DEATH LIST WILL REACH SIXTY

The First Report on the Wreck on Baltimore & Ohio Was Not Overestimated

A LARGE NUMBER OF INJURED WHO WILL DIE

The Railway People are Conducting a Very Rigid Investigation

Washington, Dec. 31.—The terrible character of the Baltimore & Ohio train wreck at Terra Cotta last night grows in magnitude as the hours pass. The most conservative estimate of the dead is 53, whilst 60 are in hospitals or at home suffering from injuries sustained in the rear-end collision which completely demolished the two day coaches and the smoker attached to the local Frederick & M. D. express. Several of the most seriously injured are expected to die during the night, and the death list may reach 60 or more. The press at the city morgue were heartrending. Hundreds of persons have flocked to assist the police in identifying the dead. Women, girls and even men with iron nerves shrieked, sobbed and fainted as their relatives or friends were found among the thirty-two corpses strewn about the floor. Coffins, wheelbarrows and winding sheets were found on all sides. It was a day never to be forgotten. Officials of the Baltimore & Ohio railroad are conducting an investigation of the wreck in Baltimore, to place the responsibility for the disaster. General Superintendent Todd exonerated Milton Phillips, the operator at the Takoma block station, the last signal station that the equipment train passed, before it crashed into the passenger train at Terra Cotta. The superintendent declared that Phillips was obeying instructions when he went home at 6:30 o'clock, leaving the "Double Green" signal burning. While making no positive charge Superintendent Todd intimated that the burden of the blame would fall on the engineer and crew of the extra. The five members of the crew, who were arrested shortly after the accident are now being held to await the result of the official investigation. They are Harry H. Hilderbrand, engineer; Ira C. McClelland, fireman; Frank F. Hoffender, conductor; Ralph Butler, brakeman and William A. Morris, baggagemaster. Hilderbrand, who is locked up, is too full of emotion to make any definite statement. "It will all come out at the investigation," he said. "I don't believe that there is anything for me to say, and I could not say it if there was."

WEALTH OF RICH NEIGHBOR

British Columbia Dug up \$19,579,875 out of the Mines

THERE WAS ALSO COAL AND LOTS OF COKE

And the Lumber Cut was way up in the Many Millions

Nelson, Dec. 31.—The Daily News will announce tomorrow in its special mining review for the past year the following figures: Ore shipments from Stoban, Kootenay district—Country lying east of Columbia River, 138,299 tons. Rossland district 881,711 tons. Boundary district 1,255,108 tons. Total shipments 1,570,148 tons. SMELTER RECEIPTS. Hall mines, Nelson 33,095 tons. Consolidated trail 287,710 tons. Marysville 27,320 tons. Cranby, Grand Forks 815,244 tons. B. C. Copper Co. Greenwood, 110,032 tons. Dominion Copper Co. Boundary Falls, 218,200 tons. Total smelter receipts 1,491,601 tons. For the whole province the year's output in value is given as follows: Placer Gold \$900,000. Lode Gold 5,167,500. Silver 1,902,375. Lead 60,000. Copper 45,000,000. Total metalliferous 19,579,875. This is an increase of over \$3,500,000 of the previous year's figure. The coal output is placed at \$3,300,000 and coke at \$1,250,000. In quantities gold 295,000 ounces, Silver 3,000,000 ounces. Lead 60,000,000 pounds. Copper 45,000,000 pounds, coal 1,100,000 long tons, coke 250,000 tons. The interior lumber cut for the year is placed at 800,000,000 feet, an increase of fifty million feet over 1906. The cut for 1907 is estimated at from 875 to 900,000,000 feet. Tonight for the first time the city is receiving light and power from its own plant at Bonington Falls, thirteen miles away to the west. The municipal plant has just been completed at a cost of \$200,000.

Light Plant Had Good Month

No statement has been given out of the business that the city light plant did in November, but it is known that the revenue was over \$1,000 in excess of the expenditure, which is regarded as very good business for any light plant or any other business. December will be even a better month.

THE YEAR WAS FAT

Interesting Statement Made by Secretary of the U. S. Treasury

A SURPLUS OF MANY MILLIONS

The Expenditure Decreased While the Reserve Grew Marvelously

Washington, Dec. 31.—"There is no occasion for alarm. Our only anxiety need be lest we fail of facilities to properly garner, store, transport and market our multiplied blessings. Let every man be of good cheer and try to be conservative in everything except thankfulness." The secretary of the United States treasury thus concludes a resume of the year's financial record, which he says has been prepared in response to multiplied requests. In round numbers he places the receipts for the calendar year 1906 at \$625,000,000. As there has been no change in the tariff laws on the laws relative to internal revenue, Secretary Shaw says that the large increase in receipts is due to an extraordinary trade activity. The total expenditure, however, for 1906, as compared with 1905, he says, shows a decrease of but \$20,000,000. Discussing the finances of the government for the six months of the fiscal year just closed, the secretary says that the books of the treasury show surplus receipts over expenditures of \$25,000,000, as compared with a deficit of \$8,000,000 for the corresponding months of the previous fiscal year. The cash in the treasury is \$100,000,000, as compared with \$171,000,000 a year ago, an increase of \$19,000,000. The cash in national bank deposits is \$190,000,000, as compared with \$180,000,000 a year ago, an increase of \$9,000,000, and the total cash in the United States is \$390,000,000, as compared with \$342,000,000 a year ago. Against this cash there are liabilities at the present time of \$3,000,000 greater than at the same time last year. The available cash balance has increased during the year \$121,000,000. In the general fund standing at \$287,000,000, Secretary Shaw remarks that the bonds maturing July 1st, 1907, can be paid if it shall seem wise and still leave a working balance of more than \$120,000,000. If the owners of the bonds would not, but he doubts if any considerable number of the holders would accept payment at this time, because they are of the class that care for little else than certainty of security and exemption from taxation. Mr. Shaw says that the treasury system necessarily results in contraction when money is most needed.

The New Governor

Ottawa, Dec. 31.—Ralph Smith, M.P., is expected to succeed McInnes at Dawson.

AMERICAN OF THE FUTURE

Will be a Taller Man, a Stronger Man and More Humane

AND HE WILL BE LONGER LIVED

Such is the Opinion of Scientists Who Have Studied the Question

New York, Dec. 31.—Various sections of the American Association for the Advancement of Science were in session at Columbia university today. In the chemical section a great number of papers were on the program to be read today, many of them dealing with problems of human nutrition and digestion. "The occurrence of diseases in North America" was discussed by the geologists, a paper on that subject being read by George Frederick Kuiz. The American of the future will be a taller man, stronger, more humanitarian, and will live longer than the American of today, is the opinion of Dr. M. J. McGee, one of the directors of the St. Louis museum. This opinion was expressed in a paper entitled "The American of Tomorrow," which was read before the anthropological section of the meeting. "At the present time," said Dr. McGee in support of his contention, "every baby born lives on an average of 29 years. Half a century back the average life was 27 years and 100 years back the span of life was 24 to 25 years, thus showing that the longevity is increasing." In the opinion of Dr. McGee, John D. Rockefeller is typical of the American of tomorrow. He characterized Mr. Rockefeller as the "incarnation of concentrated effort" and declared that from an anthropological point of view he undoubtedly represented the coming American. He characterized Mr. Rockefeller's great wealth as only incidental and said that what was of greatest value was the character of his mind. The Economic association and the Sociological society had a joint meeting this afternoon. The subject of the meeting was "Western Civilization and the Birth Rate." By Professor Edward A. Ross, of the University of Wisconsin. "A most momentous factor in shaping the future," said Prof. Ross, "is the downward tendency in the birth rate of the occidental peoples. In the United States in 1900, the proportion of children under 5 to women of child bearing age was only three quarters of what it was in 1860. "The phenomenon is not due so much to avoidance or postponement of marriage as to a willful restriction of the size of the family. The spirit of democracy makes every one eager to rise in life, and to the climber children appear in the light of a handicap. "The immediate consequences of a diminishing birth rate are a rising phase of comfort among the masses, a reduction of infant mortality, and an increase in the average prospect that population pressure (hitherto the principal cause of war, mass poverty, wolfish competition and class conflict) will cease to shape social destinies. "The fall in the birth rate in many New South Wales suggests we may have to pension the mother of more than three children. If the white races cease to multiply and overflow into the backward lands the void will certainly be filled with the increase of the black, brown, yellow peoples, and the human type that has so far achieved the most will contribute less than it ought to the blood of the ultimate race that is to possess the globe. "On the whole, however, restriction seems to be a salutary movement, and the undoubted evils in its train appear to be minor or transient, or self-limited or curable."

