OVER 40 PER CENT. WERE FOREIGNERS.

600 Applications For Work Up to Noon. Less Than One-Third Are Married Men.

Victoria Avenue School May be Re-Built.

Since yesterday, when the roll was opened, over six hundred men seeking employment registered at the office opened in the basement of the City Hall.

It is not believed that work can be provided for more than half of these, even when the civic jobs, on which it is hoped to make a start as soon as possible, are undertaken.

The total number registered yesterday was 322. Over 40 per cent. of these were foreigners.

The following statistics show how long they have been in the city:

Married men, from three weeks to one year in city, 55. Over one year in city, 110. Total, 165.

Single men, from one week to one year in city, 229. Over one year in city, 128. Total, 357.

English speaking people, 308. Foreigners, 214. Total, 522.

This morning 85 men, mostly foreigners, registered. A squad of Armenians swooped down on the office. Relief Officer McMenamy was unable to understand their jabbering, and he chased them off to find an interpreter.

It is expected that by the first of the month about a hundred men will be given employment on sewer work. When the road work is undertaken about a hundred more can be provided for.

The city officials point out that if these jobs are filled with the men registered at the hall that a lot of old residents of the city, who are depending on this work opening up, can not be given employment.

It is thought that the prospect of relief by May is good. There will be a lot of railway construction, which will provide work for the foreigners. Building operations, although on a smaller scale than last season, will be in full swing by the first of the month.

A man who is thoroughly in touch with the situation, said that one of the most hopeful signs was the fact that a number of the manufacturing concerns which were obliged to cut down their staffs last fall are taking men on again.

The Board of Works to-morrow night will deal with the request of E. F. Noyes and others, who are asking the city to make a special application to the Ontario Railway Board to have the extension caused by the crossing of the Bradford & Hamilton Railway at these and Herkimer streets stopped.

Other business to be dealt with includes improvements to the Jubilee Cut, recommended by the engineer; the revision of the report on the application from the teamsters for an increase; the re-arranging of Garth street, and laying a walk on the west side; the proposal to build a new street, from King to Main streets, and a report from the auditor, advising that application be made to the Lieutenant-Governor to cause a survey to be made, and monuments placed, under the authority of (Continued on page 10.)

EIGHTY-EIGHTH BIRTHDAY OF BLIND MISS FANNY CROSBY.

She Says Every One She Meets Makes Her Feel That This Really is a Good World.

Brudenest, Conn., March 25.—Today is the eighty-eighth birthday of Miss Fanny Crosby, the blind poetess and hymn writer, whose compositions run into the thousands, and whose cheerful, uncomplaining spirit will serve as an example to others for many years.

For the last eight years Miss Crosby has made her home in this city, in a pretty little vine covered cottage on Wells street. There she is passing the declining years of her life, surrounded by her friends and neighbors, and they have taken advantage of the opportunity to show their affection by arranging a celebration, which will last several days and include the presentation of a gold watch.

A correspondent who called on Miss Crosby to-day found the wonderful little woman seated in her favorite rocking chair in her parlor.

"This is my birthday, and I am to have a reception. It will be an enjoyable occasion, but on other days it seems as if every one I meet were trying to do his share toward making me feel that this really is a good world."

"I live here in quietude, surrounded by a loyal circle of friends, and I find more in their love, esteem and affection than in anything that money could ever buy me."

Shot by Detective

Chicago, March 25.—Detective John J. Sullivan, a brother of Democratic national committeeman Senator Sullivan, shot and mortally wounded Harry Krause, of St. Louis, last night in the saloon of Jacob Niemann, 301 West Randolph street. Sullivan shot Krause after Krause, who was fighting in the saloon with Harry Pender, had twice felled the officer by blows over the head with a heavy chair. Sullivan had entered the saloon to end the fighting.

BRUTAL TREATMENT

By Armenians of a Young Armenian Who Was Odd.

St. Catharines, March 25.—(Special.)—A very sad case was brought to the attention of your correspondent to-day, when he learned of the barbarous treatment to which a young Armenian, about 18 years of age, had been subjected by his fellow-countrymen, who, like himself, have been employed at the McKinnon Dash & Metal Works.

The young man for some time has refused to partake with those who work beside him or live with him, and it was also with great difficulty that he could be induced to eat his meals. Thinking that he was obstinate, his fellow-countrymen have been pulling him about by the ears and otherwise ill-treating him. They even went so far as to tie him to the railway track, and yet he would not speak. A young business man of this city of the same race heard of his condition yesterday and visited the place. He at once came to the conclusion, from the man's actions, that he was insane. The police were notified, but nothing was done, save that an officer visited the place. This morning the medical health officer went there, but it is not yet known what the result of his visit will be.

DON'T WANT HIM.

German Government Objects to U. S. Ambassador.

Washington, March 25.—The German Government has declined to receive Dr. David Jayne Hill in the capacity of United States Ambassador, to succeed Charles E. Dutton, whose resignation has been accepted. To take effect upon the qualification of his successor, Dr. Hill is at present United States Minister to the Hague, and was formerly first assistant Secretary of State under the administration of Secretary Hay.

The objection to Dr. Hill is purely personal to Emperor William. The Emperor's objection is connected with the visit to America several years ago of his brother, Prince Henry, the ranking admiral of the German navy.

Dr. Hill at that time was Assistant Secretary of State, and necessarily was brought into official contact with the distinguished foreign visitor. Just what he did or did not do to give offence is not known here.

The Bishop of Niagara is expected home this evening from his trip to New Orleans, where he has been since the beginning of March.

MISS MUNRO ON THE STAND.

Mr. Turriff Tells How Tenders Were Opened.

In Every Instance the Lowest Tender Got the Berth.

Miss Munro Was Always Present When they Were Opened.

Ottawa, Ont., March 25.—(Special.)—Miss Munro, a clerk in the Interior Department, was examined this morning at the Public Accounts Committee meeting. In reference to the opening of the timber berth tenders, Miss Munro, being examined by Mr. Pardee, said that she was secretary to the Commissioner of Dominion Lands. She was appointed in 1901, and Mr. Turriff was there before she became his secretary. The witness had to do with the opening of tenders. She was always present when they were opened either by Mr. Turriff or Mr. Greenaway. Her duty was to keep memoranda of the advertisements when the tenders were due, and she put the tenders in a safe when received until the time arrived for opening them. When the time for opening the tenders came she brought them to the commissioner and they were opened in his presence. She was present at all times, except when away on her holidays. After they were opened and the contents taken the tenders were forwarded to the chief clerk of mines to be awarded. The witness said that she made a memorandum of their contents that accompanies the tenders to the chief clerk. She did not return a copy of these memoranda. They were always destroyed at the end of the year. She threw these memoranda away. The Timber and Mines Branch had them. Sometimes the tenders were brought to her and sometimes to the commissioner. During recent years she kept a copy of the memoranda. The tenders were now awarded by the commissioner. In Mr. Turriff's time the awards were made by the chief clerk of the Timber and Mines Branch. The witness said that (Continued on page 10.)

Premier Worse

London, March 25.—Premier Sir Henry Campbell-Bannerman is steadily growing worse. The public to-day was given a guarded notification of the real gravity of his malady, which up to the present time has been known only to a few persons. The bulletin issued this morning says: "The Prime Minister had a good night and a good sleep, but his weakened condition gives rise to much anxiety."

THE MAN IN OVERALLS

The investigation into some of the "scandals" at Ottawa reminds me of the "scandal" at Ottawa reminds me of the basket of apples that the Sandusker's crew got for their Sunday dinner, and which had never passed the City Council.

The Mayor might send some of the unemployed to shovel that hill in behind the reformatory wall.

Those Korean loyalists work along anarchistic lines. The Japs had better look out for bombs.

The Dominion Medical Association might read the riot act to those race suicide physicians.

The weather wise tell me that we must have three or four days of rain before we can expect nice weather!

There would be fewer murders among the foreigners if the knives were all called in.

I hope the Mayor won't buy the street railway. It's had enough as it is now.

Well, the man that can make \$2 a day cracking stones on the mountain is a Cracker Jack. That is all.

You will notice that Whitney is carefully loading the dice before going to the country.

"No Irish need apply" was the motto at the North Westwary Tory convention.

No Liberal should be without a Liberal newspaper in the house. The Dominion and Provincial elections will soon be here. Subscribe for the Times and keep posted.

But this trenching machine has not yet been endorsed by the unemployed.

I again take my pen in hand to ask William McAndrew if he has yet invented that leakless tap.

That reminds me that the Spectator has again begun to see things in the drinking water. It will have reached the second stage when it begins to hear voices. Is Dr. Roberts around?

The Wentworth Tories say Chub Collins kicks with the wrong foot. No wonder! Whalley is mad.

Perhaps Jeannette Lewis will yet persuade the boys for children's playgrounds.

Our lovely new story begins in this evening's Times. Look for it.

Well, who stole the chickens?

Mr. Whitney's gerrymander bill is an effort to make his calling and election sure.

I hope the Mayor won't buy the street railway. If he does the city will have to put up a continual fight for its mileage and percentage.

Too many civic deputations. Think of the overdraft.

Another thing that is bothering the Spectator is: When the ice on the bay melts does it raise or lower the lake level? This is on the level.

NEW SOLOISTS.

Miss Tallman and Miss Horne Go to MacNab.

MacNab Street Presbyterian Church has selected soprano and contralto soloists, to take the places of Miss Kinrade and Miss Carey. The lucky young ladies are Miss Alma Tallman as the soprano and Miss Esther Horne as contralto. Miss Tallman has been in First Methodist choir for some time, and is a pupil of Miss Adeline Smith. Miss Horne has been in Central, and is a pupil of Mr. Garratt. Both these ladies have very promising voices, fresh and clear. Mr. Victor Hutchinson, the new leader, begins his duties in MacNab about the middle of April, and the new soloists at the same time.

ROYAL TRIP.

Prince and Princess of Wales Off to Cologne.

London, March 25.—The Prince and Princess of Wales left here to-day for Cologne, where the Prince, during the course of his visit will inspect the Prussian Hussar Regiment, of which he is honorary colonel. After leaving Cologne the Prince and Princess will pay a visit to Darmstadt and Paris.

SAFETY DEPOSIT BOXES.

To rent at \$2 a year and upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables.

TRADERS BANK OF CANADA.

SHE SAID SHE WAS INSULTED.

Young Married Man Shot Through the Brain.

Avenge the Insult Because Her Husband Refused to Do So.

Now Both Are Locked Up on Charge of Murder.

Somerville, Mass., March 25.—Peter M. Wilson, aged 29 years, died at the Somerville Hospital early to-day as the result of a shooting late last night for which Mrs. Mary Strozze and her husband Salvatore are under arrest, charged with assault with a dangerous weapon.

The shooting was incited, according to the story of Mrs. Strozze, by an insulting remark to her from Wilson. It is alleged by Strozze that his wife snatched the revolver from him upon his refusal to avenge the insult, and fired one shot at Wilson, the bullet passing through the brain. Wilson leaves a widow and two children.

Strozze and his wife were brought into the police court to-day and formally charged with murder.

Strozze pleaded not guilty, waived examination and was held for the grand jury without bail. Mrs. Strozze also pleaded not guilty and will have a hearing in the police court on Friday.

HAS HAD ENOUGH.

Young O'Rourke Does Not Want to Learn Everything.

Only one case graced the roster at Police Court this morning. It was that of Thomas O'Rourke, 78 Locomotive street, who was summoned by William Hunter on a charge of neglecting to send his son to school. He said the boy was irresponsible and would not go to school at all. He stated that he had taken the lad by the scruff of the neck and carted him off to school, but he stayed there only till recess time and took to his heels. The boy will be brought up on a charge of being incorrigible at to-morrow morning's Police Court.

CHANCE TO BE GOOD

Given to Geo. Shawcross and Norman Chrysler.

Judge Monck was in a lenient mood this morning, and decided to let Norman Chrysler and George Shawcross have another chance. His Honor asked Shawcross why he had stolen the clothes, and the boy said he didn't know. His Honor thought that by giving the prisoner another chance good would be accomplished. Shawcross must understand, however, that this was his last chance, and he would be severely dealt with if he ever came up again. With a murmured "thank you" Shawcross made for the door and was gone.

Of Norman Chrysler, his Honor said he was old enough to know better. He had made enquiries around, and had found that the prisoner had been living pretty straight for the past couple of years, so he decided to give him one more chance, but with the understanding that Chrysler should behave himself during the years that are to come. His Honor said he would write a letter to the chief of police instructing him to keep an eye on the prisoner. If he is ever caught in crime again he will be brought up on the old charge, and his Honor threatened that the sentence would be a long one.

NEW PRESIDENT.

George Armstrong Will Probably Succeed Theaker.

It is not expected that the Street Railwaymen's Union will do anything to fill the position of president left vacant by John Theaker, who is now in the civil service, until the award in the dispute over his dismissal by the company is made public. The verdict will probably not be known for two weeks. George Armstrong is the first vice-president of the union, and it is understood that he will be elected president when the union deals with the matter.

AGAINST DUNDAS.

J. E. Wood Claiming Damages For Injuries Received.

J. E. Wood, acting through his solicitors, Chisholm & Logie, has issued a writ against the town of Dundas for unstated damages for personal injuries caused, he alleges, through the negligence of the defendants. Freeborn Marey is added as a defendant. The accident occurred in October of last year. A foreman, Mr. Marey, had left a coil of rope on the top of the dam, where the plaintiff was working, and it formed a sort of trap into which the plaintiff fell while carrying some heavy material. He fell about fifteen feet and was seriously injured internally, and has been ill ever since.

FOR POSSESSION OF FOUR-YEAR-OLD GIRL

Clever Girl

Bayonne, N. J., March 25.—In competition with several New York sculptors of note, Eleanor Eadie, 19 years old, just out of high school, and heretofore unknown in her profession, has had her design for the proposed soldiers' monument, to be erected here, accepted. The decision was announced at a meeting of the Bayonne patriotic monument association, after a unanimous vote in her favor by the committee having the matter in charge.

EMERALD CHURCH.

Extensive Improvements Are to be Made Soon.

While Mr. Geo. Goddard, the energetic choir leader of Emerald Street Methodist Church, is busy upon a plan to secure a new pipe organ for the church, the officials are undertaking extensive improvements. The board has decided to have the entire church repainted, inside and out, and the interior redecorated. The contract has been awarded to Goodall & Laidlaw, and the work will likely be done towards the end of next month. The choir gallery will also be enlarged and the church recarpeted. It has also been decided to do some cement walk work in front of the church. These improvements will cost from \$1,000 to \$1,200, and some other work is in contemplation. Under Dr. Williamson and an earnest official board the church is enjoying prosperity, both spiritual and temporal.

BURNED CLOTHING.

Pipe Left in Coat Pocket Caused \$60 Damage.

When Fred Mercer was going home last night past the corner of Wentworth and Cannon streets about 10:40 o'clock he saw a blaze in the hallway of the house on the southwest corner. Running to the door he called the family, and then notified the fire department. The firemen were soon on the job, and the fire was checked before it got a decent start. The flames were in a lot of clothing hanging on the hall rack, and did about \$60 damage to it. The cause is thought to have been a lighted pipe left carelessly in a coat pocket.

ALL FROZEN UP.

Ducks and Geese But No Open Water on Bay.

There were many indications of spring and an early break-up of the ice on the bay yesterday. In the inlets the water was rippling and a few small boats were out. Gulls were soaring in the sunlight and ducks were to be seen in large numbers on the open water. Around the canal and out on the lake thousands of ducks have been seen also, and on Sunday a flock of wild geese passed over, making for Lake Erie.

To-day the inlets are all frozen up again, last night's hard frost having done the trick, and this morning's flurry of snow gave nature a winter aspect again. The ice in the bay is quite firm yet, and, unless warm rain comes, there is little likelihood of navigation opening before the first of April.

Muskrat trapping is now the occupation of a number of the men on the Beach. The catch has not amounted to much yet.

POLICEMEN'S PLUCKY RESCUE FROM ROOF OF BURNING HOUSE.

Saving Five of a Family Across a Six-Foot Chasm in the Air.

