be certificates from the Local Engineers or Inspectors, that they have held the Contractor rigidly to the terms of the specification and contract; or, if any concessions have been made, that the value of them to the Contractor is fully and accurately shown in the form of deductions from his account.

Concerning the items in the \$10,973.40 bill for extras, they should be supported by the preliminary written order of the Engineer, fixing the price,—as provided by section 5 of the contract; and supported also by evidence that the claim was made at the time the work was done,—as provided by section 29.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

CHIEF ENGINEER'S OFFICE, OTTAWA, June 13, 1893.

SIR,—I have the honour to acknowledge the receipt of the letter of the Auditor General, dated 9th May last, in connection with the final payment to E. Murphy for the Cape Tormentine works, which letter reached my office on the 14th May, one day after my departure for the Pacific Coast.

Before answering the questions put by the Auditor General, I would call the attention of the department to the fact that I transmitted for payment the final estimate in favour of Mr. Murphy on the 23rd January last, and that Mr. Murphy accepted the

## Auditor General's Report, 1892-93.

settlement offered him on the 30th of the same month, and that owing to the objections raised by the Auditor General, payment has not yet been made.

Clause 33 of the Audit Act reads as follows :—

“ No payment shall be authorized by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer, under whose special charge such part of the public service is, certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just ;” and while I am quite willing to furnish the department answers to all the questions or objections raised by the Auditor General, I must, as Chief Engineer of the department, protest most emphatically against the occurrence of these frequent delays in payment, due to the Audit Office, which bring this department into disrepute, and cause annoyance and loss to the persons entitled to payments.

In this matter of the Cape Tormentine Works, the final estimate is duly certified by the Resident Engineer and the Chief Engineer of the department, and I fail to see why the Auditor General should take upon himself to interpret the terms of the contract, a duty, which, in my opinion, devolves entirely upon the Public Works Department.

However, under protest, and to prevent further delay in the payment to the contractor of the sum to which he is justly entitled, I now beg leave to state in answer to the Auditor General's letter :

1. That all delays which occurred in the construction of the Cape Tormentine Works were considered by the department as unavoidable, and that no charges can be made against the contractor for the said delays, and, therefore, there is not anything to deduct from his final estimate on that account.

2. That the Auditor General will see by reference to the final estimate that no allowance is made to the contractor for the maintenance of lights on the wharf during the period of construction.

3. That the Auditor General will again see by a careful perusal of the contract and the final estimate which have been furnished to him, that the Resident Engineer has certified all progress estimates as well as the final in the proper manner, and that, therefore, the Auditor General must take it for granted that the contractor has been held rigidly to the terms of the specification and contract, and also that, if any concessions had been made, the value of these concessions would have been fully and accurately shown in the form of deductions from the final estimate.

With reference to the last paragraph relative to the bill for extras, while I can assure the Auditor General that the work covered by the said bill has all been performed under orders by the Engineer, as provided by sections 5 and 29 of the contract, the execution of which clauses are vested in the Department of Public Works, I fail to see why, in face of the certificate given by the Resident Engineer and the Chief Engineer “ that the above estimate is correct, that the value of work performed and materials furnished by Edward Murphy up to the 21st January, 1893, is one hundred and seventy-nine thousand seven hundred and eleven  $\frac{91}{100}$  dollars,” he, the Auditor General, should raise any objection to the payment of the said final estimate.

I am, sir, your obedient servant,

LOUIS COSTE, *Chief Engineer.*

The Secretary, Dept. of Public Works.

AUDIT OFFICE, OTTAWA, July 28, 1893.

SIR,—Let me acknowledge receipt of your 141997 of June 15, covering Mr. Coste's explanations of June 13 concerning the Final Estimate of Edward Murphy at Cape Tormentine.

Mr. Coste's letter can be divided into three parts : a remonstrance against delayed payments ; information as to Cape Tormentine items ; and a general argument that an

Engineer's certificate should be regarded by an Auditor as final, unquestionable and sufficient.

*Delays in making payment.*

The Cape Tormentine Estimate was certified by Mr. Coste Jan. 23, 1893. Of the 187 days between that date and July 28, the correspondence was waiting 125 days in your Department, and 62 in this office. Moreover, as to the delay of 43 days since June 15, a look at your Letter-Register will show that, if the Examiner of Public Works Expenditure was unable to consider Mr. Murphy's Estimate sooner, it was because a great part of his time was taken up by raising objections to your other payments, which could easily have been foreseen by your department, as they have been raised by this office repeatedly before.

*Cape Tormentine Items.*

With reference to the works not being completed within contract time, Mr. Coste's statement, that "the delays were considered by the department as unavoidable," would be more satisfactory if it were put into the form that "the delays were caused by the "department." Please describe the several reasons for delay.

My question about "maintenance of lights" was in accordance with section 34 of the specification, which provides for a possible deduction from the contractor, instead of an allowance to him. Please call Mr. Coste's attention to this item again.

Section 5 of the contract reads that "the contractor shall not be entitled to "payment for extras unless they have been ordered and priced in writing before their "execution." The Engineer certifies the estimate as being the "value of the work performed and materials furnished," but says nothing about the manner of ordering the extras. Whether they were ordered as directed by the contract, and in such a manner as to make them valid claims, is a subject on which an intelligent layman can pronounce, on reading the orders. The contractor should complete the voucher by producing the orders, since he is not entitled to payment if he has not got them.

*Concessions to Contractors.*

To Mr. Coste's opinion that, because the Resident Engineer certifies the estimate to be correct as it stands, I should take it for granted that the contractor has been held rigidly to all the clauses of his specification, I make two objections: 1st, That such an assumption would agree more closely with the Theory of Contracts, than with their occasionally imperfect working as commonly understood; and 2nd, that "taking it for "granted" forms no part of the system of this office. An example of this will occur to you in our rejection of the Manitoba Dredging Pay-lists, after your Department had taken it for granted that the false signatures were genuine.

*Sufficiency of the Engineer's Certificate.*

Mr. Coste "fails to see why—in face of the certificate given by the Resident "Engineer and the Chief Engineer, that the estimate is correct, that the value of work "performed and materials furnished is \$179,711.01—the Auditor should raise an objection to the payment of the said Final Estimate."

On this understanding, the work of Auditing Public Accounts could be performed by any routine clerk who is sufficiently familiar with the Engineers' signatures to identify them as having been made by the Engineers whose signatures they profess to be. Further: if the Engineer's certificates were all stamped out, say, into a series of coins, the whole Audit Office could be replaced by an automatic slot-machine, which would pay out money when set in motion by the certificate of the appropriate Engineer.

That Parliament has a different notion of our work, may be seen from the Audit Act itself. For instance, section 32 C. reads, "If the Auditor General has refused to "certify, on the ground that the money is not justly due," instead of reading "on the "ground that it is not certified by the Chief Engineer." Again, in section 56, the Auditor General may get any person ordered to attend before him and testify to all

## Auditor General's Report, 1892-93.

matters within his knowledge relative to any account. If, then, the Auditor can ask the Engineer to explain his certificate—the Engineer's certificate by itself, though necessary, is not final.

As for the fear of the Deputy Minister, expressed orally, that contracts and specifications, if allowed to leave the Chief Engineer's hands, will be wrongly understood and wrongly interpreted in this office—that deals with a matter for which I am solely responsible; and I shall accept the responsibility for the mistakes when they are made. Please therefore do not let this possibility, of an error in auditing, interfere with the department in supplying me with any information for which I may ask.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Department.

*Note by Auditor General.*—Mr. Coste visited the Audit Office July 31, and made and signed the following certificate on Mr. Murphy's Final Estimate: "I hereby certify that the contractor has been rigidly held to the terms of his contract and specification; and that in the case of the extra work, this extra work was ordered by the Engineer in charge of the work, or by the Chief Engineer, before the work was begun.—LOUIS COSTE, Chief Engineer."

CHIEF ENGINEER'S OFFICE, OTTAWA, 1st August, 1893.

SIR,—In answer to the letter of the Auditor General contained in file 143381 *re* Cape Tormentine final estimate, I beg to state the following:—

With regard to delays in making payments, my observations were simply to prove that these delays were not attributable to my office, and in this particular case I would state that I transmitted to the department the final estimate *re* Cape Tormentine Wharf on the 23rd January, 1893, and that so far as I know it has not yet been paid; and further, I would point out that the application to the Finance Department was made by the Public Works Department on the 4th April.

With reference to the different remarks which I made respecting the different items of the estimate, I would repeat, with regard to the works not being completed within the contract time, that the delays were considered unavoidable by the department. I cannot and will not state that the delays were caused by the department, as the Department does not control the weather, which in this particular case had more to do in delaying the contractor than probably any other cause, but I will go as far as saying that the interpretation of the clauses of the contract rests with this department and not with the Audit Office.

The question of the Auditor about maintenance of lights is no doubt made in accordance with section 34 of the specification; and in this regard I can assure the Auditor General that if the department had incurred any expenditure in this respect which should have been charged to the contractor, a deduction would have been made from the estimate; yet I must again protest that this is a consideration for which the Public Works Department is solely responsible.

With regard to payment for extras, the contractor did not perform any of the said extras unless ordered by the department or by the Resident Engineer, and the prices paid for these extras have been in every instance fixed by the Chief Engineer after a conference with the Engineer in charge of the work. This explanation will I hope prove satisfactory to the Auditor General, but I desire to call his attention to a certain clause in that same contract where the Chief Engineer is pronounced sole judge of the meaning of the terms of the said contract.

With regard to the paragraph "Concessions to Contractor" in the Auditor General's letter, I repeat here that no concessions have ever been made to the contractor for the Cape Tormentine work, and that on the contrary he has been held rigidly and severely to the terms of his contract.

Before closing this letter I must protest most emphatically against the sending of copies of contracts to the Audit Office; and while I do not propose to refuse to the Auditor General any explanation which may enable him to audit the accounts of the Chief Engineer's Branch in strict accordance with the law, I do not think that this department should leave the control of its business entirely to the whims of clerks in the Audit Office.

I am, sir, your obedient servant,

LOUIS COSTE, *Chief Engineer.*

The Secretary, Department of Public Works.

### St. John: Extra Pay to Permanent Officer.

AUDIT OFFICE, OTTAWA, December 14, 1893.

SIR,—Let me call your attention to voucher 70385 of 1892-93, being a payment of \$10 to Thos. H. Lawson of St. John, for "Looking after man repairing Safe, from July 16 to Aug. 1, 1892," charged to "St. John Dominion Buildings, Improvements."

Mr. Lawson is on the Assistant Receiver General's pay-list as a janitor at \$500 a year, and contributes to the Superannuation Fund. Since he is a permanent officer, any payment to him in addition to his regular salary is in contravention of 51st Vic., chap. 12, sec. 12, and the amount should be refunded.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

DEPT. PUBLIC WORKS, OTTAWA, December 29, 1893.

SIR,—Having reference to your letter dated the 14th inst., I am directed to state that the Chief Architect reports on the matter as follows:—

"The combination of the safe or vault got out of order, and it was absolutely necessary to employ a thoroughly reliable person to watch while it was being fixed. Mr. Lawson was the most trustworthy person available at the time, and he was placed in charge. The work had to be performed after working-hours."

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, February 12, 1894.

SIR, Let me acknowledge receipt of your 146891, concerning the payment of \$10 to Mr. Thos. H. Lawson of St. John.

Whatever may have been the reasons for getting Mr. Lawson to do the work, the Act is very explicit in declaring that his regular salary is the only pay he can get for his full time. Please have the \$10 refunded, as suggested in my previous letter.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary Public Works Dept.

### Laprairie: Insufficient Voucher Offered by Accountant Dionne.

AUDIT OFFICE, OTTAWA, July 4, 1893.

SIR,—I beg to acknowledge receipt of your Application No. 731 for \$104.26 in favour of Letourneux, fils & Cie, for hardware supplied to the Laprairie Post Office.

## Auditor General's Report, 1892-93.

---

The certificate is: "Materials delivered, prices fair and just; signed T. A. Sylvestre, Clerk of Works;" and this is written in full by some employee in your department, instead of by Mr. J. H. A. Sylvestre himself, the local officer at Laprairie.

The account is returned herewith, to be replaced by one with an original certificate.

Please call the attention of the Accountant or his assistant to the necessity of greater care in examining vouchers before forwarding them to this office.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

---

PUBLIC WORKS DEPT. OF CANADA, OTTAWA, JULY 5, 1893.

Memorandum *re* Public Buildings, Laprairie, P.Q.—All possible care is taken in this office in examining vouchers before forwarding them to the Auditor General. I have got the copy of account referred to, signed by the Clerk of Works, in my possession, and I do not want to part with it. Whenever those vouchers are required by Parliament we have got to produce them.

In order to satisfy the Auditor General's requirements I have certified the inclosed account as "a true copy" of original in my possession. I cannot do any more than that.

O. DIONNE, Accountant.

---

AUDIT OFFICE, OTTAWA, July 13, 1893.

SIR,—Let me acknowledge receipt of your 142598 of July 12, inclosing the Accountant's refusal to supply this office with a voucher bearing an original certificate.

Mr. Dionne's explanation is, that whenever vouchers are required by Parliament, it is the Public Works Department that has to produce them.

When the Public Accounts Committee needs vouchers, it demands them from the Audit Office, and not from the departments.

Since we agree that it is Parliament which is entitled to original vouchers, a reference to section 21 of the Audit Act will show you that this office is the channel selected by Parliament through which to get its information.

Please therefore let me have a voucher carrying the autograph signature of the officer who certifies it.

If it is considered essential to preserve an original voucher in the Department, let me suggest that the incomplete copy be sent to Laprairie, to be certified by the Clerk of Works.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary Public Works Department.

---

DEPT. OF PUBLIC WORKS, OTTAWA, July 25, 1893.

SIR,—Having reference to your letter dated the 4th instant, *re* application No. 731 for \$104.26 in favour of Letourneux, fils & Cie, for hardware supplied to the Laprairie Post Office, and to your communication of the 13th upon the same subject, I am directed to return to you, herewith inclosed, the above application and the copy of the account duly certified by me according to the section 35 of the Public Works Act, which provides that the certificate of the Secretary upon any copy shall constitute it "*prima facie*" of the same legal effect as the original."

I am, sir, your obedient servant,

E. F. E. ROY, Secretary.

The Auditor General.

AUDIT OFFICE, OTTAWA, Oct. 3, 1893.

SIR,—Let me acknowledge receipt of your 142899 concerning the copied certificate of Mr. Sylvestre on Letourneux & Co.'s account.

You give no reason for not adopting my suggestion of July 4, namely, that the account be sent back to Laprairie to be certified by the Clerk of Works. Please let me know of any difficulty which may prevent this apparently practicable solution: so practicable, in fact, that I have delayed answering for some time in case you might be taking that action.

The section 35 of the Public Works Act which you quote, concerning copies of documents certified by the Secretary, appears to relate more to documents which have to be kept in the department, and which cannot easily be duplicated otherwise. As far as I can see, another signature can be procured from Mr. Sylvestre himself, without having recourse to the Secretary to certify a copy thereof; and original vouchers, being necessary for an audit, are not to be retained in the department.

As mentioned in my letter of July 13, the Accountant's argument that "the House of Commons may call on him for vouchers" is not supported by the existing practice of the Public Accounts Committee; and it is anticipated in section 44 of the Audit Act, where the examination of accounts on behalf of the House of Commons is assigned to the Auditor General, and in section 21, where the reporting thereon to the House of Commons is assigned to the same officer.

If the Accountant, when asked to make payment, had before him only a copied voucher, instead of the original, he would not pay—since, on his own statement, he must have an original. The original therefore is the voucher, and a copy is not a voucher. Under section 44, I am to ascertain whether payments are supported by vouchers; that is to say, I am to see the originals.

Moreover, a copy of a voucher, made in the department, is of more value to the department itself than it would be to this office—since the department has some knowledge of the care and accuracy with which it has been copied. A striking instance of this is the Letourneux voucher, now under discussion:

The Clerk of Works at Laprairie is J. H. A. Sylvestre; and the signature as copied on the voucher is "T. A. Sylvestre, Clerk of Works." Now, if these are the same person, then the copy is not "A True Copy"—the Accountant and the Secretary to the contrary notwithstanding. If, however, they are different persons, and since J. H. A. Sylvestre draws pay as Clerk of Works, then who is "T. A. Sylvestre," and of what use is his certificate "Materials delivered," if he is not "the officer under whose special charge that part of the public service is"?

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

Memo. by Accountant, October 7, 1893:—

1st. The reason given by the Auditor General in this paragraph, is nothing else than a pretext to justify unnecessary delays. Departmental letter No. 84230 of the 25th of July last was an answer to Auditor's of the 4th.

2nd. Section 35 of the "Public Works Act" is clear and precise, and leaves no grounds for suppositions. Copies of documents certified by the Secretary of the Public Works Department "shall be held to be authentic and shall be *prima facie* of the same legal effect as the original in any Court or elsewhere."

3rd. My "argument" that the "House of Commons may call on this office for vouchers" is supported, the writer and Auditor General "notwithstanding," by the fact that quite a number of vouchers had to be sent to the Public Accounts Committee nearly every session for the last ten years. So I am justified in keeping "originals" for this office, and I will not part with them.

4th. Should there be an officer intrusted with the care of accounts coming from outside, and *authorized by law* to issue certified copies of same, "the Accountant" of Public Works would readily accept them as a sufficient voucher, and make at once the

## Auditor General's Report, 1892-93.

payment asked for. He would "moreover" take good care not to raise frivolous and vexatious objections, and deprive parties of their just claims for months and months.

5th. No copy of voucher referred to "was made in this department." The *duplicate* sent to Audit Office was made out by Letourneux, fils & Cie themselves, but the Clerk of Works omitted to sign same, hence the necessity for Secretary to certify that the original had been signed by that officer.

6th. It took over three months for Audit Office people to discover clerical error referred to ("T. A." instead of "J. H. A.") It is no wonder the clerk who copied Mr. Sylvestre's signature and who has something else to do than split hairs (*fendre les cheveux en deux*), made this error. The Auditor General need not then be too hard on him.

Let the voucher be sent back to us and Mr. Sylvestre's initials will be rectified at once.

In conclusion I think it my duty to protest against the unnecessary delay in paying accounts, caused by the action of the Audit Office in raising uncalled-for objections, the onus of which the public lay to me notwithstanding my efforts to facilitate business in every way.

O. DIONNE, *Accountant*.

AUDIT OFFICE, OTTAWA, October 14, 1893.

SIR,—Let me acknowledge receipt of a copy of Mr. Dionne's letter of October 7, concerning the account of Letourneux & Co.

You have not explained, as I desired you to do, the objections which there may be against sending the vouchers back to Laprairie for Mr. Sylvestre's own signature. This course was suggested in my letter of July 13, and had it been acted on by you at that time Letourneux & Co. would have had their money nearly three months ago.

The account is returned to you herewith.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

PUBLIC WORKS DEPT., OTTAWA, October 18, 1893.

(*Memorandum.*)

Clerk of Works' initials rectified on inclosed account which "shall be held authentic and shall be *prima facie* of the same legal effect as the original," and is consequently to the Auditor General a sufficient voucher to all intents and purposes. See sect. 35 of the "Public Works Act." It should be returned to the Auditor General, who will, I hope, see that no further delay occurs in making payment of Letourneux & Cie's account.

It is to be remarked that from the 25th July last up to the 3rd October instant—say over 2 months—Audit Office people kept account referred to without raising any objection. Now the delay, in this case, cannot surely be laid to me. The whole responsibility lays with the Audit Office, which has no reason to withhold payment.

O. DIONNE, *Accountant*.

AUDIT OFFICE, OTTAWA, October 23, 1893.

SIR,—I had hoped that notice would be taken of my thrice-repeated request for reasons against sending Letourneux's account back to Mr. Sylvestre himself, a course needing say three days at the most.

The account is returned to you herewith. There seems to be now no object in your delaying submission of the case to the Treasury Board, as provided by section 32—C of the Audit Act.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

DEPUTY MINISTER'S OFFICE, PUBLIC WORKS DEPT., Dec. 9, 1893.

SIR,—I return you Letourneau's account duly certified by Mr. Sylvestre, the La-prairie Clerk of Works. Please issue cheque without any further delay.

Yours very truly,

A. GOBEIL, *D.M.P.W.*

The Auditor General.

### Montreal Custom House—Duplicate Payment asked for.

AUDIT OFFICE, OTTAWA, June 29, 1893.

SIR,—Let me acknowledge receipt of your Application No. 733, for Repairs at Montreal Custom House, including :—

McArthur, Corneille & Co., paints, oils, &c.....	\$391 74
do do .....	107 10
do do .....	42 00

The bill of McArthur, Corneille & Co., for \$42.00 is composed of the following items :—

Feb. 2, Meth. spirits, $\frac{1}{2}$ gall. at \$2.....	\$ 1 00
do 4, Turpentine, 5 galls. at 65c.....	3 25
do 4, Putty, 1 tin, 25 lbs. at 3c.....	0 75
do 4, Can.....	0 50
do 7, C. D. Gen. white lead, 1 100-lb. keg at \$6.50.....	6 50
do 7, 1 drum Turner's varnish, 6 galls. at \$5.....	30 00

The first six items of the same firm's bill for \$107.10 are as under :—

Feb. 2, Meth. spirits, $\frac{1}{2}$ gall. at \$2.....	\$ 1 00
do 3, Turpentine, 5 galls. at 65c.....	3 25
do 3, Putty, 1 tin, 25 lbs. at 3c.....	0 75
do 3, Can.....	0 50
do 6, C. D. Gen. white lead, 1 100-lb. keg at \$6.50.....	6 50
do 6, 1 drum Turner's varnish, 6 galls. at \$5.....	30 00

Notwithstanding the slight difference in dates, I am inclined to think that these may be two bills for the same lot of supplies, and would like to be assured otherwise explicitly before certifying payment.

The Application and Voucher are returned herewith, for amendment if necessary.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Department.

AUDIT OFFICE, OTTAWA, September 2, 1893.

SIR,—Let me acknowledge receipt again of your Application No. 733 in favour of McArthur, Corneille & Co. and others, for Repairs at Montreal Custom House.

The duplicate voucher for \$42 is now deducted, without any explanation of how it came to be included in the first place.

Please mention to Mr. Ed. Guilbault, the local Clerk of Works who certifies the account—that his system of examination, as long as it permits duplicate payments, is dangerously defective.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Department.

## Auditor General's Report, 1892-93.

### Montreal Post Office: Contract of E. St. Louis.

AUDIT OFFICE, OTTAWA, April 13, 1893.

SIR,—Let me acknowledge receipt of your Application No. 574 for \$1,519.77 in favour of Em. St. Louis of Montreal, being the balance of \$7,019.77 for improvements and alterations at the Montreal Post Office.

The bill includes an item of \$6,300 described as follows: "Works carried out for the completion of the Second Floor of the building, in accordance with the specification and detailed estimates furnished to the Department of Public Works, September 13, 1892, and in accordance with the acceptance of the same by the Chief Architect of date of October 14, 1892."

Please inform me whether this work was let by public tender and contract, as required by the Order in Council of May 23, 1880, for all public works over \$5,000. This Order in Council is shown at page A-13 of my Report for 1891-92.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

PUBLIC WORKS DEPT., OTTAWA, April 19, 1893.

SIR,—Having reference to your letter of the 13th instant, respecting application No. 574, for \$1,519.77 in favour of Mr. Em. St. Louis, being the balance of \$7,019.77, for improvements and alterations at the Montreal Post Office, and asking to be informed whether the work was let by public tender and contract: I have the honour to state that the works referred to, and which have been executed by Mr. St. Louis at the Montreal Post Office, were of such a nature that they could not possibly be let by public tender or by contract as is usual with works of that kind. The work was specially composed of reconstruction and the remodelling of one of the flats of the Montreal Post Office for occupation by the Post Office Inspector's Branch. Some of the work had to be done in the evening and at such times as would not inconvenience the officials; consequently it was deemed advisable and in accordance with the law, "Public Works Act," not to execute them by contract based on public tender.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, April 27, 1893.

SIR,—Let me acknowledge receipt of your 140189, concerning the payment to Mr. Em. St. Louis of \$6,300 for completion of Second Floor in Montreal Post Office.

The Order in Council of May 23, 1880, reads: "That all public works involving an expenditure of over \$5,000 shall be let by public tender and contract, unless owing to urgency or other cause it be deemed advisable to take different action, and that in all such cases authority be obtained by an Order in Council."

This last clause seems to have escaped the attention of the person who framed the argument in your letter. The payment cannot be made until an Order in Council has been obtained.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

### St. Vincent de Paul: Apparently a double payment.

AUDIT OFFICE, OTTAWA, January 24, 1894.

SIR,—Let me draw your attention to two payments made to John McDougall, of Montreal, on account of "St. Vincent de Paul Penitentiary."

Voucher No. 76605, dated April 10, 1893, reads: "Boiler-maker, repairing boiler, 5 days at \$3.50; mud-port with guard-bolt complete, 75c.; total, \$18.25."

Voucher No. 78300-58, dated April —, 1893, reads: "Boiler-maker, repairing boiler, 5 days at \$3.50; mud-port with guard-bolt complete, 75c.; total, \$18.25."

The first voucher, No. 76605, is in the handwriting of Mr. Elz. Dagneault, the Clerk of Works at the Penitentiary, and has his own signature to the certificate. The second voucher, No. 78300-58 is in the handwriting of one of the clerks in the Public Works Department, and Mr. Dagneault's signature is copied in the same hand, as "Sig. E. Dagneault." As indicated in previous correspondence, a copied signature fixes no responsibility on the officer whose signature is copied, and is entirely worthless for purposes of audit.

On comparing the details given above, there seems to have been a double payment for the same service. Please investigate this, and let me know the result.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

### St. Vincent de Paul: Hardware prices higher than Penitentiary Contracts.

AUDIT OFFICE, OTTAWA, April 18, 1893.

SIR,—I am passing to-day your Application No. 585 for \$216.64 in favour of Letourneux, fils & Cie of Montreal, for hardware supplied to the St. Vincent de Paul Penitentiary.

Let me again call your attention to the advantage to be gained by purchasing, if possible, under the contracts made by the Penitentiary authorities. Their hardware contract with Cyrille Bisson would have saved \$14.89 on \$62.72 of the bill in hand, or nearly 24 per cent, as follows:

	Letourneux.	Bisson.
Pure white lead, D.O.C., 300 lbs. at 8c . . . . .	\$24 00	
White lead, James' best quality, 300 lbs. at 5½c.		\$16 50
Boiled oil, 1 brl., 42⅔ galls. at 68c. . . . .	28 72	
Paint oil, 42⅔ galls. at 60c. . . . .		25 33
American glue, 50 lbs. at 20c. . . . .	10 00	
Best American glue, 50 lbs. at 12c. . . . .		6 00
	<u>\$62 72</u>	<u>\$47 83</u>

Moreover, we have to pay freight from Montreal to St. Vincent de Paul on the purchases from Letourneux; whereas the Bisson contract figures are for goods delivered.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

ST. VINCENT DE PAUL, May 2, 1893.

SIR,—In reply to the remarks of the Auditor General, I beg to inform you that it is impossible to purchase materials according to C. Bisson's contract with the penitentiary. Bisson's contract is for \$400 only. His figures are lower than the whole-

## Auditor General's Report, 1892-93.

sale market prices, but he has got extras for five times more, so he is taking back on extras what he is losing on contract.

	Contract Price.	Wholesale Price.
Paint oil.....	60 cts.	62 to 65 cts.
Screws, 3-in.....	30 “	60 “
Fish glue.....	12 “	20 to 35 “
English paint (James') white lead....	5 50	7 50 to 8 50
Charcoal tin acc. to brand.....	5 50	5 50 to 9 00

With regard to freight, Bisson is carting himself for his stores, so it amounts to nothing what he has delivered to penitentiary. The department cannot cart his materials; he has to pay for it.

I am quite aware that Bisson would not have supplied the Department of Public Works with \$25,000 worth of materials to the figures mentioned in his contract with the penitentiary.

If the department wish to ask for tenders for the next fiscal year, it will be less trouble for me and more satisfactory for all.

I am, sir, your obedient servant,

E. DAGNEAULT,

*Supt. of Stores.*

THOS. FULLER, Esq., Chief Architect.

### St. Vincent de Paul: Oats bought at more than Market Price.

AUDIT OFFICE, OTTAWA, April 17, 1893.

SIR,—I am passing to-day your Application No. 566 for \$437.32 in favour of Cyrille Bisson, of St. Vincent de Paul, for supplies to the Penitentiary as follows; under date of Tuesday, March 27, 1893:—

Oats, 401 bushels at 45 cts.....	\$180 45
Straw, $6\frac{2}{3}$ tons at \$6.....	36 87
Hay, 15 tons at \$12.....	180 00
Bran, 2 tons at \$20.....	40 00

Oats were selling in Montreal at  $34\frac{1}{2}$  and 35 cents on the previous Saturday.

Please let me know whether there is a contract with Mr. Bisson fixing the prices for supplies of this nature, after public competition.

The Penitentiary authorities at St. Vincent de Paul have a contract with Mr. Anselme Chartrand for oats at 40 cents a bushel, for 2,500 bushels, more or less. It might be possible to obtain your supplies through this channel.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, January 5, 1894.

SIR,—Having reference to your letter of the 17th April last, respecting application No. 566 for \$437.32 in favour of Mr. Cyrille Bisson for oats supplied St. Vincent de Paul Penitentiary, and stating that the Penitentiary authorities there have a contract with Mr. Anselme Chartrand for oats at 40 cts. per bushel.

I have the honour to inform you that there is no contract with Mr. Bisson for the supply of oats. The contract with the Penitentiary authorities for 1892-93 is for the supply of oats at 40 cts. per bushel of 34 lbs., and the contract price for the same for 1893-94 is 50 cts.

The amount charged per bushel of 34 lbs. in Bisson's account is 40 cents, or 5c. per bushel less than that paid under the Penitentiary contract.

I am, sir, your obedient servant.

E. F. E. ROY, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, January 24, 1894.

SIR,—Let me acknowledge receipt of your 140318 of January 5, concerning oats at 45 cents at St. Vincent de Paul.

Your letter appears to be in error in saying that Bisson's rate is 40 cents, and that this is 5 cents less than the Penitentiary rate. Mr. Bisson's rate is 45 cents, and the Penitentiary rate is 40 cents, both for 1892-93.

You have not discussed my information to you, that oats were selling in Montreal at 34½ and 35 cents, on the Saturday preceding the Tuesday's purchase.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

### St. Vincent de Paul—Insufficient Vouchers.

AUDIT OFFICE, OTTAWA, November 18, 1893.

SIR,—Let me acknowledge receipt of your Application No. 350 for payment of the following accounts from St. Vincent de Paul Penitentiary:—

E. H. Lemay, dimension-timber . . . . .	\$1,044 28
Emery Prevost, dimension-timber . . . . .	139 04
Letourneux, fils, et cie., hardware . . . . .	609 02

The bills of Messrs. Lemay and Prevost are in the handwriting of Elzéar Dagneault, the Storekeeper at the Penitentiary, and contain no details of the delivery. The accounts should be made out by the creditors themselves, and there should be specifications of delivery attached, to be certified by the officer who received the timber. These objections have been raised several times before: please anticipate them when accounts similarly deficient reach you from your outside officers.

The bill of Letourneux, fils & Cie contains an item of \$40.31 for "Pure manilla rope, 1½-inch, 278 lbs. at 14½ cents," not including freight from Montreal to St. Vincent de Paul. The Department of Railways and Canals is buying this size and name of rope in Montreal under contract at 10¾ cents a pound,—a reduction of over 25 per cent on your price.

This is merely one instance of the advantage to be gained by inviting public competition for such large purchases as the Government makes.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, December 4, 1893.

SIR,—Let me call your attention to my letter of Nov. 18, 1893, not yet answered, concerning the accounts of Messrs. Lemay, Prevost and Letourneux, for supplies to the St. Vincent de Paul Penitentiary.

I return herewith the application and vouchers, as although they cannot be paid in their present state, a large portion of the Letourneux account could go through on a separate application.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

### St. Vincent de Paul: Architect does not go there.

AUDIT OFFICE, OTTAWA, March 9, 1893.

SIR,—I notice that none of the vouchers for your expenditure incurred after June 30, 1892, on "St. Vincent de Paul Penitentiary," are certified by Mr. John Bowes of the Chief Architect's staff, as were the vouchers for similar expenditure before that date.

## Auditor General's Report, 1892-93.

---

---

Mr. Bowes is described on the pay-lists from July 1, 1892, to January 31, 1893 (the latest in hand), as "Supervising Architect of the St. Vincent de Paul Penitentiary" at \$180 a month. His last trip to St. Vincent de Paul was made on July 1 and 2, 1892.

Please explain your reasons for describing Mr. Bowes as "Supervising Architect of the St. Vincent de Paul Penitentiary," if he neither goes there, nor examines the accounts.

Your expenditure on this Penitentiary from July 1, 1892, to February 28, 1893, was \$15,911.20; and the Architect's salary for the same 8 months was \$1,440,—or more than 9 per cent on the expenditure. This exceeds the rates paid by your department to outside Architects for transient work.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

---

AUDIT OFFICE, OTTAWA, December 5, 1893.

SIR,—Please let me have an answer to my letter of March 9, 1893, wherein I asked for an explanation of your reasons for describing Mr. John Bowes as "Supervising Architect of the St. Vincent de Paul Penitentiary" for several months after he had ceased either going there or examining the accounts.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

---

AUDIT OFFICE, OTTAWA, January 24, 1894.

SIR,—Please let me have an answer to my letters of March 9 and December 5, 1893, asking for an explanation of your reasons for describing Mr. John Bowes as "Supervising Architect of the St. Vincent de Paul Penitentiary" for several months after he had ceased either going there or examining the accounts.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

---

DEPT. OF PUBLIC WORKS, OTTAWA, February 3, 1894.

SIR,—In reply to your communication dated the 24th ultimo, applying for an answer to your letters of March 9 and December 5, 1893, asking for an explanation of the reasons for describing Mr. Bowes as "Supervising Architect of the St. Vincent de Paul Penitentiary" for several months after he had ceased going there or examining the accounts: I am directed to state that Mr. Bowes had for a long period been the Supervising Architect of the St. Vincent de Paul Penitentiary; that when it was decided to dispense with his services, his visits to the Penitentiary ceased; but that, until the time he actually left the department, he was consulted, as occasion presented itself, on matters concerning the Penitentiary.

I am, sir, your obedient servant.

A. GOBEIL, *for the Secretary.*

The Auditor General.

### Winnipeg Drill Hall : Insufficient Description of Fence.

AUDIT OFFICE, OTTAWA, December 12, 1893.

SIR,—Let me acknowledge receipt of your Application No. 426 for \$1,083.75 in favour of W. H. Rourke, for fencing at the Winnipeg Drill Hall as follows :—

Picket fence, including painting, 559 lineal feet at \$1.25..	\$ 698 75
Close board fence, 6 feet high, battened, cap and base, 350 lineal feet at 65 cents.....	227 50
Removing, repairing and placing old fence, 450 lineal feet at 35 cents.....	157 50

I should like further information concerning the picket fence, as to those particulars by which the price of such work more immediately varies: such, for instance, as its height, and the materials of which it is composed.

The application and voucher are returned herewith, for completion in the direction suggested.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, January 17, 1894.

SIR,—Having reference to your letter dated the 12th inst., returning the application No. 426 for \$1,083.75 in favour of Mr. W. H. Rourke, for fencing at the Winnipeg Drill Hall, I am directed to send to you herewith, copy of Mr. Ewart's memo. giving the information asked for in above letter. Application No. 426 enclosed.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

DEPT. OF PUBLIC WORKS, OTTAWA, January 11, 1894.

*Memorandum.*—The height of the fence is 4' 3", and the materials of which it is composed are pine lumber and nails. The height and materials of which the fence is composed give but little idea as to its value. The fence was built according to plan, and \$1.25 per lineal foot is a fair and just price for the work.

D. EWART, *for Chief Architect.*

AUDIT OFFICE, OTTAWA, January 25, 1894.

SIR,—Let me acknowledge receipt of your 146878 of January 17, concerning the fence at Winnipeg Drill Hall, in answer to my request for information as to the height of the fence, and the materials of which it is composed.

Your reply is, that the fence is 4½ feet high, and is composed of pine lumber and nails; and that this information gives but little idea as to its value.

Your remark is not one which I can successfully contradict. "Pine lumber and "nails" is a very scanty description of materials. Although the plan and specifications are necessary for the builder of the fence, still it should be possible to make a short abstract which would enable any practical man, interested in the Public Accounts, to approximate more or less closely to a general notion of its value. This is what I need for publication in my report.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

## Auditor General's Report, 1892-93.

---

DEPT. OF PUBLIC WORKS, OTTAWA, February 3, 1894.

SIR,—In reply to your communication dated the 25th ultimo, acknowledging the receipt of my letter of the 17th of the same month, respecting the fence at the Winnipeg Drill Hall, and stating that you require more complete information, I am directed to send to you, herewith, the plan and the specification of the fence in question.

I am, sir, your obedient servant,

A. GOBEIL, *for the Secretary.*

The Auditor General.

---

### Winnipeg: Employee's Duties not Accurately Described.

AUDIT OFFICE, OTTAWA, April 18, 1893.

SIR.—I notice in your February expenditure a pay-list numbered 74004-5 for Public Buildings, Manitoba and North-west Territories, as follows:—

D. Smith, Clerk of Works, January.....	\$ 125 00
Jos. Tassé, Clerk of Works, January.....	100 00

These, and all similar employees, are covered by the Order in Council of October 9, 1891, which requires a certificate of actual attendance for every person on the pay-list. Please see that this regulation is complied with in future by all of your outside service.

The description of Mr. Tassé as Clerk of Works for "Public Buildings, Manitoba and North-west Territories," appears to be unnecessarily comprehensive, as I find no travelling expenses for him outside of Winnipeg for several years. It would be well that the "capacity" column of a pay-list, while mentioning the nature of an employee's services, should also define clearly the limits of his sphere of activity.

I am, sir, your obedient servant,

J. L. McDUGALL, *A.G.*

The Secretary, Public Works Dept.

---

DEPT. OF PUBLIC WORKS, OTTAWA, May 8, 1893.

SIR,—Having reference to that portion of your letter of the 18th ultimo, recommending the defining clearly of the limits of employees' spheres of activity in the "capacity" columns of pay-lists, I have the honour to state that our officials have been instructed accordingly.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

---

### Moosomin: Interest wanted on delayed Purchase.

AUDIT OFFICE, OTTAWA, July 21, 1893.

SIR,—Let me acknowledge receipt of your Application No. 798 for \$5.72 in favour of the Moosomin Town Site Trustees, for interest on the price of two lots purchased from them for Mounted Police Stables, from the day on which they were reserved for the Government, up to the day when payment was made.

As far as the causes of delay are explained in the correspondence, they do not appear to have been other than those which are unavoidable in any transaction whose completion involves the assistance of several departments, themselves constantly engaged on other work of equal importance.

Unless special reasons are brought forward in this instance, it would be an unsafe precedent to pay interest on a delay caused by routine proceedings.

I should like to have the information which will enable me to discriminate the class of cases where interest should be paid by the Government from that where interest should not be allowed.

It would be extremely undesirable to make payments which might serve as precedents for claims for interest on many of the ordinary accounts against the Government.

The application and correspondence are returned herewith.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

### Regina : Heating-Apparatus in Greenhouse.

AUDIT OFFICE, OTTAWA, April 22, 1893.

SIR,—Let me call your attention to Application No. 56 of 1892-93, being a payment of \$1,314.61 to Wm. Henderson for putting Greenhouse heating-apparatus into the edifice lately occupied by Lieut. Governor Royal.

Mr. J. W. Reid of this office, while investigating at Regina some of the transactions of H. J. Peters, formerly the local Clerk of Works, found among that gentleman's papers a bill from Garth & Co. against the Public Works Department, amounting to \$1,130.82, for what appears to be the same service. I forward copies of the two bills in detail, to enable you to recognize their identity.

The calculations by which the bill of \$1,130.82 was raised to \$1,314.61 are in the handwriting of Mr. Peters himself, who certified the larger amount.

Please explain fully the manner in which Messrs. Henderson and Garth respectively were involved in the execution of the work.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, June 7, 1893.

SIR,—I have not yet received from your department an answer to my letter of April 22, 1893, concerning the accounts of Messrs. Henderson and Garth for work at the Lieutenant Governor's greenhouse at Regina.

Please let me have an answer at as early a date as possible.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

PUBLIC WORKS DEPT., OTTAWA, June 22, 1893.

#### *Memorandum re Heating-Apparatus, Regina.*

On January 23, 1892, a letter was forwarded to Mr. Peters by me inclosing an account amounting to \$1,314.61, in favour of Mr. Henderson. In that letter I stated that I could not find any authority for the work, and requested Mr. Peters to find out by whom it had been ordered, and, if it had been done and the prices were fair and just, to certify the account. On the 30th of the same month, Mr. Peters returned the account duly certified, and inclosed a letter from the Lt. Governor stating that he had ordered the work. I have no knowledge whatever of the arrangement which existed between Mr. Henderson and the party who did the work.

THOS. FULLER, *Chief Architect.*

## Auditor General's Report, 1892-93.

AUDIT OFFICE, OTTAWA, July 27, 1893.

SIR,—Let me acknowledge receipt of your 140443 of July 11, covering the Chief Architect's letter of June 22, wherein he states that he has "no knowledge whatever of the arrangement which existed between Mr. Henderson and the party who did the "work" of putting Greenhouse heating-apparatus into the Regina Edifice formerly occupied by Lieutenant Governor Royal.

As will be apparent to any one who examines the original bill of Garth & Co. for \$1,130.82, and the manner in which it was raised to \$1,314.61 by Mr. H. J. Peters, at that time Clerk of Works, an understanding of the arrangement between Mr. Henderson and Garth & Co. is essential to a proper audit of the account for \$1,314.61.

Please communicate with Messrs. Henderson and Garth in relation to this subject.

I am, sir, your obedient servant,

J. L. McDOUGALL A.G.

The Secretary, Public Works Dept.

### Regina: Certificate of Unreliable Officer Rejected.

AUDIT OFFICE, OTTAWA, July 13, 1893.

SIR,—Let me acknowledge receipt from your Department of two Applications for payment of supplies to the Lieutenant Governor's Residence at Regina as follows :—

742½: Colonial House, Montreal, quilts, curtains, linen, &c..	\$372 17
743: Scott & Leslie, tables, wardrobe, &c.....	174 00
743: J. H. Ashdown, lamps, &c.....	63 75

The certificates on these accounts are: "Supplied, prices fair and just.—Henry J. Peters, Clerk of Works."

The evidence taken at Regina by Mr. J. W. Reid, of this office, demonstrates that Mr. Peters' certificates are nugatory. In other vouchers the quantities and rates, though certified explicitly by him as correct, were made up by him in the first place, and exceeded the quantities and rates originally billed by the merchants. With such examples before me of the manner in which Mr. Peters prepared accounts, I am unable to admit that any value can be attached to his certificate, wherever it is met.

I return the accounts herewith, and request that you will take whatever steps are practicable to obtain an examination of them by some more trustworthy officer.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, September 8, 1893.

SIR,—Having reference to your letter dated the 13th of July last, I am directed to return to you, herewith inclosed, applications Nos. 742½ and 743 for payment of supplies to the Lieutenant Governor's residence at Regina, N.W.T., and to state that the application No. 743 has been altered, Messrs. Scott and Leslie's names being struck out.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

### Debt of Dartmouth Town for Railway Branch.

AUDIT OFFICE, OTTAWA, June 6, 1893.