SENSATION IN CLARESHOLM

Woman Under Arrest on Very Serious Charge

THE FATE OF AN ILLEGITIMATE CHILD

German Woman on Trial to Take Place Tomorrow

Clareholm, Dec. 31.—Mrs. Emma Walters, who has been living apart from her husband here with six small children during the past six months, was arrested on Saturday evening last charged with concealing the birth and death of an illegitimate child. Her home was searched on Saturday morning and a fully developed male child was found under the floor by Corp. Dyken, of the N.W.M.P. Coroner Campbell of Macleod, arrived this morning and summoned the following jury: Mayor Moffat, Messrs. Bell, McKenzie, Clark, Bell and Gillis. After viewing the remains an adjournment was taken until ten o'clock, Jan. 2nd, in order that a post mortem examination be made by Dr. Steves. Mrs. Walters was arraigned at 2 p.m. before Magistrate Hotchkiss for examination. H. O. Haslam appeared for the defence. Sergeant Fisher asked for an adjournment on behalf of the crown until two o'clock on Wednesday next, which was agreed to. The accused is a hard working German woman about forty years of age, and apparently soon fell into an accustomed vice, special attention being paid to her by the police. The community is greatly shocked by the horrible event.

JAPANESE DESCRIBED AS ANARCHISTS

Californians have New Charge Against their Citizens

San Francisco, Dec. 31.—Acting under orders of the United States Secret Service Agent Moffat today began an investigation of the so-called "Berkeley social organization" which has for its organ the "Revolution," published at Berkeley. Commissioner of Immigration North is also looking into the case. It is stated that according to the definition of the immigration law the Japanese of Berkeley are "anarchists" and as such are subject to deportation.

King Oscar Worse

Stockholm, Dec. 31.—His majesty's sleep during the day was much disturbed. His condition tonight is serious.

NEW SETTLERS BY THOUSANDS

Canadian Farmers to be Sent to Britain to Tell of Canada

Ottawa, Dec. 31.—Officials of the immigration branch expect that in the coming year fully a quarter of a million new settlers will locate in Canada. While all the different agencies will be maintained with the accustomed vigor, special attention is to be devoted to emigration propaganda in the old land. Twenty-five resident farmers will supplement the work of the resident agents in delivering addresses and narrating their experiences at points where they are well known. Some of these men are already on their way to England. Two new agencies are to be opened. One at York will be in charge of Mr. Burnett of Port Perry, ex-M.P.P. for South Ontario. A new office at Aberdeen will be in charge of A. McLennan of Edinburgh, former resident of Bruce county, Ontario.

BIG FIELD IN PORT ARTHUR

Five Men Aspire to the Position of Mayor of that Town

Port Arthur, Ont., Dec. 31.—The nominations for mayor here were: Geo. Clave, Geo. Moring, J. J. Gerrick, Robert Ferguson and W. P. Cooke.

Remembered a Friend in Need

Port Arthur, Ont., Dec. 31.—The Northern Navigation Co. presented to Jas. Whalen a valuable diamond ring, a token for his humane action in sending the tug James Whalen to the rescue of the passengers of the Monarch, wrecked on Isle Royale.

O'BRIEN SAYS HE KNOWS SOME THINGS

Inclined to Speak Out and Tell Things About Redmoredites

London, Dec. 31.—Speaking at Cork tonight after the unopposed election of Daniel D. Sheehan as a member of the house of commons for Mid-Cork, William O'Brien, Nationalist, threatened revelations of the "Redmoredites" which he said would be of greater national interest than anything that had occurred in Ireland since the Parnell commission. Mr. Sheehan resigned his seat because, being a follower of Mr. O'Brien, the party stopped his allowance, but the Redmoredites did not attempt to fight his re-election.

ALGERIAS TREATY FORMALLY SIGNED

The United States Signs With Certain Reservations

Madrid, Dec. 31.—The formal signing of the Algerias convention took place at the state department here today in the presence of the representatives of all the nations who took part in the conference. The ratification of the United States contains the reservation formulated by Henry M. White, who was head of the American delegation to the conference on Dec. 12. The reservation sets forth that it does not accept the obligation of responsibility with regard to the measures necessary to carry out the provisions of the protocol.

NEW KIND OF A FREAK CHURCH

The Home of the New Church is Seattle

Seattle, Dec. 31.—Twenty-five members of what is known as the "New Church" were immersed in the waters of Puget sound, above Ballard, the ceremony being witnessed by about 75 members of the sect. The youngest initiate was a girl about 10 years old, and several other children were in the flock. T. H. Gourley, pastor of the flock, assisted by a man named Junk, calling himself a missionary, performed the ceremony. Less than four months ago the "God's Children" church was brought to public attention by the arrest of Gourley, charged with stealing wood belonging to a neighbor. He was acquitted. Later he was taken into court charged with creating a disturbance, his parishioners making the night hideous by their freakish services. Several complaints have been filed with the police against Gourley. The congregation occupies a deserted church building in the downtown section of the city. They hold services from morning till night and the work is wholly emotional. Little children attend the service, and on one occasion a doctor was called to attend to a hysterical worshippier. The congregation has been termed the new Holy Rollers by those who have witnessed the service. The baptism by immersion is a new feature of the church.

RACE BRINGS OUT A BIG FIELD

Baptist Minister one of Six in Fort Francis

Fort Frances, Ont., Dec. 31.—Contrary to general expectation a dark horse entered the race in the contest, Rev. P. H. Anderson, a Baptist minister. The other candidates are: H. Williams, merchant; H. J. Sissons, barrister; Councilor Wesben; Wm. Pharr, gentleman, and Mayor Barr.

Nominations for Nelson Election

Nelson, Dec. 31.—Nominating conventions for provincial elections will be held Wednesday night. Dr. G. O. B. Hall, will be the Liberal, and J. A. Kirkpatrick, probably the conservative candidate. From the present indications, Mayor Alderman and school trustees will be re-elected by acclamation.

Changes in C. P. R. Officials

Some Promotions Among the Railway Men in the Western Service

Montreal, Dec. 31.—It is on tap here that under the proposed re-arrangement of the C.P.R. offices, important changes will be made among officials of the west. It is rumored that G. J. Bury, the present general superintendent at Winnipeg, will be promoted to a new position, that of general manager of western lines. A. Price, present superintendent of transportation is likely to be made general superintendent, taking the place of Bury in Washington and suburbs will be held tomorrow. The bodies of other victims will be forwarded to their homes by the Baltimore & Ohio officials. The company is sparing no expense in caring for all the injured at the hospitals.