New York, March 25.—Five members of Jacob Chaikowsky's family were rescued from the roof of their burning home at 135 Bowery early to-day by two policemen who bridged a six foot chasm between the two buildings by their bodies and swung the Chaikowskys across from the roof of the burning structure to a place of safety.

After the fire had been extinguished O'neil reported to the police that nearly \$800 in cash which he had in his home last evening was missing.

Legal Machinery Was Set In Motion

Before Dead Mother Was Buried.

The Little One is Heir to \$15,000.

John Pitt, proprietor of the Parkview Hotel, whose wife died on Sunday, has brought an action, through his solicitors, Staunton, O'Heir & Morison, against his sister-in-law, Mrs. Agnes Pujolas, to set aside a deed of adoption and the appointment of guardianship of his infant child, Dorothy, and for an injunction restraining Mrs. Pujolas from claiming the custody of the child. Some time in December last a solicitor, who was the mutual friend of both parties, drew up an agreement which was signed by both parties, for the adoption of the child by Mrs. Pujolas, in the event of Mrs. Pitt's death. Mrs. Pujolas declares that the agreement was signed by both the husband and wife. Mr. Pitt claims that his wife was ill at the time the document was drawn up, and he was also down with inflammatory rheumatism. He also says that while a document may have been signed by him, he was unaware of the contents, and he signed it simply to pacify his wife, who was ill with an incurable disease, which affected her mind. Mr. A. C. Heasley, who is acting for Mr. Pitt, secured an interim injunction from Judge Mack yesterday, and the case will be brought up for hearing on Tuesday, March 31st.

Mrs. Pitt was a woman of means. The will and three codicils were entered for probate this morning in the Surrogate court office. Mrs. Agnes Pujolas and Mrs. Elizabeth O'Neil, sisters of the deceased, are the executors of the estate. The estate is valued at \$20,280. Under the terms of the will, Mrs. Pujolas receives a reversion in jewelry, Mrs. O'Neil receives the plantation, harness and robes, valued at \$100. Mr. Pitt, the husband of the deceased, receives the interest in the Parkview Hotel, valued at \$900, and a life insurance policy valued at \$1,000. The infant daughter, Dorothy, receives the diamonds, rings and jewelry, valued at \$700, and the residue of personalty and realty, valued at \$15,780. Mrs. Pujolas also receives \$1,800 in cash. In the event of the child dying, before she reaches the age of 25, and leaving no issue, the money will revert to Mrs. Pujolas, and, in case of her death, to Mrs. O'Neil.

In the affidavit sworn to by Mr. Pitt, he says the child, Dorothy, will be four years of age on June 23rd next; and he and always has been in a position to take good care of the child and properly educate her; that his father and mother are living and are willing to take the child and give it a mother's care; that his wife's physician told him that he must consent to anything, no matter what, to pacify her. He says he is informed that there is danger of the child being taken to the United States, out of his care and away from the jurisdiction of the court. He has brought an action in the High Court to have the document he signed cancelled and declared null and void.

Mr. Pitt swore to the affidavit on which the interim injunction was granted on Monday, the 23rd, the day after the death of his wife.

FATED TO LOVE HER

CHAPTER I. The rector of Everfield was dead. Five-and-twenty years he had labored among his people—had wrestled for them in prayer; had preached, to the best of his ability, God's truth, standing Sunday by Sunday in the same place. He had known sorrow in the course of those years, and he had lived it down. He had known the sting of calumny, and he had lived that calumny down. And joy, in sweetness and in fullness, had arisen upon him, and had faded. Now all alike was blended into a dream. The book was closed. "After life's fitful fever, he slept well."

to undertake so long a journey from his parish, much less to send Gabrielle alone. "She has never been anywhere alone, poor child! It is a singular coincidence; but only last week, when the poor rector and my husband were talking, the rector—as well, to all appearance, as you or I—'Barber' he said, 'if ever anything should happen to me, he said, 'write to my cousin in Yorkshire, Mr. and Miss Gordon; they are almost the only relatives I have this side the grave.' So, when the melancholy event occurred, my husband knew what to do. And most kind it is of you, I am sure, to respond thus promptly."

and a confusion and a summons from Jane. "Would Miss Gordon please to come? Miss Gabrielle was dying! Gabrielle was not dying, but she lay unconscious and colorless, exhausted, so Olivia believed, by that paroxysm of tears. Mr. Godfrey carried her upstairs, and at length she opened her eyes, soon, however, as Jane expressed it, to "go off again." One fainting fit followed another in rapid succession, and Olivia began to grow exceedingly anxious. It was with relief, toward 9 o'clock, to hear Mrs. Barber's voice. "I see 'ow it is," said the rubicund lady. "Gabrielle's in for an illness, and a severe one. We must send for my husband."

BLACK HAND. ORGANIZATION ENGINEERED RUN ON A NEW YORK BANK. A Deliberate Attempt to Ruin Pasquale Pati, Who Recently Shot and Killed a Black Hand Agent—Pati Has Fled—Bank is Closed. New York, March 24.—A malevolent plot, relentlessly worked out by members of the Black Hand, declare the police, in defiance of the authorities pressing hard upon their trail, ended dramatically to-day in a run of deposits and the suspension of the Bank of Pasquale Pati, an Italian broker on Elizabeth street, and his flight from the Black Hand, because he recently shot and killed Francesco Paletro, one of the alleged members who had demanded money under the pain of killing the banker and family. Three thousand depositors clamored loudly at the Pati Bank to-day for their savings, and in the excitement a run was started on the Bank of Critelli & Son, across the street from the suspended institution, and caused it to shut its doors. The two banks were small private institutions. The run on the Pati Bank, the police charge, was engineered by the Black Hand as a revenge on Pati, who was yesterday acquitted by the coroner of having killed Paletro. The closing of Pati's bank and his sudden departure from the city is the sequel to a scheme, so say the police, of extortion and blackmail of the Black Hand that had its inception several years ago. Pasquale Pati was said to be the richest banker in the teeming Italian quarter on the East Side, where the banker believed he had no enemies. Letters came demanding money. How much money Pati parted with to stay the threats contained in the letters the police have been unable to learn. It was Pati's custom to keep large piles of American and Italian money in the front window of his bank, and six weeks ago a dynamite bomb exploded near the tempting window. The window was shattered, and thousands of dollars in paper money was scattered about the street. Pati succeeded in recovering all the money. Three weeks ago Francesco Paletro entered Pati's bank with drawn revolver and demanded money. Pati and his son both fired, and Paletro was killed. The letters continued, and yesterday three strange men entered the bank and threatened not only to kill Pati and his family, but to burn his home and destroy his business. Oil-soaked rags were found about Pati's home next day, and then the run started.

MURDER CASE.

MAN WHO KILLED HIS WIFE TOO CRAZY TO PLEAD. Indian Must Face a Jury—Attempt to Postpone the Trial of Thomas Neah Failed—Case Has Been Up Three Times.

London, Ont., March 24.—In the case of James Hartwick, charged with murdering his wife, the grand jury returned a true bill of murder. The case was placed on the stand, and when asked to plead in his own defence, he refused to do so, and the trial was postponed. Thomas Neah, the Indian who was charged with the murder of his wife, was again brought up for trial. An effort was made by his counsel to postpone the trial until the fall, but the court refused to do so. The case was again brought up for trial, and the grand jury returned a true bill of murder. The case was placed on the stand, and when asked to plead in his own defence, he refused to do so, and the trial was postponed.

A BRACING SPRING TONIC.

Does Incalculable Good to Young and Old—Assures a Healthy Summer. This is just the time when everyone feels the need of medicine for the blood. A cleansing tonic for the blood, a host of poisons from the body, make you feel like a new person. Nothing better can be prescribed than a vegetable remedy like Dr. Hamilton's Pills of Man-dra-ke and Buttermilk. They cleanse the whole system, fill it with new life, and force, drive away tiredness and depression, make you feel ambitious and snappy. "I think I owe my life to Dr. Hamilton's Pills," writes F. E. Fulton, from Williamstown. "Last spring my liver was disordered, and my stomach unable to digest, and my appetite amounted to nothing. I was pale and bilious looking, had had headaches and difficulty in sleeping. All was changed when I used Dr. Hamilton's Pills; they cleared out all the sickness from my system; my blood grew strong and red; appetite returned, and I have stayed well since. No medicine will do you more lasting good than Dr. Hamilton's pills. 25c at all dealers."

TORONTO LICENSES.

Public Meeting Endorses Move of Temperance Aldermen. Toronto, March 25.—The citizens' mass meeting in Massey Hall last night, called by the Toronto Temperance Federation, was a magnificent indorsement of the position taken by the aldermen who voted for the license reduction by-law. The hall was filled to overflowing, the doors having to be closed at 8 o'clock, when every seat from top to bottom was taken. The audience was in entire sympathy with the speakers, and frequently expressed assent in bursts of applause. By a unanimous standing vote the meeting adopted the following resolution, moved by Mr. A. R. Williams, and seconded by Mr. James Simpson: "That this meeting expresses its approval of the action of the members of the City Council who voted to reduce the number of bars, and promises its support of all effective measures for the abolition of the barroom and the treating system."

AT BRITANNIA.

Davidson Attracting Crowds-Six Day Grind Coming.

Very large crowds have attended Britannia rink to see the skating of John S. Davidson, the famous acrobatic and fancy skater. His work has excited the greatest admiration and is considered ahead of anything of this sort seen in the city before. Arrangements are proceeding for the proposed match between Davidson and Cuspin, but so far have not resulted in anything. Preparations are being made for the great six days' grind which will start at the Britannia rink on March 30. Teams of two will be allowed to compete, each man to skate one hour every evening. The prize is \$100 downwards. A large number of skaters have reached the manager of the rink from outside points from men who think that they can deliver the goods and the grind will be one of the unique sports of the season and should arouse a great interest.

LEOPOLD SICK.

Brussels, March 25.-It is reported that the indisposition from which King Leopold has been suffering for some time past has taken a serious turn. This report is borne out by the fact that King keeps to his room and his physician is visiting him twice daily.

BEULAH SURVEY LOTS SELLING

Take a stroll over the survey and you will be convinced that we are offering superior value in "Beulah Lots," and you will also agree that we are justified in advancing the price \$2 per foot May 1st. A word or two about restrictions: The purchaser is not compelled to build, but should he desire to do so, then he must erect a dwelling with a cash valuation of at least \$1,500. The wall of house next to street shall be 14 feet from street line, and 4 feet from northerly line of lot; this restriction giving a uniform building line on each street, also permitting lawns on south side of every house. Not more than one dwelling shall be built on each lot, thus ensuring sunshine and a healthy surrounding. We think these wholesome restrictions will appeal to "Home Builders" in preference to a "Lone Lot" with no restrictions.

Present prices \$12 to \$15 per foot. Terms-To suit purchaser.

W. D. FLATT H. H. DAVIS, Manager. Phone 685. Room 13, Fed. Life.

MARKETS and FINANCE

TORONTO MARKETS.

LIVE STOCK. Receipts of stock at the city market, as reported by the market, were 28,000 head, composed of 827 cows, 244 hogs, 163 sheep and 119 calves. There were a few well-finished calves, but a very small percentage compared with the half-fat class on the market. Trade, owing to light receipts, was good, but prices were about the same as were quoted for the junction market on Monday, which were about the best in advance of last week for the same kind of cattle. Exporters-One load of export steers was bought by Thomas Halliday in small lots at \$4 to \$4.20, and another load was reported as being bought by Alex. McIntosh at \$3.70 for cattle weighing 400 lbs. each. Export bulls sold at \$3.75 to \$4.00 per cwt. 1200 lbs. each, were bought for butcher purposes at \$1.75 to \$2.25 per cwt.; loads of 800, \$1.75 to \$1.90; medium, \$1.45 to \$1.65; common, \$1.25 to \$1.40; good cows, \$1.35 to \$1.45; common cow, medium cows, \$1 to \$1.25; canners, \$2 to \$2.50. Milk and springers-Trade in milkers and springers was moderately good, but few of the kind wanted by dealers are being offered. Prices ranged all the way from \$22 to \$15.50, but we only heard of one at the latter price. The market for veal calves of good quality is still active, and prices firm at \$2 to \$2.50, and \$1 per cwt. for prime new milkers. Sheep and lambs-Good lambs, \$6.75 to \$7.25; fair, \$5.75 to \$6.25; poor, \$4.75 to \$5.25. Good sheep, \$1.50 to \$1.75, and picked lots of butchers' lambs sold up to \$5.25 per cwt. at \$1.25 to \$1.50. Spring lambs sold at \$4 to \$5.50 each. Hogs-Harris quoted select at \$5.50 per cwt. with hedges and fat at \$5.25.

FARMERS' MARKET.

The grain market continues quiet, owing to a disappointing outlook for the crop. The only gain received to-day was a load of barley, which sold at 90¢ a bushel, or 10¢ above the previous day's price. A load of 200 bushels of oats, sold at \$2.25 to \$2.50 a ton. Straw, turn, load, 100 lbs. per cwt. in limited supply, with price, firmer, light sold at \$7.00 to \$7.50. Wheat, winter, No. 1, 1.25 to 1.30; No. 2, 1.10 to 1.15; No. 3, 1.00 to 1.05; No. 4, 90¢ to 95¢; No. 5, 85¢ to 90¢; No. 6, 80¢ to 85¢; No. 7, 75¢ to 80¢; No. 8, 70¢ to 75¢; No. 9, 65¢ to 70¢; No. 10, 60¢ to 65¢; THE HAMILTON TIMES

WEDNESDAY, MARCH 25, 1908.

TIME TO SHORTEN SAIL.

The facts that municipal debt and taxation have in the last twenty years steadily increased in a rate out of all proportion to the increase in population and in assessed values, are being brought home annually to the people and to the municipal council. To the latter, the situation is presented in a revenue which, at the highest tolerated rate of taxation, is in large part devoured by pressing debt and interest for expenditures in past years—a mortgaging of the future which is to-day going on at a rasher rate than ever; and to the former, it comes in the shape of demands for authority to issue more debentures to meet outlay for which current taxes dare not be laid upon the patient, burden-bearing taxpayer.

To add to the evil, a craze for municipal ownership has led many communities to burden themselves with debt unnecessarily, to plunge into various socialistic ventures which, even when they may be of a productive nature, offer themselves with greater prospect of economy in operation and success in results to the same business management of private investors. "What's everybody's business is nobody's business" does not fail to be exemplified in many of these undertakings. The money of the public becomes "graft" for the men who mismanage it, and the worst of failures is covered up from the public gaze by administrative jockeying and "cooked" bookkeeping. Doesn't it all come out of the taxes anyway? And are not the people legitimate prey for their devoted guardians?

But the enormous burden of debt thus loaded upon the Ontario municipalities and the startling ratio in which it has increased in recent years are not without their effect on financiers who study the situation. They regard them as ominous enough. Already a good many municipalities have found it necessary to increase the interest rate on debenture issues, and not a few have been obliged to sell at a large discount. Confidence in municipal securities is seriously threatened by the reckless piling up of obligations. Many thoughtful leaders of finance have been issuing notes of warning. Here are samples which the Monetary Times urges upon the attention of municipal councils as "same and sound, all bearing the impress of truth," and pleads with thoughtful men in municipal life to "preach economy to their civic confederates in municipal expenditure" as a means of changing unpleasant opinions in the financial world.

The weakest feature of the municipal situation in Canada is the willingness of municipalities to assume indebtedness, especially for undertaking a general public service nature. Mr. E. R. Wood, Dominion Securities Corporation, in address at annual meeting.

"Canadian municipalities like those at home are prone to waste large sums. Their borrowing powers have extended much too easily." Circular of British Empire Trust Company, London, Eng. "The aggregate of municipal indebtedness throughout the Dominion has been growing all too rapidly." London Economist. "To the exploiters of the 'opportunities' of the accident of getting into municipal life, such warnings are not likely to be heeded, but to the ratepayers upon whose property each new debenture issue is a mortgage which must be met, and to the intelligent and honest men who serve them, they come as admonitions which must awaken thought and bid pause. If, with a tax rate at the limit of endurance and a yearly large increase in the debt, we are only keeping even with the year's requirements, when we are to pay off old scores, let alone liquidate the enormous sums asked for this, that and the other speculative, socialistic venture? Is it strange that municipal credit declines and British capitalists begin to look askance at municipal offerings?"