SIR,—I have in hand your Application No. 643 for \$845.89 in favour of the Dartmouth Ferry Commission, as follows:—

Hire of Quarantine Steamer "Sir C. Ogle," 3 mos. to April 12,	\$750 00
Dockage, 3 mos. to April 12.....	30 00
Coal, 2 mos. to Mar. 12: 18·825 tons at \$3.50.....	65 89

Please let me have detailed information concerning the work at which the steamer was engaged. At present, it appears that the charge might be a proper one against "Quarantine."

I notice that, of the six members of the Dartmouth Ferry Commission, three are the Mayor of Dartmouth and two Councillors; and that the Secretary of the Commission is the Town Clerk of Dartmouth. Please obtain a copy of whatever Local Act or Order in Council established the Ferry Commission. It probably is a mere branch of the Corporation of the Town of Dartmouth: in which event the \$845.89 should be offset against the Town's debt of \$28,000 to the Dominion, on Intercolonial Railway Account.

The first mention which I have found of the Commission is in N. S. Stat., 54 Vic., cap. 65, where authority is given to the Town to issue \$40,000 debentures towards the purchase of the Ferry from the old Company.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, June 21, 1893.

SIR,—Let me acknowledge receipt to-day of your Application, No. 714 for \$520 in favour of the Dartmouth Ferry Commission, for services of Steamer "Sir C. Ogle" at Lawlor's Island Quarantine.

This, like the previous voucher, I am holding until the Ferry Commission is shown to be different from the Town of Dartmouth, our debtor for \$28,000. Moreover, there is the same uncertainty as to whether the payment should be charged to "Public Buildings" or to "Quarantine."

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, July 5, 1893.

SIR,—In reply to your letter of the 6th ultimo, *re* Application No. 643 for \$845.89 in favour of the Dartmouth Ferry Commission, for hire of the Steamer "Sir C. Ogle," I am directed to say that the above steamer was engaged to contain dioxide-sulphur blast to fumigate the vessels, there being no deep-water wharf at Lawlor's Island Quarantine Station, N.S.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary*.

The Auditor General.

DEPT. OF PUBLIC WORKS, OTTAWA, July 29, 1893.

SIR,—Having reference to your letter of the 21st June ultimo, saying that our Application No. 714 for \$520 in favour of the Dartmouth Ferry Commission is held over until the Ferry Commission is shown to be different from the Town of Dartmouth,

## Auditor General's Report, 1892-93.

---

I am directed to send you a copy of a letter from the Secretary of the Dartmouth Ferry Commission, in which it is stated that the said Commission is distinctly separate from the Town of Dartmouth.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

---

DARTMOUTH FERRY COMMISSION, DARTMOUTH, N.S., July 26, 1893.

SIR,—With reference to your communication of the 12th inst., No. 84012, subject 6, I am directed to inform you that we have consulted our solicitor, and he informs us that the Ferry Commission is distinctly separate from the Town of Dartmouth. Would refer you to chap. 83, 1890, Acts of Nova Scotia.

You will oblige by remitting amount of our account.

I am, sir, your obedient servant,

G. E. VANBUSKIRK, *Secretary.*

The Secretary, Dept. Public Works.

---

AUDIT OFFICE, OTTAWA, August 30, 1893.

SIR,—Let me acknowledge receipt of your 143355, inclosing a letter from Mr. G. E. VanBuskirk, the present secretary of the Dartmouth Ferry Commission, wherein he states: "We have consulted our solicitor, and he informs us that the Ferry Commission is distinctly separate from the Town of Dartmouth."

This is in the line of my opinion already indicated, that the two bodies are merely different expressions of the will of the same constituents, namely, the inhabitants of Dartmouth. If the Secretary himself has to consult a lawyer to ascertain whether the Ferry Commission is a different entity from the Corporation—then plainly the two are so connected that the financial credit of the Commission will be injured by the Town's refusal to meet its own engagements. It should be possible therefore for the department to come to some amicable arrangement with the Commission, whereby the Quarantine vouchers now in hand could be settled by a transfer between the books of the Town and the Commission; a transfer which probably will not be difficult to make as far as the book-keeping is concerned.

The composition of the Dartmouth Ferry Commission is given by N. S. Stat., 1890, cap. 83, as follows:—

- The Mayor of Dartmouth, Chairman.
- A Town Councillor, chosen by the Council.
- Another Town Councillor, chosen by the Council.
- A Freeholder, chosen by the Council.
- A Freeholder, chosen by the Lieut. Governor.
- A Freeholder, chosen by the Chief Justice.

It will be noticed that the Town Council is in control. "Dartmouth Ferry Stock" certificates are signed by the Mayor and Town Clerk; the stock is a charge on all the property in Dartmouth; and the proceeds are paid over to the Treasurer of the Ferry Commission.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

---

DEPT. OF JUSTICE, OTTAWA, October 6, 1893.

SIR,—In reply to your letter of the 12th ultimo, respecting the account of the Dartmouth Ferry Commissioners for services rendered the quarantine station at Lawlor's Island by the steamer "Sir C. Ogle," I have the honour to state that on reference to

the Statutes of Nova Scotia for 1890, chap. 83, and the amendments to that Act in the Statutes for 1891, chapter 65, and 1892, chapter 65, it appears that the Dartmouth Ferry Commissioners are a corporate body separate and distinct from the Town of Dartmouth. The Minister of Justice is of opinion therefore, that the contention of the Auditor General that the amount due to the Ferry Commissioners should not be paid, upon the ground that the town of Dartmouth owes the Crown a large sum of money, cannot be upheld. It is true that the Town of Dartmouth is intimately connected with the Ferry Commissioners, and that apparently any surplus revenue earned by the Commissioners after the payment of running expenses, interest on stock, &c., goes into the Town treasury; but still that would be no sufficient reason for refusing to pay the Ferry Commissioners the amount to which they are entitled for the services of their steamer. Papers returned.

I am, sir, your obedient servant,

E. NEWCOMBE, *D.M.J.*

The Secretary, Public Works Dept.

### Lawlor's Island: Final Estimate Delayed.

AUDIT OFFICE, OTTAWA, December 13, 1893.

SIR,—I beg to call your attention to voucher 831 of 1892-93, being a payment of \$5,700 to Rhodes, Curry & Co., on the Chief Architect's certificate of July 29, 1893, pending receipt of their estimate for construction of Detention Building for Third-Class Passengers at Lawlor's Island Quarantine.

There has been no payment to them since that time, although it would appear that an estimate might reasonably be expected soon after the certificate of \$5,700.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

CHIEF ARCHITECT'S OFFICE, OTTAWA, December 15, 1893.

#### *Memorandum re Quarantine Station, Halifax, N.S.*

The amount of the contract is \$7,181; the contract has been completed, but part of the work is not equal to what was called for in the specifications.

The final estimate has been prepared and a deduction made therefrom on account of the inferior portion of the work—but the contractors have not yet accepted the amount offered in full settlement.

D. EWART, *for Chief Architect.*

AUDIT OFFICE, OTTAWA, Feb. 12, 1894.

SIR,—Let me acknowledge receipt of your 146854, covering Mr. Ewart's explanation concerning the work of Rhodes, Curry & Co. at Lawlor's Island.

The balance of the Final Estimate, as prepared by the Department, might be paid to the Contractors, and accepted by them on account, without prejudicing their claim to further allowances.

This would be preferable to leaving a contract open in our books for an indefinite time.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

## Auditor General's Report, 1892-93.

### Ottawa: Repairs Pay-Lists Delayed.

AUDIT OFFICE, OTTAWA, February 9, 1893.

SIR,—In a parcel of outstanding vouchers received from the Accountant's Branch of your Department yesterday, Feb. 8, I find several pay-lists for "Maintenance and Repairs of Ottawa Buildings" as follows:—

71416, Pay-list Oct. 17 to Oct. 29, 1892.....	\$1,580 85
71941, Pay-list Oct. 31 to Nov. 12.....	1,555 65
72181, Pay-list Nov. 14 to Nov. 26.....	1,688 52
72798, Pay-list Nov. 28 to Dec. 10.....	1,608 79
72971, Pay-list Dec. 12 to Dec. 24.....	1,726 70

Please let me know why these pay-lists were delayed in your department until February, instead of being forwarded to this office along with the rest of the vouchers for October, November and December expenditure respectively.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, Feb. 22, 1893.

SIR,—Having reference to your letter of the 9th inst., calling attention to the pay-lists for "Maintenance and Repairs of Public Buildings, Ottawa" for October, November and December, and asking cause of delay, I have the honour to inform you that the pay-lists were sent to you as soon as they could be completed.

I am, sir, your obedient servant,

D. A. MACPHERSON, *Asst. Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, February 23, 1893.

SIR,—Let me acknowledge receipt to-day of your 138227, referring to my inquiry as to the reasons for withholding until Feb. 8 the fortnightly "Ottawa Repairs" pay-lists, ranging from Oct. 17 to Dec. 24.

Your letter states that "the pay-lists were sent as soon as they could be completed."

Please mention specifically the particular items of wages for which the Paymaster was unable to obtain receipts concurrent with the rendering of the services; and explain the nature of the difficulty in each case.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, June 7, 1893.

SIR,—Please let me have an answer to my letter of Feb. 23, 1893, asking why the "Ottawa Buildings Repairs" pay-lists, from Oct. 17 to Dec. 24, were withheld from this office until Feb. 8.

As stated in that letter, a satisfactory explanation should mention the particular items for which the Paymaster was unable to obtain receipts concurrent with the rendering of the services, and the nature of the difficulty in each case.

It is necessary that I should receive this information.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, July 3, 1893.

SIR,—Having reference to your letter of the 7th instant, respecting the Ottawa Repairs pay-lists, I have the honour to request that you will be good enough to inform us whether the pay-lists are imperfect, and if they are we would perfect them to your satisfaction.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, July 25, 1893.

SIR,—Let me acknowledge receipt of your 141837, asking whether the fortnightly Ottawa Repairs pay-lists from October 17 to December 24, 1892, are imperfect, and offering to perfect them to my satisfaction.

The pay-lists for the period in question are imperfect in the sense indicated in my letters of Feb. 23 and June 7, 1893, namely: that there should be mention of the particular items of wages for which the Paymaster was unable to obtain receipts concurrent with the rendering of the services: and there should be a description of the nature of the difficulty in making concurrent payment in each case.

I am pleased to learn that the department will now complete the pay-lists to my satisfaction.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, January 26, 1894.

SIR,—Please let me have an answer to my letters of Feb. 9, Feb. 23, June 7 and July 25, 1893, asking why the Ottawa Buildings Repairs pay-lists from Oct. 17 to Dec. 14, 1892, were delayed in your department until Feb. 8, 1893, instead of being forwarded to this office in regular course soon after each pay-list should naturally have been completed.

There has not been any information contributed by you to this discussion, notwithstanding my repeated requests.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, Feb. 10, 1894.

SIR,—Having reference to your communication dated the 26th ultimo, calling attention to your previous letters asking why the Ottawa Buildings Repairs pay-lists from October 17 to December 14, 1892, were delayed until February 8, 1893, I am directed to inform you that the Accountant has reported as follows: "Pay-lists referred to are perfect in every sense. As to the reason why certain parties did not call for their wages on the pay day, or even a fortnight after, I have to state that I never inquired, convinced as I am that it is their own business and not mine."

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

## Auditor General's Report, 1892-93.

AUDIT OFFICE, OTTAWA, Feb. 12, 1894.

SIR,—Let me acknowledge receipt of your 148149, covering the Accountant's statement that he never inquired as to why "certain parties did not call for their wages on "pay-day, or even a fortnight after."

The delay was four fortnights instead of one: and I am still left without information as to the particular items on which the delay occurred.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

### Ottawa: Artizans Paid for Sundays.

AUDIT OFFICE, OTTAWA, March 7, 1893.

SIR,—Let me call your attention to my letter of November 9, 1891, asking why the employees on the Clerk of Works' staff at Ottawa are paid for Sundays. The letter in question is shown at page C—292 of my report for 1890-91.

No answer was given by you to my inquiry; and the payments have continued up to the last voucher in hand, that for January, 1893, which reads as follows;—

Clerk, J. D. Gareau, 31 days at \$2.75.....	\$ 85 25
Foreman of carpenters, J. H. Ellis, 31 days at \$3.....	93 00
Foreman of masons, V. Labelle, 31 days at \$2.75.....	85 25
Foreman of painters, J. H. Derenzy, 31 days at \$2.75.....	85 25
Foreman of roofers, F. Tremblay, 31 days at \$2.50.....	77 50
Foreman of labourers, L. David, 31 days at \$2.25.....	69 75
Timekeeper, J. B. Lamontagne, 31 days at \$2.25.....	69 75
Storekeeper, C. Laframboise, 31 days at \$2.25.....	69 75

Please explain your reasons for considering that these employees are entitled to pay for days on which they do not work.

The clerk, Mr. J. D. Gareau, should be charged to one of the special votes for Extra Clerks, and not to the vote for "Repairs." His attendance should be certified, as is that of other extra clerks.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

### Ottawa Gas Co.: Rate now reduced from \$2 to \$1.50.

AUDIT OFFICE, OTTAWA, February 16, 1893.

SIR,—Please let me have a copy of the contract (if any exists), with the Ottawa Gas Company, for supplying gas to the Ottawa Buildings.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, March 23, 1893.

SIR,—In compliance with the request contained in your letter of the 16th ultimo, I have the honour to send you herewith a copy of an agreement dated 16th June, 1865, between the Bytown Consumers' Gas Company, of Ottawa, and the Commissioner of Public Works for the then Province of Canada, to supply gas to the Public Buildings of Ottawa, then recently completed, at the rate of \$2.79 per thousand cubic feet. Since 1st October, 1888, the rate was reduced to \$2 per thousand cubic feet.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, April 18, 1893.

SIR,—I beg to acknowledge receipt of your 128420, containing a copy of the contract with the Ottawa Gas Co. for the ten years ending Jan. 1, 1876, for the supply of gas to the Ottawa Buildings, at \$2.79 for each thousand cubic feet.

Your letter mentions that the rate was reduced to \$2 a thousand since Oct. 1, 1888.

Please give me copies of any contracts or agreements for this service from Jan 1, 1876, to the present time.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, June 7, 1893.

SIR,—Let me call your attention to my letter of April 18, 1893, asking for copies of any contracts or agreements with the Ottawa Gas Co., from Jan. 1, 1876, up to the present time.

This letter appears to have got mislaid in your department, as I have not yet received the documents requested.

The information will be of use to me at as early a date as you can forward it.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, July 13, 1893.

SIR,—Let me acknowledge receipt to-day of Applications amounting to \$3,171.20 in favour of the Ottawa Gas Co., for gas supplied during the quarter ended June 30, 1893.

I notice that no answer has been received to my letter of June 7, which called attention to my letter of April 18, in which earlier letter I asked for copies of any contracts or agreements with the Ottawa Gas Co. from Jan. 1, 1876, up to the present time.

Please send, as soon as possible, the information required, as it is necessary to enable me to audit the applications in favour of the Ottawa Gas Co. now in hand.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, July 25, 1893.

SIR,—Having reference to your letter of the 13th inst., in connection with our Application amounting to \$3,171.20 in favour of the Ottawa Gas Company for gas supplied to Public Buildings during the quarter ended June 30, 1893, and again asking for copies of contracts or agreements with the Ottawa Gas Company, from January 1, 1876, to date :

I am directed to say that beyond the first agreement of the 16th June, 1865, between the Bytown Consumers' Gas Company of Ottawa and the Commissioner of Public Works for the then Province of Canada, there is no further written agreement between the Government and the Gas Company for the supply of gas at the present rate.

The agreement which terminated in 1876 appears to have been continued by a mutual understanding between the company and the department without any renewal contract, the rate per M. feet having, however, been reduced from \$2.79 to \$2 per M., the present rate.

You are aware, of course, that a copy of the agreement above referred to has been sent to you on the 23rd March last.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

# Auditor General's Report, 1892-93.

AUDIT OFFICE, OTTAWA, October 12, 1893.

SIR,—Let me acknowledge receipt of your Application No. 232 for \$2,476 in favour of the Ottawa Gas Company, for gas supplied to the Ottawa Buildings between July 1 and September 30, 1893, as follows:—

Gas, 1,232,900 feet, at \$2 a thousand . . . . .	\$ 2,465 80
Rent of meters . . . . .	10 20

I should like to be informed of any-efforts which you have made recently in the direction of lowering the rate of \$2 a thousand, on our annual consumption of 9 million feet. The manager of the company told me some months ago that the company was prepared to give the Government a very substantial reduction, and I mentioned this at the time to Mr. Gobeil.

Please notice that the Ottawa Gas Company is advertising "Gas for Fuel" at \$1.25 a thousand, from October 1, 1893, as by *Ottawa Journal* attached.

If no other reduction can be arranged, we can at least make use of the foot-note of the advertisement, with the rest of the public generally: and by setting up a Gas Stove to consume annually \$15 worth of gas, we can claim a reduction of ten per cent on our bill of \$18,000.

I am, sir, your obedient servant,  
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

(Foot-note to Gas Company's advertisement: "When 3,000 feet of gas per quarter is used for fuel, lighting-gas will be \$1.80 net.")

DEPT. OF PUBLIC WORKS, OTTAWA, October 17, 1893.

SIR,—I have your letter of the 12th, referring to the supply of gas for the Ottawa Buildings, and beg to state that we are now in communication with the Gas Company for the purpose of obtaining a reduction in the price of gas, the only point being the demand of the company that we should give them a contract for five years based on last year's rate of consumption, which would be taken as a minimum. I trust that before another quarter is ended we may have come to an agreement.

I note the very ingenious idea contained in the latter part of your letter, but I doubt whether the company will be willing to grant us a reduction of \$1,800 for an additional expenditure on our part of \$15. I doubt if such a method of doing business would commend itself to the managers of the Gas Company; but, if you think it advisable, I might communicate your proposal to them, leaving you of course the responsibility of such proposal.

I am, sir, your obedient servant,  
A. GOBEIL, Deputy Minister.

The Auditor General.

AUDIT OFFICE, OTTAWA, October 19, 1893.

SIR,—Let me acknowledge receipt of your letter of October 17, offering to take advantage, on behalf of the Government, of the Gas Company's advertised terms to the public, if I think it advisable to let my name be used in connection with the proposal.

If the prospect of your Department obtaining, for less than \$2 a thousand, the gas for which the public pays \$1.80, can be increased by the use of my name, certainly by all means use it.

And in general: You may always quote me as being still of the opinion advanced in previous correspondence, that "the Government should not pay retail prices for "wholesale supplies."

I am, sir, your obedient servant,  
J. L. McDOUGALL, A.G.

The Deputy Minister of Public Works.

AUDIT OFFICE, OTTAWA, October 26, 1893.

SIR,—In further discussion of the Ottawa Gas Company's account of \$2,476 for gas supplied to the Ottawa Buildings in September quarter at \$2 a thousand :

After conversation with representatives of the Gas Company, I am prepared to pass an interim round payment of \$2,400 or \$2,500 on account of gas consumed between July 1 and October 31, to save the company any inconvenience of delay while a new rate is establishing.

The application and vouchers for \$2,476 are returned herewith.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, January 16, 1894.

SIR,—Let me acknowledge receipt of your Application No. 523 for \$4,436.60 in favour of the Ottawa Gas Company, for gas supplied to the Ottawa Buildings, between Oct. 1 and Dec. 31, 1893, as follows:—

Gas, 2,213,200 ft., at \$2 a thousand .....	\$4,426 40
Rent of meters .....	10 20

You will remember that the September quarter's bill of \$2,476 was not paid in full, but that \$2,400 was paid on account of gas consumed between July 1 and October 31, a period of four months.

I should like, before passing this account, to be furnished with information regarding the action of Council on your recent recommendation touching the payment for gas supplied at Ottawa.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, Jan. 25, 1894.

SIR,—In reply to your letter dated the 16th instant, acknowledging the Application No. 523 for \$4,436.60, in favour of the Ottawa Gas Company for gas supplied to the Ottawa Public Buildings, between October 1 and December 31, 1893, and asking to be furnished with information regarding the action of the Council on the recent recommendation touching the payment for gas supplied at Ottawa, I am directed to say that new conditions have been agreed upon between the Company and the Department, and have been assented to by the Council.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary*.

The Auditor General.

*Extract of Order in Council, January 10, 1894.*

*Public Works*:—That the Minister of Public Works be authorized to enter into a contract with the Ottawa Gas Company, for the supply of gas to the Public Buildings in Ottawa, for five years from the 1st January, 1894, at the following rates:—

When not less than eight million cubic feet are supplied in any one year, payment shall be at the rate of \$1.50 per thousand cubic feet, for the gas supplied for such year, without any further discount or deduction. When less than eight million cubic feet are supplied in any one year the rate shall be the net price, that is to say, after deduction of the usual discount, as charged to ordinary consumers in Ottawa, less an additional deduction of five per cent: Provided always that the net rate charged to ordinary consumers shall not be reckoned at a higher figure than \$1.80, the amount to be paid to

## Auditor General's Report, 1892-93.

---

the company under this provision not to exceed in any one year the sum of \$12,000. Payments to be made to the company quarterly at the end of each quarter, the first quarter to be completed at the expiration of three months from the 1st January, 1894, and for the first three quarters of each year payments to be at the rate of \$1.50 per thousand feet; any higher rate per thousand cubic feet, to which the company may be found entitled at the end of any year under the provisions of the contract, to be paid upon the whole year's supply of gas at the end of the last quarter of such year, without interest.

JOHN J. MCGEE, *C.P.C.*

### Ottawa Electric Light Co.: No Contract, &c.

AUDIT OFFICE, OTTAWA, May 5, 1893.

SIR,—Let me acknowledge receipt of your Application No. 598 for \$600 in favour of the Ottawa Electric Light Co., for maintaining twenty-four arc-lamps on the Streets and Bridges between January 1 and March 31, 1893.

The certificate by Mr. Wm. King reads: "Service performed; prices fair and just."

It would be well, I think, to make an explicit statement on this and all similar accounts, that the lamps were kept lit through every night called for by the contract.

I should like to have a copy of the contract with the Ottawa Electric Light Co., for the maintenance of these twenty-four lamps.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

MECHANICAL ENGINEER'S OFFICE, OTTAWA, May 10, 1893.

SIR,—I find on making inquiries about street electric lamps, that those on Wellington Street and New Edinburgh were kept running during night, more or less during the trouble the Electric Light Co. had with low water in the month of March. One night they were not lit all night, that is, they did not start at dark, but the moon-light was good at 9 o'clock; that the lamps were not required after that hour. The two at the Experimental Farm were out more or less during the eight days of low water, this being on the outskirts of the city. I presume the company were more anxious to keep the centre of the city as well lighted as possible.

The two at the Suspension Bridge were kept lighted about the same as those on Wellington Street.

The only record in this office showing the rent to be paid for these lamps is contained in Mr. Arnoldi's letter of December 2, 1886, to the Ottawa Electric Light Co., a copy of which I inclose.

I am, sir, your obedient servant,

WM. KING.

The Chief Architect.

PUBLIC WORKS DEPT., OTTAWA, December 2, 1886.

GENTLEMEN,—I beg to inform you that the Hon. the Minister accepts your offer to erect, wire, light and maintain eight arc-lamps on Wellington Street in this city, in such location as will be pointed out by the department, in consideration of the payment by this department of a sum of \$800 as annual rent.

As soon as the location of posts is pointed out, you will please push the work forward.

Yours truly,

JNO. R. ARNOLDI, *Mech. Engineer.*

The Ottawa Electric Light Co.

AUDIT OFFICE, OTTAWA, May 10, 1893.

SIR,—I have received from Mr. Wm. King, the Mechanical Engineer, a statement that the Government electric lights on Wellington Street and in New Edinburgh were kept running at nights "more or less," during low water, and that only for one night were they out altogether.

I shall still need a copy of whatever contract or agreement is in existence, to measure the effect of Mr. King's modified certificate.

The company's contract with the City of Ottawa, for similar services, is at \$80 a year for each lamp. Please explain why we are paying \$100 a year.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, May 22, 1893.

SIR,—I have now passed the Ottawa Electric Light Co.'s bill of \$600 for maintaining twenty-four street lamps during the quarter ended March 31, 1893. Whatever deduction is calculated for insufficient service between March 6 and 20 may be taken off the next account.

In answer to my request of May 10 for a copy of whatever contract or agreement is in existence, I have received from you the two following documents: A copy of a letter from the Electric Light Co. to Mr. Arnoldi, dated December 1, 1886, asking \$800 a year for the erection and maintenance of eight lamps on Wellington Street, "to be lighted in the same manner as the corporation;" and a letter from Mr. Arnoldi to the company dated December 2, accepting their offer to "erect, wire, light and maintain eight arc-lamps on Wellington Street for \$800 a year."

I infer that there has been no formal detailed contract for these eight lamps, and no writing whatever concerning the other sixteen. Such a departure from safe methods cannot be passed over without comment. Had there been an explicit contract similar to that between the Company and the City, there could now be no ground for dispute as to deduction for imperfect service, and no uncertainty as to its calculation; and with similar specifications, the Company could have had no reason for asking the Government to pay \$100 a year, instead of the \$80 which the City pays for the same supply. And moreover, we would not now have been dependent on the Company themselves for a copy of the letter containing the details of their offer.

Let me suggest that a contract be entered into without delay, for such part of the Electric Lighting as is considered to be a Government service.

If the Company's offer to light eight lamps "in the same manner as the corporation" be taken as applying the City's specification to our twenty-four lamps, there are figures enough to calculate an approximate deduction on two different hypotheses, as follows:—

First: The City contract provides a fine of 50 cents a night for each lamp which does not satisfy the Superintendent of Fire Alarms. (This officer gets the necessary returns from the City Police.) The contract calls for at least 280 nights for each lamp, and the City has 330 lamps. The Superintendent of Fire Alarms condemned 650 lamps between March 6 and 20. Assuming that our service was similarly performed, a fine of 50 cents would amount to \$23.64, in this manner:—

330	:	24	::	\$325	:	\$23.64.
-----	---	----	----	-------	---	----------

Second: If you differ from the City Solicitor, and consider the failure as resulting from an "unforeseen accident, not occurring through any default of the company or their works," and therefore not to be specially fined, our necessary deduction for "service not performed" would amount to \$17, as shown below:—

280	:	650		\$100	:	\$17.
330	:	24			:	

Whichever of these deductions is found, on investigation, to be the more appropriate, should be taken from the company's next bill and credited in 1892-93.

## Auditor General's Report, 1892-93.

I would like to be supplied with a detailed explanation of the Department's reasons for paying for these twenty-four lamps. At first sight, some of them appear to be more properly a City service. And it might be worth considering whether an arrangement could be made with the City for the maintenance of all, in view of their lower rate of \$80, and of their efficient system of police inspection.

Please describe the information on which Mr. King bases his certificate as to the lighting of our twenty-four lamps.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, October 26, 1893.

SIR,—Let me acknowledge receipt to-day of your Application No. 295 for \$600 in favour of the Ottawa Electric Light Company, for September quarter's lighting of Ottawa streets and bridges as follows:—

9 lamps on Wellington Street	\$ 225
4 do in New Edinburgh	100
2 do at Chaudière Bridge	50
1 do on Elgin Street	25
1 do on Metcalfe Street	25
5 do at Printing Bureau	125
2 do at Experimental Farm	50

There are two points in my letter of May 22, 1893, which have not yet been discussed by you. The first relates to a deduction to be made on account of insufficient service between March 6 and 20, 1893. The second is that some of these lamps appear to be more properly payable by the City.

Please calculate the deduction which should accrue for lamps not lit last March, and subtract it from the account now in hand.

The four lamps in New Edinburgh appear to be a City liability since they came into the City limits. Moreover, even if paid by the Government, they should be included in the vote for "Rideau Hall," which this year is not limited to Repairs and Furniture.

Please get from Mr. King a certificate in more detail, showing the means by which he ascertained that the lamps were lit continuously for the period now in hand, from July 1 to September 30.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

Memo. by Chief Architect, Nov. 8, 1893:

In 1886 an agreement was entered into with the Electric Light Company to erect and maintain eight arc-lamps for the sum of \$800 per annum—since that date sixteen more lamps have been added—one or two at a time, as required, which are charged at the same rate. The lamps are distributed as follows: Nine on Wellington Street, one at each end of the Langevin Block, four on the road leading to Rideau Hall, five at the Printing Bureau, two at the Chaudière Bridge, and two at the Experimental Farm.

In reference to the remarks in the Auditor's letter that "there has been no formal, detailed contract for these eight lamps, and no writing whatever concerning the other sixteen, such a departure from safe methods cannot be passed over without comment." At the time this lighting was introduced, it was not considered advisable to enter into a contract for any definite time, as the city was, and is still, asking Government to bear a portion of the expense of maintaining the city on the score that it is not liable for taxes, &c.

Further as regards the remark: "We would not now have been dependent on the company themselves for a copy of the letter containing the details of the offer." The

department was not depending on the city for a copy of the agreement, as the original document is on file in this department under cover No. 72887. As to the remark that Government pays \$100 a year instead of \$80 which the city pays for the same supply, it could scarcely be expected that the company would equip, maintain and supply lamps and current for a contract of twenty-four lamps at as low a rate as it would for one of upwards of 400 lamps, and more particularly so when it had no guarantee as to the life of such contract. From the time the lighting was introduced in 1886, up to March last, no complaint was made so far as I know, and the defective lighting at the latter date to which the Auditor refers was caused by unforeseen circumstances or accident, but through no fault of the company. As to the proposed deduction of \$17, on account of the defective lighting, the Auditor seems to have based his calculations on information derived from the city authorities. The department exercises a general inspection over these lamps: if an accurate account is to be kept of the number of hours they are not lighted, it would be necessary to employ a nightly patrol, the expense of which would very far exceed the amount which the Auditor reports should be deducted from the company's account.

With regard to the statement that some of those lamps appear to be more properly payable by the city, I have only to say, Government decided that the lights were necessary, and agreed to have them put up and maintained at Government expense.

THOS. FULLER, *Chief Architect.*

AUDIT OFFICE, OTTAWA, November 24, 1893.

SIR,—Let me acknowledge receipt of your letter of November 21, in answer to mine of May 22 and October 26.

There are some points which require further reflection, and it is not advisable to keep the Company out of more of their money than is necessary.

Please replace your Application No. 295, for \$600, by two separate Applications, one for \$583 and one for \$17. That for \$583 will be put through without delay.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, January 16, 1894.

SIR,—Let me acknowledge receipt of your Application No. 498, for \$600 in favour of the Ottawa Electric Light Company, for December quarter's lighting of Ottawa streets and bridges, as follows:—

9 lamps on Wellington Street . . . . .	\$ 225 00
4 lamps in New Edinburgh . . . . .	100 00
2 lamps at Chaudière Bridge . . . . .	50 00
1 lamp on Elgin Street . . . . .	25 00
1 lamp on Metcalfe Street . . . . .	25 00
5 lamps at Printing Bureau . . . . .	125 00
2 lamps at Experimental Farm . . . . .	50 00

The September quarter's bill, which was held for further information, was passed at the instance of the Company, which represented that any deduction at this time would prejudice its settlement with the City.

I have again to ask whether any progress has been made towards calculating the liability of the Company for the time the lights were out last March.

Moreover, the Department has not yet discussed my objections against the payment of four lamps in New Edinburgh—that they appear to be a City liability—and that, if not, they should be charged to "Rideau Hall," under the present wording of the Supply Bill.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

# Auditor General's Report, 1892-93.

DEPT. OF PUBLIC WORKS, OTTAWA, Jan. 26, 1894.

## *Memorandum re Roads, &c., Ottawa.*

1st. As to progress made towards calculating the liability of the Company, no progress has been made (see my report 146143) as no accurate calculations can be made until an investigation is held and witnesses examined to ascertain the time the lamps were not properly lighted. Is this advisable? as the cost of such an inquiry would far exceed the sum of \$17, the Auditor considers should be deducted. [MEMO: *Not advisable.*—A. GOBEIL.]

2nd. That the lamps appear to be City liability. The first order was given in the year 1878, to erect the gas lamps, and as previously reported these were considered necessary and have been kept lighted at the expense of the Government since that date.

3rd. As to charging the lighting of the lamps to vote Rideau Hall. The lamps are not in the Rideau Hall grounds. There is a vote for gas and electric light, which includes the lighting of roads and bridges. The lighting of these lamps is charged to that vote, provision being made in it to pay for the lighting of the lamps referred to.

D. EWART, for *Chief Architect.*

AUDIT OFFICE, OTTAWA, February 6, 1894.

SIR,—Let me acknowledge receipt of your 147762 of Feb. 1, covering Mr. Ewart's report covering the Ottawa Electric Light Company's account.

No investigation is needed, to fix the amount of a deduction which will not be unjust to the Company. The figures given by me in a previous letter, as obtained from the City Clerk, are the only reliable information on the subject; and they are sufficient, and are not disputed by the Company. The objection which the Company raises is against the making of any deduction: an objection in which you do not support them, your only difficulty being with the amount.

It is now nearly twelve months since the occurrence, and the rectification should be made without further delay, on the rule of speedy examination and settlement which I have so frequently urged in other correspondence. The Application for \$600 is returned herewith. If you conclude to maintain the Company's claim in full, please make it on two separate Applications, for \$583 and \$17 on account respectively, as suggested concerning the previous quarter's bill. This will enable the discussion to continue without unnecessarily troubling the Electric Light Company.

I am following up this item, not so much to save \$17, as to keep in prominence that fundamental principle of our expenditure-system which is outlined in Section 33 of the Audit Act, namely, "Pay for nothing you don't get."

In the Vote of \$26,500 for "Gas and Electric light, Public Buildings, Ottawa, including Roads and Bridges," it seems to me that Parliament intended to give authority for lighting only such roads and bridges as are of direct service in connection with the Public Buildings. It might be well in the next Estimates to describe explicitly the City lamps for which you propose to pay.

The Government has not now the same motive to pay for the four Sussex Street lamps, which it had before New Edinburgh came into the city. While a village standard of street-lighting might not have been sufficient for the through-traffic to Rideau Hall, the same is not so apparent for a City system. Since the City may be expected to light Sussex Street as much as the rest of New Edinburgh Ward, the Dominion payment should not cover more than the improvement necessary to bring it up to a vice-regal standard; and some arrangement might be possible whereby the City would pay as much as it would if Rideau Hall were not there. It is unjust that the whole cost of \$400 a year should be borne by the casual beneficiary, especially when the other one could get precisely the same service for \$320 under its contract for \$80 a lamp.

However, I shall not pursue this branch of the subject further at present, but shall leave it here for Parliament to pronounce upon it.

As indicated in a previous letter, a service of this nature and magnitude should be put under contract, whether for a long or short period. Please get this done before the next quarterly payment falls due.

If the contract is for the same figure, I would like an explanation of its being 25 per cent higher than the City rate.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

### Ottawa Waterworks: No contract.

AUDIT OFFICE, OTTAWA, October 18, 1893.

SIR,—I beg to acknowledge receipt of your Application No. 252 for \$3,661.75, in favour of the Corporation of Ottawa City, for water supplied during September quarter as follows:—

Departmental Buildings, Langevin Block, Supreme Court, City Post Office, Custom House, Geological Museum, Drill Hall, Rideau Hall, Fish Hatchery, Printing Bureau and Major's Hill Park, at \$14,500 a year . . .	\$3,625 00
Offices in Bank of Ottawa . . . . .	27 00
Ottawa Examining-Warehouse . . . . .	9 75

Please let me have a division of the item of \$3,625 among the different buildings to which the water is supplied.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

PUBLIC WORKS DEPT., OTTAWA, October 28, 1893.

SIR,—Having reference to your letter dated the 18th inst, *re* Application No. 252 for \$3,661.75 in favour of the Corporation of the City of Ottawa, for water supplied during September quarter, I am directed to send to you, herewith inclosed, copy of a statement of what is considered a fair division of the amount paid annually for the water supplied to the various Public Buildings in Ottawa.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor-General.

Memo. by Chief Architect:

This vote of \$14,500 is to cover the cost of the supply of water required from the City Waterworks for the Government Buildings in Ottawa City as per following estimate:—

Parliament and Departmental Buildings on Parliament Hill, Parliament Grounds and Greenhouse . . . . .	\$9,500 00
Supreme Court . . . . .	200 00
Rideau Hall . . . . .	900 00
Geological Museum . . . . .	200 00
City Post Office . . . . .	250 00
Langevin Block, Wellington Street . . . . .	1,600 00
Art Gallery and Fish Hatchery, Victoria Hall . . . . .	600 00
Drill Hall . . . . .	200 00
Major's Hill Park . . . . .	300 00
Printing Bureau . . . . .	750 00
	\$14,500 00

THOS. FULLER, *Chief Architect.*

## Auditor General's Report, 1892-93.

---

AUDIT OFFICE, OTTAWA, December 21, 1893.

SIR,—Please let me have a copy of the contract or agreement between the Government and Ottawa City, for the supply of water to the Departmental and other buildings.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

---

DEPT. OF PUBLIC WORKS, OTTAWA, January 9, 1894.

SIR,—Having reference to your letter of the 21st December last, applying for a copy of the contract or agreement between the Government and Ottawa City, for the supply of water to the Government buildings in Ottawa, I am directed to inform you that there is no legal instrument with reference to the amount to be paid to the City Corporation of Ottawa for the said supply of water, but there is an implied contract contained in the correspondence that passed between the department and the city, in which was fixed the price now paid. The original arrangement was made for the bulk sum of \$12,000 per annum, for the supply of water to the following buildings, viz. :—Parliament, East and West Blocks, Supreme Court, Post Office, Drill Hall, Geological Museum, Rideau Hall and Parliament Grounds.

At the beginning of 1889 it was found desirable to have the water supplied to the following buildings: Fisheries Building, the Langevin Block, Printing Bureau and the Major's Hill Park; and, for that purpose, communications, copies of which are hereto attached, were had with the city, and the matter was ultimately decided by the Minister, who, on the 8th May, 1889, authorized the payment of \$2,500 in addition to the \$12,000, making in all \$14,500, which amount we now pay per annum to the Corporation for the supply of water to the different Government buildings in Ottawa.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, Sec.

---

PUBLIC WORKS DEPT., OTTAWA, Feb. 15, 1889.

SIR,—In reply to your letter of 31st ultimo, stating that the Waterworks Committee of the City Council will supply the new Departmental Building, Fisheries Exhibition, Printing Bureau and Major's Hill Park with water for the sum of \$3,500 per annum, I am directed by the Hon. the Minister of Public Works to say that he considers the amount excessive, but that he is willing to pay two thousand five hundred dollars (\$2,500) per annum, for water supply to new Departmental Building, Fisheries Exhibition, Printing Bureau and Major's Hill Park.

I am, sir, your obedient servant,

ROBERT SURTEES, Esq.

Manager Ottawa Waterworks, City Hall.

A. GOBEIL, Secretary.

---

AUDIT OFFICE, OTTAWA, January 9, 1894.

SIR,—Let me acknowledge receipt of your 147111, of January 9, inclosing copies of the correspondence with Ottawa City relating to the additional payment of \$2,500 a year for water-rates.

I should like to be supplied also with copies of the correspondence relating to the original rate of \$12,000 a year.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A. G.

DEPT. OF PUBLIC WORKS, OTTAWA, February 10, 1894.

SIR,—Having reference to your letter of the 9th ultimo, respecting the additional payment of \$2,500 a year for water rates, and asking to be supplied with correspondence relating to the original rate of \$12,000 a year, I have the honour to send you herewith inclosed a copy of Mr. Arnold's letter of February 5, 1881, on the matter.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

MECHANICAL ENGINEER'S BRANCH, Feb. 5, 1881.

SIR,—With reference to No. 11261, petition from the corporation of the City of Ottawa, asking that the annual remuneration paid by this department for the supply of water to the Dominion public buildings in this city and Rideau Hall be increased from the sum of \$9,000 to \$13,600, I beg to report that on March 6, 1877, the then Water Commissioners of the City of Ottawa contracted with this department to supply the public buildings for \$9,000 per annum; but since that date the consumption of water has been very considerably increased by the completion and occupation of the new wing of the western block, the adoption of a water elevator therein, the erection of a propagating green-house, the placing of hydrants on the Parliament grounds and their unstinted use for lawn watering, and additional skating rink and new laundry buildings at Rideau Hall; and now will be still further augmented by the Geological Museum on Sussex Street. While not admitting the entire correctness of some of the statements and figures contained in the petition, I nevertheless consider the Honourable the Minister would be justified in increasing the annual remuneration for this water supply from the present rate of \$9,000 to \$12,000, in consideration of the much greater quantity of water now required by this department, as explained above, and on the following conditions being complied with, viz.:

1st. That this increased sum of \$12,000 should pay for all water supplied to the Parliament grounds, all buildings now thereon, or that may be built thereon, and all elevators, &c., therein—the City Post Office—Rideau Hall—and the Geological Museum on Sussex Street.

2nd. That this increase shall only date from such time as a suitable-sized and properly constructed filter shall have been attached and working on the suction supply of the City Water Works, and the said supply taken from a point further out in the river (to running water) in place of the supply at present taken from a *still water bay*.

I would further suggest that the increased rate of remuneration shall only take effect from 1st July next, if the above named conditions shall have been complied with; and in any case, not before they shall have been complied with.

I have, &c.,

JNO. R. ARNOLDI, *M.E.*

### Unable to get copy of agreement with Ottawa City.

AUDIT OFFICE, OTTAWA, November 18, 1893.

SIR,—I should like to be supplied with a copy of the agreement between the Government and Ottawa City, under which the Public Works Department performs several services for which the city would otherwise have to pay.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

## Auditor General's Report, 1892-93.

---

AUDIT OFFICE, OTTAWA, December 4, 1893.

SIR,—Let me call your attention to my letter of Nov. 18, 1893, asking for a copy of the agreement between your Department and Ottawa City.

I should like to have the copy of the agreement at your earliest convenience.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, January 24, 1894.

SIR,—Let me call your attention to my letters of Nov. 18 and Dec. 4, asking for a copy of the agreement between the Government and Ottawa City, under which the Public Works Department performs several services for which the city would otherwise have to pay.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A. G.

DEPT. PUBLIC WORKS, OTTAWA, February 3, 1894.

SIR,—Having reference to your communication dated the 24th ultimo, calling attention to your letters of the 18th November and 4th December last, asking for a copy of the agreement between the Government and Ottawa City, under which this Department performs several services for which the City would otherwise have to pay, I am directed to inform you that your request, as well as other demands of a similar nature which this Department does not think you have a right to make, will be referred to the Department of Justice for their opinion as to whether we should comply with them.

I am, sir, your obedient servant,

A. GOBELL, *for the Secretary.*

The Auditor General.

### Ottawa: Several services charged otherwise than to "Ottawa Buildings."

AUDIT OFFICE, OTTAWA, July 13, 1893.

SIR,—Let me acknowledge receipt of your Application No. 17 for \$1,000 in favour of the Bank of Ottawa, for rent for upper portion of their Ottawa building from Nov. 15, 1892, to June 30, 1893, at \$1,600 a year.

The Application is marked as chargeable to "Rents—Dominion Public Buildings."

The expression "Dominion Public Buildings" is used in the Estimates in opposition to "Ottawa Public Buildings." The service in question, being rent for the Interior Dept., is not therefore chargeable to "Dominion Public Buildings."

I return the Application and voucher herewith for amendment.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, July 28, 1893.

SIR,—I am directed to acknowledge the receipt of your letter dated the 13th instant, returning application No. 17 for \$1,000 in favour of the Bank of Ottawa, for rent of the upper portion of their Ottawa building, from the 15th November, 1892, to the 30th June, 1893, stating that it should not be charged to "Dominion Public Buildings"; and to inform you that the Accountant of this department reports as follows:—  
"The Detail Estimate Books of this department show that the vote 'Rents—Dominion Public Buildings,' was intended to cover rents at Ottawa as well as elsewhere, and there

is a special item of \$1,600 for this building. Moreover there is no other appropriation to which rents at Ottawa could properly be charged. I have explained this to the Auditor, and he has agreed to pass the account on receipt of an official letter to the above effect."