ALBERTA WHEAT IS VERY HARD

Test Shows That It Is Better Than Best Ontario Wheat

The Canadian Pacific Irrigation & Colonization Co. has just received the report from Mr. Harry G. Bell, B.S.A., Assistant Experimentalist Ontario Agricultural College, of Guelph, regarding samples of Alberta Red wheat sent him, to test and make a report. The report was as follows:—Average hardness of 100 seeds Alberta Red 342-24 oz. Hardest winter wheat grown at Ontario Agricultural College required but 385-02 oz. It will be noticed from the above report that Alberta Red which was selected at random is harder than that grown at Guelph, and especially selected for test.

Thompson has a Novel Idea

Ottawa, Dec. 31.—Dr. Thompson, M.P. for the Yukon, has somewhat of a novel proposal to lay before the government. The report of Dawson are anxious for the establishment of a mining school in that town, and Dr. Thompson suggests that three or four members of the geological survey staff should be domiciled at Dawson during the winter months to take charge of the school.

THE SHAH IS STEADILY SINKING

The Constitution Also Seems to be in Dangerous Condition

Teheran, Persia, Dec. 31.—The Shah passed a very bad night. There was great excitement at yesterday's sitting of the national assembly when the constitution as signed by the Shah was read to that body, the assemblymen objecting to the proposed composition of the senate. The question therefore is not yet settled and negotiations have been resumed between the cabinet and the people.

TORONTO SHOWS REMARKABLE ACTIVITY

Bank Clearings Expanded Last Year About 30 Per Cent. Toronto, Dec. 31.—Clearings of Toronto banks for the year ending today shows steadily continued expansion in business activity, totaling \$1,219,125,859, as compared with \$93,479,290,701 in 1905. For this month, clearings totalled \$115,750,975, as compared with \$96,179,590 in December 1905, an increase of \$19,271,385.

QUESTIONS WHICH WILL BE DISCUSSED

A Number of Matters of International Importance

Washington, Dec. 30.—The questions Secretary Root will endeavor to settle are eleven in number, at the coming conference are as follows: 1. Questions in respect to fur seals. 2. Fisheries of Atlantic and Pacific coasts and on the great lakes and other lakes and other inland waters of the frontier. 3 and 4.—Transit of merchandise to and from either country and across intermediate territory. 5. The question of alien labor laws. 6. Mining rights of citizens or subjects of each country within the territory of the other. 7. Commercial reciprocity. 8. A revision of the agreement of 1817 respecting naval vessels on the lakes. 9. More complete definition and marking of frontier lines. 10. Conveyance of prisoners in custody of officers of one country through the territory of the other. 11. The question of reciprocity in wrecking and salvage. Only a few of these questions contain the germs of serious contention. Newfoundland has not forgotten the British government for entering into a modus vivendi with the United States under which American fishermen secured certain advantages in its waters; and Canada is suspicious, not alone from this treatment of the sister colony but from her own experience in the Alaskan boundary dispute, of the policy the mother country will pursue. The questions of protecting fisheries in the great lakes, revising the treaty respecting naval vessels on the lakes, transit of merchandise, and conveyance of prisoners from one country through the territory of the other, of more completely defining and marking frontier lines, and reciprocity in wrecking and salvage, merely await adjustment.

NOT AFRAID OF MILLIONAIRES

Liverpool Minister Accepts Invitation to New York Church

Liverpool, Dec. 30.—At a meeting of Pembroke chapel today a written statement from Rev. F. Aked, pastor, was read to the effect that he had decided to accept the call to the Fifth Avenue Baptist church, New York, and he therefore placed his resignation in their hands. Dr. Aked said he did this with more regret than he was able to describe. Since his illness, four years ago, he said, the work at Pembroke chapel had been too heavy for him, and he was satisfied that he could do better work for God and for man than he had yet done, in a different climate and amidst more favorable surroundings. The Fifth Avenue Baptist church of New York had been described in England as a church of millionaires. Dr. Aked continued, an able people had begun to ask how a man with his record of democratic sympathies and struggles could accept such a pastorate without a betrayal of his convictions. These fears, he declared were grounded upon a total misapprehension of the nature of the church and of the character of its individual membership. When they knew the facts as to the church, he said, they would not regret what he had done. Dr. Aked said that he would not leave Liverpool before next March. The Associated Press here learns that during the past week Dr. Aked received several cablegrams from prominent members of the Fifth Avenue church, urging his acceptance of the call. John D. Rockefeller, it is said, cabled Dr. Aked assuring him a "free hand" in his work.

VANCOUVER REJOICES AT THE OPINION

Merchants Believe That They Are to Get Shipping Privileges

Vancouver, Dec. 31.—That Vancouver is at last to come to her own in the matter of freight rates to points between here and Calgary, and that practically all that Vancouver has asked for in the equalization of rates, placing Vancouver on a footing with Winnipeg, is to be granted, is the meaning taken by prominent business men from the "opinion" of Mr. J. Hardwell, expert employed by the Railway Commission, a synopsis of which was wired from Winnipeg today. That the conclusions arrived at by Mr. Hardwell should be made public in this somewhat unusual manner is the subject of some considerable conjecture. In the past the railway commission has usually kept its counsel very much to itself, the first that has been heard in most cases being the definite and final order of the commission. It is thought that possibly Mr. Hardwell's "opinion" is being sent out as a feeler. A copy of the lengthy "typed document" received by the Winnipeg board of trade yesterday will no doubt be received by the Vancouver board soon, and it is expected that its contents will form the chief subject for discussion at the regular meeting of the council on Thursday January 3rd. There are two or three obscure references to Dominion Acts and orders of the Railway Commission which made it impossible for any one of the gentlemen interviewed to say that everything asked for by Vancouver is likely to be granted, but the general opinion, and it is shared by Mr. R. P. McLennan, President of the Board of Trade, is that Vancouver is at last to receive her rights, or at least what she has asked for. Mr. McLennan also expresses the opinion of Mr. Hardwell must be authoritative, and that it will soon be embodied in a definite order from the commission.

New York, Dec. 30.—Among the passengers who arrived today on the steamer Caronia, from Liverpool and Queenstown, was Madame Melba, the prima donna.

New Year's Message From CUSHING'S FACTORY

The Albertan

W. M. DAVIDSON,
Editor and Manager.

1907.

The year is gone beyond recall. But, if ever there was a year during the course of which Calgary has prospered exceedingly, the year which has just been completed, the year 1906, has surpassed all others from every point of view. From strength to strength it went. And this is exactly what Calgary has done. Progress has been made and our city has never forsaken the keynote of her existence. The keynote was prosperity in the first place, and affluence in the second place. Both these are consummations which are devoutly to be wished. These two points have been attained. There is no city in the Dominion, or for that matter in the wide, wide world, which has more cause to be thankful for the privileges which it has received during the past twelve months than Calgary.

"Ring out the old, ring in the new."
So Tennyson wrote, and in some degree his sayings have an application for us. There are many things which exist in the city of Calgary which might well be dispensed with. Speaking generally and without special reference to any special person or any special body of persons there is growing in the city an indication of the conditions which prevail in towns of greater age and larger population. At this time, which the keynote of the thoughts of every person is reformation, it might be well for those who administer the affairs of our city to make a resolution—for New Year's eve is the night of resolutions—that they will do their best to conduct the business of the city in such a manner and by such methods that they shall be like the knights of old, "beyond fear and beyond reproach."