Last year Canadian municipalities issued bonds to the amount of \$14,493,540. The year before their issue amounted to \$9,087,008. That is an enormous increase. Hamilton's share of that amount was \$347,000. We have started this year by authorizing an issue of \$275,000 for a scheme which may yet cost us many hundreds of thousands more; and perhaps before the year is out our council will be asking the ratepayers to authorize a further debt far in excess of that of last year. The Monetary Times estimates that this year's municipal issues will total perhaps \$21,000,000—nearly 50 per cent. more than that of 1907. The result of this, in the present state of finance, and in view of the attitude of the financial world toward municipal recklessness may be that the municipalities may have to sacrifice largely to realize upon their securities. That is what is coming, unless a radical change in municipal management takes place.

BUOYANT AND HOPEFUL.

Although many of the newer settlers of the Northwest have felt severely the pinch caused by the failure of the crops, and the inability of the railways to handle the grain rapidly, it is not to be supposed that the country has been stricken with misery. The financial stringency affected older Canada also. It is pleasant to find a leading Manitoba loan company manager stating that 40 per cent. of his company's customers have been able to meet their engagements, and that, where mortgages have

had to be converted, difficulties were seldom met with. One season's crop failure is, of course, a calamity to a new-comer, but the Canadian Northwest has now too many farmers who have got well on their feet for its people to become disheartened by one bad season. The prosperity of the Northwest farmer has a very great interest for the people of Ontario in general, and the city of Hamilton in particular. Not only are many of our children and friends in that part of the Dominion, but we do a trade of very large proportions with it. We have a selfish, as well as a fraternal, interest in its prosperity, and we are glad to observe that, far from being depressed and disheartened, by the ill-luck of 1907, the farmers are vigorously planning to put a greater area of territory under crop than ever before. And we wish them every success.

PRODUCER GAS ENGINES.

The New York Engineering and Building Record contains an interesting description, with illustrations, of a 1,500-horse-power producer gas plant in operation at Banfield Station of the Buenos Ayres and Great Southern Railway, some of the particulars of which may be pertinent at this juncture, when comparisons of the cost of power produced by steam, gas and water are being made. The plant in question is of Westinghouse production. There are six vertical, three-cylinder, single-acting gas engines, each having a normal output of 250 h.p., directly connected to three-phase, 50-cycle, 440-volt alternators of 150 kw. each. The switchboard is of the Westinghouse standard type. Power is distributed to the shops for motors at 410 volts, and for lighting at 110 volts. For distant uses power is stepped up to 6,600 volts, and transmitted by underground cables, lead-covered, paper-insulated, laid in earthenware troughs in pitch. This cable system is in duplicate. An overhead line is also in course of construction. The plant is reported as being most successful. It was put into service on March 13, 1904. In its first six months, it was stopped but three times, the total of the stoppages amounting to nine minutes. These delays were caused by accumulation of water in the gas mains, and had nothing to do with the engine plant proper. For the last two years, there was no delay, at any time, through want of energy. The plant is operated 24 hours a day with five engines running from 6.40 a. m. to 4.15 p. m., two from 4.15 p. m. to 12 p. m., and from 12 p. m. to 6.40 a. m. The men work in 8-hour shifts. As indicating the fuel economy achieved, it is pointed out that the average coal consumption during the past six months, including day and night working, plus all losses from the time it leaves the ship, amounts to 3.4 lb. per kilowatt-hour, but as low as 2.10 lb. per kilowatt-hour is constantly reached with the day load. During 9 hours out of the 24, one engine is run practically without any load, but must be kept in service to take care of the variations in load, which are sometimes abnormal.

An examination of the cost of operation, including fuel, oil, waste, water, stores, repairs, renewals, and wages show that the cost per kilowatt-hour, day work, is \$0.0122, and night work \$0.0206, the average being constantly realized of \$0.0171. This, in itself, is a remarkable showing, under operating conditions which necessitate one engine being run practically without load to care for variations of the total load on the plant. Moreover, the Record points out that the staff required to care for the gas plant could do all the work if the plant were 50 per cent. larger. That would indicate that greater economy could be effected were the plant larger, the amount allowed for the gas plant staff—more than half the total—being cut in two. The average kilowatt-hour charge for wages being \$0.0070. Allowing but one-half of this for wages for the gas staff to be affected by the saving but one-half of this for wages for becomes apparent that a kilowatt-hour rate of \$0.0135 could be achieved. Such a result speaks volumes for the future of producer gas engines. And the figures quoted are not matters of theory or promoters' estimates; they are results obtained in actual practice under exacting conditions in about three years' operation.

The municipalities of Canada owe a debt to Hon. Geo. P. Graham, Minister of Railways, for protecting them in the control of their street and local traffic. He has rendered a wider service than would have been possible in the Ontario Legislature.—Toronto Globe. Yes, Hon. Mr. Graham was right in declining to leave to Toronto and other municipalities the regulating of railways, which should be done by Parliament and the Dominion Railway Commission. He has proper respect for the dignity of Parliament. York County Local shareholders—at least, those of them who the referee will recognize—find their chances improving. By a decision rendered the other day, claimants whose shares were in arrear at the date of the winding-up order will be excluded from participating in the assets. By this decision, about \$600,000 is struck off the liabilities, which amount is left to the holders of the shares. It is pretty rough on the excluded ones, but it will give those whose claims are allowed a little more.

EDITORIAL NOTES.

The resources of negotiation are not yet exhausted. His Honor Lieut.-Gov. Clark is making a lot of sensible speeches these days. The knife is too freely resorted to in Canada to-day by some foreign newcomers. How many foreigners are there in Hamilton carrying around knives and other deadly weapons? We never hear of any prince or duke wanting to marry Hetty Green. Yet she has got the goods. It does seem silly to see newspapers writing letters to themselves, and answering all sorts of childish questions. Neither Pro Bono Publico nor Veritas has had a word to say about the street railway negotiations. Why the silence? Mayor Stewart already has his purse out to buy the street railway as soon as it is placed on the scrap bargain counter. There seems to be a very general feeling that there would be little lack of employment in Toronto if there were a general disposition on the part of the idle to accept the first work that offers.

It is not a time to be too fastidious about the kind of work accepted when appeals to charity are being made. The men who really seek a chance to earn an honest livelihood do not appear to think Mr. Roadhouse's oratory is very filling.

It would be an excellent time to begin work on extending and renewing the street railway. Get together, gentlemen, and set the file to work.

Whitney declares that he does not want to talk any more about Hon. Mr. Ross and the Niagara power matter. Like the parrot in the story, he begins to realize that he talked too much.

The Toronto World takes one more socialistic step. It suggests municipal boarding schools as a great want. Why not municipal nurseries? Why should parents, who bring a child into the world, have the burden of raising it?

Whitney blunted the edge of Tory heblers' hunger with payments of \$136,935 paid out under the heading of commissions. This is making pretty fair progress. Government by commission is becoming quite an institution.

Now the Huntingdon Gleaner says that Ontario is being asked to spend \$10,000 in making the Plains of Abraham into a public park and \$90,000 to make St. Foy battlefield, the one the British lost, into a park. In other words, it says the English-speaking Canadians are being gold-bricked.

What is Dr. Sproule's game in moving for a return as to the salaries and creed of the Commons and Senate staffs? There is no requirement for such a return in the public interest. Is this fire-brand seeking to stir up trouble again? If so, there is no horse-pod too deep, or cold, or dirty to plunge him in.

Some of the public ownership organs pretend to regard the work of the Dominion Railway Commission and the Interstate Commerce Commission as a failure, and already a lengthy record of decision in the interest of justice, benefiting the public, and proving a boon to the employees of railways, is the standing refutation of such a charge.

That heaven-born financier, Hon. Mr. Foster, prescribes the following for the prevention of blue ruin to Canada: Government must make the people buy less; work harder and produce more goods; sell more and spend less money. He has evidently quite abandoned the claim which he used to make that the country's prosperity is due to the Finance Minister.

The city of Toronto paid out to experts in 1907, in connection with its viaduct, electrolysis suit and power plant estimates, no less a sum than \$22,415. That is a considerable amount, but Hamilton is allowing a large sum to be frittered away in similar matters also. We are taking up the faddists' burden with little thought of how hardily the ratepayers earn the money.

Hamilton has lost nothing by showing a reasonable spirit in the Street Railway negotiations. If they fail the Railway Board will be the adjudicating body; and it is not to be fooled with chaff. It will look into all the facts and make no order that will be oppressive and unreasonable. The city's position will be the stronger for seeking to effect an amicable arrangement.

The municipalities of Canada owe a debt to Hon. Geo. P. Graham, Minister of Railways, for protecting them in the control of their street and local traffic. He has rendered a wider service than would have been possible in the Ontario Legislature.—Toronto Globe. Yes, Hon. Mr. Graham was right in declining to leave to Toronto and other municipalities the regulating of railways, which should be done by Parliament and the Dominion Railway Commission. He has proper respect for the dignity of Parliament.

York County Local shareholders—at least, those of them who the referee will recognize—find their chances improving. By this decision, about \$600,000 is struck off the liabilities, which amount is left to the holders of the shares. It is pretty rough on the excluded ones, but it will give those whose claims are allowed a little more.

Mr. Cockshutt, of Brantford, complained in Parliament that some of our people bought woollens, etc., of foreign manufacture, and he declared: "My policy is that these things should be made in Canada, and the tariff should be adjusted so that they could be made in Canada." Mr. Macdonald brought him up short with, "Why not move an amendment to the tariff?" But Mr. Cockshutt deftly side-stepped and declined the challenge. It is to be noted that Mr. Cockshutt himself took good care not to vote against the Fielding tariff.

GORED BY A BULL.

A. H. Atkinson, of Percy Township, Found at the Door of His Stable. Cobourg, March 24.—Word has been received here of a terrible fatality whereby Mr. A. H. Atkinson, a well-known farmer, residing near Darlington, in Percy township, lost his life on Saturday by being attacked by a vicious bull. Mr. Atkinson was found lying at the door of his stable, with injuries in the breast, which resulted in his death a few minutes after he was carried into the house. One arm was broken also. Alexander Anthony, a section man, was knocked down by a Grand-Trunk freight train at Toronto on Tuesday, and instantly killed.

OUR EXCHANGES

**Sensible Woman.** (Quebec Mercury.) Mrs. Hetty Green, New York's wealthiest woman, says she would rather see her daughter married to a good newspaper man than a duke. Hetty still holds the record as the wealthiest woman in the Empire State.

**Pool Room Checks.** (Quebec Mercury.) In Hamilton, a pool room was given pool room checks which were to be cashed in a barroom, and this method is a sure one to catch pool thieves.

**New Opening.** (Kingston White.) Mr. Sifton says the cottage should train as a school for the civil service and especially for the foreign departments of its colonies, so you hear that about Mr. Sifton's cottage the last time he was in the city.

**Parents' Duty.** (Goldwin Smith.) To educate as well as to feed and clothe the children brought by his own wife into the world, is the duty of a father. It is not a mere excuse for doing as in Toronto and in other municipalities.

**It Will be a Gerrymander.** (Toronto Globe.) Premier Wilton has made it clear before the special committee on the Redistribution bill that he intends to use his majority to gerrymander in Ontario. He has decided to make eight constituencies of eight members in accordance with the method adopted in the province. He will link the eight into four double constituencies. This linking is adopted so as to secure the party advantage. There is no more excuse for doing as in Toronto and in other municipalities.

**Adam Beck's Horses.** (Toronto Star.) Another way of loading the empire to get us for Ontario's Minister, to take nine horses over to the International Horse Show, in London, England, and win as many blue ribbons as he can.

**A Saving Creed.** Save a little every day; eling to every cent; Spirituality only; for about their savoury meals; Cease to long for things that please; Hide yourself away from things that please; Be of good cheer; when the light of day; Seize on a link through which it may be truly erep; Any hole is not sweet home, if you get it erep; They are fools who go to dwell where the law is wide and sweet odors fill the air; If they will not month after month sweat their words; By remaining where foul smells rise from the earth; They are fools to think that cash was but made to buy; What brings gladness to the heart or may please the eye; Save a little every day; pinch each penny hard; Turn from beauty as a thing no one should be made; Fairer by a dollar which you have gladly made; Hunt some dismal corner where you may eat and sleep; Any hole is not sweet home, if you get it erep.

**DADY TORTURED FOR 6 MONTHS** By Terrible Itching Eczema—Face and Head a Solid Sore—Spread to His Hand and Legs—Would Scratch Until He Bled—Tiny Sufferer Immediately Relieved and

**ENTIRELY CURED IN 2 MONTHS BY CUTICURA** "When my son Walter was three weeks old, eczema appeared on his face. We did not know what it was so we went to a doctor who treated him for three months. Then he was so bad that his face and head were nothing but one sore and his ears looked as if they were going to fall off, so we tried another doctor. He said he could cure him and we doctored there four months, the baby never getting better. His hand and legs then had big sores on them and as for his sleeping, we could not think of it. The poor little fellow suffered so terribly. First I tied his hands to the crib to keep him from scratching, but he got so bad that I tied him in a shawl or he would scratch himself all bloody. When he was seven months old we tried a set of Cuticura Remedies. The first application of Cuticura to his head and rest well, in one week the sores were gone and it stayed red and sometimes it would itch so we used Cuticura for two months, then he had a clear and white face. Now he is two years and seven months old and has never had eczema again. I hope this letter will help some who are suffering from skin disease. Every mother who has a baby suffering with skin disease should just try Cuticura; there is nothing better. Mrs. Louis Beck, R. F. D. 3, San Antonio, Tex., Apr. 15, 07."

**Complete External and Internal Treatment** of Every Form of Itching, Eczema, and Skin Disease. Cuticura Soap to Cleanse the Skin, Cuticura Ointment to Soothe the Itching, Cuticura Tablets for the Form of Cholerae Cuticura Pills to Cleanse the Blood. Sold Everywhere. DRUNKEN OFFICER

DRIVES TEN MEN TO FATAL SPOEE. Lines Crowd Up Before Bar and Forces Them to Drink—One Dead; One Will Die New Records Made and Hospital Ambulances Are Necessary.

Pittsburg, Pa., March 25.—David Lennox, police officer of the Pittsburg force, ran amuck yesterday and did a world of damage. One man is dead as the result of his prank, another is dying in a hospital, while several others are in jail, with physicians trying to save their lives from the fearful state of intoxication acquired under pressure from Lennox. The policeman was dismissed from the force the other day and may be arrested on a coroner's warrant.

Lennox, who is big, red-headed and cross-eyed, has been in Wythe avenue district for some years, and has had many hard cases to contend with. Yesterday, when apparently intoxicated, he saw several rowdies of long record, and set about to get them into a saloon, gathered about a ten of them and chased them into a saloon. Leaning up against the bar he said: "You fellows never had enough whiskey in your lives, but you are going to have your fill now. The fellow who does not drink ten whiskies now and two gins, with a schooner of beer to top off with, gets licked first and arrested later. I pay for everything."

The gang fell to in a hurry, fearing Lennox might change his mind. One by one they fell to the floor or reeled into a corner. Henry Thompson dropped like a shot as he raised his eighth glass to his lips, and he died later in the patrol wagon on his way to the police station. There was a giant negro, however, who outdrank them all. His name is not known to the Passavant Hospital people, where he is dying to-night, but his record will stand for years. He drank fourteen glasses of whiskey, but swooned on his fifteenth.

A squad of detectives was sent into the neighborhood on hearing of Lennox's drinking bout and gathered up all the drinkers with the exception of Lennox, who managed to get away at the first signs of trouble.

THE NIGHT RIDERS.

Leading Men of Kentucky Appeal to the President. Lexington, Ky., March 25.—The failure on the part of the State authorities to run down perpetrators of outrages committed by "night riders" culminated yesterday in a direct appeal to the President of the United States, for federal interference in Kentucky, which is being put into circulation throughout this section.

The petitioners are aware that the President can take no action unless the governor so requests, but they say it is their purpose by this means to bring the two executives together in the matter.