Please find herewith inclosed the above mentioned application.

I am, sir, your obedient servant,

The Auditor-General.

E. F. E. ROY, *Secretary.*

AUDIT OFFICE, OTTAWA, July 30, 1893.

SIR,—Let me acknowledge receipt of your 142911, explaining that the rent of the Bank of Ottawa rooms for the Interior Department was included in the calculation of the estimate for "Rents—Dominion Public Buildings"; and stating that "the Accountant has explained this to the Auditor-General, and he has agreed to pass the account "on receipt of an official letter to the above effect."

This is only part of my arrangement with Mr. Kingston, in the interview to which reference is made.

It was understood that the Department would now give a list of all the expenses of Ottawa Buildings which it proposes to charge, during the current fiscal year 1893-94, against other votes than those for Ottawa Buildings: with reasons therefor, in each case.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, December 5, 1893.

SIR,—Please let me know what progress is making in the preparation of the list referred to in my letter of July 30, 1893, (No. 142911) of expenses of Ottawa Buildings which you propose to charge in 1893-94 against other votes than those for Ottawa Buildings: with reasons therefor, in each case.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, January 24, 1894.

SIR,—Please let me have an answer to my letters of July 30, and December 5, asking for a list of the expenses of the Ottawa Buildings which you propose to charge in 1893-94 against other votes than those for "Ottawa Buildings": with reasons therefor in each case.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

### **Rideau Hall: Gas-Meter Inspection not thought a Public Service.**

AUDIT OFFICE, OTTAWA, January 18, 1894.

SIR,—I notice in voucher 77588 a payment of \$10.50 to H. G. Roche, for inspecting the Gas-Meter at Rideau Hall in June, 1893.

This appears to belong more properly to the services covered by the Fuel and Light Allowance of \$8,000. Please deduct \$10.50 from the next quarterly payment of \$2,000.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

## Auditor General's Report, 1892-93.

DEPT. OF PUBLIC WORKS, OTTAWA, January 31, 1894.

SIR,—Having reference to your letter of the 18th instant, calling attention to voucher 77588, containing a payment of \$10.50 to Mr. H. G. Roche for inspecting the Gas-Meter at Rideau Hall in June, 1893, and stating that the above sum should be deducted from the next quarterly payment of \$2,000. I have the honour to inform you that it is not the opinion of this department that the charge for inspecting Gas-Meter should be paid from the vote of \$8,000, which vote is stated to be "Allowance for Fuel and Light, Rideau Hall."

Testing the meter is neither fuel nor light; the meter is the property of the Government, and should be inspected and repaired by it and paid from the Repairs vote.

Our Chief Architect is of the opinion that if His Excellency had to pay for inspection of the meter, the same rule would apply to the gas holder in which the gas is stored, which contention would not appear reasonable:

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, *for Secretary.*

### Rideau Hall: Employees still paid by Cash instead of Cheques.

AUDIT OFFICE, OTTAWA, February 18, 1893.

SIR,—In voucher 73215, received yesterday, I notice two entries of cab-hire for Mr. Paymaster Côté, as follows:—

Dec. 14—One trip to Rideau Hall.....	\$1 00
do 24— do do .....	1 00

The pay-list of December 10 for \$225.75, and that of December 24 for \$230.50, each contained eleven names. Please have these employees paid by cheque in future, instead of by cash.

It would appear at first sight that business at Rideau Hall could be transacted as efficaciously by the street-cars, and with more economy.

Accounts for cab-hire, like other travelling expenses, should be certified "incurred on Government business." Please call Mr. Côté's attention to his omission of this certificate, and ask him to give the names of the cabmen, as is done by your Department for cab-hire charged to "Civil Government."

It is to "Civil Government" that Mr. Côté's travelling expenses should be charged, since he is a permanent officer.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

Memo. by Accountant, March 1, 1893:—

We are told "to have these employees (Rideau Hall's) paid by cheque in future, "instead of by cash," thereby, I presume, contemplating a saving of \$2 per month, amount paid for paymaster's travelling expenses. At first sight this course would seem to be all for the better, but unfortunately the question arises: if these men are to be paid by cheques, will they be allowed to go and cash same? No doubt they will, then what next? Their hours of work being from 7 in the morning to 6 at night, whilst banking hours are from 10 a.m. to 3 p.m., they will have to leave their work to come to Ottawa and return. As they look to economy even as much as any Government official, they will not care, I presume, to use the street-cars. Coming on foot from Rideau Hall to Ottawa, going to the bank, where most of them are unknown and would have to be identified, and returning to the workshops, will, I may safely assume, take, on an average, at least  $\frac{1}{4}$  of a day each. Eleven, at  $\frac{1}{4}$  a day— $2\frac{3}{4}$  days lost time; their average wages being \$1.70 $\frac{1}{2}$ , \$4.68 $\frac{1}{2}$  a fortnight, or say \$9.37 a month would have to be paid for that lost time, against \$2 charged by paymaster. Where "would economy appear" at second sight?

Under these circumstances, with due regard to economy, I think that the present system of paying men at Rideau Hall should be continued.

I have no doubt but that the Auditor General, whose devotion to economy is so well known and so highly spoken of throughout the whole Dominion, will see his way clear to adopt this view.

"It is to Civil Government that Mr. Côté's travelling expenses should be charged, *"since he is a permanent officer."* I cannot quite agree to that. The travelling expenses of a permanent officer in connection with the *general* business of the department should, I admit, be charged to "Civil Government." But when an officer is travelling on duty, in connection with any particular work, his expenses should, in my opinion, be charged to the special work as part of legitimate expenditure thereon.

Mr. Côté's accounts for travelling expenses to Rideau Hall were surely made in such a shape as to carry the information that the expenditure was "*incurred on Government business,*" since the Auditor General proposes to do away with that expenditure by paying men by cheque. I consequently do not see what great harm has resulted by the omission of those sacramental words "*incurred on Government business*" at foot of the account referred to. Going to Rideau Hall to pay workmen employed by the department is surely an expenditure on "Government business."

It seems as though there was a preconceived disposition to find fault with Mr. Côté's least action.

Now in justice to Mr. Côté, I am free to state that he is the most faithful, upright, honest and trustworthy officer that could be found. For the last six years he has been under my immediate control, has been entrusted with large sums of money, and I never had the least trouble with him. He has accounted for all services placed in his hands to the last cent almost day by day.

O. DIONNE, *Accountant.*

AUDIT OFFICE, OTTAWA, January 26, 1894.

SIR,—I notice that we have overlooked the discussion of the Accountant's letter of March 1, 1893, concerning payment of the employees at Rideau Hall.

The object of asking that these men be paid by cheques instead of by cash, was not so much to save Mr. Côté's travel, as to provide a better set of receipts, and to avoid unnecessary handling of money. These are the reasons which have induced all the other departments to abandon the cash system.

The same arguments hold for all the employees at Ottawa, who also should be paid by cheques instead of cash. Most of them are near enough to the banks to get their money at noon; and the others will find no more difficulty in cashing their cheques than do other creditors throughout the Dominion.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

### Quebec Citadel : Governor General's Quarters.

AUDIT OFFICE, OTTAWA, October 25, 1893.

SIR,—Let me acknowledge receipt of your Application No. 277 for \$182.20 in favour of L. Guérard, for laying carpets, hanging curtains and blinds, &c., at the Governor General's Quarters in Quebec Citadel, September 1893.

The first item is "laying carpets, curtains, blinds, various other works, 64½ days work at \$2." There should be a list of the days on which the work was performed, with the details certified by the Government officer who kept the time.

The items of \$10 for 4 bedsteads, \$12 for 4 palliasses, \$6 for covering cushions, &c., are more properly chargeable on the vote of \$5,000 for "Furniture for Outside Buildings." Laying carpets, and hanging curtains and blinds are services which partake more

## Auditor General's Report, 1892-93.

of the nature of "Maintenance" than of "Renewals and Heavy Repairs"; and the latter vote does not appear to have been intended to cover them.

It would be preferable to get the authority of a special vote for the maintenance of the Governor General's Quarters in the Quebec Citadel, since the service is so closely analogous to that of "Rideau Hall." Please let me know whether your Department has any objection against this line of future action.

As an aid to establishing an amount for a separate estimate, I have extracted from our Reports the expenditure of the last five years, making \$12,979.41 as follows: 1888-89, (pages D-210 and 214,) \$4,067.82; 1889-90, (page C-4,) \$2,862.02; 1890-91, (page C-187,) \$2,561.05; 1891-92, (page C-169,) \$1,493.58; 1892-93, (page C-228), \$1,994.94.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, January 25, 1894.

SIR,—Please let me have an answer to my letter of October 25, 1893, asking for information concerning the account of L. Guérard for work done at the Governor General's Quarters in Quebec Citadel.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

### Chatham, N.B.: Arrears paid to Postmaster Adams.

AUDIT OFFICE, OTTAWA, June 3rd, 1893.

SIR,—Let me call your attention to voucher 75984 for \$180 in favour of R. B. Adams, of Chatham, N.B., for services as Caretaker at the Chatham Post Office for the three years ending May, 1889, at \$60 a year.

An explanation should have been attached to the voucher, showing why payment was not made currently as the services accrued. Please rectify this omission.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, July 12, 1893.

SIR,—I am directed to acknowledge the receipt of your letter, dated the 3rd ultimo, calling attention to voucher No. 75984 for \$180 in favour of R. B. Adams, for services as caretaker of the Chatham, N.B., Post Office for three years ended in May, 1889; and to say that before 1889 we never had a regular caretaker of this building, and that from his appointment as Postmaster, in 1886 (May), Mr. Adams performed those duties until May, 1889, when he was definitely installed with a regular salary of \$130 per annum;

That upon a claim being made for remuneration for past unpaid services, it was deemed only fair to grant some compensation, which Mr. Fuller, on the report of his local assistant, placed at \$60 per year, and it was accordingly paid;

That it has been considered that good value was rendered for the amount paid.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, Secretary.

AUDIT OFFICE, OTTAWA, July 25th 1893.

SIR,—Let me acknowledge receipt of your 141714, stating that Mr. R. B. Adams, the Postmaster at Chatham, N.B., performed the duties of Caretaker of the Post Office building from 1886 to 1889 without current remuneration.

Please mention the date at which Mr. Adams first made a claim for payment of his services in cash. It seems probable that Mr. Adams may have thought his perquisites of residence quite sufficient compensation for caretaking, until he learned that other resident Caretakers are on salary.

Instead of considering Mr. Adams as having been underpaid, it seems easier to draw the lesson that Residence in a Government Building might frequently be a fair set-off against the incidental duty of looking after the Building; and that many of the separate Caretakers' salaries might be saved.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, August 4, 1893.

SIR,—Having reference to your letter of the 25th ultimo, respecting the application of Mr. R. B. Adams for remuneration for the caretaking of the public building at Chatham, N.B., and stating that Mr. Adams's residence in a Government building might be considered a fair set-off against the incidental duty of looking after the building: I have the honour to inform you that Mr. Adams does not reside in the building above referred to.

Mr. Adams made application for remuneration on the 22nd of November, 1890, but this department cannot say whether any previous application was made.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary*.

The Auditor General.

### Kingston: Engineer and Fireman at Military College.

AUDIT OFFICE, OTTAWA, October 19, 1893.

SIR.—On the pay-lists for "Engineers, Firemen and Caretakers," for July and August, 1893, I notice the following persons employed at the Kingston Military College:

Engineer, Wm. Johnson.....	\$65 00
Fireman, M. Madden.....	55 00

Let me call your attention to page 40 of the Estimates for 1893-94, where the vote of \$70,000 for the Military College is described as "All expenses connected therewith, "except repairs to buildings."

Under this very explicit wording, I do not think that your Department can now pay for Engineers and Firemen.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, October 26, 1893.

SIR,—In reply to your letter of the 19th instant, referring to the pay-lists of engineers, firemen and caretakers for July and August last, and to the payments made to Messrs. Wm. Johnson and M. Madden, engineer and fireman at the Kingston Military College, also stating that, under the explicit wording of the vote of \$70,000 for the above building, you do not think that this department can pay for engineers and firemen: I am directed to inform you that the vote of \$70,000 above referred to is not controlled by us, and that those two men, who have been our officers for a number of years, have been paid out of the only vote at our disposal.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary*.

The Auditor General.

## Auditor General's Report, 1892-93.

---

AUDIT OFFICE, OTTAWA, October 27, 1893.

SIR.—Let me acknowledge receipt of your 145469, concerning the Engineer and Fireman at Kingston Military College.

Please arrange with the Militia Department for a transfer-entry, charging the vote for "Kingston Military College" with the wages paid by your department since July 1, 1893.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

### Toronto Waterworks: Government's claim upheld by Supreme Court, and by Privy Council in England.

DEPT. OF PUBLIC WORKS, OTTAWA, May 17, 1888.

SIR,—In reply to your letter of the 26th ulto., suggesting the payment of water rates in Toronto within the time stipulated for discount allowance, I am directed to inform you that the City Treasurer of Toronto, in reply to a communication from the Chief Architect on the subject, stated that the "Government are not allowed any discount as they do not pay any taxes on the buildings, &c., protected by the water in case of fire, and for other considerations."

I am, sir, your obedient servant,

A. GOBEIL, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, August 31, 1888.

SIR,—Let me refer you to my letter of April 26, 1888, on the subject of overcharges in Toronto for water.

Mr. Sedgewick, the Deputy Minister of Justice, has given me an opinion that the Toronto Waterworks has not the right to discriminate against the Dominion Government on the question of discount.

Please see that bills for water furnished to your office in Toronto are rendered in time for payment before the discount-period expires,—and pay only the rate charged to individuals.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Public Works Dept.

The Militia Dept.

The Agriculture Dept.

*Extract from Cassels' "Digest of Supreme Court Cases, 1875-1893," page 57, heading "Attorney General of Canada vs. City of Toronto, Feb. 26, 1893: By R.S.O. 1887, cap. 184, sec. 480, sub-sec. 3, (Municipal Institutions Act) it is the duty of a municipal corporation which has constructed waterworks, to supply water to all buildings on land along the line of any supply pipe, on request of the owner or occupant thereof. By chap. 192, sec. 19 (Municipal Waterworks Act) the corporation has authority to regulate the distribution and use of water, and fix the prices therefor, and by sec. 20 the corporation may pass by-laws, &c., for allowing a discount for pre-payment.*

Pursuant to these powers, the corporation of the City of Toronto passed a by-law allowing a discount on all water rates paid in the first month of the quarter for which they should be due, but the same was not to apply to Government or other institutions which are exempt from city taxes. A tender was made to the city of the amount assessed on property of the Dominion Government, less the discount allowed by the by-law, which was refused, and the whole amount having been paid under protest, an action was brought against the city for the rebate.

Held (reversing the decision of the Court of Appeal, and that of Ferguson, J., at the trial)—Patterson, J., dissenting,—that the legislature intended and enacted that the rate for water supplied by the city should be an equal rate charged upon all consumers alike, and the city corporation has no right to impose a greater rate for water supplied to a consumer who is not subject to civic taxation than is imposed upon consumers who are; therefore the by-law was *ultra vires*, in so far as it makes a distinction between the two classes of consumers.

(NOTE.—The Privy Council in England refused to the City of Toronto permission to appeal from this judgment of the Supreme Court.)

### Port Maitland: Vote insufficiently described.

AUDIT OFFICE, OTTAWA, July 21, 1893.

SIR,—Let me acknowledge receipt of your Application No. 23, for \$273.75 in favour of Archibald McKinnon, being "Extra Allowance on Final Estimate for Port Maitland."

The vote against which this is charged is described as "Maitland—To pay balancedue Contractor, \$274.00." I have been unable to find any reference to the vote in *Hansard*.

The payment is not due under contract, or there would have been no difficulty in paying it before. I cannot therefore pay it out of the vote of \$274, under its present wording.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, August 19, 1893.

SIR,—With reference to your letter of the 21st July, concerning the application of this department in favour of A. McKinnon, to pay the balance due him for work at Maitland, and which you say you cannot pay out of the vote of \$274 made by Parliament last year: I have to state that it is evident, by the amount of \$274 mentioned in the Supply Bill, that that vote was intended to pay that account of \$273.75.

Our Chief Engineer states that the account was submitted to you as far back as 1891, and that there was no undue operation that took place since the vote was made, to make the account covered by the application, fit the vote made in 1893.

However, the account is due, is rendered in good faith, is the one that the vote of last session is intended for, and has been correctly certified; and if you still decline to pass the application, we shall have nothing left to us but to lay the responsibility for the non-payment upon your office.

Yours very truly,

The Auditor General.

A. GOBEIL, D.M.P.W.

AUDIT OFFICE, OTTAWA, August 25, 1893.

SIR,—I have your letter of the 19th instant with reference to your application for a payment of \$273.75.

I beg to point out that the amount is not legally due to Mr. McKinnon unless the appropriation makes it so, because he was before paid everything which was due to him under the contract.

Now the appropriation does not make the claim a legal one, because there is nothing in the wording of it nor in any explanation to Parliament which indicates that there is any weakness in the claim, and which the appropriation is intended to remove.

Parliament should have been informed in some way that the money, when voted, was to pay a claim to which Mr. McKinnon had no legal right.

I am, sir, your obedient servant,

The Deputy Minister of Public Works.

J. L. McDOUGALL, A.G.

Auditor General's Report, 1892-93.

**Nine-Mile Creek: \$197.50 for Inspection on \$274 Contract.**

AUDIT OFFICE, OTTAWA, Nov. 11, 1893.

SIR,—Let me acknowledge receipt of your Application No. 305, to pay \$84 to McDougall & McNevin the balance of their contract of \$274 for work at Nine-Mile Creek, P.E.I.

The votes for this structure are as follows:—

- 1892-93: Nine-Mile Creek, extension of pier, and general repairs. . \$400
- 1893-94: Nine-Mile Creek, repairs to pier. . . . . 800

The expenditure in 1892-93, amounting to \$402.70, was made up of the following items:—

- Advertising for tenders. . . . . \$ 15 20
- McDougall & McNevin, on final estimate of \$274. . . . . 190 00
- John McQuarrie, inspector, 79 days at \$2.50. . . . . 197 50

There is no expenditure in our books against this work in 1893-94 up to the present date.

The only description given on the estimate is "Nine-Mile Creek, work done as per estimate." This wording will need to be expanded, to show that it is not proposed to charge a balance of "Extension of Pier" to the current vote for "Repairs to Pier."

The contract-work of \$274 appears to have cost \$197.50 for inspection, or 72 per cent on the value of the work.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

CHIEF ENGINEER'S OFFICE, OTTAWA, Dec. 15, 1893.

*Memorandum relative to amount paid for inspection at Nine-Mile Creek.*

Messrs. McDougall & McNevin, whose tender for this work was the lowest, viz., \$274, are farmers, and performed all the work with their own hands, not employing any labour. Their tender was very low, the estimated value of the work being \$600; and it was, therefore, very necessary that a close inspection should be exercised, and this entailed the presence of the inspector on the work during the whole period of its continuance.

- Total cost of work, including inspection. . . . . \$471 50
- Estimated value of work. . . . . 600 00

LOUIS COSTE, Chief Engineer.

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, January 10, 1894.

SIR,—Let me acknowledge receipt of your 146923, covering the Chief Engineer's explanation concerning the Inspector at Nine-Mile Creek.

I am obliged to call your attention to the fact that the discussion has not been advanced along the line of the second last paragraph of my letter of November 11, namely, a request for further information to show that it is not proposed to charge "Extension" to "Repairs."

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

**Souris: "Price as agreed" an insufficient certificate.**

AUDIT OFFICE, OTTAWA, November 11, 1893.

SIR,—Let me acknowledge receipt of your Application No. 325 for \$3,200 in favour of Wightman & Mellish, for "Closing breach in Breakwater at Souris, P.E.I."

The wording of the voucher is "work done in closing breach through Souris Breakwater, caused by storm of Aug. 21-22."

There should be information given—both to show the magnitude of the work, and to prove it a charge on the vote of \$20,000 for “Reconstruction of Souris Breakwater.”

The certificate-form “Materials delivered, work performed, prices fair and just,” has not been signed. The blank “Certified....., Resident-Engineer” is signed by Jas. B. Hegan. Some officer through whose hands the voucher has passed, and himself unfamiliar with or heedless of the common law, has endeavoured to transfer the effect of Mr. Hegan’s signature over to the statutory certificate by drawing a line between them.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

CHIEF ENGINEER’S OFFICE, OTTAWA, 20th November, 1893.

SIR,—In answer to the letter from the Auditor General dated November 11, file 146107, in connection with the Application No. 325 made by the Accountant of this department to the Auditor General for payment of the sum of \$3,200 to Messrs. Wightman & Mellish for work done on the breakwater at Souris, P.E.I., by order of this department, I have to state the following:—

On the face of the account the following appears: “For work done in closing breach through Souris Breakwater caused by storm of August 21st, 22nd, in accordance with offer made by Messrs. Wightman & Mellish dated Sept. 1st, 1893, and accepted by department Sept. 4th, 1893, \$3,200.”

Precaution was duly taken to state that the work has been done in accordance with the offer made by Messrs. Wightman & Mellish, which offer had been duly accepted by the department on Sept. 4th, 1893. Why, therefore, should the Auditor General refuse to pass this account?

This work was done by Messrs. Wightman & Mellish under an agreement made by the Department of Public Works, which department certifies that the work has been done to its satisfaction.

The vote of \$20,000 to which this work was charged, reads: “For reconstruction of Souris Breakwater.” The work done by Messrs. Wightman & Mellish consisted in the partial reconstruction of that breakwater, and the charge against that vote is thereby perfectly legitimate.

The certificate-form “Materials delivered, work performed, prices fair and just” was not, it is true, signed by the Resident Engineer, nor was it required that it should be, inasmuch as the work was done under an agreement for a lump sum, and the certificate required was practically and simply the assurance from the Resident Engineer that the work had been done as per agreement; and the transfer of Mr. Hegan’s signature over to the certificate mentioned above was made by the Chief Engineer himself on the strength of a report sent by the Resident Engineer to the effect that he had himself ascertained that the work had been done in accordance with the agreement, and that, therefore, the materials required for the work had been delivered, the work performed, and the price paid fair and just.

I trust that in the face of the explanations given in this letter, the Auditor General will not deprive the contractors of the amount to which they are fairly entitled by virtue of an agreement which they have made with the Department of Public Works.

I am, sir, your obedient servant,

LOUIS COSTE, *Chief Engineer.*

Secretary, Dept. of Public Works.

AUDIT OFFICE, OTTAWA, December 6, 1893.

SIR,—Let me acknowledge receipt of your 146199, covering Mr. Coste’s report concerning the account of Messrs. Wightman & Mellish.

## Auditor General's Report, 1892-93.

Your letter gives so little information in answer to my direct questions, that I am not yet able to certify payment of the account.

For this, and for all other services, I need some statement—more or less complete—of the nature and amount of work done; and I need a certificate from an officer who has examined the work itself, that it has been done, and is worth the price. Neither want is satisfied by the papers in hand.

The Chief Engineer claims, with an under-score, that \$3,200 is due to the contractors "by virtue of an agreement which they have made with the Department of Public Works." No agreement can in any way entitle them to receive \$3,200. Their only claim to the money is their performance of the work: and the Audit Act fixes the points to be covered by the local officer who examines the work they have performed. If Mr. Hegan's report, after seeing the work, states that it is completed, and is worth the price, a copy of that report (to attach to the voucher) will satisfy the requirements of the Audit Act. Otherwise the voucher should be sent back to Mr. Hegan.

Please mention to Mr. Coste that the transfer of a signature, if unimportant from an Engineer's point of view, is not usual with Accountants and Auditors; and that we would prefer some other line of action in future similar instances.

The question is asked: "Why should the Auditor refuse to pass the account," when the price of \$3,200 was that offered by the contractors, and accepted by the department. To get at the real value of this certificate, please imagine what sense the voucher would have had, if a contrary certificate had been made. A merchant's or contractor's offered-price is only evidence that it is at least high enough. The Department's acceptance of a price is necessarily implied in every transaction, by the fact of its going through at all; it is the fairness and justness of the price which must be explicitly guaranteed.

The application and vouchers are returned herewith. I shall be unable to consider them further, until the deficiencies mentioned in my previous letter are supplied.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Secretary, Public Works Dept.

NOTE.—The Public Works Department subsequently got Mr. Hegan to certify the account in the manner required.

J. L. McD.

### River St. John : Insufficient Vouchers.

AUDIT OFFICE, OTTAWA, July 24, 1893.

SIR,—Let me acknowledge receipt of your Application No. 795 for \$700, chargeable to "River St. John," for Government contributions towards cost of wharfs, as follows :—

Vanwart's Landing : John O. Vanwart.....	\$500
Moss Glen : Gabriel Merritt.....	200

Unless these wharfs are to belong to the Dominion (a fact of which no mention is made in the vouchers), the payments can be made only out of votes explicitly described as contributions.

Please state the value and age of those parts of the structures, if any, which were in existence before the agreements were made with Messrs. Vanwart and Merritt respectively, and give details for all the work done on the wharfs since those dates.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A. G.

DEPT. OF PUBLIC WORKS, OTTAWA, August 19, 1893.

SIR,—In reply to your letter of the 24th, referring to our application for \$700 for Government contribution towards cost of wharfs built by Messrs. VanWart and Merritt, I have the honour to inform you that these wharfs were built during the course of last winter, and that the proprietors have filed with this department undertakings to the effect that they were to be free to the public.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, *D.M.*

AUDIT OFFICE, OTTAWA, August 23, 1893.

SIR,—In reply to your letter of 19th instant, referring to Application No. 795 for \$700, Government contribution towards cost of two wharfs built by Messrs. John O. VanWart and Gabriel Merritt :

Your engineer, Mr. Hegan, certifies that these two wharfs could not have cost, in his opinion, less than \$1,000 and \$400 respectively, or \$700 less than they now ask from the Dominion Government. How were Messrs. VanWart and Merritt otherwise remunerated, or how do they expect to be?

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

DEPT. OF PUBLIC WORKS, OTTAWA, Sept. 7, 1893.

SIR,—Having reference to your letter of the 23rd ultimo, respecting application No. 795 for \$700, Government contribution towards the cost of two wharfs built by Messrs. John O. VanWart and Gabriel Merritt, and calling attention to the opinion of Mr. J. B. Hegan on the subject, I have the honour to inform you that the amount mentioned in the application sent by this department is the total amount which we intend paying Messrs. VanWart and Merritt.

Whether the parties referred to expect to be remunerated in any other way, we do not know.

I am, sir, your obedient servant,

The Auditor-General.

E. F. E. ROY, *Secretary.*

AUDIT OFFICE, OTTAWA, July 14, 1893.

SIR,—Let me acknowledge receipt of your Application No. 11, for \$500 in favour of Morris Scovil, marked as "Government Contribution towards cost of Wharf," and charged to "Harbours Generally, Maritime Provinces."

The certificate of Mr. Allison is, that the cost of the wharf cannot have been less than \$1,000. Please state the value and age of that part of the structure, if any, which was in existence before the agreement was made with Mr. Scovil; and give details for all the work done on the wharf since that date.

There should be some mention made of whether the Government or Mr. Scovil is to own the wharf. If Mr. Scovil, payment can be made only from a vote specially described as a "Contribution." If the Government, the vote for "River St. John" would appear to be more appropriate than "Maritime Provinces Generally."

The preamble of Mr. Scovil's guarantee, dated Feb. 27, 1893, is: "Whereas, a "public wharf is now in course of construction at Scovil's Point, on which the sum of "\$500 has been expended by the Public Works Department of Canada." Does this refer to any sum other than the \$500 now in question, which latter sum has not yet been expended?

## Auditor General's Report, 1892-93.

The copies of documents which support the voucher are certified as "True copies" by the Accountant. It would be better to have them marked by the Secretary, as provided by the Act relating to your department. All the papers are returned herewith.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

PUBLIC WORKS DEPT., OTTAWA, August 2, 1893.

SIR.—With reference to file No. 143238 containing a letter from the Auditor General returning application No. 11 for \$500, in favour of Morris Scovil, I beg to state that the late Mr. Allison was asked to determine the value of the wharf newly constructed, to ascertain whether the cost of that wharf was more than \$1,000. He, on the face of the account, certifies that such is the case. The wharf is to be a public wharf, "free to the public," as stated in the undertaking attached to the application.

The appropriation "River St. John" is certainly the one to which this work should be charged, and it is no doubt by error that it has been charged to "Maritime Provinces Generally."

No other sum than the \$500 in question has ever been expended on that wharf.

I am, sir, your obedient servant,

LOUIS COSTE, *Chief Engineer.*

The Secretary, Public Works Dept.

### Ile Verte: Insufficient Receipts.

AUDIT OFFICE, OTTAWA, March 21, 1893.

SIR,—Let me call your attention to vouchers 70273 and 70951, the August and September pay-lists for "Completion of Landing Pier at Ile Verte."

The receipts for wages are all made by the Foreman, Mr. J. B. Raymond, under authority of 90 orders reading as follows: "J'autorise J. B. Raymond à retirer du département des travaux publics le montant qui m'est dû pour ouvrage au quai de l'Ile Verte."

The only authority which the Paymaster should recognize for payment of money to another than the creditor is one made out on the form prescribed by the Treasury Board. And it would be preferable that the money should not be paid to a Government employee.

The apparent object of sending a Paymaster to the works, namely, the identification of the men on the pay-list, does not seem to have been attained in this instance.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

### Tadousac Pier; Insufficient Vouchers.

AUDIT OFFICE, OTTAWA, June 19th, 1893.

SIR,—Let me acknowledge receipt of your Application No. 708 for \$242.50 in favour of Nap. Rouleau, for timber for the Tadousac Pier as follows:

Timber, 11 by 12-in, 2,000 feet at 10 cts.....	\$ 200 00
Round timber, 850 feet at 5 cts.....	42 50

Vouchers for supplies of this nature should contain all the information, as to size and material, which would be given in invitations for tenders.

I return the Application herewith, to enable you to remedy the deficiency; as well as to get a signature to the certificate "Materials delivered; prices fair and just."

The voucher is in the handwriting of Mr. J. C. Blais, the Resident Engineer. Please let me have the original, made out by Mr. Nap. Rouleau himself, the person to whom the money is due.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

---

**Toronto Harbour: Copy of Contract not given to Auditor General.**

AUDIT OFFICE, OTTAWA, May 10, 1893.

SIR,—I am passing your Application No. 623 for \$2,710 in favour of Murray & Cleveland, being their April estimate for work on Toronto Harbour.

Please let me have a copy of the contract with Murray & Cleveland.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

---

AUDIT OFFICE, OTTAWA, June 7, 1893.

SIR,—As mentioned in my letter of May 10, 1893 (to which no answer has been received), I should like to be supplied with a copy of the contract with Murray & Cleveland for the works at Toronto Harbour.

Please let me have it in time to be of assistance in auditing the May estimate, which will be due in a few days.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

---

PUBLIC WORKS DEPARTMENT, OTTAWA, June 17, 1893.

SIR,—Having reference to your letter of the 7th inst., asking to be supplied with a copy of the contract with Messrs. Murray & Cleveland for the works in Toronto Harbour, I have the honour to request that you will be good enough to state whether it is any special information you require in connection with the contract, and to inform you that we will be very happy to give it.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

---

AUDIT OFFICE, OTTAWA, July 25, 1893.

SIR,—Let me acknowledge receipt of your 141849, asking whether it is any special information which I require in connection with Murray & Cleveland's contract, and informing me that the Department will be very happy to give it.

A copy of the Contract and Specification appears to me to be essential for such an understanding of the expenditure thereunder as an Auditor should have; and it is to a request for these documents that I limit myself in the meantime.

Special information may be asked for, when a reading of the contract enables me to know for what to ask.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

## Auditor General's Report, 1892-93.

---

AUDIT OFFICE, OTTAWA, December 5, 1893.

SIR,—Since asking you, on more than one occasion, for a copy of the contract for Toronto Harbour, I have passed several estimates in favour of Murray & Cleveland, so as not to obstruct the work.

I now repeat my request for a copy of the contract, and regret that I do not see my way to make any more payments without it.

The Chief Engineer, in a similar discussion concerning Cape Tormentine, raised this objection: That the contract makes the Chief Engineer the sole and final judge of everything done under it,—and that therefore the Auditor has no use for, or right to, a copy of the contract; and I understand that this is the ground of the department's unwillingness to supply me with the information.

The Chief Engineer's contention may be generalized into this form: "That a Spending Officer can make such a contract with a creditor, as to exempt from audit all the payments under that contract—whatever may be the authority by which the audit is prescribed."

Please ask Mr. Coste whether he will support the proposition as thus stated, or whether he will show how it differs from his own.

My view of course is, that the people have a right to know how much they get for their money; that the Report of this office is the channel through which the information is to be published; and that it is impossible for me to give full information concerning the services performed, without free access to the contracts and specifications.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

CHIEF ENGINEER'S OFFICE, OTTAWA, 7th December, 1893.

SIR,—To facilitate the work of auditing the monthly estimates rendered by the Department of Public Works in favour of Messrs. Murray & Cleveland, for work done at Toronto, I beg to inclose you a copy of the schedule of prices attached to the contract.

This will enable you to check the prices allowed on the estimates.

With regard to the question of furnishing your office with a copy of the contract, I have fully reported my views to my department, and I hope that the question as to whether it is your right to have copies of contract, or not, will soon be settled by the proper authority.

I am, sir, your obedient servant,

LOUIS COSTE, *Chief Engineer.*

The Auditor General.

AUDIT OFFICE, OTTAWA, December 11, 1893.

SIR,—Allow me to enter a little more fully into the subject treated of in my letter to you of the 5th instant—the frequent mention of the Chief Engineer of your department, in his letters to you, of his giving information requested by this office, while, in his opinion, he is not bound to give the information, his certificate being, in his opinion, all that we have a right to call for.

Although Mr. Coste has very important duties, I do not see that in this matter I have anything to do with what his view may be. It is because you, in transmitting his letters, show that he expresses your views, that I am desirous of reaching an agreement upon this point.

I cannot find a word in the Audit Act which indicates only partial confidence in the Audit Office, the only body exclusively parliamentary which intervenes between the voting of money and its expenditure. The whole ground for passing the Audit Act as we have it, and appointing an Auditor General with a staff, was that there should be a thorough investigation of all expenditures to see that the expenditure in each case was of the kind and to the extent authorized by Parliament, and that value was given for

the money expended. It is not reasonable to suppose that Parliament would desire to limit the powers of its Auditor in any direction while the above mentioned objects were being pursued, and besides I can find no evidence in the Audit Act of any such desire.

Look at any sections where directions are given to the Auditor General to obtain certain vouchers. Is there any indication that Parliament wants to guard against his doing his work too well? Take the 33rd section for instance: "No payment shall be authorized by the Auditor General, unless in addition to any other certificate which is required in that behalf, the officer certifies, &c." That is, Parliament expects from its Auditor what the Auditor of a small Company or of the financial transactions of a township municipality would do without protest from any one,—that is, ask for and obtain all the information that it may occur to him it is important to get; but in case he should fail to see that a particular kind of voucher should be obtained by him, no matter what other vouchers he may think of requiring, makes it incumbent upon him to obtain that particular voucher, viz., the certificate, &c., in all cases before making payment.

Then turn to the 45th section: "The Auditor General is authorized to have free access to the departments to examine the books and other documents relating to the accounts." Is there any limitation as to the documents relating to the accounts which he has a right to see? Does not a contract relate to the accounts?

If he has a right to examine the contracts in the department, is he supposed to have a right to request that they, like all other vouchers, be sent to him? Certainly.

Then look at the 48th section: "The Auditor General, in reporting to the House of Commons, &c., shall call attention, &c., to every case in which payment so charged was in any way irregular." How is he to perform this duty unless he has a right to see all vouchers, no matter who certifies?

Then read section 55: "The Auditor General may examine any person on oath or affirmation on any matter pertinent to any account submitted to him for audit." This is a pretty broad power, and if a power, then it is the duty of the Auditor General to use the power; and if this is true when the investigation is made in one way, it must be true when the investigation is made in any other way.

The certificate of the Chief Engineer is important: in fact, it is required by the 33rd section; but neither that section nor any other part of the Act says or implies that the Audit Office is precluded from going behind it.

It must be remembered that in ninety-nine cases out of a hundred the Audit Office examination and its Report to Parliament are the last investigation and statement of these immense expenditures. Should the examination be less thorough and searching than if it were before a court, with the individual tax-payer a party in the suit, watching every cent? Would the judge then say the demand for the production of the contract is an unreasonable one, although the engineer who is present has the contract in his pocket?

The other departments raise no objection to sending a copy of each contract.

If I were asked by the Public Accounts Committee to produce the vouchers and accounts on which I passed any application for payment, I do not see how I would be justified in taking the ground that, as it was my right to pass in the first instance, no one had a right to call on me for the evidence on which I acted.

Let me also draw your attention to the working out of a similar Act in England, under which the rule seems to be to give all reasonable information.

You ask a witness for his evidence, but that does not involve your being precluded from getting any other evidence on the same point.

Mr. Coste says that the words of the contract make him the sole judge; but a contract made by a department—assuming Mr. Coste's view to be correct—cannot affect a right of audit which is based upon an Act of Parliament.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Public Works.

## Auditor General's Report, 1892-93.

AUDIT OFFICE, OTTAWA, January 26, 1894.

SIR,—I have received from the Chief Engineer of your department a copy of the Schedule of Prices, extracted from Murray & Cleveland's contract for work at Toronto Harbour.

This does not satisfy the requirements of the Audit Office. We still need a copy of the Contract and Specification.

The part of my Report which contains this discussion is now going to press; and I would prefer that the correspondence should include some reply from you to my letter of December 11, instead of the implicit maintenance of your persistent refusal to furnish information which I find necessary.

As pointed out in previous correspondence, it is not usual for a Spending Officer to prescribe to his Auditor the limit of the audit which he is willing to undergo.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

### Engineering Instruments not bought through Stationery Office.

AUDIT OFFICE, OTTAWA, October 7, 1893.

SIR,—Let me acknowledge receipt of your Application No. 220 for \$210 in favour of James Foster, for instruments supplied to Engineer H. A. Gray of Toronto.

Purchases of this nature are always made through the Stationery Office. Please forward the vouchers to the Printing and Stationery Department for payment.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, October 18, 1893.

SIR,—I regret to have to contradict the statement made in your letter of the 7th, that purchases of instruments for engineering purposes are always made through the Stationery Office. I beg to state that purchases of that kind have never been made through the Stationery Office, but the instruments have always been chosen by the Engineers themselves, as they are better qualified to judge of the value and the usefulness of the instruments they require.

I return the application, and trust this explanation will be sufficient.

I am, sir, your obedient servant,

The Auditor General.

A. GOBEIL, D. M.

AUDIT OFFICE, OTTAWA, December 5, 1893.

SIR,—Let me acknowledge receipt of your 145121, in answer to my statement that "engineering instruments are always purchased through the Stationery Office": wherein your reply is, that you have never made these purchases in that manner.

In other words, my objection is to be explained away by a simple mention of the fact that the objection had to be made.

The smaller surveying and drawing instruments are kept in stock by the Stationery Office; the larger are ordered by them when requisitions are made by the Departments, describing minutely the instruments they want. The object of concentrating the orders in the Stationery Office is, to secure the lower rates which are always given to frequent purchasers.

This is the same Grouping of Orders to obtain wholesale rates, to which, as a branch of the science of Economy, I have directed your attention in previous correspondence.

And when I say "Purchases of this nature are always made" in any particular manner, I mean of course, always by those Departments who follow the spirit of a regulation beyond its letter, and try how near they can come to its intent.

Owing to the press of other work at this season, this discussion has been delayed so long that I do not feel justified in keeping Mr. Jas. Foster out of his money; and accordingly I am passing the account. Please anticipate, however, the same objection, when ordering future supplies of this nature.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

### Winnipeg Dredge Pay-lists: Fictitious Receipts for Money.

AUDIT OFFICE, OTTAWA, Feb. 16, 1893.

SIR,—I have examined the expenditure of Mr. W. F. Gouin from July to December, 1892, on "Dredging in Manitoba," and beg to offer the following remarks thereon:—

None of the vouchers are certified "Materials received and work done: prices fair and just," as demanded by Sec. 33 of the Audit Act. Please see that these certificates are made on all of Mr. Gouin's vouchers after Jan. 1, 1893.

The number of men mentioned in the board-bills is generally greater by one than the number of men described on the pay-lists. There should be an explanation attached, to connect the two entries.

The signatures in the receipt-column of the pay-lists are not all satisfactory. For instance, in the pay-lists of the dredge "Winnipeg," assuming the July, Sept., Oct. and Nov. signatures to be autographs made by the men themselves, it is impossible to accept more than one or two of the Aug. signatures as genuine. If the July and Aug. signatures of R. Thornbeck of the dredge "Priestman" are his own, those for Sept., Oct. and Nov. must have been made by some one else. The most of the names on the Sept. and Nov. "Priestman" pay-lists appear to have been written by one person. Please ask Mr. Gouin to furnish immediate explanations of these facts; and instruct him to take autograph signatures, or crosses, in all cases for the future.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, March 9, 1893.

SIR,—Having reference to your letter of the 16th ultimo, respecting the expenditure of Mr. W. F. Gouin, from July to December, 1892, on Dredging in Manitoba, I have the honour to inform you that a copy of your letter has been sent to Mr. Gouin who has been instructed to carry out your wishes in the matter.

I am, sir, your obedient servant,

The Auditor General, Ottawa.

D. A. MACPHERSON, *Asst. Sec'y.*

AUDIT OFFICE, OTTAWA, June 6, 1893.

SIR,—Let me acknowledge receipt of your Application No. 673 for issue of Letters-of-Credit as follows:—

W. F. Gouin.....	\$ 3,000
McCordock and Ewing.....	7,000

Please calculate how much of Mr. Gouin's \$3,000 is needed for immediate use, and alter the Application to that amount.

Before issuing further credits in favour of Mr. Gouin, I shall need an explanation from him as to the fictitious receipts on the "Winnipeg" pay-list for August, 1892, and on the "Priestman" pay-lists for September and November, 1892. These signatures were discussed in my letter of February 16, 1893.

## Auditor General's Report, 1892-93.

The explanation from Mr. Gouin should be so full as not only to show how the signature came to be made by some person other than the owners of the names,—but also to show that Mr. Gouin has now a sufficient understanding of the irregularity to see that it will not be repeated.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, 10th June, 1893.

SIR,—Having reference to your letter of the 6th instant, respecting application No. 673, for issue of a letter-of-credit in favour of Mr. Gouin for \$3,000, and asking to be supplied with information in connection with the pay-lists, I have the honour to send you herewith inclosed a copy of a letter from Mr. Gouin to the Chief Engineer on the subject, and to state that on the 8th of March last the Chief Engineer called Mr. Gouin's attention to the "irregularity" referred to in your letter, with instructions to see that it did not occur again in the future. I have further to add that his bank-account was overdrawn by \$1,537.90 on the 1st June, and therefore request that you will be good enough to have a letter-of-credit for the amount applied for, viz., \$3,000, issued in his favour, to enable Mr. Gouin to carry on the works under his charge for the current month.

I am, sir, your obedient servant,

A. GOBEIL, *for the Secretary.*

RESIDENT ENGINEER'S OFFICE, WINNIPEG, March 21, 1893.