And for the humbler persons, to whom it is not given to hold the privilege of taking part in the city government, a resolution more or less in these terms might be good: "Let us strive in every way possible to do all we can, whosoever we can, and whosoever we can, to assist our town." Some persons have said that resolutions are like piecrust—things made to be broken—but if the men of Calgary look back and review what has been done during the past year, when they consider the immense strides that the town in which they live has made during the past twelve months—they will realize that what has occurred is as nothing to what will happen. They will understand that the growth of Calgary has but hardly begun.

Above all things let the people of Calgary be citizens. People who are working for the common weal, who are content to place their personal interests in the background and to carry to their hearts the conviction that it is not the individual who works for his own advantage which benefits the community, but that it is the man who first thinks of the interests of the society in which he lives and secondly of himself, who makes a citizen in the truest sense of the word. So let the New Year's resolution of every person within our gates be one and one only: "May the place in which I live be my first consideration. I will spare no pains I will count personal comfort as nothing, if I can, in any way or by any means, help to assist and forward the well-being of the town in which I live."

If this attitude is adopted and worked to a finish by the people of Calgary, the Albertan feels assured that not only will the wishes for a Happy New Year which it sends out to all its readers be heartfelt, but that they will also be fulfilled beyond the possibility of the slightest shadow of a doubt.

ANOTHER EVIDENCE OF INEFFICIENCY

Another evidence of the inability of the council that has just passed away to cope with conditions as they should be in a progressive city has been brought to light. The council at its last meeting did away with the commission, and left nothing in its place. The new council will not meet until Monday next and in the meantime there is practically no civic administration at all. That is a very good example of the method which this council had of doing business. The result of this little oversight is that the city of Calgary stands to lose several thousand dollars upon one item alone. The city council of 1906 has made a record in incompetency and it crowned its efforts in the very last act of the year. It is to be hoped that the incoming council will not consent to be dictated in such an important matter by five citizens, who without any mandate from the people, ordered the new council to change the method of administering the city.

REGINA'S CALCULATIONS

An unscrupulous Regina Newspaper in an effort to place Regina highest in building activity in western Canada marks Calgary down at a little over one million dollars for the building done during 1906. The same paper might with equal justice have placed Calgary at half that amount, the only difference being that in one case it has less than 50 per cent of the building and in the other instance it would have a little less than 25 per cent of the building actually done.

The building returns for Calgary during the year that has just passed showed that the building done in Calgary last year was about half a million more than that done in Regina during the same time, according to Regina calculations. The people of Regina may place their own building returns at whatever figures they please and doubtless will, but Calgary people have some objections to such base misrepresentation and untruthful quotations as given by the Regina Standard when reference is made to Calgary figures.

IS YOUR FIRST NAME WILLIAM

Then You are in Line to Join the Illustrious Society of Bills
Excelsior Springs, Dec. 31—One hundred men and three women attended the third annual dinner of the Bill Club No. 1 of the World, held here last night. Bill S. Cowherd of Kansas City, the one an ex-congressman, and the other an ex-governor, were the guests of honor and the principal speakers of the "Bill of Speech." Bill Bryan, of Nebraska, who was counted as one of the big attractions, was not able to be present, nor were several of the honorary members, who include Bill Warner, Bill Stone, Bill Nelson, Bill Wallace, Bill Lynch, Bill Hearst and a score of other Bills. Judge Bill Fowler acted as toastmaster, Bill Stecks' orchestra furnished instrumental music and the Bill Quartette, composed of Bill De Haven, Bill Wallace and Bill Courtney sang songs glorifying the Bills. Any woman christened Willie, Wilma, Wilma or Willamette is eligible to membership in the club.

WOMAN WORKED HARD IN THE COAL MINES

Disguised her Sex Until She Gave Birth to a Son
Nanaimo, B.C., Dec. 31—Hindoo laborers at Union Bay are on strike. A motley looking crowd arrived from that place yesterday en route to Vancouver. When they first went to Union they were given employment about the wharves at \$1.25 a day. Since that they spoke for and obtained \$1.50 a day. Their leader, who speaks English, said this afternoon that \$1.50 was not enough money as they were doing \$2 worth of work, and wanted \$2 a day for it; being refused this they quit work and are now on route to Vancouver where they seem to think they will have no trouble in getting work again.

The leader denied that there were any women in the party or at Cumberland. However, it is learned that a Hindoo employed about the mines at Cumberland was confined and gave birth to a baby yesterday. Union residents are glad to see the last of the entire lot of Hindoos, as they are the dirtiest lot the residents have ever seen here.

JOB OF LOW DEGREE FOR ARTISTS

Vaudeville Performers are Stretched all the Way Across Prairies
Winnipeg, Dec. 31—Stranded hundreds of miles away from homes and friends, forty vaudeville performers from various parts of America are now devising means of getting back although they have no money and heavy hotel bills. These artists were sent out to play one night stands in a number of towns between Winnipeg and the Pacific coast, a new troupe starting from here each Monday.

The first company reached the Rockies, but the salaries failed to come Saturday. Another arrived at Regina and the third at Brandon. Labor and Ryerson are making artificial flowers for a living at Regina waiting a remittance from Chicago; Emily Waite, Queen of American song, is now singing hash in a ten cent restaurant, while the Musical Adams are doing odd jobs in Brandon.

Among the performers are some of the best known vaudeville artists on the American stage, including the Sharrocks, Three Musical Lemmings, Tom Lancaster, Edith and L. Haney, the Seymour children, F. W. and M. Smith, Bessie and Dan Kelly, W. E. Laraine, Melrose C. Mendell, Jim Dalton, Lew Diamond and others. Jim Dalton says its the worst proposition he has ever been up against in his thirty years stage experience.

A PINCH IN MONEY AT FINISH

The Wires Report that there Was Constraint on Money Market
New York, Dec. 31—The last day of the year did not pass without a pinch in the money market, and a response to the call for adjustment. But more influence on the market was caused by the persistent rumors of financial embarrassment, growing out of stock market losses. Before the day was over it was made to be understood that arrangements had been concluded to avoid the threatened embarrassment. The relief to speculative sentiment was manifest and the tone of depression in the market largely disappeared. The recoveries which followed were more a matter of price readjustment than a response to any large transactions. There were some very wild fluctuations in reading, in the opening dealings. There was pronounced pressure also on the Hill stocks and to a less extent on St. Paul and Union Pacific. The wide declines in the Hill stocks since the new issues of stock were announced, have involved some severe speculative losses and the amount of those stocks held on margin proved much larger than was expected. The severe shrinkage in the market value placed big accounts in a precarious situation. The existence of a vulnerable point was suggested by the unexpected situation in the latter part of the week. A long delay in the passing of the stock exchange clearing house sheets today added to the anxiety and there was evident uneasiness and nervousness in the early trading. The sharp rallies in the market came without any official announcement of steps taken but was accepted as proclaiming a satisfactory settlement of difficulties. The gloomy and depressing weather was allowed its share of influence in the mood of the speculation. The tone of the market was not a cheer for the approach of the new year. The market had to take some share of selling that simply represented closing out of accounts for the year. St. Paul subscribers to new stock had to make a ten per cent. payment today and this added to the burden of the preparations for the enormous payments of the new year. The hope of a prompt relaxation in the money market after the turn of the year is clouded by some of the possible complications, both foreign and domestic instalments on subscriptions to new stock issues will make heavy demands from time to time on future money markets. The question of working towards ease in the money market, therefore remained somewhat obscure. Time money was again easier today and sterling exchange was strong, the more cheerful tone of the later stock market was maintained and the closing tone was strong and the best prices of the day. Bonds were heavy. Total sales par value \$172,200. United States bonds were unchanged on call.