John Good was inventor and Count of Holy Roman Empire. New York, March 25.—John Good, formerly President of the National Cordage Co., and recognized for years as one of the most prominent factors in the hemp industry in this country and in England, died at his home in Brooklyn yesterday of pneumonia.

He was selected by Pope Leo as Count of the Holy Roman Empire in 1888, as a mark of papal favor. Mr. Good invented a hemp packing machine, from which he obtained royalties amounting to more than \$2,000,000. He withdrew from the National Cordage Co. after its organization, and two years ago retired from business. While engaged in the manufacture of cordage Mr. Good established factories in England.

MISSION OF THE CHURCH.

PROVOST MAKLEM'S ADDRESS AT THE CATHEDRAL.

White Men in Heathen Lands Are Looked Upon as Embodiment of Christian Religion.

An eloquent and inspiring lecture was given in Christ's Church Cathedral school room last evening by Rev. Dr. Macklem, Provost of Trinity University, Toronto, it being the third of the Lenten series, dealing with subjects to be discussed at the Pan-Anglican Congress, to be held in London, Eng., next June. The subject of the lecture was, "The Church's Mission in Heathen Lands," and was sub-divided into "The Growth of Missionary Activities in the British Empire" and "The Survey of Mission Work to be Done To-day." Dr. Macklem in his opening remarks pointed out that the work before the church was a large one, as the field of labor embraces one-third of the globe, and reaches all parts of the world. He said that missionary work in the Church of England first started in the year 1701. Since then much had been done, but there was a far greater work to do, and the Anglo-Saxon people were entrusted with the duty and privilege of extending God's kingdom. They could only enjoy this honored privilege when the responsibility was fulfilled. Dr. Macklem stated that the surest way to facilitate the advancement of the Gospel in heathen countries was to first convert the white men living among the natives, for the latter look upon the white man as the embodiment of the Christian religion. The churches may continue to send Bibles printed in the native languages and the natives may read them, yet, if a good example was not shown by the white man, the Bibles would be useless. The speaker said Christians should not get faint hearted and lose courage, but rather take heart by looking at the splendid results achieved in the past. There were yet many difficulties to be overcome, which required much patience, but as long as the British Empire lived up to their motto of self-sacrifice, and stood by the characteristic peculiar to the Anglo-Saxon race, that of "facing all difficulties and not turning back on them till ultimately completely overcome," the furtherance of the church's desire to help on missionary activities was positively assured. Concluding, Dr. Macklem urged those present to recognize their individual responsibility in helping along God's work.

CAME OUT SAFELY.

Aemilius Jarvis In a Mix-Up at Toronto Yesterday.

Aemilius Jarvis, formerly of this city, now President of the Sovereigns Bank, and renowned as a yachtsman, is also a lucky equestrian. He emerged from an adventure in Toronto yesterday afternoon unscathed which might very easily have resulted in his being seriously hurt.

Mr. Jarvis was riding on Yonge street, near Bloor, when a revolving sign, suddenly set going full tear by a northern blast, startled his horse. It shied, and cavorted in front of a car, being then bumped in front of another car, the clanging of gongs having added to the beast's fright. The horse fell, and rolled over, but in some fortunate way Mr. Jarvis, although thrown, managed to escape with only a shaking up. The horse received some cuts on the legs.

SANITARIUM JOTTINGS.

Residents at the San had the pleasure of listening to an earnest address delivered by Rev. H. B. Christie, of Simcoe Street Methodist Church, on Wednesday. His subject was the Children of Israel at the Waters of Marah. Many helpful lessons were drawn from that portion of Scripture.

The entertainment given by the patients on the 17th (an account of which has already been published), was thoroughly enjoyed by all. The weather was all that could be desired, and there was a good attendance of friends from the city. The programme was carried out as arranged, and none of the participants seem to have suffered in the least from their extra efforts.

Visitors—Rev. H. R. Christie, Dr. A. D. Unsworth, Dr. and Mrs. J. A. Thomson, M. H. Wardlaw, Mrs. G. W. Robinson, Mrs. W. J. Carson, Mrs. A. E. Cooper, Miss Buchanan, Mrs. Southam, Mrs. Alex. Turner, Mrs. Robt. Evans. Donations—Mrs. Jas. Dunlop \$1, Messrs. Cloke & Son, wall paper; St. Elizabeth Chapter, half dozen flannelled sheets, three dozen towels, two centrepieces, one pair sash curtains; Miss Davidson, plant; Mrs. G. W. Robinson, three dozen oranges; Mrs. H. W. Zealand, magazines; Mrs. J. G. Gauld, spiced beef.

A UNIONIST VICTORY.

The British Opposition Carries Peckham Division.

London, March 24.—The most keenly-fought-by-election for the present Parliament, which was necessitated through the death of Chas. Goddard Clark, member for Peckham, a district in London south of the Thames, resulted today in a great victory for the Unionists, whose candidate, S. C. Gooch, was elected by a majority of well over two thousand.

The contest to-day centred largely in the Government housing bill, and the conversion of a large Liberal majority into a still greater Conservative majority is a striking demonstration against that measure.

The announcement of the returns in the House of Commons caused a scene of the greatest excitement. There were Unionist shouts demanding that the Government resign.

In the general election of 1906 C. Goddard Clark (Liberal) carried the division against Sir F. G. Banbury (Unionist) by 5,803 votes to 3,364, a majority of 2,439.

SHE IS DESTITUTE

But Must Give Security For Cost of Appeal.

At Toronto yesterday, Mrs. Frances Whiteman, widow of the late Donald Whiteman, now of Detroit, and formerly of Hamilton, on the grounds that she is destitute and has eight children to support, applied to the Court of Appeal to dispense with the security for costs her demand to subject the company to further appeal without giving them any safeguard as to costs in the event of the appeal proving unsuccessful, and add: "To compel the defendants to defend themselves for the third time at their own cost is to inflict upon them a hardship for which no good reason suggests itself." The application was dismissed.

ST. ANDREW'S BOYS.

The Brigade Gave Successful Affair Last Evening.

One of the most pleasing entertainments of the season was given last evening in the school room of St. Andrew's Church, when the Boys' Brigade held their annual concert. Long before the doors were open people thronged waiting to get in. The result was that the gallery and auditorium were filled to their utmost capacity. The pastor, Rev. J. A. Wilson, presided, and after a few remarks regarding the drawback the boys had to encounter while the new church was being erected and a few other good words about them, introduced the following programme: Sketch, entitled "Beautiful Forever," Mr. H. E. Warner, Mr. R. P. Catchpole, Miss Beatrice Rolstone, Miss Marie Cleworth; solo, Mrs. Bissell; recitation, Mr. Ingle Cleworth; mat work, parallel bar and pyramid, by junior and senior members of brigade; male quartette, members of choir; fancy drill, senior members of brigade; recitation, Mr. Ingle Cleworth; solo, Miss Bessie Blakeley; dumb-bell drill, senior members of brigade; humor dialogue, entitled "The Area Belle," Mr. Mar-in Cleworth, Mr. James Thompson, Mr. J. W. Ross, jun., Miss Marie Cleworth, Mrs. James Thompson. The whole programme was highly entertaining, and the various numbers were received with great enthusiasm. Too much praise cannot be given the excellent work done by the members of the brigade. For the past few months they have been carefully drilling under the direction of Mr. Albino, and showing they made last evening certainly indicated the work was done thoroughly. The mat work and parallel bar exercises were something out of the ordinary and indicate great things for the future. Another number of special interest was the fancy drill given by the senior members of the brigade. Their marching and various evolutions were well performed. On the whole, the programme was well worth the price of admission.

ABOUT MOHAMMED.

St. Paul's Young Men Hear a Good Address.

St. Paul's Church Young Men's Guild held a meeting last night in the school room, which was largely attended. The principal part of the evening was taken up by Rev. D. R. Drummond, who gave an interesting sketch of "The Life of Mohammed." Several acts of this great prophet he emphasized and brought them into direct bearing on the present day life of some people. The sketch was lively and pithy from beginning to end, and Mr. Drummond received a hearty ovation. Mr. F. F. MacPherson, of the Collegiate staff, read an interesting paper on literary work, and a short musical programme was given, including, solo by Mr. J. A. Soule, and a piano and violin duet by Messrs. Yates and Oaten; accompanist, Mr. R. Sloane. The president, Mr. J. A. Soule, occupied the chair and regular business consisted of arranging for the first annual banquet. It was decided to hold this event on April 14th, and details were arranged for it that promise to make it a success. The meeting was one of the best attended held since the organization of the Guild.

ORDER-IN-COUNCIL UPSET.

Justice Clement Gives Judgment in Case of Hindus.

Vancouver, March 24.—Judge Clement today granted habeas corpus for 146 Hindus arriving both by way of Suva and Hong Kong, holding that the order-in-council of Jan. 8th exceeded the powers of the Immigration Act, and was particularly defective because the Governor-General delegated his authority to the Minister of the Interior, which the Governor-General-in-Council alone could exercise.

A CENSOR OF BILLBOARDS.

Woodstock Makes Appointment on Suggestion of Ministers.

Woodstock, March 24.—A short time ago the Ministerial Association urged upon the City Council to exercise strict censorship of advertising billboards. The council responded by passing a by-law appointing the chief of police as censor, and making it obligatory that duplicates of all bills to be posted or distributed in any way advertising or describing any theatre, circus or other places of amusement shall be left with the chief, and are not to be posted if he deems them indecent or apt to corrupt public morals.

HANDLED HIS ASSAILANT.

Dr. Gray, of Peterboro' Attacked on Street by John Lowry.

Peterboro, March 24.—Last night at 12.30 Dr. Gray, a local Coroner, in company with Mr. Robert Durston, assistant office inspector, came across a group of men at the corner of Charlotte and George streets. Without warning one of the men struck Dr. Gray a violent blow over the eye, inflicting a severe cut. Dr. Gray seized his assailant, and, single-handed, hauled him to the police station, about 200 yards distant. The prisoner, who was John Lowry, was sentenced at the Police Court this morning to ten days in jail.

FIDDLER'S GREEN.

Mr. Fred Reinkis has bought the house and lot where Mrs. Charlie Olmsted used to live.

Mr. Trouton has rented Rev. C. W. Bristol's farm and intends moving next week and M. Bernice Bristol who lived there the past year is moving in Mr. Lew Bresset's house in Ancaster.

Mr. Moffatt has rented Mr. Hancock's farm which the latter bought from Mrs. Wellington Smith, and where Mr. Will Ross lived for a long time.

Mr. Laidman, Mr. Jacob Olmsted, Mr. Joe Smith, with his daughter, attended the funeral of her brother, Mr. A. Smith, in Fairfield.

Mr. and Mrs. George Book spent Sunday evening at M. B. Bristol's.

Mrs. George Bristol laid up now with a bruised arm and two broken ribs, the result of a fall she had last Wednesday night.

Some parties going to church on Sunday night lost their rubbers and some fell in the mud and had to go back home again. The roads were in exceptionally bad condition.

BASINGSTOKE

Mr. Merritt Parker celebrated his 84th birthday on Friday, March 20. He is a life-long resident of this neighborhood, having been born on the farm upon which he now resides.

Mr. E. Awey has returned after visiting friends in Beamsville and Grimsby.

Miss Jean Murray, of Caistor Centre, was the guest of Miss Sylvia Lounsbury on Saturday.

Mr. R. Williams, of Stoney Creek, who was visiting her sister, Mrs. W. E. Merritt, has returned home.

Mr. Swazey and daughter, Minnie, of Woodburn, visited Mr. and Mrs. Ira Parker on Sunday.

A large crowd attended Mr. Flewelling's stock sale on Tuesday.

Mr. George Hoover, of Vancouver, B. C., called on friends in this neighborhood last week.

Henry Merritt, of Vinemount, has moved on the W. L. Merritt farm.

J. A. Parker had a wood bee on Monday.

BAPTIST SETTLEMENT

Mrs. W. R. Miller and Master Charlie and Willie Miller, of Harrison, are visiting relatives here.

Mr. and Mrs. Eli Wilson spent Sunday at Orvan Vansickle's.

Mr. L. H. Farley, of Hamilton, spent a day last week at the parental home here.

A number of ladies from this vicinity attended a very interesting paper on "F. Vansickle's," at Jerseyville, on Tuesday.

A little baby has arrived at the home of Mr. and Mrs. H. G. Vansickle.

Mr. and Mrs. Geo. Wilson and children, Miss North, visited Sunday at Orvan Vansickle's.

Mr. L. H. Farley, of Hamilton, spent a day last week at the parental home here.

A number of farmers are engaged in syrup making at present.

Messrs. J. and S. R. Wilson and their wives and Mr. and Mrs. M. F. Vansickle and children, of Jerseyville, spent Sunday at J. Vansickle's.

The Mission Band held its annual open meeting on Thursday evening, March 19th, which was well attended. A good and interesting programme was given by the members of the band. A collection was taken during the evening, which amounted to \$7.47. The offering in mite boxes was \$12.27, making a total of \$20.44.

SMITHVILLE

At the meeting of the Y. P. S. C. E. held on Wednesday evening Mrs. Gordon Moffatt gave a very interesting paper on "Woman's Work Amongst the Women of India."

Rev. J. M. Haith, of the Methodist Church here, was in Niagara last Sunday on missionary work, and his place here was supplied by the Rev. R. B. Rowe, of Hamilton.

The oratorio, "The Healing of Naaman," given in the Presbyterian Church here on Tuesday evening, was one of the finest musical productions held in Smithville for some years. The Queen (Mrs. Rosebrugh), Naaman's wife (Mrs. Moffatt), the Prophet (Mr. E. Taylor), Naaman (Rev. F. D. Rosebrugh), and the Hebrew maid (Miss G. Brant), would have to surpass, and the rest of the performers were born in Whitty and in perfection, assisted by the fine orchestra. A goodly sum was taken at the door for church purposes.

Rev. John Muir, M. A., of Grimsby, gave two splendid sermons in the Presbyterian Church on Sabbath last. A spring delivery of Massey-Harris farm implements, Mr. B. Cosby, agent, took place for the Smithville station on Wednesday, consisting of four binders, seven mowers, six rakes, seven drills, one hay loader, six disk harrows, five ploughs, five cultivators, two wagons and three cream separators—not so had for one agent during the winter.

Robt. S. Pruner, of Moira, N. Y., has bought the Hare farm, here, from Dr. Birdsell, of Niagara Falls, Ont.

DOUKHOBORS ALL RIGHT.

Mr. Speers Says There Will Be No More Marching.

Winnipeg, March 24.—C. W. Speers declares positively that there is no danger of another Doukhobor pilgrimage this spring, as had been feared. The Doukhobors at both Yorkton and Prince Albert settlements are very quiet, he said, and stories to the effect that they are in an unsettled state are absurd. There is a small element anxious to locate where the climate is not quite so severe as in Manitoba, "and I understand that Peter Verigin, Doukhobor leader, is at present in British Columbia, negotiating for a tract of land for these people. These will be no aimless wanderings, as heretofore, and if any change of location is to be made by a portion of the colony it will be done in a perfectly legitimate and businesslike way. The Doukhobors have profited by the rough experience of those who left the fold before I saw Verigin not long since," said Mr. Speers, "and he ridiculed the reports which had been circulated with regard to the conduct of the colony. The department is not supporting the Doukhobors with seed grain this year, as this was found to be unnecessary. They have large supplies of seed on hand, and are well situated financially."

Earl Dudley Coming.

Will Represent Australia at Quebec Tercentenary Celebration.

Ottawa, March 24.—Earl Dudley, who has been appointed to succeed Lord Northcote as Governor-General of Australia, will come to Canada in July next to represent the Australian Government at the Champlain Tercentenary celebration at Quebec. Earl Grey has received a cable this afternoon from Lord Northcote stating that the Australian Government, in response to the invitation from the Canadian Government, had asked Earl Dudley to attend the celebration on behalf of the Commonwealth, and that the members of the Government regretted that the session of Parliament next July would preclude any of them coming to Quebec with Earl Dudley.

SUNDAY SCHOOL FIRE DRILL.