SIR,—I hereby acknowledge the receipt of your letter dated 21st ultimo, inclosing copy of a letter addressed to the Secretary, Public Works Department, from the Auditor-General, with reference to vouchers submitted by me in connection with "Dredging in Manitoba."

Owing to illness, I have been unable to reply sooner.

With regard to vouchers which were not certified "Materials received and work done; prices fair and just," as demanded by Sec. 33 of the Audit Act, allow me to refer to the letter sent me, dated Nov. 24, 1891, which is as follows:—

"To satisfy the requirements of the Auditor General with regard to estimates, it will be necessary for the future that the inspector of the various works under your charge shall certify the estimate sheet with the words 'materials delivered; work performed' over their signatures, and you will simply certify the summary sheet as resident engineer, as you have hitherto done."

"In case of a work where there are two or more inspectors, then each will have to certify for the class of work he inspects, and the fact of attaching your signature to the summary will be a guarantee that you are also satisfied as to the correctness of the estimates."

I have assumed that the instructions contained in the above letter referred to contract work, or work by day's labour, in charge of inspectors. I have not had any contract work; and for any work done by day's labour, the inspectors have, in all cases, certified the vouchers as per instructions.

As I inspect the dredging and sign the summary, I have assumed also that my certificate to the vouchers in connection with dredging, as you will find it, was all that was required. However, the definite instructions now received will be carefully carried out in future.

With reference to the number of men mentioned in the board-bills being greater by one than the number of men described in the pay-lists, I wish to explain that the extra man is the cook. It has been the custom, ever since dredging began here, to pay the cook his board at the same rate as the men. I have not been able to hire a cook

without this agreement, unusual as it may seem. In future, an explanation attached to the cook's account will connect the two entries.

With regard to most of the signatures on some of the pay-lists not being genuine (pay-list for August, dredge "Winnipeg," and Oct. and Nov. pay-lists, dredge "Priestman"), is explained as follows:—

The tug "Sir Hector" comes from Lake Winnipeg to Selkirk every Saturday for supplies, mail and for anything from Winnipeg for dredge, returning on Saturday. A team from the "Priestman," upon a similar errand, comes to Westbourne every Saturday. A train from Winnipeg reaches both Selkirk and Westbourne on Saturday. This train service has made it convenient for me to send the money to the dredge-masters with which to pay the men, when I was unable to go myself. The dredge-masters, when in receipt of money, the pay-lists have been signed at Selkirk and Westbourne for the men who were not there, in order to save a day's time in connection with the work, or otherwise to save a week's delay in sending the pay-lists back. R. Thornbeck was away on a visit the day the Oct. list was signed at the "Priestman" dredge.

I did not compare the signatures, simply noticed that the pay-lists were received. The dredge-masters are most conscientious as regards their work, and two better dredge men cannot be found; and I do, with the utmost confidence, solemnly state that no thought of an irregularity entered their minds.

Of course the men have been paid as per the pay-lists returned, but as it is my duty to pay them, I am responsible for the pay-lists being unsatisfactory; therefore I will make out new pay-lists for the months in question, and as soon as the season opens will have them signed by the men themselves. I trust this will prove satisfactory to the Auditor-General.

It is needless to say that I deeply regret the occurrence. All that is left for me to say is that it will not occur again.

I am, sir, your obedient servant,

The Chief Engineer, Dept. Public Works.

W. F. GOUIN, *Resdt. Engr.*

AUDIT OFFICE, OTTAWA, June 16, 1893.

SIR,—Let me acknowledge receipt of your 138413 of June 10, inclosing a copy of Mr. Gouin's explanations dated March 21.

Had Mr. Gouin's letter been forwarded to me at the time it was received in the department, I would not have been obliged to withhold the issue of his Letter-of-Credit. If the delay was caused by the correspondence getting mislaid in your Department, it might be well to call the attention of the proper officer to the practical inconveniences resulting therefrom.

As requested in your letter, I have passed your Application of June 5, for a Letter-of-Credit for \$3,000, "to enable Mr. Gouin to carry on the works under his charge for "the current month." But if (still quoting) "his bank-account was overdrawn by \$1,537.90 "on the first of June," the issuing or withholding of a Letter-of-Credit does not interfere with Mr. Gouin in carrying on his works: unless \$1,500 or \$1,600 is the arbitrary limit which he fixes for his overdrafts. Notify him, please, that he must keep within his bank-balances.

Mr. Gouin remarks, concerning the simulated signatures on the pay-lists, that they were "signed at Selkirk and Westbourne for the men who were not there, in order to "save a day's time in connection with the work, or otherwise to save a week's delay in "sending the pay-lists back." The pay-lists of both dredges from July to December, 1892, were received from Mr. Gouin by the Chief Engineer only in time to be certified by the latter on January 5, 1893. Mr. Gouin's argument as to "saving a week's delay" is therefore valuable chiefly from its irrelevancy.

Please ask the Dredge-Masters to explain fully their share in these transactions. When an officer signs down a whole column of names, and offers these names to his Auditors as receipts from the different employees for cash paid to them by him, his

## Auditor General's Report, 1892-93.

knowledge of accounts is either absolutely nothing, or else too much. Simple ignorance, alone, would have signed the names in one style of handwriting—its own. The writer of these signatures has copied so carefully the receipts on previous pay-lists, that they have eluded the scrutiny of both the Chief Engineer and the Accountant. The deception therefore was apparently intentional and deliberate.

With reference to R. Thornbeck, while no explanation is given of the September and November signatures for his pay, Mr. Gouin mentions that "Mr. Thornbeck was away on a visit the day the October list was signed at the 'Priestman.'" On consulting Mr. Gouin's accounts for travel, the "Priestman" wages for October appear to have been paid November 11. If Mr. Thornbeck was absent, why was he paid for services from November 1 to 20, like the rest of the dredge-crew?

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, January 26, 1894.

SIR.—I find that nothing has been received from your Department, in answer to my letter of June 16, 1893, wherein I asked for additional information concerning the fictitious signatures on the Manitoba Dredging Pay-lists.

Had you lent me assistance in investigating the irregularity, we should not now—over a year after the event—be still ignorant as to what officer invented the plan, and still without receipts from workmen for the cash paid out as wages.

As stated in my last letter, the Dredge-Masters should be called upon to explain fully their shares in the preparation of the pretended pay-lists. Please see that this is done without further delay.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

### Dredge "Winnipeg": Divergent prices for Hardware.

AUDIT OFFICE, OTTAWA, October 9, 1893.

SIR,—Let me call your attention to the following items of expenditure in 1892-93 on the dredge "Winnipeg":—

Taylor, W. D., hardware broker, Winnipeg—

July: Cylinder oil, 44½ galls. at \$1.....	\$44 50
May: Best machinery cylinder oil, 41 galls. at 90c.....	36 90
July: 2-inch manilla rope, 440 lbs. at 16c.....	70 40

Wood, Geo. D., & Co., hardware merchants, Winnipeg—

Sept.: Capitol cylinder oil, 43 galls. at 65c.....	27 95
Nov.: 2-inch manilla rope, 992 lbs. at 12½c.....	124 00

Please give full descriptions of qualities and brands of these supplies, to explain the apparent discrepancies in the prices.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, December 4, 1893.

SIR,—Let me call your attention to my letter of October 9, 1893, asking for full descriptions of qualities and brands of certain rope and oil, purchased for the dredge "Winnipeg."

Please give the desired information at as early a date as practicable.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, January 25, 1894.

SIR,—Please let me have an answer to my letters of October 9 and December 4, 1893, asking for full descriptions of qualities and brands of certain rope and oil purchased for the dredge "Winnipeg."

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

OTTAWA, February 5, 1894.

SIR,—In answer to the Auditor General's letter dated October 9, 1893, regarding items of expenditure connected with the purchase of oils and rope, I beg to state the following :—

The price of oils used for machinery varies greatly according to quality.

1. Valvoline, the finest of oils, varies in price from \$1.60 to \$1 per gallon according to quality and locality where purchased.

2. Cylinder oil, which is supposed to be able to stand fire tests, is sold within the range of \$1.20 to \$0.60 per gallon according to quality and locality where purchased.

3. Best machinery oil can be obtained for \$0.45 to \$1 per gallon, according to quality and locality where purchased.

With regard to the rope, the price paid for 2-inch Manilla Rope depends a good deal upon the quality, and perhaps more upon the length of time it has been kept in stock, and also upon the length purchased.

In the case where 16 cents was paid, one coil and a fraction was purchased, and a greater price, therefore, had to be paid. In the case where 12½ cents was paid an even number of coils was purchased, and there was no loss to the merchant.

Hoping these explanations will satisfy the Auditor, and explain the apparent discrepancy in prices.

I am, sir, your obedient servant,

LOUIS COSTE, *Chief Engineer.*

The Secretary, Public Works Dept.

### Dredge "Winnipeg": Account paid twice on same day.

AUDIT OFFICE, OTTAWA, October 7, 1893.

SIR,—Let me call your attention to voucher No. 901 of Mr. Gouin's expenditure on Dredge "Winnipeg," being a payment of \$24.57 to Hooker & Co., of West Selkirk.

The first six items of this voucher, amounting to \$12.54, are included in voucher 903 for \$110.02 in favour of Mr. Hooker.

Mr. Gouin paid the two accounts on the same day.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

### Dredge "Mudlark": Additional Information required.

AUDIT OFFICE, OTTAWA, Sept. 15, 1893.

SIR.—Let me acknowledge receipt of your Application No. 160, for \$24,000, in favour of R. P. Rithet & Co., being purchase-price of Dredge "Mudlark" and plant, now offered to the Dominion Government.

I should like to be supplied with additional information as follows: (1) The probable price of a similar dredge and plant, newly constructed; (2) The approximate life of a new dredge, at such work as the "Mudlark" is expected to perform; (3) The age of the "Mudlark" at the present time; and (4) The number of years she may yet be expected to work.

## Auditor General's Report, 1892-93.

---

It will be observed that I interpret the wording of the Appropriation "New Dredge, "British Columbia," to mean provision for an additional dredge, and not necessarily for an unused one. The meaning is, however, somewhat doubtful. You perhaps will make it clearer for similar cases in future estimates.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

---

DEPT. OF PUBLIC WORKS, OTTAWA, October 16, 1893.

SIR.—I am directed to acknowledge the receipt of your letter of the 15th September, referring to the purchase of the dredge "Mudlark," and to state that all the points referred to in the second paragraph of your letter have been carefully inquired into and discussed by the Minister before the purchase was authorized, and that the replies to the several queries were sufficiently satisfactory to enable him to give the department authority to acquire that vessel.

I may further add that the Chief Engineer inspected that dredge personally when he was in British Columbia, and that his recommendations to the Minister were only made after such personal inspection and investigation.

I am, sir, your obedient servant,

A. GOBEIL, *Dy. Minister.*

The Auditor General.

---

AUDIT OFFICE, OTTAWA, Oct. 28, 1893.

SIR.—Let me acknowledge receipt of your letter concerning the purchase of the Dredge "Mudlark" from R. P. Rithet & Co.

I had no doubt that the transaction had undergone the usual examination of the Chief Engineer, and that the Department had full authority to purchase the Dredge.

As indicated in my letter of September 15, however, there is not enough information on the voucher to enable me to make to Parliament a report thereon satisfactory to myself.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

---

DEPT. PUBLIC WORKS, OTTAWA, Dec. 4, 1893.

SIR.—Having reference to your communication dated the 28th of October last, acknowledging the receipt of my letter respecting the purchase of the dredge "Mudlark" from R. P. Rithet & Co., and stating that, as indicated in your letter of the 15th September, there is not enough information on the voucher to enable you to make to Parliament a report thereon satisfactory to yourself: I am directed to say that we think we have given you sufficient information to enable you to issue cheque; and that, as we do not think we should give you any more, we ask you, if you persist in your objection, to report it immediately to the Treasury Board in accordance with sub-sec. (c) of sec. 32-49 Vic., chap. 29.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, December 4, 1893.

SIR,—The inclosed correspondence has taken place between the Public Works Department and the Audit Office, concerning the second-hand Dredge "Mudlark," purchased from R. P. Rithet & Co. in August, 1893, for \$24,000.

The proper course under the Audit Act is for the Department to appeal to the Treasury Board against my ruling; but the Department think differently, and are leaving the appeal for me to make.

The deadlock is indefinite: and Mr. Rithet is kept out of his money. I forward the correspondence to the Treasury Board, that they may be cognizant of a difficulty which is obstructing the public business.

I am, sir, your obedient servant,

The Secretary, Treasury Board.

J. L. McDOUGALL, A.G.

(This was withdrawn at the request of the Dept. of Public Works. J. L. McD.)

AUDIT OFFICE, OTTAWA, December 4, 1893.

SIR,—I am submitting to the Treasury Board, for their information, the correspondence about the purchase of the second-hand Dredge "Mudlark" from R. P. Rithet & Co. for \$24,000, including the letter of to-day's date, of which a copy is inclosed.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

(Telegram.)

VICTORIA, B.C., Dec. 6, 1893.

To A. GOBEIL, Esq., Deputy Minister of Public Works.

"Mudlark" was completed end December, 1890. Similar dredge, with 3 scows, spare parts, &c., and equipment all as purchased from Rithet, approximately \$35,000. With care and attention to repairs necessitated by ordinary wear and tear, should last 20 to 25 years. New one about same.

F. C. GAMBLE, *Assistant Engineer.*

NOTE by Auditor General.—The \$24,000 was paid Dec. 7, on receipt of this telegram from Mr. Gobeil.

### Art Gallery: Caretaker paid for Sundays'

AUDIT OFFICE, OTTAWA, April 17, 1893.

SIR,—Let me call your attention to voucher 74610, a payment of \$35 to Mr. L. M. Demers for services as Caretaker at the National Art Gallery for February, or 28 days at \$1.25.

Please give me your reasons for paying Mr. Demers for Sundays.

The voucher should carry the certificate of actual attendance prescribed for temporary employees by the Order in Council of October 9, 1891.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

## Auditor General's Report, 1892-93.

---

### Wm. Howe: Accounts not presented until several years old.

AUDIT OFFICE, OTTAWA, July 4, 1893.

SIR,—Let me acknowledge receipt of your Application No. 2 for \$281.61 in favour of Wm. Howe, for painting at the Ottawa Experimental Farm in June and July, 1891.

Mr. Howe's accounts are seldom rendered by him until some years after the performance of the work. An objection to this custom is, that the details are less clear in the memory of the officer who examines and certifies the voucher.

Please ask Mr. Howe to present before the end of the current month all of his bills against the Government to June 30, 1893. You might inform me when this has been done.

I should like to be supplied with an explanation of the method by which the Clerk of Works checks the time as charged in vouchers of this nature.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

PUBLIC WORKS DEPT., OTTAWA, July 11, 1893.

SIR,—In reply to your letter dated the 4th instant, acknowledging application No. 2 for \$281.61 in favour of Wm. Howe, for painting at the Experimental Farm, Ottawa, in June and July, 1891, I am directed to say that the works charged for in the account were done under the supervision of an officer of this department who is now dead; that as soon as the account was received, Mr. Breton, the present Clerk of Works, was instructed to measure the work, which he did, and found it to be correct and certified the account accordingly.

Mr. Howe has been asked to send in all accounts to the 30th.

I have the honour, &c.,

A. GOBEIL, *for Secretary.*

The Auditor General.

### Springtown: Apparently excessive rent.

AUDIT OFFICE, OTTAWA, Feb. 20, 1893.

SIR,—Let me call your attention to voucher 73479, received Feb. 16, for \$50 paid to M. Ryan, for 6 months' rent of service-ground at Springtown Boom, on the Madawaska River, at \$100 per annum.

I would like to be informed as to the area of the ground rented, and its capital value.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, May 8, 1893.

SIR,—In reply to your letter dated the 20th of February last, calling attention to the voucher for \$50 paid to Mr. Ryan for six months' rent of service-ground at Springtown Boom, on the Madawaska River, at \$100 per annum, I am directed to inform you that the Chief Engineer reports that the area of the ground rented, and of the lane occupied by the Government, is 5,676 square feet, and that its capital value may be placed at \$1,250.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General, Ottawa.

AUDIT OFFICE, OTTAWA, Sept. 8, 1893.

SIR,—Let me acknowledge receipt of your 138480, concerning the \$100 a year paid for rent of service-ground for the Springtown Boom.

You mention that the capital value of the land is \$1,250, and that its area is 5,676 square feet.

Please describe fully the special circumstances under which land in Springtown can be worth \$9,593.00 an acre.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, Oct. 5, 1893.

SIR,—Having reference to your letter of the 8th ultimo, respecting \$100 per annum paid in rental for service-ground for the Springtown Boom, and asking information in connection with the same, I have the honour to send you, herewith inclosed, a copy of a report on the matter by Mr. Geo. P. Brophy, Superintending Engineer of Ottawa River Works, which will doubtless afford you the information asked for.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

OTTAWA RIVER WORKS, OTTAWA, Apr. 4, 1893.

SIR,—In reply to your letter No. 42000, dated Feb. 25th last, inclosing Departmental Record No. 138480, being a communication from the Auditor General calling attention to voucher for \$50 paid to M. Ryan for six months' rent of service-ground at Springtown Boom, on the Madawaska River, and asking to be informed as to the area of the ground rented and its capital value: I would state that during the year 1878 a claim was made by the then owners of the property for compensation because of its being used by the lumbermen in connection with the passage of timber and logs through the Government Boom at Springtown, and the correspondence that then took place elicited the fact that the houses of the McCrea homestead were, during the season of navigation, exposed to a very much increased fire-risk, and it was therefore decided that the Government should pay the representatives of the late Edward McCrea the sum of \$100 per annum as rental as long as the property would be used for the purpose indicated, the claimants having asked \$150 yearly for the privilege.

The area of the point of land above high water mark and of the lane (all shaded red) on the accompanying sketch is 5,676 square feet. The total area of the McCrea homestead property, which includes the principal buildings affected and the point and right of way just referred to, and which may be seen on the sketch as bounded by the letters A. B. C. D., is 44,560 square feet.

I can put no capital value on this privilege unless it be on the following basis, viz.:

Total value of piece of land at the head of Springtown Boom (area say 44,560 square feet) together with dwelling-house, stable, barn, sheds and other buildings and improvements, \$2,500, which at 8 per cent would give a yearly value of \$200, which may be assumed by the occupants and apportioned as follows:—

Half by McCrea Estate . . . . .	\$100 00
Half by the Government service-ground . . . . .	100 00
	\$200 00

Inclosed is a copy of a letter to the Secretary of Public Works, dated May 7, 1878, which is in explanation of the proposed annual rent charge, and I may say that reasons therein given for this payment are as strong and valid to-day as they then were.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

GEO. P. BROPHY, *Suptg. Engr.*

## Auditor General's Report, 1892-93.

OTTAWA RIVER WORKS, OTTAWA, May 7, 1878.

SIR,—With reference to the accompanying letter from Mr. McDougall, M. P., touching the claim of Mrs. Edward McCrea for compensation for the use of a piece of land in connection with the working of the Springtown Boom on the Madawaska River, I beg to report that I have been in communication with the claimant and have visited the locality in question. The northerly end of the boom is attached to her property, and in having access to the works for operating the boom during the running season, workmen and others have to pass over the grounds and adjoining premises, subjecting the owner to considerable annoyance and exposing the house to a somewhat hazardous fire-risk.

Edward McCrea the husband of the claimant was, in his lifetime, boom-master at Springtown, and in consideration of holding that position made no claim for the use of the land and other privileges granted. Under existing circumstances I think the widow should be paid for the right of way at the rate of \$120 per annum from the time of his death, December, 1873, in full of all demands: it being understood that this annual rental shall accrue only during the time the boom is used by the public as at present; and further, that should the works be abandoned at any future time, Mrs. McCrea or her representatives will have no further claim for compensation than at the rate recommended during the actual period of occupation.

The accompanying sketch shows the position of the boom in relation to Mrs. McCrea's property, and the portion of service ground it is proposed to lease coloured yellow.

I may mention that the Springtown Boom is a very important work, and protects the Government improvements on the lower reach of the Madawaska, and have the honour to be, sir,

Your obedient servant,

GEO. P. BROPHY, *Suptg. Engr.*

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, January 26, 1894.

SIR,—Let me acknowledge receipt of your 144370, covering Mr. Brophy's report concerning \$100 a year paid for ground-rent of the Springtown Boom.

The value of the calculation is lessened by the number of arbitrary figures introduced: such as \$2,500 for land and buildings; 8 per cent, which is high for a Government which has obtained money at 4 per cent for several years; and a half and half division of the fire-risk, when the latter is calculated on the land itself as well as on the buildings.

As an example of what may be done with arbitrary figures in the other direction: if this rent be considered as perpetual, and be capitalized at 4 per cent, a usual Government rate, it amounts to \$2,500, the whole value mentioned by Mr. Brophy for land and buildings. The sixteen payments from 1878 to 1893, if discounted back to 1878 at 4 per cent, amount to \$1,212, or nearly the \$1,250 on which we are still paying.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

### Parliament alone can wipe out Public Debt.

AUDIT OFFICE, OTTAWA, April 26th 1893.

SIR,—I return herewith your Application No. 589 for payment of the two following accounts, chargeable to "Slides and Booms, Repairs:—"

John Harvey, Arnprior.....	\$355 82
J. R. Booth, Ragged Chute.....	379 80

Please make a separate application in favour of Mr. Harvey, whose account can be paid without delay.

There are standing against Mr. Booth, as by page F-61 of my last report, the two following sums :

Chaudière Boomage .....	\$12,433 62
With counter-claim .....	398 88

It is not for me to investigate now the merits of the counter-claim ; but I cannot pass the application for payment to him as long as these amounts are on the books as due.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, July 4, 1893. •

SIR,—In reply to your letter dated the 26th of April last *re* application No. 589 in favour of the following parties : John Harvey, Arnprior ; J. R. Booth, Ragged Chute, stating that the application in favour of Mr. Booth cannot be passed as long as the sums which are standing against him are on the books as due, I am directed to inform you that the accounts alleged to be due to the Government by Mr. Booth have been referred to the Public Accounts Committee, in order to obtain authority to write them off, and consequently should not be regarded as obstacles in the way of payment of any amounts due to Mr. Booth by the Government.

I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, *Secretary*.

AUDIT OFFICE, OTTAWA, July 24, 1893.

SIR,—Let me acknowledge receipt of your 140540, concerning the account of J. R. Booth for repairs to Ragged Chute Dam.

The fact that the arrears have been referred to the Public Accounts Committee, with the object of getting them written off, will not be sufficient to allow me to certify payment in the meantime. The account can be released only when favourable action is taken by Parliament on the report of the Committee.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Secretary, Public Works Dept.

### Kingston Dock : Steam Derrick already mortgaged.

AUDIT OFFICE, OTTAWA, July 27, 1893.

SIR,—Let me acknowledge receipt of your Application No. 822 for \$500 in favour of N. K. & M. Connolly, for a Steam Derrick and fixtures delivered to the Kingston Dry Dock.

As the Messrs. Connolly are not dealers in this line, it seems probable that the Derrick is one that was used by them in the construction of the Dock.

In a voucher for second-hand materials, the age and original cost are salient parts of the description. Please supply the omission in the present instance.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

## Auditor General's Report, 1892-93.

DEPT. OF PUBLIC WORKS, OTTAWA, July 31, 1893.

SIR,—On the 27th July, you acknowledge reception of application No. 822 for \$500 in favour of N. K. & M. Connolly, for a steam derrick and fixtures delivered to Kingston Dry Dock, and you state that in a voucher for second-hand materials, the age and original cost are salient parts of the description, and you ask the department to supply the omission in the present instance.

Your letter was referred to the Chief Engineer, who states that it is not in his power to give the age of the derrick in question, and that the original cost is only known to the person or persons who built it, and therefore he cannot supply your office with accurate information in that respect.

Mr. Coste, however, states that the derrick cannot have been built more than five or six years ago, and that the original price, in his opinion, cannot have been less than \$1,000, and adds that he is satisfied that the department has made a very good bargain by purchasing this derrick, which is a necessity for the Kingston Dock.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, August 2, 1893.

SIR,—Let me acknowledge receipt of your 143368, containing Mr. Coste's statement that the Steam Derrick, taken over from Messrs. N. K. & M. Connolly at Kingston, is about five or six years old.

Mr. Coste mentioned in conversation that the Derrick was one of those used in the construction of the Kingston Dock.

In the assignment of their Kingston plant as security in connection with the claims against themselves and others for over-payments at Esquimalt, Quebec and Lévis, the Messrs. Connolly include "all the Steam Derricks now or heretofore in use" at Kingston.

Accordingly, I do not think that we can pay them for the Derrick in question, as long as the assignment of January 26, 1892, is in force.

This objection occurred to me since my recent interview with the Chief Engineer.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

### Lévis Graving Dock: Insufficient Receipts.

AUDIT OFFICE, OTTAWA, February 20, 1893.

SIR.—Let me call your attention to voucher 73,495, received Feb. 16, being the December pay-list of the Lévis Graving Dock.

The wages of Nap. Lemelin and Theo. Chabot are receipted for by Foreman H. Lamontagne, and slips of this kind are attached in support thereof: "J'autorise M. Harry Lamontagne à retirer mon salaire." Authorities to draw pay and sign receipts should be made out only on the form prescribed by the Treasury Board, a copy of which I inclose.

It would be well, I think, to discourage as much as possible the practice of having any of the officers receive and sign for the wages of the men working under them.

The receipt of Mrs. Samson, for A. Samson's wages, should be supported by the regular form of authority.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, February 20, 1893.

SIR.—Having reference to your letter of the 20th inst., I have the honour to inform you that the Dockmaster of the Lévis Graving Dock has been notified respecting the manner of certifying pay-lists, and the inadvisability of having any of the officers receive and sign for the wages of the men working under them.

I am, sir, your obedient servant,

D. A. MACPHERSON, *Asst. Secy.*

The Auditor General.

### Esquimalt: Dockmaster Devereux acts as Agent for Paint Company.

AUDIT OFFICE, OTTAWA, November 20, 1893.

SIR,—Let me call your attention to two items in the expenditure for 1892-93 on "Esquimalt Graving Dock: Staff."

Cheque No. 859, of November, 1892, is for \$323.60, in favour of Suter, Hartmann & Ralitzer, for 10 cwt. of anti-corrosive and anti-fouling paint, for painting caisson and warping-buoys. The voucher is made out and received by "John Devereux, agent for "Suter, Hartmann & Co.," and the cheque is endorsed by Mr. Devereux with the same wording.

Mr. Devereux is the Dockmaster at Esquimalt, receiving a salary of \$2,000 a year. The paint-transaction has two irregularities: a formal irregularity under Section 14 of the Cons. Revenue and Audit Act, where a revenue officer receiving over \$1,000 a year as salary needs the permission of Council to exercise any other profitable calling or trade; and an essential irregularity, from the Dockmaster being interested in the transaction, and being unable therefore independently either to oversee the painting, or to certify the account.

There are payments to the National Tram Car Co. of \$51, for 300 round trips of Dockmaster Devereux from Victoria to Esquimalt and back. It is usual for an officer to reside at his place of work, or to pay the expense of getting there himself.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

CHIEF ENGINEER'S OFFICE, OTTAWA, November 27, 1893.

SIR,—The letter of the 20th November from the Auditor General, relative to certain payments made at the Esquimalt Dock during the fiscal year 1892-93, does not call for an answer; and while I submit that the Auditor General has not any right to information on the subjects to which he invites the attention of the department, I desire, for the information of the department, to place the following on record:

In the latter part of November, 1892, the Dockmaster of the Esquimalt Dock reported that he had received inquiries from ship-owners at Puget Sound, Belfast, Glasgow, Liverpool, Hull, the Canadian Pacific Railway Company and Hamburg, as to whether anti-corrosive quick-drying paints for iron ships' bottoms could be supplied at the Esquimalt Dock to vessels docked there. He further stated that for want of such paints, vessels had gone to San Francisco where the anti-corrosive paints can be obtained, and docked there, on account of the length of time it takes ordinary paint to dry, and the fact that it cannot be applied to wet metal, while the anti-corrosive quick-drying paints can, and in order to save two or more days' dockage.

The Dockmaster asked, in view of the above, to be authorized either to buy a stock of these paints, and sell it to vessel owners, or to act as agent for the patentees, selling it to vessels using the dock.

The correspondence was duly submitted to the department and the Dockmaster authorized to act as agent to the patentees on condition that the paints would only be

## Auditor General's Report, 1892-93.

sold by him to the vessels using the dock, and providing the patentees would agree to furnish storage room outside the Government property.

The anti-corrosive paint furnished by Suter, Hartmann and Ralitzer having always proved to be of a very excellent quality, Mr. Gamble purchased ten hundredweight of that paint for the painting of the iron caisson and warping-buoys at the Esquimalt Dock, and had to purchase it from the agent, Capt. Devereux; which explains why Capt. Devereux made out and receipted the voucher.

With all due respect to the Auditor General's opinion, this paint-transaction is therefore not irregular:

1. Because sect. 14 of the Cons. Revenue and Audit Act cannot be applied to this particular case;
2. Because the Dockmaster had nothing to do with overseeing the painting, or certifying to the account. This was done by Mr. Gamble.

With regard to the last paragraph of the letter of the Auditor relative to the payment of \$51 for 300 round trips of Dockmaster Devereux from Victoria to Esquimalt and back, I submit again that the Auditor has no right to find fault and to advance the theory that an officer in charge of a work usually resides at his place of work. The employer, that is, the Public Works Department, alone has the right to decide on that question.

I am, sir, your obedient servant,

LOUIS COSTE, *Chief Engineer.*

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, December 6th 1893.

SIR,—Let me acknowledge receipt of your 146392 of Dec. 2, covering Mr. Coste's report concerning the Esquimalt Graving Dock.

The car-fare of Mr. Devereux is an addition to his salary, just as it would be to any Ottawa employee; and Mr. Devereux may be considered a permanent officer, since his salary accrues all the year round, whether vessels are docked or not. The payment is therefore irregular, under section 51 of the Civil Service Act.

The paint-account, like most of the other Dock vouchers for 1892-93, is certified "Materials delivered, work performed, prices fair and just" by both Engineer Gamble and Dockmaster Devereux. The explanatory note "Painting caissons and warping-buoys, to prevent pitting," is in the handwriting of Mr. Devereux. If Mr. Gamble's certificate on all the vouchers means that he looks after all the work, then the certificate of Mr. Devereux appears superfluous. But if Mr. Gamble, while certifying all the vouchers, attended personally only a few selected transactions, the painting among the number—he, anyway, seems to have appreciated the fact that the combination of circumstances was at least delicate.

The prohibition in the Audit Act, of revenue-officers engaging in business, appears to have been based on two foundations: 1st, that the officer might neglect his duties, to find time for his trade; and 2nd, that some of his customers might happen to deal with him as a revenue-officer, and his impartiality be biassed, perhaps unconsciously. The present instance may be classed under the second head, with this variation: that all of his paint-customers have to pay him dock-revenue.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A. G.*

The Secretary, Public Works Dept.

### P. E. I. Telegraph: Voucher not certified.

AUDIT OFFICE, OTTAWA, Sept. 15, 1893.

SIR,—Let me acknowledge receipt of your Application No. 159 for \$973.33 in favour of the Anglo-American Telegraph Co., for subsidy to their line between Prince Edward Island and the Mainland, from Jan. 1 to June 30, 1893.

As in previous vouchers, there should be a certificate that the line has been in working order during the period in question.

Please mention why the certificate of Robert Keeley, a clerk in the Telegraph Branch, should be accepted for that of D. H. Keeley, the acting superintendent.

The Application and voucher are returned herewith.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, Oct. 27, 1893.

SIR,—Having reference to your letter dated the 15th ultimo, returning the application No. 159, for \$973.33, in favour of the Anglo-American Telegraph Company, for subsidy to their line between Prince Edward Island and the Mainland, from January 1st to the 30th of June, 1893, and stating that, as in previous vouchers, there should be a certificate that the line has been in working order during the above period, also asking to be informed why the certificate of R. Keeley is accepted for that of D. H. Keeley, the Acting Superintendent of the Telegraph Service: I am directed to inform you that none of the previous vouchers bear the certificate now asked for, and that that subsidy is paid, as we understand, in pursuance of the terms of the Confederation; that the signature of Mr. R. Keeley is on the voucher by permission of this department, owing to Mr. D. H. Keeley's absence on duty in the Lower Provinces.

I return to you the above application.

I am, sir, your obedient servant,

The Auditor General, Ottawa.

E. F. E. ROY, *Secretary*.

AUDIT OFFICE, OTTAWA, Nov. 2, 1893.

SIR,—Let me acknowledge receipt of your 145386 of Oct. 27, concerning the Application for \$973.33 in favour of the Anglo-American Telegraph Company for the half-yearly subsidy to their line, between Prince Edward Island and the Mainland.

Your voucher No. 21 of 1891-92, carries a certificate from Mr. Gisborne that the line was "in continuous operation during the year." As indicated in my letter of Sept. 15, to which yours of Oct. 27 is the reply, I shall need a certificate of the same meaning on voucher 159, again inclosed.

Article 7 of the Terms of Confederation reads: "That the Dominion Government shall assume and defray all the charges for the following services:—Sub-sec. K—The maintenance of telegraphic communication between the Island and the Mainland of the "Dominion." There is nothing said about the Anglo-American Co., and payment to them can be made only on services rendered.

Mr. D. H. Keeley's authority to certify vouchers on behalf of Mr. Gisborne was the subject of an Order in Council of July 12, 1889. [See your letter No. 100117.] The service is of equal responsibility now, and any substitute for Mr. D. H. Keeley should be designated in the same way.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

DEPT. OF PUBLIC WORKS, OTTAWA, Nov. 25, 1893.

SIR,—In reply to your letter dated the 2nd instant, acknowledging my letter of the 27th ultimo, respecting the Anglo-American Telegraph Company's account for the half yearly subsidy to their line between Prince Edward Island and the Mainland, and stating that voucher No. 159 should be certified in the same manner as voucher No. 21

## Auditor General's Report, 1892-93.

of 1891-92: I am directed to send to you herewith inclosed, copy of a memo. from the Acting Superintendent of the Telegraph Service, upon the subject.

I return to you the application above referred to.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

DEPT. OF PUBLIC WORKS, OTTAWA. Nov. 22, 1893.

*Memorandum.*—It will be found that the certification, as to the line having been in operation, on any one of the Anglo-American Telegraph Company's bills, has reference to the telegraph between Cape Ray and Port au Basque in Newfoundland. That line was built for the Government by the company, and as the Government pays the interest on the cost of construction that kind of certification is properly called for. The conditions under which the Federal subsidy is paid—a transaction not necessarily connected with the Telegraph Service of the Dominion Government in any way—is entirely different, and has no relation to any telegraph line constructed for or granted in the interest of the Dominion Government; and if any such certification as mentioned was furnished by the late Superintendent, I believe it was due to a misapprehension of the requirements of the case.

D. H. KEELEY, *Actg. Supt. Tel. Service.*

DEPT. OF PUBLIC WORKS, OTTAWA, Dec. 20, 1893.

SIR,—Having reference to your communication dated the 2nd ultimo, acknowledging my letter of the 27th October last, respecting the application for \$973.33 in favour of the Anglo-American Telegraph Company for the half-yearly subsidy to their line between Prince Edward Island and the Mainland, I am directed to send to you herewith an account certified as requested, and to ask you to return to us the one attached to the certificate.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, January 26, 1894.

SIR,—Let me acknowledge receipt of your 145826, stating that you now send to me an account certified as requested.

The new certificate is signed by Mr. D. H. Keeley, and reads: "The certification of this bill by the Clerk of the Executive Council establishes the fact of the existence in operation of the telegraph for which the subsidy is intended. The bill is therefore payable."

This is in no sense the certificate asked for by me, and is no approximation thereto. The officer under whose charge the service is, that is to say, some Dominion or Provincial officer with knowledge of the facts, should assume the responsibility of stating that the line was worked for the whole period in question.

The present certificate "Certified for payment—Arthur Newbery, Clerk of Executive Council" does not convey the notion required.

The application and the two vouchers are returned to you herewith.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

TELEGRAPH BRANCH, OTTAWA, February 8, 1894.

SIR,—*Re* the Anglo-American account, I saw Mr. Gobeil on returning from your office on Tuesday. He thinks that what has already been conveyed in your letters will enable us to obtain from Prince Edward Island the kind of certificate required, and is writing Mr. Jarvis to that end to-day. You might please let the matter stand until it is seen what the result of this action will be.

I am, sir, yours faithfully,

The Auditor General.

D. H. KEELEY, *Actg. Supt.*

### Telephone Line : Shippegan to Point Miscou.

AUDIT OFFICE, OTTAWA, February 11, 1892.

SIR,—Let me acknowledge receipt of your Application No. 464 for \$810 in favour of the St. Lawrence Lumber Co., for balance of subsidy for construction, maintenance and operation of a telephone line from Shippegan to Point Miscou.

The certificate on the voucher is "Account certified correct in accordance with contract. Work duly performed and completed, as per report of inspection, dated December 22, 1892." The inspector's original report should be attached to the voucher; and the price should be certified "fair and just," unless tenders were called for by advertisement.

I should like to see the contract itself, with reference to the clauses providing for maintenance and operation.

It would be well to get "Telephone Lines" recognized in the wording of the Supply Bill. At present, I do not think they can be paid for out of any votes for "Telegraphs."

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, March 9, 1893.

SIR,—Let me acknowledge receipt of your 138289, concerning the claim of the St. Lawrence Lumber Co.

The extracts from the contract (returned herewith) contain no reference to the maintenance of the line, further than that the Contractors "agree to construct and operate a telephone line." Is any penalty provided in case of failure?

The vote of \$4,000 should first be charged with the value of all the materials which have been supplied by the Government, before the payment of any balance is made to the Contractors. Please apply for the necessary transfer-entry.

The rates at which the materials are given out should be certified explicitly as "fair to the Government"; and for the larger items of second-hand supplies, the original cost should be mentioned, and the length of time during which the articles have been in use.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

### Pelee Island: Unsatisfactory Vouchers.

AUDIT OFFICE, OTTAWA, November 18, 1893.

SIR,—Let me acknowledge receipt of your Application No. 339 for \$545.63 in favour of F. B. Hackett of Amherstburg, for services of tug "Home Rule" 9 days at \$50, and \$95.63 for workmen, repairing Pelee Island cable.

## Auditor General's Report, 1892-93.

The voucher is made out in the handwriting of Mr. D. H. Keeley, the officer who certifies it. Please send me as usual, the original voucher made out by the creditor, and sub-vouchers for the four payments to workmen.

The Application is returned herewith.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

DEPT. OF PUBLIC WORKS, OTTAWA, November 22, 1893.

### *Memorandum re Telegraphs :*

I have to protest that this objection is unwarrantable, and calculated to hamper my efforts to conduct the business of the office in a satisfactory way.

I promised Capt. Hackett and the men employed that I would request an immediate remittance from the department on my return to Ottawa, and to this end I made out the bill myself at Amherstburg on a Sunday evening in order to ensure that what was billed was in accordance with what was mutually agreed upon. I have on more than one occasion made out bills "in my own handwriting," and I beg to recommend that the acceptance of this one will be insisted on, and that remittance may be made forthwith to cover it. The bill was presented in duplicate, and a long explanatory certification is affixed to the original of the two.

D. H. KEELEY,

*Acting Superintendent Telegraph Service.*

AUDIT OFFICE, OTTAWA, December 4, 1893.

SIR,—Let me acknowledge receipt of your 146235, covering Mr. Keeley's report concerning the account of Capt. F. B. Hackett.

I am passing the account, as the result of an oral arrangement with Mr. Keeley, wherein were explained to him at full length the reasons for the general regulation that a voucher ought to be in the handwriting of the creditor, rather than in that of the Government officer who examines and certifies it.

This arrangement was made before the receipt of your letter inclosing Mr. Keeley's memorandum; and I understood that that gentleman admitted the force of the reasoning, and was prepared to comply with the regulation in future.

A similar difficulty had arisen, and the same explanation was made to Mr. Keeley, in a transaction which occurred some time before his interview with Capt. Hackett at Amherstburg, when he drafted the Captain's bill in order to ensure the correctness of the items. It would have taken perhaps five minutes to get Capt. Hackett to copy the draft in his own hand-writing, to show that he himself made the claim as calculated.

I understand that Capt. Hackett is to present receipts for the four items of payments to workmen, amounting to \$67.88, after he pays them from the cheque now going through. In dealing with an outsider, this arrangement appears unusually imprudent. Either a drawback should be held from the main creditor until he completes his sub-vouchers, or separate cheques should be issued directly to the workmen. Please see that one of these courses is followed in future similar instances.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, January 25, 1894.

SIR,—I do not find that receipts have come to hand in this office for the sums to be paid to workmen by Capt. Hackett of Amherstburg for repairing the Pelee Island cable. Please let me know whether the receipts have reached your department.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

### Telegraphs, N. W. T. : Pay-lists delayed.

AUDIT OFFICE, OTTAWA, February 17, 1893.

SIR,—Among some vouchers received from your department yesterday, I find an acquitted pay-list for "North-west Telegraphs" for August, 1892.

The cheque to cover this pay-list is stamped by the Bank of Montreal at Winnipeg "Sept. 7, 1892."

Please ascertain from Supt. Hartley Gisborne his reason for delaying the return of the acquitted pay-list to Ottawa for so long a time; and ask him to take any steps which may be necessary to prevent a similar delay in the future.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, *A.G.*

QU'APPELLE STATION, N. W. T., CANADA, March 2, 1893.

SIR,—Referring to your letter of the 22nd ultimo *re* delay of received vouchers for August, 1892.

These vouchers were not paid until my return from my inspection tour about the 10th October, 1892. It takes from three weeks to five, according as the letter catches the fortnightly mail or not, to reach some of the outposts, and sometimes the repairers or sub-agents do not get the mail in time to answer it immediately, being out on the line repairing. Then there is a further delay of two weeks before posting the received vouchers to me; then sometimes the parties to whom the amounts are owed do not turn up at their dwelling-places for weeks, so the agents cannot pay them their account. All these cause delays.

I will try and get them in quicker, but of necessity they cannot be returned with the same promptness that you can do in the east with your daily mails.

Yours faithfully,

The Acting Supt., Govt. Telegraphs.

HARTLEY GISBORNE, *Dist. Supt.*

### Telegraphs : Pay-lists and accounts not properly certified.

AUDIT OFFICE, OTTAWA, January 3, 1893.

SIR,—Let me call your attention to the fact that the vouchers sent by Mr. Hartley Gisborne, for Maintenance of Telegraph Lines in the North-west Territories are not certified "Work performed," "Materials received" and "Prices fair and just," as required by Section 33 of the Audit Act. Please get this omission rectified as soon as possible.

I am, sir, your obedient servant,

The Secretary, Public Works Dept

J. L. McDOUGALL, *A.G.*

## Auditor General's Report, 1892-93.

PUBLIC WORKS DEPT., OTTAWA, January 10, 1893.

SIR,—I am directed to acknowledge the receipt of your letter dated the 3rd instant, calling attention to the fact that the vouchers sent in by Hartley Gisborne for the maintenance of telegraph lines in the North-west Territories are not certified according to law, and asking that the omission be rectified as soon as possible; and to inform you that instructions have been given accordingly.

I am, sir, your obedient servant,

E. F. E. ROY, *Secretary.*

The Auditor General.

AUDIT OFFICE, OTTAWA, January 3, 1893.

SIR,—Let me call your attention to the fact that the vouchers sent in by Messrs. A. Lebourdais, Edwin Pope, and Edward Pope, and by the Western Union Telegraph Company for maintenance of Telegraph Lines in the Lower St. Lawrence and Maritime Provinces, are not certified "Work performed," "Materials received," and "Prices fair and just," as required by section 33 of the Audit Act. Please get this omission rectified as soon as possible.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, June 30, 1893.