My First Appearance on the Stage
What a difference there is between the front of the stage and behind the scenes. Before the stage the audience and a mass of gold and splendor elaborate scenery and costly effects. Behind one sees an unshapely mass of wood, canvas and tin. The audience was waiting and I went before the footlights and made my debut. Before, below, and above me rose a seething mass of laughing faces, tier upon tier they rose almost to the ceiling. My turn was soon through, and amidst the loud robs, sighs and cheers of the audience I returned. Thus ended my first and I hope not the last appearance on the stage.

ONE ALBERTAN IN THE RAILWAY WRECK

W. B. Thorne Was in Freight Train That Caused Wreck on Soo Line

One Albertan was in the accident on the Soo line. He was on the freight passenger ran into. The High River Times is in receipt of a letter from W. B. Thorne, who was a passenger on the ill-fated freight train which caused such a loss of life and property on the Soo line on the 23rd inst. Mr. Thorne, who was shipping horses from Chicago to his ranch, says in part: "Just a few lines to inform you that I have pulled out of this awful wreck on the Soo line near Enderlin. A passenger train ran into us and the result was terrible. Nine people are dead and a great many are injured. Everything was torn to pieces, cars telescoped, engines demolished and nothing but broken up cars can be seen. In some miraculous manner I escaped, how I do not know, but I received no injury and my horses are apparently unharmed, but they were badly shaken up. Expect to be in High River shortly."

HARMONIE CLUB SAW IN THE NEW YEAR

The Members Elected Officers and had a Dance

The Harmonie club held a social evening and dance at the Eagle hall last night, this being the first of the kind held by this new club. During the evening A. H. Brunson was elected president, C. Daines, vice president, and Mr. Webber, secretary, who will hold office for a year. The spacious hall was crowded to overflowing with parents and children, the latter having a jolly time with the large Christmas tree which later in the evening was illuminated with Chinese lanterns. The adults passed their time in dancing to the excellent orchestra music of the Frank brothers. The floor managers were Messrs. Stanley, Clemons and Fehse. Refreshments of all kinds for both adults and children were served, and the company broke up in the early hours of the morning after having enjoyed a very pleasant evening.

Hamilton Has a Three Corned Fight

Hamilton, Dec. 31.—For the majority, three candidates were nominated today. William Mark Findley, Independent Liberal; Thomas Joseph Stewart, Conservative, and William Barrett, socialist. The crop of alternative candidates is larger. Then over, fifty-five names being placed in nomination.

BANK CLEARINGS ARE ENORMOUS

The Final Years Returns are very Satisfactory

The bank clearings in Calgary for the month of December amounted to \$7,727,188. The total amount of clearings since the inauguration of the clearing house on April 19 last, was \$41,771,924. That is an average of a little over \$5000,000 a month. This is a remarkable record.

CUSTOM RECEIPTS KEEP GOING UP

Returns Showed Increase of 33 Per Cent. Over December of 1905.

The customs returns for the month of December shows an increase of 33 per cent over the corresponding month of last year. The receipts were \$31,880.61 as against \$24,005.84 for last year. The entries also show an increase of 35 per cent over December, 1905.

NEW POST OFFICES IN THE WEST

List of Additions Made and Changes in Western Canada

Five new post offices and three money order offices have been opened in the Calgary district during the month of December. Island Lake has been transferred to Ingleton, and six transfers through resignations. The following are the new offices: Campbell Lake, Creekfield, Exshaw, Fountaintown and Leslieville. New money order offices have been opened at Everts, Spring Lake and Pine Lake.

NO PRIZES IN WAY OF KNIGHTHOOD

It is Believed that Chief Justice Fitzpatrick Will Get one Soon

Ottawa, Dec. 31.—It is not expected that there will be any New Year's honors, as some time ago it was officially announced that except in very special cases his majesty would reserve them hereafter for Victoria day and the date of his birthday. Nov. 9. It is quite expected that Chief Justice Fitzpatrick will be knighted during the coming year.

Three Candidates in Kingston

Kingston, Dec. 31.—Three candidates were nominated today for chief magistrate of Kingston, Mayor John McDonald Mowat, for a second term; Frank Chong and Andrew Richardson, the latter as the labor union candidate.

SCOTCH WATCHED IN NEW YEAR

A Very Pleasant Dance Held in Barber Block

The Scotch Society held a successful Ciderella dance last evening in the Barber Block, when there were nearly one hundred couples present. The room was very tastefully decorated with flags, bunting, etc., and over the orchestra were the words, "Auld New Year," in black on a white background. Pujean's orchestra supplied the music, and under the supervision of several gentlemen the floor was in the best of condition, which greatly added to the enjoyment of the dancers.

SAW THE NEW YEAR IN

A Watch Night Service in Knox Church Last Night

At ten minutes to twelve last night, some four or five hundred persons were assembled in Knox Church to see the old year out and the new year in. From about ten o'clock the audience had been listening to the exhortations of Messrs. Crossley and Hunter. About fifteen minutes to twelve Mr. Hunter called for silence and for about a space of five minutes, Knox Church and all therein was retained in silence. All heads were bowed in prayer. On the platform were the Hon. W. H. Chisholm, Dr. McDonald, Rev. G. W. Kerby, Rev. J. A. Clark, Rev. W. F. Patterson, and Adj. Byers of the Salvation Army. The coming of the new year was indeed solemn. Throughout the course of the evening the various speakers had spoken shortly and emphasized any particular point with the exception of urging the congregation to accept Christ.

At 11:45 Mr. Hunter called for silence and he asked those who felt that they had need of conversion to hold up their hands, and a number responded.

The last few moments of the old year were passed in prayer and the evangelist was content to say but a very few words. He did not speak more than two sentences during the last ten minutes which remained of the old year. From time to time he made an appeal, "Is there anybody here who will accept Christ?" And after that again silence. "The moments are passing!" There was no display about the matter. There was no gesticulation. There was no oratory. The seconds passed one by one. All heads were bowed and each head which went up was unobserved except by Mr. Hunter. But he saw them all.

And so the old year passed and the new year came in. And as the fire bell rang the New Year in, the congregation sang the Old Hundred, "All people who on earth do well." And after the usual greetings had passed among the congregation, the congregation passed away.

TRIAL ABOUT SOME B. C. FRUIT LANDS

Important Decision Handed down in Winnipeg

Winnipeg, Dec. 31.—Judge McDonald handed down judgment for the plaintiff in the case of Bogle vs. the Kootenay Valley Fruit Lands Co. today. This was an action brought by B. B. Bogle against the Kootenay Valley Fruit Lands Co. to have four shares of stock of the par value of \$1,000 each, to which he declared he was entitled, handed over to the plaintiff. Early in 1905 the plaintiff and Mr. Teetzen, together with certain Winnipeg capitalists, acquired 8,750 acres of land in the west Kootenay district. This land was subsequently turned over by the syndicate at an advance of \$10,000 to the defendant company. The members of the syndicate agreed to take stock

for their profit. A stock certificate was made out in favor of the plaintiff for four shares of the par value of \$1,000 each, with 25 per cent, or \$1,000, paid up in the four shares, that being the plaintiff's proportion of the profit in the syndicate. Owing to some internal troubles the company attempted to deprive plaintiff of his right to these shares and in consequence this action was brought. The case was tried before Mr. Justice McDonald and lasted a week. The shares in the Kootenay Valley company are now worth \$5,000 each, making the value of Mr. Bogle's claim about \$20,000.