Parkdale Methodist School Room Had Satisfactory Drill on Sunday.

Toronto, March 25.—Dunn Avenue Methodist Church has instituted a fire drill in connection with the Sunday School. The average attendance at this Sunday School is over eight hundred, and the majority of the members being under fifteen years of age. On Sunday last all were marched out of the building in perfect order in an incredibly short time. Besides this precaution, large tanks of water with accompanying pumps have been placed in the hallways, ready for immediate use.

AN ENVOY TO CANADA.

Imperial Government to Send Over a Commissioner.

London, March 24.—As a result of the representations regarding Hindu emigration into British Columbia made at the Colonial Office recently by Mr. W. L. Mackenzie King, Canadian Deputy Minister of Labor, it is probable that a special commissioner will be sent over to Canada for the purpose of arranging the immigration difficulties along the lines of least resistance.

Mr. John Morley, Secretary of State for India, has received a telegram from the British Indians at Vancouver asking for protection as British subjects, and accordingly the House of Commons this afternoon that the Indian Government and the Colonial Office contemplated sending an envoy to the Canadian Government in the hope of bringing to an end, if possible, "this extremely difficult, intricate and possibly dangerous situation."

REPORTERS' STRIKE OVER.

Men in Reichstag Press Gallery Will Return to Work.

Berlin, March 24.—The strike of the Reichstag journalists, which began on Thursday last, was settled this evening. Under pressure from the various party leaders, Herr Groeber, the Centre leader, who had called the journalists "swine" because they jeered at a statement used by a member to the effect that negroes also had immortal souls, read a statement at the end of the day's sitting, expressing apologies for the language he had used in reference to the journalists.

At the conclusion of the statement, a meeting of the journalists was called, and they voted to return to work on Thursday. During the course of the strike not a word has been published on the proceedings of the Reichstag, and as a result of this failure a large number of the members declined to deliver speeches, of which they had given notice, thus greatly impeding the work of the House.

The Quebec Bridge.

London, March 24.—The Times says the report of the Quebec Bridge Commission was eminently fair. A correspondent writes that undoubtedly the fall of the bridge was due to the utter inefficiency of the lacing in the lower chords.

KEPT FEW OF ITS PLEDGES.

Immigration Policy Is Discussed In the Legislature.

Government's Position as to Prison Labor.

Toronto, March 25.—At the close of yesterday's session of the Legislature over \$6,000,000 of the estimates for 1908 had been passed, although the debate on the budget has not yet been concluded.

The following new bills were introduced: Respecting the village of Beamsville, Dr. Jessop; respecting the city of Niagara Falls, Mr. Fraser.

Mr. A. Hislop said the Provincial Treasurer had fallen far short of the standards for economy set by him while in Opposition.

Continuing, he stated that large sums of the present revenue had been received from the sale of Cobalt Lake, etc., but had not been for the far-sighted policy of the late Government.

Mr. Hislop said that the present Government had found fault with the former Liberal Government for taking more than \$350,000 a year from the municipalities, but now they themselves took some \$367,000 a year.

Mr. Hislop admitted that such an expenditure was premature, but it showed that the Government believed the policy of their predecessors was a wise one.

Mr. Hislop said that the Government had increased the expenditure upon the farm at Guelph, Mr. Hislop failed to see what great improvements had been accomplished.

Mr. J. S. Duff (West Simcoe) attempted to twist the preceding speaker with talking about increased expenditure and then intending to run for the Dominion House, where a Liberal Government had greatly increased the expenditure.

THE LATE DUKE OF DEVONSHIRE.

Sorrow at His Death---Some of His Characteristics ---Always Sleepy---His Romance.

LATE DUKE OF DEVONSHIRE.

London, March 24.—The news of the death of the Duke of Devonshire at Cannes came unexpectedly to England, and has caused widespread regret.

High tributes were paid the Duke by the leaders of both parties in the House of Commons and in the House of Lords. The House of Lords paid the dead statesman the unprecedented compliment of adjourning out of respect to his memory.

The death of the Duke leaves a gap in the public life of Great Britain, for although his withdrawal from the Balfour Ministry when Joseph Chamberlain launched his fiscal policy estranged him from a majority of the party he still had a large following in the country.

His afternoon nap in the House of Commons was a familiar incident. With the risk of his hat falling off, he would sleep soundly in the face of Whigs and Tories, lords and ladies.

HOW RIDINGS ARE DIVIDED.

Gerrymander Claimed in Huron and Middlesex.

Conservative Township is Added to P. L.

Opinions About Middlesex and Huron.

Toronto, March 25.—So far as it has been made public, the Whitney redistribution bill leaves 58 constituencies in the Province unchanged, while there are yet eleven ridings regarding which the ultimate intention of the Government is unknown.

As was anticipated, Toronto will be given four new members, each of the present ridings being represented by two members.

The meeting of the special committee yesterday was not altogether harmonious. The Premier's proposals came with considerable suddenness, and not having seen the general plans before, the Liberal members were not in a position to make any immediate objection.

Mr. Clarke (Northumberland) and the Premier had a rather spirited controversy. Mr. Clarke wanted time for consideration, saying that the Government had had the scheme before them for three months.

Mr. Whitney stated that the Opposition members had always had just as much right to make proposals as the Government.

There are eleven ridings regarding which the full intention of the Government has not been divulged. These are: Carleton, North and South Essex, North Centre and South Grey, North and South Lanark, two in Ottawa, and Pussell.

The Premier stated that it was proposed to divide Ottawa, practically making the Rideau Canal the dividing line. At the meeting of the committee Mr. May (Ottawa) pointed out that the Ottawa were not being divided into two every member in Toronto would ridings, which was to have two members, would have 80,000 people, while in Ottawa, there was a total population of about 80,000.

Six days of good temper in every box of Cascarets. Six days when you feel at your best; no headache, no dullness. Are they worth ten cents?

It is folly to talk of the "laxative habit." The habit lies in eating the wrong sort of food, and too much of it. And in getting too little exercise.

Here is the way to avoid it: Eat coarse food in moderation. Eat plenty of fruit, many green vegetables. Drink no alcohol. Walk ten miles per day.

Cascarets, better than anything else, supply the place of laxative foods and of exercise. They do what right living would do. And they do it just as gently, just as naturally. They are vegetable.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure you get the genuine, with CCC on every tablet. The price is 50c, 25c and Ten Cents per Box

# MUSIC AND DANCE

## "Gay New York" To-night.

It must occur to anyone at all acquainted with the names of foremost members of the theatrical profession, especially with that extremely popular contingent who fill the world with mirth and music, that "Gay New York" which will be the attraction at the Grand to-night, has made a more than usual demand upon them, inasmuch as the long list of entertainers announced is strictly characteristic in this respect. The stupendous aggregation comprises no lesser talent than Harry Emerson, Ada Henry, Virginia Varco, Richard Berkeley, Clara Raymond, George Wood, Will P. Conley, Robert Cunningham, Violet Rio, Jack Fleming and the sprightly comedienne, Hilda Hawthorne, as well as a goodly number of comedians and singers who have attained to the highest ranks of delightful entertainers.

The show at Bennett's this week has met the general approval, and so good are all the acts that it is difficult to pick out the act that is the best. The two most ambitious offerings are the Eight Vassar Girls and the sketch, "Her Friend From Texas." The girls are all talented players on brass instruments, and their numbers are a little better than the cheap clap-trappy music so often imposed upon the audiences by vaudeville musicians. They gave the sextette from "Lucia," Paderewski's "Post and Pessant" and "The Bohemian Girl." Francesca Redding's hit is an exceedingly clever act, "Her Friend From Texas," one of the noteworthy results of the season. The rest of the bill is composed of acts that are well worth seeing. A. C. Duncan, the ventriloquist, comes first. He is the goods, and his witty talk via the dummies is as good as anything heard in this city. Selbini and Grovini are jugglers, acrobats and trick cyclists, and their act is bristling with clever novelties all the way through. The Rialto quartette sing well and their pot pourri of popular songs is helped along by some very good comedy. Harry Breen is busy at every performance making rhymes on people he sees in the audience, and he does it without hurting anybody's feelings. The motion pictures close this excellent show with first-class films.

In the amateur contest last night the winners were: Dorothy Wilson, singer; Cummings sisters, singers; 2. Atwell children; 3. Harry Firth, Scotch singer; 4. Dr. Peter Wood and his talented sons contributed a most enjoyable vocal number, and were well received. They did not compete for the prizes, however. One of the sensations of the stage is the Moto-Girl, which will be introduced at Bennett's next week. It is described as a mystic marvel, and it is alleged that it is worked by electricity. The Moto-Girl is a doll to all appearances, and it goes through a performance very like Stone as the Scarecrow in "The Wizard of Oz."

"Madam Butterfly" Orchestra. The orchestra gathered by Henry W. Savage for his production of Puccini's "Madam Butterfly," which will be presented at the Grand Opera House, matinee and night, Friday, April 3, is a fine body of fifty instruments, and notable for a number of features. Boston music critics pronounce it the best orchestral body Mr. Savage has ever drawn together. The Puccini score calls for much not provided for in old instrumentation, and Mr. Savage has endeavored to reach the impressionistic touch of this David of the modern Italian school of grand opera by employing many new instruments not generally heard in any of the great orchestras of the world. To reproduce much of the Japanese effects the celeste is used. This is an instrument made by Muesel, of London, and consists of a series of bells in two octaves of the chromatic scale, tuned to the diatonic, normal pitch, with an action similar to that of a piano and played like it. Another new instrument—purely Japanese—is a set of four gongs tuned to intone a diminished G. This is used in the accentuated passages of the Buddhist marriage rite and in the harikari scene. There is also a double set of tympani in sets of three tambours—quite unusual. A viola di gamba and a viol d'amore also are introduced; the former registers among stringed instruments between the regular viol and the viola. The viol d'amore was employed not long ago by Charles Loeffler, of Boston Symphony Orchestra fame, in his symphonic poem, "The Death of Tintagiles." He used it in an obligato with the orchestra. Both of these instruments are obsolete so far as general use is concerned, but Puccini has revived them in order to catch a Japanese flavor.

Anna Abbott "It." "The Benediction," the clever playlet presented by the Owen-Hoffman Company at the Savoy Theatre this week, scored another hit last night. Full of rare, rich comedy and stirring situations it received and merited the enthusiastic applause with which it was greeted. Francis Owen, in the role of Grandpa, a Grand Army man, gives a portrayal of the character true to life. The bestowal of the old man's benediction before he leaves his son-in-law's home works the act up to a splendid finish. Annie Abbott, the celebrated Georgia Magnet, made her first appearance at the matinee performance yesterday, and took the house by storm. This is one of the most striking novelties in vaudeville, and lends additional strength to what is easily one of the best vaudeville entertainments seen in Hamilton this season. "The Vaudeville Exchange," a screamingly funny comedy sketch presented by the Watson-Hutchings company, before the pictures, is one continual laugh. As a mirror, it is a comedy far seen here this season. The Beardsley Sisters, a pair of dainty little ladies, have a singing act that establishes them in favor at once. They have sweet voices and make a number of costume changes with good effect. Field and Wolley, German comedians, in a comedy skit, "A Trip in an Airship," is another capital laughing number. Hagan and Westcott in a singing and dancing turn, and Billy Barlow, the minstrel comedian, are other clever numbers on a bill that is thoroughly pleasing from the overtures to the pictures.

## CHORUS STARS SHINE BRIGHT.

EVENT HELD IN NEW YORK TO SWELL HEADACHE FUND.

Grand March is Stunning—Leaders at Ball Win Prizes for Showing Refinement.

New York, March 25.—The Chorus Girls' Protective Association of Greater New York, combined with the Brokers' Beneficial Society and locals 1, 2 and 6 of the Wine Agents' Union, gave a large function at the Amsterdam Opera House for some time this morning to help swell the treasury of the sick and headache fund of the amalgamated organizations. President Kid Betts of the Pearl Button Uppers Club and President Irvin Cobb of the Society of American Playwrights were the guests of honor.

Just a simple hint that an actual gold watch and chain were to be slipped to the most refined couple on the floor was enough to make the ball the most successful of the mid-city set has given since the White Rats' ball of last week or the Mr. Larry Mulligan Association ball of the week before that, or the Joe Weber Alumni dance of a couple of days before that. The many private basket parties that were given at the private tables in Churchill's and Jack's on the way home from the ball this morning all voted that Lent sure was coming in like a lion.

Best Since Saranac Burned. The first statement that the watch would be awarded for the most refined thing as refinement brought together the largest single group of prominent persons that has gathered since the Saranac hotel burned out. Wherefore the grand march, from the conventional mounted police all the way down to the other citizens on foot, was the most elegant thing of its kind since the last naval review off Oyster Bay.

The grand march proper was led by Mr. Kid Betts of the Pearl Button Uppers Club and Secretary Irvin Cobb of the Author's International Copyright and Athletic League. Hundreds of couples, eager to win the prize gold watch that was offered the most refined couple, fell into line behind the leading couple before they had glimpsed Miss Green'sorgette—or her gentleman friend's wearing apparel. Mr. Betts wore practically the conventional black, and his cravat was tied in a pretty bow of delicate pink silk, overlaid with a touch of the design of the braid that edged his evening waist. The waist was worn décolleté over a box pleated soft bodied evening shirt with a full finish. He carried a silver wine cooler.

Trainers Rush to Rescuer. As the leading couple turned about upon reaching the far end of the ballroom and came back via the centre of the floor the entire line of marchers got the complete effect for the first time. Many weakened perceptibly and it was evident that entire groups of couples were ready to give up the contest because of the realization of their last moment.

Their trainers noted their defections quickly and ran out from the side lines with pails and sponges and immediately to stick it out. But the friends of the leaders, especially when the long line of marchers in plaid simply stood right up and cheered. The noise then wasn't anything, however, to the hysteria that rattled the chandeliers when Mr. Betts turned up his trousers upon coming to the edge of the wine belt and his grand horsehoes. Mr. Betts wore Alice blue half hose, frescoed with box plaits of Scotch plaid.

Perhaps the whole grand march would have been ruined because of a description right at the management didn't begin to circulate a press agent rumor again there was to be a soul kiss contest after the march. Popcorn Clothes Get Second. Of course there was nothing to it in the end. Mr. Betts, the manager, had the majority of the committee, well in hand and each got a watch. The second prizes were awarded to a couple arrayed in clothes made of red and white popcorn woven on beads. This girl said she was more than Miss Ella Wiens and her partner said his name was George H. A.—Double R-I-G-A-N.

During the march there was vocal music and all the time there were box parties entirely surrounding the function. Vocal music was by the Lamb's Club quintet, Messrs. Joe Touhy, William J. Kelley, Will Page and Bill Flannum. The fifth voice was supplied by Mr. Kelley, who sings first tenor and first bass at the same time. Mr. Max Martin's box party probably ran ahead of Mr. Misener's party in the adjoining box for the reason that, although Mr. Misener had a big crowd of other society folks as his guests, Mr. Marks had quite as many people and had "dressed" his box besides with several of wax clothing figures from the show windows of his store. Also he wore many of spring and early summer styles personally, valued together, he said, at several hundred dollars.

Some One Caps Receipts. Mr. Touhy and Miss Frances Bacon of Boston won the prizes as the best dancers upon the floor. Miss Dorothy Bertrand got a prize as the best looking girl, and Miss Alice Half-Pontry Clifford as the most precocious. In view of all the pleasant time everyone had it was with a feeling almost of chagrin that the management greeted the news, just before shutting off the lights, that some one other than a guest had stolen the box receipts, with the exception of car fare for Mr. Betts, Mr. Green, and the other promoters of the ball.

FAREWELL TO OTTER. The Toronto Club will tender Brigadier-General W. D. Otter a banquet Monday evening. Some of the Hamilton officers have received invitations. Brigadier-General Otter leaves Toronto on Tuesday to assume his new duties at Ottawa as Chief of Staff for the Canadian militia. Farewell banquets have also been proposed by the officers of No. 2 military district, his own staff in the western command and by the officers of Stanley Barracks, but General Otter has found it impossible to attend any other complimentary farewell functions than the one at the Toronto Club. The other banquets have, therefore, been called off.