SIR,—I am passing your Application No. 735 for \$675.43 in favour of the Canadian Pacific Railway Co., being the expense of operating the Cape Beale and Cariboo telegraph lines for April, 1893.

Please call the Company's attention to the absence from their vouchers of the certificates prescribed by Section 33 of the Audit Act: "Work performed; materials supplied; prices fair and just." These certificates will be needed for future payments.

I am, sir, your obedient servant,

FREDERICK HAYTER, *for Auditor General.*

The Secretary, Public Works Dept.

### Public Works Agency, B. C.: Expenditure for 1892-93.

AUDIT OFFICE, OTTAWA, December 4, 1893.

SIR,—Let me call your attention to some items in your expenditure of 1892-93 on "Public Works Agency, British Columbia."

"Engineer," 2 years, \$20; "Iron Age" and "Metal-Worker," 2 years, \$12.50; "Colonist," 1 year, \$13. The Order in Council of July 14, 1891, makes the authority of the Minister necessary for newspapers supplied to outside offices. It is usual for a Minister to put his initials on the vouchers, to show that this authority has been given. Please have this done for future subscriptions.

J. P. Burgess, carpentering, 33½ days at \$4, and \$83.02 materials. Sehl-Hastie-Erskine Co., furniture, carpets and repairs, \$367.85. These should have been charged to the vote for "Repairs to Public Buildings," instead of to that for "Agency in British Columbia." The charge to "Agency" has exempted them from the scrutiny of Mr. Fuller or Mr. Ewart, who examine all the other vouchers for repairs and furniture.

J. H. Brownlee, 3 maps of B. C. \$10.50; Robt. Jamieson, stationery, \$29.10; J. A. Kirk, map of New Westminster Dist., \$17.50; Williams Co., B. C. Directory, \$5. These purchases should have been controlled by the Stationery Office. Please draw Mr. Gamble's attention to the necessity of making requisitions for similar supplies in future.

R. T. Williams, binding in 1888-89, 15 volumes of "Engineering," \$25.50. All binding should be regulated by the Queen's Printer: see the "Act concerning the Department of Public Printing and Stationery." There should be an explanation of the delay in presenting the account for payment.

A. V. Barber, 40 copies of form of "Tenders for Supplies to Dredge Vessels," June 16, 1892, \$4. Miss Barber was then a permanent clerk in the Victoria Post Office. The payment was irregular, under Section 51 of the Civil Service Act, and should be refunded.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A. G.

RESIDENT ENGINEER'S OFFICE, VICTORIA, B. C., Dec. 19, 1892.

SIR,—I have the honour to acknowledge the receipt of your letter of the 12th instant, enclosing for explanation a letter from the Auditor General calling attention to some items in the expenditure of 1892-93 on "Public Works Agency, B. C."

1st. Regarding the subscriptions to newspapers, this is the first intimation I have had that the payment of subscriptions to newspapers by me was irregular. The *Colonist* has been taken since 1880 by this department, and paid first out of the appropriation "Agent and Contingencies," and afterwards out of "Public Works Agency, B. C." I will in another letter apply for the Minister's authority to subscribe to the papers under reference.

2nd. J. P. Burgess, carpentering, 33½ days at \$4, and \$83 materials. Sehl-Hastie-Erskine Co., furniture, carpets, &c., \$367.85. These items were charged to "Public Works Agency, B. C." because I was of the opinion that it was more regular, my office being no longer in a public building but in rented rooms. It might be inferred from the Auditor General's remarks that it was an object to exempt these accounts from the scrutiny of Mr. Fuller or Mr. Ewart. I am not aware of any reasons why I should fear the scrutiny of either of these gentlemen. The insinuation is uncalled for, as the accounts, although they have been before the Chief Engineer, can still be submitted to Mr. Fuller and Mr. Ewart for scrutiny.

3rd. J. H. Brownlee, 3 maps of B.C., \$10.50; R. Jamieson, stationery, \$29.10; J. A. Kirk, map of New Westminster District, \$17.50; Williams & Co., B.C. Directory, \$5. The maps of B.C. were purchased to send to the Department, by request. The map of New Westminster District was necessary for the purposes of report. I was not aware that it was necessary to purchase these through the Stationery Department. I am often asked for a report which requires the latest map, and if I had to wait until the Stationery Department was communicated with, the delay would be vexatious. The distance is so great that permission might with advantage be granted to me to make such trifling purchases as maps, in the province. The purchases made at Jamieson's were also trifling, such as ink, mucilage and toilet-paper. In one or two instances, in a case of emergency, foolscap and tracing-cloth were bought there. In the future, however, under every circumstance, requisition will be made.

4th. R. T. Williams, binding, in 1888-89, 15 volumes of "Engineering." These volumes are the property of the Government for the use of the Resident Engineer, whoever he may be, for the time being. The delay in payment was simply the fault of Mr. Williams who neglected to send in his account.

5th. A. V. Barber, 4 copies of form of "Tender for Supplies to Dredge Vessels," June 16, 1892, \$4. Miss Barber very kindly, at a time when I was busy, consented to make these copies for me after office hours, for which I paid her the very reasonable sum of \$4, and which she was justly entitled to. It would be most undignified to request Miss Barber to refund the amount. I will, to-morrow, pay the \$4 to the credit of the Receiver General.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.

F. C. GAMBLE, Resident Engineer.

## Auditor General's Report, 1892-93.

---

### D. A. McLaughlin: We do not know what his prices include.

AUDIT OFFICE, OTTAWA, Feb. 20th, 1893.

SIR,—Let me call your attention to voucher 73551, received Feb. 16, for \$98.35 paid Mr. D. A. McLaughlin for 146 Blue Prints and 54 Photographs as detailed in eleven bills.

The certificates of delivery are made by Mr. Coste, Mr. Taylor, Mr. Billings or Mr. Watts. Messrs. Coste, Taylor and Billings certify the prices: Mr. Watts does not. Please get the certificate "Prices fair and just" made on all of Mr. McLaughlin's vouchers for 1892-93 which do not already carry it.

It would ensure uniformity in the taxation of rates if this part of the examination were left in the hands of some one person, the one best qualified.

I should like to be informed of the details of your arrangement with Mr. McLaughlin: that is, how much of the materials and instruments does he contribute, in addition to his time?

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, Dec. 5, 1893.

SIR,—Please let me have an answer to my letter of Feb. 20, 1893, concerning the payments to Mr. D. A. McLaughlin for Blue Prints and Photographs, wherein I asked how much of the materials and instruments he contributes, in addition to his time.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

AUDIT OFFICE, OTTAWA, Jan. 25, 1894.

SIR,—Please let me have an answer to my letters of Feb. 20 and Dec. 5, 1893, concerning the payments to Mr. D. A. McLaughlin for Blue Prints and Photographs, wherein I asked how much of the materials and instruments he contributes, in addition to his time.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

## Report of J. W. Reid on certain items of Expenditure by the Public Works Department on account of Public Buildings at Regina.

My attention having been drawn by the advances made on account of Public Works by the Lieutenant Governor of the North-west Territories to certain items of the Public Works Expenditure at Regina, I beg to submit the result of my inquiries into the same.

### *Fencing Accounts—Government House.*

In the summer of 1890, the works of inclosing the Government House grounds with a wire fence was undertaken by Mr. H. J. Peters, the then Clerk of Works. He appears to have made agreements with J. A. MacCaul to furnish the lumber required, with the Smith & Fergusson Co. to furnish the wire fencing, and with D. McCarthy to perform the labour of putting up the fence. Statement No. 1 is a copy of MacCaul's agreement for the lumber. I have not copies of McCarthy's tender, nor of that of the Smith & Fergusson Co., but I think that McCarthy's tender for the labour was at 2½ cents per foot for fencing, and that Smith & Fergusson's original figure for the wire fencing was 95 cents per rod, which was subsequently increased to \$1 per rod. At different times the following advances were made by the Lieutenant Governor, on account of the work on the fence, out of the moneys voted for Government in the North-west Territories:—

July 4, 1890—D. McCarthy.....	\$200 00
Aug. 20 “ R. B. Aldous.....	52 00
Sept. 16 “ R. G. Gordon.....	20 00
Nov. 4 “ J. A. MacCaul.....	250 00
“ 4 “ Smith & Fergusson.....	250 00
Total.....	\$772 00

In the fall of 1890, an account was rendered to the Public Works Department in favour of J. A. MacCaul for \$1,971.50 for the fence at Government House. Statement No. 2 is a copy of this account, which was paid by Receiver General's cheque No. 15862 of November 19, 1890. McCaul had not tendered for the whole work of erecting the fence, but only for the supply of the lumber required; the account rendered however is intended to include the whole cost of the fencing, and was made out by MacCaul at the request of Mr. Peters. MacCaul got the proceeds of this cheque and distributed it as follows:—

J. A. MacCaul, balance of account.....	\$563 69
Smith & Fergusson Co., balance of account.....	437 56
D. McCarthy, balance of account.....	46 16
R. G. Gordon do.....	8 75
Refunded to North-west Government for advances.....	772 00
H. J. Peters, to pay Aldous's and other accounts.....	143 34
Total.....	\$1,971 50

Statements Nos. 3, 4 and 5, are copies of the accounts of MacCaul, Smith & Fergusson and Gordon respectively. It will be noticed that MacCaul received 25 cents for the cedar posts and \$25 and \$23 for the lumber, as well as being allowed for cartage, while his tender offered cedar posts at 22 cents and lumber at \$22 per M., including delivery. He explains this by saying that the lumber supplied was obtained from the coast, instead of from the mountains, and as it was of a better quality than he originally tendered for he was allowed a higher price. I found among Mr. Peters's papers an account of MacCaul's for \$755.42, being the first part of the fencing account shown on Statement No. 3. This account appears to have been reduced by Peters, in accordance with the figures of the original tender, to \$650.34, and bears a pencil note in the handwriting of Mr. Peters "paid as corrected, 19 Nov., 1890." I was unable to get a statement of McCarthy's account, as he now resides at Edmonton, and MacCaul could not find a copy of it. The balance of \$8.75 due R. G. Gordon, was not paid him directly by MacCaul, but was credited to an account that MacCaul had against him. I have already spoken of the \$772 to be refunded by McCaul, in my report on the advances made by

## Auditor General's Report, 1892-93.

the Lieutenant Governor. I was unable to ascertain anything of the disposal of the \$143.34 which was returned to Mr. Peters by MacCaul.

*Expenditure during 1891-92 on account of Lieutenant Governor's Residence and New Government Offices, Regina.*

Statement No. 6 is a statement showing all the payments during the fiscal year 1891-92 made by the Public Works Department on account of the new Lieutenant Governor's residence and the Government offices, as well as the payments made during the same period by the Lieutenant Governor for similar services.

The first of these payments that requires any comment is that marked No. 3, an advance of \$450.51 to F. H. Peters, by the Lieutenant Governor. Mr. F. H. Peters was away from Regina so that I was unable to get any information from him with regard to this advance; however, I was led to infer from papers found in the office of the Public Works Department at Regina, as well as from the similarity of this advance to the advances to W. T. Mollard, referred to below, that this money was only nominally advanced to F. H. Peters, and that it was H. J. Peters, Clerk of Works, who received and distributed the proceeds of this cheque.

The next payment to be commented upon is No. 5, another advance to F. H. Peters by the Lieutenant Governor of \$825.56. This advance is evidently of the same nature as the one already spoken of and seems to have been really an advance to H. J. Peters.

Payment marked No. 11 is an advance of \$808.80 to W. T. Mollard by the Lieutenant Governor, for work on roads, sidewalks, &c. Mollard knows nothing of this advance and did not receive the proceeds of the cheque nor any part of them, except any payment made to him for his wages as foreman carpenter. He has no recollection of signing the cheque nor receipt, although he remembers Peters bringing him certain papers to sign, which he thought was an order or requisition to the Lieutenant Governor to advance money to pay the men. This appears really to have been an advance to Peters, who obtained and distributed the money.

Payments Nos. 18 and 19, of \$200.40 and \$199.70 respectively, to J. A. Kerr, for vault doors for the Council Chamber and Government offices require some explanation. No accounts were received in support of these payments by the North-west Government, but the accounts were sent the Public Works Department when payment was asked through that department.

These two accounts may be combined as follows:—

Two vault doors with vestibule doors at \$185.....	\$370 00
Teaming from station.....	2 50
35 hours mason's work at 50 cts.....	17 50
35 hours laborers' work at 20 cts.....	7 00
4 pecks cement, \$3.00; 2 bushels sand, 10 cts.....	3 10
Total.....	\$400 10

The account as taken from Mr. Kerr's books is as follows:—

To two vault doors.....	\$310 00
“ Teaming.....	2 50
“ Shelving two vaults.....	59 60
“ Putting up two doors.....	28 00
Total.....	\$400 10

Of this amount of \$400.10 only \$312.50 was due Kerr actually, the balance of \$87.60 being paid by Kerr to Chas. Willoughby, who put the doors in place. This amount of \$87.60 paid to Willoughby was included by Kerr in his account at the request of Mr. Peters. It was also at Mr. Peters' request that Mr. Kerr rendered his accounts in the first of the above forms which, it will be noticed, does not mention the shelving which appears in the second form of the account. Mr. Willoughby has only \$28 of the \$87.60 credited in his books, that being the amount due him for placing the doors in position; the balance of \$59.60 for shelving the vaults, he paid back to Mr. H. J. Peters.

Payment No. 24 is an advance by the Lieutenant Governor to Chas. Willoughby of \$60 on account of work. Willoughby denies receiving the proceeds of this cheque, but states that he endorsed it and handed it to Mr. Peters at his request.

Payments Nos. 32 and 33 of \$175 and \$36 to W. T. Mollard, as advances for pay of men and charwomen, are of the same nature as payment No. 11 and are properly chargeable to H. J. Peters.

Payments Nos. 35 and 36 of \$7.50 and \$44.94 to W. T. Mollard, for repairing pump and for making storm porches, require some explanation. Mollard states in his evidence that the only claim he had in connection with these works was for his wages as carpenter, employed by the day, and that he had nothing whatever to do with the material supplied. These accounts were made out and put in, in his name, without his knowledge or authority. The accounts as rendered are in Peters's handwriting, who appears to have made them up from the accounts of the different tradesmen and artisans. Peters also seems to have received and distributed the proceeds of the cheque.

Payments Nos. 39 and 40 to W. T. Mollard, of \$155, for removing ice-house, and of \$79.67, for making a wine cellar, are also of the same nature as those just discussed.

Payment No. 41, Adam S. Ross, plastering, &c., \$43.21, I could learn nothing about this account, although the cheque seems to have reverted to Peters, it bearing his endorsement.

Payment No. 42, D. McCarthy, vegetable cellar. This account seems to be of the same nature as the Mollard accounts referred to above, and appears to have been made up by Mr. Peters, who received and distributed the proceeds of the cheque.

Payment No. 44, F. H. Peters, \$28.46, for shelving in vault at Government House. This is also probably one of H. J. Peters's composite accounts, but I was unable to determine anything definite with regard to it on account of the absence of F. H. Peters.

Payment No. 45, of \$20.35, to Adam S. Ross, also appears to be a composite account. Ross' original account was for \$12.41, to which Peters seems to have added \$7.94 by increasing the rate charged for 125 bricks from \$12.50 to \$14 per M., and by adding two items as follows:—

Carpenter, 22½ hours at 30 cts.....	\$6 75
McKell, teaming.....	1 00

The cheque for the payment of this account bears Peters's endorsement.

Payment No. 53, J. A. Kerr, hardware, \$202.36. This account was previously settled by Peters, who paid Kerr the amount (\$202.36) on or about October 17, out of moneys advanced by the Lieut.-Governor: Kerr has no entry of this cheque in his books which was endorsed and evidently returned to Peters.

Payment 54, J. A. MacCaul, \$137.15. Of this amount \$111.96 seems to have been returned to Peters who had already paid MacCaul that amount out of the advance of \$808.80 already referred to in October, 1891. I could not determine whether the amount then paid MacCaul was \$111.96 or \$123.56, however MacCaul seems to have returned \$111.96 out of the cheque now under discussion.

Payment 55, Chas. Willoughby, \$517.39, Willoughby had already been paid \$336.05 on this account on October 17, 1891 out of the advance of \$808.80. Of this cheque he appears to have only received \$181.35, the balance of \$336.04 being retained by Peters on account of the amount already paid.

Payment No. 60, F. H. Peters, \$53.64 for ladder, cover to well, etc. This is one of the composite accounts made up by Mr. H. J. Peters who received and distributed the proceeds of the cheque.

Payment No. 72 of \$24.40 to J. McGuirl, for two desks for the Council Chamber. This is for the same account as was paid by North-west Government cheque of May 19, for \$21.60. The account in support of this payment is in Mr. Peter's handwriting. I am unable to determine the cause of the difference in the amounts of the two payments. This cheque of \$24.40 appears to have reverted to Peters, McGuirl just receiving the proceeds of the first cheque.

Payment No. 73, J. K. Riddall, \$16.50 for painting door labels. This account had been already paid by North-west Government cheque No. 1459 of January 30th (see

## Auditor General's Report, 1892-93.

payment No. 49). Riddall knew nothing of this second cheque, and did not remember even endorsing it.

Payment No. 75, P. Lamont, electric bells, \$217.75. This account was paid by North-west Government cheque No. 1436 of January 20, (see payment No. 48). Lamont received this second cheque and notified Peters of his having received it, he endorsed it and gave it either to Peters or to L. O. Bourget, Accountant of the North-west Government, but thinks it was to Peters he gave it.

Payment No. 76, E. B. Read, file boxes, etc., \$110.02. This account had already been paid by North-west Government cheques Nos. 512 and 856 (see payments Nos. 7 and 15). The cheque seems to have reverted in the first place to Peters.

Payment No. 77, Smith & Fergusson Co., stoves, \$190.10. This account also had been previously paid by North-west Government cheques Nos. 1052 and 1866 (see payments Nos. 25 and 68½). The book-keeper of the firm knew nothing of this payment nor was there any entry of it in the firm's books. The cheque appears to have been returned to Peters after being endorsed.

Payment No. 80 of \$533.85 to J. A. Kerr for hardware, etc. Of this amount \$400.10 was for the vault doors account, already settled by North-west Government cheques Nos. 896 and 897 of November 17. These payments have been already discussed under payments 18 and 19. Peters brought this cheque for \$533.85 to Kerr and told him it was only part for him as he had already been paid \$400.10 on the account. Kerr accordingly endorsed it and returned it to Peters who evidently cashed it and deposited \$133.75 of the proceeds to Kerr's credit in the Bank of Montreal.

Payment No. 83, Regina Electric Light and Power Co., \$320.25 for installing lights in the Government Offices. Payment of this account had previously been made by North-west Government cheque No. 1816 of May 4, (see payment No. 67). The first knowledge the Manager of the Electric Light Co., had of this cheque was when it was brought in to him from the Bank of Montreal for endorsement.

Payment No. 84, R. B. Fergusson, furniture, &c., \$1,733.05. Advances had already been made to Mr. Fergusson, on this account by the Lieut. Governor as follows:—

Nov. 5, Cheque 855, Payment 14.....	\$362 00
Dec. 1, Cheque 904, Payment 22.....	100 50
do Cheque 995, Payment 23.....	345 00
Dec. 21, Cheque 1075, Payment 30.....	281 75
do Cheque 1076, Payment 31.....	140 05
	\$1,229 30

This left a balance due Fergusson of \$503.75. Peters took the cheque for \$1733.05 to Fergusson and prevailed on him to endorse it which he did on Peters promising to deposit the balance due him in the Bank. Peters deducted \$2.50 from the account for goods returned and deposited the balance of \$501.25 to Fergusson's credit, retaining the amount of \$1,231.80 for other purposes.

### *Mounted Police Buildings, Maple Creek.*

In July, 1892, a cheque for \$1,366.95 was issued in favour of T. C. Power & Bro. of Maple Creek, in payment of two accounts for lumber and hardware, viz., one of \$684.77 for material for the Hospital at Maple Creek and one of \$682.18 for supplies for Divisional out-posts. I learned from J. A. MacCaul of Regina that this lumber or by far the greater part of it was supplied by him. Mr. Peters had arranged with MacCaul direct to supply the lumber for the Maple Creek works, and MacCaul accordingly shipped two carloads there consigned to the Officer commanding at Maple Creek, and rendered his accounts for the same. As far as this lumber was concerned Power & Bro. seem to have had nothing whatever to do with it and MacCaul did not know how their name comes into the accounts. Instead of the accounts being rendered to the Department in MacCaul's name, they came in the name of T. C. Power & Bro. and included some hardware supplies, as well as MacCaul's lumber. As to whether this hardware was actually supplied by Power or not, I could ascertain nothing. Peters seems to have got the money from Power to pay MacCaul's account. He then went to MacCaul and asked him what allowance he would make for cash. MacCaul agreed to allow 5 per cent

off the amount coming to him for cash payment. Peters accordingly settled the account on that basis. Of this 5 per cent Peters seems to have allowed Power & Bro., half or 2½ per cent on the account, the balance being probably retained by him. The Government does not seem to have profited by this discount as the prices paid for the lumber are the same as those originally charged by MacCaul. Exhibit No. 82 in MacCaul's evidence is a copy of MacCaul's account for this lumber taken from his books. From this it would appear that the account was settled as follows :

Amount of account.....	\$1,220 60
Less freight charges, &c.....	222 94
	-----
5 p. c. discount.....	\$ 997 66
	49 86
	-----
Cash paid MacCaul.....	\$ 947 80

*Repairs at Government House, 1892-93.*

In October last Chas. Willoughby rendered an account to Mr. Peters, Clerk of Works, for the amount of \$11.12 for repairs at Government House. The items making up this account were as follows :—

18 hrs. carpenter work (tank), at 30 cts.....	\$ 5 40
Opening safe.....	1 00
Stonemason's work.....	4 00
16 ft. clear lumber for tank at \$45.....	0 72
	-----
	\$11 12

The account so rendered was returned by Peters to Willoughby with the following written below it to indicate the way Peters wanted the account made out :—

25 hrs. carpenter work at 30 cts.....	\$ 7 50
Mason, 10 hrs. at 45 cts.....	4 50
1 bucket mortar.....	0 50
16 ft. clear pine for tank, at \$45.....	0 72
	-----
	\$13 22

A cheque for \$13.22 was accordingly issued by the Public Works Department on Jan. 19, 1893, after Willoughby had rendered his account in this way. The difference of \$2.10 between the original account and the corrected one was retained by Willoughby, as Peters had left Regina. Exhibit 48 in support of Willoughby's evidence is the original account rendered by Willoughby and returned to him by Peters with the desired "corrections."

*Indian Department Warehouse.*

In July and August last Chas. Willoughby undertook the job of strengthening the foundation of the Indian Warehouse at Regina, under the direction of Mr. Peters. The amount authorized to be expended on this work was, I believe, \$100. Willoughby's account for the work only amounted to \$67.81. Peters, however, made out a corrected account amounting to \$99.77 and got Willoughby to make out his account for that figure. Willoughby did this knowing that some grading that had not been authorized had also been done at the Warehouse, and understanding that this was the only way in which Peters could obtain funds to pay for such grading. A cheque for the amount of \$99.77 was accordingly issued on October 1 by the Indian Department. Peters wanted Willoughby to endorse this cheque and give it to him, when he would pay Willoughby the sum of \$67.81 actually due him. Willoughby, however, declined to do so as he had begun to be suspicious of Peters's methods; he accordingly retained the cheque for the full amount of \$99.77 and paid Peters the difference of \$31.96 between the accounts by his personal cheque. I was unable to ascertain what disposal Peters made of the amount thus received. Exhibit 47 in support of Willoughby's evidence is a copy of the account as originally rendered, while exhibit 50 is the statement made out by Peters

## Auditor General's Report, 1892-93.

indicating how he wished the account made out. The following statement is a comparison of the different items of the original and the corrected accounts :—

Original.	Corrected.
Lumber..... 1,280 ft. at \$23.50..... \$30 06	1,880 ft. at \$24..... \$45 12
Teaming..... 0 75	..... 0 75
Nails..... 3 00	50 lbs. at 8 cts..... 4 00
Use of jackscrews..... 2 50	..... 4 00
Carpenter's work.... 105 hrs. at 30cts..... 31 50	153 hrs. at 30 cts..... 45 90
<u>\$67 81</u>	<u>\$99 77</u>

### *Disposal of Moneys reverting to Peters.*

I shall now discuss the different sums received by H. J. Peters, either directly or indirectly, as has been already shown :

Statement No. 8 shows in the first column the different amounts for which Peters appears responsible, in the second column the sums paid out of these amounts to the different tradesmen and artisans, and in the third column those amounts whose disposal it was impossible to determine, and which Mr. Peters alone can explain.

The first amount is that of \$143.34 handed by Peters to J. A. MacCaul, being part of the proceeds of the cheque in MacCaul's favour for \$1,971.50. I was unable to determine anything with regard to the disposal of this amount as, although MacCaul knew there were other accounts to be settled, he knew nothing definite of them. A diligent search among the papers in the office of the late Clerk of Works failed to produce anything that would throw any light on the disposal of this amount.

The amount of \$450.51 advanced by the Lieutenant Governor in the name of F. H. Peters, appears to have been used in the settlement of two pay-lists, as follows :—

Pay-list No. 1.—Roads, sidewalks, &c.....	\$285 45
do do Deepening well.....	165 06
	<u>\$450 51</u>

The amount of \$825.56 also advanced by the Lieutenant Governor in the name of F. H. Peters, appears to have been used in the settlement of the following pay-lists :—

Pay-list No. 2—Roads, sidewalks, etc.....	\$648 01
do do Well in basement.....	177 55
	<u>\$825 56</u>

There is little doubt as to the distribution of the proceeds of the advance of \$808.80 made in Mollard's name by the Lieutenant Governor. A slip of paper found in Peters' office would indicate that the following was the intended distribution :—

Pay-list No. 3—Roads, sidewalks, &c.....	\$ 146 80
J. A. Kerr, hardware.....	202 36
J. A. MacCaul, lumber.....	123 56
Chas. Willoughby, lumber.....	336 08
	<u>\$ 808 80</u>

Willoughby's books, however show a credit of \$336.05 at this time, while, though nothing could be learned from MacCaul's books, the fact of \$111.96 of a subsequent payment to MacCaul reverting to Peters would seem to indicate that that was the amount paid MacCaul out of this advance. This would leave some \$11.63 to be accounted for by Peters.

I was unable to learn anything about the disposal of the amount of \$59.60 which reverted to Peters out of the payment of \$400.10 to J. A. Kerr for vault doors, nor of the \$60 advanced to Chas. Willoughby by the Lieutenant Governor and handed over to Peters.

The advance of \$175 to Peters in the name of W. T. Mollard seems to have been distributed as follows:—

Geo. Barton on account work.....	\$ 90 00
W. T. Mollard do .....	60 00
D. McCarthy do .....	25 00
	\$ 175 00

I could learn nothing about the disposal of the advance of \$36 for cleaning the new buildings, probably, however, it was applied on the pay-list as it seems to have been subsequently refunded when funds for the pay-list were received in the direct way.

All that I could learn with regard to the payment of \$7.50 for repairing cess-pit pump is that Mollard seems to have received \$3.15 of this for 9 hours labour at 35 cents.

The following is, as far as I could determine, the disposal of the proceeds of the payment of \$44.94 for "making storm porches":—

W. T. Mollard, 23 hrs. labour at 35 cts.....	\$ 8 05
Geo. Barton, 37 do at 27½ cts.....	10 16
J. A. MacCaul, 350 feet lumber at 35 cts.....	12 25
do teaming.....	0 50
	\$ 30 96

Leaving a balance of \$13.98 of which the disposal is unknown.

Statement No. 9 shows the labour and materials provided for in the account for \$155 for moving icehouse. The amount of these accounts is \$154.06 leaving 94 cents unaccounted for. Of the \$43.50 due D. McCarthy on this account \$25 was already paid out of the advance of \$175, by payment 32. This \$25 seems now to have been deducted from the \$43.50 and to have been paid to the Accountant of the North-west Government as a refund on account of the sums advanced.

Statement No. 10 shows what seems to be the accounts from which the amount of \$79.67 for making wine-cellar was made up. This is taken from a sheet of paper containing pencil notes in the hand-writing of Mr. Peters. The slight difference of 7 cents will be noticed between the total of Statement No. 10 and the amount of the voucher.

Statement No. 11 shows as far as possible the disposal of the proceeds of the cheque for \$59.60 in favour of D. McCarthy for making a vegetable cellar. There is a balance of \$1.13 of which the disposal could not be determined.

I could ascertain nothing with regard to the cheque of \$28.46 in favour of F. H. Peters for making shelving in vault at Government House, except that \$7.50 appears to have been paid to R. B. Fergusson for 6 yards of green cloth.

The amount of Adam S. Ross for laying a tile hearth seems to have been in the first place for \$12.41 to which was added an item of \$1.00 for McKell for teaming, and \$6.75 for carpenter's work. I could not ascertain to whom this \$6.75 was paid. The price of the brick appears to have been raised from \$12.50 to \$14.00.

The amounts of \$202.36, \$111.96 and \$336.04 reverting to Peters from J. A. Kerr, J. A. MacCaul and C. Willoughby respectively were all deposited on February 20th to the credit of the North-west Government on account of refunds of the amounts advanced by the Lieut. Governor. There is a small discrepancy of 4 cents between the amount remaining from Willoughby's cheque and the amount deposited.

Of the four pay-lists which the cheque for \$1210.60 in favour of H. J. Peters was intended to pay, three had already been paid out of the moneys advanced by the Lieut. Governor (see payments 3, 5 and 11). These pay-lists were for \$285.44, \$648.01 and \$146.80. These sums were deposited to the credit of the North-west Government as a refund on account of the moneys advanced. The remaining pay-list amounting to \$130.35 was settled by the balance of the cheque.

Statement No. 12 shows the distribution of the cheque for \$53.64 in favour of Frank H. Peters for ladder, cover to well, etc., as taken from Mr. Peter's memoranda.

## Auditor General's Report, 1892-93.

The following cheques which reverted to Mr. Peters were given by him to the Accountant of the North-west Government as refunds on account of the advances by the Lieutenant Governor :

J. McGuirl.....	\$ 24 40	Smith and Fergusson Co.....	\$ 190 10
J. K. Riddall.....	16 50	J. A. Kerr .....	400 10
P. Lamont.....	217 75	Regina Electric Light & P. Co.	320 25
E. B. Read.....	110 02		

Of the \$1,231.80 which reverted to Peters out of the cheque in favour of R. B. Fergusson, \$1,229.30 was given the Accountant of the North-west Government to repay the amounts already advanced by the Lieutenant Governor to Mr. Fergusson; the \$2.50 unaccounted for is the amount deducted by Mr. Peters from Fergusson's account for goods returned.

Of three pay-lists covered by cheque for \$723.35 in favour of H. J. Peters (see payments Nos. 88, 89 and 90) two for \$165.06 and \$177.55 respectively, had already been paid out of the advances by the Lieutenant Governor. These amounts were now refunded as well as the advances of \$30 and \$36 to Geo. Barton and for charwoman respectively, while the balance of \$314.74 was used in settling the balance of pay-list for \$380.74.

The \$49.86 reverting to Peters from the lumber account of the Maple Creek barracks is the amount of 5 per cent discount allowed off by J. A. MacCaul for cash payment. This appears to have been divided between Peters and T. Power & Bro., of Maple Creek, but as Power & Bro. do not seem to have rendered any valuable service for their share of the amount, Peters is responsible for the whole.

Nothing could be ascertained of the disposal of \$31.96 paid to Peters by Willoughby as the difference between his account as it stood in his books and as it was sent in to the Indian Department for payment.

The total amount thus requiring explanations from Mr. Peters as to the disposal is \$407.08.

### *Outstanding Accounts.*

Statement No. 13 is a list of the accounts which make up the amount of \$3,913.47 voted at the last session of Parliament to provide for certain outstanding accounts in connection with the Lieutenant Governor's residence. As some of these accounts have already been paid either in full or in part, while others cannot be settled in the form in which they are at present, it will be necessary to take them up one by one.

The outstanding account of Simon Peters, Quebec, for \$924.94 for inside blinds, is of interest as affording an additional insight into the Regina methods of financing. In August, 1892, H. J. Peters paid to the Accountant of the North-west Government the amount of \$2,962.02 as a refund on account of advances by the Lieutenant-Governor. Immediately thereafter, \$1,691.55 of this was re-advanced to Peters by the Lieutenant Governor, to enable him to pay certain of the outstanding accounts. The accounts paid by Mr H. J. Peters out of this advance were those of Simon Peters as above for \$924.94, and of Saunders & Talbot for \$762.40; leaving \$4.21 not accounted for. The following is a copy of the receipt given by Simon Peters :

"Quebec, August 7, 1892: Received from H. J. Peters, clerk of Dominion Public Works, Regina, the sum of \$924.94 being for blinds for new Government House, Regina, this amount being advanced by the Lieutenant-Governor of the North-west Territories. I hereby bind and oblige myself to refund this amount of \$924.94 when I am paid by the Department of Public Works, Ottawa.—SIMON PETERS."

This receipt, with the exception of the signature, is in the handwriting of Mr. H. J. Peters.

A receipt similar to that given by Simon Peters was given also by Saunders & Talbot for \$762.40 for glass and papering.

In closing this part of my report I must add that I derived great assistance from Mr. Wm. Curran, of the Public Works Office at Regina, who voluntarily gave me the use of his office, with access to all papers relating to my inquiry; from which, together with his personal knowledge of some of Mr. Peters's transactions, I derived much assistance.

Respectfully submitted,

J. W. REID, Auditor General's Office, Ottawa.

## Statement No. 8.—Disposal of Moneys reverting to H. J. Peters (as above).

	Amounts Reverting to Peters.	Apparent Disposal.	Disposal Unde- termined.

## Subsidy—Halifax, St. John and London, Eng.

AUDIT OFFICE, OTTAWA, February 9, 1893.

SIR,—I beg to inform you that I have authorized the payment of \$2,000 to Pickford & Black, being the amount for which you made application for one round trip between London, Eng., and St. John and Halifax. With reference to the subsidy from which this sum is paid, I should like to call your attention to the payments made under it, and the proofs furnished in support of the round trips when payment is asked. The custom has been to pay \$2,000 for each round trip, accepting as such proofs of the outward sailing of one vessel and the arrival of another. For example: in the case of the "Inchulva," the Custom-house clearances sent me only show that the "Inchulva" arrived from London on January 7, and left for the same port on January 19, which is only half of the round trip required. The other half was performed by some other steamer arriving at Halifax about the time of the departure of the "Inchulva." This mode of payment has been going on for years, but now that control of the subsidies has passed into new hands it appears to me to be an opportune time to consider if a better and simpler system could not be adopted.

For instance, if it is deemed advisable to continue making payment on the completion of each round trip, the proper course would be to take the round trip of each steamer, the terminal point being of course in Canada, as required under the vote. As the sailings are now performed, it is difficult to say whether the terminal point is London, Eng., or St. John, N.B. Taking each steamer separately and paying portion of the subsidy on proof that a round trip had been made—the port of St. John or Halifax being the starting point—would place this matter beyond doubt.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Trade and Commerce.

CUSTOMS DEPT., OTTAWA, February 10, 1893.

SIR,—I have yours of the 9th instant, *re* subsidy for service between St. John, Halifax and London, Eng. (Furness Line).

I was struck with the same objection to the insufficiency of the proofs submitted,

## Auditor General's Report, 1892-93.

---

but upon looking up the papers transferred to this department by the Department of Finance *re* subsidies, I found that it was agreed that payment should be made monthly of \$2,000, and the odd \$1,000 at close of the year,—and as there was proof of a trip during the month, I concluded not to question it. I do, however, think, as you remark, that it is an opportune time to consider if a better system could not be adopted, not only as regards this particular service, but all others paid for out of the votes for steamship subventions, and have it in contemplation to prepare a form of voucher which will give all requisite details, proofs of service, &c., in an unmistakable manner.

I have the honour to be, sir, your obedient servant,

W. G. PARMELEE, *Dep. M. T. & C.*

The Auditor General.

---

### St. John, Digby and Annapolis—Full service required not performed.

AUDIT OFFICE, OTTAWA, February 7, 1893.

DEAR MR. PARMELEE,—The inclosed advertisement of the proposed sailings of the steamers of the Bay of Fundy Navigation Co., Ltd., between St. John, Digby and Annapolis during the months of January and February, would indicate that the company intended giving only a semi-weekly service during these months, which is not sufficient to entitle them to payment of the subsidy. You will notice in the Supply Bill of 1892-93 that the subsidy in question was voted on condition that the frequency of service should be five times per week during the months of June, July, August and September, and three times per week during the remaining eight months.

Yours truly,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Trade and Commerce.

---

DEPARTMENT OF TRADE AND COMMERCE, OTTAWA, February 11, 1893.

SIR,—I have yours of the 7th instant, inclosing an advertisement of the proposed sailing of steamers of the Bay of Fundy S.S. Co. between St. John, Digby and Annapolis during the months of January and February,—giving a semi-weekly service during those months instead of a tri-weekly service as per terms of contract.

I will make inquiry into the matter before next payment comes due.

I have the honour to be, sir, your obedient servant,

W. G. PARMELEE, *D. M. T. & C.*

The Auditor General.

---

AUDIT OFFICE, OTTAWA, May 17, 1893.

SIR,—I beg to return the inclosed application for the payment of \$2,875 to the Bay of Fundy Steamship Co. for steam service between St. John, Digby and Annapolis during the quarter ended March 31, 1893, which I regret I am unable to pass in consequence of the service in question not having been performed throughout in accordance with the condition as to frequency of sailings required by Parliament.

The account rendered by the company is certified by Mr. King, the Post Office Inspector of New Brunswick, "The work has been performed," but I find from your letter of application that it was performed according to a schedule of trips attached to the account which gives only two trips per week during the months of January and February. The condition in this respect under which the subsidy for steam service between St. John, Digby and Annapolis was granted by Parliament calls for a service five times weekly during the months of June, July, August and September, and three times weekly during the remainder of the year.

In my opinion Parliament alone is competent to change or modify these conditions, and consequently the service as performed during January and February was not such as to entitle the company to payment from the subsidy provided in the Supply Bill.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Trade and Commerce.

AUDIT OFFICE, OTTAWA, June 8, 1893.

SIR,—I beg to inform you that I have passed your application for the issue of a cheque for \$958.33 to the Bay of Fundy SS. Company for steam communication between St. John, Digby and Annapolis during the month of March.

In connection with this service I beg to call your attention to the payments made to the company for six months' sailings to December 31, 1892.

For the September quarter the Post Office Department paid under its Letter-of-Credit \$3,125, and for the December quarter \$2,875 was paid on your own application. In addition to these sums the Post Office made a further payment of \$250 from the vote for Post Office Mail Service, making in all \$6,250 for six months. I call your attention to these payments that you may be in a position to make the necessary adjustment before applying for the amount coming to the company for June quarter.

I should be glad if you would have the accounts for the September and December quarters and that for the month of March certified by the Post Office Inspector of New Brunswick that the service was performed as required by the terms of the appropriation.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Trade and Commerce

### Subsidy—Grand Manan and Mainland—Service by Schooner.

AUDIT OFFICE, OTTAWA, April 18, 1893.

SIR,—With reference to an Order in Council of the 23rd ultimo authorizing payment at the rate of \$250 per month to Capt. J. A. Ingersoll for a semi-weekly service by schooner between Grand Manan, Campbello and Eastport, to be made chargeable to the appropriation for steam communication between Grand Manan, N.B., and Mainland, I beg to inform you that under the terms of the vote in question which plainly provide for *steam communication*, I shall not be able to certify to any payment proposed to be made from it to Capt. J. A. Ingersoll for service by schooner. I return your application for payment herewith.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Trade and Commerce.

TREASURY BOARD, OTTAWA, April 24, 1893.

SIR,—Your objection to the payment at the rate of \$250 per month to Captain J. A. Ingersoll, for a semi-weekly service by schooner between Grand Manan, Campbello and Eastport, has been submitted, by the Hon. the Minister of Trade and Commerce, to the Treasury Board.

Will you kindly let me have your report on the subject.

I have the honour to be, sir, your obedient servant,

J. M. COURTNEY, *Secretary*.

The Auditor General.

## Auditor General's Report, 1892-93.

AUDIT OFFICE, OTTAWA, April 25, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 24th inst., asking for my report on an application from the Department of Trade and Commerce for the payment of a service by schooner between Grand Manan, Campobello and Eastport, which I have been unable to authorize as a charge against the vote for "Steam communication between Grand Manan, N.B., and Mainland."

On receiving the application in question from the Deputy Minister of Trade and Commerce, based on the authority of the Governor in Council, I wrote the department under date April 18 instant that, in consequence of the vote to which it was proposed to charge the payment asked for, explicitly calling for *steam communication*, I could not authorize a charge against it for a mode of communication different and inferior to that which was authorized by Parliament.

Under the heading "Mail Subsidies and Steamship Subventions" Parliament has provided in explicit terms for steam communication between Grand Manan, N.B., and Mainland, and in my opinion Parliament has not empowered the spending department or the Governor in Council to pay the amount voted for this purpose for a service otherwise performed than by steam. If such were the case, then the Governor in Council would be equally empowered to change the definition of the locality as given in the Supply Bill. It is quite apparent that a service performed, say, for example, between the Island of Cape Breton and the mainland of Nova Scotia, would not be a legal charge against this vote, and to my mind the definition of the mode of conveyance is as binding as the particular locality proposed to be benefited.

It cannot be said in explanation that the conveyance adopted was indifferent to Parliament at the time the vote was granted, and that it has proved as effective and afforded as good accommodation as that for which provision was made. Such is not the case. Parliament must be presumed to have been fully aware at the time of the relative merits of steam and wind as a means of navigation, and acting under this knowledge provided in explicit terms for *steam communication* between Grand Manan, N.B., and Mainland.

Under these circumstances I am of opinion that the service performed by Capt. A. Ingersoll does not meet the requirements of the vote and should not be made a charge upon it.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary Treasury Board.

### Subsidy—Pictou, Murray Harbour and Montague Bridge.

AUDIT OFFICE, OTTAWA, April 18, 1893.

SIR,—I should like to call your attention to an Order in Council of the 20th ult. authorizing the payment of \$800 to the Three Rivers SS. Co. for steamship service performed between Pictou, N.S., Murray Harbour and Montague, P.E.I., to be charged against the vote of the current fiscal year for "Steamship services, Pictou, Murray Harbour, Montague Bridge and Souris, tri-weekly."

With reference to the payment proposed to be made under this authority I beg to say that, in my opinion, it is not a proper charge against the appropriation in question. Parliament provided for the payment of a subsidy of \$1,200 for steamship services tri-weekly between Pictou and Souris, with two intermediate ports of call, a distance of 78 miles or thereabouts. The company which undertook this service ignored Souris altogether, the terminal point in Prince Edward Island, and instead of a tri-weekly service to the other ports gave only a semi-weekly one. The service thus performed is so far short of that required by Parliament, not only as regards frequency of sailings, but in distance, and the accommodation afforded, that it seems to me to make payment for it from the appropriation indicated by Council is an undue straining of the terms under which it was voted.

But suppose that the liberal interpretation thus given is allowable, the proportion authorized is much too great. A tri-weekly service over a distance of 156 miles, equal to a total mileage of 12,168 in six months, was required by Parliament to earn a subsidy of \$1,200, but there was performed a semi-weekly service of 108 miles equal to a total of 5,616 miles or less than one-half.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Trade and Commerce.