EMMERSON WILL NOT RETIRE

Ottawa, Dec. 31.—Hon. Mr. Emmerson returned from New Brunswick this afternoon. He denies the report that he is going to retire from the cabinet in favor of Blair.

Rooms 1 and 2, over Northern Bank.

CALGARY!

The Commercial and Industrial Centre of the Last Great West, 840 miles distant from Winnipeg and 641 miles distant from Vancouver. Without a rival, without a competitor, without a peer. The centre of a vast country, rich in grain and cattle. The distributing basis of immense coal timber and mineral districts.

Calgary has 12 banks, 85 wholesale houses and 25 manufacturing industries. With an educational system which is unequalled. It has 3 fire halls and 3 branch post offices. A street railway is about to be constructed which will serve East, West and South Calgary. This will mean a belt line of about 12 miles in length.

The G. T. P. have declared their intention of reaching Calgary at an early date. The C. N. R. is determined to become established here in the near future. Both companies are fully warranted in putting forth every effort in order to keep pace with the unparalleled development which is taking place in this part of Greater Canada.

Calgary is favorably situated at the foot of the Rockies, with a climate unsurpassed. Watch her grow! Her population in 1890 was 4,000, her population in 1900 was 7,500, her population in 1910 will, at a conservative estimate, reach 50,000. Buy Calgary property while you may. It will double and treble itself in price in a short time. It has been the rule in the past and will be the rule in the future. The tremendous influx of immigration compels it. Get in on the ground floor.

The magnificent suburb known as South Calgary, which until recently was under the control of parties in England and which is part of an estate which must be closed up, will now be placed on the market and thrown open to the public. Three thousand lots are now being offered for sale.

Said lots will be sold at prices varying from \$35.00 to \$60.00 per lot, according to location and value. Terms half cash, balance in three and six months, with interest at 8 per cent. Some of these lots are worth \$200.00 each, none less than \$50.00 each. This is the greatest snap ever offered the public. You cannot lose money, you are bound to make money. You cannot help it. It is merely a question of whether you make a profit of 100 per cent, or 800 per cent.

Adjoining this property is the contemplated terminus of Jim Hill's road, which will reach Calgary from Fernie, passing through a splendid coal, timber and mineral district.

EUREKA REAL ESTATE CO.

J. B. Marsh, Manager.
NORMAN BLOCK OPP. ALBERTA HOTEL

LOCAL NEWS

Pollard's Lulliputian Opera Co. are registered at the Albertan.

The Scottish association will hold a regular business meeting on Friday evening in the Barber block.

A New Year's dance was held last evening at the Grand Union hotel, given by the young ladies of the hotel. The spacious dining room, which was converted into a dancing hall, looked very pretty with the decorations of ivy and tinsel, while the lamps hung with colored papers also added to the effect. There were nearly fifty couples present and dancing was kept up until nearly three o'clock, when the company dispersed after having thoroughly enjoyed the service.

At the Dominion: B. F. Lundy, Lacombe, Dan B. McDonald, Edmondson, E. A. Faulkner, Lacombe, J. E. Lundy, Winnie; Dan Keegan, Morley; W. G. Moore, Edmonton; Mrs. W. L. Brown, Wetaskiwin; B. F. Morrison, Macleod; F. A. Hans, W. Grimes, Olds; J. Fitzgerald and wife, Wetaskiwin; M. H. Louch, Stettler.

At the Royal: H. Malrod, Iowa; L. L. Shile, Andrew Shelton, Harry Curdus, Indiana; John Moore, Greenbrook; Chris. Lacking, Edmonton; Max Small, Red Deer River; Eugene Dixby, Arthur Barnes, Jay Slesby, Strathmore; W. B. Shaw, Calgary; F. S. Lynds, Medicine Hat; Ralph Augustin, Montreal; James McGuire, Chas. Peterson, Geo. Day, Iowa; R. Johnson, Innisfail; R. E. Popler, Calgary; E. G. Royds, Calgary; A. Jones, Cochrane; H. Campbell, wife and children, Cochrane; T. Morton, Vancouver.

CITY MAY LOSE SOME THOUSANDS

There is no kind of Civic Administration Just Now

The city of Calgary is practically without any municipal administration and the results may be somewhat serious. At the last meeting of the council the commission was destroyed. The next meeting of the council will not be held until next Monday night and then there will be no more or less confusion.

The unfortunate part of the affair comes in here. Calgary merchants were asked to tender upon certain articles of supplies, tenders to be in by last night. One firm in this city, who held the contract last year, received a cable yesterday, which enabled them to tender at an exceedingly low rate, at practically the same rate as last year, despite the fact that the price of materials have gone up very much during the year. But the tender is only good if accepted before Wednesday night. But since the contract was cancelled, there is no one with authority to accept the tenders, to award the contract or to do anything. By that time the tender will probably be withdrawn and the city will be the loser by many thousands of dollars.

CREMATORY IS IN OPERATION

The Garbage Incinerator is Complete and Works Well

The Calgary crematory was informally opened yesterday afternoon. This institution, which is a garbage incinerator, was one of the projects of Mayor Emerson, who was very anxious to have it completed during his term of office. Everything was rushed through yesterday afternoon and the first fires were lighted.

The building is a very neat affair, and the work within is complete. Though no complete test was given, yet there was sufficient proof that everything was complete. The crematory will not be in general use for some weeks.

Grain Inspected During December

The following is the number of grain cars inspected, by Geo. Hill, Inspector, during the month of December:

WHEAT

SELF-RAISED

BY:
EMMA D. M. SOUTHWORTH

While they were still sitting there, chatting over the old times and the new days, the sound of wheels was heard approaching, and Sam drove up in the wagon, in which was Ishmael's trunk and a large box.

Jim was called in from the kitchen where he had been engaged in making love to Sally, to assist in lifting the luggage in.

The trunk and box were deposited in the middle of the parlor floor to the dismay of the family, for all that they could do was to look at them and look on at the opening.

Ishmael's personal effects were in the trunk they guessed; but what was in the box? That was the riddle, and they could not solve it. Both the children pressed forward to see. Even the dog stood with his ears pricked, his nose straight, and as though he expected a fox to break his eyes fixed on the interesting box cover from it as soon as it was opened.

Ishmael had mercy on their curiosity and ended their suspense by ripping off the cover.

And lo, a handsome hobby horse which he took out and set up before the delighted eyes of Johnny.

He lifted the tiny man into the saddle, fixed his feet in the stirrups, gave him the bridle and showed him how to manage his steed.

"There, Johnny," said Ishmael, "I cannot realize your aspirations in respect to the driver's seat on the ox-cart, but I think this will do for the present."

"Ah, yes," cried the ecstatic Johnny, "put Molly up behind and let her sit and hold on to me. My horse can carry double."

"Never mind; I've got something for Molly that she will like better than that," said Ishmael, smiling kindly on the little girl, who stood with her finger in her mouth looking as if she thought herself rather neglected.