Brigadier-General Otter will be succeeded next week by Brigadier-General W. H. Cotton, formerly Master-General of Ordnance, who comes to assume the duties of commander of the western military district.

# The Right House

"HAMILTON'S FAVORITE SHOPPING PLACE"

Watch for to-morrow's big ad.

## The leaven of truth and Public confidence

WHEN business men have wondered how the Right House keeps forging so rapidly ahead and why this store seems always busiest anywhere, we might have told them that it is the leaven of truth at work. No single day's offering, no matter how great, could bring to a store so substantial a business or could develop in a Public our Public's attitude toward this store. Day after day and season after season people have found that Right House values proved to be the best values and on that foundation of knowledge and experience a PUBLIC CONFIDENCE has been built that makes for this store a position all its own. This season the immense new stocks and the infinitely superior Right House values have centered in this store the confidence and the preferment of the vast majority of the people of Hamilton and vicinity.

## Household linens: Great three days' sale

WE are going to celebrate the arrival of the beautiful snow white new linens with a splendid money-saving sale, starting to-morrow and continuing Friday and Saturday. From Ireland, Scotland, Germany, Belgium, France, Austria and Japan come the new things—immense stocks of household linens, fancy linens, etc. Right House buying power is responsible for the low prices and extraordinary values. Quality and reliability are the close companions of low prices. It is a great trade-winning combination. But to-day's news is of a special purchase sale of cloths, napkins and table linens. The savings are really wonderful. Just read—

### Imperfect cloths and napkins

DOZENS and dozens of pure new all Linen Table Cloths and Napkins in many handsome patterns. These have slight weaving imperfections—a dropped stitch here or there or a heavy thread perhaps. In either case it is hardly noticeable, and does not impair appearance or wear. The prices are away lower even than those that caused such a buying furor last January. Housekeepers will want to come early, for very best selections. Hundreds of Cloths and Napkins are in the sale, but the little prices will send them scurrying.

- \$2.50 Cloths \$1.88, size 2 x 2 yards
- \$2.25 Cloths \$1.69, size 2 x 2 yards
- \$3.25 Cloths \$2.19, size 2 1/2 x 2 yards
- \$5.00 Cloths \$3.88, size 2 1/2 x 2 yards
- \$2.50 Napkins \$1.69, size 20 x 20 inches
- \$3.00 Napkins \$1.88, size 20 x 20 inches
- \$3.50 Napkins \$2.39, size 22 x 22 inches
- \$4.00 Napkins \$2.88, size 24 x 24 inches

## CARNIVAL OF THE SEASONS.

SUCCESSFUL EVENT IN FIRST CONGREGATIONAL CHURCH.

Large Numbers in Attendance Admired the Pretty Scene and Patronized the Booths Liberally.

One of the prettiest and most successful bazaars of the season was given in First Congregational Church yesterday afternoon and last night by the young ladies of that church, in aid of the Y. W. C. A. building fund. The committee in charge spared no pains in decorating the Sunday school room and the large crowd showed appreciation of their efforts. Six booths were also decorated and the young ladies and several gentlemen of the church, who had charge of them, were costumed in bright and pretty outfits. The bazaar was termed the "Carnival of the Seasons," and four of the booths were decorated to represent the different seasons of the year, and in the Vocal music were the first class. "Spring" was a cut flower and seed booth, and did a rushing business. The decorations were green and white, and those in charge were Misses Edith Palmer, Violet Henderson and Nellie Giles. "Winter" was decorated in red and white. Manufactured goods were on sale in this booth, and the proceeds were all that could be wished. The booth was decorated with advertising matter, and was in charge of the following committee: Misses Mabel Reid and Helen Sharp, Messrs. Robert Linklater, Duncan Longmire and F. Brooks. "Autumn" was a pretty showing, with its decorations of home leaves and chrysanthemums. Home-made articles were for sale at this booth and the committee was, Mesdames F. W. Palmer, F. Chadwick, J. K. Unsworth and F. L. Johnson. Miss Jessie Danckert and Harry Stone, "Summer" booth, with pink decorating and red climbing roses, made a beautiful showing, and did a land of refreshments. The committee was Misses Winifred Godard, May Fluke, May Danckert, M. Pascoe, Messrs. Perry Taylor and Albert Brenton.

The centre booth was equipped by E. W. Gillette & Co., of Toronto, and did good business. The booth was in charge of Misses Ruth Godard and Clara Davidson.

The last, and one of the prettiest, of the booths was presided over by Miss Pearl Thompson and Miss Mary Towers. It was a "Jap." booth. The proceeds were very good from the sale of Japanese work. The bazaar will be continued on Thursday afternoon and evening (to-morrow) and another big turnout is expected.

## NO INCREASE TO PASTORS.

Presbyterian Fund Does Not Warrant Any Advance.

Toronto, March 25.—"Never in the history of the Augmentation Committee of the Presbyterian Church, western mission station direct in the self-sustaining stage without asking any aid from the fund." This statement, along with the report that there had been no deficit and no withdrawal upon the rest account, was made to the Augmentation Committee at its meeting yesterday. In spite of the depression and serious loss due to grain crops by frost in the west, contributions to the fund had in many cases doubled and even trebled. The total revenue was \$38,032, and the expenditure \$37,297. Last year there were 182 grants made to churches, and this year the number will be close upon 200.

## BAD FOR RETAILERS.

Senator McMullen Opposes Co-operative Societies Bill.

Ottawa, March 24.—On the second reading of the Government bill respecting co-operative societies Senator McMullen opposed the principle of the bill. A number of co-operative societies like the Grangers had proven unsuccessful. The hardest pressed mercantile class in Canada, he said, were the retailers. The departmental mail order stores in general were prospering by the retail stores hard, and it would not be fair to them to legalize this additional competitive system in the form of co-operative stores. The retail merchants of Ontario were opposed to this bill. Senator Bostock said he had had experience in Britain with co-operative societies, and declared they had been of great benefit to the people and of no injury to the retail merchants. Senator Beique saw many favorable features in the bill. Senator Cloran had some sympathy for the retailers, but more for the masses. He said that he had benefited in other countries by such societies. Senator Sullivan thought the bill would injure the retail class and benefit no other class. Senator Derbyshire said Ontario did not want the bill, and he hoped it would be killed in committee. Sir Mackenzie Bowell said if the people wanted to combine and co-operate he was willing to let them do it. After some further debate the bill was given second reading and referred to the Banking Committee.

## CRESOLENE ANTI-SEPTIC TABLETS

## GRIMSBY PARK LOSES APPEAL.

CCTAGERS ENTITLED TO FREE ENTRANCE TO PARK.

Two of the Five Judges Dissented—Motion Made on Behalf of Ontario Pipe Line Company Dismissed.

Judgment was given at Toronto yesterday by Justices Moss, C. J. O., Osler, Garrow, MacLaren, Meredith, J. J. A., in the Grimsby Park case, upon the appeal by the company from judgment of Mulock, C. J., in favor of plaintiff, W. H. Irving, a Toronto barrister, in an action for a declaration of his rights under a lease from defendants of lots in the defendants' park upon which he has a house, a declaration that the defendants' motion imposing upon lessees a fee for entering the park is ultra vires, an injunction restraining defendants from exacting payment of a fee, damages for breach of the covenant for quiet enjoyment, and other relief. The judgment was given against the defendants. Plaintiff was entitled to free and uninterrupted access to his lots without the payment of any fee, and that all persons lawfully seeking an entrance to the plaintiff's premises were entitled thereto without payment of any fee, and that the defendants' motion imposing any fee, and restraining defendants from imposing any fee, was dismissed. The defendants contended that they had the right by their charter to exact a toll, and that plaintiff was not entitled to a way of necessity over the road now in use leading from the Grand Trunk Rail. Plaintiff appealed, dismissed with costs. MacLaren and Meredith, J. J. A., dissented. G. F. Shepley, K. C., for defendants. G. H. Kilmer, K. C., for plaintiffs.

## SOCIALISM IN COLONIES.

Keir Hardie Says It Has a Good Hold in Canada.

London, March 25.—Mr. Keir Hardie, the leader of the Socialist Labor party in the Commons, has been interviewed by the Daily Chronicle on his return from his world trip. He says that he would not recommend Canada for an emigrant, as the country is being developed too fast, and the land system the curse of the country. He found every encouragement for the future of Socialism in all of the colonies, but especially in Canada. In the west and among the miners it already had a strong grip. In another interview he says that in the Dominion he found little talk for the Empire; there it is always "Canada for the Canadians."

## TOBACCO WAR ENDED.

There Will be No More Night Riding in Kentucky.

Cincinnati, Ohio, March 24.—An end to the night riding in the Kentucky white burley district has been brought about through a formal agreement reached between the American Tobacco Company and the Executive Committee of the Society of Equity in a conference at Winchester, Ky., yesterday.

## THE INTELLIGENT HOUSEKEEPER

Will note these facts: Gerrie's Perfection baking powder is the strongest, purest and highest grade baking powder sold in Canada. It is prepared from chemically pure cream tartar and soda. Over 3,000 Hamilton housekeepers can testify that the lightest, finest flavored, sweetest and most wholesome food is made with its use. Price 30c per lb., at Gerrie's drug store, 32 James street north.

## ITALIANS ACQUITTED.

Three Men at Montreal Charged With Murder of E. Cassieri.

Montreal, March 24.—After a strong charge in their favor by Mr. Justice Laverge, the jury brought in a verdict of not guilty to the charge of murder against F. Ciavari, G. Mancini, and Maria Arditia. These three Italians were charged with the murder of E. Cassieri, who was found in a dying condition in a house on Amherst street last month. The jury only took five minutes to arrive at the verdict of not guilty.

## A MYSTERIOUS DEATH.

Maner Webb of Winnipeg Believed to Have Swallowed Formalin.

Winnipeg, March 24.—Maner Webb, aged 40, switchman in the C. P. R., died at the hospital here to-night under rather mysterious circumstances. It is believed that he drank a quantity of formalin during the early evening, and death was the result of poisoning. The coroner is making an investigation, as it is not known how the man came to drink the formalin.

## RHODES SCHOLAR DROWNED.

Washed Off the Rocks at Port Isaac, Cornwall.

Oxford, England, March 24.—Ralph C. Manny, a Rhodes scholar, from New Orleans, La., at Oxford, was washed off the rocks and drowned at Port Isaac, Cornwall, today. Ralph C. Manny secured his appointment to Oxford in 1906. He was a student at Queen's. A peculiar coincidence is the fact that A. K. Treard, the 1904 Rhodes scholar from Louisiana, died in March, 1905, from meningitis.

# NOW AFTER THE WARDEN.

## Opposition After St. Vincent de Paul Penitentiary Head.

### Mr. Aylesworth Shows That Lowest Tender Is Accepted.

#### Reasons for the Adoption of Immigration Restrictions.

Ottawa, March 24.—The House of Commons spent the bulk of the day in committee of supply on the supplementary estimates, excellent progress being made.

Dr. Sproule drew attention to a cable despatch from London, quoting J. Obed Smith, assistant immigration agent, as saying that Canada was prepared to admit all but the very worst class of immigrants.

Hon. Frank Oliver assumed that Mr. Smith had been misquoted. Such a statement certainly did not represent the policy of the Government.

Hon. Geo. E. Foster read a despatch reporting a meeting of Hindus at Vancouver, in which they protested against exclusion and deportation, and a cable sent to them by Hon. John Morley, voicing their views. He asked if the Prime Minister would give the House a statement with reference to the Hindus who are British subjects coming to Canada.

Sir Wilfrid Laurier explained that under the regulations of the Department of the Interior immigrants were not allowed to come in unless they were from the country of their origin. This regulation was not directed against Hindus or any other people, but referred to all. It had been found necessary so as to provide machinery for keeping out undesirable people, who were physically unfit, insane, etc. If such people came from other than the country of their origin the authorities at the place they last came from would not receive them even if the steamship companies did take them back.

Mr. Maclean (North York) asked if that meant that a Hindu could not land in Canada if he did not come direct from India.

Sir Wilfrid replied that he might come via Hong Kong if his ticket was a through ticket, so that the steamship companies could be compelled to take him back if he was undesirable, and the country of his origin would have to receive him.

Mr. Fielding said he expected that the report of the civil service commission would be laid on the table to-morrow.

#### Amendment to Companies Act.

On motion of Hon. W. S. Fielding a Senate bill amending the companies act was read a third time and passed. It provides, he explained, that companies desiring to issue securities in foreign countries may do so in the currency of such countries. Such bonds, debentures or other securities shall not be for less than \$20 sterling, 500 francs, 400 marks, or for sums not less than the nearest equivalent in round figures of other money to one hundred dollars in Canadian currency.

On motion of Hon. Sydney Fisher another Senate bill—namely, that to amend the gold and silver marks act—was also read a third time and passed. It postpones the time for coming into effect of the measure until March 30, 1909. This had been done at the request of the trade. If the session should be a long one, however, there might, Mr. Fisher said, be a possibility of harmonizing the varied views and bringing the measure into force this year.

Hon. A. B. Aylesworth's measure amending the Supreme Court act by rearranging the order in which appeals are to be heard was read a third time and passed.

In order to meet contingencies of the new fiscal year the House concurred in the sum of \$11,290,000, so far voted in committee of supply, and in one-eighth of the balance, making in all about \$17,000,000.

Supplementary estimates were then taken up in committee.

#### The Registrar's Uniform.

Mr. Owen called attention to an item of \$150 for a uniform for the Registrar of the Supreme Court, and asked for an explanation.

Hon. Mr. Aylesworth said he himself was surprised to see the item in the Auditor-General's report, and made inquiries. He was informed that the expenditure had been authorized by his predecessor, and in view that, as some of the officials of the House had a uniform, the Registrar of the Supreme Court should be put in the same position.

Mr. Aylesworth added that it struck him as being unusual, to say the least of it.

#### Members and Contracts.

Mr. Blain asked some questions as to the contract for flour awarded to the Campbell Milling Company, Toronto Junction, and he was informed by Hon. Jacques Bureau that this had been awarded, in answer to public advertisements, to the lowest bidder.

Mr. Bennett wanted to know if W. C. Edwards & Company, mentioned as supplying some lumber to the Department of Justice, was Senator Edwards's Company.

Mr. Bureau promised to let him know.

Mr. Bennett thought the law prohibited Senators, even under the names of companies, dealing with the Government departments. If Senators were so dealing with the Department of Justice it should be stopped.

Mr. Bennett also wanted to know if Mr. Bole (Winnipeg) was connected with the Bole Drug Company, of that city, from which \$142 worth of drugs were purchased for a penitentiary.

Mr. Bureau answered that the contract was also awarded in this case to the lowest tenderer as a result of advertisements in the press.

Mr. Henderson thought it peculiar that in every instance the lowest tenderer should be a member of Parliament or a Senator.

Hon. A. B. Aylesworth explained that as the law stands it is expressly provided that Senators and members of Parliament may tender, provided that their only interest is in their capacity as shareholders of the company tendering. It was impossible for the department to deal with tenders in any other way than as to the price for goods required.

Mr. Fielding asked if his hon. friend thought that such men as Senators Edwards and Campbell would be parties to any conspiracy, for that was what Mr. Henderson's suggestion amounted to, to secure the paltry few hundred dollars represented by these contracts.

Mr. Henderson answered that he did not for one moment insinuate that there was collusion, and was not charging it against Senator Edwards, Campbell, Mr. Caldwell, or Mr. Bole, whose names had been mentioned.

Was it possible, however, that they were offered any given opportunities for tendering when others were not?

#### Lowest Tenders Always Accepted.

Hon. A. B. Aylesworth regretted that there should be any suspicion in the mind of his hon. friend, who was sincerely respected on the Government side. So far as he was aware there had never been a case in the Department of Justice in connection with advertising for or awarding of tenders the slightest attention to the political complexion of the parties tendering.

Within the last few days, for instance, between 300 and 400 tenders had been received by his department for penitentiary supplies, as a result of public advertisement. Some one hundred tenders had been accepted, and in every single instance the accepted tender was the lowest. Except in regard to one firm, whose name he happened to recognize, he had not the slightest idea of who were the men tendering.