---

**Accounts not certified that Mails have been carried on each trip as required by contract.**

AUDIT OFFICE, OTTAWA, September 8, 1893.

SIR,—With reference to the form of account which you have adopted in regard to the subsidies payable under the different appropriations for steamship services, I should like to call your attention to the omission therefrom of any certificate in respect to the carrying of the mails in those cases in which the contracts stipulate that mails shall be carried. It seems to me necessary that in such cases the Post Office inspector of the districts concerned or some other officer of the postal service having knowledge of the facts, should certify that the mails called for by the terms of the contract, were carried on every trip and regularly delivered at their proper destination.

I notice in reading over the contracts that in each case the service is required to be performed in a steamer of a certain capacity, and I think it would be well that the collector of customs at one of the ports at which the steamer in question calls should certify on the accounts presented for payment that the service was performed by a steamer of the capacity and accommodation called for by the contract.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Trade and Commerce.

---

DEPT. OF TRADE AND COMMERCE, OTTAWA, Sept. 11, 1893.

SIR,—Referring to your favour of the 8th instant *re* omission from the form of account adopted *in re* subsidies payable for steam services, &c.

When making up the form I thought over the question of certificates showing mail service, but concluded that although all contracts contained the clause, very few actually carry any mails, and that in those cases where mails were carried the Post Office authorities would at once call attention to the matter if there had been any failure on the part of the contractors in that respect, and that therefore it seemed unnecessary to require such certificates, which would likely necessitate in each instance some time to procure. The Post Office Department has copies of all contracts entered into.

As regards the certificate from the collector of customs to effect that the service was performed by a steamer of the capacity called for by the contract, I do not see the necessity, inasmuch as the name of the steamer is given in each claim and a reference to the official list of registered vessels shows her size, tonnage, &c., in fact the tonnage as inserted in the contract is in every instance taken from the list referred to.

I have the honour to be, sir, your obedient servant,

W. G. PARMELEE, Deputy Minister.

The Auditor General.

## Auditor General's Report, 1892-93.

### Campbellton and Gaspé Subsidy—Steamer does not call at Campbellton.

AUDIT OFFICE, OTTAWA, September 7, 1893.

SIR,—With reference to the inclosed application for the payment of \$4,874 to Patrick Kelly for steamship service between Dalhousie, N.B., and Gaspé, Que., I beg to call your attention to the terms of the appropriation to which the amount in question is asked to be charged. You will notice that Parliament has provided, under the heading "Mail Subsidies and Steamship Subventions," for a subsidy to a steamer between Campbellton and Gaspé and intermediate ports, and I should like to be informed, before passing your application, in what manner these terms have been complied with, in view of the fact that the steamer "Admiral," so far as I can learn from the account rendered by Mr. Kelly, does not call at the port of Campbellton.

It would, I think, be better if the days of departure and arrival of the steamer were inserted in the space provided for that purpose in the form of account which you have adopted.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Trade and Commerce.

DEPT. OF TRADE AND COMMERCE, OTTAWA, Sept. 8, 1893.

SIR,—In answer to yours of yesterday's date *re* services of steamer "Admiral," I beg to state that the vessel does not call at Campbellton, in fact has not done so for a number of years, not since the track was extended to Dalhousie at the mouth of the harbour where the wharf accommodations are and where the steamer connects with the railway. I am told that formerly the wharfs were at the upper end of the harbour of Campbellton, and it would appear that that name has been continued in the Estimates, instead of Dalhousie the actual terminus. I will see that it is corrected in next Estimates.

I agree with you that the days of sailing should have been shown as intended, but I let it pass this time as it appears to take too long to get an answer from the nominal contractor. I was a full month in getting an answer to my last communication.

I have the honour to be, sir, your obedient servant,

W. G. PARMELEE, *Deputy Minister*.

The Auditor General.

### Halifax and St. John and West Indies steamer not calling at St. John.

AUDIT OFFICE, OTTAWA, September 27, 1893.

SIR,—With reference to the inclosed application for the payment of \$5,000 to Pickford & Black for one round trip of the "Taymouth Castle" on the route between St. John, N.B. and the West India Islands, I beg to call your attention to the absence therefrom of any certificate from the Custom-house officer at St. John.

As I understand the contract under which this service is performed, the round trip should begin and end at St. John, Halifax being a port of call on the outward voyage only. It would appear from the certificate given by Mr. Garrison, of the Halifax Custom-house, that the "Taymouth Castle" called at the latter port on the homeward voyage also, while there is no evidence of the voyage in question having been continued to St. John.

I should like your explanation of these points before passing the application for payment.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Trade and Commerce.

---

DEPT. OF TRADE AND COMMERCE, OTTAWA, Sept. 27, 1893.

SIR,—I have yours of even date *re* claim of Messrs. Pickford & Black for subsidy for service between St. John and Halifax and Demerara.

Permission was given them to reverse the order of sailing on one trip of each vessel, as you will observe by a perusal of the correspondence attached to file 616 herewith, the reason therefor and conditions under which allowed being therein set forth.

I have the honour to be, sir, your obedient servant,

W. G. PARMELEE, *Deputy Minister.*

The Auditor General.

# Auditor General's Report, 1892-93.

## Newspapers for Offices of Outside Service

AUDIT OFFICE, OTTAWA, January 27, 1893.

SIR,—I beg to bring to your notice payments made last year for newspapers supplied to the outside offices of your Department amounting to \$73.75, and in connection therewith to call your attention to an Order in Council of 14th July, 1891, directing that the practice of supplying newspapers to the outside offices of the various Departments be discontinued, except on the conditions stated therein.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

## Repatriation of distressed Canadians in Foreign Countries.

AUDIT OFFICE, OTTAWA, January 25, 1893.

SIR,—I have the honour to acknowledge receipt of your letter of the 17th instant, enclosing copies of an Order in Council and other documents in support of your application of the 12th instant for a Sterling Bill for £5-2-0, being the amount of a claim made by the British Embassy at Paris for expenses incurred in connection with the repatriation of Alexis Vanjour, a distressed Canadian citizen.

Before taking further action relative to this matter I beg to call your attention to the absence of any evidence, so far as I know, that Parliament has ever given its sanction to payments of this nature. In the case of shipwrecked and distressed seamen the necessary provision has been made for their proper maintenance and transport; but I am unable to find that Parliament has ever sanctioned payments made to enable Canadian citizens who had been reduced to distressed circumstances in foreign countries to be repatriated. I should like if you would point out to me any precedent or authority on this subject.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, January 28, 1893.

SIR,—I have the honour to acknowledge receipt of your letter of the 25th instant, in regard to the application made for payment of a claim by Her Majesty's Government, for expenses incurred in connection with the repatriation of Alexis Vanjour, a distressed Canadian citizen; and in regard to your inquiry, as to whether I am aware that Parliament has ever given its sanction to payments of this nature, I beg to inform you, that I am not aware that any such sanction has ever been given. I beg to inclose for your information copy of an Order in Council, issued on the 2nd of February, 1891, by which the Government of Canada assumed the responsibility of affording relief to distressed Canadians in foreign countries, except in the United States of America. You will see by this Order, that the subject of affording such relief had for many years been a subject of correspondence between the Imperial and Canadian Governments and that it was only in 1891, that the Government of Canada consented to become responsible for such payments. It is not considered that there will be many claims of this nature, or that much necessity exists for making provision in the Estimates for such expenditure, and I think that such claims might properly be paid out of the appropriation for unforeseen expenses.

If you consider, however, that the sanction of Parliament should be obtained, I will take an early opportunity of bringing the matter under the consideration of the Minister of Marine and Fisheries.

I am, sir, your most obedient servant,

WM. SMITH, *D.M.M.F.*

The Auditor General.

AUDIT OFFICE, OTTAWA, February 4, 1893.

SIR,—I have the honour to inform you that, in view of the fact that the Governor in Council assumed responsibility for the relief of distressed Canadians in foreign countries other than the United States, by an Order dated February 2, 1891, a copy of which was inclosed in your letter, I have authorized the issue of the Sterling Bill for which you applied on the 12th inst.

Though passing the payment in question because the expenditure was made by Her Majesty's Government on the faith of a promise of repayment by Canada, I beg to say that in my opinion Parliament should be asked to provide specifically for such cases as they do not come within the expenses for which the Government is legally responsible.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

### The Officers who should certify Accounts from Life-boat Stations.

AUDIT OFFICE, OTTAWA, January 28, 1893.

SIR,—With reference to your letter of the 19th ult. relative to the certificates given on the accounts sent me during the past fiscal year in connection with life-boat stations and rewards, I beg to say that, as the Coxwains at the different stations appear to be the officers immediately responsible for the proper performance of the drill exercises, they should certify on the pay-lists that the work has been performed by the persons named thereon, and that the price paid is fair and just. Of course the fact of such a certificate being on the accounts when they reach the department will not preclude further examination as to their correctness by Captain McElhinney or any other person to whom you may refer them for departmental audit.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

### Letter of Credit Cheques not properly endorsed.

AUDIT OFFICE, OTTAWA, January 28, 1893.

SIR,—I beg to bring to your notice the inclosed list of cheques issued by your department during the fiscal year 1891-92, and to call your attention to the forms of endorsement thereon, which it appears to me are irregular.

With reference to cheque No. 265, please me let me know if the bank paid \$23.56, the amount in figures, or \$22.56, the amount in writing.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

### Lumber purchased from Messrs. Nesbitt and Peters.

MARINE AND FISHERIES, OTTAWA, May 9, 1893.

SIR,—In reply to your letter of the 2nd instant requesting to be informed whether the lumber purchased from E. T. Nesbitt, of Quebec, during the current year, was bought according to prices determined from tenders obtained by public advertisement, I have to inform you that tenders were invited in the spring of 1892. Mr. E. T. Nesbitt and Simon Peters tendered for lumber according to the notice inviting tenders and their offers were accepted and the purchases made from them were according to the tenders. These tenders are on file in the Department. The Agent has reported that he purchased the lumber according to the instructions given him from the Department, viz., to purchase certain kinds of lumber from Mr. Nesbitt and other kinds from Mr. Peters, as their tenders were the lowest for the respective kinds.

I am, sir, your obedient servant,

WM. SMITH, *D.M.M. & F.*

The Auditor General.

### Accounts that should be certified "According to Contract."

AUDIT OFFICE, OTTAWA, May 16, 1893.

SIR,—With reference to your letters of the 9th instant in explanation of the certificate "prices according to contract" attached to the accounts rendered by A. Ramsay & Co., E. T. Nesbitt, Simon Peters, and the Chinc Hardware Co., I beg to point out that in my opinion this form should not be used by the certifying officer, except in regard to accounts the prices in which have been determined by public competition called forth by previous notice of such general publicity as to have afforded equal opportunity to all persons in a position to tender for the proposed contract to have done so.

When the Department invites tenders from only a few persons, the prices so determined should be certified "according to agreement and are fair and just."

It is necessary to a proper audit of accounts paid under contract, that the contracts in question should be sent me.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

---

---

**Pay Lists—Not properly Received or Certified.**

AUDIT OFFICE, OTTAWA, April 21, 1893.

SIR,—I beg to call your attention to the pay-lists of the Dominion steamer "Alert" for the months of June, August, September, October and November, 1892.

On the June list the following members of the crew sign by means of their mark, but on the subsequent ones the mark is in all cases dispensed with :

Joseph LeBlanc .....	Second mate.
Louis Bouchard .....	A. B. seaman.
X. Ouellette .....	Oil and store-keeper.
Joseph Rouillard .....	Fireman.
François Belloir .....	do
E. Morency .....	do
Joseph Bernier .....	do

If these men are capable of writing their own names, please let me have your explanation of the signatures on the June list.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

---

AUDIT OFFICE, OTTAWA, April 22, 1893.

SIR,—The signatures of those labourers on voucher 1988 who have signed by "mark" are not witnessed in the usual form. This account amounting to \$501.60 was rendered by P. Jobin for labour in connection with the Dominion steamer "Alert," thirty-three men having been employed by him. Of these only five or six sign their own names. With reference to the others, I beg to call your attention to the necessity in all cases in which the signature to a receipt is by "mark," of having such receipt bear evidence that the signature so made was witnessed by a third person not connected in any way with the transaction for which payment was made.

In the present instance, involving a large payment among so many different persons, it is very desirable that the vouchers furnished should bear every reasonable proof required in such cases, that the amount thereon had been disbursed as stated.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

---

AUDIT OFFICE, OTTAWA, April 24, 1893.

SIR—I beg to call your attention to the absence from the vouchers sent me in support of cheques 609, 1048, 1226, 1701 and 1856, amounting to \$2,047.50, of the receipts of the several persons to whom it is claimed the money was paid. These vouchers were rendered by Mr. Gregory, Agent of Marine at Quebec, for labour, repairing light-houses and fog-alarms on the Gaspé coast and Anticosti Island. It appears from them that twenty-seven men were employed altogether, but no evidence is given that the amounts set opposite their names on the pay-lists were received by them.

As regards the certificate of Mr. Gregory that the work was performed, I beg to point out that the proper person to certify in this respect is the officer immediately in charge of the work, and who has personal knowledge of the facts for which he vouches. In the present instance Mr. Gregory's certificate covers work going on simultaneously at different places and it would apparently therefore have been impossible for Mr. Gregory to have had personal knowledge of the satisfactory performance of the work in each case.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

## Auditor General's Report, 1892-93.

AUDIT OFFICE, OTTAWA, April 26, 1893.

SIR.—I beg to bring to your notice the following vouchers rendered by P. Jobin for labour, amounting in all to \$2,118.68:—

Nos. 68, 69, 1666, 1698, 3130, 3584, 3777, 3835, 3846, 4146, 4402, 4815, 5528.

With reference to these accounts I beg to call your attention to my letters of the 22nd and 24th inst., respecting the insufficiency of the receipts given by the persons to whom the different sums were paid.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

AUDIT OFFICE, OTTAWA, May 2, 1893.

SIR.—I beg to bring to your notice the pay-lists for labour rendered by C. Vezina to November 30, 1892, vouchers 70, 611, 641, 1225, 1699, 3131, 3585, 3847, 4403, 4816, 5527.

The signatures of the labourers and tradesmen on these lists have been apparently written by the same person, and in the instances in which the usual form of "mark" is inserted there is no evidence that such signature had been witnessed by a third person. There is no mark to the names of either C. Vezina or G. Vezina, though both names are written by the same hand.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, May 27, 1893.

SIR.—In answer to your letters of the 21st and 26th April and 2nd May, I beg to return the vouchers duly signed, together with copy of a letter received from the Agent in Quebec who will in future see that the requirements of the Audit Act are carried out.

I am, sir, your obedient servant,

WM. SMITH, *D.M.M. & F.*

The Auditor General.

QUEBEC, May 18, 1893.

SIR.—In answer to your letter of the 8th May (No. 9171) respecting letters from the Auditor General under dates of the 21st and 26th April and 2nd May, 1893, asking explanations about certain accounts, I beg to state as follows, viz.: To the letter of the 21st April:—

It is a common custom in the Province of Quebec when a man cannot sign to get some of his friends to do so for him, and this was done in this case, either by the captain, or some of the crew in the presence of the captain, as the latter's certificate will show on each of the pay-lists, but this practice will be abandoned for the future and marks be certified to as directed.

To the letter of the 26th April, 1893:—

P. Jobin's pay-lists have been duly signed and attested to by him. The other pay-lists are for men working at lighthouses in the Gulf, and were sent to you as a memo., so as to enable me to pay the families of these men, and of course could not be signed before they were sent up. I was authorized by every one of these people to pay their wives during their absence, who for the greater part cannot sign; of course when they came back after the completion of the work they signed the final pay-list themselves. To obviate this hereafter I shall see that the final pay-list is made so as to represent the total number of days' work which will be in itself a complete voucher and covering all advances to families.

To letter of the 2nd May, 1893 :—

These pay-lists have been duly certified. In the case of C. Vezina and G. Vezina being written by the same hand, I beg to state that C. Vezina authorized his son G. Vezina to sign for him, as has been the custom for many years past ; this has been due to dealing with so many people unable to read or write, but for the future will not again be allowed.

I have the honour to be, sir, your obedient servant,

J. U. GREGORY,

*Agent, Department Marine, &c,*

The Deputy Minister of Marine and Fisheries, Ottawa.

### Form of Certificate used on Pay-lists of Dominion Steamers.

AUDIT OFFICE, OTTAWA, April 12, 1893.

SIR,—I beg to call your attention to the form of certificate used on the pay-lists of the Dominion steamers. As a rule when the certificate is not simply "correct" the certifying officer states that "the above goods have been received by me and the prices charged are fair and just." I think you will agree with me that the officer who signed such a certificate attached to the monthly pay-list of a steamer's crew must not have read the words to which he put his name. What is required in respect of these pay-lists is that the officer in immediate charge should certify that the persons appearing thereon have been on duty during the period named, and that the payment asked in each case is the salary authorized by the Department and is fair and just.

With reference to the salaries paid the officers and crews of these steamers, will you please let me know on what authority they are regulated. Are the appointments made and the salaries fixed by the Governor in Council, or is the whole matter of appointments and salaries determined by the Minister?

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

### Payments supported by Incomplete Vouchers.

AUDIT OFFICE, OTTAWA, May 20, 1893.

SIR,—I beg to bring to your notice the following vouchers sent me in support of payments made in connection with the maintenance of lights in Nova Scotia :—

Voucher 91.—This account is for board of Thos. C. Redding in June, 1891. The cause of delay in making payment should be given.

Voucher 4084.—The account should be certified that the house for which rent was paid was used for Government purposes and the price fair and just.

Voucher 5388.—Mr. Kerr was paid for 14 days' labour at Cranberry Head at \$1.50 per day. In support of this payment James Sullivan, who I presume is the light-keeper, certifies to 10 days' labour for Mr. Carr at \$1.25 and 3 days for helper at the same rate. Some explanation is necessary in this case.

Voucher 1811.—Please explain why it was necessary that the Department should borrow money from Donald McDonald on which interest to the amount of \$19.97 was paid by cheque 1811.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

## Auditor General's Report, 1892-93.

MARINE AND FISHERIES, OTTAWA, May 29, 1893.

SIR,—I have the honour to acknowledge receipt of your letter of the 20th instant and beg to inform you that our Agent has been written to with regard to obtaining the necessary information with regard to vouchers 91 (8) and 4084 (329)—viz., cause of delay in making payment of account for board of Thos. C. Redding in June, 1891, and certifying account of Wm. Haggerty as to rent paid him for house occupied by Keeper of Fog Alarm Cranberry, that such house was used for Government purposes, &c.

With reference to voucher No. 5388, payment made to Mr. Kerr for 14 days' labour at Cranberry Head at \$1.50, I beg to inform you that Kerr was employed at Halifax, and his time counted from the time he left for Cranberry Head until he returned to Halifax.

With regard to voucher No. 1811, I herewith inclose copy of memorandum on the Cape George lighthouse contract which will show you under what authority the amount of \$19.97 was paid to Donald McDonald.

I have the honour to be, sir, your obedient servant,

WM. SMITH.

The Auditor General.

### Cape George Lighthouse Contract.

September 8, 1892.

Repairs were made to Cape George lighthouse between June and October, 1891, by Donald McDonald, acting under instructions from Mr. Hutchins. Some \$1,500 were spent although Mr. Hutchins only intended to authorize the expenditure of \$300. Under these circumstances Mr. Hutchins refused to certify the bills. The matter dragged until the middle of April last, when I was sent down as a commissioner to inquire into the cost of work. My report recommended payment of the accounts. In the meantime the accounts originally submitted were mislaid, and they were not finally settled until the end of July of this year. That is over a year from the time the work was first begun. In the meantime the foreman had been obliged to borrow money to settle some of the bills, and now forwards accounts for interest incurred on borrowed money. I think that it is against Government rules to allow such claims for interest on loans, but I know from conversation with Mr. Harris and with Mr. Kirk, when in Antigonish, that it was really necessary to obtain advances of money to carry on the work, and that Mr. McDonald was charged discount for the same. I think he has a fair claim to remuneration for these amounts, but not for interest claimed by tradesmen on accounts for goods furnished.

W. P. A.

### Insufficiency of Voucher from Hamilton Powder Company.

AUDIT OFFICE, OTTAWA, April 24, 1893.

SIR,—I beg to call your attention to the insufficiency of the certificate as to the price paid which is given on voucher 680 rendered by the Hamilton Powder Company for signal powder to the amount of \$3,014. Mr. Gregory, Marine Agent at Quebec, certifies "correct to the best of my knowledge," and Mr. Fitzhenry, who, I presume, is an employee in connection with the Quebec Agency, certifies "quantity received, quality and price correct."

It is plain that neither of these certificates affords the necessary guarantee that the price paid was fair and just. The officer who contracted for the powder and agreed on the part of the department to pay the rate charged should certify that such rate is fair and just, or if the price is a result of a contract entered into with the firm in question,

after tenders had been called for by public advertisement, then the account should be certified "prices according to contract."

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

### Payments for Distressed Seamen not Natives of Canada, Illegal.

AUDIT OFFICE, OTTAWA, April 27, 1893.

SIR,—With reference to your application of the 25th instant, for a Sterling Bill in favour of A. M. Chalmers, acting British Consul at Nagasaki, Japan, for £94 2s. 10d., being the amount expended by him in the relief of the crews of certain schooners owned in Canada, and which were seized by the Russian Authorities and confiscated, I beg to point out that five of the seamen included in the memo. of expenses are not natives of Canada—four being Englishmen and one an Australian. The others to the number of thirty-nine, sign a declaration to the effect that they belong to Canada, having been domiciled there for a period of twelve months. In connection with this declaration I would call your attention to section 69 of Chap. 74 of R.S.C., which, I presume, is the Act of Parliament under which the Governor in Council authorized the payment of the expenses incurred by Mr. Chalmers. You will notice that under this section the Governor in Council is empowered to authorize the payment of any reasonable expenses incurred on account of board, or transport back to Canada of any seamen who are natives of and residents in Canada, and who have been found in distress outside of that country.

It seems to me that a declaration of twelve months' residence in Canada does not meet the requirements of this section. I return herewith the application and the papers attached thereto.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, April 28, 1893.

SIR,—I have the honour to acknowledge receipt of your letter of the 27th instant, in reference to the payment of expenses incurred by the Acting British Consul at Nagasaki, in relieving the crews of certain schooners owned in Canada, and which were seized by the Russian Authorities and confiscated, and in reply I am to inform you, that in accordance with the terms of the agreement made with Her Majesty's Government, the Dominion of Canada is bound to refund all expenses incurred by the proper Officers or Consuls in the United Kingdom, any British colony, or foreign country, on account of distressed seamen, who belong to Canada, and who have been domiciled there for at least twelve months, and who belong to vessels registered in Canada, and who have been shipped in Canada, and in this connection I would refer you to the Order in Council of the 14th of December, 1869. I return herewith the papers in the case, in order that a Bill may issue for the amount shown to be due by the declarations and other papers forwarded by the Consul.

I am, sir, your most obedient servant,

WM. SMITH, D.M.M. & F.

The Auditor General.

## Auditor General's Report, 1892-93.

AUDIT OFFICE, OTTAWA, May 19, 1893.

SIR,—With reference to your amended application for the issue of a sterling bill in favour of the British Consul at Nagasaki, Japan, for £79-10, being the amount necessary to recoup him for expenses incurred in connection with the relief of certain seamen of the schooners "Carmolite," "Maria" and "Annie C. Moore" who were landed at Japan in a distressed condition, I would again call your attention to section 69 of Chap. 74, R.S.C., which provides for the payment of any reasonable expenses incurred in connection with the subsistence and transport back to Canada of any seamen who are natives of and residents in Canada, and who have been found in distress in any British possession or foreign country, and for none others.

As pointed out in my letter of the 27th ult. a declaration of twelve months' residence in Canada does not meet the requirements of this section. As regards the Order in Council of December 14, 1869, which authorized the payment of expenses incurred in respect of distressed seamen who could make a declaration of this nature, I beg to point out that the section of the Act of Parliament which I have quoted deprives, in my opinion, the Order in Council of the force which it would otherwise have, and consequently the appropriation granted by Parliament for the relief of distressed seamen cannot be disbursed in accordance with its provisions.

I am, sir, your obedient servant,

J. LA McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, June 24, 1893.

SIR,—Referring to your letters of the 19th and 26th ultimo, objecting to the payment of certain claims for the relief of distressed seamen, as you did not consider that the declarations of domicile attached to the claims met the requirements of section 69, Chapter 74 of the Revised Statutes of Canada, I beg to inform you that the Acting-Minister of Justice is of opinion that in view of the use of the words "Natives of and residents in Canada" in the section referred to, it is necessary, in order to entitle seamen to relief by Order in Council, that they should be not only residents of Canada but also born in Canada. I may observe, that when I framed this section, in conjunction with Mr. Montizambert it was not our intention to restrict the benefits of the Act in this manner, as there were many persons serving in the Canadian Merchant Marine, who are not natives of Canada but who are residents thereof, and such persons I consider, should be entitled to the benefits of the Act. In view of the difficulty which has been made, I presume that legislation will be required to amend the Act, but I am to suggest that in the meantime, in view of the fact that an agreement was entered into with Her Majesty's Government in 1869, and approved by Order in Council of the 14th of December, 1869, by which the Government of Canada agreed to pay the claims of the Board of Trade for seamen who made a declaration that they belonged to vessels registered in Canada, had shipped at a port in Canada, and had resided in Canada for a period of twelve months, and in view also of the fact that these claims have been recognized by you as Auditor and payment authorized for many years, whether it would not be advisable to sanction the payments until legislation can be effected.

I will be glad to hear from you at an early day, as to whether you approve of this suggestion.

I am, sir, your most obedient servant,

WM. SMITH, D.M.M. & F.

The Auditor General.

AUDIT OFFICE, OTTAWA, May 26, 1893.

SIR,—I beg to acknowledge receipt of your application of the 25th instant for the issue of a sterling bill for £102-5-8 in favour of the Board of Trade, England, being the amount claimed for the relief of distressed seamen of the "Blanche," "Grace Butler,"

“Lion,” “On Time,” “Vesper,” “Gondola,” “James Roark” and “J. B. Harris,” and to inform you that as the declarations of domicile attached do not meet the requirements of section 69 of Chap. 74, R. S. C., I am unable to authorize payment. I will, however, hold over the application until I receive your answer to my letter of the 19th instant, relative to the payment of a similar claim made by the Acting British Consul at Japan.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

MINISTER OF MARINE AND FISHERIES,

OTTAWA, CANADA, September 20, 1893.

MY DEAR MR. McDOUGALL,—Referring to the correspondence which I find on file touching the payment of certain claims for the relief of distressed seamen, I desire to point out that by Order in Council of the 14th of December, 1869, an agreement was made with Her Majesty's Government, by which the Government of Canada agreed to pay the claims of the Board of Trade for seamen who made the declaration that they belonged to vessels registered in Canada, had shipped at a port in Canada, and had resided in Canada for a period of twelve months. Under the provisions of this Order, the claims made by the Board of Trade, duly supported by the Declarations, have been paid, without question by you up to the 19th of May last, when you objected to the claim made by the Acting British Consul at Japan, on the ground that you did not consider the declarations of domicile, attached to the claim, met the requirements of section 69 of Chapter 74, Revised Statutes of Canada, and since that date you have refused payment of all similar applications on the same grounds.

The question was submitted to the Department of Justice, and the Acting-Minister of Justice expressed the opinion that in order that seamen may be entitled to relief, it is necessary that they should be, not only residents of Canada, but also born in Canada. Under these circumstances, and as legislation would be required to meet the objections raised, I desire to suggest for your consideration whether the claims which have been paid for upwards of twenty years, on the production of the evidence required, should not continue to be so paid until the necessary legislation is procured.

Herewith is a statement of the claims which have been sent to you, and of which payment has not been authorized.

You will see that Parliament would, under the circumstances, cheerfully give the required sanction. I propose to ask for it.

Yours faithfully,

CHARLES HIBBERT TUPPER.

AUDIT OFFICE, OTTAWA, September 29, 1893.

DEAR SIR CHARLES,—In reply to your letter of the 20th instant, respecting the claims for the relief of distressed seamen who are residents but not natives of Canada, I beg to state that, as suggested by you, the length of time during which the claims of a similar kind have passed without question, combined with the intention of the Government to introduce next session a Bill to amend the law, seems to justify me in passing the claims that are now in.

Respectfully yours,

J. L. McDOUGALL, A.G.

Sir CHARLES HIBBERT TUPPER, Minister of Marine and Fisheries.

## Auditor General's Report, 1892-93.

### Payments in connection with Str. "Lansdowne" requiring further Explanation.

AUDIT OFFICE, OTTAWA, November 13, 1893.

SIR,—I beg to bring to your notice the following vouchers, Nos. 10590, 10730, 10982 and 11325, amounting to \$1,278.29, rendered by W. H. Knight for labour repairing the steamer "Lansdowne."

These vouchers are pay-lists containing upwards of twenty names each and in no case are they receipted by the persons in whose behalf the money was claimed. They are consequently in so far incomplete and I shall thank you to cause to be sent me the evidence you have received that the amounts appearing opposite the different names were disbursed as stated.

In connection with the certificate as to the receipt of articles purchased for the steamer "Lansdowne" I notice that Mr. Harding signs in all cases. For example,—for meat and vegetables obtained from Isaac Durling at Halifax, and for groceries from W. C. McDonald at the same place, Mr. Harding certifies "duly authorized and received by me." Unless Mr. Harding had personal knowledge that these commodities were received in the quantities for which charge has been made, he is not the proper officer to certify in this respect. The officer to do so is the person into whose charge the goods were delivered, and who consequently states what he knows from actual observation, and not what he has obtained from hearsay.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, Jan. 23, 1894.

SIR,—Referring to your letter of the 13th November with reference to the pay-lists rendered by Mr. W. H. Knight of St. John for repairs to the "Lansdowne," and requesting to be informed whether the department has any evidence that the amounts against the respective names were disbursed, I am to inform you that the work performed under Mr. Knight's superintendance was for carpentering and caulking, and the wages paid was the port rate for mechanics of that class, and the charge is considered by the department as fair and just. The pay-lists are certified by Captain Dakin of the "Lansdowne" and by Mr. Harding, the agent of this department, which is a guarantee that the men employed received their wages.

With reference to the provisions and groceries supplied the "Lansdowne" at Halifax, I am to inform you that the requisitions for these supplies were signed by Mr. Tremaine, an officer of this department in the Halifax agency, and the provisions according to the requisition are certified by Captain Dakin as received on board the ship. As the disbursements of the "Lansdowne" are kept by the St. John agent, the accounts for the goods were sent to him to be forwarded for payment.

I see no objection to Mr. Harding, our agent in St. John, who keeps the accounts of the "Lansdowne," certifying that the goods were received, and the prices fair and just, on these two documents, although he did not actually see the goods himself, as he has evidence from the certificate of our officer at Halifax that the goods were ordered and the certificate of the captain that they were received, and as to the prices, he can judge as well as any one whether they are fair and just.

I have the honour to be, sir, your obedient servant,

WM. SMITH, D.M.M. & F.

The Auditor General.

AUDIT OFFICE, OTTAWA, Jan. 29, 1894.

SIR,—I beg to acknowledge the receipt of your letter of the 23rd inst. with reference to the pay-lists forwarded to the department by Mr. Knight of St. John for labour repairing the steamer "Lansdowne."

I am unable to agree with you that the certificate of your agent on the lists in question is a guarantee that the men whose names appear thereon received the sums set opposite their names. Let me call your attention to the certificate which you ask me to accept as a sufficient receipt for the disbursements made by Mr. Knight. The lists, as you are aware, contain the names of the men, the number of days worked, the rate per day and the amount to which each labourer is entitled, and at the end of the lists so made out Mr. Harding certifies "that the goods have been received by me and that the prices charged are according to contract." Now whatever this certificate may mean, appended to a labour pay-list, it certainly does not give any guarantee on the part of the signer that the various amounts on the list were disbursed as there represented.

It seems to me that the safest way in all cases is to obtain receipts for the amounts paid. This may entail trouble and inconvenience in some instances, but such cases are unavoidable under any arrangements for the general good.

As regards the certificate of Mr. Harding for the receipt of goods purchased at Halifax and delivered there on board the steamer, I beg to point out that in the case of many articles Mr. Harding could have no personal knowledge of the delivery for which he certified. Take for example the groceries purchased from E. J. Lordly. How is Mr. Harding to know, in his office at St. John, what quantity of tea, sugar or codfish was actually delivered on board at Halifax, or whether the quality was in accordance with the price charged?

In my opinion, if this certificate as to receipt and price is to have any value, it must be signed by an officer who states what he knows from personal observation, and not by one who merely gives the evidence of hearsay.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, Jan. 31, 1894.

SIR,—I have the honour to acknowledge receipt of your letter of the 29th instant in regard to the matter of certificate given by our agent at St. John in regard to men employed on labour pay-lists, and in reply I am to inform you that to meet your views in the matter, I have notified our agents that it is necessary to have pay-lists in future signed by the men, and printed pay-lists have been forwarded for their use in the matter.

I have the honour to be, sir, your obedient servant,

WM. SMITH, D.M.M. & F.

The Auditor General.

AUDIT OFFICE, OTTAWA, Nov. 11, 1893.

SIR,—I beg to call your attention to the certificate given by Mr. McElhinney of your department on the account rendered by James Elliott for repairs to the steamer "Lansdowne"—voucher 12191 for \$549.36.

Mr. McElhinney states that he has examined this account and that the items seem to have been done and the charges reasonable; but that "he can see no necessity for all the work of replacing the old plating on the bottom at a heavy cost when the ship is not required to go on ice."

I judge from the fact of the account having been referred to Mr. McElhinney that he is the officer of the department in immediate charge of such works as the account in

## Auditor General's Report, 1892-93.

question covers, and consequently is in a measure responsible not only for the due performance of these works but for the recommendation on which they were undertaken by the department.

In view then of the certificate which I have quoted it seems to me that an explanation is necessary as to the recommendation under which the repairs paid for by cheque 12191 were undertaken.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, Nov. 21, 1893.

SIR,—I have the honour to acknowledge receipt of your letter of the 11th instant calling attention to the certificate given by Captain McElhinney on the account rendered by James Elliott for repairs to the steamer "Lansdowne" for \$549.36.

On referring to the duplicate voucher, I find that the account in question was certified to by Captain Dakin, at that time master of the "Lansdowne," and Mr. Harding, agent of this department, under whose supervision the repairs in question were carried out, and I am to inform you that Captain McElhinney was not in immediate charge of the work in question, but as the account appeared large, it was referred to him for his opinion before payment was ordered.

I am also to inform you that in regard to the statement made by Captain McElhinney that he could see no necessity for all the work, &c., when the ship was not required to go on ice, that the work in question was done under the direction of Mr. Coker, Inspector of Hulls and formerly Lloyds' Surveyor, an officer of this department resident at St. John, and as the vessel might be required to go on ice, if any accident should at any time happen to the winter steamer "Stanley," the department considers that the replacing of the old plating on the bottom, was not an unnecessary work.

I have the honour to be, sir, your obedient servant,

WM. SMITH, *D.M.M. & F.*

The Auditor General.

### Payments in connection with Str. "Newfield" for which further explanation is required.

AUDIT OFFICE, OTTAWA, November 14, 1893.

SIR,—I beg to bring to your notice the following vouchers sent me in support of expenditure made during last year in connection with the steamer "Newfield":—

Voucher 10,419: This is a pay-list for services from April 3 to 10, amounting to \$224.25, the signatures on which are apparently written by the same person. James Doody is paid as first officer at the rate of \$2.50 a day, though J. H. Campbell was paid in a similar capacity for the full month. You will also notice by voucher 10257 that C. C. Heeschen was paid for four days in March as first officer, Mr. Campbell receiving full pay for that month as well.

In connection with the payments to J. C. Mackintosh and W. L. Lowell & Co. on the order of A. B. Crosby written across the face of vouchers 10062, 10071 and 10171, I beg to call your attention to the Order in Council of February 1st, 1870, and to point out that the department should not have recognized the order of Mr. Crosby unless it was made out in the form therein prescribed.

On vouchers 12384, 12382 and 13262 the certificate "duly authorized and received by me" is signed "H. W. Johnstone per Tremaine." As pointed out in my letter of yesterday's date in reference to expenditure for the "Lansdowne" the proper officer to sign in this respect is the person to whom the goods in question were delivered and who is responsible for their safe keeping.

The items which make up the amount paid McDonald & Co. for travel of men, \$27.77—see voucher 7121—should be given.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, December 5, 1893.

SIR,—I have to acknowledge receipt of your letter of 14th ultimo calling attention of the department to pay-list of the "Newfield" voucher 10,419 for services from April 3rd to 10th amounting to \$224.25; and in reply I am to inform you that on the 3rd April the "Newfield" was put in commission temporarily to attend to some urgent buoy work. Capt. Atkins was very ill at the time, and unable to go in the ship. Mr. Campbell the first officer took command of the vessel for the trip, and Mr. Doody was engaged as first officer at \$2.50 per day.

I have the honour to be, sir, your obedient servant

The Auditor General.

WM. SMITH, D.M.M. & F.

### Payments in connection with Str. "Stanley" for which further explanation is required.

AUDIT OFFICE, OTTAWA, November 17, 1893.

SIR,—With reference to the expenditure in connection with the steamer "Stanley" during the last six months of the fiscal year 1892-93, I beg to call your attention to the following vouchers sent me in support of the payments to which they relate:—Vouchers 9120, 10436 and 10571 are labour pay-lists rendered by J. R. Macdonald, but are not received in any case by the persons to whom it is claimed thereon the money was due.

Vouchers 7403, 7404, 8389, 8719, 10044, 10301 and 10830, amounting in all to \$4,702.55, are in support of disbursements by the department's agents at Pictou, Messrs. Noonan & Davies, for coal, labour and freight. I find that coal to the quantity of 1,121½ tons was obtained from the Acadia Coal Co. of which Messrs. Noonan & Davies are also the agents; and it seems to me that in view of the financial connection they thus have with the Company, they can hardly be recognized as in a position to give an impartial certificate in regard to the reasonableness of the price, the quality of the coal delivered or the quantity that may be required from time to time. There are no vouchers sent me from the Acadia Coal Co.,—merely memoranda by Noonan & Davies showing the quantity received and the amount due thereon. From the freight bills rendered by the I.C.R. I find that freight was paid on 1,203½ tons of coal, (allowing 2,000 lbs. to the ton) and ten additional car loads, the bills for which do not specify the quantity carried, during the period covered by the vouchers to which I am calling your attention. For the same period it appears from the memoranda of Noonan & Davies that only 1,232½ tons were delivered to the "Stanley" and paid for by the Government. The amount paid for 75 tons of this quantity was afterwards refunded as having been returned. I should like to have your explanation of the apparent discrepancy in the quantity of coal as shown by the accounts of Noonan & Davies and by the freight bills of the I. C. R.

With reference to the payments made for labour, I beg to point out that the vouchers sent me do not bear any evidence that the amounts given thereon opposite the names of the various persons were disbursed as represented. Voucher 7568 from the Pictou Iron Foundry and Manufacturing Co. supports a payment of \$100 for amount withheld on bunker on steamer "Stanley." Please let me know the account on which this amount was withheld.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

## Auditor General's Report, 1892-93.

MARINE AND FISHERIES, OTTAWA, January 9, 1894.

SIR,—Referring to your letter of the 17th of November last, with reference to the expenditure in connection with the steamer "Stanley" during the last six months of the fiscal year 1892-93, I am to inform you that vouchers 9120, 10436 and 10571 are for labour performed by the hour in discharging and loading freight.

The class of men who do this work is generally illiterate, but the department has sufficient confidence in Mr. Lord, the Agent, Mr. Joseph R. Macdonald, the Sub-Agent, and also Mr. D. D. Ryan, the Purser of the "Stanley," who have individually certified the pay-lists, as a sufficient guarantee that the men mentioned received their wages. It is not usual in business to get receipted pay-lists for work of this kind, and the interested party would soon write to the department if he was not paid.

With reference to the vouchers in support of disbursements by Messrs. Noonan & Davies, for coal, labour and freight, I inclose herewith coal bills of the Acadia Coal Company for the coal supplied the "Stanley" during the months covered by the vouchers, viz :—December, 1892, and January, February, March and April, 1893, which correspond with the quantity charged by Messrs. Noonan & Davies. The Intercolonial Railway furnishes our agents at Pictou with bill of freight on every car load that comes to them from the mines, but the weight of coal mentioned in such bill is not supposed to be the exact quantity, as a lump weight is given for the purpose of freight in round numbers.

The labour account of Messrs. Noonan & Davies is the same as that of Mr. Joseph R. Macdonald of Georgetown, and for the reasons above stated it is not deemed necessary to ask labourers who work by the hour for a receipt.

Voucher 7568 which supports a payment of \$100, in favour of the Pictou Iron Foundry, was the balance due for repairs to bunkers of steamer "Stanley," the connecting voucher being 5574 of 1889-90.

I am, sir, your obedient servant,

WM. SMITH, *D.M.M. & F.*

The Auditor General.

### Temporary Clerks paid for Technical Services.

AUDIT OFFICE, OTTAWA, November 30, 1893.

SIR,—I beg to ask for explanation of the payments made to R. G. Davis and John S. Mackay, both of whom were employed in the department during a portion of last year in connection with the Registration of Shipping and paid from the vote for that service at the rate of \$1.50 and \$2 per diem respectively.

The vouchers sent me in support of these payments do not indicate that the services rendered were technical and of such a nature as to call for special qualifications, as should be the case to warrant a higher rate of payment than that of the initial salary of a third-class clerk.

Please let me have your explanation also of the payment of two months' board allowance, amounting to \$44, to H. J. McHugh from the same vote.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, Dec. 4, 1893.

SIR,—I have the honour to acknowledge receipt of your letter of the 30th ultimo, regarding the payment of R. G. Davis and John S. Mackay for work performed in connection with the Registration of Shipping, and, in reply, I have to inform you that the men in question were employed in connection with the preparation of the List of Shipping which is published every three years, and for which special provisions is made in

the Estimates. The work in question requires the services of careful and experienced men; and, as none of the regular staff in the department could be detached for the service, it was necessary to employ men who were competent, and the department was satisfied that Messrs. Davis and Mackay were well suited for the work, when it engaged them. With reference to the matter of board allowance to H. J. McHugh from the same vote, I beg to inform you that Mr. McHugh, who is the Superintendent of the Signal Service at Quebec, was brought up from Quebec and employed in the work of revising and assisting in the preparation of the Shipping Lists, and on that account his board bill is charged to the vote in question.

I am, sir, your obedient servant,

WM. SMITH, *D.M.M. & F.*

The Auditor General.

### Salaries paid before the date on which they became due.

MARINE AND FISHERIES, OTTAWA, December 1, 1893.

SIR,—In reply to your letter of 22nd ultimo, asking why the salaries of Overseer Migneault and Duberger were paid in May, when they were not due until 30th June.

I beg to explain that these officers leave for the North shore in May, and instead of making an advance to meet their travelling expenses, their salaries for the June quarter are paid in May. This has been customary with the department for some years and no objection has been made by the Audit Office.

I am, sir, your obedient servant,

WM. SMITH, *D. M. M. & F.*

The Auditor General.

### Expenditure for Tidal Service.

AUDIT OFFICE, OTTAWA, December 5, 1893.

SIR,—I beg to bring to your notice the following vouchers sent me in support of the expenditure made during last year for Tidal service, and to call your attention to the absence therefrom of the certificate required by section 33 of the Audit Act:—

Nos. 7327, 8705, 8707, 10150, 11024, 11027, 11150, 13203, 13204, 13205.

These vouchers and some others, when certified at all, are merely marked "correct" over the signature of Mr. Carpmael or Captain Douglas.