And he unlocked his trunk and took from the top of it a large and finely painted substantially dressed wooden doll, that looked as if it could bear a great deal of knocking about without injury.

Molly made an impulsive spring towards this treasure, and was immediately rendered happy by its possession.

Then Sally was elevated to the seventh heaven of delight by the gift of the coral breastpin.

Hannah received a handsome silk dress and Reuben a new writing desk, and Sam a silver watch, and Jim a showy vest pattern.

And Ishmael, having distributed his presents, ordered his trunk to be carried upstairs, and the box into the outhouse.

said Reuben.
"You may be sure that I will do all I can to comfort my father, Uncle Reuben. And now a word to you. Speak of this matter to me alone whenever you like, or to Aunt Hannah alone whenever you like, but to no others; and not even to us when we are together, for I cannot bear that this old tragic history should become the subject of general conversation."
"I know, Ishmael, my boy, I know. Mum's the word," said Reuben.

A Fife Boat for Contest

Glasgow, Dec. 29.—A cutter is being built in Fife's yard at Airlie to race for the Canada cup. She is being built under the American rule of measurement which will enable her to compete in Canada. She will be sailed by Aemilus Jarvis, the well known Canadian helmsman, and afterwards be taken to Jamestown to sail for the Roosevelt cup. She will be a 27 rater, according to the agreement between the Royal Canadian and Rochester yacht clubs, and will be pitted against such Glasgow boats as go to Jamestown during the exposition to compete for the American president's cup.

Sporting

EVERYBODY CALLS GANS TO WIN

Little Betting on the Big Bout in Arizona

Tonopah, Nev., Dec. 31.—Joe Gans, Baltimore, lightweight champion of the world, and Herman Langfield better known in the ring as "Kid Herman," of Chicago, will meet tomorrow before the Casino A.C. for the championship title. The contest will begin at three o'clock, Pacific time. Both fighters will be at the agreed weight of 133 pounds when they weigh in at ten o'clock tomorrow morning. That the promoters of the fight will incur a financial loss seems certain for the advance sale of seats have fallen below all calculations. But few sporting men of national reputation are here and the betting has also become stagnant. Gans is favorite in the betting at 10 to 4 with little Herman money in sight.

Straight Marcus of Queensbury rules will govern the contest. This will permit fighting in the clinches as long as one of the other has one arm. Jack Welch of San Francisco will be the referee. The fight will be for a \$20,000 purse, sixty per cent to the winner and forty per cent to the loser. There will be a ten round preliminary bout between Lew Powell and Adam Ryan of Chicago.

Tonopah, Nev., Dec. 31.—A heavy snow storm raged in Tonopah today and indications point to severe weather conditions during the fight between Joe Gans and Kid Herman at two o'clock tomorrow afternoon. The pugilists were on the train early today. Gans took a five mile spin. Herman cantered along the frozen ground for four miles. Extra trains will be despatched from Goldfields to handle the great number of visitors expected from that place for a hundred persons from San Francisco and vicinity, the attendance will be made up of miners from the adjacent camps and residents of the southern Nevada towns. There will be many women among the spectators. There was a falling off today in the sales of seats, which Manager Riley attributes to the bad weather. In the betting Gans remains a strong favorite with odds 10 to 4 in his favor.

Table with columns for GANS and HERMAN, listing physical statistics like Age, Height, Weight, etc.

High River, Dec. 31.—An enthusiastic hockey meeting was held in Fractor's hotel, Okotoks, Dec. 27. Representatives were present from Dumbow School, High River and Okotoks. Mr. Edmunds was chosen president. Following are the officers elected: President—Harry Proctor. Vice President—Rev. Father Naasens. Secretary—D. O. Brown. Executive Committee—Messrs. Edmunds, Wright, Carver, Spencer. The players of each team must be registered on or before January 1, 1907. It was also decided that any team defaulting a game, without an excuse acceptable to the executive, be expelled from the league. The offers of R. R. Carver of a cup and Mr. McKee of medals, were unanimously accepted.

SCHEDULE OF GAMES
January 2—Dumbow v. High River—at Dumbow.
January 9—High River v. Okotoks—at High River.
January 16—Okotoks v. Dumbow—at Okotoks.
January 23—High River v. Dumbow—at High River.
January 30—Dumbow v. Okotoks—at Dumbow.
February 6—Okotoks v. High River—at Okotoks.
February 11—Okotoks v. Dumbow—at Okotoks.
February 15—High River v. Okotoks—at High River.
February 19—Dumbow v. High River—at Dumbow.
February 25—Dumbow v. Okotoks—at Dumbow.
February 28—Okotoks v. High River—at Okotoks.
March 6—High River v. Dumbow—at High River.

This evening the telegraph operators will play the station department at the Auditorium rink in the C.P.R. hockey league. The New Year curling games at the Alberta rink will commence at 10.30 this morning. On Saturday evening Houghton was beaten 7 to 0 by Calumet in the Winnipeg Maroons are after Sullivan, last year's catcher with Kansas City, to manage their team for next year. Morrison of Calumet is also mentioned as likely to get the position. Those interested in athletics should not forget the contest at the Y.O.C. this afternoon. The program consists of running, relay racing, weight lifting and gymnasium work, besides a basketball game.

McInnis on Way to the Battle
Ottawa, Dec. 31.—W. W. B. McInnis, who today resigned his position as commissioner of the Yukon, left this evening for the Pacific coast accompanied by Duncan Ross M.P.; W. A. Gallier, M.P., and F. J. Deane, ex-M.P.P., to take part in the provincial campaign. Mr. McInnis has consented to enter into provincial politics as first lieutenant to Mr. Macdonald, the Liberal leader.

RICHEST MAN IN WORLD

An Unheard of Person Could Buy Rockefeller Out

AND STILL HAVE SOME CHANGE LEFT

A Swede Named Weyerhaeuser of St. Paul Worth at Least a Billion

New York, Dec. 31.—There has been found a richer man than Rockefeller and he lives in the United States too. That a comparatively obscure man owning properties worth a billion dollars should be living in the country silent, unexploited, and generally speaking, unheard of, seems incredible in this day of newspaper publicity. To Charles Norcross a well known Washington correspondent, belongs the credit of having brought into the lime light the little known personality of Frederick Weyerhaeuser.

In the December number of the Cosmopolitan Magazine Mr. Norcross has an interesting article telling how one old man has gathered together the vastest fortune on earth—a fortune largely bound up in timber lands—and how the accumulation of this inconceivable estate has been made possible through a great national crime. Frederick Weyerhaeuser is a recluse. His own business associates do not share his secrets. His home life in St. Paul is quiet and simple. Even those who know him best he is a living puzzle, an enigma, a mystery. Born in Germany in 1804, he came to this country as an immigrant, moved west and went to work as a section hand on a new railroad. He then got a job in a saw mill. Soon he owned the mill.

The rest of his life has been a slow, unceasing, steady grind of buying timber cheap, selling it at a profit, buying more timber, then securing still larger tracts by the methods which have lately led to so many scandals in this country. Today the great forest tracts of the Northwest are his; he has more money than a million men of his tastes and desires could spend in a hundred years. In his article in the Cosmopolitan Mr. Norcross says: "There is nothing in this country growing in value by leaps and bounds like timber properties. The price is coming. The prodigious waste of years is creating a paucity of desirable timber tracts. The famine is not much yet; but in time, possibly within the next score of years, according to well informed lumbermen the real supply will be greatly diminished and prices will soar even more than they have in the past ten years. Weyerhaeuser is beginning to reap the fruits of his foresight."