In the cases talked of to-day, apart from other explanations given, it struck him as quite possible that the very large business of Senator Edwards and others named enabled them to put in lower offers than their competitors.

Mr. Henderson thought the latter point and other points brought out in the discussion would have the effect of removing any suspicion there might have been. That was what he had sought to do, and he again deprecated any idea that he was making charges of improper dealings.

#### Penitentiary Binder Twine.

The House again went into Committee of Supply on the supplementary estimates. On the vote of penitentiaries to know why only about two-thirds of the binder twine manufactured at Kingston was sold. It was pointed out by the Solicitor-General that the fact that cash had to be paid by the farmers before delivery, and freight charges, might be reasons why the supply exceeded the demand.

Mr. Leonard complained that the warden of St. Vincent de Paul Penitentiary took an active part in political contests, and abused his position in a political connection.

The Solicitor-General declared that it was the first time he had heard such an accusation against the warden, who was an excellent official, highly praised by the inspectors. He promised that the department would inquire into the matter.

Mr. Monk characterized the participation of the warden in political affairs as disgraceful, and held that he should be instantly dismissed.

The Solicitor-General asked if a demand should be made for the dismissal of the warden before he had had an opportunity to explain.

Mr. Borden said many officials had been dismissed without being heard. The item passed.

#### Railways and Canals.

Estimates for railways and canals were taken up. The sum of \$335,477 was passed for various works in connection with the I. C. R., including \$80,000 for rolling stock and \$220,000 for increasing accommodation at Halifax.

The business of the night closed with passing \$101,600 for outside service of the post office and several items for the Finance Department.

#### The House adjourned at 12.05.

## INDIGESTION CURED

By Dr. Williams' Pink Pills After Six Doctors Had Failed to be of Benefit.

That gnawing pain in the stomach, sometimes shooting up into the chest, often producing a choking sensation in the throat, hence pain around the heart; a feeling of drowsiness and a distaste for food—that's indigestion. It's victims are numbered by the thousands. To them life is a burden. Dr. Williams' Pink Pills have done more towards relieving this suffering than any other medicine. Often they have cured after all other help had failed, as in the case of Mr. Willis Herman, of St. Catharines, Ont., who says: "I had been afflicted with indigestion and stomach trouble for years. At times my suffering was almost indescribable. Sometimes for whole days I was unable to touch food. I dieted and at different times was treated by six doctors, but they did not help me; I only grew worse. For a time I was living in New York, and while there consulted a specialist, but he was unable to give me any relief. I then decided to try Dr. Williams' Pink Pills, and in less than a month I felt some relief. I continued their use for a couple of months longer and gained in weight; my appetite improved; the pains left me, and I now feel better than I have at any time during the past twenty-five years. I will always gladly recommend Dr. Williams' Pink Pills to other sufferers, believing that they will surely do for others what they have done for me."

When you use Dr. Williams' Pink Pills as a blood builder and nerve tonic you are not experimenting—they have been tried and proved successful in thousands of cases. It is their power to actually make new, rich, red blood that enables them to cure such troubles as anaemia, indigestion, rheumatism, kidney trouble, St. Vitus dance, partial paralysis and those special ailments of girlhood and womanhood that cause so much misery. For sale by all medicine dealers or by mail at 50 cents a box, or six boxes for \$2.50, from the Dr. Williams Medicine Co., Brockville, Ont.

#### WOLVES KILLING DEER.

Enormous Destruction in Algonquin National Park. Montreal, March 24.—Dr. Long, the famous nature story writer, reached here to-day from a two-weeks' trip to Algonquin Park. Speaking of the Algonquin National Park are playing amongst the deer, the doctor stated that at this very moment there are more than a thousand carcasses of deer lying in the woods of the park as a result of the work of wolves. Deer there are very numerous, on account of the good feeding grounds and the protection given them, but at this rate serious incursions are being made on their numbers.

A PRETTY LITTLE FROCK.

No. 725—Dainty simplicity characterizes this little frock developed in sheer white dimity. The mode is gathered at the neck edge in front and back. Frills of narrow Valenciennes lace affords pretty finish for the neck and full bishop sleeves, a band of insertion to match being inserted above the deep hem. Nainsook, cambric, lawn and linen are generally used and a fine quality of English longcloth may also be employed. The two-year size will require two yards of 36-inch material.

Child's Dress, No. 725. Sizes for 1-2, 1, 2, 3 and 4 years.

This pattern will be mailed to any address on receipt of ten cents.

Address, "Pattern Department," Times Office, Hamilton.

It will take several days before you can get pattern.

### A Good Substitute.

Jimmy had his weak points, as an example of the result of modern educational methods, but his brain was of excellent quality. When the teacher looked at him and inquired coldly: "What is a synonym, James?" he was ready with his answer, "Yes, Beryl," he replied cheerfully. "It's a word that you can use when you don't know how to spell the one you thought of first," he replied, cheerfully. "The Monitor."

### The Court Crier.

When an Irish County Court was about to open its session recently, the discovery was made that the court crier, was absent. A substitute was provided, and the court had barely taken up a case when a breathless messenger boy dashed in with a telegram signed by the absent crier. The message was handed to the Judge, who read:

## STIFLE INQUIRY.

STRONG POSITION TAKEN BY HON. MR. HANNA.

Can Public Accounts Committee Investigate Case While Legislature is Going On?—Recording and State of Mining Rights at Cobalt Lake.

Toronto, March 24.—(Special)—A difference of opinion as to the right of the Public Accounts Committee of the Legislature to deal with questions in litigation occurred this morning, when the Opposition members of that body sought information in regard to the recording and sale of the mining rights in Cobalt Lake.

Mr. Henry Dreany appeared to give evidence before the committee in response to a motion made by Mr. C. N. Smith, Sault Ste. Marie, to secure information as to the salary of Mr. G. L. Smith, the mining recorder at Haileybury. The attitude of the Government was shown by the request of Hon. Mr. Hanna that the witness submit copies of the pleadings in the action in regard to Cobalt Lake and the remark that Mr. Dreany could not use this committee for

## LEFT A FORTUNE.

### SON OF THE LATE REV. MR. BONE THE LUCKY MAN.

He and Mr. William A. Carter, a Former Thorold Young Man, Benefit to the Extent of Thousands by the Will of Their Late Employer.

New York, March 23.—Long continued and faithful service met with reward on Friday, when it was announced in New Rochelle that James J. Coutant, who died the previous Saturday, had remembered by a magnificent bequest his two clerks, who had labored unremittingly in his interest.

Francis C. Bone and William A. Carter are the men who are now receiving congratulations from all New Rochelle, for between them they will eventually, according to the terms of Mr. Coutant's will, divide about \$200,000. "Doc" Bone, as he is called by his neighbors, was in Mr. Coutant's employ twenty-two years, and therefore benefits by the will to a greater extent than Mr. Carter, who worked for his benefactor twelve years.

The will, which is in the custody of John J. Lambden, Mr. Coutant's attorney, was formally read and filed on Saturday. In it Mr. Coutant, who was for fifty-five years a druggist in Main street, leaves the business to his two clerks. For the last ten years, Mr. Coutant, who was 84 years old when he died, had entrusted his business affairs entirely to his two clerks.

On his infrequent visits to the drug store he would express himself as gratified with the manner in which they carried on the business, but neither dreamed that his appreciation would take such substantial form as the bequest of a business which is valued at \$200,000.

The gift did not merely consist of the good will of the business. The will stipulates that Mr. Coutant's sister, Sarah J. Coutant, shall receive the income from the property, occupied partly by the drug store, during her life, but that upon her death it shall revert to the two clerks. This property is valued at \$80,000.

Another sister, Mrs. Lottie Jones, is to receive the income from a valuable piece of real estate in Larchmont, but upon her death this will swell the total of the gift to Mr. Bone. The reason for this extra gift is because of his additional years of service.

The balance of the estate, which in all amounts to more than \$400,000, will be equally divided among his three sisters—Miss Sarah J. Coutant, Mrs. Jones and Mrs. L. L. Welling.

There will be no opposition to the filing of the will or to the carrying into effect of its generous provisions. Bone and Carter are well liked by the relatives of the dead man. Bone is 41 years old and Carter 37.

Mr. Coutant had lived in New Rochelle all his life, and was a descendant of one of the French Huguenot families who founded the city in 1698.

## A SAMSON OF THE WOODS.

How Louis Dubois Fought and Conquered a Bear.

Vancouver, March 19.—A story of herculean strength displayed by a gigantic Frenchman named Louis Dubois, in an encounter with a bear at Toulon Mountain on the Great Northern Railway, comes from Grand Forks. It appears that Dubois and a young Scotsman named Alex. Campbell were out cutting cordwood, when they came on a bear's den. Seeing what they took to be the bear's nose protruding from the quarters it had taken up for the winter, the big Frenchman struck it a savage blow with his keen axe blade.

A tremendous commotion ensued, in which underbrush and snow were sent flying in all directions. The bear rushed at the intruders, and it soon became apparent that what they had mistaken for the animal's snout was in reality his foot, which had been completely severed by the blow. Campbell succeeded in getting out of the way of the enraged brute, but the Frenchman was not so fortunate.

Dubois raised his heavy, double-bitted axe, but the bear brushed it aside with his unscathed paw, and presently had the big man fast in his embrace. In the struggle for life which ensued the bear for the animal's snout was in reality his wounded antagonist, which fell heavily to the ground, with Dubois on top of him.

The man actually pinned the bear to the ground, holding the legs apart, and firmly grasping the throat. Both man and bear were literally covered with blood from the dripping limb. Two other men came up to Dubois' assistance, and the bear was despatched.

When the men returned to camp it was found that Dubois had escaped without a scratch.

Smoking Seriously Affecting Efficiency of British Army. London, March 24.—The growth of cigarette-smoking in the British army is beginning to disquiet the higher officers, whose reports indicate that the health of the men is being seriously impaired by indulgence in this practice. Lieutenant-General Grenfell, Command-in-Chief of the Forces in Ireland, has just issued an order to the troops of his command calling attention to the evils of such excess, and appealing for "sanitary and early action to combat what is gradually but greatly affecting the efficiency of the army."

Because the Washington Government does not wish the voyage of its battleship squadron to be further delayed, Great Britain has not asked the squadron to visit any of her ports.

BALL MEETING HERE TO-DAY.

International League Completing Its Organization.

Report From Montreal That the Company There Will Retain Eastern Franchise—Good Racing at Bennings Yesterday.

The promoters of the new International Baseball League are in Hamilton today for the purpose of completing the organization. Mr. Fred Paige has been over the circuit and finds things in good condition, and the people interested in the various clubs quite enthusiastic.

Baltimore. The Boston Nationals drafted him, but no contract was sent him before March 1, and he was claimed by Trenton, who bought the entire Steubenville team. The National Commission declared him a free agent.

The Cleveland Baseball Club has taken out policies on the lives of its players, insuring them in the aggregate for \$210,000, in case of death while traveling. Lajoie is insured for \$15,000, Bradley and Turner for \$10,000 each, and the fourteen other Naps for \$5,000 each.

AT WASHINGTON.

Holscher Won the Handicap Yesterday at 5 to 2.

Washington, March 25.—Although the card offered by the Washington Jockey Club at Bennings yesterday was in no respect attractive, the sport really was better than it was at the opening of the meeting yesterday.

The drawing up of the schedule of games will occupy a good deal of time, as the task is not an easy one. It is proposed to open about the third week in May.

QUELPH'S INTERNATIONAL.

Guelph, March 25.—Organizer Paige of the new International Baseball League, arrived here yesterday accompanied by Mr. J. E. Murray, of Geneva, N. Y., Mr. Murray is to be the manager of the Guelph team, and this would indicate that Guelph is in the league to stay.

KAFFIR CHIEF'S LINCOLNSHIRE.

London, March 24.—The Lincolnshire Handicap, which marks the opening of the flat-racing season, was run to-day, and was won by an outsider, the 100 to 1 chance, Kaffir Chief, 100 pounds, ridden by "Skeets" Martin. Kaffir Chief is a six-year-old gelding, by Baerburn—Ingonza, and is owned by F. S. Barnard.

THE BILL WILL FAIL.

Albany, N. Y., March 24.—The turf situation has been widely discussed here and it is the prevailing opinion that, as soon as the Agnew-Harr bill is dissected in the Senate and the fact disclosed that it discriminates in favor of poolrooms, the bill will not be enacted into a law.

SADDLE AND SULKY.

Eddie Tribe, Starter Dade's assistant, has been appointed starter at the Denver meeting, beginning June 13.

MONTREAL IS HOPEFUL.

Montreal, March 25.—A meeting of those interested in the new Montreal ball amusement company was held last night following the reception of the charter. The meeting was largely attended and a statement was given out that the club had sufficient money to carry its plans through, and that there was no question of the franchise being transferred to Hamilton or any other city.

TORONTO IS IN THE SOUTH.

Charlottesville, March 25.—Under a burning hot sun the Toronto team today got in a lot of hard work at the University of Virginia's grounds. It was mid-summer weather, and the players seemed to enjoy the long siege which Manager Kelley mapped out for them. They worked all morning indoors at the gymnasium, with basketball and medicine ball, and in the afternoon spent three hours outdoors on the diamond, chasing fungo hits and in batting practice.

FCUL TIPS.

Manager Stallings of the Newark team has sold Bill Carrick to the New Haven Club. President Potter of the Buffalo Club is sore because his team will not have the opening game at Newark. Dossau, the star pitcher of the P. O. M. League last year, has signed with

Cricket Booming in Canada.

Toronto, March 25.—The annual meeting of the Toronto Cricket League was held last night at the Walker House, with President W. McCaffery in the chair, and delegates present from St. Simons, Rosedale, St. Albans, Toronto, Parkdale and Grace Church.

This year promises to be a banner one for cricket in Toronto, as teams from Australia and Newark, N. J., will play friendly matches here. The latter have already written the Toronto Club regarding a game here in August.

St. Simons, the winners last year, were presented with a shield emblematic of the championship, while bats were awarded for the best bowling and batting averages and high individual score, as follows:

H. G. C. WON THREE.

Westinghouse Bowling Team Beaten Last Evening.

In the City Bowling League series last night the Hamilton Gun Club took three games from the Westinghouse team. Chas. Thompson made top score, 610. The scores were:

Table with 2 columns: Gun Club, Westinghouse. Rows: Simpson, Royen, Cline, C. Thomson, W. P. Thomson.

AT WASHINGTON.

Washington, March 25.—Although the card offered by the Washington Jockey Club at Bennings yesterday was in no respect attractive, the sport really was better than it was at the opening of the meeting yesterday.

SPORTSMEN'S SHOW.

Toronto Auto and Motor Show a Big Success. Toronto, March 25.—If there had ever been any doubt as to the success of the Automobile and Motor Sportsmen's Show, now being held in the St. Lawrence Arena, it was effectually removed yesterday when lovers of automobiles and motor boats turned out in goodly numbers.

COMMENT AND GOSSIP

The Hamilton Baseball team will not have to go south for spring training. This town is probably hot enough for them.

Some of the Toronto papers are looking James D. Bailey for the presidency of the C. L. A. It is unnecessary to say that Mr. Bailey is a resident of Toronto.

Burns now has won the championships of four countries and his claim to the title of world's champion is well clinched. It is true he won the title rather easily, but it cannot be disputed, and little remains except for Jack Johnson to take it away from Thomas.

It will be a proud day for Africa when Johnson beats Burns—that is, if he does. It looks as if the bluff that the negro has been tossing out while Burns has been abroad is to be called. Johnson now will have to fight, and fight as he never did before, for after all it is said the fact remains that Tommy Burns is the best white heavyweight to-day in the ring. Johnson may be the superior of the white man, but he will have to prove it in the ring. His talk no longer will be accepted by the large class of Queensberry Missourians.

The charge that he is a professional was too much for Wrestler Jamieson's nervous system, no doubt.

Charlie Conkie returned home yesterday from a four weeks' tour in the Southern States. He is much tanned.

WHAT IS GOING ON NOW

Secretary-Treasurer—W. H. Garrett. Executive Committee—H. Lowmough, Toronto; W. McCaffery, St. Simons; H. Rosedale, H. Hancock, St. Albans; W. Bottomley, Parkdale; W. Paris, Grace Church.