I notice that the vouchers in connection with this appropriation (Tidal Observations) are in some instances certified by Mr. Carpmael, and in others by either Mr. Gregory or Captain Douglas. In one or two instances Mr. Anderson certifies.

I should like in connection with these different signatures to repeat that the proper officer to certify as to the receipt of any articles for which payment is asked from the department is the one who has personal knowledge of the facts for which he vouches.

Voucher 13309 for \$131.15 is a copy of the original account and is not properly certified.

Captain Douglas does not furnish the hotel bill for a charge of \$90 for one month's board, made by him in voucher 14013. The amount of this voucher, \$169, was paid, though there was outstanding to his debit at the time advances to the amount of \$695. Has this sum been yet accounted for?

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

## Auditor General's Report, 1892-93.

MARINE AND FISHERIES, OTTAWA, Dec. 30, 1893.

SIR,—I have to acknowledge receipt of your letter of 5th instant, with reference to vouchers sent you in support of expenditure made during last year for Tidal service; and in reply, I am to inform you that the work of erecting Tide gauges, &c., was under the superintendence of Captain Bloomfield Douglas, R.N.R., who was not sufficiently acquainted with the requirements of the Audit Act, to append the certificate required, but simply marked the vouchers correct. The Tide gauges were made under an agreement with Messrs. Beatray & Thompson of St. John, and the prices charged are according to contract.

I may say that in future the work in connection with Tidal Survey will be under the control of Mr. W. Bell Dawson, C.E., and whose certificate alone will be appended to all vouchers.

I inclose you certified account of Captain Douglas's board bill in St. John, voucher 14013, and to inform you that a detailed statement of the \$695 advanced Captain Douglas on account of Tidal work, has been received by the department, and will be forwarded you in due course.

I am, sir, your obedient servant,

WM. SMITH, *D. M. M. & F.*

The Auditor General.

### Incomplete Vouchers in connection with Expenditure for Construction of Lights.

AUDIT OFFICE, OTTAWA, Dec. 13, 1893.

SIR,—I beg to bring to your notice the following vouchers sent me in support of the payments to which they refer in connection with the construction of lighthouses for the year 1892-93.

The accounts rendered by Messrs. Cox, Fraser, Baine, Bristow, Burpee and Campbell, who were employed during the year in the capacity of temporary clerks at the department, do not bear the necessary evidence that the service rendered was technical and required special qualifications. A certificate of this nature should have been given on each voucher as the clerks named were, in each instance, paid at a higher rate than the initial salary of a third-class clerk.

The vouchers Nos. 5276, 1562 and 1502 sent me in support of payments to the amount of \$4,080.60 to E. Chanteloup for lanterns for various lights are certified by Mr. Anderson that the accounts are correct and prices according to contract. There is no evidence given that the lanterns were received in good order at the respective destinations. Please let me have the contract under which the goods in question were purchased.

The judgment of the Exchequer Court quoted in support of a payment of \$693.05 to A. J. Dixon by cheque 5360 should be sent me.

A payment of \$1,200 was made to Martin Fader by cheque 4097 in support of which no evidence has been sent me as to the performance of the work or the fairness of the price.

Vouchers 1812, 4856, 181, 608, 899, 2867, 5420, 10143, 10420, 4781, 5005, 6954, for payments under contracts to several persons are not certified as required by law. There is no evidence that work proportionate to the amount paid in each case was performed at the time the cheque issued from the department. It seems to me only reasonable that before making any payment on a contract the Department should have evidence from some responsible officer having personal knowledge of the work in question, that sufficient progress had been made to justify the amount granted. This certificate should be attached to the contractor's application and sent to this office as a voucher in due course.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

### Placing portion of an Appropriation to the Special Credit of the Department.

AUDIT OFFICE, OTTAWA, January 18, 1894.

SIR,—I beg to bring to your notice cheque 13750 for \$709.42 issued in favour of the Bank of Montreal for special deposit to the credit of the Department of Marine. This amount, it appears was, at the date of the issue of the cheque, the unexpected portion of an appropriation for 1892-93 to provide two prizes for model, &c., for an improved fishing vessel.

Of course you understand that the appropriation in question was available for the purpose stated, up to July 31, 1893, if earned within the financial year; but if not the amount remaining to the credit of the appropriation should have been treated as an unexpended balance. I am not aware of any authority to justify the course taken in placing the amount to the special credit of the department, and I should be glad to have further explanation in reference thereto. Is this sum, \$709.42, still in the bank to your credit?

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, January 23, 1894.

SIR,—In answer to your letter of the 18th instant, I beg to state that the unexpended balance of \$709.42 was converted into a special deposit so that the purpose for which it was voted could be carried out.

The vote in question was to pay for prizes for models of fishing schooners. These models were executed and delivered to the department some months before the close of the fiscal year, but the prizes were only awarded later.

The amount paid so far is:—

David Lynch, travelling expenses inspecting models.....	\$ 41 00
1st prize, R. McLeod.....	400 00
2nd prize, M. L. Oliver.....	200 00
	\$ 641 00
The balance now in the bank is.....	68 42

As soon as some small advertising bills also incurred previous to 1st July are paid the balance and interest will be deposited to credit of Receiver General.

I am, sir, your obedient servant,

WM. SMITH, D. M. M. & F.

The Auditor General.

AUDIT OFFICE, OTTAWA, January 29, 1894.

SIR,—I have the honour to acknowledge the receipt of your letter of the 23rd inst. in explanation of the disposition which you made by cheque 13750 of the amount remaining to the credit of the vote for "Prizes for models of fishing vessels, &c.," at the end of the fiscal year 1892-93, in which you state that the amount in question was placed to a special deposit so that the purpose for which it was voted could be carried out.

In connection with this mode of procedure in regard to appropriations not wholly expended at the end of the fiscal year, I beg to point out that to my mind it is not only a very injurious one and capable of producing serious results if allowed to prevail, but is also clearly illegal.

There are explicit laws laid down within which the duly authorized officers of the Government entrusted with the expenditure of public money must act, and it is in

## Auditor General's Report, 1892-93.

accordance with these laws and subject to such restrictions as they impose that the Parliamentary appropriations should be disbursed by the various officers entrusted with this duty under Letters of Credit. Now one of the restrictions to which I refer provides that the appropriations for any year lapse at the end of that year—June 30—unless otherwise directed by the Governor in Council, to whom the power has been given to extend the period during which cheques may be issued not more than three months. But if at the end of the period thus extended there remain appropriations not wholly exhausted, the unexpended portions must be treated as balances which have passed from executive control and consequently not any longer available for the purposes for which they were voted. I know of no law or recognized custom to justify a spending department in departing from this course. If such sums might be disposed of as has been done in the present instance there would be nothing to prevent all the departments following a similar course, and thus systematically evading the laws.

As the irregularity cannot now be removed, the money having been expended, it will be necessary for me to refer the matter to the Treasury Board.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

MARINE AND FISHERIES, OTTAWA, January 31, 1894.

MY DEAR MR. McDOUGALL,—I have just received your letter of the 29th instant in further reference to the action of the department in making a special deposit of an amount voted for payment of Awards for Models of Fishing Vessels. I quite agree with the observations you have made in regard to the danger as a general thing of pursuing the course taken in this instance, and every care will be taken in the future to deal with appropriations in the manner indicated in your letter. I may, however, say there was a strong objection to allowing the vote for the Model Awards to lapse, and thus making it necessary to apply to Parliament for a revote, and had not the money been dealt with by special deposit it would certainly have been lost as we were not in a position to pay the awards until after the three months allowed by the Act had expired, and we would have been obliged to defer the matter of payment until Parliament had met and a revote had been taken. I may also say that the models had been received and held by the department for several months, and the parties were expecting to receive the money as soon as the awards had been made, and delay in this particular instance would have given dissatisfaction, I do not think that in this instance the public interest has suffered in any degree, and I may say that the balance of the vote with interest has been paid to the credit of the Receiver General. You may rest assured that I am always most anxious to meet your views in every possible way.

Out of the balance deposited to the credit of the Receiver General this day, viz., \$77.90, \$11.20 is for interest which had accrued, while the amount was under special departmental deposit, bearing interest. I have submitted your letter to the Minister of Marine and Fisheries, and he quite agrees with the views expressed by you on this subject, and has directed that in future no such course is to be adopted, as was adopted in this case.

I am, sir, your most obedient servant,

WM. SMITH, D.M.M. & F.

The Auditor General.

### Payment of Daily Allowance while on board Steamers.

AUDIT OFFICE, OTTAWA, January 19, 1894.

SIR,—I find on examination of the account rendered by Mr. Joseph Pope for travelling expenses in connection with the Behring Sea Arbitration at Paris, that he has been allowed payment for living expenses at the rate of \$10 per day while on board the ocean steamers on both the outward and return voyages.

In connection with this matter I beg to call your attention to the correspondence which took place between this office and the Departments of Justice and Finance with reference to similar payments some time ago. See pages B—91 and 92, Report of 1890, and B—109 and 110 of 1891.

I may say in regard to this correspondence, that I still hold the same opinion as to the legality of payments of this nature.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

AUDIT OFFICE, OTTAWA, January 19, 1894.

SIR,—I find on examination of your account for travel and disbursements in connection with the Behring Sea Arbitration at Paris, that payment has been allowed you at the rate of \$10 a day for living expenses during the whole time you were absent from Canada, including the periods of the ocean voyage, on the outward and return trips.

In connection with this matter I beg to bring to your notice the correspondence which took place between this office and the Departments of Justice and Finance some time ago in regard to similar payments. See pages B—91 and 92, Report of 1890, and B—109 and 110 of 1891.

I may say in regard to the objection I then raised as to the legality of payments of this nature, that I am still of the same opinion.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

DOUGLAS STEWART, Esq.,

Private Secretary to Sir John Thompson.

MARINE AND FISHERIES, OTTAWA, January 20, 1894.

SIR,—I have to acknowledge receipt of your letter of the 19th instant, respecting the account of Mr. Joseph Pope for travelling expenses in connection with the Behring Sea Arbitration at Paris.

You point out that he has been allowed payment for living expenses at the rate of \$10 per day while on board the ocean steamers on both the outward and return voyages.

I desire to say in reply that the account of Mr. Pope for travelling expenses in connection with the Behring Sea Arbitration at Paris was, in the first instance, made out without this charge. After the account had reached your office it appears that Mr. Kearns, one of your officers, expressed his surprise to the accountant of this department that the per diem allowance had not been charged for the days at sea, and called his attention to the fact that other officers on similar occasions had charged and been allowed this amount.

The accountant laid this subject before the Minister, and supposing this to be the general practice, the Minister gave authority for this charge.

If the information given by your officer is not correct, and this practice does not obtain, I am desired by the Minister to say that although he has not communicated the subject of your letter to Mr. Pope, he has not the slightest doubt that Mr. Pope will refund the amount in question without demur.

I am, sir, your obedient servant,

WM. SMITH, D.M.M. & F.

The Auditor General.

## Auditor General's Report, 1892-93.

---

AUDIT OFFICE, OTTAWA, January 23, 1894.

SIR,—I have the honour to acknowledge the receipt of your letter of the 20th instant in which you intimate that it was owing to the fact that Mr. Kearns of this office expressed surprise to the accountant of your department at the absence of a charge for the daily allowance for living expenses while at sea, in the account of Mr. Joseph Pope, for travel in connection with the Behring Sea Arbitration, that such a charge was allowed in a subsequent account from Mr. Pope.

Mr. Kearns informs me that on one occasion when in the accountant's office on business, he incidentally referred to the absence of the charge in question and stated that Mr. Pope's account in this particular was in accordance with my views. Shortly afterwards one of the clerks of the Account Branch applied to him for Mr. Pope's account, saying that both yourself and the Minister had agreed that the charge for the days at sea was a legitimate one under the terms of the Order in Council which authorized the payment of \$10 per diem for living expenses to Mr. Pope "while absent from Canada." Mr. Kearns informs me that he thereupon explicitly stated that the Auditor General held a different opinion on this matter, and called the attention of both the accountant and the clerk who personally applied for Mr. Pope's first account to the correspondence to which I referred you in my letter of the 19th instant. This statement of the case is in accordance with Mr. Kearns's subsequent actions, as it was he who called my attention to the charge as being contrary to my rulings on similar cases in the past.

The objection which I have raised to the payment of the daily allowance to travellers while on board steamers on which the living expenses are included in the amount paid for the passage, is based on the fact that the allowance in such cases is practically an increase of salary or a gratuity, and this objection has not been overruled by the competent authority.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

---

MARINE AND FISHERIES, OTTAWA, Feb. 2, 1894.

SIR,—I have the honour to acknowledge receipt of your letter of the 23rd ultimo in reference to the matter of charge of living expenses at sea, made in the account of Mr. Joseph Pope, and in reply I am to inform you that the account given by Mr. Kearns of the interview held by him with the accountant of this department does not quite agree with that given by the accountant. I have, however, in the meantime informed Mr. Pope that in view of the objection raised by you, the Minister of Marine and Fisheries is of opinion that he should refund the amount charged for subsistence while on board steamer.

I am, sir, your obedient servant,

WM. SMITH, D.M.M. & F.

The Auditor General.

---

MARINE AND FISHERIES, OTTAWA, Feb. 8, 1894.

SIR,—Referring to your letter of Jan. 23 and mine of Feb. 2, I have to call your attention to Mr. Pope's reply to a letter addressed to him upon the subject of his travelling expenses. The Minister of Marine and Fisheries desires me at the same time to point out that I had not exactly caught his opinion as conveyed to you. Under the circumstances detailed in your letter, he meant to say he had no doubt that Mr. Pope would as requested refund the amount in question.

Mr. Pope's letter of Feb. 6 places, as you will observe, the matter in a wholly different light, and in view of it, the Minister does not propose to press Mr. Pope further.

I am, sir, your obedient servant,

WM. SMITH, D.M.M. & F.

The Auditor General.

OTTAWA, Feb. 6, 1894.

SIR,—I have the honour to acknowledge the receipt of your favour of the 2nd instant, calling my attention to the fact that the Auditor General has taken exception to the payment made to me for living allowance during the time I was at sea ; informing me that the Minister of Marine and Fisheries is of opinion that in view of the Auditor's objection, I should refund this amount, and requesting me to refund it accordingly.

While as a matter of course I am prepared to carry out the wishes of Sir Charles Hibbert Tupper, I take the liberty of first asking you to bring to the Minister's attention the following facts :—

1. The Auditor's objection is made on the ground that such payment is contrary to the provisions of the general Order in Council regulating travelling allowances.

2. The particular Order in Council fixing my allowance declares that I shall be paid the sum of \$10 per day "while absent from Canada on the aforesaid mission."

3. The Deputy Minister of Justice, at a period subsequent to the date of the general Order in Council, has given the opinion that in so far as particular Orders in Council differ from general Orders in Council, "the former, and not the latter, are to be considered as the authority for the expenditure."

4. Mr. Sedgewick, when on an official visit to England in 1888, was paid his allowance for the 16 days spent at sea under authority of an Order in Council, the crucial words of which are indetical with those employed in mine.

5. In 1890 Mr. Courtney, the Deputy Minister of Finance, was similarly paid for the 15 days he spent on board ship. The Auditor General objected to the payment, the matter was referred to the Department of Justice for opinion as to the legality of the charge. That opinion was given as above quoted.

6. Mr. Douglas Stewart, the Prime Minister's secretary, received his allowance for the time spent at sea, while on the same mission as that on which I was employed.

7. None of the above named gentlemen have refunded these payments so made to them, and, as a matter of fact, the general question at issue has never been decided by the Treasury Board.

I have the honour to be, sir, your obedient servant,

JOSEPH POPE.

WM. SMITH, Esq.,  
Deputy Minister of Marine and Fisheries.

### Advances not accounted for.

AUDIT OFFICE, OTTAWA, January 22, 1894.

SIR,—I find that the sum of \$1,250 was advanced Mr. A. L. Belyea last year from the vote for "Expenses in connection with Behring Sea matters" for legal services. The only vouchers sent me in support of this amount are the paid drafts drawn by your agent at British Columbia on the department.

No account has been sent me for \$400 paid the Department of Justice by cheque 7155.

I shall be glad if you will cause the necessary vouchers in both these cases to be sent me.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister Marine and Fisheries.

## Auditor General's Report, 1892-93.

---

MARINE AND FISHERIES, OTTAWA, February 5, 1894.

SIR,—In answer to your letter of the 22nd ultimo, in connection with the advances made to Mr. A. L. Belyea, I beg to state that the agent of this department at Victoria, B.C., was instructed to advance him amounts, from time to time, to secure evidence in British Columbia on the Behring Sea arbitration case.

When the advances reached the sum of \$1,250 the agent was instructed, on December 29, 1892, to make no further advances to Mr. Belyea and to send the account in detail. Mr. Belyea was also written to on the same day to forward his account through the agent of this department at Victoria, and on January 17, 1893, his attention was called to the letter of December 29 and the favour of an immediate reply was asked. The account when received on August 10, 1893, amounted to \$2,122.40. It was referred to the Department of Justice, and the Minister of Marine and Fisheries subsequently directed that no further payment be made to Mr. Belyea, but that he be left to adopt such remedies as he may think fit so far as the balance of his account is concerned.

As to the amount of \$400 paid the Department of Justice by cheque 7155, this was a retainer paid to Sir J. S. Winter, Q.C., in connection with the license money exacted from the Canadian fishermen by the Newfoundland Government, and the Department of Justice has been requested to obtain a bill of particulars.

I am, sir, your obedient servant,

WM. SMITH, *D.M.M. & F.*

The Auditor General.

---

### Travelling Expenses—Mr. J. M. Macoun.

AUDIT OFFICE, OTTAWA, January 27, 1894.

SIR,—With reference to the account furnished by Mr. Macoun for advances made him to the amount of \$1,700 in connection with Behring Sea matters, I beg to inform you that I have not received the authority of the Governor in Council for the charge which he makes of \$7.25 daily allowance for living expenses from May 25 to October 22, 1892. It appears from a letter written by Mr. Macoun to the Minister, Sir C. H. Tupper, under date December 27, 1892, that the sum of \$7.25 for living expenses is required by him not for his own personal living, but as a means of recouping himself for certain expenditure which he found it was necessary to make at Victoria and Behring Sea in order to secure information which it was deemed advisable to obtain.

Now it seems to me that the amount of a daily allowance for living expenses should not be determined by such vague approximations. If Mr. Macoun has been called upon to make unusual expenditure in entertaining persons with whom he was transacting Government business he should show the requisite authority, received before the expenditure was made, and give details of the expenditure.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Marine and Fisheries.

**Certificate on Pay-lists.**

AUDIT OFFICE, OTTAWA, June 26, 1893.

SIR,—I notice that your pay-lists of temporary employees for the months of July, August and September last, bear the certificates prescribed by Treasury Minute of Oct. 2, 1891, with the following words introduced: "to the best of my knowledge and belief." The use of these words in your certificate is unauthorized and contrary to the Treasury Minute referred to. Your pay-lists for October and succeeding months bear no certificates whatever as to attendance. Although temporary employees are by Order in Council of Oct. 20, 1892, allowed sick leave and holidays under certain restrictions, still this does not do away with the necessity of the certificate as to attendance, which is still required. In giving this certificate it will be necessary to specify any days of absence, as well as the exact nature of absence, whether on account of sick leave or of annual leave.

I return the pay-lists herewith and would ask you to add the proper certificates.

I would also ask if all these temporary employees are employed under Order in Council, and have to request that you will ask the Clerk of the Privy Council to send me copies of all Orders in Council referring to the employment of the said temporary employees.

I am, sir, your obedient servant

J. L. McDOUGALL, A.G.

The Director, Geological Survey.

-----

GEOLOGICAL SURVEY, OTTAWA, July 10, 1893.

SIR,—I beg to acknowledge the receipt of your letter of June 26 with reference to the pay-lists of the temporary employees of this department.

I return you the lists herewith with the required certificates thereon.

On the 25th June I sent a requisition to the Clerk of the Privy Council asking that you might be furnished with a copy of the Order in Council dated 1st October, 1892, referring to the employment of these employees.

I am, sir, your obedient servant,

J. F. WHITEAVES, *Acting Director.*

The Auditor General.

-----

AUDIT OFFICE, OTTAWA, July 17, 1893.

SIR,—I beg to acknowledge receipt of your letter of 10th inst., returning the pay-lists of the temporary employees of your department with, as you say, "the required certificates thereon." I notice, however, that in every case the certificate has the nugatory clause "to the best of my knowledge and belief" introduced, to which I specifically took objection in my letter of June 26.

The prescribed certificate should be signed by an officer who is able to positively certify as to the attendance. I see no reason why the attendance of the employees in the Department cannot be accurately determined from the attendance book. In the case of any who may be absent from Ottawa on surveys or on other official business, the certificate should be given by the officer in direct charge of that particular branch of the work.

It appears to me as very improbable that no one of your temporary staff should have lost a single day either on account of sick leave, or for other reasons, between Oct. 1 last and June 30. Indeed I understand that one at least of your employees was absent for a considerable time on account of sickness during the latter part of the winter.

Again, if all the temporary staff have been present every day, how does it happen that some of them have not signed the pay-lists, as for instance, Mr. L. L. Brophy, who did not sign the regular pay-list for April but gave a separate receipt dated May 8.

## Auditor General's Report, 1892-93.

---

I am again returning the pay-lists to you for the proper certificate, stating any days of absence from duty at Ottawa, with the cause of such absence.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Director, Geological Survey.

---

AUDIT OFFICE, OTTAWA, August 24, 1893.

SIR,—I beg to acknowledge receipt of your letter of credit statement and vouchers for the month of July.

I observe that you still retain the certificate to which I have already several times taken objection, on account of the interpolation of the words "to the best of my knowledge and belief," which totally destroys the value of the certificate. The certificate in question which states that all of the employees whose names appear on the pay-list have been in attendance at their respective duties every day except Sunday during the month, is still further nullified by the statement which accompanies it, of days of absence of members of the temporary staff, from which it would appear that nine of the temporary employees have been absent during the month for periods ranging from half a day to seventeen days and a half.

Among the absentees during the month I notice the name of Matthew Esdale, your carpenter, who appears to have been absent from the 7th to the 15th inclusive, or eight week days in all. Mr. Esdale, who is paid only for week days, is not entitled to either sick leave or annual leave, as the last clause of the Order in Council of Oct. 20, 1892, granting leave of absence to temporary employees restricts the operation of the regulation regarding leave to supernumerary and temporary clerks employed under section 47 of the Civil Service Act, and to temporary messengers and professional and technical officers. Please see that Mr. Esdale's pay for the eight days, amounting to twenty dollars, is deducted from his wages for the current month.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Director, Geological Survey.

---

### Employment of Temporary Clerks.

AUDIT OFFICE, OTTAWA, July 13, 1893.

SIR,—I have received from the Clerk of the Privy Council a copy of the Order in Council of Oct. 1, 1892, authorizing the employment and fixing the rate of pay of the temporary employees of the Geological Department. I find, however, that the following whose names do not appear in the Order in Council referred to have been employed continuously since the dates specified below:—

P. H. Selwyn, from Dec. 7 at \$2 per diem.

M. Fraser, from January 16 at \$400 per annum.

H. Cameron, from April 1 at \$2 per diem.

Kindly inform me if you have obtained Orders in Council for the employment of these clerks.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Director, Geological Survey.

GEOLOGICAL SURVEY, OTTAWA, July 21, 1893.

SIR,—In reply to your letter of the 13th, I beg to state that so far as I am aware no Order in Council was issued for the employment to June 30 of the three clerks named.

They were placed on the temporary staff of this department by order of the Honourable the Minister of the Interior, and are employed this year (1893-94) under Order in Council dated June 29, 1893.

I am, sir, your obedient servant,

ALFRED R. C. SELYWN, *Director.*

The Auditor General.

AUDIT OFFICE, OTTAWA, July 24, 1893.

SIR,—I am in receipt of your letter of the 21st inst., stating that so far as you were aware, no Order in Council was issued for the employment to June 30 of the clerks named in my letter of the 13th inst.

An Order in Council of February 6 last requires "that in the case of all persons who are paid out of any vote, and who are employed at the seat of Government by any of the departments of the Government of Canada, the authority of an Order in Council be obtained for such employment beyond the first month's service." May I ask if you received a copy of this Order in Council?

In order to legalize the payments to these clerks it will be necessary to obtain an Order in Council authorizing their employment up to June 30.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Director, Geological Survey.

### Payment to N. D. Sellon by Prof. Bailey.

AUDIT OFFICE, OTTAWA, June 26, 1893.

SIR,—In September and October last I had a correspondence with you on the subject of the employment of N. D. Sellon by Prof. L. W. Bailey on his exploration of 1891. This correspondence will be found on pages D—14 and D—15 of my report for 1891-92. The result was that Prof. Bailey refunded the amount of \$45.75 for an overpayment to Mr. Sellon of fifteen days' services.

I find by your May statement that a cheque (No. 1708) has been issued in favour of Prof. Bailey for \$45.75 for amount "refunded through error" in October last.

Kindly explain the circumstances under which this cheque was issued, as Prof. Bailey's letters of Sept. 26 and Oct. 3 would make it appear clearly that there had been an overpayment.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A. G.*

The Director, Geological Survey.

GEOLOGICAL SURVEY, OTTAWA, July 10, 1893.

SIR,—I beg to acknowledge the receipt of your letter of the 26th June, *re* a payment of \$45.75 to Dr. L. W. Bailey. I inclose, herewith, a copy of a letter from Mr. N. D. Sellon to Dr. Bailey which explains the circumstances under which this payment was made.

I am, sir, your obedient servant,

J. F. WHITEAVES, *Acting Director.*

The Auditor General.

## Auditor General's Report, 1892-93.

(Copy.)

LIVERPOOL, December 27, 1892.

DEAR DR. BAILEY,—After an absence of some months spent in P. E. Island, I have just returned to Liverpool, and find your letters of Sept. 27 and Oct. 4 awaiting me. I regret exceedingly that so much time has elapsed, and that you have been thus delayed in hearing from me, therefore hasten to let you know my whereabouts, &c.

Relative to the balance \$77.80, I beg to say, that immediately on receipt of Govt. cheque, I wrote acknowledging same and directed you at Digby, and at a later date found this letter at the Fairview "Bridgewater" marked "not called for." I then re-directed to Fredericton, and supposed you had same in course of post. Also I am very sorry the moneyed mistake has occurred, particularly as the amount these hard times represents so much. I have looked into the matter carefully, and find from my memoranda, as per the inclosed account, which to me seems the work from July 22 to August 5 inclusive, fifteen days at \$2 and \$1.05 respectively in amount, \$45.75 was paid in full at that date, to date, August 5.

Continuing the work, my account shows a new departure with date August 7 to September 26, last three days being marked Yarmouth to Liverpool, and making the time 51 days, expense and bag added, balances contra account.

This is a duplicate, as taken from my book, and comparing with your summary statement shows a difference of \$45.75, which amount appears to me to represent the time from beginning of survey, July 22 to August 5, 15 days, payment charged, but the time, or contra account omitted.

This, my dear sir, I think on your investigation will show up right. Please let me hear from you at an early date.

Very respectfully yours,

N. D. SELLON.

Dr. L. W. Bailey to N. D. Sellon, Dr.

In this account the charge is made for first 15 days' work, but the corresponding credit has been omitted.

N. D. S.

AUDIT OFFICE, OTTAWA, July 20, 1893.

SIR,—I beg to acknowledge receipt of your letter, inclosing copy of a letter from Mr. N. D. Sellon to Dr. L. W. Bailey with reference to the number of days spent by him on Dr. Bailey's survey of 1891. In this letter Mr. Sellon states that he was employed during the periods from July 22 to August 5 and also from August 7 to September 26.

Prof. Bailey in his letter of Sept. 26, 1892, states that Dr. Sellon was employed for 51 days only, viz., July 22 to August 5, August 8 to August 21 and September 1 to September 22. Again, in a letter dated October 3, 1892, Prof. Bailey distinctly states that Mr. Sellon was employed only 51 days in all and that in making a final settlement on September 22 the amounts paid Mr. Selloa on August 6 were overlooked.

In the absence of anything further on this subject from Dr. Bailey himself, in explanation of the discrepancy between his original statement and that of Mr. Sellon, it seems to me that his statement of the facts of the case as given in his letter of October 3, is the one that should be accepted, as no doubt it was compiled from the memoranda and accounts kept by him as head of that particular exploration.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Director, Geological Survey.

## Auditor General's Report, 1892-93.

---

GEOLOGICAL SURVEY, OTTAWA, July 21, 1893.

SIR,—I am in receipt of your communication of the 20th inst., and in reply thereto beg to inclose you, herewith, copy of a letter from Dr. Bailey, dated from Fredericton the 28th December, 1892, and explanatory of the payments made to his assistant, Mr. N. D. Sellon.

I am, sir, your obedient servant,

ALFRED R. C. SELWYN, *Deputy Head and Director.*

The Auditor General.

---

FREDERICTON, December 28, 1892.

DEAR SIR,—You will remember that not long since I returned to the Survey Office, the sum of \$45.75—a supposed error or overcharge in my accounts as paid to N. D. Sellon for 1891. I have just received from the latter (who has for several months been away from home) the accompanying statements, which seem to show that the accounts as originally submitted were correct except as regards the dates of service. In other words, the 51 days to which you referred in your letter of September 28, and which I stated was made up between July 22 and September 22, (with a break in August) were really made up from August 7 to September 26, and does not take into account the previous service from July 22 to August 5. The change of date from September 22 to 26 is due to the fact that I made my settlement with Mr. Sellon on the former date, and subsequently took this in making up the account, but as the settlement was made at Yarmouth and Mr. Sellon lives at Liverpool, four days were allowed him for driving back from the one place to the other, so making it the 26th. I trust that the explanation here given will prove satisfactory, in which case I may also hope that the \$45.75 previously sent forward may be reimbursed.

I am, sincerely yours,

L. W. BAILEY.

P.S.—I am very sorry to trouble you again in this matter, but if you can manage to have it readjusted (with the Auditor General as well as with the Survey) it will be a source of much satisfaction to Mr. Sellon as well as to myself.—L.W.B.

---

AUDIT OFFICE, OTTAWA, July 24, 1893.

SIR,—I beg to acknowledge receipt of your letter of the 21st inst., inclosing copy of one from Dr. Bailey, with reference to the employment of Mr. N. D. Sellon during the summer of 1891.

In reply, I beg to say that Dr. Bailey's explanation is as yet not quite satisfactory regarding the following point:—In his letter of October 3, 1892, Dr. Bailey says: "Mr. N. D. Sellon entered upon service on July 22, and with the exception of a few days in August, remained with me until September 22." According to his last statement, the only day missed in August was the 6th, instead of the 6th and 7th, and from the 22nd to the 31st inclusive.

Please get from Dr. Bailey an explanation of the filling up of these breaks.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Director, Geological Survey.

---

---

**Payment by H. Fletcher for Type-writing.**

AUDIT OFFICE, OTTAWA, December 2, 1893.

SIR,—I notice from Mr. H. Fletcher's exploration account for the season of 1892, that on June 15 he paid the sum of \$46.50 for typewriting his report. This payment is not supported by any voucher. I have to ask for the name of the person receiving payment and also for a properly receipted account from him.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Director, Geological Survey.

---

**Stock Account of Instruments and Outfit.**

AUDIT OFFICE, OTTAWA, December 2, 1893.

SIR,—I beg to ask whether any account is kept in your Department of the instruments and outfit issued to your Surveyors when starting on their various explorations. Each Surveyor's account should be accompanied by a statement showing first the different articles taken away with him on his survey as well as the articles purchased, and showing secondly the disposal of these various articles at the close of the exploration.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Director, Geological Survey.

---

GEOLOGICAL SURVEY, OTTAWA, December 6, 1893.

SIR,—In reply to your letter of December 2, I beg to say that the particulars of each Surveyor's outfit, instruments, &c., are kept in the books of this Department. The cost of the purchase of these outfits is given in the accounts transmitted to your office.

I am, sir, your obedient servant,

ALFRED R. C. SELWYN, *Director.*

The Auditor General.

---

**No Answers received to Letters.**

AUDIT OFFICE, OTTAWA, December 2, 1893.

SIR,—I beg to remind you that as yet I have received no answer to the following letters :—

July 17, 1893, *re* certificates on paylists.

July 24, 1893, *re* employment of temporary clerks.

July 24, 1893, *re* payments by Dr. Bailey to N. D. Sellon, on account of services in 1891.

Kindly let me have replies to these letters at your earliest convenience.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Director, Geological Survey.

## 18.—MISSISSAGUAS OF CREDIT.

<i>Capital.</i>			
Balance, July 1, 1892, \$90,210.52; land sales, \$70.....			90,280 52
Percentage, 10 p.c. on \$70, \$7; building foundation, \$100.....	107 00		
Over expenditure of interest money, \$3,829.28; balance, June 30, 1893, \$86,348.24.....	90,173 52		
		90,280 52	90,280 52
<i>Interest.</i>			
Interest, 6 p.c. on \$56,700, 5 p.c. on \$41,800; less 3½ p.c. on \$8,289.48 (see note).....			5,201 87
Salaries of teacher and physician, \$550; salaries of Indians, \$426.25.....	976 25		
Interest distributed, \$6,480.36; pensions, \$81.25; relief, \$74.60.....	6,636 21		
Expenses of delegates to Ottawa, \$131.70; expenses attending council, \$67.50.....	199 20		
Fencing cemetery, \$252; building bridge and culverts, \$35.....	287 00		
Repairs and supplies for school and council house, \$94.31; road-work, \$26.46.....	120 77		
Building verandah to mission house, \$101; painting church, \$21.....	122 00		
Band instruments, \$279; printing, \$12.10; advertising, \$10.50.....	301 60		
Prizes, \$55.72; medical attendance, \$18; wood, \$77.....	150 72		
Burial expenses, \$58; stationery, \$51.60; photographs, \$30.....	139 60		
Drawing gravel, \$24; services of Indians, \$20.45; drawing maps, \$10.....	54 45		
Inspecting school, \$15; expenses of trial, \$18.35; trees, \$10.....	43 35		
Over expenditure of interest money, charged against capital.....			3,829 28
		9,031 15	9,031 15

NOTE.—I am of opinion that, instead of charging this band with interest at 3½ p.c. on the overdrawn interest moneys, this overdrawal should be taken out of the 5 p.c. capital; this would make a difference in the interest of 1½ p.c. on \$8,289.48, or \$124.39.

J. L. McD.

### Unexpended Appropriation for Removal of School-House.

AUDIT OFFICE, OTTAWA, December 26, 1893.

SIR,—Among the votes during the session of 1892, for Indians in Ontario, Quebec and the Maritime Provinces, I find one of \$100 for the removal of the Michipicoten School-house, to the Indian Reserve.

The total expenditure by you on account of schools charged against the Government school account is \$27,425, the full amount of moneys voted on account of schools. I can, however, find no item of expenditure corresponding to the above vote.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General, Indian Affairs.

INDIAN DEPT. OTTAWA, December 29, 1893.

SIR,—In reply to the inquiries made in your letter of the 26th instant, respecting the item in the school appropriations, session of 1892, of \$100 for the removal of an Indian school-house from the Hudson's Bay Company's Post at Michipicoten to the Indian Reserve up the river, I have to inform you that the building was not removed last year as intended; but the total amount of the school vote was expended for necessary school purposes, the special application of the above \$100 having been inadvertently overlooked.

Your obedient servant,

D. C. SCOTT, for D.S.G.I.A.

The Auditor General.

### Appropriation for Chiefs Cook and McGregor.

AUDIT OFFICE, OTTAWA, December 26, 1893.

SIR,—Among the amounts voted by Parliament for expenditure during 1892-93, on account of the Indians of Ontario, Quebec and the Maritime Provinces, I notice an item: "Salaries, Chiefs Cook and McGregor, \$100." I find, however, from an examination of the payments, that the chiefs actually paid were Francis Decaire of the Gibson Band, and Chief McGregor of the Cape Croker Band. I suppose this has happened by the election of F. Decaire as chief instead of Angus Cook. The Estimates for the current year give the chiefs as Decaire and McGregor.

If it is the intention of the Government in making this vote to provide for the payment of chiefs for these bands who are elected by the Indians themselves, would it not be advisable to alter the wording of the vote so as to read:—

"To provide for the payment of Chiefs of the Cape Croker and Gibson Bands."

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General, Indian Affairs.

INDIAN DEPT., OTTAWA, December 28, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 26th inst., respecting the item "Salaries, Chiefs Cook and McGregor, \$100," voted by Parliament for expenditure in 1892-93 on account of Indians of Ontario, Quebec and the Maritime Provinces; and in reply I beg to inform you that it is the intention of the Government in making this vote to provide for the payment of chiefs; and the verbiage will be adopted as suggested by you, viz., "To provide for the payment of Chiefs of the Cape Croker and Gibson Bands."

Your obedient servant,

HAYTER REED, D.S.G.I.A.

The Auditor General.

## Auditor General's Report, 1892-93.

### Sub-heads of Votes should not be over-expended.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Jan. 19, 1893.

SIR,—I have the honour to state that the adequacy of the appropriations for Indian purposes for the Maritime Provinces to meet the expenditure charged against them will depend largely upon whether the vote is to be considered as one for Indian purposes generally or as several sub-heads for salaries, medical attendance, &c. These votes, as well as those for British Columbia, have always hitherto been considered as one appropriation, and it was only by so treating them that the expenditure could be met: for instance, the amount estimated for medical attendance has always been too small, and the overdraft on this sub-head has been covered by a saving in some other; and it is only by treating the votes for the current year in this manner that they can be made to suffice; but as there is some doubt as to the rule which the department may be compelled to follow, I would be glad to have your views in the matter at the earliest possible moment.

If the sub-heads are expected to cover the expenditure chargeable to them, all further outlay from "medical attendance" in Nova Scotia must be at once stopped, and some provision made in the Supplementary Estimates to meet the probable overdraft. In any event this will have to be done, as the medical attendance has been large this year and as quite a number of accounts had to be charged to 1892-93 which should have been charged to 1891-92, owing to the failure of last year's grant to meet expenses. The department has tried every year for the past few years to obtain an increased grant for medical attendance in Nova Scotia, but has not succeeded.

Your obedient servant,

The Auditor General.

L. VANKOUGHNET, *D.S.G.I.A.*

AUDIT OFFICE, OTTAWA, January 20, 1893.

SIR,—I beg to acknowledge receipt of your letter of the 19th instant referring to the appropriation for Indian purposes for the Maritime Provinces.

In reply I beg to say that these appropriations cannot be considered as for Indian purposes generally, but that the various sub-heads for salaries, medical attendance, &c., must not be over expended.

I am, sir, your obedient servant,

The Deputy Supt. General, Indian Affairs.

J. L. McDOUGALL, *A.G.*

### Payments to L. P. Lewis, Songhees Reserve, B.C.

AUDIT OFFICE, OTTAWA, December 5, 1893.

SIR,—I notice that L. P. Lewis, who has received \$40 per month during the fiscal year 1892-93 as constable at the Songhees Reserve, B.C., has also been paid \$40 for services as guard and messenger at the Songhees Small-pox Quarantine Station from September 25 to October 25, 1892.

Kindly explain why this man was paid for two different services during the same period.

I am, sir, your obedient servant,

The Deputy Supt. General, Indian Affairs.

J. L. McDOUGALL, *A.G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, Dec. 12, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 5th inst. relative to certain payments made by this department during the fiscal year 1892-93 to L. P. Lewis, the constable at the Songhees Reserve, B.C., and in reply I beg to inform you that inquiry is being made into the matter, and you will be further advised.

Your obedient servant,

The Auditor General.

HAYTER REED, *D.S.G.I.A.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, Dec. 30, 1893.

SIR,—With further reference to your letter of the 5th instant, and the inquiries therein made respecting the payment of \$40 to L. P. Lewis for services as guard and messenger at the Songhees Small-pox Quarantine Station from the 25th September to 25th October, 1892, in addition to his regular wages as constable on the Songhees Reserve, I beg to inform you that as ministrations on small-pox patients are both disagreeable and dangerous, the doctor in charge at the station could not procure the necessary attendants for less than \$3 per diem, and as Lewis's extra pay (\$40) on this account only amounted to \$1.33½ per diem, thereby effecting a saving of \$1.66½ per diem, his employment in the extra capacity of guard and messenger was approved of.

Your obedient servant,

The Auditor General.

HAYTER REED, *D.S.G.I.A.*

### Acting Agent Norbury, Kootenay Agency, B.C.

AUDIT OFFICE, OTTAWA, December 5, 1893.

SIR,—In Kootenay Agency, B.C., I find that Mr. F. P. Norbury certifies a number of vouchers as acting for Mr. M. Phillips, the Indian agent. I do not find that Mr. Norbury has received any payment for such services, nor do I know him as an employee of the department.

Will you kindly inform me by whom Mr. Norbury was paid, and on what authority he acted as agent in the absence of Mr. Phillips.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Supt. General, Indian Affairs.

DEPT. OF INDIAN AFFAIRS, OTTAWA, December 13, 1893.

SIR,—In reply to the inquiries made in your letter of the 5th instant, as to the authority under which Mr. F. P. Norbury certified certain vouchers as acting for Mr. Phillips, the Indian agent, at Kootenay, &c., I have the honour to inform you that Mr. Norbury was acting with the consent of the department for Mr. Phillips during the latter's absence from duty on leave; and he was paid by Mr. Phillips.

Your obedient servant,

HAYTER REED, *D.S.G.I.A.*

The Auditor General.

## Auditor General's Report, 1892-93.

### Payments on Account of Elkhorn School.

AUDIT OFFICE, OTTAWA, December 26, 1893.

SIR,—I beg to ask an explanation of the different payments made during the past fiscal year on account of the Elkhorn Industrial School.

This school, I find, from the report of your department, receives a per capita grant of \$100 per pupil up to the number of 80. I find, however, that, in addition to this grant and payments on account of alterations and repairs to the buildings, the following additional payments were made :—

Outstanding accounts.....	\$ 739 15
Medical attendance for the years 1889 to 1892, inclusive..	354 00
Medicines.....	9 70
Farm deficit, 1892.....	669 85
Travel of teachers and pupils to December 31, 1891.....	553 35
do do do 1892.....	532 70
do do do to June 30, 1893.....	148 60
Total.....	<u>\$ 3,007 35</u>

Kindly explain at your earliest convenience the reason of these payments.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General, Indian Affairs.

DEPT. OF INDIAN AFFAIRS, OTTAWA, January 4, 1894.

SIR,—I have the honour to acknowledge the receipt of your letter of 26th ult., with reference to the payment, in addition to the usual per capita grant, for maintenance of pupils at the Elkhorn Industrial School; and in reply I have to inform you that the per capita grant above mentioned is given for the maintenance of pupils only, and the responsibility of the department does not end with the payment of this grant. The payments referred to as "additional" were made to place this institution in a position to do good and useful work in the education of the Indian youth; and the expenditure has resulted, under a new and vigorous management, in transforming the school into one of the most useful and successful of its kind. If the expenditure to which you draw attention had not been made, it is very doubtful whether a school would now be in existence at this point.

Your obedient servant,

HAYTER REED, D.S.G.I.A.

The Auditor General.

AUDIT OFFICE, OTTAWA, January 13, 1894.

SIR,—I beg to acknowledge receipt of your letter of the 4th inst., with reference to the payments to the Elkhorn Industrial School in addition to the usual per capita grant. Kindly let me know definitely what part of the cost of maintenance the grant referred to is supposed to cover.

I am, sir, your obedient servant,

J. D. McDOUGALL, A.G.

The Deputy Supt. General, Indian Affairs.

DEPT. OF INDIAN AFFAIRS, OTTAWA, January 18, 1894.