"If he lives twenty years longer and retains what he has today, he will be wealthy beyond all computation. It is hardly necessary to be specified as to the increase in the value of timber lands, but just a couple of cases may be cited in instances, and for these instances, J. G. Staats, editor of the Lumberman's Review, and one of the best informed lumber experts in the country, is authority. "According to Mr. Staats, one piece of yellow pine land, held ten years ago, at the price of \$750,000 is today unobtainable at \$750,000. Another tract in West Virginia, covered with spruce and hemlock, and purchased five years ago at \$20,000 as recently been sold for \$500,000. The cases might be continued indefinitely, but these two are cited simply to show the way the timber tracts have increased in value. They are in no way remarkable. Hundreds of others just as impressive could be given.

"In the lumber territory of Wisconsin, Minnesota, and the upper Mississippi River district he has reigned for years undisputed. It is estimated by those who have studied Weyerhaeuser's widespread business interests that fully thirty million acres of timber land is under his control—fully thirty thousand square miles, an area six times as large as the state of New Jersey. "As to value, again one must speculate. It may be cited that recently the Weyerhaeuser interests sold one square mile in Thurston County, Wash., for \$76,000—an average of nearly \$120 an acre. Of course that was cream. It would be safe to say, however, that the land is worth a billion dollars—and it is increasing in value at a greater rate than any other public utility. "With the recent revelations as to graft and the illegal methods used by various 'captains of industry' to achieve their eminence in the world of commerce, one naturally wants to know whether Weyerhaeuser and his associates have created this great trust, and built this monumental fortune with clean hands. Unfortunately not. Weyerhaeuser and his associates have done their part, just as Mitchell and many other men in the Northwest did their part, in securing lands fraudulently. The game of homesteading and getting government land by fraud was just as familiar to the Weyerhaeuser interests as to others.

"Possibly Weyerhaeuser never personally conducted any of these illegal operations, but hundreds of thousands of acres taken in by his companies for timber purposes was stolen under the old and well known formula. It is hardly worth discussing this, since the same practices for which Francis J. Heney is securing convictions in Oregon were practiced by the Weyerhaeuser clique. It is necessary to record, however, one of the most stupendous steals ever engineered in this country. It was done legally; there is no

redress. It was the looting of the United States Government of lands worth probably \$100,000,000. The scheme was engineered for the benefit of the Weyerhaeuser companies, and while others made millions, the Weyerhaeuser interests probably benefited more than any one else."

THIS FREAK IS THE VERY LIMIT

He is Travelling Around the World Drawing His Family With Him

New York, Dec. 31.—Anton Harslain, who started on Sept. 12, 1890 to walk 33,000 miles in seven years on a wager of \$10,000, has arrived in New York pushing his wife and daughter in a peculiar tricycle of his own construction.

He will remain here for two days and then will sail for Genoa, and from there will take passage to Sydney, Australia. From that point Harslain will begin his last and longest journey afoot. He will walk to Melbourne guiding the tricycle and on his arrival will rest for a day or two and take a steamer ship for Hong Kong. His long overland journey to Vladivostok will follow. He hopes to reach that point in the spring and begin his trip through Siberia shortly after Easter. His ultimate destination is Vienna, and to win the prize he must reach the Austrian capital on Sept. 12 next.

REFUSED PEERAGE MAY ACCEPT KNIGHTHOOD

James Bryce May Get Some Decoration Before Coming to United States

London, Dec. 31.—It is declared today that knighthood will probably be offered to James Bryce, the newly appointed British ambassador at Washington.

ROCKEFELLER GIVES UP THREE MILLIONS

Large New Years Gift Presented to University of Chicago

Chicago, Dec. 31.—Announcement has been made tonight that John D. Rockefeller has made a gift of \$3,000,000 to the University of Chicago.

The major portion of the New Year's gift is to go to the permanent fund of the university, and for this purpose securities with a value of \$2,700,000 are provided. The remainder of the gift, \$317,000, is to make up the year's deficit, to provide for an increase in the salaries of educators, and allow appropriation for various purposes. The addition of \$2,700,000 to the endowment brings this fund to \$10,452,616.

Served Only Part of His Sentence

Ottawa, Dec. 31.—The governor-general has ordered the release of G. Hemal, formerly city treasurer of Montreal, who was serving a seven year sentence in St. Vincent de Paul for forgery. He has served two years which with remission of time makes one-third of his sentence.

President is at Work Again

Washington, Dec. 31.—President and Mrs. Roosevelt and party returned here tonight after their sojourn at Pine Knot, Mrs. Roosevelt's country place.

ANARCHIST PLOT PLANNED IN CHICAGO

A Number of Gentlemen With Unusual Nerves Trying to Make Trouble

Chicago, Dec. 31.—A nihilist plot to carry war into Russia and attack the palace of the czar, said to have been hatched in Chicago, has caused a flurry in Russian circles. Spies of the Russian government have tracked to this city to watch the revolutionists who have taken refuge here. In this connection the arrival of Grigori Djerschin, head of the Russian terrorists, assassin of Minister Von Plehve, Minister Broditch and several minor officials, organizer of the "fighting section," and the man most feared by the Russian bureaucracy, who will be the most prominent figure at a ball to be given by the Jewish revolutionary band at the West Side auditorium on New Year's eve, is significant. The process will go to the revolutionary party.

Djerschin has just made a sensational escape from the convict mines in the Yabloni mountains in Siberia. The body will lie at the residence of that place he was sent for the first attempt upon the life of M. S. Pliginsk, the prime minister who was assassinated by him. Messages of condolence continue to be received from all parts of the world. London, Dec. 31.—It was announced today that Baroness Burdett-Goutts, who died yesterday, will be buried in Westminster Abbey. The funeral was made to Mr. Burdett-Goutts yesterday by the dean of the Abbey and accepted. The burial ceremonies will take place Jan. 5th, but close enough so that a revolver shot could be heard in case of any attack. In her letter Miss Simonton says she is progressing rapidly with her work. She is equipped with a photograph upon which to record the cries of monkeys. She believes she is already able to distinguish words.

GIRL LEARNING MONKEY TALK

A Pittsburg Woman Writes Hope fully From the Congo Jungle

Pittsburg, Dec. 31.—According to a letter which has been received in this city by the mother of Miss Ida Veronilla Simonton, the Pittsburg girl who went to Africa to study the language of monkeys, that young woman is now comfortably established in her bamboo hut in the Congo jungle. Miss Simonton left this country on Aug. 1 and arrived at Fernan Vaz, in Africa, Oct. 1. From that village she went in a canoe up the Congo, accompanied by a missionary from the Sleeping Sickness mission and a number of natives. The natives erected in the jungle a hut for Miss Simonton, in which she is now busy studying the chattering of monkeys. Two hundred yards away from this bamboo hut is a more substantial one, in which she sleeps at night and in which two natives and the missionary are stationed constantly to go to the assistance of Miss Simonton, in case she should be attacked by wild animals. This hut is out of sight of the bamboo hut, but close enough so that a revolver shot could be heard in case of any attack. In her letter Miss Simonton says she is progressing rapidly with her work. She is equipped with a photograph upon which to record the cries of monkeys. She believes she is already able to distinguish words.

Kenora, Ont., Dec. 31.—The mayoralty candidates are Mayor Campbell and W. G. Cameron.

Moving Pictures

Coming North From Calgary