ALSTRIANS MAY COME.

Winnipeg, March 25.—It is probable the Australian cricket team which is to compete at the Olympic games in England will play in Toronto, Montreal and Ottawa during the coming summer. The Australians are going to England by way of Canada, and an officer of the Winnipeg Club has received a letter from the manager of the colonials asking for a game in the Prairie City. He also states the Australians would like to arrange other matches in Canada during May or June. He has been sent a list of the prominent Canadian teams, and the Ottawas expect word from the Australians at any time.

MONTREAL CRICKET CLUB.

Montreal, March 25.—The annual meeting of the Montreal Cricket Club, champions of the Montreal and District League, was held last night in the M. A. A. building, when the officers for the coming season were elected. The secretary's report showed that the club had a good year, had won the league championship easily and hoped to have all their old players available this season. Last season H. J. Heygate, the ex-Sussex cricketer, had topped the batting averages with 34, with Rev. H. P. Plummer second, with 30. In the bowling, Godwin made the best showing, with Blatherwick second. Regret was expressed at the resignation of H. J. Heygate from the captaincy, but owing to pressure of business he found that he would not be able to lead the team again. A vote of thanks was passed to the former secretary, F. J. A. Bacon, for his work last season. The following officers were then elected: President, G. Ferrabee; First Vice-President, C. G. Fish; Second Vice-President, C. B. Godwin; Treasurer, John Davidson; Secretary, G. L. Main.

THE UTILITY MAN

Wanted by Mr. Paige. I'm the chap who's known to all as "the utility" man. I am on the team because of my ability. In the hardest kind of going I'm brought up to make a showing. Though infrequently I fail to make connection. I am recognized for speed and great agility. With the best of them I'm matching. With the bat and fancy catching I'm supposed to be a marvel of perfection.

IN CITY LEAGUE.

Alexanders and Tigers Won Last Night's Games. In the Y. M. C. A. gymnasium last night the Alexanders defeated the Clerks in the City Basketball League series by a score of 21 to 11. The Tigers won from the Business Men's team by default. The officials were J. Dearness and E. Buscombe. Next week the Rangers will play East Hamilton and the Swastikas vs. Alexanders.

SENTENCE NEARLY ENDED.

Joseph Gilbert, Life Prisoner at Edmonton Penitentiary, is Dying. Edmonton, Alta., March 24.—Joseph Gilbert, serving a term of life imprisonment in the penitentiary here, is dangerously ill, and there are but slight hopes for his recovery. Gilbert is a murderer, having been brought here from Regina early in 1907, when he committed the life imprisonment sentence which was imposed upon him. He is over 70 years of age, and is the oldest life prisoner in Canada.

FOUR ARRESTS MADE.

John Birks, Veterinary Surgeon, Attacked and Robbed. Woodstock, March 24.—John Birks, a veterinary surgeon, residing at South Middleton, Norfolk County, and formerly of St. Thomas, was held up by four men and robbed of \$32 half a mile south of Woodstock last night at 9 o'clock. While going through a dark ravine four men sprang at his buggy, held the horse and pulled him over the wheels. In a short time four men were arrested and are being held pending further investigation into the affair.

—The motion to quash the Saltfleet Township local option by-law will come up to-morrow at Toronto.

—Centenary Church Young Men's Fireside Club will, for its meeting to-night, have charge of assisting and robing in the "Opening of the Dominion Parliament."

—The annual exhibition of the Hamilton Camera Club will be held to-morrow, Friday and Saturday in the club's rooms, 104 King street west.

—Dr. Unsworth and his mother, Mrs. A. E. Unsworth, will sail from St. John on Sunday for Europe. The doctor will spend six or eight months in Germany.

—Mr. George Ritchie, contractor of this city, has secured the contract to build the new Post Office and Customs building in Simcoe, Ont. He expects to commence operations about the second week in April.

—Trophies of the Hamilton garrison, including the Governor-General's Cup for efficiency, are on exhibition in the windows of Norman Ellis, jeweler, 21 King street east.

—Joseph Bonid, a boarder at 401 James street north, has reported to the police that his trunk was entered and \$57 taken from it. The theft was committed last night.

—Readers will remember the auction sale by Thos. Burrows, to-morrow, Thursday, at 10.30 a. m., at the residence of Mrs. J. D. Wilson, 41 Charlton avenue west. For full particulars see advertisement in this paper.

—H. H. Bain, sent up for trial a few days ago on two charges of theft, to the High Court, is wanted by the Cayuga police on a charge of assaulting and robbing an old man named Cummings, for whom he worked at that place.

—Hat sensation at waugh's this week. New goods, fine fur, light weight. English stiff hats one dollar and a half, regular price two dollars and a half, hurry if you want one; they will not last out long this year. See them in hat window to-day.

—Everything is in readiness for the big game to-night at the Alexandra, after the skating session, which will last until 9.15, with band in attendance. The regular admission of twenty-five cents will be charged head as the proceeds of the evening are for the benefit of the Young Women's Christian Association gymnasium funds, a big crowd is looked for. The Toronto ladies arrived here this afternoon and look like a great team. The Hamilton team put on their finishing touches last night and are confident of winning this game. Mr. A. Taylor will referee.

MISS MUNRO ON THE STAND.

(Continued from page 1.)

sometimes other people were present when tenders were opened in addition to Mr. Turiff and Mr. Bristol, she said that she was not there to watch Mr. Turiff, and she had no suspicion of wrong.

To Mr. Pardee, the witness said that she sat in a chair at the same desk as Mr. Turiff when he opened the tenders. Mr. Turiff was the next witness. He was called by Mr. A. K. Maclean and examined by him. The witness said he was not a member of the Public Accounts Committee, and had not been summoned to give evidence until now. He commenced opening tenders in 1898, and commenced opening tenders in 1901 or 1902, and left the department in 1904. He received his instructions to open tenders from the Deputy Minister of the Interior, Mr. Smart. All tenders were finally sent to him. They came through the secretary of the correspondence branch of the department. Envelopes were used, but they were handed in sometimes in person and sometimes came by mail. Twelve o'clock noon was the time for opening. He generally waited until 12.25 or 12.30 for fear that some tenders might be handed into the Timber Branch late. He never opened tenders alone. His secretary and sometimes others were always present. He gave instructions to his secretary to attend to all details and bring the tenders to him when the time came for opening them. A memorandum was given to Miss Munro by him as to the contents of the tenders, and they were then sent to Mr. Ryley, who awaited the tenders. In every case the lowest tender was accepted. Sometimes the tenders were cheques accompanied with cash and sometimes two cheques for one berth.

He sent cheques along with the memorandum, and everything else to Mr. Ryley. Miss Munro did that part of the work. When tenders came to him he always marked, or intended to do so, the time it was received on the envelope, and then put it in the safe with the others.

"Did you ever convey to any one what a tender contained?" asked Maclean.

"No, never did," answered the witness.

The witness also said that he was never interested directly or indirectly by himself or any one else, and never was promised or received anything in any shape or form from any of the companies or parties in tendering or being awarded, or having any connection with timber berths. He also denied having done anything in shape or form for political partisanship, as suggested by Mr. Foster, which would operate against any one. There was no secluded room, as had been said.

Mr. Bristol examined witness as to the time allowed for tenders becoming due, and as to the policy of the department in this regard.

He replied to Mr. Bristol that he knew there were so many men to impede wrong moves, he would have preferred that there should have been two or three parties to be present when tenders were opened, but he never opened tenders alone. He did not lay much stress upon the matter at the time, as he regarded it as a matter of routine.

STUDENT DEAD.

Toronto, March 25.—Charles Grant Carmichael, a School of Practical Science student, died at the General Hospital this morning from morphine poisoning. He took about ten grains of the stuff last night while at the St. Alban's Hotel, Moor and Bathurst streets. Carmichael was 20 years of age.

DIAMOND CASE.

Toronto, March 25.—In the Police Court this morning Joel Wolfish, who had been brought back from Buffalo on the charge of stealing diamonds worth between \$200 and \$300 from his sister-in-law, Catherine Wolfish, was placed on bail.

A. W. Peene, architect, took out a permit this morning for alterations to the Atlantic Hotel, corner of Market and MacNab streets. Harry Goldberg is the proprietor. About fifteen rooms will be added, new plumbing put in and other improvements made. A permit was also granted to D. Kelly for a brick house on King street, between Sturton and Arthur streets, to cost \$2,000.

It is likely that the city will have another brush with the township this year over the question of supplying township residents with water. The increase in the water consumption this year has not been so heavy, largely due, the Engineer believes, to the factories working on short time, but Mr. Barrow is still convinced that with the present pumping capacity the city has no water to spare for the township people. It is for the committee, however, he says, to declare its policy.

Although building operations are rather backward this year, applications for water services are pouring in. Secretary James says he has received forty already, and about seven applications for mains.

Myles Hunting, caretaker of the filtering basins, notified Mr. Barrow this morning that one of the cribs in the basins is badly in need of repairs. Something must be done at once, he says.

The Internal Management Committee of the Board of Education to-morrow night will consider the matter of providing more school accommodation. It is expected that eight-room additions to the Sophia and Pictou Street Schools will be authorized, the work to proceed at once. In this event the Hughson Street School, which has been condemned, will probably be torn down. It is likely that the trustees will consider a scheme this year to down the old Victoria Avenue School and erect a larger and more modern building on this site. The idea is to have a by-law submitted in January providing sufficient money for the work.

The Building Committee of the board will meet to-morrow night to deal with the matter of fire escapes in the schools. The architects, Stewart & Witton, are now calling for tenders.

There will be a joint meeting to-morrow night of the Board of Works and Parks Board to take up the matter of the Stuart & Long property, adjoining the site donated to the city by W. D. Platt for park purposes.

Everybody Ought to Know

About this sale of new boys' and men's suits Saturday and Monday. It's easy to say in the newspapers, "this is the best clothing for the price," but most people take such statements with a grain of salt; but there is a real best. It's worth while to make comparisons. Let us show you by actual demonstration just how good our suits are, stands head and shoulders over the ordinary.—Frank & Co., 13 and 15 James street north.

STONECUTTERS OBJECT.

Dissatisfaction prevails among the stonecutters of this city, the reason being that several large buildings recently erected were, and some now in course of erection are being, built of stone cut in Chicago by non-union labor. They think it is unfair while so many of their number are idle, and are wondering what they can do to prevent it.

WRESTLER BRINGS ACTION.

John L. Jameson, the well-known local wrestler, has issued a writ for damages against Charles Holcombe. The plaintiff is a painter, and while in the employ of the defendant he fell off a ladder, and was injured internally. He alleges negligence on the part of the defendant. Gibson, Osborne, Levy & O'Reilly are acting for the plaintiff.

DAMAGES FOR DISMISSAL.

Chisholm & Logie, acting for P. M. Richardson, have issued a writ against the Duncaen Lithographing Company for unstated damages for wrongful dismissal. Mr. Richardson is an artist and claims he had a contract for two years with the above firm.

AGAINST PIPE LINE CO.

Toronto, Ont., March 25.—(Special.)—Chief Justice Meredith gave judgment this morning for Kerin Bros. Co., Limited, of Toledo, against the Ontario Pipe Line Co., Hamilton. The plaintiffs claimed \$25,000 damages for breach of contract. The Chief Justice directed that the local master at Hamilton fix the amount of damages.

THE WEATHER.

FORECASTS.—Easterly winds; fair and cold. Thursday, strong southeast to southwest winds, with sleet or rain.

The high area which was to the westward of the great lakes yesterday is now passing eastward across Ontario and Quebec, accompanied by low temperatures. An important disturbance, which has caused heavy snowfalls in the western provinces, is advancing quickly towards Ontario, and another cold wave is spreading into Alberta from the north.

Washington, March 25.—Forecast: Eastern States and Northern New York—Partly cloudy and warmer to-night; Thursday, increasing cloudiness and warmer, probably rain late in the afternoon; light northwest winds, becoming fresh southeast.

Western New York—Snow or rain with higher temperature to-night and Thursday.

"BUNN" CLARK SIGNED

Tecumseh's Goal Tender to Play With Tigers.

The special committee appointed by the Hamilton Lacrosse Club to sign a manager and players for the coming season has made a good start. Chairman Hubert announced to-day that "Bunn" Clark, of Fergus, who has played between the flags of the Toronto Tecumseh for the past two seasons, has been signed as goal tender for the Tigers. Clark was in the city yesterday, and put his name to a contract, and he was considered the star goal tender of the N. L. A. last year.

The Park Nine Baseball Club, of Toronto, of which Tommy Benson is manager, is anxious to arrange a game with the Hamilton League team for Good Friday.

The Nationals and Ramlers are practising hard for their game at the Alexandra on Friday night, and as these old rivals always put up a strenuous game, there will be lots of excitement and fun for the fans.

Mr. J. McGee, known professionally as "Prof. Atlas, the strong man," is in the city. He came here to attend the funeral of his sister, Mrs. J. Pitt.

The Hamilton 22 Rifle Club will shoot a match with the King Edward Rifle Club, to-night, at 8 o'clock, at the Palace Rifle Gallery.

GRAVEL PITS.

The Salutation Mr. Waddell Got From Mr. Hanna.

Toronto, March 25.—"The Municipal Association apparently sits up nights from the time this House rises until it sits again devising amendments to the Municipal Act and then comes back to get the changes until we are about tired of it, but it is a disease, and you may as well up to it now." This was the comment of Hon. Mr. Hanna when W. C. Mikell, K. C. of Belleville, president of the association, and City Solicitor Waddell, of Hamilton, appeared before the Municipal Committee in support of a bill to permit municipal corporations to control the location of gravel pits.

Mr. Waddell said that in Hamilton, for instance, pits were being opened up close to the schools.

Hon. Mr. Hendrie thought that the measure might even go a little farther. The city of Hamilton had been to some extent a "gravel" city. He himself was representing the residents of Western Hamilton to some extent.

Mr. G. Lynch-Staunton, representing Mr. E. New, appeared in opposition to the bill. The city had opened up pits without caring how they looked. They made a quarry and took away a part of the mountain slope. They opened a pit in the west end and took away a street, and now they wanted to stop private citizens from working their own property.

It was asserted by Mayor Stewart that Mr. New had opened up a gravel pit between two residences in a good neighborhood. He had ruined the street in order to save a few cents for cartage.

Mr. New retorted that he had been the lowest tender for the supplying of gravel to the city. The corporation had, however, opened a pit in front of his property on the street, whence it had taken gravel.

"This is a street right at the extreme west end of our city," explained Mr. Waddell. There was a declivity of 60 or 70 feet, and it was to grade the street down to Valley street that the city took the gravel out. "We have given that man New gravel free and carted it to his backyard without charge," he continued.

Hon. Dr. Reaume and others said the bill would be of value to other places in the Province. It was therefore passed unanimously.

The Great Red Tag Sale.

For right down bargains in pianos and organs, the firm of Gourlay, Winter & Leeming, 66 King street west, certainly has the call this week, and the citizens of Hamilton who are contemplating the purchase of an instrument should call at their warehouses before purchasing.

The Red Tag sale now in progress is an innovation in the piano line, being the first one of its kind ever put on in Hamilton, and intending purchasers should avail themselves of this opportunity because the firm of Gourlay, Winter & Leeming are undoubtedly quoting prices during this sale that are astonishingly low. To accommodate those who are unable to visit the warehouses during the day, the firm has arranged to keep the warehouses open evenings during the progress of this sale, thus giving every one an opportunity to examine for themselves the great bargains that are being offered.

ACTION BY KIPLING.

Toronto, Ont., March 25.—(Special.)—Rudyard Kipling has issued a writ against Morang & Co., the Toronto publishers, claiming \$636.18 unpaid royalties and asking for a return of plates of his works.

MUNICIPAL ELECTIONS.

Toronto, Ont., March 25.—(Special.)—Mr. Mikell, K. C. of Belleville, appeared before the Municipal Committee this morning and favored the adoption of the first Monday in December as the date for municipal elections. The committee voted against the bill and decided to refer the question to the municipalities.