SIR,—In reply to your letter of the 13th inst., respecting payments to the Elkhorn Industrial School, I have to inform you that the per capita grant is supposed to cover tuition and instruction, board, lodging of pupils and staff, clothing, repairs (labour only).

Your obedient servant,

HAYTER REED, *D.S.G.I.A.*

The Auditor General.

AUDIT OFFICE, OTTAWA, January 25, 1894.

SIR,—I beg to acknowledge the receipt of your letter of the 18th instant, informing me of the items of maintenance which the per capita grant to schools is supposed to cover.

Among the payments for outstanding accounts on account of the Elkhorn School, about which I inquired in my letter of December 6th, I find some for provisions and clothing. Your letter of January 4th does not clearly explain the reason of these additional payments.

Kindly let me have the required explanation at your earliest convenience.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Supt. General of Indian Affairs.

### Payments to Permanent Employees for services rendered other Departments.

DEPT. OF INDIAN AFFAIRS, OTTAWA, August 30, 1892.

SIR,—I beg to inform you that this department is in receipt of a voucher (copy herewith) from the Regina office for \$25 in favour of Mr. T. A. Wroughton, for examining Government horses at the Blood Reserve at the request of Mr. Indian Agent Irvine. This voucher cannot in any case be paid without a special vote for the purpose, as Mr. Wroughton is a veterinary surgeon attached to the North-west Mounted Police; but the department is of the opinion that Mr. Wroughton being an officer of the North-west Mounted Police, the services should have been rendered without charge, and that the same cannot be looked upon as private practice,—an idea which seems to be suggested by Mr. White, the Comptroller of the Police, in his letter a copy of which is also inclosed.

Will you be good enough to give the department the benefit of your views on the subject?

Your obedient servant,

W. A. AUSTIN, *Actg. D.S.G.I.A.*

The Auditor General.

N.W.M.P., OFFICE OF COMPTROLLER, OTTAWA, Aug. 25, 1892.

SIR,—Referring to your letter No. 91919 of the 17th instant, asking for an expression of my views respecting a voucher received from your Regina office for \$25, for services of Veterinary Surgeon T. A. Wroughton in examining horses at the Blood Reserve.

Mr. Wroughton is the assistant veterinary surgeon of the North-west Mounted Police, for which he receives a salary of \$700 per annum. It would be impossible to retain the services of a professional man of his qualifications at the salary named, if he were forbidden to avail himself of occasional opportunities of private practice; it being of course understood that such private practice shall not in any way interfere with the duties required of him in connection with the North-west Mounted Police.

## Auditor General's Report, 1892-93.

In the absence of information of the circumstances under which he was called upon to examine horses at the Blood Reserve, and the nature of the services rendered, I would not care to express an opinion as to whether he is entitled to compensation therefor in addition to his salary as police officer.

FRED. WHITE, *Comptroller N.W.M.P.*

The Indian Commissioner, N.W.T., to T. A. Wroughton, Veterinary :

Feb. 10 and 11.—To professional services rendered, examining all the department horses at the Blood Agency . . . . . \$25

When I took over charge of the Blood Reserve, I found two of the Government horses—known as Tom and Jerry—in a poor sickly condition, and thought it advisable to get a veterinary surgeon to see them. I wrote to the officer commanding the Northwest Mounted Police at Fort Macleod, and asked him to allow Veterinary Surgeon Wroughton to come to the reserve and see these horses.

When Mr. Wroughton was here, I thought it as well to get him to examine and report on the condition, age, &c., of all the Government horses at this and the upper agency. This he did, and I forwarded his report some time back.

He examined nine horses, and it occupied him two days.

A. G. IRVINE, *Agent.*

Services rendered, prices fair and just.

Approved—A. E. FORGET, *Asst. Com.*

AUDIT OFFICE, OTTAWA, Sept. 3, 1893.

SIR,—I beg to acknowledge receipt of your letter of August 30, with reference to claim of Mr. T. A. Wroughton, for examining Government horses at the Blood Reserve.

In reply I beg to state that, in my opinion, no payment should be made to a permanent employee of any department for a temporary short service in any other department of the Government, every one being supposed to give occasional service in another department if he is called upon to do so.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Deputy Supt. General of Indian Affairs.

### Irregular payments—Qu'Appelle Industrial School.

AUDIT OFFICE, OTTAWA, September 29, 1893.

SIR,—Voucher No. 458 of 1892-93 on account of the Qu'Appelle Industrial School, is for a payment of \$90 to J. B. Bellile, of Fort Qu'Appelle, for 60 days' labourer's work, from 7th June to 16th August, 1893. This voucher, which appears to have been made out by an officer of the school, is dated June 30; it is certified "Work performed, charges fair and just" by the principal of the school, Rev. J. Hugonnard, and is approved by Mr. A. E. Forget as Assistant Commissioner. The voucher appears to have been cashed for Bellile by the firm of D. H. McDonald & Co., and a cheque (No. 8013) was issued at Ottawa, dated July 31, 1893, in favour of that firm, for \$90.90, being the amount of the voucher with 1 per cent added as commission on the advance.

It would thus appear at first sight that the voucher was issued on June 30, a month and a half before the completion of the services, and that payment was made by the department on July 31, half a month before the money was actually due. It is quite possible, however, if not probable, that these dates are not the true ones, but that both voucher and cheque have been dated back to allow of the payment being charged against the last fiscal year. This, however, would alter the case to only a small extent,

as the voucher bears the stamp of the Indian Commissioner's Office, with date July 20. It must accordingly have been issued prior to that date by the Principal of the school, and have been certified by the Assistant Commissioner on or about that date; further, the bank stamp shows that the cheque was presented at the Imperial Bank, Winnipeg, on August 17, and must have been issued at Ottawa some days before that date, and therefore also before the actual completion of the services for which it was supposed to pay.

The following questions arise from the above facts :—

1st. How could the Rev. J. Hugonnard certify that the work had been performed at least four weeks before the termination of the period for which payment was made?

2nd. How could the Assistant Commissioner approve this payment before the termination of the period?

3rd. Why was the cheque issued by the department before the termination of the period?

The following payments appear to be irregular in the same respect as the one just discussed, and will require similar explanation :—

Voucher 459, cheque 8014—L. Filiatrault .....	\$150
do 459 do 8015—J. Delorme .....	121
do 459 do 817—C. Racette.....	90

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General of Indian Affairs.

AUDIT OFFICE, OTTAWA, September 30, 1893.

SIR,—The following payments made during July last on account of the Qu'Appelle Industrial School and charged against the appropriation for 1892-93 appear to be properly chargeable against the appropriation for 1893-94 :—

Voucher 440, Smith & Ferguson Co., Regina, 6 paint brushes, supplied July 4 .....	\$ 2 75
Voucher 454 (in part), Rev. J. Hugonnard, petty expenses, July 7, express charges .....	0 25
July 14, express charges .....	3 90
Voucher 456, J. Dillon, services, July 11 to 21 .....	20 00
Voucher 457, D. H. McDonald, material and labour, June 8 to July 5 .....	792 10
Voucher 458, J. B. Bellile, labour, June 7 to Aug. 16....	90 00
Voucher 459, T. Barnes, material and labour, June 7 to July 6 .....	115 00
Voucher 459, L. Filiatrault, labour, June 12 to Aug. 21..	150 00
Voucher 459, J. Delorme, material and labour, June 7 to Aug. 11 .....	121 00
Voucher 459, C. Racette, labour, June 7 to Aug. 16....	90 00
Total.....	\$1,385 00

This amount should be at once transferred to the appropriation for the current year.

I am, sir, your obedient servant,

The Deputy Supt. General, Indian Affairs.

J. L. McDOUGALL, A.G.

# Auditor General's Report, 1892-93.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Oct. 5, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 29th ultimo, relative to certain vouchers therein mentioned paid by this department; and in reply I beg to state that the department agrees with you that the vouchers were irregular, but you will observe that they had been cashed by Mr. D. H. McDonald, and by the Hudson's Bay Company, and the custom of the department has always been to pay such vouchers, and to hold its officers responsible for any error or omission that might be found therein. That such error might exist and the department be unable conscientiously to refuse payment, is undoubtedly a weakness of the system of cashing vouchers, but this practice is in many ways a great obligation to the department, and it is only resorted to in special cases, and is gradually dying out with the improvement of banking facilities. It would, however, be impossible to refuse to honour a voucher that had been cashed by a merchant under the authority of our officials at Regina, and so long as the system obtains this must be one of its features.

I have written to the Assistant Indian Commissioner for a full explanation of his reason for allowing these irregular vouchers to bear his approval, and for proper receipts for the work done, and when I hear from him you will be at once communicated with.

Your obedient servant,

D. C. SCOTT, *Actg. D.S.G.I.A.*

The Auditor General.

DEPT. OF INDIAN AFFAIRS, OTTAWA, October 6, 1893.

SIR,—Referring to your letter of the 30th ultimo, and the statement therein given of vouchers charged by this department against the appropriation for 1892-93, but which you consider to be more properly chargeable against 1893-94, I have the honour to inform you that on examining the vouchers, it is found that very many of the items are properly chargeable to 1892-93, and as the whole of the expenditure was authorized in that year it is considered that only such amounts as constitute fair claims against the appropriation for 1893-94 should be transferred.

The amounts chargeable against these years are as follows:—

	1892-93.	1893-94.
Voucher 440, Smith & Fergusson . . . . .	\$ . . . . .	\$ 2 75
454, Rev. J. Hugonnard . . . . .		4 15
456, J. Dillon . . . . .		20 00
457, D. H. McDonald . . . . .	719 60	72 50
458, J. B. Bellile . . . . .	31 50	58 50
459, T. Barnes . . . . .	103 00	12 00
459, L. Filiatrault . . . . .	42 50	107 50
459, J. Delorme . . . . .	68 50	52 50
459, C. Racette . . . . .	31 50	58 50
	\$996 60	\$388 40

As regards voucher 454, I beg also to state that it is thought the expenditure was incurred previous to the 1st July, and as the Qu'Appelle school was to be placed on the *per capita* system after that date, such charges could not be paid by the department from the appropriation for 1893-94.

I am, sir, your obedient servant,

D. C. SCOTT, *Actg. D.S.G.I.A.*

The Auditor General.

AUDIT OFFICE, OTTAWA, October 27, 1893.

SIR,—Referring to your letter of the 6th instant with regard to certain vouchers for payments on account of the Qu'Appelle Industrial School belonging in part to the current fiscal year, I beg to inform you that I am this day authorizing a transfer of \$388.40 from the accounts of last year to those of this year, that being the amount

mentioned in your letter as properly chargeable to the current year. There is, however, some doubt as to the exact dates on which some of the supplies were furnished.

I am, sir, your obedient servant,

The Dy. Supt. Gen. of Indian Affairs.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, January 3, 1893.

SIR,—Referring to your letter of the 29th September and the department's reply of the 5th October last, on the subject of certain payments made during 1892-93 apparently in advance, of vouchers for materials delivered and work done at the Qu'Appelle Industrial School, I transmit herewith a certificate from the Principal of the institution in regard to these vouchers, and I beg to inform you that the Assistant Commissioner when forwarding this certificate reported that when the vouchers were first received at the Regina office they did not show the date on which the labour had been performed and were returned to the Principal in order that the omission might be rectified.

Mr. Forget also states that the Principal was informed at the time authority was given to erect the buildings, in connection with which these vouchers were issued, that they were not to be proceeded with unless the whole of the expenditure could be incurred before the 30th June, and that the Principal was under the impression that by entering into contracts with parties to do the work within a specified time, and dating the vouchers the 30th June, and getting them cashed, he was not acting in an irregular manner.

Mr. Forget adds that the vouchers were approved by him and forwarded for payment for the reason that they had been cashed.

Your obedient servant,

HAYTER REED, D.S.G.I.A.

The Auditor General.

### Survey Account of J. C. Nelson.

AUDIT OFFICE, OTTAWA, December 26, 1893.

SIR,—I beg to ask your attention to the following remarks on the survey accounts of Mr. John C. Nelson, one of the surveyors connected with your department.

In 1891-92 Mr. Nelson received advances amounting to \$2,000, on account of surveys in 1891. He appears to have returned to Ottawa from his survey for the year 1891, on or about January 11, 1892. His accounts were apparently given to the department in April, 1892, three months after his return, and the balance of his account amounting to \$135.50, was paid by cheque on August 3, 1892.

On July 5, 1892, Mr. Nelson received an advance of \$2,000, on account of surveys for that year, and on October 11, 1892, a further advance of \$2,000. I have not yet received the accounts of Mr. Nelson for his surveys during 1892; but he appears to have returned to Ottawa prior to December 15, as his salary cheque for December was apparently cashed by him personally on that date.

On July 11, 1893, Mr. Nelson deposited \$1,900 of the \$4,000 advanced on account of surveys. The inference is that the cost of the surveys of 1892 did not exceed \$2,100, and that Mr. Nelson retained the balance of \$1,900 for a period of about seven months.

I have accordingly to ask for an explanation of the second advance of \$2,000, when \$100 would appear to cover the amount required; and also of the retention of the \$1,900 for so long a period. Kindly explain also the delay in the settlement of Mr. Nelson's accounts.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General, Indian Affairs.

## Auditor General's Report, 1892-93.

DEPT. INDIAN AFFAIRS, OTTAWA, December 29, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 26th instant, with reference to Mr. J. C. Nelson's accounts. Your remarks with reference to the accounts for the fiscal year 1891-92 are correct; the balance due Mr. Nelson for that year was paid from the appropriation for 1892-93. The vote for that year (1892-93) was insufficient to meet the expenditure, and an item of \$2,000 was inserted in the Supplementary Estimates to provide the amount required, but it was not granted. This left the department with a large expenditure to meet and with no available funds. The advance (\$4,000) made to Mr. Nelson had over-expanded the vote, and his total expenditure for the year was \$4,547.05. Mr. Nelson arrived in Ottawa on 26th November, 1892, and when, on the 23rd of January, having collected all his vouchers, he made a demand for the \$547.05 due him, it had to be refused, and Mr. Nelson was obliged to do without that amount from 23rd January to 14th July, when his accounts for 1892-93 were settled. As it is not permissible to overdraw the vote the department paid the balance due on the accounts for 1892-93 from the appropriation for 1893-94, and Mr. Nelson refunded on the same day (14th July) the \$1,900 advanced him from the vote of 1892-93, so that the inference that Mr. Nelson retained a balance of \$1,900 for seven months is incorrect. In reality the department owed him \$547.05 from the close of his survey season to 14th July, 1893. I inclose Mr. Nelson's accounts, which support the survey expenditure for the current year's (1893-94) appropriation, in order that they may be scrutinized. As they should appear with the statement of expenditure sent for audit, will you kindly hand them to the examiner of the Indian accounts.

You will observe Mr. Hawkes's name on a voucher with Mr. Nelson's accounts. As he refused to sign the voucher owing to a misconception on his part of the terms under which he was engaged Mr. Nelson is now endeavouring to obtain the cheque for \$88 which paid him the balance of his account.

I am, sir, your obedient servant,

HAYTER REED, *D.S.G.I.A.*

The Auditor General.

AUDIT OFFICE, OTTAWA, January 18, 1894.

SIR,—I beg to acknowledge receipt of your letter of December 29th last, with reference to the survey accounts of Mr. J. C. Nelson. I need scarcely say that your explanation makes it clear that my inference with regard to Mr. Nelson having a large amount of Government money in his possession for several months was not correct.

I find that up to October 11, 1892, the amount of payments on account of the vote for surveys was \$2,400.73, including an advance of \$2,000 to Mr. Nelson. On the date mentioned a further advance of \$2,000 was made to Mr. Nelson, bringing up the expenditure on surveys to \$4,400.73. As the sum voted by Parliament for surveys was only \$4,000, this second advance over-drew the appropriation to the amount of \$400.73. Further payments were made from time to time chargeable against the vote for surveys, with the result that the appropriation was over-drawn to the extent of \$1,821.68. This over-draft was made good by a refund of \$1,900, out of the moneys voted for the fiscal year beginning July 1, 1893.

This over-expenditure is contrary to section 31 of the Audit Act which enacts that no cheque shall issue in excess of any appropriation. As the monthly statements of expenditure sent me by your office do not indicate the amounts to be charged to the several sub-votes, it is impossible for me to determine whether a particular sub-vote has been over-expanded; this, however, in no way lessens the responsibility of the accounting department.

In this connection I would refer you to the Order in Council of July 7, 1892, on the subject of over-drafts of appropriations, and would ask if the necessary report on the matter was made in this case.

The trouble appears to have occurred by work being authorized considerably in excess of the amount fixed by Parliament for that purpose.

I am, sir, your obedient servant,

The Dy. Supt. Gen., Indian Affairs.

J. L. McDOUGALL, *A.G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, January 22, 1894.

SIR,—I have the honour to acknowledge the receipt of your letter of the 18th instant, in further reference to the survey accounts of Mr. J. C. Nelson and the over-draft of the vote for surveys during the year 1892-93; and in reply I beg to state that it is to be regretted that the issue of a cheque which over-drew a Parliamentary Appropriation occurred but through inadvertance, the fact of certain miscellaneous payments having been made was over-looked. It is not at all likely that such an error will again be made, as the accounting officers of the department have been cautioned to follow closely the provisions of the Order in Council referred to by you of the 7th July, 1892.

Your obedient servant,

The Auditor General.

HAYTER REED, *D.S.G.I.A.*

### Payment of Allowances to Indian Commissioner.

AUDIT OFFICE, OTTAWA, Jan. 24, 1893.

SIR,—I beg to acknowledge receipt of your letter of December 15, No. 52922, referring to the payment of allowances for fuel and light, and for rent, to Mr. Hayter Reed, Indian Commissioner.

In reply I beg to say that before these allowances can be paid to Mr. Reed they should be specifically voted by Parliament, and their payment be authorized by an Order in Council.

I am, sir, your obedient servant,

The Dy. Supt. Gen., Indian Affairs.

J. L. McDOUGALL, *A.G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, Dec. 15, 1892.

SIR,—In reply to the inquiry made in your letter of the 1st instant respecting the allowance of \$300 each to Mr. Hayter Reed, Indian Commissioner for Manitoba and the North-west Territories, for fuel and light, and for rent, I have the honour to inform you that the fuel and light allowance was the first applied for. On Jan. 12, 1889, authority was given for the insertion of the requisite amount in the Estimates, and the provision has continued ever since. The rent allowance was paid by the order of the Superintendent General, who wrote upon the voucher No. 4235, which Mr. Reed forwarded with his letter of Feb. 11, 1892.

Your obedient servant,

The Auditor General.

L. VANKOUGHNET, *D.S.G.I.A.*

### Sick Leave to Temporary Employees.

DEPT. OF INDIAN AFFAIRS, OTTAWA, April 24, 1893.

SIR,—I have the honour to request that you will be good enough to advise me at your earliest convenience whether permanent temporary clerks in the Regina office are to be docked of their pay for days they are absent owing to illness.

Your obedient servant,

The Auditor General.

L. VANKOUGHNET, *D.S.G.I.A.*

## Auditor General's Report, 1892-93.

AUDIT OFFICE, OTTAWA, April 26, 1893.

SIR,—I beg to acknowledge receipt of your letter of the 24th instant, with reference to paying permanent temporary clerks in the Regina offices for days that they are absent owing to sickness.

In reply I beg to say that, so far as I am aware, there is nothing to authorize payment to the temporary employees in the outside service of your department for days of absence. If you consider it desirable to authorize payment either for sick leave or for annual leave, I would recommend that you apply for an Order in Council authorizing payment during such absence.

I am, sir, your obedient servant,

The Dy. Supt. Gen., Indian Affairs.

J. L. McDOUGALL, A.G.

### Gratuity to widow of late H. L. Reynolds.

AUDIT OFFICE, OTTAWA, November 18, 1893.

SIR,—Voucher 553, Commissioner's Office, 1892-93, is for a payment of \$250 to Margaret Elizabeth Reynolds for a gratuity equal to two months' salary of the late H. L. Reynolds.

I have received no Order in Council authorizing this payment. Payments of this nature should always be made from the vote for Unforeseen Expenses and then only under authority of an Order in Council. Please cause me to be supplied with the Order in Council, and initiate the necessary transfer.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General, Indian Affairs.

DEPT. OF INDIAN AFFAIRS, OTTAWA, November 21, 1893.

SIR,—Replying to your letter of the 18th instant, respecting payment to Margaret Elizabeth Reynolds of a gratuity equal to two months' salary of the late H. L. Reynolds, I beg to say that an Order in Council authorizing this payment was passed on the 17th May last.

I regret that you were not duly furnished with a copy thereof, but I have to-day asked the Clerk of the Privy Council to forward you one.

Your obedient servant,

HAYTER REED, D.S.G.I.A.

The Auditor General.

### Advertising Sale of Thousand Islands.

AUDIT OFFICE, OTTAWA, December 29, 1893.

SIR,—Voucher No. 173 (Miscellaneous, 1892-93) is for a payment of \$6 to the Kingston "News" for advertising an auction sale of some of the islands of the Thousand Island Group.

Apparently by a clerical error this payment has been charged against the vote for the Indians of Manitoba and the North-west Territories.

I am, sir, your obedient servant,

FREDERICK HAYTER, for A.G.

The Deputy Supt. General, Indian Affairs.

### Difference between Books of Audit Office and those of Indian Department.

AUDIT OFFICE, OTTAWA, April 26, 1893.

SIR,—I wrote you on April 1, 1887, with regard to the difference between the books of the Department of Indian Affairs and those of this office and of the Finance Department, caused by the Indian Department taking credit for an amount of \$68,672.01 under authority of an Order in Council dated June 30, 1884. Since the date of my last letter the difference has continued to increase on account of the interest compounding from year to year, so that on June 30 last the total difference due to this cause was \$93,982.38.

As the Indian Trust Fund is made up of moneys held by the Receiver General in trust for the several Indian tribes, it is evident that no amount can properly be credited to any band of Indians until it has actually been received by the Receiver General, or at least acknowledged as due by those from whom it is to come. The amount under discussion, however, has never been collected by the Dominion, but forms one of the unsettled and disputed accounts between the late Province of Canada and the Dominion.

Not only, however, has the Indian Department taken credit for the original amount, but it has also, year by year, taken credit for interest on the principal, though such interest was never allowed by the Finance Department, and has distributed this interest annually among the tribe, with the result that on June 30 last the books of this office showed an adverse balance of \$23,462.62 on the interest account of the Mississaguas.

In the case of this particular item not being allowed at the impending arbitration, or being allowed only in part, the amount of capital at the credit of the band would be seriously affected by the heavy call on it, necessary to make good the overdraft on the interest account.

I would recommend that until the final settlement of the provincial accounts, instructions be given by the Treasury Board that the original entry made by the Indian Department be reversed, and that steps be taken to make good if possible the over-expenditure of interest.

I am, sir, your obedient servant,

The Sec'y, Treasury Board.

J. L. McDUGALL, A.G.

DEPT. OF FINANCE, OTTAWA, April 27, 1893.

DEAR SIR,—I am in receipt of your letter of yesterday respecting the sum of \$68,672.01 credited the Indian Fund for the Mississaguas of the Credit by the Indian Department. I do not see, however, that any communication has been sent by you to the Indian Department in the matter, no mention of it is made in your letter. Pray let me know if you have done so.

Yours truly,

The Auditor General.

J. M. COURTNEY, D.M.F.

AUDIT OFFICE, OTTAWA, April 26, 1893.

SIR,—I beg to inclose herewith copy of a letter sent this day to the Secretary of the Treasury Board, with reference to the difference between the books of your department and those of this office and the Finance Department, caused by your taking credit in 1884 for an amount of \$68,672.01 for lands surrendered by the Mississaguas, which amount has never come to the credit of the Receiver General, but forms one of the outstanding accounts between the Dominion and the provinces.

The latter explains itself, so that it is unnecessary for me to make any comments on it.

I am, sir, your obedient servant,

The Deputy Supt. General, Indian Affairs.

J. L. McDUGALL, A.G.

## Auditor General's Report, 1892-93.

DEPT. OF FINANCE, OTTAWA, April 25, 1893.

DEAR SIR,—With reference to our conversation of yesterday on the matter of the amount placed to the credit of the Indian Trust Fund for the Mississaguas of the Credit under O. C. of the 7th October, 1884, I find, on searching our archives, your letter of the 1st April, 1887, on which you suggest that the O. C. in question be rescinded. If I might venture to make a suggestion, I would propose that you should, if you deem it necessary, write another letter, in addition to that of 1st April, 1887, which, as I have said, contains only a suggestion, stating the difference that now exists between your books and those of this and the Indian Department in this connection, in order that the Treasury Board may fully understand the matter. I presume that the Indian Department has been notified of your objection in regard to the item so that the matter may come before the Board in the nature of an appeal. I do not see by your letter of 1887, that any notification was sent the Indian Department at that time.

Yours truly,

J. M. COURTNEY, *D.M.F.*

The Auditor General.

DEPT. OF INDIAN AFFAIRS, OTTAWA, April 29, 1893.

SIR,—I beg to acknowledge the receipt of your letter of the 26th instant, inclosing copy of a letter sent on the same date to the Secretary of the Treasury Board, with reference to the difference between the books of this department and those of the Finance Department, caused by this department taking credit in 1884 for an amount of \$68,672.01 for lands surrendered by the Mississaguas of the Credit, which amount forms one of the outstanding accounts between the Dominion and the provinces, said credit having been taken, as stated in the letter of the Secretary of the Treasury Board, on the authority of an Order in Council, dated June 30, 1884.

Your obedient servant,

L. VANKOUGHNET, *D.S.G.I.A.*

The Auditor General.

(Copy.)

*EXTRACT from Minutes of Treasury Board, May 12, 1893.*

TREASURY BOARD:—

The Board had under consideration a report from the Auditor General with regard to the differences between the books of the Department of Indian Affairs and those of the Audit Office and of the Finance Department, caused by the Indian Department taking credit for an amount of \$68,672.01, under authority of an Order in Council dated June 30, 1884. This difference has continued to increase on account of the interest compounding from year to year, so that on June 30, 1892, the total difference due to this cause was \$93,982.38

The amount in question has never been collected by the Dominion, but forms one of the unsettled and disputed accounts between the late Province of Canada and the Dominion.

The Board direct that, until the final settlement of the provincial accounts, the original entry made by the Indian Department be reversed and that steps be taken to make good, if possible, the over-expenditure of interest.

J. M. COURTNEY, *Secretary.*

AUDIT OFFICE, OTTAWA, September 30, 1893.

SIR,—With further reference to the matter of the difference of the amounts at the credit of the Mississaguas of the Credit, as shown by the books of this office and those of your department, I find that, while you have reversed the original entry of \$68,672.01, in accordance with the Treasury Minute of May 12, 1893, the interest on that sum since July 1, 1884, amounting to \$27,798.87, still stands credited to the band in your books.

It appears to me that it must have been the intention of the Treasury Board that the reversal of the original entry should carry with it the interest accumulated year by year on that original amount. If it was a mistake to give the Mississaguas credit for the principal until it has been established that the Province of Ontario owes it, there can be no doubt but that it is a mistake to credit the Mississaguas with interest on that principal.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General of Indian Affairs.

DEPT. OF INDIAN AFFAIRS, OTTAWA, Oct. 4, 1893.

SIR,—I have the honour to acknowledge the receipt of your letter of the 30th ult., on the subject of the difference between the amounts at the credit of the Mississaguas of the Credit, as shown on the books of your office and those of this department; and in reply I beg to inform you that I will bring the matter to the notice of the Superintendent General upon his return, and endeavour to have some arrangement made for the transfer of the interest.

The Minutes of the Treasury Board specified that steps should be taken to make good, if possible, the over-expenditure of interest, but the only way to do this would be by charging the said interest either in annual instalments or in one sum to the capital of the Mississaguas of the Credit, and as these courses would likely entail more immediate hardship upon the Indians, it was thought better to wait until the question received the attention of the arbitrators. Now that you have raised the point, I will lay the matter before the Minister for his consideration.

Your obedient servant,

The Auditor General.

D. C. SCOTT, *Actg. D.S.G.I.A.*

### Indian Trust Fund—Superannuation.

AUDIT OFFICE, OTTAWA, August 30, 1893.

SIR,—I beg to draw your attention to the superannuation account under the Indian Trust Fund Accounts which was overdrawn at the end of last year to the amount of \$11,257.

It appears to me that there has never been any sufficient authority for creating a superannuation account of this kind and that an additional irregularity took place when the account was permitted to be overdrawn.

Will you be good enough to point out when the necessary authority was given for the opening of the account, if such authority was ever obtained. In the meantime no payment chargeable to this account should be made.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General of Indian Affairs.

DEPT. OF INDIAN AFFAIRS, OTTAWA, September 7, 1893.

SIR,—I beg to acknowledge the receipt of your letter of the 30th ultimo, drawing attention to the superannuation account under the Indian Trust Fund Accounts, which was overdrawn at the end of last year to the amount of \$11,257; and stating that it appears to you that there has never been any sufficient authority for creating a superannuation account of this kind, and that an additional irregularity took place when the account was permitted to be overdrawn; and asking me to point out when the necessary authority was given for the opening of the account, and stating that in the meantime no payment chargeable to this account should be made.

## Auditor General's Report, 1892-93.

In reply I beg to refer you, for the authority for charging the Indian Fund with the superannuation allowance referred to, to the Order of His Excellency in Council dated December 1, 1870, which approved of the report of the Treasury Board on the rules to be observed in giving effect to the Superannuation Act, and directed the adoption of said rules.

On referring to rule No. 28, you will observe that it is directed that all outside officers of the Indian Office who have permanent salaries and give up their whole time to their duties, such as superintendents and their clerks, salaried agents, &c., shall be included in the classes of persons who come under the operation of the said Act; but that, inasmuch as these salaries are charged against the Indian Fund, the superannuation allowances and the abatements should also be charged and credited to the Indian Land Management Fund. And I beg to state that this was done up to the receipt of your letter of the 15th June, 1882, to which also I beg to refer you, and in which you request that a "Superannuation Fund Account" should be opened as a sub-account of the Trust Fund Account of this department, and that it be credited with all superannuation drawbacks and debited with amounts paid for superannuation. And in the same letter you state that it would be well to treat all agents doing the same kind of work, and who are equally likely to become a charge on the superannuation fund, in the same manner with regard to the superannuation drawbacks.

As to your request, in the letter to which I am now replying, that, in the meantime no payments chargeable to the superannuation account should be made, I have to point out to you that this would appear to be most unfair in respect to the ex-officers of this department who have been, hitherto, in receipt of pensions under the Superannuation Act; and I have to point out to you the fact that the general superannuation fund of the Dominion shows that the payments from it also largely exceed the revenue. And I fail to see why any exception should be made in the case of the Indian Superannuation Account, more especially in view of the fact that, from time to time, this department has urged upon the Finance Department the advisability of assuming the payment from the general superannuation fund of the allowances made to officers of this department, and of receiving the abatements from the salaries of officers of the Indian Department on account of superannuation; but the Finance Department has persistently refused to accede to the request.

Your obedient servant,

L. VANKOUGHNET, *D.S.G.I.A.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Sept. 15, 1893.

SIR,—I beg to acknowledge receipt of your letter of the 7th instant, No. 37559, with regard to the superannuation account under the Indian Trust Fund Accounts.

In this letter you refer me to mine of June 15, 1882, in which I requested the opening of a "Superannuation Fund Account" as a sub-account of the Management Fund Account, and in which I also stated that it would be well to treat all agents doing the same kind of work in the same manner as regards the superannuation abatements.

My reasons for making these requests were, first, to have all the receipts and payments on account of superannuation kept by themselves in a separate account, and second, to have all the agents treated alike in this respect. I, however, at that time had overlooked the important question of parliamentary authority for providing for the superannuation of agents paid out of trust funds.

As regards the authority for charging the Indian Fund with the superannuation allowance, you refer me to an Order in Council of Dec. 1, 1870, giving the rules to be observed in giving effect to the Superannuation Act. It appears to me that Rule 28 referred to by you as your authority was *ultra vires* in that an Act of Parliament cannot be amended by an Order in Council. That rule directed that the abatements and allowances for officers paid out of trust funds should also be credited and charged to the Indian Land Management Fund. Section 3 of the Superannuation Act of 1870 provided that the abatements from the salaries on account of superannuation should form

part of the Consolidated Revenue Fund, while section 10 of the same Act enacts that the allowances and gratuities shall be paid out of the Consolidated Revenue Fund of Canada.

As the Indian Trust Fund moneys form no part of the Consolidated Revenue Fund, but are held in trust for the several bands of Indians, I am of opinion that no superannuation system can be applied to agents paid out of such trust moneys without direct and special parliamentary authority for the same. Perhaps that authority was obtained and you may be able to find it.

I am, sir, your obedient servant,

The Dy. Supt. Gen., Indian Affairs.

J. L. McDOUGALL, *A.G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, Sept. 16, 1893.

SIR,—With reference to your letter of the 15th instant, replying to mine of the 7th instant, with regard to the superannuation account under the Indian Trust Fund Accounts, I beg to inform you that this department in retaining the abatements from its agents' and other officers' salaries on account of the superannuation fund, and in paying its superannuated officers the amount of their superannuation from trust funds, merely acted in accordance with instructions contained in the Order in Council referred to in my letter to you above mentioned; and in creating a superannuation account it acted in accordance with the wishes expressed in your letter of June 15, 1882, which is referred to more fully in my previous letter to you on the subject.

As respects the legal points raised in your letter, it appears to me that the proper department to which such questions should be referred for definite information is the Department of Justice.

Your obedient servant,

The Auditor General.

L. VANKOUGHNET, *D.S.G.I.A.*

AUDIT OFFICE, OTTAWA, September 30, 1893.

SIR,—I am in receipt of your letter of the 16th instant (No. 37559), with regard to the superannuation account under the Indian Trust Fund Accounts.

As far as I can see, the first paragraph of your letter simply reiterates in a concise form the substance of your letter of the 7th instant, which was answered by mine of the 15th instant, and consequently requires no further response from me.

With reference to the last paragraph of the letter I will say that if you consider the legal point raised by me should be referred to the Department of Justice, it should be done, not by this office, but by your department. My duty as Auditor is to examine each payment, and to draw attention to what appear to be irregularities in such payments. When such irregularities are brought to the notice of the department concerned, it is for that department to strengthen its position as much as possible, and, if thought advisable, by referring the question to the Department of Justice or to the Treasury Board.

It is quite apparent that when writing to you in 1882 the difficulty about the authority of Parliament in the case of trust funds had not occurred to me. It is scarcely necessary to say that although it is the duty of this office to point out illegalities, the failing to do so in any case does not cure the illegality.

I am, sir, your obedient servant,

The Deputy Supt. General of Indian Affairs.

J. L. McDOUGALL, *A.G.*

DEPT. OF INDIAN AFFAIRS, OTTAWA, October 4, 1893.

SIR,—I beg to acknowledge the receipt of your letter of the 30th ultimo, with reference to the superannuation account under the Indian Trust Fund. Upon further considering the matter I see no reason for submitting the legal point at issue to the Department of Justice, as it is simply a question of the relative powers of an Act of

## Auditor General's Report, 1892-93.

Parliament and an Order in Council. I agree with you that the present system of treating the superannuation abatements of officers in the outside service of this department in the provinces of Ontario and Quebec is illegal; and I am willing to take such steps as it is possible for me to take to set the matter right. I am accordingly writing to-day to the Deputy Minister of Finance stating the objection which you have raised to the present system, expressing the willingness of this department to refund with interest the amount of the superannuation abatements already retained, and submitting the question whether the Government will on its part be willing to refund to this department the amounts paid over to superannuated officers. If the Finance Department will agree to this action being taken, the difficulty will be easily overcome, and the superannuation will in future be dealt with according to the Superannuation Act.

I inclose you a copy of my letter to the Deputy Minister of Finance.

Your obedient servant,

D. C. SCOTT, *Actg. D.S.G.I.A.*

The Auditor General.

DEPT. OF INDIAN AFFAIRS, OTTAWA, October 4, 1893.

SIR,—I have the honour to inform you that the Auditor General has drawn the attention of this department to the illegality of the system under which superannuation abatements and payments of superannuation allowance to members of the outside service of this department in the provinces of Ontario and Quebec have been treated for some time past. Although the Superannuation Fund Account in connection with Indian Land Management Fund has been conducted with the full knowledge of the Auditor General and your department, the former has come to the conclusion that the procedure has all along been illegal.

The authority for our action in the matter has been rule 28 of an Order in Council of the 1st December, 1870, which directed that all outside officers of the Indian Office who have permanent salaries and give their whole time to their duties, such as superintendents, agents and others, should come under the operation of the Civil Service Superannuation Act, but that, inasmuch as these salaries are charged against the Indian Fund, the superannuation allowances and the abatements should also be charged and credited to the Indian Land Management Fund. But the Auditor General now thinks that this Order in Council is *ultra vires*, as an Act of Parliament cannot be amended by an Order in Council. Section 3 of the Civil Service Superannuation Act of 1870 provides that the abatements from the salaries on account of superannuation should form part of the Consolidated Revenue Fund, while section 10 of the same Act enacts that the allowances and gratuities shall be paid out of the Consolidated Revenue Fund of Canada.

The method employed in dealing with the superannuation question by this department has been brought to your notice before, as it was found impossible to conduct it without a severe annual loss to Management Fund, to the overdrawal of which account the superannuation abatements have largely contributed.

This department is now willing to refund to Consolidated Revenue the amount of the abatements from the salaries of officers, with interest, and your department should, I think, be willing to take over the account on this basis and refund to this department the total amount of the payments to officers who are now on the retired list. Such a course will result in placing the superannuation of Indian officials in Ontario and Quebec upon a proper footing and will materially assist in wiping out the debit balance of the interest account of Management Fund, and consequently aid in the speedy diminution of the present grant towards this fund. If you signify your willingness that this course shall be adopted, I will take pleasure in having the necessary statements prepared and the refunds made.

Your obedient servant,

D. C. SCOTT, *Actg. D.S.G.I.A.*

The Deputy Minister of Finance.

### Over-Expenditure of Interest in Tribal Accounts.

AUDIT OFFICE, OTTAWA, January 24, 1894.

SIR,—I notice that the interest at the credit of the following Indian Trust Funds was exhausted before the 30th June last and the capital reduced as indicated.

Name of Account	Reduction of Capital.
Manitoulin Island Indians (unceded.) . . . . .	\$ 72 84
Mississaguas of Credit . . . . .	27,291 90
Pottawatamies of Walpole Island . . . . .	70
Abenakis of Bécancour . . . . .	79 56
Golden Lake Indians . . . . .	1 01
Iroquois of Caughnawaga . . . . .	10,248 53
Lake St. John Indians . . . . .	456 45
Chemaines Band . . . . .	12 60
Micmacs of Restigouche . . . . .	64
Pass-pass-chase's Reserve . . . . .	2 67

In the following cases not only has the whole of the capital been expended, but the accounts show a balance against the Indians instead of in their favour :—

Name of Account.	Debit balance.
Fort Alexander Band . . . . .	\$ 29 59
St. Peter's Band . . . . .	1,034 34
Heirs of Chief Pikanawatick . . . . .	04
Tsoo-a-hoi Band . . . . .	9 37

43 Vic., cap. 28, section 70 provided that the Governor in Council may provide for the general management of the Indian moneys.

Under Order in Council of January 12, 1893, no impairment of capital can be legally made without the authority of an Order in Council. If the required orders for the above cases were obtained please let me know the date of each. If the Orders in Council have not been obtained it will be necessary for you to lay the matter at once before Council.

It would appear from your accounts that you take the view that the interest may be overdrawn. It seems clear to me, however, that the interest on the money at the credit of any band being exhausted, subsequent payments on account of the band must be chargeable against the capital of the band.

As your Indian expenditure is made under letter of credit, I am not responsible for the irregular payments when made, but I cannot continue to pass credits unless those who can take the responsibility for the irregular payments do take that responsibility, and unless it is understood that the irregular payments will not be repeated.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General, Indian Affairs.

DEPT. OF INDIAN AFFAIRS, OTTAWA, February 1, 1894.

SIR,—I have the honour to acknowledge the receipt of your letter of the 24th ultimo, with reference to certain overdrawals of capital at the credit of Tribal Accounts with the Indian Trust Fund. This department does not hold that the interest of any account can be overdrawn without drawing upon the capital; and in future no such overdrafts of interest will be allowed.

The overdrafts, with the exception of three cases, were made some time ago, although your letter might be held to imply that they had all occurred during the fiscal year 1893-94.

## Auditor General's Report, 1892-93.

The department is doing everything in its power to bring about a better state of affairs. And this is evidenced by the accounts rapidly assuming a much sounder condition.

Manitoulin Island, unceded..... \$72 84

At the beginning of the year this account had a debit balance of \$396.92, which was reduced by \$324.08, as the quarterly interest credited to this account is \$210.05. The overdraft was made good on the 1st August, 1893.

Mississaguas of Credit..... \$27,291 90

This amount has apparently been in dispute for years. The department having made the original entry under the authority of Council, considered that sufficient. This original entry has been reversed by a Minute of the Treasury Board, but that order only directed that steps should be taken to make good the interest, and as the reversal of the original entry has been a hardship to the Indians it is deemed injudicious to at once further curtail their interest distribution.

Pottawatamies of Walpole Island..... 0 70

Golden Lake Indians..... 1 01

Micmacs of Restigouche..... 0 64

These small overdrafts occurred through inadvertence. The yearly interest drawn by the capital of the accounts is respectively \$217.24, \$253.55, \$2.36. The principle at issue is of course the same whether the overdrafts are large or small, but it will be readily seen that at the date on which your letter was written the overdrafts had been adjusted.

Abenakis of Bécancour..... \$79 56

This account began the year with a debit balance of \$107.53 which was reduced by \$27.97. The revenue of this account is only \$28.94, and it will take about three years for the debit balance to be absorbed. No expenditure will be made from this account until that condition is arrived at.

Iroquois of Caughnawaga..... \$10,248 53

This overdraft was occasioned by the large expenditure for surveys on the reserve which continued from 1881 to 1889, and it will be sometime before the account regains its lost capital.

Lake St. John Indians..... \$456 45

This account commenced the year with a debit balance of \$655.76 which was reduced by \$199.31. It has a variable revenue and it may not be long before the debit balance of interest is wiped out; the revenue from interest alone is \$44.22.

Chemaines Band..... \$12 60

This account began the year with a debit balance of \$24.65, which was reduced by \$12.05. The interest for 1893-94 is \$12.47 so that on the 30th June, 1894, the debit balance will only be 13 cents, which will disappear in the following year.

Pass-pass-chase's Reserve..... \$2 67

This account had a debit balance of \$164.11 when the year commenced, which was reduced by \$161.44; the revenue from interest for 1893-94 is \$126.06, and long before the date of your letter the account was in a sound condition.

Heirs of Chief Pickanawatick..... 0 04

The revenue of the account consists of collections of rents from the estate; and the expenditure, the distribution of this rent to the heirs. Four cents too much was distributed in error, but this has since been adjusted.

Fort Alexander Band .....	\$ 29 59
St. Peter's Band.....	1,034 34

These debit balances have been standing for some years but an effort is being made to produce sufficient revenue to cancel them.

Tsoo-a-hoi Band.....	\$9 37
----------------------	--------

This debit balance will be covered by rent due which will likely be paid before long.

The matter of the following overdrafts will be at once brought to the notice of Council :

Mississaguas of Credit ; Abenakis of Bécancour ; Iroquois of Caughnawaga ; Lake St. John Indians ; Fort Alexander Band, and St. Peter's Band.

You may be sure that nothing will be left undone to prevent irregularities in the accounts.

Your obedient servant,

HAYTER REED,  
*Deputy Superintendent General of Indian Affairs.*

The Auditor General.
